WHAT'S WHAT—A GUIDE—WHERE TO GO—WHAT TO SEE

TAKE  
MY  
WORD  
FOR IT!

Yes Sir—its pure grapefruit juice and believe me you will thank me for telling you of this new discovery—life has been sweeter since Doc insisted that I down a glass of pure grapefruit juice at least 3 times each day—no more acid stomach now.

This old Kentucky colonel long famed as a good judge of fair women, fast horses and bonded bourbon has found a real winner in pure Florida Citrus juice and now shares with you the good news and a promise of better health.

## POOR MISGUIDED SOULS

I received a letter from a friend of mine in the Middle-West yesterday, and you would be surprised at such ignorance displayed, but his impressions are only typical of the general opinion of the average stranger to this great state of Florida. He stated that he really pitied us down here in this very hot weather with no let-up at all. There are very few nights that we in Florida have not been forced to sleep under some sort of cover, and but for a few hours each day when we are in the sun, there are cooling breezes, while to the contrary, those, above the Mason Dixon line and even further south, swelter, swelter and swelter.

Orlando, Florida and all those who would like to see the recovery money spent "according to Hoyle" in Florida free from political entanglements etc are pulling for Walter L. Hays. We hope against great odds that the powers that be see the light.

Drop by the United Markets on N. Orange Ave., I beg your pardon, I mean the Home Supply Store, where the very attractive window display extolling the virtues of Blue Heron Soap is placed. This exceptionally pleasing display, heralding relief from wasday drudgery and exclaiming the new freedom with the slogan, "No more blue Mondays," is the work of Emil Andre, and prepared under the direction of Advertising Headquarters.

## WEEKEND IN DAYTONA

This week-end when you get to Daytona Beach drive direct to the Blue Heron at 532 N. Peninsular Drive. You will find a home-like, delightful place, cool and breezy. Large pleasant airy rooms and broad porches. The Blue Heron is now operated by Mrs. Justin Van Buskirk who is assisted by her charming daughters. Rates are reasonable from \$1 a day to \$5 for the week including breakfast. You must come over!

"My wife wants everything she sees."

"Well, you'll have to make your income keep pace with her yearning power."

## BEACHAM TO HAVE VAUDEVILLE TUESDAY AND WEDNESDAY

Stopping at the office of the Beacham theatre for copy, learned that they are planning to have a big time vaudeville show booked for Tuesday and Wednesday. The show this week is called "Jazz Mania" and carries 18 people including a snappy stage band, beautiful girls who know their dances and some good comedy. Yes sir, Orlando and central Florida will be there to see this show. Was informed a full picture program will be presented with the vaudeville show.

The Guest Days on Thursday and Friday are growing in popularity. Orlando folks appreciate seeing a show in the pleasant atmosphere of the Beacham at these bargain prices.

Next Saturday there will be another 5c kiddie matinee. Childrens faces and laughs are once again becoming familiar sights and sounds around the Beacham.

## on and off the avenue

Is the summer sun ruining your skin? Sunburn has caused many a woman's skin to become tough and hard looking. Let **Andre's Beauty Salon at 220 S. Main** give you a facial to restore the natural smoothness of your skin and a shampoo to bring the softness and lustre back to your hair.

The **Fern Park Dance and Garden Club** has become a very popular place to spend a few hours. It is a nice ride from Orlando, just nine miles north on the Sanford Highway, and the road is splendid all the way. When you arrive, you will be impressed with the attractiveness of the place, and there are always light refreshments in the form of sandwiches and your favorite 3.2.

"It pays to get the best" seems to be the slogan of plenty of people in Orlando. Anyway, constant new additions are made to many who claim **Orange City Water** the best ever. Just phone **G. W. Brigg**, local distributor, at **5612** and see for yourself if these people are not right.

Are you expecting important out-of-town visitors? You will want to take them to the very best place to eat that you can possibly think of, and that place is, of course, the **Perrydell Tea House**. Your friends will be charmed with your choice and will go away thinking what a delightful host you are.

No matter where you plan to spend your vacation, **Mrs. John Todd** at **17½ S. Orange Ave.** will be glad to help you with your wardrobe. She will make you style right for Florida, Chicago, New York, the far west and even Europe. Let her handle your clothes problem for this summer, and your worries will be at an end.

"Where is a good place to go that has snappy entertainment, a good orchestra, and excellent food? is the question we were recently asked by a newcomer to Orlando. We immediately suggested the **Flamingo** and added that there is no cover charge and the a la carte menu is very reasonable. Our friend has thanked us many times for this information and is singing the **Flamingo** praises loudly.

Then there is the ambitious young man who started on a shoestring—and got slapped.

### NATURE VS. MAN

It has been said that "Nature slays more game than man." Doubtless, no one will dispute this fact. The mortality rate in nature is high. Only a small percentage of the individuals of any species that begin life with the fertilization of the ovum ever reach maturity. Nature has made provision for her wastefulness of life by making each species far more prolific than would be necessary, if it were not for this great loss. However, nature has not and cannot make any provision to offset the loss in numbers slain by man. Although nature is helpless in this respect, man can assist nature in compensating for this loss by providing a more favorable environment for the desirable species and by reducing the loss from causes subject to his control. The increase effected by environmental control must equal or exceed the numbers killed by man or man must kill less, if the supply is to be maintained. If the kill exceeds the production extermination is inevitable.

Men who deliberately set out to kill game days in advance of the opening of the hunting season ought to be found out and their names posted for public inspection and they themselves fined heavily. They are the worst two-legged animals to be found among people who claim to be sportsmen.

Teacher: "Tommy, use H<sub>2</sub>O in a sentence."

Tommy: "It's H<sub>2</sub>O money to the bank—but worse not to be able to!"

### Watered Stock Never Brings Waves of Prosperity

A Scots shoemaker felt that he was getting old, so he decided to make his will.

"Take down what I tell ye, mon," he said to his legal advsior.

The lawyer nodd'd and the Scot commenced: "I'm leaving two thousand to Bill Thompson at Aberdeen; he used to be an apprentice wi' me, ye ken, but don't put that down. I'm leaving fifteen hundred to Sandy Simpson at Stirling and another fifteen hundred to——"

"But wait a minute," interrupted the lawyer, "Surely you haven't got all that money?"

"Money?" queried the Scot. "Who's talking about money? It's boot-tacks I'm leaving them."—Sarnia Observer.

If you really want to rid yourself of roaches, the Peerless Roach Trap method, protected by U. S. Patent, is the only method that will really do the trick. Do not be a slave to roach paste and roach powders. Their use encourages ants, and one pest is as great as the other.
