PEGASUS was the winged horse of the muses in Greek Mythology. He carried their hopes, their aspirations, and their poetry into the skies. PEGASUS is as futuristic as tomorrow's space exploration in our solar system and into the universe beyond. The seal also bridges the gap between the humanities and space technology.

Message From The President

Dear UCF Students and Prospective Students

Welcome to the University of Central Florida. I hope you share my excitement about what the academic year promises. How well it turns out for you will depend primarily on the effort you invest in your own intellectual and professional development. Invest wisely, and be assured that UCF faculty and staff pledge their best efforts in helping you attain your educational goals.

As you pursue your studies, please remember that a college education is not totally academic. It extends beyond the classroom, laboratory, or studio to campus clubs and organizations, concerts, plays, speeches, and athletic events. I hope that you will become involved in UCF campus life and that you will also make some commitment to serving your community. Besides being a force for campus and community improvement, the effort can be educationally rich and personally fulfilling.

Finally, I hope that you will take pride in your university. Like the Pegasus, our symbol, UCF is on the ascent. Our students excel in national competitions and organizations. Members of our faculty are known internationally for their research and teaching. A number of our men's and women's athletic teams are conference champions, and our football team competes in Division 1-A. We have much to be proud of.

You have my best wishes for success and my assurance that UCF faculty and staff are committed to helping you complete your degree so that you can join a proud group of over 100,000 alumni.

Cordially yours,

John C. Hitt

Administrative Procedures Act Policy Statement

The University of Central Florida, under applicable rules of the Administrative Procedures Act, may change any of the announcements, information, policies, rules, regulations, or procedures set forth in this Undergraduate Catalog. The Undergraduate Catalog is published once a year and cannot always reflect new and modified regulations. Statements in this Undergraduate Catalog may not be regarded in the nature of binding obligations on the institution or the State of Florida. While every effort will be made to accommodate the curricular needs of students, limited resources may prevent the University from offering all required courses in each semester or in day and evening sections.

Students will be held accountable for the requirements, policies, and procedures described in this Undergraduate Catalog. Additional information or clarification of any policy or procedure may be obtained from the specified office.

Sexual Harassment Policy

The University of Central Florida values diversity in the campus community. Accordingly, discrimination on the basis of race, sex, national origin, religion, age, disability, marital status, parental status, or veteran's status is prohibited.

Sexual harassment, a form of sex discrimination, is defined as unwelcome sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or enrollment;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment or enrollment decisions affecting such individual; or
3. Such conduct has the purpose or effect of substantially interfering with an individual's work performance or enrollment, or creating an intimidating, hostile, or offensive working or academic environment.

Sexual harassment is strictly prohibited. Occurrences will be dealt with in accordance with the guidelines above and University rules. Employees, students, or applicants for employment or admission may obtain further information on this policy, including grievance procedures, from the Equity Coordinator. The Director of the Office of Equal Opportunity and Affirmative Action Programs is the campus Equity Coordinator responsible for concerns in all areas of discrimination. The office is located on the main campus, in Millican Hall 330, Orlando, FL 32816-0030. The phone number is 407-UCF-1EEO. Policies and guidelines are available on-line at http://pegasus.cc.ucf.edu/~eeo/

Drug-Free Workplace/Drug-Free Schools Policy Statement
The University of Central Florida, in accordance with legislation passed by the federal government as part of the war on drugs program, has adopted the policy statement DRUG-FREE WORKPLACE/DRUG-FREE SCHOOLS. Information regarding this policy may be obtained in the Office of Human Resources or the Division of Student Development and Enrollment Services (MH 282).

Academic Behavior Standards

The University of Central Florida is committed to a policy of honesty in academic affairs. Examples of conduct for which students may be subject to academic and/or disciplinary penalties including expulsion are:

- **Cheating**, whereby non-permissible written, visual, or oral assistance including that obtained from another student is utilized on examinations, course assignments, or projects. The unauthorized possession or use of examination or course related material may also constitute cheating.

- **Plagiarism**, whereby another's work is deliberately used or appropriated without any indication of the source, thereby attempting to convey the impression that such work is the student's own. Any student failing to properly credit ideas or materials taken from another has plagiarized.

**Note:** A student who has assisted another in any of the aforementioned breach of standards shall be considered equally culpable. In cases of cheating or plagiarism, the instructor may take appropriate academic action ranging from loss of credit for a specific assignment, examination, or project to removal from the course with a grade of "F." Additionally, the instructor may request disciplinary action through the Office of Student Rights and Responsibilities as outlined in The Golden Rule.
University of Central Florida

The University of Central Florida, a member institution of the State University System, formerly was named Florida Technological University. The name was changed by action of the Florida Legislature on December 6, 1978.

Mission Statement

- **UCF offers undergraduate education rooted in the arts and sciences, providing a broad liberal education while developing competence in fields of special interest.** Unique aspects of UCF's approach are its commitment to educate students for a world in which cooperation is as important as competition; in which societal and environmental impacts of new developments are as important as their technical merits; and in which technology, the arts, sciences, humanities, and commerce work together to shape the future.

- **The complexity of modern society requires comprehensive graduate and professional programs.** UCF provides advanced education that matches institutional strengths with evolving regional, state, national, and international needs. It supports these advanced programs by recruiting excellent students, faculty, and staff and by supplying the infrastructure that enables these programs to achieve national prominence.

- **Basic and applied research, as well as creative activity, are integral parts of a quality education.** UCF faculty members are scholar-teachers. As such, they create new knowledge, new points of view, and new means of expression in a broad range of academic, professional, and socially significant areas. Their creativity fosters innovation as they convey their results, methods, values, and expressions to students, colleagues, and the public.

- **UCF works actively to build partnerships that promote development of Central Florida's economy through carefully targeted programs of graduate study and research.** The I-4 High-Technology Corridor Council, whose goal is to attract, retain and expand high technology investment and jobs, is but the latest example of UCF's collaboration with partners from industry, state and local government, and higher education.

- **Service to its community is an important extension of the metropolitan mission of the University.** Public service is prominent at UCF, with the University developing partnerships with the community to enrich the educational, artistic, cultural, economic, and professional lives of those it serves in Central Florida and beyond.

- **Education is more than classroom experience.** UCF students are involved in cooperative research and participate in artistic, social, cultural, political, and athletic activities. UCF provides academic
diversity by bringing to its campus national and international leaders who expose students and the community to a wide range of views and issues. UCF achieves cultural diversity by using its multi-campus facilities to serve a diverse population of traditional and non-traditional students from various races, cultures, and nationalities.

✦ UCF is committed to the free expression of ideas, the equality of all people, and the dignity of the individual.

Accreditation

The University of Central Florida is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award degrees at the associate, baccalaureate, master's, and doctoral levels. At the undergraduate level, the following programs (disciplines) have been granted accreditation:

UCF is listed in Transfer Credit Practices on Designated Educational Institutions with the highest level of credit acceptability. This handbook is published by the American Association of Collegiate Registrars and Admission Officers, and lists the acceptability of transfer credits based upon the reporting institutions in the states, commonwealths, territories, and selected international institutions.

**The UCF Campuses**

**The Orlando Campus**

The 1,415-acre campus is located in the Orlando suburbs, thirteen miles northeast of downtown. Seventy-nine permanent buildings - valued at more than $300 million - radiate outward from an academic core, where UCF’s colleges, classrooms and library are located. More than $40.5 million for construction of academic facilities is anticipated in the three-year period ending with 2002-2003. Projects expected to be completed or in progress during the period include a second College of Health and Public Affairs building, another engineering building, a second College of Business Administration building, and a Teaching Center. UCF recreational facilities include lighted tennis and racquetball courts, an outdoor swimming pool, golf driving range, volleyball, and basketball courts and ball fields.

**UCF Virtual Campus**

The UCF Virtual Campus provides opportunities for students to enroll in credit courses and select degree programs through a variety of interactive distributed technologies. Courses are delivered through the world wide web, two-way interactive television, videotape, and radio broadcasting. Virtual Campus courses use the world wide web, e-mail, computer conferencing, chat, multimedia, videotape, interactive two-way television, and WUCF-FM radio.
Students participate virtually in web-based courses via computer. Some courses use the web solely for instruction with no required face-to-face class meetings. Other courses use the web to enhance classroom activities and, therefore, reduce face-to-face time in the classroom. Interactive two-way television increases the availability of courses at UCF area campuses and attendance centers. Videotape courses that provide undergraduate and graduate degrees in engineering to students throughout the state are enhanced with the Internet.

Distributed learning courses are accessible each semester in the on-line UCF Class Schedule in the "Select Special Course Groups" menu. Students who plan to enroll in a course with a web component or in a videotape course must have access to the Internet, a web browser such as Netscape, basic web browsing knowledge, ability to use e-mail, and basic computer skills such as word processing. Refer to http://distrib.ucf.edu/ for additional information.

**Center for Distributed Learning**

Assistant Vice President and Director: Steven E. Sorg; http://distrib.ucf.edu/cdl/; 407-207-4910

The Center for Distributed Learning serves as the Virtual Campus for the University. The Center's mission is to provide support to students, faculty, and staff as new and existing technologies become increasingly available for distributed learning courses and programs. The Center is responsible for planning and administering interactive television, video, and web-based programs. It serves as a clearinghouse for processes and resources providing support and marketing for off-campus and distributed learning credit programs. The Center also coordinates the university's standards and accreditation changes resulting from web-based instruction. The Center has an advisory committee composed of the distributed learning coordinators from each college, faculty, and representatives from other units on campus that support distributed learning.

**UCF Area Campuses**

In addition to the academic programs offered on the Orlando campus, the University of Central Florida offers a number of upper division programs and graduate programs at area campuses in Cocoa and Daytona Beach. Times and dates for all courses are listed on-line prior to registration each term at http://ClassSchedule.ucf.edu/.

A Downtown Academic Center serves selected educational needs of downtown Orlando residents and businesses.

The Cocoa Campus of the University of Central Florida operates in partnership with the Brevard Community College District System. Although the Cocoa Campus is housed primarily at the BCC Cocoa Campus, the University also operates the UCF Palm Bay Center on the campus of BCC-Palm Bay. In the 2001-2002 academic year, UCF and BCC will dedicate a new joint-use building which will become the permanent home of the UCF Palm Bay Center. The UCF Cocoa Campus forms part of the Circle of Science and Technology, a complex of buildings encompassing the world-class BCC Planetarium, the state of the art BCC/UCF Joint-Use Library, and the laboratories and facilities of the Florida Solar Energy Center (FSEC), a UCF research division.

At the UCF Palm Bay Center, the University plans to offer, with the appropriate state-agency approval, an increasing array of programs that meet the career plans of community-college graduates and the economic development needs of southern Brevard County, one of the fastest growing metropolitan areas in the Southeast.

In Brevard County, the University offers upper division (junior, senior) and graduate courses in twenty-four bachelor's and master's degree programs. Interactive television (ITV) and web-based courses also are offered in Brevard County as a complement to the University's classroom-based courses.

UCF and BCC are co-located in the Student Center to provide a one-stop center for under-graduate admissions, registration, records updates, and cashiering. Students have access to a joint-use computer lab, and the BCC Computer Aided Instruction Lab offers students of both schools remedial classes, writing skills assistance, and tutoring.
Every UCF college, including the UCF Honors College, has advisors and administrative offices at the Cocoa Campus. Telephone numbers, as well as programs offered by each of the colleges, are shown below:

The UCF Daytona Beach campus offers upper division and graduate level courses to residents of
Volusia and Flagler counties. A unique educational partnership between UCF and Daytona Beach
Community College allows students to earn an associate of arts degree at DBCC and a baccalaureate
degree at UCF. UCF courses are taught by twenty one resident faculty, visiting Orlando faculty, and
local adjuncts. Web-based courses also are offered.

A silicone-domed higher education building housing classrooms, labs, and office space enabled UCF
to expand programs and acquire branch campus status in the Board of Regents system. A second
building, completed in 1991, houses more classrooms and faculty offices as well as a 130-seat auditorium and conference center.

A broad range of services is offered for Daytona Beach students including admissions, registration, financial aid, student clubs and organizations, disability services, veterans affairs, career resources, and others. Registration periods at Daytona Beach correspond to Orlando schedules. Admissions, registration and student services offices are located in Building 34. UCF Downtown
36 West Pine St., Orlando, FL 32801;
407-317-7700; http://www.downtown.ucf.edu/

Assistant Vice President: Cecelia H. Rivers

UCF Downtown is located in the heart of downtown Orlando. Situated near Orlando's Church Street Station, access to the center is easy. With six classrooms, including a 130-seat lecture hall, a multitude of credit and non-credit courses and programs are made available to UCF students as well as to the Orlando business and residential community. The Institute of Government, housed at the center, further expands opportunities for professional development through on-going workshops and seminars. In addition, a distributed-learning center features an interactive television system that connects students to courses on the main campus and to satellite conference sites. A state-of-the-art computer lab provides the latest technology to aid student learning and enhance computer literacy. Selected courses are available by video to meet the needs of students unable to attend classes offered at set times. Admissions, financial assistance and other University information is available readily.

UCF Downtown also serves as a centralized place for meetings, mini-conferences and retreats. The AT&T executive conference room and flexible classroom space create an atmosphere conducive to hosting a variety of educational activities and cultural events to promote the mission of the University.

Selected courses in the following majors currently are offered at UCF Downtown*:

College of Arts and Sciences (Undergraduate)
Liberal Studies
College of Business Administration (Undergraduate)
General Business

College of Education (Graduate)
Exceptional Education
Instructional Programs

College of Engineering and Computer Science
Note: Most majors at the bachelor's and master's levels are available. All engineering courses are offered via video (FEEDS) or interactive television (ITV).

College of Health and Public Affairs
Undergraduate
Criminal Justice
Legal Studies**
Public Administration

Graduate
Health Service Administration
Public Administration
Social Work

*Minors are available in selected areas per catalog requirements.

** The Legal Studies program is offered full-time at the upper-division level.

Central Florida Research Park

The Central Florida Research Park, adjacent to the main UCF campus, is a University-related research park established as a result of legislation passed by the Florida Legislature in 1978. The Research Park is a cooperative effort between UCF, the Orange County Research and Development Authority, and the Orange County Board of County Commissioners (which appoints the members of the Authority). The governing body of the Research Park is the Orange County Research and Development Authority.

The objectives of the Central Florida Research Park are in keeping with the legislative action that enabled its creation "to encourage and promote the establishment of research and development activity combining the resources of institutions of higher learning, private sector enterprise involved in pure or applied research, and state or federal governmental agency research."

The ultimate goal of University-related research parks is to establish an academic/industrial community. The University and officials of the Central Florida Research Park believe that the potential for the establishment of close ties between the University and industry will create an environment conducive to the location of research-oriented industry in the Research Park. This activity will enrich and support the academic, teaching, and research programs of the University. The University, in turn, can provide the necessary expertise and human resources to enhance the research and development activities required and planned by Research Park residents.

The Central Florida Research Park consists of over 1,000 acres of land. Businesses desiring a "university relationship" can purchase or lease land in the Research Park on which to construct a facility or can lease space for office, office/lab, or light manufacturing activities.

Research Park tenants are involved with the University of Central Florida through sponsored research, using faculty as consultants, and using graduate and undergraduate students for intern programs and part-time employment. Research Park tenants can also contract with the University for use of the library, computer resources, and laboratory facilities. Cooperative projects range from technical research to developing business plans and employee training programs.

Endowed Chairs
Endowed chairs are established under the Florida Major Gifts Trust Fund, which provides $420,000 in state funds to match $600,000 in contributions from private sources within a six-year period. UCF presently has ten fully-funded endowed chairs and three others fully pledged:

Phillips-Schenck Chair in American Private Enterprise: Created in 1980 as the focal point for a continual dialog on major economic issues, comparative economic systems, and economic decision-making in business. Chair: David F. Scott, Jr.

Charles N. Millican Chair in Computer Science: Created in 1983 and dedicated to probing the frontiers of computer science, with emphasis on the direction that the discipline will take over the next decade. Chair: Narsingh Deo.

William and Alice Jenkins Chair in Community Arts: Created in 1986 to enable UCF to design and oversee programs covering art administration, art therapy, and art education within the Central Florida community.

Carl H. Galloway Chair for Excellence in Business: Created in 1986 to honor Carl Galloway, a pioneer in telecommunications. The purpose is to enhance scholarly activity in teaching and research in the College of Business Administration.

The Cobb Family Eminent Chair in Optical Sciences and Engineering: Created in 1988 to support the work of an internationally recognized scholar in laser and optical sciences. Chair: George I. A. Stegeman.

Darden Eminent Scholar Chair in Restaurant Management: Created in 1990 to develop a program of excellence in restaurant management. This chair, the first of its kind in the country, will also serve as a critical resource for the hospitality industry.

SunTrust, N.A. Eminent Chair in Banking for Teaching Excellence: Created in 1989 to attract a nationally or internationally prominent expert in banking with a strong commitment to undergraduate, graduate, and executive development. Chair: Stanley Smith.

Al Burnett-Contemporary Cars Eminent Scholar Chair in Accounting: Created in 1989 to support an exceptional faculty member in the School of Accounting. Chair: Robin W. Roberts.

Bert Fish Memorial Eminent Scholar Chair: Created in 1990 to establish an endowed chair in nursing education. This is the first chair to be established at the Daytona Campus. It is designed to improve nursing education and ease the shortage of nurses. Chair: Angeline A. Bushy.

Lockheed Martin Academy in Math and Science Education: Created in 1992 to stress content enhancement and problem solving approaches in the teaching of science and mathematics. Chair: Michael C. Hynes.

University Ombuds Office

The Office of the Ombuds Officer provides members of the University community assistance and advice regarding concerns related to the University. These services are available to every member of the University community: students, staff, faculty, and others. Any type of concern may be brought to the attention of this office: academic, financial, housing, consumer, work-related, or personal. The University Ombuds Officer is a neutral facilitator, and will listen to concerns, help individuals explore
options, offer suggestion and advice, and assist in the resolution of the concern. Referral and direction to appropriate individuals and offices, and clarification of University policies and procedures are services of the office. All proceedings in individual cases will be held confidential by the Ombuds Officer unless otherwise authorized by the complainant, or otherwise required by applicable law, including without limitation, Chapter 119, Florida Statutes. The University Ombuds Office is located in Millican Hall, room 338F. Appointments may be made by calling 407-823-6440.

UCF Public Safety and Police

The UCF Police Department is a full-service law enforcement agency. The 43 certified police officers provide police services twenty-four hours a day, seven days a week. The Patrol Division (407-823-5283) patrols the campus on foot, marked patrol cars, and on marked motorcycles. They are supplemented by an additional seven police officers of the Mountain Bike Unit (407-823-6672), who patrol the campus on mountain bikes. The Investigations Unit (407-823-5980) consists of three detectives who investigate all unresolved criminal cases.

The Crime Prevention Unit (407-823-2165) presents crime prevention seminars for property protection and personal safety for the community. The Crime Prevention Unit also supervises the Community-Oriented Policing program (COP), which consists of five officers assigned to campus zones. These officers work closely with the faculty, staff, and students in a police/community partnership to reduce crime concerns in their zones. Furthermore, the Crime Prevention Unit also hires and trains students for the Student Escort Patrol Service (SEPS, 407-823-2424), which is an evening escort service for all individuals on campus (Sunday through Thursday evenings, 7:00 p.m. to 1:30 a.m.). The Victim Services Unit (407-823-6332/6069) provides services for: 1) emotional support and practical assistance; 2) information and referrals; and 3) education. The Parking Services Division (407-823-5812) maintains campus parking and provides assistance to stranded motorists. For more information see their website at http://parking.ucf.edu

Information Technologies & Resources

Vice Provost: Joel L. Hartman; MH 326; Phone 407-823-6778

The Division of Information Technologies and Resources has University-wide responsibility for planning, implementation, and support of information technology resources. Units within the Division include the Library, Computer Services, Telecommunications, Instructional Resources, and Course Development & Web Services. The services and resources of each unit are described in the following sections.

University Libraries

Director: Barry B. Baker; LR 512; 407-823-2564; http://library.ucf.edu

Associate Director for Administrative Services: Frank R. Allen; LR 512; 407-823-2564
The main University Library houses a collection of more than 1.3 million volumes, including 9,000 current serial subscriptions. In addition to bound volumes, the Library owns approximately 2.2 million microforms and 30,000 media titles. UCF is a partial depository for both United States and Florida government publications. The Library is open approximately 103 hours per week, including evenings and weekends. Current hours are available on the web site at http://library.ucf.edu/hours.htm or by calling 407-823-2756.

Over 230 computer workstations are available for public use on all five floors of the University Library. Included in this total are 20 laptops equipped with wireless cards that may be checked out for use anywhere in the Library building. Patrons who have laptops with wireless cards also can bring their own computers to the Library and connect to the Library's electronic resources and to the Internet from anywhere in the building. The Library also has two classrooms outfitted with 41 computer workstations for hands-on instruction in the use of electronic resources.

WebLUIS, the Library's web-base catalog, can be accessed from any public as well as home PC. WebLUIS also offers a gateway to hundreds of electronic databases, the catalogs of other state university system libraries, and the community college system libraries.

For help and advice in the use of the Library and its materials, the Reference Desk is open during most library hours. Librarians are on duty for assistance with interpreting the online catalog (holdings and locations), as well as with electronic reference sources and other library collections. Librarians are on duty to assist in the use of the online catalog (WebLUIS), electronic reference sources, and other library collections. Assistance also is available through the "Ask a Librarian" service, by telephone at 407-823-2562, or at http://library.ucf.edu/quickref/.

The Interlibrary Loan and Document Delivery Services Department (ILL) assists students in obtaining materials not owned by the Library. Most book loans and photocopied materials can be acquired free of charge within two weeks. Request forms are available on the ILL web site at http://library.ucf.edu/ill, or at the ILL Office (room 221). For more information, call 407-823-2383 during office hours, or visit the ILL web site.

Special services are provided for people with disabilities. By using WebLUIS, students can determine the availability of books they need and telephone the Library to request that books be retrieved from the shelves and brought to them at the circulation desk. A Kurzweil reading machine is available in the Library for people with visual impairments; students can arrange for instruction in its use. Through the cooperation of the University's Office of Student Disability Services and the Florida Bureau of Blind Services, the Library staff will aid disabled students in obtaining special equipment they may need to
use Library resources.

The Curriculum Materials Center, a unit of the University Library, is located in the Education Building. The CMC provides representative K-12 educational curriculum materials for preview, review, analysis, and circulation. The facility serves primarily the students and faculty of the College of Education (COE); however, it is open to all campus faculty, staff, and students. For more information see the CMC web page at http://library.ucf.edu/cmc or call 407-823-2791.

Additional library collections are available at the Brevard Community College/University of Central Florida Joint Use Library in Cocoa and the Daytona Beach Community College Library in Daytona Beach. At both locations, the University partners with the local community college to provide complete information services, including materials processing and checkout. Both locations have electronic access to LUIS and to University resources on the web. Courier and intercampus loan services make the main library's collections available to UCF students at all area campus sites. For more information see the web site at http://library.ucf.edu/branches.htm.

Computer Services and Telecommunications

Director: William H. Branch; CSB 305; 407-823-2711

Computer Services and Telecommunications provides central support for administrative data processing, academic computing support, telecommunications networks, e-mail, campus telephone services, training, user help, and microcomputer sales and support. Academic computing is supported primarily through the following systems: Sun Enterprise 450, 3XXX, 5XXX systems, a series of Novell LAN file servers, and other Internet and campus facilities. Five public access PC labs, available to all faculty and students, are located around campus. Two labs are in Computer Center II: Main Lab West (CCII 104) and Main Lab East (CCII 113). The other labs are located in the following buildings: Classroom 1 (CLI 101), Education (EDU 326A), Library (2nd floor library), and Magruder lab in Business Administration (BA 148). UNIX equipment is available in CCII and Macintosh labs are available in CCII and EDU. Most labs are open seven days a week with extended hours. The CyberKnight Center is located in CCII to assist students with computer and internet needs.

Voice response systems support dial-up access to registration, grades, and financial aid information. Similar information and services are available from https://polaris.ucf.edu/. Campus kiosk workstations are available in the following buildings: Millican, Library, Business Administration, College of Health and Public Affairs, Computer Science, Colburn, Howard Phillips, Bookstore, Education, Communication, Visual Arts, Math/Physics, Biology, Chemistry, Engineering, CREOL, and Downtown, Daytona, and Brevard Campuses. Additional information is available on-line at http://www.ucf.edu/. Computer accounts are provided to all students, faculty, and staff for access to e-mail, public computer labs, and campus backbone network.

The University also operates a full service, on-campus computer store (Student Union) that provides the UCF community computer products and services that adhere to campus standards. The store is an authorized campus reseller for Dell, Apple, IBM, Microsoft, and other major brands. Training classes and computer equipment maintenance services are also available from the store.

Main campus telephone services are provided by the Telecommunications Department's Siemens multinode PBX. Campus residence students have the option to subscribe to voicemail and access to the
long distance carrier of their choice. AT&T is the primary long distance provider to the campus.

**Office of Instructional Resources**

Director: Ruth Marshall; Classroom Building 1, Room 203; 407-823-2571, Fax 407-823-2109; http://www.oir.ucf.edu

The Office of Instructional Resources (OIR) supports UCF administrators, faculty, and staff with multimedia design and production, digital media, webcasting, video production, audio production, photography, graphics, and a full range of multimedia classroom support services. OIR manages UCF's interactive video network, which includes seven origination rooms on the main campus and ten receiving rooms at branch campus locations. OIR's facilities include the Digital Image Processing Lab (DIPL), located in the Research Pavilion in the Central Florida Research Park. In association with its community partners, DIPL offers UCF faculty access to state-of-the-art digital imaging technologies including digital-image processing, digital document scanning, and CD-ROM production. OIR's Faculty Multimedia Center (CL1 202) provides multimedia production and training resources for faculty using Macintosh and Windows personal computer systems. OIR's Electronic Classroom (CL1 320) is used for videoconferencing and ITV course origination. The room also provides faculty with excellent locations for training in ITV production and delivery skills. The Partnership Classroom in CL1 212 also provides UCF faculty with a facility to demonstrate new classroom technologies in associations with UCF industry partners. OIR also supports more than seventy advanced multimedia classrooms and six interactive video origination classrooms located throughout the campus.

OIR provides UCF with an array of distributed-learning delivery systems including an interactive video network that serves several rooms on the main campus; UCF Downtown; the branch campuses at Brevard, Daytona, UCF South Orlando, Palm Bay; Florida Gulf Coast University; and other off-campus locations. An ITFS network serves the main campus, UCF Downtown, and the branch campuses in Brevard, Daytona, and UCF South Orlando; Ku and C-band satellite reception; and cable television delivery on the main campus. OIR also manages UCF's ISDN (384k) videoconference equipment and services.

**Course Development & Web Services**

Director: Barbara Truman-Davis; LIB 107; 407-823-3718; http://reach.ucf.edu/~coursdev

Course Development & Web Services (CD&WS) supports teaching and learning online at UCF. The unit is responsible for offering classes to faculty about teaching online such as IDL 6543 (http://reach.ucf.edu/~idl6543) offered twice each year and WebCT Academy (http://reach.ucf.edu/~webct411) offered year-round to all faculty, staff, and student assistants. CD&WS also produces online courses and web sites found on the Reach Server (http://reach.ucf.edu) and maintains the University's primary web site. Webmaster support through training and referrals is available upon request for departments and faculty needing web-based authoring. Special events are held regularly to promote campus-wide participation and web-based research and development.

CD&WS is comprised of teams of instructional designers and digital-media specialists, software engineers, and programmers called "Techrangers" who work with faculty, departments, and students to create collaborative digital media projects. The Pegasus CD-ROM is produced annually by CD&WS to provide the UCF community with Internet software tools, tutorials, and UCF information (see
Instructional Television

ENGR 387; 407-823-2481

The University offers a variety of courses by way of television. These are available either live or on tape at various locations both on and off campus. Live courses may be viewed at the Brevard and Daytona Beach campuses, as well as at selected sites around the Greater Orlando area. Live courses also may be viewed on a cable channel in the dorms and at several fraternity and sorority houses. Some courses also are broadcast to individual homes through local cable companies in Brevard and Orange counties. Courses on tape are available in the learning centers or libraries at all of the University's campuses. Courses available on tape or live television are listed each semester in the online Class Schedule (http://ClassSchedule.ucf.edu).

Intercollegiate Athletics

Programs in Intercollegiate Athletics are coordinated by athletic department coaches and staff under the general supervision of the Director of Athletics. The University of Central Florida is a member of the National Collegiate Athletic Association (NCAA), Division I and competes in the Trans-America Athletic Conference. Intercollegiate athletic contests are governed by the rules of play published by NCAA and all established eligibility standards are observed. UCF's current intercollegiate sports for men include baseball, basketball, cross county, golf, football, soccer, and tennis. Women's sports include basketball, cross-country, golf, rowing, soccer, softball, track, tennis, and volleyball.

UCF Arena

The UCF Arena is an indoor, multipurpose facility that opened in August of 1991. The Arena is host to a variety of campus events, including all commencement ceremonies, men's and women's basketball games, volleyball games, concerts, lectures, and other sporting and entertainment events. For event or rental information, call 407-823-3070.

University Bookstore

The UCF Bookstore, located in the John T. Washington Center, is the text book and course material destination. It offers a complete line of UCF clothing, logo gift items, convenience and snack items, as well as a full service cafe. Operating hours when classes are in session are, Monday through Thursday 8:00 a.m. to 7:00 p.m., Friday 8:00 a.m. to 5:00 p.m., and Saturday 10:00 a.m. to 2:00 p.m. For more information call 407-823-2665 or visit the website at http://www.bookstore.ucf.edu/.

Transit Services

Through joint efforts of UCF, LYNX and the University/Alafaya Corridor Transportation Association (UACTA), UCF students, faculty, and staff have a number of transit options. Three bus routes serve UCF from Oviedo, Downtown Orlando, and both Valencia Community College campuses. Through the use of these routes, commuters can connect to most anywhere in Greater Orlando. These buses normally operate at 30 to 60 minute intervals. The cost to ride LYNX is eighty-five cents per ride. Special passes are available at discounted rates.

The LASER Shuttle is a local shuttle system with three separate routes. These routes connect UCF
with most residential and commercial areas near UCF, as well as the Central Florida Research Park and The Quadrangle. LASER runs every thirty minutes (Monday through Friday) and costs twenty-five cents. Semester passes also are available at substantial savings and are sold at the UCF Student Union Ticket Center. Route maps may be obtained at the Millican Hall Information Booth or by calling UACTA at 407-658-8492, or LYNX at 407-841-8240.

The Orlando-UCF Shakespeare Festival

The Orlando-UCF Shakespeare Festival is Central Florida's professional classical theater, presenting professional artists in a variety of world-class plays. The Festival provides a year-round calendar of entertainment and educational programs. An Equity company, the Festival presents a fall season of plays at the John and Rita Lowndes Shakespeare Center and the spring repertory season at the Walt Disney Amphitheater in Lake Eola Park.

In its eleventh season, the Festival has achieved a position of national recognition, attracting artists from around the world. The festival has been featured in such national publications as Southern Living, Theater Week, Backstage, and Southern Theater. Among the Festival's educational programs are: "The Young Company," "Shakespeare Alive!," and "Shakesperience." Internships and independent studies with the Festival for UCF students and alumni are available in all departments. For more information, contact Artistic Director Jim Helsinger, 812 East Rollins #100, Orlando, Florida 32803, 407-893-4600, Fax 407-893-5643.

The UCF Alumni Association

The University of Central Florida Alumni Association was developed to maintain awareness and support of the University by its alumni. While alumni comprise the core member group, membership in the UCF Alumni Association is available for all phases of UCF life. For children up to age 12, we have the Junior Jousters. Teens age 13-18 can join the Mid-KNIGHTS program. UCF students can join the Student Alumni Association (SAA), offering them valuable interaction with alumni. For parents of UCF students, we offer the Parent Association.

Membership in one of the UCF Alumni Association programs provides many benefits, including:

- Timely information within the pages of Pegasus, UCF's bi-monthly alumni magazine;
- Invitations to events like Homecoming, as well as local and regional alumni get-togethers;
- Free use of the UCF library (main branch);
- Discounts on UCF logo items at the campus Bookstore and other locations;
- Members-only discounts at association-sponsored activities; and
- Numerous personal and professional networking opportunities.

The Alumni Association offers many volunteer opportunities and awards more than $40,000 in scholarships to eligible students every year. To join, or for more information, stop by the UCF Alumni Association at Millican Hall 340; 407-UCF-ALUM (823-2586); toll-free (800) 330-ALUM; or visit http://www.ucfalumni.com.

UCF Foundation, Inc.

The UCF Foundation, Inc. is a non-profit, tax-exempt corporation directed by a 56 member
community-based Board of Trustees that encourages, solicits, receives, and administers private gifts and bequests of property and funds for scientific, educational, and charitable purposes. All gifts to UCF are received and processed through the UCF Foundation for support of the University. Call 407-249-4740 for additional information.
Introduction

The division of Student Development and Enrollment Services (SDES) is an integral part of the University of Central Florida. Reporting to the Provost, SDES is responsible for the administration and management of programs, services, facilities, and activities designed to support and complement the educational mission of the University while simultaneously improving the student's total collegiate experience.

The Vision of SDES is "Adding Value to the UCF Experience!" Its mission is to build and strengthen student enrollment. This is achieved by providing an optimal student learning environment characterized by excellent customer service, diversity, inclusiveness, partnerships and needed programs, activities, and facilities that add value to the UCF experience.

Key values within the operation of the division are: caring, commitment, collaboration, diversity, excellence, honesty, inclusiveness, innovation, integrity, loyalty, respect, and trust. The efforts of SDES to meet its mission and objectives will be measured by enrollment quality, student retention, customer satisfaction, and student success. These primary outcomes will contribute to creating a competitive advantage for the individual student and the institution.

The division administers programs involving orientation, advisement and academic exploration, registration and admissions, financial assistance, multicultural services, personal counseling, housing, health services, career development and placement, student activities and organizations, special
student services, and a variety of academic development and retention programs. These responsibilities are integral to the mission of the University, addressing the immediate needs of students and faculty while responding to the concerns of other constituencies such as business and industry, parents, alumni, and other educational institutions.

While it is convenient to divide the University and division into units for operational effectiveness and efficiency, students are not so easily compartmentalized. The recognition that each student is a whole and unique person encompasses the basic philosophy of the Division of Student Development and Enrollment Services.

**Academic Development and Retention**

*Associate Vice President*: Maribeth Ehasz; MH 210; 407-823-2169

The unit of Academic Development and Retention (ADR) enhances student retention through the collaborative delivery of operationally excellent services, information, data, and technology that facilitate enrollment, transition, career exploration, academic success, personal development, and career opportunities for successful progression through graduation. For additional information on all of our offices, visit ADR's website at [http://sdes.ucf.edu/adr](http://sdes.ucf.edu/adr)

**Academic Support and Advising (ASAP)**

*Director*: Patricia E. Pates; PH 107; 407-823-6630

The unit of Academic Support and Advising Programs focuses on academic advising, support, retention, and successful progression for targeted student populations. Through a program of assessment, outreach, collaboration, coordination, and technology, the unit provides academic and career advising, learning support, and transition services to first year and other targeted undergraduate students. For more information, visit ASAP's website at [http://pegasus.cc.ucf.edu/~asap](http://pegasus.cc.ucf.edu/~asap). These services are provided through the following offices:

**Academic Exploration Program (AEP)**

*Director*: Russell Tiberii; PH 104; 407-823-5322

*Major Exploration Coordinator*: Saiful-Islam Abdul-Ahad
The Academic Exploration Program (AEP) is a student-centered source of support and guidance for first year students who choose to explore the many options that are available to them rather than prematurely deciding on an academic major. With the guidance of an AEP academic advisor, and with the assistance of other professional resources throughout UCF, students are provided with opportunities to participate in workshops, seminars, and individual academic advising. They may also choose to participate in a credit-granting, student success strategies course that engages them in activities of academic major exploration and helps them assess academic interests, skills, personal qualities, characteristics, and abilities. AEP provides students with an organized approach to making thoughtful, well-informed, and meaningful decisions about their educational goals. The objective of the program is to assist students with choosing an academic major and to develop an understanding of the relationships between majors and careers.

Each student in AEP is assigned an individual academic advisor. The advisor provides assistance with course selection during registration each semester. Throughout the academic year they are available to assist students with short and long range academic planning. For more information, visit AEP's website at http://sdes.ucf.edu/.

Academic Services for Student-Athletes (ASSA)

Interim Director: Raphael Robinson; WDS Center 123B;
407-823-5895

The University makes a strong commitment to its student-athletes. The Office of Academic Services for Student-Athletes collaborates with the Athletic Department to ensure that student-athletes balance the academic demands of the full-time student with the competition of Division I intercollegiate athletics through the NCAA CHAMPS Life Skills Program. The focus of the program is on five commitments: athletic excellence, academic excellence, personal development, service, and career development.

ASSA assists students in making a successful transition to University life by providing answers to questions as they arise, solutions for problems students might encounter, and an opportunity to meet faculty and staff at the University of Central Florida. These efforts and others culminate for the student with graduation, job placement, or graduate school.

Through cooperation with college departments, professional advisors advise student-athletes according to requirements for their program of study. Academic support services include organized study sessions, tutorial services, time management, study skills instruction, and a college success strategies course. For more information, please visit ASSA website at http://pegasus.cc.ucf.edu/~assa.
First-Year Advising and Information Services (FY)

Director: Robert E. Snow; PH 116; 407-823-3789

UCF recognizes that starting in a new learning environment can present many challenging life transitions for incoming students. First Year Advising and Information Services has been established to prepare and advise first-time-in-college students who are not assigned to other first-year advising offices. The overriding mission of the office is to assist first-year students by providing general education advising services and other programs that will lead to their overall satisfaction and success at UCF.

To fulfill this mission, the office focuses its efforts on providing proactive advising support, serving as a centralized source of academic information, conducting personalized advising and academic services, establishing early and regular communication, providing outreach activities for freshmen in off-campus residences, and tracking the academic progress and success of its target student population. In addition, high school students admitted to UCF as part of the Early Admission or Dual Enrollment programs are advised and academically supported through this office.

FY works collaboratively with college advisors to provide accurate academic program information and to create appropriate academic plans for students. This process begins with the new student orientation process and continues throughout the student's first year experience. For further information, visit Phillips Hall room 116, or our website at http://pegasus.cc.ucf.edu/~firstyr/

National Consortium for Academics and Sports (NCAS)

Director: Suzi Katz; WDS Center 123; 407-823-5243

The mission of the National Consortium for Academics and Sports at the University of Central Florida is to help create a better society by focusing on educational attainment and using the power and appeal of sport to positively affect social change in the Central Florida community. The NCAS reaches this mission by building partnerships between the University, local schools, community organizations, and other non-profit agencies that also are committed to serving the community. For additional information, visit the National Consortium for Academics and Sports website at http://sdes.ucf.edu/ncas/

Student Academic Resource Center (SARC)

Director: DeLaine Priest; PH 113; 407-823-5130
The Student Academic Resource Center (SARC) provides high-quality programs that enable UCF students to achieve their academic goals. Some of these programs include: Supplemental Instruction, tutoring, academic advising, and learning enhancement workshops.

The Supplemental Instruction (SI) program focuses on providing help for students in historically difficult courses such as anatomy, biology, chemistry, economics, microbiology, molecular biology, and physics. This important program gives students an opportunity to meet outside of class to compare notes, discuss important concepts, develop strategies for studying the subject, and self-testing.

Free peer tutoring is also available for many UCF subject areas (e.g., accounting, physics, statistics, chemistry, Spanish, economics, and biology, to name a few). In total, SARC provides individual and group tutoring for more than 36 courses.

Each semester, SARC also offers a series of academic workshops designed to address common student issues. Among these are test taking skills, time management, reading effectiveness, and memory improvement. Additionally, preparatory workshops are offered to review for the math and reading portions of the CLAST exam. Computer assisted learning programs also are available for the ACT, GRE, and CLAST exams.

SARC's professional academic advisors provide support for students in the Pegasus Success Program and the College Achievement Program (CAP). A learning skills counselor also is available for students who need study skills advice or who wish to enhance their educational experience. For additional information, visit the Student Academic Resource Center website at http://pegasus.cc.ucf.edu/~sarc/

Academic Services

Assistant Dean: David R. Dees; MH 210; 407-823-2691

This office is responsible for administering State of Florida and University academic policies pertaining to academic record changes, curriculum file management, the degree audit program, and University-wide academic policies and graduation requirements. The primary goal of the office is to apply these policies fairly, promptly and evenly according to established guidelines, to provide a prompt response to requests from students, faculty and staff and to maintain accurate and effective computer records for advisement and graduation certification.
Career Resource Center

*Director:* Melanie Parker; SRC 185; 407-823-2361

The Career Resource Center provides a broad range of career planning and job search services to UCF students, alumni, and employers. Students beginning studies at UCF are encouraged to start thinking about careers as soon as possible. Career Development Coordinators are available to assist students throughout their college experience. To help students navigate the complexities of the job market, the Center conducts weekly career planning mini-classes, sponsors eight career expos and fairs, and hosts several hundred employer recruiting visits each year. The Center offers an online resume system that can refer resumes to interested employers. Full-time, part-time, and internship job postings are available to students in the CRC library in paper form and on the CRC website at [http://www.crc.ucf.edu](http://www.crc.ucf.edu). Visit the website for further information.

Counseling and Testing Center

*Director:* Robert Harman; SRC 203; 407-823-2811

The University of Central Florida Counseling and Testing Center is the only campus agency designated to provide psychological and testing services to University enrolled students. The Center is composed of a professional staff of psychologists, mental health counselors, and test administrators who provide both a confidential atmosphere and a safe environment in which students may explore and resolve issues of concern. The Center maintains and assures confidentiality as provided by law. The Center is open Monday through Friday and operates on an appointment basis. The following counseling services are offered:

- Personal Counseling
- Career Counseling
- Couples/Conjoint Counseling
- Group Counseling

**Testing:** The Test Office administers the state College Level Academic Skills Test (CLAST) and the Computer-Adapted CLAST (CAT-CLAST); placement examinations such as the College Placement Test (CPT), Foreign Language Proficiency Exam (FLPE), the Grammar Proficiency Exam (GPE); and the institutional Academic College Test (ACT) and College Level Examination Program (CLEP). It also administers the following national exams:

- Law School Admissions Test (LSAT)
- Medical College Admissions Test (MCAT)
Florida Teachers Certification Examination (FTCE)

For additional information, visit the Counseling and Testing Center website at http://pegasus.cc.ucf.edu/~counstst/

Orientation Center

Director: Joe Ritchie; SRC 227; 407-823-5105

The orientation program assists entering freshmen and transfer students with their transition to the University of Central Florida by providing information about student services, campus life, academic support, academic advising, and registration. Each freshman and transfer student must attend an orientation session prior to registering for classes. Information is mailed to each student accepted to the University regarding date, time, and location of the orientation sessions. For further information, visit the Orientation Center website at http://sdes.ucf.edu/newstudent/orientation/

Registrar's Office

University Registrar: Dennis J. Dulniak; MH 161; 407-823-3100

The Registrar's Office, with a commitment to quality service and leading edge technology, provides efficient registration, effectively meets student administrative needs, and ensures a complete enrollment process from registration through graduation. The office maintains the integrity of academic records and coordinates and enforces University policies and procedures campus-wide through cooperation, communication, and leadership. The Registrar's Office is responsible for the management and publication of course offerings, the Undergraduate Catalog, Schedule Web Guide, and the efficient utilization of classroom resources. For further information, visit our website at http://registrar.ucf.edu

Transfer Services

Director: Mark Allen Poisel; PH 102; 407-823-2231

The Office of Transfer Services has been organized to help transfer students make a seamless transition so that they have a more successful experience at the University of Central Florida. The office provides the following resources and services:

# Support and referral for transfer students before and after they enroll at UCF;
Current information about University programs and policies including entrance and exit requirements;

Assistance in resolving problems once students have transferred;

Written articulation agreements and inter-institutional relationships between the University of Central Florida and community colleges or universities;

Articulation workshops and conferences involving instructional, advising, and administrative personnel from the university, community colleges, and other institutions;

Transfer services representative at the UCF Brevard Campus; and

Transfer services website at http://pegasus.cc.ucf.edu/~relation and e-mail address: tservices@mail.ucf.edu.

Campus Life

Associate Vice President: Craig E. Ullom; MH 282;
407-823-2626

The Campus Life unit develops partnerships to provide meaningful programs, quality services, and personal growth opportunities for students in learning environments. Campus Life promotes personal excellence, healthy lifestyles, leadership development, and community responsibility. Departments in Campus Life include: Student Leadership Programs (LEAD Scholars Program, Greek Affairs, Student Activities, United Campus Ministries), Campus Life Facilities (Student Union, Recreation Center, and Intramurals), Student Rights and Responsibilities (Student Conduct, Dispute Resolution, Student Legal Services), Student Health Services, Housing and Residence Life, Off-Campus Student Services (Off-Campus Student Resource Center, Area Campuses).

Cocoa & Daytona Campus Life

Director Brevard: TBA

Director Daytona: Diana L. Weidman

The Cocoa (231 Cocoa; 321-632-1111) and Daytona (34/202 Daytona; 904-255-7423) Campus Life offices provide student services at the branch campuses, including: orientation, career advising, veteran affairs, international student services, and accommodations for disabled students. In addition, the offices provide programs, assistance to clubs and organizations, and miscellaneous test information.
Campus Ministries, United

*Director:* Brad Crawford; SRC 172; 407-823-5336

The campus ministry is a combined effort of a wide variety of religious persuasions providing students with professional personnel who will encourage spiritual, moral, and social opportunities in a spiritual context within the University community. It offers counseling, scripture study, public lecture and discussion programs, fellowship, recreation, and worship services.

Dispute Resolution Services

*Coordinator:* Peter W. Wallace; SRC 153; 407-823-3477

Dispute Resolution Services enhances the University community by offering mediation training and services directed at resolving interpersonal disputes while promoting individual responsibility. Mediation is a private, voluntary, decision-making process in which one or more impartial persons (mediators) assist people, organizations, and communities in conflict to work toward a variety of goals. This service is available to the University community and is encouraged for those who have been unsuccessful in resolving their differences. Mediation training is conducted once per semester and is offered at two different levels: 1) a basic introduction to conflict resolution skills and mediation techniques session; and 2) as an advanced mediation techniques session. Mediation training and services are provided to students, faculty, and staff at no charge. Dispute Resolution Services also offers educational workshops and outreach programs to foster understanding and promote harmony within the University community. Learn more about Dispute Resolution Services by visiting our website at [http://pegasus.cc.ucf.edu/~mediate](http://pegasus.cc.ucf.edu/~mediate)

Greek Affairs

*Director:* Gregory Mason; SU 208; 407-823-2824;

(Greek Council Office, SU 208, 407-823-2072)

The Office of Greek Affairs is committed to providing the best possible fraternity and sorority experience for both students and the University community. This office fosters and promotes the development of national fraternities and sororities by providing advice, services, and programs to ensure all members engage in high-quality undergraduate fraternal experiences that reinforce the organization's founding principles: scholarship, community service, campus involvement, and sisterhood/brotherhood. It encompasses small group living and more importantly, developmental programming for individuals, chapters, chapter alumni boards, house corporation officers, and collegiate governing boards (i.e., Panhellenic Council, Interfraternity Council (IFC), National Pan-Hellenic Council (NPHC), Diversified Greek Council (DGC), and the Greek Council).
Sorority or fraternity life can offer students a "home away from home," a source of job contacts, a scholastic support system, an organization for community service, hands-on experience in running a working entity, and a foundation for long-lasting friendships. Currently, 34 fraternities and sororities involve more than 2,500 students. Greek organizations give college men and women a chance to excel in any area they choose and include students of every race, religion, culture, and background.

Students are encouraged to take a closer look at UCF's Greek System through a participation in fraternity or sorority recruitment. The Interfraternity Council and Panhellenic Council sponsor "Recruitment" or "Rush," which actually consists of visiting the various chapters to meet current members and to ask questions about their organizations. National Pan-Hellenic Council (NPHC) sponsors a Greek Expo, which allows students to become familiar with those groups comprising that governing body. Whether or not an individual chooses to join a fraternity or sorority, Recruitment and Greek Expo are excellent ways to meet people and become acquainted with life at the University of Central Florida.

**Housing and Residence Life**

Director: Christopher McCray; HAB 101; 407-823-4663

Regularly enrolled single students paying registration fees for a minimum of nine semester hours may apply for assignment to University residential units. By Fall 2001, approximately 2,600 students will be housed in facilities located in four on-campus residential communities: Apollo Community, Libra Community, Lake Claire Courtyard Apartments, and the Academic Village. A variety of living options are available to residents. On a space-available basis, students may reside in one of the following: double-occupancy bedroom with shared bath, two double occupancy bedrooms with shared bath in a suite-style arrangement, or a single occupancy bedroom in a four-bedroom apartment facility. Priority for assignment to an on-campus apartment facility is given to students with at least 24 hours of college credit. Because of the limited amount of space in University housing facilities, the University does not require any student to live on campus. **No on-campus accommodations are available for families or married couples.**

Priority for assignment to the residence halls is given to incoming freshmen, who occupy more than 70 percent of the University's on-campus housing capacity. Current residents will occupy most of the remaining space. The spaces set aside for incoming freshmen are limited by the University's overall residence hall capacity. Therefore, those desiring to reside on campus should apply for admission to the University as soon as possible.

Applications for housing can be accepted only from those applicants who have been admitted to the University. Priority for room assignments for new applicants is based on the date of the Housing Office's receipt of the completed housing application. Applicants should carefully read the application
before submitting both it and the appropriate prepayment to the Housing Office

Housing contracts (whether in the on-campus apartments or the residence halls) when issued for Fall Semester occupancy, serve as a two-semester (Fall and Spring) obligation between the applicant and the Housing Office. Housing contracts issued for the Summer Semester are a one-semester (Summer Only) obligation and do not extend to include an assignment to Fall housing accommodations.

Applicants have the option of choosing one of several University meal plans. Specific information concerning University meal plans is available from Sedexho/Marriott Corporation, P.O. Box 168017, UCF, Orlando, FL 32816-0222. Applications and other information concerning University housing may be obtained by consulting the Department of Housing and Residence Life, P.O. Box 163222, UCF, Orlando FL 32816-0222, 407-823-4663.

**Intramural Sports**

*Associate Director:* Jim Wilkening; Recreation Center 101; 407-823-2408

The Intramural Sports program offers the opportunity to participate in more than forty action-filled team, dual and individual sports, including perennial favorites flag football, basketball, soccer, and floor hockey. Several competition divisions are offered to accommodate various skill levels.

A unique aspect of the UCF program is referee development, in which you will be trained to officiate sports, earn money on campus, and have an opportunity to work in the Orlando community. To sign up for a team, as an individual, or for more information, visit [http://www.intramurals.com/ucf](http://www.intramurals.com/ucf). Become involved and remember to take a little time each day to play.

**LEAD Scholars Program**

*Associate Director:* Jan Lloyd; SU 208; 407-823-2223; [http://reach.ucf.edu/~lead](http://reach.ucf.edu/~lead)

The LEAD (Leadership Enrichment and Academic Development) Scholars Program is an intense and comprehensive two-year student development program for competitively selected, academically talented first year college students with experience and interest in leadership, academic excellence,
and community service. LEAD Scholars join in a unique partnership with faculty, staff, and alumni community leaders as a way to make an immediate connection with academic and community life.

The general goal of the LEAD Scholars Program is to prepare students to be effective community leaders in personal, professional, and civic communities. This goal is achieved through three venues: academic excellence, leadership, and community service. Students are integrated with faculty in the five colleges of Arts and Sciences, Business Administration, Education, Engineering and Computer Science, and Health and Public Affairs. Each of these colleges hosts two credit foundations of leadership courses providing the primary means of facilitating the focus for study, advisement, and educational activities as it relates to leadership, academic excellence, and community service within the college. Although LEAD Scholars will identify with a particular college, the program is available to students deciding upon their major academic interest as well as those who have settled upon a major. Sophomore students may take a leadership practicum in lieu of a class. Additionally, students will be provided special competitive opportunities to be paired with faculty or staff in the LEAD Scholars Assistantship program.

This program enables students to develop professionally through a special mentoring relationship involving research and/or project development in their area of interest both on campus and in the community. Students are provided opportunities to work on project teams and special programs to develop their leadership skills. Specially structured community service projects are provided for students to enhance their community service development.

Students are selected for this two year program through a competitive process based on academic record, extracurricular and community activities, school recommendation, and expressed interest in leadership, academic excellence, and community service. The LEAD Scholars Program serves as a bridge for participation in leadership opportunities as upper division students and future community leadership roles.

Office of Student Conduct

SRC 154; 407-823-2851

The Office of Student Conduct addresses alleged violations of the "Rules of Conduct" contained within the student handbook, The Golden Rule. This office is also responsible for advising students of their rights during the Student Conduct Review Process, discipline certification, and student eligibility checks. The Office of Student Conduct annually publishes the student handbook, The Golden Rule, which contains more detailed information on student life. Copies may be obtained at SRC 154, or may be viewed on the web at http://www.ucf.edu/goldenrule. Students are urged to take advantage of the many services and educational programs available through the Office of Student Conduct and the
Office of Student Rights and Responsibilities.

**Classroom Responsibility**

Students are responsible for maintaining classroom decorum appropriate to the educational environment. When the conduct of a student or group of students varies from acceptable standards and becomes disruptive to normal classroom procedures, the instructor has the authority to remove the offending party from the room and refer the student to the Office of Student Conduct for judicial action.

**Student Conduct**

Students are subject to federal and state laws and local ordinances as well as regulations prescribed by the University of Central Florida and the Florida Board of Regents. The breach or violation of any of these laws or regulations may result in judicial action. Detailed conduct regulations and procedures are presented in *The Golden Rule*.

A person applying for admission to UCF who has declared an adjudication of a violation of conduct policies at a previous college or university or a violation of the law that resulted in probation, community service, a jail sentence, or the revocation or suspension of their driver's license (including traffic violations that resulted in a fine of $200 or more) may have circumstances of the case reviewed by the Office of Student Conduct to consider eligibility for admission.

**Office of Student Rights and Responsibilities**

*Director:* Patricia MacKown; SRC 155; 407-823-6960

By offering a wide range of services designed to assist as well as educate students in resolving their disputes, the Office of Student Rights and Responsibilities (OSRR) combines Student Legal Services, Dispute Resolution Services, and the Office of Student Conduct. OSRR provides a forum that contributes to the individual growth and development of the student's knowledge of community responsibilities, due process, conflict resolution skills, and University student conduct rules. Our resources are more effectively used by combining and referring within the judicial knowledge base that exists within these three services.

**Off-Campus Student Resource Center**
The Off-Campus Student Resource Center (OCSRC) assists students in their search for off-campus housing accommodations. The Center provides listings of off-campus apartments and/or resources for students needing to find roommates, storage, sublease, transportation, and furniture rental information.

The Off-Campus Student Resource Center also provides UCF students who live off-campus with information regarding a variety of on-campus programs and services. The Center fosters a supportive environment for off-campus students by providing an advocacy for resolving problems, "on the spot" or through campus referrals, and exploring other available resources for students. Students are encouraged to utilize the services offered by the Off-Campus Center, and to become acquainted with the many benefits the campus has to offer.

Student Recreation Center

Director: Mark Hall; SU 312; 407-823-2117

The Student Recreation Center will open in the fall of 2001. The Center is located on South Gemini Boulevard and offers cardiovascular training equipment, weight training equipment, group exercise rooms, basketball courts, an indoor track, sand volleyball courts, a swimming pool, and a climbing wall. The UCF Wellness Center also is housed in the building. The center sponsors a wide variety of health-related classes, lessons, and programs throughout the year. Playing fields and tennis courts adjacent to the building are available to students when not in use for scheduled events. The Recreation Center is open to all students with a valid UCF ID.

The Recreation Center staff also operates the Lake Claire recreation area, which is located just north of Greek Row. Lake Claire offers picnic facilities, watercraft, and a nature trail. The facilities can be reserved for group activities.

Student Activities, Office of

Associate Director: TBA; SU 208; 407-823-6471

The Office of Student Activities provides programs, resources, and services that enhance student life at the University. The office registers over 200 student organizations (e.g., student government, academic/preprofessional and honorary, sports clubs, military, religious, special interests, minority/international, and service groups) and advises the Campus Activities Board (CAB), the Consultants for Effective Leadership (CEL), the Diversity Dialogue Consultants (DDC), Volunteer
UCF (VUCF), and Emerging Knights (EK). Other programs and services sponsored through this office include the Knights of the Roundtable, Family Weekend, and Senior Salute.

**Student Health Services (SHS)**

**Director:** Robert Faust; SHC; 407-823-2701

Recognizing the importance of lifestyle in health and the prevention of disease, Student Health Services combines quality care for illness and accidents with an aggressive health education and lifestyle enhancement program. A Student Wellness Advocate Team (SWAT) enhances the health promotion efforts of the Wellness Center.

The Student Health Center (SHC) is staffed by physicians, advanced registered nurse practitioners, physician assistants, registered nurses, pharmacists, and a full complement of other medical support personnel. Full referral service to Orlando area specialists is established.

Each health fee paying student is entitled to the benefits provided through Student Health Services, which are outlined in printed material available from the Student Health Center. Most office consultations and programs are provided without additional costs. Laboratory tests, x-rays, medications, and some supplies require additional but significantly reduced payments, which may be made with cash, credit card, personal check, or charged to the student's account.

Optional health and accident insurance may be purchased by response to the mailers or by contacting the Office of Student Development and Enrollment Services, Student Government, or the Health Center Business Office itself at 407-823-1087. Please remember that optional health and accident insurance is not part of the Student Health Services program, but is designed to provide for health coverage needs that are beyond the scope of Student Health Services, such as hospital referrals. Charges incurred outside the Student Health Center are the responsibility of the student.

Testing for HIV (AIDS virus) is not done routinely in the Student Health Services laboratory because a program for anonymous testing is available elsewhere, and because arrangements for highly confidential AIDS testing on campus may be made by calling the HIV AIDS Education Office at UCF-AIDS (407-823-2437). Information concerning these programs may be obtained through the Student Health Center (407-823-2701) during regular hours. When the Student Health Center is closed, students may call the Police Department to obtain help for urgent needs.

**Student Leadership Programs**
Student Leadership Programs serves as an umbrella organization to address leadership education and development issues. It is composed of a team of four offices within Campus Life: LEAD Scholars Program, Office of Greek Affairs, Office of Student Activities, and United Campus Ministries. Student Leadership Programs was created and implemented by staff from the four offices in cooperation with students, faculty, and other community partners. The director of Student Leadership Programs provides administrative oversight.

The primary vision for the area is the development of an intentional and comprehensive leadership development program that targets specific groups and which provides campus-wide opportunities for students regardless of their class standing and/or level of involvement experience. The programs and activities will address both the short and long term developmental needs of students. Programs will vary in duration from a one-day workshop to an extended program that may involve weeks or months. The focus is to provide a variety of programmatic options that recognize students have different needs, time constraints, and levels of interest.

**Student Legal Services**

*Director: Patricia MacKown; SRC 155; 407-823-2538*

Student Legal Services provides students with advice and consultation, including court representation, in selected areas of law such as landlord/tenant, consumer, simple wills, traffic, and criminal. Each eligible student (i.e., an undergraduate or graduate student currently enrolled in UCF) is entitled to consult free of charge with a Program Attorney about any legal matter not excluded by program guidelines. Students in need of legal services should contact Student Legal Services at 407-823-2538, or visit Student Resource Center Room 155. This service is by appointment only and no legal advice is given over the phone.

**Student Union**

*Director: Mark Hall; SU 312; 407-823-2117*

The Student Union is *the* meeting place on campus and provides the campus community with a variety of meeting places, offices, programs, and services. The Union is home to a great variety of restaurants, including Joffrey's Coffee, The Sweet Retreat, Steak Escape, Subway, Wendy's, Sbarro, Baja Burrito Kitchen, Mrs. Field's, Pretzel Time, and Locos Pub and Grill. Retail stores include STA Travel, Sonic Boom CD's, Greek Unique, KnightStop Convenience Store, Knightwear, College Optical, and the UCF Computer Store. Other services located in the Union are the SGA Ticket Center, U.S. Postal Center, and ATM's from SunTrust, Bank of America, Huntington Bank, and the UCF Credit Union.
For information, call 407-823-0001.

Unit of Special Programs

*Assistant Vice President: A.J. Range; MH 282; 407-823-3867*

The Unit of Special Programs is vital to the mission and purpose of the University as it seeks to provide leadership and advocacy in programs and services for students with special needs. These specialized opportunities and services enhance and complement existing support and programs that improve retention and create greater student satisfaction. As a result, the following offices are dedicated to providing an optimal student learning environment.

Creative School for Children

*Director: Dolores Burghard; CSC; 407-823-2726*

The Creative School for Children (Educational Research Center for Child Development) provides an educational program, including kindergarten-first grade, for children two through seven years old. The daily program is planned and conducted by degreed teachers. The program provides a wide variety of experiences in art, music, language, motor skills, science, math, social studies, perceptual development, socialization, and self-discovery. Planned and spontaneous field trips and special family programs are part of the yearly schedule. Experiences in observation and training in academic areas also are made available to University students. Opportunities for educational research are available to university faculty and graduate students. Operating hours are 7:45 a.m. to 5:15 p.m., Monday through Friday. During the Summer semester, the school conducts a Summer Recreational Day Camp for elementary school children.

International Student and Scholar Services

*Interim Director: Wendell Sparks; Barbara Ying Center 106A; 407-823-2337*

The International Student and Scholar Services Office provides assistance and information to the University of Central Florida international community. Its main function is to assist international students and scholars attending UCF in adjusting to the changing lifestyle so as to achieve their educational goals and gain a meaningful living experience in the United States. A wide range of special services is provided to help international students and scholars maintain their non-immigrant visa status. This is done by issuing and processing the necessary immigration documents, such as I-20 A/B and IAP-66, and by interpreting relevant immigration rules and regulations. Counseling and assistance on personal, financial, academic, and cultural concerns also are provided to guide the international students and scholars within the University community. Another important role of the office is to advance the cause of international awareness and cross cultural understanding by the
promotion of many social, cultural, and educational activities of the various international student clubs and organizations.

**Multicultural Academic and Support Services (MASS)**

*Associate Director: Inez M. Ford; MH 145; 407-823-2716*

The Office of Multicultural Academic and Support Services (MASS) provides comprehensive academic support, cultural enrichment, consultation, and referral services that promote the recruitment, admission, retention, and graduation of African American, Hispanic American, Asian American and Native American students. MASS offers personalized advising and support; monitors academic progress; sponsors a six week summer program, Seizing Opportunities for Achievement and Retention (SOAR); and designs and coordinates cultural and social activities to assist multicultural students in realizing their academic, career and personal goals. MASS serves as the focal point of operations in addressing the specific needs, issues and concerns that confront multicultural students at UCF.

**Non-Traditional and Evening/Weekend Student Services**

*Director: TBA; MH 210; 407-823-2691*

The Office of Non-Traditional and Evening/Weekend Student Services is responsible for developing and implementing support services that will enhance the success of adult and evening/weekend students at the University of Central Florida. The office serves as an advocate for adult and evening/weekend students. It works in collaboration with academic and non-academic departments within the University to promote the awareness of adult and evening/weekend students and works with students to solve problems and disseminate pertinent information.

Student Disability Services

Director: Philip Kalfin; SRC 132; 407-823-2371

The Office of Student Disability Services provides information and individualized services consistent with the student's documented disability. Such services may include, but are not limited to, orientation to campus facilities and services, assistance with classroom accommodations, assistance with course registration, disabled parking decals, counseling, and referral to campus and community services for students with disabilities.

To be eligible for disability-related services, individuals must have a documented disability as defined by federal and state laws. Services are available to students whose disabilities include, but are not limited to, hearing impairment, manual dexterity impairment, mobility impairment, specific learning disability (such as dyslexia), speech impairment, visual impairment, or other disabilities requiring administrative or academic accommodations. Individuals seeking services are required to provide documentation from an appropriate health care provider or professional.

If a student needs special admission consideration based on a disability, the student should answer this question on the Application for Admission form and send the requested appropriate documentation to the Undergraduate Admissions Office. Students who have a disability that may require special assistance are requested to voluntarily contact the Office of Student Disability Services. All information is confidential and will be used only to assist the student. Information and assistance are available for faculty members working with students with disabilities. A Telecommunication Device for the Deaf (TDD) is available for hearing-impaired or speech-impaired persons with TDDs to contact the University. Telephone 407-823-2116 for TDD calls only.
Student Outreach Programs

Program Coordinator: Robin Holmes; TR 547, Room 101; 407-823-5580

The primary mission of Student Outreach Programs is to attract, motivate, and prepare select underrepresented student groups to complete a college education. These students are provided with essential information, educational materials and collegial experiences to enhance their preparation for post-secondary study.

A myriad of pre-collegiate programs are administered by Student Outreach. The College Reachout Program (CROP) is supported by the Florida Department of Education and provides campus and school-based programs to strengthen the success skills of students in grades 6-12. The UCF McKnight Center of Excellence is housed at the Callahan Neighborhood Center and offers direct access to the community-based programs for students at every grade level. Community partnerships help to identify high potential students, offer volunteer support and make significant contributions to support program goals and objectives.

Throughout the year, workshops, seminars and other activities and events are sponsored to support the student's personal development and academic achievement. Students are invited to the UCF campus for summer programs that provide an early introduction to college life and which equip students with unique approaches to attain college preparedness.

Veterans' Affairs

Assistant Director: Scott A. Shorr; MH 149; 407-823-2707

The Office of Veterans' Affairs (OVA) is a center for all veteran students and eligible dependents who are using VA educational benefits to further their education. The office has a professional staff augmented by student veterans who assist in providing information concerning entitlements, filing claims to the Department of Veterans Affairs (DVA), and certifying enrollment at the University. The office also provides counseling for personal and academic concerns, tutorial assistance, and referral to various community agencies. Veterans and eligible dependents must be certified through the Office of Veterans' Affairs to receive DVA educational benefits. The office monitors the academic progress of all those receiving DVA educational benefits. All veterans and eligible dependents are urged to consult the Office of Veterans' Affairs early in the UCF admissions process.

Veterans' Benefits
Students who are entitled to DVA educational benefits must make initial contact with the Office of Veterans' Affairs. To maintain eligibility for DVA education benefits, students must adhere to the policies and procedures contained in the UCF "Student Veteran Handbook" and DVA rules and regulations. A copy of the "Student Veteran Handbook" can be obtained at the Office of Veterans' Affairs.

The OVA evaluates and awards transfer credit for military training and education in accordance with Department of Veterans Affairs regulations and UCF policies. Credit is awarded for schools and courses only. Transfer credit is not awarded for experience, military skills level and/or special certifications. In addition, no credit is awarded for Basic Military Training. Transfer credit is awarded per the recommendations of the American Council on Education (ACE) Guide, based upon courses and/or training listed on the DD Form 214 or other official military records. U.S. Air Force veterans are asked to provide official copies of Community College of the Air Force transcripts to the Admissions office.

Students eligible for DVA education benefits also may be eligible for a VA Deferral of tuition and fees. The VA Deferment due date is contained in the "Academic Calendar" of this Undergraduate Catalog. Students eligible for financial aid adequate to cover tuition and fees are not eligible for this deferment.

For Fall and Spring semesters, undergraduates must carry at least 12 semester hours for full-time DVA benefits, 9-11 semester hours for three-quarter time benefits, and 6-8 semester hours for half-time benefits. Five semester hours or less will be reimbursed at cost of tuition and fees or quarter-time depending on DVA Chapter. Check with OVA for summer course load requirements.

Students intending to enroll concurrently at UCF and another institution have the option of receiving DVA benefits, but first must consult with the Office of Veterans' Affairs and obtain a "Transient Permission Form" from their academic advising office. Veterans and eligible dependents who desire to change their major, or who pursue a double major or dual degree, or who add a minor also may receive VA benefits but must make arrangement through the Office of Veterans' Affairs before taking any of the new courses. This includes a minor in military sciences. Note: some majors have room in the program for extra electives that can be filled with courses for a minor or for another major.

To receive veterans' educational benefits, students must maintain satisfactory academic progress and conduct. Accordingly, benefits will be terminated for individuals who are disqualified, excluded, suspended, or expelled from the University. If reinstated by the University following disqualification, exclusion, suspension, or expulsion, the veteran or eligible dependent must contact the Office of Veterans' Affairs to have their DVA educational benefits re-started. Individuals placed on academic probation will continue to receive benefits as long as he or she earns a 2.0 or higher GPA each
semester. For students who fail to maintain satisfactory academic progress, benefits will be terminated once the required semester hours of course work for the program of study are completed, regardless of the GPA or eligibility for graduation.

Veterans and eligible dependents also may draw VA benefits during the periods of eligibility while on cooperative education assignments. Payment is received during both the on-campus semester and the off-campus work terms. Contact the Office of Veterans' Affairs at 407-823-2707 for more specific benefit information on cooperative education.

**Student Financial Assistance**

*Executive Director:* Mary H. McKinney; MH 120; 407-823-2827; For appointment 407-823-5285

This office's primary role is to provide financial assistance to students and families, allowing them to participate fully in the total educational experience. The office is responsible for coordinating and processing all resources for both undergraduate and graduate students. It serves also as the Undergraduate Student Personnel Office. Students may contact the Office of Student Financial Assistance to receive individual, comprehensive counseling by telephone or to schedule an appointment with a counselor. The office provides a complete line of services regarding financial assistance to all students. For more detailed information, visit our website at [http://www.ucf.edu](http://www.ucf.edu).

**Student Government**

*Director:* Sharon Ekern; SU 214; 407-823-2191

Student Government's (SG) purpose is to represent student views on issues affecting UCF and to promote progressive changes that improve campus life. In advocating better communication and understanding among the UCF family, Student Government also provides numerous services that affect student life. These services currently include computer labs, discount tickets to movie theaters and theme parks, free local calling on campus telephones, funding for legal services, recreational services and Campus Activities Board programming. Money allocated by Student Government for these services comes from activity and service fees that students pay during registration. Additionally, UCF clubs and organizations may receive funding for events, projects and travel to conventions. SG coordinates its efforts with the Florida Student Association in lobbying for students' rights on local, state and national government levels.

Student Government's structure is modeled closely after the United States federal government system
in that it contains three branches: executive, legislative, and judicial. The executive branch, composed of the Student Body President, Vice President, Executive Vice President, cabinet, and staff, oversees the daily administrative operation of Student Government. The legislative branch funds campus clubs and organizations and also passes bills and resolutions benefiting the student body. The judicial branch oversees hearings concerning constitutional and legislative issues.

All students are encouraged to take an active role in Student Government. For information outlining how to become involved with SG or how your club or organization can receive funding, contact the Student Government Association offices located in SU 214 (407-823-2191), or visit the Student Government web page at http://www.sga.ucf.edu.

Undergraduate Admissions

Executive Director: Gordon D. Chavis, Jr.; MH 161;
407-823-3000; email: admission@mail.ucf.edu;
website: http://pegasus.cc.ucf.edu/~admissio/

The Office of Undergraduate Admissions at the University of Central Florida coordinates the admission and enrollment of all undergraduate first-time-in-college, transfer, non-degree, and non-Florida state university transient students to the Orlando, Daytona, and Brevard campuses. The office's primary mission is to identify, attract, and enroll talented, diverse, and academically qualified students who will contribute to and achieve growth and success at the University of Central Florida.

The office administers several programs for prospective students and parents, including daily tours and information sessions, open houses, area receptions for admitted students, and high school and community college visits by admission counselors. It also provides the opportunity to meet one-on-one with an admission counselor on campus. Please contact the office at 407-823-3000 or visit our website for further information. Office hours are: Monday/Thursday 9:00 a.m. to 7:00 p.m., Tuesday/Wednesday/ Friday 9:00 a.m. to 5:00 p.m.
The Office of Undergraduate Admissions at the University of Central Florida coordinates the admission and enrollment of all undergraduate first-time-in-college, transfer, non-degree, and non-Florida state university transient students to the Orlando, Daytona, and Brevard campuses. The office's primary mission is to identify, attract, and enroll talented, diverse, and academically qualified students who will contribute to and achieve growth and success at the University of Central Florida.

The Office of Undergraduate Admissions seeks to attract students who are motivated, creative, and committed to academic excellence. The office will accomplish this through personal contacts, strategic communication, information management, and targeted recruitment. The office is dedicated to providing quality customer service through effective teamwork and through the development of collaborative partnerships with both internal and external communities.

The office administers several programs for prospective students and parents, including daily tours and information sessions, open houses, area receptions for admitted students, and high school and community college visits by admission counselors. It also provides the opportunity to meet one-on-one with an admission counselor on campus. Please contact the office at 407-823-3000 or visit our website for further information. Office hours are: Monday/Thursday 9:00 a.m. to 7:00 p.m., Tuesday/Wednesday/ Friday 9:00 a.m. to 5:00 p.m.

**Campus Tours**

Tours of campus are available to all interested individuals and are an excellent way to view first-hand the facilities offered at the University. Campus tours are conducted by trained student volunteers and
last approximately one hour. Appointments are not necessary.

Tours leave from the information booth on the second floor of Millican Hall at 10:00 a.m. and 2:00 p.m., Monday through Friday, excepting holidays. Group tours or special requests may be scheduled by calling Undergraduate Admissions at 407-823-5830.

Students are invited to participate in an information session held immediately after each campus tour. These sessions provide general information about the University and the application process. Personal interviews also are available and are encouraged for those students who are finalizing their college plans. Appointments for personal interviews can be made by calling the Undergraduate Admissions Office at 407-823-3000.

**Application for Admission**

All interested applicants should complete the "State University System Application for Admission" or the University of Central Florida "Undergraduate Admissions Application" and include a $20 in U.S. Currency, non-refundable application fee. Students also may apply online at our web site, [http://pegasus.cc.ucf.edu/~admissions/](http://pegasus.cc.ucf.edu/~admissions/). Students should apply **several** months in advance of an anticipated start date. Mail admission applications to: Undergraduate Admissions Office, University of Central Florida, P.O. Box 160111, Orlando, FL 32816-0111. Questions concerning admission requirements and applications should be forwarded to the same address or by calling 407-823-3000.

Applications for admission will be accepted up to one year prior to the start of the term desired. The priority application deadlines are May 15 for the Fall semester, November 15 for the Spring semester, and March 15 for the Summer term. The priority deadline for most financial assistance and scholarships is March 1. Information and an application for University housing are sent at the time of admission to the University. Requests for housing are subsequently reviewed by date of the receipt of the housing application. **The University encourages applications from qualified persons of both sexes and from all cultural, racial, religious, and ethnic groups. The University does not discriminate on the basis of disability for admission.**

Applicants should understand that this *Undergraduate Catalog* outlines minimum requirements to be considered for admission and that admission to the University is selective. The satisfaction of minimum requirements **does not** automatically guarantee admission. Conversely, Florida Board of Regents policy allows the University to admit students to any semester as exceptions to the minimum requirements. The Undergraduate Admissions Office and the Admissions and Standards Committee are responsible for the admission of all undergraduate students under this policy.

Applicants must request that official transcripts from each educational institution attended be forwarded directly to the Undergraduate Admissions Office. To be considered official, all supporting
admissions documents must be received directly from the issuing institution or testing agency. All final supporting documents (official transcripts and test scores) must be received by Undergraduate Admissions no later than 10 days after the first day of classes.

Note: Furnishing false or fraudulent statements in connection with an application for admission or residency affidavit may result in disciplinary action, denial of admission, and invalidation of credits or degrees earned.

Those enrolled students who have not submitted official completed records by the deadline will be placed on administrative hold. Students with these incomplete records will not be permitted to register for a future term until all official transcripts and other required documentation have been received. If, upon review of final transcripts, student records are not satisfactory, they may be placed on academic probation, have their admission status changed to non-degree or transient status, may become ineligible for financial assistance, and may, in some cases, be withdrawn from the University. In addition to the required documentation mentioned above, students must have a satisfactory conduct record at all schools attended.

Reactivation

Students who have submitted an application to UCF and do not attend, may reactivate the original application within one year of the term for which they first applied. To update the application, students should request and complete a reactivation form by the published application deadline date. This form is available in the Undergraduate Admissions Office or by calling 407-823-3000. This process reactivates the application only; additional credentials may be required. Students will be reevaluated for admission to the new term for which they are applying.

Limited Access Programs

Admission to the University does not guarantee admission to a limited access program. Some majors at the University limit the number of students who may enroll. Limited access status occurs when student demand exceeds available resources (e.g., faculty, instructional facilities, equipment) or when specific accrediting requirements apply. Criteria for admission are selective and include: indicators of ability and indicators of performance, creativity, or talent to complete required work within the program. For admission to limited access programs, community college transfer students with Associate of Arts degrees from Florida public community colleges are given equal consideration with UCF students. Admission to such programs is governed by
Orientation

All undergraduate degree-seeking students are required to attend orientation prior to enrollment. Orientation information is mailed to all students offered admission to the University.

Admission Categories

Students may submit applications to the University for one of the following categories:

A. Freshman (First-Time-In-College)
B. Dual Enrollment (includes early admission and dual enrollment, on- or off-campus)
C. Transfer
D. Second Bachelor's Degree
E. Transient (one term enrollment only, not from a Florida public university)
F. Non-Degree Seeking

Freshman Applicants

Any FTIC student who meets (BOR) minimum admission requirements is encouraged to submit an application. Meeting these minimum requirements does not guarantee admission. The University will do everything possible to accept all qualified applicants who apply by the priority deadline date. If the number of qualified applicants exceeds the number the University is permitted to enroll, admission will be on a selective basis. An applicant's total high school record (including grades, test scores, educational objective, pattern of courses completed, counselor recommendations, essay, and personal achievements and honors) will be considered in the selection process. The University reaffirms its Equal Educational Opportunity (EEO) commitments and seeks to increase the enrollment of multicultural students.

High School Diploma

Freshmen who are applying for admission to the University are required to have a high school diploma or a General Equivalency Diploma (GED).
**Entrance Examination Scores**

All applicants for admission must submit test scores from the Scholastic Aptitude Test (SAT I) or from the American College Test (ACT). In addition, any student whose native language is not English may be required to submit a Test of English as a Foreign Language (TOEFL) score.

**High School Academic Units and Grade Point Average**

All applicants must have earned a minimum number of high school academic units (year-long courses that are not remedial in nature) to be considered for admission. A grade point average (GPA) will be computed only on academic courses. Grades in honors courses, advanced courses, International Baccalaureate, and Advanced Placement (AP) courses will be given additional weight in the computation of the academic GPA. The high school academic unit requirements are as follows:

* No minimum score required.

Each SUS university reserves the right under BOR rule (6C6.002) to establish admission criteria that exceed BOR minimums.

# Admission into the University is limited by space availability. The degree of competition for space depends on the number and qualifications of those who apply for admission. To increase the chance of admission, high school students should present credentials that are stronger than the minimum requirements for consideration as listed above. If the number of qualified applicants exceeds the number that the University is able to enroll, a waiting list will be established.

# A student applying for admission who does not meet established requirements may bring to the University other important attributes or special talents and may be admitted if, in the judgment of the
Admissions and Standards Committee, the student can be expected to do successful academic work. The University will provide appropriate advising for each student admitted under this alternative.

Students who have been enrolled in dual enrollment courses will be required to have a minimum "C" average (2.0 GPA) for all completed dual enrollment course work.

Any student admitted without two years of one foreign language in high school or the equivalent (minimum eight semester hours) at the post-secondary level, must satisfy this admission requirement prior to earning 60 semester hours of credit.

Dual Enrollment Applicants

High School students who have demonstrated exceptional academic ability may be permitted to enroll as University students while completing their high school programs. There are three types of dual enrollment programs:

1. Early Admission is for students who have completed their junior year in high school and would like to enroll at the University as full-time students for their senior year of high school. Students must submit an application for admission by the published application deadline date. In addition the following information is required:

   # official copy of high school transcript(s);
   # official copy of Scholastic Aptitude Test (SAT I) or American College Test (ACT);
   # written letter of recommendation from high school counselor;
   # written permission from parents or legal guardian.

2. Dual Enrollment On-Campus is for students who desire to dual enroll on a part-time basis, taking one or two courses on campus, while completing their high school course work. Students must submit an application for admission by the published application deadline date, as well as all items listed above.

3. Dual Enrollment Off-Campus is for students whose high schools sponsor on-site courses at specific high schools. Students earn both high school and college credit for successful completion of course work. Each respective high school selects students who are eligible to participate in these programs. Contact your high school guidance office for detailed information.

Transfer Applicants

UCF welcomes transfer applicants to the University. Students should submit either the State University System application, the University of Central Florida Undergraduate Admissions Application, or apply on-line at [http://pegasus.cc.ucf.edu/~admission/application](http://pegasus.cc.ucf.edu/~admission/application), and arrange to have official transcripts sent from all colleges attended. The Undergraduate Admissions Office computes a grade point average (GPA) for each institution attended, as well as a cumulative GPA on all college courses attempted. This computation does recognize plus or minus grades effective Fall 2001, but only recognizes grade forgiveness when it is used as part of an Associate of Arts degree from a Florida public community college or Florida public university, with the exception of courses taken previously at UCF. Applicants must have a current minimum cumulative GPA of 2.0, and must have a minimum GPA of 2.0 and be eligible to return as a degree seeking student to the last institution attended to be considered for admission to UCF. Meeting these minimum requirements does not guarantee admission.

Transfer students are required to complete 30 hours in residence at UCF to earn a bachelor's degree. In addition, students must complete 48 hours in residence at UCF to be eligible to receive baccalaureate honors recognition at the time of graduation.

Transfer students are encouraged to review the current edition of UCF's "Transfer Counseling Manual" available in Florida public community college counseling offices. The manual provides the recommended community college course requirements for all majors as well as other helpful information.

**Transfer Applicants With Fewer Than 60 Credit Hours**

All college transfer applicants with fewer than 60 semester hours of acceptable credit must minimally meet freshman high school unit entrance requirements, the high school academic GPA, and minimum SAT or ACT scores (as listed on previous page); have at least a 2.0 GPA on a 4.0 system for all college-level academic courses attempted; and be in good standing (minimum 2.0 GPA) and eligible to return as a degree-seeking student to the last institution attended. Meeting these minimum requirements does not guarantee admission.

**Transfer Applicants With an A.A. Degree From a Florida Public Institution**

Admission of Associate of Arts (A.A.) degree graduates from Florida public community colleges and Florida state universities will be governed by the Articulation Agreement between the state universities and public community colleges of Florida, as approved by the Board of Regents and the State Board of Education. The agreement states that except for limited access programs, admission as a junior to the upper division of the University shall be granted to any graduate of a state-approved
Florida community college or State University System institution who transfers directly to UCF (see Rule 6A-10.024 below), who has completed the university parallel program; and who has received the Associate of Arts degree, which includes all of the following:

- At least 60 semester hours of academic work exclusive of occupational courses and basic required physical education courses;
- An approved general education program of at least 36 semester hours;
- A GPA of at least 2.0 on a 4.0 system for all college-level academic courses attempted. (Only the final grade received in courses repeated by the student shall be used in computing the average.); and
- One year of college instruction in a single foreign language. (This requirement applies to those students without the required two units of foreign language in high school.) Students who receive an Associate of Arts degree from a Florida public community college or university prior to September 1, 1989, but who have not met the foreign language requirement may be admitted to the University on a provisional basis.

Any student admitted without two years of one foreign language in high school or the equivalent (minimum eight semester hours) of such instruction at the post-secondary level, must satisfy the admission requirement prior to graduation. Florida Community College Associate of Arts graduates are guaranteed the following rights under the Statewide Articulation Agreement (State Board of Education Rule 6A-10.024):

1. Admission to one of the ten state universities, except to "limited access" programs (programs that have additional admission requirements);
2. Acceptance of at least 60 credit hours by the state universities toward the baccalaureate degree;
3. Transfer of equivalent courses under the statewide Course Numbering System;
4. Acceptance by the state universities of credit earned in accelerated programs (e.g., CLEP, AP, PEP, Dual Enrollment, Early Admission, and International Baccalaureate);
5. No additional General Education Core requirements;
6. Advanced knowledge of selection criteria for limited access programs; and
7. Equal opportunity with native university students to enter limited programs.

Should any guarantee be denied, students have the right of appeal through the Office of Transfer Services.

Transfer Applicants - More Than 60 Hours, Have Not Received an A.A. Degree From a Florida Public Institution
Undergraduate transfer applicants who desire to be admitted as upper division students must have met all of the following requirements:

# A minimum of 60 semester hours of academic course work;
# The English and Mathematics requirements of the Gordon Rule; and
# A minimum of eight semester hours of college instruction in a single foreign language. This requirement applies to those students without the required two units of a single foreign language in high school.

**Second Bachelor's Degree Applicants**

Second Bachelor's Degree applications are processed by the Undergraduate Admissions Office or the Registrar's Office. Guidelines for which office students should make application to are outlined as follows:

# Students **who have never attended** the University of Central Florida as degree seeking undergraduate students must apply to the **Undergraduate Admissions Office**. Students should complete the regular undergraduate admissions application form.

# Students **who have attended** the University of Central Florida as a degree-seeking undergraduate student should apply through the **Registrar's Office**. These students complete the "Readmission Application" form.

**Credits From a Previous Baccalaureate Degree**

Graduates from other regionally-accredited four-year U.S. institutions who apply for admission to work toward a second undergraduate degree must meet the regular requirements of the University (as defined in the "Undergraduate Degree Requirements" section of this **Undergraduate Catalog**). Students must meet all transfer GPA requirements. A baccalaureate degree or higher from another accredited four-year U.S. institution satisfies the General Education Program requirements and also provides exemption from the foreign language requirements for admission and graduation.

**Transient Student Applicants**

A student in good standing with a minimum 2.0 GPA at the last regionally-accredited institution
attended who desires to enroll for one term at UCF may be considered for admission as a transient student. Such enrollment terminates at the end of one term and does not presuppose regular acceptance to the University. A transient student must submit an official transcript from the last institution attended. Transient student applications must be received by the appropriate application deadline. If a student's last school of attendance is a Florida public university, please refer to the "Registrar's Office" section of this Undergraduate Catalog. Transient students are not eligible to receive financial aid. Registration is permitted on a space-available basis.

Non-Degree-Seeking Applicants

This classification allows qualified students to enroll in selected courses at the University without satisfying requirements for admission to degree-seeking status. Successful completion of courses while in this classification does not guarantee regular admission at a later date. Non-degree-seeking status is granted in exceptional cases only, and will usually be reviewed by the Admissions and Standards Committee. The following regulations will apply to non-degree-seeking students:

1. Students are required to provide evidence of their educational qualifications for attending classes in order to meet the intent of this enrollment classification;
2. Non-degree-seeking students are subject to the same rules and regulations as degree-seeking students;
3. Registration is permitted on a space-available basis;
4. A maximum of 15 undergraduate baccalaureate semester hours earned as a non-degree-seeking student may be applied toward a degree if a non-degree-seeking student is later accepted as a baccalaureate student;
5. International students may not register as non-degree-seeking since immigration regulations prevent foreign nationals from enrolling without admission to a degree or certificate program; and
6. Non-degree students are not eligible to receive financial aid nor to participate in intercollegiate sports.

International Applicants

The University of Central Florida is authorized under federal law to enroll non-immigrant alien students. All international candidates applying for admission to UCF must submit a "State University System Application," a University of Central Florida "Undergraduate Admissions Application", or apply online at http://www.ucf.edu. Because of additional processing time needed for International Students, those students should submit the application as early as possible, but no later than May 1 for
the Fall Semester, and November 1 for the Spring Semester. To complete the application, please follow the steps below.

# Submit the completed UCF admissions application form with the required $20.00 application fee (check or money order for U.S. currency). An on-line application is available on our web site at http://www.ucf.edu.

# Students who attended an international secondary school that uses a grading and evaluation system different from the U.S. system will need a document-by-document evaluation of the secondary school record in English. This record, which should include performance evaluations, grades for work completed over a period of at least three years, as well as any certificates earned, should be sent to one of the agencies listed below. They will translate it if necessary, evaluate it, and then send their evaluation directly to UCF. A grade point average should be calculated on this evaluation.

# If the student has attended any international universities, an English translation and evaluation of work completed at each institution will be necessary. Transcripts should be sent to one of the agencies below for a course-by-course evaluation. Please note that if 60 or more semester hours have been earned at a post-secondary institution, it will not be necessary to submit the secondary school records.

# Results of the TOEFL (Test of English as a Foreign Language) may be required of students whose first language is not English. Information about this examination can be obtained from TOEFL, P.O. Box 6151, Princeton, New Jersey, 08541-6151.

# Results of the SAT or ACT will be required if the student has earned less than 60 semester hours of college credit. Information regarding these examinations may be obtained from the College Board (SAT), P.O. Box 592, Princeton, NJ, 08540 or from ACT, P.O. Box 414, Iowa City, Iowa, 52243. While there are no specific minimum score requirements on these examinations for admission, they are used in conjunction with other required credentials, and students should prepare sufficiently to achieve the highest possible score on these exams.

Applicants must file a "Confidential Financial Statement" with the International Student Services Office confirming availability of finances for the first year of study. This statement must be on file prior to the issuance of the appropriate immigration papers. The Undergraduate Admissions Office may require additional documents and/or official transcripts before an admission decision is made.

**Educational Translations and Evaluations**

Foreign diplomas must meet the requirements specified in Florida Statutes, section 229.814. UCF will accept English translations and evaluations of academic credit from these agencies:
International Student Mandatory Health and Accident Insurance

Each international student accepted for admission shall, prior to registration for classes, submit proof of compliance with the State University System of Florida's mandatory health and accident insurance requirement. Minimum coverage limits may be obtained from the Office of International Student Services. Written proof of insurance must also be provided. If insurance is issued by a foreign carrier or underwriter, a statement must be provided in English to assure that the policy meets the State of Florida minimum levels of insurance coverage.

The University reserves the right to refuse registration to any international student who fails to comply with this insurance requirement or who is unable to supply satisfactory proof of insurance. The University also reserves the right to withdraw from classes any international student who fails to maintain insurance coverage, cancels insurance coverage, or avoids in any way the responsibility to comply with the insurance requirement.

Transfer Credit: All Applicants

All grades from a regionally-accredited college or university in transfer courses that are normally part of a baccalaureate degree program are shown on the student's permanent UCF record. Effective Fall 2001, the University recognizes a grading system of plus or minus. In addition, grade forgiveness is honored only if it has been awarded as part of an AA or a specific statewide articulated AS degree from a Florida public community college. Credit is not awarded based on job descriptions, CLEP scores below the 50th percentile, life experience, or course work that is non-academic.

Accredited Institutions

For the purposes of this Undergraduate Catalog "Accredited Institutions" means those colleges and universities accredited by any of the following six regional associations:
The accreditation status of all foreign institutions must be evaluated through either Josef Silny and Associates, Inc., or World Education Services.

All college level credits earned for which official transcripts have been submitted will be compiled into a "Transfer Summary Report" (TSR) soon after the student is admitted. Some credits listed on the TSR may not be applicable toward graduation course requirements. The TSR will be the basis for constructing a "SASS Degree Audit," which applies earned credits to the intended degree program. This provides the student with an assessment of which degree requirements have been met and what remains to be satisfied. Although all college-level course work transferred from a regionally accredited institution is shown on the TSR and the UCF transcript, applicability of the course toward a degree is determined by the college/school/department of the major.

General Education Transfer Credits

Transfer students from Florida public community colleges or universities may satisfy the General Education Program requirements of UCF by completing the general education program prescribed by that institution. Transfer applicants with incomplete general education programs will have their credits evaluated on a course-by-course basis at UCF.

Credits From Private and Out-of-State Institutions

Transfer credit from private junior and senior colleges and out-of-state institutions will be evaluated on a course-by-course basis. Each student must submit the necessary petition(s) to the appropriate office(s) to determine which courses will transfer with regard to degree progress at UCF. Transfer
courses that meet the requirements of the General Education Program and the Gordon Rule are determined through the process described in the "University Degree Requirements" chapter of this Undergraduate Catalog. Petition procedures vary by college. Generally the petitioning of transfer courses for satisfaction of college and major requirements should be done during the second full term of the student's residency at UCF so that the accepted transfer courses are understood clearly by the student and the faculty advisor early in the student's program.

Credits From Military Service School Courses

Completed military service school courses may be evaluated on the basis of the recommendations of the American Council of Education (ACE) when official credentials have been properly presented. While credit may be granted when courses are equivalent to those offered by the University, recommendations by the ACE are not binding upon the University.

Military credit is not accepted through transfer unless used as part of an Associate of Arts degree from a Florida public community college. Even though military records may have been evaluated by another regionally-accredited institution, it is important to have official credentials sent to the University for evaluation. Credit is not awarded for basic training.

Baccalaureate Honors

Transfer students should be aware that eligibility for graduation with baccalaureate honors requires the completion of a minimum of 48 semester hours at UCF and is based on an overall grade point average. For more details, refer to 'Academic Honors' within the "Academic Regulations and Procedures" section of this Undergraduate Catalog.
Students are encouraged to apply for financial assistance by completing the "Free Application for Federal Student Aid" (FAFSA). The following Financial Assistance policies and procedures are based upon federal, state, and University regulations current for the 2001-2002 academic year. Regulations are subject to change at any time.

Determining Eligibility

In order to qualify for federal and state financial aid programs, a student must be a citizen or permanent resident of the United States, the Mariana Islands, or the Pacific Trust Territories. Some financial aid programs are available to part-time students; generally at least six credit hours enrollment per term is required. Pell Grants are available to some students attending for less than six hours.

The Student Financial Assistance Office encourages all students to apply for financial aid and to begin the process early. There are many grant, loan, and employment programs available. Most programs require the determination of financial need.

Financial need is calculated by a federal processor who uses a standardized formula: financial need equals the cost of education (specific to the school to be attended) minus the expected family contribution (specific to each applicant) and minus any Veteran's Educational Benefits or other expected resources available. Students and/or parents provide detailed financial information on a Free Application For Student Aid (FAFSA) which generates a need analysis. The results are forwarded to the UCF Student Financial Assistance Office by the federal processor.

More Specific Eligibility Requirements are Listed Below:

- The applicant must have a high school degree and must not be enrolled in an elementary or secondary school.
- The applicant must be admitted as a degree-seeking student at UCF in an eligible program.
- The applicant must be a U.S. citizen or an eligible non-citizen (e.g. resident alien).
Eligible non-citizens include I-151, I-551 and I-688 cardholders as well as some I-94 classifications.

- The applicant must be maintaining Satisfactory Academic Progress toward his/her degree. See the 'Satisfactory Academic Progress Policy' in this chapter.
- The applicant must not be in default on any Federal Student Loan and must not owe a repayment on any grant program.
- The male applicant must be registered with Selective Service (if applicable).
- Students may not receive aid in excess of the published cost of attendance (Refer to 'School Costs' in this chapter).
- The applicant must not have received Federal loans in excess of the established annual or aggregate limits.
- The applicant must show a financial need as computed on the FAFSA (for need based programs).
- The applicant must meet minimum hours of enrollment and other program-specific criteria.

**UCF Application Deadlines**

To be considered for the full range of aid available for the academic year (beginning with the Fall Semester), the need analysis report must be received from the federal processor by March 1 of the preceding spring.

- Incoming students should not wait to be admitted to UCF before applying for financial aid
- All students must **reapply yearly** for financial aid
- Federal Pell Grants and Federal Stafford Loans are available on a year-round basis. Students may apply for financial aid in advance of any term and receive aid from these programs if eligible
- Students who apply for aid after July 15, should not expect their aid to be paid until well after the beginning of the Fall semester

**Application Procedures**

The following steps can take four to six weeks to complete. Students should apply well in advance of the March 1 deadline of the year for which aid is being requested. Students who desire to enter UCF in spring or summer term must also apply by the March 1 deadline of the preceding Spring in order to be considered for the maximum aid available.

1. **File a Free Application for Federal Student Aid**

UCF requires that the student complete the Free Application for Federal Student Aid (FAFSA) or Renewal FAFSA.

**Note:** The results of the student's FAFSA must be in the financial assistance office by March 1 for the next fall and spring semesters, to meet our priority deadline, so that the student may be considered for
all aid available.

Students should read the instruction booklet carefully as they fill out the form. Errors and omissions can prevent the student from receiving aid for which he or she could be eligible. **Keep copies of all documents filed.** Students may use the financial assistance office website to electronically complete the FAFSA.

Follow-up promptly on all corrections to the FAFSA. If the student's record is "rejected in analysis" by the federal processor, the student should provide them with the information they request as soon as possible. Processing of the student's file will be held up until corrections are made.

**2. Request Financial Aid Transcripts** (in addition to academic transcripts)

Students applying for financial aid at UCF starting with the fall semester of any year are **not** required to provide financial aid transcripts. However, mid-year transfer students (i.e., those students who will not attend until spring or summer) **must** provide a financial aid transcript from every school attended during that school year, whether or not any financial aid was received.

To request financial aid transcripts, students provide the school with their SSN and the name under which the student attended that school. Ask the school to make sure the student's SSN is on the transcript sent to UCF. Allow two to four weeks for processing. If the student is enrolled at another institution at the time of the UCF application process, he or she must wait until completing that term of enrollment **before** requesting the financial aid transcript.

**3. Follow-Through**

The student's application will not be complete until all documents requested have been filed and reviewed in the financial assistance office. Whenever the student receives financial aid correspondence, he or she should review it thoroughly and follow directions promptly. Delays can be frustrating, as well as costly.

**4. Verification**

Federal regulations require that some students verify the information submitted on their applications. If selected for verification, the student will be asked to provide additional information (such as copies of tax return forms, documentation of household size, untaxed income, etc.). It is not unusual for additional documents to be requested after the initial review of the file. Prompt response to requests for additional documentation will expedite completion of this process. Financial aid cannot be processed or received until verification is complete and all necessary corrections have been made.

**5. Professional Judgment**

Students should contact the Student Financial Assistance Office for an appointment with a counselor if they experience an extenuating circumstance that they were not able to state on the original FAFSA.

**6. Award Notification**
Award and important additional information will be sent to the student after the Student Financial Assistance Office processes the data. The student may provide loan processing information at that time (AFTER APRIL 2001) by completing the Federal Stafford Loan Response Form.

**HELPFUL TIPS:**

- Make a *copy* of tax return forms before submission to IRS.
- Start a folder NOW to save financial aid information and photocopies of all documents filed and received.
- Include student's name and SSN on all documents submitted to Student Financial Assistance.
- Maintain a current address in the Registrar's Office; all financial aid correspondence is mailed to that address.
- Complete all items necessary to apply for both a Federal Pell Grant and a Federal Stafford Loan, even if it doesn't seem advantageous at the time. The law requires that students be considered for a grant before a loan is offered; choosing a lender now does not obligate the student to process a loan, but will make it easier if additional funds are needed.
- **On-line access is available at [http://www.ufc.edu](http://www.ufc.edu)**
- If the student has extenuating circumstances or runs into major problems at anytime, call our appointment line, 407-823-5285, to meet with a counselor.

**Office Hours:**

Monday: 9:00 AM - 7:00 PM  
Tuesday/Wednesday/Friday: 9:00 AM - 5:00 PM  
Thursday: 1:00 PM - 7:00 PM  
Call 407-823-2827 for other information.

**Transfer Students**

Students transferring into UCF after the **Fall** semester, (i.e., mid-year transfers) **must** provide UCF with a financial aid transcript from every post-secondary school attended in that academic year, whether or not financial aid was received. If the student is eligible to receive aid at another institution for the academic year in question, please be aware that the only transferable programs are the Federal Pell Grant and the Florida Bright Futures Scholarships. The student must apply for a Federal Stafford Loan at UCF.

**To apply for financial aid at UCF**, complete all the application procedures listed with one exception. If a need analysis for the year in question has already been filed, the student need only request that the processor forward the information to UCF Code 003954by utilizing Part II of his/her SAR, or by calling 1-800-4-FED AID. **To transfer the remainder of a Federal Pell Grant**, a student must contact the Federal Processor to request financial aid data be sent to UCF, Code 003954.
by utilizing Part II of his/her SAR, or by calling 1-800-4-FED AID.

Dual Enrollment

Students who have been approved to take classes at another institution may have those hours counted toward meeting financial aid requirements at UCF by:

- Submitting to the Student Financial Assistance Office a legible copy of a completed "UCF Transient Student Form" with all required signatures. The form is available from the department of the student's major. This will confirm that the hours will be accepted by UCF toward the degree.

- Submitting a copy of the student's registration form and/or invoice confirming that he or she actually enrolled for the hours appearing on the "Transient Student Form."

- Students must submit the requested information before the withdrawal deadline of the semester in which aid is to be disbursed.

- Dual enrolled students must make arrangements for paying tuition and fees at the visited school, since there is no deferral mechanism. In addition, it is the student's responsibility to assure that the visited school promptly furnishes UCF with academic transcripts, confirming that the attempted hours are completed. Transcripts or grades should also be submitted to the Student Financial Assistance Office. This will help avoid academic progress problems. If the student expects to receive funds under any of the Federal Loan Programs, he or she must enroll for a minimum of six hours at UCF in UCF classes to meet eligibility requirements.

- Students may not receive financial aid from two institutions at the same time. The student must decide which of the two institutions is the primary school at which he or she are degree-seeking and apply for aid there. Students will sometimes be paid aid at both schools if the schools are not aware of the dual application; however, a monitoring system has been put into place at the federal level to identify these students. This will result in a mandatory repayment back to one of the two schools for the overpayment.

Independent Student Status

The financial resources of parents do not have to be included in the determination of student's financial need if the student is:

- 24 years of age or older as of the award year
- An orphan or ward of the court
- A veteran
Legally and financially responsible for dependents other than a spouse
- Married

**UCF Financial Assistance Programs**

First-time UCF students will receive an award letter. Other students will receive an award letter once their file is complete. Admission to UCF must be finalized, the student must be classified as Degree-Seeking, the verification process must be completed before a financial aid award will be disbursed, and the student must be meeting the standards for Satisfactory Academic Progress. Other loan and employment programs not based on need are provided below.

Student awards will be based upon: the student's financial need (as determined by a federal formula applied to data provided on your applications), the amount of funds available to UCF, the number of UCF students who qualify for aid, as well as the date the student completes the application process. The amounts listed on the award letter will be estimates based on full-time registration. Awards will be subject to change. Check the chart below to see in how many hours the student must enroll for each semester in order to receive an award from each program. The results of the FAFSA will determine eligibility for these programs. It is the student's responsibility to be aware of minimal hourly requirements for each program. When requirements are no longer met, it is probable that the award will be deleted with no notice to the student.

**Loans**

Federal Family Educational Loans are made through private lenders. Undergraduate and degree seeking PostBac students must be enrolled a minimum of six credit hours at UCF in UCF classes at the time of disbursement to receive a loan check. First-time borrowers at UCF must attend an **Entrance Interview** before a loan will be processed. The times and location of Entrance Interviews will be posted. Entrance Interviews may also be completed by accessing our website and going to Entrance Interviews. Exit Interviews are required for graduation or when enrollment drops below half time. Exit Interviews are available through our website or you may contact the office for times and locations. Half-time for Undergraduate and 5B students is six credits in UCF classes. Payment is deferred until students graduate or drop below half-time enrollment at UCF. Once eligibility has been determined by a need analysis, students must complete and submit a Federal Stafford Loan Request Form by the dates printed below so that processing can be completed in time to receive funds during the term indicated.

November 15 - Fall Semester Loan
March 15 - Spring Semester Loan
June 30 - Summer Term Loan

**Employment**

**Federal College Work Study (FCWS)** jobs are awarded as part of a student's financial aid package if need so indicates: a minimum of six hours enrollment is required for undergraduates. Jobs are
on/off-campus and efforts are made to match job assignments with the student's academic program. Awards are paid as an hourly wage.

**The Florida Work Experience Program (FWEP)** provides off-campus jobs related to the student's major to help fill unmet financial need established by a current need analysis. Six hours enrollment is necessary. This program is administered by the Office of Cooperative Education, 407-823-2667.

**Cooperative Education (Co-op)** jobs related to students' educational goals are available off-campus and are not based on need. Contact the Office of Cooperative Education, 407-823-2667.

**OPS (Other Personnel Services)** jobs are available on-campus and are not related to financial need. Application is made directly to the department advertising the position.

**Emergency Loans**

**UCF Emergency Short Term Loans** are available to currently enrolled students. Loans are granted at the beginning of the semester for books and emergencies. This is not for the payment of tuition and fees. A $5.00 non-refundable service charge will be assessed for processing the loan. This service charge, like other debts owed the University, will be deducted at the time of check disbursement. If the loan is canceled, or not picked up, the $5.00 service charge still must be paid. The specific repayment date of the loan is noted on the loan contract.

**Food Service Loans** are available to students who depend totally on financial assistance to cover all debts owed the University and who live on campus. Food Service Loans are processed by Student Financial Assistance. A $5.00 non-refundable service charge will be assessed at the time of processing.

**School Costs**

**Estimated Cost of Attendance 2001-2002**

**Deferrals of Tuition and Fees**

Financial assistance awards normally will result in the student being granted a deferment of tuition and fee payments. This process occurs automatically if the student has enrolled for sufficient hours, is meeting all general eligibility requirements, and is making satisfactory academic progress. This program makes up for the time lag that normally occurs between the date that tuition and fees are due and the date on which financial aid disbursements are made, which normally is three to four weeks after the semester begins. Students registering for classes during Early Registration must pay or be deferred for tuition and fees early, **prior** to the beginning of classes. Students who do not pay their fees or have a valid deferment before the early due date will be dropped from their classes.

- The student's **"Fee Invoice/Schedule"** reflects the dollar amount of deferment at the time of printing. Students must use the POLARIS home page to obtain up-to-date information. If the total amount of tuition and fees exceeds the amount of deferment, the difference must be paid by the due date on the "Fee Invoice" (class schedule). Different financial assistance programs require different hours of enrollment for eligibility. The student must make sure he or she is registered for the required number of hours. Students must register for at least 12 hours during the Fall or Spring to receive a FSAG, FSEOG, and UCF Grants; six hours to receive a Federal Pell, Federal Stafford, and Federal Perkins award. (**Note:** Undergraduate and 5B students must have six hours **at UCF in UCF classes** for the Federal Stafford loans. Graduate students need at least half-time enrollment.) Some students may receive a Pell Grant with less than six hours. Summer enrollment requirements may be less.

- The following programs are **not** included in the Automatic Deferral Program: work study programs, third party deferrals, other waivers, and direct-pay scholarships.

- Since awards are subject to change, deferments are also subject to change.

- Deferments based on estimated Stafford loans will be canceled if the student does not complete the loan process.

- Financial aid deferments based on federal or state programs that require a FAFSA will **not** be available to students who do not complete a FAFSA in time for the results to be in UCF's computer system by fee deadline dates. Federal loans **cannot** be processed without FAFSA data on line to support the award.

**Note:** Both Subsidized and Unsubsidized Federal Stafford Loans will result in a deferral in the amount of 97% of the award, since origination fees are taken out by the lender and the guarantee agent in the amount of 3%. It is the responsibility of the student to properly drop classes prior to the end of the add/drop period. Additionally, under any circumstance where previously estimated financial aid cannot be paid and a deferment must be canceled, the student is liable for the cost of tuition, whether or not he/she attended classes. If classes are not dropped by the student, a financial aid deferment may keep them active. The student will be responsible for payment of these classes even if they never attended, and may receive a grade of "F."
Fund Disbursements

Financial assistance disbursements are not available at the time of registration. Funds will be disbursed after the third week of classes. Therefore, students should make themselves aware of the Automatic Deferment policies and procedures and be prepared to use personal savings or a UCF Short Term Loan for books and other expenses anticipated. Late applicants (those who apply after June 30) will likely find themselves caught up in a processing backlog that could dramatically delay the disbursement of their aid. These individuals should be prepared to cover their own living expenses out-of-pocket well into the semester.

Financial assistance funds for most programs are mailed directly to the student by the UCF Office of Student Accounts unless the student has a Huntington Bank account linked to their UCF Smart Card. If that is the case, the net check amount will be directly deposited in their Huntington account. Initial disbursements should take place after the third week of each semester. Most grant and scholarship checks go through a "net checking" process in which debts owed to the University are deducted from the available assistance. Federal Stafford Loan disbursements will also go through the "net checking" process, if two conditions are met: 1) the student has authorized Electronic Funds Transfer (EFT) on the promissory note; and 2) the student's lender participates in UCF's EFT program. All of the lenders on UCF's preferred lender list participate in the EFT program. Federal Perkins Loan checks must be picked up at the Cashier's Office upon notification by Student Accounts.

For most students who do not participate in EFT, Federal Stafford checks will be held at the cashier's office for pick-up by the student to facilitate any deduction for debts owed to the university. It is the student's responsibility to pay outstanding debts to the school within 21 days of the date of the notification that funds have been disbursed to avoid a late charge. Undergraduate and PostBac ("B" certification only) students must be enrolled in at least six credit hours at UCF in UCF classes at the time of disbursement of each Federal Stafford Loan check. Graduate students need at least half-time enrollment.

Note: The verification process must be complete before financial assistance funds will be released. Students on Financial Assistance Cancellation will not receive funds.

Federal Stafford Loans

Student loan check(s) or EFT disbursements will be sent to the University of Central Florida after the lender has received a completed application/promissory note approved by UCF. We strongly suggest that you follow-up with your lender if you have not received your loan check within 20 days of mailing your promissory note or notification by the UCF Financial Assistance Office of a problem. To estimate when your Federal Student Loan funds will be mailed, refer to the Disclosure Statement from your lender; it indicates a date the lender intends to send the funds to UCF. If that date is before the semester starts, please allow ten working days from the first day of classes before inquiring about your funds. If the date is after the semester begins, please allow ten working days from the disbursement date for UCF processing. Loan checks or funds will be disbursed after the beginning of classes, usually after the third week of classes.
- **First-time borrowers at UCF**: must attend an "Entrance Interview" at UCF before the loan award can be made. The times and location of entrance interviews will be posted. Sessions may also be available at orientation and at our website: [http://pegasus.cc.ucf.edu/~finaid](http://pegasus.cc.ucf.edu/~finaid).

- **Two-term loans**: to receive the second half of a two-term loan, the student must have received the first disbursement, and be enrolled for at least six hours at UCF (graduates-at least half-time) for the second semester to receive the second check. If the student did not accept the first term loan disbursement, he or she cannot receive the second term disbursement and must cancel the original loan request and reapply for a new loan through Student Financial Assistance.

- **Summer Term**: undergraduate students must have a minimum of six hours at UCF in UCF classes to receive assistance. If the student's hours include Summer B hours that are needed to meet the minimum requirements, funds will not be disbursed until Summer B term. Graduates require at least half-time enrollment.

Exit Interviews are **required** upon graduation or departure from UCF. Be sure to file address changes with the Registrar's Office as they occur.

**Award Notification**

In the spring of each year, most students will be notified of the estimated awards they should receive in the coming school year. Award notices may not go out to students who were selected for verification, and have not completed that process, since verification corrections often alter award eligibility. Notification will also not go out to students who have been canceled from financial assistance due to a problem with academic progress. Award letters that are sent out anytime prior to the beginning of the semester will disclose estimated awards based on the enrollment information provided by the student on the FAFSA. If the student enrolls for less than 12 hours, some estimated awards may change. In addition, new information brought to the attention of our office (such as third party benefits, waivers or deferrals, prepaid tuition plans, or newly awarded scholarships) can cause a reduction in the amount of previously estimated need-based assistance.

Award letters are sent out to students who miss the application priority deadline once there is enough information on file to make an awarding decision. Verification students will receive their award notifications once that process is complete. Regardless of when the notification is sent out, it will be accompanied by a comprehensive information insert. Students should read this insert carefully and follow the instructions.

Only students receiving **Perkins Loans** are required to return signed appropriate documents of receipt to acknowledge acceptance of the award. Please note that although an estimated Federal Stafford loan may appear on the award letter to notify students that they are eligible for that form of assistance, the **student still must apply** for the loan by completing the requested information on the "Federal Stafford Loan Response Form."

**Overawards/Overpayments**

Awarding of a financial aid package involves matching the student budget with the Estimated Family
Contribution (EFC), which is calculated from the FAFSA information. The office attempts to award students as much of the difference (unmet need) as possible. From time to time, the office will establish an aid package for a student and later the budget or EFC changes or aid will come in from some unexpected source (such as a scholar-ship). This may result in what is called an "overaward." If no adjustment to the aid package occurs and the financial aid is actually paid, this is called an "overpayment." State and federal regulation require adjustment or repayment of overawards and overpayments for many programs. If the student receives notification of scholarship or other third-party payment after receipt of the award notice, please notify the office. The financial assistance office may be able to correct an overaward before it becomes an overpayment. If an overpayment does occur, the financial assistance office will notify the Student Accounts Office and the student will be required to work with them on a repayment.

Refunds and Return of Title IV Funds

Students should be aware that if they withdraw from the University after having received financial assistance, they may have to repay a portion of that assistance which would be returned to the appropriate program. Students who received Federal Stafford Loans should also know that the Student Financial Assistance Office is required to notify lenders of student withdrawals.

Refunds

Financial assistance recipients planning to withdraw from UCF first should read the 'Withdrawal Policy' in the "Academic Policies and Procedures" section of this Undergraduate Catalog. If the student is due a refund according to this policy, the financial assistance program(s) from which the student received assistance will first be reimbursed. Any remaining balance after refunding all appropriate assistance programs will be refunded to the student. In no case will the amount refunded to the assistance program exceed the amount disbursed.

Return of Title IV Funds

Effective the Fall 2000 Semester, the University of Central Florida adopted a new refund policy that conforms to the updated version (Section 668.22) of the "Higher Education Amendments of 1998." Students who have received (or who are eligible to receive) funding of federal assistance under Title IV of the above act and who withdraw from all their courses prior to the 60% point in time of the semester are subject to a recalculation of their awards based on the amount of aid earned. The amount of aid earned is determined by the number of days the student was enrolled prior to withdrawing from classes. Any assistance the student received in excess of the earned amount must be repaid to the University. The University will return the funds to the appropriate source. For example, a student received $1000 in federal funding and withdrew at the 30% point in the semester. The amount of earned aid would be 30% of $1000, or $300. The amount of unearned aid, $700, would have to be returned to the appropriated funding source. The student is required to pay the University any unearned aid received.

A student who owes a financial assistance repayment will not be allowed to receive further financial aid until the funds are returned in full to the University. In addition, academic transcripts will be
withheld until repayment is complete. Students should schedule an appointment with or come to the
Student Financial Assistance Office prior to withdrawing from classes to confirm the consequences of
that withdrawal. The appointment telephone number is 407-823-5285.

Conditions and Requirements for Receiving Assistance

- The student must enroll for a minimum of six semester hours. Twelve hours are required for some
  programs including FSAG and most Scholarships. Pell Grants, however, may be paid on less than six
  hours of enrollment;
- The student must maintain UCF’s standards for Satisfactory Academic Progress (following
  section);
- The student agrees to inform the office of any additional assistance received beyond that listed on
  the award letter. Any subsequent awards or income may necessitate a revision of the financial
  assistance award;
- The student must not be in default on any educational loan or owe repayment on a grant at this or
  any other institution;
- The student must provide all information requested for the completion of his or her file. If
  selected, verification must be completed prior to the receipt of any funds or certification of a Federal
  Stafford Loan;
- The student must supply a financial aid transcript if he or she is a mid-year transfer student who
  will not attend until the Spring or Summer Semester/Term. This financial aid transcript must be from
  every post-secondary school attended during that school year whether or not the student received any
  financial assistance;
- The student must notify the Student Financial Assistance Office of any changes in housing status
  or corrections to the financial or household information from that listed on the student’s assistance
  application;
- The student must reapply yearly for financial assistance;
- The student’s Financial Aid Package may not exceed the cost of attendance as specified previously
  in this section under “School Costs.”

Satisfactory Academic Progress Policy

Federal regulations require the University to establish standards of Satisfactory Academic Progress as
a general eligibility requirement for financial assistance. A student must maintain Satisfactory
Academic Progress in a course of study regardless of whether the student was a previous recipient of
financial aid. Students who are unclear about these policies should schedule an appointment.

The factors required to measure satisfactory progress are as follows:
- Maintain a minimum overall GPA of 2.0 if Junior level or higher
- Complete the required hours by the end of the Spring semester of each academic year
- Graduate within the time limit assigned by this policy
Grade Point Average

GPA is monitored at the end of each semester/term.

Undergraduate

a. GPA

*Freshman/Sophomore*

No minimum GPA is required as long as the student is not disqualified or excluded by the Registrar's Office.

*Junior/Senior/Second Degree/Certification*

A minimum overall GPA of 2.0 is required and the student must not be disqualified or excluded by the Registrar's Office.

b. Disqualified/Excluded

When students are disqualified or excluded by the Registrar's Office, they will be placed automatically on "Financial Aid Cancellation." Upon readmission to UCF, students must appeal separately to the Student Financial Assistance Office to be considered for Financial Aid reinstatement.

Hours Completed

At the end of the Spring semester of each academic year, hours completed are monitored for the previous three semesters/terms (Summer, Fall, and Spring). Students are required to complete a specified number of credits as determined by their enrollment status.

Successful completion of a class is defined as earning a grade of A, B, C, D or S. Unsuccessful completion is defined as earning a grade of F, W, I, WP, WF, X, N, U, WM, WH, or NC.

Time Limit
When a student meets or exceeds the number of allowed Overall Attempted Hours, the student will be placed on "Financial Aid Cancellation" at the end of the semester/term (even if financial aid was not received during previous terms).

**Financial Aid Probation**

If students are placed on "Financial Aid Probation," they must complete the following requirements for the term in which they are on probation. Failure to do so will result in "Financial Aid Cancellation" at the end of the probationary term. Students on financial aid probation must complete the minimum required hours as defined above in "Hours Completed." for that semester/term, with a minimum semester/term GPA of 2.0.

**Procedure for Appeals**

If students do not meet the above standards, they will be placed on "Financial Aid Cancellation." When students are on Financial Aid Cancellation, they are not eligible for aid, nor a deferment, until reinstated through the appeal process. Any student with extenuating circumstances who is placed on Cancellation may appeal to the Financial Aid Review Committee. To appeal, the student must:

1. Complete the Satisfactory Academic Progress Appeal Form; and
2. Submit acceptable documentation supporting the extenuating circumstances.

After a thorough evaluation of the written request and all documentation, the Financial Aid Review Committee will notify the student of its decision in writing. Aid remains cancelled unless the student receives written notification of reinstatement.

**Re-establishing Eligibility**

Students may re-establish financial aid eligibility by enrolling, on their own, for at least six hours at UCF or any other accredited institution and complete required hours (see chart above) with a minimum semester/term GPA of 2.0. Students will need to appeal at the end of that term for reinstatement of aid for the following term.

**Note:** This option is not available to students who have been cancelled for reaching their time limit or will reach their time limit by the end of the following term. Also, juniors and seniors must have a minimum overall GPA of 2.0.
UCF Undergrad to Grad Fellowship

This merit-based award is for first-year graduate students who will complete their undergraduate degrees at UCF in the previous year and who will continue in UCF graduate programs, either masters or doctoral, in the following academic year. For more graduate financial aid information, please see the UCF Graduate Catalog or online at www.ucf.edu.

Student Rights and Responsibilities

- Students have the right to full information about the financial aid programs available at UCF, application procedures and deadlines, and the criteria used to determine a financial package.
- Students have the right to appeal decisions made by the Student Financial Assistance Office.
- Students have the right to equitable treatment of their financial assistance applications. Although each student's case is analyzed individually, eligibility standards are applied uniformly without regard to race, gender, religion, creed, national origin, or physical handicap.
- All students' records are confidential.
- It is the student's responsibility to review and understand all information and instructions, meet all deadlines, and provide all information and documentation accurately. Errors and omissions can cause delays and prevent students from receiving assistance. Misrepresentation is a violation of the law.
- It is the student's responsibility to periodically check their financial assistance progress on POLARIS (Personal On-Line Access Restricted Information Systems) at https://polaris.ucf.edu for application status, Short-Term Loan status, deferment status, disbursement information, and "Fee Invoice/Class Schedule." Disbursement information also is available on student's Z-TEL line (linked to student's UCF Smart Card).

Tuition and Fees

Schedule of Fees

A student's basic expenses at the University will be for registration and course related fees, room and board, textbooks, and miscellaneous items. Required fees are established by the Board of Regents and the Florida State Legislature and are subject to change without notice. Fees are affected by residency status.

Students are encouraged to obtain a "Fee Invoice/Schedule" to confirm fees and course registration. Fee Invoices are not mailed. Fee Invoices are available on the POLARIS web system and kiosks, from student's college advising offices, and in the Registrar's Office. Students must obtain a new "Fee Invoice/ Schedule" after making any course changes or schedule adjustments.

All University fees must be paid according to published dates and no later than the end of the Add/Drop and Late Registration period. Fees not paid by the payment deadline date for each
semester/term will result in late fees and could result in the cancellation of all classes. The following schedule applies to all UCF students:

**Application fee.** ($20.00) Must be paid by U.S. check or money order (required with all applications for admission to the University and not refundable)

**Registration Fees** per semester or term are shown below for main campus, area centers, and continuing education courses. Zero hour registration students are assessed one credit hour at the Florida Resident Tuition rate at the course level for which the student is registered.

Charge for late housing payment $50.00

**Books and supplies** (estimated) per semester $400.00

**Vehicle Registration** (required of everyone operating a motor-powered vehicle on campus)

per calendar year for all students. Student's decal fee $90.00

**Student Health Fee**

Mandatory fee assessed to all students except those enrolled at area campuses, (UCF-Brevard, UCF-Daytona Beach, Professional Development Center at South Orlando) and exclusively in Continuing Education courses.

**Transcripts** - First two provided at no charge. Each additional copy $5.00.

**Note:** All payments accepted after class cancellation notices are mailed, approximately the third week of classes,

must be cash, cashier's check, or money order. Personal checks will not be accepted.

**Late Registration Fee and Late Payment Fee Appeals**

Students who desire to appeal a Late Registration, and/or Late Payment, may make their appeal to the Fee Appeals Committee by initiating a student petition (Form 41-561). This form can be obtained from Student Development and Enrollment Services, University Cashier, or the Student Accounts Section of Finance and Accounting. Students must submit their petitions to Student Accounts (MH 107) and may appear before the Committee (not mandatory).

**Past-Due Accounts**

All financial obligations to the University must be met. Failure to meet obligations can result in the withholding and denial of registration and readmission to the University. The services of a professional collection agency and recourse to the courts may also

be invoked if deemed necessary. All costs of collection, including attorney's fees, are borne by the debtor.
Payment Procedures

Payment may be made in the Cashier's Office, MH 108. Hours are Monday and Thursday, 8:30 a.m. to 7:00 p.m.; Tuesday, Wednesday, and Friday, 8:30 a.m. to 4:00 p.m. Credit cards are not accepted. Payments (NO CASH) may be placed in the Cashier's night depository on the north (pond) side of Millican Hall. Include social security number on check or money order.

Mailed payments (check or money order only) must be postmarked no later than the published payment deadline in the "Academic Calendar" of this Undergraduate Catalog to be considered on time and avoid the late fee. Address payment to: Cashier's Office, University of Central Florida, P.O. Box 620000, Orlando, FL 32891-8449.

Do not assume your registration will be canceled if you fail to pay fees or attend classes. Tuition deferrals will prevent class cancellation for non-payment. Payment guidelines for off-campus registration are contained on the off-campus registration form.

Refund of Fees

A refund of fees will be made under the conditions noted below. A written appeal for a refund or other appeal action must be submitted to the University within six months of the close of the semester/term to which the refund or other appeal action is applicable. Any debts to the University will be deducted from the refund, up to the full amount.

A full refund is due when:

1. Any class is dropped before the end of the Add/Drop period;
2. Cancellation of the course by the University; or
3. Student is denied admission to an offered course.

Partial refund due to complete withdrawal from the University: for the Fall and Spring semesters, a 25% refund of tuition is available for students who completely withdraw from the University by the end of the fourth week of classes. For the Summer term, complete withdrawal from an individual session must occur before the first quarter of classes has elapsed for that session. Each session in the Summer term is considered individually for partial refund purposes. The exact withdrawal deadline dates for each semester/term may be obtained from the Student Accounts Office.
Refunds for exceptional circumstances at any time upon withdrawal from one or more courses: up to 100% of tuition and registration fees due to circumstances determined by the University to be exceptional, including but not limited to sickness, death, involuntary call to military service, or administrative errors created by the University.

Tuition Waivers

Tuition Fee Waivers for State of Florida Employees

State employees, faculty, and staff who utilize a tuition fee waiver for course work (up to six credit hours) without payment of the registration fees must register after the published registration time in the "Academic Calendar" of this Undergraduate Catalog. Employees who register prior to the prescribed time and date will have an invalid fee waiver, and will be liable for all applicable fees on courses enrolled.

It is the responsibility of the employee to register only on a space-available basis during the prescribed time. In addition, the tuition fee waiver cannot be used for courses which require increased costs. These courses include, but are not limited to: courses offered through the Center for Continuing Education, independent study, supervised research, supervised teaching lab, thesis hours, dissertation, internships, co-ops, practicums; or applied, individualized instruction in music, art, or dance, etc. State employees utilizing employee tuition waivers to enroll in graduate courses are liable for federal income tax and FICA tax on the value of the waiver for these courses.

Tuition Fees for Senior Citizens

Persons 60 years of age or older who meet Florida residency requirements may register to audit classes on a space-available basis without payment of tuition and application fees. Registration is on a space-available basis; see the current "Academic Calendar" of this Undergraduate Catalog or Schedule Web Guide for dates and times. The tuition fee waiver cannot be used for courses which require increased costs (such as thesis, dissertation, directed individual study). A "Florida Residency" Affidavit is required to establish Florida residency. A completed "Student Health History" must be filed prior to registration. Inquiries should be directed to the Registrar's Office, MH 161.

State Tuition Exempt Program (STEP)

Eligible members of the active Florida National Guard may receive a waiver of 50% of tuition and material and supply fees. Registration is on a space-available basis on the last day of Registration at the time specified in the "Academic Calendar" of this Undergraduate Catalog. STEP students should present FNG form 621-5-2 to the Student Accounts Office (MH 107) prior to the fee payment deadline.

Florida Prepaid College Plan
For any student enrolled who has a Florida Prepaid College Plan, the University will automatically defer the portion of the tuition covered under the plan. The plan does not cover the local UCF fees that include the athletic fee, activity and service fee, health fee, campus card fee and material and supply fee.

If you do not desire to utilize the Florida Prepaid College Plan, please notify the Student Accounts Office (MH 107) by the fee payment deadline. Note: these fees may change each academic year.

Florida Residency for Tuition Purposes

At University of Central Florida, three offices are responsible for the review of residency for tuition purposes under Florida Statute 240.1201 and Board of Regents chapter 6C-7.005. The offices of Undergraduate Admissions and Graduate Studies determine residency for all first-time-on-campus students; the Registrar's Office reviews student requests for changes in residency once the student is enrolled. A first-time-on-campus student will be classified according to the information he or she includes on the application for admission, providing that no other information is available that calls into question the information contained on the application.

To qualify as a Florida resident for tuition purposes in accordance with State regulations, the student must be a United States citizen, resident alien, parolee, Cuban national, Vietnamese refugee, or other refugee or asylee so designated by the United States Immigration and Naturalization Service,

And

Have established a legal residence in this state and maintained that legal residence for 12 months immediately prior to the term in which they are seeking Florida resident classification. The student's residence in Florida must be as a bona fide domiciliary rather than for the purpose of maintaining a mere temporary residence or abode incidental to enrollment in an institution of higher education, and should be demonstrated as indicated below (for dependent students, as defined by Internal Revenue Service regulations, a parent or guardian must qualify),

And

Submit the following documentation (or in the case of a dependent student, the parent must submit documentation) prior to the last day of registration for the term for which resident status is sought:

1. Documentation establishing legal residence in Florida (this document must be dated at least one year prior to the first day of classes of the term for which resident status is sought). The following documents will be considered in determining legal residence:

   a. Declaration of Domicile;
   b. Proof of purchase of a home in Florida in which the student resides;
   c. Proof that the student has maintained residence in the state for the preceding year (e.g., rent receipts, employment records).

2. Documentation establishing bona fide domicile in Florida which is not temporary or merely
incidental to enrollment in a Florida institution of higher education. The following documents will be considered evidence of domicile even though no one of these criteria, if taken alone, will be considered as conclusive evidence of domicile:

a. Declaration of Domicile;

b. Florida voter registration;

c. Florida vehicle registration;

d. Florida driver license;

e. Proof of real property ownership in Florida (e.g., deed, tax receipts);

f. Verification of permanent employment in Florida by the employer, employment records, or other employment-related documentation (e.g., W-2 paycheck receipts), other than for employment normally provided on a temporary basis to students or other temporary employment. The document must show 12 consecutive months of Florida employment prior to the first day of classes of the term for which the student requests Florida residency;

g. Proof of membership in or affiliation with community or state organizations or significant connections to the State;

h. Proof of continuous presence in Florida during periods when not enrolled as a student;

i. Proof of former domicile in Florida and maintenance of significant connections while absent;

j. Proof of reliance upon Florida sources of support;

k. Proof of domicile in Florida of family;

l. Proof of admission to a licensed practicing profession in Florida;

m. Any other factors peculiar to the individual that tend to establish the necessary intent to make Florida a permanent home and that the individual is a bonafide Florida resident, including the age and general circumstances of the individual;

n. Proof of graduation from a high school located in Florida.

3. No contrary evidence establishing residence elsewhere;

4. Documentation of dependent/independent status (notarized copy of most recent IRS tax return)

Or

Be married to a person who has been a legal resident of the State of Florida for the required 12-month period and relinquish legal ties to any other state,

Or

Be a member of the Armed Forces on active duty stationed in Florida, or a spouse or dependent,

Or

Be a member of the full-time instructional or administrative staff of a state public school, community college, or university in Florida, a spouse or dependent,

Or

Be a dependent and have lived five years with an adult relative, who has established legal residence in
Florida,

Or

Be a person who was enrolled as a Florida resident for tuition purposes at a Florida institution of higher education, but who abandoned Florida residency and then re-enrolled in Florida with 12 months of the abandonment,

Or

Be a full-time Latin American or Caribbean student who receives scholarships from the federal or state government,

Or

Be a United States citizen living on the Isthmus of Panama who has completed 12 consecutive months of college work at the Florida State University Panama Canal Branch, or a spouse or dependent,

Or

Be a graduate student of the Southern Regional Education Board's Academic Common Market attending Florida's state universities,

Or

Be a full-time employee of a state agency or political subdivision of the state when the student fees are paid by the state agency or political subdivision for the purpose of job-related law enforcement or corrections training,

Or

Be a U.S. Citizen who is a McKnight Doctoral Fellowship recipient,

Or

Be a qualified beneficiary under the Florida Pre-paid Post-secondary Expense Program per s.240.551(7)(a),

Or

Be an active duty member of the Canadian military residing or stationed in this state under the North American Air Defense (NORAD) agreement, or a spouse or dependent,

And

Submit a statement as to the length of residence in Florida and their residency qualifications under the above criteria. Students requesting Florida residency for tuition purposes shall apply to the appropriate admissions office if they have not yet enrolled, or to the Registrar's Office if they already are enrolled.

For information regarding residency appeal and reclassification, see 'Residency Reclassification' within the "Registrar's Office" section of this Undergraduate Catalog.
The Registrar's Office provides enrollment, graduation, and information services to students, alumni, and the University community.

**Add/Drop Policy**

Add/Drop is the period following their initial registration when students may make class schedule adjustments through the first three to five days of each semester/term (as listed in the "Academic Calendar" of this Undergraduate Catalog). Add/Drop may be done using the POLARIS system (https://polaris.ucf.edu), by telephone (407-823-2527 or 1-877-823-2527), and in the college advising offices. After the Add/Drop period, no course may be added. Courses meeting for the first time after the end of Add/Drop may be dropped the next business day in the Registrar's Office, MH 161. For withdrawal after the Add/Drop period, the "Withdrawal Policy" of this Undergraduate Catalog applies.

**Address Changes**

The student's address is obtained from the "Application for Admission or Readmission." It is the students' responsibility to make appropriate changes to the address. "Address Change" forms may be obtained from the Registrar's website, college advising office, or from the Registrar's Office. Address changes can be made in the Registrar's Office, on POLARIS, or at any of the kiosks located on campus. Address changes also can be made by writing the Registrar's Office, P.O. Box 160114, Orlando, FL 32816-0114 or fax to 407-648-5022. Written requests must be signed and the student number provided.
Attendance, Absences, or Unsatisfactory Work

Under University policy, students are not authorized to attend class unless they are on the class roll, or have been approved to audit and have paid audit fees. Students are responsible for satisfying the entire range of academic objectives as defined by the course instructor and ensuring that their class work and attendance are satisfactory. Students should understand that attendance policies and procedures vary among instructors and academic units, and they must observe any special attendance regulations stipulated by their college, school, department, program, or instructor. Reasons for acceptable absences may include illness, serious family emergencies, special curricular requirements (e.g., judging trips, field trips, professional conferences), military obligations, severe weather conditions, and religious holidays.

Students also should be excused for participation in official University-sponsored activities, such as music performances, athletic competition, or debate. Students chosen for such events, including intercollegiate athletics, band, choir, and academically related programs, shall be listed on a "Program Verification" form. Program Directors shall provide each student with a copy of this form. It is the student's responsibility to present a copy of this form to the faculty member(s) responsible for the class from which the student will be absent. This verification is to be provided prior to the class period when possible and no later than the first class following the event. A copy of the form listing students selected to represent the University and signed by the Program Director shall be filed with the Office of Student Rights and Responsibilities. If further verification is needed, contact the Office of Student Rights and Responsibilities (MH 282; 407-823-2851) or for athletic events only, Academic Services for Student-Athletes at 407-823-3761.

Absences from classes for court-imposed legal obligations (e.g., jury duty and subpoenas) must be excused. The student may offer other sound reasons. When absences threaten a student's satisfactory completion of a course, the instructor may report the absence to the appropriate Dean of the student's college/school and may choose to call upon the college/school office to request additional information and insight into the significance of or reason for the absences.

Audit Registration

Audit students are those who desire to attend class(es) without receiving academic credit. Regular tuition and fees are assessed for audit registration. See schedule of fees for information. Audit registration is on a space-available basis at the prescribed time of Registration, or at any time during Add/Drop when Late Registration fees will apply. Audit requests for students who register prior to this time will be denied. Students may not change to audit status after Add/Drop, but must remain in the course or withdraw through normal withdrawal procedures. New students must be accepted for admission. Senior citizens, see "Senior Citizen Audit" in this chapter for details. Audit forms,
available on the Registrar's website and in the Registrar's and college advising offices, must be signed by the instructor and presented to the Registrar's Office at the time of registration.

Change of Major

The University assigns the major that the student indicated on the "Application for Admission or Readmission." It is the student's responsibility to make appropriate major changes. Students changing to a major in the colleges of Arts & Sciences, Business Administration, and Health & Public Affairs will have their catalog year changed to the current year. Students in undecided categories are not affected by the catalog year. Major change forms may be obtained from the Registrar's website. Major changes can be made in the Registrar's or college advising offices or by mail. Written changes must include the student's identification number and signature.

Enrollment Certifications

To confirm enrollment in the University, students should obtain the form from the Registrar's website or the Registrar's Office (MH 161). Picture identification is required. Enrollment certifications for a current term are available after Add/Drop.

Terms and Credit hours

The University of Central Florida academic schedule consists of two semesters (Fall and Spring), and the Summer term. A semester hour of credit or credit hour represents one class hour of work (or two or more laboratory hours of work) per week for a semester. Classes may be offered for a six-week or nine-week session during the Summer term. During this shortened term, two class hours of work (or four or more laboratory hours of work) per week are required to represent a semester hour of credit.

Family Educational Rights and Privacy Act (FERPA)
The procedures for protecting the confidentiality of student records are based on state regulations and the federal **Family Educational Rights and Privacy Act of 1974**. FERPA affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 30 days of the day the University receives a written request for access. Students should submit to the University Registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they desire to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed;

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

The student may ask the University to amend a record that he or she believes is inaccurate or misleading. The student should write the University official responsible for the record, clearly identify the part of the record to be changed, and specify why the current record is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing;

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the university in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility;

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by a State University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

   **Family Policy Compliance Office**

   **U.S. Department of Education**

   **400 Maryland Avenue, SW**
FERPA authorizes the University to classify certain information concerning students as "directory information," which means that it may be released to anyone upon request. In accordance with Florida Statutes Section 228.093, the University is required to release student directory information to independent vendors upon request. Directory information at UCF includes name, current mailing address, telephone number (if not unlisted), e-mail address, date of birth, major field of study, dates of attendance, enrollment status, degrees and awards received, participation in officially registered activities and sports, and athletes' height and weight.

Other information will be released only with the prior written permission of the student. The University extends to students the opportunity to withhold any or all information, including "directory information." To do this, students must complete the appropriate form in the Registrar's Office (MH 161), requesting that this information be withheld. The Golden Rule outlines the University procedures for confidentiality.

Good Standing

Good standing indicates only that the student is meeting the minimum academic standard for retention by the University (minimum semester/term GPA, 2.0). To meet graduation requirements, however, the student must have a minimum UCF GPA of 2.0.

Grade Reports

Grades are available on-line through TouchTone 407-823-2527 or toll-free 1-877-823-2527, from POLARIS at https://polaris.ucf.edu, or from the UCF kiosks where hard copy grade reports may be available via the "Print" browser function.

Graduation Rate Disclosure

The completion or graduation rate is the rate at which full-time, certificate-seeking or degree-seeking undergraduate students who are enrolling for the first time at the institution, and who have not previously enrolled at any other institution of higher education, either complete or graduate from their programs. The freshman retention rate for Fall 1999 students is 78.1 percent. The information is public and available for review in the UCF Library.
Higher Education Act

Lists, descriptions, and sources of information required for disclosure under the Higher Education Act may be obtained from the Registrar's Office (MH 161) or from http://pegasus.cc.ucf.edu/~enrsrvc/registrar/HEA.html.

Holds

Holds may be placed on a student's records, transcripts, grades, diplomas or registration due to financial or other obligations to the University. Satisfaction and clearance of the hold is required before a release can be given. Students may check for holds on the POLARIS system at https://polaris.ucf.edu. To obtain an immediate release for financial holds, payment to the Cashier's Office must be made either in cash, cashier's check, or money order. Credit cards currently are not accepted.

Name Changes

"Official Name Change" forms, available in the Registrar's Office (MH 161) or the Registrar's website, must be submitted to change the legal name maintained on the student record. Obtain a notary public seal and attach copies of legal name change documents (e.g., marriage certificate, divorce decree, etc.). Submit the completed form and all documents to the Registrar's Office (MH 161).

Registration

During each academic semester/term, registration is held for all new, currently enrolled, degree-seeking and non-degree seeking students for the following semester/term. Registration sessions consist of Early Registration, Registration (held immediately before the start of the semester/term), and Late Registration (held during the first week of classes for each semester/term). Spring Early Registration is held following midterm for the Fall Semester. Summer and Fall Early Registrations are held concurrently immediately following the mid term of the Spring semester. Registration is available over the web using the POLARIS system, (https://polaris.ucf.edu), by telephone (407-823-2527 or 877-823-2527), and in the college advising offices. The dates and times for each registration period are included in the "Academic Calendar" within both this Undergraduate Catalog and the Schedule Web Guide that is published for the Summer term, Fall semester, and Spring semester. Class listings are available only online at http://ClassSchedule.ucf.edu.
Residency Reclassification

The offices of Undergraduate Admissions and Graduate Studies determine residency for tuition purposes for all newly admitted students. Once the student is enrolled, the Registrar's Office may review student requests for changes in residency. To request a residency review, the student must submit either a written and signed request or a completed "Residency Reclassification" request form to the Registrar's Office. This form is available either at the Registrar's Office (MH 161) or online at http://registrar.ucf.edu. The form or written request must be accompanied by all documents that support the student's Florida residency claim. The following submission deadlines apply:

- First-term students must submit the request and all documents by the end of Add/Drop.
- Continuing students who believe that they qualify for Florida residency must submit the request and all documents prior to the first day of classes for the term in which Florida residency is requested.

Residency reviews are subject to State Board of Education rule 6C-7.005 requirements as outlined in 'Florida Residency for Tuition Purposes' in the "Student Financial Assistance Office" section of this Undergraduate Catalog.

Schedule Web Guide

The Schedule Web Guide is published twice each year: the Summer/Fall edition and the Spring edition. The Schedule Web Guide provides the "Academic Calendar" and describes the policies and procedures governing registration each term. The Schedule Web Guide is distributed through the colleges, schools, and departments, by the Registrar's Office, and is available on the Registrar's web page at http://registrar.ucf.edu.

Senior Citizen Audit

Senior Citizens (60 years of age or older) who have been residents of the State of Florida for at least one year as of the first day of classes, may enroll tuition free as audit students (i.e., no academic credit) on a space-available basis. Forms to be completed include the "Residency Affidavit," the "Student Health History," and the "Special Non-Degree Registration Form." These forms are available in the Registrar's Office (MH 161) or at the Registrar's web site: http://registrar.ucf.edu. It is necessary to complete the required forms during the last hours of registration as noted in the Schedule Web Guide. Direct student expenses after the completion of registration include the campus ID card, automobile parking decal and textbooks.
State Employee and State Tuition Exemption Program (STEP) (National Guard) Registration

State of Florida employees and State Tuition Exemption Program (STEP-National Guard) students register during Registration. These registrations are on a **space-available basis** only. State employees are required to submit the "Employee Tuition Fee Waiver Form" which may be obtained from Human Resources. Registration before the time specified in the "Academic Calendar" or *Schedule Web Guide* will result in the student being assessed regular fees. The tuition fee waiver **cannot** be used for courses that require increased costs, including, but not limited to courses offered through the Center for Continuing Education, independent study, supervised research, supervised teaching labs, thesis hours, dissertation, internships, co-ops, practicums, or applied, individualized instruction in Music, Art, or Dance. Eligible members of the active Florida National Guard may receive a waiver of 50% of tuition and material and supply fees. Registration is on a space-available basis during the last day of Registration at the time specified in the "Academic Calendar" of the *Schedule Web Guide*. STEP students must present a "Certification" letter to the Student Accounts Office (MH 112) to receive waiver of eligible fees.

**State University System (SUS) Florida Transient Students**

An SUS Transient Student is a student in good standing who is seeking a degree from one of the other public Florida universities and desires to take courses with UCF. Students must complete the "SUS Transient Application Form" which is available at all SUS institutions. No application fee is required. The "SUS Transient Application Form" must be completed each semester/term and should be mailed or delivered to the Registrar's Office, by the application deadline noted in the "Academic Calendar" of the appropriate *Schedule Web Guide*. Students should visit the Registrar's Office website at [http://registrar.ucf.edu](http://registrar.ucf.edu) or contact the Registrar's Office for registration information at 407-823-3100.

**UCF Students Attending Another State University System of Florida Institution**

UCF students who desire to attend another SUS institution as a Transient Student may secure the "SUS Transient Application Form" from their college advising office or from the Registrar's Office. The prior permission of the department, school, and college advising office is required to ensure that the courses attempted at another institution will transfer and meet the UCF Degree/General Education Program requirements.

**UCF Students Attending a Non-SUS Institution**

Degree-seeking UCF students who desire to enroll at a non-SUS post-secondary institution as a
Transient Student must complete the "Transient Approval Form." This form is available from the school or college advising offices. The prior permission of the department and college advising office is required to ensure that the courses attempted at another institution will transfer and meet the UCF Degree/General Education Program requirements.

**Student Records**

Student records submitted become the property of the University and cannot be returned to the student or released to a third party. Copies of student records will be released only upon receipt of a written request signed by the student. Student records are stored in paper form or are digitally scanned. Once the student has been absent from the University for three academic years, all records are transferred to optical disk storage and the paper copies destroyed.

**Transcript Requests**

Requests for official transcripts are made through the Registrar's Office (in person, by mail, or by fax). "Transcript Request Forms" are also available on the Registrar's website. A student's academic record can be released only upon written authorization signed by the student. **Telephone and e-mail requests are not accepted.** Transcripts cannot be released if the student is on hold due to a financial obligation to the University. Transcript requests must include the student's signature, full name, identification number, and the name and complete address of the person(s) or organizations to whom transcripts are to be sent. If final grades or degree statement are needed, indicate that the transcript request is to be held until all requested data are posted.

The first two transcripts are provided at no cost. A $5 per transcript charge will be assessed for each subsequent transcript request. Payment for official transcripts is required at the time of request and may be satisfied by cash, check (made payable to UCF), money order, or UCF Card. Requests received by mail must be accompanied by a check or money order. Cash payments can be accepted only by the Cashier's Office during that office's regular business hours. The UCF Card payment option is available only at the Orlando campus and must be made in person at the Registrar's Office (MH 161). Mail written requests for transcripts to: Registrar's Office, Attn: Transcripts, P. O. Box 160114, Orlando, FL 32816-0114. For Fax request information and payment procedures, refer to [http://registrar.ucf.edu/](http://registrar.ucf.edu/) or call 407-823-3100. Transcripts may be sent electronically to other Florida public institutions.

Unofficial transcripts are available only from the kiosk outside the Registrar's Office (MH 161) with grade reports available from all kiosks and POLARIS at [https://polaris.ucf.edu](https://polaris.ucf.edu).
Withdrawal From Classes

Withdrawal begins after Late Registration and Add/Drop ends. Students may withdraw without penalty until the date noted in the "Academic Calendar" of this Undergraduate Catalog or Schedule Web Guide. Students may withdraw on POLARIS, in person at the Registrar's Office, the college advising offices, or the area campus records offices. Withdrawals also may be made by mail or by fax at 407-823-5652, and must include the student's signature and identification number. Mailed requests must be postmarked by the withdrawal deadline and faxed requests must be received by 5:00 p.m. on the last day to withdraw. Students who desire to withdraw in person must sign their request and show photo identification. The official date of withdrawal is the date the withdrawal is received by the University. Requests received by mail are processed using the postmark as the official date of withdrawal. For a complete description of the University's Withdrawal Policy, see that section of the "Academic Regulations and Procedures" chapter of this Undergraduate Catalog.
Academic Advising

Responsibilities

Academic advising at the University of Central Florida integrates general curricular information, academic major exploration, registration, course scheduling, faculty contact, academic skills development, and graduation planning. Academic advising is based upon a relationship of trust and shared responsibility between the student and the advisor. It recognizes students' individuality and provides them academic support while connecting them to the University community in several ways:

- Provide guidance for academic, career, and personal goals;
- Provide information on the university's majors and other academic programs;
- Assess academic strengths, interests, and progress toward graduation;
- Provide assistance with course schedule planning and registration;
- Connect students to other university resources;
- Assist students during their transition to and within UCF.

Although academic advisors provide assistance, it is the student's responsibility to know the university policies, procedures, requirements, and seek out assistance when needed. There are a variety of academic advising systems available at UCF in each of the colleges, schools, and the Division of Student Development and Enrollment Services.

Freshmen (First Time in College-FTIC)

Every incoming Freshman is assigned a professional first year academic advisor in one of the five offices listed below that comprise the unit of Academic Support and Advising Programs (ASAP) and the office of Multicultural Academic and Support Services (MASS). These advisors also collaborate
with the University's colleges and schools and link students to advisors in various academic programs. The assignment of a first year advising office will be based on the specialized services of each program and the student's particular needs. Please know that although you have been assigned to an advisor in one of the offices, you are not limited to seeking help there. Contact the assigned advising office if you need to change advising offices.

In order to assist students, the first year advising offices require new students to have a mandatory contact with an advisor during their first semester. Academic advising is one of the most important services provided at UCF and can impact a student's successful progression to graduation. ASAP and MASS are committed to helping students succeed.

New FTIC Students can expect to:

1. Attend a mandatory orientation that will provide:
   a. Initial academic advising and preparation for the first semester, including schedule planning and registration
   b. An assessment of high school grades, entrance and placement test scores
   c. An awareness of expectations for success at UCF
   d. Information about key academic policies and important deadlines

2. Connect to their first year advising office during the first semester according to the following designated priority order:
   a. Academic Services for Student-Athletes—for scholarship student athletes (WDSC 1233)
   b. Student Academic Resource Center—for participants in the College Achievement Program (CAP) or Pegasus Success Program (PH 113)
   c. Multicultural Academic Support Services (MASS)—for students of color (African American, Hispanic, Asian, Native American, or other) and students in the SOAR program (MH 145)
   d. Academic Exploration Program—for students who have not declared a program of study (PH 116)
   e. First Year Advising and Information Services—for students with declared majors not covered by any of the previous categories (PH 116)

Through these offices students can access general education advising, academic support, registration assistance, and on-going information about University policies and procedures throughout the first year experience. For more information about the first year advising offices and their services, please see the "Student Development and Enrollment Services" chapter of this Undergraduate Catalog.

3. Receive updates on academic support, student services, and college major revisions through the "First Year Times" newsletter.
4. Participate in programs and advising activities that will promote a smooth transition from high school to the university experience.

5. Connect to an academic advising office within the college of the student's chosen major at the beginning of the sophomore year.

**College of Arts and Sciences**

Although students may have several advisors for varying reasons, majors within the College of Arts and Sciences must meet with their major department and their faculty academic advisor and/or the staff of the Office of Academic Support and Information Services (OASIS; CNH 202) as soon as possible.

**New Students** will:

1. Meet in a group setting with representatives from the College of Arts and Sciences to discuss college policies and procedures
2. Meet with representatives of the department of the major to discuss major requirements and career opportunities, and plan a class schedule.
3. Refer to OASIS any questions pertaining to general education requirements, AP credit, university policies and procedures, etc.
4. Register for classes at a central location
5. Check their "Fee Invoices/Schedules" to ensure accuracy of their class schedule.

**Continuing Students** will:

1. Contact the department of their major and meet with a faculty advisor in the department during the first two months of any semester to review progress and plan a program of study
2. Meet with their academic advisor in the department of their major prior to registration. Registration forms, Schedule Web Guide, and SASS degree audits will be distributed in the department of the major each semester
3. Continue to register for classes at a central location, on the web, or via phone
4. Refer to OASIS any questions pertaining to GEP, CLEP, AP credit, as well as policies and procedures
5. Check their "Fee Invoices/Schedules" to ensure accuracy of their class schedule
College of Business Administration

The College of Business Administration seeks to provide its students with the highest quality academic advising. The intent of the advising system is to assist prospective and current business majors in the development of an educational plan.

New Students will:

1. Meet college advising representatives in a group setting during Orientation to discuss college policy, procedures, and degree programs;
2. At Orientation, review degree requirements using SASS degree audit and catalog to better understand degree requirements and learn how to read an audit;
3. If transfer student, meet with the transfer advisor in the Office of Student Support (OSS; BA 240) during their first enrolled semester to petition transfer work into degree program;
4. Meet with a faculty advisor in the department of your major to understand the career options of your major;
5. If Business Pending Student, be advised in the OSS.

Continuing Students will:

1. Meet with a faculty advisor or advisors in the OSS to review their academic progress and develop an academic plan. This plan should be reviewed prior to registration each semester/term;
2. Pick up a Schedule Web Guide and your SASS degree audit with your registration appointment time from the OSS. Check with the OSS or the TV monitors for dates each semester/term;
3. Register at your scheduled appointment time. Register by telephone or POLARIS if you are in your major. All changes to your schedule must be completed by the end of the Add/Drop period;
4. If Business Pending student, complete all prerequisites prior to admission to upper division classes;
5. Meet with the graduation advisor in OSS during the semester/term prior to your graduation term. File your "Intent to Graduate Form" during the registration period for the semester/term in which you plan to graduate.

College of Education

New Students will:
1. Meet college advising representatives in a **group** setting during Orientation to:
   a. Discuss College of Education admission requirements needed for enrollment in 3000/4000 level classes;
   b. Review degree program requirements;
   c. Understand expectations and responsibilities associated with a career in education;

2. Be assigned to a faculty advisor in the area of your major upon completion of College of Education admission requirements. The faculty advisor's name and telephone number appear on the SASS degree audit;

3. Education Pending students are advised in the College of Education Office of Student Services (ED 109).

**Continuing Students** will:

1. Set up an appointment with a faculty advisor **if accepted in a major** or the Office of Student Services, **if a "Pending" major**, to review academic progress and to develop an academic plan. Review this plan each term with an advisor prior to registration;

2. Pick up a SASS degree audit with the registration appointment time from the College of Education Office of Student Services as soon as they become available (approximately two weeks prior to registration);

3. Register at scheduled appointment time by telephone or POLARIS. Students with extenuating circumstances may register in person in the College of Education Office of Student Services. Students must complete any changes to their schedules by the end of the published Add/Drop period;

4. File an "Intent to Graduate Form" in the College of Education during Registration period for the semester/term in which graduation is intended.

**College of Engineering and Computer Science**

**New Students** will:

1. Meet with the Engineering and Computer Science Academic Affairs representative in a group setting during Orientation to:
   a. Review the Student Manual for Engineering and Computer Science students;
   b. Discuss degree program requirements;
   c. Become aware of key academic policies;

2. Meet with a faculty advisor in the department of their major to:
a. Understand the career options of the major;
b. Plan an appropriate first semester schedule;

3. Engineering Pending majors are advised in the Engineering and Computer Science Academic Affairs Office (ENGR 281). They are encouraged to seek advisement on determining a major as soon as possible. Failure to declare a major by the end of the first year may result in excess hours and a delay of graduation.

**Continuing Students** will:

1. See the department of their major during the first week of the semester/term to be assigned a faculty advisor. Computer Science majors will be assigned a faculty advisor once they have passed the Computer Science Foundation Exam. Until that time, Computer Science majors will be advised by the Computer Science Undergraduate Advising Office in CSB 201C;

2. Set up an appointment with the faculty advisor to review your academic progress and to develop an academic plan. Review this plan each term with the advisor prior to registration;

3. Use the flow diagram or four year plan found in the student manual of the major to progress through the degree requirements;

4. Pick up the SASS degree audit with the registration appointment time from the department of the student’s major as soon as they become available (approximately one week prior to registration) and review the upcoming term's class listings on line at [http://Classeschedule.ucf.edu](http://ClassSchedule.ucf.edu);

5. Register on the scheduled appointment time by telephone, POLARIS, or in person in the Engineering and Computer Science Academic Affairs Office. Complete all schedule changes by the end of the published Add/Drop period;

6. Students who have been placed on an engineering advisement hold will be required to submit a written schedule plan signed by their faculty advisor each semester/term. This plan must be submitted in person to the Engineering and Computer Science Academic Affairs Office each time a student uses the registration process;

7. File an "Intent to Graduate Form" in the Engineering and Computer Science Academic Affairs Office during the registration period for the semester/term in which the student intends to graduate.

**College of Health and Public Affairs**

**New Students** will meet college advising representatives in group settings during Orientation to:

1. Discuss degree program requirements;
2. Understand career options of the major program of study;
3. Plan an appropriate first semester class schedule;
4. If the student is accepted in a major, he or she should check in the department of their major for their assigned faculty advisor during the first few weeks of the semester

Continuing Students will:

1. **If accepted in a major**, they should see their faculty advisor during the first few months of each semester to check progress toward graduation and selection of program courses. The faculty advisor's name and phone number appear on the SASS degree audit each term;
2. **Pending majors** in limited-access programs should seek an advisor during the first few weeks of each semester in the College of Health and Public Affairs (COHPA) Office of Student Support (HPA2 115) to check progress toward eligibility for application to the major;
3. Pick up registration materials and the SASS degree audit with the new registration appointment time from the Office of Student Support as soon as they become available (approximately one week before registration);
4. Students should file an "Intent to Graduate Form" in the COHPA Office of Student Support during the registration period for the semester/term in which graduation will occur.

**Rosen School of Hospitality Management**

**New Students** will meet college advising representatives in group settings during orientation to:

1. Discuss degree program requirements.
2. Understand career options of the major program of study.
3. Plan an appropriate first semester class schedule.
4. Students should check in the school for their assigned faculty advisor during the first few weeks of the semester.

**Continuing Students Should:**

1. See their faculty advisor during the first few weeks of each semester to check progress toward graduation and selection of program courses;
2. Pick up registration materials and the SASS degree audit with the new registration appointment
time from the Office of Student Support (Classroom Building, Suite 302) prior to the start of registration;

3. File an intent to graduate form in the Office of Student Support (CL1 302) prior to the first day of classes of the term in which graduation will occur.

**Pre-Health Professions Advisement Office**

*Preprofessional Coordinator:* O.M. Berringer, HPA 124;

407-823-2670; Email: buddb@mail.ucf.edu

The Pre-Health Professions Advisement Office serves all students preparing for and seeking admission to professional schools of chiropractic, dentistry, medicine, osteopathic medicine, optometry, pharmacy, podiatry, and veterinary medicine. The services range from basic counseling in pre-health professions matters to providing a Composite Evaluation of the student (upon his/her request) to each professional school to which the student applies. However, in order to be considered for a Composite Evaluation, the student must have at least 30 semester hours of typical undergraduate pre-health professions courses taken at UCF by the end of the Spring semester preceding his/her application to the professional schools (usually between the junior and senior year). If applying to allopathic medical schools (M.D. degree granting), a minimum overall GPA of 3.20 or better is required to qualify for a full Composite Evaluation packet. Additionally, all pre-health professions students are strongly encouraged to affiliate with and participate in the activities of one or more of the student-related organizations such as the Pre-Professional Medical Society (PPMS), American Medical Student Association (AMSA), Student Wellness Advocate Team (SWAT), etc.

**Pre-Health Professional Planning**

Admission to a health professional school is highly competitive. Pre-health professions students should pay close attention to the characteristics of successful applicants. Since pathways such as "pre-med" do not result in a degree, each pre-health professions student is urged to carefully select a degree-granting major. This will not only allow one to become more competitive for admission, but also to prepare for an alternate career in the event admission to a professional school is denied. **Any** degree-granting program offered by the University may be selected as a major; however, those programs within the sciences will generally lend themselves most adequately to pre-health professions preparation due to the nature and content of their curricula. While satisfying degree requirements, students will find in their curricula many courses required for admission to most professional schools. Additionally, prudent use of elective hours in the curricula will permit other appropriate pre-health professions courses to be obtained. Pre-health professions students are expected to be high achievers, and to obtain good grades with heavy loads and rigorous course combinations. Most professional schools expect applicants to present at least a B average and to carry a minimum of 15 semester hours each term, with the exception of Summer terms. Sustained high-level performance while carrying 15 or more hours is one of the strongest predictors of success in professional school.
Preprofessional advisement should not be confused with academic advisement. Course selection and scheduling, as well as progress toward a given degree, should be carefully monitored by a student's degree track faculty (academic) advisor.

Preprofessional advisement deals primarily with application and admission procedures.

Curricula Guidelines

All pre-health professions students are strongly encouraged to enroll in SLS 2311, Overview of Select Medical Careers, the first Fall semester they are enrolled. This course provides a broad exposure to guest speakers representing the various four-year health professions. In addition, the entire pre-professional process (academic preparation, applications, admission tests, interviews, admissions, scholarships, etc.) is explained in depth. Following this focus on awareness, students are prepared to make informed decisions relative to planning their pre-health professional studies and the application process. All pre-health professions students are required to complete the General Education Program (GEP) plus the following courses (many of which are applicable to the GEP):

General Biological Sciences       BSC 2010C, 2011C
Genetics                         PCB 3063
General Chemistry                CHM 2045C, 2046, 2046L
Organic Chemistry                CHM 2210, 2211, 2211L
Microbiology                     MCB 3203
English Composition              ENC 1101, 1102
Calculus                         MAC 2233 (although MAC 2233 is acceptable, the MAC 2311, 2312 sequence is preferable)
Physics                          PHY 2053C, 2054C (although the preceding courses are acceptable, the sequence PHY 2048, 2048L, 2049, 2049L may be preferable)
For additional required/strongly recommended courses not common to all pre-professional students, contact the Pre-Health Professional Advisement Office (HPA 124).

**Choosing a Major and Academic Advisement**

The advantage of declaring a major early is to be linked with a UCF faculty member who will serve as the student's academic advisor within his or her chosen degree track. Problems are less likely when students remain in contact with conscientious advisors. Students are encouraged to investigate several degree pathways and to talk with a number of students who have selected those majors. Thorough investigation at the start of the academic career will help in making a reasonable choice. The following information offers a general guideline in selecting an academic major.

**Choice of Major:** The aspiring pre-health professional student is expected to declare a major within one of the degree-granting departments of the University. Terms such as premed or prevet are simply descriptive labels, as UCF does not award pre-health professional degrees. This should not be confused with offering premedical preparation. The institution offers a very strong premedical pathway with a highly organized support system for its applicants. Students may elect any major described in the UCF Catalog. This includes such varied pursuits as Psychology, Engineering, or Liberal Studies.

**Traditional vs. Non-Traditional Majors:** Traditional majors for pre-health professionals are characterized by degree requirements which overlap most professional school admission requirements. Chemistry, Biology, Molecular Biology and Microbiology are the majors most often chosen at UCF, but others such as Psychology, Physics, and Mathematics are also appropriate choices.

**Non-Traditional Majors:** Such majors as English, Philosophy, Music, Engineering, and so forth, have the disadvantage of not overlapping with admission requirements. If a student elects a non-traditional pathway and does not complete more than the minimum science requirements, she or he will be expected to have accomplished an outstanding performance record in the science classes taken.

Ultimately, the choice belongs to the student. Professional schools are less concerned with what undergraduate major one chooses than with how well he or she performed and his or her choice of enrichment electives. Factors to consider are personal interests, finance for college, and career alternatives. The curriculum for the first two years is very similar for all pre-health professions students.

**Dates of Importance**
All pre-health professions students should be aware of registration deadlines and test dates for their specific admissions exam (DAT, MCAT, OAT, GRE, etc.). In addition, most four-year health professions schools subscribe to professional application services (AMCAS, ADDSAS, ACOMAS, etc.). The applicant must be aware of which schools are members of the service and thus require completion of a thorough application packet provided by the various Application Services. Some professional schools do NOT subscribe and therefore, the student applicant must deal directly with the admissions office of such schools.

The pre-professional screening process is initiated in February. Application packets are available at the Pre-Health Professions Advisement Office during the month of February. Dental and veterinary medicine applicants should return completed packets by April 15. All other applicants (chiropractic, medical, optometry, podiatry, and pharmacy) are encouraged to return completed packets by May 1.

The Honors College

New Students will:
1. Attend an Honors Orientation in the Spring Semester immediately preceding their first semester of classes at UCF to discuss The Honors College courses and GPA requirements. At this time, students will obtain registration instructions for Honors courses.
2. Meet with an academic advisor during UCF Orientation to select the remainder of their first semester courses.

Continuing Students will:
1. Contact the department of their major and meet with a faculty advisor in the department during the first two months of any semester to review progress and plan a program of study;
2. Meet with their academic advisor in the department of their major prior to registration. The Schedule Web Guide and SASS degree audits will be distributed in the department of the major each semester;
3. Make an appointment with an Honors Director (PH 202). Based on the recommendation of their academic advisor and the requirements for University Honors, an Honors Advisor will assist with Honors course selection;
4. Continue to register for classes by telephone or POLARIS;
5. Check their "Fee Invoices/Schedule" to ensure accuracy of class schedule.
Cocoa Campus

**New Transfer Students** may meet with a Transfer Services staff member or faculty advisor prior to applying to UCF at Cocoa to discuss programs and requirements and at any time while enrolled. Students may enroll in the following majors offered at the Cocoa Campus: Criminal Justice, Communicative Disorders, Elementary Education, Engineering Technology, Exceptional Education, General Business, Legal Studies, Liberal Studies, Nursing (RN to BSN and basic program), Psychology, Public Administration, Social Sciences, and Social Science Education. Students will meet with faculty/staff advisors in a group setting during orientation to:

1. Discuss degree program requirements;
2. Understand career options of the major program of study; and
3. Plan an appropriate first semester class schedule.

Any student who has not been awarded an AA and not completed the UCF general education requirements should make an appointment as soon as possible with the Transfer Services staff member at UCF Brevard to clarify university policies that will affect the student's status and graduation.

Continuing Students may meet with their advisors on an on-going basis.

Daytona Beach Campus

**New Transfer Students** may meet with the counseling/advising staff prior to applying to UCF at Daytona Beach (BD CC, Building 34) to discuss programs and requirements, and at any time while enrolled. Students may enroll in the following majors offered at the Daytona Beach Campus: Criminal Justice, Elementary Education, Exceptional Education, General Business Administration, Legal Studies, Liberal Studies, Nursing (RN to BSN), Psychology, and Social Sciences. Students also have the option of completing most of the course work in the following majors: Early Childhood Education, Economics, Engineering Technology, Finance, Management, and Marketing. Students will meet with faculty advisors in a group setting during orientation to:

1. Discuss degree program requirements;
2. Understand career options of the major program of study; and
3. Plan an appropriate first semester class schedule.

Any student who has not been awarded their AA degree nor completed UCF general education requirements should make an appointment as soon as possible with the advising office to clarify university policies that will affect the student's status and graduation.
Continuing Students may meet with their advisors on an on-going basis.
The following section presents information to help students accomplish a smooth and efficient transfer to UCF. Students transferring with an AA degree from a Florida public community college or public university are guaranteed certain rights and privileges according to the statewide Articulation Agreement. Students transferring without an AA degree from a Florida public institution will want to pay particular attention to UCF’s general education program and how their transfer credits apply to their degree.

Students transferring with an AS in one of the statewide articulated degree programs should refer to the "State Articulated A.S. to B.S. Programs" chapter of this Undergraduate Catalog. AS to BS section of the catalog. Any questions about these programs should be referred to the Director of Transfer Services.

How Will My Credits Transfer?

All college level credits earned for which UCF has official transcripts are compiled into a Transfer Summary Report (TSR) soon after the student is admitted. Some credits listed on the TSR may not be
applicable toward graduation course requirements (e.g., some departments do not accept a transfer grade of "D"). The student should review this carefully to ensure that all credits are included. The TSR is the basis for constructing the Student Academic Support System (SASS) degree audit. This audit applies the student's earned credits to the intended degree program, providing the student with an assessment of which degree requirements have been met and those remaining to be satisfied. The student and his or her advisor use the audit to schedule courses that meet the remaining requirements.

It is the student's responsibility to review the degree audit to determine how transfer courses apply toward the major. The student must contact the UCF advising office for his or her major with questions about course applicability toward the degree. For questions regarding course applicability toward general education, contact Academic Services at 407-823-2691. Arts & Sciences majors can contact OASIS at 407-823-2492.

The student must make sure that all official transcripts, including a final transcript from the last institution attended, are submitted to the Undergraduate Admissions Office within ten days of the start of the student's first semester/term at UCF. If UCF does not receive them, a hold is placed on the record, which makes it difficult for the student to receive financial aid or register for a future semester/term.

What are the Foreign Language Requirements?

To be admitted to the University, the student should complete two credits/years of the same foreign language or American Sign Language in high school (document by submitting an official high school transcript) or 8-10 semester hours in the same language at the college level or pass a CLEP or other proficiency examination. Students admitted without this requirement must satisfy it prior to graduation.

To graduate with a BA degree students must demonstrate foreign language proficiency in the same language, either through college level course work or testing, equivalent to one year of college instruction. Some majors require additional proficiency. Neither high school courses nor American Sign Language proficiency will satisfy graduation foreign language requirements. International students, required to provide TOEFL scores for admission, will also have satisfied the graduation requirement.
How Can My Community College Counselor/Advisor Help Me?

Community college counselors or advisors are provided with information and resources about the requirements to enter each program at UCF. They can help a student determine which classes need to be completed before transferring to UCF. Additionally, information for limited access majors that require special application deadlines, GPA requirements, testing, portfolios, letters of recognition, etc. will be listed in this catalog. Students may also check with a counselor/advisor for current information.

Why Should I Complete My AA Degree Before Transferring From a Florida Public Institution?

Receiving an AA from a Florida public community college guarantees rights under the statewide Articulation Agreement. The following are some of the advantages of receiving the AA:

- Acceptance of at least 60 credit hours toward the baccalaureate degree; no additional general education core requirements;
- Acceptance of all courses taken at the community college, if the same course with the same course number is offered at UCF;
- All accelerated programs (CLEP, AP, IB, PEP, early admission, and dual enrollment courses) within the AA degree from the community college will transfer into UCF;
- Advance knowledge of selection criteria for limited access programs; equal opportunity with UCF native students to enter limited access programs;
- All grade forgiveness awarded under the AA will be honored.

Students who do not complete a Florida public institution's AA must complete UCF's general education requirements, which may be considerably different from previous institutions' requirements.

What If I Have Not Taken the CLAST?

Students can be admitted without completing the CLAST. However, be aware that without the CLAST completed, students are not awarded the AA degree; therefore, privileges provided by the AA degree are not granted (e.g., grade forgiveness, Gordon Rule, and the completion of general education requirements). Students who have met all the AA requirements except the CLAST should have "General Education Requirements Met" placed on their transcript to assure getting credit for meeting General Education Requirements and Gordon Rule courses. Without this statement students must satisfy UCF's general education requirements and Gordon Rule courses. No grade forgiveness is given, however, without the AA degree awarded. If your grade point average falls below a 2.0 (without grade forgiveness), you will not be admitted. Failure to complete the CLAST could also affect student financial aid decisions. Check with the Office of Student Financial Assistance for more
Students who have not met the CLAST requirement must take the exam their first term of enrollment and must satisfy all four parts of the CLAST by the time they have completed 36 hours of upper-division course work. UCF accepts the CLAST alternatives and waivers awarded by Florida public community colleges and universities.

Students entering the College of Education must pass the CLAST exam before enrolling in upper division education classes. Students majoring in Education may not use waivers or alternatives to satisfy CLAST requirements. Education majors who have used alternatives or waivers should speak to their college advisor.

Where Can I Go For Help?

Can Transfer Students Participate in The Honors College?

Community college transfers and other students who have completed their general education requirements may participate in the Honors in the Major program through the completion of departmental honors requirements, including an original research project. Transfer students who apply for admission to departmental honors programs must have a minimum GPA of 3.5. Successful completion of Honors in the Major will be noted on transcripts. Qualified students who transfer to UCF with an AA with Honors from a Florida community college which has signed an Honors Articulation Agreement with THC will be admitted into University Honors with junior standing. Call
When Do I Pay My Bill/Fees?

For students taking courses at UCF for the first time, tuition and fee payments are due on a specified date after classes begin. Students can print a copy of their fee invoice on-line from POLARIS (https://polaris.ucf.edu). A late payment fee of $50 will be assessed on all accounts not paid or deferred by the payment deadline. Please note that you will not be sent a bill. It is the up to you to pick up a fee invoice/schedule at your college advising office or the Registrar's Office (MH 161) before the end of Add/Drop, or view your invoice through POLARIS. Payments may be made at the Cashier's Office (MH 108) or mailed to:

University of Central Florida
Cashier's Office
P.O. Box 620000
Orlando, FL 32891-8449

Do not place cash in the night depository (north-pond side of Millican Hall). Include the student's social security number on all checks and money orders. Credit cards are not accepted.

Financial Aid deferments will automatically be reflected on the "Fee Invoice/Schedule." If the total amount of tuition and fees exceeds the amount of deferment, the difference must be paid by the due date on the "Fee Invoice/Schedule." The following programs are not included in the automatic deferral program: work/study programs, third party deferrals and other waivers, and direct pay scholarships.

TRANSFER TIPS AND CHECKLIST

Transfer Tips

Students should:

- Submit their application at least six months in advance. They should not wait until the AA degree is awarded to apply. A student can be accepted "contingent upon completion of the AA degree." By applying early and being accepted, students will be invited to an early orientation. This means students will register along with native UCF rising juniors.
· Keep a transfer diary. For each contact with UCF, students should record the name of the person with whom they spoke, the date, and the type of request. They should keep a copy of all letters they send and receive.

· Have original transcripts from all institutions attended sent directly to the Undergraduate Admissions Office. If they are currently enrolled, they should send a transcript when applying and a final transcript when classes are completed.

· Attend the earliest orientation session possible. Students will have more course selections and registration choices. Students should bring copies of all transcripts (transcripts sent in for admissions purposes are not always available for advising during orientation). Students are advised and then allowed to register. Tuition and fee payments are not due until a specified date after classes begin according to the published deadline.

· Complete the "Student Health Form." Registration will not be allowed without the completion and approval of this form.

· Complete CLAST if possible; however, students can be admitted without it. As students are not awarded the AA degree without completion of CLAST, privileges provided by the AA degree are not granted (i.e., grade forgiveness, Gordon Rule, and the completion of general education requirements). Students without completion of CLAST, but with all general education courses completed, should request the following statement placed on their transcript: "General Education Requirements Met." Without this statement, students must satisfy UCF's general education requirements (including Gordon Rule courses).

· Complete the "Free Application for Federal Student Aid" (FAFSA). To be considered for all aid available, students' financial aid files should be complete by March 1.

Undergraduate Degree Requirements

Requirements for Graduation

Students must fulfill both the requirements for a major and University requirements to receive a bachelor's degree from the University of Central Florida. The student must:

- Fulfill the requirements for the chosen major;
- Earn a minimum of 120 unduplicated semester hours with at least a "C" average (2.0 GPA) for all UCF course work attempted. Some majors require more than 120 hours;
- Earn at least 48 of these 120 semester hours in 3000-level courses or above (upper-division);
- Earn the last 30 semester hours in regular courses at UCF. Credit by examination may not be used to satisfy this requirement;
- Earn a minimum of 25% of the total hours required for the degree in residence at UCF. For programs that require the minimum of 120 total hours, residency will be 30 hours. For programs that exceed 120 hours, the specific residency requirement increases proportionally and is listed with the requirements for the specific degree program;
- Earn a minimum of 60 semester hours after CLEP credit has been awarded;
- Apply no more than 45 semester hours in any combination of extension, correspondence, CLEP, University Credit by Examination and Armed Forces credits toward an undergraduate degree;
- Fulfill the General Education Program requirements;
- Fulfill the Gordon Rule requirements;
- Fulfill the Foreign Language requirements as defined elsewhere in this section;
- Fulfill the CLAST requirement; and
- Earn a minimum of nine semester hours during Summer terms, if applicable.

Choice of Catalog (Catalog Year) and Continuous Enrollment
A student must graduate under the provisions of any UCF Undergraduate Catalog in effect since the student began continuous enrollment at UCF. A student transferring from Florida public community colleges or state universities may use the UCF Undergraduate Catalog in effect at the time he or she began the most recent period of continuous enrollment in academic good standing at any of the Florida public institutions.

Continuous enrollment is defined as being enrolled in classes without a break of two or more consecutive regular semesters/terms (i.e., Fall and Spring, or Spring, Summer, and Fall). Continuous enrollment is automatically broken when a student moves from one transfer institution to another following academic disqualification or exclusion.

Effective May 2000, students changing to a new major in the colleges of Arts and Sciences, Business Administration, or Health and Public Affairs must move to the current year's catalog. Additional information is included in the program descriptions. Students must use a single catalog and not a combination of catalogs for graduation. In cases when required courses are no longer taught by the University, the appropriate department, college, or Academic Services (MH 210) may designate a reasonable substitute. If a student desires to change the catalog for graduation, the student should first discuss with the advisors how such a change would affect University, college, and major requirements. If a student decides to request a change, he or she should complete a "Catalog Year Change Request Form" in the Registrar's Office (MH 161) or online at http://registrar.ucf.edu.

General Education Program (GEP)

The purposes of the UCF General Education Program (GEP) are to introduce students to a broad range of human knowledge and intellectual pursuits, to equip them with the analytic and expressive skills required to engage in those pursuits, to develop their ability to think critically, and to prepare them for life-long learning. The GEP curriculum provides students with the intellectual, ethical, and aesthetic foundations necessary to make informed choices; to accept the responsibilities of working and living in a rapidly changing world; and to lead a productive and satisfying life.

Courses that fulfill the General Education Program requirements are specified, but in some cases an advanced course in the same discipline may be substituted for GEP requirements with the approval of Enrollment and Academic Services. Students should consult both with an advisor and with Enrollment and Academic Services before submitting any course.

Undergraduate students who have not completed requirements for the Associate of Arts degree and who desire to transfer to another Florida public university can have their transcripts indicate "General Education Requirements Met" upon written request, if they have completed UCF's GEP requirements.
with a GPA of 2.0 or better. UCF will accept a similar statement on transcripts received from Florida public community colleges and universities in lieu of completion of the University's General Education Program. Students enrolled in courses that use the "NC" grade must earn a grade of "C" (2.0) or better.

Substitution of Courses: General Education Program and Other Requirements

The Student Academic Support System (SASS) degree audit routinely coordinates the evaluation of transfer courses for the University's General Education Program and Foreign Language Proficiency requirements. When the transfer course work is entered into the UCF computer system (usually during the first semester at UCF), SASS degree audit will request course descriptions and other information to provide a sufficient basis for evaluation. Courses are evaluated on the basis of equivalency with the content of the courses required by the University. The evaluation conducted is entered into a computerized SASS Degree Audit System and then is available to the colleges and departments through the University's computer network and for the student on-line access through POLARIS at https://polaris.ucf.edu. Appeals of decisions made by SASS Degree Audit should be directed to Academic Services (MH 210). Substitution requests for college or major requirements are processed within those administrative offices.

Diversity Requirement

The University recognizes that communities are comprised of, and enriched by, people of diverse backgrounds. The study of diversity is encouraged to promote an understanding of the needs of individuals, the University, and society. Thus, all students completing their first bachelors degree from UCF must complete at least one course that explores the diverse backgrounds and characteristics found among humans, including: race/ethnicity, gender, social class/caste, religion, age, sexual orientation, and level of physical ability.

Students are exempt from this requirement if they have completed an Associate of Arts degree or the General Education Program at a Florida public state university or community college. Students who have previously completed a baccalaureate degree also are exempt.

The requirement is satisfied by the successful completion of a diversity course selected from the following list. Additional courses may be approved subsequently by the General Education Oversight Committee, so students should consult their departmental advisor for the most current listing.

Transfer work from other colleges and universities is evaluated by the student's major department to determine if courses meet the diversity requirement. Satisfaction of this requirement remains in effect if the student changes majors.

**Exit Exams**

In order to measure their effectiveness, some departments and colleges may require graduating students to participate in an exit exam designed to measure the students' understanding of the discipline.

**Foreign Language Proficiency Requirement (Bachelor of Arts Degree)**

Students graduating with a Bachelor of Arts degree must demonstrate proficiency in a foreign language equivalent to one year of college instruction. This requirement may be met either by successful completion of the appropriate college-level course or by examination. Languages that may be used include those taught at UCF and any others for which the University can obtain standardized proficiency tests. Students who have previously received a baccalaureate degree are exempt from this
Placement in Language Course

- Placement in foreign language courses is based on one year of high school language being equivalent to one semester of college work. For example, four years of one high school foreign language place the student in the first semester of the third year.

- Native speakers or students who have received advanced education abroad must substitute select classes.

Several departments, colleges, and schools have additional requirements. See "Special College and/or Departmental Requirements" within each department listing.

1. This requirement is for proficiency and not a requirement for a particular number of hours of course work. For example, successful completion of only SPN 1121 (Elementary Spanish Language and Civilization II) would satisfy the B.A. requirement. Appropriate scores on Advanced Placement and CLEP examinations will also satisfy the requirement.

2. This is a University-wide requirement for all B.A. majors.

3. The Testing Administrator of the Office of Counseling and Testing will offer the Foreign Language Proficiency Examination periodically each semester. Students must register in advance with that office to take the examination (RS203).

4. The foreign language proficiency requirement does not apply to students seeking a second baccalaureate degree.

5. A student who is required and furnishes a passing TOEFL (Test of English as a Foreign Language) score for admission to the University is considered to have satisfied the requirements.

SUS Foreign Language Admission Requirement

Students who have not satisfied the Foreign Language Admission Requirement (two units in the same language) at the time they are admitted to the University must satisfy this requirement prior to graduation. This requirement applies to all undergraduates and is separate from the UCF Foreign Language proficiency requirement.
The Gordon Rule

The Gordon Rule (State Rule 6A-10.30) applies to students who first enrolled in any college or university after October 1982. The rule requires students to complete 24,000 words of composition in four courses (12 semester hours) and to complete two courses (six semester hours) of mathematics at the level of college algebra or higher. Each course must be completed with a minimum grade of "C" (2.0). CLEP may not be used to satisfy the composition portion of the Gordon Rule Requirement.

UCF courses that are required by the General Education Program also may be used to satisfy the Gordon Rule. Gordon Rule requirements may be satisfied by the General Education Program as follows:

**Gordon Rule Requirement:**

Any 3000-level or above course in mathematics, statistics, or computer science also may be used toward fulfillment of the mathematics portion of the Gordon Rule Requirement.

All literature and composition courses taught by the Department of English, and each of the courses listed below fulfill 6,000 words of the composition portion of the Gordon Rule Requirement.

Additional specific upper level courses also may be used to meet the Gordon Rule composition requirement. Consult the OASIS for information.

College Level Academic Skills Test (CLAST)

The College Level Academic Skills Test (CLAST) is designed to ensure that students have achieved communication and computation skills commensurate with successful completion of the lower-division course work. All students seeking an Associate of Arts or baccalaureate degree from a State of Florida Institution are required by the State to satisfy the CLAST requirement. There are several methods by which students may meet this requirement, but applicants for teacher certification may only satisfy the CLAST by earning passing scores on each subtest. Students who have completed 18 or more semester hours are eligible to take CLAST.

Transfer students with more than 60 semester hours who have not taken the CLAST or who have not met the CLAST requirement may be admitted, but they must take the CLAST exam during their first term at UCF. If a student has not met the CLAST requirement by the completion of 36 upper division semester hours, enrollment in future terms at UCF will be restricted until the CLAST requirement has been satisfied.

Students with 60 or more hours of credit who have not taken the CLAST may be restricted from future registration. Students who have not passed all four subtests of CLAST may enroll in 36 semester hours of upper division credit. If the CLAST requirement has not been satisfied and the 36 hours of upper division credit have been earned, enrollment in future semesters/terms at UCF will be prohibited until the CLAST requirement has been met. An appeal to continue enrollment may be submitted to the CLAST Waiver Committee (PH 107).

CLAST is offered statewide once per semester/term. Students must register in advance at the Student Academic Resource Center (PH 115) or at the Registrar's Office (MH 161). Additionally, students may retake the English Language Skills, Reading, and/or Mathematics subtests on computer at the Counseling and Testing Center/Test Office, Student Resource Center, room 212. A fee will be charged for the computer-adapted CLAST. Information regarding preparation for the CLAST or Alternative criteria for meeting the CLAST requirement may be obtained from the Student Academic Resource Center (PH 115); 407-823-5130. Academic advising offices within each college and Academic Support and Advising Programs also can answer questions students may have.

Summer Attendance Requirement
A student entering the State University System with fewer than 60 semester hours of credit is required to enroll in a minimum of nine hours of credit in the summer at a State of Florida university. Courses taken at the University during the summer for which the student receives a "W" or "F" may be counted toward this requirement. Petition forms for exemption are available from Academic Services (MH 210).  

**Admission to the Upper Division**

To be classified as an upper division student at the University of Central Florida, a student must complete the following:

1. A minimum of 60 semester hours of academic work;
2. The English and mathematics requirements of the Gordon Rule;
3. Passing scores on three of the four parts of the CLAST; and
4. One year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

**Graduation Application Deadline**

Students planning to graduate in the next semester/term must complete the "Intent to Graduate Form" in their college during Early Registration for their last semester/term (see Academic Calendar for specific dates). Students who have not applied for graduation by the last day of classes in the semester/term preceding the graduation semester may not be listed in the Commencement Program. Graduating students must be enrolled at UCF during the semester/term of graduation. Graduates may contact the Registrar's Office for Commencement ceremony and guest ticket information or refer to [http://graduation.ucf.edu](http://graduation.ucf.edu).

Successful completion of the degree requirements stated in the *Undergraduate Catalog* under which the student plans to graduate shall constitute a recommendation of the respective college faculty that the degree be awarded, assuming the student is in good standing at the University. A student must complete all requirements for a baccalaureate or graduate degree no later than the date of the Commencement. A student may not be enrolled as a transient student in another institution during the semester/term in which the baccalaureate degree or the Associate of Arts degree is to be awarded.

**Correspondence Courses**
The University of Florida’s Division of Continuing Education, Department of Independent Study by Correspondence administers all correspondence instruction for the State University System of Florida (SUS). College credit, high school credit, and continuing professional education courses are available through regular mail and Fax (several by e-mail). Independent Study offers more than 150 courses to students who would like a flexible schedule or an opportunity to take extra classes. It is possible to enroll any time during the year.

In 1996, the state revised the General Provisions Rule 64-4.002, at the Bureau of Teacher Certification for the State of Florida. Any teacher in the state now can use credit correspondence courses, as appropriate, to apply toward the recertification of the teaching license. Moreover, there is no limit to the number of courses that may fulfill the requirements.

The current catalog details enrollment procedures, fees, and course information. A copy may be obtained at no cost by calling or writing to: University of Florida, Independent Study, Suite D, 2209 NW 13th St., Gainesville, FL 32609; 352-392-1711, Ext 200; e-mail: learn@nervm.nerdc.ufl.edu. Double Majors

Any UCF student working toward a single bachelor's degree (a B.A. or a B.S. degree) who concurrently satisfies the requirements for two majors will be awarded one diploma with both majors indicated on the transcript. Since the requirements for Bachelor of Arts and Bachelor of Science degrees are different, a student completing a major with a B.A. and a major with a B.S. must satisfy the requirements for both the B.A. and the B.S. degrees. Students may not pursue a BA/BS double major in the same major. Although both majors will be indicated on the transcript, only one diploma (a B.A. or a B.S., at the student's option) will be awarded. A double major does not require a minimum number of hours beyond those necessary for completing degree requirements, while a second baccalaureate degree has specific minimum requirements.

Second Baccalaureate Degree

Any UCF student desiring to obtain two baccalaureate degrees must meet the requirements for both degrees and earn a minimum of 150 semester hours. A separate diploma will be awarded for each degree.
Transfer graduates from accredited four-year U.S. institutions who apply for admission to work toward a second baccalaureate degree at the University of Central Florida must meet the regular admission requirements of the major department and the UCF residency requirement for that degree. Students holding the baccalaureate degree from accredited U.S. institutions are considered to have completed CLAST, Gordon Rule, foreign languages, and General Education Program Requirements. Students who hold degrees from foreign institutions may be required by the Office of Academic Services (MH 210) to fulfill all or part of the UCF General Education Program requirements.

The University requirements specified in the preceding paragraphs are minimum requirements. Departments and colleges may require more than 150 semester hours for a second degree or more than 30 semester hours to be taken in residence at UCF. Students should confirm department, school, and college requirements with their academic advisors.
Academic Regulations and Procedures

Semester Hours

The graduation credit value of each course of instruction is stated in terms of semester hours. A semester hour of credit represents one class hour of work (or two or more laboratory hours of work) per week for a semester.

Classes may be offered for a six-week period during the summer term. During this shortened semester, two and a half class hours of work (or four or more laboratory hours of work) per week are required to represent a semester hour of credit.

Maximum Course Load

The University reserves the right to establish maximum course loads for students at any level. Course load limitations will be published in the Schedule Web Guide and will be made available prior to the beginning of the semester/term.

Student Classifications

Students will be classified by level, on the basis of semester hours satisfactorily earned as follows:

**Freshman:** 0-29 semester hours.

**Sophomore:** 30-59 semester hours.

**Junior:** 60-89 semester hours and have fulfilled CLAST and Golden Rule requirements.

**Senior:** 90 or more semester hours, prior to completion of baccalaureate requirements.

**Post-Baccalaureate:** Any student enrolled in courses, regardless of course level (except one
working toward another baccalaureate degree), who has a baccalaureate degree but has not been admitted to a graduate program. All post-baccalaureate students are considered as non-degree undergraduates for all University policies and procedures.

**Graduate:** Any student enrolled in graduate courses who has been admitted to a graduate program.

**Other student classifications:**

**Auditor:** A student registered for any credit course who is not seeking credit.

**Co-op Student:** A student enrolled in the Cooperative Education Program remains a registered student during all off-campus assignment semesters. Furthermore, there is no lapse in continuity in the co-op school calendar: a co-op student either is on assignment or attending class during each school semester.

**Special Student:** A student of demonstrated academic ability who does not meet the regular requirements for admission (Early Admission, non degree-seeking, transient, and auditor).

**Temporary:** A student who applied before the deadline and who is permitted to register and attend class pending completion of the admission file.

**Transient:** Students temporarily registered (for one semester) at the University of Central Florida with the approval of another university or college where they are regularly enrolled, or a UCF student temporarily in attendance at another university or college, with the approval of UCF. A UCF student may not be enrolled as a transient student in another institution during the term in which the baccalaureate degree or the A.A. degree is to be awarded.

**Non-Degree-Seeking:** A student earning credit, but not working on a degree program.

**Provisional:** A student entering from a regionally unaccredited high school, college, or university may be admitted on provisional status where appropriate. By obtaining a minimum 2.0 GPA ("C" average) at the end of the first semester/term of attendance, the provisional status will be removed. Earning less than a "C" (2.0) average the first term would result in disqualification.

**Dual Usage of Credit Hours**

Courses used to meet the requirements of an undergraduate degree typically cannot also be used to meet the requirements of a graduate program. At the discretion of the program and college, graduate programs are permitted to accept up to nine hours of graduate course work taken at UCF while an undergraduate student as part of an undergraduate program of study. Ask your department for information regarding the Senior Scholars program. Contact your advisor or college for specific program requirements or additional information.
Third Attempt Course Repeat Surcharges

All students enrolled in undergraduate courses for the Fall 1999 semester and beyond are subject to an additional surcharge fee when they enroll in the same undergraduate college-credit course three or more times. Completed courses, withdrawals, and courses with incomplete grades are counted as attempts, including courses repeated in order to raise the GPA or to achieve a specific grade. Courses that specify they may be repeated for credit are exempt. Students seeking exemptions for extenuating circumstances or financial hardship may submit a written petition with documentation to the Fee Appeals Committee, Student Accounts Office (MH 107).

Transient Enrollment at Other Institutions

A UCF degree-seeking student who desires to earn credit at another college or university for transfer back into a degree program must obtain prior approval for specific courses from the Dean or Department Chair of his/her respective college/school. Approval of courses for the General Education Program should be obtained from Academic Services. Credit earned without this transient approval may not be accepted. Plus or minus grades will be transferred for course work earned Fall 2001 and after using UCF's grade point system. Because of graduation certification, students may not take courses in transient status during the semester/term in which they expect to graduate. Transient forms are available in the college of the student's major. Transient credit cannot be used to reduce the last 30 semester hour residency requirement for a baccalaureate degree, the last 20 semester hour residency requirement for an Associate of Arts degree, or any departmental residency requirements.

Religious Observances

It is the policy of the University of Central Florida to reasonably accommodate the religious observances, practices, and beliefs of individuals in regard to admissions, class attendance, and the scheduling of examinations and work assignments. A student who desires to observe a religious holy day of his or her religious faith will notify all of his/her instructors and be excused from classes to observe the religious holy day.

The student will be held responsible for any material covered during the excused absence, but will be permitted a reasonable amount of time to complete any work missed. Where practicable, major examinations, major assignments, and University ceremonies will not be scheduled on a major religious holy day.

Students who are absent from academic or social activities because of religious observances will not be penalized. A student who believes that he/she has been unreasonably denied an educational benefit
due to his/her religious belief or practices may seek redress in accordance with Rule 6C7-5.0031, Student Grievance Procedure, as listed in The Golden Rule.

Grade System

The University uses an alphabetic system to identify student grades and other actions regarding student progress or class attendance. Beginning Fall 2001, a plus/minus grading system became effective, with a grade point equivalent per semester hour as follows:

The grade point average (GPA) is the average number of grade points per semester hour attempted. GPA is computed by dividing the total number of grade points assigned by the total number of semester hours attempted, less hours resulting from NC, W, WP, and I grades. The grade point average for graduation requirement is a minimum UCF 2.0 ("C").

The designation of "N" will be assigned temporarily by the Registrar's Office only in the case when a grade has not been submitted by the faculty by the grade submission deadline. The designator will be replaced by the earned letter grade at the earliest opportunity in the semester that immediately follows. The "N" designator may not be assigned by the instructor.

Grade Change

A "Grade Change Request Form" will be considered only during the semester immediately following the one in which the grade was assigned, except that grades assigned during the Spring semester may be changed during either the following Summer term or Fall semester. Academic actions do not change when an incomplete grade is completed nor when a course is repeated. An exception can be made when a University error has been committed and is so stated by the instructor on the "Change of Grade Request Form." A change in a grade must be approved by the dean of the college/school. A grade will not be changed after a degree has been conferred.
Incomplete Grade

A grade of "I" (incomplete) is assigned by the instructor when a student is unable to complete a course due to extenuating circumstances, and when all requirements can be completed in a short time following the end of the term. The student is responsible to arrange with the instructor for the completion of the requirements of the course. Effective with incomplete grades assigned in the Fall semester 1997 and thereafter, a student **can not** graduate from the University with an "I" on the transcript. The incomplete must be changed within one year of the last day of the semester or prior to graduation from the University, whichever comes first. Unresolved incomplete grades automatically will be changed to "F" by the Registrar's Office. Unresolved "I" grades in courses graded with "S" or "U" will be converted to "U." Academic actions do not change when an incomplete grade is completed.

Grade Forgiveness

Grade Forgiveness offers a student the opportunity to retake a course and earn a higher grade that will be substituted for the previous lower grade and thus raise the GPA. "Grade Forgiveness Forms" are available in the Registrar's Office or on the Registrar's website. Requests must be submitted no later than the **last day of Add/Drop** for the semester/term in which the student has registered for the course being repeated. The following policies apply:

1. Grade Forgiveness is limited to **two** courses;
2. Grade Forgiveness **may not** be used twice for the same course;
3. Grade Forgiveness will only be awarded if the original and repeated courses both are taken at UCF;
4. All grades will remain on the student's official transcript. The original course grade will be marked with a "T" to indicate that the course has subsequently been repeated, and the repeat course grade will be marked with an "R." The original grade always will appear on the transcript but only the repeated course grade will be calculated into the GPA;
5. If it is determined that the student is ineligible for the Grade Forgiveness policy, neither a refund of fees nor automatic withdrawal from the course will be made;
6. If a student applies for Grade Forgiveness and later withdraws, or receives and "I" grade or "NC" grade in the course, the attempt **will** count as one of the allotted Grade Forgiveness attempts, and the GPA will calculate both grades.
7. UCF **does not** honor Grade Forgiveness granted at other institutions unless it is part of an Associate of Arts or a specific statewide articulated Associate of Science degree transferred from a Florida public community college or university. UCF’s Grade Forgiveness policy may not be honored
by other colleges, universities, professional schools, or national testing associations;

8. Due to the two-course limit, a student who has repeated two or more courses at a Florida public community college or university and included those courses in the transfer of an AA or a specific statewide articulated AS degree will not be granted any Grade Forgiveness at UCF;

9. Grade Forgiveness awarded for repeated courses will not retroactively alter any previous academic action (i.e. academic probation or disqualification). In addition, no academic records can be altered after a student graduates;

10. Grade Forgiveness is not retroactive and, therefore, may not be used for a course repeated before Fall 1981. If a student who repeated a course at UCF before 1981 and did not use the previous forgiveness policy may repeat the course again. In this case, the lower of the previous two grades will be forgiven. This special circumstance is the only one in which a student will be allowed to repeat a course more than once; and

11. With prior approval from the Dean's office in which the course is offered, a student may substitute a course different from the original one if: 1) the substitute course reflects a change in prefix, number, hours, or title but not in substance; or 2) the substitute course replaces a course no longer offered by UCF.

Repeated Enrollment in Same Course: Beginning Fall 1997, a student enrolled in the same undergraduate college credit course more than twice shall pay matriculation at 100% of the full cost of instruction (Non-Florida Resident rates).

Academic Standing

All academic actions are shown on grade reports and transcripts. The action is generated due to course completion. Changing a course grade does not necessarily change academic action. An exception can be made when an error is committed and is so stated by the instructor on the "Change of Grade Request Form."

Academic Probation: Action taken when a student's UCF cumulative GPA drops below 2.0. Academic Probation will continue until the current semester/term and UCF cumulative GPA reach 2.0 or better.

Disqualified: A student on Academic Probation is disqualified upon failure to achieve a 2.0 GPA during the subsequent semester/term. A student who is disqualified may not enroll at the University for two semesters following disqualification. Readmission after two semesters is not automatic. A disqualified student
must submit an application for readmission supported by a letter indicating the reasons for previous academic difficulties and plans for achieving a GPA of 2.0 or better. The total record will be reviewed and action on readmission will be taken by the University Registrar. When the University Registrar can not make a favorable decision, cases will be referred to the Admissions and Standards Committee.

Exclusion (Second Suspension or more): A student readmitted following disqualification who fails to achieve a minimum 2.0 GPA is excluded from the University. Exclusion is most serious and readmission will not be considered prior to a minimum suspension period of one year.

Good Standing Students are in good standing as long as their academic action does not place them on disqualification or exclusion.

Readmission: If a student has dropped out of the University for any reason, he or she must reapply on the appropriate form.

First-time-in-college students may be admitted on Academic Probation at the discretion of the Undergraduate Admissions Office or the Admissions and Standards Committee. Transfer students may be admitted on academic probation at the discretion of the Undergraduate Admissions Office or the Admissions and Standards Committee. Academic probation is intended to inform students making unsatisfactory progress of their need to alter study habits and to seek additional counseling. Early recognition will indicate to the student the possible jeopardy to academic goals and will also allow an opportunity to demonstrate acceptable performance.

Withdrawal Policy

A student may withdraw on POLARIS, by visiting the Registrar's Office, the college advising offices, or area campus records office. Students may also withdraw by fax at 407-823-5652, or letter, which must be time stamped or postmarked before the withdrawal deadline. The official date of withdrawal is the date the withdrawal is received by the University.

A student may withdraw from a class and receive the notation of "W" until the end of the eighth week of any semester or until the midpoint of any summer session in the Registrar's Office (MH 161) or on POLARIS at https://polaris.ucf.edu.
A student never is automatically withdrawn from a class for not attending, nor can an instructor withdraw a student from a class. Upon request, however, the instructor will provide the student with an assessment of the student's performance in the course prior to the last day of withdrawal.

No withdrawal is permitted after the deadline except in extraordinary circumstances such as serious medical problems. Unsatisfactory academic performance is not an acceptable reason for withdrawal after the deadline. Students who need to petition for a late withdrawal should consult Academic Services (MH 210).

At the time of the request, Academic Services will ascertain from the instructor whether the student was passing or failing the course. If the student was passing, a punitive "WP" will be recorded on the student's permanent record; if failing, a "WF" will be entered. Medical and late withdrawals normally are for all courses taken in the semester.

Students who seek late withdrawal because they are ill must apply for the withdrawal within six months of the term from which the withdrawal is sought. Students seeking a late withdrawal because of medical conditions must follow the medical withdrawal procedure. The student's physician provides the University with the appropriate medical information, using the forms available in the Office of Academic Services. A medical withdrawal must be for all classes in the term.

If a medical withdrawal is approved, a "WM" will be recorded for each course. Students who receive a medical withdrawal may be placed on hold until the University can determine that the student is ready to return. If a medical withdrawal is not approved, the request may be approved as a late withdrawal, and grades of "WP" or "WF" will be recorded.

A grade of "WF" will affect the calculation of the student's grade point average (the procedure used for calculating is defined in the 'Grade System' earlier in this section).

If a student withdraws from a course while an alleged academically dishonest act is under consideration, and the case is not subsequently resolved in favor of the student, the University reserves the right to assign the appropriate grade for the course.

**Academic Honors**

**President's Honor Roll Certificate**
The President's Honor Roll Certificate is awarded in recognition of scholastic honors to regular undergraduate students who register for and complete 12 or more hours, excluding satisfactory/unsatisfactory course work, and who maintain a 4.0 GPA with no "I" or "U" grades for the given semester/term or who complete 15 semester hours during any two consecutive semesters/term at UCF with no more than 11 hours in any one semester/term, excluding satisfactory/unsatisfactory work, and who maintain a 4.0 GPA for the two semesters/term with no "I" or "U" grades. Hours utilized in the awarding of a President's Honor Roll Certificate may not be utilized in the determination of a subsequent certificate.

Dean's List

The Dean's List is compiled in recognition of scholastic honors for students who earn a minimum 3.4 GPA with no grade less than "C" (2.0) and no "I" or "U" grades during a semester/term. To be eligible for the Dean's List, students must register for and complete a minimum of 12 credit hours in a Fall or Spring semester or nine credit hours in a Summer term at UCF.

Baccalaureate Honors

The University shall confer baccalaureate honors recognition on those students who have completed a minimum of 48 semester hours at UCF and who:

1) Attain an overall grade point average that is in the upper 10 percent of the range established by all students graduating in the same college/school during the previous two years;
2) Attain at least a 3.2 overall grade point average;
3) Honors awarded will be:
   **Summa Cum Laude** for those students in the upper 2.5 percent;
   **Magna Cum Laude** for those students in the upper five percent, but not in the upper 2.5 percent;
   **Cum Laude** for those students in the upper 10 percent, but not in the upper five percent.

Records for the semester of graduation are incomplete at the time the Commencement Program is printed. Identification of these students at graduation therefore is presumptive of honors and not
conclusive, since final term grades may result in changes in relative rankings.

**Earning Credit While Disqualified or Excluded**

Students disqualified or excluded while a freshman or sophomore who subsequently receive an A.A. or a specific statewide articulated A.S. degree with a minimum "C" average (2.0 GPA) on all college work attempted from a Florida public community college may be readmitted to the University with credit earned in accordance with standard University policies. Students who attend other colleges or universities following disqualification will be classified as transfer students and their readmission will be based on their total educational record.

**Admissions and Standards Committee**

The Admissions and Standards Committee is a Reporting Committee of Faculty Senate. Its membership includes faculty and non-faculty representatives of the Faculty Senate, several academic colleges, the Division of Student Development and Enrollment Services, and Student Government Association. The Admissions and Standards Committee meets regularly to consider petitions from: 1) persons denied admission; 2) former students seeking Readmission as an Exception to University Policy following academic disqualification or exclusion; 3) students requesting to continue in school, but who have failed to meet CLAST requirements; and 4) students appealing prior decisions rendered by the Admissions and Standards Committee.

**Right of Appeal**

Each person whose petition has been denied by the Admissions and Standards Committee may request that the Committee reconsider its original decision regarding such petition but the Admissions and Standards Committee is not obliged to grant such request. To appeal any Admissions and Standards Committee decision under this policy, the appellant **must** submit a written request that the Admissions and Standards Committee consider reviewing its original decision in light of new and compelling evidence that was not known or reasonably could not have been known by the appellant at the time the original petition was considered. The new and compelling evidence must be documented to the satisfaction of the Admissions and Standards Committee, and such documentation must be attached to the appeal.

The appeal should be limited in length to one typed page; it **must** be signed, dated, and include the
The appeal will be submitted to:

Chair, Admissions and Standards Committee
Division of Student Development and Enrollment Services
University of Central Florida
4000 Central Florida Blvd.
Millican Hall 282
Orlando, FL 32816

Upon receipt of both the appeal and all required supporting documentation, the Admissions and Standards Committee will consider whether or not to review its original decision. The Admissions and Standards Committee will advise the appellant of its decision, which is final.

Readmission

A student must submit a "Readmission Application Form" to the Registrar's Office if the student has been academically suspended from UCF (see 'Readmission Following Suspension' below) or if the student has not enrolled at UCF for two consecutive semesters (not including the Summer term). The Readmission application is available at the Registrar's Office (MH 161) or on the web at http://www.registrar.ucf.edu. Deadlines for submitting applications can be found in the "Academic Calendar" of this Undergraduate Catalog. The application deadline for "Readmission as an Exception to University Policy" is as follows: for Summer, March 15; for Fall, June 15; and for Spring, October 15.

If the student has attended another regionally-accredited institution since leaving UCF, the student must request an official transcript be sent to the Registrar's Office. If the student was previously admitted to a UCF limited-access program, the student will be placed in pending status for that major and must apply to the college for readmission to the program. If the student has resided outside of the State of Florida for at least one year, the student may be required to complete the "Florida Residency Affidavit." Plus or minus grades will transfer for course work earned Fall 2001 and after using UCF's grade point system.
Any readmitted student whose UCF cumulative GPA is less than 2.0 at the time of the last enrollment at the University will be readmitted on "Academic Probation." All applicants seeking readmission who have attempted course work at another regionally-accredited institution since last attending the University will be required to be in "Good Standing" (minimum 2.0 GPA) at the institution attended with no allowance for grade forgiveness and must be eligible to return to the last institution attended.

A student who has previously attended UCF as "degree-seeking" and who desires to pursue a second bachelor's degree must apply by completing the "Readmission Application Form." If the student still is actively enrolled in the University, the student will not be subject to the readmission process and the enrollment status will be updated to "second-degree seeking."

Readmission Following Suspension

A student who has been academically suspended by UCF and who has completed the academic suspension period may petition for reinstatement by submitting the "Readmission Application Form" to the Registrar's Office. The petitioning student must satisfy the following requirements before a decision will be made. The student must:

1. Submit a written statement indicating the reason for the previous academic difficulties and a plan for ensuring success in future semesters:
   a) The written statement should be limited in length to one typed page; it must be signed and dated, and must include the student's social security number;
   b) A "Readmission Application Form" not accompanied by the required written statement will not be reviewed, nor will it be forwarded to the Admissions and Standards Committee;
2. Contact the major's department/school/college to establish a plan to complete the program of study. The student must obtain the department/school/college's favorable recommendation of this plan in writing;
3. Submit transcripts from all other schools attended during suspension (if applicable).

The Registrar's Office will process the readmission petition only when it receives all of the documents listed above. The Registrar's Office may elect to forward the student's petition to the Admissions and Standards Committee. If the Admissions and Standards Committee reviews the file, the student will be afforded the opportunity to personally appear before the Committee before it renders a decision.

Readmission Prior to Completion of the Required Suspension
A student who has been academically suspended by UCF and who has not completed the academic suspension period may petition for reinstatement by submitting the "Application for Readmission as an Exception to University Policy Form" to the Registrar's Office. The Registrar's Office will forward all petitions directly to the Admissions and Standards Committee. The petitioning student must satisfy the following requirements before the Registrar's Office will forward the request to the Committee. The student must:

1. Submit a written statement indicating the reasons for the previous academic difficulties and a plan for ensuring success in future semesters/terms. This statement must provide significant information supporting the student's request to readmit prior to completing the full suspension. The Committee will approve the request only if the information provided indicates that the reasons for the student's poor academic performance were beyond the student's control:
   a) The written statement should be limited in length to one typed page, it must be signed, dated, and include the student's social security number;
   b) A "readmission prior to completion of suspension" petition not accompanied by the required written statement will not be forwarded to the Admissions and Standards Committee;

2. Contact the major's department/school/college to establish a plan to complete the program of study. The student must obtain the department/school/college's favorable recommendation of this plan in writing;

3. Submit transcripts from all other schools attended during suspension (if applicable);

4. Order six official copies of the UCF transcript. The Registrar's Office will forward these transcripts to the Admissions and Standards Committee.

Students should ensure that the written statement and supporting documents contain all information required to support the petition for early reinstatement as they are not afforded a personal appearance before the Committee.

**Time-Shortened Degree (TSD) Opportunities**

The University of Central Florida provides a number of options by which students may shorten the time required to complete the baccalaureate degree. These options permit the University to recognize high levels of academic achievement and acquisition of knowledge prior to or during attendance at the University. Procedures that may be used include the Advanced Placement Program (AP), the College Level Examination Program (CLEP), University Course Credit by Examination, DANTES, and the International Baccalaureate. A maximum of 45 semester hours in any combination of extension, AP, IB, correspondence, CLEP, Armed Forces Service School Credits, and University Credit by Examination will be accepted by the University for application toward an undergraduate degree.
Advanced Placement Program (AP)

Students who have participated in the Advanced Placement Program in high school and have received a score of three, four, or five on the national examinations will receive college credit in the appropriate subject areas. Students should consult their high school guidance counselor or write to the Educational Testing Service, Princeton, NJ 08540, for additional information.

College Level Examination Program (CLEP)

Credit is awarded for examinations taken under the CLEP program provided the score obtained is at the 50th percentile or above on the National Sophomore CLEP norms. CLEP credit may be earned by the following methods: CLEP general examinations, CLEP general examination subtests, and CLEP subject examinations. Successful completion of CLEP examinations means performance at or above the minimum qualifying score. CLEP credit cannot be used to reduce a grade point deficiency. For example, CLEP cannot be substituted for a grade awarded for a previously completed course. CLEP may not be used to fulfill the senior institution requirements.

Awarding of CLEP credit is subject to the conditions listed below.

· Credit may be awarded in the CLEP general examination, CLEP general subtest area, or CLEP subject examination area, provided the student: a) is not within 60 semester hours of graduation; b) has not previously received comparable college course credit in the CLEP examination area; c) does not receive comparable college credit in the CLEP examination area in the same semester the examination is taken or in a subsequent semester; d) has not previously completed nor received credit by UCF (transfer or otherwise) in a more advanced course in the examination area; and e) does not complete nor receive credit by UCF (transfer or otherwise) in a more advanced course during the semester in which the CLEP examination is taken.

· Partial credit may be awarded in Humanities and Social Science-History general examinations to students who have course duplication in one subtest area but not in the other subtest area. For example, a student who has completed Humanities but has not completed Introductory Literature or a more advanced literature course would be eligible to receive credit in the literature subtest area, provided that he/she receives a satisfactory total score and a satisfactory subtest score.

The following table provides information related to the CLEP general examination areas and subtest areas for which credit may be awarded. In addition, this table delineates the number of credit hours per examination, and the minimum qualifying score. A table also is provided that contains information about CLEP subject examinations. The table delineates CLEP subject examinations that are available, qualifying scores for each examination, the UCF course for which each examination can substitute, and semester hours that will be awarded.

**Each student must also satisfactorily complete a lab and an essay exam. Both exams will be given by the College of Health and Public Affairs.

***Satisfactory completion of these exams does not reduce the 24,000 word requirement of the Gordon Rule.

Language Note: For French, German, and Spanish subject examinations, a 50% percentile score earns eight credit hours that substitute for FRE/GER/SPN 1120 and 1121. For French, a 52% percentile score earns twelve credit hours that substitute for FRE 1120, 1121, and 2200. For German, a 63% percentile score earns twelve credit hours that substitute for GER 1120, 1121, and 2200. For Spanish, a 54% percentile score earns twelve credit hours that substitute for SPN 1120, 1121, and 2230.

Credit by Examination

Regularly enrolled (excludes transient and non-degree) undergraduate students at the University of Central Florida may obtain credit for specific University courses through departmental examinations. A student who believes he or she has acquired the knowledge and/or skills of a specific University course should consult his or her advisor and the chair of the department in which the course is offered to arrange for an examination. Degree credit will be awarded for those courses successfully completed by departmental examination. Credit by examination may not be used to reduce the 30 semester hours residency requirement. Credit by examination will not be given for any course lower in content than courses in the same discipline in which students are currently enrolled or which they have already completed. Permission to take an examination is approved by the chair of the department and the dean of the college in which the course is offered.

DANTES Examination Credit

The University will award credit to students presenting qualifying scores in DANTES examinations for the five subject areas identified below.

International Studies and Programs

*Director:* Mathilda E. Harris; 407-882-2300; Fax: 407-275-4386; Research Pavilion, Suite 263, P.O. Box 163105, Orlando, FL 32816-3105; [http://pegasus.cc.ucf.edu/~intlstud/](http://pegasus.cc.ucf.edu/~intlstud/)

One of the University of Central Florida's five general goals is to internationalize the campus by providing an international focus to its curricula and research programs, increasing the number and diversity of international students, and fostering cross-cultural activities. UCF offers a variety of programs that support the goal to internationalize the University by educating students for global competence via internationalized courses, language offerings, internships and work experiences in internationally related areas. UCF also offers many types of study-abroad programs that meet the general education requirements and the needs of majors in all colleges. The ultimate goal of global education is to create a trans-national understanding of social, economic, cultural, and political realities of the 21st Century.

The Office of International Studies (OIS) is a University level office that serves as a clearinghouse for all international programs and coordinates such programs within the University. The mission of the OIS is to create an environment that facilitates the identification, development, promotion, coordination, and support of high quality international activities related to the academic mission of UCF. The on-going development of the international dimension at UCF will be realized through the implementation of goals and objectives related to the curriculum, faculty development, policies and planning, academic support, students, the community, funding, and external agencies.

The general goals stated in the UCF Five-Year Plan for International Studies are to:

- Infuse the curriculum with international content that will teach students to think about themselves and their profession within an interdependent world context and prepare them to compete in a global market;
· Increase the pool of faculty with international expertise in order to have an impact upon all facets of the academic experience at UCF;

· Create an environment that encourages the development and continuation of international programs through appropriate policies;

· Identify and improve all components of academic support that are integral to internationalizing UCF;

· Offer students an educational experience that will prepare them to think globally and to be citizens in an interdependent and diverse world;

· Build strong linkages between the international dimensions of UCF and the Orlando community;

· Develop additional methods of funding international programs and activities at UCF; and

· Monitor the activities of, and develop contacts with, external agencies relevant to the international mission of the University.

**Study Abroad Programs**

UCF offers a large number of study abroad programs that relate to an array of the academic and experiential interests of students. Students are encouraged to study abroad because the global environment and marketplace will increasingly demand knowledgeable and trained persons who are globally competent.

**Summer Study Abroad Programs**

Summer study abroad programs currently are offered in the following countries and areas: England, College of Health and Public Affairs, Communicative Disorders; France, College of Arts and Sciences, Music Department; Germany, College of Arts & Sciences, Foreign Languages and Literatures (two semesters of German required); Italy, College of Arts & Sciences, Foreign Languages and Literatures; Quebec, College of Arts & Sciences, Foreign Languages and Literatures (two semesters of French required); Scotland, College of Arts & Sciences, Art Department; South Africa, College of Health and Public Affairs, School of Social Work; and Spain, College of Arts and Sciences, Department of Foreign Languages and Literatures (one semester of Spanish required). A Nursing program in England takes place during Spring Break.
**Semester and Academic Year Student Exchanges**

Semester and academic year student exchange programs are open to qualifying juniors and seniors who would like to have a more extensive experience abroad. These are located in **China**, Qingdao University; **France**, University of Angers; **England**, Northampton College University; **Canada**, University of Windsor; **Germany**, University of Koblenz; **Finland**, South Carelia Polytechnic in Lappeenranta; **Japan**, University of Meikai; **Jordan**, Princess Sumaya University, College for Technology; and **Sweden**, Universities of Jonkoping, Mallardalen, and Dalarna.

**State of Florida University System Programs**

The State University System (SUS) programs offer high quality and diverse study abroad experiences for students throughout the State of Florida. This gives the student the opportunity to meet students from other Florida universities and to participate in additional programs not offered directly by UCF. The SUS-wide study abroad programs are located in **England**, **Italy**, and **Costa Rica**.

**National Student Exchange Program**

UCF's membership in the National Student Exchange (NSE) affords qualifying juniors and seniors the opportunity to spend one semester or an entire academic year as exchange students at any of the 150 NSE membership institutions in the U.S. In many cases, students on NSE exchange also may study at one of the more than 200 study abroad sites associated with individual NSE membership institutions. This adds a wide array of additional opportunities to UCF's own student exchanges and programs abroad.

The Office of International Studies can supply students with additional information on other study abroad programs worldwide. For additional information on all study abroad opportunities, please contact the UCF Office of International Studies; 407-882-2300.

**Cooperative Education**

*Director:* Sheri Dressler; PH 208; 407-823-2667

The Cooperative Education Program (Co-op) provides opportunities for students to gain professional practice by combining on-campus classroom study with real-world work experience. Co-op is an academic program and an integral part of the curriculum at UCF, available to students on all campuses
in all colleges. The mission of the program is to provide a means for students to develop academic, professional, and personal competencies and to create meaningful and productive educational partnerships with academic departments and employers locally, nationally, and internationally.

Co-op students participate for multiple terms in structured, progressively responsible, paid work assignments in industry, directly related to their major or career goal. They alternate periods of work and study, either by alternating full-time semesters of work and school, or working part time while studying full time. Co-op provides a means for students to test career goals, improve academic performance, develop discipline-related personal and professional skills, generate income, and increase prospects for full-time employment upon graduation. The Co-op Program also supports internships in collaboration with academic departments. Internships are major-related work experiences that provide similar benefits to co-op opportunities, but generally are one term in length and occur toward the end of a student's academic program.

To allow for multiple semester participation, students should apply as early as possible in their program of study. For both co-op and internship assignments, students should apply one semester before they want to participate to allow time to obtain an appropriate learning opportunity.

**Division of Continuing Education**

*Assistant Vice President/Director:* J. Patrick Wagner; 12424 Research Parkway, Suite 265, Orlando, FL 32826; 407-207-4920; Fax: 407-207-4930

The Division of Continuing Education is the unit within Academic Affairs which coordinates, in collaboration with colleges, the UCF continuing education programs. Programs include non-fundable credit courses and an array of noncredit programs including conferences, institutes, short courses, workshops, seminars, and camps. Many of these programs are awarded continuing education units.

**Center for Multilingual Multicultural Studies**

*Associate Director:* Myrna Creasman; TR 547; 407-823-5515

Using contemporary teaching methodology and computer-assisted instruction, the Center for Multilingual Multicultural Studies provides quality English language instruction for international students. Four levels of instruction are offered which range from beginning to advanced, and special attention is given to preparing students for academic course work in their specialized fields of study. Full-time students enrolled at the advanced level may elect to take courses as non-degree-seeking
students while enrolled in the Intensive English program. Students are required to take an entry placement test to determine their level of proficiency. Student (F-1) visas are extended to qualified applicants. The Center also offers English for Special Purposes for international business personnel.

The Center for Multilingual Multicultural Studies at University of Central Florida is accredited by the Commission on English Language Program Accreditation (CEA) and agrees to uphold the CEA standards for English Language Programs. For further information about this accreditation, please contact the Commission of English Language Program, Accreditation, 700 S. Washington Street, Suite 200, Alexandria, VA 22314, (703) 518-2480.

Off-Campus College Credit Programs

Director: Elizabeth Baab; 12424 Research Parkway, Suite 265, Orlando, FL 32826-3269; 407-207-4916; Fax: 407-207-4925

Off-Campus College Credit Programs assists in the administration and coordination of approved partnerships and other specially formatted credit courses and degree programs for the academic colleges. Registration may be conducted on site at the various business, educational, or governmental locations served or via the web for student convenience. Course registration for non-admitted students does not constitute regular admission to the University.

Institutes and Centers for Research

Center for Applied Human Factors in Aviation (CAHFA)

Director and Chief Scientist: Jefferson M. Koonce;
407-823-1011; Fax: 407-823-5862

The Center for Applied Human Factors in Aviation (CAHFA) has as its mission the enhancement of safety in the nation's airspace system through applied human factors research, systems design, and training strategies. Chartered in 1990, CAHFA is a research consortium established between UCF and Charter partner Embry-Riddle Aeronautical University, Daytona Beach, Florida. CAHFA's professional staff maintains offices on both campuses. The complimentary strengths of the two universities are combined to create a research resource that is without peer for solving aeronautical human factors problems. CAHFA research initiatives are targeted to significantly reduce human factors related accidents and incidents by determining the efficacy of and by developing strategies for achieving improvements in human performance.
Center for Economic Education

Director: Robert L. Pennington; BA 325; 407-823-2870

The Center for Economic Education strives to increase public knowledge of economic principles and their applications in daily life. Researchers at the Center develop, collect, and distribute economic educational materials. They also consult with and provide instruction to area schools (K-12), community colleges, and community organizations. Instruction focuses on the principles of economics and their use in making rational economic decisions. Affiliated with the National Council on Economic Education and the Florida Council on Economic Education, the Center also conducts research in economic education.

School of Optics/CREOL (Center for Research and Education in Optics and Lasers)

Interim Director: Eric Van Stryland; 407-823-6834;
Email: director@creol.ucf.edu; Web: http://www.creol.ucf.edu

The Center for Research and Education in Optics and Lasers (CREOL) is the State University System of Florida's Center of Excellence for research and education in optics, lasers, and photonics. It was established in 1986 to provide the highest quality education in optics and lasers, conduct scholarly fundamental and applied research, and aid in the development of Florida's high technology-based industries.

CREOL is integrated in the School of Optics and serves as its research arm. The School of Optics offers Masters (MS) and Doctoral (PH.D.) Degrees in Optics. The School of Optics/CREOL has become an internationally recognized institute with 23 faculty members, 21 Ph.D. level research scientists, and more than 100 graduate students. The faculty are recognized to be among the best in the optics/laser/photonics field with two thirds holding the rank of Fellow in major national and international professional societies. It is housed in a state-of-the-art 83,000-square-foot building dedicated to optics, photonics, and laser education and research on the main campus. This facility houses ninety research laboratories equipped with over $35 million in state-of-the-art equipment.

The School of Optics/CREOL's research activities span the spectrum from basic science to prototype development. The faculty and research staff pursue joint research projects with industry, academia, and government laboratories, and are always seeking new opportunities to work with industry to expose students to the industrial environment and to help in technology transfer. Current research areas include: linear and nonlinear guided-wave optics and devices, high-speed photonics networks and telecommunications, solid state laser development, nonlinear optics, laser induced damage, quantum-well optoelectronics, photonic information processing, infrared systems, optical system
design, image analysis, virtual reality, medical imaging, diffractive optics, optical crystal growth and characterization, high intensity lasers, x-ray optics, EUV sources, optical glasses, laser materials processing, free-electron lasers, and light matter interaction. These programs are supported by over $5 million of research grants and contracts from numerous federal and state agencies and industry.

Graduate assistantships, with stipends ranging from $15,000 to $20,000, are available to outstanding students pursuing graduate education in optics and photonics. Research training opportunities are also available to undergraduate students through the Research Experience for Undergraduates (REU) program sponsored by the National Science Foundation, and other research grants and contracts.

The School of Optics/CREOL has a very active Industrial Affiliate Program to facilitate strong cooperative relations with industry. The program provides industry with benefits of cutting-edge research and access to the expertise and facilities of the School. Faculty members are teaming with Florida-based small businesses to help them compete for federally sponsored Small Business Innovative Research (SBIR) programs. The program provides industry with effective ways to contribute to and sustain the research and teaching of laser and electro-optic technology.

Dick Pope, Sr. Institute for Tourism Studies

Director: Abraham Pizam; 407-823-6202

The mission of the Dick Pope Sr. Institute for Tourism Studies is to improve the quality of the tourism product and increase the benefits of tourism for the industry, the state, and the local community. To this end the institute is involved in a variety of research projects and educational programs.

The research includes the collection, development, and dissemination of information relevant to the tourism and hospitality industry in the areas of marketing, consumer behavior and visitor satisfaction, feasibility, economic, motivation, and forecasting. Some of the Institute's patrons include tourism promotion agencies at the state and local levels; tourism development commissions; professional associations; and private enterprises such as attractions, hotels, motels, food-service establishments, ground and air transportation companies, travel agencies and tour operators, and other related businesses. The Institute devotes significant efforts to educating the public about the tourism industry in Florida and internationally, and about its contribution to the social and economic welfare of the general public.

Executive Development Center

Interim Director: Sylvia T. Caceres; 407-823-0082
The University of Central Florida College of Business Administration is proud to serve as a partner in executive education to the local, state, national, and international business communities. The Executive Development Center was established to provide leading executive education programs to both individuals and organizations.

The Center helps professionals from all industries become more dynamic leaders, more effective managers, and more valuable team members. Corporations benefit from participating in executive education programs by developing more productive and resourceful workforces that can meet the challenges of today's changing marketplace and tomorrow's opportunities.

The Center serves as a valuable resource in executive training and development by offering programs that address critical issues for managers and business leaders. These programs are offered in a variety of formats suitable for any individual or corporation through:

- Conference services
- Customized corporate programs
- Executive MBA Program
- Public enrollment programs

The UCF Executive Development Center has a strong commitment to the business community. Both small and large organizations find our programs to be contemporary, challenging, and effective.

**Florida Canada Linkage Institute**

*Director:* Warren McHone; 407-823-5789; Fax: 407-823-3269

The Florida Canada Linkage Institute assists in extending the undergraduate and graduate education experience at the University of Central Florida through curricular and other dimensions that provide a culturally diverse education. The linkage institutes were created by the Florida Legislature to assist in the development of stronger economic and social ties between Florida and strategic foreign countries. Linkage is developed through promotion of expanded public/private dialogue on cooperative research and technical assistance, cultural exchange, enhancement of language training, and student/faculty exchange programs. The institute serves the entire State University System. Persons interested in Canada or Canadian students studying in Florida are especially welcome to contact the institute offices at the University of Central Florida.

**Florida Eastern Europe Linkage Institute**
The Florida Eastern European Linkage Institute (a Class II state-mandated activity) is a statewide effort hosted by the University of Central Florida in partnership with Lake Sumter Community College, and is designed to create and foster educational, commercial, cultural and social exchanges between the countries in central and eastern Europe and the State of Florida. The Institute, funded and administered through the Executive Office of the Governor and the Office of Academic Affairs and located in the College of Health and Public Affairs on the main campus, promotes the development of linkage through expanded public/private dialogues on cooperative research and technical assistance, cultural exchanges, the enhancement of language training, and student/faculty exchange programs. The institute administers the Out of State Tuition Fee Exemptions Program that is available for students from central and east European countries.

**Florida Institute of Government at the University of Central Florida**

*Director:* Marilyn Crotty; 407-317-7745, Fax 407-317-7750.

The Institute of Government, an affiliate of the Florida Institute of Government, is part of the College of Health and Public Affairs and provides training and technical assistance to state and local government, governmental associations, and non-profit organizations. Training workshops, certification programs, conferences, seminars, applied research projects, citizen surveys, strategic planning, and organizational development programs are among the services offered by the Institute.

**Florida Solar Energy Center (FSEC)**

Ken Sheinkopf, 1679 Clearlake Road, Cocoa FL 32922-5703; 321-638-1007; Fax: 321-638-1010.

The Florida Solar Energy Center is the largest and most active state-supported alternative energy research institute in the United States. Its facilities are located on the Cocoa campus of UCF at Brevard Community College. FSEC has gained national and international respect for its programs on photovoltaics, hydrogen from renewables, pollutant detoxification, photocatalytic processes, energy-efficient buildings, advanced cooling technologies, and solar thermal systems. It operates the only certified solar equipment testing program in the country. The yearly value of FSEC's external contracts exceeds its state support by a factor of two. The Center conducts seminars and workshops for teachers and professionals statewide, and its technical library boasts one of the nation's most extensive holdings on solar and alternative energy. FSEC's international Renewable Energy Training and Education Center is providing educational programs for government and industry leaders around the world.
The Florida Space Institute (FSI) offers a unique approach to space education and research. Recognizing the substantial investment in launch facilities and human resources in Central Florida, the proposal to form a center that would merge industry, education, and research in a real-world environment became a reality. Created by a formal agreement among the following institutional partners: Brevard Community College, Embry Riddle Aeronautical University, Florida Institute of Technology, NASA-sponsored Florida Space Grant Consortium, Spaceport Florida, and the University of Central Florida, FSI brings a permanent academic presence to the space center. As the "gateway to the universe" FSI provides space education and research to undergraduate and graduate students at the USAF Cape Canaveral Air Station.

FSI research involves undergraduate and graduate students in real space problems within the existing space industry environment of the space center. This environment permits students and faculty to interact with space center engineers and to use the facilities of the space center. FSI research projects are primarily conducted in its facilities at Building AM at Cape Canaveral. Other facilities at KSC are used as needed and which are made available. Research projects conducted by the FSI university/college partners on their respective campuses are considered "normal" proprietary projects of that particular university/college even though the project may be space related.

The Institute for Simulation and Training (IST) was established to conduct research and develop technology that advances the state of the art in affordable and effective simulation capabilities and training systems. Driven by a proven record of research achievement, IST has developed unique qualifications and is positioned to provide the enabling technologies and technical talent necessary for future simulation development. In April 1985 a State of Florida resolution recognized the institute as part of the Center of Excellence for Simulation and Training.

IST is located in the Central Florida Research Park, adjacent to the UCF campus. The park also is
home to the Army Simulation, Training and Instrumentation Command (STRICOM), the Naval Air Warfare Center Training Systems Division (NAWCTSD), and the Air Force Agency for Modeling and Simulation (AFAMS). The institute is one of 110 to 150 public and private entities specializing in simulation and training and located along the high tech corridor traversing the state from Tampa to Daytona Beach, the largest concentration of this expertise in the world.

IST's research staff of scientists, engineers, and students conducts basic and applied research for a broad range of training devices and programs. Research areas include:

- Multi-resolution simulation
- Virtual environments
- Computer generated forces
- Computer graphics
- M&S new application development
- Information technology
- Training and education
- Human factors

Laboratories, work space, and administrative offices occupy nearly 38,000 square feet of floor space. Departments focus on applied research and technology, human systems integration, and information and learning technologies.

IST actively assists UCF in the development of simulation-related curricula. The university was the first in the nation to offer a master's degree in simulation systems and a multidisciplinary doctoral program is currently under development. IST pursues the incorporation of modeling and simulation concepts in projects and proposals mutually beneficial to the institute, UCF, and industry. The institute annually employs more than 80 graduate and undergraduate students in a variety of research and support positions. For many outstanding graduates, IST is a springboard to a career in the simulation industry.

The institute includes in its efforts the development of research projects with potential commercial applications and adaptation of military technology to civilian markets. IST communicates the results of its research through seminars, publications, and workshops. In cooperation with UCF and the University of South Florida, and with considerable participation from area corporations, IST researchers are helping to promote economic growth in the modeling and simulation industry along Florida's High Tech corridor.

**Institute of Statistics**

*Director:* I. Ahmad; 407-823-2695.
The Institute of Statistics provides statistical consulting and analytical support to all areas of the University. The Institute makes valuable contributions to research by supporting non-statistical researchers with statistical consulting assistance during the planning of experiments and investigations, analysis of data, and the evaluation of results. The Institute also provides statistical support to various government agencies and private organizations.

**Institute for Technical Documentation**

*Director:* Karla Kitalong; FA 307G; 407-823-6257.

The Institute for Technical Documentation offers a variety of services for client companies, including developing original technical documentation, translating documentation written in other languages, and providing seminars to assist clients in writing their own documentation. The Institute also provides seminars on writing more effective e-mail, memos, letters, policies and procedures, manuals, and reports. Experienced faculty, established facilities, and strong rapport with local industry enable the Institute to assist in a wide variety of documentation projects and seminars.

**Small Business Development Center (SBDC)**

*Director:* Aloyse T. Polfer; University Tech Center, Suite 300, 12565 Research Parkway; 407-823-5554.

The Small Business Development Center (SBDC) is part of a statewide organization designed to promote economic development by responding to the needs of the small business community. The SBDC, located in the College of Business Administration at the University of Central Florida, is responsible for a geographic area including Orange, Osceola, Lake, Citrus, Volusia, Flagler, and Sumter counties. Regional centers located at Daytona Beach Community College, Brevard Community College, and Seminole Community College assist small business in those areas. Assistance is provided through workshops and individual counseling in the following areas:

- Personnel
- Marketing
- Bookkeeping
- Sources of Financing
- Business Tax
- Product Innovation
- Franchising
- Business Plan Development
Additional programs provide assistance to clients in the areas of government contracting, energy conservation, and international trade.

**Small Business Institute**

*Director:* Ron Rubin; 407-823-2682

Business schools have for some years been interested in getting students out of the classroom and involved with real business problems rather than "textbook" situations. By sponsoring the Small Business Institute program, the University of Central Florida does not only satisfy this need, but at the same time provides free professional help to small businesses in need of managerial guidance.

The SBI program uses a team of senior-level undergraduate or graduate-level students who, under faculty supervision, provide management counseling and technical assistance to small business clients. Examples of these services are: general management audits, development of business plans, establishment of accounting systems, design of inventory systems, cost analysis, pricing strategies, and evaluation of alternative markets.

The major objective of the College of Business Administration at the University of Central Florida is to educate men and women for positions of productive responsibility in business and the professions. UCF's Small Business Institute program stresses analytic ability and the student's learning skills in recognizing and coping with change. The Small Business Institute program at the same time provides on-the-job experience and sound academic training for the student.
Academic Degrees, Majors, and Minors

Undergraduate Degrees

Associate of Arts Degree

University of Central Florida students who satisfactorily complete 60 semester hours of acceptable college work may apply for an Associate of Arts degree. University requirements include achievement of a minimum UCF GPA of 2.0, fulfillment of the General Education Program requirements, and completion of the last 20 semester hours in residence at UCF. In addition, any student who desires to receive an A.A. degree must have satisfied the Gordon Rule requirement and passed the College Level Academic Skills Test.

The Associate of Arts degree is awarded only upon application. The application form may be obtained in Academic Services, MH 210 and should be completed by the end of the first week in the semester/term in which the Associate of Arts degree is to be awarded. A student may not be enrolled as a transient student in another institution during the semester/term in which the Associate of Arts degree is to be awarded. An Associate of Arts degree will not be awarded in the same term that the baccalaureate degree is to be awarded or in any term following the completion of the baccalaureate degree.

Baccalaureate Degrees

The University offers the degrees of Bachelor of Arts, Bachelor of Engineering Technology, Bachelor of Fine Arts, Bachelor of Science, Bachelor of Science in Business Administration, Bachelor of Science in Education, Bachelor of Science in Engineering, Bachelor of Science in Nursing, and Bachelor of Science in Social Sciences. These degrees are available in the following Colleges with majors or areas of specialization as indicated:
College of Arts and Sciences

Bachelor of Arts (B.A.)

*Majors:* Anthropology, Art, Digital Media, Economics, English, Foreign Languages Combination, Film, French, History, Humanities, Interpersonal Communication, Journalism, Liberal Arts, Liberal Studies, Music, Music Education, Organizational Communication, Philosophy, Political Science, Psychology, Radio-Television, Sociology, Spanish, Theatre

Bachelor of Fine Arts (B.F.A.)

*Majors:* Art, Theatre

Bachelor of Music Performance (B.M.)

Bachelor of Music Education (B.M.E.)

Bachelor of Science (B.S.)

*Majors:* Biology, Chemistry, Digital Media, Forensic Science, Liberal Studies, Mathematics, Physics, Psychology, Social Sciences (interdisciplinary), Statistics

College of Business Administration

Bachelor of Science in Business Administration (B.S.B.A.)

*Majors:* Accounting, Economics, Finance, General Business Administration, International Business Tracks, Management, Management Information Systems, Marketing

College of Education

Bachelor of Science (B.S.)

College of Engineering and Computer Science

Bachelor of Science

College of Health and Public Affairs

Bachelor of Arts (B.A.)

*Majors:* Communicative Disorders, Criminal Justice, Legal Studies, Public Administration

Bachelor of Science (B.S.)

*Majors:* Cardiopulmonary Sciences, Communicative Disorders, Criminal Justice, Health Information Management, Health Sciences-Athletic Training, Health Sciences-Generalist Track, Health Services Administration, Legal Studies, Medical Laboratory Sciences, Molecular Biology and Microbiology, Public Administration, Radiologic Sciences

Bachelor of Science in Nursing (B.S.N.)

*Major:* Nursing

Bachelor of Social Work (B.S.W.)

*Major:* Social Work

Rosen School of Hospitality Management

Bachelor of Science (B.S.)

*Major:* Hospitality Management

Minors

A minor is a complement to a bachelor's degree program/major normally requiring at least 18 credit hours in a field other than the student's major. Minors in a limited number of programs have been authorized for certification with baccalaureate degrees. Minors must be indicated on the Intent to Graduate form and must be certified at the same time as the student's baccalaureate degree. Unless a second baccalaureate degree is earned, certification will not be made at a later time even if additional courses have been completed.

To graduate with a minor, the minor must be added to your SASS degree audit during the Early Registration period. Contact the college advising office offering the minor for more information. All graduation requirements must be from a single UCF catalog for which a student is eligible.

The Honors College (THC) at UCF is designed to provide a challenging and exciting educational experience to academically talented students who have demonstrated an ability and desire to achieve scholarly excellence. THC also seeks students with particularly exceptional talents. It is committed to diversity in both the composition of its student body and the programs which it supports.

THC combines the atmosphere of a small college with the intellectual stimulation of a large research university. Honors students receive an education that prepares them to enter the best graduate and professional schools as well as distinguished careers in business and public service.

Honors classes are small, and course work crosses traditional disciplinary boundaries to encourage critical thinking. Beyond the classroom, special guest lecturers and presentations, field trips, and university-related service activities expand the horizons of Honors students.

Students in THC are actively involved in social activities and course programming. Honors students have access to the Honors reading room and computer lab, and to housing in Citrus Hall. They also have early registration privileges.

Students may pursue Honors through two distinct programs, University Honors and Honors in the
University Honors

Admission to University Honors is granted by THC to qualified incoming freshmen by invitation. Students who seek admission to University Honors must apply directly to THC. It is the student's responsibility to obtain the appropriate Honors College admissions information from THC Office and to follow the procedures necessary to enter the program. Prospective Honors students and their parents are encouraged to visit with the Honors staff if they have questions.

Acceptance: A student who plans to enter THC and who is notified in writing of acceptance into University Honors must submit one-time, non-refundable membership dues of $75.00. The membership dues should be sent to THC Office promptly to reserve one of the limited number of seats available each year. Once the student has completed the acceptance procedures, she or he will be provided information regarding Honors registration and orientation. The $75.00 payment will normally be by check or money order made out to: UCF Foundation-Honors. If for any reason an applicant cannot make this payment, he or she should discuss this with the Director of Honors Student Services. No student will be denied admission into the program because of inability to pay the membership dues.

Students must maintain a minimum 3.2 UCF GPA and a minimum 3.0 GPA in Honors courses in order to remain in University Honors. In addition to meeting the GPA requirements, to graduate with University Honors the student must: 1) complete 12 hours of course work in Honors sections of the General Education Program; 2) complete with a "Satisfactory" (S) grade Honors Symposium; and 3) meet upper-division Honors course requirements determined by college or major.

Qualified students who transfer to UCF with an AA Degree with Honors from a Florida community college which has signed an Honors Articulation Agreement with THC will be admitted into University Honors with junior standing. Further information is available from the Honors Office.

Students who complete a semester abroad or receive six or more hours of upper-division credit for study abroad as part of the University Study Abroad Program, will receive credit for completion of one upper-division Honors Seminar.

By the end of the second week of the semester/term in which a student plans to graduate with University Honors, the student must file a completed "Intent to Graduate with University Honors" form with THC. A student who completes all of the requirements for University Honors will have the designation of "University Honors" entered on the Diploma and transcript.

1 When a student has an exceptionally high number of dual enrollment, Advanced Placement, CLEP, or other work which is credited toward GEP required hours, she or he should consult with the Director of Honors Advising about fulfilling Honors GEP requirements.

2 Honors Symposium is a one hour course offered in the Fall semester of each year. This course includes guest lectures, video and film presentations, and live performances by guest artists. Only one absence is permitted. A field trip is included as part of the Honors Symposium. Attendance at this series will be mandatory for all students seeking University Honors. The course is graded on a Satisfactory/Unsatisfactory basis.

3 These upper-division requirements for the completion of University Honors are under review and revision by the professional colleges.

The current requirements are as follows:

- **University Honors Upper-Division Program Requirements I: Colleges of Arts and Sciences, College of Education, and Computer Science majors**
  1. Complete two Honors Interdisciplinary Seminars⁴ (6 hours)
  2. Complete one Honors Lecture (3 hours)

- **University Honors Upper-Division Program Requirements I: Colleges of Business Administration**
  1. Complete one Honors Interdisciplinary Seminar⁴ (6 hours)
  2. Complete two Honors Business Common Body of Knowledge courses (6 hours). Currently, the following three sections of Common Body courses are offered in Honors:

1. Complete one Honors Interdisciplinary Seminar\(^4\) outside the student’s department of major (although it may be within the College of Engineering and Computer Science) (3 hours)

2. Complete one of the following two-semester sequences according to the student's chosen major. (6 hours)

Students majoring in Electrical, Computer, or Industrial Engineering will take:

- STA 3032H  Probability and Statistics for Engineers  
  (Offered every Fall semester)
- EGN 3373H  Principles of Electrical Engineering  
  (Offered every Spring semester)

All other engineering students will take:

- EGN 3310H  Engineering Analysis--Statics  
  (Offered every Fall semester)
- EGN 3321H  Engineering Analysis--Dynamics  
  (Offered every Spring semester)

3. Complete the Honors Engineering Seminar (3 hours)

**University Honors Upper-Division Program Requirements III: College of Health and Public Affairs (CoHPA) Excluding Molecular Biology and Microbiology majors**

1. Complete one Honors Interdisciplinary Seminar\(^4\) (3 hours) offered by CoHPA (within or outside the major).

2. Complete one Honors Interdisciplinary Seminar\(^4\) (3 hours) outside student's department of major (within or outside CoHPA).

3. Complete one Honors Interdisciplinary Seminar\(^4\) or one Honors section of a department of major core course (3-4 hours).

**Designated Honors Sections of Department of Major Core Courses:**

University Honors Upper-Division Requirements for Molecular Biology and Microbiology Majors

1. Complete one Honors Interdisciplinary Seminar\(^4\) (3 hours) outside the major (Biotechnology recommended).

2. Complete with a grade of B or better BSC 3404H Honors Quantitative Biological Methods (4 hours).

3. Complete with a grade of B or better PCB 4524H Honors Molecular Biology II (3 hours).

\(^4\) An Honors Seminar normally is an upper-division offering intended for all majors. Most seminars are strongly interdisciplinary, may be team-taught, and present cutting-edge topics by instructors who must present course proposals for consideration by the University Honors Committee. Enrollments are limited to 20 students. At least one of these seminars will form part of the revised University Honors upper-division curriculum currently under adoption by each college or major.

Honors in the Major
Application for admission to the Honors in the Major program will be made to THC following consultation by the student with the Department Chair or Honors in the Major Coordinator in the student's major department. This program is designed to encourage original and independent work by the student. A copy of the thesis, project, or creative work will be placed in the University Library with another copy remaining in the Honors Office. An *Honors in the Major Handbook* outlining the procedures for completing this program is available in THC.

Requirements for admission to Honors in the Major are: completion of at least 60 semester hours of college credits including at least 12 graded upper-division hours at the University of Central Florida; at least a 3.5 GPA within the major and at least a 3.2 GPA in all upper-division courses regardless of institution; approvals by the department from which Honors in the Major is sought; approval of the Associate Dean of THC; and payment of one-time membership dues of $25.00.

Honors in the Major is awarded upon completion of an advanced Honors Project or Thesis, and the completion of at least three but not more than six hours of Directed Readings or Honors Seminar in the Major course work as determined by the academic department; and at least three but not more than six hours of Honors Thesis or Project work taken in the college or department of major. Departments or colleges may set additional requirements for Honors in the Major to be completed.

The Honors Project or Thesis is to be completed under the direction of a committee of three faculty members, one of whom is the project or thesis Chair. It is the student's responsibility to obtain an Honors in the Major Committee Chair who will undertake the responsibility of directing the Honors Directed Readings and Thesis and, in consultation with the student, form the Honors in the Major faculty committee. The student is responsible for filing an application with THC to begin Honors in the Major, which must be signed by the Thesis Committee Chair, the Honors Coordinator of the major department, and the Associate Dean of THC. The student must receive a grade of at least "B" in all Honors in the Major course work to be awarded Honors in the Major.

By the end of the second week of the semester/term in which a student plans to graduate with Honors in the Major, the student must file an "Intent to Graduate with Honors in the Major" form with THC Office. A student who completes all of the requirements for Honors in the Major will have the designation of "Honors in the Major in (subject area)" noted on the Diploma and the university transcript. If you have any questions about these requirements, please contact THC at 407-823-0325 or him@mail.ucf.edu.
The College of Arts and Sciences, the largest academic unit in the University, includes the following departments: Art; Biology; Chemistry; English; Film; Foreign Languages and Literatures; History; Liberal Studies, Mathematics; Music; Philosophy; Physics, Political Science; Psychology; Sociology and Anthropology; Statistics; and Theatre. The College also includes the Nicholson School of Communication that includes the following divisions: Advertising/Public Relations, Interpersonal/Organizational Communication, Journalism, and Radio/Television.

In keeping with the aims of the University of Central Florida, the College is responsible for all programs in the broad areas of the humanities, arts, natural sciences, and social sciences. The departments collectively offer more than sixty baccalaureate, graduate, and pre-professional programs. For additional information concerning graduate programs, please refer to the Graduate Catalog.

In addition to providing academically strong degree programs in the areas noted above, the College of Arts and Sciences offers a wide selection of courses that are designed to complement the programs of the other colleges of the University. These offerings include most of the courses necessary to satisfy the University's general education requirement.

A student enrolled in the College as an undergraduate must fulfill all University degree requirements including those for general education, as well as the particular requirements set forth within each area of specialization. Computer proficiency is determined within the student's department of major. Depending on the program, evaluation may be via a written test, relevant projects, specific exercises
within a course, or an entire course dealing with computers. To be certified for graduation, a student must achieve at least a "C" GPA (2.0) in the courses of his or her major and/or minor. Some departments also require a minimum grade in each major course. Students are advised to consult their departmental advisor for specific policies.

A student whose written or oral communication in any course is deemed unsatisfactory may be referred to the Dean by the instructor. Additional coursework or an individual study program, consistent with the needs of the student, may be assigned and must be completed before the degree is granted.

Preprofessional Programs

Prelaw Program

Coordinator: Roger Handberg; CNH 414; 407-823-2608

There is no preferred major for pre-law. Law schools accept superior students with a good liberal arts background, regardless of major field. A Bachelor of Arts or Bachelor of Science degree with approximately three-fourths of the course work representing theory content is typically suggested. Majors such as English, History, Legal Studies, Philosophy, Sociology, and Political Science meet this criterion. The quality of undergraduate education for the legal profession, according to the Association of American Law Schools, is grounded in three basic skills and insights: comprehension and expression in words, critical understanding of the human institutions and values with which the law deals, and the creative power of thinking. Law schools require that the Law School Admission Test (LSAT) be taken prior to consideration for admission. General information pertaining to programs of study, the LSAT, careers, and law schools can be obtained from the Pre-law Coordinator.

Advisement of pre-law students will be provided in the area where a major is chosen. For example, a pre-law student who desires to emphasize the historical foundations should seek advisement in the Department of History; for emphasis in political science advisement should be sought in the Department of Political Science; emphasis in economics should be gained through advisement in Economics programs in either the College of Arts and Sciences or the College of Business Administration; emphasis in Legal Studies can be pursued in the Department of Criminal Justice and Legal Studies in the College of Health and Public Affairs.

Prehealth Professions
The College of Arts and Sciences offers courses that fulfill admission requirements for professional schools in the Health Sciences. Refer to the Biology Preprofessional section for additional information.

Advisement

Office of Academic Support and Information Services (OASIS)

http://www.cas.ucf.edu/oasis

Interim Director: Lee Anne Kirkpatrick; CNH 202;
407-823-2492; e-mail: oasis@ucf.edu

The Office of Academic Support and Information Services (OASIS) is the primary office for undergraduate academic assistance in the College of Arts and Sciences. OASIS assists students in the College of Arts and Sciences with matters concerning College and University requirements, policies and procedures. The Office oversees General Education course evaluation and substitutions as well as evaluation and application of TSD credits (CLEP and AP) for Arts and Sciences students.

Questions concerning University and College academic policies affecting Arts and Sciences majors should be directed to the OASIS staff in CNH 202 or by calling 407-823-2492. Questions concerning the requirements within a major should be directed to the Department offering the degree. The student should contact the department early in his/her academic career.

Program Planning

Although suggested curricula are available in most areas, students will plan their program in consultation with a faculty advisor appointed by either the chair of the major department or the Dean of the College of Arts and Sciences.

Area Studies Programs

Area Studies programs are multi-disciplinary programs that focus on specific regions or cultural groups. UCF has five area studies programs with an international focus: Asian, Canadian, Judaic, Latin American and Iberian Studies, and Russian Studies. Although the academic home of these programs is the College of Arts and Sciences, faculty and students from across the entire university may participate in them. These programs may be elected as minors by students majoring in any discipline within the university. For more information about the programs and contact numbers of the program directors see the list below. Contact the Office of International Studies for assistance or
referral for all international inquiries regarding academic programs.

**Asian Studies** - Contact: Robert Bledsoe; 407-823-2608

**Latin American Studies** - Contact: Arlen Chase; 407-823-2124

**Judaic Studies** - Contact: Moshe Pelli; 407-823-5039

**Russian Studies** - Contact: Richard Crepeau; 407-823-2224

**LINC Program**

*Program Coordinator:* H. Sweet; CAS 191; 407-823-3253;  
email: linc@ucf.edu

The Learning in Communities program (LINC) at UCF enriches a students' experience in select General Education Program courses. Paired GEP sections are joined in the LINC program into a single, six credit course which is jointly taught by two faculty. These faculty integrate their courses, thereby reinforcing the material presented in both. Students in the LINC sections form a greater bond, both among themselves and with the teacher. Although treated as a single class during the semester/term, separate academic credit and grades are provided for both participating courses.

**International Study Centers**

**Undergraduate Inter-institutional Transient Program.**

The State University System operates study centers in London, England and Florence, Italy during the Fall and Spring semesters. Students with 27 or more semester hours of credit and a minimum GPA of 2.5 or above in all state universities are eligible to apply for one or both semesters as inter-institutional transient students. Faculty at the centers are drawn from the nine state universities. While credits are earned through Florida State University, which administers the program on behalf of the State University System, credits are fully transferable within the System. Students at the Centers are considered to be resident in their home institutions for attendance and degree purposes.

Classes at the Florence Center emphasize art history, Italian, social sciences, and the humanities; at the London Center, theatre, business, English, history and the social sciences are emphasized. Field trips and museum visits are common to both. For further information, consult the Office of International Studies at 407-882-2300.

**Departments and Programs**

**African-American Studies: Program**

[http://www.cas.ucf.edu/african_studies](http://www.cas.ucf.edu/african_studies)
The College of Arts and Sciences offers a minor in African-American Studies, which gives students the opportunity to explore the African American experience from an interdisciplinary perspective. The program, which is designed to enhance and complement the student's major area of study, provides an overview of the main currents in African American arts, history, and culture. Courses in Caribbean Studies are also available to students. Each summer the Caribbean Study Abroad Program offers students the opportunity to study and explore cultures and societies of the Caribbean.

**Faculty:** Abbas, Abraham, Collins, Chavda, Congdon, Francis, Gaudnek, Haran, Haxton, Kim, Lotz, Martin, Reedy, Rivers, Wellman
The Department of Art has 15 full-time and 9 part-time faculty members teaching studio arts, graphic design, and art history. The curriculum in Art provides professional preparation in art history, and in the studio concentrations of cel animation, computer animation, ceramics, drawing, fibers and fabrics, graphic design, painting, photography, printmaking, and sculpture. A Bachelor of Arts is offered in art history and both the Bachelor of Arts and the Bachelor of Fine Arts degrees are offered in the studio specializations. Competitive scholarships and awards are available to currently enrolled full-time UCF art majors through portfolio reviews by faculty. These awards are sponsored by UCF and the Altrusa Club of Winter Park.

**Degrees:** Art (BA, BFA)

**Asian Studies: Program**

*Acting Director:* Robert Bledsoe; CNH 415; 407-823-2608

An interdisciplinary minor designed to enhance multicultural education by offering students both an overview of Asian civilization and a detailed study of its most significant features. The focus of the program is on India, China, and Japan. Course work will include upper-level classes from the curricula of participating programs (anthropology, art history, economics, foreign languages, history, humanities, philosophy, political science).

**Biology: Department**

E-mail: biology@ucf.edu

*Chair:* David Kuhn; BL 210; 407-823-2141

*Faculty:* Ehrhart, Kuhn, Osborne, Parkinson, Rea, Snelson, Stout, Sweet, Taylor, Thaler, Thomas, Vajravelu, Vickers, von Kalm, Walters, Waterman, Weishampel, Whittier, Worthy, Professors Emeritus Ellis and Koevenig

The Department of Biology offers a Bachelor of Science in Biology, a minor in Biology, the Master of
Science in Biology, a graduate certificate in Conservation Biology, and a Ph.D. in Biomolecular Sciences. The core curriculum provides a background in the chemical, mathematical, and physical sciences, as well as broad preparation in the biological sciences. This diverse background opens career opportunities for graduates in areas outside of their particular degree program. Graduates are well prepared to further their education in professional or graduate schools. Selection of electives, in consultation with a faculty advisor, permits emphasis of a subspecialty. Careful selection of restricted and unrestricted electives allows students to satisfy requirements for admission to professional or graduate school while completing their B.S. degree in Biology. Research experience and exposure to specialized topics not taught through formal courses may be gained through independent study contracts.

Degree: Biology (BS, MS, PhD)

Faculty: Ballantyne (Forensic Science), Belfield, Clausen, Elsheimer, Fookes (Forensic Science), Geiger, Hampton, Juge, Kujawa (Geology), Madsen, Matsui, McGee (Forensic Science), Miles, Paradis, Phanstiel, Price, Richardson, Slaterbeck

The Department of Chemistry offers courses and programs leading to a Bachelor of Science in Chemistry, a Bachelor of Science in Forensic Science, a minor in Chemistry, and a Master of Science in Industrial Chemistry. The undergraduate degree program in chemistry is accredited by the American Chemical Society Committee on Professional Training. It prepares the graduate for career opportunities in the chemical or related industries, or in government laboratories. The program also prepares students for further study at the graduate level in chemistry or in a related area such as pharmacology or toxicology. With an appropriate choice of electives it also constitutes excellent preparation for the professional schools of dentistry, medicine, and veterinary medicine.

Degree: Chemistry (BS, MS), Forensic Science (BS)

Tracks: Chemistry, Forensic Analysis, Forensic Biochemistry

Minors: Chemistry

Communication: Nicholson School
The Nicholson School of Communication provides students with a balance of practical skills and philosophical aspects of mass and interpersonal communication. The programs prepare students to understand mass media as social institutions and trains them for professional careers. The School is composed of four Divisions which offer five separate Bachelor of Arts degrees. The degrees are:

1. Advertising/Public Relations. Provides theory and practice in both advertising and public relations.

2. Interpersonal Communication. Provides knowledge, theory, and skills needed to understand and predict human communicative behavior.

3. Journalism. Provides theory and skills needed to gain employment in newspapers, magazines, and similar forms of mass communication.

4. Organizational Communication. Provides knowledge, skills, and theory to understand and predict human communicative behavior in organizational settings.

A Master of Arts degree in Communication is offered.

Facilities

The Radio-Television Division has fully-equipped audio and video production facilities, a complete multi-camera television studio, an on-line radio station, and laboratories for interactive multimedia. The Journalism Division has computer writing rooms and both a traditional wet photography lab and a digital darkroom. The Advertising/Public Relations Division has a computerized graphics lab and a writing classroom. The Interpersonal/Organizational Communication Division has a presentational speaking classroom equipped for audio/video record/playback and computerized visual presentation. The Division also has a small group laboratory equipped with audio/video record/playback.

Degrees: Advertising/Public Relations (BA), Interpersonal Communication (BA), Journalism (BA), Organizational Communication (BA), Radio-Television (BA)

The Consortium for Research and Education in the Arts and Technology (CREAT) is an interdisciplinary program offered in the College of Arts and Sciences. Contributing academic units include the Departments of Art, English, Film, Electrical Engineering, Music, Theatre, and the Schools of Communication and Computer Science. Students from any major may participate.

CREAT offers a certificate program in Digital Media which provides students an opportunity to study the evolving field, and to participate in senior projects in partnerships with media professionals. Admission to the CREAT program requires the presentation of a portfolio of work which demonstrates the student's creativity and technical accomplishment in some artistic or technical domain.

**Degrees:** Digital Media (BA, BS)

English: Department
The Department of English is responsible for the effective teaching of language and literature in English, including World Literature, and creative, expository, and technical writing. Students may concentrate in creative writing, technical writing, or literature. The Department serves the broad needs of the University with course offerings in writing and literature for students from other departments. The department has a Technical Documentation Writing Lab and also publishes The Florida Review, The Cypress Dome, and The Faulkner Journal. An Honors in English program provides an enriched course of study for exceptional students, leading to graduation with honors. Program description follows concentration degree plans.

Degrees: English (BA, MA)

Offering a four-year undergraduate curriculum, the Film Department focuses on developing a student's creative voice, and stresses entrepreneurial filmmaking and the use of new technology in the production and distribution of their work. Encompassing all aspects of filmmaking from conceptualization to distribution, the department prepares students to become effective independent filmmakers. Graduating seniors are required to complete a capstone film, script, or digital media project. Concentrations include: filmmaking, screenwriting, digital cinema, and cinema studies. Community partners include: Universal Studios Florida, Disney-MGM Studios, the Florida Film Festival, and The Haxan Group.

Students are selected for the "limited access" program by submitting an application form and creative
portfolio by January 15. Complete information on faculty, curriculum, and admission requirements is available on the department website. Because this is a limited access program, students should pay close attention to the program admission requirements.

Language studies in the College of Arts and Sciences provide instruction in Arabic, Chinese, French, German, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, and Spanish, with majors in French, Spanish, and a combination of two languages. The language combinations may consist of French, German, or Spanish as a first language, and any of these three, plus Italian, as a second language.

These programs are designed to meet the needs of students who desire competency in a language and expanded understanding of a foreign culture and literature. Students enrolled in the 1000-level language sequence are required to utilize the Foreign Language Media Center for at least one hour per week. Students desiring to major in a foreign language must meet all the requirements for graduation as set forth by the University, the College of Arts and Sciences, and by the Department of Foreign Languages and Literatures.

Forensic Science: Program

http://www.cas.ucf.edu/chemistry/forensic.html
Forensic Science is the profession serving the scientific needs of the justice system. The program at UCF has been designed to provide the student with an educational background in criminalistics. The principal job of the forensic scientist is to examine physical evidence gathered at the scene of a suspect criminal action. The criminalist may work on physical evidence such as blood, hairs, fibers, or pharmaceutical and clandestine drug preparations. Upon completion of a thorough laboratory examination of the evidence, the forensic scientist presents his/her findings in court. The goal of the Forensic Science program is to prepare the student for this demanding profession. Within the Forensic Science program, the student may choose one of two programs of study. The two areas of emphasis are the Analysis Track and the Biochemistry Track.

History majors who are interested in a pre-law program should work closely with their departmental advisors in selecting major courses and electives which will best prepare them for law school. These students should use their electives for additional courses in history as well as English, speech, political science, and philosophy. Such a course of study will prepare them for success in law school and will concomitantly provide a broad liberal education.

The History Department encourages its majors, especially those in American history, to develop their statistical and computer skills by completion of appropriate course work in the Department of Statistics. The Department participates in the programs in Women's Studies, American Studies, African-American Studies, Asian Studies, Canadian and Commonwealth Studies, Latin-American and Iberian Area Studies, and Russian Area Studies.

Program Director: Professor Moshe Pelli; CNH 201, 407-823-5039 or 823-5129

The Interdisciplinary Program in Judaic Studies offers both a Minor and a Certificate. The Program cooperates with the departments of English, Foreign Languages, History, Philosophy, Political Science, and Sociology/Anthropology, and with the Liberal Studies and Women's Studies Programs.

The program offers instruction, conducts research, and disseminates knowledge in the civilization of the Jewish people from Biblical times to the present day in the major dimensions of its creativity: literature, language, religion, philosophy, law, and social, political and economic organization. Because the roots of western culture and civilization and major world religions lie in ancient Jewish thought and practice as manifested in the Hebrew Bible and subsequent writings, Judaic Studies form an essential component of the university's curricula.

The program enables students to acquire a foundation of knowledge of Jewish history; the Hebrew language; Jewish philosophy, culture, religious beliefs, and political aspirations; and to understand the contribution of Judaism to western civilization. The courses highlight major aspects of Jewish civilization, focusing on its interaction with other cultures and on the bodies of human knowledge upon which it draws. The program is designed to serve students pursuing careers in general or Jewish education, in international and Middle-Eastern affairs, in languages or liberal arts, in the ministry or rabbinate, and in the community at large.

The Department of Mathematics offers courses and programs which lead to a Bachelor of Science in Mathematics, a minor in Mathematics, a Master of Science in Mathematical Science and a Ph.D. in Mathematics. (See the Graduate Studies catalog for a description of the M.S. in Mathematical Science and the Ph.D. in Mathematics.) The programs in mathematics are designed to serve; (1) students who desire to pursue careers in mathematics after having completed a baccalaureate degree; (2) students who desire to continue their education in graduate and professional schools; and (3) students who need to use advanced mathematics as a tool in their specialty areas.

In order to serve such a wide variety of students, the courses and programs in the Department of Mathematics have developed along several lines. There are the usual service courses in pre-calculus and calculus along with strong programs in the upper division in the traditional areas of algebra and analysis and applied mathematics.

The department does not award credit by examination for courses which are regularly taught. Students who feel they know the material in a given course are encouraged to take a more advanced class to fulfill their mathematics requirement. A limited number of student assistantships are available for qualified graduate students.

The Department of Music offers a Bachelor of Music degree with options in performance and piano
pedagogy; a Bachelor of Arts Degree in music; and a Bachelor of Music Education Degree with specializations in instrumental, choral and elementary school music. The Music Education programs are approved by the Florida State Department of Education. Students who desire to be certified to teach in elementary and secondary schools should consider a major in Music Education. Courses leading to teacher certification are offered cooperatively with the College of Education. Master of Arts and a Master of Education degrees in Music Education are offered by the College of Education. The Music Department is fully accredited by the National Association of Schools of Music. Music organizations on campus include Pi Kappa Lambda, Phi Mu Alpha, Sigma Alpha Iota, Tau Beta Sigma, Kappa Kappa Psi, University Vocal Society, Gospel Choir, MIDI User Group and a Student Chapter of Music Educators National Conference.

The Department of Philosophy offers a Philosophy major and a multicultural Humanities major, as well as minors in Philosophy, Humanities, Religious Studies, and Environmental Studies. The Department requires Philosophy and Humanities majors to receive advisement prior to registering each semester. Majors should schedule appointments with their departmental advisor when picking up their registration form and schedule booklet. For any course used to satisfy a requirement (including electives) of either the Philosophy major or the Humanities major, a grade of "C" or better must have been received.

**Degrees:** Philosophy (BA), Humanities (BA)

**Minors:** Philosophy, Humanities, Religious Studies, Environmental Studies

**Physics: Department**

E-mail: physics@ucf.edu
The Department of Physics offers a multi-track program of study leading to the B.S. degree, giving students the flexibility to choose a suitable set of courses to prepare for their career goals. A common core of courses in theoretical and experimental physics will lead to a broad understanding of the general principles of physics. The different tracks allow students to specialize, applying problem-solving techniques in a certain area of interest; this also enhances their qualifications for employment in that area after graduation.

After graduation our students are prepared to enter advanced study in physics, engineering, medicine, environmental sciences, astronomy, and other related disciplines. They are also prepared to begin careers in positions are varied as engineering physics, computational physics, and physics education. Undergraduate physics majors benefit from small class sizes, and are encouraged to be involved in individually designed senior projects working with a faculty advisor.

The Department's research programs include optics and lasers, condensed matter physics, complex systems, biophysics, atomic and molecular physics, nanostructures, and space science. The Department of Physics offers a Master of Science degree and a Doctor of Philosophy degree.

**Degrees:** Physics (BS, MS, PhD)

The Department of Political Science seeks to 1) provide students with a broad background for careers in foreign and domestic public service and in the private sector where a knowledge of government and politics is necessary; 2) provide students with a broad background in pre-law to facilitate their admission to law school; 3) prepare students for teaching, research, and graduate study in Political Science; 4) provide a broad background for careers in politics; and 5) educate citizens and promote their active interest in public affairs. Students should plan their major or minor in consultation with their departmental advisor according to their interests and career objectives.

Political Science courses are divided into three areas of specialization: American Politics and Policy; International Relations and Comparative Politics; and Political Theory. It is strongly recommended that majors planning to continue their education at the graduate level or to pursue a career in international fields acquire a working knowledge of a foreign language. The Department of Political Science participates in the following programs:

- Asian Studies: Contact Robert Bledsoe.
- Canadian and Commonwealth Studies: Contact M. Elliot Vittes.
- Environmental Studies: Contact Dwight Kiel.
- Latin American and Iberian Studies: Contact Waltraud Q. Morales or Bruce Wilson.
- Russian Area Students: Contact Houman A. Sadri.
- Space Studies: Contact Roger B. Handberg, Jr.
- Women's Studies: Contact Terri S. Fine or Joyce Lilie.

Psychology is one of the empirical sciences in the College of Arts and Sciences. The Undergraduate Program in the Department of Psychology reflects the scientific nature of the field and has two primary missions. The first is to provide students with a rigorous preparation for graduate training in psychology and related fields. The second mission is to provide all students with skills they will need to apply the basic concepts and methods of psychology in their work, their communities, and their lives. The Department of Psychology grants both BA and BS degrees. While either the BA or BS degree provides excellent preparation for graduate programs, students desiring a strong background in statistics and science should consider the BS option. The BS option has more science and math-related requirements as well as additional courses in psychology research and statistical methods.

The Department of Theatre seeks to develop theatre artists of the highest quality by providing a select number of undergraduate students with the training, education, and experiences necessary for the successful pursuit of professional careers in theatre arts. In support of this mission and the liberal arts goals of the College of Arts and Sciences, the department seeks to provide its students with the knowledge and skills necessary to live full, rewarding and productive lives. Offering both the Bachelor of Arts and the Bachelor of Fine Arts degrees, the Department of Theatre undertakes to develop and graduate theatre artists who are sensitive, aware, and total human beings. Through its public performance programs, the department endeavors to serve as a cultural resource for the University, the community and the central Florida region. Striving to provide its students with a competitive edge, the department employs a faculty and staff of artists/teachers who work intensely with students in the classroom and in production. To supplement this education and training, professional guest artists are brought to the campus to work in production and in the classroom. Before graduation, BFA students are required to complete a professional theatre internship thus providing them with a unique and invaluable introduction to the real world of professional theatre.
all its endeavors, the Department of Theatre strives to create and maintain a professional environment necessary for the continued growth and development of its students, faculty, and staff.

The mission of the College of Business Administration at the University of Central Florida is to provide quality business education programs, at the undergraduate, graduate, and executive levels, to the citizens of the state of Florida and to selected clientele nationally and internationally. In delivering these programs, the College places primary emphasis on excellent teaching and research with a strong commitment to developing mutually supportive relationships with the business community of Central Florida.

In pursuit of its mission, the College of Business Administration affirms its commitment to the University's focus on excellence and accent on the individual. Furthermore, the College pledges to deliver innovative and progressive programs to its clientele, and a commitment to service in the community, not only from its faculty but also its students. As the College approaches the twenty-first century, it has adopted "Driven by Excellence" as a motto and guiding force in achieving its goals and objectives. All undergraduate and graduate programs are accredited by the American Assembly of Collegiate Schools of Business (AACSB).

Admission to the University of Central Florida does not imply admission to the College of Business Administration. Students will only be allowed to enroll in the 3000/4000 level courses taught by the College of Business Administration after they have been admitted to the College. Admission to the College will be granted when the following are complete:

· Completion of the University General Education program, or an AA degree from a Florida Public Community College.

· Common Program Prerequisites.

Students who otherwise meet the University admission requirements, such as entering freshmen and transfer students, will be placed in a Business Administration pending category until they meet the requirements set forth above. Only grades of "C" (2.0) or higher will transfer into the program. Each
student should attend orientation for academic advising and should meet with an academic advisor in the College to outline a program of study.

Attendance at the first meeting of any College of Business course is mandatory. Students not in attendance at the first meeting may be dropped from the course. It is the responsibility of the student to take whatever steps are necessary to determine if they have been officially dropped from a course. This does not remove the student's responsibility for dropping courses they do not intend to complete.

**BE2010**

**UCF Business. . . the Best Undergraduate Business Education in Florida.** In 1993 the UCF Business faculty established a goal to deliver the best undergraduate business education in Florida. The product of the alumni, faculty, business leaders, and students, the Business Education 2010 (BE2010) curriculum focuses on four competencies that are integrated throughout all coursework: Teamwork, Communication, Creativity, and Adapting to Change. Faculty, working with representatives from the business community, help you develop these competencies as you work through the following required courses in the Common Body of Knowledge:

- **GEB 3031** Cornerstone
- **BUL 3130** Legal & Ethical Environments of Business
- **ECO 3411** Quantitative Business Tools II
- **FIN 3403** Business Finance
- **MAN 3025** Management of Organizations
- **ISM 3011** Essentials of Management Information Systems
- **MAR 3023** Marketing
- **GEB 4361** Business in the International Environment
- **MAN 4720** Strategic Management

**Grade Point Average Requirements**

For graduation the student must have maintained a minimum 2.0 GPA in course work taken in the College of Business Administration and a minimum 2.0 GPA in the course work required in the major, except in Accounting, Finance, Marketing, Management, and Management Information Systems where a "C" (2.0) or better is required in *each* course and a UCF minimum 2.0 is required.
A student who is enrolled in 16 semester hours of course work is considered to be carrying a normal academic load. Students in the College of Business Administration desiring to take more than 16 semester hours must obtain permission from the College.

Community/Junior College Transfers Notes

1. Admission requirements can and do vary among the business and accounting programs at the ten universities comprising the State University System. To ensure that they have met all prerequisite course eligibility requirements, transfer students from Florida's community and junior colleges should complete the following courses as part of their Associate of Arts degree: ACG 2021 (or ACG 2001 and ACG 2011), ACG 2071, ECO 2013, ECO 2023, MAC 2233, STA 2023, (or QMB 2100) and the relevant computer applications course. At UCF, students who have completed MAC 2233 and STA 2023 will be waived from ECO 3401 Business Quantitative Tools I. Students who have completed either MAC 2233 or STA 2023, but not both, must take ECO 3401. Completion of these courses will satisfy all prerequisite course requirements for all business and accounting degree programs and will ensure that a student will receive further consideration for admission.

2. Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in UCF's Business program. Only grades of "C" or higher transfer into the program.

3. Florida Public Community College students are advised to complete the Associate of Arts Degree including:
   a. the general education requirements
   b. the one year Accounting and Economics sequence
   c. College Algebra
   d. CGS 2100

4. Professional courses should not be taken at a community/junior college in the areas of Management, Marketing, Real Estate, or Finance. These professional areas are third and fourth year course areas in the College of Business Administration and cannot be satisfied with community/junior college courses.

5. A minimum of 12 semester hours must be completed at UCF within each individual major.

Recent legislation has mandated changes in program admission prerequisites, program length, and course levels. This document may not include the final versions of these changes. See your college advisor for current information.

Departments and Programs

School of Accounting
**Mission Statement**

The mission of the School of Accounting is to provide high quality undergraduate, graduate, and professional educational programs responsive to the needs of students, community, and the profession. Teaching, research, and service are the means of accomplishing this mission. The School offers rigorous programs emphasizing communication skills, critical thinking, ethical practices, interpersonal skills, and technical competence preparing graduates for entrance into the accounting profession.

The School encourages intellectual contributions by faculty through instructional development, applied scholarship, and basic scholarship. The School provides service by participating in university governance, professional organizations, and professional educational programs. (Adopted by the faculty on March 4, 1993, and revised by the faculty on January 10, 1997.)

To prepare for any business career, a strong foundation in accounting and taxation will provide the variety of skills necessary to succeed in today's complex financial world. An accounting degree prepares students for entry into the fields of industrial, managerial or governmental accounting, with a strong potential for career advancement.

The objective of the baccalaureate program with a concentration in accounting is to provide basic conceptual accounting and business knowledge as a foundation for accounting career development. The undergraduate degree also is the first step toward becoming a Certified Public Accountant, Certified Management Accountant and Certified Internal Auditor. The School of Accounting also offers master's degrees in accounting and taxation. These programs complete the education required to become a CPA. A rigorous and comprehensive accounting curriculum at UCF focuses on the real-world challenges of accounting, emphasizing problem solving, information analysis and computer applications.

**Distinctive Benefits**

- Strong industry ties allowing for unique opportunities for placement and advancement.
- A competitive internship program that places graduate students in positions with major employers in the community
- The opportunity to enroll in outstanding graduate programs in accounting and taxation.
A very strong faculty known for their teaching excellence.

Over a dozen scholarships available to advanced students.

Active student organizations including the Student Accounting Society and Beta Alpha Psi

A faculty committed to the continuous improvement of the accounting and taxation programs.

Outstanding pass rates on the CPA exam.

**Degrees:** Accounting (BSBA, MSA, MST)

Economic issues dominate today's news and public debates more than ever before. Inflation, unemployment, health care, economic growth, pollution, poverty, and international economic relations are a few of these issues. The primary strength of economics is that it provides a logical, ordered way of looking at most problems and issues. Undergraduate education in economics equips individuals to both better understand and seek solutions to these issues.

The Department of Economics participates in two undergraduate degree programs: a BSBA degree in the College of Business Administration and a BA degree in the College of Arts and Sciences. The purpose of the College of Business Administration economics major is to provide students with a professional business background that prepares them for careers in private business and government. The purpose of the economics major in the College of Arts and Sciences is to provide a broad-based liberal arts background that can serve as a strong foundation for further graduate studies in law, social sciences, and other fields or as training for careers in politics, teaching, research, social service, and other areas. The goal of both programs is to enable students to better understand the economic and non-economic issues that are confronted in their jobs and their private lives and to provide the analytical skills that will allow them to resolve these issues. Students interested in a BA in Economics should refer to the Economics Major in the College of Arts and Sciences.

**Distinctive Benefits**

- Teaching quality - Over one-half of the department's faculty have received awards for teaching
excellence. These faculty teach most of the economics major classes.

- Flexible curriculum - economics electives allow students to tailor the program to meet their individual needs.

- Student organizations - Two active student organizations, Omicron Delta Epsilon and The Economics Club, host speakers, banquets, and other functions.

Department of Finance

Interim Chair: S. Atkinson; BA 420; 407-823-3575

Faculty: Ajayi, Atkinson, Baker, Borde, Byrd, Cheney, Choi, Dalrymple, Frye, Gilkeson, Greene, McQuillen, Michelson, Millican, Modani, Park, Ramanlal, Scott, S. Smith, Taft, Weaver, Whyte, Winters

The program in finance is designed to provide the student with broad knowledge in finance, including business finance, investments, financial institutions, international finance, risk management and insurance, and real estate. The program provides the student with the theoretical background and tools of analysis required for making effective financial decisions. The study of finance prepares the student for careers in business financial management. Students that major in finance are sought by both financial and non-financial firms.

Distinctive Benefits

- Students prepare for career opportunities in business and corporate financial management, commercial banking, real estate, investment management and counseling, investment banking, mortgage banking, multinational business, insurance and government.

- Students who major in finance are sought by both financial and non-financial firms.

- The rapidly changing domestic and international economies need individuals who have the skills to make sound financial decisions.

General Business

Faculty Advisor: B. Moore; BA 229F; 407-823-3166

This option allows students to develop a general program of study which will satisfy career objectives not provided for by the specialized areas of concentration. To pursue this option, students should seek advisement in the Department of Economics. An academic advisor will be assigned to assist each student in developing a meaningful program of study.

Department of Management

Chair: P. Sweeny; BA 335; 407-823-2679

Faculty: Ambrose, Arnaud, Barringer, Becker, Bogumil, Callarman, Comish, Connell, DeGeorge, Fernald, C. Ford, R. Ford, Gowan, Harrison, Huseman, F. Jones, H. Jones, Neubaum, Putchinski, Quinn, Schminke, Stone, Sweeney, Uhl-Bien, Williams

Tomorrow's managers must be prepared to meet the challenges of a highly dynamic and rapidly changing business environment. The objective of the Management program is to prepare students for the excitement and opportunities that this presents. To learn about management, students study the processes and techniques of leadership, planning, controlling and staffing of both small and large organizations.

The curriculum is designed so that students can choose to concentrate their course work in Human Resource Management, a specialized area of study, or students can choose to major in General Management which allows them to take a broader variety of course work and prepares them for general management responsibilities.

The General Management major prepares students for a career that involves decision making responsibilities regardless of a specific organization or assignment. The department goal is to emphasize the expertise, knowledge, and skills necessary to be not only a team player, but ideally a team leader. Whether the student is studying leadership, motivation, staffing, or international management, the curriculum will sharpen students' skills in problem identification, analysis, and solution. The major can lead to a variety of rewarding careers in management positions throughout the organization. The department offers more specialized training - using the same approach - via our Human Resource Management major. Career paths include positions in training and development, personnel and employee relations, equal opportunity and labor relations, human resource consulting, and more.
Distinctive Benefits

· Excellent faculty, known for their creativity and enthusiasm in the classroom, and their commitment to students in and out of the classroom.

· A broad-based training that will open up opportunities in high-growth career areas.

· Internships that provide real-world experience and enhanced job opportunities.

· A "hands-on," applied focus in our courses.

Department of Management Information Systems

Chair: P. Cheney; BA 308; 407-823-3106, Fax 407-823-2389

Faculty: Courtney, Goodman, Halfhill, Hightower, Jiang, Johnson, Leigh, McNair, Odisho, Roberts, Sanders, West, Winters

Information systems form both the backbone and nervous system of virtually every business organization today. With the increasingly important role that information systems play in modern business organizations, the timing could not be better to enter this discipline. The objective of the Management Information Systems (MIS) program is to prepare students for exciting and challenging careers in the information systems arena.

MIS involves the study of how organizations use information and information technology to overcome problems or create opportunities. The MIS major prepares students to become problem solvers in a time when information is advertised as the "fourth factor of production," and in an era when government agencies report that one of ten information technology positions is unfilled.

The MIS major prepares students for such entry-level positions as systems analysts, programmer-analysts, and database analysts by providing them with a thorough grounding in the principles of information system design and construction. The MIS curriculum includes coverage of computer programming, database design and implementation, networks and data communications, systems analysis, systems implementation, managerial decision making, and managerial aspects of organizational information systems. The strength of the major is its combination of technology skills with a thorough grounding in the principles of all the functional areas of business.
The MIS major is ideal for students who excel at solving problems and who can take responsibility for implementing their solutions in working organizational systems. Students in the program are trained to be comfortable shifting between the big picture and the detailed view of a problem and its solution. They also have their communication skills refined so that they are better able to communicate effectively as they discover the nature of the organizational problem (or opportunity), as they present their solutions, and as they manage the system implementation.

Successful MIS graduates have a variety of career options open to them, which lead to high salaries and travel opportunities. While many graduates join internal MIS staffs or consulting firms, there is a wide array of choices available to them. Graduates can choose between large and small companies, emerging or stable industries, and from among a multitude of career paths.

**Distinctive Benefits**

- Challenging field of study that rewards inquisitive students who are willing to work toward a goal.
- Student internship opportunities throughout the Central Florida region.
- An active student organization (MISA).
- Excellent job opportunities and starting salary prospects.
- Ability for graduates to apply and integrate all of the functional areas of business early in their professional careers.

**Degrees:**

Management Information Systems (BSBA)

Master of Science in Management, Management Information Systems Track (MSM/MIS)

**Department of Marketing**

*Chair:* R. Michaels; BA 310; 407-823-2108;  
*http://www.bus.ucf.edu/marketing/index.htm*

*Faculty:* Allen, Arnold, Das, Davis, DeGeorge, Desiraju, Echambadi, Fuller, Ganesh, Gundy, Jordan, Michaels, Pimentel, Quaintoshce, Rubin, Sarkar, White

The Marketing major at UCF is called *Impact Marketing 2010*, or simply *IM2010*. It provides a superior education in the basics of marketing such as research, customer behavior, professional selling, management, and strategy. Moreover, a wide assortment of electives is designed to let each student round out his/her education according to specific career interests, whether that might be retailing, advertising, e-business, research, sales, sports marketing, healthcare, or services. Internships are also readily available, and count as a marketing elective. Skills emphasized and developed
throughout the curriculum are teamwork, communication, creativity, quantitative analysis, computing, problem solving, decision-making, thinking globally, driving change, and e-business.

A new benefit for Marketing majors is the opportunity to earn a certificate in any of six areas of career interest: selling and sales management, retailing management, e-marketing, sports marketing management, healthcare marketing, and services marketing. Students can design a personalized certificate program combining elective courses with an internship that will enhance their value to potential employers.

The department offers a minor in Marketing. This course of study provides a strong basic education in Marketing for business students with majors other than Marketing or students with majors from other colleges. Taking a minor in Marketing can add significant value and career flexibility for any student. Another new offering is a Marketing track within the International Business program, a strong International Business education with the career flexibility offered by a degree in marketing.

Marketing is vitally important to all organizations and individuals, from global corporations to small businesses, from CEOs to the proprietors of small retail stores, from global manufacturing operations to a new dot com startup. Nearly one-third of the civilian work force in the United States is employed in jobs related to marketing. Marketing offers a variety of interesting and challenging career opportunities, such as professional selling, retailing, advertising, marketing research, sports marketing, distribution and logistics, purchasing, and e-business. In addition, students with marketing degrees may find excellent job prospects in international markets. Marketing career opportunities also exist in a variety of non-business organizations, including hospitals, museums, universities, and government and social service agencies. Marketing also tends to provide a strong career foundation for movement into top management positions.

**Distinctive Benefits**

- **IM2010 program for Marketing majors recognized as one of the most innovative in the country.**
- **Department offers a minor in Marketing as well as a Marketing track within International Business.**
- **Twenty dynamic faculty members are among the strongest teachers in the college.**
- **Comprehensive course offering each semester and summer - you can finish!**
- **Full-time faculty teach approximately 90% of undergraduate classes offered by the Department.**
- **Strong emphasis on preparing students for marketing management careers.**
- **Department awards approximately 15 scholarships annually on a competitive basis.**
- **Opportunities to participate in honors in the major, internships, independent projects, and directed**
studies.

- Opportunities to participate in national award-winning student chapters of Pi Sigma Epsilon and the American Marketing Association.

**International Business Tracks**

The continuing growth of multinational corporations, international trade and finance, and international strategic alliances underscores the need for skilled managers equipped to handle the complexities of a global economic environment. Compared to a purely domestic operation, international business presents unique opportunities and challenges that require drastically different responses. The international business tracks are designed to provide skilled managers who are equipped to analyze the complexities of operations of businesses in multinational environments.

The increasingly global nature of business has made it a standard practice for firms to require that candidates for top management positions have prior training or experience in international operations. In addition, large financial services organizations and insurance companies, governments, and transnational organizations also have a growing need for managers who understand international business. The tracks are designed to meet the growing worldwide demand for graduates with greater managerial and technical capabilities in transnational business operations. Each track requires 27 credit hours beyond the CBA Common Body of Knowledge (CBK). The 27 credit hours are made up of a combination of required courses in the functional areas, required international courses, and restrictive electives. The required international courses are drawn from a group of six courses that constitute the core of international business. Students in the various tracks are required to take at least three of the six courses and in some cases students may elect to take up to all six courses. This ensures that graduates of the program are adequately equipped to supply the International Business expertise needs of our clientele.

**Distinctive Benefits**

- Holistic, presenting an overall global perspective of the business operation as a system.
- Multidisciplinary, combining expertise from various business and non-business areas.
- Environmental driven, responsive to the changing demands of economic, financial, political, socio-cultural, legal, and technological forces.
- Experiential, providing opportunities for practical experiences on foreign market penetration strategies, evaluation of investments abroad, international negotiations, and international market research.
The role of the College of Education at the undergraduate level is to prepare students for careers as early childhood, elementary, secondary, exceptional, physical, and vocational education teachers. The College of Education offers Bachelor of Science degrees with the following majors:

- Art Education
- Early Childhood Education
- Elementary Education
- English Language Arts Education
- Exceptional Student Education
- Foreign Language Education
- Mathematics Education
- Physical Education
- Science Education
- Social Science Education
- Vocational Education and Industry Training

Admission to the College of Education
Admission to the College will be granted when students meet the following requirements:

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from an approved Florida community college or state university
- Have a minimum 2.5 overall GPA
- Pass all four parts of the CLAST examination (no alternatives are accepted)
- Complete common program prerequisite courses

(A separate application/deadlines are required for Early Childhood Education majors)

Notice of Program Changes Under Revision

This catalog represents a significant change in program requirements from previous years. Students under earlier catalogs should carefully review all degree requirements before changing to this catalog. General Education and Common Program Prerequisite requirements, changed as a result of the revisions to State Board of Education Rule 6A-5.066, will become effective for all students admitted in the Fall 2001 catalog and beyond. Upper level requirements, changed as a result of the rule revision, are effective for all students admitted in the Fall 2000 catalog and beyond. For specific program of study information, consult the College of Education website at http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

Office of Student Services

Director: Tina Smilie; ED 109; 407-823-3723

The College of Education Office of Student Services assists students with orientation, registration, and academic advisement for Education Pending students, college and university academic requirements and graduation certification. Students are assigned a faculty advisor upon meeting College of Education admission requirements. Information regarding majors offered by the College of Education can be obtained in the Office of Student Services.

Admission to the University of Central Florida does not imply admission to the College of Education. Students will be allowed to enroll only in the 3000/4000 level courses taught by the College of Education after they have been admitted to the College. Students admitted to the College of Education will need to meet additional requirements in order to be fully admitted to Teacher Education. Students are encouraged to make an early appointment with an academic advisor.
Clinical experiences provide students with a broad range of instructional experiences in various school settings developed through cooperative planning with local school administrators and teachers. Clinical experiences are an integral part of every degree program and consist of early field experiences as well as Internship I and Internship II. Placement of students is the responsibility of the College of Education.

**Admission to Internship I**

Admission to Internship I will be granted when students who have been admitted to the College of Education meet the following additional requirements:

- Have on file in the University admissions office passing scores on all 4 parts of the College Level Academic Skills Test (CLAST)
- Possess minimum overall GPA of 2.5
- Achieve a "C" (2.0) or better in all *prerequisite* methods/specialization courses
- Complete a formal application for Internship I by deadline
- Be recommended by the faculty of the department of the student's major
- Meet any special departmental requirements
- Possess minimum specialization GPA of 2.5
- Possess minimum professional preparation GPA of 2.5

Internship I is a six semester hour experience. Students are assigned to work with certified supervising teachers under the direction of a College faculty coordinator. Students are enrolled in a limited number of related professional courses during the experience. Additional courses may be taken only with the consent of the department chair.

**Students must be aware:** if they have been arrested for certain crimes, they may not be able to be hired as a teacher. Application for Internship I is made through the Office of Clinical Experiences.

**Admission to Internship II**
Internship II is a 12 semester hour experience normally completed during the student's last semester. The clinical experience is considered a full-time experience, and students are permitted to enroll in other classes only with the consent of their department chair. Admission to Internship II will be granted when students have completed the following requirements:

- Successfully complete Internship I
- Have on file in the University admissions office passing scores on all four parts of CLAST
- Possess a minimum overall GPA of 2.5
- Possess minimum professional preparation GPA of 2.5
- Possess minimum specialization GPA of 2.5
- A minimum grade of C (2.0) is required in EDG 4323; however, a minimum GPA of 2.5 is required in the professional preparation area
- Complete a formal application for Internship II by deadline
- Be recommended by the faculty of the department of the student's major
- Meet any special departmental requirements

Students must also have completed all methods courses and most of their specialization courses. Some programs (such as Elementary Education) require all specialization courses to be completed prior to Internship II. Students must also be approved for admission by the faculty in the department of the student's major. Internship II experience is completed locally. Guest internships will not be permitted. **Students must be aware:** if they have been arrested for certain crimes, they may not be able to be hired as a teacher. Application for Internship II is made through the Office of Clinical Experiences.

**Application deadlines are as follows:**

February 15 for Fall semester

September 15 for Spring semester

**Graduation Requirements**

To qualify for graduation, a student must successfully complete all coursework to include a minimum overall GPA of 2.5, a minimum 2.5 GPA in all specialization courses, and a minimum 2.5 GPA in professional preparation courses. In addition, students must pass the professional education and the subject area exam of the Florida Teacher Certification Exam (FTCE) to meet graduation requirements.
Departments

Department of Educational Foundations

Chair: Karen L. Biraimah; ED243; 407-823-2426

Assistant Chair: Marcella Kysilka; ED355; 407-823-2011

The department serves all students in the College of Education by providing instruction in the core professional courses that address the competencies and skills needed by all undergraduate education majors. These courses emphasize learning theory, teaching strategies, technology, multicultural education, and the social, philosophical, and historical foundations of education. The Department administers the university-wide Service Learning Program for undergraduate students.

The department provides courses for all masters and doctoral programs in education, coordinates the core courses for the Curriculum and Instruction Doctoral Program, and houses the Masters Curriculum and Instruction Program. The Department also offers Graduate Certificate programs in Initial Teacher Certification and Middle Level Education.

Educational Foundations graduate courses provide opportunities for students to advance their knowledge and application skills related to research methods, data analysis, educational measurement, multicultural education, psychological, social, historical and philosophical foundations, curriculum, and instructional theories, inquiry and critical analysis. Instructional Technology, Educational Technology, and Educational Media are programs offered through the Department of Educational Foundations.

Department of Human Services and Wellness

Chair: Wilfred D. Wienke; ED214; 407-823-2598

Faculty: Angelopoulos, Balado, Blanes, Bollet, Casado, Clark, Cross, Ezell, Fisher, Gergley, Hayes, Higginbotham, Hines, Jones, Kazoroski, Klein, Little, Lue, Martin, Miller K. , Miller M., Mitchell, Mumford, Olson, Pankaskie, Platt, Renner, Robinson, Rohter, Schulte, Smalley, Taub, Ware, Woodson, Young

Undergraduate academic major programs leading to bachelor's degrees and certification are offered in Human Services and Wellness. The department includes specialties in; (a) emotionally handicapped; (b) mentally handicapped and (c) specific learning disabilities at the K-12 levels. The Physical Education program is a K-8 specialization. In addition, 6-12 secondary certification and coaching
certification programs are available. Students are responsible for completion of program requirements and are encouraged to review their programs with an assigned advisor. Several graduate level programs are available in the department.

The Master of Education in Exceptional Education: Varying Exceptionalities is available for teachers already certified in an area of exceptional education, whereas the Master of Arts in Exception Student Education: Varying Exceptionalities is designed for non-education majors or previously certified teachers in another field. Each program may lead to teacher certification.

Also available is the Master of Arts in Physical Education with emphasis in Exercise Physiology and Wellness. Certification and Master's level programs are available in Counselor Education, with emphases on school counseling or mental health counseling. A Specialist Program is available in School Psychology. Several doctoral options are available through the Curriculum and Instruction program.

Department of Instructional Programs and Educational Leadership

Chair: Jeffrey W. Cornett; ED346; 407-823-5791

Assistant to the Chair: Lance Tomei; ED 344; 407-823-0523

Early Childhood Education

Students who major in Early Childhood Education are qualified to teach Pre-Kindergarten through grade 3 upon graduation and receipt of a Florida Teaching Certificate.

Elementary Education

The Elementary Education program is planned for students interested in the education of children, six through twelve years of age. Students who major in elementary education are qualified to teach grades one through six upon graduation and receipt of a Florida teaching certificate.

Secondary Education

Career programs are available for prospective teachers who have an interest in working with adolescent students in a specific academic area at the middle, junior, or high school levels. Specialization is available in Art, Biology, Chemistry, English, Foreign Language, Mathematics, Physics, and Social Science.
Vocational Education and Industry Training

The Vocational Education degree is for individuals in Industrial/Technical areas or selected Health Occupations who desire to be teachers in secondary or post-secondary schools (or trainers in industry or health care facilities). Through course examination, or licensure in an occupational specialization, a student may receive a maximum of 30 semester hours toward the degree. This degree also includes initial courses required for Florida Vocational Teacher Certification in selected areas.

Alternative Certification for Non-Degree Students

All students who have earned a Baccalaureate degree from an accredited institution and who desire to be certified in Elementary Education must complete an undergraduate or master's degree program in Elementary Education. For other certification areas for which the College has programs, students may elect to complete 1) an undergraduate degree 2) a graduate degree or 3) an alternative program as a post-baccalaureate student. Students must meet regular admission requirements for the College of Education and Teacher Education.

All of the Engineering and Computer Science departments except for the Departments of Civil and Environmental Engineering, Engineering Technology, and the Information Technology Program are offering an integrated BS/MS degree program which will allow students of high academic standing to complete an MS degree at an accelerated pace. The generic rule for students in this program is that they will be allowed to use nine hours of intermediate level (5000) graduate courses with a grade of "B" or higher toward fulfillment of both the BS and MS degree requirements. Interested individuals should see the individual program descriptions in the graduate and undergraduate catalogs. They may also contact the department Assistant Chair and/or Graduate Coordinator if they have any further questions.

College of Engineering and Computer Science Vision

As the College of Engineering and Computer Science progresses towards the 21st century, it envisions a community that offers undergraduate and graduate programs of the highest quality. We are a community that seeks to achieve excellence through a collaborative effort in teaching and graduate
research resulting in increased national and international prominence. The College of Engineering and Computer Science will continue to foster a community of scholars in search of knowledge and a commitment toward promoting engineering and computer science as professions. Interaction with our metropolitan partners will assure our success in becoming one of America's leading partnership communities. The future of the College of Engineering and Computer Science includes an educational environment that is inclusive and diverse.

**College of Engineering and Computer Science Mission Statement**

The UCF College of Engineering and Computer Science (COECS) is committed to providing the highest quality professional undergraduate and graduate education possible. The COECS will continue to achieve national and international recognition through state of the art classroom instruction and innovative research programs. In order to respond to the needs of the public, the COECS will actively pursue partnerships with the local and global community. In pursuing our mission we are committed to promoting an environment that is inclusive and diverse in all of our endeavors.

**College of Engineering and Computer Science Core Values**

- **Honesty:** We tell the truth and are aboveboard and candid.
- **Integrity:** We foster trust and are consistent, always taking responsibility for our actions.
- **Professionalism:** We adhere to a professional code of ethics, continuing to learn while striving for excellence.
- **Family:** We pursue life outside of our professional environment, giving our family a priority.
- **Altruism:** We work as a team, help each other, and sacrifice for the common good. We understand that our work is part of a larger purpose and plan.
College of Engineering and Computer Science Goals

We as a community of scholars will:

- Modernize our classroom and research resources,
- Excel in operations to increase student and faculty satisfaction,
- Renew our curriculum,
- Increase our cultural diversity and recruitment efforts, and
- Target research with funding from external partnerships to maintain scholarly activity and student quality.

Students who seek a challenging technical career in research and development, design, technical sales, manufacturing, management, teaching, or other professions requiring a methodical, creative solution to problems should seriously consider pursuing an education in engineering, engineering technology, or computer science. The internationally-recognized faculty of the College of Engineering and Computer Science, together with its strong curricula of undergraduate and graduate programs, provide an opportunity for ambitious, responsible men and women to become the leaders of our increasingly technological world. Because of the significance of science and technology to our everyday lives, today's engineer, engineering technologist, and computer scientist must be aware of the impact of his or her creations on society. In addition to the public health and welfare, aesthetics, economics, and energy-use implications, our graduates also consider environmental, sociological, and other humanistic costs. A degree from the College of Engineering and Computer Science is also recognized as a valuable asset to those entering other professional pursuits such as the medical or law professions, architecture, education, the military professions, or even politics.

College Organization

The College of Engineering and Computer Science is organized into three major divisions: the Engineering and Computer Science Division, the Engineering Technology Division, and the Reserve Officer Training Corps (ROTC) Division. The Engineering and Computer Science Division is comprised of the School of Electrical Engineering and Computer Science (SEECS) and three engineering departments: the Civil and Environmental Engineering (CEE) Department, the Industrial Engineering and Management Systems (IEMS) Department, and the Mechanical, Materials and Aerospace Engineering (MMAE) Department. The School of Electrical Engineering and Computer Science is comprised of the Electrical Engineering, Computer Engineering, Computer Science, and Information Technology programs. The Engineering Technology Division is comprised of the Engineering Technology (ENT) Department, and the ROTC Division is made up of the Aerospace Studies Department (Air Force ROTC) and the Military Science Department (Army ROTC).
All components of the Engineering and Computer Science Division, except Information Technology, also offer advanced studies leading to master's degrees and the Doctor of Philosophy degree; see the Graduate catalog for further information on these graduate programs. All undergraduate engineering programs are fully accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place #1050, Baltimore, MD 21202-4012, Telephone: (410) 347-7700, Fax: (410) 625-2238. ABET is recognized by the U.S. Department of Education as the sole agency responsible for accreditation of educational programs leading to degrees in engineering, engineering technology, and related engineering areas. The Computer Science program is accredited by the Computer Science Accreditation Commission (CASC) of the Computing Sciences Accreditation Board (CASB).

The Engineering Technology Division and Department offers baccalaureate concentrations in Design and in Operations, both leading to the Bachelor of Science in Engineering Technology (BSET) degree, and concentrations in Electrical Systems and in Computer Systems, both leading to the Bachelor of Science in Electrical Engineering Technology (BSEET) degree. Both the BSET and BSEET degrees are accredited by the Technology Accreditation Commission (TAC) of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, #1050, Baltimore, MD 21202-4012, Telephone: (410) 347-7700, FAX: (410) 625-2238. The Engineering Technology Department also offers a Bachelor of Science degree in Information Systems Technology (BS). This degree is designed for students with a two-year degree in Computer Networking/Programming to obtain a BS degree.

The College houses the ROTC Division for those students desiring to pursue military training while earning their degree. The AFROTC program offers a minor in Aerospace Studies, and the AROTC program offers a minor in Military Science.

The Honors Program in the College of Engineering and Computer Science

The engineering and computer science leaders of tomorrow must not only have impeccable technical credentials, but must also be able to provide strong leadership within the general community in which they live. With this in mind, the Honors Program in the College of Engineering and Computer Science offers outstanding undergraduate engineering, engineering technology, and computer science majors an enriched educational, technical, professional and cultural experience that significantly augments the basic curricula. Honors students comprise academically superior students who commit, upon acceptance into the program, to do broad as well as advanced work in a chosen area.

The objective of the Honors Program is to provide exceptional students with an opportunity to express their creativity and problem-solving abilities through challenging coursework and participation in research projects. In addition, the program exposes students to a wide variety of issues dealing with
the role of engineers and computer scientists and the impact of the profession on society. Honors students also participate in several programmed activities, such as lectures by distinguished scholars, engineers, and public figures, visits to local and regional industries and to governmental and military research facilities.

There are two programs available to eligible COECS students: 1) the University Honors Program (see the section on the University Honors Program found in THC section of this catalog) and 2) the Honors in the Major Program (HIM).

**The Honors in the Major Program**

The College of Engineering and Computer Science Honors in the Major program is designed for two types of students: 1) Highly qualified students who did not participate in the University Honors Program and would like to have the experience of an Honors curriculum, and 2) University Honors program students who desire to continue the Honors curriculum beyond what the University Honors Program offers. The centerpiece of the Honors in the Major program is the opportunity to undertake independent research as an undergraduate under the guidance of a faculty member in his/her major. The Honors in the Major represents a total of six semester hours of work. These credit hours are acceptable as technical electives by all programs except for Electrical and Computer Engineering. Electrical and Computer Engineering students in the HIM program use the HIM credits in lieu of Senior Design. These six credit hours consist of an Honors in the Major Seminar titled Research Methods in Engineering (EGN 4931H) (three semester hours), plus three semester hours of Undergraduate Honors Thesis (EGN 3XXXH).

The latter will result in an undergraduate thesis which will describe the research done by the student. The student will defend his/her thesis before a committee of faculty in the field as part of an oral examination covering the honors work. A sponsoring faculty member is required to supervise the undergraduate thesis.

In order to be admitted to the Honors in the Major program, the student must:

1. Have at least 60 semester hours, including at least 12 graded, upper division semester hours at UCF.
2. A minimum UCF GPA of at least 3.20 in all upper division courses.
3. A minimum GPA of 3.50 or more in the Engineering option courses.
4. A recommendation by a sponsoring faculty member.

Exceptions to the eligibility criteria may be made by the
College Honors Committee in individual cases, upon recommendation by a sponsoring faculty member.

To successfully complete the HIM program and receive said designation, the student must successfully defend the thesis and graduate with a minimum 3.5 GPA in the option courses, and minimum 3.2 GPA at UCF. No exceptions to this policy will be made for graduation. Successful candidates will be awarded an Honors in Engineering/Engineering Technology/Computer Science mention on the diploma and transcript, representing satisfactory completion of the program. Moreover, each department will award a limited number of graduate scholarships (with tuition waivers) to those who apply for graduate school and have successfully completed this program.

Application for admission to the Honors in the Major Program must be made to the College of Engineering and Computer Science Honors Director, Avelino Gonzalez, Engineering Building, room 411. For more information about THC programs, please visit their homepage at http://pegasus.cc.ucf.edu/~honors/.

The LEAD Scholars Program in the College of Engineering and Computer Science

Engineering, engineering technology, and computer science students may also participate in the LEAD (Leadership Enrichment and Academic Development) Scholars Program (see the section on the LEAD Scholar Program found elsewhere in this catalog).

Additional Information on UCF Baccalaureate Engineering, Engineering Technology, and Computer Science Programs

Information on each UCF engineering, engineering technology, computer science, and information technology program follows, and more current information can be found on the College home page at http://www.engr.ucf.edu/, and on the home pages of each department. College of Engineering and Computer Science Departments

Department of Civil and Environmental Engineering

Chair: A.E. Radwan; EB II 211; 407-823-2841,
Fax: 407-823-3315
The Civil and Environmental Engineering Department (CEE) offers baccalaureate degrees in both Civil Engineering (BSCE) and Environmental Engineering (BSEnvE).

The Civil Engineering Program

The Civil Engineering major is concerned primarily with fundamental civil engineering design and analysis in such areas as structures, geo-technical engineering, sanitary engineering, water resources, transportation engineering, and construction engineering. Civil Engineering students are required to take a minimum of two Project Design Courses (out of six offered), which synthesize various pre-requisite course offerings into a design project. These projects are usually "open-ended" and duplicate real world engineering problems. The students typically work in small design team groups. The pre-requisites needed for the various project courses vary.

Mission

The Civil Engineering Program Faculty strives to create a high quality learning experience for our students. The principal goals include:

1. Provide a broad engineering education to our graduates that will prepare them for both current and future professional challenges.
2. Promote a commitment to continued scholarship and service among our graduates.
3. Foster a spirit of innovation so that our graduates are positioned to take advantage of new technology in our profession.
4. Promote an environment that is inclusive and diverse.
5. To attain prominence in key areas of Civil Engineering graduate education and research.

Educational Objectives

1. Produce graduates who have technical knowledge that is fundamental to the principles of critical areas of Civil Engineering such as structures, geo-technical, water resources, transportation, construction, surveying, and environmental.
2. Provide a professional engineering education that challenges our graduates to think critically and that will prepare them for a successful professional career.
3. Ensure that all our undergraduate students gain experience in applied engineering design within a broad curriculum.

4. Form and maintain partnerships with industry, government agencies, and professional organizations.

5. Develop awareness of the changing needs of society and local, state, national, and global environment and infrastructure.

6. Provide our graduates with a strong knowledge base to enhance their professional skills and develop their abilities to perform credible research.

The Environmental Engineering Program

The Environmental Engineering major is concerned primarily with the interactions with humans and their environment and the planning, design, and control of systems for environmental quality management for water, land, and air environments. Environmental Engineering students are required to take a minimum of two Project Design Courses (out of four offered) which synthesize various pre-requisite course offerings into a design project. These projects are usually "open-ended" and duplicate real world engineering problems. The students typically work in small design team groups. The pre-requisites needed for the various project courses vary.

Mission

The Environmental Engineering Program Faculty strives to create a high quality learning experience for our students. The principal goals include:

1. Provide a broad engineering education to our graduates that will prepare them for both current and future professional challenges.

2. Promote a commitment to continued scholarship and service among our graduates.

3. Foster a spirit of innovation so that our graduates are positioned to take advantage of new technology in our profession.

4. Promote an environment that is inclusive and diverse.

5. To attain prominence in key areas of Environmental Engineering graduate education and research.

Educational Objectives

1. Produce graduates who have technical knowledge that is fundamental to the principles of critical areas of Environmental Engineering such as solid waste, air pollution, water and wastewater treatment, and water resources.

2. Provide a professional engineering education that challenges our graduates to think critically and
that will prepare them for a successful professional career.

3. Ensure that all our undergraduate students gain experience in applied engineering design within a broad curriculum.

4. Form and maintain partnerships with industry, government agencies, and professional organizations.

5. Develop awareness of the changing needs of society and local, state, national, and global environment and infrastructure.

6. Provide our graduates with a strong knowledge base to enhance their professional skills and develop their abilities to perform credible research.

The mission statement and objectives for the Civil Engineering and Environmental Engineering programs are electronically posted and continuously updated. More information on the Civil and Environmental Engineering programs can be found on the CEE Department home page at http://www-cee.engr.ucf.edu.

**Department Policy for Dual BS Degrees in Civil and Environmental Engineering**

The faculty of the Civil and Environmental Engineering Department believe that a dual degree from our department should reflect a significant achievement of students, and therefore a significant increase in knowledge and formal coursework above the requirements for a single degree. Any undergraduate in Civil or Environmental Engineering desiring to obtain his or her Bachelor's degree in both disciplines shall meet the following requirements:

- the student shall meet all individual requirements for each degree
- the student shall take 24 hours of approved courses beyond the requirements for a single degree
- the coursework must include a minimum of our different capstone design courses, two from each program
- the student shall notify the Chair of his or her intention to pursue a dual degree at least two full semesters prior to the expected graduation date, and shall have a "program of study" prepared and approved by the Chair

**Additional notes:**

- All students, by meeting the requirements for each degree, will be able to represent themselves as either a Civil Engineer or an Environmental Engineer or both.
- The 24 hours represents two additional semesters of full time enrollment, and represents the minimum requirements for a second degree.
- The 24 hours of courses beyond a single degree means that, currently, 152 hours of approved coursework would be required for the dual degree.
The 24 hours of courses would include all the required courses of the other discipline (15 hours) plus two additional capstone design courses plus one technical elective (as approved by the Chair).

The dual degree program for a student must be approved by the Chair in the final year. This eliminates last-minute confusion by the student and allows the Chair time to review the technical elective, and the specific design courses being taken by each student.

School of Electrical Engineering and Computer Science

Director: E. Gelenbe; CSB 260; 407-823-0345

Faculty: Allen, Bassiouni, Batarseh, Bauer, Brigham, DeMara, Deo, Dutton, Enger, Favorov, Franceschini, Frederick, Gelenbe, Georgiopoulos, Gerber, Gomez, A. Gonzalez, F. Gonzalez, Guha, Haralambous, Hua, Hughes, Jones, Kasparis, Klee, Lang, Leeson, Linton, Liou, Llewellyn, Lobo, Malocha, Marin, Mikhail, R. Miller, Moshell, Mukherjee, Myler, Orooji, Parsons, Petrasko, R. Phillips, Qu, Richie, Rogers, Rolland, Shah, Sundaram, Vemulapati, Wahid, Walton, Workman, A. Wu, T. Wu, Yuan, Zalewski

Electrical and Computer Engineering Programs

The Electrical and Computer Engineering programs offer baccalaureate degrees in both Electrical Engineering (BSEE) and Computer Engineering (BScpE). Graduate degrees leading to the Master of Science in Engineering (M.S.E.) and Doctor of Philosophy (Ph.D.) are also offered.

The curriculum provides an integrated experience including humanities and social sciences, mathematics and basic sciences, engineering core, computing, and design experience. The laboratory experiences appropriately combine theory and practice in the Electrical and Computer Engineering programs through a logical progression of courses. Design experiences start with the first circuits course, EGN 3373, and progress to the senior design capstone courses. This senior design experience is a two-semester sequence totaling six credit hours. Aspects of engineering economics, administration, oral presentation, professional issues such as ethics, safety and environmental impact are also covered in the design courses. The design projects required in the design course sequence address real-life problems, and the students work in a team setting. Also, several projects are developed jointly with our industrial partners.

The Computer Engineering Program

The Computer Engineering program contains a minimum of 24 credit hours of design experience, which includes courses listed as Computer Systems Design I and II (EEL 4767C and EEL 4768C), Engineering Applications of Computer Methods (EEL 4832), Engineering Data Structures (EEL 4851C), and Introduction to Digital Circuits and Systems (EEL 3342C). Technical electives can give additional design experiences in specialty areas such as computer architecture, intelligent systems,
networking, software engineering, and simulation systems.

Mission

The mission of the Bachelor of Science in Computer Engineering Degree Program is to educate students to become highly skilled in the principles and practices of computer engineering and develop computer engineers that meet market needs.

Objectives

1. Graduates will acquire sufficient academic competence in fundamental math, science, and engineering principles for employment in computer engineering.

2. Graduates will acquire sufficient academic competence for advanced graduate studies.

3. Graduates will demonstrate overall competence in the computer engineering discipline, including the ability to design systems and processes, conduct and analyze experiments, and learn and utilize computer skills.

4. Graduates will demonstrate overall competence in communication skills, computer skills, and problem solving skills, and the ability to work in interdisciplinary teams.

5. Students are recognized by their employers for their knowledge and skills in solving real world problems, and for their professionalism.

The Electrical Engineering Program

The Electrical Engineering program contains a minimum of 18 credit hours of design experience. This is achieved through such courses as Linear Control Systems (EEL 3657), Electronics I and II (EEL 3307C and EEL 4309C), Digital Signal Processing (EEL 4750), Signal Analysis and Communication (EEL 3552C), Computer Systems Design I (EEL 4767C) Electrical Networks (EEL 3122C) and Digital Circuits and Systems (EEL 3342C). Technical electives can give additional design experience leading to work in communications, controls, image and signal processing, microelectronics and solid state devices, microwaves and electromagnetics, optical engineering, and power/power electronics.

Mission

The mission of the Bachelor of Science in Electrical Engineering Degree Program is to educate students to become highly skilled in the principles and practices of electrical engineering and develop electrical engineers that meet market needs.
Objectives

1. Graduates will acquire sufficient academic competence in fundamental math, science, and engineering principles for employment in electrical engineering.

2. Graduates will acquire sufficient academic competence for advanced graduate studies.

3. Graduates will demonstrate overall competence in the electrical engineering discipline, including the ability to design systems and process, conduct, and analyze experiments, and learn and utilize computer skills.

4. Graduates will demonstrate overall competence in communication skills, computer skills, and problem solving skills, and the ability to work in interdisciplinary teams.

5. Students are recognized by their employers for their knowledge and skills in solving real world problems, and for their professionalism.

The mission statement and objectives for the Computer Engineering and Electrical Engineering programs are electronically posted and continuously updated. More information on the Computer and Electrical Engineering programs can be found on the ECE home page at http://www-ece.engr.ucf.edu/.

The Computer Science Program

The Computer Science program offers courses and programs leading to Bachelor of Science, Master of Science (see Graduate Catalog), and Doctor of Philosophy (see Graduate Catalog) degrees in Computer Science. In addition, the program offers minors in Computer Science, Applied Computer Science, and Computer Information Technology.

The program strives to meet the information technology personnel needs of the community by producing graduates with a broad base of formal course work. Students may use required elective credit to concentrate their degree in one of many research areas, including computational biotechnology, computational complexity, computational geometry, computer architecture, computer graphics, computer networks, computer simulation, computer vision, databases systems, design and analysis of algorithms, distributed computing, digital media, evolutionary computing, graph theory, machine learning, natural language processing and knowledge-based systems, neural networks, operating systems, parallel processing, software engineering and VLSI design tools and hardware algorithms.

Research facilities are organized around laboratories directed by faculty members. Facilities in these laboratories change rapidly, and are generally funded through external research grants, supplemented by grant matching and startup funds from SEECS. To learn about the current status of research facilities and projects, visit faculty web pages. These may be found by following links from the computer science home page at http://www.cs.ucf.edu/.

Mission
The mission of the Bachelor of Science in Computer Science Degree Program is to educate students in the science and practices of computer science, preparing them for graduate school, for careers in information science and technology, and for a lifetime of learning.

Objectives

1. Graduates will learn the principles and practices of computer science, along with the mathematical foundations of this discipline.

2. Graduates will obtain the skills to solve complex problems via the development of models, and the design, implementation, and analysis of computer realizations of these models.

3. Graduates will receive an education that enables them to enter and be successful in academically strong graduate programs in computer science and related disciplines.

4. Graduates will be prepared for successful careers in information science and technology. This preparation will include the abilities to work in teams, to communicate effectively, and to experience a lifetime of learning.

The Information Technology Program

The Information Technology program offers courses leading to the Bachelor of Science degree in Information Technology. The program provides students a strong conceptual core, which will prepare them to be lifelong learners, along with significant hands-on experience. The inclusion of advanced courses in technical writing, a course in ethics, and five upper division courses in an area outside information technology will prepare these students to deal with the subject areas and communicate in the parlance of the industries in which they choose to work. Basically, students will have an interdisciplinary core in which the principles and practices of the three disciplines of the School are presented in a cohesive, connected manner. They will then create their own multidisciplinary component by taking upper division courses that are typically outside the College of Engineering and Computer Science.

Mission

The mission of the Bachelor of Science in Information Technology Degree Program is to educate students in the science and practices of information technology, preparing them for a lifetime of learning and for careers in information technology as well as in a wide variety of disciplines that integrate information technology into their respective fields of activity.
Objectives

1. Graduates will learn the principles and practices of information technology, along with the mathematical and engineering foundations of this discipline.

2. Graduates will obtain the skills to solve complex problems via the development of models, and the design, implementation, and analysis of computer realizations of these models.

3. Graduates will receive an education that enables them to design, implement, and administer complex distributed information systems, including the archival databases and the communication infrastructures associated with such systems.

4. Graduates will obtain a strong background in at least one discipline, outside information technology, in which information technology plays a critical role.

5. Graduates will be prepared for successful careers in information technology. This preparation will include the abilities to work in teams, to communicate effectively, and to experience a lifetime of learning.

Minors: Applied Computer Science, Computer Information Technology, and Computer Science

Certificates: Applied Computer Science and Computer Information Technology

Department of Industrial Engineering and Management Systems

Chair: Charles H. Reilly; EB II 312; 407-823-2204,
Fax 407-823-3413

Faculty: Armacost, Chandra, Elshennawy, Hoekstra, Hosni, Kotnour, Kulonda, Lee, Malone, McCauley-Bell, Mollaghasemi, Mullens, Pet-Armacost, Proctor, Ragusa, Sepulveda, Stanney, Thompson, Whitehouse, Williams

Industrial Engineers make things work better. They design systems that translate a specific product design into a physical reality in the most productive manner and with highest possible quality. In doing so, the industrial engineer deals with decisions regarding the right mix and type of people, materials, machines, and automation (including robotics). Industrial engineers are also skilled in
Engineering Economic Analysis and Information Management since they are generally considered to be the natural interface between the technical specialist and management. Industrial Engineers are generally sought in industry, service, and government organizations. In the industrial sector, the industrial engineer is concerned with improving productivity and quality of the manufacturing, distribution, and management system of organizations. In the service sector, the industrial engineer is concerned with determining the most productive manner in which to deliver high-quality service to the customer. In government organizations the industrial engineer is active in assuring that tax payers receive maximum service for their tax dollars. The Industrial Engineering approach is characterized by a systematic evaluation of alternatives using quantitative analysis, and computer simulations. As such, quantification and measurement play a key role in the day to day activities of the industrial engineer. Elementary engineering design experiences are incorporated into many of the required industrial engineering core courses. For instance, students learn how to apply the principles of engineering design to production systems and cost estimation in EIN 3354, to work methods and process flows in EIN 3314, and to facilities design and plant layout in EIN 4364. The design experience concludes with a real-world system design in the two-semester capstone design sequence, EIN 4116 and EIN 4891. 

Mission
To produce industrial engineering professionals and leaders who, working alongside their coworkers, can design and improve operations in industry, business, and government, making them more productive, more responsive, and producing goods and services of higher value to the customer for the global economy of the 21st century.

Objectives
1. BSIE graduates will demonstrate knowledge of math, science, and engineering fundamentals. Specifically, the student will have the ability to:
   - Demonstrate general design principles.
   - Use fundamental engineering techniques, skills, and tools for engineering practice.
   - Analyze and interpret data to produce meaningful conclusions and recommendations.

2. BSIE graduates will demonstrate competence in the professional practice of industrial engineering, effectively using both technical and qualitative skills. Specifically, the student will have the ability to:
Design systems, components, and processes to meet desired needs.
Identify, formulate, and solve industrial engineering problems.
Use industrial engineering techniques, skills, and tools for engineering practice.
Be a productive member of multi-disciplinary teams.
Communicate effectively in both written and spoken presentations.
Incorporate contemporary issues into the practice of industrial engineering, including global communication.
Have the knowledge to become a Professional Engineer (PE) in the IE discipline.

3. BSIE graduates will understand the leadership responsibilities of a practicing engineer. Specifically, the graduate will understand the need to:
   - Make decisions in light of professional and ethical responsibilities.
   - Understand the impact of engineering solutions in a global and societal context.
   - Understand contemporary issues into the practice of industrial engineering.
   - Engage in life-long learning.

4. BSIE graduates seeking professional employment or admission to graduate education programs will be successful in doing so within six months of graduation.

5. IEMS students will receive relevant curriculum content in a learning environment that facilitates learning and retention.

Department of Mechanical, Materials, and Aerospace Engineering

Interim Chair: David W. Nicholson; EN 307; 407-823-2416,
Fax 407-823-0208

The Department of Mechanical, Materials, and Aerospace Engineering offers undergraduate degree programs in Mechanical Engineering and Aerospace Engineering. The Aerospace Engineering
The program is designed to provide a broadly-based foundation in aeronautics and astronautics, including topics such as aerodynamics, propulsion, aerospace structures and materials, flight dynamics, and control and performance.

The Mechanical Engineering program is designed to provide a broadly-based foundation in thermo-fluids, mechanical systems and materials, including topics such as solid mechanics, machine design, vibrations, CAD/CAM/FEM, feedback control and mechatronics, fluid mechanics, heat transfer, and structure and properties of materials.

Both programs seek to convey an understanding of the fundamental principles of science and engineering, to stimulate curiosity and creativity, to provide hands-on experience in laboratories, and to prepare students to design systems which solve current and relevant societal problems. The design experience begins in the freshman engineering courses and grows throughout the curricula with increased emphasis on student creativity, open-ended problems, materials selection, design methodology, feasibility considerations, alternative solutions, and concurrent design, and culminates in the senior capstone design courses. The use of computers and written and oral communication are part of the design experiences throughout the programs.

**Mission**

In support of the University and College missions, the Aerospace Engineering program at UCF is committed to provide the highest quality aerospace engineering professionals and leaders. Through cooperative efforts with regional aerospace industry and the Florida Space Institute, our graduates will be well prepared for their role as aerospace engineers in society and will have an awareness of ethical, environmental, economic, safety, and quality issues. They will be educated to be life-long learners, pursuing their personal and professional development. Through these characteristics our graduates will be able to rise to positions of prominence in the technical society of tomorrow.

**Educational Goals**

1. To provide students with a comprehensive education in Aerospace Engineering with the opportunity to emphasize either Aeronautics or Astronautics.

2. To provide students with an ability to identify, analyze, and solve problems appropriate to Aerospace Engineering.

3. To provide students with a command of the design discipline/process.

4. To provide students with comprehensive computer skills appropriate in Aerospace Engineering.

5. To provide students with knowledge of contemporary issues in Aerospace Engineering and to
prepare them for life long learning.

6. To provide students with an understanding of ethical, social, and professional responsibilities.

7. To prepare students to be proficient in technical communication both orally and in writing

Mission

In support of the University and College missions, the Mechanical Engineering program at UCF is committed to provide the highest quality engineering professionals and leaders. Through cooperative efforts with regional industry, our graduates will be well prepared for their role as mechanical engineers in society and will have an awareness of ethical, environmental, economic, safety, and quality issues. They will be educated to be life-long learners, pursuing their personal and professional development. Through these characteristics our graduates will be able to rise to positions of prominence in the technical society of tomorrow.

Educational Goals

1. To provide students with a comprehensive education that includes in-depth instruction in solid mechanics, materials, thermo-dynamics, fluid mechanics, heat transfer, vibrations, systems modeling, controls, and design of mechanical systems.

2. To provide students with the comprehensive computer skills necessary for problem solving, including CAD/CAM/FEM, and for effective technical presentation and communication.

3. To prepare students for careers in mechanical engineering by emphasizing analysis and problem solving; hands-on laboratory experiences; exposure to open-ended problems and design issues including manufacturing, maintenance, and fostering teamwork; communications skills; and individual professionalism.

4. To provide each student the opportunity to emphasize one of the sub-disciplines of mechanical systems, energy systems, or materials.

5. To provide adequate research and independent study opportunities that cultivate lifelong learning skills and nourish creative talents.

6. To provide opportunities for participation in student professional engineering societies and participation in regional, national, and international student competitions.

7. To provide opportunities for part-time professional experience prior to graduation through co-operative education, work-study programs, etc.

8. To prepare students for careers in research and development by providing opportunities for admission to graduate programs leading to Master's and doctorate degrees.

Department of Engineering Technology
(The Engineering Technology Department (ENT) is located in the Engineering Building, Room 207.)

Chair:  R. Eaglin; ENGR 207; 407-823-2156, Fax 407-823-5483

Assistant Chair:  A. Rahrooh; BLLC 277; 407-631-5366

(Brevard Campus)

Assistant Chair:  R. Coowar; ENGR 207; 407-823-2156

Faculty:  Coowar, Denning, Misconi, Morse, Motlagh, Osborne, Rahrooh, Rogers

Mission

The mission of the Engineering Technology program is to educate students to become professional technologists who meet the current needs of industry.

Objectives

1. Provide excellent curriculum content (e.g. math, science, and engineering technology principles, discipline-related topics and skills, and competencies in communication, problem solving, teamwork) to prepare students for professional practice in engineering technology.

2. Provide an educational program so graduates are successful in attaining professional employment.

3. Provide an excellent learning environment so the graduates are competitive with other BS Engineering Technology graduates from other U.S. institutions.

4. Provide educational content so graduates understand and value professional ethics, integrity, and diversity.

The mission statement and objectives for Engineering Technology are electronically posted and continuously updated. More information on the Engineering Technology programs can be found on the ENT Department home page at http://www-ent.engr.ucf.edu.

Bachelor of Science in Electrical Engineering Technology (BSEET)

Coordinator:  Alireza Rahrooh

This program in electrical engineering technology, leading to the BSEET degree, provides a structured curriculum with instruction in fundamentals and engineering principles applicable toward working with both present and future technologies in a variety of work environments. Graduates may find employment opportunities in such diverse fields as aerospace, instrumentation, computers, communications, consumer products, banking and education. They may become involved in applied design, product development, manufacturing, quality assurance, production and operations as well as
activities such as field engineering, sales, system analysis, technical writing and software design, preparation and programming.

The EET program provides two paths of concentration, thereby providing the student a choice between either a hardware or a software emphasis. The concentration in Electrical systems provides a broad based curriculum in electrical/electronic engineering principles, and their application. Instruction and problem solving experiences are provided in both circuit and system aspects including computers, communications, controls and electrical power. The concentration in Computer Systems, while providing a firm foundation in electrical/electronics technology, also includes extensive instruction in programming, system design and analysis, and systems programming. Projects in solving real-world problems are required of all students in this concentration.

**Bachelor of Science in Engineering Technology (BSET)**

*Coordinator:* Lucy Morse

The BSET curriculum consists of a carefully integrated program that includes professional studies, general education, and applied mathematics and sciences. Through the selection of the upper level technical concentration students can build and tailor their program, based on previous knowledge to assist them to launch a career that best meets their needs and aspirations. The Design concentration provides advanced course work in preparation for employment at the baccalaureate level in the fields of manufacturing, testing and fabrication of mechanical parts, and the building and construction industries. Graduates may become involved in applied design, product development, manufacturing or production, to name but a few. The Operations concentration provides an orientation for professional careers in technical management and operations in the manufacturing, sales, services, and construction industries. Graduates may become involved in many diverse areas including product development, manufacturing, quality assurance and logistics, sales, field engineering, technical writing and safety. Projects in solving real-world problems, are required of all students in the BSET program. In addition to the engineering technology core, both concentrations in the BSET program have a common lower division core as well as a common upper division core.

**Bachelor of Science in Information Systems Technology (BS)**

*Coordinator:* Bahman Motlagh

The Engineering Technology Department also offers the Bachelor of Science degree in Information Systems Technology (BS), designed to accept Associate of Science (AS) degree graduates from community college programs in Computer Programming Technology, Digital Communications, and Networking. The IST curriculum provides the AS graduate with additional course work in networking and computer systems. It also provides skills and knowledge related to project management,
economic analysis, quality assurance, reliability, and logistics. A characteristic of this curriculum is that it contains less mathematics and natural science than do the BSET and BSEET curricula.

Reserve Officer Training Corps

Air Force ROTC (Aerospace Studies)

Chair: Lt Col Judge; Trailer 501, Room 103; 407-823-1247, Fax 407-823-2265, DSN 960-8647

Faculty/Staff: Captain Liquori, Captain Colley, 1Lt Crawls, MSgt Hernandez, TSgt Garcia, and Mrs. Fioramanti, Office Manager

The Department of Aerospace Studies provides pre-commissioning education for qualified students who desire to serve as commissioned officers in the active duty Air Force. The department offers four-year, three-year, and two-year Air Force ROTC programs. The four/three-year program provides on-campus study during the freshman through senior years. The two year programs allow community college transfer students and other students with two academic years remaining in either undergraduate or graduate status to earn an Air Force commission while completing their studies. All programs offer scholarship opportunities to selected students. Students are invited to write or visit the Department of Aerospace Studies to obtain additional information. The Air Force retains sole discretion whether or not any applicant is qualified for pre-commissioning education through the Air Force ROTC. More information on the Aerospace Studies program can also be found on the AFROTC home page at http://pegasus.cc.ucf.edu/~airfrotc/.

Curriculum

Students enrolled in the Air Force ROTC program may major in any academic discipline and earn a minor in Aerospace Studies. A major is not offered by this department. AFROTC courses are listed under the prefix AFR. The curriculum is divided into two phases:

1. General Military Course (GMC)

The General Military Course is designed to give students their first exposure to the Reserve Officer Training Corps program during their freshman and sophomore years. The courses deal with the mission, organization, and structure of the US Air Force, and the development of air power into a prime element of American national security.

2. Professional Officer Course (POC)

The Professional Officer Course is designed to develop and hone managerial and officer skills during
a student's junior and senior years. All students who seek a commission through the Air Force ROTC must complete the POC curriculum. The curriculum involves the study of concepts of leadership and management in the Air Force and an analysis of the formulation and implementation of American defense policy.

Leadership Laboratory

Leadership Laboratory is a required lab that must be taken in conjunction with the academic class. Leadership Laboratory is only open to students who are members of the Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

Requirements for entry into the Professional Officer Course

- Be at least 17 years of age at the time of acceptance
- Be able to complete the Professional Officer Course and complete all degree requirements prior to reaching age 29 if entering Flight Training, or before age 30 (can be waived to age 35) if entering a non-flying Air Force specialty
- Pass the Air Force Officer Qualifying Test
- Pass an Air Force medical examination
- Pass the Air Force Physical Fitness Test each semester
- Selection by the Professor of Aerospace Studies and acceptance by the University
- Successful completion of a summer Field Training course (either four or five week)
- Enlistment in the Air Force Reserve certifying agreement to complete the POC and accept an Air Force Commission. This enlistment is terminated upon receipt of a commission

Monetary Allowance

All students enrolled in the Professional Officer Course receive a tax-free monetary allowance of $200 per month.

Air Force ROTC Scholarship Program

Scholarships are phased at four, three, and two-year opportunities. This system provides opportunities to those students enrolled in certain academic majors. These scholarships provide for full tuition and fees, and an allowance for textbooks. Scholarship recipients also receive the $200 monthly tax-free monetary allowance. A POC Incentive scholarship is available to eligible cadets enrolled in the last two years of our program regardless of major as long as they graduate prior to becoming 27 years old and maintain a minimum term GPA of 2.00 or greater. The POC incentive pays $1,500 a semester for tuition and fees and $250 per semester for books.

Summer Training

All students must attend a summer Field Training course conducted at Lackland Air Force Base in San
Antonio, TX or Tyndall Air Force Base in Panama City, FL. This course includes junior officer training, officer career orientation, and physical conditioning. Students enrolled in the four-year AFROTC program will attend a four-week summer course, normally upon completion of the General Military Course. A five-week summer course, which includes a modified version of the General Military Course, is required for students entering the two-year AFROTC program. These students must complete their summer training prior to their formal enrollment in the Professional Officer Corps curriculum. These students need to contact the department early in the Fall prior to the Summer Field Training.

**Officer Commissions**

Students who complete the Professional Officer Course are appointed Second Lieutenants in the United States Air Force. After completing the training program and entering active duty with a reserve commission, they will serve a minimum active duty tour which varies in length depending on their particular career area (typically four years). Such obligations are explained in detail during the one-on-one counseling sessions conducted with each prospect by detachment officers.

**Army ROTC (Military Science)**

*Chair:* LTC John J. Ruzich; Trailer 501, Room 110

*Faculty/Staff:* MAJ Coddington, MAJ Murphy, CPT Newby, MSG Davidson, SFC Gibb, SSG Barajas, SGT Pina, Ms. Martin, Office Manager; 407-823-2430, Fax 407-823-5324

The University of Central Florida, in cooperation with the US Army, provides an opportunity to earn a commission as a Second Lieutenant and compete for an active duty assignment or accept a guaranteed Army Reserve or National Guard position. The program offers both a four-year and two-year option for students working on their Associate of Arts, Baccalaureate or Graduate degrees. The two-year option allows students with at least two academic years remaining in either undergraduate or graduate studies to meet all requirements for commissioning. Students may be eligible for the Army's Simultaneous Membership Program (SMP) which combines Reserve Forces Duty with Army ROTC officer training courses on campus. Students earn about $4000.00 in their last two years. *Note:* The Army retains sole discretion - in accordance with public law and military regulation - regarding whether or not any applicant is qualified for pre-commissioning education through Army ROTC. More information on the AROTC program can be found on the AROTC Department home page: http://www.army.ucf.edu/.

**Curriculum**

The Military Science on-campus curriculum is divided into two phases: *Basic Military Science Course* and *Advanced Military Science Course.*
1. Basic Military Science

A. The Basic Military Science courses, open to both men and women, are designed for four-year participants and are normally offered during the freshman and sophomore years. These courses address military organizations, equipment, weapons, map reading, land navigation, management skills, grade structure, communications and leadership. There are non-contractual obligations or commitments for students in the Basic course phase. The Basic Course phase offers students the opportunity to see what Army ROTC is all about (MIS 1031, 1400, 2120, 2300). Students will also participate in a Field Training Exercise (FTX). These courses fulfill pre-requisite requirements for entering the Advanced Military Science phase.

B. Requisites for admission to the Basic Course:
   - Enrollment in a Baccalaureate or Master's degree program
   - Full-time student status

2. Advanced Military Science

A. The Advanced Military Science courses, open to both men and women, are taken during the junior and senior years. These courses specialize in small unit tactics, how to prepare and conduct military training, military justice system, staff procedures, decision making and leadership. Students who desire a commission as a Second Lieutenant are contracted and paid a tax-free subsistence of $200.00 per month up to 10 months during the school year. Each student is required to take courses that meet the Army's Professional Military Education Requirements. Students must meet pre-requisite requirements prior to participating in the Advanced program. They must also successfully complete a 32-day Advanced Leadership Camp at Fort Lewis, WA, normally between their junior and senior years.

B. Requisites for Admission to the Advanced Course:
   - Successful completion of Basic Course, Basic Camp, JROTC, prior military service or permission of the Department Chair
   - Must be at least 17 years of age at the time of entry, but not more that 30 years of age at the time of commissioning (30-year age regulation may be waived for veterans up to age 34)
   - Successful completion of an Army physical examination
   - Agreement to complete the Advanced Course requirements and serve on either Active, Reserve, or National Guard duty as a commissioned officer
   - Full-time undergraduate student status (minimum of 12 hours); full-time graduate student status (minimum six hours)
   - US Citizen

3. Monetary Allowance

All contracted and scholarship students enrolled in the Advanced Military Science Course receive a
tax-free monetary allowance of $200.00 per month during the school year.

4. **Scholarships**

Four, three and two-year scholarships are available for all students who qualify. These scholarships provide full tuition, books and fees for Fall and Spring semesters. In addition, all contracted scholarship students also receive the $200.00 monetary allowance per month during the school year. Contact the Enrollment Officer for additional information at 407-823-5383.

5. **Placement Credit**

Placement credit is offered to all students with prior service. Prior service experience waives the required Basic Courses. Prior service is extended to include Active duty, Reserve Forces and National Guard. Although prior service does waive the Basic Courses, if a prior service student desires, he/she may elect to enroll in the Basic Courses.

6. **Daytona Beach Campus Students**

These students should contact the Professor of Military Science at Embry-Riddle Aeronautical University, Daytona Beach, Florida, (904) 239-6469. Students will participate in a Field Training Exercise (FTX) and will commission, if qualified, with Embry-Riddle.

**SUMMER TRAINING COURSES**

1. **Basic Course Summer Training**

A student can earn placement credit for the Basic Course classes and allowed entry into the Advanced Course by attending a six-week course at Fort Knox, Kentucky, thereby allowing completion of all requirements for commissioning within two years. Students attending the summer course receive approximately $700.00 pay. Additionally, all lodging, meals and transportation are furnished. Uniforms will be provided at no expense.

2. **Specialized Summer Training Courses**

Qualified students can be selected to attend specialized military training occurring the summer months. These areas of training include: a) Airborne Training; b) Air Assault Training; c) Northern Warfare Training; d) Cadet Troop Leadership Training; e) Master Fitness Training; and f) Mountain Training.

For additional information on any aspect of the above programs call 407-823-2430 or 5383.

The College of Health and Public Affairs is composed of two schools and five departments. The two schools are Nursing and Social Work. The health related disciplines include: Communicative Disorders, Health Professions, and Molecular Biology and Microbiology. The Criminal Justice/Legal Studies and Public Administration programs comprise the public affairs unit of the college.

The college is responsible for educating professionals in health, human and public service. As an integral part of the Central Florida community, the college mission is the advancement of knowledge, education, public policy and professional practice in health and public affairs. The college offers 14 baccalaureate, nine graduate programs, seven minors and 11 graduate and two undergraduate certificate programs.

General Requirements for the Bachelors Degree

Some Schools, Departments or Programs in the College are upper division, limited access programs. Acceptance by or registration at the University does not constitute admission to the following: Schools of Nursing and Social Work, and the Programs in Cardiopulmonary Sciences, Medical Laboratory Sciences, Health Information Management, and Radiologic Sciences.

Application must be made to the appropriate program in health sciences. For Social Work, contact the School of Social Work. Additional information regarding prerequisites and grade point averages may
be obtained from the desired School, Program or Department.

The following Departments and Programs do not have limited access: Departments of Communicative Disorders, Criminal Justice/Legal Studies, Molecular Biology/Microbiology, and Public Administration; and the Program in Health Service Administration.

E-mail: [hpainfo@pegasus.cc.ucf.edu](mailto:hpainfo@pegasus.cc.ucf.edu)

The College of Health and Public Affairs Office of Student Support assists students in understanding matters relating to college and university requirements and procedures as well as coordinating orientation, registration and graduation certification. Students interested in pursuing limited access programs are encouraged to meet with advisors in the college to stay on track by taking the appropriate prerequisite requirements. Advisors are available through our Outreach Program for students on probation or for those who are having academic difficulty. Questions concerning university and college academic policies should be directed through this office. Faculty advisors are assigned to students upon admission to their degree program in their academic department. Pre-health Professions Advisement for students interested in pursuing professional degrees is handled in the Pre-Health Professions Advisement Office located in HPA 124, 407-823-2670.

The discipline of communication sciences and disorders involves the prevention, evaluation, management, and study of human communication and its disorders. The undergraduate program in the Department of Communicative Disorders is pre-professional in nature and reflects the scientific foundations of the discipline. The three primary goals of the undergraduate program are to provide students with the necessary preparation 1) to pursue graduate study in speech-language pathology, audiology, or related fields such as special education, social work, and health services administration; 2) to seek careers in health and human services; and 3) to obtain licensure and employment as a speech-language pathology or audiology assistant.

The graduate program prepares speech-language pathologists for work with children and adults experiencing a variety of communication disorders in schools, hospitals, rehabilitation centers,
community speech, language and hearing centers, and physician's offices. The graduate program has been accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association since 1986. Students should plan their major or minor in consultation with a departmental advisor to meet their individual interests and career objectives.

In addition to course work in communicative disorders, the Department offers a three-course sequence in American Sign Language open to the entire university community: SPA 4612, SPA 4613, and SPA 4614.

Department of Criminal Justice and Legal Studies

Chair: B.J. McCarthy; HPA 311; 407-823-2603

The Department of Criminal Justice and Legal Studies includes two undergraduate degree programs: Legal Studies and Criminal Justice.

Criminal Justice Program

Criminal Justice is a problem based field of study which focuses on the nature of crime and crime control agencies in a democratic society. The curriculum reflects the dynamic nature of the field and prepares students for challenging careers in public service.

Legal Studies Program

The Legal Studies Program provides students with a broad understanding of basic principles of law and the role and function of the legal system. The legal studies program, in addition to preparing students for law-related careers, provides a foundation for law school or other graduate education. All of the full time Legal Studies faculty are attorneys and are available for law school advising. Satisfactory completion of program requirements leads to the degree of Bachelor of Arts or Bachelor of Science with a major in Legal Studies.

Minors: Criminal Justice, Legal Studies

Department of Health Professions

Chair: Aaron Liberman; HPA II 210; 407-823-3264

Faculty: Acierno, Barr, Bertetta, Cassidy, Chase, Douglass, Edwards, Enchelmayer, Falen, Fottler, Gosnell, Hamby, Holder, Hudson, Liberman, Ludy, Lytle, Mendenhall, Morrison, Oetjen, Parry, Rotarius, Strack, Trujillo, Unruh, Viamontes, Welker, Worrell

The Department of Health Professions offers baccalaureate programs which prepare students for professions in the fields of Cardiopulmonary Sciences (Respiratory Therapy), Health Information Management, Health Sciences (Athletic Training), Health Services Administration, and Radiologic Sciences. The Department also offers a generalist degree for the undecided pre-professional major and for graduates of diploma programs seeking professional validation.

The mission of the Department is to provide quality undergraduate and graduate academic, administrative, and clinical instruction with an accent on educating future leaders of the health care system. The Department seeks first to strengthen existing programs, as well as to identify and develop new programs that fulfill a documented need for health care resources and technology. Another goal is to foster the development of knowledge through research, publications, scientific presentations, and grantsmanship. Finally, the Department seeks to provide continuing education for the health care community and consumer health education.

The programs in Cardiopulmonary Sciences, Health Information Management and Radiologic Sciences require a minimum overall GPA of 2.5 for admission and the Athletic Training program requires a minimum overall and prerequisite GPA of 3.0. In addition, a minimum grade of "C" (2.0) is required for prerequisite courses and required courses within the program. No CLEP, TSD, or AP credit may be used for prerequisite course credit.

The primary goal of the program in Health Services Administration is to prepare managers to direct a variety of health care organizations such as hospitals, HMO's, clinics and any other organization involved in the delivery or management of health care services. The undergraduate curriculum is consistent with the curricular requirements of the Association of University Programs of Health Administration, stressing administration, policy and planning skills. A diverse health care community offers students a variety of internship experiences as well as providing placement opportunities upon graduation. Faculty are actively engaged in research relating to management, conflict resolution, occupational stress, outcome assessment and integrated delivery mechanisms.
Program in Cardiopulmonary Sciences

Director: L.T. Worrell; HPA II 210; 407-823-2214

The major in Cardiopulmonary Sciences (which includes the Respiratory Care Program) leads to the Bachelor of Science Degree. In the professional curriculum, students study advanced courses in respiratory therapy, pharmacology, life support systems, disease assessment, clinical practice, diagnostics, and patient management. Upon completion of the undergraduate program, the baccalaureate individual will possess basic and advanced level skills and should be prepared to assume future leadership roles within the profession. Graduates will be prepared to become Registered Respiratory Therapists through licensure by the State of Florida.

The Cardiopulmonary Sciences program is accredited by the Committee on Accreditation for Respiratory Care in conjunction with CAAHEP of the American Medical Association. This is a limited access program and requires a separate application to the program by February 1 of the year in which admission is sought.

Program in Health Information Management

Director: C. Barr; HPA II 210; 407-823-2353

Health Information Managers are professional members of the modern health care team responsible for: 1) the acquisition and supervision of complete medical records on each patient, 2) the design and management of health information systems which collect, process, store, retrieve, and release health information and statistics, 3) assistance to administration, other health professionals, and medical staff in developing quality assurance programs by abstraction of medical data, preparation of statistical reports, and analysis of information, and 4) assistance in collection and analysis of data for public health services planning.

The curriculum of the Health Information Management program is approved by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) in collaboration with the Council on Accreditation of the American Health Information Management Association. This is a limited access program and requires a separate application to the program by March 1 of the year in which admission is sought.

**Program in Health Sciences-Athletic Training**

*Director: V. Hudson; HPA II 210; 407-823-6761*

The Program in athletic training at the University of Central Florida is a track in the Department of Health Professions in the College of Health and Public Affairs. The athletic training track is a five semester program where students complete 12-15 credits per semester while engaged in clinical affiliations. The core of athletic training coursework will emphasize skills and competencies necessary for successful clinical practice in a variety of settings in which athletic trainers are presently employed. A significant and important aspect of the educational process will be clinical experiences that will occur in a variety of settings under the direction of a certified athletic trainer. These local affiliation sites include high schools, colleges, universities, sports medicine clinics, and professional athletic organizations. The unique aspect of the athletic training curriculum is that upon successful completion of the course of study, it will provide the graduate with a bachelor of science degree in Health Sciences and the eligibility to take the National Athletic Trainer's Association Board of Certification (NATABOC) Certification Exam. By successfully passing the exam, the student will be recognized as a certified athletic trainer (A.T.C.).

**Program in Health Sciences-Generalist Track**

*Director: D. M. Oetjen; HPA II 210; 407-823-2359*

This Program offers a baccalaureate degree in Health Sciences (Generalist Track). The BSHS Program provides an opportunity for credentialed health care professionals to expand the scope of their education through the completion of courses both within and outside of their discipline. The Program also enable students, without a health background who are considering a health services career, to complete courses in several disciplines in order to make informed career decisions. BSHS students are exposed to courses from the Athletic Training, Health Information Management, and Health Sciences Administration Programs.

Minors: Health Sciences

Program in Health Services Administration

Director: M. Fottler; HPA II 210; 407-823-2359

The Program offers a baccalaureate degree in Health Services Administration. The baccalaureate degree is designed for students who desire to study the business side of health care. People within the health care industry with associate of science degrees in areas such as nursing, respiratory therapy, radiologic technologies, medical laboratory technology, dental hygiene, and others may find this program providing a migration path from the clinical side of the health care industry to the leadership side. Students without a background in the health care industry can build a solid understanding of the complexity of managing health services organizations.

Program in Radiologic Sciences

Director: T. J. Edwards III; HPA II 210; 407-823-2747

The University of Central Florida offers the only public accredited Bachelor of Science in Radiologic Sciences degree program in Florida. The Radiologic Sciences Program offers students the opportunity to specialize in Radiography. Radiographers are integral members of the health care team dedicated to providing high quality patient care. Graduates are prepared to function as clinically competent Radiographers and, with experience, advance to leadership positions in their profession.

The primary role of Radiographers is to perform medical imaging procedures for the diagnosis of disease and injury. The Radiographer enjoys an interesting and challenging variety of examinations/procedures which may include conventional radiography, fluoroscopy, mammography, vascular imaging, computed tomography and magnetic resonance imaging. Employment opportunities are available in hospitals, imaging centers, and private physician offices. Career advancement opportunities include positions in advanced imaging modalities, administration, education, and quality management.

The Radiologic Sciences Program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT). Graduates are eligible to apply for admission to the Radiography
certification exam administered by the American Registry of Radiologic Technologists (ARRT).

The program works in conjunction with Advanced Imaging Center of Winter Park, Arnold Palmer Hospital for Women and Children, Central Florida Regional Hospital, Health Central, Jewett Orthopedic Clinic, Orlando Regional Medical Center, Regional MRI, South Seminole Hospital, and Winter Park Memorial Hospital. This is a limited access program and requires a separate application to the program by March 1 of the year in which admission is sought.

*Faculty:* Berringer, Bertetta, Blaney, Chai, D. Chakrabarti, R. Chakrbarti, Charba, Daniell, Fernandez-Valle, Gennaro, Hitchcock, Jacobs, Logiudice, Naser, Sweeney, White, Zervos

The Department of Molecular Biology and Microbiology offers curricular programs leading to a minor, a Bachelor of Science degree, and a Master of Science degree, each in Molecular Biology and Microbiology. The department also offers a Bachelor of Science degree in Medical Laboratory Sciences. The Molecular Biology and Microbiology program offers courses that fulfill admission requirements for all the four-year health professions and graduate programs in molecular biology and microbiology.

**Program in Molecular Biology and Microbiology**

The Core Curriculum in the baccalaureate program, with its broad and thorough grounding in the physical, computational, and life sciences, provides a solid foundation in concepts and applications of modern biology to contemporary and future problems. The Restricted Electives component of the baccalaureate program allows each student to enhance his/her academic preparation in areas of morphological, clinical, analytical or investigative applications. Students are also encouraged to gain research experience and exposure to specialized topics not taught in formal courses through the mechanism of directed research and independent study contracts with selected faculty. This thorough, but flexible, program, provides an excellent preparation for industry, graduate education, and for the four-year health professions (chiropractic, medical, dental, optometric, podiatry, pharmacy, and veterinary medicine).

Program in Medical Laboratory Sciences

Director: D. Hitchcock; HPA II 335; 407-823-2968

Medical technologists are involved in medical diagnosis, treatment, surveillance, management, research, and education. They use highly sophisticated equipment such as electronic cell counters, automated analyzers, computers, and microscopes in the examination of body tissues and fluids.

The curriculum is designed to give students a thorough background in the physical and biological sciences; to develop the understanding, skills, and ability essential to assume leadership roles in management and education; to develop a high level of proficiency in the clinical laboratory; and to develop an awareness for continuing education needed for professional growth.

The last two years of sequential courses constitute the upper division portion of the Program. The size of the class to be selected in the Medical Laboratory Science Program is determined by the availability of space and equipment, requirements concerning class size set for by the Program Accrediting Agency, and available spaces in the clinical facilities.

This is a limited access program that requires a separate application to the program. Preference will be given to those who apply by March 1st but applications will be accepted until the class is filled.

The nursing curriculum leads to the Bachelor of Science in Nursing degree, the basis of professional nursing practice. The BSN graduate is prepared to provide comprehensive care in a variety of acute, community, and rehabilitative settings. Program emphasis includes clinical nursing practice, health promotion and maintenance, and preparation for assuming leadership roles. The baccalaureate curriculum provides the foundation for graduate study in nursing.
Nurses licensed in Florida are eligible for admission into the RN to BSN Program at UCF. Applicants have to hold current RN license in Florida. Each applicant is reviewed individually and guided to prevent repetition of previous coursework. RNs may submit applications during any semester. Contact the School of Nursing for specifics on the RN-BSN program. This program is offered in Orlando, Leesburg, and on the Brevard and Daytona campuses. The RN-BSN course work is also offered via the internet.

The goal of the MSN program is to prepare advanced registered nurse practitioners and administrators to assume leadership positions in a variety of healthcare settings. Three majors are offered at this time: Family Nurse Practitioner, Adult Nurse Practitioner, and Nursing Leadership and Management. Minimum hours for the degree are 41-46 hours of graduate work depending on the major. Either a thesis or research utilization project is required. Student must be a licensed Registered Nurse in Florida. All programs are limited access and require a separate application to the School of Nursing.

The School of Social Work offers a professional degree program that is nationally accredited by the Council on Social Work Education. Its primary focus is the preparation of students for entry-level professional social work practice within diverse human service organizations such as hospitals, schools, correctional settings, public welfare departments, child placement organizations, community centers, and counseling agencies. The Social Work program is a limited access program that requires separate application to the School of Social Work.

The School of Social Work also offers the Certificates of Gerontology and Children's Services. The gerontology certificate is an interdisciplinary program that helps prepare the students to meet the needs of the elderly citizens of Central Florida. The program may be of particular interest to students who are majoring in health sciences, psychology, social work, nursing or sociology. Other students, such as those majoring in business, physical education, or art education may also find the program valuable. The Certificate in Children's Services prepares social work students to respond to the special needs of children and families. The course work includes SOW 3342, Practice II; SOW 4654, Children's Services; SOW 5655, Child Abuse: Treatment and Prevention; and SOW 4510, Field Education (in a child welfare agency). This certificate is of special interest to students planning to work in the field of child welfare or related areas.

If currently majoring in an area of certificate coursework, the student should work with their department to coordinate fieldwork. For social work majors, the School of Social Work will plan fieldwork to complete this program.

Rosen School of Hospitality Management

Interim Dean: A. Pizam; CL1 302; 407-823-2188
Interim Associate Dean: Stephan LeBruto; CL1 302;
407-823-5064
Faculty: Ashley, Breiter, Milman, Muller, Upchurch

The hospitality industry currently represents the second largest employer in the United States and is the major part of the rapidly growing services sector of the economy. Because of its unique location in the premier tourist destination in the world, the Rosen School of Hospitality Management is ideally situated to prepare students for managerial careers in the hospitality industry. Whether the student is interested in entering lodging, food service, travel and tourism, theme parks, vacation ownership resorts, or conventions and destination services management, the Orlando and Central Florida area offers extraordinary opportunities. It is the destination for over 42 million tourists each year, has over 400 hotels with 110,000 rooms, 4,000 restaurants, and 50 theme parks and attractions. The industry employs a half million people in the State of Florida and many are in the Central Florida area.

The educational mission of the school is to provide students with the knowledge, skills, and ability to identify opportunities and challenges in the hospitality industry, and to apply creative decision techniques in responding to those opportunities.

The degree is designed to prepare students for a broad range of managerial roles across the hospitality industry. It provides both academic preparation and "hands-on" experiences that students will need to enter and succeed in a hospitality management career. Students also have the opportunity to experience the work world in hospitality through cooperative education requirements and through extensive contact with leading hospitality managers in the Central Florida area.

The school also houses the Dick Pope Sr. Institute for Tourism Studies which was created and funded by the travel and tourism industry in Central Florida. The institute conducts research and gathers information that can help the entire Orlando area hospitality industry better understand and serve its many guests from around the world.
The Center for Multi-Unit Restaurant Management and the Darden Eminent Scholar Chair in Restaurant Management provides a unique focus in the curriculum on corporate restaurant management. Students have access through the Center to leading restaurant industry executives. This academic unit is an integral part of the Rosen School of Hospitality Management.

**Distinctive Benefits**

- Access to the many hospitality organizations that serve one of the premier tourist destinations in the world.
- Extensive ties with the top leadership of the Orlando area hospitality industry.
- A large number of scholarships made available through the generous support of the industry.
- A faculty committed to continuously improving their knowledge of the hospitality industry as well as their ability to teach that knowledge to their students.
- A required work experience that provides students with "hands-on" experiences in the hospitality industry.
- Outstanding opportunities for internships.
- A modern food production laboratory and teaching restaurant completely equipped to provide students with experience in food preparation.
- American Resort Development Association (ARDA) Professorship of Resort Development.
- Central Florida Hotel and Lodging Association (CFHLA) Professorship of Convention and Conference Management.

· Completion of the University General Education program or an AA degree from a Florida Public Community College.
· See Common Program Prerequisites

Degree Requirements
1. UCF General Education Program (min 36 hrs)
   A. Communication Foundations 9 hrs
   B. Cultural and Historical Foundations 9 hrs
   C. Mathematical Foundations
      Select MAC 1105 College Algebra 3 hrs
      Select CGS 2100C Computer Fund. for Bus 3 hrs
   D. Social Foundations
      Select ECO 2013 Principles of Economics I 3 hrs
      or ECO 2023 Principles of Economics II
   Select one: PSY 2013, SYG 2000, ANT 2000 3 hrs
   E. Science Foundation 6 hrs

2. Common Program Prerequisites
Must be completed with a "C" (2.0) or better

ACG 2021  Principles of Financial Accounting
ACG 2071  Principles of Managerial Accounting
ECO 2013  Principles of Macroeconomics
ECO 2023  Principles of Microeconomics
*ECO 3401  Quantitative Business Tools I
CGS 2100C  Computer Fundamentals for Business

* At UCF, students who have completed MAC2233 and STA2023 will be waived from ECO3401. Students who have not completed both classes with a "C" (2.0) or better must take ECO3401.

3. Common Body of Knowledge (30 hrs)

First Semester in the College of Business Administration:

GEB 3031  Cornerstone  6 hrs

First or subsequent semesters depending on major:

ECO 3411  Quantitative Business Tools II  3 hrs
FIN 3403  Business Finance  3 hrs
MAN 3025  Management of Organizations  3 hrs
ISM 3011  Essentials of Management  3 hrs

Information Systems
MAR 3023  Marketing  3 hrs
BUL 3320  Business Law I**  3 hrs

Last Semester:

GEB 4361  Business in the Internat'l Environment  3 hrs
MAN 4720  Strategic Management  3 hrs

4. Special College and/or Departmental Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.
A minimum grade of "C" (2.0) must be earned in each accounting, business law, and tax course completed. Principles of Financial Accounting and Principles of Managerial Accounting are included under this rule.

Students are allowed a maximum of three course repetitions during their program of study leading to the bachelors degree, including repetitions of courses from which they have withdrawn. This requirement applies to upper division accounting, tax, and business law courses only.

A transfer student to this program must take a minimum of 12 semester hours in accounting at UCF as approved by the Director of the School of Accounting.

All students must have credit for a course in each of the following areas:

- English communication arts including written composition
- Oral expression
- Behavioral science such as psychology, anthropology, and sociology
- Humanities
- Political environment of business and society such as political science, public administration, and ethics

Students not in attendance at the first meeting of any College of Business course may be dropped from the course. It is the responsibility of the student to take whatever steps are necessary to determine if they have been officially dropped from a course. This does not remove the student's responsibility for dropping courses they do not intend to complete.

Students must have at least a 2.0 GPA in the COB and the major.

Students must take 60 credit hours in courses outside the College of Business.

CPA Examination Requirements

Effective August 31, 1983, Florida Law states that to qualify to sit for the CPA exam, one must possess thirty (30) additional semester hours of credit beyond the minimum requirements for the baccalaureate degree. In addition to this overall educational requirement, the following specific criteria also apply:

· 36 hours in accounting beyond elementary, including coverage of financial accounting, auditing, cost and managerial accounting, and taxation.
· 39 hours in general business, including at least 6 hours of business law.

Because of these increased educational requirements, no experience or additional course work is needed for certification. To satisfy the necessary coursework required by the law, the School of Accounting offers the Master of Science in Accounting (MSA) and the Master of Science in Taxation (MST) degree programs. Please see the *Graduate Catalog* for program requirements. For additional information about the department, curriculum, faculty, events, and careers in accounting, students are invited to visit our department home page at: http://www.bus.ucf.edu/acc/.

**Community/Junior College Transfer Notes**

- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Micro-economics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Business Quantitative Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Tools I.

- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.

- ACG X001 and X011 will substitute for ACG 2021 at UCF

- Florida Public Community College students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.

- Professional courses should not be taken at a community/junior college in the areas of Management, Marketing, Real Estate, or Finance. These professional areas are third and fourth year (junior, senior) course areas and cannot be satisfied with freshman, sophomore level courses.

- A minimum of 12 semester hours in Accounting must be completed at UCF.

- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

Admission Requirements

· Students should apply to become Advertising/Public Relations majors only after completing all requirements for admission. Deadlines are:
  
  October 1, 2001 for Spring 2002
  Feb 1, 2002 for Summer 2002
  July 1, 2002 for Fall 2002

· Attain an overall minimum 2.25 GPA based on a minimum of 30 credit hours of college work. Note: meeting the minimum GPA does not guarantee admission since students are admitted on a space available basis. The GPA cut-off varies somewhat with the quality of applicants, but for the previous acceptance periods, the minimum GPA did not drop below 3.1.

· Pass a Keyboard Proficiency Test (25 wpm or more) within three attempts, or complete a college level keyboard/typing course with a grade of "C" (2.0) or better.

· Receive a positive evaluation of other factors specified by the School.

Degree Requirements

· Students who change degree programs and select this major must adopt the most current catalog.
· Co-op credit can not be used in the major
· Students should consult with a departmental advisor
· School Residency Requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Communication
· Students electing both a major and minor in the School must take the minor courses in excess of the 120 hours required for graduation
· A maximum of six credit hours of internship may be earned in one semester. A total of nine credit hours of internship may be earned within the 120 credit hours required for graduation
· Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

Related Minors: Business, Marketing, Psychology

Transfer Notes:
- Grades below "C" (2.0) from other institutions do not meet school requirements
- Courses taken at community colleges do not substitute for Upper Division courses
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information
Admission Requirements:

All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes engineering academic advisement and registration for first-semester UCF classes; see also the section, Orientation, found elsewhere in this catalog.

Degree Requirements

- Each engineering student is assigned a qualified aerospace engineering academic advisor in the department of his/her major. Each student must seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

1. UCF General Education Program for Engineering

   Students (38 hrs)

The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from the Florida State University/Community College Systems should complete the GEP and the Common Program Prerequisites before transferring.

A. Communication Foundations 9 hrs

1. Take ENC 1101
2. Take ENC 1102
3. Prefer SPC 1016

B. Cultural and Historical Foundations 9 hrs

C. Mathematical Foundations 7 hrs

1. Take MAC 2281, Calculus for Scientists and Engineers I, (4 hrs). **Note:** College algebra and trigonometry are prerequisites for Calculus I. See the course descriptions.

2. Take STA 3032 (3 hrs). **Note:** Calculus II is the prerequisite for this course.

D. Social Foundations 6 hrs

1. Take ECO 2013 or ECO 2023.

E. Science Foundations 7 hrs

1. Take PHY 2048/48L.

2. Take either GEO 1200 or GEO 2370.

**2. Common Program Prerequisites (CPP's) (19 hrs)**

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All engineering students must remain in the Calculus sequence which they begin. Students who begin with MAC 2281, Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311, Calculus with Analytic Geometry I, must continue with MAC 2312 and MAC 2313. MAC 2281-MAC 2282-MAC 2283 is the preferred sequence for engineering students. The courses in these two Calculus sequences are not individually interchangeable. **Note:** MAC 2281 and PHY 2048/48L also satisfy UCF GEP sub-requirements as do ENC 1101, ENC 1102, the Humanities courses, and the Social Science courses.

3. Courses Required for the Major (61 hrs)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the technical elective courses listed in 4. below and with the senior design courses listed in 5. below. Independent study courses generally do not satisfy major requirements and normally are awarded grades of I, S, or U.

4. Approved Technical Electives (4 hrs)

Technical electives are available in the BSAE program to address specific student interests in a variety of technical areas. Students must consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

5. Departmental Graduation Requirements (6 hrs)

· EAS 4700C Aerospace Design I 3 hrs
· EAS 4710C Aerospace Design II 3 hrs
· COECS encourages all engineering students to take the Engineering Intern Exam during their Senior year.

6. Foreign Language Requirements (0-8 hrs)

Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: none

7. University Minimum Graduation Requirements

· A 2.0 UCF GPA.
· 60 semester hours earned after any CLEP award.
· 48 semester hours of upper division credit completed.
· 32 semester hours of regular courses completed at UCF.
· A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits are permitted.
· Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable).

Total Semester Hours Required: 128 hrs

Related Programs: Mechanical Engineering.

Related Minors: Space Studies.

Transfer Notes:
· Courses taken from Community Colleges do not substitute for Upper Division Courses
· Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
· EGN 1006 and EGN 1930 are required courses for incoming freshman students only. The two credit hours for these courses may be substituted by an approved Aerospace Engineering technical elective for transfer students.

Tentative Course Schedule for Entering Freshmen

The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

Footnotes:

1. Courses marked with an asterisk (*) are also available from most Community Colleges and are often part of their Pre-Engineering AA programs. Most of these courses are part of the UCF General Education Program; see the section on the GEP elsewhere in this catalog for further information.

2. All students must remain in the Calculus sequence with which they begin. Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313. The individual courses in these two Calculus sequences are not interchangeable.

3. Students should consult with the MMAE Department in ENGR 381 for a list of approved technical electives and for the terms when specific courses of this type are to be offered. Students should check with their faculty advisor frequently to ensure they are making satisfactory progress toward their degree.

4. The State University System requires most students to complete a minimum of nine semester hours during summer terms prior to graduation. See the section on Summer Attendance Requirement elsewhere in this catalog.

5. Aerospace engineering students must earn at least 32 hours in residence at UCF.

IMPORTANT NOTICE

- **Bolded** course should be taken in the term noted or in a previous term if your schedule permits and as long as all prerequisites for that course have been met.

- A number of the **bolded** courses are given only during the term noted in this program of study, therefore it is imperative that you take them in the suggested sequence. Failure to do so may result in a considerable delay in the date of your graduation.

- Non-bolded course may be taken at any time as long as all prerequisites for that course have been met. Caution must be taken to ensure that you take courses in a proper sequence regarding prerequisites.

- Please meet with your advisor if you have any questions regarding your schedule. Do not drop any course before discussing this action with your advisor - there may be alternative actions which will
benefit you.

- If you do not have a higher level programming language background you must take a course in this area prior to taking EML 3034 ("C" or FORTRAN recommended).

- If you are not ready to begin the calculus sequence upon entry to the Aerospace Engineering curriculum it is imperative that you meet with your advisor to plan a personalized program of study. Mathematics and physics are cornerstones of a quality engineering program and it is important for your academic career that you proceed accordingly.

**Integrated BS/MS Degree Program**

The Mechanical, Materials, and Aerospace Engineering Department offers the Integrated BS/MS program to students of high academic standing. This program allows up to nine graduate hours to be substituted for specified BS requirements. See advisor for appropriate substitutions.
ART - ANIMATION TRACK (B.A.)

College of Arts and Sciences

Animation, VAB 210, 407-823-3110,

http://reach.ucf.edu/~art

E-mail: animation@ucf.edu

D. Haxton

Restricted Access program.

Admission Requirements

· Students should complete ART 2201C & 2203C (Design Fundamentals), ART 2300C & 2301C (Drawing Fundamentals), ART 2600C (Computer Graphics), and FIL 3282C (Introduction to Cel Animation) before applying

· Students must submit a satisfactory drawing portfolio to be admitted to FIL 4283C (Intermediate Cel Animation) or FIL 3286C (Introduction to Computer Animation)

· Students must maintain an overall minimum 3.0 GPA in the above courses

· Applications must include a portfolio of work done in courses, including drawings, design projects, computer graphics, animation work, and storyboards

· Deadlines for applications for admission into Animation are September 15 for Spring term and February 1 for the Fall term

· Students are admitted on a space available basis

Degree Requirements

· Students who change degree programs and select this major must adopt the most current catalog.

· Co-op credit can not be used in the major
Students should consult with a departmental advisor

Departmental Residency Requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken within the UCF Art and Film programs

Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

1. UCF General Education Program (36 hrs)
   A. Communication Foundations 9 hrs
   B. Cultural and Historical Foundations
      Take one two-semester sequence 6 hrs
      Select ARH 2050 *The History of Art I* 3 hrs
   C. Mathematical Foundations
      Select MGF 1106 *Finite Mathematics* 3 hrs
      (may substitute a higher level math)
      Select CGS 1060C *Intro to Computer Sci* 3 hrs
   D. Social Foundations 6 hrs
   E. Science Foundations 6 hrs

2. Common Program Prerequisites (21 hrs)
   ART 2201C Design Fundamentals I 3 hrs
   ART 2203C Design Fundamentals II 3 hrs
   ART 2300C Drawing Fundamentals I 3 hrs
   ART 2301C Drawing Fundamentals II 3 hrs
   ARH 2050 History of Art I GEP
   ARH 2051 History of Art II 3 hrs
   ART 2600C Intro to Computer Graphics 3 hrs
   ART 2XXX-4XXX any ART prefix, studio, or media course 3 hrs
3. Core Requirements

FIL 3282C  Introduction to Cel Animation  3 hrs
FIL 3410  History of Animated Films  3 hrs

4. Restricted Upper Division Elective

Complete one of the 2 tracks. Workshops may be repeated.

**Computer Animation**

FIL 3286C  Intro to Computer Animation  3 hrs
FIL 3287C  Intermediate Computer Animation  3 hrs
FIL 4288C  Advanced Computer Animation  3 hrs
FIL 4289C  Computer Animation Workshop  3 hrs

**Cel Animation**

FIL 4283C  Intermediate Cel Animation  3 hrs
FIL 4293C  Advanced Cel Animation  3 hrs
FIL 4294C  Cel Animation Workshop  6 hrs

5. Elective in Art

Select four courses; two may be lower division

Select from at least three of the following areas:

Ceramics, Drawing, Fibers and Fabrics, Graphic Design, Illustration, Painting, Photography, Printmaking, Sculpture, and Special Topics Studio Courses.

6. Departmental Exit Requirements

- ART 4971  Thesis  3 hrs
- Achieve at least a "C" GPA (2.0) in courses within the major
- Computer Competency met by CGS 1060C or ART 2600C

7. Foreign Language Requirements

(0-8 hrs)
Admission: Met by graduation requirement

Graduation: One year college level or equivalent proficiency exam.

8. Electives (variable)
Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

9. University Minimum Exit Requirements
   - A 2.0 UCF GPA
   - 60 semester hours earned after CLEP awarded
   - 48 semester hours of upper division credit completed
   - 30 semester hours in regular courses completed at UCF
   - A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
   - Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

Total Semester Hours Required 120 hours

Related Programs: Art, Art Education, Art History, Film Production/Screen writing, Radio/TV

Related Minors: Art, Digital Media, Film

Transfer Notes:
   - Grades below "C-" (1.75) from other institutions do not meet departmental requirements
   - Courses taken at community colleges do not substitute for Upper Division courses
   - Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for common program prerequisites if taken prior to transferring to UCF:
   - ART 2600C: may substitute three hours of any computer course
ANTHROPOLOGY (B.A.)

The Anthropology major results in broad holistic understanding of humans and the human condition, both past and present. Students study all subfields of Anthropology: Archaeology, Cultural Anthropology, Linguistics, and Physical Anthropology.

Students with sufficient course background may participate in ongoing archaeological excavations associated with the Maya culture in the Central American country of Belize.

Admission Requirements: none

Degree Requirements

- UCF students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement: at least 30 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Sociology and Anthropology Department
- Students must maintain a grade of "C" (2.0) or better in all courses used for the major
- Co-op or internship credit can not be used in the major
- Students should consult with a departmental advisor
Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

ANT 2000* General Anthropology GEP
ANT 2511* The Human Species GEP
*See Transfer Notes for possible substitutes

3. Core Requirements: Lower Level (6 hrs)
ANT 2100 Arch & the Rise of Human Cult 3 hrs
ANT 2410 Cultural Anthropology 3 hrs

4. Core Requirements: Upper Level (12 hrs)
All students are required to take the following upper level courses in the four subdisciplines of Anthropology:
ANT 3145 Archaeology of Complex Societies 3 hrs
ANT 3640  Language and Culture  3 hrs
ANT 4034  History of Anthropological Thought  3 hrs
ANT 4586  Human Origins  3 hrs

5. Core Requirements: Area Study  (3 hrs)

All students are required to take one of the following courses:
ANT 3163  Mesoamerican Archaeology
ANT 3168  Maya Archaeology (or ANG 5168)
ANT 3311  Indians of the SE US
ANT 3312  Ethnology of North American Indians
ANT 3313  Indians of N American High Plains
ANT 3314  Indians of the Northeast Woodlands
ANT 3318  Indians of the Northwest Coast
ANT 3319  The Anthropology of Diaspora
ANT 3332  Peoples and Culture of Latin America
ANT 3340  Caribbean Cultures
ANT 3363  Anthropology of Japan
ANT 4308  Gender Issues in Latin America

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: [http://www.edcollege.ucf.edu/](http://www.edcollege.ucf.edu/) or the Office of Student Services (ED 109, 407-823-3723).

3. Specialization Requirements

Students majoring in Art Education take a series of core and specialization courses to prepare them to teach art in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Art Education major's program and to link theory to practice in actual school settings. Throughout the Art Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

4. Internships

In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.
In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. The semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

5. Foreign Language Requirements (0-8 hrs)
State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

6. Departmental Exit Requirements
- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

7. University Minimum Exit Requirements
- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. Total Semester Hours Required To be determined

Transfer Notes:
Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

5. Departmental Exit Requirements

- A minimum GPA of 2.0 in all UCF courses taken in the Common Program Prerequisites, the Biology Core and the Upper Division Restricted Electives.
- To demonstrate Computer Competency students are expected to 1) check and maintain their campus electronic mail account and 2) be capable of locating, viewing, and retrieving documents on the World Wide Web.
- Students will be required to take a comprehensive exam in biology during their last semester. The exam will be given in the Fall and Spring semesters. Students who plan to graduate in the Summer must take the exam in the Spring.
- Biology majors may not take any courses required in the major as a transient student at a community college.

6. Foreign Language Requirement (0-8 hrs)

Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: none

(Spanish highly recommended)

7. Electives (variable)

Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

8. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
• Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

**Total Semester Hours Required**  120 hours

**Related Programs:** Biology, Chemistry, Molecular/Microbiology

**Related Minors:** none

**Transfer Notes:**
- Grades below "C" (2.0) from other institutions do not meet departmental requirements.
- Courses taken at community colleges do not substitute for Upper Division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

**Acceptable Substitutes** for common program prerequisites if taken prior to transferring to UCF:
- BSC 2010C & Lab: may use PCB 2010, PCB 2011, PCB 2021, PCB 2131, BSC 1040, or BSC 2012
- BSC 2011C & Lab: may use ZOO 2010, BOT 2010, BSC 2041, or BOT 1013. However, subsequent Biology courses require either BSC 2011C or both ZOO 2010 and BOT 2010.
- STA 2023: may use STA 2122, STA 2014C, STA 2023, STA 2024, STA 2321, MAC 2234, MAC 2254, or MAC 3282. However, statistics at or above the level of STA 2023 is required in the major and still must be taken.
- MAC 2311: may use MAC 2233, MAC 2253 or MAC 2281
- PHY 2048 & 2049: Although Common Program Prerequisites permit substituting Organic Chemistry for Physics, both Physics and Organic Chemistry must be taken as part of the Biology degree requirements.
Admission Requirements - LIMITED ACCESS

Acceptance to the university does not necessarily constitute admission to the upper division cardiopulmonary sciences program.

- SEPARATE APPLICATION to the limited access program must be made directly to the program prior to February 1 of the year admission is sought
- UCF application must also be submitted by the program deadline of February 1st
- A personal interview is also required
- Student must complete all general education, foreign language admissions, and program prerequisites by the end of Spring Semester before starting program
- All applicants must have a minimum overall GPA of 2.5, and complete all program prerequisite courses with at least a grade of "C". (No CLEP, TSD, or AP credit may be used for prerequisite courses.)
- A one page statement of intent for entry into the profession must be included with the program application
- Applicants are required to have completed a basic life support (CPR) program prior to admission to the program

This department will continue to accept Associate in Arts (AA) and Associate in Science (AS) transfers, but those students admitted with the AS degree will need to complete the UCF General Education requirements. Students should seek advisement from the program as soon as they declare Cardiopulmonary Sciences as their major so that they are kept abreast of the articulation activity.
Note: 16 community college AA degree transfers and/or UCF undergraduates are admitted each Fall semester for the regular Cardiopulmonary Science program. Registered Respiratory Therapists (RRT's) are admitted each semester on a space available basis and have a separate application process.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Students should complete the General Education Program, Foreign Language Admissions, and the Common Program Prerequisites Requirements before transferring within the Florida Public University/Community College System
- Student should consult with a departmental advisor
- The courses designated in sections 1 and 2 below may be taken at a Florida Community College, and should usually be completed in the first 60 hours
- A minimum overall GPA of 2.5 and a minimum grade of "C" (2.0) in prerequisite and major courses is required for admission to, continuation in, and graduation from the Cardiopulmonary Sciences Program
- UCF Residency Requirement: 32 hours
- The courses designated in sections 1 (General Education) and 2 (Common Program Prerequisites) should usually be completed in the first 60 hours

Transfer Notes:
Registered Respiratory Therapist / RRT Transfer-Credit by Examination is available for Registered Respiratory Therapists for 26 credits of course work. Credit will be awarded by the Cardio-pulmonary Sciences faculty when students demonstrate advanced knowledge and competencies beyond the level required for entry into the profession. This knowledge may be demonstrated by successful completion of the two part registry examination given by the National Board for Respiratory Care (NBRC). Only graduates of an accredited institution and program are eligible for the NBRC credentials. Students who successfully complete these requirements will have validated the knowledge and clinical competencies and will be awarded credit in their final semester with grades of "S" recorded in their transcripts.

**Accreditation**

Upon completion of the undergraduate program, the baccalaureate individual will possess basic and advanced level skills and should be prepared to assume future leadership roles within the profession. Graduates will be prepared to become Registered Respiratory Therapists through licensure by the State of Florida.
The Cardiopulmonary Sciences program is accredited by the Committee on Accreditation for Respiratory Care in conjunction with CAAHEP of the American Medical Association.

Course will be selected from the physical, biological, mathematical sciences and/or related disciplines and normally will be at the 3000/4000 level. Co-op courses can not be used in the major.

6. Departmental Exit Requirements

- Complete a minimum of 24 Chemistry credits at UCF
- Achieve at least a "C" GPA (2.0) in all UCF Chemistry courses and an overall 2.0 GPA in all Chemistry courses used to satisfy this requirement

- Grades earned in CHM 4930 and CHM 4912 will not be applied in the determination of the Chemistry GPA

- Students are required to take a nationally normed test in chemistry during their last semester. The exam will be given in the Fall and Spring semesters. Students who plan to graduate in the Summer must take the exam in the Spring. The student must achieve a satisfactory score on the exam.

- Computer Competency met by STA 1060C, a computer science course, or by departmental assessment

- The last 30 credit hours of regularly scheduled courses that satisfy degree requirements must be taken in Residence at UCF

7. Foreign Language Requirements (0-8 hrs)

Admission: Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

Graduation: none

Admission Requirements:
All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes engineering academic advisement and registration for first-semester UCF classes.

Degree Requirements
· Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

1. UCF General Education Program for Engineering

Students (38 hrs)

The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida State University/Community College Systems should complete the GEP and the Common Program Prerequisites before transferring.

A. Communication Foundations 9 hrs

1. Take ENC 1101
2. Take ENC 1102
3. Prefer SPC 1016

B. Cultural and Historical Foundations 9 hrs

C. Mathematical Foundations 7 hrs

1. Take MAC 2281, Calculus for Scientists and Engineers I, (4 hrs). Note: College algebra and trigonometry are prerequisites for Calculus I. See the course descriptions.

2. Take STA 3032 (3 hrs). Note: Calculus II is the prerequisite for this course.

D. Social Foundations 6 hrs

1. Take ECO 2013 or ECO 2023.

E. Science Foundations 7 hrs

1. Take PHY 2048/48L.

2. Take either GEO 1200 or GEO 2370.

2. Common Program Prerequisites (CPP's) (19 hrs)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All engineering students must remain in the Calculus sequence with which they begin. Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313. The individual courses in these two Calculus sequences are not interchangeable. Note: MAC 2281 and PHY 2048/48L also satisfy UCF GEP sub-requirements, as do ENC 1101, ENC 1102, the Humanities courses, and the Social Science courses.

3. Courses Required for the Major (62 hrs)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with the technical elective courses listed in 4. below and with the senior design courses listed in 5. below. Independent study courses generally do not satisfy major requirements and normally are awarded grades of I, S, or U.

4. Approved Technical Electives (3 hrs)

Technical electives are available in the BSCE program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

5. Departmental Graduation Requirements (6 hrs)

· Approved CE Project Design Course I 3 hrs
· Approved CE Project Design Course II 3 hrs
· Civil engineering students must take the Engineering Intern Exam during their Senior year.
· Earn a minimum graduating GPA of 2.25 in each of the following areas: the Engineering Core and in the Civil Engineering Option, which includes the major courses from 3. above and the approved CE project design courses.

6. Foreign Language Requirements (0-8 hrs)

Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: none

7. University Minimum Graduation Requirements

· A 2.0 UCF GPA.
- 60 semester hours earned after any CLEP award.
- 48 semester hours of upper division credit completed.
- 32 semester hours of regular courses completed at UCF.
- A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits are permitted.
- Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable).

**Total Semester Hours Required:** 128 hrs

**Related Programs:** Environmental Engineering, Mathematics.

**Related Minors:** Mathematics.

**Transfer Notes:**
- Courses taken from Community Colleges do not substitute for Upper Division Courses
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

**Tentative Course Schedule for Entering Freshmen**

The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

Admission Requirements:
All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes engineering academic advisement and registration for first-semester UCF classes.

Degree Requirements
· Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

Minor:
The Department of Communicative Disorders offers a minor consisting of a minimum of 25 semester hours. Required courses: SPA 3002, LIN 3XXX (Language Development: Birth Through 8 Years), SPA 3101, SPA 3112, SPA 3112L, SPA 4032, SPA 4201 and SPA 4402.

Licensed Speech Language and Audiology Assistant:
This state license may be obtained by completing the minor plus one additional course as recommended by the academic advisor.

Note:
Certification in speech-language pathology by the American Speech-Language-Hearing Association and licensure by the State of Florida Department of Health, Division of Medical Quality Assurance requires a master's degree in communicative disorders. Minimum requirements for entry into the graduate program typically include at least a 3.0 GPA in the last 60 hours of undergraduate work in the major. Entry level positions to provide speech and language services are available in some Florida school districts. Under the 2/5 Rule, individuals employed in these positions have two years from the date of employment to enroll in a master's program in communicative disorders and five years to complete the degree.
Admission Requirements:

All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes engineering academic advisement and registration for first-semester UCF classes.

Degree Requirements

- Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

1. UCF General Education Program for Engineering

Students (38 hrs)

The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida State University/Community College Systems should complete the GEP and the Common Program Prerequisites before transferring.

A. Communication Foundations 9 hrs

1. Take ENC 1101
2.  Take ENC 1102
3.  Prefer SPC 1016

B. Cultural and Historical Foundations 9 hrs
C. Mathematical Foundations 7 hrs
1.  Take MAC 2281, Calculus for Scientists and Engineers I, (4 hrs).  Note: College algebra and trigonometry are prerequisites for Calculus I.  See the course descriptions.
2.  Take STA 3032 (3 hrs).  Note: Calculus II is the prerequisite for this course.

D. Social Foundations 6 hrs
1.  Take ECO 2013  or  ECO 2023.

E. Science Foundations 7 hrs
1.  Take PHY 2048/2048L.
2.  Take either GEO 1200  or  GEO 2370.

2. Common Program Prerequisites (CPP's) (19 hrs)

These courses are specifically required for all engineering students of the Florida State University System.  CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All engineering students must remain in the Calculus sequence with which they begin.  Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283.  Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313.  The individual courses in these two Calculus sequences are not interchangeable.  Note:  MAC 2281 and PHY 2048/48L also satisfy UCF GEP sub-requirements, as do ENC 1101, ENC 1102, the Humanities courses, and the Social Science courses.

3. Courses Required for the Major   (60 hrs)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with the technical elective courses listed in 4. below and with the senior design courses listed in 5. below. Independent study courses generally do not satisfy major requirements and normally are awarded grades of I, S, or U.

EGN 1006  Intro to the Engineering Profession   1 hr

EEL 4832 Engrng Application of Comp Methods 3 hrs
EEL 4851C Engineering Data Structures 4 hrs
EEL 4882 Engineering System Software 3 hrs
EEL 4884C Engineering Software Design 4 hrs

4. Approved Technical Electives (5 hrs)
Technical electives are available in the BSCpE program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

5. Departmental Graduation Requirements (6 hrs)
- EEL 4914 Senior Design I 3 hrs
- EEL 4915L Senior Design II 3 hrs
- COECS encourages all engineering students to take the Engineering Intern Exam during their Senior year.

6. Foreign Language Requirements (0-8 hrs)
Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.
Graduation: none

7. University Minimum Graduation Requirements
- A 2.0 UCF GPA.
- 60 semester hours earned after any CLEP award.
- 48 semester hours of upper division credit completed.
- 32 semester hours of regular courses completed at UCF.
- A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and
Armed Forces credits are permitted.

- Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable).

**Total Semester Hours Required:** 128 hrs

**Related Programs:** Computer Science, Electrical Engineering, Electrical Engineering Technology (Computer Systems Concentration).

**Related Minors:** Applied Computer Science, Computer Science.

**Transfer Notes:**
- Courses taken from Community Colleges do not substitute for Upper Division Courses
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

**Tentative Course Schedule for Entering Freshmen**

The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

Notes:

1. Courses marked with an asterisk (*) are also available from most Community Colleges and are often part of their Pre-Engineering AA programs. Most of these courses are part of the UCF General Education Program; see the section on the GEP elsewhere in this catalog for further information.

2. Assumes knowledge of a higher level programming language (C preferred).

3. EGN 1006 and EGN 1930 are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the area 4. Approved Technical Electives.

Integrated BS/MS Degree Program

The Computer Engineering program offers the Integrated BS/MS degree to students of high academic standing. This program will accept up to six graduate hours for those taking a non-thesis option. They will accept three graduate hours for students completing a thesis option degree. See advisor for appropriate substitutions.
Admission Requirements:

All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes engineering academic advisement and registration for first-semester UCF classes.

**Notes:**

1. Courses marked with an asterisk (*) are also available from most Community Colleges and are often part of their Pre-Engineering AA programs. Most of these courses are part of the UCF General Education Program; see the section on the GEP elsewhere in this catalog for further information.

2. Assumes knowledge of a higher level programming language (C preferred).

3. EGN 1006 and EGN 1930 are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the area 4. Approved Technical Electives.

### Integrated BS/MS Degree Program

The Computer Engineering program offers the Integrated BS/MS degree to students of high academic standing. This program will accept up to six graduate hours for those taking a non-thesis option. They will accept three graduate hours for students completing a thesis option degree. See advisor for appropriate substitutions.

Foundation Examination
Prior to taking courses beyond basic core requirements, students must pass a foundation exam (COT 3960) which covers problem solving techniques, algorithms, abstraction, proofs, and programming language skills. Tests will be administered each semester.

Degree Requirements
- Students must earn at least a "C" (2.0) in each course in 2-6
- Students should consult with a departmental advisor
- Students must meet a Residency Requirement of at least 24 semester hours of regularly scheduled 3000-5000 level courses taken from Computer Science at UCF
- 18 of the 24 Residency hours must be at the 4000-5000 level

1. UCF General Education Program (39 hrs)
   A. Communication Foundations 9 hrs
      Select ENC 1101, ENC 1102
      Prefer SPC 1016
   B. Cultural and Historical Foundations 9 hrs
C. Mathematical Foundations
Select  *MAC 2311 Calculus*  4 hrs
Select  *STA 2023 Statistical Methods I*  3 hrs

D. Social Foundations  6 hrs

E. Science Foundations
Select  *PHY 2048 & L Physics for Sci & Engr*  4 hrs
*(PR:MAC 2311)*
Select any science course designed for majors  3 hrs
(exclusive of Physics)

2. Common Program Prerequisites  (14 hrs)
COP XXXX* Computer Language  3 hrs

*Majors are expected to be proficient in a variety of programming languages. Students without knowledge of C, C++, or Java are advised to take C (COP 3223) to satisfy this requirement. Students who are proficient in one of these languages may take one of the others, object oriented programming (COP 3330) or substitute any 4000-5000 level Computer Science course.

Please note that this substitution must be of a course not being used anywhere else within the requirements for the major.

MAC 2311 Calculus with Analytic Geom I  GEP
MAC 2312 Calculus with Analytic Geom II  4 hrs
PHY 2048 & L Physics for Engr. & Sci. I & Lab  GEP
PHY 2049 & L Physics for Engr. & Sci. II & Lab  4 hrs
Select two science courses designed for majors  3 hrs + GEP

Examples of acceptable science courses include:
BSC 2010C General Biology
BSC 2011C Biological Diversity
CHM 2045C Chem. Fund I
CHM 2046 Chem. Fund II

3. Basic Core requirements  (18 hrs)
COP 3502C Computer Science I 3 hrs
COP 3503C Computer Science II 3 hrs
STA 2023 Statistical Methods I GEP
ENC 3241 Technical Report Writing 3 hrs
CDA 3103C Computer Organization 3 hrs
COT 3100C Intro to Discrete Structures 3 hrs
PHI 2XXX Ethics in Science and Technology 3 hrs
COT 3960 Foundation Exam 0 hrs

4. Intermediate Core (6 hrs)
COP 3402C Systems Software 3 hrs
COP 3530C Computer Science III 3 hrs

5. Advanced Core (12 hrs)
Students must maintain at least a 2.5 GPA in the following courses. Only the highest grade is used in the calculation.
CDA 4150 Comp Architecture 3 hrs
COT 4210 Discrete Comp Structures 3 hrs
COP 4020 Programming Languages I 3 hrs
COP 4600 Operating Systems 3 hrs

6. Restricted Electives (18 hrs)
- 4000-5000 level Computer Science courses that must include COT 4810 (Topics in Computer Science).

Must be offered by Computer Science at UCF.
At most 3 hours of independent study allowed. No internships or cooperative education credits are allowed.
- 4000-5000 level mathematics or statistics courses from: STA, MAP, MAA, MAD, MAS prefixes and MAC 2313, MAP 2302, MAS 3105, and MAS 3106. No independent study hours, internship, or cooperative education hours are allowed.
7. School Exit Requirements
   - Complete an exit interview with assigned faculty advisor
   - Computer Competency met by completion of major

8. Foreign Language Requirements (0-8 hrs)

Admission: Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

Graduation: One year or equivalent proficiency exam. With prior School approval, cultural/multicultural courses may be used.

9. Electives (variable)

Select primarily from upper level courses, with the student's advisor's approval. May be outside of the department.

10. University Minimum Exit Requirements
   - A 2.0 UCF GPA
   - 60 semester hours earned after CLEP awarded
   - 48 semester hours of upper division credit completed
   - 30 semester hours in regular courses completed at UCF
   - A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
   - Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

Total Semester Hours Required 120 hours

Related Programs: Computer Engineering, Information Technology, Management Information Systems
Related Minors and Certificates: Applied Computer Science, Computer Information Technology, Computer Science

Transfer Notes:

- Courses taken at community colleges do not substitute for Upper Division courses
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Integrated BS/MS Degree Program

The Computer Science program offers the Integrated BS/MS degree to students of high academic standing. This program allows up to nine graduate hours to be substituted for specified BS requirements. See advisor for appropriate substitutions.

   - CCJ 4701 Research Methods in Criminal Justice 3 hrs

4. **Upper Division Restricted Electives** (42 hrs)

   a. 27 additional semester hours of upper division CCJ course work. Seniors can satisfy up to six hours of this requirement with internship and up to six hours with directed independent study; however, the combination of these non-class options shall not exceed nine hours. Program standards must be met to be eligible for either internships or independent study credit.

   b. 15 additional semester hours of supporting courses to be selected with and approved by the student's advisor. These courses may vary from student to student depending upon individual needs or objectives, but include selected courses from public administration, legal studies, sociology, statistics, and psychology.

5. **Upper Division Unrestricted Electives** none

6. **Departmental Exit Requirements** (120 hrs)

Students must take a minimum of 36 hours from the department to obtain the UCF degree in Criminal Justice.
7. Foreign Language Requirements

**Admission:** Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

DIGITAL MEDIA (B.A., B.S.)

College of Arts and Sciences
Digital Media Program

http://www.creat.cas.ucf.edu

E-mail: digitalmedia@creat.cas.ucf.edu

J. Michael Moshell, 407-823-6100

The UCF Digital Media Program allows students to integrate the multiple disciplines of art, literature, and technology. It is designed to:

· Provide a solid foundation in techniques and theory in one focused area of competence.
· Provide a broad understanding of related disciplines including arts, humanities, and technology.
· Provide extended experience in working in multidisciplinary teams on realistic problems.

The program is administered through the College of Arts and Sciences, but draws on courses throughout the university. It recognizes that there are many combinations of courses which meet the needs of individual students. One concentration area (Computing for Media) leads to a Bachelor of Science degree; the others (Computer Animation, Digital Music, Graphic Design, Internet and Interactive Systems, Writing for Media) lead to a Bachelor of Arts degree.

Admission Requirements

none

Admission to IDS 3683 (Seminar in Digital Arts) requires admission into one of the Advanced Specializations (section 4).

Degree Requirements

· UCF students who change degree programs and select this major must adopt the most current catalog.
· Students must earn at least a "C" (2.0) in each required course.
- Residency requirement consists of at least 24 hours of regularly scheduled upper division coursework taken at UCF.
- Co-op or internship credits are not permitted in this major without prior, written permission.
- Students should see an advisor prior to selecting this major, and at least annually thereafter.
- Prior to participation in the Digital Arts Seminar, students must have achieved admission into one of the specializations listed below.

1. UCF General Education Program (36 hrs)
   A. Communication Foundations 9 hrs
   B. Cultural and Historical Foundations 9 hrs
   Take one of the listed two semester courses, and
   If specializing in Computer Animation or Graphic Design,
   Select ARH 2050
   If specializing in Digital Music,
   Select MUL 2010
   If specializing in Computing for Media or Writing for Media,
   Select ARH 2050 or MUL 2010
   C. Mathematical Foundations 6 hrs
   If specializing in Computing for Media
   Select MAC 2311 Calculus with Anal Geo I and
   Select COP 3502C Computer Science I
   Otherwise
   Select MAC 1105 College Algebra and
   Select COP 2500C Concepts in Computer Science
   D. Social Foundations 6 hrs
   E. Science Foundations 6 hrs

2. Common Program Prerequisites - (6 hrs)
All Specializations

IDS 2680 Introduction to Digital Media 3 hrs
MAC 1105 College Algebra GEP
(not required if Calculus has been taken)
ART 2600C Introduction to Computer Graphics 3 hrs

Additional Common Program Prerequisites vary with Specialization.

3. Digital Media Core  (15 hrs)
ART 2820 Art as Interface 3 hrs
ENC 4415 Digital Rhetorics & Modern Dialectic 3 hrs
ENG 3XXX Ethics in Digital Media
or 3 hrs
PHI 2647 Ethics in Science and Technology
MUC 3311* MIDI Sequencing I 3 hrs
IDS 3684L Digital Media Service I 1 hr
IDS 4685L Digital Media Service II 1 hr
IDS 4686L Digital Media Service III 1 hr

* Students without musical training must take MUT 1001 (Music Theory) before registering for MUC 3311.

5. Capstone Experience
Admission to IDS 3683 requires students to be admitted into the Advanced Concentration within their Specialization

IDS 3683 Seminar in Digital Arts 3 hrs
IDS 4682 Digital Media Project 6 hrs

The capstone experience is a year long Senior Project, supervised by a multidisciplinary team of faculty. The student creates an innovative multimedia project and exhibits it in a public forum.

6. Foreign Language Requirements (0-11 hrs)
Admission: Met by graduation requirement.
Graduation: Writing for Media: Three semesters or equivalent proficiency. One semester may be replaced by a cultural/ multicultural course. All others: two semesters or equivalent proficiency.

7. Electives (variable)
Electives will consist of 3000 and 4000-level courses as approved by the student's advisor.

8. University Minimum Exit Requirements
- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of
Summer credit (if applicable)

9. Total Semester Hours Required 120 hours

Related Programs: Art, Animation, Computer Science, English, Film, Music

Related Minors: Art-Studio, Computer Information Technology, Computer Science, Digital Media, English-Technical Writing, Film, Music

Transfer Notes:

· Grades less than "C" (2.0) do not meet Digital Media requirements.

· Courses taken at community colleges do not substitute for upper division courses.

· Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable substitutes for Common Program Prerequisites if taken prior to transferring to UCF: COP 3330* may use COP 2253 Java.

Note: Common Program Prerequisites have not yet been set for the Internet and Interactive Systems track. Any subsequent changes in CPP will be retroactive.

MUE 2211 Music & Movement in Early Child 3 hrs

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

4. Specialization Requirements

Early Childhood Education majors take a variety of courses related to young children, their learning, their development, and family environment. Students majoring in Early Childhood Education take a series of core and specialization courses to prepare them to teach in the schools and to demonstrate the
Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Early Childhood Education major's program and to integrate theory and practice in actual school settings. Throughout the Early Childhood Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

5. Internships

In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.

In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. The semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

6. Foreign Language Requirements (0-8 hrs)

State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

7. Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

8. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

9. Total Semester Hours Required  To be determined

Transfer Notes:
Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

Community/Junior College Transfer Notes

- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Business Quantitative Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Tools I.

- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.

- ACG X001 and X011 will substitute for ACG 2021 at UCF

- Florida Public Community College students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.

- Professional courses should not be taken at a community/junior college in the areas of Management, Marketing, Real Estate, or Finance. These professional areas are third and fourth year (junior, senior) course areas and cannot be satisfied with freshman, sophomore level courses.

- A minimum of 12 semester hours must be completed at UCF within each individual major.

- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

Admission Requirements:
All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes engineering academic advisement and registration for first-semester UCF classes; see also the section, Orientation, found elsewhere in this catalog.

Degree Requirements
· Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

1. UCF General Education Program for Engineering

Students (38 hrs)
The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida State University/Community College Systems should complete the GEP and the Common Program Prerequisites before transferring.

A. Communication Foundations 9 hrs
1. Take ENC 1101
2. Take ENC 1102
3. Prefer SPC 1016

B. Cultural and Historical Foundations 9 hrs

C. Mathematical Foundations 7 hrs
1. Take MAC 2281, Calculus for Scientists and Engineers I, (4 hrs). **Note:** College algebra and trigonometry are prerequisites for Calculus I. See the course descriptions.
2. Take STA 3032 (3 hrs). **Note:** Calculus II is the prerequisite for this course.

D. Social Foundations 6 hrs
1. Take ECO 2013 or ECO 2023.

E. Science Foundations 7 hrs
1. Take PHY 2048/48L.
2. Take either GEO 1200 or GEO 2370.

2. **Common Program Prerequisites (CPP's) (19 hrs)**

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All engineering students must remain in the Calculus sequence with which they begin. Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313. The individual courses in these two Calculus sequences are not interchangeable. **Note:** MAC 2281 and PHY 2048/48L also satisfy UCF GEP sub-requirements, as do ENC 1101, ENC 1102, the Humanities courses, and the Social Science courses.

3. Courses Required for the Major (56 hrs)
The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the technical elective courses listed in 4. below and with the senior design courses listed in 5. below. Independent study courses generally do not satisfy major requirements and normally are awarded grades of I, S, or U.

EGN 1006 Intro to the Engineering Profession 1 hr
EGN 1930 ST: Engineering Concepts & Methods 1 hr
EGN 3310 Engineering Analysis - Statics 3 hrs

4. Approved Technical Electives                          (9 hrs)

Technical electives are available in the BSEE program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

5. Departmental Graduation Requirements                 (6 hrs)
   - EEL 4914    Senior Design I                    3 hrs
   - EEL 4915L   Senior Design II                   3 hrs
   - COECS encourages all engineering students to take the Engineering Intern Exam during their Senior year.

6. Foreign Language Requirements                        (0-8 hrs)

Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: None.

7. University Minimum Graduation Requirements
   - A 2.0 UCF GPA.
   - 60 semester hours earned after any CLEP award.
   - 48 semester hours of upper division credit completed.
   - 32 semester hours of regular courses completed at UCF.
   - A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and
Armed Forces credits are permitted.
· Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit.

Total Semester Hours Required: 128 hrs

Related Programs: Computer Engineering, Computer Science, Electrical Engineering Technology (Electrical Systems Concentration).

Related Minors: none

Transfer Notes:
· Courses taken from Community Colleges do not substitute for Upper Division Courses
· Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

Tentative Course Schedule for Entering Freshmen

The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

Notes:

1. Courses marked with an asterisk (*) are also available from most Community Colleges and are often part of their Pre-Engineering AA programs. Most of these courses are part of the UCF General Education Program; see the section on the GEP elsewhere in this catalog for further information.

2. Assumes knowledge of a higher level programming language (C preferred).

3. EGN 1006 and EGN 1930 are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the area.

Integrated BS/MS Degree Program

The Electrical Engineering program offers the Integrated BS/MS program to students of high academic standing. This program will accept up to six graduate hours for those taking a non-thesis option. They will accept three graduate hours for students completing a thesis option degree. See advisor for appropriate substitutions.

Admission Requirements:
All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes

engineering academic advisement and registration for first-semester UCF classes.

Degree Requirements
· Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

1. UCF General Education Program for Engineering

Students (38 hrs)
The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida State University/Community College Systems should complete the GEP and the Common Program Prerequisites before transferring.
A. Communication Foundations 9 hrs
1. Take ENC 1101
2. Take ENC 1102
3. Prefer SPC 1016

B. Cultural and Historical Foundations 9 hrs

C. Mathematical Foundations 7 hrs
1. Take MAC 2281, Calculus for Scientists and Engineers I, (4 hrs). Note: College algebra and trigonometry are prerequisites for Calculus I. See the course descriptions.
2. Take STA 3032 (3 hrs). Note: Calculus II is the prerequisite for this course.

D. Social Foundations 6 hrs
1. Take ECO 2013 or ECO 2023.

E. Science Foundations 7 hrs
1. Take PHY 2048&L.
2. Take either GEO 1200 or GEO 2370.

2. Common Program Prerequisites (CPP's) (19 hrs)
These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All engineering students must remain in the Calculus sequence with which they begin. Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313. The individual courses in these two Calculus sequences are not interchangeable. Note: MAC 2281 and PHY 2048/48L also satisfy UCF GEP sub-requirements, as do ENC 1101, ENC 1102, the Humanities courses, and the Social Science courses.

- COECS encourages all engineering students to take the Engineering Intern Exam during their Senior year.

6. Foreign Language Requirements     (0-8 hrs)

Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: none

7. University Minimum Graduation Requirements

- A 2.0 UCF GPA.
- 60 semester hours earned after any CLEP award.
- 48 semester hours of upper division credit completed.
- 32 semester hours of regular courses completed at UCF.
- A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits are permitted.
- Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit.

**Total Semester Hours Required:** 128 hrs

**Related Programs:** Computer Engineering, Computer Science, Electrical Engineering Technology (Electrical Systems Concentration).

**Related Minors:** none

**Transfer Notes:**

- Courses taken from Community Colleges do not substitute for Upper Division Courses
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

**Tentative Course Schedule for Entering Freshmen**

Notes:

1. Courses marked with an asterisk (*) are also available from most Community Colleges and are often part of their Pre-Engineering AA programs. Most of these courses are part of the UCF General Education Program; see the section on the GEP elsewhere in this catalog for further information.

2. Assumes knowledge of a higher level programming language (C preferred).

3. EGN 1006 and EGN 1930 are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the area

Integrated BS/MS Degree Program

The Electrical Engineering program offers the Integrated BS/MS program to students of high academic standing. This program will accept up to six graduate hours for those taking a non-thesis option. They will accept three graduate hours for students completing a thesis option degree. See advisor for appropriate substitutions.

Transfer Notes:
Students transferring from any Florida public institution with an AA degree or with the general education program (GEP) requirements of that institution met have thereby satisfied UCF GEP requirements.

- Students entering a UCF undergraduate program and having a previously earned baccalaureate degree from an accredited institution have thereby satisfied UCF GEP requirements. (See also the section on the GEP found elsewhere in this catalog.)
- Courses taken from Community Colleges do not substitute for Upper Division Courses
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information to the ENT Department for this evaluation.
ENT Departmental Residency Requirements consist of at least 32 semester hours of regularly-scheduled 3000 or 4000 level courses taken from the UCF ENT Department.

PHY 2048/L can substitute for PHY 2053C.

Tentative Course Schedule for the Computer Systems Concentration

Admission Requirements
Completion of a Statewide Articulated A.S. in Electrical Engineering Technology from a Florida Public Community College which is composed of 68 hours of course work, including at least 22 hours of transferable general education courses.

Degree Requirements
· Students should check with their ENT faculty advisor frequently to ensure that they are making proper progress toward the degree.
· A grade of "C" (2.0) or better is required in all prerequisites.

1. UCF General Education Program (14 hrs)
A. Communication Foundations 3 hrs
B. Cultural and Historical Foundations 3 hrs

C. Mathematical Foundations 4 hrs
Select MAC 2311 or MAC 2253

D. Science Foundations 4 hrs
Select PHY 2049 and PHY 2049L or PHY 2054C

2. Common Program Prerequisites (CPP) (4 hrs)
MAC 2311 or MAC 2253 GEP
MAC 2312 or MAC 2254 or equivalent 4 hrs

- fine arts and/or humanities
- social sciences.

3. Education Preprofessional Requirements

- **MAE 2801** Elementary School Mathematics 4 hrs

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: [http://www.edcollege.ucf.edu/](http://www.edcollege.ucf.edu/) or the Office of Student Services (ED 109, 407-823-3723).

4. Specialization Requirements

The Elementary Education teacher instructs children in a variety of academic subjects. Students majoring in Elementary Education take a series of core and specialization courses to prepare them to teach in the elementary school and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Elementary Education major's program and to integrate theory and practice in actual school settings. Throughout the Elementary Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.
5. Internships
In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.

In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. The semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

6. Foreign Language Requirements (0-8 hrs)
State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

7. Departmental Exit Requirements
· Achieve a minimum 2.5 GPA in all courses within the major.
· Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
· Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

8. University Minimum Exit Requirements
· A 2.0 UCF GPA
· 60 semester hours earned after CLEP awarded
· 48 semester hours of upper division credit completed
· 30 semester hours in regular courses completed at UCF
· Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

9. **Total Semester Hours Required** To be determined

**Transfer Notes:**

Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

CRW 3311    Structure of Verse
CRW 3410    Writing Scripts
CRW 3540    Literary Magazines
CRW 4114    History of Prose Style
Any 3000 or 4000 CRW course not used to fulfill
another requirement
4. Departmental Exit Requirements
· Maintain a minimum GPA of 2.0 in upper division required courses
· Computer Competency met by completion of CRW 3013

5. Foreign Language Requirements (0-8 hrs)

Admission: Met by graduation requirement

Graduation: Three semesters or equivalent proficiency exam. With departmental approval, a cultural/multicultural or related course offered by the Department of English may be used to satisfy one semester of the Graduation requirement.

6. Electives (variable)

Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

7. University Minimum Exit Requirements
· A 2.0 UCF GPA
· 60 semester hours earned after CLEP awarded
· 48 semester hours of upper division credit completed
· 30 semester hours in regular courses completed at UCF
· A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
· Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

Total Semester Hours Required 120 hours

Related Programs: Technical Writing, Literature

Related Minors: Creative Writing, Literature, Linguistics, Technical Writing, Writing
Transfer Notes:

- Grades below "C" (2.0) from other institutions do not meet departmental requirements
- Courses taken at community colleges do not substitute for Upper Division courses
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for common program prerequisites to the BA in Creative Writing if taken prior to transferring to UCF:

- ENC 1101* & 1102*: may use any two lower level courses, taught in the English Department, and each having a 6,000 word requirement. ENC 1101 & 1102, however, are prerequisites for all subsequent English courses and will need to be taken for the major.

3. Specialization Requirements

Students majoring in English/Language Arts Education take a series of core and specialization courses to prepare them to teach English/Language Arts in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the English/Language Arts Education major's program and to integrate theory and practice in actual school settings. Throughout the English/Language Arts Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

4. Internships

In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.
In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. The semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

5. Foreign Language Requirements (0-8 hrs)
State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

6. Departmental Exit Requirements
- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

7. University Minimum Exit Requirements
- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. Total Semester Hours Required To be determined

Transfer Notes:
Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

Admission Requirements:
All entering students are required to attend Orientation before registering for their first semester at
UCF. Orientation includes engineering academic advisement and registration for first-semester UCF
classes.

Degree Requirements
Each engineering student is assigned a qualified engineering academic advisor in the department of
his/her major. Each student should seek academic advisement before registering for classes each
semester to minimize excess hours and to ensure that satisfactory academic progress is being
maintained.

1. UCF General Education Program for Engineering

Students    (38 hrs)
The UCF General Education Program (GEP) is described in this catalog. Engineering students should
closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs
A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida
State University/ Community College Systems should complete the GEP and the Common Program
Prerequisites before transferring.

A. Communication Foundations           9 hrs
   1. Take ENC 1101
2. Take ENC 1102
3. Prefer SPC 1016

B. Cultural and Historical Foundations 9 hrs

C. Mathematical Foundations 7 hrs
1. Take MAC 2281, Calculus for Scientists and Engineers I, (4 hrs). Note: College algebra and trigonometry are prerequisites for Calculus I. See the course descriptions.
2. Take STA 3032 (3 hrs). Note: Calculus II is the prerequisite for this course.

D. Social Foundations 6 hrs
1. Take ECO 2013 or ECO 2023.

E. Science Foundations 7 hrs
1. Take PHY 2048/48L.
2. Take either GEO 1200 or GEO 2370.

2. Common Program Prerequisites (CPP's) (19 hrs)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All engineering students must remain in the Calculus sequence with which they begin. Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313. The individual courses in these two Calculus sequences are not interchangeable. Note: MAC 2281 and PHY 2048/48L also satisfy UCF GEP sub-requirements, as do ENC 1101, ENC 1102, the Humanities courses, and the Social Science courses.

CHM 2045/45L Chemistry Fundamentals I 4 hrs
MAC 2281 Calculus for Scientists & Engineers I GEP (MAC 2311 will substitute)
MAC 2282 Calculus for Scientists & Engineers II 4 hrs (MAC 2312 will substitute)
MAC 2283 Calculus for Scientists & Engineers III 4 hrs (MAC 2313 will substitute)
3. Courses Required for the Major (60 hrs)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with technical elective courses listed in 4. below and with the senior design courses listed in 5. below. Independent study courses generally do satisfy major requirements and normally are awarded grades of I, S, or U.

4. Approved Technical Electives  (5 hrs)

Technical electives are available in the BSEnvE program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

5. Departmental Graduation Requirements  (6 hrs)

- Approved EnvE Design Course I  3 hrs  
- Approved EnvE Design Course II  3 hrs  
- Earn a minimum graduating GPA of 2.250 in each of the following areas: the Engineering Core and in the EnvE Option, which includes the Major Courses from 3. above and the Approved EnvE Design Courses.
- EnvE students must take the Engineering Intern Exam during their Senior year.

6. Foreign Language Requirements  (0-8 hrs)

Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: none

7. University Minimum Graduation Requirements

- A 2.0 UCF GPA.
- 60 semester hours earned after any CLEP award.
- 48 semester hours of upper division credit completed.
32 semester hours of regular courses completed at UCF.

- A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits are permitted.
- Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable).

**Total Semester Hours Required:** 128 hrs

**Related Programs:** Chemistry, Civil Engineering.

**Related Minors:** Chemistry, Environmental Studies, Mathematics.

**Transfer Notes:**
- Courses taken from Community Colleges do not substitute for Upper Division Courses
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

**Tentative Course Schedule for Entering Freshmen**

The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

**Environmental Engineering - 128 semester hours required**

3. Education Preprofessional Requirements (7 hrs)

EEX 2010  Orientation to Special Education  3 hrs
MAE 2801  Elementary School Mathematics  4 hrs

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

4. Specialization Requirements

Exceptional Education teachers instruct students with a variety of special needs in elementary, middle, or high school settings. Students majoring in Exceptional Education take a series of core and specialization courses to prepare them to teach in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Exceptional Education major's program and to integrate theory and practice in actual school settings. Throughout the Exceptional Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.
5. Internships
In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.

In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. The semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

6. Foreign Language Requirements (0-8 hrs)
State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

7. Departmental Exit Requirements
- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

8. University Minimum Exit Requirements
- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
· Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

9. Total Semester Hours Required  To be determined

Transfer Notes:
Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

Community/Junior College Transfer Notes

· Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Business Quantitative Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Tools I.
· Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.

· ACG X001 and X011 will substitute for ACG 2021 at UCF

· Florida Public Community College students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.

· Professional courses should not be taken at a community/junior college in the areas of Management, Marketing, Real Estate, or Finance. These professional areas are third and fourth year (junior, senior) course areas and cannot be satisfied with freshman, sophomore level courses.

· A minimum of 12 semester hours must be completed at UCF within each individual major.

· Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

***General electives as required to reach 120 semester hours to include at least 60 semester hours outside the College of Business Administration. Economics courses in the Common Program Prerequisites and the Common Body of Knowledge count toward the 60 hours outside Business Administration.
Admission Requirements

Placement in Language courses

- Placement in Foreign language courses is based on one year of high school language being equivalent to one semester of college work. Students must consult an advisor.
- Native speakers or students who have received advanced education abroad must substitute select classes.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Language combinations may consist of French, German or Spanish as a first language and any of those three as a second language, as well as Italian.
- 24 credits in the first language and 15 credits in the second must be taken at the 3000 level or above.
- At least 33 hours must be taken in Foreign Language courses taught in the target language.
- Students must earn at least a "C" (2.0) in each upper division foreign language course.
- Co-op or internship credit can not be used in this major
- Departmental Residency Requirement consists of at least 21 semester hours of regularly scheduled
3000-4000 level courses taken from the UCF Department of Foreign Languages and Literatures.

- Language credit by exam will not be given in courses lower in level than those in which students are presently enrolled. Native speakers will be allowed Credit by Examination in literature courses only.
- Students must see their departmental advisor for counseling and schedule approval before registering.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

H. Other Program Prerequisites  (12 hrs)  
A total of 12 hours of courses in elementary and  
intermediate grammar, composition and advanced  
conversation, and culture and civilization in French.  

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

3. Specialization Requirements  
Students majoring in Foreign Language Education-French take a series of core and specialization courses to prepare them to teach in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Foreign Language Education major's program and to integrate theory and practice in actual school settings. Throughout the Foreign Language Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

4. Internships  
In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.
In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. The semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

5. **Foreign Language Requirements** (0-8 hrs)
State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

6. **Departmental Exit Requirements**
- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

7. **University Minimum Exit Requirements**
- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. **Total Semester Hours Required** To be determined

**Transfer Notes:**
Courses transferred from private and out-of-state schools must be evaluated for equivalency credit.
The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

Placement in Language courses
Placement in Foreign Language courses is based on one year of high school language being equivalent to one semester of college work. For example, four years of high school French may place the student in the first semester of the third year. Native speakers, or students who have received advanced education in French-speaking societies, may not take lower division French courses. They must also substitute other upper division level courses for FRE 3420, FRE 4422, FRE 3760, and FRE 4421.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- 36 credits in French must be taken at the 3000 level or above
- At least six of the 36 French credits must be at the 4000 level
- At least 30 hours must be taken in Foreign Language courses taught in French
- Earn at least a "C" (2.0) in each upper division French course
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Foreign Languages and Literatures
- Language credit by exam will not be given in courses lower in level than those in which students are presently enrolled. Native speakers will be allowed Credit by Examination in literature courses
only.

- Co-op or internship credit can not be used in this major
- Students must see their advisor to obtain proper counseling and have their schedule approved before registering for courses in their major
- Courses designated in 1 (Gen Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

HISTORY 3+2 PROGRAM (B.A. and M.A.)

College of Arts and Sciences

CNH 551, 407-823-2224

Chair: Richard C. Crepeau

Graduate Program Director: Rosalind J. Beiler

http://pegasus.cc.ucf.edu/~history

Undergraduate program E-mail: history@ucf.edu

Graduate program E-mail: hisgrad@pegasus.cc.ucf.edu

Purpose of this degree - This program allows highly qualified undergraduate majors in History to begin taking graduate-level courses which will count towards their master's degree while completing their baccalaureate degree program. Participation will enable completion of a B.A. and M.A. in five instead of six years for students enrolled in full-time course work.

Admission Requirements

- Students apply for admission to the 3+2 program at the end of their junior year or after 12 hours of upper-level history course work
- A 3.5 GPA or better in History courses and a 3.25 overall GPA or better
- Graduate Record Exam (GRE) scores of 1050 on both the verbal and quantitative sections of the exam and a score of at least 550 on the verbal section
- Completion of a graduate application, including an essay indicating reasons for desiring to complete the 3+2 program, and three letters of recommendations from History Department faculty
- Students will be formally admitted to the Master's program following receipt of the BA degree

Undergraduate Degree Requirements
· Students who change degree programs and select this major must adopt the most current catalog.
· Students must earn at least a "B" (3.0) in each history course for it to be counted toward the major
· Co-op or internship credit can not be used in this major
· Students should consult with a departmental graduate coordinator
· Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF History Department. Students may substitute up to nine hours of 5000- or 6000-level courses to meet this requirement.
· Students must compile a portfolio of their written work in History completed inside and outside the classroom
· The B.A. will be awarded after completion of 36 hours of History classes
· The M.A. will be awarded upon completion of the program
· Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours (see History major requirements)

**Graduate Degree Requirements**

· The graduate requirements listed in the *Graduate Catalog* take precedence over those listed below.
· Students admitted to the 3+2 Program may take on 5000-level course the first semester of their senior year
· After successfully completing one 5000-level course, students will be eligible to take HIS 6159 (Historiography) and another 5000-level course or the 6000-level seminar following the 5000-level colloquium they have already completed
· Students may substitute these nine hours of graduate-level work for 9 hours of 3000- or 4000-level undergraduate courses
· Students need to pay fees at the graduate rate for the graduate courses they take
· Schedule for students enrolled full-time in the 3+2 Program:
  - Students complete nine hours of graduate-level courses their senior year
  - Students enroll in at least three hours of graduate-level course work the summer after they receive their B.A.
  - Students enroll in nine hours of graduate-level courses in both Spring and Fall semesters during their M.A. year
  - Students complete the Capstone course, pass their preliminary exams, and fulfill their foreign
language requirement by the end of their first MA year
- Students complete and defend a master's thesis in six hours

4. Special School Requirements:

- Grades of "C" (2.0) or below do not transfer into the Hospitality Management core or restricted electives.

- Students not in attendance at the first meeting of any School course may be dropped from the course. It is the responsibility of the student to take whatever steps are necessary to determine if they have been officially dropped from a course. This does not remove the student's responsibility for dropping courses they do not intend to complete.

- Final exams will be given during Exam Week only

- Transfer students to this program must take a minimum of thirty (30) credit hours in Hospitality Management core classes or restricted electives at UCF.

7. University Minimum Exit Requirements
- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 30 semester hours of coursework completed in residency (last 30 hours) at UCF
- A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and Military credit permitted
- Completion of the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable)

8. Unrestricted Electives  (6-14 hrs)
As necessary to result in 120 total credit hours.

Total Semester Hours Required  120 hours

Community/Junior College Transfer Notes
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF School of Hospitality Management. Grades below "C" (2.0) do not transfer into the Hospitality Management core or restricted electives.
- Florida Public Community College students are encouraged to complete the general education requirements prior to transferring to UCF.
- A minimum of 30 semester hours must be completed at UCF within the hospitality major.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Students should take advantage of both.

FOUR YEAR PLAN OF STUDY FOR HOSPITALITY MANAGEMENT*

HOSPITALITY MANAGEMENT (B.S.)

A.S. to B.S. TRACK

(Completion program for individuals who have a statewide articulated AS degree from a Florida public community college)

Rosen School of Hospitality Management

Classroom Building I, Suite 302 407-823-2188

http://www.hospitality.ucf.edu

E-mail: hospitality@mail.ucf.edu

Interim Dean: Abraham Pizam

Admission Requirements

Completion of a Statewide Articulated A.S. in Hospitality Management from a Florida Public Community College which is composed of 64 hours of course work, including at least 18 hours of transferable general education courses.

Degree Requirements

1. UCF General Education Program (GEP) (18 hrs)

Students will complete 18 hours of selected general education courses. The specific courses will be determined in coordination with general education courses completed as part of the articulated A.S. and come from the following areas:

A. Communication Foundations
B. Cultural and Historical Foundations
C. Mathematical Foundations
D. Social Foundations
2. Common Program Prerequisites
Completed as part of the approved A.S. program.

3. Hospitality Management Core (24 hrs)

4. Special School Requirements:
- Grades of "C-" (1.75) or below do not transfer into the Hospitality Management core or restricted electives.
- Students not in attendance at the first meeting of any School course may be dropped from the course. It is the responsibility of the student to take whatever steps are necessary to determine if they have been officially dropped from a course. This does not remove the student's responsibility for dropping courses they do not intend to complete.
- Final exams will be given during Exam Week only.

5. Restricted Electives (18 hrs)
Students must take 18 credit hours of Hospitality Management courses from the following list for the Generalist track. Alternatively, students may choose one of the six specialized career tracks as outlined below.
A. Generalist Track

Community College Transfer Notes

- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF School of Hospitality Management. Grades of "D" (1.0) or below do not transfer into the program
- ACG X001 and X011 will substitute for ACG 2021 at UCF.
- Florida Public Community College students are encouraged to complete the general education requirements prior to transferring to UCF.
- A minimum of 30 semester hours must be completed at UCF within the hospitality major.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Students should take advantage of both.
- The department may allow substitutions for Hospitality classes taken at the community college. Students should check with the Hospitality Management Department for approval of substitutions.

Admission Requirements

- none

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit can not be used in this major without prior approval by the chair.
- Students must earn at least a "C" (2.0) in each required course.
- Students should consult with a departmental advisor.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Philosophy Department.
- Courses designated in 1 (General Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

1. UCF General Education Program (36 hrs)

C. Mathematical Foundations

Select *MGF 1106 Finite Mathematics* 3 hrs

(may substitute a higher level math)

Prefer *STA 1060C Statistics Using Excel* 3 hrs

D. Social Foundations 6 hrs

E. Science Foundations 6 hrs

2. Common Program Prerequisites none

3. Core requirements (24 hrs)

NOTE: Appropriate special topics courses in philosophy or humanities may be substituted for some core courses with prior approval by department advisor.

**Humanities Foundations** (9 hrs)

Select three courses:

HUM 3431 Ancient Humanities
HUM 3435 Medieval Humanities
HUM 3255 Modern Humanities
HUM 3251 Contemporary Humanities

**Humanistic/Religious Traditions** (9 hrs)

Select three courses:

HUM 3401 Asian Humanities
HUM 3417 Hindu Thought and Culture
HUM 3419 Islamic Thought and Culture
HUM 3552 Christian Thought
HUM 3553 Moses, Jesus, & Mohammed
ANT 3311 Indians of the Southeastern U.S.

PHI 3601  Practical Wisdom
PHI 3803  Philosophy and Creativity
PHI 3033  Philosophy, Religion, and the Environment
PHM 3123  Feminist Theories
REL 3162  Healing: Culture, Art, and Praxis
HUM 4554  Religious Quest and the Human Dilemma
HUM 4330  Performance Theory

4. Upper division Restricted Electives (6 hrs)

Select two courses from the above list that are not being used to satisfy Core Requirements and/or from the following:

HUM 3320  Contemporary Multicultural Studies
HUM 4301  Classical Ideal
HUM 4303  Spiritual Ideal
PHI 3700  Philosophy of Religion
PHI 3800  Aesthetics
PHI 4804  Critical Theory

5. Honors in the Major

Students considering graduate school in humanities are strongly encouraged to take Honors in the Major. Requirements are as follows:

Core and Elective Requirements (30 hours)

Same requirements as for regular majors

Honors Thesis

HUM 4903H Honors Directed Readings 3 hrs
HUM 4970H Honors Thesis 3 hrs

Additional Requirements

· Application and admission through the Humanities Honors Coordinator
6. Departmental Exit Requirements

- Either HUM 4970H: Honors Thesis (3 hrs) or organization and submission of a portfolio (HUM 4906 - 1 hr) of one's work in humanities to a Departmental committee for approval prior to graduation.
- Earn a "C" (2.0) or better in each upper division required courses
- Computer Competency met by HUM 4970H, HUM 4906, or by STA 1060C.
- To avoid delaying graduation, you must request a review of requirements prior to registering for your last term.

7. Foreign Language Requirements  

Admission: Met by graduation requirement

Graduation: Two semesters or equivalent proficiency exam. Majors who are contemplating graduate school should complete two years of a foreign language, preferably one functional in their area of proposed graduate interest.

8. Electives  

Select primarily from upper level courses, with departmental advisor's approval. May be outside the department.

9. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)
Total Semester Hours Required: 120 hours

**Related Programs:** Philosophy

**Related Minors:** Environmental Studies, Humanities, Philosophy, Religious Studies

**Transfer Notes:**
- Grades below "C" (2.0) from other institutions do not meet departmental requirements.
- Courses taken at community colleges do not substitute for Upper Division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
INDUSTRIAL ENGINEERING  (B.S.I.E.)

College of Engineering and Computer Science

Bill Thompson, E-Mail: wthompso@mail.ucf.edu

Admission Requirements:

All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes engineering academic advisement and registration for first-semester UCF classes; see also the section, Orientation, found elsewhere in this catalog.

Degree Requirements

- Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

1. UCF General Education Program for Engineering

Students (38 hrs)

The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida State University/ Community College Systems should complete the GEP and the Common Program Prerequisites before transferring.

A. Communication Foundations 9 hrs

1. Take ENC 1101
2. Take ENC 1102
3. Prefer SPC 1016

B. Cultural and Historical Foundations 9 hrs

C. Mathematical Foundations 7 hrs

1. Take MAC 2281, Calculus for Scientists and Engineers I, (4 hrs). Note: College algebra and trigonometry are prerequisites for Calculus I. See the course descriptions.
2. Take STA 3032 (3 hrs). Note: Calculus II is the prerequisite for this course.

D. Social Foundations 6 hrs

1. Take ECO 2013 or ECO 2023.

E. Science Foundations 7 hrs

1. Take PHY 2048/48L.
2. Take either GEO 1200 or GEO 2370.

2. Common Program Prerequisites (CPP's) (19 hrs)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All engineering students must remain in the Calculus sequence with which they begin. Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313. The individual courses in these two Calculus sequences are not interchangeable. Note: MAC 2281 and PHY 2048/48L also satisfy UCF GEP sub-requirements, as do ENC 1101, ENC 1102, the Humanities courses, and the Social Science courses.

CHS 1440 Fundamentals of Chemistry for Eng 4 hrs
(CHM 2045/45L will substitute)

MAC 2281 Calculus for Scientists & Engineers I GEP

ENC 1102  Composition II  GEP
Humanities Courses  GEP
Social Science Courses  GEP
Humanities or Social Sciences  GEP

3. Courses Required for the Major  (62 hrs)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the technical elective courses listed in 4. below and with the senior design courses listed in 5. below. Independent study courses generally do not satisfy major requirements and normally are awarded grades of I, S, or U.

4. Approved Technical Electives (3 hrs)

Technical electives are available in the BSIE program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

5. Departmental Graduation Requirements (6 hrs)

- EIN 4116C  Systems Analysis & Design  3 hrs
- EIN 4891C  IE Senior Design Project  3 hrs
- Take the Engineering Intern Exam during the Senior year.

6. Foreign Language Requirements (0-8 hrs)

**Admission:** Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

**Graduation:** None.

7. University Minimum Graduation Requirements

- A 2.0 UCF GPA.
- 60 semester hours earned after any CLEP award.
- 48 semester hours of upper division credit completed.
- 32 semester hours of regular courses completed at UCF.
- A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits are permitted.
- Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable).

**Total Semester Hours Required:** 128 hours

**Related Programs:** Mechanical Engineering.

**Related Minors:** none

**Transfer Notes:**
- Courses taken from Community Colleges do not substitute for Upper Division Courses
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

**Tentative Course Schedule for Entering Freshmen**

The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

Notes:
1. Courses marked with an asterisk (*) are also available from most Community Colleges and are often part of their Pre-Engineering AA programs. Most of these courses are part of the UCF General Education Program; see the section on the GEP elsewhere in this catalog for further information.

2. EGN 1006 and EGN 1930 are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the area 4. Approved Technical Electives.

3. Courses with a plus (+) are courses for which an appropriate graduate class substitution can be made. See advisor for accepted substitution list.

Integrated BS/MS Degree Program

The IEMS department offers the Integrated BS/MS Program to students of high academic standing. This program allows up to nine graduate hours to be substituted for specified BSIE requirements. See advisor for appropriate substitutions.

Transfer Notes:

· Students transferring from any Florida public institution with an AA degree or with the general education program (GEP) requirements of that institution met have thereby satisfied UCF GEP requirements.

· Students entering a UCF undergraduate program and having a previously earned baccalaureate degree from an accredited institution have thereby satisfied UCF GEP requirements. (See also the section on the GEP found elsewhere in this catalog.)

· Courses taken from Community Colleges do not substitute for Upper Division Courses.

· Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information to the ENT Department for this evaluation.

· ENT Departmental Residency Requirements consist of at least 32 semester hours of regularly-scheduled 3000 or 4000 level courses taken from the UCF ENT Department.

Tentative Course Schedule for Transferring Students

The tentative course schedule listed below is a guide for those students who plan on completing their upper division engineering technology degree requirements in two years. EEL 3801 (3 hrs) and EEL 4851 (4 hrs) can substitute for the combined nine hours associated with COP 3223, 3502, and 3503.

A three credit internship approved by the Information Technology Program Coordinator can substitute for the Frontiers in Information Technology (COP 4XXX) requirement.

4. Support Courses                  (6 hrs)
ENC 3241    Technical Report Writing    3 hrs
ENC 4XXX    Any 4000-level tech. writing course    3 hrs
or CRW 3XXX or any upper division creative writing

5. Restricted Electives             (15 hrs)
15 hours of upper division courses taken outside information technology. At least nine of these hours must be at or above the 4000 level. The remaining six are at the 3000 level or above. These courses are in areas of the student's choosing. The only restriction is on the level of the courses, not the departments from which they come. However, students are strongly advised to make this a cohesive set of courses. Many departments have plans whereby students can achieve a certification at 15 credits, and a minor at 18. No co-operative education or internship hours are allowed.

6. School Exit Requirements
   · Complete an exit interview with an assigned faculty advisor
   · Computer competency met by completion of major

7. Electives                        (variable)

8. University Minimum Exit Requirements

   · 48 semester hours of upper division credit completed
   · 30 semester hours of regular courses completed at UCF
   · A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces
credits permitted

- Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable)

**Total Semester Hours Required** 120 hours

**Related Programs:** Computer Science, Computer Engineering, Management Information Systems

**Related Minors and Certificates:** Computer Information Technology, Computer Science

**Transfer Notes:**

- Grades below "C-" (1.75) do not meet requirements
- Courses taken at community colleges do not substitute for Upper Division courses
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Limited Access program

Admission Requirements

- Students should apply to become Journalism majors only after completing all requirements for admission. Deadlines are:
  October 1, 2001 for Spring 2002
  February 1, 2002 for Summer 2002
  July 1, 2002 for Fall 2002
- Attain an overall minimum 2.25 GPA based on a minimum of 30 credit hours of college work. Note: meeting the minimum GPA does not guarantee admission since students are admitted on a space available basis. The GPA cut-off for the previous acceptance cycle was 2.5.
- Admission is not strictly based on GPA. Preference is given to students with a portfolio of work demonstrating their commitment to the profession.
- Pass a UCF grammar proficiency exam.
- Pass a Keyboard Proficiency Test (25 wpm) or better within three attempts, or complete a college level keyboard/typing course with a grade of "C" (2.0) or better.
- Receive a positive evaluation of other factors specified by the School.

Degree Requirements
- Students who change degree programs and select this major must adopt the most current catalog.
- The Journalism faculty strongly recommends that majors work for a student newspaper. In addition, majors may obtain an off-campus internship with a commercial weekly or daily newspaper or with a magazine. To enroll for credit, students must have a 2.5 GPA in their required major courses. Students with less than a 2.5 GPA will not be given academic internship credit. A maximum of 3 internship credit hours may be earned within the 120 required for graduation.

- A portfolio of representative work must be submitted to, and approved by, a faculty committee at least one semester before graduation. At least 75% of the work must be produced while at UCF.

- Co-op or internship credit can not be used in this major.

- Students should consult with a school advisor.

- School Residency Requirement consists of at least 24 semester hours including JOU 2100 and regularly scheduled 3000-4000 level courses taken from the UCF School of Communication.

- Students electing both a major and minor in the School must take the minor courses in excess of the 120 hours required for graduation.

- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

The industry is facing a severe shortage of qualified people to work in the broad area of Information Technology (IT). Computer Science is only a small fraction of this IT umbrella; it includes computer application development, system administration, network administration, database administration, etc.

This LS-CIT track fills the gap between the fully accredited degree program in Computer Science which emphasizes the scientific aspects of computing, and the needs of the IT industry for people with skills in broader areas of information technology. By housing this track within Liberal Studies, students can accentuate those areas of computer information and application, while de-emphasizing the mathematical and physical science components of Computer Science.

The program is administered through the College of Arts and Sciences and is designed for academic flexibility. It recognizes that there are many combinations of courses which meet the needs of individual students.

LIBERAL STUDIES 3+2 PROGRAM
(B.A./B.S. AND M.A.)

College of Arts and Sciences

Liberal Studies Graduate Program, CNH 207B
Director: Elliot Vittes, Ph.D. 407-823-2745
E-mail: mls@mail.ucf.edu

The 3+2 Program allows outstanding Liberal Studies students to earn a B.A. or B.S. degree and a M.A degree in as few as five years. Students earn nine hours of graduate credit toward the M.A. while still an undergraduate, and then an additional twenty-four credits after earning the B.A. or B.S. degree.

Students majoring in any of the Liberal Studies tracks may apply for the program. This unique course of study requires close advising with program advisors, and approval by the M.A. in Liberal Studies program.

Admission Requirements

Acceptance to the university does not constitute admission to the accelerated 3+2 program. An additional application to the program must be submitted and the student accepted. Contact the Liberal Studies program or visit our website for application materials. All applicants must meet the following criteria:

· A GPA of 3.25 or higher at UCF in their last 30 credit hours before applying in the second semester of their junior year.

· At least 75 credit hours earned by time of application.

· A GRE score of 1050 or above (usually taken in the second semester of the junior year).
Undergraduate Degree Requirements

Undergraduate degree requirements vary by track, and each track's requirements must be checked carefully in the appropriate Liberal Studies degree section.

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must have declared a Liberal Studies major at least one semester before graduation.
- Students must earn at least a "C" (2.0) in each required course.
- Students must consult with a departmental advisor.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

Graduate Degree Requirements

The 3+2 Program involves a minimum of 144 credits for completion of both the B.A./B.S. and M.A. degrees.

- The graduate requirements listed in the Graduate Catalog take precedence over those listed below.
- Students take nine graduate credit hours during their senior year which substitute for 3000- or 4000-level courses as part of the program requirements.
- Students pay graduate tuition and fees for the nine graduate credit hours.
- All requirements of the undergraduate and graduate degree programs must be fulfilled.
- Students should consult with the undergraduate and graduate advisors.
- Approval for course substitutions and for graduate courses must be given by the undergraduate and graduate advisors.
- The B.A./B.S. will be awarded after completing all the requirements for that degree in the undergraduate program.

Community/Junior College Transfer Notes

- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Business Quantitative Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Tools I.

- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.

- ACG X001 and X011 will substitute for ACG 2021 at UCF

- Florida Public Community College students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.

- 3000 & 4000 level courses should not be taken at a community/junior college in the areas of Management, Marketing, Real Estate, or Finance. These are third and fourth year (junior, senior) course areas and cannot be satisfied with freshman, sophomore level courses.

- A minimum of 12 semester hours must be completed at UCF within each individual major.

- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

   • Students not in attendance at the first meeting of any College of Business course may be dropped from the course. It is the responsibility of the student to take whatever steps are necessary to determine if they have been officially dropped from a course. This does not remove the student’s responsibility for dropping courses they do not intend to complete.
   
   • Final exams will be given during Exam Week.
   
   • A transfer student to this program must take a minimum of 12 semester hours in marketing at UCF.
   
   • Students majoring in Marketing must earn a grade of "C" (2.0) or better in each course applied toward the major, and a 2.0 overall average in the major. MAR 3023 is included in this requirement.
   
   • Students must earn at least a 2.0 GPA in the major and COB.
   
   • Students must complete 60 semester hours in courses outside the College of Business.

7. Foreign Language Requirements (0-8 hrs)

Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: none

8. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after any CLEP award
- 48 semester hours of upper division credit completed
- 30 semester hours of coursework completed in residency (last 30 hours) at UCF
- A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and Military credit permitted
- Completion of the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable)

9. Electives (variable)

***Total Semester Hours Required 120 hours

Majors who meet departmental criteria are also eligible to apply for a marketing internship (MAR 4941) and/or take the small business consulting class (MAR 5941). MAR 5941 cannot count as one of the three restricted electives required of marketing majors. For additional information about the department, curriculum, faculty, events, and careers in marketing, students are invited to visit our
Community/Junior College Transfer Notes

- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Business Quantitative Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Tools I.

- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.

- ACG X001 and X011 will substitute for ACG 2021 at UCF

- Florida Public Community College students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.

- Professional courses should not be taken at a community/junior college in the areas of Management, Marketing, Real Estate, or Finance. These professional areas are third and fourth year (junior, senior) course areas and cannot be satisfied with freshman, sophomore level courses.

- A minimum of 12 semester hours must be completed at UCF within each individual major.

- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- All mathematics courses except MAC 2311, 2312, 2313, and MAP 2302 must either be taken from, or approved by the Department of Mathematics at UCF
- Departmental Residency Requirement: at least 24 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Math Department
- Students should take MAS 3105 (Elementary Linear and Matrix Algebra) before taking MAS 3106 (Linear Algebra). MAS 3105 will then be used as a free elective
- Co-op or internship credit can not be used in this major
- Students must earn at least a "C" (2.0) in each required course
- Students should consult with a departmental advisor
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

- Courses taken at community colleges do not substitute for Upper Division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for common program prerequisites if taken prior to transferring to UCF:
- COP 3502C*: may use any programming language course with a COP prefix
- BSC 2010C*: may use any laboratory BSC or CHM course which is designed for majors
- PHY 2048*: may use any PHY course with a lab. However PHY 2048 is a prerequisite for PHY 2049 and must be taken

6. Departmental Exit Requirements

- Earn a grade of "C" (2.0) or better in each course required in the degree program (sections 2-4 above).
- Computer Competency met by EGN 3420 or COP 3503C.

7. Foreign Language Requirements

**Admission:** Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

**Graduation:** None

8. Electives (variable)
Students desiring a double major in Engineering or Physics and Mathematics must also complete all requirements of both majors. Students should select electives which satisfy both majors simultaneously when possible.

9. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
- Complete the General Education Program, the Gordon Rule, the CLAST, and nine hours of Summer credit (if applicable)

Total Semester Hours Required: 120 hours

Related Programs: Applied Mathematics, Computer Science, Engineering, Math Education, Statistics

Related Minors: Applied Computer Science, Computer Science, Engineering, Math, Physics, Statistics

Transfer Notes:
- Grades below "C" (2.0) from other institutions do not meet departmental requirements
- Courses taken at community colleges do not substitute for Upper Division courses
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for common program prerequisites if taken prior to transferring to UCF:
- COP 3502C*: may use any programming language course with a COP prefix.
- BSC 2010C*: may use any laboratory BSC or CHM course which is designed for majors.
- PHY 2048*: may use any PHY course with a lab; however, PHY 2048 is a prerequisite for PHY
2049 which must be taken.

The Department of Mathematics offers special courses for students in the Honors Program. These courses are designated with an H such as MAC 2311H, MAC 2312H, MAC 2313H, MAC 2281H, MAC 2282H, MAC 2283H, and MAP 2302H.

Admission Requirements  none

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- All mathematics courses except MAC 2311, 2312, 2313, and MAP 2302 must either be taken from, or approved by the Department of Mathematics at UCF.
- Departmental Residency Requirement: at least 24 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Mathematics Department.
- Students should take MAS 3105 (Elementary Linear and Matrix Algebra) before taking MAS 3106 (Linear Algebra). MAS 3105 will then be used as a free elective.
- Students must earn at least a "C" (2.0) in each required course.
- Co-op or internship credit can not be used in this major.
- Students should consult with a departmental advisor.
- Courses designated in 1 (General Ed Program) and 2 (Common Program Prerequisites) are usually
completed in the first 60 hours.

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

3. Specialization Requirements

Students majoring in Mathematics Education take a series of core and specialization courses to prepare them to teach Mathematics Education in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Mathematics Education major's program and to integrate theory and practice in actual school settings. Throughout the Mathematics Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

4. Internships

In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.

In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. the semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been
assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

5. Foreign Language Requirements (0-8 hrs)
State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

6. Departmental Exit Requirements
- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

7. University Minimum Exit Requirements
- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. Total Semester Hours Required To be determined

Transfer Notes:
Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.
MECHANICAL ENGINEERING (B.S.M.E.)

College of Engineering and Computer Science
A. H. Hagedoorn, ENGR 216,
E-Mail: hagedorn@pegasus.cc.ucf.edu

Admission Requirements:
All entering students are required to attend Orientation before registering for their first semester at UCF. Orientation includes engineering academic advisement and registration for first-semester UCF classes; see also the section, Orientation, found elsewhere in this catalog.

Degree Requirements
· Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student must seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

1. UCF General Education Program for Engineering

Students (38 hrs)
The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida State University/Community College Systems should complete the GEP and the Common Program Prerequisites before transferring.

A. Communication Foundations 9 hrs
1. Take ENC 1101
2. Take ENC 1102
3. Prefer SPC 1016

B. Cultural and Historical Foundations 9 hrs

C. Mathematical Foundations 7 hrs

1. Take MAC 2281, Calculus for Scientists and Engineers I, (4 hrs). **Note:** College algebra and trigonometry are prerequisites for Calculus I. See the course descriptions.
2. Take STA 3032 (3 hrs). **Note:** Calculus II is the prerequisite for this course.

D. Social Foundations 6 hrs

1. Take ECO 2013 or ECO 2023.

E. Science Foundations 7 hrs

1. Take PHY 2048/48L.
2. Take either GEO 1200 or GEO 2370.

2. **Common Program Prerequisites (CPP's) (19 hrs)**

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All engineering students must remain in the Calculus sequence with which they begin. Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313. The individual courses in these two Calculus sequences are not interchangeable. **Note:** MAC 2281 and PHY 2048/48L also satisfy UCF GEP sub-requirements, as do ENC 1101, ENC 1102, the Humanities courses, and the Social Science courses.

3. **Courses Required for the Major** (49 hrs)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with the senior design courses listed in 4. below. Independent study courses generally do **not** satisfy major requirements and normally are awarded grades of S or U.

5. Foreign Language Requirements (0-8 hrs)

Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: none

6. Approved Technical Electives

Technical electives are available in the BSME program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

7. University Minimum Graduation Requirements

· A 2.0 UCF GPA.
· 60 semester hours earned after any CLEP award.
· 48 semester hours of upper division credit completed.
· 32 semester hours of regular courses completed at UCF.
· A maximum of 45 semester hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits are permitted.
· Complete the General Education Program, the Gordon Rule, the CLAST, and nine semester hours of Summer credit (if applicable).

Total Semester Hours Required: 128 hours

Related Programs: Aerospace Engineering, Industrial Engineering.

Related Minors: Space Studies.

Transfer Notes:
· Courses taken from Community Colleges do not substitute for Upper Division Courses
· Courses transferred must be formally evaluated for equivalency credit. The student must provide
all supporting information with his/her petition for this evaluation.

- EGN 1006 and EGN 1930 are required courses for incoming freshmen only. The two credit hours for these courses may be substituted by an approved Mechanical Engineering technical elective for transfer students.

**Tentative Course Schedule for Entering Freshmen**

The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

Notes:

1. Courses marked with an asterisk (*) are also available from most Community Colleges and are often part of their Pre-Engineering AA programs. Most of these courses are part of the UCF General Education Program; see the section on the GEP elsewhere in this catalog for further information.

2. All students must remain in the Calculus sequence with which they begin. Students who begin with MAC 2281 Calculus for Scientists and Engineers I, must continue with MAC 2282 and MAC 2283. Students who begin with MAC 2311 Calculus with Analytical Geometry I, must continue with MAC 2312 and MAC 2313. The individual courses in these two Calculus sequences are not interchangeable.

3. Students should consult with the MMAE Department in ENGR 381 for a list of approved technical electives and for the terms when specific courses of this type are to be offered. Students should check with their faculty advisor frequently to ensure they are making satisfactory progress toward their degree.

4. The State University System requires most students to complete a minimum of nine semester hours during summer terms prior to graduation. See the section on Summer Attendance Requirement elsewhere in this catalog.

5. Mechanical engineering students must earn at least 32 hours in residence at UCF.

IMPORTANT NOTICE

- **Bolded** course should be taken in the term noted or in a previous term if your schedule permits and as long as all prerequisites for that course have been met.

- A number of **bolded** courses are given only during the term noted in this program of study, therefore it is imperative that you take them in the suggested sequence. Failure to do so may result in a considerable delay in the date of your graduation.

- Non-bolded course may be taken at any time as long as all prerequisites for that course have been met. Caution must be taken to ensure that you take courses in a proper sequence regarding prerequisites.

- Please meet with your advisor if you have any questions regarding your schedule. Do not drop any course before discussing this action with your advisor - there may be alternative actions which will
benefit you.

- If you do not have a higher level programming language background you must take a course in this area prior to taking EML 3034 ("C" or FORTRAN recommended).

- If you are not ready to begin the Calculus sequence upon entry to the Mechanical Engineering curriculum it is imperative that you meet with your advisor to plan a personalized program of study. Mathematics and physics are cornerstones of a quality engineering program and it is important for your academic career that you proceed accordingly.

**Integrated BS/MS Degree Program**

The Mechanical, Materials, and Aerospace Engineering Department offers the Integrated BS/MS Program to students of high academic standing. This program allows up to nine graduate hours to be substituted for specified BS requirements. See advisor for appropriate substitutions.
MEDICAL LABORATORY SCIENCES (B.S)

College of Health and Public Affairs
HPA II 335, 407-823-2968
Undergraduate Program Director: Dorilyn Hitchcock
E-mail: hitchcod@mail.ucf.edu
Web Address: http://www.cohpa.ucf.edu/molec.bio/

Admission Requirements - LIMITED ACCESS

Acceptance to the university does not necessarily constitute admission to the upper division medical laboratory science program.

- SEPARATE APPLICATION to the limited access program should be made directly to the program prior to March 1 of the year admission is sought. Preference will be given to those who apply prior to March 1, but applications will be accepted until the class is filled.
- UCF application must also be submitted by the program deadline
- Student must complete all general education, foreign language admissions, and program prerequisites prior to the start of the program
- All applicants must have a minimum overall GPA of 2.5, and complete all program prerequisite courses with at least a grade of "C" (2.0) (No CLEP, TSD, or AP credit may be used for prerequisite courses)

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Students should complete the General Education Program, Foreign Language Admissions and the Common Program Prerequisite Requirements before transferring within the Florida Public University/Community College System
- Students should consult with a departmental advisor
- The courses designated in sections 1 and 2 below may be taken at a Florida Community College, and should usually be completed in the first 60 hours

- A minimum overall GPA of 2.5 and a minimum grade of "C" (2.0) in prerequisite and major courses is required for admission to, continuation in, and graduation from the Medical Laboratory Sciences Program

- UCF Residency Requirement: 32 hours

- The courses designated in sections 1 (General Education) and 2 (Common Program Prerequisites) should usually be completed in the first 60 hours

5. Departmental Exit Requirements (81-91 hrs)

To be eligible for a major in Molecular Biology and Microbiology:

- A student must complete all coursework in the baccalaureate curriculum as shown, and, earn a GPA of at least 2.0 for all coursework in the Core and Restricted Electives
- Independent study, directed research, or similar credit may not be used as a Restricted Elective
- A minimum of 20 hours must be taken at UCF in the department of the major
- Students will be required to take a comprehensive test during their last semester

6. Electives (variable)

Suggested Elective: SLS 2311 - Overview of Selected Medical Careers, recommended for students pursuing any of the following fields: chiropractic, dental, medical, optometry, pharmacy podiatry, or
veterinary.

7. Foreign Language Requirements (0-8 hrs)

Admissions: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation: none

8. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- A maximum of 45 hrs of extension, correspondence, CLEP, Credit by Exam and Armed Forces credits permitted
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

Total Semester Hours Required 120 hours

Related Programs: Biology, Chemistry

Related Minors: Biology, Chemistry

Transfer Notes:

Students who begin a two semester sequence course (e.g. General Chemistry) at a community college are strongly encouraged to complete the sequence before transferring. If it will not be possible to complete the sequence at the community college, the student should postpone beginning the course until enrolling at UCF. Students may elect to take Human Anatomy (ZOO 3733) and Human Physiology (PCB 3703) at UCF in order to meet the University's requirement that students complete 48 semester hours of upper division (3000/4000 level) credit. Students meeting the Human Anatomy and Human Physiology I & II requirement at the community college (lower division) level must take an additional 8 eight hours of upper division coursework at UCF.

Honors in the Major
• Application and admission through the department and THC
• Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of the institution
• Complete BSC 3404H "Quantitative Biological Methods" with a grade of B or better (4 credits)
• Complete MCB 4970H "Honors Thesis" with a grade of B or better and successfully complete the oral defense of the Honors Thesis (3 credits)

University Honors
• Application and admission through THC
• Fulfill University lower division requirements for University Honors
• Fulfill University upper division requirements for University Honors in Microbiology
• Complete BSC 3404H "Quantitative Biological Methods" with a grade of B or better (4 credits)
• Complete PCB 4524H "Molecular Biology II Honors" with a grade of B or better (3 credits)
• Complete One Interdisciplinary Honors Seminar (3 credits) outside major

*Note: Those students interested in pursuing graduate or professional education are strongly advised to select the following courses. Physics for Scientists and Engineers I & II (PHY 2048, 2049, 2048L, 2049L); Applied Calculus I & II (MAC 2253, 2254) or Calculus with Analytic Geometry I & II (MAC 2311, 2312). Directed Research MCB 4912 is offered on an S/U basis.

Audition Requirements for Admission

· Each student must audition and demonstrate advanced proficiency by performing compositions representing a variety of musical periods
· Memorization is required for pianists and vocalists
· Accompanists are provided by special request only
· Each candidate must bring his/her own audition music
· The department will only provide large instruments such as a tuba, a string bass, or timpani for these auditions
· The audition will serve as a placement examination for accepted candidates

Degree Requirements

· Students who change degree programs and select this major must adopt the most current catalog.
· Departmental Residency Requirement; at least 25 hours must be taken from the UCF Music department
· Each student must perform a faculty-approved public recital
· Co-op or internship credit can not be used in this major
· Students should consult with a departmental advisor for course selections
· Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

5. **Restricted Electives** (See above)

Any MUC, MUE, MUG, MUH, MUL, MUN, MUS, MUT courses numbered 3000 or higher.

6. **Special Non-Course Requirements**

**MUS 1010 - Music Forum**

* Native UCF students must complete eight semesters of MUS 1010
Transfer students must take MUS 1010 each term they are enrolled at UCF

**Comprehensive Exams**

- Students must take piano until they pass the Piano Proficiency exam - MVK 4960

**Comprehensive Exam, Music History - MUH 4963**

- Satisfactory completion of a comprehensive examination in music history, to be taken after completing MUH 4212 and before enrolling in MUT 3571.

**Comprehensive Exams, Music Theory- MUT 2960, MUT 2961, MUT 2962**

- Completion, with at least an 80% score on each of the following components; Ear-Training, Sight-Singing, 4part-Writing, Musical Forms, Transposition, Analysis, and Counterpoint.
- Test is to be taken after completing MUT 2117 and before enrolling in MUT 3571.

**Major Ensemble Participation**

- Selected from University Chorus, Symphony Orchestra, Concert Band, Wind Ensemble, and Marching Band. Four hours of Jazz Lab may be used as Major Ensemble credit.
- Ensemble assignment is by the ensemble directors
- Transfer students must take any remaining major ensemble credits during separate semesters
- Native UCF students must take each of four major ensemble credits in a separate semester

**Minor Ensemble Participation**

- If minor ensemble is taken at UCF, the two semester hours of credit must be spread over two separate semesters
- If minor ensemble credits are transferred to UCF, each remaining hour must be taken in a separate semester
- Minor ensembles include: Brass, Percussion, Piano, String, Vocal (except Opera Workshop), Woodwind, and Jazz Lab

**Recitals**

- BA students must complete three of their comprehensive examinations before auditioning for their terminal recital at the Junior level
- Each BA student must perform one faculty-approved, 30 minute public recital at UCF

**7. Departmental Exit Requirements**

- Earn a grade of "C" (2.0) or better in each Music course
- Computer Competency met by CGS 1060C, or departmental examination
8. Foreign Language Requirements (0-11 hrs)

Admission: Met by graduation requirement

Graduation: Three semesters or equivalent proficiency exam

9. Electives (variable)

Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

10. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

Total Semester Hours Required 120 hours

Related Programs: Music Education, Music (BM), Theatre

Related Minors: Music, Theatre

Transfer Notes:

- Grades below "C" (2.0) from other institutions do not meet departmental requirements
- Courses taken at community colleges do not substitute for Upper Division courses
Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

**Acceptable Substitutes** for common program prerequisites if taken prior to transferring to UCF:

- MUT 1111*, MUT 1112*: May use MUT 1121, MUT 1122. Note: Since these courses are three credits at some schools, the extra credit transfers as a free elective.
- MUT 1241*, MUT 1242*: May use MUT 1221, MUT 1222, or MUT 1261, MUT 1262 or MUT 1271, MUT 1272.
- MUT 2116*, MUT 2117*: May use MUT 2126, MUT 2127. Note: Since these courses are three credits at some schools, the extra credit transfers as a free elective.
- MUT 2246*, MUT 2247*: May use MUT 2226, MUT 2227, or MUT 2266, MUT 2267, or MUT 2276, MUT 2277.

Admission Requirements for Upper Division Courses - Education

· Each student must score at or above the 40th percentile of all college-bound persons tested on the American College Testing Program (ACT, score 20) or the Scholastic Aptitude Test (SAT, score 950) and have this score reported as part of their official academic record

· Have a minimum overall GPA of 2.5

· Satisfactorily complete EDG 4323 (Professional Teaching Practices)

· Pass the College Level Academic Skills Test (CLAST)
· Submit a formal junior student teaching application to the College of Education Student Internships Office. Must meet the College of Education's requirements for admission to Junior and Senior Year Student Teaching.

Degree Requirements

NOTE: Music Education degree requirements are subject to change pending legislation on State Board of Education Rule Amendments on Teacher Preparation.

· Students who change degree programs and select this major must adopt the most current catalog.

· Pass a written competency examination (Florida Teaching Competency Examination) administered by the Florida State Department of Education

· Departmental Residency Requirement: at least 25 hours must be taken from the UCF Music department. In addition, music education students must complete their last two semesters of required performance, their recital, and their senior year student teaching while attending UCF.

· A minimum GPA of 2.5 is required in all courses attempted. Grades less than "B-" (2.75) are not acceptable in education or music education courses.

· Each student must perform a faculty-approved public recital (optional for students in the Elementary School Music Specialization)

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: [http://www.edcollege.ucf.edu/](http://www.edcollege.ucf.edu/) or the Office of Student Services (ED 109, 407-823-3723).

### 3. Specialization Requirements

Students majoring in Music Education take a series of core and specialization courses to prepare them to teach in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Music Education major's program and to integrate theory and practice in actual school settings. Throughout the Music Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

Emphasis requirements: In addition to core requirements, students select an emphasis in instrumental, choral, or elementary music, each requiring additional specialized courses.
Special non-course requirements:

- Participation in ensembles and Music Forum
- Comprehensive exams in music history, theory, and piano
- A preprofessional interview
- A 20 minute recital

4. Internships

In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.

In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. The semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

5. Foreign Language Requirements (0-8 hrs)

State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

6. Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.
· A grade of "C" (2.0) or better in each music course.
· A grade of "B" (3.0) or better in each performance, education, and music education course.
· Computer competency is met through EME 2040.

7. University Minimum Exit Requirements

· A 2.0 UCF GPA
· 60 semester hours earned after CLEP awarded
· 48 semester hours of upper division credit completed
· 30 semester hours in regular courses completed at UCF
· Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. Total Semester Hours Required To be determined

Transfer Notes:

Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

Audition Requirements for Admission

- Each student must audition and demonstrate advanced proficiency by performing compositions representing a variety of musical periods
- Memorization is required for pianists and vocalists
- Accompanists are provided by special request only
- Each candidate must bring his/her own audition music
- The department will only provide large instruments such as a tuba, string bass, or timpani for these auditions
- The audition will serve as a placement examination for accepted candidates
- Composition track students must submit a portfolio of compositions representing works in small and/or large forms. Recordings of compositions are requested but not required.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- At least 78 hours of credit must be earned in music courses
- Departmental Residency Requirement; at least 30 hours must be taken from the UCF Music department
- Each student must perform two faculty-approved public recitals
Students should consult with a departmental advisor for course selection.

5. Restricted Electives (See above)
- Any secondary performance course not in area of major instrument or
- Any MUC, MUE, MUG, MUH, MUL, MUN, MUS, MUT courses numbered 3000 or higher.

6. Special Non-Course Requirements
MUS 1010 Music Forum
- Native UCF students must complete 8 semesters of MUS 1010
- Transfer students must take MUS 1010 each term they are enrolled at UCF

Comprehensive Exams
- Students must take piano until they pass the Piano Proficiency exam - MVK 4960

Comprehensive Exam - Music History - MUH 4963
Satisfactory completion of a comprehensive examination in music history, to be taken after completing MUH 4212.

Comprehensive Exams - Music Theory - MUT 2960, MUT 2961, MUT 2962
· Completion, with at least an 80% score on each of the following components; Ear Training, Sight Singing, 4 part Writing, Musical Forms, Transposition, Analysis, and Counterpoint.

· Test is to be taken after completing MUT 2117, and before enrolling in MUT 3571.

**Major Ensemble Participation**

· Selected from University Chorus, Symphony Orchestra, Concert Band, Symphonic Wind Ensemble, and Marching Band. Four hours of Jazz Lab may be used as Major Ensemble credit.

· Ensemble assignment is by the Ensemble directors.

· Transfer students must take Major Ensemble during each of their remaining semesters

· Native UCF students must take each of eight Major Ensemble credits in a separate semester: Composition students should take each of their four ensemble credits in a separate semester.

· Students taking a course in Performance must concurrently take a major ensemble appropriate to their principal instrument

**Minor Ensemble Participation**

· If Minor Ensemble is taken at UCF, the four semester hours of credit must be spread over at least three separate semesters

· If Minor Ensemble credits are transferred to UCF, each remaining credit must be taken in a separate semester

· Minor Ensembles include: Brass, Percussion, Piano, String, Vocal (except Opera Workshop), Woodwind, and Jazz Lab

**Recitals**

· Bachelors of Music students must complete their piano proficiency and all but one comprehensive examination before auditioning for their senior recital

· Each student must perform two faculty-approved public recitals: a junior recital of 30 minutes length and a senior recital of 45 minutes length (30 minutes for Piano Pedagogy students). Composition majors must present original musical compositions by the student.

**7. Departmental Exit Requirements**

· Earn a grade of "C" (2.0) or better in each Music course

· Computer Competency met by CGS 1060C, or departmental examination

**8. Foreign Language Requirements** (0-8 hrs)

**Admission:** Met by graduation requirement

**Graduation:** Two semesters or equivalent proficiency exam
9. Electives

Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

10. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

Total Semester Hours Required 120 hours

Related Programs: Music Education, Music (BA), Theatre

Related Minors: Music, Theatre

Transfer Notes:
- Grades below "C" (2.0) from other institutions do not meet departmental requirements.
- Courses taken at community colleges do not substitute for Upper Division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for common program prerequisites if taken prior to transferring to UCF:
- MUT 1111*, MUT 1112*: May use MUT 1121, 1122. Note: Since these courses are three credits at some schools, the extra credit transfers as a free elective.
· MUT 1241*, MUT 1242*: May use MUT 1221, 1222, or MUT 1261, 1262 or MUT 1271, 1272.

· MUT 2116*, MUT 2117*: May use MUT 2126, 2127. Note: Since these courses are three credits at some schools, the extra credit transfers as a free elective.

· MUT 2246*, MUT 2247*: May use MUT 2226, 2227, or MUT 2266, 2267, or MUT 2276, 2277.

· MVK 1111, 2121*: May use 1112, 2122 or MVK 1211, 2221

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

3. Specialization Requirements

Students majoring in Physical Education take a series of core and specialization courses to prepare them to teach Physical Education in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Physical Education major's program and to link theory to practice in actual school settings. Throughout the Physical Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

4. Internships

In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.

In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. the semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.
5. Foreign Language Requirements (0-8 hrs)

State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

6. Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

7. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. Total Semester Hours Required To be determined

Transfer Notes:

Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.
Physics majors can select from five distinct tracks to earn their physics degree, as described below in Section 4, Specialization. While the various tracks share a common core of courses, they also enable students to prepare specifically for certain career paths. Students should consult their faculty advisors when deciding between these tracks.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Grades below "C" (2.0) in any required physics or mathematics courses are not acceptable; they must be repeated with a higher grade
- Departmental Residency Requirement consists of at least 15 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Physics
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

While no specific major is prescribed for admission to law school, many prelaw students elect to major in political science. These individuals usually choose the prelaw emphasis within the political science major.

Prelaw students are encouraged to work closely with a prelaw advisor in planning their programs. By judicious use of electives, students build a firm foundation for law school entry and acquire a broad training which can result in career options upon graduation. For further information, consult one of the Department's prelaw advisors or the College of Arts and Sciences Prelaw Advisor.

Admission Requirements - LIMITED ACCESS

· Students should apply to become Radio-Television majors only after completing all requirements for admission. Deadlines are:

October 1, 2001 for Spring 2002
February 1, 2002 for Summer 2002
July 1, 2002 for Fall 2002

· Attain an overall minimum 2.25/4.00 GPA based on a minimum of 30 credit hours of college work. Note: meeting the minimum GPA does not guarantee admission since students are admitted on a space available basis. The GPA cut-off varies each term with the quality of applicants, and during the previous year, ranged from a minimum of 2.9.

· Meet a grammar proficiency standard.

· Pass a Keyboard Proficiency Test (25 wpm) or more within three attempts, or complete a college level keyboard/typing course with a grade of "C" (2.0) or better.

· Receive a positive evaluation of other factors specified by the School.

Degree Requirements

· Students who change degree programs and select this major must adopt the most current catalog.
· Students may complete an internship off campus in a professional broadcast, production, or corporate operation

· Co-op or internship credit can not be used in this major without prior departmental permission

· Students should consult with a School advisor

· School Residency Requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Nicholson School of Communication

· Students electing both a major and minor in the School must take the minor courses in excess of the 120 hours required for graduation

· A maximum of 3 credit hours of internship may be earned in one semester. A total of 6 credit hours of internship may be earned within the 120 credit hours required for graduation. Summer internships are available during "C" (2.0) term only.

· Courses designated in 1 (General Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

Transfer Notes:

- Grades below "C" (2.0) from other institutions do not meet School requirements
- Courses taken at community colleges do not substitute for Upper Division courses
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Admission Requirements - LIMITED ACCESS

Acceptance to the university does not necessarily constitute admission to the upper division Radiologic Sciences Program. SEPARATE APPLICATION to the limited access program must be made directly to the program prior to March 1 of the year admission is sought. A personal interview is also required. Student must complete all general education, foreign language admissions, and program prerequisites prior to the start of the program. All applicants must have a minimum overall GPA of 2.5, and complete all program prerequisite courses with at least a grade of "C." (No CLEP, TSD, or AP credit may be used for prerequisite courses.)

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Students should complete the General Education Program, Foreign Language Admissions, and the Common Program Prerequisites Requirements before transferring within the Florida Public University/Community College System
- Students should consult with a departmental advisor
- The courses designated in sections 1 and 2 below may be taken at a Florida Community College, and should usually be completed in the first 60 hours
- A minimum overall GPA of 2.5 and a minimum grade of "C" (2.0) in prerequisite and major courses is required for admission to, continuation in, and graduation from the Radiologic Sciences Program

Credit by Examination

Credit by Exam for clinical education courses will be awarded to ARRT certified Registered Technologists who demonstrate advanced knowledge and competencies beyond the level required for entry into the profession. The knowledge required to perform advanced competencies may be demonstrated by registration in multiple disciplines, registration in an advanced level of certification or completion of the Advanced Clinical Practicum course. Students who successfully complete the
requirements for credit by exam will be awarded a grade of "S" for the clinical education courses required in their program of study.

Credit by exam for didactic courses will be awarded according to the process described in the UCF catalog.

H. Other Program Prerequisites
Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

3. Specialization Requirements

Students majoring in Science Education-Biology take a series of core and specialization courses to prepare them to teach Biology in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Science Education major's program and to link theory to practice in actual school settings. Throughout the Science Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

4. Internships

In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.

In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. the semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

5. Foreign Language Requirements (0-8 hrs)
State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

6. Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

7. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. Total Semester Hours Required

To be determined

Transfer Notes:

Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

H. Other Program Prerequisites
Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

3. Specialization Requirements

Students majoring in Science Education-Chemistry take a series of core and specialization courses to prepare them to teach Biology in the schools and to demonstrate the Florida Educator Accomplished Practices. Early and continuous field experiences are provided to enhance the Science Education major's program and to link theory to practice in actual school settings. Throughout the Science Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

4. Internships

In Internship I, students are assigned to a school with certified supervising teachers under the direction of a university coordinator. During the semester, students spend two full days per week in the field with half the time in an elementary setting and half in a secondary setting. Components of the experience include directed observation, collaborative planning, guided participation, and collaborative evaluation. Students are also enrolled in a limited number of related specialization courses during the experience.

In Internship II, students are assigned to a school with certified supervising teachers under the direction of a university coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the Department Chair. The semester of student teaching is divided into four types of activities: observing, assisting, teaming, and teaching. Student teachers become involved with children as rapidly as possible, and gradually assume a full responsibility for the classroom to which they have been assigned. As the experience draws to an end, the process should be reversed and supervising teachers take back their classes at convenient program breaks.

5. Foreign Language Requirements

State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students
admitted to the University without the required two units of foreign language in high school.)

6. Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.
- Pass the Professional Education and Subject Area subtests of the Florida Teacher Certification Examination.

7. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 semester hours in regular courses completed at UCF
- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. Total Semester Hours Required To be determined

Transfer Notes:

Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.

Admission Requirements - LIMITED ACCESS

Acceptance to the University does not necessarily constitute admission to the upper division social work program. SEPARATE APPLICATION to the limited access program must be made to the School of Social Work. Students are admitted to the undergraduate program only in the Summer or Fall terms. To be considered for admission to the program, students must have:

- a 2.0 overall GPA
- an AA (from a Florida State Community College) or UCF General Education Program, Gordon Rule, and Clast
- 15 semester hours common program prerequisites (see Section 2 below for list of courses)

Personal qualifications reviewed for acceptance include intelligence, initiative, social concern, appreciation for human diversity, dependability, humanitarian interests in helping people and in improving human services as well as college-level reading and writing skills.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Social Work
- Students should complete the General Education Program, UCF Foreign Language Admission and
the Common Program Prerequisite Requirements before transferring to UCF

- Students should consult with a school advisor
- The courses designated in sections 1 (general education) and 2 (common program prerequisites) below may be taken at a college or university other than UCF, and should usually be completed in the first 60 hours
- Students must earn a minimum grade of "C" (2.0) in major courses
- Students must have a minimum overall GPA of 2.5 for entry into field education (SOW 4510) and graduation in the major Social Work Program
- Students must complete all the requirements listed in 1-11 below

- Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

**Related Programs:** Criminal Justice, Psychology, Public Administration, Sociology.

**Gerontology Certificate:** In recognition of the special needs of the elderly citizens of Central Florida, the University offers a fifteen hour interdisciplinary program leading to a Certificate in Gerontology. If you are a non-social work student and planning your internship, check with your department's coordinator to plan for an internship in gerontology. The gerontology coordinator will also provide information for placement opportunities. The program may be of particular interest to students who are majoring in health sciences, psychology, social work, nursing, or sociology. Other students, such as those majoring in business, physical education, or art education may also find the program
**Children's Services Certificate:** The Children's Services Certificate is designed to prepare students to work with children and families who are facing issues of abuse or neglect, or are involved in some way with the child welfare system. Students learn to assess abuse and neglect and to develop appropriate ways to work with the families and elements of the child welfare system. The certificate includes both classroom academic work and a specialized field internship. The program is a joint effort between the Schools of Social Work in Florida and the Department of Children and Families to improve services to children and their families.

**Related Minors:** Health Services Administration, Gerontology, Psychology, Sociology

**Acceptable Substitutes** for common program prerequisites if taken prior to transferring to UCF:

- COP 3502C*: any COP programming language course. However, COP 3502C is a prerequisite for Computer Sciences courses and may need to be taken.

- BSC 2010C*: any laboratory BSC, CHM, or PHY course. However this is a prerequisite for BSC 2011C and will need to be taken.
The Bachelor of Arts Degree is offered for students who do not plan to pursue the theatre as a profession. BA students may be interested in a Liberal Arts education or may eventually choose to pursue graduate studies in theatre.

**Admission Requirements**

- Entrance into most theatre classes is restricted to majors. Exceptions must be approved by the Department Chair.
- The departmental faculty evaluate students desiring to become majors via an interview, audition and portfolio review. For complete information, contact the Department of Theatre.

**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must maintain a minimum "C" (2.0) overall Theatre GPA to continue in the major
- Co-op or internship credit can not be used in this major
- Students must consult with a departmental advisor
- Departmental Residency Requirement consists of at least 30 semester hours of regularly scheduled courses taken from the UCF Theatre Department
· All theatre students must participate, in some capacity, on one of the three main-stage productions during both the Fall and Spring Semesters. Students failing to successfully participate will be placed on probation for one semester. Continued failure may result in being dropped as a major

· All Theatre students must include a participation credit course during every semester

The Bachelor of Fine Arts Degree is offered for students who, upon graduation, plan to pursue a specialized career in professional theatre. It provides the student with a very structured and intensive career preparation in either performance, stage management, or design/tech. The BFA is also an excellent degree for students who are interested in pursuing graduate studies in theatre. Work within the BFA program requires energy and dedication; therefore, other part-time study or outside employment is generally impossible. BFA standards are high, both for admission and for continuation in the program. Casting, crew, and design assignments are regulated to serve the artistic growth of students coordinating production experience with classroom exploration.

**Admission Requirements**

- Entrance into most theatre classes is restricted to majors. Exceptions must be approved by the Department Chair.
- The departmental faculty evaluates students desiring to become majors via an interview, audition, and portfolio review. For complete information, contact the Department of Theatre.
- A **performance major** must be interviewed and perform two three minute monologues of contrasting styles.
- **Performance majors** interested in musical theatre should prepare a ballad, with taped musical accompaniment, in addition to their monologues.
- Design/Tech track requires an interview and portfolio review.
- The portfolio should contain no more than fifteen examples of the student's best work representing a variety of mediums. Three-dimensional pieces can be submitted in slide format. For details, contact
the Department of Theatre.

· All students must submit a resume, black and white head shot, three letters of recommendation, and transcripts of previous college work at the time of interview

**Degree Requirements**

· Students who change degree programs and select this major must adopt the most current catalog.
· Students must maintain a minimum "B" (3.0) overall Theatre GPA to continue in the major
· Theatre grades of less than "C" (2.0) will not be counted
· Continuation in the BFA program requires a positive annual evaluation
· Co-op or internship credit can not be used in this major
· Students must consult with a departmental advisor
· Departmental Residency Requirement consists of 60 semester hours of regularly scheduled courses taken from the UCF Theatre Department
· All theatre students should participate, in some capacity, on two of the three main-stage productions during both Fall and Spring semesters. Students failing to successfully participate will be placed on probation for one semester. Continued failure may result in being dropped as a major
· All theatre students must include a participation credit course during every semester
· All BFA performance majors are required to audition for all Fall and Spring productions and must accept the rolls assigned
· Due to the conservatory nature, the BFA demands a closely integrated curriculum. Therefore, transfer students are not generally encouraged to pursue a BFA program. However, exceptionally talented students who have completed the General Education Program and the Common Program Prerequisites before transferring within the Florida Public University/Community College System may be admitted.
· Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

The Bachelor of Fine Arts Track in Musical Theatre has been developed to serve those students interested in a career in the entertainment industry and the musical theatre stage. It is offered for students who, upon graduation, plan to pursue a specialized career in professional theatre.

Because of its geographic location, UCF is a top choice for students interested in musical theatre. Disney, Universal, and the budding expansion of the arts in Central Florida make it necessary for students to receive advanced studies in acting, musical theatre voice, and dance.

Work within the BFA program requires energy and dedication; therefore, other part-time study or outside employment is generally impossible. BFA standards are high, both for admission and for continuation in the program. Casting, crew, and design assignments are regulated to serve the artistic growth of students coordinating production experience with classroom exploration.

Due to the revision of State Board of Education Rule 6A-5.066, specific upper level requirements and the total program hours were not finalized at the time this catalog was published. Resultant changes in upper level requirements will affect all new students except Florida public institution AA transfers admitted Fall 2000 and beyond, and will be in place by Fall 2002. Note: Students who entered in catalog years prior to 2000-01, who break catalog year, will be required to complete requirements in effect at the time they reenter the program. For specific program of study information, consult the College of Education website: http://www.edcollege.ucf.edu/ or the Office of Student Services (ED 109, 407-823-3723).

3. Specialization Requirements

This degree prepares people to be vocational teachers in schools, technical institutes or community colleges and technical trainers in business or industry. Consider this degree if:

a. you have a goal to teach an occupation to others or
b. train adults in a technical area or
c. provide general knowledge of a work area.

Additionally you may prefer this degree if:

a. you have years of work experience making you an “expert” in a field or
b. have achieved state or national certification, licensure or registration or
c. completed coursework in a specific area after high school.
The degree is built upon previous occupational specialization, or expertise in a specific work technical area. All upper division courses are on-line over the World Wide Web, thus you may participate in courses from anywhere in the world, with access to the Internet through a computer. Most students are adults with life’s responsibilities and are enrolled part-time. Visit the Website at http://reach.ucf.edu/~voced.

4. Directed Field Experience

This practicum is intended to be the culminating event in the BS degree. Students intern in settings appropriate to their professional goals such as schools, technical institutes, colleges, businesses and industries, and even on the Web. Faculty assist, support, and evaluate progress during the time allotted. Students can schedule the directed field experience over 1-2 semesters at 6-12 semester credit hours for each semester. Permission of your advisor is required for registration.

5. Foreign Language Requirements  (0-8 hrs)

State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

6. Departmental Exit Requirements

· Achieve a minimum 2.5 GPA in all courses within the major.
· Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices.

7. University Minimum Exit Requirements

· A 2.0 UCF GPA
· 60 semester hours earned after CLEP awarded
· 48 semester hours of upper division credit completed
· 30 semester hours in regular courses completed at UCF
· Complete the General Education Program, the Gordon Rule, the CLAST and nine hours of Summer credit (if applicable)

8. Total Semester Hours Required  To be determined
Transfer Notes:

Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida Public Community College are cautioned to pay careful attention to the General Education and Common Program Prerequisites sections because the revision of State Board of Education Rule 6A-5.066 has made programs highly prescriptive, which may result in additional coursework to satisfy degree requirements.
Minors, Certificates, and Study Abroad

Minors are authorized only for certification with baccalaureate degrees. Minors must be indicated on the Intent to Graduate card and must be certified at the same time as the student's baccalaureate degree. Unless a second baccalaureate degree is earned, certification will not be made at a later time even if additional courses have been completed.

If you plan to graduate with a minor, have that minor added to your audit during the Early Registration period. Contact the undergraduate records office of the college offering the minor for more information. All graduation requirements must be from a single UCF catalog for which a student is eligible. Minors offered are:

CHILDREN'S SERVICES: Certificate
College of Health and Public Affairs
School of Social Work, HPA 204
Mary Van Hook, 407-823-2114

The Children's Services Certificate is designed to prepare students to work with children and families who are facing issues of abuse or neglect, or are involved in some way with the child welfare system. Students learn to assess abuse and neglect and to develop appropriate ways to work with the families and elements of the child welfare system. The certificate includes both classroom academic work and
a specialized field internship. The program is a joint effort between the Schools of Social Work in Florida and the Department of Children and Families to improve services to children and their families.

GERONTOLOGY: Certificate

College of Health and Public Affairs

School of Social Work, HPA 204

Margaret Sauer, 407-823-2114

In recognition of the special needs of the elderly citizens of Central Florida, the University offers a fifteen hour interdisciplinary program leading to a Certificate in Gerontology. If you are a non-social work student and planning your internship, check with your department's coordinator to plan for an internship in gerontology. The gerontology coordinator will also provide information for placement opportunities. The program may be of particular interest to students who are majoring in health
sciences, psychology, social work, nursing, or sociology. Other students, such as those majoring in business, physical education, or art education may also find the program valuable.

**College of Arts and Sciences**

**Women's Studies Program, CNH 207A**

Cecilia Rodriguez Milanes, 407-823-6502,
email: cmilanes@mail.ucf.edu

The certificate program in Women's Studies is designed to provide students with a basic, working knowledge of gender roles and women's issues. The certificate program is open to both degree-seeking and non degree-seeking students, but should be particularly beneficial to students in professional degree programs who will serve women and/or girls as a client population, but whose elective hours are restricted.

Credit Hour Requirements 12 hours

Required Course: (3 hrs)
WST 3015 Introduction to Women's Studies 3 hrs

Restricted Electives (6-9 hrs)
See listing for minor. Certificate students are exempt from the distribution requirements and should select foundations courses that best complement their major area of study.

Internship Option: (0-3 hrs)
Internships required by a student's major degree program may count for credit toward the certificate, if placement is substantively related to women and/or women's issues.

Other Requirements
- A GPA of 2.0 or better is required in all courses used to satisfy the certificate.
- Grades below "C" (2.0) or "S" grades from other institutions are not accepted.
- At least 9 hours used in the certificate must be earned at UCF.
- No credit by exam (CLEP, TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study credit can not be used toward the certificate without approval of the program director.
- No more than one 2000 level course can be used toward the certificate.

ADDITIONAL UCF PROGRAMS

FOREIGN STUDY ABROAD: Program
College of Arts and Sciences
Foreign Languages and Literatures, CNH 201
The Department of Foreign Languages and Literatures has been offering a Summer Study program in Spain since 1972, in Italy since 1975, in Québec Canada since 1990, and in Germany since 1991. These programs are approved by the State of Florida Board of Regents and are offered annually. Credit courses are available in language at various levels. The programs are open to all students of the State University System of Florida and to others as well.

**Jonquières, Québec, Canada**
Jonquières is a modern city of 60,000 in the picturesque and mountainous Lac Saint-Jean region, about 120 miles north of Québec City. Students live with carefully selected French-speaking families, receive 6 hours or more of classroom instruction in French each weekday, and must pledge to speak French only at all times during the program. Courses in French language and civilization are offered at the intermediate and advanced levels, and all participants earn 8 credits. Educational weekend excursions and a number of socio-cultural activities are included. The program takes place during Summer A term.

**Koblenz, Germany**
Koblenz is a charming city located in one of the most picturesque regions of Europe, at the junction of the Rhine and Moselle rivers. Since France, Belgium and Luxemburg are very close, the city has always had an international flair. The program is housed at the University of Koblenz and offers courses in German language and civilization at the intermediate and advanced levels; all participants earn 8 credits. A number of spectacular excursions are included. This program takes place during Summer B term.

**Urbino, Italy**
The city of Urbino, on the slopes of the Eastern Appennines, is one of the major centers for the study of Renaissance art and architecture. The modern university sponsors a number of conventions of learned societies and cultural events in the summer. Courses in Renaissance art and modern Italian letters are given in English; language courses are conducted in Italian. A number of weekend excursions throughout central Italy are included. This popular program takes place during Summer B term.

**Madrid and Andalucía, Spain**
This program is intended for students who desire to begin or continue their study of Spanish language
and civilization. Students are housed with select Spanish families and earn 8-9 semester credits for the program. Language and literature courses are offered from the beginning through advanced levels. This intense learning experience includes a tour of Andalucía and its famed cities. The program takes place during Summer B term.

ENGLISH STUDY ABROAD: Program

College of Arts and Sciences

Department of English, CNH 301

english@ucf.edu

Anna Lillios, 407-823-2212, lillios@ucf.edu

The Department of English has established an exchange with University College Northampton (UCN) in England. Students may participate in the reciprocal-exchange program for a semester or a year. Credit courses are available in many different fields, besides English. The semester and yearlong programs are open to UCF students of all majors who have a 3.0 GPA.

Northampton, England, and Galway, Ireland

University College of Northampton is located in the heart of England one hour from London, Oxford, and Cambridge. Northampton is both an ancient county town and a prosperous modern city. The 100-acre campus has up-to-date classrooms and facilities that accommodate 10,000 students in over 100 degree programs. Students who study in England enroll at UCF and take a wide variety of courses for full credit at UCN.
Statewide Articulated A.S. TO B.S. Programs

The University offers five specialized degree programs for students who have graduated from a Florida Community College with an A.S. degree in one of the following five programs: Electrical Engineering Technology, Business Administration, Hospitality Management, Nursing, and Radiologic Technology. These programs were approved in the Fall of 1999 by the State Board of Education for implementation starting in Fall 2000. UCF is the only university in the State University System to implement all five of these articulation agreements.

Students who wish to transfer to UCF under the provisions of the statewide articulated A.S. to B.S. programs must meet specific criteria:

1. Students must graduate with the specific program and new A.S. degree in Fall 2000 or later.

2. Students may only transfer from the specific major to the specific major; e.g., Business Administration to General Business. One cannot, for example, transfer an A.S. in Business Administration to a B.S. in Accounting under this agreement.

3. Students who have graduated with an A.S. degree prior to Fall 2000, are not eligible to participate in these programs. The new community college A.S. degrees have slightly different requirements. Students who do not have the new A.S. should complete their general education at the community college and then transfer into the appropriate non-A.S. to B.S. program at UCF.

4. Students should write on the front of their application for admission to UCF, "A.S. - B.A./B.S." designating their desire to participate in the statewide articulation agreement.

5. UCF will allow students to complete the UCF required General Education courses at their community college while they are enrolled and working on their degree at UCF. However, students cannot be transient in their last 30 hours at UCF.

Applicants who qualify for this program are not guaranteed admission to the limited access programs in Nursing and Radiologic Sciences or programs that require specific grades on particular courses for admission.

Students should consult with their community college advisor when pursuing one of these programs to
make sure they have met all of the appropriate requirements for the degree, including the necessary General Education courses and common program prerequisites. Students are still required to complete all of the components of the Gordon Rule and CLAST prior to graduation from UCF. Students may be required to complete all common program prerequisites for these majors prior to enrollment in upper division course work. The total hours required for the General Education Program (GEP) will be 36 hours, excluding any necessary remediation.

Students admitted into these programs must meet the requirements as stated in the programs listed below. Students who change majors out of these programs must adopt the requirements of the most current catalog for the selected major, including the required UCF General Education Program.

Questions concerning the requirements of these majors should be referred to the appropriate academic department or the Director of Transfer Services, (407) 823-2231.

- Electrical Engineering Technology (B.S.EET) A.S to BSEET Track
- General Business (B.S.B.A.) A.S to BS Track
- Hospitality Management (B.S.) A.S. to B.S. Track
- Nursing (B.S.N.) A.S to BSN Track
- Radiologic Sciences (B.S.) A.S to BS Track
Common Course Numbering System

Classification of Courses

The University course numbering system is as follows:

0-0999  Subcollegiate level and not counted in meeting degree requirements.

1000-2999 Freshman and sophomore level courses and are designed primarily for these students.

3000-4999 Junior and senior level courses (upper-division) and are designed primarily for these and other advanced students. When approved for inclusion in an individual program of graduate study by a supervisory committee approved by the Office of Graduate Studies, selected 4000-4999 courses may serve the needs of individual graduate students.

5000-5999 Beginning graduate and advanced undergraduate level courses - open to graduate students and those seniors who receive approval of the appropriate Dean(s).

6000-6999 Courses open only to graduate students. (Seniors, within nine hours of graduation that have a minimum 3.0 GPA, and do not register for more than twelve hours may request college permission to take a 6000-level class.)

7000-7999 Doctoral-level courses.

Florida's Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's
Statewide Course Numbering System. This common numbering system is used by all public postsecondary institutions in Florida and by eighteen participating non-public institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have meaning in the Statewide Course Numbering System (SCNS). The list of course prefixes and numbers, along with their generic titles, is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "course equivalency profiles."

<table>
<thead>
<tr>
<th>Example of Course Identifier</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prefix</td>
</tr>
<tr>
<td>SYG</td>
</tr>
<tr>
<td>Sociology, General</td>
</tr>
</tbody>
</table>

**General Rule for Course Equivalencies**

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions. (Exceptions are listed below.)

For example, a survey course in social problems is offered by 31 different post-secondary institutions. Each institution uses "SYG _010" to identify its social problems course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "SYG" means "Sociology, General," the century digit "0" represents "Entry-Level General Sociology," the decade digit "1" represents "Survey Course," and the unit digit "0" represents...
In science and other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course, having the same prefix and course number without a lab indicator, which meets at a different time or place.

Transfer of any successfully completed course from one institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, SYG 1010 is offered at a community college. The same course is offered at a state university as SYG 2010. A student who has successfully completed SYG 1010 at the community college is guaranteed to receive transfer credit for SYG 2010 at the state university if the student transfers. The student cannot be required to take SYG 2010 again since SYG 1010 is equivalent to SYG 2010. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed which have not been designated as equivalent.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or sub-category of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

Authority for Acceptance of Equivalency Courses

State Board of Education Rule 6A-10.024(19), Florida Administrative Code, reads:

"When a student transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the common course designation and numbering system, the receiving institution shall award credit for courses satisfactorily completed at the previous participating institutions when the courses are judged by the appropriate common course designation and numbering system faculty task forces to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or non-public control of the previous institution. The award of credit may be limited to courses that are entered in the course numbering system. Credits so awarded shall satisfy institutional requirements on the same basis as credits awarded to native students."
Exceptions to the General Rule for Equivalency

The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution:

A. Courses in the _900-__999 series (e.g., ART 2905)
B. Internships, practica, clinical experiences, and study abroad courses
C. Performance or studio courses in Art, Dance, Theatre, and Music
D. Skills courses in Criminal Justice
E. Graduate courses
F. Courses not offered by the receiving institution

College preparatory and vocational preparatory courses may not be used to meet degree requirements and are not transferable.

Questions about the Statewide Course Numbering System and appeals regarding course credit transfer decisions should be directed to Dr. David R. Dees in Academic Services, MH 210, Phone 407-823-2691 or the Florida Department of Education, K-16 Articulation, 401 Turlington Building, Tallahassee, Florida 32399-0400. Courses Numbered 0-999

Depending upon previous background and test scores earned, individual students may be required to complete more than the minimum number of credits required for graduation in their respective programs. Courses numbered less than 1000 (Statewide Common Course Numbers) are sub-collegiate level and may not be counted in meeting degree credit hour requirements for graduation.

Special Courses

In addition to the regular courses listed in this catalog, special courses may be available. Students should consult their academic advisor for details.

\(^1\) The Special Graduate Courses are primarily for graduate students, but may be taken by advanced seniors with the consent of their deans.

\(^2\) Enrollment is limited to those students who are fully admitted to the Graduate Program.

\(^3\) Enrollment is limited to those students who are admitted into the Co-op program.

**Dual Usage of Credit Hours**

With the exception of 3 + 2 programs, courses used to meet the requirements of an undergraduate degree cannot typically also be used to meet the requirements of a graduate program. Students should contact their advisor or college for specific program requirements or additional information.

**UCF Course Description Legend**

**PR: (Prerequisite)** A course in which credit must be earned prior to enrollment in the listed course.

**CR: (Corequisite)** A course that must be taken concurrently with, or prior to, the listed course.

**CI: (Consent of the Instructor)**

**Hours Code**

Each course listed is followed by a code that shows hours of credit and contact hours.
Example: ENV 4121C EN-CEE 3(2,3)

ENV 4121C is offered by the College of Engineering (EN), in the Civil and Environmental Engineering (CEE) Department, carries 3 hours of credit but requires 5 contact hours which consist of 2 hours in class and 3 hours laboratory or field work.

**College/School/Department Indicator**

Following the course number for each course listed is an indicator denoting the college, school, and department responsible for the course. The college designators are AS = Arts & Sciences, BA = Business Administration, ED = Education, ECS = Engineering and Computer Science, HM = Hospitality Management, and HPA = Health and Public Affairs. Department indicators are listed below (by college):

**BFA Exhibit/Seminar:** PR: ART 2201C, ART 2203C, ART 2300C, ART 2301C, must complete Studio course for BFA. This course is designed to prepare B.F.A. students for B.F.A. Exhibition

**ART 4945** AS-ART 6(0,6)

**C.R.E.A.T. Project:** PR: ART 2201C, ART 2203C, ART 2300C, ART 2301C, FIL 4288C. A practicum in which specialists from Art, Film, Computer Science and other humanities design and develop a project in partnership with industry.

**ART 5109C** AS-ART 3(2,1)

**Multi-Cultural Crafts Design:** The content of this course will include an appreciation for and the production of Western and Non-Western art forms.

**ASH 3222** AS-HIST 3(3,0)

**Islam and Its Empires:** PR: Junior standing or C.I. History of the Middle East and North Africa from the birth of Islam to the 16th century.

**ASH 3223** AS-HIST 3(3,0)

**The Modern Middle East:** PR: Junior standing or C.I. History of the Middle East and North Africa from the 16th century to the present.

**ASH 4304** AS-HIST 3(3,0)

**Women in China:** PR: AMH 2010 and AMH 2020, or EUH 2000 and EUH 2001, or WOH 2012 and WOH 2022. Historical changes and continuities in experiences of Chinese women during the traditional period, the modern era and contemporary times.

**ASH 4404** AS-HIST 3(3,0)

**China in 19th and 20th Centuries:** PR: EUH 2000 and 2001 or C.I. The Mongols in China; coming of the Europeans; social structure; Communist movement; Japanese aggression.

**ASH 4442** AS-HIST 3(3,0)
Modern Japan, 19th and 20th Centuries: PR: EUH 2000 and 2001 or C.I. A survey of the Tokugawa Shogun-ate; Western contact in the 19th century; World War I; Japanese militarism; World War II; and U.S. occupation.

ASH 5408 AS-HIST 3(3,0)

Colloquium in Modern China: PR: Graduate standing, Senior status, or C.I. Course explores works of scholarship in modern China including the rise of Communism, Chinese women and Sino-American relations.

AST 2002 AS-PHYS 3(3,0)

Astronomy: Descriptive survey of solar system, galaxies and universe; physical properties of stars, H-R diagram, stellar evolution, black holes, neutron stars.

AST 2002H AS-PHYS 3(3,0)

Honors Astronomy: Same as AST 2002 with Honors level content.

AST 2002L AS-PHYS 1(0,3)

AST 2022 AS-PHYS 3(3,0)

Observational Astronomy: PR: AST 2002, PHY 2053C. Locating objects in the sky, use of telescopes and supporting astronomical equipment, and data collection and analysis.

AST 3110 AS-PHYS 3(3,0)

AST 3211 AS-PHYS 3(3,0)

AST 4501 AS-PHYS 3(3,0)

Celestial Mechanics: PR: PHY 2048, AST 2002. The orbital motions of celestial bodies, including orbit calculation, perturbation theory, and Hohmann transfer orbits.

AVM 2510 UCF-HOSP 3(3,0)

Airline Management: PR: Junior Standing. The trends, operation, practices, and procedures of the airline industry. Special emphasis on ticketing, scheduling, marketing, and terminal management.
Finding a Course in this List

The UCF courses in this section are listed alphabetically by prefix. Consult the "Common Course Numbering System" section of this Undergraduate Catalog for additional information.

Availability of Courses

The University does not offer all of the courses listed in this Undergraduate Catalog each academic year, semester, or term. Consult the online Class Schedule at http://ClassSchedule.ucf.edu for those courses offered each semester/term.

BCH 4053 AS-CHEM 3(3,0)

BCH 4054 AS-CHEM 3(3,0)

Biochemistry II: PR: BCH 4053. Continuation of BCH 4053.

BCH 4103L AS-CHEM 2(0,6)

Biochemical Methods: PR: BCH 4053. A laboratory course stressing the application of the chemical arts to the separation, identification, and quantification of materials of biological significance.

BOT 3152C AS-BIOL 3(1,4)

Local Flora: PR: BSC 2010C and BSC 2011C, or C.I. Recognition and identification of Florida higher plants, especially those common to central Florida, stressing environmental and ethnobotanical significance. Weekend field trips may be required.

BOT 3800 AS-BIOL 3(3,0)

Ethnobotany: PR: C.I. Historical and modern uses of plants economically important in various cultures. Designed for majors and non-majors.

BOT 3820C AS-BIOL 3(2,1)
Plants and the Urban Environment: PR: Junior standing or C.I. The selection, placement, propagation and care of ornamental plants in residential and industrial areas. For non-majors only.

**BOT 4156C** AS-BIOL 4(2,6)

**BOT 4223C** AS-BIOL 4(3,3)

Plant Anatomy: PR: BSC 2010C and BSC 2011C, or C.I. A study of development, structure and function of the principal organs and tissue of vascular plants.

**BOT 4303C** AS-BIOL 5(3,6)

Plant Kingdom: PR: BSC 2010C and BSC 2011C, or C.I. A survey of the plant kingdom utilizing comparative morphology, structure and functions to demonstrate relationships among extant and extinct forms.

**BOT 4503C** AS-BIOL 4(3,1-3)

Plant Physiology: PR: PCB 3023 or C.I. A Study of mechanisms used by plants to cope with the environment.

**BOT 4696C** AS-BIOL 4(3,3)

Conservation and Management of Native Plants: PR: BOT 4713C, PCB 3043 and/or BOT 4503C or C.I. Identification, conservation, propagation and management of Florida rare, endangered, indicator or reclamation species.

**BOT 4713C** AS-BIOL 5(3,6)

**BOT 5485C** AS-BIOL 3(2,3)

Terrestrial Cryptogams: PR: BOT 4303C or C.I. A lecture-laboratory survey course on the biodiversity and classification of terrestrial-cryptogams (bryophytes, ferns, and fern allies) with special emphasis on those found in Florida.

**BOT 5623C** AS-BIOL 4(3,3)

Plant Geography and Ecology: PR: PCB 3034 or C.I. The study of the abiotic and biotic processes that control the distribution of terrestrial flora at local, landscape, and global scales.

**BSC 1005** AS-BIOL 3(3,0)

Biological Principles: A study of various biological factors which affect the health and survival of man in modern society. Designed for non-majors.

**BSC 1005H** AS-BIOL 3(3,0)
Biological Principles-Honors: PR: Honors. Biological factors that affect dependence on the environment; the role of human population preserving ecological integrity.

**BSC 1005L** AS-BIOL 1(0,2)

Biological Principles Laboratory: CR: BSC 1005. The laboratory to accompany BSC 1005.

**BSC 1050** AS-BIOL 3(3,0)

Biology and Environment: Biological implications of the interaction among human society, population, and technology in relation to the environment and natural systems. Designed for non-majors.

**BSC 1050L** AS-BIOL 1(0,2)

Biology and Environment Laboratory: CR: BSC 1050. The laboratory to accompany BSC 1050.

**BSC 2010C** AS-BIOL 4(3,2)

General Biology: PR: High school biology or C.I. Basic principles, unifying concepts, and facts of modern biology. Introduction to quantitative biological experimentation. Open only to students whose major requires this specific course.

**BSC 2010H** AS-BIOL 4(3,3)

General Biology Honors: PR: Eligibility for Honors Program. Basic principles and unifying concepts of modern biology. Introduction to quantitative experiment-ation using intensive, open-ended labs.

**BSC 2011C** AS-BIOL 4(3,3)

Biological Diversity: PR: BSC 2010C or C.I. Introduction to botany and zoology. Structure, function, and representative groups of plants and animals. Open only to students whose major requires this specific course.

**BSC 3404C** HPA-M&M 4(2,4)

Quantitative Biological Methods: PR: BSC 2010C, MCB 3020C, CHM 2046. A laboratory course which presents modern methods and instrumentation used in quantitative biological experimentation.

**BSC 3404H** HPA-M&M 4(2,4)

Quantitative Biological Methods-Honors: A laboratory course which pre-sents the concepts, modern methods, tech-niques and instrumentation used in quan-titative biological and molecular biologi-cal experimentation. Honors level content.

**BSC 4101** AS-BIOL 3(3,0)

History of Biology: PR: BSC 2010C, BSC 2011C and 8 hours in biology or C.I. People and events involved in the development of major biological concepts and disciplines. Suitable for majors and non-majors.

**BSC 4312C** AS-BIOL 4(3,3)

BSC 4422L AS-BIOL 1-4(0,3-12)

Biology Laboratory Techniques: PR: PCB 3043, CHM 2210, or C.I. Individual and small group instruction in current laboratory techniques beyond the scope of typical Biology laboratories. May be repeated for credit, up to a maximum of 4 credits total. Graded "s" or "u."

BSC 5408L AS-BIOL 3(0,9)

Advanced Biology Laboratory Techniques: PR: BS degree, C.I. This course will emphasize those biological techniques and resources necessary for students about to begin thesis research. Individual and small group instruction in current laboratory techniques, literature searches, and hands-on practice of techniques will be stressed. May not be repeated for credit.

BSC 5817 AS-BIOL 3(3,0)

Biology for AP Teachers: Participants will perform and evaluate the 12 required labs, analyze the design and grading of the Exam, and develop a representative program.

BTE 4410 ED-IP 4(4,0)

Course Construction in Business Education: PR: EVT 3365 or C.I. An overview and examination of business curriculum and methodology integrated into the vocational frameworks. Planning and preparation of materials, managing the laboratory and involvement in vocational student organizations.

BUL 3130 BA-ACCT 3(3,0)

Legal and Ethical Environment of Business: PR: Junior standing. Analysis of the law as a dynamic social and political institution in the business environment, including ethical consider-ation. (Not open to Accounting majors).

BUL 3320 BA-ACCT 3(3,0)

Business Law I: PR: Junior Standing. Introduction to law; a social and political institution in the business environment. Analysis of statutory and common law principles involved in the formation, operation, and termination of recognized business organizations. Analysis of the effects of government regulation on business activity, including anti-trust and securities regulation.

BUL 3321 BA-ACCT 3(3,0)

Business Law II: PR: BUL 3320. Coverage of the Uniform Commercial Code; the law of commercial transactions, including sales, commercial paper, secured transactions and suretyship, contracts, wills and trusts, and property law.

BUL 4540 BA-ACCT 3(3,0)

BUL 5125     BA-ACCT     3(3,0)

Legal and Social Environment of Business: PR: Admission to graduate program. Analysis of the legal and ethical environment of business, the effects of legislation and regulation on business activity, and the role of law and ethics in the decision-making process.
CAP 4020  ECS-EECS  3(3,0)

**Digital Media:** PR: COP 3530C or C.I. Information structures, algorithms and interactive tools for creation, compression, storage, indexing and transmission of multimedia (visual images, sound, tactile displays, etc.) Project-oriented.

CAP 4021  ECS-EECS  3(3,0)

**Building Virtual Worlds:** PR: COP 3530C or C.I. Design and construction of software for networked interactive learning environments, entertainment and communication systems. Tools for enabling dramatic, artistic and technical creativity. Project oriented.

CAP 4453  ECS-EECS  3(3,0)

**Robot Vision:** PR: COP 3530C and MAC 2312, or C.I. Pin hole camera and eye, perspective and orthographic projections, the processing of edges, regions, motion, shading, texture, object; robot arm usage.

CAP 4630  ECS-EECS  3(3,0)

**Artificial Intelligence:** PR: COP 3530C. Current methods in AI: knowledge-based systems, representation, inference, planning, natural language. Programming in Lisp or Prolog required.

CAP 5015  ECS-EECS  3(3,0)

**Multimedia Compression on the Internet:** PR: seniors and graduate students with interest in internet
technology. Multimedia data; internet technology; entropy; compression methods; lossy compression; vector quantization; transform coding; wavelet video compression; model based compression.

**CAP 5415**   ECS-EECS   3(3,0)

**Computer Vision:** PR: COP 3530C. Image formation, binary vision, region growing and edge detection, shape representation, dynamic scene analysis, texture, stereo and range images, and knowledge representation.

**CAP 5512**   ECS-EECS   3(3,0)

**Evolutionary Computation:** PR: Graduate standing or C.I. This course covers the field of evolutionary computation, focusing on the theory and application of genetic algorithms.

**CAP 5610**   ECS-EECS   3(3,0)

**Machine Learning:** PR: CAP 4630 or C.I. Origin/evaluation of machine intelligence; machine learning concepts and their applications in problem solving, planning and "expert systems;" symbolic role of human and computers.

**CAP 5636**   ECS-EECS   3(3,0)

**Advanced Artificial Intelligence:** PR: CAP 4630. AI theory of knowledge representation, "expert systems," memory organization, problem solving, learning, planning, vision, and natural language.

**CAP 5725**   ECS-EECS   3(3,0)

**Computer Graphics Systems I:** PR: COP 3530C or equivalent. Architecture of graphics processors; display hardware; principles of programming and display software; problems and applications of graphic systems.

**CBH 3003**   AS-PSYCH   3(3,0)

**Comparative Psychology:** PR: PSY 2013. A study of comparative behaviors of lower animals.

**CCE 4003**   ECS-CEE   3(3,0)

**Introduction to the Construction Industry:** PR: Civil Engineering with construction option. The construction industry. Topics covered include: project evaluation, project phases, project delivery systems, contracts, estimating and scheduling. Also drawing and specifications.

**CCE 4004**   ECS-CEE   3(3,0)

**Construction Methods:** PR: EGN 3613 and junior standing. Construction project evaluation principles along with construction methods for civil and structural systems. May be repeated for credit.

**CCE 4031**   ECS-CEE   3(3,0)

**Construction Project Management:** PR: EGN 3613. Project management in the construction industry. Project financial evaluation on a life cycle basis. Essentials of project management such as estimating scheduling, contracts, and administration. May be repeated for credit.
CCE 4034   ECS-CEE   3(3,0)

Construction Estimating and Scheduling: PR: CCE 4003. This course covers construction project estimating and bidding and the preparation of construction schedules. This is followed by in-depth coverage of time and control.

CCE 4402   ECS-CEE   3(3,0)

Construction Equipment and Productivity: PR: CCE 4003, Junior standing. Selection of appropriate equipment based on operational parameters. Principles of construction productivity measurement and analysis. Discrete event simulation. May be repeated for credit.

CCE 4813   ECS-CEE   4(4,0)

Mechanical and Electrical Systems for Buildings: PR: CCE 4003 or C.I. Design and construction of mechanical and electrical systems for buildings.

CCJ 3004   HPA-CJ/LS   3(3,0)

Careers in Criminal Justice: PR: CCJ 3024. Introductory course with focus on components of the Criminal Justice process (law enforcement, courts, and corrections) and employment opportunities within the criminal Justice system.

CCJ 3014   HPA-CJ/LS   3(3,0)

Crime in America: A survey of crime and criminality in the United States, with emphasis on crime data, its weaknesses, and types of criminal behavior.

CCJ 3024   HPA-CJ/LS   3(3,0)

Criminal Justice System: An examination of the components and of their interdependence in light of their traditional autonomy.

CCJ 3058   HPA-CJ/LS   3(3,0)

Origins of Criminal Justice: PR: CCJ 3024. Study of criminal justice system evolution. Focus on developments contributing to the institutions and practices of the American criminal justice system.

CCJ 3072   HPA-CJ/LS   3(3,0)

CJ Information Technology and Data Management: PR: CCJ 3024. Designed to familiarize with concepts of databases, uses, and applicability to crime analysis.

CCJ 3123   HPA-CJ/LS   3(3,0)

CCJ 3204   HPA-CJ/LS   3(3,0)

Criminal Law in Action: Basic concepts of criminal law: elements of major crimes, criminal responsibility, defenses, and parties to crime.
Prosecution and Adjudication: PR: CCJ 3024 or PLA 3013 or C.I. Examination of structures and goals of offices and prosecution and criminal trial courts, and of the processes of charging, adjudicating, and sentencing defendants.

Prisons and jails: PR: CCJ 3306. An overview and analysis of issues in institutional corrections, focussing on prison and jail history, inmates, guards, administration and management, and programming.

Community-Based Corrections: PR: CCJ 3024 and CCJ 3306 or C.I. An overview and analysis of correction interventions and treatment programs in the community.

Correctional Interventions in Criminal Justice: PR: CCJ 3014. Intervention techniques used with juvenile and adult offenders in institutional and community-based settings and study of the theoretical foundations.

The Criminal Justice Manager: PR: CCJ 3024 or C.I. Elements of first-line supervision and executive development. Administrative leadership; its nature; methods, and traits. Recent theories and research in leadership.

Justice System Technology: PR: CCJ 3024 or C.I. Examination of the relevance of scientific and technological developments to justice systems and their applicability to the operations and management of the systems.

Labor Relations in Criminal Justice: PR: CCJ 3024 and CCJ 3450 or C.I. Examine the role of public sector labor relations in criminal justice to include management-employee relationships, collective bargaining process, employee organizations, and federal-state laws.

Honors Juvenile Offenders: An Integrative Perspective: PR: C I. To provide students with an integrative understanding of the social, psychological, and legal dynamics evident in processing juvenile offenders.
CCJ 3667  HPA-CJ/LS  3(3,0)

Victims and the CJ System: PR: CCJ 3024. Course examines Victims as they affect the Criminal Justice system, the dimensions of criminal victimization, and victim offender programs.

CCJ 4035  HPA-CJ/LS  3(3,0)

Crime and the Media: PR: CCJ 3024 or C.I. Explore how the criminal justice system, criminals, and crime are portrayed in the media and its impact on society and the criminal justice system.

CCJ 4075  HPA-CJ/LS  3(3,0)

Crime Analysis I: PR: CCJ 4152. Provides the essential data analysis skills necessary to effectively analyze crime, understand crime data structures and the problems inherent in crime data.

CCJ 4076  HPA-CJ/LS  3(3,0)

Crime Analysis II: PR: CCJ 4152, CCJ 4075. Designed to provide advanced data analysis skills that will enable a crime analysis sophisticated methodologies to crime analysis.

CCJ 4100  HPA-CJ/LS  3(3,0)

Criminal Investigation: PR: CCJ 4105. Course acquaints students with basic Procedures used in Criminal investigations, purpose of investigations, and ingredients for successful investigations.

CCJ 4105  HPA-CJ/LS  3(3,0)

Police and Society: PR: CCJ 3024. An examination of the varied roles of police in contemporary society. Emphasis is on dynamics of police/citizen interactions and the police subculture.

CCJ 4140  HPA-CJ/LS  3(3,0)

Community Policing: PR: CCJ 3014, CCJ 4105. The viability of community policing. The theoretical basis for community interventions are related to the daily operations required by community policing

CCJ 4152  HPA-CJ/LS  3(3,0)

Crime and Place: PR: CCJ 3024. Provides an understanding of how physical environmental features - the natural and built environment - influences crime events.

CCJ 4233  HPA-CJ/LS  3(3,0)

Legal Aspects of Policing: PR: CCJ 4105. The legal dimensions of various police decision-making stages; including stops and frisks; arrests; searches and seizures wiretappings; and, interrogations

CCJ 4270  HPA-CJ/LS  3(3,0)

Legal Aspects of the Criminal Court Process: PR: CCJ 3290. The legal dimension of various criminal court decision making stages, including; bail; charging; preliminary hearing; grand jury; pretrial hearings plea hearings; trial; and, sentencing

CCJ 4293  HPA-CJ/LS  3(3,0)

CCJ 4361   HPA-CJ/LS   3(3,0)

Death Penalty: PR: CCJ 3024. This course provides students an opportunity to analyze and discuss complex issues surrounding the death penalty and the criminal justice system.

CCJ 4454   HPA-CJ/LS   3(3,0)

Policy Development in Law Enforcement: PR: CCJ 4105. The course is designed to deal with policy development in law enforcement. Major issues of organization, administration, personnel practices and police operations will be addressed.

CCJ 4459   HPA-CJ/LS   3(3,0)

Justice Agency Operations: PR: CCJ 3024 and CCJ 3450 or C.I. Elements, functions, and processes essential to the continuing management of various criminal justice agencies, institutions and court systems.

CCJ 4463   HPA-CJ/LS   3(3,0)

Cultural Diversity in Criminal Justice: PR: CCJ 3024. This course focuses on the problems and issues associated with race, ethnic and gender relations in the administration of justice in a democratic society.

CCJ 4484   HPA-CJ/LS   3(3,0)

Liability Issues in Criminal Justice: PR: CCJ 3024. Student of fundamental concepts found in civil law with an emphasis on civil liability regarding criminal justice practices.

CCJ 4486   HPA-CJ/LS   3(3,0)

Criminal Justice Ethics: Focuses on the ethical issues and problems commonly encountered in the criminal justice system (policy courts and corrections).

CCJ 4540   HPA-CJ/LS   3(3,0)

Delinquency Control: PR: CCJ 3024 and CCJ 3290 or C.I. Examination of programs and institutions including juvenile court process, intake services, and remedial procedures and practices.

CCJ 4615   HPA-CJ/LS   3(3,0)

CCJ 4616   HPA-CJ/LS   3(3,0)

Criminal Profiling in Criminal Justice: PR: CCJ 3014. Examines criminal profiling undertaken by law enforcement and prosecution authorities which consists of gathering, reviewing and analyzing evidence pertaining to violent crimes.

CCJ 4630   HPA-CJ/LS   4(4,0)
**Comparative Justice Systems:** PR: CCJ 3024 and CCJ 3290 or C.I. A survey of contemporary foreign criminal justice and differences emerging from various political, cultural and legal systems.

**CCJ 4641** HPA-CJ/LS  3(3,0)

**Organized Crime:** An examination of organized crime, including structures, history and activities, and of issues surrounding efforts to define and control it.

**CCJ 4644** HPA-CJ/LS  3(3,0)

**White Collar Crime:** PR: CCJ 3014 and CCJ 3024. Classic definitions and statements on white collar crime concepts, concepts and criminal activities, types of fraud, investigations, environmental crime, and corporate crime.

**CCJ 4651** HPA-CJ/LS  3(3,0)

**Drugs and Crime:** Focuses on the problems of drugs and drug control in contemporary society. Students will examine the problems of drugs in our society as well as specific strategies used by criminal justice agencies to prevent and control illicit drug use.

**CCJ 4661** HPA-CJ/LS  3(3,0)

**Terrorism:** PR: CCJ 3024 and CCJ 4105 or C.I. An examination of competing ideologies of a variety of social and political conflicts (both international and domestic) that give rise to terrorism and of the implications for the criminal justice system.

**CCJ 4670** HPA-CJ/LS  3(3,0)

**Women and Crime:** This course covers women in criminal justice as offenders and prisoners, as well as crime victims and professionals working in the system.

**CCJ 4681** HPA-CJ/LS  3(3,0)

**Domestic Violence and the Justice System:** PR: CCJ 3024. Study of the nature and causes of forms of domestic violence, pertaining to laws, prevention strategies, and justice system response.

**CCJ 4690** HPA-CJ/LS  3(3,0)

**Sex Offenders and the Criminal Justice System:** PR: CCJ 3024. Provides students a better understanding of how the criminal justice system deals with sex offenders and their offenses.

**CCJ 4701** HPA-CJ/LS  3(3,0)

**Research Methods in Criminal Justice:** Overview of the social science research methodology used in criminal justice, covers the major forms of research designs used by social science and evaluates their strengths and weaknesses.

**CCJ 4907H** HPA-CJ/LS  3(3,0)

**Criminal Justice Research Methods Honors:** PR: CCJ 3024. Overview of the social science research methodology used in criminal justice, covers the major forms of research designs used by social science and evaluates their strengths and weaknesses. Honors level content.
CCJ 4941    HPA-CJ/LS    6-9(0,12-3)

Criminal Justice Internship: PR: C.I. Internship in municipal, county, state or federal criminal justice agency. Includes assignments in police, courts, corrections components.

CCJ 5015    HPA-CJ/LS    3(3,0)

The Nature of Crime: This course provides an overview of major dimensions of crime in the U.S.; epidemiology of crime, costs of crime, and typologies of crime and criminals.

CCJ 5040    HPA-CJ/LS    6(6,0)

International Perspectives on Law and Justice: PR: C.I. or graduate standing. Examination of the legal and criminal justice systems of other nations and territories through lecture, seminar, research and field visits.

CCJ 5073    HPA-CJ/LS    3(3,0)

Data Management Systems for Crime Analysis: PR: graduate standing or C.I. This course is designed to provide the conceptual basis, understanding, and skills necessary for complex crime data manipulation.

CCJ 5105    HPA-CJ/LS    3(3,0)

CCJ 5305    HPA-CJ/LS    3(3,0)

Foundations of Corrections: PR: C.I. Provides an overview of correctional process in U.S., including philosophical foundations and contemporary practices.

CCJ 5406    HPA-CJ/LS    3(3,0)

Research and Technology Implementation: Changing roles of social and physical sciences as related to the objectives and administration of public safety agencies.

CCJ 5456    HPA-CJ/LS    3(3,0)

The Administration of Justice: This course provides an overview of the criminal justice system and a critical analysis of formal and informal processing of offenders by criminal justice agencies.

CCJ 5467    HPA-CJ/LS    3(3,0)

Justice and Safety System Manpower: Processes essentials to administration to human resources in criminal justice and public safety agencies; structure and processes for acquisition, training, and maintenance of personnel.

CCJ 5704    HPA-CJ/LS    3(3,0)

Research Methods in Criminal Justice: An examination of the philosophy and techniques of research as applied in the Criminal Justice field.
CDA 3101 ECS-EECS 1(1,0)

**Introduction to Data Communications:** I/O processing, DMA, interrupts, asynchronous and synchronous data communications, serial communication standards, modems, and protocols.

CDA 3103C ECS-EECS 3(3,1)

**Computer Organization:** PR: COP 2500C. Combinational logic, arithmetic circuits, sequential logic design, finite state machine design, software tools for logic design, and assembly language programming.

CDA 4150 ECS-EECS 3(3,0)

**Computer Architecture:** PR: COP 3402C and CDA 3103C. Basic processor design, hardwired and microprogrammed control, ALU, memory organization, pipelining, I/O and computer arithmetic.

CDA 5106 ECS-EECS 3(3,0)

**Advanced Computer Architecture I:** PR: CDA 4150. Instruction set architectures, processor implementation, memory hierarchy, pipelining, computer arithmetic, vector processing, and I/O.

CDA 5110 ECS-EECS 3(3,0)

**Parallel Architecture and Algorithms:** PR: COT 4210, CDA 5106. General-purpose vs. special-purpose parallel computers; arrays, message-passing; shared-memory; Taxonomy; parallelization techniques; communication synchronization and granularity; parallel data structures; automatic program restructuring.

CDA 5215 ECS-EECS 3(3,0)

**Architecture and Design of VLSI:** PR: CDA 4150 or equivalent. Overview of VLSI technology. Logical design of basic subsystems; integrated system design tools; design of a VLSI computer system.

CDA 5501 ECS-EECS 3(3,0)

**Computer Communication Networks Architecture:** PR: CDA 4150. Computer networks, layers, protocols and interfaces, local area networks networking.

CDA 5530 ECS-EECS 3(3,0)

**Performance Models of Computers and Networks:** PR: senior standing or beginning graduate student. Performance Models of Computer Systems and Networks using probability models and discrete event simulations. Queuing Theory and modeling tools.

CEG 3301 ECS-CEE 3(3,0)

**Engineering and Environmental Geology:** PR: EGN 3310 and CHS 1440 or equivalent. Principles of physical geology, with emphasis on engineering and environmental topics. Study of land forms, geologic maps, geologic structure, weathering, groundwater, mass wasting, and earthquakes.

CEG 4101C ECS-CEE 4(3,2)

CEG 4801C ECS-CEE 3(2,2)

Geotechnical Engineering Design: PR: CEG 4101C. Project course on design of foundations and other soil structures using geotechnical design methodologies.

CEG 4812 ECS-CEE 1(1,0)

Historical Developments in Civil Engineering: Seminar covering major historical developments in civil engineering.

CEG 5015 ECS-CEE 3(3,0)

Geotechnical Engineering II: PR: CEG 4101C. Continuation of CEG 4101C with emphasis on shear strength and design factors for earth pressures, bearing capacity, and slope stability.

CEG 5700 ECS-CEE 3(3,0)

Geo-Environmental Engineering: PR: CEG 4101C. Geotechnical applications to environmental problems, groundwater flow, soil contamination and groundwater contaminate transport, geosynthetics and stability of landfill design, control of contaminated sites.

CEN 4020 ECS-EECS 3(3,0)

Component-based Engineering Software: PR: EEL 4851C, EEL 4882. In-depth treatment of component-based software development including analysis design and implementation of correct and reusable software in different component levels

CEN 5016 ECS-EECS 3(3,0)

Software Engineering: PR: COP 4020 and knowledge of Ada. Study of design techniques for large software systems, modularization, task assignment, management techniques, implementation techniques, testing, quality control, documentation, and maintenance.

CES 4100 ECS-CEE 3(3,0)

Structural Analysis I: PR: EGN 3331. Topics in structural mechanics, energy methods, analysis of determinate and indeterminate structures by flexibility and stiffness methods.

CES 4101 ECS-CEE 3(3,0)

Structural Analysis II: PR: CES 4101. Special structures; introduction to matrix structural analysis, dynamic loads including wind and earthquake.

CES 4130L ECS-CEE 1(0,3)

Structures Laboratory: PR: EGN 3331; CR: CES 4100. Laboratory exercises on the behavior of structures and structural materials.

CES 4605 ECS-CEE 3(3,0)
Steel Structures: PR: CES 4100. Design of structural steel members and buildings; emphasis on AISC-ASD building code; introduction to AISC-LRFD building code; tension and compression members, beams, beam-columns, connections.

CES 4608C  ECS-CEE  3(2,2)

Steel Design: PR: CES 4605. Project course on design of steel components, connections, and frame structures using AISC specifications.

CES 4702  ECS-CEE  3(3,0)

Reinforced Concrete Structures: PR: CES 4100 or C.I. Design of RC members using ACI code; beam flexure and shear; compression bending; bond and development; introduction to continuous frames.

CES 4709C  ECS-CEE  3(2,2)

Concrete Design: PR: CES 4702. Project course on design of concrete structures using concrete and structural analysis methodologies.

CES 5325  ECS-CEE  3(3,0)

Bridge Engineering: PR: CES 4605; CES 4702. Structural systems for bridges, loading, analysis by influence lines, slab and girder bridges, composite design, prestressed concrete, rating of existing bridges, specifications and economic factors.

CES 5606  ECS-CEE  3(3,0)

Advanced Steel Structures: PR: CES 4605. Behavior and design of steel buildings; emphasis on AISC-LRFD building code; complex connections, tension members, stability of compression members, laterally unsupported beams, frames, and beam columns.

CES 5706  ECS-CEE  3(3,0)

Advanced Reinforced Concrete: PR: CES 4702 or C.I. Design of frames, two-way floor systems, shear walls; shear and torsion; compression field theory; inelastic analysis; wind and seismic design; introduction to prestressed concrete.

CES 5821  ECS-CEE  3(3,0)

Masonry and Timber Design: PR: C.I. Structural properties of masonry and timber; design loads-codes and standards; analysis for axial loads, flexure and shear

CET 2123C  ECS-ENT  3(2,3)

Microprocessor Electronics I: PR: MAC 1105. Introduction to micro-processors. Includes machine language programming, an introduction to micro-processor-based system architecture, and binary and hexadecimal arithmetic.

CET 2364  ECS-ENT  3(3,0)

Systems Applications in C: PR: MAC 1105. Use of C language in control of system processes, DOS
and BIOS interrupts, and interfacing with assembly language.

CET 3144C   ECS-ENT   3(2,2)

**Applied Microprocessor Technology:** PR: DC Circuit Analysis, Digital and Microprocessor Fundamentals, and high level programming language. Analysis and design of the components, architecture, and interfacing of a micro-computer. Specific reference to IBM compatible microcomputers and peripherals. Troubleshooting and repair are emphasized in the laboratory.

CET 3198C   ECS-ENT   4(3,2)

**Digital Systems:** PR: DC Circuits and Digital Circuits 1. Finite State Machines and Algorithmic State Machines, includes design, synthesis and implementation of a digital system using schematic capture and VHDL.

CET 3323C   ECS-ENT   4(3,2)

**Digital Technology:** PR: MAC 1105 and C.I. Digital logic gates, memory devices, Karnaugh Maps, combinational logic, arithmetic units, registers and sequential logic.

CET 3383   ECS-ENT   3(3,0)

**Applied Systems Analysis I:** PR: CET 2364 or equivalent. Study of system analysis, design, development and implementation cycle. Includes Object Oriented Programming (OOP) to implement system programs.

CET 3503   ECS-ENT   3(3,0)

**Microcomputer Technology I:** PR: CET 2123C and high level programming language. Microcomputer assembly programming, including overview of architecture and operating system environment.

CET 3752   ECS-ENT   3(3,0)

**Intro to Telephony:** PR: EET 3085C or equivalent or C.I. An introductory level course in telephony technology. The telephony environment, telemanagement, telephony connectivity and services of telephony.

CET 4134C   ECS-ENT   4(3,2)

**Microprocessor Electronics II:** PR: Digital Circuits I. The MC6800 software architecture programming and hardware architecture are covered in great detail. Assembly language programming, interfacing, and hardware characteristics as well as applications are covered.

CET 4138   ECS-ENT   4(3,2)

**Digital Programmable Devices:** PR: CET 3198C or equivalent and C.I. Architecture and applications of various types of programmable logic devices. Design entry methods, e.g. HDL, schematic capture, etc. Lab exercises using PALS, PLDs, and FPGSs.

**Honors Introduction to Computer Science:** PR: Admission to Honors Program. History, number systems, control and data flow, peripheral components, memory devices, effects of computers on

CGS 2100C ECS-EECS 3(2,1)

Spreadsheet Concepts: PR: CGS 1060C. Advanced techniques of spreadsheets, charts, macros, objects, database features and data analysis tools.

CGS 2515 ECS-EECS 3(3,0)

CGS 2545C ECS-EECS 3(2,1)

Desktop/Internet Publishing: PR: CGS 1060C or equivalent. Principles and techniques of page layout and formatting for documents and newsletters, presentation techniques, construction of web pages and design of integrated websites.

CGS 2585C ECS-EECS 3(2,1)

Internet Applications: PR: CGS 1060C. HTML coding, using images, sound and animation, advanced text formatting, forms and CGS scripts, introduction to javascript.

CGS 3175 ECS-EECS 3(3,0)

Computer Architecture Concepts: PR: CGS 1060C. CPU organization, current computer architectures, network file servers. (Same as CGS 3266/3267/3268)

CGS 3269 ECS-EECS 3(3,0)

CGS 3285 ECS-EECS 3(3,0)

CGS 4140 ECS-EECS 3(3,0)

Computerized Health Information Systems: PR: CGS 2100C or equivalent. Analysis of computerized health information systems, with emphasis upon the design and implementation phases. On-site visitations of several local computerized health information systems. Not open to Computer Science majors.

CGS 5131 ECS-EECS 3(3,0)

Computer Forensics I: Seizure and Examination of Computer Systems: PR: Graduate Computer
Science status or C.I. Legal issues regarding seizure and chain of custody. Technical issues in acquiring computer evidence. Popular file systems are examined. Reporting issues in the legal system.

**CGS 5132   ECS-EECS   3(3,0)**

**CGS 5310   ED-IP   3(3,0)**

**Computer-Based Educational Systems:** PR: COP 4020 or equivalent. The design and implementation of computer-based educational systems. Selected projects using high-level programming languages.

**CHI 1120   AS-LANG   4(4,1)**

**Elementary Chinese Language and Civilization I:** Designed to initiate the student to the major language skills: listening, speaking, reading and writing.

**CHI 1121   AS-LANG   4(4,1)**

**Elementary Chinese Language and Civilization II:** PR: CHI 1120 or equivalent. Continuation of CHI 1120.

**CHI 1140H   AS-LANG   4(4,0)**

**Honors Elementary Chinese Language and Civilization I:** PR: Honors students or C.I. Introduces the student to Chinese culture through the major language skills: Listening, speaking, reading and writing. Open only to students with no experience in the language. Honors level content.

**CHI 1141H   AS-LANG   4(4,0)**

**Honors Elementary Chinese Language and Civilization II:** PR: Honors student or C.I. Continuation of CHI 1140H

**CHM 1020   AS-CHEM   3(3,0)**

**Concepts in Chemistry:** PR: MAC 1105 or MGF 1106. Concepts will be examined to provide insight into the significant role that chemistry plays in our culture. Intended as a general education course.

**CHM 1032   AS-CHEM   3(3,0)**

**General Chemistry:** PR: MAC 1105, MGF 1106 or equivalent. An introductory study of the fundamental concepts of chemistry, primarily oriented toward COH and PA majors.

**CHM 1032L   AS-CHEM   1(0,3)**

**General Chemistry Laboratory:** CR: CHM 1032. An introductory study of physical and chemical properties of elements and compounds.

**CHM 2045C   AS-CHEM   4(3,1)**
Chemistry Fundamentals I: PR: High school chemistry or CHM 1032. Basic physical theory of chemical reactivity, atomic structure, chemical bonding, periodicity, stoichiometry, equilibria, thermodynamics, and kinetics.

CHM 2045H AS-CHEM 4(3,1)

Honors Chemistry Fundamentals I: PR: High school chemistry and admission to University Honors Program. Same as CHM 2045C with honors-level content.

CHM 2046 AS-CHEM 3(3,0)

Chemistry Fundamentals II: PR: CHM 2045C. Continuation of CHM 2045C.

CHM 2046H AS-CHEM 3(3,0)

Honors Chemistry Fundamentals II: PR: CHM 2045C Honors. Same as CHM 2046 with honors-level content.

CHM 2046L AS-CHEM 1(0,3)

Chemistry Fundamentals Laboratory: PR: CHM 1032 or CR: CHM 2046. Illustration of chemical principles and introduction to the techniques of inorganic and physical chemistry.

CHM 2046LH AS-CHEM 1(0,3)

Honors Chemistry Fundamentals Lab: PR: CHM 2045CH and CR: CHM 2046H. Illustration of chemical principles and introduction to the techniques of inorganic and physical chemistry with honors-level content.

CHM 2205 AS-CHEM 5(5,0)

Introduction to Organic and Biochemistry: PR: CHM 1032 or equivalent. An introduction to organic chemistry, stressing the chemistry of functional groups and a survey of the biochemistry of proteins, carbohydrates, lipids, and nucleic acids.

CHM 2210 AS-CHEM 3(3,0)

CHM 2211 AS-CHEM 3(3,0)

CHM 2211L AS-CHEM 2(0,6)

Organic Laboratory Techniques I: PR: CHM 2210. An introduction to the laboratory techniques of organic chemistry, including the preparation, reaction, and analysis of organic compounds.

CHM 3120C AS-CHEM 5(3,6)

Analytical Chemistry: PR: CHM 2046, 2046L. Laboratory practices of classical and instrumental
Choice of preferred analytical methods and techniques is emphasized through applications involving both inorganic and organic systems.

CHM 3212L AS-CHEM 2(0,6)

Organic Laboratory Techniques II: PR: CHM 2211 and CHM 2211L. Open-end laboratory to develop synthesis techniques and structure elucidation skills.

CHM 3410 AS-CHEM 4(3,1)

Physical Chemistry I: PR: CHM 2046, PHY 2049, and MAC 2312. Rigorous treatment of atomic and molecular structure, thermodynamics, kinetics, and chemical bonding.

CHM 3411 AS-CHEM 3(3,0)

Physical Chemistry II: PR: CHM 3410. Continuation of CHM 3410.

CHM 3411L AS-CHEM 2(0,6)

Physical Chemistry Laboratory: PR: CHM 3120C and CR: CHM 3411. Classical as well as modern instrumental techniques coupled with computer data processing to measure physical properties and determine atomic and molecular parameters.

CHM 4130C AS-CHEM 4(2,6)

Advanced Analytical Laboratory Technique: PR: CHM 2211, CHM 3120C and CHM 3411. A lecture-laboratory course designed to give in-depth coverage to modern methods of analysis including electrochemistry, spectroscopy, and separation techniques.

CHM 4220 AS-CHEM 3(3,0)

Organic Chemistry III: PR: CHM 2211 or its equivalent. Organic reaction mechanisms and retrosynthetic analysis and their application to synthetic chemistry.

CHM 4610 AS-CHEM 3(3,0)

CHM 4610L AS-CHEM 2(0,6)

Inorganic Chemistry Laboratory: PR: CHM 4610. A study of physical and chemical properties and synthetic techniques in Inorganic Chemistry.

CHM 4615 AS-CHEM 3(3,0)

Environmental Chemistry: PR: CHM 2046, senior level in biological, molecular, chemical or engineering sciences, or C.I. Principles of environmental chemistry, survey of environmental law, remediation technologies, industrial practices and environmentally responsible chemistry.

CHM 4930 AS-CHEM 1(1,0)

Undergraduate Chemistry Seminar: PR: CHM 3411. A topic of current chemical interest will be
CHM 5225  AS-CHEM  3(3,0)

**Advanced Organic Chemistry:** PR: CHM 2211. Theoretical and physical organic concepts of organic systems from the perspective of modern structural theory, thermodynamics, and kinetics.

CHM 5235  AS-CHEM  3(3,0)

**Applied Molecular Spectroscopy:** PR: CHM 3120C and CHM 2211. Determin-ation of chemical structure through inter-pretation of UV, IR, NMR and Mass Spectra.

CHM 5305  AS-CHEM  3(3,0)

**Applied Biological Chemistry:** PR: CHM 2211. The identification from plants, synthesis, assessment of bioactivity, and design of pharmaceuticals and agrochemicals, as well as the impact of biotechnology in the chemical industry.

CHM 5450  AS-CHEM  3(3,0)

**Polymer Chemistry:** PR: CHM 2211. An introduction to the chemistry of synthetic polymers. Synthetic methods, polymeri-ization mechanisms, characterization techniques, and polymer properties will be considered.

CHM 5451C  AS-CHEM  3(1,5)

**Techniques in Polymer Science:** PR: CHM 2211 and CHM 3410. A laboratory and lecture course designed to introduce students to the major polymerization mechanisms along with polymer characterization and processing methods using modern instrumentation.

CHM 5580  AS-CHEM  3(3,0)

**Advanced Physical Chemistry:** CR: 3411 and PR: MAC 2313. Selected topics of thermodynamics, kinetics, quantum mechanics, and structure.

CHM 5711  AS-CHEM  2(2,0)

**The Chemistry of Materials:** PR: CHM 2211, CHM 4130C, and CHM 3411. Structure and properties of chemical products, with an emphasis on the correlation between molecular form and the functional properties deemed desirable for the product.

CHS 1440  AS-CHEM  4(3,1)

**Fundamentals of Chemistry for Engineers:** PR: One year of high school chemistry or CHM 1032. Basic concepts of chemistry, with emphasis on problem solving and engineering applications. Atomic and molecular structure, states of matter, stoichiometry, equilibria, electrochemistry and thermodynamics.

CHS 3501  AS-CHEM  3(3,0)

**Introduction to Forensic Science:** PR: 'C' grade or better in CHM 2046 & L, or C.I. Intended for majors and non-majors to provide an overview of the specialty areas in Criminalistics (crime lab).
Forensic Microscopy: PR: 'C' grade or better in CHM 2046 & L, PHY 2054C and CHS 3501. The study of the polarized light microscope and its use in the identification and comparison of trace evidence.

Trace Evidence: PR: 'C' grade or better in CHS 3505C. An advanced study of the techniques used to identify and compare trace evidence.

Forensic Analysis of Controlled Substances: PR: 'C' grade or better in CHM 3120C, CHM 3410, CHM 2211 & L and CHS 3505C. The study of the presumptive tests, isolation, and instrumental techniques used in identification of controlled substances.

Forensic Biochemistry I: PR: 'C' or better in BSC 2010C, PCB 3063 & L, and PCB 3233 & L. Introduction to the concepts and procedures of contemporary forensic biochemistry, including the identification of body fluids and the use of genetic markers to establish identity.

Fire and Debris Analysis I: PR: CHM 3120C and C.I. A lecture/laboratory course covering the procedures for recovering and identifying flammable liquids in fire related evidence.

Forensic Science in the Courtroom: PR: CHS 3501. The special needs of the forensic scientist in preparing for and participating in courtroom proceedings.

Cooperative Education in Chemistry: PR: Departmental permission required before registering. Cooperative education experience in chemistry. May be repeated. Graded S/U.

Concepts in Industrial Chemistry: PR: CHM 3410. An introduction to industrial practices, emphasizing the application of chemical principles in the development of a commercial process or product.

Forensic Investigation Technology: PR: CHS 3501, CHS 3505C. Modern technology applied to forensic investigation.

for evidence interpretation.

CHS 4541C  AS-CHEM  2(1,3)

Fire and Debris Analysis II: PR: CHS 3540C or C.I. An advanced lecture/ laboratory course
covering the procedures for recovering and identifying flammable liquids in real fire related evidence.

CHS 4591  AS-CHEM  4(0,40)

Forensic Science Internship: PR: Senior standing, within 8 hrs. of completion of degree
requirements, and 2.5 overall GPA. Credit for full-time work (15 weeks; 600 hours) for a professional
forensic laboratory. This course may be repeated for credit.

CJT 3803  HPA-CJ/LS  3(3,0)

Security Management: PR: CCJ 3024. Examination of a global security manage-ment environment
impacted by downsiz-ing a dramatically changing work force, religious extremism/terrorism,
technolog-ical revolution and other challenges.

CJT 3804  HPA-CJ/LS  3(3,0)

Security Administration: Discussion of modern security administration and the security-law
enforcement interface, emphasizing a systems approach and utilizing the design of a security plan for
a plant.

CJT 3819  HPA-CJ/LS  3(3,0)

Physical Security: PR: C.J. major or minor or C.I./CCJ 3024. Concepts and procedures for the
development, implementation, and management of a physical security program and its application to
assets protection.

CJT 3821  HPA-CJ/LS  3(3,0)

Practical Security Applications: An examination of basic security principles applied to practical
specific security situations encountered in the Central Florida area.

CJT 3842  HPA-CJ/LS  3(3,0)

Special Security Problems: Review and application of basic security principles to retail security,
transportation/cargo security, utility security, computer security, and other special security situations.

CJT 4843  HPA-CJ/LS  3(3,0)

Risk Management in Criminal Justice/Private Security: PR: CJT 3804. This course examines the
concept of risk management in a criminal justice context.

CLA 3850  AS-PHIL  3(3,0)

Classical Mythology: Myths of the Greeks & Romans studied through excerpts from ancient sources
and experienced through works of art, literature, and music.

CLA 3851  AS-PHIL  3(3,0)
Comparative Mythology: Common themes found in the myths of various cultures; theories of their origins, meaning and value in human experience.

CLP 3143 AS-PSYCH 3(3,0)

Abnormal Psychology: PR: PSY 2013 and PPE 3003. Classification, causation, and treatment of deviant patterns of behavior.

CLP 3302 AS-PSYCH 3(3,0)

Clinical Psychology: PR: PPE 3003 and CLP 3143. An overview of approaches to psychopathology, methods of clinical assessment, and various approaches to individual and group counseling.

CLP 3413 AS-PSYCH 3(3,0)

Contemporary Behavior Therapy: PR: CLP 3143. Emphasis on the underlying principles and the specific intervention procedures which are utilized in contemporary behavior therapy, including treatment strategies for particular behavior disorders.

CLP 3467C AS-PSYCH 3(2,2)

Interpersonal Effectiveness and Group Psychotherapy: PR: PSY 2013. Psychological aspects of interpersonal relationships, the rationale for group therapy, and strategies for enhancing interpersonal skills and personal growth.

CLP 4134 AS-PSYCH 3(3,0)

CLP 4402C AS-PSYCH 3(2,2)

CLP 5004 AS-PSYCH 3(3,0)

Psychology of Adult Adjustment: PR: C.I. A survey of situations encountered during adulthood, including marriage, birth, parenthood, trauma, illness, death, etc. Effective adjustment.

CLP 5166 AS-PSYCH 3(3,0)

Advanced Abnormal Psychology: Consideration of classification, causation, management and treatment of emotional disorders. Review of theories and research in the field. Lecture/Laboratory.

CLP 5187 AS-PSYCH 3(3,0)

Mental Health and Aging: PR: Post-bac or Graduate standing or C.I. Introduction to assessment and intervention issues, practice and research related to problems with cognitive and emotional functioning among older adults. May be repeated for credit.
CMC 4240 AS-R/TV 3(1,2)

Corporate/Institutional Video: PR: RTV 3200, RTV 3260C (RTV 3260 may be taken concurrently). Preparation of non-broadcast corporate/institutional video programs including planning, budgeting, production, and evaluation.

COM 3011C AS-COMM 3(1,2)

Communication and Human Relations: PR: COM 3311. Introduction to semantics; symbols and meaning and the relationship with human behavior.

COM 3110 AS-COMM 3(3,0)

Business and Professional Communication: PR: Majors only, SPC 1600C or C.I. Theoretical and practical training in effective presentational speaking for business and professions.

COM 3120 AS-COMM 3(3,0)

Organizational Communication: PR: COM 3311. A study of communication functions and problems within the contexts of hierarchies.

COM 3311 AS-COMM 3(3,0)

Communication Research Methods: PR: STA 2023 and either COM 3701, or COM 4014, or COM 4461 or SPC 3301. Investigation of research methods used in communication. Understanding and interpretation of original research emphasized.

COM 3330 AS-COMM 3(3,0)

Computer Mediated Communication: PR: RTV 4403, MMC 3311, and RTV major. Digital media communities, synchronous and asynchronous computer-mediated communication forums are placed within the context of mass communication theory, media ecology and CMC theory.

COM 3701 AS-COMM 3(3,0)

Humor in Communication: Designed for upper division organizational and interpersonal communication majors, course probes the involvement of humor in language, message transmission, cognition, and social functioning.

COM 4014 AS-COMM 3(3,0)

Gender Issues in Communication: PR: SPC 1600 and Junior Standing. A study of how communication exchanges, both verbal and non-verbal, differ between men and women, and how these differences are manifested.

COM 4461 AS-COMM 3(3,0)

Intercultural Communication: Study of variables affecting messages and participants in intercultural contexts.

COM 4462 AS-COMM 3(3,0)
Conflict Management: PR: COM 3311. The study of communication in everyday conflicts.

COP 2200 ECS-EECS 3(3,0)

Computer Programming: PR: College algebra and trigonometry or equivalent. Problem definitions, algorithms, flow charts, digital computer programming using a higher level language (FORTRAN). Not open to Computer Science Majors.

COP 2500C ECS-EECS 4(3,1)

Concepts in Computer Science: Fundamental concepts in program design, data structures, algorithms, analysis and a survey of topics in CS. Not open to Computer Science majors.

COP 3223 ECS-EECS 3(3,0)

C Language: C Language: Programming in C through pointers and pointer arithme-tic standard C language subroutine: lib-raries, lectures and experience in using C.

COP 3330 ECS-EECS 3(3,0)

Object Oriented Programming: PR: COP 3223. Object oriented programming concepts (classes, objects, methods, encapsulating, inheritance, interfaces) and the expression of these concepts in the programming languages such as JAVA

COP 3346 ECS-EECS 3(3,0)

Unix Programming: PR: Knowledge of a high level language. Unix file system, shells, shell programming, filters and program development in Unix.

COP 3402C ECS-EECS 3(2,1)

COP 3502C ECS-EECS 3(3,0-1)

Computer Science I: PR: MAC 1105, Knowledge of high level programming language. Problem solving techniques, order analysis and notation, abstract data types, and recursion; ethical, moral and social issues in computing.

COP 3502H ECS-EECS 3(3,0)

Honors Computer Science I: PR: MAC 1105, knowledge of a high level program-ming language. Problem solving tech-niques, order analysis and notation, abstract data types, and recursion; ethical, moral and social issues in computing.

COP 3503C ECS-EECS 3(3,0-1)

Computer Science II: PR: COP 3502. CR: COT 3100C. Continuation of Com-puter Science I. Introduction to object-oriented design, data structures, traversal techniques and program correctness.

COP 3503H ECS-EECS 3(3,0-1)
Honors Computer Science II: PR: COP 3502H, CR: COT 3100C. Continuation of Honors Computer Science I. Object oriented design, data structures, traversal techniques and program correctness.

COP 3530C  ECS-EECS  3(3,0-1)

Computer Science III: PR: COP 3503C and passing score on foundation exam. Algorithm design and analysis for tree, list, set, relational and graph data models; effects of representation on algorithmic complexity. Introduction to parallel implementations.

COP 4020  ECS-EECS  3(3,0)

Programming Languages I: PR: COP 3530C. Survey of programming languages (LISP, MODULA, SIMULA, SMALLTALK, ADA, CLU). Basic concepts underlying programming languages: data typing, data abstraction, binding, parameter evaluation, concurrency, functional programming.

COP 4232  ECS-EECS  3(3,0)

Software Systems Development I: PR: COP 3530C. The principles, process and methods for developing large software systems using Object-Oriented programming languages.

COP 4233  ECS-EECS  3(3,0)

Software Systems Development II: PR: COP 4232 or COP 4331. The principles, processes, and methods for developing large software systems. A team-oriented project is required.

COP 4331  ECS-EECS  3(3,0)

Object-Oriented Paradigms: PR: COP 3402, COP 3530C. Object-oriented (00) analysis of problems; design and implementation of 00 solutions. Principles and practices associated with environments and languages to support the 00 paradigm.

COP 4520  ECS-EECS  3(3,0)

Concepts of Parallel and Distributed Processing: PR: COP 3530C, COP 3402. Parallel and distributed paradigms, architectures and algorithms, and the analytical tools, environments and languages needed to support these paradigms.

COP 4521  ECS-EECS  3(3,0)

Projects in Parallel and Distribution Processing: PR: COP 4520. Research and projects related to emerging architectures, computational models, languages and environments for parallel and distributed computation.

COP 4600  ECS-EECS  3(3,0)

Operating Systems: PR: COP 3402C and COP 3530C. The function and organization of operating systems, process management, virtual memory, and file management.

COP 4601L  ECS-CEE  3(0,3)

Operating Systems Laboratory: PR: COP 3503C. CR: EEL 4882. Exercises in the configuration, development, management and analysis of operating systems; OS Kernel support for semaphores and
multi-tasking; security in a distributed heterogeneous environment.

COP 4710 ECS-EECS 3(3,0)

Database Systems: PR: COP 3530C. Storage and access Structures, database models and languages, related database design, and implementation techniques for database management systems.

COP 4910 ECS-EECS 3(3,0)

Frontiers in Information Technology: PR: EEL 4XXX (OS LAB), CET 4741L. Research into leading edge information technologies that have a high likelihood of affecting the work place in the two to five year time frame.

COP 5021 ECS-EECS 3(3,0)

COP 5530 ECS-EECS 3(3,0)

Network Optimization: PR: Graduate standing in Computer Science or Computer Engineering. Recent advances in the theory and computational techniques for optimal design and analysis of large networks for computers, communications, transportation, web and other applications.

COP 5570 ECS-EECS 3(3,0)

Software Tools: PR: COP 4600 and COP 5021. Systems programming languages, concurrent programming, design and implementation of software development/maintenance tools. A large programming project is required.

COP 5611 ECS-EECS 3(3,0)

Operating Systems Design Principles: PR: COP 4600. Structure and functions of operating systems, process communication techniques, high-level concurrent programming, virtual memory systems, elementary queuing theory, security, distributed systems, case studies.

COP 5711 ECS-EECS 3(3,0)

Parallel and Distributed Database Systems: PR: COP 4710. Storage manager, implementation techniques for parallel DBMSs, distributed DBMS architectures, distributed database design, query processing, multidatabase systems.

COT 3100C ECS-EECS 3(3,1)

Introduction to Discrete Structures: PR: MAC 1105, MAC 1114. Logic, sets, functions, relations, combinatorics, graphics, Boolean algebras, finite-state machines, Turing machines, unsolvability, computational complexity.

COT 3100H ECS-EECS 3(3,0)

Honors Introduction to Discrete Structures: PR: MAC 1105, MAC 1114. Logic, sets, functions,
relations, combinatorics, graphics, Boolean algebras, finite-state machines, Turing machines, unsolvability, computational complexity.

COT 3960 ECS-EECS 0(1,0)

CS Foundation Exam: PR: COP 3502C AND COP 3100C. Foundation examination for computer science majors. Required before taking COP 3530C, and COP 3402C and other 4000 level courses. Graded S/U.

COT 4110 ECS-EECS 3(3,0)

COT 4210 ECS-EECS 3(3,0)

Discrete Computational Structures: PR: Admission to major or C.I., and COT 3100, MAC 3312. Review of discrete structures, introduction to automation theory, computational complexity, analysis of algorithms, computability theory, and formal languages.

COT 4500 ECS-EECS 3(3,0)

COT 4810 ECS-EECS 3(3,0)

Topics in Computer Science: PR: COP 3530C AND COP 3402C. A range of topics from the field of Computer science; application of oral and written communication skills; social, ethical and moral issues of computing.

COT 5310 ECS-EECS 3(3,0)

Formal Languages and Automata Theory: PR: COP 4020 and COT 4210. Classes of formal grammars and their relation to automata, normal forms, closure properties, decision problems. LR(K) grammars.

COT 5405 ECS-EECS 3(3,0)

COT 5507 ECS-EECS 3(3,0)

Computational Methods/Applications: PR: COT 4500. Computational solution techniques for algebraic equations, ODE and PDE Models of applications selected from science, engineering, applied mathematics, and computer science.

COT 5510 ECS-EECS 3(3,0)

Computational Methods/Linear Systems: PR: COT 4500 and MAS 3113. Mathematical models for
linear systems, linear programming, the simplex method, integer and mixed-integer programming, introduction to nonlinear optimization and linearization.

COT 5520   ECS-EECS   3(3,0)

**Computational Geometry:** CR: COT 5405. Geometric searching, point location, convex hulls, proximity problems, Voronoi diagrams, spanning trees, triangulation, intersection arrangement applications.

CPO 3034   AS-POLS   3(3,0)

**Politics of Developing Areas:** Comparative analysis of theories, problems and politics of development in Third World nations.

CPO 3103   AS-POLS   3(3,0)

**Comparative Politics:** PR: POS 2041 or C.I. Government and politics in selected nations, with emphasis upon comparative analysis of contemporary problems, politics, political culture, behavior, and institutions.

CPO 3104   AS-POLS   3(3,0)

**Politics of Western Europe:** PR: POS 2041 or C.I. An examination of the political and economic dynamics of Western Europe in the post-1945 era.

CPO 3132   AS-POLS   3(3,0)

**Canadian Studies:** A multi-disciplinary approach to the study of Canada, its people, culture, government, and economy.

CPO 3403   AS-POLS   3(3,0)

**Politics of the Middle East:** PR: POS 2041 or C.I. An examination of the dynamics of Middle East politics, including both regional and international dimensions.

CPO 3614   AS-POLS   3(3,0)

**Politics of Eastern Europe:** PR: POS 2041 or C.I. An examination of the political and economic dynamics of Eastern Europe in the post-1945 era.

CPO 4062   AS-POLS   3(3,0)

**Comparative Judicial Process:** Study of courts and judges in cross national context. Focus upon judicial recruitment, decisional patterns, and policy outcomes.

CPO 4074   AS-POLS   3(3,0)

**Political Economy:** PR: Junior standing or C.I. Interrelationship of political and economic phenomena of both advanced industrial societies and less developed countries.

CPO 4123   AS-POLS   3(3,0)

**Government and Politics of Great Britain:** A survey of British government, society, politics and
institutions, emphasizing parliamentary traditions. Britain's foreign policy and European role will be discussed.

CPO 4303 AS-POLS 3(3,0)

**Comparative Latin American Politics:** Comparative analysis of politics, society and culture in Latin America and selected countries of the region.

CPO 4643 AS-POLS 3(3,0)

**Government and Politics of Russia:** Study of the origins, institutions, and functioning of the Russian system, including the lingering influence of the old order on domestic and foreign policy.

CPO 4710 AS-POLS 3(3,0)

**Women in Comparative Politics:** PR: Junior standing or C.I. A cross-national perspective on women and politics; how women behave politically in various political and economic contexts.

CPO 5334 AS-POLS 3(3,0)

**Contemporary Politics of the Mayan Region:** PR: Senior, post-bac or graduate status. Analysis of issues affecting all peoples living in the contemporary Mayan region of southern Mexico, Belize, Guatemala, and El Salvador.

CRT 4931 ECS-ENT 3(3,0)

**Current Topics in Technology:** PR: C.I. Study of recent state-of-the-art computer related topics from recognized electronics and computer oriented technical journals and texts. Requires written and verbal communication.

CRW 1001 AS-ENG 3(3,0)

**Imaginative Writing for Non-English Majors:** An introduction to imaginative writing for non-English majors. Students will explore a variety of traditional and non-traditional forms of imaginative writing.

CRW 2100 AS-ENG 3(3,0)

**Fiction Writing:** PR: CRW 3013. English majors in creative writing specialize in fiction writing; advanced group analysis and criticism of work produced by individual students.

CRW 2300 AS-ENG 3(3,0)

**Theory and Practice of Poetry Writing:** PR: CRW 3013, English or English major, Junior standing, or C.I. English majors in creative writing specialize in the theory and practice of verse; group analysis and criticism.

CRW 3013 AS-ENG 3(3,0)

**Creative Writing for English Majors:** PR: ENC 1102 and English or English Education major, Junior standing, or C.I. The theory and techniques of literary genres; practice and critique of original writing by peers; critical reading of established authors.
**CRW 3120**  AS-ENG  3(3,0)

**Fiction Writing Workshop:** PR: CRW 2100, CRW 3013 and Junior standing. An intermediate level fiction writing workshop for English majors; group analysis and criticism; close reading of contemporary fiction and fiction theory.

**CRW 3211**  AS-ENG  3(3,0)

**Creative Nonfiction Writing:** PR: CRW 3013 and English or English Ed major or C.I. Writers present original nonfiction writing for class response and individual conferences. Close reading of key works of creative nonfiction with discussion of definitions of the genre.

**CRW 3310**  AS-ENG  3(3,0)

**Poetry Writing Workshop:** PR: CRW 3013, CRW 2300 and Junior standing. An intermediate level poetry workshop for English majors. Group analysis and criticism; close reading of contemporary poetry and poetic theory.

**CRW 3311**  AS-ENG  3(3,0)

**Structure of Verse:** PR: ENC 1102. Intensive study of the structural characteristics of English, poetry, metrical systems, rhyme, scansion, and poetic rhetorical devices.

**CRW 3410**  AS-ENG  3(3,0)

**Writing Scripts:** PR: CRW 3013 or C.I. Theory and practice of writing scripts for film and TV.

**CRW 3540**  AS-ENG  3(3,0)

**Literary Magazines:** PR: CRW 3013. Examination of fiction and poetry trends in current literary magazines, identifying editorial policies in publication of contemporary literature.

**CRW 4114**  AS-ENG  3(3,0)

**History of Prose Style:** PR: ENC 1102. A review of English prose style from 1611 to 1960.

**CRW 4122**  AS-ENG  3(3,0)

**Advanced Fiction Writing Workshop:** PR: CRW 3120. Intensive writing practice in fiction. Peer critique and group discussion of original manuscripts. May be repeated once for credit.

**CRW 4123**  AS-ENG  3(3,0)

**Science Fiction Writing:** PR: CRW 3013. Study of science fiction literature and writing of original science fiction stories. Workshop format with critique of writing assignments.

**CRW 4224**  AS-ENG  3(3,0)

**Advanced Nonfiction Workshop:** PR: CRW 3013 and CRW 3211 (or equivalent and permission based on submission of manuscript). A study of advanced creative nonfiction, through intensive reading, writing, and workshop. The genre draws upon memory, observation, and techniques of fiction, poetry, and journalism.
Advanced Poetry Writing Workshop: PR: CRW 2300. Intensive writing practice in poetry. Peer critique and group discussion of original manuscripts. May be repeated once for credit.

Graduate Writing Workshop: Student writers present their own work, receiving detailed analysis of its strengths and weaknesses from their fellow writers and from the teacher.

Form and Theory of Nonfiction: PR: Admission the M.A. program in English or Honors in the Major status. Studies in literary nonfiction from three perspectives: the critic, the practicing writer, and the theorist. Reading includes memoir, personal essay, criticism, and theory.

Teaching Creative Writing: PR: C.I. Creative writing practicum. May be repeated for credit.

Hydrology: PR: STA 3032; CWR 3201. Hydrological cycle, probabilistic forecasting, rainfall excess meteorology, groundwater, storm-water runoff, flood routing and design applications.

Hydraulics: PR: CWR 3201 Continuation of CWR 3201 with emphasis on piping networks, pumps, and hydraulic systems. Laboratories with civil and environmental engineering applications.

Water Resources Design: PR: CWR 4101C; CWR 4203C. Project course for the design of storm water and sewer transmission systems using local and state regulations.

Water Resources Engineering: PR: CWR 4101C, CWR 4203C. Systems identification and solution to complex water allocation problems, and other hydraulic engineering designs and operations using economic analysis and operations research techniques.

DAA 2100 AS-THEA 3(2,2)

Theatre Modern Dance: PR: DAA 2200C & DAA 2201C or C.I. Exploration of form, style, and technique in creative movement. Includes practical class work and history lectures.

DAA 2200C AS-THEA 3(2,2)

DAA 2201C AS-THEA 3(2,2)

DAA 2520 AS-THEA 3(2,2)

Theatre Tap Dance: Exploration of form, style, and technique in the basic fundamental movements of tap dance. May be repeated for credit.

DAA 2540 AS-THEA 3(2,2)

Theatre Dance: PR: DAA 2200C, DAA 2201C or C.I. Specialized study of Theatre Dance styles of the 1920s to the 1980s. Demonstration and performance of students highlighting segments of
Broad-way shows. May be repeated for credit.

**DAA 2570C**  AS-THEA  3(2,2)

**Theatre Jazz Dance:** PR: DAA 2200C, TPP 2170C, B.F.A. performance/musical Theatre major. Introduction of the basic movements of American Jazz Dance, including practical class work and Jazz Dance history.

**DAA 2571C**  AS-THEA  3(2,2)

**Theatre Jazz Dance II:** PR: DAA 2570C, B.F.A. musical Theatre major. In-depth study of Jazz Dance as a major style of dance, using theory and practice in jazz technique.

**DAA 2640**  AS-THEA  3(2,2)

**Theatre Dance Choreography and Performance:** PR: By audition. Students will create and present a piece choreographed and performed by other dancers in concert. May be repeated for credit.

**DAE 3370**  ED-HSW  3(1,2)

**Dance and Rhythmics:** The development of skill proficiency and instructional strategies in rhythmics and dance techniques, and fundamental movement patterns for grades K-12.

**DEP 2004**  AS-PSYCH  3(3,0)

**Developmental Psychology:** PR: PSY 2013. The effects of genetic, psychological, maturational, and social factors on behavior throughout the life cycle.

**DEP 3202**  AS-PSYCH  3(3,0)

**Psychology of Exceptional Children:** PR: PSY 2013. Psychological problems of exceptional children, including diagnosis, associated emotional problems, effects of institutionalization, special class placement, attitudes, and appropriate intervention methods.

**DEP 3464**  AS-PSYCH  3(3,0)

**Psychology of Aging:** PR: PSY 2013. An examination of basic psychological processes related to the aging process, with emphasis on the applied implications of changes in perceptual-motor, social emotional and cognitive-intellectual functioning.

**DEP 5057**  AS-PSYCH  3(3,0)

**Developmental Psychology:** PR: Graduate admission or C.I. Psychological aspects of development including intellectual, social, and personality factors.

EAB 3703 AS-PSYCH 4(3,2)

Principles of Behavior Modification: PR: EXP 3404. An examination of the control of behavior through applications of principles and theories of learning. Examples are drawn from clinical and social psychology and from child rearing. Lecture/Practicum.

EAB 3704 AS-PSYCH 3(3,0)

EAB 5765 AS-PSYCH 3(3,0)

Applied Behavior Analysis with Children and Youth: PR: DEP 5057 and EXP 5445 or C.I. Advanced survey of principles, procedures, and techniques of applied behavior analysis, with special attention to applications with children and youth.

EAS 3010 ECS-MMAE 1(0,3)

Fundamentals of Aerospace Flight: PR: Sophomore standing. The history of human flight. Introduction to atmospheric flight and space flight. Guest speakers/ field trips to aerospace facilities; laboratory experience.

EAS 3101 ECS-MMAE 3(3,0)

over aerodynamic shapes. Theories include potential flow concepts and classical methods as they apply to airfoils, finite wings, etc.

**EAS 3404C**  ECS-MMAE  3(2,3)

**EAS 3530**  ECS-MMAE  3(3,0)

**EAS 3800C**  ECS-MMAE  3(2,3)

**Aerospace Engineering Measurements:** PR: EGN 3343 and EML 3601. Theory, calibration and use of instruments. Measurement techniques, data analysis, report writing. Laboratory topics related to aerospace engineering.

**EAS 3810C**  ECS-MMAE  2(1,3)

**Design of Aerospace Experiments:** PR: EAS 3800C and EML 3701. Extension of EAS 3800C. Design of experiments in aeronautic/aerospace systems with emphasis on project team activity.

**EAS 4105**  ECS-MMAE  3(3,0)

**Flight Mechanics:** PR: EAS 3101 and EML 3312C. Analysis of aircraft performance, static and dynamic stability and automatic control systems. Design for performance, handling, and stability.

**EAS 4134**  ECS-MMAE  3(3,0)

**High-Speed Aerodynamics:** PR: EGN 3343, EML 3701, EAS 3800C. Continuation of EAS 3101. Normal and oblique shock waves, nozzles and wind tunnels, methods of analyzing compressible flow about airfoils, wings, and bodies. Viscous boundary layers and applications to the design process.

**EAS 4200**  ECS-MMAE  3(3,0)

**Flight Structures:** PR: EML 3034 and EML 3601. Load analysis and fundamental design of structural components of aircraft and space vehicles. Classical and modern computer techniques using fatigue analysis and finite element methods.

**EAS 4210**  ECS-MMAE  3(3,0)

**Space Structural Dynamics:** PR: EAS 4200 and EML 3312C. Analytical mechanics and linear system theory. Modern approach to control of lumped parameter systems. Review of space structure applications. Use of finite element methods.

**EAS 4300**  ECS-MMAE  3(3,0)

**Aerothermodynamics of Propulsion Systems:** PR: EAS 4134 or EML 4703. Fundamental analysis and design considerations of propulsion systems. Turbojets, ramjets and rockets.
Spacecraft Attitude Dynamics: PR: EML 3312C. Kinematics and dynamics of rigid and multibody spacecraft rotational motion. Attitude control with momentum exchange actuators and thrusters.

Aerospace Design I: PR: EAS 3810C. Application of the design process to the team solution of a state-of-the-art problem. Airplanes and space vehicles, systems and devices are considered.

Aerospace Design II: PR: EAS 4700C. Continuation of the design process in the team building and testing of a prototype/model of an airplane, spacecraft, system or device.

Direct Energy Conversion: PR: EML 3101 and EML 4142. Direct methods of energy conversion; particular emphasis on fuel cells, thermoelectrics, thermonions, solar energy, photovoltaics and magneto-hydrodynamics. Analysis and systems design.

Mechatronic Systems: PR: EML 3804C or EAS 3404C. Discrete control techniques for aerospace mechatronic systems. Controller design, test and evaluation applications.

ECM 5741C  ECS-EECS  3(2,3)

**Microcomputer-based Monitoring and Control Systems:** PR: EEL 3342; EEL 4767C or C.I.
Machine language programming; software development aids; systems design; interfacing considerations.

ECO 2013  BA-ECON  3(3,0)

**Principles of Economics I:** An introduction to macroeconomics, including an overview of the market economy; national income, employment, and price level determination, stabilization policies, and international economics.

ECO 2013H  BA-ECON  3(3,0)

**Honors Principles of Economics I:** PR: Open to Honor Students only. Same as ECO 2013 with honors-level content.

ECO 2023  BA-ECON  3(3,0)

**Principles of Economics II:** The determination of prices in a market economy; their role in allocating consumer and producer goods and in distributing incomes, including attempts to improve market efficiency through public policy.

ECO 3101  BA-ECON  3(3,0)

**Intermediate Price Theory:** PR: ECO 2013 and ECO 2023. Theoretical study of the behavior of households, firms, and the markets in which they operate with issues and applications.

ECO 3203  BA-ECON  3(3,0)

**Aggregate Economic Conditions Analysis:** PR: ECO 2013 and ECO 2023. A study of the measurement, analysis, and control of aggregate economic activity.

ECO 3223  BA-ECON  3(3,0)

**Money and Banking:** PR: ECO 2013. Nature of money, commercial banking system, and monetary theory, and their relationship to the level of economic activity and activities of the Federal Reserve and U.S. Treasury.

ECO 3401  BA-ECON  3(3,0)

**Quantitative Business Tools I:** PR: ECO 2023, MAC 1105. Introduction to mathematical and statistical analysis of economics and business problems.

ECO 3411  BA-ECON  3(3,0)

**Quantitative Business Tools II:** PR: Junior standing, ECO 2013, ECO 2023, and ECO 3401. The use of statistical methods as scientific tools in the analysis of economics and business problems.

ECO 3622  BA-ECON  3(3,0)

ECO 3703      BA-ECON      3(3,0)

ECO 3723      BA-ECON      3(3,0)

International Commercial Policy: PR: ECO 2013 and ECO 2023. Presents the fundamentals of international commercial policy, with special emphasis on U.S. trade policy since WW II.

ECO 4302      BA-ECON      3(3,0)

Economics of the Environment: PR: ECO 2013, ECO 2023, or C.I. Provide fundamental insights into the interdependence between energy use, environmental quality, and the economy at both the microeconomic and macroeconomic level.

ECO 4303      BA-ECON      3(3,0)

ECO 4412      BA-ECON      3(3,0)

ECO 4451      BA-ECON      3(3,0)

Research Methods in Economics: PR: ECO 3401 and ECO 3411. Provide skills in data collection and creation, data analysis, and research presentation.

ECO 4504      BA-ECON      3(3,0)

Economics of the Public Sector: PR: ECO 2023. A study of fiscal institutions and decision-making, and how government budgetary policy (spending, taxing, borrowing, and debt management) affects the economy and its citizens.

ECO 4701      BA-ECON      3(3,0)

ECO 4941      BA-ECON      3(3,0)

Economics Internship: PR: Economics or General Business major; consent of department chair. Supervised economics-related work experience in a pre-approved sponsoring organization. See department for information/application. Grade is "S" or "U".

ECO 5005      BA-ECON      3(3,0)

Economic Concepts: PR: Acceptance into the graduate program. Introduction to micro and macroeconomic analysis.
ECO 5415  BA-ECON  3(3,0)

**Statistics for Business and Economics:** PR: Acceptance into the graduate program and MAC 2233. Statistical theory and problems relating to business and economics, including time series and correlation theory, index number theory and statistical inference.

ECP 3004  BA-ECON  3(3,0)

ECP 3203  BA-ECON  3(3,0)

**Contemporary Labor Economics:** PR: ECO 2013 and ECO 2023. The analysis of labor problems and issues in a dynamic contemporary economy through the interaction of the four major institutions: households, firms, government, and unions.

ECP 3433  BA-ECON  3(3,0)

**Transportation Economics:** PR: ECO 2013 and ECO 2023. Economic characteristics and governmental regulation of public carriers. Consideration of competitive relations between modes of transportation and criteria for public investment in transportation and criteria of public investment in transportation systems.

ECP 4403  BA-ECON  3(3,0)

**Business, Government, and Industrial Organizations:** PR: ECO 2013 and ECO 2023. A study of the performance of industries representative of various types of market structure and practices, as well as the public policies affecting these industries.

ECP 4603  BA-ECON  3(3,0)

**Urban and Regional Economic Problems:** PR: ECO 2013 and ECO 2023. Analysis of the location, organization and problems of urban and regional economic activities.

ECP 4703  BA-ECON  3(3,0)

**Managerial Economics:** PR: Junior standing; ACG 2071 or ACG 2023, ECO 2013, ECO 2023 and ECO 3411. The uses of economic analysis in economic decision-making and business policy formulation.

ECS 4003  BA-ECON  3(3,0)

**Comparative Economic Systems:** PR: ECO 2013 and ECO 2023. An analysis of the fundamental institutions of the American economic system with those of socialist and command economics. Emphasis is placed on performance criteria and economic modeling.

ECS 4013  BA-ECON  3(3,0)

**Economic Development:** PR: ECO 2013 and ECO 2023. The study of problems, theories, and issues of economic development with reference to the third world.

**The Economies of the Pacific Rim:** PR: ECO 2013 and ECO 2023. A study of the 'Asian Economic Miracle' examining the relationship between public policies, human resource development, and rapid shared growth.

**Japanese Prosperity: A Study of Human Resource Development:** PR: Honors Students. ECO 2013 or ECO 2023 or ECO 2013H. A study of the rapid economic transformation of the Japanese economy with a special focus on the role of human resource development.

**Economics of European Integration:** PR: ECO 2013 and ECO 2023. Presents the development of the European Community, with emphasis on the characteristics of the Single European Act (EC 92).

**Honors Economic Development of Mexico and Central America:** PR: ECO 2013 or ECO 2023. A study of the economies of Mexico and Central America under NAFTA.

**EDE 3942**  ED-IP  3-6(0,16)

**Internship I (Elementary):** PR: EDG 4323, RED 3012, MAE 3810 and MAE 3811 or MAE 3112. Student teaching assignment in an elementary school under the supervision of a certified classroom teacher.

**EDE 4943**  ED-IP  7-12(0,35)

**Internship II (Elementary):** PR: EDE 3942. Student teaching in an elementary school under the supervision of a certified classroom teacher. Scheduled concurrent seminars.

**EDF 1075**  ED-ED F  3(3,0)

**Introduction to Educational Internship:** Introduction to educational internship with selected partnership institutions.

**EDF 2005**  ED-ED F  3(3,0)

**Introduction to Education:** A survey course including an orientation to education careers, ethics, and the historical, philosophical and sociological foundations of education. This course has a field component.

**EDF 2283**  ED-ED F  3(3,0)

**Introduction to Applications of Technology in Education:** Classroom applications of instructional
media including computers.

EDF 3120      ED-ED F      3(3,0)

**Observing Child Growth and Development:** PR: Admission to the program. Provides a comprehensive introduction to the principles and basic theories of child growth and development from pre-natal development through age eight.

EDF 3214      ED-ED F      3(3,0)

**Early Childhood Education Learning Environment & Strategies:** PR: Admission to the program. Examines developmentally appropriate education materials, strategies, and environments for young children. Explores an integrated approach to curriculum planning and scheduling that emphasizes active learning.

EDF 3601      ED-ED F      3(3,0)

**Professional Ethics in Education:** Pedagogical knowledge, awareness of educational process and the analytical skills necessary for responsible public involvement in educational policy making.

EDF 3690      ED-ED F      3(3,0)

**Myths and Realities in Education:** Myths and realities in educational research will be analyzed, and public policy will be analyzed and reviewed.

EDF 4214      ED-ED F      3(3,0)

**Classroom Learning Principles:** PR: EDF 2283, Junior standing or C.I. Principles of learning as applied to classroom teaching situations, with emphasis on student development, behavior, self-concept and motivation.

EDF 4282      ED-ED F      3(3,0)

**Applications of Technology in Education:** Classroom applications of instructional media, including computers. Includes experiences with equipment, commercial and teacher-made media, and their uses.

EDF 4603      ED-ED F      3(3,0)

**Analysis of Critical Issues in Education:** PR: EDF 4214 or C.I. Focuses on a critical analysis of contemporary educational issues which directly impact schooling in a democracy.

EDF 5245      ED-ED F      3(3,0)

**Preparation and Management of Classroom Instruction:** PR: C.I. Study of strategies for instructional planning and classroom management that result in optimum learning.

EDF 5259      ED-ED F      3(3,0)

**Classroom Management and Teaching:** PR: C.I. Study of teaching behaviors and strategies for classroom management that result in a minimum of behavior problems and sound instructional planning.
Foundations of Leadership: PR: LEAD Scholars Program. Seminar for LEAD Scholars in the College of Education providing a foundation of leadership, scholarship, and service regarding disciplines in the college.

Teaching Diverse Populations: An introduction to cultural factors and their impact on education and life changes. Explores stereotyping, prejudice and changing classroom demographics. Includes directed field experience.

Professional Teaching Practices: PR: EDF 2283, Junior Standing or C.I. Analysis of teaching strategies for K-12 settings, including higher order thinking, alternative assessment and adaption of instruction for diverse student populations.

Teaching Strategies II: PR: EDG 4323 and EDF 4214. Varieties of learning and teaching styles, appropriate methods of teaching thinking skills, problem solving, reading, and writing across the curriculum.

Directed Field Experience: PR: Approv-al of Professional Laboratory. Field experience in an appropriate educational setting under the direction of a supervis-ing teacher and/or university supervisor.

Service Learning: PR: Junior standing or C.I. Involvement with community agencies and/or schools to gain a new perspective about the Central Florida community. May be repeated for credit.

Techniques for the Developing Professional in Education: PR: C.I. Analysis, study, development, and use of techniques for enhanced instruction in the educational setting.

Teaching Individuals, Small and Large Groups: PR: C.I. Study of teaching skills for effectively instructing individuals in various educational groups, with consideration of developmental and behavioral characteristics of students.

Teaching the Non-English Student: PR: C.I. Bilingual and non-linguistic instruction in curriculum areas in English as a second language.
Clinical Practice: PR: Admission to STEP II, III or IV. Clinical Internship in an appropriate educational setting under the direction of a university supervisor or peer teacher.

EDS 5356   ED-IP   3(2,1)

Supervision of Professional Laboratory Experiences: PR: C.I. Study of the undergraduate professional laboratory experiences program, with emphasis on the role and responsibilities of the Teacher Education Associate or Supervising Teacher.

EEC 2001   ED-IP   3(3,0)

Introduction to Early Childhood Education: An overview of early child-hood education and services for young children and their families. Includes historical roots, societal changes, program differentiation and future trends.

EEC 3268   ED-IP   3(3,0)

Play Development: Explores play development, facilitation, intervention and assessment. Designing play environments is emphasized.

EEC 3301   ED-IP   3(3,0)

Active Learning Teaching Strategies: Studies an integrated developmental-interactionist approach to curriculum planning and design. Equipment selection, room arrangements, daily schedules and active learning teaching strategies are emphasized.

EEC 3610   ED-IP   3(3,0)

Social and Emotional Development of Young Children: Provides an in-depth understanding of the social and emotional development of the young child. Examines the implication for curriculum development.

EEC 3613   ED-IP   3(3,0)

Observation and Assessment of Young Children: PR: Admission to the program. Appropriate methods for diagnosing, assessing, and evaluating young children, including children with diverse cultural and ethnic backgrounds. Appropriate interventions, remediations, and enrichment.

EEC 3940   ED-IP   1-2(0,1-2)

Integration Internships: Field based placement in which the students will have supervised practice integrating course content areas.

EEC 4271   ED-IP   3(3,0)

Early Intervention: Provides an overview of development assessment, and intervention with at-risk and handicapped infants and toddlers.

EEC 4402   ED-IP   3(3,0)

Cultural and Family Systems: Explores the institution of family in its cultural context as a living dynamic system.

**Behavioral Issues of the Emotionally Handicapped:** An introduction to functional schema of the
field to include behavior management techniques, theories, legal considerations, counseling skills, etiology, prevention and utilization of community services.

EED 4011 ED-HSW 4(4,0)

Introduction to the Emotionally Disturbed: PR: Senior standing. Development and practice of appropriate cognitive, affective, and motor strategies for selected categories, levels, and degrees of severity of exceptional population.

EED 4210 ED-HSW 3(3,0)

Curriculum and Program Adaptation, E.H.: Development of highly specialized curriculum and identification, evaluation, modification, and use of curriculum materials and programs for students with emotional handicaps.

EED 4243 ED-HSW 3(3,0)

Teaching the Emotionally Handicapped: Instructional strategies with emphasis on motivational strategies, development, implementation and evaluation of the IEP, modification of regular education instructional practices, crisis intervention and prevention.

EEL 3122C ECS-EECS 4(3,3)

EEL 3306 ECS-EECS 3(3,0)

Semiconductor Devices I: PR: EGN 3373. Electronic devices including p-n junctions, bipolar transistors, field effect transistors and device models.

EEL 3307C ECS-EECS 4(3,3)

EEL 3342C ECS-EECS 3(2,3)

Introduction to Digital Circuits and Systems: PR: PHY 2049 or C.I. Switching theory and devices. Combinational and sequential logic. Logic design using standard components such as ROM, arithmetic units, multiplexers, registers, and counters.

EEL 3470 ECS-EECS 3(3,0)

Electromagnetic Fields: PR: EEL 3122 and MAP 2302. Introduction to electric and magnet fields and electromagnetic waves.

EEL 3552C ECS-EECS 4(3,3)

EEL 3657 ECS-EECS 3(3,0)

EEL 3801C   ECS-EECS   3(2,3)

Introduction to Computer Engineering: PR: EGN 3210 or equivalent. CR: EEL 3342C. Introduction to the field of computer engineering. Engineering applications of advanced C-language concepts. C++ topics and applications. Basic computer organization. Assembly language programming

EEL 4140C   ECS-EECS   4(3,3)

Analog Filter Design: PR: EEL 3307C, EEL 3122. Passive and active analog filter design. May be repeated for credit.

EEL 4205   ECS-EECS   3(3,0)

EEL 4216  ECS-EECS   3(3,0)

Fundamentals of Electric Power Systems: PR: EEL 3122 or C.I. Three-phase power representation and analysis, transformers, per unit system, symmetrical components, faults, transmission lines.

EEL 4309C   ECS-EECS   4(3,3)

Electronics II: PR: EEL 3307C, EEL 3342C. Ideal Op-Amps and applications. Introduction to Logic Circuits; Bipolar, MOS and CMOS families; Flip-flops and memory cells, comparators and timing circuits: A/D and D/A converters.

EEL 4314   ECS-EECS   3(3,0)

EEL 4436C   ECS-EECS   4(3,3)

Microwave Engineering: PR: EEL 3470. Transmission line theory, Smith charts, S-parameters, simple impedance matching circuits, wave guides, resonators, basic microwave measurements. May be repeated for credit.

EEL 4440  ECS-EECS   3(3,0)

Optical Engineering: PR: EEL 3470, EEL 3552C or C.I. Lens systems, aberrations, sources, radiometry, detectors, physical optics, interferometric devices, applications to engineering design problems.

EEL 4512C  ECS-EECS   4(3,3)

Communication Systems: PR: STA 3032, EEL 3552C and EEL 3307C. Information transmission, modulation, and noise; design and comparison systems in the presence of noise.

EEL 4515C  ECS-EECS   4(3,3)

EEL 4518 ECS-EECS 3(3,0)

Satellite Communications: PR: EEL 3552C. The principles of satellite communications, including communications satellites, Earth stations, link analysis, FDMA and TDMA. May be repeated for credit.

EEL 4612 ECS-EECS 3(3,0)

Introduction to Modern and Robust Control: PR: EEL 3657. Classical control theory including differential equations and Laplace transform techniques, stability analysis, and classical frequency domain design.

EEL 4635C ECS-EECS 4(3,3)

Computer Control Systems: PR: EEL 3657. Discrete-time systems, the z-transform, and single loop computer control systems. Digital simulation in the analysis and design of processes with embedded computers. No graduate credit for both EEL 5630 and this course.

EEL 4750 ECS-EECS 3(3,0)

EEL 4765C ECS-EECS 4(3,3)

EEL 4767C ECS-EECS 4(3,3)

EEL 4768C ECS-EECS 4(3,3)

Computer System Design II: PR: EEL 4767C. Continuation of EEL 4767C. Control and datapath design using a hardware description language, microprogrammed architectures, instruction and arithmetic pipelines, cache and virtual memory and RISC.

EEL 4781 ECS-EECS 3(3,0)

EEL 4783C ECS-EECS 3(2,3)
Computer-Aided Engineering Design: PR: ECM 4884 and EEL 4768C or C.I. Review of currently available CAE tools for digital hardware and software design applications.

EEL 4791 ECS-EECS 3(2,4)

Telemetry and Space Computer Systems: PR: EEL 3552 AND EEL 3801, EEL 3657, EEL 3307, EEL 3470. Telemetry and computer sub-systems are discussed as they are implemented in the space-launch system "inertial upper stages"

EEL 4832 ECS-EECS 3(3,0)

Engineering Applications of Computer Methods: PR: MAP 2302, STA 3032, EGN 3420. Engineering applications of numerical methods, including solution of differential equations, simulation, optimization, and multidimensional root-finding, integration and series approximations.

EEL 4851C ECS-EECS 4(3,3)

Engineering Data Structures: PR: EEL 33801C. Design of data structures and algorithms, with emphasis on performance analysis, memory organization, stacks, queues, linked lists, trees, graphs, searches, and sorts. Introduction to object-oriented structures.

EEL 4872 ECS-EECS 3(3,0)

Engineering Applications of Intelligent Systems: PR: EEL 4851C. Intelligent models, computer vision, natural language understanding, pattern analysis, knowledge-based systems, symbolic programming, and advanced architectures.

EEL 4882 ECS-EECS 3(3,0)

Engineering Systems Software: PR: EEL 4851 and EEL 4767. Introduction to operating systems concepts and facilities for engineering applications, including multiprogramming, resource allocation and management, systems utilities, and operating system implementation.

EEL 4884C ECS-EECS 4(3,3)

Engineering Software Design: PR: EEL 4851C. Software systems development life cycle, function and object-oriented methodologies, CASE; Analysis, design, and development of a large software project.

EEL 4890 ECS-EECS 3(3,0)

EEL 4914 ECS-EECS 3(2,1)

Senior Design I: PR: EEL 3307, EEL 3657, and EEL 3552. Applications of engineering design to realistic and meaningful problems. Constraints such as economic factors, safety, reliability, aesthetics, ethics, social impact and engineering organizations are considered.

EEL 4915L ECS-EECS 3(0,3)
Senior Design II: PR: EEL 4012. Execution of electrical and computer engineering project including complete project design review, construction, testing and demonstration. Emphasis on design, prototyping, cost, functionality, presentation, team effort and final report

EEL 5173 ECS-EECS 3(3,0)

Linear Systems Theory: PR: EEL 3657. Models and properties of linear systems, transformation, controllability and observability, control and observer designs, MFD, and realization theory.

EEL 5245C ECS-EECS 3(2,1)

EEL 5332C ECS-EECS 3(2,1)

Thin Film Technology: PR: EEL 3306 or equivalent. Presents the various thin film deposition techniques for the fabrication of microelectronic, semiconductor, and optical devices.

EEL 5352 ECS-EECS 3(3,0)

EEL 5353 ECS-EECS 3(3,0)

Semiconductor Device Modeling and Simulation: PR: EEL 3307. Large signal and small signal model development for semiconductor diodes, BJTs, and MOSFETs. Parameter extraction, numerical algorithm, and SPICE simulation are included.

EEL 5355C ECS-EECS 4(3,3)

Fabrication of Solid-State Devices: PR: EEL 3306. Fabrication of microelectronic devices, processing technology, ion implantation and diffusion, device design, and layout. Laboratory includes device processing technology.

EEL 5357 ECS-EECS 3(3,0)

CMOS Analog and Digital IC Design: PR: EEL 3306 and EEL 4309. The objective of this course is to present the principles and techniques of the design of analog and digital circuits that are to be implemented in a CMOS technology.

EEL 5370 ECS-EECS 3(3,0)

EEL 5432 ECS-EECS 3(3,0)

Satellite Remote Sensing: PR: EEL 3470 or PHY 4324. Fundamentals of satellite remote sensing,
orbits and geometry, radiative transfer theory, microwave and infrared sensing techniques, ocean, ice and atmosphere geophysical measurements.

**EEL 5434**  ECS-EECS  3(3,0)

**Microwave Circuits and Devices:** PR: EEL 4436 or EEL 5555C. Planar transmission lines; passive microwave circuits; active circuit design using Gunn, IMPATT, FETS, RTDS, etc.: microwave integrated circuits.

**EEL 5462C**  ECS-EECS  3(3,1)

**Antenna Analysis and Design:** PR: EEL 3470 or equivalent. Fundamentals of antennas; dipoles, loops, arrays, apertures, and horns. Analysis and design of various antennas.

**EEL 5513**  ECS-EECS  3(3,0)

**Digital Signal Processing Applications:** PR: EEL 4750. The design and practical consideration for implementing Digital Signal Processing Algorithms including Fast Fourier Transform techniques, and some useful applications.

**EEL 5517**  ECS-EECS  3(3,0)

**Surface Acoustic Wave Devices and Systems:** PR: EEL 3552C. Course discusses SAW technology which includes the physical phenomenon, transducer design and synthesis, filter design and performance parameters. Actual devices and communication systems are presented.

**EEL 5542**  ECS-EECS  3(3,0)

**Random Processes I:** PR: EEL 3552C and STA 3032. Elements of probability theory, random variables, and stochastic processes.

**EEL 5547**  ECS-EECS  3(3,0)

**EEL 5555C**  ECS-EECS  3(2,2)

**RF and Microwave Communications:** RF and microwave active circuits microstrip amplifier, oscillator, and mixer design and fabrication. Receiver design, noise, familiarization with network and spectrum analyzers

**EEL 5630**  ECS-EECS  3(3,0)

**Digital Control Systems:** PR: EEL 3657. Real-time digital control system analysis and design, Z-transforms, sampling and reconstruction, time and frequency response, stability analysis, digital controller design.

**EEL 5704**  ECS-EECS  3(3,0)

**Computer Aided Logical Design:** PR: EEL 4767C. Design, analysis and synthesis of sequential logic circuits and systems. Data path and controller design using a hardware description language.
EEL 5708    ECS-EECS    3(3,0)

EEL 5741C    ECS-EECS    3(2,3)

**Microcomputer-based Monitoring and Control Systems:** PR: EEL 3342, EEL 4767C, or C.I. Machine language programming; software development aids; systems design; interfacing considerations.

EEL 5762    ECS-EECS    3(3,0)

**Performance Analysis of Computer and Communication Systems:** PR: EEL 4767C, STA 3032. Stochastic modeling and discrete-event simulation; Markov chains; networks of queues; Semi-Markov models; application to multiprocessor systems, switching and multi-user communications.

EEL 5771C    ECS-EECS    3(2,3)

**Engineering Applications of Computer Graphics:** PR: EGN 3420 or C.I. Computer graphics in engineering applications. Laboratory assignments.

EEL 5820    ECS-EECS    3(3,0)

**Image Processing:** PR: MAP 2302, EGN 3420, EEL 4750 or C.I. Two-dimensional signal processing techniques; pictorial image representation; spatial filtering; image enhancement and encoding; segmentation and feature extraction; introduction to image understanding techniques.

EEL 5825    ECS-EECS    3(3,0)

**Pattern Recognition:** PR: MAP 2302, EGN 3420. Graph-theoretic and syntactic methods of pattern analysis. Decision functions; optimum decision criteria; training algorithms; feature extraction; unsupervised learning; data reduction and potential functions.

EEL 5860    ECS-EECS    3(3,0)

**Software Requirements Engineering:** PR: Graduate standing or C.I. Excellent oral and written communication skills. Excellent problem solving skills. In-depth study of software requirements engineering within a process centered framework. methods for requirements elicitation, analysis, description, and validation. Formal and informal specification.

EEL 5874    ECS-EECS    3(3,0)

**Expert Systems and Knowledge Engineering:** PR: EEL 4872 or C.I. Introduction to expert systems in engineering. Expert systems tools and interviewing techniques. This course is hands-on and project oriented.

EEL 5881    ECS-EECS    3(3,0)

**Software Engineering I:** PR: EGN 3420, EEL 4851 or C.I. Design, implementation, and testing of computer software for Engineering applications.
EEL 5891  ECS-EECS  3(3,0)

Continuous System Simulation I: PR: EEL 3657 or C.I. Use of state-space techniques, numerical integration, and CSSL programs. Laboratory assignments.

EES 3004  ECS-EECS  3(3,0)

Environmental systems: PR: One semester of college level science, prefer Chemistry or Biology. A technical literacy course in environmental systems for wastewater, drinking water, groundwater, soil, and air treatment for non-engineering majors.

EES 4111C  ECS-CEE  3(2,3)

EES 4202C  ECS-CEE  3(2,3)

Chemical Process Control: PR: EGN 3704. Engineering design, measurements, and analysis of chemical systems in environmental engineering to control treatment processes such as softening, coagulation, disinfection, scrubbing, neutralization, and others.

EES 5415C  ECS-CEE  3(2,3)

Potable Water Treatment: PR: EES 4202C and 4111C. Engineering application of potable water chemistry involving coagulation, softening, filtration, corrosion, disinfection quality and drinking water.

EES 5605  ECS-CEE  3(3,0)

Outdoor Noise Control: PR: C.I. Community noise evaluation and control, legislative standards, instrumentation and measurement, abatement methods, and noise modeling.

EET 2025C  ECS-ENT  4(3,2)

Electrical Circuits: PR: DC Circuits or EET 3085C, and MAC 1114, or C.I. Frequency domain and steady state analysis of electric circuits: RCL circuits, timed circuits, resonance and "Q," filters, magnetically coupled circuits, transformers, 3-phase circuits, power relationships.

EET 3039  ECS-EECS  3(3,0)

Circuit Analysis: PR: PHY 2053C. Study of electrical networks. Circuit analysis techniques are presented, including DC and steady state analysis. Power calculations, power distribution and dissipation are covered with examples relating to cables, connections, and buses. Not open to EE and CpE majors.

EET 3085C  ECS-ENT  4(3,2)

EET 3143C    ECS-ENT    4(3,2)

**Electronic Devices and Circuits:** PR: DC & AC Circuits; MAC 1114. Theory, characteristics, operational parameters, circuits and applications of solid state electronic devices. Bipolar and field effect transistors, multistage amplifiers, power amplifiers.

EET 3325    ECS-EECS    3(3,0)

**Information Theory:** PR: MAC 2147. Fundamentals of information theory and communication systems. Topics include: the definition of information, bandwidth and frequency spectrum, systems design, filters, modulations, demodulators, antennas, and wireless communications. Not open to EE or CpE majors.

EET 3716    ECS-ENT    3(3,0)

**Network Analysis:** PR: DC/AC circuits and Calculus I. Transient analysis of first and second-order circuits, circuit analysis using Laplace Transforms. Transform function, frequency response analysis, and Bode plots.

EET 4158C    ECS-ENT    3(2,2)

**Linear Integrated Circuits:** PR: EET 3716, or Consent of Coordinator. Applications of operational amplifiers, comparators, phase-locked loops, timers, regulators, other integrated circuits. Includes amplifiers, active filters, oscillators, differentiators and integrators.

EET 4329C    ECS-ENT    3(2,2)

**Communications Systems:** PR: EET 4158C. Electronics Devices Principles and interrelationships of communication system components and circuits. Signals, noise, modulation, demodulation, bandwidth requirements. Transmitters and receivers.

EET 4339C    ECS-ENT    3(2,2)

EET 4349C    ECS-ENT    3(2,2)

**Electronic Communications II:** PR: EET 4329C. Basic information theory, pulse and digital concepts, multiplexing, radar principles, TV systems. Technology of radiation and propagation. Fiber optics.

EET 4359C    ECS-ENT    4(3,2)

**Digital Communications Systems:** PR: EET 4158. Theory and application of techniques utilized in digital data transmission and reception

EET 4389C    ECS-ENT    3(2,2)

**Satellite Communication Systems:** PR: EET 4329C. System analysis and design, Orbits, launching methods. Baseband signals and modulation. Link design, synchronization techniques. Interference,
noise, access. Antennas, spectrum utilization.

Young Children With Special Needs: Provides an overview of the unique field of early childhood special education, its mission, and approaches to helping young children and their families.

EEX 3754   ED-HSW   3(3,0)

Parents as Educators: Develop parental awareness of their role in child development and school success. Attention given to social context of parenting and parents as advocates for children.

EEX 3864   ED-HSW   6(0,16)

Internship I: PR: EDG 4323, RED 3012, EEX 2010, EEX 3241. Satisfactory completion of the portfolio. Internship assignment 2 days a week under a certified exceptional education teacher. Half in elementary, half in secondary.

EEX 4003   ED-HSW   3(3,0)

EEX 4243   ED-HSW   12(0,35)

Internship II: PR: Completion of specialization. Satisfactory completion of the portfolio. Full day student teaching under a certified special education teacher in an elementary or secondary school. May be repeated for credit.

EEX 4601   ED-HSW   3(3,0)

Introduction to Behavior Management: Study of management techniques based on applied behavioral analysis principles for modifying inappropriate behaviors and maintaining appropriate behaviors of exceptional students.

EEX 4753   ED-HSW   3(3,0)

Parent/professional Collaboration: The special educator's role in working with families, regular educators, and other professionals in a collaborative relationship.

EEX 5051   ED-HSW   3(3,0)

Exceptional Children in the Schools: PR: Senior standing or C.I. Characteristics, definitions, educational problems, and appropriate educational programs for the exceptional children in schools.

EEX 5702   ED-HSW   3(3,0)

Planning Curriculum for Pre-kindergarten Children with Disabilities: Focus on curriculum planning; developmentally appropriate practices and implementation of individualized instruction for pre-kindergarten children with disabilities.

EEX 5750   ED-HSW   3(3,0)

Communication with Parents and Agencies: Presentation of methods of interacting with community agencies, supporting and collaborating with families, developing a case management system, and
facilitating program transition.

EGC 5036   ED-HSW   3(3,0)

Guiding Human Relationships: PR: Senior standing or basic teacher certificate. Human relationship skills which will enhance intra- and interpersonal relation skills in classrooms.

EGN 1006C   ECS-MMAE   1(1,1)

Introduction to the Engineering Profession: PR: New students status or C.I. Overview of academic and professional requirements in various engineering disciplines.

EGN 1036C   ECS-MMAE   2(1,1)

Foundations of Leadership: PR: LEAD Scholars Program. Seminar for LEAD Scholars in the College of Engineering & Computer Science providing a foundation of leadership, scholarship, and service regarding disciplines in the college.

EGN 1111C   ECS-MMAE   2(1,3)

EGN 1360   ECS-MMAE   3(3,0)

Materials in Today's World: A survey of the properties, manufacture, and uses of metals, ceramics, and polymers in today's world with emphasis on modern developments and new materials.

EGN 2920C   ECS-IEMS   2(1,1)

LEAD Colloquium: PR: C.I., LEAD Scholars Program, Must have completed at least two of the following with a grade of B or better, IDS 1040C, GEB 1091C, EGN 1036C, EDG 1005C or HSC 1931C. Provides experiential leadership experience in an appropriate leadership setting under the direction of a university supervisor with the LEAD Scholars Program. May be repeated for credit.

EGN 3210   ECS-EECS   3(3,0)

EGN 3310   ECS-CEE   3(3,0)

Engineering Analysis-Statics: PR: PHY 2048; CR: MAC 2312. Fundamental concepts of mechanics, including resultants of force systems, free-body diagrams, equilibrium of rigid bodies, and analyses of structures.

EGN 3310H   ECS-CEE   3(3,0)

Engineering Analysis-Statics (Honors): PR: PHY 2048; CR: MAC 2312 or MAC 2282. (Honors section for EGN 3310) Advanced treatment of material and additional topics. More challenging
assignments. Project work. May be repeated for credit.

EGN 3321 ECS-MMAE 3(3,0)

Engineering Analysis-Dynamics: PR: EGN 3310; CR: MAC 2313. Kinematics and kinetics of particles and rigid bodies; mass and acceleration, work and energy, impulse and momentum.

EGN 3331 ECS-CEE 3(3,0)

EGN 3343 ECS-MMAE 3(3,0)

EGN 3358 ECS-MMAE 3(3,0)

EGN 3365 ECS-MMAE 3(3,0)

EGN 3373 ECS-EECS 4(4,0)

EGN 3420 ECS-EECS 3(3,0)

Engineering Analysis: PR: High-level language or equivalent (FORTRAN preferred); MAC 2312. Engineering analysis and computation using FORTRAN; engineering applications of numerical methods including curve fitting, matrix operations, root finding, integration and plotting.

EGN 3613 ECS-IEMS 2(2,0)

EGN 3704 ECS-CEE 2(2,0)

Engineering and the Environment: PR: CHS 1440 and MAC 2312. Process engineering for air, energy, water, and land environment and the role of engineering in control of these environments.

EGN 3843 ECS-ECS 3(3,0)
**Systems Modeling:** PR: CGS 1060 or equivalent. Representation of man/machine systems through analytic and computer-based models. Case studies in the analysis and improvement of systems in industry, education, and government.

EGN 4033   ECS-ECS   3(3,0)

**Technology and Social Change:** PR: History/Humanities Sequence or C.I. Review of existing theories of social change, analysis of the role of technology as related to social change, and study of contemporary events in technology and their possible impact on society.

EGN 4624   ECS-IEMS   3(3,0)

**Engineering Administration:** PR: Senior standing. Engineering organization and administration; delegation of authority and responsibility; effective use of resources; project management; R and D planning; ethics in professional practice.

EGN 4706C   ECS-MMAE   3(2,4)

**Small Satellite Payloads and Integration:** PR: EML 3303 OR EAS 3800 OR EEL 3801 OR ESI 4523. Evaluate overall impact of integration and design concepts on various satellite component subsystems and their payloads into a small satellite system design leading to a final configuration.

EGN 4707C   ECS-ECS   3(2,4)

**Processing Space-Launch Systems:** PR: For ECE: EEL 3552 or EEL 4767; For IEMS: ESI 4523; For MAE: EAS 3800. Assembly and test techniques for preparing and check-out of the space-launch system "Inertial Upper Stage." May be repeated for credit.

EGN 4813   ECS-ENT   3(3,0)

**Science in History:** Examination of the reciprocal relations of science and society from ancient to recent times.

EGN 4814   ECS-ENT   3(3,0)

**Technology in History:** PR: History/Humanities sequence or C.I. Important developments in engineering and technology and their effect on society and our socio-economic processes.

EGN 4816   ECS-ENT   3(3,0)

**Technology Analysis:** PR: C.I. Student is introduced to scientific and analytical methods of decision making. Basic modeling, statistical methods and computer usage.

EGN 4818   ECS-ENT   3(3,0)

**Technology in North America:** PR: History/Humanities sequence or C.I. Periods of significant technological change in North America, with emphasis on 19th and early 20th-century developments.

EGN 4823   ECS-ENT   3(3,0)

**Topics in Urban Development:** Production, distribution, and consumption of various commodities.
Engineering relationships to distribution, internal structure, function of urban developments, interrelationships of engineering, social, economic, and cultural phenomena.

EGN 4824     ECS-ENT     3(3,0)

Energy and Society: Investigation of available energy forms; energy resources versus requirements in an increasingly complex technological society; possible solutions and future predictions.

EGN 4825     ECS-ENT     3(3,0)

Environment and Society: PR: C.I. Environmental factors of importance to people's interaction with the environment; engineering and non-engineering measures to insure improvement and maintenance of environmental quality. Not for engineering students.

EGN 4830     ECS-ENT     3(3,0)

Telecommunications: Telecommunications and its role in contemporary local, national, and international society.

EGN 4832     ECS-ENT     3(3,0)

Computers, Cybernetics and Society: The effects of computers and the cybernetic revolution of the individual and society. Effects of positive and negative feedback on biological, technological and social systems. Computers and their interactions with the human system.

EGN 4844     ECS-ENT     3(3,0)

Man and Machine: The influence and interrelationship of invention and technical progress on the evolution of social forms and institutions.

EGN 4931H    ECS-ECS    3(3,0)

Engineering Honors Seminar: PR: Senior standing and C.I. Introduces a select group of students in engineering or other fields of science to the methodology commonly employed in research. Students will carry out independent research which will prepare them for graduate study.

EGN 4933     ECS-ECS     1(1,0)

Professional Engineering Practice: PR: Senior standing or C.I. Seminars dealing with current and future global issues within the engineering profession.

EGN 5035     ECS-ECS     3(3,0)

Topics in Technological Development: PR: C.I. Selected topics in the technological development of western civilization including the weight-driven clock, steam engine, electric light, etc.

EGN 5720     ECS-IEMS     3(2,3)

Internal Combustion Engine Analysis and Optimization: PR: EGN 3343 or EGN 3358 or C.I. Internal combustion engine operating principles. Topics covered include engine design and operating parameters, combustion, thermodynamics, induction flow, and basic mathematical models.

EGN 5840     ECS-ECS     3(3,0)
Small Rocket Applications for Teachers: PR: Admission to Martin Marietta/UCF Academy. Earth and space environments, rocket propulsion, meteorological and environmental measurements, payload launch procedures, orbits and trajectories, safety, model rocket experiments, field trips, student science experiments.

EGN 5855C   ECS-IEMS   3(2,2)

Metrology: PR: EIN 4391C or C.I. Advanced topics in inspection and measurement with applications in engineering and manufacturing.

EGN 5858C   ECS-IEMS   3(2,2)

Introduction to Rapid Prototyping: PR: Basic knowledge and/or experience in CAD/CAM technology or C.I. Topics fundamental to rapid prototyping and automated fabrication technologies. Actual design and fabrication of a part using in-house laboratory facilities.

EIN 3304   ECS-IEMS   2(2,0)

Introduction to Industrial Engineering and Management Systems: Issues important to the operation of an industrial or service facility.

EIN 3314C   ECS-IEMS   3(2,2)

EIN 3354   ECS-IEMS   3(3,0)

Principles of Cost Engineering: PR: EGN 3613. This course is to provide engineers from all disciplines the background for the cost estimation of engineering systems throughout the product life cycle.

EIN 4116C   ECS-IEMS   3(2,2)

EIN 4118C   ECS-IEMS   3(2,3)

Industrial Engineering Applications of Computers: PR: EGN 3210 or high level programming language. Survey of microcomputer methods in industrial engineering practice. Topics include: spreadsheets, databases, expert systems, and project management. Lab exercises.

EIN 4214   ECS-IEMS   3(3,0)

Safety Engineering and Administration: Analysis of accidents in the industrial operating environment. Application of fault trees, OSHA requirements. Consideration of accident costs and organizational aspects of accident prevention.

EIN 4243C   ECS-IEMS   3(2,2)
Human Engineering: PR: EIN 3314C; Senior standing. Man/machine systems; design and conduct of human engineering studies.

EIN 4305C ECS-IEMS 3(2,2)

Industrial Engineering Applications in The Service Industries: PR: EIN 3314C, ESI 4312, ESI 4234 or CI. Application of industrial engineering principles to improve the quality and productivity of service industries such as restaurants, banks, hotels, health care, etc.

EIN 4333C ECS-IEMS 3(2,3)

Industrial Control Systems: PR: ESI 4312. Decision rules in industrial environment including Forecasting, Production Planning, Scheduling, Inventory Control, and Project Monitoring. Laboratory assignments.

EIN 4364C ECS-IEMS 3(2,2)

Industrial Facilities Planning and Design: PR: EIN 3314C, EIN 3354, EIN 4391C. CR:EIN 4333C. Comprehensive design of industrial production systems, including interrelationships of plant location, process design, and materials handling. Laboratory assignments.

EIN 4391C ECS-IEMS 3(2,2)

Manufacturing Engineering: PR: EGN 3365. Introduction to manufacturing engineering, with emphasis on current and emerging technologies in metalworking and electronics.

EIN 4400 ECS-IEMS 3(3,0)

Principles of Concurrent Engineering: PR: EGN 3613 or C.I. Elements of concurrent engineering and its application. Topics include quality function deployment and design for manufacturing and assembly.

EIN 4411C ECS-IEMS 3(2,2)

Computer-Aided-Manufacturing: PR: EIN 4391C. Computer-Aided-Manufacturing (CAM) including computer numerical control (CNC), robotics, parts classification (GT) and manufacturing resource planning (MRP).

EIN 4891C ECS-IEMS 3(2,3)

Industrial Engineering Senior Design Project: PR: EIN 4116C, Senior standing. Capstone design course; application of IEMS techniques to real-world design applications.

EIN 5108 ECS-IEMS 3(3,0)

The Environment of Technical Organ-izations: PR: Graduate status or CI; EGN 4624 recommended. Presentation and investigation into the principles required to transform technologists into managers focusing on engineers, scientists, and other professionals providing services in technically-oriented organizations.

EIN 5117 ECS-IEMS 3(3,0)
Management Information Systems I: PR: C.I. The design and implementation of computer-based Management Information Systems. Consideration is given to the organizational, managerial, and economic aspects of MIS.

EIN 5140        ECS-IEMS        3(3,0)

Project Engineering: PR: Graduate standing or C.I. Role of engineer in project management with emphasis on project life cycle, quantitative and qualitative methods of cost, schedule, and performance control.

EIN 5248C       ECS-IEMS        3(2,2)

Ergonomics: PR: C.I. Applications of anthropometry, functional anatomy, mechanics, and physiology of musculoskeletal system concepts in the engineering design of industrial tools, equipments, and workstations.

EIN 5251        ECS-IEMS        3(3,0)

Human-Computer Interaction: Usability Evaluation: Usability paradigms/ principles; cognitive walkthroughs; heuristic, review-based, model-based, empirical and storyboard evaluation; techniques; query techniques; laboratory techniques; and field study approaches.

EIN 5255        ECS-IEMS        3(3,0)

Interactive Simulation: PR: Post-Baccalaureate status or C.I. Introduction to significant topics relative to the development and use of simulators for knowledge transfer in the technical environment.

EIN 5317        ECS-IEMS        3(3,0)

Training Systems Engineering: PR: seniors, post bac or graduate standing or CI. How human performance deficiencies should be addressed from a systems engineering point of view. Manpower, personnel, and training considerations will be examined

EIN 5356        ECS-IEMS        3(3,0)

Cost Engineering: Cost estimation and control of engineering systems throughout the product life cycle.

EIN 5368C       ECS-IEMS        3(2,2)

EIN 5381        ECS-IEMS        3(3,0)

Engineering Logistics: Study of the logistics life cycle involving planning, analysis and design, testing, production, distribution, and support.

EIN 5388        ECS-IEMS        3(3,0)

Forecasting: PR: ESI 5219. Industrial applications of forecasting methods with emphasis on
microcomputer-based packages.

**EIN 5392C  ECS-IEMS  3(2,2)**

**Manufacturing Systems Engineering:** PR: EIN 4391C or C.I. The integration of manufacturing technologies and information processing concepts into a system for controlling the manufacturing enterprise.

**EIN 5415C  ECS-IEMS  3(2,2)**

**Tool Engineering and Manufacturing Analysis:** PR: EIN 4411. Tool materials and design, tolerance technology, theory of metal cutting, and machineability.

**EIN 5602C  ECS-IEMS  3(2,2)**

**Expert Systems in Industrial Engineering:** Overview of basic concepts, architecture and construction of expert systems in IE. Intelligent simulation training systems, case studies and problems. Laboratory exercises.

**EIN 5607C  ECS-IEMS  3(2,2)**

**Computer Control of Manufacturing Systems:** PR: EIN 4391C, and EIN 4411C or EML 4535C; or C.I. Automated systems for manufacturing, numerical control (NC) machines, NC programming, robot control and programming, machine and system control.

**EIN 5936  ECS-IEMS  1(1,0)**

**Seminar in Industrial Engineering: Doctoral Research:** PR: C.I. Essential topics for doctoral research including research areas, skills, funding, proposals, ethics, mentors, seminars, societies, conferences, presentations, interviewing, grants, and publishing.

**ELD 4011  ED-HSW  3(3,0)**

**Intro to Specific Learning Disabilities:** Nature and needs of students with learning disabilities to include history, theories, characteristics, definitions, assessments, issues, and application of effective teaching practices.

**ELD 4242  ED-HSW  3(3,0)**

**Program Planning for Specific Learning Disabilities:** PR: Senior standing. Development of highly specialized techniques, curriculum materials, to be used with students with special learning disabilities.

**EMA 3000  ECS-MMAE  3(3,0)**

**Engineering Polymeric, Ceramic, and Composite Materials:** PR: EGN 3365. Structure, properties, processing of engineering polymeric, ceramic, and composite materials.

**EMA 3012C  ECS-MMAE  2(1,3)**

**Experimental Techniques in Mechanics and Materials:** PR: EGN 3365 and EML 3601. Metallography, heat treatment, mechanical testing, failure analysis, scanning electron microscopy,
design of engineering materials.

EMA 3124   ECS-MMAE   3(3,0)

**Structure and Properties of Alloys:** PR: EGN 3365. Relation of properties to microstructure and applications of major ferrous and non-ferrous alloys.

EMA 4223   ECS-MMAE   3(3,0)

**Deformation and Fracture of Materials:** PR: EGN 3365. Plastic deformation, strengthening mechanisms, fatigue, fracture, and creep of materials.

EMA 4413   ECS-MMAE   3(3,0)

EMA 4501   ECS-MMAE   3(2,2)

**Scanning Electron Microscopy:** PR: EGN 3365 or C.I. A review of electron optics, beam/specimen interactions, image formation, x-ray analysis, specimen preparation, microelectronic applications, and crystallography in the SEM.

EMA 4606   ECS-MMAE   3(3,0)

**Transport Phenomena in Materials Processing:** PR: EGN 3365, EGN 3343 or EGN 3358. Conservation equations, fluid flow, heat transfer, free and moving boundaries, solidification, single-phase and multi-phase materials, alloys, solute rejection, microstructure, macrosegregation.

EMA 4701C   ECS-MMAE   3(2,4)

**Materials Performance in Space Applications:** PR: EGN 3365. Laboratory failure analysis of materials within space-related environments.

EMA 5060   ECS-MMAE   3(3,0)

**Polymer Science and Engineering:** PR: EGN 3365. Structure and properties of polymers, preparation and processing of polymers, mechanical properties, use in manufacturing and high tech applications.

EMA 5104   ECS-MMAE   3(3,0)

EMA 5106   ECS-MMAE   3(3,0)

**Metallurgical Thermodynamics:** PR: EGN 3343 and EGN 3365. Laws of thermodynamics, phase equilibria, reactions between condensed and gaseous phases, reaction equilibria in condensed solution and phase diagrams.

EMA 5108   ECS-MMAE   3(3,0)
Surface Science: PR: PHY 2049 and C.I. Methods of chemical and physical analysis of surfaces, with emphasis on ultra-high vacuum spectroscopics utilizing electron, ion and photon probes.

EMA 5140 ECS-MMAE 3(3,0)

Introduction to Ceramic Materials: PR: EGN 3365. Uses, structure, physical and chemical properties, and processing of ceramic materials. Discussions will include recent developments for high technology applications.

EMA 5317 ECS-MMAE 3(3,0)

EMA 5326 ECS-MMAE 3(3,0)

EMA 5504 ECS-MMAE 3(2,2)

Modern Characterization of Materials: PR: EMA 5104 or C.I. Techniques and operation of instrumentation (light, scanning, transmission, and auger microscopy) for the characterization of structure, defects, composition, and surfaces.

EMA 5505 ECS-MMAE 3(2,2)

Scanning Electron Microscopy: PR: EMA 5014 or C.I. A review of electron optics, beam/specimen interactions, image formation, x-ray analysis, specimen preparation, microelectronic applications and crystallography in the SEM.

EMA 5517 ECS-MMAE 3(2,2)

Advanced Materials Characterization by Ion Beam Analysis: PR: EMA 5504 or C.I. Principle of interactions between ion beam and solid materials; sputtering and scattering theories; fundamentals and applications of secondary ion mass and Rutherford Backscattering spectrometric. May be repeated for credit.

EMA 5584 ECS-MMAE 3(3,0)

EMA 5586 ECS-MMAE 3(3,0)

Photovoltaic Solar Energy Materials: PR: EGN 3365. Materials properties basic to photovoltaics, structures, homojunction, heterojunction, and surface barrier solar cells, AMDS-1D modeling of c-Si, GaAs bulk and a-Si:H, CIGS, and CdTe thin film solar cells. May be repeated for credit.
EMA 5610  ECS-MMAE  3(3,0)

Laser Materials Processing: PR: EGN 3343 or EMA 5106 or C.I. Laser beam optics; laser-material interactions; laser heating, melting, vaporization. Plasma formation; laser surface treatment, welding, machining; laser material synthesis. Thin film deposition, crystal growth.

EMA 5705  ECS-MMAE  3(3,0)

High Temperature Materials: PR: EMA 5104. Desired material properties for high temperature applications, physical metallurgy of such materials, corrosion, hot corrosion and oxidation properties, aero- and land-based gas turbine requirements.

EME 2040  ED-HSW  3(3,0)

Technology for Educators: Introduction to technology for educators, including classroom management tools, multimedia, communication networks, interactivity, educational software and legal, ethical and social issues.

EME 5052  ED-ED F  3(3,0)

Electronic Resources for Education: PR: LIS 5356 or C.I. Study and application of electronic resources available for education including techniques for locating, evaluating, and integrating them into the classroom.

EME 5054  ED-ED F  3(3,0)

Instructional Systems Technology: A Survey of Applications: Applications of instructional technology in settings other than public schools. Survey of facilities, programs, and services in business, industry, religion, government, higher education, and medical settings.

EME 5056  ED-ED F  3(3,0)

Communication for Instructional Systems-Process: Principles of written and oral communications for instructional technologists; development of assertiveness and interpersonal skills; conducting training programs for employees; creating hard copy materials.

EME 5057  ED-ED F  3(3,0)

Communication for Instructional Systems-Application: PR: EME 5056. Applications of technology, communications theory, platform skills, and instructional design to the effective presentation of training programs and instruction.

EME 5208  ED-ED F  3(3,0)

Production Techniques for Instructional Settings: PR: Acceptance into Ed Media Program or C.I. Skills in producing instructional materials. Emphasis on graphic, audio, video, and photographic skills and the application of instructional and communication theories.

EME 5408  ED-HSW  3(3,0)

Computer Applications in Instructional Systems: PR: EME 2040 or C.I. Introduction to applications for the design, production, and management of interactive courseware within instructional
systems.

**EML 3312C**  **ECS-MMAE  3(2,3)**

**Feedback Control:** PR: EGN 3321, MAP 2302, EGN 3373. Mathematical Modeling of Dynamic Systems: Transient and Steady State Response; Root Locus and z-transform Methods; Discrete Systems Analysis; Controller Design.

**EML 3500**  **ECS-MMAE  3(3,0)**

**Machine Design and Analysis:** PR: EML 3601. Application of the principles of mechanics of materials to the design of mechanical elements.

**EML 3601**  **ECS-MMAE  3(3,0)**

**Solid Mechanics:** PR: EGN 3310; CR: MAP 2302. Concepts of stress, strain, deflection; axial force, torsion, bending; combined stress, Mohr's circle, failure theories; design concepts, application to machines and vehicles.
EML 3701  ECS-MMAE  3(3,0)

**Fluid Mechanics I:** PR: MAP 2302, EGN 3321, EGN 3343. Basic principles of continuum fluid mechanics. Integral and differential forms of governing equations, fluid statics, dimensional analysis, measurements, internal flows.

EML 3804C  ECS-MMAE  3(2,3)

**Digital Control in Mechatronics:** PR: EML 3312C. Discrete microprocessor control of mechatronics dynamic systems using state-space representation: Digital controllers: Design for mechatronic applications

EML 4005  ECS-MMAE  3(3,0)

**Design in Nature and Engineering:** PR: EGN 3343 and EML 3601. Design for function and invention, in both engineering and nature: economy, form, beauty, energy, mechanism, structure, evolution in nature.

EML 4142  ECS-MMAE  3(3,0)

EML 4220  ECS-MMAE  3(3,0)

**Vibration Analysis:** PR: EGN 3321 and EML 3601. Undamped and damped vibration of single degree freedom systems. Forced vibration. Transient response. Multiple degree of freedom systems. Normal modes.

EML 4260  ECS-MMAE  3(3,0)

**Dynamics of Machinery:** PR: EML 3362C and EML 4220. Critical speeds and response of flexible rotor systems, whirl, gyroscopic effects; balancing of rotating and reciprocating masses; cam dynamics.

EML 4264  ECS-MMAE  3(3,0)

**Vehicle Dynamics:** PR: EML 3262C and EML 4220. Basic mechanics governing vehicle dynamics, performance and handling; acceleration, braking, ride, cornering, suspension, steering, rollover.

EML 4304C  ECS-MMAE  3(1,4)

**Thermo-Fluids Measurements:** PR: EML 3303C and EML 4142. Measurements in thermo-fluid systems with emphasis on design of experiments.

EML 4411  ECS-MMAE  3(3,0)

**Mechanical Power Systems:** PR: EML 3101. Analysis and design of large power generating systems and components, with emphasis on steam plants utilizing both chemical and nuclear fuels.
Engineering Design I: PR: EML 3500, EML 3701 and EML 3303C. Application of the design process in the team solution of a state-of-the-art problem. Aerospace, mechanical, thermo-fluid, or material problems are considered.

EML 4502C ECS-MMAE 3(1,6)

Engineering Design II: PR: EML 4501C. Continuation of the design process in the team building and testing of a prototype. A test plan and a test report are completed.

EML 4535C ECS-MMAE 3(2,3)

CAD/CAM: PR: EGN 3343, EML 3034, and EML 3601; CR EAS 4200 or EML 3500. CAD/CAM/FEM computational technology. Basic concepts. Concurrent engineering approach to mechanical, thermal, and aerospace systems design and analysis. Use of in-house software.

EML 4703 ECS-MMAE 3(3,0)

EML 5025C ECS-MMAE 3(2,2)

Engineering Design Practice: PR: C.I. The course is designed to familiarize students with basic CAD/CAM solid modeling techniques in a project oriented environment. Students will construct part models, drawings, and assemblies. Use of in-house software.

EML 5060 ECS-MMAE 3(3,0)

Mathematical Methods in Mechanical, Materials and Aerospace Engineering: PR: MAP 2302. Vector field theory, generalized coordinates, complex variables, contour integration and LaPlace and Fourier transforms and inversions, variable coefficient ODEs and solution of PDEs for governing equations of heat transfer, ideal fluid flow, and mechanics.

EML 5066 ECS-MMAE 3(3,0)

EML 5105 ECS-MMAE 3(3,0)

Gas Kinetics and Statistical Thermodynamics: PR: EAS 4134 or EML 4703. Molecular and statistical viewpoint of gases and thermodynamics; Boltzmann collision integral, partition functions, non-equilibrium flows. Applications in thermo-fluid systems.

EML 5131 ECS-MMAE 3(3,0)
**Combustion Phenomena:** PR: EML 4703, EML 3101. Physical and chemical aspects of combustion phenomena. Rate processes, chemical kinetics, structure, propagation and stability of premixed and diffusion flames.

Technical Documentation II: PR: ENC 4293. Practical application of editing theory to large ongoing projects from the student's particular field. Should be taken concurrently with ENC 4215.

ENC 4295 AS-ENG 3(3,0)

Technical Documentation III: PR: ENC 4294. Designing, writing, and illustrating manuals, e.g., repairs, maintenance or users. Project supervised by a member of a student's major department or technical editor of a corporation.

ENC 4312 AS-ENG 3(3,0)

Theory & Practice Persuasive Writing: PR: ENC 1102. A study of the theory and practice of persuasion, including logical emotional and ethical appeals.

ENC 4414 AS-ENG 3(3,0)

Studies in Hypertext: PR: ENC 1102. Hypertext and the architectures of large scale websites used by industry, government, and education.

ENC 4415 AS-ENG 3(3,0)

Digital Rhetorics and The Modern Dialectic: PR: ENC 1102. This online course explores the development of digital/online rhetorics through a close reading and analysis of formative rhetorical texts, modern American fiction and films.

ENC 5214 AS-ENG 3(3,0)

Production and Publication Methods: Theory and practice of production and publication methods for technical writers.

ENC 5219 AS-ENG 3(3,0)

ENC 5237 AS-ENG 3(3,0)

Writing for the Business Professional: PR: Graduate status or C.I. A study of the major document designs for professionals in business, focusing on audience, purpose, style, arrangements, and content.

ENC 5245 AS-ENG 3(3,0)

Teaching Professional Writing: Prepares students to determine writing needs of professional discourse communities, analyze those needs, and design in-house or freelance writing programs to address those needs.

ENC 5256 AS-ENG 3(3,0)
Gendered Rhetoric: PR: Graduate status or C.I. Questions women's and men's linguistic choices, the influence of medium and discipline of discourse, and consequences of status, power, and oppression.

ENC 5267 AS-ENG 3(3,0)

Styles in Technical Writing: PR: Graduate Standing or C.I. This course focuses on all the strategies necessary to write effective technical prose.

ENC 5306 AS-ENG 3(3,0)

Persuasive Writing: Theory and practice of writing persuasively.

ENC 5337 AS-ENG 3(3,0)

Modern Rhetorical Theory: With special attention to the rhetor-audience relationship, the course studies history and practice of modern rhetorical theory.

ENC 5344 AS-ENG 3(3,0)

ENC 5425 AS-ENG 3(3,0)

Hypertext Theory and Design: PR: post-bac standing or C.I. Theoretical and practical study of the uses and premises of hypertext.

ENC 5427 AS-ENG 3(3,0)

Hypertext: PR: Sr or Graduate standing. A study of the theory and practice of computer-driven hypertext.

ENC 5705 AS-ENG 3(2,1)

Theory and Practice in Composition: PR: Senior standing or C.I. Intensive study of theories of composition, with practical experience in the writing laboratory and in composition classes.

ENG 3010 AS-ENG 3(3,0)

Practical Criticism: PR: ENC 1102. Student evaluation of selected fiction, poetry, and drama through practical exercises in literary criticism.

ENG 3014 AS-ENG 3(3,0)

Theories and Techniques of Literature Study: PR: ENC 1102, Junior standing, or C.I. Techniques of analysis, theories of interpretation, and application of critical approaches to selected works.

ENG 4114 AS-ENG 3(3,0)

Literature and Film: PR: ENC 1102, ENG 3014. The differences in emphasis, medium, and technique in selected novels and their film adaptations.

ENG 5009 AS-ENG 3(3,0)

Methods of Bibliography and Research: Bibliographical, library and systematic approaches to
research at the graduate level in language and literature.

**ENG 5018** AS-ENG 3(3,0)

**Literary Criticism:** PR: Graduate standing or C.I. Historical survey of major critics from classical antiquity to the modern era.

**ENL 2012** AS-ENG 3(3,0)

**English Literature I:** PR: ENC 1102. Beowulf to 1798.

**ENL 2021** AS-ENG 3(3,0)

**English Literature II:** PR: ENC 1102. From 1798 to 1914.

**ENL 3951** AS-ENG 3(3,0)

**Orlando Shakespeare Festival:** PR: ENC 1102. Involvement in theory and practice of Shakespeare's art by performance-oriented study and participation in the Orlando Shakespeare Festival's pre-season activities and productions.

**ENL 3951H** AS-ENG 3(3,0)

**Orlando Shakespeare Festival Honors:** PR: ENC 1102. Honors theory and practice of Shakespeare's art by performance-oriented study and participation in the Orlando Shakespeare Festival's pre-season activities and productions.

**ENL 4101** AS-ENG 3(3,0)

**English Novel:** PR: ENC 1102. Analysis of major English novelists.

**ENL 4220** AS-ENG 3(3,0)

**English Renaissance Poetry and Prose:** PR: ENC 1102. The course will examine selected poetry and prose of Wyatt, Surrey, Sidney, Spenser, Marlowe, Raleigh, Daniel, Shakespeare, Chapman, Lyly & others.

**ENL 4230** AS-ENG 3(3,0)

**18th Century Studies:** PR: ENC 1102 and ENG 3014. Reading, analysis, and discussion of literature in English: 1660-1880. May be repeated for credit.

**ENL 4240** AS-ENG 3(3,0)

**English Romantic Writers:** PR: ENC 1101, ENC 1102. Study of English poets and essayists of the romantic period, including Wordsworth, Coleridge, Hazlitt, Lamb, Byron, Shelley & Keats.

**ENL 4253** AS-ENG 3(3,0)

**The Victorian Age: Poetry:** PR: ENC 1102. Poets of the Victorian period, including Tennyson, the Brownings, Arnold, Hopkins, the Rossettis, and Emily Bronte.

**ENL 4262** AS-ENG 3(3,0)
ENL 4273 AS-ENG 3(3,0)

ENL 4333 AS-ENG 3(3,0)

Shakespeare Studies: PR: ENC 1102. Reading, analysis, and discussion of Shakespeare's plays. May be repeated for credit.
ENL 4341 AS-ENG 3(3,0)

Milton and His Age: PR: ENC 1102. Paradise Lost, Paradise Regained, Samson Agonistes, shorter poems and selected prose.
ENL 5237 AS-ENG 3(3,0)

Eighteenth Century Studies: Reading, analysis, and discussion of literature in English:1660-1880.
ENL 5250 AS-ENG 3(3,0)

The Victorian Age: Poetry: PR: Graduate standing or C.I. Poets of the Victorian period, including Tennyson, the Brownings, Arnold, Hopkins, Hardy, the Rossettis, Emily Bronte, and others.
ENL 5256 AS-ENG 3(3,0)

Victorian Literature: PR: Graduate Standing or C.I. A study of the major prose works and selected poetry of British Victorian writers.
ENL 5269 AS-ENG 3(3,0)

Nineteenth-Century Essays: PR: Graduate standing or C.I. English non-fiction prose of the 19th century.
ENL 5335 AS-ENG 3(3,0)

Studies in Shakespeare: PR: Senior standing or C.I. A selection of representative plays, with emphasis on Shakespeare's development as an artist: aesthetics of dramatic literature.
ENL 5347 AS-ENG 3(3,0)

ENS 1441 AS-ENG 3(3,0)

Advanced ESL Writing: PR: TOEFL Score of 500+ and completion of ENC 0020 or equivalent. Advanced work in writing for non-native speakers to over-come problems encountered in mastering academic English, not remedial composition.
**ENV 3001**  ECS-CEE  3(3,0)

**Introduction to Environmental Engineering:** PR: CHM 2046 and MAC 2312. Introduction to concepts and terminology of environmental engineering. Stresses material and energy balances. Covers air, water and land pollution. May be repeated for credit.

**ENV 4112C**  ECS-CEE  3(2,2)

**Air Pollution Measurements Lab:** PR: ENV 4121. Measurement of gaseous flow, isokinetic sampling, and pollutant quantification. Emphasis is placed on EPA methods.

**ENV 4120**  ECS-CEE  3(3,0)

**Air Pollution Control:** PR: EGN 3704 or ENV 3001 and CWR 3201. Air resources engineering design, and operation of air pollution control systems.

**ENV 4121C**  ECS-CEE  3(2,3)

**Air Pollution:** PR: EGN 3704, CWR 3201. Sources, causes, and effects of air pollution. Engineering design, analysis, and modeling for the control of air pollution.

**ENV 4122C**  ECS-CEE  3(2,2)

**Air Pollution Control Design:** PR: ENV 4121C. Project course on design of air pollution control equipment and systems.

**ENV 4300C**  ECS-CEE  3(2,2)

**Solid Waste Facility Design:** PR: ENV 4341. Project course on design of a municipal solid waste landfill.

**ENV 4341**  ECS-CEE  3(3,0)

**Solid Waste Management:** PR: EGN 3704 or C.I. Engineering design, planning, and analysis problems associated with storage, collection, processing, and disposal of solid and hazardous wastes.

**ENV 4432**  ECS-CEE  3(3,0)

**Potable Water Treatment:** PR: ENV 3001 and CWR 3201. Detailed investigation of principles of design and operation of potable water treatment facilities. May be repeated for credit.

**ENV 4531**  ECS-CEE  3(3,0)

**Wastewater Treatment Processes:** PR: ENV 3001 and CWR 3201. Detailed investigation of principles of design and operation of wastewater treatment facilities. May be repeated for credit.

**ENV 4561**  ECS-CEE  4(4,0)

**Environmental Engineering - Process Design:** PR: EGN 3704 and CWR 3201. Water treatment and wastewater treatment design considerations with effluent and sludge handling, treatment, and disposal.

**ENV 4562C**  ECS-CEE  3(2,2)
Environmental Engineering Systems Design: PR: ENV 4561, CWR 4202C. Project course on design of water and wastewater treatment plants.

ENV 4563 ECS-CEE 3(3,0)

ENV 5071 ECS-CEE 3(3,0)

ENV 5116C ECS-CEE 3(2,3)

Air Pollution Monitoring: PR: ENV 4121C or C.I. Air Pollution sampling techniques, equipment, and monitor siting. Emphasis on theory and direct applications in air pollution monitoring.

ENV 5334 ECS-CEE 3(3,0)

Characterization of Hazardous Waste Sites: PR: CWR 4101C and ENV 4341 or C.I. Practical and comprehensive methods of hazardous waste site characterization to determine site properties, contamination type, magnitude and risk, and remedial actions.

ENV 5335 ECS-CEE 3(3,0)

Hazardous Waste Management: PR: EGN 3704 or C.I. Engineering planning and analysis associated with the handling, storage, treatment, transportation, and disposal of hazardous wastes.

ENV 5410 ECS-CEE 3(3,0)

Drinking Water Treatment: PR: ENV 4561. Drinking water treatment using existing and newly developed processes. Fe, Mn, As, NO3, DBP3, SOCs and other contaminants using oxidation, membranes, ion exchange, precipitation, sorption, and other processes.

ENV 5505 ECS-CEE 3(3,0)

Sludge Management Operations in Environmental Engineering: PR: ENV 4561. Theory and design of sludge management operations and processes in environmental engineering, including stabilization dewatering and ultimate disposal.

EPH 5335 ED-IP 3(3,0)

Physical and Sociological Implications of Handicapping Conditions: Overview of physical and sociological factors which may contribute to delayed learning or physical impairments in the exceptional populations. Physical interventions and first-aid practices are examined.
Internship I - Secondary: PR: EDG 4323. Student teaching in a secondary school under the supervision of a certified classroom teacher.

Internship II - Secondary: PR: ESE 3940 or EDE 3942. Student teaching in a secondary school under the direction of a certified classroom teacher. Scheduled concurrent seminars.

Secondary School Curriculum Improvement I: PR: Regular Certificate or C.I. Secondary School self studies for curriculum projects, accreditation reports, or staff development.

Quality Engineering: PR: STA 3032. Basic concepts and techniques of quality control; applications of statistics in industrial research; design of quality assurance systems; reliability engineering.

Quantitative Techniques in Industrial Engineering: PR: ESI 4312. Extension of ESI 4312, with primary emphasis on Operations Research and statistical applications to industrial engineering problems.

Systems Simulation: PR: STA 3032, EGN 3210 or high level programming language. Methods and procedures for simulating large-scale systems with digital computers. High level programming and simulation languages are used.

Engineering Statistics: PR: C.I. Discrete and continuous probability distributions, hypothesis testing, regression, nonparametric stats and ANOVA.

Total Quality Improvement: PR: STA 3032 or equivalent. Quality improvement (QI) tools and techniques, advanced QI techniques, quality improvement systems, total quality management concepts
and implementation, planning and management tools, and case studies.

**ESI 5236   ECS-IEMS   3(3,0)**

**Reliability Engineering:** PR: ESI 4234 or equivalent, or C.I. Reliability theory and modeling approaches. Topics include: failure data analysis, maintainability, reliability standards (DOD), software reliability, reliability in design, and electronic systems reliability.

**ESI 5315   ECS-IEMS   3(3,0)**

**Research Foundations for IE and OR Modeling:** PR: MAP 2032; ESI 5219 or equivalent; ESI 4312; and C.I. Research foundations for IE/OR modeling, including constructive analysis of published research, methods of proof, research foundations in decision theory, optimization, and related areas.

**ESI 5316   ECS-IEMS   3(3,0)**

**Operations Research:** PR: STA 3032. Methods of operations research, including formulation for models and derivation of solutions; linear programming, network models queueing theory, simulation, and nonlinear optimization techniques.

**ESI 5318   ECS-IEMS   3(3,0)**

**Military Applications of Operations Research:** PR: ESI 4312 or ESI 5316. Course covers application of operations research models to military planning and operations. Use of optimization, simulation, probability, and statistical modeling to evaluate force alternatives.

**ESI 5359   ECS-IEMS   3(3,0)**

**Risk Assessment and Management:** PR: ESI 5219 or STA 3032. Problems and complexities involved in risk assessment and management. Selected methodologies are illustrated through realistic applications in engineering and the sciences.

**ESI 5419C   ECS-IEMS   3(2,2)**

**Engineering Applications of Linear and Nonlinear Optimization:** PR: ESI 4312 or ESI 5316. Course covers linear and nonlinear optimization applications in production planning, staffing, engineering design, distribution networks, and other engineering areas. Focuses on practicing OR analysts.

**ESI 5451   ECS-IEMS   3(3,0)**

**Network Based Project Planning, Scheduling, and Control:** PR: ESI 4312 or ESI 5316. Probabilistic and deterministic approaches for planning, scheduling, and controlling complex, large-scale projects. PERT, CPM, resource leveling, risk analysis.

**ESI 5531   ECS-IEMS   3(3,0)**

**Discrete Systems Simulation:** PR: STA 3032. Methods for performing discrete systems simulation, including network modeling, will be treated.

**EST 4502C   ECS-ENT   4(3,2)**
Metrology and Instrumentation: PR: ETG 3541 or equivalent; EET 3085C or equivalent; and MAC 2253 or equivalent. An introduction to the basic concepts and terminology of metrology and instrumentation. Theory, procedures and techniques essential to industrial measurement and laboratory practice are covered.

ETC 4206 ECS-ENT 3(3,0)

Construction Estimating: PR: MAC 1105, MAC 1114, EGN 1111C or equivalent, ETC 4241C, ETC 4242. Techniques of making estimates and computations of materials, labor, equipment, overhead costs and profits. Software packages are utilized.

ETC 4241C ECS-ENT 3(2,2)

ETC 4242 ECS-ENT 3(3,0)

Construction Contracts and Specifications: The role of construction contracts, architectural specifications, product specifications, industry standards and building codes in the process of building construction.

Applied CADD: PR: Engineering Drawing and some CADD background. This course in computer-aided drafting/design provides the student with the opportunity to approach detailed and intricate drafting/design problems from a computer perspective.

ETG 3533C ECS-ENT 4(3,2)

Applied Engineering Strength of Materials: PR: MAC 1105, MAC 1114, ETG 3541, PHY 2053C, junior standing; CR: MAC 2253 or MAC 2311. Relationship between external forces and action of members of a structure. Topics include stress, shear, moment, deflections, columns, connections, and Mohr’s circle.
ETG 3541  ECS-ENT  4(4,0)

ETG 4950C  ECS-ENT  3(1,4)

Senior Design Project: PR: ETG 3541, EST 4502C, ETG 2530C or C.I. Engineering Technology senior within 18 semester hours of graduation. Supervised individual or group projects involving project definition, planning, development, testing, and evaluation. Progress reports and a final oral presentation and formal written report are required.

ETI 3116  ECS-ENT  3(3,0)

ETI 3418C  ECS-ENT  3(3,0)

Computer Numerical Controls - Machining Applications: PR: MAC 1105 and junior standing. Theory of methods and concepts for machining, computer numerical controls/programs, types of operations, cutting tools, machine tools, and electrical discharge machines.

ETI 3421  ECS-ENT  3(3,0)

ETI 3440  ECS-ENT  3(3,2)

Product Design: Principles of layout and dimensions for production. Consideration of design factors, standards, specifications, and codes, with emphasis on productability.

ETI 3651C  ECS-ENT  3(2,2)

Computer Applications: PR: Junior standing and MAC 1105. Complete and comprehensive use of software applications for specific engineering uses. Problem solving techniques as related to industrial and engineering applications.

ETI 3671  ECS-ENT  2(2,0)

ETI 3690  ECS-ENT  3(3,0)

Technical Sales: PR: Junior standing or C.I. Application of technical knowledge to sales and service. Relationship of technical sales organization to production, customers, and competitors.
ETI 4186 ECS-ENT 3(3,0)

**Applied Reliability:** PR: ETI 2110. Practical application of reliability concepts and analysis applicable to the design, production and logistics phases of systems and system components.

ETI 4205 ECS-ENT 3(3,0)

**Applied Logistics:** PR: ETI 2110 or C.I. Introduction to logistics. Emphasis on practical applications. Includes systems engineering, cost/systems effectiveness, reliability, maintainability, system functional analysis, logistic support analysis, life cycle cost analysis.

ETI 4448 ECS-ENT 3(3,0)

**Applied Project Management:** Statement of work, activity decisions, timelines, scheduling, and resource allocation methods. Techniques will be appropriate for large and small projects within commercial, academic, or non-profit organizations.

ETI 4635 ECS-ENT 3(3,0)

**Technical Administration:** PR: MAC 1105 and Junior Standing. Techniques of applying management principles to professional positions held by Engineering Technologists. Management functions of planning, organizing, motivating, and controlling, production, sales, and service.

ETI 4640 ECS-ENT 3(3,0)

**Process Planning and Work Measurement:** PR: MAC 1105 and junior standing. Scheduling techniques (PERT), (CPM), are presented. Time Study Methods, Work Sampling and MTM are covered.

ETI 4661C ECS-ENT 3(2,2)

**Applied Facilities Planning and Design:** PR: ETI 3421, engineering drawing and senior standing. The design of manufacturing facilities and material handling systems.

ETI 4700 ECS-ENT 3(3,0)

**Occupational Safety:** PR: Junior standing. Accident prevention and the operation of an industrial safety program. Basic requirements of the Occupational Safety and Health Act standards.

ETM 4220 ECS-ENT 4(4,0)

**Applied Energy Systems:** PR: MAC 2253 or MAC 2311; Chemistry, College Physics. Introduction to energy, work, and thermal systems and processes. Applications of heat energy with emphasis on solar energy.

ETM 4232C ECS-ENT 4(3,2)

**Applied Heat Transfer:** PR: ETG 3541 or equivalent, MAC 2253 or MAC 2311. An introduction to the basic concepts and applications of conduction, convection and radiation heat transfer. Basic energy balances and their applications are emphasized. Study state and transient phenomena are evaluated, including numerical solutions.
ETM 4331C ECS-ENT 4(3,2)

**Applied Fluid Mechanics:** PR: MAC 2253 or MAC 2311; PHY 2053C or equivalent. An introduction to the basic concepts of hydrostatics and hydro-dynamics covering fluid statics, flow of ideal fluids, continuity of mass, impulse and momentum principles, conservation of energy, flow of fluid in pipes, etc.

ETM 4403C ECS-ENT 3(2,2)

**Applied Kinematics:** PR: ETG 3541 and Engineering Drawing. Analysis and design of machine elements and mechanisms involving velocities and accelerations of components, linkages, gears, and cams.

ETM 4512C ECS-ENT 3(2,2)

**Applied Design of Machine Elements:** PR: ETG 3541, ETG 2530C, and Engineering Drawing. Design of basic machine elements, including cams, gears, bearings, and coupling, taking into account loads, stresses, and strength of materials.

ETM 4755 ECS-ENT 4(4,0)

**Applied Air Conditioning:** PR: ETM 4331C. Analysis of body comfort, psychometrics, heating and cooling load, specification of air conditioning systems, air distribution systems and system piping requirements.

EUH 2000 AS-HIST 3(3,0)

**Western Civilization I:** A survey of western civilization from ancient to 1648.

EUH 2000H AS-HIST 3(3,0)

**Honors Western Civilization I:** Same as EUH 2000 with honors-level content.

EUH 2001 AS-HIST 3(3,0)

**Western Civilization II:** PR: EUH 2000 or C.I. A survey of western civilization from 1648 to present. May be taken before EUH 2000.

EUH 2001H AS-HIST 3(3,0)

**Honors Western Civilization II:** Same as EUH 2001 with honors-level content.

EUH 3122 AS-HIST 3(3,0)

EUH 3142 AS-HIST 3(3,0)

**Renaissance and Reformation:** PR: EUH 2000 and 2001 or C.I. Influence of Renaissance humanism on arts, letters, and politics; Luther and Protestantism; the Catholic Counter-Reformation and the Thirty Years' War.
Romanticism and Realism: PR: EUH 2000 and 2001 or C.I. Napoleon and nationalism; new ideas; conservation; liberalism, romanticism, republicanism and socialism; urbanization, technology and mass culture, religious decline; Realpolitik, racism, imperialism, and militarism.

Modern Europe and the First World War: A survey of the impact of the democratic institutions, education, transportation, housing, health, mass communications, entertainment, women, and warfare.

Second World War and Rebirth of Europe: PR: EUH 2000 and 2001 or C.I. Origins of World War II; Hitler's "New Order," and resistance movements; Cold War; de-Stalinization of Russia; Sovietization of East Central Europe; Western reconstruction, and prosperity.

History of Modern Spain: PR: Modern European History (18th-20th century). The evolution of Modern Spain through its key institutions, cultural as well as social movements, and impact of political and intellectual trends, 1700-Present.

History of Modern Italy: PR: EUH 2001. The history of modern Italy from the origins of national unification through the post-World War II era.

History of Modern France: PR: EUH 2001, EUH 3242 or C.I. The course traces the evolution of France through the study of French political thought, institutional development, social movements, and international roles from 1700 - present.

War and Society: Evolution of weapons, tactics, strategy; role, social status, recruitment of soldiers; influence of military on governments; and international efforts to preserve peace.

Fascism and the Totalitarian Dictatorships: PR: EUH 2000 and 2001 or C.I. Totalitarian ideologies, institutions, and practices in Lenin's and Stalin's Russia. Mussolini's Italy, and Hitler's Third Reich; fascist movements in the non-totalitarian states.
War I and Versailles Treaty; the Weimar Republic and the rise of the Nazis; Second World War, division and recovery.

**Evaluation of Vocational Instruction:** PR: EVT 3371 or C.I. Study, practice, and achievement of competency in assessing student cognitive, affective, and psychomotor performance in vocational education.

EVT 3371    ED-IP    4(4,0)

**Course Construction in Industrial Education:** PR: EVT 3365 or C.I. Planning and preparing instructional materials, organizing and managing the Industrial Education laboratory, and involvement in VICA.

EVT 3502    ED-IP    4(4,0)

**Special Needs of Vocational Students:** PR: EVT 3365 or C.I. Achievement of teacher competency in meeting the special needs of the handicapped, culturally different, slower learner, those with basic skill deficiencies, and those in non-traditional programs.

EVT 4065    ED-IP    4(4,0)

**Principles and Practices of Vocational Education:** PR: EVT 3365 or C.I. Study of the history, structure, and current status of vocational education. Achievement of competency in applying principles of vocational education to vocational student organizations, advisory committees, and economic development.

EVT 4169    ED-IP    3(3,0)

**Curriculum Development Techniques for Industry Training:** The practical application of fundamental knowledge, important skills, alternative analysis methods, and the critical elements of the trainers analysis tasks.

EVT 4368    ED-IP    3(3,0)

**Advanced Teaching Techniques for Vocational Education:** PR: EVT 3365 or C.I. Study, practice, and achievement of techniques including cooperative learning, simulation, instructional modeling and evaluation of instructional effectiveness.

EVT 5260    ED-IP    2-4(2-4,0)

The University does not offer all of the courses listed in this Undergraduate Catalog each academic year, semester, or term. Consult the online Class Schedule at http://ClassSchedule.ucf.edu for those courses offered each semester/term.

LAE 3414 ED-IP 3(3,0)

Literature for Children: PR: Phase I or C.I. General survey of books and materials; criteria for analysis and evaluation; types of books available considered in terms of interests, needs, and abilities of children.

LAE 3504 ED-IP 3(3,0)

Language Acquisition: Examines development of oral language (birth - third grade) and the beginnings of literacy acquisition (birth - age three). Addresses common communicative disorders and intervention methods.

LAE 4314 ED-IP 3(3,0)

Language Arts in the Elementary School: PR: Phase I or C.I. Content, principles, materials, and techniques involved in teaching, speaking, listening, writing, and spelling in the elementary school; organizing for instruction.

LAE 4342 ED-IP 3(3,0)

Teaching Language and Composition: PR: EDG 4323. Techniques and methods in teaching of dialects, semantics, the various grammars. A survey of composition and rhetorical methods of selected authors.

LAE 4360 ED-IP 4(3,2)
English Instructional Analysis: PR: EDG 4323. Course objectives for a school curriculum and methods and materials which have special application for teaching English at the middle grades and high school.

LAE 4361 ED-IP 3(3,0)

Literacy Strategies for Middle and Secondary School: PR: Meet College of Education Admission requirements, or C.I. Examination of theory, strategies, resources and implementation options for effective middle and secondary reading and writing programs, to assist preservice teachers to understand the adolescent reader and writer.

LAE 4464 ED-IP 3(3,0)

Survey of Adolescent Literature: This course is designed to explore adolescent literature from both an educational and an historical perspective.

LAE 5195 ED-IP 3(3,0)

CFWP Teacher Consultant: PR: C.I. This course is designed for Fellows of the CFWP Summer Institute who will plan, practice, and present writing inservice components to public schools.

LAE 5295 ED-IP 1-3(1-3,0)

Writing Workshop I: PR: C.I. Students will engage in exploration and practice of effective writing strategies. May include teaching small groups of students. May be repeated for credit.

LAE 5319 ED-IP 3(3,0)

Methods of Elementary School Language Arts: PR: EDG 4323. Principles, procedures, organization and current practices in reading, writing, listening, and talking.

LAE 5337 ED-IP 3(3,0)

Literacy Strategies for Middle and Secondary Teaching: PR: Graduate standing or C. I. Designed to assist teachers and graduate students in understanding the adolescent learner. This course will examine theory, strategies, research, resources and implementation options for effective middle and secondary literacy programs.

LAE 5338 ED-IP 3(3,0)

Teaching Writing in Middle and High School: PR: EDG 6236 or C.I. Techniques and methods in teaching dialects, semantics, and the various grammars within the context of writing.

LAE 5346 ED-IP 3(3,0)

Methods of Teaching English Language Arts: PR: EDG 6236 or C.I. Designed for alternative certification and Masters of Arts students to explore the strands, methods and materials related to school curriculum in teaching English.

LAE 5367 AS-ENG 3(3,0)

English Composition and Literature for Teachers of Advanced Placement: PR: Graduate standing
and C.I. A two-week summer institute for secondary school teachers preparing to teach Advanced Placement courses.

**LAE 5372**  
**AS-ENG**  
**3(2,1)**

**Theory and Practice in Composition:** PR: Senior standing or C.I. Intensive study of theories of composition, with practical experience in the writing laboratory and in composition classes.

**LAE 5415**  
**ED-IP**  
**3(3,0)**

**Children's Literature in Elementary Education:** Survey of children's literature: criteria for selection according to literary elements and child development needs. Methods for presenting to children; integrating literature with elementary curricula.

**LAE 5465**  
**ED-IP**  
**3(3,0)**

**Literature for Adolescents:** PR: Senior standing or C.I. Selecting and evaluating books for adolescents with emphasis on the use of literature in the development of young people.

**LAE 5495**  
**ED-IP**  
**3(3,0)**

**Assessing Writing:** PR: C.I. Students will explore a variety of strategies for assessing students' writing including holistic scoring, primary trait scoring, and portfolio assessment.

**LAH 3130**  
**AS-HIST**  
**3(3,0)**

**Latin American History I:** PR: EUH 2000 and 2001 or C.I. The Colonial period.

**LAH 3200**  
**AS-HIST**  
**3(3,0)**

**Latin American History II:** PR: EUH 2000 and 2001 or C.I. The National period.

**LAH 3400**  
**AS-HIST**  
**3(3,0)**

**History of Mexico and Central America:** PR: EUH 2000 and 2001 or C.I. A survey of Mexican and Central American history from Pre-Columbian times to the present.

**LAH 3470**  
**AS-HIST**  
**3(3,0)**

**History of the Caribbean:** PR: EUH 2000 and 2001 or C.I. History of Cuba, Puerto Rico, Dominican Republic, and Haiti from Pre-Columbian times to the present.

**LAH 5713**  
**AS-HIST**  
**3(3,0)**

**Colloquium in U.S.-Latin American Relations:** PR: Senior Standing and C.I. The course will analyze U.S.-Latin American relations from an historical perspective. It will be presented through readings and discussion of selected materials.

**LAS 4023**  
**AS-AAS**  
**3(3,0)**

**African Caribbean Experience:** PR: Junior standing or C.I. Interdisciplinary study of the evolution of African Caribbean culture, its influence on institutions, social and political movements, and contemporary Caribbean society.
LAT 1120  AS-LANG  4(4,1)

**Elementary Latin Language and Civilization I:** Introduces the student to Latin culture through the major language skills: listening, speaking, reading and writing. Open only to students with no experience in this language.

LAT 1120H  AS-LANG  4(4,1)

**Honors Elementary Latin Language and Civilization I:** Same as LAT 1120 with honors-level content.

LAT 1121  AS-LANG  4(4,1)

**Elementary Latin Language and Civilization II:** PR: LAT 1120 or equivalent. Continuation of LAT 1120.

LAT 1121H  AS-LANG  4(4,1)

**Honors Elementary Latin Language and Civilization II:** PR: LAT 1120H or equivalent. Same as LAT 1121 with honors-level content.

LIN 3010  AS-ENG  3(3,0)

LIN 3640  AS-PSYCH  3(3,0)

**Psychology of Oral Communication:** Psychological principles involved in the communicative process, with application to individuals and groups.

LIN 3716  HPA-COMD 3(3,0)

**Language Development: Birth Through 8 Years:** PR: DEP 2004. Study of the language acquisition process in children from birth through eight years and how meaning is conveyed through sounds, words, and sentences.

LIN 3717  HPA-COMD 3(3,0)

**Language Development: 9 - 18 Years:** PR: LIN 3716. Study of the language acquisition process in children from nine through eighteen years and how meaning is conveyed through sounds, words, and sentences.

LIN 4100  AS-ENG  3(3,0)

**History of the English Language:** PR: ENC 1102 and Sophomore standing. Study of the English language and its development from Anglo-Saxon to Modern.

LIN 4612  AS-ENG  3(3,0)

**African American English:** PR: ENC 1102 and Sophomore standing. A study of the phonology,

LIN 4643 AS-ENG 3(3,0)

Cross Cultural Communication: PR: ENC 1102, Junior standing. Studies of the styles of spoken, written, and nonverbal communication of selected cultural groups, including men and women, Afro- and Anglo-Americans, Germans and French, Hispanics, Arabs, and Japanese.

LIN 4660 AS-ENG 3(3,0)

Linguistics and Literature: PR: LIN 3010. Investigation of language study as an aid to understanding literature. Topics include analysis of figurative language, languages as characterization, cohesion, sentence and discourse structure.

LIN 4680 AS-ENG 3(3,0)

Modern English Grammar: PR: ENC 1102 and Sophomore standing. Emphasis upon the analysis and comparison of traditional, structural, and transformational grammar.

LIN 4711 HPA-COMD 3(3,0)

Language Analysis: PR: LIN 3716 and LIN 3717. Introduction to procedures for sampling, analyzing, and describing language across the lifespan.

LIN 4711L HPA-COMD 1(0,1)

Language Analysis Lab: PR: LIN 3716 and LIN 3717. Introduction to procedures for sampling, analyzing and describing language samples across the lifespan.

LIN 4801 AS-ENG 3(3,0)

Language and Meaning: PR: ENC 1102 and Sophomore standing. A linguistic study of the nature of language, meaning, and the ways in which man uses language in various social, cultural, institutional, and professional settings.

LIN 5137 AS-ENG 3(3,0)

Linguistics: PR: Senior or graduate standing or C.I. Modern linguistic theories and studies focusing on language acquisition and development, contemporary American English, semantics, and para-linguistics.

LIN 5675 AS-ENG 3(3,0)

English Grammar and Usage: PR: Graduate Status and C.I. An overview of modern grammar, including structural, transformational and rhetorical grammar, along with an examination of controversial usage.

LIN 5705 HPA-COMD 3(3,0)

Psycholinguistics: PR: Graduate status or C.I. Foundations of language in affective consciousness and the human nervous system. Pragmatic analysis of word meaning and its precise scientific
measurement. Implications for communicative disorders.

**LIS 4301**  ED-IP  3(3,0)

**Production of Materials for Media Center:** PR: LIS 4428. Skill in producing teacher and student-made materials. Emphasizes graphic, photographic, and audio techniques for schools. Lab TBA.

**LIS 5562**  ED-ED F  3(3,0)

**Technologies of Instruction & Information Management:** PR: Acceptance into Ed Media program or C.I. Theories and practices in utilizing instructional media and information technologies. Emphasis on new and emerging technologies and their effects on the school and media program.

**LIT 2000**  AS-ENG  3(3,0)

**Introduction to Literary Interpretation:** PR: ENC 1102. Interpretation of fiction, drama, verse: conflict, characterization, point of view, rhetorical and poetic devices, figurative language, verse forms; application of critical approaches to selected works.

**LIT 2110**  AS-ENG  3(3,0)

**World Literature I:** PR: ENC 1102. Poetry, prose, and drama selected from ancient Hebrew, Greek, and Oriental literature and from that of Renaissance Europe.

**LIT 2120**  AS-ENG  3(3,0)

**World Literature II:** PR: ENC 1102. Readings from Moliere, Voltaire, Goethe, Pushkin, Balzac, Tolstoy, Ibsen, Mann, Kafka, Camus, and others.

**LIT 2120H**  AS-ENG  3(3,0)

**World Literature II - Honors:** Same as LIT 2120, with honors-level content.

**LIT 3082**  AS-ENG  3(3,0)

**Continental European Fiction Since 1900:** PR: ENC 1102. A selection of significant works of fiction written in various languages during the present century, read in translation.

**LIT 3192**  AS-ENG  3(3,0)

**Caribbean Literature:** PR: ENC 1102. Traces how Caribbean societies have achieved self-expression through documentary writing, prose fiction, and popular culture; in English.

**LIT 3202**  AS-ENG  3(3,0)

**Death and Dying:** PR: ENC 1102. Considering the topic of death and dying through a study of
literature, the course includes facts, psychological impact, ideological responses to death and identity.

**LIT 3313**  AS-ENG  3(3,0)

**Science Fiction:** PR: ENC 1102. An investigation of science fiction as a literary form, together with selected readings.

**LIT 3354**  AS-ENG  3(3,0)

**Ethnic Literature in America:** PR: ENC 1102. Contributions of linguistic and ethnic groups of non-English origin to the literature of the United States.

**LIT 3383**  AS-ENG  3(3,0)

**Women in Literature:** PR: ENC 1102. Fiction, poetry, drama and non-fiction by selected women writers, such as Emily Dickinson, Jane Austen, George Eliot, Kate Chopin, Zora Neale Hurston, Toni Morrison, Adrienne Rich, Gwendolyn Brooks.

**LIT 3394**  AS-ENG  3(3,0)

**Literature of AIDS:** PR: ENC 1102. To familiarize students with the new genre of literature that has arisen related to AIDS. Essays, short stories, plays, poetry, diaries, and novels will be covered.

**LIT 3482**  AS-ENG  3(3,0)

**Literature & Popular Culture:** PR: ENC 1102. Analysis of media to determine popular values in the formation of popular cultural perceptions.

**LIT 3905**  AS-ENG  3(3,0)

**Directed experience in Literature:** PR: ENC 1102, C.I. Individualized topics of study and/or research in literature with personalized faculty direction. May be repeated for credit.

**LIT 3911H**  AS-ENG  1(1,0)

**Research Methods - Honors:** PR: Honors Student Status or consent of Honors coordinator. Introduction to scholarship and practical research in literature and writing.

**LIT 4043**  AS-ENG  3(3,0)

**Modern Drama As Literature:** PR: ENC 1102. A study of important plays, playwrights, themes, movements, and styles in modern American, British, and European drama.

**LIT 4184**  AS-ENG  3(3,0)

**Irish Literature:** PR: ENC 1102, ENG 3014. Study of literature written in Ireland, within the context of Irish history, politics, culture and colonial experience.

**LIT 4285H**  AS-ENG  3(3,0)

**Faces of Evil:** PR: ENC 1102. An Honors seminar on the literature and film depictions of hatred, racism, and other evil.
LIT 4303 AS-ENG 3(3,0)

Post-World War II Fiction: PR: ENC 1102. An investigation of various modes of reality in the works of significant postmodernist world authors, crossing cultural boundaries.

LIT 4374 AS-ENG 3(3,0)

Literature of the Bible: PR: ENC 1102 or ENG 3014 or C.I. Literary forms in the Bible - narrative, poetic, and dramatic - and their reflection in modern literature.

LIT 4433 AS-ENG 3(3,0)

Survey of Technical and Scientific Literature: PR: ENC 4293 or C.I. An analysis of the historical development of technical and scientific writing from the Renaissance to the present.

LIT 4554 AS-ENG 3(3,0)

Advanced Feminist Theories: PR: ENC 1102, WST 3015 or ENG 3014. An advanced exploration of feminist critical theories and practices.

LIT 4937H AS-ENG 3(3,0)

English Honors Seminar: PR: Honors Student Status or consent of Honors coordinator. In-depth study of language and/or literature with an emphasis on creative and critical abilities.

LIT 5028 AS-ENG 3(3,0)

Form and Theory of Short Story: PR: Graduate status or C.I. Evolving forms and theories of short fiction and the implications of form and theory.

LIT 5039 AS-ENG 3(3,0)

Studies in Contemporary Poetry: English language poetry from 1945 to the present. Emphasis will be on American poets, but others such as English or Australian will be included.

LIT 5097 AS-ENG 3(3,0)

Studies in Contemporary Fiction: PR: Senior standing or C.I. Fiction in the last 20 years in the United States and Britain. May be repeated for credit when content is different

LIT 5250 AS-ENG 3(3,0)

The Victorian Age: Poetry: PR: Graduate standing or C.I. Poets of the Victorian period, including Tennyson, the Brownings, Arnold, Hopkins, Hardy, the Rossettis, Emily Bronte, and others.

LIT 5269 AS-ENG 3(3,0)

Nineteenth-Century Essays: PR: Graduate standing or C.I. English non-fiction prose of the 19th century.

LIT 5309 AS-ENG 3(3,0)

Popular Culture and Media: PR: Graduate standing or C.I. Study of contemporary media and the
literature of popular culture.

LIT 5366    AS-ENG    3(3,0)

The Romantic Revolt (19th Century Literature): PR: Senior standing or C.I. The romantic revolt in poetry and prose; English, American and Continental literature from 1798 to 1832.

LIT 5387    AS-ENG    3(3,0)

Captives, Housewives, and Coquettes: PR: Graduate status or C.I. Course considers early American women's literature from 17th to 19th centuries

LIT 5389    AS-ENG    3(3,0)

Studies in Gender & Fiction Writing: PR: Graduate status or C.I. Graduate study of gender's implications for teaching and practice of fiction writing

LIT 5556    AS-ENG    3(3,0)

Advanced Feminist Theories: PR: Graduate status or C.I. Graduate level Feminist Theories from "French Feminism" to "Critical Race Theories."

MAA 4226 AS-MATH 4(4,0)

MAA 4227 AS-MATH 3(3,0)

Advanced Calculus II: PR: MAA 4226 or C.I. Continuation of MAA 4226.

MAA 5210 AS-MATH 4(4,0)

Topics in Advanced Calculus: PR: MAA 4226 or equivalent. Topics in multivariable calculus, including limits, continuity, integration, differentiation, Taylor's theorem, inverse and implicit function theorems

MAA 5405 AS-MATH 3(3,0)

MAA 5416 AS-MATH 3(3,0)

Foundations of Analysis: PR: MAA 4226. Topological spaces, compactness results, connectedness, analytical and differentiable manifolds, topological groups, Lie groups, representation theory for
classical groups, Green, Stoke and Gauss' theorems.

MAC 1105 AS-MATH 3(3,0)

**College Algebra:** PR: Intermediate algebra or 2 years of high school algebra or C.I. Inequalities. High degree polynomials. Graphs, rational, logarithmic, and exponential functions. Systems of equations, matrices, determinants, induction. This course prepares students for higher-level mathematics courses. Course graded "A", "B", "C", "NC", or "F"

MAC 1105H AS-MATH 3(3,0)

**Honors College Algebra:** PR: Appropriate score on placement test. Analysis of functions (including polynomial, rational, exponential, logarithmic), analysis of conic sections, analysis of systems of linear equations, sequences and series, mathematical induction, and the binomial theorem. Course graded "A", "B", "C", "NC", or "F".

MAC 1114 AS-MATH 3(3,0)

**College Trigonometry:** PR: MAC 1102 or 2 years of high school algebra or C.I. The circle arc length, circular functions, identities, inverse functions, applications to simple harmonic motion, function of angles, complete development of triangle solving. Course graded "A", "B", "C", "NC", or "F"

MAC 2147 AS-MATH 5(5,0)

**Mathematics for Calculus:** PR: Solid background in algebra or trigonometry, or C.I. For students with good mathematical backgrounds who do not want to go directly into calculus. Topics include matrices, determinants, permutations, combinations, sequences, series, induction, trigonometric functions. Course graded "A", "B", "C", "NC", or "F"

MAC 2233 AS-MATH 3(3,0)

**Concepts of Calculus:** PR: MAC 1105 or C.I. The differential and integral calculus of rational, exponential and logarithmic functions, with applications to business analysis. Not open to students with credit in MAC 2253 or MAC 2311. Course graded "A", "B", "C", "NC", or "F"

MAC 2241 AS-MATH 4(4,0)

**Calculus for Life Sciences:** PR: MAC 1105. Discrete dynamical systems, derivatives and dynamics, applications of derivatives, integrals and their applications. For biologists and others required to have one semester of calculus. Course graded "A", "B", "C", "NC", or "F"

MAC 2253 AS-MATH 3(3,0)

**Applied Calculus I:** PR: MAC 1105 and MAC 1114 or C.I. Differential and integral calculus. An introduction to differential equations and Laplace Transforms. Applications to engineering technology. Not open to students with credit in MAC 2233 or MAC 2311. Course graded "A", "B", "C", "NC", or "F"

MAC 2254 AS-MATH 3(3,0)

**Applied Calculus II:** PR: MAC 2253 or C.I. Continuation of MAC 2253.
MAC 2281 AS-MATH 4(4,0)

Calculus for Scientists & Engineers I: PR: MAC 1105 and MAC 1114. Same material, different order, as MAC 2311, MAC 2312, and MAC 2313. Only for Engineering, Chemistry, Physics, and Mathematics students. Not open to students with credit in MAC 2311, MAC 2312, and MAC 2313. Course graded "A", "B", "C", "NC", or "F"

MAC 2281H AS-MATH 4(4,0)

Calculus for Scientists and Engineers I (Honors): PR: MAC 1105 and MAC 1114 or Consent of Honors Program. Same material as MAC 2281, taught at the Honors level. Only for Engineering, Chemistry, Physics, and Mathematics students. Not open to students with credit in any other calculus sequence. Course graded "A", "B", "C", "NC", or "F"

MAC 2282 AS-MATH 4(4,0)

Calculus for Scientists & Engineers II: PR: MAC 2281. Same material, different order, as MAC 2311, MAC 2312, and MAC 2313. Only for Engineering, Chemistry, Physics, and Mathematics students. Not open to students with credit in MAC 2311, MAC 2312, and MAC 2313.

MAC 2283 AS-MATH 4(4,0)

Calculus for Scientists & Engineers III: PR: MAC 2282. Same material, different order, as MAC 2311, MAC 2312, and MAC 2313. Only for Engineering, Chemistry, Physics, and Mathematics students. Not open to students with credit in MAC 2311, MAC 2312, and MAC 2313.

MAC 2283H AS-MATH 4(4,0)

Calculus for Scientists and Engineers III (Honors): PR: MAC 2282H or MAC 2282 and consent of Honors Program. Same material as MAC 2283, taught at the Honors level. Only for Engineering, Chemistry, Physics, and Mathematics students. Not open to students with credit in any other calculus sequence.

MAC 2311 AS-MATH 4(4,0)

Calculus with Analytic Geometry I: PR: MAC 1105 and MAC 1114 or equivalent or C.I. The differential and integral calculus of algebraic and elementary transcendental functions with geometric and physical applications. Topics from analytic geometry include coordinate systems, vectors, lines, conic sections, transformations of coordinates, and polar coordinates. During the 2nd and 3rd semesters the topics also include sequences and series, Taylor series, and the differential and integral calculus for functions of several variables. Course graded "A", "B", "C", "NC", or "F"

MAC 2311H AS-MATH 4(4,0)

Calculus with Analytic Geometry I (Honors): Differential and integral calculus, emphasizing understanding basic concepts and their applications. Students will complete projects on their own. For honors students from all disciplines. Course graded "A", "B", "C", "NC", or "F"

MAC 2312 AS-MATH 4(4,0)

Calculus with Analytic Geometry II: PR: MAC 2311 or C.I. Continuation of MAC 2311.
MAC 2312H  AS-MATH  4(4,0)
Calculus with Analytic Geometry II (Honors): Continuation of MAC 2311H.

MAC 2313  AS-MATH  4(4,0)
Calculus with Analytic Geometry III: PR: MAC 2312 or C.I. Continuation of MAC 2312.

MAC 2313H AS-MATH  4(4,0)
Calculus with Analytic Geometry III (Honors): Continuation of MAC 2312H.

MAC 3103H AS-MATH  3(3,0)

MAD 4203 AS-MATH  4(4,0)
Combinatorics and Graph Theory: PR: MAC 2312 and STA 2023. Counting principles, inclusion/exclusion principle, recurrence relations, generating functions, properties of graphs and digraphs, trees, path problems, coloring planarity, connectiveness matchings and coverings, applications.

MAD 5205 AS-MATH  3(3,0)
Combinatorics and Graph Theory II: PR: MAD 4203 or C.I. Polya's theory of counting; Latin squares and rectangles; block designs; coding theory; probabilistic methods; hypergraphs; applications.

MAE 2801 ED-IP  4(3,1)
Elementary School Mathematics: PR: MAC 1105 or MGF 1106. Mathematics appropriate for the elementary school including the six basic sets of numbers, concepts, learning sequences, algorithms, problem-solving techniques, error patterns, number systems, and geometry.

MAE 4300 ED-IP  3(3,0)
Exploring Mathematics: Provides students with the knowledge and skills to design, implement, and facilitate the development of mathematics concepts and skill through an integrated developmentally appropriate curriculum.

MAE 4326 ED-IP  3(3,0)
How Children Learn Mathematics: PR: MAE 2801 or C.I., and admission to Phase II. Instructional strategies, learning activities, the use of manipulatives, lesson planning, evaluation of mathematical learning, and diagnostic techniques.

MAE 4360 ED-IP  4(3,2)
Mathematics Instructional Analysis: PR: EDG 4323. Study of course objectives for the middle grades and high school curriculum and survey of methods and materials which have special
MAE 4634   ED-IP    3(2,1)

MAE 5318   ED-IP    3(3,0)

Current Methods in Elementary School Mathematics: PR: EDG 4323. Strategies of instruction of computation and concepts of number, geometry, and measurement; instructional materials. (Meets Elementary Education certification requirements.)

MAE 5356   ED-IP    3(3,0)

Teaching General Mathematics in the Secondary School: PR: MAE 3330 or C.I. This course addresses specific techniques for developing general mathematics skills and concepts beginning in grade 6. Problem solving, motivation, and innovative methods are explored.

MAE 5395   ED-IP    3(3,0)

Teaching Measurement in Schools: Metric system, methods of developing different measurement skills and concepts, and curriculum changes needed to accommodate measurement.

MAE 5935   AS-MATH  3(3,0)

Post-Secondary Mathematics: The course will focus on issues which are faced by teachers of collegiate mathematics. Topics will be selected from teaching issues, program issues, and other issues

MAN 3025   BA-MAN    3(3,0)

Management of Organizations: PR: Junior Standing, ACG 2071 or ACG 2023, ECO 2013, ECO 2023. Introduction to the theory and practice of managing formal organizations, including planning, organization theory, human behavior and control.

MAN 3025H  BA-MAN    3(3,0)

Honors Management of Organizations: PR: Participation in honors program, junior standing, ECO 2013, ECO 2023 and ACG 2071 or ACG 2023. Introduction to the theory and practice of managing formal organizations, including planning, organization theory, human behavior, and control. Applicable to honors students.

MAN 3301   BA-MAN    3(3,0)

Management of Human Resources: PR: MAN 3025, Junior Standing. Provides students with a complete, comprehensive review of essential human resource management concepts and techniques. Applicable to all students of management.

MAN 4029   BA-MAN    3(3,0)

Service Organization Management: PR: MAN 3025 and ISM 3530. Study of the special characteristics, problems, and methods for managing service-oriented organizations.
MAN 4101 BA-MAN 3(3,0)  
**Human Relations in Management:** PR: MAN 3025. The study of individual, interpersonal, group, and intergroup problems in business organizations through the use of cases and experimental exercises.

MAN 4240 BA-MAN 3(3,0)  
**Organizations: Theory and Behavior:** PR: MAN 3025. A course providing a micro/macro approach to the study of organizations by integrating organizational theory and organizational behavioral science concepts.

MAN 4310 BA-MAN 3(3,0)  
**Human Resource Management Issues:** PR: Junior standing, MAN 3301. An application-oriented course to give students in the area experiences generally reserved for practitioners in the field of human resource management and labor relations.

MAN 4320 BA-MAN 3(3,0)  
**Human Resources Recruitment and Selection:** PR: MAN 3301. A concentrated investigation of the methods appropriate to the development, implementation and administration of the staffing process in contemporary organizations.

MAN 4330 BA-MAN 3(3,0)  
**Compensation Administration:** PR: MAN 3301. Presentation of compensation theory and current pay related issues and their application to the design and administration of pay systems in large and small organizations.

MAN 4350 BA-MAN 3(3,0)  
**Training and Development:** PR: MAN 3301. This course focuses on training and development activities as performed by organizational specialists. Theory, issues, practices and problems are discussed.

MAN 4401 BA-MAN 3(3,0)  
**Labor Relations Management:** PR: Junior standing, MAN 3301. The impact of employee organizations on labor relations, current problems, conflicts and trends; the development of managerial approaches to achieve labor-management cooperation.

MAN 4521 BA-MAN 3(3,0)  
**Production Planning and Control:** PR: ISM 3530. In depth study on long-range, intermediate-range and short-range planning and control methods as applied to a manufacturing organization.

MAN 4540 BA-MAN 3(3,0)  
MAN 4572  BA-MAN  3(3,0)

**Procurement Management:** PR: MAN 3025 and ISM 3530. An elective course in procurement management. Designed to provide the student with fundamental concepts and processes involved in the procurement of goods and services required by modern society.

MAN 4595  BA-MAN  3(3,0)

**Computer-Based Operations Management:** PR: ISM 3011. Application of production planning and control theories and Management Information Systems concepts to an integrated, computerized, real-world production environment.

MAN 4600  BA-MAN  3(3,0)

**International Management:** PR: GEB 4361. The course examines issues involved in multinational management of business firms, with special emphasis on comparative management.

MAN 4701  BA-MAN  3(3,0)

**Business Ethics and Society:** PR: MAN 3025. This course applies the ethics dimension to business decisions in today's complex political, social, economic and technological environment.

MAN 4720  BA-MAN  3(3,0)

**Strategic Management:** PR: Completion of the remainder of the Core Curriculum and graduating senior. Students assume a strategic view of organizations and integrate and apply material learned in their business courses to modern organizational problems and opportunities.

MAN 4802  BA-MAN  3(3,0)

**Entrepreneurship:** PR: MAN 3025, FIN 3403, and MAR 3023. Study of entrepreneurship with emphasis on innovation, feasibility, planning, product and service concepts, and organizing financing and developing a new venture.

MAN 4941  BA-FIN  3(3,0)

**Management Internship:** PR: Management major, application approval, consent of department chair. Provides student with supervised, management-related work experience in a sponsoring organization. See department for information; application required. NOTE: MAN 4941 may not be counted for restricted elective credit in management. Graded "S"/"U"

MAN 5021  BA-MAN  1.5(1.5,0)

**Management Foundations:** PR: Acceptance to Graduate Study, ACG 5005 and ECO 5XXX (Economic Foundations). Theory and practice of managing organizations to include planning, organizational theory, human behavior, and control.

MAN 5050  BA-MAN  2(2,0)

**Management Concepts:** PR: Acceptance in MBA program. Theory and practice of managing organizations to include planning, organizational theory, human behavior, and control.
Foundations of Production/Operations Management: PR: Acceptance into the graduate program and ECO 5415 or equivalent. Provides foundation in fundamental concepts, techniques, and applications of contemporary production and operations management to serve as tools for improving quality, productivity, and international competitiveness.

Linear and Nonlinear Waves I: PR: MAP 2302, MAP 4363, or C.I. Equations of motion in inviscous and viscous fluids, energy equation and energy flux, linear theory of gravity and capillary-gravity waves, variational principles for water waves.

MAP 5711 AS-MATH 3(3,0)

Scientific Computing: PR: MAC 2313, MAP 2302 or C.I. Basic programming skills using Mathematica, Maple, Matlah, or Java in solving basic scientific computing problems; preparing students for advanced computational methods and algorithms.

MAP 5931 AS-MATH 1(1,0)

Research Seminar: Four instructors will introduce the students to a research area by presenting necessary background and presenting current investigations. Different branches of mathematics will be presented for a sense of diversity.

MAR 3023 BA-MAR 3(3,0)

Marketing: PR: Junior standing. Study of functions, institutions, and basic problems in marketing of goods and services in our domestic economy and abroad.

MAR 3023H BA-MAR 3(3,0)

Marketing - Honors: PR: Junior standing, admission to the Honors Program. Honors introductory course in marketing. Topics include customer orientation, segmentation, positioning, strategic marketing management, implementation, and control.

MAR 3323 BA-MAR 3(3,0)

Integrated Marketing Communication: PR: MAR 3023. Planning and execution of advertising, sales promotion, and public relations programs consistent with integrated marketing communications programs.

MAR 3391 BA-MAR 3(3,0)

Professional Selling: PR: MAR 3023. Written and verbal communications skills applied to marketing settings. A significant portion of the course is devoted to the study of professional selling.

MAR 3403 BA-MAR 3(3,0)

Sales Force Management: PR: MAR 3023. An overview of the sales management process. Emphasis on sales program formulation and implementation.

MAR 3503 BA-MAR 3(3,0)

Customer Behavior: PR: MAR 3023. End user and business customer buying behavior, building
long-term customer relationships, segmentation of markets and positioning strategies.

MAR 3613 BA-MAR 3(3,0)

Marketing Analysis and Research: PR: MAR 3023, CR: One of the following; ECO 3401, ECO 3411, STA 3023, STA 3032. Analytical tools and their application to marketing problems and decision making. Forecasting, financial analysis, and acquisition of primary data through market research are emphasized.

MAR 3641 BA-MAR 3(3,0)

Marketing Intelligence: PR: MAR 3023. Contemporary sources and applications of information concerning external forces impacting market decision making.

MAR 3880 BA-MAR 3(3,0)

MAR 4156 BA-MAR 3(3,0)

International Marketing: PR: MAR 3023. Investigates strategy, policy and the variables in international marketing decisions.

MAR 4231 BA-MAR 3(3,0)

Retailing Management: PR: MAR 3023. Analysis of the field of retailing.

Emphasis on planning for profit through management, inventory control, etc.

MAR 4711 BA-MAR 3(3,0)

Sports Marketing: PR: MAR 3023. Study of marketing as it applies to the sports and leisure industry.

MAR 4712 BA-MAR 3(3,0)

**Marketing Concepts:** PR: Acceptance into the graduate program. Study of functions, institutions, and basic marketing of goods in the U.S. economy.

**MAR 5941**  BA-MAR  3(3,0)

**Small Business Consulting:** PR: Graduate status, all foundation classes, FIN 6406, MAR 6816. Provides students opportunity to apply knowledge learned in classroom to real business situations. Open to undergraduate majors in the College of Business Administration with approval of the department chair.

**MAS 3105**  AS-MATH  4(4,0)

**Matrix and Linear Algebra:** PR: MAC 2312 or C.I. Matrices, determinants, vector spaces in Rn, linear independence, basis, solutions of systems, range of linear transformations, eigenvectors, Jordon Form, matrix functions, quadratic forms.

**MAS 3106**  AS-MATH  4(4,0)

**Linear Algebra:** PR: MHF 2300, MAS 3105, or C.I. Abstract vector spaces, linear transformations, isomorphisms, projections, innerproducts, the spectral theorem, Jordon Canonical Form. (Only offered spring semester).

**MAS 3203**  AS-MATH  3(3,0)

**Introduction to Number Theory:** PR: MHF 2300 or C.I. The course will include the following topics: inductive reasoning, factorization, the division algorithm and congruences.

**MAS 4301**  AS-MATH  3(3,0)

**Algebraic Structures:** PR: MHF 2300 or C.I. An introduction to groups, rings and fields.

**MAS 5145**  AS-MATH  3(3,0)

**Advanced Linear Algebra and Matrix Theory:** PR: MAS 3105. LU and LDU decompositions,
linear spaces, inner product spaces, systems of linear equations, eigenvalues and canonical forms, variational principles and applications.

MAS 5311 AS-MATH 3(3,0)

Abstract Algebra with Applications: PR: MAS 4301 or undergraduate abstract algebra. Group actions, the class equation, Sylow Theorems, polynomial rings, Euclidian domains, principal ideal domains, field extensions, modules, and semi-simple rings.

MCB 2005C HPA-M&M 4(3,2)

Microbiology for Health Professionals: PR: BSC 2010C, CHM 2045C or equivalent. A survey of microbiology for the health professional.

MCB 3020C HPA-M&M 5(3,4)

General Microbiology: PR: BSC 2010C, CHM 2205, or CR: CHM 2210. Fundamentals of microbiology, evaluating microbial structure and function, metabolism, growth, genetics, virology environmental control, ecology, pathogenicity; and laboratory techniques.

MCB 3203 HPA-M&M 3(3,0)

Pathogenic Microbiology: PR: MCB 3020C or C.I. Microorganisms producing disease in man and other animals; means of transmission; protection against disease.

MCB 3203L HPA-M&M 1(0,3)

Pathogenic Microbiology: CR: MCB 3203. Laboratory investigation of pathogenic microorganisms, with emphasis on isolation and identification of pathogenic microorganisms.

MCB 4603C HPA-M&M 3(3,0)

Environmental Microbiology: PR: PCB 3034 and MCB 3020C. Interrelationships between the biological activities of microorganisms and their terrestrial and aquatic environments.
Infectious Processes: PR: MCB 3020C or C.I. Discussion of current theories of the infectious process and the response of host cells and tissue to infection.

Molecular Biology of Disease: PR: Graduate standing or C.I. An in-depth study of the molecular biological mechanisms of diseases in experimental animal models and human populations.

Genetic Engineering and Biotechnology: PR: PCB 3523 and PCB 4524 or C.I. Principles of Genetic Engineering/Biotechnology in Bacteria, Yeast, Viral, Mammalian, Non-mammalian systems, Plants, including human gene therapy, novel pharmaceuticals, recombinant proteins will be discussed in depth.

Applied Microbiology: PR: MCB 3020C or C.I. Microbial biochemistry of industrial processes including: economics, screening, scale up, quality control and applied genetics.

Current Topics in Molecular Biology: PR: Graduate standing or C.I. Selected current research topics from the primary literature reflecting recent advances in molecular biology. May be repeated for credit.

Fundamentals of Meteorology and Climatology: PR: MAC 1105 or C.I. Studies of the physical processes that determine the climate of a region. The methods of measurement and use of meteorological parameters.

Finite Mathematics: PR: Intermediate algebra or 2 years of high school algebra or C.I. Introduction to logical structure, sets, probability, geometry, arrays, games. This course is intended for students who are not planning to take further courses in mathematics.

Foundations of Discrete Math: PR: 2 years of high school algebra and 1 year of geometry or C.I. Basic mathematical logic, methods of proof in mathematics, and application to elementary discrete structure.
Logic and Proof in Mathematics: PR: Two years of high school algebra and one year of geometry or C.I. Basic mathematical logic. Methods of proof in mathematics. Application of proofs to elementary mathematical structures.

MHF 4404 AS-MATH 3(3,0)

MHS 5005 ED-HSW 3(3,0)

Introduction to the Counseling Profession: PR: Completion of Phase II of Education Professional Preparation or C.I. Overview of the philosophy, organization, administration, and roles of counselors in various work settings

MIS 1031 ECS-AROTC 1(1,0)

Basic Military Science: Organization of the Army and ROTC. Career opportunities, significance of military courtesy, discipline, customs, and traditions. Analysis of weapons and equipment of the U.S. Army. May be repeated for credit.

MIS 1400 ECS-AROTC 2(2,1)

Fundamentals of Leadership Development: Development of leadership abilities, including squad movement techniques. Fundamentals of Land Nav will be discussed.

MIS 2120 ECS-AROTC 2(2,1)

Leadership Development - I: Development of leadership abilities through practical exercises. Includes platoon leadership assessment program, role of the NCO, land navigation, and conduct of briefings.

MIS 2300 ECS-AROTC 2(2,1)

Leadership Development - II: Development of leadership abilities. Includes first aid training, communications, the threat, offensive/defensive operations, patrolling, and troop leading procedures.

MIS 3301 ECS-AROTC 4(4,1)

The Small Unit Leader: Analysis of the leader's role in directing and coordinating efforts of small units in tactical operations. Includes land navigation, weapon systems, communications, defensive/offensive operations and patrolling.

MIS 3410 ECS-AROTC 4(4,1)

Leadership Responsibilities: A description of the role and responsibility of the small unit leader. Includes principles of war, military instruction, land navigation, patrolling and offensive/defensive operations.

MIS 4421 ECS-AROTC 4(4,1)
Military Law: A study of military law, the Army's maintenance management system, and a study of the obligations and responsibilities of a newly-commissioned officer.

MIS 4430 ECS-AROTC 4(4,1)

Advanced Military Science: Study of the decision-making process; staff organization, estimating process, training, scheduling, and staff studies. Analysis of administration, personnel and Army supply system.

MLS 3220C HPA-M&M 3(3,3)

Techniques in Clinical Microscopy: Analysis of body fluids and urine by chemical and microscopic methods with interpretation and correlation to human disease.

MLS 3305C HPA-M&M 3(3,0)

Hematology: PR: Admission to the professional phase of the MLS program or C.I. Overview of the hematopoietic system and disease states associated with blood and bone marrow

MLS 4420C HPA-M&M 1(1,2)

Clinical Mycology: PR: Admission to the professional phase of the MLS program with C.I. Instruction and laboratory practice in the isolation and identification of fungi associated with mycotic infections of man.

MLS 4430C HPA-M&M 2(1,3)

Clinical Parasitology: PR: Admission to the professional phase of the MLS program or C.I. Instruction and laboratory practice in the examination and study of clinical material for the detection and identification of animal parasites.

MLS 4460 HPA-M&M 2(2,6)

Clinical Pathogenic Microbiology: PR: or CR: MCB 3203 and admission to the professional phase of the MLS program. Isolation and pathogenic bacteria and serological methods; interpretation of abnormal results, with correlation to disease.

Clinical Immunohematology: PR: Admission to the professional phase of the MLS program or C.I. Investigation of incompatible crossmatches; antibody identification, leukocyte antigens and identification procedures, problem solving.

Advanced Clinical Chemistry I: PR: CHM 2210. Correlation of lab test to specific disease states including deviations in carbohydrate, amino acid metabolism, renal function, gastric function, electrolytes, and blood gases.

Advanced Clinical Chem I Lab: CR: MLS 4625. Laboratory procedures routinely performed in a clinical chemistry laboratory.

Advanced Clinical Chemistry II: PR: Admission to professional phase of MLS or C.I. Correlation of laboratory tests to specific human disease states.

Advanced Clinical Chem II Lab: PR: CHM 2205 or C.I. CR: MLS 4630C. Performance of laboratory procedures routinely used in a clinical chemistry laboratory.

Interpretive & Practical Clinical Chemistry: PR: Admission to the MLS program, MLS 4625C, MLS 4630C. Clinical instruction and practice in the clinical chemistry laboratory. Case studies, chemist review, hands on practice both in the student lab and affiliate.

Interpretive & Practical Immunohematology: PR: Admission to the MLS program, MLS 4550, MLS 4505C. Advanced study of principles of immunohematology. Application and performance of technique to solve problems in blood banking will be included.

Interpretive & Practical Hematology: PR: Admission to the the MLS program, MLS 3305C, MLS 4334C. Advanced study of hematology and pathophysiological correlation to hematology disorders. Correlation of case studies and clinical practice in both student labs and clinical affiliates.

Diagnostic Microbiology: PR: Admission to the MLS program, MLS 4460. Practical application of
modern bacterial procedures with clinical specimens to include mycology & virology and appropriate quality control. Clinical practice in both student lab and affiliate.

**MLS 4834C  HPA-M&M  4(4,8)**

**Advanced Instrumentation:** PR: Admission to the MLS program, MLS 4833C. An examination review & practice of technologies impacting the clinical laboratory to include flow cytometry, PCR, LIS, robotics. Case studies will be a fundamental part of this course.

**MLS 4910  HPA-M&M  1(1,0)**

Public Sector Project Management: Various approaches to managing projects, including using
scheduling techniques such as GANTT, CPM, and PERT, as well as team building, facilitating, and leadership skills.

**PAD 4144**  
HPA-PUB  
3(3,0)

**Non-Profit Organizations:** PR: PAD 3003 or C.I. The operations of non profit organizations, including working with board of directors, volunteer services, fund-raising and grantsmanship, financial management and marketing.

**PAD 4147**  
HPA-PUB  
3(3,0)

**Resource Development in the Nonprofit Sector:** PR: Junior status or C.I. Examination of the development and management of human resources and financial resource development in nonprofit organizations is discussed.

**PAD 4148**  
HPA-PUB  
3(3,0)

**Volunteer Management:** PR: Junior status or C.I. Examination of recruitment, selection, training and management of volunteers in nonprofit organizations and the application of management theory.

**PAD 4153**  
HPA-PUB  
3(3,0)

**Planning and Improvement for Pub Org:** Prepare future leaders for the changing paradigms of the public sector by providing education in a variety of quality related areas.

**PAD 4204**  
HPA-PUB  
3(3,0)

**Fiscal Management:** PR: C.I. Analysis of methods of securing public funds, the process of budget making, and techniques of management used in managing public funds.

**PAD 4223**  
HPA-PUB  
3(3,0)

**Public Budgeting: Skills and Techniques:** PR: PAD 4204 or C.I. Analytical skills and administrative techniques employed by public budget analysis, focusing on the process of generating and using information.

**PAD 4253**  
HPA-PUB  
3(3,0)

**Community & Economic Development:** PR: PAD 3003 or C.I. This course will examine local and regional economic development strategies, with an emphasis on effective policy setting and planning.

**PAD 4327**  
HPA-PUB  
3(3,0)

**Program Evaluation for Public and Non-Profit Organizations:** PR: PAD 3003 or C.I. To develop an understanding of program evaluation and to apply the process by developing a program evaluation for a program.

**PAD 4351**  
HPA-PUB  
3(3,0)

**Issues in Environmental Program Management:** The study of environmental policy making processes, programs, and problems through lectures, field study, and research projects.

**PAD 4392**  
HPA-PUB  
3(3,0)
Managing Public Emergencies: PR: PAD 3003 or C.I. After a public emergency, a variety of services must be provided to the victims. This course reviews and analyzes coordination and management of these services.

PAD 4393 HPA-PUB 3(3,0)

Emergency Management & Disaster Planning: PR: PAD 3003 or C.I. Emergency Management and Disaster Planning on events most likely to affect Florida including reviewing the four phases of Planning, mitigation, response, and preparedness.

PAD 4414 HPA-PUB 3(3,0)

Public Personnel Administration: The history, operating components, structural characteristics, and increasing impact of laws and related sanctions on personnel practices of public agencies.

PAD 4446 HPA-PUB 3(3,0)

Multiculturalism in Public Administration: PR: PAD 3003 or C.I. This course is designed to help public managers examine public and personal attitudes and values, ethical dilemmas, and social consequences related to issues of diversity.

PAD 4461 HPA-PUB 3(3,0)

Reengineering Government: PR: PAD 3003. Acquaint undergraduate students with the latest thinking on improving the effectiveness and efficiency of public organizations via reengineering.

PAD 4616 HPA-PUB 3(3,0)

Privatization: PR: PAD 3003 or C.I. Analysis of the process of privatizing existing governmental services., including: privatization decision, creation of RFP or ITB, contract award and contract management.

PAD 4720 HPA-PUB 3(3,0)

Survey Research in Public Administration: Introduction to the concepts, design, methodology, computer applications, and data analysis in applied research in the public sector.

PAD 4803 HPA-PUB 3(3,0)

Issues in Urban Administration: To provide students with an understanding of public policy and administrative responses to socioeconomic problems within the urban context.

PAD 4941 HPA-PUB 3-6(0,6)

Public Administration Internship: PR: C.I. Internship in municipal, county, state, or federal government, including assignments in such fields as personnel, planning, budget, and fiscal, procurement, and public safety.

PAD 5041 HPA-PUB 3(3,0)

Ethics and Values in Public Administration: Examination of ethics in the public sector. Public concerns, past patterns, and individual/social aspects of ethical behavior are explored.
PAD 5144 HPA-PUB 3(3,0)

**Nonprofit Organizations:** PR: Admission to certificate program or C.I. Overview of nonprofit management, including history, governance structures, criteria used to establish nonprofit status, range of organizations, and application of management theory.

PAD 5145 HPA-PUB 3(3,0)

**Volunteerism in Nonprofit Management:** PR: Admission to certificate program or C.I. Human resource development in nonprofit organizations, including board selection, development and leadership, volunteer recruitment, training, retention and theories of motivation, leadership, ethical issues.

PAD 5208 HPA-PUB 3(3,0)

**Nonprofit Financial Management:** PR: Admission to certificate program or C.I. Financial management in nonprofit organizations, including nonprofit funding, budgeting policies and procedures, orientation of department managers to budgeting, estimating income and expenses, and ethical implications of budgeting and finance.

PAD 5336 HPA-PUB 3(3,0)

**Introduction to Urban Planning:** Issues of urbanization, regional development, land use and comprehensive planning, environmental planning, and social planning.

PAD 5337 HPA-PUB 3(3,0)

**Urban Design:** Planning techniques such as planned unit developments, capital improvements planning, and growth management, and planning methods, including needs assessment and graphic design.

PAD 5338 HPA-PUB 3(3,0)

**Land Use and Planning Law:** Review of national and local aspects of the legal underpinnings of urban planning aspects such as zoning, growth management, and environmental regulation.

PAD 5356 HPA-PUB 3(3,0)

**Managing Community and Economic Development:** PR: graduate standing or C.I. Overview of economic development activities focusing on policy and managerial issues at the local level.

PAD 5425 HPA-PUB 3(3,0)

**Dispute Resolution in the Public Sector:** An examination of the skills needed to resolve disputes in the public sector through facilitation, mediation, and other alternative methods.

PAD 5427 HPA-PUB 3(3,0)

**Labor Relations in the Public Sector:** Current trends and developments in employment relations in the public sector, especially employee organization, negotiations, and the collective bargaining process.
**Local Government Operations:** Operational Functions of municipal and county governments and the role of the chief executive officer.

**Administrative Practice in the Public Sector:** The application of various theoretical concepts to the "real world" of public administration. Policy formulation and execution are examined through the case study mode.

**Grant and Contract Management:** PR: PAD 3003 or C.I. Study of government or public nonprofit agency grant and contract administration and management responding to funding assistance solicitations and grant and contract preparation, evaluation, and presentation.

**Public Affairs Careers:** Introduction and examination of public affairs programs of study and career opportunities that will prepare students for future careers. Graded S/U.

**Principles of Biotechnology:** Principles, applications, laws, ethics and impact on society of biotechnology in agriculture, medicine, forestry, environment, computers/industrial/chemical engineering and business management.

**Molecular Cell Biology:** PR: BSC 2010C and CHM 2210, or C.I. Molecular structure and function of eukaryotic organelles. Transcription: RNA processing translation and post translation targeting and modification of gene products.

**Principles of Ecology:** PR: BSC 2010C and BSC 2011C, or C.I. Elements of ecosystems, biogeochemical cycling, environmental factor interactions, population dynamics, and community development.

**Principles of Ecology Laboratory:** CR: PCB 3034 or C.I. Field and laboratory investigations of natural ecosystems, with emphasis on current methodology in ecology.

**Genetics:** PR: BSC 2010C, and CHM 2046, or C.I. Basic principles of heredity as applied to prokaryotes and eukaryotes.
PCB 3233   HPA-M&M   3(3,0)

Immunology: PR: BSC 2010C. Basic principles of immune reactions, antigen antibody interactions, cell mediated immunity, tumor immunology, and immuno therapy.

PCB 3233L  HPA-M&M   1(0,3)

Immunology Laboratory: CR: PCB 3233. Introduction to laboratory techniques in immunology.

PCB 3301C   AS-BIOL   4(3,4)

PCB 3442   AS-BIOL   3(3,0)

Florida Aquatic Ecology: PR: BSC 2010C and BSC 2011C, or C.I. An introduction to aquatic ecology of Florida with emphasis on ponds, lakes, streams, and rivers.

PCB 3523   HPA-M&M   3(3,0)

Molecular Biology I: PR: CHM 2211 and MCB 3020C or C.I. The general principles governing the structure and function of both procaryotic and eucaryotic genes.

PCB 3703C   HPA-M&M   4(3,3)

Human Physiology: PR: BSC 2010C, CHM 2046 or equivalent. The physiology and interrelationships of organ systems of the human body.

PCB 4234   HPA-M&M   3(3,0)

Cellular Immunology: PR: PCB 3233. An undergraduate course covering specialized topics in cellular immunology.

PCB 4302C   AS-BIOL   4(3,4)

Physiochemical Limnology: PR: BSC 2010C and BSC 2011C, or C.I. Limnology and methods for freshwater ecology, with respect to physical, and chemical parameters.

PCB 4303C   AS-BIOL   4(3,4)

PCB 4523   HPA-M&M   3(3,0)

Experimental Molecular Biology: PR: PCB 3523 and PCB 4524 or C.I. Facilitation of experimental data that leads to the development and understanding of the underlying principles of molecular biology.

PCB 4524   HPA-M&M   3(3,0)

Molecular Biology II: PR: PCB 3523. The processes regulating gene function in procaryotes and
eucaryotes; specialized genetic aspects underlying multi-cellular existence, DNA evolution.

PCB 4524H   HPA-M&M   3(3,0)

**Molecular Biology II-Honors:** PR: PCB 3523. Same as PCB 4525 with honors level content

PCB 4683C   AS-BIOL   5(4,2)

**Population Biology and Evolution:** PR: PCB 3034 and PCB 3063 or equivalents. Demographic and genetic structure of populations and their relationship to speciation, adaptation, and macroevolutionary processes in plants and animals.

PCB 4723   AS-BIOL   4(4,0)

**Animal Physiology:** PR: PCB 3023 or C.I. Functions of body processes occurring in animals, with emphasis on vertebrate physiology.

PCB 4805   HPA-M&M   3(3,0)

**Endocrinology:** PR: PCB 3703C or equivalent; CHM 3211. Mechanisms of action of hormones; interrelationship between the nervous and endocrine systems.

PCB 5045C   AS-BIOL   4(3,2)

**Conservation Biology:** PR: PCB 3034 and PCB 3063. Scientific basis of conversation; conservation of ecosystems, populations, exploited species, and endangered species. Weekend field trips are required.

PCB 5107C   AS-BIOL   4(3,2)

**Advanced Cell Biology:** PR: PCB 3063 and PCB 3023 or CI. Review of selected topics in cell biology with emphasis on current research in areas of membrane structure, protein targeting, cytoskeleton, signaling and cell cycle.

PCB 5238   HPA-M&M   3(3,0)

**Immunopathology:** PR: PCB 3233. In-depth overview of diseases due to deficiencies or over-reactivity of the immune system.

PCB 5239   HPA-M&M   3(3,0)

**Tumor Biology:** PR: PCB 4524. A course designed to provide an introduction and broad overview of the current knowledge and research in the field of cancer biology.

PCB 5256C   AS-BIOL   4(3,2)

**Advanced Developmental Biology:** PR: PCB 3063 and ZOO 4603 or equivalent. Lecture and literature review of emerging areas in plant and animal developmental biology

PCB 5275   HPA-M&M   3(3,0)

**Signal Transduction Mechanics:** PR: PCB 3523 and PCB 4524. A course emphasizing various signal transduction cascades used in mammalian cells to control growth and differentiation.
Discussion of original research papers will occur.

**PCB 5326C**  
**AS-BIOL**  
5(3,2)

**Ecosystems of Florida:** PR: PCB 3034, PCB 3034L or equivalent. Ecosystems of Florida will be discussed to include geography, geology, climate, energetics, nutrient cycling, community structure and conservation.

**PCB 5328C**  
**AS-BIOL**  
4(2,4)

**Landscape Ecology:** PR: PCB 3034, STA 2023 or C.I. Influence of spatial heterogenicity on ecological processes. Emphasizes quantitative methods (e.g., GIS, remote sensing and modeling) to characterize landscape patterns and dynamics.

**PCB 5435C**  
**AS-BIOL**  
4(2,6)

**Marine Ecology of Florida:** PR: BSC 4312 or graduate status. Survey of experimental methods used in the study of marine communities in central and southern Florida, combining field manipulation and readings from primary literature.

**PCB 5485**  
**AS-BIOL**  
3(3,0)

**Models in Ecology:** PR: PCB 3034, MAC 2311 (or equivalent). A survey of how simulation models are applied to ecological questions of both a theoretical and managerial nature.

**PCB 5556C**  
**AS-BIOL**  
4(3,2)

**Conservation Genetics:** PR: PCB 3063 or C.I. Applications of genetic models to the understanding and conservation of animal and plant populations.

**PCB 5665C**  
**AS-BIOL**  
4(3,2)

**Human Genetics:** PR: PCB 3063, graduate standing or C.I. Human Genetics provides a theoretical framework for understanding the biology of the human species.

**PCO 4203**  
**AS-PSYCH**  
4(3,2)

**Interviewing and Counseling:** PR: PSY 2013, PPE 3003, CLP 3143 and C.I. A review of various interviewing and counseling theories and techniques used in Mental Health settings as well as practical experience in interviewing and counseling procedures.

**PEL 2011**  
**ED-HSW**  
2(2,1)

**Basic Volleyball and Softball:** The analysis of offensive and defensive alignment, techniques, and strategies.

**PEL 2111**  
**ED-HSW**

Beginning Golf: Performance and application of basic skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport.

PEL 2122  ED-HSW  2(2,1)

Intermediate Golf: PR: PEL 2121 or equivalent competency. A study of performance and application of intermediate skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport.

PEL 2341  ED-HSW  2(2,1)

Beginning Tennis: Performance and application of basic skills, rules and etiquette. Physiological and social values accruing from this lifetime sport.

PEL 2342  ED-HSW  2(2,1)

Advanced Tennis: PR: PEL 2341 or equivalent competency. A study of performance and application of advanced skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport.

PEL 2640  ED-HSW  2(2,1)

Basic Football and Basketball: The analysis of offensive and defensive alignment, techniques, and strategies.

PEM 2101  ED-HSW  2(2,1)

Body Development: An in-depth study of individual physical (musculo-skeletal, neuromuscular, cardiorespiratory) fitness. Emphasis on individual diagnosis, principles, procedures, and conduct of related exercise programs.

PEM 2104  ED-HSW  2(2,1)

Personal Fitness: Study of personal fitness concepts, with opportunities to develop individual optimal level of fitness and an improved lifestyle through high-level wellness.

PEM 2123  ED-HSW  2(1,1)

Step Aerobics: Appropriate rhythmical muscle toning movements utilizing the step to develop aerobic fitness. Concepts taught include warm-up, flexibility, work-out, and cool-down.

PEM 2131  ED-HSW  2(2,1)

Strength Resistance Training: Study of fitness and strength development through resistance exercise.

PEM 2171  ED-HSW  2(2,1)

Aerobic Dancing: Appropriate rhythmical muscle toning movements that develop aerobic fitness; concepts taught include warm-up, flexibility, stretching, cool down, and heart rate.

PEM 2405  ED-HSW  3(1,2)
Self Defense for Women and Men: Designed to provide students with self defense skills.

PEM 5405   ED-HSW   3(3,0)

Controlling Classroom Violence: PR: Post baccalaureate or graduate status; certified teacher; or C.I. A hands-on course dealing with controlling disruption and violence as well as how teachers can protect themselves.

PEN 1121   ED-HSW   2(2,1)

Elementary Swimming: For non-swim-mers and beginning swimmers. Development and study of technique in the basic skills of water safety and swimming.

PEO 2011   ED-HSW   3(2,1)

Team Sports: PR: This course is designed to develop skill proficiency and knowledge to plan, implement and evaluate team sports as part of the Physical Education program.

PEO 2031   ED-HSW   3(2,1)

Individual Sports and Leisure Activities: This course is designed to develop skill proficiency and knowledge to plan, implement and evaluate individual sports and leisure activities in physical education program.

PEO 2624   ED-HSW   3(2,1)

Coaching Basketball: Theory and methods of coaching basketball, including the analysis of offensive and defensive techniques and strategies.

PEO 3041   ED-HSW   2(1,1)

Games for the Elementary School Physical Education Program: The understanding, designing, and teaching of low-organizational game-activities for the elementary school child.

PEO 3324   ED-HSW   3(2,1)

Coaching Volleyball: Theory and methods of coaching volleyball, including the analysis of offensive and defensive alignment techniques and strategies.

PEO 5644   ED-HSW   3(3,0)

PEP 3205   ED-HSW   3(2,1)

Gymnastics: This course is designed to develop skill proficiency and instructional strategies in gymnastics.

PET 2175   ED-HSW   2(1-2)

Country/Western Dance: Basic instruction in Country/Western Dance. Improve aerobic fitness by
learning line dances, circle dances and basic partner steps, such as two-step and waltz.

PET 2443   ED-HSW   2(1-2)

**Tae Kwon Do:** An analysis and application of the martial arts, as part of an overall physical and mental training system.

PET 2622   ED-HSW   3(2,1)

**Human Injuries:** PR: Biomechanics or C.I. The prevention, identification, care, and rehabilitation of human injuries.

PET 3214   AS-PSYCH   3(3,0)

**Sports Psychology:** A review of principles of psychology related to the enhancement of satisfaction and performance in sports.

PET 3494   ED-HSW   3(3,0)

**Sports and Ethics:** PR: Junior standing or C.I. An exploration into ethics and its influence on sports.

PET 3620C  HPA-HP   3(2,2)

**Principles of Athletic Training:** PR: PHY 2054C, PCB 3703C, ZOO 3733C, CHM 2046 & Lab, and C.I. Basic athletic training, including first aid, injury recognition, taping techniques and preventive measures.

PET 3623C  HPA-HP   3(2,2)

**Art and Science of Athletic Training I:** PR: PET 3620C. Evaluation skills required to perform athletic injury assessment.

PET 3644   ED-HSW   3(2,1)

**Coaching Football:** Theory and methods of coaching football, including the analysis of offensive and defensive techniques and strategies.

PET 3670C  HPA-HP   4(0,8)

**Practicum in Athletic Training I:** PR: PET 3620C. Clinical introduction to an athletic training site under direct supervision of a Certified athletic trainer.

PET 3671C  HPA-HP   4(0,8)

**Practicum in Athletic Training II:** PR: PET 3670C. Continuation of Clinical practicum under direct supervision of Certified athletic trainer.

PET 3720C  ED-HSW   2(1,1)

**Teaching Physical Education in the Elementary and Middle School (K-8):** PR: Admission to Junior Block, or C.I. Curricular and instructional considerations for teaching elementary and middle school physical education.
PET 3740C ED-HSW 2(1,1)

Teaching Physical Education in the Secondary and Middle School (6-12): PR: Admission to Junior Block, or C.I. Curricular and instructional considerations for teaching secondary and middle school physical education.

PET 3765 ED-HSW 3(3,0)

PET 4002 ED-HSW 3(1,2)

Outdoor and Leisure Activities: Study of contemporary outdoor and leisure activities. Course will include but not be limited to the "adventure activity curriculum," camping, water activities, fishing, orienteering, hiking.

PET 4035C ED-HSW 3(2,1)

Motor Development and Learning: PR: PE Junior standing. An analysis of the theories and factors influencing the motor development of children and the learning of gross and fine motor skills.

PET 4083C ED-HSW 4(3,1)

Practical Fitness Training: PR: PET 4312, PET 4351, PET 2622, PET 4382, PEM 2171. An in-depth study into fitness-related concepts as they are applied to individuals and groups.

PET 4243 ED-HSW 12(0,35)

Internship II: PR: Must have completed course work in specialization. Satisfactory completion of the portfolio. Full time student teaching under a certified elementary or secondary physical education teacher. May be repeated for credit.

PET 4312 ED-HSW 3(2,1)

Biomechanics: PR: Anatomy. The comprehension and application of anatomical and mechanical principles involved in human movement.

PET 4315C HPA-HP 3,2,2)

Biomechanics of Sport: PR: PET 4630C. Assessment and recognition of physiological and mechanical aspects of sports and injuries

PET 4351 ED-HSW 3(2,1)

Applied Exercise and Human Physiology: An in-depth study of metabolic, neuromuscular, respiratory and cardiovascular physiological concepts and principles with practical application to physical education and sport.

PET 4382 ED-HSW 3(2,1)

Fitness Assessment and Exercise Physiology: A study and acquisition of health related fitness, exercise strategies and related assessment techniques.
**PET 4401**  ED-HSW  3(3,0)

**Administration and Evaluation in Physical Education:** This course is designed to address administrative, measurement and evaluation considerations of physical education programs.

**PET 4603**  HPA-HP  3(3,0)

**Introduction to Sports Medicine:** A comprehensive study of care of sports injuries, including instruction in attitudes, health and conditioning in sports participants.

**PET 4604**  HPA-HP  3(3,0)

**Sports Medicine Field Application:** Demonstration and application of the treatment for various sports injuries.

**PET 4606**  HPA-HP  3(3,0)

**Applied Fitness in Sport:** PR: PET 3671. Appreciation and clinical application of fitness regarding athletics

**PET 4624C**  HPA-HP  3(2,2)

**Art and Science of Athletic Training II:** PR: PET 3623C. Specific diagnostic and sport specific injuries in athletics

**PET 4630C**  HPA-HP  4(2,4)

**Therapeutic Exercise in Athletic Training:** PR: PET 3623C. Rehabilitation processes regarding exercise progression for athletic injury

**PET 4632C**  HPA-HP  4(2,4)

**Therapeutic Modalities in Athletic Training:** PR: PET 4624C. Principles and techniques for applying therapeutic modalities

**PET 4640**  ED-HSW  3(3,0)

**Adapted Physical Education:** Principles and methods of adapting physical education activities and programs for exceptional children and adults; mainstreaming rationale and methods analyzed.

**PET 4660C**  HPA-HP  3(3,0)

**Organization and Administration of Athletic Training:** PR: PET 3671C. Administrative knowledge in the athletic training profession.

**PET 4672C**  HPA-HP  4(0,8)

**Practicum in Athletic Training III:** PR: PET 3671C. Advanced clinical internship with increased responsibilities under the supervision of a Certified athletic trainer.

**PET 4673C**  HPA-HP  4(0,8)

**Practicum in Athletic Training IV:** PR: PET 4672C. Advanced clinical internship with increased
responsibilities under the supervision of a Certified athletic trainer.

**PET 4674**  **HPA-HP**  **1(1,0)**

**Athletic Training Seminar:** PR: PET 4632C, PET 4632C, and Senior standing. National Examination review and introduction to related allied health professionals.

**PET 4724**  **ED-HSW**  **3(3,0)**

**Development and History of Physical Education Curriculum:** A study of the factors involved in curriculum development and historical and philosophical considerations of physical education programs.

**PET 5355**  **HPA-HP**  **3(3,0)**

**Exercise Physiology and Health:** In-depth study of adaptations of cardiovascular and respiratory systems during varying degrees of exercise.

**PET 5635**  **ED-E PE**  **3(3,0)**

**Advanced Human Injuries:** PR: PET 2622 or C.I. The application of medical knowledge to sport with the emphasis on preserving the health of an athlete before, during and after performance.

**PET 5765**  **ED-HSW**  **3(3,0)**

**Advanced Coaching Theory:** PR: C.I. Advanced study of theories and methods of coaching for optimum sports performance.

**PGY 2401C**  **AS-ART**  **3(3,2)**

**PGY 3610C**  **AS-COMM**  **3(1,4)**

**Photojournalism I:** PR: Junior standing or C.I. Visual communication, history, picture appreciation, layout and design, picture story development, basic camera operation, and ethics. 35 mm SLR camera required.

**PGY 3640C**  **AS-COMM**  **3(1,2)**

**Photojournalism II:** PR: PGY 3610C. The Picture Story. Individual and group projects for extended documentary coverage.

**PGY 3680**  **AS-COMM**  **3(3,0)**

**Photojournalism III:** PR: PGY 3610C. Photography Editing. Assignment selection, picture and copy editing, cropping, picture desk management, and ethics of photojournalism, and the new technological advances.

**PGY 4420C**  **AS-ART**  **3(2,3)**
**Advanced Photography:** PR: ART 2201C, ART 2203C, ART 2300C, ART 2301C, PGY 2401C. Advanced photography skills and portfolio development. Designed for art majors. May be repeated for credit.

**PGY 4440C**  AS-ART  3(2,3)

**Special Problems in Photography:** PR: ART 2201C, ART 2203C, ART 2300C, ART 2301C, PGY 2401C. Designed for upper division art majors with photography concentration. A series of directed photographic problems of a research nature.

**PHH 3041**  AS-PHIL  3(3,0)

**PHH 3600**  AS-PHIL  3(3,0)

**Contemporary Philosophy:** PR: PHI 2010 or C.I. Recent and current trends in philosophy, including philosophical analysis, phenomenology, structuralism, post-structuralism, and liberation philosophies.

**PHH 3640**  AS-PHIL  3(3,0)

**Modern Western Philosophy:** PR: PHI 2010. Major western philosophers and philosophical movements from Descartes to Nietzsche.

**PHH 3700**  AS-PHIL  3(3,0)

**American Philosophy:** PR: PHI 2010 or AMH 2010 or AMH 2020 or C.I. A thematic and chronological survey of philosophical, religious, and scientific developments in American thought, with primary focus on the American spirit of individualism and reform.

**PHI 2010**  AS-PHIL  3(3,0)

**Introduction to Philosophy:** Inquiry into the meaning and justification of funda-mental ideas and beliefs concerning reality, knowledge, and values; application to relevant topics in ethics, religion, and politics.

**PHI 2010H**  AS-PHIL  3(3,0)

**Honors Introduction to Philosophy:** Same as PHI 2010 with honors-level content.

**PHI 2011**  AS-PHIL  3(3,0)
Philosophical Reasoning: A study of reasoning in philosophy: the role of inconsistency, infinite regress arguments, modeling, and system building, discovery procedures, diagonalization, and contract and paradigm case arguments.

PHI 2100 AS-PHIL 3(3,0)

Formal Logic I: A study of sentence and predicate logics, with introduction to modal, epistemic, deontic, multi-valued, and indeterminant logics.

PHI 2101 AS-PHIL 3(3,0)

Critical Thinking: The logic of conversation, informal fallacies, and reasoning about human action.

PHI 2630 AS-PHIL 3(3,0)

Ethics: An examination of the nature of moral problems, judgements and principles, with an emphasis on recent formulations in ethical theory.

PHI 2647 AS-PHIL 3(3,0)

Ethics in Science and Technology: Research in critical thinking applied to ethics in science and technology. Ethical implications for privacy, ownership, fraud, quality research, relativism, and for "anything goes" philosophies.

PHI 3022 AS-PHIL 3(3,0)

Sexuality, Gender & Philosophy: Examines the contributions of poststructuralist and neopsychoanalytical theories to cultural issues in sexuality and gender.

PHI 3033 AS-PHIL 3(3,0)

Philosophy, Religion, and the Environment: PR: Junior standing or C.I. A multicultural treatment of the influence of philosophical and religious views on our understanding of, and relation to, the environment.

PHI 3320 AS-PHIL 3(3,0)

Philosophy of Mind: Recent and contemporary attempts to understand the relation of mind to body, the relation of consciousness to personhood, and the relation of psychology to neurobiology.

PHI 3400 AS-PHIL 3(3,0)

Philosophy of Law: Study of the nature of, and justifications for, law and punishment. Examination of the concepts of legal personhood, rights and responsibilities.

PHI 3451 AS-PHIL 3(3,0)

Philosophy of Psychology: PR: Junior standing or C.I. Philosophical assumptions and foundations of major psychological movements plus other philosophically interesting issues.

PHI 3601 AS-PHIL 1(1,0)

Practical Wisdom: A radio course in applied ethics which focuses on the human good, dealing with
the relationship between means and ends and how they define one another.

**PHI 3638**  
ASH-PHIL  
3(3,0)

**Ethical Issues in the 21st Century:** PR: PHI 2010 or C.I. Applications of ethical theory and moral problem-solving to contemporary issues.

**PHI 3640**  
ASH-PHIL  
3(3,0)

**Environmental Ethics:** PR: Junior standing. Major contemporary views in environmental ethics, including individual and holistic approaches, deep ecology, ecofeminism, and social ecology

**PHI 3670**  
ASH-PHIL  
3(3,0)

**Ethical Theory:** PR: Junior standing and C.I. Major classical and contemporary topics in ethics, including value theory, utilitarian, deontological, virtue-based and feminist approaches to ethics, rights, and justice; some examination of metaethical issues.

**PHI 3700**  
ASH-PHIL  
3(3,0)

**Philosophy of Religion:** An examination of basic ideas, beliefs, attitudes, and functions of religion, with emphasis upon questions of conceptual meaning and cognitive justification.

**PHI 3800**  
ASH-PHIL  
3(3,0)

**Aesthetics:** An investigation into the nature of human artistic experience, with special reference to questions of form, perception, and style.

**PHI 3803**  
ASH-PHIL  
3(3,0)

**Philosophy and Creativity:** A companion course to PHI 3800, Aesthetics. Examines the empirical and metaphysical claims made for creativity; attempts to account for intuition, genius, and intelligence.

**PHI 3941**  
ASH-PHIL  
3(1,3)

**Philosophy Practicum:** PR: C.I. Mentor at-risk grade schoolers three hours weekly and participate in a two-hour class every other week, evaluating such work-related concepts as justice and fairness. Pass/Fail grading.

**PHI 4300**  
ASH-PHIL  
3(3,0)

**Theories of Knowledge:** PR: Philosophy major or C.I. Classical and contemporary theories of knowledge. A critical examination of various forms of, and reasons for, skepticism, criteria for truth and justification for belief.

**PHI 4321**  
ASH-PHIL  
3(3,0)

**Philosophies of Embodiment: Mind/Body/Self:** PR: PHI 2010 or C.I. Different ways of understanding relations between mind, body, and nature. Self-knowledge as articulated by western and non-western philosophies from ancient to contemporary times.

**PHI 4341**  
ASH-PHIL  
3(3,0)
Ways of Knowing: PR: PHI 2010 or C.I. Philosophic study of approaches to knowledge, with emphasis on contributions of the knower to how things are known.

PHI 4400 AS-PHIL 3(3,0)

Philosophy of Science: An examination of the conceptual foundations and methodology of modern science.

PHI 4420 AS-PHIL 3(3,0)

Philosophy of Social Science: An examination of the objectives, methods and guiding norms of the social sciences and their role in the development of human knowledge.

PHI 4500 AS-PHIL 3(3,0)

Metaphysics: PR: Philosophy major or C.I. Topics include appearance and reality, actions and events, necessity and possibility, identity, nature of persons, mind-body dualism, causality, and free will and determinism.

PHI 4633 AS-PHIL 3(3,0)

Ethics and Biological Science: PR: Completion of the GEP. An application of contemporary thinking to ethical issues arising from the biological sciences, including human and animal experimentation, genetic engineering, biodiversity.

PHI 4804 AS-PHIL 3(3,0)

Critical Theory: PR: C.I. Critical theory and cultural studies emphasizing current trends as they apply to arts in diverse media.

PHI 4931 AS-PHIL 3(3,0)

Philosophy in the News: PR: PHI 2010. Changing course content. A specific topic being covered by the media will be selected for philosophical examination. Course is web enhanced.

PHI 4951 AS-PHIL 1(1,0)

Portfolio: PR: Last semester as Philosophy major. Presentation of a representative sampling of student's best work, with appropriate revisions, including a cover narrative indicating development of philosophical knowledge and skills. Graded S/U.

PHM 3100 AS-PHIL 3(3,0)

Freedom and Justice: Philosophical analysis and evaluation of selected issues arising from the interaction of the individual, society, and the state; includes topics such as freedom, equality, and justice.

PHM 3123 AS-PHIL 3(3,0)

PHM 4031 AS-PHIL 3(3,0)
Environmental Philosophy: PR: PHI 3640, PHI 2630, or C.I. Major contemporary positions in environmental philosophy, including deep ecology, ecofeminism, and social ecology.

PHM 5035 AS-PHIL 3(3,0)

Environmental Philosophy: PR: PHI 3640, PHI 3600 or C.I. This course will provide an in-depth examination of the major contemporary positions in environmental philosophy, including deep ecology, ecofeminism, and social ecology.

PHP 3786 AS-PHIL 3(3,0)

Existentialism: Study of existentialist analysis and criticism of the human situation as found in the writings of such philosophers as Kierkegaard, Nietzsche, Heidegger, Sartre, and Camus.

PHT 3002 HPA-HP 2(2,0)

Foundations of Physical Therapy I: PR: PHT 3259; PHT 3259L. An introduction to the profession of physical therapy. Patient-practitioner interaction and documentation skills addressed. Appreciation of the total health care team approach to modern medicine; utilization of professional ethics and values are presented.

PHT 3011 HPA-HP 3(3,0)

Physical Therapy as a Career: PR: ENC 1102. The science and art of physical therapy, with emphasis on the role and function of physical therapists.

PHT 3069 HPA-HP 1(1,0)

PHT 3069L HPA-HP 2(0,4)

Physical Assessment Lab: PR: PHT 3069. Lab course emphasizing the examinations required to perform an evaluation of a physical therapy patient.

PHT 3112 HPA-HP 2(2,0)

Gross Anatomy/Neuroscience I: PR: Admission into the Physical Therapy program. CR: PHT 3112L. In-depth study of human morphology emphasizing the back, spinal cord, cranial nerves, and upper lower extremities. Regional cadaver dissection.

PHT 3112L HPA-HP 3(0,6)

Gross Anatomy/Neuroscience I Lab: CR: PHT 3112C. Human cadaver dissection of the back, spinal cord, cranial nerves, and upper and lower extremities.

PHT 3113 HPA-HP 2(2,0)

Gross Anatomy/Neuroscience II: PR: PHT 3112; PHT 3112L. CR: PHT 3113L. In-depth study of human morphology emphasizing the brain, the cervical spine, pelvis, and the internal organs.

PHT 3113L HPA-HP 3(0,6)
Gross Anatomy/Neuroscience II Lab: CR: PHT 3113. Directed laboratory experiences with cadaver dissection; use of the skeleton, models, and computer programs to facilitate learning.

PHT 3122  HPA-HP  3(3,0)

Clinical Kinesiology: CR: PHT 3120L. Mechanical aspects of human movement, including joint mechanics of the upper and lower extremity, the vertebral column, and tissue mechanics of relevant human tissues. Coordinated with cadaver dissection.

PHT 3122L  HPA-HP  3(3,0)

Clinical Kinesiology Lab: CR: PHT 3122C. Lab course investigating the mechanical aspects of human movement.

PHT 3155  HPA-HP  2(2,0)

Physiology of Therapeutic Exercise: PR: PHT 3259C. CR: PHT 3155L. Exercise physiology investigating the physiological responses and adaptations to human movement including cardiovascular and pulmonary systems.

PHT 3155L  HPA-HP  2(0,4)

Physiology of Therapeutic Exercise Lab: CR: PHT 3155. Lab course emphasizing the clinical application of exercise physiology.

PHT 3259  HPA-HP  2(2,0)

Patient Care Skills: CR: PHT 3259. Affective, cognitive, and psychomotor skills applied to patient care. Diversity issues discussed. Basic skills of patient care; transfers, mobility skills, draping, gait training.

PHT 3259L  HPA-HP  1(0,2)

Patient Care Skills Lab: CR: PHT 3259. Lab course covering basic skills of patient care; transfers, mobility skills, draping, gait training.

PHT 3602  HPA-HP  2(2,0)

PHT 4119C  HPA-HP  4(3,2)

PHT 4215  HPA-HP  3(3,0)

Theories and Procedures I Lab: CR: PHT 3214. Lab course on the clinical application of heat, light, cold, water, sound, and massage.

Theories and Procedures II: PR: PHT 4215, PHT 4215L CR: PHT 4216L. Continuation of Theories and Procedures I. Focus on electrodiagnosis and electrophysiologic examinations and the interventions used in the treatment of pain and dysfunction.

Therapeutic Exercise I Lab: CR: PHT 4222. Lab course emphasizing therapeutic exercise skills for the treatment of patients with musculoskeletal dysfunction.

Therapeutic Exercise II: PR: PHT 4222; PHT 4222L. CR: PHT 4230L. Exploration of the various therapeutic exercise modalities, and their application to the rehabilitation course treatment.

Therapeutic Exercise II Lab: CR: PHT 4230. Lab course emphasizing use of various therapeutic exercise modalities.

Neurological Physical Therapy: PR: PHT 3069; PHT 3069L. CR: PHT 4234L. Analysis of selected neuromotor theories and their clinical applications. Examinations and interventions for the evaluation and treatment of neurological patients presented.

Neurological Physical Therapy Lab: CR: PHT 4234. Lab course emphasizing the clinical application of selected neuromotor theories.

Pathology/Pharmacology: PR: PHT 3113. Organized seminars on the pathophysiology and clinical manifestations of various medical conditions as they relate to medical management in physical therapy practice.
Medical Science and Pharmacology II: The impact on movement and posture of various orthopedic and neurological disorders; drugs used in their management. Relates neuropathology and orthopedic pathology to the study of movement.

Clinical Neurology in Physical Therapy: Analysis of selected neuromotor theories and their clinical applications. Advanced evaluation and treatment procedures. The use of research to determine optimum regimen in treating neurological patients.

Orthopedic Physical Therapy: PR: PHT 3069; PHT 3069L. CR: PHT 3316L. Examination and interventions for the evaluation and treatment of specific orthopedic cases and injuries are presented. Injury recognition, signs and symptoms or orthopedic involvement, and documentation are highlighted.

Pediatric Physical Therapy: PR: PHT 3259; PHT 3259L. CR: PHT 4320CL. The psychosocial, gross morphological and neurodevelopmental sequences that provide the baseline for pediatric clinical evaluation and treatment of individuals from birth to twenty one years of age and introduction to evaluation and treatment of pediatric clients.

Functional Rehabilitation: PR: Full time enrollment in PT program. Functional management of patients seen in long term rehabilitation setting. Develop and implement a PT plan of care for patients.

Clinical Education I: PR: Enrollment in Physical Therapy program. Full time supervised clinical
education in physical therapy settings. Application of objectives of courses previously completed.

**PHT 4822** HPA-HP 2(0,16)

**Clinical Education II:** Six weeks of supervised clinical education in a general hospital setting. All previous education objectives apply and are accumulative.

**PHT 4823** HPA-HP 1(0,8)

**Clinical Education III:** Clinical practicum in a long-term care setting. Emphasis on gerontology. Supervised by a licensed physical therapist, the student will integrate and apply all previous course work.

**PHT 4832** HPA-HP 1(0,8)

**Clinical Education IV:** PR: PHT 4320C, PHT 4372C. Full-time clinical internship under the supervision of a physical therapist, the student practices and integrates evaluation skills and treatment knowledge from previous courses.

**PHT 5003** HPA-HP 2(2,0)

**Foundations of Physical Therapy I:** PR: Admission to the PT program. Introduction to the profession of physical therapy.

**PHT 5005** HPA-HP 2(2,0)

**Foundations of Physical Therapy II:** PR: Foundations of Physical Therapy I. Psychosocial aspects of disability. Focus on cultural diversity issues, communication skills, and different styles of learning and teaching.

**PHT 5115** HPA-HP 2(2,0)

**Gross Anatomy/Neuroscience I:** PR: Admission to PT program. In-depth study of human morphology emphasizing the back, spinal cord, cranial nerves, and upper and lower extremities. Regional cadaver dissection.

**PHT 5115L** HPA-HP 2(0,4)

**Gross Anatomy/Neuroscience I Lab:** PR: Admission to PT program. Human cadaver dissection of the back, spinal cord, cranial nerves, and upper and lower extremities.

**PHT 5118** HPA-HP 2(2,0)

**Gross Anatomy/Neuroscience II:** PR: PR Gross Anatomy/Neuroscience I and Lab; CR Gross Anatomy Neuroscience II Lab. In-depth study of human morphology emphasizing the brain, the cervical spine, pelvis, and the internal organs.

**PHT 5118L** HPA-HP 2(0,4)

**Gross Anatomy/Neuroscience II Lab:** PR: Gross Anatomy Neuroscience I and Lab; CR Gross Anatomy Neuroscience II. Directed Laboratory experiences with cadaver dissection; use of the skeleton, models, and computer programs to facilitate learning.

Advanced Clinical Applications I: PR: PHT 3821. Full time supervised clinical education in a physical therapy setting. All previous education objectives apply and are cumulative.
Physics for Teachers I: PR: C.I. "Hands-on" lecture-laboratory course. Statics, simple machines, density, solar energy, heat, weather, waves, optical reflections, naked eye astronomy.

Physics for Engineers & Scientists I: PR: MAC 2311 or equivalent. Mechanics, Thermodynamics, fluids

Honors Physics for Engineers and Scientists I: PR: MAC 2311 or equivalent. Same as PHY 2048 with honors-level content.

Physics Laboratory for Engineers and Scientists I: CR: PHY 2048. Laboratory experiments covering selected topics in physics related to PHY 2048.

Honors Physics Laboratory for Engineers and Scientists I: PR: MAC 2311 or equivalent. Same as PHY 2048L with honors-level content.

Physics for Engineers and Scientists II: PR: MAC 2312 and PHY 2048 or PHY 3048H. Electricity, magnetism, optics.

Honors Physics for Engineers and Scientists II: PR: PHY 2048H, MAC 2312. Same as PHY 2049 with honors-level content.

Physics Laboratory for Engineers and Scientists II: CR: PHY 2049. Laboratory experiments covering selected topics in physics related to PHY 2049.

College Physics I: PR: MAC 1105 and MAC 1114 or equivalent or C.I. Mechanics, waves, thermodynamics.

College Physics II: PR: PHY 2053C. Fluids, electricity and magnetism, optics, x-rays, radioactivity.

Physics Today: CR: PHY 2048 or PHY 2049. Fundamental physics principles behind recent developments in physics research will be presented in a seminar format. May be repeated for credit.
PHY 3101       AS-PHYS       3(3,0)

Physics for Engineers and Scientists III: PR: MAC 2313 and PHY 2049 or PHY 3049H. Thermodynamics, oscillations, modern physics.

PHY 3110H       AS-PHYS       3(3,0)

Honors Physics for Engineers and Scientists III: PR: PHY 2049 or PHY 3049H. Same as PHY 3101 with honors-level content.

PHY 3503       AS-PHYS       3(3,0)

Thermal and Statistical Physics: PR: PHY 3101 or PHY 3101H or C.I. Thermodynamics, kinetic theory, elements of statistical mechanics.

PHY 3722C       AS-PHYS       3(1,5)

PHY 3752C       AS-PHYS       3(1,5)

PHY 3802L       AS-PHYS       3(1,5)

Intermediate Physics Laboratory: PR: PHY 3101 or C.I. Laboratory work in basic measurements of physical constants; experiments in electronics, modern physics, nuclear physics, optics, and solid state physics. May be repeated for credit.

PHY 4324       AS-PHYS       3(3,0)

Electricity and Magnetism II: PR: PHY 3323. Dielectrics, magnetic materials, electromagnetic waves, reflection, complex impedance, static solutions to Laplace's Equation, radiation from an accelerated charge and antennae, special relativity.

PHY 4424       AS-PHYS       3(3,0)

Optics: PR: PHY 3101 and PHY 3323. Wave optics, absorption, stimulated emission, lasers, transforms, coherence, holography.

PHY 4424L       AS-PHYS       3(0,3)
Optical Physics Laboratory: A laboratory course on geometric optics, interference, diffraction, materials and modern optics.

**PHY 4445** AS-PHYS 3(3,0)

Lasers: PR: PHY 3101, MAP 2302, PHY 4424, or C.I. Principles of laser gain media, properties of resonators and modes, and description of specific laser systems.

**PHY 4604** AS-PHYS 3(3,0)

**PHY 4605** AS-PHYS 3(3,0)

**PHY 4803L** AS-PHYS 3(1,5)

**PHY 4942C** AS-PHYS 3(2,3)

Practicum in Physics: PR: C.I. Physics laboratories and demonstrations, and the study of recent research on the learning of physics.

**PHY 5015C** AS-PHYS 3(2,2)

**PHY 5081C** AS-PHYS 1(0.5,1.5)

**PHY 5100** AS-PHYS 1(1,0)

Topics in Contemporary Physics for Teachers: PR: C.I. The study of recent findings in a selected area such as particle physics, surface physics, planetary atmospheres, lasers, geophysics, etc. May be repeated for credit.

**PHY 5200C** AS-PHYS 1(0.5,1.5)

Newtonian Mechanics for Teachers: PR: C.I. A lab, lecture, demonstration course studying selected topics in classical mechanics.

**PHY 5300C** AS-PHYS 1(0.5,1.5)

Electricity for Teachers: PR: C.I. Circuits, multimeters, oscilloscopes, circuit elements.
PHY 5302C  AS-PHYS   1(0.5,1.5)

**Electromagnetism for Teachers:** PR: C.I. Gauss' Law, Biot-Savart Law, Ampere's Law, Faraday's Law, Lenz's law, motors, generators, AC circuits and Maxwell's Equations.

PHY 5346  AS-PHYS   3(3,0)

**Electrodynamics I:** PR: PHY 4324 or C.I. Boundary value problems in electro-statics and magnetostatics. Maxwell's equations. EM fields in matter, wave generation and propagation; wave guides, resonant cavities.

PHY 5401C  AS-PHYS   1(0.5,1.5)

**Optics for Teachers:** PR: C.I. Geometrical and physical optics, spectrometers and lasers.

PHY 5455  AS-PHYS   3(3,0)

**Modern X-Ray Science:** An introduction to the science and applications of modern x-ray optics, x-ray lasers, etc., with a review of basic properties of x-rays.

PHY 5465C  AS-PHYS   1(0.5,1.5)

**Wave Motion for Teachers:** PR: C.I. Water waves, waves on strings, sound and vibrations.

PHY 5500C  AS-PHYS   1(0.5,1.5)

**Thermal Physics for Teachers:** PR: C.I. Engines, heat pumps, kinetic theory, phase changes, radiation, weather.

PHY 5524  AS-PHYS   3(3,0)

**Statistical Physics:** PR: PHY 3503, STA 3032, or C.I. A study of physical concepts and methods appropriate for the description of systems involving many particles. Ensemble theory, partition functions. Maxwell Boltzmann, Bose-Einstein, Fermi-Dirac statistics.

PHY 5601  AS-PHYS   1(1,0)

**Quantum Physics for Teachers:** PR: C.I. Hydrogen atom, diatomic molecules, heat capacity transition rates.

PHY 5606  AS-PHYS   3(3,0)

**Quantum Mechanics I:** PR: PHY 4605 or C.I. Basic postulates of quantum mechanics, operators, eigenvalues, parity, potential wells, harmonic oscillator, time dependent and time independent Schrodinger equation, matrix formulation, and time independent perturbation theory.

PHY 5933  AS-PHYS   3(3,0)

**Selected topics in biophysics of macromolecules:** PR: PHY 3101, CHM 2046, or C.I. Physical concepts and techniques used in the spectroscopic study of dynamic structure and function of biological macromolecules such as proteins; Connections with other complex systems. May be repeated for credit.
PHZ 3113  AS-PHYS  3(3,0)

Introduction to Theoretical Methods of Physics: PR: MAP 2302. Analytical techniques to solve problems of physics.

PHZ 3151  AS-PHYS  3(3,0)

PHZ 5304  AS-PHYS  3(3,0)

Nuclear and Particle Physics: PR: PHY 4604 or equivalent. Particles and nuclei, symmetries and conservation laws, interactions, models.

PHZ 5405  AS-PHYS  3(3,0)

Condensed Matter Physics: PR: PHY 4604, PHY 3101, or C.I. Crystal lattice cell structure, phonons, free electron model, band theory of solids, Fermi surface, solid state applications, and polymers.

PHZ 5505  AS-PHYS  3(3,0)

Plasma Physics: PR: PHY 4324 or C.I. Introduction to theory and experimental basis of both weakly and highly ionized plasmas. Instabilities, plasma waves, nonlinear effects, controlled thermonuclear fusion.

PHZ 5600  AS-PHYS  1(1,0)

Special Relativity for Teachers: PR: C.I. Length contraction, time dialation, simultaneity, conservation of mass-energy, conservation of momentum, Compton scattering.

PLA 3013  HPA-CJ/LS  3(3,0)

Law and the Legal System: A survey course designed to familiarize the student with the American legal system, ethical considerations, terminology, legal reasoning, and the role of the legal assistant.

PLA 3104  HPA-CJ/LS  3(3,0)

Legal Research: PR: PLA 3013 or C.I. A study of the various research tools used in legal investigation and the methods used to conduct legal research.

PLA 3155  HPA-CJ/LS  3(3,0)

Legal Writing: PR: PLA 3104. A study of legal writing format and technique and the preparation of memoranda and other legal documents, using research skills learned in PLA 3104.

PLA 3201  HPA-CJ/LS  3(3,0)

REE 4103 BA-FIN 3(3,0)

Real Estate Appraisal and Valuation: PR: FIN 3403. Focus on the fundamentals of real estate valuation utilizing tools of financial and economic analysis.

REE 4204 BA-FIN 3(3,0)

Real Estate Finance: PR: FIN 3403. Focus on the fundamentals of real estate finance utilizing tools of financial and economic analysis.

REE 4303 BA-FIN 3(3,0)

Real Estate Investment Analysis: PR: FIN 3403. Focus on real estate decision-making in the private sector utilizing tools of financial and economic analysis.

REE 4433 BA-FIN 3(3,0)

Real Estate Law: PR: Junior standing. An analysis of real estate law with emphasis on Florida statutes and case law.

REL 2300 AS-PHIL 3(3,0)

World Religions: Basic features and historical background of Confucianism, Taoism, Hinduism, Buddhism, Judaism, Christianity, and Islam.

REL 3162 AS-PHIL 3(3,0)

Healing: Culture, Art and Praxis: PR: Junior standing. A theory of the culture-specific nature of illness, including soul loss, spirit intrusion and the medicalization of deviance.

RET 3026C HPA-HP 4(3,3)

Introduction to Respiratory Care.: PR: Admission to the professional upper-division Respiratory Therapy Program. Fundamental respiratory principles and practices will be studied. Introduction to the profession and basic methods are covered. Lecture and lab.

RET 3174 HPA-HP 3(3,0)

Pediatric Respiratory Care: PR: RET 3026. The study of childhood respiratory diseases, congenital problems, infections, metabolic disorders, and AIDS.

RET 3264C HPA-HP 3(2,3)

Mechanical Ventilation: PR: RET 3026C. Function and use of mechanical ventilators, patient
evaluation methods. All forms of ventilatory support will be studied. Lecture and laboratory.

**RET 3483**  HPA-HP  1(1,1)

**Respiratory Disease Assessment:** PR: RET 3026C. Physical examination of the chest, demonstrating equipment use, methods and theory. Chest radiography will be extensively covered. Lecture and demonstration.

**RET 3484C**  HPA-HP  4(3,3)

**Cardiopulmonary Physiology:** PR: PCB 3703C. Normal ventilation, lung mechanics, pulmonary circulation, diffusion, and blood gases, with an emphasis toward diagnostic cardiology.

**RET 3874**  HPA-HP  5(1,16)

**Clinical Practice I:** PR: C.I. Basic equipment and patient care. IPPB therapy. Cleaning sterilization and maintenance procedures. Suction techniques.

**RET 3875**  HPA-HP  8(1,24)

**Clinical Practice II:** PR: C.I. Patient care with advanced respiratory equipment. Tracheostomy care. Introduction to cardiopulmonary resuscitation. Introduction to critical care units. Advanced life support techniques and equipment.

**RET 4034**  HPA-HP  3(3,0)

**RET 4244**  HPA-HP  3(3,0)

**Life Support Systems:** PR: RET 3026C. Lecture-laboratory, measures supporting critically ill patients; intubation, airway maintenance, arterial and venous lines, post-operative care. Cardiac output determination, electrocardiography, intra-aortic balloon pumping covered.

**RET 4284**  HPA-HP  3(3,0)

**Cardiopulmonary Diagnostics I:** PR: RET 4244C. Non-invasive cardiac diagnostics, including echocardiography, nuclear cardiology, and stress testing.

**RET 4285**  HPA-HP  3(3,0)

**Cardiopulmonary Diagnostics II:** PR: RET 4244C and RET 4284C. Invasive cardiac diagnostic and therapeutic mea-sures, including cardiac catheterization, PTCA, streptokinase use, and heart surgery.

**RET 4414C**  HPA-HP  4(3,3)

**Pulmonary Function Studies:** PR: RET 3026C. Detailed procedures and tests to provide information for diagnosis of pulmonary disease. Lecture-laboratory.

**RET 4441**  HPA-HP  4(3,3)
Vascular Ultrasound: Study of application of ultrasound in the diagnosis of vascular diseases. Includes doppler and color flow doppler examination of arterial and venous systems.

RET 4443   HPA-HP   4(3,3)

Advanced Cardiac Ultrasound: PR: RET 4284 or C.I. Study of advanced applications of ultrasound in the diagnosis of cardiac abnormalities. Two-dimensional echo, conventional doppler, and color doppler covered.

RET 4503   HPA-HP   3(3,0)

Chest Medicine: PR: RET 3026. Disease states treated medically in conjunction with one or more modalities of respiratory therapy.

RET 4715   HPA-HP   3(3,0)

RET 4876   HPA-HP   8(1,24)

RET 4934   HPA-HP   2(2,0)

Selected Topics in Respiratory Therapy: PR: C.I. Current topics of adult critical care, as they apply to the advanced study of respiratory therapy.

RET 5910   HPA-HP   3(3,0)

Research Methods in Cardiopulmonary Physiology: Introduction to methods used in scientific and medical research in cardiopulmonary physiology. Literature review, experimentation, and data analysis.

RMI 3011   BA-FIN   3(3,0)

Principles of Risk and Insurance: PR: FIN 3403. Emphasis is on insurance as a risk-handling device, with attention given to risk assumption, risk avoidance, and loss prevention.

RTE 3000   HPA-HP   3(3,0)

RTE 3111C   HPA-HP   2(1.5,1.5)

Introduction to Patient Care: PR: Acceptance to the program. Provides the student with fundamentals of patient care methods related to radiography.
Advanced Patient Care: PR: RTE 3111C or C.I. Study of advanced patient care concepts and techniques associated with computed tomography, magnetic resonance imaging, mammography, pediatrics and interventional procedures.

Medical Physics: PR: RTE 3684C or C.I. Study of radiation production, characteristics, detection and measurement, and protection, including barrier thickness calculation and shielding.

Principles of Radiographic Exposure I: An introduction to the technical variables influencing radiographic and fluoroscopic image quality, including equipment considerations, prime exposure factors, image receptors, and accessory exposure devices.

Principles of Radiographic Exposure II: PR: RTE 3418 or C.I. Study of technical and photographic processing variables influencing conventional, radiographic and digital image quality.

Radiographic Procedures I: PR: Admission to the program. Provides fundamental knowledge of radiographic positioning, equipment manipulation, and quality evaluation of radiographic studies of the chest, abdomen, routine contrast studies, and the upper extremity.

Radiographic Procedures II: PR: RTE 3503C or C.I. Continuation of radiographic positioning, equipment manipulation, and quality evaluation of radiographic studies of the shoulder, bony thorax, lower extremity, vertebral column, cranium, and facial bones.

Physics of Image Production: PR: College Physics II. Physics of diagnostic radiology, including radiation production, physical principles of generator operation, and characteristics of electromagnetic radiation.

Clinical Education I: PR: RTE 3111C or C.I. Supervised clinical practice in radiographic procedures, radiation protection, patient care, equipment.

Methods in Radiology Management: Concepts of radiology, department management, including principles, personnel management, evaluation and improvement techniques, budgeting, financial considerations and legal aspects, and JCAH quality assurance specifications.
Leadership in Radiological Sciences: PR: Senior level status in RS major or C. I. Study of the theories, principles and skills needed to function in a leadership position in Radiologic Sciences.

RTE 4209   HPA-HP   2(0,8)

Radiological Administrative Practice: A directed practice in the management of a radiology department, with application of theory and methodology.

RTE 4385   HPA-HP   1(1,0)

Radiobiology: PR: RTE 3308C. A study of the effects of ionizing radiation on biologic systems. The responses at the cellular and total organism level are investigated.

RTE 4473   HPA-HP   3(3,0)

Quality Improvement: PR: Registered technologist or Senior standing. The study of quality improvement and quality control from the perspective of radiology services.

RTE 4563   HPA-HP   2(2,0)

Special Radiographic Procedures: PR: RTE 3513C or C.I. Principles of nonvascular invasive procedures, including myelography, cholangiography, hysterosalpingography, and bronchography.

RTE 4573   HPA-HP   3(3,0)

Advanced Imaging Modalities: PR: RTE 3563 or C.I. A study of the physical principles and applications of computed tomography, digital imaging, interventional radiography, mammography, ultrasound, magnetic resonance imaging, and nuclear medicine.

RTE 4762   HPA-HP   3(3,0)

Anatomy for the Medical Imager: A study of the normal anatomical structures and interrelationships of structures as demonstrated in a radiographic and cross-sectional imaging reference.

RTE 4782   HPA-HP   2(2,0)

Pathophysiology: PR: C.I. The study of radiologic science in the diagnosis and treatment of disease.

RTE 4814L HPA-HP   5(0,20)

Clinical Education II: PR: RTE 3804. Supervised clinical practice in radio-graphic/fluoroscopic procedures with emphasis on examinations of the chest, abdomen, extremities and shoulder girdle.

RTE 4824L HPA-HP   6(0,24)

Clinical Education III: PR: RTE 4814. Supervised clinical practice in radiographic/fluoroscopic procedures with emphasis on examinations of the pelvis, thoracic cavity, vertebral column and portable and surgical radiography.

RTE 4834   HPA-HP   4(0,16)
Clinical Education IV: PR: RTE 4824. Supervised clinical practice in radiographic/fluoroscopic procedures with emphasis on examinations of the cranium, facial bones, and special procedures.

RTE 4844 HPA-HP 4(0,16)

Clinical Education V: PR: RTE 4834. Supervised clinical practice in radiographic/fluoroscopic procedures with emphasis on surgical and special procedure examinations.

RTE 4854 HPA-HP 2(0,8)

Advanced Clinical Practicum: PR: RTE 4824. Supervised clinical experience and/or practice in computed tomography, interventional, vascular, and magnetic resonance imaging.

RTE 4903 HPA-HP 2(0,8)

Directed Study in Radiologic Education: PR: EVT 3371 or EDG 4323 or C.I. Directed activity in classroom instruction in radiologic technology.

RTV 2102 AS-R/TV 3(3,0)

Writing for the Electronic Media: PR: ENC 1102, RTV Major. Practical experience in writing for various electronic media including radio, television, corporate, and digital media. Scripting requirements, writing styles and creative applications.

RTV 3000 AS-R/TV 3(3,0)

SOW 3401     HPA-SOWK 3(3,0)

Social Work Research: PR: CGS 1060C. Study of quantitative and qualitative methods of building knowledge for social work and the ethical use of research in professional practice.

SOW 3420     HPA-SOWK 3(2,1)

Social Work with Minorities: PR: SOW 3300, SOW 3203, and SOW 3104. Study of oppressed groups and relevant social work interventions; skill development in work with, and in behalf of, people of minority groups.

SOW 4232     HPA-SOWK 3(3,0)

SOW 4341     HPA-SOWK 3(1,2)

Micro-Level Roles and Interventions in Social Work: PR: SOW 3300, SOW 3352. Study and simulated practice of roles and tasks in systemic problem solving with individuals, families and supportive and remedial groups.

SOW 4343     HPA-SOWK 3(1,2)

Macro-Level Roles and Interventions in Social Work: PR: SOW 3300, SOW 3352. Study and simulated practice of roles and tasks in systemic problem solving to obtain and improve social welfare resources within organizations and communities.
Evaluating Social Work Practice and Service Programs: PR: SOW 3401, SOW 3300. The study of systematic data collection and of measurement of change in individuals, families, groups, programs, and communities.

Field Education: PR: Completion of required courses in major: GPA 2.5 in major. CR: SOW 4522. Supervised learning experiences in agencies which relate social work practice to theory, involving 420 clock hours in the field.

Field Education Seminar: PR: Completion of required courses in major: CR: SOW 4510. Weekly seminar to examine the field experience and to relate theory with practice situations.

Social Work in Health Settings: PR: SOW 3300 and SOW 3104. Study of social work roles, interventions, and issues related to helping patients in health settings.

Social Services for the Elderly: PR: SOW 3300, SSOW 3104, or Gerontology Certificate Major. Development of inter-ventive skills for obtaining, providing, and improving social services in behalf of elderly persons and their families.

Human Behavior and Social Environment I: Individual: PR: Admission to MSW program. Study of human development and psychosocial functioning of individuals at various life stages with particular attention to implications of human diversity.

Human Behavior and Social Environment II: Social Systems: Study of the patterns and dynamics of families, groups, organizations, and communities from a social work and a systems perspective.

Diverse Client Populations: Study of human diversity, focusing on the needs, resources, problems, and service issues of several identified minority client populations.

Social Welfare Policies and Services: Study of societal responses to human needs; forces shaping
social welfare systems; introduces frameworks for analyzing social policies and services

**SOW 5305**  HPA-SOWK 3(3,0)

**Social Work Practice I: Generalist Practice:** Study of social work functions, knowledge, values, roles and skills; the use of a generalist model of practice.

**SOW 5306**  HPA-SOWK 3(3,0)

**Social Work Practice II: Intervention Approaches:** Study of selected social work theories, strategies, and techniques for helping people and improving system responsiveness to human needs.

**SOW 5355**  HPA-SOWK 3(3,0)

**Studies in Social Work Practice:** PR: C.I. Analysis of one or more urban practice issues and approaches. May be repeated for credit.

**SOW 5404**  HPA-SOWK 3(3,0)

**Social Work Research:** Study of group research designs in social work; quantitative analyses; and related ethical issues.

**SOW 5432**  HPA-SOWK 3(3,0)

**Evaluating Social Work:** Study of single case designs in social work; recording methods; behavioral and standardized measures; applications to individuals, families, groups, programs, communities.

**SOW 5532**  HPA-SOWK 3(3,0)

**Generalist Field Education I:** PR: admission to MSW program. Supervised practice of social work in an agency for 224 clock hours. Graded S/U.

**SOW 5533**  HPA-SOWK 3(0,3)

**Generalist Field Education II:** PR: SOW 5532. Continuation of SOW 5532 Generalist Field Education I in the same field agency for 224 clock hours. Includes field seminar. Graded S/U.

**SOW 5604**  HPA-SOWK 3(3,0)

**Medications in Social Work Practice:** PR: graduate standing, post-bac status, senior in SW program or C.I. The study of the effects that psychotropic medications can have within the counseling/helping relationship.

**SOW 5624**  HPA-SOWK 3(3,0)

**Social Work Practice in Mexican Culture:** PR: C.I. The practice of social work in Mexican culture through cultural immersion, seminars, field visits and language instruction.

**SOW 5625**  HPA-SOWK 3(3,0)

**Social Work with Women:** Alternative approaches to the treatment of women in the urban setting.

**SOW 5642**  HPA-SOWK 3(3,0)
Aging In Social Situations: PR: Admission to MSW program or Gerontology Certificate Program or C.I. Knowledge about elderly in social situations or environmental context.

SOW 5644 HPA-SOWK 3(3,0)

Interventions with Elderly and Their Families: PR: Admission to Gerontology graduate certification program or MSW program or CI. Study of concepts, skills, models and theories for intervening with aged. Special attention is given to minority populations.

SOW 5655 HPA-SOWK 3(3,0)

Child Abuse: Treatment and Prevention: The social worker's role and interventions with victims of child abuse and their family members.

SOW 5662 HPA-SOWK 3(3,0)

Strategies in Employee Assistance Programs: Techniques for establishing, providing, and evaluating services to people with problems that affect job performance.

SOW 5712 HPA-SOWK 3(3,0)

Interventions with Substance Abusers: Strategies for working with persons who abuse drugs, alcohol, and other substances.

SOW 5846 HPA-SOWK 3(3,0)

Spirituality in Professional Counseling: PR: graduate standing, post-bac status, seniors, or C.I. Examination of spirituality as it relates to professional counseling.

SPA 3000 HPA-COMD 3(3,0)

SPA 3002 HPA-COMD 3(3,0)

TPP 4311 AS-THEA 3(2,2)

TPP 4531C AS-THEA 2(2,2)

**Period Movement:** PR: TPP 4142C or TPP 3250, TPP 3512C or DAA 2571C, B.F.A. Performance/Musical Theatre major. Continuation of Movement/Dance work. Emphasis given to period movement styles and dance.

TPP 4940 AS-THEA 6(0,40)

**Theatre Performance Internship:** PR: Restricted to B.F.A. Theatre performance majors, the internship is subject to Departmental approval. Off-campus internship programs provide opportunity for practical work in professional theatre. Contact the Departmental office for specific requirements. Required of all B.F.A. theatre performance majors.

TSL 4080 ED-IP 3(3,0)

**Teaching Limited English Proficient Children:** PR: Junior standing or C.I. Development of awareness and basic competence in applying linguistic and cultural awareness about limited English proficient children to the instruction of the basic subjects through appropriate strategies. Graded S/U.

TSL 5143 AS-LANG 3(3,0)

**ESOL Strategies:** This course will survey cross-cultural communication and understanding, testing and evaluation, curriculum and methods of teaching ESOL to meet the needs of limited English proficient students.

TSL 5345 ED-IP 3(3,0)

**Methods of ESOL Teaching:** This course is designed to develop understanding, knowledge and skills of the current methods used in the teaching of ESOL.

TSL 5525 ED-IP 3(3,0)

**ESOL Cultural Diversity:** This course is designed to identify major cultural groups represented by the LEP population in Florida schools and to understand their special needs.

TSL 5940 AS-LANG 3(3,0)
Issues in TEFL: PR: CI. Address issues specifically related to TEFL, such as materials adaptation, teaching in multi-level classrooms, learning styles, cultural issues, and curriculum syllabus design.

TTE 4004       ECS-CEE       4(4,0)

TTE 4601C   ECS-CEE   3(2,2)

Urban Systems Design: PR: TTE 4004. Project course on design of transportation and urban systems using engineering design methodologies.

TTE 5204       ECS-CEE       3(3,0)

Traffic Engineering: PR: TTE 4004. Study of operator and vehicle characteristics, and design for street capacity, signals, signs, and markings.

TTE 5205       ECS-CEE       3(3,0)

TTE 5256       ECS-CEE       3(3,0)

Traffic Operations: PR: TTE 4004 or C.I. Fundamental theories and applications of traffic movements on streets and highways.

TTE 5700       ECS-CEE       3(3,0)

Railroad Engineering: PR: TTE 4004 and C.I. The major technical factors in location, construction, maintenance, and operation of railroad transportation systems.

TTE 5805       ECS-CEE       3(3,0)

Geometric Design of Transportation Systems: PR: TTE 4004. Study of geometric and construction design elements in the engineering of transportation systems.

TTE 5835       ECS-CEE       3(3,0)

Pavement Design: PR: CEG 4101C. Pavement types, wheel loads, stresses in pavement components; design factors such as traffic configurations, environment, and economy.

ALPHABETICAL LISTING OF COURSES BY PREFIX

Finding a Course in this List
The UCF courses in this section are listed alphabetically by prefix. Consult the "Common Course Numbering System" section of this *Undergraduate Catalog* for additional information.

Availability of Courses
The University does not offer all of the courses listed in this *Undergraduate Catalog* each academic year, semester, or term. Consult the online *Class Schedule* at [http://ClassSchedule.ucf.edu](http://ClassSchedule.ucf.edu) for those courses offered each semester/term.

VIC 3001 AS-R/TV 3(3,0)

**Visual Communication:** A study of the visual system of man and the influences of the visual media on modern society.

WOH 2012 AS-HIST 3(3,0)

**World Civilization I:** A topical approach to the study of the rise and decline of world civilizations from the first attempts to the great civilizations of medieval times.

WOH 2012H AS-HIST 3(3,0)

**World Civilization I - Honors:** PR: Honors Program. The rise and decline of world civilizations from antiquity to the great civilizations of medieval times. Honors content.

WOH 2022 AS-HIST 3(3,0)

**World Civilization II:** Rise of modern civilization from 1500 to the present, with an emphasis on the confrontation between the Western and non-Western spheres of civilization.

WOH 2022H AS-HIST 3(3,0)

**World Civilization II - Honors:** PR: Honors Program. Rise of modern civilization from 1500 to the present, with an emphasis on the confrontation between the Western and non-Western spheres of civilization. Honors content.
WST 3015 AS-WOM 3(3,0)

**Introduction to Women's Studies:** PR: ENC 1102 or C.I. Interdisciplinary course introducing students to key issues and problems regarding women and gender relations in past and present societies.

WST 3930H AS-WOM 3(3,0)

**Honors Undergraduate Thesis I:** PR: Honors Program.

WST 4002 AS-WOM 1(1,0)

**Researching Women and Gender:** PR: WST 3015 or CI. Introduces students to scholars and research in a variety of areas pertaining to the study of women and gender relations.

WST 4903H AS-WOM 3(3,0)

**Honors Directed Readings I:** PR: Honors program.

WST 4904H AS-WOM 3(3,0)

**Honors Directed Readings II:** PR: Honors Program.

WST 4970H AS-WOM 3(3,0)

**Honors Undergraduate Thesis II:** PR: Honors Program.

WST 5347 AS-WOM 3(3,0)

**Research Seminar in Gender Studies:** PR: graduate student or post baccalaureate status. Research seminar exploring relationships among feminist theorizing, research, and social change, the development of gender studies programs and their relationships to other academic disciplines.

ZOO 2303C AS-BIOL 4(2,6)

**Vertebrate Zoology:** PR: BSC 2010C and BSC 2011C, or C.I. Evolution and classification followed by an introduction to vertebrate ecology, natural history, and behavior.

ZOO 3701C HPA-M&M 2(1,2)

**Dissection Techniques:** PR: ZOO 3733. A course designed to focus on select dissection techniques to aid students in the preparation of three-dimensional prosection material (specimens).

ZOO 3713C AS-BIOL 5(3,6)

**Comparative Vertebrate Anatomy:** PR: BSC 2010C and BSC 2011C, or C.I. The vertebrate animals, relationships of organs and systems, and their phylogenetic significance.

ZOO 3733C HPA-M&M 4(3,3)

**Human Anatomy:** PR: BSC 2010C or equivalent. Structure of the human body.

ZOO 3736C HPA-M&M 4(3,2)
**Exercise Physiology Anatomy:** PR: BSC 2010C, CI. Gross anatomy for exercise physiology majors.

Methods for Studying Animal Behavior in Zoo Setting: PR: an animal behavior course or C.I. Research techniques used to study animals in captivity.

ZOO 5745C   HPA-M&M   4(3,3)

Essentials of Neuroanatomy: PR: Human/Comparative Anatomy, or Human/Animal Physiology or C.I. Fundamental concepts of both morphological and functional organization of the nervous system. Primary emphasis on human structure.

ZOO 5815   AS-BIOL   4(4,0)

Zoogeography: PR: 8 hours of zoology or C.I. Principles and concepts concerning regional patterns of animal distributions of the world, both past and present.

ZOO 5881C   AS-BIOL   4(3,4)

Fisheries Management: PR: ZOO 2303C or C.I. Fisheries management of freshwater environments to include identification, sampling methods, farming and hatchery operations, propagation and population estimates.

ZOO 5891   AS-BIOL   1(1,0)

Applied Conservation Biology: PR: C.I. Examination of issues surrounding care, maintenance and tracking animals in small populations.

ZOO 5893L   AS-BIOL   1(1,0)

Reproductive Management in Zoological Environments: PR: PCB 4732 or C.I. Laboratory techniques used to improve reproductive success of animals in a zoological environment.
University Faculty & Administrative Officers

Administrative officers include professional staff at the Associate Vice President or Associate Dean level and higher.

The date indicates the first year of employment at the University of Central Florida.

ABBAS, HADI, Instructor of Art

ABBOTT, DAVID W., Associate Chair and Professor of Psychology
(1968), B.A., M.S., Ph.D. (University of Massachusetts)

ABDEL-ATY, MOHAMED, Associate Professor of Engineering
(1995), B.S.C.E., M.S.C.E., Ph.D., P.E. (Florida) (University of California at Davis)

ABEL, EILEEN M., Assistant Dean of Graduate Studies COHPA and Associate Professor of Social Work
(1978), A.B., M.S.W. (Case Western Reserve University)

ABRAHAM, CHARLIE, Assistant Professor of Art

</table>
AA: associate of arts degree. A degree designed for transfer to an upper division college or university. A Florida AA degree satisfies General Education (GEP) at all Florida SUS Schools.

AS: associate of science degree. A broad based degree designed to prepare students to enter a wide variety of careers.

AS: arts and sciences. This abbreviation appears in the listing of courses and refers to the College of Arts and Sciences.

ASAP: academic support and advising programs. Freshman advising offices and other academic support services.

Accreditation: certification that the college/school or program has met established standards and is nationally recognized by appropriate accrediting agencies.

ACT: American College Testing program is an assessment used for undergraduate admission purposes.

Add/Drop: procedure used to alter class schedules after registration. During this time, students can adjust their schedules without penalty by adding or dropping courses. Students should check the appropriate semester/term's Schedule Web Guide for details.

Audit (course): those desiring to attend classes without receiving academic credit.

Audit (degree): Computerized summary of progress toward completion of degree requirements to be
used with academic advising and registration. Available at advising office with a photo ID (See "SASS Audit").

BA: business administration. This abbreviation appears in the listing of courses and refers to the College of Business Administration.

Baccalaureate or Bachelors Degree: completion of all University and major graduation requirements as certified by the University (BA is the bachelor of arts degree and BS is the bachelor of science degree).

BC: Brevard area campus - UCF Cocoa Campus

Breaking Catalog: loss of eligibility to follow graduation requirements in a specific catalog.

CAS: College of Arts and Sciences

Catalog: resource for UCF academic policies and procedures, college/school and degree requirements, faculty and course descriptions. It is published annually and its contents are subject to change. Students must meet graduation requirements as published in a single catalog edition.

Catalog Year: the University catalog in effect at the time of a student=s first enrollment at UCF governs graduation prerequisites.

CBA: College of Business Administration

CI: consent of instructor.

Class Schedule: an online listing of courses to be offered each academic semester/term. This list is updated at least every fifteen minutes during registration (http://ClassSchedule.ucf.edu).
CLAST: College Level Academic Skills Test: The CLAST is a required statewide test which measures selected communication and mathematics skills. FTICs must take it after completing 18 semester hours. Transfers must take it during their first semester at UCF.

CLAST Alternative: refers to another way of satisfying one or more subtests of the CLAST requirement other than taking the exam -- through combination test scores (SAT or ACT) and specific course grades.

COE: College of Education.

COECS: College of Engineering and Computer Science

COHPA: College of Health and Public Affairs.

College/School: collection of related academic departments. There are seven colleges/schools at the University of Central Florida: Arts and Sciences, Business Administration, Education, Engineering and Computer Science, Health and Public Affairs, Honors, and the Rosen School of Hospitality Management.

Common Course Numbering: the statewide course numbering system (SCNS) uses a course designation which consists of a 3-letter prefix and a 4-digit number and when necessary a one-letter laboratory (L) or lecture/laboratory (C) suffix.

Common Program Prerequisite: the State of Florida has identified Common Program Prerequisites for all University programs. These prerequisites must be completed by all students entering that field of study, must be accepted by all state universities and must be applied towards the degree.

Contact hours: number of hours the students meet in class.

Continuous Enrollment: enrollment not interrupted by non-attendance for either consecutive Fall and Spring semesters, or consecutive Spring, Summer term, and Fall.

CR: corequisite is an additional course in which you must enroll during the same term or in a prior
term as the primary course you desire to take.

**Credit Hour or Semester Hour:** every course taught is designated a total number of credit hours. The number of credit hours for a class reflects approximately the total hours a student spends per week in class. Most lecture courses are three credit hours and meet three hours each week. Students should expect to spend at least two hours of study time outside of class for every hour spent in class. One semester hour equals 1.5 quarter hour.

**Directory Information:** directory information includes the student's name, current mailing address, telephone number, date of birth, e-mail address, enrollment status, dates of attendance, major field of study, degree and awards received, participation in officially recognized activities and sports, and athletes' height and weight.

**Disqualified:** a student on academic probation is disqualified upon failure to achieve a minimum 2.0 cumulative UCF GPA during the subsequent semester.

**Distance and Distributed Learning:** learning on-line through distributed courses allows students to participate virtually via a computer using e-mail, computer conferencing, and the World Wide Web. Interactive television (ITV) courses are broadcasted in real-time using two-way audio between two or more sites. Fully on-line courses have minimal class meetings and involve additional media.

**Double Major:** awarded when the student concurrently satisfies requirements for two majors.

**Drop:** a student may drop a course during the official Add/Drop period and a dropped course will not appear on the student's permanent record. Students are not fee liable for dropped courses.

**ECS:** Engineering and Computer Science. This abbreviation appears in the listing of courses and refers to the College of Engineering and Computer Science.

**ED:** Education. This abbreviation appears in the listing of courses and refers to the College of Education.

**Elective:** any course not required as part of the General Education Program or as part of your major.
**Enrollment Certification:** an official University document that provides a student's enrollment history including status, dates enrolled, and degrees awarded.

**Excluded:** a student readmitted following disqualification who fails to achieve a minimum 2.0 cumulative GPA.

**Fee Invoice/Schedule:** a printout of courses for which the student has registered that lists each specific course, its meeting time(s) and day(s). The amount of tuition and fees due for all courses registered and the payment deadline date also is indicated on printout.

**Freshman and Sophomore Courses:** lower level courses with common course numbers ranging from 1000-2999. Example: ENC 1101, English Composition I. Generally, freshmen should enroll in 1000 and 2000 level courses.

**FTIC:** abbreviation for "first time in college" referring to those students who have completed fewer than 12 semester hours and are currently in their first term as a UCF college student.

**Full-Time Course Load:** a minimum of 12 credits in the Fall and Spring semesters, and Summer term.

**GEP:** general education program: Specific courses required for all UCF degree programs providing skills and knowledge in general subject areas essential to continued learning and success, not only in college but throughout the student's life.

**Gordon Rule:** requires students to complete 24,000 words of composition in four courses (12 semester hours) and to complete two courses (six semester hours) of mathematics at the level of college algebra or higher. Each course must be completed with a grade of AC@ (2.0) or better.

**GPA:** Grade Point Average: The calculation of credit attempted and earned. UCF calculates two GPA's: 1) semester/term GPA; and 2) UCF GPA: course work exclusively taken at UCF.

**Grade Forgiveness:** refers to when a course taken at UCF is repeated and for grade point average purposes the grade earned in the first attempt is replaced by the grade earned in the second attempt at UCF (may be done only twice in the student's academic career).
**Health Form:** documentation of immunity for measles and rubella, as well as consent for treatment at the University Health Center. (Must be completed and returned to Student Health Services prior to first registration.)

**Hold:** block on activity for transcripts, grades, diploma, or registration because of financial or other obligations to UCF.

**HPA:** health and public affairs. This abbreviation appears in the listing of courses and refers to the College of Health and Public Affairs.

**Incomplete:** assigned by the instructor when a student is unable to complete a course due to extenuating circumstances. Must be completed in 12 months or by graduation, whichever comes first.

**Junior and Senior Courses:** upper level courses with common course numbers ranging from 3000-4999. Example: ENG 3311, Advanced Expository Writing.

**Kiosk:** stand-alone PCs located in public areas providing access to student records and to general information.

**Lake Sumter:** off campus classroom location.

**Limited Access:** certain academic programs designated as Alimited access@ only guarantee admission to a limited number of applicants.

**Lower Level Courses:** courses with a number of 1000-2999 (not 0000).

**Major:** A group of related courses that constitute a focused program of study in a specific area of knowledge.

**Minor:** A small group of related courses that constitute limited study, usually 15 to 18 credit hours.
OASIS: Office of Academic Support and Information Services is the primary office for undergraduate academic assistance in the College of Arts and Sciences.

Overall GPA: cumulative GPA of UCF and transfer course work.

Pending Status: category assigned to students who desire to enter limited access programs. Typically, students are required to complete the GEP and all major pre-requisites prior to admission into the desired limited access program. (Department will change student's status upon acceptance into the program.)

PIN: personal four digit code required to access POLARIS, TouchTone, or the UCF Information Kiosks.

POLARIS: Personal On-Line Access to Restricted Information Systems is accessed at https://polaris.ucf.edu on the Internet. POLARIS allows students to view their degree audit and academic record, register for classes, access their financial aid data and change the PIN number.

PR: Prerequisite refers to a specific course that must be taken and passed prior to enrolling in the primary course the student desires to take.

Probation: action taken when a student's UCF cumulative GPA drops below 2.0.

Registration: the act of enrolling in classes. This may be done through POLARIS, TouchTone telephone, kiosk and walk-by in the colleges' advising offices.

Repeat Surcharge: additional fee applied when a student enrolls in the same course three or more times.

Restricted Access: a major has additional admission requirements (e.g. early application date, a separate application or specific GPA requirements). There is no limit to the number of students who can be enrolled. Students meeting the specified requirement(s) normally will be admitted.
**Restricted Electives:** a specified group of courses within a major from which students must make selections.

**Retention:** a term used to describe students' continued enrollment at the University until successful completion of their educational goals.

**SARC:** Student Academic Resource Center provides academic support programs, including supplemental instruction, tutoring, academic advising, and various other programs and services to students.

**SASS Audit:** A Student Academic Support System is a computerized degree audit that lists courses completed toward major and degree requirements.

**SAT:** Scholastic Assessment Test is an assessment used for University admission purposes.

**Satisfactory Academic Progress:** a general eligibility requirement for financial assistance. (See "Student Financial Assistance Office" in this *Undergraduate Catalog*.)

**Schedule Web Guide:** booklet published twice each year (Summer/Fall and Spring editions) providing academic calendars and describing the policies and procedures necessary for course registration. Each semester's class listings are available only on-line at [http://ClassSchedule.ucf.edu](http://ClassSchedule.ucf.edu).

**Second Bachelors Degree:** awarded when the student meets the requirements for both degrees and earns a minimum of 150 credit hours.

**Section:** refers to one of several offerings of the same course scheduled at different days of the week and hours of the day. For example: there may be 40 different sections of ENC 1101 offered within a semester.

**Sequence:** a series of courses within the same subject area. Generally, the student takes these courses in numerical order. For example, PHY 2053 then 2054. Students should consult the advisor before registering out of sequence.

**Semester:** the academic year at UCF is divided into segments called "semesters" or "terms." Each lasts approximately 16 weeks. Some universities break the year into fourths and call them "quarters."
UCF is on the semester system; however, we usually speak of AFall Semester, ASpring Semester, or ASummer Terms.

**Semester Average:** grade point average on work attempted during any given semester

**SOC:** South Orlando Center.

**SUS:** State University System. All ten Florida public universities are part of the SUS.

**THC:** The Honors College

**Third Attempt Charge:** See 'Repeat Surcharge.'

**TouchTone (telephone) Registration:** voice response registration system. Used for registration and add/drop (407-823-2527 or 877-823-2527).

**Track:** one of two or more significant variations in a degree program or major. Approximately 50% of the courses in one track differ from the courses required in other tracks.

**TSD:** time shortened degree.

**TSR:** transfer summary report: Listing of all coursework transferring to the University for credit. A preliminary TSR is generated at the time of acceptance. A final TSR is processed after all final transcripts have been received by the Admissions Office.

**Transient Student:** a UCF student enrolled in courses at another regionally-accredited institution.

**UCF Area Campuses:** Daytona Beach and Brevard area campuses, South Orlando Center, Downtown Center, Palm Bay Center, Lake Sumter Community College Site, Seminole Community College Site, and Valencia Community College Site.
**UCF Average:** grade point average on all work attempted while in attendance at the University of Central Florida

**Universal PIN:** personal four digit code required to access POLARIS, TouchTone, or the UCF Information Kiosks.

**Upper Level Courses:** courses with a common course number of 3000-4999.

**Walk-by Registration:** registration site in the college advising office for students who have special situations that cannot be accommodated by web or telephone registration.

**Withdrawal, Withdraw from a Course:** to formally file an official withdrawal request during the first half of the semester or term/session, students may visit the Registrar's Office or use POLARIS. The withdrawal policy is listed in this *Undergraduate Catalog* and the *Schedule Web Guide*.
