Mission Statement and UCF Creed

Mission Statement

The University of Central Florida is a public multi-campus, metropolitan research university, dedicated to serving its surrounding communities with their diverse and expanding populations, technological corridors, and international partners. The mission of the university is to offer high-quality undergraduate and graduate education, student development, and continuing education; to conduct research and creative activities; and to provide services that enhance the intellectual, cultural, environmental, and economic development of the metropolitan region, address national and international issues in key areas, establish UCF as a major presence, and contribute to the global community.

The UCF Creed

Integrity, scholarship, community, creativity, and excellence are the core values that guide our conduct, performance, and decisions. These values comprise the guiding principles that direct the actions of the University, its students and its employees.

Integrity

I will practice and defend academic and personal honesty.

Scholarship

I will cherish and honor learning as a fundamental purpose of my membership in the UCF community.

Community

I will promote an open and supportive campus environment by respecting the rights and contributions of every individual.

Creativity

I will use my talents to enrich the human experience.

Excellence

I will strive toward the highest standards of performance in any endeavor I undertake.
President's Message

Office of the President
P.O. Box 160002
Orlando, FL 32816-0002

Welcome to the University of Central Florida!

This is an exciting time for Knight Nation, and we are so glad you've chosen to be a part of it. UCF is an institution on the rise — increasingly becoming known for excellence in our classrooms, laboratories and studios, and on the field and court.

This success means more opportunities for our students while you're here and after you graduate. We hope you take advantage of the university's many offerings to help you make the most of your time at UCF and to help prepare you for meaningful careers where you can make a difference.

As one of the most innovative universities in the country, we take a different approach to teaching and learning. We look to increase accessibility, offer more options and have a greater impact — this includes studying how and where you learn best, so we can meet you there and help you excel.

These opportunities include more than 200 high-quality degree programs with courses in a variety of modalities to accommodate your schedule and preference. Plus, undergraduate research, experiential and service learning, and 500+ registered student organizations to help you discover your passion and find your perfect fit.

We're here for you every step of the way, with multiple resources on campus to help you along your path. We all wish you the best for an enjoyable and successful college career.

Go Knights! Charge On!

Undergraduate Academic Policy Statement

The University of Central Florida may change any of the announcements, information, policies, rules, regulations, or procedures set forth in the Undergraduate Advising Guide and the Undergraduate Catalog. The Undergraduate Catalog is published online once a year and cannot always reflect new and modified regulations. Statements in the Undergraduate Advising Guide and the Undergraduate Catalog may not be regarded in the nature of binding obligations on the institution or the State of Florida. While every effort will be made to accommodate the curricular needs of students, limited resources may prevent the University from offering all required courses in each semester or in day and evening sections.

Students will be held accountable for the requirements, policies, and procedures described in the Undergraduate Advising Guide and the Undergraduate Catalog. Additional information or clarification of any policy or procedure may be obtained from the specified office.

Non-Discrimination Policy

The University of Central Florida does not unlawfully discriminate in any of its education or employment programs and activities on the basis of an individual's race, color, ethnicity, national origin, religion (or non-religion), age, genetic information, sex (including pregnancy and parental status), gender identity or expression, sexual orientation, marital status, physical or mental disability (including learning and intellectual disabilities), political affiliations, prior conviction of a crime, protected veteran's status or membership in any other protected classes as set forth in state or federal law. The University prohibits discrimination based on these protected classes, which includes the prohibition of discriminatory harassment, sexual assault, sexual exploitation, relationship violence, stalking, sexual or gender-based harassment, and retaliation against a person for the good faith reporting of any of these forms of conduct or participation in or party to any investigation or proceeding related to a report of these forms of conduct.

Discriminatory harassment consists of verbal, physical, electronic or other conduct based upon an individual's protected class as set forth above that interferes with that individual's educational or employment opportunities, participation in a University program or activity, or receipt of legitimately-requested services under either Hostile Environment Harassment or Quid Pro Quo Harassment. Hostile Environment Harassment is discriminatory harassment that is so severe, persistent or pervasive that it unreasonably interferes with, limits, deprives, or alters the conditions of education (e.g., admission, academic standing, grades, assignment); employment (e.g., hiring, advancement, assignment); or participation in a University program or activity (e.g., campus housing), when viewed from both a subjective and objective perspective. Quid Pro Quo Harassment is discriminatory harassment where submission to or rejection of unwelcome conduct is used, explicitly or implicitly, as the basis for decisions affecting an individual's education; employment; or participation in a University program or activity.

Sexual harassment is any unwelcome sexual advance, request for sexual favors, or other unwanted conduct of a sexual nature, whether verbal, non-verbal, graphic, physical, or otherwise, when the conditions for Hostile Environment Harassment or Qid Pro Quo Harassment are present. Gender-based harassment includes harassment based on gender, sexual orientation, gender identity, or gender expression, which may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve conduct of a sexual nature, when the conditions for Hostile Environment Harassment or Qid Pro Quo Harassment are present. Sexual assault consists of sexual contact and/or sexual intercourse that occurs without consent. Sexual exploitation is purposely or knowingly doing or attempting to do any of the following: recording or photographing private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent; disseminating or posting images of private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent; allowing third parties to observe private sexual activity from a hidden location (e.g., closet) or through electronic means (e.g., Skype or livestreaming of images); subjecting another person to human trafficking; or exposing another person to a sexually transmitted infection or virus without the other's knowledge. Relationship violence includes any act of violence or threatened act of violence that occurs between individuals who are involved or have been involved in a sexual, dating, spousal, domestic, or other intimate relationship. Stalking occurs when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person
to fear for the person's safety or the safety of others, or to experience substantial emotional distress.

A student or employee determined by the University to have committed an act of discrimination as described above is subject to disciplinary action, up to and including permanent separation from the University. Third Parties who commit these acts may have their relationships with the University terminated and/or their privileges of being on University premises withdrawn.

Most University faculty and staff (including professors, lecturers, instructors, academic advisors, trainers coaches, and resident assistants) are not confidential employees and are required to immediately report to the University's Title IX Coordinator all relevant details (obtained directly or indirectly) about an incident of sexual assault, relationship violence and/or stalking that involves any student. Confidential employees (including Health Services employees, Counseling and Mental Health Services employees, Ombuds Office employees, Student Legal Services employees and Victim Services employees) are not required to make these reports and will not disclose information without the permission of the student (subject to limited exceptions). More information about UCF's resources and reporting options for individuals who have experienced sexual harassment (including sexual violence) and related policies can be found at https://letsbeclear.ucf.edu/.

Employees, students, contractors, vendors, visitors, guests or third parties may obtain further information on this policy, including grievance procedures, from the Office of Institutional Equity (OIE). Nancy Myers (OIE Director) is responsible for the University's response to all forms of discrimination based on a protected class, including the University's response to reports of sex discrimination. For more information about OIE, please visit OIE's website at http://www.oie.ucf.edu/ or call 407-UCF-1EEO.

**Drug-Free Workplace/Drug-Free Schools Policy Statement**

Standards of conduct and disciplinary sanctions will be imposed for the unlawful possession, misuse or distribution of illicit drugs and alcohol by UCF students and employees on UCF property or as part of any of its activities. The unlawful manufacture, distribution, dispensation, possession or misuse of a controlled substance, prescription medication or the unlawful possession and use of alcohol is harmful and prohibited in and on UCF owned and controlled property or as part of any of its activities. Any UCF employee or student determined to have violated this policy shall be subject to disciplinary action for misconduct, which may include termination/expulsion and referral for prosecution. No employee/student is to report to work/class or attend any University activity while under the influence of illegal drugs or alcohol. Violation of these policies by an employee/student will be reason for evaluation/treatment for drug/alcohol disorder and/or for disciplinary action up to and including termination/expulsion and/or referral for prosecution consistent with local, state and federal law.

**Campus Alcoholic Beverages Policy**

The sale, service, distribution, possession and consumption of alcoholic beverages shall comply with state and federal laws, city and county ordinances, and the licensing agreement with on-campus retailers which allows for the sale and service of alcoholic beverages. In addition the University has formulated the following policies governing the sale, service, distribution, possession and consumption of alcoholic beverages on campus. Refer to University of Central Florida Policy "Alcoholic Beverages on Campus" 3-115.1 and University of Central Florida Regulation "UCF-4.035 Alcoholic Beverages on Campus" for further information.

**Guidelines**

The sale, service, and distribution of alcoholic beverages to persons younger than 21 years of age is prohibited. Possession or consumption of alcoholic beverages is prohibited by persons younger than 21 years of age.

Possession and consumption of alcoholic beverages in open or unsealed containers is prohibited except in designated areas or as approved with special events.

Individuals are responsible for their actions regardless of their mental or physical state as it may be affected by mind-altering chemicals such as alcohol and other drugs.

Student organizations may develop more stringent regulations regarding alcohol use.

**Locations**

The sale of alcoholic beverages to individuals of legal age will be permitted in licensed areas by licensed on-campus retailers.
The sale or service of alcoholic beverages to individuals of legal age will be permitted at other select campus locations for catered functions by properly authorized retailers.

The possession or consumption of alcohol by individuals of legal age may be permitted in private residential rooms in the residence halls and other on-campus or affiliated housing unless otherwise prohibited by the governing organization. Consumption of alcoholic beverages in public or common areas within on-campus residential units shall follow guidelines provided by their governing organization, and local, state and federal law.

**Approval Procedures: Student Groups**

Prior approval for students or student organizations to host an event where alcoholic beverages are present in non-licensed campus locations must be obtained from the Director of Student Leadership Programs.

The following information must be supplied by the student organization and approved by the appropriate university officials, no less than 15 calendar days prior to the event(s). These arrangements include but are not limited to: sponsoring organization and nature of event; date, beginning and ending times, and location of event; number in attendance and method of registering guests; method of designation of those who are 21 years or older and those who are under 21 years of age; contained area where alcohol consumption is permitted; type of alcohol along with food and alternative non-alcoholic beverages to be provided; method of security including number of campus police officers; person to be contacted at event in case of questions or problems.

**Approval Procedures: Non-Student Groups**

Alcoholic beverages may be sold and/or served by an approved third party vendor. All third party vendors who sell and/or serve alcoholic beverages must be licensed by the State of Florida as an alcoholic beverage retailer. Groups or organizations who seek to sell beer or wine along with a non-alcoholic choice at other locations on campus must obtain approval to secure a beer or wine license from the Director of Business Services prior to making application for the license. With approval from the Director of Business Services, the group must apply to the Alcoholic Beverages and Tobacco Division of the Department of Business Regulations of the State of Florida for a temporary permit for the sale of alcoholic beverages, for consumption on premises only, and for a period not to exceed 3 days per event. Off-campus groups or organizations who seek to serve alcoholic beverages in a location and situation which does not require a license must obtain prior approval to serve alcohol on campus from the Director of Business Services.

**Academic Behavior Standards**

The University of Central Florida is committed to a policy of honesty in academic affairs. Conduct that comprises a breach of this policy may result in academic action, disciplinary action, and/or program action. Academic action affects student assignments, examinations or grades. Disciplinary action may affect student enrollment status. Program action may affect the student's status in a specific program of study. Academic Misconduct includes but is not limited to cheating, plagiarism, misuse of sources, assisting another in cheating or plagiarism, and commercial use of academic materials. The violations of student academic behavior standards on the undergraduate and graduate level are listed and defined in the Rules of Conduct in The Golden Rule Student Handbook.

**Note:** A student who has assisted another in any of the aforementioned breach of standards shall be considered equally culpable. In cases of cheating or plagiarism, the instructor may document the incident and choose to take appropriate academic action ranging from loss of credit for a specific assignment, examination, or project to removal from the course with a grade of "F." Additionally, disciplinary action may be taken through the Office of Student Conduct, which may result in punitive and education sanctions, as outlined in The Golden Rule Student Handbook. Students found in violation more than one reported Academic Misconduct violation or suspended for a reported violation, the student will receive a Z designation that would be included with the earned grade on transcripts, designating that academic misconduct occurred. Information regarding the Z designation, its application or removal from a transcript can be found in The Golden Rule Student Handbook.

**Student Use of Technology**

The University of Central Florida expects all students to have ready access to a personal computer and software appropriate to his or her field of study. Students can meet this expectation by purchasing or leasing a computer, sharing a computer with family or roommates, or using a UCF computer lab.
All UCF students should expect to use a personal computer in many University activities, including coursework, accessing library information, registering for classes, emailing correspondence to instructors or fellow students, or taking online classes. In addition, many UCF courses require the use of the Internet.

The University of Central Florida has developed one of the nation's most advanced campus technology environments, and all UCF students are provided free Knights Email accounts and Internet access.

Students wishing to acquire a personal computer are strongly advised to consider a laptop. Laptop and PC recommended configurations can be found at https://cstore.ucf.edu/product-category/shop-by-major/.

**Undeclared Policy**

All students at the University of Central Florida are expected to officially declare a major prior to earning 45 college credit hours (including credits earned from CLEP, Dual Enrollment, AP, and/or IB). An administrative hold to prevent future university registration will be placed on the records of all students who have not declared a major. Students must meet with an academic advisor (within Student Development and Enrollment Services, the Colleges, or Regional Campuses) to have the hold released.

**Student Responsibility for University Communication**

UCF uses email as the official means of notifying students of important information concerning registration, deadlines, financial assistance, scholarships, student accounts (including tuition and fees), academic progress and problems, and many other critical items. The university sends all business-related and academic messages to a student's Knights Email address to ensure that there is one repository for that information. Every student must register for, and maintain, a Knights Email account at http://www.knightsemail.ucf.edu and check it regularly to avoid missing important information from the university.

Any difficulty with establishing an account or with accessing an established account can be resolved through the UCF Service Desk (itsupport@ucf.edu or 407-823-5117). Communication with students via electronic mail is covered by UCF Policy 4-010.1.

Additionally, each student must have an up-to-date emergency email address and cell phone number by which they can be reached in case of a campus emergency. This emergency contact information will be used only for emergency communication purposes. Also, both permanent and local mailing addresses must be on record, so that any physical documents that must be mailed can be delivered.

It is critical that students maintain and regularly check their Knights Email account for official announcements and notifications. Communications sent to the Knights Email address on record will be deemed adequate notice for all university communications, including issues related to academics, finances, registration, parking, and other matters. The University does not accept responsibility if official communication fails to reach a student who has not registered for, or maintained and checked their Knights Email account on a regular basis. Please ensure that this information is current and that any changes in contact information are made online through the myUCF portal at https://my.ucf.edu/.

**Complaint Policy**

The University of Central Florida supports the right of students to file grievances, lodge complaints, and make appeals in a safe environment free of fear, retaliation, or other adverse consequence. The University has a number of offices and committees that are responsible for implementing the institution's established procedures for addressing written academic and non-academic student complaints.

In most cases, the recommended strategy for complaints of any nature is to ask the concerned individual to first contact the person or office most directly connected to the issue, unless there are compelling reasons not to do so. If the concerned individual does not want to contact a faculty or staff member directly, he or she begins with the next highest level of authority, which typically is the department chair or director. If the problem or complaint is unresolved or the individual is not satisfied with the resolution, he or she may file a written grievance or appeal in most cases. Procedures are outlined in UCF's Student Complaints and Appeals website and included in specific sections of the Catalog and The Golden Rule.

**Accreditation**

The University of Central Florida, a member institution of Florida's State University System, was formerly named Florida Technological University. The name was changed by action of the Florida Legislature on December 6, 1978.
The University of Central Florida is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award degrees at the associate, baccalaureate, master's, specialist, and doctoral levels. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of the University of Central Florida.

Please note the commission's expectation that contact occur only if there is evidence to support significant non-compliance with a requirement or standard. For other information about UCF's SACSCOC accreditation, please contact the university's SACSCOC liaison in UCF's Office of Academic Affairs.

UCF is listed in *Transfer Credit Practices on Designated Educational Institutions* with the highest level of credit acceptability. This handbook is published by the American Association of Collegiate Registrars and Admission Officers and lists the acceptability of transfer credits based upon the reporting institutions in the states, commonwealths, territories, and selected international institutions.
University Campuses and Resources

The University

407-823-2000
http://www.ucf.edu

The University of Central Florida is one of the nation's largest universities with more than 68,000 students and is located in one of the most dynamic communities in the nation—the Orlando metroplex. UCF's 1,415-acre main campus has about 600 acres set aside for lakes, woods and an arboretum.

With 13 colleges offering more than 220 degree programs, UCF is an academic and research leader in many fields, including optics and photonics, modeling and simulation, engineering, computer science, business administration, education, life sciences, hospitality management, digital media and others. The College of Medicine, which graduated its first M.D. students in 2013, is the centerpiece of a medical city at Lake Nona bustling with future doctors learning about the latest advances in health care, patients receiving high-quality care, and scientists seeking cures for cancer and other diseases.

Students attend classes on UCF's main campus in east Orlando and 15 satellite facilities throughout Central Florida.

Outstanding Students: UCF attracts many of the nation's best and brightest students. The fall freshman class for the 2018-19 academic year posted an average SAT score of 1328—compared to the national average score of 1060—and a high school GPA of 4.12. UCF enrolled a school-record 324 National Merit Scholars in Fall 2018. We confer more than 15,000 degrees annually, leading all other universities in Florida. Minority enrollment has reached an all-time high of 47.2 percent, and one of four of UCF students is the first in their family to attend college.

Attractive Amenities: The 45,000-seat Spectrum Stadium and the 10,000-seat Addition Financial Arena opened in 2007 on the north side of UCF's campus. Nearby, Knights Plaza includes residence halls and various restaurants and retail shops that cater to students, employees and area residents.

UCF's Recreation and Wellness Center features a three-story climbing tower, an indoor track and fitness equipment. The Student Union offers computer labs, study lounges, ballrooms and meeting rooms, popular eating establishments and a shopping mall. A state-of-the-art health center supports a full-service clinic with on-site professionals, X-ray capabilities, pharmacy, dental clinic, medical laboratory and physical-therapy services.

The Career Services and Experiential Learning building features private interview rooms, including a boardroom-style suite where cameras can record students' practice interviews.

At Technology Commons, students can test and purchase the latest computer products and produce podcasts and video presentations. A performing arts center provides music and theatre students with high-tech classrooms and rehearsal spaces.

National University to Watch: The new UCF Downtown campus in conjunction with Valencia College will open in Fall 2019. This innovative campus will bring 7,700 students downtown for learning and internship opportunities that will be unique among state universities in Florida. UCF ranks among the nation's 10 most innovative universities, according to U.S. News & World Report, with 27 programs among the top 100 in their fields nationally. The Bill and Melinda Gates Foundation cites UCF as an example of what the future of higher education should look like. In 2018, Bill Gates wrote that the university is succeeding by "reducing costs, boosting its graduate rate and expanding access for low-income and first-generation students." The Carnegie Foundation classifies UCF as a "highest research activity" institution, which is the foundation's top ranking.

UCF Online and Online Courses

855-903-8576
https://www.ucf.edu/online

UCF offers dozens of undergraduate majors, minors and certificates that can be completed entirely with online courses. These programs listed at https://www.ucf.edu/online/majors/ are available to all students, and UCF Online provides an option for students who are interested in taking online courses exclusively. Newly admitted students who choose this option may not enroll in classes with scheduled face-to-face meetings. This includes classes coded P (face-to-face instruction), RA (active learning reduced seat time), and M (Mixed mode/reduced seat time).
Students enrolled as a UCF Online student are exempt from some campus-based fees and are restricted from the corresponding campus-based services such as the Recreation and Wellness Center and Student Health Services. UCF Online students do have access to all academic and support services such as financial aid, advising, library services, and career services. UCF Online students also have the support of a dedicated staff of success coaches specifically trained and enabled to meet the needs of students without regular access to UCF’s physical campuses. See https://www.ucf.edu/online/ for more information.

The University of Central Florida has been approved by Florida to participate in National Council for State Authorization Reciprocity Agreements. The reciprocity agreements allow for the open delivery of academic credit-earning activities in participating states, including academic field experiences such as internships or practicums. More information is available at http://registrar.ucf.edu/restrictions.

### Online Courses

UCF offers hundreds of online courses to all students every semester. The online course materials and methods have been developed by UCF faculty members to maximize the learner's achievement of course and program objectives and to provide students with convenient and flexible learning opportunities.

Support for all students in online courses is available at https://cdl.ucf.edu/support/student/. Online courses are identified in the Class Schedule Search available at http://my.ucf.edu/. In the Additional Search Criteria section, use the drop-down list next to Mode of Instruction to search for the values described below.

Online instruction modes are:

**WORLD WIDE WEB (W):** These are courses conducted via web-based instruction and collaboration. Some courses may require minimal campus attendance or in-person/proctored examinations.

**VIDEO STREAMING (V):** These are courses delivered over the web via streaming digital video which may be supplemented by additional web activity, projects or exams.

**VIDEO STREAMING/REDUCED SEAT TIME (RV):** In these courses, classroom-based content is available over the web via streaming video and classroom attendance is not required. Other required activities that substitute for video instruction may include any of the following elements: web activity, in-person or proctored examinations, and labs. See course notes for details. Note: Some classroom attendance is required for international students in F-1 or J-1 status.

**MIXED-MODE/REDUCED SEAT TIME (M):** These courses include both required classroom attendance and online instruction. Classes have substantial activity conducted over the web, which substitutes for some classroom meetings.

**ACTIVE LEARNING REDUCED SEAT TIME (RA):** These courses utilize web-based learning technologies as the primary instructional medium within a blended course combining required face-to-face and online elements. Classes have substantial activity conducted online, and classroom activities are limited to no more than 20 percent of the instructional time over the course of the semester.

Personalized Adaptive Learning (PAL) is a class attribute that may apply to any type of course (e.g. P, W, M, RA). Class attributes are displayed in the course description returned by the class search tool in my.ucf.edu. In a PAL course, a portion of the overall online content is delivered via an adaptive learning system that customizes objective-driven content and assessments to create a personalized learning path for each student according to their knowledge, skills, and learning needs.

### UCF Mobile App

https://ucfmobile.ucf.edu

Access UCF information and services anytime, anywhere by using your iOS and Android smartphone or tablet with the free UCF Mobile app. Quickly access popular features of myUCF, connect to online courses through the Canvas Student app, check Knights Email, check your Knight Cash balance, catch a ride on campus shuttles, or find parking. Use the app to stay informed with the latest in UCF News, events on campus, UCF athletics updates, and emergency information. Find your way around campus with the more than 800 points of interest on the campus map, information about student and wellness services, dining information and menus, and available technology resources. UCF Mobile is also the mobile companion to many campus and community events such as Orientation, Pegasus Palooza, Homecoming, Knight-Thon and more. Stay in the know with push notifications about campus events, news, and emergencies, or subscribe to one of the many opt-in channels to get the information that's most important to you.

Registered UCF student organizations who have interest in participating in the UCF Mobile app are invited to visit
UCF's Mobile Strategy website at https://digitallearning.ucf.edu/msi/ or contact the program director at ucfmobile@ucf.edu.

UCF Connect

https://www.connect.ucf.edu

UCF Connect is a partnership-driven unit designed to strategically extend UCF's reach to communities in and beyond Central Florida, that provides access to quality continuing and higher education for students who, because of time, distance, preference, or life circumstance, might not otherwise have the opportunity to pursue educational opportunities.

The Central Florida Higher Education Consortium, branded as DirectConnect to UCF, is a unique partnership between UCF and College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, Seminole State College, and Valencia College. This agreement provides entry for A.A. and A.S. graduates to UCF as an enhancement to the Florida state-mandated 2 + 2 agreement. Students entering UCF as a DirectConnect to UCF student are admitted according to the UCF policies when A.A. or A.S. degrees are awarded. UCF Success Coaches are available on each of the DirectConnect to UCF campuses.

UCF Connect offers an opportunity to complete a number of programs through the UCF Connect Centers. Strategically located within an 80-mile radius of the UCF Orlando campus, the UCF Connect Centers partner with the six DirectConnect to UCF state colleges, fostering seamless and convenient advancement from completion of an A.A. or A.S. degree to upper-level division work on a baccalaureate degree. With close proximity to Orlando, resources are available at UCF and the UCF Connect Centers, such as admissions, registration, financial aid, advising, student clubs and organizations, accessibility services, veteran's affairs, "smart classrooms," libraries, computer labs, and more. Accessible academic programs vary by location. For the most current information on any of the UCF Connect Centers, check the website at https://www.connect.ucf.edu/.

For online programs visit http://www.ucf.edu/online/.

- Public Administration (B.A./B.S.)

Central Florida Research Park

The Central Florida Research Park, adjacent to the main UCF campus, is a University-related research park established as a result of legislation passed by the Florida Legislature in 1978. The Research Park is a cooperative effort between UCF, the Orange County Research and Development Authority, and the Orange County Board of County Commissioners (which appoints the members of the Authority). The governing body of the Research Park is the Orange County Research and Development Authority.

The objectives of the Central Florida Research Park are in keeping with the legislative action that enabled its creation "to encourage and promote the establishment of research and development activity combining the resources of institutions of higher learning, private sector enterprise involved in pure or applied research, and state or federal governmental agency research."

The ultimate goal of University-related research parks is to establish an academic/industrial community. The University and officials of the Central Florida Research Park believe that the potential for the establishment of close ties between the University and industry will create an environment conducive to the location of research-oriented industry in the Research Park. This activity will enrich and support the academic, teaching, and research programs of the University. The University, in turn, can provide the necessary expertise and human resources to enhance the research and development activities required and planned by Research Park residents.

Endowed Chairs

Endowed chairs are established under the Florida Major Gifts Trust Fund, which provides $420,000 in state funds to match $600,000 in contributions from private sources within a five-year period.

Phillips-Schenck Chair in American Private Enterprise: Created in 1980 as the focal point for a continual dialog on major economic issues, comparative economic systems, and economic decision-making in business. Chair: James Combs.

Charles N. Millican Chair in Computer Science: Created in 1983 and dedicated to probing the frontiers of computer science, with emphasis on the direction that the discipline will take over the next decade. Chair: Kenneth Stanley.

William S. and Alice M. Jenkins Chair in Community Arts: Created in 1986 to enable UCF to design and oversee programs covering art administration, art therapy, and art education within the Central Florida community. Chair: Kevin Haran.

Carl H. Galloway Chair for Excellence in Business: Created in 1986 to honor Carl Galloway, a pioneer in telecommunications. The purpose is to enhance scholarly activity in teaching and research in the College of Business Administration. Chair: Pradeep Bhardwaj.

The Cobb Family Eminent Chair in Optical Sciences and Engineering: Created in 1988 to support the work of an internationally recognized scholar in laser and optical sciences. Chair: Demetrios Christodoulides.

Darden Eminent Scholar Chair in Restaurant Management: Created in 1990 to develop a program of excellence in restaurant management. This chair, the first of
its kind in the country, also serves as a critical resource for the hospitality industry. Chair: TBA.

**SunTrust, N.A. Eminent Chair in Banking for Teaching Excellence**: Created in 1989 to attract a nationally or internationally prominent expert in banking with a strong commitment to undergraduate, graduate, and executive development. Chair: Ajai Singh.

**Al and Nancy Burnett Eminent Scholar Chair in Accounting**: Created in 1989 to support an exceptional faculty member in the School of Accounting. Chair: Robin W. Roberts.

**Bert Fish Memorial Eminent Scholar Chair**: Created in 1990, the first chair to be established at the Daytona Campus, to improve nursing education and ease the shortage of nurses. Chair: Angeline A. Bushy.

**Lockheed Martin Academy in Math and Science Education**: Created in 1992 to stress content enhancement and problem-solving approaches in the teaching of science and mathematics. Chair: Lisa A. Dieker.

**CFHLA Eminent Scholar Chair in Hotel Management**: Created in 2002 to support the teaching and research of an internationally recognized scholar in hotel management. Chair: TBA.

**Linda Chapin Eminent Scholar Chair in Tourism Management**: Created in 2002 to support the teaching and research of an internationally recognized scholar in tourism management. Chair: Abraham Pizam.

**Agere Systems, Inc. Eminent Scholar Chair of Computer Science**: Created in 2005 in recognition of the university's leadership in the Florida High Tech Corridor and the FHTC Council's objective of attracting, retaining, and growing tech-based industry in our region and in the preparation of the workforce needed for our region. Chair: Mubarak A. Shah.

**Chatlos Foundation Endowed Chair in Nursing**: Created in 1996 to support a key faculty member of distinguished reputation who will engage in teaching, research, and scholarly activities relating to nursing. Chair: TBA.

**Kenneth G. Dixon Eminent Scholar Endowed Chair in Accounting**: Created in 2004 as a key component of the Dixon School of Accounting. Chair: TBA.

**Howard Phillips Eminent Scholar Chair in Real Estate**: Created in 2005, as a key component of the Dr. P. Philips School of Real Estate. Chair: David Harrison.

**21st Century Scholar Chair**: Created in 2006 to strengthen and support teaching and research in the field of lasers and medicine at the College of Optics and Photonics. Chair: Konstantin L. Vodopyanov.

**Florida 21st Century Chair**: Created in 2007 to strengthen and support teaching and research in the fields of control and signal processing in the College of Engineering and Computer Science. Chair: Marwan A. Simaan.

**Dr. Neil Euliano Chair in Italian Studies**: Created in 2005. This is the first Chair in Italian Studies in the State of Florida and is designed to support the teaching and research of an internationally recognized scholar of Italian and Italian American Culture. Chair: Chiara Mazzucchelli.

**NAIOP Eminent Scholar Chair in Real Estate**: Created in 2005 as a key component of the Dr. P. Philips School of Real Estate. Chair: Geoffrey K. Turnbull.
Lester N. Mandell Eminent Scholar Endowed Chair: Created in 2004 to assist in the development of an Ethics Center. Chair: TBA.

Karl H. Guenther Endowed Chair in Thin Film Optics: Created in 1998 to support the School of Optics Education in Thin Film Optics. Chair: TBA.

Jalal Talabany Endowed Chair in Kurdish Political Studies: Created in 2007 to strengthen and support teaching and research in Kurdish Political Studies. Chair: Güneş Murat Tezcür.

Florida Photonics Center of Excellence Endowed Chair in Biophotonics: Created in 2003 to strengthen and support teaching and research in the field of biophotonics at the College of Optics and Photonics. Chair: TBA.

Florida Hospital Endowed Chair in Cardiovascular Science: Created in 2011 to build collaborative research programs with Florida Hospital and other Central Florida scientists while providing leadership to the research enterprise in the Burnett School of Biomedical Sciences, College of Medicine. Chair: Sampath Parthasarathy.

Hugh F. and Jeannette G. McKeen Endowed Chair in Nursing: Created in 2011 to strengthen and support the preparation of nurse educators. Chair: Joellen Edwards.

Florida Hospital Endowed Chair in Healthcare Simulation: Created in 2011 to support a leading expert in simulation to advance simulation in nursing and healthcare disciplines. Chair: Gregory Welch.

Paul N. Somerville Endowed Chair for Statistics: Created in 2012 to strengthen and support teaching and research in the field of statistics with an emphasis on the area of Big Data. Chair: TBA.

Orlando Health Endowed Chair in Nursing: Created in 2009 to support three areas: a leading expert in teaching and research, an annual symposium related to excellence in nursing and student scholarships. Chair: Mary Lou Sole.

Robert N. Heintzelman Eminent Scholar Chair: Created in 2002 to conduct research into the determination of the basic cause of greed in humanity and to determine the appropriate manner and methods of eliminating the cause of greed and fostering altruism. Chair: Glenn Lambie

AI Ghazali Endowed Professorship in Islamic Studies: Fully endowed in 2017 to support an internationally recognized scholar of distinguished reputation who will engage in teaching, research, and academic activities relating to Islamic Studies. The distinguished professor will continue the development of a program of excellence in Islamic Studies. Chair: Cyrus Zargar.

University Ombuds Office

Ombuds Officer: Shreya Trivedi
MH 247; 407-823-6440
http://ombuds.ucf.edu/

The Ombuds Office is an informal, impartial, independent and confidential resource for all members of the University community. It is not an office of notice of wrongdoing and cannot participate in any formal grievance or appeal process. The office provides assistance and guidance regarding concerns related to the University. These services are available to every member of the University community: students, staff, faculty, and others. Any type of concern may be brought to the attention of this office: academic, financial, housing, consumer, work-related, or personal. The University Ombuds Officer, as a neutral facilitator, will listen to concerns and assist visitors by developing a range of options in an informal attempt to achieve resolution. Referral and direction to appropriate individuals and offices and clarification of University policies and procedures are services provided by the office. All proceedings in individual cases will be held confidential by the Ombuds Office unless otherwise authorized by the complainant, or otherwise required by applicable law, including without limitation, Chapter 119, Florida Statutes. The University Ombuds Office is located in Millican Hall, Suite 243, room 247. Appointments may be made by calling 407-823-6440.

UCF Public Safety and Police

Chief of Police: Carl Metzger
3610 Libra Drive, Orlando, FL 32816
Building #150
407-823-5555 or 911 for emergencies
http://www.police.ucf.edu/

The UCF Police Department (UCFPD) has a big job in keeping the campus safe.

Established in 1973, UCFPD currently employs more than 80 sworn law enforcement officers who provide police services on the main and regional campuses, as well as at several university-affiliated housing communities.

Officers patrol the UCF campus 24/7, and the department's communications center is also available around the clock via the non-emergency line, 407-823-5555, or by dialing 911 in an emergency. Blue light emergency phones are also
located throughout UCF’s campuses and will connect directly to UCFPD dispatch when the button is pressed.

The mission of the department is to reduce crime and the fear of crime by providing a safe environment for students, faculty, staff, and visitors through the application of community policing.

UCFPD is an accredited, full-service police department with several specialty units, including K-9s, Investigations, and Community Partnerships.

Crime is a reality everywhere, including UCF. The police department has seven victim advocates on staff along with a "soft" interview room, where victims of crime speak with detectives and advocates after an incident. In addition to this room, UCFPD's therapy dog, Paisley, is used to make victims feel more comfortable speaking with officers and advocates after they have experienced a traumatic crime.

Victim Services provides free, comprehensive victim advocacy services to students, faculty, staff, and visitors who have been impacted by crime, violence or abuse. The office offers support, crisis intervention, options, information, referrals, practical assistance, and educational programs. The office and its certified victim advocates can be reached by phone, 407-823-1200, or by text, 407-823-6868, 24/7.

UCFPD offers several crime prevention programs for the community, including providing safe transportation after hours, self-defense classes for women, and free property registration.

To keep up with the growth of one of the largest university's in the nation, UCFPD is engaged in a robust recruiting effort, seeking top officers to join our law enforcement family. In the coming years, UCFPD is hoping to significantly grow, especially with the addition of UCF Downtown.

UCFPD will have 24/7 uniformed patrols with officers dedicated to the downtown campus and based at a sub-station on Amelia Street. UCF Downtown's safety and security infrastructure will mirror the main campus', with features such as security cameras, blue light phones and UCF Alert messages in emergencies.

The department also partners with the UCF Department of Emergency Management, which prepares the university by coordinating all activities necessary to prevent against, respond to, and recover from natural, technological, and human-caused threats and hazards.

UCF Alerts will notify the UCF community of an emergency — such as severe weather, criminal activity, an active shooter or a bomb threat — and provide general instructions. Depending on the nature of the emergency, follow-up alerts will contain more detailed information. More frequent updates will typically be shared on social media on UCFPD and UCF's Twitter accounts, @UCFPolice and @UCF. Current UCF students, faculty and staff are automatically enrolled to receive UCF Alerts, and contact information can be updated via myUCF.

For more information about the UCF Police Department, visit http://www.police.ucf.edu/.

Information Technologies and Resources

Vice President and CIO: Joel L. Hartman
MH 331D; 407-823-6778
http://itr.ucf.edu

The Division of Information Technologies and Resources has University-wide responsibility for planning, implementation, and support of information technology and the allocation and administration of space. Units within the Division include the Library, Computer Services & Telecommunications, Instructional Resources, the Center for Distributed Learning, and Space Planning, Analysis and Administration. The services and resources of each unit are described in the following sections.

University Libraries

Director of University Libraries: Barry B. Baker
LIB 512; 407-823-2564
http://library.ucf.edu

University Libraries offers a variety of information resources and services. An extensive resource collection includes 2 million volumes, 53,000 journal subscriptions, 3.3 million microforms and 65,000 media titles. The Libraries' electronic resources include 475 databases and 149,000 e-books.

The John C. Hitt Library on the main campus is open 105 hours per week. Operating hours are available at http://library.ucf.edu or by calling (407) 823-2756.

• Over 340 computer workstations are available for public use on all five floors.
• Laptop PCs can be checked out for use anywhere in the library.
• 100 iPads are available for a one-week checkout.
• Wireless technology enables patrons who have portable devices to connect to the Libraries'
electronic resources and to the Internet; wireless printing is also available.

- Twenty-eight group study rooms and one practice presentation room are available for students, and can be reserved in advance through [http://library.ucf.edu/StudyRooms/](http://library.ucf.edu/StudyRooms/).

- The John C. Hitt Library is a partial depository for United States and Florida government publications, U.S. Patents and Trademarks. Infusion, the Libraries' cyber-cafe learning space, offers food and beverage items, 34 desktop PCs, comfortable seating areas, closed-captioned television, and a browsing collection for leisure reading.

The Knowledge Commons area offers seating for 479 students, access to 196 desktop PCs, collaborative group study areas, and rolling whiteboards.

- For help and advice in the use of resources and materials, the **Research and Information Desk**, [http://library.ucf.edu/about/departments/reference/](http://library.ucf.edu/about/departments/reference/) located on the main floor, is open most library hours. Individual appointments can also be made for in-depth research consultations. These appointments provide student one-on-one time with a librarian - [http://library.ucf.edu/help/schedule-an-appointment/](http://library.ucf.edu/help/schedule-an-appointment/).

- **Ask A Librarian** service answers questions submitted through chat, text, instant message, email or telephone at (407) 823-2562 or toll-free at (866) 271-7589 - [http://library.ucf.edu/ask/](http://library.ucf.edu/ask/).

- The Libraries supports the development of information literacy skills through the provision of **Information Literacy Modules**, [http://infolit.ucf.edu/](http://infolit.ucf.edu/). The modules provide just-in-time instruction for students on topics such as citing resources, evaluating websites, and plagiarism.

- Librarians have also created **subject-specific research guides** to help students identify resources within their discipline. Students can also access instructional videos from the libraries' YouTube channel: [http://www.youtube.com/user/UCFLibraries](http://www.youtube.com/user/UCFLibraries).

- **Citation Management Programs** are also available for FREE from the UCF Libraries. Workshops are offered each semester on how to use EndNote and RefWorks [http://library.ucf.edu/ScholarlyCommunication/CitationTools.php](http://library.ucf.edu/ScholarlyCommunication/CitationTools.php).

- Another key service for Graduate Students is **Interlibrary Loan and Document Delivery**. The UCF Libraries will pull books and scan articles that are owned by the library, as well as borrow materials from other libraries. For more information, call (407) 823-2383 or visit the ILL website, [http://library.ucf.edu/ILL](http://library.ucf.edu/ILL).

In collaboration with the University's Office of Student Accessibility Services, students are eligible for Document Delivery to their place of residence and may request assistance with retrieval of in-house materials by contacting the Circulation Desk. The John C. Hitt Library has several reading aid devices, including a workstation equipped with MAGic and JAWS software, and a Sorenson Videophone. More information is available at [http://library.ucf.edu/services/accessibility-services/](http://library.ucf.edu/services/accessibility-services/).

Primary source material from Special Collections and the University Archives supports the research, teaching, and service activities of the UCF community. These special materials include books, manuscripts, historic public records, ephemera, photographs, art, and more, [http://library.ucf.edu/SpecialCollections](http://library.ucf.edu/SpecialCollections).

**Branch Libraries**

The Curriculum Materials Center (CMC) is located in the College of Community Innovation and Education Building. The CMC provides representative PK-12 curriculum materials for preview, review, analysis and circulation, as well as 26 desktop PCs. Although the CMC primarily serves education students and faculty, it is open to all campus faculty, staff, and students. For more information see the CMC web page at [http://library.ucf.edu/cmc](http://library.ucf.edu/cmc) or call (407) 823-2791.

The Universal Orlando Foundation Library is located at the Rosen College of Hospitality Management on Universal Boulevard. The library is open to the entire UCF community as well as to hospitality industry professionals. Its unique collection covers all facets of the hospitality and tourism industries. The library provides a wide array of services and resources, including desktop PCs, wireless devices for checkout, group study rooms, research assistance, library instruction, and interlibrary loan. For more information, visit [http://library.ucf.edu/Rosen](http://library.ucf.edu/Rosen) or call (407) 903-8100.
Regional Campus Libraries

Regional Campus libraries collections and services are available through partner libraries in Cocoa, Palm Bay, Ocala, Daytona Beach, South Lake, Sanford-Lake Mary, Leesburg, Osceola and West Orlando. The university partners with state colleges to provide complete information services. Two websites that are particularly helpful for Regional Campus needs are:

- http://library.ucf.edu/about/libraries/
- http://library.ucf.edu/my-account/

UCF librarians provide one-on-one, in-person, and virtual assistance by appointment. All locations provide electronic access to library and university resources on the web. Courier and intercampus loan services make the John C. Hitt Library's collections available to UCF students at all regional and branch campus sites.

Space Planning, Analysis, and Administration (SPAA)

Assistant Director: Christy Collier
MH 329; 407-823-0982
http://spaa.ucf.edu

SPAA facilitates the university's space request and allocation process, maintains an accurate space inventory for internal and external reporting purposes, and provides analyses and information that support the instructional, research, and administrative space needs of the university and its respective colleges and divisions. SPAA works closely with UCF Facilities Planning and Construction and the Registrar's Office.

Intercollegiate Athletics

Vice President and Director: Daniel J. White
WD2; 407-823-2261
http://www.UCFKnights.com

The University of Central Florida, a member of the National Collegiate Athletic Association (NCAA), Division I, competes in 16 sports and is a member of the American Athletic Conference. UCF's intercollegiate sports for men include baseball, basketball, golf, football, soccer and tennis. Women's sports include basketball, cross country, golf, rowing, soccer, softball, outdoor and indoor track and field, tennis and volleyball.

UCF's athletics teams are successful on the field, in the classroom and in our community. Currently in their sixth season of membership in the American Athletic Conference, the Knights have won AAC titles in football (2013, 2014, 2017, 2018), baseball (2017), women's golf (2015, 2017), women's soccer (2013, 2014, 2017), men's soccer (2018), rowing (2015, 2016, 2017, 2018), softball (2014, 2015), indoor track and field (2017) and volleyball (2014, 2018). After being the only team to go undefeated in the 2017 campaign, capping a perfect 13-0 season in the Chick-fil-A Peach Bowl with a 34-27 victory over then-No. 7 Auburn on New Year's Day, the UCF football team posted a second straight undefeated regular season and played in its second consecutive New Year's Six bowl - facing No. 11 LSU in the 2019 PlayStation Fiesta Bowl. Both the men's basketball and women's basketball programs posted historical seasons, earning at-large bids to the NCAA Tournament for the first time in program history.

During the past six years, UCF student-athletes have contributed a total of more than 400,000 hours of community service in the Central Florida region and around the world.

Graduation Rate Disclosure

The completion or graduation rate is the rate at which full-time, certificate-seeking or degree-seeking undergraduate students who are enrolling for the first time at the institution, and who have not previously enrolled at any other institution of higher education, graduate from their programs. The 6-year graduation rate for the Summer-Fall 2011 full-time cohort is 70.0 percent. The retention rate for Summer-Fall full-time 2016 students is 89.6 percent. The information is public and available for review on the Institutional Knowledge Management website.

Addition Financial Arena, The Venue, and Knights Plaza

http://www.AdditionFiArena.com

The Addition Financial Arena is the largest entertainment and sports facility in East Orlando. With seating for 10,000 fans, it is home to UCF Men's and Women's basketball, university and high school graduation ceremonies, and a diverse lineup of world-famous entertainers, beloved family shows and festivities rivaling any in the country.

Nested on the north side of the Addition Financial Arena, The Venue is a more intimate space showcasing special events and UCF Women's Volleyball.
Knights Plaza, a living-learning community on the north end of UCF’s main campus is the home of the Addition Financial Arena and The Venue, features an exciting mix of student apartments, garages, services, shops and dining. Come early and stay late. For event, retail or rental information, visit http://www.AdditionFiArena.com or http://www.knightsplaza.com. For information on apartment rental, please visit http://www.housing.ucf.edu.

Campus Bookstores

UCF's main campus is home to two Barnes & Noble College bookstores.

John T. Washington Center Location

The UCF Bookstore, a Barnes & Noble College division bookstore, located in the John T. Washington Center, is the textbook and course material destination. It also offers the largest variety of UCF clothing in the world, including logo gift items, snacks, beverages, convenience items and a full service café that proudly brews Starbucks coffee. For store hours and information, visit http://www.ucf.bncollege.com or call 407-823-2665.

Knights Plaza Location

The Barnes & Noble @ UCF, located next to the Addition Financial Arena at Knights Plaza, is the official headquarters for all of your graduation supplies and more. It offers a complete line of UCF clothing, logo gift items, general reading books, snacks, beverages, convenience items and a full service café that proudly brews Starbucks coffee. For store hours and information, visit http://www.shopucf.com or call 407-882-0364.

Parking and Transportation Services

Director: Kris Singh
Visitor and Parking Information Center; 407-823-1371
Email: krishna.singh@ucf.edu
http://www.parking.ucf.edu

The Parking and Transportation Services department offers a variety of transportation options to, from, and around the campus.

The UCF Shuttle provides transit needs for students residing in 23 off-campus apartment communities, as well as numerous locations in Central Florida Research Park. Normal operating hours range from 6:30 a.m. to 10:00 p.m. UCF also has an intra-campus shuttle service on the Black and Gold Line. Two routes serve up to 9 stops on campus. On-campus shuttles operate continuously from 7:00 a.m. until 7:00 p.m. during the fall and spring semesters, and from 7:00 a.m. to 4:00 p.m. during the summer terms.

An inter-campus transportation service is provided between the UCF main campus and the Rosen College of Hospitality Management. It makes 10 round-trip runs between 6:45 a.m. and 9:00 p.m., Monday through Friday, during the fall and spring semesters, and six round-trip runs between 8:00 a.m. and 7:00 p.m. during the summer semester. Our latest addition is an inter-campus transportation service between UCF main campus and the Health Sciences Campus. It makes 14 round trips between 7:20 a.m. and 10:45 p.m. Monday through Friday. Arrivals and departures can be tracked via UCF mobile application or http://m.ucf.edu/shuttles/routes.

These services are complimentary to all UCF students, faculty, and staff members, and operate on all class days, including exam weeks. Please refer to the webpage at http://parking.ucf.edu/Shuttle.html or call 407-823-2131 for detailed information.

In addition, two LYNX bus routes, Links 13, 434 and 104, serve the UCF campus from Oviedo, Downtown Orlando, Valencia College, and East campus. UCF students, staff and faculty can ride Lynx's buses free to any destination in Central Florida with the simple showing of their UCF ID. Commuters may connect to most anywhere in the Greater Orlando area. The LYNX buses normally operate at 30 to 60-minute intervals. Route maps may be obtained at the UCF Visitors and Parking Information Center and the information kiosk at the Student Union. Further details, including rates and information on special passes, may be obtained by calling LYNX at 407-841-8240, or from their website, http://golynx.com.

Orlando Shakespeare Theater in Partnership with UCF

Artistic Director: Jim Helsinger
812 E. Rollins St., Suite 100, Orlando FL 32803
Email: jimh@orlandoshakes.org
http://www.orlandoshakes.org

The Orlando Shakespeare Theater in Partnership with UCF is a professional AEA theater producing classic, contemporary and children's plays. The theater presents the Signature Series of adult plays, a children's theater series, The Playfest Festival of New Plays, and innovative
educational programming that includes summer camps, The Young Company (a summer high school performance group), Shakespeare with Heart (a summer program in partnership with United Cerebral Palsy and UCF), and the K-12 "Shakespeare Alive" and "Shakesperience" programs. Performances are presented in Margeson, Goldman, Mandell, and Santos-Dantin Theaters at the Lowndes Shakespeare Center in Loch Haven Park.

The theater has achieved a position of national recognition, attracting artists from across the country. The theater has been featured on the Today Show, Good Morning America, and in national publications such as The Wall Street Journal, Stage Directions, American Theater, and American Theater magazine. The third year of UCF’s MFA in Acting is spent in residence at Orlando Shakes. Internships and independent studies for UCF undergraduates are also available with the theater. Reduced price rush tickets are available for UCF students 1/2 hour before all performances with valid student ID. To purchase tickets, contact the box office at 407-447-1700, or go on the web at http://www.orlandoshakes.org. For internship information and other questions, contact Artistic Director Jim Helsinger at jimh@orlandoshakes.org.

UCF Alumni

UCF FAIRWINDS Alumni Center; 407-UCF-ALUM (823-2586)
http://www.ucfalumni.com

UCF Alumni is committed to maintaining lifelong connections between all Knights with the university and each other through social, cultural and professional development opportunities. The organization's mission is to enhance the lives of UCF alumni, students and friends by fostering a mutually beneficial relationship with the university. Once a student graduates, he or she automatically has access to UCF Alumni's resources and network of more than 288,000.

The 4EVER KNIGHTS (4EK) student organization connects students with alumni while creating a culture of philanthropy at UCF. 4EVER KNIGHTS is the largest student organization on campus and offers students a variety of fun and valuable events, benefits and discounts, as well as leadership, scholarship, and service opportunities.

Advancement | UCF Foundation, Inc.

Senior Director of Communications, Marketing and Donor Relations: Stephen Toth
PVL 250; 407-823-6204
Email: Stephen.Toth@ucf.edu
http://ucffoundation.org

Founded in 1969 as the Florida Technological University Foundation, Inc., the UCF Foundation, Inc. is a 501(c)(3) nonprofit organization with a mission to encourage, steward and celebrate charitable contributions from alumni and friends to support the University of Central Florida. It is the official fundraising organization for the university, which is currently in a multi-year fundraising campaign called IGNITE: The Campaign for UCF, which seeks to raise $500 million in private support for Student Success, Academic Excellence, and Growth and Opportunity by 2019.

Led by a volunteer board of directors and staffed by more than 100 professionals, including fundraising officers, information experts, accountants, communicators and more, the foundation works to inform, involve and engage current and prospective donors in strengthening UCF through private philanthropy.
Special Academic Programs and Research Institutes

UCF Global

*Vice Provost:* J. Jeffrey Jones  
*Assistant Vice President:* Nataly Chandia  
UCF Global, 4356 Scorpius St. Orlando, FL 32816-0130;  
407-883-2337; Fax: 407-823-2526  
https://www.global.ucf.edu/

UCF Global is the organizational division on campus dedicated to international outreach and opportunity. Its quest is to transform lives by providing access to high impact, international experiences across the UCF and global community and to serve as a model of excellence for innovation, partnership, and services. This is accomplished through the administration of the English Language Institute along with multiple compliance units offering support services to international students, faculty, and staff.

Additionally, UCF Global facilitates compliance with federal immigration regulations and provides immigration advising and assistance to the international students and scholars at the University of Central Florida. UCF Global also works with UCF departments to facilitate the hiring of international faculty and staff, process H-1B employment visas, and ensure tax compliance on payments made to international vendors.

Support is provided to the international population on campus in its adjustment to a new academic and cultural environment by providing a wide range of services and programming. Services include admissions guidance, interpreting immigration regulations, explaining employment options, issuing travel authorization signatures, and end of year tax filing guidance. Programming includes orientation, welcome week activities, employment and tax workshops, holiday celebrations, and International Education Week events. From orientation to graduation, UCF Global strives to enhance the overall educational experience at UCF for its international students and scholars and to increase cultural awareness and understanding on campus.

English Language Institute

https://www.global.ucf.edu/ELI

Since 1987, the University of Central Florida's English Language Institute (ELI) has served as a home away from home for thousands of international students who want to study English in the United States. People from all over the world join the ELI because of the high-quality intensive English programs, a world-famous location, and high-impact cultural experiences. Students gain the English skills necessary to communicate and operate in the United States. During their time here, they connect with a diverse community of international students in a beautiful American city. After completing their studies at the ELI, students continue onward by pursuing higher education at UCF and advancing in their careers with a strong command of the English language.

The Intensive English Program (IEP) at ELI is a course of study designed to improve the English language skills of prospective undergraduate or graduate students at UCF. The English Language Institute also hosts non-academically bound individuals interested in improving their English skills for personal or professional development. This program includes Grammar, Reading, Writing, Communication Skills, and elective courses including English testing preparation.

ELI believes in the importance of extra-curricular activities as a method for students to apply their English language skills outside the classroom. These events also serve as a way for students to experience the culture of the United States. Each semester, ELI hosts weekly activities for students such as excursions to theme parks, local sporting events, business tours, beach trips, volunteer gatherings, and more.

If you or someone you know would like to get involved with the English Language Institute, please email the ELI at contacteli@ucf.edu or call 407-823-2337.

Division of Continuing Education

*Director:* Todd Freece  
Innovation Center, 3280 Progress Drive, Suite 700, Orlando, FL 32826;  
407-882-0260; Fax: 407-882-0266  
http://www.ce.ucf.edu

The Division of Continuing Education serves as the unit within Academic Affairs for the centralized administration of continuing education at UCF. In partnership with the academic, business, and professional communities, the Division of Continuing Education provides local, state, national, and international clients with high quality, affordable, credit/noncredit educational programs and services. The Division also offers services to support
conferences, meetings, and summer camps. Continuing Education clients include students, working professionals and job-seekers, domestic and international businesses, and local, state and federal governments.

**Special Tuition Programs**

*Associate Director:* Kallie Reyes  
Partnership II, 3100 Technology Parkway, Suite 0214, Orlando, FL 32826;  
407-823-4401, Fax: 407-823-1399

**Cost Recovery Programs**

Cost Recovery programs are fully self-supporting graduate degree programs offered by Colleges/Departments to address post-professional workforce demand. Such programs are significantly different from other state-funded programs and may not supplant any existing programs offered at the institution. Tuition and fees are based on the actual cost of administering each program. Programs may be offered online or at a location not utilizing state funding since state funds may not be used to facilitate the programs. Programs receive University approval and are operated through UCF's Continuing Education Division. Support for Cost Recovery programs and students enrolled are provided by a program manager and success coaches.

**Market Tuition Rate Degree Programs**

Market Tuition Rate programs are fully self-supporting graduate degree programs offered by Colleges/Departments that are driven by market needs. These programs are operated as stand-alone programs or cohorts offered fully online or at a location not utilizing state funding. Tuition cost is based on the market rate of similar programs nationwide. Programs receive approval from the Board of Trustees and the Florida Board of Governors. State funds are not used to facilitate these programs, funding is based on the revenues collected. The Market Tuition Rate programs are unique because they are market driven, and because of the individual support and attention students receive from a program manager and success coaches.

---

**Division of Teaching and Learning**

*Interim Vice Provost, Interim Dean, Associate Vice Provost and Associate Dean:* Melody A. Bowdon  
*Associate Vice Provost and Associate Dean:* Keisha L. Hoerner  
MH 210; 407-823-2373  
dtl.ucf.edu

The Division of Teaching and Learning builds partnerships across UCF to enhance student learning outcomes and support faculty development. In collaboration with UCF's colleges, the division facilitates an integrative approach to learning by offering academic experiences that take learning beyond the classroom. The units that comprise the division are Academic Advancement Programs, EXCEL, Experiential Learning, Karen L. Smith Faculty Center for Teaching and Learning, Operational Excellence and Assessment Support, Pre-Health and Pre-Law Advising, Quality Enhancement Plan, UCF Abroad and Undergraduate Research.

**Academic Advancement Programs**

*Director:* Michael Aldarondo-Jeffries  
407-823-0101  
aap.ucf.edu

Academic Advancement Programs (AAP) prepares UCF students — particularly underrepresented, low-income and first-generation college students — to pursue graduate school. AAP works in collaboration with faculty, staff, local and national partners to provide a range of graduate school preparation programs and services. Students have the opportunity to participate in a variety of initiatives designed to increase their awareness and knowledge of the graduate school application process, graduate funding, summer research programs and fellowship opportunities.

**EXCEL**

*Director:* Melissa Dagley  
407- 823-6230  
excel.ucf.edu

EXCEL strives to increase the number of students receiving baccalaureate degrees in STEM disciplines from UCF. The program strives to enhance EXCEL students' experiences during the first two years of college through improved student learning in math and science courses, block housing
shared by STEM-focused students, a tutoring center, and early engagement in research experiences. EXCEL participants also work in cohorts, making it easy for them to team up with study partners in required courses that may have several hundred students.

**Experiential Learning**

*Director: Jason Jude Smith*

407-823-2667  
[explearning.ucf.edu](http://explearning.ucf.edu)

Experiential Learning (EL) provides students with the opportunity to apply what they are learning in the classroom to real-world settings. In collaboration with UCF colleges and faculty, employers and community leaders, EL prepares students for academic and career success through experiential learning courses such as internships, co-ops and service-learning opportunities. Through these experiences, students gain essential skills, such as leadership, communication and critical thinking.

**Karen L. Smith Faculty Center for Teaching and Learning**

*Interim Director: Ann Miller*

407-823-3544  
[http://fctl.ucf.edu](http://fctl.ucf.edu)

The Faculty Center staff and resources support faculty and student success at UCF. The many programs they offer are co-designed with faculty and provide opportunities to improve the effectiveness of teaching, to meet and share ideas about increasing student engagement and preparing students for their future lives and careers, to develop course and program materials, to learn about innovative pedagogies and classroom technologies, and to develop research and professional enrichment plans. The Faculty Center hosts three major faculty development conferences each year as well as a variety of semester-long programs and several one-day events. The team also creates and distributes a number of publications and offers one-on-one consultations, department-focused trainings, and other services.

**Knights of Distinction**

*Director: Anna Maria Jones*

407-823-1342  
[undergrad.ucf.edu/whatsnext/students](http://undergrad.ucf.edu/whatsnext/students)

Beyond graduation a range of opportunities and experiences await you, but gaining access to these opportunities requires more than just your degree. Successful graduates are those who are able to make connections between experiences both inside and outside the classroom and to apply what they have learned to new contexts. The Knights of Distinction program is designed to help you do just that. Students who earn the designation Knight of Distinction demonstrate that they are able to make connections between theory and practice and that they possess valuable skills such as problem-solving, teamwork, time-management, and communication that employers and graduate schools prize. The title Knight of Distinction recognizes students’ academic accomplishments as well as their professional and civic achievements in the world beyond the classroom. The Knights of Distinction program is part of UCF’s Quality Enhancement Plan: *What’s Next: Integrative Learning for Professional and Civic Preparation*. For more information, visit our website: [undergrad.ucf.edu/whatsnext/students](http://undergrad.ucf.edu/whatsnext/students).

**Operational Excellence and Assessment Support**

*Assistant Vice President: Patrice Lancey*

407-882-0275  
[oeas.ucf.edu](http://oeas.ucf.edu)

Operational Excellence and Assessment Support (OEAS) supports UCF’s efforts to improve the quality of student learning outcomes and the effectiveness and efficiency of university operations through assessment and analytics. OEAS contributes to data-driven decision making across all academic programs and administrative units through integrated processes that include continuous quality improvement, analytical and survey studies, technology integration, and guidance in assessment. OEAS also acts as independent external grant evaluators for various state and federal grants and works with the principal investigators to assure that the evaluation and research components of the grant are in concert to yield meaningful information.
Pre-Health and Pre-Law Advising

Director: Erin Myszkowski
407-823-0101
phpladvising.ucf.edu

Pre-Health and Pre-Law Advising (PHPL Advising) guides and supports students interested in pursuing careers in the health and legal professions. These courses of study are beyond a baccalaureate degree and take place in professional school settings such as law school, medical school, dental school, pharmacy school, veterinary school, optometry school, podiatry school, chiropractic school, physician assistant programs, physical therapy programs, occupational therapy programs and public health programs. PHPL advisors guide students through the multiple aspects of their preparation and application with the ultimate goal of helping them become a competitive professional school applicant.

Quality Enhancement Plan

Director: Anna Maria Jones
407-823-1342
undergrad.ucf.edu/what'snext

The Quality Enhancement Plan (QEP) is a component of UCF's accreditation with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Each QEP involves developing and executing a university-wide, multi-year initiative seeking to improve student learning outcomes. The mission of UCF's current QEP, What's Next: Integrative Learning for Professional and Civic Preparation, is to prepare our graduates to successfully enter and participate in the next steps of their professional and civic lives. What's Next seeks to help students plan for their futures post-graduation: to not only set goals but to identify the knowledge and skills necessary to reach those goals. The initiative encourages students to connect their classroom knowledge and skills to real-world contexts and, thereby, to develop the ability to transfer knowledge and skills from one context to another. Finally, this initiative promotes opportunities for students to reflect on their experiences, to communicate their knowledge and experiences, and to develop the ability to successfully advocate for themselves in their lives beyond the university.

UCF Abroad

Interim Director: Wayne Bowen

UCF Abroad provides access to high impact, international experiences for students interested in studying or interning outside the United States as a portion of their degree program. UCF Abroad participants are exposed to new environments, new customs, and in many cases new languages in an effort to broaden their perspectives and develop the skills necessary to set them apart in the global workplace. Self-discovery, self-confidence and cultural awareness are a few of the additional benefits to studying abroad. UCF Abroad offers a comprehensive portfolio of programs to accommodate all areas of study and a broad spectrum of student budgets.

Undergraduate Research

Assistant Dean and Director: Kimberly Schneider
407-823-0101
our.ucf.edu

The Office of Undergraduate Research (OUR) provides students with the opportunity to engage in academic research, scholarship and creative work. Working closely with faculty, these students gain knowledge and build skills, such as critical thinking, communication and problem-solving. This experience prepares them for success in graduate and their career. For students interested in research, OUR provides peer mentoring, a "How-To" workshop series, and structured courses. They also have the opportunity to present their work at an annual on-campus research showcase and publish in the Pegasus Review, UCF's Undergraduate Research Journal.
Institutes and Centers for Research

Dick Pope, Sr. Institute for Tourism Studies

Director: Abraham Pizam
9907 Universal Blvd., Suite 231-A Orlando, FL 32819; 407-903-8010

Associate Director: Robertico Croes
9907 Universal Blvd., Suite 231-D, Orlando, FL 32819; 407-903-8028

Email: DPI@mail.ucf.edu
http://hospitality.ucf.edu/research/dick-pope-sr-institute-for-tourism-studies/

The purpose of the Dick Pope Sr. Institute for Tourism Studies is to improve the quality of the tourism product while increasing the benefits of tourism for the industry, state of Florida, and local communities. The Institute involves itself in a variety of research projects and educational programs. Research includes the collection, development, and dissemination of information relevant to the tourism and hospitality industry in the areas of: marketing, consumer behavior and visitor satisfaction, feasibility studies, economics, motivation, and forecasting. Some of the Institute's patrons include tourism promotion agencies at the state and local levels; tourism development commissions; professional associations; and private enterprises such as attractions, hotels, resorts, restaurants and other food-service establishments, ground and air transportation companies, travel agencies and tour operators, and other related businesses. The Institute devotes significant efforts to educating the public about the tourism industry on state and international levels, as well as its contribution to the social and economic welfare of the community at large.

Executive Development Center

Executive Director: Darrell Johnson
Associate Director of Degree Programs: Robin Hofler
407-235-3913; Email: mba@ucf.edu

The University of Central Florida College of Business Administration is proud to serve as a partner in executive education to the local, state, national, and international business communities. The Executive Development Center was established to provide quality executive education programs to both individuals and organizations.

The Center helps professionals from all industries become more dynamic leaders, more effective managers, and more valuable team members. Corporations benefit from participating in executive education programs by developing more productive and resourceful workforces that can meet the challenges of today's changing marketplace and tomorrow's opportunities.

The Center serves as a valuable resource in executive training and development by offering graduate degrees that address critical issues for managers and business leaders. These programs are offered in a variety of formats suitable for any individual or corporation through:

- Executive MBA Program
- Professional MBA Program, Part Time and Full Time
- Professional Master of Science in Management/Human Resources
- Professional Master of Science in Management/Business Analytics
- Professional Master of Science in Management/Entrepreneurship
- Professional Master of Science in Real Estate

Florida-Canada Linkage Institute

Director: Mark Hartman
407-823-2337; Fax: 407-823-2526

The Florida-Canada Linkage Institute was created by the Florida legislature to foster educational, commercial, cultural and social exchanges between Canada and the State of Florida. The Institute, administered by UCF Global, promotes international collaboration through expanded public/private dialogues on cooperative research and technical assistance, cultural exchanges, the enhancement of language training, and student/faculty exchange programs. The Institute administers the Out of State Tuition Fee Exemption Program that is available for Canadian students to study in Florida state universities and Florida College System institutions for the same tuition and fees as Florida residents. The awards are limited to 25 FTE and are competitive.
Florida-Eastern Europe Linkage Institute

Director: Mark Hartman
407-823-2337; Fax: 407-823-2526
Email: eeli@ucf.edu
https://eeli.intl.ucf.edu/

The Florida-Eastern Europe Linkage Institute was created by the Florida legislature to foster educational, commercial, cultural and social exchanges between the countries in Eastern Europe and the State of Florida. The Institute, administered by UCF Global, promotes international collaboration through expanded public/private dialogues on cooperative research and technical assistance, cultural exchanges, the enhancement of language training, and student/faculty exchange programs. The Institute administers the Out of State Tuition Fee Exemption Program that is available for students from Eastern European countries to study in Florida state universities and Florida College System institutions for the same tuition and fees as Florida residents. The awards are limited to 25 FTE and are competitive.

The John Scott Dailey Florida Institute of Government at the University of Central Florida

Director: Mari Yentzer Rains
12443 Research Parkway, Ste. 402, Orlando, FL 32826
407-882-3960; Fax: 407-882-3968
Email: iog@ucf.edu
http://www.iog.ucf.edu

The John Scott Dailey Florida Institute of Government at the University of Central Florida (UCF FIOG) is part of a statewide institute established by the Florida Legislature in 1981. The UCF FIOG’s mission is to enhance the capacity of Florida governments to effectively serve their communities through high quality, affordable, government consulting and technical assistance, training and professional development, applied research, meeting facilitation services, conference planning, and association management services. Our Institute connects university faculty, as well as public and private sector experts with state and local government needs. We serve state, municipal, county, special district, and school district officials and employees, and governmental associations. Projects include:

- Strategic Planning
- Citizen Community Visioning Forums
- Resident Surveys
- Charter Review
- Incorporation Study
- Economic Development Consulting
- Tree Inventory
- Organization Development
- Succession Planning
- Employee Satisfaction Surveys
- Leadership Assessments and Coaching
- Retreat Design & Facilitation
- Change Management
- 100+ Professional Development & Training Workshops (with CEU’s)
- Innovation in Government
- Curriculum Design & Certification Program Design
- Advisory Board Training
- Meeting Facilitation & Consensus Building
- Association Management Services
- Conference Planning & Coordination
- Keynote Speakers
- Records Management Assessment
- Compensation Analysis
- Employee Handbooks
- HR Compliance Assessment
- HR Policy & Procedure Review
- Job Descriptions
- Recruiting & Retention Strategies
- and more!
Florida Small Business Development Center (FSBDC) at UCF

Regional Director: Eunice Choi
3201 E Colonial Drive, Suite A20, Orlando FL 32803
(Located in the National Entrepreneur Center);
407-420-4850
Email: echoi@ucf.edu
http://www.sbdcorlando.com

The Florida SBDC at UCF is part of the statewide Florida SBDC Network which is designed to promote economic development by responding to the needs of the small business community. Assistance is provided through no-cost individual consulting, training & workshops and access to market research resources. Areas of specific attention for small businesses include:

- Pre-Venture/Start-Up
- Finance
- Operations
- Technology
- Market Expansion & Revenue Growth
- Accounting
- Business & Strategic Plan Development
- Management
- Plan Development

Additional programs for leaders of growing businesses are also offered as follows: Advisory Board Council, CEO XChange, Export Marketing Plan Services, Growth Acceleration Services, Small Business Institute®, and Strategic Workshop Series, in addition to Government Contracting Services offered by the Florida Procurement Technical Assistance Center at the University of Central Florida (Florida PTAC at UCF).

The FSBDC, as part of the Office of Partnership and Innovation at the University of Central Florida, serves eight counties in the Central Florida area including the central office in Orlando and ten satellite offices located at Daytona State College, Eastern Florida State College, Seminole State College, Kissimmee Chamber of Commerce, City of Palm Coast Business Assistance Center, three Lake County Business Opportunity Centers and Sumter County's Office of Economic Development.

Florida Solar Energy Center (FSEC)

Director: James Fenton
1679 Clearlake Road, Cocoa FL 32922-5703;
321-638-1000
Email: info@fsec.ucf.edu
http://energyresearch.ucf.edu

The Florida Solar Energy Center (FSEC), UCF's energy research and education institute, was established in 1975 by the Florida Legislature. Located on the Cocoa campus of UCF and Eastern Florida State College, FSEC has gained national and international respect for its public and private research and education partnerships, focusing on solar energy, energy-efficient buildings, hydrogen and fuel cells, electric vehicles, smart-grid research, and testing and certification of solar equipment. The Center conducts continuing education and training programs for professionals, government and industry leaders around the world, in addition to Science, Technology, Engineering and Mathematics (STEM) opportunities for the future energy workforce.

Florida Space Institute (FSI)

Director: Ramon Lugo
Florida Space Institute, PO Box 160650, Room 214 A, Orlando, FL 32816-0650;
407-823-6172; Fax: 407-823-6359
Email: ramon.lugo@ucf.edu
http://fsi.ucf.edu

The Florida Space Institute provides unique, practice-based educational opportunities, combined with space science research and the resources to design, build, and test small satellites, instruments, and payloads. Using these resources FSI supports UCF and other member schools, as well as other educational and commercial customers. FSI provides opportunities for student involvement in real-world space programs. FSI is a State of Florida Institute headquartered at UCF, but has 10 member schools statewide. FSI is located at Research Park, Orlando, which is adjacent to the UCF main campus. Typical research areas include small satellite innovations, planetary science, instrumentation development, space weather, and space power, driving engineering solutions with science requirements.

FSI hosts one of the nine US research teams of NASA's Solar System Exploration Research Virtual Institute (SSERVI), called the Center of Lunar and Asteroidal Surface Science (CLASS). The teams participating in the Solar System Exploration Research Virtual Institute (SSERVI) will address scientific questions about the moon, near-Earth asteroids, the Martian moons Phobos and Deimos, and their near space environments, in cooperation with international partners. FSI's faculty are also leading a NASA mission called Global Observations of the Limb and Disk (GOLD). GOLD will fly an ultraviolet (UV) imaging spectrograph on a geostationary satellite to measure densities and temperatures in Earth's thermosphere and ionosphere.
FSI conducts its educational activities through the NASA Florida Space Grant Consortium (FSGC). FSI administers FSGC, a NASA sponsored state wide higher education program, led by the UCF. Through FSGC, FSI provides opportunities for students to participate in hands-on space-related projects like the Hybrid Rocket Competition, Florida Undergraduate Satellite Design Competition (FUNSAT), senior design projects and participation in NASA competitions. FSGC also provides fellowships, scholarships, internship and research experiences for students.

Institute for Simulation and Training (IST)

Director: Randall Shumaker
Partnership II & III, 3100 Technology Pkwy, Orlando, FL 32826-0544;
407-882-1300
Email: shumaker@ist.ucf.edu
http://www.ist.ucf.edu

The Institute for Simulation and Training (IST) was established to conduct research and develop technology that advances the state of the art in affordable and effective human-centered simulation capabilities and training systems. In April 1985 a State of Florida resolution recognized the institute as part of a Center of Excellence for Simulation and Training. Driven by a proven record of research achievement, IST has developed unique qualifications and is positioned to provide the enabling technologies and technical talent necessary to research new ways to model human activity, improve human-agent interaction, and educate the next generation of scientists and professionals. IST is part of the School of Modeling, Simulation and Training.

IST laboratories, work space, and administrative offices occupy major portions of the Partnership II and III buildings located in the Central Florida Research Park, adjacent the UCF campus. The park also is home to major simulation and training agencies from all branches of the U.S. military. The institute is a research and academic arm of the world's largest concentration of simulation and training for industry, government, health care, and entertainment.

IST's research staff of more than 200 scientists, engineers, and students conducts basic and applied research for a broad range of training devices and programs. Research teams focus on applied research and technology, human/systems integration, and information systems technologies. Research areas include:

- Multi-resolution simulation
- Virtual, mixed, and augmented reality
- High performance computing
- Human-machine interface, robotics
- Computer-generated forces
- Mathematical foundations
- Application development
- Information management technology
- Human factors psychology
- Team training and team performance
- Cognitive science
- Augmented cognition
- Medical-related simulation
- Embedded simulation
- Advanced performance technology
- Human performance in healthcare
- Behavioral cybersecurity

IST actively assists UCF in the development of simulation-related curricula. First in the nation with a master's degree in simulation systems, the university in collaboration with IST also offers a truly multidisciplinary Ph.D. in Modeling and Simulation. Both master's and doctoral programs accept applications from graduate students in computer science, digital media, psychology, engineering, mathematics, business, and other related disciplines. Also available at the graduate level are the Modeling & Simulation Professional Science Master's degree, a two-year course of study providing a combination of technical and business courses, and the Graduate Certificate in Modeling and Simulation of Technical Systems, which requires fifteen or more credit hours beyond the bachelor's degree and is beneficial to technical professionals involved with constructing and using simulation models of dynamic systems.

The institute annually employs more than 100 graduate and undergraduate students in a variety of research and support positions. For many outstanding graduates, work experience at IST becomes a launching pad to a career in the simulation industry. A significant number of existing professionals, both in government and industry, enroll in modeling and simulation graduate and certificate programs to continue their advanced education and hone their research skills.

The institute includes in its efforts development of research projects with potential commercial applications and adaptation of military technology to civilian markets. IST communicates the results of its research through seminars, conferences, publications, and workshops. In cooperation with UCF, the University of South Florida, and University of Florida, and with considerable participation from area
industry and economic development organizations, IST promotes economic growth in the modeling and simulation industry throughout the Central Florida High Tech Corridor.

**Institute for Sport and Social Justice (ISSJ)**

*Director, Special Programs and Events:* Suzi Katz  
BA2 113; 407-823-3555  
https://sportandsocialjustice.org/

**Vision:** to create worldwide social justice through the power of sport.

**Mission:** The mission of the Institute for Sport and Social Justice is to use the power of sport to effect positive social change. We educate and empower individuals and organizations by inspiring values-based thinking leading to actions that promote social responsibility and equality.

**Core Values:**

**Diversity and Inclusion**

We believe diversity and inclusion serve as a catalyst to promote fairness, equity, and justice.

At the ISSJ, we harness the power of diversity and inclusion to capitalize on individual and collective strengths and help teams, staffs, and organizations reach their full potential. Respect and appreciation of difference are the founding principles of diversity and inclusion. As advocates of fairness and equality, the ISSJ hopes to build a global awareness and cultural competence through the power of sport. We strive to be on the cutting edge, proactively working to understand who is being excluded.

**Education**

Education has the power to transform lives and empowers people to make a difference.

The ISSJ embraces the principle that everyone has a right to be educated, and has a duty to use what is learned to improve society. Since its inception, ISSJ member institutions have offered opportunities for athletes to complete their degrees even after eligibility has expired. In addition to our advocacy for traditional education, the ISSJ educates and empowers people by raising awareness of social justice issues and by offering strategies and solutions for overcoming them.

**Social Justice**

The ISSJ is committed to peace and justice by raising awareness and developing strategies for dealing with social justice issues worldwide.

The ISSJ aims to provide the education, tools and strategies for dealing with these issues and empowers individuals to take action for those without a voice. We challenge sports leaders and athletes to embrace leadership roles by supporting everyone's basic human rights, and confronting all forms of discrimination, hate, and violence, while advocating for those who are underrepresented.

**Ethical and Moral Leadership**

The ISSJ’s unshakeable vision for sport driven social change demands that we challenge ourselves, and others, to aspire to the highest standards of ethical and moral behavior.

Ethical and moral actions are the foundation that enables individuals, organizations, and leaders to gain leadership credibility. The beliefs and actions of leaders have significant impact on their respective organizations and, as such, effective ethical and moral leadership blends humility with determined professional will. The ISSJ's ambitious goals for sport driven social change can only be accomplished through tireless commitment to ethical and moral behavior. Thus, we dedicate ourselves to advocate for ethical and moral leadership through the power of sport.

**The Power of Sport**

The global impact that sport has on society reminds us that teamwork and unity transcend the fields of competition, and has the irrefutable power to positively change people's lives.

We apply the lessons of "the huddle" to illustrate how divergent interests and beliefs can unite under a shared vision and common goal. We believe sport has an immense impact on societies across the globe. Sport has been known to galvanize communities large and small. By harnessing this power and public influence, the ISSJ continues to promote social change domestically and around the world. Changing lives through the power of sport.

**Oak Ridge Associated Universities (ORAU)**

*President and ORAU Councilor for University of Central Florida:* John C. Hitt

*ORAU Corporate Secretary:* Monnie E. Champion  
865-576-3146  
http://www.orau.org
Since 1989, students and faculty of University of Central Florida have benefited from its membership in Oak Ridge Associated Universities (ORAU). ORAU is a consortium of 96 colleges and universities and a contractor for the U.S. Department of Energy (DOE) located in Oak Ridge, Tennessee. ORAU works with its member institutions to help their students and faculty gain access to federal research facilities throughout the country; to keep its members informed about opportunities for fellowship, scholarship, and research appointments; and to organize research alliances among its members.

Through the Oak Ridge Institute for Science and Education (ORISE), the DOE facility that ORAU operates, undergraduates, graduates, postgraduates, as well as faculty enjoy access to a multitude of opportunities for study and research. Students can participate in a number of programs covering a wide variety of disciplines including business, earth sciences, epidemiology, engineering, physics, geological sciences, pharmacology, ocean sciences, biomedical sciences, nuclear chemistry, and mathematics. Appointment and program length range from one month to four years. Many of these programs are specially designed to increase the numbers of underrepresented minority students pursuing degrees in science- and engineering-related disciplines. A comprehensive listing on these programs and other opportunities, their disciplines, and details on locations and benefits can be found in the ORISE Catalog of Education and Training Programs, which is available at http://see.orau.org, or by calling the number above.

ORAU’s Office of Partnership Development seeks opportunities for partnerships and alliances among ORAU’s members, private industry, and major federal facilities. Activities include faculty development programs, such as the Ralph E. Powe Junior Faculty Enhancement Awards, the ORAU Events Sponsorship Program, the ORAU Travel Grants Program and the Lindau Meeting of Nobel Laureates and Students.
Undergraduate Admissions

Associate Vice President: Gordon D. Chavis, Jr.
Duke Energy UCF Welcome Center; 407-823-3000
Email: admission@ucf.edu
http://admissions.ucf.edu

The Office of Undergraduate Admissions at the University of Central Florida coordinates the admission and enrollment of all undergraduate first-time-in-college, transfer, non-degree, and non-Florida public institution transient students to the university. The office's primary mission is to identify, attract, and enroll talented, diverse, and academically qualified students who will contribute to, achieve growth and success at, and benefit from attending the University of Central Florida.

The Office of Undergraduate Admissions seeks to attract students who are motivated, creative, and committed to academic excellence. The office will accomplish this through personal contacts, strategic communication, information management, and targeted recruitment. The office is dedicated to providing quality customer service through effective teamwork and through the development of collaborative partnerships with both internal and external communities.

The office administers several programs for prospective students and parents, including daily tours and information sessions, "Knight for a Day" open houses, area receptions for admitted students, and high school and Florida College System institution visits by admission representatives. It also provides the opportunity to meet one-on-one with an admission representative on campus. Please visit our website for further information. Office hours are Monday/Thursday 9:00 a.m. to 6:00 p.m. and Tuesday/Wednesday/Friday 9:00 a.m. to 5:00 p.m.

Campus Visit Experience

Information sessions and campus tours are available through our "Campus Visit Experience". All freshmen (First-Time-In-College: FTIC) and transfer prospective students and their families are encouraged to participate. The Campus Visit Experience, which includes both an information session and tour of the campus, begins at the Duke Energy UCF Welcome Center at 10:00 a.m. and 2:00 p.m., Monday through Friday, except holidays. Reservations can be made by visiting our website at http://admissions.ucf.edu. "Transfer To Be A Knight" information sessions are held for prospective transfer students on select days throughout the year. Visit http://admissions.ucf.edu/transferknights/ for more information. Group tours of up to 80 or special requests may be accommodated and can be requested by visiting our website.

Admissions representatives are available to discuss particular concerns about admission to the University. You may contact the Office of Undergraduate Admissions at 407-823-3000 or visit us at our website. Information sessions and campus tours are also available for students interested in our Rosen College of Hospitality Management near International Drive. Please contact them at 407-903-8166 for further information.

Application for Admission

All interested applicants should complete the University of Central Florida "Undergraduate Admissions Application" online at http://admissions.ucf.edu and submit the $30 (in U.S. Currency), non-refundable application fee. First-Time-In-College (FTIC) students can also apply using the Common Application at http://www.commonapp.org. Students should apply several months in advance of an anticipated start date and provide a completed file by the published application deadline. Questions concerning admission requirements and applications can be forwarded to admission@ucf.edu.

Applications for admission can be submitted up to one year prior to the start of the term desired. The application deadlines are May 1 for the Fall semester (July 1 for Transfer students), November 1 for the Spring semester, and March 1 for the Summer term. The priority deadline for most financial assistance and scholarships is December 1. Information regarding University housing can be found at http://www.housing.ucf.edu. Applicants can apply for housing once they are offered admission to the University. Requests for housing are subsequently reviewed according to the date of the receipt of the housing application. The University does not discriminate based on race, color, religion, sex, national origin, age, disability, marital status, parental status, genetic information, sexual orientation, gender identity, gender expression, or veteran status.

Applicants should understand that this Undergraduate Catalog outlines minimum requirements to be considered for admission and that admission to the University is competitive. The satisfaction of minimum requirements does not guarantee admission. Conversely, Florida
Department of Education policy allows the University to admit students to any semester as exceptions to the minimum requirements. The Office of Undergraduate Admissions and the Admissions and Standards Committee are responsible for the admission of all undergraduate students under this exception policy.

Applicants must submit official transcripts from each educational institution attended to the Office of Undergraduate Admissions. Applicants must likewise submit official score reports for credit earned from each appropriate testing agency (e.g. AICE, AP, CLEP, or IB). To be considered official, supporting admissions documents must be received directly from the issuing institution or testing agency. All final supporting documents must be received by the Office of Undergraduate Admission no later than six (6) days after the first day of classes.

Note: Furnishing false or fraudulent statements in connection with an application for admission or residency declaration may result in disciplinary action, denial of admission, loss of financial aid, and invalidation of credits or degrees earned.

Those enrolled students who have not submitted official completed records by the deadline will be placed on administrative hold. Students with these incomplete records will not be permitted to register for a future term until all official transcripts and other required documentation have been received. If, upon review of final transcripts, student records are not satisfactory, they may be placed on academic probation, have their admission status revoked, changed to non-degree or transient status, may become ineligible for financial assistance, and may, in some cases, be withdrawn from the University. In addition to the required documentation mentioned above, students must have a satisfactory conduct record at all schools attended.

Reactivation

Students who have submitted an application for admission to UCF as a degree-seeking student and do not attend, may reactivate the original application within one year of the term for which they first applied. To update the application, students should complete the Reactivation Form by the published application deadline date. This form can be found online at http://admissions.ucf.edu/forms. This process reactivates the application only; additional official credentials may be required. Admission for one term does not guarantee admission for a future term.

Limited Access Programs

Admission to the University does not guarantee admission to a limited access program. Some majors at the University limit the number of students who may enroll. Limited access status occurs when student demand exceeds available resources (e.g., faculty, instructional facilities, equipment) or when specific accrediting requirements apply. Criteria for admission are selective and include indicators of ability and indicators of performance, creativity, or talent to complete required work within the program.

Orientation

All first-time undergraduate degree-seeking students are required to attend orientation prior to enrollment. Orientation information is emailed to all FTIC students offered admission who have submitted their enrollment deposit and to all transfer students offered admission to the University. Information regarding orientation may also be viewed on the website at http://fye.ucf.edu/.

Admission Categories

Students may submit applications to the University for one of the following categories:

A. Freshman (First-Time-In-College: FTIC)
B. Dual Enrollment/Early Admit (includes early admission and dual enrollment, on- or off-campus)
C. Transfer*
D. Second Bachelor's Degree
E. Transient (one term enrollment only, not from a Florida public institution)**
F. Non-Degree Seeking (not including students who have already earned a bachelor degree)***
G. Limited Non-Degree Seeking****
H. Special Non-Degree Seeking (includes students participating in specific non-degree seeking programs including ROTC, Study Abroad only, Marching Band only, and Rosen College exchange programs)

*Transfer students with 60 semester hours or more may also designate one of many UCF Connect sites as well as a UCF Online-only program. Please refer to the application.
**Students applying as transient from a Florida public institution should apply through Florida Shines at [http://www.floridashines.org](http://www.floridashines.org).

***Students who have already earned a bachelor degree and wish to attend as non-degree seeking should follow the procedure through our Graduate Admissions Office located at [http://www.admissions.graduate.ucf.edu/nondegree_applicants/](http://www.admissions.graduate.ucf.edu/nondegree_applicants/).

****Please see the "Academic Regulations and Procedures" section of this catalog for this admission category.

**Freshman Applicants**

Any FTIC student who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.002 is encouraged to submit an application. Meeting these minimum requirements does not guarantee admission. An applicant’s total high school record (including grades, test scores, educational objective, quality of courses completed, counselor recommendations, essay, and personal achievements and honors) will be considered in the selection process. The University reaffirms its Equal Educational Opportunity (EEO) commitments and seeks to increase diversity among the student body.

**High School Diploma**

Freshmen who are applying for admission to the University are required to have a standard high school diploma (or the equivalent) or a General Equivalency Diploma (GED).

**Entrance Examination Scores**

All FTIC applicants for admission must submit test scores from the SAT Reasoning Test, redesigned SAT (rSAT) or the ACT.

**High School Academic Units and Grade Point Average**

All applicants must have earned a minimum number of high school academic units (year-long courses that are not remedial in nature) to be considered for admission. A grade point average (GPA) will be computed only on academic courses. Plus(+) and minus(-) will not be included in the high school GPA recalculation. Grades in International Baccalaureate (IB), Advanced Placement (AP), Cambridge Advanced International Certificate of Education (AICE), honors and dual enrollment courses will be given additional weight in the computation of the academic GPA. The high school academic unit requirements are as follows:

<table>
<thead>
<tr>
<th>Academic Subjects</th>
<th>Units Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>English (three of which must have included substantial writing)</td>
<td>4</td>
</tr>
<tr>
<td>Mathematics (at or above the Algebra I level)</td>
<td>4</td>
</tr>
<tr>
<td>Natural Science (two of which must have included substantial laboratory requirements)</td>
<td>3</td>
</tr>
<tr>
<td>Social Science (included: history, civics, political science, economics, sociology, psychology, and geography)</td>
<td>3</td>
</tr>
<tr>
<td>Foreign Language (both credits must be in the same language)</td>
<td>2</td>
</tr>
<tr>
<td>Additional academic electives from the above five subject areas and courses recommended by the Florida Association of School Administrators, or other groups, and courses recommended by the Articulation Committee and approved by the Department of Education</td>
<td>2</td>
</tr>
</tbody>
</table>

**Total Units** 18

**Applicant Eligibility**

As stated in Florida Board of Governors Regulation 6.002, FTIC students may be admitted if they meet a 2.50 or higher grade point average (GPA) on a 4.00 scale as calculated by the university, present an official SAT and/or ACT score, and meet the requirements for college-level placement per Board of Governors Regulation 6.008 below and high school units above.

**SAT (taken prior to March 1, 2016)**

- Critical Reading 440
- Mathematics 440

**SAT (taken March 1, 2016 and after)**

- Reading Test 24
- Writing and Language Test 25
Each state university reserves the right under Florida BOG regulation 6.002 to establish admission criteria that exceeds Florida BOG minimums.

- Admission to the University is limited by space availability. The degree of competition for space depends on the number and qualifications of those who apply for admission. To increase the chance of admission, high school students should present credentials that are stronger than the minimum requirements for consideration as listed above. If the number of qualified applicants exceeds the number that the University is able to enroll, a waiting list will be established.

- A student applying for admission who does not meet established requirements may bring to the University other important attributes or special talents and may be admitted if, upon appeal and in the judgment of the Admissions and Standards Committee, the student can be expected to do successful academic work. The University will provide appropriate advising for each student admitted under this alternative.

- Students who have been enrolled in dual enrollment courses will be required to have a minimum "C" average (2.0 GPA) for all completed dual enrollment course work.

- A student must demonstrate competency of foreign language or American Sign Language equivalent to the second high school level or higher (Spanish 2, Haitian Creole 2, etc.) or at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution to be offered admission.

### Dual Enrollment/Early Admit Applicants

High School students who have demonstrated exceptional academic ability may be permitted to enroll as university students while completing their high school programs. There are three types of dual enrollment programs:

1. **Early Admission** is for students who have typically completed their junior year in high school and would like to enroll at the University as full-time students for their senior year of high school to complete their high school graduation requirements. Students must submit an application for admission by the published application deadline date. In addition, the following information is required:
   - official copy of high school transcript(s);
   - official copy of SAT Reasoning Test, redesigned SAT (rSAT), or ACT; and
   - Completed Early Admission/Dual Enrollment Authorization Form

2. **Dual Enrollment On-Campus** is for students who desire to dual enroll on a part-time basis, taking one or two courses on campus, while completing their high school course work. Students must submit an application for admission by the published application deadline date, as well as all items listed above. Additional documentation may be required.

3. **Dual Enrollment Off-Campus** is for students whose high schools sponsor on-site courses at specific high schools. Students earn both high school and college credit for successful completion of course work. Each respective high school selects students who are eligible to participate in these programs. Contact your high school guidance office for detailed information.

### Transfer Applicants

Any Transfer student who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.004 is encouraged to submit an application. Students should apply online at [http://admissions.ucf.edu](http://admissions.ucf.edu) and arrange to have official transcripts sent from all colleges attended. The Office of Undergraduate Admissions computes a grade point average (GPA) for each institution attended, as well as a cumulative GPA on all college courses attempted. This computation does recognize plus or minus grades and only recognizes grade forgiveness when it is used as part of an awarded statewide articulated Associate in Science degree or an Associate in Arts degree from a Florida public institution. Applicants must have a cumulative minimum GPA of 2.0 as well as a minimum GPA of 2.0 and be in good standing as a degree-seeking student at the last institution attended to be considered for admission to UCF. **Meeting these minimum requirements does not guarantee admission.**
Transfer students are required to complete at least 30 hours in residence at UCF to earn a bachelor's degree. In addition, students must complete 48 hours in residence at UCF to be eligible to receive baccalaureate honors recognition at the time of graduation.

**Transfer Applicants with Fewer Than 60 Credit Hours**

Transfers with less than 30 transferrable semester hours: Must minimally meet freshman high school unit entrance requirements, the high school academic GPA and minimum SAT Reasoning, redesigned SAT, or ACT. They must also have at least a 2.0 GPA on a 4.0 system for all college-level academic courses attempted and be in good standing (minimum 2.0 GPA) and eligible to return as a degree-seeking student to the last institution attended. Meeting these minimum requirements does not guarantee admission.

Transfers with 30 or more but less than 60 transferrable semester hours: Must minimally have successfully completed (C or higher) at least one English Composition course and one college level mathematics course that consists of three (3) semester credit hours, as well as demonstrated foreign language competency equivalent to the second high school level or the elementary 2 level at an undergraduate institution. They must have at least a 2.0 GPA on a 4.0 system for all college-level academic courses attempted and be in good standing (minimum 2.0 GPA) and eligible to return as a degree-seeking student to the last institution attended. Meeting these minimum requirements does not guarantee admission.

**Transfer Applicants with an A.A. Degree from a Florida Public Institution**

Admission of Associate in Arts (A.A.) degree graduates from Florida College System institutions and Florida state universities is governed by the Articulation Agreement between the state universities and Florida College System institutions of Florida, as approved by the State Department of Education. The agreement states: The associate in arts degree is the basic transfer degree of the Florida College System institutions. It is the primary basis for admission of transfer students from Florida College System institutions to upper division study in a state university. Every associate in arts graduate of a Florida College System institution shall be granted admission to an upper division program consistent with Section 1007.23, F.S. Admission to each student's preferred public postsecondary institution or program is not guaranteed.

Any student admitted without demonstrated competency in a foreign language or American Sign Language equivalent to the second high school level or the elementary 2 level at an undergraduate institution must satisfy the admission requirement prior to graduation. Florida College System institution Associate in Arts graduates are guaranteed the following rights under the Statewide Articulation Agreement (State DOE Rule 6A-10.024):

1. Admission to one of the twelve state universities, except to "limited access" programs (programs that have additional admission requirements);
2. Acceptance of at least 60 credit hours by the state universities toward the baccalaureate degree;
3. Transfer of equivalent courses under the statewide Course Numbering System;
4. Acceptance by the state universities of credit earned in accelerated programs (e.g., CLEP, AP, PEP, Dual Enrollment, Early Admission, and International Baccalaureate);
5. No additional General Education Core requirements;
6. Advanced knowledge of selection criteria for limited access programs; and
7. Equal opportunity with native university students to enter limited programs.

Should any guarantee be denied, students have the right of appeal through the Office of Undergraduate Admissions and the Admissions and Standards Committee.

**Transfer Applicants - More Than 60 Hours, Have Not Received an A.A. Degree from a Florida Public Institution**

Undergraduate transfer applicants who desire to be admitted as upper division students must have met, at least, all of the following requirements:

- A minimum of a 2.0 GPA and 60 credit hours of academic course work;
- The English and Mathematics requirements of the Gordon Rule; and,
- Demonstrated competency at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution. This requirement applies to those students without the required demonstrated proficiency equivalent to the second high school level.
Meeting these minimum requirements does not guarantee admission.

Second Bachelor's Degree Applicants

Second Bachelor's Degree applications are processed by the Undergraduate Admissions Office or the Registrar's Office. Guidelines for which office students should make application to are outlined as follows:

- Students who **have never attended** the University of Central Florida as degree seeking undergraduate students must apply to the **Office of Undergraduate Admissions**. Students should complete the undergraduate admissions application online at [http://admissions.ucf.edu/](http://admissions.ucf.edu/).

- Students who **have previously attended** the University of Central Florida as a degree-seeking undergraduate student should apply through the Registrar's Office. These students should follow the Readmission procedure located online at [http://registrar.ucf.edu/readmission-application](http://registrar.ucf.edu/readmission-application).

Credits from a Previous Baccalaureate Degree

Graduates from other regionally-accredited four-year U.S. institutions who apply for admission to work toward a second undergraduate degree must meet the regular requirements of the university (as defined in the "Undergraduate Degree Requirements" section of this Undergraduate Catalog). Students must meet all transfer GPA requirements. A baccalaureate degree or higher from another regionally accredited four-year U.S. institution satisfies the General Education Program requirements and also provides exemption from the foreign language requirements for admission and graduation.

Note: A baccalaureate degree or higher from a non-US institution with fewer than the equivalent of 120 credit hours will not automatically be credited as a baccalaureate degree. Students will be classified according to the number of semester credit hours earned rather than a second-degree seeking applicant. A baccalaureate degree from a non-US institution will not automatically satisfy the General Education Program requirements. If a baccalaureate degree from a regionally accredited four-year U.S. institution includes credit from a non-regionally accredited institution, the credit from the non-regionally accredited institution may not be included as transfer credit. This would result in the transfer of less than the total number of credit hours awarded within the baccalaureate degree.

Transient Student Applicants

A student in good standing with a minimum 2.0 GPA at the last regionally-accredited institution attended who desires to enroll for one term at UCF may be considered for admission as a transient student. Such enrollment terminates at the end of one term and does not presuppose degree-seeking admission to the University. A transient student must submit an official transcript from the last institution attended. Transient student applications must be received by the appropriate application deadline. If a student's last school of attendance is a Florida public institution, they must apply through the Florida Shines website at [http://www.floridashines.org](http://www.floridashines.org). Transient students are not eligible to receive financial aid. Registration is permitted on a space-available basis. Meeting minimum GPA requirements does not guarantee admission.

Non-Degree Seeking Applicants

A student who wishes to attend UCF, but not work toward a degree and has not already earned a bachelor's degree, must apply to the Office of Undergraduate Admissions as a non-degree seeking student. Non-degree seeking applicants must follow the same procedure and must meet the same admission requirements as transfer applicants. Please see the details on the previous page for transfer applicants. Meeting minimum admission requirements does not guarantee admission.

International Applicants

The University of Central Florida is authorized under federal law to enroll students on non-immigrant visas. All international candidates applying for admission to UCF must submit a University of Central Florida Undergraduate Admissions Application online at [http://admissions.ucf.edu](http://admissions.ucf.edu). Because of additional processing time needed for non-immigrant students joining UCF on F-1 or J-1 visas, those students should submit the application and all required academic documentation by the international application deadlines, as follows: Fall: **March 1**; Spring: **September 1**, and Summer: **January 1**.

The following items will be needed in order to review an application for admission. Specifics regarding which documents are required for freshman and transfer students
can be found on our International Applicants page: https://admissions.ucf.edu/apply/international/.

- UCF admission application with the required $30.00 non-refundable application fee (credit card or e-check online, check or money order in U.S. currency). The online application is available on our website at http://www.admissions.ucf.edu. First-Time-In-College (FTIC) students can also apply using the Common Application at http://www.commonapp.org.

- Students who attend/have attended an international secondary school must submit official transcripts, graduation certificates, and/or exam results of all secondary work to UCF. If you have questions regarding required documentation, please refer to the reference guide by country at:https://www.ucf.edu/admissions/undergraduate/wp-content/uploads/sites/4/2018/11/Intl-Secondary-School-Credentials-Country-Reference-Guide-v.-1.0.pdf . All documentation submitted in a language other than English must be accompanied by a literal translation performed by a certified translator at the issuing institution, government agency, or by a translator certified by the American Translators Association https://www.atanet.org/clients/client_certified_translation.php.

- Official AP, IB, AICE, CLEP, CAPE, and GCE A/AS Level score reports for exams taken. CAPE and GCE AS/A-Level examinations results, not granted by Cambridge Assessment International Education, will need to be submitted for evaluation by one of these agencies: Josef Silny & Associates or World Education Services.

- If the student has attended any international universities, an English translation and evaluation of work completed at each institution will be necessary. Transcripts should be sent to one of the agencies below for a course-by-course evaluation. Please note that if 60 or more transferable credit hours have been earned at a post-secondary institution, it will not be necessary to submit the secondary school records and SAT/ACT scores. In specific instances, for applicants with 30 to less than 60 transferable credit hours, it may also be unnecessary to submit these documents as well. Please go to https://admissions.ucf.edu/30-or-more-fewer-than-60/ for more information.

- Demonstrated English proficiency can be evidenced by one of the following:
  - proof that the student is from a country where English is the only official language
  - establishing that a prior bachelor's, master's or doctoral degree was earned from a regionally accredited college or university in the United States
  - establishing that a prior bachelor's, master's or doctoral degree was earned from a country where English is the only official language, or a university at which English is the only official language of instruction
  - submitting a qualifying score on the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). Qualifying scores for undergraduate applicants are a TOEFL computer-based score of 220, a TOEFL internet-based score of 80, a TOEFL paper-based score of 550, or an IELTS score of 6.5
  - presenting a minimum 520 EBRW rSAT score or 480 Critical Reading SAT or 20 ACT (English section)
  - completion of 4 years of English at a secondary school in the U.S.
  - completion of the English Language Institute's (ELI) level 8 or higher with a grade of a "B" or better
  - completion of EAP 2851 with a grade of a "C" or better or placement into ENC 1101
  - an onsite assessment by UCF ELI faculty qualified to administer English proficiency assessment and determining that the student is English proficient at the university level

- Results of the SAT Reasoning Test, redesigned SAT (rSAT), or ACT will be required if the student has earned less than 30 credit hours of college credit and may be required if the student has earned at least 30 but less than 60 transferrable semester hours. Information regarding these examinations may be obtained from the College Board (SAT) at http://www.collegeboard.org (UCF code: 5233) or from ACT at http://www.act.org (UCF code: 0735). While there are no specific minimum score requirements for these examinations for admission, they are used in conjunction with other required credentials, and students should
prepare sufficiently to achieve the highest possible score on these exams.

F-1 applicants must complete and submit required financial and immigration documents with UCF Global by the term specific deadline, including a "Certification of Finances" form and supporting financial documents indicating financial support to cover educational and other expenses for the first year of study. These documents can be found online at https://www.international.ucf.edu/international-students-scholars-and-professionals/international-admissions/undergraduate/ and must be on file prior to the issuance of the I-20 or DS-2019 forms by the University.

Educational Translations and Evaluations

Foreign diplomas must meet the requirements specified in Florida Statutes, section 229.814. UCF will accept evaluations of academic credit from these agencies:

Josef Silny and Associates  World Education Services

Mandatory Health Insurance for International Students on F and J Visas

Each international student on a F or J visa offered admission and dependents of J visa students shall, prior to registration for classes, submit proof of required health insurance coverage to UCF Student Health Services to comply with the State of Florida mandatory health insurance requirement for F and J students. Minimum coverage limits are posted on the Student Health Services website at http://www.studenthealth.ucf.edu. Use the link for International Students that directs you to information specific to the UCF-endorsed health insurance plan that meets all the State of Florida requirements. Proof of insurance coverage must be submitted to Student Health Services via the online submission system and may not be submitted via email.

The University reserves the right to refuse registration to any international student on F or J visa who fails to comply with this insurance requirement or who is unable to supply satisfactory proof of insurance. The University also reserves the right to withdraw from classes any international student who fails to maintain insurance coverage, cancels insurance coverage while still enrolled as a student, or avoids in any way the responsibility to comply with the insurance requirement. For questions, call UCF Student Health Services at 407-823-6295 or go to their website noted above.

Non-Academic Admission Clearances

Florida Board of Governors Regulation 6.001 (7) authorizes universities to refuse admission to applicants due to past misconduct. The University further requires the Vice President For Student Development and Enrollment Services or his/her designee to review all applications disclosing information regarding any prior criminal conviction or conduct problem at another institution and to make a decision as to whether the admission of this applicant will be in the best interest of the University. This statement describes the procedure and assigns responsibility for the review of these applications for admission. Applicants who fail to disclose any prior criminal conviction or conduct problem at another institution and such fact is subsequently discovered by the University, shall be denied admission or readmission, or may receive any other academic and/or disciplinary action prescribed by the University, including but not limited to academic dismissal.

Transfer Credit: All Applicants

All grades from a regionally-accredited college or university in transfer courses that are normally part of a baccalaureate degree program are shown on the student's permanent UCF record. Effective Fall 2001, the University recognizes a grading system of plus or minus. In addition, grade forgiveness is honored only if it has been awarded as part of an AA or a specific statewide articulated AS degree from a Florida public institution. Credit is not awarded based on job descriptions, life experience, course work that is non-academic, or transfer course work from a non-regionally accredited institution included within a baccalaureate degree earned from a regionally accredited institution.

Accredited Institutions

For the purposes of this Undergraduate Catalog, "Accredited Institutions" means those colleges and universities accredited by any of the following seven regional associations:

- Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges - (ACCJC);
- Higher Learning Commission (HLC);
The accreditation status of all foreign institutions must be evaluated through either Josef Silny and Associates, Inc. or World Education Services.

All college-level credits earned for which official transcripts or evaluations have been submitted will be compiled into a "Transfer Summary Report" (TSR) soon after the student is offered admission. Some credits listed on the TSR may not be applicable toward graduation course requirements. The TSR will be the basis for constructing a Degree Audit, which applies earned credits to the intended degree program. The Degree Audit provides the student with an assessment of which degree requirements have been met and what remains to be satisfied. Although all college-level course work transferred from a regionally accredited institution or the equivalent on an international evaluation from WES or JS&A is shown on the TSR and the UCF transcript, applicability of the course toward a degree requirement is determined by the college/school/department of the major that owns the course.

General Education Transfer Credits

Transfer students from a Florida College System institution or state university may satisfy the General Education Program requirements of UCF by completing the general education program prescribed by that institution. Transfer applicants with incomplete general education programs will have their credits evaluated on a course-by-course basis.

Credits from Private and Out-of-State Institutions

Transfer credit from private junior and senior colleges and out-of-state institutions will be evaluated on a course-by-course basis. Each student must submit the necessary petition(s) to the appropriate college/school/department of the major that owns the course to determine which courses will transfer with regard to degree progress at UCF. Transfer courses that meet the requirements of the General Education Program and the Gordon Rule are determined through the process described in the "Undergraduate Degree Requirements" chapter of this Undergraduate Catalog. Petition procedures vary by college. Generally, the petitioning of transfer courses for satisfaction of college and major requirements should be done during the second full term of the student's residency at UCF, so that the accepted transfer courses are understood clearly by the student and the faculty advisor early in the student's tenure at UCF.

Credits from Military Service School Courses

Completed military service school courses may be evaluated on the basis of the recommendations of the American Council of Education (ACE) when official credentials have been properly presented. While credit may be granted when courses are equivalent to those offered by the University, recommendations by the ACE are not binding upon the University. Even though military records may have been evaluated by another regionally-accredited institution, it is important to have official credentials sent to UCF for evaluation. Credit is not awarded for basic training.

Baccalaureate Honors

Transfer students should be aware that eligibility for graduation with baccalaureate honors requires the completion of a minimum of 48 credit hours at UCF and is based upon an overall grade point average (including all transfer credit). For more details, refer to 'Academic Honors' within the "Academic Regulations and Procedures" section of this Undergraduate Catalog.
Student Financial Assistance

Office of Student Financial Assistance

Director: Alicia Keaton
MH 107; Switchboard: 407-823-2827; Fax: 407-823-5241
Email: finaid@ucf.edu
http://finaid.ucf.edu

Office Hours:
Monday and Thursday: 9:00 a.m. - 5:30 p.m.
Tuesday, Wednesday, Friday: 9:00 a.m. - 5:00 p.m.
(Hours subject to change during holidays and semester breaks.)

The Office of Student Financial Assistance, a unit within Student Development and Enrollment Services, is dedicated to supporting UCF's mission and goals through the efficient delivery of student aid. The office provides UCF students with a comprehensive offering of financial assistance options to support student success and the attainment of a university degree. Financial aid counseling is available on a walk-in basis. To protect the privacy of student records, we offer limited counseling services through phone and email.

Student Eligibility

To receive aid from most federal and state financial aid programs, students must meet certain requirements. All students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) annually, before December 1, to determine eligibility. The FAFSA results are required for many programs. The federal processor, using a standardized formula, calculates financial need. Those results are then forwarded to the schools that were identified on the application. UCF must be listed on the FAFSA in order to receive the data. UCF's Federal School Title IV code is 003954. Regulations are subject to change at any time.

Application Priority Date

All students must apply or reapply annually for financial aid. To be considered for the full range of financial aid available, students should complete the Free Application for Federal Student Aid (FAFSA)/Renewal FAFSA by mid-February. The processed results of the FAFSA must be received by UCF no later than December 1 to meet the university's application priority date.

- If the priority date is missed, students should apply as soon as possible after that date to be considered for the financial aid that is still available, such as the Federal Pell Grant, Federal Direct Stafford Loan, and Federal Direct PLUS Loan;
- Students should not wait to be admitted to UCF before applying for financial aid; however they cannot be offered a financial aid package until they have been admitted to the university;
- Federal Pell Grants and Federal Direct Stafford Loans are available on a year-round basis. Students may apply for financial aid in advance of any term and receive aid from these programs, if eligible;
- Students enrolling in the fall semester should submit all requested documents by the May 30th priority deadline for timely review and processing of their financial aid file. However all students should have a completed financial aid file at least 60 days prior to the beginning of any given semester. Students who apply late for aid should be prepared to cover their own living expenses, out-of-pocket, well into the term;

Student Rights and Responsibilities

Students have the right to full information about the financial aid programs available at UCF, our application procedures, aid deadlines, and the criteria used to determine a financial aid package. Students have the right to appeal decisions made by the Office of Student Financial Assistance. Students also have the right to equitable treatment of their financial assistance applications. Although each student's case is analyzed individually, eligibility standards are applied uniformly without regard to race, gender, religion, creed, national origin, or disability. All students' records are confidential.

It is the student's responsibility to review and understand all information and instructions, meet all deadlines, and provide all information and documentation accurately. Errors and omissions can cause delays and prevent students from receiving assistance. Misrepresentation is a violation of federal regulations.
A broad range of scholarships is available with diverse criteria. Please review the Scholarship page found on the website for additional information.

Application Procedures

- The FAFSA can be filed electronically at http://www.fafsa.ed.gov;
- Using the IRS Data Retrieval Tool found within the FAFSA is the most accurate, and secure method of providing the required federal tax information. Applicants who use the unchanged data generated by the IRS Data Retrieval Tool will not be required to provide federal tax return transcripts from the IRS to the financial aid office. Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, may be required to submit IRS tax return transcripts to verify tax information. Per federal regulations, copies of income tax returns (Form 1040, 1040EZ, etc.) are no longer acceptable. The only exceptions to this rule include those who file tax returns in Puerto Rico or foreign countries;
- Information provided on the Student Aid Report (SAR) should be reviewed thoroughly;
- Review all correspondence, follow instructions on the Student Aid Report (SAR), and follow through within 5 – 10 business days. Delays can be costly as well as frustrating;
- Federal regulations require that some students be selected for verification. If selected, students will be required to provide documents supporting the information submitted on the FAFSA. Subsequent requests for data may be necessary after initial submissions are reviewed. Prompt response to requests will expedite completion of this process;
- Students selected for verification for the 2018-19 aid year are advised to submit all requested documents by the May 30th verification priority deadline for timely processing. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.
- Late or incomplete submission of documents can result in delayed disbursements or possible loss of eligibility for aid.
- Offered federal funds and other need-based financial aid are considered estimates until verification is complete and all necessary corrections have been made.

Specific Eligibility Requirements and Conditions for Receiving Financial Aid

- Students must be accepted and classified as degree-seeking at UCF in an eligible program of study. Only courses toward degree requirements count for financial aid purposes;
- Students must maintain UCF’s Standards for Satisfactory Academic Progress (See http://finaid.ucf.edu/receiving/sap/ for more information);
- Students are required to inform the Office of Student Financial Assistance of any additional sources of aid they expect to receive beyond those listed on the award notification or award information provided on the Student Center on myUCF. Any subsequent awards or income may require a revision of the financial aid package. This includes, but is not limited to, any private scholarships or third-party tuition payment/waivers;
- Students may not receive aid in excess of their Cost of Attendance (See http://finaid.ucf.edu/applying/costs/ for more information);
- Students must not be in default on any federal educational loan or owe repayment on a federal grant at this or any other institution;
- Students must provide all information requested for the completion of their file. If selected, verification must be completed within specified deadlines and prior to the receipt of all federal and most state and institutional funds;
- Students must notify the Office of Student Financial Assistance of any changes in their housing status, household size, or family members in college from that listed on their FAFSA;
- Students must reapply annually for financial aid;
- Students must accept, reduce or decline offered loan(s) on the myUCF View Financial Aid screen. First time borrowers must complete an online Entrance Counseling and Master Promissory Note (MPN) for a Federal Direct Stafford Loan at UCF;
- Students must be U.S. citizens or an eligible non-citizens, (e.g. resident aliens). Eligible non-citizens include a permanent U.S. resident with a Permanent Resident Card (1551); a conditional permanent resident with a Conditional Green
Card (I-551C); as well as some I-94 classifications;

- Students must have a high school diploma, GED certificate, or completed secondary school through homeschooling as defined by state law;
- For need based programs, students must show financial need as determined by the FAFSA;
- Male applicants must be registered with Selective Service, if applicable.

Program Eligibility Charts

To ensure enrollment in sufficient hours for the various financial aid programs, please refer to the Program Eligibility Charts on the website, under Receiving Aid (See http://finaid.ucf.edu/receiving/pec/ for more information).

Helpful Hints

- Apply early to be considered for the full range of financial aid available each year by completing the Free Application for Federal Student Aid (FAFSA)/Renewal FAFSA. The processed results of the FAFSA must be received by UCF from the federal processor by December 1 to meet the university's application priority date;
- Use the IRS Data Retrieval Tool located within the FAFSA application. Applicants who use the unchanged data generated by the IRS Data Retrieval Tool will not be required to provide federal tax return transcripts from the IRS. Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, will be required to submit IRS tax return transcripts to verify tax information. Per federal regulations, copies of tax returns (Form 1040, 1040EZ, etc.) are no longer acceptable. The only exceptions to this rule include those who file tax returns in Puerto Rico or foreign countries;
- Students selected for verification for the 2018-19 aid year are advised to submit all requested documents by the May 30th verification priority deadline for timely processing. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.

School Costs

Estimated student budgets have been developed as a guide to help students anticipate their costs at UCF. Please refer to the website at http://finaid.ucf.edu/applying/costs/ for the estimated Cost of Attendance. The Cost of Attendance is not a bill. It is considered estimated charges a student can expect to incur upon enrolling in classes at the university.

Financial Aid Programs Available at UCF

Financial aid comes in many forms, such as grants, scholarships, employment, loans and waivers. The Program Eligibility Charts on the website under "Receiving Aid" list the various programs and their specific enrollment requirements. Detailed information for each program can also be found on the website under its particular title.

Grants are considered gift aid and do not have to be repaid. Only undergraduate students who have not previously received a bachelor's degree and who demonstrate financial need may be eligible for grant programs. Awards are based on the amount of available funds and the number of eligible applicants. To be considered for grant awards, students must meet eligibility requirements and have a valid FAFSA on file at UCF.

Scholarships are awarded based on various criteria, including financial need, campus/community activities, leadership positions, academic success, and work experience. Scholarships are designed to reward, encourage, and assist students in pursuing academic excellence and leadership roles.

Federal Work Study is designed to provide students who demonstrate financial need a chance to earn money while pursuing a degree. Individual departments hire students while the Office of Student Financial Assistance determines the eligibility, award amount, and pay rate.

Loans are borrowed funds that must be repaid. They provide undergraduate students with an opportunity to invest in their future. Undergraduate students must enroll for at least six hours at UCF in UCF classes to be considered for federal loans. First time Federal Direct loan borrowers are subject to a maximum time period (measured in academic years) to receive Federal Direct Subsidized Loans. Students may not receive Federal Direct Subsidized Loans for more than 150% of the published length of their academic program. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. Visit our website for details.

Award Notification

Award notifications for first time UCF students are sent electronically in early March, while email award notifications are sent to continuing students who meet Satisfactory Academic Progress standards in April. Initial awards may be amended due to factors such as contingent admission status, less than half-time enrollment, lack of academic progress, changes needed due to verification, incomplete files, receipt of additional resources, etc.

Financial aid awards will be based upon the student's financial need, the amount of available funds, the number of UCF students who qualify for aid, and the date the student completes the application process. The amounts
listed on the award notifications are estimates based on full-time enrollment. For purposes of financial aid, enrollment is based solely on classes that count toward degree completion.

Admission to UCF must be finalized with no contingencies. Students must be classified as degree-seeking.

Verification, if required, must be completed. Students must meet the Standards for Satisfactory Academic Progress. If all eligibility is met, financial aid funds may be disbursed.

It is the student's responsibility to be aware of minimal requirements for each program, which can be found on the Program Eligibility Charts on the website. When requirements are no longer met, awards will be adjusted as necessary and will update on myUCF. All awards are subject to change.

Deferrals of Tuition and Fees

Deferments allow students to extend payment of tuition and fees beyond the published due date, which is generally two weeks after the term begins. The fee invoice reflects the deferred due date for tuition and fees. Students given a deferment are advised that their tuition and fee charges must be paid by the due date noted on the student's fee invoice, which is the deferment date. The deferment process occurs automatically if the student is meeting all general eligibility requirements and has enrolled in sufficient hours for the financial aid program/s. Please refer to the Program Eligibility Charts on the website for more information. Students should use myUCF to obtain up-to-date information. In order for loans to defer tuition and fees, students must accept the offered loan on myUCF View Financial Aid screen. In order to have access to accept loans, all required items on the To Do List must be submitted. Students must drop classes prior to the end of Drop/Swap and Add in order to not be fee liable for those classes. If students do not drop their classes, a financial aid deferment may keep the classes active even if they never attended.

Confirmation of Academic Engagement and Disbursements

Timing of disbursements is contingent upon students meeting all conditions for receiving aid. Disbursement of financial aid begins the second week of the semester and continues each week thereafter. During the first week of classes students are required to confirm academic engagement in each of their courses. This is done through either the student completing an academic activity that has been established by the faculty member or by faculty physically taking attendance. Students may complete the academic activities after the first week of classes but they may receive a later disbursement of aid for those courses. At the end of the Drop/Swap and Add period, awards are adjusted based on the student's enrollment and confirmation of academic engagement. The week following, the disbursement process is initiated by moving students' awards to the student's account. Once funds are disbursed to the Office of Student Account Services, the disbursement record is posted on myUCF under "View My Account" on the Student Center. Charges appearing on the student's account will be deducted at that time. Any remaining financial aid will be processed as a refund with the exception of any Federal Direct PLUS Loan for Parents, which will be disbursed to the parent at their mailing address. If charges remain on the account after disbursements, or if subsequent charges are made to the student's account, it is the student's responsibility to ensure they are paid. Students signed up for direct deposit should allow up to four business days for funds to show in their bank account. For refund checks that are being mailed, students should allow at least a week to receive their check at their current mailing address reflected on myUCF.

Students should be aware of the disbursement process so that they are prepared to use their personal savings for anticipated expenses such as books and supplies at the beginning of the term. The Short Term Advance (STA) for Books or the Textbook Purchase Program is available for students to help with these expenses. The STA application is available for download prior to each term, so that funds may be available as early as two weeks before the first day of classes. For additional information regarding these two programs, visit http://finaid.ucf.edu/receiving/funds-for-books/.

Satisfactory Academic Progress (SAP)

Federal regulations require the University to establish Standards of Satisfactory Academic Progress as a general eligibility requirement for financial aid. A student must maintain satisfactory academic progress in a course of study regardless of whether the student previously received financial aid or transferred in from another institution.

To meet the standards adopted by the University of Central Florida, a student must:

- Maintain a minimum cumulative GPA of a 2.0 at the undergraduate level.
Complete a minimum of 70% of all credit hours attempted including transfer hours.

Graduate within the number of hours allowed by the Satisfactory Academic Progress policy. Students are allowed a specific number of attempted hours based on their classification. This includes transfer hours accepted toward the degree plus all UCF hours (see chart below).

<table>
<thead>
<tr>

<tr>
<td>Specialist</td>
<td>100 Attempted Hours (including all graduate level hours)</td>
</tr>
<tr>
<td>Doctoral</td>
<td>120 Attempted Hours (including all graduate level hours)</td>
</tr>
</tbody>
</table>

Students who do not meet the GPA and/or percentage completion SAP standards will be placed on financial aid warning for the next semester. At the end of that semester, students must either meet the standards or aid will be canceled for future terms until student either meets the standards or the student has an appeal approved placing them on financial aid probation with an academic plan on file demonstrating the requirements for the student to get back on track towards graduation.

Repeated course/s, including the original attempt, will be counted towards the completion ratio and maximum time frame requirements.

For detailed SAP policy information, please refer to the Office of Student Financial Assistance website at http://finaid.ucf.edu/receiving/sap/.

Re-establishing Eligibility after Cancellation

Any student with extenuating circumstances, (i.e., death of a relative, an illness or injury of the student, etc.), who is placed on cancellation status may appeal to the Financial Aid Review Committee for reinstatement based on his/her special case.

If the student was canceled for the failure to complete 70% of the attempted hours and since cancellation, has brought up the percentage to a minimum of 70%, the student will be reinstated during the end of the semester review process. If a student was canceled for not meeting the GPA requirement, they will be placed back on a reinstated status once their GPA has been brought up to the required level during the end of semester review process.

To appeal, the student must:

- Complete the Satisfactory Academic Progress Appeal Form; (available at http://finaid.ucf.edu, under Forms).
- Include a detailed statement that explains the extenuating circumstances that prevented or resulted in the student not meeting the SAP standards.
- Attach documentation supporting specific circumstance(s) to the appeal form;
- Meet with an Academic Advisor and have the advisor complete an Academic Plan for Financial Aid;
- Submit the appeal, supporting documentation, and academic plan to the Office of Student Financial Assistance. After a thorough evaluation of the written request and all supporting documentation, the Financial Aid Review Committee will notify the student of the decision by email communication or the student may view the updated status on myUCF, under View Financial Aid Status.

For detailed SAP policy information, please refer to the Office of Student Financial Assistance website at http://finaid.ucf.edu/receiving/sap/.

Satisfactory Academic Progress Probation

Students who submit a SAP Appeal that is approved will be placed on Financial Aid Probation, and will be continued on Financial Aid Probation status as long as they
successfully comply with the prescribed academic plan that is submitted as part of the SAP Appeal. Progression will be monitored during the probationary period at the beginning and end of each semester to ensure the student is following the prescribed academic plan and successfully matriculating through their program of study. Disbursements will not be made for a semester unless it is verified that the prior review (if applicable) was acceptable and student is in the proper classes for the term in question. All probation students must successfully complete a minimum of 70% of the credit hours that they attempt each semester. In addition, students on probation for GPA and/or completion ratio must make positive progression in the appropriate area(s).

Transfer Students

Transfer students should pay close attention to priority filing dates. If a FAFSA for the year in question has already been filed, request that the federal processor forward the information to UCF, School Code 003954, by utilizing Part II of the Student Aid Report and adding the UCF School Code to the online FAFSA, or calling the Federal Student Aid Information Center at 1-800-4 FED AID. The To Do List on myUCF will indicate any required forms.

Transfer students expecting to receive the Florida Bright Futures Scholarship at UCF are required to contact the Florida Department of Education Office of Student Financial Assistance (OSFA) to transfer their scholarship from their previous institution to UCF. Students can call OSFA at 1-888-827-2004 or log onto the Bright Futures Scholarship website at https://www.floridastudentfinancialaidsg.org/home/AppyHere.asp to transfer the scholarship to UCF.

Independent Students

You will be classified as independent for financial aid purposes if at least one of the following applies:

- Were you born before January 1, 1995?
- As of today, are you married? (Also answer "Yes" if you are separated but not divorced.)
- At the beginning of the 2018–19 school year, will you be working on a master's or doctorate degree program (such as an M.A., MBA, M.D., J.D., Ph.D., Ed.D., graduate certificate, etc.)?
- Are you currently serving on active duty in the U.S. armed forces for purposes other than training? (If you are a National Guard or Reserves enlistee, are you on active duty for other than state or training purposes?)
- Are you a veteran of the U.S. armed forces?*
- Do you now have or will you have children who will receive more than half of their support from you between July 1, 2018, and June 30, 2019?
- Do you have dependents (other than your children or spouse) who live with you and who receive more than half of their support from you, now and through June 30, 2019?
- At any time since you turned age 13, were both your parents deceased, were you in foster care, or were you a dependent or ward of the court?
- Has it been decided by a court in your state of legal residence that you are an emancipated minor or that someone other than your parent or stepparent has legal guardianship of you? (You also should answer "Yes" if you are now an adult but were in legal guardianship or were an emancipated minor immediately before you reached the age of being an adult in your state. Answer "No" if the court papers say "custody" rather than "guardianship.")
- At any time on or after July 1, 2017, were you determined to be an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless, as determined by (a) your high school or district homeless liaison, (b) the director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development, or (c) the director of a runaway or homeless youth basic center or transitional living program?**

Transient Enrollment

Students who have been approved to take classes at another institution while attending UCF might have those hours counted toward meeting financial aid requirements for some programs at UCF. Courses taken elsewhere must meet some major or general education requirements to be calculated as part of student aid eligibility. Transient enrollment will not meet eligibility criteria for institutional aid programs, such as UCF Grant, UCF Scholars Award or Pegasus Scholarships. Check the Program Eligibility Chart for detailed requirements for each program. Students who expect to receive funds under any of the federal loan programs must enroll for a minimum of six undergraduate hours at UCF in UCF classes to meet eligibility requirements.
UCF students attending a Florida public community/state college or university must complete the Transient Student Admission Application through Florida Shines at https://www.floridashines.org/.

UCF students attending any college or university other than a Florida public institution must submit the following documents to the Office of Student Financial Assistance on or before the withdrawal deadline of the term in which aid is to be disbursed:

1. Transient Notification Form for Financial Aid for Out of State and Private Institutions.
2. A copy of the Fee Invoice and Class Schedule from the transient (host) Institution.
3. A copy of the Transient Student Approval Form with required signatures from Academic Advisor, Academic Services (if required) and UCF Registrar's Office.
4. A completed Consortium Agreement Form signed by the transient school's Financial Aid Office.

Students who are enrolled in transient hours must make arrangements to pay tuition and fees at the visited school since there is no system for deferral of those tuition and fees. In addition, it is the student's responsibility to ensure that the visited school promptly provides the UCF Registrar's Office with academic transcripts at the conclusion of the term, confirming that the attempted hours are completed. This will help avoid Satisfactory Academic Progress problems.

Students may not receive financial aid from two institutions for the same semester. Students must decide which of the two institutions is the primary school at which they are degree seeking and apply for aid there. Any inaccuracy will result in a mandatory repayment to one of the two schools for the overpayment.

Over Awards

An over award occurs when a student's award package has exceeded either the unmet need or Cost of Attendance. To prevent over awards, students are required to notify the Office of Student Financial Assistance of any potential awards not already listed on the student's financial aid award summary on the Student Center in myUCF. In the event of an over award, the student's award package is reduced to eliminate the over award, which may result in a repayment to the institution of the over award. This includes late scholarship notifications that may occur during the academic year. Students are advised to discuss the impact of receiving scholarship funding after other financial aid funds have disbursed with the financial aid office.

Refunds and Return of Title IV Funds

Students should be aware that if they completely withdraw (officially or unofficially) from the university after having received financial assistance, they may be required to repay a portion of that assistance. Students who received Federal Direct Stafford Loans should also know that the Registrar's Office is required to notify the National Student Loan Data System (NSLDS) of student withdrawals. This may change their loan deferment status with their loan servicer(s).

Professional Judgment

There are some cases when the federal methodology used to determine a student's eligibility does not reflect the student's current situation. In these cases, special circumstances may be taken into consideration. Students with extenuating circumstances (i.e. loss of employment, divorce, death of parent/spouse, etc.) should contact the office to review their specific situation with a counselor. If a student presents extenuating circumstances, an appeal can be submitted to include support documentation for review. The appeal will be reviewed and a decision will be made through the Professional Judgment review process.

Repeated Coursework

Federal regulations state that students may only receive federal financial aid funding for one repetition of a previously passed course. As a result, any repeated course/s that the student enrolls in (current or future terms) cannot be used in the calculation of his/her enrollment level for financial aid purposes for that particular term, regardless of whether or not financial aid was received for the course(s). The repeated course(s), including the original attempt, must be counted towards maximum time frame and hours completion ratio requirements for Satisfactory Academic Progress purposes, which can impact a student's financial aid eligibility. For detailed information, visit http://finaid.ucf.edu/receiving/repeat-coursework/.
Maximum Time Limitation on Direct Subsidized Loan Eligibility

There is a limit on the maximum period of time an undergraduate student can receive Direct Subsidized loans. First time Federal Direct loan borrowers on or after July 1, 2013, are subject to a maximum time period (measured in academic years) to receive Federal Direct Subsidized Loans. In general, students may not receive Direct Subsidized Loans for more than 150% of the published length of their program of study. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. Visit our website for more information.

Excess Hours Surcharge

In 2009, the Florida Legislature implemented Section 1009.286, Florida Statutes to encourage students to complete their baccalaureate degree as quickly and efficiently as possible and established an excess hours surcharge. The bill requires universities to add a surcharge to each credit hour taken in excess of the total number of credit hours required to complete the degree being pursued. The amount in excess of the total hours is calculated based on a percentage defined in statute and is referred to by UCF as baseline hours limit. The amount charged per credit hour is a calculated amount referred to as the excess hour surcharge.

The financial aid office cannot increase students cost of attendance as a result of being charged the excess hour surcharge nor can federal financial aid be used to pay for this charge. State, institutional, and private funding can, however, pay this charge. The excess hour surcharge is a state statute and should not be confused with the federal SAP standards. Students are encouraged to meet regularly with their academic advisors to map out a timely completion of their degree. For more information, please refer to http://registrar.ucf.edu/excess-hours.
Student Account Services "Tuition & Fees"

Student Account Services

*Bursar:* Kelly D'Agostino  
MH 109; 407-823-2433  
Email: studentaccounts@ucf.edu  
http://www.studentaccounts.ucf.edu/

General Information

Student Account Services is here to serve the students who attend the University of Central Florida by maintaining accurate financial records and communicating with students concerning their accounts.

The Student Account Services office is responsible for:

- Tuition and Fee Assessment/Refunds
- Processing Payments
- Overdue payment and institutional loans collection (Loans and Collections)

Schedule of Fees

Note: 2019-2020 tuition and fees had not been established at the time of this publication. Rates for the 2019-2020 academic year will be available in July 2019 at http://studentaccounts.ucf.edu/tf-tuitionratescurrent/. Fees are subject to change without notice.

Tuition and Fees: Tuition and fees are established by the State Legislature and the University Board of Trustees and are subject to change without notice. Fees are affected by residency status. Tuition and fees are charged per semester or term for main campus, regional campus, and continuing education courses. Tuition is assessed on a per credit hour basis. Students classified as zero-hour registration students are assessed one credit hour at the Florida Resident Tuition rate at the course level for which the student is registered.

Tuition Fee Invoice: A student's Fee Invoice will show all tuition and fee charges, payments and deferments associated with the term, and courses in which the student is currently enrolled. The Fee Invoice will not show fees such as housing, meal plan, library, parking, etc. Tuition Fee invoices are available 24/7 on the web https://my.ucf.edu, and from the student's college advising offices. Students should review their current Tuition Fee Invoice prior to making a payment. Tuition Fee invoices are not mailed. The Tuition Fee Invoice should be reviewed once after initial registration of courses and also after making any changes to the initial registration to ensure that the fees are adjusted accordingly.

Fee Payment Deadlines: All University tuition and fees must be paid by the published dates. Tuition and fees not paid or deferred by the payment deadline for each term will result in late fees and may result in the cancellation of all classes. Refer to the Academic Calendar each term for the fee payment deadlines.

Limited Non-Degree Enrollment Classes: Payment guidelines for Limited Non-Degree enrollment classes can be found on the "Registration Form for Non-Admitted Students." It is the student's responsibility to officially drop from courses to avoid additional financial obligations.

Student Financial Responsibility Statement

Registration at UCF requires students to acknowledge the following financial responsibility statement:

The following agreement includes details on your responsibilities related to, but not limited to the following:

You are responsible for paying for any course for which you are enrolled in at the end of UCF's drop period. If your account becomes delinquent, you agree to reimburse UCF for the fees of any collection agency, which may be based on a percentage of the delinquent account balance.

Fee Responsibility: By registering for courses at UCF, I promise to pay the university the principal, and any late fees, fines or penalties, by the due dates stated on my student account and in applicable university catalogs and/or websites. I understand that withdrawal for each term begins after the drop deadline and that I remain fee liable for any class from which I withdraw. I understand that non-attendance does not constitute a drop or withdrawal. I also understand that notifying my professor, advisor, or other university representative does not constitute a drop or withdrawal. If I withdraw from courses with the intent of not returning to UCF, I must also drop courses for any future terms or I shall be fee liable and receive a grade.
Payment of Fees: If payment is made by check (electronic or paper) and the check is not honored by my bank, I agree that a returned check fee will be charged to my student account. If I expect financial aid to pay all or part of my financial obligations to UCF, I understand that it is my responsibility to meet all requirements for aid disbursement to my student account. I authorize UCF to use the financial aid to pay for all education costs charged to my student account in accordance with federal guidelines. I understand that it is my responsibility to ensure that all requirements of grantors, lenders, employers, and other third-party payers are met on a timely basis. I understand that despite my expectations for payment from financial aid or other sources, I am ultimately responsible for all charges incurred. I understand that my financial aid may be adjusted due to my student eligibility and/or student status (e.g., part-time, full-time). In connection with any such adjustments, I agree to repay UCF any amounts that the university pays, on my behalf, to lenders or other financial aid providers and that such amounts constitute an educational loan from the university.

Bankruptcy: UCF is an institution of higher education. As such, certain financial obligations are considered to be an educational loan offered for the sole purpose of financing an education and therefore is a non-dischargeable debt, pursuant to United States Bankruptcy Code section 523(a)(8).

Official Notification: I understand that UCF sends electronic notifications (emails) to my official Knights e-mail account to communicate important updates and that I am responsible for taking action on correspondence sent to this address.

Note: The Fall 2019 Financial Responsibility Statement had not been established at the time of this publication.

Payment Procedures

Payment must be received or postmarked no later than the fee payment deadlines as specified on the Academic Calendar. The primary form of payment of most account holders is online through the E-pay system via the myUCF portal. Students can pay using a check or a credit card in this system. Payments cannot be transacted by telephone.

Acceptable forms of payment:

Personal Checks

Credit Cards (Acceptable credit card types are American Express, MasterCard, and Discover). Please review the Student Account Services website at http://studentaccounts.ucf.edu/payment-methods/ for current payment information.

E-Pay - https://my.ucf.edu – E-Check (Personal Check) or Credit Card

- A nonrefundable convenience fee will apply per credit card transaction.
- Payments made at any time on the published fee payment deadline will be considered on time.

E-Pay process:

- Sign in the myUCF portal as usual then click on the link for Student Self Service; this will open your Student Center page. Use the right scroll bar to scroll to the Finances section. You will find the My Account section.
- Click on the link for the Tuition Fee Invoice. Select the current term (i.e. Summer 2018, Fall 2018, or Spring 2019). The Fee Invoice will provide you your schedule, the charges, the Amount Due and deferrals.
- Annotate the Amount Due as you will need that amount once you are on the E-Pay system.
- Scroll down to the bottom of the page and click on the Due Charges/E-Pay link to make a payment.

Mailed payments: (Please do not send cash)

- Include student's name and UCF ID# on personal checks or money orders (make check payable to University of Central Florida)
- Address payments to:
  University of Central Florida
  Student Account Services
  Attn: Payment Processing
  P.O. Box 160115
  Orlando, FL 32816-0115

Payment Drop – 24-Hour Depository at main campus (located on Reflecting Pond side entrance of Millican Hall) (no cash)

Other Forms of Payment

Tuition and fees may be partially or completely paid by financial aid, Florida Prepaid, tuition waivers, or departmental grants. The student is responsible to pay any amount that is not covered by these types of payments by the due date on his or her fee invoice.
Financial Aid

See Student Financial Assistance for rules and procedures.

All fees not deferred by financial aid are due by the due date on his or her fee invoice.

For information regarding Florida Prepaid College Plan or Tuition Waivers, please refer to the Student Account Services website at http://studentaccounts.ucf.edu/.

UCF Payment Plan

The UCF payment plan is a 2-payment design in which the student pays $15 upfront to be allowed to pay only 50% of the total tuition bill by the regular payment deadline, therefore avoiding a late payment fee, and being dropped for non-payment. The student is then responsible for paying the remaining 50% by the Payment Plan deadline on their Fee Invoice. Students receiving financial aid, Florida Prepaid, waivers, or third party payments already have an extended payment deadline and will not be eligible for the UCF payment plan.

Florida Prepaid

UCF Student Account Services will automatically defer tuition and fees and bill Florida Prepaid (FPP) up to the maximum billable amount based on the number of credit hours enrolled. Students with active FPP deferrals will see the Estimated FPP showing on their Fee In-voice for the term. Please note that no FPP Plan will cover 100% of the fees associated with the tuition assessed. Student Account Services use an automated system to identify students with active FPP accounts, which eliminates the need to turn in a FPP Card.

Tuition and Fees for Senior Citizens

Persons 60 years of age or older who meet Florida residency requirements may register to audit classes on a space-available basis without payment of tuition and application fees. Registration is on a space-available basis; see the appropriate term's Academic Calendar http://calendar.ucf.edu for registration dates and times. The tuition fee waiver cannot be used for courses that require increased costs (such as thesis, dissertation, and directed individual study). A "Florida Residency" Affidavit is required to establish Florida residency. A completed "Student Health History" form must be filed prior to registration. Inquiries should be directed to the Registrar's Office (MH 161; Telephone: 407-823-3100).

Refund of Fees

A refund of fees will be processed under the conditions noted below. The student must submit a written appeal for a refund or other appeal action to the University within six months of the close of the semester/term to which the refund or other appeal action is applicable. Any debts to the University will be deducted from the refund, up to the full amount.

Full Refund Eligibility

The following conditions allow a full refund: 1) A class is dropped prior to the end of the Drop period; 2) Cancellation of a course by the University.

Partial Refund (25%)

25% of tuition and associated fees assessed, adjusted for waivers, is refundable when the student withdraws completely from the University prior to the end of the fourth week of classes during a 16 or 17 week semester, or as designated by the university for summer sessions.

Exceptional Circumstances

Refunds for exceptional circumstances may be available for certain Administrative Record Changes of courses. Up to 100% of tuition and registration fees are refundable if due to circumstances determined by the University to be exceptional, including, but not limited to, sickness, death, involuntary call to military service, or University administrative error. If approved, a Late Withdrawal does not result in a refund of tuition and fees. Please visit the Academic Services website for more information.

A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable.

Direct Deposit

Students are strongly encouraged to establish direct deposit with the University. Direct Deposit prevents delays due to
lost checks or change of address. All refunds from students' accounts can be direct deposited into the student's checking account to any U.S.A. bank in the federal system. Funds are usually available within 24-48 hours after disbursement, and enrollment only takes a few minutes. To enroll, sign in at https://my.ucf.edu and click on Student Self Service. Go to the Student Account Services link, then click on Direct Deposit and follow the instructions.

**Past Due Accounts**

All financial obligations to the University must be met. Failure to meet obligations can result in the withholding and denial of registration, diploma, transcripts and readmission to the University. The services of a professional collection agency and recourse to the courts may also be invoked if deemed necessary. All costs of collection, including attorney's fees, are the responsibility of the debtor.

Do not assume your registration will be canceled if you fail to pay fees or attend classes. Tuition deferrals, for example, will prevent class cancellation for non-payment.

**Late Fees**

Late Payment Fees apply to students who do not pay their fees (or obtain a full fee deferment) by the payment deadline. The Late Payment Fee is $100 per term minimum.

Late Registration Fees are charged to students who enroll following the close of the regular registration period for the term, who re-register, or who enroll for the first time that term during Late Registration and Drop/Swap and Add period. The Late Registration Fee is $100.00 per term minimum.

Late Payment DNP (Drop for Non-Payment) Fees are charged to students who are dropped for non-payment of courses per term minimum.*

*Summer term is divided into sessions, and the late fees are charged per session.

**Florida Residency for Tuition Purposes**

At University of Central Florida, three offices are responsible for the review of residency for tuition purposes under Florida Statute 1009.21, F.S., State Board of Education, Rules 6A-10.044 & 6A-20.003, and Board of Governors Regulation 7.005. The offices of Undergraduate Admissions and Graduate Studies determine residency for all first-time-on-campus students; thereafter, the Registrar's Office will review student requests for changes in residency for Undergraduate Students. The College of Graduate Studies will review student requests for changes in residency for graduate students. A first-time-on-campus student will be classified according to the information he or she includes on the application for admission, providing that no other information is available that calls into question the information contained on the application.

To qualify as a Florida resident for tuition purposes in accordance with State regulations, the student must be a United States citizen, resident alien, parolee, Cuban national, Vietnamese refugee, or other refugee or asylee so designated by the United States Citizenship and Immigration Service,

**And**

Have established a legal residence in this state and maintained that legal residence for 12 months immediately prior to the term in which they are seeking Florida resident classification. The student's residence in Florida must be as a bona fide domicile rather than for the purpose of maintaining a mere temporary residence or abode incidental to enrollment in an institution of higher education, and should be demonstrated as indicated below (for dependent students, as defined by Internal Revenue Service regulations, a parent or guardian must qualify),

**And**

Submit the following documentation (or in the case of a dependent student, the parent must submit documentation) prior to the first day of classes for the term for which resident status is sought:

1. Documentation establishing legal residence in Florida (this document must be dated at least one year prior to the first day of classes of the term for which resident status is sought). The following documents will be considered in determining legal residence:
   a. Declaration of Domicile (Note: the Declaration of Domicile will support a claim of residency for tuition purposes only after a period of 12 months from the date that the Clerk of the Court notes that the declaration was sworn and subscribed to them.)
   b. Proof of purchase of a home in Florida in which the student resides;
c. Proof that the student has maintained residence in the state for the preceding year (e.g., leases, employment records).

2. Documentation establishing bona fide domicile in Florida which is not temporary or merely incidental to enrollment in a Florida institution of higher education. The following documents will be considered evidence of domicile even though no one of these criteria, if taken alone, will be considered as conclusive evidence of domicile:
   a. Declaration of Domicile;
   b. Florida voter registration;
   c. Florida vehicle registration;
   d. Florida driver license or Florida identification;
   e. Proof of real property ownership in Florida (e.g., deed, tax receipts) where you reside;
   f. Verification of permanent employment, fulltime (30 hours/week x 52 weeks) in Florida by the employer, employment records, or other employment-related documentation (e.g., W-2 paycheck receipts), other than for employment normally provided on a temporary basis to students or other temporary employment. The document must show 12 consecutive months of Florida employment prior to the first day of classes of the term for which the student requests Florida residency;
   g. Proof of membership in or affiliation with community or state organizations or significant connections to the State;
   h. Proof of continuous presence in Florida during periods when not enrolled as a student;
   i. Proof of former domicile in Florida and maintenance of significant connections while absent;
   j. Proof of reliance upon Florida sources of support;
   k. Proof of domicile in Florida of family;
   l. Proof of admission to a licensed practicing profession in Florida;
   m. Any other factors peculiar to the individual that tend to establish the necessary intent to make Florida a permanent home and that the individual is a bona fide Florida resident, including the age and general circumstances of the individual;
   n. Proof of graduation from a high school located in Florida.

3. No contrary evidence establishing residence elsewhere;

4. Documentation of dependent/independent status (notarized copy of most recent IRS tax return)
   Or
   Be married to a person who has been a legal resident of the State of Florida for the required 12-month period and relinquish legal ties to any other state,
   Or
   Be a member of the Armed Forces on active duty stationed in Florida, or a spouse or dependent, or active drilling members of the Florida National Guard,
   Or
   Be a member of the full-time instructional or administrative staff of a state public school, Florida College System institution, or university in Florida, a spouse or dependent,
   Or
   Military Personnel (and spouse/dependent children) not stationed in Florida whose home of record or state of legal residence certificate is Florida,
   Or
   Be a dependent and have lived five years with an adult relative, who has established legal residence in Florida,
   Or
   Be a person who was enrolled as a Florida resident for tuition purposes at a Florida institution of higher education, but who abandoned Florida residency and then re-enrolled in Florida with 12 months of the abandonment,
   Or
   Be a full-time Latin American or Caribbean student who receives scholarships from the federal or state government,
   Or
   Be a United States citizen living on the Isthmus of Panama who has completed 12 consecutive months of college work at the Florida State University Panama Canal Branch, or a spouse or dependent,
   Or
   Be a graduate student of the Southern Regional Education Board's Academic Common Market attending Florida's state universities,
   Or
   Be a full-time employee of a state agency or political subdivision of the state when the student fees are paid by the state agency or political subdivision for the purpose of job-related law enforcement or corrections training,
Or
Be a U.S. Citizen who is a McKnight Doctoral Fellowship recipient,
Or
Be a qualified beneficiary under the Florida Pre-paid Postsecondary Expense Program per s.240.551(7)(a),
Or
Be an active duty member of the Canadian military residing or stationed in this state under the North American Air Defense (NORAD) agreement, or a spouse or dependent,

And

Submit a statement as to the length of residence in Florida and their residency qualifications under the above criteria. Students requesting Florida residency for tuition purposes shall apply to the appropriate admissions office if they have not yet enrolled, or to the Registrar's Office if they already are enrolled.
Introduction

The Division of Student Development and Enrollment Services (SDES) engages students in the total collegiate experience – from identification, recruitment, matriculation, and investment, to successful progression, graduation, and employment in a global workforce. This is accomplished by providing opportunities for enriched student development, leadership growth, experience-based learning, values education and civic engagement which lead to overall student success. SDES affirms that the student who comes to UCF should not be the same student who graduates from UCF. We embrace the tenets of the UCF Creed – Integrity, Scholarship, Community, Creativity, and Excellence as a framework for developing student learning outcomes to facilitate transformational learning.

Goals of the division are to:

- Promote student progression to graduation, graduate and professional school, and productive employment.
- Create opportunities for students to develop and strengthen leadership skills.
- Assist students to further develop purpose, integrity, ethical practices, and civic responsibility.
- Embrace diversity and inclusiveness.
- Foster student engagement in the Central Florida citi-state and the global community.

Academic Services for Student-Athletes (ASSA)

Director and Assistant Athletic Director: Tara G. Helton
Wayne Densch Center for Student-Athlete Leadership; 407-823-5896
Email: assa@ucf.edu
http://assa.sdes.ucf.edu

The Office of Academic Services for Student-Athletes, which is housed within SDES, works in collaboration with the Athletics Department to assist student-athletes in their efforts to establish and achieve their personal, professional and academic goals. In addition, ASSA ensures student-athletes understand NCAA Division I, American Athletic Conference and UCF academic eligibility rules and requirements.

ASSA services include:

- Providing transition services that promote the academic success of student-athletes.
- Guiding student-athletes in their selection of meaningful and appropriate major and minor fields of study.
- Assisting student-athletes with course registration, understanding of policies and procedures, and tracking progress towards degree completion.
- Organizing study halls, academic mentoring, and tutorial services.
- Directing students to utilize the full spectrum of other university services.
- Preparing student-athletes in their career planning and development.
- Assisting student-athletes with educational impacting disabilities including learning assessments and accommodations.
- Providing student-athletes with computer access and services.

Activity and Service Fee Business Office (ASF)

Director: Richard Phillips
SU 215; 407-823-5548
Email: asf@ucf.edu
http://asf.sdes.ucf.edu

The Activity and Service Fee Business Office services the purchasing, accounting and personnel needs of Activity and Service Fee funded departments and agencies and provides a variety of services to UCF students. ASF is also a support office for registered student organizations and UCF students that are allocated Activity and Service Fee funds by the Student Government Association. The office administers an online financial training course that must be completed by all students that are allocated Activity and Service Fee funds and by the officers of all registered student organizations. In addition, the office manages the
Student Government Association Ticket Center which sells a variety of specially-priced tickets to local theme parks, movie theaters, and attractions.

**Career Services (CS)**

*Executive Director:* Lynn Hansen  
CSEL; 407-823-2361  
Email: career@ucf.edu  
http://career.sdes.ucf.edu

Career Services offers a comprehensive range of services to help UCF students of any major reach their academic and career goals with a talented staff of career professionals. These comprehensive services are designed to help first year through graduate students with all phases of career development to include:

- Major and Career Choices.  
- Academic and Career Information.  
- Resumes and Cover Letters.  
- Interviewing Skills.  
- Job Search Strategies.  
- Employment Assistance (Career Fairs, On-Campus Recruiting, and Job Postings).  
- Graduate School Information.  

These programs and services are available through drop-in assistance, scheduled appointments, workshops, and major events.

**Counseling and Psychological Services (CAPS)**

*Director:* Karen Hofmann  
Counseling and Psychological Services Center; 407-823-2811  
http://caps.sdes.ucf.edu/

Counseling and Psychological Services serves currently enrolled UCF students seeking assistance with developmental and mental-health related concerns by offering a wide variety of services and programs free of charge. CAPS is composed of professional staff including licensed (and licensed eligible) psychologists, mental health counselors, social workers, and graduate level counselors-in-training who provide a safe and confidential environment in which students can explore and resolve personal concerns and issues. CAPS is open Monday through Thursday, 8 a.m.-6 p.m. and Friday, 8 a.m.-5 p.m., during fall and spring semesters and Monday through Friday, 8 a.m.-5 p.m., during the breaks and summer semesters.

CAPS offers:

- Short-term individual therapy.  
- Group therapy and workshops.  
- Crisis intervention and walk-in appointments.  
  * Crisis afterhours hotline: 407-823-2811 Press #5  
- Couples therapy (*both need to be UCF students).  
- Outreach presentations and workshops.  
- Consultation to faculty, staff, parents, and students.  
- Referral services to community and campus resources.

**Creative School for Children (CSC)**

*Director:* Suzette Turner  
CSC1; 407-823-2726  
Email: csc@ucf.edu  
http://csc.sdes.ucf.edu

The Creative School for Children is an Educational Research Center for Child Development that provides quality early learning experiences for children ages 6 weeks to 5 years old. The school is accredited by the National Association for the Education of Young Children (NAEYC) and is Florida Gold Seal certified. The learning environments in the CSC classrooms are facilitated by highly skilled, degreed teachers who offer a wide variety of experiences through the implementation of Creative Curriculum, Project Approach and Conscious Discipline. Daily hands-on and minds-on activities are provided in art, music, language, motor skills, science, math, social studies, perceptual development, socialization, and self-discovery. Planned on-campus field trips and special family programs are part of the annual schedule. CSC offers the Florida State Voluntary Pre-K (VPK) program for age-eligible four-year-old children.

Experiences in observation, volunteerism, and internships in educational academic areas are available to all university students, as well as opportunities for educational research for university faculty, undergraduate and graduate students. The school enrolls children of university students, employees of the university, and community members. Operating hours are 7:30 a.m.-5:30 p.m., Monday through Friday.
First Year Advising and Exploration (FYAE)

Director: Stephen O'Connell
TCH 133; 407-823-3789
Email: fy@ucf.edu
http://fyae.sdes.ucf.edu/

UCF recognizes that starting in a new learning environment can present many challenging life transitions for incoming freshman students. First Year Advising and Exploration has been established to prepare and advise first-time-in-college students. The overriding mission of the office is to assist first-year students by providing academic advising support services and other programs that will lead to their overall satisfaction, success and progression at UCF. Students who have not selected a major (Undeclared students) are provided focused advising support services through the Major Exploration Program to assist them in the major selection process.

To fulfill this mission, each student is assigned a specific academic advisor who connects with the student through various activities such as orientation, individual appointments, outreach programs, and email and phone communication. The office focuses its efforts on providing proactive academic advising support, establishing early and regular communication, and providing outreach advising activities for first-year students. FYAE also offers academic advising at their satellite office located in Academic Village. FYAE advisors have been designated for first-year students in the EXCEL, COMPASS, freshman LEARN living learning community, STEP, Access Program, and Out of State Student Mentoring (OSSM) living learning community programs. In addition, high school students admitted to UCF as part of the Early Admission or Dual Enrollment programs are advised on coursework through FYAE.

FYAE advisors assists all undeclared students in major exploration and connecting with Career Services and referrals to the appropriate Colleges Offices. FYAE collaborates with the college advising support units, and other campus student support offices, in providing information resources and academic advising services through advising appointments, and student outreach program sessions. The office also supports student engagement throughout the second year.

Major Exploration Program (MEP)

TCH 133; 407-823-3789
http://mep.sdes.ucf.edu

The MEP has been developed to provide structured experiences to assist students are undecided about a major. Students are provided major exploration and career development connections as primary advising initiatives so they can make an informed decision on their future major at UCF. MEP has several components including coordinated academic advising services from a first year advising office, major and career exploration programming activities, and online assessments. The program's services are also available to first-year students who are unsure about their major choice and to those considering a change of major.

First Year Experience (FYE)

Director: Paige Woods
HPH 216; 407-823-5105
Email: fye@ucf.edu
http://fye.sdes.ucf.edu

The First Year Experience office combines Orientation with extended new student transition programs including UCF's official Welcome Week, Pegasus Palooza, LINK (Learning and Interacting with New Knights), The Knighting (new student convocation), Out of State Student Mentoring Program (OSSM), and the Strategies for Success freshman seminar course (SLS 1501). FYE assists entering freshmen and transfer students with their transition to UCF by providing information about student services, campus life, academic support, academic advising, and registration. Freshmen and transfer students are required to attend an Orientation session prior to registering for classes. Students register for the program by visiting the FYE website at http://fye.sdes.ucf.edu. In addition, LINK assists new undergraduate students in their transition by creating, coordinating, and promoting campus-wide, co-curricular educational programming and activities. Students also have the opportunity to serve in a variety of leadership roles with FYE including the Orientation Team (O-Team), OSSM peer mentors, Strategies for Success course peer mentors, and Pegasus Palooza executive board members. FYE also oversees the Pegasus Parent Program, which aims to provide parents and family members of UCF students with important information about UCF and its resources. Family Weekend is a part of the Pegasus Parent Program and occurs every fall semester during a home football game weekend.
Fraternity and Sorority Life (FSL)

Director: Woody Joseph
4100 Greek Park Drive (Fraternity and Sorority Life Building);
407-823-2072
http://fsl.sdes.ucf.edu

The Fraternity and Sorority Life office is committed to providing excellence in active advising of fraternity and sorority leaders that will create lifelong bonds through the principles encompassed in fraternal values. FSL fosters an inclusive environment and commitment to student growth, academic excellence, civic engagement, leadership development, positive relationships, and risk-reduction education. It encompasses small group living and more importantly, developmental programming for individuals, chapters, chapter alumni boards, house corporation officers, and collegiate governing boards (i.e., Panhellenic Council (PAN), Interfraternity Council (IFC), National Pan-Hellenic Council (NPHC), Diversified Greek Council (DGC), and the Greek Council).

FSL can offer students a "home away from home," a scholastic support system, networking opportunities, an organization for community service, transferable skills for management and leadership development, and a foundation for long-lasting friendships. You can follow what's happening within the Greek community via our Facebook page or on Twitter. Currently, there are 49 fraternities and sororities on UCF’s campus with more than 4,000 active Greek students. Greek organizations give college men and women a chance to excel in any area they choose and include students of every race, religion, culture, and background. Students are encouraged to take a closer look at UCF's Greek community through participation in fraternity or sorority recruitment. It is important to be familiar with each council's specific recruitment or new member intake process. For details, visit http://fsl.sdes.ucf.edu and select "Councils." We encourage you to familiarize yourself with all of the councils to better understand the diversity of the Greek community and what each council has to offer.

Housing and Residence Life (HRL)

Executive Director: April Hicks Konvalinka
HAB 123; 407-823-4663
http://www.housing.ucf.edu

The Department of Housing and Residence Life offers housing on the Orlando campus, the Downtown campus, and the Rosen College of Hospitality Management campus for regularly enrolled students paying tuition and fees for a minimum of nine credit hours. Living on campus is strongly encouraged for first-year students, and limited space is available to upperclassmen and graduate students. Eligibility information can be found on our website. Incoming first-year students may apply for housing immediately after being offered admission to the university. The online application process is available through myUCF. As there is not enough on-campus housing for all students, those desiring to live on-campus should apply as early as possible. Application periods include academic-year agreements (fall/spring) with a separate application for summer or 11.5 month annual agreements (fall/spring/summer). Many types of housing are available, ranging from suite-style shared-bedroom residence halls to luxury apartments with private bedrooms and bathrooms. Many first-year students who apply for academic-year agreements will receive assignments in shared-bedroom suite-style residence halls. Private bedrooms in apartments are guaranteed only in the Towers at Knights Plaza located on the Orlando main campus, NorthView, located adjacent to the main campus or the Rosen College of Hospitality Management Student Apartments, located at the Rosen Campus. UnionWest at Creative Village on the Downtown campus features suites and apartments with both private and shared rooms. More information on the different housing options, rates, floor plans, etc., is available online at http://www.housing.ucf.edu.

Several different meal plans are available through UCF Dining Services. Information about meal plans is available online at http://www.ucfdining.com.

LEAD Scholars Academy (LSA)

Director: Stacey Malaret
FC 165; 407-823-2223
http://lsa.sdes.ucf.edu

The mission of the LEAD Scholars Academy is to establish an environment that will provide comprehensive leadership education, development, and civic engagement opportunities for the UCF community. Through collaboration and partnerships, the LSA incorporates established leadership models to create professional, academic and experiential opportunities that challenge, empower, and educate students to become social change agents and encourages citizenship in a global society.

The primary vision for the area is the development of an intentional and comprehensive program that targets specific groups, as well as provides campus-wide opportunities for students regardless of their class standing and/or level of involvement experience. Leadership programs will vary in
duration from an extended program that may last several weeks or years to a one-day workshop. The focus is to provide a variety of programmatic options that recognize students have different needs, time constraints, and levels of interest.

The LSA first-year program provides academic, service and experiential opportunities for students that combine in and out of classroom challenges in both an academic and co-curricular environment. The application process for this program is open to all first time in college students prior to the beginning of their UCF career. Those accepted into the program have achieved student success.

All UCF students may participate in the LSA through various experiential tracks including civic engagement, women's leadership, multicultural leadership, the virtual leadership academy, global leadership, and the Clinton Global Initiative University program.

Additional programs are developed throughout the year to provide leadership enhancement and empowerment opportunities for UCF students. Through programming, networking, mentoring, personal development or experiential training, UCF students learn the skills needed to hold various leadership positions on campus and within their chosen career.

**Multicultural Academic and Support Services (MASS)**

*Director:* Wayne Jackson

SU 154; 407-823-2716

http://mass.sdes.ucf.edu

The Office of Multicultural Academic and Support Services provides comprehensive academic support, cultural enrichment, consultation, and referral services that promote the retention and graduation of multicultural and First Generation college students. MASS offers personalized advising and support; monitors academic progress; sponsors a six-week summer ACCESS Program, coordinates the Brother to Brother and Sister to Sister Programs, the Knight Alliance Network (for Foster Care alumni), Multicultural Transfer Student Programs and also provides guidance to DACA and Dreamer students. MASS serves as the focal point of operations in addressing the specific needs, issues, and concerns that confront multicultural and First Generation college students at UCF.

**Neighborhood Relations and Safety Education (NRSE)**

*Assistant Vice President, Student Development and Enrollment Services:* A.J. Range

Suite 282 Millican Hall, Room 264; 407-823-4625

https://nrse.sdes.ucf.edu;

https://ucf.offcampuspartners.com/

While Neighborhood Relations and Safety Education is charged with assisting and providing unbiased information and resources for students, parents, faculty, and staff with their search for off campus housing accommodations, its first mission, however, is to support and promote on campus housing for students. The NRSE office also has contact with and communicates to local off campus apartment communities regarding student housing opportunities. This office also offers neutral guidance and instructions for students wishing to sublease their off campus apartment; and offers "moving off campus" consultations and information about local services, transportation, and furniture rental.

NRSE further serves UCF students, who live off campus, with directions and information regarding a variety of on campus programs, events, activities, and services. This office fosters a supportive and developmental environment for off campus students by providing advocacy for resolving problems, "on the spot" or through campus referrals, and by exploring other available resources. Moreover, NRSE also works in the local neighborhoods, adjacent communities, and nearby subdivisions with the HOAs, local police officers, community leaders, residents, and students to create, build, and enhance good neighborhood relations and effective civic engagement and responsibility. Finally, NRSE provides alerts, awareness, and education to students in an effort to prevent, protect, respond, and recover from safety and security challenges off campus.

**Office of Student Involvement (OSI)**

*Director:* Shane Juntunen

SU 208; 407-823-6471

Email: osi@ucf.edu

http://osi.ucf.edu

The mission of the Office of Student Involvement is to provide quality programs, services, and leadership opportunities that enrich students' academic endeavors and enhance the campus environment. Students and staff
collaborate to develop programs and services which encourage student's personal growth, promote civic responsibility, embrace differences, and connect students to the campus and the community.

To fulfill our mission, OSI's staff members oversee the registration and management of more than 600 registered student organizations (RSOs), as well as the advisement and coordination of the following student groups: Black and Gold Studios, Campus Activities Board (CAB), Graduate Outreach (GO) Homecoming, Knight-Thon, Knights of the RoundTable (KoRT), Late Knights, Knights of the Connection, Student Government Association (SGA), Volunteer UCF (VUCF), and Knights of the Turntables, OSI's DJ service. OSI wishes to support all members of our UCF community and encourages any person in need of an accommodation to participate in our programs or services to email us at osi@ucf.edu.

**Office of Student Rights and Responsibilities (OSRR)**

*Executive Director, Assistant Dean of Students, Deputy Title IX Coordinator:* Dana Juntunen
Ferrell Commons, Building 7G, Suite 227; 407-823-4638

The Office of Student Rights and Responsibilities promotes a campus climate of integrity, civility, accountability and student well-being by providing a wide array of resources, education, and support services for the university community. OSRR is comprised of: Student Conduct, Integrity and Ethical Development and Student Care Services. OSRR also oversees the Golden Rule Student Handbook, The UCF Creed and Title IX reports perpetrated by a student on a student.

**Office of Integrity and Ethical Development (IED)**

*Director:* Jennifer Wright
Ferrell Commons, Building 7C, Suite 142; 407-823-3477
[http://ied.sdes.ucf.edu](http://ied.sdes.ucf.edu)

The Office of Integrity and Ethical Development specializes in the promotion of individual responsibility and personal development.

Emphasis is on the promotion of academic integrity and prevention academic misconduct. Programs are designed to bring awareness to topics such as integrity, personal accountability, ethical decision making, and professionalism. Services include coaching sessions, excellence in decision making seminar, academic integrity workshops, and support services. Workshops are offered every semester designed to provide students (undergraduate/graduate) and student organizations with the college life skills necessary for academic and personal success at UCF.

**Office of Student Conduct (OSC)**

*Director:* Michael Gilmer
Ferrell Commons, Building 7G, Suite 227; 407-823-4638
[http://osc.sdes.ucf.edu](http://osc.sdes.ucf.edu)

The Office of Student Conduct handles complaints against UCF students and student groups (but not faculty or staff). The complaint must indicate a possible violation of one or more of the Rules of Conduct or Organizational Rules of Conduct located in the Golden Rule Student Handbook. The Golden Rule Student Handbook may be viewed at [http://goldenrule.sdes.ucf.edu](http://goldenrule.sdes.ucf.edu).

**Student Care Services (SCS)**

*Associate Director:* Ann Marie Palmer
Ferrell Commons, Building 7C, Suite 138; 407-823-5607

Student Care Services offers guidance, resources, and referrals to UCF students who are experiencing a distressing situation which significantly impacts academic or personal success. The SCS team coordinates referrals to campus and community resources, develops action plans for student success, oversees the Student of Concern process, and provides education and outreach to university and community members. Our goal is to intervene before a student reaches crisis level and ensure the safety of both the student and the UCF community. SCS also oversees UCF Cares, an umbrella of care-related programs, resources and staff dedicated to fostering a caring community of Knights.

**Office of Student Success (OSS)**

*Director:* Jacob Bonne
Trevor Colburn Hall 133; 407-823-6239
Email: studentsuccess@ucf.edu
[http://oss.sdes.ucf.edu](http://oss.sdes.ucf.edu)

The Office of Student Success provides guidance and support to key stakeholders to ensure student retention,
graduation, and success. To achieve the UCF Collective Impact, OSS facilitates data-driven decision-making, cultivates partnerships to amplify impact, and embraces UCF’s innovative identity as a 21st century university.

Recreation and Wellness Center (RWC)

Executive Director: James Wilkening
RWC; 407-823-2408
http://rec.ucf.edu

Have Fun and Stay Fit

Welcome to UCF’s greatest place to play! With 14 recreation facilities and six distinct program areas (fitness, outdoor adventure, intramural sports, sports clubs, athletic training, and aquatics) we have you covered. So stop in and try a yoga class or our brand new, extremely popular, high-intensity interval training (HIIT), circuit and functional training class F45, rent a kayak at the lake, participate in an inclusive and adaptive event, join one of our 41 sports clubs, compete in our nationally recognized intramural sports programs, or just relax at our leisure pool.

What We Have to Offer:

Recreation Center— approx. 150,000 sq. ft.
- Six multipurpose courts
- 1/8 mile track
- Four racquetball courts
- 9,300 sq. ft. cardiovascular floor
- 14,500 sq. ft. weight floor
- Cycling studio and group exercise studio
- Multipurpose room
- Heated nine-lane regulation lap pool
- A full-service athletic training room
- 41 ft. climbing tower

Outdoor Facilities
- William E. and Mary Jo Davis

- Recreation Area at Lake Claire
- Four sand volleyball courts
- Four basketball courts
- Softball/Baseball field
- Nine tennis courts featuring showcase
- championship court
- Nine-hole disc golf course
- Challenge course
- Two multipurpose grass fields
- Six lighted artificial turf fields
- Resort-style leisure pool

Knights Plaza— 8,700 sq. ft. (a more intimate and private space, especially for first-time users)
- 1,496 sq. ft. mind and body studio
- 949 sq. ft. circuit room
- 3,028 sq. ft. general weight and cardio areas
- 20 pieces of cardio equipment
- 20 weight machines

UCF Downtown Recreation and Wellness - 7,800 Square feet cardio and strength equipment, functional workout space

LOCATIONS:

Main Building: At the corner of Gemini Boulevard South and Ursa Minor Street.

Knights Plaza: At the corner of Gemini Boulevard North and West Plaza Drive

RWC Downtown: Located inside the new Union West at Creative Village on the UCF Downtown Campus at the corner of Terry and Livingston Avenues.

Wellness and Health Promotion Services (WHPS)

Director: Maureen Hawkins  
Recreation and Wellness Center Building, Suite 111; 407-823-5841  
http://whps.sdes.ucf.edu

Wellness and Health Promotion Services aims to assist every UCF student in being a "Healthy Knight" and coordinates the campus Healthy Knights 2020 initiative. WHPS recognizes the role of lifestyle in health, wellness and academic success, by offering a wide range of health promotion and risk reduction services on topics including sexual wellness, nutrition, stress management, sleep hygiene, body acceptance, smoking cessation, and healthy relationships. A variety of services are provided by health professionals including screening and education, along with HIV testing and counseling, wellness coaching and biofeedback-assisted relaxation training. Trained Peer Health Advocates help promote healthy behaviors both by staffing Health Huts around campus and by facilitating interactive workshops.

Registrar's Office (RO)

University Registrar and Executive Director: Brian C. Boyd  
MH 161; 407-823-3100, HelpLine: 407-823-3533  
Email: registrar@ucf.edu  
http://registrar.sdes.ucf.edu

The Registrar's Office, with a commitment to quality service and leading-edge technology, provides timely and accurate enrollment information and access for students, colleges and departments, effectively meets student administrative needs, ensures complete records management from registration through graduation and archived data stores. The office maintains the integrity of student permanent academic records and implements procedures in accordance with university policies through campus-wide communication, collaboration, and leadership. In addition, the Registrar's Office is responsible for management of efficient utilization of classroom resources, readmission, transient student admission, residency reclassifications, student veteran services, the Veteran's Academic Resource Center, NCAA Division I initial and continuing eligibility, the Knights Graduation Grant Initiative, Commencement, and publication of course offerings, Commencement programs, and the online Undergraduate Catalog.

Residency Reclassification

The offices of Undergraduate Admissions and the College of Graduate Studies determine first term at UCF residency for tuition purposes for all newly admitted students. Thereafter, the Registrar's Office will review student requests for changes in residency for Undergraduate Students. The College of Graduate Studies will review student requests for changes in residency for graduate students. The Registrar's Office cannot review student requests for residency reclassification to be effective with the student's first term of enrollment, only subsequent terms.

To request a residency review, the student must submit a completed "Residency Reclassification Application and Affidavit" and supporting documents to the Registrar's Office (MH 161) or Graduate Studies (MH 230). This form is available either at the Registrar's Office or online at http://registrar.ucf.edu. This form must be accompanied by copies of all documents that support the student's Florida residency claim. Residency reclassification requests are subject to Florida Statute 1009.21, F.S., State Board of Education, Rules 6A-10.044 & 6A-20.003, and Board of Governors regulation 7.005. In addition, University policy requires students requesting residency reclassification to provide documentation establishing that they have income or personal sources to meet financial obligations of attendance and living expenses. Contact the Registrar's Office at 407-823-3100 for additional information regarding all residency reclassification requirements.

When building a case for Florida residency for tuition purposes, the student must submit documents from a variety of categories. Students may consult the Registrar's Office before submitting the reclassification request and supporting documents. The submission of documents in itself does not qualify the student for Florida residency for tuition purposes. The Registrar's Office will evaluate the submitted documents and available information and will render an eligibility determination. UCF is authorized to make discretionary judgments as to residency within the bounds of the law and in reaching this professional judgment will evaluate all documents submitted and information available. No single document shall be conclusive.

Students seeking residency reclassification should understand that living in or attending college in Florida does not automatically establish residency in Florida for tuition purposes. The student who comes to Florida to
enroll in a Florida post-secondary educational institution as an out-of-state resident and continuously enrolls in a Florida institution normally will not meet the Florida residency requirement for in-state tuition regardless of the length of time enrolled. Living or attending school in Florida merely evidences physical presence. The student must provide documentation verifying that he or she has formed significant legal ties to the State of Florida. This documentation must establish that the Florida residence constitutes a bona fide domicile rather than serving the purpose of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education. Evidence establishing legal ties to states other than Florida may disqualify the student from Florida residency for tuition purposes. All determinative documents must be dated at least 12 months before the first day of class for the term in which residency is sought.

Students entering the second term of enrollment at UCF or later who believe that they qualify for Florida residency must submit the "Residency Reclassification Application and Affidavit" and all documents to the Registrar's Office (MH 161) or Graduate Studies (MH 230) prior to the close of "Late Registration and Add period" for the term in which Florida residency is requested. Approved residency reclassification will not be applied retroactively to previous terms.

The Registrar's Office or Graduate Studies may require additional documentation beyond that initially submitted by the student or the claimant before it can render a reclassification eligibility determination and it will not complete its review of the residency reclassification application until both the student and the claimant have submitted all requested documents.

All readmitted students are required to submit copies of two documents (more may be requested) such as driver's license, vehicle registration, and/or voter registration, to verify that they qualify and to update residency information on file. Requests for proof of residency for UCF students looking to transfer or become transient students at another institution must be submitted in person or in writing.

UCF is authorized to make discretionary judgments as to residency within the bounds of the law and in reaching this professional judgment will evaluate all documents submitted and information available. Students who feel an erroneous decision was made regarding their residency reclassification may request an appeal in writing to the UCF Residency Appeals Committee through the Registrar's Office.

SDES TRiO Center

Executive Director: Rebekah McCloud
HPH 208/214, WDI 110/113/115; 407-823-4165
http://trio.sdes.ucf.edu

PRIME STEM

PRIME STEM/Student Support Services is a federally-funded TRiO program (U.S. Department of Education). The program supports college students pursuing STEM (Science, Technology, Engineering and Mathematics) and Health Sciences majors who are first-generation, low income, and/or have a documented disability. The project offers academic support services and resources to assist PRIME STEM scholars to successfully complete a STEM or Health Sciences degree. As an advocate for access to higher education, PRIME STEM/Student Support Services is committed to providing the support necessary to empower participants in developing and achieving academic goals.

Project ACE

Project ACE (Achieving Academic & Career Excellence)/Upward Bound is a federally-funded TRiO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Upward Bound provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Apopka High School.

Project BEST

Project BEST (Building Exemplary Scholars for Tomorrow)/Student Support Services is a federally-funded TRiO program (U.S. Department of Education). The program supports 144 college students who are first-generation, low income, and/or have a documented disability. The project offers support services and resources to assist scholars in transitioning from one level of higher education to the next and to successfully completion of an undergraduate degree in any major. As an advocate for access to higher education, Student Support Services is committed to providing the support necessary to empower participants in developing and achieving academic goals.

Project EDGE
Project EDGE (Exploration & Determination Guarantees Excellence)/Upward Bound is a federally-funded TRiO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Upward Bound provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Edgewater High School.

Project PACE

Project PACE (Pursuing Academic & Career Excellence)/Talent Search is a federally-funded TRiO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Talent Search provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Wekiva High School, Piedmont Lakes Middle School, and Lockhart Middle Schools. The program also provides services to adult learners (19-27) who have yet earned a secondary school diploma or a GED.

Project RISE

Project RISE (Reaching Individual & Scholastic Excellence)/Upward Bound is a federally-funded TRiO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Upward Bound provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend East River High School.

Social Justice and Advocacy (SJA)

Director: Edwanna Andrews
SU 207; 407-823-0401
Email: sja@ucf.edu
http://www.sja.sdes.ucf.edu

Social Justice and Advocacy is responsible for providing oversight to the Multicultural Student Center and LGBTQ+ Services. The mission of SJA is to promote an equitable campus environment where all are assured that diversity, in its many forms, is valued. We will support efforts to increase equal access to campus resources and opportunities, while cultivating inclusiveness to the least advantaged members of the campus community. SJA will advocate to decrease obstacles that prevent students from succeeding at UCF. SJA, MSC and LGBTQ+ Services provides programming and initiatives to advocate for a socially just campus community.

Student Academic Resource Center (SARC)

Director: Rebecca Piety
TCH 117; 407-823-5130
Email: sarc@ucf.edu
http://sarc.sdes.ucf.edu

The Student Academic Resource Center (SARC) provides high-quality programs and services that enable UCF students to achieve their academic goals. Programs include Supplemental Instruction (SI), Peer Tutoring, Online Peer-Assisted Learning (OPAL), Academic Coaching and Engagement (ACE), and Academic Success Workshops.

Supplemental Instruction (SI) provides a series of weekly study sessions for students taking historically difficult courses. SI leaders attend class lectures and provide interactive study groups to help students develop effective ways to learn the course material, helping them succeed on the course and become independent learners.

SARC provides free small group peer tutoring to students enrolled in undergraduate courses associated with the current UCF semester’s schedule. Peer tutoring sessions take place in the SARC Lab located in TCH 117 or in the CECS Lab in ENG I room 281. Subject areas covered include – Accounting, Statistics, Biology, Chemistry, Organic Chemistry, Physics, and Human Physiology. No appointment is necessary and students may join or leave a tutoring session as needed. Some tutoring and SI sessions, known as OPAL, are available online so that students can attend and receive assistance from anywhere.

The Academic Coaching and Engagement (ACE) program facilitates academic success among UCF students by providing one-on-one, ongoing peer coaching. Academic coaches help students develop important academic and life skills such as organization, time management, study skills, and goal setting, which are necessary to ensure satisfactory academic progress. ACE coaches are available to meet with students regularly throughout the semester to check in on
their progress, stay accountable for the goals and action plans devised in previous sessions, and become more engaged in campus life.

Academic Success Workshops are designed to enhance common study skills such as test-taking strategies, time management, and motivation. SARC also offers study skills assessments and online resources available 24/7 to help students become successful at the college level.

University Testing Center (UTC)

HPH 106; 407-823-5109
Email: utc@ucf.edu
http://utc.sdes.ucf.edu

The University Testing Center is an auxiliary unit within Student Development and Enrollment Services. It supports the university's strategic efforts to ensure student learning and success by administering entrance and placement, academic, certification and licensure, distance learning, and pre-employment exams for numerous agencies, businesses, and institutions.

The University Testing Center provides institutional, state, and national standardized testing services for UCF students, non-UCF students, and the community. UTC delivers more than 12,000 exams annually. UCF students and community members may take advantage of the UTC's portfolio of exams.

Accommodations for students with disabilities are made available in coordination with the Office of Student Accessibility Services. The University Testing Center was awarded Test Center Certification by the National College Testing Association (NCTA), a non-profit organization of testing professionals working in post-secondary institutions, in companies with test-related products and services, and in other professional testing venues.

Student Accessibility Services (SAS)

Executive Director: Adam Meyer
FC 185; 407-823-2371
Email: sas@ucf.edu
http://sas.sdes.ucf.edu

The Office of Student Accessibility Services facilitates campus access and reasonable accommodations for students with disabilities. Such access may include, but are not limited to, classroom accommodations (including examination accommodations), alternative format text materials, captioning/interpreters, and information and referral to campus and community services. Reasonable accommodations are available to, but not limited to, students with ADHD, hearing and visual impairments, physical disability and/or health-related impairment, psychological and/or psychiatric disability, specific learning disability (such as dyslexia), speech impairment, or other disabilities. After admission to the university, students who want to explore reasonable academic accommodations should connect with SAS. Students can meet with a consultant in-person, by phone or via Skype. Students should not worry about having the "right" documentation at the time of the meeting. Any documentation needs can be discussed during the initial conversation. The most up-to-date initial contact procedures can be found at http://www.sas.ucf.edu. Students are encouraged to come to SAS and explore the possibilities and options without feeling a need to commit to utilizing any resources. The student determines how to proceed based on the information presented and personal preferences. All information is confidential and will be used only to coordinate accommodations with appropriate UCF personnel.

Inclusive Education Services (IES)

Location FC 155; 407-823-2371
Email: ies@ucf.edu
http://ies.sdes.ucf.edu/

The office of Inclusive Education Services provides an innovative and distinctive post-secondary educational experience to individuals with intellectual disabilities. The office facilitates meaningful immersive UCF community experiences for college students with intellectual disabilities via diverse academic, professional, personal, and social opportunities with the goal of advancing employability, independence, and life satisfaction. Students admitted to UCF through this initiative will enroll as non-matriculated students. Please contact IES directly for more information.

Student Financial Assistance (SFA)

Director: Alicia Keaton
MH 107; 407-823-2827
http://finaid.ucf.edu
The Office of Student Financial Assistance is dedicated to supporting UCF's mission and goals through the efficient delivery of student aid. The office provides UCF students with a comprehensive offering of financial assistance options to support student success and the attainment of a university degree. Financial aid counseling is available on a walk-in basis. To protect the privacy of student records, SFA offers limited counseling services through phone and email.

**Student Government Association (SGA)**

*Advisor: Shane Juntunen*
SU 214; 407-823-3291  
http://www.ucfsga.com

The Student Government Association's purpose is to represent student views on issues affecting UCF and to promote progressive changes that improve campus life. In advocating better communication and understanding among the UCF family, SGA also provides numerous services that affect student life. These services include free printing in the SGA Computer labs, discount tickets to movie theaters and theme parks, legal services, recreational opportunities through the Recreation and Wellness Center and Sport Clubs Council, programming through the Campus Activities Board, Homecoming, Volunteer UCF, Late Knights, Multicultural Student Center, Knight-Thon, Knights of the RoundTable, and much more. Money allocated by SGA for these services comes from Activity and Service Fees that students pay during registration. Additionally, registered student organizations may receive funding for events, activities, and travel to conventions. SGA coordinates its efforts with the Florida Student Association in lobbying for students' rights at the local, state, and national levels. SGA's structure is modeled closely after the United States federal government system in that it contains three branches: Executive, Legislative, and Judicial. The Executive branch, comprised of the Student Body president, vice president, and cabinet, and oversees the daily administrative operation of SGA. The Legislative branch funds registered student organizations and also passes bills and resolutions benefiting the student body. The Judicial branch oversees and takes part in hearings concerning constitutional, legislative, and student rights issues. All students are encouraged to take an active role in SGA. For information about how to become involved with SGA, or how your student organization can receive funding, contact the SGA office.

**Student Health Services (SHS)**

*Associate Vice President: Michael Deichen, M.D., M.P.H.*  
Student Health Services, Building 127; 407-823-2701  
http://www.studenthealth.ucf.edu

Student Health Services is a department within the UCF Academic Health Sciences Center. SHS has a very large out-patient clinic system which is committed to providing excellent healthcare to students and is accredited by the Accreditation Association for Ambulatory Health Care.

The student health center is located on the main campus, with satellite clinics located at UCF Downtown, the Rosen campus, and the Health Sciences campus at Lake Nona.

Services are designed with students' needs in mind. Staff includes sports medicine physicians, psychiatrists, gynecologists, dentists, primary care physicians, physician assistants, advanced practice registered nurses, dietitians, pharmacists, nurses, substance use disorder counselors, laboratory and radiography technicians.

The health fee is included in tuition and helps to offset medical costs. Students can see a health care provider with minimal out-of-pocket charges. Patients are financially responsible for items not covered by the health fee. These include access fees, clinical procedures, x-rays, laboratory services, medical equipment, prescriptions, non-prescription medications, vaccinations, dental services, and physical therapy. When charges occur students can elect to use their health insurance coverage or pay out-of-pocket. All students are asked to verify their health insurance at the time of an appointment.

SHS staff assist students with filing in-network insurance claims. If using out-of-network benefits SHS will provide the proper documentation and students are responsible for self-filing a claim with their insurance company. SHS assists with referrals to in-network community specialists or services.

The SHS Dental Center is housed within the main campus student health center and is a state-of-the-art facility offering preventative, restorative and cosmetic services. Charges are discounted for students. Services can be billed to PPO and Indemnity plans. Insurance benefits will be based on the coverages obtained by the subscriber.

The main campus student health center houses a fully functioning pharmacy which accepts prescriptions from both SHS providers and providers outside of SHS. SHS will assist students with transferring prescriptions from other pharmacies. SHS participates in over 100 different prescription plans.
For students without health insurance, SHS has endorsed an optional health insurance plan. Please visit the SHS website for additional information regarding this plan.

When SHS is closed, any enrolled UCF student may call a free 24-hour nurse helpline. The nurse helpline phone number and other important resources are listed on the SHS website. For potentially serious or life-threatening conditions students should call 911.

**Student Legal Services (SLS)**

*Director and Associate General Counsel: Patricia Dullaghan*

FC 142; 407-823-2538  
[http://sls.sdes.ucf.edu](http://sls.sdes.ucf.edu)

Student Legal Services provides students with advice and consultation, including court representation, in selected areas of law such as landlord/tenant disputes, consumer issues, wills, uncontested divorces, name changes, Chapter 7 Bankruptcies, traffic tickets, criminal cases including misdemeanors and felonies of third degree, and sealing and expunging of criminal records. Services are provided free of charge to students who are currently enrolled at UCF and paying activity and service fees; including those attending the regional campuses, Rosen College, and the College of Medicine. Students in need of legal services should contact the SLS office to schedule an appointment.

**Student Outreach Services (SOS)**

*Director: Rhonda C. Hall*

Orlando Tech Center, 12479 Research Parkway, Bldg. 600, Suite 215, Orlando 32826; 407-823-5580  
[https://sos.sdes.ucf.edu](https://sos.sdes.ucf.edu)

The primary mission of the Office of Student Outreach Services is to attract, motivate, and prepare underrepresented middle and high school students from the local area to pursue and complete a college education. Students and their families are offered a variety of opportunities and programs designed to assist in the navigation of the college admissions, financial assistance, and career preparedness processes. SOS is committed to partnering with the UCF community and other external agencies and organizations vital to providing quality programming for all of the participants.

**Student Union (SU)**

*Director: Rick Falco*

SU 312; 407-823-3677  
[http://www.ucfsu.com](http://www.ucfsu.com)

The Student Union is the Heart of Campus and provides the campus community with a variety of meeting rooms, offices, programs, and services. The Union is home to a great variety of restaurants including Café Bustelo, Chili’s, Smoothie King, Pita Spot, Huey Magoos, Panda Express, Steak N Shake, Which Wich and Qdoba. Retail stores include Knightstop Convenience Store + Sushi, and College Optical. Other services located in the Union include the SGA Ticket Office, SGA Computer Lab, Bike & Gold bike share and repair program, ATMs from Bank of America and Addition Financial. The Student Union also operates the Knights Helping Knights Food Pantry and All Knight Study at Ferrell Commons and the All Knight Study located at the UCF Arena. All Knight Study at the Arena is open 24/5 and Ferrell Commons location is open 24/7 (excluding holidays and semester breaks). The Union hours are Mon-Fri 7am-1am, Sat 9am-12am and Sun 11am-10pm (excluding holidays and semester breaks). For information, call the Information Desk at 407-823-0001. The Student Union is funded by SGA.

**Transfer and Transition Services (TTS)**

*Director: Jason Dodge*

HPH 221; 407-823-2231  
[http://transfer.sdes.ucf.edu](http://transfer.sdes.ucf.edu)

Transfer and Transition Services helps transfer students make a seamless transition for a more successful experience at UCF. The office provides the following resources and services:

- General advising and referral for transfer students before and after they enroll at UCF.
- Referral to DirectConnect advisors at partnering colleges: Eastern Florida State College, Lake-Sumter State College, Seminole State College, Valencia College; College of Central Florida, and Daytona State College.
- Academic exploration and advising for transfer students who are undeclared majors, undecided, or changing majors.
• Current information about university programs and policies including entrance and exit requirements.
• Advocacy and assistance in resolving transfer issues.
• Transition advising services for currently enrolled juniors and seniors who are undeclared or changing majors.
• Connections to the campus community with Peer Mentors, transfer clubs and organizations including Tau Sigma and Transfer Knights Club, and TTS sponsored events.

Undergraduate Admissions (UA)

Associate Vice President: Gordon Chavis, Jr.
Duke Energy UCF Welcome Center; 407-823-3000
Email: admission@ucf.edu
http://www.admissions.ucf.edu/

The Office of Undergraduate Admissions coordinates the admission and enrollment of all undergraduate first-time-in-college, transfer, non-degree, and non-Florida public institution transient students to UCF. The office's primary mission is to identify, recruit and enroll talented, diverse and academically qualified students who will contribute to and achieve growth and success at UCF.

Office hours are: Mondays and Thursdays, 9 a.m.-6 p.m., Tuesdays, Wednesdays, and Fridays, 9 a.m.-5 p.m.

Veterans Academic Resource Center (VARC)

Director: Paul Viau
Veterans Academic Resource Center, Addition Financial Arena; 407-823-2707
Email: varc@ucf.edu
http://varc.sdes.ucf.edu/

Located at UCF Knights Plaza/Addition Financial Arena, the Veterans Academic Resource Center is open 9 a.m.-5 p.m., Mondays through Fridays, and provides study and lounge areas for student veterans, as well as programs and events designed specifically for student veterans' needs.

The VARC recognizes and supports student veterans as they transition from military to student life. The VARC, a unit of the Registrar's Office, is a collaboration among the offices of Career Services, Counseling and Psychological Services, Student Academic Resource Center, Student Accessibility Services, and Transfer and Transition Services, and provides the home for Veteran Services.

Veteran Services

Assistant University Registrar: Bethany Glassbrenner
http://varc.sdes.ucf.edu/benefits

Veteran Services serves all veteran students and eligible dependents who are using VA educational benefits. The office provides information concerning entitlements, filing claims to the Department of Veterans Affairs, certifying enrollment at the university each term to receive VA educational benefits, and deferring tuition and fee payments. Consult Veteran Services early in the UCF admissions process for information (http://varc.sdes.ucf.edu/benefits).

To maintain eligibility for VA education benefits, students must adhere to the policies and procedures for VA educational benefits as noted on the GI Bill website (http://www.benefits.va.gov/gibill/).

UCF, being a member of SOC (Service Members Opportunity College), provides credit for various military training and education. Credit is awarded for regionally accredited schools and courses only. Transfer credit is awarded per the recommendations of the American Council on Education (ACE) Guide, based upon courses and/or training listed on the DD Form 214, SMARTS, ARTS, or other official military record. U.S. Air Force veterans must coordinate with the Community College of the Air Force to provide official CCAF transcripts to the Office of Undergraduate Admissions.

Students eligible for VA educational benefits may also be eligible for a VA deferral of tuition and fees. The VA Deferment due date is contained in the "Academic Calendar" (http://calendar.ucf.edu/). Students eligible for financial aid adequate to cover tuition and fees are not eligible for this deferment.

For fall/spring semesters, undergraduates must carry at least 12 credit hours for full-time VA benefits, 9 to 11 credit hours for three-quarter time benefits, and 6 to 8 credit hours for half-time benefits. Five credit hours or less will be reimbursed at the cost of tuition and fees or quarter-time depending on their VA Chapter. Check Veterans Services website for summer term course load and other FAQs.

Students currently enrolled at UCF and another institution may receive VA educational benefits after completing the appropriate Transient Form and consulting with Veterans
Services. Veterans and eligible dependents who desire to change their major, or pursue a dual major, dual degree, or add a minor may receive VA educational benefits but must obtain approval from DVA before taking any of the applicable courses. This includes a minor in military science. NOTE: Some majors may have extra elective hours that can be used for courses for a minor or another major.

Benefits will be terminated for individuals who are disqualified, excluded, suspended, or expelled from the university. If reinstated by the university following disqualification or suspension, the veteran or eligible dependent must contact Veterans Services to have their VA educational benefits re-activated.

Veterans and eligible dependents also may draw VA benefits during the periods of eligibility while on Cooperative Education assignments. Payment is received during both the on-campus and off-campus work terms. Contact Veterans Services for more specific benefit information on Cooperative Education.

UCF is designated as a VA "Yellow Ribbon" institution to help defray the out-of-state tuition. Please go to http://varc.sdes.ucf.edu/docs/ucfyellowribbonprogram_rules.pdf for more information.

The C.W. Bill Young Veteran Tuition Waiver Program is available to any honorably discharged veteran of the U.S. Armed Forces, U.S. Reserve Forces, or the National Guard who is not considered a Florida resident for tuition purposes but who resides in Florida while attending UCF. This waiver may also be used by eligible dependents who are using GI bill benefits that the veteran transferred to them. Please go to http://varc.sdes.ucf.edu/benefits for more information and application requirements.
Transfer and Transition Services

Director: Jason Dodge
HPP 221; 407-823-2231
Email: tservices@mail.ucf.edu
http://transfer.sdes.ucf.edu

Transfer and Transition Services helps students accomplish a smooth and efficient transfer to UCF. Students transferring with an A.A. or articulated A.S. from a DirectConnect partner school are guaranteed admission (upon meeting admission criteria). Partner institutions include College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, Seminole State College, and Valencia College. Florida College System institution and university A.A. graduates are guaranteed certain rights and privileges according to the statewide Articulation Agreement.

Students transferring with an A.S. in one of the statewide articulated degree programs should refer to the "Articulated A.S. Programs" chapter of this Undergraduate Catalog. Any questions about these programs should be directed to the Director of Transfer and Transition Services.

Where Can I Go For Help?

For information or assistance during the transfer process, you may contact Transfer and Transition Services, located in Howard Phillips Hall, room 221. Call the Student HOTLINE at 407-823-2231 for immediate access to staff during regular business hours. Visit the website at http://transfer.sdes.ucf.edu.

Transfer and Transition Services provides the following services and resources:

- Website for transfer students (http://transfer.sdes.ucf.edu)
- Transfer Knights social club; Tau Sigma Transfer Honor Society
- Orientation advising and assistance

How Can a Florida College System Institution Counselor or Advisor Help Me?

It is important that you are kept informed of all requirements for transferring to UCF. Florida College System institution counselors and advisors are provided with information and resources about the requirements to enter each program at UCF. They can help you determine which classes you need to complete before transferring. Additionally, they have access to information for limited access majors that have special requirements: application deadlines, GPA, testing, portfolios, letters of recommendation, etc.

DirectConnect to UCF provides A.A. and A.S. students and alumni of College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, Seminole State College, and Valencia College guaranteed access to UCF. Meet with a DirectConnect advisor as soon as you earn 30 credit hours.

Why Should I Complete My A.A. Before Transferring From a Florida Public Institution?

Receiving your A.A. from a Florida public institution ensures special benefits guaranteed under the statewide Articulation Agreement. The following are some of the advantages of receiving your A.A.:

- Priority in admission to state universities;
- Acceptance of at least 60 credit hours toward the baccalaureate degree; no additional general education core requirements;
- Acceptance of all courses taken at your institution, if the same course with the same course number is offered at UCF;
- All grade forgiveness awarded under the A.A. will be honored.
Priority admission is given to A.A. and articulated A.S. graduates from the Florida public community and state colleges and state universities. If you do not complete an A.A. at a Florida College System institution or university, you must complete UCF’s general education requirements, which may be considerably different from your previous institution's requirements. If you have met all the A.A. requirements, you should have “General Education Requirements Met” placed on your transcript to assure getting credit for meeting General Education and Gordon Rule requirements. Without this statement you must satisfy UCF’s general education requirements and Gordon Rule courses. If your grade point average falls below a 2.0 (without grade forgiveness), you will not be admitted.

What Are the Foreign Language Requirements?

Admission Requirement: To be admitted you should complete two years of the same foreign language or American Sign Language in high school (document by submitting an official high school transcript), or at the post-secondary elementary 2 level, or pass a CLEP or other proficiency examination. Students admitted without this requirement must satisfy it prior to graduation.

Graduation Requirement: Some baccalaureate degrees require students to demonstrate foreign language proficiency as a graduation requirement; this requirement may be satisfied by college-level course work or testing equivalent to two semesters of college instruction. Some majors require additional proficiency; some departments accept American Sign Language to meet the proficiency. Consult the UCF Undergraduate Catalog for graduation requirements for specific majors. High school courses will not satisfy graduation foreign language requirements. International students required to provide TOEFL scores for admission are considered to have satisfied the graduation requirement.

How Will My Credits Transfer?

All college level credits earned for which official transcripts have been submitted will be compiled into a Transfer Summary Report (TSR), which is available online after your admission to UCF. The TSR is the basis for constructing a degree audit, which applies earned credits toward your intended degree program. The audit provides you with an assessment of which degree requirements have been met and which remain to be satisfied. You will use the audit to schedule courses that meet your remaining requirements.

Common Program Prerequisites: To view generic course substitutions for Common Program Prerequisites that may be offered at the Florida College System institutions or other state universities, please go to the Florida Virtual Campus website at https://www.floridashines.org. Usually these courses will be substituted automatically in your audit to fulfill the correct requirement.

Some credits listed on the TSR may not be applicable toward graduation course requirements; e.g., some departments do not accept a transfer grade of “D” (1.0). You should review the TSR carefully to ensure that all credits are included. Courses not automatically credited to your degree program must be evaluated on a course by course basis. General education courses are evaluated through Academic Services; all other courses are evaluated by the academic department offering the courses.

You must make sure that all official college transcripts, including a final transcript from the last institution you attended, are submitted to the Undergraduate Admissions Office within ten days of the start of your first term at UCF. If Admissions does not receive them, a hold is placed on your record, making it difficult for you to receive financial aid or to register for a future term.

When Do I Pay My Bill?

For students taking courses at UCF for the first time, tuition and fee payments are due by the published deadline. Students can print a copy of their Fee Invoice online from myUCF (https://my.ucf.edu). A late payment fee of $100 will be assessed on all accounts not paid or deferred by each term’s payment deadline. Please note that you will not be sent a bill. It is up to you to view your Fee Invoice through myUCF. If you decide not to attend, but have registered for classes, be sure to drop all classes, or you will be fee liable.

Financial Aid deferments will automatically be reflected on your Fee Invoice. If the total amount of your tuition and fees exceeds the amount of your deferment, the difference must be paid by the due date on your Fee Invoice. The following programs are not included in the automatic deferral program: work/study programs, third party deferrals, other waivers, and direct pay scholarships.

Can Transfer Students Participate in The Burnett Honors College?

Qualified students who transfer to UCF with an honors A.A. from a Florida College System institution that has
signed an articulation agreement with The Burnett Honors College will be admitted into University Honors with junior standing. Florida College System institution transfers and other students who have completed their general education requirements may participate in the Honors in the Major program through the completion of departmental honors requirements, including an original research project.

Transfer students who apply for admission to departmental honors programs must have a minimum GPA of 3.5 in their major. Successful completion of either honors program will be noted on your transcripts and diploma. For more information, call 407-823-2076 or visit the honors website at http://honors.ucf.edu.

Transfer Tips:

Office Visits for Transfer Advising

- Students are encouraged to contact Transfer and Transition Services or their DirectConnect advisor with questions or to schedule an appointment to meet with an advisor. Advisors are available Monday through Friday, 8:00 a.m. to 5:00 p.m.
- Transfer students must declare a major; students undecided about their major should contact Transfer and Transition Services for advisement.
- Undeclared students with 45+ credit hours are placed on advising hold.

Students should:

- Submit your application as soon as you have earned 45 credit hours, at least six months in advance. Do not wait until the A.A. is awarded to apply. You can be admitted "contingent upon completion of the A.A." if you meet specific admission requirements. By applying early and being admitted, you will be invited to an early Orientation.
- Keep a transfer diary. For each contact with UCF, record the name of the person with whom you spoke, the date, and the type of request. Keep a copy of all correspondence you send and receive.
- Have original transcripts from all institutions you have attended sent directly to the Undergraduate Admissions Office. If you are currently enrolled, send a transcript when applying and a final transcript when classes are completed.
- Attend the earliest Orientation session possible. You will have more course selections and registration choices. You should bring copies of all transcripts (transcripts sent in for admissions purposes are not available for advising during Orientation). You are advised (in groups) and then allowed to register. Tuition and fee payments are due by the published deadline.
- Complete the "Immunization Form." Registration is not allowed without the completion and approval of this form.
- Complete the "Free Application for Federal Student Aid" (FAFSA).

Transfer Checklist

Before Completing the A.A. or Articulated A.S.

Y___ N___ met with a pre-admission advisor (DirectConnect or Transfer & Transition Services)

Y___ N___ met with counselor or advisor for graduation check

Y___ N___ completed application for graduation

Application for Admission

___/___/___ date submitted

Y___ N___ checked admission status at https://my.UCF.edu
__/__/__ date of acceptance

Transcripts (original transcript from all institutions attended)

Y___ N___ transcripts sent from all current and prior institutions
Y___ N___ final transcript sent after term completed

Financial Aid/Scholarship

__/__/__ date financial aid application (FAFSA) sent
__/__/__ date SCHOLARSHIP application sent
Y___ N___ "to do" list checked on myUCF

Housing

Y___ N___ reviewed OCSS handbook: *Survival Guide for Living off Campus*
__/__/__ date application sent (include deposit when required)

Immunization

__/__/__ date Student Health Form submitted
Y___ N___ need immunizations

Foreign Language Requirements (Admission)

Y___ N___ 2 years/units earned in high school
Y___ N___ Elementary level 2 earned in college
Y___ N___ credits to be taken at the university

Note: Although American Sign Language may be used to satisfy the UCF admission requirement, it may not satisfy graduation requirements of the specific major.

Program (Major) Requirements
Y___ N___ selected a major

Y___ N___ completed major prerequisites

Y___ N___ submitted limited access application

Y___ N___ met grade point average (GPA) requirements

Y___ N___ met cumulative GPA for admission to program of study

Y___ N___ met cumulative GPA in courses taken for program of study

Y___ N___ met grade requirements for designated courses

Y___ N___ met audition/portfolio/additional admission requirements

Orientation:

___/___/___ Orientation date at UCF
Academic Advising

Responsibilities

Academic advising is a process that assists students in the clarification of life goals and the translation of these goals into educational plans. It provides assistance to students as they explore educational opportunities and develop educational plans and objectives. Academic advising connects students with the University by bringing meaning to its mission, its curriculum and to the learning environment that is the University community. Academic advising is committed to assisting and supporting students with developing their educational, career and life goals. It provides access to campus resources and coordinates the integration of all aspects of student life into learning experiences. It is an individualized avenue of communication that assists students in the planning and decision-making process.

Although academic advisors provide assistance, it is the student's responsibility to know the university policies, procedures, requirements, and seek out assistance when needed. There are a variety of academic advising systems available at UCF in each of the colleges, schools, and the Division of Student Development and Enrollment Services.

Freshman (First Time in College - FTIC)

Every incoming freshman is assigned a professional first year academic advisor. Academic advisors also collaborate with the University's Colleges and Schools, and link students to advisors in various academic programs. The assignment of a first year advising office will be based on the specialized services of each program and the student's particular needs. Academic advising is one of the most important services provided at UCF and can impact a student's successful progression to graduation.

New FTIC Students can expect to:

1. Attend a mandatory UCF Orientation that will provide:
   a. Initial academic advising in a group setting and preparation for the first term, including schedule planning and registration

2. Connect with their first year advising office according to the following designated priority order:
   a. First Year Advising and Exploration (FYAE) - for first year students in the EXCEL, COMPASS, LEARN Living Learning Community, STEP, Access Program and the Out of State Student Mentoring (OSSM) Living Learning Community programs and those not in a special population listed below (TCH 133)
   b. Academic Services for Student-Athletes (ASSA) - for Division I student athletes (WDSC 110)

   These offices provide students with general education advising, academic exploration for undeclared students, academic support, registration assistance, and on-going information about University policies and procedures throughout the first year experience. For more information about the first year advising offices and their services, please see the "Student Development and Enrollment Services" chapter of this UCF Undergraduate Catalog.

3. Participate in programs and advising activities that will promote a successful transition from high school to the university.

4. Transition to an academic advising office within the college of the student's chosen major sometime during or at the completion of the first year.

The Burnett Honors College

New students will:

Attend the UCF Orientation designated for The Burnett Honors College. At this time students meet with Honors staff and learn about The Burnett Honors College courses and GPA requirements, and register for Honors and non-Honors classes.
Continuing students will:

1. Contact the department of their major and meet with their advisor in the department during the first two months of any semester to review progress and plan a program of study;
2. Meet with their advisor in the department of their major prior to registration;
3. Contact the Office of Honors Advising (BHC 109) and based on the recommendation from their academic advisor and the requirements for University Honors, an Honors Advisor will assist with Honors course selection;
4. Continue to register for classes online;
5. Check their "Fee Invoices/Schedule" to ensure accuracy of class schedule; and,
6. Attend any mandatory Honors advising appointments.

College of Arts and Humanities

Majors within the College of Arts and Humanities should meet with their major/minor advisor concerning major/minor requirements and with an advisor in CAHSA regarding all other inquiries. CAHSA is located in Trevor Colbourn Hall (TCH) room 159 and advisors can be reached via email at cahsa@ucf.edu or in person by visiting CAHSA during regular business hours. Students can also access CAHSA's website at: http://www.cahsa.cah.ucf.edu.

New students will:

1. Meet with a CAHSA advisor in a group setting during Orientation to discuss college policies and procedures;
2. Meet with a major advisor to discuss major requirements, career opportunities, and plan a class schedule;
3. Register for classes at a central location; and,
4. Check their "Fee Invoices" to ensure accuracy of their class schedule.
5. Create and regularly check their Knights Email account.

Continuing students will:

1. Meet with their major and/or minor advisor in the department to review academic progress and plan a program of study for subsequent semesters.

Graduating students will:

1. File the online intent to graduate form by the posted deadline for the semester in which they intend to graduate. Please note that the deadline for filing is always the semester prior to the semester in which you intend to graduate.
2. Complete a webcourse after filing the online intent to graduate and prior to the deadline for filing the intent.
3. Maintain current contact information and regularly check their Knights email account, degree audit, and webcourse content.

College of Business Administration

The College of Business Administration (CBA) strives to provide its students with the highest quality academic advising and career coaching. The Office of Professional Development (OPD) partners with departmental faculty advisors to assist prospective and current business majors develop an educational plan that meets their career goals.

New students will:

1. Be classified as 'pre-major' until admission to the major requirements are met and a change of major request has been processed. 'Pre-major'
students have enrollment access to CBA non-restricted classes and do not have enrollment access to CBA restricted classes;
2. Meet college representatives in a group setting during Orientation to discuss admission to the major requirements, college policy, procedures, expectations, and degree programs;
3. Review degree requirements at Orientation using the Degree Audit and CBA literature to better understand degree requirements and the various components of their Degree Audit;
4. Submit all requests to evaluate transfer courses for equivalency to UCF courses during their first term of enrollment at UCF. General Education coursework is evaluated for equivalency by Academic Services, while the Business Common Program Prerequisites and all business coursework is evaluated for equivalency by the College;
5. Meet with a Career Coach in the OPD (BA2, Room 101), to understand the career options of their major; and,
6. Meet with a member of the OPD Advising Team to review academic progress and develop or update an academic plan, if the major is "Pre Business" and the student is classified as at least Sophomore standing.

Continuing students will:

1. Meet with a member of the OPD Advising Team to review academic progress and develop or update an academic plan. Degree requirements and course prerequisites should be reviewed prior to registration each term;
2. Meet with their Career Coach as directed by activities in the college's Career Professionalism curriculum;
3. Register for courses in myUCF at their scheduled appointment time. All changes to the student's class schedule must be completed by the end of the drop/swap and add periods;
4. Be classified as 'pre-major' until admission to the major requirements are met and a change of major request has been processed. 'Pre-major' students have enrollment access to CBA non-restricted classes and do not have enrollment access to CBA restricted classes;
5. Meet with a member of the OPD Advising Team during the term prior to the anticipated graduation term as needed; and,
6. File the electronic "Intent to Graduate Form" by the end of the term prior to the term in which graduation is intended.

Students placed on 'Lack of Progress' due to Major and/or College of Business Administration GPA concerns will:

1. Have a "hold" placed on their subsequent registration; and,
2. Meet with the assigned LOP Coordinator to review the student's academic situation and develop a plan of action; and,
3. Complete the CBA Lack of Progress webcourse and any subsequent requirements.

College of Community Innovation and Education

New students will:

1. Meet college advising representatives in a group setting during new student orientation to:
   1. Discuss College of Community Innovation and Education admission requirements needed for enrollment in upper level classes
   2. Review degree program requirements
   3. Understand expectations and responsibilities associated with a career in education and service to the public
2. Be advised by the College of Community Innovation and Education's Undergraduate Affairs office in Education Complex Room 110 if their major is Education Pending or Elementary Education. All other admitted Education majors will be advised by their department academic advisor.
3. Be advised by the College of Community Innovation and Education's Undergraduate Affairs professional advisors in Education Complex Room 110 and discipline specific advisors in Criminal Justice, Emergency Management, Health Informatics and Information Management, Health
Services Administration, Legal Studies, Nonprofit Management and Public Administration majors. Students enrolled in UCF Downtown campus programs can also be advised by the College of Community Innovation and Education Undergraduate Affairs office in Union West starting in Fall 2019.

4. Purchase and utilize LiveText software if an education major at the beginning of the first semester of enrollment in the College of Community Innovation and Education based on program requirements.

Continuing students will:

1. Set up an appointment with their academic advisor upon acceptance to their major, or the Undergraduate Affairs office, if a "Pending" major, to review academic progress and to develop an academic plan. Review this plan each term with an advisor prior to each registration period;

2. Review their degree audit through myUCF;

3. Register at scheduled appointment time in myUCF. Students must complete any changes to their schedules by the end of the university published add/drop deadlines;

4. Utilize LiveText software based upon Education major program requirements; and

5. File an online "Intent to Graduate Application" by the end of the term prior to the term in which graduation is intended.

College of Engineering and Computer Science

New students will:

1. Meet with the Engineering and Computer Science Academic Affairs representative in a group setting during Orientation to:
   a. Review the College of Engineering and Computer Science (CECS) academic policies and procedures
   b. Plan an appropriate first term schedule;

2. Meet with a faculty advisor in the department of their major to:
   a. Understand the career options of the major

   b. Discuss degree program requirements; and,

3. Be advised in the CECS Academic Affairs Office (ENG1 107) if Undecided Engineering majors. Students are encouraged to seek advisement on determining a major as soon as possible. Failure to declare a major by the end of the first year may result in a delay of graduation.

Continuing students will:

1. Meet with an advisor in the CECS Academic Affairs Office or the department of their major during each term. Computer Science majors will be assigned a faculty advisor once they have passed the Computer Science Foundation Exam. Until that time, Computer Science majors will be advised by the CECS Academic Affairs Office or Computer Science Undergraduate Advising Office in HEC 345;

2. Set up an appointment with an advisor to review your academic progress and to develop an academic plan. Review this plan each term with the advisor prior to registration;

3. Use the flow diagram or four-year plan received during Orientation to progress through the degree requirements;

4. View a Degree Audit, the registration appointment time, and search for classes (once the class schedule is available) through myUCF at https://my.ucf.edu;

5. Register at the scheduled appointment time in myUCF, or in person in the CECS Academic Affairs Office (AAO). Complete all schedule changes by the end of the published Add period;

6. Participate in the college designated intervention plan if you have been placed on an engineering or computer science advisement hold. An intervention through the CECS Academic Affairs Office will be required each semester a student is on advisement hold; and,

7. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the CECS Academic Affairs Office or in the major department, by the last day of classes of the term prior to the term in which the student intends to graduate.

College of Health Professions and Sciences

New students will:
1. Meet college advising representatives in a group setting during Orientation to:

   1. Discuss degree program requirements;
   2. Understand career options of the major program of study; and
   3. Plan an appropriate first-semester class schedule.

Continuing students will:

1. Meet with the College of Health Professions and Sciences (CHPS) Office of Undergraduate Affairs in HPA2, room 115 each semester to check selection of program courses and progress toward graduation;
2. Meet with their academic advisor in the department of their major prior to registration, and before the beginning of the term to ensure their schedule is still appropriate;
3. Review a Degree Audit through myUCF frequently to check progress toward course requirements; and
4. File the "Intent to Graduate Form" through myUCF and meet with an advisor in the CHPS Office of Undergraduate Affairs or in the major department by the end of the term prior to the term in which graduation will occur.

College of Medicine - Burnett School of Biomedical Sciences

New students will:

Meet with the Burnett School of Biomedical Sciences (BSBS) Office of Student Services and Advisement (OSSA) advisors in group settings during Orientation to:

1. Discuss degree program requirements;
2. Understand career options of the major program of study;
3. Be directed to an appropriate academic/faculty advisor for help with information and guidance for medical/health professional or graduate programs admission requirements; and
4. Plan an appropriate first semester class schedule.

Continuing students will:

1. Meet with an advisor in the Office of Student Services and Advisement (OSSA) in HPA2, room 335 every semester to check progress toward graduation and selection of program courses, and to check on possible career and research opportunities;
2. See an advisor in the Office of Student Services and Advisement (OSSA) if pending major for limited-access Medical Laboratory Sciences program during the first few weeks of each semester to check progress toward eligibility for application to the major;
3. View a Degree Audit, registration time, and search for classes (once the class schedule is available) through myUCF;
4. Register for courses at the scheduled appointment time. Complete all schedule changes by the end of the published add period;
5. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the Office of Student Services and Advisement (OSSA), by the end of the term prior to the term in which graduation will occur; and,
6. Pre-health professional students: See your OSSA and faculty and consult with the Office of Pre-Health and Pre-Law Advisement.

Pre-Health Professional Planning

Pre-professional advisement deals primarily with understanding the requirements for successful application and admission to health professional schools.

Admission to a health professional school is highly competitive. Pre-health professions students are expected to be high achievers, and to obtain good grades with heavy loads and rigorous course combinations.

Most professional schools expect applicants to present at least a "B" average and to carry a minimum of 15 credit hours each term, with the exception of Summer term.

Each student is urged to carefully select a degree-granting major in our program. This will not only allow one to become more competitive for admission, but also to prepare for an alternate career in the event admission to a professional school is denied. Any degree-granting program may be selected as a major for pre-health students; however, the biomedical science major meets all admission requirements for health professional schools including medicine, dentistry, veterinary, pharmacy, physician assistant, etc. Our BS programs provide our students with a solid background to excel in health professional school programs. All students seeking admission to health professional schools should enroll in SLS 2311C - Overview of Select Medical Careers, in their first year at
Additionally, prudent use of elective hours in the curricula will permit other appropriate pre-health professions courses to be obtained to help prepare for specific admission exams.

All pre-health professions students are strongly encouraged to participate in the activities of one or more of the student health related organizations and become involved in community service and career shadowing.

**Curricula Guidelines**

All pre-health professions students are strongly encouraged to enroll in SLS 2311C - Overview of Select Medical Careers the first semester they are enrolled. This course provides a broad exposure to the various four-year health professions. In addition, the entire pre-professional process (academic preparation, applications, admission tests, interviews, admissions, scholarships, etc.) is explained in depth.

All pre-health professions students should complete the following science courses (many of which are applicable to the GEP) to meet the variable requirements of the Florida medical schools:

<table>
<thead>
<tr>
<th>Course</th>
<th>Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Biology</td>
<td>BSC 2010C, BSC 2011C*</td>

<tr>
<td>Immunology</td>
<td>PCB 3233 and PCB 3233L</td>
</tr>
</tbody>
</table>

*Biomedical Sciences and Biotechnology majors substitute BSC 3403C - Quantitative Biological Methods.

**Dates of Importance**

All students should be aware of registration deadlines and test dates for their specific admissions exam (DAT, MCAT, OAT, GRE, etc.). In addition, most four-year health professions schools subscribe to professional application services (AMCAS, ADDSAS, ACOMAS, etc.), thus require completion of a thorough application packet provided by the various application services.

**College of Nursing**

**New students will:**

Meet college advising representatives in **group** settings during UCF Orientation to:

1. Discuss degree program prerequisite requirements;
2. Understand Nursing admission requirements;
3. Understand career options of the major program of study; and,
4. Plan an appropriate first term class schedule.

**Continuing students will:**

1. If accepted into a nursing program, attend a College of Nursing orientation and see a faculty advisor during the first few months of each semester to review program courses and check progress toward graduation.
2. If a nursing pending major, see an advisor in the College of Nursing, Undergraduate Student Services, during the first few weeks of each semester to check progress toward eligibility for application to the major.
3. View a myKnight Audit through myUCF each semester; and,
4. File an "Intent to Graduate" online through myUCF by the end of the term prior to the term in which graduation will occur.
**College of Optics and Photonics**

**New students will:**

1. Meet with the Photonic Science and Engineering Academic Affairs representative in a **group** setting during Orientation to:
   a. Review the College of Engineering and Computer Science (CECS) and College of Optics and Photonics (COP) academic policies and procedures;
   b. Plan an appropriate first term schedule
2. Meet with a faculty advisor in the department of their major to:
   a. Understand the career options of the major;
   b. Discuss degree program requirements

**Continuing students will:**

1. Meet with a professor in the COP Academic Affairs Office, CREOL 108B;
2. Set up an appointment with an advisor to review your academic progress prior to enrollment in OSE 3200 - Geometric Optics and to develop an academic plan. Review this plan each term with the advisor prior to registration;
3. Submit a change of major in myUCF when pending requirements have been completed;
4. Use the flow diagram or four year plan received during Orientation to progress through the degree requirements;
5. View a Degree Audit, the registration appointment time, and search for classes (once the class schedule is available) through myUCF at [https://my.ucf.edu](https://my.ucf.edu);
6. Register at the scheduled appointment time in myUCF. Complete all schedule changes by the end of the published Add period;
7. Meet immediately with the advisor if you have been placed on an advisement hold. An intervention through the COP Academic Affairs Office will be required each semester a student is on advisement hold; and,
8. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the COP Academic Affairs Office, by the last day of classes of the term prior to the term in which the student intends to graduate.

**College of Sciences**

**New Students Will:**

1. Meet in a **group** setting during Orientation with representatives from the College of Sciences to discuss college policies and procedures;
2. Have two primary advisors, one in COSS and one in the department of their major;
3. Meet with representatives of the department of the major to discuss major requirements;
4. Refer to COSAS any questions pertaining to General Education requirements, college-level test credit such as AP, IP, AICE, and CLEP; Gordon Rule, university credit hour requirements, university policies and procedures, prerequisite enforcement process, etc.;
5. Complete their Pegasus Path prior to their first semester, seeking assistance from COSAS as needed;
6. Check their "Fee Invoices" to ensure accuracy of their class schedule;
7. Meet with an advisor in COSS or the major in their first semester.

**Continuing Students Will:**

1. Contact the department of their major and meet with a faculty or professional advisor during the first two months of any semester to review progress and plan a program of study;
2. Meet with their academic advisor in the department of their major prior to registration, and before the beginning of the term to ensure their schedule is still appropriate;
3. Access the class schedule and myKnight Audit online at https://my.ucf.edu;
4. Resolve any HOLDs placed on their account preventing them from registering;
5. Check to be sure they are meeting all prerequisites/corequisites of courses they plan to take.
   1. Regardless of which college the student may be in, COS enforces prerequisites/corequisites of COS courses through the registration system and notifies students not meeting prerequisites at the end of each term.
   2. If necessary, COSAS administratively drops students not meeting prerequisites for COS courses and may require proof of prerequisite completion to remain enrolled if prerequisite was taken somewhere other than UCF;
   1. Special assisted registration (e.g., overrides, independent study, thesis) for COS courses must be handled in COSAS.
   2. All registration must be completed by the published deadlines (see Academic Calendar in the current UCF Catalog);
7. Refer any questions to COSAS that pertain to the myKnight Audit or Pegasus Path regarding GEP, CLEP, AP credit, Gordon Rule, university credit hour requirements, as well as policies and procedures. Questions about major requirements in the myKnight Audit should be directed to the department of their major;
8. Check their "Fee Invoices" to ensure accuracy of their class schedules; and,
9. Continue to check their Pegasus Path to ensure accuracy and take advantage of the relevant co-curricular and signature experiences.

**Students placed on probation due to low UCF GPA will:**

1. Have a "HOLD" placed on their subsequent registration;
2. Be required to complete an online webcourse.
   1. Students who continue on probation will be required to complete the webcourse and a mandatory workshop prior to the withdrawal deadline.

Graduating students will do the following during the term PRIOR to the graduating term:

1. Review COS graduation instructions available at http://sciences.ucf.edu/cosas/ (click on graduation button);
2. Complete the on-line graduation application on myUCF within the dates specified at http://calendar.ucf.edu;
3. Complete COS graduation form at http://sciences.ucf.edu/cosas/ (click on graduation button); and,
4. Check their Knights Email account for further instruction. Graduating students may be required to see a COSAS advisor to review status.

**College of Undergraduate Studies**

Students interested in declaring a major in Interdisciplinary Studies (IDS), IDS Diversity Studies, Environmental Studies or Integrative General Studies must meet with an advisor in the College of Undergraduate Studies - Interdisciplinary Studies Advising to complete the declaration process.

**New students will:**

1. Meet with an advisor in College of Undergraduate Studies - Interdisciplinary Studies Advising during Orientation to complete the declaration process for Interdisciplinary Studies (IDS), IDS Diversity Studies Track, Environmental Studies or Integrative General Studies degree and discuss policies and procedures, degree program requirements, and plan an appropriate first semester class schedule;
2. For Interdisciplinary Studies (IDS) and IDS Diversity Studies Track: Meet with an advisor in the department of their minor to review the program's requirements;
3. Refer any questions pertaining to general education requirements, AP and CLEP credit, Gordon Rule, and other policies and procedures, as appropriate, to Academic Services;
4. Register for classes online.

Continuing students will:

1. Meet with an advisor in College of Undergraduate Studies - Interdisciplinary Studies Advising prior to registration and/or before the beginning of each term to review progress, select courses, and address any questions pertaining to the program;
2. Review the class schedule, myKnight Degree Audit and register online during their scheduled appointment time at https://my.ucf.edu;
3. For Interdisciplinary Studies (IDS) and IDS Diversity Studies Track: Meet with an advisor in the department of their minor to review progress;
4. Check their Fee Invoice to ensure accuracy of their class schedule.

Students on academic probation due to low UCF GPA will:

1. Have a "HOLD" placed on their subsequent registration; and;
2. Attend a mandatory meeting with an advisor in College of Undergraduate Studies - Interdisciplinary Studies Advising discuss probation policy, academic progress, success strategies, and campus resources available to help students in need of support (academic or otherwise).

Graduating students will do the following during the term PRIOR to the graduating term:

1. Review graduation instructions available on the College of Undergraduate Studies website;
2. Complete the online graduation application on myUCF within the dates specified at calendar.ucf.edu;
3. Check their Knights Email account for further instructions. Graduating students may be required to see an academic advisor to review status;
4. For Interdisciplinary Studies (IDS) and IDS Diversity Studies Track: Meet with an advisor in the department of their minor to confirm that the minor requirements have been met.

Rosen College of Hospitality Management

New students will:

Meet college advising representatives in group settings during orientation to:

1. Discuss degree program policies and curriculum requirements;
2. Understand career options and major programs of study;
3. Plan an appropriate first semester class schedule; and,
4. Review and learn how to interpret the myKnight Audit and advising resources through myUCF.

Continuing students should:

1. See a Faculty Advisor for assistance with selecting a concentration of study;
2. View degree requirements according to catalog year and course prerequisites prior to schedule planning;
3. See a Program Advisor prior to registration to review degree requirements and to make sure you are on track for graduation;
4. View a Degree Audit through myUCF and contact a program advisor in the Office of Student Services regarding questions or concerns; and,
5. File an "Intent to Graduate" online through myUCF by the deadline published in the UCF Academic Calendar the semester prior to the term in which you plan to graduate.

Success Coaches are available at 12 UCF Connect locations to guide, to support, and to provide academic advising for strategic completion programs and destination programs at respective locations. The coaches also serve as points of contact for DirectConnect to UCF students at the locations to provide a seamless transition for prospective students.
Academic Regulations and Procedures

Registration Policies

During each academic term, registration is held for all new, currently enrolled, degree-seeking and non-degree seeking students for the following term. Registration sessions consist of Registration and Late Registration (held during the first week of classes for each term/session). Spring Registration begins following midterm for the Fall semester. Summer and Fall Registrations begin following the midterm of the Spring semester. Class listings are available only online through the Class Schedule and Course Catalog Search at https://my.ucf.edu.

Registration is available using the myUCF at https://my.ucf.edu and in the college advising offices. The dates and times for each registration period are included in the "Academic Calendar" online at http://calendar.ucf.edu.

Terms and Credit Hours

The University of Central Florida academic schedule consists of two semesters (Fall and Spring), and the Summer term. The graduation credit value of each course of instruction is stated in terms of credit hours. A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

a. one hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or the equivalent amount of work over a different amount of time; or
b. at least an equivalent amount of work as required in paragraph (a) of this definition for academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

<table>
<thead>

</tr>
</thead>
<tbody>
<tr>
<td>Half Time</td>
<td>6-8</td>
</tr>
<tr>
<td>Less -Than-Half Time</td>
<td>less than 6</td>
</tr>
</tbody>
</table>

Note: Graduate and post-baccalaureate students please refer to the online Graduate Catalog for enrollment status policies.

Credit Hour Limits

Undergraduate students are limited to 14 credit hours for the Summer term and 17 credit hours for the Fall and Spring semesters. The department chair and college advising office must approve overloads. Overloads may be processed at the college advising offices.

Excess Hours

Effective Fall 2009, pursuant to Florida Statute 1009.286, students entering a Florida College System institution or state university for the first time in Fall, 2009, and thereafter, may be subject to the excess hours surcharge for hours exceeding baccalaureate degree program completion requirements. Students should regularly review their degree audits and consult with an academic advisor to make sure they are not enrolling in excess courses. More detailed explanation of the excess hours rule can be found on the University Registrar's Office website at http://registrar.ucf.edu/excess-hours.

Students beginning Fall Semester 2009 through Summer 2011 will be charged 1.5 times the tuition rate for each credit hour beyond 120% of the required hours of that degree program. Students beginning Fall 2011 through Summer 2012 will be charged two times the tuition rate for each credit beyond 115% of the required hours of that degree program. Students beginning Fall 2012 and beyond will be charged two times the tuition rate for each credit beyond 110% of the required hours of the degree program.

Holds

A hold (negative service indicator) may be placed on a student's records, transcripts, grades, diplomas or registration due to financial or other obligations to the University. Satisfaction and clearance of the hold is required before a release can be given. Students may check
for holds on the myUCF system at https://my.ucf.edu under the Student Self Service link. To obtain a release for financial holds, payment to the Cashier's Office must be made either in cash, credit card, cashier's check, or money order.

**Drop/Swap and Add Policy**

Drop/Swap and Add are the periods following initial registration when students may make class schedule adjustments (as listed in the Academic Calendar). Drop/Swap or Add may be done using the myUCF system (https://my.ucf.edu) or in the college advising offices. After the Drop/Swap period, no course may be dropped without being fee liable. Courses meeting for the first time after the end of the Drop/ Swap or Add period may be dropped the next business day in the Registrar's Office, Millican Hall 161. If a student drops courses for an entire term with the intent of not returning to UCF, they must also drop courses for any future terms or will be fee liable and receive a grade. For withdrawal after the Drop/Swap period, refer to the "Withdrawal Policy" of the Undergraduate Catalog. Please consult the Academic Calendar for Drop, Add, and Withdrawal deadlines.

A student is not automatically dropped or withdrawn from a class for not attending. The instructor cannot add, drop or withdraw a student from a class.

**Audit Registration**

Audit students are those who desire to attend class(es) without receiving academic credit. Regular tuition and fees are assessed for Audit registration. See the "Fee Schedule" in the "Financial Information" section of the Undergraduate Catalog. Audit registration is on a space-available basis at the prescribed time of Registration or at any time during Late Registration and Drop/Swap and Add when Late Registration fees will apply. Audit requests for students who register prior to this time will be denied. Students may not change to Audit status after Late Registration and Add, but must remain in the course or withdraw through normal withdrawal procedures. New students must be accepted for admission to be eligible to audit a course. Audit forms, available on the Registrar's website (http://www.registrar.ucf.edu) and in the Registrar's and college advising offices, must be signed by the instructor and presented to the Registrar's Office at the time of registration.

**UCF Math Placement Test**

The University believes that appropriate placement of students into certain course sequences is important to help foster an environment of success. The University administers the UCF Math Placement Test to determine placement into the mathematics course sequence. Students who do not meet prerequisites for mathematics courses are required to take the UCF Math Placement Test and are strongly recommended to complete the UCF Math Placement Test prior to attending Orientation. If the UCF Math Placement Test is not completed prior to Orientation, delays in registration for mathematics courses may result. The UCF Math Placement Test is for placement purposes only and does not award credit. More information about the UCF Math Placement Test is available at http://utc.sdes.ucf.edu/math/.

**Senior Citizen Audit**

Senior Citizens (60 years of age or older) who have been residents of the State of Florida for at least one year as of the first day of classes may enroll tuition free as Audit students (i.e., no academic credit) on a space-available basis. Forms to be completed include the "Residency Affidavit," the "Student Health History," the "Senior Citizen Audit Application" and "Senior Citizen Audit Registration Form" These forms are available in the Registrar's Office (MH 161) or at the Registrar's website: http://www.registrar.ucf.edu. It is necessary to complete the required forms during the last hours of registration as noted in the "Academic Calendar" online at http://calendar.ucf.edu. Direct student expenses after the completion of registration include the campus ID card, vehicle registration and textbooks.

**State of Florida Employee and UCF Employee Registration**

State of Florida employee and UCF employee enrollment into courses for which the employee will seek a tuition waiver will occur on a space available only basis on the last day of Registration each term at the time specified on the "Academic Calendar" online at http://calendar.ucf.edu. For waiver eligibility and application information, please refer to the Student Account Services website at http://www.studentaccounts.ucf.edu/.

**Limited Non-Degree Seeking Applicants**

This classification allows a student to enroll in selected courses when the student may have no immediate intention of pursuing a degree program. Most opportunities in this status will occur away from the Orlando campus, for
courses that are taught out of the regular semester or term cycle, or for special programs mandated by the State of Florida. Successful completion of courses while in this classification does not provide a basis for regular admission at a later date. Programs using the Limited Non-Degree Seeking status include:

- High school Dual Enrollment
- Continuing Education
- Off-campus credit
- Soldiers-to-Scholars
- Regional Campuses
- Teacher Certification or re-certification

Students registering for classes in the Limited Non-Degree Seeking status are subject to the following regulations:

1. Students are required to provide evidence of their educational qualifications for attending classes in order to meet the intent of this enrollment classification;
2. Students who have been previously denied admission or disqualified for enrollment are not eligible;
3. Non-degree-seeking students are subject to the same rules and regulations as degree-seeking students;
4. Registration is permitted on a space-available basis;
5. A maximum of 15 undergraduate credit hours or 6 graduate credit hours may be earned as a limited non-degree seeking student;
6. International students may not register as non-degree-seeking since immigration regulations prevent foreign nationals from enrolling without admission to a degree or certificate program;
7. Limited Non-degree students are not eligible to receive financial aid nor to participate in intercollegiate sports; and,
8. Students must complete a Limited Non-Degree Seeking Status Registration Form.

Applicants for limited non-degree-seeking status are subject to applicable provisions of the University's undergraduate admissions regulation. Students registering in this category should be aware of the limitations of this status and are encouraged to apply for regular admission to the University.

State Tuition Exemption Program (STEP) (National Guard) Registration

State Tuition Exemption Program (STEP-National Guard) students register on a space-available basis only. Registration is on a space-available basis during the last hours of registration as noted in the "Academic Calendar" online at http://www.registrar.ucf.edu/calendar. STEP students must present a "Certification" letter to Student Account Services (MH 109) to receive waiver of eligible fees. Registration before the time specified in the "Academic Calendar" online at http://www.registrar.ucf.edu/calendar will result in the student being assessed regular fees. The tuition fee waiver cannot be used for courses that require increased costs, including, but not limited to courses offered through the Center for Continuing Education, independent study, supervised research, supervised teaching labs, thesis hours, dissertation, internships, co-ops, practicums, or applied, individualized instruction in music, art, or dance. Eligible members of the active Florida National Guard may receive a waiver of 50% of tuition and material and supply fees.

State University System (SUS) Florida Transient Students

An SUS Transient Student is a student in good standing who is seeking a degree from one of the other Florida public universities (SUS) and desires to take courses with UCF. Students must complete the "SUS Transient Application Form", which is available online at https://www.floridashines.org. No application fee is required. The "SUS Transient Application Form" must be completed each term and should be completed online or delivered/mailed to the Registrar's Office (MH 161), by the application deadline noted in the "Academic Calendar" online at http://calendar.ucf.edu. Students should visit the Registrar's Office website at http://www.registrar.ucf.edu or contact the Registrar's Office for registration information at 407-823-3100.

UCF Students Attending Another Florida Public Institution

UCF students who desire to attend another Florida Public institution, to earn credit for transfer back into a UCF degree program, as a transient student are encouraged to complete the "Transient Student Form" online, which is available on the Florida Virtual Campus website at https://www.floridashines.org under "College Students" > "Transferring". Students wanting to attend a Florida private institution or an institution outside the State of Florida may obtain a printed form from the UCF Registrar's Office. The prior permission of the department, school, and college advising office is required to ensure that the courses attempted at another institution will transfer and meet the UCF Degree/General Education Program requirements.
UCF Students Attending a Non-SUS Institution

A UCF degree-seeking student desiring to earn credit at another college or university for transfer back into a UCF degree program must obtain prior transient approval for specific courses from the Dean or Department Chair of his/her respective college or school. Transient approval of courses to be applied to the UCF General Education Program must be obtained in advance from Academic Services (MH 210). Credit earned without prior transient approval may not be accepted. Plus-minus grades will be transferred for course work earned Fall 2001 and after using UCF's grade point system. Because of graduation certification, students may not take courses in transient status during the term in which they expect to graduate. A student seeking transient status must complete the "Transient Approval Form," available from the college or school advising office or at https://www.floridashines.org and must submit the completed, approved and signed form to the Registrar's Office (MH 161). Transient credit cannot be used to reduce the last 30 semester hour residency requirement for a baccalaureate degree, the last 20 semester hour residency requirement for an Associate of Arts degree, or any departmental residency requirements.

Professional Credentialing or Licensure

If you intend to pursue professional licensure or other credentialing in your state or elsewhere, we advise you to contact the applicable state credentialing authority to familiarize yourself with its specific requirements and determine if your selected UCF program of study meets its academic criteria. You are welcome to contact a UCF program advisor with questions in this regard and we will do our best to assist you in your career planning.

Enrollment and Degree Verifications

Students may obtain their enrollment verification online through myUCF at https://my.ucf.edu. Enrollment certification is free to currently enrolled students. Parents, employers, background checking firms, and other third party agencies may request enrollment and degree verifications online at http://www.degreeverify.org. A fee will be assessed for all such requests. UCF has contracted with National Student Clearinghouse to provide current enrollment and degree verifications online 24 hours a day, seven days a week. National Student Clearinghouse Customer Service is available at 1-703-742-4200, Monday - Thursday, 9:00 a.m. - 7:00 p.m., & Friday, 9:00 a.m. - 5:00 p.m., ET.

Withdrawal Policy

The Withdrawal period for each term begins after the Drop/Swap deadline noted in the "Academic Calendar" online at http://calendar.ucf.edu. Students remain fee liable for any courses from which they withdraw unless the university approves a medical withdrawal or late drop (as explained below). Students may withdraw from a course and receive the notation of "W" until the deadline noted in the Academic Calendar. A student may withdraw from courses using myUCF at https://my.ucf.edu, or by visiting the Registrar's Office (MH 161), certain college advising offices, or a UCF Connect office. Students may withdraw by fax at 407-823-5652. Faxed requests must be received by 5:00 p.m. on the last day to withdraw and must include the student's identification number, the course(s) from which to be withdrawn and his or her signature. Students may also mail a written request to the Registrar's Office, P.O. Box 160114, Orlando, FL 32816-0114. This letter must be time-stamped or postmarked before the published withdrawal deadline and must include the student's identification number, the course(s) from which to be withdrawn and his or her signature. Students seeking to withdraw in person must sign the request and must provide photo identification. The official date of withdrawal is the date the University receives the withdrawal request. Requests received by mail are processed using the postmark as the official date of withdrawal. Withdrawing from courses may have financial aid, NCAA eligibility or international visa consequences. Students should seek appropriate advisement prior to withdrawing from a course. Students who withdraw from courses for an entire term with the intent of not returning to UCF must also drop courses for any future terms. A student failing to withdraw will be fee and grade liable.

A student is not automatically dropped or withdrawn from a course for not attending, nor can an instructor drop or withdraw a student from a course.

When a student cannot complete a course(s) because of pregnancy or sexual violence, the student should contact the Title IX Coordinator at 407-823-1336 immediately and before submitting a withdrawal or drop request (unless the student must submit the request in order to meet the applicable deadline). The Title IX Coordinator will explore whether other options are available to the student (eg. an "Incomplete" grade with an opportunity to finish course requirements after the semester has ended).

Late Drop: Following the close of the Drop/Swap period each term as published in the academic calendar, students withdrawing from courses will incur both grade and fee liability unless the university approves a medical
withdrawal or late drop. No drop is permitted after the drop/swap deadline except in exceptional circumstances beyond a student's control that prevent the student from completing courses. Exceptional circumstances include, but are not limited to, death of an immediate family member, involuntary call to military service, homelessness, or administrative errors created by the University.

Unsatisfactory academic performance, change of major, or financial challenges are not acceptable reasons for a drop after the deadline. Late drops are normally for all courses taken in the term. If a student is requesting a late drop from fewer than all courses in which the student is enrolled during a semester ("selective drop"), the student must explain in detail why the exceptional circumstance prevents the student from completing the requirements of certain courses but not others, including providing documentation that supports this explanation. For example, a student who is involuntarily called to active military service may be unable to attend courses but can complete an online course. If approved, a late drop includes a refund of tuition and fees, and the courses will not appear on the student's academic records. Students must submit the completed petition and provide all supporting documentation for a late drop to Academic Services (MH 210) within six months of the end of the term for which the late drop is sought, as stated in Board of Governors policy. No late drop petitions are accepted past the six-month submission deadline. The Medical Withdrawal process, rather than the Late Drop process, should be used for medical conditions serious enough to prevent a student from meeting course requirements for the remainder of the semester.

Late Withdrawal: No withdrawal is permitted after the withdrawal deadline as published in the academic calendar except in extraordinary circumstances beyond the student's control that prevent completion of courses. Extraordinary circumstances include, but are not limited to, being the primary caretaker of an immediate family member who is seriously ill or injured, or a mandated employment transfer. Unsatisfactory academic performance is not an acceptable reason for withdrawal after the deadline. A late withdrawal is usually for all courses in the semester ("full withdrawal"). If a student is requesting a withdrawal from fewer than all courses in which the student is enrolled during a semester ("selective withdrawal"), the student must explain in detail why the extraordinary circumstances prevent the student from completing the requirements of certain courses but not others, including providing documentation that supports the explanation. If a late withdrawal is approved, grades of Withdrawn Passing (WP) or Withdrawn Failing (WF) will be recorded as assigned by the instructor(s) of the course(s). A grade of "WF" will affect the calculation of the student's Grade Point Average. A grade of "WP" will not affect the calculation of the student's Grade Point Average. If approved, a late withdrawal does not refund tuition, and/or the student is still fee liable for the late withdrawn courses. Students must submit the completed petition and provide all supporting documentation for a late withdrawal to Academic Services (MH 210) within one year of the end of the term for which the late withdrawal is sought. No late withdrawal petitions are accepted past the one-year submission deadline.

Medical Withdrawal: A medical withdrawal is intended for a student whose own medical condition (physical or psychological) prevents the student from completing course(s) and the condition is serious enough to substantially limit one or more major life activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, communicating or working. Students seeking to request a medical withdrawal should contact Academic Services as soon as possible after the need for the medical withdrawal arises. All required forms must be submitted to initiate the review process. The student's medical and/ or psychological provider(s) provides the University with the appropriate medical documentation using the forms provided by Academic Services. Medical withdrawal petitions must be well documented.

A medical withdrawal is usually for all courses in a semester ("full medical withdrawal"). If a student is requesting a medical withdrawal from fewer than all courses in which the student is enrolled during a semester ("selective medical withdrawal"), the student must document why the medical condition prevents the student from completing the requirements of certain courses but not others, including providing medical documentation that supports this explanation. For example, a student who is suffering from a leg injury may be unable to perform in a dance course but able to complete online courses. Once a determination is made for fewer courses, the student cannot amend the request at a later date or request a retroactive withdrawal.

The medical condition should have arisen during the given semester from which withdrawal is sought. If the student was aware of the medical condition prior to beginning of the semester, the student must provide medical documentation demonstrating that there was a change in the condition during the semester that resulted in the student's inability to meet course requirements.

Medical withdrawals for consecutive semesters will not be approved for the same medical condition.
After a full medical withdrawal, the university expects a student will not enroll at the University in the semester immediately following the semester from which the student has medically withdrawn but will use that time to address the medical condition. When the University is able to determine that the condition is likely to continue to prevent the student from completing course requirements in subsequent semesters, the University may place the student on medical hold. If a medical hold has not been placed, it is the student's responsibility to decide, given the medical condition, whether to enroll or maintain enrollment in semesters following the semester from which the student has medically withdrawn. Students are encouraged to contact Student Accessibility Services well before a subsequent semester begins to explore possible accommodations if necessary. If a medical hold has been placed, it is the student's responsibility to drop all courses for future semesters until the medical hold is removed or be fee and grade liable. Additional information about medical holds and the process by which medical holds may be removed is available from the Academic Services office.

Students must submit a completed petition for a medical withdrawal to Academic Services with all supporting documentation from both (if applicable) medical and psychological providers that supported a student's care within six months of the end of the semester for which the medical withdrawal is sought. If a medical withdrawal is approved, a grade of "WM" (withdrawal due to medical reason) will be recorded for each affected course. If an approved medical withdrawal is submitted within one year (but after six months) of the end of the term for which the medical withdrawal is sought, a "WM" grade will be recorded for each affected course but no tuition refund will be provided. A "WM" grade will have no effect on the Grade Point Average. An approved medical withdrawal will include tuition refund only if the completed petition was submitted to Academic Services before the six-month submission deadline, as mandated by the Board of Governors policy. No medical withdrawal petitions are accepted past the one-year submission deadline.

When the physical or psychological condition at issue is related to pregnancy or sexual violence, the student should contact the Title IX Coordinator at 407-823-1336 immediately and before submitting a Medical Withdrawal request (unless the student must submit the request in order to meet the applicable deadline). The Title IX Coordinator will explore whether other options are available to the student (eg. an "Incomplete" grade with an opportunity to finish course requirements after the semester has ended). Academic Services officials who receive a medical withdrawal request related to pregnancy or sexual violence must notify the Title IX Coordinator immediately.

Appeal: Students whose academic record change petition has been denied have the right to appeal the decision to the Admission and Standards Committee. All documents supporting the appeal must be submitted within 30 days from the date of notification of the denial. The appeal must be based upon new or missing evidence not previously presented. Simply disagreeing with the decision is not grounds for an appeal.

Grade System

The University uses an alphabetic system to identify student grades and other actions regarding student progress or class attendance. Beginning Fall 2001, a plus/minus grading system became effective, with a grade point equivalent per semester hour as follows:

<table>
<thead>
<tr>
<th>Grades</th>
<th>Grading Points Per Semester Hour of Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A-</td>

</tbody>
</table>

The designation of "N" will be assigned temporarily by the Registrar's Office only in the case when a grade has not been submitted by the instructors by the grade submission deadline. The designator will be replaced by the earned letter grade at the earliest opportunity in the term that immediately follows and prior to graduation. The "N" designator may not be assigned by the instructor.

In the event of academic dishonesty, instructors may assign a Z in front of a final course grade on a student's academic record. For further information regarding the addition, removal and appeals process of the Z designation, see [http://z.ucf.edu/](http://z.ucf.edu/).

The Grade Point Average (GPA) is the average number of grade points per semester hour attempted. **GPA is computed by dividing the total number of grade points assigned by the total number of credit hours attempted, less hours resulting from NC, W, WP, and I grades.** GPA is recalculated after each term; for Summer GPA is recalculated only after all Sessions and end of term. The GPA for graduation requirement is a minimum UCF 2.0 ("C").

**Example:** A student has completed 13 credit hours for a given term. To calculate the Term GPA:

1. Multiply the number of credit hours per course by the number of grade points per grade. Then add each amount to arrive at the total number of grade points earned for that term:

<table>
<thead>
<tr>
<th>Course</th>
<th>Grade</th>
<th>Credit Hours</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>#1</td>
<td>B+</td>
<td>3</td>
<td>3.25</td>
</tr>
<tr>
<td>#2</td>
<td>A-</td>
<td>3</td>
<td>3.75</td>
</tr>
<tr>
<td>#3</td>
<td>A</td>
<td>4</td>
<td>4.00</td>
</tr>
<tr>
<td>#4</td>
<td>B</td>
<td>3</td>
<td>3.00</td>
</tr>
</tbody>
</table>

   \[46.00 \text{ total grade points} / 13 \text{ credit hours} = 3.54 \text{ GPA} \]

2. Divide the total number of grade points by the total number of credit hours earned that term:

   \[46.00 \text{ total grade points} / 13 \text{ credit hours} = 3.54 \text{ GPA} \]

**UCF Cumulative GPA.** If prior to this term the student had earned a total of 162 grade points for a combined 54 term hours of coursework, his or her cumulative grade point average entering this term would be 162/54≈3.00. Including this term of coursework, the cumulative grade point average would be (162 + 46) / (54 + 13) = 3.10.
Incomplete Grade

A grade of "I" (Incomplete) may be assigned by the instructor when a student is unable to complete a course due to extenuating circumstances, and when all requirements can be completed in a short time following the end of the term. It is expected that the student will have completed a majority of the course. When an instructor assigns an "I" grade for a course, the student is notified through email about the grade. The student is responsible to arrange with the instructor for the completion of the requirements of the course. Effective with Incomplete grades assigned in the Fall semester 1997 and thereafter, a student cannot graduate from the University with an "I" on the transcript. The Incomplete must be changed within one year of the last day of the term attempted or prior to graduation from the University, whichever comes first. Unresolved Incomplete grades automatically will be changed to "F" by the Registrar's Office. Unresolved "I" grades in courses graded with "S" or "U" will be converted to "U."

Grade Change

A grade change is the change of any originally assigned grade to another grade, including grades of "I" and grades earned by administrative withdrawals. GPA is recalculated after the grade change. Grade changes other than medical withdrawals and approved Incomplete Grades will be considered only during the term immediately following the one in which the grade was assigned, except that grades assigned during the Spring semester may be changed during either the following Summer term or Fall semester. The dean of the college or school or the dean's designee must approve a change in grade. A grade will not be changed after a degree has been conferred. The Registrar will change a student's academic standing if necessitated by a change of grade, except in cases of academic suspension. If a student is suspended, the Admissions and Standards Committee may review the suspension and readmit the student if the Committee decides readmission is warranted.

Attendance, Absences, or Unsatisfactory Work

Under University policy, students are not authorized to attend class unless they are on the class roll or have been approved to audit and have paid audit fees. Students are responsible for satisfying the entire range of academic objectives as defined by the course instructor and ensuring that their class work and attendance are satisfactory. Students should understand that attendance policies and procedures vary among instructors and academic units, and they must observe any special attendance regulations stipulated by their college, school, department, program, or instructor. Reasons for acceptable absences may include illness, serious family emergencies, special curricular requirements (e.g., judging trips, field trips, professional conferences), military obligations, severe weather conditions, and religious holidays.

Students also should be excused for participation in official University-sponsored activities, such as music performances, athletic competition, or debate. Students chosen for such events including intercollegiate athletics, band, choir, and academically related programs shall be listed on a "Program Verification" form. Program Directors shall provide each student with a copy of this form. It is the student's responsibility to present a copy of this form to the faculty member(s) responsible for the class from which the student will be absent. This verification is to be provided prior to the class period whenever possible and no later than the first class following the event. A copy of the form listing students selected to represent the University and signed by the Program Director shall be filed with the Office of Student Rights and Responsibilities (FC 155). If further verification is needed, contact the Office of Student Rights and Responsibilities (FC 142; 407-823-6960) or, for athletic events only, Academic Services for Student-Athletes, Wayne Densch Sports Center, 103A; 407-823-5896.

Absences from classes for court-imposed legal obligations (e.g., jury duty and subpoenas) must be excused. The student may offer other sound reasons. When absences threaten a student's satisfactory completion of a course, the instructor may report the absence to the appropriate Dean of the student's college/school and may choose to call upon the college/school office to request additional information and insight into the significance of or reason for the absences.

Grade Reports

Grades are available from myUCF at https://my.ucf.edu.
Classroom Responsibility

Students are responsible for maintaining classroom decorum appropriate to the educational environment. When the conduct of a student or group of students varies from acceptable standards and becomes disruptive to normal classroom procedures, the instructor has the authority to remove the offending party from the room and refer the student to the Office of Student Conduct (FC 142) for disciplinary action.

In the event of academic dishonesty, faculty members may assign a Z in front of a final course grade on a student's academic record. For further information regarding the addition, removal and appeals process of the Z designation, see http://z.ucf.edu/.

Student Conduct

Students are subject to federal and state laws and local ordinances as well as regulations prescribed by the University of Central Florida and the Florida Board of Governors. The breach or violation of any of these laws or regulations may result in disciplinary action. Detailed conduct regulations and procedures are presented in The Golden Rule.

A person applying for admission to UCF who has had prior criminal conduct, pending criminal charges, and prior educational misconduct (including traffic violations that resulted in a fine of $200 or more) may have the circumstances of the case reviewed by the Office of Student Rights and Responsibilities (FC 227) to consider eligibility for admission.

Religious Observances

It is the practice of the University of Central Florida to reasonably accommodate the religious observances, practices, and beliefs of individuals in regard to admissions, class attendance, and the scheduling of examinations and work assignments. A student who desires to observe a religious holy day of his or her religious faith must notify all of his/her instructors at the beginning of the term to be excused from classes to observe the religious holy day.

The student will be held responsible for any material covered during the excused absence but will be permitted a reasonable amount of time to complete any work missed. Where practicable, major examinations, major assignments, and University ceremonies will not be scheduled on a major religious holy day. Students who are absent from academic or social activities because of religious observances will not be penalized. A student who believes that he/she has been unreasonably denied an educational benefit due to his/her religious belief or practices may seek redress in accordance with the Student Grievance Procedure, as listed in The Golden Rule.

Student Classifications

Students will be classified by level, on the basis of credit hours satisfactorily earned as follows:

**Freshman:** 0-29 credit hours

**Sophomore:** 30-59 credit hours

**Junior:** 60-89 credit hours

**Senior:** 90 or more credit hours, prior to completion of baccalaureate requirements

**Post-Baccalaureate:**

Any student enrolled in courses, regardless of course level (except one working toward another baccalaureate degree), who has a baccalaureate degree but has not been admitted to a graduate program. All post-baccalaureate students are considered as non-degree undergraduates for all University policies and procedures.

**Graduate:**

Any student enrolled in graduate courses who has been admitted to a graduate program.

Other Student Classifications:

**Auditor:**

A student registered for any credit course who is not seeking credit.

**Co-op Student:**

A student enrolled in the Center for Cooperative Education and Applied Learning Program remains a registered student during all off-campus assignment semesters. Furthermore, there is no lapse in continuity in the co-op academic calendar: a co-op student either is on assignment or attending class during each term.
Special Student:
A student of demonstrated academic ability who does not meet the regular requirements for admission (Early Admission, non-degree seeking, transient, and auditor).

Temporary:
A student who applied before the deadline and who is permitted to register and attend class pending completion of the admission file.

Transient:
Students temporarily registered (for one term) at UCF with the approval of another university or college where they are regularly enrolled, or a UCF student temporarily in attendance at another university or college, with the approval of UCF. A UCF student may not be enrolled as a Transient student in another institution during the term in which the baccalaureate degree or the A.A. degree is to be awarded.

Limited Non-Degree Seeking:
A student earning credit but not enrolled in a degree program.

Provisional:
A student entering from a regionally unaccredited high school, college, or university may be admitted on provisional status where appropriate. By obtaining a minimum 2.0 GPA (“C” average) at the end of the first term of attendance, the provisional status will be removed. Earning less than a “C” (2.0) average the first term would result in disqualification.

Academic Honors

President's Honor Roll Certificate (Full-Time Award)
The President's Honor Roll Certificate (Full-Time Award) is awarded in recognition of scholastic honors to degree-seeking undergraduate students who maintain a 4.0 GPA in two consecutive part-time terms. The student must complete at least 15 hours, with no more than 11 in each consecutive term, excluding satisfactory/unsatisfactory course work, and not earn any "I," "U," "N," "NC," or "WF" grades during a term. Hours utilized in the awarding of a President's Honor Roll Certificate may not be utilized in the determination of a subsequent certificate.

Dean's List
The Dean's List is compiled in recognition of scholastic honors to degree-seeking undergraduate students who earn a minimum 3.4 GPA, complete a minimum of 12 credit hours, earn no grade less than "C" (2.0) and no "I," "U," "N," "NC," or "WF" grades during a term.

Baccalaureate Honors and Diplomas
The University shall confer baccalaureate honors recognition on those students who have completed a minimum of 48 credit hours at UCF and who:

1. Attain an overall grade point average (this includes transfer credit) that is in the upper 10 percent of the range established by all students graduating in the same college/school during the previous two years;
2. Attain at least a 3.20 overall grade point average; and,
3. Honors awarded will be:
   - **Summa Cum Laude** for those students in the upper 2.5 percent
   - **Magna Cum Laude** for those students in the upper five percent, but not in the upper 2.5 percent
   - **Cum Laude** for those students in the upper 10 percent, but not in the upper five percent

Records for the term of graduation are incomplete at the time the **Commencement Program** is printed. Identification of these students at graduation, therefore, is presumptive of honors and not conclusive, since final term grades may result in changes in relative rankings.
Consult the Academic Honors list at http://commencement.ucf.edu/file/104/graduating-honors-cut-off.pdf for the most up-to-date UCF Honors minimum GPA requirements.

Diplomas are mailed six to ten weeks after Commencement to the address indicated in the online "Intent to Graduate."

Honors in the Major

Please see "Honors in the Major" in The Burnett Honors College portion of the Undergraduate Catalog.

Grades in Repeating Courses

Concerning grades in repeated courses, UCF will apply the best grade of the first two attempts for the same course when grade forgiveness is not used. If a student chooses to enroll in a course for a third time, or more, he/she will be subject to paying the repeat surcharge. Regardless of whether the grade earned is better, worse, or the same as previous attempts, the grade earned in the last attempt, in a sequence of three or more attempts, will be the grade applied toward the degree and program requirements.

All attempts for the course will be recorded on the student's transcript and will be part of the GPA calculation unless there is an approved grade forgiveness. In the case of grade forgiveness, all grades will be recorded but the GPA will be calculated in accordance to the Grade Forgiveness policy. See the Grade Forgiveness policy in this catalog and information located at http://registrar.ucf.edu/grade-forgiveness.

Attempted courses will impact excess hours in accordance to Florida Statute 1009.286. Students are strongly encouraged to carefully review information on excess hours in this catalog or at http://registrar.ucf.edu.

Grade Forgiveness

Grade Forgiveness offers a student the opportunity to retake a course and earn a second grade that will be substituted for the previous grade. Students may apply for Grade Forgiveness online at https://my.ucf.edu > Student Self Service > Student Center. Requests must be submitted no later than the last official day of class, according to the Academic Calendar, for the term/session in which the student has registered for the course being repeated. Consult the web calendar at http://calendar.ucf.edu. The following policies apply:

1. Grade Forgiveness is limited to two courses;
2. Grade Forgiveness may not be used twice for the same course;
3. Grade Forgiveness will only be awarded if the original and repeated courses both are taken at UCF;
4. Grade Forgiveness can only be requested for a course in which the original grade was a "C-" or lower. Should a student need to repeat a course due to a degree program requirement that necessitates a grade higher than a "C," the student can request a Grade Forgiveness exception from the Registrar's Office. The exception must be approved by the student's academic advisor prior to submission to the Registrar's Office.
5. All grades will remain on the student's official transcript. The original course grade will be marked with a "T" to indicate that the course subsequently has been repeated, or a note describing the initial attempt, and the repeat course grade will be marked with an "R." The original grade will appear on the transcript but only the repeated course grade will be calculated into the GPA or meet degree requirements;
6. If it is determined that the student is ineligible for Grade Forgiveness, neither a refund of fees nor automatic withdrawal from the course will be made. In addition, if the student is ineligible, the two grades will be averaged for the calculation of the GPA;
7. If a student applies for Grade Forgiveness and later withdraws, receives an "I" grade, or receives an "NC" grade in the course, the attempt will count as one of the allotted Grade Forgiveness attempts. An approved medical withdrawal or late drop will not count against one of the allotted Grade Forgiveness attempts;
8. Grade Forgiveness granted as part of an Associate in Arts or a specific statewide articulated Associate in Science degree transferred from a Florida College System institution or State University will count against the allotted Grade Forgiveness attempts;
9. Due to the two-course limit, a student who has repeated two or more courses at a Florida College System institution or State University and included those courses in the transfer of an AA or a specific statewide articulated AS degree will not be granted any Grade Forgiveness at UCF;
10. Grade Forgiveness awarded within a bachelor's degree from a Florida State System institution is not honored at UCF. UCF's Grade Forgiveness policy may not be honored by other colleges,
universities, professional schools, or national testing associations.

11. Grade Forgiveness awarded for repeated courses will not retroactively alter any previous academic action (i.e. academic probation or disqualification). In addition, no academic records can be altered after a student graduates;

12. Grade Forgiveness is not retroactive and, therefore, may not be used for a course repeated before Fall 1981. If a student who repeated a course at UCF before 1981 and did not use the previous forgiveness policy may repeat the course again. In this case, the lower of the previous two grades will be forgiven. This special circumstance is the only one in which a student will be allowed to repeat a course more than once; and,

13. With prior approval from the Dean’s office in which the course is offered, a student can only substitute a course different from the original one if: 1) the substitute course reflects a change in prefix, number, hours, or title but not in substance; or 2) the substitute course replaces a course no longer offered by UCF. In this case, the student must submit the paper version of the Grade Forgiveness Form which can be obtained at the Registrar’s Office (MH 161).

Repeated Enrollment in Same Course: Beginning Fall 1997, a student enrolled in the same undergraduate college credit course more than twice shall pay matriculation at 100% of the full cost of instruction (Non-Florida Resident rates).

Academic Standing

All academic actions are shown on myUCF at https://my.ucf.edu and on the transcript. The action is generated due to course completion. Changing a course grade does not necessarily change academic action. An exception may be made when an error is committed and is so stated by the instructor on the "Change of Grade Request Form."

Good Standing

Good standing indicates only that the student is meeting the minimum academic standard for retention by the University (minimum term GPA, 2.0). To meet graduation requirements, however, the student must have a minimum UCF GPA of 2.0.

Academic Probation

Action taken when a student's UCF cumulative GPA drops below 2.0. Academic Probation will continue until the current term and UCF cumulative GPA reach 2.0 or better.

First-time-in-college students may be admitted on Academic Probation at the discretion of the Undergraduate Admissions Office or the Admissions and Standards Committee. Transfer students may be admitted on Academic Probation at the discretion of the Undergraduate Admissions Office or the Admissions and Standards Committee. Academic Probation is intended to inform students making unsatisfactory progress of their need to alter study habits and seek additional counseling. Early recognition will indicate to the student the possible jeopardy to academic goals and will also allow an opportunity to demonstrate acceptable performance.

Disqualified (First Suspension)

A student on Academic Probation is Disqualified upon failure to achieve a minimum 2.0 GPA during the subsequent term. A student who is Disqualified may not enroll at the University for two semesters following disqualification. Readmission after two semesters is not automatic. Disqualified students are required to have completed the Florida AA degree, or have completed UCF's general education program and Gordon Rule requirements, before petitioning for readmission. A Disqualified student must submit an application for Readmission supported by a letter documenting the reasons for previous academic difficulties, clear evidence of satisfactory academic performance since leaving the university, and plans for achieving a GPA of 2.0 or better. A disqualified student is limited to petition for readmission once per year (365 days). The total record will be reviewed and action on readmission will be taken by the University Registrar. Any Disqualified student whose UCF grade point deficiency is equal to or greater than 30 grade points is not eligible for readmission. For readmission purposes only, "grade point deficiency" is defined as the number of UCF credit hours earned with a "B" (3.0 GPA) grade that a student requires to raise his or her UCF grade point average to 2.0.

Exclusion (Second Suspension or more)

A student readmitted following Disqualification who fails to achieve a minimum 2.0 Term GPA is excluded from the University. Exclusion is most serious and students are not eligible for readmission after Exclusion. An individual
who has been Excluded will not be considered for readmission, and may not appeal any failure to be readmitted following Exclusion.

**Earning Credit While Disqualified**

A student disqualified while a freshman or sophomore who subsequently receive an A.A. degree with a minimum "C" average (2.0 GPA) on all college work attempted from a Florida College System institution has the right to appeal for readmission, in accordance with standard University policies. However, readmission is not guaranteed, and the student seeking readmission will be required to follow all academic regulations and procedures associated with readmission after suspension.

**Readmission**

A student must apply for readmission to the Registrar's Office (MH 161) if:

1. the student has not enrolled at UCF for two consecutive semesters (not including the Summer term);
2. the student has been academically suspended from UCF;
3. the student failed to enroll or withdrew from all classes during the readmitted term; or,
4. the student has previously attended, or is currently enrolled at UCF, as "degree-seeking" and desires to pursue a second bachelor's degree.

The application deadline for readmission is as follows: for Summer, April 1; for Fall, July 1; and for Spring, November 1.

**Readmission Following Non-Enrollment for Two Consecutive Semesters**

The student must complete and submit the "Readmission Application Form," available on [https://my.ucf.edu](https://my.ucf.edu). Log on to myUCF using your student ID and password and then go to Student Self Service > Student Center. Once on the Student Center page, go to the "Other Academic..." dropdown menu and scroll down to "Readmission Application." If the student has attended another regionally accredited institution since leaving UCF, the student must request an official transcript be sent to the Registrar's Office. If the student was previously admitted to a UCF limited-access program, the student will be placed in pending status for that major and must apply to the College for readmission to the program. Plus or minus grades will transfer for course work earned Fall 2001 and after using UCF's grade point system.

Readmitting students classified as a "Florida resident" during the last term at UCF who have resided outside of the State of Florida for one year may not be eligible for readmission as a Florida resident for tuition purposes. Students approved for readmission may be classified as a non-resident for tuition purposes and must submit documentation to the Registrar's Office establishing his or her eligibility for Florida residency for tuition purposes. For eligibility requirements, refer to "Florida Residency for Tuition Purposes" within "Financial Information" of the [Undergraduate Catalog](#).

Any readmitted student whose UCF GPA is less than 2.0 at the time of the last enrollment at the University will be readmitted on "Academic Probation."

All applicants seeking readmission who have attempted course work at another regionally accredited institution since last attending the University will be required to be in "Good Standing" (minimum 2.0 GPA) at the last institution attended with no allowance for grade forgiveness and must be eligible to return to the last institution attended.

**Readmission Following Suspension: Disqualification, with a Grade Point Deficiency of Less than 30 Grade Points**

A student who has been academically Disqualified by UCF (with a grade point deficiency less than 30 grade points) who has completed the two term academic suspension period may petition for readmission by submitting the "Readmission Application Form" to the Registrar's Office. For readmission purposes only, grade point deficiency is defined as the number of UCF credit hours earned with a "B" (3.0 GPA) grade that a student requires to raise his or her UCF grade point average to 2.0. A student's grade point deficiency is calculated when the student applies for readmission. The petitioning student must satisfy the following requirements before a decision will be made:

1. Submit a written statement indicating the reason for the previous academic difficulties and a plan for ensuring success in future terms:
   a. The written statement should be limited in length to one typed page; it must be signed and dated, and include the student's UCF Personal Identification Number (PID).
b. A "Readmission Application Form" not accompanied by the required written statement will not be reviewed;

2. Contact the Registrar's Office for information specific to readmission following disqualification. Please note that a plan to complete the program of study from your intended major's department/school/college may be required as part of the readmission application packet. Until removed from probationary status following readmission, a student will not be allowed to change majors unless prior approval is authorized by all departments/schools/colleges offering the student's current field of study and the field of study to which the student is seeking the change; and

3. Submit to the Registrar's Office official transcripts from all other schools attended during suspension (if applicable).

The Registrar's Office will review the readmission application only when it receives all of the documents listed above. A student denied readmission by the Registrar's Office has thirty (30) days from the date of the denial to appeal that decision to the Admissions and Standards Committee. See 'Right of Appeal' below for details. Disqualified students are limited to one readmission appeal during the disqualification period.

**Readmission Prior to Completion of the Required Suspension**

A student who has been academically Disqualified by UCF who has not completed the academic suspension period is not eligible for readmission to the University. Students may appeal for an exception to this policy to the Admissions and Standards Committee. See 'Right of Appeal' below for details. Disqualified students are limited to one readmission appeal during the disqualification period and one appeal per 12-month period following the disqualification period.

**Readmission Following Suspension: Disqualification (with a Grade Point Deficiency of 30 or more Grade Points)**

Students who are disqualified (with a grade point deficiency of 30 grade points or more) are not eligible for readmission to the University. The Registrar's Office will deny readmission to ineligible students. A student denied readmission by the Registrar's Office has thirty (30 days) from the date of the denial to appeal that decision to the Admissions and Standards Committee. See 'Right of Appeal' below for details. For readmission purposes only, grade point deficiency is defined as the number of UCF credit hours earned with a "B" (3.0 GPA) grade that a student requires to raise his or her UCF cumulative grade point average to 2.0. A student's grade point deficiency is calculated when the student applies for readmission. A student must remain on readmission plan until removed from probationary status following readmission, a student will not be allowed to change majors unless prior approval is authorized by all departments/schools/colleges offering the student's current field of study and the field of study to which the student is seeking the change.

**Dropping or Withdrawing During Readmitted Term**

Disqualified or excluded students who drop or withdraw from all courses during the readmitted term for whatever reason must apply for readmission.

**Limitations on the Number of Readmission Appeals**

Disqualified students are limited to one appeal for an exception to University policy to the Admissions and Standards Committee during the disqualification period and one appeal per 12-month period following the disqualification period.

Excluded students are not eligible to appeal for an exception to University policy to the Admissions and Standards Committee.

**Non-Academic Admission Clearances**

According to the Florida Board of Regents Rule 6C-6.001(2) "...If determined not to be in the best interest of the University to admit an applicant because of past misconduct the University may do so."

This authorizes universities to refuse readmission to applicants due to past misconduct. The University further requires the Vice President of Student Development and Enrollment Services or his/her designee to review all applications disclosing information regarding any prior criminal conviction or conduct problem at another institution and to make a decision as to whether the admission of this applicant will be in the best interest of the University. This statement describes the procedure and assigns responsibility for the review of these applications for admission. Applicants who fail to disclose any prior criminal conviction or conduct problem at another
institution and such fact is subsequently discovered by the University shall be denied admission or readmission, or other academic and/or disciplinary action up to and including expulsion.

**Appeal**

There is no appeal of the University's decision not to admit or readmit a student based on past misconduct. According to the Florida Administrative Code 6C-6.001(4): "Applicants denied admission shall be given notice of the denial within a reasonable period of time following the decision. Upon the applicant's written request, the University shall provide the reasons for the rejection in writing."

**Admissions and Standards Committee**

The Admissions and Standards Committee is a reporting committee of the Faculty Senate. Its membership includes faculty and non-faculty representatives of the faculty Senate, several academic colleges, the Division of Student Development and Enrollment Services, and Student Government Association. The Admissions and Standards Committee meets regularly to consider appeals from: 1) persons denied admission; 2) students denied readmission; and 3) student appeals of University academic actions, policies or standards. All decisions rendered by the Admissions and Standards Committee are final. Decisions can only be appealed in the event new evidence or information has been determined by the Chair of the committee to be relevant and is subsequently approved for further committee review.

**Right of Appeal**

A student who has been denied readmission has thirty (30) days from the date of the denial to appeal to the Admission and Standards Committee. The appealing student must satisfy the following requirements before the Registrar's Office will forward the appeal to the Committee:

1. Complete the "Application for Readmission as an Exception to University Policy Form," available at the Registrar's Office (MH 161);
2. Prepare a written statement specifying the extenuating circumstances that led to their poor academic performance or academic dismissal.
   a. The written statement should be limited in length to one typed page; it must be signed and dated, and include the student's UCF Personal Identification number (PID).
   b. An "Application for Readmission as an Exception to University Policy" form not accompanied by the required written statement will not be forwarded to the Admissions and Standards Committee;
3. Provide documents which support and/or verify the extenuating circumstances (if applicable);
4. Supply official transcripts from all other schools attended during the suspension (if applicable);
5. Order one official copy of the UCF official transcript ($10 per copy). The Registrar's Office will forward this transcript to the Admissions and Standards Committee;
6. Submit one stapled packet of appellant materials to the Registrar's Office (MH 161) by 12:00 p.m. (noon) Monday prior to the scheduled Admissions and Standards Committee meeting. The packet must contain the following documents, arranged in the following order:
   a. A completed "Application for Readmission as an Exception to University Policy Form";
   b. Written statement indicating the extenuating reasons for the previous academic difficulties and a plan for ensuring success in future terms;
   c. Any supporting documentation as directed by the college, school or other University personnel;
   d. Any additional supporting documentation (optional); and,

After a thorough evaluation of both the appeal and all required supporting documentation, the Admissions and Standards Committee will render a decision. The decision of the committee will be based upon university readmission policy and information presented in the appeal. Decisions are final, and there is no appeal beyond the committee. If a student feels there is new or missing evidence that was not available at the time of the original appeal, submitted to the Chair of the Admissions and Standards Committee for further consideration. Simply disagreeing with the committee's decision is not grounds for reconsideration.

Disqualified (with a Grade Point Deficiency of 30 or more Grade Points) and Excluded students are not eligible for readmission to the University and have no right to appeal for an exception to University policy to the Admissions and Standards Committee.
Academic Amnesty Program

Effective Fall 2004, the Academic Amnesty Program provides undergraduate students who are not eligible for readmission for academic reasons the opportunity to readmit to UCF after five or more years of separation. This program allows the student to nullify up to two consecutive terms worth of UCF coursework from his or her UCF grade point average. Students may not select specific courses within the two identified terms. If the student satisfactorily completes the Academic Amnesty Program, the University will remove from the student's UCF GPA all UCF coursework for which the student enrolled during the selected consecutive terms. While grades nullified by satisfactory completion of the Academic Amnesty Program are not used in calculating the student's UCF GPA, all course work will remain part of the student's permanent record.

To apply for entrance into the Academic Amnesty Program, the student must:

1. Gain the written support for the Academic Amnesty Program from the student's college or school and present to the Admissions and Standards Committee an academic plan of action approved by the college advising office. This plan will include the following:
   a. The specific terms of the student's academic history to be nullified by satisfactory completion of the Academic Amnesty Program;
   b. Approved courses in which the student will enroll during the two terms that comprise the Academic Amnesty Program;
   c. Any additional requirements mandated by the college advising office (i.e., academic advising or mentoring, required tutoring or academic support services, etc.); and,
   d. Complete and submit an Academic Amnesty Agreement to the Admission and Standards Committee.
2. The UCF Admissions and Standards Committee will determine a student's eligibility for entrance into the Academic Amnesty Program.

Athletic Eligibility and Retention Committee

The Athletic Eligibility and Retention Committee (AERC) has oversight of the athletic participation of students who engage in intercollegiate athletics. It relies on information gathered from the Office of Athletic Compliance, the Office of Academic Services for Student-Athletes, coaches and the individual student. Student-athletes who desire to continue their athletic participation while being on academic probation must have the written support of their coach, complete a written document stating their methods and dedication to improve their level of academic achievement and the approval of the AERC. The committee shall review each applicant's academic potential and current status and determine conditions for the individual's degree of continued participation in intercollegiate athletic activities.

Name Changes

To change the legal name maintained on the student's official UCF record, the student must submit a completed "Change of Name" form and supporting documentation to the appropriate UCF office. Attach to the form a copy of a legal name change document (e.g., marriage certificate, divorce decree, etc.). Undergraduate students must submit the form to the Registrar's Office (MH 161). Graduate students must submit the form to the Graduate Studies Office (MH 230). Current UCF employees and those students who have been UCF employees within 12 months of the date the name change is requested must submit the form to the Human Resources Office (12565 Research Parkway). The "Change of Name" form is available from the Registrar's Office at MH 161 or online at http://www.registrar.ucf.edu.

In addition to legal name changes, the University provides students the option for a Preferred Name. Students wishing to establish a preferred name option may accomplish this by submitting the Change of Name Form to the Registrar's Office.

Address and Email Changes

The student's address is initially obtained from the "Application for Admission or Readmission." It is the students' responsibility to make appropriate changes to the address online at myUCF as they occur. Address and email changes also can be made by writing the Registrar's Office, P.O. Box 160114, Orlando, FL 32816-0114 or fax to 407-
Written requests must be signed and the student identification number provided.

**Transcript Requests**

Requests for official transcripts must be made online via myUCF (https://my.ucf.edu). Telephone and email requests are not accepted. Transcripts cannot be released if there is a hold due to a financial obligation to the University. Requests may be made for immediate delivery or the request can be held until final semester grades have been posted or a degree has been awarded. Students have the option to upload an attachment to be sent with their transcript as well.

Transcripts may be sent via email as a PDF or via postal mail or FedEx on paper. The charge is $15 per transcript unless it is held for pick up, which carries a $10 charge. A transcript that is requested for pick up may be obtained either from Main Campus or one of the Regional Campus locations. Transcripts not claimed within 30 days of printing will be destroyed and must be re-ordered. PDF transcripts that have not been downloaded within 30 days will expire and must be re-ordered.

For additional information, please review the website: http://registrar.ucf.edu/transcript-request.

**Third Attempt Course Repeat Surcharges**

All students enrolled in undergraduate courses for the Fall 1997 term and beyond are subject to an additional surcharge fee when they enroll in the same undergraduate college credit course three or more times. Completed courses, withdrawals, and courses with incomplete grades are counted as attempts, including courses repeated in order to raise the GPA or to achieve a specific grade. Courses that specify they may be repeated for credit are exempt. Students seeking exemptions for extenuating circumstances or financial hardship may submit a written petition with documentation to the Fee Appeals Committee, Student Account Services (MH 109).

Exemptions to the third attempt surcharge will be considered through a Fee Appeal Process.

Exceptions to the repeat course fee requirement shall be based only on extenuating circumstances, or financial hardship.

**Extenuating Circumstances**

Those circumstances determined by the University to be exceptional and beyond the control of the student. These may include, but not be limited to, the following:

1. Medical condition or serious illness preventing completion;
2. Death of an immediate family member;
3. Involuntary call to active duty; or,
4. Other emergency circumstances or extraordinary conditions.

Special Limitation: students who withdraw or fail a class due to extenuating circumstances may be granted an exemption only once for each class.

**Financial Hardship:**

Should include, but not be limited to, the following:

1. Qualification for federal need-based financial aid; or,
2. Other documented financial hardship may be considered.

For details, contact Student Account Services (MH 109) at 407-823-2433.

**Major, Minor, Undergraduate Certificate Policies**

**Policy for Undeclared Students**

All students at the University of Central Florida are expected to officially declare a major prior to earning 45 college credit hours (this includes credits earned from college-level exam placement, Dual Enrollment, advance placement and international baccalaureate). An administrative Hold to prevent future university registration will be placed on the records of all students that have not declared a major. Students must meet with an academic advisor (within Student Development and Enrollment Services, the Colleges, or Regional campuses) to have the hold released.

**Majors**

The University assigns the major that the student indicated on the "Application for Admission or Readmission." It is the student's responsibility to make appropriate major changes. Students who change majors between different colleges must adopt the most current Catalog. Students
changing from a declared major to an "Undeclared" or "Undecided" major also must adopt the most current Catalog. For each of these students, the University automatically will update the Catalog year when processing the change in major. Students may retain their Catalog when changing tracks/concentrations within the same major (e.g., English: Literature to English: Creative Writing), or when moving from a "Pending" category to the equivalent major (e.g., "Pre-Accounting" to "Accounting"). If the new major is a different subject from the "pending" major (e.g., "Accounting Pending" to "History"), the student must adopt the most current Catalog and the University automatically will update the Catalog year when processing the change in major. If they have not interrupted residency, students entering UCF in an "Undeclared" or "Undecided" category may retain their Catalog when initially selecting a major. Students can change majors online at https://my.ucf.edu > Student Self Service > Student Center > other academic (drop down menu) > Change Major: Request. Follow the directions on that page.

Minors

A Minor is a complement to a bachelor's degree program/major requiring at least 18 credit hours in a field. A student may declare a minor at any point during the first term of enrollment up to but no later than the online submission of the online "Intent to Graduate Form." Students strongly are urged to declare a minor as early as possible. Minors are optional unless required by your specific major. All graduation requirements (i.e., the minor and major) must be from a single UCF Undergraduate Catalog for which a student is eligible. Minors must be certified at the same time as the student's baccalaureate degree. Unless a second degree is earned, certification will not be made at a later time even if additional courses have been completed. Students can declare, change, or drop minors online at https://my.ucf.edu > Student Self Service > Student Center > other academic (drop down menu) > Change Major: Request. Follow the directions on that page.

Undergraduate Certificates

An undergraduate Certificate is a supplement to the bachelor's degree program/major. Certificates are optional. Students must be admitted in a degree-seeking program to be eligible to receive an undergraduate Certificate, and a Certificate will only be granted together with completion of a UCF baccalaureate degree. All graduation requirements (i.e. the certificate and major/minor) must be from the same UCF Undergraduate Catalog for which a student is eligible. Certificates can be declared or changed online at https://my.ucf.edu.

Student Records

Student records submitted become the property of the University and cannot be returned to the student or released to a third party. Copies of student records will be released only upon receipt of a written request signed by the student. Student records are stored in paper form or are digitally scanned. Once the student has been absent from the University for three academic years, all records may be transferred to optical disk storage and the paper copies destroyed.

Family Educational Rights and Privacy Act (FERPA)

The procedures for protecting the confidentiality of student records are based on state regulations and the federal Family Educational Rights and Privacy Act of 1974. FERPA affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a written request for access. Students should submit to the University Registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they desire to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed;

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. The student may ask the University to amend a record that he or she believes is inaccurate or misleading. The student should write the University official responsible for the record, clearly identify the part of the record to be changed, and specify why the current record is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or
her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing;

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, National Student Clearinghouse, or collection agent); designated employees or qualified employees of institutions engaged in joint instructional activities or programs with UCF; a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility; and

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by a State University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington DC, 20202-4605

**Directory Information**

FERPA authorizes the University to classify certain information concerning students as "directory information," which means that it may be released to anyone upon request. Directory information at UCF includes:

- name
- current mailing address
- telephone number
- date of birth
- major field of study
- dates of attendance
- enrollment status

- degrees and awards received
- participation in officially registered activities and sports
- athletes' height and weight

The University extends to students the opportunity to withhold even directory information from disclosure, by opting out of the University's directory information policy. Students can do this online at [https://my.ucf.edu > Student Self Service > Student Center > Personal Information > FERPA/Directory Restriction](https://my.ucf.edu) or at [http://www.registrar.ucf.edu](http://www.registrar.ucf.edu), requesting that this information be withheld.

**Other Disclosures:**

FERPA also authorizes the University to forward educational records to other agencies or institutions that have requested the records AND in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

All other disclosures of education records and information will be made in accordance with FERPA. In most cases, but not all, this requires the student's prior written and signed consent. The Golden Rule outlines the University procedures for confidentiality. For additional information describing FERPA policy, enter the Department of Education Family Policy Compliance Office website at [http://www.ed.gov/offices/OM/fpco/](http://www.ed.gov/offices/OM/fpco/).

**Higher Education Act**

Lists, descriptions, and sources of information required for disclosure under the Higher Education Act may be obtained from the Registrar's Office (MH 161) or from [http://www.registrar.ucf.edu/hea/](http://www.registrar.ucf.edu/hea/).

**Accelerated Educational Opportunities**

The University of Central Florida provides a number of options by which students may shorten the time required to complete the baccalaureate degree. These options permit the University to recognize high levels of academic achievement and acquisition of knowledge prior to or during attendance at the University. Procedures that may be used include the Advanced Placement Program (AP), the
College Level Examination Program (CLEP), University Course Credit by Examination, DANTES, and the International Baccalaureate. A maximum of 45 credit hours in any combination of extension, AP, IB, correspondence, CLEP, Armed Forces Service School Credits, and University Credit by Examination will be accepted by the University for application toward an undergraduate degree. In addition, there are accelerated Undergraduate - Graduate Programs linking the bachelor's and Master's degree listed in the Undergraduate Catalog.

UCF Test Credit equivalencies are determined by department faculty based on State of Florida equivalency guidelines.

Test credit is applied according to the published policy at the time the exam is taken.

**Advanced Placement Program (AP) (see table)**

Students who have participated in the Advanced Placement Program in high school and have received a score of 3, 4, or 5 on the national examinations will receive college credit in the appropriate subject areas. Students should consult their high school guidance counselor or write to the Educational Testing Service, Princeton, NJ 08540, for additional information. The table labeled "Advanced Placement Exams" provides information related to Advanced Placement examination areas and subtest areas for which credit may be awarded.

### Advanced Placement Language (all modern languages)

A score of 3 earns a minimum of one semester (min. 3 credits - XXX 2230 or 2200) of 2000-level language. A score of 4 or 5 earns a minimum of two semesters (min. 6 credits XXX 2230 and 2231 or XXX 2200 and 2201) of 2000-level language. No literature credit will be awarded for AP foreign language exams.

### Advanced Placement Literature (all modern languages)

A score of 3 earns a minimum of one semester (min. 3 credits) of introductory literature. A score of 4 or higher earns a minimum of two semesters (min. 6 credits) of introductory literature.

### Advanced Placement Latin

The AP Latin course focuses on one or two authors. Students either study Vergil, or follow a "Latin Literature" syllabus that includes Catullus and either Horace, Ovid, or Cicero. A minimum of one semester (min. 3 credits) should be awarded for a score of 3 or higher.

- AP Latin: Vergil - LNW 2321
- AP Latin: Latin Literature - LNW 3700 (number unique to exam)

### Advanced Placement (AP)

</table>
*The AB subscore on the Calculus BC exam is regarded the same as a Calculus AB score.

#If the student has previous credit for ENC 1101 and ENC 1102, credit will be awarded for LIT 1005.

International Baccalaureate Program (see table)

Students who have participated in the International Baccalaureate program in high school may receive a maximum of 30 hours of credit for scores of four or higher in the subsidiary and higher level program areas. The table labeled "International Baccalaureate" provides information related to the International Baccalaureate program credit.

International Baccalaureate (all modern languages)

International Baccalaureate offers examinations in many languages and literatures at different levels: B, A2, and A1. Most students in Florida take English as their A1 level language (literature for native or near-native speakers) and one or more foreign language B exams. Within each category, there are "standard" and "higher" level examinations. Institutions may wish to award additional credit for higher-level exams.

Language B (most common)

Students earn a minimum of one semester (3 credits) of language credit at the Elementary Language II or equivalent level (usually 1121C) level for a score of 4. Students who score 5-7 earn a minimum of two semesters (min. 6 credits) of Elementary Language II and Intermediate Language I or their equivalents (usually 1121C/2200) level. No literature credit will be awarded for International Baccalaureate Language B exams.

Language A2 (language and literature courses for highly proficient speakers; uncommon in Florida)

No direct equivalent. Content of Language A2 varies widely. Minimum 3 credits language or literature for score of 4, 6 credits of language or literature for a score of 5-7.

Language A1 (literature courses for native speakers; languages other than English)

No direct equivalent. Content of Language A1 varies widely. Minimum 3 credits in literature for score of 4, 6 credits for score of 5-7.

IB Latin

LNW 3700. This is a unique number assigned to this exam. The IB Latin course includes a reading component and a selection of two out of four authors on a list that changes periodically. Minimum 3 credits for score of 4, 6 credits for score of 5-7 (all exams for diploma holders, higher level exams only for others).

*This use for General Education applies only to I.B. credit.
College Level Examination Program (CLEP) (see table)

Credit is awarded for scaled scores of 50 or higher on computer-based CLEP exams taken after July 1, 2001. A percentile score of 50 or higher is required on CLEP examinations taken prior to July 1, 2001. CLEP credit may be earned by CLEP subject examinations. Successful completion of CLEP examinations means performance at or above the minimum qualifying score. CLEP credit cannot be used to reduce a grade point deficiency. For example, CLEP cannot be substituted for a grade awarded for a previously completed course. CLEP may not be used to fulfill the senior institution requirements.

Awarding of CLEP credit is subject to the conditions listed below.

- Credit may be awarded in the CLEP subject examination area, provided the student: a) is not within 60 credit hours of graduation; b) has not previously received comparable college course credit in the CLEP examination area; c) does not receive comparable college credit in the CLEP examination area in the same term the examination is taken or in a subsequent term; d) has not previously completed, failed, nor received credit by UCF (transfer or otherwise) in a more advanced course in the examination area; and e) does not complete nor receive credit by UCF (transfer or otherwise) in a more advanced course during the term in which the CLEP examination is taken.

The table labeled "College Level Examination Program" provides information related to the CLEP examination areas and subtest areas for which credit may be awarded. In addition, this table delineates the minimum qualifying score and the UCF course for which each examination can substitute.

CLEP Language Examinations

A score of 50 on any of the language exams earns a minimum of one semester (4 credits) of Elementary Language I or equivalent level (generally numbered 1120). A score at or above the second CLEP threshold level (currently 59 for French, 60 for German, or 63 for Spanish) earns a minimum of two semesters (8 credits) of Elementary Language I and II or equivalent level (generally numbered 1120C-1121C). No literature credit should be awarded for CLEP foreign language exams.

Credit by Examination

Regularly enrolled (excludes transient and non-degree) undergraduate students at the University of Central Florida may obtain credit for specific University courses through departmental examinations. A student who believes he or she has acquired the knowledge and/or skills of a specific University course should consult his or her advisor and the chair of the department in which the course is offered to arrange for an examination. Degree credit will be awarded for those courses successfully completed by departmental examination. Credit by examination may not be used to reduce the 30 credit hours residency requirement. Credit by examination will not be given for any course lower in content than courses in the same discipline in which students are currently enrolled or which they have already completed or failed. Permission to take an examination is approved by the chair of the department and the dean of the college in which the course is offered.

Undergraduate Degree Requirements

Requirements for Graduation

Students must fulfill both the requirements for a major and University requirements to receive a bachelor's degree from the University of Central Florida. The student must:

- Fulfill the requirements for the chosen major;
- Earn a minimum of 120 unduplicated credit hours with at least a "C" average (2.0 GPA) for all UCF course work attempted. Some majors require more than 120 hours;
- Earn at least 48 of these 120 credit hours in 3000-level courses or above (upper-division);
- Earn a minimum of 30 of their last 39 hours in regular courses at UCF. Credit by Examination may not be used to satisfy this requirement;
- Earn a minimum of 25% of the total hours required for the degree in residence at UCF. For programs that require the minimum of 120 total hours, residency will be 30 hours. For programs that exceed 120 hours, the specific residency requirement increases proportionally and is listed with the requirements for the specific degree program;
- Apply no more than 45 credit hours in any combination of extension, correspondence, CLEP, University Credit by Examination and Armed Forces credits toward an undergraduate degree;
- Fulfill the General Education Program requirements;
- Fulfill the Gordon Rule requirements;
- Fulfill the Foreign Language requirements as defined elsewhere in this section; and,
- Earn a minimum of nine credit hours during Summer terms, if applicable.

Degrees Awarded Posthumously

Students will be considered for posthumous degrees by the Commencement and Convocations Committee if they are in good academic standing at the time of their death, have a 2.0 GPA or better and are within at least 15 credit hours of completion of all requirements or are in the final term of completion of all their requirements.

Choice of Catalog (Catalog Year) and Continuous Enrollment

A student must graduate under the degree requirements of any UCF Undergraduate Catalog in effect since the student began continuous enrollment at UCF. However, courses may change (for example, in credit hours or in prerequisites) or be discontinued as a result of curricular review. New Catalog policies and requirements take effect with the Summer term. A student transferring from Florida College System institutions or state universities may use the UCF Undergraduate Catalog in effect at the time he or she began the most recent period of continuous enrollment in academic good standing at any of the Florida public institutions.

Continuous enrollment is defined as being enrolled in classes without a break of two or more consecutive regular semesters/terms (i.e., Fall and Spring, or Spring, Summer, and Fall). Continuous enrollment is automatically broken when a student moves from one transfer institution to another following academic disqualification or exclusion.

Students who change majors between different colleges must adopt the most current Catalog. Additional information is included in the program descriptions. Students pursuing a single degree (including double majors and/or minors) must use a single catalog and cannot use a combination of catalogs for graduation. In cases when required courses are no longer taught by the University, the appropriate department, college, or Academic Services (MH 210) may designate a reasonable substitute. If a student desires to change the catalog for graduation, the student should first discuss with the advisors how such a change would affect University, college, and major requirements. If a student decides to request a change, he or she must submit a "Catalog Year Change Request Form" to the Registrar's Office (MH 161). This form is available at the Registrar's Office or online at http://www.registrar.ucf.edu.

General Education Program (GEP)

The purposes of the UCF General Education Program (GEP) are to introduce students to a broad range of human knowledge and intellectual pursuits, to equip them with the analytic and expressive skills required to engage in those pursuits, to develop their ability to think critically, and to prepare them for life-long learning. The GEP curriculum
provides students with the intellectual, ethical, and aesthetic foundations necessary to make informed choices; to accept the responsibilities of working and living in a rapidly changing world; and to lead a productive and satisfying life.

Undergraduate students who have not completed requirements for the Associate of Arts degree and who desire to transfer to another Florida public university can have their transcripts indicate "General Education Requirements Met" upon written request, if they have completed UCF's GEP requirements with a GPA of 2.0 or better. UCF will accept a similar statement on transcripts received from Florida College System institutions and universities in lieu of completion of the University's General Education Program. Students enrolled in courses that use the "NC" grade must earn a grade of "C-" (1.75) or better.

General Education Program Learning Objectives

Communications Foundation

- Demonstrate the ability to analyze the situational characteristics of a communication act: audience, purpose, and source/author.
- Demonstrate the ability to understand communication and speaking skills.
- Demonstrate the ability to write in a clear, logical and appropriate manner.
- Demonstrate the ability to research academic topics and present the synthesis of that research: 1) in speech with appropriate citations; and 2) in texts with correct documentation.
- Demonstrate an awareness of diversity in American society.

Cultural and Historical Foundation

- Be able to gather, synthesize, and analyze information from appropriate resources and be able to critically evaluate information and sources for accuracy and credibility.
- Identify and deepen appreciation of common human themes and the richness of diverse cultures.
- Be able to analyze and discuss meaning of an artwork, performance, or text in diverse aesthetic, historical and cultural contexts.
- Demonstrate knowledge and critical thinking of the concepts, styles, and aesthetic, theoretical, and critical principals in an art.
- Demonstrate knowledge of the chronology and significance of major events and movements in western civilization, U.S. history or world civilization.

Mathematical Foundation

- Demonstrate the skills needed to solve quantitative problems including choosing the proper technique and/or technology.
- Be able to solve real-world quantitative problems.
- Demonstrate qualitative understanding of mathematical, statistical, and computing concepts.
- Demonstrate knowledge and understanding of essential computing concepts common to academic degrees and their related professions.
- Demonstrate essential computing skills common to academic degrees and their related professions, and in particular, skills relating to professional use of computers and application software.

Social Foundation

- Be able to gather and synthesize information from appropriate resources, and be able to evaluate information and sources for accuracy and credibility.
- Understand how an individual's place in the world is affected by social, economic, and political institutions.
- Gain a deeper appreciation of one's role and potential impact in social, economic, and political institutions.
- Demonstrate an understanding of the interaction among social, economic, and political structures and functions.
- Understand how individuals behave and interact with other individuals in their psychological, political, economic and social environments.

Science Foundation

- Demonstrate an understanding of science as an empirical attempt to acquire information about the real world, develop possible explanations of these phenomena, and test the explanations by predicting the outcome of future observations.
- Demonstrate an ability to assess the extent to which claims presented as "scientific" satisfy the empirical character of scientific explanations.
- Demonstrate understanding of scientific knowledge and problem solving in a physical or life science.
Substitution of Courses: General Education Program and Other Requirements

The student degree audit system is coordinated by the Office of Academic Services for the evaluation of transfer courses for the University's General Education Program and Foreign Language Proficiency requirements. When the transfer course work is entered into the UCF computer system (usually during the first semester at UCF), course descriptions and other information to provide a sufficient basis for evaluation may be requested. Courses are evaluated on the basis of equivalency with the content of the courses required by the University. The evaluation conducted is entered into a computerized Degree Audit system and then is available to the colleges and departments through the University's computer network and for the student online access through myUCF at https://my.ucf.edu. Appeals of transfer credit decisions should be directed to Academic Services (MH 210). Substitution requests for college or major requirements are processed within those administrative offices.

General Education Alternate Courses:

- Substitutions for designated State General Education Core Courses (♦): Courses that may be taken in substitution of State General Education Core Courses (♦) are listed in the General Education Program (GEP) Courses.

General Education Program (GEP) Courses

(Some majors require a specific course or a higher level course in some areas. Consult your major requirements and advisor.)

Satisfactorily complete one course in each of the twelve numbered areas: 36 hours

- **GLY 2038 - Environmental Geoscience** Credit Hours: 3

Total Credit Hours: 36

* A one credit laboratory is also available for this course.

+ Both courses must be taken in sequence and successfully completed to receive GEP credit.

1 A grade of “C-” (1.75) or better is required in this course.

2 A grade of “C-” (1.75) or better satisfies three hours of the Gordon Rule requirement.

---

**Mathematical Foundation:** MAC 1114C, MAC 1140C

**Diversity Requirement**

The University recognizes that communities are comprised of, and enriched by, people of diverse backgrounds. The study of diversity is encouraged to promote an understanding of the needs of individuals, the University, and society. Thus, all students completing their first bachelor's degree from UCF must complete at least one course that explores the diverse backgrounds and characteristics found among humans, including: race/ethnicity, gender, social class/caste, religion, age, sexual orientation, and level of physical ability.

Students are exempt from this requirement if they have completed an Associate of Arts degree or the General Education Program at a Florida College System institution or public state university. Students who have previously completed a baccalaureate degree also are exempt.

The requirement is satisfied by the successful completion of a diversity course selected from the following list. Additional courses may be approved subsequently by the Common Program Oversight Committee, so students should consult their departmental advisor for the most current listing.

**Diversity Requirement Courses**

General Education Courses:
- **SPC 1608 - Fundamentals of Oral Communication** Credit Hours: 3
- **SYG 2000 - Introduction to Sociology** Credit Hours: 3
- **ANT 2000 - General Anthropology** Credit Hours: 3
- **POS 2041 - American National Government** Credit Hours: 3

Transfer work from other colleges and universities is evaluated by the student's major department to determine if courses meet the diversity requirement. Satisfaction of this requirement remains in effect if the student changes majors.

Exit Exams

In order to measure their effectiveness, some departments and colleges may require graduating students to participate in an exit exam designed to measure the students' understanding of the discipline.

Foreign Language Proficiency Requirement (Bachelor of Arts Degree)

Students graduating with a Bachelor of Arts degree must demonstrate proficiency in a foreign language equivalent to one year of college instruction. This requirement may be met either by successful completion of the appropriate college-level course or by examination. Languages that may be used include those taught at UCF and any others for which the University can obtain standardized proficiency tests. Students who have previously received a baccalaureate degree are exempt from this requirement. Native speakers or students who have completed appropriate advanced foreign language education abroad will be considered to have satisfied the requirement.

Placement in Language Courses

Placement in foreign language courses is based on one year of high school language being equivalent to one semester of college work. For example, four years of one high school foreign language place the student in the first semester of the third year.

Several departments, colleges, and schools have additional requirements. See "Special College and/or Departmental Requirements" within each listing.

1. This requirement is for proficiency and not a requirement for a particular number of hours of course work. For example, successful completion of only SPN 1121C - Elementary Spanish Language and Civilization II would satisfy the B.A. requirement. Appropriate scores on Advanced Placement and CLEP examinations will also satisfy the requirement.

2. This is a University-wide requirement for all B.A. majors.

3. The Testing Administrator of the University Testing Center will offer the Foreign Language Proficiency Examination throughout each term. Students must register in advance with that office to take the examination (HPH 106).

4. The foreign language proficiency requirement does not apply to students seeking a second baccalaureate degree.

5. A student who is required and furnishes a passing TOEFL (Test of English as a Foreign Language) score for admission to the University is considered to have satisfied the requirements.

American Sign Language

Students pursuing a Bachelor of Arts Degree may substitute American Sign Language for the foreign language exit requirement, except where one or more foreign languages have been specified by a college, school, or program for a specific degree (see individual degree program listings for more information). Proficiency is met either by successful completion of ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders regarding the proficiency examination.

SUS Foreign Language Admission Requirement

Students who have not satisfied the Foreign Language Admission Requirement (competency of foreign language
or American Sign Language equivalent to the second high school level or higher (Spanish 2, Haitian Creole 2, etc.) or at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution) at the time they are admitted to the University must satisfy this requirement prior to graduation. This requirement applies to all undergraduates and is separate from the UCF Foreign Language proficiency requirement.

The Gordon Rule

The Gordon Rule (State Rule 6A-10.30) applies to students who first enrolled in any college or university after October 1982. The rule requires students to complete four courses (twelve credit hours) of writing and to complete two courses (six credit hours) of mathematics at the level of college algebra or higher. Each course must be completed with a minimum grade of "C-" (1.75). Courses eligible to satisfy the Gordon Rule requirement must be on the approved list at the time the course is completed.

Gordon Rule classes are applied to the requirement based on the term in which they were taken. If a course was not on the Gordon Rule list in the catalog year in which it was taken, it cannot be used toward the requirement. The Gordon Rule eligibility of a course is independent of a student's catalog year.

UCF courses that are required by the General Education Program also may be used to satisfy the Gordon Rule. Honors sections of the following courses will also satisfy this requirement. Gordon Rule requirements may be satisfied by the General Education Program as follows:

Gordon Rule Requirement:

1. Six hours of mathematics at the level of college algebra or higher

   OR Six hours in College Algebra or Finite Math

2. Six hours of English coursework

   and Six hours of additional college-level writing courses

   from the following list:

Gordon Rule Writing Requirement Courses

General Education courses that apply to the Gordon Rule Writing Requirement:

- **ENC 1101 - Composition I** Credit Hours: 3
- **ENC 1102 - Composition II** Credit Hours: 3
- **LIT 2110 - World Literature I** Credit Hours: 3
- **LIT 2120 - World Literature II** Credit Hours: 3
- **AMH 2010 - U.S. History: 1492-1877** Credit Hours: 3
- **AMH 2020 - U.S. History: 1877-Present** Credit Hours: 3
- **EUH 2000 - Western Civilization I** Credit Hours: 3
- **EUH 2001 - Western Civilization II** Credit Hours: 3
- **HUM 2210 - Humanistic Tradition I** Credit Hours: 3
- **HUM 2230 - Humanistic Tradition II** Credit Hours: 3
- **MUL 2010 - Enjoyment of Music** Credit Hours: 3
- **THE 2000 - Theatre Survey** Credit Hours: 3

UCF courses that are required by the General Education Program also may be used to satisfy the Gordon Rule. Honors sections of the following courses will also satisfy this requirement. Gordon Rule requirements may be satisfied by the General Education Program as follows:

GEP Courses Which Satisfy:

- Three hours of College Algebra or Finite Math AND Three hours of Statistics or Computer Science

Any 3000-level or above course in mathematics, statistics, or computer science also may be used toward fulfillment of the above requirements.
American History

• **WOH 2012H - Honors World Civilization I** Credit Hours: 3
Civic Literacy Requirement

All baccalaureate degree-seeking students who initially entered a state university in fall semester 2018 and thereafter must meet the State of Florida's civic literacy requirement, pursuant to Board of Governors' policy 8.006. Students are required to demonstrate competency in civic literacy through one of the following options prior to graduation from the University of Central Florida:

2. Achieving the standard score on one of the following assessments:
   a. U.S. Citizenship and Immigration Services Naturalization Test – Civics (U.S. history and government) with supplemental questions, minimum score of 60; or
   b. Advanced Placement Government and Politics: United States, minimum score of 3; or
   c. Advanced Placement United State History, minimum score of 4; or
   d. CLEP American Government, minimum score of 50.

Each of the specified options was selected by the State University System's Board of Governors to meet the following competencies:

- Understanding of the basic principles and practices of American democracy and how they are applied in our republican form of government;
- An understanding of the United States Constitution and its application;
- Knowledge of the founding documents and how they have shaped the nature and functions of our institutions of self-government; and
- An understanding of landmark Supreme Court cases, landmark legislation, and landmark executive actions and their impact on law and society.

Summer Attendance Requirement

A student entering the State University System with fewer than 60 credit hours of credit is required to enroll in a minimum of nine hours of credit in the summer at a State of Florida university. Petition forms for exemption are available from the Academic Services website http://www.academicservices.ucf.edu/summer-waiver/.

Admission to the Upper Division

To be classified as an upper division student at the University of Central Florida, a student must complete the following:

1. A minimum of 60 credit hours of academic work;
2. The English and mathematics requirements of the Gordon Rule;
3. One year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation Application Deadline

Students must complete the "Intent to Graduate" online at https://my.ucf.edu in the term preceding the one in which they intend to graduate (see the "Academic Calendar" for specific dates). Students who have not applied for graduation by the last day of classes in the term preceding the graduation term may not be listed in the Commencement Program. Graduating students must be enrolled at UCF during the term of graduation. Graduates may contact the Registrar's Office for Commencement ceremony and guest ticket information or refer to http://commencement.ucf.edu.

Successful completion of the degree requirements stated in the Undergraduate Catalog under which the student plans to graduate shall constitute a recommendation of the respective college faculty that the degree be awarded, assuming the student is in good standing at the University. A student must complete all requirements for a baccalaureate or graduate degree no later than the date of the Commencement. A student may not be enrolled as a transient student in another institution during the term in which the baccalaureate degree or the Associate of Arts degree is to be awarded.

Correspondence Courses
Double Majors

- A student may earn one degree, a BA or BS, with two majors, by completing the requirements for both majors. If both majors are within the same college and are of the same degree type (BA or BS), both majors will be indicated on the diploma; however, if the majors are from different colleges or are of different degree types, only one major will appear on the diploma. Students earning a double major must use the same Catalog year for both majors.

Two Degrees

- A student may earn two degrees, a BA and a BS, by completing the requirements for both majors and earning a minimum of 150 credit hours.
- A student may earn two degrees, either both BA or both BS, if the degrees are earned in separate colleges and a minimum of 150 (or more) credit hours are earned.
- A student may earn two degrees, either both BA or both BS, within the same college if allowed by the particular college and a minimum of 150 (or more) credit hours are earned.
- Students earning two degrees may use different Catalog years for each degree. If different Catalog years are used, the general university requirements in the latest of the two catalogs will be applied to both degrees.

More Than Two Majors, or More Than Two Degrees, or a Combination

Students attempting multiple majors or degrees beyond two must consult with the Registrar’s Office for coordination among degree programs. Responsibility for doing so rests with the student. The stipulations for two majors and/or two degrees will apply as well as other minimum amount of hours and prohibitions about combinations.

Graduates from regionally accredited four-year U.S. institutions who apply for admission to work toward a second baccalaureate degree at UCF must meet the regular admission requirements of the major department and the UCF residency requirement of 30 additional credit hours for that degree. Students holding the baccalaureate degree fromregionally accredited U.S. institutions are considered to have completed Gordon Rule, foreign languages, and General Education Program Requirements. Students who hold degrees from non-regionally accredited U.S. institutions and foreign institutions may be required by the Office of Academic Services (MH 210) to fulfill all or part of the UCF General Education Program requirements as stipulated in the UCF Undergraduate Catalog.

The University requirements specified in the preceding paragraphs are minimum requirements. Departments and colleges may require more than 150 credit hours for a second degree or more than 30 credit hours to be taken in residence at UCF. Students should confirm department, school, and college requirements with their academic advisors.
The Burnett Honors College

Dean: Sheila Amin Gutiérrez de Piñeres
407-823-5855; Fax: 407-823-6583
https://honors.ucf.edu

Associate Dean: Martin Dupuis
Interim Associate Dean: Ronnie Korosec
Director of Budget and Personnel: Lesanne Brunswick
Director of Academic Advising: Rex Roberts
Director of Information Systems: Michael T. Callahan
Director of Prestigious Awards: Morgan Bauer
Director of Honors Research: Padmini Coopamah Waldron
Director of Student Services: Madi Dogariu

The Burnett Honors College (BHC) combines the intimacy of a small liberal arts college with the benefits of a large research university located in a metropolitan environment. The mission of the College is to provide UCF's most academically talented and motivated students with a challenging and unique scholarly experience, creating a strong foundation for future achievements. The College strives to create a diverse learning community that fosters the pursuit of excellence, ethical, social, and civic responsibility, personal growth, and a passion for life-long learning.

Honors classes are small, and coursework crosses traditional disciplinary boundaries to encourage critical thinking. Beyond the classroom, special guest lecturers, field trips, study abroad, research opportunities, and university-related service activities expand the horizons of Honors students.

Students in BHC are actively involved in co-curricular and social activities. They also have priority registration privileges and access to the Honors Reading Room, Computer Labs, Meditation Garden, and Honors Living Learning Communities.

Students may pursue Honors through two distinct programs, University Honors and Honors Undergraduate Thesis.

University Honors

Admission to University Honors is granted by BHC to qualified incoming "first time in college" (FTIC) freshmen on a competitive basis. Students who seek admission to University Honors must apply directly to BHC. It is the student's responsibility to obtain the appropriate Honors College admissions information from the Honors Office of Student Services and follow the procedures necessary to enter the program. More details can be found at https://honors.ucf.edu/admissions. Prospective Honors students and their families are encouraged to contact Honors staff at honors.admissions@ucf.edu if they have questions.

Qualified students who transfer to UCF with an A.A. degree with Honors from a Florida College System institution that has an Honors articulation agreement with BHC will be admitted into University Honors with junior standing. Further information is available from the Honors Office of Student Services at https://honors.ucf.edu/admissions.

University Honors students must take EIGHT Honors courses total by the time they graduate. Students must also maintain a 3.2 UCF GPA and a 3.0 Honors GPA and uphold the tenets of the Honor Code to remain in good standing with the Burnett Honors College. Please contact the Office of Honors Advising if you have any specific questions about Honors requirements, including when courses will be offered and possible substitutions.

By the end of the semester prior to the term in which a student plans to graduate with University Honors, the student must file a completed "Intent to Graduate with University Honors" form with BHC. Graduating seniors must complete the online "University Honors Exit Survey" by the end of the semester in which they plan to graduate. A student who completes all of the requirements for University Honors will have the designation of University Honors entered on the diploma and transcript. Note: No student with a "Z" designation on their final transcript is eligible to graduate with University Honors.

Summary Table of University Honors Requirements

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Symposium:</td>
<td>IDH 1920H, Honors Symposium, is a mandatory one-credit hour course required for all FTIC University Honors students. This course includes guest lectures and discussions.</td>
</tr>
<tr>
<td>Lower-division:</td>
<td>Four courses, ENC 1101 and ENC 1102 must be taken in Honors sections if the student does not have</td>
</tr>
</tbody>
</table>
alternative credit for them at the time they are admitted to the University Honors program. Extra upper-division courses/seminars can substitute for lower-division courses.

Three courses, including at least one Honors interdisciplinary seminar. These courses vary by college and major. Please see the BHC website for specific course options.

Completion of the Honors Undergraduate Thesis program will satisfy one upper-division Honors requirement for any major.

Note

Students who are pursuing University Honors in two degrees must complete an additional upper-division course or interdisciplinary seminar in order to receive University Honors distinction on both diplomas.

Honors Undergraduate Thesis

The Honors Undergraduate Thesis program allows students to undertake original and independent research as principal investigators under faculty supervision. Students enroll in a credit-bearing two-course sequence (which can be extended to three or four, as necessary) in which they research, write, defend and publish an original Honors thesis. The thesis is published through the UCF library and is available to researchers worldwide. Students who fulfill all program requirements earn the Honors distinction on their diploma and transcript. No student with a “Z” designation on their final transcript is eligible to graduate with Honors.

The Burnett Honors College offers two tracks for the Honors Undergraduate Thesis:

Honors in the Major

Honors in the Major is the oldest and most prestigious undergraduate research program at UCF. Students complete a thesis or creative project in their declared academic major. Following specified criteria, engineering students may choose to use their Senior Design project as basis for a thesis.

Honors in Research/Honors in Creative Inquiry

This interdisciplinary track allows students to write an Honors thesis in their minor or a discipline other than their major.

Program Requirements

Earn a grade of A, B or S in Directed Readings course(s)

xxx 4903H - Honors Directed Readings I or approved substitute (3 credit hours)

xxx 4904H - Honors Directed Readings II (optional - 1 or 3 credit hours)

Form a thesis committee that meets the requirements of the Honors Undergraduate Thesis program and submit a thesis proposal that has been approved by the thesis committee.

Earn a grade of A, B or S in Thesis course(s)

xxx 4970H - Honors Thesis I (3 credit hours)

xxx 4971H - Honors Thesis II (optional - 1 or 3 credit hours)

Submit Notice of Defense and thesis approval forms.

Submit approved thesis to UCF Libraries.

Eligibility

Admission to the Honors Undergraduate Thesis program is granted by the Burnett Honors College to all qualified UCF students. Students apply directly to the Office of Honors Research and may start in Fall, Spring and Summer terms.

Prospective students are encouraged to review our website for admission criteria, application deadlines and other information at https://honors.ucf.edu/research/.

Note

A collection of completed Honors Undergraduate Theses can be found online at http://stars.library.ucf.edu/honorstheses/.

Office of Prestigious Awards

The Office of Prestigious Awards (OPA) provides all UCF students with information and advising for major national and international fellowships and scholarships. OPA serves as the UCF campus representative for all awards requiring university endorsement or nomination, including the Rhodes, Marshall, Fulbright, Goldwater, and Truman
scholarships. While OPA is housed within the Burnett Honors College, it serves the entire UCF community.

OPA works closely with students throughout all stages of their application process. Because of the competitive nature of these awards, preparation is both intensive and extensive and can begin as early as a student's freshman year. Students who are applying for a prestigious scholarship or fellowship are encouraged to contact OPA for assistance with their applications, even if the award does not require institutional endorsement. Students seeking more information can visit https://opa.ucf.edu/ or contact OPA by phone at 407-823-4019, in TCH 248, or by email at opa@ucf.edu.
College of Arts and Humanities

Dean: Jeffrey Moore
CAH 190; 407-823-2251
http://www.cah.ucf.edu/

Executive Associate Dean: Lyman Brodie
CAH 190; 407-823-2251

Associate Dean: Lynn Hepner
CAH 190; 407-823-2251

Associate Dean: Nancy Stanlick
CAH 190; 407-823-2251

Assistant Dean: Cathy Radzai
CAH 190; 407-823-2251

Assistant to the Dean: Paul Lartonoix
CAH 190; 407-823-2251

The College of Arts and Humanities includes the following departments: English, History, Modern Languages & Literatures, Philosophy, and Writing and Rhetoric. The college also oversees the School of Visual Arts and Design, which offers degrees in Architecture, Emerging Media, Photography, and Studio Art and the School of Performing Arts, which offers degrees in Music and Theatre. Additionally, the college shares with the College of Sciences oversight for the Nicholson School of Communication and Media, an interdisciplinary, inter-college unit. In keeping with the goals of the University of Central Florida, the College is responsible for all programs in the areas of humanities and arts. The departments and schools collectively offer more than 75 baccalaureate and graduate programs. For additional information concerning graduate programs, please refer to the current online Graduate Catalog. In addition to providing academically strong degree programs in the areas noted above, the College of Arts and Humanities offers a selection of courses that are designed to complement the programs of the other colleges of the University. These offerings include a number of courses necessary to satisfy the University’s General Education program and foreign language requirements.

A student enrolled in the College as an undergraduate must fulfill all University degree requirements including those for general education as well as the particular requirements set forth within each area of specialization. To be certified for graduation, a student must achieve at least a "C" GPA (2.0) in the courses of his or her major and/or minor. Some departments also require a minimum grade in each major course. Students are advised to consult their departmental advisor for specific policies. For programs with a foreign language graduation requirement, American Sign Language is not considered a foreign language and will not fulfill the requirement.

Pre-professional Programs

Pre-law Program

There is no preferred major for pre-law. Law schools accept superior students with a good liberal arts background, regardless of major field. A Bachelor of Arts or Bachelor of Science degree with approximately three-fourths of the course work representing theory content is typically suggested. Majors such as English, History, Legal Studies, Philosophy, Political Science, Sociology, and Writing and Rhetoric meet this criterion. The College of Arts and Humanities also offers a Pre-Law in the Humanities Minor. The quality of undergraduate education for the legal profession, according to the Association of American Law Schools, is grounded in three basic skills and insights: comprehension and expression in words, critical understanding of the human institutions and values with which the law deals, and the creative power of thinking. Law schools require that the Law School Admission Test (LSAT) be taken prior to consideration for admission. General information pertaining to programs of study, the LSAT, careers, and law schools can be obtained from the Office of Pre-Health and Pre-Law Advising.

Advisement

College of Arts and Humanities Student Advising (CAHSA)

Director: Delia Garcia
Trevor Colbourn Hall 159; 407-823-3312
Email: cahsa@ucf.edu
http://cahsa.cah.ucf.edu

CAHSA is the primary office for undergraduate academic assistance in the College of Arts and Humanities. CAHSA assists students in the College with academic advising, orientation, registration, graduation certification and with the interpretation of College/University policies and procedures. Questions concerning University and College academic policies affecting College of Arts and Humanities majors should be addressed via email to cahsa@ucf.edu or to the CAHSA staff by visiting TCH 159. Questions
concerning the requirements within a major should be
directed to the department offering the degree. The student
should meet with their assigned CAHSA advisor and
major/minor advisor at least once a semester.

Program Planning

Although suggested curricula are available in most areas,
students will plan their program in consultation with a
faculty advisor appointed by the major department.

International Study Centers

Undergraduate Inter-institutional Transient Program

The State University System operates study centers in
London, England and Florence, Italy during the Fall and
Spring semesters. Students with 27 or more credit hours of
credit and a minimum GPA of 2.5 or above in all state
universities are eligible to apply for one or both semesters
as inter-institutional transient students. Faculty at the
centers are drawn from the nine state universities. While
credits are earned through Florida State University, which
administers the program on behalf of the State University
System, credits are fully transferable within the System.
Students at the Centers are considered to be resident in their
home institutions for attendance and degree purposes.

Classes at the Florence Center emphasize art history,
Italian, social sciences, and the humanities; at the London
Center, theatre, business, English, history and the social
sciences are emphasized. Field trips and museum visits are
common to both. For further information, consult UCF
Abroad at 407-882-2300.

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning
outcomes) for undergraduate programs in the College of
Arts and Humanities are located at
http://oeas.ucf.edu/academiclearningcompacts.html

Undergraduate programs for the College of Arts and
Humanities are listed below.

Department of English

Chair: Trey Philpotts
Trevor Colbourn Hall 250A; 407-823-5596
Email: english@ucf.edu
http://www.english.cah.ucf.edu/

Faculty: Angley, Applen, Bartkevicius, Beck, Bishop,
Campbell, Casmier-Paz, Cato, Flammia, Fogarty,
Glasshoff, Gleyzon, Grajeda, Hasanat, Hicks, Hohenleitner,
A. Jones, Kamrath, Kolaya, Lillios, Logan, Mathes, Mauer,
Meehan, Moody, Morton, Neal, Nwakanma, Peynado,
Philpotts, Poissant, Pugh, Rodriguez-Milanes, Roney,
Schell, Stephens, Telep, Thaxton, Trouard, Uttich, Wolff,
Young; Professors Emeriti: Adicks, Barnes, Dombrowski,
D. Jones, Omans, Schiffhorst

The Department of English is responsible for the effective
teaching of language and literature in English, including
World Literature, Linguistics, rhetoric, and creative,
expository, and technical writing. Students may concentrate
in creative writing, technical communication, or literature.
The Department serves the broad needs of the University
with course offerings in writing and literature for students
from other departments. The department also publishes The
Florida Review, The Cypress Dome, and The Faulkner
Journal. An Honors in English program provides an
enriched course of study for exceptional students, leading
to graduation with honors. Program description follows
concentration in degree plans.

Major

English, Creative Writing (B.A.)

College of Arts and Humanities
Department of English, Trevor Colbourn Hall, Room:
250A
http://english.ucf.edu
Email: english@ucf.edu

Dr. Trey Philpotts
Phone: 407-823-5596

English (B.A.) - Creative Writing may be completed fully
online, although not all elective options or program
prerequisites may be offered online. Newly admitted
students choosing to complete this program exclusively via
UCF online classes may enroll with a reduction in campus-
based fees.

Admission Requirements
None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Students must earn at least a "C" (2.0) in each required course
- Co-op or internship credit cannot be used in the major without prior approval from the department
- Students should consult with a departmental advisor
- Departmental Residency Requirement consists of at least 15 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF English Department
- Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural and Historical Foundations (9 Credit Hours)

- HUM 2020 - Encountering the Humanities Credit Hours: 3 (Preferred)
- LIT 2110 - World Literature I Credit Hours: 3 (Preferred)
- LIT 2120 - World Literature II Credit Hours: 3 (Preferred)

Mathematical Foundations (6 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
- or
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
- or
- You may substitute a higher level math with appropriate scores on the Math Placement Exam

Statistics - Computers: (3 Credit Hours)

- Select a course from Mathematical Foundation, Area 2 list

Social Foundations (6 Credit Hours)

- AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (Suggested)

Science Foundation (6 Credit Hours)

- AST 2002 - Astronomy Credit Hours: 3 (Suggested)
- ANT 2511 - The Human Species Credit Hours: 3 (Suggested)

Common Program Prerequisites (CPP)

- ENC 1101 - Composition I Credit Hours: 3 (GEP) ¹
- ENC 1102 - Composition II Credit Hours: 3 (GEP)

¹ See Transfer Notes for possible substitutions. See "Common Prerequisites" in the Transfer and Transition Services section for more information.

Core Requirements: Basic Level (9 Credit Hours)

- CRW 3013 - Creative Writing for English Majors Credit Hours: 3
- ENG 3014 - Theories and Techniques of Literature Study Credit Hours: 3 ¹

¹
This is a prerequisite for all 4000 level AML, ENG, ENL, or LIT courses

- CRW 3053 - Theory & Practice of Creative Writing Credit Hours: 3

Core Requirements: Advanced Level (12 Credit Hours)

- Literary History Requirement
- Choose four courses total from these two groupings

Select at least one of these pre-1865 literature courses

- Note: Each semester, additional courses may satisfy these requirements. Check with an advisor for details.

Select One: (3 Credit Hours)

- AML 3031 - American Literature I Credit Hours: 3
- AML 3613 - Narratives of Slavery Credit Hours: 3
- ENL 2012 - English Literature I Credit Hours: 3
- ENL 3220 - English Renaissance Poetry and Prose Credit Hours: 3
- ENL 4230 - Eighteenth-Century Studies Credit Hours: 3
- ENL 4240 - English Romantic Writers Credit Hours: 3
- ENL 4311 - Chaucer Credit Hours: 3
- ENL 4333 - Shakespeare Studies Credit Hours: 3
- ENL 4341 - Milton and His Age Credit Hours: 3
- AML 3286 - Early American Women's Words Credit Hours: 3
- AML 3640 - Native American Literature Credit Hours: 3
- LIT 4374 - Literature of the Bible Credit Hours: 3
- ENL 3296 - Gothic Literature Credit Hours: 3

Select at least one of these post-1865 literature courses

Each semester, additional courses may satisfy this requirement. Check with an advisor for details.

Select One: (3 Credit Hours)

- AML 3041 - American Literature II Credit Hours: 3
- AML 3283 - Contemporary American Women's Fiction Credit Hours: 3
- AML 3614 - Topics in African-American Literature Credit Hours: 3
- AML 3615 - Harlem, Haiti, and Havana Credit Hours: 3
- AML 3643 - Contemporary Native American Prose and Poetry Credit Hours: 3
- AML 4101 - American Novel Credit Hours: 3
- AML 4155 - Modern American Poetry Credit Hours: 3
- AML 4261 - Literature of the South Credit Hours: 3
- AML 4265 - Florida Writers Credit Hours: 3
- AML 4321 - Modern American Literature Credit Hours: 3
- AML 4630 - Latino/Latina Literature Credit Hours: 3
- ENL 2022 - English Literature II Credit Hours: 3
- ENL 4101 - English Novel Credit Hours: 3
- ENL 4253 - The Victorian Age Credit Hours: 3
- ENL 4262 - Nineteenth Century British Prose Credit Hours: 3
- ENL 4273 - Modern British Literature Credit Hours: 3
- ENL 4273 - Modern British Literature Credit Hours: 3
- LIT 3082 - Continental European Fiction Since 1900 Credit Hours: 3
- LIT 3192 - Caribbean Literature Credit Hours: 3
- LIT 4043 - Modern Drama As Literature Credit Hours: 3
- LIT 4184 - Irish Literature Credit Hours: 3
- LIT 4303 - Post-World War II Fiction Credit Hours: 3
- LIT 3823 - Hispanic Women Writers Credit Hours: 3

Restricted Electives (15 Credit Hours)

- Please note that students must take 4 but no more than 6 of the courses listed in a. and b. below.
A list of approved restricted elective courses is found in the myKnight audit.

Choose two of the following: (6 Credit Hours)

A. Select Two: (6 Credit Hours)

- CRW 3120 - Fiction Writing Workshop Credit Hours: 3
- CRW 3211 - Creative Nonfiction Writing Credit Hours: 3
- CRW 3310 - Poetry Writing Workshop Credit Hours: 3
- CRW 3610 - Writing Scripts Credit Hours: 3

Choose two of the following: (6 Credit Hours)

B. Select Two: (6 Credit Hours)

- CRW 4122 - Advanced Fiction Writing Workshop Credit Hours: 3
- CRW 4224 - Advanced Nonfiction Workshop Credit Hours: 3
  1 May take ENC 4360 - Nature Writing instead of CRW 4224 but not both.
- CRW 4320 - Advanced Poetry Writing Workshop Credit Hours: 3
- CRW 4616 - Advanced Scriptwriting Workshop Credit Hours: 3

Choose one of the following: (3 Credit Hours)

C. Select One: (3 Credit Hours)

- CRW 3311 - Readings in Poetry for Creative Writing Credit Hours: 3
- CRW 3540 - Literary Magazines Credit Hours: 3
- CRW 4114 - History of Prose Style Credit Hours: 3
- CRW 4724 - The Florida Review Credit Hours: 3
- CRW 4722 - Editing for Creative Writers Credit Hours: 3

any other CRW elective or Special Topics course
Credit Hours: 3

Capstone Requirements

- None

Electives

- Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

Foreign Language Requirements

Admissions

- Met by graduation requirement

Graduation

- Proficiency equivalent to three semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement. With departmental approval, a cultural/multicultural or related course offered by the Department of English may be used to satisfy one semester of the Graduation requirement.

Additional Requirements

- The English Department offers multiple opportunities to complete the signature experience requirement. Please consult the Undergraduate Advisor for a full listing.

Required Minors

- None

Departmental Exit Requirements
Maintain and achieve a minimum GPA of 2.0 in all courses used towards the major.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major (9 Credit Hours)

- Application and admission through the English Honors Committee and the Honors College.
- Fulfill University requirements for Honors in the Major.
- Grade of "B" (3.0) or better in an English graduate or undergraduate course or in a graduate or undergraduate course outside the major that relates to thesis with approval (3 hrs), Directed Readings (3 hrs), and Thesis hours (3 hrs).
- Successful completion and oral defense of Honors thesis.

Related Minors

- English, Linguistics Minor
- English, Technical Communication Minor
- Writing and Rhetoric Minor
- English, Literature Minor

Advising Notes

- None

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
  http://www.oears.ucf.edu/alc/academic_learning_compacts.htm

Plan of Study

- One of numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.

English (B.A.) - Literature may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements
• Students who change degree programs and select this major must adopt the most current catalog.
• Students must earn at least a "C" (2.0) in each required course.
• Co-op or internship credit is not accepted in the major.
• Students should consult with a departmental advisor.
• Departmental Residency Requirement consists of at least 15 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF English Department.
• Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)
• ENC 1101 - Composition I Credit Hours: 3 (Required)
• ENC 1102 - Composition II Credit Hours: 3 (Required)
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)
• HUM 2020 - Encountering the Humanities Credit Hours: 3 (Preferred)
• LIT 2110 - World Literature I Credit Hours: 3 (Preferred)
• LIT 2120 - World Literature II Credit Hours: 3 (Preferred)

Mathematical Foundations (6 Credit Hours)
Math: (3 Credit Hours)
• MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
  or
• MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
  or
• You may substitute a higher level math with appropriate scores on the Math Placement Exam.

Statistics - Computers: (3 Credit Hours)
• Select a course from Mathematical Foundation, Area 2 list 3

Social Foundations (6 Credit Hours)
• AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (Suggested)

Science Foundations (6 Credit Hours)
• AST 2002 - Astronomy Credit Hours: 3 (Suggested)
• ANT 2511 - The Human Species Credit Hours: 3 (Suggested)

Common Program Prerequisites (CPP)
• ENC 1101 - Composition I Credit Hours: 3 (GEP) ¹
• ENC 1102 - Composition II Credit Hours: 3 (GEP) ¹
  ¹ See transfer notes for possible substitutions.

Core Requirements: Basic Level (6 Credit Hours)
• ENG 3014 - Theories and Techniques of Literature Study Credit Hours: 3 ¹
  ¹ Prerequisite for all 4000 level AML, ENG, ENL, or LIT courses

Choose one gateway course (3 Credit Hours)
• CRW 3013 - Creative Writing for English Majors Credit Hours: 3
• ENC 3241 - Writing for the Technical Professional Credit Hours: 3
• CRW 3053 - Theory & Practice of Creative Writing Credit Hours: 3
• LIT 3212 - Research & Writing About Literature Credit Hours: 3

Core Requirements: Advanced Level (15 Credit Hours)

• Literary History Requirement
• Choose five courses from the two groupings

Select at least two pre-1865 literature courses (6 Credit Hours)

• Note: Each semester, additional courses may satisfy this requirement. Check with advisor for details.

Select Two: (6 Credit Hours)

• AML 3031 - American Literature I Credit Hours: 3
• AML 3613 - Narratives of Slavery Credit Hours: 3
• ENL 2012 - English Literature I Credit Hours: 3
• ENL 3220 - English Renaissance Poetry and Prose Credit Hours: 3
• ENL 4230 - Eighteenth-Century Studies Credit Hours: 3
• ENL 4240 - English Romantic Writers Credit Hours: 3
• LIT 4374 - Literature of the Bible Credit Hours: 3
• AML 3286 - Early American Women's Words Credit Hours: 3
• AML 3640 - Native American Literature Credit Hours: 3
• ENL 3296 - Gothic Literature Credit Hours: 3

Select at least two post-1865 literature courses (6 Credit Hours)

• Note: Each semester, additional courses may satisfy this requirement. Check with advisor for details.

Select Two: (6 Credit Hours)

• AML 3041 - American Literature II Credit Hours: 3
• AML 3615 - Harlem, Haiti, and Havana Credit Hours: 3
• AML 4101 - American Novel Credit Hours: 3
• AML 4155 - Modern American Poetry Credit Hours: 3
• AML 4261 - Literature of the South Credit Hours: 3
• AML 4630 - Latino/Latina Literature Credit Hours: 3
• ENL 2022 - English Literature II Credit Hours: 3
• ENL 4101 - English Novel Credit Hours: 3
• ENL 4253 - The Victorian Age Credit Hours: 3
• ENL 4262 - Nineteenth Century British Prose Credit Hours: 3
• ENL 4273 - Modern British Literature Credit Hours: 3
• LIT 3082 - Continental European Fiction Since 1900 Credit Hours: 3
• LIT 3192 - Caribbean Literature Credit Hours: 3
• LIT 4043 - Modern Drama As Literature Credit Hours: 3
• LIT 4184 - Irish Literature Credit Hours: 3
• LIT 4303 - Post-World War II Fiction Credit Hours: 3
• LIT 3823 - Hispanic Women Writers Credit Hours: 3

Restricted Electives (15 Credit Hours)

• Upper Division Requirements
• A list of approved restricted elective courses is found in the myKnight audit.
Choose one single author or major author course: (3 Credit Hours)

Select One: (3 Credit Hours)

- AML 4300 - Major American Authors Credit Hours: 3
- ENL 4311 - Chaucer Credit Hours: 3
- ENL 4341 - Milton and His Age Credit Hours: 3
- ENL 4333 - Shakespeare Studies Credit Hours: 3
- ENL 4303 - British Authors Credit Hours: 3
- LIT 4244 - World Authors Credit Hours: 3

Choose one linguistics or theory course: (3 Credit Hours)

Select One: (3 Credit Hours)

- ENG 3010 - Practical Criticism Credit Hours: 3
- LIN 3010 - Principles of Linguistics Credit Hours: 3
- LIN 4105 - History of the English Language Credit Hours: 3
- LIN 4660 - Linguistics and Literature Credit Hours: 3
- LIN 4680 - Modern English Grammar Credit Hours: 3
- LIT 4554 - Advanced Feminist Theories Credit Hours: 3

Three additional upper level courses (9 Credit Hours)

- AML, ENL, LIT or ENG prefix

Capstone Requirements

- None

Electives

Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department. Please note that no more than 6 of the following courses may be taken:

- CRW 3120 - Fiction Writing Workshop Credit Hours: 3
- CRW 3211 - Creative Nonfiction Writing Credit Hours: 3
- CRW 3310 - Poetry Writing Workshop Credit Hours: 3
- CRW 3610 - Writing Scripts Credit Hours: 3
- CRW 4122 - Advanced Fiction Writing Workshop Credit Hours: 3
- CRW 4224 - Advanced Nonfiction Workshop Credit Hours: 3
- CRW 4320 - Advanced Poetry Writing Workshop Credit Hours: 3
- CRW 4616 - Advanced Scriptwriting Workshop Credit Hours: 3
- ENC 4360 - Nature Writing Credit Hours: 3

Foreign Language Requirements

Admissions

- Met by graduation requirement

Graduation

- Proficiency equivalent to three semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement. With departmental approval, a cultural/multicultural or related course offered by the Department of English may be used to satisfy one semester of the Graduation requirement.

Additional Requirements

- The English Department offers multiple opportunities to complete the signature experience requirement. Please consult the Undergraduate Advisor for a full listing.

Departmental Exit Requirements
- Maintain and achieve a minimum GPA of 2.0 in all courses used towards the major.

**University Minimum Exit Requirements**

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

**Total Undergraduate Credit Hours Required:** 120

**Additional Information**

**Honors In Major (9 Credit Hours)**

- Application and admission through the English Honors Committee and the Honors College.
- Fulfill University requirements for Honors in the Major.
- Grade of "B" (3.0) or better in an English graduate or undergraduate level course or in a graduate or undergraduate level course outside the major that relates to thesis with approval (3 hrs), Directed Readings (3 hrs), and Thesis hours (3 hrs).
- Successful completion and oral defense of Honors thesis.

**Related Programs**

- English, Creative Writing (B.A.)
- English, Technical Communication (B.A.)

**Certificates**

- None

**Related Minors**

- English, Creative Writing Minor

Total Undergraduate Credit Hours
Required: 18

Other Requirements

- A grade of "C" (2.0) or better is required in each course used to satisfy the minor.
- At least 12 hours used in the minor must be earned at UCF.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study credit cannot be used toward the minor.
- No more than 3 credit hours may overlap with any other major or minor.
Medieval and Renaissance Studies Minor

College of Arts and Humanities
Department of English, Trevor Colbourn Hall, Room: 250A
https://medieval.cah.ucf.edu/
Dr. Tison Pugh, Tison.Pugh@ucf.edu

An interdisciplinary minor that offers students a background of the history, literature, languages, art, music, and philosophy of the Middle Ages and Renaissance.

Minor Admission Requirements

- None

Minor Requirements

- None

Prerequisite Courses

- Students are responsible for meeting any prerequisites for the courses in the minor, although they may individually petition instructors for permission to override these prerequisite requirements.

Required Courses (6 Credit Hours)

Select two courses from the following:

- ENL 4311 - Chaucer Credit Hours: 3
- ENL 4333 - Shakespeare Studies Credit Hours: 3
- ENL 4341 - Milton and His Age Credit Hours: 3
- EUH 3122 - Medieval Society and Civilization Credit Hours: 3
- HUM 3435 - Medieval Humanities Credit Hours: 3

Only one of these three courses will count towards required courses

Restricted Electives (12 Credit Hours)

- A list of approved restricted elective courses is found in the myKnight audit.
- Select no more than two courses from a single disciplinary group:

Department of Art

- ARH 4200 - Medieval Art Credit Hours: 3
- ARH 4310 - Italian Renaissance Art Credit Hours: 3
- ARH 4316 - Great Masters: daVinci, Michelangelo, and Raphael Credit Hours: 3

Department of English

- ENL 3220 - English Renaissance Poetry and Prose Credit Hours: 3
- ENL 3222 - Renaissance Women in Literature Credit Hours: 3
- ENL 4311 - Chaucer Credit Hours: 3
- ENL 4333 - Shakespeare Studies Credit Hours: 3
- ENL 4341 - Milton and His Age Credit Hours: 3
- LIT 3132 - Legend & Literature of King Arthur Credit Hours: 3
- LIT 4374 - Literature of the Bible Credit Hours: 3

Department of History

- AMH 4110 - Colonial America, 1607-1763 Credit Hours: 3
- AMH 4112 - The Atlantic World Credit Hours: 3
- EUH 3122 - Medieval Society and Civilization Credit Hours: 3
- EUH 3124 - The Crusades Credit Hours: 3
- EUH 3130 - Medieval Knights & Age of Chivalry Credit Hours: 3
- EUH 3142 - Renaissance and Reformation Credit Hours: 3
- EUH 3180 - Sorcerers, Saints and Heretics: Religion in the Medieval World Credit Hours: 3
- EUH 3310 - History of Medieval Spain 400-1100 Credit Hours: 3
Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- Earn a grade of "C" (2.0) or better in all courses used to satisfy the minor.
- At least 12 hours used in the minor must be earned at UCF within the College of Arts and Humanities.
- Course substitutions may be accepted upon approval of the advisor.

• A second semester of approved Internship (especially CRW 3950 or CRW 4724) Credit Hours: 3

Allowable substitutions for the Restricted Elective for Dept of Writing & Rhetoric students include LIN 3673, ENC 4212, or ENC 4353.

Foreign Language Requirements

• None

Total Semester Hours Required: 15

Other Requirements

• Earn a grade of "C" (2.0) or better in all courses used to satisfy the certificate.
• At least 12 hours used in the certificate must be earned at UCF within the College of Arts and Humanities.
• Course substitutions may be accepted upon approval of the advisor.

Department of History

Chair: Peter Larson
Trevor Colbourn Hall 319; 407-823-2225
Email: history@ucf.edu
http://history.cah.ucf.edu/

Faculty: Adams, Beiler, Cassanello, Cheong, Clark, Dandrow, Darty, Duffy, Earley-Spadoni, Farless, Foster, French, Gannon, Gordon, Hanson, Hardy, Head, Ishikawa, Larson, Lester, Lyons, Martinez-Fernandez, Murphree, O'Shea, Ozoglu, Pelli, Pineda, Rutkow, Sacher, Snyder, Solonari, Walker, Walters, Zhang; Faculty Emeriti: Colbourn, Crepeau, Fernandez, Leckie-Reed, Pauley, Shofner

History is the study of the past. Its objective is to understand the past, and through the past, to understand the present. The discipline of history is more than 2,500 years old and remains a vital body of knowledge in the 21st century.

Students who are interested in becoming a lawyer should seriously consider a major in history as a foundation for law school. Law is a historical phenomenon and part of the political, social, and economic processes that have contributed to the success of the United States. An understanding of history lends great insight to the function of, and motives behind, the legal system. In addition, a careful study of history will enable the student to become effective in oral and written communication while developing intellectual skills in critical thought and analysis, both of which are invaluable to the study of law.

The Department participates in the following programs: Women's and Gender Studies, American Studies, Asian Studies, Digital Humanities, Florida Studies, Middle Eastern Studies, and Latin American Studies.
Major

History (B.A.)

College of Arts and Humanities
Department of History, Trevor Colbourn Hall, Room: 319
http://history.cah.ucf.edu/
Dr. Yovanna Pineda, Yovanna.Pineda@ucf.edu, 407-823-3655
Email: history@ucf.edu

Phone: 407-823-2225

History (B.A.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must earn at least a "C" (2.0) in each history course for it to be counted toward the major.
- Co-op credit cannot be used in this major.
- Students should consult with a departmental advisor.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF History Department.
- Students must compile a portfolio of 8-12 examples of graded, written work from UCF History classes.
- Students must complete 36 hours in history.
- Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Required)
- Select one course from Cultural & Historical Foundation, Area 1 list Credit Hours: 3
- Select one course from Cultural & Historical Foundation, Area 2 list Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

Math:

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
or
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
or
- You may substitute a higher level math with appropriate scores on the Math Placement Exam.

Statistics - Computers: (3 Credit Hours)

- Select a course from Mathematical Foundation, Area 2 list Credit Hours: 3

Social Foundations (6 Credit Hours)

- AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (Required)
- Select one course from Social Foundation, Area 2 list Credit Hours: 3

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)
See “Common Prerequisites” in the Transfer and Transitions Services section for more information.

- AMH 2010 - U.S. History: 1492-1877  Credit Hours: 3 (GEP)
- AMH 2020 - U.S. History: 1877-Present  Credit Hours: 3 (GEP)

Core Requirements: Basic Level (6 Credit Hours)

Complete two courses from EUH 2000, EUH 2001, WOH 2012 and/or WOH 2022. Upper level AFH, ASH, EUH, LAH and WOH courses can be substituted for these requirements.

- EUH 2000 - Western Civilization I  Credit Hours: 3
- EUH 2001 - Western Civilization II  Credit Hours: 3
- WOH 2012 - World Civilization I  Credit Hours: 3
- WOH 2022 - World Civilization II  Credit Hours: 3

Core Requirements: Advanced Level (3 Credit Hours)

- HIS 4150 - History and Historians  Credit Hours: 3

Restricted Electives (21 Credit Hours)

- (Must be taken within the History Department)
- A list of approved restricted elective courses is found in the myKnight audit
- Select three hours of approved history courses
- Select six hours of approved history courses within three of the four geographic regions: (18 Credit Hours)
  - Asian, African, and Middle Eastern  Credit Hours: 6
  - British and European  Credit Hours: 6
  - Latin American  Credit Hours: 6
  - U.S. and Canadian  Credit Hours: 6

Select six hours of approved history courses within three of the four geographic regions: (18 Credit Hours)

Capstone Requirements

- HIS 4959 - History Portfolio  Credit Hours: 0

Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

- Met by graduation requirement

Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement. Majors who are contemplating graduate school should complete two years of a foreign language, preferably one functional in their area of historical interest.

Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - HIS 4150 - History and Historians  Credit Hours: 3

Required Minors

- None

Departmental Exit Requirements
• Maintain a minimum GPA of 2.0 in upper division required courses attempted.
• Submit a portfolio (HIS 4959) during the semester of graduation. The portfolio will include 8-12 examples of graded, written work from UCF History classes.
• Students must complete at least 18 of the required 36 History credit hours at UCF.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

• Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at http://research.honors.ucf.edu/honors-in-the-Major.

Related Minors

• Africana Studies Minor
• American Studies Minor
• Asian Studies Minor
• Florida Studies Minor
• Humanities and Cultural Studies Minor
• Judaic Studies Minor
• Latin American Studies Minor
• Middle Eastern Studies Minor
• Pre-Law in the Humanities Minor
• Women's and Gender Studies Minor

Advising Notes

• None

Transfer Notes

• Grades below "C" (2.0) are not accepted.
• Lower division courses do not substitute for upper division courses.
• Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses

• AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 may be substituted with: 1
  ○ 1 AMH 2010 is a prerequisite for subsequent American History courses.
• AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 may be substituted with: 2
  ○ 2 AMH 2020 is a prerequisite for subsequent American History courses.

Program Academic Learning Compacts

• Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oead.ucf.edu/alc/academic_learning_compacts.htm

Minor

Africana Studies Minor

College of Arts and Humanities
Department of History, Trevor Colbourn Hall, Room: 319
http://africana.cah.ucf.edu/

Dr. Fon Gordon, Fon.Gordon@ucf.edu
The College of Arts and Humanities offers a minor in Africana Studies, which gives students the opportunity to explore the African Diaspora experience from a multidisciplinary perspective. It is dedicated to developing knowledge and expertise of the Africana Diaspora, including Africa, North America, Central and South America, the Caribbean, Europe and beyond. The minor incorporates courses from many different disciplines including Music, Fine Arts, History, English, Foreign Languages, Political Science, Psychology, Sociology, Anthropology, Film, Theatre and the Sciences.

**Minor Admission Requirements**

- Internship, Co-op, or Independent Study credit cannot be used toward the certificate.
- Hebrew qualifies for Foreign Language requirement.

Students apply for admission to the accelerated program toward the end of their junior year or after 12 hours of upper-level history course work.

One official transcript (in a sealed envelope) from each college/university attended.

A 3.5 GPA or higher in history courses

Official competitive Graduate Record Exam (GRE) score taken within the last five years.

An essay indicating reasons for wishing to complete the combined bachelor's/master's program.

Three letters of recommendation from History faculty.

Students will be formally admitted to the master's program following receipt of the B.A. degree.

Accelerated Undergraduate-Graduate Program

History Accelerated Undergraduate-Graduate Program (B.A. / M.A.)

College of Arts and Humanities
Department of History, Trevor Colbourn Hall, Room: 319
http://history.cah.ucf.edu/
Email: Graduate program: hisgrad@ucf.edu
Email: Undergraduate program: history@ucf.edu

Dr. Amelia Lyons
Phone: 407-823-2224

This program allows highly qualified undergraduate majors in history to begin taking graduate-level courses which will count towards their master's degree while completing their baccalaureate degree program. Participation will enable completion of a B.A. and M.A. in a shorter period of time for students enrolled in full-time course work.

Admission Requirements

Students who change degree programs and select this major must adopt the most current catalog.

Students must earn at least a "B" (3.0) in each history course for it to be counted toward the major.

Co-op credit cannot be used in this major.

Students should consult with the departmental graduate director.

Departmental residency requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF History Department. Students may substitute up to nine hours of 5000- or 6000-level courses to meet this requirement.

Students must compile a portfolio of 8-12 examples of graded, written work from UCF History classes.

The B.A. will be awarded after completion of 36 hours of history classes.

The M.A. will be awarded upon completion of the program.

Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours (see history major requirements).

General Education Program (GEP) (36 Credit Hours)

See the History (B.A.) in this catalog for track specific GEP requirements
Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (GEP) ¹
- AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (GEP) ¹
  ¹ See Transfer Notes for possible substitutes

Core Requirements: Basic Level (6 Credit Hours)

Complete two courses from EUH 2000, EUH 2001, WOH 2012 and/or WOH 2022. Upper level AFH, ASH, EUH, LAH and/or WOH courses can be substituted for these requirements.

- EUH 2000 - Western Civilization I Credit Hours: 3
- EUH 2001 - Western Civilization II Credit Hours: 3
- WOH 2012 - World Civilization I Credit Hours: 3
- WOH 2022 - World Civilization II Credit Hours: 3

Core Requirements: Advanced Level (3 Credit Hours)

- HIS 4150 - History and Historians Credit Hours: 3

Restricted Electives (21 Credit Hours)

- (Must be taken within the History Department)
- A list of approved restricted elective courses is found in the myKnight audit.

Select six hours of approved history courses within three of the four geographic regions: (18 Credit Hours)

- Asian, African, and Middle Eastern
- British and European
- Latin American
- U.S. and Canadian

Select three hours of approved history courses (3 Credit Hours)

- Students may substitute nine hours of 5000- or 6000-level course work for 3000- or 4000-level courses

Capstone Requirements

- HIS 4959 - History Portfolio Credit Hours: 0

Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

- Met by graduation requirement.

Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the
Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign language may be used to meet the requirement. Majors who are participating in the accelerated program should complete two years of a foreign language, preferably one functional in their area of historical interest. Students may take the department's M.A. foreign language proficiency exam immediately following the completion of their foreign language course work.

Additional Requirements

Graduate Degree Requirements

- The graduate requirements listed in the Graduate Catalog take precedence over those listed below.
- Students admitted to the accelerated program may take a 5000-level course the first semester of their senior year.
- After successfully completing one 5000-level course, students will be eligible to take HIS 6159 (Historiography) and another 5000-level course or the 6000-level seminar following the 5000-level colloquium they have already completed.
- Students may substitute these nine hours of graduate level work for 9 hours of 3000- or 4000-level undergraduate courses.
- Students need to pay fees at the graduate rate for the graduate courses they take.

Schedule for students enrolled full-time in the accelerated program:

- Students complete nine hours of graduate-level courses their senior year.
- Students enroll in at least three hours of graduate-level course work the summer after they receive their B.A.
- Students enroll in nine hours of graduate-level courses in both spring and fall semesters during their M.A. year.
- Students complete the Capstone course, pass their preliminary exams, and fulfill their foreign language requirement by the end of their first M.A. year.
- Students complete and defend a master's thesis in six hours.

Signature Experience

- Signature Experience requirement is met by successful completion of the following course(s):
  - HIS 4150 - History and Historians [Credit Hours: 3]

Required Minors

- None

Departmental Exit Requirements

- Maintain a minimum GPA of 3.5 in upper division required courses attempted.
- Submit a portfolio (HIS 4959) during the semester of graduation. The portfolio will include representative samples of the student's written work including, but not limited to, book critiques, in-class essay exams, and term papers.
- Students must complete at least 18 of the required 36 history hours at UCF.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Total Combined Credit Hours Required: 147

Additional Information
**Honors In Major**

**Department of Modern Languages and Literatures**

*Chair:* Geri Smith

Trevor Colbourn Hall 358A; 407-823-2472

Email: flfacult@ucf.edu

The Department provides instruction in Arabic, Chinese, French, German, Haitian, Italian, Japanese, Korean, Portuguese, Russian, and Spanish, with majors in French, Latin American Studies and Spanish. These programs are designed to meet the needs of students who desire competency in a language and expanded understanding of a foreign culture and literature. Students desiring to major in a foreign language must meet all the requirements for graduation as set forth by the University, the College of Arts and Humanities, and by the Department of Modern Languages and Literatures.

**Major**
French and Francophone Studies (B.A.)

College of Arts and Humanities
Department of Modern Languages and Literatures,
Trevor Colbourn Hall, Room: 358A
http://mll.cah.ucf.edu/

Dr. Charlotte Trinquet du Lys,
Charlotte.TrinquetDuLys@ucf.edu

Phone: 407-823-2472

The B.A in French and Francophone Studies focuses on the study of languages, cultures and literatures in France and in the numerous countries where French is spoken, as the official or second language. It consists of 36 credit hours at the 3000 and 4000 level.

Placement in Modern Language courses is based on one year of high school language being equivalent to one semester of college work. For example, four years of high school French may place the student in the first semester of the third year. Native speakers, or students who have received advanced education in French-speaking societies, may not take lower division French courses. They must also substitute other upper division level courses for FRE 3780, FRE 3420, FRE 4422, FRE 3760, and FRE 4421.

Admission Requirements

• None

Degree Requirements

• Students who change degree programs and select this major must adopt the most current catalog.
• 36 credits in French must be taken at the 3000 level or above in FRW, FRE, and FRT courses.
• At least six of the 36 French credits must be at the 4000 level.
• At least 30 hours must be taken in Modern Language courses taught in French.
• Earn at least a "C" (2.0) in each upper division French course.
• Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Modern Languages and Literatures.
• Language credit by exam will not be given in courses lower in level than those in which students are presently enrolled. Native speakers will be allowed Credit by Examination in literature courses only.
• Co-op or internship credit cannot be used in this major.
• Students must see a French advisor to obtain proper counseling and have their schedule approved before registering for courses in their major.
• Courses designated in Gen Ed Program and Common Program Prerequisites are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

• FRE 1120C - Elementary French Language and Civilization I Credit Hours: 4
• FRE 1121C - Elementary French Language and Civilization II Credit Hours: 4
• FRE 2200 - Intermediate French Language and Civilization I Credit Hours: 3
• FRE 2201 - Intermediate French Language and Civilization II Credit Hours: 3
  1May be met by proficiency test or completion of FRE 2201

Core Requirements: Basic Level
• None

Core Requirements: Advanced Level (21 Credit Hours)
• FRW 3100 - Survey of French Literature I Credit Hours: 3
• FRE 3300 - French Grammar Credit Hours: 3
• FRE 3312 - Advanced French Grammar II Credit Hours: 3
• FRE 3780 - French Phonetics and Diction Credit Hours: 3

Select one: (3 Credit Hours)
• FRW 3101 - Survey of French Literature II Credit Hours: 3
• FRW 3770 - Francophone Literature Credit Hours: 3

Select one: (3 credits)
A native or near-native French speaker must substitute alternate upper division French courses in consultation with a departmental advisor.
• FRE 3760 - Advanced French Oral Communication Credit Hours: 3
• FRE 4421 - Advanced French Conversation Credit Hours: 3

Select one: (3 credits)
A native or near-native French speaker must substitute alternate upper division French courses in consultation with a departmental advisor.
• FRE 3420 - French Composition Credit Hours: 3
• FRE 4422 - Advanced French Composition Credit Hours: 3

Restricted Electives (15 Credit Hours)
• FRW course beyond the survey level (taught in French) Credit Hours: 6
• Select any upper level FRE, FRT, FRW, or FOW courses not already used in the major. Credit Hours: 9

Capstone Requirements
• None

Electives
• Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions
• Met by graduation requirements.

Graduation
• Met by Common Program Prerequisites

Additional Requirements
• Signature Experience requirement is met by successful completion of the following course(s):
  • FRE 4950C - French Portfolio Credit Hours: 0

Required Minors
• None

Departmental Exit Requirements
• Earn a grade of "C" (2.0) or higher in at least 36 hours of upper division French courses
• Students are required to satisfactorily complete a departmental exit exam, entirely in French. The exam is offered at the end of each October and
March and students need the approval of their advisor to take the exam. Students should discuss the optimal test date with their advisor and the French Program Director. Students may take the French Exit Exam a maximum of two times. Exceptions must be approved by the student's French advisor and by the French Program Director.

- Students must submit their portfolio (FRE 4950C) to their French Faculty Advisor. Students must earn a grade of "C" or higher.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

- PUP 3314 - Minorities in American Politics Credit Hours: 3

**Modern Languages and Literatures**

- Students can choose from the extensive listing of 3000-4000 of upper level Spanish, French, and/or Portuguese (SPN, SPW, SPT, FRE, and/or POR, POW prefixes) courses offered by the Modern Languages Department. The student should give preference to those courses related to Latin American culture and civilization.

**Communication**

- MMC 4303 - Hispanics in Media in the US Credit Hours: 3
- JOU 3951 - Knightly Latino Credit Hours: 3

**Capstone Requirements (3 Credit Hours)**

- LAS 4910 - LAS Capstone Credit Hours: 3
- LAS 4949 - Cooperative Education Credit Hours: 3
- LAS 4955 - Study Abroad Credit Hours: 3

**Electives**

- Variable
- Select primarily from upper level courses after meeting with the program advisor. Courses may be outside the department.

**Foreign Language Requirements**

**Admissions**

- Foreign Language Requirement: (0 -11 hrs)
- LAS majors will have a proficiency equivalent to three semesters of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures. Spanish or Portuguese preferred, although other Latin American languages may be acceptable with prior written consent of the LAS program director. Standardized examinations for foreign languages may be used to meet the requirement.

**Graduation**

- None

**Additional Requirements**

- Signature Experience requirement is met by successful completion of the following course(s):
- LAS 4910 - LAS Capstone Credit Hours: 3 or
- LAS 4949 - Cooperative Education Credit Hours: 3 or
- LAS 4955 - Study Abroad Credit Hours: 3

**Required Minors**

- LAS majors cannot minor in Latin American Studies. A second major can satisfy the minor requirement with prior consent of program
director or advisor. The LAS minor will continue to be available to non-LAS majors.

- Students will select a minor in consultation with the LAS program director or advisor. No more than six (6) hours can overlap between the major and the minor.

Departmental Exit Requirements

- None

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Trevor Colbourn Hall, 358A
http://mll.cah.ucf.edu/

Dr. Martha Garcia, Martha.Garcia@ucf.edu
Phone: 407-823-2472
Placement in language courses is based on one year of high school language being equivalent to one semester of college work. For example, four years of high school Spanish place the student in the first semester of the third year. Native Spanish speakers, nearnative Spanish speakers, or students who have received advanced education abroad must substitute select classes.

Admission Requirements

- None

Degree Requirements

- 36 credits in Spanish must be taken at the 3XXX level or above.
- At least 6 of the 36 Spanish credits must be at the 4XXX level.
- At least 30 credit hours must be taken in Modern Language courses taught in Spanish.
- Students must earn at least a "C" (2.0) in each upper division Spanish course.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3XXX-4XXX level courses taken from the UCF Department of Modern Languages and Literatures.
- Language credit by exam will not be given in courses lower in level than those in which students are presently enrolled. Native speakers will be allowed Credit by Examination in literature courses only.
- Co-op or internship credit cannot be used in this major.
- Students must see their departmental advisor to obtain proper counseling and have their schedule approved before registering for courses in their major.
- Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- SPN 1120C - Elementary Spanish Language and Civilization I Credit Hours: 4 ¹
- SPN 1121C - Elementary Spanish Language and Civilization II Credit Hours: 4 ¹
- SPN 2200 - Intermediate Spanish Language and Civilization I Credit Hours: 3 ¹
- SPN 2201 - Intermediate Spanish Language and Civilization II Credit Hours: 3 ¹
  ¹ May be met by proficiency test or completion of SPN 3234

Core Requirements: Basic Level

- None

Core Requirements: Advanced Level (9 Credit Hours)

Take the following three courses: (9 Credit Hours)

- SPN 3300 - Advanced Spanish Grammar and Composition Credit Hours: 3 ¹
- SPN 3420 - Spanish Composition Credit Hours: 3 ¹
- SPN 3760 - Advanced Spanish Oral Communication Credit Hours: 3 ¹
  ¹ A native or near-native Spanish speaker must substitute an alternate upper division Spanish
course in consultation with a departmental advisor.

Restricted Electives (27 Credit Hours)

Courses are to be chosen from the following categories in accordance with the number of hours designated in each, based on the student's specialization.

Linguistics and Cognitive Studies (27 Credit Hours)

Select two of the following survey of literature courses: (6 Credit Hours)

- SPW 3100 - Survey of Spanish Literature I
  Credit Hours: 3
- SPW 3101 - Survey of Spanish Literature II
  Credit Hours: 3
- SPW 3130 - Survey of Latin-American Literature I
  Credit Hours: 3
- SPW 3131 - Survey of Latin-American Literature II
  Credit Hours: 3

Select three of the following linguistics courses: (9 Credit Hours)

- SPN 4780 - Spanish Phonetics Credit Hours: 3
- SPN 4800 - The Syntax of Spanish Credit Hours: 3
- SPN 4801 - Spanish Morphology Credit Hours: 3
- SPN 4850 - Structure of the Spanish Language Credit Hours: 3
- SPN 4852 - Bilinguismo Credit Hours: 3

Select one Culture and Civilization: (3 Credit Hours)

- SPN 4510 - Spanish Civilization and Culture Credit Hours: 3
- SPN 4520 - Latin American Civilization and Culture Credit Hours: 3

Additional Spanish electives: (9 Credit Hours)

- Select any three 3XXX, 4XXX, 5XXX SPN, SPW, SPT courses not already used in the major
  *Maximum of 9 hours of 5XXX level courses accepted

Literature and Cultural Studies (27 Credit Hours)

Select three of the following survey of literature courses: (9 Credit Hours)

- SPW 3100 - Survey of Spanish Literature I Credit Hours: 3
- SPW 3101 - Survey of Spanish Literature II Credit Hours: 3
- SPW 3130 - Survey of Latin-American Literature I Credit Hours: 3
- SPW 3131 - Survey of Latin-American Literature II Credit Hours: 3

Spanish literature beyond the survey level: (6 Credit Hours)

- Any two 4XXX level SPW course not already used in the major

Select one linguistics course from the following (3 Credit Hours)

- SPN 4780 - Spanish Phonetics Credit Hours: 3
- SPN 4800 - The Syntax of Spanish Credit Hours: 3
- SPN 4801 - Spanish Morphology Credit Hours: 3
- SPN 4850 - Structure of the Spanish Language Credit Hours: 3
- SPN 4852 - Bilinguismo Credit Hours: 3

Select one Culture and Civilization (3 Credit Hours)

- SPN 4510 - Spanish Civilization and Culture Credit Hours: 3
- SPN 4520 - Latin American Civilization and Culture Credit Hours: 3
Additional Spanish electives (6 Credit Hours)

- Select any 3XXX, 4XXX, 5XXX SPN, SPW, SPT courses not already used in the major
  *Maximum of 9 hours of 5XXX level courses accepted

Capstone Requirements

- None

Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department with the approval of the Spanish section director.

Foreign Language Requirements

Admissions

- Met by Graduation requirements.

Graduation

- Met by Common Program Prerequisites.

Additional Requirements

- The Modern Languages and Literatures Department offers multiple opportunities to complete the signature experience requirement. Please consult the Undergraduate Advisor for a full listing.

Required Minors

- None

Departmental Exit Requirements

- Earn a grade of "C" (2.0) or higher in at least 36 credit hours of upper division Spanish courses.

- Students are required to satisfactorily complete a departmental exit exam, entirely in Spanish. The exam is offered each September and February and students need the approval of their advisor to take the exam. Students should discuss the optimal test date with their advisor and the Spanish Section Director. Students may take the Spanish Exit Exam up to a maximum of two times. Students are eligible to take the exam after they complete the literature survey sequence and the linguistics requirement. Exceptions must be approved by the student's Spanish advisor and by the Spanish Section Director.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Minor

Asian Studies Minor

College of Arts and Humanities
Department of Modern Languages and Literatures,  
Trevor Colbourn Hall, Room: 358A  
http://www.mll.cah.ucf.edu/

Dr. Marcella A. Farina, marcella.farina@ucf.edu, (407) 823-2472

An interdisciplinary minor in which several UCF departments participate in order to offer students a basic and well-rounded background in the field. Courses are to be selected in consultation with a departmental advisor.

Minor Admission Requirements

- None

Minor Requirements

- None

Prerequisite Courses

- None

Required Courses (3 Credit Hours)

- HUM 3401 - Asian Humanities  
  Credit Hours: 3

Restricted Electives (15 Credit Hours)

Since the total number of hours taken to complete the foreign language proficiency requirement will vary, the total number of elective hours required will vary as well. Please see the Program Director to review your specific circumstances.

No more than two courses (six hours) can be taken under the same prefix.

A list of approved restricted elective courses is found in the myKnight audit

- ANT 3362 - Peoples of Southeast Asia  
  Credit Hours: 3
- ART 3824 - Japanese Manga & Anime  
  Credit Hours: 3
- ASH 4304 - Women in China  
  Credit Hours: 3
- ASH 4324 - History & Culture of South Asia  
  Credit Hours: 3
- ASH 4383 - Imperialism & Decolonization in South Asia  
  Credit Hours: 3
- ASH 4402 - History of Chinese Civilization  
  Credit Hours: 3
- ASH 4404 - Modern China  
  Credit Hours: 3
- ASH 4442 - Modern Japan  
  Credit Hours: 3
- CPO 4514 - Politics of East Asia  
  Credit Hours: 3
- CPO 4541 - Chinese Politics  
  Credit Hours: 3
- CPO 4553 - Politics of Japan  
  Credit Hours: 3
- INR 4224 - Contemporary International Politics of Asia  
  Credit Hours: 3
- INR 4225 - The Vietnam War  
  Credit Hours: 3
- REL 3340 - Buddhism  
  Credit Hours: 3
- REL 3333 - Hinduism  
  Credit Hours: 3
- REL 3123 - Asian Religions in America  
  Credit Hours: 3
- LIT 3833 - Modern Asian Literature  
  Credit Hours: 3
Foreign Language Requirements

- One year or the equivalent proficiency examination (0 - 8 hrs) in Chinese, Japanese or Korean language. A maximum of 8 hours of language credits can be used to fulfill this requirement and towards the minor.

Total Undergraduate Credit Hours Required: 18

Other Requirements

- Students must earn at least a "C" (2.0) in each course used to satisfy the minor.
- At least 12 hours must be earned in upper level credits.
- At least 12 hours used in the minor must be earned at UCF.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study credit cannot be used in the minor without prior approval by the director.
- Requirement for the minor is 18-20 credits.

Department of Philosophy

Chair: Michael Strawser
PSY 220; 407-823-2273
Email: philosophy2@ucf.edu
http://www.philosophy.cah.ucf.edu

Faculty: Beever, Cash, Caspedes, DiBernardo, Fagiano, Favela, Fiore, Flanagan-Feddon, Garbayo, Giannopoulos, Gleig, Green, Janz, Jones, Knight, Kuang, Mundale, Park, Ravela, Schippert, Shrubsole, Stanlick, Strawser, Viau, Zargar; Faculty Emeriti: Congdon, Flick, Kassim

The Department of Philosophy offers a Philosophy major, a Religion and Cultural Studies major, and a Humanities and Cultural Studies major, as well as minors in Philosophy, Humanities and Cultural Studies, Religion and Cultural Studies, and Cognitive Sciences. The Department requires all majors to receive advisement prior to registering each semester. Majors should schedule appointments with their departmental advisor. For any course used to satisfy a requirement (including electives) of the Philosophy major, the Humanities major, and Religious Studies, a grade of "C" or better must have been received.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in this major without prior approval by the chair.
- Students must earn at least a "C" (2.0) in each required course.
- Students should consult with a departmental advisor.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Philosophy Department.
- Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.

• Any upper division HUM course not being used to satisfy any of the above categories can be used here or a related course with approval of Humanities and Cultural Studies adviser.
• A list of approved restricted elective courses is found in the myKnight audit

Capstone Requirements (3 Credit Hours)

• HUM 4933 - Senior Research Seminar  
  Credit Hours: 3

Electives

• Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

• Met by graduation requirement

Graduation

• Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement. Majors who are contemplating graduate school should complete two years of a foreign language, preferably one functional in their area of proposed graduate interest.

Additional Requirements

• Signature Experience requirement is met by successful completion of the following course(s):
• HUM 4933 - Senior Research Seminar  
  Credit Hours: 3

Required Minors

• None

Departmental Exit Requirements

• Departmental Exit Exam in final semester. Exam may be part of HUM 4933 - Senior Research Seminar
• Earn a "C" (2.0) or better in each required course.
• To avoid delaying graduation, you must request a review of requirements prior to registering for your last term.

University Minimum Exit Requirements
- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Honors In Major

- Students considering graduate school in humanities are strongly encouraged to take Honors in the Major. Requirements are as follows:

Core Requirements, Humanities and Cultural Studies, and Capstone (36 Credit Hours)

- Same requirements as for regular majors

Honors Thesis (6 Credit Hours)

- HUM 4903H - Honors Directed Reading I Credit Hours: 3
- HUM 4970H - Undergraduate Honors Thesis Credit Hours: 3

Additional Requirements of Honors in the Major

- Application and admission through the Humanities Honors Coordinator
- Fulfill University requirements for Honors in the Major
- Maintain a UCF GPA of at least 3.2 and a Humanities GPA of at least 3.5
- Successful completion and oral defense of Honors thesis

No more than 2 courses of 3000 or 4000 level courses applied to the B.A. in Humanities and Cultural Studies may be simultaneously applied to fulfill another major.

Earn a "B" (3.0) or better in both of the following:

- HUM 4903H - Honors Directed Reading I Credit Hours: 3
- HUM 4970H - Undergraduate Honors Thesis Credit Hours: 3

Philoosophy (B.A.)

College of Arts and Humanities
Department of Philosophy,
Psychology Building, Room: 220
http://philosophy.cah.ucf.edu/
Email: Philosophy@ucf.edu

Dr. Don Jones, donjones@ucf.edu
Phone: 407-823-2273
The B.A. program in Philosophy aims to provide students with the theoretical skills and knowledge to engage with the complex issues of our time. It centers on the principles of knowledge, responsibility, and society, and it provides students with opportunities to investigate the connections between intellectual pursuits and moral and public virtue.

**Admission Requirements**

- None

**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must earn at least a "C" (2.0) in each required course.
- Co-op or internship credit cannot be used in this major without prior departmental approval.
- Students should consult with a departmental advisor.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Philosophy Department.
- Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.

Psychology Building, Room: 220
http://philosophy.cah.ucf.edu/
Email: philosophy@ucf.edu

Phone: 407-823-2273

Religion and Cultural Studies is a B.A. program designed to familiarize students with religious traditions around the world, from ancient through contemporary cultures, as well as to introduce students to critical theories and methods through which to view and analyze the category of religion and its associated concepts, practices, and meanings in all areas of life. The program emphasizes the academic study of religion and does not privilege any particular tradition or belief.

Religion and Cultural Studies (B.A.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in this major without prior approval by the chair.
- Students must earn at least a "C" (2.0) in each required course.
- Students should consult with a departmental advisor.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Philosophy Department.
- Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.
- No more than 3 courses (i.e. 9 credit hours) of 3000 or 4000 level courses applied to the B.A. in Religion and Cultural Studies may be simultaneously applied to fulfill another major.

### Minor

#### Cognitive Sciences Minor

**College of Arts and Humanities**
Department of Philosophy,
Psychology Building, Room: 220
The cognitive sciences minor provides an interdisciplinary approach to the study of mind, brain, and cognition, broadly construed. It complements the background of students intending to pursue graduate degrees in cognitive sciences, computer science, philosophy, psychology, biology, neuroscience, and medicine, as well as students with more immediate career goals in fields such as neural network modeling, neuroimaging, information technology, clinical or counseling psychology, biotechnology, and others.

**Minor Admission Requirements**

- None

**Minor Requirements**

- None

**Prerequisite Courses**

- Note: It is the student's responsibility to complete satisfactorily all prerequisite courses prior to registering for each course. Students must check the most current catalog before registering, and abide by the prerequisites in effect at that time.

**Required Courses (12 Credit Hours)**

- Foundation Courses
- Select from at least 4 subject areas.

**Neuroscience (3 Credit Hours)**

- PSB 3002 - Physiological Psychology Credit Hours: 3 or
- PSB 4240 - Neuropsychology Credit Hours: 3 or
- ZOO 3744 - Neurobiology Credit Hours: 3

**Philosophy (3 Credit Hours)**

- PHI 3320 - Philosophy of Mind Credit Hours: 3 or
- PHI 3323 - Minds and Machines: Philosophy of Cognitive Science Credit Hours: 3 or
- PHI 3451 - Philosophy of Psychology Credit Hours: 3 or
- PHI 4341 - Ways of Knowing Credit Hours: 3 or
- PHI 4400 - Philosophy of Science Credit Hours: 3 or
- PHI 4935 - Topics in Philosophy of Mind Credit Hours: 3 or
- PHP 4782 - Phenomenology Credit Hours: 3

**Psychology (3 Credit Hours)**

- EXP 3204 - Sensation and Perception Credit Hours: 3 or
- EXP 3604 - Cognitive Psychology Credit Hours: 3 or
- EXP 4507 - Advanced Human Memory and Cognition Credit Hours: 3

**Computer Science and Information Technology (3 Credit Hours)**

- CAP 4453 - Robot Vision Credit Hours: 3 or
- CAP 4630 - Artificial Intelligence Credit Hours: 3 or
- EEL 3552C - Signal Analysis and Analog Communication Credit Hours: 4

**Language and Linguistics (3 Credit Hours)**

- ANT 3610 - Language and Culture Credit Hours: 3 or
- LIN 3010 - Principles of Linguistics Credit Hours: 3 or
- LIN 3716 - Language Development Credit Hours: 3 or
- PHI 4221 - Philosophy of Language Credit Hours: 3 or
- EXP 3640 - Psychology of Language Credit Hours: 3

**Restricted Electives (6 Credit Hours)**
Select two additional courses from either the above Foundation Courses or from the following list.

A list of approved restricted elective courses is found in the myKnight audit.

Select Two: (6 Credit Hours)

- ANT 3541 - Biobehavioral Anthropology Credit Hours: 3
- ANT 3550C - Primatology Credit Hours: 3
- ANT 3610 - Language and Culture Credit Hours: 3
- ANT 4586C - Human Origins Credit Hours: 3
- CAP 4630 - Artificial Intelligence Credit Hours: 3
- CAP 5015 - Multimedia Compression on the Internet Credit Hours: 3
- CAP 5415 - Computer Vision Credit Hours: 3
- CAP 5512 - Evolutionary Computation Credit Hours: 3
- COP 4520 - Concepts of Parallel and Distributed Processing Credit Hours: 3
- EXP 3204 - Sensation and Perception Credit Hours: 3
- MAP 4103 - Mathematical Modeling I Credit Hours: 3
- PHI 2101 - Formal Logic I Credit Hours: 3
- PHI 2108 - Critical Thinking Credit Hours: 3
- PHI 3626 - Advanced Ethics in Science and Technology Credit Hours: 3
- PHI 4321 - Philosophies of Embodiment: Mind/Body/Self Credit Hours: 3
- PHI 4500 - Metaphysics Credit Hours: 3
- PSY 4025 - The Psychology of Art Credit Hours: 3
- PSY 3213C - Research Methods in Psychology Credit Hours: 4

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- A minimum grade of "C" (2.0) is required in all courses used to satisfy the minor.
- 15 hours must be taken at the upper division.
- No more than 9 credit hours may be used both toward credit for a major and the cognitive sciences minor.
- At least 12 hours used in the minor must be earned at UCF.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study requires prior approval from the advisors to be used toward the minor.

Humanities and Cultural Studies Minor

College of Arts and Humanities
Department of Philosophy,
Psychology Building, Room: 220
http://philosophy.cah.ucf.edu/
Email: philosophy@ucf.edu
Phone: 407-823-2273

The Humanities and Cultural Studies minor is a rigorous study of the artistic and intellectual practices and products of human culture in the contemporary world and in the past, across world cultures.

Total Undergraduate Credit Hours Required: 18

Other Requirements

- A "C" (2.0) grade or better is required in all courses used to satisfy the minor.
- At least 15 hours used in the minor must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study credit cannot be used toward the minor.

Philosophy Minor

College of Arts and Humanities
Department of Philosophy,
Psychology Building, Room: 220
http://philosophy.cah.ucf.edu/
Email: philosophy@ucf.edu

407-823-2273

The Philosophy minor is intended to provide a limited, yet substantive, introduction to philosophical themes related to knowledge, responsibility, and society. Students, in
consultation with a departmental advisor, will select courses in accordance with the distributions listed below.

Minor Admission Requirements

- None

Minor Requirements

- None

Prerequisite Courses

- None

Required Courses (15 Credit Hours)

- Select one course from each of the following groups:

Reasoning

Select One: (3 Credit Hours)

- PHI 2011 - Philosophical Reasoning Credit Hours: 3
- PHI 2101 - Formal Logic I Credit Hours: 3
- PHI 2647 - Logic and Ethics Credit Hours: 3
- PHI 3131 - Formal Logic II Credit Hours: 3
- PHI 2108 - Critical Thinking Credit Hours: 3

History of Philosophy

Select One: (3 Credit Hours)

- PHH 3100 - Ancient Philosophy Credit Hours: 3
- PHH 3200 - Medieval Philosophy Credit Hours: 3
- PHH 3460 - Modern Western Philosophy Credit Hours: 3
- PHH 3600 - Contemporary Philosophy Credit Hours: 3

Values and Society

Select One: (3 Credit Hours)

- PHI 3670 - Ethical Theory Credit Hours: 3
- PHI 3626 - Advanced Ethics in Science and Technology Credit Hours: 3
- PHM 3401 - Philosophy of Law Credit Hours: 3
- PHI 3800 - Aesthetics Credit Hours: 3
- PHM 3123 - Feminist Theories Credit Hours: 3
- PHI 3638 - Ethical Issues in the 21st Century Credit Hours: 3
- PHI 3625 - Virtual Ethics Credit Hours: 3
- PHI 4633 - Ethics and Biological Science Credit Hours: 3
- PHM 3100 - Freedom and Justice Credit Hours: 3
- PHI 3640 - Environmental Ethics Credit Hours: 3
- PHM 4031 - Environmental Philosophy Credit Hours: 3
- PHH 3701 - Native American Philosophy Credit Hours: 3
- PHH 3600 - Contemporary Philosophy Credit Hours: 3
- PHI 3673 - Medical Ethics Credit Hours: 3

Being and Knowing

Select One: (3 Credit Hours)

- PHI 4500 - Metaphysics Credit Hours: 3
- PHI 4341 - Ways of Knowing Credit Hours: 3
- PHI 4300 - Theories of Knowledge Credit Hours: 3
- PHI 3700 - Philosophy of Religion Credit Hours: 3
- PHI 4400 - Philosophy of Science Credit Hours: 3
- PHI 3320 - Philosophy of Mind Credit Hours: 3
- PHI 3451 - Philosophy of Psychology Credit Hours: 3
- PHI 4420 - Philosophy of Social Science Credit Hours: 3
- PHI 3323 - Minds and Machines: Philosophy of Cognitive Science Credit Hours: 3

- PHI 4321 - Philosophies of Embodiment: Mind/Body/Self Credit Hours: 3
- PHI 3033 - Philosophy, Religion, and the Environment Credit Hours: 3
- PHI 4804 - Critical Theory Credit Hours: 3
- PHP 3783 - Modernity as a Philosophical Problem Credit Hours: 3
- PHI 3750 - The Problem of Evil Credit Hours: 3
- PHI 3720 - Faith and Reason Credit Hours: 3
- PHI 3803 - Philosophy and Creativity Credit Hours: 3
- REL 3111 - Religion and Philosophy Through Film Credit Hours: 3
- PHP 3786 - Existentialism Credit Hours: 3
- PHP 4933 - Key Concepts in Philosophy Credit Hours: 3
- PHP 4931 - Key Figures in Philosophy Credit Hours: 3

Restricted Electives (3 Credit Hours)

- Select one additional course from any of the courses listed above.
- Note: Appropriate Special Topics in Philosophy may be substituted for some core courses with prior approval by departmental advisor.
- A list of approved restricted elective courses is found in the myKnight audit.

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- A grade of "C" (2.0) or better is required in all courses used to satisfy the minor.
- At least 15 hours used in the minor must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study credit cannot be used toward the minor without approval by the Chair.
- Any substitutions must be approved by the department prior to being taken.

Religion and Cultural Studies Minor

College of Arts and Humanities
Department of Philosophy,
Psychology Building, Room: 220
http://philosophy.cah.ucf.edu/
Email: philosophy@ucf.edu
407-823-2273

Religion and Cultural Studies is a minor designed to familiarize students with religious traditions around the world, from ancient through contemporary cultures, as well as to introduce students to critical theories and methods through which to view and analyze the category of religion and its associated concepts, practices, and meanings in all areas of life. The program emphasizes the academic study of religion, and does not privilege any particular tradition or belief. This program can be completed online, although not every course in each category is offered as an online course.

- Internship, Co-op, or Independent Study credit cannot be used toward the minor without prior approval by the Director.

Department of Writing and Rhetoric

Chair: Stephanie Vie
Trevor Colbourn Hall, 165-A; 407-823-2295
Email: writingandrhetoric@ucf.edu
http://writingandrhetoric.cah.ucf.edu/

The Department of Writing and Rhetoric oversees the First-Year Composition Program and offers certificate and degree programs for the focused study of writing and rhetoric, including professional digital and civic writing, the teaching of writing, and the history and theory of rhetoric, composition, and literacy. Courses in our two undergraduate and two graduate programs emphasize, in particular, writing as civic engagement and writing with technologies. The department's primary mission is to promote sustained writing opportunities across the university, the foundation for which we provide in first-year composition but which we also achieve through the efforts of the University Writing Center and Writing Across the Curriculum Program. The department celebrates student writing in Stylus, a journal for first-year writing, and the annual Knights Write Showcase.

Major

Writing and Rhetoric (B.A.)

College of Arts and Humanities
Department of Writing and Rhetoric,
Trevor Colbourn Hall, Room: 165A
http://writingandrhetoric.cah.ucf.edu/
Email: writingandrhetoric@ucf.edu

Dr. Laurie A. Pinkert, Director, Laurie.Pinkert@ucf.edu, 407-823-1057
Adele Richardson, Program Advisor, Adele@ucf.edu, 407-823-0349
Dr. Marcy Galbreath, Program Advisor, Marcy.Galbreath@ucf.edu, 407-823-0745

The Bachelor of Arts degree in Writing and Rhetoric provides students with in-depth training in the interrelated fields of writing, rhetoric, and literacy studies, preparing them for a range of writing-focused jobs that involve the analysis, creation, editing, adaptation, and/or coordination of written, digital, and multimedia texts.

Admission Requirements

- Students transferring with an AA or AS degree or who have completed their general education courses in composition elsewhere are strongly recommended to enroll in ENC 3314 - Writing and Rhetoric Foundations as an advanced core requirement course in their first semester at UCF.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must earn at least a "C+" (2.25) in each required course.
- Students should consult with a departmental advisor.
• Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Writing and Rhetoric Department.
• Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.
• Students must earn a minimum 2.5 GPA in coursework used to satisfy the major.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)
• ENC 1101 - Composition I Credit Hours: 3 (Required)
• ENC 1102 - Composition II Credit Hours: 3 (Required)
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural and Historical Foundations (9 Credit Hours)
• PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)
• Select one course from Cultural & Historical Foundation, Area 1 Credit Hours: 3
• Select one course from Cultural & Historical Foundation, Area 2 Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)
• AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (Preferred)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

Core Requirements: Basic Level (9 Credit Hours)
Students should take ENG 3836, ENC 3331 and ENC 3502 as early in the program as possible. ENG 3836 must be taken prior to a Writing Practicum experience.

• ENC 3331 - Rhetoric and Civic Engagement Credit Hours: 3
• ENC 3502 - Researching Writing and Literacy Credit Hours: 3
• ENG 3836 - Professional Lives and Literacy Practices Credit Hours: 3

Core Requirements: Advanced Level (6 Credit Hours)

Extending Theories and Histories of Writing, Rhetoric, and Literacy
Students must take at least 6 hours from this category. Students should work with a departmental academic advisor to select courses that support the students' intended career or post-graduation path.

• ENC 3314 - Writing and Rhetoric Foundations Credit Hours: 3
• ENC 3330 - Rhetorical Traditions Credit Hours: 3
• ENC 3373 - Cultural Rhetorics Credit Hours: 3
• ENC 3417 - Literacy and Technology Credit Hours: 3
• ENC 3503 - Topics in Writing & Literacy Studies Credit Hours: 3
• ENC 3521 - Writing Across Difference Credit Hours: 3
• ENC 4374 - Gendered Rhetorics Credit Hours: 3
• ENC 4434 - Visual and Material Rhetorics Credit Hours: 3
• ENC 4504 - Contemporary Composition Theory Credit Hours: 3

Restricted Electives (18 Credit Hours)
A list of approved restricted elective courses is found in the myKnight audit.

Applications of Writing and Rhetoric (9 Credit Hours)

- Students must take at least 9 hours of courses from the Civic and Cultural Writing and Rhetoric and Professional and Digital Writing clusters; these 9 hours can come from either or both clusters. Students should work with a departmental academic advisor to select courses that support the students' intended career or post-graduation path.

Civic and Cultural Writing and Rhetoric

- ENC 3311 - Essay as Cultural Commentary Credit Hours: 3
- ENC 3315 - Argumentative Writing Credit Hours: 3
- ENC 3372 - Topics in Civic Rhetoric and Writing Credit Hours: 3
- ENC 3375 - Rhetoric in Popular Culture Credit Hours: 3
- ENC 4353 - Writing for Social Change Credit Hours: 3
- ENC 4354 - Writing with Communities and Nonprofits Credit Hours: 3
- ENC 4378 - Writing in Global and Transnational Contexts Credit Hours: 3
- ENC 4523 - Writing and Identity Credit Hours: 3

Professional and Digital Writing

- ENC 3250 - Professional Writing Credit Hours: 3
- ENC 3351 - Writing for Publication Credit Hours: 3
- ENC 3433 - Multimedia Writing and Composition Credit Hours: 3
- ENC 3453 - Writing About Health and Medicine Credit Hours: 3
- ENC 3454 - Topics in Professional and Digital Writing Credit Hours: 3
- ENC 3455 - Writing about Science and Technology Credit Hours: 3
- ENC 4212 - Professional Editing Credit Hours: 3
- ENC 4416 - Writing in Digital Environments Credit Hours: 3
- ENG 3833 - Marketing Your Writing Credit Hours: 3
- LIN 3673 - Rhetorical Grammar Credit Hours: 3

Writing Practicums (3 Credit Hours)

Choose one of the following courses.

- ENC 3473 - Writing in Disciplinary Cultures Credit Hours: VAR
- ENC 4275 - Theory and Practice of Tutoring Writing Credit Hours: 3
- ENC 4944 - Writing Internship Credit Hours: 3

Advised Electives (6 Credit Hours)

- Choose from any DWR 3000 or 4000 level courses not otherwise used to satisfy major requirements, and/or consult with advisor for approved upper-level, writing-intensive courses in another department.

Capstone Requirements (3 Credit Hours)

- ENC 4379 - Writing and Rhetoric Capstone Credit Hours: 3
- ENC 4950 - Writing ePortfolio Credit Hours: 0

Electives

- Select primarily from DWR upper-level courses after meeting with a departmental advisor. Courses may be outside of the department.

Foreign Language Requirements

Admissions

- Met by graduation requirement.

Graduation
Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement. Majors who are contemplating graduate school should complete two years of a foreign language.

Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - ENC 4379 - Writing and Rhetoric Capstone
  Credit Hours: 3

Required Minors

- Students must complete a minor, certificate, or approved program of study (at least 18 hours minimum). A minor and/or certificate from the Department of Writing and Rhetoric cannot be used to satisfy this requirement.
- Can be a UCF minor or an interdisciplinary set of courses tailored to the student's professional goals and approved by a program advisor.
- No more than 6 hours can overlap with courses used to satisfy the major.

Departmental Exit Requirements

- Students must complete an electronic writing portfolio (e-portfolio) that meets program requirements. This e-portfolio will be developed throughout the course of the students' work in the major. Students must also enroll in ENC 4950 - Writing ePortfolio during their final semester; their e-portfolio will be approved in this course for program-level graduation requirements.
- Maintain and achieve a minimum GPA of 2.5 in all courses used towards the major.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Application and admission through the Writing and Rhetoric Degree Programs Office and the Burnett Honors College.
- Fulfill University requirements for Honors in the Major.
- Successful completion and oral defense of Honors thesis.

Junior Year - Spring (16 Credit Hours)
The Minor in Writing and Rhetoric will provide students with the in-depth study and practice of writing and rhetoric. The curriculum emphasizes civic, professional, and digital writing.

**Minor Admission Requirements**

**Transfer Notes**
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. Students must provide all supporting information.

**Minor Requirements**
- Students should work with a department academic advisor to select courses that support the students' intended career or post-graduation path.
- Students cannot earn both the Minor in Writing and Rhetoric and the Certificate in Public and Professional Writing.

**Prerequisite Courses**
- None

**Required Courses (3 Credit Hours)**
Students should take this core course as early in the program as possible.
- ENC 3314 - Writing and Rhetoric Foundations
  Credit Hours: 3

**Restricted Electives (15 Credit Hours)**

**Theories and Histories of Writing, Rhetoric, and Literacy (3 Credit Hours)**
Students must take at least one course from the following:
- ENC 3330 - Rhetorical Traditions
  Credit Hours: 3
- ENC 3373 - Cultural Rhetorics
  Credit Hours: 3
- ENC 3417 - Literacy and Technology
  Credit Hours: 3
- ENC 3503 - Topics in Writing & Literacy Studies  
  **Credit Hours:** 3
- ENC 3521 - Writing Across Difference  
  **Credit Hours:** 3
- ENC 4374 - Gendered Rhetorics  
  **Credit Hours:** 3
- ENC 4434 - Visual and Material Rhetorics  
  **Credit Hours:** 3
- ENC 4504 - Contemporary Composition Theory  
  **Credit Hours:** 3

**Applications of Writing and Rhetoric (6 Credit Hours)**

- Students must take at least two courses from the following two groups. Students can take one course from each group or two courses from one of the groups.

**Civic and Cultural Rhetoric and Writing**

- ENC 3311 - Essay as Cultural Commentary  
  **Credit Hours:** 3
- ENC 3315 - Argumentative Writing  
  **Credit Hours:** 3
- ENC 3372 - Topics in Civic Rhetoric and Writing

- ENC 4212 - Professional Editing  
  **Credit Hours:** 3
- ENC 4416 - Writing in Digital Environments  
  **Credit Hours:** 3
- ENC 4275 - Theory and Practice of Tutoring Writing  
  **Credit Hours:** 3
- ENG 3833 - Marketing Your Writing  
  **Credit Hours:** 3
- LIN 3673 - Rhetorical Grammar  
  **Credit Hours:** 3

**Additional Restricted Electives (6 Credit Hours)**

- Students must take at least 6 hours from the following:
- Any DWR 3000 or 4000 level courses not otherwise used to satisfy minor requirement.
- Approved 3000 or 4000 level writing-intensive courses. See program director or advisor for list of approved courses.
- A list of approved restricted elective courses is found in the myKnight audit.

**Foreign Language Requirements**

- None

**Total Undergraduate Credit Hours Required:** 18

**Other Requirements**

- Students must earn a minimum 2.5 GPA in coursework used to satisfy the minor.
- A grade of "C+" (2.25) or better is required in each course used to satisfy the minor.
- At least 12 hours used to satisfy the minor must be taken from the Department of Writing and Rhetoric at UCF.
Certificate

Public and Professional Writing Certificate

College of Arts and Humanities
Department of Writing and Rhetoric,
Trevor Colbourn Hall, Room: 165A
http://writingandrhetoric.cah.ucf.edu/

Dr. Laurie A. Pinkert, Program Director,
Laurie.Pinkert@ucf.edu, 407-823-1057
Adele Richardson, Program Advisor, adele@ucf.edu, 407-823-0349
Dr. Marcy Galbreath, Program Advisor,
Marcy.Galbreath@ucf.edu, 407-823-0745

The Certificate in Public and Professional Writing will provide students with additional training and experience in workplace and public (i.e., civic, community-based) writing.

Certificate Admission Requirements

Transfer Notes

- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. Students must provide all appropriate documentation.

Certificate Requirements

- Students should work with a department academic advisor to select courses that support the students' intended career or post-graduation path.
- Students cannot earn both the Certificate in Public and Professional Writing and the Minor in Writing and Rhetoric.

Prerequisite Courses

- None

Required Courses (6 Credit Hours)

Restricted Electives (6 Credit Hours)

- Students must take any two 3000-4000 level courses taught by the department not restricted to the major or used to satisfy another requirement.
- A list of approved restricted elective courses is found in the myKnight audit.

Foreign Language Requirements

- None

Total Undergraduate Credit Hours

Required: 12

Other Requirements

- Students must earn a minimum 2.5 GPA in all coursework used to satisfy the certificate.
- A grade of "C+" (2.25) or better is required in each course used to satisfy the certificate.
- At least 6 hours used to satisfy the certificate must be taken from the Department of Writing and Rhetoric at UCF.

School of Performing Arts

Director: Michael Wainstein

Music:
Faculty: Anderson, Ayers, Brodie, Bjella, Brunner, Burtzos, Danielsson, Drexler, Fred, Garcia, Gay, Gennaro, Harrison, Hunt, Hsu, Hwang, Jensen, Kizer, Koons, Lieser, Lubaroff, Marosi, Miller, Moore, Park, Potter, Rupert, Scharron, Schreier, Stephenson, Thornton, Warfield, Weremchuk, Winter, Yonetani; Faculty Emeriti: Pickering, Whisler, Wolf

The Music unit offers a Bachelor of Music degree with options in performance, jazz studies, and composition; a Bachelor of Arts Degree in music; and a Bachelor of Music Education Degree with specializations in instrumental, choral and elementary school music. The Music Education programs are approved by the Florida State Department of Education. Students who desire to be certified to teach in elementary and secondary schools should major in Music Education. Courses leading to teacher certification are offered cooperatively with the College of Community Innovation and Education. The Music Department is fully accredited by the National Association of Schools of Music. Music organizations on campus include Pi Kappa Lambda, Phi Mu Alpha, Sigma Alpha Iota, Tau Beta Sigma, Kappa Kappa Psi, Student Chapters of MENC and ACDA, and Music Student Advisory Council.

Theatre:

PAC T210A; 407-823-2862
Email: theatre@ucf.edu
http://www.theatre.cah.ucf.edu/

Faculty: Boyd, Brotherton, J. Brown, T. Brown, Chicurel-Stein, Heil, Helsingar, Horn, Lartonoix, Listengarten, Lynch, McDonald, Niess, Reed, Scott, Shafer, Siegfried, Snyder, St. Claire, Tan, Tollefson, Wainstein, Weaver, Weishar, White, Wood; Professor Emeriti: Seay, Smith

The Theatre unit seeks to develop theatre artists of the highest quality by providing a select number of students with the training, education, and experiences necessary for the successful pursuit of professional careers in theatre arts and the entertainment industries. In support of this mission and the liberal arts goals of the College of Arts and Humanities, the department seeks to provide its students with the knowledge and skills necessary to live full, rewarding and productive lives. Offering undergraduate Bachelor of Arts and the Bachelor of Fine Arts degrees, as well as graduate Masters of Arts and Master of Fine Arts degrees, the Department of Theatre undertakes to develop and graduate theatre artists who are sensitive, aware human beings. Through its public performance programs, the department endeavors to serve as a cultural resource for the University, the community and the Central Florida region. Striving to provide its students with a competitive edge, the department employs a faculty and staff of artists/teachers who work intensely with students in the classroom and in production. To supplement this education and training, professional guest artists are brought to the campus to work in production and in the classroom. Before graduation, BFA students are required to complete a professional theatre internship and MFA students are required to complete a professional residency, thus providing them with a unique and invaluable introduction to the real world of professional theatre. Internships are optional for BA students. In all its endeavors, the Department of Theatre strives to create and maintain a professional environment necessary for the continued growth and development of its students, faculty, and staff.

Major

Music (B.A.)

College of Arts and Humanities
Department of Music,
Performing Arts Center, Room: M203
http://music.cah.ucf.edu
Email: ucfmusic@ucf.edu

Kirk Gay, kirk.gay@ucf.edu, 407-823-5968

Admission Requirements

- Each student must complete an audition that demonstrates satisfactory performance proficiency.
- The audition will serve as a placement examination for accepted candidates

Degree Requirements

- Prior to attending the first music class as a music major at UCF, all students must take a keyboard placement examination to determine the appropriate level of class piano. Go to https://music.cah.ucf.edu/ to see the class piano requirements.
- Students who change degree programs and select this major must adopt the most current catalog.
• Departmental Residency Requirement; at least 25 hours must be taken from the UCF Music department
• Each student must complete a faculty approved capstone project.
• Co-op or internship credit cannot be used in this major
• Students should consult with a departmental advisor for course selections
• Courses designated in General Education Program are usually spread over the full four years
• Courses designated in Common Program Prerequisites are usually completed in the first 60 hours
• A cumulative minimum GPA of 3.00 based upon all courses required in the major as well as all courses taken in music is required. Failure to maintain this standard may result in program probation or dismissal. Please refer to the SPA Student Handbook (http://performingarts.cah.ucf.edu/music/resources) for details on program standards.

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)
• MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
• MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
• You may substitute a higher level math with appropriate scores on the Math Placement Exam

Statistics - Computers: (3 Credit Hours)
• Select a course from Mathematical Foundation, Area 2 list Credit Hours: 3

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (28 Credit Hours)

See "Common Prerequisites“ in the Transfer and Transitions Services section for more information.

Core Requirements: Basic Level (6 Credit Hours)
• MUS 1010 - Music Forum Credit Hours: 0 1
  1 (4 semesters)
• MUS 2360C - Introduction to Music Technology Credit Hours: 3
• MUH 3633 - Music in the United States Credit Hours: 3
• MUL 2720 - Music of the World Credit Hours: 3 (GEP)

Core Requirements: Advanced Level (3 Credit Hours)
• MUH 3211 - Music History and Literature I Credit Hours: 3
• MUH 3212 - Music History and Literature II Credit Hours: 3 (GEP)

Restricted Electives (33 Credit Hours)

Restricted Electives-Music (15 Credit Hours)
• Choose from any MUX 3XXX or 4XXX (No more than 6 of these credits can be taken as MUN courses.)
• Choose one MUT 3XXX or MUT 4XXX course Credit Hours: 3

Restricted Electives-Non-Music (18 Credit Hours)
• Select, with the approval of the Academic Advisor, primarily from upper-level courses that form a coherent progression within a single or two related departments. The completion of a minor is strongly encouraged.

Capstone Requirements
• MUS 4900 - Music BA Capstone Project Credit Hours: 3

Electives
• Select primarily from upper-level courses

Foreign Language Requirements

Admissions
• Two years of foreign language in high school or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation
• Proficiency equivalent to two semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement.

Additional Requirements
• Signature Experience requirement is met by successful completion of the following course(s):
  MUS 4900 - Music BA Capstone Project Credit Hours: 3

Required Minors
• None

Departmental Exit Requirements
• Earn a grade of "C" (2.0) or better in each Music course

University Minimum Exit Requirements
• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at [http://research.honors.ucf.edu/honors-in-the-Major](http://research.honors.ucf.edu/honors-in-the-Major).

Dr. Kelly Miller, Kelly.Miller@ucf.edu, 407-823-4545

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://music.cah.ucf.edu/musiceducation.php.

Admission Requirements

Admission Requirements - Music Education

- Audition. To be accepted in to Music Education, a student must demonstrate advanced proficiency
by performing compositions representing a variety of musical periods (baroque, classical, romantic, contemporary).

- Memorization is required for pianists and vocalists.
- Accompanists are provided for vocalists only.
- Each candidate must bring his/her own audition music.
- The department will only provide large instruments such as a tuba, string, bass, or timpani for these auditions.
- The audition will serve as a placement exam for accepted candidates.
- Refer to the UCF Music Department website for specific audition requirements.
- Prior to attending the first music class as a music major at UCF, all students will take a keyboard placement examination to determine the appropriate level of class piano.
- Interview. In addition to a performance audition, students must successfully complete an interview with Music Education faculty.

To be accepted into the Music Education Professional Program students must:

- Demonstrate proficiency with aural skills (including the ability to match pitch with the voice) and communication skills (including the ability to write and speak effectively).
- Complete MVK 2122, MUT 2127, and two semesters of Performance II.

Notes:

- (1) Students may not enroll in Performance III or Professional Program courses unless all requirements for admission are satisfied.
- (2) Students who change degree programs and select this major must adopt the most current catalog.
- (3) Common program prerequisites are subject to revision based on changes Section 1004.04, Florida Statutes, Public Accountability and State Approval for Teacher Preparation Programs, and State Board of Education Rule 6A-5.5.066, Approval of Pre-service Teacher Preparation Programs.
- (4) This Music Education B.M.E. program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://music.cah.ucf.edu/musiceducation.php.

Degree Requirements

- A cumulative minimum GPA of 3.00 based upon all courses required in the major as well as all courses taken in music is required. Failure to maintain this standard may result in program probation or dismissal. Please refer to the SPA Student Handbook (http://performingarts.cah.ucf.edu/music/resources) for details on program standards.

Electives

- None

Foreign Language Requirements

Admissions

- Two years of foreign language in high school or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

Admission to Internship I will be granted to students who meet the following requirements:

- Have on file passing scores on all 4 parts of the Florida Teacher Certification General Knowledge Test (no alternatives or waivers will be accepted).
- Possess minimum overall GPA of 2.5
- Possess minimum specialization GPA of 2.5
- Achieve a "C" or better in all prerequisite methods/specialization courses
- Complete a formal application for Internship I online (Deadlines: February 15 for fall semester and September 15 for spring semester).
- Current enrollment in or completion of Performance III (first semester).
- Completion of Music Education prerequisites and Education Core Requirements.
- Completion of 30 semester hours of General Education and Common Program courses.
- Completion of all Specialty Area courses except Secondary Methods II (MUE 433X) and Music Internship II (MUE 4943).
- Possess minimum professional preparation GPA of 2.5.
- Internship I: Students are assigned to a school with certified Supervising Teachers under the direction of a University Coordinator. During the semester, students spend two full days per week...
(Tuesday and Thursday) in assigned schools with half the time in an Elementary setting and half in a Secondary school setting. Students are expected to provide their own transportation to assigned locations.

Admission to Internship II will be granted to students who meet the following requirements:

- Completion of all admission requirements for Internship I (see above).
- Completion of Performance III and any associated recital (students may not perform a recital during Internship II).
- Completion of all music methods and techniques courses.
- Completion of all General Education and Common Program courses.
- Internship II: Students are assigned to a school with certified Supervising Teachers under the direction of a University Coordinator five days a week for the entire semester, normally during the student's last semester. Students are permitted to enroll in other classes only with the consent of the departmental advisor. Students are expected to provide their own transportation to assigned locations.

Special Non-Course Requirements

- Note: Contact the Music Education Advisor for details.
- Students should register to take the General Knowledge Test of the Florida Teaching Certification Examination (FTCE) before the third semester of enrollment at UCF. (See http://www.fl.nesinc.com/ for test information).
- Electronic Portfolio (MUE 4791). Students will develop an electronic portfolio while enrolled in upper division education courses and Internship II (MUE 4943). The portfolio requires demonstration of professional growth, reflection, and proficiency in the 12 Florida Educator Accomplished Practices. Consult with the Music Education Advisor for specific information regarding portfolio construction.

Ensemble Participation

- Selected from University Chorus, Women’s Chorus, Symphony Orchestra, Concert Band, and Wind Ensemble. Four hours of Jazz Lab or one hour of Marching Band may be used to fulfill Major Ensemble requirements.
- Students whose primary instrument is a wind instrument must audition for Wind Ensemble whenever it is offered.
- Ensemble assignment is by the Ensemble directors in consultation with the applied faculty.
- Transfer students must take Major Ensemble during each of their remaining semesters, except when enrolled in Internship II.
- Native UCF students must take each Major Ensemble credit in separate semesters.
- Students enrolled in a Performance course must concurrently enrolled in an appropriate major ensemble if accepted.

Recitals

- Students must complete a faculty-approved public recital fulfilled by MUS 3953. Recitals are normally performed while concurrently enrolled in the second semester of Performance III.

Music Education Forums

- Attendance at all Music Education Forums (except during Internship I and II) is expected

Public School Partnerships

- Students are expected to be in K-12 schools each semester. Prior to internship experiences, students are expected to observe, assist, and teach in variety of grade levels and settings (e.g., urban, suburban, general, choral, instrumental). Students are expected to maintain a record of and reflections on all field experiences as this will be required for the Music Education Proficiency Examination.

Signature Experience

- Signature Experience requirement is met by successful completion of the following course(s):
  - MUE 3942 - Music Internship I Credit Hours: 3
Required Minors

- None

Departmental Exit Requirements

- Have on file passing scores for the General Knowledge, Professional Education, and Subject Area subtests of the Florida Teacher Certification Examination. (See for specific test information)
- A minimum GPA of 2.5 is required in all courses within the major.
- A grade of "C" (2.0) or better in each performance and music education course.
- Departmental Residency Requirement: at least 25 hours must be taken from the UCF Music Department. In addition, music education students must complete their last two semesters of required performance, recital, and Internship II while attending UCF.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 134

Additional Information

Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor.
  More information about Honors in the Major can be found at

Related Programs

- Music (B.A.)
- Theatre Studies (B.A.)

Certificates

- Florida Teaching Certification: Music K-12

Related Minors

- Music Minor
- Theatre Minor

Advising Notes

- Consult with the music education advisor for course selection

Transfer Notes

- Students transferring to UCF must pass an audition and interview in order to be accepted into the music education program (See Admissions Requirements above).
- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- NOTE: Education majors are required to take six hours (in addition to EDF 2085) that have an international or diversity focus. While native UCF students complete this requirement as part of the GEP, transfer students must take appropriate courses that have been so designated by their previous institution.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts
Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $45 per term
- Full-Time Student: $90 per term

Plan of Study

- Take General Knowledge Test after spring semester of Freshman Year.
- Apply for Professional Program after spring semester of Sophomore year.
- Take PET and Music Examination of FTCE after fall semester of Senior year.
- As indicated in the Plan of Study, all 3 remaining GEP classes will be taken during the summer semester of the Senior year.

Program A - Instrumental Program K-12

Freshman Year - Fall (17 Credit Hours)

Music, Jazz Studies
Track (B.M.)

College of Arts and Humanities
Department of Music,
Performing Arts Center - Music, Room: M203
http://music.cah.ucf.edu
Email: musicaud@ucf.edu

J. Rupert, JeffRupert@ucf.edu, 407-823-5411
Kirk Gay, Kirk.Gay@ucf.edu, 407-823-5968

Admission Requirements

Audition Requirements for Admission

- Acceptance into the Department of Music is conditional upon completion of a successful audition. Go to http://music.cah.ucf.edu/admissions.php to learn more about specific audition requirements and recommended repertoire for each instrument and voice.
- The audition will serve as a placement examination for accepted candidates.

Professional Sequence Entrance Review

- During the fourth semester of applied study, each student will be required to pass the Professional Sequence Entrance Review, which will include:
  - An evaluation of performance skills
  - Completion of Performance I and II
  - Completion of MUS 2360C
  - Completion of MUT 2127 - Music Theory and Musicianship IV
  - Completion of Class Piano IV
  - Completion of Jazz Theory I & II
  - Overall GPA of at least 2.5, and a GPA for all music courses of at least 3.0
  - This review is a pre-requisite for Performance level III.

Degree Requirements

- Prior to attending the first class as a music major at UCF, all students must take a keyboard placement examination to determine the appropriate level of class piano. Go to http://music.ucf.edu/ to see the class piano requirements.
- Students who change degree programs and select this major must adopt the most current catalog.
- At least 65 hours of credit must be earned in music courses.
- Departmental Residency Requirement; at least 30 hours must be taken from the UCF Music department.
- Performance students must present two faculty-approved public recitals.
- Students should consult with a departmental advisor for course selection.
- Courses designated in General Education Program are usually completed throughout four years of study.
- Students must complete a faculty-approved Senior BM web portfolio.
- A cumulative minimum GPA of 3.00 based upon all courses required in the major as well as all courses taken in music is required. Failure to maintain this standard may result in program probation or dismissal. Please refer to the SPA Student Handbook (http://performingarts.cah.ucf.edu/music/resources) for details on program standards.

General Education Program (GEP)
(36 Credit Hours)

- (See General Education program for detailed information)

Communication Foundations (9 Credit Hours)

- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Take all of the following: (6 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required) and
- ENC 1102 - Composition II Credit Hours: 3 (Required)
Cultural & Historical Foundations (9 Credit Hours)

- MUL 2016 - Evolution of Jazz Credit Hours: 3 (Required)
- Select one course from Cultural & Historical Foundation, Area 1 list Credit Hours: 3
- MUL 2720 - Music of the World Credit Hours: 3 (Required)

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
  or
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
  or
- You may substitute a higher level math with appropriate scores on the Math Placement Exam.

Statistics - Computers: (3 Credit Hours)

- Select a course from Mathematical Foundation, Area 2 list Credit Hours: 3

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (24 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- MUT 1121 - Music Theory and Musicianship I Credit Hours: 4
- MUT 1122 - Music Theory and Musicianship II Credit Hours: 4
- MUT 2126 - Music Theory and Musicianship III Credit Hours: 4
- MUT 2127 - Music Theory and Musicianship IV Credit Hours: 4
- MUN 3713 - Jazz Ensemble Credit Hours: 1
  1 Four semesters for total 4 hrs
- MVK 1111 - Class Piano I Credit Hours: 1
- MVK 1112 - Class Piano II Credit Hours: 1
- MVK 2121 - Class Piano III Credit Hours: 1
- MVK 2122 - Class Piano IV Credit Hours: 1

Core Requirements: Basic Level (6 Credit Hours)

- MUS 2360C - Introduction to Music Technology Credit Hours: 3
- MUS 1010 - Music Forum Credit Hours: 0
  1 Eight semesters
- MUL 2016 - Evolution of Jazz Credit Hours: 3 (GEP)
- MUL 2720 - Music of the World Credit Hours: 3 (GEP)
- MUH 3633 - Music in the United States Credit Hours: 3

Core Requirements: Advanced Level (54 Credit Hours)

- MUT 3170 - Jazz Theory I Credit Hours: 3
- MUT 3171 - Jazz Theory II Credit Hours: 3
- MUT 3923 - Jazz Workshop Credit Hours: 3
  1 Four semesters for total 12 hrs
- MUS 4320 - Music Business and Industry Credit Hours: 3
- MUH 4814 - Jazz Styles and Analysis Credit Hours: 3
- MUS 3953 - Recital Performance I Credit Hours: 0
- MUS 4954 - Recital Performance II Credit Hours: 0

Select One: (3 Credit Hours)

- MUH 3211 - Music History and Literature I Credit Hours: 3
- MUH 3212 - Music History and Literature II Credit Hours: 3

Specialty Requirements (Choose one): (27 Credit Hours)
All courses are taken for two semesters each except restricted elective courses.

**Trumpet**
- MVB 1411 - Trumpet I Credit Hours: 2
- MVB 2421 - Trumpet II Credit Hours: 2
- MVB 3431 - Trumpet III Credit Hours: 3
- MVB 4441 - Trumpet IV Credit Hours: 4
- Restricted Electives Credit Hours: 5

**Trombone**
- MVB 1413 - Trombone I Credit Hours: 2
- MVB 2423 - Trombone II Credit Hours: 2
- MVB 3433 - Trombone III Credit Hours: 3
- MVB 4443 - Trombone IV Credit Hours: 4
- Restricted Electives Credit Hours: 5

**Saxophone**
- MVW 1415 - Saxophone I Credit Hours: 2
- MVW 2425 - Saxophone II Credit Hours: 2
- MVW 3435 - Saxophone III Credit Hours: 3
- MVW 4445 - Saxophone IV Credit Hours: 4
- Restricted Electives Credit Hours: 5

**Jazz Piano**
- MVJ 1010 - Jazz Piano I Credit Hours: 2
- MVJ 2220 - Jazz Piano II Credit Hours: 2
- MVJ 3230 - Jazz Piano III Credit Hours: 3
- MVJ 4240 - Jazz Piano IV Credit Hours: 4
- MVK 1211 - Secondary Piano Credit Hours: 1
- Restricted Electives Credit Hours: 3

**Jazz Bass**
- MVJ 1214 - Jazz Bass I Credit Hours: 2
- MVJ 2224 - Jazz Bass II Credit Hours: 2
- MVJ 3234 - Jazz Bass III Credit Hours: 3
- MVJ 4244 - Jazz Bass IV Credit Hours: 4
- MVS 1216 - Secondary Bass Credit Hours: 1
- Restricted Electives Credit Hours: 3

**Jazz Drum Set**
- MVJ 1219 - Jazz Drum Set I Credit Hours: 2
- MVJ 2229 - Jazz Drum Set II Credit Hours: 2
- MVJ 3339 - Jazz Drum Set III Credit Hours: 3
- MVJ 4349 - Jazz Drum Set IV Credit Hours: 4
- MVP 1211 - Secondary Percussion Credit Hours: 1
- Restricted Electives Credit Hours: 3

**Restricted Electives**
- Any upper-level performance course not in area of major instrument or Any MUC, MUE, MUG, MUH, MUL, MUM, MUN, MUO, MUS, MUT, MVX courses numbered 3000 or higher.

**Capstone Requirements**
- None

**Electives**
- Select primarily from upper level courses. May be outside of the department.

**Foreign Language Requirements**

**Admissions**
- Two years of foreign language in high school or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

**Graduation**
- None
Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - MUS 4954 - Recital Performance II Credit Hours: 0

Required Minors

- None

Departmental Exit Requirements

- Earn a grade of "C" (2.0) or better in each Music course

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Music, Music Composition Track (B.M.)

College of Arts and Humanities
Department of Music,
Performing Art Center - Music, Room: M203
http://music.cah.ucf.edu/
Email: musicaud@ucf.edu

Kirk Gay, kirk.gay@ucf.edu, 407-823-5968

Admission Requirements

Audition Requirements for Admission

- Acceptance into the Department of Music is conditional upon completion of a successful audition. Go to http://www.music.ucf.edu/admissionsauditions.php to learn more about specific audition requirements and recommended repertoire for each instrument and voice.
- The audition will serve as a placement examination for accepted candidates

Professional Sequence Entrance Review

- Prospective composition students must audition for and be accepted for either the BA in Music, the BME degree or the Bachelor of Music in Performance or Jazz Studies for their first two years of study. Students will normally be considered for acceptance into the Bachelor of Music in Composition in the fourth semester of study at UCF. Students will be accepted based on the Professional Sequence Entrance Review. Students will be required to pass this evaluation before entering Level III Composition.

This review will include:

- Approval of composition portfolio
- Completion of Composition I and II
- Completion of Performance I and II
- Completion of MUS 2360C
- Completion of MUT 2127 - Music Theory and Musicianship IV
- Completion of Class Piano IV
- Overall GPA of at least 2.5, and a GPA for all music courses of at least 3.0.
- This review is a pre-requisite for Composition level III.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- At least 65 hours of credit must be earned in music courses.
- Departmental Residency Requirement; at least 30 hours must be taken from the UCF Music department.
- Composition students must present one faculty-approved public recital.
- Students should consult with a departmental advisor for course selection.
- Courses designated in General Education Program are usually completed throughout four years of study.
- Students must complete a faculty-approved Senior BM web portfolio.
- A cumulative minimum GPA of 3.00 based upon all courses required in the major as well as all courses taken in music is required. Failure to maintain this standard may result in program probation or dismissal. Please refer to the SPA Student Handbook (http://performingarts.cah.ucf.edu/music/resources) for details on program standards.

General Education Program (GEP) (36 Credit Hours)

- (see General Education program for detailed information)
Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

- MUH 3212 - Music History and Literature II Credit Hours: 3
- Select one course from Cultural & Historical Foundation, Area 1 list Credit Hours: 3
- MUL 2720 - Music of the World Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
- You may substitute a higher level math with appropriate scores on the Math Placement Exam.

Statistics - Computers: (3 Credit Hours)

- Select a course from Mathematical Foundation, Area 2 list Credit Hours: 3

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (32 Credit Hours)

Core Requirements: Basic Level (20 Credit Hours)

- MUH 3633 - Music in the United States Credit Hours: 3
- MUS 2360C - Introduction to Music Technology Credit Hours: 3
- MUC 1101C - Composition I Credit Hours: 2
- MUC 2104C - Composition II Credit Hours: 2
- MUS 1010 - Music Forum Credit Hours: 0
- MUL 2720 - Music of the World Credit Hours: 3 (GEP)
- MUG 3104 - Basic Conducting Credit Hours: 2
- MUH 3211 - Music History and Literature I Credit Hours: 3
- MUH 3212 - Music History and Literature II Credit Hours: 3 (GEP)
- MUT 4571 - Analysis of Twentieth-Century Music Credit Hours: 3
- MUN XXXX - Major Ensembles (Piano students take MUN 3453; guitar students take MUN 3483) Credit Hours: 2

Core Requirements: Advanced Level (23 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- MUT 1121 - Music Theory and Musicianship I Credit Hours: 4
- MUT 1122 - Music Theory and Musicianship II Credit Hours: 4

- MVK 2121 - Class Piano III Credit Hours: 1
- MVK 2122 - Class Piano IV Credit Hours: 1
- MUN XXXX - Major Ensemble (four semesters) Piano students take MUN 3453; guitar students take MUN 3483 Credit Hours: 4
- MVX 141X - Performance I (two semesters) Credit Hours: 4
- MVX 242X - Performance II (two semesters) Credit Hours: 4
Professional Sequence Requirements:

- **MUC 3105C - Composition III** 
  Credit Hours: 3 
  \(^1\) Two semesters for total 6 hrs

- **MUC 4106C - Composition IV**  
  Credit Hours: 4 
  \(^2\) Two semesters for total 8 hrs

- **MUT 4401 - Counterpoint**  
  Credit Hours: 3

- **MUT 4311 - Orchestration**  
  Credit Hours: 3

- **MUC 4950 - Composition Recital**  
  Credit Hours: 0

- One course selected from 
  MUC/MUH/MUS/MUT, 3000 level or above  
  Credit Hours: 3

Restricted Electives (9 Credit Hours)

- Any upper-level performance course not in area of major instrument, or

- Any MUC, MUE, MUG, MUL, MUM, MUN, MUO, MUS, MUT, MVX courses numbered 3000 or higher.

Special Non-Course Requirements:

**Major Ensemble Participation**

- Selected from University Chorus, Women's Chorus, Symphony Orchestra, Concert Band, Wind Ensemble, and Marching Band. Four hours of Jazz Ensemble may be used as Major Ensemble credit.
- Ensemble assignment is by the Ensemble Directors.
- Students must take Major Ensemble during each semester at UCF.
- Students taking a course in Performance must concurrently take a major ensemble appropriate to their principal instrument or voice.

**Minor Ensemble Participation**

- If Minor Ensemble is taken at UCF, the semester hours of credit must be spread over at least two separate semesters.
- If Minor Ensemble credits are transferred to UCF, each remaining credit must be taken in a separate semester.

- Minor Ensembles include: Brass, Percussion, Piano, Madrigal Singers, Women's Chorus, Opera Workshop, Woodwind, Jazz Ensemble, Jazz Combo, and Early Music Ensemble

Capstone Requirements

- None

Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

- Two years of foreign language in high school or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

Signature Experience requirement is met by successful completion of the following course(s):

- **MUC 4950 - Composition Recital**  
  Credit Hours: 0

Required Minors

- None

Departmental Exit Requirements

- Earn a grade of "C" (2.0) or better in each Music course.
University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Major Ensemble Participation

Selected from University Chorus, Women's Chorus, Symphony Orchestra, Concert Band, Wind Ensemble, and Marching Band. Four hours of Jazz Ensemble may be used as Major Ensemble credit.

Ensemble assignment is by the Ensemble directors.

Students must take Major Ensemble during each semester at UCF.

Students taking a course in Performance must concurrently take a major ensemble appropriate to their principal instrument or voice.

Minor Ensemble Participation

If Minor Ensemble is taken at UCF, the semester hours of credit must be spread over at least two separate semesters.

If Minor Ensemble credits are transferred to UCF, each remaining credit must be taken in a separate semester.

Minor Ensembles include: Brass, Percussion, Piano, Madrigal Singers, Women's Chorus, Opera Workshop, Woodwind, Jazz Ensemble, Jazz Combo, and Early Music Ensemble.

Signature Experience

Signature Experience requirement is met by successful completion of the following course(s):

MUS 4954 - Recital Performance II Credit Hours: 0

Departmental Exit Requirements

Earn a grade of "C" (2.0) or better in each Music course.

University Minimum Exit Requirements

A 2.0 UCF GPA

48 semester hours of upper division credit completed

60 semester hours earned after CLEP awarded

30 of the last 39 hours of course work must be completed in residency at UCF.

A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at http://research.honors.ucf.edu/honors-in-the-Major.

The Bachelor of Arts Degree is designed to offer a thorough foundation in theatre while providing flexibility and opportunity for interdisciplinary study with a required minor. The strength of this program is in the opportunity to combine theatre training with the secondary area of study to create career opportunities in theatre and the entertainment industry. Students find direct career paths and a boost in the job market through the combination of...
major and minor. Students are open to selecting any minor or second major offered within the University. Upon graduation, students choose to enter the job market or pursue advanced education with a skill set unique to their goals.

Admission Requirements

- The departmental faculty evaluates, via an interview, students who desire to become BA majors. For complete information visit [http://www.theatre.ucf.edu](http://www.theatre.ucf.edu).
- All students must submit three letters of recommendation, a resume, and transcripts of previous college work at the time of interview.
- Departmental scholarship applications are due by April 15 for returning students and are available on our department website. Scholarship applications for incoming students are available on our department website and are due at your interview appointment. Scholarship decisions are typically finalized in August prior to the Fall semester. Applications remain active for one year.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students are required to complete a minor to graduate.
- Students who complete a double major fulfill the minor requirement automatically.
- Theatre grades of less than "C" (2.0) will not satisfy the major requirements or count towards total theatre credits.
- Students in this major must earn a "C" (2.0) or better or an "S" in each theatre course and maintain a 3.0 GPA for all courses required in the major and all courses taken in theatre; must not receive a negative evaluation in a regularly scheduled program review; and must not exhibit chronic unprofessional behavior. Failure to meet these standards will result in probation and/or dismissal from the program. Refer to the SPA Undergraduate Student Handbook - Theatre ([http://www.performingarts.cah.ucf.edu/theatre/resources](http://www.performingarts.cah.ucf.edu/theatre/resources)) for details on program standards.
- Students must consult with a departmental advisor each semester before registering. Students who do not consult with their department advisor will be placed on departmental probation which causes him/her to be ineligible for casting or other production positions. Repeated failure to consult with a department advisor may lead to release from the program.
- Departmental Residency Requirement consists of at least 30 semester hours of courses taken from the UCF Theatre Department.
- All BA Theatre Studies students must register for three semesters of Theatre Participation in addition to the Technical Theatre Production Lab. One Participation credit must be as part of a run crew. One Participation credit must be as part of a Front of House crew. The third required Participation credit can be in either performance, shop assignments, run crews or Front of House.
- All Theatre majors who participate in production work must be registered for the appropriate Theatre Participation course in the term in which they are participating. Students need not take additional hours to satisfy practicum requirements. Once students have completed their production participation requirements, they may register for a "0" credit participation course to meet departmental registration requirements. Students may use additional participation credits as electives.
- Students must follow the most recent department and school student handbooks which are available on the department website at [http://www.performingarts.cah.ucf.edu/theatre/resources](http://www.performingarts.cah.ucf.edu/theatre/resources).
- The department will accept one credit of Theatre Participation coursework for students transferring into the program. Any additional transfer participation credits will count toward electives.
- Courses designated in General Education Program are usually completed in the first 90 hours.
- Courses designated in Common Program Prerequisites are usually completed in the first 60 hours.
- Co-op credit cannot be used in this major.

General Education Program (GEP)
(36 Credit Hours)

Communication Foundations (9 Credit Hours)
Cultural & Historical Foundations (9 Credit Hours)

Restricted Electives (13 Credit Hours)

- Any THE, TPA, TPP, DAA, or DAN course taught by the Theatre Department, except THE 3006, and not already applied toward a program requirement. Independent Study, Undergraduate Research and Honors in the Major courses taught by the Department of Theatre can also be used as
electives. Exceptions must be approved in advance by the Theatre Department Undergraduate Coordinator. Courses with these prefixes not taught by the Department of Theatre cannot be used in this program.

Capstone Requirements

- None

Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

- Met by graduation requirement

Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement.

Additional Requirements

- The Theatre Department offers multiple opportunities to complete the signature experience requirement. Please consult the Undergraduate Advisor for a full listing.

Required Minors

- Theater Studies BA students must complete a minor of at least 18 hours. See selected discipline for Minor requirements, information, and changes. University upper division credit hour requirements must be met. Students are discouraged from taking excess hours and should consider total credit hours required when selecting a minor. When no official minor is offered, students may complete an 18-credit-hour area of concentration when pre-approved by the Undergraduate Coordinator.

Departmental Exit Requirements

- Earn a grade of "C" (2.0) or better in each Theatre course.
- Maintain a "B" (3.0) Theatre GPA or better.
- Write an Exit Critique of a UCF-affiliated production and pass each section evaluated the semester prior to final semester of theatre classes.
- Complete an Exit Survey and Exit Interview/Audit Check the semester prior to final semester of theatre classes.
- Minimum of 30 theatre credits must be completed in residency at UCF.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours

Required: 120

Additional Information

Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at http://research.honors.ucf.edu/honors-in-the-Major.

Theatre, Acting Track (B.F.A.)

College of Arts and Humanities
Department of Theatre,
Performing Arts Center, Room: T210A
http://theatre.cah.ucf.edu/
Email: theatre@ucf.edu

Be Boyd Coordinator, Belinda.Boyd@ucf.edu
Phone: 407-823-2862

The Bachelor of Fine Arts track in Acting is offered for students who, upon graduation, plan to pursue a specialized performance career in Acting. It provides the student with a thorough foundation in theatre complemented by very structured and intensive career preparation in all areas of acting. Class work is augmented with practical production experiences. Drawing upon the teachings of Stanislavski-based methodologies, as well as other successful practical acting techniques, the professional acting program offers an organic approach to performance training. The program begins with a focus on the fundamentals of acting: development of imagination, self-awareness, improvisation, voice production/diction and movement. During the first two years, the student also receives training in script analysis, singing and dance. The training then moves to an emphasis on characterization, character development and studio training/scene study. This practical study, drawn from the total range of dramatic literature, provides the student with performance experiences ranging from the classical to the contemporary, including verse and musical theatre. The program culminates with a professional internship where students are able to apply their education in a real world work environment. While most students choose to enter the work force following graduation, the BFA is an excellent degree for students interested in pursuing graduate studies in theatre. Work within the BFA program requires energy and dedication; therefore, other
part-time study or outside employment is very challenging. BFA standards are high, both for admission and for continuation in the program.

Admission Requirements

- The departmental faculty evaluates students desiring to become BFA majors via auditions and interviews. This should be completed the academic year prior to attending UCF. For complete information visit the audition site online at http://www.theatre.ucf.edu. All BFA students are accepted on a "Provisional" basis their first year. Faculty will evaluate their work and decide whether or not the student may continue the program at the end of the first year.
- The Acting plan of study requires a Fall start for proper course sequencing. Students are not accepted to begin theatre courses in the Spring or Summer semesters.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog. Students must follow the most recent department, internship and school student handbooks which are available at http://www.performingarts.cah.ucf.edu/theatre/resources.
- Students in this major must earn a "C" (2.0) or better or an "S" in each music or theatre course and maintain a 3.0 GPA for all courses required in the major and all courses taken in theatre; must not receive a negative evaluation in a regularly scheduled program review; and must not exhibit chronic unprofessional behavior. Failure to meet these standards will result in probation and/or dismissal from the program. Refer to the SPA Undergraduate Student Handbook-Theatre (http://www.performingarts.cah.ucf.edu/theatre/resources) for details on program standards.
- Departmental Residency Requirement consists of 60 semester hours of courses taken from the UCF Theatre Department.
- All BFA Acting majors are required to audition for all Fall and Spring productions and must accept the roles assigned. Students must be registered for the appropriate Theatre Participation course in the term in which they participate. Students need not take additional hours to satisfy practicum requirements. Once students have completed their production participation requirements, they may register for a "0" credit participation course to meet departmental registration requirements if they choose. Students may use additional participation credits as electives.
- The department will accept one credit of Theatre Participation coursework for students transferring into the program. Any additional transfer participation credits will count towards electives.
- Internships are subject to departmental approval and may not be fulfilled through participating on a UCF theatre production.
- Courses designated Common Program Prerequisites are usually completed in the first 60 hours.
- Courses designated General Education Program are taken throughout all four years.
- Co-op cannot be used in this major.

Restricted Electives (6 Credit Hours)

Any THE, TPA, TPP, DAA, or DAN course taught by the Theatre Department, except THE 3006, and not already applied toward a program requirement. Independent Study, Undergraduate Research, and Honors in the Major courses taught by the Department of Theatre can also be used as electives. Exceptions must be approved by the Theatre Department Undergraduate Coordinator in advance. Courses with these prefixes not taught by the Department of Theatre cannot be used in this program.

Capstone Requirements

- None

Electives

- Variable

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - TPP 4940L - Theatre Internship  
    Credit Hours: 6

Required Minors

- None

Departmental Exit Requirements

- Earn a grade of "C" (2.0) or better in each Theatre course
- Maintain a Theatre GPA of "B" (3.0) or better
- Complete an Exit Survey, Exit Interview and Audit Check the semester prior to final semester of theatre classes.
- Complete 93 theatre credits in addition to the GEP for a total of 129. Courses that count in the GEP cannot also count towards total theatre credits.
- Minimum of 60 theatre credits must be completed in residency at UCF.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 129

Additional Information

Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can
be found at

Advising Notes

- Students must consult with a departmental advisor every semester before registration. Students who do not consult with their department advisor will be placed on departmental probation. Repeated failure to consult with a department advisor may lead to release from the program.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
  http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Transfer Notes

- Due to its conservatory nature, the BFA demands a closely integrated four-year curriculum. Although the program is not designated for transfer students, transfer students may audition and may be admitted, but they should consult with the Department Undergraduate Coordinator to evaluate their transfer credits and to estimate the length of their program of study. We encourage any student wishing to transfer to complete the General Education Program and the Common Program Prerequisites before transferring within the Florida College System or State University System.

- Courses taken at Florida College System institutions may substitute for select upper division courses with permission of the department, although they will not count as upper division credits. University minimum upper division credit requirements must still be met.

- Transfer students will be required to meet the departmental theatre participation requirement through participation on UCF productions.

- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses

- THE 2305 - Script Analysis for Theatre Credit Hours: 3 May use any introductory Theatre Play or Script Analysis class. Script Analysis for Film cannot substitute.
- TPA 2200 - Introduction to Technical Theatre Credit Hours: 2 May be substituted with any introductory Stagecraft course.
- TPA 2200L - Intro to Technical Theatre Lab Credit Hours: 1 May be substituted with any introductory Stagecraft course.
- TPP 3310C - Directing for Theatre I Credit Hours: 3 May be substituted with TPP 2300 or any introductory Theatre Directing Course. Directing for Film cannot substitute.
- TPP 2110C - Acting I – Introduction Credit Hours: 3 May be substituted with any introductory acting for theatre course.

The Bachelor of Fine Arts track in Design and Technology is offered for students who, upon graduation, plan to pursue a specialized career in professional theatre. It provides the student with a thorough foundation in theatre complemented by very structured and intensive career preparation in all areas of design and technology. Students can expect to work along side faculty as design or technical assistants in their first two years and will be given the opportunity for technical leadership opportunities including, prop master, master electrician, first hand, draper, scenic artist, master carpenter, technical director, etc. Those who qualify and wish to pursue design areas can be offered design positions within the production season. The curriculum requires students to become proficient in design and technology related to scenery, costumes, lighting and sound through specified course work. Students then select one or two areas of specialization where their production assignments will focus in their junior and senior years, thus giving each student practical experience as they build their professional portfolios. The program culminates with a professional internship where students are able to apply their education in a real world work environment. While most students choose to enter the workforce following graduation, the BFA is an excellent degree for students who are interested in pursuing graduate studies in theatre. Work within the BFA program requires energy and dedication; therefore, other part-time study or outside employment is very challenging. BFA standards are high, both for admission and for continuation in the program. Production assignments are regulated to serve the artistic growth of students thus coordinating production experience with classroom exploration.

Admission Requirements

- The departmental faculty evaluates students desiring to become BFA Design and Technology majors via portfolio reviews and interviews. This should be completed the academic year prior to attending UCF. For complete information visit the audition site online at http://www.theatre.ucf.edu. Theatre, Musical Theatre Track (B.F.A.)

College of Arts and Humanities
Department of Theatre, Performing Arts Center, Room: 210A
http://theatre.cah.ucf.edu/

Earl Weaver, earl.weaver@ucf.edu
Phone: 407-823-5158

The Bachelor of Fine Arts track in Musical Theatre is offered for students who, upon graduation, plan to pursue a specialized performance career on the musical theatre stage. It provides the student with a thorough foundation in theatre complemented by very structured and intensive career preparation in all areas of musical theatre. The Musical Theatre B.F.A. program offers a sequence of courses in acting, movement, voice, dance, music theory, and piano. Classwork is augmented with practical production experiences. Drawing upon a variety of acting, dance, and voice methodologies, the professional musical theatre performance program offers an organic approach to musical theatre performance training. The first two years focus on the fundamentals of music theory, piano, acting, ballet, jazz, and musical theatre voice, with an emphasis on the development of artist's instrument. During the junior and senior years, emphasis is placed on studio training, musical theatre scene study, and musical theatre repertoire. The program culminates with a professional internship where students are able to apply their education in a real world work environment. While most students choose to enter the work force following graduation, the BFA is an excellent degree for students interested in pursuing graduate studies in theatre. Work within the BFA program requires energy and dedication; therefore, other part-time study or outside employment is very challenging. BFA standards are high, both for admission and for continuation in the program.

Admission Requirements

- The departmental faculty evaluates students desiring to become BFA majors via auditions and interviews. This should be completed the academic year prior to attending UCF. For complete information visit the audition site online at http://www.theatre.ucf.edu. All BFA students are accepted on a “Provisional” basis their first year. Faculty will evaluate their work and decide whether or not the student may continue the program at the end of the first year.

- The Musical Theatre plan of study requires a Fall start for proper course sequencing. Students are not accepted to begin theatre courses in the Spring or Summer semesters.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog. Students must follow the most recent department, internship and school student handbooks which are available on the department website at http://www.performingarts.cah.ucf.edu/theatre/resources.

- Students in this major must earn a "C" (2.0) or better or an "S" in each theatre course and maintain a 3.0 GPA for all courses required in the major and all courses taken in theatre; must not receive a negative evaluation in a regularly scheduled program review; and must not exhibit chronic unprofessional behavior. Failure to meet these standards will result in probation and/or dismissal from the program. Refer to the SPA Undergraduate Student Handbook - Theatre
Departmental Residency Requirement consists of 60 semester hours of courses taken from the UCF Theatre Department.

All BFA Musical Theatre majors are required to audition for all Fall and Spring productions and must accept the roles assigned. Students must be registered for the appropriate Theatre Participation course in the term in which they participate. Students need not take additional hours to satisfy practicum requirements. Once students have completed their production participation requirements, they may register for a "0" credit participation course to meet departmental registration requirements if they choose. Students may use additional participation credits as electives.

The department will accept one credit of Theatre Participation coursework for students transferring into the program. Any additional transfer participation credits will count toward electives.

Internships are subject to departmental approval and may not be fulfilled through participating on a UCF theatre production.

Courses designated Common Program Prerequisites are usually completed in the first 60 hours.

Courses designated General Education Program are taken throughout all four years.

Co-op cannot be used in this major.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

- THE 2000 - Theatre Survey Credit Hours: 3 (Required)
  This course is only taught during the fall semesters for the BFA students.

- Select one course from Cultural & Historical Foundation, Area 1 list Credit Hours: 3

- Select one course from Cultural & Historical Foundation, Area 1 or Cultural & Historical Foundation, Area 2 list Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

Restricted Electives
- Any THE, TPA, TPP, DAA, or DAN course taught by the Theatre Department and not already applied toward a program requirement. Independent Study, Undergraduate Research and Honors in the Major courses taught by the Department of Theatre can also be used as electives. Exceptions must be approved in advance by the Theatre Department Undergraduate Coordinator. Courses with these prefixes not taught by the Department of Theatre cannot be used in this program.

Capstone Requirements
- None

Electives
- (variable)

Foreign Language Requirements

Admissions
- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.
Graduation

- None

Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - TPP 4940L - Theatre Internship Credit Hours: 6

Required Minors

- None

Departmental Exit Requirements

- Earn a grade of "C" (2.0) or better in each Theatre course
- Maintain a Theatre GPA of "B" (3.0) or better
- Complete an Exit Survey, Exit Interview, and Audit Check the semester prior to final semester of theatre classes
- Minimum of 60 theatre credits must be completed in residency at UCF
- Complete 93 theatre credits in addition to the GEP for a total of 129. Courses that count in the GEP cannot also count towards total theatre credits.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 129

Additional Information

Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at http://research.honors.ucf.edu/honors-in-the-Major.

Related Programs

- Film (B.F.A.)
- Music (B.A.)
- Theatre Studies (B.A.)

Certificates

- None

Related Minors

- Film, Cinema Studies Minor
- Theatre Minor
- Dance Minor

Advising Notes

- Students must consult with a departmental advisor every semester before registration. Students who do not consult with their department advisor will be placed on departmental probation. Repeated failure to consult with a department advisor may lead to release from the program.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees
Part-Time Student: $45 per term
Full-Time Student: $90 per term

Transfer Notes

- Due to its conservatory nature, the BFA demands a closely integrated four-year curriculum. Although the program is not designed for transfer students, transfer students may audition and may be admitted, but they should consult with the Department Undergraduate Coordinator to evaluate their transfer credits and to estimate the length of their program of study. We encourage any student wishing to transfer to complete the General Education Program and the Common Program Prerequisites before transferring within the Florida College System or State University System.
- Courses taken at Florida College System institutions may substitute for select upper division courses with permission of the department, although they will not count as upper division credits. University minimum upper division credit requirement must still be met.
- Transfer students will be required to meet the departmental theatre participation requirement through participation on UCF productions.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses

Acceptable Substitutes for common program prerequisites if taken prior to transferring to UCF:

- THE 2305 - Script Analysis for Theatre Credit Hours: 3 May use any introductory Theatre Play or Script Analysis class. Script Analysis for Film cannot substitute.
- TPA 2200 - Introduction to Technical Theatre Credit Hours: 2 May be substituted with any introductory Stagecraft Course. Lab will still need to be taken.
- TPP 3310C - Directing for Theatre I Credit Hours: 3 May be substituted with TPP 2300 or any introductory Theatre Directing course. Directing for Film cannot substitute.
- TPP 2110C - Acting I – Introduction Credit Hours: 3 May be substituted with any introductory acting for theatre course.

Theatre, Stage Management Track (B.F.A.)

College of Arts and Humanities
Department of Theatre,
Performing Arts Center, Room: T210A
http://theatre.cah.ucf.edu/
Email: theatre@ucf.edu

Claudia Lynch, Coordinator, claudia.lynch@ucf.edu, 407-823-2862

The Bachelor of Fine Arts track in Stage Management is offered for students who, upon graduation, plan to pursue a specialized career as a Manager in the entertainment industry including Broadway, Regional Theatre, Touring, Special Events, etc. It provides the student with a thorough foundation in theatre complemented by very structured and intensive career preparation in both the art and the craft of theatrical stage management. Students spend the first year of the curriculum working within the structure of the laboratory classes to gain a thorough understanding of the structure, process, and craft skills. Within the first four semesters, those who qualify receive an assignment on a Stage Management team. The student Stage Managers work with the Faculty Directors to manage the rehearsal through performance process of all Department Productions. Stage Managers also have opportunities to work directly with our partner theatres within Orlando (ex.
The Orlando Repertory Theatre) as part of the curriculum thus giving each student practical experience as they build their professional portfolios. The curriculum requires students to become proficient in design, technology, and theatre management through specified coursework. In their advanced course work, student Stage Managers receive a thorough introduction to the collective bargaining agreements within Actor's Equity Association. The program culminates with a professional internship where students are able to apply their education in a real world work environment. While most students choose to enter the workforce following graduation, the BFA is an excellent degree for students who are interested in pursuing graduate studies in all areas of theatre. Work within the BFA program requires energy and dedication; therefore, other part-time study or outside employment is very challenging. BFA standards are high, both for admission and for continuation in the program. Production assignments are regulated to serve the artistic growth of students thus coordinating production experience with class room exploration.

Admission Requirements

- The departmental faculty evaluates students desiring to become BFA Stage Management majors via portfolio reviews and interviews. This should be completed the academic year prior to attending UCF. For complete information visit the audition site online at http://www.theatre.ucf.edu. All BFA students are accepted on a "Provisional" basis their first year. Faculty will evaluate their work and decide whether or not the student may continue the program at the end of the first year.
- The Stage Management plan of study requires a Fall start for proper course sequencing. Students are not accepted to begin theatre courses in the Spring or Summer semesters.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog. Students must follow the most recent department, internship and school student handbooks which are available at http://www.performingarts.cah.ucf.edu/theatre/resources.
- Students in this major must earn a "C" (2.0) or better or an "S" in each music or theatre course and maintain a 3.0 GPA for all courses required in the major and all courses taken in theatre; must not receive a negative evaluation in a regularly scheduled program review; and must not exhibit chronic unprofessional behavior. Failure to meet these standards will result in probation and/or dismissal from the program. Refer to the SPA Undergraduate Student Handbook- Theatre (http://www.performingarts.cah.ucf.edu/theatre/resources) for details on program standards.
- Departmental Residency Requirement consists of 60 semester hours of courses taken from the UCF Theatre Department.
- All BFA Stage Management majors are required to participate in Fall and Spring productions and must accept the production positions as assigned. Students must be registered for the appropriate Theatre Participation course in the term in which they participate. Students need not take additional hours to satisfy practicum requirements. Once students have completed their production participation requirements, they may register for a "0" credit participation course to meet departmental registration requirements if they choose. Acceptable substitutes for common program prerequisites if taken prior to transferring to UCF:

• THE 2305 - Script Analysis for Theatre Credit Hours: 3
  May use any introductory Theatre Play or Script Analysis class. Script Analysis for Film cannot substitute. Stage Management students are encouraged to take this course at UCF.
• TPA 2200 - Introduction to Technical Theatre Credit Hours: 2
  May be substituted with any introductory Stagecraft course. TPA 2200L will still need to be taken at UCF.
• TPP 3310C - Directing for Theatre I Credit Hours: 3
  May be substituted with TPP 2300 or any introductory Theatre Directing Course. Directing for Film cannot substitute.
• TPP 2110C - Acting I – Introduction Credit Hours: 3
  May be substituted with any introductory acting for theatre course.

Plan of Study

Freshman Year - Fall (16 Credit Hours)

• THE 2000 - Theatre Survey Credit Hours: 3
  This course is only taught in Fall semesters for the BFA students
• TPA 2210 - Stagecraft I Credit Hours: 3
• TPA 2210L - Stagecraft I Lab Credit Hours: 1
• TPP 2110C - Acting I – Introduction Credit Hours: 3
• TPA 2220C - Stage Electronics Credit Hours: 3
• TPA 2600 - Stage Management: Introduction Credit Hours: 3
• TPA 1990 - BFA Review I Credit Hours: 0

Freshman Year - Spring (15 Credit Hours)

• THE 2000 - Theatre Survey Credit Hours: 3
• TPA 4250C - CADD for Theatre **Credit Hours: 2**
• TPA 2211L - Stagecraft II Lab **Credit Hours: 1**
• THE 2305 - Script Analysis for Theatre **Credit Hours: 3**
• TPA 3601 - Stage Management: Techniques **Credit Hours: 3**
• SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3**
• TPA 2991 - BFA Review II **Credit Hours: 0**

Select One:

• TPA 2211 - Stagecraft II **Credit Hours: 3**
• TPA 2232C - Costume Construction **Credit Hours: 3**

**Freshman Year - Summer (6 Credit Hours)**

• TPA 3195L - Summer Theatre Studio/Tech/Design I **Credit Hours: 3**
• TPA 3197L - Summer Theatre Studio/Tech/Design II **Credit Hours: 3**

**Sophomore Year - Fall (16 Credit Hours)**

• TPA 2000C - Theatre Design Basics **Credit Hours: 3**
• THE 3311 - Theatre History and Dramatic Literature I **Credit Hours: 3**
• TPA 2290L - Theatre Participation-Production I **Credit Hours: 1**
• TPP 3103 - Intermediate Acting **Credit Hours: 3**
• ENC 1101 - Composition I **Credit Hours: 3**
• GEP **Credit Hours: 3**

Select One:

• TPA 3060C - Scenic Design for Theatre I **Credit Hours: 3**
• TPA 3045C - Costume Design for Theatre I **Credit Hours: 3**

**Sophomore Year - Spring (16 Credit Hours)**

• THE 3312 - Theatre History and Dramatic Literature II **Credit Hours: 3**
• TPA 4602 - Stage Management: Applications **Credit Hours: 3**
• THE 2925L - Theatre Participation - Management I **Credit Hours: 1**
• ARH 2051 - History of Western Art II **Credit Hours: 3**
• MUT 1004 - Fundamentals of Music I **Credit Hours: 3**
• ENC 1102 - Composition II **Credit Hours: 3**
• TPA 3992 - BFA Review III **Credit Hours: 0**

Junior Year - Fall (16 Credit Hours)

• THE 3313 - Theatre History and Dramatic Literature III **Credit Hours: 3**
• TPA 4298L - Theatre Participation-Production II **Credit Hours: 1**
• TPA 4604 - Stage Management: Professional Practice **Credit Hours: 3**
• General Education **Credit Hours: 3**
• General Education **Credit Hours: 3**

Select One:

• TPA 3060C - Scenic Design for Theatre I **Credit Hours: 3**
• TPA 3045C - Costume Design for Theatre I **Credit Hours: 3**

**Junior Year - Spring (12 Credit Hours)**

• TPA 4401C - Theatre Careers in Production **Credit Hours: 3**
• Dance/Movement Course **Credit Hours: 2**
• General Education **Credit Hours: 3**
• TPA 4298L - Theatre Participation-Production II **Credit Hours: 1**
• TPA 3995 - Preliminary Portfolio Review **Credit Hours: 0**

Select One:

• TPA 3223C - Lighting Design for Theatre I **Credit Hours: 3**
• TPA 3265C - Sound Design for Theatre I **Credit Hours: 3**

**Junior Year - Summer (6 Credit Hours)**

• TPP 4940L - Theatre Internship **Credit Hours: 6**

**Senior Year - Fall (13 Credit Hours)**

• TPA 4400 - Theatre Management **Credit Hours: 3**
• TPP 3310C - Directing for Theatre I **Credit Hours: 3**
• TPA 4298L - Theatre Participation-Production II **Credit Hours: 1**
• Theatre Elective **Credit Hours: 3**
• THE 4954 - Theatre Exit Critique **Credit Hours: 0**
• Departmental Audit Check
Senior Year - Spring (13 Credit Hours)

- TPA 4900 - Capstone Portfolio Review Credit Hours: 0
- TPA 4298L - Theatre Participation-Production II Credit Hours: 1
- Theatre Elective Credit Hours: 3
- Theatre Elective Credit Hours: 3
- General Education Credit Hours: 3
- General Education Credit Hours: 3

Minor

Dance Minor

College of Arts and Humanities
Department of Theatre,
Performing Arts Center, Room: T210A

- DAA 3004L - Dance Studio Credit Hours: 1
- DAA 3508C - Jazz Dance III Credit Hours: 2
- DAA 3905 - Directed Study Credit Hours: 1
- DAA 4912 - Directed Independent Research Credit Hours: 1

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- Earn a grade of "C" (2.0) or better in all courses used to satisfy the minor.
- Student must consult dance advisor every semester. Students who do not consult with their dance advisor will be placed on departmental probation for one semester which causes him/her to be ineligible for casting or other production positions. Repeated failure to consult with a department advisor will lead to release from the program.
- At least 14 hours used in the minor must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.
- A minimum of 3 different dance styles must be completed in the minor.

Music Minor

College of Arts and Humanities
Department of Music,
Minor Admission Requirements

- None

Minor Requirements

- None

Prerequisite Courses

- None

Required Courses (10 Credit Hours)

- MUT 1004 - Fundamentals of Music I Credit Hours: 3
- MUT 1121 - Music Theory and Musicianship I Credit Hours: 4

Select One: (3 Credit Hours)

- MUL 2010 - Enjoyment of Music Credit Hours: 3
- MUL 2016 - Evolution of Jazz Credit Hours: 3
- MUL 2720 - Music of the World Credit Hours: 3
- MUH 2017 - Survey of Rock Music Credit Hours: 3
- MUH 2019 - American Popular Music, 1840s-present Credit Hours: 3

Restricted Electives (9 Credit Hours)

- Restricted electives must be taken from the School of Performing Arts at UCF and must include 3 hours minimum at the 3000 or 4000 level.

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 19

Other Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) are not accepted.
- At least 9 hours used in the minor must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study credit cannot be used toward the minor.

Performing Arts Administration Minor

College of Arts and Humanities
Department of Music,
Performing Arts Center, Room: M203
http://music.cah.ucf.edu/

Phone: 407-823-2758

Music & Theatre majors or other majors with experience/passion for the performing arts, admitted by an interview/portfolio review.

Minor Admission Requirements (6 Credit Hours)

Take one of the following courses: (3 Credit Hours)

- MUL 2010 - Enjoyment of Music Credit Hours: 3
- MUL 2014 - Introduction to Music History and Literature Credit Hours: 3

Take one of the following courses: (3 Credit Hours)

- THE 2000 - Theatre Survey Credit Hours: 3
- THE 2020 - Survey of Theatre for Majors Credit Hours: 3

Minor Requirements

- None
Prerequisite Courses

- None

Required Courses (15 Credit Hours)

The internship will be a capstone experience taking an average of ten hours per week. Students are responsible for securing an internship position, which may be paid or unpaid, on- or off-campus, with qualifying performing arts organization. Students will secure approval for internship positions and responsibilities from the department curriculum committee.

- ACG 2021 - Principles of Financial Accounting Credit Hours: 3
- PAD 4144 - Nonprofit Organizations Credit Hours: 3
- TPA 4400 - Theatre Management Credit Hours: 3
- MUS 4320 - Music Business and Industry Credit Hours: 3

Internship: 3 Credit Hours

- THE 4941 - Internship Credit Hours: 3

Restricted Electives (9 Credit Hours)

- Select three courses, one from each of the three different areas.

Finance & Budgeting

- FIN 2100 - Personal Finance and Investments Credit Hours: 3
- ECO 2023 - Principles of Microeconomics Credit Hours: 3
- ACG 2071 - Principles of Managerial Accounting Credit Hours: 3

Management

- MAR 3023 - Marketing Credit Hours: 3
- MAN 3025 - Management of Organizations Credit Hours: 3

Nonprofit Sector

- PAD 4148 - Volunteer Management Credit Hours: 3
- PAD 4147 - Resource Development in the Nonprofit Sector Credit Hours: 3
- PAD 3003 - Public Administration in American Society Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 30

Other Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) are not accepted
- At least 15 hours in the minor must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.

Theatre Minor

College of Arts and Humanities
Department of Theatre,
Performing Arts Center, Room: T210A
http://theatre.cah.ucf.edu/
Email: theatre@ucf.edu
Lauren Becker, (407) 823-2862

Minor Admission Requirements

- We accept minor applications at any time. Email the following application materials to theatre@ucf.edu:
- A statement of why you want to become a Theatre Minor
- A course history list (including grades) of theatre courses completed at UCF or any other university
- A completed UCF Theatre Department Student Information Form (found on our website)

Minor Requirements

- None

Prerequisite Courses
Required Courses (12 Credit Hours)

- THE 2000 - Theatre Survey Credit Hours: 3
- THE 3006 - Greece to Grease: Development of Theatre Credit Hours: 3
- TPP 2110C - Acting I – Introduction Credit Hours: 3
  1 Can substitute TPP 2185 - Acting for Non-majors or any Acting Class
- TPA 2200 - Introduction to Technical Theatre Credit Hours: 2
  2 Can substitute any Stagecraft Class.
- TPA 2290L - Theatre Participation-Production I Credit Hours: 1

Restricted Electives (6 Credit Hours)

- Any DAA, DAN, THE, TPA, or TPP course taught by the Theatre Department and not already applied toward a program requirement. Independent Study, Undergraduate Research and Honors in the Major courses taught by the Department of Theatre can also be used as electives. Exceptions must be approved by the Theatre Department Undergraduate Coordinator.

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- A grade of "C" (2.0) or better is required in all courses used to satisfy the minor.
- At least 12 hours used toward the minor must be earned from the UCF Theatre Department. Transfer credits are allowed, but student must still complete 12 credits from UCF Theatre Department.
- No credit by exam (TSD, Military credit) may be used.
- Students must consult departmental handbooks every semester.
- Students are encouraged to consult the theatre minor advisor with questions regarding course selection and electives.

School of Visual Arts and Design

Director: Rudy McDaniel
VAB 117; 407-823-2676
Email: svadadvising@ucf.edu
http://svad.cah.ucf.edu/

Faculty: Abbas, Abraham, Adams, Briggs, Burrell, Cabrera, Cameron, Clercx, Colon-Mendoza, Cooper, Davila, Dierdorff, Dombrowski, Gaudnek, Geppert, Hadrika, Hall, Haran, James, Kim, Kobaslija, Kovach, Leitch, Lindsey, Lotz, McDaniel, Nolan, Poindexter, Raimundi-Ortiz, Reedy, Rivers, Spencer, Taylor, Watson, Watters, Wyatt, Zaho; Professor Emeriti: Francis, Frederick, Moshell

The School of Visual Arts and Design (SVAD) is a combination of the Art, Architecture, Emerging Media, Photography, and Studio Art programs. Topics covered by SVAD degrees include traditional studio arts, design, and art history and emerging media concepts that are the foundation of animation and graphic design. Art degrees offer studies in traditional forms of painting, drawing, photography, and ceramics and supply core skills necessary to pursue professional careers in both emerging media and the fine arts, digital storytelling, and new media business models. Students acquire a highly marketable body of knowledge leading to solid careers in industry or in creative research.

The Emerging Media BFA – Character Animation track requires a portfolio for acceptance and is usually submitted in February each year for admission in the following fall term.

The Emerging Media BFA– Graphic Design track requires a portfolio for acceptance and is usually submitted in February each year for admission in the following fall term.

While the Art BA – Studio Track, Emerging Media BFA – Experimental Animation track, and Studio Art BFA programs are not limited access, many of the required upper-level courses require the completion of a student portfolio (ART 3950) that is usually submitted near the beginning of a student's junior year.

The Architecture BD program is offered at UCF at the Valencia West Campus.

The Photography BS program is offered at UCF at the Daytona Beach Campus. Photography is also available as an area of concentration at the main UCF Orlando campus.
as part of the Art BA – Studio Track and Studio Art BFA degree programs.

Complete information about faculty, curriculum, and admission requirements is available on the School of Visual Arts and Design website (see above). Students should pay close attention to program admission requirements and periodically check with School advisors and the SVAD website.

Major

Architecture (B.Des.)

College of Arts and Humanities
School of Visual Arts and Design
(This program is offered by UCF at the Valencia West Campus)
http://architecture.ucf.edu/
Email: architecture@ucf.edu
Phone: 407-582-5500

The Bachelor of Design in Architecture was created to meet the local need in Central Florida for an architecture program. The Bachelor of Design (B.Des.) degree program is a partnership with Valencia College and the University of Florida, as part of a 2+2+2 program to enable students to complete an NAAB accredited architectural program in Central Florida. Note: Architecture (B.Des.) majors must have continual access to a computer. Contact the Architecture advising office (407-582-5500) for the minimum hardware and software specifications.

Admission Requirements

- Completion of an Associate of Arts (A.A.) in Architecture (or similar program) that meets the common course prerequisites of the Bachelor of Design in Architecture program.
- Submission of a completed UCF application packet.
- Participation in a competitive review prior to acceptance.
- Completion of the General Education Program (GEP) at UCF or equivalent.
- UCF admission files from other transfer students will be reviewed on an individual basis to determine if prerequisites and General Education Program requirements are met.
- Successful completion of PHY 2053C, or its equivalent, with a "C" (2.0) or better is required.

Degree Requirements

- Students who change degree programs and select this major must adopt the current catalog.
- Departmental Residency Requirement consists of at least 36 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design.
- Students must earn at least a "C" (2.0) in each required course and maintain an overall GPA of at least 2.0.
- Co-op credit cannot be used in this major.
- Students should consult with an architecture advisor before selecting the major, and at least annually thereafter.
- Completion of at least 120 semester hours of course work, including all required courses.
- No more than 12 hours of overlap allowed in majors or minors completed in the School of Visual Arts and Design.

General Education Program (GEP) (36 Credit Hours)

- Students who have not satisfied General Education Requirements before transferring will complete the remaining courses at UCF. The specific course will depend on the general education courses completed as part of their earlier coursework. If a student has an A.A. degree from any Florida college or university, they will have satisfied the GEP requirements.

Communication Foundations (9 Credit Hours)

Cultural and Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (36 Credit Hours)
• ARC 1201 - Theory of Architecture Credit Hours: 2
• ARC 1301 - Architectural Design I Credit Hours: 4
• ARC 1302 - Architectural Design II Credit Hours: 4
• ARC 1701 - History of Architecture I Credit Hours: 3
• ARC 2180 - Introduction to Digital Architecture Credit Hours: 3
• ARC 2303 - Architectural Design III Credit Hours: 5
• ARC 2304 - Architectural Design IV Credit Hours: 5
• ARC 2461 - Materials & Methods of Construction Credit Hours: 4
• ARC 2702 - History of Architecture II Credit Hours: 3
• MAC 1114C - College Trigonometry Credit Hours: 3 or MAC 1140C - Pre-Calculus Algebra Credit Hours 3 (GEP)
• PHY 2053C - College Physics I Credit Hours: 4 (GEP)

Core Requirements: Basic Level (0 Credit Hours)

Completed in the A.A. in Architecture from Valencia College with two exceptions.

While ARC 2461, Materials and Methods of Construction, and ARC 2180, Introduction to Digital Architecture, are electives in Valencia College's architecture program, they're required for the B.Des. at UCF. See courses below.

• ARC 1201 - Theory of Architecture Credit Hours: 2 (CPP)
• ARC 1301 - Architectural Design I Credit Hours: 4 (CPP)
• ARC 1302 - Architectural Design II Credit Hours: 4 (CPP)
• ARC 1701 - History of Architecture I or equivalent Credit Hours: 3 (CPP)
• ARC 2180 - Introduction to Digital Architecture Credit Hours: 3 (CPP)
• ARC 2303 - Architectural Design III Credit Hours: 5 (CPP)
• ARC 2304 - Architectural Design IV Credit Hours: 5 (CPP)
• ARC 2461 - Materials and Methods of Construction Credit Hours: 4 (CPP)
• ARC 2702 - History of Architecture II or equivalent Credit Hours: 3 (CPP)

Core Requirements: Advanced Level (42 Credit Hours)

Completed as part of the Bachelor of Design program at UCF.

• ARC 3181 - Advanced Topics in Digital Architecture Credit Hours: 3
• ARC 3320L - Architectural Design 5 Credit Hours: 6
• ARC 3321L - Architectural Design 6 Credit Hours: 6
• ARC 3463 - Materials and Methods of Construction 2 Credit Hours: 3
• ARC 3503 - Architectural Structures Credit Hours: 3 (CPP)
• ARC 3610 - Environmental Technology I Credit Hours: 3
• ARC 3743 - Architectural History 3 Credit Hours: 3
• ARC 4220 - Architectural Theory 2 Credit Hours: 3
• ARC 4322L - Architectural Design 7 Credit Hours: 6
• ARC 4323L - Architectural Design 8 Credit Hours: 6
• ARC 4620 - Environmental Technology 2 Credit Hours: 3

Restricted Electives

• None

Capstone Requirements

• None

Electives

• Select primarily from upper level courses after meeting with the program advisor.

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• None

Additional Requirements
• Signature Experience requirement is met by successful completion of the following course(s):
  • ARC 4323L - Architectural Design 8 Credit Hours: 6

Required Minors

• None

Departmental Exit Requirements

• None

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

• Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at http://research.honors.ucf.edu/honors-in-the-major.

Related Programs

• None

Certificates

• Public and Professional Writing Certificate

Related Minors

• Art - Studio Minor
• Art History Minor
• Cognitive Sciences Minor
• Digital Media Minor
• Film, Cinema Studies Minor
• Humanities and Cultural Studies Minor
• Philosophy Minor
• English, Technical Communication Minor
• Writing and Rhetoric Minor

Advising Notes

• http://svad.cah.ucf.edu/students
• architecture@ucf.edu

Transfer Notes

• Grades less than a "C" (2.0) are not accepted.
• Students transferring from any Florida public institution with an A.A. degree or with general education program (GEP) requirements of that institution met have thereby satisfied UCF GEP requirements.
• Lower division courses do not substitute for upper division courses.
• Transfer courses must be evaluated for equivalency credit and/or for use in the area by the department. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses

• Acceptable substitutes for General Education and Common Program Prerequisites will be determined by the School of Visual Arts and Design and the University.

Program Academic Learning Compacts

• Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oears.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

• Full-Time Student: $90 per term

Art, History Track (B.A.)

College of Arts and Humanities
School of Visual Arts and Design,
Visual Arts Building, Room: 117
http://svad.cah.ucf.edu/
Email: svadadvising@ucf.edu
Phone: 407-823-2676

The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the
education of Visual Art and Art History students. To develop such an understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

**Admission Requirements**

- None

**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design. Nine of these must be in an area of ARH specialization.
- Grades below "C" (2.0) in lower level courses do not satisfy major requirements.
- Co-op credit cannot be used in the major.
- Students should consult with a School advisor at least once annually.
- Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.

**General Education Program (GEP) (36 Credit Hours)**

**Communication Foundations (9 Credit Hours)**

**Cultural and Historical Foundations (9 Credit Hours)**

- ARH 2050 - History of Western Art I **Credit Hours:** 3 (Required)
- ARH 2051 - History of Western Art II **Credit Hours:** 3 (Required)
- Select a course from group Cultural & Historical Foundation, Area 1 **Credit Hours:** 3

**Mathematical Foundations (6 Credit Hours)**

- MGF 1106 - Finite Mathematics **Credit Hours:** 3 (Suggested)
- MGF 1107 - Explorations in Mathematics **Credit Hours:** 3 (Suggested)
- You may substitute a higher level math with appropriate scores on the Math Placement Exam.

**Statistics - Computers (3 Credit Hours)**

- Select a course from Cultural & Historical Foundation, Area 2 list **Credit Hours:** 3

**Social Foundations (6 Credit Hours)**

**Science Foundations (6 Credit Hours)**

**Common Program Prerequisites (CPP) (6 Credit Hours)**

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- ARH 2050 - History of Western Art I **Credit Hours:** 3 (GEP)
- ARH 2051 - History of Western Art II **Credit Hours:** 3 (GEP)
- ART 2201C - Design Fundamentals-Two Dimensional **Credit Hours:** 3

  Credits: 3
• ARH 3XXX-4XXX - Additional Art History course  
  Credit Hours: 3

Capstone Requirements

• None

Electives

• Select primarily from upper level courses after meeting with a school advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

• Met by graduation requirement.

Graduation

• Proficiency equivalent to three semesters of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). German, French or Italian preferred, although other languages are acceptable with prior consent of advisor. Standardized examinations for foreign languages may be used to meet the requirement.

Additional Requirements

• Signature Experience requirement is met by successful completion of the following course(s):
  • ARH 4800 - Theory and Criticism of the Visual Arts  
    Credit Hours: 3

Required Minors

• None

Departmental Exit Requirements
• Achieve at least a "C" (2.0) GPA average in courses in the major.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Art, Studio Track (B.A.)

College of Arts and Humanities
School of Visual Arts and Design, Visual Arts Building, Room: 117
http://svad.cah.ucf.edu/
Email: svadadvising@ucf.edu

Phone: 407-823-2676

Note: Although the School maintains a computer lab for student use, students must have continual access to a laptop computer. Contact the School for the minimum hardware and software specifications. The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such an understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

Admission Requirements

- All students in this program must satisfactorily complete the mandatory ART 3950 - Portfolio Review before enrolling in upper division ART courses. This portfolio is typically submitted the semester prior to enrolling in upper division ART courses. The Spring review takes place the first week of March. The Fall review takes place the first week of October.
- Note: One-on-one portfolio reviews are not possible due to the large number of received portfolios.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
• Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the School of Visual Arts and Design. Nine of these hours must be in an area of specialization.
• Grades below "C" (2.0) in lower level ART and ARH courses do not satisfy major requirements.
• Co-op credit cannot be used in the major.
• Students should consult with a School advisor at least once annually.
• Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural and Historical Foundations (9 Credit Hours)

• ARH 2050 - History of Western Art I Credit Hours: 3 (Required)
• ARH 2051 - History of Western Art II Credit Hours: 3 (Required)
• Select a course from group Cultural & Historical Foundation, Area 1 Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

Math: (6 Credit Hours)

• MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
  or
• MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
  or
• You may substitute a higher level math with appropriate scores on the Math Placement Test.

Statistics - Computers (3 Credit Hours)

• Select a course from GEP Mathematical Foundation, Area 2 list Credit Hours: 3

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (18 Credit Hours)

• ARH 2050 - History of Western Art I Credit Hours: 3 (GEP)
• ARH 2051 - History of Western Art II Credit Hours: 3 (GEP)
• ART 2201C - Design Fundamentals-Two Dimensional Credit Hours: 3
• ART 2203C - Design Fundamentals-Three Dimensional Credit Hours: 3

The Emerging Media BFA allows students to integrate the multiple domains of art, storytelling, and technology. It is designed to: Provide a solid foundation in techniques and theory in one focused area of competence. Provide a broad understanding of related disciplines including arts, humanities, and technology. Provide extended experience in working in multidisciplinary teams on realistic problems. The program is administered through the School of Visual Arts and Design. It is recognized that there are many combinations of courses which meet the needs of individual students. Three tracks - Character Animation, Experimental Animation and Graphic Design - lead to a Bachelor of Fine Arts degree.

The Experimental Animation track encourages students to explore expression through innovative and hybrid analog and digital methodology: we approach animation from an artistic, individualized point of view. In the major, students engage in classic, current, and widely varied techniques and mediums making moving images which may be narrative or non-narrative. By graduation, each student has developed a unique creative vision which culminates in the completion of a B.F.A. thesis project and exhibition/screening. The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such as understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

Admission Requirements

• Experimental Animation: all junior level Experimental Animation students must satisfactorily complete the mandatory ART 3950-Portfolio Review before enrolling in upper division ART courses or Experimental Animation restricted electives. The Spring review takes place in the first week of March. The Fall review takes place in the first week of October.
• Students unable to satisfactorily complete ART 3950-Portfolio Review may continue in the Art History or the Visual Art and Emerging Media Management tracks.
• Note: One-on-one portfolio reviews are not possible due to the large number of received portfolios.

Degree Requirements

• Students who change degree programs and select this major must adopt the most current catalog by filing a catalog year change with their degree change form.
• Departmental Residency Requirement consists of at least 36 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design.
• Students must earn at least a "C" (2.0) in each required course except DIG 2000, which requires a "B" (3.0) or better.
• BFA students must achieve a 3.0 GPA in all major requirements.
• Co-op credit cannot be used in this major.
• Students should consult with their SVAD advisor on a regular basis.
• Note: Emerging Media majors must have continual access to a computer. Contact the UCF Computer Store or see the website (http://www.cstore.ucf.edu) for the minimum hardware and software specifications.
• No more than 6 hours of overlap allowed between courses used in the Emerging Media BFA and any minor. Please see SVAD advising for permission to complete more than one major in SVAD. Certain restrictions apply and a plan of study must be approved.

General Education Program (GEP)
(36 Credit Hours)

Communication Foundations (9 Credit Hours)
Cultural and Historical Foundations (9 Credit Hours)

- ARH 2050 - History of Western Art I Credit Hours: 3 (Required)
- ARH 2051 - History of Western Art II Credit Hours: 3 (Required)
- HUM 2020 - Encountering the Humanities Credit Hours: 3 (Required)

Mathematical Foundations (6 Credit Hours)

- MAC 1105C - College Algebra Credit Hours: 3
- CGS 2100C - Computer Fundamentals for Business Credit Hours: 3

Social Foundations (6 Credit Hours)

- AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (Required)

Science Foundations (6 Credit Hours)

Core Requirements: Basic Level (15 Credit Hours)

- ART 2201C - Design Fundamentals-Two Dimensional Credit Hours: 3
- ART 2203C - Design Fundamentals-Three Dimensional Credit Hours: 3
- ART 2300C - Drawing Fundamentals I Credit Hours: 3
- ART 2301C - Drawing Fundamentals II Credit Hours: 3
- GRA 2101C - Introduction to Computer Art Credit Hours: 3
- ARH 2051 - History of Western Art II Credit Hours: 3 (GEP)

Core Requirements: Advanced Level (21 Credit Hours)

- ART 3737C - Narrative Sculpture Credit Hours: 3
- ART 3950 - Portfolio Review Credit Hours: 0
- DIG 4780C - Modeling for Realtime Systems Credit Hours: 3
- FIL 3720C - Introduction to Animation Credit Hours: 3
- FIL 3734C - Intermediate Animation Credit Hours: 3
- FIL 4735C - Experimental Animation Credit Hours: 3
- FIL 4750C - Experimental Animation Workshop Credit Hours: 3
- GRA 4802C - Advanced Computer Graphic Design Credit Hours: 3

Restricted Electives (24 Credit Hours)

- Complete 24 hours of upper level courses from the following areas and the associated prefixes: Studio Art (ART), Digital Media (DIG), Film (FIL), Graphic Design (GRA*), and/or Photography (PGY). No more than 9 hours can be taken in a single area.
*Successful completion of Graphic Design portfolio (GRA 3950) required for admission into GRA courses.

Capstone Requirements (3 Credit Hours)

- ART 4935 - BFA Exhibit/Seminar Credit Hours: 3
  Offered in fall and spring terms

Foreign Language Requirements

Admissions

- Met by graduation requirement
Graduation

- Proficiency equivalent to one year of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement.

Electives

- Unrestricted electives - credit hours vary by track. A maximum of six hours of independent study, directed research, or internship permitted with prior approval. See SVAD advising for relevant deadlines.
- Electives may be taken in allied programs such as Art, Music, Philosophy, English, Film, Communication, Computer Science, etc. as approved by the School.

Additional Requirements

Signature Experience requirement is met by successful completion of the following course(s):

- ART 4935 - BFA Exhibit/Seminar Credit Hours: 3
  Offered in fall and spring terms

Required Minors

- None

Departmental Exit Requirements

- Achieve at least a "B" (3.0) GPA in all major requirements.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at http://research.honors.ucf.edu/honors-in-the-major.

Emerging Media, Character Animation Track (B.F.A.)

College of Arts and Humanities
School of Visual Arts and Design,
Visual Arts Building, Room: 117
http://svad.cah.ucf.edu/
Email: svadadvising@ucf.edu

Phone: 407-823-2676

The Emerging Media BFA allows students to integrate the multiple domains of art, storytelling, and technology. It is designed to: Provide a solid foundation in techniques and theory in one focused area of competence. Provide a broad understanding of related disciplines including arts, humanities, and technology. Provide extended experience in working in multidisciplinary teams on realistic problems. The program is administered through the School of Visual Arts and Design. It is recognized that there are many combinations of courses which meet the needs of individual students. Three tracks - Character Animation, Experimental Animation and Graphic Design - lead to a Bachelor of Fine Arts degree.

The Character Animation track is a two-year cohort of studies designed to prepare students for careers as animators, modelers, riggers, or texture artists in the film or computer game industries. The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such an understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

Admission Requirements

- Character Animation: students must satisfactorily complete the mandatory DIG 3951 - Character Animation Portfolio Review before enrolling in any Character Animation Core Requirements - Advanced Level courses. The Character Animation portfolio review is only held in Spring, and typically takes place near the end of February.
- Students unable to satisfactorily complete, DIG 3951 - Character Animation Portfolio Review, may continue in the Art History or the Visual Art and Emerging Media Management tracks or, successfully complete Sophomore Portfolio review (ART 3950) in order to pursue a Studio Art major.
- Note: One-on-one portfolio reviews are not possible due to the large number of received portfolios.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog by filing a catalog year change with their degree change form.
- Departmental Residency Requirement consists of at least 36 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design.
- Students must earn at least a "C" (2.0) in each required course except DIG 2000, which requires a "B" (3.0) or better.
- BFA students must achieve a 3.0 GPA in all major requirements.
- Co-op credit cannot be used in this major.
- Students should consult with their SVAD advisor on a regular basis.
- Note: Emerging Media majors must have continual access to a computer. Contact the UCF Computer Store or see the website (http://www.cstore.ucf.edu) for the minimum hardware and software specifications.
- No more than 6 hours of overlap allowed between courses used in the Emerging Media BFA and any minor. Please see SVAD advising for permission to complete more than one major in SVAD. Certain restrictions apply and plan of study must be pre-approved.

Photography (B.S.)

College of Arts and Humanities  
School of Visual Arts and Design  
(This program is offered by UCF at the Daytona Beach Campus)  
http://svad.cah.ucf.edu/bsphotography

Phone: 386-506-4093

This program is offered by UCF at the Daytona Beach Campus. Photography is also available as an area of concentration on the Orlando campus through the School of Visual Arts and Design (SVAD) as part of the Art, Studio Track (B.A.) and Studio Art (B.F.A.) programs. The School of Visual Arts and Design affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such an understanding, school courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

Admission Requirements

• Completion of an A.S. in Photographic Technology from Daytona State College or equivalent coursework.

Degree Requirements

• Students who change degree programs and select this major must adopt the most current catalog.

• Departmental Residency Requirement consists of at least 36 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design  
• Students must earn at least a "C" (2.0) in each required upper level course and maintain an overall GPA of at least 2.0  
• Upper-division electives, internship credit, and course substitutions must be approved by the program director.  
• Students should consult with a Photography advisor before selecting this major, and at least annually thereafter.

General Education Program (GEP)  
(36 Credit Hours)

• Students who have not satisfied General Education Requirements before transferring will complete the remaining courses at UCF. The specific courses will depend on the general education courses completed as part of the articulated A.S. and will come from the following areas:

Communication Foundations (9 Credit Hours)

• ENC 1101 - Composition I  
  Credit Hours: 3 (Required)  
  1 If not already completed as part of the A.S. degree, after acceptance into the program.  
• ENC 1102 - Composition II  
  Credit Hours: 3  
• SPC 2600 - Speech (A.S.)  
  Credit Hours: 3

Cultural and Historical Foundations (9 Credit Hours)

• ARH 2051 - History of Western Art II  
  Credit Hours: 3 (Required)  
  1 If not already completed as part of the A.S. degree, after acceptance into the program.

Mathematical Foundations (6 Credit Hours)

If not already completed as part of the A.S. degree, after acceptance into the program.

• MAC 1105C - College Algebra  
  Credit Hours: 3 (Required)  
• MGF 2106 - College Mathematics  
  Credit Hours: 3 or
• MGF 2107 - Mathematics for Liberal Arts **Credit Hours: 3**
• Computer Science or Statistics **Credit Hours: 3**

**Core Requirements: Advanced Level (33 Credit Hours)**

• PGY 3002 - Contemporary Photography **Credit Hours: 3**
• PGY 3205C - Photographic Lighting Techniques **Credit Hours: 3**
• PGY 3276 - The Professional Environment **Credit Hours: 3**
• PGY 3472C - Photo Visualization **Credit Hours: 3**
• PGY 3653C - Advanced Editorial Photography **Credit Hours: 3**
• PGY 3751C - Videography **Credit Hours: 3**
• PGY 3821C - Advanced Digital Photography **Credit Hours: 3**
• PGY 4003 - Image, Culture, and Society **Credit Hours: 3**
• PGY 4228C - Advanced Illustrative Photography **Credit Hours: 3**
• PGY 4471C - Photography Thesis **Credit Hours: 3**

**Select one of the following courses:**

• CRW 3011 - Creative Writing for Non-Majors **Credit Hours: 3** or
• ENC 3250 - Professional Writing **Credit Hours: 3**

**Restricted Electives (6 Credit Hours)**

Select two of the following courses:

• PGY 3451C - Alternative Processes **Credit Hours: 3** or
• PGY 3480 - Museum and Gallery Practices **Credit Hours: 3** or
• PGY 3703C - Photography & the Web **Credit Hours: 3** or
• PGY 4235C - Professional Photographic Workshop **Credit Hours: 3** or
• PGY 4493C - Photography and Art **Credit Hours: 3** or
• PGY 4941 - Internship **Credit Hours: 3**

**Capstone Requirements**

• None

**Electives**
Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - PGY 4471C - Photography Thesis **Credit Hours: 3**

Required Minors

- None

Departmental Exit Requirements

- None

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours
Required: 127

Additional Information

Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at [http://research.honors.ucf.edu/honors-in-the-major](http://research.honors.ucf.edu/honors-in-the-major).

Studio Art (B.F.A.)

College of Arts and Humanities
School of Visual Arts and Design, Visual Arts Building, Room: 117
http://svad.cah.ucf.edu/
Email: svadadvising@ucf.edu
Phone: 407-823-2676
The BFA degree prepares students for professional practices and is recommended for students who plan to attend graduate school. The BFA degree provides a solid foundation in techniques and theory in focused areas of competence. The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such an understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

Admission Requirements

- All students in this program must satisfactorily complete the mandatory ART 3950 - Portfolio Review before enrolling in upper division ART courses. This portfolio is typically submitted the semester prior to enrolling in upper division ART courses. The Spring review takes place in the first week of March. The Fall review takes place in the first week of October.
- Students unable to satisfactorily complete ART 3950 - Portfolio Review may continue in the Art History or the Visual Art and Emerging Media Management tracks.
- Students may apply to the BFA Program as early as the first semester of their Junior year if they maintain a 3.0 overall average in upper level courses in the major. Students who do not meet these requirements may petition the BFA committee for acceptance.
- "C-" (1.75) or below grades from other institutions do not meet departmental requirements.
- Note: One-on-one portfolio reviews are not possible due to the large number of received portfolios.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog by filing a catalog year change with their degree change form.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the School of Visual Arts and Design. Nine of these must be in an area of specialization.
- Students must earn at least a "C" (2.0) in each required course; however a GPA of 3.0 or higher must be achieved in the major requirements.
- BFA students must achieve a 3.0 GPA in all major requirements.
- Co-op credit cannot be used in the major.
- Students should consult with a School advisor, and an advisor in their studio specialization.
- Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural and Historical Foundations (9 Credit Hours)

Take all of the following: (9 Credit Hours)

- ARH 2050 - History of Western Art I Credit Hours: 3 (Required)
- ARH 2051 - History of Western Art II Credit Hours: 3 (Required)
- Select a course from group Cultural & Historical Foundation, Area 1 Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

Math (3 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Prefer)
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Prefer) ¹

Statistics-Computers (3 Credit Hours)

Select a course from Mathematical Foundation, Area 2 list Credit Hours: 3
¹ (may substitute a higher level math)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (18 Credit Hours)
See "Common Prerequisites" in the Transfer and Transitions Services section for more information

- ARH 2050 - History of Western Art I Credit Hours: 3 (GEP)
- ARH 2051 - History of Western Art II Credit Hours: 3 (GEP)

Restricted Electives (42 Credit Hours)

A list of approved restricted elective courses is found in the myKnight audit.

Specialization: (18 Credit Hours)

Select six upper division courses from one area:

Book Arts

- ART 3170C - Book Binding Credit Hours: 3
- ART 3171C - Materials for Artist Books Credit Hours: 3
- ART 3175C - Advanced Issues in Contemporary Book Arts Credit Hours: 3
- ART 3176C - The Illuminated Book Credit Hours: 3
- ART 3737C - Narrative Sculpture Credit Hours: 3
- ART 4172C - Book Repair and Restoration Credit Hours: 3
- ART 4173C - The Artist Book Credit Hours: 3
- ART 4174C - The Printed Book Credit Hours: 3
- ART 4177C - Commercial Book Design and Publishing Credit Hours: 3
- ART 4644C - Books Without Books Credit Hours: 3

Ceramics/Sculpture Combination

- ART 3761C - Intermediate Ceramics Credit Hours: 3
- ART 3764C - Ceramic Handbuilding I Credit Hours: 3
- ART 4783C - Advanced Ceramics Credit Hours: 3
- ART 4786C - Ceramic Raw Material Credit Hours: 3
- ART 3709C - Intermediate Sculpture Credit Hours: 3
- ART 4710C - Advanced Sculpture Credit Hours: 3
  1 May be repeated for credit.

Drawing

- ART 3332C - Intermediate Drawing Credit Hours: 3
- ART 4320C - Advanced Drawing Credit Hours: 3
  1 May be repeated for credit.

Drawing/Printmaking Combination

- ART 3332C - Intermediate Drawing Credit Hours: 3
- ART 4320C - Advanced Drawing Credit Hours: 3
- ART 3433C - Screenprinting Credit Hours: 3
- ART 4402C - Advanced Printmaking Credit Hours: 3
  1 May be repeated for credit.

Drawing/Illustration Combination

- ART 3332C - Intermediate Drawing Credit Hours: 3
- ART 4320C - Advanced Drawing Credit Hours: 3
- GRA 3747C - Intermediate Illustration I Credit Hours: 3
- GRA 4154C - Advanced Illustration Credit Hours: 3
  1 May be repeated for credit.

Painting

- ART 3504C - Intermediate Painting Credit Hours: 3
- ART 4505C - Advanced Painting Credit Hours: 3
  1 May be repeated for credit.

Photography
• PGY 3410C - Intermediate Photography Credit Hours: 3
• PGY 4420C - Advanced Photography Credit Hours: 3
• PGY 4440C - Special Problems in Photography Credit Hours: 3

1 May be repeated for credit.

Electives in Art: (15 Credit Hours)

• Select five Art courses; two of which may be lower division. Select from at least three of the following areas, excluding the area of specialization: Book Arts, Ceramics, Drawing, Illustration, Painting, Photography, Printmaking, Sculpture, and Special Topics Studio Courses. May include a maximum of six hours Independent Study, Practicum, and Internship.

Additional Electives (9 Credit Hours)

• Select three upper division Art History courses.

Capstone Requirements

• None

Electives

• Select primarily from upper level courses, with school advisor's approval. May be outside of the department.

Foreign Language Requirements

Admissions

• Met by graduation requirement

Graduation

• Proficiency equivalent to one year of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for languages may be used to meet the requirement.

Additional Requirements

• Signature Experience requirement is met by successful completion of the following course(s):
  • ART 4935 - BFA Exhibit/Seminar Credit Hours: 3

Required Minors

• None

Departmental Exit Requirements (3 Credit Hours)

• Achieve at least a "B" (3.0) GPA in all major requirements.
• Each senior is required to submit a portfolio of representative work in the student's specialization, for review and approval by faculty, during their last semester of matriculation toward the degree. This requirement is met by registering in ART 4935 - BFA Exhibit/Seminar. Please note that the seminar is only offered during the Spring semester.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Program in Women's and Gender Studies

Program Director: M.C. Santana
Trevor Colbourn Hall 348; 407-823-6502
Email: womenst@ucf.edu
http://wgst.cah.ucf.edu/

Faculty: Bubriski, Preston-Sidler, Santana

The Women's and Gender Studies program offers an interdisciplinary minor and a certificate in Women's and Gender Studies in cooperation with several departments, programs, and schools. The program examines women's roles in and contributions to past and present societies, and provides practical and theoretical knowledge about women's and gender issues.

The Women's and Gender Studies minor emphasizes intersectional approaches to the study of gender, race, class, ethnicity, and sexuality in national and transnational contexts. Course offerings examine social constructions of sex and gender and provide students with an opportunity to learn about women's historical and contemporary roles, gain a working knowledge of interdisciplinary feminist scholarship, and reflect critically on their life experiences as shaped by gender and other forms of diversity. Courses are drawn from various departments and schools, including Anthropology, Art, Communication, Criminal Justice, Film, English, History, Philosophy, Political Science, Psychology, Nursing, Social Work, Sociology, Theater, and the Women's and Gender Studies Program. Subcategories of focus include feminist theories, girl studies, queer studies, and global and transnational issues.

Minor Admission Requirements

- None

Minor Requirements

- Students cannot earn both the minor in Women's and Gender Studies and the Certificate on Gender Studies.

Prerequisite Courses

Required Courses (12 Credit Hours)

- WST 3015 - Introduction to Women's Studies Credit Hours: 3
- WST 3603 - Introduction to Gender Studies Credit Hours: 3

Select Two:

Select two courses from the list below, one of which must be a WST prefixed course.

- WST 3522 - First and Second Wave Feminisms Credit Hours: 3
- WST 3561 - Third Wave Feminisms Credit Hours: 3
- WST 3621 - Theories of Masculinity Credit Hours: 3
- WST 4415 - Global and Transnational Feminism Credit Hours: 3
- LIT 4554 - Advanced Feminist Theories Credit Hours: 3
- PHM 3123 - Feminist Theories Credit Hours: 3
- WST 3020 - Girls' Studies Credit Hours: 3
- WST 3460 - Women, Race and Struggle Credit Hours: 3
- HUM 4823 - Queer Theory in the Humanities Credit Hours: 3
- HUM 3326 - Theories of Sex and Gender in Humanities Credit Hours: 3

Restricted Electives (6 Credit Hours)

- Students should complete at least one of their two Elective courses from outside their major. Students may count additional courses from the Theories Group above as electives toward the minor. Course substitutions, internship, independent study, or Special Topics credit may be applied to the minor only with the approval of the program director. No more than one 2000-level course will count toward the minor.
- A list of approved restricted elective courses is found in the myKnight audit.

Women's Studies Disciplinary Approaches

- WST 3371 - Women and Leadership Credit Hours: 3
- WST 3500 - Gender Issues and Community Activism Credit Hours: 3
- WST 4002 - Research in Women and Gender Studies Credit Hours: 3
- WST 4021 - Girls and Leadership Credit Hours: 3
- WST 4349 - Ecofeminism Credit Hours: 3
- WST 4023 - Virtual Girls Credit Hours: 3
- WST 4022 - Girls and the Body Credit Hours: 3

Women's History
• AMH 3561 - Women in American History I Credit Hours: 3
• AMH 3562 - Women in American History II Credit Hours: 3
• ASH 4304 - Women in China Credit Hours: 3
• EUH 4610 - Women in European Society: From Medieval to Modern Credit Hours: 3
• AMH 4680 - Women in American Science Credit Hours: 3
• JST 3510 - Notable Women in Jewish History Credit Hours: 3

Representations of Women

• AML 3283 - Contemporary American Women's Fiction Credit Hours: 3
• ARH 4871 - Women in Art Credit Hours: 3
• COM 4014 - Gender Issues in Communication Credit Hours: 3
• COM 4461 - Intercultural Communication Credit Hours: 3
• FIL 3880C - Images of Women in Film Credit Hours: 3
• FRW 4380 - Happily Ever After: Fairy Tales to Ex-Machina Credit Hours: 3
• LIT 3383 - Women in Literature Credit Hours: 3
• LIT 3823 - Hispanic Women Writers Credit Hours: 3
• LIT 3881 - Women Writers of Color Credit Hours: 3
• AML 3286 - Early American Women's Words Credit Hours: 3
• ENC 4374 - Gendered Rhetorics Credit Hours: 3
• THE 3272 - Shakespeare to RuPaul: Drag in Entertainment Credit Hours: 3

Women's Wellness

• CLP 3184 - Women's Mental Health Credit Hours: 3
• NSP 4425 - Women's Health Issues Credit Hours: 3
• SOP 3742 - Psychology of Women Credit Hours: 3

Gender and Social Policy

• ANT 3302 - Sex, Gender and Culture Credit Hours: 3
• CCJ 4670 - Women and Crime Credit Hours: 3
• CCJ 4681 - Domestic Violence and the Justice System Credit Hours: 3
• CPO 4710 - Women in Comparative Politics Credit Hours: 3
• INR 4085 - Women, Gender, and Globalization Credit Hours: 3
• PUP 4323 - Women and Public Policy Credit Hours: 3

• SYD 4810 - Women in Contemporary Society Credit Hours: 3
• SYD 4813 - Women, Law and Social Change Credit Hours: 3
• SYO 4100 - Family Trends Credit Hours: 3
• SYD 3800 - Sex and Gender in Society Credit Hours: 3
• SYP 3060 - Sociology of Sex and Reproduction Credit Hours: 3
• PHI 3629 - Family Values Credit Hours: 3
• PHM 3020 - Philosophy of Love Credit Hours: 3

Foreign Language Requirements

• None

Total Undergraduate Credit Hours Required: 18

Other Requirements

• Minimum grade of "C" (2.0) is required in each course used to satisfy the minor.
• At least 12 hours used in the minor must be earned at UCF.
• No credit by exam (TSD, military credit) may be used.

Certificate

Gender Studies Certificate

College of Arts and Humanities
Program in Women's and Gender Studies,
Trevor Colbourn Hall, Room: 348A
http://wgst.cah.ucf.edu/
Email: wgst@ucf.edu

Dr. M.C. Santana
Phone: 407-823-6502

The certificate program in Gender Studies is designed to provide students with a foundation for discussions of gender, sexuality, and other intersectionalities through a historical and cultural lens, with an awareness of the fluidity of gendered identities and the diversity of gendered experiences.
Certificate Admission Requirements

- None

Certificate Requirements

- Students cannot earn the Gender Studies certificate and the Women's and Gender Studies minor.

Prerequisite Courses

- None

Required Courses (3 Credit Hours)

- WST 3603 - Introduction to Gender Studies Credit Hours: 3

Restricted Electives (9 Credit Hours)

Students can select from the restricted electives listed for a total of 9 hours.

A list of approved restricted elective courses is found in the myKnight audit.

Internship required by a student's major degree program may count for credit toward the certificate, if placement is substantively related to women and/or women's issues.

- WST 3621 - Theories of Masculinity Credit Hours: 3
- WST 3500 - Gender Issues and Community Activism Credit Hours: 3
- WST 4002 - Research in Women and Gender Studies Credit Hours: 3
- HUM 4823 - Queer Theory in the Humanities Credit Hours: 3
- HUM 3326 - Theories of Sex and Gender in Humanities Credit Hours: 3
- ENC 4374 - Gendered Rhetorics Credit Hours: 3
- THE 3272 - Shakespeare to RuPaul: Drag in Entertainment Credit Hours: 3
- COM 4014 - Gender Issues in Communication Credit Hours: 3
- ANT 3302 - Sex, Gender and Culture Credit Hours: 3
- SYD 3800 - Sex and Gender in Society Credit Hours: 3
- WST 4941 - Internship Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 12

Other Requirements

- A GPA of 2.0 or better is required in all courses used to satisfy the certificate.
- Grades of "C" (2.0) or better is required in each course used to satisfy the Gender Studies Certificate.
- At least 9 hours used in the certificate must be earned at UCF.

Assistant Dean: Darrell Johnson
BA2 101; 407-823-2987

Vision

#UCFBusiness will continue the transformation into a next-generation business school through the development of a unique college culture; one that promotes engagement, risk-taking, cross-disciplinary collaboration and data-driven decision making.

Moving Forward

While core business curriculum remains unchanged, the world of business is constantly changing, as is the way students learn and receive information.

The foundation of the College of Business Administration's mission and vision are to strengthen the college, the university, and ultimately, the Central Florida community. This is achieved by focusing on critical factors in higher education: students, faculty, programs and facilities. As such, the college aspires to:

- Offer the benefits of a large, metropolitan research university while providing individual attention and maintaining a sense of community for our students and faculty.
- Create a state-of-the-art educational facility that cultivates a learning environment, promoting collaboration, engagement, risk taking and data-driven decision making.
- Provide increased opportunities for student engagement and one-on-one learning.
- Cultivate an ecosystem that develops entrepreneurs from all backgrounds and skill sets.
- Raise the academic profile of the college by recruiting research faculty in key disciplines and by incorporating top industry executives into the curriculum.

The college will elevate the career prospects of students as well as the perceptions of graduates in the community, by ensuring students are career-ready upon graduation by providing experiential learning and developmental feedback. In addition, the college strongly encourages students to explore possible careers through mentoring, summer employment and job shadowing.

All undergraduate and graduate programs are accredited by the Association to Advance Collegiate Schools of Business International (AACSB).

Pre-Major

Admission to the University of Central Florida does not equate to admission to the College of Business Administration (CBA). The CBA is a selective admission college. Students must qualify to be admitted into the college and therefore all students enter the university as a ‘pre’ business major. This applies regardless of the specific business major a student intends to pursue. As a ‘pre’ major, students will:

1. Complete the General Education Program
2. Complete the Gordon Rule requirements
3. Complete the Business Common Program Prerequisites (CPP) with a grade of C or better.
   The CPP classes are:
   - MAC 1105C - College Algebra
   - ACG 2021 - Principles of Financial Accounting
   - ACG 2071 - Principles of Managerial Accounting
   - ECO 2013 - Principles of Macroeconomics
   - ECO 2023 - Principles of Microeconomics
   - QMB 3003 - Quantitative Business Tools I or STA 2023 - Statistical Methods I and MAC 2233 - Concepts of Calculus
   - CGS 2100C - Computer Fundamentals for Business
4. Complete the Primary Business Core at UCF or an AACSB accredited institution. The Primary Business Core classes are:
   - MAN 3025 - Management of Organizations
   - MAR 3023 - Marketing
5. Complete GEB 3006: Career Exploration and Financial Planning

The Career Exploration and Financial Planning course provides the opportunity to learn and develop personal skills in career and financial management to successfully navigate on-going work and life challenges. Students are given the opportunity to apply career and financial management principles to make appropriate, timely and financially responsible choices with respect to majors/programs of study, progress through the curriculum, and post-graduation options. It is also designed to help students align their major and career interest. Students will take self-assessments to identify career-related skills and interests. Based on their results, students perform research to identify and learn about a target career, target company(ies), and target entry-level jobs.

The Business Common Program Prerequisites are required curriculum for all students within the Florida State University system pursuing a BSBA degree.

The Primary Business Core classes are the heart of the business world. As such they provide students with the basics to be successful in any business endeavor. It is important that students strive to thoroughly learn the material in this coursework as academic performance in the Primary Business Core is used to meet admission to the major standards.

All of the above requirements (numbers 1-5) must be completed before beginning any Business Major.

How to Select Your Major

Now you are ready to select a business major based upon your interests and skills identified in the GEB 3006 class, and your experiences in all of the Primary Business Core classes.

Due to the highly specialized nature of the revised Accounting, Finance, Management, and Marketing majors, interested candidates must show mastery of the subject matter in all aspects of the Primary Business Core, as demonstrated by a 3.0 GPA in the five classes. Additionally, a grade of at least a B "3.0" is required in the introductory course of your desired major and a minimum grade of C "2.0" is required in all Primary Core courses.

Upon admission into the Accounting, Finance, Management, and Marketing majors, students must maintain a minimum 2.75 GPA in the Major and a minimum 2.0 GPA in the College to successfully complete the degree.

Admission to the Economics, Integrated Business, and Real Estate majors requires completion of the five Primary Business Core classes with a minimum GPA of 2.0, and a minimum grade of C "2.0" in the introductory course of the desired major. Upon admission into the Economics, Integrated Business, and Real Estate majors, students must maintain a minimum 2.0 GPA in the Major and College to successfully complete the degree. For more information on these requirements, visit: http://business.ucf.edu/undergraduate-programs/.

After receiving admission to a major, students will complete major coursework, the Secondary Business Core and the remaining three courses in the Professional Development Sequence.

1. The Secondary Business Core: These courses are designed to ensure that you have a solid understanding of the various functions of business and the environment in which the enterprise operates. The Secondary Business Core culminates with our "Great Case Competition" which is part of our Strategic Management Course (MAN 4720) and has become a signature experience for all business students:
   a. QMB 3555 - Business Research for Decision Making (3 credit hours)
   b. BUL 3130 - Legal and Ethical Environment of Business (3 credit hours)
   c. MAR 3203 - Supply Chain and Operations Management (3 credit hours)
   d. MAN 4720 - Strategic Management/Capstone (3 credit hours)

2. The Professional Development Sequence: Students must also complete the professional development sequence that began with GEB 3006. The goal of the Professional Development curriculum is that students will research potential career opportunities and acquire a knowledge base that will prepare them to secure employment prior to graduation.
a. GEB 3005 - Career Search Strategy (1 credit hour)
b. GEB 4223 - Business Interviewing Techniques (1 credit hour)
c. GEB 4004 - Executing Your Career Plan (1 credit hour)

**Student Load**

A student who is enrolled in 15 – 16 credit hours of coursework is considered to be carrying a normal academic load. Per University policy, students may take a maximum of 17 credit hours in the Fall and Spring terms, and 14 credit hours in the Summer term.

**Community/Junior College Transfer Notes**

1. Admission requirements can and do vary among the business and accounting programs at the ten universities comprising the State University System. To ensure that they have met all prerequisite course eligibility requirements, transfer students from Florida's community and State colleges should complete the following common program prerequisites as part of their Associate of Arts degree: ACG 2021 (or ACG 2001 and ACG 2011), ACG 2071, ECO 2013, ECO 2023, MAC 2233, STA 2023, (or QMB 3003) and CGS 2100C. At UCF, students who have completed MAC 2233 and STA 2023 will be waived from QMB 3003 - Quantitative Business Tools I. Students who have completed either MAC 2233 or STA 2023, but not both, must take QMB 3003. Completion of these courses with a minimum grade of C "2.0" or better will satisfy all prerequisite course requirements for all business and accounting degree programs and will ensure that a student will receive further consideration for admission to the Primary Core Classes.

2. Subject to the general grade and residency requirements, credit will be granted for transferred course work equivalent to that required in UCF’s Business program. Only grades of "C" (2.0) or higher will transfer into the program.

3. It is expected that all incoming transfer students, regardless of intended business major, will upon admission to the university have successfully completed the General Education Program and the Business Common Program prerequisites. Transfer students will attend an orientation session that will provide information regarding university and college policy, program requirements, and college culture.

4. Courses taken at Florida College System institutions do not substitute for upper division courses.

5. Courses transferred must be formally evaluated for equivalency credit. General Education coursework is evaluated for equivalency by Academic Services, while the Business Common Program Prerequisites and all business coursework is evaluated for equivalency by the College. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.

6. The Business Primary Core courses must be taken at UCF or an AACSB accredited institution. Additionally, professional courses, in the areas of Accounting, Economics, Management, Marketing, Real Estate, or Finance, should not be taken at a community/junior college. These professional areas are third and fourth year course areas in the College of Business Administration and cannot be satisfied with community/state college courses.

7. A minimum of 12 credit hours must be completed at UCF within each individual major and a minimum of 30 hours of upper level courses within the UCF College of Business.

**Advisement**

**Office of Professional Development**

*Assistant Dean: Darrell Johnson*

BA2101; 407-823-2987

The Office of Professional Development (OPD) is the primary office for undergraduate assistance in Academic and Career Counseling in the College of Business Administration. Any questions concerning University and College academic policies affecting Business majors should be directed to the Office of Professional Development staff in BA2 101 or by calling 407-823-2185. Visit OPD's homepage at: [http://business.ucf.edu/centers-institutes/office-of-professional-development/](http://business.ucf.edu/centers-institutes/office-of-professional-development/).

**Program Academic Learning Compacts**

*Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the College of*
Business Administration are located at:
http://oeas.ucf.edu/academiclearningcompacts.html

Graduate Programs

For a full list of Graduate programs click here. All Undergraduate programs for the College of Business Administration are listed below.

Major

Marketing (B.S.B.A.)

College of Business Administration
Department of Marketing,
Business Administration II, Room: 307S
http://business.ucf.edu/undergraduate-programs

Phone: 407-823-2108

Students interested in majoring in marketing have two options: the marketing management track or the professional selling track. The marketing management track provides students with the knowledge and skills necessary to excel in entry-level positions in marketing management, product/brand management, or positions in retail, sales, market research, or promotion. The professional selling track prepares students for positions in B-B selling, with the potential to advance into either sales management or marketing management. Not eligible for a double degree with another College of Business Administration major.

Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: QMB 3200, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of at least 3.0, a grade of at least "B" (3.0) in MAR 3023, and no grade below a "C" (2.0). One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Marketing must apply for admission to the major.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
- A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Students in the Marketing major must maintain a 2.75 or higher cumulative Grade Point Average in all 3000 level or higher Marketing courses and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term, the student will be dropped as a Marketing major and/or College of Business student. A student who is dropped may seek re-admittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.
- Students must earn a "B" or higher in MAR 3023. In addition, only grades of "C" (2.0) or higher transfer into the program and students must earn a minimum of "C" (2.0) or higher in all business courses. This includes all courses under requirements Common Program Prerequisites (CPP), Core Requirements: Basic Level, Core
General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural and Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)
- CGS 2100C - Computer Fundamentals for Business Credit Hours: 3 (Required)

Restricted Electives

None
Capstone Requirements (3 Credit Hours)

Admitted to a Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, QMB 3200, and ACG 3173 or ACG 3131 are required to register for MAN 4720.

- MAN 4720 - Strategic Management Credit Hours: 3

Electives

- Variable

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- A minimum major GPA of 2.75 and a minimum College of Business GPA of 2.0.

University Minimum Exit Requirements

- A 2.0 UCF GPA

- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Honors In Major

- Eligibility: Requirements for admission to the Honors in the Major program are: completion of at least 60 credit hours, completion of at least 12 upper division hours, at least a 3.5 GPA in the major, at least a 3.2 upper-division GPA, and at least two semesters remaining prior to graduation.
- Admission: Application for admission to the Honors in the Major program must be approved by both the Chair of the Marketing Department and Associate Dean of the Honors College plus the payment of $25.00 one-time membership dues.
- Requirements: Students accepted into the Honors in the Major program must complete two honors courses (total of 6 credit hours) as follows:

Honors In Major Credit Requirements

Required Honors Reading Course

- MAR 4903H - Honors Directed Reading I Credit Hours: 3

Required Honors Thesis

- MAR 4970H - Undergraduate Honors Thesis Credit Hours: 3

Additional Information

- Marketing Minor
- Professional Selling Minor

Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, can take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class, and all prerequisites to marketing courses.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
  http://www.oead.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $15 per term
- Full-Time Student: $30 per term

Plan of Study

- General electives as required to earn 120 credit hours.

Freshman Year - Fall (15 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3
- MAC 1105C - College Algebra Credit Hours: 3
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3
- Cultural Foundation I Credit Hours: 3
- Elective Credit Hours: 3

Freshman Year - Spring (15 Credit Hours)
- ENC 1102 - Composition II (Credit Hours: 3)
- ECO 2023 - Principles of Microeconomics (Credit Hours: 3)
- Social Foundation (Credit Hours: 3)
- Elective (Credit Hours: 3)
- Elective (Credit Hours: 3)

**Kenneth G. Dixon School of Accounting**

*Director:* Gregory Trompeter  
BA1 325D; 407-823-2871

*Assistant Chair:* Jeffrey Reinking  
BA1 430; 407-823-5124

*Faculty:* Allen, Amoruso, Baudot, Demek, Dennis, Durham, Goldwater, Guerra-Pujol, Hornik, Johnson, Kelliher, Kelly, Libby, Poziemski, Reinking, Robb, Roberts, Rosenthal, Roush, Smith, Tian, Trompeter, Wallace

**Mission Statement**
The mission of the Kenneth G. Dixon School of Accounting is to develop and deliver strong undergraduate and graduate programs, support and produce nationally and internationally relevant accounting research, and engage meaningfully with the academic and practitioner accounting communities.

**Distinctive Benefits**

- Strong industry ties allowing for unique opportunities for placement and advancement.
- A competitive internship program that places graduate students in positions with major employers in the community.
- The opportunity to enroll in outstanding graduate programs in accounting and taxation.
- A very strong faculty known for their teaching and research excellence.
- Numerous scholarships available to advanced students.
- Active student organizations including the Student Accounting Society and Beta Alpha Psi.
- A faculty committed to the continuous improvement of our accounting programs.
- Outstanding pass rates on the CPA exam.

**Major**

**Accounting (B.S.B.A.)**

**College of Business Administration**

**Kenneth G. Dixon School of Accounting, Business Administration I, Room: 325**

Phone: 407-823-2871

The purpose of the Accounting B.S.B.A. degree is to prepare students to successfully gain admittance to our Accounting M.S.A./M.S.T. graduate degree program and become Certified Public Accountants (CPAs). Not eligible for a double degree with another College of Business Administration major.

**Admission Requirements**

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: QMB 3200, MAR 3023, FIN 3403, MAN 3025, and ACG 3131, with a GPA of at least 3.0, a grade of at least "B" (3.0) in ACG 3131, and no grade below a "C" (2.0). One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites.
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Accounting must apply for admission to the major.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
- A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Students in the Accounting major must maintain a 2.75 or higher cumulative Grade Point Average in all 3000 level or higher Accounting or Tax courses and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed as an Accounting major and/or College of Business
A student who is dismissed may seek consideration for re-admittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.

- Students must earn a "B" or higher in ACG 3131. In addition, only grades of "C" (2.0) or higher transfer into the program and students must earn a minimum of "C" (2.0) or higher in all business courses. This includes all courses under requirements Common Program Prerequisites (CPP), Core Requirements: Basic Level, Core Requirements: Advanced Level, Restricted Electives and Capstone Requirements below.

**General Education Program (GEP)**
(36 Credit Hours)

**Cultural and Historical Foundations (9 Credit Hours)**

**Mathematical Foundations (6 Credit Hours)**

- CGS 2100C - Computer Fundamentals for Business **Credit Hours: 3** (Required)
- MAC 1105C - College Algebra **Credit Hours: 3** (Preferred)

**Social Foundations (6 Credit Hours)**

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics **Credit Hours: 3** (Required)
- ECO 2023 - Principles of Microeconomics **Credit Hours: 3** (Required)

Select One: (3 Credit Hours)

- ANT 2000 - General Anthropology **Credit Hours: 3** (Suggested)
- PSY 2012 - General Psychology **Credit Hours: 3** (Suggested)

**Science Foundations (6 Credit Hours)**

**Common Program Prerequisites (CPP) (12 Credit Hours)**

Must be completed with a "C" (2.0) or better

- ACG 2021 - Principles of Financial Accounting **Credit Hours: 3**
- ACG 2071 - Principles of Managerial Accounting **Credit Hours: 3**
- CGS 2100C - Computer Fundamentals for Business **Credit Hours: 3** (Course also satisfies GEP)
- ECO 2013 - Principles of Macroeconomics **Credit Hours: 3** (Course also satisfies GEP)
- ECO 2023 - Principles of Microeconomics **Credit Hours: 3** (Course also satisfies GEP)

Select one of the following sequences of courses:

Students who have not completed MAC 2233 and STA 2023, or MAC 2311 and MAC 2312 with a "C" (2.0) or better must take QMB 3003.

- QMB 3003 - Quantitative Business Tools I **Credit Hours: 3**
  or
- MAC 2233 - Concepts of Calculus **Credit Hours: 3**
  and
- STA 2023 - Statistical Methods I **Credit Hours: 3**
  or
- MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4**
  and
- MAC 2312 - Calculus with Analytic Geometry II **Credit Hours: 4**

**Core Requirements: Basic Level**

- None
Core Requirements: Advanced Level (48 Credit Hours)

Primary Core (15 Credit Hours)

Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.
- At this time, the combined curriculum from the BSBA and MSA programs meet the educational eligibility criteria for a Certified Public Accountant (CPA) license in the state of Florida. Please note that meeting additional eligibility criteria may also be required (e.g., exams, fees, years of supervised experience).

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://www.myfloridalicense.com/dbpr/certified-public-accounting/ (this website only contains information pertaining to CPA licensure for the state of Florida). We are unable to confirm the educational requirements for licensure and certification of other states not listed above. If you intend to pursue such credentialing in your state or elsewhere, we advise you to contact the
applicable state credentialing authority to familiarize yourself with its specific requirements and determine if our program meets its eligibility criteria.

**Transfer Notes**

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

**Acceptable Substitutes for Transfer Courses**

**Department of Economics**

*Chair:* Michael Caputo  
BA2 305-D; 407-823-3266;  
Email: economics@ucf.edu

*Faculty:* Alpanda, Aysun, Braun, Burguet, Caputo, Dickie, Gibbs, Guldi, Hofler, Milon, Paarsch, Schmidbauer, Scrogin, Underwood

*Faculty Advisors:*  
David Scrogin  
BA2 302U, 407-823-4129, Email: David.Scrogin@ucf.edu

Economic issues are prominent in business and government decision-making. Inflation, employment, health care, economic growth, pollution, poverty, and international economic relations are a few important economic issues. The primary strength of Economics is that it provides a logical, ordered way of analyzing a wide variety of problems. Undergraduate education in Economics equips individuals to understand and seek solutions to problems in business, public policy, and other areas.

The Department of Economics offers two undergraduate degree programs: a BSBA degree in Business Economics, and a BS degree in Economics. The BSBA degree in Business Economics provides students with a professional business background that prepares them for careers in private business and government. The BS degree in Economics provides students with a broad-based liberal-arts education that can serve as a strong foundation for graduate studies in economics, finance, law, political science, public policy, and related fields, or as training for careers in politics, teaching, research, and social
service. The BS degree also gives students the opportunity to tailor the program to their individual interests because of its inherent flexibility. For example, the said flexibility permits student to more easily choose a minor or a double major if their interests so dictate.

The department also offers a MS degree in Economics. To make graduates of the program more employable, the Department has updated its MS program to reflect recent developments in quantitative business. First and foremost, quantitative methods of business are informed by theories from economics, as virtually every discipline in business uses basic principles from economics. Particularly important are models of incomplete information and equilibrium strategic behavior. Furthermore, methods of quantitative business rely heavily on tools from econometrics as well as those from mathematical economics and operations research. The updated MS degree program reflects all of these important considerations.

The primary strength of Economics is that it provides a logical, ordered way of analyzing and answering a wide variety of problems. Both degree programs enable students to better understand and thereby provide solutions to, the economic and non-economic issues that are confronted in their jobs and private lives. They also offer the students the opportunity to develop solid analytical and quantitative skills.

**Distinctive Benefits**

- Opportunity for strong quantitative and analytical training.
- Excellent preparation for law school and graduate school admission.
- Strong preparation for high-paying careers.
- Flexible Curriculum: Students tailor the program to their individual interests through a large selection of electives.
- Interdisciplinary Linkages: Economics provides a solid foundation to link with many other disciplines allowing for a double major in Finance, Real Estate, Mathematics and Political Science.
- Teaching quality: Many of the Economics faculty have received Excellence in Teaching Awards.
- Student Organizations: The Economics Club is an active student organization linking students to Alumni.

The Bachelor of Science in Economics is designed for students who wish to receive specialized training in Economics within a broad liberal arts education. Flexibility to select from a variety of courses allows students to customize their education to their personal interests and career goals. An Economics degree provides skills and training for careers in business, law, government, politics, teaching, research, and a variety of other areas. This degree also provides a strong foundation for future graduate studies in business, economics, law and public administration. Successful completion of this program leads to the Bachelor of Science degree with a major in Economics. Not eligible for a double degree with the BSBA in Business Economics.

**Admission Requirements**

- None

**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog requirements.
- Students should consult with the major advisor for the Department.
- General Education Program and Common Program Prerequisite courses are usually completed in the first 60 hours.

**General Education Program (GEP) (36 Credit Hours)**

**Communication Foundations (9 Credit Hours)**

- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Prefer)
Cultural and Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)
- STA 2023 - Statistical Methods I Credit Hours: 3 (Required)
- MAC 1105C - College Algebra Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)
Select One: (3 Credit Hours)
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Required)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Required)

Select One: (3 Credit Hours)
- ANT 2000 - General Anthropology Credit Hours: 3 (Suggested)
- PSY 2012 - General Psychology Credit Hours: 3 (Suggested)
- SYG 2000 - Introduction to Sociology Credit Hours: 3 (Suggested)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (3 Credit Hours)
See "Common Prerequisites" in the Transfer and Transitions Services section for more information.
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Course also counts as GEP)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Course also counts as GEP)

Core Requirements: Basic Level
- None

Core Requirements: Advanced Level (12 Credit Hours)
- ECO 3101 - Intermediate Microeconomics Credit Hours: 3
- ECO 3203 - Intermediate Macroeconomics Credit Hours: 3

Select one of the following sequences of courses:
- QMB 3003 - Quantitative Business Tools I Credit Hours: 3
  or
- MAC 2233 - Concepts of Calculus Credit Hours: 3
- STA 2023 - Statistical Methods I Credit Hours: 3
  or
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
- STA 2023 - Statistical Methods I
  Students must receive a "C" (2.0) or better in MAC 2233 and STA 2023 to be waived from QMB 3003

Select one of the following sequences of courses:
- QMB 3200 - Quantitative Business Tools II Credit Hours: 3
  or
- STA 4163 - Statistical Methods II Credit Hours: 3
  or
- STA 4321 - Statistical Theory I Credit Hours: 3

Restricted Electives (27 Credit Hours)
All B.S. Economics majors will be required to take a minimum of nine (9) electives by choosing from the following
- ECO 3223 - Money and Banking Credit Hours: 3
- ECO 3410 - Mathematical Economics Credit Hours: 3
For those students interested in preparing for graduate school in Economics and other graduate studies, the following courses are strongly recommended:

- ECO 3410 - Mathematical Economics Credit Hours: 3
- ECO 4412 - Econometrics I Credit Hours: 3
- ECO 4422 - Econometrics II Credit Hours: 3
- ECP 4403 - Seminar on Current Economic Topics Credit Hours: 3
- ECP 3004 - Seminar on Current Economic Topics Credit Hours: 3
- ECP 3203 - Labor Economics Credit Hours: 3
- ECP 4303 - Environmental and Natural Resource Economics Credit Hours: 3
- ECP 4403 - Industrial Organization Credit Hours: 3
- ECS 4013 - Development Economics Credit Hours: 3
- ECP 4530 - Health Economics Credit Hours: 3
- ECO 4400 - Game Theory and Economics Credit Hours: 3
- ECO 4443 - Introduction to Business Analytics Credit Hours: 3
- ECO 4412 - Econometrics I Credit Hours: 3
- ECO 4422 - Econometrics II Credit Hours: 3
- ECO 4504 - Public Economics Credit Hours: 3
- ECO 4713 - International Macroeconomics Credit Hours: 3
- FIN 3414 - Intermediate Corporate Finance Credit Hours: 3
- FIN 4504 - Equity and Capital Markets Credit Hours: 3
- FIN 4604 - International Financial Management Credit Hours: 3
- FIN 4243 - Debt and Money Markets Credit Hours: 3

Capstone Requirements

- None

Electives

- Variable

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Students majoring in Economics must earn a grade of "C" (2.0) or better in each ECO, ECP, and ECS course and in every course applied towards the major as well as a 2.0 overall average in the major.

For students interested in Finance

One course from the following list can count as a restricted elective towards the economics degree.

NOTE: FIN 3403 is a pre-requisite for these courses.
- Students are required to complete an exit survey and comprehensive exit exam in Economics.
- Students should take the exit survey and comprehensive exam in their final semester.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Students enrolled in the Honors in the Major (HIM) program who complete ECO 4903H (3 units) and ECO 4970H (3 units), and then successfully defend their thesis can substitute ECO 4970H for one restricted elective course in the major.

Dr. Nora Underwood, nunderwood@ucf.edu
Phone: 407-823-3266

The Business Economics major for the Bachelor of Science in Business Administration is designed for students who wish to receive specialized training in Economics along with core skills in business administration. Flexibility to select from a variety of courses allows students to customize their education program to their personal interests and career goals. This degree provides skills and training for careers in business and industry, law, government, politics, teaching, research, and a variety of other areas. This degree also provides a strong foundation for future graduate studies in business, economics, law and public administration. Not eligible for a double degree with another College of Business Administration major.
Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: QMB 3200, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of "C" (2.0) or better. One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Business Economics must apply for admission to the major.
- Any student receiving a business degree must complete a minimum of 30 of the 61 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
- A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Students in the Economics major must maintain a 2.0 or higher cumulative Grade Point Average in all major courses taken at UCF and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Economics major and/or College of Business. A student who is dismissed may seek consideration for re-admittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.
- Students majoring in Economics must earn a grade of "C" (2.0) or better in the following course and each course applied towards the major:
  - QMB 3200 - Quantitative Business Tools II
  - Credit Hours: 3

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Prefer)

Cultural and Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

- CGS 2100C - Computer Fundamentals for Business Credit Hours: 3 (Required)
- MAC 1105C - College Algebra Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Required)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Required)
Select One: (3 Credit Hours)

- ANT 2000 - General Anthropology  
  Credit Hours: 3 (Suggested)
- PSY 2012 - General Psychology  
  Credit Hours: 3 (Suggested)
- SYG 2000 - Introduction to Sociology  
  Credit Hours: 3 (Suggested)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (12 Credit Hours)

Must be completed with a "C" (2.0) or better.

- ACG 2021 - Principles of Financial Accounting  
  Credit Hours: 3
- ACG 2071 - Principles of Managerial Accounting  
  Credit Hours: 3
- CGS 2100C - Computer Fundamentals for Business  
  Credit Hours: 3
- ECO 2013 - Principles of Macroeconomics  
  Credit Hours: 3  
  (Course also counts as GEP)
- ECO 2023 - Principles of Microeconomics  
  Credit Hours: 3  
  (Course also counts as GEP)

Select one of the following sequences of courses:

Students who have not completed MAC 2233 and STA 2023, or MAC 2311 and MAC 2312 with a "C" (2.0) or better must take QMB 3003 - Quantitative Business Tools I  
Credit Hours: 3.

- QMB 3003 - Quantitative Business Tools I  
  Credit Hours: 3
or
- \(^1\) MAC 2233 - Concepts of Calculus  
  Credit Hours: 3 and
- STA 2023 - Statistical Methods I  
  Credit Hours: 3
- \(^1\) or MAC 2311C - Calculus with Analytic Geometry I  
  Credit Hours: 4 and
- STA 2023 - Statistical Methods I

Core Requirements: Basic Level

- None

Core Requirements: Advanced Level (36 Credit Hours)

Primary Core (15 Credit Hours)

- ACG 3173 - Accounting for Decision-Makers  
  Credit Hours: 3
- QMB 3200 - Quantitative Business Tools II  
  Credit Hours: 3
- FIN 3403 - Business Finance  
  Credit Hours: 3
- MAN 3025 - Management of Organizations  
  Credit Hours: 3
- MAR 3023 - Marketing  
  Credit Hours: 3

Secondary Core (15 Credit Hours)

- GEB 3006 - Introduction to Career Development and Financial Plannings  
  Credit Hours: 3
- GEB 3005 - Career Search Strategy  
  Credit Hours: 1
- BUL 3130 - Legal and Ethical Environment of Business  
  Credit Hours: 3
- MAR 3023 - Supply Chain and Operations Management  
  Credit Hours: 3
- GEB 4223 - Business Interviewing Techniques  
  Credit Hours: 1
- GEB 4004 - Executing Your Career Plan  
  Credit Hours: 1
- QMB 3602 - Business Research for Decision Making  
  Credit Hours: 3

Required Major Courses (6 Credit Hours)

- ECO 3101 - Intermediate Microeconomics  
  Credit Hours: 3
- ECO 3203 - Intermediate Macroeconomics  
  Credit Hours: 3

Restricted Electives (18 Credit Hours)
All B.S.B.A. Economics majors will be required to take six (6) electives by choosing from the following:

- ECO 3223 - Money and Banking Credit Hours: 3
- ECO 3410 - Mathematical Economics Credit Hours: 3
- ECO 3703 - International Microeconomics Credit Hours: 3
- ECP 3004 - Seminar on Current Economic Topics Credit Hours: 3
- ECO 3203 - Labor Economics Credit Hours: 3
- ECP 4303 - Environmental and Natural Resource Economics Credit Hours: 3
- ECP 4403 - Industrial Organization Credit Hours: 3
- ECS 4013 - Development Economics Credit Hours: 3
- ECO 4934 - Topics in Econometrics Credit Hours: 3
- ECO 4412 - Econometrics I Credit Hours: 3
- ECO 4422 - Econometrics II Credit Hours: 3
- ECO 4504 - Public Economics Credit Hours: 3
- ECO 4713 - International Macroeconomics Credit Hours: 3

Business Elective (3 Credit Hours)

Choose any upper level business course.

For students interested in preparing for graduate school in Economics and other graduate studies, the following courses are strongly recommended

- ECO 3410 - Mathematical Economics Credit Hours: 3
- ECO 4412 - Econometrics I Credit Hours: 3
- ECO 4422 - Econometrics II Credit Hours: 3
- ECP 4403 - Industrial Organization Credit Hours: 3
- ECO 4934 - Topics in Econometrics Credit Hours: 3
- ECO 4400 - Game Theory and Economics Credit Hours: 3
- ECO 4443 - Introduction to Business Analytics Credit Hours: 3

For students interested in Finance

One course from the following list can count as a restricted elective towards the economics degree.

NOTE: FIN 3403 is a pre-requisite for these courses.

- FIN 4604 - International Financial Management Credit Hours: 3
- FIN 3414 - Intermediate Corporate Finance Credit Hours: 3
- FIN 4243 - Debt and Money Markets Credit Hours: 3
- FIN 4504 - Equity and Capital Markets Credit Hours: 3

Capstone Requirements (3 Credit Hours)

Admitted to a Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, QMB 3200, and ACG 3173 or ACG 3131 are required to register for MAN 4720.

- MAN 4720 - Strategic Management Credit Hours: 3

Electives

Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C"(2.0) or better in each common program prerequisites class.
Any student receiving a business degree must complete a minimum of 30 of the 61 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

Junior Year - Spring (16 Credit Hours)
Business analytics is informed by theories from economics. Particularly important are models of incomplete information, for example, the models of moral hazard, where economic actors take hidden actions in their own self-interests, and adverse selection, where unobserved differences among economic actors known only privately to each result in their taking different actions.

Also important are models of equilibrium strategic behavior, such as those derived in the theory of noncooperative games of incomplete information, which allow the equilibrium features of models of moral hazard and adverse selection to be investigated. Perhaps the best known and most successful applications of equilibrium strategic behavior in the presence of adverse selection involve models of auctions. Auctions have garnered billions and billions of dollars for such firms as eBay and Google and have also been important in determining which firms have access to the radio spectra that make using cellphones and WiFi so convenient.

Methods of business analytics also rely heavily on tools from econometrics as well as those from mathematical economics.

(for both Business Majors and non-Business Majors)

The Economics Minor is designed to complement a broad range of business and non-business majors. The Minor requires a core of courses in economic theory and applications along with a selection of electives that can be tailored to the student's personal interests. This Minor is highly recommended for students considering graduate school in business, economics, law or public administration. Not open to students in the Economics (BS) or Business Economics (BSBA). Not open to students in the Mathematical Economics concentration of the Mathematics (BS) major.
Minor Admission Requirements

- ECO 3101 - Intermediate Microeconomics
  Credit Hours: 3

- ECO 3203 - Intermediate Macroeconomics
  Credit Hours: 3

Restricted Electives

Upper Division Restricted Electives (9 Credit Hours)

Select from any ECO, ECP or ECS courses at the 3000 - 4000 level, excluding QMB 3003 and QMB 3200.

- ECO 3101 - Intermediate Microeconomics
  Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) or "S" grades from other institutions are not accepted.
- Courses taken at Florida College System institutions do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- At least nine hours used in the minor must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Independent Study, or Directed Research credit cannot be used toward the minor.
- A maximum of 6 hours of the above listed restricted elective courses can count toward another major or minor degree program.

Department of Finance

Chair and Director: Ajai Singh
BA1 427; 407-823-5756

Assistant Chair and Assistant Director: Paul Gregg
BA1 409; 407-823-3575

Faculty: Ajayi, Byrd, Chen, Cherry, Choi, Curcio, Frye, Gatchev, Gregg, Harrison, Kullu, Lu, Oh, Pirinsky, Ramanlal, Resch, Singh, Sturm, Turnbull, Wang, Venugopal, Whyte, York, Zhang

The program in finance is designed to provide the student with broad knowledge in finance, including corporate
finance, investments (fixed income and equity securities), financial institutions, international finance, risk management and derivatives. The real estate degree includes real estate law, commercial and residential real estate finance, and real estate development.

Distinctive Benefits

- Finance students prepare for career opportunities in corporate finance, banking (commercial, investment and mortgage), investment management, financial planning, multinational business, insurance and government.
- Real estate students prepare for careers in commercial or residential real estate development and finance, or banking related to the real estate industry.
- Students who major in finance or real estate are sought by both financial and non-financial firms.

Major

Finance (B.S.B.A.)

College of Business Administration
Department of Finance,
Business Administration 1, Room: 409
http://business.ucf.edu/undergraduate-programs

Phone: 407-823-3575

The study of finance prepares students for careers in corporate finance, investments, banking and real estate. Not eligible for a double degree with another College of Business Administration major.

Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: QMB 3200, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of at least 3.0, a grade of at least "B" (3.0) in FIN 3403, at least a "B" (3.0) in ACG 3173 OR at least a "C" (2.0) in ACG 3131.

One course may be repeated one time in the next term of enrollment to meet these requirements.

- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

Degree Requirements

- Students who change their degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Finance must apply for admission to the major.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
- A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Students in the Finance major must maintain a 2.75 or higher cumulative Grade Point Average in all 3000 level or higher Finance courses taken at UCF and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Finance major and/or College of Business. A student who is dismissed may seek consideration for readmittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.
- Students must earn a "B" (3.0) or higher in FIN 3403 and ACG 3173 (or a "C" (2.0) or higher in
ACG 3131). In addition, only grades of "C" (2.0) or higher transfer into the program and students must earn a minimum of "C" (2.0) or higher in all business courses. This includes all courses under requirements Common Program Prerequisites (CPP), Core Requirements: Basic Level, Core Requirements: Advanced Level, Restricted Electives and Capstone Requirements below.

**General Education Program (GEP) (36 Credit Hours)**

**Communication Foundations (9 Credit Hours)**
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

**Cultural and Historical Foundations (9 Credit Hours)**

**Mathematical Foundations (6 Credit Hours)**
- CGS 2100C - Computer Fundamentals for Business Credit Hours: 3 (Required)
- MAC 1105C - College Algebra Credit Hours: 3 (Preferred)

**Social Foundations (6 Credit Hours)**
Select One: (3 Credit Hours)
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Required)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Required)

Select One: (3 Credit Hours)
- PSY 2012 - General Psychology Credit Hours: 3 (Suggested)
- ANT 2000 - General Anthropology Credit Hours: 3 (Suggested)
- SYG 2000 - Introduction to Sociology Credit Hours: 3 (Suggested)

**Science Foundations (6 Credit Hours)**

**Common Program Prerequisites (CPP) (12 Credit Hours)**
Must be completed with a "C" (2.0) or better.
- ACG 2021 - Principles of Financial Accounting Credit Hours: 3
- ACG 2071 - Principles of Managerial Accounting Credit Hours: 3
- CGS 2100C - Computer Fundamentals for Business Credit Hours: 3
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Course also counts as GEP)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Course also counts as GEP)

Select one of the following sequences of courses:

Students who have not completed MAC 2233 and STA 2023, or MAC 2311 and MAC 2312 with a "C" (2.0) or better must take QMB 3003.
- QMB 3003 - Quantitative Business Tools I Credit Hours: 3
- or
- ¹ MAC 2233 - Concepts of Calculus Credit Hours: 3 and
- STA 2023 - Statistical Methods I Credit Hours: 3
- ¹ or MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 and
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4

**Core Requirements: Basic Level**
- None

**Core Requirements: Advanced Level (42 Credit Hours)**

**Primary Core (15 Credit Hours)**
- ACG 3173 - Accounting for Decision-Makers
  Credit Hours: 3
- QMB 3200 - Quantitative Business Tools II
  Credit Hours: 3
- FIN 3403 - Business Finance
  Credit Hours: 3
- MAN 3025 - Management of Organizations
  Credit Hours: 3
- MAR 3023 - Marketing
  Credit Hours: 3

Secondary Core (15 Credit Hours)

- GEB 3006 - Introduction to Career Development and Financial Plannings
  Credit Hours: 3
- GEB 3005 - Career Search Strategy
  Credit Hours: 1
- BUL 3130 - Legal and Ethical Environment of Business
  Credit Hours: 3
- MAR 3203 - Supply Chain and Operations Management
  Credit Hours: 3
- GEB 4223 - Business Interviewing Techniques
  Credit Hours: 1
- GEB 4004 - Executing Your Career Plan
  Credit Hours: 1
- QMB 3602 - Business Research for Decision Making
  Credit Hours: 3

Required Courses for Major (12 Credit Hours)

- FIN 3414 - Intermediate Corporate Finance
  Credit Hours: 3
- FIN 4243 - Debt and Money Markets
  Credit Hours: 3
- FIN 4504 - Equity and Capital Markets
  Credit Hours: 3
- FIN 4424 - Advanced Topics in Financial Management
  Credit Hours: 3

Restricted Electives (15 Credit Hours)

Finance Electives (12 Credit Hours)

Select 2: (6 Credit Hours)

Minimum of 2 courses required.

- FIN 3461 - Financial Statement Analysis
  Credit Hours: 3

Business Elective (3 Credit Hours)
• Choose any upper level business course. **Credit Hours: 3**

### Capstone Requirements (3 Credit Hours)

Admitted to a Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, QMB 3200, and ACG 3173 or ACG 3131 are required to register for MAN 4720.

- MAN 4720 - Strategic Management **Credit Hours: 3**

### Electives

- Variable

### Foreign Language Requirements

### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation

### Graduation

- None

### Additional Requirements

- None

### Required Minors

- None

### Departmental Exit Requirements

- A minimum major GPA of 2.75 and a minimum College of Business GPA of 2.0.

---

### University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Undergraduate Credit Hours Required: 120

### Honors In Major

- Eligibility: Requirements for admission to the Honors in the Major program are: completion of at least 60 credit hours, completion of at least 12 upper division hours, at least a 3.5 GPA in the major, at least a 3.2 upper-division GPA, and at least two semesters remaining prior to graduation.
- Admission: Application for admission to the Honors in the Major program must be approved by both the Chair of the Finance Department and Associate Dean of the Honors College plus the payment of $25.00 one-time membership dues.
- Requirements: Students accepted into the Honors in the Major program must complete two honors courses (total of 6 credit hours) as follows:

#### Honors in Major Credit Requirements (6 Credit Hours)

##### Required Honors Reading Course (3 Credit Hours)

- FIN 4903H - Honors Directed Reading I **Credit Hours: 3**

##### Required Honors Thesis (3 Credit Hours)
- FIN 4970H - Undergraduate Honors Thesis
  Credit Hours: 3

Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C"(2.0) or better in each common program prerequisites class.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oed.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $25 per term
- Full-Time Student: $50 per term

Plan of Study

- General electives as required to earn 120 semester hours. The department recommends completing FIN 2100 - Personal Finance and Investments as a general elective, prior to the junior year.

Freshman Year - Fall (15 Credit Hours)
• ENC 1101 - Composition I Credit Hours: 3
• MAC 1105C - College Algebra Credit Hours: 3
• ECO 2013 - Principles of Macroeconomics Credit Hours: 3
• Cultural Foundation I Credit Hours: 3
• Elective Credit Hours: 3

Freshman Year - Spring (15 Credit Hours)

• ENC 1102 - Composition II Credit Hours: 3
• ECO 2023 - Principles of Microeconomics Credit Hours: 3
• Social Foundation Credit Hours: 3
• Elective Credit Hours: 3
• Elective Credit Hours: 3

Sophomore Year - Fall (15 Credit Hours)

• ACG 2021 - Principles of Financial Accounting Credit Hours: 3
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3
• Science Credit Hours: 3
• Historical Foundation I Credit Hours: 3
• Elective Credit Hours: 3

**The department suggest that students take FIN 2100 as their elective during this semester.**

Sophomore Year - Spring (15 Credit Hours)

• ACG 2071 - Principles of Managerial Accounting Credit Hours: 3
• QMB 3003 - Quantitative Business Tools I Credit Hours: 3
• CGS 2100C - Computer Fundamentals for Business Credit Hours: 3
• Historical Foundation II Credit Hours: 3

Dr. P. Phillips School of Real Estate

Chair and Director: Ajai Singh
BA1 427; 407-823-5756

Assistant Chair and Assistant Director: Paul Gregg
BA1 409; 407-823-3575

Faculty: Ajayi, Byrd, Chen, Cherry, Choi, Curcio, Frye, Gatchev, Gregg, Harrison, Kullu, Lu, Oh, Pirinsky, Ramanlal, Resch, Singh, Sturm, Turnbull, Wang, Venugopal, Whyte, York, Zhang

The program in finance is designed to provide the student with broad knowledge in finance, including corporate finance, investments (fixed income and equity securities), financial institutions, international finance, risk management and derivatives. The real estate degree includes real estate law, commercial and residential real estate finance, and real estate development.

Distinctive Benefits

- Finance students prepare for career opportunities in corporate finance, banking (commercial, investment and mortgage), investment management, financial planning, multinational business, insurance and government.
- Real estate students prepare for careers in commercial or residential real estate development and finance, or banking related to the real estate industry.
- Students who major in finance or real estate are sought by both financial and non-financial firms.

Major

Real Estate (B.S.B.A.)

College of Business Administration
Dr. P. Phillips School of Real Estate,
Business Administration I, Room: 427
http://business.ucf.edu/undergraduate-programs

Phone: 407-823-3575

The study of real estate prepares students for careers in commercial & residential real estate development and sales. Not eligible for a double degree with another College of Business Administration major.

Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: QMB 3200, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of "C" (2.0) or better. One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in real estate must apply for admission to the major.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.

Students in the Real Estate major must maintain a 2.0 or higher cumulative Grade Point Average in all major courses taken at UCF and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Real Estate major and/or College of Business. A student who is dismissed may seek consideration for readmission into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.

Students majoring in Real Estate must earn a grade of "C" (2.0) or better in the following course and each course applied towards the major:

- FIN 3403 - Business Finance

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural and Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

- CGS 2100C - Computer Fundamentals for Business Credit Hours: 3 (Required)
- MAC 1105C - College Algebra Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Required)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Required)

Select One: (3 Credit Hours)

- ANT 2000 - General Anthropology Credit Hours: 3 (Suggested)
- PSY 2012 - General Psychology Credit Hours: 3 (Suggested)
- SYG 2000 - Introduction to Sociology Credit Hours: 3 (Suggested)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (12 Credit Hours)

Must be completed with a "C" (2.0) or better.

- ACG 2021 - Principles of Financial Accounting Credit Hours: 3
- ACG 2071 - Principles of Managerial Accounting Credit Hours: 3
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Course also counts as GEP)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Course also counts as GEP)
- CGS 2100C - Computer Fundamentals for Business Credit Hours: 3

Select one of the following sequences of courses:

Students who have not completed MAC 2233 and STA 2023, or MAC 2311 and MAC 2312 with a "C" (2.0) or better must take QMB 3003 - Quantitative Business Tools I

- QMB 3003 - Quantitative Business Tools I Credit Hours: 3
or

- MAC 2233 - Concepts of Calculus Credit Hours: 3 and
- STA 2023 - Statistical Methods I Credit Hours: 3
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 and
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4

Advising Notes

• Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
• Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

Transfer Notes

• Lower division courses do not substitute for upper division courses.
• Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
• Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take QMB 3003.

• Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.
• Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

**Other Requirements**
- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) or "S" grades from other institutions are not accepted.
- Courses taken at Florida College System institutions do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- At least twelve hours used in the minor must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Independent Study, or Directed Research credit cannot be used toward the minor.
- A maximum of 6 hours of required or elective coursework (from Required Courses and Electives above) can count toward another major or minor degree program.

**Department of Management**

*Chair:* Ronald Piccolo  
BA 309; 407-823-5569

*Assistant Chair:* Lynn Becker  
BA1 309D; 407-823-3021

*Faculty:* Ambrose, Becker, Bennett, Blencoe, Cleavenger, Combs, Crossley, De George, Ehrlhart, Folger, Ford, Goodman, Joseph, McKenny, Nichols, O'Neal, Pape, Piccolo, Porter, Posey, Rockmore, Schminke, Taylor, Wang, Whiting
Tomorrow's managers must be prepared to meet the challenges of a highly dynamic and rapidly changing business environment. The objective of the Management program is to prepare students for the excitement and opportunities that this presents. To learn about management, students study the processes and techniques of leadership, planning, controlling and staffing of both small and large organizations.

The curriculum is designed to develop the expertise of all students in a common core of essential management skills and competencies, including human and organizational behavior, teamwork and collaboration, leadership and motivation, strategic and critical thinking, creativity and innovation, project management, human resources management, negotiation and conflict resolution, and persuasive written and oral communication skills. With the proper selection of restricted Management elective courses, students can earn a certificate in either Human Resource Management or Entrepreneurship while completing the Management major. Students who do not wish to concentrate in either of these areas can use restricted electives to gain additional breadth of coverage in a variety of Management topics.

The department's goal is to emphasize the expertise, knowledge, and skills necessary to be a cooperative team player and an effective team leader. Regardless of a student's focus, the curriculum will sharpen those skills in problem analysis. This major can lead to a variety of rewarding careers in management positions throughout the organization. Possible career paths include, but are not limited to, positions in training and development, personnel and employee relations, equal opportunity and labor relations, recruiting and staffing, organizational development, operations, quality assurance, project management. For students interested in starting their own business or working for smaller, fast-growing organizations, the department's entrepreneurship offerings will develop the skills needed for that career path.

Distinctive Benefits

- Excellent faculty, known for their creativity and enthusiasm in the classroom, and their commitment to students in and out of the classroom.
- A broad-based training that will open up opportunities in high-growth career areas.
- Internships that provide real-world experience and enhanced job opportunities.
- A "hands-on," applied focus in our courses.

Major

Management (B.S.B.A.)

College of Business Administration
Department of Management,
Business Administration I, Room: 309
http://business.ucf.edu/undergraduate-programs

Phone: 407-823-5569

The management major combines theory and application, with a focus on problem solving, group projects, and case analysis. The curriculum prepares students for leadership roles in a variety of organizations, including: large and small, public and private, for profit and non-for-profit. The program can also accommodate students who wish to embark on their own entrepreneurial ventures. Students majoring in management should possess strong quantitative skills, enjoy problem solving, and embrace working with people. Not eligible for a double degree with another College of Business Administration major.

Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
-Completion of the following courses at UCF or at an AACSB accredited institution: QMB 3200, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of at least 3.0, a grade of at least "B" (3.0) in MAN 3025, and no grade below a "C" (2.0). One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
• Students wanting to major in Management must apply for admission to the major.
• Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
• For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
• A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
• Students in the Management major must maintain a 2.75 or higher cumulative Grade Point Average in all 3000 level or higher Management (MAN) and Entrepreneurship (ENT) courses taken at UCF. Students must also maintain a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Management major and/or College of Business. A student who is dismissed may seek consideration for readmittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.
• Students must earn a "B" or higher in MAN 3025. In addition, only grades of "C" (2.0) or higher transfer into the program and students must earn a minimum of "C" (2.0) or higher in all business courses. This includes all courses under requirements Common Program Prerequisites (CPP), Core Requirements: Basic Level, Core Requirements: Advanced Level, Restricted Electives, and Capstone Requirements below.

General Education Program (GEP)
(36 Credit Hours)

Communication Foundations (9 Credit Hours)
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Prefer)

Minor

Entrepreneurship Minor

College of Business Administration
Department of Management,
Business Administration 1, Room: 309
Open to Business and Non-Business Students
http://www.cel.ucf.edu

Dr. Cameron Ford, cford@ucf.edu
Phone: 407-823-5569

The entrepreneurship minor provides students from all academic disciplines with entrepreneurial skills needed to create successful startup ventures, new corporate initiatives, and potent non-profit organizations. This minor is a great complement to students' education because it adds broad entrepreneurial thinking skills to the deep discipline-based expertise provided by academic majors. Participants will learn how to recognize opportunities, formulate solutions, and deliver results to those in need. These skills are essential to starting new businesses, and are valued by small and large organizations seeking employees who can create and lead innovative new initiatives.

Minor Admission Requirements

Minor Requirements

• None

Prerequisite Courses

• None

Required Courses (12 Credit Hours)

• ENT 3613 - Creativity and Entrepreneurship Credit Hours: 3
• 1 ENT 4013 - New Venture Design Credit Hours: 3
• 2 ENT 4014 - New Venture Implementation Credit Hours: 3

1 Students may substitute ENT 5016-New Venture Design for ENT 4013-New Venture Design, and/or ENT 5206-New Venture Implementation for ENT 4014-New Venture Implementation with the consent of the graduate course instructor. Contact the program coordinator for more information.

2 Students may substitute ENT 5016-New Venture Design for ENT 4013-New Venture Design, and/or ENT 5206-New Venture Implementation for ENT 4014-New Venture Implementation with the consent of the graduate course instructor. Contact the program coordinator for more information.

Select One:

1 Students may substitute ENT 5016-New Venture Design for ENT 4013-New Venture Design, and/or ENT 5206-New Venture Implementation for ENT 4014-New Venture Implementation with the consent of the graduate course instructor. Contact the program coordinator for more information.

2 Students may substitute ENT 5016-New Venture Design for ENT 4013-New Venture Design, and/or ENT 5206-New Venture Implementation for ENT 4014-New Venture Implementation with the consent of the graduate course instructor. Contact the program coordinator for more information.
The Technological Entrepreneurship Minor offers students an opportunity to learn how to develop and commercialize innovations. The courses describe several commercialization pathways including corporate ventures and licensing, but will emphasize the development of startup business ventures. Students will learn how to create economic and social value and incorporate business considerations into their problem solving and design efforts. Participants will also learn contemporary
approaches to designing and implementing technology startup business models capable of taking an innovation to market

**Foreign Language Requirements**
Total Undergraduate Credit Hours Required: 18

Other Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) or "S" grades from other institutions are not accepted.
- Courses taken at Florida College System institutions do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- At least 12 hours used in the minor must be earned at UCF.
- No credit by exam (TSD, Military credit) may be used.
- A maximum of 6 hours of the above listed required or elective courses can count toward another major or minor degree program.

Certificate

Entrepreneurship Certificate

Entrepreneurial thinking skills that help individuals recognize opportunities, create solutions, and implement plans are essential to professional success and long-term career security. This certificate introduces students to models, methods, and skills associated with developing successful startups and new social, corporate, and government ventures. The certificate is open to students from all majors who want to learn how to turn their ideas into viable projects, startups, and new ventures.

Required Courses (9 Credit Hours)

- ENT 3613 - Creativity and Entrepreneurship Credit Hours: 3
- ENT 4013 - New Venture Design Credit Hours: 3

- No Credit by Exam (TSD, Military credit) may be used.

Department of Marketing

*Chair:* Carolyn Massiah  
BA2 307; 407-823-2108  
[http://www.bus.ucf.edu/marketing/](http://www.bus.ucf.edu/marketing/)

*Faculty:* Bhardwaj, Desiraju, Hasford, He, Jami, Joshi, Keebler, Krishnamoorthy, Liu, Massiah, Mayfield-Garcías, Michaels, Steiger, Stock, Wang, Yayla-Kailu, Zemack-Rugar

The marketing major provides a superior education in foundation areas such as research, consumer behavior, professional selling, marketing management, and strategy. Our curriculum focuses on building skills in communication, teamwork, critical thinking, analysis, and strategic thinking. Among the things you will learn are how to conduct sales calls, analyze sales and profit reports, prepare marketing plans, and construct marketing strategies. Students interested in majoring in marketing have two options: the marketing management track or the
professional selling track. The marketing management track provides students with the knowledge and skills necessary to excel in entry-level positions in marketing management, product/brand management, and positions in retail management, sales, market research, and advertising/promotion. The professional selling track prepares students for positions in business-to-business, with the potential to advance into either sales management or marketing management. The curriculum is delivered by highly-talented faculty members and offers you a superior educational experience while at UCF.

The department's highest visibility offering is the professional selling program (track within the major). Admission to this renowned program is competitive; application and interview are required. Scholarships for this program are available and awarded on a competitive basis. Please see our department website for more details. An 18-hour professional selling minor is available for UCF students with majors other than marketing. Again, entry into this minor is competitive.

The regular 18-hour marketing minor provides a strong basic education in marketing for UCF students with majors other than marketing. Earning a minor in marketing can add significant value and career flexibility for any UCF student with any major. Marketing internships are available (application necessary) and there are several vibrant marketing-related student organizations in which you can participate.

**Distinctive Benefits**

- Innovative curriculum for marketing majors and minors.
- Renowned Professional Selling Program is offered as a track within the marketing major, and as a professional selling minor; application required.
- An 18-hour marketing minor is available for students with majors other than marketing.
- Seventeen dynamic faculty members are among the strongest teachers in the college.
- Comprehensive course offerings are available each semester and summer—you can finish!
- Strong emphasis on preparing students for careers in marketing management.
- Approximately 15 scholarships are awarded annually on a competitive basis.
- Opportunities to participate in internships and honors in the major programs.

- Opportunities to participate in student chapters of the Society for Marketing Professional Services, the Ad Club, and the Sales Club, and the student chapter of the American Marketing Association

**Minor**

• A maximum of 3 credit hours of the listed required courses for the Professional Selling minor can be counted towards the degree requirements of another major or minor degree program. MAR 3407 does not substitute for MAR 3391 in the Professional Selling minor.

Department of Integrated Business

Chair: James Gilkeson
BA2 222; 407-823-0390

Faculty: Alecse, Baz, Bojack, Buhagiar, Connell, Creque, Gilkeson, Henry, Leo, Maccini, Morin, Tamberelli, Valdez, Viggiano, Washick

The mission of the Integrated Business degree program is to provide a high quality, hands-on business education for UCF students that emphasizes soft-skills development, has a content focus on small and medium size, privately held businesses, and develops well-rounded multi-disciplinarians who will thrive in an environment that requires them to take on multiple roles and responsibilities for their employer.

Distinctive Benefits
• Unique program found only at UCF.
• Up-to-date source material that replaces most textbooks with free online content.
• Use of the flipped classroom approach in all course work.
• Emphasis on soft skills development, including business ethics, critical thinking, decision making, leadership, negotiations, oral presentation, professionalism, teamwork, technology, and written communication.
• Taught face-to-face on main campus and four regional campuses (Valencia East, Valencia West, Sanford-Lake Mary, and Osceola)—avoid expensive, time-consuming commutes!
• Focus on the small and medium size, privately held firms who hire 40% of UCF’s business graduates.
• Integrated Business Faculty members have decades of real world work and business ownership experience.
• Opportunities to participate in internships, student competitions, and student organizations.

Major
Integrated Business (B.S.B.A.)

College of Business Administration
Integrated Business Program,
Business Administration II, Room: 222
http://business.ucf.edu/undergraduate-programs

Phone: 407-823-5627

The Integrated Business (IB) degree is intended to develop a strong business "generalist" who has the ability and capacity to enter the workforce with a broad understanding of business and strong analytical, communication, and critical thinking skills. The program focuses on issues faced by small and medium size, privately held firms. Not eligible for a double degree or double major with another College of Business Administration major.

Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: QMB 3200, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of "C" (2.0) or better. One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Integrated Business must apply for admission to the major.
- A maximum of 6 credit hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- Students in the Integrated Business major must maintain a 2.0 or higher cumulative Grade Point Average in all major courses taken at UCF and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Integrated Business major and/or College of Business. A student who is dismissed may seek consideration for re-admittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.
- Students majoring in Integrated Business must earn a grade of "C" (2.0) or better in each course applied towards the major, and a 2.0 overall average in the major.

Advising Notes
- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

Transfer Notes
- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisite class.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

Associate Dean for Graduate and Clinical Affairs:
Glenn Lambie; 407-823-2046

Associate Dean for Research:
Dave Edyburn; 407-823-3296

Assistant Dean for Administrative Affairs:
Allison Jefferson; 407-823-0329

In 2018, UCF established the College of Community Innovation and Education (CCIE) to bring together programs focused on building strong communities. CCIE is a unique college with opportunities for students to work with faculty and community members to develop innovative solutions to complex social issues that affect communities throughout Central Florida and beyond. The college offers degree, minor and certificate programs designed to be responsive to community needs. Several of CCIE's undergraduate programs are delivered in a flexible format including both fully online and mixed-mode.

As the college anchor to UCF Downtown, select programs will hold classes in downtown Orlando beginning fall 2019. This opportunity will provide students numerous opportunities to engage in community-based experiences. Internships, practicums, and research can take place within walking distance of the downtown campus.

Office of Undergraduate Affairs and Undergraduate Advising

Director: Mariangelly "Mary" Rente
ED 110 and UCF Downtown (601 W. Livingston Street, Orlando, FL 32801)

https://ccie.ucf.edu/undergraduate-affairs
The CCIE Office of Undergraduate Affairs supports students from program admission through graduation. Beginning in fall 2019, the CCIE Office of Undergraduate Affairs will support students at the UCF Main Campus (ED 110) and at UCF Downtown (UnionWest at Creative Village). The student service teams assist students in the following undergraduate disciplines as they progress through their academic career at UCF.

- Criminal Justice
- Early Childhood Development and Education
- Elementary Education
- Emergency Management
- Exceptional Student Education
- Health Informatics and Information Management
- Health Services Administration
- Legal Studies
- Nonprofit Management
- Public Administration
- Secondary Education (English Language Arts, Mathematics, Science, and Social Science Education)
- Teacher Education (Art, Physical, and World Languages Education)
- Technical Education and Industry Training
Office of Clinical and Field Experiences

Director: Kelly Jennings-Towle
ED 110, 407-823-2518
https://ccie.ucf.edu/clinicalexp/

The Office of Clinical and Field Experiences (CAFE) provides students with a broad range of field and internship opportunities in a variety of settings developed with local school districts, businesses, non-profit organizations, community agencies, and health care settings.

Recruitment and Retention

Coordinator: Caroline Pratt Marrett
ED 110; 407-823-4409
https://ccie.ucf.edu/mtrrp/

Minority Teacher Recruitment and Retention Program (MTRRP)

The Minority Teacher Recruitment and Retention Program (MTRRP) is designed to recruit and retain diverse students as they prepare for a teaching career in education. MTRRP provides future educators with financial assistance, academic support, and professional development. Each student admitted into the program is paired with a faculty/staff mentor in the college.

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the College of Community Innovation and Education are located at: http://oeas.ucf.edu/academiclearningcompacts.html

Human Services Minor

College of Community Innovation and Education
Department of Counselor Education and School Psychology,
Education Complex, Room: 322
https://ccie.ucf.edu/cesp/counselored/ Email: counsel@ucf.edu

Contact: Dr. Bryce Hagedorn, email: Bryce.Hagedorn@ucf.edu, 407-823-2999

The Human Services minor is intended to provide students with an introduction to the human services profession and develop skills and knowledge associated with this field. The courses required for this minor help students acquire basic competencies such as communication, counseling and helping skills, knowledge of human services theory and awareness of the impact of race, gender, ethnicity, family, spirituality, government, education and social systems on the delivery of human services. Students in the 2015 catalog year and beyond may declare this minor.

Admission Requirements

- Have a minimum 2.5 overall GPA
- Complete the University General Education Program requirements or its equivalent, i.e. an A.A. degree from an approved Florida College System or State University System institution.
Minor Requirements

- Students should see an advisor prior to registering for classes.
- At least 12 hours in the minor must be earned at UCF.
- Students must earn a grade of "C" or better in all courses required for the minor.
- Must maintain a minimum overall MINOR GPA of 2.5.

Prerequisite Courses

- None

Required Courses (15 Credit Hours)

- MHS 2090 - Introduction to Human Services Credit Hours: 3
- MHS 2330 - Career Planning Credit Hours: 3
- MHS 2441 - Couples, Families and Intimate Relationships Credit Hours: 3
- MHS 3052 - Helping Skills for Human Service Providers Credit Hours: 3
- MHS 3426 - Diversity Issues in Human Services Credit Hours: 3

Restricted Electives (3 Credit Hours)

- Three semester hours of a restricted elective with PSY, SOW, DEP, EEC or EEX prefix (selected with advisor's approval).

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- No credit by exam (CLEP, Military Credit) may be used. Transfer credits from other colleges/universities may be considered.

Department of Criminal Justice

Chair: Catherine Kaukinen
HPA1 311 407-823-2603
https://ccie.ucf.edu/criminaljustice/

The Department of Criminal Justice houses the undergraduate degree program in Criminal Justice. Criminal Justice is a problem-based field of study that focuses on the nature of crime control agencies in a democratic society. The curriculum reflects the dynamic nature of the field and prepares students for challenging careers in public service and private sector organizations. The Criminal Justice Department offers diverse courses and internships, leading to careers in the field, or preparation for graduate study. The department supports Lambda Alpha Epsilon, the professional Criminal Justice fraternity, and Alpha Phi Sigma, the Criminal Justice Honor society.

Major

Criminal Justice (B.A. or B.S.)

College of Community Innovation and Education
Department of Criminal Justice, Health and Public Affairs, Room: 311
https://ccie.ucf.edu/criminaljustice/
Email: cjadvise@ucf.edu Phone: 407-823-2603

Dr. Cory Watkins, Program Coordinator, Cory.Watkins@ucf.edu

Criminal Justice (B.A. or B.S.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.
Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program before transferring within the Florida College System or State University system.
- The courses designated in the General Education Program (GEP) section below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours.
- Students must earn a grade of "C" (2.0) or better in each core course.
- Students must earn a minimum 2.0 overall GPA in courses used towards the restricted electives.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

- None

Core Requirements: Basic Level

Core Requirements: Advanced Level (30 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

1 PR: CCJ 4701

- CJE 3001 - Careers in Criminal Justice Credit Hours: 4
- CCJ 3024 - Criminal Justice System Credit Hours: 3
- CCJ 3014 - Crime in America Credit Hours: 3
- CCJ 4701 - Research Methods in Criminal Justice Credit Hours: 4
- CCJ 4746 - Data Analysis for Criminal Justice Credit Hours: 4

- CJC 3010 - Corrections and Penology Credit Hours: 3
- CCJ 4054 - Capstone: Criminal Justice Ethics Credit Hours: 3

Restricted Electives (30 Credit Hours)

Criminal Justice Upper Level Electives

- 21 hours of upper division criminal justice course work. Seniors can satisfy up to six hours of this requirement with internship and up to six hours with directed independent study; however, the combination of these non-class options shall not exceed nine hours. Program standards must be met to be eligible for either internship or independent study credit.

Supporting Electives

- 9 additional semester hours of supporting courses to be selected from an approved list provided by the department. These courses may vary from student to student depending upon individual needs or objectives, but include selected courses from public administration, legal studies, sociology, statistics, and psychology. The
supporting course requirements may also be met by using a portion of the completed hours from a minor in another program approved by the department.

Capstone Requirements

- CCJ 4054 - Capstone: Criminal Justice Ethics  
  **Credit Hours:** 3 (is required for this major.)

Electives

- None

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year at college level. Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. The foreign language credits may be used toward the 9 hour supporting course requirement. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Students must take a minimum of 36 hours of upper-division CJ credit from the UCF Criminal Justice department to obtain the UCF degree in Criminal Justice.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Scholar's Seminar

Students must complete four Scholar's Seminar courses (CCJ 4934), each with a grade of "B" (3.0) or better.

- CCJ 4934 - Emergent Criminal Justice Issues Credit Hours: 1-3

Restricted Electives (30 credits)

- 12 hours of specifically designated Scholar's Seminars
- 9 additional semester hours of upper division criminal justice (CCJ, CJC, CJE, CJJ, CJL, CJT, DSC or SCC) course work. Seniors may satisfy up to six hours of this requirement with internships and up to six hours with directed independent study; however, the combination of these non-class options shall not exceed nine hours. Program standards must be met to be eligible for either internships or independent study credit. 6 credit hours of Graduate coursework (Senior Scholars Program) recommended. Participation in Honors in the Major also recommended.

- 9 additional semester hours of non-criminal justice supportive electives. These courses may vary from student to student depending upon individual needs or objectives, but included selected courses from public administration, legal studies, sociology, statistics, and psychology. The supporting course requirements may also be met by using 9 hours from a completed minor in another program approved by the department.

Capstone Requirements

- CCJ 4054 - Capstone: Criminal Justice Ethics Credit Hours: 3 (is required for this major.)

Electives

- None

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year at college level. Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. The foreign language credits may be used toward the 9 hour supporting course requirement. ASL
proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

Additional Requirements

- Students whose overall GPA falls below 3.0 out of a possible 4.0 will not be permitted to continue in the track and will be transferred to the Criminal Justice BA/BS degree.

Required Minors

- None

Departmental Exit Requirements

- Students must take a minimum of 36 hours of upper-division CJ credit from the UCF Criminal Justice department to obtain the UCF degree in Criminal Justice.
- Students must maintain an overall GPA of 3.0 out of a possible 4.0.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Certificate

Crime Analysis and Crime Mapping Certificate

College of Community Innovation and Education
Department of Criminal Justice, Health and Public Affairs I, Room: 311

Email: cjadvise@ucf.edu Phone: 407-823-2603

Dr. Cory Watkins, Program Coordinator, Cory.Watkins@ucf.edu

Crime analysis and crime mapping are now recognized as essential and vital functions in law enforcement. Analysts take advantage of state-of-the-art computer technologies to
support operations, investigations, and management. These specialists take data and produce information that is used to identify crime patterns, monitor crime trends, forecast future crime events, prepare statistical crime reports, and work directly with investigators to identify suspects. Five courses (15 credit hours) are required for this undergraduate certificate. Certificates will be awarded only at the time of degree completion.

**Certificate Admission Requirements**

- None

**Certificate Requirements**

- Students are required to take courses as specified below and to declare the Certificate.

**Prerequisite Courses**

- There are no certificate program prerequisites; however individual courses may have prerequisites.

- CJE 4663 - Crime Mapping and Pattern Analysis **Credit Hours: 3**
- CCJ 4076 - Crime Intelligence and Investigative Support Analysis **Credit Hours: 3**

**Restricted Electives (6 Credit Hours)**

- Select two of the following:
  - CCJ 3451 - Justice System Technology **Credit Hours: 3**
  - CJE 3444 - Crime Prevention **Credit Hours: 3**
  - CJE 4654 - Crime and Place **Credit Hours: 3**
  - CCJ 3450 - The Criminal Justice Manager **Credit Hours: 3**
  - CJE 4352 - Policy Development in Law Enforcement **Credit Hours: 3**
  - CJE 4572 - Justice Agency Operations **Credit Hours: 3**

**Foreign Language Requirements**

- None

**Total Undergraduate Credit Hours**

- Required: 15

**Other Requirements**

- A minimum overall GPA of 2.0 is required in courses used to satisfy the certificate.
- At least 12 hours used in the program must be earned at UCF within the Department of Criminal Justice.
- No credit by exam (TSD, Military credit) may be used.
- Internship or Independent Study credit may not be used toward the program.
- Course substitutions must be approved by the department in advance.

**Crime Scene Investigation Certificate**

*College of Community Innovation and Education*
*College of Sciences*
*Department of Criminal Justice, Health and Public Affairs I, Room: 311*
*Department of Anthropology, Howard Phillips Hall, 403*

Dr. Sandra Wheeler, sandra.wheeler@ucf.edu, 407-823-2227
Dr. Mark Winton, Mark.Winton@ucf.edu, 407-823-2603

Crime scene processing is increasingly becoming a multi-disciplinary endeavor with the application of technologically advanced methods. Treatment of the initial crime scene is fundamental not only to the pursuit of offenders but also to the presentation of the prosecutor’s case once offenders have been apprehended. The certificate program is a means of organizing information required to perform basic crime scene investigations. It provides theoretical and practical information used to assess crime scenes, the technology available and the procedures to employ in order to produce a forensically valuable product. The program requires 15 credit hours of undergraduate
work. Certificates will be awarded only at the time of
degree completion.

Certificate Admission
Requirements

- None

Certificate Requirements

- A minimum overall GPA of 2.0 is required in
courses used to satisfy the certificate.
- At least 12 hours used in the program must be
earned at UCF.
- No credit by exam (TSD, Military credit) may be
used.
- Internship or Independent Study credit may not
be used toward the program.
- Students are required to take courses as specified
below and to declare the Certificate.

Prerequisite Courses

- Students must satisfy each course's prerequisites
before enrolling in the class.

Required Courses (12 Credit Hours)

Note: some courses have limited offerings, and should be
taken when available.

- ANT 4183 - Archaeological Sciences Credit
Hours: 3
- ANT 4521 - Forensic Anthropology Credit
Hours: 3
- CJE 4012 - Criminal Profiling in Criminal Justice
Credit Hours: 3
- CJE 4610 - Criminal Investigation Credit
Hours: 3

Restricted Electives (3 Credit Hours)

Select from the following courses:

- ANT 4115C - Archaeological Method and
Theory Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours
Required: 15

Other Requirements

- Course substitutions must be approved by both
departments in advance.

Criminal Justice
Management and
Leadership Certificate

College of Community Innovation and Education
Department of Criminal Justice,
Health and Public Affairs I, Room: 311
https://ccie.ucf.edu/criminaljustice/
Email: cjadvise@ucf.edu, 407-823-2603

Dr. Mark Winton, Mark.Winton@ucf.edu
Mr. Jerome Randall, Jerome.Randall@ucf.edu

Management and Leadership skills are required for
personnel seeking to move into positions of authority
within criminal justice agencies across local, state, federal
and international jurisdictions. Leaders of these agencies
should be prepared to meet the challenges of the 21st
century regarding administration of human resources,
personnel supervision, development, implementation and
evaluation of policies, and fiscal management including
budgeting and planning. The Undergraduate Certificate in
Criminal Justice Management and Leadership is designed
to provide a theoretical and practical knowledge-base for
students with a desire to gain skills necessary to advance
their careers in criminal justice agencies. This certificate requires 18 credits of undergraduate coursework. Four of the courses are in Criminal Justice and two are in Public Administration. Certificate will be awarded only at the time of degree completion.

Admission Requirements

- Undergraduate degree seeking student

Certificate Requirements

- Students are required to declare the certificate and take courses as specified below

Prerequisite Courses

- See course catalog for specific requirements

Required Courses

- CCJ 3450 - The Criminal Justice Manager Credit Hours: 3
- CJL 4046 - Liability Issues in Criminal Justice Credit Hours: 3
- CJE 4352 - Policy Development in Law Enforcement Credit Hours: 3
- CJE 4572 - Justice Agency Operations Credit Hours: 3

Restricted Electives

Select two of the following:

- PAD 3003 - Public Administration in American Society Credit Hours: 3
- PAD 4104 - Administrative Theory Credit Hours: 3
- PAD 4204 - Fiscal Management Credit Hours: 3
- PAD 4414 - Human Resource Administration Credit Hours: 3

Total Undergraduate Credit Hours Required: 18

Other Requirements

- Students must earn a grade of "C" or better in each course in the certificate program
- At least 12 hours used in the certificate must be earned at UCF within the department
- No credit by exam (TSD, Military credit) may be used.
- Internship or Independent Study credit cannot be used toward the certificate.
- Course substitutions must be approved by both departments in advance.

Criminal Profiling Certificate

College of Community Innovation and Education
Department of Criminal Justice,
Health and Public Affairs I, Room: 311
https://ccie.ucf.edu/criminaljustice/
Contact: cjadvise@ucf.edu, 407-823-2603
Dr. Mark Winton, Mark.Winton@ucf.edu

New and more sophisticated techniques and tools of criminal investigation are being developed to assist in meeting the challenges facing today's law enforcement officers. One area that is becoming formalized in law enforcement is criminal profiling. The certificate program in Criminal Profiling is a way of organizing the fundamental information and education required for profiling. It provides both the theoretical and practical information related to the types of crimes for which profiling is most useful. The program requires 15 credit hours of undergraduate work. Certificates will be awarded only at the time of degree completion. This certificate can be completed online and is therefore open to UCF online students.

Certificate Admission Requirements

- None
Certificate Requirements

- Students are required to take courses as specified below and to declare the Certificate.

Prerequisite Courses

- There are no certificate program prerequisites; however individual courses may have prerequisites.

Required Courses (12 Credit Hours)

- CLP 3143 - Abnormal Psychology Credit Hours: 3
- CJE 4630 - Serial Murder and Criminal Justice Credit Hours: 3
- CCJ 4690 - Sex Offenders and the Criminal Justice System Credit Hours: 3
- CJE 4012 - Criminal Profiling in Criminal Justice Credit Hours: 3

Restricted Electives (3 Credit Hours)

- Select one of the following:
  - DSC 4012 - Terrorism Credit Hours: 3
  - CJE 4610 - Criminal Investigation Credit Hours: 3
  - CCJ 4195 - Interviews & Interrogations in CJ Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 15

Other Requirements

- A minimum overall GPA of 2.0 is required in courses used to satisfy the certificate.
- At least 12 hours used in the certificate must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.
- Internship or Independent Study credit cannot be used toward the certificate.
- Course substitutions must be approved by the department in advance.

Security Management Certificate

College of Community Innovation and Education
Department of Criminal Justice,
Health and Public Affairs I, Room: 311
Contact: cjadvise@ucf.edu, 407-823-2603
Mr. Jerome Randall, Jerome.Randall@ucf.edu

The security industry is rapidly growing in the State of Florida and in the nation. This area is in need of qualified, innovative managers and leaders to meet the demands of the twenty-first century. A student in this certificate program will gain experience in risk assessment, legal issues, and contemporary approaches to security management. Certificates will be awarded only at the time of degree completion. This certificate can be completed online and is therefore open to UCF online students.

Certificate Admission Requirements

- CJT 3803 - Security Management Credit Hours: 3
The Criminal Justice System can be difficult for crime victims to navigate. This Certificate in Victim Advocacy provides a theoretical and practical knowledge base for professionals in various fields who work or plan to work with and advocate for crime victims. The program requires 15 hours of undergraduate work. Courses are offered by the Department of Criminal Justice, the College of Nursing, the Department of Sociology, and the School of Social Work. Certificates will be awarded only at the time of degree completion. This certificate can be completed online and is therefore open to UCF online students.

Certificate Admission Requirements

- None

Certificate Requirements

- Students are required to take courses as specified below and to declare the Certificate.

Prerequisite Courses

- There are no certificate program prerequisites; however individual courses may have prerequisites.

Required Courses (12 Credit Hours)

- CCJ 3667 - Victims and the CJ System Credit Hours: 3
- CCJ 4670 - Women and Crime Credit Hours: 3
- CCJ 4681 - Domestic Violence and the Justice System Credit Hours: 3
- CCJ 4632 - Older Adults and the Criminal Justice System Credit Hours: 3

Restricted Electives (3 Credit Hours)

Select one of the following:

- SYP 4521 - Crime Victims in Society Credit Hours: 3
- NUR 4516 - Crisis Intervention Credit Hours: 3
• SOW 4754 - Forensic Social Work Theory and Practice Credit Hours: 3
• CJJ 4564 - Juvenile Justice System Credit Hours: 3
• CCJ 4690 - Sex Offenders and the Criminal Justice System Credit Hours: 3
• CCJ 4129 - Cultural Diversity in Criminal Justice Credit Hours: 3

Foreign Language Requirements

• None

Total Undergraduate Credit Hours Required: 15

Other Requirements

• A minimum overall GPA of 2.0 is required in courses used to satisfy the certificate.
• At least 12 hours used in the program must be earned at UCF.
• No credit by exam (TSD, Military credit) may be used.
• Internship or Independent Study credit cannot be used toward the certificate.
• Course substitutions must be approved by the department in advance.

Admission Requirements

• Completion of a Statewide Articulated A.S. in Criminal Justice from a Florida College System institution which is composed of 64 hours of course work, including at least 18 hours of transferable general education courses.

Degree Requirements

• Students who change degree programs and select this major must adopt the most current catalog.
• The courses designated in section 1 below may be taken at a Florida College System institution.
• Students must earn a grade of "C" (2.0) or better in each core course.
• Students must earn a minimum overall GPA of 2.0 in all courses used to satisfy the restricted electives.

General Education Program (GEP) (36 Credit Hours)

• Students will complete 18 hours of selected General Education courses. The specific courses will be determined in coordination with General Education courses completed as part of the articulated A.S. and come from the following areas:

Articulated A.S. Programs

Criminal Justice, A.S. to B.S. Track (B.S.)

Social Foundations

Science Foundations

Common Program Prerequisites (CPP)

• Completed as part of the approved A.S. program
See "Common Prerequisites" in the Transfer and Transition Services section.

Core Requirements: Basic Level
- None

Core Requirements: Advanced Level (30 Credit Hours)
- CJE 3001 - Careers in Criminal Justice Credit Hours: 4
- CCJ 3024 - Criminal Justice System Credit Hours: 3
- CCJ 3014 - Crime in America Credit Hours: 3
- CCJ 4701 - Research Methods in Criminal Justice Credit Hours: 4
- CCJ 4746 - Data Analysis for Criminal Justice Credit Hours: 4
- CIL 3510 - Prosecution and Adjudication Credit Hours: 3
- CJC 3010 - Corrections and Penology Credit Hours: 3
- CJE 4014 - Police and Society Credit Hours: 3
- CCJ 4054 - Capstone: Criminal Justice Ethics Credit Hours: 3

Restricted Electives (21 Credit Hours)
- 21 hours of upper criminal justice course work. Seniors can satisfy up to six hours of this requirement with internship and up to six hours with directed independent study; however, the combination of these non-class options shall not exceed nine hours. Program standards must be met to be eligible for either internship or independent study credit.
- 9 additional semester hours of supporting courses to be selected with and approved by the student’s advisor. These courses may vary from student to student depending upon individual needs or objectives, but include selected courses from public administration, legal studies, sociology, statistics, and psychology.

Capstone Requirements
- CCJ 4054 - Capstone: Criminal Justice Ethics Credit Hours: 3 (is required for this major.)

Electives
- None

Foreign Language Requirements

Admissions
- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation
- None

Additional Requirements
- None

Required Minors
- None

Departmental Exit Requirements
- Students must take a minimum of 36 hours from the department to obtain the UCF degree in Criminal Justice

University Minimum Exit Requirements
- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 130

Faculty: Baldwin, Ceballos, Cox, Eadens, Gordon, King, Marshall, Vitale, Walker

The Department of Educational Leadership and Higher Education (HELE) offers degree options, both at the undergraduate and graduate level, that provide students with a critical understanding of working collaboratively in K-12 and higher education administration, educational policy and technical education.

Major

Technical Education and Industry Training (B.S.)
The mission of the undergraduate Technical Education and Industry Training program is to prepare highly effective educators for secondary school districts, post-secondary institutions and trainers for industry who are knowledgeable in their field, reflect teaching practices that are research-based, motivate students to be life-long learners, and supply their students with the skills necessary to compete in a new global community. This degree does not lead to an initial teacher certification at the state level.

Technical Education and Industry Training (B.S.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

### Minor

#### Technical Education and Industry Training Minor

**College of Community Innovation and Education**  
Department of Educational Leadership and Higher Education,  
Education Complex, Room: ED 220 C  
https://ccie.ucf.edu/elhe/career-and-technical-education/

Contact: Dr. Lisa Martino, Lisa.Martino@ucf.edu, 407-823-6184

The minor in Technical Education and Industry Training provides a limited, but substantive experience in the area of technical education and industry training of adults. The minor is not available to students in the College of Community Innovation and Education with the exception of Sport and Exercise Science. The minor does not lead to teacher certification or admission to the College of Community Innovation and Education. All courses are offered solely using the Web. This minor is available for students in the 2003 catalog year and beyond.

#### Minor Admission Requirements

- Minimum 2.5 overall GPA
- Complete the University General Education requirements or its equivalent, i.e. an AA degree from an approved Florida College System or State University System institution.

#### Minor Requirements

- None

#### Prerequisite Courses

- None

#### Required Courses (18 Credit Hours)

UCF Undergraduate Catalog 2019-2020 - 446
ADE 4382 - Teaching Adult Learners in Technical Programs Credit Hours: 3
ECT 4384 - Advanced Teaching Techniques for Career Education Credit Hours: 3
ECT 3062 - Professional Roles of the Career & Technical Teacher Credit Hours: 3
ECT 3367 - Evaluation of Career & Technical Education Instruction Credit Hours: 3
ECT 4184 - Curriculum Development Techniques for Industry Training Credit Hours: 3
ECT 4004 - Principles and Practices of Technical Education Credit Hours: 3

Restricted Electives

- None

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- A minimum of 4 courses of the 6 required must be completed at UCF within the program of courses listed above.
- A grade of "C" (2.0) or better must be achieved in each course used for this Minor.
- Internship, Co-op, or Independent Study credit cannot be used towards this Minor.
- No Military credit can be used toward this Minor.
- Completion of this Minor does not complete requirements for certification as a Vocational Education teacher nor does it constitute admission to the College of Community Innovation and Education.

Chair: Reid Oetjen
DPAC 401 (UCF Downtown); 407-823-2359
https://ccie.ucf.edu/hmi/

The Department of Health Management and Informatics in the College of Community Innovation at the University of Central Florida is a global leader in the areas of health administration and informatics and is devoted to being the premier provider of: globally focused faculty research; quality education; and community commitment; all of which are enhanced by the diversity of its faculty, staff, and students. This commitment helps us to fulfill our commitment to transforming healthcare, one student at a time. In order to realize this mission, the department offers two undergraduate degree programs in Health Services Administration and Health Informatics and Information Management. Each program is designed to provide students with the skills and knowledge necessary to become a leader in the field of health care management.

Program in Health Services Administration

The Bachelor of Science in Health Services Administration program is an upper-division professional curriculum that focuses on the managerial side of the health care industry. The program curriculum is designed to provide students with the necessary industry knowledge and job skills needed by entry-level managers in a variety of health care organizations. Program graduates are prepared for entry-level management positions in all types of health care organizations, including hospitals, ambulatory care centers, assisted living facilities, medical group practices, long-term care facilities, and home health care agencies. This program will also prepare students for study in advanced degrees in Health Services Administration or related disciplines.

The program attracts a diverse student population interested in health care management. Students without a background in the health care industry are attracted to this major and are able to build a foundation in health services administration in order to enter the industry. Some students who enter the program have clinical work experience such as respiratory therapists, emergency medical technicians, radiographers and medical laboratory technologists, while other students may hold an A.S. degree or a nationally recognized license.
The core requirements of the program have course work in areas such as health care systems, finance, administration, research, terminology, law, ethics and economics. In addition, students are encouraged to take additional elective courses that will enhance their background in the health care industry. Participation in an internship is also required. All core courses are offered as web-based as well as mixed mode format.

The Bachelor of Science in Health Services Administration program is fully certified by AUPHA-The Association of University Programs in Health Administration.

Program in Health Informatics and Information Management

Health information managers are professional members of the modern health care team responsible for:

1. the acquisition and supervision of complete medical records on each patient,
2. the design and management of health information systems which collect, process, store, retrieve, and release health information and statistics,
3. assistance to administration, other health professionals, and medical staff in developing quality assurance programs by abstraction of medical data, preparation of statistical reports, and analysis of information, and
4. assistance in collection and analysis of data for public health services planning.

The curriculum of the Health Informatics and Information Management program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

The HIIM Program is a limited access program and requires a separate application to the program by March 1 for August admission and October 1 for January admission. Graduates of the Health Informatics and Information Management program are eligible to take the AHIMA Registered Health Information Administration Certification examination. Upon successfully passing the examination, the graduate will be recognized as a Registered Health Information Administrator (RHIA).

Major

Health Informatics and Information Management (B.S.)

Program in Health Informatics and Information Management

Health information managers are professional members of the modern health care team responsible for:

Health Informatics and Information Management (B.S.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- Separate application to the limited access program must be made directly to the program prior to March 1 for fall admission of the year admission is sought or October 1 for the following year spring admission.
- UCF application must also be submitted by the program deadline of March 1st for fall and October 1st for spring. Acceptance to UCF is necessary before acceptance to the program can occur.
- This limited access program is work-intensive and courses include clinical practice in a variety of settings. Due to this it is strongly recommended that students be at least one year post high school prior to applying to the program. Students with concerns or questions should contact the program to schedule an appointment with an advisor.
- Student must complete all general education, foreign language admissions, and program prerequisites prior to the start of the program.
- All applicants must have a minimum overall GPA of 2.5 and complete all program prerequisite courses with at least a grade of "C" (2.0)
- Acceptance to the university does not necessarily constitute admission to the upper division Health
Informatics and Information Management program.

**Degree Requirements**

- Students who are pending Health Informatics and Information Management and are admitted to the program must adopt the most current catalog
- Students should complete the General Education Program, Foreign Language Admissions and the Common Program Prerequisites Requirements before transferring within the Florida College System or State University System.
- Students should consult with a departmental advisor
- The courses designated in sections 1 and 2 below may be taken at a Florida College System institution, and should be completed in the first 60 hours
- A minimum overall GPA of 2.5 and a minimum grade of "C" (2.0) in prerequisite and major courses is required for admission to, continuation in, and graduation from the Health Informatics and Information Management Program
- UCF Residency Requirement: 30 hours

**General Education Program (GEP)**

Dr. Mark Bush, Undergraduate Program Director
mark.bush@ucf.edu

This program is currently available online and in the classroom. Students who choose to take online courses are
urged to complete either CGS 2100C or CGS 1060C prior to enrolling in online-based courses. After enrolling in online courses, students should visit http://learn.ucf.edu. Students must complete all University-wide graduation requirements (general education, foreign language, Gordon Rule, etc.), some of which are rarely online. Prerequisite courses are rarely offered online. For more information, see http://distrib.ucf.edu/home. Students in this major are required to have an overall GPA of 2.5 or better upon graduation. Although a minimum overall GPA of 2.5 is needed for the program, students should plan to maintain a higher GPA to be competitive for graduate programs in Health Services Administration as those programs require a GPA of at least 3.0 for admission.

Health Services Administration (B.S.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Students should complete the General Education Program and the Common Program Prerequisites before transferring within the Florida College System or State University System.
- Students should consult with a departmental advisor prior to first semester of enrollment.
- The courses designated in sections 1 and 2 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours
- UCF Residency Requirement: 30 hours
- HSA Residency Requirement: Students must complete at least 42 credit hours of the core requirements at UCF in the department of Health Management and Informatics.
- Students must achieve at least 2.5 overall GPA for graduation.
- Satisfactory completion of HSA 4850 - Health Services Administration Internship

Select one:

• HSA 4702 - Health Sciences Research Methods Credit Hours: 3
• HSA 4003 - The Patient Experience from an Administrator's Perspective Credit Hours: 3

Restricted Electives

• None

Capstone Requirements (3 Credit Hours)

• HSA 4939 - Health Services Administration Capstone Credit Hours: 3

Electives

• Students are encouraged to select with their advisor additional Health Service Administration courses as electives or other courses that will enhance their background in the health care industry. These may be used to build minors and certificates offered by the University. Examples include: Health Informatics and Information Management, Health Sciences, Aging Studies, Public Administration, and Business.

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• Students who transfer with an AA degree from a Florida College System institution and will be pursuing a BS degree must meet the University foreign language admission requirements for graduation.

Additional Requirements
As a requirement for the Bachelor of Science in Health Services Administration major, students must complete an internship within the administrative realm of an actual health care organization. In order to participate in the HSA Internship the student must: 1) Have earned at least 90 Credit Hours prior to the start of the semester in which the internship begins; 2) Have earned at least 24 HSA Credit Hours prior to the start of the semester in which the internship begins; 3) Have a Major GPA of 2.75 prior the start of the semester in which the internship begins. Additionally, many health care organizations will require that students complete a background check, which may include, but not be limited to, law enforcement finger printing, state driving records, credit reports, and criminal records check. The cost of the background check is the student's responsibility. Background checks may take time to complete and, subsequently, could delay the student's internship placement. It is advised that, in the semester prior to the internship, the student contact the organization directly to obtain further information on the organization's background check requirements. Students who have potential background issues must contact the Director of Internships to schedule an interview in order to discuss the impact on field placement. The Health Services Administration Program cannot guarantee internship placement or subsequent degree completion for students who do not pass background checks.

Required Minors

- None

Departmental Exit Requirements

- Students earn an overall GPA of at least 2.5 for all coursework.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded

- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

Department of Learning Sciences and Educational Research

UCF Undergraduate Catalog 2019-2020 - 458
Chair: Richard Hartshorne  
ED 206; 407-823-5101  
Academic Support Services Coordinator:  
Erica Mendoza-Moreira  
https://ccie.ucf.edu/lser/  

Faculty: Azevedo, Bai, Biraimah, Boote, Campbell, Clark, Eriksson, Gill, Gunter, Hahs-Vaughn, Harshorne, Hirumi, Hoffman, Jackson, Jeanpierre, Mendoza-Moreira, Sivo, Taub

The Department of Learning Sciences and Educational Research (LaSER) is an interdisciplinary department focusing on the application of psychological theories and research addressing how people learn; how educators can meet the needs of diverse advanced, gifted, and talented learners; the design and application of qualitative, quantitative, and mixed research methodologies, measurement, and program evaluation; and the design, development, implementation, and evaluation of innovative instructional methodologies and programs in K-12, higher education, and business and industry settings.

Department of Legal Studies

Chair: Alisa Smith  
DPAC 430 (UCF Downtown); 407-823-1670  
https://ccie.ucf.edu/legalstudies/  

Faculty: Bast, Beckman, K. Consalo, M. Consalo, Fiesta, Koblasz, Merriam, Meltzer, Milon, Pons, Ravich, Scott, Slaughter, Wood

The Legal Studies Program provides students with a broad understanding of basic principles of law and the role and function of the legal system. In addition to preparing students for law-related careers, the program provides a solid foundation for law school. While no specific major is required for admission to law school, a degree in Legal Studies presents students with an unparalleled opportunity for law school preparation. All Legal Studies faculty are graduates of ABA-approved law schools, and practice/have practiced law.

Legal Studies students are encouraged to work closely with their program advisor in planning degree completion and career goals. Satisfactory completion of program requirements leads to the degree of Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) in Legal Studies. The B.A. requires two semesters of college-level foreign language; the B.S. requires two years of high school foreign language.

Major

Admission Requirements
None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program before transferring within the Florida College System or State University System.
- Students should regularly meet with their program advisor.
- The courses designated in section 1 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours.
- 33 hours of PLA coursework must be taken at UCF.
- 2.0 in all PLA coursework at UCF and overall.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

- None

Core Requirements: Basic Level

- None

Core Requirements: Advanced Level (12 Credit Hours)

All core requirements must be completed with a minimum grade of "C" (2.0) to satisfy the major.

- PLA 3014 - Law and the Legal System Credit Hours: 3
- PLA 3108 - Legal Research Credit Hours: 3
- PLA 3155 - Legal Writing Credit Hours: 3
- PLA 4705 - Professionalism & Civility in the Law Credit Hours: 3

Restricted Electives (33 Credit Hours)

Upper Division Restricted Electives (24 Credit Hours)

- Students must select at least two (2) courses from at least four (4) of the following areas of concentration:
  - Law and Policy
  - PLA 3277 - The Law of Torts Credit Hours: 3 or
  - PLA 3306 - Criminal Law Credit Hours: 3 or
  - PLA 3309 - Criminal Procedure Credit Hours: 3 or
  - PLA 4020 - Law and Society Credit Hours: 3 or
  - PLA 4022 - Contemporary Issues in Law Credit Hours: 3 or
  - PLA 4485 - Administrative Law Credit Hours: 3 or
  - PLA 4554 - Environmental Law Credit Hours: 3 or
  - PLA 3205 - Civil Practice and Procedure Credit Hours: 3 or
  - PLA 3951H - Honors Moot Court Credit Hours: 3 or
  - PLA 4226 - Advanced Trial Advocacy Credit Hours: 3 or
  - PLA 4240 - Negotiation Alternatives in Law Credit Hours: 3 or
  - PLA 4263 - Evidence Credit Hours: 3 or
Additional PLA Electives in Legal Studies (9 Credit Hours)

Select three additional Legal Studies courses from the following areas: Law and Policy; Advocacy; Law and Technology; Family Matters; or International.

Supporting Courses (3 Credit Hours)

- Students must complete 3 credit hours of supporting coursework from an approved list provided by the department.

Capstone Requirements (3 Credit Hours)

- Students must complete Capstone or Internship. Capstone or Internship must be completed with a minimum grade of "C" (2.0) to satisfy the major.
- Prerequisite for Capstone and Internship is PLA 4705 Professionalism & Civility in the Law.
- Students must be recommended by PLA 4705 faculty for an internship.
- If students elect to complete an Internship they must complete a minimum 3 credit hours of Internship. *A fee may be required as part of the placement application process.

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.
- BS: Proficiency equivalent to one semester of college instruction in a foreign language. Standardized examinations for foreign languages may be used to meet the requirement.
Departmental Exit Requirements

- Students must take a minimum of 33 hours of PLA courses at UCF. The total semester hours required is 120.
- Second Bachelor's degree students must complete a minimum of 33 credit hours of Legal Studies (PLA) coursework after being admitted as a second degree-seeking student.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

- 15

**Other Requirements**

- A minimum overall GPA of 2.0 is required in courses used to satisfy the certificate.
- No credit by exam (TSD, Military credit) may be used.
- Internship or Independent Study credit cannot be used toward the certificate.
- At least 12 hours used in the program must be earned at UCF.

Litigation and Advocacy Certificate

College of Community Innovation and Education
College of Sciences
Department of Legal Studies
Nicholson School of Communication

https://ceie.ucf.edu/legalstudies/

Email: drk@ucf.edu
Email: nassc@ucf.edu

Dr. Margarita Koblasz, drk@ucf.edu, 407-823-1670
Phone: NASSC: 407-823-2681

Students who obtain a certificate in Litigation and Advocacy will have the practical, working understanding of legal advocacy as well as public speaking skills that are equally relevant in the courtroom and the workplace. Students will be better versed in critical thinking, argumentation, and the relationships between legal and social advocacy. The knowledge and skills they will develop in gathering evidence, developing arguments, and understanding diverse populations will help them become more marketable, both as potential law students as well as communication professionals.

**Admission Requirements**

- None

**Certificate Requirements**

- Students are required to take courses as specified below and to declare the Certificate.

**Prerequisite Courses**

- Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (9 Credit Hours)**

Students must satisfy the prerequisites, if any, for each course before enrolling in the class.

- PLA 4703 - Professional Ethics and Liability **Credit Hours:** 3
- PLA 4910 - Trial Advocacy **Credit Hours:** 3
- Select one:
  - SPC 3513H - Honors Argumentation and Debate **Credit Hours:** 3
  - SPC 4513C - Argumentation and Debate **Credit Hours:** 3

**Restricted Electives (6 Credit Hours)**

Students must satisfy the prerequisites, if any, for each course before enrolling in the class.

Urban Real Estate and Development Certificate

College of Community Innovation and Education
College of Business Administration
Department of Legal Studies, UCF Downtown, Dr. Phillips Academic Commons (DPAC), Room: 430
https://www.ceic.ucf.edu/legalstudies/
School of Public Administration, UCF Downtown, Dr. Phillips Academic Commons (DPAC), Room: 446
Department of Finance, Business Administration Building, Room: 409

Dr. Margarita Koblasz, drk@ucf.edu, (407) 823-1670
Paul P. Gregg M.S.A. C.P.A., paul.gregg@ucf.edu, (407) 823-3156

The Urban Real Estate and Development Certificate provides an interdisciplinary focus on real estate, development, and law in an urban setting. With over 80% percent of Americans living in an urban environment and more working in cities, this certificate provides students with the marketable skills to understand the law, financing, and societal aspirations in urban development. The certificate will attract students interested in business, law, real estate, banking, government and private firms. Finally, the UCF downtown campus is situated in an urban environment, providing the most appropriate real-world setting for this certificate.

The Urban Real Estate and Development Certificate is an interdisciplinary partnership between the Legal Studies Department, the College of Business, and the School of Public Administration.

Certificate Requirements

Students are required to take courses as specified below and to declare the Certificate.

Prerequisite Courses

It is strongly recommended students complete FIN2100 Personal Finance in addition to the required course listed below.

- FIN 3403 - Business Finance Credit Hours: 3

Required Courses: (9 hrs.)

*Students must satisfy the prerequisites, if any, for each course before enrolling in the class.*

- PLA 3615 - Property and Real Estate Law Credit Hours: 3
- PLA 4617 - Urban Development Law Credit Hours: 3
- REE 3043 - Fundamentals of Real Estate Credit Hours: 3

Restricted Electives: (6 hrs.)
Students must satisfy the prerequisites, if any, for each course before enrolling in the class. Student should select electives with the assistance of an advisor.

Pick one from the following three (3) courses:
- REE 4103 - Real Estate Appraisal and Valuation Credit Hours: 3
- REE 4303 - Real Estate Investment Analysis Credit Hours: 3
- REE 4312 - Real Estate Market Analysis Credit Hours: 3

Pick one from the following six (6) courses:
- PAD 3330 - Urban and Regional Planning Credit Hours: 3
- PAD 4331 - Land Use and Planning Credit Hours: 3
- PAD 4334 - Urban Design Credit Hours: 3
- PLA 4485 - Administrative Law Credit Hours: 3
- PLA 4464 - Bankruptcy Credit Hours: 3
- PLA 4436 - Florida Partnerships Credit Hours: 3

Foreign Language Requirements
None

Total Semester Hours Required
15

Other Requirements
- A minimum overall GPA of 2.0 is required in courses used to satisfy the certificate.
- No credit by exam (TSD, Military credit) may be used.
- Internship or Independent Study credit cannot be used toward the certificate.
- At least 12 hours used in the program must be earned at UCF.

Accelerated Undergraduate-Graduate Program

UCF Legal Studies/Barry Law/Touro Law (B.A. / B.S. to J.D.)

College of Community Innovation and Education
Department of Legal Studies,
UCF Downtown, Dr. Phillips Academic Commons (DPAC), Room: 430
http://ccie.ucf.edu/legalstudies/
Email: legalstudies@ucf.edu
Phone: 407-823-1670

Mrs. Kristal Johnson, Program Coordinator,
k.johnson@ucf.edu
Dr. Marc Consalo, Internship Coordinator,
marc.consalo@ucf.edu, 407-823-2970

Students seeking admission to either Barry University Dwayne O. Andreas School of Law in Orlando, Florida, or Touro College Jacob D. Fuchsberg Law Center in Central Islip, New York, through the accelerated legal studies program will meet all admissions requirements for the above referenced law school(s) and obtain a B.A./B.S. in Legal Studies after completion of the first year of the law school curriculum and all UCF requirements.

Admission Requirements

Students should apply for selection into this program no later than the end of the first semester of their junior year. Early student applications will also be accepted. Eligibility requirements include being a declared Legal Studies major, SAT score of 1175, high school GPA of 3.6, successful completion of a minimum of 15 credit hours of UCF course work with a 3.2 UCF GPA, completion of at least 33 credit hours of the required coursework in sections 4 and 5 below in residence at UCF, a personal statement essay, two letters of recommendation and a personal interview. More information about the admission and selection process (as well as deadlines for the application process) may be found at http://www.ccie.ucf.edu/legalstudies/

Degree Requirements

- Students selected by UCF faculty members for participation in the Accelerated Law Program
must complete all UCF General Education Program requirements, all requirements for the major (B.A. or B.S.) in Legal Studies, and at least 90 total credit hours towards the baccalaureate degree.

- Participants must maintain a minimum 3.2 overall GPA and cumulative 3.5 GPA in all UCF legal studies coursework. Failure to achieve minimum GPA requirements in any one semester may disqualify a student from further participation in the 3+3 Accelerated Law program.

- Participating students may elect to complete their UCF bachelor's degree in residence at UCF under the following circumstances: students not accepted by Barry or Touro Law may complete their remaining requirements for graduation from UCF with a bachelor's degree; students who decide to opt out of the 3+3 Accelerated Law Program may elect to fulfill their remaining requirements for graduation from UCF with a bachelor's degree; and students who do not successfully complete their first year of course work at law school may elect to return to UCF to fulfill their remaining requirements for graduation from UCF with a bachelor's degree. Students decelerating to UCF are bound by the UCF catalog requirements applicable to the year the student first entered UCF. For students passing some, but not all, of their required first year classes at Barry or Touro, classes successfully completed with a grade of "C" (2.0) or better will transfer back to UCF towards the successful completion of the student's electives needed for graduation.

- Only courses with grades of "C" (2.0) or better can be transferred to UCF's legal studies' program of study.

- Students are required to consult with a departmental advisor each semester at UCF to ensure that student is wholly advised as to all specific program requirements. Failure to meet with a departmental advisor each semester constitutes grounds for dismissal from the Accelerated Law Program.

UCF General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)
- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)
- None

Core Requirements: Basic Level
- None

Core Requirements: Advanced Level (18 Credit Hours)

All core requirements must be completed with a minimum grade of "C" (2.0) to satisfy the major.
- PLA 3014 - Law and the Legal System Credit Hours: 3
- PLA 3108 - Legal Research Credit Hours: 3
- PLA 3155 - Legal Writing Credit Hours: 3
- PLA 3205 - Civil Practice and Procedure Credit Hours: 3
- PLA 3615 - Property and Real Estate Law Credit Hours: 3
• PLA 4703 - Professional Ethics and Liability  
  Credit Hours: 3

Restricted Electives (30 Credit Hours)

Upper Division Restricted Electives (21 Credit Hours)

• 21 additional hours of Legal Studies coursework selected in consultation with an advisor

Supporting Courses (9 Credit Hours)

• Students pursuing the B.A. degree must complete nine semester hours of supporting courses chosen with the approval of the student's advisor. Students pursuing the B.S. degree must complete fifteen hours of supporting courses chosen with the approval of the student's advisor.

Capstone Requirements (3 Credit Hours)

Capstone must be completed with a minimum grade of "C" (2.0) to satisfy the major.

• PLA 4935 - Capstone: Legal Issues  
  Credit Hours: 3

Electives

If students chose the following electives, they must complete them with a minimum grade of a "C" (2.0):

• PLA 4020 - Law and Society  
  Credit Hours: 3
• PLA 4240 - Negotiation Alternatives in Law  
  Credit Hours: 3
• PLA 4910 - Trial Advocacy  
  Credit Hours: 3

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

• BS: Proficiency equivalent to one semester of college instruction in a foreign language or one course with a multicultural dimension. Standardized examinations for foreign languages may be used to meet the requirement

Additional Requirements

• Students in the accelerated program will complete the following courses in their first year at either Barry or Touro Law:

Barry Law School:

Fall Semester

• LAW 5011 - Civil Procedure  
  Credit Hours: 4
• LAW 5337 - Contracts  
  Credit Hours: 4
• LAW 5106 - Criminal Law  
  Credit Hours: 3
• LAW 5110 - Legal Methods I  
  Credit Hours: 1
• LAW 5010 - Legal Research and Writing I  
  Credit Hours: 3

Spring Semester

• LAW 5206 - Criminal Procedure  
  Credit Hours: 3
• LAW 5288 - Property  
  Credit Hours: 4
• LAW 5219 - Torts  
  Credit Hours: 4
• LAW 5210 - Legal Methods II  
  Credit Hours: 1
• LAW 5020 - Legal Research and Writing II  
  Credit Hours: 3
Touro Law School

Fall Semester

- LAW 643 - Legal Process I Credit Hours: 3
- LAW 671 - Civil Dispute Resolution and Procedure I Credit Hours: 3
- LAW 610 - Contracts I Credit Hours: 3
- LAW 615 - Torts I Credit Hours: 3
- LAW 617 - Criminal Law I Credit Hours: 3

Spring Semester

- LAW 633 - Legal Process II Credit Hours: 3
- LAW 672 - Civil Dispute Resolution and Procedure II Credit Hours: 3
- LAW 611 - Contracts II Credit Hours: 3
- LAW 628 - Torts II Credit Hours: 3
- LAW 631 - Property I Credit Hours: 3

Required Minors

- None

Departmental Exit Requirements

- For the accelerated program, the degree is awarded after successful completion of the first year of law school at either Barry or Touro Law and completion of all UCF requirements. All course work must be at the "C" (2.0) level or higher for transfer purposes.
- The accelerated program student must have completed all of the UCF General Education Program Requirements, all requirements for the Legal Studies Major, and a minimum of 90 combined credit hours of work at UCF before matriculating to law school under this program.
- Students must earn the equivalent of 120 hours of course work (UCF and Law School (first year or second year of Law School credit hours) before receipt of a UCF Legal Studies Degree.
- For students decelerating to the 4 year B.A./B.S. program, the student must complete all coursework in the baccalaureate curriculum as shown for a Legal Studies B.A./B.S. degree as specified in the catalog and all university requirements, including the completion of 120 credit hours.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

  http://www.oelas.ucf.edu/alc/academic_learning_comacts.htm

School of Public Administration

Director: Naim Kapucu
DPAC 446 (UCF Downtown); 407-823-2604
https://ccie.ucf.edu/public-administration/

Faculty: Bryer, Buckingham, Concha, Emrich, Fennessey, Hall, Hawkins, Hu, Kapucu, Knox, Korosec, Krick, Larson, Liou, Mitchell, Myser, Rogers, Seigler, Stephens, Stevens, Yeo, Yu, Zavattaro

The School of Public Administration develops future public service professionals through a variety of degrees and minors providing students with a broad understanding of public administration, nonprofit management, urban and regional planning, and emergency management and homeland security. The School prepares students for professional careers in public service in all levels of the public sector, in nonprofit organizations, and in private organizations that provide services for government. The public sector is vast and includes over 22 million employees at the city, county, state, and federal levels. The nonprofit sector has expanded to nearly half that number and will continue to expand in order to meet the needs of the communities it serves, and as a result of governments contracting with nonprofit and private organizations, there is an increase in demand for the nonprofit and private sectors to deliver important public services. The Bachelor of Arts or Science degree in Public Administration enables students to attain entry level positions in government, nonprofit organizations, and other organizations that provide services for government. Those seeking senior management and executive positions are strongly encouraged to pursue the Master of Public Administration (MPA), the Master of Nonprofit Management (MNM), the Master of Science in Urban and Regional Planning (MSURP), the Master of Emergency and Crisis Management (MECM) or the Master of Research Administration (MRA).

Major

Emergency Management (B.A. / B.S.)

College of Community Innovation and Education
School of Public Administration,
UCF Downtown, Dr. Phillips Academic Commons

## Restricted Electives (24 Credit Hours)

## Required Minor (18 Credit Hours)

- Students are required to complete a minor that will enhance their background in the Emergency Management field. Approved Minors include: Public Administration, Urban and Regional Planning, Nonprofit Management, Health Services Administration, Intelligence and National Security, Criminal Justice, Terrorism Studies, Technical Communication, Mass Communication, and Secure Computing and Networks. Students may not choose Emergency Management and Homeland Security as a minor. Other minors must be approved by the Program Director.

## BA/BS Option (6 Credit Hours)

- Students pursuing the BA degree must demonstrate proficiency in a foreign language equivalent to one year in college. ASL I and II (ASL 2140 and ASL 2150) can also be used to fulfill this requirement.
• Students pursuing the BS degree must complete two additional courses from the following list (please note that courses used to satisfy the required minor can not be used for the requirement):
  • PAD 4104 - Administrative Theory Credit Hours: 3
  • PAD 4131 - Public Sector Project Management Credit Hours: 3
  • PAD 4253 - Community & Economic Development Credit Hours: 3
  • PAD 4351 - Issues in Environmental Program Management Credit Hours: 3
  • PAD 4414 - Human Resource Administration Credit Hours: 3
  • CJT 3803 - Security Management Credit Hours: 3
  • DSC 4012 - Terrorism Credit Hours: 3
  • DSC 4013 - Homeland Security and Criminal Justice Credit Hours: 3
  • INR 4074 - Immigration Policy Credit Hours: 3
  • INR 4084 - Politics of International Terrorism Credit Hours: 3
  • INR 4363 - Intelligence Analysis and Reporting Credit Hours: 3
  • INR 4764 - Cyberwarfare Policy Credit Hours: 3
  • PUR 4400 - Crisis Communication Credit Hours: 3

Capstone Requirements

• None

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• Students pursuing a B.A. degree must demonstrate proficiency in a foreign language equivalent to one year at college level. Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

Electives

• If students need additional credit hours in order to meet the 120 credit hour graduation requirement, additional electives can be taken from other allied supporting fields.

Additional Requirements

• None

Required Minors

• Please refer to minors listed in Restricted Electives category.

Departmental Exit Requirements

• The courses designated as General Education should usually be completed in the first 60 hours.
• Students must earn and maintain at least a "C-" in each course accepted as a Core Requirement.
• Students must earn a 2.5 GPA in Core Requirements in order to graduate.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Additional Information

Honors In Major

• Interested students should speak with an advisor.

Nonprofit Management (B.A. or B.S.)

College of Community Innovation and Education
School of Public Administration,
UCF Downtown, Dr. Phillips Academic Commons (DPAC), Room: 446
https://ccie.ucf.edu/public-administration/nonprofit-management/

Contact: 407-823-2604
The School of Public Administration provides the highest quality undergraduate education for students interested in working in the nonprofit sector. The school strives to achieve local, state and national prominence through contemporary curriculum, innovative instruction, scholarly and applied research, and community service. Programs and services develop and enhance management skills essential to public and nonprofit organizations. The school offers an undergraduate program leading to a Bachelor of Arts (BA) or a Bachelor of Science (BS) in Nonprofit Management. The program provides opportunities for students to prepare for employment as nonprofit professionals and produces graduates with the management skills and analytical techniques needed for successful careers in nonprofit and related business fields.

Admission Requirements

- none

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program and the Common Program Prerequisites before transferring within the Florida College System or State University System.
- Students should consult with a departmental advisor on a regular basis.
- Students must earn at least a "C-" in each course accepted as a common prerequisite and Core Requirement (see sections 2, 3, and 4).
- No transfer course will be accepted with a grade lower than a "C-".
- The courses designated in sections 1 (General Education) and 2 (Common Program Prerequisites) should usually be completed in the first 60 hours.
- Students must earn a 2.5 GPA in the major (all PAD courses) in order to graduate.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)
- CGS 1060C - Introduction to Computers Credit Hours: 3 (Suggested)

Social Foundations (6 Credit Hours)
- SYG 2000 - Introduction to Sociology Credit Hours: 3 (Suggested)
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Required)
or
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Required)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Required)
or
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Required)

Core Requirements: Basic Level

- None

Core Requirements: Advanced Level (33 Credit Hours)
All core requirements must be completed with a minimum major GPA of (2.5) to satisfy the major.

Core Requirements (33 Credit Hours)

1 Capstone Requirement

- PAD 3733 - Professional Administrative Writing in the Public Sector **Credit Hours: 3**
- PAD 4104 - Administrative Theory **Credit Hours: 3**
- PAD 4144 - Nonprofit Organizations **Credit Hours: 3**
- PAD 4147 - Resource Development in the Nonprofit Sector **Credit Hours: 3**
- PAD 4148 - Volunteer Management **Credit Hours: 3**
- PAD 4153 - Planning and Improvement for Public Organizations **Credit Hours: 3**
- PAD 4204 - Fiscal Management **Credit Hours: 3**
- PAD 4325 - Program Evaluation for Public and Nonprofit Organizations **Credit Hours: 3**
- PAD 4720 - Research Methods in Public Administration **Credit Hours: 3**
- PAD 3930 - Nonprofit Leadership Seminar **Credit Hours: 3**
- PAD 4942 - School of Public Administration Internship Orientation **Credit Hours: 0**
- PAD 4941 - Public Administration Internship **Credit Hours: 3**

Restricted Electives (24 Credit Hours)

Required Minor of 18 credit hours: (18 Credit Hours)

- Students must complete a minor. Students can choose from: Emergency Management and Homeland Security Minor; Public Administration Minor; Urban and Regional Planning Minor; or other minor approved by the Undergraduate Program Director excluding Nonprofit Management.
- Those who complete a recognized UCF minor in a discipline outside Public Administration must take a minimum of 18 hrs within that minor.
- Additional electives can be taken from other allied supporting fields such as accounting, legal studies, communications, computer science, criminal justice, economics, political science, social work, sociology, or statistics. Electives can also be taken from nonprofit sector "service area" concentrations such as: youth services, eldercare, environment, education, the arts, etc. Courses should be selected with the assistance of an advisor, and must be upper division (3000-4000 level).

- Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year at the college level.
- Students pursuing the B.S. degree must complete two additional upper level courses (six credit hours).

Capstone Requirements

- PAD 3930 - Nonprofit Leadership Seminar **Credit Hours: 3**

Electives

- Students are encouraged to select courses as electives or other course that will enhance their background in the nonprofit sector. These may be used to build minors and certificates offered by the University. Examples include: Accounting Minor; Criminal Justice Minor; Diversity and Social Inequality Minor; Emergency Management and Homeland Security Minor; Global Peace and Security Studies Minor; Health Services Administration Minor; Human Services Minor; Legal Studies Minor; Urban and Regional Planning Minor; and Writing and Rhetoric Minor.
- Electives can also be taken from nonprofit sector "service area" concentrations such as: youth services, eldercare, environment, education, the arts, etc. Courses should be selected with the assistance of an advisor, and must be upper division (3000-4000 level).

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.
Graduation

- Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

Additional Requirements

- None

Required Minors

- Students must complete a minor or certificate from the School of Public Administration offered at UCF or another minor approved by the Undergraduate Program Director. Minors in the School of Public Administration can include 1) Emergency Management and Homeland Security Minor, 2) Public Administration, and 3) Urban and Regional Planning Minor. Students majoring in Nonprofit Management cannot minor in Nonprofit Management. Other approved minors include: Criminal Justice Minor; Diversity and Social Inequality Minor; Global Peace and Security Studies Minor; Health Services Administration Minor; Human Services Minor; Legal Studies Minor; and Writing and Rhetoric Minor.

Departmental Exit Requirements

- The students must attain a minimum grade of "C-" in all Common Program Prerequisites courses and in all Core Requirements (see sections 2, 3, and 4 above).
- An overall 2.0 GPA must be attained for all coursework (see sections 1, 2, 3, 4, and 5 above).
- Students must earn a 2.5 GPA in the major in order to graduate.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Admission: Applications to the Honors in the Major program must be approved by the Associate Dean of the Honors College and a Faculty Advisor in the School of Public Administration.

- **PAD 4942 - School of Public Administration Internship Orientation Credit Hours:** 0

**Restricted Electives (24 Credit Hours)**

**Required Minor or Certificate in the School of Public Administration (18 Credit Hours)**

- Students must complete a minor or certificate from the School of Public Administration offered at UCF. Choose from: Emergency Management and Homeland Security; Nonprofit Management/National Certification in Nonprofit Management or the Certificate in Nonprofit Management; and Urban and Regional Planning, or other minor approved by the Undergraduate Program Director, excluding the minor in Public Administration. The minor cannot overlap with any other major requirement, PAD Core or BS required course. Students pursuing a minor outside the School of Public Administration must complete a minimum of 18 credit hours within that minor. Should that minor not require 18 credit hours the student must fulfill the 18 hour minor requirement by completing courses within the field of public administration.

**B.A./B.S. Option (6 Credit Hours)**

- Students pursuing the BA degree must demonstrate proficiency in a foreign language equivalent to one year in college. ASL I, II can also be used to fulfill this requirement.
- Students pursuing the B.S. degree must complete two additional upper-level Public Administration courses.

**Capstone Requirements**

- None

**Electives**

- Students are encouraged to select courses as electives or other courses that will enhance their background in the public administration field. These may be used to build minors and certificates offered by the University. Examples include: Business, Criminal Justice, Diplomacy, Economics, Environmental Studies, Florida Studies, Global Peace and Security Studies, Health Services Administration, Leadership Studies, Legal Studies, Political Science, and Terrorism Studies.
- The University requires 48 upper-level credits in order to graduate, students choosing the Nonprofit Management minor with the Generalist Emphasis may need to take additional upper-level electives to satisfy the University requirement.

**Foreign Language Requirements**

**Admissions**

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

**Graduation**

- Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

**Additional Requirements**

- None

**Required Minors**

Students must complete a minor or certificate from the School of Public Administration offered at UCF or another minor approved by the Undergraduate Program Director. Minors in Public Administration can include Emergency Management and Homeland Security;
Nonprofit Management/National Certification in Nonprofit Management; and Urban and Regional Planning. Excluding the minor in Public Administration. The minor cannot overlap with any other major requirement, PAD Core or BS required course.

Departmental Exit Requirements

- Students must attain a minimum grade of "C-" in all Common Program Prerequisites courses and in all Core Requirements (see sections 2, 3, and 4 above).
- An overall 2.0 GPA must be attained for all coursework (see sections 1, 2, 3, and 4).
- Students must earn a 2.5 GPA in the major in order to graduate.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

### Public Administration Minor

College of Community Innovation and Education  
School of Public Administration,  
UCF Downtown, Dr. Phillips Academic Commons (DPAC), Room: 446  
https://cie.ucf.edu/public-administration/public-administration/

Contact: 407-823-2604  
Dr. Stephanie Krick, stephanie.krick@ucf.edu, Program Director  
Mr. Steven Carrillo, steven.carrillo@ucf.edu, Program Academic Advisor  

The Public Administration minor is related to one of the fastest growing fields in the United States today. Students studying Public Administration will gain a greater understanding of tools associated with management of public sector organizations, including fiscal management, survey research, public administration, and human resource management.

### Minor Admission Requirements

### Required Courses (21 Credit Hours)
- PAD 3003 - Public Administration in American Society Credit Hours: 3  
- PAD 3733 - Professional Administrative Writing in the Public Sector Credit Hours: 3  
- PAD 4034 - The Administration of Public Policy Credit Hours: 3
Urban and regional planning is one area of public administration that has seen considerable growth over the past few years. Areas like Central Florida need many professionals who assist government, communities, and private sector planning organizations to provide growth that is environmentally feasible, aesthetically attractive, socially and politically acceptable, technically sustainable, and economically dynamic. This minor looks at all of these diverse and competing interests, and provides the basics for those interested in employment in this area of great demand. Students who pursue a minor in urban and regional planning may find positions as a city planner, urban designer, planning specialist, environmental program manager, or economic development specialist, among others.

School of Teacher Education

Director: Malcolm Butler
ED 209-D; 407-823-1768

Faculty Academic Administrator:
Maria Busch; ED 209-G; 407-823-1763
https://ccie.ucf.edu/teachered/

The School of Teacher Education prepares candidates to work in a variety of school and community settings, in the areas of Early Childhood Development Education, Elementary Education, Exceptional Student Education and Secondary Education. The Early Childhood Development and Education program has a track that prepares individuals to work with children in pre-Kindergarten through primary (PK-3) grades as certified teachers, with ESOL and Reading Endorsements, and another for individuals seeking to work with young children. The Elementary Education program has a track designed for prospective teachers interested in working with students in formal K-6 schools that require certification (Education Track) and another track for students interested in working outside of formal K-6 schools that do not require certification (Lifelong Learning Track). Upon completion of the Elementary Education – Education Track, candidates are eligible for Florida teacher certification, including ESOL and Reading Endorsements. Secondary Education programs are designed for prospective teachers interested in working with students in a specific content area, either in formal 6-12 schools that require certification (Education Track) or outside formal K-12 schools that do not require certification (Lifelong Learning Track). Preparation includes special training in Biology, Chemistry, English (with ESOL Endorsement), Mathematics, Physics, or Social Science Education. Programs are available in Teacher Education K-12 areas, such as Art Education, Physical Education, Reading Education, and World Language Education. The Exceptional Education program is designed for individuals interested in working with students who have disabilities. The School also offers a certificate in Substitute Teaching and minors in the programs areas.

Major

Early Childhood Development and Education, Track 1:
Education, Pre-
Kindergarten - Primary (PK-3) (B.S.)

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/early-childhood-education/
Email: ece@mail.ucf.edu

Contact: Dr. Judy Levin, ED 122L, Judith.Levin@ucf.edu
Phone: 407-823-4615

EDUCATION: PRE-KINDERTGARTEN-PRIMARY (PK-3) TRACK Early Childhood Development and Education majors take a variety of courses related to young children and their learning, development, and family environment. Students in the Education: Pre-Kindergarten-Primary (Pre-K-3rd) Track are working toward teacher certification in Pre-Kindergarten-Primary (PK-3) with ESOL Endorsement and Reading Endorsement. Students in this track take a series of core and specialization courses to prepare them to teach in the schools and to demonstrate mastery of the Florida Educator Accomplished Practices (FEAP). Early and continuous field experiences are provided to enhance the students in this track with an integration of theory and practice in school settings. This degree culminates in a semester-long internship.

This Pre-Kindergarten-Primary (PK-3) track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://ccie.ucf.edu/teachered/early-childhood-education/.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.75 overall GPA, with provisional acceptance for one semester if GPA is 2.5 (GPA must be 2.75 by the second semester).
- Complete all Education Common Program Prerequisite courses with a minimum grade of "C" (2.0) or better.
- Pass all four parts of the General Knowledge Test.
- Meet the Gordon Rule Requirement.
- Meet Foreign Language Admission Requirement.

Degree Requirements

- Students must seek advising through the Early Childhood Development and Education staff in the Education Complex, Suite 122 or by email (ece@mail.ucf.edu) prior to registering for classes.
- The courses designated in 1. (General Education) and 2. (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
- Students must earn a "C" (2.0) or better in each required Early Childhood Development and Education course. However, a minimum overall 2.75 GPA in all courses within the major is required.
- Passing scores on ALL three sections of the Florida Teacher Certification Examination (FTCE). See http://www.fldoe.org for available test dates and test sites. FTCE General Knowledge Test (GKT)-passing scores on the GKT is required prior to admission to the major. FTCE Professional Education Test (PEd) and Subject Area Examination (SAE-Prekindergarten/Primary PK-3) are required prior to entry into Internship.
- FTCE General Knowledge Test (GKT) - passing scores on the GKT are strongly recommended prior to semester 1 of the junior year and required for admission into the Early Childhood Development and Education, Track 1-Education: Pre-Kindergarten-Primary (Pre-K-3rd).
- FTCE Professional Education Test (PEd) and Subject Area Examination (SAE-Prekindergarten/Primary PK-3) are required prior to entry into Internship.
- This is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

General Education Program (GEP)
(36 Credit Hours)
Students are advised to take the preferred courses.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

General Education Program elective from Cultural & Historical Foundation, Area 2: Credit Hours: 3

- MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)
  or
- PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)
  or
- THE 2000 - Theatre Survey Credit Hours: 3 (Preferred)

General Education Program elective from Cultural & Historical Foundation, Area 1 Credit Hours: 3

- General Education Program elective: Prefer a second course from Cultural & Historical Foundation, Area 1 Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

- STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)

Select One: (3 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
- MAC 1105C - College Algebra Credit Hours: 3

Social Foundations (6 Credit Hours)

- POS 2041 - American National Government Credit Hours: 3 (Preferred)
- PSY 2012 - General Psychology Credit Hours: 3 (Preferred)

Science Foundations (6 Credit Hours)

- PSC 1121 - Physical Science Credit Hours: 3 (Preferred)
- BSC 1005 - Biological Principles Credit Hours: 3 (Preferred)

Common Program Prerequisites (CPP) (9 Credit Hours)

A grade of "C" (2.0) or better is required.

1 In addition to this course, a minimum of 6 hours with an international or diversity focus is required. The foreign language admission requirement may be used to meet this requirement.

- EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3
- EDF 2085 - Introduction to Diversity for Educators Credit Hours: 3
- EME 2040 - Introduction to Technology for Educators Credit Hours: 3

Core Requirements: Basic Level (15 Credit)

A grade of "C" (2.0) or better is required.

Other Program Prerequisites

1 Courses taken at Florida College System institutions may substitute for select courses in Other Program Requirements with the permission of the department.

- EDF 2130 - Child and Adolescent Development for Educators Credit Hours: 3
- EEC 2732 - Health, Safety, and Nutrition for Young Children Credit Hours: 3
- MAE 3310 - Elementary Mathematics for Teaching Credit Hours: 3
Elective Credit Hours: 3

Select One: (3 Credit Hours)
- ARE 2000 - Early Childhood Art and Creativity
  Credit Hours: 3
- MUE 2211 - Early Childhood Music and Movement
  Credit Hours: 3

Core Requirements: Advanced Level
(60 Credits)
- All methods/specialization/foundations courses must be completed with a letter grade of "C" (2.0) or better before registering for Internship. However, a minimum GPA of 2.75 is required in the education core/professional, specialization and overall for admission to Internship.
- A grade of "C" (2.0) or better is required.

Semester I (15 Credit Hours)
Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required prior to application to admission to the major.
- EEC 3700 - Social and Emotional Development of Young Children
  Credit Hours: 3
- EEC 4661 - Early Childhood Education Theory and Practice
  Credit Hours: 3
- EEX 4751 - Parent Involvement in Education
  Credit Hours: 3
- TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools
  Credit Hours: 3
- EEC 4268 - Curriculum Activities in Early Childhood
  Credit Hours: 3

Semester II (15 Credit Hours)
Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended to be taken during Semester III.
- EEC 4604 - Classroom Management and Guidance of Young Children
  Credit Hours: 3
- EEC 4207 - Assessment and Evaluation of Young Children
  Credit Hours: 3
- TSL 4240 - Issues in Second Language Acquisition
  Credit Hours: 3
- EEX 3450 - Young Children With Special Needs
  Credit Hours: 3
- RED 3310 - Early Reading, Writing and Language Arts
  Credit Hours: 3

Summer (6 Credit)
Passing scores on all sections [General Knowledge, Professional, and Subject Area (Pre-kindergarten/Primary PK -3)] of the Florida Teacher Certification Examination (FTCE) are required prior to entry into Internship.
- EEC 4303 - Planning Creative Activities in Early Childhood Education
  Credit Hours: 3
- RED 3012 - Basic Foundations of Reading
  Credit Hours: 3

Semester III (12 Credit Hours)
Based on recommendations below, the student should achieve a passing score on all applicable sections of the Florida Teacher Certification Examination prior to entry into Student Teaching (EEC 4943 - Student Teaching).
Students must apply and be approved for Internship.
Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.
- MAE 4300 - Math Curriculum and Assessment in Early Childhood
  Credit Hours: 3
- SCE 4304 - Teaching Science and Technology to Young Children
  Credit Hours: 3
- RED 4311 - Primary Reading, Writing, and Language Arts Curriculum and Assessment
  Credit Hours: 3
- EEC 4235C - Early Childhood Education Seminar: Bridging Theory to Practice
  Credit Hours: 3

Semester IV (12 Credit Hours)
Satisfactory completion of Internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.066. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee
may be required as part of the placement application process

Advising Notes

- In addition to EDF 2085, a minimum of 6 hours with an international or diversity focus is required. The foreign language admission requirement may be used to meet this requirement.
- Students interested in a Child Life Specialist Certification should seek advising from the ECDE program faculty for electives selection.
- Students interested in Child Life Specialist Certification: Select SOW 3104 - Human Behavior and the Social Environment I as a prerequisite course AND take EEC 4744 - Child Life: Psychosocial Care of Children in Health Settings as an elective course

Transfer Notes

- Courses taken at Florida College System institutions may substitute for select courses in prerequisites with the permission of the department.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning.compacts.htm
Plan of Study

- Note: This recommended sequence may vary at selected regional campus locations. Consult with your Education advisor and review your degree audit for more recent information.

Freshman Year - Fall (12 Credit Hours)

- EDF 2085 - Introduction to Diversity for Educators Credit Hours: 3
- ENC 1101 - Composition I Credit Hours: 3
- MGF 1106 - Finite Mathematics Credit Hours: 3
- PSY 2012 - General Psychology Credit Hours: 3

Freshman Year - Spring (15 Credit Hours)

- ENC 1102 - Composition II Credit Hours: 3
- SYG 2010 - Social Problems Credit Hours: 3
- PSC 1121 - Physical Science Credit Hours: 3
- EEC 2732 - Health, Safety, and Nutrition for Young Children Credit Hours: 3

Select One: (3 Credit Hours)

- MUL 2010 - Enjoyment of Music Credit Hours: 3

Elementary Education, K-6 Certification Track (B.S.)

College of Community Innovation and Education
School of Teacher Education
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/elementary-education/

Contact: Dr. Elizabeth Hoffman, elemed@ucf.edu

The Elementary Education K-6 certification track is appropriate for students interested in opportunities for employment with formal K-6 schools that require certification. Students graduating in this track earn both an ESOL and Reading Endorsement.

This Elementary Education B.S. K-6 certification program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://ccie.ucf.edu/teachered/elementary-education/.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e., an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.5 overall GPA.
- Complete EDF 2005 Introduction to Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet the Foreign Language Admission Requirement.
- Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted).

Degree Requirements

- Students should see an advisor prior to registering for classes.
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
- The K-6 Certification track is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

General Education Program (GEP) (36 Credit Hours)

- Students are advised to take the preferred courses.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

• General Education Program course from Cultural & Historical Foundation, Area 1 &nbsp;chosen to meet Gordon Rule requirement Credit Hours: 3
• General Education Program course: Prefer a second course from Cultural & Historical Foundation, Area 1. Credit Hours: 3

Select One: (3 Credit Hours)

• THE 2000 - Theatre Survey Credit Hours: 3 (Preferred)
• PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)
• MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)

Mathematical Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

• MAC 1105C - College Algebra Credit Hours: 3 (Suggested)
• MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
• MGF 1107 - Explorations in Mathematics Credit Hours: 3

Select One: (3 Credit Hours)

• STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)

• POS 2041 - American National Government Credit Hours: 3 (Preferred)
• PSY 2012 - General Psychology Credit Hours: 3 (Preferred)

Science Foundations (6 Credit Hours)

• PSC 1121 - Physical Science Credit Hours: 3 (Preferred)
• BSC 1005 - Biological Principles Credit Hours: 3 (Preferred)

Common Program Prerequisites (CPP) (3 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

A minimum letter grade of "C-" (1.75) or better is required.

• EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3

Core Requirements: Basic Level (21 Credit Hours)

1 Courses taken at Florida College System institutions may substitute for select courses in Other Program Requirements with the permission of the department.

• EDF 2130 - Child and Adolescent Development for Educators Credit Hours: 3 1
• EDE 2280 - Arts and Wellness in Elementary Classrooms Credit Hours: 3 2
• EDF 2720 - Children in Schools: Legal, Ethical and Safety Concerns Credit Hours: 3 2
• SCE 3053 - Elementary Science for Teaching Credit Hours: 3
• SSE 3112 - Elementary Social Studies for Teaching Credit Hours: 3
• EDG 2940 - Experiential Learning in Education Credit Hours: 3
• EDG 2000 - Careers in K-12 Education Credit Hours: 3

A minimum letter grade of "C-" (1.75) or better is required.

Core Requirements: Advanced Level (60 Credits)
The following recommended sequence of required upper division courses may vary at regional campus locations.

Students must complete the Advanced Level courses required with a minimum letter grade of "C-" (1.75) or better is required.

Semester I (15 Credit Hours)

1 Required prior to Internship I

- EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
- MAE 3310 - Elementary Mathematics for Teaching I Credit Hours: 3
- LAE 3414 - Literature for Children Credit Hours: 3
- RED 3012 - Basic Foundations of Reading Credit Hours: 3
- TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3

Semester II (15 Credit Hours)

1 Required prior to Internship I

- SCE 3310 - Teaching Science in Elementary School Credit Hours: 3
- SSE 3312 - Teaching Social Science in the Elementary School Credit Hours: 3
- LAE 4314 - Language Arts in the Elementary School Credit Hours: 3
- RED 4519 - Diagnostic and Corrective Reading Strategies Credit Hours: 3
- MAE 3311 - Elementary Mathematics for Teaching II Credit Hours: 3

Summer (6 Credit Hours)

- EDF 4467 - Learning Theory and Assessment Credit Hours: 3
- TSL 4240 - Issues in Second Language Acquisition Credit Hours: 3

Semester III (Internship I Block) (12 Credit Hours)

Prior to Internship I, the student must have completed each of the prerequisite courses indicated above with a letter grade of "C-" (1.75) or better. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship I.

Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before admission into Internship I.

Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410 - Teaching Strategies and Classroom Management, EDF 4467 - Learning Theory and Assessment and TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools.

Students must apply and be approved for Internship I. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

The following courses must be completed prior to beginning Internship I: EDG 4410, RED 3012, TSL 4080, MAE 3310, MAE 3311, RED 4519

1 RED 4942, MAE 4326, and EEX 4070 are taken concurrently with EDE 3942 - Internship I. Students should not plan to take additional courses with Internship I block because of the intensity of the Internship I semester.

- RED 4942 - Practicum for Assessment and Instruction of Reading Credit Hours: 3
- MAE 4326 - How Children Learn Mathematics Credit Hours: 3
- EDE 3942 - Internship I Credit Hours: 3
- EEX 4070 - Teaching Exceptional Students Credit Hours: 3

Semester IV (Internship II Block) (12 Credit Hours)

Passing scores on all sections [General Knowledge, Professional, and Subject Area (Elementary Education K-6)] of the Florida Teacher Certification Examination (FTCE) are required prior to entry into Internship II.

All methods/specialization/foundations courses must be completed with a letter grade of "C-" (1.75) or better before registering for Internship II. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship II.
Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexps/. A fee may be required as part of the placement application process.

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all 12 Florida Educator Accomplished Practices at the pre-professional level in accordance with State Board of Education Rule 6A-5.066.

- **EDE 4943 - Internship II (Elementary)** Credit Hours: 7-12
- **EDE 4301 - Elem Ed Capstone Colloquium** Credit Hours: 3

**Required Minors**
- None

**Departmental Exit Requirements**
- Achieve a minimum overall 2.5 GPA within the major.
- Achieve a minimum 2.5 GPA in education core coursework.
- Achieve a minimum 2.5 GPA in specialization coursework.
- Achieve a minimum overall 2.5 GPA
- You must upload key assignments using the Via by Watermark platform. Key assignments are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs). All teacher education candidates, Lifelong Learning majors, and Early Childhood Development & Education majors (all ECDE tracks) are required to complete all Via requirements before being certified for graduation. See https://ccie.ucf.edu/explore-via/.
- Complete ESOL standards assessment tracking requirements in the Via by Watermark platform for the ESOL endorsement.
- Pass all applicable sections of the Florida Teacher Certification Examination. See http://www.fldoe.org for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

**University Minimum Exit Requirements**
- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Elementary Education, Lifelong Learning Track (B.S.)

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/lifelong-learning/

Contact: Dr. Elizabeth Hoffman, lll@ucf.edu

The Lifelong Learning Track in the Elementary Education program is a non-certification track. Students graduating in this track are not eligible for certification upon graduation nor do they earn the ESOL or Reading Endorsements. The Lifelong Learning (LLL) track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e., an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.5 overall GPA.
- Complete EDF 2005 Introduction to Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet the Foreign Language Admission Requirement.
- The Lifelong Learning Track is a non-certification program and does not require the General Knowledge Test (GKT).

Degree Requirements

- Students should see an advisor prior to registering for classes.
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e., an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.5 overall GPA.
• Complete all Education Common Program Prerequisite courses with a minimum letter grade of "C" (2.0) or better.
• Meet the Gordon Rule Requirement.
• Meet the Foreign Language Admission Requirement.
• Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted).
• The Exceptional Education Program is community-based and courses include field experiences in a variety of settings during the junior and senior year of the program.
• Criminal background checks including fingerprints are required for all applicants to the Exceptional Education program. Students who do not meet approval criteria for working in local schools will not be admitted to the program.
• All applicants must complete an online orientation prior to acceptance into the program.

Degree Requirements

• Enrollment is limited. Students should see an advisor prior to registering for classes.
• The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
• This is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.
• Passing scores on ALL three applicable sections of the Florida Teacher Certification Examination: General Knowledge Test (GKT), Professional Education Test (PEd) and Subject Area Examination for Exceptional Student Education K-12
• Students must earn a "C" (2.0) or better in each required Exceptional Education course
• Accepted students must agree to be available for practicum requirements which may occur during times and days which are outside of the UCF Academic Calendar.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

- General Education Program course from Cultural & Historical Foundation, Area 1 chosen to meet Gordon Rule requirement Credit Hours: 3
- General Education Program course: Prefer a second course from Cultural & Historical Foundation, Area 1 Credit Hours: 3

Select One: (3 Credit Hours)

- THE 2000 - Theatre Survey Credit Hours: 3 (Preferred)
- PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)
- MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)

Mathematical Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

- MAC 1105C - College Algebra Credit Hours: 3 (Suggested)
- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)

Select One: (3 Credit Hours)

- STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)
• POS 2041 - American National Government  
  Credit Hours: 3 (Preferred)
• PSY 2012 - General Psychology Credit Hours: 3 (Preferred)

Science Foundations (6 Credit Hours)
• PSC 1121 - Physical Science Credit Hours: 3  
  (Preferred)
• BSC 1005 - Biological Principles Credit Hours: 3 (Preferred)

Common Program Prerequisites (CPP) (9 Credit Hours)
A grade of "C" (2.0) or better is required.

  Students will take two content or disability-specific electives of choice.
• EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3

Core Requirements: Basic Level (12 Credit Hours)

  1 Courses taken at Florida College System institutions may substitute for select courses in Other Program Requirements with the permission of the department.
A grade of "C" (2.0) or better is required.

• EDF 2130 - Child and Adolescent Development for Educators Credit Hours: 3  
  1
• EDF 2720 - Children in Schools: Legal, Ethical and Safety Concerns Credit Hours: 3  
  1
• Electives with advisor approval Credit Hours: 6

Core Requirements: Advanced Level (63 Credit Hours)

• Exceptional Education majors take a variety of courses related to children, adolescents, and adults with special needs, and their learning, development, and family environment. Students majoring in Exceptional Education take a series of core and specialization courses to prepare them to teach in the schools and to demonstrate the Florida Educator Accomplished Practices (FEAP). Early and continuous field experiences are provided to enhance the Exceptional Education major's program and to integrate theory and practice in actual school settings. Throughout the Exceptional Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.
  • Please note: It is strongly recommended to take the Professional Education Test (PEd) portion of the FTCE during Semester II
  • Only students pursuing the Exceptional Education B.S may enroll in RED 4519 and RED 4942 during the same semester.
  • A grade of "C" (2.0) or better is required.

Semester I (15 Credit Hours)

• EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
• EEX 4070 - Teaching Exceptional Students Credit Hours: 3
• EEX 4601 - Introduction to Behavior Management Credit Hours: 3
• RED 3012 - Basic Foundations of Reading Credit Hours: 3
• TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3

Semester II (15 Credit Hours)

• RED 4519 - Diagnostic and Corrective Reading Strategies Credit Hours: 3
• EEX 3243 - Techniques for Exceptional Adolescents-Adults Credit Hours: 3
• LAE 4314 - Language Arts in the Elementary School Credit Hours: 3  
  MAE 3310 OR MAE 3366
• EDF 4467 - Learning Theory and Assessment Credit Hours: 3

Methods Content Area Course I- Select one from:

Elementary Content Area Course:

• MAE 3310 - Elementary Mathematics for Teaching I Credit Hours: 3
Semester III (6 Credit Hours)

Please note: It is strongly recommended to take the Professional Education Test (PEd) and the Exceptional Education Subject Area Exam portions of the Florida Teacher Certification Exam (FTCE) after completion of Semester I and II, but prior to Semester III and IV.

Students must apply and be approved for either Internship I or the Practicum in Exceptional Student Education. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

At least 50% of all specialization courses must be completed with a letter grade of "C" (2.0) or better before registering for Internship I or the Practicum in Exceptional Student Education. However, a minimum GPA of 2.5 is required in the education core/professional, specialization and overall for admission into Internship I or the Practicum in Exceptional Student Education.

- EEX 3221 - Assessment of Exceptional Students
  Credit Hours: 3
- RED 4942 - Practicum for Assessment and Instruction of Reading
  Credit Hours: 3

Semester IV (15 Credit Hours)

Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

All methods courses and at least 80% of all specialization courses must be completed with a letter grade of "C" (2.0) or better before registering for Internship II. However, a minimum GPA of 2.5 is required in the education core/professional, specialization and overall for admission into Internship II.

A passing score on all applicable sections of the Florida Teacher Certification Examination (General Knowledge Test, Professional Education Test, and Subject Area Examination for Exceptional Student Education K-12) is strongly recommended before entry into student teaching (EEX 4941 Internship II).

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all 12 Florida Educator Accomplished Practices at the pre-professional level in accordance with State Board of Education Rule 6A-5.065.

- EEX 3942 - Internship I Exceptional Education
  Credit Hours: 3
- EEX 3241 - Methods for Academic Skills for Exceptional Students
  Credit Hours: 3
- EEX 4763 - Technology for Classroom Teachers of Students with Special Needs
  Credit Hours: 3
- TSL 4240 - Issues in Second Language Acquisition
  Credit Hours: 3

Methods content area course II- Select one course from the Elementary OR Secondary Content Area:

Elementary Content Area Courses (3 Credit Hours)

MAE 3311 is a preferred Elementary Content Area course.

- SCE 3310 - Teaching Science in Elementary School
  Credit Hours: 3
  or
- SSE 3312 - Teaching Social Science in the Elementary School
  Credit Hours: 3
  or
- LAE 3414 - Literature for Children
  Credit Hours: 3
  or
- MAE 3311 - Elementary Mathematics for Teaching II
  Credit Hours: 3

Secondary Content Area Courses (3 Credit Hours)

- SCE 4360 - Science Instructional Analysis
  Credit Hours: 4
  or
- SSE 4361 - Social Science Instructional Analysis
  Credit Hours: 3
  or
- LAE 4361 - Literacy Strategies in a Digital Age for Middle and High School
  Credit Hours: 3
  or
Semester V (12 Credit Hours)

*To enroll in this course, you must be registered for EEX 4941 Internship II.

- EEX 4066 - Curriculum, Theory and Instructional Strategies for Students with Special Needs **Credit Hours: 3**
- EEX 4941 - Internship **Credit Hours: 9**

Restricted Electives

- None

Capstone Requirements

- None

Electives

- None

Foreign Language Requirements

Admissions

- State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Achieve a minimum overall 2.5 GPA within the major.
- Achieve a minimum 2.5 GPA in the education core coursework
- Achieve a minimum 2.5 GPA in the specialization coursework
- Achieve a minimum overall 2.5 GPA
- You must upload key assignments using the Via by Watermark platform. Key assignments are then assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices. All teacher education candidates, Lifelong Learning majors, and Early Childhood Development and Education majors (all ECDE tracks) are required to complete all Via requirements in order to be cleared for graduation. See https://ccie.ucf.edu/explore-via/
- Complete ESOL standards assessment tracking requirements in Via for the ESOL endorsement
- Pass all applicable sections of the Florida Teacher Certification Examination. See http://www.fldoe.org for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.
Total Undergraduate Credit Hours
Required: 120

Exceptional Student Education, Lifelong Learning Track (B.S.)

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/lifelong-learning/

Contact: Dr. Rebecca Hines, rebecca.hines@ucf.edu

The Exceptional Student Education B.S. Lifelong Learning Track (non-certification) program is specifically focused on students who wish to use their knowledge of exceptional students to pursue educational careers outside of traditional schools. The Lifelong Learning Track prepares graduates for employment in a broad spectrum of professional opportunities including non-profits serving persons with disabilities and non-traditional educational agencies serving students with disabilities.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e., an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.5 overall GPA.
- Complete all Education Common Program Prerequisite courses with a minimum letter grade of "C" (2.0) or better.
- Meet the Gordon Rule Requirement.
- Meet the Foreign Language Admission Requirement.
- The Lifelong Learning Track is a non-certification program and does not require the General Knowledge Test (GKT).

Degree Requirements

- Enrollment is limited. Students should see an advisor prior to registering for classes.
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
- Students must earn a "C" (2.0) or better in each required Exceptional Education course.

1. UCF General Education Program (GEP) (36 Credit Hours)

Secondary Education, English Language Arts Education - Lifelong Learning Track (B.S.)

College of Community Innovation and Education
School of Teacher Education, Education Building, Room: 209
https://ccie.ucf.edu/teachered/lifelong-learning/

Contact for Lifelong Learning Track: Dr. Janet Andreasen, Janet.Andreasen@ucf.edu

The Secondary Education B.S. - English Language Arts Education - Lifelong Learning Track (non-certification) program is specifically focused on students who wish to use their knowledge of English Language Arts Education to pursue educational careers outside of traditional schools. The Lifelong Learning Track prepares graduates for employment in a broad spectrum of professional opportunities including non-profits and non-traditional educational agencies. The Lifelong Learning Track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.

Admission Requirements
- Complete the University General Education requirements or its equivalent, i.e., an AA degree from a Florida College System or State University System institution.
- Complete the EDF 2005 - Introduction to the Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet Foreign Language Admission Requirement.
- Have a minimum 2.5 overall GPA

Degree Requirements
- Students should see an advisor prior to registering for classes
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.

General Education Program (GEP) (36 Credit Hours)
- Students are advised to take the preferred courses.

- SPC 1608 - Fundamentals of Oral Communication **Credit Hours:** 3 (Required)

Cultural & Historical Foundations (9 credit hours)
- General Education Program course from Cultural & Historical Foundation, Area 1 to meet Gordon Rule Requirement **Credit Hours:** 3
- LIT 2110 - World Literature I **Credit Hours:** 3 (Required)
  Select One:
- MUL 2010 - Enjoyment of Music **Credit Hours:** 3 (Preferred)
• THE 2000 - Theatre Survey **Credit Hours:** 3 (Preferred)
• PHI 2010 - Introduction to Philosophy **Credit Hours:** 3 (Preferred)

Mathematical Foundations (6 Credit Hours)

• MGF 1106 - Finite Mathematics **Credit Hours:** 3 (Preferred)
• STA 2014C - Principles of Statistics **Credit Hours:** 3 (Preferred)

Social Foundations (6 Credit Hours)

• POS 2041 - American National Government **Credit Hours:** 3 (Preferred)
• PSY 2012 - General Psychology **Credit Hours:** 3 (Preferred)

Science Foundations (6 Credit Hours)

• PSC 1121 - Physical Science **Credit Hours:** 3 (Preferred)
• BSC 1005 - Biological Principles **Credit Hours:** 3 (Preferred)

Common Program Prerequisites (CPP) (6 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

A grade of "C-"(1.75) or better is required.

• EDF 2005 - Introduction to the Teaching Profession **Credit Hours:** 3
• SPC 1608 - Fundamentals of Oral Communication **Credit Hours:** 3 (GEP)
• LIT 2110 - World Literature I **Credit Hours:** 3 (GEP)
• ENL 2012 - English Literature I **Credit Hours:** 3

Core Requirements: Basic Level (9 Credit Hours)

A grade of "C-"(1.75) or better is required.

• EDG 2000 - Careers in K-12 Education **Credit Hours:** 3
• ENL 2022 - English Literature II **Credit Hours:** 3

Core Requirements: Advanced Level (69 Credit Hours)

A grade of "C-"(1.75) or better is required.

Lifelong Learning Core Requirements (24 Credit Hours)

• EDG 4410 - Teaching Strategies and Classroom Management **Credit Hours:** 3
• TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools **Credit Hours:** 3
• EDF 4467 - Learning Theory and Assessment **Credit Hours:** 3
• EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools **Credit Hours:** 3
• EEX 4242 - Teaching Exceptional Students in Secondary Settings **Credit Hours:** 3
• RED 4043 - Content Reading in Kindergarten through Grade 12 **Credit Hours:** 3
• TSL 4240 - Issues in Second Language Acquisition **Credit Hours:** 3
• EDG 4942 - Lifelong Learning Education Internship **Credit Hours:** 3

Students must apply and be approved to take EDG 4942. Applications should be submitted in the semester prior to taking this course. For further information regarding EDG 4942, students should meet with their academic advisor.

Lifelong Learning Track Specialization Requirements (45 Credit Hours)

Select preferred specialization courses with advisor approval. A minimum of nine (9) hours must be taken in the content area. A minimum of twelve (12) hours must be
taken in Education coursework (prefix EDF, EDG, EEX, LAE, TSL, RED). Substitutions are allowed with advisor approval.

A grade of "C-" (1.75) or better is required.

Must have a total of 48 or more hours of upper level courses to graduate.

- SSE 4395 - Teaching with Primary Sources Credit Hours: 3
- TSL 4942 - ESOL Field Experience Credit Hours: 3
- 1 Prerequisite for Internship I
- 2 Strongly recommend prior to Internship I

Select One: (3 Credit Hours)

- ENC 3311 - Essay as Cultural Commentary Credit Hours: 3
- LIN 4105 - History of the English Language Credit Hours: 3

Internship I Block (9 Credit Hours)

Prior to Internship I, the student must have completed all Common Program Prerequisites, all Core Requirements: Basic Level, ENL 2022, EDG 4410, TSL 4080, and 50% of specialization course requirements with a letter grade of "C-" (1.75) or better. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for entry into Internship I. It is strongly recommended that LAE 4466, LAE 4464 and LAE 4361 are taken prior to Internship I.

Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before entry into Internship I.

Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410, EDF 4467, RED 4043, and TSL 4080.

Students must apply and be approved for Internship I.

Deadline dates and placement application are available
through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

A grade of "C-" (1.75) or better is required.

- LAE 4360 - English Instructional Analysis
  Credit Hours: 3
- LAE 4342 - Programs in Teaching Language and Composition
  Credit Hours: 3
- LAE 3940 - Internship
  Credit Hours: 3
  Strongly recommended to complete LAE 3940, LAE 4360, and LAE 4342 concurrently in the fall semester. For students completing LAE 3940 in fall semester, LAE 4360 and LAE 4342 will be taken as co-requisites. For students completing LAE 3940 in spring semester, LAE 4360 and LAE 4342 will be taken as pre-requisites in the fall semester prior to internship.

Internship II Block (12 Credit Hours)

All education/methods courses and at least 80% of all specialization courses must be completed with a letter grade of "C-" (1.75) or better before admission into Internship II. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship II.

Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.066.

Passing scores on all sections [General Knowledge, Professional, and Subject Area (English 6-12)] of the Florida Teacher Certification Examination (FTCE) are required prior to entry into Internship II.

A grade of "C-"(1.75) or better is required.

- LAE 4941 - Internship
  Credit Hours: 9
- ESE 4033C - Critical Issues and Trends in Secondary Education
  Credit Hours: 3

Secondary Education, Mathematics Education - Lifelong Learning Track (B.S.)

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/lifelong-learning/

Lifelong Learning Track Contact: Dr. Janet Andreasen, ED 123Q, Janet.Andreasen@ucf.edu

The Secondary Education B.S. - Mathematics Education - Lifelong Learning Track (non-certification) program is specifically focused on students who wish to use their knowledge of Mathematics Education to pursue educational careers outside of traditional schools. The Lifelong Learning Track prepares graduates for employment in a broad spectrum of professional opportunities including non-profits and non-traditional educational agencies. The Lifelong Learning Track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.

Admission Requirements
• Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
• Complete the EDF 2005 - Introduction to the Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
• Meet the Gordon Rule Requirement.
• Meet the foreign language admission requirement.
• Have a minimum 2.5 overall GPA

Degree Requirements
• Students should see an advisor prior to registering for classes
• The courses designated in 1. (General Education) and 2. (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.

General Education Program (GEP) (37 Credit Hours)
• Students are advised to take the preferred courses.

Communication Foundations (9 Credit Hours)
• ENC 1101 - Composition I Credit Hours: 3 (Required)
• ENC 1102 - Composition II Credit Hours: 3 (Required)
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)
• General Education Program elective from Cultural & Historical Foundation, Area 1

UCF Undergraduate Catalog 2019-2020 - 536
• General Education Program elective: Prefer a second course from Cultural & Historical Foundation, Area 1; Credit Hours: 3

Select One:

• MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)
• THE 2000 - Theatre Survey Credit Hours: 3 (Preferred)
• PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)

Mathematical Foundations (7 Credit Hours)

• MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
• STA 2023 - Statistical Methods I Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

• POS 2041 - American National Government Credit Hours: 3 (Preferred)
• PSY 2012 - General Psychology Credit Hours: 3 (Preferred)

Science Foundations (6 Credit Hours)

• PSC 1121 - Physical Science Credit Hours: 3 (Preferred)
• BSC 1005 - Biological Principles Credit Hours: 3 (Preferred)

Common Program Prerequisites (CPP) (11 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

A grade of "C-" (1.75) or better is required

• EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3
• MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)

• MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
• MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4

Core Requirements: Basic Level (9 Credit Hours)

A grade of "C-" (1.75) or better is required
Students should consult advisor regarding course options.

• STA 2023 - Statistical Methods I Credit Hours: 3 GEP
• MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
• EDG 2000 - Careers in K-12 Education Credit Hours: 3
Select One:
• EDF 2130 - Child and Adolescent Development for Educators Credit Hours: 3
• EDP 2270 - Adult Development & Learning Credit Hours: 3

Core Requirements: Advanced Level (63 Credit Hours)

• A grade of "C-" (1.75) or better is required.

Education Core Requirements (24 Credit Hours)

• EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
• EDF 4467 - Learning Theory and Assessment Credit Hours: 3
• EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools Credit Hours: 3
• TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3
• EEX 4242 - Teaching Exceptional Students in Secondary Settings Credit Hours: 3
• RED 4043 - Content Reading in Kindergarten through Grade 12 Credit Hours: 3
• MAE 4634 - Programs in Teaching of Mathematics Credit Hours: 3
• EDG 4942 - Lifelong Learning Education Internship Credit Hours: 3

UCF Undergraduate Catalog 2019-2020 - 537
1Students must apply and be approved to take EDG 4942. Applications should be submitted in the semester prior to taking this course. For further information regarding EDG 4942, students should meet with their academic advisor.

Lifelong Learning Track Specialization Requirements (39 Credit Hours)

Select preferred specialization courses with advisor approval. A minimum of nine (9) hours must be taken in the content area. A minimum of twelve (12) hours must be taken in Education coursework (prefix EDF, EDG, EEX, MAE, TSL, RED). Substitutions are allowed with advisor approval.

A grade of "C-" (1.75) or better is required.

Must have a total of 48 or more hours of upper level courses to graduate.

Capstone Requirements

- None

Electives

- None

Foreign Language Requirements

UCF Undergraduate Catalog 2019-2020 - 538
Admissions

- State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Achieve a minimum 2.5 GPA in the education core coursework.
- Achieve a minimum 2.5 GPA in the specialization coursework.
- You must upload key assignments using the Via by Watermark platform. Key assignments are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs); All teacher education candidates, Lifelong Learning majors, and Early Childhood Development & Education majors (all ECDE tracks) are required to complete Via requirements before being certified for graduation. See https://ccie.ucf.edu/explore-via/

University Minimum Exit Requirements

- A 2.0 UCF GPA

- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Education Track Contact: Dr. Erhan Haciomeroglu, ED 123H, Erhan.Haciomeroglu@ucf.edu, 407-823-4336

The Secondary Education B.S. - Mathematics Education program offers students the option of two tracks: Mathematics Education - Education Track and Mathematics Education - Lifelong Learning Track (non-certification). The Education Track is appropriate for students interested in opportunities for employment with formal, 6-12 schools that require certification.

This Secondary Education B.S. -Mathematics Education program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://ccie.ucf.edu/teachered/secondaryed/math-education/.

Admission Requirements

• Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
• Complete the EDF 2005 - Introduction to the Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
• Meet the Gordon Rule Requirement.
• Meet the foreign language admission requirement.
• Have a minimum 2.5 overall GPA
• Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted).

Degree Requirements

• Students should see an advisor prior to registering for classes
• The courses designated in 1. (General Education) and 2. (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
• The Education Track is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board

Secondary Education, Mathematics Education Track (B.S.)

UCF Undergraduate Catalog 2019-2020 - 541
of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

General Education Program (GEP) (37 Credit Hours)
- Students are advised to take the preferred courses.

Core Requirements: Advanced Level (69 Credit Hours)
A grade of "C-" (1.75) or better is required
- EDF 2130 - Child and Adolescent Development for Educators Credit Hours: 3
Education Core Requirements (18 Credit Hours)

1 Prerequisite to Internship I

- EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
- EDF 4467 - Learning Theory and Assessment Credit Hours: 3
- EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools Credit Hours: 3
- TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3
- EEX 4242 - Teaching Exceptional Students in Secondary Settings Credit Hours: 3
- RED 4043 - Content Reading in Kindergarten through Grade 12 Credit Hours: 3

Education Track Specialization
Requirements (31 Credit Hours)

A grade of "C-" (1.75) or better is required.

1 Prerequisite to Internship I

2 Strongly recommended prior to Internship I

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4 (CPP)
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4 (CPP)
- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- MAS 3105 - Matrix and Linear Algebra Credit Hours: 4
- MAS 3203 - Introduction to Number Theory Credit Hours: 3
- MHF 3302 - Logic and Proof in Mathematics Credit Hours: 3
- STA 4163 - Statistical Methods II Credit Hours: 3
- MAE 4634 - Programs in Teaching of Mathematics Credit Hours: 3
- MAE 3366 - Middle and High School Mathematics for Teaching Credit Hours: 3
- MAE 4333 - Teaching Geometry in the Secondary Schools Credit Hours: 3
- MAE 4339 - Teaching Algebra in Secondary Schools Credit Hours: 3
- MAE 4383 - Teaching Secondary Mathematics with Technology Credit Hours: 3

Internship I Block (7 Credit Hours)

Prior to Internship I, the student must have completed all Common Program Prerequisites, all Core Requirements: Basic Level, MAP 2302, EDG 4410, TSL 4080 and at least 50% of all required specialization courses with a minimum grade of "C-" (1.75) or better. It is strongly recommended that students have completed MAE 3366, MAE 4634, MAE 4333, and MAE 4383 prior to Internship I. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission into Internship I.

Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before entry to Internship I.

Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410, EDF 4467, RED 4043, and TSL 4080.

Students must apply and be approved for Internship I. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexps/. A fee may be required as part of the placement application process.

- MAE 4360 - Mathematics Instructional Analysis Credit Hours: 4
- MAE 3940 - Internship Credit Hours: 3
  1 Strongly recommended to complete MAE 3940 and MAE 4360 concurrently in the fall semester. For students completing MAE 3940 in fall semester, MAE 4360 will be taken as a co-requisite. For students completing MAE 3940 in spring semester, MAE 4360 will be taken as a pre-requisite in the fall semester prior to internship.

Internship II Block (13 Credit Hours)

At least 80% of all required specialization courses and all education/methods courses must be completed with a letter grade of "C-" (1.75) or better before admission to
Internship II. However, a minimum GPA of 2.5 is required in the professional, specialization and overall for admission to Internship II.

Passing scores on all sections [General Knowledge, Professional, and Subject Area (Mathematics 6-12)] of the Florida Teacher Certification Examination (FTCE) are required prior to entry into Internship II.

Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.066.

Education Track Contact: Dr. Tonjua Freeman, ED 115M, Tonjua.Freeman@ucf.edu, 407-823-3270

The Secondary Education B.S.- Science Education Biology program offers students the option of two tracks: Science Education - Biology Track and Science Education -
Biology Lifelong Learning Track (non-certification). The Education Track is appropriate for students interested in opportunities for employment with formal 6-12 schools that require certification.

This Secondary Education B.S.- Science Education Biology program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://ccie.ucf.edu/teachered/secondaryed/science-education/.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Complete the EDF 2005 Introduction to Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement
- Meet Foreign Language Admission Requirement.
- Have a minimum 2.5 overall GPA
- Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted). The Lifelong Learning Track is a non-certification program and does not require the General Knowledge Test.

Degree Requirements

- Students should see an advisor prior to registering for classes
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
- The Education Track is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

General Education Program (GEP)
(39 Credit Hours)

- Note: Students are advised to take the preferred courses.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

- General Education Program elective from Cultural & Historical Foundation, Area 1 to meet Gordon Rule Requirement Credit Hours: 3
- General Education Program elective: Prefer a second course from Cultural & Historical Foundation, Area 1 Credit Hours: 3

Select One:

- MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)
- THE 2000 - Theatre Survey Credit Hours: 3 (Preferred)
- PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)

- POS 2041 - American National Government Credit Hours: 3 (Preferred)
- PSY 2012 - General Psychology Credit Hours: 3 (Preferred)
Science Foundations (8 Credit Hours)

1 A grade of "C-" (1.75) is required.

- PHY 2053C - College Physics I Credit Hours: 4 (Required) ¹
- BSC 2010C - Biology I Credit Hours: 4 (Required) ¹

Common Program Prerequisites (CPP) (15 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

A grade of "C-" (1.75) or better is required.

- EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3
- BSC 2010C - Biology I Credit Hours: 4 (GEP)
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- BSC 2011C - Biology II Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1

Core Requirements: Basic Level (3 Credit Hours)

A grade of "C-" (1.75) or better is required.

Transfer Notes: Courses taken at Florida College System institutions may substitute for select courses in this section with the permission of the department.

Students should consult with advisor regarding course options

- PCB 3063L - Genetics Laboratory Credit Hours: 1

Internship I Block (7 Credit Hours)

Program Internship I Prerequisites: EDG 4410, TSL 4080, all Common Program Prerequisites, all Core Requirements: Basic Level, and at least 50% of all required specialization courses must be completed prior to Internship I with a minimum grade of a "C-" (1.75) or better. However, a minimum GPA of 2.5 is required in the education core, specialization, and overall for entry into Internship I. It is strongly recommended that SCE 4361, SCE 4633, and 2 semester hours of approved restricted electives are taken prior to Internship I.

Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before entry into Internship I.

Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410, EDF 4467, RED 4043, and TSL 4080.

Students must apply and be approved for Internship I. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexpl/. A fee may be required as part of the placement application process.

Satisfactory completion of Internship I requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices at the pre-professional level in accordance with State Board of Education Rule 6A-5.066.

- SCE 4941 - Internship Credit Hours: 9
- ESE 4033C - Critical Issues and Trends in Secondary Education Credit Hours: 3

Restricted Electives

- None

Capstone Requirements

- None

Electives

- None

Foreign Language Requirements
Admissions

- State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Achieve a minimum 2.5 GPA in the education core coursework.
- Achieve a minimum 2.5 GPA in the specialization coursework.
- Achieve a minimum overall 2.5 GPA.
- You must upload key assignments using the Via by Watermark platform. Key assignments are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs). All teacher education candidates, Lifelong Learning majors, and Early Childhood Development & Education majors (all ECDE tracks) are required to complete Via requirements before being certified for graduation. See https://ccie.ucf.edu/explore-via/

Education Track

- Pass all applicable sections of the Florida Teacher Certification Examination. See http://www.fldoe.org for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Secondary Education, Science Education Biology – Lifelong Learning Track (B.S.)

College of Community Innovation and Education
School of Teacher Education
Education Building, Room: 209
https://ccie.ucf.edu/teachered/secondaryed/science-education/

Lifelong Learning Track: Dr. Janet Andreasen, ED 123Q, Janet.Andreasen@ucf.edu

The Secondary Education B.S. - Science Education Biology - Lifelong Learning Track (non-certification) program is specifically focused on students who wish to use their knowledge of Science Education - Biology to pursue educational careers outside of traditional schools. The Lifelong Learning Track prepares graduates for employment in a broad spectrum of professional opportunities including non-profits and non-traditional educational agencies. The Lifelong Learning Track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Complete the EDF 2005 Introduction to the Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement
- Meet Foreign Language Admission Requirement.
- Have a minimum 2.5 overall GPA

Degree Requirements

Lifelong Learning Track requires 24 semester hours of Education Core Requirements

1 Prerequisite to Internship I

- EDF 4467 - Learning Theory and Assessment Credit Hours: 3
- EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools Credit Hours: 3

Education Track Specialization Requirements (31 Credit Hours)

- BSC 2010C - Biology Credit Hours: 4 (GEP) 1
- PHY 2053C - College Physics I Credit Hours: 4 (GEP) 1
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (CPP) 1
- CHM 2046 - Chemistry Fundamentals I Credit Hours: 3 (CPP) 1
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1 (CPP) 1
- CHM 3120 - Analytical Chemistry Credit Hours: 3
- CHM 3120L - Analytical Chemistry Laboratory Credit Hours: 1
- CHM 2210 - Organic Chemistry I Credit Hours: 3
- CHM 2211I - Organic Chemistry II Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
- BCH 4053 - Biochemistry I Credit Hours: 3
- SCE 4361 - Programs in Teaching Science Credit Hours: 3 2
- SCE 4633 - Secondary Science Curriculum Credit Hours: 3 2
- SCE 4933 - Seminar on Secondary Science Education Credit Hours: 3 2
- 3000/4000 level CHS or CHM Elective Credit Hours: 3
- 3000/4000 level elective approved by advisor Credit Hours: 4

1 Prerequisite to Internship I
2 Strongly recommended prior to Internship I

Internship I Block (7 Credit Hours)

Program Internship I Prerequisites: EDF 4410, TSL 4080, all Common Program Prerequisites, all Core Requirements:
Basic Level, and at least 50% of all required specialization courses must be completed prior to Internship I with a minimum grade of "C-" (1.75) or better. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship I. It is strongly recommended that SCE 4361, SCE 4633 and SCE 4933 are taken prior to Internship I.

Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before entry into Internship I.

Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410, EDF 4467, RED 4043, and TSL 4080.

Students must apply and be approved for Internship I. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexpx/. A fee may be required as part of the placement application process.

- SCE 4360 - Science Instructional Analysis
  Credit Hours: 4
- SCE 3940 - Internship
  Credit Hours: 3
  Strongly recommended to complete SCE 3940 and SCE 4360 concurrently in the fall semester. For students completing SCE 3940 in fall semester, SCE 4360 will be taken as a co-requisite. For students completing SCE 3940 in spring semester, SCE 4360 will be taken as a pre-requisite in the fall semester prior to internship.

Internship II Block (12 Credit Hours)

At least 80% of all required specialization courses and all education/methods courses must be completed with a letter grade of "C-" (1.75) or better before admission into Internship II. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission into Internship II.

Passing scores on all sections [General Knowledge, Professional, and Subject Area (Chemistry 6-12)] of the Florida Teacher Certification Examination (FTCE) are required prior to entry into Internship II.

Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexpx/. A fee may be required as part of the placement application process.

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.066.

- SCE 4941 - Internship Credit Hours: 9
- ESE 4033C - Critical Issues and Trends in Secondary Education Credit Hours: 3

Restricted Electives
- None

Capstone Requirements
- None

Electives
- None

Foreign Language Requirements

Admissions
- State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation
- None

Additional Requirements
- None

Required Minors
- None

Departmental Exit Requirements
Achieve a minimum 2.5 GPA in all courses within the major.
Achieve a minimum 2.5 GPA in the education core coursework.
Achieve a minimum 2.5 GPA in the specialization coursework.
Achieve a minimum overall 2.5 GPA
You must upload key assignments using the Via by Watermark platform. Key assignments are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs). All teacher education candidates, Lifelong Learning majors, and Early Childhood Development & Education majors (all ECDE tracks) are required to complete Via requirements before being certified for graduation. See https://ccie.ucf.edu/explore-via/

**Education Track**

- Pass all applicable sections of the Florida Teacher Certification Examination. See http://www.fldoe.org for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

**University Minimum Exit Requirements**

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

**Total Undergraduate Credit Hours Required:** 120

- Full-Time Student: $24 per term

**Plan of Study (120 Credit Hours)**
Science Education Chemistry Track (6-12)

Freshman Year - Fall (12 Credit Hours)
- Cultural & Historical Foundation, Area 1 Elective [Credit Hours: 3]
- ENC 1101 - Composition I [Credit Hours: 3]
- PSY 2012 - General Psychology [Credit Hours: 3]
  Select one:
  - MUL 2010 - Enjoyment of Music [Credit Hours: 3]
  - PHI 2010 - Introduction to Philosophy [Credit Hours: 3]
  - THE 2000 - Theatre Survey [Credit Hours: 3]

Freshman Year - Spring (12 Credit Hours)
- ENC 1102 - Composition II [Credit Hours: 3]
- MAC 1114C - College Trigonometry [Credit Hours: 3]
- POS 2041 - American National Government [Credit Hours: 3]
- Cultural & Historical Foundation, Area 3 Elective (Prefer course from Cultural & Historical Foundation, Area 1)

Freshman Year - Summer (3 Credit Hours)
- STA 2014C - Principles of Statistics [Credit Hours: 3]

Sophomore Year - Fall (14 Credit Hours)
- EDF 2005 - Introduction to the Teaching Profession [Credit Hours: 3]
- BSC 2010C - Biology I [Credit Hours: 4]
- CHM 2045C - Chemistry Fundamentals I [Credit Hours: 4]
- SPC 1608 - Fundamentals of Oral Communication [Credit Hours: 3]
- CHM 2046 - Chemistry Fundamentals II [Credit Hours: 3]
- CHM 2046L - Chemistry Fundamentals Laboratory [Credit Hours: 1]
- EDF 2130 - Child and Adolescent Development for Educators [Credit Hours: 3]
- PHY 2053C - College Physics I [Credit Hours: 4]
- TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools [Credit Hours: 3]

Sophomore Year - Summer (3 Credit Hours)
- 3000/4000 level CHS or CHM Elective [Credit Hours: 3]

Junior Year - Fall (16 Credit Hours)
- EDF 4467 - Learning Theory and Assessment [Credit Hours: 3]
- EDG 4410 - Teaching Strategies and Classroom Management [Credit Hours: 3]
- CHM 2210 - Organic Chemistry I [Credit Hours: 3]
- CHM 3120 - Analytical Chemistry [Credit Hours: 3]
- CHM 3120L - Analytical Chemistry Laboratory [Credit Hours: 1]
- SCE 4633 - Secondary Science Curriculum [Credit Hours: 3]

Junior Year - Spring (14 Credit Hours)
- RED 4043 - Content Reading in Kindergarten through Grade 12 [Credit Hours: 3]
- EEX 4242 - Teaching Exceptional Students in Secondary Settings [Credit Hours: 3]
- CHM 2211 - Organic Chemistry II [Credit Hours: 3]
- CHM 2211L - Organic Laboratory Techniques I [Credit Hours: 2]
- SCE 4361 - Programs in Teaching Science [Credit Hours: 3]

Junior Year - Summer (7 Credit Hours)
- SCE 4933 - Seminar on Secondary Science Education [Credit Hours: 3]
Senior Year - Fall (13 Credit Hours)

- EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools Credit Hours: 3
- SCE 4360 - Science Instructional Analysis Credit Hours: 4
- SCE 3940 - Internship Credit Hours: 3
- BCH 4053 - Biochemistry I Credit Hours: 3

Senior Year - Spring (12 Credit Hours)

- SCE 4941 - Internship Credit Hours: 9
- ESE 4033C - Critical Issues and Trends in Secondary Education Credit Hours: 3

Secondary Education, Science Education
Chemistry – Lifelong Learning Track (B.S.)

College of Community Innovation and Education
School of Teacher Education
Education Building, Room: 209
https://ccie.ucf.edu/teachered/secondaryed/science-education/

Dr. Janet Andreasen, ED 123Q, Janet.Andreasen@ucf.edu

The Secondary Education B.S. - Science Education Chemistry - Lifelong Learning Track (non-certification) program is specifically focused on students who wish to use their knowledge of Science Education Chemistry to pursue educational careers outside of traditional schools. The Lifelong Learning Track prepares graduates for employment in a broad spectrum of professional opportunities including non-profits and non-traditional educational agencies. The Lifelong Learning Track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Complete the EDF 2005 Introduction to Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet Foreign Language Admission Requirement.
- Have a minimum 2.5 overall GPA

Degree Requirements

- Students should see an advisor prior to registering for classes
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses

General Education Program (GEP)
(38 Credit Hours)

- Note: Students are advised to take the preferred courses.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

- General Education Program elective from Cultural & Historical Foundation, Area 1 to meet Gordon Rule Requirement Credit Hours: 3
• General Education Program elective: Prefer a second course from Cultural & Historical Foundation, Area 1 Credit Hours: 3
• MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)
• THE 2000 - Theatre Survey Credit Hours: 3 (Preferred)
• PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)

Mathematical Foundations (6 Credit Hours)

• MAC 1114C - College Trigonometry Credit Hours: 3 (Required)
• STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)

• POS 2041 - American National Government Credit Hours: 3 (Preferred)
• PSY 2012 - General Psychology Credit Hours: 3 (Preferred)

Science Foundations (8 Credit Hours)

• BSC 2010C - Biology I Credit Hours: 4 (Required) ¹
• PHY 2053C - College Physics I Credit Hours: 4 (Required) ¹
  ¹ A grade of "C-" (1.75) or better is required.

Common Program Prerequisites (CPP) (11 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

A grade of "C-" (1.75) or better is required.

• EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3
• CHM 2045C - Chemistry Fundamentals Credit Hours: 4
• CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
• CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
• PHY 2053C - College Physics I Credit Hours: 4 GEP

Core Requirements: Basic Level (6 Credit Hours)

Education Track requires 3 semester hours

Lifelong Learning Track requires 6 semester hours

A grade of "C-" (1.75) or better is required.

Transfer Notes: Courses taken at Florida College System institutions may substitute for select courses in this section with the permission of the department.

Lifelong Learning Track (6 Credit Hours)

• EDG 2000 - Careers in K-12 Education Credit Hours: 3
• BSC 2010C - Biology I Credit Hours: 4 GEP
• MAC 1114C - College Trigonometry Credit Hours: 3 GEP
  Select One:
  • EDF 2130 - Child and Adolescent Development for Educators Credit Hours: 3
  • EDP 2270 - Adult Development & Learning Credit Hours: 3

Core Requirements: Advanced Level (65 Credit Hours)

A grade of "C-" (1.75) or better is required.

Education Core Requirements (24 Credit Hours)

• EDF 4467 - Learning Theory and Assessment Credit Hours: 3
• EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools Credit Hours: 3
• EDF 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
• EEX 4242 - Teaching Exceptional Students in Secondary Settings Credit Hours: 3
• RED 4043 - Content Reading in Kindergarten through Grade 12 Credit Hours: 3
• TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3
• SCE 4361 - Programs in Teaching Science Credit Hours: 3
• EDG 4942 - Lifelong Learning Education Internship Credit Hours: 3

1Students must apply and be approved to take EDG 4942. Applications should be submitted in the semester prior to taking this course. For further information regarding EDG 4942, students should meet with their academic advisor.

Lifelong Learning Track Specialization Requirements (41 Credit Hours)

Select preferred specialization courses with advisor approval. A minimum of nine (9) hours must be taken in the content area. Substitutions are allowed with advisor approval. A minimum of nine (9) hours must be taken in the content area. A minimum of twelve (12) hours must be taken in Education coursework (prefix EDF, EDG, EEX, SCE, TSL, RED). Substitutions are allowed with advisor approval.

A grade of "C-"(1.75) or better is required.

Must have a total of 48 or more hours of upper level courses to graduate.

• SCE 4360 - Science Instructional Analysis Credit Hours: 4
• SCE 4633 - Secondary Science Curriculum Credit Hours: 3
• SCE 4933 - Seminar on Secondary Science Education Credit Hours: 3
• BCH 4053 - Biochemistry I Credit Hours: 3
• CHM 2210 - Organic Chemistry I Credit Hours: 3
• CHM 2211 - Organic Chemistry II Credit Hours: 3
• CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
• CHM 3120 - Analytical Chemistry Credit Hours: 3
• CHM 3120L - Analytical Chemistry Laboratory Credit Hours: 1
• EDG 4941 - Directed Field Experience Credit Hours: 1-8
• EDG 4948 - Service Learning Credit Hours: 3
• CCJ 4651 - Drugs and Crime Credit Hours: 3
• CCJ 4670 - Women and Crime Credit Hours: 3
• CCJ 3024 - Criminal Justice System Credit Hours: 3
• CJE 3001 - Careers in Criminal Justice Credit Hours: 4
• CJE 3444 - Crime Prevention Credit Hours: 3
• DIG 2000 - Introduction to Digital Media Credit Hours: 3
• DEP 2004 - Developmental Psychology Credit Hours: 3
• DEP 3202 - Psychology of Exceptional Children Credit Hours: 3
• DEP 3464 - Psychology of Aging Credit Hours: 3
• EXP 3250 - Principles of Human Factors Psychology Credit Hours: 3
• EAB 3703 - Principles of Behavior Modification Credit Hours: 3
• ECT 4184 - Curriculum Development Techniques for Industry Training Credit Hours: 3
• HFT 1000 - Introduction to the Hospitality and Tourism Industry Credit Hours: 3
• HFT 2750 - The Event Industry Credit Hours: 3
• HIM 3006 - Foundations of Health Information Management (HIM) Credit Hours: 3
• HSA 4003 - The Patient Experience from an Administrator's Perspective Credit Hours: 3
• HSC 3537 - Medical Terminology Credit Hours: 3
• PLA 3014 - Law and the Legal System Credit Hours: 3
• PLA 3108 - Legal Research Credit Hours: 3
• PLA 3155 - Legal Writing Credit Hours: 3
• PLA 3306 - Criminal Law Credit Hours: 3
• PLA 3951H - Honors Moot Court Credit Hours: 3
• SPC 3445 - Leadership Through Oral Communication Credit Hours: 3
• SPC 4331 - Nonverbal Communication Credit Hours: 3

Junior Year - Fall (16 Credit Hours)
Secondary Education, Science Education Physics Track (B.S.)

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/secondaryed/science-education/

Education Track Contact: Dr. Su Gao, ED 115F, Su.Gao@ucf.edu, 407-823-4834

The Secondary Education B.S. - Science Education Physics program offers students the option of two tracks: Science Education - Physics Track and Science Education - Physics Lifelong Learning Track (non-certification). The Education Track is appropriate for students interested in opportunities for employment in formal, 6-12 schools that require certification.

This Secondary Education B.S. - Science Education Physics program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://ccie.ucf.edu/teachered/secondaryed/science-education/.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Complete the EDF 2005 - Introduction to the Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement
- Meet Foreign Language Admission Requirement
- Have a minimum 2.5 overall GPA
- Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted).

Degree Requirements

- Students should see an advisor prior to registering for classes

UCF Undergraduate Catalog 2019-2020 - 568
The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses. The Education Track is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

General Education Program (GEP) (38 Credit Hours)

- Students are advised to take the preferred courses.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

- General Education Program elective from Cultural & Historical Foundation, Area 1 Credit Hours: 3
- General Education Program elective: Prefer a second course from Cultural & Historical Foundation, Area 1 Credit Hours: 3

Select One: (3 Credit Hours)

- MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)
- THE 2000 - Theatre Survey Credit Hours: 3 (Preferred)

- BSC 1005 - Biological Principles Credit Hours: 3 (Preferred) 1

Common Program Prerequisites (CPP) (23 Credit Hours)

See "Common Prerequisites" in the Transfer and Transition Services section for more information.

A grade of "C-" (1.75) or better is required.

- EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
• PHY 2048C - General Physics Using Calculus I
  Credit Hours: 4 (GEP)
• PHY 2049C - General Physics Using Calculus II
  Credit Hours: 4
• CHM 2045C - Chemistry Fundamentals I
  Credit Hours: 4
• CHM 2046 - Chemistry Fundamentals II
  Credit Hours: 3
• CHM 2046L - Chemistry Fundamentals Laboratory
  Credit Hours: 1

Core Requirements: Basic Level (3 Credit Hours)

• EDF 2130 - Child and Adolescent Development for Educators
  Credit Hours: 3 ¹
  ¹ Prerequisite to Internship I. Courses taken at Florida College System institutions may substitute for select courses in Other Program Requirements with the permission of the department.

Core Requirements: Advanced Level (56 Credit Hours)

• A grade of "C" (1.75) or better is required.

Education Core Requirements (18 Credit Hours)

• EDF 4467 - Learning Theory and Assessment
  Credit Hours: 3
• EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools
  Credit Hours: 3
• EDG 4410 - Teaching Strategies and Classroom Management
  Credit Hours: 3 ¹
• EEX 4242 - Teaching Exceptional Students in Secondary Settings
  Credit Hours: 3
• RED 4043 - Content Reading in Kindergarten through Grade 12
  Credit Hours: 3
• TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools
  Credit Hours: 3 ¹

Education Track Specialization Requirements (19 Credit Hours)

A grade of "C-" (1.75) or better is required.

¹ Prerequisite to Internship I
² Strongly recommended prior to Internship I

• MAC 2311C - Calculus with Analytic Geometry
  Credit Hours: 4 ¹ GEP
• PHY 2048C - General Physics Using Calculus I
  Credit Hours: 4 ¹ GEP
• CHM 2045C - Chemistry Fundamentals I
  Credit Hours: 4 (CPP) ¹
• CHM 2046 - Chemistry Fundamentals II
  Credit Hours: 3 (CPP) ¹
• CHM 2046L - Chemistry Fundamentals Laboratory
  Credit Hours: 1 (CPP) ¹
• MAC 2312 - Calculus with Analytic Geometry II
  Credit Hours: 4 (CPP) ¹
• MAC 2313 - Calculus with Analytic Geometry III
  Credit Hours: 4 (CPP) ¹
• PHY 2049C - General Physics Using Calculus II
  Credit Hours: 4 (CPP) ¹
• PHY 3101 - General Physics Using Calculus III
  Credit Hours: 3
• SCE 4361 - Programs in Teaching Science
  Credit Hours: 3 ²
• SCE 4633 - Secondary Science Curriculum
  Credit Hours: 3 ²
• SCE 4933 - Seminar on Secondary Science Education
  Credit Hours: 3 ²
• Elective: 3000 or 4000 level PHY or PHZ prefix
  Credit Hours: 4
  Select one:
• PHY 3722C - Physics Laboratory-Electronics
  Credit Hours: 3
• PHY 3752C - Physics of Scientific Instruments
  Credit Hours: 3

Internship I Block (7 Credit Hours)

Program Internship I Prerequisites: EDF 4410, TSL 4080, all Common Program Prerequisites, all Core Requirements: Basic Level, and at least 50% of all required specialization courses must be completed prior to Internship I with a
minimum grade of "C-" (1.75) or better. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission into Internship I. It is strongly recommended that SCE 4361, SCE 4633, and SCE 4933 are taken prior to Internship I.

Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before entry into Internship I.

Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410, EDF 4467, RED 4043, and TSL 4080.

Students must apply and be approved for Internship I. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

- SCE 3940 - Internship Credit Hours: 3
- SCE 4360 - Science Instructional Analysis Credit Hours: 4
  1Strongly recommended to complete SCE 3940 and SCE 4360 concurrently in the fall semester. For students completing SCE 3940 in fall semester, SCE 4360 will be taken as a corequisite. For students completing SCE 3940 in spring semester, SCE 4360 will be taken as a prerequisite in the fall semester prior to internship.

Internship II Block (12 Credit Hours)

At least 80% of all required specialization courses and all education/methods courses must be completed with a letter grade of "C-" (1.75) or better before admission into Internship II. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission into Internship II.

Passing scores on all sections [General Knowledge, Professional, and Subject Area (Physics 6-12) of the Florida Teacher Certification Examination (FTCE) is required prior to entry into Internship II.

Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.006.

- SCE 4941 - Internship Credit Hours: 9
- ESE 4033C - Critical Issues and Trends in Secondary Education Credit Hours: 3

Electives
- None

Foreign Language Requirements

Admissions
- State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation
- None

Additional Requirements
- None

Required Minors
- None

Departmental Exit Requirements
Achieve a minimum 2.5 GPA in all courses within the major.
Achieve a minimum 2.5 GPA in the specialization coursework.
Achieve a minimum 2.5 GPA in the education core coursework.
Achieve a minimum overall 2.5 GPA
You must upload key assignments using the Via by Watermark platform. Key assignments are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs). All teacher education candidates, Lifelong Learning majors, and Early Childhood Development & Education majors (all ECDE tracks) are required to complete Via requirements before being certified for graduation. See https://ccie.ucf.edu/explore-via/

Education Track

- Pass all applicable sections of the Florida Teacher Certification Examination. See http://www.fldoe.org for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Secondary Education, Social Science Education - Lifelong Learning Track (B.S.)

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/lifelong-learning/

Lifelong Learning Track Contact: Dr. Janet Andreasen, ED 123Q, Janet.Andreasen@ucf.edu

The Secondary Education B.S. - Social Science Education - Lifelong Learning Track (non-certification) program is specifically focused on students who wish to use their knowledge of Social Science Education to pursue educational careers outside of traditional schools. The Lifelong Learning Track prepares graduates for employment in a broad spectrum of professional opportunities including non-profits and non-traditional educational agencies. The Lifelong Learning Track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.

Degree Requirements

- Students should see an advisor prior to registering for classes
- The courses designated in General Education and Education Common Program Prerequisites should be completed prior to admission to the major and upper division education courses.

General Education Program (GEP) (36 Credit Hours)

- Students are advised to take preferred courses.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

Secondary Education, Social Science Education Track (B.S.)

College of Community Innovation and Education
School of Teacher Education
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/secondaryed/social-science-education/

Education Track Contact: Dr. Scott Waring, ED 206J, Scott.Waring@ucf.edu, 407-823-1766

The Secondary Education B.S. - Social Science Education program offers students the option of two tracks: Social Science Education - Education Track and Social Science Education - Lifelong Learning Track (non-certification). The Education Track is appropriate for students interested in opportunities for employment with formal, 6-12 schools that require certification.

This Secondary Education B.S. - Social Science Education program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://ccie.ucf.edu/teachered/secondaryed/social-science-education/.

Admission Requirements
- Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Complete the EDF 2005 - Introduction to the Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet the foreign language admission requirement
- Have a minimum 2.5 overall GPA
- Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted).

Degree Requirements
- Students should see an advisor prior to registering for classes
- The courses designated in General Education and Education Common Program Prerequisites should be completed prior to admission to the major and upper division education courses.
- The Education Track is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree
requirements are subject to change based on state mandates.

General Education Program (GEP) (36 Credit Hours)

- Students are advised to take preferred courses.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Required)

¹ Prerequisite to Internship I
² Strongly recommended prior to Internship I

Internship I Block (6 Credit Hours)

Prior to Internship I, the student must have completed EDG 4410, TSL 4080, all Common Program Prerequisites, all Core Requirements: Basic Level, SYG 2000, ECO 2013, and at least 50% of all required specialization courses indicated above with a letter grade of "C-" (1.75) or better. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship I. It is strongly recommended that SSE 4395, SSE 4632, SSE 4042, and SSE 4936 are taken prior to Internship I.

Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before entry into Internship I.

Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410, EDF 4467, RED 4043, and TSL 4080.

Students must apply and be approved for Internship I. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.
SSE 4361 - Social Science Instructional Analysis
Credit Hours: 3

SSE 3940 - Internship Credit Hours: 3
1 Strongly recommended to complete Internship I and SSE 4361 concurrently in fall semester. For students completing SSE 3940 in fall semester, SSE 4361 will be taken as a co-requisite. For students completing SSE 3940 in spring semester, SSE 4361 will be taken as a pre-requisite in the fall semester prior to internship.

Internship II Block (12 Credit Hours)

At least 80% of all required specialization courses and all education/methods courses must be completed with a letter grade of "C-" (1.75) or better before admission into Internship II. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship II. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship II.

Passing scores on all sections [General Knowledge, Professional, and Subject Area (Social Science 6-12)] of the Florida Teacher Certification Examination (FTCE) are required prior to entry into Internship II.

Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexpl/. A fee may be required as part of the placement application process.

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.066.

- SSE 4941 - Internship Credit Hours: 9
- ESE 4033C - Critical Issues and Trends in Secondary Education Credit Hours: 3

Restricted Electives

- None

Capstone Requirements

- None

Electives

- None

Foreign Language Requirements

Admissions

- State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Achieve a minimum 2.5 GPA in the education core coursework.
- Achieve a minimum 2.5 GPA in the specialization coursework.
- Achieve a minimum overall 2.5 GPA
- You must upload key assignments using the Via by Watermark platform. Key assignments are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs). All teacher education candidates, Lifelong Learning majors, and Early Childhood Development & Education majors (all ECDE tracks) are required to complete Via requirements before being certified for graduation. See https://ccie.ucf.edu/explore-via/
Education Track

- Pass all applicable sections of the Florida Teacher Certification Examination. See http://www.fldoe.org for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

The Secondary Education B.S. - Art Education - Lifelong Learning Track (non-certification) program is specifically focused on students who wish to use their knowledge of Art Education to pursue educational careers outside of traditional schools. The Lifelong Learning Track prepares graduates for employment in a broad spectrum of professional opportunities including non-profits and non-traditional educational agencies. The Lifelong Learning Track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.

**Admission Requirements**

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Complete EDF 2005 - Introduction to the Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet the Foreign Language Admission Requirement.
- Have a minimum 2.5 overall GPA

**Degree Requirements**

- Students should see an advisor prior to registering for classes.
- The courses designated in (General Education), (Education Common Program Prerequisites), and (Core Requirements: Basic Level) should be completed prior to admission to the major and upper division education courses.

**General Education Program (GEP)**

(36 Credit Hours)

Students are strongly advised to take the preferred courses.

**Communication Foundations (9 Credit Hours)**

- ENC 1101 - Composition I **Credit Hours: 3** (Required)
- ENC 1102 - Composition II **Credit Hours: 3** (Required)
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural and Historical Foundations (9 Credit Hours)

1 A grade of "C-" (1.75) or better is required

• AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Preferred)
• ARH 2050 - History of Western Art I Credit Hours: 3 (Required)
  Select One:
• MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)
• THE 2000 - Theatre Survey Credit Hours: 3 (Preferred)
• PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)

Mathematical Foundations (6 Credit Hours)

• MGF 1106 - Finite Mathematics Credit Hours: 3 (Preferred)
• STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)

• AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (Preferred)
• PSY 2012 - General Psychology Credit Hours: 3 (Preferred)

Science Foundations (6 Credit Hours)

• PSC 1121 - Physical Science Credit Hours: 3 (Preferred)
• BSC 1005 - Biological Principles Credit Hours: 3 (Preferred)

Common Program Prerequisites (CPP) (3 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

Core Requirements: Basic Level (18 Credit Hours)

• ARH 2050 - History of Western Art I Credit Hours: 3
• ARH 2051 - History of Western Art II Credit Hours: 3
• ART 2201C - Design Fundamentals-Two Dimensional Credit Hours: 3
• ART 2300C - Drawing Fundamentals I Credit Hours: 3
• GRA 2101C - Introduction to Computer Art Credit Hours: 3
• EDG 2000 - Careers in K-12 Education Credit Hours: 3
  Select one:
• EDF 2130 - Child and Adolescent Development for Educators Credit Hours: 3
• EDP 2270 - Adult Development & Learning Credit Hours: 3

Core Requirements: Advanced Level (69 Credit Hours)

A grade of "C-" (1.75) or better is required.

Education Core Requirements (21 Credit Hours)

• EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
• EDF 4467 - Learning Theory and Assessment Credit Hours: 3
• EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools Credit Hours: 3
• TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3
• RED 4043 - Content Reading in Kindergarten through Grade 12 Credit Hours: 3
• EEX 4242 - Teaching Exceptional Students in Secondary Settings Credit Hours: 3
Students must apply and be approved to take EDG 4942. Applications should be submitted in the semester prior to taking this course. For further information regarding EDG 4942, students should meet with their academic advisor.

• PSY 2012 - General Psychology Credit Hours: 3 (Preferred)

**Science Foundations (7 Credit Hours)**

• PSC 1121 - Physical Science Credit Hours: 3 (Preferred)
• BSC 2010C - Biology I Credit Hours: 4 (Required)

**Common Program Prerequisites (CPP) (3 Credit Hours)**

A grade of "C-"(1.75) or better is required.

• EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3

**Core Requirements: Basic Level (17 Credit Hours)**

A grade of "C-"(1.75) or better is required.
Core Requirements: Advanced Level (60 Credit Hours)
A grade of "C-" (1.75) or better is required.

Education Core Requirements (12 Credit Hours)

1 Required prior to Internship I

- EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3 ¹
- EDF 4467 - Learning Theory and Assessment Credit Hours: 3
- TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3 ¹
- RED 4043 - Content Reading in Kindergarten through Grade 12 Credit Hours: 3

Specialization Requirements (30 Credit Hours)
A grade of "C-" (1.75) or better is required.

- DAE 3370 - Dance and Rhythms Credit Hours: 3
- PEO 3041 - Games Analysis Credit Hours: 3
- PET 4050C - Motor Development and Learning Credit Hours: 3
- PET 4325 - Functional Kinesiology Credit Hours: 3
- APK 4110C - Advanced Exercise Physiology Credit Hours: 3
- PET 4401 - Administration and Evaluation in Sport and Fitness Credit Hours: 3
- PET 4550C - Assessment and Evaluation in Kinesiology Credit Hours: 3
- PET 4552 - Exercise Prescription for Special Populations Credit Hours: 3

- PET 3820 - Teaching Sports Skills I Credit Hours: 3
- PET 3765 - Coaching Theory Credit Hours: 3
- Elective Credit Hours: 3

Internship I Block: (6 Credit Hours)
Prior to Internship I, the student must have completed EDG 4410, TSL 4080, all Common Program Prerequisites, all Core Requirements: Basic Level and at least 50% of all required specialization courses indicated above with a letter grade of "C-" (1.75) or better. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship I.

Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before entry into Internship I.

Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410, EDF 4467, RED 4043, and TSL 4080.

Students must apply and be approved for Internship I. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexperience. A fee may be required as part of the placement application process.

1 PET 4710 is taken concurrently with ESE 3940 - Internship I - Secondary

- ESE 3940 Internship I - Secondary Credit Hours: 3
- PET 4710 - Methods for Physical Activity for Children and Adolescents Credit Hours: 3 ¹

Internship II Block: (12 Credit Hours)
At least 80% of all required specialization courses and all education/methods courses must be completed with a letter grade of "C-" (1.75) or better before admission to Internship II. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission to Internship II.

Passing scores on all sections [General Knowledge, Professional, and Subject Area (Physical Education K-12)] of the Florida Teacher Certification Examination (FTCE) are required prior to admission into Internship II.
Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalex. A fee may be required as part of the placement application process.

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.066.

- ESE 4943 - Internship II - Secondary Credit hours: 9
- ESE 4033C - Critical Issues and Trends in Secondary Education Credit Hours: 3

Capstone Requirements

- None

Electives

- None

Foreign Language Requirements

Admissions

- State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Achieve a minimum 2.5 GPA in the education core coursework.
- Achieve a minimum 2.5 GPA in the specialization coursework.
- Achieve a minimum overall 2.5 GPA
- Pass all applicable sections of the Florida Teacher Certification Examination. See http://www.fldoe.org for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)
- Upload all key assignments using the Via by Watermark platform. Key assignments are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs). All teacher education candidates, Lifelong Learning majors, and Early Childhood Development & Education majors (all ECDE tracks) are required to complete Via requirements before being certified for graduation. See https://ccie.ucf.edu/explore-via/

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Teacher Education, World Languages Education - Lifelong Learning Track (B.S.)

College of Community Innovation and Education  
School of Teacher Education, Education Complex, Room: 209  
https://ccie.ucf.edu/teachered/lifelong-learning/

Lifelong Learning Track Contact: Dr. Janet Andreasen, ED 123Q, Janet.Andreasen@ucf.edu

The Teacher Education B.S. - World Languages Education - Lifelong Learning Track (non-certification) program is specifically focused on students who wish to use their knowledge of World Languages Education to pursue educational careers outside of traditional schools. The Lifelong Learning Track prepares graduates for employment in a broad spectrum of professional opportunities including non-profits and non-traditional educational agencies. The Lifelong Learning Track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.
Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Complete the EDF 2005 Introduction to Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet the foreign language admission requirement.
- Have a minimum 2.5 overall GPA
- The Lifelong Learning Track is a non-certification program and does not require the General Knowledge Test.

Degree Requirements

- Students should see an advisor prior to registering for classes
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.

General Education Program (GEP) (36 Credit Hours)

Science Foundations (6 Credit Hours)

- PSC 1121 - Physical Science Credit Hours: 3 (Preferred)

Teacher Education, World Languages Education Track (B.S.)

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/k-12/world-languages-education/
Education Track: Dr. Michele Regalla, ED 122A, michele.regalla@ucf.edu, 407-823-0074

The Teacher Education B.S. - World Languages Education program offers students the option of two tracks: World Languages Education - Education Track and World Languages Education - Lifelong Learning Track (non-certification). Within the Education track, specializations are available in Spanish or French. Students pursuing the Education Track are required to complete the World Languages Education - English for Speakers of Other Languages (ESOL) Minor. The Education Track is appropriate for students interested in opportunities for employment with formal, K-12 schools that require certification.

This Teacher Education B.S. - World Languages Education program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://ccie.ucf.edu/teachered/k-12/world-languages-education/.

Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Complete the EDF 2005 - Introduction to the Teaching Profession course with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet the foreign language admission requirement.
- Have a minimum 2.5 overall GPA
- Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted).

Degree Requirements
Students should see an advisor prior to registering for classes.
The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
The Education Track is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

General Education Program (GEP) (36 Credit Hours)
- Students are advised to take the preferred courses.

Communication Foundations (9 Credit Hours)
- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural and Historical Foundations (9 Credit Hours)
- General Education Program course from Section B1 to meet Gordon Rule Requirement Credit Hours: 3
- General Education Program course: Prefer a second course from Section B1 to meet Gordon Rule Requirement Credit Hours: 3

Select One:
- MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred) or
- THE 2000 - Theatre Survey Credit Hours: 3 (Preferred) or
- PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Preferred)

Mathematical Foundations (6 Credit Hours)
- MGF 1106 - Finite Mathematics Credit Hours: 3 (Preferred)
- STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)

Social Foundations (6 Credit Hours)
- POS 2041 - American National Government Credit Hours: 3 (Preferred)

- BSC 1005 - Biological Principles Credit Hours: 3 (Preferred)

Common Program Prerequisites (CPP) (3 Credit Hours)
A grade of "C-" (1.75) or better is required.
- EDF 2005 - Introduction to the Teaching Profession Credit Hours: 3

Core Requirements: Basic Level (3 Credit Hours)
A grade of "C-" (1.75) or better is required.
- EDF 2130 - Child and Adolescent Development for Educators Credit Hours: 3 ¹

¹ Pre-requisite for Internship I. Courses taken at Florida College System institutions may substitute for select courses in Other Program Requirements with the permission of the department.

Core Requirements: Advanced Level (48 Credit Hours)
A grade of "C-" (1.75) or better is required.

Education Core Requirements (18 Credit Hours)

1 Pre-requisite for Internship I

- EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
- EDF 4467 - Learning Theory and Assessment Credit Hours: 3
- TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3
- RED 4043 - Content Reading in Kindergarten through Grade 12 Credit Hours: 3
- EEX 4242 - Teaching Exceptional Students in Secondary Settings Credit Hours: 3
- EDF 4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools Credit Hours: 3

Education Track Specialization Requirements (15 Credit Hours)

A grade of "C-" (1.75) or better is required.

- FLE 4340 - Teaching World Languages in K-12 Schools Credit Hours: 3
- TSL 4240 - Issues in Second Language Acquisition Credit Hours: 3
- TSL 4520 - ESOL Cultural Diversity Credit Hours: 3
- TSL 4942 - ESOL Field Experience Credit Hours: 3
- TSL 4943 - L2 Academic Language Instruction Credit Hours: 3

Internship I (3 Credit Hours)

- Program Internship I Prerequisites: EDG 4410; TSL 4080, all Common Program Prerequisites, all Core Requirements: Basic Level, and at least 50% of all required specialization courses (including restricted electives) must be completed before doing Internship I with a minimum grade of "C-" or better. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for admission into Internship I.
- Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before entry into Internship I.
- Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410, EDF 4467, RED 4043, and TSL 4080.
- Students must apply and be approved for Internship I. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.
- FLE 3940 - Internship Credit Hours: 3

Internship II Block (12 Credit Hours)

At least 80% of all required specialization courses (including restricted electives) and all education/methods courses must be completed with a letter grade of "C-" (1.75) or better before entry into Internship II. However, a minimum GPA of 2.5 is required in the education core, specialization and overall for entry into Internship II.

Passing scores on all sections [General Knowledge, Professional, and Subject Area (aligned to specialization area) of the Florida Teacher Certification Examination (FTCE)] are required prior to admission into Internship II. Students must apply and be approved for Internship II. Deadline dates and placement application are available through the Office of Clinical & Field Experiences at https://ccie.ucf.edu/clinicalexp/. A fee may be required as part of the placement application process.

Satisfactory completion of Internship II requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.066.

- FLE 4941 - Internship Credit Hours: 9
- ESE 4033C - Critical Issues and Trends in Secondary Education Credit Hours: 3

Restricted Electives

World Languages Specializations (30 Credit Hours)
• Select Spanish Specialization or French Specialization
• A grade of "C-"(1.75) or better is required.

Spanish (K-12) Core (27 Credit Hours)

Students pursuing the World Languages Education Spanish Specialization must pass the Florida Teacher Certification Examination: Subject Area Examination - Spanish K-12

• SPN 2201 - Intermediate Spanish Language and Civilization II Credit Hours: 3
• SPN 3300 - Advanced Spanish Grammar and Composition Credit Hours: 3
• SPN 3420 - Spanish Composition Credit Hours: 3
• SPW 3100 - Survey of Spanish Literature I Credit Hours: 3
• SPN 3760 - Advanced Spanish Oral Communication Credit Hours: 3
• SPW 3101 - Survey of Spanish Literature II Credit Hours: 3
• SPN 3344 - Advanced Spanish Native Fluency I Credit Hours: 3
• SPN 3345 - Advanced Spanish Native Fluency II Credit Hours: 3
• SPN 4520 - Latin American Civilization and Culture Credit Hours: 3

2 SPW 3130 and SPW 3131 may substitute for SPW 3100 and SPW 3101

Spanish Upper Division Restricted Electives (3 Credit Hours)

Select 3 semester hours of an upper division Spanish course (SPN 3/4XXX) with advisor consent. The following courses are recommended:

• SPN 4410 - Advanced Spanish Conversation Credit Hours: 3 or
• SPN 4421 - Advanced Spanish Composition Credit Hours: 3 or
• SPN 4510 - Spanish Civilization and Culture Credit Hours: 3 or
• SPN 4852 - Bilinguismo Credit Hours: 3 or
• SPN 4800 - The Syntax of Spanish Credit Hours: 3 or
• SPN 4801 - Spanish Morphology Credit Hours: 3

French (K-12) Core (27 Credit Hours)

Students pursuing the World Languages Education French Specialization must pass the Florida Teacher Certification Examination: Subject Area Examination - French K-12

French Upper Division Restricted Electives (3 Credit Hours)

Select 3 semester hours of an upper division French course (FRE 3/4XXX) with advisor consent.

Capstone Requirements

• None

Electives

• None

Foreign Language Requirements

Admissions

• State University System foreign language admission requirement: two years in high school
or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation

- None

Additional Requirements

- None

Required Minors

- World Languages Education - English for Speakers of Other Languages (ESOL)

Departmental Exit Requirements

- Achieve a minimum 2.5 GPA in all courses within the major.
- Achieve a minimum 2.5 GPA in the education core coursework.
- Achieve a minimum 2.5 GPA in the specialization coursework.
- Achieve a minimum overall 2.5 GPA.
- You must upload key assignments using the Via by Watermark platform. Key assignments are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs). All teacher education candidates, Lifelong Learning majors, and Early Childhood Development & Education majors (all ECDE tracks) are required to complete Via requirements before being certified for graduation. See https://ccie.ucf.edu/explore-via/
- Pass all applicable sections of the Florida Teacher Certification Examination (General Knowledge Test, Professional Education Test, and Subject Area Examination to match specialization area - Spanish K-12 or French K-12). Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Minor

Art Education Minor

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: ED 122C
https://ccie.ucf.edu/teachered/k-12/education/

This minor is not available to Art Education majors. This minor is well-suited for students enrolled in the School of Visual Arts and Design or Interdisciplinary Studies students with a concentration in Art. This minor is not available to students in pending status in a College of Community Innovation and Education major.

Admission Requirements

- Have a minimum 2.5 overall GPA
- Complete the University General Education requirements or its equivalent, i.e. an AA degree from an approved Florida College System or State University System institution.

Minor Requirements

- Students should see an advisor prior to registering for classes.
- Students must complete 18 SH of co-requisites and course prefixes could be ARE, ART, ARH, or GRA.
- At least 12 hours in the minor must be earned at UCF.
- Students must have a grade of "C-" (1.75) or better in all courses required for minor.

Prerequisite Courses

- None

Required Courses

Credit Hour Requirement (18 Credit Hours)

- EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3

Early Childhood Development and Education Minor

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/early-childhood-education/
Preview Email: ece@ucf.edu

Contact: Dr. Judy Levin, ED 122L, Judith.Levin@ucf.edu
Phone: 407-823-4615

The Early Childhood Development and Education minor is intended to provide a limited, but substantive experience in the fields of development and early childhood education. The minor is intended for University students enrolled outside the Early Childhood Development and Education major and does not lead to teacher certification or admission to the College of Community Innovation and Education. The minor is appropriate for students who are seeking an enhanced understanding of education and development or are considering a career working with young children in the fields of early childhood education, social work, psychology or health services. This minor will strengthen the marketability of the student's major program. This minor is available for students in the 2003 catalog year and beyond.

Minor Admission Requirements

- Complete the University General Education Program requirements or its equivalent, i.e. an A.A. degree from an approved Florida College System or State University System institution.
- A minimum overall GPA of 2.75.
- No credit by exam (CLEP, Military credit) may be used. Transfer credits from other universities will be considered.

Minor Requirements

- Must maintain a minimum overall MINOR GPA of 2.75.
- At least 12 hours used in the minor must be earned at UCF.
- Once the Early Childhood Development and Education Minor has been declared and approved, Early Childhood Development and Education Minor students must schedule an appointment with their program advisor listed on their ECDE Minor degree audit.
- NOTE: Completion of the Early Childhood Development and Education Minor does not complete the requirements for certification in Early Childhood Development.

Prerequisite Courses

- None

Required Courses (15 Credit Hours)

- EEC 4661 - Early Childhood Education Theory and Practice: Credit Hours: 3
- EEC 4604 - Classroom Management and Guidance of Young Children Credit Hours: 3
- EEC 3700 - Social and Emotional Development of Young Children Credit Hours: 3
- EEX 3450 - Young Children With Special Needs Credit Hours: 3
- EEC 4268 - Curriculum Activities in Early Childhood Credit Hours: 3

**Education Minor**

**College of Community Innovation and Education**

School of Teacher Education, Education Complex, Room: 209
https://ceie.ucf.edu/teachered/

Contact: Michael McManus, ED 220 B, michael.mcmmanus@ucf.edu

The Education minor is intended to provide for university students outside the College of Community Innovation and Education a limited but substantial experience in the fields of professional education. Students who successfully complete this minor can expect to increase their marketability in careers that include educational components such as instructing, training, and lecturing. This minor is designed to promote student success in instructional settings, particularly in the high school setting, but does not directly qualify students for teacher certification or admission into the College of Community Innovation and Education. This minor is not available to students in pending status in a College of Community Innovation and Education major. This minor is available for students in the 2007 catalog year and beyond.

**Minor Admission Requirements**

• Have a minimum 2.5 overall GPA
• Complete the University General Education Program requirements or its equivalent, i.e. an A.A. degree from an approved Florida College System or State University System institution.

• PET 4710 - Methods for Physical Activity for Children and Adolescents **Credit Hours: 3**

**Foreign Language Requirements**

• None

**Total Undergraduate Credit Hours Required: 18**

**Other Requirements**
A grade of "C" (2.0) or better is required in each course used to satisfy the minor.
A minimum GPA of 2.5 of all Gordon Rule classes is required.
At least 12 hours used in the minor must be earned at UCF.
No credit by exam (CLEP, Military credit) may be used. Transfer credits from other universities will be considered.

NOTE:
- Completion of the minor does not complete the requirements for teacher certification nor does it constitute admission to the College of Community Innovation and Education majors.
- Students may enroll in the Education Minor or a Minor in a Content Area, but not both.

English Language Arts Education Minor

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 223N
https://ccie.ucf.edu/teachered/secondaryed/english-language-arts-education/

Contact: Dr. Elsie Olan, Elsie.Olan@ucf.edu, 407-823-5179

The English Language Arts Education minor is intended for non-English Language Arts Education majors. It is well suited for College of Community Innovation and Education, School of Teacher Education students majoring in another secondary/K-12 content area. It is also intended to provide for university students outside the School of Teacher Education (such as students enrolled in Interdisciplinary Studies and English) a limited but substantial experience in the field of professional education. This minor is not available to students in pending status in a School of Teacher Education major. Students who successfully complete this minor can expect to increase their marketability in careers that include educational components such as instructing, training, and lecturing. This minor is designed to promote student success in instructional settings, particularly in the K-12 school setting, but does not directly qualify students for teacher certification or admission into the College of Community Innovation and Education.

**World Languages Education, Languages**
Other Than English (LOTE) Minor

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 220L
https://ccie.ucf.edu/teachered/k-12/world-languages-education/

Contact: Dr. Michele Regalla, michele.regalla@ucf.edu, 407-823-0074

The World Languages Education - Languages Other Than English (LOTE) minor is intended for non-World Languages Education - Languages Other Than English (LOTE) majors. It is well suited for College of Community Innovation and Education, School of Teacher Education students majoring in another secondary/K-12 content area. It is also intended to provide for university students outside the School of Teacher Education (such as students enrolled in Interdisciplinary Studies, International and Global Studies, or programs in the Department of Modern Languages and Literatures) a limited but substantial experience in the field of professional education. This minor is not available to students in pending status in a School of Teacher Education major. Students who successfully complete this minor can expect to increase their marketability in careers that include educational components such as instructing, training, and lecturing. This minor is designed to promote student success in instructional settings, particularly in the K-12 school setting, but does not directly qualify students for teacher certification or admission into the College of Community Innovation and Education.

Minor Admission Requirements

• Minimum 2.5 overall GPA.
• Complete the University General Education Program requirements or the equivalent, i.e., an AA degree from a Florida College System or State University System institution.

Minor Requirements

• Students should see an advisor prior to registering for classes. A grade of "C" (2.0) or better is required in each course used to satisfy the minor. At least 12 hours used in the minor must be earned at UCF.

• For students intending on pursuing teaching certification after graduation, it is recommended to complete 18 credits of coursework in a chosen language.

Prerequisite Courses

• None

Required Courses (18 Credit Hours)

• EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
• EDF 4467 - Learning Theory and Assessment Credit Hours: 3
• TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3
• TSL 4520 - ESOL Cultural Diversity Credit Hours: 3
• TSL 4943 - L2 Academic Language Instruction Credit Hours: 3
• FLE 4340 - Teaching World Languages in K-12 Schools Credit Hours: 3

Restricted Electives

• None

Foreign Language Requirements

• None

Total Undergraduate Credit Hours Required: 18

Other Requirements

• Students should see an advisor prior to registering for classes
• For students intending on pursuing teaching certification after graduation, it is recommended to complete 18 hrs of courses in a language other than English
• At least 12 hours in the minor must be earned at UCF
• Obtain a minimum 2.5 GPA in courses required for minor

Certificate
Substitute Teaching Certificate

College of Community Innovation and Education
School of Teacher Education,
Education Complex, Room: 209
https://ccie.ucf.edu/teachered/secondaryed/substitute-teaching/

Contact: Dr. Dan Ezell, dan.ezell@ucf.edu

The Substitute Teaching Certificate is designed for undergraduates who want to prepare themselves for substitute teaching assignments in PK-12 schools. This certificate does not lead to teacher certification or admission to the College of Community Innovation and Education. The certificate is appropriate for students who are seeking an enhanced understanding of how to be an effective substitute teacher in PK-12 school classrooms, or for those who are considering a future career as a fully certified teacher. This certificate may also strengthen the marketability of students' major programs. This certificate is available for students in the 2006 catalog year and beyond.

Certificate Admission Requirements

- None

Certificate Requirements

- None

Prerequisite Courses

- None

Required Courses (9 Credit Hours)

- EDF 2007 - Introduction to Substitute Teaching Credit Hours: 3
- EDF 2250 - Classroom Management for Substitute Teachers Credit Hours: 3
- EDG 2311 - Teaching Strategies for Substitute Teachers Credit Hours: 3

Restricted Electives

- None

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 9

Other Requirements

- A minimum GPA of 2.5 in all courses
- No credit by exam (CLEP, Military credit) may be used. Transfer credits from other universities will be considered.
- At least 6 hours used in the certificate must be earned at UCF.
- Note: Completion of this certificate does not complete the requirements for teacher certification, nor does it constitute admission to the College of Education and Human Performance.
Accelerated BS/MS Degree Program

All of the Engineering and Computer Science programs except for the Information Technology Program are offering an Accelerated BS/MS degree program which will allow students of high academic standing to complete an MS degree at an accelerated pace. The generic rule for students in this program is that they will be allowed to use up to twelve hours of selected 5000 and 6000 level courses with a grade of "B" or higher toward fulfillment of both the BS and MS degree requirements. Interested individuals should see the program descriptions in the graduate and undergraduate catalogs. They may also contact the department Undergraduate Coordinator and/or Graduate Coordinator if they have any further questions.

College Vision

Our Vision is to be among the nation's top producers of engineering and computer science workforce talent in terms of scale and excellence, and to lead the next generation of engineers and computer scientists in advancing research and education that impacts the global society.

College Mission Statement

Our Mission is to provide high-quality, broad-based education and experiential learning in engineering and computer science; create knowledge through pioneering scholarship and impactful research; enrich our students' development and leadership skills; nurture the inherent innovation and leadership of our students; and address pressing local, state, national, and international issues in support of the global community.

College Organization

The College of Engineering and Computer Science is organized into two major divisions: the Engineering and Computer Science Division and the Reserve Officer Training Corps (ROTC) Division. The Engineering and Computer Science Division is comprised of six engineering departments: the Civil, Environmental, and Construction Engineering (CECE) Department, the Computer Science (CS) Department, the Electrical and Computer Engineering (ECE) Department, the Industrial Engineering and Management Systems (IEMS) Department, Materials Science and Engineering (MSE) Department, and the Mechanical and Aerospace Engineering (MAE) Department. The ROTC Division is made up of the Aerospace Studies Department (Air Force ROTC) and the Military Science Department (Army ROTC).

All departments of the Engineering and Computer Science Division offer advanced studies leading to master's degrees and the Doctor of Philosophy degree; see the Graduate catalog for further information on these graduate programs. The undergraduate engineering programs in Aerospace Engineering, Civil Engineering, Computer Engineering, Construction Engineering, Electrical Engineering, Environmental Engineering, Industrial Engineering, and Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET, www.abet.org. The undergraduate Computer Science and Information Technology programs are accredited by the Computing Accreditation Commission of ABET, www.abet.org.

The College houses the ROTC Division for those students desiring to pursue military training while earning their degree. The AFROTC program offers a minor in Aerospace Studies, and the AROTC program offers a minor in Military Science.

The Honors Program in the College of Engineering and Computer Science

The engineering and computer science leaders of tomorrow must not only have impeccable technical credentials, but must also be able to provide strong leadership within the general community in which they live. With this in mind, the Honors Program in the College of Engineering and
Computer Science offers outstanding undergraduate engineering and computer science majors an enriched educational, technical, professional, and cultural experience that significantly augments the basic curricula. Honors students comprise academically superior students who commit, upon acceptance into the program, to do broad as well as advanced work in a chosen area.

The objective of the Honors Program is to provide exceptional students with an opportunity to express their creativity and problem-solving abilities through challenging coursework and participation in research projects. In addition, the program exposes students to a wide variety of issues dealing with the role of engineers and computer scientists and the impact of the profession on society. Honors students also participate in several programmed activities, such as lectures by distinguished scholars, engineers, and public figures, as well as visits to local and regional industries and to governmental and military research facilities.

There are two programs available to eligible CECS students: 1) the University Honors Program (see the section on the University Honors Program found in The Burnett Honors College section of this catalog); and 2) the Honors in the Major Program (HIM).

The Honors in the Major Program

The College of Engineering and Computer Science Honors in the Major program is designed for two types of students: 1) Highly qualified students who did not participate in the University Honors Program and would like to have the experience of an Honors curriculum, and 2) University Honors program students who desire to continue the Honors curriculum beyond what the University Honors Program offers. The centerpiece of the Honors in the Major program is the opportunity to undertake independent research as an undergraduate under the guidance of a faculty member in his/her major. The Honors in the Major represents a total of six credit hours of work. These credit hours are acceptable as technical electives by all programs. These six credit hours consist of an Honors in the Major Seminar titled Research Methods in Engineering (EGN 4931H) (three credit hours), plus three credit hours of Undergraduate Honors Thesis (EGN 4970H).

The latter will result in an undergraduate thesis which will describe the research done by the student. The student will defend his/her thesis before a committee of faculty in the field as part of an oral examination covering the honors work. A sponsoring faculty member is required to supervise the undergraduate thesis.

In order to be admitted to the Honors in the Major program, the student must:

1. Have at least 60 credit hours, including at least 12 graded, upper division credit hours at UCF.
2. A minimum UCF GPA of at least 3.20 in all upper division courses.
3. A minimum GPA of 3.50 or more in the Engineering option courses.
4. A recommendation by a sponsoring faculty member. Exceptions to the eligibility criteria may be made by the College Honors Committee in individual cases, upon recommendation by a sponsoring faculty member.

To successfully complete the HIM program and receive said designation, the student must successfully defend the thesis and graduate with a minimum 3.5 GPA in the option courses and minimum 3.2 GPA at UCF. No exceptions to this policy will be made for graduation. Successful candidates will be awarded an Honors in Engineering/Computer Science mention on the diploma and transcript, representing satisfactory completion of the program.

Application for admission to the Honors in the Major Program must be obtained from the Office of Research and Civic Engagement in the Burnett Honors College. Students in the College of Engineering and Computer Science must consult Dr. Charles Reilly, Engineering 1, Room 107. For more information about The Burnett Honors College programs, please visit their homepage at https://honors.ucf.edu.

The LEAD Scholars Program in the College of Engineering and Computer Science

Engineering and computer science students may also participate in the LEAD (Leadership Enrichment and Academic Development) Scholars Program (see the section on the LEAD Scholar Program found elsewhere in this catalog).

Additional Information on UCF Baccalaureate Engineering and Computer Science Programs

Information on each UCF engineering, computer science, and information technology program follows, and more current information on the departments can be found on the College home page at http://www.cecs.ucf.edu, and on the home pages of each department. For the home page
associated with a particular program, see the listing for that department on the following pages of this catalog. Information on the Photonics Science and Engineering program offered jointly with the College of Optics and Photonics may be found in the section about that college.

**Program Academic Learning Compacts**

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Engineering and Computer Science are located at: [http://oeas.ucf.edu/academiclearningcompacts.html](http://oeas.ucf.edu/academiclearningcompacts.html)

**Graduate Programs**

For a full list of Graduate programs click here. All Undergraduate programs for the College of Engineering and Computer Science are listed below.

**Minor**

**Bioengineering Minor**

*College of Engineering and Computer Science*

*Engineering, Room: 107*

[http://www.cecs.ucf.edu/minors/bioengineering](http://www.cecs.ucf.edu/minors/bioengineering)

Dr. Alain Kassab, Engineering Track, alain.kassab@ucf.edu, 407-823-5778

Dr. Gary Leavens, Computer Science Track, leavens@cs.ucf.edu, 407-823-4758

The Bioengineering minor prepares engineering and computer science students to pursue graduate academic and professional careers serving a wide range of the medical arena in research and development. Candidates completing this minor will also satisfy course admissions requirements for the UCF Medical School and other medical schools in the US. Engineering and computer science students interested in pursuing an MD degree at UCF or elsewhere are strongly encouraged to seek further advisement from the Office of Pre-Health and Pre-Law Advising. The minor constitutes up to: (a) for the engineering track 21 hours of coursework over the requirements for a bachelor of science degree in an engineering discipline at UCF, and (b) a minimum 17 hours of coursework over the requirements for a bachelors of science degree in computer science at UCF.

**Minor Admission Requirements**

- Well-qualified students in the College of Engineering and Computer Science with a cumulative UCF GPA of 3.0 or better are welcome to enter the minor. In order to remain in the program, students must maintain a UCF Undergraduate GPA 3.0.

**Minor Requirements**

- None

**Prerequisite Courses**

- None

**Required Courses (32 Credit Hours)**

- PHY 2048C - General Physics Using Calculus I
  Credit Hours: 4
- PHY 2049C - General Physics Using Calculus II
  Credit Hours: 4
- BSC 2010C - Biology I
  Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I
  Credit Hours: 4
- CHM 2046 - Chemistry Fundamentals II
  Credit Hours: 3
- CHM 2210 - Organic Chemistry I
  Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I
  Credit Hours: 2
- CHM 2211 - Organic Chemistry II
  Credit Hours: 3
- EGN 4941 - Internship
  Credit Hour: 1

Select One: (3 Credit Hours)

- BSC 2011C - Biology II
  Credit Hours: 4
- BCH 4053 - Biochemistry I
  Credit Hours: 3
- BCH 4024 - Medical Biochemistry
  Credit Hours: 4

**Restricted Electives (6 Credit Hours)**

UCF Undergraduate Catalog 2019-2020 - 635
Students will select either the Engineering Track or Computer Science Track to define their elective choices.

Engineering Track: (6 Credit Hours)

Select One: (3 Credit Hours)

- EMA 5584 - Biomaterials Credit Hours: 3
- BME 5267 - Biofluid Mechanics Credit Hours: 3
- EEE 5272 - Biomedical Sensors Credit Hours: 3
- EES 4111C - Biological Process Control Credit Hours: 4
- EIN 5248 - Ergonomics Credit Hours: 3
- BME 3211 - Engineering Biomechanics Credit Hours: 3
- BME 6268C - Applied and Computational Biofluids Credit Hours: 3

Select One: (3 Credit Hours)

- CAP 5512 - Evolutionary Computation Credit Hours: 3
- BCH 4053 - Biochemistry I Credit Hours: 3
- BSC 3403C - Quantitative Biological Methods Credit Hours: 4
- BSC 5418 - Tissue Engineering Credit Hours: 3
- MCB 3020C - General Microbiology Credit Hours: 3
- PCB 3522 - Molecular Biology I Credit Hours: 3
- PCB 3703C - Human Physiology Credit Hours: 3
- ZOO 3733C - Human Anatomy Credit Hours: 3
- ZOO 3744 - Neurobiology Credit Hours: 3
- PCB 3063 - Genetics Credit Hours: 3
- BCH 4024 - Medical Biochemistry Credit Hours: 4

Computer Science Track (6 Credit Hours)

Select One: (3 Credit Hours)

- CAP 5512 - Evolutionary Computation Credit Hours: 3

Select One: (3 Credit Hours)

- COT 6417 - Algorithms on Strings and Sequences Credit Hours: 3
- BCH 6417 - Algorithms on Strings and Sequences Credit Hours: 3
- COT 4357 - Algorithms on Strings and Sequences Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 38

Other Requirements

- Open only to engineering and computer science majors.
- A grade of "B-" (2.75) or better is required in each course used to satisfy the minor.
- The Bachelors of Science must be completed in order for the minor to be awarded.

Engineering Leadership Minor

College of Engineering and Computer Science

Dr. Timothy Kotnour, Timothy.Kotnour@ucf.edu, 407-823-5645
Provides a knowledge base in technical leadership and management principles and practices in a technical environment. This certificate is designed to enhance the student's marketability, preparation and career viability as they enter the engineering and computer science professions.

**Minor Admission Requirements**

- Students must have a declared Computer Science, Information Technology, or engineering major. Not open to students in engineering pending majors.

**Minor Requirements**

- None

**Prerequisite Courses**

- None

**Required Courses (10 Credit Hours)**

Discipline specific design course in engineering or Computer Science or CAP 4102 in the case of Information Technology majors.

- LDR 2001 - Foundations of Leadership Credit Hours: 2
- LDR 2002 - Intermediate Foundations of Leadership Credit Hours: 2
- EGS 3030 - Leadership in Engineering I Credit Hours: 0
- EGS 3031 - Leadership in Engineering II Credit Hours: 0
- EGS 4950 - Engineering Leadership Capstone Credit Hours: 3
- Discipline specific design course in engineering or Computer Science Credit Hours: 3

**Restricted Electives (9 Credit Hours)**

- EGS 4624 - Engineering Innovation and Leadership Credit Hours: 3
- MAN 3025 - Management of Organizations Credit Hours: 3
- MAR 3391 - Professional Selling Credit Hours: 3
- PHI 3638 - Ethical Issues in the 21st Century Credit Hours: 3 or
- PHI 3626 - Advanced Ethics in Science and Technology Credit Hours: 3
- EGS 4641C - Engineering Entrepreneurship Credit Hours: 3

**Foreign Language Requirements**

- None

**Total Undergraduate Credit Hours Required:** 19

**Other Requirements**

- Students must have a minimum grade of "C" (2.0) in each course or Satisfactory (in eligible courses) required for the minor.
- Not open to students seeking the Engineering Leadership Certificate.
- Any course substitution must be approved by the Associate Dean responsible for Undergraduate Curriculum within CECS.

**Intelligent Robotic Systems (IRS), Interdisciplinary Minor**

**College of Engineering and Computer Science**

Engineering, Room: 107
http://www.cecs.ucf.edu

Kim Small, Kim.Small@ucf.edu, 407-823-2455

**Minor Admission Requirements**

- None

**Minor Requirements**
Prerequisite Courses (3 Credit Hours)
Select One: (3 Credit Hours)
A high-level programming language class (like the following or its equivalent) is required for the minor.
- COP 3223C - Introduction to Programming with C Credit Hours: 3
- EGN 3211 - Engineering Analysis and Computation Credit Hours: 3

Required Courses (6 Credit Hours)
- EGN 4060C - Introduction to Robotics Credit Hours: 3
- EEL 4660 - Robotic Systems Credit Hours: 3

Restricted Electives (12 Credit Hours)
Select Four: (12 Credit Hours)
Note: Courses with equivalent content cannot both be counted toward the electives.
- CAP 4053 - AI for Game Programming Credit Hours: 3
- CAP 4453 - Robot Vision Credit Hours: 3
- CAP 4630 - Artificial Intelligence Credit Hours: 3
- CAP 5415 - Computer Vision Credit Hours: 3
- CAP 5512 - Evolutionary Computation Credit Hours: 3
- CAP 5610 - Machine Learning Credit Hours: 3
- COP 3503C - Computer Science II Credit Hours: 3
- EEL 3657 - Linear Control Systems Credit Hours: 3
- EEL 4612C - Introduction to Modern and Robust Control Credit Hours: 4
- EEL 4750 - Digital Signal Processing Fundamentals Credit Hours: 3
- EEL 4818H - Honors Current Topics in Machine Learning 1 Credit Hours: 3
- EEL 4872 - Engineering Applications of Intelligent Systems Credit Hours: 3
- EEL 5699 - Introduction to Robotics and Autonomous Vehicles Credit Hours: 3
- EEL 5173 - Linear Systems Theory Credit Hours: 3
- EEE 5513 - Digital Signal Processing Applications Credit Hours: 3
- EEL 5625 - Applied Control Systems Credit Hours: 3
- EEL 5630 - Digital Control Systems Credit Hours: 3
- EEL 5820 - Image Processing Credit Hours: 3
- EEL 5825 - Pattern Recognition Credit Hours: 3
- EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
- EML 3262 - Kinematics of Mechanisms Credit Hours: 3
- EML 4225 - Introduction to Vibrations and Controls Credit Hours: 3
- EML 4313 - Intermediate System Dynamics and Controls Credit Hours: 3
- EML 4264 - Vehicle Dynamics Credit Hours: 3
- EML 4804C - Digital Control in Mechatronics Credit Hours: 3
- EML 5311 - System Control Credit Hours: 3
- EML 5290 - Introduction to MEMS and Micromachining Credit Hours: 3
- EML 5512 - Evolutionary Computation Credit Hours: 3
- EML 5311 - System Control Credit Hours: 3
- EML 5290 - Introduction to MEMS and Micromachining Credit Hours: 3

Foreign Language Requirements
- None

Total Undergraduate Credit Hours Required: 18

Other Requirements
- A minimum grade of C (2.0) is required in each course used to satisfy the minor.
- No credit by exam (TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study credit cannot be used toward the minor.

International Engineering Minor
It is important that students possess a working level of language skills in the language of the prospective country to be visited in the Study Abroad Experience below. Therefore, students must demonstrate proficiency in the language of their chosen country through at least the first year of college study. This can be achieved by completing six to eight hours of language coursework at UCF if such coursework is available, at the foreign institution where they will be going, or by passing an exam prior to the study abroad experience. Language coursework must relate to the country/region in which the student will be studying and must be approved beforehand by program coordinator. This requirement can be waived by the minor coordinator for study abroad in countries in which English is widely spoken.

For International Engineering Exchange Programs that include class instruction in a language other than English, students must show advanced proficiency in that language either through a sufficient score on the Foreign Language Proficiency Exam to demonstrate fluency in the language and/or through satisfying any language proficiency requirements specified by the host institution. If the student does not demonstrate advanced proficiency in the local language of instruction, he/she must spend at least one academic year abroad with the first semester or more devoted to language study and another semester to Engineering/Computer Science coursework.

If the student demonstrates proficiency through exam or if the language requirement is waived, he/she will instead take six hours of alternative international coursework, appropriate to the region of study, at UCF in lieu of the foreign language credits. This alternative international coursework will consist of two of the following courses (or an equivalent(s) approved by the program coordinator):

- ANT 3212 - Peoples of the World **Credit Hours:** 3
- ANT 3541 - Biobehavioral Anthropology **Credit Hours:** 3
- ANT 4332 - People and Cultures of Latin America **Credit Hours:** 3
- ANT 3610 - Language and Culture **Credit Hours:** 3
- ASH 4404 - Modern China **Credit Hours:** 3
- ASH 4442 - Modern Japan **Credit Hours:** 3
- COM 4461 - Intercultural Communication **Credit Hours:** 3
- CPO 3034 - Politics of Developing Areas **Credit Hours:** 3
- CPO 3103 - Comparative Politics **Credit Hours:** 3
• CPO 3104 - Politics of Western Europe Credit Hours: 3
• CPO 4101 - Politics of the European Union Credit Hours: 3
• CPO 4303 - Comparative Latin American Politics Credit Hours: 3
• CPO 4643 - Government and Politics of Russia Credit Hours: 3
• GEO 3471 - World Political Geography Credit Hours: 3
• REL 3333 - Hinduism Credit Hours: 3
• REL 3363 - Islam Credit Hours: 3
• IDS 3333 - World Comparative Studies Credit Hours: 3
• INR 4035 - International Political Economy Credit Hours: 3
• INR 4102 - American Foreign Policy Credit Hours: 3
• INR 4224 - Contemporary International Politics of Asia Credit Hours: 3
• INR 4243 - International Politics of Latin America Credit Hours: 3
• INR 4401 - International Law Credit Hours: 3

Cultural Coursework (3 Credit Hours)

• It is important to formally expose the students to the culture of the country or region where they plan to have their study abroad experience. This can be done in one of two ways, in decreasing order of preference:
  • Option 1) Students will complete three hours of coursework in society/culture international relations, or global economics related to the country/region where the student is having his/her study abroad experience. It is recommended that this course be completed at the foreign institution if available
  • Option 2) If such a course cannot be found, then the minor coordinator will select a course to take in its place at UCF that will achieve similar results.

Study Abroad Experience (9 Credit Hours)

• The study abroad experience represents the most important aspect of this minor. To satisfy this requirement, students complete 9 hours of technical coursework (classroom studies) in residence at a partner institution abroad.
• Students must take coursework abroad of equivalent content and level to what they would take at UCF as part of their degree program. With the realization that courses are different in the various overseas institutions, the proposed overseas coursework must be explicitly approved by the student's home department to ensure equivalency. Students must first consult with their home department to determine the core, required and/or elective courses they are eligible to take, and look for equivalencies of courses offered at the overseas institution during the time of their expected study abroad experience. They must then proceed to consult with the international minor coordinator before seeking departmental approval. Departmental approval must be obtained before enrolling in the overseas classes.

Restricted Electives

• None

Foreign Language Requirements

• See Language Skills Acquisition

Total Undergraduate Credit Hours Required: 18

Other Requirements

• A minimum grade of "C" (2.0) or better is required in each course toward the minor.
• Pre-requisites to the minor include completion of a minimum of 45 credit hours prior to the study abroad experience.

Certificate

Engineering Leadership Certificate

College of Engineering and Computer Science
Dr. Timothy Kotnour, Timothy.Kotnour@ucf.edu, 407-823-5645

Provides a knowledge base in technical leadership and management principles and practices in a technical environment. This certificate is designed to enhance the student's marketability, preparation and career viability as they enter the engineering and computer science professions.

**Admission Requirements**

- Students must have a declared Computer Science or engineering major. Not open to students in engineering pending majors.

**Certificate Requirements**

- None

**Prerequisite Courses**

- None

**Required Courses (12 Credit Hours)**

- Discipline specific design course in engineering or Computer Science or CAP 4102 in the case of Information Technology majors. **Credit Hours: 3**
- EGS 3030 - Leadership in Engineering I **Credit Hours: 0**
- EGS 3031 - Leadership in Engineering II **Credit Hours: 0**
- EGS 4950 - Engineering Leadership Capstone **Credit Hours: 3**

Pick two of the following courses (6 Credit Hours)

- EGS 4624 - Engineering Innovation and Leadership **Credit Hours: 3**
- MAN 3025 - Management of Organizations **Credit Hours: 3**
- MAR 3391 - Professional Selling **Credit Hours: 3**
- PHI 3638 - Ethical Issues in the 21st Century **Credit Hours: 3**
- ENT 4183 - Technological Entrepreneurship **Credit Hours: 3**
- EGN 4641C - Engineering Entrepreneurship **Credit Hours: 3**

**Restricted Electives**

- None

**Foreign Language Requirements**

- None

**Total Undergraduate Credit Hours Required: 12**

**Other Requirements**

- Students must have a minimum grade of "C" (2.0) in each course or Satisfactory (in eligible courses) required for the certificate.
- This certificate must be earned in conjunction with a degree in engineering, Information Technology, or Computer Science.
- Not open to students seeking the Engineering Leadership Minor.
- Any course substitution must be approved by the Associate Dean responsible for Undergraduate Curriculum within CECS.

---

**Department of Civil, Environmental, and Construction Engineering**

*Chair: Mohamed Abdel-Aty*

ENG2 211; 407-823-2841

http://www.cece.ucf.edu

The Civil, Environmental, and Construction Engineering Department (CECE) offers baccalaureate degrees in Civil Engineering (BSCE), Environmental Engineering (BSEnvE), and Construction Engineering (BSConE).

**The Civil Engineering Program**

The Civil Engineering major is concerned primarily with fundamental civil engineering design and analysis in such areas as structures, geotechnical engineering, sanitary engineering, water resources, and transportation engineering. Civil Engineering students are required to take a Project Design and Capstone Course, which synthesize various pre-requisite course offerings into a design project. These projects are usually "open-ended" and duplicate real world engineering problems. The students typically work in small design team groups. The prerequisites needed for the various project courses vary.

**Mission**

The Civil Engineering Program Faculty strive to create a high quality learning experience for our students. The principal goals include:

1. Provide a broad engineering education to our graduates that will prepare them for both current and future professional challenges.
2. Promote a commitment to continued scholarship and service among our graduates.
3. Foster a spirit of innovation so that our graduates are positioned to take advantage of new technology in our profession.
4. Promote an environment that is inclusive and diverse.
5. To attain prominence in key areas of Civil Engineering graduate education and research.

**Program Educational Objectives**

Within the first several years following graduation, graduates should:

- Be successfully employed or employable in civil engineering practice in areas such as structural, geotechnical, transportation, construction, water resources, or related fields and/or be continuing their studies at the graduate level.
- Show a commitment to ethical practice and professional development by extending their knowledge through continuing education and self-directed life-long learning, professional licensure, and service to the profession and society.

**Student Outcomes**

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

**The Environmental Engineering Program**

The Environmental Engineering major is concerned primarily with the interactions with humans and their environment and the planning, design, and control of systems for environmental quality management for water, land, and air environments.

Environmental Engineering students are required to take a Project Design and Capstone Course which synthesize various pre-requisite course offerings into a design project. These projects are usually "open-ended" and duplicate real world engineering problems. The students typically work in small design team groups. The pre-requisites needed for the various project courses vary.

**Mission**

The Environmental Engineering Program Faculty strive to create a high quality learning experience for our students. The principal goals include:

1. Provide a broad engineering education to our graduates that will prepare them for both current and future professional challenges.
2. Promote a commitment to continued scholarship and service among our graduates.
3. Foster a spirit of innovation so that our graduates are positioned to take advantage of new technology in our profession.
4. Promote an environment that is inclusive and diverse.
5. To attain prominence in key areas of Environmental Engineering graduate education and research.

Program Educational Objectives

Within the first several years following graduation, graduates should:

- Be successfully employed or employable in environmental engineering practice in areas such as solid waste, air pollution, water and wastewater treatment, water resources, or related fields and/or be continuing their studies at the graduate level.
- Show a commitment to ethical practice and professional development by extending their knowledge through continuing education and self-directed life-long learning, professional licensure, and service to the profession and society.

Student Outcomes

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

The Construction Engineering Program

The Construction Engineering major is concerned with preparing students for the engineering management of construction projects by developing skills for the selection of construction methods and processes, construction project planning and control, and resource management. Construction Engineering students are required to take a Project Design and Capstone Course which synthesize various prerequisite course offerings into a design project. These projects are usually "open-ended" and duplicate real world engineering problems. The students typically work in small design team groups. The prerequisites needed for the various project courses vary.

Mission

The Construction Engineering Program Faculty strives to create a high quality learning experience for our students. The principal goals include:

1. Provide a broad engineering education to our graduates that will prepare them for both current and future professional challenges.
2. Promote a commitment to continued scholarship and service among our graduates.
3. Foster a spirit of innovation so that our graduates are positioned to take advantage of new technology in our profession.
4. Promote an environment that is inclusive and diverse.
5. To attain prominence in key areas of Construction Engineering graduate education and research.

Program Educational Objectives

Within the first several years following graduation, graduates should:

- Be successfully employed or employable in construction engineering practice in areas such as estimating, scheduling, program development, and construction project management, or related fields and/or be continuing their studies at the graduate level.
- Show a commitment to ethical practice and professional development by extending their knowledge through continuing education and self-directed life-long learning, professional
licensure, and service to the profession and society.

Student Outcomes

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

The mission statement and objectives for the Civil Engineering, Environmental Engineering, and Construction Engineering programs are electronically posted and routinely updated. More information on the Civil, Environmental, and Construction Engineering programs can be found on the CECE Department home page at http://www.cece.ucf.edu.

Department Policy for Double Degree in Civil, Environmental, and Construction Engineering

The faculty of the Civil, Environmental, and Construction Engineering Department believe that a double degree from the department should reflect a significant achievement and a significant increase in knowledge and formal coursework above the requirements for a single degree. Any undergraduate in Civil, Environmental, or Construction Engineering desiring to obtain a double degree shall meet the following requirements:

- The student shall meet all individual requirements for each degree.
- The coursework must include two different discipline-specific design courses, one from each program, plus the capstone design course.
- Completion of requirements for both degrees must be in the same semester.
- The same catalog year must be used for both degrees.
- The student must have a minimum of 150 credit hours.

Additional notes:

- The extra hours represent at least one additional semester of full time enrollment.
- All majors completed will be indicated on the student's transcript.

Civil Engineering Major Pursuing Environmental Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours, including all requirements for the Bachelor of Science Civil Engineering degree, as well as: biological science (3hrs), CHM 2046C (3hrs), CHM 2046L (1hr), ENV 4120 (3hrs), ENV 4341 (3hrs), EES 4202C (4hrs), EES 4111C (4hrs), and ENV 4562C or ENV 4122C or ENV 4433C (3hrs). Students will have completed an earth science as part of the GEP requirements and CHM 2045C, EGN 3343, CWR 4120 or CWR 4124, ENV 4531, and ENV 4561 as part of Civil Engineering requirements.

Civil Engineering Major Pursuing Construction Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours including all requirements for the Bachelor of Science in Civil Engineering degree, as well as: CCE 4004 (3hrs), CCE 4034 (3hrs), CCE 4402 (3hrs), CCE 4810C (3hrs), CCE 4813 (4hrs), and ACG 2071 (3hrs). Any other courses used to satisfy requirements for the Bachelor of Science in Construction Engineering must be approved in advance by the CECE Department.

Environmental Engineering Major Pursuing Civil Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours, including all requirements for the Bachelor of Science in Environmental Engineering degree, as well as: CGN 3405 (3hrs), CGN 3501C (3hrs), CGN 3700C (2hrs), TTE 3810 (3hrs), CES 4100C (4hrs), depth area electives as per Civil Engineering degree requirements (6hrs), and CES 4743C or CEG 4801C or CWR 4812C or TTE 4601C (3hrs). Students will have completed EGN 3343, CWR...
4120 or CWR 4124, ENV 4531, and ENV 4561 as part of the Environmental Engineering requirements.

Major

Civil Engineering (B.S.C.E.)

College of Engineering and Computer Science
Department of Civil, Environmental, and Construction Engineering, Engineering II, Room: 211
http://www.cece.ucf.edu
Lorrenza Vandiver, Lorrenza.Vandiver@ucf.edu
Dr. Kevin Mackie, Kevin.Mackie@ucf.edu
Phone: 407-823-2841

Admission Requirements

- Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C or CHM 2040 AND CHM 2041.
- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

Degree Requirements (128 Credit Hours)

- The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing the courses from Basic Core Requirements, Advanced Core Requirements, Restricted Electives and Capstone Requirements listed below. Independent study courses generally do not satisfy major requirements.
- A "C" (2.0) or better is required in each prerequisite course in Common Program Prerequisites, Advanced Core Requirements, and Capstone Requirements.
- Students in the Civil Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Civil Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Civil Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.
- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Civil Engineering major will be subject to all probation conditions that applied at the time of exclusion.

General Education Program (GEP) (38 Credit Hours)

The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida College Systems or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)
- ENC 1101 - Composition I **Credit Hours: 3** (Required)
- ENC 1102 - Composition II **Credit Hours: 3** (Required)
- SPC 1603C - Fundamentals of Technical Presentations **Credit Hours: 3** (Preferred)
or
- SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3** (Suggested)

**Cultural and Historical Foundations (9 Credit Hours)**

- Select two courses from Historical Foundations **Credit Hours: 6**
- Select one course from Cultural Foundations - Suggested MUL 2010, PHI 2010, or THE 2000 **Credit Hours: 3**

**Mathematical Foundations (7 Credit Hours)**

- MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (Required)
- STA 3032 - Probability and Statistics for Engineers **Credit Hours: 3** (Required)

**Social Foundations (6 Credit Hours)**

- Select one class from Social Foundation Area 1 **Credit Hours: 3**
- Select one class from Social Foundation Area 2 **Credit Hours: 3**

**Science Foundations (7 Credit Hours)**

- PHY 2048C - General Physics Using Calculus I **Credit Hours: 4** (Required)

**Science Foundation 2 (3 Credit Hours)**

Select One:

- EVR 1001 - Introduction to Environmental Science **Credit Hours: 3**
- GEO 1200 - Physical Geography **Credit Hours: 3**

**Common Program Prerequisites (CPP) (19 Credit Hours)**

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida postsecondary schools and may be transferred directly to UCF programs. See “Common Prerequisites” in the Transfer and Transitions Services section for more information.

A grade of "C" (2.0) or better is required in each course in this section.

- MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (GEP)
- MAC 2312 - Calculus with Analytic Geometry II **Credit Hours: 4**
- MAC 2313 - Calculus with Analytic Geometry III **Credit Hours: 4**
- MAP 2302 - Ordinary Differential Equations I **Credit Hours: 3**
- PHY 2048C - General Physics Using Calculus I **Credit Hours: 4** (GEP)
- PHY 2049C - General Physics Using Calculus II **Credit Hours: 4**

Select one of the following sequences of courses:

**Preferred course**

- CHS 1440 - Principles of Chemistry **Credit Hours: 4**

or - First alternative: Select all of the following:

- CHM 2040 - Chemistry Fundamentals IA **Credit Hours: 3**
CHM 2041 - Chemistry Fundamentals I
Credit Hours: 3

or - Second alternative

CHM 2045C - Chemistry Fundamentals I
Credit Hours: 4

Core Requirements: Basic Level (2 Credit Hours)

- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1
- Basic Science Credit Hours: 3 (GEP)

Core Requirements: Advanced Level (60 Credit Hours)

1 A "C" (2.0) or better is required in this course.

- EGN 3310 - Engineering Analysis-Statics Credit Hours: 3
- EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
- EGN 3331C - Mechanics of Materials Credit Hours: 3
- EGN 3613 - Engineering Economic Analysis Credit Hours: 2
- ENV 3001 - Environmental Engineering Credit Hours: 3
- CCE 4003 - Introduction to the Construction Industry Credit Hours: 3
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (GEP)
- CGN 3700C - Civil Engineering Measurements Credit Hours: 2
- CGN 3501C - Civil Engineering Materials Credit Hours: 3
- CEG 4011C - Geotechnical Engineering I Credit Hours: 4
- CES 4000C - Structural Analysis I and Lab Credit Hours: 4
- CWR 3201 - Engineering Fluid Mechanics Credit Hours: 3
- TTE 3810 - Highway Engineering Credit Hours: 3
- CGN 3405 - Applied Numerical Methods for Civil Engineering Credit Hours: 3
- CWR 4202C - Hydraulics Credit Hours: 3

Civil Engineering Depth Areas (12 Credit Hours)

- Select 2 of the following 5 sequences to complete

Geotechnical: (6 Credit Hours)

- CEG 4012 - Geotechnical Engineering II Credit Hours: 3
- CWR 4124 - Hydrogeology Credit Hours: 3

Water Resources: (6 Credit Hours)

- CWR 4120 - Hydrology Credit Hours: 3
- CWR 4124 - Hydrogeology Credit Hours: 3

Transportation: (6 Credit Hours)

- TTE 4274 - Transportation Engineering Systems Credit Hours: 3
- TTE 4300 - Transportation Analytics Credit Hours: 3

Structures: (6 Credit Hours)

- CES 4605 - Steel Structures Credit Hours: 3
- CES 4702 - Reinforced Concrete Structures Credit Hours: 3

Mechanics: (6 Credit Hours)

- EGN 3343 - Thermodynamics Credit Hours: 3
- CES 4205 - Structural Mechanics Credit Hours: 3

Civil Engineering Depth Electives (6 Credit Hours)
• Take any of the courses not taken to complete a required depth area sequence OR from the following list:

Environmental:

• ENV 4531 - Environmental Engineering Unit Operations & Processes Credit Hours: 3
• ENV 4561 - Advanced Environmental Engineering Operations & Processes Credit Hours: 3

Construction:

• CCE 4034 - Construction Estimating and Scheduling Credit Hours: 3
• CCE 4004 - Construction Methods Credit Hours: 3

Restricted Electives (3 Credit Hours)

• Students should consult the CECE website and their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

Capstone Requirements (6 Credit Hours)

• Senior Design Courses

Design Specialization (3 Credit Hours)

1 A "C" (2.0) or better is required in this course. Choose one course from the following:

• CEG 4801C - Geotechnical Engineering Design Credit Hours: 3
• CES 4743C - Structural Design Credit Hours: 3
• CWR 4812C - Water Resources Design Credit Hours: 3
• TTE 4601C - Urban Systems Design Credit Hours: 3

Capstone Course (3 Credit Hours)

• CGN 4808C - CECE Capstone Design Credit Hours: 3

Electives

• None

Foreign Language Requirements

Admissions

• Two years of foreign language in high school, or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• None

Additional Requirements

• Civil engineering students must take the Fundamentals of Engineering (FE) Exam during their Senior year. Applications must be received by the Florida Board of Professional Engineers approximately 6 months in advance of your exam date.

Required Minors

• None

Departmental Exit Requirements

• None

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

**Total Undergraduate Credit Hours Required:** 128

**Additional Information**

**Honors In Major**
- None

**Related Programs**
- Construction Engineering (B.S.Con.E.)
- Environmental Engineering (B.S.Env.E)

**Certificates**
- Engineering Leadership Certificate

**Related Minors**
- Mathematics Minor
- Engineering Leadership Minor

**Advising Notes**
- Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- The Civil Engineering program offers the opportunity for exceptionally well qualified undergraduates to enter directly into the PhD program after completion of an appropriate BS degree. This option allows outstanding undergraduates to begin planning a research program with a specific faculty advisor even before finishing the BS, and may allow completion of the PhD in a shorter time period than by taking a separate Masters followed by the PhD.
- This Civil Engineering program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://www.cece.ucf.edu/undergraduate

**Transfer Notes**
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information (course syllabus) with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour for each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

**Acceptable Substitutes for Transfer Courses**
- None

**Program Academic Learning Compacts**
- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oem.gov/alc/academic_learning_compacts.htm

**Equipment Fees**
- Part-Time Student: $43 per term
- Full-Time Student: $85 per term

**Plan of Study (128 Credit Hours)**
- The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their departmental academic advisor to develop and maintain an appropriate plan of study.

**Freshman Year - Fall (15 Credit Hours)**
• ENC 1101 - Composition I **Credit Hours: 3**
• GEP **Credit Hours: 3**
• MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4**
• EGS 1006C - Introduction to the Engineering Profession **Credit Hours: 1**
• CHS 1440 - Principles of Chemistry **Credit Hours: 4**

**Freshman Year - Spring (14 Credit Hours)**

• ENC 1102 - Composition II **Credit Hours: 3**
• MAC 2312 - Calculus with Analytic Geometry II **Credit Hours: 4**
• PHY 2048C - General Physics Using Calculus I **Credit Hours: 4**
• EGN 1007C - Engineering Concepts and Methods **Credit Hours: 1**
• EGN 3613 - Engineering Economic Analysis **Credit Hours: 2**

**Sophomore Year - Fall (16 Credit Hours)**

• MAC 2313 - Calculus with Analytic Geometry III **Credit Hours: 4**
• EGN 3310 - Engineering Analysis-Statics **Credit Hours: 3**
• GEP **Credit Hours: 3**
• ENV 3001 - Environmental Engineering **Credit Hours: 3**
• STA 3032 - Probability and Statistics for Engineers **Credit Hours: 3**

**Sophomore Year - Spring (16 Credit Hours)**

• MAP 2302 - Ordinary Differential Equations I **Credit Hours: 3**
• PHY 2049C - General Physics Using Calculus II **Credit Hours: 4**
• EGN 3331C - Mechanics of Materials **Credit Hours: 3**
• GEP **Credit Hours: 3**
• CGN 3405 - Applied Numerical Methods for Civil Engineering **Credit Hours: 3**

**Sophomore Year - Summer (9 Credit Hours)**

• GEP **Credit Hours: 3**
• EGN 3321 - Engineering Analysis-Dynamics **Credit Hours: 3**
• CWR 3201 - Engineering Fluid Mechanics **Credit Hours: 3**

**Junior Year - Fall (16 Credit Hours)**

• CES 4100C - Structural Analysis I and Lab **Credit Hours: 4**
• CGN 3700C - Civil Engineering Measurements **Credit Hours: 2**
• CEG 4011C - Geotechnical Engineering I **Credit Hours: 4**
• TTE 3810 - Highway Engineering **Credit Hours: 3**
• CWR 4202C - Hydraulics **Credit Hours: 3**

**Junior Year - Spring (15 Credit Hours)**

• GEP **Credit Hours: 3**
• CCE 4003 - Introduction to the Construction Industry **Credit Hours: 3**
• CGN 3501C - Civil Engineering Materials **Credit Hours: 3**
• Depth Area 1, Course 1 **Credit Hours: 3**
• Depth Area 2, Course 1 **Credit Hours: 3**

**Senior Year - Fall (15 Credit Hours)**

• Approved Project Design Course **Credit Hours: 3**
• Depth Area 1, Course 2 **Credit Hours: 3**
• Depth Area 2, Course 2 **Credit Hours: 3**
• Depth Elective 1 **Credit Hours: 3**
• GEP **Credit Hours: 3**

**Senior Year - Spring (12 Credit Hours)**

• GEP **Credit Hours: 3**
• CGN 4808C - CECE Capstone Design **Credit Hours: 3**
• Depth Elective 2 **Credit Hours: 3**
• Technical Elective **Credit Hours: 3**

• SPC 1603C - Fundamentals of Technical Presentations **Credit Hours: 3** (Preferred)
or
• SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3** (Suggested)

**Cultural and Historical Foundations (9 Credit Hours)**

• Select two courses from Historical Foundations **Credit Hours: 6**
• Select one class from Cultural Foundations - Suggested MUL 2010, PHI 2010 or THE 2000 **Credit Hours: 3**

**Mathematical Foundations (7 Credit Hours)**

• MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (Required)
• STA 3032 - Probability and Statistics for Engineers **Credit Hours: 3** (Required)

**Social Foundations (6 Credit Hours)**

• Select one class from Social Foundation Group 1 **Credit Hours: 3**
• Select one course from Social Foundation Group 2 **Credit Hours: 3**

**Science Foundations (7 Credit Hours)**

• PHY 2048C - General Physics Using Calculus I **Credit Hours: 4** (Required)
  Select one course from Science Foundation Group 2 **Credit Hours: 3**

**Common Program Prerequisites (CPP) (19 Credit Hours)**

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs.

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

A grade of "C" (2.0) or better is required in each course in this section.

• MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (GEP)
• MAC 2312 - Calculus with Analytic Geometry II **Credit Hours: 4**
• MAC 2313 - Calculus with Analytic Geometry III **Credit Hours: 4**
• MAP 2302 - Ordinary Differential Equations I **Credit Hours: 3**
• PHY 2048C - General Physics Using Calculus I **Credit Hours: 4** (GEP)
• PHY 2049C - General Physics Using Calculus II **Credit Hours: 4**

Select one of the following sequences of courses:

**Preferred course**

• CHS 1440 - Principles of Chemistry **Credit Hours: 4**

or - **First alternative:** Select both of the following:

• CHM 2040 - Chemistry Fundamentals IA **Credit Hours: 3**
• CHM 2041 - Chemistry Fundamentals IB **Credit Hours: 3**

**or - Second alternative**

• CHM 2045C - Chemistry Fundamentals I **Credit Hours: 4**

**Core Requirements: Basic Level (2 Credit Hours)**

• EGS 1006C - Introduction to the Engineering Profession **Credit Hours: 1**
• EGN 1007C - Engineering Concepts and Methods Credit Hours: 1

Core Requirements: Advanced Level (55 Credit Hours)

1 A "C" (2.0) or better is required in this course.

• EGN 3310 - Engineering Analysis-Statics Credit Hours: 3 1
• EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
• EGN 3331C - Mechanics of Materials Credit Hours: 3 1
• STA 3032 - Probability and Statistics for Engineers Credit Hours: 3
• EGN 3613 - Engineering Economic Analysis Credit Hours: 2 1
• ENV 3001 - Environmental Engineering Credit Hours: 3
• CWR 3201 - Engineering Fluid Mechanics Credit Hours: 3
• CCE 4003 - Introduction to the Construction Industry Credit Hours: 3 1
• CCE 4034 - Construction Estimating and Scheduling Credit Hours: 3 1
• CCE 4813 - Mechanical and Electrical Systems for Buildings: Credit Hours: 4 1
• CCE 4402 - Construction Equipment and Productivity Credit Hours: 3
• CCE 4004 - Construction Methods Credit Hours: 3
• CEG 4011C - Geotechnical Engineering I Credit Hours: 4
• CGN 3501C - Civil Engineering Materials Credit Hours: 3
• CGN 3700C - Civil Engineering Measurements Credit Hours: 3
• ACG 2071 - Principles of Managerial Accounting Credit Hours: 3
• CES 4100C - Structural Analysis I and Lab Credit Hours: 4 1
• CGN 3405 - Applied Numerical Methods for Civil Engineering Credit Hours: 3 1
• CWR 4202C - Hydraulics Credit Hours: 3

Restricted Electives (8 Credit Hours)

• Technical electives are available in the BSConE program to address specific student interests in a variety of technical areas. Students should consult the CECE website and their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

Capstone Requirements (6 Credit Hours)

Required Senior Design Courses

1 A "C" (2.0) or better is required in this course.

• CCE 4810C - Construction Design Project Credit Hours: 3
• CGN 4808C - CECE Capstone Design Credit Hours: 3

Electives

• None

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• None

Additional Requirements

• Construction engineering students must take the Fundamentals of Engineering (FE) Exam during their Senior year. Applications must be received by the Florida Board of Professional Engineers approximately 6 months in advance of your exam date.

Required Minors
Departmental Exit Requirements

None

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 128

Additional Information

Advising Notes

- Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- The Construction Engineering program offers the opportunity for exceptionally well qualified undergraduates to enter directly into the PhD program after completion of an appropriate BS degree. This option allows outstanding undergraduates to begin planning a research program with a specific faculty advisor even before finishing the BS, and may allow completion of the PhD in a shorter time period than by taking a separate Master's followed by the PhD.
- This Construction Engineering program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://www.cece.ucf.edu/undergraduate

Transfer Notes

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour for each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
Equipment Fees

- Part-Time Student: $43 per term
- Full-Time Student: $85 per term

Plan of Study (128 Credit Hours)

- The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their departmental academic advisor to develop and maintain an appropriate plan of study.

Freshman Year - Fall (15 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3
- GEP Credit Hours: 3
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- CHS 1440 - Principles of Chemistry Credit Hours: 4

Freshman Year - Spring (14 Credit Hours)

- ENC 1102 - Composition II Credit Hours: 3
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1
- CHS 1440 - Principles of Chemistry Credit Hours: 4

Sophomore Year - Spring (16 Credit Hours)

- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- EGN 3331C - Mechanics of Materials Credit Hours: 3
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
- EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
- CGN 3405 - Applied Numerical Methods for Civil Engineering Credit Hours: 3

Sophomore Year - Summer (9 Credit Hours)

- CCE 4003 - Introduction to the Construction Industry Credit Hours: 3
- CWR 3201 - Engineering Fluid Mechanics Credit Hours: 3
- GEP Credit Hours: 3

Junior Year - Fall (16 Credit Hours)

- CES 4100C - Structural Analysis I and Lab Credit Hours: 4
- GEP Credit Hours: 3
- CCE 4034 - Construction Estimating and Scheduling Credit Hours: 3
- CCE 4813 - Mechanical and Electrical Systems for Buildings: Credit Hours: 3
- CGN 3700C - Civil Engineering Measurements Credit Hours: 2

Sophomore Year - Fall (16 Credit Hours)

- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- EGN 3310 - Engineering Analysis-Statics Credit Hours: 3

Junior Year - Spring (16 Credit Hours)

- CCE 4004 - Construction Methods Credit Hours: 3
- CCE 4402 - Construction Equipment and Productivity Credit Hours: 3
- CCE 4810C - Construction Design Project  
  Credit Hours: 3
- CEG 4011C - Geotechnical Engineering I Credit Hours: 4
- GEP Credit Hours: 3

Senior Year - Fall (14 Credit Hours)
- CGN 3501C - Civil Engineering Materials Credit Hours: 3
- Approved Technical Elective Credit Hours: 2
- ACG 2071 - Principles of Managerial Accounting Credit Hours: 3
- CWR 4202C - Hydraulics Credit Hours: 3
- GEP Credit Hours: 3

Senior Year - Spring (12 Credit Hours)
- CGN 4808C - CECE Capstone Design Credit Hours: 3
- GEP Credit Hours: 3
- Technical Electives Credit Hours: 6

Environmental Engineering (B.S.Env.E)

College of Engineering and Computer Science  
Department of Civil, Environmental, and Construction Engineering, Engineering II, Room: 211  
http://www.cece.ucf.edu

Lorrenza Vandiver, lorrenza.vandiver@ucf.edu  
Dr. Andrew Randall, andrew.randall@ucf.edu  
Phone: 407-823-2841

Admission Requirements
- Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHM 2045C or CHM 2040 AND CHM 2041.
- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

Degree Requirements (128 Credit Hours)
- The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing the courses from section Basic Core Requirements, section Advanced Core Requirements, section Restricted Electives and section Capstone Requirements listed below. Independent study courses generally do not satisfy major requirements.
- A "C" (2.0) or better is required in each prerequisite course in section Common Program Prerequisites, section Advanced Core Requirements, and section Capstone Requirements.
- Students in the Environmental Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Environmental Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Environmental Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.
- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic.
and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Environmental Engineering major will be subject to all probation conditions that applied at the time of exclusion.

General Education Program (GEP) (38 Credit Hours)

- The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Preferred) or
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Suggested)

Cultural and Historical Foundations (9 Credit Hours)

- Select two courses from Historical Foundations Credit Hours: 6
- Select one class from Cultural Foundations - Suggested MUL 2010, PHI 2010 or THE 2000 Credit Hours: 3

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry Credit Hours: 4 (Required)
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

- Select one class from Social Foundations Group 1 Credit Hours: 3
- Select one class from Social Foundations Group 2 Credit Hours: 3

Science Foundations (7 Credit Hours)

- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)

Science Foundation 2 (3 Credit Hours)

Select one:

- GEO 1200 - Physical Geography Credit Hours: 3
- GEO 2370 - Resources Geography Credit Hours: 3
- GLY 1030 - Geology and its Applications Credit Hours: 3
- GLY 2038 - Environmental Geoscience Credit Hours: 3
- MET 2104 - The Earth's Climate Credit Hours: 3

Common Program Prerequisites (CPP) (19 Credit Hours)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida postsecondary schools and may be transferred directly to UCF programs.

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

A grade of "C" (2.0) or better is required in each course in this section.

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
• MAC 2313 - Calculus with Analytic Geometry  
  III Credit Hours: 4
• MAP 2302 - Ordinary Differential Equations I  
  Credit Hours: 3
• PHY 2048C - General Physics Using Calculus I  
  Credit Hours: 4 (GEP)
• PHY 2049C - General Physics Using Calculus II  
  Credit Hours: 4

Select one of the following sequences of courses:

Preferred course

• CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
  or
• CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3
  and
• CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3

Core Requirements: Basic Level (9 Credit Hours)

Environmental engineering majors must complete both Earth Science and Biological Science coursework. See assigned academic advisor for list of approved courses.

1 A "C" (2.0) or better is required in this course.

• EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
• EGN 1007C - Engineering Concepts and Methods Credit Hours: 1
• CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (CPP) 1
• CHM 2046 - Chemistry Fundamentals II Credit Hours: 3 1
• CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
• Earth Science Credit Hours: 3 (GEP)
• Biological Science Credit Hours: 3

Core Requirements: Advanced Level (53 Credit Hours)

• EGN 3310 - Engineering Analysis-Statics Credit Hours: 3 1
• EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
• EGN 3331C - Mechanics of Materials Credit Hours: 3 1
• EGN 3343 - Thermodynamics Credit Hours: 3 1
• EGN 3613 - Engineering Economic Analysis Credit Hours: 2 1
• ENV 3001 - Environmental Engineering Credit Hours: 3 1
• CCE 4003 - Introduction to the Construction Industry Credit Hours: 3
• STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (GEP)
• CWR 3201 - Engineering Fluid Mechanics Credit Hours: 3 1
• CEG 4011C - Geotechnical Engineering I Credit Hours: 4
• EES 4111C - Biological Process Control Credit Hours: 4
• EES 4202C - Chemical Process Control Credit Hours: 4
• ENV 4531 - Environmental Engineering Unit Operations & Processes Credit Hours: 3 1
• ENV 4120 - Air Pollution and Hazardous Waste Control Credit Hours: 3
• ENV 4561 - Advanced Environmental Engineering Operations & Processes Credit Hours: 3
• ENV 4341 - Sustainable Resource Management Credit Hours: 3
• CWR 4202C - Hydraulics Credit Hours: 3 1

Select one of the following:

• CWR 4120 - Hydrology Credit Hours: 3
• CWR 4124 - Hydrogeology Credit Hours: 3

Restricted Electives (3 Credit Hours)

• Technical electives are available in the BSEnvE program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.
Capstone Requirements (6 Credit Hours)

- Required Senior Design Courses

Environmental Engineering Design Specialization (3 Credit Hours)

1 A “C” (2.0) or better is required in this course. Choose one course from the following:

- ENV 4433C - Environmental Engineering Wastewater Design Credit Hours: 3 ¹
- ENV 4122C - Air Pollution Control Design Credit Hours: 3 ¹
- ENV 4562C - Environmental Engineering Water Treatment Design Credit Hours: 3 ¹

Capstone Course (3 Credit Hours)

- CGN 4808C - CECE Capstone Design Credit Hours: 3

Electives

- None

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- EnvE students must take the Fundamentals of Engineering (FE) Exam during their Senior year. Applications must be received by the Florida Board of Professional Engineers approximately 6 months in advance of your exam date.

Required Minors

- None

Department of Computer Science

Chair: Gary T. Leavens
HEC 437D; 407-823-5373
http://www.cs.ucf.edu

UCF Undergraduate Catalog 2019-2020 - 661
In addition to the Computer Science and Information Technology bachelor's degree programs, the department offers minors in Computer Science, Information Technology, Bioengineering, and Secure Computing and Networks, and an undergraduate certificate program in cyberoperations. UCF is pleased to be a National Security Agency center of academic excellence in both cyber defense research and cyber defense education.

The Computer Science Program

The Computer Science (CS) program offers courses and programs leading to Bachelor of Science, Master of Science (see online Graduate Catalog), and Doctor of Philosophy (see online Graduate Catalog) degrees in Computer Science.

The goals of the CS degree program are to educate students: to become effective team members and leaders, to have excellent communications and technical skills, and to prepare them for successful professional careers and advanced research. The program strives to achieve these goals by producing graduates with a broad base of formal course work. Students may use restricted elective credit to concentrate their degree in one of many research areas, including algorithms and complexity, artificial intelligence and machine learning, big data, computer networks, cybersecurity, graphics, games, and human-computer interaction, software engineering, systems, and vision and robotics. The CS faculty also have expertise in: bioinformatics and systems biology, computer architecture, database systems, distributed and cloud computing, evolutionary computing, graph theory, image and video processing, mixed and virtual reality, multi-agent systems, mobile computing, neural networks, operating systems, parallel computation, and quantum computing. There is a comprehensive design experience at the end of the program.

Research facilities are organized around laboratories directed by faculty members. Facilities in these laboratories change rapidly and are generally funded through external research grants, supplemented by grant matching and startup funds. To learn about the current status of research facilities and projects, visit faculty web pages. These may be found by following links from the Computer Science home page at http://www.cs.ucf.edu/.

Mission

The mission of the Computer Science program is to educate majors in the principles and practices of computer science, preparing them for graduate school, for careers in software development and computing systems technology, and for a lifetime of learning.

Program Educational Objectives

1. CS graduates participate as effective and productive team members or team leaders in the development of large computer and software systems covering a broad range of fields including engineering, scientific, and enterprise applications.
2. CS graduates demonstrate the knowledge and skills to do advanced studies and research in computer science and related engineering and scientific disciplines.

Student Outcomes

All graduating CS majors shall:

1. analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
2. design and implement a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
3. evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
4. communicate effectively in a variety of professional contexts.
5. demonstrate an understanding of professional, ethical, legal, security, and social issues and responsibilities.
6. function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
7. apply computer science theory to produce computing-based solutions.
8. apply software development fundamentals to produce computing-based solutions.

The Information Technology Program

The Information Technology (IT) program offers courses leading to the Bachelor of Science degree in Information Technology. Information Technology encompasses computer software, hardware, peripheral devices and their use in communication networks and information systems. IT-related disciplines include database engineering, network engineering, performance planning, system security, digital media design, and web server design. The program provides students a strong conceptual core, which will prepare students to be lifelong learners, along with
significant hands-on experience. The inclusion of advanced courses in programming, technical writing, ethics in science and technology, human technology interaction, IT system integration, enterprise computing, and web-based IT will prepare these students to communicate in the parlance of the industries in which they choose to work.

Mission

The mission of the Bachelor of Science in Information Technology Degree Program is to educate students in the science and practices of information technology, preparing them for a lifetime of learning and for careers in information technology as well as in a wide variety of disciplines that integrate information technology into their respective fields of activity.

Program Educational Objectives

The objectives of the Information Technology Program at UCF are that:

1. Graduates demonstrate the technical competence necessary for careers in information technology as well as in a wide variety of disciplines that integrate information technology into their respective fields of activity.
2. Graduates demonstrate communication skills, teamwork capabilities, and leadership abilities necessary for a successful professional career.
3. Graduates participate in life-long learning activities appropriate to their profession, including graduate study, professional training, and involvement in professional societies.

Student Outcomes

By graduation each student should be able to:

1. analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
2. design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
3. communicate effectively in a variety of professional contexts.
4. recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
5. function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
6. identify and analyze user needs and to take them into account in the selection, creation, integration, evaluation, and administration of computing-based systems.
7. effectively integrate security standards and best practices into IT-based systems.
8. apply technical skills in a diverse IT landscape to recognize and mitigate the potential negative impacts created by the introduction of new IT-based systems on individuals, communities, and society as a whole.

Department of Computer Science Policies and Procedures

The Department's website (http://www.cs.ucf.edu) is a central point from which visitors may view current policies and procedures of our programs. In particular, links from this page provide up-to-date answers to frequently asked questions (FAQ's) concerning academic advisement, student professional societies, undergraduate research opportunities, and means to effectively communicate concerns (comments, suggestions, complaints). We ask that you visit this site and follow its guidelines before you send email and letters, or make phone calls to faculty members and administrators.

Foundation Examination: Prior to taking courses beyond basic core requirements, students must pass a foundation exam (COT 3960) which covers problem solving techniques, algorithms, abstraction, and programming language skills. Tests will be administered each semester. Refer to the computer science website for more information about the foundation exam.

Admission Requirements

- None

Degree Requirements
Students are required to consult with a departmental advisor and file a plan of study after passing the foundation exam.

Students must meet a Residency Requirement of at least 24 semester hours of regularly scheduled 3000-5000 level courses taken from the Computer Science Department at UCF.

18 of the 24 Residency hours must be at the 4000-5000 level.

Students must earn at least a grade of "C" (2.0) in each course in sections 2-5. In addition, students must maintain at least a 2.5 GPA in all courses in section 4.

Students in the Computer Science major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Computer Science who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Computer Science who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Computer Science major will be subject to all probation conditions that applied at the time of exclusion.

- MAC 2311C - Calculus with Analytic Geometry I  
  Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II  
  Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I  
  Credit Hours: 4 (GEP)
- PHY 2049C - General Physics Using Calculus II  
  Credit Hours: 4

Select Two:

4 hours for this requirement assumes that BSC 2010C is taken since the hours for this course are also in the GEP.
- BSC 2010C - Biology I  
  Credit Hours: 4 (GEP)
- BSC 2011C - Biology II  
  Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I  
  Credit Hours: 4
- CHM 2046 - Chemistry Fundamentals II  
  Credit Hours: 3
- PHY 3101 - General Physics Using Calculus III  
  Credit Hours: 3

Core Requirements: Basic Level (30 Credit Hours)

A "C" (2.0) or better is required in each course in this area.
- STA 2023 - Statistical Methods I  
  Credit Hours: 3 (GEP)
- COP 3330 - Object Oriented Programming  
  Credit Hours: 3
- COP 3502C - Computer Science I  
  Credit Hours: 3
- COP 3503C - Computer Science II  
  Credit Hours: 3
- CDA 3103C - Computer Logic and Organization  
  Credit Hours: 3
- COT 3100C - Introduction to Discrete Structures  
  Credit Hours: 3
- CIS 3360 - Security in Computing  
  Credit Hours: 3
- COP 3402 - Systems Software  
  Credit Hours: 3
- COT 4210 - Discrete Structures II  
  Credit Hours: 3
- COP 4331C - Processes for Object-Oriented Software Development  
  Credit Hours: 3
- COT 3960 - Foundation Exam  
  Credit Hours: 0

Select One: (3 Credit Hours)
- ENC 3241 - Writing for the Technical Professional  
  Credit Hours: 3
- ENC 3250 - Professional Writing  
  Credit Hours: 3

Core Requirements: Advanced Level (18 Credit Hours)

- Any 4000-5000 level Computer Science (CS) course that is not a required undergraduate course will count as a restricted elective.
- Only ONE of the following six Information Technology courses may count as a CS Restricted Elective: CAP 4102, CIS 4004, CIS 4524, CNT 4603, CNT 4703, and CNT 4714.
- At most 3 hours of independent study or research allowed. No internship or cooperative education credits are allowed.
- It is recommended that students take at least 3 classes from a primary area to gain an in-depth knowledge in that area of Computer Science.
- It is recommended that students take classes from at least 2 different secondary areas to gain a broad knowledge of Computer Science. These courses may also be listed in the student's primary area.
- A minimum grade of "C" (2.0) or better is required in each course in this area.
- Students must maintain at least a 2.5 GPA in all courses in this section.
- The courses listed in the areas below are for ease of reference only.

Systems Area

- COP 4520 - Concepts of Parallel and Distributed Processing  
  Credit Hours: 3
- COP 4600 - Operating Systems  
  Credit Hours: 3
- COP 4710 - Database Systems  
  Credit Hours: 3
- EEL 4768 - Computer Architecture  
  Credit Hours: 3
- CDA 5106 - Advanced Computer Architecture  
  Credit Hours: 3
- COP 5611 - Operating Systems Design Principles  
  Credit Hours: 3
- COP 5711 - Parallel and Distributed Database Systems  
  Credit Hours: 3
### AI and Machine Learning Area
- CAP 4053 - AI for Game Programming **Credit Hours:** 3
- CAP 4453 - Robot Vision **Credit Hours:** 3
- CAP 4630 - Artificial Intelligence **Credit Hours:** 3
- CAP 5415 - Computer Vision **Credit Hours:** 3
- CAP 5512 - Evolutionary Computation **Credit Hours:** 3
- CAP 5610 - Machine Learning **Credit Hours:** 3
- CAP 5636 - Advanced Artificial Intelligence **Credit Hours:** 3
- COP 5021 - Program Analysis **Credit Hours:** 3
- COP 5711 - Parallel and Distributed Database Systems **Credit Hours:** 3

### Cybersecurity Area
- CIS 3362 - Cryptography and Information Security **Credit Hours:** 3
- CIS 4203C - Digital Forensics **Credit Hours:** 3
- CIS 4361 - Secure Operating Systems and Administration **Credit Hours:** 3
- CIS 4615 - Secure Software Development and Assurance **Credit Hours:** 3
- CIS 4940C - Topics in Cybersecurity **Credit Hours:** 3
- CNT 4403 - Network Security and Privacy **Credit Hours:** 3
- EEE 4346C - Hardware Security and Trusted Circuit Design **Credit Hours:** 3
- CAP 4145 - Introduction to Malware Analysis **Credit Hours:** 3

### Graphics, Games, and HCI Area
- CAP 4053 - AI for Game Programming **Credit Hours:** 3
- CAP 4720 - Computer Graphics **Credit Hours:** 3
- CNT 5008 - Computer Communication Networks Architecture **Credit Hours:** 3
- CAP 5725 - Computer Graphics I **Credit Hours:** 3

### Algorithms and Complexity Area
- COT 4500 - Numerical Calculus **Credit Hours:** 3
- CAP 5510 - Bioinformatics **Credit Hours:** 3
- CAP 5512 - Evolutionary Computation **Credit Hours:** 3
- COP 5021 - Program Analysis **Credit Hours:** 3
- COP 5537 - Network Optimization **Credit Hours:** 3
- COT 5405 - Design and Analysis of Algorithms **Credit Hours:** 3

### Software Engineering Area
- CIS 4615 - Secure Software Development and Assurance **Credit Hours:** 3
- COP 4020 - Programming Languages I **Credit Hours:** 3
- COP 4520 - Concepts of Parallel and Distributed Processing **Credit Hours:** 3
- COP 4710 - Database Systems **Credit Hours:** 3
- EEL 4768 - Computer Architecture **Credit Hours:** 3
- CDA 5106 - Advanced Computer Architecture **Credit Hours:** 3
- CNT 5008 - Computer Communication Networks Architecture **Credit Hours:** 3
- CDA 5110 - Parallel Architecture and Algorithms **Credit Hours:** 3
- COP 5611 - Operating Systems Design Principles **Credit Hours:** 3
- CAP 5610 - Machine Learning **Credit Hours:** 3
- COP 5711 - Parallel and Distributed Database Systems **Credit Hours:** 3
- CNT 4425C - Cloud Computing Management **Credit Hours:** 3

### Big Data Area
- COP 4520 - Concepts of Parallel and Distributed Processing **Credit Hours:** 3
- COP 4710 - Database Systems **Credit Hours:** 3
- COT 4500 - Numerical Calculus **Credit Hours:** 3
- EEL 4768 - Computer Architecture **Credit Hours:** 3
- CDA 5106 - Advanced Computer Architecture **Credit Hours:** 3
- CNT 5008 - Computer Communication Networks Architecture **Credit Hours:** 3
- CDA 5110 - Parallel Architecture and Algorithms **Credit Hours:** 3
- COP 5611 - Operating Systems Design Principles **Credit Hours:** 3
- CAP 5610 - Machine Learning **Credit Hours:** 3
- COP 5711 - Parallel and Distributed Database Systems **Credit Hours:** 3
- CNT 4425C - Cloud Computing Management **Credit Hours:** 3

### Vision and Robotics Area
- CAP 4453 - Robot Vision **Credit Hours:** 3
• CAP 4720 - Computer Graphics **Credit Hours: 3**
• CAP 5415 - Computer Vision **Credit Hours: 3**
• CAP 5725 - Computer Graphics I **Credit Hours: 3**
• EGN 4060C - Introduction to Robotics **Credit Hours: 3**
• EEL 4660 - Robotic Systems **Credit Hours: 3**
• EEL 5820 - Image Processing **Credit Hours: 3**

**Computer Networks Area**

• CNT 4403 - Network Security and Privacy **Credit Hours: 3**
• CNT 4704 - Analysis of Computer Communication Networks **Credit Hours: 3**
• EEL 4781 - Computer Communication Networks **Credit Hours: 3**
• CNT 5008 - Computer Communication Networks Architecture **Credit Hours: 3**
• COP 5537 - Network Optimization **Credit Hours: 3**
• CNT 5805 - Network Science **Credit Hours: 3**
• EEL 5780 - Wireless Networks **Credit Hours: 3**

**Math/Statistics Restricted Electives**

• A "C" (2.0) or better is required in each course in this area.

**Advanced mathematics or statistics (6 Credit Hours)**

Choose at least two courses from the following list of approved choices to satisfy this requirement:

Any 4000-5000 level courses with STA, MAP, MAA, MAD or MAS prefixes, except independent study hours, internship, or cooperative education hours.

• MAC 2313 - Calculus with Analytic Geometry III **Credit Hours: 4**
• MAP 2302 - Ordinary Differential Equations I **Credit Hours: 3**
• MAS 3105 - Matrix and Linear Algebra **Credit Hours: 4**
• MAS 3106 - Linear Algebra **Credit Hours: 4**

**Capstone Requirements (6 Credit Hours)**

• COP 4934 - Senior Design I **Credit Hours: 3**
• COP 4935 - Senior Design II **Credit Hours: 3**

A "C" (2.0) or better is required in each of the two courses.

**Electives**

Remaining hours needed to meet the minimum of 120 hours for graduation should be met with Free Electives.

**Foreign Language Requirements**

**Admissions**

• Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

**Graduation**

• None

**Additional Requirements**

• None

**Required Minors**

• None

**Departmental Exit Requirements**

• None.

**University Minimum Exit Requirements**

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major
• None

Related Programs
• Computer Engineering - Accelerated Undergraduate-Graduate (B.S.Cp.E. / M.S.Cp.E.)
• Information Technology (B.S.)

Certificates
• Cyber Operations Certificate

Related Minors
• Intelligent Robotic Systems (IRS), Interdisciplinary Minor
• Secure Computing and Networks Minor

Advising Notes
• The Computer Science program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated program section in the back of this catalog for more information.

Transfer Notes
• Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses
• None

Program Academic Learning Compacts
• Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees
• Part-Time Student: $28 per term
• Full-Time Student: $57 per term

Plan of Study

Freshman Year - Fall (13 Credit Hours)
• ENC 1101 - Composition I Credit Hours: 3
• SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3
• COP 3223C - Introduction to Programming with C Credit Hours: 3
• MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4

Freshman Year - Spring (12 Credit Hours)
• ENC 1102 - Composition II Credit Hours: 3
• COT 3100C - Introduction to Discrete Structures Credit Hours: 3
• COP 3502C - Computer Science I Credit Hours: 3
• CDA 3103C - Computer Logic and Organization Credit Hours: 3

Freshman Year - Summer (7 Credit Hours)
• MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
• COP 3330 - Object Oriented Programming
  Credit Hours: 3
• COT 3960 - Foundation Exam Credit Hours: 0

Email: undergraduate@cs.ucf.edu

Dr. Mark Heinrich
Sean Donovan
Phone: 407-823-2341

Admission Requirements
• None

Degree Requirements
• "C" (2.0) or better required in all prerequisites and courses required for the major.
• Students should consult with a departmental advisor.
• A Residency Requirement consists of at least 24 semester hours of regularly scheduled 3000-5000 level courses taken from the Computer Science Department at UCF.
• 12 of the 24 Residency hours must be at the 4000-5000 level.
• Students in the Information Technology major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Information Technology who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Information Technology who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

General Education Program (GEP) (37 Credit Hours)

Communication Foundations (9 Credit Hours)

• ENC 1101 - Composition I **Credit Hours:** 3 (Required)
• ENC 1102 - Composition II **Credit Hours:** 3 (Required)

Select One: (3 Credit Hours)

• SPC 1603C - Fundamentals of Technical Presentations **Credit Hours:** 3 (Preferred)
• SPC 1608 - Fundamentals of Oral Communication **Credit Hours:** 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

• STA 2023 - Statistical Methods I **Credit Hours:** 3 (Required)

Select One: (3 Credit Hours)

• MAC 1105C - College Algebra **Credit Hours:** 3 (Suggested)
• MAC 1140C - Pre-Calculus Algebra **Credit Hours:** 3 (Suggested)

Social Foundations (6 Credit Hours)

• ECO 2013 - Principles of Macroeconomics **Credit Hours:** 3 (Required)
• PSY 2012 - General Psychology **Credit Hours:** 3 (Required)

Science Foundations (7 Credit Hours)

• PHY 2053C - College Physics I **Credit Hours:** 4 (Required)
• Select one class from Science Foundations **Credit Hours:** 3
Common Program Prerequisites (CPP) (15 Credit Hours)

A "C" (2.0) or better is required in each of these courses.

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- MAC 1114C - College Trigonometry Credit Hours: 3
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (GEP)
- PSY 2012 - General Psychology Credit Hours: 3 (GEP)
- PHY 2053C - College Physics I Credit Hours: 4 (GEP)
- COP 3223C - Introduction to Programming with C Credit Hours: 3
- COP 3330 - Object Oriented Programming Credit Hours: 3
- CGS 2545C - Database Concepts Credit Hours: 3
- STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)

Select One: (3 Credit Hours)
- ENC 3241 - Writing for the Technical Professional Credit Hours: 3
- ENC 3250 - Professional Writing Credit Hours: 3

Restricted Electives (6 Credit Hours)
- Six hours of any 3000-level (or higher) courses offered by Computer Science and Information Technology programs. CGS 4941 can be used as a restricted elective one time only.
- A "C" (2.0) or better is required in each of these courses.

Capstone Requirements
- None

Electives
- Remaining hours needed to meet minimum of 120 hours for graduation should be met with Free Electives.

Foreign Language Requirements

Admissions
- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation
- None

Additional Requirements
- An "S" grade is required in all these courses.

Major specific support courses (1 Credit Hour)
- CIS 3990 - IT Career and Academic Advising I Credit Hours: 0
- CIS 4991 - IT Career and Academic Advising II Credit Hours: 0
- CIS 3921 - Careers in IT Credit Hours: 1

Required Minors
- None

Departmental Exit Requirements
- None

University Minimum Exit Requirements
- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

Select One: (3 Credit Hours)

- CNT 4703C - Design and Implementation of Computer Communication Networks Credit Hours: 3
- CNT 4704 - Analysis of Computer Communication Networks Credit Hours: 3
- EEL 4781 - Computer Communication Networks Credit Hours: 3

Select One: (3 Credit Hours)

- CIS 4615 - Secure Software Development and Assurance Credit Hours: 3
- CIS 4940C - Topics in Cybersecurity Credit Hours: 3
- EEE 4346C - Hardware Security and Trusted Circuit Design Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- A minimum grade of "C" (2.0) or better is required in each course used to satisfy the minor
No credit by exam (TSD, Military credit) may be used
Internship, Co-op, or Independent Study credit cannot be used toward the minor

Certificate

Cyber Operations Certificate

College of Engineering and Computer Science
Department of Computer Science

Dr. Thomas Nedorost, Thomas.Nedorost@ucf.edu

This certificate distinguishes those students with special training in cyber operations. Recommended for students majoring in Computer Science, Information Technology, and Computer Engineering seeking additional academic content in cyber security.

Admission Requirements

• None

Certificate Requirements

• None

Prerequisite Courses

• None

Required Courses (30 Credit Hours)

• COP 3502C - Computer Science I Credit Hours: 3
• CIS 3360 - Security in Computing Credit Hours: 3
• CIS 3362 - Cryptography and Information Security Credit Hours: 3
• CIS 4615 - Secure Software Development and Assurance Credit Hours: 3
• CIS 4940C - Topics in Cybersecurity Credit Hours: 3

Select One: (3 Credit Hours)

• CAP 4145 - Introduction to Malware Analysis Credit Hours: 3

Select One: (3 Credit Hours)

• COT 3100C - Introduction to Discrete Structures Credit Hours: 3
• MAD 2104 - Foundations of Discrete Math Credit Hours: 3

Select One: (3 Credit Hours)

• COP 4600 - Operating Systems Credit Hours: 3
• CGS 3763 - Operating System Concepts Credit Hours: 3

Select one of the following sequences of courses:

• CDA 3103C - Computer Logic and Organization Credit Hours: 3
  and
• EEL 4768 - Computer Architecture Credit Hours: 3
  or
• EEL 3801C - Computer Organization Credit Hours: 4
  and
• EEL 4768 - Computer Architecture Credit Hours: 3
  or
• CGS 3269 - Computer Architecture Concepts Credit Hours: 3

Restricted Electives (9 Credit Hours)

• CAP 3104 - Foundations of HCI Credit Hours: 3
• CIS 4203C - Digital Forensics Credit Hours: 3
• CIS 4524 - Managing IT Integration **Credit Hours:** 3
• CNT 4714 - Enterprise Computing **Credit Hours:** 3
• COP 3402 - Systems Software **Credit Hours:** 3
• EEE 4346C - Hardware Security and Trusted Circuit Design **Credit Hours:** 3
• EEL 4783 - Hardware Description Languages in Digital Systems Design **Credit Hours:** 3
• EEL 5722C - Field-Programmable Gate Array (FPGA) Design **Credit Hours:** 3

Foreign Language Requirements

• None

Total Undergraduate Credit Hours Required: 39

Other Requirements

• A grade of "C" (2.0) or better is required in each course toward this certificate.
• A student may not earn both the Cyber Operations Certificate and the Secure Computing and Networks Minor.
• Total hours required may vary based on courses selected to meet requirements.

Accelerated Undergraduate-Graduate Program

Computer Science - Accelerated Undergraduate-Graduate Program (B.S. / M.S.)

Admission Requirements

• See Common Program Prerequisites.
• Qualified students may apply after completion of a minimum of 60 credit hours and successful completion of the Foundation Exam.
• Completion of no more than 90 credit hours.
• Completion of the GRE with a highly competitive score by the end of first semester of the senior year for continuation in the program.
• Admission is not automatic. Interested students may need to be interviewed.
• Admission to the Accelerated Program does not guarantee formal admission to the MS program.

Degree Requirements

• None

General Education Program (GEP) (39 Credit Hours)

• See Computer Science (B.S.) in the catalog for track specific GEP requirements.

Communication Foundations

Cultural & Historical Foundations

Mathematical Foundations

Social Foundations

Science Foundations

Common Program Prerequisites (CPP) (14 Credit Hours)

• See Computer Science (B.S.) in the catalog for the CPP requirements.
Core Requirements: Basic Level (30 Credit Hours)

A "C" (2.0) or better is required in each course in the area.

- STA 2023 - Statistical Methods I **Credit Hours:** 3 (GEP)
- COP 3330 - Object Oriented Programming **Credit Hours:** 3
- COP 3502C - Computer Science I **Credit Hours:** 3
- COP 3503C - Computer Science II **Credit Hours:** 3
- CDA 3103C - Computer Logic and Organization **Credit Hours:** 3
- COT 3100C - Introduction to Discrete Structures **Credit Hours:** 3
- CIS 3360 - Security in Computing **Credit Hours:** 3
- COP 3402 - Systems Software **Credit Hours:** 3
- COT 4210 - Discrete Structures II **Credit Hours:** 3
- COP 4331C - Processes for Object-Oriented Software Development **Credit Hours:** 3
- COT 3960 - Foundation Exam **Credit Hours:** 0

Select One: (3 Credit Hours)

- ENC 3241 - Writing for the Technical Professional **Credit Hours:** 3
- ENC 3250 - Professional Writing **Credit Hours:** 3

Core Requirements: Advanced Level (18 Credit Hours)

- Any 4000-5000 level Computer Science (CS) course that is not a required undergraduate course will count as a restricted elective.
- Only ONE of the following six Information Technology courses may count as a CS Restricted Elective: CAP 4102, CIS 4004, CIS 4524, CNT 4603, CNT 4703, and CNT 4714.
- At most 3 hours of independent study or research allowed. No internship or cooperative education credits are allowed.
- It is recommended that students take at least 3 classes from a primary area to gain an in-depth knowledge in that area of Computer Science.
- It is recommended that students take classes from at least 2 different secondary areas to gain a broad knowledge of Computer Science. These courses may also be listed in the student's primary area.
- A minimum grade of "C" (2.0) or better is required in each course in this area.
- Students must maintain at least a 2.5 GPA in all courses in this section.
- Students participating in the Accelerated Undergraduate to Graduate Program in Computer Science should take up to 12 hours of 5000 and 6000 level courses from the areas listed below.
- The courses listed in the areas below are for ease of reference only.

Systems Area

- COP 4331C - Processes for Object-Oriented Software Development **Credit Hours:** 3
- COP 4520 - Concepts of Parallel and Distributed Processing **Credit Hours:** 3
- COP 4600 - Operating Systems **Credit Hours:** 3
- COP 4710 - Database Systems **Credit Hours:** 3
- EEL 4768 - Computer Architecture **Credit Hours:** 3
- CDA 5106 - Advanced Computer Architecture **Credit Hours:** 3
- COP 5611 - Operating Systems Design Principles **Credit Hours:** 3
- COP 5711 - Parallel and Distributed Database Systems **Credit Hours:** 3

AI and Machine Learning Area

- CAP 4053 - AI for Game Programming **Credit Hours:** 3
- CAP 4453 - Robot Vision **Credit Hours:** 3
- CAP 4630 - Artificial Intelligence **Credit Hours:** 3
- CAP 5415 - Computer Vision **Credit Hours:** 3
- CAP 5512 - Evolutionary Computation **Credit Hours:** 3
- CAP 5610 - Machine Learning **Credit Hours:** 3
- CAP 5636 - Advanced Artificial Intelligence **Credit Hours:** 3
Graphics, Games, and HCI Area

- CAP 4053 - AI for Game Programming Credit Hours: 3
- CAP 4720 - Computer Graphics Credit Hours: 3
- CNT 5008 - Computer Communication Networks Architecture Credit Hours: 3
- CAP 5725 - Computer Graphics I Credit Hours: 3

Algorithms and Complexity Area

- COT 4500 - Numerical Calculus Credit Hours: 3
- CAP 5510 - Bioinformatics Credit Hours: 3
- CAP 5512 - Evolutionary Computation Credit Hours: 3
- COP 5021 - Program Analysis Credit Hours: 3
- COP 5537 - Network Optimization Credit Hours: 3
- COT 5405 - Design and Analysis of Algorithms Credit Hours: 3

Software Engineering Area

- CIS 4615 - Secure Software Development and Assurance Credit Hours: 3
- COP 4020 - Programming Languages I Credit Hours: 3
- COP 4520 - Concepts of Parallel and Distributed Processing Credit Hours: 3
- COP 4710 - Database Systems Credit Hours: 3
- CEN 5016 - Software Engineering Credit Hours: 3
- COP 5021 - Program Analysis Credit Hours: 3
- COP 5711 - Parallel and Distributed Database Systems Credit Hours: 3

Cybersecurity Area

- CIS 3362 - Cryptography and Information Security Credit Hours: 3
- CIS 4203C - Digital Forensics Credit Hours: 3
- CIS 4361 - Secure Operating Systems and Administration Credit Hours: 3
- CIS 4615 - Secure Software Development and Assurance Credit Hours: 3
- CIS 4940C - Topics in Cybersecurity Credit Hours: 3
- CAP 4145 - Introduction to Malware Analysis Credit Hours: 3
- CNT 4403 - Network Security and Privacy Credit Hours: 3
- EEE 4346C - Hardware Security and Trusted Circuit Design Credit Hours: 3

Big Data Area

- COP 4520 - Concepts of Parallel and Distributed Processing Credit Hours: 3
- COP 4710 - Database Systems Credit Hours: 3
- COT 4500 - Numerical Calculus Credit Hours: 3
- EEL 4768 - Computer Architecture Credit Hours: 3
- CNT 4425C - Cloud Computing Management Credit Hours: 3
- CDA 5106 - Advanced Computer Architecture Credit Hours: 3
- CNT 5008 - Computer Communication Networks Architecture Credit Hours: 3
- CDA 5110 - Parallel Architecture and Algorithms Credit Hours: 3
- COP 5611 - Operating Systems Design Principles Credit Hours: 3
- CAP 5610 - Machine Learning Credit Hours: 3
- COP 5711 - Parallel and Distributed Database Systems Credit Hours: 3

Vision and Robotics Area

- CAP 4453 - Robot Vision Credit Hours: 3
- CAP 4720 - Computer Graphics Credit Hours: 3
- CAP 5415 - Computer Vision Credit Hours: 3
- CAP 5725 - Computer Graphics I Credit Hours: 3
- EGN 4060C - Introduction to Robotics Credit Hours: 3
- EEL 4660 - Robotic Systems Credit Hours: 3
- EEL 5820 - Image Processing Credit Hours: 3

Computer Networks Area

- CNT 4403 - Network Security and Privacy Credit Hours: 3
• CNT 4704 - Analysis of Computer Communication Networks Credit Hours: 3
• EEL 4781 - Computer Communication Networks Credit Hours: 3
• CNT 5008 - Computer Communication Networks Architecture Credit Hours: 3
• COP 5537 - Network Optimization Credit Hours: 3
• CNT 5805 - Network Science Credit Hours: 3
• EEL 5780 - Wireless Networks Credit Hours: 3

Math/Statistics Restricted Electives (6 Credit Hours)

4000-5000 level mathematics or statistics (6 Credit Hours)
courses from: STA, MAP, MAA, MAD, MAS prefixes and the following courses.

No independent study hours, internship, or cooperative education hours are allowed.

• MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
• MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
• MAS 3105 - Matrix and Linear Algebra Credit Hours: 4
• MAS 3106 - Linear Algebra Credit Hours: 4

Capstone Requirements (6 Credit Hours)
A "C" (2.0) or better is required in the two courses.

• COP 4934 - Senior Design I Credit Hours: 3
• COP 4935 - Senior Design II Credit Hours: 3

Electives
Remaining hours needed to meet minimum of 120 hours for graduation should be met with Free Electives.

Foreign Language Requirements

Admissions

• Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

Graduation
• None

Additional Requirements
• None

Required Minors
• None

Departmental Exit Requirements
• None.

University Minimum Exit Requirements
• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Total Combined Credit Hours Required: 138

Shared Courses (12 Credit Hours)
Up to 12 credit hours of approved 5000 or 6000 level courses of grades B (3.0) or better may be counted towards the BS and Masters degrees. These 12 credit hours will meet either restricted elective or course requirements for the major. Contact the Graduate Coordinator in the Computer Science department for a list of acceptable courses.

Additional Information

Honors In Major

- None

Related Programs

- Computer Engineering - Accelerated Undergraduate-Graduate (B.S.Cp.E. / M.S.Cp.E.)
- Information Technology (B.S.)

Certificates

- Cyber Operations Certificate

Related Minors

- Intelligent Robotic Systems (IRS), Interdisciplinary Minor
- Secure Computing and Networks Minor

Advising Notes

- The following will be waived for this joint degree program:
- The limit of nine hours to be shared between undergraduate and graduate programs.
- Undergraduate students taking graduate courses must be within nine hours of graduation
- Undergraduate students taking graduate courses must not register for more than a total of twelve hours in that semester
- Undergraduate students are not eligible to take 6000-level courses

Acceptable Substitutes for Transfer Courses

- None

Graduate Courses Link

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $9 per term
- Full-Time Student: $18 per term

Department of Electrical and Computer Engineering

Chair: Zhihua Qu
HEC 439C; 407-823-5976

Faculty: Abdolvand, Abichar, Assefzadeh, Atia, Awad, Batarseh, Behal, Chan, Chen, DeMara, Dimitrovski, Elashhab, Enyioha, Ewetz, Fahim, Fallah, Fan, Georgiopoulos, Gong, Guo, Jones, Kim, Li, Lin, Mikhail, Qi, Qu, Rahnavard, Richie, Simaan, Suboh, Sun, Sundaram, Vosoughi, Wahid, Wang, Weeks, Wei, Yao, Yuan, Yuksel, Zhou

The Department of Electrical and Computer Engineering offers baccalaureate degrees in both Electrical Engineering (BSEE) and Computer Engineering (BScpE). Graduate degrees leading to the Master of Science in Electrical Engineering (M.S.E.E.), Master of Science in Computer Engineering (M.S.CpE), and Doctor of Philosophy (Ph.D.) are also offered (see online Graduate Catalog).

The curriculum provides an integrated experience including humanities and social sciences, mathematics and basic
The laboratory experiences appropriately combine theory and practice in the Electrical and Computer Engineering programs through a logical progression of courses. Design experiences start with the first circuits course, EEL 3004C, and progress to the senior design capstone courses. This senior design experience is a two-semester sequence totaling six credit hours. Aspects of engineering economics, administration, oral presentation, professional issues such as ethics, safety and environmental impact are also covered in the design courses. The design projects required in the design course sequence address real-life problems, and the students work in a team setting. Also, several projects are developed jointly with our industry partners.

The Computer Engineering Program

The Computer Engineering program contains a minimum of 63 credit hours of design experience, through courses such as Embedded Systems and Computer Architecture (EEL 4742C and EEL 4768), Computer Science I (COP 3502C) and Digital Systems (EEE 3342C). In addition the program has two tracks: Comprehensive and Digital VLSI Circuits. Students are only allowed to declare one track per degree program. Technical electives can give additional design experiences in specialty areas such as computer architecture, intelligent systems, networking, software engineering, and simulation systems.

Mission

The mission of the UCF Computer Engineering Program is to develop and disseminate the theory and methods for the design, analysis, implementation, and improvement of computer hardware, software, and systems.

Program Educational Objectives

The objectives of the CpE Program are that:

1. Graduates will establish a successful employment position with increasing responsibilities in the areas of computer engineering.
2. Graduates will pursue advanced studies in the areas of computer engineering.
3. Graduates demonstrate the pursuit of life-long learning in their areas of interest, including membership in professional societies, and participating in training opportunities.

Student Outcomes

Graduates of the Computer Engineering program should attain:

1. an ability to identify, formulate, and solve complex engineering problems.
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. an ability to communicate effectively with a range of audiences.
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. an ability to use contemporary modeling and simulation tools.

The Electrical Engineering Program

The Electrical Engineering program contains a minimum of 63 credit hours of design experience. This is achieved through courses such as Linear Control Systems (EEL 3657), Electronics I and II (EEE 3307C and EEE 4309C), Digital Signal Processing (EEL 4750), Signal Analysis and Analog Communication (EEL 3552C), Embedded Systems (EEL 4742C), Linear Circuits II (EEL 3123C) and Digital Systems (EEE 3342C). In addition the program has four tracks: Comprehensive, Communications and Signal Processing, RF and Microwaves, and Power and Renewable Energy. Students are allowed to declare one track per degree program. Technical electives can give additional design experience leading to work in communications, controls, image and signal processing, microelectronics and solid state devices, microwaves and electromagnetics, power and power electronics.

Mission

The mission of the Electrical Engineering Program is to develop and disseminate the theory and methods for the design, analysis, and implementation of the principles and practices in Electrical Engineering.

Program Educational Objectives
The objectives of the EE Program are that:

1. Graduates will establish a successful employment position with increasing responsibilities in the areas of electrical engineering.
2. Graduates will pursue advanced studies in the areas of electrical engineering.
3. Graduates will demonstrate the pursuit of life-long learning in their areas of interest, including membership in professional societies, and participating in training opportunities.

Student Outcomes

Graduates of the Electrical Engineering program should attain:

1. an ability to identify, formulate, and solve complex engineering problems.
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. an ability to communicate effectively with a range of audiences.
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. an ability to use contemporary modeling and simulation tools.

The mission statement and objectives for the Computer Engineering and Electrical Engineering programs are electronically posted and continuously updated. More information on the Computer and Electrical Engineering programs can be found on the home page at http://www.ece.ucf.edu.

Department of Electrical and Computer Engineering Policies and Procedures

The Department's website (http://www.ece.ucf.edu) is a central point from which visitors may view current policies and procedures of our programs. In particular, links from this page provide up-to-date answers to frequently asked questions (FAQ's) concerning academic advisement, student professional societies, undergraduate research opportunities, and means to effectively communicate concerns (comments, suggestions, complaints). We ask that you visit this site and follow its guidelines before you send email and letters, or make phone calls to faculty members and administrators.

Major

Computer Engineering, Comprehensive Track
(B.S.Cp.E.)

College of Engineering and Computer Science
Department of Electrical and Computer Engineering,
Harris Corp. Engineering Center, Room: 346
http://www.ece.ucf.edu
Email: undergraduate@ece.ucf.edu

Dr. Parveen Wahid
Charlese Hilton-Brown
Phone: 407-823-3327

Admission Requirements

- Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.
- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

Degree Requirements

- Students in the Computer Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Computer
Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Computer Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Computer Engineering major will be subject to all probation conditions that applied at the time of exclusion.

General Education Program (GEP) (38 Credit Hours)

- The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)

Select One: (3 Credit Hours)

- ENC 1102 - Composition II Credit Hours: 3 (Required)

Select One: (3 Credit Hours)

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Suggested)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Suggested)

Cultural and Historical Foundations (9 Credit Hours)

- Select two courses from Historical Foundations Credit Hours: 6
- Select one class from Cultural Foundations Credit Hours: 3

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Preferred)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Preferred)
- Select one class from Social Foundations Credit Hours: 3

Science Foundations (7 Credit Hours)

- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)
- Select one course from Science Foundations Credit Hours: 3

Common Program Prerequisites (CPP) (19 Credit Hours)
These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in CpE major courses, a 2.0 (C or better) in each course is required.

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Select One: (4 Credit Hours)

1 Preferred

- CHS 1440 - Principles of Chemistry Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4

Core Requirements: Basic Level (2 Credit Hours)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with the courses required for the major in section 4 below, technical elective courses listed in section 5 below and with the senior design courses listed in section 6 below. Independent study courses generally do not satisfy major requirements.

- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1

Core Requirements: Advanced Level (48 Credit Hours)

Engineering Core

- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (GEP)

Courses Required for the Major (48 Credit Hours)

1 A "C" (2.0) or better is required in this course.

- EGN 3211 - Engineering Analysis and Computation Credit Hours: 3
- COT 3100C - Introduction to Discrete Structures Credit Hours: 3
- COP 3502C - Computer Science I Credit Hours: 3
- COP 3503C - Computer Science II Credit Hours: 3
- COP 3330 - Object Oriented Programming Credit Hours: 3
- COP 4331C - Processes for Object-Oriented Software Development Credit Hours: 3
- EEL 3926L - Junior Design Credit Hours: 1
- EEL 3004C - Linear Circuits I Credit Hours: 3
- EEL 3123C - Linear Circuits II Credit Hours: 3
- EEE 3307C - Electronics I Credit Hours: 4
- EEE 3342C - Digital Systems Credit Hours: 3
- EEL 3801C - Computer Organization Credit Hours: 4
- EEL 4742C - Embedded Systems Credit Hours: 3
- EEL 4768 - Computer Architecture Credit Hours: 3
- EEL 4781 - Computer Communication Networks Credit Hours: 3
- COP 4600 - Operating Systems Credit Hours: 3

Restricted Electives

- Technical electives are available in the BSCpE program to address specific student interests in a variety of technical areas such as Software Engineering. Students should consult with their academic advisor for the identification of courses that are approved technical electives and the terms when specific courses of this type are to be offered.
Technical Electives (15 Credit Hours)

- Technical elective courses are to be selected by the student from department approved courses.

Capstone Requirements (6 Credit Hours)

- EEL 4914 - Senior Design I Credit Hours: 3
- EEL 4915L - Senior Design II Credit Hours: 3

Electives

- None

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- Computer engineering students must earn at least 32 hours in residence at UCF.
- 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

Required Minors

- None

Departmental Exit Requirements

- CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 128

Additional Information

Honors In Major

- None

Related Programs

Advising Notes
- Each engineering student should meet regularly with an academic advisor in the major department.
- The Computer Engineering program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated Program section in the back of this catalog for more information.
- Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- This Computer Engineering Comprehensive Track program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://www.ece.ucf.edu/CpE/overview.php

**Plan of Study**

- The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

**Freshman Year - Fall (15 Credit Hours)**

- **EGS 1006C - Introduction to the Engineering Profession**
  - Credit Hours: 1
- **MAC 2311C - Calculus with Analytic Geometry I**
  - Credit Hours: 4
- **GEP - Historical Foundation**
  - Credit Hours: 3
- Select One: (3 Credit Hours)
  - **SPC 1603C - Fundamentals of Technical Presentations**
    - Credit Hours: 3
  - **SPC 1608 - Fundamentals of Oral Communication**
    - Credit Hours: 3
- **Select One: (4 Credit Hours)**
  - **CHS 1440 - Principles of Chemistry**
    - Credit Hours: 4
  - **CHM 2045C - Chemistry Fundamentals I**
    - Credit Hours: 4

**Freshman Year - Spring (15 Credit Hours)**

- **EGN 1007C - Engineering Concepts and Methods**
  - Credit Hours: 1
- **ENC 1101 - Composition I**
  - Credit Hours: 3
- **MAC 2312 - Calculus with Analytic Geometry II**
  - Credit Hours: 4
- **COT 3100C - Introduction to Discrete Structures**
  - Credit Hours: 3

**Transfer Notes**

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

**Acceptable Substitutes for Transfer Courses**

- None

**Program Academic Learning Compacts**

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oews.ucf.edu/alc/academic_learning_compacts.htm](http://www.oews.ucf.edu/alc/academic_learning_compacts.htm)

Email: undergraduate@ece.ucf.edu

Dr. Parveen Wahid
Charlese Hilton-Brown
Phone: (407) 823-3327

Admission Requirements
- Students wanting to declare a major in an engineering discipline must be in good academic
Students standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.

- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

Degree Requirements

- Students in the Computer Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Computer Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Computer Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Computer Engineering major will be subject to all probation conditions that applied at the time of exclusion.

General Education Program (GEP)

(38 Credit Hours)

- The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)

Select One: (3 Credit Hours)

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Preferred)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Suggested)

Cultural and Historical Foundations (9 Credit Hours)

- Select two courses from Historical Foundations Credit Hours: 6
- Select one class from Cultural Foundations Credit Hours: 3

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Select One: (3 Credit Hours)
• ECO 2013 - Principles of Macroeconomics  
  Credit Hours: 3
• ECO 2023 - Principles of Microeconomics  
  Credit Hours: 3
• Select one class from Social Foundations  
  Credit Hours: 3

Science Foundations (7 Credit Hours)

• PHY 2048C - General Physics Using Calculus I  
  Credit Hours: 4 (Required)
• Select one course from Science Foundations  
  Credit Hours: 3

Common Program Prerequisites (CPP) (19 Credit Hours)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in CpE major courses, a 2.0 (C or better) in each course is required.

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

• MAC 2311C - Calculus with Analytic Geometry I  
  Credit Hours: 4 (GEP)
• MAC 2312 - Calculus with Analytic Geometry II  
  Credit Hours: 4
• MAC 2313 - Calculus with Analytic Geometry III  
  Credit Hours: 4
• PHY 2048C - General Physics Using Calculus I  
  Credit Hours: 4 (GEP)
• PHY 2049C - General Physics Using Calculus II  
  Credit Hours: 4
• MAP 2302 - Ordinary Differential Equations I  
  Credit Hours: 3

Select One: (4 Credit Hours)

1 Preferred

• CHS 1440 - Principles of Chemistry  
  Credit Hours: 4 1
• CHM 2045C - Chemistry Fundamentals I  
  Credit Hours: 4

Core Requirements: Basic Level (2 Credit Hours)

• The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with the courses required for the major in section 4 below, technical elective courses listed in section 5 below and with the senior design courses listed in section 6 below. Independent study courses generally do not satisfy major requirements.
• EGS 1006C - Introduction to the Engineering Profession  
  Credit Hours: 1
• EGN 1007C - Engineering Concepts and Methods  
  Credit Hours: 1

Core Requirements: Advanced Level (48 Credit Hours)

Engineering Core

• STA 3032 - Probability and Statistics for Engineers  
  Credit Hours: 3 (GEP)

Courses Required for the Major

• EGN 3211 - Engineering Analysis and Computation  
  Credit Hours: 3 1
• COT 3100C - Introduction to Discrete Structures  
  Credit Hours: 3
• COP 3502C - Computer Science I  
  Credit Hours: 3
• COP 3503C - Computer Science II  
  Credit Hours: 3
• COP 3330 - Object Oriented Programming  
  Credit Hours: 3
• EEL 3926L - Junior Design  
  Credit Hours: 1
• EEL 3004C - Linear Circuits I  
  Credit Hours: 3 1
• EEL 3123C - Linear Circuits II  
  Credit Hours: 3 1
• EEE 3307C - Electronics I  
  Credit Hours: 4
• EEE 3342C - Digital Systems  
  Credit Hours: 3 1
• EEL 3801C - Computer Organization  
  Credit Hours: 4 1
• EEL 4742C - Embedded Systems  
  Credit Hours: 3
• EEL 4768 - Computer Architecture Credit Hours: 3
• EEL 4781 - Computer Communication Networks Credit Hours: 3
  1 A "C" (2.0) or better is required in this course.

Select Two: (6 Credit Hours)

• EEE 4346C - Hardware Security and Trusted Circuit Design Credit Hours: 3
• EEE 4314 - Device Electronics for Integrated Circuits Credit Hours: 3
• EEL 4783 - Hardware Description Languages in Digital Systems Design Credit Hours: 3
• EEL 5704 - Computer Aided Logical Design Credit Hours: 3
• EEE 5353 - Semiconductor Device Modeling and Simulation Credit Hours: 3
• EEE 5356C - Fabrication of Solid-State Devices Credit Hours: 4
• EEE 5378 - CMOS Analog and Digital Circuit Design Credit Hours: 3
• EEE 5390C - Full-Custom VLSI Design Credit Hours: 3

Restricted Electives

• Technical electives are available in the BScpE program to address specific student interests in a variety of technical areas such as Software Engineering. Students should consult with their academic advisor for the identification of courses that are approved technical electives and the terms when specific courses of this type are to be offered.

Technical Electives (15 Credit Hours)

• Technical elective courses are to be selected by the student from department approved courses.

Capstone Requirements (6 Credit Hours)

• EEL 4914 - Senior Design I Credit Hours: 3
• EEL 4915L - Senior Design II Credit Hours: 3

Electives

• None

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• None

Additional Requirements

• Computer engineering students must earn at least 32 hours in residence at UCF.
• 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

Required Minors

• None

Departmental Exit Requirements

• CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 128

Additional Information

Honors In Major

- None

Related Programs

- Computer Science (B.S.)
- Electrical Engineering
- Information Technology (B.S.)
- Mathematics - Engineering/Physics Track
- Physics (B.S.)

Certificates

- None

Related Minors

- Intelligent Robotic Systems (IRS), Interdisciplinary Minor

Equipment Fees

- Part-Time Student: $42 per term
- Full-Time Student: $84 per term

Plan of Study

- The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.
### Freshman Year - Fall (15 Credit Hours)

- EGS 1006C - Introduction to the Engineering Profession **Credit Hours: 1**
- MAC 2311C - Calculus with Analytic Geometry **Credit Hours: 4**
- GEP- Historical Foundation **Credit Hours: 3**

Select One: (3 Credit Hours) **1**

- SPC 1603C - Fundamentals of Technical Presentations **Credit Hours: 3**
- SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3**

### Freshman Year - Spring (15 Credit Hours)

- EGN 1007C - Engineering Concepts and Methods **Credit Hours: 1**
- ENC 1101 - Composition I **Credit Hours: 3**
- MAC 2312 - Calculus with Analytic Geometry II **Credit Hours: 4**
- PHY 2048C - General Physics Using Calculus I **Credit Hours: 4**
- COT 3100C - Introduction to Discrete Structures **Credit Hours: 3**

### Sophomore Year - Fall (14 Credit Hours)

- PHY 2049C - General Physics Using Calculus II **Credit Hours: 4**
- EGN 3144 - Principles of Chemistry **Credit Hours: 4**
- CHM 2045C - Chemistry Fundamentals I **Credit Hours: 4**
- GEP- Historical Foundation **Credit Hours: 3**

### Sophomore Year - Spring (15 Credit Hours)

- EEL 3004C - Linear Circuits I **Credit Hours: 3**
- EEE 3342C - Digital Systems **Credit Hours: 3**
- MAP 2302 - Ordinary Differential Equations I **Credit Hours: 3**
- ENC 1102 - Composition II **Credit Hours: 3**
- GEP-Science Foundation **Credit Hours: 3**

### Sophomore Year - Summer (10 Credit Hours)

- EEL 3123C - Linear Circuits II **Credit Hours: 3**
- EEL 3801C - Computer Organization **Credit Hours: 4**
- GEP- Cultural Foundation **Credit Hours: 3**

### Junior Year - Fall (16 Credit Hours)

- COP 3330 - Object Oriented Programming **Credit Hours: 3**
- COP 3502C - Computer Science I **Credit Hours: 3**
- STA 3032 - Probability and Statistics for Engineers **Credit Hours: 3**
- EEE 3307C - Electronics I **Credit Hours: 4**
- GEP- Social Foundation **Credit Hours: 3**

### Junior Year - Spring (16 Credit Hours)

- COP 3503C - Computer Science II **Credit Hours: 3**
- EEL 4742C - Embedded Systems **Credit Hours: 3**
- EEL 4768 - Computer Architecture **Credit Hours: 3**
- EEL 3926L - Junior Design **Credit Hours: 1**
- Senior Elective **Credit Hours: 3**

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics **Credit Hours: 3**
- ECO 2023 - Principles of Microeconomics **Credit Hours: 3**
Senior Year - Fall (15 Credit Hours)

- EEL 4914 - Senior Design I  **Credit Hours:** 3
- Senior Elective  **Credit Hours:** 3
- Technical Elective  **Credit Hours:** 3
- Technical Elective  **Credit Hours:** 3
- Technical Elective  **Credit Hours:** 3

Senior Year - Spring (12 Credit Hours)

Electrical Engineering, Comprehensive Track (B.S.E.E.)

College of Engineering and Computer Science
Department of Electrical and Computer Engineering,
Harris Corp. Engineering Center, Room: 346
http://www.ece.ucf.edu
Email: undergraduate@ece.ucf.edu
Dr. Parveen Wahid
Charlese Hilton-Brown
Phone: 407-823-3327

Admission Requirements

- Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.
- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

Degree Requirements

- Students in the Electrical Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of
Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Electrical Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Electrical Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Electrical Engineering major will be subject to all probation conditions that applied at the time of exclusion.

General Education Program (GEP) (38 Credit Hours)

- The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)

Select One: (3 Credit Hours)

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Prefer)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Suggested)

Cultural and Historical Foundations (9 Credit Hours)

- Select two courses from Historical Foundations Credit Hours: 6
- Select one class from Cultural Foundations Credit Hours: 3

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Prefer)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Prefer)
- Select one class from Social Foundations Credit Hours: 3

Science Foundations (7 Credit Hours)

- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)
- Select one course from Science Foundations Credit Hours: 3
Common Program Prerequisites (CPP) (19 Credit Hours)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida postsecondary schools and may be transferred directly to UCF programs. To enroll in EE major courses, a 2.0 (C or better) in each course is required.

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3

Select One: (4 Credit Hours)

1 Preferred

- CHS 1440 - Principles of Chemistry Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4

Core Requirements: Basic Level (2 Credit Hours)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the courses required for the major, technical elective courses, and with the senior design courses. Independent study courses generally do not satisfy major requirements.

- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1

Core Requirements: Advanced Level (47 Credit Hours)

Courses Required for the Engineering Core (3 Credit Hours)

- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (GEP)
- PHY 3101 - General Physics Using Calculus III Credit Hours: 3

Courses Required for the Major (44 Credit Hours)

1 A "C" (2.0) or better is required in this course.

- EEL 3926L - Junior Design Credit Hours: 1
- EGN 3211 - Engineering Analysis and Computation Credit Hours: 3
- EEL 3004C - Linear Circuits I Credit Hours: 3
- EEL 3123C - Linear Circuits II Credit Hours: 3
- EEE 3350 - Semiconductor Devices Credit Hours: 3
- EEE 3307C - Electronics I Credit Hours: 4
- EEE 3342C - Digital Systems Credit Hours: 3
- EEL 3470 - Electromagnetic Fields Credit Hours: 3
- EEL 3552C - Signal Analysis and Analog Communication Credit Hours: 4
- EEL 3657 - Linear Control Systems Credit Hours: 3
- EEL 3801C - Computer Organization Credit Hours: 4
- EEE 4309C - Electronics II Credit Hours: 4
- EEL 4750 - Digital Signal Processing Fundamentals Credit Hours: 3
- EEL 4742C - Embedded Systems Credit Hours: 3

Restricted Electives

- Technical electives are available in the BSEE program to address specific student interests in a variety of technical areas. Students should consult with their academic advisor for the identification of courses that are approved
technical electives and the terms when specific courses of this type are to be offered.

Technical Electives (16 Credit Hours)

- Technical elective courses are to be selected by the student from department approved courses.

Capstone Requirements (6 Credit Hours)

- EEL 4914 - Senior Design I Credit Hours: 3
- EEL 4915L - Senior Design II Credit Hours: 3

Electives

- None

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- Electrical engineering students must earn at least 32 hours in residence at UCF.
- 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

Required Minors

- None

Departmental Exit Requirements

- CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 128

**Advising Notes**

- Each engineering student should meet with their academic advisor in the department of their major regularly.
- Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- The Electrical Engineering program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated Program section in the back of this catalog for more information.
- This Electrical Engineering Comprehensive Track program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit [http://www.ece.ucf.edu/EE/overview.php](http://www.ece.ucf.edu/EE/overview.php)

**Transfer Notes**

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the Technical Elective area.

**Acceptable Substitutes for Transfer Courses**

- None

Phone: 407-823-3327

Admission Requirements

• Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.
• Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

Degree Requirements

• Students in the Electrical Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP).

Therefore, any student majoring in Electrical Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Electrical Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

• A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Electrical Engineering major will be subject to all probation conditions that applied at the time of exclusion.

General Education Program (GEP)
(38 Credit Hours)

The UCF General Education Program (GEP) is described in the section, General Education Program. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)

• ENC 1101 - Composition I Credit Hours: 3 (Required)
• EN 1102 - Composition II **Credit Hours: 3**
  (Required)

Select One: **(3 Credit Hours)**

• SPC 1603C - Fundamentals of Technical Presentations **Credit Hours: 3** (Preferred)
• SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3** (Suggested)

**Cultural & Historical Foundations (9 Credit Hours)**

• Select two courses from Historical Foundations **Credit Hours: 6**
• Select one class from Cultural Foundations **Credit Hours: 3**

**Mathematical Foundations (7 Credit Hours)**

• MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (Required)
• STA 3032 - Probability and Statistics for Engineers **Credit Hours: 3** (Required)

**Social Foundations (6 Credit Hours)**

Select One: **(3 Credit Hours)**

• ECO 2013 - Principles of Macroeconomics **Credit Hours: 3** (Preferred) or
• ECO 2023 - Principles of Microeconomics **Credit Hours: 3** (Preferred)
• Select one class from Social Foundations **Credit Hours: 3**

**Science Foundations (7 Credit Hours)**

• PHY 2048C - General Physics Using Calculus I **Credit Hours: 4** (Required)
• Select one course from Science Foundations **Credit Hours: 3**

**Common Program Prerequisites (CPP) (19 Credit Hours)**

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in EE major courses, a 2.0 (C or better) in each course is required.

• MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (GEP)
• MAC 2312 - Calculus with Analytic Geometry II **Credit Hours: 4**
• MAC 2313 - Calculus with Analytic Geometry III **Credit Hours: 4**
• PHY 2048C - General Physics Using Calculus I **Credit Hours: 4** (GEP)
• PHY 2049C - General Physics Using Calculus II **Credit Hours: 4**
• MAP 2302 - Ordinary Differential Equations I **Credit Hours: 3**

Select One: **(4 Credit Hours)**

• CHS 1440 - Principles of Chemistry **Credit Hours: 4**
• CHM 2045C - Chemistry Fundamentals I **Credit Hours: 4**

**Core Requirements: Basic Level (2 Credit Hours)**

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the courses required for the major, technical elective courses, and with the senior design courses. Independent study courses generally do not satisfy major requirements.

• EGS 1006C - Introduction to the Engineering Profession **Credit Hours: 1**
• EGN 1007C - Engineering Concepts and Methods **Credit Hours: 1**

**Core Requirements: Advanced Level (49 Credit Hours)**
Courses Required for the Engineering Core (3 Credit Hours)

- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (GEP)
- PHY 3101 - General Physics Using Calculus III Credit Hours: 3

Courses Required for the Major (46 Credit Hours)

- EEL 3926L - Junior Design Credit Hours: 1
- EGN 3211 - Engineering Analysis and Computation Credit Hours: 3 ¹
- EEL 3004C - Linear Circuits I Credit Hours: 3 ¹
- EEL 3123C - Linear Circuits II Credit Hours: 3 ¹
- EEE 3307C - Electronics I Credit Hours: 4
- EEE 3342C - Digital Systems Credit Hours: 3 ¹
- EEL 3801C - Computer Organization Credit Hours: 4 ¹
- EEL 3470 - Electromagnetic Fields Credit Hours: 3
- EEE 4309C - Electronics II Credit Hours: 4
- EEL 4436C - Microwave Engineering Credit Hours: 4
- EEL 4742C - Embedded Systems Credit Hours: 3 ¹
  A "C" (2.0) or better is required in this course.

Junior Level Electives (6 Credit Hours)

- EEE 3350 - Semiconductor Devices Credit Hours: 3
- EEL 3552C - Signal Analysis and Analog Communication Credit Hours: 4
- EEL 3657 - Linear Control Systems Credit Hours: 3

Senior Level Electives (9 Credit Hours)

- EEL 4140C - Analog Filter Design Credit Hours: 4
- EEL 4515C - Fundamentals of Digital Communication Credit Hours: 4
- EEL 4518 - Satellite Communications Credit Hours: 3
- EEL 4750 - Digital Signal Processing Fundamentals Credit Hours: 3
- EEL 5437C - Microwave Engineering Credit Hours: 4
- EEL 5462C - Antenna Analysis and Design Credit Hours: 3
- EEL 5439C - RF and Microwave Communications Credit Hours: 4
- EEE 5557 - Introduction to Radar Systems Credit Hours: 3
- EEL 5432 - Satellite Remote Sensing Credit Hours: 3
- EEE 5356C - Fabrication of Solid-State Devices Credit Hours: 4
- EEE 5513 - Digital Signal Processing Applications Credit Hours: 3
- EEE 5265 - Biomedical Effects and Applications of Electromagnetic Energy Credit Hours: 3
- EEE 5370 - Operational Amplifiers Credit Hours: 3
- EEE 5378 - CMOS Analog and Digital Circuit Design Credit Hours: 3

Restricted Electives

- Technical electives are available in the BSEE program to address specific student interests in a variety of technical areas. Students should consult with their academic advisor for the identification of courses that are approved technical electives and the terms when specific courses of this type are to be offered.

Technical Electives (10 Credit Hours)

- Technical elective courses are to be selected by the student from department approved courses.

Capstone Requirements (6 Credit Hours)

- EEL 4914 - Senior Design I Credit Hours: 3
- EEL 4915L - Senior Design II Credit Hours: 3

Electives

- None
Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- Electrical engineering students must earn at least 32 hours in residence at UCF.
- 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

Required Minors

- None

Departmental Exit Requirements

- CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 128

- Physics Minor

Advising Notes

- Each engineering student should meet with their academic advisor in the department of their major regularly.
- Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- The Electrical Engineering program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated Program section in the back of this catalog for more information.
This Electrical Engineering RF and Microwaves Track program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://www.ece.ucf.edu/EE/overview.php

Transfer Notes

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oead.ucf.edu/alc/academic_learning_compacts.htm

Department of Industrial Engineering and Management Systems

Chair: Waldemar Karwowski
ENG2 312; 407-823-2204; Fax: 407-823-3413

Faculty: Biehl, Boginski, Calabrese, Elshennawy, Garibay, Hoekstra, Karwowski, Keathley, Kotnour, Lee, McCauley, Mollaghasemi, O'Neal, Proctor, Rabelo, Reilly, Sawyer, Vela, Zheng

Industrial Engineers work to continuously improve the design of systems, processes, or products. They design systems that translate a specific product design into a physical reality in the most productive manner and with the highest possible quality. In doing so, the industrial engineer deals with decisions regarding the utilization of people, materials, machines, and automation (including robotics). Industrial engineers are also skilled in Engineering Economic Analysis and Information Management since they are generally considered to be the natural interface between the technical specialist and management.

Industrial Engineers are generally sought in industry, service, and government organizations. In the industrial sector, the industrial engineer is concerned with improving productivity and quality of the manufacturing, distribution, and management system of organizations. In the service
sector, the industrial engineer is concerned with determining the most productive manner in which to deliver high-quality service to the customer. In government organizations the industrial engineer is active in assuring that taxpayers receive maximum service for their tax dollars.

The Industrial Engineering approach is characterized by a systematic evaluation of alternatives using quantitative analysis, and computer simulations. As such, quantification and measurement play a key role in the day to day activities of the industrial engineer.

Students learn advanced engineering methods in Operations Research (ESI 4312 and ESI 4313), Systems Simulation (ESI 4523), Quality Engineering (ESI 4234), and Systems Engineering (EIN 4517). Engineering design experiences are incorporated into many of the required industrial engineering core courses. For instance, students learn how to apply the principles of engineering design to production and distribution systems in EIN 4333, and to processes and facilities in EIN 4360. The design experience concludes with a re-al-world system design in the capstone course EIN 4891C.

Mission

To produce industrial engineering leaders who design and improve operations in industry, business, and government for the global economy of the 21st century. Specifically, we seek:

1. To provide graduates with the necessary knowledge and skills to assume challenging careers in leading private and public organizations, pursue advanced studies, or start-up their own businesses.
2. To provide employers with graduates who are technically competent, have fundamental knowledge of management and interpersonal skills, and ability to professionally grow and develop their careers.
3. To provide society with graduates who conduct themselves professionally and ethically and who appreciate the impact and importance of their work on society.

Program Educational Objectives

Within the first several years following graduation, Graduates should:

1. Be successfully employed in challenging or satisfying positions in the public or private sector.
2. Achieve professional growth through participation in advanced studies at the graduate level and/or career development activities.
3. Show a commitment to industrial engineering as a global service profession and practice with integrity, honesty, and objectivity.

Student Outcomes

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. an ability to communicate effectively with a range of audiences.
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. an ability to use the techniques, skills, and modern engineering tools necessary for engineering practices.

Major

Industrial Engineering
(B.S.I.E.)

College of Engineering and Computer Science
Department of Industrial Engineering and Management
Admission Requirements

- Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHM 2045C or CHS 1440.

- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

Degree Requirements

- Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

- Students in the Industrial Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Industrial Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Industrial Engineering major will be subject to all probation conditions that applied at the time of exclusion.

General Education Program (GEP) (38 Credit Hours)

- The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

- Select two courses from Historical Foundations Credit Hours: 6
- Select one class from Cultural Foundations Credit Hours: 3
Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (Preferred)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Preferred)
- Select one class from Social Foundations, Area 2 Credit Hours: 3

Science Foundations (7 Credit Hours)

- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)
- Select one class from Science Foundations Credit Hours: 3

Common Program Prerequisites (CPP) (19 Credit Hours)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida postsecondary schools and may be transferred directly to UCF programs. A 2.0 cumulative GPA or better is required for those courses in this section.

Select One: (4 Credit Hours)

- CHS 1440 - Principles of Chemistry Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4

Core Requirements: Basic Level (2 Credit Hours)

Engineering Core: Basic

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing the core courses required for the major, together with the restricted electives and senior design courses listed below.

- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1

Core Requirements: Advanced Level (60 Credit Hours)

Courses Required for the Major (60 Credit Hours)

The Industrial Engineering and Management Systems department requires all students within the major to achieve a "C" (2.0) GPA or better in all courses in this section with a prefix of EIN, EGS, ESI, STA and MAS.

- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Courses with significant programming content in C, C++ or Java may be used to satisfy this requirement but must be approved by the IEMS undergraduate coordinator.

- EIN 2002 - Introduction to Industrial Engineering and Management Systems Credit Hours: 1
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (GEP)
- EIN 3351 - Engineering Economic Analysis and Cost Engineering Credit Hours: 3
- ESI 4628 - Decision Support Systems for Industrial Engineers Credit Hours: 3
- EIN 4243 - Human Engineering Credit Hours: 3
- EIN 4333 - Production and Distribution Systems Credit Hours: 3
- EIN 4360 - Facilities Planning and Work Design Credit Hours: 4
- EIN 4391 - Manufacturing Engineering Credit Hours: 3
- ESI 4221 - Empirical Methods for Industrial Engineering Credit Hours: 3
- ESI 4234 - Quality Engineering Credit Hours: 3
- ESI 4312 - Deterministic Methods for Operations Research Credit Hours: 3
- ESI 4313 - Stochastic Methods for Operations Research Credit Hours: 3
- ESI 4523 - Systems Simulation Credit Hours: 3
- EIN 4517 - Systems Engineering Credit Hours: 3
- EGS 4624 - Engineering Innovation and Leadership Credit Hours: 3
- EGN 3310 - Engineering Analysis-Statics Credit Hours: 3
- COP 3223C - Introduction to Programming with C Credit Hours: 3
- EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
- EGN 3373 - Principles of Electrical Engineering Credit Hours: 3
- EGN 3343 - Thermodynamics Credit Hours: 3
- MAS 3105 - Matrix and Linear Algebra Credit Hours: 4

Jacob Lawhon, jacob.lawhon@ucf.edu, 407-823-5021
Dr. Luis Rabelo, Luis.Rabelo@ucf.edu
Phone: 407-823-2204

Admission Requirements

- See Common Program Prerequisites
- Qualified students may apply after completion of a minimum of 60 credit hours
- Admission to the Accelerated Program does not guarantee formal admission to the MSIE program.
- Admission is not automatic. Interested students may need to be interviewed

Degree Requirements

- None

General Education Program (GEP) (38 Credit Hours)

See Industrial Engineering (B.S.I.E.) in the Catalog for track specific GEP requirements.

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (7 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (7 Credit Hours)

Common Program Prerequisites (CPP) (19 Credit Hours)

- See Industrial Engineering (B.S.I.E.) in the Catalog for the CPP requirements.
- See "Common Prerequisites" in the Transfer and Transitions section for more information.

Core Requirements: Basic Level (2 Credit Hours)

Industrial Engineering Core: Basic (2 Credit Hours)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing the core courses required for the major, together with the restricted electives and senior design courses listed below.

- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1

Core Requirements: Advanced Level (60 Credit Hours)

Graduate courses used to complete the Accelerated BS to MS will be chosen in consultation with the graduate advisor. The courses listed in this example are relevant to the Engineering Management MS. A "C" (2.0) or better is required in all courses listed in this section with a prefix of EIN, ESI, STA and MAS. A "B" (3.0) or better is required
for 5000/6000 level courses to be transferred for graduate credit.

1 Courses with significant programming content in C, C++ or Java may be used to satisfy this requirement but must be approved by the IEEMS undergraduate coordinator.

- EIN 2002 - Introduction to Industrial Engineering and Management Systems Credit Hours: 1
- COP 3223C - Introduction to Programming with C Credit Hours: 3
- EGN 3310 - Engineering Analysis-Statics Credit Hours: 3
- EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
- EGN 3373 - Principles of Electrical Engineering Credit Hours: 3
- EGS 4624 - Engineering Innovation and Leadership Credit Hours: 3
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (GEP)
- MAS 3105 - Matrix and Linear Algebra Credit Hours: 4
- EIN 3351 - Engineering Economic Analysis and Cost Engineering Credit Hours: 3
- ESI 4221 - Empirical Methods for Industrial Engineering Credit Hours: 3
- ESI 4234 - Quality Engineering Credit Hours: 3
- EIN 4243 - Human Engineering Credit Hours: 3
- EIN 4333 - Production and Distribution Systems Credit Hours: 3
- EIN 4360 - Facilities Planning and Work Design Credit Hours: 4
- EIN 4391 - Manufacturing Engineering Credit Hours: 3
- EIN 4517 - Systems Engineering Credit Hours: 3
- ESI 4628 - Decision Support Systems for Industrial Engineers Credit Hours: 3
- ESI 4312 - Deterministic Methods for Operations Research Credit Hours: 3
- ESI 4313 - Stochastic Methods for Operations Research Credit Hours: 3
- ESI 4523 - Systems Simulation Credit Hours: 3
- EGN 3343 - Thermodynamics Credit Hours: 3

Restricted Electives (5 Credit Hours)

- Three (3) hours of technical electives must be either EIN 5140 Project Engineering or ESI 5219 Engineering Statistics which are required core requirements in the MSIE program. Another three (3) hours of technical elective may be taken at the 5000 level as a substitute for any of the 3 courses specified in the core requirements for the BSIE. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

Advising Notes
- After entry to the Accelerated Program students will be advised regarding areas of study they plan to explore. During this time advising staff within the IEMS department will aid in selecting approved graduate level courses that are acceptable alternatives to replace required courses.
- The following will be waived for this joint degree program:
  - The limit of nine hours to be shared between undergraduate and graduate programs.
  - Undergraduate students taking graduate courses must be within nine hours of graduation
  - Undergraduate students taking graduate courses must not register for more than a total of twelve hours in that semester
  - Undergraduate students are not eligible to take 6000-level courses
  - This Industrial Engineering program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://www.iems.ucf.edu/undergraduate/prospective

Transfer Notes
- None

Acceptable Substitutes for Transfer Courses
- None

Shared Courses
- Up to 12 credit hours of approved 5000 and 6000 level courses of grades B (3.0) or better may be counted towards the BS and Masters degrees. These 12 credit hours will meet either technical elective or course requirements for the major. The 5000 level courses listed in the plan above are examples. Contact the Graduate Coordinator in the Industrial Engineering and Management Systems department for a list of acceptable courses.

Department of Materials Science and Engineering

Chair: Sudipta Seal
ENG 1, Rm. 207; 407-882-1455; Fax: 407-882-1462

Faculty: An, Banerjee, Brisbois, Coffey, Crawford, Davis, Dong, Fang, Fenton, Florczyk, Jiang, Jung, Kushima, Leon, Mukhopadyay, Rajaraman, Roy, Seal, Sohn, Thomas, Vaidyanathan, Yang

Materials Science and Engineering is the study of the structure-processing-properties relationships of engineering materials. Materials Science and Engineering is a research-intensive, engineering discipline with strong interactions with other STEM disciplines, including physics and chemistry, as well as other engineering fields. Materials Science and Engineering provides a broadly-based foundation in designing, processing and manufacturing, properties and performance of soft and hard materials in different length scales for applications in all aspects of science and engineering. Modern Materials Science and Engineering encompasses a broad range of materials, from traditional metallurgy to biological materials, polymers, ceramics, semiconductors, composites, and optical and magnetic materials, as well as numerous nanotechnology materials.

The department strives to meet the requirements for professional careers and research in materials science and engineering with foundational course work and emphasis on hands-on laboratories and independent research experience. MSE seeks to convey an understanding of the fundamental principles of science and engineering, to stimulate curiosity and creativity, to provide hands-on experience in laboratories, and to prepare students to "materialize" the design process to solve modern and relevant socio-economic challenges.

The Bachelor of Science in Materials Science and Engineering is designed to prepare students for immediate employment in industry as materials engineers as well as to prepare them for graduate education in MSE and related disciplines. Graduates who pursue employment opportunities are likely to apply their technical knowledge in the manufacturing industry, both in management and in research and development. In addition, the Department of Materials Science and Engineering offers an interdisciplinary graduate program with core courses leading to the Master of Science (see online Graduate Catalog) and Doctor of Philosophy (see online Graduate Catalog) degrees in Materials Science and Engineering.

Details of facilities available for teaching and research may be found by following links from the MSE home page at http://www.mse.ucf.edu/.

Mission: Department of Materials Science and Engineering

The mission of the Department is to serve the industrial and academic needs of the University, the State of Florida, the nation and the international community by providing materials scientists and/or engineers with

- Ability to use fundamental and applied knowledge and the skills of the discipline to perform effectively in a broad range of industrial, governmental and academic positions.
- Clear awareness of ethics, quality, environments, economy, and safety.
- Focus as life-long learners, pursuing their personal and professional development to rise to positions of prominence in the technical society of tomorrow.

The department further will serve as the focal point and catalyst for the development of high quality, coordinated and visionary research and educational programs for the materials-oriented students and faculty throughout UCF.

Major

Materials Science and Engineering (B.S.M.S.E.)

College of Engineering and Computer Science
Department of Materials Science & Engineering
ENG 1, Rm. 207
The proposed degree program is a Bachelor of Science in Materials Science and Engineering (BSMSE). Materials science and engineering (MSE) is a research-intensive, engineering discipline with strong interactions with other STEM disciplines (interdisciplinary), including physics and chemistry, as well as other engineering fields. The proposed BSMSE is an undergraduate specialization, and hence, may have a small enrollment, graduating approximately 15 students per year during the first five years, and 30 to 60 students per year thereafter. A single degree track is proposed, consisting of 128 total hours. The overall purpose of the program is two-fold, to prepare students for immediate employment in industry as materials engineers as well as to prepare them for graduate education in MSE and related disciplines.

Admission Requirements

- Students who wish to declare their major in Materials Science and Engineering must be in good academic standing and have a grade of C or better (2.0) in each of the following courses or their equivalents: MAC 2311, MAC 2312, CHM 2045C, and PHY 2048C.

Degree Requirements

- The Materials Science and Engineering Department requires all students in the Materials Science and Engineering Major to earn a "C" (2.0) or Better in the following sections: Section 2: Common Program Pre-requisites (CPP), Section 3: Core Requirements Basic Level, Section 4: Core Requirements - Advanced Level, Section 5: Restricted / Approved Technical Electives, and Section 6: Capstone Requirement.

- Students in the Materials Science and Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Materials Science and Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Civil Engineering major will be subject to all probation conditions that applied at the time of exclusion.

1. UCF General Education Program (38 hrs)

- The UCF General Education Program (GEP) is described in the General Education Program section, located elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours.

Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

A: Communication Foundations (9 hrs)

- Required ENC 1101 Composition I 3 hrs
- Required ENC 1102 Composition II 3 hrs

Select 1:

- SPC 1603C Fundamentals of Technical Presentations 3 hrs

B: Cultural & Historical Foundations (9 hrs)

- SPC 1608 Fundamentals of Oral Communication 3 hrs
Select one course from Historical Foundations                  3 hrs
Select one course from Cultural Foundations                   3 hrs
Select one course from Cultural OR Historical Found.    3 hrs

C: Mathematical Foundations (7 hrs)

Required:
MAC 2311C Calculus with Analytic Geometry I           4 hrs
STA 3032 Probability and Statistics for Engineers       3 hrs

D: Social Foundations (6 hrs)
ECO 2013 Principles of Macroeconomics or                3 hrs
ECO 2023 Principles of Microeconomics                   3 hrs
And Select 1 class from Social Foundations              3 hrs

E: Science Foundations (7 hrs)
CHM 2045C Chemistry Fundamentals I (Required)           4 hrs
Select 1 class from Science Foundation 2                3 hrs

2. Common Program Prerequisites (CPP) (23 hrs)

- These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida postsecondary schools and may be transferred directly to UCF programs. All students must earn a grade of "C" (2.0) or better in Common Program Prerequisites.
- CHM 2045C Chemistry Fundamentals I (GEP) 4 hrs
- CHM 2046 Chemistry Fundamentals II 3 hrs
- CHM 2046L Chemistry Fundamentals II Laboratory 1 hrs
- MAC 2311C Calculus with Analytic Geom. I (GEP) 4 hrs
- MAC 2312 Calculus with Analytic Geometry II 4 hrs
- MAC 2313 Calculus with Analytic Geometry III 4 hrs
- MAP 2302 Ordinary Differential Equations I 3 hrs
- PHY 2048C General Physics Using Calculus I 4 hrs
- PHY 2049C General Physics Using Calculus II 4 hrs

Core Requirements: Basic Level (8 Hrs)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with the core requirements, restricted electives, and senior design courses listed below.

All students must earn a grade of "C" (2.0) or better in Core Requirements: Basic Level.

Required Courses:

- CHM 2210 - Organic Chemistry I Credit Hours: 3
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1
- EGN 3211 - Engineering Analysis and Computation Credit Hours: 3
- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (GEP)

Core Requirements: Advanced Level (47 Hrs)

All students must earn a grade of "C" (2.0) or better in Core Requirements: Advanced Level.

Engineering Requirements (6 Hrs)

- EGN 3365 - Structure and Properties of Materials Credit Hours: 3
- EGN 3373 - Principles of Electrical Engineering Credit Hours: 3
Materials Science and Engineering
Requirements (41 Hrs)

- EMA 3000 - Engineering Polymeric Materials  
  Credit Hours: 3
- EMA 3012C - Experimental Techniques in Materials I  
  Credit Hours: 3
- EMA 3124 - Design and Selection of Materials  
  Credit Hours: 3
- EMA 4513 - Structures of Materials  
  Credit Hours: 3
- EMA 3102 - Thermodynamics of Materials  
  Credit Hours: 3
- EMA 4125 - Phase Transformations and Microstructural Development in Materials  
  Credit Hours: 3
- EMA 4307 - Kinetics of Materials  
  Credit Hours: 3
- EMA 4223 - Fundamentals of Mechanical Behavior of Materials  
  Credit Hours: 3
- EMA 4413 - Fundamentals of Electronic Materials  
  Credit Hours: 3
- EMA 4013C - Experimental Techniques in Materials II  
  Credit Hours: 3
- EMA 4009 - Materials in Society  
  Credit Hours: 2
- EMA 4115 - Transport Phenomena in Materials  
  Credit Hours: 3
- EMA 4602C - Materials Processing Lab  
  Credit Hours: 3

Select 1 (Credit Hours:3)

- CHM 2211 - Organic Chemistry II  
  Credit Hours: 3
- PHY 3101 - General Physics Using Calculus III  
  Credit Hours: 3
- EGN 3310 - Engineering Analysis-Statics  
  Credit Hours: 3

Restricted Electives (6 Hrs)

- All students must earn a grade of "C" (2.0) or Better in Restricted Electives.
- Technical electives are available in the BSMSE program to address specific student interests in a variety of technical areas. Students should consult with their Department for a list of approved restricted technical electives and the terms when specific courses of this type are offered.

Capstone Requirements (6 Hrs)

- All students must earn a grade of "C" (2.0) or Better in Capstone Requirements.
- These courses are a capstone experience to your engineering program and should be completed in your last 2 major semesters of study.
- CECS encourages all engineering students to take the Fundamentals Exam during their senior year.
- EMA 4915 - Materials Senior Design I  
  Credit Hours: 3
- EMA 4916 - Materials Senior Design II  
  Credit Hours: 3

Foreign Language Requirements

Career and Academic Advising
- The department requires all students in the program meet with a faculty member for advising on career and academic issues.
- Students are assumed to have prior knowledge of a higher-level programming language.
- This Materials Science and Engineering program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://mse.ucf.edu/undergraduate-program/

Transfer Notes
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The two credit hours for these courses will be substituted by an approved Materials Science and Engineering technical elective for transfer students.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

Acceptable Substitutes for Transfer Courses
None

Program Academic Learning Compacts
Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeus.ucf.edu/alc/academic_learning_compacts.htm

- Full-Time Student: $90 per term

Plan of Study (128 Hours)
The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their departmental academic advisor to develop and maintain an appropriate plan of study.

Freshman Year - Fall (12 Credit Hours)
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
ENC 1101 - Composition I Credit Hours: 3
EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1

Freshman Year - Spring (16 hours)

- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- ENC 1102 - Composition II Credit Hours: 3
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1

Freshman Year - Summer (10 hours)

- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3
- ECO 2013 - Principles of Macroeconomics Credit Hours: 3

Sophomore Year - Fall (13 hours)

- CHM 2210 - Organic Chemistry I Credit Hours: 3
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
- EGN 3365 - Structure and Properties of Materials Credit Hours: 3
- EGN 3211 - Engineering Analysis and Computation Credit Hours: 3

Sophomore Year - Spring (15 hours)

- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- EMA 3012C - Experimental Techniques in Materials I Credit Hours: 3
- EMA 3102 - Thermodynamics of Materials Credit Hours: 3
- EMA 3124 - Design and Selection of Materials Credit Hours: 3
- EGN 3373 - Principles of Electrical Engineering Credit Hours: 3

Sophomore Year - Summer (9 hours)

- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3
- Social Foundation Credit Hours: 3
- Cultural/Historical Foundation Credit Hours: 3

Junior Year - Fall (12 hours)

- EMA 3000 - Engineering Polymeric Materials Credit Hours: 3
- EMA 4223 - Fundamentals of Mechanical Behavior of Materials Credit Hours: 3
- EMA 4307 - Kinetics of Materials Credit Hours: 3
- EMA 4513 - Structures of Materials Credit Hours: 3

Junior Year - Spring (12 hours)

- EMA 4115 - Transport Phenomena in Materials Credit Hours: 3
- EMA 4125 - Phase Transformations and Microstructural Development in Materials Credit Hours: 3
- EMA 4013C - Experimental Techniques in Materials II Credit Hours: 3
- Technical Elective Credit Hours: 3

Select 1 of 3 Option

Select one course Credit Hours: 3

- CHM 2211 - Organic Chemistry II Credit Hours: 3
- PHY 3101 - General Physics Using Calculus III Credit Hours: 3
- EGN 3310 - Engineering Analysis-Statics Credit Hours: 3

Senior Year - Fall (15 hours)

- EMA 4915 - Materials Senior Design I Credit Hours: 3
The field of "materials" encompasses concepts in many diverse fields ranging from chemistry, physics, and optics to mechanical, electrical, and chemical engineering. Rapid advances in technology have dramatically increased the importance of materials science and engineering to society. Materials Science and Engineering (MSE) is the study of the structure/processing/properties relationships of engineering materials. Modern MSE encompasses a broad range of materials, from traditional metallurgy to biological materials, polymers, ceramics, semiconductors, composites, and optical and magnetic materials, as well as numerous nanotechnology materials. The study of materials science allows students considerable freedom to the depth of their understanding of such materials while being simultaneously engaged in real world research. Participants in this minor will be able to improve their understanding, awareness and job skills in material selection and application to have additional opportunities and advantages to pursue a career in Engineering. Students taking graduate level EMA courses as Restricted Electives can use them for the Accelerated BS-to-MS program in Materials Science and Engineering.
Select one of the following courses: (3 Credit Hours)

On applications of materials

- EMA 3000 - Engineering Polymeric Materials Credit Hours: 3
- EMA 3014 - Nanomaterials Characterization and Applications Credit Hours: 3
- EEE 3350 - Semiconductor Devices Credit Hours: 3
- EEE 4463 - MEMS Devices and Applications Credit Hours: 3
- EMA 4506 - Emerging Materials Credit Hours: 3
- PCB 4521 - Tissue Engineering Credit Hours: 3
- EMA 5060 - Polymer Science and Engineering Credit Hours: 3
- EMA 5140 - Introduction to Ceramic Materials Credit Hours: 3
- EMA 5584 - Biomaterials Credit Hours: 3
- EMA 5585 - Materials Science of Thin Films Credit Hours: 3
- EMA 5705 - High Temperature Materials Credit Hours: 3

Select one of the following courses: (3 Credit Hours)

On materials processing, testing and characterization

- EMA 3012C - Experimental Techniques in Materials I Credit Hours: 3
- EMA 3691 - Nanomaterials Process Engineering Credit Hours: 3
- PCB 4174 - Foundation of Bio-Imaging Science Credit Hours: 3
- EMA 4503 - Materials Characterization Techniques Credit Hours: 3
- PHY 4803L - Advanced Physics Laboratory Credit Hours: 3

Other Requirements

- A minimum grade of "C" (2.0) or better in each course required for the minor.
- A Bachelors degree must be completed at the time minor is awarded.
- At least 12 hours of courses with EGN and/or EMA prefixes must be used toward the minor requirements.
- Internship or Independent Study credit cannot be used toward the minor.

Department of Mechanical and Aerospace Engineering

Chair: Yoav Peles
ENG1 307; 407-823-2416; Fax: 407-823-0208

The Department of Mechanical and Aerospace Engineering offers baccalaureate degrees in Aerospace Engineering (BSAE) and Mechanical Engineering (BSME).

The Aerospace Engineering program is designed to provide a broad-based foundation in aeronautics and astronautics, including topics such as aerospace materials and structures, aerodynamics, flight mechanics, control, and propulsion.

The Mechanical Engineering program is designed to provide a broad-based foundation in mechanical systems and thermo-fluids, including topics such as structures and properties of materials, thermodynamics, solid mechanics, vibrations and control, CAD/CAE, fluid mechanics, and heat transfer.

Both programs seek to convey an understanding of the fundamental principles of science and engineering, to stimulate curiosity and creativity, to provide hands-on experiences in laboratories, and to prepare students for successful careers. The design experience begins in the freshman engineering courses and grows throughout the curricula with increased emphasis on student creativity, open-ended problems, materials selection, design methodology, feasibility considerations, alternative solutions, and design optimization which culminates in the
senior capstone design courses. The engineering analysis and the communication of ideas via written reports and oral presentations in a team environment are part of the design experiences throughout the programs.

Mission: Aerospace Engineering

In support of the University and College, the mission of the Aerospace Engineering program is to provide the highest quality engineering education through cooperative efforts with regional aerospace industry and to propagate methods for design, analysis, and implementation of the principles and practices particular to the aerospace engineering field. Our graduates will be educated to be competitive in their role as aerospace engineers in society and will have an awareness of ethical, environmental, economic, safety, and quality issues. They will be supplied with skills necessary to achieve life-long learning and to pursue their personal and professional development upon completing the program. Through these characteristics our graduates will be able to rise to positions of prominence in the technical society of tomorrow.

Program Educational Objectives

1. Graduates will meet the expectations of employers of aerospace engineers.
2. Graduates will undertake leadership roles in their communities and/or professions.
3. Qualified graduates will pursue advanced study, if they so desire.

Student Outcomes

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. An ability to use technique, skills, and modern engineering tools necessary for engineering practice.

7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. An ability to use technique, skills, and modern engineering tools necessary for engineering practice.

Department Policy for Double Degree in Mechanical and Aerospace Engineering

The faculty of the Mechanical and Aerospace Engineering Department believe that a double degree from the department should reflect a significant achievement and a significant increase in knowledge and formal coursework above the requirements for a single degree. Any undergraduate in Mechanical and Aerospace Engineering desiring to obtain a double degree shall meet the following requirements.

- The student shall meet all major requirements for each degree.
- Additional 22 credit hours beyond the major courses for the double degree should be upper level engineering related course work approved by the department.
- The same catalog year must be used for both degrees.
- The student must have a minimum of 150 credit hours.

Additional notes:
- The extra hours represent at least one additional semester of full time enrollment.
- All majors completed will be indicated on the student's transcript.

Aerospace Engineering Major Pursuing Mechanical Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours which will include the 22 additional hours to earn a Bachelor of Science Mechanical Engineering degree in addition to the Bachelor of Science Mechanical Engineering degree. The additional courses are: EML 3500 - Design and Analysis of Machine Components. Must select 2 courses from the following 5 options: EML 3101 - Thermodynamics of Mechanical Systems (3hrs) or EML 4504 - Design & Analysis of Machine Components II (3hrs), or EML 4313 - Intermediate System Dynamics and Controls (3hrs), or EML 4143 - Heat Transfer II (3hrs), or EML 4703 - Fluid Mechanics II (3hrs). Must select 1 course from the following 2 options: EML 4306C - Energy Systems Laboratory (3hrs), or EML 4301C - Mechanical Systems Laboratory (3hrs) and complete 10 credit hours of Approved Departmental Technical Electives.

Mechanical Engineering Major Pursuing Aerospace Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours which will include the 22 additional hours to earn a Bachelor of Science Aerospace Engineering degree in addition to the Bachelor of Science Mechanical Engineering degree. The additional courses are: EAS 3101 - Fundamentals of Aerodynamics (3hrs), EAS 3810C - Design of Aerospace Experiments (3hrs), EAS 4200 - Analysis & Design of Aerospace Structures (3hrs), EAS 4105 - Flight Mechanics (3hrs), EAS 4134 - High-Speed Aerodynamics (3hrs), EAS 4300 - Aerothermodynamics of Propulsion Systems (3hrs) and 4 credit hours of Approved Departmental Technical Electives.

Major

Aerospace Engineering (B.S.A.E.)

College of Engineering and Computer Science
Department of Mechanical and Aerospace Engineering,
Engineering 1, Room: 381
http://www.mae.ucf.edu
Email: MAEadvising@ucf.edu

Dr. Hyoung Jin "Joe" Cho, hjcho@ucf.edu, 407-823-5448
Lynn Grabenhorst, Lynn.Grabenhorst@ucf.edu, 407-823-5448
Phone: 407-823-5448

Admission Requirements

- Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHM 2045C or CHS 1440.
- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.
**Degree Requirements**

- The Mechanical and Aerospace Engineering Department requires all students in the Aerospace Engineering Major to earn a "C" (2.0) or Better in the following sections: Section 2: Common Program Pre-requisites (CPP), Section 3: Core Requirements Basic Level, Section 4: Core Requirements - Advanced Level, Section 5: Restricted / Approved Technical Electives, and Section 6: Capstone Requirement.
- Students in the Aerospace Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Aerospace Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Aerospace Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.
- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Aerospace Engineering major will be subject to all probation conditions that applied at the time of exclusion.

**General Education Program (GEP)**

(38 Credit Hours)

- The UCF General Education Program (GEP) is described in the General Education Program section, located elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in Communication Foundations through Science Foundations, below to minimize excess hours. Students transferring to UCF from the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

**Communication Foundations (9 Credit Hours)**

- ENC 1101 - Composition I **Credit Hours: 3** (Required)
- ENC 1102 - Composition II **Credit Hours: 3** (Required)
- Select One: (3 Credit Hours)
  - SPC 1603C - Fundamentals of Technical Presentations **Credit Hours: 3** (Preferred)
  - SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3** (Suggested)

**Cultural & Historical Foundations (9 Credit Hours)**

- Select two classes from Historical Foundations **Credit Hours: 6**
- Select one class from Cultural Foundations **Credit Hours: 3**

**Mathematical Foundations (7 Credit Hours)**

- MAC 2311C - Calculus with Analytic Geometry **Credit Hours: 4** (Required)
- STA 3032 - Probability and Statistics for Engineers **Credit Hours: 3** (Required)

**Social Foundations (6 Credit Hours)**

- Select One: (3 Credit Hours)
ECO 2013 - Principles of Macroeconomics  
**Credit Hours:** 3 (Preferred)

or

ECO 2023 - Principles of Microeconomics  
**Credit Hours:** 3 (Preferred)

- Select one class from Social Foundations  
**Credit Hours:** 3

Science Foundations (7 Credit Hours)

- PHY 2048C - General Physics Using Calculus I  
**Credit Hours:** 4 (Suggested)

- Select one class from Science Foundations  
**Credit Hours:** 3

Common Program Prerequisites (CPP) (19 hrs)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All students must earn a grade of "C" (2.0) or better in Common Program Pre-Requisites.

See “Common Prerequisites” in the Transfer and Transitions Services section for more information.

- MAC 2311C - Calculus with Analytic Geometry I  
**Credit Hours:** 4 (GEP)

- MAC 2312 - Calculus with Analytic Geometry II  
**Credit Hours:** 4

- MAC 2313 - Calculus with Analytic Geometry III  
**Credit Hours:** 4

- MAP 2302 - Ordinary Differential Equations I  
**Credit Hours:** 3

- PHY 2048C - General Physics Using Calculus I  
**Credit Hours:** 4 (GEP)

- PHY 2049C - General Physics Using Calculus II  
**Credit Hours:** 4

Core Requirements: Basic Level (2 Credit Hours)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the core requirements listed in section 4, the technical elective courses listed in section 5 below and with the senior design courses listed in section 6 below. Independent study courses generally do not satisfy major requirements.

- All students must earn a grade of "C" (2.0) or Better in Core Requirements: Basic Level.

- EGS 1006C - Introduction to the Engineering Profession  
**Credit Hours:** 1

- EGN 1007C - Engineering Concepts and Methods  
**Credit Hours:** 1

Core Requirements: Advanced Level (54 Credit Hours)

All students must earn a grade of "C" (2.0) or Better in Core Requirements: Advanced Level.

- EGN 3310 - Engineering Analysis-Statics  
**Credit Hours:** 3

- COP 3223C - Introduction to Programming with C  
**Credit Hours:** 3

- EGN 3343 - Thermodynamics  
**Credit Hours:** 3

- EMA 3706 - Structure and Properties of Aerospace Materials  
**Credit Hours:** 3

- EGN 3373 - Principles of Electrical Engineering  
**Credit Hours:** 3

- STA 3032 - Probability and Statistics for Engineers  
**Credit Hours:** 3 (GEP)
- EAS 3101 - Fundamentals of Aerodynamics  
  Credit Hours: 3
- EAS 3800C - Aerospace Engineering  
  Measurements  
  Credit Hours: 3
- EAS 3810C - Design of Aerospace Experiments  
  Credit Hours: 3
- EAS 4105 - Flight Mechanics  
  Credit Hours: 3
- EAS 4134 - High-Speed Aerodynamics  
  Credit Hours: 3
- EAS 4300 - Aerothermodynamics of Propulsion Systems  
  Credit Hours: 3
- EML 3034C - Modeling Methods in Mechanical and Aerospace Engineering  
  Credit Hours: 3
- EML 3701 - Fluid Mechanics I  
  Credit Hours: 3
- EML 4142 - Heat Transfer  
  Credit Hours: 3
- EML 4225 - Introduction to Vibrations and Controls  
  Credit Hours: 3
- EML 4700C - Aerospace Design I  
  Credit Hours: 3
- EML 4710C - Aerospace Design II  
  Credit Hours: 3
- EAS 4710C - Aerospace Design II  
  Credit Hours: 3

Electives

- None

Restricted Electives (9 Credit Hours)

- All students must earn a grade of "C" (2.0) or Better in Restricted Electives.
- Technical electives are available in the BSAE program to address specific student interests in a variety of technical areas. Students must consult with their assigned academic advisor for a list of the approved technical electives and the semesters when specific courses of this type are to be offered.

Capstone Requirements (6 Credit Hours)

- All students must earn a grade of "C" (2.0) or Better in Capstone Requirements.
- These courses are a capstone experience to your engineering program and should be completed in your last 2 major semesters of study.
- CECS encourages all engineering students to take the Fundamentals Exam during their senior year.
- EAS 4700C - Aerospace Design I  
  Credit Hours: 3
- EAS 4710C - Aerospace Design II  
  Credit Hours: 3

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- A minimum of a 2.25 GPA in major courses is required for graduation.
- A grade of "C" (2.0) or better is required in all major courses.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 128

Additional Information

Honors In Major

- None

Related Programs

- Mechanical Engineering (B.S.M.E.)

Certificates

- Engineering Leadership Certificate

Related Minors

- Intelligent Robotic Systems (IRS), Interdisciplinary Minor
- Engineering Leadership Minor

Advising Notes

- Double Degree/Double Major requirements listed under college section of the catalog.

Career and Academic Advising

- The department requires all students in the program to meet with a faculty member for advising on career and academic issues. These courses must be taken in sequence during the 3rd and 4th year.
  - EAS 3933 - Aerospace Career and Academic Faculty Advising I Credit Hours: 0
  - EAS 4931 - Aerospace Career and Academic Faculty Advising II Credit Hours: 0

- This Aerospace Engineering program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://mae.ucf.edu/bachelor-of-science-in-aerospace-engineering/

Transfer Notes

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshman students only. The two credit hours for these courses will be substituted by an approved Aerospace Engineering Elective for transfer students.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oead.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $45 per term
- Full-Time Student: $90 per term

Plan of Study (128 Credit Hours)

- The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

Freshman Year - Fall (12 Credit Hours)
Freshman Year - Spring (15 Credit Hours)

- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1
- ENC 1102 - Composition II Credit Hours: 3
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4

Select One: (3 Credit Hours)

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3

Junior Year - Fall (15 Credit Hours)

- EML 3034C - Modeling Methods in Mechanical and Aerospace Engineering Credit Hours: 3
- EAS 3800C - Aerospace Engineering Measurements Credit Hours: 3
- EAS 3933 - Aerospace Career and Academic Faculty Advising I Credit Hours: 0
- EML 3701 - Fluid Mechanics I Credit Hours: 3
- GEP Credit Hours: 3
- EAS 4200 - Analysis & Design of Aerospace Structures Credit Hours: 3

Junior Year - Spring (15 Credit Hours)

- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
- EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
- EMA 3706 - Structure and Properties of Aerospace Materials Credit Hours: 3

Sophomore Year - Spring (12 Credit Hours)

- EGN 3343 - Thermodynamics Credit Hours: 3
- EGN 3373 - Principles of Electrical Engineering Credit Hours: 3
- EGM 3601 - Solid Mechanics Credit Hours: 3
- GEP Credit Hours: 3

Sophomore Year - Summer (9 Credit Hours)

- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3
- GEP Credit Hours: 3

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics Credit Hours: 3
- ECO 2023 - Principles of Microeconomics Credit Hours: 3

Freshman Year - Summer (10 Credit Hours)

- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- EGN 3310 - Engineering Analysis-Statics Credit Hours: 3
- COP 3223C - Introduction to Programming with C Credit Hours: 3

Sophomore Year - Fall (13 Credit Hours)

- EML 3701 - Fluid Mechanics I Credit Hours: 3
• EAS 3101 - Fundamentals of Aerodynamics  
  Credit Hours: 3  
• EAS 3810C - Design of Aerospace Experiments  
  Credit Hours: 3  
• EML 4225 - Introduction to Vibrations and Controls  
  Credit Hours: 3  
• EML 4142 - Heat Transfer  
  Credit Hours: 3  
• GEP  
  Credit Hours: 3  

Senior Year - Fall (15 Credit Hours)  
• EAS 4105 - Flight Mechanics  
  Credit Hours: 3  
• EAS 4134 - High-Speed Aerodynamics  
  Credit Hours: 3  
• EAS 4931 - Aerospace Career and Academic Faculty Advising II  
  Credit Hours: 0  
• EAS 4700C - Aerospace Design I  
  Credit Hours: 3
