Open Access Week, a global event now entering its eighth year. "Open Access" to information – the free, immediate, online access to the results of scholarly research, and the right to use and re-use those results as you need – has the power to transform the way research and scientific inquiry are conducted.

You are invited to take advantage of a free event to discuss the possibilities open access publishing affords authors across a variety of disciplines. Sessions focusing on Open Access publishing perspectives!

Monday, October 20th from 9am to 3:30pm in Teaching Academy room 117
