GENERAL PROVISIONS.

4045. (2643.) This Title Extends to All Corporations.—The provisions of this title shall extend to all corporations, whether chartered by special act of the Legislature or under general law in their respective classes, but shall not in anywise affect the validity of any incorporation heretofore created.

4046. (2644.) Corporations Not Dissolved by Failure to Elect Officers.—No corporations shall be deemed to be dissolved by failure to elect or appoint officers on the given day, but the officers previously elected or appointed shall hold their offices until the qualification of their successors.

4047. (2645.) Inherent Powers.—Every corporation by virtue of its existence as such shall have power:

1. To have succession by its corporate name for the period limited in its charter, and when no period is limited, perpetually.

2. To sue and be sued in any court of law or equity.

3. To make contracts and to adopt and use a common seal and alter the same at pleasure.

4. Where special provision is not made by law or otherwise, to hold, buy, convey or mortgage such personal or real estate as the purposes of the corporation shall require, also to take hold and convey such other real and personal property as shall be necessary for the corporation to acquire in order to obtain or secure the payment of any indebtedness or liability to it.
5. To appoint such subordinate officers and agents as the affairs of the corporation shall require, and to allow them suitable compensation.

6. To make by-laws.

7. To increase or diminish by a vote of its members, cast as the by-laws may direct, the number of directors, managers or trustees, so, however, that the number shall not be less than three, nor more than thirteen.

4048. (2646.) Right to Borrow Money.—All corporations of this State shall have the right to borrow such sums of money at such rates of interest, and upon such terms as the company or its board of directors shall authorize or agree upon, and may deem necessary or expedient, and to execute one or more trust deeds or mortgages, or both, as the occasion may require, of all their property, real and personal, constructed, or in process of construction, for the amount or amounts borrowed or owing by such company, as its board of directors shall deem expedient; and such company may make such provisions in such trust deed or mortgage for transferring their property, real and personal, corporeal and incorporeal, rights, privileges, franchises, immunities, machinery, houses, rolling stock, furniture, tools, implements, appendages and appurtenances used in connection with its business in any manner whatsoever, then belonging to the said company, or which shall thereafter belong to it, as security for any bonds, debts or sums of money as may be secured by such trust deed or mortgage, as they shall think proper, and in case of sale of any of the property of such corporation, or any part thereof, constructed or in course of construction, by virtue of any trust deed of any foreclosure of any mortgage thereon, the party or parties acquiring title under such, and their associates, successors or assigns, shall have or acquire thereby, and shall exercise and enjoy thereafter the same rights, privileges, grants, franchises, immunities and advantages in or by said trust deed or mortgage enumerated or conveyed which belonged to and were enjoyed by the company making such trust deed or mortgage, or contracting such debt, so far as the same relate or appertain to that portion of its property mentioned or described or conveyed by said mortgage or trust deed, and no further, as fully and absolutely in all respects as the corporators, office
holders, shareholders and agents of such company might or could have done had not such sale or purchase taken place; and such purchasers, their associates, successors or assigns, may become incorporated as provided by law.

The provisions of this section shall apply to all corporations, whether incorporated heretofore, or that may be incorporated hereafter, or whether mortgages or trust deeds have been by such corporations heretofore executed and delivered or that may be so executed and delivered hereafter.

4049. (2647.) Number of Incorporators.—Any three or more persons may associate themselves and become incorporated for the transaction of any lawful business of a public or private character, including all works of internal improvement.

METHOD OF INCORPORATION.

4050. (2648.) Requisites of Proposed Charter.—The proposed charter of an intended corporation must be subscribed by three or more persons, and shall set forth:

1. The name of the corporation and the place or places of business.

2. The general nature of the business or businesses to be transacted.

3. The amount of the capital stock authorized, the number and par value of the shares into which it is divided and the terms and conditions upon which it is to be paid in.

4. The term for which it is to exist.

5. By what officers the business or businesses of the company is to be conducted, and the times at which they will be elected and the names of the officers who are to conduct the business or businesses until those elected at the first election shall be qualified.

6. The highest amount of indebtedness or liability to which the corporation can at any time subject itself.

7. The names and residences of the subscribers.

The subscribing incorporators must state the amount of stock subscribed for by each, the total amount so sub-
scribed to be not less than ten per cent of the capital stock authorized; and from and after the issuance of letters patent, each of said subscribers shall be liable as if the subscription had been made after the issuance of the letters. Each of such subscribers shall acknowledge his signature before some officer authorized to take acknowledgments of deeds.

4051. (2649.) Notice of Intention to Apply for Letters-Patent.—The proposed charter, together with notice of the intention to apply to the Governor for letters-patent thereon, shall be published at least one time in some newspaper published in the county where the place of business is to be located, which notice shall be signed with the names of at least three of the subscribers, and shall recite that upon some fixed day not less than five days after the day of such publication application shall be made to the Governor for issuance of letters-patent thereon; and the original of said proposed charter shall be upon file in the office of the Secretary of State for at least five days before presentation of same to the Governor for issuance of letters patent thereon. (As amended by Chapter 8460, Acts of 1921.)

4052. (2650.) Issue and Delivery of Letters Patent.—The proposed charter, accompanied by the proof of publication of notice shall then be produced to the Governor, who shall examine the same, and if he find it to be in proper form, and for an object authorized by law, and that due notice has been given, letters patent shall issue incorporating the subscribers, their associates and successors, into a body politic and corporate, in deed and in law, by the name chosen, for the purposes and upon the terms named in the charter. The Secretary of State shall annex to the letters patent a certified copy of the charter, retaining the original on file, and before delivering the Letters Patent, shall record them and the charter in a book kept for that purpose and shall receive from the corporation, before such delivery, in addition to such fees as are allowed by law, a charter fee graded as follows: Two dollars upon each one thousand dollars of the capital stock of such corporation: Provided, That no such charter fee shall be less than five dollars nor more than two hundred and fifty dollars; and, Provided further, That all corporations hereafter created by special act of the Legislature shall pay into the State Treasury the special char-
ter fee provided for in this section before they shall be deemed legally incorporated; and, Provided further, That no corporation shall be authorized to increase its capital stock without paying to the Secretary of State the charter fees provided by the foregoing schedule upon such increase of stock.

4053. (2651.) Letters Patent and Charter or Copies to be Evidence.—The letters patent or a certified copy thereof given by the Secretary of State under the great seal, shall be conclusive evidence of the existence of the corporation in all actions and proceedings where the question of its existence is only collaterally involved, and prima facie evidence in all other actions and proceedings. The original charter with the certificate of the recording thereof in the office of the Secretary of State endorsed thereon, or a copy from the record thereof certified by the Secretary of State, shall be evidence of the contents of the charter in all actions and proceedings.

4054. (2652.) Corporations Not to Transact Business Until Certain Requisites Complied With.—No corporation shall transact any business until it has had the letters-patent with a certified copy of the charter recorded in the office of the Clerk of the Circuit Court of the County wherein the principal place of business is located, and has also filed with the Secretary of State and with said Clerk (except in the case of building and loan associations) duplicate affidavits by its treasurer that ten per cent of its capital stock has been subscribed and paid. If any corporation shall transact any business before complying with these requirements, or if any corporation chartered by a special act of the Legislature shall transact any business before filing said duplicate affidavits and paying the charter fees required by law to the Secretary of State for the State Treasury, its officers and directors, or in the latter case its incorporators, officers and directors, shall be personally liable for all of the corporation debts as if they were members of a general partnership and not stockholders of a corporation. (As amended by Chapter 8460, Acts of 1921.)
CAPITAL STOCK.

4056. (2653.) Par Value and Payment of Subscription.
—The capital stock of all corporations shall be divided into shares of not less than ten dollars each, and all payments of stock and of interest money shall be made in lawful money of the United States unless it be stated in the charter that the capital stock or some therein designated portion of the stock shall be payable in property, labor or services at a just valuation to be fixed by the incorporators, or by the directors at a meeting called for such purpose. Property, labor or services may also be purchased or paid for with capital stock at a just valuation of such property, labor or services, to be fixed by the directors of the company at a meeting called for such purpose. Every corporation shall have power to create two or more kinds of stock of such classes, with such designations, preferences, and voting powers, or restriction or qualification thereof, as shall be stated and expressed in the charter; and the power to increase or decrease the stock, as is provided by law; but at no time shall the total amount of the preferred stock exceed two-thirds of the actual capital paid in cash or property; and such preferred stock may, if desired, be made subject to redemption at not less than par, at a fixed time and price, to be expressed in the certificate thereof, and the holders thereof shall be entitled to receive, and the corporation shall be bound to pay thereon, a fixed yearly dividend to be expressed in the certificate, not exceeding eight per centum, payable quarterly, half yearly or yearly, before any dividends shall be set apart or paid on the common stock, and such dividends may be made cumulative; and in no event shall a holder of preferred stock be personally liable for the debts of the corporation; but in case of insolvency, its debts or other liabilities shall be paid in preference to the preferred stock.

Unless its original or amended charter shall so provide, no corporation shall create preferred stock. Stockholders meetings and meetings of Board of Directors may be held in or out of the State of Florida. (As amended by Chapter 8460, Acts of 1921.)

4057. (2654.) Directors to Make Calls for Payments.—The directors may require the subscribers to the capital stock to pay the amounts by them respectively subscribed
in such manner and in such installments as may be required in the charter or by-laws. If any stockholder neglect to pay any installment, so required, the directors may in accordance with the provisions to be made in the by-laws forfeit and sell his stock, and shall apply the proceeds to the expenses of sale to the unpaid installments, returning the balance, if any, to the delinquent stockholder.

4058. (2655.) Stock to be Personal Estate.—The stock of every corporation shall be deemed personal estate.

4059. (2656.) Transfer.—Stock shall be transferrable in the manner prescribed in the by-laws, but no stock shall be transferred until all previous assessments thereon shall have been fully paid in. Every person becoming a stockholder by such transfer shall, in proportion to his stock, succeed to all the rights and liabilities of the prior holder.

4060. (2657.) Executors, Etc.; No Personal Liability for Calls.—No person holding stock as executor, administrator, guardian or trustee shall be personally liable as stockholder for any calls or installments on part paid stock, but the estate and funds in his hands shall be liable in like manner and to the same extent as the testator, intestate, ward or cestui que trust would be, if he had been living or competent to buy and hold the same stock in his own name.

4061. (2658.) Treasurer to Keep List of Stockholders.—The treasurer or cashier shall keep an accurate list of the stockholders with the number of shares owned by each, which shall at all times upon written application by any stockholder be open to his inspection, and if such officer refuse to exhibit the list, he shall forfeit fifty dollars for each offense to be deducted from his salary.

4062. (2659.) Return of Stock and Stockholders to Comptroller.—The treasurer or cashier, or in the absence of such officers, the president or directors, shall annually make a return to the State Comptroller, containing the name and residence of each stockholder with the number of shares belonging to him and the par and cash market value of such shares, and shall also state the whole amount of the capital stock and the amount actually paid in; and the real estate subject to assessment for taxes and the personal estate, and if such officers refuse or neglect
to make such return, the corporation shall forfeit the sum of not less than one hundred dollars for each offense to the use of the State, to be recovered in any action of tort.

4063. (2660.) Transfer to Avoid Taxation.—If any stockholder fraudulently transfers stock to avoid taxation, he shall forfeit to the use of the State one-half of the par value of the stock thus transferred and if he knowingly misinform the corporation in any way to impede or prevent the assessment for collection of his tax, he shall forfeit to the State a sum not less than one hundred dollars nor more than five hundred dollars, the said sums to be recovered by action of tort.

4074. (2662.) By-Laws.—The by-laws shall be taken and deemed to be the law of the corporation subordinate to its charter and the Constitution and laws of this State and of the United States. They shall be made by the stockholders at the first annual meeting or at any special meeting called for that purpose, unless the charter shall prescribe the time and place of meetings of the corporation, the powers and duties of its officers, and such other matters as may be pertinent and necessary for the business to be transacted, and may contain penalties not exceeding twenty-five dollars in amount for the breach thereof.

OFFICERS.

4075. (2663.) Officers.—Choice, Term and Number.—The business of the corporation shall be managed and conducted by a president, a board of directors, a treasurer or cashier and such other officers and agents as the corporation may authorize. The directors shall be chosen annually by the stockholders at the time fixed in the charter; they shall be stockholders qualified to vote at the election at which they are chosen. The manner of the
choice and of the choice of all other agents and officers shall be prescribed by the by-laws. One of the directors shall be chosen president by the directors or by the stockholders, as the by-laws shall direct. The stockholders may, at a meeting called for that purpose, determine, fix or change the number of directors that shall be necessary to constitute a quorum.

4076. (2664.) Vacancies.—In case of the death, removal or resignation of the president or treasurer or other officer, or of any of the directors, the remaining directors may supply the vacancy thus created until the next election.

4077. (2665.) Time of Election.—All officers who are to be elected by the stockholders shall be elected on the day appointed by the charter for that purpose, but if from any cause an election shall not be held on that day, the corporation shall not on that account be dissolved, but an election shall be called by the directors as soon as practicable thereafter, due notice of the meeting for that purpose being given according to law.

MEETINGS.

4078. (2666.) Stockholders' and Directors' Meeting; Notice.—The time, place and manner of calling stockholders' meetings (except when regulated by law or by the charter), or meetings of the directors, shall be fixed by the by-laws, but notice of stockholders' meetings shall always be published in a newspaper of the county wherein the place of business is located, for at least two weeks, once each week, before such meeting, and where a stockholder's residence is known, a notice shall also be served on him personally or mailed to his usual postoffice address at least two weeks before the meeting.

4079. (2667.) Meetings Called by Justice of the Peace.—Whenever from want of sufficient by-laws, or of officers duly authorized, or from neglect or refusal of such officers, or from any other legal impediment, a legal meeting of any corporation cannot otherwise be called, any justice of the peace in the county wherein it is desirable to hold such meeting, on a written application of stockholders holding one-third of the stock, may issue a warrant to any
of said stockholders directing him to call a meeting of the corporation by giving the usual notice.

4080. (2668.) Same—Presiding Officer.—When a meeting is called by such warrant, the person to whom the warrant is directed shall preside until a presiding officer be chosen, if there be no officer present whose duty it may be to preside.

4081. (2669.) How Meeting May Be Held When Not Legally Called.—When stockholders who hold four-fifths of the stock shall be present at a meeting, however called or notified, and shall sign a written consent thereto on the record of the meeting, the acts of such meeting shall be as valid as if legally called and notified.

4082. (2670.) Quorum.—A majority of the stock shall constitute a quorum at stockholders’ meetings.

4083. (2671.) Voting—Proxies.—In all elections of officers and in deciding all questions at stockholders’ meetings, each stockholder shall be entitled to one vote on each share of stock held by him, but no stockholder whose liability for unpaid assessments or calls is past due shall be allowed to vote. Stockholders may vote by proxy, duly authorized in writing.

RECORDS.

4084. (2672.) To Be Open for Inspection.—The secretary or other officer or agent of a corporation, who by the by-laws is made the custodian of its books, records, papers or other property, shall keep the same in his possession, and at all times during business hours have the same ready to be exhibited to any officer, director or committee appointed by the stockholders representing one-tenth of all the subscribed stock, and shall furnish them, or either of them, transcripts from the records of proceedings of the board of directors under his official hand and seal on the payment to him of the same fee as that required by law to the clerk of the circuit court for transcripts from the records of his office; and the said custodian shall on resigning his office, or otherwise vacating the same, make over all such books, records, papers, and all other property of the corporation which are in his possession to his successor in office, or where no suc-
cessor has been appointed or elected, to the Board of Directors, if any, or to the person or persons appointed by the stockholders; and such custodian on being duly subpoenaed to appear as a witness in any case on trial in any court of justice in this State shall attend and produce such books and records of the corporation as may be demanded in such subpoena, to be used on such trial.

INCREASE AND REDUCTION OF CAPITAL STOCK.

4085. (2673.) Method of Increase.—Any corporation may increase its capital stock to any amount by holding an election of the stockholders at its place of business, having published notice of the time and place and object of the meeting once a week for four weeks prior thereto, in one newspaper published in the county, and having served or mailed the usual notice for stockholders’ meetings; and if at such meeting two-thirds of all the stockholders in the corporation shall vote to increase the capital stock, it shall be the duty of the president within thirty days thereafter to make a return to the Secretary of State, under oath, of the amount of such increase, and the terms on which such additional stock is issued, and from the time the said return is filed the increase of stock shall be authorized and when issued shall become a part of the capital.

4086. (2674.) Method of Reduction.—Any corporation may reduce its capital stock, or reduce the par value of the shares thereof, within the limits allowed by law, by a two-thirds vote of the stock, in the same manner as is provided for the increase of capital stock, with the certificate of the State Comptroller endorsed upon the affidavit that, in his judgment the ability of the corporation to meet its outstanding indebtedness and liabilities will not be impaired thereby.

AMENDMENT OF CHARTER AND CHANGE OF NAME.

4087. (2675.) Method of Amending Charter.—Any corporation desiring to alter or amend its charter shall adopt the proposed alteration or amendment by a vote of three-fourths of all its stock, at a meeting held for that purpose, and called and notified as provided for meetings for
increase of capital stock. If the proposed alteration or amendment shall be so adopted, the corporation shall give four weeks' notice once each week of the intention to apply to the Governor therefor, in some newspaper published in the county wherein the principal place of business is located, setting forth the desired alteration or amendment. The corporation shall prepare a certificate, under the common seal, of the proposed alteration or amendment as adopted as aforesaid, which certificate shall be on file in the Secretary of State's office during the time of publication, and afterwards, together with the proof of publication and notice, shall be produced to the Governor, who shall examine the same, and if he find it to be in proper form, and that due notice has been given, and that the proposed alteration or amendment will be beneficial and lawful, and not injurious to the community and is in accord with the purposes of the charter, he shall approve thereof, and thereupon letters patent shall issue reciting the alteration, or amendment, and the said letters patent shall then be recorded in the Secretary of State's office and then in the office of the clerk of the circuit court where the original charter was recorded, and from the date of the recording in the Secretary of State's office, the said alteration or amendment shall be deemed and taken as a part of the charter.

4088. (2676.) Change of Name.—Any corporation desiring to change its name may so resolve at any general meeting of the stockholders, and upon filing a certificate of the resolution under the common seal, in the office of the Secretary of State, letters patent shall issue, reciting the change of name, which letters patent shall be recorded as provided in the last section. No two corporations shall bear the same corporate name.

EXECUTION.

4089. (2677.) May Issue Against Stockholders.—If any execution shall issue against the property or effects of any corporation, and there cannot be found whereon to levy, then such execution may be issued against any of the stockholders to an extent equal in amount for so much as may remain unpaid upon their subscription to capital stock and no further.
4090. (2678.) Custodian of Records to Give Sheriff Necessary Information.—The clerk or other officer having charge of the books, records and papers of any corporation, on demand of any officer holding execution against the same, shall furnish such officer with the name, places of residence and the amount of liability of every person liable as aforesaid, and if such officer refuses so to do he shall, upon complaint thereof, be liable to a fine not exceeding five hundred dollars.

Dissolution.

4091. (2679.) Dissolution on Application of Majority.—When a majority in interest of the stockholders of a corporation desire to close their concerns, they may apply by petition to the circuit court, setting forth the grounds of their application, and the court on due notice by publication for a reasonable period given to all parties interested, may hear the matter, and for a reasonable and just cause decree a dissolution of the corporation, and the corporation so dissolved shall be deemed and held extinct in all respects as if its charter had expired by its own limitation, and the settlement of the affairs of such corporation so dissolved shall be managed as prescribed in cases of voluntary dissolution in Section 4094.

4092. (2680.) Corporate Existence Continued for Purposes of Settlement.—All corporations shall continue bodies corporate for the term of three years after the time of dissolution from any cause, for the purpose of prosecuting or defending suits by or against them and enabling them to gradually settle their concerns, to dispose of and convey their property and to divide their capital stock, but for no other purpose.

4093. (2681.) Stockholders’ Liability for Debts Unpaid at Dissolution.—If any corporation dissolve leaving debts unpaid, suits may be brought against any persons who were stockholders at the time of such dissolution, without joining the corporation in such suit, for so much as may remain unpaid upon his or her subscription and no further, the collection to be made from the stock of each stockholder respectively only, and if any number of stockholders (defendants in the case) shall not have property enough in stock to satisfy his or their portion of the execution, then the amount of deficiency shall be
divided equally among all the remaining stockholders and collections made accordingly, deducting from the amount a sum in proportion to the amount remaining unpaid on the plaintiff's subscription at the time the corporation dissolved.

4094. (2682.) Proceedings on Voluntary or Other Dissolution.—Upon the voluntary dissolution of any corporation already created, or which may hereafter be created by the laws of this State, the President and directors at the time of its dissolution, shall be trustees of such corporation, with full power to settle its affairs, collect its outstanding debts, and divide the moneys and other property among the stockholders, after paying the debts due and owing by such corporation at the time of its dissolution as far as such money and property will enable them; they may sue for and recover such debts and property by the name of the trustees of such corporation, and may also be sued by the same, and such trustees shall be jointly and severally responsible to the creditors and stockholders of such corporation, to the extent of its property and effects that shall have come into their hands, but in the event of dissolution from any other cause a petition may be filed in the circuit court by any three or more creditors or stockholders of any corporation, praying that a receiver be appointed and the court, or judge thereof at chambers, shall hear and consider said petition, and for just and reasonable grounds shall grant said petition and appoint a receiver, and unless the president and directors of such corporation shall swear that the corporation is solvent and exhibit proof of the same satisfactory to the court or judge, such petition shall be granted and a receiver appointed; but no voluntary dissolution shall be made or permitted after the institution of any suit or proceeding against any corporation for an involuntary or forced dissolution.

MISCELLANEOUS.

2582. (1386.) Suits Against Corporations.—Suits against domestic corporations shall be commenced only in the county (or justice's district) where such corporation shall have or usually keep an office for the transaction of its customary business, or where the cause of action accrued, or where the property in litigation is;
and in the case of companies incorporated in other States or countries and doing business in this State suits shall be commenced in a county or justice's district wherein such company may have an agent or other representative, or where the cause of action accrued, or where the property in litigation is situated.

2822. (1618.) **Subject to Levy.** Stock in corporations shall be subject to levy and sale under execution.

**EXECUTIONS AGAINST CORPORATIONS.**

2844. (1640.) **Fi. Fa. Obtainable.** Upon any judgment against any corporation, a plaintiff may sue out a fieri facias, and the writ of fieri facias may be levied as well on the current money as on the goods and chattels, lands and tenements of said corporation.

2845. (1641.) **Equitable Executions by Appointment of Receiver.** If such writ cannot be satisfied in whole or in part for want of property of the defendant subject to levy and sale out of which to satisfy the same, upon petition of the judgment creditor, or of his agent or attorney, the circuit court sitting in chancery within whose circuit such corporation may have been doing business, or in which any of its effects are to be found, may by order sequestrate the property things in action, goods and chattels of such corporation for the purpose of enforcing such judgment and may appoint a receiver for the same, and the receiver so appointed shall be subject to the rules prescribed by law for receivers of the property of other judgment debtors. His power shall extend throughout the State.

2846. (1642.) **What Shares of Stock Subject to Levy.** Shares of stock in any corporation incorporated by the laws of this State shall be subject to levy of attachments and executions, and to sale under executions on judgments or decrees of any court in this State.

2847. (1643.) **Manner of Levy.** Attachments or executions may be levied on such shares by the sheriff, or other officer holding such process, exhibiting the same to the president, vice-president, general manager, or other chief officer, or to the officer having custody of the stock
books or transfer books of the corporation in which the attachment or judgment debtor may own shares of stock, and by informing such officer that a levy is thereby made upon such debtor's shares of stock in such corporation, and such sheriff or other officer shall endorse such levy on such proceeds.

2848. (1644.) Officer May Require Exhibit of Stock.—At the time of making such levy as aforesaid, the officer holding such process shall demand of the officer of the corporation to whom the process shall be exhibited a statement in writing of the number of shares of stock owned by such debtor in said corporation, together with the amount still due thereon. It shall be the duty of the said officer to furnish said statement at once to the said sheriff or other officer (who shall endorse the same on the said process) ; and any officer of any corporation refusing or failing to make such statement upon such demand, or making an untrue statement in response to such demand, shall be guilty of a misdemeanor, and shall, upon conviction, be fined a sum of not less than one hundred dollars or be imprisoned in the county jail not less than ten days.

2849. (1645.) Stock Owned in Corporations, How Ascertained.—If such attachment or execution creditor shall believe that the debtor owns shares of stock in said corporation at the time of the levy aforesaid, which do not appear in the answer of the officers of the corporation to the demand of the sheriff or other officer holding the process to belong to the said debtor, he may propound interrogatories to the officers of said corporation or any of them, and to the said debtor, touching the ownership of any shares of stock in said corporation by said debtor at the time of said levy; and the persons to whom such interrogatories are propounded shall be required to file their answers under oath to the same within ten days in the office of the clerk of the circuit court of said county. And if any person shall refuse to answer such interrogatories, or shall answer any of them untruly, he shall be guilty of a misdemeanor, and shall be fined not less than one hundred dollars or be imprisoned not less than ten days in the county jail. If the answers to said interrogatories shall state the ownership by the said debtor of stock in said corporation not disclosed by the answers of the officers of the said corporation made under Section 2848,
the sheriff or other officer holding the said process shall endorse thereon a description of said stock.

2850. (1646.) Creditor to Furnish Description of Stock. —If the creditor shall believe the answers of the officers of such corporation to the sheriff or other officer holding the process as aforesaid, and the answers of such officers of the corporation and the debtor to said interrogatories, to state untruly the stock owned by such debtors, he may furnish to the sheriff or other officer holding the process a description of the stock which he believes the debtor to own; and it shall be the duty of the sheriff or other officer to proceed to sell the debtor’s interest in such stock as hereinafter provided.

2851. (1647.) Effect of Levy.—From the time of the levy of said process as provided in Section 2847, all the shares owned by the said debtor in such corporation, no matter how the description of it may be thereafter ascertained, shall be bound thereby, and no transfer of the same not then entered upon the transfer book of the said corporation shall be valid and effectual as against the levy of the said process. And if any person shall antedate or procure to be antedated any entry upon the books of said corporation for the purpose of avoiding the effect of the said levy he shall be guilty of a misdemeanor, and shall, upon conviction, be fined not less than one hundred dollars or imprisoned in the county jail not less than ten days.

2852. (1648.) Sale and Manner of.—Shares of stock levied upon as hereinbefore provided shall be sold in the same manner as other property levied upon. The notice of such sale shall contain a statement of the number of shares to be sold, the corporation in which said shares are held, the amount paid in thereon, and the amount unpaid. The sheriff or other officer conducting said sale shall execute to the purchaser thereat a bill of sale of said shares, and such bill of sale shall vest in the purchaser all the title of the judgment debtor; and upon the presentation of such bill of sale to the secretary or other officer controlling the transfer books of such corporation, it shall be his duty to transfer the said stock from the judgment debtor to the purchaser.

4111. (2683.) Eminent Domain.—The president and directors of any corporation organized for the purpose
of constructing, maintaining or operating public works, or their properly authorized agents, may enter upon any lands, public or private, necessary to the business contemplated in the charter and may appropriate the same, or may take from any land most convenient to their work, any timber, stone, earth or other material which may be necessary for the construction and the keeping in repair of its works and improvements upon making due compensation according to law to private owners.

4112. (2684.) 4374. (2821.) Powers of Eminent Domain.—Any tele-
graph or telephone company now organized, or which may
hereafter be organized under the laws of this or any other
State, shall have the right to construct, maintain and
operate lines of telegraph or telephone along and upon
the right-of-way of any railroad in the State, and to that
end are hereby granted all powers for the exercise of the
right of eminent domain: Provided, The ordinary travel
or use of said railroad is not interfered with by reason
thereof; And, Provided further, That no pole shall be
erected nearer than twenty feet from the outer edge of
the track, unless by the consent of the railroad company.

4375. (2822.) Procedure to Exercise.—If any telegraph
or telephone company fails to secure the consent of any
railroad or railway company for such right and privilege,
the same may be acquired in the manner following:

Such telegraph or telephone company may file its
petition signed and sworn to by any of its officers or
solici tors, in the office of the clerk of the circuit court
of any county into or through which such railroad runs,
stating the authority under which it proceeds, the privi-
lege or easement desired, the fact that the defendant had
failed or refused to give its consent to such telegraph or
telephone company for the right and privilege sought,
that it is incorporated, and that said petitioner intends,
in good faith, to construct, maintain and operate its lines
in the manner set out in its petition: Provided, however, if the defendant railroad or railway company has a principal office or place of business in this State and any of that portion of the right-of-way sought to be condemned extends into the country wherein such principal office or place of business is located, then in such cases the condemnation proceedings herein provided for shall be had in such county where such principal office or place of business is located. No map need be filed with said petition, but it shall state about how many poles per mile will be erected on such right-of-way, and about how far from each other and from the center of the main track of said railroad, their length and size, the depth they will be planted in the ground and the amount of ground or land that will be taken or occupied by them. And that no pole shall be set at greater distance than ten feet from the outer edge of the said right-of-way. Upon filing such petition and giving bond for costs in the penalty of two hundred dollars ($200.00) payable to the defendant with surety to be approved by said clerk, it shall be his duty to enter the same upon the general docket for chancery causes, and to issue a writ of subpoena directed to the sheriff of said county, commanding him that he make known to the defendant that it be and appear in said circuit court on the second rule day thereafter to show cause why the prayer of the petitioner shall not be granted, which writ shall be served in the same manner as writs of subpoena are served, except that a copy of said petition shall at the time of serving said writ, be by the officer serving the same given the person upon whom said writ is served. Any person or corporation other than the defendant railroad or railway company made a party defendant shall, if a resident of this State, be served with process in like manner, but if alleged to be a non-resident of the State, the clerk shall within two days of issuing the writ of subpoena mail a certified copy of said writ and petition to such defendant at his place of residence as named in the petition which mode of service shall be as effectual as though the defendant had been actually served within the State, and the clerk shall file a certificate of such constructive service of record in the cause. Any defendant not appearing and answering as prescribed by the rules for courts of equity in this State, shall be bound by the proceedings and default entered against them.
4376. (2823.) Trial.—If on presentation of the petition mentioned in preceding section to the judge of said court, upon five days' notice given to the defendant, no cause is shown to the contrary, he shall cause a jury of twelve men to be empaneled to try what damages or compensation shall be made to the defendant for the right to construct, maintain and operate the proposed telegraph or telephone line upon the right-of-way of the defendant railroad or railway company in the manner proposed in said petition, irrespective of any benefits, which issue shall be tried in the same manner as other issues of fact are tried in the courts of this State at common law. The jury shall not be required to view said right-of-way, but shall make their findings from the evidence before them. The judge of said court may in his discretion try any such cause at such time as he may deem practicable and may make all necessary orders for procuring a jury. If the jury cannot agree another jury may be empaneled forthwith. The form of verdict shall be: "We, the jury, find for the defendant, and assess its damages at __________ dollars," which said verdict, judgment and decree thereon, shall be recorded in the chancery order book of said court.

4377. (2824.) Court to Enter Judgment.—The court shall upon the return of the verdict enter judgment thereon, unless good cause be shown against it, in which event, the court or judge may set it aside and order a new trial forthwith. The judgment and decree of the court shall authorize the petitioner to enter upon the right-of-way of the defendant railroad or railway company and construct its telegraph or telephone lines thereon upon the payment to the clerk of said court, subject to the order, and for the use of said defendant of the amount of damages assessed by said jury. Said judgment and decree shall provide that such telegraph or telephone line shall be constructed, as set out in the petition, and so as not to interfere with the operation of the trains of said defendant, or any telegraph or telephone line already upon such right-of-way, and furthermore, that, if at any time the railroad or railway company shall desire, for railroad purposes, the immediate use of any land occupied by said telegraph or telephone company, then the telegraph or telephone company shall upon reasonable notice in writing by such defendant, at its own expense remove its line
to some other place adjacent thereto on such right-of-way, so as not to interfere with the track or use of said railroad, or any telegraph or telephone line already on said right-of-way, and that the line of said telegraph or telephone company shall not be erected on any embankment or slope of any cut of such right-of-way; and if at any time, the said railroad or railway company shall require, for railroad purposes its entire right-of-way at any point occupied by petitioner, the said telegraph or telephone company shall, at such point, remove its line entirely off of such right-of-way.

4378. (2825.) Parties Aggrieved May Appeal.—Any party aggrieved by the final judgment and decree of the court may appeal therefrom as in chancery causes, but such appeal shall in no case operate as a supersedeas where the petitioner has paid the amount of the verdict of the jury into court, as aforesaid, so as to prevent, hinder or delay the petitioner in the construction and operation of its line.

4379. (2826.) Judge May Grant Writ of Assistance.—Whenever the judge shall be satisfied that any person or persons are preventing or obstructing the petitioner from entering upon, constructing and operating its line after it is entitled to do so, he may grant such writs of assistance as he may think necessary, or may proceed by attachment for contempt of court.

4380. (2827.) Costs.—All costs of proceedings shall be paid by the petitioner, except the costs of an appeal when taken by defendant, and on which the judgment and decree of the circuit court shall be affirmed.

4381. (2828.) Acquire Easement Only.—The telegraph or telephone company by such proceedings shall acquire only an easement in and to said railroad right-of-way, for the purpose of constructing, maintaining and operating its telegraph or telephone line thereon, and only the interest of such parties as are brought before the court shall be condemned in any such proceedings. If the easement or right-of-way claimed extends into or through more counties than one, the whole right and controversy may be heard and determined in one county into or through which such right-of-way extends.

All such fees, fines, premiums and interest shall be provided for in the by-laws, and shall be credited to earnings, out of which expenses and dividends shall be paid, and no such charges or payments shall be deemed usurious, even if in some cases exceeding the legal rate of interest, and the same may be collected by law as other debts of like amount are now collected in this State, or as provided by the by-laws.

4217. Investing Stockholders May Withdraw; Notice; Powers.— Any investing stockholder, or the legal representative of any deceased investing stockholder, whose stock is unpledged for a loan, wishing to withdraw from such association, may do so upon giving sixty days' notice in writing to the board of directors (unless his stock certificate provides for a definite time), when such withdrawing stockholder shall be entitled to receive the full amount of dues paid in upon the stock so to be withdrawn, together with all declared unpaid dividends thereon, less all fines and other shares including a pro rata share of the losses, if any, sustained during such stockholder's term of payment if the by-laws so provide: Provided, That not more than one half of the funds received by the association in any one month shall be applicable to the payment of withdrawing stockholders, unless otherwise ordered by the board of directors; and when the demands of withdrawing stockholders exceed the funds applicable to their payment, they shall be paid in the order in which their notice of withdrawal were filed with the association. ciation shall have the power to purchase mortgages upon
real estate whenever the loan does not exceed sixty per
cent of the fair value of the property mortgaged, and
also to invest in the obligations of the United States,
State of Florida, any county or municipality of the State
of Florida, as the case may be, either by outright pur-

that investments in securities other than real estate and
its own stock shall be made only when the idle funds of
the association exceed five thousand dollars. The by-laws

under the by-laws or the terms of any note, bond, mort-

loan, deducting therefrom the withdrawal value of his
stock pledged to secure such loan, as provided in the case
of withdrawals of unpledged stock, and deducting also,
in case the full amount of premium was paid in advance,
so much of the premium paid by him on his loan as shall
bear the same proportion to the whole premium by him
paid, as the unexpired term for which the loan was made
bears to the whole time for which the loan was made; and
on such payment being made, the stock held by such
person upon which his loan was made, shall be surrendered to the association and cancelled, and thereupon the association shall deliver to such borrower his note, or bond and mortgage, or other evidence of loan, and shall execute and deliver to him a full satisfaction of such mortgage.

The matured value of all the School or Juvenile Savings Shares issued by an association shall not exceed in the aggregate, at the time of issue, twenty-five per centum of the aggregate matured value of the shares in force in all other classes.

4226. Association to Set Aside Contingent Fund.—Such associations shall set aside from their gross profits
at least two per cent. thereof each year after the second as a contingent fund, out of which all losses shall be paid, until the total amount of such fund shall equal five per cent. of the assets of such association, which shall in no case exceed ten per cent. of such assets, and may be loaned on good security: Provided, that no association shall be required to reduce its dividends below six per cent. per annum for that purpose.

year, and such other information concerning the business of such associations as he may deem advisable.
