The UCF Libraries Faculty/Staff recently participated in their first librarywide fundraising campaign, *Building for Tomorrow, Today!* Thanks to the generous support of the library faculty and staff, as well as the enthusiasm generated by the Campaign Committee, \$6,000 was raised with 50% participation, double the initial dollar goal. Gifts were designated toward the following funds: Friends of the Library; the Library Expansion/Renovation Fund; the June Stillman Scholarship Fund; and the Universal Orlando Foundation Library at the Rosen College of Hospitality Management.

Members of the Campaign Committee included: Jason Martin (Reference) and Dannie Helm (Special Collections), Co-Chairs; Gloria Coney (Circulation); Susan MacDuffee (Acquisitions); T.J. Ormseth (Universal Orlando Foundation Library at the Rosen College); Terrie Sybolt (Reference); Andy Todd (BCC/UCF Joint Use Library in Cocoa).

Thank you, UCF Libraries Faculty and Staff, for your support of the *Building for*

UCF Faculty Author - Inez Bracy

Inez Bracy is an Adjunct Faculty member with the Rosen College of Hospitality Management and President of The Bracy Group. She works primarily with decision-makers, whether independent professionals or within a corporate setting, to create their “best life now.” As a Personal Development Consultant, Inez brings a unique blend of experience, perspective, and training garnered over a comprehensive career spanning more than 20 years in a variety of industries to benefit her clients.

It is through seeing her clients experience living their “best life” that Inez knows that she is successful. Her business exists to support that process in a tangible way for both her individual and group clients. Believing that passion pulls people forward to their “best life,” Inez works with people to discover and re-dream their ideal best lives.

Rejuvenate Your Life in 21 Days is a direct result of the work that Inez has done with her clients and from rejuvenating her own life. Inez is a lifelong learner and has always embraced the “think, believe, dream, dare” theory. Growing up a sharecropper’s daughter taught her the value of hard work and that there had to be a better way of life. Inez completed her biology degree as her first personal experience of creating the life she wanted. After that she excelled in computer programming languages through on the job training. Inez holds a Master of Science in Organizational Development, put to good use in a number of environments.

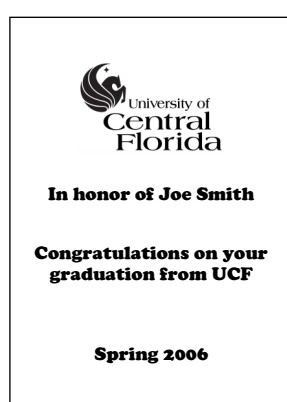

As a result of her incredible range of practical experience in the corporate, educational, and non-profit worlds, she believes in seizing the moment, giving whatever you’re doing everything you’ve got, and believing that you can achieve anything you can conceive.
