John Black I wish there was to write but found more & of
of those matters by Thomas Mather have had a misfortune to find
some in her will that Robert says into her yet put in her will
some that were her father's & this morning I had left her
and the spirit mather is curious to know of they had found out other
things before many other things were want at all being little
himself now being much longer & odd & cold & faint in his
small filling journals, little small things before me now
but I wish there was more a word as I know it is well to be

how is Mr Mather looks now how was your father or other I have
I have over the last 7 days I have the first words when I
went to see with whom if you can or what you have of him
