# PREFACE

---

In presenting this, the second volume of the Sanford City Directory, the publishers feel confident they are giving to the city the most complete and accurate Directory ever issued.

The department of miscellaneous information beginning at page 17, is a complete and comprehensive guide to the State, County and City governments, Churches, Public and Private Schools, Banks, Courts, Hospitals and Asylums, Clubs, Benevolent, Literary and other associations, Secret Societies, etc. This is followed by the Street Directory, or Householders' Guide, pages 23 to 41, which consists of the name and description of each street and avenue in alphabetical order, the numbers on each street also being shown together with the name of the occupant of each building and at what number the intersecting streets cross. By use of this department the exact location of any house or building in the city can be immediately and exactly ascertained.

The Alphabetical List of Names commencing at page 43 contains the names of all business firms and corporations, and the inhabitants of the city over a certain age, together with the occupation and address of each individual.

The Classified Business Directory, beginning at page 123, is a complete exhibit of the commercial, manufacturing, professional, financial and other business interests of the city, arranged in alphabetical order under their respective headings.

The canvass this year has not been confined to the city of Sanford proper, but has included the suburbs and outskirts of the city, the inhabitants of this contiguous territory being as fully identified with the city as though they resided within its corporate limits.

This issue of the Directory contains 2,236 names. By using the multiple of  $2\frac{1}{2}$ , as formerly, a population of 5,590 is shown.

Respectfully,

R. L. POLK & CO.,

*Publishers.*

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

# **POLK'S DENTAL REGISTER**

OF THE

## **United States and Canada.**

---

**This is positively the only National Dental Directory published.**

---

Over 36,000 Dentists, arranged by States, Territories and Provinces, with Post-office address and College and year of Graduation.

All the Existing Dental Colleges in the United States and Canada, with Location, Faculty, etc.; also extinct Dental Colleges.

The various Dental Societies and Dental Journals.

Synopsis of Laws regulating practice of Dentistry in each State, Territory and Province.

A Descriptive Sketch of each State, Territory and Province.

It is the only publication of the kind giving an alphabetical list of all Dentists and a reference to name where it appears with post-office address and college information.

There is no more direct or economical way of reaching the Dentists of the United States and Canada than by an advertisement in the Register, or if you wish to circularize, the Register presents the list in convenient form for addressing.

**PRICE \$10.00 PER COPY.**
