P R E F A C E

The county seat of Seminole County is a city of 6,700 population, located on the south side of Lake Monroe and the present head of navigation for large steamers on the St. Johns river.

Sanford has doubled its population in the past few years and is one of the most progressive cities in the state; has many miles of brick pavement, cement sidewalks, sewer system, good churches and schools, two ice plants, paid fire department with auto equipment, railroads extending in every direction, street car line, telephone and telegraph systems, free city and rural mail delivery, two newspapers, three banks and one trust company, and numerous other features.

Sanford is the center of the famous Sanford Celery Delta, the productiveness of which in both crops and dollars has attracted world-wide notice. This is the place of which the Year Book of the United States Agricultural Department for 1911, on page 316, has this to say: "A combination of irrigation and drainage at Sanford, Florida, has transformed worthless lands into those producing crops of celery valued at \$2,000 per acre for one crop." Celery is only one of the many crops we grow and our lands are made to produce an average of three crops each season during the fall, winter and spring, when all kinds of vegetables bring top prices in the northern markets.

There is no vegetable that cannot be successfully grown at Sanford but unlike the northern farmer, who must grow his crop during a certain season, the Sanford farmer grows crops to fit the demand and not the season. This enables the Sanford farmer to get much larger prices for his products because they are grown out of season. Vegetables shipped from Sanford run into thousands of carloads each winter.

Those who enjoy water sports will here find an unlimited field; extending both north and south from Sanford, the St. Johns river offers 300 miles of unequaled tropical scenery, while its numerous tributaries and lake add many more miles of continuous pleasure for those who care to explore their winding courses.

Sportsmen from all over the country come to Florida to hunt and fish. No where can better sport of this kind be found than here. Every lake and stream in our country is stocked with fish for the lover of rod and reel.

All kinds of migratory fowl spend the winter months on our rivers and lakes and at times the waters are literally alive with feathered game. Quail and snipe abound everywhere and a short ride will take one to the outlying districts where deer, turkeys and other wild game abound.

SEMINOLE COUNTY.

Is the newest of Florida counties, having been formed by act of legislature June, 1913, and became organized and ready for business the following August. It was formed from the northern portion of what was formerly Orange county and is bordered on the north and east by Lake Monroe and the St. Johns river, a navigable stream and the largest river and on the west by the Wekiwa river. It also has within its borders Lake Jessup, which is an arm of the St. Johns river. These rivers and lakes give Seminole county many miles of navigable water, bordered by rich alluvial lands easily drained and cheaply irrigated by means of artesian flowing wells, which can be had here.

Seminole county is in about the center of the state north and south, and about 30 miles from the Atlantic Ocean. It has numerous railroads in all directions and these, competing with the water facilities, give it the best and cheapest water transportation of any inland county in Florida. Experience of many years has proved that Seminole county is excellently located for the growing of all those products for which Florida has won an enviable reputation.

PARCEL POST INFORMATION

On and after August 15, 1913, the limit of weight of parcels of fourth-class mail for delivery within the first and second zones shall be increased from 11 pounds to 20 pounds. The rate of postage on parcels exceeding four ounces in weight shall be five cents for the first pound and one cent for each additional two pounds or fraction thereof when intended for local delivery, and five cents for the first pound and one cent for each additional pound or fraction thereof when intended for delivery at other offices within the first and second zones.

Sections 1, 3, 7 and 15, Parcel Post Regulations, are amended accordingly.

The pound rates of postage in the first and second zones shall be as follows:

Weight.	First zone.		Second zone rate.
	Local rate.	Zone rate.	
1 pound	\$0.03	\$0.05	\$0.05
2 pounds06	.06	.06
3 pounds06	.07	.07
4 pounds07	.08	.08
5 pounds07	.09	.09
6 pounds08	.10	.10
7 pounds08	.11	.11
8 pounds09	.12	.12
9 pounds09	.13	.13
10 pounds10	.14	.14
11 pounds10	.15	.15
12 pounds11	.16	.16
13 pounds11	.17	.17
14 pounds12	.18	.18
15 pounds12	.19	.19
16 pounds13	.20	.20
17 pounds13	.21	.21
18 pounds14	.22	.22
19 pounds14	.23	.23
20 pounds15	.24	.24

Note.—The rate for local delivery shall apply to all parcels mailed at a post office from which a rural route starts, for delivery on such route, or mailed at any point on such route for delivery at any other point thereon, or

at the office from which the route starts, or on any rural route starting therefrom, and on all matter mailed at a city carrier office, or at any point within its delivery limits, for delivery by carriers from that office, or at any office for local delivery.

Fresh meats and other articles mentioned in paragraph 2, Section 34, Parcel Post Regulations, when inclosed and wrapped in the manner prescribed by the last sentence of that paragraph, will be accepted for mailing to offices within the first and second zones.

Miscellaneous Information Concerning Postage Stamps, Postal Cards and Stamped Envelopes

All postage stamps issued by the United States since 1860 are good for postage.

Postage-due stamps are used by postmasters to witness the collection of postage on short-paid matter. These stamps are not good for prepayment of postage and are not sold to the public.

Internal-revenue stamps are neither good for postage nor redeemable by the Post-Office Department.

United States postage stamps are good for postage in Guam, Hawaii, Porto Rico, and Tutuila, but not in the Philippine Islands or in the Panama "Canal Zone." Postage stamps overprinted "Philippines" or "Canal Zone, Panama," are not good for postage or redeemable in the United States.

Postage Stamps.—The Department issues postage stamps of the following denominations: 1, 2, 3, 4, 5, 6, 8, 10, 13, 15, and 50 cent, 1, 2, and 5 dollar, and 10-cent special delivery.

Postage stamps that are mutilated, or defaced in any way, can not be accepted for postage.

Stamps cut or otherwise severed from postal cards, embossed United States stamped envelopes, or newspaper wrappers are not redeemable or good for postage.

Postage stamps are neither redeemable from purchasers nor exchangeable for those of other denominations or any other stamped paper.

Postage stamps should not be used for making remittances. They may be lost or may adhere in transit, and such use tends to disorganize the proper equalization of postmasters' compensation under the law. Ample registry and money order facilities are provided for the safe transmission of funds by mail.

No postage-stamped paper is sold by the Department direct; it must be bought of postmasters.

Postal cards are furnished at the postage value represented by the stamp impressed thereon.

Single postal cards for domestic and foreign correspondence are furnished at 1 cent and 2 cents each, and double (reply) postal cards at 2 and 4 cents each, respectively.

Domestic single cards are furnished in sheets of 40 each, when so desired, for printing purposes.

United States stamped envelopes.—The Department issues thirteen different sizes of stamped envelopes, the smallest 2 7-8 by 5 1-4, the largest 4 3-8 by 10 1-8 inches, in three qualities and five colors of paper, as follows: First quality, white and amber; second quality, buff and blue; third quality, manila. The denominations are 1, 2, 4, and 5 cent. A diagram of sizes and schedule of prices may be consulted at any post-office.

Stamped newspaper wrappers are issued in 1-cent, 2-cent, and 4-cent denominations, and in three sizes.

Unused stamped envelopes and newspaper wrappers, when presented in a substantially whole condition, will be redeemed by postmasters at their face value either in postage stamps, stamped envelopes, or postal cards, but stamped envelopes bearing a printed return card will be redeemed only from original purchasers.

SPECIAL DELIVERY

A special-delivery stamp, in addition to the lawful postage, secures the immediate delivery of any piece of mail matter at any United States post-office within the letter-carrier limits of free-delivery offices and within a 1-mile limit of any other post-office.

Special delivery can be effected only by the use of the special delivery stamp.

Hours of delivery: From 7 a. m. to 11 p. m. at all free-delivery offices, and from 7 a. m. to 7 p. m. at all other offices, or until after the arrival of the last mail at night, provided that be not later than 9 p. m. Special-delivery mail must be delivered on Sundays as well as on other days, if post-office is open on Sundays.

If special-delivery matter fails of delivery because there is no person at the place of address to receive it, the matter is returned to the post-office and delivered in the ordinary mail.

Special-delivery matter may be forwarded, but is not entitled to special delivery at the second office of address unless forwarded on a general forwarding request before attempt at delivery has

been made at the post-office of original address.

A special-delivery stamp does not give a piece of mail matter any other security than that given to ordinary mail matter.

Rural letter carriers are required to deliver special-delivery mail to the residences of patrons of their routes if they live within 1 mile of the routes. Special-delivery matter addressed to patrons of rural free delivery who reside more than 1 mile from the routes will be placed in the box of the addressee in the same manner as ordinary mail.

REGISTRY SYSTEM

Valuable Matter Should Be Registered REGISTRY FEE, 10 CENTS.

Registered mails reach every post-office in the world. The system insures safe transit and correct delivery.

In case of loss, the sender or owner of a registered article prepaid at the letter rate of postage, mailed at, and addressed to, a United States post-office, is indemnified for its value up to \$50.00.

Valuable letters and parcels, and those which the sender wishes positively to know have been correctly delivered, should be registered.

The registry fee is 10 cents for each separate letter or parcel, in addition to the postage, both to be fully prepaid with postage stamps attached to the letter or parcel.

Any piece of mail matter may be registered at any post-office or station thereof, and by any rural free-delivery carriers. In residential districts of cities, letters and packages of first-class matter that are not cumbersome on account of

size, shape, or weight can be registered by letter carriers at the house door as safely as if brought to the post-office.

In order to have a letter or parcel registered it is necessary merely to have it properly prepared, addressed, and stamped, and the name and address of the sender written or printed on it. It should be handed to the postmaster, clerk, or carrier, who will write out a registration receipt for the sender.

MONEY-ORDER FEES.

Fees for money orders payable in the United States (including Guam, Hawaii, Porto Rico, and Tutuila, Samoa); also for orders payable in Canada, Cuba, Newfoundland, the United States postal agency at Shanghai (China), and the Philippine Islands:

For sums not exceeding \$2.50.....	3 cents
Over \$2.50 to \$5.....	5 cents
Over \$5 to \$10.....	8 cents
Over \$10 to \$20.....	10 cents
Over \$20 to \$30.....	12 cents
Over \$30 to \$40.....	15 cents
Over \$40 to \$50.....	18 cents
Over \$50 to \$60.....	20 cents
Over \$60 to \$75.....	25 cents
Over \$75 to \$100.....	30 cents

DOMESTIC RATES OF POSTAGE.

Class 1 (sealed or unsealed), 2 cents for 1 ounce or fraction.

Class 2 (unsealed, transient), 1 cent for each 4 ounces or fraction.

Class 3 (unsealed), 1 cent for each 2 ounces or fraction.

Class 4 (unsealed), 1 cent for 1 ounce or fraction.
