I Believe I Can Fly

I used to think that I could not go wrong
And life was nothing but that an awful song
But now I know the meaning of true love
I’m leaning on the everlasting arms

If I can see it, then I can do (be) it
If I just believe it, there’s nothing to it

I believe I can fly
I believe I can touch the sky
I think about it every night and day
Spread my wings and fly away
I believe I can soar
I see me running through that open door
I believe I can fly
I believe I can fly
(Oh) I believe I can fly

See I was on the verge of breaking down
Sometimes inside us, it can seem so long
There are miracles in life I must I must achieve
But first I know it starts inside of me

Could I believe in it?

R. Kelly
