Dear Russ and Michele,

Enclosed is the first monograph from the Pew Symposia on Learning and Technology, *Improving Learning and Reducing Costs: Redesigning Large-Enrollment Courses*, the result of the invitational symposium held on July 15-16, 1999, in Roanoke, Virginia.

Five thousand printed copies of the monograph will be distributed to campus presidents of institutions of 3,000 or more students, EDUCAUSE institutional representatives (about 1600 CIOs), association officers and various other higher education opinion makers during the coming week. The monograph is also available on our Web site (including a downloadable PDF version) at <http://www.center.rpi.edu/PewSym1.html>, and we have sent an e-announcement of its existence to our now 3000-member PLTP e-mailing list.

I hope you enjoy it and find that it meets the Trusts' goals. (Also hope to see you soon!)

Best,

Carol
