Mechanical Engineering (B.S.M.E.)  

College of Engineering and Computer Science  
Department of Mechanical and Aerospace Engineering,  
Engineering I, Room: 381  
http://www.mae.ucf.edu  
Email: MAEadvising@ucf.edu  

Dr. Hyoung Jin "Joe" Cho, hjcho@ucf.edu, 407-823-5448  
Lynn Grabenhorst, Lynn.Grabenhorst@ucf.edu, 407-823-5448  
Phone: 407-823-5448  

Admission Requirements  

• Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHM 2045C or CHS 1440.  
• Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.  

Degree Requirements  

• The Mechanical and Aerospace Engineering Department requires all students in the Mechanical Engineering Major to earn a "C" (2.0) or Better in the following sections: Section 2: Common Program Pre-requisites (CPP), Section 3: Core Requirements Basic Level, Section 4: Core Requirements - Advanced Level, Section 5: Restricted / Approved Technical Electives, and Section 6: Capstone Requirement.  
• Students in the Mechanical Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Mechanical Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Mechanical Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.  
• A student who is excluded from CECS and COP majors may seek readmission to a major in CECS.
or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Mechanical Engineering major will be subject to all probation conditions that applied at the time of exclusion.

General Education Program (GEP) (38 Credit Hours)

- The UCF General Education Program (GEP) is described in the General Education Program section, located elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I **Credit Hours: 3** (Required)
- ENC 1102 - Composition II **Credit Hours: 3** (Required)

Select One: (3 Credit Hours)

- SPC 1603C - Fundamentals of Technical Presentations **Credit Hours: 3** (Preferred)
- SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3** (Suggested)

Cultural & Historical Foundations (9 Credit Hours)

- Select two courses from Historical Foundations **Credit Hours: 6**
- Select one class from Cultural Foundations **Credit Hours: 3**

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (Required)
- STA 3032 - Probability and Statistics for Engineers **Credit Hours: 3** (Required)

Social Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics **Credit Hours: 3** (Preferred)
  or
- ECO 2023 - Principles of Microeconomics **Credit Hours: 3** (Preferred)
- Select one class from Social Foundations **Credit Hours: 3**

Science Foundations (7 Credit Hours)

- PHY 2048C - General Physics Using Calculus I **Credit Hours: 4**
- Select one class from Science Foundations **Credit Hours: 3**

Common Program Prerequisites (CPP) (19 Credit Hours)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. All students must earn a grade of "C" (2.0) or better in Common Program Pre-Requisites.

See "Common Prerequisites” in the Transfer and Transitions Services section for more information.

- MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (GEP)
- MAC 2312 - Calculus with Analytic Geometry II **Credit Hours: 4**
- MAC 2313 - Calculus with Analytic Geometry III **Credit Hours: 4**
- MAP 2302 - Ordinary Differential Equations I **Credit Hours: 3**
PHY 2048C - General Physics Using Calculus I  
Credit Hours: 4 (GEP)

PHY 2049C - General Physics Using Calculus II  
Credit Hours: 4

Select one of the following sequences of courses:

Preferred course

CHS 1440 - Principles of Chemistry  
Credit Hours: 4

or- First alternative: Select all of the following: (6 Credit Hours)

CHM 2040 - Chemistry Fundamentals IA  
Credit Hours: 3

CHM 2041 - Chemistry Fundamentals IB  
Credit Hours: 3

or- Second alternative

CHM 2045C - Chemistry Fundamentals I  
Credit Hours: 4

Core Requirements: Basic Level (2 Credit Hours)

Required Courses: Basic (2 Credit Hours)

The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with the core requirements, restricted electives, and senior design courses listed below.

All students must earn a grade of "C" (2.0) or better in Core Requirements: Basic Level.

EGS 1006C - Introduction to the Engineering Profession  
Credit Hours: 1

EGN 1007C - Engineering Concepts and Methods  
Credit Hours: 1

Core Requirements: Advanced Level  
(48 Credit Hours)

All students must earn a grade of "C" (2.0) or better in Core Requirements: Advanced Level.

Required Courses: Advanced (39 Credit Hours)

EGN 3310 - Engineering Analysis-Statics  
Credit Hours: 3

COP 3223C - Introduction to Programming with C  
Credit Hours: 3

EGN 3343 - Thermodynamics  
Credit Hours: 3

EGN 3365 - Structure and Properties of Materials  
Credit Hours: 3

EGN 3373 - Principles of Electrical Engineering  
Credit Hours: 3

STA 3032 - Probability and Statistics for Engineers  
Credit Hours: 3 (GEP)

EML 3034C - Modeling Methods in Mechanical and Aerospace Engineering  
Credit Hours: 3

EML 3303C - Mechanical Engineering Measurements  
Credit Hours: 3

EGM 3601 - Solid Mechanics  
Credit Hours: 3

EML 3701 - Fluid Mechanics I  
Credit Hours: 3

EML 4142 - Heat Transfer  
Credit Hours: 3

EGN 3321 - Engineering Analysis-Dynamics  
Credit Hours: 3

EML 4225 - Introduction to Vibrations and Controls  
Credit Hours: 3

EML 3500 - Design and Analysis of Machine Components  
Credit Hours: 3

Select Two of the Following: (6 Credit Hours)

EML 3101 - Thermodynamics of Mechanical Systems  
Credit Hours: 3

EML 4143 - Heat Transfer II  
Credit Hours: 3

EML 4313 - Intermediate System Dynamics and Controls  
Credit Hours: 3

EML 4703 - Fluid Mechanics II  
Credit Hours: 3

EML 4504 - Design & Analysis of Machine Components II  
Credit Hours: 3
Select One of the Following: (3 Credit Hours)

- EML 4301C - Mechanical Systems Laboratory  
  Credit Hours: 3
- EML 4306C - Energy Systems Laboratory  
  Credit Hours: 3

Restricted Electives (15 Credit Hours)

- All students must earn a grade of "C" (2.0) or Better in Restricted Electives.
- Technical electives are available in the BSME program to address specific student interests in a variety of technical areas. Students should consult with their Department for a list of approved restricted technical electives and the terms when specific courses of this type are offered.

Capstone Requirements (6 Credit Hours)

- All students must earn a grade of "C" (2.0) or Better in Capstone Requirements.
- These courses are a capstone experience to your engineering program and should be completed in your last 2 major semesters of study.
- CECS encourages all engineering students to take the Fundamentals Exam during their senior year.
- EML 4501C - Engineering Design I  
  Credit Hours: 3
- EML 4502C - Engineering Design II  
  Credit Hours: 3

Electives

- None

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- A minimum of a 2.25 GPA in major courses is required for graduation.
- A grade of "C" (2.0) or better is required in all major courses.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 128

Career and Academic Advising

The department requires all students in the program meet with a faculty member for advising on career and academic issues. These courses must be taken in sequence during the 3rd and 4th year.

- EML 3933 - Mechanical Career and Academic Faculty Advising I  
  Credit Hours: 0
Additional Information

Honors In Major

- None

Related Programs

Advising Notes

- Double Degree/Double Major requirements listed under the college section of the catalog.
- This Mechanical Engineering program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://mae.ucf.edu/bachelor-of-science-in-mechanical-engineering/

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oelas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $45 per term
- Full-Time Student: $90 per term

Plan of Study (128 Credit Hours)

- Tentative Course Schedule for Entering Freshmen: The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their Department to develop and maintain an appropriate plan of study.

Freshman Year - Fall (12 Credit Hours)

- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- ENC 1101 - Composition I Credit Hours: 3
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4

Select One: (4 Credit Hours)

1 Must take CHM 2041 to complete the sequence

- CHS 1440 - Principles of Chemistry Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3 1
Freshman Year - Spring (15 Credit Hours)

- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1
- ENC 1102 - Composition II Credit Hours: 3
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- GEP Credit Hours: 3

Freshman Year - Summer (10 Credit Hours)

- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- EGN 3310 - Engineering Analysis-Statics Credit Hours: 3
- COP 3223C - Introduction to Programming with C Credit Hours: 3

Sophomore Year - Fall (13 Credit Hours)

- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- EGN 3321 - Engineering Analysis-Dynamics Credit Hours: 3
- EGN 3365 - Structure and Properties of Materials Credit Hours: 3
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Dr. Jihua Gou, jihua.gou@ucf.edu, 407-823-5448  
Ms. Amanda Barratt, Amanda.Barratt@ucf.edu, 407-823-5448  
Phone: 407-823-5448

Admission Requirements

- See Common Program Prerequisites.  
- Qualified students may apply after completion of a minimum of 64 credit hours.  
- Completion of no more than 96 credit hours.  
- Admission to the Accelerated Program does not guarantee formal admission to the MSAE, MSME or MSBME program.  
- Admission is not automatic. Interested students may need to be interviewed.

Degree Requirements

- The Mechanical and Aerospace Engineering Department requires all students in the Aerospace Engineering Major to earn a "C" (2.0) or Better in the following sections: Section 2: Common Program Pre-requisites (CPP), Section 3: Core Requirements- Basic Level, Section 4: Core Requirements - Advanced Level, Section 5: Restricted / Approved Technical Electives, and Section 6: Capstone Requirement.

General Education Program (GEP)  
(38 Credit Hours)

- See Aerospace Engineering (B.S.A.E.) in catalog for GEP requirements.

Advising Notes

- The baccalaureate degree will be awarded when program requirements for the BS are met and students have completed a minimum of 128 hours of credit. Students will then be reclassified as graduate students. The MSAE, MSME or MSBME will be awarded on completion of the total program of study.
- The following will be waived for this joint degree program: The limit of nine hours to be shared between undergraduate and graduate programs. Undergraduate students taking graduate courses must be within nine hours of graduation. Undergraduate students taking graduate courses must not register for more than a total of twelve hours in that semester.
- This Aerospace Engineering program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit http://mae.ucf.edu/bachelor-of-science-in-aerospace-engineering/

Transfer Notes

- None

Acceptable Substitutes for Transfer Courses

- None

Shared Courses (12 Credit Hours)

- Up to 12 credit hours of approved 5000 and 6000 level courses of grades B (3.0) or better may be counted towards the BS and Masters degrees. These 12 credit hours will meet either technical elective or course requirements for the major. Contact the Graduate Coordinator in the Mechanical and Aerospace Engineering department for a list of acceptable courses.

Acceptable Substitutes for Transfer Courses
Shared Courses

- Shared B.S.M.E./M.S.M.E., M.S.M.S.E., or M.S.A.E. Students can earn up to a maximum of 12 credit hours of approved 5000 and 6000 level courses with grades of "B" (3.0) or better may be counted towards the B.S. and Masters degrees. These 12 credit hours will meet technical elective requirements for the major. Contact the Graduate Coordinator in the Mechanical and Aerospace Engineering department for a list of acceptable courses.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.o eas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $45 per term
- Full-Time Student: $90 per term

Reserve Officer Training Corp: Air Force ROTC

Chair: Colonel Paul Bellione
Classroom II/ROTC, Room 221; 407-823-1247, Fax: 407-823-2265

The Department of Aerospace Studies provides pre-commissioning leadership training and education for qualified students who desire to serve as commissioned officers in the Air Force. Currently, AFROTC primarily commissions officers for Active Duty with very limited Reserve commissioning opportunities. The department offers three, three and a half, and four-year programs. Students enrolled in SECAF qualified technical and non-technical majors are permitted five years to complete the AFROTC program. AFROTC students participate in mandatory classroom academics, leadership laboratory, and physical conditioning from the start of AFROTC until graduation/commissioning. The Department of Aerospace Studies also offers a "Cross-Town" program allowing local community college students to begin the Air Force ROTC program while dual enrolled in a designated college for their undergraduate degree classes and at UCF as a non-degree seeking student for their Air Force ROTC class and activities. All programs offer scholarship opportunities for qualified students. The Air Force retains sole discretion on whether or not any applicant is qualified for enrollment in pre-commissioning education through the Air Force ROTC program. Enrollment in the program does not guarantee completion or a commission. Students are invited to write or visit the Department of Aerospace Studies to obtain additional information. More information can be found on the UCF AFROTC home page at http://airforce.ucf.edu or at http://www.afrotc.com. This information is always subject to change and is based on current guidance from HQ.

Curriculum

Students enrolled in the Air Force ROTC program may major in any academic discipline and earn a minor in Aerospace Studies. A major is not offered by this department. AFROTC courses are listed under the prefix AFR. The curriculum is divided into two phases:

1. General Military Course (GMC)
The General Military Course is designed to give students their first exposure to the Reserve Officer Training Corps program during their freshman and sophomore years. The courses deal with the mission, organization, and structure of the US Air Force, and the development of air, space, and cyber power into a prime element of American national security. Full or partial GMC credit for prior service, and other past experiences are not guaranteed and are granted on a case-by-case by the Professor of Aerospace Studies.

2. Professional Officer Course (POC)
The Professional Officer Course is designed to develop and hone managerial and officer skills during a cadet’s junior and senior years. All cadets who seek a commission through the Air
Force ROTC must complete the 2-year POC curriculum. The curriculum involves the study of concepts of leadership and management in the Air Force and an analysis of the formulation and implementation of American defense policy.

Requirements for entry into the POC:

- Be at least 17 years of age at the time of entry.
- Be a U.S. citizen. Dual citizens must be willing to renounce other Non-US citizenship, if requested or if mandatory.
- If entering Flight Training, complete the POC and all degree requirements prior to reaching age 29, or
- If entering a non-flying Air Force specialty, complete the POC and all degree requirements before age 39 (waiverable to age 42).
- Pass the Air Force Officer Qualifying Test (AFOQT).
- Pass an Air Force medical examination (DoDMERB).
- Pass the Air Force Physical Fitness Assessment (PFA) and meet Air Force BMI criteria.
- Have a cumulative GPA of 2.0 or higher.
- Be selected by the Professor of Aerospace Studies.
- Successfully complete a summer Field Training course.
- Qualify to contract (enlist) in the United States Obligated Reserve. Section (ORS) to certify agreement to complete the POC and to accept an Air Force Commission, if offered. This contract (enlistment) is terminated upon acceptance of a commission.

Leadership Laboratory

Leadership Laboratory is an AFROTC-only required lab that must be taken in conjunction with the academic class. Leadership Laboratory is only open to students who are members of the Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

Physical Conditioning

In addition to attending Leadership Laboratory, students enrolled in the Air Force ROTC program must also participate in physical conditioning. Physical conditioning is conducted on the UCF campus at least three days each week.

Air Force ROTC Scholarship Program

Scholarships are competitively awarded and typically vary from two to four years. Depending on state residency status and credit hour load, scholarships may provide for full tuition and fees. Air Force ROTC scholarships do not provide funds for room and board expenses, and certain grants or other college funding programs may reduce or eliminate available AFROTC scholarship payments. This information is always subject to change and is based on current guidance from HQ.

Monetary Allowance

All scholarship and contract cadets receive a monthly, tax-free monetary allowance (stipend) and an annual textbook allowance. The stipend amount is based on the students' academic classification. See http://www.afrotc.com for current rates.

Summer Training

All students must complete a summer Field Training (FT) course conducted at Maxwell Air Force Base in Montgomery, AL. FT typically occurs between a cadet's sophomore and junior years, prior to their enrollment in the POC. The course is generally 13 days in length. The curriculum at FT includes junior officer training, officer career orientation, physical conditioning, and training for operations in-austere forward deployed locations.

Officer Commissioning

Students who complete the POC are appointed as Second Lieutenants in the United States Air Force. After completing the training program and entering active duty, they serve a minimum active duty tour which varies in length depending on their particular career area. Obligations are explained by detachment officers in detail during one-on-one counseling sessions conducted with each candidate.

Total Undergraduate Credit Hours Required: 16

Other Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades less than "C-" (1.75) are not accepted.
- At least 12 hours used in the minor must be earned at UCF within the department.
- No credit by exam (TSD, Military credit) may be used.
- Internship or Independent Study credit cannot be used toward the minor.

Reserve Officer Training Corp: Army ROTC

Chair: LTC Christopher DeRuyter
Classroom II/ROTC Room 321; 407-823-2430; Fax: 407-823-5324
http://army.ucf.edu

Faculty/Staff: LTC Bartholomew, MSG Vongkoth, MAJ McCrane, CPT Henderson, CPT Novak, SFC Gomez, SFC Robinson, SFC Cubas, SSG Bobier, John Gano, Reinaldo Morales, Lisa French, Fernando Tubens, Aaron Williams, Sharla Pringle, and Mary Moss

The University of Central Florida, in cooperation with the US Army, provides students an opportunity to earn a commission as a Second Lieutenant after graduation and compete for an active duty assignment or accept a guaranteed Army Reserve or National Guard position. The program offers two, three, and four-year options for students working on their Baccalaureate or Graduate degrees. The four-year option requires completion of one military science course and a leadership laboratory that must be taken in conjunction with the academic class every semester. The three-year option allows students with at least three academic years remaining to complete their degrees by compressing the Basic Course into one year. The two-year option allows students with at least two academic years remaining to complete their degrees to meet all requirements for commissioning by receiving placement credit for the first two years (Basic Course) and completing the last two years (Advanced Course). Students may be eligible for the Army's Simultaneous Membership Program (SMP) which combines Reserve Forces Duty with Army ROTC officer training courses on campus. Note: The Army retains sole discretion - in accordance with public law and military regulation - regarding whether or not any applicant is qualified for pre-commissioning education through Army ROTC. More information on the AROTC program can be found on the AROTC Department home page: http://army.ucf.edu.

Curriculum
The Military Science curriculum is designed to develop students' leadership potential and improve students' planning, organizational, and managerial skills. The on-campus curriculum is divided into two phases: Basic Military Science Course and Advanced Military Science Course.

1. Basic Military Science
   A. The Basic Military Science Course consists of four semesters of classroom instruction of one hour each week and a two hours leadership lab. Students incur no military commitment by participating in the Basic Course, unless they qualify and choose to contract as a scholarship or non-scholarship student. These courses address military organizations, equipment, weapons, map reading, land navigation, management skills, grade structure, communications and leadership. There are non-contractual obligations or commitments for students in the Basic course phase. The Basic Course phase offers students the opportunity to see what Army ROTC is all about (MSL 1001C, MSL 1002C, MSL 2101C, MSL 2102C). Students will also participate in a Leadership Development Training Exercise (LDTX). These general elective courses are normally taken during the freshman and sophomore years and fulfill pre-requisite requirements for entering the Advanced Military Science phase.

   B. Requisites for admission to the Basic Course:
      - Enrollment in a Baccalaureate or Master's degree program
      - Full-time student status

2. Advanced Military Science
   A. The Advanced Military Science courses (MSL 3201C, MSL 3202C, MSL 4301C, MSL 4302C) consists of four semesters of classroom instruction of two hours each week and a two hour leadership lab that are taken during the junior and senior years. These courses specialize in small unit tactics, how to prepare and conduct military training, military justice system, staff procedures, decision making and leadership. Students desiring to enroll in the Advanced Military Science courses must be willing to pursue a commission as a Second Lieutenant and must meet pre-requisite requirements to contract and must obtain permission from the department chair (Professor of Military Science) through an interview process, prior to participating in the advanced course. They must also successfully complete a 36-day Advanced Camp at Fort Knox, Kentucky, normally between their junior and senior years.

   B. Requisites for Admission to the Advanced Course:
      - Successful completion of Basic Course or placement credit.
      - Must be at least 17 years of age at the time of entry but not more than 31 years of age at the time of commissioning (31-year age regulation may be waived for veterans up to age 34).
      - Successful completion of an Army physical examination.
      - Agreement to complete the Advanced Course requirements and serve on either Active, Reserve, or National Guard duty as a commissioned officer.
      - Full-time undergraduate student status (minimum of 12 hours); full-time graduate student status (minimum six hours).
      - US Citizen.
      - A minimum cumulative GPA of 2.8 is required for STEMS and 3.2 for any other majors is required to contract as a non-scholarship cadet, and a minimum cumulative GPA of 3.0 is required for scholarship consideration.

3. Monetary Allowance
   All contracted and scholarship students enrolled in the Basic and Advanced Military Science Courses receive a tax-free monthly stipend of $420 during school year.
4. Scholarships
Four, three and two-year scholarships are available for all students who qualify on a competitive basis. These scholarships provide full tuition and fees or room and board not to exceed $10,000 and $1,200 annually for books. In addition, all contracted scholarship students also receive the monthly stipend during the school year. Contact the Enrollment Officer for additional information at 407-823-2649.

5. Placement Credit
Placement credit for the Basic Course can be offered to students with prior service, 4 years of Junior ROTC, or completion of the Leaders Training Course (see below). Placement credit for prior service is extended to include Active duty, Reserve Forces and National Guard. Although prior service and Junior ROTC waives the Basic Course, a student that qualifies for placement credit may elect to enroll in the Basic Course.

Summer Training Courses

1. Basic Camp Summer Training
Under the two year option, a student can earn placement credit for the Basic Course by attending a 31-day course at Fort Knox, Kentucky. Students attending the summer camp receive approximately $985.00 pay. Additionally, all lodging, meals and transportation are furnished. Uniforms will be provided at no expense to the student.

2. Specialized Summer Training Courses
Qualified students can be selected to attend specialized military training occurring the summer months. These areas of training include: a) Airborne Training; b) Air Assault Training; c) Northern Warfare Training; d) Cadet Troop Leadership Training; and e) Mountain Training.

3. Advanced Camp
All Advanced Course students must attend and successfully pass a five-week camp conducted at Fort Knox, Kentucky, prior to receiving a commission as an Army Officer. This camp evaluates a student's leadership performance and potential. Advanced Camp waives the 9-hour summer school requirement for Army ROTC Cadets. Students normally attend Advanced Camp the summer following their junior year and receive approximately $1300 pay for the training.

Minor

Military Science Minor

LTC Christopher DeRuyter
Phone: 407-823-1872

Minor Admission Requirements

- Interview with Chair/Professor of Military Science to determine eligibility to meet requirements to contract and commission as an officer in the US Army.

Minor Requirements

- Eligibility for this minor is restricted to those students who meet the requirements to contract and commission as officers in the US Army. Students desiring to enroll in the advanced Military Science courses must be willing to pursue a commission as a Second Lieutenant and must meet prerequisite requirements to contract and must obtain permission from the Chair/Professor of Military Science through an interview process, prior to participating in the advanced courses.

Prerequisite Courses

Military Science Prerequisites (8 Credit Hours)

- MSL 1001C - Foundations of Officership Credit Hours: 2
- MSL 1002C - Basic Leadership Credit Hours: 2
- MSL 2101C - Individual Leadership Studies Credit Hours: 2
- MSL 2102C - Leadership and Teamwork Credit Hours: 2

Required Courses (16 Credit Hours)

- MSL 3201C - Leadership and Problem Solving Credit Hours: 4
• MSL 3202C - Leadership and Ethics Credit Hours: 4
• MSL 4301C - Leadership and Management Credit Hours: 4
• MSL 4302C - Officership Credit Hours: 4

Restricted Electives (3 Credit Hours)

Select one of the following (3 Credit Hours)

• AMH 3541 - U. S. Military History To 1900 Credit Hours: 3
• AMH 3547 - U.S. Military History Since 1900 Credit Hours: 3

Foreign Language Requirements

• None

Total Undergraduate Credit Hours Required: 19

Other Requirements

• A minimum grade of "C" (2.0) is required in all courses used to satisfy the minor.
• At least 15 hours used in the minor must be earned at UCF within the department.
• Internship credit can be used toward the minor.
College of Health Professions and Sciences

HPA1 365; 407-823-0171

Interim Associate Dean of Clinical Affairs: Bari Hoffman Ruddy  
HPA1 365; 407-823-0171

The College of Health Professions and Sciences is home to nationally recognized academic programs, innovative research and exciting community-outreach programs focused on health and wellness. The College is part of UCF’s new Academic Health Sciences Center, along with the College of Medicine and College of Nursing. There are four departments and schools housed in the College of Health Professions and Sciences: the School of Social Work, the School of Communication Sciences and Disorders, the School of Kinesiology and Physical Therapy and the Department of Health Sciences. Through course work, field experience and interprofessional education, our students develop high-demand skills in healthcare and cultural competency for work with diverse populations.

General Requirements for the Bachelor's Degree

Undergraduates enrolled in the College of Health Professions and Sciences must fulfill all University degree requirements, including those for general education, as well as the requirements of the degree program. The College offers both open-access and limited-access/restricted programs.

Open-Access Programs:

- Communication Sciences and Disorders (B.A./B.S.)
- Health Sciences (B.S.) - Health Promotion Track

Limited-Access/Restricted Programs:

- Social Work (B.S.W.)
- Health Sciences (B.S.) - Pre-Clinical Track
- Kinesiology (B.S.)

Acceptance by or registration at the University does not constitute admission to limited-access or restricted programs. Students pursuing these limited-access/restricted majors will be classified as “Pending” until they satisfy program specific admission requirements. A separate application must be made to the appropriate program.

Additional information regarding prerequisites and admission requirements may be found in this catalog.

Academic Advisement

Office of Undergraduate Affairs

Director: Andrea Small  
HPA2 115, 407-823-0010  
Email: CHPSundergrad@ucf.edu  
Website: https://healthprofessions.ucf.edu/undergraduate/

The College of Health Professions and Sciences (CHPS) Office of Undergraduate Affairs assists undergraduate students in understanding college and university requirements and procedures as well as coordinating orientation, registration and graduation certification. Students interested in pursuing limited/restricted access programs are encouraged to meet with advisors in the college to stay on track by taking the appropriate prerequisite requirements. Advisors are available through the CHPS Success Program for students on probation or for those who are having academic difficulty. Questions concerning university and college academic policies should be directed through this office.

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the College of Health Professions and Sciences are located at: http://oeas.ucf.edu/academiclearningcompacts.html

Department of Health Sciences

Interim Chair: Suha Saleh
HPA1 268; 407-823-6761
https://healthprofessions.ucf.edu/healthsciences/

Faculty: Ferdowsi, Lee, Lopez Castillo, Rovito, Saleh, Schulz, Webster, Worrell

The Department of Health Sciences offers a baccalaureate program in Health Sciences with two academic tracks: Pre-Clinical and Health Promotion Track, and a minor in Health Sciences.

Baccalaureate in Health Sciences

The Bachelor of Science degree in Health Sciences is designed for students with interest in human health leading to graduate study or career advancement. This degree is designed to provide students with a solid educational background in basic and health-related sciences, while providing the foundation courses required for admission to graduate level clinical programs in health professions including, but not limited to: medicine, pharmacy, physical therapy, physician assistant, athletic training and occupational therapy. The flexibility of this program allows students to prepare for multiple careers in health sciences.

Minor in Health Sciences

The Health Sciences minor is designed to broaden the student's understanding of health and other clinically related topics. It includes a diverse selection of courses within the healthcare discipline.
General Education Program (GEP) (38 Credit Hours)

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)

- HSC 4730 - Applied Health Research Methodology Credit Hours: 3
- HSC 4572 - Clinical Nutrition Credit Hours: 3
- HSC 4930 - Health Sciences Seminar Credit Hours: 3

Restricted Electives (28 Credit Hours)

- The Health Promotion track provides the foundation courses required for admission to graduate level clinical and non-clinical health programs including but not limited to physical therapy, physician assistant, occupational therapy, public health, and nutrition.
- Students are advised to check the Program's website for updated information and suggested electives for specific Health Professions Graduate Programs.
- It is the student's responsibility to check with graduate programs to meet prerequisites.
- Some courses below may have additional prerequisite courses required. Course selection should be in consultation with an advisor and may vary by student depending on career goals and objectives.
- Students must meet restricted elective credit hour requirements and UCF's 48 upper division credit hour requirements.
- Courses completed and already used to satisfy General Education Program, Basic Level and Advanced Level requirements may not be used to meet the Restricted Elective requirement.
- HSC 4943 - Health Sciences Internship Credit Hours: 3
- HSC 4553 - Concepts in Pathophysiological Diagnosis Credit Hours: 3
- HSC 3432 - Occupational Safety for the Health Care Professional Credit Hours: 3
- HSC 4008 - Professional Development in Health Professions Credit Hours: 3
- HSC 3110 - Medical Self Assessment Credit Hours: 3
- HSC 3102 - Foundations of Health Behavior Credit Hours: 3
- COM 4022 - Principles of Health Communication Credit Hours: 3
- HSC 4201 - Community Health Credit Hours: 3

Capstone Requirements

- None

Electives

- Students who transfer in with a Florida College System institution AA degree may need to take upper-level electives to reach the University requirement of 48 semester hours of upper division credit. Students are encouraged to choose from restricted electives list that pertain to their particular graduate program emphasis.

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- A minimum grade of "C" (2.0) in each program prerequisite course, in each core requirement course, and in each restricted elective is required (see GEP and CPP above). Students should note that graduate programs may require a higher level of performance for admission.
- Students must take a minimum of 27 hours of upper-division Health Sciences courses from the UCF Health Sciences program to obtain the UCF degree in Health Sciences.
- Students must achieve at least 2.5 overall GPA for graduation.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Semester Hours Required: 120

Additional Information

Honors In Major

• Interested students should consult with a faculty advisor

Related Programs

• Biology (B.S.)

Advising Notes

• Students should consult with a college advisor each semester.
• Students should consult with the Office of Pre-Health and Pre-Law Advising before submitting application to a graduate program.

Transfer Notes

• Completion of an Associate of Arts degree from a Florida College System institution is strongly recommended.
• Students who begin a two-semester sequence course (e.g. General Chemistry, College Physics) at a Florida College System institution are strongly encouraged to complete the sequence before transferring. If it will not be possible to complete the sequence before transferring, the student should postpone beginning the course until enrolling at UCF.
• Students who take Anatomy and Physiology at a Florida College System institution may be required to complete additional upper division credits in order to meet University graduation requirement of 48 credit hours of upper division (3000-4000) level credits.

Acceptable Substitutes for Transfer Courses

• BSC 2010C - Biology I can be substituted by Biology I with Lab (BSC 1010 and BSC 1010L).
• BSC 2011C - Biology II can be substituted by Biology II with Lab (BSC 1011 and BSC 1011L).
• CHM 2045C - Chemistry Fundamentals I can be substituted by CHM 1045 and Lab.
• CHM 2046 - Chemistry Fundamentals II and CHM 2046L - Chemistry Fundamentals Laboratory can be substituted by CHM 1046 and Lab.
• PHY 2053C - College Physics I can be substituted by PHY 1053 and Lab.
• PHY 2054C - College Physics II can be substituted by PHY 1054 and Lab.
• ZOO 3733C - Human Anatomy and PCB 3703C - Human Physiology can be substituted by Human Anatomy and Physiology I & II (BSC X093 and X094 or BSC X085 and X086). Please note that these acceptable transfer courses do not fulfill the 48 hour upper division (3000-4000) credit required by UCF for graduation.
• Students that transfer with an AA degree and will be pursuing a BS degree must meet the University foreign language admission requirements for graduation.

Program Academic Learning Compacts

• Program Academic Learning Compacts (student learning outcomes) for undergraduate programs.
Plan of Study

Freshman Year - Fall (13 Credit Hours)

- BSC 2010C - Biology I Credit Hours: 4

Health Sciences, Pre-Clinical Track (B.S.)

The Bachelor of Science degree in Health Sciences is designed for students with interest in human health leading to graduate study or career advancement. The Pre-Clinical Track is designed to provide students with a solid educational background in basic and health-related sciences, while providing the foundation courses required for admission to graduate level clinical programs in health professions including but not limited to medicine, pharmacy, dentistry, optometry, physician assistant, and physical therapy. The flexibility of this program allows students to prepare for multiple careers in health sciences.

Admission Requirements

- Students must have a minimum overall GPA of 3.0

Degree Requirements

- ENC 1101 - Composition I Credit Hours: 3 (Required)
• ENC 1102 - Composition II **Credit Hours:** 3 (Required)
• SPC 1608 - Fundamentals of Oral Communication **Credit Hours:** 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

General Education Program elective from Cultural & Historical Foundation, Area 1 to meet Gordon Rule Requirement
**Credit Hours:** 3

General Education Program elective: Prefer a second course from Cultural & Historical Foundation, Area 1
**Credit Hours:** 3

Select One: (3 Credit Hours)

• MUL 2010 - Enjoyment of Music **Credit Hours:** 3 (Preferred)
• PHI 2010 - Introduction to Philosophy **Credit Hours:** 3 (Preferred)
• THE 2000 - Theatre Survey **Credit Hours:** 3 (Preferred)

Mathematical Foundations (6 Credit Hours)

• STA 2023 - Statistical Methods I **Credit Hours:** 3 (Required)

Select One: (3 Credit Hours)

• MAC 1114C - College Trigonometry **Credit Hours:** 3 (Preferred)
• MAC 2233 - Concepts of Calculus **Credit Hours:** 3 (Suggested)
• MAC 2253 - Applied Calculus **Credit Hours:** 3 (Suggested)
• MAC 2311C - Calculus with Analytic Geometry I **Credit Hours:** 4 (Suggested)

Social Foundations (6 Credit Hours)

• POS 2041 - American National Government **Credit Hours:** 3 (Preferred)
• PSY 2012 - General Psychology **Credit Hours:** 3 (Required)

Science Foundations (8 Credit Hours)

• BSC 2010C - Biology I **Credit Hours:** 4 (Required)
• CHM 2045C - Chemistry Fundamentals I **Credit Hours:** 4 (Required)

Common Program Prerequisites (CPP) (24 Credit Hours)

• BSC 2010C - Biology I **Credit Hours:** 4 (GEP)
• BSC 2011C - Biology II **Credit Hours:** 4
• PSY 2012 - General Psychology **Credit Hours:** 3 (GEP)
• STA 2023 - Statistical Methods I **Credit Hours:** 3 (GEP)
• CHM 2045C - Chemistry Fundamentals I **Credit Hours:** 4 (GEP)
• CHM 2046 - Chemistry Fundamentals II **Credit Hours:** 3
• CHM 2046L - Chemistry Fundamentals Laboratory **Credit Hours:** 1
• PCB 3703C - Human Physiology **Credit Hours:** 4
• ZOO 3733C - Human Anatomy **Credit Hours:** 4

Select One:

• MAC 1114C - College Trigonometry **Credit Hours:** 3 (GEP)
• MAC 2233 - Concepts of Calculus **Credit Hours:** 3 (GEP)
• MAC 2253 - Applied Calculus **Credit Hours:** 3 (GEP)
• MAC 2311C - Calculus with Analytic Geometry I **Credit Hours:** 4 (GEP)

Complete one physics sequence

• PHY 2053C - College Physics I **Credit Hours:** 4
• PHY 2054C - College Physics II **Credit Hours:** 4 or
• PHY 2048C - General Physics Using Calculus I **Credit Hours:** 4
• PHY 2049C - General Physics Using Calculus II **Credit Hours:** 4
Core Requirements: Basic Level (6 Credit Hours)

- HUN 2201 - Fundamentals of Human Nutrition  
  Credit Hours: 3

Select One: (3 Credit Hours)

- HSC 2524 - Introduction to Human Disease  
  Credit Hours: 3
- HSC 2000 - Introduction to Careers in Health Professions  
  Credit Hours: 3
- HSC 3110 - Medical Self Assessment  
  Credit Hours: 3

Core Requirements: Advanced Level (24 Credit Hours)

- HSC 3147 - Introduction to Pharmacology  
  Credit Hours: 3
- HSC 3211 - Preventive Health Care  
  Credit Hours: 3
- HSC 4555 - Pathophysiology I  
  Credit Hours: 3
- HSC 4558 - Pathophysiology II  
  Credit Hours: 3
- HSC 4501 - Epidemiology of Chronic Diseases  
  Credit Hours: 3
- HSC 4730 - Applied Health Research Methodology  
  Credit Hours: 3
- HSC 4572 - Clinical Nutrition  
  Credit Hours: 3
- HSC 4930 - Health Sciences Seminar  
  Credit Hours: 3

Restricted Electives (28 Credit Hours)

- The Pre-Clinical track provides the foundation courses required for admission to graduate level clinical and non-clinical health programs including but not limited to medicine, pharmacy, dentistry, optometry, physician assistant, and physical therapy.
- Students are advised to check the Program's website for updated information and suggested electives for specific Health Professions Graduate Programs.
- It is the student's responsibility to check with graduate programs to meet prerequisites.

- Some courses below may have additional prerequisite courses required. Course selection should be in consultation with an advisor and may vary by student depending on career goals and objectives.
- Students must meet restricted elective credit hour requirements and UCF’s 48 upper division credit hour requirements.
- Courses completed and already used to satisfy General Education Program, Basic Level, Advanced Level requirements may not be used to meet the Restricted Elective requirement.
- HSC 4943 - Health Sciences Internship  
  Credit Hours: 3
- HSC 4553 - Concepts in Pathophysiological Diagnosis  
  Credit Hours: 3
- HSC 3432 - Occupational Safety for the Health Care Professional  
  Credit Hours: 3
- HSC 4008 - Professional Development in Health Professions  
  Credit Hours: 3
• MCB 3203 - Pathogenic Microbiology Credit Hours: 3
• MCB 3203L - Pathogenic Microbiology laboratory Credit Hours: 1
• PET 3351 - Applied Exercise Physiology Credit Hours: 3
• PET 4312C - Applied Biomechanics Credit Hours: 3
• PET 4088 - Physical Activity & Preventive Medicine Credit Hours: 3
• PET 4552 - Exercise Prescription for Special Populations Credit Hours: 3
• HSC 3537 - Medical Terminology Credit Hours: 3
• SYO 4400 - Medical Sociology Credit Hours: 3
• CLP 3143 - Abnormal Psychology Credit Hours: 3

Capstone Requirements

• None

Electives

• Students who transfer in with a Florida College System institution AA degree may need to take upper-level electives to reach the University requirement of 48 semester hours of upper division credit. Students are encouraged to choose from restricted electives list that pertain to their particular graduate program emphasis.

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• None

Additional Requirements

Required Minors

• None

Departmental Exit Requirements

• A minimum grade of "C" (2.0) in each program prerequisite course, in each core requirement course, and in each restricted elective is required (see GEP and CPP above). Students should note that graduate programs may require a higher level of performance for admission.
• Students must take a minimum of 27 hours of upper-division Health Sciences courses from the UCF Health Sciences program to obtain the UCF degree in Health Sciences.
• Student must achieve a minimum 3.0 overall GPA for graduation
• Students who do not meet the minimum overall 3.0 GPA graduation requirement will be automatically moved to the Health Sciences – Health Promotion Track during their graduation term and will earn the Health Sciences – Health Promotion Track B.S if they have met all requirements for the program.
• Students who do not meet the overall minimum 3.0 GPA graduation requirement and wish to delay graduation instead of being moved to the Health Sciences-Health Promotion Track, must formally petition with the department no more than 7 days after grades post for the term. Final approval to delay graduation and remain in the Pre-Clinical Track is at the discretion of the department.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Semester Hours Required: 120

Additional Information

Honors In Major

- Interested students should consult with a faculty advisor

Related Programs

- Biology (B.S.)
- Biomedical Sciences (B.S.)

Certificates

- Health Communication
- Spanish for Health Professionals

Related Minors

- Biomedical Sciences Minor
- Biology Minor

- Health Services Administration Minor
- Psychology Minor
- Chemistry Minor

Advising Notes

- Students should consult with a college advisor each semester.
- Students should consult with the Office of Pre-Health and Pre-Law Advising before submitting application to a graduate program.

Transfer Notes

- Completion of an Associate of Arts degree from a Florida College System institution is strongly recommended.
- Students who begin a two-semester sequence course (e.g. General Chemistry, College Physics) at a Florida College System institution are strongly encouraged to complete the sequence before transferring. If it will not be possible to complete the sequence before transferring, the student should postpone beginning the course until enrolling at UCF.
- Students who take Anatomy and Physiology at a Florida College System institution may be required to complete additional upper division credits in order to meet University graduation requirement of 48 credit hours of upper division (3000-4000) level credits.

Acceptable Substitutes for Transfer Courses

- BSC 2010C - Biology I can be substituted by Biology I with Lab (BSC 1010 and BSC 1010L).
- BSC 2011C - Biology II can be substituted by Biology II with Lab (BSC 1011 and BSC 1011L).
- CHM 2045C - Chemistry Fundamentals I can be substituted by CHM 1045 and Lab.
- CHM 2046 - Chemistry Fundamentals II and CHM 2046L - Chemistry Fundamentals Laboratory can be substituted by CHM 1046 and Lab.
- PHY 2053C - College Physics I can be substituted by PHY 1053 and Lab.
- PHY 2054C - College Physics II can be substituted by PHY 1054 and Lab.
- ZOO 3733C - Human Anatomy and PCB 3703C - Human Physiology can be substituted by Human Anatomy and Physiology I & II (BSC X093 and X094 or BSC X085 and X086). Please note that these acceptable transfer courses do not fulfill the 48 hour upper division (3000-4000) credit required by UCF for graduation.
- Students that transfer with an AA degree and will be pursuing a BS degree must meet the University foreign language admission requirements for graduation.

Minor

Health Sciences Minor

College of Health Professions and Sciences
Department of Health Sciences, Health and Public Affairs I, Room: 267

L. Timothy Worrell, 407-823-5236

The Health Sciences minor is designed to broaden the student’s understanding of health and other clinically related topics. It includes a diverse selection of courses within the healthcare disciplines.

Minor Admission Requirements

• None

Minor Requirements

• None

Prerequisite Courses

• Some courses below may have additional prerequisite courses required.

Required Courses (9 Credit Hours)

• HUN 2201 - Fundamentals of Human Nutrition Credit Hours: 3
• HSC 3110 - Medical Self Assessment Credit Hours: 3
• HSC 3211 - Preventive Health Care Credit Hours: 3

Restricted Electives (9 Credit Hours)

• HSC 2524 - Introduction to Human Disease Credit Hours: 3
• HSC 3147 - Introduction to Pharmacology Credit Hours: 3
• HSC 4555 - Pathophysiology I Credit Hours: 3
• HSC 4558 - Pathophysiology II Credit Hours: 3
• HSC 4501 - Epidemiology of Chronic Diseases Credit Hours: 3
• HSC 3432 - Occupational Safety for the Health Care Professional Credit Hours: 3
• HSC 4572 - Clinical Nutrition Credit Hours: 3
• HSC 4730 - Applied Health Research Methodology Credit Hours: 3
• HSC 4008 - Professional Development in Health Professions Credit Hours: 3
• HSC 4652 - Health Law and Ethics Credit Hours: 3
• HSC 3559 - Disabilities in American Society Credit Hours: 3
• HSC 4564 - Health Care Needs of the Elderly Credit Hours: 3
• HSC 3537 - Medical Terminology Credit Hours: 3

Foreign Language Requirements

• None

Total Undergraduate Credit Hours Required: 18

Other Requirements

• Majors may not count courses presently required in a department program.
A minimum grade of "C" (2.0) is required in all Health Sciences courses.

At least 15 hours used in the minor must be earned at UCF within the department.

No credit by exam (TSD, Military credit) may be used.

Internship or Independent Study credit cannot be used toward the minor.

School of Communication Sciences and Disorders

Director: Richard Zraick
HPA2 101, 407-823-4798
https://healthprofessions.ucf.edu/csd/

Clinic Director: Debra Knox
3280 Progress Drive, Suite 500; 407-882-0468

Faculty: Bislick Wilson, Buchanan, Carnaby, Carson, Coleman, Cosby, Crary, DiNapoli, Dreilinger, Ehren, Engelhoven, Fix, Harrington, Hoffman-Ruddy, Hostetler, Kent-Walsh, Knox, Kong, Matura, Ratusnik, Resnick, Rivers, Rosa-Lugo, Ryalls, Thomas, Towson, Troche, Vanryckeghem, Zraick

The discipline of communication sciences and disorders involves the prevention, evaluation, management, and study of human communication and its disorders. The undergraduate program is preprofessional in nature and reflects the scientific foundations of the discipline. The three primary goals of the undergraduate program are:

1. to provide students with the necessary preparation for graduate study in speech-language pathology, audiology, or related fields such as special education, social work, and health services administration;
2. to provide the necessary background for those who seek careers in health and human services; and
3. to allow those who graduate with a Bachelor's degree required coursework to obtain licensure and employment as a speech-language pathology assistant.

The graduate program prepares speech-language pathologists for work with children and adults experiencing a variety of communication disorders in schools, hospitals, rehabilitation centers, community speech, language and hearing centers, and physician's offices. The graduate program has been accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association since 1986. Students must plan their major or minor in consultation with a school advisor to meet their individual interests and career objectives.

In addition to course work in communication sciences and disorders, the school offers courses in American Sign Language and related topics.

Major

Communication Sciences and Disorders (B.A. or B.S.)

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program before transferring within the Florida College System or State University System.
- Students should consult with a program advisor.
- The courses designated in section 1 below may be taken at a Florida College System institution, and usually should be completed in the first 60 hours.
- Students must earn at least a "C-" (1.75) in each prerequisite course, core course, restricted elective, and B.A./B.S. elective.
- Communication Sciences and Disorders is an unrestricted major, however, negative criminal background checks may result in the inability to complete coursework in this major.
General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Select One: (3 Credit Hours)
- STA 2014C - Principles of Statistics Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)
- PSY 2012 - General Psychology Credit Hours: 3 (Required)

Science Foundations (6 Credit Hours)
- PHY, PSC, or CHM course listed in Science Foundation, Area 1 Credit Hours: 3 (Required)
- BSC 1005 - Biological Principles Credit Hours: 3 (Required)

Common Program Prerequisites (CPP)

Note: Students are encouraged to select science course with PHY or CHM prefix.
- STA 2014C - Principles of Statistics Credit Hours: 3 (GEP)
- BSC 1005 - Biological Principles Credit Hours: 3 (GEP)
- PSY 2012 - General Psychology Credit Hours: 3 (GEP)
- PHY, PSC or CHM (GEP)

Core Requirements: Basic Level

Core Requirements: Advanced Level (50 Credit Hours)

Core Requirements (50 Credit Hours)
- DEP 2004 - Developmental Psychology Credit Hours: 3
- SPA 3471 - Communication Disorders in Literature and Media Credit Hours: 3
- SPA 3101 - Physiological Bases of Speech Credit Hours: 3
- SPA 3112 - Basic Phonetics Credit Hours: 3
- SPA 3112L - Basic Phonetics Lab Credit Hours: 1

- SPA 3123L - Speech Perception Lab Credit Hours: 1
- SPA 4476 - Speech Disorders Across the Lifespan Credit Hours: 3
- SPA 4032 - Audiology Credit Hours: 3
- SPA 4478 - Multicultural Aspects of Communication Disorders & Differences Credit Hours: 3
- SPA 4400 - Language Disorders Across the Life Span Credit Hours: 3
- LIN 3713 - Language Science Credit Hours: 3
- SPA 4326 - Hearing Disorders Across the Lifespan Credit Hours: 3

Select One: (3 hrs)
- EAB 3703 - Principles of Behavior Modification Credit Hours: 3
- EEX 4601 - Introduction to Behavior Management Credit Hours: 3
• EEC 4604 - Classroom Management and Guidance of Young Children Credit Hours: 3
• EDF 3303 - Learning Environments and Guidance for Young Children Credit Hours: 3
• SPA 3472 - Guidance of Young Children with Communication Disorders Credit Hours: 3
• EEX 3450 - Young Children With Special Needs Credit Hours: 3
• EEX 4070 - Teaching Exceptional Students Credit Hours: 3

Statistics Requirement (3 Credit Hours)

• Students have two options for completing this requirement:

Option One:

• STA 2023 - Statistical Methods I Credit Hours: 3 (GEP) and
• STA 4163 - Statistical Methods II Credit Hours: 3

Option Two:

• STA 2014C - Principles of Statistics Credit Hours: 3 (GEP) and
• SPA 4803 - Research Methods in Communication Sciences and Disorders Credit Hours: 3
  or
• STA 2023 - Statistical Methods I Credit Hours: 3 (GEP) and
  • SPA 4803 - Research Methods in Communication Sciences and Disorders Credit Hours: 3

Restricted Electives (9 Credit Hours)

• An additional nine credit hours of upper division course work in Communication Sciences and Disorders selected from a list provided in the CSD School or in consultation with a CSD undergraduate advisor.

B.A./B.S. Option (6-8 Credit Hours):

• Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year in college (eight credit hours). ASL I and II can also be used to fulfill this requirement.
• Students pursuing the B.S. degree must complete two upper division health sciences courses (six credit hours) approved by the program.

Capstone Requirement (3 Credit Hours)

• SPA 4870C - Capstone Course: Credit Hours: 3

Electives (11-13 Credit Hours)

• Students pursuing the B.A. degree can choose 11 credit hours of electives. Students pursuing the B.S. degree can choose 13 credit hours of electives. Select courses that are 2000-level or higher with advisor approval. A minor or certificate is encouraged.

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.
• Students taking American Sign Language (ASL) to satisfy B.A. foreign language requirement must complete two semesters of ASL classes.

Graduation

• Students taking American Sign Language (ASL) to satisfy B.A. foreign language requirement must complete two semesters of ASL classes.

Additional Requirements
Required Minors

- None

Departmental Exit Requirements

- Students must achieve a minimum grade of "C-" (1.75) in all prerequisite courses, core courses, restricted electives, and B.A./B.S. electives in the program.
- Students must also earn an overall minimum of 2.0 GPA in the courses used to satisfy the major.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

Advising Notes

- Certification in speech-language pathology by the American Speech-Language-Hearing Association and licensure by the State of Florida Department of Health, Division of Medical Quality Assurance requires a master's degree in Communication Sciences and Disorders.

Transfer Notes

- "D" (1.0) grades are not accepted.
- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- Students may take STA 2014C or STA 2023 to fulfill the first part of the statistics requirement.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:

Email: csdundergraduate@ucf.edu

Undergraduate Program Coordinators: Mrs. Therese Coleman and Dr. Jacqueline Towson
Phone: 407-823-4798

Purpose of this program - This program allows highly qualified undergraduate majors in communication sciences and disorders to enroll in 16 credit hours of graduate-level courses while completing the bachelor's degree. This enables full-time students to achieve a master's degree in one to two fewer semesters.

Admission Requirements
- Completion of at least 15 hours of undergraduate CSD coursework at UCF.
- 3.6 GPA or better in courses in the major.
- A highly competitive GRE score taken within the past 5 years.
- Completion of an application, including three letters of recommendation from faculty in the school, and a letter of intent which indicates reasons for desiring entrance into the accelerated program, personal strengths and how they have been demonstrated, and future goals.
- Students who achieve a "B" or better for all 16 credit hours of graduate course work will be formally admitted into the master's program in Communication Sciences and Disorders following receipt of the bachelor's degree.

Degree Requirements
- None

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)
- MGF 1106 - Finite Mathematics Credit Hours: 3 (Preferred)

Select One: (3 Credit Hours)
- STA 2014C - Principles of Statistics Credit Hours: 3 (Required)
- STA 2023 - Statistical Methods I Credit Hours: 3 (Required)
Social Foundations (6 Credit Hours)

- PSY 2012 - General Psychology Credit Hours: 3 (Required)

Select One: (3 Credit Hours)

- POS 2041 - American National Government Credit Hours: 3 (Suggested)

Science Foundations (6 Credit Hours)

- PHY, CHM, or PSC course listed in Science Foundation, Area 1 Credit Hours: 3 (Required)
- Any BSC course listed in Science Foundation, Area 2 or ANT 2511 Credit Hours: 3 (Required)

Common Program Prerequisites (CPP)

Note: Students are encouraged to select science course with PHY or CHM prefix.

- STA 2014C - Principles of Statistics Credit Hours: 3 (GEP)
- PSY 2012 - General Psychology Credit Hours: 3 (GEP)
- Any BSC course or ANT 2511 (GEP)
- PHY, PSC or CHM (GEP)

Core Requirements: Basic Level

- None

Core Requirements: Advanced Level (41 Credit Hours)

- SPA 3471 - Communication Disorders in Literature and Media Credit Hours: 3
- SPA 3101 - Physiological Bases of Speech Credit Hours: 3
- SPA 3112 - Basic Phonetics Credit Hours: 3
- SPA 3112L - Basic Phonetics Lab Credit Hours: 1

Statistics Requirement (3-6 Credit Hours)

- Students have two options in completing this requirement:

Option One: (6 Credit Hours)

- STA 2023 - Statistical Methods I Credit Hours: 3
• STA 4163 - Statistical Methods II Credit Hours: 3

Option Two:

• STA 2014C - Principles of Statistics Credit Hours: 3 (GEP)
• SPA 6805 - Research in Communicative Disorders Credit Hours: 3
  or
• STA 2023 - Statistical Methods I Credit Hours: 3
• SPA 6805 - Research in Communicative Disorders Credit Hours: 3

Restricted Electives (6 Credit Hours)

• An additional six credit hours of upper division course work in Communication Sciences and Disorders selected from a list provided in the CSD School or in consultation with a CSD undergraduate advisor.

B.A./B.S. Option (6 -8 Credit Hours):

Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year in college (eight credit hours). ASL I and II can also be used to fulfill this requirement.

Students pursuing the B.S. degree must complete two upper division health sciences courses (six credit hours) approved by the program.

Capstone Requirements

• None

Electives

• Students pursuing the B.A. degree can choose 7-13 credit hours of electives. Students pursuing the B.S. degree can choose 9-15 credit hours of electives. Select courses that are 2000-level or higher with advisor approval. Note: Students are responsible for meeting the 120 credit hours graduation requirement.

Foreign Language Requirements

Admissions

Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation. American Sign Language (ASL) can be used to fulfill the foreign language admission requirement.

Graduation

Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year. ASL I and II can be used to fulfill this requirement.

Additional Requirements

• None

Required Minors

• None

Departmental Exit Requirements

• A minimum grade of "B" in all graduate courses.
• A minimum overall GPA of 3.0 in the courses used to satisfy the major.
• A passing score on the Communication Sciences and Disorders Undergraduate Competency Examination.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours
Required: 120

Shared Courses (16 Credit Hours)

• SPA 6204 - Articulation/Phonological Disorders
  Credit Hours: 3
• SPA 6410 - Aphasia and Related Disorders
  Credit Hours: 3
• SPA 6496 - Language Disorders in Children and Adolescents
  Credit Hours: 6
• SPA 6805 - Research in Communicative Disorders
  Credit Hours: 3
• SPA 6551 - Foundations of Clinical Practice: Level I
  Credit Hours: 1

Additional Information

Honors In Major

Equipment Fees

• Part-Time Student: $17.50 per term
• Full-Time Student: $35 per term
The School of Kinesiology and Physical Therapy includes the Athletic Training Program, Division of Kinesiology (formerly Sport and Exercise Science) and the Division of Physical Therapy. The programs and courses offered in the school prepare students to be professional providers of evidence-based practices in health care settings, sport and exercise science related professionals, and/or researchers in applied exercise physiology. The school has one bachelor's level program: Kinesiology. Students majoring in Kinesiology B.S. can select one of the following tracks: Exercise and Sport Physiology track or Sport and Athletic Coaching track. In addition, the school offers both a Fitness Training and Sport and Athletic Coaching Minor. The School of Kinesiology and Physical Therapy also offers a number of graduate programs and provides graduate courses to prepare students in the areas of Athletic Training, Kinesiology, Physical Therapy and Anatomical Sciences.

Major

Kinesiology, Exercise and Sport Physiology Track (B.S.)

Email: SESadvising@ucf.edu
Dr. David Fukuda, David.Fukuda@ucf.edu
Phone: 407-823-0623

The Kinesiology B.S. Exercise and Sport Physiology track is appropriate for students interested in pursuing careers in sport science, health promotion, medicine, wellness, sports medicine, and allied health (i.e. physical therapy, athletic training, occupational therapy, cardiac rehabilitation, and corporate wellness). Students who may be continuing on to graduate school in a clinical or medical area should consider pre-requisites for graduate school when choosing certain classes. Students are advised to check the Graduate Program's website for updated information, as well as the Undergraduate Catalog for appropriate General Education courses.

Admission Requirements

- Complete the University General Education Requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Have a minimum 2.5 overall GPA.
- Meet the Gordon Rule requirement
- Meet the SUS Foreign Language Admission requirement

Degree Requirements

- Students should consult with an advisor on a regular basis.
- Students who change degree programs and select this major must adopt the most current catalog.
- Students should see an advisor prior to selecting this major, and at least every semester thereafter.
- Students must earn at least a "C" (2.0) in each required course and maintain an overall GPA of at least a 2.5.
- All pre-requisites for courses taught within the Kinesiology program will be enforced and a required grade of "C" (2.0) or better must be reflected on the degree audit.
- Students must meet with their advisor prior to enrollment in Kinesiology Practicum to complete the departmental application and approval process.
General Education Program (GEP) (38 Credit Hours)

Communication Foundations (9 Credit Hours)
- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Required)

Cultural & Historical Foundations (9 Credit Hours)
- General Education Program elective from Cultural & Historical Foundation, Area 1 to meet Gordon Rule Requirement Credit Hours: 3
- General Education Program elective: Prefer a second course from Cultural & Historical Foundation, Area 1 Credit Hours: 3

Select One: (3 Credit Hours)
- MUL 2010 - Enjoyment of Music Credit Hours: 3 (Preferred)

- PET 4552 - Exercise Prescription for Special Populations  Credit Hours: 3

Restricted Electives (20 Credit Hours)

Students have the opportunity to add learning experiences by earning a double major or minor. In addition, many students will use these electives to take the required courses necessary for graduate studies, for example in medicine, physical therapy and other allied health graduate programs.

Courses completed and already used to satisfy General Education Program, Basic Level, Advanced Level and selected Track requirements may not be used to meet the Restricted Elective requirement.

Kinesiology students must select 20 credits of preferred elective courses OR PET 4926 - Practicum in Kinesiology (9 hrs) AND 11 credits of preferred elective courses.

If students choose to complete Practicum as part of their restricted electives, it must be done during the final semester of the program. Students may choose to complete a Practicum in an area that is specific to their desired career goals. In order to be placed into practicum, students must receive department approval.

A grade of "C" (2.0) or better is required.

A minimum of twenty (20) hours must be selected from the list below. Select restricted electives with advisor approval.

- PEO 3324 - Coaching Volleyball  Credit Hours: 3
- PEO 3514C - Coaching Soccer  Credit Hours: 3
- PEO 3624 - Coaching Basketball  Credit Hours: 3
- PEO 3644 - Coaching Football  Credit Hours: 3

- None

**Related Minors**

- Sport and Athletic Coaching Minor
- Fitness Training Minor
Advising Notes

- Students must meet with their advisor before enrolling each term.
- The Practicum experience will provide the student with actual professional experiences and practical hands-on application. The students will be working directly with a Practicum Site Supervisor in the organization and their UCF Faculty Supervisor.
- Students who choose to complete Practicum will be representing not only themselves while on site but also the Kinesiology Program, the College, and UCF. Therefore, professionalism in manner, ethics, job performance, and dress will be expected at all times. Should there be any question of the performance of the students during their practicum experience, they will be required to meet with their UCF Faculty Supervisor and their Faculty Advisor for a performance evaluation before returning to the Practicum site. The performance concerns will be addressed and a plan of action regarding expectations and improvements will be developed. If the problems persist and the situation warrants, the students may be removed from their Practicum experience.
- All baccalaureate degree-seeking students who initially entered a state university in Fall 2018 and thereafter must meet the State of Florida's civic literacy requirement, pursuant to Board of Governors' policy 8.006. Students are required to demonstrate competency in civic literacy through one of several options prior to graduation from the University of Central Florida. Meet with your academic advisor and review your degree audit prior to the start of your Junior year and determine if you need to fulfill this graduation requirement.

Transfer Notes

- Courses transferred from private and out-of-state institutions must be evaluated for equivalency credit. The student must provide all documentation.

Acceptable Substitutes for Transfer Courses

- The following substitutions are acceptable if taken at a Florida College System institution:
  - BSC 2085C OR BSC 2093C (4 credit hours with lab) with a grade of "C" or better will satisfy the ZOO 3736C - Exercise Physiology Anatomy requirement.
  - BSC 2086C OR BSC 2094C (4 credit hours with lab) with a grade of "C" or better will satisfy the PCB 3703C - Human Physiology requirement.

Program Academic Learning Compacts

**Kinesiology, Sport and Athletic Coaching Track (B.S.)**

College of Health Professions and Sciences

School of Kinesiology and Physical Therapy

Education Building, Room: 320

Website: https://healthprofessions.ucf.edu/kpt/kinesiology/
The Kinesiology B.S. Sport and Athletic Coaching track is appropriate for students interested in coaching at all levels of competition, in a variety of sports, including strength and conditioning. Students are provided with a combination of course content as well as practical field and laboratory experiences. Sport and Athletic Coaching includes coursework leading to partial fulfillment of the Athletic Coaching Endorsement. Full eligibility for the endorsement may require additional criteria outlined by the Florida Department of Education (FLDOE). For further information regarding the Athletic Coaching Endorsement, visit [http://www.fldoe.org/edcert/](http://www.fldoe.org/edcert/). This program Kinesiology B.S - Sport and Athletic Coaching Track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit [https://healthprofessions.ucf.edu/kpt/kinesiology/bachelors/](https://healthprofessions.ucf.edu/kpt/kinesiology/bachelors/).

### Admission Requirements

- Complete the University General Education Requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System institution.
- Have a minimum 2.5 overall GPA.
- Meet the Gordon Rule requirement
- Meet the SUS Foreign Language Admission requirement

### Degree Requirements

- Students should consult with an advisor on a regular basis.
- Students who change degree programs and select this major must adopt the most current catalog.
- Students should see an advisor prior to selecting this major, and at least every semester thereafter.
- Students must earn at least a "C" (2.0) in each required course and maintain an overall GPA of at least a 2.5.
- All pre-requisites for courses taught within the Kinesiology program will be enforced and a required grade of "C" (2.0) or better must be reflected on the degree audit.
- Students must meet with their advisor prior to enrollment in Kinesiology Practicum to complete the departmental application and approval process.

### General Education Program (GEP) (38 Credit Hours)

#### Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I **Credit Hours:** 3 (Required)
- ENC 1102 - Composition II **Credit Hours:** 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication **Credit Hours:** 3 (Required)

#### Cultural & Historical Foundations (9 Credit Hours)

- General Education Program elective from Cultural & Historical Foundation, Area 1 to meet Gordon Rule Requirement **Credit Hours:** 3
- General Education Program elective: Prefer a second course from Cultural & Historical Foundation, Area 1 **Credit Hours:** 3

#### Select One: (3 Credit Hours)

- MUL 2010 - Enjoyment of Music **Credit Hours:** 3 (Preferred)
- PHI 2010 - Introduction to Philosophy **Credit Hours:** 3 (Preferred)
- THE 2000 - Theatre Survey **Credit Hours:** 3 (Preferred)

### Mathematical Foundations (6 Credit Hours)

- MAC 1105C - College Algebra **Credit Hours:** 3 (Required)
- STA 2023 - Statistical Methods I **Credit Hours:** 3 (Required)

### Social Foundations (6 Credit Hours)

- PSY 2012 - General Psychology **Credit Hours:** 3 (Required)
- POS 2041 - American National Government **Credit Hours:** 3 (Preferred)
Science Foundations (8 Credit Hours)

- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (Required)
- BSC 2010C - Biology I Credit Hours: 4 (Preferred)

Common Program Prerequisites (CPP) (11 hours)

- A grade of "C" (2.0) or better is required.
- Some courses below may have additional prerequisite courses required.
- ZOO 3733C (4 credit hours) Human Anatomy is an acceptable equivalent course for ZOO 3736C.
- BSC 2085C and BSC 2086C will automatically substitute for ZOO 3736C and PCB 3703C.
- ZOO 3736C - Exercise Physiology Anatomy Credit Hours: 4
- PCB 3703C - Human Physiology Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- HUN 2201 - Fundamentals of Human Nutrition Credit Hours: 3
- MAC 1105C - College Algebra Credit Hours: 3
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3
- STA 2023 - Statistical Methods I Credit Hours: 3

Core Requirements: Basic Level (21 Credit Hours)

- A grade of "C" (2.0) or better is required.
- PSY 2012 - General Psychology Credit Hours: 3
- APK 2300 - Basic Sport First Aid and CPR Credit Hours: 3
- PET 3005 - Introduction to Kinesiology Credit Hours: 3
- PET 3361 - Nutrition and Metabolism in Kinesiology Credit Hours: 3
- PET 3765 - Coaching Theory Credit Hours: 3
- PET 3351 - Applied Exercise Physiology Credit Hours: 3
- ATR 4132 - Human Injuries: Mechanisms & Prevention Credit Hours: 3

(Choose 1)

- PET 4325 - Functional Kinesiology Credit Hours: 3
- PET 4312C - Applied Biomechanics Credit Hours: 3

Core Requirements: Advanced Level (21 Credit Hours)

- A grade of "C" (2.0) or better is required.
- PET 4763 - Coaching Methods and Principles Credit Hours: 3
- PET 3771 - Strength and Conditioning Concepts Credit Hours: 3
- SPM 3204 - Sports and Ethics Credit Hours: 3
- SPM 3415 - Public Relations in Sport and Athletic Coaching Credit Hours: 3
- SPM 3504 - Fiscal and Facilities: Issues in Sport and Athletic Coaching Credit Hours: 3
- SPM 4723 - Legal Issues in Sport and Athletic Coaching Credit Hours: 3

(Choose 1)

- PEO 3324 - Coaching Volleyball Credit Hours: 3
- PEO 3514C - Coaching Soccer Credit Hours: 3
- PEO 3624 - Coaching Basketball Credit Hours: 3
- PEO 3644 - Coaching Football Credit Hours: 3

Restricted Electives (17 Credit Hours)

Students have the opportunity to add learning experiences by earning a double major or minor. A minimum of seventeen (17) hours must be selected from the list below. Consult your Kinesiology advisor for alternate approved electives.

Courses completed and already used to satisfy General Education Program, Basic Level, Advanced Level and selected Track requirements may not be used to meet the Restricted Elective requirement.

A grade of "C" (2.0) or better is required.

- APK 4110C - Advanced Exercise Physiology Credit Hours: 3
- APK 4203 - Monitoring Training and Athletic Performance Credit Hours: 3
- PEO 3324 - Coaching Volleyball Credit Hours: 3
- PEO 3514C - Coaching Soccer Credit Hours: 3
- PEO 3624 - Coaching Basketball Credit Hours: 3
- PEO 3644 - Coaching Football Credit Hours: 3
- APK 2160 - Facts and Fallacies in Exercise and Nutrition Credit Hours: 3
- PET 3097 - Health and Wellness Credit Hours: 3
- PET 3125 - Fitness and Weight Management Credit Hours: 3
- PET 4050C - Motor Development and Learning Credit Hours: 3
- PET 4083 - Personal Training Methods Credit Hours: 3
- PET 4088 - Physical Activity & Preventive Medicine Credit Hours: 3
- PET 4143 - Current Issues & Trends in Kinesiology Credit Hours: 3
- PET 4215 - Motivational Aspects of Athletic Performance Credit Hours: 3
- PET 4312C - Applied Biomechanics Credit Hours: 3
- PET 4325 - Functional Biomechanics Credit Hours: 3
- PET 4552 - Exercise Prescription for Special Populations Credit Hours: 3
- PEM 2104 - Personal Fitness Credit Hours: 3
- PEM 2131 - Strength Resistance Training Credit Hours: 2
- PEM 2431 - Beginning Judo Credit Hours: 2
- PEM 2432 - Intermediate Judo Credit Hours: 2
- PEM 2402 - Beginning Brazilian Jiu-Jitsu Credit Hours: 2
- PEM 2403 - Intermediate Brazilian Jiu-Jitsu Credit Hours: 2
- BSC 2010C - Biology I Credit Hours: 4
- PET 4550C - Assessment and Evaluation in Kinesiology Credit Hours: 3
- PET 4901 - Capstone in Kinesiology Credit Hours: 3
- PET 4926 - Practicum in Kinesiology Credit Hours: 9

Foreign Language Requirements

Admissions

- (0-8 hrs.) State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

1. A minimum overall GPA of 2.5.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

Capstone Requirements (12 Credit Hours)

Completed during the final semester in the program. In order to be approved for Capstone and Practicum, students must meet with their Kinesiology advisor in the term prior to their final semester. Students must complete all Common Program Pre-requisites prior to admission into Capstone and Practicum.

A grade of "C" (2.0) or better is required.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Select One: (3 Credit Hours)

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

• None

Related Programs

• None

Certificates

• None

Related Minors

• Sport and Athletic Coaching Minor
• Fitness Training Minor

Advising Notes

• Students must meet with their advisor before enrolling each term.
• The Practicum experience will provide the student with actual professional experiences and practical hands-on application. The students will be working directly with a Practicum Site Supervisor in the organization and their UCF Faculty Supervisor.
• Students who complete Practicum will be representing not only themselves while on site but also the Kinesiology Program, the College, and UCF. Therefore, professionalism in manner, ethics, job performance, and dress will be expected at all times. Should there be any question of the performance of the students during their practicum experience, they will be required to meet with their UCF Faculty Supervisor and their Faculty Advisor for a performance evaluation before returning to the Practicum site. The performance concerns will be addressed and a plan of action regarding expectations and improvements will be developed. If the problems persist and the situation warrants, the students may be removed from their Practicum experience.
• All baccalaureate degree-seeking students who initially entered a state university in Fall 2018 and thereafter must meet the State of Florida's civic literacy requirement, pursuant to Board of Governors' policy 8.006. Students are required to demonstrate competency in civic literacy through one of several options prior to graduation from the University of Central Florida. Meet with your academic advisor and review your degree audit prior to the start of your Junior year and determine if you need to fulfill this graduation requirement.

Transfer Notes

• Courses transferred from private and out-of-state institutions must be evaluated for equivalency credit. The student must provide all documentation.

Acceptable Substitutes for Transfer Courses

• The following substitutions are acceptable if taken at a Florida College System institution:
  • BSC 2085C OR BSC 2093C (4 credit hours with lab) with a grade of "C" or better will satisfy the ZOO 3736C - Exercise Physiology Anatomy requirement.
  • BSC 2086C OR BSC 2094C (4 credit hours with lab) with a grade of "C" or better will satisfy the PCB 3703C - Human Physiology requirement.

Program Academic Learning Compacts

• Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oead.ucf.edu/alc/academic_learning_compacts.htm

Minor

Fitness Training Minor

The Fitness Training minor is for the students interested in working in wellness centers as personal trainers. This minor provides the knowledge and experiences to be successful in this growing and exciting area. The goal is to provide guided practical skills application to those students who wish to teach fitness related concepts to individuals and/or groups. With the knowledge acquired from the completion of the required coursework for the Fitness Training Minor, students will be prepared and eligible to seek industry certification in the Sport and Fitness Profession. This Minor is available for students in the 2001 catalog year and beyond. The Fitness Training minor is not available to Kinesiology Pending and Kinesiology - Exercise and Sport Physiology Track majors.

Minor Admission Requirements

- Have a minimum 2.5 overall GPA
- Complete the University General Education Requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System Institution

Minor Requirements

- No grades below "C" (2.0) and no "S" grades will be accepted.
- At least 12 hours used in the minor must be earned at UCF.
- An overall GPA of 2.5 is required to satisfy the minor.

Prerequisite Courses

None

Foreign Language Requirements

None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- An overall GPA of 2.5 is required to satisfy the minor.
- No grades below "C" (2.0) and no "S" grades will be accepted.
- At least 12 hours used in the minor must be earned at UCF.
- No TSD or Military credit may be used.
- Internship or Independent Study credit cannot be used towards the minor.
- Courses taken at Florida College System institutions may substitute for select courses with the permission of the department.
- ZOO 3736C or equivalent is a prerequisite for PET 4325, PET 3351 and PET 3771. PET 3351 is a prerequisite for PET 4550C and PET 4552.

Required Courses (12 Credit Hours)

- PET 4325 - Functional Kinesiology Credit Hours: 3
- PET 4550C - Assessment and Evaluation in Kinesiology Credit Hours: 3
Restricted Electives (6 Credit Hours)

Select Two: (6 Credit Hours)
- APK 2300 - Basic Sport First Aid and CPR Credit Hours: 3
- PET 3125 - Fitness and Weight Management Credit Hours: 3
- PET 3771 - Strength and Conditioning Concepts Credit Hours: 3
- PET 4083 - Personal Training Methods Credit Hours: 3
- PET 4215 - Motivational Aspects of Athletic Performance Credit Hours: 3
- PET 4552 - Exercise Prescription for Special Populations Credit Hours: 3

Sport and Athletic Coaching Minor

The Sport and Athletic Coaching Minor is designed to provide a limited, but substantive experience in the field of coaching. The state of Florida requires a coaching endorsement, which includes nine hours (Human Injuries, Coaching Theory, and a Coaching Specialization course), for all persons certified to teach. This minor is appropriate for those students who plan to coach and/or are seeking a career in the fields of Physical Education and sport. The Sport and Athletic Coaching Minor includes coursework leading to partial fulfillment of the Athletic Coaching Endorsement. Full eligibility for the endorsement may require additional criteria outlined by the Florida Department of Education. For further information regarding the Athletic Coaching Endorsement, visit http://www.fldoe.org/edcert/. This Minor is available for students in the 2001 Catalog Year and beyond. The Sport and Athletic Coaching Minor is not available to Kinesiology Pending and Kinesiology- Sport and Athletic Coaching Track majors.

Admission Requirements:
- Minimum 2.5 overall GPA
- Complete the University General Education Requirements or its equivalent, i.e. an AA degree from a Florida College System or State University System Institution

Prerequisite Courses: None

Foreign Language Requirements
- None

Total Undergraduate Credit Hours Required: 22

Other Requirements
- An overall GPA of 2.5 is required to satisfy the minor.
- No grades below “C” (2.0) and no “S” grades will be accepted.
- At least 12 hours used in the minor must be earned at UCF.
- No TSD or Military credit may be used.
- Internship or Independent Study credit cannot be used towards the minor.
- Courses taken at Florida College System institutions may substitute for select courses with the permission of the department.
- ZOO 3736C or equivalent is a prerequisite for ATR 4132.

Required Courses (19 credit hours)
- ATR 4132 - Human Injuries: Mechanisms & Prevention Credit Hours: 3
- PET 3765 - Coaching Theory Credit Hours: 3
- PET 4215 - Motivational Aspects of Athletic Performance Credit Hours: 3
- PET 4763 - Coaching Methods and Principles Credit Hours: 3
- SPM 3204 - Sports and Ethics Credit Hours: 3
- ZOO 3736C - Exercise Physiology Anatomy Credit Hours: 4

Select One: (3 credit hours)
- PEO 3324 - Coaching Volleyball Credit Hours: 3
- PEO 3624 - Coaching Basketball Credit Hours: 3
- PEO 3514C - Coaching Soccer Credit Hours: 3
- PEO 3644 - Coaching Football Credit Hours: 3
School of Social Work

Interim Director: Ana Leon
HPA1 204; 407-823-2114
https://healthprofessions.ucf.edu/socialwork/

Faculty: Anderson, Beltran, Brown, Burg, Chapple, Dziegielewski, Ferretti, Gammonley, Gryglewicz, Hall, Harris-Jackson, Kohn, Lawrence, Leon, Mazany, McGregor, Molina, Nam, O'Connor, Ramos, Roche, Steen, Stewart, Wang, Wharton, Whitworth, Withers, Yalim, Yegidis

The UCF School of Social Work BSW Program (undergraduate social work program) prepares generalist social work students to become practitioners who promote optimal well-being, human rights, and social and economic justice. The school focuses on social change from a regional and global perspective with individuals, families, groups and communities in diverse practice settings. Today social workers are continuing their efforts in healthcare facilities, mental health centers, schools, substance abuse programs, neighborhood centers, nursing homes, homeless shelters, hospice programs, and many other settings. Social workers work with people from all backgrounds to help them find ways to live richer and more productive lives. The strengths perspective is central to the social work profession emphasizing resources, capabilities, resilience, and seeing obstacles as challenges.

The curriculum, nationally accredited by the Council on Social Work Education, aims to graduate social work generalists who can teach people how to create their own path and enhance their quality of life. Graduates will assist people in changing patterns of behavior, ameliorate poverty, abuse, and oppression and help them to develop effective coping skills for life's challenges. The Social Work Program is a limited access program that requires a separate application to the School of Social Work.

If a student wishes to pursue their academic endeavors further, the School of Social Work also offers a Master's in Social Work.

Major

Social Work (B.S.W.)

College of Health Professions and Sciences
School of Social Work,

Admission Requirements

- Acceptance to the University does not necessarily constitute admission to the upper division social work program. Separate application to the limited access program must be made to the School of Social Work. Students are admitted to the undergraduate program only in the Summer or Fall terms. To be considered for admission to the program, students must have:
  - Admission to the University.
  - A 2.5 overall GPA.
  - An AA (from a Florida College System or State University System institution) or UCF General Education Program and Gordon Rule requirement.
  - 15 semester hours common program prerequisites completed with a "C" (2.0) or better in each course (see Section 2 below for list of courses).
  - This limited access program is work-intensive. Due to this it is strongly recommended that students be at least one year post high school prior to applying to the program. Students with concerns or questions should contact the program to schedule an appointment with an advisor.
  - Personal qualifications considered for acceptance include intelligence, initiative, social concern, appreciation for human diversity, dependability, humanitarian interests in helping people and in improving human services and college-level reading and writing skills.

Degree Requirements

- Students who are pending Social Work and are admitted to the program must adopt the most current catalog.
- Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Social Work.
Students should complete the General Education Program and the Common Program Prerequisite Requirements before beginning the Social Work Program.

Students entering the social work program and completing the program prerequisites including Statistics are required to earn a minimum of "C" (2.0) in each course.

Students should consult with a school advisor.

The courses designated in sections 1 (general education) and 2 (common program prerequisites) below may be taken at a college or university other than UCF, and should usually be completed in the first 60 hours.

Students meeting the six hours of cultural diversity requirement must earn a minimum of "C" (2.0) in each course.

A minimum overall GPA of 2.5 is required in all Social Work courses with a minimum grade of "C" (2.0) in each course.

Students must earn an overall GPA of 2.5 for entry into field education (SOW 4510 or SOW 4941 part-time) and to be eligible for graduation from the Social Work Program.

Students must complete all the requirements listed in 1-11 below.

### General Education Program (GEP) (36 Credit Hours)

#### Communication Foundations (9 Credit Hours)

#### Cultural and Historical Foundations (9 Credit Hours)

#### Mathematical Foundations (6 Credit Hours)

Select One: (3 Credit Hours)

- STA 2014C - Principles of Statistics **Credit Hours: 3** (Required)
- STA 2023 - Statistical Methods I **Credit Hours: 3** (Required)

#### Social Foundations (6 Credit Hours)

- POS 2041 - American National Government **Credit Hours: 3** (Required)
- PSY 2012 - General Psychology **Credit Hours: 3** (Required)

### Science Foundations (6 Credit Hours)

- BSC 1005 - Biological Principles **Credit Hours: 3** (Required)

### Common Program Prerequisites (CPP) (6 Credit Hours)

See Transfer Notes

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- POS 2041 - American National Government **Credit Hours: 3** (GEP)
- BSC 1005 - Biological Principles **Credit Hours: 3** (GEP)
- PSY 2012 - General Psychology **Credit Hours: 3** (GEP)
- SYG 2000 - Introduction to Sociology **Credit Hours: 3**

### Core Requirements: Basic Level

- Required Principles of Statistics
- Choose ONE of the following courses, or see advisor for more options:
  - STA 2014C - Principles of Statistics **Credit Hours: 3**
    - GEP
  - STA 2023 - Statistical Methods I **Credit Hours: 3**
    - GEP
Core Requirements: Advanced Level
(45 Credit Hours)

- SOW 3284 - Social Work Perspectives on Social Justice Credit Hours: 3
- SOW 3104 - Human Behavior and the Social Environment I Credit Hours: 3

- SOW 4232 - Social Welfare Policies and Issues Credit Hours: 3
- SOW 4341 - Micro-Level Roles and Interventions in Social Work Credit Hours: 3
- SOW 4343 - Macro-Level Roles and Interventions in Social Work Credit Hours: 3
- SOW 4522 - Field Education Seminar Credit Hours: 3
- SOW 4510 - Field Education Credit Hours: 9

Cultural Diversity Requirement (6 Credit Hours)

Choose two of the following suggested courses

- ANT 4332 - People and Cultures of Latin America Credit Hours: 3
- ANT 2410 - Cultural Anthropology: Global Perspectives, Local Contexts Credit Hours: 3
- ANT 3610 - Language and Culture Credit Hours: 3
- ASH 4404 - Modern China Credit Hours: 3
- ASH 4442 - Modern Japan Credit Hours: 3
- CPO 4303 - Comparative Latin American Politics Credit Hours: 3
- HUM 3401 - Asian Humanities Credit Hours: 3
- REL 3333 - Hinduism Credit Hours: 3
- REL 3363 - Islam Credit Hours: 3
- JST 3401 - Jewish People in Antiquity Credit Hours: 3
- JST 3402 - Wanderings: The Jewish People in Dispersion Credit Hours: 3
- JST 3820 - Modern Israeli Culture Credit Hours: 3
- LAH 3130 - Latin American History I Credit Hours: 3
- LAH 3200 - Modern Latin America Credit Hours: 3
- LAH 3400 - History of Mexico and Central America Credit Hours: 3
- LAH 3470 - History of the Caribbean Credit Hours: 3
- AMH 3561 - Women in American History I Credit Hours: 3
- AMH 3571 - Black American History I Credit Hours: 3
- AMH 3586 - History of Latinos in the U.S. Credit Hours: 3
- ANT 3302 - Sex, Gender and Culture Credit Hours: 3
- ANT 3311 - Indians of the Southeastern United States Credit Hours: 3
- SOP 3724 - Psychology of Prejudice Credit Hours: 3
- SOP 3742 - Psychology of Women Credit Hours: 3
- SYD 3700 - Race and Ethnicity Credit Hours: 3
- EDF 2085 - Introduction to Diversity for Educators Credit Hours: 3
- HSC 3593 - HIV Disease: A Human Concern Credit Hours: 3

Restricted Electives (6 Credit Hours)

- Select six hours of social work electives in consultation with faculty advisor.

Capstone Requirements

- None

Electives

- Students can choose 21 credit hours of electives. SOW 2020 (3 credit hours) Careers in Creating Social Change is a preferred elective for students in Freshman and Sophomore standing. Select courses that are 2000-level or higher with advisor approval. Note: Students are responsible for
meeting the 120 credit hours graduation requirement.

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.
- Students that transfer with an AA degree and will be pursuing a BS degree must meet the University foreign language admission requirements for graduation.

Graduation

- Cultural Diversity Requirement

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- A minimum overall GPA of 2.5 in all social work courses with a minimum grade of "C" (2.0) or higher in each social work course.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Complete a three-credit directed reading course/or a three-credit CHPS Interdisciplinary Honor Course.
- Complete a three-credit thesis course.
- Earn a 3.5 GPA in your Social Work major.
- Earn a cumulative 3.2 GPA in your total UCF courses.
- Complete 60 hours of college credit, including 12 upper division hours at UCF.

Related Programs

- Criminal Justice (B.A. or B.S.)

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Plan of Study

- The BSW program curriculum follows a structured sequence of courses. The Schedule of Study can be found in the Social Work Handbook.
- Courses should be taken sequentially and only when prerequisites have been met.
- Students are required to meet with the BSW program coordinator or program advisor to develop an academic degree plan and then revisit with them once a semester to ensure accuracy of the courses and to graduate on time.
- Students admitted to the BSW Major may enroll in:
  - SOW 3300 Practice I: Understanding Generalist Practice - Junior Year Summer Admission or Junior Year Fall Admission
  - SOW 3620 Culturally Competent Social Work Practice - Junior Year Spring or Junior Year Summer
  - SOW 4343 Macro Level Roles and Interventions in Social Work - Junior Year Summer or Senior Year Spring

Freshman Year - Fall (15 Credit Hours)

- 2000-level or higher Elective Credit Hours: 3
- ENC 1101 - Composition I Credit Hours: 3

Freshman Year - Spring (15 Credit Hours)

- GEP Cultural Credit Hours: 3
- ENC 1102 - Composition II Credit Hours: 3
- STA 2014C - Principles of Statistics Credit Hours: 3
- POS 2041 - American National Government Credit Hours: 3
- SYG 2000 - Introduction to Sociology Credit Hours: 3

Sophomore Year - Fall (12 Credit Hours)

- GEP Communication Credit Hours: 3
- GEP Historical Credit Hours: 3
- 2000-level or higher Elective (SOW 2020 Careers in Creating Social Change - Preferred) Credit Hours: 3
- Select One: (3 Credit Hours)
  - ECO 2013 - Principles of Macroeconomics Credit Hours: 3
  - ECO 2023 - Principles of Microeconomics Credit Hours: 3

Sophomore Year - Spring (15 Credit Hours)

- 2000-level or higher Elective Credit Hours: 3
- 2000-level or higher Elective Credit Hours: 3
- GEP Science Credit Hours: 3
- GEP Historical Credit Hours: 3
- Cultural Diversity Elective Credit Hours: 3

Sophomore Year - Summer (6 Credit Hours)

- SOW Elective Credit Hours: 3
• 2000 level or higher Elective Credit Hours: 3

Junior Year - Fall (12 Credit Hours)
• SOW 3284 - Social Work Perspectives on Social Justice Credit Hours: 3
• SOW 3104 - Human Behavior and the Social Environment I Credit Hours: 3
• SOW 3300 - Practice I: Generalist Practice in Social Work Credit Hours: 3
• SOW Elective Credit Hours: 3

Junior Year - Spring (15 Credit Hours)
• SOW 3111 - Human Behavior and the Social Environment II Credit Hours: 3
• SOW 3352 - Practice II: Interpersonal Skills in Social Work Credit Hours: 3
• SOW 3401 - Social Work Research Credit Hours: 3
• SOW 3620 - Culturally Competent Social Work Practice Credit Hours: 3
• Cultural Diversity Elective Credit Hours: 3

Junior Year - Summer (6 Credit Hours)
• 2000-level or higher Elective Credit Hours: 3
• 2000-level or higher Elective Credit Hours: 3

Senior Year - Fall (12 Credit Hours)
• SOW 4232 - Social Welfare Policies and Issues Credit Hours: 3
• SOW 4341 - Micro-Level Roles and Interventions in Social Work Credit Hours: 3
• SOW 4343 - Macro-Level Roles and Interventions in Social Work Credit Hours: 3
• SOW 4730 - Documentation in Social Work Practice Credit Hours: 3

Senior Year - Spring (12 Credit Hours)
For Full-time students ONLY: (12 Credit Hours)
• SOW 4510 - Field Education Credit Hours: 9

For Part-time students ONLY: (7 Credit Hours)
• SOW 4941 - Internship Credit Hours: 5
• SOW 4515 - Part Time Field Education Seminar Credit Hours: 1-2

Senior Year - Summer (5 Credit Hours)
For Part-time students ONLY:
• SOW 4941 - Internship Credit Hours: 4
• SOW 4515 - Part Time Field Education Seminar Credit Hours: 1-2

Minor

Aging Studies Minor

College of Health Professions and Sciences
School of Social Work
Health and Public Affairs I, Room: 248
Phone: 407-823-2215
Ms. Robin Kohn
Email: robin.kohn@ucf.edu

In recognition of the special needs of older adults in Central Florida, the University offers an 18-credit hour interdisciplinary program leading to a Minor in Aging Studies. The minor is open to all students in any major. This minor prepares students for careers in applied gerontology, research, public service or for graduate training. Courses focus on the physiological, psychological, sociological, environmental, cultural, legal-ethical and public policy issues affecting older adults. Students majoring in health professions, biomedical sciences, criminal justice and legal studies, hospitality management, psychology, social work, nursing, sociology, business, exercise science, physical education, communication...
sciences and disorders or education find study of the aging process especially helpful.

**Minor Admission Requirements**

- None

**Minor Requirements**

- A required 120-hour internship, along with course options that include service-learning activities, complements the courses.
- Students select one of the internship courses listed below depending on their major. BSW majors must take the 9 credit hour field education course.

**Prerequisite Courses**

- None

**Required Courses (6 Credit Hours)**

- GEY 3001 - Gerontology: An Interdisciplinary Overview **Credit Hours:** 3

**Required Internship Select One:**

1 For full-time Social Work majors. Cannot be used with SOW 4941.

2 For part-time Social Work majors. Cannot be used with SOW 4510.

3 For Interdisciplinary Studies majors

Note: Students must enroll in a minimum of 3 credit hours if HSA 4850, IDS 4947 or PSY 3951 are selected to meet the Internship requirement.

- HSA 4850 - Health Services Administration Internship **Credit Hours:** VAR
- IDS 4947 - Internship **Credit Hours:** 3
- PSY 3951 - Undergraduate Field Work **Credit Hours:** 1-9
- SOW 4510 - Field Education **Credit Hours:** 9 1
- SOW 4941 - Internship **Credit Hours:** 9 2

**Restricted Electives (12 Credit Hours)**

- Students select FOUR courses from the following list of restricted electives:

**College of Health Professions and Sciences**

- SOW 4645 - Social Services for the Elderly **Credit Hours:** 3
- SOW 3740 - Social Work Practice with Loss & Life's Transitions **Credit Hours:** 3

**College of Community Innovation and Education**

- HSA 4220 - Long Term Patient Management **Credit Hours:** 3
- HSA 3222 - Long Term Care and Administration **Credit Hours:** 3
- HSC 4564 - Health Care Needs of the Elderly **Credit Hours:** 3
- PLA 4530 - Legal Issues of the Elderly **Credit Hours:** 3

**College of Nursing**

- NUR 4286 - Gerontologic Nursing **Credit Hours:** 3

**College of Sciences**

- DEP 3464 - Psychology of Aging **Credit Hours:** 3
- SYP 4730 - Aging in Society **Credit Hours:** 3
- SYP 4732 - Minority Aging **Credit Hours:** 3

**Rosen College of Hospitality Management**

- HFT 3005 - Introduction to Hospitality and Senior Living Industries **Credit Hours:** 3

**Foreign Language Requirements**
Total Undergraduate Credit Hours
Required: 18

Other Requirements

- A minimum grade of "C" (2.0) is required in each course used to satisfy the minor.
- At least 12 hours used in the minor must be earned at UCF within the program.
- No credit by exam (TSD, Military credit) may be used.
- Independent Study credit may not be used toward the minor.

Certificate Admission Requirements

- None

Certificate Requirements

- A required 120 - hour internship, along with course options that include service-learning activities, complements the courses.
- Students select one of the internship courses listed below depending on their major. BSW majors must take the 9 credit hour field education course.

Prerequisite Courses

- None

Required Courses (6 Credit Hours)

- GEY 3001 - Gerontology: An Interdisciplinary Overview Credit Hours: 3

Required Internship: (Select one) (3 Credit Hours)

1 Full-time social work majors ONLY. Cannot be used with SOW 4941.

2 Part-time social work majors over two semesters ONLY. Cannot be used with SOW 4510.

3 For Interdisciplinary Studies majors

Note: Students must enroll in a minimum of 3 credit hours if HSA 4850, IDS 4947 or PSY 3951 are selected to meet the Internship requirement.

- HSA 4850 - Health Services Administration Internship Credit Hours: VAR
- IDS 4947 - Internship Credit Hours: 3
- PSY 3951 - Undergraduate Field Work Credit Hours: 1-9
- SOW 4510 - Field Education Credit Hours: 9 1
Restricted Electives (9 Credit Hours)

- Students select THREE courses from the following list of restricted electives:

College of Health Professions and Sciences

- SOW 4645 - Social Services for the Elderly  
  Credit Hours: 3
- SOW 3740 - Social Work Practice with Loss & 
  Life's Transitions  Credit Hours: 3

College of Community Innovation 
and Education

- HSA 4220 - Long Term Patient Management  
  Credit Hours: 3
- HSA 3222 - Long Term Care and Administration  
  Credit Hours: 3
- HSC 4564 - Health Care Needs of the Elderly  
  Credit Hours: 3
- PLA 4530 - Legal Issues of the Elderly  
  Credit Hours: 3

College of Nursing

- NUR 4286 - Gerontologic Nursing  
  Credit Hours: 3

College of Sciences

- DEP 3464 - Psychology of Aging  
  Credit Hours: 3
- SYP 4730 - Aging in Society  
  Credit Hours: 3
- SYP 4732 - Minority Aging  
  Credit Hours: 3

Rosen College of Hospitality 
Management

- HFT 3005 - Introduction to Hospitality and 
  Senior Living Industries  
  Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 15

Other Requirements

- A minimum grade of "C" (2.0) required in each course used to satisfy the certificate
- At least 12 hours used in the certificate must be earned at UCF within the department
- No credit by exam (TSD, Military credit) may be used.
- Independent Study cannot be used toward the certificate

Children's Services Certificate

This certificate is awarded only to students in the undergraduate social work program. The Children's Services Certificate is designed to help students learn about practice considerations in providing services to children and families. Students are prepared to identify a variety of problems such as child abuse, neglect, childhood trauma, and family dynamics essential for identifying service delivery to this population. The certificate includes both classroom academic work and a specialized field internship. This certificate assists in improving services to children and their families. Certificates will be awarded only at the time of degree completion.

Certificate Admission Requirements

- Must be a BSW major.

Children's Services Certificate

College of Health Professions and Sciences 
School of Social Work, Health and Public Affairs I, 
Room: 204
Email: socialwk@ucf.edu

BSW Program Director

This certificate is awarded only to students in the 
undergraduate social work program. The Children's 
Services Certificate is designed to help students learn about 
practice considerations in providing services to children 
and families. Students are prepared to identify a variety of 
problems such as child abuse, neglect, childhood trauma, 
and family dynamics essential for identifying service 
delivery to this population. The certificate includes both 
classroom academic work and a specialized field 
internship. This certificate assists in improving services to 
children and their families. Certificates will be awarded 
only at the time of degree completion.

Certificate Admission 
Requirements

- Must be a BSW major.
Certificate Requirements

- Placement in an agency that serves children.
- Students need to discuss their interest in the certificate with the field office when BSW placements are being arranged.

Prerequisite Courses

- None

Required Courses (18 Credit Hours)

- SOW 3352 - Practice II: Interpersonal Skills in Social Work Credit Hours: 3
- SOW 4654 - Children's Services Credit Hours: 3
- SOW 4650 - Child Abuse: Treatment and Prevention Credit Hours: 3

Select One: (9 Credit Hours)

1 (for full-time students ONLY)
2 (for part-time students over two semesters)

- SOW 4510 - Field Education Credit Hours: 9 1
- SOW 4941 - Internship Credit Hours: 9 2

Restricted Electives

- None

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- None
The UCF College of Medicine through its Burnett School of Biomedical Sciences (BSBS) offers the third largest undergraduate program in the university, B.S. in Biomedical Sciences, that meets the admission requirements for medical and other health professional school programs. The Burnett school is an integral part of the College of Medicine, making it a research-intensive medical school where cutting-edge medical research spans the entire spectrum from laboratory bench to bedside. BSBS is home to quality programs in the biomedical sciences as well as vigorous research programs focused on cancer, cardiovascular, neurological, and infectious diseases. The UCF College of Medicine is a forward-looking medical school with a culture based on partnerships and collaboration. The college's medical and biomedical programs capitalize on UCF's existing strengths in biological sciences, modeling and simulation, engineering, optics and photonics, psychology, chemistry, film and digital media, business, and nursing.

The mission of the Burnett School of Biomedical Sciences is to provide quality undergraduate and graduate programs in the biomedical sciences and build vigorous research programs. In addition to conducting cutting-edge research in biomedicine with potential application to curing major diseases, BSBS is committed to helping develop a technology-based industry in Florida. Active partnerships formed with other units such as the College of Optics and Photonics, the College of Engineering and Computer Science and the Nanoscience Technology Center will facilitate interdisciplinary research and education programs in the innovative application of photonics, bioinformatics and nanoscience to biomedical problems.

The Burnett School is educating over 3,000 undergraduate majors including Biomedical Sciences (including the Pre-professional concentration), Biotechnology, and Medical Laboratory Sciences. The Biomedical Sciences BS also offers three tracks within the major: Molecular Microbiology, Molecular and Cellular Biology and Neuroscience. BSBS also offers master's degrees in Biomedical Sciences and in Biotechnology, as well as an interdisciplinary doctoral degree in Biomedical Sciences. The current graduate enrollment is approximately 135 masters and doctoral students. The college also offers an M.D. program. The M.D. program enrolled its first class in August 2009 and has increased the number of admitted students annually to a level that produces 120 medical graduates each year. The current enrollment is approximately 491 M.D. students.

In addition to multiple facilities on the main Orlando campus, the college has facilities that are an integral part of the growing medical city at Lake Nona. The UCF Health Sciences Campus at Lake Nona includes the a 170,000-square-foot medical education building and the 198,000-square-foot Burnett Biomedical Sciences building. The M.D. program is offered in the medical education building, which features the latest in lab and classroom technology. The state of the art research laboratories in the Burnett Biomedical Sciences building provide expanded research opportunities for undergraduate and graduate students. Advising for undergraduate programs is located in HPA II room 335.

College of Medicine Mission, Vision and Goals

Mission

The University of Central Florida College of Medicine educates and inspires individuals to be exemplary physicians and scientists, leaders in medicine, scholars in discovery, and adopters of innovative technology to improve the health and well-being of all.

Our patient-centered mission is achieved by outstanding medical care and services, groundbreaking research, and leading edge medical and biomedical education in an environment enriched by diversity.

Vision

The University of Central Florida College of Medicine aspires to be the nation's premier 21st century college of medicine.

The UCF College of Medicine will be a national leader in education, research, and patient care, recognized for supporting and empowering its students and faculty to realize their passion for discovery, healing, health, and life,
and for its ability to create partnerships to transform medical education, health care, and research.

Goals

- Excel in medical and biomedical education
- Excel in research and discovery in: biomedical sciences, medical education, and health care
- Provide outstanding, innovative, patient-centered care while transforming health care delivery
- Be America's leading partnership college of medicine
- Achieve a diversified self-sustaining infrastructure to support future operations

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the College of Medicine are located at: http://oeas.ucf.edu/academiclearningcompacts.html

All Undergraduate programs for the College of Medicine are listed below. For a full list of Graduate programs click here.

Burnett School of Biomedical Sciences

Director, Burnett School of Biomedical Sciences: Griffith Parks
BBS 101K; 407-823-5932

Associate Director of Undergraduate Affairs, Burnett School of Biomedical Sciences: William Self
HPA2 335C; 407-823-5932

Associate Director of Graduate Affairs, Burnett School of Biomedical Sciences: Saleh Naser
BMS 136B; 407-823-1312

Associate Director, Academic Support Services, Burnett School of Biomedical Sciences: Greg Norris
BBS 101N; 407-266-7009

The Burnett School of Biomedical Sciences in the College of Medicine offers bachelor degrees in Biomedical Sciences (including the Biomedical Sciences, Pre-professional Concentration) and Biotechnology that prepare students for admission to health professional or graduate programs. The B.S. in Medical Laboratory Sciences provides training for students to work in clinical or hospital laboratories. BSBS also offers M.S. programs in Biomedical Sciences, and Biotechnology. Also, it offers an interdisciplinary Ph.D. program in Biomedical Sciences. At this time, the Burnett School has over 3,000 undergraduate students and approximately 135 graduate students.

Program in Biomedical Sciences

Undergraduate Coordinator: Dorilyn Hitchcock
HPA2 312; 407-823-5932

Graduate Coordinator (M.S. program): Saleh Naser
BMS 136B; 407-823-1312

Graduate Co-Coordinator (Ph.D. Program): Jihe Zhao
BBS 316; 407-823-1312

The core curriculum in the baccalaureate program, with its broad and thorough background in the physical, computational, and life sciences, provides a solid foundation in concepts and applications of modern biology to contemporary and future problems. The restricted electives component of the baccalaureate program allows each student to enhance his/her academic preparation in areas of morphological, clinical, analytical or investigative applications. There are three tracks in the Biomedical Sciences B.S.: Molecular Microbiology, Molecular and Cellular Biology, and Neuroscience. Students are also encouraged to gain research experience and exposure to specialized topics not taught in formal courses through the directed research and independent study contracts with selected faculty. This thorough, but flexible, program provides an excellent preparation for industry, graduate education, and for the four-year health science professions (medicine, veterinary, pharmacy, podiatry, physician assistant, physical therapy, optometry, chiropractic and dentistry).

Program in Biotechnology

Undergraduate Coordinator: Dorilyn Hitchcock
HPA2 312; 407-823-5932

Graduate Coordinator: Saleh Naser
BMS 136B; 407-823-1312

To meet the demand for highly trained scientists in the biotechnology workforce, the Burnett School of Biomedical Sciences offers a Bachelor of Science degree in Biotechnology. This degree program prepares students to function in the industrial biotechnology/biomedical environment, providing them with more "hands on" laboratory experiences and opportunities for research. These students will be provided an industrial perspective and an understanding of product development as they are trained in the molecular techniques required for such development.
Program in Medical Laboratory Sciences

Director: Dorilyn Hitchcock
HPA2 312; 407-823-5932

Medical laboratory scientists are involved in medical diagnosis, patient treatment, health screening, laboratory management, research, and laboratory education. They use highly sophisticated analytical equipment for the examination of blood and body fluids.

The curriculum is designed to give students a thorough background in the physical and biological sciences; to develop the necessary laboratory skills and essential skills to assume leadership roles in management and education. It also prepares students in the development of a high level of proficiency in correlating clinical data.

The last two years of sequential courses constitute the upper division professional phase of the program. The Medical Laboratory Sciences class size to be selected is determined by the availability of space and equipment, as well as available spaces in the clinical facilities.

The Medical Laboratory Sciences is a limited access program that requires a separate application to the program. Preference will be given to those who apply by March 1st, but applications will be accepted until the class is filled.

The Medical Laboratory Sciences program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS, 5600 N. River Road, Suite 720, Rosemont, IL 60018-5119) and is approved as a training program by the State of Florida Board of Clinical Laboratory Personnel.

Office of Student Services and Advisement (OSSA)

Director: Amanda Colee
HPA2 335; 407-823-5932;
Academic Advisor: Cynthia Contreras
HPA2 335; 407-823-5932;
Academic Advisor: Tera Bravo
HPA2 335; 407-823-5932
Email: BSBSAdvising@ucf.edu

The Office of Student Services and Advisement (OSSA) is the primary office for undergraduate academic advisement in the Burnett School of Biomedical Sciences. OSSA assists Biomedical Sciences, Biotechnology, and Medical Laboratory Sciences students with orientation, registration, university policies and procedures, major requirements, course substitutions, and graduation certification. Students interested in pursuing the Medical Laboratory Sciences limited access program, should meet with an advisor or the Program Director for more information.

Major

Biomedical Sciences (B.S.)

College of Medicine
Burnett School of Biomedical Sciences
Health and Public Affairs II, Room: 335

Email: bsbsadvising@ucf.edu
Dr. Griffith Parks, Director
Phone: 407-823-5932

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program before transferring within the Florida College System or State University System.
- Grades below "C" in Common Program Prerequisites, Core Requirements and Restricted Electives will not be accepted.
- Students should consult with a BSBS academic advisor at least once per semester.

General Education Program (GEP)
(36 Credit Hours)

- Certain courses must be selected in GEP for this major, bringing the total GEP hours to more than 36.
Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I **Credit Hours: 3** (Required)
- ENC 1102 - Composition II **Credit Hours: 3** (Required)
- SPC 1603C - Fundamentals of Technical Presentations **Credit Hours: 3** (Preferred)

Cultural and Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

- STA 2023 - Statistical Methods I **Credit Hours: 3** (Required)
- MAC 2311 - Calculus with Analytic Geometry I **Credit Hours: 4** (GEP)

Science Foundations (8 Credit Hours)

1 or CHM 2040 and CHM 2041

- BSC 2010C - Biology I **Credit Hours: 4**
- CHM 2045C - Chemistry Fundamentals I **Credit Hours: 4**

Common Program Prerequisites (CPP)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

1 See Transfer Notes for possible substitutions.

Core Requirements: Basic Level

Math and Statistics

- MAC 2311C - Calculus with Analytic Geometry I **Credit Hours: 4** (GEP)
- STA 2023 - Statistical Methods I **Credit Hours: 3** (GEP)

Chemistry

- CHM 2210 - Organic Chemistry I **Credit Hours: 3**
- CHM 2211 - Organic Chemistry II **Credit Hours: 3**
- CHM 2211L - Organic Laboratory Techniques I **Credit Hours: 2**

Core Requirements: Advanced Level

Biomedical Sciences (25 Credit Hours)
• The following core courses are for students completing the general Biomedical Science degree.

Life Sciences (22 Credit Hours)

• MCB 3020C - General Microbiology Credit Hours: 5
• BSC 3403C - Quantitative Biological Methods Credit Hours: 4
• PCB 3522 - Molecular Biology I Credit Hours: 3
• PCB 4524 - Molecular Biology II Credit Hours: 3

Select one of the following sequences of courses:

• PCB 4280 - Molecular Immunology Credit Hours: 3
• PCB 3233L - Immunology Laboratory Credit Hours: 1
  or
• PCB 3233 - Immunology Credit Hours: 3
• PCB 3233L - Immunology Laboratory Credit Hours: 1

Biochemistry (3 Credit Hours)

• BCH 4024 - Medical Biochemistry Credit Hours: 4
  or
• BCH 4053 - Biochemistry I Credit Hours: 3

Restricted Electives

Biomedical Sciences Restricted Electives (17 Credit Hours)

• Select a minimum of five (5) courses from the list below. At least two must have a laboratory course. No more than two may be MLS courses. Enrollment in some MLS courses is restricted. Check with advisor before enrolling. Only three hours of Honors thesis will count towards restrictive elective requirement.

  • Students can only select two (2) of the following BCH 4053, BCH 4103L, PCB 3063, PCB 4514, ZOO 4603C.
  • As an alternative to one of these listed electives, students can take part in a GEAR course, the PURE program, the PILOT course, or carry out an HIM thesis. Any one of these courses or programs will substitute for a restricted elective course, including elective laboratory courses.
  • Additional restricted electives can be taken as approved by the Associate Director.

1 Recommended for Preprofessional students

2 Students must take MCB 3203L - Pathogenic Microbiology laboratory in order for the combination to count as 1 restricted elective.

• BCH 4054 - Biochemistry II Credit Hours: 3 1
• BCH 4103L - Biochemical Methods Credit Hours: 2
• BOT 4434C - General Mycology Credit Hours: 4
• BSC 3424 - Nanobiotechnology Credit Hours: 3
• BSC 4434 - Biomedical Informatics: Sequence Analysis Credit Hours: 3
• BSC 4439 - Biomedical Informatics: Structure Analysis Credit Hours: 3
• MCB 3202 - Principles of Infectious Disease Credit Hours: 3 1
• MCB 3203 - Pathogenic Microbiology Credit Hours: 3 2
• MCB 4404 - Bacterial Genetics and Physiology Credit Hours: 3 1
• MCB 4114C - Determinative & Systemic Microbiology Credit Hours: 4
• MCB 4207 - Infectious Processes Credit Hours: 3 1
• MCB 4204 - Cellular Microbiology: Host-Pathogen Interactions Credit Hours: 3
• MCB 4276 - Epidemiology of Infectious Diseases Credit Hours: 3 1
• MCB 4312 - Molecular Biotechnology Credit Hours: 3 1
• MCB 4503C - Virology Credit Hours: 3 1
• MCB 4603 - Environmental Microbiology Credit Hours: 3
• MCB 4721C - Methods in Biotechnology Credit Hours: 4
• MCB 4970H - Honors Undergraduate Thesis II Credit Hours: 3
- MCB 4224 - Molecular Biology of Diseases  
  Credit Hours: 3  
- MCB 4653 - Applied Industrial Microbiology  
  Credit Hours: 3  
- MCB 5932 - Current Topics in Molecular Biology  
  Credit Hours: 3  
- MLS 3220C - Techniques in Clinical Microscopy  
  Credit Hours: 3  
- MLS 3305 - Hematology  
  Credit Hours: 3  
- MLS 4334 - Hemostasis  
  Credit Hours: 3  
- MLS 4430C - Clinical Microbiology I  
  Credit Hours: 4  
- MLS 4505C - Immunodiagnostics  
  Credit Hours: 3  
- MLS 4625 - Advanced Clinical Chemistry I  
  Credit Hours: 3  
- MLS 4630 - Advanced Clinical Chemistry II  
  Credit Hours: 3  
- PCB 3063 - Genetics  
  Credit Hours: 3  
- PCB 3703C - Human Physiology  
  Credit Hours: 4  
- PCB 4028 - Molecular and Cellular Pharmacology  
  Credit Hours: 3  
- PCB 4135 - Applied Molecular Cell Biology  
  Credit Hours: 3  
- PCB 4174 - Foundation of Bio-Imaging Science  
  Credit Hours: 3  
- PCB 4234 - Cancer Biology  
  Credit Hours: 3  
- PCB 4264 - Stem Cell Biology  
  Credit Hours: 3  
- PCB 4284 - Immunobiology  
  Credit Hours: 3  
- PCB 4514 - Genetics II  
  Credit Hours: 3  
- PCB 4521 - Tissue Engineering  
  Credit Hours: 3  
- PCB 4529C - Experimental Molecular Cell Biology  
  Credit Hours: 4  
- PCB 4663 - Human Genetics  
  Credit Hours: 3  
- PCB 4708L - Laboratory Virtual Simulations in Physiology  
  Credit Hours: 3  
- PCB 4805 - Endocrinology  
  Credit Hours: 3  
- PCB 4832 - Cellular and Molecular Basis of Brain Functions  
  Credit Hours: 3  
- PCB 4833 - Advanced Human Physiology  
  Credit Hours: 3  
- PCB 4843 - Cellular and Molecular Neuroscience  
  Credit Hours: 3  
- PCB 5275 - Signal Transduction Mechanics  
  Credit Hours: 3  
- ZOO 4701 - Dissection Techniques  
  Credit Hours: 3  
- ZOO 3733C - Honors Human Anatomy  
  Credit Hours: 4  

Capstone Requirements
- None

Electives
- Variable. Students are encouraged to participate in undergraduate research if interested in pursuing graduate or professional education.

Foreign Language Requirements

Admissions
- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation
- None

Additional Requirements
- None
Required Minors

- None

Departmental Exit Requirements

- Students must complete all coursework in the baccalaureate curriculum as shown, and, earn a GPA of at least 2.0 for all coursework in the Core and Restricted Electives.
- Independent study, directed research, or similar credit may not be used as a Restricted Elective.
- A minimum of 20 hours must be taken at UCF in the department of the major.
- Students will be required to take a comprehensive test during their last semester.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Acceptable Substitutes for Transfer Courses

- BSC 2011C - Biology II Credit Hours: 4 may be substituted with: BSC 3403C
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 may be substituted with: CHM 2040
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 may be substituted with: CHM 2041

Additional Information

Honors In Major

- Application and admission through the Department and the Burnett Honors College.
- Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of the institution.
- Complete the following course with a grade of B or better (4 credits):
  - BSC 3403C - Quantitative Biological Methods Credit Hours: 4
- Complete the following with a grade of B or better and successfully complete the oral defense of the Honors Thesis (3 credits):
  - MCB 4970H - Honors Undergraduate Thesis II Credit Hours: 1

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program before transferring within the Florida College System or State University System.
• Grades below a C in Common Program Prerequisites, Core Requirements and Restricted Electives will not be accepted.
• Students in this track must maintain a minimum science GPA of 3.2. Students who are unable to maintain such GPA, the student will have to revert back into the non-track Biomedical Sciences B.S.
• Students should consult with a BSBS academic advisor at least once per semester.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Preferred)

Cultural and Historical Foundations (9 Credit Hours)

Mathematical Foundations (7 Credit Hours)

- MAC 2311 - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 2023 - Statistical Methods I Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Science Foundations (8 Credit Hours)

Common Program Prerequisites (CPP) (12 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

1 or CHM 2040 and CHM 2041

- BSC 2010C - Biology I Credit Hours: 4 (GEP)
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 1 (GEP)
- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- MAC 2311 - Calculus with Analytic Geometry I (GEP)

Physics

- PHY 2053C - College Physics I Credit Hours: 4
- PHY 2054C - College Physics II Credit Hours: 4
  or
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Core Requirements: Basic Level

Math and Statistics (6 Credit Hours)

- STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)
- MAC 2311 - Calculus with Analytic Geometry I (GEP)

Chemistry (8 Credit Hours)

- CHM 2210 - Organic Chemistry I Credit Hours: 3
- CHM 2211 - Organic Chemistry II Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
Core Requirements: Advanced Level
(35 Credit Hours)

- BSC 3403C - Quantitative Biological Methods Credit Hours: 4
- MCB 3020C - General Microbiology Credit Hours: 5
- PCB 3522 - Molecular Biology I Credit Hours: 3
- PCB 3233L - Immunology Laboratory Credit Hours: 1
- PCB 4280 - Molecular Immunology Credit Hours: 3
- PCB 4524 - Molecular Biology II Credit Hours: 3
- MCB 4410 - Cellular Metabolism Credit Hours: 3

Select One:

- BCH 4024 - Medical Biochemistry Credit Hours: 4
- BCH 4053 - Biochemistry I Credit Hours: 3

Track Core Requirements

- PCB 4529C - Experimental Molecular Cell Biology Credit Hours: 4
- PCB 4028 - Molecular and Cellular Pharmacology Credit Hours: 3
- PCB 4234 - Cancer Biology Credit Hours: 3

Restricted Electives

Students must choose three electives from the list below.

At least one must have a laboratory component.

As an alternative to one of these listed electives, students can take part in a GEAR course, the PURE program, the PILOT course, or carry out an HIM thesis. Any one of these courses or programs will substitute for a restricted elective course, including elective laboratory courses.

Additional restricted electives can be taken as approved by the associate director.

- BSC 4434 - Biomedical Informatics: Sequence Analysis Credit Hours: 3
- MCB 4224 - Molecular Biology of Diseases Credit Hours: 3
- MCB 4721C - Methods in Biotechnology Credit Hours: 4
- PCB 4663 - Human Genetics Credit Hours: 3
- PCB 4174 - Foundation of Bio-Imaging Science Credit Hours: 3
- PCB 3703C - Human Physiology Credit Hours: 4
- PCB 4521 - Tissue Engineering Credit Hours: 3
- PCB 4264 - Stem Cell Biology Credit Hours: 3
- PCB 4284 - Immunobiology Credit Hours: 3
- PCB 4813 - Molecular Aspects of Obesity, Diabetes & Metabolism Credit Hours: 3
- PCB 5275 - Signal Transduction Mechanics Credit Hours: 3
- ZOO 3744 - Neurobiology Credit Hours: 3

Capstone Requirements

- None

Electives

- Variable. Students are encouraged to participate in undergraduate research if interested in pursuing graduate or professional education.

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- None
Required Minors

- None

Departmental Exit Requirements

- Students must complete all coursework in the baccalaureate curriculum as shown and earn a GPA of at least 3.2 in the sciences.
- Independent study, directed research or similar credit may not be used as a restricted elective.
- A minimum of 20 hours must be taken at UCF in the department of the major.
- Students will be required to take a comprehensive test during their last semester.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Honors In Major

Application and admission through the Department and the Burnett Honors College.

Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of institution.

Complete the following course with a grade of B or better

- BSC 3403C - Quantitative Biological Methods
  Credit Hours: 4

Honors Thesis (3 Credit Hours)

Complete the following with a grade of B or better and successfully complete the oral defense of the Honors Thesis

- MCB 4970H - Honors Undergraduate Thesis II
  Credit Hours: 1

- CHM 2210 - Organic Chemistry I Credit Hours: 3
- CHM 2211 - Organic Chemistry II Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2

Core Requirements: Advanced Level

- BSC 3403C - Quantitative Biological Methods Credit Hours: 4
- MCB 3020C - General Microbiology Credit Hours: 5
- PCB 3522 - Molecular Biology I Credit Hours: 3
- PCB 3233L - Immunology Laboratory Credit Hours: 1
- PCB 4280 - Molecular Immunology Credit Hours: 3
- PCB 4524 - Molecular Biology II Credit Hours: 3
- MCB 4410 - Cellular Metabolism Credit Hours: 3

Select One:

- BCH 4024 - Medical Biochemistry Credit Hours: 4
- BCH 4053 - Biochemistry I Credit Hours: 3

Track Core Requirements

- MCB 4224 - Molecular Biology of Diseases Credit Hours: 3
- PCB 4843 - Cellular and Molecular Neuroscience Credit Hours: 3
- ZOO 3744 - Neurobiology Credit Hours: 3
- ZOO 4743C - Clinical Neuroanatomy and Neuroscience Credit Hours: 4

Restricted Electives

Students must choose 3 courses. Two must come from the list below and the additional course can come from the broader list under the Biomedical Sciences (non-track).
Two of these three courses must have a laboratory component.

As an alternative to one of these listed electives, students can take part in a GEAR course, the PURE program, the PILOT course, or carry out an HIM thesis. Any one of these courses or programs will substitute for a restricted elective course, including elective laboratory courses.

Additional restricted electives can be taken as approved by the associate director.

- PCB 4028 - Molecular and Cellular Pharmacology Credit Hours: 3
- PCB 4135 - Applied Molecular Cell Biology Credit Hours: 3
- PCB 4174 - Foundation of Bio-Imaging Science Credit Hours: 3
- PCB 4234 - Cancer Biology Credit Hours: 3
- PCB 4284 - Immunobiology Credit Hours: 3
- PCB 4832 - Cellular and Molecular Basis of Brain Functions Credit Hours: 3
- ZOO 4742 - Advanced Neurobiology Credit Hours: 3
- ZOO 4747C - Clinical Neuroscience Credit Hours: 4

Capstone Requirements

- None

Electives

- Variable. Students are encouraged to participate in undergraduate research if interested in pursuing graduate or professional education.

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Students must complete all coursework in the baccalaureate curriculum as shown and earn a GPA of at least 3.20 for all coursework in the sciences.
- Independent study, directed research or similar credit may not be used as a restricted elective.
- A minimum of 20 hours must be taken at UCF in the department of the major.
- Students will be required to take a comprehensive test during their last semester.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Semester Hours Required: 120

Additional Information

Honors In Major

- Application and admissions through the Department and the Burnett Honors College.
- Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the
major; 3.2 cumulative average for graded upper division courses regardless of the institution.

Complete the following course with a grade of B or better.

- BSC 3403C - Quantitative Biological Methods Credit Hours: 4

1 Honors section

Complete the following with a grade of B or better and successfully complete the oral defense of the Honors Thesis.

- MCB 4970H - Honors Undergraduate Thesis II Credit Hours: 1

Acceptable Substitutes for Transfer Courses

- CHM 2040 and CHM 2041 substitute CHM 2045C

Biotechnology (B.S.)

College of Medicine  
Burnett School of Biomedical Sciences  
Health and Public Affairs II, Room: 335  
Email: bsbsadvising@ucf.edu  
https://med.ucf.edu/biomed/

Dr. Griffith Parks, Director  
407-823-5932

The Biotechnology B.S. produces highly trained workers  
that will meet the workforce needs of the biotechnology  
industry. Students seeking admission to professional  
schools (medical, dental, optometry, veterinary, podiatry,
and pharmacy) will meet most of the admission requirements for those programs while obtaining a Biotechnology B.S. degree.

**Admission Requirements**
- None

**Degree Requirements**
- Students who change degree programs and select this major must adopt the most current catalog
- Students should complete the General Education Program before transferring within the Florida College System or State University System.
- Students should consult with a BSBS academic advisor at least once per semester.
- Courses designated in section 1 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours
- Grades below "C" in Common Program Prerequisites, Core Requirements and Restricted Electives will not be accepted.

**General Education Program (GEP)**
(36 Credit Hours)

For students who transfer in their junior year

For students who transfer in their junior year from a Florida College System institution, the revised sequence of courses is provided [it is assumed that GEP and physics will be completed at an FCS institution:

Junior Year - Fall
Students electing to enroll in the PHY 2048C/PHY 2049C sequence must plan to accommodate MAC 2311C/MAC 2312 as prerequisites.
- MCB 3020C - General Microbiology Credit Hours: 5
- MCB 4720 - Industrial Perspectives Seminar Credit Hours: 3
- Restricted Elective Credit Hours: 3
- Free Elective Credit Hours: 3

Junior Year - Spring
- PCB 3522 - Molecular Biology I Credit Hours: 3
- BSC 3403C - Quantitative Biological Methods Credit Hours: 4
- BCH 4053 - Biochemistry I Credit Hours: 3
- Restricted Elective Credit Hours: 3

Senior Year - Fall
- MCB 4414 - Microbial Metabolism Credit Hours: 3
- MCB 4721C - Methods in Biotechnology Credit Hours: 4
- MCB 4312 - Molecular Biotechnology Credit Hours: 3
- Elective 3000 level Credit Hours: 3

Senior Year - Spring
- PCB 4524 - Molecular Biology II Credit Hours: 3
- PCB 4280 - Molecular Immunology Credit Hours: 3
- PCB 3233L - Immunology Laboratory Credit Hours: 1
- PCB 4529C - Experimental Molecular Cell Biology Credit Hours: 4
- PCB 4174 - Foundation of Bio-Imaging Science Credit Hours: 3

Medical Laboratory Sciences (B.S.)

College of Medicine
Burnett School of Biomedical Sciences
Health and Public Affairs II, Room: 335
https://med.ucf.edu/biomed/

Dr. Griffith Parks, Director
Dorilyn Hitchcock, Program Director
Phone: 407-823-5932

Admission Requirements
- Acceptance to the university does not necessarily constitute admission to the upper division Medical Laboratory Sciences program.
- Separate application to the limited access program should be made directly to the program
in the Spring of the year admission is sought. Applications will be accepted until the class is filled.

- UCF application must also be submitted prior to program application. Acceptance to UCF is necessary before acceptance to the program can occur.
- Student must complete all general education, foreign language admissions, and program prerequisites prior to the start of the program.
- This limited access program is work-intensive and courses include clinical practice in a variety of settings. Due to this, it is strongly recommended that students be at least one-year post high school prior to applying to the program. Students with concerns or questions should contact the program to schedule an appointment with an advisor.
- All applicants must have a minimum overall GPA of 2.5, and complete all program prerequisite courses with at least a grade of "C" (2.0).

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program, Foreign Language Admissions and the Common Program Prerequisite Requirements before transferring within the Florida College System or State University System.
- Students should consult with a departmental advisor.
- The courses designated in sections 1 and 2 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours.
- A minimum overall GPA of 2.5 and a minimum grade of "C" (2.0) in prerequisite and major courses is required for admission to, continuation in, and graduation from the Medical Laboratory Sciences Program.
- UCF Residency Requirement: 32 hours.
- The courses designated in General Education and Common Program Prerequisites should usually be completed in the first 60 hours.
- An FDLE background check, negative drug screen, and Board of Clinical Lab Personnel trainee license are required.

General Education Program (GEP) (36 Credit Hours)

Restricted Electives

- None

Capstone Requirements

- None

Electives

- None

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation
Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- A minimum 2.5 overall GPA is required for clinical assignment.
- The degree in Medical Laboratory Sciences will be awarded upon satisfactory completion of the University's didactic component and the clinical component in affiliated hospital laboratories.
- Upon receiving the degree in Medical Laboratory Sciences, the graduate will be eligible to take a national certification examination and then qualify for State Licensure.
- Students must earn a grade of "C" (2.0) or higher in required courses with a minimum 2.5 overall GPA for graduation.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 126

Additional Information

Honors In Major

- None

Related Programs

- Biomedical Sciences (B.S.)
- Biology (B.S.)

Equipment Fees

- Part-Time Student: $39 per term
- Full-Time Student: $78 per term

Plan of Study

Freshman Year - Fall (16 Credit Hours)

- MAC 1105C - College Algebra **Credit Hours: 3**
- CHM 2045C - Chemistry Fundamentals I **Credit Hours: 4**
- GEP **Credit Hours: 9**

Freshman Year - Spring (17 Credit Hours)

- ENC 1102 - Composition II **Credit Hours: 3**
- BSC 2010C - Biology I **Credit Hours: 4**
- CHM 2046 - Chemistry Fundamentals II **Credit Hours: 3**
- CHM 2046L - Chemistry Fundamentals Laboratory **Credit Hours: 1**
- GEP **Credit Hours: 6**

Sophomore Year - Fall (16 Credit Hours)

- CHM 2210 - Organic Chemistry I **Credit Hours: 3**
- ZOO 3733C - Human Anatomy **Credit Hours: 4**
- GEP **Credit Hours: 9**

Sophomore Year - Spring (17 Credit Hours)

- CHM 2211 - Organic Chemistry II **Credit Hours: 3**
- CHM 2211L - Organic Laboratory Techniques I **Credit Hours: 2**
- MCB 3020C - General Microbiology **Credit Hours: 5**
- PCB 3703C - Human Physiology **Credit Hours: 4**
- GEP **Credit Hours: 3**

Junior Year - Fall (14 Credit Hours)

- MLS 3220C - Techniques in Clinical Microscopy **Credit Hours: 3**
- MLS 4625 - Advanced Clinical Chemistry I **Credit Hours: 3**
- MLS 4625L - Advanced Clinical Chem I Lab **Credit Hours: 1**
- PCB 3233 - Immunology **Credit Hours: 3**
- PCB 3233L - Immunology Laboratory **Credit Hours: 1**
- MLS 4430C - Clinical Microbiology I **Credit Hours: 4**

Junior Year - Spring (15 Credit Hours)

- MLS 3305 - Hematology **Credit Hours: 3**
- MLS 3305L - Hematology Lab **Credit Hours: 2**
- MLS 4630 - Advanced Clinical Chemistry II **Credit Hours: 3**
- MLS 4460C - Clinical Pathogenic Microbiology **Credit Hours: 5**
- MCB 3203 - Pathogenic Microbiology **Credit Hours: 3**

Junior Year - Summer (7 Credit Hours)

- MLS 4334 - Hemostasis **Credit Hours: 3**
- MLS 4550 - Clinical Immunohematology **Credit Hours: 4**

Senior Year - Fall (16 Credit Hours)

- MLS 4830L - Interpretive & Practical Clinical Chemistry **Credit Hours: 4**
- MLS 4831L - Interpretive & Practical Immunohematology **Credit Hours: 4**
- MLS 4832L - Interpretive & Practical Hematology **Credit Hours: 4**
- MLS 4833L - Diagnostic Microbiology **Credit Hours: 4**

Senior Year - Spring (13 Credit Hours)

- MLS 4910 - Introduction to Clinical Research **Credit Hours: 1**
- MLS 4505C - Immunodiagonistics **Credit Hours: 3**
- MLS 4933 - Medical Technology Seminar **Credit Hours: 2**
- MLS 3705 - Concepts in Education/Management  
  Credit Hours: 3
- BSC 3403C - Quantitative Biological Methods  
  Credit Hours: 4

**Minor**

**Biofluids Engineering Minor**

[College of Medicine]  
Burnett School of Biomedical Sciences  
Health and Public Affairs II, Room: 335  
https://med.ucf.edu/biomed/  
Email: bsbsadvising@ucf.edu

Dr. Griffith Parks, Director  
Phone: 407-823-5932

Series of core courses that engineering majors are required to take to build a disciplinary knowledge of engineering principles and mathematics. The minor is intended for non-engineering majors who wish to pursue professional or graduate education in areas such as biomedical engineering or medicine. The core knowledge of mathematics and mechanics present in the major can enhance an undergraduate degree in other STEM disciplines (biomedical science, biology, chemistry, physics, mathematics). This program is not an option for CECS students.

**Math Foundations (11 Hrs)**

- MAC 2312 - Calculus with Analytic Geometry II  
  Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III  
  Credit Hours: 4
- MAP 2302 - Ordinary Differential Equations I  
  Credit Hours: 3

**Engineering Foundations (9 Hrs)**

- EGN 3310 - Engineering Analysis-Statics  
  Credit Hours: 3
- EGN 3321 - Engineering Analysis-Dynamics  
  Credit Hours: 3
- EGN 3343 - Thermodynamics  
  Credit Hours: 3

**Thermofluids Foundations (3 Hrs)**

- EML 3701 - Fluid Mechanics I  
  Credit Hours: 3

**Thermofluids Elective (3 Hrs)**

- EML 3034C - Modeling Methods in Mechanical and Aerospace Engineering  
  Credit Hours: 3
- EML 3101 - Thermodynamics of Mechanical Systems  
  Credit Hours: 3
- EML 3303C - Mechanical Engineering Measurements  
  Credit Hours: 3
- EML 4142 - Heat Transfer  
  Credit Hours: 3
- EML 4703 - Fluid Mechanics II  
  Credit Hours: 3

**Total Credit Hours: 26**

**Biomechanics Engineering Minor**

• PCB 3233 - Immunology  
  Credit Hours: 3
• PCB 4280 - Molecular Immunology  
  Credit Hours: 3

Restricted Electives (7 Credit Hours)

At least two courses from the Restricted Elective category of the baccalaureate curriculum.

Foreign Language Requirements
• None

Total Undergraduate Credit Hours Required: 30

Other Requirements
• A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
• Grades less than "C-" (1.75) are not accepted.
• At least 15 hours used in the minor must be earned at UCF within the department.
• No credit by exam (TSD, Military credit) may be used.
• Internship or Independent Study credit cannot be used toward the minor.
College of Nursing

Dean: Mary Lou Sole  
UTWR 3RD floor; 407-823-5496  
Email: ucfnurse@ucf.edu  
http://www.nursing.ucf.edu

Chair, Nursing Practice: Maureen M. Covelli  
UTWR 3rd floor; 407-823-4941

Chair, Nursing Systems: Joellen Edwards  
UTWR 3rd floor; 407-823-3079

Faculty:

The College of Nursing is the 11th college to be established at the University. It was established as a Department of Nursing and graduated its first class in 1981. The college has achieved prominence as an innovator in nursing education, responding to a changing population with complex health care needs. The faculty of the college values access to education and embraces opportunities to utilize advanced technology, innovation and creativity to provide graduates with the highest quality education at the baccalaureate, master's and doctoral levels.

Today's challenging health care environment provides unique opportunities for nursing. Nurses are needed more than ever to provide evidence-based patient care, serve in leadership roles, teach, engage in research, and influence policy.

The mission of the College of Nursing at the University of Central Florida is to prepare nurse leaders and patient advocates through excellence in education, research and service. The University of Central Florida College of Nursing will be a 21st century leader in innovative nursing education, research and practice that impacts the health of a global community.

The College of Nursing offers a Bachelor of Science in Nursing (BSN) degree, the basis for professional nursing practice. The program has four tracks: traditional, second degree accelerated, concurrent and RN to BSN. The traditional, accelerated second degree, and concurrent tracks prepare students for initial licensure as a registered nurse. The traditional program is also offered at the Cocoa and Daytona regional campus sites. Students with a prior baccalaureate or higher degree from a regionally accredited college or university are eligible for the Accelerated Second Degree BSN option. The Concurrent ASN to BSN program is a partnership between selected Florida College System institutions and UCF College of Nursing to allow simultaneous enrollment in both associate and baccalaureate nursing programs. The BSN graduate is prepared to provide comprehensive care in a variety of acute, community, and rehabilitative settings. The program emphasis includes clinical nursing practice, health promotion and maintenance, and preparation for assuming leadership roles. The baccalaureate curriculum provides the foundation for graduate study in nursing.

The RN to BSN track offers registered nurses with an associate degree or diploma in nursing an opportunity to earn a BSN. Each applicant is reviewed individually and guided to prevent repetition of previous coursework.

Contact the College of Nursing for specifics on the RN to BSN program. Courses are primarily online with some face to face classes offered in Orlando, Cocoa, Daytona Beach, and Melbourne campuses.

The goal of the Master of Science in Nursing (MSN) degree is to prepare advanced practice nurses to assume leadership positions in a variety of healthcare settings. Program tracks include Family Nurse Practitioner, Adult/Gerontology Primary Care Nurse Practitioner, Nurse Educator, and Nursing Leadership and Management. Minimum hours for the degree are 36-46 hours of graduate work depending on the major. An evidence-based scholarly project is required. Students must be a licensed Registered Nurse to enter this program. A certificate in Nursing Education is available for students with a bachelor's degree in nursing or a related health field.

The Doctor of Philosophy in Nursing (PhD) program prepares nurse scientists to assume positions as nursing faculty, leaders in the application of innovative technologies to nursing education and clinical care, executive leaders in health care systems and scientists who contribute to the body of nursing knowledge through research. It is offered in a mostly online format with two Intensive on campus meetings per year.
The Doctor of Nursing Practice (DNP) prepares advanced practice nurses and nurse executives for leadership roles in specialized areas of advanced practice nursing. This program prepares nurses at the highest level of practice for the current health care environment based on a strong scientific foundation for practice; flexibility and emphasis on evidence-based practice, leadership, and organizational analysis; and analysis of practice including completion of a residency project during the capstone clinical residency year.

The College of Nursing BSN, MSN, and DNP, programs are accredited by The Commission on Collegiate Nursing Education (CCNE). The BSN Program is approved by the Florida Board of Nursing. All programs are limited access and require a separate application to the College of Nursing.

General Requirements for the Bachelor's Degree

- Programs in the College of Nursing are upper division, limited access programs.
- Acceptance by or registration at the university does not constitute admission to the College of Nursing.
- Application must be made to the appropriate program in Nursing.

Additional information regarding prerequisites and minimum grade point averages may be obtained from the college website: [http://www.nursing.ucf.edu](http://www.nursing.ucf.edu)

Academic Advisement

Office of Undergraduate Student Services

UTWR 3rd floor; 407-823-2744
Email: ucfnurse@ucf.edu
[http://www.nursing.ucf.edu](http://www.nursing.ucf.edu)

The College of Nursing Office of Undergraduate Student Services assists undergraduate students in understanding matters relating to college and university requirements and procedures, as well as coordinating orientation, registration and graduation certification. Students interested in pursuing limited access programs are encouraged to meet with advisors in the college to take the appropriate prerequisite requirements. Questions concerning university and college academic policies should be directed through this office.

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the College of Nursing are located at: [http://oeas.ucf.edu/academiclearningcompacts.html](http://oeas.ucf.edu/academiclearningcompacts.html)

Graduate Programs

For a full list of Graduate programs click here. All Undergraduate programs for the College of Nursing are listed below.

Major

Nursing (B.S.N.)

College of Nursing
UTWR, Room: 3rd floor
[http://www.nursing.ucf.edu](http://www.nursing.ucf.edu)
Email: ucfnurse@ucf.edu

Dr. Mary Lou Sole, Dean
Dr. Maureen Covelli, Chair, Department of Nursing Practice
Dr. Kelly Allred, Director, Traditional BSN and Second Degree BSN Programs
Phone: 407-823-2744

For individuals who are not Registered Nurses. The College of Nursing has a demanding curriculum. The classes are work-intensive and courses include clinical practice in a variety of settings. Due to this, it is strongly recommended that students be at least one-year post-high school prior to applying to the basic nursing program. Students with concerns or questions should contact the College of Nursing Undergraduate Student Services Office for an appointment with an academic advisor. The program is accredited by the Commission on Collegiate Nursing Education (CCNE) and approved by the Florida State Board of Nursing. The Nursing (B.S.N.) program will meet the educational eligibility criteria for the National Council for Licensure Examination for Registered Nurses (NCLEX-RN) for obtaining a license to practice as a registered nurse in Florida. For more information on how this program may prepare you in that regard, please visit [https://nursing.ucf.edu/academics/nclex/](https://nursing.ucf.edu/academics/nclex/).

Nursing RN (B.S.N.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing...
to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- Acceptance to the university does not constitute admission to the upper division nursing program
- Separate application to the limited access program must be made directly to the College of Nursing by the posted deadline. For application deadlines, please visit http://www.nursing.ucf.edu.
- Admission to the University must also be completed by the program application deadline.
- All general education, foreign language, and program prerequisite requirements must be completed prior to the start of the program. Students who transfer with an AA degree and will be pursuing a BS degree must meet the University foreign language admission requirements for graduation.
- All applicants must have a minimum overall GPA of 3.0
- A standardized test and predetermined cutoff score will be required for acceptance to the College of Nursing. Information regarding this test can be found at http://www.nursing.ucf.edu.
- All applicants are encouraged to attend an information session, prior to submitting the application.
- Criminal background checks including fingerprints are required for all applicants to the undergraduate nursing program. The results are reviewed as part of the admission process and may be grounds for denying a student admission to the College of Nursing.
- At least seven (7) of the eight (8) Common Program Prerequisites must be completed by the program application deadline with at least a grade of "C" (2.0) or better in each course.
- All 8 prerequisite courses must be completed before program begins.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog year, including any minors
- Students should consult with a college advisor or Florida College System A.A. transfer advisor regarding completion of General Education requirements and the Common Program Prerequisites
- A minimum overall GPA of 2.5 and a minimum 2.5 GPA in the nursing major are required for continuation and graduation from the Nursing Program
- UCF Residency Requirement: 30 hours

General Education Program (GEP)
(38 Credit Hours)

- Note: Certain courses must be selected in the GEP for this major, bringing the total GEP hours to more than 36. The courses designated in sections 1 and 2 below may be taken at a Florida College System or State University System institution, and should be completed in the first 60 hours.

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Mathematics (3 Credit Hours)

You may substitute a higher level math with appropriate scores on the Math Placement Test.

- MAC 1105C - College Algebra Credit Hours: 3 (Preferred)

Statistics (3 Credit Hours)

- STA 2014C - Principles of Statistics Credit Hours: 3 (Required)
- STA 2023 - Statistical Methods I Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)
Economics/Political Science (3 Credit Hours)

Social Sciences (3 Credit Hours)
- PSY 2012 - General Psychology Credit Hours: 3 (Preferred)
- SYG 2000 - Introduction to Sociology Credit Hours: 3 (Preferred)

Science Foundations (8 Credit Hours)

Physical Sciences (3 Credit Hours)
- CHM 1032 - General Chemistry Credit Hours: 3 (Suggested)

Life Sciences (4 Credit Hours)
- BSC 2010C - Biology I Credit Hours: 4 (Required)

Select One: (3 Credit Hours)
- STA 2014C - Principles of Statistics Credit Hours: 3 (GEP)
- STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)

Core Requirements: Basic Level
- None

Core Requirements: Advanced Level (62 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information and possible substitutions.

Some of these courses have prerequisites that must be taken first.

Students should consult with an advisor in the College of Nursing for clarification of questions regarding prerequisite requirements.

Any variation from the stated prerequisites must be approved in writing by the College of Nursing. Petition forms are available on the College of Nursing website at http://www.nursing.ucf.edu.

Restricted Electives (3 Credit Hours)

Nursing Electives

• One College of Nursing elective. A list of approved restricted elective courses is found in the myKnight audit.

Capstone Requirements

• None

Electives

• None

Foreign Language Requirements

Admissions

• Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

• None

Additional Requirements

• Students pursuing a BS degree must meet the University foreign language admission requirements before admission.
• Mandatory Drug Screening is required prior to admission and "on demand" for continuation in the program.

Students must:

• Complete all courses in major with at least a "C" (2.0) or "S" grade when appropriate.
• Maintain a UCF GPA of 2.5 or above.
• Maintain a College of Nursing GPA of 2.5 or above.
• All students admitted to a BSN program will be responsible for a subscription to the LEAP*RN student information database and repository.

Required Minors

• None

Departmental Exit Requirements

• All courses in major must be "C" (2.0) or better.
• The UCF GPA must be 2.5 or above.
• The College of Nursing GPA must be 2.5 or above.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours
Required: 120

Additional Information

Honors In Major

Honors Option Requires:
• Open to students with a minimum 3.5 GPA in Nursing.
• Completion of a three credit directed readings course.
• Completion of a three credit thesis course.
• Must earn a minimum cumulative UCF 3.2 GPA.
• Completion of 60 semester hours of college credit, including 12 graded upper division hours at UCF.

Related Programs

• Health Services Administration (B.S.)
• Social Work (B.S.W.)

Certificates

• Aging Studies Certificate

Related Minors

• Psychology Minor
• Health Sciences Minor
• Health Services Administration Minor

Advising Notes

• None

Transfer Notes

• Lower division courses do not substitute for upper division courses.
• Nursing courses and prerequisite courses transferred from private and out-of-state schools must be evaluated for equivalency credit and approved by the College of Nursing. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses

• The following substitutions for Common Program Prerequisites may be acceptable if taken prior to transferring to UCF. Courses must be petitioned to the College of Nursing if not automatically approved.
  o CHM 1032: May substitute a college Chemistry course or approved Science course. **Credit Hours: 3**
  o DEP 2004C: May substitute a Human Growth & Development across Life Span **Credit Hours: 3**
  o HUN 3011: May substitute a Human Nutrition course **Credit Hours: 3**
  o MCB 2004C: May substitute a General Microbiology course which has a lab. **Credit Hours: 4**
  o PCB 3703C: May take an Anatomy and Physiology sequence (AP I & II). **Credit Hours: 4**
  o PSY 2012: May substitute a General Psychology course. **Credit Hours: 3**
  o STA 2014C: May substitute a Statistics course. **Credit Hours: 3**
  o SYG 2000: May substitute an Introductory Sociology course. **Credit Hours: 3**
  o ZOO 3733C: May take an Anatomy and Physiology sequence (AP I & II). **Credit Hours: 4**

Nursing, Concurrent A.S.N. to B.S.N.
Enrollment Option (B.S.N.)

College of Nursing
UTWR- 3rd Floor
http://www.nursing.ucf.edu/
Email: ucfnurse@ucf.edu

Dr. Mary Lou Sole, Dean
Dr. Joellen Edwards, Chair, Department of Nursing Systems
Dr. Stephen Heglund, Director, Post-Licensure BSN Programs
Phone: 407-823-2744

A partnership between selected Florida College System institutions and UCF College of Nursing to allow qualified Associate of Science in Nursing (ASN) students to enroll in the RN to BSN program while completing the ASN program. This program allows simultaneous enrollment in both associate and baccalaureate nursing programs. Students who are enrolled in a Concurrent ASN to BSN program will take the NCLEX-RN after successfully completing the ASN portion of their program and prior to enrolling in their final BSN courses at UCF. For more information on how this program may prepare you for licensure or certification, please visit https://nursing.ucf.edu/academics/nclex/.

Admission Requirements

- Acceptance to the University does not constitute admission to this program. Only students admitted to the Florida College System institution Nursing Programs are eligible for this enrollment option. Students must make separate application to UCF and the College of Nursing. Students are accepted into this program for their first semester of nursing and must progress according to a designated plan of study.
- Students must be accepted by UCF prior to the Concurrent A.S.N. to B.S.N. application deadline. Upon completion of the ASN and successful licensure as a Registered Nurse, students will enroll in remaining UCF nursing upper division courses to complete the BSN.
- Criminal background checks and drug screening may be required for all Concurrent students prior to their registering for the final practicum course NUR 4604L.

At the time of application, students must have:

- A cumulative GPA of 3.0 or above.
- Completed application to a Florida College System institution ASN Nursing program and the UCF College of Nursing and be admitted to the University by UCF Undergraduate Admissions.
- An AA degree from a Florida College System or State University System institution or have met ALL UCF General Education requirements prior to program start.
- Met UCF Foreign Language admission requirement prior to program start.
- Completed seven out of eight Common Program Prerequisite courses for UCF and all of the ASN nursing program's prerequisites by application deadline with at least a grade of "C" (2.0) or better in each course.
- A satisfactory score on the standardized entry test(s) required by both programs.
**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog year, including minors.
- Students should consult with a college advisor or Florida College System A.A. transfer advisor regarding completion of General Education Program requirements.
- Students should consult with an advisor in the Concurrent Nursing program for clarification of questions regarding prerequisite requirements.
- The courses designated in General Education and Common Program Prerequisites below may be taken at a Florida College System or State University System institution.
- A minimum overall GPA of 2.5 and a minimum 2.5 GPA in the nursing major are required for continuation in and graduation from the nursing program.
- UCF Residency Requirement: 30 hours.
- The courses designated in General Education and Common Program Prerequisites should usually be completed in the first 60 hours.

**General Education Program (GEP)**

**Nursing, R.N. to B.S.N. Program (B.S.N.)**

College of Nursing

UTWR, Room: 3rd floor
BSN completion program for individuals who are licensed RNs. Students must complete all university-wide graduation requirements (general education, foreign language, Gordon Rule, etc.). All courses are available online and some courses may be offered face-to-face as well. For more information, see http://distrib.ucf.edu/home, and http://www.nursing.ucf.edu. Students must be licensed RNs to participate in this RN to BSN Program. Additional certification may be available in this field of study; however, this program does not lead to such licensure or certification upon graduation. For more information, please visit https://nursing.ucf.edu/academics/bachelors-degrees/online-rn-bsn/#faqs.

### Admission Requirements

- Acceptance to the university does not constitute admission to the upper division nursing program. For application deadlines, please visit http://www.nursing.ucf.edu.
- Admission to the University must be completed by the program application deadline.
- All applicants must have graduated from an approved or accredited associate degree or diploma nursing program.
- All applicants must have current Licensure as an RN.
- All applicants must have completed the UCF General Education Program (GEP) requirements or completed an AA degree from a Florida College System or State University System institution or have no more than a total of 9 credit hours remaining to meet UCF General Education and/or Foreign Language graduation requirements.
- At least seven (7) of the eight (8) Common Program Prerequisites must be completed by the program application deadline with at least a grade of "C" (2.0) or better in each course.
- All applicants must have a minimum overall GPA of 2.8.
- All 8 prerequisite courses must be completed before program begins.

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog year, including minors.
- Students should consult with a college advisor or Florida College System A.A. transfer advisor regarding completion of General Education Program requirements.
- Students should consult with an advisor in the College of Nursing Undergraduate Student Services Office for clarification or questions regarding Common Program Prerequisites (CPP) requirements.
- The courses designated in sections 1 and 2 below may be taken at a Florida College System or State University System institution.
- A minimum overall GPA of 2.5 and a minimum 2.5 GPA in the nursing major are required for continuation in and graduation from the nursing program.
- UCF Residency Requirement: 30 hours.
- The courses designated in UCF General Education Program (GEP) and Foreign Language Requirements must be completed prior to enrolling in the third semester in the BSN program. Students may have no more than 9 hours of outstanding coursework in these two areas at the time of admission.

Electives

- variable to meet degree requirements

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to enrollment in third semester in the BSN program.

Graduation

- None

Additional Requirements

Progression Requirements:

- A criminal background check and mandatory Drug Screening may be required prior to any clinical course and "on demand" for continuation in the program.
- Complete all courses in major with at least a "C" (2.0).
- Maintain a UCF GPA of 2.5 or above.
- Maintain a College of Nursing GPA of 2.5 or above.
- Prior to third semester in the BSN program: 1) complete general education requirements or A.A. from a Florida College System or State University System institution; and 2) complete foreign language admission requirement.

Other:

- Selected courses may be offered at various Orlando and regional campuses.
- All RN to BSN courses are available online. Some classes and labs are also available in person on select campuses. Clinical practice requirements are completed in the student's home community. For more information visit http://www.nursing.ucf.edu.
• A maximum of 6 upper division credit hours of Nursing courses may be transferred from another institution.
• All students admitted to a BSN program will be responsible for a subscription to the LEAP*RN student information database and repository.

Required Minors

• None

Departmental Exit Requirements

• Completion of all courses in major with a grade of "C" (2.0) or better
• Overall cumulative GPA of 2.5 or above
• College of Nursing GPA of 2.5 or above
• This program must be completed in no more than seven years from enrollment in the first BSN course within Core Requirements.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Accelerated Undergraduate-Graduate Program

Nursing, Accelerated Second Degree B.S.N. Option (B.S.N.)

College of Nursing
UTWR, Room: 3rd floor
http://www.nursing.ucf.edu
Email: ucfnurse@ucf.edu

Dr. Mary Lou Sole, Dean
Dr. Maureen Covelli, Chair, Dept of Nursing Practice
Dr. Kelly Allred, Director, Traditional and Second Degree BSN Programs
Phone: 407-823-2744

For individuals who are not Registered Nurses but who hold a baccalaureate or higher degree from a regionally accredited college or university. The program is accredited by the Commission on Collegiate Nursing Education (CCNE) and approved by the Florida State Board of Nursing. The Nursing, Accelerated Second Degree BSN program will meet the educational eligibility criteria for the National Council for Licensure Examination for Registered Nurses (NCLEX-RN) for obtaining a license to practice as a registered nurse in Florida. For more information on how this program may prepare you in that regard, please visit https://nursing.ucf.edu/academics/nclex/.

Admission Requirements

- Acceptance to the university does not constitute admission to the upper division nursing program
- Separate application to the limited access accelerated second degree Bachelor of Science in nursing (BSN) option must be made directly to the College of Nursing prior to the posted deadline of the year of admission is sought. For application deadlines, please visit http://www.nursing.ucf.edu/.
- Admission to the university must also be completed by the program application deadline.
- Students who have never attended the University of Central Florida as degree seeking undergraduate students must apply to the Undergraduate Admissions Office as a second degree-seeking student.
- Students who have attended the University of Central Florida as degree seeking undergraduate
students should apply through the Registrar's Office. These students complete the "Readmission Application" form.

- Students must receive a baccalaureate or higher degree from a regionally accredited college or university prior to the start of the program.
- All applicants must have a minimum overall GPA of 3.0
- Applicants are encouraged to attend an information session, prior to submitting the application.
- Criminal background checks including fingerprints are required for all applicants to the undergraduate nursing program. The results are reviewed as part of the admission process and may be grounds for denying a student admission to the College of Nursing.
- A standardized test and predetermined cutoff score will be required for acceptance to the College of Nursing. Information regarding this test can be found at http://www.nursing.ucf.edu.
- At least seven (7) of the eight (8) common program prerequisites must be completed by the program application deadline with at least a grade of "C" (2.0) or higher in each course.
- All 8 prerequisite courses must be completed before program begins.

**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog year, including any minors.
- Students should consult with an advisor in the College of Nursing Undergraduate Student Services Office for clarification of questions regarding prerequisite requirements.
- A minimum overall GPA of 2.5 and a minimum 2.5 GPA in the nursing major are required for continuation and graduation from the nursing program.
- UCF Residency requirement: 30 hours (if applicable)

Restricted Electives (3 Credit Hours)

- One College of Nursing elective. A list of approved restricted elective courses is found in the myKnight audit.

Capstone Requirements

- None

Electives

- None

Foreign Language Requirements

Admissions

- None

Graduation

- None

Additional Requirements

- Mandatory Drug Screening is required prior to admission and "on demand" for continuation in the program.
- Complete all courses in major with at least a "C" (2.0) or "S" grade when appropriate.
- Maintain a UCF GPA of 2.5 or above
- Maintain a College of Nursing GPA of 2.5 or above
- All students admitted to a BSN program will be responsible for a subscription to the LEAP*RN student information database and repository.

Required Minors
- None

Departmental Exit Requirements
- Completion of all courses in major with a grade of "C" (2.0) or better
- UCF GPA of 2.5 or above
- College of Nursing GPA of 2.5 or above

University Minimum Exit Requirements
- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 60

Additional Information

Honors In Major
- University Honors and Honors in the Major Available
- Open to students with a minimum 3.5 GPA in Nursing.
- Completion of a three credit directed readings course.
- Completion of a three credit thesis course.
- Must earn a minimum cumulative UCF 3.2 GPA.
- Completion of 60 semester hours of college credit, including 12 graded upper division hours at UCF.

Related Programs
- Health Services Administration (B.S.)
- Social Work (B.S.W.)

Certificates
- None

Related Minors
- Aging Studies Minor
- Psychology Minor
- Health Sciences Minor
- Health Services Administration Minor

Advising Notes
- None

Transfer Notes
- Lower division courses do not substitute for upper division courses.
- Nursing courses and prerequisite courses transferred from private and out-of-state schools must be evaluated for equivalency credit and approved by the College of Nursing. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses
- The following substitutions for Common Program Prerequisites may be acceptable if taken prior to transferring to UCF. Courses must be petitioned to the College of Nursing if not automatically approved.
- General Psychology (PSY X012) or a General Psychology course Credit Hours: 3
- General Sociology (SYG 2000) or an Intro to Sociology course **Credit Hours:** 3
- Statistics (STA 2014C or STA 2023) or a Statistics course **Credit Hours:** 3
- General Chemistry (CHM 1032 or another approved chemistry course **Credit Hours:** 3 or approved science course **Credit Hours:** 3
- Human Anatomy and Physiology I & II w/lab (BSC 2093/2094) or (BSC X085/X086) or an A&P I&II **Credit Hours:** 8
- General Microbiology (MCB 3020C) (MCB X010C) w/lab or a Microbiology course w/lab. **Credit Hours:** 4
- Developmental Psychology (DEP 2004C) or a Human Growth & Development Across Life Span **Credit Hours:** 3
- Human Nutrition (HUN 3011 or 2202 or HUN 2201) or a Human Nutrition course **Credit Hours:** 3

**Shared Courses**
- None

**Graduate Courses Link**
- None

**Program Academic Learning Compacts**

**Articulated A.S. Programs**

**Nursing, A.S. to B.S.N. Track (B.S.N.)**

College of Nursing  
UTWR, Room: 3rd floor  
[http://www.nursing.ucf.edu](http://www.nursing.ucf.edu)  
Email: ucfnurse@ucf.edu

Dr. Mary Lou Sole, Dean  
Dr. Joellen Edwards, Chair, Department of Nursing Systems  
Dr. Stephen Heglund, Director, Post-Licensure BSN Programs  
Phone: 407-823-2744

BSN completion program only for individuals who are enrolled in a statewide articulated A.S. in Nursing from a Florida public community or state college (12/2000 or later). Students who are enrolled in a Concurrent ASN to BSN program will take the NCLEX-RN after successfully completing the ASN portion of their program and prior to enrolling in their final BSN courses at UCF. For more information on how this program may prepare you for licensure or certification, please visit [https://nursing.ucf.edu/academics/nclex/](https://nursing.ucf.edu/academics/nclex/).

**Degree Requirements**

- Admission to the University must be completed by the program application deadline.
- All applicants must have a minimum overall undergraduate GPA of 3.0
- All applicants must be enrolled in a Statewide Articulated AS in Nursing from a Florida College System institution and have completed a minimum of two semesters. Individuals who received an AS in Nursing or attended nursing school other than a Florida College System or State University System institution should review the Nursing - RN to BSN Program.
- All applicants must be working toward licensure as an RN.
- All applicants must have completed the UCF General Education Program (GEP) requirements or completed an AA degree from a Florida College System or State University System institution or have no more than a total of 9 credit hours remaining to meet UCF General Education and/or Foreign Language graduation requirements.
- All eight (8) Common Program Prerequisites must be completed by the program application deadline with at least a grade of "C" (2.0) or better in each course.

**Admission Requirements**

- Acceptance to the university does not constitute admission to the upper division nursing program. Separate application to the limited access program must be made directly to the College of Nursing by the posted deadline. For application deadlines, please visit [http://www.nursing.ucf.edu](http://www.nursing.ucf.edu).

- Students who change degree programs and select this major must adopt the most current catalog year, including minors.
- Students should consult with an advisor in the College of Nursing Undergraduate Student Services Office for questions regarding completion of General Education Program requirements and Common Program Prerequisite requirements.
- The courses designated in UCF General Education Program (GEP) and Common Program Prerequisites (CPP) below may be taken at a Florida College System or State University System institution.
- A minimum overall undergraduate GPA of 2.5 and a minimum 2.5 GPA in the nursing major are required for continuation in and graduation from the nursing program.
- UCF Residency Requirement: 30 hours
- The courses designated in UCF General Education Program (GEP) and Foreign Language Requirements must be completed prior to enrolling in the third semester in the BSN
UCF General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)
- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Required)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)
- MAC 1105C - College Algebra Credit Hours: 3 (Preferred)
- STA 2014C - Principles of Statistics Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Science Foundations (7 Credit Hours)
- BSC 2010C - Biology I Credit Hours: 4 (Required)
- CHM 1032 - General Chemistry Credit Hours: 3 (Required)

Common Program Prerequisites (CPP) (18 Credit Hours)
See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

1 (or other Approved Science) Also meets general education requirements; applicants should see a UCF Nursing advisor for possible course substitutions.

2 May take Anatomy and Physiology sequence of eight total credits

3 Also meets general education requirements; applicants should see a UCF Nursing advisor for possible course substitutions.

Select One:
- STA 2014C - Principles of Statistics Credit Hours: 3 (GEP)
- STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)

Select One:
- PSY 2012 - General Psychology Credit Hours: 3 (GEP)
- SYG 2000 - Introduction to Sociology Credit Hours: 3 (GEP)

Core Requirements: Basic Level
- None

Core Requirements: Advanced Level (56 Credit Hours)

UCF Core (27 Credit Hours)
- NUR 3805 - Dimensions of Professional Nursing Practice Credit Hours: 3
- NUR 3065 - Health Assessment Credit Hours: 2
- NUR 3065L - Health Assessment Lab Credit Hours: 1

program. Students may have no more than 9 hours of outstanding coursework in these two areas at the time of admission.
NUR 3165 - Nursing Research **Credit Hours:** 3
NUR 3616 - Health Promotion Across the Lifespan **Credit Hours:** 2
NUR 4837 - Health Care Issues, Policy, and Economics **Credit Hours:** 3
NUR 4604L - Practicum in Community and Public Health Nursing for RNs **Credit Hours:** 4
NUR 4828 - Nursing Leadership, Management and Role Transition **Credit Hours:** 3
NUR 4637 - Public and Community Health Nursing **Credit Hours:** 3
NUR 3125 - Pathophysiology for Nursing Practice **Credit Hours:** 3

**Upper Division Credit (29 Credit Hours)**

May be met by validation and RN License

- NUR 3028 - Essentials of Nursing Practice **Credit Hours:** 3
- NUR 3028L - Essentials of Nursing Practice Lab **Credit Hours:** 1
- NUR 3755L - Essentials of Nursing Practice Clinical **Credit Hours:** 2
- NUR 3225L - Nursing Care of the Adult I: Clinical Practice **Credit Hours:** 2
- NUR 3445 - Nursing Care of Families **Credit Hours:** 4
- NUR 3445L - Nursing Care of Families Clinical **Credit Hours:** 2
- NUR 4227 - Nursing Care of the Adult II **Credit Hours:** 4
- NUR 4227L - Nursing Care of the Adult II: Clinical Practice **Credit Hours:** 3
- NUR 4535 - Psychiatric Mental Health Nursing **Credit Hours:** 3
- NUR 4535L - Psychiatric Mental Health Clinical **Credit Hours:** 2
- NUR 3225 - Nursing Care of the Adult I **Credit Hours:** 3

**Restricted Electives (3 Credit Hours)**

- One College of Nursing elective. A list of approved restricted elective courses is found in the myKnight audit.

**Electives**

- variable to meet degree requirements

**Foreign Language Requirements**

**Admissions**

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to third semester in the BSN program.

**Graduation**

- Must hold licensure as a Registered Nurse.

**Additional Requirements**

- A criminal background check and mandatory Drug Screening may be required prior to any clinical course and "on demand" for continuation in the program.
- Complete all courses in major with at least a "C" (2.0)
- Maintain a UCF GPA of 2.5 or above
- Maintain a College of Nursing GPA of 2.5 or above

**Progression Requirements:**

- Prior to third semester in the BSN program: 1) complete general education requirements or A.A. from a Florida College System or State University System institution; and 2) complete foreign language admission requirement.
- Continuous enrollment in a Statewide Articulated AS in Nursing program of a Florida College System institution until completion and awarding of the Associate of Science in Nursing degree.

**Other:**

- Selected courses may be offered at various Orlando and Regional Campuses.
• All AS to BSN courses are available online. Some classes and labs are also available in person on select campuses. Clinical practice requirements are completed in the student's home community. For more information visit http://www.nursing.ucf.edu
• All students admitted to a BSN program will be responsible for a subscription to the LEAP*RN student information database and repository.

Required Minors

• None

Departmental Exit Requirements

• Completion of all courses in major with a grade of "C" (2.0) or better
• Cumulative overall GPA of 2.5 or above
• College of Nursing GPA of 2.5 or above
• This program must be completed in no more than seven years from enrollment in the first BSN course within Core Requirements.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

• Contact Program Coordinator or HIM Advisor

Related Programs

• Health Services Administration (B.S.)
• Social Work (B.S.W.)

Certificates

• Aging Studies Certificate

Related Minors

• Psychology Minor
• Health Sciences Minor
• Health Services Administration Minor
• Health Informatics and Information Management Minor

Advising Notes

• Students are required to design an individual plan of study with an advisor. Any changes to that plan must be made in consultation with the advisor. Failure to do so may result in a delay of program progression and/or graduation.

Transfer Notes

• A maximum of 6 upper division credit hours of Nursing courses may be transferred from another institution.

Acceptable Substitutes for Transfer Courses

• None

Program Academic Learning Compacts

• Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees
• Part-Time Student: $25 per term
• Full-Time Student: $50 per term

Plan of Study (30 Credit Hours)

• assuming general education, foreign language
and nursing prerequisites are complete

First Semester (3 Credit Hours)

• NUR 3125 - Pathophysiology for Nursing
  Practice Credit Hours: 3
  While enrolled in ASN

Second Semester (3 Credit Hours)

• NUR 3065 - Health Assessment Credit Hours: 2
• NUR 3065L - Health Assessment Lab Credit Hours: 1
  While enrolled in ASN

Third Semester (3 Credit Hours)

• NUR 3805 - Dimensions of Professional Nursing
  Practice Credit Hours: 3
  While enrolled in ASN

Fourth Semester (6 Credit Hours)

• NUR 3165 - Nursing Research Credit Hours: 3
• NUR/NSP XXXX - Nursing Elective Credit Hours: 3

Fifth Semester (8 Credit Hours)

• NUR 3616 - Health Promotion Across the Lifespan Credit Hours: 2
• NUR 4837 - Health Care Issues, Policy, and Economics Credit Hours: 3
• NUR 4828 - Nursing Leadership, Management and Role Transition Credit Hours: 3

Sixth Semester (7 Credit Hours)

• NUR 4637 - Public and Community Health Nursing Credit Hours: 3

• NUR 4604L - Practicum in Community and Public Health Nursing for RNs Credit Hours: 4

College Vision

Be the nation's leader in education, research, and scholarship in optical science and engineering.

College Mission

CREOL, The College of Optics & Photonics is a world-renowned graduate college for optical science and engineering education and research. Its mission is to: Provide the highest quality education in optical science and engineering, support the educational needs of undergraduate and graduate students, serve the continuing educational needs of industry, and enhance optics and photonics education at all levels; Create and disseminate new knowledge and innovations in optics and photonics by conducting, presenting, and publishing cutting-edge fundamental and applied research; Aid in the development of the State of Florida and the nation's knowledge-based and technology-based industries, and create, foster, and sustain mutually beneficial research collaborations and partnerships with industry.

College Organization

The College of Optics and Photonics (COP) was formed in 2004, as a result of the great success of CREOL (the Center for Research and Education in Optics and Lasers), which was established in 1986 to provide the highest quality education in optics and lasers, conduct scholarly fundamental and applied research, and aid in the development of Florida's high technology-based industries. The College has offered MS and PhD degrees in Optics for many years and now offers the degree of Bachelor of Science in Photonic Science and Engineering in collaboration with the College of Engineering and Computer Science (CECS).

CREOL has become an internationally recognized institute with 35 faculty members, 60 PhD level research scientists, 154 graduate students and 140 undergraduate students. The faculty are recognized as being among the best in the optics/laser/photonics field, with two-thirds holding the rank of Fellow in major national and international professional societies. It is housed in a state-of-the-art 116,000-square-foot building dedicated to optics, photonics, and laser education and research on the main campus. This facility houses 90 research laboratories equipped with over $55 million in state-of-the-art equipment. A portion of the building functions as the UCF Photonics Incubator, an extension of the award-winning UCF Business Incubation Program. The undergraduate lab is outfitted with the latest equipment and technologies in a dedicated space for undergraduate students.

The research activities, through centers such as CREOL, the Florida Photonics Center of Excellence (FPCE) and the Townes Laser Institute, span the spectrum from basic science to prototype development. The faculty and research staff pursue joint research projects with industry, academia, and government laboratories, and are always seeking new opportunities to work with industry to expose students to the industrial environment and to help in technology transfer.

The faculty engage in research and education in fields utilizing radiation at wavelengths ranging from millimeter waves and THz to UV and X-rays. This includes several photonic technologies:

1. Lasers
2. Optical fibers
3. Semiconductor and integrated photonic devices
4. Nonlinear and quantum optics
5. Imaging, sensing and display

These technologies have applications in industry, communication and information technology, biology and medicine, energy and lighting, aerospace, and homeland security and defense. Design of optical systems, which has been the core of optical engineering, remains to be a
principal component of the discipline, and advanced topics such as nanophotonics, attosecond optics, metamaterials, plasmonics, and biophotonics, have been embraced as areas of strength and future growth. These programs are supported by over $15 million of research grants and contracts annually from numerous federal and state agencies and industry.

**Bachelor of Science in Photonics Science and Engineering Description**

Optics and photonics technologies are central to modern life. For example, they are needed to make and inspect the integrated circuits in nearly every electronic device we use. They are used in high-efficiency lighting, displays, and the harvesting of solar power. Optical fibers have enabled the Internet. Lasers are essential to precision manufacturing and metrology. A plethora of medical applications including clinical diagnosis, surgery, and genome mapping utilize photonics technologies. Photonics plays an important role in the US and Florida's economy, with over 270 photonics companies in Florida, employing over 5,000 engineers. The B.S. degree in Photonics Science and Engineering will enable students to analyze and design optical and laser systems for a broad set of applications including manufacturing, healthcare, telecommunication, defense, security, and entertainment. PSE students are required to complete a senior design project in which students work on a small design team.

The Bachelor of Science in Photonic Science and Engineering is accredited by the Engineering Accreditation Commission of ABET, www.abet.org.

**Mission**

The mission of the Bachelor of Science in Photonic Science and Engineering is to educate students in the fundamental skills, knowledge, and practice so they can apply their knowledge, analyze, and design technologies in a productive and ethical manner that will lead them to positions within the Photonic Science and Engineering industry, or to prepare them for advanced course work or degrees within Optics and Photonics.

**Program Educational Objectives**

1. Graduates will grow in their role as photonic scientists and engineers in society leading to leadership within the profession.
2. Graduates will make a meaningful impact on profession while behaving ethically and taking into account environmental and economic issues.
3. Graduates will pursue professional and personal development in their areas of interest, through such endeavors as graduate studies, service to the profession, or participating in training opportunities.

**Student Outcomes**

1. Graduates have an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. Graduates have an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. Graduates have an ability to communicate effectively with a range of audiences.
4. Graduates have an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. Graduates have an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. Graduates have an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. Graduates have an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. Retain students in the Photonic Science and Engineering Bachelor of Science program.

**Advisement**

The Photonic Science and Engineering Bachelor's degree is jointly offered with CECS. General questions about the PSE program can be directed to the Associate Director in the College of Optics and Photonics by email at undergrad@creol.ucf.edu or visit CREOL 108B.
Additional Information on UCF Baccalaureate Photonic Science and Engineering Program

Current information about the UCF Photonic Science and Engineering can be found on the College website at www.creol.ucf.edu, including information about the joint program with the College of Engineering and Computer Science.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://www.creol.ucf.edu/academics/undergrad/mission-educational-objectives-abet/.

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the College of Optics and Photonics are located at: http://oeas.ucf.edu/academiclearningcompacts.html

Graduate Programs

Major

Photonic Science and Engineering (B.S.P.S.E.)

College of Optics and Photonics
CREOL, Room: 108B
Email: undergrad@creol.ucf.edu

Phone: 407-823-6376

The Bachelor of Science in Photonic Science and Engineering degree is designed to prepare the next generation of engineers for the growing optics and photonics industry, which has a broad set of applications including manufacturing, healthcare, telecommunication, defense, security, and entertainment. The program draws on UCF's internationally recognized strengths in the field of optics and lasers and is matched to the strong photonics industry in Central Florida. The degree is offered jointly by the College of Optics and Photonics and the College of Engineering and Computer Science.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit https://www.creol.ucf.edu/academics/undergrad/mission-educational-objectives-abet/.

Admission Requirements

- Students who wish to declare their major in Photonic Science and Engineering must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.

Degree Requirements

- Majors in the B.S.P.S.E. degree are required to achieve a 2.250 or greater GPA for their engineering core courses, including STA 3032 and PHY 3101, together with the photonics courses required for the major, technical elective courses, and the senior design courses.
- Students in the Photonic Science and Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Photonic Science and Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Photonic Science and Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of
Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Photonic Science and Engineering major will be subject to all probation conditions that applied at the time of exclusion.
- Students in the BSPSE Major must obtain a 2.0 or greater GPA in the following courses: EGN 3211, EEL 3004C, EEL 3123C, and MAP 2302

General Education Program (GEP) (38 Credit Hours)

- Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions for each Foundation below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)

Select One: (3 Credit Hours)

- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Suggested)
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3

Cultural & Historical Foundations (9 Credit Hours)

- HUM 2020 - Encountering the Humanities Credit Hours: 3 (Suggested)
- Select one additional class from either Historical or Cultural Foundations Credit Hours: 3

Select One: (3 Credit Hours)

- MUL 2010 - Enjoyment of Music Credit Hours: 3
- PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Suggested)
- THE 2000 - Theatre Survey Credit Hours: 3

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

- AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (Suggested)

Select One (3 Credit Hours)

- PSY 2012 - General Psychology Credit Hours: 3
- SYG 2000 - Introduction to Sociology Credit Hours: 3
- ANT 2000 - General Anthropology Credit Hours: 3

Science Foundations (7 Credit Hours)

- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)
- Choose one class from Science Foundations Credit Hours: 3

Common Program Prerequisites (CPP) (19 Credit Hours)

These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida postsecondary schools and may be transferred directly to UCF programs.
A "C" (2.0) or better is required in all CPP courses listed below.

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Part of GEP Credit Total)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Part of GEP Credit Total)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Select One: (3 Credit Hours)

- CHS 1440 - Principles of Chemistry Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4

Core Requirements: Basic Level (6-8 Credit Hours)

1 C (2.0) or better required

- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1
- EGN 3211 - Engineering Analysis and Computation Credit Hours: 3 1
- PHY 3101 - General Physics Using Calculus III Credit Hours: 3
- STA 3032 - Probability and Statistics for Engineers Credit Hours: 3 (Part of GEP Credit Total)

Core Requirements: Advanced Level (47 Credit Hours)

Engineering Requirements (17 Credit Hours)

1 C (2.0) or better required.

- EEL 3004C - Linear Circuits I Credit Hours: 3 1
- EEE 3350 - Semiconductor Devices Credit Hours: 3
- EEL 3123C - Linear Circuits II Credit Hours: 3 1
- EEE 3307C - Electronics I Credit Hours: 4
- EEL 3552C - Signal Analysis and Analog Communication Credit Hours: 4

Photonics Requirements (30 Credit Hours)

- OSE 3200 - Geometric Optics Credit Hours: 3
- OSE 3200L - Geometric Optics Lab Credit Hours: 1
- OSE 3052 - Foundations of Photonics Credit Hours: 3
- OSE 3052L - Foundations of Photonics Laboratory Credit Hours: 1
- OSE 3053 - Electromagnetic Waves for Photonics Credit Hours: 3
- OSE 4520 - Laser Engineering Credit Hours: 3
- OSE 4520L - Laser Engineering Laboratory Credit Hours: 1
- OSE 4410 - Optoelectronics Credit Hours: 3
- OSE 4410L - Optoelectronics Laboratory Credit Hours: 1
- OSE 4470 - Fiber-Optic Communications Credit Hours: 3
- OSE 4470L - Fiber-Optic Communications Laboratory Credit Hours: 1
- OSE 4830 - Imaging and Display Credit Hours: 3
- OSE 4830L - Imaging and Display Laboratory Credit Hours: 1
- OSE 4930 - Frontiers of Optics and Photonics Credit Hours: 3

Restricted Electives

- Please refer to the myKnight Audit for a list of approved restricted electives.
- Students must complete 10-12 restricted elective credits. Students must select at least 3 credit hours of restricted electives with the course prefix OSE. The remaining 7 hours may be taken from approved upper level photonics, engineering, physics, mathematics, or other related electives. All electives must be approved.
by the program advisor. See my Knight audit for complete list of approved electives. If EGS 1006C and EGN 1007C are not completed, the restricted electives requirement increases to 12 hrs.

- Students who are Electrical or Computer Engineering double degree majors along with Photonic Science and Engineering majors and who enroll in OSE 4953 will have their restricted elective credit hour total reduced by 2 (1 credit hour per course enrolled).
- The courses used to satisfy the restricted elective requirement and used as part of the major GPA calculation will be those with the highest grades out of all restricted elective courses the student has completed.

Capstone Requirements (6-8 Credit Hours)

- OSE 4951 - Senior Design I Credit Hours: 3
- OSE 4952 - Senior Design II Credit Hours: 3 or
- EEL 4914 - Senior Design I Credit Hours: 3
- EEL 4915L - Senior Design II Credit Hours: 3
- OSE 4953 - Senior Design Double Major ECE Credit Hours: VAR (Taken 2 times, once for EEL 4914 and once for EEL 4915L)

Students who declare a double major in Photonic Science and Engineering along with Electrical Engineering or Computer Engineering can elect to complete the following two-semester sequence for their capstone requirements: EEL 4914 - Senior Design I and OSE 4953 - Senior Design Double Major ECE followed by EEL 4915L - Senior Design II and OSE 4953 again. Otherwise, students will need to complete OSE 4951 and OSE 4952 in addition to the ECE requirements for Senior Design (EEL 4914 and EEL 4915L)

Foreign Language Requirements

- None

Additional Requirements

- Photonic science and engineering students must earn at least 32 hours in residence at UCF. 24 of the 32 Residency hours must be at the 3000-5000 level, in courses taken from the College of Optics and Photonics at UCF and applicable to the degree program.

Required Minors

- None

Departmental Exit Requirements

- None

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 128

Additional Information

Honors In Major

- Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at honors.ucf.edu/research
Related Programs

- Electrical Engineering - Accelerated Undergraduate-Graduate (B.S.E.E. / M.S.E.E.)
- Computer Engineering - Accelerated Undergraduate-Graduate (B.S.Cp.E. / M.S.Cp.E.)
- Physics (B.S.)

Certificates

- None

Related Minors

- Engineering Leadership Minor
- Mathematics Minor
- Physics Minor

Advising Notes

- Photonic Science and Engineering major and pending students should meet with the academic advisor regularly.
- Each student should seek academic advisement before registering for classes each semester to minimize excess hours.
- Students are assumed to have knowledge of a higher level programming language (C preferred).
- Students in the BSPSE Major are required to take OSE-prefixed lab courses in the same semester as the corresponding lecture course.
- Prior to enrolling in OSE 3200, students are encouraged to meet with the BSPSE Academic Advisor.

Transfer Notes

- Courses taken from Florida College System institutions do not substitute for upper division courses unless part of an articulated pre-engineering degree program.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only and without completion of these courses, restricted elective requirement increases to 12 credit hours.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: https://oeas.ucf.edu/academiclearningcompacts.html

Equipment Fees

- Part-Time Student: $30 per term
- Full-Time Student: $60 per term

Plan of Study (128 Credit Hours)

Freshman Year - Fall (15 Credit Hours)

- Historical Foundation Credit Hours: 3
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3
- EGS 1006C - Introduction to the Engineering Profession Credit Hours: 1
- CHS 1440 - Principles of Chemistry Credit Hours: 4

Freshman Year - Spring (15 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3
- EGN 1007C - Engineering Concepts and Methods Credit Hours: 1
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
• AMH 2020 - U.S. History: 1877-Present  
  **Credit Hours:** 3

**Sophomore Year - Fall (14 Credit Hours)**

• MAC 2313 - Calculus with Analytic Geometry III  
  **Credit Hours:** 4
• PHY 2049C - General Physics Using Calculus II  
  **Credit Hours:** 4
• ENC 1102 - Composition II  
  **Credit Hours:** 3
• EGN 3211 - Engineering Analysis and Computation  
  **Credit Hours:** 3

**Sophomore Year - Spring (16 Credit Hours)**

• MAP 2302 - Ordinary Differential Equations I  
  **Credit Hours:** 3
• EEL 3004C - Linear Circuits I  
  **Credit Hours:** 3
• PHY 3101 - General Physics Using Calculus III  
  **Credit Hours:** 3
• OSE 3200 - Geometric Optics  
  **Credit Hours:** 3
• OSE 3200L - Geometric Optics Lab  
  **Credit Hours:** 1
• Science Foundation  
  **Credit Hours:** 3

**Sophomore Year - Summer (12 Credit Hours)**

• EEL 3123C - Linear Circuits II  
  **Credit Hours:** 3
• EEE 3350 - Semiconductor Devices  
  **Credit Hours:** 3
• STA 3032 - Probability and Statistics for Engineers  
  **Credit Hours:** 3
• GEP Social Foundation  
  **Credit Hours:** 3

**Junior Year - Fall (15 Credit Hours)**

• EEE 3307C - Electronics I  
  **Credit Hours:** 4
• OSE 3052 - Foundations of Photonics  
  **Credit Hours:** 3
• OSE 3052L - Foundations of Photonics Laboratory  
  **Credit Hours:** 1
• EEL 3552C - Signal Analysis and Analog Communication  
  **Credit Hours:** 4
• HUM 2020 - Encountering the Humanities  
  **Credit Hours:** 3

**Junior Year - Spring (14 Credit Hours)**

• OSE 3053 - Electromagnetic Waves for Photonics  
  **Credit Hours:** 3
• OSE 4410 - Optoelectronics  
  **Credit Hours:** 3
• OSE 4410L - Optoelectronics Laboratory  
  **Credit Hours:** 1
• OSE 4520 - Laser Engineering  
  **Credit Hours:** 3
• OSE 4520L - Laser Engineering Laboratory  
  **Credit Hours:** 1
• Restricted Elective (Suggested OSE 4240 - Introduction to Optical Design)  
  **Credit Hours:** 3

**Senior Year - Fall (14 Credit Hours)**

• OSE 4470 - Fiber-Optic Communications  
  **Credit Hours:** 3
• OSE 4470L - Fiber-Optic Communications Laboratory  
  **Credit Hours:** 1
• OSE 4951 - Senior Design I  
  **Credit Hours:** 3
• OSE 4930 - Frontiers of Optics and Photonics  
  **Credit Hours:** 3
• OSE 4830 - Imaging and Display  
  **Credit Hours:** 3
• OSE 4830L - Imaging and Display Laboratory  
  **Credit Hours:** 1
• Restricted Elective - Suggest MAS 3105 Matrix and Linear Algebra  
  **Credit Hours:** 4
• Restricted Elective  
  **Credit Hours:** 3
• Historical Foundation  
  **Credit Hours:** 3

**Senior Year - Spring (13 Credit Hours)**

• OSE 4952 - Senior Design II  
  **Credit Hours:** 3
• Restricted Elective - Suggest MAS 3105 Matrix and Linear Algebra  
  **Credit Hours:** 4
• Restricted Elective  
  **Credit Hours:** 3
• Historical Foundation  
  **Credit Hours:** 3
College of Sciences

Dean: Michael Johnson  
CSB 201; 407-823-1997  
http://sciences.ucf.edu/

Associate Dean: Teresa Dorman  
CSB 201; 407-823-5167  
Associate Dean: Tosa Dupras  
CSB 201; 407-823-6725  
Associate Dean: Enrique del Barco  
CSB 201; 407-823-1912

The College of Sciences educates and conducts research in physical, life, social, and behavioral sciences. The College houses the departments of Anthropology, Biology, Chemistry, Mathematics, Physics, Political Science, Psychology, Sociology, and Statistics. The college also shared with the College of Arts and Humanities oversight of the Nicholson School of Communication and Media, an interdisciplinary, inter-college unit. In addition, the college houses several additional academic and research units, including the Arboretum, Global Perspectives, the Lou Frey Institute of Politics and Government, the National Center for Forensic Science, and iSTEM (Initiatives in Sciences, Technology, Engineering, and Mathematics).

The College is responsible for programs in the behavioral and social sciences, the communication sciences, the analytic and computational sciences, and the physical and life sciences. Units in the College collectively offer undergraduate baccalaureate degrees, minors, certificates, tracks, and pre-professional programs in these areas. For information concerning graduate programs, please refer to the Graduate Catalog: http://www.graduatecatalog.ucf.edu.

Undergraduates enrolled in the College must fulfill all University degree requirements, including those for general education, as well as the requirements of the degree program. To be certified for graduation, most programs require that a student achieve at least a "C" GPA (2.0) in the courses of his or her major and/or minor as defined by each department (see program specific requirements). Some departments also require a minimum grade in specified courses and/or in portions of the program of study. Consult the program requirements and a departmental advisor for specific policies. For programs with a foreign language graduation requirement, American Sign Language is not considered a foreign language and will not satisfy the requirement unless specifically permitted within the major (see "Foreign Language Requirements" under specific program requirements).

Preprofessional Programs

Prelaw Program

Prelaw Advisor: Roger Handberg  
PH 302; 407-823-2608

Office of Pre-Health and Pre-Law Advising:  
http://www.phpladvising.ucf.edu/

There is no preferred major for those students interested in enrolling into a law program. Law schools accept superior students with a good liberal arts or science background, regardless of major field. A Bachelor of Arts or Bachelor of Science degree with an emphasis in theory and critical thinking is typically suggested. The quality of undergraduate education for the legal profession, according to the Association of American Law Schools, is grounded in three basic skills and insights: comprehension and expression in words, critical understanding of the human institutions and values with which the law deals, and the creative power of thinking. Law schools require that applicants take the Law School Admission Test (LSAT). General information pertaining to programs of study, the LSAT, careers, and law schools can be obtained from the Pre-Law Advisor. Advisement within the major is provided by the department offering the major. Students are also encouraged to seek advisement from the university's Office of Pre-Health and Pre-Law Advising.

Prehealth Professions

Office of Pre-Health and Pre-Law Advising:  
http://www.phpladvising.ucf.edu/

While there are specific courses that students need to master to enroll into a medical program, there is not a required major. The College of Sciences offers many of the courses that fulfill admission requirements for professional schools in the health sciences. Refer to the Biology Preprofessional Concentration for additional information. Students are also encouraged to seek advisement from the university's Office of Pre-Health and Pre-Law Advising.
Advisement

College of Sciences, Advising Services (COSAS)

Director of Undergraduate Advising: Lee Anne Kirkpatrick
CSB 250; 407-823-6131
Email: cosas@ucf.edu
http://sciences.ucf.edu/cosas/

The College of Sciences Advising Services (COSAS) is the primary office for undergraduate academic advisement for the College of Sciences. COS students will have at least two primary advisors, one within COSAS and one within the department of their major. Second year students transitioning from the "First Year" advising offices should make an appointment with their COSAS advisor by the end of the fall term of their second year at UCF. At that appointment, students will also then be referred to an advisor within the department of their major. New transfer students within COS should meet with their COSAS advisor and their department advisor by the end of their first term at UCF. COSAS assists students with degree requirements, policies, and procedures as well as coordinates orientation, registration, readmission, and graduation. COSAS advisors also work with students at risk of, and currently on, academic probation as well as students with low major GPAs. Questions concerning University and College academic policies and requirements should be directed to COSAS. Questions concerning the specific requirements within a major or minor should be directed to the department offering the program. For additional information about COSAS, please visit our website.

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the College of Sciences are located at:
http://oeas.ucf.edu/academiclearningcompacts.html

Graduate Programs

For a full list of Graduate programs click here. All Undergraduate programs for the College of Sciences are listed below.

Department of Anthropology

Interim Chair: John Schultz
PH 309; 407-823-2227
Email: anthro@ucf.edu
http://sciences.ucf.edu/anthropology

Associate Chair: Ty Matejowsky
Undergraduate Coordinator: Sarah (Stacy) Barber

Please see the department website for a listing of the department's faculty and staff.

The undergraduate Anthropology program provides students with broad knowledge of the field's four sub-disciplines: cultural anthropology, physical anthropology, archaeology, and linguistics. Students gain the skills needed to apply the concepts, methods, and theories of Anthropology in the real world. Graduates are well prepared for careers in various industries or graduate school. While undergraduate students are exposed to each of Anthropology's subdisciplines, the training for advanced work in each field differs. Thus, students should consult with their departmental advisor early in their academic careers. There is a wide range of research, internship, and service learning experiences available to students. The Department of Anthropology offers a Bachelor of Arts in Anthropology, a number of minors or undergraduate certificate programs (see below for full list), a Master of Arts in Anthropology, a graduate certificate in Geographic Information Systems, and a PhD in Integrative Anthropological Sciences.

Major

Anthropology (B.A.)

College of Sciences
Department of Anthropology
Howard Phillips Hall (HPH), Room: 309
https://sciences.ucf.edu/anthropology
Email: anthro@ucf.edu

Dr. Sandra Wheeler
sandra.wheeler@ucf.edu
Phone: 407-823-2227

The Anthropology major results in broad holistic understanding of humans and the human condition, both past and present. Students study all subfields of Anthropology: Archaeology, Cultural Anthropology, Linguistics, and Physical Anthropology. Students are encouraged to gain first-hand experience through research and fieldwork.
Anthropology (B.A.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements

- UCF students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement: at least 30 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Anthropology Department
- Students must maintain a minimum cumulative GPA of 2.0 in all major requirements. See Department Exit Requirements for more information.
- Anthropology majors must earn a ‘C’ (2.0) or better in all Core Requirements and Restricted Electives. Students may make a request to the Undergraduate Coordinator to be granted the use of one C- toward the major requirements.
- Co-op or internship can be used in the major with prior approval.
- Students should consult with a department advisor.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in General Education Program (GEP) and Common Program Prerequisites (CPP) are usually completed in the first 60 hours.

General Education Program (GEP)
(36 Credit Hours)

At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

- ANT 2410 - Cultural Anthropology: Global Perspectives, Local Contexts Credit Hours: 3 (Required)
- Cultural and Historical Foundation - Credit Hours: 3
- Cultural and Historical Foundation - Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)

Select one:

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
- You may substitute a higher level math with appropriate scores on the Math Placement Exam.

Statistics - Computers (3 Credit Hours)

- STA 2014C - Principles of Statistics Credit Hours: 3 (Suggested)

Social Foundations (6 Credit Hours)

- ANT 2000 - General Anthropology Credit Hours: 3 (Suggested)
- Select from the Social Foundation, Area 1 list Credit Hours: 3

Science Foundations (6 Credit Hours)

- ANT 2511 - The Human Species Credit Hours: 3 (Required)
- Select from the Science Foundation, Area 1 list Credit Hours: 3

Common Program Prerequisites (CPP)
- AN 2000 - General Anthropology  
  **Credit Hours:** 3 (GEP)
- AN 2511 - The Human Species  
  **Credit Hours:** 3 (GEP)

**Core Requirements: Basic Level (6 Credit Hours)**

- Core-Required, also satisfy the CPP
  - AN 2511 - The Human Species  
    **Credit Hours:** 3 (GEP/CPP)

Take all of the following: (6 Credit Hours)

- AN 2140 - Archaeology and the Rise of Human Culture  
  **Credit Hours:** 3
- AN 2410 - Cultural Anthropology: Global Perspectives, Local Contexts  
  **Credit Hours:** 3

**Core Requirements: Advanced Level (6 Credit Hours)**

- AN 3610 - Language and Culture  
  **Credit Hours:** 3
- AN 4034 - History of Anthropological Thought  
  **Credit Hours:** 3

**Anthropology B.A. Tracks**

- Students must choose either the General Track or the Anthropological Methods and Practice Track

**Restricted Electives (30 Credit Hours)**

**Anthropology B.A. General Track (30 Credit Hours)**

**Core Requirements (6 Credit Hours)**

- AN 3145 - Archaeology of Complex Societies  
  **Credit Hours:** 3

**Select One:**

- AN 4516 - Human Biological Diversity  
  **Credit Hours:** 3
- AN 4586C - Human Origins  
  **Credit Hours:** 3

**General Track Restricted Electives (24 Credit Hours)**

**Area Study (3 Credit Hours)**

Select one from the following courses:

- AN 3107 - Blood and Valor in the Viking World  
  **Credit Hours:** 3
- AN 3148 - Life and Death in Ancient Egypt  
  **Credit Hours:** 3
- AN 3152 - Archaeology of the Greater Southwest  
  **Credit Hours:** 3
- AN 3158 - Florida Archaeology  
  **Credit Hours:** 3
- AN 3160 - Americas Before Columbus  
  **Credit Hours:** 3
- AN 3161 - Ancient Mexico: Aztec to Zapotec  
  **Credit Hours:** 3
- AN 3163 - Mesoamerican Archaeology  
  **Credit Hours:** 3
- AN 3164 - Ancient Incas  
  **Credit Hours:** 3
- AN 3165 - Archaeology of South America  
  **Credit Hours:** 3
- AN 3166 - African Archaeology and Prehistory  
  **Credit Hours:** 3
- AN 3177 - Archaeology of Caribbean Piracy  
  **Credit Hours:** 3
- AN 3179 - Australian Archaeology and Indigenous Cultures  
  **Credit Hours:** 3
- AN 3311 - Indians of the Southeastern United States  
  **Credit Hours:** 3
- AN 3312 - Ethnology of North American Indians  
  **Credit Hours:** 3
- AN 3330 - Anthropology of the Amazon  
  **Credit Hours:** 3
- AN 3362 - Peoples of Southeast Asia  
  **Credit Hours:** 3
- AN 4153 - North American Archaeology  
  **Credit Hours:** 3
• ANT 4332 - People and Cultures of Latin America Credit Hours: 3
• ANT 4340 - Caribbean Cultures Credit Hours: 3
• ANT 4352 - African Societies and Cultures Credit Hours: 3

Additional area study electives with the ANT prefix can be taken as approved by an advisor.

Additional Restricted Electives (21 Credit Hours)

• Select 7 additional upper-level Anthropology courses; all courses with the prefix ANT, including special topic courses, will count towards restricted electives if they have not been used to fulfill other requirements and are subject to the following restrictions. Because new courses are frequently added, consult online course schedules for the most up-to-date list of available and upcoming elective courses. Electives can be selected from the list below or from the Area Study list above.
• Seniors may select 5000 level courses with the prefix ANG to count toward restricted electives. Students must seek prior approval for these courses. Students may not take both the 4000 level and the 5000 level course when available.

Only one of the following may be taken:

• ANT 3905 - Directed Independent Study Credit Hours: 3
• ANT 3940 - Internship Credit Hours: 3
• ANT 3949 - Cooperative Education in Anthropology Credit Hours: 0
• ANT 3943 - Caribbean Archaeology Practicum Credit Hours: 3
• ANT 3955 - Study Abroad Credit Hours: 3
• ANT 4906 - Directed Independent Study Credit Hours: 3
• ANT 4912 - Directed Independent Research Credit Hours: 3
• ANT 4941 - Internship Credit Hours: 3
• ANT 4949 - Cooperative Education Credit Hours: 3
• ANT 4955 - Study Abroad Credit Hours: 3
• ANG 5907 - Independent Study Credit Hours: 3
• ANG 5917 - Directed Research Credit Hours: 3

None of the following may be taken:

• ANT 4903H - Honors Directed Reading I Credit Hours: 3
• ANT 4904H - Honors Directed Reading II Credit Hours: 3
• ANT 4970H - Undergraduate Honors Thesis Credit Hours: 3

Anthropology B.A. Anthropological Methods and Practice Track (30 Credit Hours)

• Additional core requirement courses with the ANT prefix and required concentration can be taken as approved by an advisor.

Core Requirements: Anthropological Methodology and Theory (3 Credit Hours)

Select one:

• ANT 4115C - Archaeological Method and Theory Credit Hours: 3
• ANT 4802 - Ethnographic Field Methods Credit Hours: 3
• ANT 4591 - Quantitative Methods in Biological Anthropology Credit Hours: 3

Core Requirements: Applied, Field, or Laboratory Method (3 Credit Hours)

Select one:

• ANT 3550C - Primatology Credit Hours: 3
• ANT 3701 - Engagement & Social Change: Public Anthropology Credit Hours: 3
• ANT 4187 - Paleoenthnobotany Credit Hours: 3
• ANT 4480 - Global Health in Anthropological Perspective Credit Hours: 3
• ANT 4516 - Human Biological Diversity Credit Hours: 3
• ANT 4525C - Human Osteology Credit Hours: 3
• ANT 4586C - Human Origins Credit Hours: 3
• ANT 4852 - GIS Methods in Anthropology Credit Hours: 3
- ANT 4854 - Advanced GIS Methods in Anthropology Credit Hours: 3
- ANT 4081 - Science, Technology, and Culture Credit Hours: 3
- ANT 4115C - Archaeological Method and Theory Credit Hours: 3
- ANT 4802 - Ethnographic Field Methods Credit Hours: 3
- ANT 4591 - Quantitative Methods in Biological Anthropology Credit Hours: 3

Core Requirements: High-Impact Learning Experience (3 Credit Hours)

Select one:

- ANT 3940 - Internship Credit Hours: 3
- ANT 3943 - Caribbean Archaeology Practicum Credit Hours: 3
- ANT 3949 - Cooperative Education in Anthropology Credit Hours: 3
- ANT 3955 - Study Abroad Credit Hours: 3
- ANT 4912 - Directed Independent Research Credit Hours: 3
- ANT 4941 - Internship Credit Hours: 3
- ANT 4949 - Cooperative Education Credit Hours: 3
- ANT 4955 - Study Abroad Credit Hours: 3
- ANT 4970H - Undergraduate Honors Thesis Credit Hours: 3

Anthropological Methods and Practice Track Restricted Electives (21 Credit Hours)

- Select 7 additional upper-level Anthropology courses; these may include other methods courses from Anthropological Methods or Applied, Field or Laboratory Methods listed or any other courses with the ANT prefix at the 3000 or 4000 level, including special topic courses, that may be offered (see below for restrictions). Because new courses are frequently added, consult online course schedules for the most up-to-date list of available and upcoming elective courses.
- ANT 3026 - Mummies, Zombies, and Vampires: Anthropology of the Undead Credit Hours: 3
- ANT 3106 - Archaeology and Popular Culture Credit Hours: 3
- ANT 3107 - Blood and Valor in the Viking World Credit Hours: 3
- ANT 3142 - Old World Prehistory Credit Hours: 3
- ANT 3145 - Archaeology of Complex Societies Credit Hours: 3
- ANT 3148 - Life and Death in Ancient Egypt Credit Hours: 3
- ANT 3152 - Archaeology of the Greater Southwest Credit Hours: 3
- ANT 3158 - Florida Archaeology Credit Hours: 3
- ANT 3160 - Americas Before Columbus Credit Hours: 3
- ANT 3161 - Ancient Mexico: Aztec to Zapotec Credit Hours: 3
- ANT 3163 - Mesoamerican Archaeology Credit Hours: 3
- ANT 3164 - Ancient Incas Credit Hours: 3
- ANT 3165 - Archaeology of South America Credit Hours: 3
- ANT 3168 - Maya Archaeology Credit Hours: 3
- ANT 3169 - Life and Death in the Ancient Andes Credit Hours: 3
- ANT 3173 - Archaeology of Sex Credit Hours: 3
- ANT 3176 - African Archaeology and Prehistory Credit Hours: 3
- ANT 3177 - Archaeology of Caribbean Piracy Credit Hours: 3
- ANT 3179 - Australian Archaeology and Indigenous Cultures Credit Hours: 3
- ANT 3212 - Peoples of the World Credit Hours: 3
- ANT 3241 - Magic, Ritual, and Belief Credit Hours: 3
- ANT 3245 - Native American Religions Credit Hours: 3

  Credit Hours: 3

One course can be used if not taken to complete Core Requirements: High-Impact Learning Experience:

• ANT 3940 - Internship  
  Credit Hours: 3
• ANT 3949 - Cooperative Education in Anthropology  
  Credit Hours: 3
• ANT 4941 - Internship  
  Credit Hours: 3
• ANT 4949 - Cooperative Education  
  Credit Hours: 3
• ANT 4970H - Undergraduate Honors Thesis  
  Credit Hours: 3

Students may not receive credit towards Core Requirements: High-Impact Learning Experience or Restricted Electives for both the 3000 and 4000 level Internship or Cooperative Education Courses

None of the following maybe taken as restricted electives:
• ANT 4903H - Honors Directed Reading I Credit Hours: 3
• ANT 4904H - Honors Directed Reading II Credit Hours: 3
• ANT 3943 - Caribbean Archaeology Practicum Credit Hours: 3
• ANT 3955 Study Abroad Credit Hours: 3
• ANT 4906 - Directed Independent Study Credit Hours: 3
• ANT 4912 - Directed Independent Research Credit Hours: 3
• ANT 4955 - Study Abroad Credit Hours: 3

Capstone Requirements

• None

Electives

• Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

• Met by graduation requirement

Graduation

• Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

Required Minors

• None

Departmental Exit Requirements

• Students must maintain a minimum cumulative GPA of 2.0 in all major requirements. All attempts of courses taken are included in the major GPA calculation. Additional courses that could meet requirements but are taken beyond the minimum required (e.g., additional restricted electives beyond 24 hrs) and a "C" (2.0) or better is earned are also included in the GPA calculation.
• Students will be required to take a standard exit exam.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

• Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at https://honors.ucf.edu/research/.

Advising Notes

- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- Although any two ANT courses satisfy the CPP, ANT 2511 is required in the core and must be taken.
- Field school courses from other academic institutions may be accepted for a maximum of 3 credits for Restricted Elective in the General Track or for the High-Impact Learning Experience in the Anthropological Methods and Practice Track.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Plan of Study

- One of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Freshman Year - Fall (12 Credit Hours)
• ANT 2000 - General Anthropology Credit Hours: 3
• ANT 2511 - The Human Species Credit Hours: 3
• ENC 1101 - Composition I Credit Hours: 3
• GEP-Math Credit Hours: 3

Freshman Year - Spring (13 Credit Hours)

• ANT 2410 - Cultural Anthropology: Global Perspectives, Local Contexts Credit Hours: 3
• ENC 1102 - Composition II Credit Hours: 3
• STA 2023 - Statistical Methods I Credit Hours: 3
• Foreign Language (XXX1120C) Credit Hours: 4

Freshman Year - Summer (7 Credits)

Minor

American Indian Studies
Minor
The American Indian Studies minor will enhance a student's understanding and appreciation of the history and culture of the North American Indians. The minor is especially appropriate for UCF undergraduates who are not majoring in Anthropology.

Minor Admission Requirements

- The minor is not open to Anthropology majors.

Minor Requirements

- Students must earn a grade of "C" (2.0) or better in all course used to satisfy the minor.
- At least 15 hours used in the minor must be earned at UCF.
- Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors and certificates).

Prerequisite Courses

- Most courses for this minor will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Required Courses (9 Credit Hours)

Complete three of the following courses:

- AMH 3580 - North American Indians Credit Hours: 3
- ANT 3245 - Native American Religions Credit Hours: 3
- ANT 3312 - Ethnology of North American Indians Credit Hours: 3
- ANT 4153 - North American Archaeology Credit Hours: 3

Restricted Electives (9 Credit Hours)

Complete three of the following courses:

One course substitution for the American Indian Studies minor will only be allowed with prior approval from a minor advisor.

- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3
- AMH 2020 - U.S. History: 1877-Present Credit Hours: 3
- AMH 3441 - History of the Frontier: Eastern America Credit Hours: 3
- AML 3643 - Contemporary Native American Prose and Poetry Credit Hours: 3
- ANT 3152 - Archaeology of the Greater Southwest Credit Hours: 3
- ANT 3154 - A Survey of American Historical Archaeology Credit Hours: 3
- ANT 3158 - Florida Archaeology Credit Hours: 3
- ANT 3311 - Indians of the Southeastern United States Credit Hours: 3
- CPO 4794 - Indigenous Politics and the Environment Credit Hours: 3
- POS 3076 - American Indian Politics Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- No credit by exam (TSD, Military credit) may be used to satisfy the minor.

Anthropological Archaeology Minor

College of Sciences
Department of Anthropology
Howard Phillips Hall (HPH), Room: 309
https://sciences.ucf.edu/anthropology
Email: anthro@ucf.edu

Dr. Sandra Wheeler
sandra.wheeler@ucf.edu
Phone: 407-823-2227

The Anthropological Archaeology minor offers students an opportunity to contextualize the modern world through the recent and more distant past. The minor emphasizes both the methods by which archaeologists study the past and areas of geographic and topical interest. The minor is ideal for students interested in understanding the long-term processes underlying modern global phenomena such as urban development, increasing inequality, the adoption of agriculture, foodways, and human adaptation to climate change.

Admission Requirements

- The minor is not open to Anthropology majors.

Minor Requirements

- Students must earn a grade of "C" (2.0) or better in all courses used to satisfy the minor.
- At least 15 hours used in the minor must be earned at UCF within the Department of Anthropology.
- Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors or certificates).

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (6 Credit Hours)

Complete the following courses:

- ANT 2140 - Archaeology and the Rise of Human Culture Credit Hours: 3
- ANT 4115C - Archaeological Method and Theory Credit Hours: 3

Restricted Electives (12 Credit Hours)

Students may substitute one upper level course in anthropology for those not listed here with prior permission.

Complete four of the following courses:

- ANT 3106 - Archaeology and Popular Culture
  Credit Hours: 3
- ANT 3107 - Blood and Valor in the Viking World
  Credit Hours: 3
- ANT 3142 - Old World Prehistory
  Credit Hours: 3
- ANT 3145 - Archaeology of Complex Societies
  Credit Hours: 3
- ANT 3148 - Life and Death in Ancient Egypt
  Credit Hours: 3
- ANT 3152 - Archaeology of the Greater Southwest
  Credit Hours: 3
- ANT 3154 - A Survey of American Historical Archaeology
  Credit Hours: 3
- ANT 3158 - Florida Archaeology
  Credit Hours: 3
- ANT 3160 - Americas Before Columbus
  Credit Hours: 3
- ANT 3161 - Ancient Mexico: Aztec to Zapotec
  Credit Hours: 3
- ANT 3163 - Mesoamerican Archaeology
  Credit Hours: 3

Anthropology in Multicultural Studies Minor

College of Sciences  
Department of Anthropology  
Howard Phillips Hall (HPH), Room: 309

https://sciences.ucf.edu/anthropology

Email: anthro@ucf.edu

Dr. Sandra Wheeler  
sandra.wheeler@ucf.edu  
Phone: 407-823-2227

In an increasingly connected world, a foundation in multicultural studies is more important than ever. This minor allows students to develop a broad and deep understanding of the diversity and interconnectedness of societies around the world in the past and present. Students will be exposed to various cultures around the world in comparative and specialist courses from the perspectives of cultural and archaeological anthropology, including health, environment, governance, policy, and more.

Admission Requirements

• The minor is not open to Anthropology majors.

Minor Requirements

• Students must earn a grade of "C" (2.0) or better in all courses used to satisfy the minor.

• At least 15 hours used in the minor must be earned at UCF within the Department of Anthropology.

• Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors or certificates). (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)

Prerequisite Courses

• Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (3 Credit Hours)

Select from: (3 Credit Hours)
• ANT 2000 - General Anthropology Credit Hours: 3
• ANT 2410 - Cultural Anthropology: Global Perspectives, Local Contexts Credit Hours: 3

Restricted Electives (15 Credit Hours)

Select from the following. Substitutions, including graduate courses, require prior consent of the Anthropology Coordinator.

• ANT 3026 - Mummies, Zombies, and Vampires: Anthropology of the Undead Credit Hours: 3
• ANT 3107 - Blood and Valor in the Viking World Credit Hours: 3
• ANT 3148 - Life and Death in Ancient Egypt Credit Hours: 3
• ANT 3160 - Americas Before Columbus Credit Hours: 3
• ANT 3161 - Ancient Mexico: Aztec to Zapotec Credit Hours: 3
• ANT 3163 - Mesoamerican Archaeology Credit Hours: 3
• ANT 3164 - Ancient Incas Credit Hours: 3
• ANT 3165 - Archaeology of South America Credit Hours: 3
• ANT 3168 - Maya Archaeology Credit Hours: 3
• ANT 3169 - Life and Death in the Ancient Andes Credit Hours: 3
• ANT 3177 - Archaeology of Caribbean Piracy Credit Hours: 3
• ANT 3179 - Australian Archaeology and Indigenous Cultures Credit Hours: 3

The Anthropology minor develops a student's holistic understanding of the past and present human condition.

Admission Requirements
• The minor is not open to Anthropology majors.

Minor Requirements
• Students must earn a grade of "C" (2.0) or better in all courses used to satisfy the minor.
• At least 15 hours used in the minor must be earned at UCF within the Department of Anthropology unless two of the three lower-division required courses were completed at another institution. In that case, at least 12 hours used in the minor must be earned at UCF within the Department of Anthropology.
• Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors or certificates). (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)

Prerequisite Courses
• Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (9 Credit Hours)
• May substitute one upper level anthropology course with prior permission.

Complete three of the following courses:
• ANT 2000 - General Anthropology Credit Hours: 3
• ANT 2140 - Archaeology and the Rise of Human Culture Credit Hours: 3
• ANT 2410 - Cultural Anthropology: Global Perspectives, Local Contexts Credit Hours: 3
• ANT 2511 - The Human Species Credit Hours: 3

Restricted Electives (9 Credit Hours)
Complete at least three of the following courses:
• ANT 3026 - Mummies, Zombies, and Vampires: Anthropology of the Undead Credit Hours: 3
• ANT 3106 - Archaeology and Popular Culture Credit Hours: 3
• ANT 3107 - Blood and Valor in the Viking World Credit Hours: 3
• ANT 3142 - Old World Prehistory Credit Hours: 3
• ANT 3145 - Archaeology of Complex Societies Credit Hours: 3
• ANT 3148 - Life and Death in Ancient Egypt Credit Hours: 3
• ANT 3152 - Archaeology of the Greater Southwest Credit Hours: 3
• ANT 3154 - A Survey of American Historical Archaeology Credit Hours: 3
• ANT 3158 - Florida Archaeology Credit Hours: 3
• ANT 3160 - Americas Before Columbus Credit Hours: 3
• ANT 3161 - Ancient Mexico: Aztec to Zapotec Credit Hours: 3
• ANT 3163 - Mesoamerican Archaeology Credit Hours: 3

Phone: 407-823-2227

The Biological Anthropology minor develops an understanding of anthropological approaches to the study of the human body from modern and/or archaeological contexts. This minor is particularly appropriate for students interested in human biology, forensic anthropology, bioarchaeology, or area studies in archaeology.

---

### Admission Requirements

• The minor is not open to anthropology majors.

### Minor Requirements

• Students must earn a grade of "C" (2.0) or better in all courses used to satisfy the minor.
• At least 15 hours used in the minor must be earned at UCF within the Department of Anthropology.
• Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors or certificates). (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)

### Prerequisite Courses

• Students must satisfy each course's prerequisites before enrolling in the class.

### Required Courses (3 Credit Hours)

• ANT 2511 - The Human Species **Credit Hours:** 3

### Restricted Electives (15 Credit Hours)

Complete five of the following courses:

Students may substitute one anthropology upper level course that is either an archaeological area study course or a health related course with prior permission.

• ANT 3026 - Mummies, Zombies, and Vampires: Anthropology of the Undead **Credit Hours:** 3
• ANT 3148 - Life and Death in Ancient Egypt **Credit Hours:** 3
• ANT 3169 - Life and Death in the Ancient Andes **Credit Hours:** 3
• ANT 3541 - Biobehavioral Anthropology **Credit Hours:** 3
• ANT 3550C - Primatology **Credit Hours:** 3
• ANT 4027 - Mummies, Life After Death **Credit Hours:** 3
• ANT 4115C - Archaeological Method and Theory **Credit Hours:** 3
The Cultural Anthropology Minor allows students to explore the diversity of cultures in a variety of non-Western and Western contexts, both historically and in the present. Students examine how ideas about cultures have evolved over time and how anthropology has researched, analyzed, and understood cultural diversity and change. Courses include topics of colonialism, Westernization and culture change, globalization, migration and refugees, poverty, war and violence, race, gender and sexuality, media and popular culture, and medical anthropology. There are three great reasons to pursue the Cultural Anthropology Minor. First, the material is intellectually exciting and engages students in thinking about the most pressing social, global, and political issues taking place around us. Second, understanding cultural complexities complements and adds depth to any major, and demonstrates students' well-rounded education. Third, cultural anthropology opens doors in a variety of career settings, including global and local advocacy, public service, health sector, business, research, and teaching.

Admission Requirements

- The minor is not open to anthropology majors.

Minor Requirements

- Students must earn a grade of "C" (2.0) or better in all courses used to satisfy the minor.
- At least 15 hours used in the minor must be earned at UCF within the Department of Anthropology.
- Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors or certificates). (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (3 Credit Hours)

- ANT 2410 - Cultural Anthropology: Global Perspectives, Local Contexts Credit Hours: 3
Restricted Electives (15 Credit Hours)

Complete five of the following courses:

- ANT 3179 - Australian Archaeology and Indigenous Cultures Credit Hours: 3
- ANT 3212 - Peoples of the World Credit Hours: 3
- ANT 3241 - Magic, Ritual, and Belief Credit Hours: 3
- ANT 3245 - Native American Religions Credit Hours: 3
- ANT 3275 - Anthropological Perspectives on Refugees Credit Hours: 3
- ANT 3290 - Anthropology of Plants and People Credit Hours: 3
- ANT 3302 - Sex, Gender and Culture Credit Hours: 3
- ANT 3311 - Indians of the Southeastern United States Credit Hours: 3
- ANT 3312 - Ethnology of North American Indians Credit Hours: 3
- ANT 3330 - Anthropology of the Amazon Credit Hours: 3
- ANT 3362 - Peoples of Southeast Asia Credit Hours: 3
- ANT 3451 - Race Matters: Anthropological Approaches to Racism Credit Hours: 3
- ANT 3610 - Language and Culture Credit Hours: 3
- ANT 3701 - Engagement & Social Change: Public Anthropology Credit Hours: 3
- ANT 4013 - Anthropology of Fast Food Credit Hours: 3
- ANT 4034 - History of Anthropological Thought Credit Hours: 3
- ANT 4051 - Environmental Anthropology Credit Hours: 3
- ANT 4081 - Science, Technology, and Culture Credit Hours: 3
- ANT 4332 - People and Cultures of Latin America Credit Hours: 3
- ANT 4408 - Culture, Disease, and Healing Credit Hours: 3
- ANT 4441 - Anthropology of Cities Credit Hours: 3
- ANT 4462 - Medical Anthropology Credit Hours: 3
- ANT 4467 - Nutritional Anthropology Credit Hours: 3
- ANT 4480 - Global Health in Anthropological Perspective Credit Hours: 3
- ANT 4481 - Anthropology of Drugs and Addiction Credit Hours: 3
- ANT 4482 - Anthropology of Mental Health Credit Hours: 3
- ANT 4702 - Culture, Inequality and Global Development Credit Hours: 3
- ANT 4802 - Ethnographic Field Methods Credit Hours: 3

Foreign Language Requirements

- None

Medical Anthropology Minor

College of Sciences
Department of Anthropology
Howard Phillips Hall (HPH), Room: 309
https://sciences.ucf.edu/anthropology
Email: anthro@ucf.edu

Dr. Joanna Mishtal
joanna.mishtal@ucf.edu
Phone: 407-823-2227

The Medical Anthropology minor develops students' understanding of health from the perspective of human cultural and biological diversity. Current trends in education and employment show a growing need for medical anthropology knowledge and expertise in a variety of national and international career directions. This Minor therefore prepares students for future graduate studies and work in health professions, including medicine, global health, nursing, and social work.

Admission Requirements
The minor is not open to anthropology majors.

**Minor Requirements**

- Students must earn a grade of "C" (2.0) or better in all courses used to satisfy the minor.
- At least 15 hours used in the minor must be earned at UCF within the Department of Anthropology.
- Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors or certificates). (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)

**Prerequisite Courses**

- Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (6 Credit Hours)**

Complete all of the following:

- ANT 4408 - Culture, Disease, and Healing
  Credit Hours: 3
- ANT 4462 - Medical Anthropology
  Credit Hours: 3

**Restricted Electives (12 Credit Hours)**

Select four courses:

- ANT 3148 - Life and Death in Ancient Egypt
  Credit Hours: 3
- ANT 3169 - Life and Death in the Ancient Andes
  Credit Hours: 3
- ANT 3275 - Anthropological Perspectives on Refugees
  Credit Hours: 3
- ANT 3290 - Anthropology of Plants and People
  Credit Hours: 3
- ANT 3302 - Sex, Gender and Culture
  Credit Hours: 3
- ANT 3701 - Engagement & Social Change: Public Anthropology
  Credit Hours: 3
- ANT 4013 - Anthropology of Fast Food
  Credit Hours: 3
- ANT 4081 - Science, Technology, and Culture
  Credit Hours: 3
- ANT 4184 - Mortuary Archaeology
  Credit Hours: 3
- ANT 4406 - Pain and Suffering: The Anthropology of Violence
  Credit Hours: 3
- ANT 4467 - Nutritional Anthropology
  Credit Hours: 3
- ANT 4480 - Global Health in Anthropological Perspective
  Credit Hours: 3
- ANT 4481 - Anthropology of Drugs and Addiction
  Credit Hours: 3
- ANT 4482 - Anthropology of Mental Health
  Credit Hours: 3
- ANT 4483 - Health and Healing in the Ancient World: An Anthropological Perspective
  Credit Hours: 3
- ANT 4516 - Human Biological Diversity
  Credit Hours: 3
- ANT 4521 - Forensic Anthropology
  Credit Hours: 3
- ANT 4525C - Human Osteology
  Credit Hours: 4
- ANT 4560 - Birth to Death: Anthropological Perspectives on Human Growth
  Credit Hours: 3
- ANT 4802 - Ethnographic Field Methods
  Credit Hours: 3
- ANT 4802 - Ethnographic Field Methods
  Credit Hours: 3

**Foreign Language Requirements**

- None

**Total Undergraduate Credit Hours Required:** 18

**Other Requirements**

- Relevant Internship, Research, or Independent Study credit can be used to replace one elective course only with prior approval from the minor advisor.
- One substitution for a Restricted Elective Course with another relevant course will be allowed with prior approval from the Medical Anthropology Minor advisor.
Certificate

Anthropology of Global Health Certificate

College of Sciences
Department of Anthropology
Howard Phillips Hall (HPH), Room: 309
https://sciences.ucf.edu/anthropology
Email: anthro@ucf.edu

Dr. Joanna Mishtal
joanna.mishtal@ucf.edu
Phone: 407-823-2227

The Anthropology of Global Health Certificate offers students the opportunity to pursue the rapidly growing field of global health from an anthropological perspective, which examines global health problems by situating them in local contexts. Global health issues such as refugee health, global mental health, and emergent "superbugs" (e.g., Ebola, Zika), are of increasing concern and interest. Health is also the focus of the work of numerous public, private, non-governmental and non-profit organizations in the U.S. and abroad. This certificate allows UCF students interested in health to pursue this educational focus, regardless of their major.

Admission Requirements

• None

Certificate Requirements

• A minimum overall 2.0 GPA is required in courses used to satisfy requirement.
• At least 12 hours used toward the certificate must be earned at UCF.
• Anthropology majors may apply only two anthropology courses from the certificate program curriculum toward the required anthropology major courses.

Prerequisite Courses

• None

Required Courses (6 Credit Hours)

Students must satisfy the prerequisites, if any, for each course before enrolling in the class.

• ANT 4480 - Global Health in Anthropological Perspective Credit Hours: 3

Choose one of the following:

• ANT 4408 - Culture, Disease, and Healing Credit Hours: 3
• INR 2002 - International Relations-Theory and Practice Credit Hours: 3

Restricted Electives (9 Credit Hours)

Students select 3 additional courses from the following list:

• ANT 3701 - Engagement & Social Change: Public Anthropology Credit Hours: 3
• ANT 4013 - Anthropology of Fast Food Credit Hours: 3
• ANT 4081 - Science, Technology, and Culture Credit Hours: 3
• ANT 4462 - Medical Anthropology Credit Hours: 3
• ANT 4467 - Nutritional Anthropology Credit Hours: 3
• ANT 4481 - Anthropology of Drugs and Addiction Credit Hours: 3
• ANT 4482 - Anthropology of Mental Health Credit Hours: 3
• ANT 4483 - Health and Healing in the Ancient World: An Anthropological Perspective Credit Hours: 3
• ANT 4702 - Culture, Inequality and Global Development Credit Hours: 3
• COM 4550 - Public Communication Campaigns Credit Hours: 3
• CPO 3034 - Politics of Developing Areas Credit Hours: 3
• CPO 3103 - Comparative Politics Credit Hours: 3
• ENC 3453 - Writing About Health and Medicine Credit Hours: 3
• ENC 4378 - Writing in Global and Transnational Contexts Credit Hours: 3
Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 15

Other Requirements

- Relevant internship, research, or independent study credit can be used to replace one elective course only with prior approval from the certificate advisor.
- One substitution for an elective course with another relevant course will only be allowed with prior approval from the certificate advisor.

Human Biology Certificate

College of Sciences
Department of Anthropology
Howard Phillips Hall (HPH), Room: 309
https://sciences.ucf.edu/anthropology

Department of Biology
Biological Sciences Building (BIO), Room: 301
https://sciences.ucf.edu/biology

Dr. John Schultz,
John.Schultz@ucf.edu

The Human Biology Certificate blends biological anthropology with a foundation in anatomy and the biological sciences. The certificate is especially appropriate for anthropology, biology, and biomedical sciences students seeking an enhanced and interdisciplinary foundation in human biology.

Certificates will be awarded only at the time of degree completion.

Admission Requirements

- None
- A minimum overall 2.0 GPA is required in courses used to satisfy the requirement.
- At least 12 hours used toward the certificate must be earned at UCF within the participating departments.
- Students must select and meet with a certificate advisor in either the Anthropology or Biology department.
- Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors and certificates). (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)
Certificate Requirements

- None

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (7 Credit Hours)

- ANT 2511 - The Human Species Credit Hours: 3
- BSC 2010C - Biology I Credit Hours: 4

Restricted Electives (12 Credit Hours)

- Majors other than Anthropology, Biology, or Biomedical Sciences may earn The Human Biology Certificate but must select courses with a certificate advisor.
- Anthropology majors must select courses from Restricted Electives Group A.
- Biology majors must select courses from Restricted Electives Group B.
- Biomedical Sciences majors must select courses from Restricted Electives Group C

Restricted Electives Group A:

Anthropology Majors select four courses from the list below:

- BSC 2011C - Biology II Credit Hours: 4
- PCB 3044 - Principles of Ecology Credit Hours: 3
- PCB 3063 - Genetics Credit Hours: 3
- PCB 3703C - Human Physiology Credit Hours: 4
- PCB 4683 - Evolutionary Biology Credit Hours: 4
- ZOO 4701 - Dissection Techniques Credit Hours: 3
- ZOO 3713C - Comparative Vertebrate Anatomy Credit Hours: 5
- ZOO 3733C - Human Anatomy Credit Hours: 4
- ZOO 4513 - Animal Behavior Credit Hours: 3

Restricted Electives Group B:

Biology Majors select four courses from the list below:

- ANT 3541 - Biobehavioral Anthropology Credit Hours: 3
- ANT 3550C - Primatology Credit Hours: 3
- ANT 4027 - Mummies, Life After Death Credit Hours: 3
- ANT 4115C - Archaeological Method and Theory Credit Hours: 3
- ANT 4408 - Culture, Disease, and Healing Credit Hours: 3
- ANT 4462 - Medical Anthropology Credit Hours: 3
- ANT 4467 - Nutritional Anthropology Credit Hours: 3
- ANT 4480 - Global Health in Anthropological Perspective Credit Hours: 3
- ANT 4483 - Health and Healing in the Ancient World: An Anthropological Perspective Credit Hours: 3
- ANT 4516 - Human Biological Diversity Credit Hours: 3
- ANT 4521 - Forensic Anthropology Credit Hours: 3
- ANT 4525C - Human Osteology Credit Hours: 4
- ANT 4560 - Birth to Death: Anthropological Perspectives on Human Growth Credit Hours: 3
- ANT 4586C - Human Origins Credit Hours: 3

Restricted Electives Group C:

Biomedical Sciences Majors select four courses from the list below:

- ANT 3541 - Biobehavioral Anthropology Credit Hours: 3
- ANT 3550C - Primatology Credit Hours: 3
- ANT 4027 - Mummies, Life After Death Credit Hours: 3
- ANT 4408 - Culture, Disease, and Healing Credit Hours: 3
- ANT 4462 - Medical Anthropology Credit Hours: 3
- ANT 4467 - Nutritional Anthropology Credit Hours: 3
- ANT 4480 - Global Health in Anthropological Perspective Credit Hours: 3
Native American Studies Certificate

This certificate provides students with a broad and diverse background in the archaeology, history and culture of Native American peoples throughout North America, Central America and South America. While this certificate has a primary focus in anthropology, course work in other departments provides a multidisciplinary approach to the study of native peoples of the Americas. This Certificate is appropriate for all UCF undergraduates and it provides an alternative to students majoring in anthropology who wish to focus on Native American Studies, but who are precluded from completing the American Indian Studies Minor.

Certificates will be awarded only at the time of degree completion.

Admission Requirements

- None

Certificate Requirements

- A minimum overall 2.0 GPA is required in courses used to satisfy the requirement.
- At least 12 hours used toward the certificate must be earned at UCF within the participating departments.
- Anthropology majors may apply only two anthropology courses from the Certificate program curriculum toward the Anthropology Major course requirements.
- Only two anthropology courses can overlap for students enrolled in multiple anthropology programs (minors and certificates). (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)

Prerequisite Courses

- Most courses for this certificate will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Required Courses (6 Credit Hours)
- ANT 3245 - Native American Religions Credit Hours: 3
- ANT 3312 - Ethnology of North American Indians Credit Hours: 3

**Restricted Electives (9 Credit Hours)**

Choose three of the following:

- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3
- AMH 2020 - U.S. History: 1877-Present Credit Hours: 3
- AMH 3441 - History of the Frontier: Eastern America Credit Hours: 3
- AMH 3580 - North American Indians Credit Hours: 3
- AML 3643 - Contemporary Native American Prose and Poetry Credit Hours: 3
- ANT 3152 - Archaeology of the Greater Southwest Credit Hours: 3
- ANT 3158 - Florida Archaeology Credit Hours: 3
- ANT 3160 - Americas Before Columbus Credit Hours: 3
- ANT 3161 - Ancient Mexico: Aztec to Zapotec Credit Hours: 3
- ANT 3163 - Mesoamerican Archaeology Credit Hours: 3
- ANT 3164 - Ancient Incas Credit Hours: 3
- ANT 3165 - Archaeology of South America Credit Hours: 3
- ANT 3168 - Maya Archaeology Credit Hours: 3
- ANT 3311 - Indians of the Southeastern United States Credit Hours: 3
- ANT 4153 - North American Archaeology Credit Hours: 3
- CPO 4794 - Indigenous Politics and the Environment Credit Hours: 3
- POS 3076 - American Indian Politics Credit Hours: 3

**Foreign Language Requirements**

- None

**Total Undergraduate Credit Hours Required**: 15

**Other Requirements**

- Course substitutions must be approved in advance by the Director of the Native American Studies Program.

**Department of Biology**

*Chair:* Graham Worthy  
BL 301; 407-823-1333  
Email: biology@ucf.edu  
http://sciences.ucf.edu/biology

*Associate Chair:* Laurie von Kalm  
*Undergraduate Coordinator:* Eric Hoffman

Please see the department website for a listing of the department's faculty and staff.

The core undergraduate curriculum provides a background in the chemical, mathematical, and physical sciences, as well as broad preparation in the biological sciences. This diverse background provides flexible career opportunities for graduates, including science-related employment and professional or graduate schools. Students may pursue a general biology or a specialized track focusing in any of the following: ecology, evolutionary, and conservation biology; marine and aquatic biology; plant sciences; pre-health professional biology, or zoology and pre-veterinarian biology. The selection of electives, in consultation with a faculty advisor, permits further emphasis on a subspecialty. The pre-health professional and pre-veterinarian biology tracks allow students to satisfy requirements for admission to professional or graduate school while completing their B.S. degree in Biology. Research experience and exposure to specialized topics not taught through formal courses may be gained through independent study. The Department of Biology offers a Bachelor of Science in Biology, a minor in Biology, the Master of Science in Biology, a graduate Certificate in Conservation Biology, a Ph.D. in Conservation Biology, and participates in an interdisciplinary Ph.D. program in Biomolecular Sciences.

**Major**

**Biology (B.S.)**

College of Sciences  
Department of Biology
The Biology B.S. degree allows the student to choose coursework to be awarded the general Biology B.S. degree or to select a track in one of five areas, which are: Ecology, Evolutionary and Conservation Biology - Marine and Aquatic Biology - Plant Sciences - Pre-Health Professional Biology - Zoology and Pre-Veterinarian Science. These tracks are designed to align students with specific courses that will prepare them for the job market or more advanced study.

**Admission Requirements**

- None

**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in this major
- Departmental Residency Requirement consists of at least 22 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Biology.
- Students seeking a double major must satisfy the requirements for both majors and must take no fewer than 40 semester hours of upper division restricted elective course work appropriate to the combined areas of specialization in the two majors.
- Courses designated in Common Program Prerequisites and Core Requirements are usually completed in the first 60 hours.
- A "C" (2.0) or better is required in all BSC or PCB prefix courses meeting Core Requirements.
- Students must achieve a minimum cumulative GPA of 2.0 in all UCF courses taken in the Common Program Prerequisites, the Biology Core and the Upper Division Restricted Electives.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- No more than 4 hours of Independent Study, Directed Research, or the following similar types of credit, may be applied toward major requirements:
  - BSC 4422L - Biology Laboratory Techniques Credit Hours: 1
  - BSC 4937 - Instructional Experiences in Undergraduate Biology Credit Hours: 2
- Upon reaching junior standing (60 hours), Biology majors are expected to have completed the following courses and associated chemistry laboratories. These classes are prerequisites for advanced science classes and students entering the major without these classes will be unable to register for most of the advanced courses.
  - BSC 2010C - Biology I Credit Hours: 4
  - BSC 2011C - Biology II Credit Hours: 4
  - CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
  - CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
  - CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
  - CHM 2210 - Organic Chemistry I Credit Hours: 3
  - CHM 2211 - Organic Chemistry II Credit Hours: 3
  - CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
  - PHY 2053C - College Physics I Credit Hours: 4
  - PHY 2054C - College Physics II Credit Hours: 4

**General Education Program (GEP)**

(38 Credit Hours)

- Certain courses must be selected in the GEP for this major, bringing the total GEP hours to more than 36.
- At least one course completed in each Foundation area must be a designated State General Education Core Course.

**Communication Foundations (9 Credit Hours)**

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
• SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Mathematics: (3 Credit Hours)
• Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
  Select one:
  • MAC 2233 - Concepts of Calculus Credit Hours: 3 (Suggested)
  • MAC 2253 - Applied Calculus Credit Hours: 3 (Suggested)
  • MAC 2311C - Calculus with Analytic Geometry Credit Hours: 4 (Preferred)

Statistics (3 Credit Hours)
• STA 2023 - Statistical Methods I Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Science Foundations (8 Credit Hours)
A minimum grade of "C" (2.0) is required for this Biology course to be used as a prerequisite.
• BSC 2010C - Biology I Credit Hours: 4 (Required)

Select the sequence identified by the Chemistry Placement exam;
• Prior to enrolling in Chemistry, take Chemistry Placement Test- https://www.sdes.ucf.edu/placement-tests/

For students with a strong chemistry background and a high Chemistry Placement score:
• CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (Required)
  or - Students with little chemistry background should take this two semester equivalent instead.
  • CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3 (Required)
  • CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3 (Required)

Common Program Prerequisites (CPP) (16 Credit Hours)
• Completion of the CPPs should take into account the GEP and Major requirements. Although other courses may satisfy the CPP, those identified in this section specifically satisfy the major requirements.
• See Acceptable Substitutes for Transfer Courses for possible substitutes for the courses listed below.

Biology:
A minimum grade of "C" (2.0) is required in these Biology courses to meet prerequisites for subsequent biology courses. While a lower grade may satisfy the CPP, it will not satisfy the major.
• BSC 2010C - Biology I Credit Hours: 4 (GEP)
• BSC 2011C - Biology II Credit Hours: 4

Chemistry:
Take Placement test before starting chemistry; https://www.sdes.ucf.edu/placement-tests/
• CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (GEP)
  or
• CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3
  and
• CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3 (GEP)
• CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
• CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1

Mathematics:
Select one math course and the identified statistics course.
• MAC 2233 - Concepts of Calculus Credit Hours: 3 (GEP)
  or
• MAC 2253 - Applied Calculus Credit Hours: 3 (GEP)
  or
• MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
  and
• STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)

Physics: Complete one entire sequence (8 Credit Hours)
• PHY 2053C - College Physics I Credit Hours: 4 (GEP)
• PHY 2054C - College Physics II Credit Hours: 4
  or
• PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP)
• PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Core Requirements: Basic Level (8 Credit Hours)
• All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core;

Biology Basic Core:
• A minimum grade of "C" (2.0) is required in these Biology courses to satisfy the requirement, and to allow their use as a course prerequisite.

Take all of the following:
• BSC 2010C - Biology I Credit Hours: 4 (GEP/CPP)
• BSC 2011C - Biology II Credit Hours: 4 (CPP)

Cognate Sciences Basic Core:

Chemistry Sequence
• CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (GEP/CPP)
  or
• CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3 (GEP/CPP)
  and
• CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3 (GEP/CPP)
• CHM 2046 - Chemistry Fundamentals II Credit Hours: 3 (CPP)
• CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1 (CPP)

Organic or Analytic Sequence (8-9 Credit Hours)
• CHM 2210 - Organic Chemistry I Credit Hours: 3 (Preferred)
• CHM 2211 - Organic Chemistry II Credit Hours: 3 (Preferred)
• CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2 (Preferred)
  or
• CHM 2205 - Introduction to Organic and Biochemistry Credit Hours: 5
• CHM 3120 - Analytical Chemistry Credit Hours: 3
• CHM 3120L - Analytical Chemistry Laboratory Credit Hours: 1

Physics Sequence
• PHY 2053C - College Physics I Credit Hours: 4 (GEP/CPP)
• PHY 2054C - College Physics II Credit Hours: 4 (CPP)
  or
• PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (CPP)
• PHY 2049C - General Physics Using Calculus II  
  Credit Hours: 4 (CPP)

Mathematics

• MAC 2233 - Concepts of Calculus  
  Credit Hours: 3 (GEP/CPP)
  or
• MAC 2253 - Applied Calculus  
  Credit Hours: 3 (GEP/CPP)
  or
• MAC 2311C - Calculus with Analytic Geometry  
  I  Credit Hours: 4 (GEP/CPP) (Preferred)
• STA 2023 - Statistical Methods I  
  Credit Hours: 3 (GEP/CPP)

Core Requirements: Advanced Level  
(13 Credit Hours)

Biology Advanced Core:

Note: A minimum grade of "C" (2.0) is required in these  
Biology courses to satisfy the requirement, and to allow  
their use as a course prerequisite.

• PCB 3023 - Molecular Cell Biology  
  Credit Hours: 3
• PCB 3044 - Principles of Ecology  
  Credit Hours: 3
• PCB 3063 - Genetics  
  Credit Hours: 3
• PCB 4683 - Evolutionary Biology  
  Credit Hours: 4

Biology Laboratories:

• Students are required to take two labs from those listed below.
• One of these labs must come from section A. The second lab can come from section B or an additional lab from section A.

A. Laboratories

• PCB 3044L - Principles of Ecology Laboratory  
  Credit Hours: 1
• PCB 3063L - Genetics Laboratory  
  Credit Hours: 1

• PCB 4683L - Evolutionary Biology Lab  
  Credit Hours: 1

B. Laboratories

May include other laboratories as approved by an advisor

• BOT 3018C - Culinary Botany Across the Cultures  
  Credit Hours: 4
• BOT 4223C - Plant Anatomy  
  Credit Hours: 4
• BOT 4282L - PLANT MICROTECHNIQUES  
  Credit Hours: 2
• BOT 4303C - Plant Kingdom

• ZOO 4910L - Research Experience in Animal Behavior in a Zoo Environment  
  Credit Hours: 3

Biology Tracks

For each track the following apply:

• Student must complete at least one course dealing exclusively with zoology and one course dealing exclusively with botany.
• A minimum C (2.0) required in each course taken to meet the "Required Electives" within each track (does not apply to courses taken to meet "Restricted Electives").
• A minimum C (2.0) overall required for the track.
• No substitutions are allowed.
At least 10 hours of the Upper Division Restricted electives must be taken within the UCF Biology Department. Courses offered by the Department of Biology have been identified. Additional courses may be used to meet requirements with approval of the undergraduate program coordinator via petition.

Transferred courses must be at a 3000 level or higher, and be evaluated by the undergraduate program coordinator, in order to count as an Upper Division Restricted Elective.

Courses at the 5000 level are only open to seniors and beginning graduate students. Faculty teaching course must approve override.

Biology B.S.: General Track (22 Credit Hours)

- A biology major who meets the GEP, core, lab, and upper division restricted electives requirements, as well as all UCF graduation requirements is eligible to receive a general B.S. in Biology.

Restricted Electives (22 Credit Hours)

Courses must be selected from the list below.

Additional courses may be added to the list of restricted electives in the future and will appear on the myKnight audit.

1 Fulfills Botany requirement and taught within the Biology department.
2 Taught within the Biology department.
3 Fulfills Zoology requirement and taught within the Biology department.

- ANT 3550C - Primatology Credit Hours: 3 3
- BCH 4053 - Biochemistry I Credit Hours: 3
- BCH 4054 - Biochemistry II Credit Hours: 3
- BOT 3015 - Principles of Plant Science Credit Hours: 3 1
- BOT 3018C - Culinary Botany Across the Cultures Credit Hours: 4 1
- BOT 3802 - Ethnobotany Credit Hours: 3 1
- BOT 4223C - Plant Anatomy Credit Hours: 4 1
- BOT 4282L - PLANT MICROTECHNIQUES Credit Hours: 2 2
- BOT 4303C - Plant Kingdom Credit Hours: 4 1
- BOT 4434C - General Mycology Credit Hours: 4 2
- BOT 4503C - Plant Physiology Credit Hours: 4 1
- BOT 4713C - Plant Taxonomy Credit Hours: 5 1
- BOT 4850 - Medical Botany Credit Hours: 3 1
- BOT 4922 - Plant Science Capstone Credit Hours: 2 2
- BSC 3052 - Conservation Biology Credit Hours: 3 2
- BSC 3312 - Principles of Marine Biology Credit Hours: 3 2
- BSC 3453C - Biological Research Methods and Experimental Design Credit Hours: 3 2
- BSC 4312C - Advanced Marine Biology Credit Hours: 4 2

• ZOO 3713C - Comparative Vertebrate Anatomy Credit Hours: 5
• ZOO 3454 - Ichthyology Credit Hours: 3
• ZOO 3733C - Human Anatomy Credit Hours: 4
• ZOO 4205C - Biology and Ecology of Metazoan Invertebrates Credit Hours: 4
• ZOO 4310C - Vertebrate Evolution & Ecology Credit Hours: 4
• ZOO 4462C - Herpetology Credit Hours: 4
• ZOO 4480 - Mammalogy Credit Hours: 4
• ZOO 4480L - Mammalogy Lab Credit Hours: 1
• ZOO 4513 - Animal Behavior Credit Hours: 3
• ZOO 4603C - Embryology/Development Credit Hours: 5
• ZOO 4756C - Comparative Vertebrate Histology Credit Hours: 4
• ZOO 4910L - Research Experience in Animal Behavior in a Zoo Environment Credit Hours: 3

Biology B.S.: Ecology, Evolutionary and Conservation Biology Track (22 Credit Hours)

Required Electives (choose two from the following): (6-8 Credit Hours)

Additional Biology Electives: (5-9 Credit Hours)

"C" (2.0) or better required in each course.

• BSC 3052 - Conservation Biology Credit Hours: 3
• BSC 4821 - Biogeography Credit Hours: 4
• PCB 4684 - Population Genetics Credit Hours: 3
• ZOO 4310C - Vertebrate Evolution & Ecology Credit Hours: 4

Restricted Electives (choose from the following): (7-9 Credit Hours)

• Additional courses may be added to the lists of restricted electives in the future and will appear on the myKnights audit.
• BOT 4303C - Plant Kingdom Credit Hours: 4
• BSC 4330 - Invasion Biology Credit Hours: 3
• BSC 4821 - Biogeography Credit Hours: 4
• BSC 3052 - Conservation Biology Credit Hours: 3
• BSC 4861L - Urban Ecological Field Studies Credit Hours: 3
• PCB 3343L - Principles of Field Ecology Credit Hours: 2-5
• PCB 3044L - Principles of Ecology Laboratory Credit Hours: 1
• PCB 3355L - Tropical Marine Biology Credit Hours: 2
• PCB 3442 - Aquatic Ecology Credit Hours: 3
• PCB 4353 - Florida Ecology, Natural History and Conservation Credit Hours: 3
• PCB 4514 - Genetics II Credit Hours: 3
• PCB 4575 - Wildlife Genomics Credit Hours: 3
• PCB 5326C - Ecosystems of Florida Credit Hours: 5
• PCB 4678 - Evolution and Medicine Credit Hours: 3
• PCB 4684 - Population Genetics Credit Hours: 3
• ZOO 3713C - Comparative Vertebrate Anatomy Credit Hours: 5
• ZOO 4310C - Vertebrate Evolution & Ecology Credit Hours: 4
• ZOO 4480 - Mammalogy Credit Hours: 4
• ZOO 4513 - Animal Behavior Credit Hours: 3
- Courses must be selected from the General Biology Track restricted elective list

Biology B.S.: Marine and Aquatic Biology Track (22 Credit Hours)

Required Elective (3 Credit Hours)

"C" (2.0) or better required.
- BSC 3312 - Principles of Marine Biology Credit Hours: 3

Restricted Electives (choose from the following): (12 Credit Hours)

- Additional courses may be added to the lists of restricted electives in the future and will appear on the myKnight audit.
- BSC 4312C - Advanced Marine Biology Credit Hours: 4
- BSC 4821 - Biogeography Credit Hours: 4
- OCE 3008 - Oceanography Credit Hours: 3
- PCB 3044L - Principles of Ecology Laboratory Credit Hours: 1
- PCB 3355L - Tropical Marine Biology Credit Hours: 2
- PCB 3442 - Aquatic Ecology Credit Hours: 3
- PCB 4723 - Animal Physiology Credit Hours: 4
- PAZ 4234 - Zoo and Aquarium Management Credit Hours: 3
- ZOO 3454 - Ichthyology Credit Hours: 3
- ZOO 3713C - Comparative Vertebrate Anatomy Credit Hours: 5
- ZOO 4205C - Invasion Biology Credit Hours: 3
- PCB 3354 - Tropical Ecology and Conservation Credit Hours: 3

Additional Biology Electives (7 Credit Hours)

- Courses must be selected from the General Biology Track restricted elective list

Biology B.S.: Plant Sciences Track (22 Credit Hours)

Required Elective (3 Credit Hours)

"C" (2.0) or better required.
- BOT 3015 - Principles of Plant Science Credit Hours: 3

Restricted Electives (choose at least one course from Group A and two from Group B)
Remaining credits can be from any group. (14 Credit Hours)

- Additional courses may be added to the lists of restricted electives in the future and will appear on the myKnight audit.
- BOT 3018C - Culinary Botany Across the Cultures Credit Hours: 4
- BOT 4850 - Medical Botany Credit Hours: 3
- BOT 4223C - Plant Anatomy Credit Hours: 4
- BOT 4503C - Plant Physiology Credit Hours: 4
- BOT 4713C - Plant Taxonomy Credit Hours: 5
- BSC 4330 - Invasion Biology Credit Hours: 3
- PCB 3354 - Tropical Ecology and Conservation Credit Hours: 3

Group A (2 Credit Hours)

- BOT 4922 - Plant Science Capstone Credit Hours: 2
  or
- BOT 4970H - Honors Undergraduate Thesis Credit Hours: 3

Group B (5 Credit Hours)

- BOT 4223C - Plant Anatomy Credit Hours: 4
  or
- BOT 4282L - PLANT MICROTECHNIQUES Credit Hours: 2
  or
- BOT 4303C - Plant Kingdom Credit Hours: 4
  or
- BOT 4503C - Plant Physiology Credit Hours: 4
  or
- BOT 4713C - Plant Taxonomy Credit Hours: 5
  or
- BOT 4912 - Directed Independent Research Credit Hours: 4
  or
BSC 3453 Biological Research Methods and Experimental Design **Credit Hours:** 3

Group C (Other Restricted Electives) (7 Credit Hours)

- BOT 3802 - Ethnobotany **Credit Hours:** 3
- BOT 3018C - Culinary Botany Across the Cultures **Credit Hours:** 4
- BOT 4850 - Medical Botany **Credit Hours:** 3
- BSC 4330 - Invasion Biology **Credit Hours:** 3
- PCB 3354 - Tropical Ecology and Conservation **Credit Hours:** 3
- PCB 4575 - Wildlife Genomics **Credit Hours:** 3

Additional Biology Electives (5 Credit Hours)

- Courses must be selected from the General Biology Track restricted elective list

Biology B.S.: Pre-Health Professional Biology Track (22 Credit Hours)

Required Electives (choose two from the following): (9-10 Credit Hours)

"C" (2.0) or better required in each course.

- PCB 4723 - Animal Physiology **Credit Hours:** 4
- ZOO 3713C - Comparative Vertebrate Anatomy **Credit Hours:** 5
- ZOO 4603C - Embryology/Development **Credit Hours:** 5

Restricted Electives (choose from the following): (5-6 Credit Hours)

- Additional courses may be added to the lists of restricted electives in the future and will appear on the myKnight audit.
- BCH 4053 - Biochemistry I **Credit Hours:** 3
- BCH 4054 - Biochemistry II **Credit Hours:** 3
- BOT 4434C - General Mycology **Credit Hours:** 4

Biology B.S.: Zoology and Pre-Veterinarian Science Track (22 Credit Hours)

Required Electives (choose one from the following): (3-4 Credit Hours)

"C" (2.0) or better required in each course.

- PCB 4723 - Animal Physiology **Credit Hours:** 4
- ZOO 4513 - Animal Behavior **Credit Hours:** 3

Restricted Electives (choose from the following): (11-12 Credit Hours)

- Additional courses may be added to the lists of restricted electives in the future and will appear on the myKnight audit.
- ANT 3550C - Primatology **Credit Hours:** 3
- ENY 4004C - General Entomology **Credit Hours:** 4
- PAZ 4234 - Zoo and Aquarium Management  
  Credit Hours: 3
- PCB 4575 - Wildlife Genomics  
  Credit Hours: 3
- PCB 4723 - Animal Physiology  
  Credit Hours: 4
- ZOO 3454 - Ichthyology  
  Credit Hours: 3
- ZOO 3713C - Comparative Vertebrate Anatomy  
  Credit Hours: 5
- ZOO 4205C - Biology and Ecology of Metazoan Invertebrates  
  Credit Hours: 4
- ZOO 4310C - Vertebrate Evolution & Ecology  
  Credit Hours: 4
- ZOO 4603C - Embryology/Development  
  Credit Hours: 5
- ZOO 4480 - Mammalogy  
  Credit Hours: 4

Additional Biology Electives: (6-8 Credit Hours)
- Courses must be selected from the General Biology Track restricted elective list

Capstone Requirements
- None

Electives
- Select primarily from upper level courses after consulting with your departmental advisor. May be outside of the department.

Foreign Language Requirements

Admissions
- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation
- None

Additional Requirements
- None

Required Minors
- None

Departmental Exit Requirements
- A "C" (2.0) or better is required in all Core Courses with a BSC or PCB prefix.
- Students must achieve a minimum cumulative GPA of 2.0 in all UCF courses taken in the Common Program Prerequisites, the Biology Core and the Upper Division Restricted Electives.
- All attempts of UCF courses that could meet requirements are included in the major GPA calculation. All attempts of UCF courses listed for the major taken beyond the minimum required are included in the GPA calculation (e.g. additional restricted electives taken beyond the required 22 hours).
- Departmental Residency Requirement consists of at least 22 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Biology.
- Students are required to pass the comprehensive exit exam in Biology. We recommend that this exam be taken as soon as you have completed all of the Biology core courses. A passing grade is determined as a scaled score greater than the bottom 10% of nation-wide test takers.
- Students seeking a double major must satisfy the requirements for both majors and must take no fewer than 40 semester hours of upper division restricted elective course work appropriate to the combined areas of specialization in the two majors.
- Biology majors are discouraged from taking courses as a transient student at a Florida College System institution, except in situations where the first semester of a two semester sequence has already been taken at a Florida College System institution.

University Minimum Exit Requirements
- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours
Required: 120

Additional Information

Honors In Major

- Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at https://honors.ucf.edu/research/.

Related Programs

- Environmental Engineering (B.S.Env.E)
- Biomedical Sciences (B.S.)
- Secondary Education, Science Education Biology Track (B.S.)
- Interdisciplinary Studies (B.A./B.S.) Environmental Studies Track

Certificates

Advising Notes

- Students are urged to contact their departmental advisor before registering for courses.
- It is the student's responsibility to ensure they have satisfied course prerequisites before registering for a class.

- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit by the undergraduate program coordinator. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- Honors versions of courses will substitute for regular versions.
- The following substitutions are acceptable for common program prerequisites if taken as part of the AA course work. Although the CPP may be satisfied, prerequisites for subsequent Biology courses may still have to be met:
  - BSC 2010C: BSCX040/X040L
  - BSC 2011C: BSCX041/X041L; ZOOX010/X010L; BOTX010/X010L; BOTX013/X013L
  - CHM 2046/CHM 2046L: CHMX046C
  - Math/Statistics and Physics: Although a number of courses will satisfy the CPP, please refer to the catalog copy for the specific courses that are required in the program.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
  http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees
Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Prior to enrolling in CHM 2045C, take Chemistry Placement Test. Instructions are at https://www.sdes.ucf.edu/placement-tests/
- Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt

Freshman Year - Fall (14 Credit Hours)

Phone: 407-823-4051

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in the major
- Students should consult with a departmental advisor
- Departmental Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Chemistry
- Chemistry majors are discouraged from taking courses as a transient student at a Florida College System institution, except in situations where one semester of a two semester sequence has already been taken at the Florida College System institution
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in Common Program Prerequisites (CPP) are usually completed in the first 60 hours,
- Upon reaching junior standing (60 hours), Chemistry majors are expected to have completed the following courses and associated chemistry laboratories. These classes are prerequisites for advanced science classes and students entering the major without these classes will be unable to register for most of the advanced courses
  - CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
CHM 2210 - Organic Chemistry I Credit Hours: 3

Social Foundations (6 Credit Hours)

Science Foundations (8 Credit Hours)

- BSC 2010C - Biology I Credit Hours: 4 (Required)
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)

Common Program Prerequisites (CPP) (24 Credit Hours)

- Prior to enrolling in Chemistry, you must take the Chemistry Placement Test – https://www.sdes.ucf.edu/placement-tests/
- See Acceptable Substitutes for Transfer Courses for possible substitutes for the courses listed below.

Select either:

- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3
- CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4

and complete all the following

- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- CHM 2210 - Organic Chemistry I Credit Hours: 3
- CHM 2211 - Organic Chemistry II Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
• MAC 2312 - Calculus with Analytic Geometry II  
  Credit Hours: 4  
• PHY 2048C - General Physics Using Calculus I  
  Credit Hours: 4 (GEP)  
• PHY 2049C - General Physics Using Calculus II  
  Credit Hours: 4

Core Requirements: Basic Level (4 hrs)

• All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

Basic Core: Required, satisfies the CPP

• CHM 2040 - Chemistry Fundamentals IA  
  Credit Hours: 3 (CPP)  
  and  
• CHM 2041 - Chemistry Fundamentals IB  
  Credit Hours: 3 (CPP)  
  or  
• CHM 2045C - Chemistry Fundamentals I  
  Credit Hours: 4 (CPP)  
• CHM 2046 - Chemistry Fundamentals II  
  Credit Hours: 3 (CPP)  
• CHM 2046L - Chemistry Fundamentals Laboratory  
  Credit Hours: 1 (CPP)  
• CHM 2210 - Organic Chemistry I  
  Credit Hours: 3 (CPP)  
• CHM 2211 - Organic Chemistry II  
  Credit Hours: 3 (CPP)  
• CHM 2211L - Organic Laboratory Techniques I  
  Credit Hours: 2 (CPP)  
• MAC 2311C - Calculus with Analytic Geometry I  
  Credit Hours: 4 (GEP/CPP)  
• MAC 2312 - Calculus with Analytic Geometry II  
  Credit Hours: 4 (CPP)  
• PHY 2048C - General Physics Using Calculus I  
  Credit Hours: 4 (GEP/CPP)  
• PHY 2049C - General Physics Using Calculus II  
  Credit Hours: 4 (CPP)

Core: Additional requirements (4 Credit Hours)

• BSC 2010C - Biology  
  Credit Hours: 4 (GEP)

Core Requirements: Advanced Level (34 Credit Hours)

• BCH 4053 - Biochemistry I  
  Credit Hours: 3  
• CHM 3120 - Analytical Chemistry  
  Credit Hours: 3  
• CHM 3120L - Analytical Chemistry Laboratory  
  Credit Hours: 1  
• CHM 3215L - Organic Laboratory Techniques II  
  Credit Hours: 2  
• CHM 3410 - Physical Chemistry I  
  Credit Hours: 4  
• CHM 3411 - Physical Chemistry II  
  Credit Hours: 3  
• CHM 3411L - Physical Chemistry Laboratory  
  Credit Hours: 2  
• CHM 4610 - Inorganic Chemistry  
  Credit Hours: 3  
• CHM 4610L - Inorganic Chemistry Laboratory  
  Credit Hours: 2  
• CHM 4130 - Advanced Analytical Laboratory Technique  
  Credit Hours: 3  
• CHM 4130L - Advanced Analytical Chemistry Laboratory  
  Credit Hours: 2  
• CHM 4930 - Chemistry Seminar I  
  Credit Hours: 1  
• CHM 4931 - Chemistry Seminar II  
  Credit Hours: 1  
  AND  
• CHM 4912 - Directed Independent Research

  OR  
• PSC 3911 - FLC Physical Science Capstone R/I  
  Credit Hours: 3  
• CHM 4912 - Directed Independent Research  
  Credit Hours: 1

Restricted Electives (9 Credit Hours)

Select from the following courses: (6 Credit Hours)

• BCH 4054 - Biochemistry II  
  Credit Hours: 3
• CHM 4220 - Organic Chemistry III  
  Credit Hours: 3
• CHM 4427 - Electrochemistry  
  Credit Hours: 3
• CHM 5225 - Advanced Organic Chemistry  
  Credit Hours: 3
• CHM 5235 - Applied Molecular Spectroscopy  
  Credit Hours: 3
• CHM 5450 - Polymer Chemistry  
  Credit Hours: 3
• CHM 5451C - Techniques in Polymer Science  
  Credit Hours: 3
• CHM 5580 - Advanced Physical Chemistry  
  Credit Hours: 3
• CHS 4615 - Environmental Chemistry  
  Credit Hours: 3

Additional upper level courses can be taken as approved by a departmental advisor.

Directed Electives (3 Credit Hours)

• Course will be selected with the aid of a departmental advisor and approved in advance by the department chair. Course will be selected from the physical, biological, mathematical sciences and/or related disciplines and normally will be at the 3000/4000 level. Co-op courses cannot be used in the major.

Capstone Requirements

• None

Electives

• Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

• Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

Graduation

• None

Required Minors

• None

Departmental Exit Requirements

• Students are required to take a nationally normed test in chemistry during their last semester. The exam will be given in the Fall and Spring semesters. Students who plan to graduate in the Summer must take the exam in the Spring. The student must achieve a satisfactory score on the exam.
• Students are required to submit an undergraduate research report for evaluation no later than the date posted by the Department in the semester they intend to graduate. The report must meet or exceed departmental requirements established for the report.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours
Required: 120

Additional Information

Honors in the Major

• Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at https://honors.ucf.edu/research/.

Related Programs

• Forensic Science, Chemistry Track (B.S.)
• Forensic Science, Biochemistry Track (B.S.)
• Biomedical Sciences (B.S.)
• Secondary Education, Science Education Chemistry Track (B.S.)
• Chemistry, Biochemistry Track (B.S.)

Certificates

• None

Related Minors

• Chemistry Minor
• Biomedical Sciences Minor
• Biology Minor
• Physics Minor

Advising Notes

• Students should consult with a departmental advisor before registering.
• Students must satisfy each course's prerequisites before enrolling in the class.
• Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

• Lower division courses do not substitute for upper division courses.
• Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
• Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

• Acceptable Substitutes for common program prerequisites if taken prior to transferring to UCF:
  • CHM 2045C: may use CHM X040C plus CHM X041C.
  • Physics & Lab: Although the CPP allows substitution by other physics courses, they will not satisfy the major; thus the specified physics courses will still have to be taken.
  • Physics: Although the CPP allows substitution by Organic Chemistry, both the specified Physics and Organic Chemistry classes are required in the major and will still have to be taken.

Program Academic Learning Compacts

• Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees
Part-Time Student: $45 per term
Full-Time Student: $90 per term

Plan of Study

- One of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Before registering for Chemistry, you must take the Chemistry Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- Before registering for Math, you must take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Freshman Year - Fall (15 Credit Hours)

- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
- BSC 2010C - Biology I Credit Hours: 4
- ENC 1101 - Composition I Credit Hours: 3

Freshman Year - Spring (14 Credit Hours)

- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1 (Lab may be taken in a later term if seats are not available.)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- ENC 1102 - Composition II Credit Hours: 3
- GEP Credit Hours: 3

Freshman Year - Summer (6 Credits)

- STA 2023 - Statistical Methods I Credit Hours: 3

Select One:

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3

Sophomore Year - Fall (15 hrs)

- CHM 2210 - Organic Chemistry I Credit Hours: 3
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- Elective Credit Hours: 4

Sophomore Year - Spring (12 Credit Hours)

- CHM 2211 - Organic Chemistry II Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2 (Lab may be taken in a later term if seats are not available.)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
- GEP Credit Hours: 3

Sophomore Year - Summer (6 Credit Hours)

- GEP Credit Hours: 3
- Elective Credit Hours: 3

Junior Year - Fall (13 Credit Hours)

- BCH 4053 - Biochemistry I Credit Hours: 3
- CHM 3120 - Analytical Chemistry Credit Hours: 3
- CHM 3120L - Analytical Chemistry Laboratory Credit Hours: 1
- CHM 3215L - Organic Laboratory Techniques II Credit Hours: 2
CHEM 3410 - Physical Chemistry I  Credit Hours: 4

Junior Year - Spring (13 Credit Hours)

- CHM 3411 - Physical Chemistry II  Credit Hours: 3
- CHM 3411L - Physical Chemistry Laboratory  Credit Hours: 2
- CHM 4130 - Advanced Analytical Laboratory Technique  Credit Hours: 3
- CHM 4130L - Advanced Analytical Chemistry Laboratory  Credit Hours: 2
- CHM 4610 - Inorganic Chemistry  Credit Hours: 3

Senior Year - Fall (13 Credit Hours)

- CHM 4610L - Inorganic Chemistry Laboratory  Credit Hours: 2
- CHM 4930 - Chemistry Seminar I  Credit Hours: 1
- CHM 4912 - Directed Independent Research  Credit Hours: 4
- Restricted Elective  Credit Hours: 3
- Directed Elective  Credit Hours: 3

Senior Year - Spring (13 Credit Hours)

- CHM 4931 - Chemistry Seminar II  Credit Hours: 1
- Restricted Elective  Credit Hours: 3
- GEP  Credit Hours: 3
- GEP Credit Hours: 3
- Elective  Credit Hours: 3

Chemistry, Biochemistry Track (B.S.)

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in the major.
- Students should consult with a departmental advisor before registering.
- Departmental Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Chemistry.
- Chemistry majors are discouraged from taking courses as a transient student at a Florida College System institution, except in situations where one semester of a two semester sequence has already been taken at the Florida College System institution.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in Common Program Prerequisites (CPP) are usually completed in the first 60 hours. Courses designated in General Education Program (GEP) typically are spread throughout the 120 hours.
- Upon reaching junior standing (60 hours), Chemistry majors are expected to have completed the following courses and associated chemistry laboratories. These classes are prerequisites for advanced science classes and students entering the major without these classes will be unable to register for most of the advanced courses.
  - CHM 2045C - Chemistry Fundamentals I  Credit Hours: 4
  - CHM 2046 - Chemistry Fundamentals II  Credit Hours: 3
  - CHM 2046L - Chemistry Fundamentals Laboratory  Credit Hours: 1
  - CHM 2210 - Organic Chemistry I  Credit Hours: 3
  - CHM 2211 - Organic Chemistry II  Credit Hours: 3
  - CHM 2211L - Organic Laboratory Techniques I  Credit Hours: 2
  - MAC 2311C - Calculus with Analytic Geometry I  Credit Hours: 4

UCF Undergraduate Catalog 2019-2020 - 926
MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
PHY 2048C - General Physics Using Calculus I Credit Hours: 4
PHY 2049C - General Physics Using Calculus II Credit Hours: 4

General Education Program (GEP) (39 Credit Hours)

- Note: Certain courses must be selected in the GEP for this major, which brings the GEP hours above 36.
- At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 2023 - Statistical Methods I Credit Hours: 3

Social Foundations (6 Credit Hours)

Science Foundations (8 Credit Hours)

- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)
- BSC 2010C - Biology I Credit Hours: 4 (Required)

Common Program Prerequisites (CPP) (20 Credit Hours)

- See Acceptable Substitutes for Transfer Courses for possible substitutes for the courses listed below.

Select either:

- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3
- CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3

and complete all the following

- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- CHM 2210 - Organic Chemistry I Credit Hours: 3
- CHM 2211 - Organic Chemistry II Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Core Requirements: Basic Level (10 Credit Hours)

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.
Basic Core: Required, satisfies the CPP

- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (CPP)
  or
- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3 (CPP)
  and
- CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3 (CPP)
- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3 (CPP)
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1 (CPP)
- CHM 2210 - Organic Chemistry I Credit Hours: 3 (CPP)
- CHM 2211 - Organic Chemistry II Credit Hours: 3 (CPP)
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2 (CPP)
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP/CPP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4 (CPP)
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP/CPP)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4 (CPP)
- BCH 4053 - Biochemistry I Credit Hours: 3
- BCH 4054 - Biochemistry II Credit Hours: 3
- BCH 4103L - Biochemical Methods Credit Hours: 2
- CHM 3410 - Physical Chemistry I Credit Hours: 4
- CHM 3411 - Physical Chemistry II Credit Hours: 3
- CHM 3411L - Physical Chemistry Laboratory Credit Hours: 2
- CHM 4610 - Inorganic Chemistry Credit Hours: 3
- CHM 4912 - Directed Independent Research Credit Hours: 4
- CHM 4930 - Chemistry Seminar I Credit Hours: 1
- CHM 4931 - Chemistry Seminar II Credit Hours: 1
- MCB 3020C - General Microbiology Credit Hours: 5
- PCB 3023 - Molecular Cell Biology Credit Hours: 5
- PCB 3063 - Genetics Credit Hours: 3

Restricted Electives (10 Credit Hours)

Select from the following:

- CHM 4130 - Advanced Analytical Laboratory Technique Credit Hours: 3
- CHM 4220 - Organic Chemistry III Credit Hours: 3
- CHM 4906 - Directed Independent Study Credit Hours: 1
- CHM 5225 - Advanced Organic Chemistry Credit Hours: 3
- PCB 3522 - Molecular Biology I Credit Hours: 3
- Additional upper level courses as approved by a departmental advisor

Additional physical, biological, and mathematical sciences courses.

- In addition to those listed above, course selected with the aid of a departmental advisor and approved in advance by the department chair may also be used.
• These courses should be at least at the 3000 level.

Capstone Requirements
• None

Electives
• Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions
• Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

Graduation
• None

Additional Requirements
• Complete a minimum of 30 chemistry credits from the UCF Chemistry Department.
• Students must earn at least a "C" (2.0) or better in each UCF Chemistry course used to satisfy the major.
• Students must maintain a minimum cumulative GPA of 2.0 in all UCF Chemistry courses.
• Students must maintain a minimum cumulative GPA of 2.0 in all chemistry courses.
• For both cumulative GPA calculations, all attempts of courses that could meet requirements are included, with the exception of CHM 4912, CHM 4930 and CHM 4931. Additional courses that could meet requirements but are taken beyond the minimum required (e.g., additional restricted electives taken beyond the required 10 hours) and a "C" (2.0) or better is earned, are also included in the major GPA calculations.

Required Minors
• None

Departmental Exit Requirements
• Students are required to take a nationally normed test in chemistry and biochemistry during their last semester. The exam will be given in the fall and spring semesters. Students who plan to graduate in the summer must take the exam in the spring. The student must achieve a satisfactory score on the exam.
• Students are required to submit an undergraduate research report for evaluation no later than the date posted by the department in the semester they intend to graduate. The report must meet or exceed departmental requirements established for the report.

University Minimum Exit Requirements
• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Students completing the Forensic Science - Biochemistry Track B.S. degree will also meet the requirements for ACS certification. This track is designed to align students with specific courses necessary for the examination of DNA and other biochemical evidence. Students should be advised that background checks similar to those required for law enforcement officers are likely to be a condition of employment (Reference: NIJ Report NCJ 203099).

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.

- CHS 3505C - Forensic Microscopy Credit Hours: 4
- CHS 3511C - Trace Evidence Credit Hours: 4
- CHS 3530C - Forensic Analysis of Controlled Substances Credit Hours: 4
- CHS 3533 - Forensic Biochemistry I Credit Hours: 2
- CHS 3595 - Forensic Science in the Courtroom Credit Hours: 3
- CHS 4515C - Forensic Crime Scene Investigation Credit Hours: 3
- CHS 4537 - Forensic Laboratory Quality Assurance and Professional Practice Credit Hours: 3
- CHS 4591 - Forensic Science Internship Credit Hours: 3

Forensic Biochemistry Track: (12 Credit Hours)

- CHS 3533L - Forensic Biochemistry I Laboratory Credit Hours: 1
- CHS 4534C - Forensic Biochemistry II Credit Hours: 3
- MCB 3020C - General Microbiology Credit Hours: 5
- PCB 3522 - Molecular Biology I Credit Hours: 3
- BCH 4054 - Biochemistry II Credit Hours: 3
- BSC 3403C - Quantitative Biological Methods Credit Hours: 4
- CHM 3215L - Organic Laboratory Techniques II Credit Hours: 2
- CHM 4130 - Advanced Analytical Laboratory Technique Credit Hours: 3
- CHM 4130L - Advanced Analytical Chemistry Laboratory Credit Hours: 2
- CHM 4220 - Organic Chemistry III Credit Hours: 3
- CHM 4223 - Advanced Organic Chemistry Credit Hours: 3
- CHM 4230 - Applied Molecular Spectroscopy Credit Hours: 3
- CHM 4427 - Electrochemistry Credit Hours: 3
- CHM 4912 - Directed Independent Research Credit Hours: 3
- CHS 4615 - Environmental Chemistry Credit Hours: 3
- CHS 5504 - Topics in Forensic Science Credit Hours: 3
- DSC 4012 - Terrorism Credit Hours: 3
- PCB 3233 - Immunology Credit Hours: 3
- PCB 4524 - Molecular Biology II Credit Hours: 3
- PCB 4684 - Population Genetics Credit Hours: 3
- STA 4163 - Statistical Methods II Credit Hours: 3
- ZOO 3733C - Human Anatomy Credit Hours: 4

Students may choose one of the following:

- CCJ 3014 - Crime in America Credit Hours: 3
- CCJ 3024 - Criminal Justice System Credit Hours: 3
- CJE 4012 - Criminal Profiling in Criminal Justice Credit Hours: 3
- CJE 4610 - Criminal Investigation Credit Hours: 3

Restricted Electives (6 Credit Hours)

Note: Substitutions require prior approval by the Forensic Science Program Advisor

- ANT 4521 - Forensic Anthropology Credit Hours: 3

Capstone Requirements

CHS 4591 Forensic Science Internship is the capstone for the program.

Electives
• Select primarily from upper level courses after consulting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions
• Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

Graduation
• None

Additional Requirements
• None

Required Minors
• None

Departmental Exit Requirements
• Students must earn a "C" (2.0) or higher in each course and have a minimum 2.5 cumulative GPA in all courses in Common Program Prerequisites, Core Requirements: Basic Level, Core Requirements: Advanced Level, and Restricted Electives.
• All attempts of courses taken that could meet major requirements are included in the GPA calculation.
• Additional courses that could meet requirements but are taken beyond the minimum required (e.g., additional restricted electives) and a "C" (2.0) or better is earned are also included in both GPA calculations.

University Minimum Exit Requirements
• A 2.0 UCF GPA

• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours
Required: 124

Additional Information

Honors In Major
• Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at https://honors.ucf.edu/research/.

Related Programs
• Forensic Science, Chemistry Track (B.S.)
• Chemistry (B.S.)
• Biomedical Sciences (B.S.)

Certificates
• None

Related Minors
• Chemistry Minor
• Biomedical Sciences Minor

Advising Notes
• Students should consult with a departmental advisor.
• Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation,
special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- CHM 2045C: may use CHM 2040 plus CHM 2041.
- Calculus: Although other math classes satisfy the CPP, the specified courses are required in the major and still must be taken.
- Physics: Although CPP requirements permit substitution by Organic Chemistry, all the specified courses are required for graduation and still must be taken.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oears.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $45 per term
- Full-Time Student: $90 per term

Plan of Study

- One of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Before registering for Chemistry, take Chemistry Placement Test at https://www.sdes.ucf.edu/placement-tests/
- Before registering for Math, take Math Placement Test at https://www.sdes.ucf.edu/placement-tests/
- This plan assumes you need to begin with the three semester chemistry sequence and calculus. Having to start at a lower math class will increase the hours taken.

Freshman Year - Fall (14 Credit Hours)

- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- CHS 3501 - Introduction to Forensic Science Credit Hours: 3
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
- ENC 1101 - Composition I Credit Hours: 3

Freshman Year - Spring (15 Credit Hours)

- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1 Lab may be taken in a later term if seats are not available.
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- BSC 2010C - Biology I Credit Hours: 4
- ENC 1102 - Composition II Credit Hours: 3

Freshman Year - Summer (3 Credit Hours)

- GEP Credit Hours: 3

Sophomore Year - Fall (14 Credit Hours)

- CHM 2210 - Organic Chemistry I Credit Hours: 3
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- PCB 3063 - Genetics Credit Hours: 3
- PCB 3063L - Genetics Laboratory Credit Hours: 1
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3

Sophomore Year - Spring (15 Credit Hours)

- CHM 2211 - Organic Chemistry II Credit Hours: 3
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
- MCB 3020C - General Microbiology Credit Hours: 5
- STA 2023 - Statistical Methods I Credit Hours: 3

Sophomore Year - Summer (5 Credit Hours)

Lab may be taken in a later term if seats are not available.

- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
- GEP Credit Hours: 3

Junior Year - Fall (14 Credit Hours)

- CHS 3505C - Forensic Microscopy Credit Hours: 4
- CHS 3533 - Forensic Biochemistry I Credit Hours: 2
- CHS 3533L - Forensic Biochemistry I Laboratory Credit Hours: 1
- BCH 4053 - Biochemistry I Credit Hours: 3
- CHM 3120 - Analytical Chemistry Credit Hours: 3
- CHM 3120L - Analytical Chemistry Laboratory Credit Hours: 1

Junior Year - Spring (13 Credit Hours)

- CHS 3595 - Forensic Science in the Courtroom Credit Hours: 3
- CHS 4534C - Forensic Biochemistry II Credit Hours: 3
- CHS 3511C - Trace Evidence Credit Hours: 4
- GEP Credit Hours: 3

Senior Year - Fall (13 Credit Hours)

- CHS 3530C - Forensic Analysis of Controlled Substances Credit Hours: 4
- CHM 3422 - Applied Physical Chemistry Credit Hours: 3
- CHS 4515C - Forensic Crime Scene Investigation Credit Hours: 3
- Restricted Elective Credit Hours: 3

Senior Year - Spring (15 Credit Hours)

- CHS 4537 - Forensic Laboratory Quality Assurance and Professional Practice Credit Hours: 3
- PCB 3522 - Molecular Biology I Credit Hours: 3
- Restricted Elective Credit Hours: 3
- GEP Credit Hours: 3
- GEP Credit Hours: 3

Senior Year - Summer (3 Credit Hours)

- CHS 4591 - Forensic Science Internship Credit Hours: 3

Forensic Science, Chemistry Track (B.S.)

College of Sciences
Department of Chemistry
Physical Sciences Building (PSB), Room: 255
https://sciences.ucf.edu/chemistry
Email: chemstaff@ucf.edu

Dr. Tamra Legron-Rodriguez, tamra.legron-rodriguez@ucf.edu
Phone: 407-823-1167

Students completing the Forensic Science - Chemistry Track B.S. degree will also meet the requirements for ACS certification. This track is designed to allow students the flexibility to prepare for multiple careers in forensics through selection of restricted elective courses. Students should be advised that background checks similar to those required for law enforcement officers are likely to be a condition of employment (Reference: NIJ Report NCJ 203099).
Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Chemistry
- Co-op credit cannot be used in this major.
- Students should consult with a departmental advisor.
- Students must earn a "C" (2.0) or higher in each course and have a minimum 2.5 cumulative GPA in all courses in Common Program Prerequisites, Core Requirements: Basic Level, Core Requirements: Advanced Level, and Restricted Electives.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in Common Program Prerequisites are usually completed in the first 60 hours.

General Education Program (GEP) (39 Credit Hours)

- Note: Certain courses must be selected in the GEP for this major, which brings the GEP hours above 36.
- At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (7 Credit Hours)

Before registering for Math, take Math Placement Test, see: https://www.sdes.ucf.edu/placement-tests/

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 2023 - Statistical Methods I Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Science Foundations (8 Credit Hours)

Before registering for Chemistry, take Chemistry Placement Test, see: https://www.sdes.ucf.edu/placement-tests/

- BSC 2010C - Biology I Credit Hours: 4 (Required)
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)

Common Program Prerequisites (CPP) (16 Credit Hours)

See Acceptable Substitutes for Transfer Courses for possible substitutes for the courses listed below.

- BSC 2010C - Biology I Credit Hours: 4 (GEP)

Select one of the following sequences of courses:

- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3 and
- CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3 or
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
Take all of the following:

- CHM 2046 - Chemistry Fundamentals II  
  Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory  
  Credit Hours: 1
- MAC 2311C - Calculus with Analytic Geometry I  
  Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II  
  Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I  
  Credit Hours: 4 (GEP)
- PHY 2049C - General Physics Using Calculus II  
  Credit Hours: 4

Core Requirements: Basic Level (16 Credit Hours)

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

Basic Core: Required, satisfies the CPP

- BSC 2010C - Biology I  
  Credit Hours: 4 (GEP/CPP)
- CHM 2040 - Chemistry Fundamentals IA  
  Credit Hours: 3 (CPP)
- CHM 2041 - Chemistry Fundamentals IB  
  Credit Hours: 3 (CPP)
- CHM 2045C - Chemistry Fundamentals I  
  Credit Hours: 4 (CPP)
- CHM 2046 - Chemistry Fundamentals II  
  Credit Hours: 3 (CPP)
- CHM 2046L - Chemistry Fundamentals Laboratory  
  Credit Hours: 1 (CPP)
- MAC 2311C - Calculus with Analytic Geometry I  
  Credit Hours: 4 (GEP/CPP)
- MAC 2312 - Calculus with Analytic Geometry II  
  Credit Hours: 4 (CPP)
- PHY 2048C - General Physics Using Calculus I  
  Credit Hours: 4 (GEP/CPP)
- PHY 2049C - General Physics Using Calculus II  
  Credit Hours: 4 (CPP)

Basic Core: Additional Requirements (16 Credit Hours)

- CHM 2210 - Organic Chemistry I  
  Credit Hours: 3
- CHM 2211 - Organic Chemistry II  
  Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I  
  Credit Hours: 2
- CHM 3120 - Analytical Chemistry  
  Credit Hours: 3
- CHM 3120L - Analytical Chemistry Laboratory  
  Credit Hours: 1
- STA 2023 - Statistical Methods I  
  Credit Hours: 3 (GEP)
- PCB 3063 - Genetics  
  Credit Hours: 3
- PCB 3063L - Genetics Laboratory  
  Credit Hours: 1

Core Requirements: Advanced Level (40 Credit Hours)

Forensic Science Core: (35 Credit Hours)

- BCH 4053 - Biochemistry I  
  Credit Hours: 3
- CHM 3422 - Applied Physical Chemistry  
  Credit Hours: 3
- CHS 3501 - Introduction to Forensic Science  
  Credit Hours: 3
- CHS 3505C - Forensic Microscopy  
  Credit Hours: 4
- CHS 3511C - Trace Evidence  
  Credit Hours: 4
- CHS 3530C - Forensic Analysis of Controlled Substances  
  Credit Hours: 4
- CHS 3533 - Forensic Biochemistry I  
  Credit Hours: 2
- CHS 3595 - Forensic Science in the Courtroom  
  Credit Hours: 3
- CHS 4515C - Forensic Crime Scene Investigation  
  Credit Hours: 3
- CHS 4537 - Forensic Laboratory Quality Assurance and Professional Practice  
  Credit Hours: 3
- CHS 4591 - Forensic Science Internship  
  Credit Hours: 3
Forensic Chemistry Track: (5 Credit Hours)

- CHM 4130 - Advanced Analytical Laboratory Technique Credit Hours: 3
- CHM 4130L - Advanced Analytical Chemistry Laboratory Credit Hours: 2

Restricted Electives (13 Credit Hours)

Select from the following: (13 Credit Hours)

Note: Substitutions require prior approval by the Forensic Science Program advisor.

- ANT 4521 - Forensic Anthropology Credit Hours: 3
- BCH 4054 - Biochemistry II Credit Hours: 3
- CHM 3215L - Organic Laboratory Techniques II Credit Hours: 2
- CHM 4220 - Organic Chemistry III Credit Hours: 3
- CHM 4223 - Advanced Organic Chemistry Credit Hours: 3
- CHM 4230 - Applied Molecular Spectroscopy Credit Hours: 3
- CHM 4427 - Electrochemistry Credit Hours: 3
- CHM 4912 - Directed Independent Research Credit Hours: 3
- CHS 3533L - Forensic Biochemistry I Laboratory Credit Hours: 1
- CHS 4534C - Forensic Biochemistry II Credit Hours: 3
- CHS 4615 - Environmental Chemistry Credit Hours: 3
- CHS 5504 - Topics in Forensic Science Credit Hours: 3
- DSC 4012 - Terrorism Credit Hours: 3
- PCB 3233 - Immunology Credit Hours: 3
- PCB 3233L - Immunology Laboratory Credit Hours: 1
- PCB 4684 - Population Genetics Credit Hours: 3
- STA 4163 - Statistical Methods II Credit Hours: 3
- ZOO 3733C - Human Anatomy Credit Hours: 4

Students may choose one of the following:

- CCJ 3014 - Crime in America Credit Hours: 3
- CCJ 3024 - Criminal Justice System Credit Hours: 3
- CJE 4012 - Criminal Profiling in Criminal Justice Credit Hours: 3
- CJE 4610 - Criminal Investigation Credit Hours: 3

Capstone Requirements

CHS 4591 Forensic Science Internship is the capstone for the program.

Electives

- Select primarily from upper level courses after consulting with a departmental advisor. Courses may be outside the department.

Minor Admission Requirements

- The minor is not open to chemistry majors.

Minor Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) in lower level courses are not accepted.
- At least 11 hours used in the minor must be earned at UCF within the Department of Chemistry, with a minimum GPA of 2.0.

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (20 Credit Hours)

- CHM 2040 - Chemistry Fundamentals I A Credit Hours: 3
- CHM 2041 - Chemistry Fundamentals I B Credit Hours: 3
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3

- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- CHM 2210 - Organic Chemistry I Credit Hours: 3
- CHM 2211 - Organic Chemistry II Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
- CHM 3120 - Analytical Chemistry Credit Hours: 3
- CHM 3120L - Analytical Chemistry Laboratory Credit Hours: 1
Restricted Electives (8 Credit Hours)

At least one course must be selected from Group I and the remaining from Group I and/or II

Group I: Select at least one course

- BCH 4103L - Biochemical Methods Credit Hours: 2
- CHM 3411L - Physical Chemistry Laboratory Credit Hours: 2
- CHM 3215L - Organic Laboratory Techniques II Credit Hours: 2
- CHM 4130 - Advanced Analytical Laboratory Technique Credit Hours: 3
- CHM 5451C - Techniques in Polymer Science Credit Hours: 3
- CHS 3530C - Forensic Analysis of Controlled Substances Credit Hours: 4

Group II:

- BCH 4053 - Biochemistry I Credit Hours: 3
- BCH 4054 - Biochemistry II Credit Hours: 3
- CHM 3410 - Physical Chemistry I Credit Hours: 4
- CHM 3411 - Physical Chemistry II Credit Hours: 3
- CHM 3422 - Applied Physical Chemistry Credit Hours: 3
- CHM 4220 - Organic Chemistry III Credit Hours: 3
- CHM 5225 - Advanced Organic Chemistry Credit Hours: 3
- CHM 5235 - Applied Molecular Spectroscopy Credit Hours: 3
- CHM 5450 - Polymer Chemistry Credit Hours: 3
- CHS 4615 - Environmental Chemistry Credit Hours: 3

Additional upper level courses may be taken as approved.

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 28

Other Requirements

- Internship, Co-op, or Independent Study credit cannot be used toward the minor.

Department of Mathematics

Chair: Xin Li  
MSB 209; 407-823-2826  
Email: math@ucf.edu  
hp://sciences.ucf.edu/math/

Associate Chair: Joseph Brennan  
Undergraduate Program Coordinators: Limin (Laura) Yang, Maria Capursi, Barry Griffiths, Tammy Muhs

Please see the department website for a listing of the department's faculty and staff.

The programs in mathematics are guided by the department's goals to offer the best undergraduate program in mathematics in the State of Florida and to be a leader in the development of the technological expertise that is necessary for realizing Florida's high-technology future. The programs are designed to serve:

1. Students who desire to pursue careers in mathematics after having completed a baccalaureate degree;  
2. Students who desire to continue their education in graduate and professional schools; and  
3. Students who need to use mathematics as a tool in their specialty areas.

To this end, the department offers coursework that provides contemporary approaches for solving mathematical problems. Graduates of the undergraduate degree program in mathematics can go on to further study in mathematics, can go into another area of science or to professional schools, or they can find employment in a wide variety of fields. One of the reasons that our graduates have proven very attractive to employers is the skills that they have acquired for the analysis of problem-solving and the analysis of data.

In order to serve such a wide variety of students, the courses and programs in the Department of Mathematics
have developed along several lines, including service courses in pre-calculus and calculus along with strong programs in the upper division in the areas of algebra and analysis as well as the areas of applied and computational mathematics.

The department's programs offer students opportunities to concentrate their studies not only in foundational mathematics but also in a number of areas of interdisciplinary mathematics, including: mathematical biology, mathematical economics, computational mathematics, and engineering/physics. The Department of Mathematics offers programs leading to a Bachelor of Science in Mathematics, a minor in Mathematics, a Graduate Certificate in Mathematics, a Master of Science in Mathematical Science, and a Ph.D. in Mathematics.

The department does not award credit by examination for courses that are regularly taught. Students who have mastered the material in a given course are encouraged to take a more advanced class to fulfill their mathematics requirement.

Major

Mathematics (B.S.)

College of Sciences
Department of Mathematics
Mathematical Sciences Building (MSB), Room: 207
http://math.ucf.edu

Dr. Joseph Brennan
Joseph.Brennan@ucf.edu
Phone: 407-823-0147

Admission Requirements

- None

Degree Requirements

- Students must achieve a minimum cumulative GPA of 2.0 in all courses satisfying major requirements.
- Co-op or internship credit cannot be used in this major.
- Students should consult with a departmental advisor.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 1 (General Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- All mathematics courses, except the following, must be either taken from, or approved by, the Department of Mathematics at UCF:
  - MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
  - MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
  - MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
  - MAP 2302 - Ordinary Differential Equations I Credit Hours: 3

  Note: the following courses will not satisfy any Math degree requirements:
  - MTG 4212 - Modern Geometries Credit Hours: 4
  - MHF 4404 - History of Mathematics Credit Hours: 3

General Education Program (GEP)
(38 Credit Hours)

- Note: Certain courses must be selected for this major, bringing GEP hours above 36
- Some concentrations require particular selections of courses in the GEP program. Please consult the desired concentration listed below.
- At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)
Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (7 Credit Hours)
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- COP 3502C - Computer Science I Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Required)
- Select a course listed in Social Foundations Credit Hours: 3

Science Foundations (8 Credit Hours)
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Suggested)
  or
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (Suggested)
- BSC 2010C - Biology I Credit Hours: 4 (Suggested)

Common Program Prerequisites (CPP) (11 Credit Hours)
See Acceptable Substitutes for Transfer Courses for possible substitutes for the courses listed below.
- COP 3502C - Computer Science I Credit Hours: 3 (GEP)
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3

Select from the courses listed in the GEP Program (4 Credit Hours)
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (GEP)
- BSC 2010C - Biology I Credit Hours: 4 (GEP)
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP)
  or
  the two semester equivalent: CHM 2040/CHM 2041

Core Requirements: Basic Level (22 Credit Hours)
- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.
- Selection of the science sequence may need to reflect the student's track. Consult the requirements of the track before selecting the science sequence.
- The Mathematical Biology track requires all three of the CHM 2045C/CHM 2046/CHM 2046L, the BSC 2010C/BSC 2011C, and the PHY 2048C/PHY 2049C sequences.
- The Engineering/Physics track requires the PHY 2048C/PHY 2049C sequence.

Core: Basic Requirements
- COP 3502C - Computer Science I Credit Hours: 3 (GEP/CPP)
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP/CPP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4 (CPP)
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4 (CPP)
- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3 (CPP)

Core: Science Sequence:
Select from the following (4 Credit Hours)
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (GEP/CPP)
- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- or
- BSC 2010C - Biology I Credit Hours: 4 (GEP/CPP)
- BSC 2011C - Biology II Credit Hours: 4
- or
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP/CPP)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
  1 or the two semester equivalent CHM 2040/CHM 2041

Core: Additional Requirements (18 Credit Hours)

Substitution of COT 3100 for MHF 3302 is possible with approval of Department Undergraduate Coordinator.

- MAA 4226 - Advanced Calculus I Credit Hours: 4
- MAS 3105 - Matrix and Linear Algebra Credit Hours: 4
- MAS 3106 - Linear Algebra Credit Hours: 4
- MAS 4301 - Abstract Algebra I Credit Hours: 3
- MHF 3302 - Logic and Proof in Mathematics Credit Hours: 3

Core Requirements: Advanced Level

- None

Restricted Electives

- Students must select one of the following tracks.

General Mathematics Track (18 Credit Hours)

- Select 3 credit hours from 4000 or 5000 level courses with an MAP or MAT prefix offered by the Department of Mathematics Credit Hours: 3
- Select 3 credit hours from 4000 or 5000 level courses with an MAA, MAD, MAS or MTG prefix offered by the Department of Mathematics, except MTG 4212.
- Select an additional 12 credits from 4000 or 5000 level courses offered by the Department of Mathematics except MTG 4212 or MHF 4404. Credit Hours: 12
- Additional Mathematics courses can be taken as approved.

Mathematical Biology Track (45 Credit Hours)

Track Prerequisites: (12 Credit Hours)

- BSC 2010C - Biology I Credit Hours: 4 (GEP/CPP)
- BSC 2011C - Biology II Credit Hours: 4 (CPP)
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (GEP) (Notes: or the two semester equivalent CHM 2040/CHM 2041)
- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
- Any 4000 or 5000 level course with an MAP or MAT prefix offered by the Department of Mathematics Credit Hours: 3
- Any 4000 or 5000 level course with an MAA, MAD, MAS or MTG prefix offered by the Department of Mathematics except MTG 4212 Credit Hours: 3

Take all of the following: (33 Credit Hours)

- CHM 2210 - Organic Chemistry I Credit Hours: 3
- CHM 2211 - Organic Chemistry II Credit Hours: 3
- MAP 4484 - Mathematical Biology I Credit Hours: 3
- STA 2023 - Statistical Methods I Credit Hours: 3
- STA 4321 - Statistical Theory I Credit Hours: 3
- STA 4322 - Statistical Theory II Credit Hours: 3
- Any 4000 or 5000 level course with an MAP or MAT prefix offered by the Department of Mathematics Credit Hours: 3
Select 9 credit hours from lecture courses listed in the restricted electives within the Biology and/or Biomedical Sciences programs. Credit Hours: 9
Additional courses can be taken as approved.

Mathematical Economics Track (36 Credit Hours)

Track Prerequisites:

- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (GEP)

Take all of the following: (30 Credit Hours)

- ECO 2013 - Principles of Macroeconomics Credit Hours: 3
- ECO 3101 - Intermediate Microeconomics Credit Hours: 3
- ECO 3203 - Intermediate Macroeconomics Credit Hours: 3
- ECO 3410 - Mathematical Economics Credit Hours: 3
- ECO 4412 - Econometrics I Credit Hours: 3
- MAP 4113 - Probability, Random Processes and Applications Credit Hours: 3
- MAP 4640 - Financial Mathematics Credit Hours: 3
- STA 2023 - Statistical Methods I Credit Hours: 3
- STA 4321 - Statistical Theory I Credit Hours: 3
- Select 3 credit hours from 4000 or 5000 level courses with an MAA, MAD, MAS or MTG prefix offered by the Department of Mathematics except MTG 4212 Credit Hours: 3
- Additional courses can be taken as approved.

And select six credit hours from the following: (6 Credit Hours)

- ECO 3703 - International Microeconomics Credit Hours: 3
- ECO 4504 - Public Economics Credit Hours: 3
- ECO 4713 - International Macroeconomics Credit Hours: 3
- ECP 4303 - Environmental and Natural Resource Economics Credit Hours: 3
- ECP 4403 - Industrial Organization Credit Hours: 3
- STA 4322 - Statistical Theory II Credit Hours: 3
Additional courses can be taken as approved.

Computational Track (36 Credit Hours)

Track Prerequisites:

- COP 3502C - Computer Science I Credit Hours: 3 (GEP/CPP/Core)

Take all of the following: (27 Credit Hours)

- COP 3503C - Computer Science II Credit Hours: 3
- MAP 4303 - Ordinary Differential Equations II Credit Hours: 3
- MAP 4341 - Introduction to Partial Differential Equations Credit Hours: 3
- MAP 4371 - Numerical Methods for Differential Equations Credit Hours: 3
- MAP 4384 - Numerical Methods for Computational Sciences Credit Hours: 3
- STA 2023 - Statistical Methods I Credit Hours: 3
- STA 4321 - Statistical Theory I Credit Hours: 3
- Select 3 credit hours from 4000 or 5000 level courses with an MAA, MAD, MAS or MTG prefix offered by the Department of Mathematics except MTG 4212 Credit Hours: 3
- Select an additional 3 credits from 4000 or 5000 level courses offered by the Department of Mathematics except for MTG 4212 or MHF 4404 Credit Hours: 3

And select nine credit hours from the following: (9 Credit Hours)

- COP 3402 - Systems Software Credit Hours: 3
- COP 4020 - Programming Languages I Credit Hours: 3
- COT 4210 - Discrete Structures II Credit Hours: 3
- COP 4331C - Processes for Object-Oriented Software Development Credit Hours: 3
- COP 4600 - Operating Systems Credit Hours: 3
- EEL 4768 - Computer Architecture Credit Hours: 3
Additional courses can be taken as approved.

Engineering/Physics Track (39 Credit Hours)

Track Prerequisites:

- PHY 2048C - General Physics Using Calculus I  
  **Credit Hours:** 4 (GEP/CPP/Core)
  or
- PHY 2049C - General Physics Using Calculus II  
  **Credit Hours:** 4 (CPP/Core)

Take all of the following courses: (15 Credit Hours)

- EGN 3321 - Engineering Analysis-Dynamics  
  **Credit Hours:** 3
- MAA 4402 - Introduction to Complex Variables  
  **Credit Hours:** 3
- MAP 4103 - Mathematical Modeling I  
  **Credit Hours:** 3
- MAP 4341 - Introduction to Partial Differential Equations  
  **Credit Hours:** 3
- PHY 3101 - General Physics Using Calculus III  
  **Credit Hours:** 3

Select One: (3 Credit Hours)

- COT 4500 - Numerical Calculus  
  **Credit Hours:** 3
- EGN 3420 - Engineering Analysis  
  **Credit Hours:** 3
- MAP 4371 - Numerical Methods for Differential Equations  
  **Credit Hours:** 3
- MAP 4384 - Numerical Methods for Computational Sciences  
  **Credit Hours:** 3
- PHZ 3151 - Computer Methods in Physics  
  **Credit Hours:** 3

Select One: (3 Credit Hours)

- EGN 3310 - Engineering Analysis-Statics  
  **Credit Hours:** 3
- PHY 3220 - Mechanics I  
  **Credit Hours:** 3

Select at least six hours: (6 Credit Hours)

- EGN 3343 - Thermodynamics  
  **Credit Hours:** 3
- PHY 3513 - Thermal and Statistical Physics  
  **Credit Hours:** 3

Select at least six hours: (6 Credit Hours)

- CES 4100C - Structural Analysis I and Lab  
  **Credit Hours:** 4
- EAS 3101 - Fundamentals of Aerodynamics  
  **Credit Hours:** 3
- EEL 3004C - Linear Circuits I  
  **Credit Hours:** 3
- EGM 3601 - Solid Mechanics  
  **Credit Hours:** 3
- EGN 3331C - Mechanics of Materials  
  **Credit Hours:** 3
- ESI 4312 - Deterministic Methods for Operations Research  
  **Credit Hours:** 3
- PHY 4604 - Wave Mechanics I  
  **Credit Hours:** 3
- PHY 4605 - Wave Mechanics II  
  **Credit Hours:** 3

Select at least six hours: (6 Credit Hours)

- CWR 3201 - Engineering Fluid Mechanics  
  **Credit Hours:** 3
- EAS 4105 - Flight Mechanics  
  **Credit Hours:** 3
- EAS 4200 - Analysis & Design of Aerospace Structures  
  **Credit Hours:** 3
- EAS 4400 - Spacecraft Attitude Dynamics  
  **Credit Hours:** 3
- EEE 3342C - Digital Systems  
  **Credit Hours:** 3
- EEL 3470 - Electromagnetic Fields  
  **Credit Hours:** 3
- EEL 3552C - Signal Analysis and Analog Communication  
  **Credit Hours:** 4
- EEL 3657 - Linear Control Systems  
  **Credit Hours:** 3
- EEL 3801C - Computer Organization  
  **Credit Hours:** 4
- EEL 4742C - Embedded Systems  
  **Credit Hours:** 3
- EEL 4750 - Digital Signal Processing Fundamentals  
  **Credit Hours:** 3
- EEL 4832 - Engineering Applications of Computer Methods  
  **Credit Hours:** 3
- EEL 4851C - Engineering Data Structures  
  **Credit Hours:** 4
- EGN 3365 - Structure and Properties of Materials  
  **Credit Hours:** 3
• EGN 3613 - Engineering Economic Analysis
  Credit Hours: 2
• EIN 4333 - Production and Distribution Systems
  Credit Hours: 3
• EMA 4223 - Fundamentals of Mechanical Behavior of Materials Credit Hours: 3
• EML 3262 - Kinematics of Mechanisms Credit Hours: 3
• EML 3701 - Fluid Mechanics I Credit Hours: 3
• EML 4142 - Heat Transfer Credit Hours: 3
• EML 4225 - Introduction to Vibrations and Controls Credit Hours: 3
• EML 4313 - Intermediate System Dynamics and Controls Credit Hours: 3
• EML 4703 - Fluid Mechanics II Credit Hours: 3
• ENV 4561 - Advanced Environmental Engineering Operations & Processes Credit Hours: 3
• ESI 4234 - Quality Engineering Credit Hours: 3
• ESI 4523 - Systems Simulation Credit Hours: 3
• PHY 3323 - Electricity and Magnetism I Credit Hours: 3
• PHY 4324 - Electricity and Magnetism II Credit Hours: 3
• STA 4321 - Statistical Theory I Credit Hours: 3
• STA 4322 - Statistical Theory II Credit Hours: 3

Select One: (3 Credit Hours)

• MAD 4203 - Introduction to Combinatorics
  Credit Hours: 3
• MAD 4301 - Introduction to Graph Theory
  Credit Hours: 3

Admissions

• Two years high school or one year college language (or equivalent proficiency exam) prior to graduation.

Graduation

• None

Additional Requirements

• None

Required Minors

• None

Departmental Exit Requirements

• Earn a grade of "C" (2.0) or better in each course used to satisfy the degree program.
• Students must achieve a minimum cumulative GPA of 2.0 in all courses satisfying major requirements.
• Participate in an exit interview.
• Fulfill Exit Examination requirement.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Capstone Requirements

• None

Electives

• If track allows, select electives primarily from upper level courses and with departmental advisor's approval. May be outside of the department.

Foreign Language Requirements

Total Undergraduate Credit Hours Required: 120
Additional Information

Honors In Major

- Application and admission through the Department and the Burnett Honors College. More information about Honors in the Major can be found at honors.ucf.edu/research
- Fulfill University requirements for Honors in the Major.

Advising Notes

- Students should consult with a department advisor.
- Students with adequate preparation can consult with the department undergraduate advisor on substituting graduate classes for departmental electives.
- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- The following substitutions are acceptable for common program prerequisites if taken as part of the AA course work prior to transferring to UCF:
  - Computer Programming: may use any programming course with a COP prefix.
  - Laboratory Science: may use any GLY, PHY, CHM or BSC course with a lab designed for science majors; however, the biology, chemistry and physics classes are core requirements and still must be taken.

Program Academic Learning Compacts
Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oead.ucf.edu/alc/academic_learning_compacts.htm

Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.
- Prior to enrolling in Chemistry, take Chemistry Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/

Freshman Year - Fall (13 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
- ENC 1101 - Composition I Credit Hours: 3
- GEP Credit Hours: 3
- GEP Credit Hours: 3

Freshman Year - Spring (14 Credit Hours)

- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- MHF 3302 - Logic and Proof in Mathematics Credit Hours: 3

Minor

Mathematical Biology Minor

Admission Requirements
- None

Minor Requirements
- A grade of "C" (2.0) or better is required in all courses used to satisfy the minor.
- At least 6 hours used in the minor must be earned at UCF within the Department of Mathematics.
- This minor is not open to math majors.

Prerequisite Courses
Students must satisfy each course's prerequisites before enrolling in the class.
- BSC 2010C - Biology I Credit Hours: 4
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4

Required Courses (21 Credit Hours)
- BSC 2011C - Biology II Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- MAS 3105 - Matrix and Linear Algebra Credit Hours: 4
- MAP 4484 - Mathematical Biology I Credit Hours: 4
- MAP 4494 - Mathematical Biology II Credit Hours: 3

Restricted Electives (3 Credit Hours)
Select from the following:
- BCH 4053 - Biochemistry I Credit Hours: 3
- PCB 3023 - Molecular Cell Biology Credit Hours: 3
- PCB 3044 - Principles of Ecology Credit Hours: 3
- PCB 3063 - Genetics Credit Hours: 3

Minor Requirements

College of Sciences
Department of Mathematics
Mathematical Sciences Building (MSB), Room: 207
http://math.ucf.edu

Dr. Joseph Brennan
Joseph.Brennan@ucf.edu
Phone: 407-823-0147
- PCB 4683 - Evolutionary Biology **Credit Hours:** 4
  Additional courses can be taken as approved.

**Foreign Language Requirements**
- None

**Total Undergraduate Credit Hours Required:** 24

**Other Requirements**
- Internship, Co-op, or Independent Study credit cannot be used toward the minor.
- Lower division courses do not substitute for Upper Division courses.

**Mathematics Minor**

**College of Sciences**
**Department of Mathematics**
**Mathematical Sciences Building (MSB), Room: 207**
[http://math.ucf.edu](http://math.ucf.edu)

Dr. Joseph Brennan
Joseph.Brennan@ucf.edu
Phone: 407-823-0147

**Admission Requirements**
- The minor is not open to mathematics or math education majors.

**Minor Requirements**
- A grade of "C" (2.0) or better is required in all courses used to satisfy the minor.
- At least 6 hours used in the minor must be earned at UCF within the Department of Mathematics.
- A minimum of 6 hours used to satisfy the Mathematics Minor must be unique and not be used to satisfy the requirements of a major. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)

**Prerequisite Courses**
Students must satisfy each course's prerequisites before enrolling in the class.
- MAC 2311C - Calculus with Analytic Geometry I **Credit Hours:** 4

**Required Courses (15 Credit Hours)**
- MAC 2312 - Calculus with Analytic Geometry II **Credit Hours:** 4
- MAC 2313 - Calculus with Analytic Geometry III **Credit Hours:** 4
- MAP 2302 - Ordinary Differential Equations I **Credit Hours:** 3
- MAS 3105 - Matrix and Linear Algebra **Credit Hours:** 4

**Restricted Electives (3 Credit Hours)**
Select 3 credit hours from 3000 or 4000 level courses offered by the Department of Mathematics

The following courses cannot be used in this minor:
- MAS 3106 - Linear Algebra **Credit Hours:** 4
- MHF 3302 - Logic and Proof in Mathematics **Credit Hours:** 3
- MHF 4404 - History of Mathematics **Credit Hours:** 3
- MTG 4212 - Modern Geometries **Credit Hours:** 4

**Foreign Language Requirements**
- None

**Total Undergraduate Credit Hours Required:** 18

**Other Requirements**
Internship, Co-op, or Independent Study credit cannot be used toward the minor.

Department of Physics

Chair: Eduardo Mucciolo
PS 430A; 407-823-5785
Email: physics@ucf.edu
http://sciences.ucf.edu/physics/

Associate Chair: Joshua Colwell
Undergraduate Coordinator: Elena Flitsiyan
PS 430; 407-823-2325

Please see the department website for a listing of the department's faculty and staff.

The Department of Physics offers a multi-track program of study leading to the B.S. or B.A. degree, giving students the flexibility to choose a suitable set of courses to prepare for their career goals.

The Physics B.S. includes a common core of courses in theoretical and experimental physics that will lead to a broad understanding of the general principles of physics. The different tracks allow students to specialize, applying problem-solving techniques in a certain area of interest; this also enhances their qualifications for employment in that area after graduation. After graduation our students are prepared to enter advanced study in physics, engineering, medicine, environmental sciences, astronomy, and other related disciplines. They are also prepared to begin careers in positions that vary as engineering physics, computational physics, and physics education. Undergraduate physics majors benefit from small class sizes, and are encouraged to be involved in individually designed senior projects working with a faculty advisor.

The Physics B.A. will allow students to customize their learning trajectory for specific career interests, maximizing the relevant course-work each student can take while completing a physics degree within a four year timeline. The B.A. in Physics will provide students with a strong physics preparation, while allowing them flexibility to pursue an interdisciplinary academic program combining physics with training in an additional field, such as education, nanoscale science and technology, biophysics, business, entrepreneurship, information technology, or technical writing. The program will provide excellent preparation for middle- and high-school physics teachers and those wishing to pursue a technical career in industry or graduate study in disciplines outside physics, such as medicine or law.

The Department's research programs include optics and lasers, condensed matter physics, complex systems, biophysics, atomic and molecular physics, nanostructures, and planetary science. The Department of Physics also offers a Master of Science degree and a Doctor of Philosophy degree.

Major

Physics (B.A.)

College of Sciences

Dr. Elena Flitsiyan
Phone: 407-823-1156

Physics majors can select from two curricular options: a B.A. or B.S. in Physics. The B.A. gives students the flexibility to combine physics with another focus area in an interdisciplinary program, in particular Physics Education, Nanoscale Science and Technology, Biophysics, Information Technology/Data Science, Technical Writing.

Admission Requirements

• None

Degree Requirements

• Students who change degree programs and select this major must adopt the most current catalog.
• Grades below "C" (2.0) in any required physics or mathematics courses are not acceptable; they must be repeated with a higher grade.
• Students must achieve a minimum cumulative GPA of 2.0 in all courses taken that could meet major requirements. All attempts that could meet requirements are included in the major GPA calculation. All attempts of courses listed for the major taken beyond the minimum required are included in the GPA calculation (e.g., additional restricted electives).
• The Departmental Residency Requirement consists of at least 15 semester hours of regularly
scheduled 3000-4000 level courses taken from the UCF Department of Physics.

- Physics majors are discouraged from taking courses as a transient student at a Florida College System institution, except in situations where one semester of a two semester sequence has already been taken at the Florida College System institution.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 2 (Common Program Prerequisites) are usually completed in the first sixty hours.
- Upon reaching junior standing (60 hours), Physics majors are expected to have completed the following courses and associated chemistry laboratories. These classes are prerequisites for advanced science classes and students entering the major without these classes will be unable to register for most of the advanced courses.
  - CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
  - CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
  - CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
  - MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
  - MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
  - 1 PHY 2048C - General Physics Using Calculus I Credit Hours: 4
  - 2 PHY 2049C - General Physics Using Calculus II Credit Hours: 4

1 With Department permission this course can be substituted by PHY 2053C.
2 With Departmental permission, this course can be substituted by PHY 2054C.

General Education Program (GEP) (39 Credit Hours)

- Note: Certain courses must be selected in the GEP for this major which brings the GEP hours above 36.
- At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

Take all of the following: (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3
- ENC 1102 - Composition II Credit Hours: 3
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Prefer)

Cultural & Historical Foundations (9 Credit Hours)

- HUM 2210 - Humanistic Tradition I Credit Hours: 3 (Prefer)
- HUM 2230 - Humanistic Tradition II Credit Hours: 3 (Prefer)
- PHI 2010 - Introduction to Philosophy Credit Hours: 3 (Prefer)

Mathematical Foundations (7 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)
- STA 2023 - Statistical Methods I Credit Hours: 3 (Suggested)

Social Foundations (6 Credit Hours)

- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Prefer)
- PSY 2012 - General Psychology Credit Hours: 3 (Prefer)

Science Foundations (8 Credit Hours)

- BSC 2010C - Biology I Credit Hours: 4
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)

Common Program Prerequisites (CPP) (20 Credit Hours)
See Acceptable Substitutes for Transfer Courses for possible substitutes for the courses listed below.

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4

Select one of the following sequences of courses:

- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3 and
- CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3
  or
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4

Take all of the following:

- CHM 2046C - Honors Chemistry Fundamentals II Credit Hours: 4
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Core Requirements: Basic Level (24 Credit Hours)

- In addition to those courses specified in the Common Program Prerequisites, students also must complete the following:

Core: Required, satisfies the CPP

- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3 and (CPP)
- CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3 (CPP)
  or
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (CPP)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP/CPP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4 (CPP)
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4 (CPP)
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (CPP)
  With Department permission this course can be substituted by PHY 2053C
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4 (CPP)
  With Department permission this course can be substituted by PHY 2054C

Core: Additional requirements

- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- PHY 3101 - General Physics Using Calculus III Credit Hours: 3
- PHY 3220 - Mechanics I Credit Hours: 3
- PHY 3323 - Electricity and Magnetism I Credit Hours: 3
- PHY 3513 - Thermal and Statistical Physics Credit Hours: 3
- PHY 4604 - Wave Mechanics I Credit Hours: 3
- PHZ 3113 - Introduction to Theoretical Methods of Physics Credit Hours: 3

Laboratory Requirements

- PHY 3802L - Intermediate Physics Laboratory Credit Hours: 3

Core Requirements: Advanced Level

- Select one specialization

Education (28 Credit Hours)

- Students in this specialization must declare and be admitted to the Science Education Minor.

Required Courses: (19 Credit Hours)

- EDF 4467 - Learning Theory and Assessment Credit Hours: 3
- EDG 4410 - Teaching Strategies and Classroom Management Credit Hours: 3
- PHY 4012 - Teaching Introductory Physics Credit Hours: 3
- SCE 4360 - Science Instructional Analysis Credit Hours: 4
- SCE 4361 - Programs in Teaching Science Credit Hours: 3
- TSL 4080 - Theory and Practice of Teaching ESOL Students in Schools Credit Hours: 3

Restricted Electives: (9 Credit Hours)

- Select 9 credits from upper division PHY, PHZ, or AST courses or approved education courses to fulfill a double major or a minor in Science Education - Physics.
- The courses will be selected with adviser approval.
- Additional restricted electives can be taken as approved by an advisor.

Nanoscale Science and Technology (36 Credit Hours)

Required Courses: (12 Credit Hours)

- EMA 3691 - Nanomaterials Process Engineering Credit Hours: 3
- ISC 3417 - Computational Nanoscience Credit Hours: 3
- ISC 3424 - Chemical and Life Science Nanotechnology Credit Hours: 3
- ISC 3471 - Nanoscience and Nanotechnology Credit Hours: 3

Restricted Electives: (9 Credit Hours)

Selected from upper division physics, mathematics, chemistry, computer science or engineering courses.

Directed Electives: (15 Credit Hours)

The elective courses will be selected with advisor approval.

- BSC 3424 - Nanobiotechnology Credit Hours: 3
- EMA 3014 - Nanomaterials Characterization and Applications Credit Hours: 3

- OSE 3490 - Nanophotonics Credit Hours: 3
- PHI 4690 - Ethics in Nanoscience and Nanotechnology Credit Hours: 3
- PHY 3722C - Physics Laboratory-Electronics Credit Hours: 3
- PHY 3752C - Physics of Scientific Instruments Credit Hours: 3
- PHY 5704 - Physics of Nanoelectronic Devices Credit Hours: 3
- PHY 5933 - Selected Topics in Biophysics of Macromolecules Credit Hours: 3
- PHZ 3151 - Computer Methods in Physics Credit Hours: 3
- PHZ 5425C - Electron Solid Interactions Credit Hours: 3
- PHZ 5445 - Nanofabrication Using Focused Ion Beam Credit Hours: 3

Additional restricted/directed electives can be taken as approved by an advisor.

Biophysics (36 Credit Hours)

Required Courses: (18 Credit Hours)

- BSC 2011C - Biology II Credit Hours: 4
- BSC 3424 - Nanobiotechnology Credit Hours: 3
- CHM 2210 - Organic Chemistry I Credit Hours: 3
- CHM 2211 - Organic Chemistry II Credit Hours: 3
- CHM 2211L - Organic Laboratory Techniques I Credit Hours: 2
- MCB 1310 - Introduction to Biotechnology and Genetic Engineering Credit Hours: 3

Restricted Electives: (9 Credit Hours)

Select 9 credits from upper division PHY, PHZ, or AST courses. The elective courses will be selected with advisor approval.

Directed Electives: (9 Credit Hours)

Select 9 credits from upper division biology or chemistry. The elective courses will be selected with advisor approval. Additional restricted/directed electives can be taken as approved by an advisor. Pre-medical students are advised to select from the following:
Information Technology / Data Science (33 Credit Hours)

Required Courses: (18 Credit Hours)

- CIS 3362 - Cryptography and Information Security Credit Hours: 3
- COP 3223C - Introduction to Programming with C Credit Hours: 3
- COP 3330 - Object Oriented Programming Credit Hours: 3
- COP 3502C - Computer Science I Credit Hours: 3
- COP 4710 - Database Systems Credit Hours: 3
- COT 3100C - Introduction to Discrete Structures Credit Hours: 3
- MAD 2104 - Foundations of Discrete Math Credit Hours: 3

Restricted Electives: (9 Credit Hours)

Select 9 credits from upper division PHY, PHZ, or AST courses. The elective courses will be selected with advisor approval.

Directed Electives: (6 Credit Hours)

Select 6 credits from upper division writing or communication courses. The elective courses will be selected with advisor approval.

- ENC 3241 - Writing for the Technical Professional Credit Hours: 3
- ENC 4218 - Visual Technical Communication Credit Hours: 3
- ENC 4280 - Technical Writing Style Credit Hours: 3
- ENC 4290 - Usability Testing for Technical Communication Credit Hours: 3
- ENC 4293 - Documentation and Project Management Credit Hours: 3

Technical Writing (30 Credit Hours)

Required Courses: (15 Credit Hours)

- ENC 3241 - Writing for the Technical Professional Credit Hours: 3
- ENC 4218 - Visual Technical Communication Credit Hours: 3
- ENC 4280 - Technical Writing Style Credit Hours: 3
- ENC 4290 - Usability Testing for Technical Communication Credit Hours: 3
- ENC 4293 - Documentation and Project Management Credit Hours: 3

Restricted Electives: (9 Credit Hours)

Select 9 credits from upper division PHY, PHZ, or AST courses. The elective courses will be selected with advisor approval.

Directed Electives: (6 Credit Hours)

Select 6 credits from upper division writing or communication courses. The elective courses will be selected with advisor approval.

- ENC 4262 - International Technical Communication Credit Hours: 3
- ENC 3455 - Writing about Science and Technology Credit Hours: 3
- ENC 3314 - Writing for Publication Credit Hours: 3
- ENC 3351 - Writing for Publication Credit Hours: 3
- LIT 4433 - Literature of Science and Technology Credit Hours: 3

Additional restricted/directed electives can be taken as approved by an advisor.

Restricted Electives

- None

Capstone Requirements
Foreign Language Requirements

Admissions

- Met by graduation requirement

Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

Electives

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Grades below "C" (2.0) in any required physics or mathematics courses are not acceptable; they must be repeated with a higher grade.
- Students must achieve a minimum cumulative GPA of 2.0 in all courses taken that could meet major requirements.
- All attempts that could meet requirements are included in the major GPA calculation. All attempts of courses listed for the major taken beyond the minimum required are included in the GPA calculation (e.g., additional restricted electives).
- Students will be required to take a nationally normed test in Physics during their last year.

- Students will have an exit interview in their last semester with a representative of the Physics Undergraduate Committee.

University Minimum Exit Requirements

- A 2.0 UCF GPA.
- 48 semester hours of upper division credit completed.
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Semester Hours Required: 120

Additional Information

Honors In Major

- Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at honors.ucf.edu/research.

Related Programs

- None

Certificates

- None

Related Minors

- None

Advising Notes

- Contact your college advisor in the College of Sciences Advising Services (COSAS) office
(CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- The following substitutions for common program prerequisites are acceptable if taken prior to transferring to UCF:
  CHM 2045C: may use CHM 1040 plus CHM 1041 or CHM 2040C plus CHM 2041C

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
  http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Prior to enrolling in Chemistry, take Chemistry Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- Although all classes are listed during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Freshman Year - Fall (14 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry
  Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I
  Credit Hours: 4
- ENC 1101 - Composition I
  Credit Hours: 3
- GEP
  Credit Hours: 3

Freshman Year - Spring (15 Credit Hours)

- PHY 2048C - General Physics Using Calculus I
  Credit Hours: 4
- MAC 2312 - Calculus with Analytic Geometry II
  Credit Hours: 4
- CHM 2046 - Chemistry Fundamentals II
  Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory
  Credit Hours: 1
  Note: Lab may be taken later if seats are not available.
- ENC 1102 - Composition II
  Credit Hours: 3

Freshman Year - Summer (7 Credits)

- MAC 2313 - Calculus with Analytic Geometry III
  Credit Hours: 4
- GEP
  Credit Hours: 3

Sophomore Year - Fall (13 Credit Hours)

Email: physics@ucf.edu

Dr. Elena Flitsiyan
Phone: 407-823-1156

The B.S. in Physics is intended to prepare students for the study of physics or a closely related subject in graduate school. Physics majors can select from five distinct specializations to earn their physics degree, as described below in the Core Requirements, Advanced Level. While the various specializations share a common core of courses, they also enable students to prepare specifically for certain career paths. Students should consult their faculty advisors when deciding among these specializations.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Grades below "C" (2.0) in any required physics or mathematics courses are not acceptable; they must be repeated with a higher grade.
- Students must achieve a minimum cumulative GPA of 2.0 in all courses taken that could meet major requirements.
- All attempts that could meet requirements are included in the major GPA calculation. All attempts of courses listed for the major taken beyond the minimum required are included in the GPA calculation (e.g., additional restricted electives).
- The Departmental Residency Requirement consists of at least 15 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Physics.
- Physics majors are discouraged from taking courses as a transient student at a Florida College System institution, except in situations where one semester of a two semester sequence has already
been taken at the Florida College System institution.

- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- Upon reaching junior standing (60 hours), Physics majors are expected to have completed the following courses and associated chemistry laboratories. These classes are prerequisites for advanced science classes and students entering the major without these classes will be unable to register for most of the advanced courses.
  - CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
  - CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
  - CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
  - MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4

  - MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4
  - PHY 2048C - General Physics Using Calculus I Credit Hours: 4
  - PHY 2049C - General Physics Using Calculus II Credit Hours: 4

General Education Program (GEP) (38 Credit Hours)

- Note: Certain courses must be selected in the GEP for this major which brings the GEP hours above 36.
- At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (7 Credit Hours)

- COP 3502C - Computer Science I Credit Hours: 3 (Required)
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (Required)

Social Foundations (6 Credit Hours)

Science Foundations

Physical Science; (4 Credit Hours)

- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (Required)

Life Sciences; (3 Credit Hours)

- Select from the Science Foundations, Area 2 list.

Common Program Prerequisites (CPP) (20 Credit Hours)

- See Acceptable Substitutes for Transfer Courses for possible substitutes for the courses listed below.
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4

Select one of the following sequences of courses:

- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3
Take all of the following:

- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- CHM 2046L - Chemistry Fundamentals Laboratory Credit Hours: 1
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4

Core Requirements: Basic Level (36 Credit Hours)

- Required of all specializations.
- In addition to those courses specified in the Common Program Prerequisites, students also must complete the following.

Core: Required, satisfies the CPP

- CHM 2040 - Chemistry Fundamentals IA Credit Hours: 3 (CPP)
- and
- CHM 2041 - Chemistry Fundamentals IB Credit Hours: 3 (CPP)
- or
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (CPP)
- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4 (GEP/CPP)
- MAC 2312 - Calculus with Analytic Geometry II Credit Hours: 4 (CPP)
- MAC 2313 - Calculus with Analytic Geometry III Credit Hours: 4 (CPP)
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4 (GEP/CPP)
- PHY 2049C - General Physics Using Calculus II Credit Hours: 4 (CPP)

Complete all of the following:

- MAP 2302 - Ordinary Differential Equations I Credit Hours: 3
- PHY 3101 - General Physics Using Calculus III Credit Hours: 3
- PHY 3220 - Mechanics I Credit Hours: 3
- PHY 3323 - Electricity and Magnetism I Credit Hours: 3
- PHY 3513 - Thermal and Statistical Physics Credit Hours: 3
- PHY 4324 - Electricity and Magnetism II Credit Hours: 3
- PHY 4604 - Wave Mechanics I Credit Hours: 3
- PHY 4605 - Wave Mechanics II Credit Hours: 3
- PHY 4912 - Directed Independent Research Credit Hours: 3 (in area of specialization)
- PHZ 3113 - Introduction to Theoretical Methods of Physics Credit Hours: 3
- PSC 3911 - FLC Physical Science Capstone R/I Credit Hours: 3

Laboratory Requirement (6 Credit Hours)

- PHY 3722C - Physics Laboratory-Electronics Credit Hours: 3
- or
- PHY 3752C - Physics of Scientific Instruments Credit Hours: 3
- PHY 3802L - Intermediate Physics Laboratory Credit Hours: 3

Core Requirements: Advanced Level

- Select one specialization

General Physics Specialization (18 Credit Hours)

- PHY 4803L - Advanced Physics Laboratory Credit Hours: 3

Restricted Electives: (6 Credit Hours)
Select from upper division PHY, PHZ, or AST courses  
Credit Hours: 6

or

Additional restricted electives can be taken as approved by an advisor.

Directed Electives: (9 Credit Hours)

- Select courses at a 3000 level or higher, approved by the Physics Department. Courses must be chosen in Physics, Mathematics, Chemistry, Computer Science, or Engineering. Credit Hours: 9

Materials Physics Specialization (18 Credit Hours)

Select One (3 Credit Hours)

- EEE 5356C - Fabrication of Solid-State Devices  
  Credit Hours: 4
- PHY 4803L - Advanced Physics Laboratory  
  Credit Hours: 3

Select Three (9 Credit Hours)

- CHM 3411L - Physical Chemistry Laboratory  
  Credit Hours: 2
- EEE 3350 - Semiconductor Devices  
  Credit Hours: 3
- EEE 5352 - Semiconductor Material and Device Characterization  
  Credit Hours: 3
- EGN 3365 - Structure and Properties of Materials  
  Credit Hours: 3
- EMA 4413 - Fundamentals of Electronic Materials  
  Credit Hours: 3
- PHZ 4404 - Solid State Physics  
  Credit Hours: 3
  or
  Additional courses may be added as approved.

Directed Electives: (6 Credit Hours)

- Select courses at a 3000 level or higher, approved by the Physics Department. Courses must be chosen in Physics, Mathematics, Chemistry, Computer Science, or Engineering. Credit Hours: 6

or

Optics and Lasers Specialization (18 Credit Hours)

Select Two (6 Credit Hours)

- PHY 4424 - Optics  
  Credit Hours: 3

Select Two (6 Credit Hours)

- EEL 4440C - Optical Engineering  
  Credit Hours: 3
- OSE 5203 - Geometrical Optics  
  Credit Hours: 3
- OSE 5312 - Light Matter Interaction  
  Credit Hours: 3
- OSE 5414 - Fundamentals of Optoelectronic Devices  
  Credit Hours: 3
- PHY 4445 - Lasers  
  Credit Hours: 3
  or
  Additional courses may be added as approved.

Directed Electives: (9 Credit Hours)

- Select courses at a 3000 level or higher, approved by the Physics Department. Courses must be chosen in Physics, Mathematics, Chemistry, Computer Science, or Engineering. Credit Hours: 9
  or
  Additional directed electives can be taken as approved by an advisor.

Computational Physics Specialization (18 Credit Hours)

- COP 3502C - Computer Science I  
  Credit Hours: 3
- COP 3503C - Computer Science II  
  Credit Hours: 3
- COT 4500 - Numerical Calculus  
  Credit Hours: 3
- PHZ 3151 - Computer Methods in Physics  
  Credit Hours: 3

Directed Electives: (6 Credit Hours)

- Select courses at a 3000 level or higher, approved by the Physics Department. Courses must be
chosen in Physics, Mathematics, Chemistry, Computer Science, or Engineering. **Credit Hours: 6**
or
Additional directed electives can be taken as approved by an advisor.

Astronomy Specialization (18 Credit Hours)

- AST 2002 - Astronomy **Credit Hours: 3**
- Select from upper division AST courses **Credit Hours: 6**

Select One (3 Credit Hours)

- AST 4700 - Experimental Methods in Astronomy **Credit Hours: 3**
- AST 4762C - Astronomical Data Analysis **Credit Hours: 3**
- AST 5765C - Advanced Astronomical Data Analysis **Credit Hours: 3**
or
Additional directed electives can be taken as approved by an advisor.

Directed Electives: (6 Credit Hours)

- Select courses at a 3000 level or higher, approved by the Physics Department. Courses must be chosen in Physics, Mathematics, Chemistry, Computer Science, or Engineering. **Credit Hours: 6**
or
Additional directed electives can be taken as approved by an advisor.

Restricted Electives

- None

Capstone Requirements

- None

Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

- Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- While declared as a Physics BS major, students must complete the Professional Physics Mentoring Program annually. Exceptions will be granted on an annual basis for students who demonstrate participation on an independent and continuous physics professional mentoring plan with faculty in or affiliated to the department.

Required Minors

- None

Departmental Exit Requirements

- Grades below "C" (2.0) in any required physics or mathematics courses are not acceptable; they must be repeated with a higher grade.
- Students must achieve a minimum cumulative GPA of 2.0 in all courses taken that could meet major requirements.
- All attempts that could meet requirements are included in the major GPA calculation. All attempts of courses listed for the major taken beyond the minimum required are included in the GPA calculation (e.g., additional restricted electives).
- Students will be required to take a nationally normed test in Physics during their last year.
Students will have an exit interview in their last semester with a representative of the Physics Undergraduate Committee

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at honors.ucf.edu/research.

Related Programs

- Mathematics (B.S.) Engineering/Physics Track
- Electrical Engineering - Accelerated Undergraduate-Graduate (B.S.E.E. / M.S.E.E.)
- Mechanical Engineering (B.S.M.E.)

Certificates

- None

Related Minors

- Mathematics Minor
- Physics Minor
- Astronomy Minor

Advising Notes

- Students should consult with a departmental advisor.
- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- The following substitutions for common program prerequisites are acceptable if taken prior to transferring to UCF:
  - CHM 2045C: may use CHM 1040 plus CHM 1041 or CHM 2040C plus CHM 2041C

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:

Equipment Fees

- Part-Time Student: $12.40 per term
- Full-Time Student: $24.80 per term
Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Prior to enrolling in Chemistry, take Chemistry Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- Although all classes are listed during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Freshman Year - Fall (14 Credit Hours)

- MAC 2311C - Calculus with Analytic Geometry I Credit Hours: 4
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- ENC 1101 - Composition I Credit Hours: 3
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3

Freshman Year - Spring (15 Credit Hours)

Note: Lab may be taken later if seats are not available

Minor

Astronomy Minor

College of Sciences
Department of Physics
Physical Sciences Building (PSB), Room: 430
https://sciences.ucf.edu/physics
Email: physics@ucf.edu

Dr. Humberto Campins
Phone: 407-823-2325

Minor Admission Requirements

- The minor is not open to Physics majors with an Astronomy specialization.

Minor Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.

- Grades below "C" (2.0) in lower level courses are not accepted.
- At least 9 hours used in the minor must be earned at UCF within the Department of Physics.

Prerequisite Courses

- Most courses for this minor will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Required Courses (19 Credit Hours)

- AST 2002 - Astronomy Credit Hours: 3
- AST 3211 - Stellar Astrophysics Credit Hours: 3
- AST 3402 - Galaxies and Cosmology Credit Hours: 3
- AST 4152 - Planetary Geophysics Credit Hours: 3
- AST 4700 - Experimental Methods in Astronomy Credit Hours: 3
- PHY 2048C - General Physics Using Calculus I Credit Hours: 4

Restricted Electives

- None

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 19

Other Requirements

- Internship, Co-op, or Independent Study credit cannot be used toward the minor.

Geosciences Minor
The Minor in Geosciences develops a student's understanding of Earth's natural processes and the interaction of these processes with related social and political factors. The minor provides a basis in the fundamentals of the earth sciences for students interested in career in fields that directly or indirectly involve the earth or environmental sciences.

Admission Requirements

- None

Minor Requirements

- A grade of "C" or above (2.0) is required in each course used to satisfy the minor.
- At least 12 hours used in the minor must be earned at UCF.
- At least 9 hours of coursework for the minor must be at the 3000 level or above.

Prerequisite Courses

- Note: it is the student's responsibility to ensure that prerequisite courses have been completed before enrolling in any of these courses requiring a prerequisite.

Required Courses (9 Credit Hours)

Take one Course (3 Credit Hours)

- ANT 4852 - GIS Methods in Anthropology Credit Hours: 3
- GIS 3043C - GIS for Environmental Studies Credit Hours: 3
  or an equivalent approved course with similar content on geographic information systems

At least two of the following courses: (6 Credit Hours)

- GEO 1200 - Physical Geography Credit Hours: 3
- GEO 3471 - World Political Geography Credit Hours: 3
- GLY 1030 - Geology and its Applications Credit Hours: 3
- GLY 2038 - Environmental Geoscience Credit Hours: 3
- MET 2104 - The Earth's Climate Credit Hours: 3
- OCE 3008 - Oceanography Credit Hours: 3
- PHY 1038 - Physics of Energy, Climate Change and Environment Credit Hours: 3
  Additional courses can be taken as approved.

Restricted Electives (9 Credit Hours)

At least two of the following courses which are not used above (6 Credit Hours):

- AST 4152 - Planetary Geophysics Credit Hours: 3
- BSC 4861L - Urban Ecological Field Studies Credit Hours: 3
- CHS 4615 - Environmental Chemistry Credit Hours: 3
- CWR 4120 - Hydrology Credit Hours: 3
- CWR 4124 - Hydrogeology Credit Hours: 3
- GLY 1030 - Geology and its Applications Credit Hours: 3
- GLY 2038 - Environmental Geoscience Credit Hours: 3
- GLY 4730 - Marine Geology Credit Hours: 3
- GLY 4734 - Coastal Processes Credit Hours: 3
- MET 2104 - The Earth's Climate Credit Hours: 3
- OCE 3008 - Oceanography Credit Hours: 3
- PHY 1038 - Physics of Energy, Climate Change and Environment Credit Hours: 3

At least one of the following courses which are not used above (3 Credit Hours):

UCF Undergraduate Catalog 2019-2020 - 970
Nanoscale Science and Technology Minor

College of Sciences
Department of Physics
Physical Sciences Building (PSB), Room: 403
https://sciences.ucf.edu/physics
Email: physics@ucf.edu

Dr. Enrique del Barco
delbarco@ucf.edu
Phone: 407-823-2325

This minor is designed to offer students a working knowledge of nanoscience principles and industrial applications, and to understand the societal and technology issues that may impede the adoption of nanotechnology. In addition, students are expected to develop the ability to communicate effectively, work collaboratively, and identify paths and requisite knowledge and skills for nanotechnology careers. With the service learning component built into the three core courses, students completing the minor will only need a fourth SL-designated course of their choice to receive a UCF Service-Learning certificate.

Admission Requirements

Minor Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) in lower level courses are not accepted.

Prerequisite Courses

- There are no pre-requisites for this minor other than the ones required to enroll in the courses required or chosen to complete the minor

Suggested Courses

- Students are encouraged to take at least one of the following programming courses unless they already have some basic training or programming:
  - COP 3223C - Introduction to Programming with C Credit Hours: 3
  - EGN 3211 - Engineering Analysis and Computation Credit Hours: 3

Required Courses (18 Credit Hours)

Select one:

- PHY 2048C - General Physics Using Calculus I Credit Hours: 4
- PHY 2053C - College Physics I Credit Hours: 4

Select one:

- PHY 2049C - General Physics Using Calculus II Credit Hours: 4
- PHY 2054C - College Physics II Credit Hours: 4

Select one:

- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
• CHS 1440 - Principles of Chemistry **Credit Hours: 4**

Select two:

• ISC 3471 - Nanoscience and Nanotechnology **Credit Hours: 3**
• ISC 3424 - Chemical and Life Science Nanotechnology **Credit Hours: 3**
• ISC 3417 - Computational Nanoscience **Credit Hours: 3**

Restricted Electives (3 Credit Hours)

• Select one course from the following list, if not already chosen as part of the required course options. Other electives should be taken with approval of the program director.
• BSC 3424 - Nanobiotechnology **Credit Hours: 3**
• CHM 3410 - Physical Chemistry I **Credit Hours: 4**
• CHM 4610 - Inorganic Chemistry **Credit Hours: 3**
• CHM 5450 - Polymer Chemistry **Credit Hours: 3**
• ISC 3471 - Nanoscience and Nanotechnology **Credit Hours: 3**
• ISC 3424 - Chemical and Life Science Nanotechnology **Credit Hours: 3**
• ISC 3417 - Computational Nanoscience **Credit Hours: 3**
• OSE 3490 - Nanophotonics **Credit Hours: 3**
• PHI 3626 - Advanced Ethics in Science and Technology **Credit Hours: 3**
• PHI 4690 - Ethics in Nanoscience and Nanotechnology **Credit Hours: 3**
• PHY 3101 - General Physics Using Calculus III **Credit Hours: 3**
• PHY 3802L - Intermediate Physics Laboratory **Credit Hours: 3**
• PHY 4604 - Wave Mechanics I **Credit Hours: 3**
• PHY 4605 - Wave Mechanics II **Credit Hours: 3**
• PHY 5933 - Selected topics in biophysics of macromolecules **Credit Hours: 3**
• PHZ 3151 - Computer Methods in Physics **Credit Hours: 3**
• PHZ 5425C - Electron Solid Interactions **Credit Hours: 3**

Additional courses can be taken as approved.

Foreign Language Requirements

• None

Total Undergraduate Credit Hours Required: **21**

Other Requirements

• Internship, Co-op, or Independent Study credit cannot be used toward the minor.

**Physics Minor**

**College of Sciences**
**Department of Physics**
**Physical Sciences Building (PSB), Room: 430**
[https://sciences.ucf.edu/physics](https://sciences.ucf.edu/physics)
**Email:** physics@ucf.edu

Dr. Elena Flitsiyan
Phone: 407-823-1156

**Admission Requirements**

• The minor is not open to physics majors.

**Minor Requirements**

• A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
• Grades below "C" (2.0) in lower level courses are not accepted.
• At least 9 hours used in the minor must be earned at UCF within the Department of Physics.

**Prerequisite Courses**

• Students must satisfy each course’s prerequisites before enrolling in the class.

**Required Courses (11 Credit Hours)**

• PHY 2048C - General Physics Using Calculus I **Credit Hours: 4**
- PHY 2049C - General Physics Using Calculus II
  Credit Hours: 4
- PHY 3101 - General Physics Using Calculus III
  Credit Hours: 3

Restricted Electives (9 Credit Hours)
- Select from upper-level physics lecture or laboratory courses appropriate for majors

Foreign Language Requirements
- None

Total Undergraduate Credit Hours
Required: 20

Other Requirements
- Internship, Co-op, or Independent Study credit cannot be used toward the minor.

School of Politics, Security, and International Affairs

Director: Kerstin Hamann
HPH 302; 407-823-2608
Email: politics@ucf.edu
http://sciences.ucf.edu/politicalscience/

Assistant Chair: Barbara Kinsey
Undergraduate Coordinator: Nathan Ilderton
PH 302; 407-823-2608

Please see the school website for a listing of the school's faculty and staff.

The School of Politics, Security, and International Affairs seeks to:

1. Provide students with a broad background for careers in foreign and domestic public service and in the private sector where knowledge of government and politics is necessary;
2. Provide students with a broad background in pre-law to facilitate their admission to law school;
3. Prepare students for teaching, research, and graduate study in Political Science;
4. Provide a broad background for careers in politics; and
5. Educate citizens and promote their active interest in public affairs.

Students should plan their major or minor in consultation with the school advisor according to their interests and career objectives. Political Science B.A. elective courses are divided into three areas of specialization: American Politics and Policy, International Relations and Comparative Politics, and Political Theory. International & Global Studies B.S. elective courses are divided into functional and regional courses. It is strongly recommended that majors planning to continue their education at the graduate level or to pursue a career in international fields acquire a working knowledge of a foreign language beyond that required for the B.A.

Major

International and Global Studies (B.A.)

College of Sciences
School of Politics, Security, and International Affairs
Howard Phillips Hall (HPH), Room: 302
https://sciences.ucf.edu/politicalscience
Email: politics@ucf.edu

Dr. Paul Vasquez
Phone: 407-823-2608

International and Global Studies (B.A.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
• Co-op or internship credit cannot be used in this major without prior school approval
• Students should consult with a school advisor
• School Residency Requirement consists of at least 21 semester hours of regularly scheduled courses taken from the UCF School of Politics, Security, and International Affairs
• All prerequisites of courses taught within the College of Sciences will be enforced.
• Most courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

Double major/dual degree policy in Political Science programs and minors:

• Students who double major/degree in any Political Science track and International and Global Studies shall not count more than two courses toward both programs, with the exception of:
  o POS 2041 - American National Government
  o POS 3703 - Scope and Methods of Political Science
• Students who major in International and Global Studies, and minor in Political Science, shall not count more than one course toward both programs, except for the following course.
  o POS 2041 - American National Government

General Education Program (GEP) (36 Credit Hours)

• At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

• ENC 1101 - Composition I Credit Hours: 3 (Required)
• ENC 1102 - Composition II Credit Hours: 3 (Preferred)

Cultural & Historical Foundations (9 Credit Hours)

• WOH 2012 - World Civilization I Credit Hours: 3 (Preferred)
• WOH 2022 - World Civilization II Credit Hours: 3 (Preferred)
• One course from the Cultural and Historical Foundation, Area 2 list Credit Hours: 3 (Required)

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)
Select one:

• MGF 1106 - Finite Mathematics Credit Hours: 3 (Preferred)
• MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Preferred)
• May substitute a higher level math with appropriate scores on the Math Placement Exam. Credit Hours: 3

Statistics: (3 Credit Hours)

• STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)
• May substitute a more advanced STA course.

Social Foundations (6 Credit Hours)

• POS 2041 - American National Government Credit Hours: 3 (Preferred)
• One course from the Social Foundation, Area 2 list Credit Hours: 3 (Required)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)
Core Requirements: Basic Level (3 Credit Hours)

- INR 2002 - International Relations-Theory and Practice Credit Hours: 3
- POS 2041 - American National Government Credit Hours: 3 (GEP)

Core Requirements: Advanced Level (15 Credit Hours)

- CPO 3103 - Comparative Politics Credit Hours: 3
- GEO 3471 - World Political Geography Credit Hours: 3
- INR 4008 - Global Perspectives Credit Hours: 3
- INR 4603 - International Relations Theory Credit Hours: 3
- POS 3703 - Scope and Methods of Political Science Credit Hours: 3
- POS 4961 - Exit Course Credit Hours: 0

Restricted Electives (18 Credit Hours)

- Note: Students must meet all prerequisites before taking these classes.
- Other courses may be substituted with school approval.

Regional (9 Credit Hours)

Select from the following listing:

- CPO 3034 - Politics of Developing Areas Credit Hours: 3
- CPO 3104 - Politics of Western Europe Credit Hours: 3
- CPO 3132 - Canadian Politics Credit Hours: 3
- CPO 3403 - Politics of the Middle East Credit Hours: 3
- CPO 3614 - Politics of Eastern Europe Credit Hours: 3
- CPO 4101 - Politics of the European Union Credit Hours: 3
- CPO 4123 - Government and Politics of Great Britain Credit Hours: 3
- CPO 4303 - Comparative Latin American Politics Credit Hours: 3
- CPO 4400 - Kurdish Politics: Identity, Violence, and Democracy Credit Hours: 3
- CPO 4514 - Politics of East Asia Credit Hours: 3
- CPO 4541 - Chinese Politics Credit Hours: 3
- CPO 4553 - Politics of Japan Credit Hours: 3
- CPO 4643 - Government and Politics of Russia Credit Hours: 3
- CPO 4710 - Women in Comparative Politics Credit Hours: 3
- INR 3250 - Politics of Pan-Africanism Credit Hours: 3
- INR 3253 - International Politics of Africa Credit Hours: 3
- INR 4224 - Contemporary International Politics of Asia Credit Hours: 3
- INR 4243 - International Politics of Latin America Credit Hours: 3
- INR 4274 - International Politics of the Middle East Credit Hours: 3

Functional (9 Credit Hours)

Select from the following listing:

- CPO 3057 - Contemporary Revolution and Political Violence Credit Hours: 3
- CPO 4062 - Comparative Judicial Process Credit Hours: 3
- CPO 4074 - Political Economy Credit Hours: 3
- CPO 4445 - Comparative Political Parties Credit Hours: 3
- CPO 4731 - Politics of Democratization Credit Hours: 3
- CPO 4754 - Comparative Political Institutions Credit Hours: 3
- CPO 4784 - Political and Economic Inequality in Comparative Perspective Credit Hours: 3
- CPO 4794 - Indigenous Politics and the Environment Credit Hours: 3
- INR 3016 - Global Political Issues Credit Hours: 3
- INR 4011 - Politics of Globalization Credit Hours: 3
- INR 4030 - Diplomacy Credit Hours: 3
- INR 4035 - International Political Economy Credit Hours: 3
- INR 4054 - Global Politics of Energy Credit Hours: 3
- INR 4060 - Causes of War Credit Hours: 3
- INR 4063 - The Cold War Credit Hours: 3
- INR 4074 - Immigration Policy Credit Hours: 3
- INR 4075 - Human Rights Policy Credit Hours: 3
- INR 4076 - Global Drug Policy Credit Hours: 3
- INR 4084 - Politics of International Terrorism Credit Hours: 3
- INR 4102 - American Foreign Policy Credit Hours: 3
- INR 4104 - Topics and Cases in American Foreign Policy Credit Hours: 3
- INR 4114 - American Security Policy Credit Hours: 3
- INR 4115 - Strategic Weapons and Arms Control Credit Hours: 3
- INR 4225 - The Vietnam War Credit Hours: 3
- INR 4304 - Issues in International Public Policy Credit Hours: 3
- INR 4335 - Coercion in International Politics Credit Hours: 3
- INR 4350 - Global Environmental Politics Credit Hours: 3
- INR 4351 - International Environmental Law Credit Hours: 3
- INR 4363 - Intelligence Analysis and Reporting Credit Hours: 3
- INR 4364 - The Intelligence Community Credit Hours: 3

- INR 4404 - Space Law Credit Hours: 3
- INR 4502 - International Organizations Credit Hours: 3
- INR 4714 - Politics of International Trade Policy Credit Hours: 3
- INR 4743 - Military Power and Effectiveness Credit Hours: 3
- INR 4744 - Militaries in World Politics Credit Hours: 3
- INR 4764 - Cyberwarfare Policy Credit Hours: 3
- INR 4765 - Emerging Space Powers Credit Hours: 3
- INR 4774 - Military Space Policy Credit Hours: 3
- INR 4941 - Internship Credit Hours: 3
- POS 3733 - Designing Political Science Research Credit Hours: 3
- PUP 4503 - Government and Science Credit Hours: 3
- PUP 4510 - Space Policy Credit Hours: 3

Capstone Requirements
- None

Electives
- Select primarily from upper level courses after meeting with a school advisor. Courses may be outside the school.
- Internship Program: For students who excel, a limited number of internships may be available each semester.
- Credit for Honors in the Major, Independent Study, and Internship may be counted toward the major in International and Global Studies, provided that no more than 3 hours of either area is covered by such credits.
- Students who qualify for Senior Scholars Program may enroll in graduate level courses to satisfy major requirements to take area courses.

Foreign Language Requirements

Admissions
- Met by graduation requirement

Graduation
- Proficiency equivalent to four semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

Additional Requirements
• None

Required Minors

• No more than one course may be used to fulfill both this major and the minor; students may not utilize the International and Global Studies minor to complete the degree requirements for the BA in International and Global Studies. The language and area studies minor requirement will be waived for students who double major in French, Latin American Studies, or Spanish.
• Note: The International Business Minor is only available to Business majors.
• Other minors may be substituted with the program coordinator's approval.
• Aerospace Studies Minor
• Africana Studies
• Anthropology in Multicultural Studies Minor
• Asian Studies Minor
• Diplomacy Minor
• Diversity and Social Inequality Minor
• Economics Minor
• European Studies Minor
• French Minor
• Global Peace and Security Studies Minor
• Human Communication Minor
• Humanities and Cultural Studies
• Intelligence and National Security Minor
• International Business Minor
• International Engineering
• Italian Minor
• Judaic Studies
• Latin American Studies Minor
• Middle Eastern Studies Minor
• Military Science Minor
• Religion and Cultural Studies
• Russian Studies Minor
• Spanish Minor
• Terrorism Studies Minor
• World Comparative Studies Minor

Program Exit Requirements

• Students must maintain a minimum cumulative GPA of 2.0 in all courses taken in the major. If additional major courses are taken beyond the minimum required (e.g. additional restricted electives), those courses will be included in the GPA calculation.
• Complete the POS 4941 Exit Course during the student's graduating semester.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

• Application and admissions through The Burnett Honors College. More information about Honors in the Major can be found at honors.ucf.edu/research
• Interested students who meet the requirements are encouraged to participate in the HIM program. Contact the school for information about the program and the HIM coordinator.

Related Programs

• Anthropology (B.A.)
• Economics (B.S.)
• History (B.A.)

Certificates

• Diplomacy Certificate
• Intelligence and National Security Certificate

Advising Notes

- Students should consult with a School advisor.
- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:

Equipment Fees

- Part-Time Student: $5 per term
- Full-Time Student: $10 per term

Plan of Study (120 Credit Hours)

- One of numerous possible plans of study. See program description for all requirements.
- Consult a school advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt
- Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/

Political Science (B.A.)

College of Sciences
School of Politics, Security, and International Affairs
Howard Phillips Hall (HPH), Room: 302
https://sciences.ucf.edu/politicalscience
Email: politics@ucf.edu

Dr. Kerstin Hamann
Phone: 407-823-2608

Political Science (B.A.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Co-op or internship credit cannot be used in this major without prior school approval
- Students should consult with a school advisor
- The School Residency Requirement consists of at least 21 semester hours of regularly scheduled courses taken from the UCF School of Politics, Security, and International Affairs
- All prerequisites of courses taught within the College of Sciences will be enforced.
Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

Double major/dual degree policy in Political Science programs and minors

1. Students who double major/degree in any Political Science track and International and Global Studies shall not count more than two courses toward both programs, except the following:
   - POS 2041 - American National Government Credit Hours: 3
   - POS 3703 - Scope and Methods of Political Science Credit Hours: 3

2. Students who major in International and Global Studies, and minor in Political Science, shall not count more than one course toward both programs, except the following;
   - POS 2041 - American National Government Credit Hours: 3

3. Students who major in any Political Science track, and minor in International and Global Studies, shall not count more than one course toward both programs.

4. Students who double minor in Political Science and International and Global Studies shall not count more than one course toward both programs.

5. The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.

General Education Program (GEP) (36 Credit Hours)

- At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)

Cultural & Historical Foundations (9 Credit Hours)

For Track 1 (American Politics) students

- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Preferred)

For Track 2 (Int'l & Comp) students:

- EUH 2001 - Western Civilization II Credit Hours: 3 (Preferred)
- WOH 2022 - World Civilization II Credit Hours: 3 (Preferred)
- Select two courses from Cultural & Historical Foundations, Area 2 Credit Hours: 6

Mathematical Foundations (6 Credit Hours)

Math (3 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Preferred)
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Preferred)
- You may substitute a higher level math with appropriate scores on the Math Placement Test, see: https://www.sdes.ucf.edu/placement-tests/.

Statistics (3 Credit Hours)

- STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)
- May substitute a higher level Statistics course. Credit Hours: 3

Social Foundations (6 Credit Hours)

- POS 2041 - American National Government Credit Hours: 3 (Required)
Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (3 Credit Hours)
See Acceptable Substitutes for Transfer Courses for possible substitutes for the courses listed below.

- POS 2041 - American National Government
  Credit Hours: 3 (GEP)
- POS 3703 - Scope and Methods of Political Science
  Credit Hours: 3

Core Requirements: Basic Level

Courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

- POS 2041 - American National Government
  Credit Hours: 3 (GEP/CPP)

Core Requirements: Advanced Level (18 Credit Hours)

Courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

- POS 3703 - Scope and Methods of Political Science
  Credit Hours: 3 (CPP)
- Two courses from Area A Credit Hours: 6
- Two courses from Area B Credit Hours: 6
- Two courses from Area C Credit Hours: 6
- POS 4961 - Exit Course
  Credit Hours: 0

Restricted Electives (12 Credit Hours)

- Choose one of the following tracks.

Track 1: American Politics and Policy

- Two courses from Area A Credit Hours: 6
- Two courses from any Area Credit Hours: 6

Track 2: International Relations-Comparative Politics

- Two courses from Area B Credit Hours: 6
- Two courses from any Area Credit Hours: 6

Track 3: Prelaw

- Please see Political Science - Prelaw Track

or other courses may be substituted with school approval.

Capstone Requirements
Electives

- Select primarily from upper level courses after meeting with a school advisor. Courses may be outside the school.
- Internship Program: For students who excel, a limited number of internships may be available each semester for three to six hours of credit. Under the Internship Director, the student is typically placed in an office of local, state, or national government, a law office, or a campaign headquarters.
- No more than 9 credits of a combination of Honors in the Major, Independent Study, and Internship may be counted toward the major in Political Science, provided that no more than 50% of an Area be covered by such credits.
- Students who qualify for Senior Scholars Program may enroll in graduate-level courses to satisfy major requirements to take Area courses.

Foreign Language Requirements

Admissions

- Met by graduation requirement

Graduation

- Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

Additional Requirements

- None

Required Minors

- None

Program Exit Requirements

- Students must maintain a minimum cumulative GPA of 2.0 in all courses taken in the major. If additional major courses are taken beyond the minimum required (e.g. additional restricted electives), those courses will be included in the GPA calculation.
- Complete the POS 4961 Exit Course during the student's graduating semester.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Application and admissions through The Burnett Honors College. More information about Honors in the Major can be found at honors.ucf.edu/research.
- Interested students who meet the requirements are encouraged to participate in the HIM program. Contact the school for information about the program and the HIM coordinator.

Related Programs

- Economics (B.S.)
• History (B.A.)

Certificates

• Diplomacy Certificate
• Intelligence and National Security Certificate
• Civics Teaching Certificate

Related Minors

• Economics Minor
• History Minor
• Psychology Minor
• Sociology Minor
• Philosophy Minor

Advising Notes

• Students should consult with a School advisor.
• Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

• Lower division courses do not substitute for upper division courses.
• Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
• Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

• The following substitutions for common program prerequisites are acceptable if taken prior to transferring to UCF:
  o POS 2041: any three hours of introductory Political Science classes will satisfy the CPP. However since this course is required in the core of the major and is a prerequisite to subsequent courses, it still must be taken.
  o POS 3703: any three hours of introductory Political Science classes will satisfy the CPP. However since this course is required in the core of the major, it still must be taken.

Program Academic Learning Compacts

• Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
  http://www.oelas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

• Part-Time Student: $5 per term
• Full-Time Student: $10 per term

Plan of Study

• This is one of numerous possible plans of study. See program description for all requirements.
• Consult a school advisor for alternate, new or more appropriate selections.
• Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
• Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
  You may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Political Science, Prelaw Track (B.A.)

College of Sciences
School of Politics, Security, and International Affairs
While no specific major is prescribed for admission to law school, many prelaw students elect to major in political science. These individuals usually choose the prelaw emphasis within the political science major. Prelaw students are encouraged to work closely with a prelaw advisor in planning their program. By judicious use of electives, students build a firm foundation for law school entry and acquire a broad training which can result in career options upon graduation. For further information, consult one of the School's prelaw advisors or the College of Sciences Prelaw Advisor. The following curriculum meets the requirements for a Political Science degree and prepares you for professional school.

Political Science (B.A.), Prelaw Track may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

## Admission Requirements

- None

## Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in this major without prior school approval.
- Students should consult with a school advisor.

POT 4345 - Pan-Africanist Thought Credit Hours: 3
POT 4632 - Religion and Politics Credit Hours: 3

Capstone Requirements

None

Electives

Select primarily from upper level courses after meeting with a school advisor. Courses may be outside the school.

Internship Program: For students who excel, a limited number of internships may be available each semester for three to six hours of credit. Under the Internship Director, the student is typically placed in an office of local, state, or national government, a law office, or campaign headquarters.

Students who qualify for Senior Scholars Program may enroll in graduate level courses to satisfy major requirements to take Area courses.

The following courses are not required, but serious students should consider taking these as free electives:

- ACG 2021 - Principles of Financial Accounting Credit Hours: 3
- ACG 2071 - Principles of Managerial Accounting Credit Hours: 3
- BUL 3130 - Legal and Ethical Environment of Business Credit Hours: 3
- ENC 3241 - Writing for the Technical Professional Credit Hours: 3
- ENC 3250 - Professional Writing Credit Hours: 3
- LIN 4105 - History of the English Language Credit Hours: 3
- MHF 3302 - Logic and Proof in Mathematics Credit Hours: 3
- PHI 2101 - Formal Logic I Credit Hours: 3
- PLA 3108 - Legal Research Credit Hours: 3
- PLA 3155 - Legal Writing Credit Hours: 3
- POS 4941 - Political Science Internship Credit Hours: 3-9

Foreign Language Requirements

Admissions

- Met by graduation requirement

Graduation

- Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

Additional Requirements

None

Required Minors
Program Exit Requirements

- Students must maintain a minimum cumulative GPA of 2.0 in all courses taken in the major. If additional major courses are taken beyond the minimum required (e.g. additional restricted electives), those courses will be included in the GPA calculation.
- Complete the POS 4961 Exit Course during the student's graduating semester.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Application and admission through The Burnett Honors College. More information about Honors in the Major can be found at honors.ucf.edu/research.
- Interested students who meet the requirements are encouraged to participate in the HIM program. Contact the school for information about the program and the HIM coordinator.

Related Programs

- Economics (B.S.)

Advising Notes

- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- The following substitutions for common program prerequisites are acceptable if taken prior to transferring to UCF:
  - POS 2041: any three hours of introductory Political Science classes will satisfy the CPP. However since this course is required in the core of the major and is a prerequisite to subsequent courses, it still must be taken.
  - POS 3703: any three hours of introductory Political Science classes will satisfy the CPP. However since this course is required in the core of the major, it still must be taken.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements.
- Consult a school advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/
- You may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Freshman Year - Fall (13 Credit Hours)

- POS 2041 - American National Government Credit Hours: 3
- ENC 1101 - Composition I Credit Hours: 3

- POT 4314 - Contemporary Democratic Theory Credit Hours: 3
- POT 4632 - Religion and Politics Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- Internship, independent study, and substitute courses/new courses are allowed at the minor advisor's discretion limited to a maximum of 3 credit hours.

European Studies Minor

College of Sciences
School of Polities, Security, and International Affairs
The European Studies Minor is an interdisciplinary minor that offers students a general background of the politics, history, literature, art, and culture of Europe with an emphasis on the post-World War II period. Courses are to be selected in consultation with a School advisor.

Minor Admission Requirements

- None

Minor Requirements

- A grade of "C" (2.0) or better is required for all courses counting towards the minor.
- A maximum of 6 hours of Study Abroad credit in equivalent courses can be used, with no more than 3 credits in one area.
- At least 18 hours used in the minor must be taken at UCF.
- At least 15 credits used in the minor must be upper division.
- No more than 6 credit hours (separate from the foreign language requirement) may be used toward the European Studies Minor and also used toward any other major or minor. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.)

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (6 Credit Hours)

- CPO 4101 - Politics of the European Union Credit Hours: 3
- LIT 3082 - Continental European Fiction Since 1900 Credit Hours: 3

Restricted Electives (15 Credit Hours)

- Course substitutions are subject to prior approval by an minor advisor.

Literature, Film, and Culture:

Select from the following courses: (3 Credit Hours)

- Note: Courses offered by the Modern Languages Department might be offered in a language other than English.
- ENL 2022 - English Literature II Credit Hours: 3
- ENL 4101 - English Novel Credit Hours: 3
- ENL 4240 - English Romantic Writers Credit Hours: 3

Intelligence and National Security Minor

College of Sciences
School of Politics, Security, and International Affairs
Howard Phillips Hall (HPH), Room: 302
https://sciences.ucf.edu/politicalscience
Email: Politics@ucf.edu

Dr. Mark Schafer
Phone: 407-823-3328

This minor introduces students to the fundamentals of intelligence and national security, and it allows for students to specialize in one or more different areas that are appropriate for a career in these fields. This minor will be helpful for students majoring in any field who are interested in careers in intelligence and national security.
and particularly for students in Political Science, International and Global Studies, and Criminal Justice.

The minor in Intelligence and National Security consists of 18 credit hours at the undergraduate level, including two required core courses and four electives.

**Admission Requirements**

- None

**Minor Requirements**

- A grade of "C" (2.0) or better for all classes is required in courses counting towards the minor.
- At least 15 hours used in the minor must be taken at UCF.
- Internships, independent study and substitute courses/new courses are allowed at the director's discretion (for a maximum of 3 credit hours).
- No more than 3 credit hours may overlap with any other major or minor. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.)

**Prerequisite Courses**

- Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (6 Credit Hours)**

- INR 2002 - International Relations-Theory and Practice **Credit Hours:** 3
- INR 4364 - The Intelligence Community **Credit Hours:** 3

**Restricted Electives (12 Credit Hours)**

Select four courses from the following list:

- CCJ 4076 - Crime Intelligence and Investigative Support Analysis **Credit Hours:** 3
- CCJ 4641 - Organized Crime **Credit Hours:** 3
- CCJ 4644 - White Collar Crime **Credit Hours:** 3
- CCJ 4651 - Drugs and Crime **Credit Hours:** 3
- CJT 3803 - Security Management **Credit Hours:** 3
- CJT 3821 - Practical Security Applications **Credit Hours:** 3
- COM 4416 - Terrorism and Communication **Credit Hours:** 3
- CPO 3034 - Politics of Developing Areas **Credit Hours:** 3
- CPO 3057 - Contemporary Revolution and Political Violence **Credit Hours:** 3
- CPO 3403 - Politics of the Middle East **Credit Hours:** 3
- CPO 3614 - Politics of Eastern Europe **Credit Hours:** 3
- CPO 4303 - Comparative Latin American Politics **Credit Hours:** 3
- CPO 4514 - Politics of East Asia **Credit Hours:** 3
- CPO 4541 - Chinese Politics **Credit Hours:** 3
- CPO 4643 - Government and Politics of Russia **Credit Hours:** 3
- DSC 4012 - Terrorism **Credit Hours:** 3
- DSC 4013 - Homeland Security and Criminal Justice **Credit Hours:** 3
- INR 3250 - Politics of Pan-Africanism **Credit Hours:** 3
- INR 3253 - International Politics of Africa **Credit Hours:** 3
- INR 4060 - Causes of War **Credit Hours:** 3
- INR 4076 - Global Drug Policy **Credit Hours:** 3
- INR 4084 - Politics of International Terrorism **Credit Hours:** 3
- INR 4104 - Topics and Cases in American Foreign Policy **Credit Hours:** 3
- INR 4114 - American Security Policy **Credit Hours:** 3
- INR 4115 - Strategic Weapons and Arms Control **Credit Hours:** 3
- INR 4243 - International Politics of Latin America **Credit Hours:** 3
- INR 4224 - Contemporary International Politics of Asia **Credit Hours:** 3
- INR 4274 - International Politics of the Middle East **Credit Hours:** 3
- INR 4335 - Coercion in International Politics **Credit Hours:** 3
- INR 4363 - Intelligence Analysis and Reporting **Credit Hours:** 3
- INR 4743 - Military Power and Effectiveness  
  Credit Hours: 3
- INR 4774 - Military Space Policy  
  Credit Hours: 3
- INR 4764 - Cyberwarfare Policy  
  Credit Hours: 3
- POS 4206 - Political Psychology  
  Credit Hours: 3
- SYP 3511 - Sociology of Murder  
  Credit Hours: 3
- SYP 3520 - Criminology  
  Credit Hours: 3
- SYP 4521 - Crime Victims in Society  
  Credit Hours: 3
- SYP 4550 - Drug Use in Society  
  Credit Hours: 3

Other courses may be substituted with approval by the program advisor.

Foreign Language Requirements
- None

Total Undergraduate Credit Hours Required: 18

Other Requirements
- None

International and Global Studies Minor

College of Sciences  
School of Politics, Security, and International Affairs  
Howard Phillips Hall (HPH), Room: 302  
https://sciences.ucf.edu/politicalscience  
Email: politics@ucf.edu

Dr. Paul Vasquez  
Phone: 407-823-2608

Students taking the International and Global Studies Minor will examine the interactions between nations and the political processes within nations using a variety of perspectives. International aspects focus on how countries interact with one another, and how the social and cultural systems within them affect these interactions. Global studies looks at intra-national factors, such as how a state's internal characteristics impact that state's political processes. Immigration, technological advancements and internationalization of foreign policy make global studies a complementary approach to international studies.

Admission Requirements
- None

Minor Requirements
- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) in lower level courses are not accepted in the minor.
- At least nine hours used in the minor must be earned at UCF within the School.
- Double major/dual degree policy in Political Science programs and minors:
  1. Students who major in any Political Science track, and minor in International and Global Studies, shall not count more than one course toward both programs.
  2. Students who double minor in Political Science and International and Global Studies shall not count more than one course toward both programs. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.)

Prerequisite Courses
- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (6 Credit Hours)
- GEO 3471 - World Political Geography  
  Credit Hours: 3
- INR 4008 - Global Perspectives  
  Credit Hours: 3

Restricted Electives (15 Credit Hours)
Substitutions require prior approval by the program advisor.

Political Science:

Select courses from this grouping: (6 Credit Hours)

- INR 3016 - Global Political Issues Credit Hours: 3 or
- INR 3250 - Politics of Pan-Africanism Credit Hours: 3 or
- INR 3253 - International Politics of Africa Credit Hours: 3 or
- INR 4011 - Politics of Globalization Credit Hours: 3 or
- INR 4030 - Diplomacy Credit Hours: 3 or
- INR 4035 - International Political Economy Credit Hours: 3 or
- INR 4054 - Global Politics of Energy Credit Hours: 3 or
- INR 4060 - Causes of War Credit Hours: 3 or
- INR 4063 - The Cold War Credit Hours: 3 or
- INR 4074 - Immigration Policy Credit Hours: 3 or
- INR 4075 - Human Rights Policy Credit Hours: 3 or
- INR 4076 - Global Drug Policy Credit Hours: 3 or

- INR 4765 - Emerging Space Powers Credit Hours: 3 or
- INR 4774 - Military Space Policy Credit Hours: 3

Area Studies: (6 Credit Hours)

- Two upper division courses from one of the following area studies programs: Asian Studies, European Studies, Latin American, Caribbean and Latino Studies, Middle Eastern Studies, Russian Studies
- Courses may not have a prefix of INR, CPO, POT, POS or PUP.

Other:

Select one course from this grouping: (3 Credit Hours)

- CPO 3034 - Politics of Developing Areas Credit Hours: 3 or
• CPO 3057 - Contemporary Revolution and Political Violence Credit Hours: 3 or
• CPO 3103 - Comparative Politics Credit Hours: 3 or
• CPO 3104 - Politics of Western Europe Credit Hours: 3 or
• CPO 3132 - Canadian Politics Credit Hours: 3 or
• CPO 3403 - Politics of the Middle East Credit Hours: 3 or
• CPO 3614 - Politics of Eastern Europe Credit Hours: 3 or
• CPO 4062 - Comparative Judicial Process Credit Hours: 3 or
• CPO 4074 - Political Economy Credit Hours: 3 or
• CPO 4101 - Politics of the European Union Credit Hours: 3 or
• CPO 4123 - Government and Politics of Great Britain Credit Hours: 3 or
• CPO 4303 - Comparative Latin American Politics Credit Hours: 3 or
• CPO 4400 - Kurdish Politics: Identity, Violence, and Democracy Credit Hours: 3 or
• CPO 4445 - Comparative Political Parties Credit Hours: 3 or
• CPO 4514 - Politics of East Asia Credit Hours: 3 or
• CPO 4541 - Chinese Politics Credit Hours: 3 or
• CPO 4553 - Politics of Japan Credit Hours: 3 or
• CPO 4643 - Government and Politics of Russia Credit Hours: 3 or
• CPO 4710 - Women in Comparative Politics Credit Hours: 3 or
• CPO 4731 - Politics of Democratization Credit Hours: 3 or
• CPO 4754 - Comparative Political Institutions Credit Hours: 3 or
• CPO 4784 - Political and Economic Inequality in Comparative Perspective Credit Hours: 3

Foreign Language Requirements

• Proficiency equivalent to four semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

Total Undergraduate Credit Hours Required: 21

Other Requirements

• Internship, Co-op, or Independent Study credit cannot be used toward the minor without prior School approval.

Political Science Minor

College of Sciences
School of Politics, Security, and International Affairs
Howard Phillips Hall (HPH), Room: 302
https://sciences.ucf.edu/politicalscience
Email: politics@ucf.edu

Dr. Roger Handberg
Phone: 407-823-2608

Admission Requirements

• None

Minor Requirements

• A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
• Grades below "C" (2.0) in lower level courses are not accepted.
• At least 12 hours used in the minor must be earned at UCF within the School of Politics, Security, and International Affairs.
• Double major/dual degree policy in Political Science programs and minors. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.):
  1. Students who double minor in Political Science and International and Global Studies shall not count more than one course toward both programs.
  2. Students who major in International and Global Studies, and minor in Political Science, shall not count more than one course toward both programs,
Prerequisite Courses

- Most courses for this minor will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Required Courses (3 Credit Hours)

- POS 2041 - American National Government
  Credit Hours: 3

Restricted Electives (15 Credit Hours)

Five upper division political science courses (courses with prefixes CPO, INR, POS, POT, and PUP; and GEO 3471, which is also a Political Science course). See the Political Science Major description for a list of courses that may be offered by the School.

Only three hours of credit for internships, independent study, or directed reading may be used.

- POS 4941 - Political Science Internship Credit Hours: 3-9

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- Co-op, or Independent Study credit cannot be used toward the minor without prior school permission.

Political Science, Prelaw Minor

Admission Requirements

- None

Minor Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) in lower level courses are not accepted.
- At least 12 hours used in the minor must be earned at UCF within the School of Politics, Security, and International Affairs.
- Double major/dual degree policy in Political Science programs and minors (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.):
  - Students who double minor in Political Science/Prelaw and International and Global Studies shall not count more than one course toward both programs.
  - Students who major in International and Global Studies, and minor in Political Science/Prelaw shall not count more than one course toward both programs, except the following: POS 2041 - American National Government Credit Hours: 3

Prerequisite Courses

- Most courses for this minor will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a
student can enroll into courses with consent of instructor.

Required Courses (6 Credit Hours)

- POS 2041 - American National Government  
  Credit Hours: 3
- POS 4284 - Judicial Process and Politics  
  Credit Hours: 3

Restricted Electives (12 Credit Hours)

Select One: (3 Credit Hours)

- INR 4401 - International Law  
  Credit Hours: 3
- POS 4603 - American Constitutional Law I  
  Credit Hours: 3
- POS 4604 - American Constitutional Law II  
  Credit Hours: 3

Restricted Upper Division Electives (9 Credit Hours)

Three upper division political science courses (courses with prefixes CPO, INR, POS, POT, and PUP; and GEO 3471, which is also a Political Science course.

See the Political Science Major description for a list of courses that may be offered by the school).

Only three hours of credit for internships, independent study, or directed reading may be counted:

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- Co-op, or Independent Study credit cannot be used toward the minor without prior school permission.

Terrorism Studies Minor

College of Sciences  
School of Politics, Security, and International Affairs  
Howard Phillips Hall (HPH), Room: 302  
https://sciences.ucf.edu/politicalscience  
Email: politics@ucf.edu  
Dr. Paul Vasquez  
Phone: 407-823-2608

Awareness of and knowledge about terrorism and counter-terrorism are increasingly essential in a variety of public and private sector organizations. Students in this minor will gain knowledge in competing ideologies that give rise to terrorism, coercive techniques in international affairs, global security management, and key aspects of American security policy. In addition to a core understanding of terrorism, the focus on a specific area of geographic or strategic interest will meet the market needs for individuals with substantive area knowledge. This minor program is available to students from varied disciplines to enhance their capability to address the threat of terrorism and understand how it might impact their own field.

Admission Requirements

- None

Minor Requirements

- A grade of "C" (2.0) or better is required in all courses counting towards the minor.
- At least 15 hours used in the minor must be taken at UCF.
- Internships, independent study and substitute courses/new courses are allowed at the director's discretion (for a maximum of 3 credit hours).
- No more than 3 credit hours may overlap with any other major or minor. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.)

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.
Required Courses (6 Credit Hours)

- DSC 4012 - Terrorism Credit Hours: 3
- INR 4084 - Politics of International Terrorism Credit Hours: 3

Restricted Electives (12 Credit Hours)

Government and Social Responses to Terrorism (6 Credit Hours)

- Course substitutions are possible with prior approval by the program advisor
  Select two:
  - CCJ 4076 - Crime Intelligence and Investigative Support Analysis Credit Hours: 3 or
  - CCJ 4195 - Interviews & Interrogations in CJ Credit Hours: 3 or
  - CCJ 4644 - White Collar Crime Credit Hours: 3 or
  - CJE 4694 - Cybercrime and the Criminal Justice System Credit Hours: 3 or
  - COM 4416 - Terrorism and Communication Credit Hours: 3 or
  - DSC 4013 - Homeland Security and Criminal Justice Credit Hours: 3 or

Certificate

Civics Teaching Certificate
This Civics Teaching Certificate program will provide specialized knowledge in civics teaching in Florida focusing on content, pedagogy, assessment and civics-focused experiential learning which will enhance social studies education, political science, social science and interdisciplinary studies majors. Students pursuing social science teaching certification, including alternative certification, will develop specialized skills to teach civics and government geared toward Florida K-12 instructional requirements. The program is open to all majors.

**Admission Requirements**

- 3.0 overall GPA
- Social Science Education B.S. major (pending or admitted)
- Completion of POS 2041 with a grade of "C" (2.0) or better
- Admission by application which will include a letter of intent and a current transcript
- Junior or senior standing

**Certificate Requirements**

- A minimum overall 3.0 GPA is required in all courses used to satisfy requirements.
- All 12 credit hours used towards the certificate must be earned at UCF.

**Required Courses (12 Credit Hours)**

- Students must satisfy the prerequisites, if any, for each course before enrolling in the class.
- POS 3272 - Civic Engagement **Credit Hours: 3**
- POS 4700 - Teaching American Politics and Government **Credit Hours: 3**
- POS 4941 - Political Science Internship **Credit Hours: 3-9**
- SSE 4323 - Teaching Civics in Florida **Credit Hours: 3**

Department of Psychology

Chair: Florian Jentsch
PSY 301L; 407-823-2216
Email: psychinfo@ucf.edu
http://sciences.ucf.edu/psychology/

Associate Chair: Bernard Jensen
Assistant Chair and Director of Undergraduate Programs: Alisha Janowsky
Director of Undergraduate Advising: Karen Cox

Please see the department website for a listing of the department's faculty and staff.

The undergraduate program of the Department of Psychology reflects the scientific nature of the field and has three primary goals. They are:

1. To provide students graduating with a B.S. in psychology with knowledge of the basic theories and research in psychology to intelligently evaluate psychological information that they are encountered within the real world.
2. To provide critical thinking, writing skills, and knowledge of research and statistical concepts so graduates can apply these concepts to their work, community, and lives.
3. To prepare our graduating students with the skills necessary for success in a career or graduate programs in psychology or related fields.

The Bachelor of Science degree in psychology leads to a broad foundation of knowledge in the discipline of psychology. The tracks of the degree offer students opportunities to concentrate their studies not only in general psychology, but also in a number of areas of including: clinical psychology, cognitive neuroscience, experimental psychology, human factors psychology, and industrial/organizational psychology. By completing this major, students will understand basic psychology terminology and concepts used in statistical and research methods, physiological psychology, and history and systems; and students will understand what constitutes scholarly sources and be able to access them. All psychology majors are encouraged to participate in extracurricular activities such as research, volunteer, and internships, as well as our various student organizations affiliated with the major.

Major

Psychology (B.S.)
Psychology (B.S.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

**Admission Requirements**

- None

**Degree Requirements**

- Students who change degree programs and select this major must adopt the most current catalog
- Departmental Residency Requirement: at least 21 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Psychology Department
- Students must earn a grade of "C" (2.0) or better in each course used to satisfy the CPP, Core Requirements, Restricted Electives and Science Electives.
- Students must maintain a minimum cumulative GPA of 2.0 in all courses satisfying major requirements. If additional Psychology courses are taken beyond the minimum required (e.g. additional restricted electives), those courses will be included in the GPA calculation.
- Students can select only one Track.
- Co-op or internship credit cannot be used in this major without prior approval
- Additional requirements exist for students pursuing the Honors in the Major program.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

**General Education Program (GEP) (36 Credit Hours)**

- Note: Certain courses may be selected in the GEP for this major bringing the total GEP hours to more than 36.
- At least one course completed in each Foundation area must be a designated State General Education Core Course.

**Cultural & Historical Foundations (9 Credit Hours)**

**Mathematical Foundations (6 Credit Hours)**

**Math: (3 Credit Hours)**

You may substitute a higher level math with appropriate scores on the Math Placement Test, see: https://www.sdes.ucf.edu/placement-tests/.

- MAC 1105C - College Algebra **Credit Hours: 3** (Preferred)

**Statistics: (3 Credit Hours)**

Select one:

- STA 2014C - Principles of Statistics **Credit Hours: 3** (Required)
- STA 2023 - Statistical Methods I **Credit Hours: 3** (Required)

**Social Foundations (6 Credit Hours)**

**Social Sciences: (3 Credit Hours)**

- PSY 2012 - General Psychology **Credit Hours: 3** (Required)

**Political Science/Economics (3 Credit Hours)**

- Select one of the listed choices from Social Foundations **Credit Hours: 3**

**Science Foundations (6 Credit Hours)**

**Biology (3 Credit Hours)**
Select one of the following. If additional biology courses are planned, select BSC 2010C.

- BSC 1005 - Biological Principles Credit Hours: 3 (Required)
- BSC 2010C - Biology I Credit Hours: 4 (Required)

Physical or Chemical: (3 Credit Hours)

- Select one of the listed choices from Science Foundations Credit Hours: 3

Common Program Prerequisites (CPP) (3 Credit Hours)

- See "Acceptable Substitutes for Transfer Courses" for possible substitutes for the courses listed below.

Psychology:

- DEP 2004 - Developmental Psychology Credit Hours: 3
- PSY 2012 - General Psychology Credit Hours: 3 (GEP)

Biology:

If additional biology courses are planned, select BSC 2010C.

- BSC 1005 - Biological Principles Credit Hours: 3 (GEP)
- BSC 2010C - Biology I Credit Hours: 4 (GEP)

Statistics:

- STA 2014C - Principles of Statistics Credit Hours: 3 (GEP)
- STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)

Core Requirements: Advanced Level (29 Credit Hours)

- DEP 2004 - Developmental Psychology Credit Hours: 3
- EXP 3604 - Cognitive Psychology Credit Hours: 3
- PSB 3002 - Physiological Psychology Credit Hours: 3
- PSY 3024 - Psychology: Career Readiness I Credit Hours: 2
- PSY 3074 - Psychology: Career Readiness II Credit Hours: 2
- PSY 3204C - Statistical Methods in Psychology Credit Hours: 4
- PSY 3213C - Research Methods in Psychology Credit Hours: 4
- PSY 4049 - Psychology Capstone Credit Hours: 2
- PSY 4604 - History and Systems of Psychology Credit Hours: 3
- SOP 3004 - Social Psychology Credit Hours: 3

Restricted Electives
Diversity Restricted Electives: (3 Credit Hours)

Select one course from the following:

- SOP 3723 - Cross Cultural Psychology Credit Hours: 3
- SOP 3724 - Psychology of Prejudice Credit Hours: 3
- SOP 3742 - Psychology of Women Credit Hours: 3
- SOP 3784 - Psychology of Diversity Credit Hours: 3

or additional restricted electives may be added as approved.

Psychology Tracks 15-16 hrs

- Choose one of the following tracks.

Track 1: Clinical Psychology (15 to 16 Credit Hours)

- A grade of "C" (2.0) or better is required in each course used to complete this track.

Required:

- CLP 3143 - Abnormal Psychology Credit Hours: 3

Select 4 of the following courses (12 to 13 Credit Hours):

- APK 3400 - Sports Psychology Credit Hours: 3
- CLP 3004 - Behavioral Self Control Credit Hours: 3
- CLP 3184 - Women's Mental Health Credit Hours: 3
- CLP 3302 - Clinical Psychology Credit Hours: 3
- CLP 3413 - Contemporary Behavior Therapy Credit Hours: 3
- CLP 4134 - Childhood Psychopathology Credit Hours: 3
- CLP 4314 - Health Psychology Credit Hours: 3
- CLP 4390 - Forensic Psychology Credit Hours: 3
- DEP 3202 - Psychology of Exceptional Children Credit Hours: 3
- DEP 3464 - Psychology of Aging Credit Hours: 3
- EAB 3703 - Principles of Behavior Modification Credit Hours: 3
- EAB 3706 - Behavior Modification - Part II Credit Hours: 3
- PCO 4203 - Interviewing and Counseling Credit Hours: 3
- PSB 3441 - Psychobiological Aspects of Drugs Credit Hours: 3
- PSY 3302 - Psychological Measurement Credit Hours: 3
- PSY 4215C - Advanced Research Methods in Psychology Credit Hours: 4
- SOP 2772 - Sexual Behavior Credit Hours: 3
- SOP 3751 - Legal Aspects of Psychology Credit Hours: 3

or additional courses may be added as approved.

Track 2: Experimental (15 to 16 Credit Hours):

- A grade of "C" (2.0) or better is required in each course used to complete this track.

Select 5 of the following courses (15 to 16 Credit Hours):

- EXP 3204 - Sensation and Perception Credit Hours: 3
- EXP 3304 - Motivation and Emotion Credit Hours: 3
- EXP 3404 - Basic Learning Processes Credit Hours: 3
- EXP 3640 - Psychology of Language Credit Hours: 3
- EXP 4507 - Advanced Human Memory and Cognition Credit Hours: 3
- PSY 3302 - Psychological Measurement Credit Hours: 3
- PSY 3320C - Survey Methods in Psychology Credit Hours: 3
• PSY 3625 - Science and Pseudoscience in Psychology Credit Hours: 3
• PSY 4215C - Advanced Research Methods in Psychology Credit Hours: 4
or additional courses may be added as approved.

Track 3: General (15 to 16 Credit Hours)
Select any 5 courses from those taught by the Psychology department (15 to 16 Credit Hours)

• A grade of "C" (2.0) or better is required in each course used to complete this track.

NOTE: The following courses will NOT fulfill the General Track.

• INP 3141C - Advanced Applied Psychology Credit Hours: 1-3
• INP 3951 - Industrial/Organizational Field Work Credit Hours: 3
• PSY 3905 - Directed Independent Study Credit Hours:
• PSY 4912 - Directed Independent Research Credit Hours:
or additional courses may be added as approved.

Track 4: Human Factors Psychology (15 to 16 Credit Hours)

• A grade of "C" (2.0) or better is required in each course used to complete this track.

Required:

• EXP 3250 - Principles of Human Factors Psychology Credit Hours: 3

Select 4 of the following courses (12 to 13 Credit Hours):

• EXP 3204 - Sensation and Perception Credit Hours: 3
• EXP 3304 - Motivation and Emotion Credit Hours: 3
• EXP 4507 - Advanced Human Memory and Cognition Credit Hours: 3
• PPE 3003 - Personality Theory and Research Credit Hours: 3
• PSB 4240 - Neuropsychology Credit Hours: 3
• PSY 3320C - Survey Methods in Psychology Credit Hours: 3
• PSY 4215C - Advanced Research Methods in Psychology Credit Hours: 4
or additional courses may be added as approved.

Track 5: Industrial/Organizational Psychology (15 to 16 Credit Hours)

• A grade of "C" (2.0) or better is required in each course used to complete this track.

Required:

• INP 3004 - Industrial/Organizational Psychology Credit Hours: 3

Select 4 of the following courses (12 to 13 Credit Hours):

• CLP 4314 - Health Psychology Credit Hours: 3
• EXP 3304 - Motivation and Emotion Credit Hours: 3
• EXP 3404 - Basic Learning Processes Credit Hours: 3
• INP 3141C - Advanced Applied Psychology Credit Hours: 1-3
• INP 3951 - Industrial/Organizational Field Work Credit Hours: 3
• INP 4313 - Organizational Psychology Credit Hours: 3
• INP 4380 - Psychology of Teamwork Credit Hours: 3
• PPE 3003 - Personality Theory and Research Credit Hours: 3
• PSY 3302 - Psychological Measurement Credit Hours: 3
• PSY 4215C - Advanced Research Methods in Psychology Credit Hours: 4
or additional courses may be added as approved.

Track 6: Neuroscience (15 to 16 Credit Hours)

• A grade of "C" (2.0) or better is required in each course used to complete this track.

Required:
- PSB 4240 - Neuropsychology Credit Hours: 3

Select 4 of the following courses (12 to 13 Credit Hours):

- EXP 3204 - Sensation and Perception Credit Hours: 3
- EXP 3304 - Motivation and Emotion Credit Hours: 3
- PSB 3441 - Psychobiological Aspects of Drugs Credit Hours: 3
- PSB 3842 - Sleep and Dreams Credit Hours: 3
- PSY 4215C - Advanced Research Methods in Psychology Credit Hours: 4
  or additional courses may be added as approved.

Math/Science Electives: (6 Credit Hours)

Select from the following:

Students must meet the course prerequisites for any course they select. See course listing for prerequisites.

- ANT 2511 - The Human Species Credit Hours: 3
- ANT 3541 - Biobehavioral Anthropology Credit Hours: 3
- ANT 3550C - Primatology Credit Hours: 3
- ANT 4516 - Human Biological Diversity Credit Hours: 3
- ANT 4586C - Human Origins Credit Hours: 3
- BSC 2011C - Biology II Credit Hours: 4
- BSC 4312C - Advanced Marine Biology Credit Hours: 4
- CHM 1020 - Concepts in Chemistry Credit Hours: 3
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4
- CHM 2046 - Chemistry Fundamentals II Credit Hours: 3
- EVR XXXX - Any EVR prefix course Credit Hours: 3
- HSA 4702 - Health Sciences Research Methods Credit Hours: 3
- HSC 3147 - Introduction to Pharmacology Credit Hours: 3
- MAC 2233 - Concepts of Calculus Credit Hours: 3
- MAC 2253 - Applied Calculus Credit Hours: 3
- MCB XXXX - Any MCB prefix course Credit Hours: 3
- PCB 3063 - Genetics Credit Hours: 3
- PCB 3703C - Human Physiology Credit Hours: 4
- PHY 2053C - College Physics I Credit Hours: 4
- PSC 1121 - Physical Science Credit Hours: 3
- STA 4102 - Computer Processing of Statistical Data Credit Hours: 3
- STA 4163 - Statistical Methods II Credit Hours: 3
- STA 4164 - Statistical Methods III Credit Hours: 3
- ZOO XXXX - Any ZOO prefix course Credit Hours: 3
  or additional courses may be added as approved.

Capstone Requirements

- PSY 4049 - Psychology Capstone Credit Hours: 2

Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

Foreign Language Requirements

Admissions

- Met by graduation requirement.

Graduation

- Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.
Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Students must earn at least a "C" (2.0) in each course used to satisfy the CPP, Core Requirements, Restricted Electives and Science Electives.
- Students must maintain a minimum cumulative GPA of 2.0 in all courses satisfying major requirements. If additional Psychology courses are taken beyond the minimum required (e.g., additional restricted electives), those courses will be included in the GPA calculation.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

Additional Requirements: 6 Credit Hours

- The Honors in Psychology is available to majors who show outstanding scholarship and promise in psychology.
- Apply and be accepted into the program through the department and The Burnett Honors College. More information about Honors in the Major can be found at honors.ucf.edu/research.
- Fulfill University requirements for Honors in the Major.
- Earn an overall UCF GPA above 3.2.
- All grades in Psychology courses must be a "B" (3.0) or higher.
- Have a Psychology GPA above 3.5, based on at least 11 credits, including the following course.
  - PSY 3213C - Research Methods in Psychology Credit Hours: 4
  - PSY 4903H - Honors Directed Reading Credit Hours: 3
  - PSY 4970H - Undergraduate Honors Thesis Credit Hours: 3

Related Programs

- Sociology (B.A./ B.S.)
- Anthropology (B.A.)
- Statistics (B.S.)
- Criminal Justice (B.A. or B.S.)

Certificates

- Behavioral Forensics Certificate

Related Minors

- Psychology Minor
- Sociology Minor
- Anthropology Minor
- Mathematics Minor
- Statistics Minor

Advising Notes

- Visit the Psychology Advising Center (PSY 250); walk-in advising available Monday and Friday from 9 to 5.
- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other
university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- The following substitutions for common program prerequisites are acceptable if taken prior to transferring to UCF:
  - Biology: any lower level BSC course or ZOO X010 will satisfy the CPP. However, BSC 1005 or BSC 2010C is required in the core and still must be taken. In addition, the advanced course is a prerequisite for some courses.
  - Statistics: any lower level STA course will satisfy the CPP. However, STA 2014 or STA 2023 is required in the core and still must be taken. In addition, they are prerequisites for some courses.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:
  http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $13.00 per term
- Full-Time Student: $26 per term

Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Minor

Psychology Minor

College of Sciences
Department of Psychology
Psychology Building (PSY), Room: 301
https://sciences.ucf.edu/psychology

Psychology Advising Center, PSY 250
psychadvising@ucf.edu
Phone: 407-823-2219

The Psychology Minor permits emphasis of several areas; Clinical Psychology, Human Factors Psychology, and Industrial/Organizational Psychology. When designing a minor, select courses which strengthen graduate school preparation and/or employment potential. Emphasis areas will not appear on the transcript.

Admission Requirements

• The minor is not open to psychology majors.

Minor Requirements

• A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
• Students must maintain a minimum GPA of "C" (2.0) in the minor.
• At least 12 hours used in the minor must be earned at UCF within the Department of Psychology.

Prerequisite Courses
Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (10 Credit Hours)**
- PSY 2012 - General Psychology **Credit Hours:** 3
- PSY 3204C - Statistical Methods in Psychology **Credit Hours:** 4

Select one statistics course: (3 Credit Hours)
- STA 2014C - Principles of Statistics **Credit Hours:** 3
- STA 2023 - Statistical Methods I **Credit Hours:** 3

**Restricted Electives (15 Credit Hours)**

**Experimental**
Select One: (3 Credit Hours)
- EXP 3204 - Sensation and Perception **Credit Hours:** 3
- EXP 3404 - Basic Learning Processes **Credit Hours:** 3
- EXP 3604 - Cognitive Psychology **Credit Hours:** 3
- EXP 3640 - Psychology of Language **Credit Hours:** 3
- PSB 4240 - Neuropsychology **Credit Hours:** 3

**Personality/Social**
Select One: (3 Credit Hours)
- PPE 3003 - Personality Theory and Research **Credit Hours:** 3
- SOP 3004 - Social Psychology **Credit Hours:** 3

**Developmental**
Select One: (3 Credit Hours)
- DEP 2004 - Developmental Psychology **Credit Hours:** 3
- DEP 3202 - Psychology of Exceptional Children **Credit Hours:** 3
- DEP 3464 - Psychology of Aging **Credit Hours:** 3

**Diversity**
Select One: (3 Credit Hours)
- CLP 3184 - Women's Mental Health **Credit Hours:** 3
- SOP 3723 - Cross Cultural Psychology **Credit Hours:** 3
- SOP 3724 - Psychology of Prejudice **Credit Hours:** 3
- SOP 3742 - Psychology of Women **Credit Hours:** 3
- SOP 3784 - Psychology of Diversity **Credit Hours:** 3

or additional courses may be added as approved.

Select one additional Psychology elective (3 Credit Hours)

The following courses will NOT fulfill this requirement:

1 This course may fulfill the requirement with prior approval.

- INP 3141C - Advanced Applied Psychology **Credit Hours:** 1-3
- INP 3951 - Industrial/Organizational Field Work **Credit Hours:** 3
- PSY 3905 - Directed Independent Study **Credit Hours:** 1
- PSY 3951 - Undergraduate Field Work **Credit Hours:** 1-91
- PSY 4906 - Directed Independent Study Credit Hours: 3
- PSY 4912 - Directed Independent Research Credit Hours: 3

**Foreign Language Requirements**

- None
Total Undergraduate Credit Hours
Required: 25

Other Requirements

- Internship, Co-op, or Independent Study credit cannot be used toward the minor.

Certificate

Behavioral Forensics Certificate

College of Sciences
Department of Psychology
Psychology Building (PSY), Room: 301
https://sciences.ucf.edu/psychology
Email: psychadvising@ucf.edu

Dr. Karen Mottarella
karen.mottarella@ucf.edu

This certificate must be completed along with a bachelor's degree program of study. Certificates will be awarded only at the time of degree completion. The Behavioral Forensics Certificate is an interdisciplinary course of study that focuses on ways society attempts to recognize and deal with various forms of criminal behavior. The certificate exposes students to the practice of psychology within the legal system, including topics such as confidentiality, competency, and insanity. Students should view this certificate only as a way to shape and organize their coursework in this particular area of study; the certificate shows potential graduate schools and employers that students have been exposed to behavioral forensics.

Certificate Admission Requirements

- None

Certificate Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the certificate.

Prerequisite Courses (12 Credit Hours)

- Most courses for this certificate will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Take all of the following: (6 Credit Hours)

- PSY 2012 - General Psychology Credit Hours: 3
- SYG 2000 - Introduction to Sociology Credit Hours: 3

Take all of the following: (6 Credit Hours)

- PPE 3003 - Personality Theory and Research Credit Hours: 3
- SYP 3510 - Sociology of Deviant Behavior Credit Hours: 3

Required Courses (9 Credit Hours)

Complete all:

- CLP 4390 - Forensic Psychology Credit Hours: 3
- SOP 3751 - Legal Aspects of Psychology Credit Hours: 3
- SYP 3520 - Criminology Credit Hours: 3

Restricted Electives (12 Credit Hours)

- Note: It is the student's responsibility to meet all prerequisites for every course selected.
Psychology: Select from the following: (3 Credit Hours)

- CLP 3143 - Abnormal Psychology Credit Hours: 3
- CLP 3302 - Clinical Psychology Credit Hours: 3
- CLP 4134 - Childhood Psychopathology Credit Hours: 3
- PCO 4203 - Interviewing and Counseling Credit Hours: 3

Sociology: Select from the following: (6 Credit Hours)

- SYP 3511 - Sociology of Murder Credit Hours: 3
- SYP 3530 - Juvenile Delinquency Credit Hours: 3
- SYP 3540 - Sociology of Law Credit Hours: 3
- SYP 3562 - Domestic Violence in Society Credit Hours: 3
- SYP 4514 - Violence in Society Credit Hours: 3
- SYP 4521 - Crime Victims in Society Credit Hours: 3
- SYP 4536 - Gangs and Society Credit Hours: 3

Criminal Justice: Select from the following: (3 Credit Hours)

- CCJ 3014 - Crime in America Credit Hours: 3
- CCJ 3024 - Criminal Justice System Credit Hours: 3
- CCJ 3667 - Victims and the CJ System Credit Hours: 3
- CCJ 4670 - Women and Crime Credit Hours: 3
- CCJ 4681 - Domestic Violence and the Justice System Credit Hours: 3
- CCJ 4690 - Sex Offenders and the Criminal Justice System Credit Hours: 3
- CJE 4012 - Criminal Profiling in Criminal Justice Credit Hours: 3
- CJE 4630 - Serial Murder and Criminal Justice Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 33

Other Requirements

- No credit by exam (TSD, Military credit) may be used.
- Internship, Co-op, or Independent Study credit cannot be used toward the certificate without prior consent.
- Lower division courses do not substitute for upper division courses.

Department of Sociology

Chair: Elizabeth Mustaine
PH 403B; 407-823-3744
Email: sociology@ucf.edu
http://sciences.ucf.edu/sociology/
http://sciences.ucf.edu/socialsciences/

Associate Chair: Shannon Carter
Undergraduate Program Coordinator: Amy Donley
Social Science Program Coordinator: Michael Armato

Please see the department website for a listing of the department's faculty and staff.

Sociology includes the study of interpersonal interactions, groups, organizations, and societies through the application of theoretical approaches and the use of qualitative and quantitative methods. Students will be better prepared for careers in any field by being trained in critical thinking and analytical skills, and by being familiar with theoretical and methodological tools for the study of peoples, groups, and organizations. To this end, we provide state-of-the-art training in an array of courses.

The Sociology B.A. offers groups of courses in several areas, including social institutions, the environment, crime and deviance, popular culture, family, and diversity and social inequalities. A hallmark of the program is that all of our students conduct their own research under the supervision of a faculty mentor. This process allows students to sharpen their analytical abilities and develop skills that will help them be successful in graduate schools and careers. Sociology majors master skills in quantitative and qualitative research methods, communication, and analytical thinking as well as acquiring written and oral...
presentational skills. These are among the top 10 abilities for which today's employers are looking and are also essential for success in graduate and professional programs. Sociology courses are directly relevant to many contemporary issues, including murder and violent crime, domestic violence, global warming, alcohol and drug abuse, popular culture, healthcare, and changes in the family.

As such, the B.A. in Sociology provides excellent grounding for a wide range of careers such as teaching, public administration, metropolitan planning, behavioral analysis, legal/court case assessment, law enforcement, marketing research, advertising, public relations, human resources, child welfare officer, victim advocate, convention/event organizer, environmental/social activist, social assistance specialist, information management specialist, and research analyst.

The Social Sciences B.S. degree is an interdisciplinary program and administered through the sociology department. Students are provided with interdisciplinary breadth and depth in the Social Sciences as they fulfill the requirements of three separate social science minors of their choice, a statistics course, and a methodology course. The Social Science major offers students more flexibility in building their own college experience than nearly any other program on campus. Students who choose this major need to be self-driven and prepared to explore three social sciences disciplines. These areas open to exploration are Anthropology, Communication, Political Science, Psychology, Sociology, and Women's and Gender Studies.

For more information about our nationally acclaimed yet personable faculty and our relevant, flexible major, go to http://sociology.ucf.edu.

Major

Social Sciences (B.S.)

College of Sciences
Department of Sociology
Howard Phillips Hall (HPH), Room: 403
https://sciences.ucf.edu/sociology

Dr. Michael Armato
michael.armato@ucf.edu
Phone: 407-823-3744

Students majoring in the Social Sciences Interdisciplinary B.S. program are provided with interdisciplinary breadth and depth in the Social Sciences as they fulfill the requirements of three separate social science minors of their choice, a statistics course, and a methodology course. The Social Science minors are housed in Anthropology, Communication, Political Science, Psychology, Sociology, and Women's and Gender Studies. This major supports UCF's goal of offering the best undergraduate education available in Florida with flexibility that is absent in most discipline-specific programs.

Social Sciences (B.S.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must meet the residency requirements specified in each minor.
- Special topics courses may be used if they are acceptable within the specific minor.
- Grades below "C" (2.0) in lower level courses and core courses are not accepted.
- Students must achieve a minimum cumulative UCF GPA of 2.0 in all courses satisfying major requirements.
- Students must maintain a minimum GPA of 2.0 in each Social Science discipline.
- Internship credit must be approved by Coordinator of Social Sciences.
- Independent Studies and Directed Independent Research (course numbers 3905, 4906, 5907, 4912, 5917, 3940, 4941) must be approved by the Coordinator of Social Sciences prior to enrollment.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

General Education Program (GEP)
(36 Credit Hours)
At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3
- ENC 1102 - Composition II Credit Hours: 3

Complete one of the following: (3 Credit Hours)

1 Required if Communication option of the major is to be followed.

- COM 1000 - Introduction to Communication Credit Hours: 3 (Preferred)
- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (Suggested)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 ¹ (Suggested)

Cultural and Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)

You may substitute a higher level math with appropriate scores on the Math Placement Test, see: https://www.sdes.ucf.edu/placement-tests/.

Select one:

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Preferred)

Statistics: (3 Credit Hours)

Select one:

- STA 2014C - Principles of Statistics Credit Hours: 3 (Required)
- STA 2023 - Statistical Methods I Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

Select the following course: (3 Credit Hours)

- POS 2041 - American National Government Credit Hours: 3 (Required)

Select one of the following, depending on the concentration to be followed. (3 Credit Hours)

- ANT 2000 - General Anthropology Credit Hours: 3 (Required)
- PSY 2012 - General Psychology Credit Hours: 3 (Required)
- SYG 2000 - Introduction to Sociology Credit Hours: 3 (Required)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

- Students must complete two introductory courses in a social science discipline.
- Course selection depends on concentration to be followed.
- See "Acceptable Substitutes for Transfer Courses" for possible substitutes for the courses listed below.

Core Requirements: Basic Level

Select one of the following statistics courses:

- STA 2014C - Principles of Statistics Credit Hours: 3 (GEP)
- STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)
Select at least three of the following, depending on concentrations to be taken:

- ANT 2000 - General Anthropology **Credit Hours: 3 (GEP)** or
- POS 2041 - American National Government **Credit Hours: 3 (GEP)** or
- PSY 2012 - General Psychology **Credit Hours: 3 (GEP)** or
- SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3 (GEP)** or
- SYG 2000 - Introduction to Sociology **Credit Hours: 3 (GEP)** or
- WST 3603 - Introduction to Gender Studies **Credit Hours: 3**

Core Requirements: Advanced Level (57 Credit Hours)

Select one methods' course: (3 Credit Hours)

- ANT 4852 - GIS Methods in Anthropology **Credit Hours: 3** or
- COM 3311 - Communication Research Methods **Credit Hours: 3** or
- POS 3703 - Scope and Methods of Political Science **Credit Hours: 3** or
- PSY 3213C - Research Methods in Psychology **Credit Hours: 4** or
- SYA 3352 - Spatial Sociology I: Intro to GIS **Credit Hours: 3** or
- SYA 4300C - Research Methods **Credit Hours: 4**

Required Minors:

- Complete the requirements for 3 Social Science minors dealing with the following areas:
  - Only one minor may be selected from the same department or school.
    - Anthropology Minor (18 Credit Hours)
    - Human Communication Minor (18 Credit Hours)
    - Political Science Minor (18 Credit Hours)
    - Psychology Minor (25 Credit Hours)
    - Sociology Minor (18 Credit Hours)
    - Women's and Gender Studies Minor (18 Credit Hours)

Restricted Electives

- None

Capstone Requirements

- Students will be required to take an exit exam in their graduating semester.

Electives

- After meeting with a departmental advisor, select electives primarily from upper level courses to satisfy the 48 hour rule. Courses may be outside the areas.

Foreign Language Requirements

Admissions

- Met by graduation requirement.

Graduation

- None.
- Some minors may also require a foreign language. Check with department of minor.

Additional Requirements

- None

Required Minors

- Three minors are to be selected from the following listing:
  - However only one minor may be taken within a single department or school.
    - Anthropology Minor
    - American Indian Studies
    - Anthropological Archaeology
    - Biological Anthropology
Departmental Exit Requirements

- Maintain a minimum GPA of 2.0 in each Social Science discipline.
- A minimum grade of "C" (2.0) in all core courses is required.
- Students will be required to take an exit exam in their graduating semester.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper-division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors in the Major

- Application and admission through The Burnett Honors College and department. More information about Honors in the Major can be found at honors.ucf.edu/research.

Related Programs

- None

Certificates

- None

Related Minors

- None

Advising Notes

- Students should seek advising with the Social Sciences Coordinator for major. For advising regarding selected minors, see the Departmental Advisor.
- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation,
special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Transfer courses must be evaluated for equivalency credit and/or for use in the degree program. The student must provide all supporting information.
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- Any two introductory Social Sciences courses could meet CPP requirements. However, core requirements may be dependent on specific prerequisite courses completed as a part of either the GEP or CPP requirements.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.
- Prior to enrolling in Math, take Math Placement Test ~ https://www.sdes.ucf.edu/placement-tests/

Freshman Year - Fall (12 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3
- GEP 7 - Mathematical Foundation Credit Hours: 3
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3
- POS 2041 - American National Government Credit Hours: 3

Freshman Year - Spring (12 Credit Hours)

- GEP - Social Foundation Credit Hours: 3
- ENC 1102 - Composition II Credit Hours: 3
- GEP Credit Hours: 3
- STA 2014C - Principles of Statistics Credit Hours: 3
  or
- STA 2023 - Statistical Methods I Credit Hours: 3

Freshman Year - Summer (6 Credits)

- GEP Credit Hours: 3
- Elective/Minor Credit Hours: 3

Sophomore Year - Fall (12 Credit Hours)

- Elective / Minor Credit Hours: 3
- Elective / Minor Credit Hours: 3
- Elective / Minor Credit Hours: 3
- Elective / Minor Credit Hours: 3

Sophomore Year - Spring (15 Credit Hours)

- Research Methods Course Credit Hours: 3
- GEP Credit Hours: 3
- Elective / Minor Credit Hours: 3
- Elective / Minor Credit Hours: 3
- Elective / Minor Credit Hours: 3

Sophomore Year - Summer (6 Credit Hours)
The Sociology degree, which may be completed online, face-to-face, or as a mix of online and face-to-face courses, has two major goals: 1) to promote undergraduate student excellence and 2) to advance career success for graduates by providing them with tangible, career-oriented skills. A dedicated faculty offers state-of-the-art courses that are relevant to current issues affecting our students' lives and their future careers. Graduates are prepared for careers that require employees who think critically and have analytic and technical skills related to understanding crime, law, and deviance; medical sociology; diversity and inequalities; and/or mass culture and collective behavior. All students complete individual, original research projects.

Sociology (B.A./B.S.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None beyond admission to the university.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement: at least 24 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Sociology Department.
- Students must earn at least a "C" (2.0) or higher in each core course.
- Students must have at least a "C" (2.0) in each UCF course satisfying major requirements.
- Students must maintain a minimum cumulative GPA of 2.0 in all courses satisfying major requirements.
- Experiential Education credit cannot be used for credit in this major.
- Directed Independent studies, directed independent research, and internships must be approved by the Sociology department prior to enrollment.
- No more than 12 hours of directed independent study, directed independent research, and internship (course numbers 3905, 4906, 5907, 4912, 5917, 3940, & 4941) credit may be used for the major.
• All prerequisites of courses taught within the College of Sciences will be enforced.
• Students should consult annually with a departmental advisor.
• Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

• At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)

A satisfactory score in the Math Placement Test is required before enrolling in this course.
See: https://www.sdes.ucf.edu/placement-tests/

• MAC 1105C - College Algebra Credit Hours: 3 (Preferred)

Statistics: (3 Credit Hours)

• STA 2014C - Principles of Statistics Credit Hours: 3 (Preferred)

Social Sciences (3 Credit Hours)

• SYG 2000 - Introduction to Sociology Credit Hours: 3 (Required)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (3 Credit Hours)

• See "Acceptable Substitutes for Transfer Courses" for possible substitutes for the courses listed below.
• SYG 2000 - Introduction to Sociology Credit Hours: 3 (GEP)
• Any course with an SYA, SYD, SYG, SYO, or SYP prefix Credit Hours: 3

Core Requirements: Basic Level

All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

• SYG 2000 - Introduction to Sociology Credit Hours: 3 (GEP/CPP)

Core Requirements: Advanced Level (15 Credit Hours)

• SYA 3110 - Social Theory Credit Hours: 3
• SYA 3400C - Applied Social Statistics Credit Hours: 4
• SYA 4300C - Research Methods Credit Hours: 4
• SYA 4450 - Data Analysis: Capstone Credit Hours: 4

Restricted Electives (27 Credit Hours)

• All courses with the prefixes SYA, SYD, SYG, SYO, or SYP, including special topics courses, count toward the restricted electives requirement.
• 5000 level Graduate Courses may be taken by undergraduates with Consent of the Instructor.
• Additional courses can be taken as approved.
• Students may enroll for up to a total of 12 credit hours of Internship and/or Independent Study during their UCF undergraduate career. Arrangements for internships are coordinated by the Director of Department Undergraduate Program and require approval prior to beginning the work.

• 24 credit hours must be at the 3000-4000 level, and taken within the Sociology Department at UCF.

Capstone Requirements

Successful completion of Data Analysis (SYA 4450).

• SYA 4450 - Data Analysis: Capstone Credit Hours: 4

Electives

• Select electives primarily from 3000 and 4000 level courses from within the Sociology Department, as well as from other departments.

Foreign Language Requirements

Admissions

• B.S. Option: Met by graduation requirement. Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

• B.A. Option: Met by graduation requirement.

Graduation

• B.S. Option: None

• B.A. Option: Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination.

Additional Requirements

B.A. Option: No additional requirements

B.S. Option: Select one additional methods course (3 Credit Hours)

• SYA 3352 - Spatial Sociology I: Intro to GIS Credit Hours: 3

• SYA 4310C - Qualitative Research Analysis in Sociology Credit Hours: 4

• SYA 4354 - Geographic Information Systems Applications Credit Hours: 3

• SYA 4900 - Applied Sociology Credit Hours: 4

• SYA 4959 - Participatory Geographic Information Systems in Belize Credit Hours: 3

• SYO 3573 - Social Networks: Theory & Applications Credit Hours: 3

Required Minors

• None

Departmental Exit Requirements

• A minimum of "C" (2.0) or better in each course used for the major.

• Students must have at least a "C" (2.0) or better overall in the major.

• For assessment purposes, students are required to take a standard exit exam, for which there is no credit or grade, toward the end of their final semester before graduation.

University Minimum Exit Requirements

• A 2.0 UCF GPA

• 48 semester hours of upper division credit completed

• 60 semester hours earned after CLEP awarded

• 30 of the last 39 hours of course work must be completed in residency at UCF.

• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.
Total Undergraduate Credit Hours
Required: 120

Advising Notes

- Student majors are assigned a faculty advisor. To meet with your advisor, you should check their office hours or contact them via email or the department office phone to set up an appointment. If you do not know who your advisor is, contact the main office.
- Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information (e.g., syllabus, course catalog description).
- Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

- SYG 2000 - Although the Common Program Prerequisites accepts any lower division sociology course, SYG 2000 - Introduction to Sociology must be taken because it is the basic course in Sociology.

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm

Equipment Fees

- Part-Time Student: $5 per term
- Full-Time Student: $10 per term

Minor

Crime, Law, and Deviance Minor

Minor

College of Sciences
Department of Sociology
Howard Phillips Hall (HPH), Room: 403
https://sciences.ucf.edu/sociology
Email: sociology@ucf.edu
Dr. Michael Armato
michael.armato@ucf.edu
Phone: 407-823-0758

The Crime, Law, and Deviance minor examines matters of sociological interest related to the study and understanding of deviant, delinquent, and criminal behavior, the relationship between law and society, and victimology. The minor facilitates an understanding of crime and deviance from a sociological perspective and prepares students for careers and graduate school in related fields.

Minor Admission Requirements

- The minor is not open to sociology majors.
- Courses used to satisfy the Restricted Electives of this minor cannot be used to satisfy other sociology minors.

Minor Requirements

- Students must have a minimum GPA of 2.0 in courses used in the minor.
- At least 12 hours used in the minor must be earned at UCF within the Department of Sociology.

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (6 Credit Hours)

- SYP 3520 - Criminology Credit Hours: 3

Required: Complete one of the following: (3 Credit Hours)

- SYG 2000 - Introduction to Sociology Credit Hours: 3
- SYG 2010 - Social Problems Credit Hours: 3

Restricted Electives (12 Credit Hours)

Select from the following:

- SYD 4813 - Women, Law and Social Change Credit Hours: 3
- SYP 3510 - Sociology of Deviant Behavior Credit Hours: 3
- SYP 3511 - Sociology of Murder Credit Hours: 3
- SYP 3530 - Juvenile Delinquency Credit Hours: 3
- SYP 3540 - Sociology of Law Credit Hours: 3
- SYP 3562 - Domestic Violence in Society Credit Hours: 3
- SYP 4514 - Violence in Society Credit Hours: 3
- SYP 4521 - Crime Victims in Society Credit Hours: 3
- SYP 4550 - Drug Use in Society Credit Hours: 3
- SYP 4536 - Gangs and Society Credit Hours: 3

Additional courses can be taken as approved.

Diversity and Social Inequality Minor

College of Sciences
Department of Sociology
Howard Phillips Hall (HPH), Room: 403
https://sciences.ucf.edu/sociology
Email: sociology@ucf.edu

Dr. Michael Armato
michael.armato@ucf.edu
Phone: 407-823-0758

The Diversity and Social Inequality Minor examines the social class, status, and power in contemporary global society. The minor facilitates an understanding of social inequalities related to age, gender, race and ethnicity, social
class and stratification, sexual orientation, religion, and family. The minor prepares students for careers and graduate school in a variety of fields, including those in non-profit agencies, human resources, and service organizations.

**Minor Admission Requirements**

- The minor is not open to sociology majors.
- Courses used to satisfy the Restricted Electives of this minor cannot be used to satisfy other Sociology minors. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the department before filing for graduation.)

**Minor Requirements**

- Students must have a minimum GPA of 2.0 in courses used for the minor.
- At least 12 hours used in the minor must be earned at UCF within the Department of Sociology.

**Prerequisite Courses**

- Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (6 Credit Hours)**

- SYO 3530 - Social Power and Inequality Credit Hours: 3

Required: Complete one of the following: (3 Credit Hours)

- SYG 2000 - Introduction to Sociology Credit Hours: 3
- SYG 2010 - Social Problems Credit Hours: 3

**Restricted Electives (12 Credit Hours)**

Select from the following:

- SYD 3410 - Urban Society Credit Hours: 3
- SYD 3700 - Race and Ethnicity Credit Hours: 3
- SYD 3772 - Race and Social Media Credit Hours: 3
- SYD 3800 - Sex and Gender in Society Credit Hours: 3
- SYD 3805 - Sociology of Sexualities Credit Hours: 3
- SYD 4020 - Birth, Death, and Population Trends Credit Hours: 3
- SYD 4810 - Women in Contemporary Society Credit Hours: 3
- SYD 4813 - Women, Law and Social Change Credit Hours: 3

**Global Sociology Minor**
The Global Sociology Minor focuses on social problems from a global perspective. The minor facilitates an understanding of international social problems and prepares students for careers and graduate school in related fields. Students will take half the required courses in the United States and the other half abroad.

**Admission Requirements**
- The minor is not open to Sociology majors.

**Minor Requirements**
- Complete 9 hours of Sociology courses through study abroad.
- Take one course of independent study during study abroad semester.
- Take one restricted elective course. Contact Dr. Michael Armato for information on Restricted Elective options for the Global Sociology Minor.
- Students must earn a minimum GPA of at least 2.0 in courses used for the minor.

**Prerequisite Courses**
- Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (16 Credit Hours)**

**Select One (3 Credit Hours):**
- SYG 2000 - Introduction to Sociology Credit Hours: 3
- SYG 2010 - Social Problems Credit Hours: 3

**Required Upper Division Courses: (10 Credit Hours)**
- Sociology or other relevant courses taken through study abroad Credit Hours: 9
- SYA 3905 - Directed Independent Study (completed while abroad) Credit Hours: 1

**Restricted Electives (3 Credit Hours)**

**Select One: (3 Credit Hours)**
- ANT 3701 - Engagement & Social Change: Public Anthropology Credit Hours: 3
- ANT 4702 - Culture, Inequality and Global Development Credit Hours: 3
- INR 2002 - International Relations-Theory and Practice Credit Hours: 3

Mass Culture and Collective Behavior Minor

College of Sciences
Department of Sociology
Howard Phillips Hall (HPH), Room: 403
https://sciences.ucf.edu/sociology
Email: sociology@ucf.edu

Dr. Michael Armato
michael.armato@ucf.edu
Phone: 407-823-7058

This minor provides students with an opportunity to learn about sociological research within the areas of religion, sports, leisure, music, pop culture, and focuses to some extent on how people consume goods and resources in society. This leads to a working knowledge of how public opinion and contemporary social movements shape collective behavior and mass culture. The minor is especially appropriate for students majoring in Interdisciplinary Studies, the social sciences, business, or for any student seeking an enhanced understanding of socio-cultural change within modern society. Given this broad-based set of courses, someone interested in a career in sales, marketing, volunteer organizations, or social media, for example, would find this minor a good fit.

Minor Admission Requirements

- The minor is not open to sociology majors.
- Courses used to satisfy the Restricted Electives of this minor cannot be used to satisfy other sociology minors.

Minor Requirements

- Students must have a minimum GPA of 2.0 in courses used for the minor.
- At least 12 hours used in the minor must be earned at UCF within the Department of Sociology.

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (6 Credit Hours)

- SYP 4000 - Sociological Social Psychology
  Credit Hours: 3

Required: Complete one of the following: (3 Credit Hours)

- SYG 2000 - Introduction to Sociology
  Credit Hours: 3
- SYG 2010 - Social Problems
  Credit Hours: 3

Restricted Electives (12 Credit Hours)

Select from the following:

- SYA 4650C - Community Action and Involvement
  Credit Hours: 3
- SYD 4510 - Environment and Society
  Credit Hours: 3
- SYD 4810 - Women in Contemporary Society
  Credit Hours: 3
- SYD 4813 - Women, Law and Social Change
  Credit Hours: 3
- SYD 4820 - Men, Masculinities and Society
  Credit Hours: 3
- SYG 4244 - Food and Society
  Credit Hours: 3
- SYO 3000 - Contemporary Society
  Credit Hours: 3
- SYO 4200 - Religion in Society
  Credit Hours: 3
- SYP 3300 - Fads, Crowds, and Social Action
  Credit Hours: 3
- SYP 3323 - Video Games in Society
  Credit Hours: 3
- SYP 3325 - Popular Music in Society
  Credit Hours: 3
- SYP 3630 - Popular Culture In Society
  Credit Hours: 3
- SYP 3650 - Sports and Society
  Credit Hours: 3
- SYP 4004 - Constructing Social Issues
  Credit Hours: 3
Minor Requirements

- Students are expected to have a minimum GPA of 2.0 in courses used for the minor.
- At least 12 hours used in the minor must be earned at UCF within the Department of Sociology.

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (6 Credit Hours)

- SYO 4400 - Medical Sociology Credit Hours: 3

Required: Complete one of the following: (3 Credit Hours)

- SYG 2000 - Introduction to Sociology Credit Hours: 3
- SYG 2010 - Social Problems Credit Hours: 3

Restricted Electives (12 Credit Hours)

- SYD 3805 - Sociology of Sexualities Credit Hours: 3
- SYD 4020 - Birth, Death, and Population Trends Credit Hours: 3
- SYG 4244 - Food and Society Credit Hours: 3
- SYO 3408 - Animals and Health Credit Hours: 3
- SYO 3410 - Mental Health in Society Credit Hours: 3
- SYO 4401 - Social Determinants of Health Credit Hours: 3
- SYO 4402 - Sociology of Health and Illness Behavior Credit Hours: 3
- SYO 4424 - Men, Masculinities, and Health Credit Hours: 3
- SYO 4428 - Sociology of Health Care Credit Hours: 3
- SYP 3060 - Sociology of Sex and Reproduction Credit Hours: 3
- SYP 3551 - Alcohol in Society Credit Hours: 3

The Medical Sociology minor examines the social determinants of health and illness, and their impact on the delivery of health care and access to medical resources. The minor also examines the role social forces play in the way society views, treats, understands, and responds to illness and disease. This minor promotes an understanding of health and illness from a sociological perspective and prepares students for careers and graduate school in health related fields.

Admission Requirements

- The minor is not open to sociology majors.
- Courses used to satisfy the Restricted Electives of this minor cannot be used to satisfy other sociology minors.
• SYP 4550 - Drug Use in Society  **Credit Hours:** 3
• SYP 4730 - Aging in Society  **Credit Hours:** 3
• SYP 4731 - Health and Positive Aging  **Credit Hours:** 3

Additional courses can be taken as approved.

• The minor is not open to sociology majors.

**Minor Requirements**

• Students are expected to have a minimum GPA of 2.0 in courses use for the minor.  
• At least 12 hours used in the minor must be earned at UCF within the Department of Sociology.

**Prerequisite Courses**

• Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (3 Credit Hours)**

• SYG 2000 - Introduction to Sociology  **Credit Hours:** 3

**Restricted Electives (15 Credit Hours)**

**Restricted Electives (3 Credit Hours)**

• 2000-4000 level sociology courses

**Restricted Upper Division Electives (12 Credit Hours)**

• 3000-4000 level sociology courses

Additional courses can be taken as approved.

**Foreign Language Requirements**

• None

**Total Undergraduate Credit Hours Required:** 18

**Other Requirements**

• None

Please see the department website for a listing of the department's faculty and staff.

The Department of Statistics and Data Science offers courses and programs leading to a Bachelor of Science in Actuarial Sciences, a Bachelor of Science in Statistics, a
minor in Statistics, a minor in Actuarial Sciences, and a Master of Science in Statistical Computing with a track in Data Mining. The B.S. in Actuarial Science is designed to satisfy the Society of Actuaries (SOA) and the Casualty Actuarial Society (CAS) Validation by Educational Experience (VEE) requirements in the areas of Economics, Corporate Finance and Statistics, and the program will prepare students for the SOA exams that are part of the certification process that lead to the first level of credentials issued by the SOA and CAS.

The B.S. in Statistics is designed to serve:

1. Students who desire to pursue careers in statistics after having completed a baccalaureate degree;
2. Students who desire to continue their education in graduate or professional schools; and
3. Students who use statistics as a tool in their specialty areas.

In order to serve such a wide variety of students, the courses and programs in the Department of Statistics and Data Science have been developed along several lines. There are the usual service courses in elementary statistics along with strong programs in the upper division in statistical methods, statistical theory, and statistical computing.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.

- Departmental Residency Requirement: at least 15 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Department of Statistics and Data Science.
- Students must earn at least a "C" (2.0) in each course with an STA prefix.
- Students must achieve a minimum 2.0 cumulative GPA in all computer science and mathematics courses satisfying major requirements.
- Students must achieve a minimum cumulative GPA of 2.0 in all courses satisfying major requirements.
- Co-op or internship credit cannot be used in this major without prior approval.
- Students should consult with a departmental advisor.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 1 (General Education Program) are generally spread over 4 years, and those designated in 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- All statistics courses except the following, and those protected by Florida Common Course Numbering must be taken from, or approved by the Department of Statistics and Data Science at UCF.
  - STA 2023 - Statistical Methods Credit Hours: 3
  - STA 3032 - Probability and Statistics for Engineers Credit Hours: 3

General Education Program (GEP) (39 Credit Hours)

At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (7 Credit Hours)
- MAC 2311C - Calculus with Analytic Geometry
  1 Credit Hours: 4 (Required)
- STA 2023 - Statistical Methods I
  3 (Required)

Social Foundations (6 Credit Hours)

Economics (3 Credit Hours)

- ECO 2013 - Principles of Macroeconomics
  Credit Hours: 3 (Preferred)

Social Sciences (3 Credit Hours)
Select one:

- ANT 2000 - General Anthropology
  Credit Hours: 3 (Required)
- PSY 2012 - General Psychology
  Credit Hours: 3 (Required)
- SYG 2000 - Introduction to Sociology
  Credit Hours: 3 (Required)

Science Foundations (8 Credit Hours)

Life Science: (4 Credit Hours)

- BSC 2010C - Biology
  Credit Hours: 4 (Required)

Physical Science: (4 Credit Hours)
Select one:

- CHM 2045C - Chemistry Fundamentals I
  Credit Hours: 4 (Required)
- PHY 2053C - College Physics I
  Credit Hours: 4 (Required)

Common Program Prerequisites (CPP) (14 Credit Hours)

- COP 3223C - Introduction to Programming with C
  Credit Hours: 3
- ECO 2013 - Principles of Macroeconomics
  Credit Hours: 3 (GEP)

Complete two laboratory courses designed for science majors;

- The state of Florida requires Actuarial Science majors to take two laboratory-based science courses designed for science majors. Students must complete 8 credits of the following courses, and depending on what was taken in the GEP, this requirement may already be satisfied.
- Note: both semesters do not have to be in the same subject area.
- Note: depending on which courses were taken in the GEP, this requirement could require 0 to 8 credits to complete.

Select two semesters within the following;

- See Basic Core for details.
  - Biology majors courses with labs or
  - Chemistry majors courses with labs or
  - Physics majors courses with labs

Core Requirements: Basic Level (3 Credit Hours)

All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken;

- ACG 2021 - Principles of Financial Accounting
  Credit Hours: 3
- COP 3223C - Introduction to Programming with C
  Credit Hours: 3 (CPP)
- ECO 2013 - Principles of Macroeconomics
  Credit Hours: 3 (GEP)
- ECO 2023 - Principles of Microeconomics
  Credit Hours: 3 (CPP)
MAC 2311C - Calculus with Analytic Geometry I  
Credit Hours: 4 (GEP)

MAC 2312 - Calculus with Analytic Geometry II  
Credit Hours: 4 (CPP)

MAC 2313 - Calculus with Analytic Geometry III  
Credit Hours: 4 (CPP)

STA 2023 - Statistical Methods I  
Credit Hours: 3 (GEP)

Core Requirements: Advanced Level  
(49 Credit Hours)

- COT 4500 - Numerical Calculus  
Credit Hours: 3

- ENC 3241 - Writing for the Technical Professional  
Credit Hours: 3

- FIN 3403 - Business Finance  
Credit Hours: 3

- MAS 3105 - Matrix and Linear Algebra  
Credit Hours: 4

- STA 4130 - Life Contingencies I  
Credit Hours: 3

- STA 4131 - Life Contingencies II  
Credit Hours: 3

- STA 4133 - Loss Models I  
Credit Hours: 3

- STA 4135 - Loss Models II  
Credit Hours: 3

- STA 4163 - Statistical Methods II  
Credit Hours: 3

- STA 4164 - Statistical Methods III  
Credit Hours: 3

- STA 4183 - Theory of Interest  
Credit Hours: 3

- STA 4184 - Introduction to Derivative Markets  
Credit Hours: 3

- STA 4186 - Theory of Derivative Pricing  
Credit Hours: 3

- STA 4321 - Statistical Theory I  
Credit Hours: 3

- STA 4322 - Statistical Theory II  
Credit Hours: 3

- STA 4852 - Applied Time Series  
Credit Hours: 3

Restricted Electives (6 Credit Hours)

- Select from upper division or graduate (5000 level) statistics, mathematics, or computer science courses.

- Selected courses in business may be used only with prior approval by the Department of Statistics.

The following courses cannot be used to satisfy this requirement:

- MAC 2233 - Concepts of Calculus  
Credit Hours: 3

- MAC 2253 - Applied Calculus  
Credit Hours: 3

- MHF 4404 - History of Mathematics  
Credit Hours: 3

- All MAE courses

Capstone Requirements

- None

Electives (9 Credit Hours)

- Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

Foreign Language Requirements

Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

Graduation

- None

Additional Requirements

- None

Required Minors

- None

Departmental Exit Requirements

- Students must earn at least a "C" (2.0) in each course with a STA prefix.

- Students must achieve a minimum 2.0 cumulative GPA in all computer science and mathematics courses satisfying major requirements.
• Take SOA Exam P (Probability) and report the score to the department.
• Students must achieve a minimum cumulative GPA of 2.0 in all courses satisfying major requirements.

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 60 semester hours earned after CLEP awarded
• 48 semester hours of upper division credit completed
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

• Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at https://honors.ucf.edu/research/.

Related Programs

• Mathematics (B.S.)
• Secondary Education, Mathematics Education Track (B.S.)
• Statistics (B.S.)

Certificates

• None

Related Minors

• Actuarial Science Minor
• Statistics Minor
• Mathematics Minor

Advising Notes

• It is the student's responsibility to ensure they have satisfied course prerequisites before registering for a class. Students should consult with a department advisor.
• Contact your college advisor in the College of Sciences Advising Services (COSAS) office (CSB 250) for more information about overall progress toward your degree, GEP and other university requirements, academic probation, special problems as well as general academic advising.

Transfer Notes

• Lower division courses do not substitute for upper division courses.
• Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
• Submit your requests for course evaluations at https://sciences.ucf.edu/cosas/ and click on "COS Course Evaluation".

Acceptable Substitutes for Transfer Courses

• The following substitutions are acceptable for Common Program Prerequisites if taken as part of the AA course work.
• Computer Science: any COP programming language course will satisfy the CPP. However, COP 3223C is a prerequisite for Computer Science courses and still may need to be taken.
• Biology: any 2 laboratory courses for majors with BSC, CHM, or PHY prefixes will satisfy the CPP.
• Statistics: although any STA 2XXX course will satisfy the CPP, STA 2023 is required in the program's core and will still need to be taken.

Program Academic Learning Compacts
- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm](http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm)

### Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements.
- Consult a departmental advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Prior to enrolling in Chemistry, take Chemistry Placement Test ~ [https://www.sdes.ucf.edu/placement-tests/](https://www.sdes.ucf.edu/placement-tests/)
- Prior to enrolling in Math, take Math Placement Test ~ [https://www.sdes.ucf.edu/placement-tests/](https://www.sdes.ucf.edu/placement-tests/)
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

### Freshman Year - Fall (13 Credit Hours)

- ECO 2013 - Principles of Macroeconomics  
  **Credit Hours:** 3
- STA 2023 - Statistical Methods I  
  **Credit Hours:** 3
- MAC 2311 - Calculus with Analytic Geometry I  
  **Credit Hours:** 4
- ENC 1101 - Composition I  
  **Credit Hours:** 3

### Freshman Year - Spring (13 Credit Hours)

- MAC 2312 - Calculus with Analytic Geometry II  
  **Credit Hours:** 4
- STA 4163 - Statistical Methods II  
  **Credit Hours:** 3
- ECO 2023 - Principles of Microeconomics  
  **Credit Hours:** 3
- ENC 1102 - Composition II  
  **Credit Hours:** 3

### Freshman Year - Summer (7 Credits)

- MAC 2313 - Calculus with Analytic Geometry III  
  **Credit Hours:** 4
- GEP  
  **Credit Hours:** 3

### Sophomore Year - Fall (12 Credit Hours)

- COP 3223C - Introduction to Programming with C  
  **Credit Hours:** 3
- STA 4164 - Statistical Methods III  
  **Credit Hours:** 3
- STA 4321 - Statistical Theory I  
  **Credit Hours:** 3

This minor is designed to satisfy the Society of Actuaries (SOA) Validation by Educational Experience (VEE) requirements in the areas of Economics and Mathematical Statistics and prepare students for SOA Exam P, Exam FM and Exam IFM. It will also satisfy the Casualty Actuarial Society (CAS) VEE requirements in the area of Economics and prepare students for CAS Exam 1, Exam 2, and Exam 3F. Furthermore, it will partially satisfy both the SOA and CAS VEE requirements in the area of Accounting and Finance.

**Minor Admission Requirements**

- Students need to complete the prerequisite courses.

**Minor Requirements**

- A minimum grade of "C" (2.0) is required in all courses used to satisfy the minor.
- At least 12 hours used in the minor must be earned at UCF within the Department of Statistics and Data Science.

**Prerequisite Courses**

Students must satisfy each course's prerequisites before enrolling in the class.

Students are expected to have completed some of the following courses as part of their GEP requirement.

- ACG 2021 - Principles of Financial Accounting
  - Credit Hours: 3
- MAC 2311C - Calculus with Analytic Geometry I
  - Credit Hours: 4
- MAC 2312 - Calculus with Analytic Geometry II
  - Credit Hours: 4
- MAC 2313 - Calculus with Analytic Geometry III
  - Credit Hours: 4
- STA 2023 - Statistical Methods I
  - Credit Hours: 3
- STA 4321 - Statistical Theory I
  - Credit Hours: 3

**Required Courses (21 Credit Hours)**

- ECO 2023 - Principles of Microeconomics
  - Credit Hours: 3
- FIN 3403 - Business Finance
  - Credit Hours: 3
- STA 4183 - Theory of Interest
  - Credit Hours: 3
- STA 4184 - Introduction to Derivative Markets
  - Credit Hours: 3
- STA 4186 - Theory of Derivative Pricing
  - Credit Hours: 3
- STA 4322 - Statistical Theory II
  - Credit Hours: 3

**Restricted Electives**

- No additional courses are required.

**Foreign Language Requirements**

- No Foreign Language is required.

**Total Undergraduate Credit Hours Required:** 21

**Other Requirements**

- Internship, Co-op, or Independent Study credit cannot be used toward the minor.
- Any course substitutions must be approved by the program coordinator in advance of their being taken.

**Statistics Minor**

**College of Sciences**
**Department of Statistics and Data Science**
**Technology Commons Center II (TC2), Room: 212**
[https://sciences.ucf.edu/statistics](https://sciences.ucf.edu/statistics)
**Email:** statistics@ucf.edu

Dr. Nizam Uddin
nizam.uddin@ucf.edu
Phone: 407-823-2692

**Admission Requirements**

- The minor is not open to Statistics majors.

**Minor Requirements**
• A minimum grade of "C" (2.0) is required in all courses used to satisfy the minor.
• At least 15 hours used in the minor must be earned at UCF within the Department of Statistics and Data Science.

**Prerequisite Courses**

• Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (9 Credit Hours)**

• STA 4163 - Statistical Methods II **Credit Hours:** 3
• STA 4164 - Statistical Methods III **Credit Hours:** 3

**Select One: (3 Credit Hours)**

• STA 2023 - Statistical Methods I **Credit Hours:** 3
• STA 3032 - Probability and Statistics for Engineers **Credit Hours:** 3

**Restricted Electives (9 Credit Hours)**

Select from upper division STA prefix courses taught within the Statistics and Data Science Department.

The following course CAN NOT be used as a restricted elective:

• STA 3032 - Probability and Statistics for Engineers **Credit Hours:** 3

**Foreign Language Requirements**

• None

**Total Undergraduate Credit Hours Required:** 18

**Other Requirements**

• Internship, Co-op, or Independent Study credit cannot be used toward the minor.
College of Undergraduate Studies

Interim Vice Provost and Dean, Associate Vice Provost and Associate Dean: Melody A. Bowdon
MH 210; 407-823-2373
undergrad.ucf.edu

Associate Vice Provost and Associate Dean: Keisha Hoerrner
MH 210; 407-823-2373

Assistant Dean: Harrison Oonge
MH 210; 407-823-2373

Assistant Dean: Kimberly Schneider
MH 210; 407-823-2373

Director: Wayne Bowen
TCH 239; 407-823-0144

The College of Undergraduate Studies provides students with a robust and individualized course of study through its Interdisciplinary Studies degree program. The college confers academic degrees that include Bachelor of Arts and Bachelor of Science in Interdisciplinary Studies, Bachelor of Arts IDS - Diversity Studies Track, Bachelor of Science in Environmental Studies and Bachelor of Integrative General Studies. It also serves as a partner to UCF's colleges and units in their curricular planning, collaborates with faculty curricular oversight, works with faculty and administrators to assure the strength of university-wide programs such as general education, and advocates for an undergraduate education that offers an outstanding learning experience to UCF students.

Program Contact: College of Undergraduate Studies - Interdisciplinary Studies Advising
Academic Advisers: Karen Baxley, Luisa Cintron, James Smith, Amy Van Epps, Peter Wallace

Interdisciplinary Studies

The bachelor's in Interdisciplinary Studies is a university-wide program leading to either a Bachelor of Arts or a Bachelor of Science in Interdisciplinary Studies. The degree specialization earned depends on the majority of course areas selected in consultation with an Interdisciplinary Studies advisor. The bachelor's in Interdisciplinary Studies requires students to study three distinct, but complementary disciplines. Students must successfully complete two unique IDS Core courses (Cornerstone and Capstone), and select two IDS Areas of Study and a minor. This degree is available online, but not for all areas and minors.

Bachelor of Arts in Interdisciplinary Studies – Diversity Studies Track

The Bachelor of Arts in Interdisciplinary Studies – Diversity Studies Track is a broadly based interdisciplinary curriculum. The degree's interdisciplinary nature provides students with tools that can be applied across a spectrum of science, social behavior and humanities, while foregrounding the importance of analyses with a focus on diversity and inclusion in such categories as race, ethnicity, gender, sexuality, religion and ability. Students pursuing a career in social justice or advocacy work, involvement in international nonprofit organizations or diverse research and journalistic careers, as well as those seeking preparation for graduate study in related areas will enjoy the flexibility of this program. This track requires students to successfully complete two unique IDS core courses, 30 credit hours of courses related to theory and
representations/experiences of diversity, and select from a number of related minors such as the Women's and Gender Studies or Diversity and Social Inequality. This degree is available online.

**Bachelor of Science in Environmental Studies**

The Bachelor of Science in Environmental Studies incorporates curriculum from multiple disciplines including biology, chemistry, physics, mathematics, statistics, sociology, anthropology, political science, economics, public administration, geographic information systems, and philosophy to provide a broad understanding of interdisciplinary approaches to solving complex problems. Students will select the Sciences track for a greater depth of knowledge in botany, zoology, ecology, and chemistry or select the Communication and Planning track to acquire social, political and ethical knowledge to understand environmental actions and policy decisions. This degree is not available online although many courses are.

**Bachelor of Integrative General Studies**

The Bachelor of Integrative General Studies allows students to create a flexible, integrative and individualized course of study spanning a variety of topics. There are no concentrations, tracks or specializations within this degree program. Students are required to complete LDR 3115 and IDS 4939. Admission to this program requires 75 credit hours and the completion of ENC 1101 and ENC 1102. This degree is available online.

**Academic Services**

Associate Vice Provost and Associate Dean: Keisha Hoerrner

MH 210; 407-823-2691

Email: acadserv@ucf.edu

Academic Services upholds State of Florida and UCF policies and regulations regarding the academic record changes of undergraduate students, the curriculum management process, the degree audit program and the universitywide undergraduate graduation requirements.

It reviews academic record changes such as medical withdrawals, late adds/drops, late withdrawals, and college petitions for waivers of UCF degree requirements. Academic Services administers the myKnight Audit for undergraduate degree programs. Additionally, it reviews lower level transfer credit for satisfaction of General Education requirements, Gordon Rule writing and foreign language proficiency requirements. The Dean of the College of Undergraduate Studies serves as the final arbiter for all undergraduate academic appeals.

Academic Services also plays an integral role in UCF's curriculum management process. Supporting the Faculty Senate's responsibility for all curriculum committees and councils, as defined by its constitution, the College of Undergraduate Studies works closely with the chairs of both the Undergraduate Curriculum Review Committee (UCRC) and the Undergraduate Policy and Curriculum Committee (UPCC). The Dean of the College of Undergraduate Studies chairs the Common Program Oversight Committee (CPOC), the Senate body that oversees universitywide curricular requirements including the General Education Program. The College of Undergraduate Studies assists the committees throughout the review process, ensures approved courses and programs are sent to the appropriate state agencies, and facilitates the annual review of programs within the Undergraduate Catalog. Once proposals have been approved by any of the three curricular committees, the College of Undergraduate Studies' Dean is the next level of approval. Those approved by the Dean of the College of Undergraduate Studies then go to the Provost for final approval. The College of Undergraduate Studies also coordinates the development of articulation agreements between UCF's colleges and the Florida College System while also promoting dual enrollment articulation agreements with secondary schools.

**Major**

**Environmental Studies (B.S.)**

College of Undergraduate Studies

TCH, Suite 239

http://is.ucf.edu

Email: is@ucf.edu

407-823-0144

The Environmental Studies degree prepares students for a number of interesting and challenging careers. Its interdisciplinary nature provides students with tools that can be applied across a spectrum of science, social behavior, and humanities, using the strengths of the various areas. Students seeking journalistic or artistic careers will gain a scientific background by which to understand environmental science, while students going into the sciences will appreciate the social, political, and ethical dimensions of environmental actions and policy decisions.
Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must have declared an Environmental Studies major at least two semesters before graduation.
- Research, Internship, and Independent study credit cannot be used in this major without approval from Interdisciplinary Studies. Meet with a college advisor for additional information. 
- Co-op credit cannot be used in the major.
- Students must earn at least a "C" (2.0) grade in each required course in the core and restricted electives.
- Students must consult with a college adviser when entering the program.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- Students wishing to earn an Environmental Studies degree as a double degree, double major, or second degree, must complete all advanced level core requirements and restricted electives exclusive of credits done for the other degree(s) and/or major(s), including any minors associated with that degree.

General Education Program (GEP)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

1 may take a higher level math course

- MAC 1105C - College Algebra Credit Hours: 3 (Required) 
- STA 2023 - Statistical Methods I Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

- SYG 2000 - Introduction to Sociology Credit Hours: 3 (Required)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (Required)

Science Foundations (8 Credit Hours)

- BSC 2010C - Biology I Credit Hours: 4 (Required)
- CHM 2045C - Chemistry Fundamentals I Credit Hours: 4 (Required)

Common Program Prerequisites (CPP)

• SYD 4510 - Environment and Society  
  Credit Hours: 3
• EVR 3450 - Interdisciplinary Research Methods for Environmental Studies  
  Credit Hours:

Restricted Electives (18 Credit Hours)

• Students will complete one of the tracks listed below. Each track requires a minimum of eighteen credit hours. A student completing the Environmental Studies core can reasonably expect to meet entry requirements for most electives listed.
• The program will maintain a list of approved courses; substitutions require recommendation by an advisor and approval by the program director.
• Select eighteen hours in one concentration.

Communication and Planning Track

These courses count toward the 18 credit hours of electives for the Communication and Planning Track.

• ANT 3541 - Biobehavioral Anthropology  
  Credit Hours: 3
• ANT 4051 - Environmental Anthropology  
  Credit Hours: 3
• ECP 4303 - Environmental and Natural Resource Economics  
  Credit Hours: 3
• ENC 3241 - Writing for the Technical Professional  
  Credit Hours: 3
• ENC 4360 - Nature Writing  
  Credit Hours: 3
• INR 4351 - International Environmental Law  
  Credit Hours: 3
• PAD 3330 - Urban and Regional Planning  
  Credit Hours: 3
• PAD 4351 - Issues in Environmental Program Management  
  Credit Hours: 3
• PHI 3033 - Philosophy, Religion, and the Environment  
  Credit Hours: 3
• PHI 3640 - Environmental Ethics  
  Credit Hours: 3
• PHI 4400 - Philosophy of Science  
  Credit Hours: 3
• PHM 4031 - Environmental Philosophy  
  Credit Hours: 3
• PLA 4554 - Environmental Law  
  Credit Hours: 3
• PUP 3204 - Sustainability  
  Credit Hours: 3
• PUP 4209 - Urban Environmental Policy  
  Credit Hours: 3
• ANT 3290 - Anthropology of Plants and People  
  Credit Hours: 3
• ANT 3550C - Primatology  
  Credit Hours: 3
• ANT 3701 - Engagement & Social Change: Public Anthropology  
  Credit Hours: 3
• ANT 4123 - Archaeology of Coastal Societies  
  Credit Hours: 3
• ANT 4187 - Paleoethnobotany  
  Credit Hours: 3
• ANT 4467 - Nutritional Anthropology  
  Credit Hours: 3
• ANT 4480 - Global Health in Anthropological Perspective  
  Credit Hours: 3
• BSC 4861L - Urban Ecological Field Studies  
  Credit Hours: 3
• CPO 4794 - Indigenous Politics and the Environment  
  Credit Hours: 3
• ENV 3001 - Environmental Engineering  
  Credit Hours: 3
• ENV 4341 - Sustainable Resource Management  
  Credit Hours: 3
• HSC 4500 - Epidemiology  
  Credit Hours: 3
• INR 3016 - Global Political Issues  
  Credit Hours: 3
INR 4054 - Global Politics of Energy Credit Hours: 3
INR 4350 - Global Environmental Politics Credit Hours: 3
LIT 3437 - International Environmental Justice Literature Credit Hours: 3
PAD 4331 - Land Use and Planning Credit Hours: 3
PHH 3701 - Native American Philosophy Credit Hours: 3
PHI 3638 - Ethical Issues in the 21st Century Credit Hours: 3
PHI 3672 - Animal Ethics Credit Hours: 3
PHI 4633 - Ethics and Biological Science Credit Hours: 3
PSY 3630 - Psychology of Human-Animal Interaction Credit Hours: 3
PUR 3210 - Communication Approach to Corporate Social Responsibility Credit Hours: 3
REE 3614 - Environmental Issues for Real Estate Credit Hours: 3
SYD 4514 - Environmental Movement Credit Hours: 3
SYO 3408 - Animals and Health Credit Hours: 3
WST 4349 - Ecofeminism Credit Hours: 3

Skills-based courses

The following courses can count a maximum of 6 hours toward the 18 hours of required electives for the Communication and Planning Track.

- COM 4462 - Conflict Management Credit Hours: 3
- COM 4550 - Public Communication Campaigns Credit Hours: 3
- COM 4563 - Principles of Social Innovation and Activism Credit Hours: 3
- ENC 3455 - Writing about Science and Technology Credit Hours: 3
- EXP 3304 - Motivation and Emotion Credit Hours: 3
- EXP 3404 - Basic Learning Processes Credit Hours: 3
- MAN 4240 - Organizations: Theory and Behavior Credit Hours: 3
- MMC 3630 - Social Media as Mass Communication Credit Hours: 3
- POS 4206 - Political Psychology Credit Hours: 3
- SPC 4540 - Persuasion and Communication Credit Hours: 3
- SYA 4650C - Community Action and Involvement Credit Hours: 3
- SYP 3400 - Social Change Credit Hours: 3

Science Track

These courses count toward the 18 credit hours of electives for the Science Track.

- BCH 4053 - Biochemistry I Credit Hours: 3
- BCH 4054 - Biochemistry II Credit Hours: 3
- BOT 3802 - Ethnobotany Credit Hours: 3
- BOT 4303C - Plant Kingdom Credit Hours: 4
- BOT 4713C - Plant Taxonomy Credit Hours: 5
- BSC 4312C - Advanced Marine Biology Credit Hours: 4
- CHM 3120 - Analytical Chemistry Credit Hours: 3
- OCE 3008 - Oceanography Credit Hours: 3
- PCB 3063 - Genetics Credit Hours: 3
- PCB 3442 - Aquatic Ecology Credit Hours: 3
- PCB 4683 - Evolutionary Biology Credit Hours: 4
- PCB 4723 - Animal Physiology Credit Hours: 4
- ZOO 4910L - Research Experience in Animal Behavior in a Zoo Environment Credit Hours: 3
- BOT 3015 - Principles of Plant Science Credit Hours: 3
- BOT 3018C - Culinary Botany Across the Cultures Credit Hours: 4
- BOT 4223C - Plant Anatomy Credit Hours: 4
- BOT 4282L - PLANT MICROTECHNIQUES Credit Hours: 2
- BOT 4434C - General Mycology Credit Hours: 4
- BOT 4503C - Plant Physiology Credit Hours: 4
- BOT 4850 - Medical Botany Credit Hours: 3
- BSC 3052 - Conservation Biology Credit Hours: 3

- BSC 4821 - Biogeography Credit Hours: 4
- BSC 4861L - Urban Ecological Field Studies Credit Hours: 3
- CHS 4615 - Environmental Chemistry Credit Hours: 3
- ENY 3571 - Honey Bee Biology and Beekeeping Credit Hours: 3
- ENY 4004C - General Entomology Credit Hours: 4
- GLY 4730 - Marine Geology Credit Hours: 3
- GLY 4734 - Coastal Processes Credit Hours: 3
- MCB 4603 - Environmental Microbiology Credit Hours: 3
- PAZ 4234 - Zoo and Aquarium Management Credit Hours: 3
- PCB 3023 - Molecular Cell Biology Credit Hours: 3
- PCB 3343L - Principles of Field Ecology Credit Hours: 2-5
- PCB 3354 - Tropical Ecology and Conservation Credit Hours: 3
- PCB 3355L - Tropical Marine Biology Credit Hours: 2
- PCB 4353 - Florida Ecology, Natural History and Conservation Credit Hours: 3
- PCB 4408 - Urban Ecology Credit Hours: 3
- PCB 4514 - Genetics II Credit Hours: 3
- PCB 4684 - Population Genetics Credit Hours: 3
- PCB 4722 - Comparative Animal Nutrition Credit Hours: 4
- PCB 4802 - Comparative Endocrinology Credit Hours: 3
- ZOO 3454 - Ichthyology Credit Hours: 3
- ZOO 3713C - Comparative Vertebrate Anatomy Credit Hours: 5
- ZOO 4205C - Biology and Ecology of Metazoan Invertebrates Credit Hours: 4
- ZOO 4310C - Vertebrate Evolution & Ecology Credit Hours: 4
- ZOO 4462C - Herpetology Credit Hours: 4
- ZOO 4480 - Mammalogy Credit Hours: 4
- ZOO 4480L - Mammalogy Lab Credit Hours: 1
- ZOO 4513 - Animal Behavior Credit Hours: 3
- ZOO 4603C - Embryology/Development Credit Hours: 5
- IDS 4893 - Capstone Environmental Studies Credit Hours: 3

Electives

- Select primarily from upper level courses, with adviser approval.

Foreign Language Requirements

Admissions

- Two years of high school, or one year college language (or equivalent proficiency exam) prior to graduation

Graduation

- Proficiency equivalent to one semester of college instruction in a foreign language or American Sign Language. Standardized examinations for foreign languages may be used to meet the requirement.

Additional Requirements

- Three (3) credit hours in undergraduate research, internship, and/or service-learning. Students may substitute demonstrated proficiency or instruction in a foreign language equivalent to the second college semester for this requirement. Standardized examinations for foreign languages may be used to meet the requirement if the students opts for foreign language.

Required Minors

- None

Departmental Exit Requirements

- A grade of "C" or above (2.0) is required for each course taken in the subject areas and core.
- Computer Competency is met by completing this major.
University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Integrative General Studies (B.G.S.)

College of Undergraduate Studies
Office of Interdisciplinary Studies,
Trevor Colbourn Hall, Suite 239
Email: bigs@ucf.edu
Phone: 407-823-0144
https://undergrad.ucf.edu/ids/programs/bigs/

The Bachelor of Integrative General Studies offers a flexible and self-designed curriculum to degree-seeking students. The program allows students to draw on their multidisciplinary course work to refine and demonstrate their attainment of six learning outcomes that are in high demand.

- understanding of common human themes,
- awareness of diverse cultures, and understanding of the cultural, historical, economic, and social implications of learning experiences
accomplishments as successful writers, speakers, and producers of digital materials in the academic, civic, and professional worlds

understanding of scientific methods and ability to apply them to challenges facing society

capacity as well-informed citizens who can reason and can apply analytical, statistical, and computational methods to the challenges of a globally-diverse and technologically rich environment

ability to assess and decipher information in a world full of conflicting sources

understanding of leadership skills, including decision-making, collaboration, and problem-solving.

Students must complete all University-wide graduation requirements (general education, foreign language, Gordon Rule, etc.), some options for which are not available via online courses. For more information, see http://online.ucf.edu/.

Admission Requirements

- Approval by College of Undergraduate Studies and Knights Student Success Center
- Completion of 75 or more credit hours

Degree Requirements

- Students must declare the BIGS major prior to filing their intent to graduate.
- Students must earn at least a "C" (2.0) in each core course.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- Students in this program are not eligible for a double degree or double major.

General Education Program (GEP) (36 Credit Hours)

Plan of Study

Interdisciplinary Studies (B.A./B.S.)

Interdisciplinary Studies is a university-wide program leading to either the Bachelor of Arts or the Bachelor of Science in Interdisciplinary Studies, depending on the concentration of work selected in consultation with an Interdisciplinary Studies advisor. The program is administered through the Department of Interdisciplinary Studies and is designed for academic flexibility. It recognizes that there are many combinations of courses that meet the needs of individual students.

Interdisciplinary Studies (B.A. or BS) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements
Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must have declared an Interdisciplinary Studies major at least two semesters before graduation.
- Research, Internship, and Independent study credit cannot be used in this major without prior approval from Interdisciplinary Studies. Meet with a college advisor for additional information.
- Co-op credit cannot be used in this major.
- Students must earn at least a "C" (2.0) in each core and restricted elective course.
- Students must consult with a college adviser to enter the program.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- No courses can count in more than one subject area or in a subject area and a minor.
- Students wishing to earn an Interdisciplinary Studies degree as a double degree, double major, or second major, must complete all restricted elective credits exclusive of the credits done for the other degree(s) or major(s), including any minors associated with that degree or degrees.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

- None

Core Requirements: Basic Level (6 Credit Hours)

- IDS 3933 - Cornerstone Experience Credit Hours: 3
- IDS 4934 - Capstone Experience Credit Hours: 3

Core Requirements: Advanced Level

- None

Restricted Electives (30 Credit Hours)

- Students must complete two different subject area concentrations from among those specified below.
- Students must take a minimum of 15 hours of approved courses in each selected subject area (excluding GEP courses). Courses are considered approved only when they have been reviewed by an Interdisciplinary Studies adviser and not simply when they appear on a student audit.
- Students are required to take a minimum of 15 UCF hours, as well as 15 upper division hours, in the two areas combined.
- The program will maintain a list of approved courses; substitutions require recommendation by an advisor and approval by the program director.
- Up to three hours of undergraduate research, with a minimum grade of C (2.0), may be applied to restricted electives with prior program approval.
- Up to three hours of internship, whether graded or S/U, may be applied to restricted electives with prior program approval.
- See the Interdisciplinary Studies Advising Team for details regarding each area:
  - Arts
  - Behavioral and Social Sciences
  - Commerce
  - Communication
  - Computational Sciences
  - Education
Capstone Requirements

- **IDS 4934 - Capstone Experience** **Credit Hours:** 3
  Students take this course in their graduating semester.

Electives

- Select primarily from upper level courses, with an Interdisciplinary Studies adviser's approval.

Foreign Language Requirements

Admissions

- BA: Met by graduation requirement.
- BS: Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.
- Note: Students entering without having met the admission requirements must do so in order to graduate.

Graduation

- BA: Proficiency equivalent to one year of college instruction in either a foreign language or proficiency equivalent to American Sign Language III. Standardized examinations may be used to meet the requirement.
- BS: Proficiency equivalent to one semester of college instruction in a foreign language or one course with a multicultural dimension. Standardized examinations for foreign languages may be used to meet the requirement.

Additional Requirements

- None

Required Minors

- Students must complete a minor from those offered at UCF. The minor cannot overlap with the two subject areas. Minimum hours required for a minor is eighteen. The minor degree audit must be approved by, and completion of the minor certified by, the department offering the minor.

Departmental Exit Requirements

- A grade of "C" or above (2.0) is required for each course in the core and restricted electives.
- Computer Competency met by completing this major.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- None

Related Programs

- Interdisciplinary Studies, Transnational Gender, Race, and Sexuality Track (B.A.)
The Bachelor of Arts in Interdisciplinary Studies – Diversity Studies Track is a broadly based interdisciplinary curriculum. The degree's interdisciplinary nature provides students with tools that can be applied across a spectrum of science, social behavior, and humanities, while foregrounding the importance of analyses with a focus on diversity and inclusion in such categories as race, ethnicity, gender, sexuality, religion, and ability. Students pursuing a career in social justice or advocacy work, involvement in international nonprofit organizations or diverse research and journalistic careers, as well as those seeking preparation for graduate study in related areas will enjoy the flexibility of this program. This track requires students to take two unique IDS Core courses, 30 credit hours of courses related to theory and representations/experiences of diversity, and select from a number of related minors such as the Women's and Gender Studies or Diversity and Social Inequality. Students interested in pursuing this B.A. degree should contact the IDS Advising team at is@ucf.edu or 407-823-0144.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must have declared an Interdisciplinary Studies major - Diversity Studies Track at least two semesters before graduation.
- Research, Internship, and Independent study credit may be used in this major with prior approval from Interdisciplinary Studies director. Meet with an Interdisciplinary Studies advisor for additional information.
- Students must earn at least a "C" (2.0) in each core and restricted elective course.
- Students must consult with an Interdisciplinary Studies adviser when entering the degree program and regularly thereafter.
- Courses designated in 1. (General Education Program) and 2. (Common Program
Prerequisites) are usually completed in the first 60 hours.

- Students wishing to earn an Interdisciplinary Studies degree as a double degree, double major, or second degree, must complete all fifty-four credits exclusive of credits done for the other degree(s) and/or major(s), including any minors associated with that degree.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

- None

Core Requirements: Basic Level (6 Credit Hours)

- IDS 3933 - Cornerstone Experience Credit Hours: 3
- IDS 4934 - Capstone Experience Credit Hours: 3

Core Requirements: Advanced Level

- None

Restricted Electives (30 Credit Hours)

- Students are required to complete a minor from the list of approved minor. In addition, students will be required to complete 30 hours of approved courses from the Diversity Studies.
- Students must take a minimum of 12 hours of approved courses from List A (Theories of Diversity) and 18 hours of approved courses from list B (Experiences and Representations of Diversity) (excluding GEP courses).
- Students are required to take a minimum of 15 UCF hours, as well as 15 upper division hours, in the two areas combined.

Theories of Diversity (12 Credit Hours)

List A: Students will select 4 courses (12 Credit Hours) from the courses listed.

The program will maintain a list of approved courses; substitutions require recommendation by an advisor and approval by the program director.

World Comparative Studies Minor

College of Undergraduate Studies
Office of Interdisciplinary Studies,
Classroom I, Room: 302
http://www.is.ucf.edu
Email: is@ucf.edu
Phone: 407-823-0144

The World Comparative Studies (WCS) minor is an interdisciplinary academic program intended to prepare students to live and work in, and make sense of, an increasingly interdependent and multicultural world. Students with an interest in international studies, as well as careers in business, communications, economics, education, environmental science, history, and politics, are invited to consider the minor as a supplement to their major.

All students must engage in an approved international experience. The language proficiency requirement must also be met.

### World Independent Specialization

- Any five upper division courses from the approved list of courses in any thematic concentration may be selected for this option with approval of the Interdisciplinary Studies office.

### Foreign Language Requirements

- Students must demonstrate the equivalent of one year of successful college-level study in a foreign language. They can do this either by successful completion of the appropriate college-level course(s) or by examination.

### Total Undergraduate Credit Hours Required: 18

### Other Requirements

- A grade of "C" (2.0) or above is required in each course used to satisfy the minor.
- At least 15 hours used in the minor must be earned at UCF.
- No credit by exam (TSD, Military credit) may be used.
- Internship or Independent Study and international experiences require prior approval from Interdisciplinary Studies to be used in the minor.
Certificate

Cultural Tourism Certificate

College of Undergraduate Studies
Office of Interdisciplinary Studies, Classroom 1, Room: 302
http://www.is.ucf.edu
Email: is@ucf.edu
Phone: 407-823-0144

This certificate harnesses the naturally related fields of tourism to cultural studies, focusing on the specific cultural and business conditions in Central Florida as well as tourism. The certificate complements several fields, including Hospitality Management, African American Studies, History, Anthropology, and Political Science. The cultural theme can be fulfilled by specialized areas in African American Heritage, Anthropology, Environmental Tourism, or Latin American.

Geographic Information Systems Certificate

College of Undergraduate Studies
Office of Interdisciplinary Studies

GIS Certificate Coordinator:
Dr. Timothy Hawthorne, timothy.hawthorne@ucf.edu, 407-823-1030

GIS is an essential research tool for a wide range of disciplines because it allows researchers to work with different kinds of information in a spatial context. The GIS certificate program focuses on developing students’ basic understanding and specific applications of GIS in a variety of contexts.

Admission Requirements

Certificate Requirements

• None

GIS Certificate Requirements (12 Credit Hours)

• Two Core courses (6 Credit Hours)
• Two courses of elective coursework (6 Credit Hours)

First Core Courses

Choose one course from among the courses below:

• ANT 4852 - GIS Methods in Anthropology Credit Hours: 3
• ANG 5852 - GIS Methods in Anthropology Credit Hours: 3
• GIS 3043C - GIS for Environmental Studies Credit Hours: 3
• PAD 4712 - Information Systems for Public Managers and Planners Credit Hours: 3
• POS 4764 - GIS for Political Analysis Credit Hours: 3
• SYA 3352 - Spatial Sociology I: Intro to GIS Credit Hours: 3

Second Core Courses

Choose one course from among the courses below:

• GIS 4301C - Advanced GIS Applications in Environmental Studies Credit Hours: 4
• SYA 4354 - Geographic Information Systems Applications Credit Hours: 3
• ANT 4854 - Advanced GIS Methods in Anthropology Credit Hours: 3

Elective Courses

Choose 2 courses from among the elective courses below, Other courses may be substituted with permission of the Coordinator. Other courses may be substituted with permission of the Coordinator.
- BSC 4821 - Biogeography Credit Hours: 4
- CGN 3700C - Civil Engineering Measurements Credit Hours: 2
- CJE 4654 - Crime and Place Credit Hours: 3
- CJE 4663 - Crime Mapping and Pattern Analysis Credit Hours: 3
- CJE 3662 - CJ Information Technology and Data Management Credit Hours: 3
- CWR 5634 - Water Resources In A Changing Environment Credit Hours: 3
- EEL 5432 - Satellite Remote Sensing Credit Hours: 3
- EEL 5820 - Image Processing Credit Hours: 3
- HFT 4735 - Tourism Geography Credit Hours: 3
- HUM 4394 - Place and Space Credit Hours: 3
- LIT 3206 - Place and Space in Literature Credit Hours: 3
- OSE 4830 - Imaging and Display Credit Hours: 3
- PCB 4408 - Urban Ecology Credit Hours: 3
- PUP 4209 - Urban Environmental Policy Credit Hours: 3

Only one of the following two Database courses may be chosen

- CET 4427 - Applied Database I Credit Hours: 3
- CGS 2545C - Database Concepts Credit Hours: 3

Only one of the following three Computer Science courses may be chosen

- COP 2500C - Concepts in Computer Science Credit Hours: 4
- COP 3223C - Introduction to Programming with C Credit Hours: 3
- COP 3223H - Honors Introduction to Programming with C Credit Hours: 3

Prerequisite Courses

• Students cannot complete both the Leadership Studies certificate and the Leadership Studies minor.

**Service-Learning Certificate**

College of Undergraduate Studies  
Office of Interdisciplinary Studies, CSEL, Suite 300  
http://www.explearning.ucf.edu  
A. Zeh, Amy.Zeh@ucf.edu, 407-823-2667

The certificate program in Service-Learning is designed for students in any discipline who seek to engage in a reflective analysis of community service as it relates to academic course work. Service-Learning furthers the learning objectives of the academic course, addresses community needs, and requires students to reflect on their activity in order to gain an appreciation for the relationship between civics and academics. Through Service-Learning (SL) courses, students develop academic skills, civic responsibility, and career opportunities. Since this certificate requires the completion of four SL courses, it reflects significant interest and commitment to this process. This certificate is open to all undergraduate and graduate students in any major.

**Certificate Admission Requirements**

• None

**Certificate Requirements**

• None

**Prerequisite Courses**

• None

**Required Courses (12 Credit Hours)**

Four UCF-approved SL courses

• Students may choose any four of the UCF-approved service-learning courses in any discipline to satisfy the credit hour requirements. Service-Learning courses are designated with an "SL" and can be accessed under "special groups" in the class schedule. Students may also contact the Office of Experiential Learning to clarify SL designated courses.

**Restricted Electives**

• None

**Foreign Language Requirements**

• None

**Total Semester Hours Required**

• 12

**Other Requirements**

• Minimum GPA of 2.5 in UCF-approved SL classes.
• Minimum of 60 community service hours in four (4) UCF-approved SL classes.
Rosen College of Hospitality Management

Rosen Campus Academic Advising:
9907 Universal Boulevard, Suite 201; 407-903-8056

The hospitality industry is the second largest employer in the United States and represents the majority of the economy's rapidly growing service sector. Because of its unique location in the premier tourist destination in the world, the Rosen College of Hospitality Management is ideally situated to prepare students for leadership careers in the hospitality industry and beyond. Whether the student is interested in entering lodging, food service, travel and tourism, financial management and technology, theme parks, vacation ownership resorts, golf management, or event management, the Orlando and Central Florida area offers extraordinary opportunities.

Over 72 million tourists visit Orlando each year, an international destination with over 400 hotels with 120,000 rooms, 20,000 vacation ownership units, 5,300 restaurants, 176 golf courses, over 100 theme parks and attractions, 12 regional shopping malls, a top-ranked international airport, the second largest convention center in the nation, and a multitude of sport and entertainment venues. As the most visited location in the United States, Orlando's hospitality and tourism industry is the region's largest employer, supplying approximately 449,000 jobs with wages exceeding $14 billion annually.

The educational mission of the College is to provide students with the knowledge, skills and abilities to identify opportunities and challenges in the hospitality industry and beyond, and to apply creative decision-making techniques in response to those opportunities. Hospitality is relevant to every business, so students will benefit from an education that's transferable to both private and public entities that value the customer experience.

The curriculum is designed to prepare students for a broad range of managerial roles across various industries. It provides both academic preparation and practical experiences that students need to enter and succeed in their careers. Students also have the opportunity to experience the work world in hospitality through internship requirements and extensive contact with leading hospitality executives in the Central Florida area. There are five undergraduate degrees offered, including Bachelor of Science degrees in Hospitality Management, Event Management, Entertainment Management, Senior Living Management and Restaurant and Food Service Management.

The college also houses the Linda Chapin Eminent Scholar Chair in Tourism Management, the Visit Orlando Endowed Chair of Tourism Marketing, the William C. Peep Preeminent Professorship in Destination Marketing, the CFHLA Preeminent Chair Professor within the Hospitality Services Department and the Dick Pope Sr. Institute for Tourism Studies which was created and funded by the travel and tourism industry in Central Florida. The Institute conducts research and gathers information that helps the entire Orlando area hospitality industry better understand and serve its many guests from around the world.

Distinctive Benefits

- A state-of-the-art facility located in the heart of the tourism district in Orlando, Florida with convenient on-campus housing.
- Access to global hospitality organizations that serve one of the world's premier tourist destinations.
- Extensive ties to top leaders in the Orlando area hospitality industry.
- A large number of scholarships provided through the generous support of the industry.

UCF Undergraduate Catalog 2019-2020 - 1079
Outstanding faculty from 17 different countries.
A highly engaged faculty with vast industry knowledge and connections.
A work requirement that provides students with practical experiences in the hospitality industry.
Outstanding internship opportunities.
A modern food production laboratory and beer and wine laboratory completely equipped to provide students with experience in food preparation.
Multiple endowed chairs and professorships.

Restaurant and Foodservice Management, A.S. to B.S. Track (B.S.)

Rosen College of Hospitality Management
Department of Foodservices and Lodging Management
9907 Universal Boulevard
Admission Requirements

- Students who have followed the program of study and completed their A.S. in Restaurant and Foodservice Management at Valencia College and maintain a 2.0 GPA (not including grade forgiveness) in transfer work, will be accepted into UCF Rosen College of Hospitality Management.

Degree Requirements

- Grades of "C-" (1.75) or below do not transfer into Hospitality Management courses.
- A grade of "C" (2.0) or better is required in each course that applied towards the major.

General Education Program (12 Credit Hours)

- An additional 12 hours of General Education are required to satisfy the required 36 hours for the Bachelor of Science degree. Students are strongly encouraged to speak with an advisor before selecting the additional General Education courses since requirements are different between two institutions. Students must complete their last 30 hours of their B.S. degree at UCF. Please see a Financial Aid advisor so that your enrollment is covered in these courses.

Restricted Electives (15 Credit Hours)

• Students should select five 3000-4000 level courses from the following to fulfill the hospitality management restricted elective requirement or select one of the Specialized Tracks.

Restricted Electives (15 Credit Hours)

Students must take 15 credit hours (five courses) from the following:

• FSS 3008 - Culture and Cuisine  
  Credit Hours: 3
• FSS 4286C - Catering Management  
  Credit Hours: 3
• HFT 3357 - Sport and Club Event Operations  
  Credit Hours: 3
• HFT 3384 - Sport and Club Enterprise Management  
  Credit Hours: 3
• HFT 3654 - Hospitality Franchising  
  Credit Hours: 3
• HFT 3741 - Meeting Management  
  Credit Hours: 3
• HFT 3770 - Cruise Line Operations and Management  
  Credit Hours: 3
• HFT 3868 - History and Culture of Wine  
  Credit Hours: 3
• HFT 4065 - Fine Spirits Management  
  Credit Hours: 3
• HFT 4253 - Advanced Lodging Operations  
  Credit Hours: 3
• HFT 4266 - Hospitality Brand Management  
  Credit Hours: 3
• HFT 4274 - Resort Management  
  Credit Hours: 3
• HFT 4343 - Hospitality Facilities Management  
  Credit Hours: 3
• HFT 4473 - Hospitality and Tourism Development  
  Credit Hours: 3
• HFT 4522 - Resort Sales Tactics and Strategies  
  Credit Hours: 3
• HFT 4751 - Managing the Employee Experience in the Theme Park and Attraction Industry  
  Credit Hours: 3
• HFT 4561 - Destination Marketing & Management  
  Credit Hours: 3
• HFT 4614 - Risk Management in Theme Parks and Attractions  Credit Hours: 3
• HFT 4735 - Tourism Geography  Credit Hours: 3
• HFT 4736 - Destination Management  Credit Hours: 3
• HFT 4759 - Product Development in Theme Parks and Attractions  Credit Hours: 3
• HFT 4752 - Managing the Guest Experience in the Theme Park and Attraction Industry  Credit Hours: 3
• HFT 4758 - Operational Issues in the Theme Park and Attraction Industry  Credit Hours: 3
• HFT 4864 - Seminar in Quality Brewing and Fine Beer  Credit Hours: 3
• HFT 4866C - Exploring Wines of the World  Credit Hours: 3
• HFT 4894 - International Gastronomy  Credit Hours: 3
• HUN 3013 - Nutrition Concepts and Issues in the Food Service Industry  Credit Hours: 3
• HFT 4394 - Event Operations  Credit Hours: 3

Specialized Tracks (15 Credit Hours)

Theme Park and Attraction Management Track (15 Credit Hours)

• HFT 4751 - Managing the Employee Experience in the Theme Park and Attraction Industry  Credit Hours: 3
• HFT 4614 - Risk Management in Theme Parks and Attractions  Credit Hours: 3
• HFT 4759 - Product Development in Theme Parks and Attractions  Credit Hours: 3
• HFT 4752 - Managing the Guest Experience in the Theme Park and Attraction Industry  Credit Hours: 3
• HFT 4758 - Operational Issues in the Theme Park and Attraction Industry  Credit Hours: 3
• HFT 4795 - Entertainment Arts and Events  Credit Hours: 3

Lodging Management Track (15 Credit Hours)

• HFT 3654 - Hospitality Franchising  Credit Hours: 3

Hospitality Information Technology Track (15 Credit Hours)

• HFT 3443 - Event Technology  Credit Hours: 3
• HFT 3444 - Hospitality Information Systems  Credit Hours: 3
• HFT 3564 - Digital Marketing for Hospitality Organizations  Credit Hours: 3
• HFT 3447 - Database Management and Internet Security for Hospitality Organizations  Credit Hours: 3
• HFT 3505 - Social Media Management in the Hospitality Industry  Credit Hours: 3

Capstone Requirements

This class must be taken in senior year.

• HFT 4295 - Leadership and Strategic Management in Hospitality Industry  Credit Hours: 3

Electives

• 3-11 hours as necessary to result in 120 total credit hours.

Foreign Language Requirements

Admissions

• State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to
those students admitted to the University without
the required two units of foreign language in high
school.)

**Graduation**

- None

**Additional Requirements**

- Final exams will be given during Exam Week only.
- Transfer students to this program must take a
  minimum of thirty (30) credit hours in
  Hospitality Management core classes or restricted
electives at UCF.

**Required Minors**

- None

**Departmental Exit Requirements**

- Students must earn a minimum 2.0 overall GPA
  in course work taken within the Rosen College of
  Hospitality Management, and a minimum 2.0
  GPA in all courses listed in the common program
  prerequisites, the basic and advanced core
courses, and the restricted electives.

**University Minimum Exit Requirements**

- A 2.0 UCF GPA
- 48 semester hours of upper division credit
  completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be
  completed in residency at UCF.
- A maximum of 45 hours of extension,
correspondence, CLEP, Credit by Exam, and
  Armed Forces credits permitted.
- Complete the General Education Program, the
  Gordon Rule, and nine hours of Summer credit.

**Total Undergraduate Credit Hours**

**Required:** 120

**Additional Information**

**Honors In Major**

- None

**Related Programs**

- None

**Certificates**

- None

**Related Minors**

- None

**Advising Notes**

- Students must earn a "C" (2.0) or better in each
course listed in the common program
prerequisites, the basic and advanced cores, and
the restricted electives.

**Transfer Notes**

- Subject to the general grade and residence
  requirements, credit will be granted for
  transferred course work equivalent to that
  required in the UCF College of Hospitality
  Management.
- Florida College System students are encouraged
to complete the general education requirements
prior to transferring to UCF.
- A minimum of 30 semester hours must be
  completed at UCF within the hospitality major.
- Orientation and advising are two of the most
  valuable tools that a student can make use of
  when transferring to UCF. Students should take
  advantage of both.
Acceptable Substitutes for Transfer Courses

- A minimum overall GPA of "C" (2.0) or better in all courses used to satisfy the minor.
- At least 12 credit hours used in the minor must be earned at UCF within the College.
- No credit by exam (TSD, Military credit) may be used in the minor.
- It is the responsibility of the student to take whatever steps are necessary to determine if they have been officially dropped from a course. This does not remove the student's responsibility for dropping courses they do not intend to complete.
- Final exams will be given during Final Exam Week only.
- Internship or Independent Study credit cannot be used toward the minor.
Restricted Electives (3 hours)

- Students select 1 additional course from the following list
- HFT 3443 - Event Technology Credit Hours: 3
- HFT 3564 - Digital Marketing for Hospitality Organizations Credit Hours: 3

Foreign Language Requirements

None

Total Semester Hours Required: 12 Hours

Articulated A.S. Programs

Hospitality Management, A.S. to B.S. Track (B.S.)

Rosen College of Hospitality Management
Department of Hospitality Services,
9907 Universal Boulevard, Orlando, FL 32819
Email: hospitality@mail.ucf.edu

TBA, Department Chair

Dr. Alan Fyall, Associate Dean
Dr. Youcheng Wang, Dean
Phone: 407-903-8000

Admission Requirements

- Completion of a Statewide Articulated A.S. in Hospitality Management from a Florida College System institution which is composed of 64 hours of course work, including at least 18 hours of transferable general education courses. Course work will be comprised of 18 hours of general education and 42 hours of upper division hospitality management course work as determined by an individual plan of study. Below is a sample plan of study

Degree Requirements

- Students must earn a minimum 2.0 overall GPA in course work taken within the Rosen College of Hospitality Management, and a minimum 2.0 GPA in all courses listed in the common program prerequisites, the basic and advanced core courses, and the restricted electives.
- Students must earn a “C” (2.0) or better in each course listed in the common program prerequisites, the basic and advanced core, and the restricted electives.

General Education Program (GEP)
(18 Credit Hours)

Students will complete 18 hours of selected General Education courses. The specific courses will be determined in coordination with General Education courses completed as part of the articulated A.S. and come from the following areas:

- Communication Foundations
- Cultural & Historical Foundations
- Mathematical Foundations
- Social Foundations
- Science Foundations

- TPA 3172 - Flash, Bash, and Splash: Concerts,
  Wrestling, & Circus Credit Hours: 3

Capstone Requirements

- Completion of 3 specialized Entertainment
  Management Internships, see Faculty Internship
  Coordinator for guidance.

Electives

- Per specified within the curriculum requirements.

Foreign Language Requirements

Admissions

- State University System foreign language
  admission requirement: two years in high school
  or one year in college instruction in a single
  foreign language. (This requirement applies to
  those students admitted to the University without
  the required two units of foreign language in high
  school.)

Graduation
Additional Requirements

- Final exams will be given during Final Exam Week only.
- Transfer students to this program must take a minimum of thirty (30) credit hours in Hospitality Management core classes or restricted electives at UCF.

Required Minors

- None

Departmental Exit Requirements

- Completion of 3 hours of Specialized Entertainment Management Internship course work.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Minor

Event Management Minor

Rosen College of Hospitality Management
Department of Tourism Event and Attractions
9907 Universal Blvd. Orlando, FL 32819
http://www.hospitality.ucf.edu
Email: Hospitality@ucf.edu
TBA, Department Chair
Dr. Youcheng Wang, Dean
Phone: (407) 903-8000

This minor is well suited and intended for students who have interest in the field of the performing arts (Music, Arts, and Theater). The Event Management minor is geared to expose and increase students' knowledge base of the growing hospitality and event industries. This program teaches students how to strategically promote various types of events and how to identify potential risk while planning and executing an event(s). Students will be able to individualize their minor by the option to choose two restricted event management electives focused toward their career interest.

Admission Requirements
Not open to majors of the Rosen College of Hospitality Management.

Minor Requirements

• None

Prerequisite Courses

• Students who have not completed the prerequisites should contact the Instructor for consent to enroll.

Required Courses (12 Credit Hours)

• HFT 2750 - The Event Industry Credit Hours: 3
• HFT 3443 - Event Technology Credit Hours: 3
• HFT 3512 - Event Promotion Credit Hours: 3
• HFT 3670 - Hospitality and Event Risk Management Credit Hours: 3

Restricted Electives (6 Credit Hours)

Select Two: (6 Credit Hours)

• HFT 3357 - Sport and Club Event Operations Credit Hours: 3 or
• HFT 3519 - Event Services Credit Hours: 3 or
• HFT 3523 - Event Sales Credit Hours: 3 or
  (Prerequisite for HFT 3523 is HFT 3519)
• HFT 3741 - Meeting Management Credit Hours: 3 or
• HFT 3798 - Fairs and Festivals Credit Hours: 3 or
• HFT 4561 - Destination Marketing & Management Credit Hours: 3 or
• HFT 4795 - Entertainment Arts and Events Credit Hours: 3 or
• HFT 4796 - International Events Credit Hours: 3 or
• HFT 4866C - Exploring Wines of the World Credit Hours: 3

Foreign Language Requirements

• None

Total Undergraduate Credit Hours Required:

• 18

Other Requirements

• A minimum GPA of 2.0 in all courses used to satisfy the minor.
• At least 12 credit hours used in the minor must be earned at UCF within the Rosen College.
• No credit by exam (TSD, Military credit) may be used in the minor.
• Final Exams will be given during Final Exam week only.
• No substitutions are allowed for any of the required minor courses.

Nicholson School of Communication and Media

Director: Robert Littlefield  
NSC238; 407-823-1711  
https://communication.ucf.edu/

Senior Associate Director: Boyd Lindsley  
Associate Director: Nan Yu  

CAH Dean: Jeffrey Moore  
https://www.cah.ucf.edu/  
COS Dean: Michael Johnson  
http://sciences.ucf.edu/  

The Nicholson School of Communication and Media (NSCM) is an interdisciplinary, inter-college school with communication, digital media, mass media and film programs that will redefine content creation, digital art, and communication for the 21st century. The school combines programs from the College of Art and Humanities and the College of Sciences.

The school includes programs in journalism, radio-television, advertising-public relations, communication, digital media, film and the Florida Interactive Entertainment Academy. Beginning fall 2019, NSCM’s communication and digital media programs will join the Florida Interactive Entertainment Academy (FIEA) at UCF Downtown, a 21st century campus with access to arts, culture, nightlife and industry.

NSCM holds as its mission the promotion of:

- Free inquiry, free speech, and the free flow of information and ideas in a diverse, contemporary society;
- A creative, collaborative, and ethical environment for research and for the production of high-quality games, interactive media, film, and mass communication;
- Rigorous, relevant, and stimulating undergraduate and graduate curricular and cocurricular programs that are research based, preparing students for professional careers or advanced graduate study; and
- Engagement, collaboration, and research with community partners to serve the university, communication and media industries, and our broadly-defined service area in central Florida and beyond.

By combining the strengths of these two great colleges at UCF, we believe that our students will be better prepared for life after graduation and UCF will continue to be a national leader in higher education.

For information concerning graduate programs, please refer to the Graduate Catalog:  

Advisement

Nicholson Academic Student Services Center (NASSC)

Assistant Director: Rebecca Morales  
NSC143; 407-823-2681  
Email: nassc@ucf.edu  
https://communication.ucf.edu/advising/  

The Nicholson Academic Student Services Center (NASSC) provides advising for all programs within the School. In addition to the open access programs, there are several limited-access programs that require a separate application and course prerequisites in order to be accepted into the major. In other cases, only a change of major request is required. Refer to individual program pages for program-specific requirements. Students seeking admission into limited-access programs are encouraged to meet with an advisor in the NASSC at least once per semester to ensure they remain on track to qualify for these programs.

College of Arts and Humanities Student Advising (CAHSA)

Director: Delia Garcia  
TCH 159; 407-823-3312  
Email: cahsa@ucf.edu  
http://cahsa.cah.ucf.edu  

CAHSA is the primary office for undergraduate academic programs in the College of Arts and Humanities. These include the bachelor's and related minor and certificate programs in Film and Digital Media. CAHSA assists students with program and degree requirements, policies, and procedures as well as coordinates orientation, registration, readmission, and graduation. Questions concerning university and college academic policies and requirements should be directed to CAHSA. Questions concerning the specific requirements within the School should be directed to the Nicholson Academic Student Services Center.
College of Sciences, Advising Services (COSAS)

Director: Lee Anne Kirkpatrick
CSB 250; 407-823-6131
Email: cosas@ucf.edu
http://sciences.ucf.edu/cosas/

COSAS is the primary office for undergraduate academic programs in the College of Sciences. These include the bachelor's and related minor and certificate programs in Human Communication, Communication and Conflict, Advertising and Public Relations, Journalism, and Radio-Television. COSAS assists students with program and degree requirements, policies, and procedures as well as coordinates orientation, registration, readmission, and graduation. Questions concerning university and college academic policies and requirements should be directed to COSAS. Questions concerning the specific requirements within the School should be directed to the Nicholson Academic Student Services Center (NASSC). For additional information about COSAS, please visit our website.

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the College of Sciences are located at:
http://oeas.ucf.edu/academiclearningcompacts.html

Graduate Programs

For a full list of graduate programs, including the new Ph.D. in Strategic Communication, please see the Graduate Catalog.

Department of Communication

Assistant Director: Deanna Sellnow
NSC 244; 407-823-3144
https://communication.ucf.edu/communication/

Advising: Nicholson Academic Student Services Center (NASSC)

The Communication department offers three Bachelor of Arts degrees and several certificate and minors. The undergraduate degrees are:

1. Advertising-Public Relations: Provides knowledge of theory, concepts, and practical skills in both advertising and public relations for professional careers.
2. Communication and Conflict: Provides skills and knowledge that empower careers in mediation, arbitration, employee assistance providers, human resources, and management. The major also serves as excellent preparation for graduate studies in communication, management, and law. Students study the interaction of communication and conflict at all levels – from the interpersonal to the intercultural – with a strong emphasis on experiential learning and real-world applications.
3. Human Communication: Provides knowledge of theory, opportunities for active engagement, and development of skills needed to interact effectively in both professional and personal contexts. Students may pursue a general human communication studies track or a specialized track focusing in the following: business and professional communication, health communication, interpersonal communication, or social innovation and activism.

Facilities

The Nicholson School of Communication and Media building provides a superior teaching/learning facility, including multi-media instructional classrooms. The Advertising/Public Relations program has a computer writing and media lab. The Human Communication and the Communication and Conflict programs have a small group and interpersonal research laboratory equipped with research equipment and audio/video record/playback tools.

Graduate Programs

The Department of Communication also offers a master's in Communication and a graduate certificate in Corporate Communication. For more information about these programs, please refer to the Graduate Catalog.

Major
Advertising/Public Relations (B.A.)

Nicholson School of Communication and Media
NSCM, Room: 143
https://communication.ucf.edu

Joan McCain, joan.mccain@ucf.edu

Nicholson Academic Student Services Center (NASSC)
nassc@ucf.edu
Phone: 407-823-2681

The mission of the Advertising/Public Relations program is to prepare students for careers in the widely diverse fields of advertising and public relations by providing a high-quality education to students in core values, ethics and the concepts, strategies, and techniques of strategic communication, and to promote student engagement that influences real-world experience through internships, partnerships and community involvement.

Admission Requirements

- The Advertising/Public Relations program is a limited access program that requires a separate application.
- Students should apply to become Advertising/Public Relations majors only after completing all requirements for admission.
- Students must satisfactorily complete a minimum of 30 credit hours of college work before applying.
- The student's GPA is a major component of the admission criteria.
- The admission GPA will be calculated using all college work attempted.
- The GPA cut-off for admission varies each semester, depending on the applicants; but for the previous six admission periods, the GPA averaged 3.3.
- Students must pass a grammar proficiency exam administered by UCF's Testing Center, unless the student has qualifying AP or IB scores, or a "B" is earned in both freshman GEP English classes.
- Students can contact NASSC for specifics of admission criteria.

- Students must receive a positive evaluation by the Nicholson School of Communication and Media.
- Students must be in good academic standing.
- Students must complete or be enrolled into and complete the following courses with a "C" or better (if in progress at the time of admission, students who do not earn a "C" or better will be removed from the program):
  - ADV 3008 - Principles of Advertising Credit Hours: 3
  - PUR 4000 - Public Relations Credit Hours: 3

Complete the following: (6 Credit Hours)

Application Deadlines:

- October 1 to be admitted the next spring term;
- February 1 to be admitted the next summer term;
- June 1 to be admitted the next fall term.

Degree Requirements

- Students who change degree programs (other than from Ad-PR Pending) and select this major must adopt the most current catalog.
- Co-op credit can be used in the major with advisor's prior approval.
- Students should consult with a school advisor.
- School residency requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Nicholson School of Communication and Media.
- Of the 120 hours required for graduation, 72 hours must be taken outside of the disciplines of Communication and Media Studies (Radio-TV and Journalism) represented within the Nicholson School of Communication and Media. Of these 72 hours, 48 must be taken in the liberal arts (i.e. within the College of Arts & Humanities or the College of Sciences). Film and Digital Media courses will be permitted as liberal arts courses. .
- Students electing to complete a minor must select the minor from outside the Nicholson School of Communication and Media to remain below the 48 credit hour school maximum.
- A maximum of three credit hours of internship may be earned in one semester.
• All prerequisites of courses taught within the College of Sciences will be enforced.
• Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

• ENC 1101 - Composition I Credit Hours: 3 (Required)
• ENC 1102 - Composition II Credit Hours: 3 (Required)
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3

Cultural & Historical Foundations (9 Credit Hours)

• AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Preferred)
• Select two courses from Cultural & Historical Foundation, Area 2; Credit Hours: 6

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)

Select one:

• MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
• MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)
• May substitute a higher level math with appropriate scores on the Math Placement Exam.

Statistics: (3 Credit Hours)

Select one:

• STA 2014C - Principles of Statistics Credit Hours: 3 (Required)
• STA 2023 - Statistical Methods I Credit Hours: 3 (Required)
• May substitute a more advanced STA course.

Social Foundations (6 Credit Hours)

Social Sciences (3 Credit Hours)

Select one:

• ANT 2000 - General Anthropology Credit Hours: 3 (Required)
• PSY 2012 - General Psychology Credit Hours: 3 (Required)
• SYG 2000 - Introduction to Sociology Credit Hours: 3 (Required)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

Select either economics course:

• ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (GEP)
• ECO 2023 - Principles of Microeconomics Credit Hours: 3 (GEP)

Speech:

• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (GEP)
Core Requirements: Basic Level (6 Credit Hours)

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken along with the following:

Must be in progress or completed before applying to the program:

Complete all of the following: (6 Credit Hours)

For admission to the program, students must complete or be enrolled into and complete the following courses with a "C" or better (if in process at the time of admission, students who do not earn a "C" or better will be removed from the program).

- ADV 3008 - Principles of Advertising Credit Hours: 3
- PUR 4000 - Public Relations Credit Hours: 3

May be completed before or after admission to the program:

Complete either economics class:

- ECO 2013 - Principles of Macroeconomics Credit Hours: 3 (GEP/PP)
- ECO 2023 - Principles of Microeconomics Credit Hours: 3 (GEP/PP)

Complete either speech class:

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (GEP/PP)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (GEP/PP)

Complete either statistics class:

- STA 2014C - Principles of Statistics Credit Hours: 3 (GEP)
- STA 2023 - Statistical Methods I Credit Hours: 3 (GEP)

Core Requirements: Advanced Level (24 Credit Hours)

Complete after admission to the program:

- ADV 4101 - Advertising Copywriting Credit Hours: 3
- MMC 3200 - Mass Communication Law Credit Hours: 3
- MMC 3420 - Mass Media Research Methods Credit Hours: 3
- MMC 3630 - Social Media as Mass Communication Credit Hours: 3
- MMC 4411 - Ad-PR Campaigns Credit Hours: 3
- PUR 3100 - Writing for Public Relations Credit Hours: 3
- VIC 3001 - Visual Communication Credit Hours: 3

Internship: Select one (3 Credit Hours)

- ADV 4941 - Internship Credit Hours: 3
- PUR 4941 - Internship Credit Hours: 3

Restricted Electives (15 Credit Hours)

Select from the following after admission to the program. If you choose internship, you may take either ADV or PUR, but not both:

- ADV 3001 - Advertising Strategy Credit Hours: 3
- ADV 4103 - Radio-Television Advertising Credit Hours: 3
- ADV 4300 - Advertising Media Planning Credit Hours: 3
- ADV 4941 Internship Credit Hours: 3
- PUR 3004 - Public Relations and Society Credit Hours: 3
- PUR 3210 - Communication Approach to Corporate Social Responsibility Credit Hours: 3
- PUR 4600 - PR Strategies Credit Hours: 3
- PUR 4014 - Preparing for Public Relations Certification Credit Hours: 3
• PUR 4110C - Public Relations Publications  
  Credit Hours: 3
• PUR 4203 - PR/Advertising Ethics and Law  
  Credit Hours: 3
• PUR 4400 - Crisis Communication  
  Credit Hours: 3
• PUR 4801 - Public Relations Case Studies  
  Credit Hours: 3
• PUR 4941 Internship  
  Credit Hours: 3
• VIC 4312 - Power Branding  
  Credit Hours: 3

Additional restricted electives can be taken as approved by an advisor.

Capstone Requirements

The following Advanced Core course meets the Capstone Requirement:

• MMC 4411 - Ad-PR Campaigns  
  Credit Hours: 3

Electives

• Select primarily from upper level courses, with school advisor's approval. Must be from outside of the disciplines represented within school in order to not exceed the 48 credit hour cap. The majority of electives should be taken in the Liberal Arts to comply with the 48 hour Liberal Arts requirement.

Foreign Language Requirements

Admissions

• Met by graduation requirement.

Graduation

• Proficiency equivalent to two semesters of college instruction in a foreign language or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination. Consult with the NSCM advising staff to understand how choosing ASL impacts hours needed to graduate.

Additional Requirements

• None

Required Minors

• None required. However if a minor is desired, it must be selected from outside the school in order to not exceed the 48 credit hour cap.

Departmental Exit Requirements

• To avoid delaying graduation, the student must request a review of requirements before registering for the last term.
• Students must achieve a minimum cumulative GPA of 2.5 in all UCF Nicholson School of Communication and Media (NSCM) courses taken in the major.
• All attempts of UCF NSCM courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120
Additional Information

Honors In Major

- Eligibility: Requirements for admission to Honors in the Major are: completion of at least 60 semester hours of college credits including at least 12 graded upper-division hours at UCF; at least a 3.5 GPA within the major; and at least a 3.2 cumulative GPA including all upper-division courses regardless of institution; complete ADV 3008 and PUR 4000 with a minimum grade of A (4.0) and MMC 3420 with a minimum grade of B (3.0).
- Admission: Application to admission to Honors in the Major program must be approved by both the Honors in the Major thesis adviser, the Advertising/Public Relations Area Program Coordinator, and The Burnett Honors College.
- More information about Honors in the Major can be found at https://honors.ucf.edu/research/.

Requirements:

- Students accepted into the Honors in the Major Program must complete the following:
  Select One: (3 Credit Hours)
  - ADV 4906 - Directed Independent Study Credit Hours: 1
  - PUR 4906 - Directed Independent Study Credit Hours: 1
  Select One: (3 Credit Hours)
  - ADV 4970H - Undergraduate Honors Thesis Credit Hours: 1
  - PUR 4970H - Honors Undergraduate Thesis II Credit Hours: 1

Communication and Conflict (B.A.) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit may be used in this major with prior advisor approval.

- Students cannot exceed a total of six credits of internship, co-op, and independent study credits combined.
- Students must consult with a school advisor.
- School residency requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the Nicholson School of Communication and Media.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

- At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3

Cultural & Historical Foundations (9 Credit Hours)

Mathematical Foundations (6 Credit Hours)

Math: (3 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested) or
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested) or
- You may substitute a higher level math with appropriate scores on the Math Placement Exam.
Statistics: (3 Credit Hours)

- STA 2014C - Principles of Statistics **Credit Hours: 3** (Required)

Social Foundations (6 Credit Hours)

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

- SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3** (GEP)

Core Requirements: Basic Level (3 Credit Hours)

Speech

Select One:

- COM 1000 - Introduction to Communication **Credit Hours: 3** (GEP)
- SPC 1603C - Fundamentals of Technical Presentations **Credit Hours: 3** (GEP)
- SPC 1608 - Fundamentals of Oral Communication **Credit Hours: 3** (GEP/CPP)

Statistics

- STA 2014C - Principles of Statistics **Credit Hours: 3** (GEP)

Core Requirements: Advanced Level (12 Credit Hours)

Select 1:

- COM 3800 - Conflict Communication Research Methods **Credit Hours: 3**
- COM 3311 - Communication Research Methods **Credit Hours: 3**

Take all of the following:

- COM 3801 - Relational Conflict Communication **Credit Hours: 3**
- COM 3802 - Principles of Communication & Conflict **Credit Hours: 3**
- COM 4804 - Communication in Cultural Conflict Context **Credit Hours: 3**

Restricted Electives (21 Credit Hours)

Internal Restricted Electives: (15 Credit Hours)

Select from the following list:

- COM 4014 - Gender Issues in Communication **Credit Hours: 3**
- COM 4022 - Principles of Health Communication **Credit Hours: 3**
- COM 4120 - Organizational Communication **Credit Hours: 3**
- COM 4563 - Principles of Social Innovation and Activism **Credit Hours: 3**
- COM 4803 - Third Party Processes & Intervention **Credit Hours: 3**
- COM 4805 - Transformative Communication **Credit Hours: 3**
- MMC 4300 - International Media **Credit Hours: 3**
- PUR 4000 - Public Relations **Credit Hours: 3**
- PUR 4400 - Crisis Communication **Credit Hours: 3**
- SPC 4426 - Group Dynamics **Credit Hours: 3**
- SPC 4540 - Persuasion and Communication **Credit Hours: 3**

Additional restricted electives can be taken as approved by an advisor.

A maximum of 6 credits of any combination of the following can be used as an Internal Restricted Elective:

- COM 4941 Internship **Credit Hours: 1 or**
- COM 4906 Directed Independent Study **Credit Hours: 1 or**
- SPC 4949 Cooperative Education or
COM 4949 Cooperative Education

Students may select a maximum of 3 credits from the list below to be applied to Internal Restricted Electives.

- ENC 3241 - Writing for the Technical Professional  
  **Credit Hours:** 3 or
- ENC 3250 - Professional Writing  
  **Credit Hours:** 3 or
- ENC 3311 - Essay as Cultural Commentary  
  **Credit Hours:** 3 or
- ENC 3314 - Writing and Rhetoric Foundations  
  **Credit Hours:** 3 or
- ENC 3315 - Argumentative Writing  
  **Credit Hours:** 3 or
- Other upper division COM or SPC courses with prior approval of department advisor.

External Restricted Electives: (6 Credit Hours)

- A minimum of six upper division credit hours selected from courses within Nicholson School of Communication and Media but outside of the Human Communication area (i.e. Advertising, Public Relations, Journalism, or Radio-Television) not specified as restricted internal electives above. Additionally, and when available, open courses in Business, Legal Studies, Leadership Studies, Writing and Rhetoric, Psychology, Sociology, Political Science, Public Administration, or other related areas, maybe approved by NSCM advisors for use as external restricted electives.

Capstone Requirements (3 Credit Hours)

- COM 4806 - Communication & Conflict Case Studies  
  **Credit Hours:** 3

Electives

- Select primarily from upper level courses. May be taken outside of the Nicholson School of Communication and Media.

Foreign Language Requirements

**Admissions**

- Met by graduation requirement.

**Graduation**

- Proficiency equivalent to two semesters of college instruction in a foreign language (taught by the Department of Modern Languages and Literatures or Judaic Studies) or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination. Consult with the NSCM advising staff to understand how choosing ASL might impact hours needed to graduate.

**Additional Requirements**

- None

**Required Minors**

- None

**Departmental Exit Requirements**

- Students must achieve a minimum cumulative GPA of 2.0 in all UCF Nicholson School of Communication and Media (NSCM) courses taken in the major. All attempts of UCF NSCM courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).
- To avoid graduation delays, meet with your advisor to review graduation requirements before registering for your last term.
University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Human Communication Tracks (9 Credit Hours)

Students must choose one track from the following: General Human Communication, Business and Professional Communication, Health Communication, Interpersonal Communication, or Social Innovation and Activism.

General Human Communication Track (9 Credit Hours)

To complete the General Human Communication Track, students select 9 hours of courses from across the specialized tracks and/or internal restricted electives (in addition to the 6 hours of internal restricted electives).

Specialized Tracks

Students can claim a specialized track by completing three courses in one of the following areas (in addition to the 6 hours of internal restricted electives):

Business and Professional Track (9 Credit Hours)

Take all of the following:

- COM 4110 - Business and Professional Communication  
  **Credit Hours:** 3
- COM 4120 - Organizational Communication  
  **Credit Hours:** 3
- COM 4332 - Communication, Technology, and Change  
  **Credit Hours:** 3

Health Communication Track (9 Credit Hours)

Take all of the following:

- COM 4022 - Principles of Health Communication  
  **Credit Hours:** 3
- COM 4221 - Health Literacy  
  **Credit Hours:** 3
- COM 4550 - Public Communication Campaigns  
  **Credit Hours:** 3

Interpersonal Communication Track (9 Credit Hours)

Take all of the following:

- COM 4013 - Communication and the Family  
  **Credit Hours:** 3
- COM 4461 - Intercultural Communication  
  **Credit Hours:** 3
- SPC 4302 - Advanced Interpersonal Communication  
  **Credit Hours:** 3

Social Innovation and Activism Track (9 Credit Hours)

Take all of the following:

- COM 4550 - Public Communication Campaigns  
  **Credit Hours:** 3
- COM 4563 - Principles of Social Innovation and Activism  
  **Credit Hours:** 3
- SPC 4513C - Argumentation and Debate  
  **Credit Hours:** 3

Restricted Electives (15 Credit Hours)

Internal Restricted Electives: (6 Credit Hours)

- Note: Courses used for the core may NOT also count as electives. Students must use a different course if they have already taken one listed in the core of their track.

Select from the following list:
- COM 3011C - Communication and Human Relations Credit Hours: 3
- COM 3406 - Role of Motivation in Communication Credit Hours: 3
- COM 4013 - Communication and the Family Credit Hours: 3

Senior Year - Fall (15 Credit Hours)

UCF Undergraduate Catalog 2019-2020 - 1127
The Journalism B.A. provides students with the skills and knowledge leading to careers in electronic and digital media. It is a limited-access degree program, which means a separate application must be submitted directly to the Nicholson School of Communication and Media in order to be considered for admission. Students choose from two focus areas:

- Digital News. For students who wish to work as writers, reporters, editors and photographers for the news media, primarily websites, newspapers and magazines.
- Electronic News. For students who desire to work in broadcast news as reporters, photographers, anchors or broadcast sports journalists.

Admission Requirements

- The Journalism program is a limited access program that requires a separate application.
- Students should apply to become Journalism majors only after completing all requirements for admission.
- Admission is based on multiple factors, not strictly GPA.
- Students must be in good academic standing.
- Attain an overall minimum 2.5 GPA based on a minimum of 30 credit hours of college work. NOTE: Meeting the minimum GPA does not guarantee admission because students are admitted on a space available basis.
- See a NSCM advisor for additional admission criteria.
- Meet a grammar proficiency standard. Students must pass a grammar proficiency exam administered by UCF's Testing Center unless they have AP or IB credit in English or an "A-" or better in both of the following courses:
  - ENC 1101 - Composition I Credit Hours: 3
  - ENC 1102 - Composition II Credit Hours: 3

Application Deadlines

- October 1 to be admitted the next spring term
- February 1 to be admitted the next summer term
- June 1 to be admitted the next fall term

Degree Requirements

- Students who change degree programs (other than from Journalism Pending) and select this major must adopt the most current catalog.
- The Journalism faculty strongly recommend that majors work for a student news outlet.
- Journalism majors may obtain an off-campus internship with a news organization.
- To receive credit for an internship, students must have a 2.5 GPA in their required major courses. Students with less than a 2.5 GPA will not be given academic internship credit.
- Students can enroll in a maximum of three hours of internship credit. However, the internships must be with different employers. Each internship must be approved by and supervised by a Journalism faculty advisor.
- A portfolio of representative work must be submitted to, and approved by, a faculty committee at least one semester before graduation. At least 75% of the work must be produced while at UCF.
- Co-op or internship credit cannot be used in this major without prior approval.
- Students should consult with a school advisor.
• Of the 120 hours required for graduation, 72 hours must be taken outside of the disciplines of Communication and Media Studies (Radio-TV and Journalism) represented within the Nicholson School of Communication and Media. Of these 72 hours, 56 must be taken in the liberal arts (i.e. within the College of Arts & Humanities or the College of Sciences). Film and Digital Media courses will be permitted as liberal arts courses.
• Journalism majors must select their required minor or area of concentration from outside the Nicholson School of Communication and Media to remain below the 48 credit hour school maximum.
• The School residency requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Nicholson School of Communication and Media.
• The Journalism program follows the Society of Professional Journalists Code of Ethics. Students who violate the code (plagiarizing, cheating or fabricating, for example) may be removed from the program.
• All prerequisites of courses taught within the College of Sciences will be enforced.
• Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

• At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

• ENC 1101 - Composition I Credit Hours: 3
• ENC 1102 - Composition II Credit Hours: 3
• SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3

Cultural & Historical Foundations (9 Credit Hours)

Group 1: (3 Credit Hours)

• AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Preferred)

Group 2: (3 Credit Hours)

Select a course from Cultural & Historical Foundations, Area 2.

Group 3: (3 Credit Hours)

Select a third course from either Cultural & Historical Foundations, Area 1 or 2.

Mathematical Foundations (6 Credit Hours)

Statistics-Computers: (3 Credit Hours)

• CGS 1060C - Introduction to Computers Credit Hours: 3 (Suggested)
• STA 2014C - Principles of Statistics Credit Hours: 3 (Suggested)

Math: (3 Credit Hours)

You may substitute a higher level math with appropriate scores on the Math Placement Exam, see: https://www.sdes.ucf.edu/placement-tests/.

Select one:

• MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
• MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)

Social Foundations (6 Credit Hours)

Group 1: (3 Credit Hours)

• POS 2041 - American National Government Credit Hours: 3 (Preferred)

Group 2: (3 Credit Hours)
Select a listed course from Social Foundations

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

Complete the following:

- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (GEP)

Core Requirements: Basic Level (15 Credit Hours)

- Grammar Proficiency must be satisfied before enrolling in JOU 2100C.
- These courses may be completed before acceptance into the program.
- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken along with the following;

Core: Required, satisfies the CPP

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (GEP/CPP)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (GEP/CPP)

Core (15 Credit Hours)

Must earn at least a "C" (2.0) in these courses in order to enroll in subsequent courses.

- JOU 2100C - News Reporting Credit Hours: 3
- JOU 3004 - History of American Journalism Credit Hours: 3
- JOU 3015 - Principles of Journalism Credit Hours: 3
- MMC 2004 - Mass Media Credit Hours: 3
- MMC 3200 - Mass Communication Law Credit Hours: 3

Core Requirements: Advanced Level (3 Credit Hours)

- These courses may be completed either before or after acceptance into the program.
- Must earn at least a "C" (2.0) in these courses in order to enroll in subsequent courses.

Select One:

- MMC 4300 - International Media Credit Hours: 3
- MMC 4303 - Hispanics in Media in the US Credit Hours: 3
- Any Nicholson School advisor approved upper-division Study Abroad course

Restricted Electives (19 Credit Hours)

- These courses can only be completed after acceptance into the program.
- (NOTE: Students may NOT use courses in the core track as an elective; students must use a different course if they have already taken one listed as a requirement in their track).
- All prerequisites of courses will be enforced.
- Courses taken from Group A and Group B must total 9 hours.

Electronic News: Select the following: (10 Credit Hours)

- RTV 3301 - Electronic Journalism I Credit Hours: 3
- RTV 3304 - Electronic Journalism II Credit Hours: 3
- RTV 3321 - Electronic News Gathering Credit Hours: 4

Digital News: Select the following: (10 Credit Hours)

- JOU 3101 - Advanced Reporting Credit Hours: 3
- RTV 3321 - Electronic News Gathering Credit Hours: 4
Select One:

- JOU 4340C - Online Journalism I Credit Hours: 3
- JOU 4342C - Multimedia Journalism Credit Hours: 3

Group A: Select from the following: (6 Credit Hours)

1 May be taken for a maximum of 3 hours.

Internships must be approved in advance by the Journalism Area Coordinator

- JOU 3101 - Advanced Reporting Credit Hours: 3
- JOU 3130 - In-Depth Reporting Credit Hours: 3
- JOU 3184C - Metro Reporting Credit Hours: 3
- JOU 3201 - Editing I Credit Hours: 3
- JOU 3202 - Editing II Credit Hours: 3
- JOU 3310 - Social Media Writing for Magazines Credit Hours: 3
- JOU 3313C - Sports Reporting Credit Hours: 3
- JOU 3320 - News Producing Credit Hours: 3
- JOU 3510 - Magazine Publishing Credit Hours: 3
- JOU 3951 - Knightly Latino Credit Hours: 3
- JOU 4181 - Public Affairs Reporting Credit Hours: 3
- JOU 4340C - Online Journalism I Credit Hours: 3
- JOU 4342C - Multimedia Journalism Credit Hours: 3
- JOU 4360C - Page Design Credit Hours: 3
- JOU 4360C - Feature Writing Credit Hours: 3
- JOU 4360C - Critical Writing Credit Hours: 3
- JOU 4360C - Freelance Writing Credit Hours: 3
- JOU 4342C - Multimedia Journalism Credit Hours: 3
- JOU 4447 - Magazine Editing and Production Credit Hours: 3
- JOU 4941 Internship Credit Hours: 1
- PGY 3610C - Photojournalism I Credit Hours: 3
- PGY 3620C - Photojournalism II Credit Hours: 3
- RTV 3301 - Electronic Journalism I Credit Hours: 3
- RTV 3304 - Electronic Journalism II Credit Hours: 3
- RTV 4591C - Webcasting I Credit Hours: 3
- RTV 4681 - Television News Credit Hours: 4

Group B: Select from the following: (3 Credit Hours)

1 May be taken for a maximum of 3 hours

Additional restricted electives can be taken as approved by an advisor.

Internships must be approved in advance by the Journalism Program Coordinator

- JOU 3301 - Journalism Readings Credit Hours: 3
- JOU 4941 Internship Credit Hours: 1
- MMC 3420 - Mass Media Research Methods Credit Hours: 3
- MMC 3630 - Social Media as Mass Communication Credit Hours: 3
- MMC 4263 - New Media Technologies Credit Hours: 3
- MMC 4300 - International Media Credit Hours: 3
- MMC 4303 - Hispanics in Media in the US Credit Hours: 3
- MMC 4602 - Contemporary Media Issues Credit Hours: 3
- RTV 3007 - Development and Structure of Electronic Media and New Technology Credit Hours: 3
- RTV 3511 - Production Fundamentals and Aesthetics of Electronic Media Credit Hours: 3
- RTV 4403 - Electronic Media, Technology, and Society Credit Hours: 3
- RTV 4503 - Sports Programming in Electronic Media Credit Hours: 3
- RTV 4505 - Program Issues for TV & Motion Pictures Credit Hours: 3
- RTV 4700 - Regulation of Broadcasting Credit Hours: 3
- RTV 4800 - Broadcast Management Credit Hours: 3

Capstone Requirements (4 Credit Hours)

Electronic News: (4 Credit Hours)
• RTV 4681 - Television News **Credit Hours: 4**

Digital News: (4 Credit Hours)

• JOU 4950 - Senior Capstone in Journalism  
  **Credit Hours: 4**

Electives

• Select primarily from upper level courses, with school advisor's approval. Must be from outside of the Nicholson School of Communication and Media in order to not exceed the 41 credit hour cap. The majority of electives should be taken in the Liberal Arts and Sciences to comply with the 56 hour Liberal Arts requirement.

Foreign Language Requirements

Admissions

• Met by graduation requirement

Graduation

• Proficiency equivalent to two semesters of college instruction in a foreign language (taught by the Department of Modern Languages and Literatures or Judaic Studies) or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination. Consult with the NSCM advising staff to understand how choosing ASL impacts hours needed to graduate.

Departmental Exit Requirements

• Acceptance of portfolio by faculty.
• To avoid delaying graduation, you must request a review of requirements before registering for your last term.
• Students must achieve a minimum cumulative GPA of 2.0 in all UCF Nicholson School of Communication and Media (NSCM) courses taken in the major.
• All attempts of UCF NSCM courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).

University Minimum Exit Requirements

• A 2.0 UCF GPA
• 48 semester hours of upper division credit completed
• 60 semester hours earned after CLEP awarded
• 30 of the last 39 hours of course work must be completed in residency at UCF.
• A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
• Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Additional Requirements

• None

Required Minors

• Journalism majors must complete an 18 hour minor in an academic area outside of the Nicholson School of Communication and Media. The exceptions are the minors in Film (Cinema Studies) and Digital Media. When no official minor is offered, students may complete an 18-credit-hour area of concentration approved by the Program Coordinator.
• The minor or area of concentration must be from outside of the Nicholson School of Communication and Media in order to not exceed the 41 credit hour cap, the exceptions being the minors in Film (Cinema Studies) and Digital Media.
Additional Information

Honors In Major

- Application and admissions through The Burnett Honors College and department. More information about Honors in the Major can be found at honors.ucf.edu/research

Related Programs

- English, Creative Writing (B.A.)
- English, Technical Communication (B.A.)

Certificates

- None

Related Minors

- NOTE: Minors taught within the Nicholson School of Communication and Media (with the exception of Film, Cinema Studies Minor and Digital Media Minor) are not open to Journalism majors.
- English, Creative Writing Minor
- English, Linguistics Minor
- English, Literature Minor
- English, Technical Communication Minor
- Writing and Rhetoric Minor
- History Minor
- Magazine Journalism Minor
- Political Science Minor
- Sociology Minor

Advising Notes

- It is the student's responsibility to ensure that course prerequisites have been satisfied before registering for a class.
- Students are urged to contact their school advisor before registering for courses.

Transfer Notes

- Lower division courses do not substitute for upper division courses.

• Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeas.ucf.edu/alc/academiclearningcompacts.html

Equipment Fees

- Part-Time Student: $45 per term
- Full-Time Student: $90 per term

Plan of Study

- One of numerous possible plans of study. See program description for all requirements.
- Consult a school advisor for alternate, new or more appropriate selections.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Although most classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Freshman Year - Fall (13 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3
- GEP Credit Hours: 3
- Foreign Language (XXXX1120) Credit Hours: 4
- MGF 1106 - Finite Mathematics Credit Hours: 3
  or

Radio - Television (B.A.)

Nicholson School of Communication and Media
NSCM, Room: 238
https://communication.ucf.edu/

Dr. William Kinnally
william.Kinnally@ucf.edu

Nicholson Academic Student Services Center (NASSC)
nassc@ucf.edu
Phone: 407-823-2681
Admission Requirements

- The Radio-Television program is a limited access program that requires a separate application.
- Students should apply to become Radio-Television majors only after completing all requirements for admission.
- Attain an overall minimum 2.25/4.0 GPA based on a minimum of 30 credit hours of college work. Note: meeting the minimum GPA does not guarantee admission since students are admitted on a space available basis. The GPA cut-off varies each term with the quality of applicants, and during previous years, ranged upward from a minimum of 2.9.
- Receive a positive evaluation of other factors specified by the Nicholson School of Communication and Media.
- See an NASSC advisor for additional admission criteria.
- For admission to the program, students must complete or be enrolled into and complete, RTV 3007 with at least a "C" (2.0) or better (if in progress at the time of admission, students who do not earn a "C" (2.0) or better will be removed from the program).
- Students must be in good academic standing.
- Meet a grammar proficiency standard ("B" (3.0) grades or better in the following courses or pass the grammar proficiency exam).
  - ENC 1101 - Composition I Credit Hours: 3
  - ENC 1102 - Composition II Credit Hours: 3

Application Deadlines:

- October 1 to be admitted the next spring term;
- February 1 to be admitted the next summer term;
- June 1 to be admitted the next fall term.

Degree Requirements

- Students must achieve a minimum cumulative GPA of 2.0 in all UCF Nicholson School of Communication and Media (NSCM) courses taken in the major.
- All attempts of UCF NSCM courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).
- Students who change degree programs (other than from Radio-TV Pending) and select this major must adopt the most current catalog.
- Students may complete an internship off campus in a professional broadcast, production, or corporate operation with advisor's approval.
- Internship credit may be used in this major with prior school permission.
- Co-op credit may be used in this major with prior approval from an R-TV advisor.
- Students must consult with a school advisor.
- School residency requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Nicholson School of Communication & Media.
- Of the 120 hours required for graduation, 72 hours must be taken outside of the disciplines of Communication and Media Studies (Radio-TV and Journalism) represented within the Nicholson School of Communication and Media. Of these 72 hours, 54 must be taken in the liberal arts (i.e. within the College of Arts & Humanities or the College of Sciences). Film and Digital Media courses will be permitted as liberal arts courses.
- Radio-TV majors must select their required minor from outside the Mass Media (RTV and JOU) programs to remain below the 48 credit hour school maximum.
- Students seeking to change tracks from Media Management and Operations to Production once accepted into the major, must re-apply to the R-TV major under the Production track.
- A maximum of three credit hours of internship may be earned in one semester. Internship credit, plus all other hours taken within the school, must not exceed 48 hours.
- To receive credit for an internship, students must have a 2.5 GPA in their required major courses. Students with less than a 2.5 GPA will not be given academic internship credit.
- A maximum of three credit hours of internship may be earned within the 46 credit hour school maximum within the 120 credit hours required for graduation. A maximum of six credit hours of internship may be earned within the 120 credit hours required for graduation. Summer internships are available during "C" term only.
- All prerequisites of courses taught within the College of Sciences will be enforced.
Courses designated in 1 (General Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

- At least one course completed in each Foundation area must be a designated State General Education Core Course.

Communication Foundations (9 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3 (Required)
- ENC 1102 - Composition II Credit Hours: 3 (Required)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3

Cultural & Historical Foundations (9 Credit Hours)

- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Preferred)
- Select two courses from Cultural & Historical Foundation, Area 2 Credit Hours: 6

Mathematical Foundations (6 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested)
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested)

Computers - Statistics: (3 Credit Hours)

Select One:

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (GEP)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (GEP)

Social Foundations (6 Credit Hours)

- POS 2041 - American National Government Credit Hours: 3 (Preferred)
- Select a listed course from Social Foundation, Area 1 Credit Hours: 3

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP)

- None

Core Requirements: Basic Level (12 Credit Hours)

These courses may be taken before applying to the major. Must earn at least a "C" (2.0) or better in each core requirement and restricted elective in the major.

- MMC 3200 - Mass Communication Law Credit Hours: 3
- RTV 3007 - Development and Structure of Electronic Media and New Technology Credit Hours: 3
- RTV 3511 - Production Fundamentals and Aesthetics of Electronic Media Credit Hours: 3
- RTV 4403 - Electronic Media, Technology, and Society Credit Hours: 3

Select One:

- SPC 1603C - Fundamentals of Technical Presentations Credit Hours: 3 (GEP)
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3 (GEP)
Core Requirements: Advanced Level (6 Credit Hours)

These courses are only available to students who have been accepted into the major.

Reminder: must earn at least a "C" (2.0) for all core requirements and restricted electives in the major.

- MMC 3420 - Mass Media Research Methods Credit Hours: 3
- RTV 2100 - Writing for the Electronic Media Credit Hours: 3

Restricted Electives

- Specialization: Select one area and complete the credit hours required by that specialization.
- Must earn at least a "C" (2.0) or better in each core requirement and restricted elective in the major.

Production (28 Credit Hours)

Required: (14 Credit Hours)

- RTV 3531 - Principles of Videography Credit Hours: 3
- RTV 3543 - Principles of Studio Production Credit Hours: 4
- RTV 3576C - Principles of Post Production Credit Hours: 3
- RTV 4544 - Media Production Capstone Credit Hours: 4

Select from the following: (14 Credit Hours)

1 May be taken for a maximum of 3 hours.

- RTV 3556C - Audio Production I Credit Hours: 3
- RTV 3571 - Advanced Video Post-Production Credit Hours: 3
- RTV 3581C - Lighting and Advanced Videography Credit Hours: 3
- RTV 3942L - Practicum Credit Hours: 1-3
- RTV 3590 - Production of Interactive Multimedia Credit Hours: 3
- RTV 4561C - Radio Production and Programming Credit Hours: 3
- RTV 4591C - Webcasting I Credit Hours: 3
- RTV 4941 Internship Credit Hours: 1-3

Media Management & Operations (28 Credit Hours)

Required (6 Credit Hours)

- RTV 3531 - Principles of Videography Credit Hours: 3
- RTV 3576C - Principles of Post Production Credit Hours: 3

MMO Group A Electives Select from the following: (16 Credit Hours)

- ADV 4103 - Radio-Television Advertising Credit Hours: 3
- JOU 3015 - Principles of Journalism Credit Hours: 3
- RTV 3942L - Practicum Credit Hours: 1-3
- RTV 3590 - Production of Interactive Multimedia Credit Hours: 3
- RTV 3601 - Broadcast Announcing and Performance Credit Hours: 3
- RTV 4401 - Mass Media Effects Credit Hours: 3
- RTV 4406 - Electronic Media Audience Measurement Credit Hours: 3
- RTV 4505 - Program Issues for TV & Motion Pictures Credit Hours: 3
- RTV 4561C - Radio Production and Programming Credit Hours: 3
- RTV 4591C - Webcasting I Credit Hours: 3
- RTV 4700 - Regulation of Broadcasting Credit Hours: 3
- RTV 4800 - Broadcast Management Credit Hours: 3
- RTV 4906 Directed Independent Study
- RTV 4941 Internship

MMO Group B Electives Select from the following: (6 Credit Hours)

- ADV 3008 - Principles of Advertising Credit Hours: 3
COM 4110 - Business and Professional Communication Credit Hours: 3
MMC 3630 - Social Media as Mass Communication Credit Hours: 3
PUR 4000 - Public Relations Credit Hours: 3
RTV 4503 - Sports Programming in Electronic Media Credit Hours: 3

Capstone Requirements

- Production Track: RTV 4544 - Media Production Capstone Credit Hours: 4
- Media Management and Operations Track; None

Electives

- Select primarily from upper level courses, with school advisor's approval. Must be from outside of the Department of Film and Mass Media in order to not exceed the 48 credit hour cap. The majority of electives should be taken in the Liberal Arts and Sciences to comply with the 54 hour Liberal Arts requirement.

Foreign Language Requirements

Admissions

- Met by graduation requirement.

Graduation

- Proficiency equivalent to two semesters of college instruction in a foreign language (taught by the Department of Modern Languages and Literatures or Judaic Studies) or in American Sign Language (ASL). Standardized examinations for foreign languages may be used. ASL proficiency is met by successful completion of ASL 2140 and ASL 2150 or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders (https://healthprofessions.ucf.edu/csd/) regarding the ASL proficiency examination. Consult with the NSCM advising staff to understand how choosing ASL impacts hours needed to graduate.

Additional Requirements

- None

Required Minors

- Radio-Television majors must complete a minor of at least 18 hours in an academic area outside the Mass Media programs (R-TV and JOU).
- The following minors are suggested to complement the R-TV major, but any minor except those in the Mass Media programs (R-TV & JOU), may be taken:
  - Digital Media Minor
  - Film, Cinema Studies Minor
  - English, Creative Writing Minor
  - Political Science Minor
  - Sociology Minor
  - Theatre Minor

Departmental Exit Requirements

- To avoid delaying graduation, you must request a review of requirements before registering for your last term.
- Students must achieve a minimum cumulative GPA of 2.0 in all UCF Nicholson School of Communication and Media (NSCM) courses taken in the major.
- All attempts of UCF NSCM courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Advising Notes

- None

Transfer Notes

- Lower division courses do not substitute for upper division courses.

Courses transferred from private out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

Acceptable Substitutes for Transfer Courses

- None

Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: http://www.oeras.ucf.edu/alc/academiclearningcompacts.html

Equipment Fees

- Part-Time Student: $45 per term
- Full-Time Student: $90 per term

Plan of Study R-TV Production

- This is one of numerous possible plans of study to complete the R-TV Production track. See program description for all requirements.
- Consult a school advisor for alternate, new, or more appropriate selections.
- Consult the school for detailed plans of study for each specialization.
- Use your Pegasus Path planning tool in your myUCF portal to plan your courses through to graduation.
- Although most classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Freshman Year - Fall (13 Credit Hours)

- ENC 1101 - Composition I Credit Hours: 3
- GEP Credit Hours: 3
- Foreign Language (XXX1120) Credit Hours: 4
- MGF 1106 - Finite Mathematics Credit Hours: 3
or
- MGF 1107 - Explorations in Mathematics Credit Hours: 3

Freshman Year - Spring (13 Credit Hours)
- ENC 1102 - Composition II Credit Hours: 3
- SPC 1608 - Fundamentals of Oral Communication Credit Hours: 3
- GEP Credit Hours: 3
- Foreign Language (XXX1121) Credit Hours: 4

Freshman Year - Summer (6 Credits)
- GEP Credit Hours: 3
- GEP Credit Hours: 3

Sophomore Year - Fall (12 Credit Hours)
- GEP Credit Hours: 3
- GEP Credit Hours: 3
- GEP Credit Hours: 3
- Elective-Minor Credit Hours: 3

Sophomore Year - Spring (15 Credit Hours)
- RTV 3007 - Development and Structure of Electronic Media and New Technology Credit Hours: 3
- RTV 3511 - Production Fundamentals and Aesthetics of Electronic Media Credit Hours: 3
- GEP Credit Hours: 3
- Elective-minor Credit Hours: 3
- Elective-take outside of NSC Credit Hours: 3

Sophomore Year - Summer (3 Credit Hours)
- RTV 4403 - Electronic Media, Technology, and Society Credit Hours: 3

Junior Year - Fall (15 Credit Hours)
- RTV 3576C - Principles of Post Production Credit Hours: 3
- RTV 3531 - Principles of Videography Credit Hours: 3
- RTV 2100 - Writing for the Electronic Media Credit Hours: 3
- Elective-minor Credit Hours: 3
- Elective-take outside of NSC Credit Hours: 3

Junior Year - Spring (13 Credit Hours)
- RTV 3543 - Principles of Studio Production Credit Hours: 4
- MMC 3420 - Mass Media Research Methods Credit Hours: 3
- Restricted Elective Credit Hours: 3
- Elective-Minor Credit Hours: 3

Junior Year - Summer (2 Credit Hours)
- Restricted Elective-Credit Hours: 2

Senior Year - Fall (15 Credit Hours)
- MMC 3200 - Mass Communication Law Credit Hours: 3
- Restricted Elective Credit Hours: 3
- Restricted Elective Credit Hours: 3
- Elective-Minor Credit Hours: 3
- Elective-take outside NSC Credit Hours: 3

Senior Year - Spring (13 Credit Hours)
- RTV 4544 - Media Production Capstone Credit Hours: 4
- Restricted Elective Credit Hours: 3
- Elective-Minor Credit Hours: 3
- Elective-take outside of NSC Credit Hours: 3

Plan of Study R-TV Media Management & Operations
- This is one of numerous possible plans of study to complete the R-TV Media Management &
Operations track. See program description for all requirements.

- Consult a school advisor for alternate, new, or more appropriate selections.
- Consult the school for detailed plans of study for each specialization.
- Although most classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

Freshman Year - Fall (13 Credit Hours)

Minors

Human Communication Minor

Nicholson School of Communication and Media
UnionWest at Creative Building (UCF Downtown)
https://communication.ucf.edu/

Dr. Harry Weger
harry.weger@ucf.edu

Nicholson Academic Student Services Center (NASSC)
nassc@ucf.edu
Phone: 407-823-2681

Admission Requirements

- Not open to Ad-PR, Communication & Conflict, Human Communication, Journalism, or Radio-TV majors.

Minor Requirements

- A minimum average GPA of 2.0 is required in courses used to satisfy the minor.
- Grades below "C" (2.0) in lower level courses are not accepted.

Prerequisite Courses

- Students must satisfy course prerequisites before enrolling.

Required Courses (12 Credit Hours)

- COM 3011C - Communication and Human Relations Credit Hours: 3
- COM 3311 - Communication Research Methods Credit Hours: 3
- COM 4120 - Organizational Communication Credit Hours: 3
- SPC 3301 - Interpersonal Communication Credit Hours: 3

Restricted Electives (9 Credit Hours)

Select from the following courses:

- COM 3406 - Role of Motivation in Communication Credit Hours: 3
- COM 4013 - Communication and the Family Credit Hours: 3
- COM 4014 - Gender Issues in Communication Credit Hours: 3
- COM 4022 - Principles of Health Communication Credit Hours: 3
- COM 4110 - Business and Professional Communication Credit Hours: 3
- COM 4332 - Communication, Technology, and Change Credit Hours: 3
- COM 4416 - Terrorism and Communication Credit Hours: 3
- COM 4461 - Intercultural Communication Credit Hours: 3
- COM 4462 - Conflict Management Credit Hours: 3
- SPC 3445 - Leadership Through Oral Communication Credit Hours: 3
- SPC 4513C - Argumentation and Debate Credit Hours: 3
- SPC 4331 - Nonverbal Communication Credit Hours: 3
Minor Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Lower division courses taken at Florida College System institutions do not substitute for upper division courses.

Prerequisite Courses

- Some courses for this minor will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Required Courses

6 hours

- COM 4461 - Intercultural Communication Credit Hours: 3
- COM 4934C - Topics in Intercultural Communication Credit Hours: 3

Specialization A: Study Abroad (12 hours)

Complete 9 hours of approved NSCM study abroad courses and an additional 3 hours of international-focused coursework from the following. The remaining 3 hours can also be completed with an additional, approved NSCM study abroad course.

- ANT 3241 - Magic, Ritual, and Belief Credit Hours: 3
- ANT 3302 - Sex, Gender and Culture Credit Hours: 3
- ANT 3610 - Language and Culture Credit Hours: 3
- ANT 4480 - Global Health in Anthropological Perspective Credit Hours: 3
- ANT 4702 - Culture, Inequality and Global Development Credit Hours: 3
- COM 4014 - Gender Issues in Communication Credit Hours: 3
- COM 4563 - Principles of Social Innovation and Activism Credit Hours: 3
- FIL 3831 - Black Cinema Credit Hours: 3

UCF Undergraduate Catalog 2019-2020 - 1143
• FIL 3842 - International Cinema **Credit Hours:** 3
• FIL 3845 - World Cinema Traditions **Credit Hours:** 3
• MMC 4300 - International Media **Credit Hours:** 3
• RTV 4403 - Electronic Media, Technology, and Society **Credit Hours:** 3
• SYD 3700 - Race and Ethnicity **Credit Hours:** 3
• SYO 4323 - Community and Diversity **Credit Hours:** 3
• SYP 4454 - Global Inequality and Society **Credit Hours:** 3
• WST 3460 - Women, Race and Struggle **Credit Hours:** 3

**Specialization B: Study Local (12 hours)**

Choose from the following (3 hours)

• COM 4903H Honors Directed Reading I
• COM 4912 Research
• COM 4941 Domestic Internship
• COM 4945 - Domestic Practicum **Credit Hours:**
• COM 4970H Honors Undergraduate Thesis
• 3 hours of approved NSCM study abroad courses

Choose from the following (9 hours)

No more than 6 hours can be taken from the same department.

• ANT 3241 - Magic, Ritual, and Belief **Credit Hours:** 3
• ANT 3302 - Sex, Gender and Culture **Credit Hours:** 3
• ANT 3610 - Language and Culture **Credit Hours:** 3
• ANT 4480 - Global Health in Anthropological Perspective **Credit Hours:** 3
• ANT 4702 - Culture, Inequality and Global Development **Credit Hours:** 3
• COM 4014 - Gender Issues in Communication **Credit Hours:** 3
• COM 4563 - Principles of Social Innovation and Activism **Credit Hours:** 3
• FIL 3831 - Black Cinema **Credit Hours:** 3

• FIL 3845 - World Cinema Traditions **Credit Hours:** 3
• MMC 4300 - International Media **Credit Hours:** 3
• RTV 4403 - Electronic Media, Technology, and Society **Credit Hours:** 3
• SYD 3700 - Race and Ethnicity **Credit Hours:** 3
• SYO 4323 - Community and Diversity **Credit Hours:** 3
• SYP 4454 - Global Inequality and Society **Credit Hours:** 3
• WST 3460 - Women, Race and Struggle **Credit Hours:** 3

Additional courses can be taken as approved by an advisor.

**Foreign Language Requirements**

• None

**Total Semester Hours Required**

**Other Requirements**

• Courses taken as part of a UCF Nicholson School of Communication and Media international program, will be reviewed for appropriateness by the faculty. Additional information may be required by the faculty to determine the appropriateness of the course taken.

• No more than six credit hours from the Intercultural Communication minor may be shared among other NSCM programs. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.)

**Journalism Studies Minor**

Nicholson School of Communication and Media
NSCM, Room: 238
https://communication.ucf.edu/
The Journalism Studies minor is well suited for students who seek to better understand the role journalism plays in society as well as the forces that shape journalism. A key component of this minor is media literacy, which is the ability to thoughtfully analyze messages disseminated through the news media.

Admission Requirements

- Not open to Ad/PR, Journalism, or Radio-TV majors

Minor Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy minor.
- Grades below a "C" (2.0) are not accepted in the minor.
- At least 12 hours used in the minor must be earned at UCF within the Nicholson School of Communication and Media.

Prerequisite Courses

- Students must satisfy each course's prerequisites before enrolling in the class.

Required Courses (3 Credit Hours)

- JOU 3004 - History of American Journalism Credit Hours: 3

Restricted Electives (15 Credit Hours)

Select from the following:

- JOU 3015 - Principles of Journalism Credit Hours: 3
- JOU 3301 - Journalism Readings Credit Hours: 3

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 18

Other Requirements

- Internship, co-op, or independent study credit cannot be used toward the minor without school permission.

Magazine Journalism Minor

Nicholson School of Communication and Media
NSCM, Room: 238
https://communication.ucf.edu/

Lance Speere
lance.speere@ucf.edu

Nicholson Academic Student Services Center (NASSC)
nassc@ucf.edu
Phone: 407-823-2681

Admission Requirements

- Grammar proficiency requirement.
- A minimum UCF GPA of 2.5 is required.
The minor is not open to Ad-PR, Journalism, or Radio-TV majors.

**Minor Requirements**

- A minimum GPA of 2.0 is required in all courses used to satisfy the minor.
- Grades below "C" (2.0) in lower level courses are not accepted in the minor.
- At least 15 hours used in the minor must be earned at UCF within the Nicholson School of Communication and Media.

**Prerequisite Courses**

- Students must satisfy each course's prerequisites before enrolling in the class.

**Required Courses (9 Credit Hours)**

- JOU 2100C - News Reporting **Credit Hours: 3**
- JOU 3510 - Magazine Publishing **Credit Hours: 3**
- JOU 4447 - Magazine Editing and Production **Credit Hours: 3**

**Restricted Electives (9 Credit Hours)**

Select from the following: (9 Credit Hours)

- ENC 3310 - Magazine Writing I **Credit Hours: 3**
- JOU 3310 - Social Media Writing for Magazines **Credit Hours: 3**
- JOU 3201 - Editing I **Credit Hours: 3**
- JOU 4213C - Page Design **Credit Hours: 3**
- JOU 4300 - Feature Writing **Credit Hours: 3**
- JOU 4340C - Online Journalism I **Credit Hours: 3**
  
  Additional restricted electives can be taken as approved by an advisor.

**Foreign Language Requirements**

- None

High Impact Integrated Learning Experience (3 credit hours)

The course used to satisfy the High Impact Learning Experience requirement for the Strategic Communication Minor may not also be used to satisfy a learning requirement for another major, minor, or certificate without the prior approval of the department chair.

Students may choose 3 hours of approved NSCM study abroad courses.
- RTV 3007 - Development and Structure of Electronic Media and New Technology Credit Hours: 3
- SPC 4540 - Persuasion and Communication Credit Hours: 3
- VIC 3001 - Visual Communication Credit Hours: 3

Foreign Language Requirements
- None

Total Undergraduate Credit Hours Required: 21

Other Requirements
- Internship, co-op, or independent study credit can be used toward this minor with prior approval.

Certificate

Health Communication Certificate

Nicholson School of Communication and Media
UnionWest at Creative Building (UCF Downtown)
https://communication.ucf.edu/

Nicholson Academic Student Services Center (NASSC)
Email: nassc@ucf.edu
Phone: 407-823-2681

The Certificate in Health Communication has a dual focus: 1) it is designed to provide students in health-related fields training in facilitating health communication processes; and 2) it allows communication students to demonstrate that they have conceptual and applied knowledge about the role of communication in health care.

Admission Requirements
- None

Certificate Requirements
- Certificates will be awarded only at the time of degree completion.

Prerequisite Courses
- Most courses for this certificate will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Required Courses (12 Credit Hours)
- COM 4022 - Principles of Health Communication Credit Hours: 3
- COM 4550 - Public Communication Campaigns Credit Hours: 3
- MMC 2004 - Mass Media Credit Hours: 3
- PUR 4000 - Public Relations Credit Hours: 3

Restricted Electives (3 Credit Hours)
Choose from the following: (3 Credit Hours)
- ANT 4408 - Culture, Disease, and Healing Credit Hours: 3
- ANT 4462 - Medical Anthropology Credit Hours: 3
- COM 3330 - Computer Mediated Communication Credit Hours: 3
- COM 4120 - Organizational Communication Credit Hours: 3
- HSA 3012 - Issues & Trends in Public Health Credit Hours: 3
- HSA 3111 - U.S. Health Care Systems Credit Hours: 3
- HSC 4201 - Community Health Credit Hours: 3
- RTV 4403 - Electronic Media, Technology, and Society Credit Hours: 3
- SPC 4540 - Persuasion and Communication Credit Hours: 3

Additional restricted electives can be taken as approved by an advisor.

Foreign Language Requirements
Total Undergraduate Credit Hours
Required: 15

Other Requirements

- No more than three credit hours from the Health Communication Certificate may be used to satisfy internal restricted electives of the Human Communication major. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.)
- Communication majors must take their elective outside of NSCM.

Hispanic/Latino Media Certificate

Nicholson School of Communication and Media
NSCM, Room: 238
https://communication.ucf.edu/

Nicholson Academic Student Services Center (NASSC)
nassc@ucf.edu
Phone: 407-823-2681

The Certificate in Hispanic/Latino Media has a dual focus: 1) it is designed to provide students in media-related fields training in how to serve diverse audiences; and 2) it allows non-communication students to demonstrate that they have conceptual and applied knowledge about the role of Hispanic/Latino media and how it impacts a growing multicultural environment.

Admission Requirements

- None

Certificate Requirements

- Certificates will be awarded only at the time of degree completion.

Prerequisite Courses

- Most courses for this certificate will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Required Course (3 Credit Hours)

- MMC 4303 - Hispanics in Media in the US
  Credit Hours: 3

Restricted Electives

Choose an area of specialization:

Speciality 1: Latin American and U.S. Hispanic Culture & Media
Speciality 2: Spanish Language Media

Speciality 1: Latin American and U.S. Hispanic Culture & Media

Required Communication Courses: (6 Credit Hours)

- MMC 4300 - International Media Credit Hours: 3
- MMC 4602 - Contemporary Media Issues Credit Hours: 3

Choose Two from Latin American Studies: (6 Credit Hours)

- LAS 3002 - Topics in Latin American Studies Credit Hours: 3
- LAS 3101 - Latin American Popular Culture Credit Hours: 3
  Student may also take a (3hr) study abroad course in Spain or Latin America with approval. Additional restricted electives can be taken as approved by an advisor.

Speciality 2: Spanish Language and Media
Student must take: (9 Credit Hours)

- JOU 3951 - Knightly Latino **Credit Hours:** 3
- SPN 4410 - Advanced Spanish Conversation **Credit Hours:** 3
- SPT 3805 - Spanish Translation and Interpretation for Mass Communication **Credit Hours:** 3

Choose One from Latin American Studies:
(3 Credit Hours)

- LAS 3002 - Topics in Latin American Studies **Credit Hours:** 3
- LAS 3101 - Latin American Popular Culture **Credit Hours:** 3

Student may also take a (3hr) study abroad course in Spain or Latin America with approval. Additional restricted electives can be taken as approved by an advisor.

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 15

Other Requirements

- No more than three credit hours from the Hispanic/Latino Media Certificate may be used to satisfy internal restricted electives of the Journalism, Radio-TV, Ad-PR or Human Communication major. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.)

Strategic Communication Certificate

Nicholson School of Communication and Media
NSCM, Room: 238
https://communication.ucf.edu/

Dr. Deanna Sellnow
deanna.sellnow@ucf.edu

Nicholson Academic Student Services Center (NASSC)

Phone: 407-823-2681

The Certificate in Strategic Communication allows students to become familiar with the strategies and tactics used in strategic communication initiatives and to demonstrate they have conceptual knowledge and applied skillsets for the achievement of communication goals.

Admission Requirements

- None
- Not open to Advertising/Public Relations, Communication & Conflict, Human Communication, Journalism, or Radio-TV majors.

Certificate Requirements

- A minimum GPA of 2.0 is required in all courses used to satisfy the certificate.
- Grades below a "C" (2.0) in lower level courses are not counted in the certificate.
- No more than 6 credit hours in another certificate, minor or major can be used to satisfy requirements in this certificate. (Note: The myKnight Audit cannot capture overlapping courses between two or more programs; therefore, students should have their program reviewed by the School before filing for graduation.)

Prerequisite Courses

- Most courses for this certificate will have prerequisites completed as a part of a student's GEP requirement, as general electives, or a student can enroll into courses with consent of instructor.

Required Courses (12 Credit Hours)
Department of Games and Interactive Media

Assistant Director: Natalie Underberg-Goode
OTC 5155
https://communication.ucf.edu/games-and-interactive-media/

Advising: Nicholson Academic Student Services Center (NASSC)
NSC 143; 407-823-2681
Email: nassc@ucf.edu

The Department of Games and Interactive Media offers a mix of art, storytelling, design and technology. Digital Media degrees explore creative expression through digital media platforms such as video games and the World Wide Web, interactive design and programming, narrative techniques for digital storytelling, and new media business models. Students acquire a highly marketable body of knowledge leading to solid careers in industry or in creative research.

The Digital Media B.A. allows students to integrate the multiple domains of art, storytelling, and technology. It is designed to provide a solid foundation in techniques and theory in one focused area of competence, provide a broad understanding of related disciplines including arts, humanities and technology, and provide extended experience in working in multidisciplinary teams on realistic problems. Students will choose between two tracks: Game Design and Web and Social Platforms.

Graduate Programs

The Department of Games and Interactive Media also offers a master's arts degree in Digital Media with a focus on Visual Language and Interactive Media. In addition, the NSCM offers a master of science degree in Interactive Entertainment through the Florida Interactive Entertainment Academy (FIEA). For more information about these programs, please refer to the Graduate Catalog.

Foreign Language Requirements

- None

Total Undergraduate Credit Hours Required: 15

Other Requirements

- Internship, co-op, or independent study credit can be used toward this certificate with prior approval.
Major

Digital Media (B.A.)

College of Arts and Humanities
Nicholson School of Communication and Media, Union West

http://communication.ucf.edu

Email: nassc@ucf.edu

Phone: 407-823-2681

The B.A. in Digital Media allows students to integrate the multiple domains of art, storytelling, and technology. It is designed to provide a solid foundation in techniques and theory in one focused area of competence, provide a broad understanding of related disciplines including arts, humanities, and technology, and provide extended experience in working in multidisciplinary teams on realistic problems. The program is administered through the Department of Game and Interactive Media (GaIM) in the Nicholson School of Communication and Media (NSCM) with the College of Arts and Humanities. It recognizes that there are many combinations of courses which meet the needs of individual students. Two specializations -Game Design and Web and Social Platforms - lead to a Bachelor of Arts degree.

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement consists of at least 24 hours of regularly scheduled 3000-4000 level courses taken from the UCF Nicholson School of Communication and Media.
- Students must earn at least a "C" (2.0) in each required course, except DIG 2000 and DIG 4713 which require a "B" (3.0) or better.
- Students should consult with a NSCM advisor on a regular basis.
- No more than 6 hours of overlap allowed between courses used in the Digital Media BA and any minor. Please see NSCM advising for permission to complete more than one major in NSCM. Certain restrictions apply and plans of study must be pre-approved.
- Although GaIM/NSCM maintain computer labs for student use, majors must have continual access to a computer. Contact the UCF Technology Product Center or see the website (http://www.cstore.ucf.edu) for the minimum hardware and software specifications.

General Education Program (GEP) (36 Credit Hours)

Communication Foundations (9 Credit Hours)

Cultural and Historical Foundations (9 Credit Hours)

Take all of the following: (9 Credit Hours)

- ARH 2050 - History of Western Art I Credit Hours: 3 (Required)
- ARH 2051 - History of Western Art II Credit Hours: 3 (Suggested)
- HUM 2020 - Encountering the Humanities Credit Hours: 3 (Suggested)

Mathematical Foundations (6 Credit Hours)

- MAC 1105C - College Algebra Credit Hours: 3 (Required) ¹
  ¹ May substitute more advanced version
- CGS 2100C - Computer Fundamentals for Business Credit Hours: 3 (Required)

Social Foundations (6 Credit Hours)

- DIG 3175 - Design for Accessibility and Engagement Credit Hours: 3 and
- DIG 3525 - Digital Media Production I Credit Hours: 3 and
- DIG 3716C - Client-Side Scripting Credit Hours: 3 and
- DIG 3811 - User-Centered Design Credit Hours: 3 and
- DIG 4503C - Rapid Application Web Development Credit Hours: 3 and
- DIG 4630 - Creative Industries Credit Hours: 3 and
- DIG 4639C - Mobile Development Credit Hours: 3

Web and Social Platforms Restricted Electives (12 Credit Hours)

- Complete 12 hrs of 3000 or 4000 level courses from ART, ARH, FIL, GRA, DIG, PGY or any 3000 or 4000 level courses approved by the school not already used in the major.

Restricted Electives

- None

Capstone Requirements

Game Design Capstone (6 Credit Hours)

- DIG 4725C - Game Design Workshop I Credit Hours: 3

- DIG 4726C - Game Design Workshop II Credit Hours: 3

Web and Social Platforms Capstone (6 Credit Hours)

- DIG 4104C - Web Design Workshop I Credit Hours: 3
- DIG 4172C - Web Design Workshop II Credit Hours: 3

Foreign Language Requirements

Admissions

- Met by graduation requirement.

Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages. Standardized examinations for foreign languages may be used to meet the requirement.

Electives

- Electives may be taken in allied programs such as Art, Music, Philosophy, English, Film, the Nicholson School of Communication, Computer Science, etc. as approved by the School.

Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - Game Design
  - DIG 4725C - Game Design Workshop I Credit Hours: 3
  - DIG 4726C - Game Design Workshop II Credit Hours: 3

Web and Social Platforms

- DIG 4104C - Web Design Workshop I Credit Hours: 3
- DIG 4172C - Web Design Workshop II Credit Hours: 3

Required Minors

- None
Departmental Exit Requirements

- Achieve at least a "C" (2.0) GPA in all major requirements

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Total Undergraduate Credit Hours Required: 18

Other Requirements

- A minimum grade of "C" (2.0) or better is required in each course used to satisfy the minor, except in DIG 2000 where a "B" (3.0) or better is required.
- At least 12 hours used in the minor must be earned at UCF within the Nicholson School of Communication and Media.
- No credit by exam (TSD, Military credit) may be used.
- Internship, cooperative education, or Independent Study credit can be used in the minor only with prior written permission from a school advisor.

Department of Film and Mass Media

Assistant Director: Will Kinnally
NSC 130H; 407-823-5511
https://communication.ucf.edu/film-and-mass-media/

Advising: Nicholson Academic Student Services Center (NASSC)
NSC 143; 407-823-2681
Email: nassc@ucf.edu

The Film and Mass Media department offers four undergraduate degrees and several minors and certificate programs. The bachelor's degrees are:
1. Film B.A.: This degree provides a broad and in-depth knowledge of film theory, history, and criticism with an emphasis on the aesthetics, styles and forms of film. The first two years of the program provide students with a general background and introduction. In the second two years, the program concentrates on the analysis of specific film practices such as editing, color, sound, staging, cinematography, narrative form and theoretical and historical perspectives.

2. Film B.F.A.: The bachelor of fine arts is a limited access program that requires an application and creative portfolio and is usually submitted in December each year for admission in the following fall term. This program emphasizes authorship in film production to empower graduates for lifelong success in a variety of filmmaking and screenwriting modalities. Working with a diverse faculty in an intensive tutorial environment, students author original works, collaborate with a creative team, and develop their personal voice. Graduates will leave equipped with a broad array of skills to compete in the film industry or continue their studies in graduate school.

3. Journalism B.A.: The journalism degree provides knowledge of theory and skills needed for careers as a mobile and digital journalist (newspapers, magazines, broadcast, and online forms of mass communication). Graduates learn to write, edit and visually tell news stories through a variety of digital, broadcast and print platforms.

4. Radio-Television B.A.: This program provides knowledge of theory and skills needed for careers in the field broadly defined as radio-television, including content creation, media production, media management and programming/promotions in a broadcast, online, or corporate environment. Graduates are prepared for careers in videography, producing, directing and managing broadcast and electronic media properties.

Facilities

The Nicholson School of Communication and Media building provides a superior teaching/learning facility, including multi-media instructional classrooms. The Radio-Television program has fully-equipped HD audio and video production facility, a complete multi-camera television studio, an online radio station and laboratories for interactive multimedia. The Journalism program has computer labs and a digital newsroom.

Graduate Programs

The Department of Film and Mass Media also offers a master's of fine arts degree in Entrepreneurial Digital Cinema. For more information about this program, please refer to the Graduate Catalog.

Major

Film (B.A.)

College of Arts and Humanities
Nicholson School of Communication and Media, Room: 238

Email: nassc@ucf.edu
Phone: 407-823-2681

Admission Requirements

- None

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students are required to earn a "C" (2.0) or better in each major course.
- A maximum of 6 hours of internship credit can be used in this major.
- Students must consult with a Nicholson School of Communication and Media (NSCM) advisor each semester.
- Department Residency Requirement consists of at least 36 semester hours of regularly scheduled 3000-4000 level courses taken from the Nicholson School of Communication and Media.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

General Education Program (GEP)
(36 Credit Hours)

Communication Foundations (9 Credit Hours)
Cultural and Historical Foundations (9 Credit Hours)

- FIL 1000 - Cinema Survey Credit Hours: 3 (Preferred)
- Prefer one course from Cultural & Historical Foundation, Area 2 Credit Hours: 3
- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Suggested)

Mathematical Foundations (6 Credit Hours)

Math (3 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 1 (Suggested) or 1 May substitute a higher level math.
- MGF 1107 - Explorations in Mathematics Credit Hours: 3 (Suggested) or
- You may substitute a higher level math with appropriate scores on the Math Placement Exam. Credit Hours: 3

Statistics-Computers (3 Credit Hours)

- Select a course from Mathematical Foundation, Area 2 list Credit Hours: 3

Social Foundations (6 Credit Hours)

- AMH 2020 - U.S. History: 1877-Present Credit Hours: 3 (Suggested)
- Suggested one course from Social Foundation, Area 2 Credit Hours: 3

Science Foundations (6 Credit Hours)

Common Program Prerequisites (CPP) (6 Credit Hours)

See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

Core Requirements: Basic Level (18 Credit Hours)

- FIL 1008 - Cinematic Expression I Credit Hours: 3 and
- FIL 2107 - Script Analysis Credit Hours: 3 and
- FIL 2424 - Introduction to Film Production Credit Hours: 3 and
- FIL 2461C - Cinematography I Credit Hours: 3 and
- FIL 2534 - Sound Design for Film I Credit Hours: 3 and
- FIL 2552 - Editing I Credit Hours: 3

Core Requirements: Advanced Level (6 Credit Hours)

- FIL 3803C - Film Theory and Criticism I Credit Hours: 3 and
- FIL 3401 - Research Methods for Filmmakers Credit Hours: 3

Restricted Electives (33 Credit Hours)

A maximum of 6 hours Independent Study and/or internship credit may be used.

A list of approved restricted elective courses is found in the myKnight audit.

Cinema Studies (15 Credit Hours)

Select five courses from the following upper level FIL courses:

Select one:

- FIL 3036 - Film History I Credit Hours: 3 or
- FIL 3037 - Film History II Credit Hours: 3 or
- FIL 3051 - Avant-Garde Cinema Credit Hours: 3 or
- FIL 3363C - Film Documentary Credit Hours: 3

UCF Undergraduate Catalog 2019-2020 - 1160
Select four:
Each semester, additional courses may satisfy this requirement. Check with an advisor for details.
- FIL 3006 - Art of the Cinema Credit Hours: 3 or
- FIL 3036 - Film History I Credit Hours: 3 or
- FIL 3037 - Film History II Credit Hours: 3 or
- FIL 3051 - Avant-Garde Cinema Credit Hours: 3 or
- FIL 3363C - Film Documentary Credit Hours: 3 or
- FIL 3462C - Cinematic Expression II Credit Hours: 3 or
- FIL 3804C - Film Theory and Criticism II Credit Hours: 3 or
- FIL 3850 - Cinema Directors Credit Hours: 3 or
- FIL 3870C - Music, Natural Sounds and Dialogue in Film Credit Hours: 3 or
- FIL 3871 - The American Film Artist Credit Hours: 3 or
- FIL 3880C - Images of Women in Film Credit Hours: 3 or
- FIL 4453C - Special Problems in Film Design Credit Hours: 4 or
- FIL 4830 - Motion Picture Genre Credit Hours: 3 or
- FIL 4906 - Directed Independent Study Credit Hours: 3 or
- FIL 4941 - Internship Credit Hours: VAR

1 Can be repeated for credit

Production (18 Credit Hours)

Select six courses from the following FIL courses:

Select one:
- FIL 2480 - Directing Techniques for Film Credit Hours: 3 or
- FIL 3102 - Writing for Film and TV Credit Hours: 3

Select five:
Each semester, additional courses may satisfy this requirement. Check with an advisor for details.
- FIL 2480 - Directing Techniques for Film Credit Hours: 3 or
- FIL 2481 - Directing the Actor for Film I Credit Hours: 3 or
- FIL 3102 - Writing for Film and TV Credit Hours: 3 or
- FIL 3115 - Short Script I Credit Hours: 3 or
- FIL 3132 - Short Script II Credit Hours: 3 or
- FIL 4436 - Film Theory/Film Production Credit Hours: 3 or
- FIL 4472C - Cinematography II Credit Hours: 3 or
- FIL 4535C - Sound Design for Film II Credit Hours: 3 or
- FIL 4566C - Editing II Credit Hours: 3 or
- FIL 4647 - Film Production Management Credit Hours: 3 or
- FIL 4661 - The Film Producer Credit Hours: 3 or
- FIL 4436 - Film Theory/Film Production Credit Hours: 3 or
- FIL 4439C - Micro-Process Production Credit Hours: 3 (can be repeated for credit) or
- FIL 4535C - Sound Design for Film II Credit Hours: 3 (can be repeated for credit) or
- FIL 4906 - Directed Independent Study Credit Hours: VAR or
- FIL 4941 - Internship Credit Hours: VAR

Capstone Requirements
- FIL 4434C - Capstone I - The Professional Practice Credit Hours: 3

Electives
- Select primarily from upper level courses within the Nicholson School of Communication and Media after meeting with a departmental advisor.

Foreign Language Requirements

Admissions
- Met by graduation requirement.

Graduation
- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement.
Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - FIL 4434C - Capstone I - The Professional Practice Credit Hours: 3

Required Minors

- Must be taken outside the Film Department. Credits Hours: 18

Departmental Exit Requirements

- A student must achieve at least a "C" (2.0) GPA in all major requirements.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Acceptable Substitutes for Common Program Prerequisites

- FIL 2030 - History of Motion Pictures Credit Hours: 3 may substitute for FIL 1000, but FIL 2030 is a prerequisite for subsequent Film courses and still must be taken
- FIL 1007 - Foundations of Story Credit Hours: 3 may use any introductory film writing course. However, FIL 1007 is a prerequisite for other major courses and must be taken

Admission Requirements

- The Film BFA major is a limited access program.
- Entrance into most Studio electives is restricted to majors. Exceptions must be approved by the Film Program Coordinator.
- All students in this program must satisfactorily complete the mandatory Portfolio Review before enrolling in upper level FIL BFA courses. Contact the Nicholson School of Communication and Media, or visit https://communication.ucf.edu/degree/film-bfa/.
- Students unable to satisfactorily complete Portfolio Review may continue in the Film B.A.

Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- BFA students are required to achieve a "B" (3.0) or better in the major.
- A maximum of six credit hours of internship may be earned in one semester. A total of six credit hours of internship may be earned within the 120 credit hours required for graduation.
- Students must consult with a Nicholson School of Communication and Media (NSCM) advisor each semester.
- Departmental Residency Requirement consists of at least 42 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Nicholson School of Communication and Media Film Program.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

General Education Program (GEP) (36 Credit Hours)

See Transfer Notes for possible substitutions.

Cultural and Historical Foundations (9 Credit Hours)

- AMH 2010 - U.S. History: 1492-1877 Credit Hours: 3 (Suggested)
- FIL 1000 - Cinema Survey Credit Hours: 3 (Preferred)
- Prefer one course from either Cultural & Historical Foundation, Area 2 list Credit Hours: 3

Mathematical Foundations (6 Credit Hours)

Math (3 Credit Hours)

- MGF 1106 - Finite Mathematics Credit Hours: 3 (Suggested) or
MGF 1107 - Explorations in Mathematics **Credit Hours:** 3
You may substitute a higher level math with appropriate scores on the Math Placement Exam. **Credit Hours:** 3

Statistics-Computers (3 Credit Hours)

- Select a course from GEP Mathematical Foundation, Area 2 **Credit Hours:** 3

Social Foundations (6 Credit Hours)

- AMH 2020 - U.S. History: 1877-Present **Credit Hours:** 3 (Suggested)

Science Foundations (6 Credit Hours)

Core Requirements: Basic Level (18 Credit Hours)

- FIL 2030 - History of Motion Pictures **Credit Hours:** 3
- FIL 1007 - Foundations of Story **Credit Hours:** 3

Core Requirements: Advanced Level (6 Credit Hours)

- FIL 3401 - Research Methods for Filmmakers **Credit Hours:** 3

Restricted Electives (42 Credit Hours)

- A maximum of 6 hours of Independent Study and/or internship may be substituted with advisor's prior approval.
- A list of approved restricted elective courses is found in the myKnight audit

Cinema Studies (12 Credit Hours)

Select one:

- FIL 3036 - Film History I **Credit Hours:** 3 or
- FIL 3037 - Film History II **Credit Hours:** 3 or
- FIL 3051 - Avant-Garde Cinema **Credit Hours:** 3 or
- FIL 3363C - Film Documentary **Credit Hours:** 3

Select three:

- FIL 3006 - Art of the Cinema **Credit Hours:** 3 or
- FIL 3036 - Film History I **Credit Hours:** 3 or
- FIL 3037 - Film History II **Credit Hours:** 3 or
- FIL 3051 - Avant-Garde Cinema **Credit Hours:** 3 or
- FIL 3363C - Film Documentary **Credit Hours:** 3 or
- FIL 3462C - Cinematic Expression II **Credit Hours:** 3 or
- FIL 3804C - Film Theory and Criticism II **Credit Hours:** 3 or
- FIL 3850 - Cinema Directors **Credit Hours:** 3 or
- FIL 3870C - Music, Natural Sounds and Dialogue in Film **Credit Hours:** 3 or
- FIL 3871 - The American Film Artist **Credit Hours:** 3 or
- FIL 3880C - Images of Women in Film **Credit Hours:** 3 or
- FIL 4453C - Special Problems in Film Design **Credit Hours:** 4 or
- FIL 4602 - Film Business **Credit Hours:** 3 or
- FIL 4615C - Film Marketing and Exhibition **Credit Hours:** 3 or
- FIL 4830 - Motion Picture Genre **Credit Hours:** 3 or
- FIL 4906 - Directed Independent Study **Credit Hours:** VAR or
- FIL 4941 - Internship **Credit Hours:** VAR

1 Can be repeated for credit
Production (18 Credit Hours)

- Select six courses from the following FIL courses:
  - **Select one:**
    - FIL 2480 - Directing Techniques for Film **Credit Hours: 3**
  - FIL 3102 - Writing for Film and TV **Credit Hours: 3**
  - **Select five:**
    - Each semester, additional courses may satisfy this requirement. Check with an advisor for details.
    - FIL 2480 - Directing Techniques for Film **Credit Hours: 3**
    - FIL 2481 - Directing the Actor for Film I **Credit Hours: 3**
    - FIL 3102 - Writing for Film and TV **Credit Hours: 3**
    - FIL 3115 - Short Script I **Credit Hours: 3**
    - FIL 3132 - Short Script II **Credit Hours: 3**
    - FIL 3483 - Directing the Actor for Film II **Credit Hours: 3**
    - FIL 4436 - Film Theory/Film Production **Credit Hours: 3**
    - FIL 4451 - Design for Film **Credit Hours: 3**
    - FIL 4472C - Cinematography II **Credit Hours: 3**
    - FIL 4535C - Sound Design for Film II **Credit Hours: 3**
    - FIL 4566C - Editing II **Credit Hours: 3**
    - FIL 4647 - Film Production Management **Credit Hours: 3**
    - FIL 4661 - The Film Producer **Credit Hours: 3**
    - FIL 4427C - Film Production Workshop **Credit Hours: 3**
    - FIL 4439C - Micro-Process Production **Credit Hours: 3**
    - FIL 4906 - Directed Independent Study **Credit Hours: VAR**
    - FIL 4941 - Internship **Credit Hours: VAR**

Studio (12 Credit Hours)

Studio electives are repeatable

- **Select two:**
  - FIL 4162C - Feature/TV Writing I **Credit Hours: 3**
  - FIL 4301C - Documentary Production I **Credit Hours: 3**
  - FIL 4428C - Narrative Production I **Credit Hours: 3**
  - FIL 4876C - Experimental Cinema I **Credit Hours: 3**
  - FIL 4163C - Feature/TV Writing II **Credit Hours: 3**
  - FIL 4302C - Documentary Production II **Credit Hours: 3**
  - FIL 4437C - Narrative Production II **Credit Hours: 3**
  - FIL 4877C - Experimental Cinema II **Credit Hours: 3**

Capstone Requirements (6 Credit Hours)

- FIL 4434C - Capstone I - The Professional Practice **Credit Hours: 3**
- FIL 4573C - Capstone II - Exhibition and Seminar **Credit Hours: 3**

Electives

- Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

Foreign Language Requirements

Admissions

- Met by graduation requirement

Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or the Department of History (Hebrew). Standardized examinations for foreign languages may be used to meet the requirement.
Additional Requirements

- Signature Experience requirement is met by successful completion of the following course(s):
  - FIL 4434C - Capstone I - The Professional Practice Credit Hours: 3
  - FIL 4573C - Capstone II - Exhibition and Seminar Credit Hours: 3

Required Minors

- None

Departmental Exit Requirements

- A student must achieve at least a "B" (3.0) or better in the major.

University Minimum Exit Requirements

- A 2.0 UCF GPA
- 48 semester hours of upper division credit completed
- 60 semester hours earned after CLEP awarded
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

Total Undergraduate Credit Hours Required: 120

Additional Information

Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at http://research.honors.ucf.edu/honors-in-the-major.

Related Programs

Foreign Language Requirements

- None

Total Undergraduate Credit Hours

Required: 18

Other Requirements
• Internship, co-op, or independent study credit can be used toward the minor with prior school permission.
Courses and Descriptions

ACG 2021 - Principles of Financial Accounting
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 1105C with a "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Nature of accounting, financial statements, the accounting cycle, assets, current liabilities, long-term debt, and owner's equity; accounting for proprietorships and corporations. Fall, Spring

ACG 2021H - Honors Principles of Financial Accounting
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 1105C with a "C" (2.0) or better, and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Same as ACG 2021 with honors level content. Occasional

ACG 2071 - Principles of Managerial Accounting
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ACG 2021 with a "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The purpose of this class is to thoroughly familiarize the student with the various uses of accounting information for planning and control. Fall, Spring

ACG 3082 - Accounting For Non-Business Majors
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Accounting and reporting from an investment and managerial decision making perspective. Occasional

ACG 3131 - Intermediate Financial Accounting I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Pre-Accounting or Pre-Finance major or Accounting minor & ACG 2021 & ACG 2071 each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Technical knowledge about accounting measurement and disclosure, as well as how financial statements are analyzed and interpreted by external users. Fall, Spring

ACG 3141 - Intermediate Financial Accounting II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing, Accounting major or minor, ACG 3131 with a grade of "B" (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Accounting theory and practice related to preparation, and interpretation of external financial statements. Fall, Spring

Kenney G. Dixon School of Accounting

ACG 3173 - Accounting for Decision-Makers
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Pre-Business (except Pre-Accounting) major & ACG 2021 & ACG 2071 each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explores the use of financial statements and managerial accounting in support of business decisions. The tax environment on businesses is also explored. Fall, Spring

ACG 3361 - Cost Accounting I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing, Accounting major or minor, ACG 3131 with a grade of "B" (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and practice of using accounting information for managerial planning, and control as well as in costing, and pricing decisions. Fall, Spring
Kenneth G. Dixon School of Accounting

ACG 3501 - Financial Accounting for Governmental and Nonprofit Organizations

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Junior standing, Accounting major or minor, ACG 3131 with a grade of "B" (3.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

The standards, practices, and procedures followed in the audit function. Fall, Spring

Kenneth G. Dixon School of Accounting

ACG 4401C - Accounting Information Systems

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): Junior standing, Accounting major or minor, ACG 3131 with a grade of "B" (3.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Manual and computer-based accounting information systems. Fall, Spring

Kenneth G. Dixon School of Accounting

ACG 4651 - Auditing

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Junior standing, Accounting major or minor, ACG 3141 and ACG 4401C with a grade of "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

The standards, practices, and procedures followed in the audit function. Fall, Spring

Kenneth G. Dixon School of Accounting

ACG 4671 - Internal Auditing

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Junior standing, Accounting major or minor, ACG 3141 and ACG 4401C with a grade of "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Theory and practice of internal auditing and the use of internal auditing in organizational control. Fall, Spring

Kenneth G. Dixon School of Accounting

ACG 4803 - Advanced Issues in Financial Accounting

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Junior standing, Accounting major or minor, ACG 3141 with a grade of "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Advanced issues in financial accounting, including consolidations and IFRS. Fall, Spring

Kenneth G. Dixon School of Accounting

ACG 4840 - Accounting and Auditing Analytics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Junior standing, Accounting major or minor, ACG 4401C and QMB 3555 with a grade of "C" (2.0) or better.  
Prerequisite(s) or Corequisite(s): None.

This course develops the skill set needed to extract value from big data through advanced analytics and emerging technologies in an accounting, auditing, and tax environment. Spring Fall

Kenneth G. Dixon School of Accounting

ADE 4382 - Teaching Adult Learners in Technical Programs

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Planning for and teaching of adult learners in formal & informal career and technical education program settings. Fall

Department of Educational Leadership & Higher Education

ADV 3001 - Advertising Strategy

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ADV 3008, and Ad-PR major or Strategic Communication minor. Corequisite(s): None.

Overview of the planning process to develop a successful strategic, persuasive communication plan such as an advertising, integrated marketing communications or social marketing campaign. Fall

Department of Communication (NSCM)

ADV 3008 - Principles of Advertising

Credit Hours: 3  
Class Hours: 3
Overview of the field of advertising; purposes, techniques, the role of agencies, advertisers and the media. 

Fall, Spring

COS-COMM

ADV 3912 - Collaborative Experiential Research Practicum

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Either SPC 1608, SPC 1603C or COM 1000, and C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students will work as research assistants in a team, under faculty supervision, and learn first-hand the process of conducting communication/social scientific research. May be used in the degree program a maximum of 2 times. Occasional

COS-COMM

ADV 4101 - Advertising Copywriting

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Ad-PR majors only and ADV 3008 and PUR 4000.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advertising copywriting teaches the development of creative strategies for advertising and emphasizes writing for various ad media. Fall, Spring

COS-COMM

ADV 4103 - Radio-Television Advertising

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): R-TV or Ad-PR Majors or Mass Comm. minors only and ADV 3008 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Radio and television advertising sales, including interpretation of rate structures, program audiences, and creative approaches to sponsor needs. Fall, Spring

COS-COMM

ADV 4300 - Advertising Media Planning

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ADV 3008 and Ad-PR major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Media planning and buying, including basic media terms, calculations, and resources. Fall, Spring

COS-COMM

ADV 4903H - Honors Directed Reading I

ADV 4906 - Independent Study

ADV 4912 - Research

ADV 4941 - Internship

ADV 4970H - Honors Undergrad Thesis

AFA 3006 - The African Diaspora: Theories and Movements

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides a broad understanding of the cultural, social, and political experiences that define the African Diaspora. Fall

CAH-HIST

AFA 3102 - Introduction to Africana Studies: A Multidisciplinary Approach

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Key issues and methodologies in Africana Studies featuring presentations by representative faculty from various disciplines. Fall

CAH-HIST

AFA 3104 - The Black Intellectual Experience

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary examination of major texts, theories, practices and philosophic foundations in Black intellectual and cultural history. Spring

CAH-HIST

AFA 3244 - Africana Social & Cultural Movements

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analytical look at the role cultural
arts played in the emancipation and
civil rights efforts that followed the
trans-Atlantic slave trade. Occasional

CAH-HIST

AFA 3300 - African American and
Caribbean Music

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explore music written and made popular by African Americans and Caribbean artists. Occasional

CAH-HIST

AFA 3371 - Evolution of Hip Hop

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An historical analysis of Hip Hop from its African roots to the present with emphasis on the socio-political implications of this phenomenon. Occasional

CAH-HIST

AFA 3371H - Honors Evolution of Hip Hop

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Historical analysis of Hip Hop from its African roots to the present with emphasis on the socio-political implications of this phenomenon. With Honors content. Occasional

CAH-HIST

AFA 3850 - Researching Africana
Heritage and Life

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles and processes of researching contributions of traditional Africana people and communities. Occasional

CAH-HIST

AFA 3955 - Study Abroad in the
Caribbean

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary study abroad program focuses on the arts and humanities of African diasporic cultures in the Caribbean. Occasional

CAH-HIST

AFA 4015 - Documenting Africana
Heritage and Life

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles and research in the process of documenting Africana heritage and life. Occasional

CAH-HIST

AFA 4242 - Contemporary Issues
in Africana Studies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Contemporary topics, emerging crises, shifting trends, and developments in the Africana Diaspora. Spring

CAH-HIST

AFH 3100 - African History to
1870

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Sub-Saharan African institutions and peoples from the earliest time until 1870. Occasional

CAH-HIST

AFH 3200 - African History Since
1870

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Sub-Saharan African history from 1870 to the present. Occasional

Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

U.S. literature by writers from Latino and Latina backgrounds. Occasional

CAH-ENG

ANT 2511 - The Human Species

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introductory survey of the four major subfields of anthropology: Social Anthropology, Physical Anthropology, Linguistics, and Archaeology. Odd Fall

COS-ANTHRO

COS-ANTHRO
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Human biological variation in an evolutionary perspective. Occasional

COS-ANTHRO

ANT 2511H - Honors The Human Species

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Human biological variation in an evolutionary perspective. Spring

COS-ANTHRO

ANT 3026 - Mummies, Zombies, and Vampires: Anthropology of the Undead

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Anthropological exploration into the phenomenon of the undead (namely, zombies, vampires and mummies) and our fascination with this subject. Occasional

COS-ANTHRO

ANT 3107 - Blood and Valor in the Viking World

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines anthropological and archaeological themes of Norse daily life, belief systems, mortuary treatment, material culture, and culture contact among Viking Age societies Fall, Spring

COS-ANTHRO

ANT 3142 - Old World Prehistory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A comparative study of social evolution in Africa, Europe, and Asia from the earliest humans to the beginnings of recorded history. Fall

COS-ANTHRO

ANT 3152 - Archaeology of the Greater Southwest

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The precolumbian history of the Native peoples of the U.S. Southwest, from the region's first colonists to indigenous populations of the Contact era. Occasional

Department of Anthropology

ANT 3154 - A Survey of American Historical Archaeology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines historical archaeology of the United States from the arrival of Europeans through the early 20th
century to understand America’s history using archaeological principles. Occasional

COS-ANTHRO

ANT 3158 - Florida Archaeology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Florida prehistory from Paleo-Indian to European contact including archaeological periods, cultural areas, sites, and artifacts. Fall, Spring

COS-ANTHRO

ANT 3160 - Americas Before Columbus
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Archaeological developments of North, Central, and South America from the hemisphere’s initial peopling through the advent of European cultures. Occasional

COS-ANTHRO

ANT 3161 - Ancient Mexico: Aztec to Zapotec
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Achievements of civilizations in Mexico (Olmec, Zapotec, Aztec) as well as lesser known archaeological cultures. Occasional

COS-ANTHRO

ANT 3163 - Mesoamerican Archaeology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to the prehistory of Mexico, Guatemala and upper Central America from earliest times through the Spanish conquest. Occasional

COS-ANTHRO

ANT 3164 - Ancient Incas
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The ancient Inca civilization, including examination of pre-Inca cultures and modern Andeans. Uses archaeological, ethnohistorical, historical, and contemporary anthropological sources. Fall

COS-ANTHRO

ANT 3165 - Archaeology of South America
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2140, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Civilizations of South America from the last ten thousand years, focusing primarily on civilizations of the Andes and other areas. Occasional

COS-ANTHRO

ANT 3168 - Maya Archaeology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of the Prehistoric Maya culture focusing on both the archaeology and current issues in the field. Fall

COS-ANTHRO

ANT 3169 - Life and Death in the Ancient Andes
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2511 or Sophomore Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Demonstrates the potential of human skeletal remains for reconstructing past lifeways in the ancient Andean civilizations of South America (Peru and Bolivia). Spring

COS-ANTHRO

ANT 3173 - Archaeology of Sex
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Cross-cultural concepts of sex, sexuality, and sexual intercourse throughout human history from an archaeological perspective. Fall
COS-ANTHRO

ANT 3174 - Battlefield Archaeology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Provide students an archaeological perspective of fields of combat and military infrastructure from the Classic period to the early 20th century. *Even Fall*

COS-ANTHRO

ANT 3176 - African Archaeology and Prehistory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and Sophomore Standing

Archaeological heritage of Africa, beginning with the emergence of modern humans and ending with the arrival of Europeans. *Even Spring*

Department of Anthropology

COS-ANTHRO

ANT 3177 - Archaeology of Caribbean Piracy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The profession of piracy in the context of Caribbean prehistory and archaeology. *Fall*

COS-ANTHRO

ANT 3179 - Australian Archaeology and Indigenous Cultures

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Explore indigenous peoples, both past and present, through historical and maritime archaeology, as a means of unraveling the full breadth of Australia's rich indigenous cultures. *Odd Fall*

COS-ANTHRO

ANT 3212 - Peoples of the World

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A comparative study of religion, family, politics, philosophy, and other elements of socio-cultural organization of preliterate societies. *Fall, Spring*

COS-ANTHRO

ANT 3241 - Magic, Ritual, and Belief

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Patterns in religious behavior in various societies, with primary emphasis on myth, rite, taboo, and festival social phenomena. *Fall, Spring*

COS-ANTHRO

ANT 3245 - Native American Religions

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The religious beliefs of native New World peoples. *Fall, Spring*

COS-ANTHRO

ANT 3275 - Anthropological Perspectives on Refugees

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The culturally specific causes of refugee flows, responses to refugees, cultural issues refugees experience when they seek asylum, and resettlement experiences. *Even Spring*

COS-ANTHRO

ANT 3290 - Anthropology of Plants and People

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2140 or Sophomore Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Anthropological perspectives involving the interactions between people and plants. *Even Spring*

COS-ANTHRO

ANT 3302 - Sex, Gender and Culture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Anthropological perspectives involving the interactions between people and plants. *Even Spring*

COS-ANTHRO
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The traditional and changing roles of women and men viewed in a cross-cultural perspective. Fall, Spring

COS-ANTHRO

ANT 3311 - Indians of the Southeastern United States

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of the social and cultural history of the Indians of the Southeast. Occasional

COS-ANTHRO

ANT 3312 - Ethnology of North American Indians

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of the aboriginal cultures of North America, with emphasis on the pre-contact cultural condition. Occasional

COS-ANTHRO

ANT 3330 - Anthropology of the Amazon

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The historical ecology and archaeology of indigenous Amazonians, including evidence from archaeological, ethnographic and linguistic studies. Occasional

COS-ANTHRO

ANT 3362 - Peoples of Southeast Asia

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of the peoples of Vietnam, Cambodia, Laos and Thailand from the anthropological perspective. Occasional

COS-ANTHRO

ANT 3541 - Biobehavioral Anthropology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing

An introduction to the study of human behavior in terms of mutual interaction between human biology and cultural environments. Fall

COS-ANTHRO

ANT 3550C - Primatology

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): One of the following; ANT 2511, BSC 2010C, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of species from the Order Primates, including their morphology, ecology, behavior, and geographic distribution. Occasional

COS-ANTHRO

ANT 3610 - Language and Culture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The study of language in a non-western setting; language and behavior; language and perception. Fall, Spring

COS-ANTHRO

ANT 3701 - Engagement & Social Change: Public Anthropology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of anthropological methods to current human problems such as the environment, migration, globalization and health. Even Fall

COS-ANTHRO

ANT 3943 - Caribbean Archaeology Practicum

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Previous fieldwork is preferred, and C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Field archaeology by participating in field schools at prehistoric Lucayan sites on Eleuthera and/or Inagua Islands. May be used in the degree program a maximum of 2 times.  
Occasional  

COS-ANTHRO

ANT 4013 - Anthropology of Fast Food  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ANT 2000 or ANT 2410 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Anthropological research on corporate fast food in diverse cultural settings.  
Occasional  

COS-ANTHRO

ANT 4027 - Mummies, Life After Death  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ANT 2511 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Cultural practices and beliefs surrounding death; the concerns cultures and humans have had throughout the ages about the body's decay after life; and their attempts to prevent decay and preserve bodies in a state as near to life as possible.  
Occasional  

COS-ANTHRO

ANT 4034 - History of Anthropological Thought  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ANT 2140 or Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The exploration of the intellectual foundations of modern anthropology.  
Fall, Spring  

COS-ANTHRO

ANT 4051 - Environmental Anthropology  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ANT 2140 or Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Relationships between human cultures and societies and the environment from an anthropological perspective.  
Even Fall  

COS-ANTHRO

ANT 4081 - Science, Technology, and Culture  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PR: Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course critically examines how culture shapes science and technology and vice versa.  
Odd Spring  

COS-ANTHRO

ANT 4105 - Saving the Plundered Past: Ethics and Controversy in Contemporary Archaeology  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ANT 2140 or Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Social, economic and political contexts surrounding contemporary archaeological research and interpretation, with emphasis on ethics, heritage management, and law.  
Even Spring  

COS-ANTHRO

ANT 4115C - Archaeological Method and Theory  
Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 1  
Contact Hours: 3  
Prerequisite(s): ANT 2140 or Junior Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of archaeological field and laboratory techniques, including the interpretation of written archaeological reports.  
Spring  

COS-ANTHRO

ANT 4123 - Archaeology of Coastal Societies  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Sophomore Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Archaeological patterns of human adaptation to coastal environments across time and around the world.  
Odd Spring  

COS-ANTHRO

ANT 4153 - North American Archaeology  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
or Corequisite(s): None.
The cultural development of Native North Americans from prehistoric times to the period of the first European contact. Spring

COS-ANTHRO

ANT 4170 - Household Archaeology: The Archaeology of Everyday Life
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The archaeological student of households and the everyday lives of people associated with daily activities across time and throughout the world. Odd Spring

COS-ANTHRO

ANT 4171 - Anthropology: The Battle of the Sexes?: The Archaeology of Gender
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2140 or Sophomore Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Advances in archaeological research on gender, sexuality and social identity. Even Spring

COS-ANTHRO

ANT 4183 - Archaeological Sciences
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): One of the following: ANT 2511, ANT 2140, CHS 3501, any 4000 level Criminal Justice course, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The manufacture and analysis of flaked stone tools and examination of the ways lithic can enlighten us about human behavior. Occasional Department of Anthropology

COS-ANTHRO

ANT 4184 - Mortuary Archaeology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2140 or ANT 2511, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Archaeological interpretations of death; basic data collection, skeletal analysis, and comparative study of mortuary ritual - both ancient and modern. Odd Spring

COS-ANTHRO

ANT 4187 - Paleoethnobotany
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): ANT 2140, Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Provides students with knowledge and understanding of paleoethnobotany sufficient to understand, interpret, and evaluate plant data in archaeological, paleoecological, and contemporary research. Odd Spring

COS-ANTHRO

ANT 4189 - Lithic Analysis: Archaeology of Stone Tools
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ANT 2140

COS-ANTHRO

ANT 4303 - Anthropology of Tourism
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2000, or SYG 2000, or PSY 2012 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Social theory of tourism; anthropology of tourism in U.S. and world regions, including impacts on local peoples, cultures, and environments. Occasional

COS-ANTHRO

ANT 4332 - People and Cultures of Latin America
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): One of the following: ANT 2000, SYG 2000, PSY 2012, ANT 2410, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
History and society of the peoples of Latin America, emphasizing patterns of subsistence and social organization. Odd Fall

COS-ANTHRO
ANT 4340 - Caribbean Cultures
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2000, ANT 2410, SYG 2000, PSY 2012, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Comparative study of peoples and cultures of the Anglophone, Francophone, Hispanophone, and Caribbean. Even Spring

ANT 4352 - African Societies and Cultures
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2000 or SYG 2000 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Anthropological survey of Africa examining the social, cultural, and economic diversity of the continent over time. Even Fall

ANT 4406 - Pain and Suffering: The Anthropology of Violence
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2511 or ANT 2410. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Survey the phenomenon of violence in human societies by exploring anthropological perspectives and theories based in human evolutionary biology, archaeology, forensics, and ethnology. Even Spring

ANT 4408 - Culture, Disease, and Healing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The role of culture in shaping the experience and perceptions of health, sickness, and well-being in a variety of contexts. Spring

ANT 4441 - Anthropology of Cities
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Cities in the past and present along with the activities and social systems that create them from an archaeological and anthropological perspective. Even Spring

ANT 4442 - Medical Anthropology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Central concepts and methods in comparative contextualization of health, healing systems, suffering, distribution of risk, and use of medical technologies from physiological and biocultural perspectives. Fall

ANT 4447 - Nutritional Anthropology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Psychological, biological, social, cultural, and environmental influences of food consumption and physiological status. Perspectives are cross-cultural, ecological and evolutionary. Occasional

ANT 4462 - Medical Anthropology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
An anthropological approach of drugs and addiction in the U.S. and internationally as topics of cultural, political, economic, and health concerns. Odd Fall

Department of Anthropology
ANT 4482 - Anthropology of Mental Health
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing or any upper level course in Anthropology, Sociology, Psychology, or Social Work.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Anthropological approaches to mental health and examines mental health and healing in cross-cultural perspective. Odd Spring

ANT 4483 - Health and Healing in the Ancient World: An Anthropological Perspective
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2511 or junior standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
A history of health and healing in the human past and how archaeologists can determine patterns and changes over time. Odd Spring

ANT 4516 - Human Biological Diversity
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2511 or BSC 2010C or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Human biological variation and adaptation. Spring

ANT 4521 - Forensic Anthropology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): One of the following: ANT 2511, CHS 3501, any 4000 level Criminal Justice class, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The study of human skeletal remains in relation to a legal context. Fall

ANT 4525C - Human Osteology
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): One of the following: ANT 4521, ZOO 3713C, ZOO 3733C, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The scientific study of the human skeleton and the methodology and techniques involved in the anthropological assessment of skeletal remains. Fall

ANT 4560 - Birth to Death: Anthropological Perspectives on Human Growth
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2511 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Evolutionary, ecological, historical and cultural perspectives on human growth, maturation, and aging. Occasional

ANT 4586C - Human Origins
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): ANT 2511 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The fossil evidence for human evolution from Miocene hominoids through the australopithecines and the earliest members of the genus Homo. Fall, Spring

ANT 4591 - Quantitative Methods in Biological Anthropology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: STA 2014C or C.I.
Biological anthropology methodological approaches to analyzing quantitative data, interpreting and writing results. Spring

ANT 4702 - Culture, Inequality and Global Development
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Anthropological perspective on origins and contemporary ramifications of underdevelopment and disempowerment in the world system. Occasional

ANT 4802 - Ethnographic Field Methods
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 2000, ANT 2410, SYG 2000, PSY 2012, or C.I.

Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Procedures and principles of ethnographic research methods.

Occasional

COS-ANTHRO

ANT 4852 - GIS Methods in Anthropology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An overview to Geographic Information Systems (GIS) methods from an anthropological perspective.

Even Fall

COS-ANTHRO

ANT 4854 - Advanced GIS Methods in Anthropology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 4852 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced methods to Geographic Information Systems (GIS) from an anthropological perspective.

Odd Spring

COS-ANTHRO

APK 2300 - Basic Sport First Aid and CPR

Credit Hours: 3
Class Hours: 3
Prerequisite(s): None

The prevention, identification, evaluation and care of athletic/sports injuries and other related topics. The introduction and instruction of basic life safety cardiopulmonary resuscitation and automated external defibrillator use for people working in athletics and sports settings. Spring Fall 24

School of Kinesiology and Physical Therapy

APK 3132 - Triathlon Training and Performance

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., Physical Education B.S., or Fitness Training Minor; minimum overall 2.5 GPA; PET 3351 Applied Exercise Physiology and ZOO 3736C or ZOO 3733C or equivalent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Triathlon concepts, training, and performance, leading to the development of optimal fitness and an improved healthy lifestyle.

Occasional

ED-E&HS

APK 3400 - Sports Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A review of principles of psychology related to the enhancement of satisfaction and performance in sports. Occasional

COS-PSYCH

APK 4110C - Advanced Exercise Physiology

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., Physical Education B.S., or Fitness Training Minor; minimum overall 2.5 GPA; PET 3351 Applied Exercise Physiology and ZOO 3736C or ZOO 3733C or equivalent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Metabolic, neuromuscular, respiratory and cardiovascular physiological concepts and principles with practical application to kinesiology. Fall, Spring

School of Kinesiology and Physical Therapy

APK 4203 - Monitoring Training and Athletic Performance

Credit Hours: 3
Class Hours: 3
Prerequisite(s): Admission to Kinesiology B.S. and ZOO 3736C Exercise Physiology Anatomy or ZOO 3733C Human Anatomy; and minimum overall 2.5 GPA. Prerequisite(s) or Corequisite(s): N/A

Examination of how data collected on sport performance variables may improve the ability to successfully monitor athletes over a competitive season. Specific focus on which variables may be used as predictors of training status, athlete readiness and injury risk stratification. Spring Fall

School of Kinesiology and Physical Therapy

APK 4903 - Basic Research Methods in Kinesiology
Credit Hours: 3
Class Hours: 3
Prerequisite(s): Admission to Kinesiology B.S; STA 2023 and overall minimum 2.5 GPA or C.I.

An overview of the research process including evaluating research questions, analyzing data, and presenting findings. Spring Fall

School of Kinesiology and Physical Therapy

ARA 1120C - Elementary Arabic Language and Civilization I

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduces the student to Arabic language skills. Open only to students with no experience in the language. Fall

ARA 1120C - Honors Elementary Arabic Language and Civilization I

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 1
Contact Hours: 5
Prerequisite(s): Permission of Honors. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Continuation of ARA 1120C. Honors level content. Occasional

ARA 1121C - Elementary Arabic Language and Civilization II

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 5
Prerequisite(s): ARA 1120C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of ARA 1120C. Spring

ARA 1121C - Honors Elementary Arabic Language and Civilization II

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 1
Contact Hours: 5
Prerequisite(s): Completion of Articulated Pre-Major: Architecture A.A. at Valencia College West or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Continued investigation of computer-aided design programs currently utilized by professional practices. Odd Spring

ARA 2200 - Intermediate Arabic Language and Civilization I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): ARC 3320L or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Development of language skills and cultural knowledge at the intermediate level. Occasional

ARA 2201 - Intermediate Arabic Language and Civilization II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARA 2200 or equivalent or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Continuation of ARA 2200 with emphasis on Arabic cultures. Fall, Spring

ARC 3181 - Advanced Topics in Digital Architecture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Completion of Articulated Pre-Major: Architecture A.A. at Valencia College West or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Professional architecture practices in conjunction with supervised experiences at local, central Florida firms. Occasional

ARC 3270 - Professional Practice in Architecture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARC 3320L or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Professional architecture practices in conjunction with supervised experiences at local, central Florida firms. Occasional

ARC 3310C - Parametric Modeling and Digital Fabrication

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): ARC 2180 (offered through Valencia College) or equivalent. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Computer-aided hardware and software utilized in the professional practice of architecture. Occasional
CAH-SVAD

ARC 3320L - Architectural Design
Credit Hours: 6
Class Hours: 0
Lab and Field Work Hours: 9
Contact Hours: 9
Prerequisite(s): Completion of Articulated Pre-Major: Architecture A.A. at Valencia College West or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Investigates architectural design and its relationship to regional contextual influences through a range of projects which vary in scale and complexity. Even Fall
CAH-SVAD

ARC 3503 - Architectural Structures
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Completion of Articulated Pre-Major: Architecture A.A. at Valencia College West or C.I.; Corequisite(s): ARC 3320L. Prerequisite(s) or Corequisite(s): None.

Principles of structural behavior in withstanding gravity and lateral forces. Considers structural layout, load distribution, and preliminary design techniques; and examines contemporary structural systems through case studies. Even Fall
CAH-SVAD

ARC 3321L - Architectural Design
Credit Hours: 6
Class Hours: 0
Lab and Field Work Hours: 9
Contact Hours: 9
Prerequisite(s): ARC 3320L. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Architectural design with a large scale urban context. Theory, methodology, and evolution of urban form in response to social, cultural, economic and technological forces. Odd Spring
CAH-SVAD

ARC 3610 - Environmental Technology 1
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): ARC 3321L. Prerequisite(s) or Corequisite(s): None.

Principles and practices relating to control of the thermal/atmospheric environment and plumbing in buildings. Odd Spring
CAH-SVAD

ARC 3463 - Materials and Methods of Construction 2
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): ARC 4323L. Prerequisite(s) or Corequisite(s): None.

Methods of assembling and selecting materials; detailed systems of construction will be investigated. Even Spring
CAH-SVAD

ARC 3743 - Architectural History 3
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): ARC 3320L. Prerequisite(s) or Corequisite(s): None.

Social, political, material, technological, and cultural forces on design and construction from 1850, including architect's role in civil society and theoretical positions of architects and architectural schools. Even Fall
CAH-SVAD

ARC 4220 - Architectural Theory 2
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): ARC 4322L. Prerequisite(s) or Corequisite(s): None.

Investigates the theoretical, historical and ideological ideas in architecture that took place during the early decades of the twentieth century. Odd Fall
CAH-SVAD

ARC 4322L - Architectural Design
Credit Hours: 7
Class Hours: 0
Lab and Field Work Hours: 9
Contact Hours: 9
Prerequisite(s): ARC 3321L. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Control over architectural processes to solve design needs through appropriate program development and construction technology. Complete building as a final product, emphasizing on urban and suburban housing projects. Odd Fall
CAH-SVAD

ARC 4323L - Architectural Design
Credit Hours: 8
Class Hours: 0
Lab and Field Work Hours: 9
Contact Hours: 9
Prerequisite(s): ARC 4322L. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Architecture designs focus on architectural detail and articulation. An investigation of landscape provides the context for this study. Even Spring

CAH-SVAD

ARC 4620 - Environmental Technology 2

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ARC 3610 or C.I. Corequisite(s): ARC 4322L. Prerequisite(s) or Corequisite(s): None.

Fundamentals of architectural lighting, acoustics, electrical power distribution and building communications. Odd Fall

CAH-SVAD

ARC 4694 - In the Space of Health and Wellness

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ARC 321L. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Considers healthcare issues, facility design, environmental impact, and disruptive technology and convergence of health, research and technology. Occasional

CAH-SVAD

ARE 2000 - Early Childhood Art and Creativity

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of developmental patterns in children's artistic behaviors and appropriate instructional strategies to be implemented. Occasional M&S fee $5.00

ED-CFCS

ARE 3944 - Community Arts Practicum

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 3  
Contact Hours: 5  
Prerequisite(s): C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A supervised experience for students to facilitate art programming in a variety of community settings. Occasional

CAH-SVAD

ARE 4250 - Art for Exceptionalities

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Admission to the College of Education, Art Education Program or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Concepts, principles, and methods of integrating art processes into the education of students with physical, emotional, and mental exceptionalities. Spring

ED-TL&L

ARE 4260 - Methods in Art Administration

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 1  
Contact Hours: 3  
Prerequisite(s): Admission into the Art Education program or Art Education Minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Transition from university art studio practices to High School Teaching of art. Organizing, designing and analyzing art experiences, activities and classroom environments for the elementary school classroom. Fall M&S fee $5.00

ED-TL&L

ARE 4351 - Teaching Art in the Elementary School

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Admission into the Art Education Program or Art Education Minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Transition from university art studio practices to public school teaching of art. Organizing, designing and analyzing art experiences, activities and classroom environments for the elementary school classroom. Fall M&S fee $5.00

ED-TL&L

ARE 4352 - Teaching Art in the Secondary School

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 1  
Contact Hours: 3  
Prerequisite(s): Admission into the Art Education program or Art Education Minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Transition from university art studio practices to High School Teaching of art. Organizing, designing and analyzing art experiences and activities appropriate for junior high and high school children. Examination of teaching methodology relative to the high school and junior high school settings. Spring M&S fee $5.00

ED-TL&L

ARE 4356 - Teaching Art Appreciation & Criticism in the Classroom

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ARH 3820. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories and methodologies for designing, implementing and administering art programs for a variety of populations. Occasional

CAH-SVAD
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): ARH 2050 and ARH 2051. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

An examination of art appreciation programs and concepts toward planning curriculum for the study of art history, popular art, art criticism, and aesthetics for specific educational settings. Fall 0.00

ED-TL&L

ARE 4453 - Studio Experiences in Art Education

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission into the College of Education, Art Education Program required or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Materials available for instruction in public schools will be explored in depth in relation to their appropriateness and productive qualities. May be used in the degree program a maximum of 3 times. Spring M&S fee $5.00

ED-TL&L

ARH 2050 - History of Western Art I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Painting, sculpture and architecture from the Prehistoric Era through the Renaissance, with honors content. Occasional

CAH-SVAD

ARH 2050H - Honors History of Western Art I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Painting, sculpture and architecture from the Prehistoric Era through the Renaissance, with honors-level content. Occasional

CAH-SVAD

ARH 2051 - History of Western Art II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Painting, sculpture and architecture from the Baroque through the 20th century. Spring

CAH-SVAD

ARH 2051H - Honors History of Western Art II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Painting, sculpture and architecture from the Baroque through the 20th century, with honors-level content. Occasional

CAH-SVAD

ARH 2500 - History of Non-Western Art

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Major visual arts in various non-Western cultures. Fall, Spring

CAH-SVAD

ARH 3471 - Art in the Last 25 Years

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A seminar for upper-level art students to examine current trends in the visual arts. Occasional

CAH-SVAD

ARH 3610 - American Art

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Surveys American Art to 1900. Leading artists are identified and representative examples of their work are discussed within the context of major themes, patterns, sources. Occasional

CAH-SVAD

ARH 3631 - African-American Art

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Surveys American Art to 1900. Leading artists are identified and representative examples of their work are discussed within the context of major themes, patterns, sources. Occasional

CAH-SVAD

ARH 3650 - History of Non-Western Art
Historical survey of art produced by working artists of African heritage and representations of African-American life by these and other artists. Occasional

ARH 3632H - Honors African American Arts Seminar
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An exploration of traditional, academic, and contemporary urban African American visual arts. Occasional

ARH 3670 - 20th Century Latin American Art
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Art of the modern era (1820 to 1980) in the Caribbean and South America; issues and characteristics of art as they reflect the cultural evolution of Latin America. Occasional

ARH 3674 - Latin American Popular Visual Culture
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ANT 4332 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Latin American popular culture beyond "fine art," produced in Latin America, the United States, and the Caribbean. Odd Spring

ARH 3683 - Southern Folk Arts
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course will explore contemporary issues related to folk art including definition, collecting, marketing, art criticism, tradition, innovation, and its relationship to the so-called fine arts and popular arts. Occasional

ARH 3710 - History of Photography I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

History of still photography from its earliest inception to 1900. The content of this course is designed for art majors. Occasional

ARH 3713 - 20th Century Photographic History
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The history of the evolution of still photography from the early 20th Century to contemporary practice. Occasional

ARH 3720 - History of Prints
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

History of printmaking in the Western world, surveying works by the "great printmakers." Occasional

ARH 3728 - History of Illustration
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Western illustration from ancient and medieval manuscripts through nineteenth century cartoon, caricature, book, magazine illustration, and advertising. Occasional

ARH 3820 - Visual Arts Administration Vitas
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Grant applications; Personnel; copyright laws; museum practices, etc. Occasional
CAH-SVAD

ARH 3842 - Art History Abroad: Italy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Meets in Italy and explores Italian art, architecture, artists, patrons, and culture from the Roman period through the late Baroque. Occasional

CAH-SVAD

ARH 3888 - Art of Walt Disney

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the animation, art, and architecture of Disney. Occasional

CAH-SVAD

ARH 4130 - Greek Art and Architecture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the art and architecture of ancient Greece from the Bronze Age through the end of the Hellenistic period. Occasional

CAH-SVAD

ARH 4150 - Roman Art and Architecture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050, ARH 2051, and ARH 4310. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines Roman art and architecture from its Etruscan origins through Constantine. Occasional

CAH-SVAD

ARH 4200 - Medieval Art

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines Medieval Art from the 6th through 14th centuries, including painting, architecture, sculpture and illuminated manuscripts. Occasional

CAH-SVAD

ARH 4310 - Italian Renaissance Art

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050 and ARH 2051. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the art and architecture of the Baroque period in Italy from 1600-1750. Occasional

CAH-SVAD

ARH 4316 - Great Masters: daVinci, Michelangelo, and Raphael

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ARH 2050, ARH 2051, and ARH 4310. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines at length three artists considered to be Great Masters: daVinci, Michelangelo, and Raphael. Occasional

CAH-SVAD

ARH 4350 - Baroque Art

Credit Hours: 3
Class Hours: 3

Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2823. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Priority given to students whose major requires this course. Materials, processes, form. Emphasis on two-dimensional design problems, including problems in black and white and basic color theory. Fall, Spring M&S fee $45.00

ART 2300C - Honors Drawing Fundamentals I
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2823 and Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Priority given to students whose major requires this course. Drawing as a means of formal organization. Introduction to problems in drawing methods and media. Emphasis on description techniques. Fall, Spring M&S fee $10.00
ART 2301C - Drawing Fundamentals II

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2300C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Priority given to students whose major requires this course.
Continuation of ART 2300C. Fall, Spring M&S fee $10.00

ART 2400C - Beginning Printmaking

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2300C and ART 2201C. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Basic elements and techniques of printmaking covered. Relief, intaglio, and lithography.
Assignments include practical application of printmaking as drawing tool. Occasional

ART 2500C - Beginning Painting

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2203C and ART 2300C. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Methods and materials of the painter. Introduction to the problems in painting. Occasional M&S fee $15.00

ART 2701C - Sculpture

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2203C and ART 2300C. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

The challenge of communicating ideas through three-dimensional forms. Odd Fall M&S fee $35.00

ART 2754C - Beginning Ceramics

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Basic concepts of ceramic design, experience in processes of forming, decorating, glazing, and firing pottery. Fall, Odd Spring M&S fee $35.00

ART 2823 - Art as Interface

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

An overview of art department specializations, and selected historical and theoretical information influencing the art curriculum. Examination of aesthetic characteristics shared by the various disciplines and how knowledge of these data is used by the profession to share information with the community. Fall, Spring

ART 3161 - Mixed Media

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ART 2201C, ART 2203C, and ART 3170C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An overview of art department specializations, and selected historical and theoretical information influencing the art curriculum. Examination of aesthetic characteristics shared by the various disciplines and how knowledge of these data is used by the profession to share information with the community. Fall, Spring

ART 3170C - Book Binding

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C and ART 2300C. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Basic book binding techniques, methods, structures, and production of books. Occasional M&S fee $44.00

ART 3171C - Materials for Artist Books

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, and ART 3170C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Production of materials used for an artist in the creation of books. Occasional M&S fee $32.00

ART 3175C - Advanced Issues in Contemporary Book Arts

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, and ART 3170C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Drawing, printmaking, and painting combined with guided research at the Orlando Museum of Arts culminating in a handbound Visual Book.

Occasional M&S fee $44.00

CAH-SVAD

ART 3176C - The Illuminated Book

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2300C, ART 2301C, and ART 3170C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The creation of visual, illuminated responses to language from stories, fables, poetry, and books using a variety of media. Occasional M&S fee $45.00

CAH-SVAD

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Designing three-dimensional projects for real world clients. With Honors Content. Occasional

CAH-SVAD

ART 3321C - Drawing Intensive

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6

Drawing concepts and techniques emphasizing observation from still life and the human figure.

Occasional

CAH-SVAD

ART 3332C - Intermediate Drawing

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, and ART 3170C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Intermediate problems in drawing, with emphasis on the human form.

Fall, Spring

CAH-SVAD

ART 3433C - Screenprinting

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, and a satisfactory portfolio review or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Techniques of waterbase screenprinting, including digital/photo processes and practical applications of screenprinting as a means for image making. Occasional

CAH-SVAD

ART 3504C - Intermediate Painting

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4

Reinforces and extends methods and materials content of ART 2500C, and deals with issues of figurative painting. Fall, Even Spring M&S fee $15.00

CAH-SVAD

ART 3643C - Digital Effects & Compositing

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): DIG 3951 and declared Character Animation specialization, or ART 3950 and DIG 4780C and declared Experimental Animation specialization. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Special effects and compositing for computer animation and film, focusing on the use of After Effects, Premier and Photoshop or comparable software. Fall

CAH-SVAD

ART 3709C - Intermediate Sculpture

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, ART 2701C, and successful portfolio review. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the concepts of three-dimensional forms. Fall, Spring M&S fee $45.00

CAH-SVAD

ART 3737C - Narrative Sculpture
Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 4  
Contact Hours: 6  
Prerequisite(s): ART 2300C and ART 2203C. Corequisite(s): None.  
Corequisite(s) or Corequisite(s): None.

Aesthetics of sculpture incorporating narrative content and referencing historical contexts. May be repeated for credit two times. Occasional

CAH-SVAD

ART 3761C - Intermediate Ceramics

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 4  
Contact Hours: 6  
Prerequisite(s): ART 2754C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of ceramic processes. Fall, Spring M&S fee $35.00

CAH-SVAD

ART 3764C - Ceramic Handbuilding I

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 4  
Contact Hours: 6  
Prerequisite(s): ART 2754C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of a variety of ceramic handbuilding procedures, including design, glaze application and firing process. Occasional M&S fee $35.00

CAH-SVAD

ART 3824 - Japanese Manga & Anime

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1102 or CI. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explores the real and imaginary robotic beings inhabiting the fictional worlds of Japanese Anime and Manga. Occasional

CAH-SVAD

ART 3833C - Honors Processes and Ideas in Art

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 4  
Contact Hours: 6  
Prerequisite(s): Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Generation of new insights concerning artistic expression with an emphasis on the individual creation of visual art objects. With Honors content. Occasional

CAH-SVAD

ART 3833C - Processes and Ideas in Art

Credit Hours: 3  
Class Hours: 4  
Lab and Field Work Hours: 2  
Contact Hours: 6  
Prerequisite(s): ART 2201C, ART 2203C, and ART 2301C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course emphasizes the development of individual creativity and the generation of new insights concerning artistic expression. These "formative activities" must be manifested by students in the form of small sculptures and/or other forms of creativity. Occasional

CAH-SVAD

ART 3950 - Portfolio Review

Class Hours: 0  
Lab and Field Work Hours: 0  
Contact Hours: 0  
Prerequisite(s): ARH 2050, ARH 2051, ART 2823, ART 2201C, ART 2203C, ART 2300C, and ART 2301C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Determines competencies in studio foundations work. Satisfactory completion of portfolio review is required to enroll in upper division studio classes. Fall, Spring Graded S/U.

CAH-SVAD

ART 3951C - Design Intensive

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 4  
Contact Hours: 6  
Prerequisite(s): ART 2203C and ART 2300C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Covers both two and three dimensional design concepts. Occasional $57

CAH-SVAD

ART 4172C - Book Repair and Restoration

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 4  
Contact Hours: 6  
Prerequisite(s): ART 2203C, ART 2300C, and ART 2301C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mending, repairing, and rebinding books from the Library and Special Collections. Occasional

CAH-SVAD

ART 4173C - The Artist Book

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 4  
Contact Hours: 6  
Prerequisite(s): ART 3170C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mending, repairing, and rebinding books from the Library and Special Collections. Occasional

CAH-SVAD

ART 4173C - The Artist Book

Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 4  
Contact Hours: 6  
Prerequisite(s): ART 3170C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mending, repairing, and rebinding books from the Library and Special Collections. Occasional

CAH-SVAD
Definition of book from traditional hand-made to contemporary artist book. Redefining the elements, structure and content of books and the binding and printing methods in book production. Occasional M&S fee $28.00

CAH-SVAD

ART 4174C - The Printed Book

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 3170C
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Aesthetics of the printed book including binding techniques to make artist books. Occasional M&S fee $23.00

CAH-SVAD

ART 4177C - Commercial Book Design and Publishing

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 3170C
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analysis of art and design elements and their interpretation from a historical perspective. Occasional

CAH-SVAD

ART 4320C - Advanced Drawing

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, ART 3332C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

May be repeated for credit. Fall, Spring

CAH-SVAD

ART 4402C - Advanced Printmaking

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, and a satisfactory portfolio review or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced process in printmaking. May be repeated for credit. Even Fall, Spring M&S fee $30.00

CAH-SVAD

ART 4505C - Advanced Painting

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, ART 3504C, and a satisfactory portfolio review or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced problems in painting. May be repeated for credit. Fall, Spring M&S fee $15.00

CAH-SVAD

ART 4644C - Books Without Books

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, and ART 2301C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The use of technology for alternative presentation of sequential ideas in space and time. May be repeated for credit. Occasional

CAH-SVAD

ART 4701C - Advanced Sculpture

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, ART 2701C, and a satisfactory portfolio review or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The challenge of communicating concepts through three-dimensional forms. May be repeated for credit. Fall, Spring M&S fee $45.00

CAH-SVAD

ART 4765C - Ceramic Handbuilding II

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, ART 2701C, and a satisfactory portfolio review or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Technical skills in manipulating form, function, volume, color and surface texture. Occasional M&S fee $35.00

CAH-SVAD

ART 4780C - Kiln Design and Building

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, ART 3761C, ART 4783C, and a satisfactory portfolio review or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The design and construction of kilns,
use of refractory materials, and the theory of efficient fuel combustion. May be repeated for credit.

**CAH-SVAD**

**ART 4783C - Advanced Ceramics**

Prerequisite(s): WOH 2022 or C.I. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.  

History of India from decline of Mughlas in late 18th century to present. Occasional  
CAH-HIST
ASL 2140 - Introduction to American Sign Language

**Credit Hours:** 4
**Class Hours:** 4
**Lab and Field Work Hours:** 0
**Contact Hours:** 4
**Prerequisite(s):** None. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Development of ASL vocabulary and grammar. Deaf culture, literature, research examined. *Fall, Spring*

HPA-COM SC&DIS

ASL 2150 - Intermediate American Sign Language

**Credit Hours:** 4
**Class Hours:** 4
**Lab and Field Work Hours:** 0
**Contact Hours:** 4
**Prerequisite(s):** ASL 2140. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Expansion of ASL vocabulary with increased development of knowledge concerning Deaf culture. *Fall, Spring*

HPA-COM SC&DIS

ASL 2510 - Issues of Deafness

**Credit Hours:** 3
**Class Hours:** 3
**Lab and Field Work Hours:** 0
**Contact Hours:** 3
**Prerequisite(s):** C.I. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

The impact of deafness on individual, family and social problems in the deaf community and culture, including historical and changing attitudes toward persons and disabilities. *Occasional*

HPA-COM SC&DIS

ASL 4161C - American Sign Language III

**Credit Hours:** 4
**Class Hours:** 3
**Lab and Field Work Hours:** 1
**Contact Hours:** 4
**Prerequisite(s):** ASL 2150. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Conversation. Emphasis on refining fluency receptively and expressively. Practicum with the deaf community. *Occasional*

ASL 4201 - American Sign Language IV

**Credit Hours:** 4
**Class Hours:** 4
**Lab and Field Work Hours:** 0
**Contact Hours:** 4
**Prerequisite(s):** ASL 4161C or consent of instructor. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Advanced study in complex grammar, facial expression, metaphorical and idiomatic vocabulary, emphasizing production of non-voiced, conversational, spontaneous signed sentences, "reading" signed phrases and sentences. *Occasional*

ASL 2002 - Astronomy

**Credit Hours:** 3
**Class Hours:** 3
**Lab and Field Work Hours:** 0
**Contact Hours:** 3
**Prerequisite(s):** High school algebra or MAC 1105C. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Descriptive survey of solar system, galaxies and universe; physical properties of stars, H-R diagram, stellar evolution, black holes, neutron stars. *Occasional*

AST 2002L - Astronomy Lab

**Credit Hours:** 1
**Class Hours:** 0
**Lab and Field Work Hours:** 3
**Contact Hours:** 3
**Prerequisite(s):** None. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Laboratory experiments covering selected topics in astronomy related to AST 2002. *Occasional* M&S fee $9.00

COS-PHYS

AST 2002H - Honors Astronomy

**Credit Hours:** 3
**Class Hours:** 3
**Lab and Field Work Hours:** 0
**Contact Hours:** 3
**Prerequisite(s):** None. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

A thought provoking journey through solar system environments and extrasolar planets to establish the probability of life on other planets in our solar system and beyond. *Occasional*

COS-PHYS

AST 3110 - Solar System Astronomy

**Credit Hours:** 3
**Class Hours:** 3
**Lab and Field Work Hours:** 0
**Contact Hours:** 3
**Prerequisite(s):** None. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Descriptive survey of solar system, galaxies and universe; physical properties of stars, H-R diagram, stellar evolution, black holes, neutron stars. *Fall, Spring*

COS-PHYS
Interdisciplinary approach to the dynamics of the Solar System through application of Physics, Atmospheric Science, Chemistry and Geology. Even Fall

COS-PHYS

AST 3114 - Space Weather in the Solar System

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: AST 2002

How the solar weather forms and solar weather effects on the solar system, including geomagnetic storms, aurorae, and impacts to electronics/GPS systems. Fall

AST 3211 - Stellar Astrophysics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AST 2002 and PHY 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The physics and dynamics of stars, including star formation and stellar evolution. Occasional

COS-PHYS

AST 3402 - Galaxies and Cosmology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AST 2002 and PHY 2048C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of the different types of galaxies, their evolution, their relationship to active galaxies and quasars, and the evolution of the universe. Odd Fall

COS-PHYS

AST 4142 - Asteroids, Comets, and Meteorites

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AST 2002
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Asteroids, comets, and meteorites and their role in the origin and evolution of our solar system. Occasional

COS-PHYS

AST 4152 - Planetary Geophysics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AST 2002, PHY 2053C, and Senior standing, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Physics of planetary evolution, planetary interiors, and planetary surface processes. Even Fall

COS-PHYS

AST 4700 - Experimental Methods in Astronomy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AST 2002, PHY 2048, and Senior standing, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Experimental design and experimental techniques in astronomy and astrophysics; spherical astronomy; physics of telescopes and of common astronomical detectors; astronomical quantification and interpretation of light. Even Spring

COS-PHYS

AST 4762C - Astronomical Data Analysis

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): MAC 2313, ability to write simple computer programs, and an upper level course in astronomy or planetary science, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Astronomical data formation and acquisition, detector physics, measurement extraction, error analysis, modeling, computer programming, statistics, interpretation, and written and oral presentation of results. Fall

COS-PHYS

ATR 2010C - Athletic Injuries: Mechanisms and Prevention

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): PET 3005.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The prevention, identification, care, and rehabilitation of human injuries. Fall, Spring

ED-E&HS

ATR 3012C - Clinical Skills for Athletic Trainers I

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 3
Prerequisite(s): PET 3005. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Clinical skills including functional
knowledge of lower extremity/trunk muscle, tendon, and ligament anatomy; advanced taping and bracing skills; and clinical assessment of general medical conditions. Fall M&S fee $31.00

HPA-HP

ATR 3013C - Clinical Skills for Athletic Training II

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 3
Prerequisite(s): ZOO 3733C or ZOO 3736C, and Athletic Training majors only or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Clinical skills, including functional knowledge of upper extremity muscle, tendon, ligament anatomy; advanced taping and bracing skills; and pharmacological interventions. Spring M&S fee $31.00

HPA-HP

ATR 3102 - Principles of Athletic Training

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ZOO 3733C or ZOO 3736C, PCB 3703C; and Athletic Training majors only or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Athletic training principles including injury recognition, emergency care, bloodborne pathogens, rehabilitation and prevention. Occasional

HPA-HP

ATR 3203C - Upper Extremity Function and Measurement

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): ZOO 3733C or ZOO 3736C with "C" (2.0) or better and COHPA majors and Health Sciences Minors only. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Upper extremity functional anatomy, manual muscle testing and goniometry. Fall, Spring

HPA-HP

ATR 3204C - Lower Extremity Function and Measurement

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): ZOO 3733C or ZOO 3736C with "C" (2.0) or better and COHPA majors and Health Sciences Minors only. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Lower extremity functional anatomy, manual muscle testing and goniometry. Fall, Spring

HPA-HP

ATR 3212C - Recognition and Evaluation of Athletic Injuries I

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): ATR 3102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Recognition and evaluation skills required to perform an injury/illness assessment of the lower extremity and spine and provide immediate management. Fall

HPA-HP

ATR 3312C - Injury, Management, and Rehabilitation

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): ZOO 3733C or ZOO 3736C with "C" (2.0) or better; COHPA Students only or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to the professions of Athletic Training and Physical Therapy and their respective roles in the healthcare system. Prevention, recognition and management of common injuries found in active populations. Fall, Spring

HPA-HP

ATR 3812L - Practicum in Athletic Training I

Credit Hours: 4
Class Hours: 0
Lab and Field Work Hours: 16
Contact Hours: 16
Prerequisite(s): ATR 3102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Clinical introduction to an athletic training site under direct supervision of a certified athletic trainer. Fall, Spring

HPA-HP

ATR 3822L - Practicum in Athletic Training II

Credit Hours: 4
Class Hours: 0
Lab and Field Work Hours: 16
Contact Hours: 16
Prerequisite(s): ATR 3812L. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of clinical practicum under direct supervision of certified athletic trainer. Fall, Spring

HPA-HP

ATR 4014C - Principles of Athletic Training Lab

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): Athletic Training majors only or C.I. Corequisite(s): None.
ATR 3102 Prerequisite(s) or Corequisite(s): None.

Basic athletic training skills including emergency care, taping and wrapping, goniometry and manual muscle testing. Occasional M&S fee $34.00

ATR 4103 - Case Studies in Sports Medicine:

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ATR 4832L.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Presentation and treatment of various sports injuries. Spring

ATR 4112L - Acute Care in Athletic Training

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 1
Contact Hours: 1
Prerequisite(s): ATR 4832L.
Corequisite(s): ATR 4842L
Prerequisite(s) or Corequisite(s): None.

This course will review and update student knowledge of and competency with acute care procedures and emergency planning in athletic settings. Spring

ATR 4132 - Human Injuries: Mechanisms & Prevention

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., Physical Education B.S., or Sport and Athletic Coaching Minor; minimum overall 2.5 GPA; and ZOO 3736C or ZOO 3733C or equivalent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of human movement and analysis of techniques for the prevention and treatment of human injuries associated with sport and fitness. Fall, Spring

School of Kinesiology and Physical Therapy

ATR 4213C - Recognition and Evaluation of Athletic Injuries II

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): ATR 3102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Recognition and evaluation skills required to perform an injury/illness assessment of the upper extremity, head and neck, and general medical conditions and provide immediate management. Spring

ATR 4302C - Therapeutic Modalities in Athletic Training

Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ATR 4213C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles and techniques for applying therapeutic modalities. Occasional M&S fee $5.00

ATR 4313C - The Therapeutic Exercise in Athletic Training

Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ATR 3212C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Rehabilitation processes regarding exercise progression for athletic injury Occasional

HPA-HP

ATR 4315C - Advanced Rehabilitation in Athletic Training

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 3
Prerequisite(s): Athletic Training majors only. ATR 4313C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced knowledge, skills, and techniques that the certified athletic trainer must perform during rehabilitation of injuries. Fall M&S fee $17.00

HPA-HP

ATR 4512C - Organization and Administration of Athletic Training

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ATR 3822L.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Administrative knowledge in the athletic training profession. Fall

HPA-HP

ATR 4832L - Practicum in Athletic Training III

Credit Hours: 4
Class Hours: 0
Lab and Field Work Hours: 16
Contact Hours: 16
Prerequisite(s): ATR 3822L.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced clinical internship with increased responsibilities under the supervision of a certified athletic

UCF Undergraduate Catalog 2019-2020 - 1210
trainer. Fall, Spring

HPA-HP

ATR 4842L - Practicum in Athletic Training IV

Credit Hours: 4
Class Hours: 0
Lab and Field Work Hours: 16
Contact Hours: 16
Prerequisite(s): PET 4672C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced clinical internship with increased responsibilities under the supervision of a certified athletic trainer. Fall, Spring

HPA-HP

ATR 4933 - Athletic Training Seminar

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): ATR 4832L and Senior standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Capstone course reviewing competencies, proficiencies, ethics and professional development for the entry-level athletic trainer. Spring

ATR 4940 - Athletic Training Elective Internship

Credit Hours: 0-4
Class Hours: 0
Lab and Field Work Hours: 1-15
Contact Hours: 1-15
Prerequisite(s): ATR 3822L.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students will develop their knowledge, skills, and attitudes by providing direct care of athletic injuries; understand the medical delivery system in a variety of settings; and understand the legal and ethical aspects of practicing athletic training. Occasional Graded S/U.

BCH 4024 - Medical Biochemistry

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): CHM 2210 and CHM 2211. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Structure/function of proteins and nucleic acids fundamental to biomedical science, biochemical concepts important in medicine, enzymology and kinetics, bioenergetics and metabolic processes and disorders. Spring

BCH 4053 - Biochemistry I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): BCH 4053. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of BCH 4053. Spring

BCH 4054 - Biochemistry II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): BCH 4053.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A laboratory course stressing the application of the chemical arts to the separation, identification, and quantification of materials of biological significance. Spring M&S fee $70.00

BCH 4103L - Biochemical Methods

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): "C" (2.0), or better required in all of the following EGN 3310, EGN 3321 and EGM 3601.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A laboratory course stressing the application of the chemical arts to the separation, identification, and quantification of materials of biological significance. Spring M&S fee $70.00

BME 3211 - Engineering Biomechanics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0), or better required in all of the following EGN 3310, EGN 3321 and EGM 3601.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Knowledge of engineering approaches and tools that are used in the different aspects of biomechanics. Odd Fall

COS-CHEM
ECS-MECH/AERO

BOT 3015 - Principles of Plant Science

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: BSC 2011

Introduction to botanical concepts; plant biodiversity, structure and function, growth and development, photosynthesis and water relations and ecology. Fall, Spring

BOT 3018C - Culinary Botany Across the Cultures

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): BOT 3802, Junior standing, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Cultural food traditions and the connections between plants, people and health; examines the preparation methods that enhance the nutritional values. Odd Spring M&S fee $10.00

Department of Biology

BOT 3802 - Ethnobotany

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): A "C" (2.0) or better in both BSC 2010C and BSC 2011C, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Historical and modern uses of plants economically important in various cultures. Spring

Department of Biology

BOT 4223C - Plant Anatomy

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): BSC 2010C, MCB 3020C or BSC 2011C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course is a survey of the Kingdom Fungi, covering the major topics of fungal diversity, structure, genetics, physiology, practical applications and pathogenicity. Occasional $70

COM-BSBS

BOT 4282L - PLANT MICROTECHNIQUES

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): PR: BOT 4223C or CI

techniques used in the preparation of microscope slides/specimens of vascular plants, including infecting organisms. Emphasis on fixation, embedding, sectioning, staining and interpretation of prepared materials. Even Spring

Department of Biology

BOT 4303C - Plant Kingdom

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): BOT 3015, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of plant kingdom utilizing comparative morphology and life cycle patterns. Highlights biotechnology, biological controls and utilization of plants in horticulture. Even Spring $70

Department of Biology

BOT 4434C - General Mycology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): PCB 3522 or a "C" (2.0) or better in either PCB 3044 or PCB 3063, or permission of course instructor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course is a survey of the Kingdom Fungi, covering the major topics of fungal diversity, structure, genetics, physiology, practical applications and pathogenicity. Occasional $70

COM-BSBS

BOT 4503C - Plant Physiology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): A grade of "C" (2.0) or better in BOT 3015, and a grade of "C" (2.0) or better in either PCB 3044 or PCB 3063, or permission of course instructor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Core aspects of plant physiology, with a hands-on focus on traits and processes that govern interaction with the environment. Odd Fall $65

Department of Biology

BOT 4713C - Plant Taxonomy

Credit Hours: 5
Class Hours: 3
Lab and Field Work Hours: 6
Contact Hours: 9
Prerequisite(s): BOT 3015, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Systematic classification and identification of vascular plants, with emphasis on the flora of peninsular Florida. Odd Spring M&S fee $45.00

Department of Biology

BOT 4850 - Medical Botany

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522 or a "C" (2.0) or better in either PCB 3044 or PCB 3063, or permission of course instructor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course is a survey of the Kingdom Fungi, covering the major topics of fungal diversity, structure, genetics, physiology, practical applications and pathogenicity. Odd Fall $70

Department of Biology

BOT 4950 - Medical Botany

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522 or a "C" (2.0) or better in either PCB 3044 or PCB 3063, or permission of course instructor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course is a survey of the Kingdom Fungi, covering the major topics of fungal diversity, structure, genetics, physiology, practical applications and pathogenicity. Odd Fall $70

Department of Biology
The medicinal properties of plants and their role in both traditional and modern medicine; history of herbal medicine and alternative medicinal practices around the world. Even Fall

Department of Biology

BOT 4922 - Plant Science Capstone

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): PR: Biology Major, Plant Science Track, Senior year. Prerequisite(s) or Corequisite(s): BOT 4303C, BOT 4503C and/or BOT 4713C

To acquire integrative experiences from internships, interviews, research experiences, ePortfolios to help build career readiness or apply for higher studies. Spring Graded S/U.

BSC 1005 - Biological Principles

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of various biological factors which affect the health and survival of man in modern society. Designed for non-majors. Fall, Spring

COS-BIOL

BSC 1005L - Biological Principles Laboratory

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): BSC 1005. Prerequisite(s) or Corequisite(s): None.

The laboratory to accompany BSC 1005. Fall, Spring

COS-BIOL

BSC 2010C - Biology I

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): High school biology or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Open only to students whose major requires this specific course. Cellular and chemical basis of life, genetics, and the theory of evolution. Emphasis on problem solving, analysis, synthesis of information, and applying data effectively. Fall, Spring $0

COS-BIOL

BSC 2010C - Honors General Biology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Priority given to students whose major requires this course. Basic principles and unifying concepts of modern biology. Introduction to quantitative experimentation using intensive, open-ended labs. Fall, Spring M&S fee $24.00

COS-BIOL

BSC 3312 - Principles of Marine Biology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): A minimum grade of "C" (2.0) in both BSC 2010C and BSC 2011C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides students with a foundation in the field of marine biology using a global perspective. Even Fall

COS-BIOL

BSC 3402C - Integrative Biology

Credit Hours: 4
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): BSC 2010C and BSC 2011C each with a "C" (2.0) or better, and C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A field-based course gathering information on natural history of various organisms in Florida, with special emphasis on scientific methods. Occasional

COS-BIOL

BSC 3403C - Honors Quantitative Biological Methods

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 4
Contact Hours: 7
Prerequisite(s): Consent of Honors, BSC 2010C, MCB 3020C, CHM 2046. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A laboratory course which presents the concepts, modern methods, techniques and instrumentation used in quantitative biological and molecular biological experimentation. Honors level content. Fall

COM-BSBS

BSC 3403C - Quantitative Biological Methods

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 4
Contact Hours: 7
Prerequisite(s): BSC 2010C, CHM 2046. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A laboratory course which presents modern methods and instrumentation used in quantitative biological experimentation. Spring Fall M&S fee $59.00

College of Medicine Burnett School of Biomedical Sciences

BSC 3424 - Nanobiotechnology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 4
Contact Hours: 7
Prerequisite(s): MCB 1310, and either CHM 2046 or PHY 2054C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Biological processes in nano scale interactions with elements of physics & engineering. Occasional

COM-BSBS

BSC 3453C - Biological Research Methods and Experimental Design

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): A grade of "C" or better in both BSC 2011C and STA 2023 and a grade of "C" or better in either PCB 3044 or PCB 3063, permission of Course Instructor.

Research methods in biology, with specific focus on critical thinking, scientific skepticism, experimental design, and working with data relevant to biological questions. Fall, Spring, Summer

Department of Biology

BSC 3843L - Strategies for Biology Academic Mentoring

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): Junior or senior standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Review research findings, theory, models and techniques of academic counseling and career advising. Occasional Graded S/U.

COS-BIOL

BSC 4312C - Advanced Marine Biology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): BSC 3312 and a "C" (2.0) or better in PCB 3044. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An advanced treatment of current issues in marine biology, emphasizing biodiversity and marine conservation through research, service-learning and field experiences. Even Spring M&S fee $45.00

COS-BIOL

BSC 4330 - Invasion Biology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): A "C" (2.0) or better in PCB 3044, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

General principles of invasion ecology. The study of addition of species into ecosystems as it provides insights into basic ecological and evolutionary questions. Even Spring

COS-BIOL

BSC 4422L - Biology Laboratory Techniques

Credit Hours: 1-4
Class Hours: 0
Lab and Field Work Hours: 3-12
Contact Hours: 3-12
Prerequisite(s): CHM 2210 and a "C" (2.0) or better in PCB 3044, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Individual and small group instruction in current laboratory techniques beyond the scope of typical Biology laboratories. May be repeated for credit. Occasional Graded S/U.

COS-BIOL
BSC 4434 - Biomedical Informatics: Sequence Analysis
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522 or PCB 3023 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Introduction of useful bioinformatics tools and resources on sequence analysis. Fall

COM-BSBS

BSC 4439 - Biomedical Informatics: Structure Analysis
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522 or PCB 3023 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Introduction of useful bioinformatics tools and resources on RNA and protein structure analysis. Spring

COM-BSBS

BSC 4445C - Genomics Laboratory
Credit Hours: 4
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): A grade of a "B" (3.0) or better in PCB 3063 and completion of EHS Lab Safety Training online course and practical by end of add/drop, or instructor consent. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Hands-on approach to understanding how genomic datasets are generated in the lab, and how they are analyzed computationally using bioinformatics pipelines. Fall $70

COS-BIOL

BSC 4456C - Programming for Biologists
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): STA 2023, BSC 2011C, MAC 2311C, and PCB 3063, or CI.
Basic concepts in biological software applications and will cover multiple computer languages and biological topics. Fall

Department of Biology

BSC 4821 - Biogeography
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): A "C" (2.0) or better in both PCB 3044 and PCB 4683, or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Study of geographic variation in nature, ranging from past to present and genes to ecosystems. Occasional

COS-BIOL

BSC 4861L - Urban Ecological Field Studies
Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): A "C" (2.0) or better in BSC 2010C or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
A service-learning course utilizing an interdisciplinary approach to developing models and implementing programs designed to result in environmental sustainability. Even Fall

COS-BIOL

BSC 4927 - Scientific and Public Engagement for Biology Majors
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102, Biology major, junior standing, one of the following: PCB3063L, or PCB3044L, or PCB4683L, and by instructor consent. Honors in the Major students are encouraged to register for this course
Practical experience and training disseminating biological research to a variety of audiences. Build skills in written, verbal, and visual representation of scientific or biological information. Odd Spring

Department of Biology

BSC 4937 - Instructional Experiences in Undergraduate Biology
Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): PCB 3063, Biology major with 80 semester hours and 3.0 gpa. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Preparation of undergraduate students to more effectively learn biological concepts by facilitating learning in variety of university biology labs. May be repeated for credit. Fall, Spring Graded S/U

COS-BIOL

BTE 4410 - Course Construction in Business Education
Credit Hours: 3
Class Hours: Online
Lab and Field Work Hours: 0
Contact Hours: Online
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
An overview and examination of
business curriculum and methodology integrated into the workforce frameworks. Planning and preparation of materials, managing the laboratory and involvement in career & technical student organizations. 

Department of Educational Leadership & Higher Education

**BUL 3130 - Legal and Ethical Environment of Business**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Completion of each course in the Business common program prerequisites with a "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Analysis of the law as a dynamic social and political institution in the business environment, including contract law, torts, and ethical consideration. **Fall, Spring**

BA-ACCT

**BUL 3130H - Honors Legal & Ethical Environment of Business:**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Junior standing and business major or minor, permission of Honors. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Analysis of the law as a dynamic social and political institution in the business environment, including ethical considerations with honors level content. **Occasional**

BA-ACCT

**BUL 4540 - Employment Law**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Management major or minor, MAN 3025 and MAN 3301. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

An examination of current employment law and issues/trends in the legal environment impacting human resource management system design, HRM policy and employee relations. **Fall**

BA-MAN

**CAP 3104 - Foundations of HCI**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CGS 2545C each with a grade of "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Students will learn the foundational concepts of Human-Computer Interaction (HCI), including human-centered design principles, interaction modalities, design guidelines and heuristics, and interface evaluation techniques. **Fall, Spring**

ECS-CS

**CAP 4053 - AI for Game Programming**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3502C with a grade of "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Surveys cutting-edge AI techniques for video games and board games and contrasts them with more traditional approaches. **Spring**

ECS-CS

**CAP 4102 - Web and User Experience (UX)**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3502C with a grade of "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

To meet a real world customer's needs, student teams will learn and apply user-centered principles to elicit requirements, prototype, and build a complete web-based solution. **Even Fall**

ECS-EECS

**CAP 4145 - Introduction to Malware Analysis**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CIS 3360, (CGS 3269 or CDA 3103C), (CGS 3763 or COP 4600), or C.I. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Introduction to using reverse engineering techniques to find and analyze the behavior of programs in binary form; assembly language, reverse engineering tools, and virtual machines. **Spring**

ECS-CS

**CAP 4314 - Social Network Analysis**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CNT 3004 and COP 3330. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

ECS-CS

CAP 4453 - Robot Vision
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 3503C and MAC 2312 each with a grade of "C" (2.0) or better or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Perspective and orthographic projections; the processing of edges, regions, motion, shading, texture, object detection, recognition, and machine learning. Fall, Spring

ECS-CS

CAP 4630 - Artificial Intelligence
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 3503C with a grade of "C" (2.0) or better and COT 3960. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Current methods in AI: knowledge-based systems, representation, inference, planning, natural language. Programming in Lisp or Prolog required. Fall

ECS-CS

CAP 4720 - Computer Graphics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 3503C and MAC 1114C each with a grade of "C" (2.0) or better and COT 3960. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Math for computer graphics, visibility and shading, graphics and data structure, curves and surfaces, commodity graphics hardware, and graphics API. Occasional

ECS-CS

CCE 4003 - Introduction to the Construction Industry
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EGN 3613, EGN 3310 all with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Project delivery systems, construction contracts; estimating and scheduling; ethics and labor issues. Fall, Spring

ECS-CECE

CCE 4004 - Construction Methods
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CES 4100C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Construction methods for civil and structural systems, design of temporary structures, safety, and building codes. Spring

ECS-CECE

CCE 4034 - Construction Estimating and Scheduling
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCE 4003 and CCE 4402 and CCE 4813 all with grades of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The preparation and development of a proposal and plan for a construction project, including construction engineering systems, site facilities, construction methods, coordination, leadership, and control. Spring

ECS-CECE

CCE 4402 - Construction Equipment and Productivity
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCE 4003, CWR 3201 both with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Selection of appropriate equipment based on operational parameters, principles of construction productivity measurement and analysis, process design, and discrete event simulation. Spring

ECS-CECE

CCE 4810C - Construction Design Project
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): CCE 4034 and CCE 4813 all with grades of "C" (2.0) or better, and department consent Corequisite(s): CCE 4402 and CCE 4004. Prerequisite(s) or Corequisite(s): None.
The preparation and development of a proposal and plan for a construction project, including construction engineering systems, site facilities, construction methods, coordination, leadership, and control. Spring

ECS-CECE

CCE 4813 - Mechanical and Electrical Systems for Buildings:
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): CCE 4003, PHY 2049C, CWR 3201 all with grades of "C" (2.0) or better. Corequisite(s): None.
Design and construction of mechanical and electrical systems for buildings.

ECS-CECE

CCJ 3014 - Crime in America

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of crime and criminality in the United States, with emphasis on crime data, its weaknesses, and types of criminal behavior. Fall, Spring

HPA-CJ

CCJ 3024 - Criminal Justice System

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of the components and of their interdependence in light of their traditional autonomy. Fall, Spring

HPA-CJ

CCJ 3450 - The Criminal Justice Manager

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Elements of first-line supervision and executive development.

CCJ 3451 - Justice System Technology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of the relevance of scientific and technological developments to justice systems and their applicability to the operations and management of the systems. Occasional

HPA-CJ

CCJ 3483 - Labor Relations in Criminal Justice

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): CCJ 3024 and CCJ 3450 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examine the role of public sector labor relations in criminal justice to include management-employee relationships, collective bargaining process, employee organizations, and federal-state laws. Occasional

HPA-CJ

CCJ 3667 - Victims and the CJ System

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or declared Victim Advocacy Certificate or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Course examines Victims as they affect the Criminal Justice system, the dimensions of criminal victimization, and victim offender programs. Occasional

HPA-CJ

CCJ 3930 - Origins of Criminal Justice Practices and Policies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Level Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Course will examine a variety of social ills and critical events in the history of humanity that led to the development of criminal justice institutions. Occasional

HPA-CJ

CCJ 4035 - Crime and the Media

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explore how the criminal justice system, criminals, and crime are portrayed in the media and its impact on society and the criminal justice system. Fall, Spring

HPA-CJ

CCJ 4054 - Capstone: Criminal Justice Ethics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Senior Standing and CCJ 4746 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Analysis of criminal justice ethical issues. Moral dilemmas across police, courts, corrections and juvenile justice including development of humane policies and procedures. Fall, Spring

HPA-CJ

CCJ 4064 - Criminal Justice Dimensions of Genocide
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3014 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Elements of Criminal Justice approach to genocide, including theories, precursors, case studies, organization, legal outcomes, and criminal justice majors' roles in studying and preventing genocide. Occasional

HPA-CJ

CCJ 4076 - Crime Intelligence and Investigative Support Analysis
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Provides an understanding of basic crime intelligence and investigative support analytical tools and information management systems employed to assist law enforcement. Occasional

HPA-CJ

CCJ 4129 - Cultural Diversity in Criminal Justice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or (declared Victim Advocacy Certificate & Junior Standing) or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
This course focuses on the problems and issues associated with race, ethnic and gender relations in the administration of justice in a democratic society. Occasional

HPA-CJ

CCJ 4195 - Interviews & Interrogations in CJ
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or (Criminal Profiling or Crime Scene Investigation certificate declared & Junior standing) or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The criminal justice interview process including history of criminal justice interviews, the use of Miranda, non-verbal listening, and the rules of testimonial evidence. Fall, Spring

HPA-CJ

CCJ 4296 - Famous Crimes & Trials
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3014 or CCJ 3024 or consent of instructor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
A detailed examination of selected famous American crimes and trials since 1900. Occasional

HPA-CJ

CCJ 4334 - Punishment and Torture
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102 and sophomore standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Contemporary issues associated with formal social control by government and religious institutions and how it has been utilized historically. Occasional

HPA-CJ

CCJ 4361 - Death Penalty
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
This course provides students an opportunity to analyze and discuss complex issues surrounding the death penalty and the criminal justice system. Occasional

HPA-CJ

CCJ 4611 - Ritualistic Crime and Investigations
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102, Sophomore Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Contemporary issues associated with ritualistic crime investigations. Occasional

HPA-CJ

CCJ 4632 - Older Adults and the Criminal Justice System
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and (Jr.
Standing or declared Victim Advocacy Certificate or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of older adults as victims and offenders within the Criminal Justice system. Occasional

HPA-CJ

CCJ 4641 - Organized Crime

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of organized crime, including structures, history and activities, and of issues surrounding efforts to define and control it. Occasional

HPA-CJ

CCJ 4644 - White Collar Crime

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3014 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Classic definitions and statements on white collar crime concepts, concepts and criminal activities, types of fraud, investigations, environmental crime, and corporate crime. Occasional

HPA-CJ

CCJ 4651 - Drugs and Crime

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Focuses on the problems of drugs and drug control in contemporary society. Students will examine the problems of drugs in our society as well as specific strategies used by criminal justice agencies to prevent and control illicit drug use. Fall, Spring

HPA-CJ

CCJ 4670 - Women and Crime

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course covers women in criminal justice as offenders and prisoners, as well as crime victims and professionals working in the system. Occasional

HPA-CJ

CCJ 4677 - Human Rights and Criminal Justice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

In-depth analysis of human rights movement and its potential impact upon criminal law, as well as the juvenile and criminal justice system. Occasional

HPA-CJ

CCJ 4681 - Domestic Violence and the Justice System

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or (declared Victim Advocacy Certificate & Junior standing) or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of the nature and causes of forms of domestic violence, pertaining to laws, prevention strategies, and justice system response. Occasional

HPA-CJ

CCJ 4690 - Sex Offenders and the Criminal Justice System

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (Junior standing and CCJ 3024 and CJ majors) or (Junior standing and Criminal Profiling or Victim Advocacy certificate declared) or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides students a better understanding of how the criminal justice system deals with sex offenders and their offenses. Fall, Spring

HPA-CJ

CCJ 4694 - Human Trafficking and Criminal Justice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Human trafficking from the global, national and local criminal justice perspectives. Occasional

HPA-CJ

HPA-CJ

UCF Undergraduate Catalog 2019-2020 - 1220
### CCJ 4701 - Research Methods in Criminal Justice

**Credit Hours:** 4  
**Class Hours:** 4  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 4  
**Prerequisite(s):** CCJ 3014 and CCJ 3024, or C.I.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Overview of the social science research methodologies used in criminal justice, covers the major forms of research designs used by social science and evaluates their strengths and weaknesses.  

*Fall, Spring*

### CCJ 4746 - Data Analysis for Criminal Justice

**Credit Hours:** 4  
**Class Hours:** 4  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 4  
**Prerequisite(s):** A grade of "C" or better in MAC 1105 or MGF 1106 or higher-level math class or AA Degree, and CCJ 4701, or C.I.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Analytical methods useful for examining the types of data most often encountered in criminal justice research and develops the knowledge and understanding necessary to comprehend and interpret basic statistics in criminal justice research, literature and reports.  

*Fall, Spring*

### CDA 3103C - Computer Logic and Organization

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** COP 3223C with a grade of "C" (2.0) or better.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Logic design, computer arithmetic, Instruction Set Architecture (MIPS, SPIM simulator), performance, data path, control unit, memory hierarchy, I/O interface.  

*Fall, Spring*

### CEG 4011C - Geotechnical Engineering I

**Credit Hours:** 4  
**Class Hours:** 3  
**Lab and Field Work Hours:** 2  
**Contact Hours:** 5  
**Prerequisite(s):** EGN 3331C and CWR 3201 both with a grade of "C" (2.0) or better.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Engineering properties and classification of soils. Design considerations for compaction, seepage, consolidation, and settlement analysis.  

*Fall, Spring*

### CEG 4012 - Geotechnical Engineering II

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** CEG 4011C with a grade of "C" (2.0) or better.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Consolidation, shear strength, earth pressures and retaining walls, bearing capacity, foundation considerations, and slope stability.  

*Fall, Spring*

### CEN 3024 - Software Development I

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** COP 3330 or C.I.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Software development concepts are introduced in the context of hands-on project implementation. SDLC, version control, design with UML, documentation, testing, 2&3-tier architecture.  

*Spring*

### CEN 4025 - Software Development II

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** CEG 4012 with a grade of "C" (2.0) or better.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Project course on design of foundations and other soil structures using geotechnical design methodologies.  

*Fall, Spring*  
**M&S fee $14.00**
Prerequisite(s): CEN 3024 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A continuation of Software Development I with larger and more complex projects. Enterprise-level applications are covered including distributed and web-based systems using n-tier architecture.  
Fall  
ECS-ECS

CEN 4333 - Advanced Database Development  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3330 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Professional-level database access from object-oriented systems, including complex SQL queries and stored procedures. Use of object-relational frameworks. Hands-on exercises with current RDBMS software.  
Spring  
ECS-ECS

CEN 4350 - Open Source Web Technologies  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3330 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Web application development using currently popular open-source/open-standard tools. User-interface, the business layer, database, and deploying to the webserver.  
Spring  
ECS-ECS

CEN 4360 - Mobile Device Software Development  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3330 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Concepts and practice of software development for mobile devices. User interface, data persistence, data communication, use of APIs for sound, mapping, GPS, sensors, etc.  
Fall  
ECS-ECS

CEN 4370 - .NET Software Development using C#  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3330 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Spring  
ECS-ECS

CEN 4802 - Software Integration, Configuration, and Testing  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CEN 3024 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Addresses approaches and issues associated with integration of software subsystems and components into one system to ensure that the subsystems function together.  
Fall  
ECS-ECS

CEN 4910 - Software Development Project  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CEN 4025 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A software development project using the skills acquired from Software Development I & II. Working in teams, students develop a software system, simulating an industry experience.  
Spring  
ECS-ECS

CES 4100C - Structural Analysis I and Lab  
Credit Hours: 4  
Class Hours: 3  
Lab and Field Work Hours: 3  
Contact Hours: 6  
Prerequisite(s): EGN 3331C and CGN 3405 both with grades of "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Topics in structural mechanics, analysis of determinate and indeterminate structures by flexibility and stiffness methods computer and laboratory exercises on behavior of structures and materials.  
Fall, Spring  
M&S fee $21.00  
ECS-CECE

CES 4205 - Structural Mechanics  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): EGN 3331C and CGN 3405 both with grades of "C" (2.0) or better. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Advanced mechanics of materials applied to civil structural systems, elasticity, torsion, inelastic bending, failure theory for concrete and soils, compatibility, equilibrium, and energy methods.  
Spring  
ECS-CECE
CEE 4605 - Steel Structures

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CES 4100C with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design of structural steel members and buildings; emphasis on AISC-ASD building code; introduction to AISC-LRFD building code; tension and compression members, beams, beam-columns, connections. Fall, Spring

ECS-CECE

CEE 4702 - Reinforced Concrete Structures

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CES 4100C with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design of RC members using ACI code; beam flexure and shear, compression bending; bond and development; introduction to continuous frames. Fall, Spring

ECS-CECE

CEE 4743C - Structural Design

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): CES 4605 and CES 4702 both with grade of "C" (2.0) or better and department consent.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course prepares students for real life structural design with the fundamentals and applications of both steel and concrete analysis and design at the member and system level. Fall, Spring M&S fee $24.00

ECS-CECE

CET 3010 - Introduction to Information Technology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 1105C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to the IT field, including binary representation, graphics, data compression, information theory, transmission and storage technology, and communications. Fall, Spring

ECS-ECS

CET 3383 - Applied Systems Analysis I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Approved programming course or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of system analysis, design, development and implementation cycle. Includes Object Oriented Programming (OOP) to implement system programs. Spring

ECS-ECS

CET 4427 - Applied Database I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Approved programming course or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design and implementation of database systems within the concept of central administration, structured data storage. Programming project. Fall

ECS-ECS

CET 4483 - Intro to Local Area Network Technology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CET 2364.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introductory level course in local area networks. Topics in data communications, computer networking, local area network technology, topologies, and protocols will be covered. Spring

ECS-ECS

CET 4505 - Applied Operating Systems I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CET 2364.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Modifying the operating systems to support new types of devices. Analysis of limitations and strengths of commercial mass storage operating systems in industry. O.S. tool box usage. May be repeated for credit. Fall

ECS-ECS

CET 4663 - Computer and Network Security

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CET 4483, MAC 1105C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamentals of computer security technology, including cryptography,
authentication, digital signatures, and network security tools and applications. *Spring*

**ECS-ECS**

**CET 4748 - Wide Area Networks I**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CET 4483 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

**Designing Wide Area Networks:** determining requirements, designing the networks, structure, choosing appropriate technologies, and evaluating results. *Fall*

**ECS-ECS**

**CET 4749 - Wide Area Networks II**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CET 4748.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

**Traffic and cost generators. Access network design. Multi-speed access designs. Multilocal-access and mesh network design. Spring**

**ECS-ECS**

**CGN 3501C - Civil Engineering Materials**

**Credit Hours:** 3  
**Class Hours:** 2  
Lab and Field Work Hours: 3  
Contact Hours: 5  
Prerequisite(s): A grade of "C" (2.0) or better in EGN 3331C and in CHS 1440 or CHM 2045C or CHM 2041.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

**The characterization of materials used in civil engineering works to include concrete, bituminous polymers and composite materials. Fall, Spring M&S fee $30.00**

**CECS-CECE**

**CGN 3700C - Civil Engineering Measurements**

**Credit Hours:** 2  
**Class Hours:** 2  
Lab and Field Work Hours: 2  
Contact Hours: 4  
Prerequisite(s): MAC 2312 and PHY 2049C both with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

**Engineering measurement, data analysis, and experimental hardware including electronics, system components, and calibration.**

**Specific applications in civil engineering including surveying, GPS, and GIS Fall, Spring M&S fee $30.00**

**CECS-CECE**

**CGS 1060C - Introduction to Computers**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Grade of "C" (2.0) or better in (CGN 3405 or EML 3034C or EEL 4832).

**This course is intended to provide a broad multidisciplinary background about the different technologies used in smart sustainable cities with special emphasis to civil engineering. Fall**

**Department of Civil, Environmental, and Construction Engineering**

**CGS 1060C - CECE Capstone Design**

**Credit Hours:** 3  
**Class Hours:** 2  
Lab and Field Work Hours: 2  
Contact Hours: 4  
Prerequisite(s): "C" (2.0) or better in a previous CECE design course and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

**An interdisciplinary capstone design experience requiring problem definition, data collection, analysis of alternatives, economic evaluation of alternatives, and oral and written presentation of final design. Fall, Spring**

**ECS-CECE**

**CGS 2100C - Computer Fundamentals for Business**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 1  
Contact Hours: 3  
Department of Computer Science

**CGS 1060C - Introduction to Computers**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 2  
Contact Hours: 4  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

**Uses of computers and software in business, including business applications, commercial packages, and the internet. Not open to**

UCF Undergraduate Catalog 2019-2020 - 1224
Computer Science majors. Fall, Spring

ECS-CS

CGS 2545C - Database Concepts

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Entity-relation model, relational database management systems, normal forms, performance or databases, report generation. Fall, Spring

ECS-CS

CGS 2585C - Desktop/Internet Publishing

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Principles and techniques of page layout and formatting for documents and newsletters, presentation techniques, construction of web pages and design of integrated websites. Fall, Spring

ECS-CS

CGS 3175 - Internet Applications

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

HTML coding, using images, sound and animation, advanced text formatting, forms and CGS scripts, introduction to javascript. Fall, Spring

ECS-CS

CGS 3269 - Computer Architecture Concepts

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

CPU organization, current computer architectures, network file servers. Fall, Spring

ECS-CS

CGS 3763 - Operating System Concepts

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

System calls, concept of processes, CPU scheduling, security issues, client server paradigms, and computer supported workgroups. Fall, Spring

CAS-LANG

CHI 1121C - Elementary Chinese Language and Civilization II

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): CHI 1120C or equivalent. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Continuation of CHI 1120C. Spring

CAS-LANG

CHI 2200 - Intermediate Chinese I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHI 1121C or equivalent or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Development of Chinese language skills at the intermediate level. Fall, Spring

CAS-LANG

CHI 2201 - Intermediate Chinese II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHI 2200. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of CHI 2200 with emphasis on Chinese cultures. Fall, Spring

CAS-LANG
CHM 1020 - Concepts in Chemistry
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): High school Algebra. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Concepts will be examined to provide insight into the significant role that chemistry plays in our culture. Intended as a general education course. Fall, Spring

CHM 1032 - General Chemistry
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 1105C or MGF 1106 or equivalent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
An introductory study of the fundamental concepts of chemistry, primarily oriented toward Health Science majors. The "NC" grading policy applies to this course. Fall, Spring

CHM 2040 - Chemistry Fundamentals IA
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): A minimum score of 550 (SAT) or 24 (ACT) in the mathematics section. MAC 1105C recommended. Not open to students with credit in CHM 2045C. Priority will be given to students whose major requires this course or CHM 2045C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Principles of modern chemistry, units and measures, basic physical theory of chemical reactivity, stoichiometry, reactions in aqueous solutions, thermochemistry. The "NC" grading policy applies to this course. Fall, Spring

CHM 2041 - Chemistry Fundamentals IB
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) grade or better in CHM 2040 or its equivalent with a grade of C or better. Not open to students with credit in CHM 2045C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The second semester of CHM 2040. Atomic structure, periodicity, chemical bonding, states of matter, gases. The "NC" grading policy applies to this course. Fall, Spring
CHM 2046C - Honors Chemistry Fundamentals II

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): A "C" (2.0) or better in CHM 2045C and permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of CHM 2045C or the CHM 2040 & CHM 2041 sequence. Intermolecular forces, solutions and colligative properties, equilibria, thermodynamics, chemical kinetics, electrochemistry, nuclear chemistry. Fall, Spring

COS-CHEM

CHM 2205 - Introduction to Organic and Biochemistry

Credit Hours: 5
Class Hours: 5
Lab and Field Work Hours: 0
Contact Hours: 5
Prerequisite(s): CHM 1032 or equivalent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to organic chemistry, stressing the chemistry of functional groups and a survey of the biochemistry of proteins, carbohydrates, lipids, and nucleic acids. Spring

COS-CHEM

CHM 2210 - Organic Chemistry I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): A "C" (2.0) or better in CHM 2046. Priority will be given to students whose major requires this course. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and applications of organic chemistry: structure, bonding, kinetics, thermodynamics, reaction mechanisms, synthesis, and stereochemistry. Structure elucidation via spectrometric techniques. Fall

CHM 2211 - Organic Chemistry II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHM 2210. Priority will be given to students whose major requires this course. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of CHM 2210. Fall, Spring

COS-CHEM

CHM 2211H - Honors Organic Chemistry II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: A "C" (2.0 or better in CHM 2210 or CHM 2210H and consent of Honors

Continuation of CHM 2210H with honor's content. Spring

COS-CHEM

CHM 2211L - Organic Laboratory Techniques I

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): CHM 2046L and CHM 2210. Priority will be given to students whose major requires this course. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to the laboratory techniques of organic chemistry, including the preparation, reaction, and analysis of organic compounds. IMPORTANT: Attendance of the first laboratory session dealing with safety procedures is mandatory; students who do not attend must immediately call the Chemistry Department, and may be dropped from the class. Fall, Spring M&S fee $45.00

COS-CHEM

CHM 2210H - Honors Organic Chemistry I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: A "C" (2.0 or better in CHM 2046 and consent of Honors

Theory and applications of organic chemistry: structure, bonding, kinetics, thermodynamics, reaction mechanisms, synthesis, and stereochemistry. Structure elucidation via spectrometric techniques with honors content. Fall

COS-CHEM

CHM 2211L - Organic Laboratory Techniques I
from the class. Fall, Spring M&S fee $70.00

COS-CHEM

CHM 3120 - Analytical Chemistry

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHM 2046, CHM 2046L. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Classical and instrumental analysis. Choice of preferred analytical methods and techniques is emphasized through applications involving both inorganic and organic systems. Fall, Spring

COS-CHEM

CHM 3120L - Analytical Chemistry Laboratory

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): CHM 2046, CHM 2046L, and Corequisite(s): None.
Prerequisite(s) or Corequisite(s): CHM 3120.

Experimental exercise of quantitative methods of analysis using titrimetric, gravimetric, potentiometric and photometric methods of analysis including statistical treatment of experimental data. IMPORTANT: Attendance of the first laboratory session dealing with safety procedures is mandatory; students who do not attend must immediately call the Chemistry Department, and may be dropped from the class. Fall M&S fee $70.00

COS-CHEM

CHM 3115L - Organic Laboratory Techniques II

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): CHM 3120 and

Contact Hours: 6
Prerequisite(s): CHM 2211 and
CHM 2211L. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Open-end laboratory to develop synthesis techniques and structure elucidation skills. IMPORTANT: Attendance of the first laboratory session dealing with safety procedures is mandatory; students who do not attend must immediately call the Chemistry Department, and may be dropped from the class. Fall M&S fee $70.00

COS-CHEM

CHM 3410 - Physical Chemistry I

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): CHM 2046, PHY 2049C, and MAC 2312. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Rigorous treatment of atomic and molecular structure, thermodynamics, kinetics, and chemical bonding. Fall

COS-CHEM

CHM 3411 - Physical Chemistry II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHM 3410. Corequisite(s): CHM 3410.
Prerequisite(s) or Corequisite(s): None.

Continuation of CHM 3410. Spring

COS-CHEM

CHM 3411L - Physical Chemistry Laboratory

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): CHM 3120 and

Corequisite(s): CHM 3411.
Prerequisite(s) or Corequisite(s): None.

Classical as well as modern instrumental techniques coupled with computer data processing to measure physical properties and determine atomic and molecular parameters. Spring M&S fee $70.00

COS-CHEM

CHM 4130 - Advanced Analytical Laboratory Technique

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHM 2211, CHM 3120 (with a minimum grade of "C" or 2.0) and Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Modern methods of analysis including electrochemistry, spectroscopy, and separation techniques. Spring

COS-CHEM

CHM 4130L - Advanced Analytical Chemistry Laboratory

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None.
Experimental exercise of instrumental methods of analysis. Successful students will develop practical skills performing experiments based on spectroscopic and chromatographic methods of analysis. Statistical data treatment of experimental results will be also exercised. *Spring* M&S fee $70.00

COS-CHEM

**CHM 4220 - Organic Chemistry III**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Prerequisite(s):** CHM 2211 or its equivalent. Corequisite(s): None.  
**Contact Hours:** 3

Organic reaction mechanisms and retrosynthetic analysis and their application to synthetic chemistry. *Even Fall*

COS-CHEM

**CHM 4223 - Advanced Organic Chemistry**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Prerequisite(s):** CHM 2211 and CHM 3120 both with C (2.0) or better or C.I. Corequisite(s): N/A  
**Contact Hours:** 3

Theoretical and experimental treatment of physical organic chemistry concepts from the perspective of modern structural theory, thermodynamics, and kinetics. *Odd Fall*

Department of Chemistry

**CHM 4230 - Applied Molecular Spectroscopy**

**Credit Hours:** 3  
**Class Hours:** 3

Lab and Field Work Hours: 0  
**Contact Hours:** 3  
**Prerequisite(s):** CHM 2211 and CHM 3120 both with C (2.0) or better or C.I. Corequisite(s): N/A  
**Prerequisite(s) or Corequisite(s):** N/A

Determination of chemical structure through interpretation of UV, IR, NMR, and Mass Spectra. *Spring*

COS-CHEM

**CHM 4427 - Electrochemistry**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Prerequisite(s):** CHM 2046. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Electrochemical methods and their applications. *Odd Fall*

COS-CHEM

**CHM 4610 - Inorganic Chemistry**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Prerequisite(s):** None. Corequisite(s): CHM 3411.

A discussion of descriptive inorganic chemistry based on various bonding theories, thermodynamics, and kinetics. *Spring*

COS-CHEM

**CHM 4610L - Inorganic Chemistry Laboratory**

**Credit Hours:** 2  
**Class Hours:** 0  
**Lab and Field Work Hours:** 6  
**Contact Hours:** 6  
**Prerequisite(s):** CHM 4610. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of physical and chemical properties and synthetic techniques in Inorganic Chemistry. *Fall* M&S fee $70.00

COS-CHEM

**CHM 4930 - Chemistry Seminar I**

**Credit Hours:** 1  
**Class Hours:** 1  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 1  
**Prerequisite(s):** None. Corequisite(s): CHM 4912, or CI  
**Prerequisite(s) or Corequisite(s):** None.

In consultation with research adviser, student selects faculty committee. Prepares draft seminar on undergraduate research. Attends and reports on faculty seminars. Completes CITI ethics course. *Fall, Spring*

COS-CHEM

**CHM 4931 - Chemistry Seminar II**

**Credit Hours:** 1  
**Class Hours:** 1  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 1  
**Prerequisite(s):** CHM 4930. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Student builds upon the seminar prepared in CHM 4930 and presents it to the student's faculty committee. Attends and reports on faculty level seminars. *Fall, Spring*

COS-CHEM

**CHS 1440 - Principles of Chemistry**

**Credit Hours:** 4  
**Class Hours:** 3  
**Lab and Field Work Hours:** 1  
**Prerequisite(s):** None.

Basic concepts of chemistry, with emphasis on problem solving, including atomic and molecular structure, states of matter,
stoichiometry, equilibria, electrochemistry and thermodynamics. The "NC" grading policy applies to this course. Fall, Spring

COS-CHEM

CHS 3501 - Introduction to Forensic Science

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Preference will be given to students whose majors require this course. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Intended for majors and non-majors to provide an overview of the specialty areas in the forensic crime lab. Fall

COS-CHEM

CHS 3505C - Forensic Microscopy

Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 6
Contact Hours: 8
Prerequisite(s): C' grade or better in CHM 2046 & L, and CHS 3501, and MAC 2312. Prerequisite(s) or Corequisite(s): PHY 2049C. The study of the polarized light microscope and its use in the identification and comparison of trace evidence.

Fall 70

COS-CHEM

CHS 3511C - Trace Evidence

Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 6
Contact Hours: 8
Prerequisite(s): C' grade or better in CHM 2211 , CHM 3120 , CHM 3120L , CHSM 3505C .

An advanced study of the techniques used to identify and compare trace evidence. Spring 70

COS-CHEM

CHS 3530C - Forensic Analysis of Controlled Substances

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): C' grade or better in CHM 2211 , CHM 2211L , CHM 3120 , CHM 3120L , CHS 3511C

Study of presumptive tests, isolation, and instrumental techniques used in identification of controlled substances. Fall 70

COS-CHEM

CHS 3533 - Forensic Biochemistry I

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): C' or better in PCB 3063. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Concepts and procedures of contemporary forensic biochemistry, including the identification of body fluids and the use of genetic markers to establish identity. Fall

COS-CHEM

CHS 3533L - Forensic Biochemistry I Laboratory

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): C' or better in PCB 3063, PCB 3063L Corequisite(s): None. Prerequisite(s) or Corequisite(s): CHS 3533.

Concepts and procedures of contemporary forensic biochemistry. Emphasis on techniques and procedures used in operational crime laboratories in the U.S. Fall M&S

COS-CHEM

CHS 3595 - Forensic Science in the Courtroom

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" grade or better in CHS 3501 and senior level in Forensic Science. Corequisite(s): None.

The special needs of the forensic scientist in preparing for and participating in courtroom proceedings. Spring

COS-CHEM

CHS 4506C - Forensic Investigation Technology

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): A grade of "C" or better in CHS 3505C or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Modern technology applied to forensic investigation. Occasional

COS-CHEM

CHS 4515C - Forensic Crime Scene Investigation

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): Grade of "C" or better in CHS 3505C or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Procedures for the collection, processing, and investigation of forensic evidence discovered at a crime scene. Occasional

COS-CHEM

UCF Undergraduate Catalog 2019-2020 - 1230
CHS 4534C - Forensic Biochemistry II

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 6
Contact Hours: 7
Prerequisite(s): CHS 3533C and C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced treatment of the theoretical and practical aspects of forensic DNA analysis and the use of population genetics and genetic data analysis for evidence interpretation. Spring M&S fee $70.00

COS-CHEM

CHS 4537 - Forensic Laboratory Quality Assurance and Professional Practice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" or better in CHS 3501, STA 2023, CHM 3120 and CHM 3120L or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Concepts and principles of quality assurance as well as professional practices in forensic science. Spring

COS-CHEM

CHS 4591 - Forensic Science Internship

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 30
Contact Hours: 30
Prerequisite(s): Senior standing, within 8 hrs. of completion of degree requirements, and 2.5 GPA in the major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Credit for full-time work (one semester; 300 hours) at a forensic science agency under the supervision of faculty and agency representative. May be repeated for credit Fall.

Spring

COS-CHEM

CHS 4615 - Environmental Chemistry

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHM 2046, senior level in biological, molecular, chemical or engineering sciences, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles of environmental chemistry, survey of environmental law, remediation technologies, industrial practices and environmentally responsible chemistry. Odd Spring

COS-CHEM

CIS 3003 - Fundamentals of Information Technology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 3223C and CGS 2545C each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Pervasive themes in IT. Organizational issues. History of IT. IT and its related and informing disciplines. Application domains. Applications of math and statistics to IT. Fall

ECS-CS

CIS 3360 - Security in Computing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 3223C or EGN 3211, and MAC 1114C each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

ECS-CS

CIS 3362 - Cryptography and Information Security

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): COP 3223C or EGN 3211, and MAC 1114C each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

ECS-CS

CIS 3921 - Careers in IT

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): COP 3223C and IT major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An overview of the IT field, job opportunities and careers in information technology, detailed information about some jobs as well as a broad survey. Fall, Spring

ECS-CS

CIS 3990 - IT Career and Academic Advising I

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): PHY 2053C and IT major. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Mandatory meeting with students and their faculty advisor for career/academic advising. Fall, Spring

ECS-CS

CIS 4004 - Web-Based Information Technology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (CNT 3004 and COP 3330) or (COP 3503C and Computer Science major) each with grades of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

ECS-CS

CIS 4280C - Digital Forensics

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): (COP 4600 or CGS 3763) and (CIS 3360 or CIS 3362) or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Operating system forensics, digital media forensics, networking forensics, various digital devices forensics. User activity profiling and digital storage recovery. Fall

ECS-EECS

CIS 4361 - Secure Operating Systems and Administration

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (COP 3003 and COP 3330) or (CIS 3360 and CIS 3362) or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Operating system forensics, digital media forensics, networking forensics, various digital devices forensics. User activity profiling and digital storage recovery. Fall

ECS-CS

CIS 4524 - Managing IT Integration

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CIS 3360 with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Requirements, acquisition and sourcing. Integration. Project management. Testing and QA. Organizational context. Architecture. Spring

ECS-CS

CIS 4615 - Secure Software Development and Assurance

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (COP 4600 or CGS 3763) and (CIS 3360 or CIS 3362) or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Threat modeling and risk analysis, development of secure software, software assurance techniques, analyzing and auditing software. Occasional

ECS-CS

CIS 4940C - Topics in Cybersecurity

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CIS 3360 with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Understanding of secure operating systems requirements, design principles and theories, protection methods, access control, authentication, vulnerability, analysis and case studies. Occasional

ECS-CS

CIS 4991 - IT Career and Academic Advising II

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): CIS 3990 and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mandatory meeting with students and their faculty advisor for career/academic advising. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

ECS-CS

CJC 3010 - Corrections and Penology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders. Fall, Spring

The course is designed to deal with policy development in law enforcement. Major issues of organization, administration, personnel practices and police operations will be addressed. Occasional

Elements, functions, and processes essential to the continuing management of various criminal justice agencies, institutions and court systems. Occasional

Provides an understanding of how physical environmental features - the natural and built environment - influences crime events. Occasional

The viability of community policing. The theoretical basis for community interventions are related to the daily operations required by community policing. Occasional

Study of extent, types, and explanations of serial murder, and responses of the general public, law enforcement, and prosecution. Occasional

Examination of programs and
institutions including juvenile court process, intake services, and remedial procedures and practices. Occasional

HPA-CJ

CJL 3110 - Criminal Law in Action

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Occasional

Basic concepts of criminal law: elements of major crimes, criminal responsibility, defenses, and parties to crime. Fall, Spring

HPA-CJ

CJL 3510 - Prosecution and Adjudication

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CCJ 3024 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of structures and goals of offices and prosecution and criminal trial courts, and of the processes of charging, adjudicating, and sentencing defendants. Fall, Spring

HPA-CJ

CJL 4046 - Liability Issues in Criminal Justice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SCC 3311 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of fundamental liability concepts regarding criminal justice practices including the use of force across policing, courts and corrections. Occasional

HPA-CJ

CJT 3803 - Security Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SCC 3311 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of a global security management environment impacted by downsizing a dramatically changing work force, religious extremism/terrorism, technological revolution and other challenges. Occasional

HPA-CJ

CJT 3821 - Practical Security Applications

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of basic security principles applied to practical specific security situations encountered in the Central Florida area. Occasional

HPA-CJ

CJT 4843 - Risk Management in Criminal Justice/Private Security

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SCC 3311 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course examines the concept of risk management in a criminal justice context. Occasional

HPA-CJ
CLP 3004 - Behavioral Self Control
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of behavioral and biofeedback techniques to self-regulation. Occasional

COS-PSYCH

CLP 3143 - Abnormal Psychology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Classification, causation, and treatment of deviant patterns of behavior. Fall, Spring

COS-PSYCH

CLP 3143H - Honors Abnormal Psychology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012 and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Classification, causation, and treatment of deviant patterns of behavior. With Honors content. Occasional

COS-PSYCH

CLP 3184 - Women's Mental Health
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Social and cultural factors of mental health issues and conditions that are unique to or primarily impact women in the U.S. today. Occasional

COS-PSYCH

CLP 3302 - Clinical Psychology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CLP 3143. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An overview of approaches to psychopathology, methods of clinical assessment, and various approaches to individual and group counseling. Fall, Spring

COS-PSYCH

CLP 3413 - Contemporary Behavior Therapy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CLP 3143. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Emphasis on the underlying principles and the specific intervention procedures which are utilized in contemporary behavior therapy, including treatment strategies for particular behavior disorders. Occasional

COS-PSYCH

CLP 3467 - Interpersonal Effectiveness and Group Psychotherapy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Psychological aspects of interpersonal relationships, the rationale for group therapy, and strategies for enhancing interpersonal skills and personal growth. Occasional

COS-PSYCH

CLP 4134 - Childhood Psychopathology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012, CLP 3143, DEP 2004C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An in-depth survey of the prevalence, classification, symptoms, diagnosis, consequences, and treatments of disorders of infancy, childhood, and adolescence. Fall, Odd Spring

COS-PSYCH

CLP 4314 - Health Psychology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.

Interactions between psychosocial and physical conditions, in prevention, diagnosis, intervention and health care delivery policy planning. Course will cover empirical phases for prevention, assessment and intervention approaches for these focal areas: cancer, chronic heart disease, diabetes, HIV disease, pain and stress. Occasional

COS-PSYCH

CLP 4390 - Forensic Psychology

Clinical practice of psychology within the legal system, including forensic evaluation of competency/insanity, treatment, and criminal profiling. Occasional

CLT 3370 - Classical Mythology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Myths of the Greeks & Romans studied through excerpts from ancient sources and experienced through works of art, literature, and music. Occasional

CLT 3378 - Comparative Mythology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Common themes found in the myths of various cultures; theories of their origins, meaning and value in human experience. Occasional

CNT 3004 - Computer Network Concepts

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PHY 2053C with a grade of "C" (2.0) or better and, Corequisite(s): CIS 3990.
Prerequisite(s) or Corequisite(s): None.

Network media, protocol, current and evolving standards for local, metropolitan, wide area and wireless networks. Fall, Spring

ECS-CS

CNT 4403 - Network Security and Privacy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (CNT 3004 or EEL 4781 or CNT 4704) and (CIS 3360 or CIS 3362) all with a grade of "C" (2.0) or better or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamentals of network security, protocols, secure applications, network intrusion detection, security policy, firewalls, and privacy issues. Occasional

ECS-CS

CNT 4425C - Cloud Computing Management

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): CGS 3763 or COP 3502C and either MAD 2104 or COT 3100C or (COP 3503C and Computer Science major) all with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Topics include virtualization, container, resource management, programming models, application models, and system administration. Real-world Cloud Computing systems and tools, such as OpenStack, Amazon/Microsoft/Google public cloud systems, as well as Hadoop and Spark. Spring.

ECS-CS

CNT 4603 - System Administration and Maintenance

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CGS 3763 or COP 3503C and Computer Science major, with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of operating systems and applications installation, configuration, and maintenance, including client-server services, content management and deployment, server administration and management, and user/group management. Fall, Spring

ECS-CS

CNT 4703C - Design and Implementation of Computer Communication Networks

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): (CNT 3004, COP 3502C and either MAD 2104 or COT 3100C) or (COP 3503C and Computer Science major) all with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Data communication networking technologies (TCP/IP, Ethernet, Gigabit Ethernet, ATM, Frame Relay), products (routers, switches, adapters, cabling). Base design and detailed configuration including hands-on exercises. Fall, Spring

M&S fee $16.00

ECS-CS

CNT 4704C - Analysis of Computer Communication Networks

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): CGS 3763 or COP 4600 with a grade of "C" (2.0) or better. Administration of cloud computing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Topics include virtualization, container, resource management, programming models, application models, and system administration. Real-world Cloud Computing systems and tools, such as OpenStack, Amazon/Microsoft/Google public cloud systems, as well as Hadoop and Spark. Fall, Spring

M&S fee $16.00

ECS-CS
Network design using layering. Introduces cabling, topology, architecture, hardware and software. Includes performance and control issues such as congestion control, error control, contention resolution. Occasional

ECS-CS

CNT 4714 - Enterprise Computing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (CGS 3269, MAD 2104, COP 3330 and COP 3502C) or (COP 3503C and Computer Science or Computer Engineering major) all with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

ECS-CS

CNT 4932 - Wireless Communications Technology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): CNT 3004 or CNT 4704 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An overview of wireless data communications systems and devices. Topics include explanation of the technology and implementing, testing, configuring, and troubleshooting equipment in the lab. Occasional

ECS-EECS

COM 1000 - Introduction to Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Survey course introducing students to theory, research, and practical principles associated with human communication in interpersonal, public, and professional contexts. Fall, Spring

COS-COMM

COM 3003 - Exploring Human Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Either SPC 1608, SPC 1603C, COM 1000, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The variety of topics and contexts that human communication scholars examine, the theories that have emerged and the research that creates the theories. Occasional

COS-COMM

COM 3310 - Computer Mediated Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): RTV major- Media Management & Operations specialization or Mass Communication Minor, and CGS

Research methods used in communication. Understanding and interpretation of original research emphasized. Fall, Spring

COS-COMM
Communicating through computers.
The foundations and applications of online and interactive multimedia applications, including trends and limitations. Occasional

COM 3402 - Communication Theory
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: PR or CR: COM 3003 or C.I.

Examination of the foundation of theoretical inquiry, selected approaches to theorizing, applications of theory and ethical implications of theory in a number of communication contexts. Fall, Spring

COM 3406 - Role of Motivation in Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): COM 3003 or C.I.

Motivation theories that directly affect the process of human communication. Occasional

COM 3800 - Conflict Communication Research Methods
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Communication & Conflict major and either SPC 1608, or SPC 1603, or COM 1000, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Survey of research methods used by conflict communication scholars; emphasis on approaches, methodologies, and analyses used to inform the process of human conflict communication. Fall, Spring

COM 3801 - Relational Conflict Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Communication & Conflict major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): COM 3800 or COM 3311 or C.I.

Examination of social dynamics, interpersonal behavior, and motivation in a variety of settings in order to analyze intergroup conflict, and violence reducing strategies and techniques. Occasional

COM 3802 - Principles of Communication & Conflict
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Communication & Conflict major and SPC 1608, SPC 1603C, or COM 1000, or C.I. Corequisite(s): None.

Examination of major theories and concepts related to communication and conflict focusing on the influence of message content, relationships, and environments in multiple conflict scenarios. Fall, Spring

COM 3912 - Collaborative Experiential Research Practicum
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Either SPC 1608, SPC 1603C or COM 1000, and C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students will work as research assistants in a team, under faculty supervision, and learn first-hand the process of conducting communication/social scientific research. May be used in the degree program a maximum of 2 times. Occasional

COM 4013 - Communication and the Family
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Corequisite(s): None. Prerequisite(s) or Corequisite(s): COM 3003 or C.I.

The ways members of a family unit interact verbally and nonverbally to influence one another. Fall, Spring

COM 4014 - Gender Issues in Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Corequisite(s): None. Prerequisite(s) or Corequisite(s): COM 3003 or C.I.

A study of how communication exchanges, both verbal and non-verbal, differ between men and women, and how these differences are manifested. Fall, Spring

COM 4022 - Principles of Health Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPC 1608 or SPC 1603C or COM 1000 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories and research about the role communication plays in health. Spring

COS-COMM

COM 4026 - Current Issues in Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Communications and Conflict major Prerequisite(s) or Corequisite(s): COM 3003 or C.I.

Topics for this course will vary based on current issues in Communications Occasional

COM 4110 - Business and Professional Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Human Communication, Ad-PR, or R-TV Majors or Human Communication Minors only; and one of the following: SPC 1608, SPC 1603C, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theoretical and practical training in effective presentational speaking for business and professions. Fall

COS-COMM

COM 4120 - Organizational Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): One of the following: SPC 1603C, SPC 1608, COM 1000 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

How terrorism is a communication process. How mass media, symbols, linguistic devices, e-terrorism, and theoretical dimensions play a role in terrorism. How communities respond to terrorist attacks. Fall, Spring

COS-COMM

COM 4221 - Health Literacy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: PR or CR: COM 3003

Examines literature, theories and addresses health literacy. Engaging patients in decision-making process, guiding health professionals communication strategies, shared decisions and improving the healthcare experience. Fall

COS-COMM

COM 4332 - Communication, Technology, and Change
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

How new technologies influence (and are influenced by) communication in a variety of contexts, including organization and interpersonal settings. Fall, Spring

COS-COMM

COM 4416 - Terrorism and Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Health Communication Certificate or Communication and Conflict major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): COM 3003 or C.I.

A study of communication functions and problems within the contexts of hierarchies. Fall, Spring

COM 4416H - Honors Terrorism and Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): One of the following: SPC 1603C, or SPC 1608, or COM 1000 or C.I., and Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

How terrorism is a communication process. How mass media, symbols, linguistic devices, e-terrorism, and theoretical dimensions play a role in terrorism. How communities respond to terrorist attacks. Occasional

COS-COMM

COM 4461 - Intercultural Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of variables affecting messages and participants in intercultural contexts. Fall, Spring

COS-COMM

COM 4462 - Conflict Management
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or
Corequisite(s): COM 3311 or COM 3003, or C.I.

The study of communication in everyday conflicts. *Fall, Spring*

**COM 4550 - Public Communication Campaigns**

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COM 3311 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course examines the strategies and effects of public communication campaigns aimed at informing and persuading audiences in health, political and environmental contexts. *Spring*

**COM 4563 - Principles of Social Innovation and Activism**

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PR: Communication and Conflict major Prerequisite(s) or Corequisite(s): COM 3003 or CI

This course examines and applies foundational communication knowledge, theories and skills to advocate for social justice in the modern world. *Fall*

**COM 4803 - Third Party Processes & Intervention**

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COM 3802 and Communication & Conflict Major or C.I. Corequisite(s): None.

Identify components and skills in multiple third party processes including mediation, arbitration, and facilitation; build conflict management and process design skills. *Spring*

**COM 4804 - Communication in Cultural Conflict Context**

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Communication & Conflict major. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): COM 3800 or COM 3311 or C.I.

Exploration of communication factors that contribute to the development of conflict across groups, cultures and societies. *Fall, Spring*

**COM 4805 - Transformative Communication**

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Communication & Conflict major. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): COM 3800 or COM 3311 or C.I.

Examines various western and non-western belief/ethical systems, and how conflict may be perceived, communicated and interpreted using metaphysical approaches to conflict management. *Fall*

**COM 4806 - Communication & Conflict Case Studies**

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Communication & Conflict major and Senior Standing, COM 3800 or COM 3311 and COM 3802 or C.I. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Application of communication and conflict theories to intercultural and community case studies, examining historical, political, and cultural elements of empowerment and peace-building. *Spring*

**COM 4903/4970 - Honors in the Major**

**COM 4906 - Independent Study**

**COM 4912 - Research**

**COM 4934C - Topics in Intercultural Communication**

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Prerequisite(s): COM1000, SPC1603, or SPC1608

This course investigates advanced topics in intercultural communication, depending on the choice of the instructor. Possible topics include Global Health Communication, Ethnography of Speaking, Critical Perspectives on Intercultural Communication *Spring*

Department of Communication (NSCM)

**COM 4941 - Internship**

**COM 4945 - Domestic Practicum**

**COM 4970H - Honors Undergrad Thesis**

**COP 2500C - Concepts in Computer Science**

Credit Hours: 4  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): None. Corequisite(s): None.
None. Prerequisite(s) or Corequisite(s): None.

Fundamental concepts in program design, data structures, algorithms, analysis and a survey of topics in CS. Not open to Computer Science majors. *Fall, Spring*

**ECS-CS**

**COP 3223C - Introduction to Programming with C**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Programming in C including arrays, pointer manipulation and use of standard C math and IO libraries.  
*Fall, Spring*

**ECS-CS**

**COP 3223H - Honors Introduction to Programming with C**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Programming with C including arrays, pointer manipulation and use of standard C math and IO libraries.  
With Honors content.  
*Fall*

**ECS-CS**

**COP 3330 - Object Oriented Programming**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3223C or EGN 3211 with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Object oriented programming concepts (classes, objects, methods, encapsulating, inheritance, interfaces) and the expression of these concepts in the programming languages such as JAVA.  
*Fall, Spring*

**ECS-CS**

**COP 3402 - Systems Software**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CDA 3103C and COP 3502C each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design and development of assemblers, linkers, loaders, and compilers. Study memory hierarchy, program performance, and system level I/O.  
*Fall, Spring*

**ECS-CS**

**COP 3502C - Computer Science I**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): COP 3223C or EGN 3211 and MAC 1105C all with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Problem solving techniques, order analysis and notation, abstract data types, and recursion.  
*Spring*

**ECS-CS**

**COP 3502H - Honors Computer Science I**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Permission of Honors and (COP 3502C or COP 3502H) and COP 3330 and (MAD 2104 or COT 3100C) each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Algorithm design and analysis for tree, list, set, and graph data models; algorithmic strategies and applications, and algorithmic complexity analysis; sorting and searching; practical applications.  
*Fall*

**ECS-CS**

**COP 3503C - Computer Science II**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): COP 3502C and COP 3330 and (MAD 2104 or COT 3100C) all with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Algorithm design and analysis for tree, list, set, and graph data models; algorithmic strategies and applications, and algorithmic complexity analysis; sorting and searching; practical applications.  
*Spring*

**ECS-CS**

**COP 3503H - Honors Computer Science II**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Permission of Honors and (COP 3502H or COP 3502C) and COP 3330 and (MAD 2104 or COT 3100C) each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Algorithm design and analysis for tree, list, set, and graph data models; algorithmic strategies and applications, and algorithmic complexity analysis; sorting and searching; practical applications.  
With honors content.  
*Fall*
COP 4020 - Programming Languages I

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3503C with a grade of "C" or better and COT 3960. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Paradigms and fundamental concepts of programming languages are presented, including: scope, binding, abstraction, encapsulation, typing etc. Design paradigms object-oriented, functional and logic programming are presented. Fall, Spring

ECS-CS

COP 4331C - Processes for Object-Oriented Software Development

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): COP 3503C with a grade of "C" (2.0) or better and COT 3960 (CS majors). Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Concepts, principles, processes and methods for developing large software systems featuring a team project using object-oriented design in UML and implementation in C++.  
Fall, Spring

ECS-CS

COP 4516C - Problem Solving Techniques and Team Dynamics

Credit Hours: 3  
Class Hours: 1  
Lab and Field Work Hours: 3  
Contact Hours: 4  
Prerequisite(s): COP 3503C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design and implement solutions to problems requiring the applications of the different algorithms. Team project format. Occasional

ECS-CS

COP 4520 - Concepts of Parallel and Distributed Processing

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3402 and COP 3503C each with a grade of "C" (2.0) or better and COT 3960. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Parallel and distributed paradigms, architectures and algorithms, and the analytical tools, environments and languages needed to support these paradigms. Occasional

ECS-CS

COP 4600 - Operating Systems

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3503C and COP 3402 (CS majors) each with a grade of "C" (2.0) or better and COT 3960 (CS majors). Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Function and organization of operating systems, process management, virtual memory, I/O management, and file management.  
Fall, Spring

ECS-CS

COP 4710 - Database Systems

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3503C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Storage and access Structures, database models and languages, related database design, and implementation techniques for database management systems. Fall, Spring

ECS-CS

COP 4910 - Frontiers in Information Technology

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): CNT 4603 with a grade of "C" (2.0) or better; Corequisite(s): CNT 4703C and CIS 4991. Prerequisite(s) or Corequisite(s): None.

Research into leading edge information technologies that have a high likelihood of affecting the work place in the two to five year time frame. Fall, Spring

ECS-CS

COP 4934 - Senior Design I

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3402 and COP 3503C each with a grade of "C" (2.0) or better and consent of Department of EECS; Corequisite(s): COP 4331C. Prerequisite(s) or Corequisite(s): None.

Students work in teams to demonstrate their knowledge of computer science and apply it to realistic and meaningful problems.  
Fall, Spring

ECS-CS

COP 4935 - Senior Design II

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 4934 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students work in teams to demonstrate their knowledge of computer science and apply it to realistic and meaningful problems.  

Fall, Spring

ECS-CS

COT 3100C - Introduction to Discrete Structures

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): MAC 2311C with a grade of "C" (2.0) or better.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Logic, sets, functions, relations, combinatorics, graphs, Boolean algebras, finite-state machines, Turing machines, unsolvability, computational complexity.  

Fall, Spring

ECS-CS

COT 3100H - Honors Introduction to Discrete Structures

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Permission of Honors and MAC 2311C with a grade of "C" (2.0) or better.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Computation theory. A study of the properties of grammars and automata as formal specifications for algorithms and families of languages.  

Fall, Spring

ECS-CS

COT 3930H - Mathematical Modeling and Scientific Computing

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3502C with a grade of "C" (2.0) or better.  

Fall, Spring, Summer  
Graded S/U.

Department of Computer Science

ECS-CS

COT 3960 - Foundation Exam

Credit Hours: 0  
Prerequisite(s): COP 3502C with a grade of "C" (2.0) or better.  

Fall, Spring, Summer  
Graded S/U.

ECS-CS

COT 4210 - Discrete Structures II

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3503C and MAC 2312 each with a grade of "C" (2.0) or better and COT 3960.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Occasional

ECS-CS

COT 4400 - Tools for Algorithm Analysis

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3402 and COP 3503C each with a grade of "C" (2.0) or better and COT 3960.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Tools from discrete and continuous mathematics for analyzing complexity of algorithms. Order notation use and manipulation.  

Occasional

ECS-CS

COT 4500 - Numerical Calculus

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MAC 2312 and COP 3223C each with a grade of "C" (2.0) or better.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Occasional

ECS-CS

COT 4810 - Topics in Computer Science

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): COP 3402 and COP 3503C each with a grade of "C" (2.0) or better and COT 3960.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A range of topics from the field of Computer science; application of oral and written communication skills; social, ethical and moral issues of computing.

</table>
CWR 3201 - Engineering Fluid Mechanics

**Credit Hours:** 3
**Class Hours:** 3
**Lab and Field Work Hours:** 0
**Contact Hours:** 3

Prerequisite(s): MAP 2302, EGN 3310 both with a grade of "C" (2.0) or better. Corequisite(s): None.

Fundamentals of fluid mechanics with hydraulic applications: fluid properties, hydrostatics, dimensional analysis, energy, momentum, continuity, and steady flow. 

Fall, Spring

ECS-CECE

CWR 4202C - Hydraulics

**Credit Hours:** 3
**Class Hours:** 3
**Lab and Field Work Hours:** 2
**Contact Hours:** 5

Prerequisite(s): CWR 3201 with a grade of "C" (2.0) or better.

Application of basic principles of fluids at rest and in motion to analysis and design of hydraulic systems. Empirical relationships for practical engineering problems. 

Fall, Spring

ECS-CECE

CWR 4632C - Water Resources Engineering I

**Credit Hours:** 4
**Class Hours:** 3
**Lab and Field Work Hours:** 2
**Contact Hours:** 5

Prerequisite(s): STA 3032 and CWR 3201 both with a grade of "C" (2.0) or better. Corequisite(s): None.

Descriptive and quantitative aspect of water in the earth's environment and its engineering implications, including analysis of surface water systems, design of hydraulic structures, and stormwater management. 

Fall, Spring

ECS-CECE

DAA 2000C - Introduction to Theatre Dance

**Credit Hours:** 2
**Class Hours:** 2
**Lab and Field Work Hours:** 2
**Contact Hours:** 4

Prerequisite(s): None. Corequisite(s): None.

Basic ballet, tap, and jazz technique. Recommended for students with no formal dance training. May be used in the degree program a maximum of 2 times. 

Occasional

M&S fee $15.00
CAH-THEA

DAA 2100C - Modern Dance I

**Credit Hours:** 2  
**Class Hours:** 2  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 3  
**Prerequisite(s):** Declared Theatre major or Dance minor and "C" (2.0) or better in DAA 2200C or department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Exploration of form, style, and technique in creative movement. Includes practical class work and history lectures. **Spring**

CAH-THEA

DAA 2200C - Ballet I

**Credit Hours:** 2

Contact Hours: 2

Prerequisite(s): Theatre Major, Theatre Minor or Dance Minor and "C" (2.0) or better in any DAA course offered by the Theatre. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Periodic attendance at departmental dance classes with permission of individual instructors. May be repeated for credit. Fall, Spring Graded S/U.

CAH-THEA

DAA 3208C - Ballet III

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3

Prerequisite(s): Theatre major, Dance minor, or department consent, and C (2.0) or better required in DAA 2201C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced classical ballet technique, including principles, theory, and practice technique. May be repeated for credit. Fall

CAH-THEA

DAA 3508C - Jazz Dance III

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 1

Prerequisite(s): Theatre major, Dance minor, or department consent, and "C" (2.0) or better required in DAA 2571C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced study of jazz dance, using theory and practice of jazz technique. May be repeated for credit. Fall

CAH-THEA

DAA 3524C - Tap Dance III

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3

Prerequisite(s): Theatre major, Dance minor, or department consent, and C (2.0) or better required in DAA 2521C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced exploration of form, style, and technique of tap dance. May be repeated for credit. Fall

CAH-THEA

DAA 3612 - Dance Improvisation/Composition I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3

Prerequisite(s): DAA 2100C, Theatre major, Dance minor, or department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and practice of dance composition. Spring

CAH-THEA

DAA 3645 - Choreography Practicum

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: VAR
Contact Hours: VAR
Prerequisite(s): Theatre major, Dance minor, or department consent, and C (2.0) or better required in DAA 2100C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Student practice in choreographing a concert dance work for public performance. May be used in the degree program a maximum of 5 times. Spring

CAH-THEA

DAA 3684 - Dance Performance

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: VAR
Contact Hours: VAR

Prerequisite(s): Theatre major, Dance minor, or department consent, C (2.0) or better required in DAA 2200C, or DAA 2201C, or DAA 3208C and audition. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Student performance in a concert dance work. May be repeated for credit. Spring M&S fee $15.00

CAH-THEA

DAE 3370 - Dance and Rhythmics

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 3

Prerequisite(s): ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The development of skill proficiency and instructional strategies in rhythmics and dance techniques, and fundamental movement patterns for grades K-12. Occasional

School of Teacher Education

DAN 3134 - Dance History I

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 3

Prerequisite(s): ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The development of skill proficiency and instructional strategies in rhythmics and dance techniques, and fundamental movement patterns for grades K-12. Occasional

School of Teacher Education
2000-level History course or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The roots, trends, and styles of dance from prehistory through the early 20th century. Fall

CAH-THEA

DEP 2004 - Developmental Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The effects of genetic, psychological, maturational, and social factors on behavior throughout the life cycle. Fall, Spring

COS-PSYCH

DEP 2004H - Honors Developmental Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012 and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Genetic, psychological, maturational, and social factors on behavior throughout the life cycle. With Honors content. Fall

COS-PSYCH

DEP 3202 - Psychology of Exceptional Children

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Psychological problems of exceptional children, including diagnosis, associated emotional problems, effects of institutionalization, special class placement, attitudes, and appropriate intervention methods. Occasional

COS-PSYCH

DEP 3464 - Psychology of Aging

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of basic psychological processes related to the aging process, with emphasis on the applied implications of changes in perceptual-motor, social emotional and cognitive-intellectual functioning. Occasional

COS-PSYCH

DIG 2000 - Introduction to Digital Media

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 2000 and MAC 1105C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to history, principles, and processes associated with digital media and designing for digital media with emphasis on production and communication. Fall, Spring

CAH-SVAD

DIG 2030 - Digital Video Fundamentals

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 2000 and MAC 1105C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduces concepts and principles of producing and assembling digital video and the tools and techniques of video and sound capture. Fall, Spring

CAH-SVAD

DIG 2009 - Digital Imaging Fundamentals

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 2000 and MAC 1105C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduces concepts and principles of image creation, and the tools and techniques of image capture, creation, manipulation, and integration for design concepts. Fall, Spring

Department of Games and Interactive Media (NSCM)

DIG 2030 - Digital Video Fundamentals

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 2000 and MAC 1105C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Foundations of interactive media including user-interface design. Students combine audio, video, imaging, and animation using industry standard software. Fall, Spring

Department of Games and Interactive Media (NSCM)

DIG 2500 - Fundamentals of Interactive Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 2000 and MAC 1105C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamental understanding of
contemporary game art topics including vector vs raster graphics, 2D sprite animation, basic modeling, and texturing. *Fall, Spring*

**DIG 3003 - Adventures in Emerging Media**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the rules and culture of emerging media. The course is presented online in a nonlinear "choose your own adventure" format. *Occasional*

CAH-SVAD

**DIG 3024 - Digital Cultures & Narrative**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): DIG 2000 'B' and DIG 2030 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Understanding of digital cultures and narrative theories from an interdisciplinary perspective. Conceptual structure and design of visual and interactive storytelling. *Fall, Spring*

Department of Games and Interactive Media (NSCM)

**DIG 3043 - Evolution of Video Games**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Evolution of video games since the first game in the early 1950s to contemporary games. *Fall, Spring*

CAH-SVAD

**DIG 3118 - Digital Tools and Technologies: Graphic Design**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Grade of "C" (2.0) or better in DIG 2000 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Composition, editing, and manipulation of digital imagery using Adobe Photoshop, including layering, typographic design and working with 3D images. *Fall, Spring*

CAH-SVAD

**DIG 3134C - Server-Side Scripting**

**Credit Hours:** 3  
Class Hours: 2  
Lab and Field Work Hours: 2  
Contact Hours: 4  
Prerequisite(s): DIG 3716C, DIG 3174C Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles of server-side development, including database design. *Fall, Spring*

Department of Games and Interactive Media (NSCM)

**DIG 3146 - Social Platforms**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PR: DIG 2000, DIG 2030, DIG 2109, DIG 2500

Introduction to social media as platforms, considering the affordances of contemporary platforms and platform-specific content production. *Fall, Spring*

Department of Games and Interactive Media (NSCM)

**DIG 3153 - Writing for Digital Media**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Minimum grade of "B" (3.0) in DIG 2000. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Methodologies, fundamentals, and history of written communications for the digital age. Application of methods and fundamentals in the following areas: language theory, document design, markup languages and the editing process. *Fall, Spring*

CAH-SVAD

**DIG 3171 - Tools for Digital Humanities**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1101 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of digital tools and techniques, including web and games, used for projects and research in digital humanities. *Occasional*

Department of Games and Interactive Media (NSCM)

**DIG 3174C - Front-End Web Design**

**Credit Hours:** 3  
Class Hours: 2  
Lab and Field Work Hours: 2  
Contact Hours: 4  
Prerequisite(s): PR: DIG 2500

Principles of front-end web design using current markup and style languages. *Fall*
DIG 3175 - Design for Accessibility and Engagement

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: DIG 3174C
Front-End Web Design

A multidisciplinary examination of methods and strategies for designing accessible and engaging web applications. Fall, Spring

School of Visual Arts and Design

DIG 3355C - Artificial Environments and Effects

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): or Corequisite(s): DIG3951

Design and manipulation to convey a story, thought, and concept in visual medium. New imagery in motion such as non-character entities, music videos, and scientific visualization. Fall, Spring

School of Visual Arts and Design

DIG 3362C - Artificial Characters

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 2109 and C.I. Corequisite(s): DIG 3951.

Processes and techniques for design and manipulation of artificial characters to convey story, thought, or concept in a visual medium. Fall, Spring

CAH-SVAD

DIG 3383C - Visual Storytelling and Visual Development

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2

Contact Hours: 4
Prerequisite(s): or Corequisite(s): DIG 3951.

Processes and techniques to transform story concepts into a producible visual experience. Fall, Spring

School of Visual Arts and Design

DIG 3450 - Interactive Performance I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission by audition only. Digital Media, Theatre majors, or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Techniques of interactive acting, with emphasis on interpersonal awareness and audience facilitation. Fall, Spring

CAH-SVAD

DIG 3450H - Honors Interactive Performance I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission by audition only. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

With Honors content. Occasional

CAH-SVAD

DIG 3480 - Computer as a Medium

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 2500, DIG 2030 and DIG 2109. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Fundamentals of coding and scripting inside modern game engines with a focus on functionality and utilizing the computer as a medium to power their art. Fall, Spring

CAH-SVAD

DIG 3525 - Digital Media Production I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission by audition only. Digital Media, Theatre majors, or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Media project planning, organization and execution; group dynamics.
Software tools for project planning, scheduling and management. Fall, Spring

CAH-SVAD

DIG 3554 - Digital Tools and Technologies: Web Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in DIG 2000 or C.I.
Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Creative and functional website design and development using Adobe Dreamweaver, including use of CSS, HTML, and incorporation of media and mobile design. Fall, Spring

CAH-SVAD

DIG 3563 - Information Management and Entrepreneurship
Managing digital assets from both technical and fiduciary aspects with a view towards creating, storing, retrieving assets, and authoring of databases and file types. Introduction of basic financial and entrepreneurial elements of starting and running a small business. Spring, Fall.

DIG 3602C - Physical Computing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): PR: DIG 2500, DIG 2109 and DIG 2030
Integrate physical computing techniques and hardware design into their digital media projects and games. Spring.

DIG 3716C - Client-Side Scripting
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 2500.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Object-oriented web programming using client-side scripting languages. Spring.

DIG 3727C - Game Level Design
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): PR: DIG 3480, DIG 4713, and DIG 4780C
Modern game engine implementation and coding techniques in the support of immersive level design. Spring.

DIG 3728C - Game Testing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 4713, DIG 3480, DIG 4780C Corequisite(s): none Prerequisite(s) or Corequisite(s): DIG 4713, DIG 3480, DIG 4780c (prerequisites)
In this class students will learn how to test video games to analyze what is successful in various interactive play experience. They will learn what makes the game good and bad and how it relates to that game's marketability. Students will test professional released games as well as games developed by their peers for quality assurance. This practice will mimic the certification process used by the professional video game industry. Students will create testing reports, develop test plans, and design tests for technical quality assurance, interface standards, memory leaks and bug tracking. This course includes a required lab section. Spring.

DIG 3811 - User-Centered Design
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 3525.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Applying knowledge about cognition and behavior to design usable interfaces and systems. Fall, Spring.

DIG 3951 - Character Animation Portfolio Review
Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Review of relevant digital and artistic works in a student's portfolio. Fall Graded S/U.

CAH-SVAD

DIG 4104C - Web Design Workshop I
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 3716C and DIG 3134C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Individual web development and master professional workflow tools. May be used in the degree program a maximum of 2 times. Fall.

CAH-SVAD

DIG 4138 - Digital Sculpting
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): PR: DIG 4324C
Develop sculptures in the real world, transpose them to a real-time virtual environment and output 3D virtual content back to a physical form. Fall.

CAH-SVAD

DIG 4172C - Web Design Workshop II
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): PR: DIG 4104C
Practice collaborative skills through designing and implementing professional quality websites Spring.
DIG 4206C - New Imagery in Motion Workshop

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4325C, successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of techniques taught to model, rig, and prepare artificial characters so that they may be animated effectively and express narrative for digital production. Fall

CAH-SVAD

DIG 4209C - Modeling for Visual Language

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4451C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Conceptual and technical aspects of scripting, image processing, 3D/2D data acquisition while practicing the use of generators, filters, particles, masks, and audio into digital projects. Spring

CAH-SVAD

DIG 4294C - Post-Production Game FX

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): PR: DIG 4138 - Digital Sculpting

Polishing theories, techniques, and tools to increase the depth of interactivity and create a more visually dynamic experience. Spring

DIG 4295C - Game Optimization & Performance

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): DIG 4778C and DIG 4725C

Optimize code and game engine assets to improve performance in games. Spring

Department of Games and Interactive Media (NSCM)

DIG 4323C - Modeling for Visual Language

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4451C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Techniques, mechanics of designing, developing finished look emphasis on rendering, shading, texturing, and lighting. Spring

School of Visual Arts and Design

DIG 4326C - Geometrical Modeling Workshop

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4780C and PR/CR ART 3950, OR DIG 4323C and DIG 3951.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Techniques and mechanics of designing and manipulating geometrical representations of artificial characters and their environments; introduction to procedural models. Spring

School of Visual Arts and Design

DIG 4354C - Advanced 3D Animation

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4323C, successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced tools, concepts and techniques developed in the previous 3D animation courses. Students apply techniques to 3D character animation. Spring

CAH-SVAD

DIG 4359C - Artificial Environments and Effects Workshop

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 3355C and successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Techniques and mechanics of artificial environments, with emphasis on compositing, image processing, visual style, visual continuity. Spring

CAH-SVAD
DIG 4369C - Artificial Characters Workshop
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 3362C and successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Techniques and mechanics of artificial characters, with emphasis on attitude in action, personality of character expressions, and bringing characters to life. *Spring*
CAH-SVAD

DIG 4373C - 3D Textures
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4323C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Advanced application of lighting and surface attributes, improving on the tools, concepts, and techniques learned in previous 3D courses. *Spring*
CAH-SVAD

DIG 4394C - Motion Graphics: Advanced Compositing
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4359C, successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Advanced techniques including 3D modeling, texturing, lighting, particles, and compositing to create motion graphics. Manage and navigate objects, images and other media in visual narratives, as pertaining to 3-D Content. *Spring*
CAH-SVAD

DIG 4395 - Motion Capture for Performance
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 1105C, and DIG 3480 or TPA 2200, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Develop creative skills, learn theory and technology of motion capture systems for live and recorded dramatic performance, augmented & virtual reality, training, and educational applications. *Spring*
CAH-SVAD

DIG 4434C - Narrative Techniques in the Moving Image
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4451C, successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Advanced application of techniques in Visual Language employed in story production focusing on advancing a narrative and evoking emotion. *Spring*
CAH-SVAD

DIG 4435C - Visual Storytelling and Visual Development Workshop
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4359C and successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Techniques, mechanics of visual development with emphasis on strong visual designs which communicate effectively. *Odd Spring*

DIG 4451C - Visual Storytelling and Visual Development Workshop
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 3433C and successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Continuation of Interactive Performance I, with focus on the integration of actors, audience participation, technology, and story structure. *Spring*
CAH-SVAD

DIG 4455 - Interactive Performance II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 3450C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Application of techniques taught to design, create, and refine visual development, story board, story reel, character design, and animation that expresses a narrative for digital production. *Fall*
CAH-SVAD

DIG 4486C - Visual Language of Moving Image II
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4333C, successful portfolio review, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Application of techniques taught to design, create, and refine visual development, story board, story reel, character design, and animation that expresses a narrative for digital production. *Fall*
CAH-SVAD

DIG 4503C - Rapid Application Web Development
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 3134C and DIG 3716C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Asynchronous web development using current server-side and client-side scripting techniques and database technologies. *Spring*
DIG 4526 - Digital Media Production II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 3525 and a minimum grade of "B" (3.0) or better in DIG 2000. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Management and execution of large digital media projects, using structured methods and tools learned in Digital Media Production I. Fall, Spring

CAH-SVAD

DIG 4530C - Media for e-Commerce

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 3134C and DIG 3716C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The applications of server-side internet programming languages and media theory to e-commerce, internet security, and online portals. Fall, Spring

CAH-SVAD

DIG 4595 - Portfolio Development

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: DIG 4725C

Creation and marketing of personal portfolio and application of necessary communication skills to obtain industry-level employment. Spring

DIG 4624C - Digital Production in Artificial Environments

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): DIG 4359C, successful portfolio review, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of techniques to continue building artificial environments and effects, addressing lighting, continuity, movement, theme and mood to help express a narrative for digital production. Fall

CAH-SVAD

DIG 4630 - Creative Industries

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 3525. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Overview of media as a business, including market structures, funding models, and business practices. Emphasis on web, social media, and video games as sectors of the industry. Fall, Spring

Department of Games and Interactive Media (NSCM)

DIG 4633C - Multi-Modal Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): PR: DIG 2109, DIG 2030, and DIG 2500

Examine and develop for emerging platforms with an emphasis on multi-platform support. Fall

DIG 4639C - Mobile Development

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2

Developing mobile applications using native web technologies. Spring

DIG 4693C - Production Software Workshop

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): PR: DIG 3134C or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced programming techniques for a variety of web-based applications using ActionScript, including dynamic and input text, variables, physics, artificial intelligence, collision detection, user interaction, and animation. Spring

CAH-SVAD

DIG 4704 - Interactive Entertainment

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 3525 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Ways to apply diverse skills of film making to digital media, non-linear story telling, virtual reality, video games and non-traditional education and military simulation. Fall, Spring

CAH-SVAD

DIG 4713 - Game Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 2109, DIG 2500 and DIG 2030. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Ways to apply diverse skills of film making to digital media, non-linear story telling, virtual reality, video games and non-traditional education and military simulation. Fall, Spring

CAH-SVAD

DIG 4704 - Interactive Entertainment

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 3525 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Ways to apply diverse skills of film making to digital media, non-linear story telling, virtual reality, video games and non-traditional education and military simulation. Fall, Spring

CAH-SVAD

DIG 4713 - Game Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): DIG 2109, DIG 2500 and DIG 2030. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Principles and theories of video game design, including software, content, interaction, and game play design. Project based. \textit{Fall, Spring}

\textbf{CAH-SVAD}

\textbf{DIG 4715C - Game Production}

\textbf{Credit Hours: 3}
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 4713 with a minimum grade of 'B' (3.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles and theories of video game production, including project planning, scripting, 3D modeling and texturing, level design, and audio. Project based. \textit{Fall, Spring}

Department of Games and Interactive Media (NSCM)

\textbf{DIG 4720C - Casual Game Production}

\textbf{Credit Hours: 3}
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 4713 and DIG 4715C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design and implement casual video games using professional tools and iterative design techniques. Fall, Spring

\textbf{CAH-SVAD}

\textbf{DIG 4725C - Game Design Workshop I}

\textbf{Credit Hours: 3}
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 4715C and DIG 3728. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design and pre-production of a game using professional tools and iterative design techniques. May be used in the degree program a maximum of 4 times. \textit{Fall}

\textbf{CAH-SVAD}

\textbf{DIG 4726C - Game Design Workshop II}

\textbf{Credit Hours: 3}
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): PR: DIG 4725C

Team-based continuation of DIG 4725C. Game design, production, and testing using professional tools and iterative design techniques. \textit{Spring}

\textbf{DIG 4778C - Game Design Tools & Plugins}

\textbf{Credit Hours: 3}
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): PR: DIG 3727C Game Level Design

Game development techniques for designing tools for other designers to use, implement plugins, and extend the game engine to accomplish game development goals. \textit{Fall}

\textbf{CAH-SVAD}

\textbf{DIG 4780C - Modeling for Realtime Systems}

\textbf{Credit Hours: 3}
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): DIG 2109 and a minimum grade of 'B' (3.0) in DIG 2000. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles of construction of 3D models for real-time applications. Topics include level of detail management and efficiency versus visual quality for video games and simulation. \textit{Fall, Spring}

\textbf{CAH-SVAD}

\textbf{DIG 4813 - Contemporary Topics in Digital Media}

\textbf{Credit Hours: 3}
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: DIG 2500, DIG 2109, and DIG 2030

A multidisciplinary examination of emerging methods and strategies to design engaging experiences in areas spanning digital media. \textit{Spring}

\textbf{DIG 4855 - Converging Media Capstone}

\textbf{Credit Hours: 3}
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): GEB 3031
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Cornerstone and 12 hours of restrictive electives within the Visual Arts and Emerging Media Management Track. Team based converging media projects leading to a capstone project that emphasizes creative thinking, proto-typing, development, marketing and assessment paralleling the business world. \textit{Even Fall, Even Spring}

\textbf{CAH-SVAD}

\textbf{DSC 4012 - Terrorism}

\textbf{Credit Hours: 3}
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of competing ideologies of a variety of social and political conflicts (both international and domestic) that give rise to terrorism and of the implications for the criminal justice system. \textit{Occasional}

\textbf{HPA-CJ}
DSC 4013 - Homeland Security and Criminal Justice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Analysis of homeland safety and security in contemporary society and government. Occasional
HPA-CJ

EAB 3703 - Principles of Behavior Modification
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
An examination of the control of behavior through applications of principles and theories of learning. Examples are drawn from clinical and social psychology and from child rearing. Fall
COS-PSYCH

EAB 3706 - Behavior Modification - Part II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EAB 3703 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Continued examination of the principles of behavior analysis and their application, as well as ethical issues related to the delivery of behavior analysis programs. Occasional
COS-PSYCH

EAP 1850 - English for Academic Purposes I
Credit Hours: 6
Class Hours: 6
Lab and Field Work Hours: 0
Contact Hours: 6
Prerequisite(s): Admission to the Global Achievement Academy (GAA). Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Development of academic skills for international students. Topics include academic reading and vocabulary development; listening and note-taking; and writing practice and oral communication. Fall, Spring
CAH-LANG

EAP 2851 - English for Academic Purposes II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Global Achievement Academy (GAA) and a grade of "C" (2.0) or higher in EAP 1850 or consent of Global Achievement Academy. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Development of advanced academic skills for international students. Topics include academic reading and vocabulary development; listening and note-taking; and writing practice and oral communication. Fall, Spring
CAH-LANG

EAS 3101 - Fundamentals of Aerodynamics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0), or better in EML 3701. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Viscous, incompressible fluid flow; flow over finite wings; aerodynamic design; introduction to computational fluid dynamics. Spring
ECS-MECH/AERO

EAS 3530 - Space Systems Concepts
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0), or better in all of the following EGN 3321, PHY 2049C, and MAP 2302. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Physical and engineering aspects of current space flights. Space nuclear propulsion and power. Design of spacecraft for space environment. Communication with spacecraft. Space-borne instrumentation. Spring
ECS-MECH/AERO

EAS 3800C - Aerospace Engineering Measurements
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): "C" (2.0), or better in EGN 3343. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Theory, calibration and use of instruments. Measurement techniques, data analysis, report writing. Laboratory topics related to aerospace engineering. Fall, Spring M&S fee $15.00
ECS-MECH/AERO

EAS 3810C - Design of Aerospace Experiments
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): "C" (2.0) or better in
both EAS 3800C and EML 3701.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design of experiments in aeronautic/aerospace systems with emphasis on project team activity. Spring M&S fee $45.00

ECS-MECH/AERO

EAS 3933 - Aerospace Career and Academic Faculty Advising I
Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): Grade of "C" (2.0) or better in MAP 2302.
Mandatory meeting with students and their faculty advisor for career/academic advising. Fall, Spring Graded S/U
ECS-MECH/AERO

EAS 4105 - Flight Mechanics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EAS 3101; Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Analysis and design of aircraft performance, static and dynamic stability and automatic control systems. Fall
ECS-MECH/AERO

EAS 4134 - High-Speed Aerodynamics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in EAS 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Normal and oblique shock waves, nozzles and wind tunnels, methods of analyzing compressible flow about airfoils, wings, and bodies. Viscous boundary layers and applications to the design process. Fall
ECS-MECH/AERO

EAS 4145 - Rotorcraft Aerodynamics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EAS 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Helicopter aerodynamics. Momentum and blade element theories applied to hover, vertical and forward flight. Factors affecting design, performance & stability will be discussed. Occasional
ECS-MECH/AERO

EAS 4200 - Analysis & Design of Aerospace Structures
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in EML 4225. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Aerospace structures and components, loads, bending, shear and torsion of thin-walled open and closed section beams, structural idealization, analysis of fuselage and wing sections, structural instability (buckling) of columns and monocoque cylinders. Fall
ECS-MECH/AERO

EAS 4300 - Aerothermodynamics of Propulsion Systems
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in EAS 4134 or EML 4703. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Fundamental analysis and design considerations of propulsion systems. Turbojets, ramjets and rockets. Spring
ECS-MECH/AERO

EAS 4400 - Spacecraft Attitude Dynamics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0), or better in EML 4225. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Kinematics and dynamics of rigid and multibody spacecraft rotational motion. Attitude control with momentum exchange actuators and thrusters. Occasional
ECS-MECH/AERO

EAS 4404C - Discrete Control in Aerospace Vehicles
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): "C" (2.0), or better in all of the following EAS 3800C, EML 4225, and EML 4313. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Discrete control aspects of aerospace vehicles, digital controller, design, state-space representation, Z-transform, system response. Spring M&S fee $15.00
ECS-MECH/AERO

EAS 4505 - Orbital Mechanics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in EAS 4134 or EML 4703. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Fundamental analysis and design considerations of propulsion systems. Turbojets, ramjets and rockets. Spring
ECS-MECH/AERO

Prerequisite(s): "C" (2.0) or better in all of the following: MAC 2311C, MAC 2312, MAC 2313, MAP 2302, PHY 2048C and EGN 3321. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Two-body problem, orbital equations, orbital transfer, earth satellite operation. Spring

ECS-MECH/AERO

EAS 4700C - Aerospace Design I

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): "C" (2.0) or better in each EGN 3373, EAS 3800C, EML 3701, EML 4142, EML 4225, and department consent. Corequisite(s): EAS 4931. Prerequisite(s) or Corequisite(s): EAS 4931.

Application of the design process to the team solution of a state-of-the-art problem. Airplanes and space vehicles, systems and devices are considered. Fall, Spring

ECS-MECH/AERO

EAS 4703C - Small Satellite Payloads and Integration:

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): EML 3303C or EAS 3800C or EEL 3801C or ESI 4523. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Evaluate overall impact of integration and design concepts on various satellite component subsystems and their payloads into a small satellite system design leading to a final configuration. Occasional

M&S fee $45.00

ECS-MECH/AERO

EAS 4710C - Aerospace Design II

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): EAS 4931 and a "C" (2.0) or better in EAS 4700C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of the design process in the team building and testing of a prototype/model of an airplane, spacecraft, system or device. Fall, Spring M&S fee $60.00

ECS-MECH/AERO

EAS 4931 - Aerospace Career and Academic Faculty Advising II

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): EAS 3933 and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mandatory meeting with students and their faculty advisor for career/academic advising Fall, Spring Graded S/U.

ECS-MECH/AERO

ECM 4504C - Embedded Computer Systems

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): EEL 4768C, EEL 4851C, EEL 4635C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Computer Applications in Systems role, sensor and actuator interfacing. Design projects, including problem statements and specifications, design methodology, implementation, testing, and documentation. Occasional

M&S fee $45.00

ECS-ECE

ECO 2013 - Principles of Macroeconomics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to macroeconomics, including an overview of the market economy; national income, employment, and price level determination, stabilization policies, and international economics. Fall, Spring

BA-ECON

ECO 2013H - Honors Principles of Economics Macroeconomics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Same as ECO 2013 with honors-level content. Fall, Spring

BA-ECON

ECO 2023 - Principles of Microeconomics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The determination of prices in a market economy; their role in allocating consumer and producer goods and in distributing incomes, including attempts to improve market efficiency through public policy. Fall, Spring

BA-ECON
ECO 2023H - Honors Principles of Microeconomics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Permission of Honors. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

The determination of prices in a market economy; their role in allocating consumer and producer goods and in distributing incomes, including attempts to improve market efficiency through public policy. Honors content.  
Fall, Spring

BA-ECON

ECO 3070 - Tutoring/Teaching Techniques for Undergraduate Economics

Credit Hours: 1  
Class Hours: 1  
Lab and Field Work Hours: 0  
Contact Hours: 1  
Prerequisite(s): Satisfactory completion of same course the student is tutoring. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Prepare undergraduate students to more effectively learn economics concepts through tutoring/teaching. May be used in the degree program a maximum of 4 times.  
Fall, Spring  
Graded S/U.

BA-ECON

ECO 3101 - Intermediate Microeconomics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ECO 2013, ECO 2023 and QMB 3003. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theoretical study of the behavior of households, firms, and the markets in which they operate with issues and applications.  
Fall, Spring

BA-ECON

ECO 3203 - Intermediate Macroeconomics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ECO 2013 and ECO 2023 and QMB 3003. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Measurement, analysis, and control of aggregate economic activity.  
Fall, Spring

BA-ECON

ECO 3223 - Money and Banking

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ECO 2013. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Nature of money, commercial banking system, and monetary theory, and their relationship to the level of economic activity and activities of the Federal Reserve and U.S. Treasury.  
Fall, Spring

BA-ECON

ECO 3410 - Mathematical Economics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ECO 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mathematical methods with particular focus on microeconomics foundations of individual decision-making.  
Spring

BA-ECON

ECO 3703 - International Microeconomics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ECO 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamental principles of Classical and Neoclassical international trade theories, as well as trade's impact on global resource flows and the impact of trade on the developing world. Trade policy both in theory and practice is also examined.  
Fall

BA-ECON

ECO 4303 - History of Economic Thought

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ECO 2013 or ECO 2023. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of the principal ideas of the major contributors to the development of economic thought.  
Occasional

BA-ECON

ECO 4400 - Game Theory and Economics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ECO 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of the strategic decision-making of parties having opposed, mixed, or similar interests.  
Fall

BA-ECON
ECO 4400H - Honors Game Theory and Economic Applications
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): Honors Students Only
Corequisite(s): None
Prerequisite(s) or Corequisite(s): None
An introduction to the study of the strategic decision-making of parties having opposed, mixed, or similar interests. Consent of Honors Even Fall, Odd Fall
Department of Economics

ECO 4412 - Econometrics I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ECO 2013, ECO 2023 and QMB 3200.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Students will study the linear regression model, first developing the theory and then applying it to data Fall
BA-ECON

ECO 4422 - Econometrics II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): Econometrics I
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Building on the linear regression model of Econometrics I, students will study generalized linear models, first developing the theory and then applying it to data Spring
BA-ECON

ECO 4443 - Introduction to Business Analytics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ECO 2013 and ECO 4412, or permission of department.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

ECO 44504 - Public Economics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ECO 3101.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
A study of fiscal institutions and decision-making, and how government budgetary policy (spending, taxing, borrowing, and debt management) affects the economy and its citizens. Spring
BA-ECON

ECO 4713 - International Macroeconomics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ECO 3101 or ECO 3203 or ECO 3223.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
International macroeconomics with review and analysis of current international macroeconomics, financial issues, policies and events. Spring
BA-ECON

ECO 4751 - Law and Economics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ECO 2013 and ECO 4412.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Impact of law on economic behavior; how economic behavior changes with legal rules and penalties; and the economic logic underlying the law. Occasional
BA-ECON

ECO 4902 - Capstone in Economics
Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Prerequisite(s): ECO 3101, ECO 3203, QMB 3200, Senior Standing, Economics Major.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Students use critical thinking and written communication to integrate and apply material learned in economics courses to economics problem and policies. Fall, Spring Graded S/U.
BA-ECON

ECO 4934 - Topics in Econometrics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ECO 4412.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Emphasis on international topics in linear and nonlinear econometric models. Spring
BA-ECON

ECO 4941 - Economics Internship
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): Consent of department chair, ECO 3101, and
ECO 3203. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Supervised economics-related work experience in a pre-approved sponsoring organization. See department for information/application. Fall, Spring
Graded S/U.

BA-ECON

ECP 3004 - Seminar on Current Economic Topics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ECO 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Content may include, but is not limited to, the analysis of current economic issues and policy, and the study of current economic methods and theories. May be used in the degree program a maximum of 1 times. Occasional

BA-ECON

ECP 3006 - Economics of Sports

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ECO 2023. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Microeconomics is used to evaluate and analyze the business and practice of sports including the structure and conduct of sports leagues, revenue sharing and other forms of cooperation, labor markets and compensation for professional athletes, public financing of sport facilities, and sports in the not-for-profit sector. Fall

BA-ECON

ECP 3203 - Labor Economics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ECO 3101 or ECP 4703. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The analysis of labor problems and issues in a dynamic contemporary economy through the interaction of the four major institutions: households, firms, government, and unions. Fall, Spring

BA-ECON

ECP 3302 - Economics and the Environment

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ECO 2023. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analysis of environmental problems from an economic perspective, its relationship to other disciplines, and the international dimension of environmental policy. Not open to Economics majors. Fall, Spring

BA-ECON

ECP 4303 - Environmental and Natural Resource Economics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ECO 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provide fundamental insights into the interdependence between energy use, environmental quality, and the economy at both the microeconomic and macroeconomic level. Fall

BA-ECON

ECP 4403 - Industrial Organization

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Integrated Business major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Applies economic theory, principles, and techniques to business decision making. Students improve critical thinking skills and learn analytical tools needed to address key business issues. Fall, Spring

BA-ECON

ECS 4013 - Development Economics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Integrated Business major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of the performance of industries representative of various types of market structure and practices, as well as the public policies affecting these industries. Fall

BA-ECON

ECP 4530 - Health Economics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ECO 3101. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analysis of the market for health and the derived market for health care using intermediate micro-economic modeling. Fall

BA-ECON

ECP 4703 - Managerial Economics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Integrated Business major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Applies economic theory, principles, and techniques to business decision making. Students improve critical thinking skills and learn analytical tools needed to address key business issues. Fall, Spring

BA-ECON

ECS 4013 - Development Economics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ECO 2013 and ECO 2023. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.  
The study of problems, theories, and issues of economic development in the global economy.  
Spring  

BA-ECON  
ECT 2002 - Introduction to Career and Technical Teaching and Training  
Credit Hours: 3  
Class Hours: Online  
Lab and Field Work Hours: 0  
Contact Hours: Online  
Prerequisite(s): None  
Corequisite(s): None  
An introduction to the profession of a career and technical education (CTE) teacher or industry/corporate trainer with adequate occupational experiences and/or subject matter expertise.  
Fall, Spring  

Department of Educational Leadership & Higher Education  
ECT 3062 - Professional Roles of the Career & Technical Teacher  
Credit Hours: 3  
Class Hours: Online  
Lab and Field Work Hours: 0  
Contact Hours: Online  
Prerequisite(s): None  
Corequisite(s): None  
Introspection into career and technical education teaching and the transition from industry to education.  
Summer  

Department of Educational Leadership & Higher Education  
ECT 3365 - General Methods/Testing Evaluation in Career & Technical Education  
Credit Hours: 3  
Class Hours: Online  
Lab and Field Work Hours: 0  
Contact Hours: Online  
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I.  
Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.  
General teaching methods, testing and evaluation. Techniques specific to Career & Technical Education and Industry Training.  

ECT 3367 - Evaluation of Career & Technical Education Instruction  
Credit Hours: 3  
Class Hours: Online  
Lab and Field Work Hours: 0  
Contact Hours: Online  
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I.  
Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.  
Assessing student cognitive, affective, and psychomotor performance in the technical environment.  

ECT 3371 - Course Construction in Industrial Education  
Credit Hours: 3  
Class Hours: Online

Contact Hours: Online  
Prerequisite(s): ECT 3365 - General Methods/Testing Evaluation in Career & Technical EducationENC 1102 with a grade of "C-" (1.75) or better is required, or C.I.  
Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.  
Planning and preparation of materials, managing the laboratory and involvement in appropriate Career and Technical Student Organizations (CTSOs). Clinical instruction related to various industry occupations education and corporate training.  

ECT 4004 - Principles and Practices of Technical Education  
Credit Hours: 3  
Class Hours: Online  
Lab and Field Work Hours: 0  
Contact Hours: Online  
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I.  
Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.  
Integrating historical principles, career structure, and current trends in technical education.  

ECT 4184 - Curriculum Development Techniques for Industry Training  
Credit Hours: 3  
Class Hours: Online  
Lab and Field Work Hours: 0  
Contact Hours: Online  
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I.  
Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.  
The practical application of fundamental knowledge, important skills, alternative analysis methods, and the critical elements of the trainers analysis tasks.  

ECT 4384 - Advanced Teaching Techniques for Career Education  
Credit Hours: 3  
Class Hours: Online  
Lab and Field Work Hours: 0  
Contact Hours: Online  
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I.
Developing techniques including cooperative learning, simulation, instructional modeling, and evaluation of instructional effectiveness. Fall

Department of Educational Leadership & Higher Education

ECT 4815 - Safety in the Technical Education Classroom and Laboratory

Credit Hours: 3
Class Hours: Online
Lab and Field Work Hours: 0
Contact Hours: Online
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Federal regulations, safety practices, guidance, and support materials for technical trainers and teachers in school and industrial settings. Spring

Department of Educational Leadership & Higher Education

ECW 3312 - Course Construction in Health Occupations Education

Credit Hours: 3
Class Hours: Online
Lab and Field Work Hours: 0
Contact Hours: Online
Prerequisite(s): ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Planning and preparation of materials, managing the laboratory and involvement in appropriate Career and Technical Student Organizations (CTSOs). Clinical instruction related to health occupations education and health industry training. Even Spring

Department of Educational Leadership & Higher Education

ECW 3564 - Special Populations in Career & Technical Education

Credit Hours: 3
Class Hours: Online
Lab and Field Work Hours: 0
Contact Hours: Online
Prerequisite(s): ECT 3365 - General Methods/Testing Evaluation in Career & Technical Education ENC 1102 with a grade of "C-" (1.75) or better is required, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Overview of strategies and resources in meeting the needs of special populations in career and technical education settings. Spring

Department of Educational Leadership & Higher Education

EDE 2280 - Arts and Wellness in Elementary Classrooms

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides the prospective teacher with knowledge, skills, and the dispositions to integrate arts and wellness into the elementary classroom curriculum. Fall, Spring

ED-TL&L

ED 4223 - Integrated Arts and Movement in the Elementary School

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Elementary Education. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides the prospective teacher with knowledge, skills, and dispositions to integrate arts and movement into the education of elementary school children. Fall, Spring M&S fee $10.00

ED-TL&L

EDE 4301 - Elem Ed Capstone Colloquium

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Elementary Education. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides the prospective teacher with knowledge, skills, and dispositions to integrate arts and movement into the education of elementary school children. Fall, Spring M&S fee $10.00

ED-TL&L

EDE 4943 - Internship II (Elementary)

Credit Hours: 7-12
Class Hours: 0
Lab and Field Work Hours: 35
Contact Hours: 35
Prerequisite(s): Admission to Elementary Education. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Refine skills and competencies in teaching and learning as identified by the Florida Educator Accomplished Practices and examine contemporary issues in elementary education. Fall, Spring

ED-TL&L
certified classroom teacher. Scheduled concurrent seminars. Occasional Graded S/U.

EDE 4945 - Internship II Seminar

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): All required program courses Corequisite(s): EDE 4943 Internship II. Prerequisite(s) or Corequisite(s): None.

Culminating seminar emphasizing current classroom management and assessment issues as they relate to teaching in the elementary grades. Fall, Spring

ED-TL&L

EDF 2085 - Introduction to Diversity for Educators

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to cultural factors and their impact on education and life changes. Explores stereotyping, prejudice and changing classroom demographics. Includes directed field experience. Fall, Spring

ED-TL&L

EDF 2130 - Child and Adolescent Development for Educators

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Critical examination of developmental stages and characteristics of individuals from infancy through adolescence with application to learners in educational settings. Fall, Spring

ED-TL&L

EDF 2250 - Classroom Management for Substitute Teachers

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Instructional and classroom management strategies to optimize student learning and maximize the effectiveness of substitute teachers. Fall, Spring

ED-TL&L

EDF 2510 - Education and Nation Building: American Historical Perspectives

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An historical analysis of why education remains critical to nation building in the U.S. and elsewhere, including education's impact on current policies and issues. Occasional

ED-TL&L

EDF 2720 - Children in Schools: Legal, Ethical and Safety Concerns

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EDF 2005 EME 2040 - Introduction to Technology for Educators, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The role of education in children's lives through the analysis of legal, ethical and safety concerns. Fall, Spring

School of Teacher Education

EDF 2801 - Global Perspectives on Education

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
National systems of education from a global perspective and exposure to the global and international challenges facing educators in the new millennium. Fall

**EDF 3120 - Observing Child Growth and Development**

Contact Hours: 3

Prerequisite(s): Junior standing or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A guided field experience for students participating in a study abroad program. Students gain insights into global and local issues through educational and cultural experiences.

**ED-TL&L**

**EDP 2270 - Adult Development & Learning**

**Credit Hours:** 3

Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3

Prerequisite(s): None.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of theory and research on adult learning and development with emphasis on practical applications, instruction, and technology use in educational and workplace settings.

**EEC 2732 - Health, Safety, and Nutrition for Young Children**

**Credit Hours:** 3

Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3

Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Corequisite(s): None.

Health, safety and legal issues in early childhood (0-8) including protection from injury and infection; promotion of healthy development, good nutrition, and appropriate health and fitness habits. Spring

ED-CFCS

EEC 3008 - Early Childhood Children’s Literature

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): Admission to the Early Childhood Development and Education Program (Track 2).
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of literature written for children ages birth through kindergarten, including an introduction to genres, authors and illustrators of children's books. Spring

ED-CFCS

EEC 3214 - Child Development

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): Admission to the Early Childhood Development and Education Program (Track 2).
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides pre-service early childhood professionals with an overview of theories and research related to early childhood development (Birth-Age 8). Fall, Spring

ED-CFCS

EEC 3613 - Observation and Assessment of Young Children

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): Admission to the program. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Appropriate methods for diagnosing, assessing, and evaluating young children, including children with diverse cultural and ethnic backgrounds. Appropriate interventions, remediations, and enrichment. Occasional

ED-CFCS

EEC 3700 - Social and Emotional Development of Young Children

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): Admission to the Early Childhood Development Program and 2.75 gpa or Instructor Consent
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides an in-depth understanding of the social and emotional development of the young child. Examines the implication for curriculum development. Spring Fall

School of Teacher Education

EEC 4207 - Assessment and Evaluation of Young Children

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): Admission to the Early Childhood Program, EEC 3700, EEC 4661, EEC 4268 or Instructor Consent
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Early childhood education and services for young children and families. Includes early childhood historical, philosophical, and sociological perspectives, learning theories and field-based experiences. Fall, Spring

School of Teacher Education

EEC 4211 - Science and Math Learning for Young Children

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): Admission into Early Childhood Development and Education Program (Track 3), EEC 4303, and EEC 4528. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Methodologies for teaching and assessing young children in mathematics and science concepts and skills through an integrated developmentally appropriate program. Fall

ED-CFCS

EEC 4235C - Early Childhood Education Seminar: Bridging Theory to Practice

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1

Contact Hours: 3
Prerequisite(s): (EEC 4604, EEC 4207, EEX 3450, RED 3012, and TSL 4240), and senior standing
Corequisite(s): MAE 4300, RED 4311, SCE 4304. Prerequisite(s) or Corequisite(s): None.

Seminar course which combines coursework, research, and practical experience. Seminar students will not be placed in their current work sites. Fall, Spring

School of Teacher Education

EEC 4260 - Early Childhood Program Evaluation

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): (EEC 4604, EEC 4207, EEX 3450, RED 3012, and TSL 4240), and senior standing
Corequisite(s): MAE 4300, RED 4311, SCE 4304. Prerequisite(s) or Corequisite(s): None.

School of Teacher Education
Formal and informal evaluation theories, methods and tools for implementing comprehensive evaluations of early childhood programs and policies and how they impact the program's stakeholders.

**Fall**

**ED-CFCS**

**EEC 4268 - Curriculum Activities in Early Childhood**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Admission to Early Childhood Education Program, 2.75 gpa or Instructor Consent.  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None.

An integrated approach to curriculum planning and scheduling including materials, strategies, and environments for young children which emphasize active learning.  
**Fall, Spring**

School of Teacher Education

**EEC 4303 - Planning Creative Activities in Early Childhood Education**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Admission into Early Childhood Development and Education program, 2.75 gpa or Instructor Consent.  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None.

Instructional methods for teaching skills to young children in PK-3rd grade. Hands-on creative play activities involve dance, music, theatre, visual arts, science, math, and literature.  
**Summer**

School of Teacher Education

**EEC 4314 - Effective Practices for Guiding Young Children's Behavior**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Admission into Early Childhood Development and Education Program (Track 3), EEC 4303, and EEC 4528. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Techniques to guide behavior of young children emphasizing classroom management, routines, and pro-social skills.  
**Spring**

**ED-CFCS**

**EEC 4402 - Cultural and Family Systems**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explores the institution of family in its cultural context as a living dynamic system.  
**Occasional**

**ED-CFCS**

**EEC 4414 - Parent-Child Relations**

**Credit Hours:** 3  
**Class Hours:** 3

Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Early Childhood Program, 2.75 gpa or Instructor Consent Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of early childhood education and services for young children and families. Includes early childhood historical, philosophical, and sociological perspectives, learning theories and field-based experiences. Fall, Spring

School of Teacher Education

EEC 4744 - Child Life: Psychosocial Care of Children in Health Settings

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEC 3700. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Course teaches Child Life theory and practice to students wanting to work with children, youth and their families in hospitals and pediatric clinical settings. Spring

ED-CFCS

EEC 4936 - Seminar in Early Childhood

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Current trends, issues and advocacy in field of early childhood education. Includes guidance and clarification concerning student teaching. Occasional

ED-CFCS

EEC 4940 - Practicum: Early Childhood Development

Credit Hours: 12
Class Hours: 0
Lab and Field Work Hours: 12
Contact Hours: 12
Prerequisite(s): Must have completed all course work. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A fieldwork practicum experience linking developmental theory with practice to provide students with a supervised, hands-on experience working with children, parents, families, and/or agencies. Fall, Spring Graded S/U.

ED-CFCS

EEC 4942 - Practicum: Early Childhood Careers

Credit Hours: 9
Class Hours: 0
Lab and Field Work Hours: 9
Contact Hours: 9
Prerequisite(s): Admission into the Early Childhood Development and Education Program (Track 3), EEC 4414, EEC 4260, EEC 4314, and EEC 4211. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A fieldwork practicum experience linking developmental theory with practice to provide students with a supervised, hands-on experience working with children, parents, families, and/or agencies. Spring

ED-CFCS

EEC 4943 - Student Teaching

Credit Hours: 12
Class Hours: 0
Lab and Field Work Hours: 12
Contact Hours: 12
Prerequisite(s): EEC 4235C, MAE 4300, RED 4311, SCE 4304, and EEC 4303 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides opportunities for student teachers to use the knowledge and skills they acquired in a supervised public school setting. Fall, Spring Graded S/U.

School of Teacher Education

EEE 3307C - Electronics I

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): EEL 3123C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Electronic devices including p-n junctions, bipolar transistors, field effect transistors and device models. Fall, Spring M&S fee $15.00

ECS-ECE

EEE 3342C - Digital Systems

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): MAC 2311C, MAC 2312, PHY 2048C, PHY 2049C all with a "C" (2.0) or better grade. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Combinational and sequential logic circuits including registers, arithmetic units, memories, finite state machines, and design with programmable logic devices. Fall, Spring M&S fee $9.00

ECS-ECE

EEE 3350 - Semiconductor Devices

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 12
Prerequisite(s): EEL 3004C with a
grade of "C" (2.0) or better and PHY 3101.

Semiconductor device physics, energy band diagrams, electronic devices including p-n junctions, bipolar transistors, field effect transistors and device models. Spring Fall

Department of Electrical and Computer Engineering

EEE 4309C - Electronics II

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): EEE 3307C, EEE 3342C with a grade of "C" (2.0) or better. Ideal Op-Amps and applications. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to Logic Circuits; Bipolar, MOS and CMOS families; Flip-flops and memory cells, comparators and timing circuits: A/D and D/A converters. Fall, Spring
M&S fee $20.00

ECS-ECE

EEE 4314 - Device Electronics for Integrated Circuits

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEE 3350 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

P.N. Junctions, Bipolar Transistor Analysis, Metal Semiconductor contacts, MOS Systems MOSFET Analysis and Limitations. Occasional

ECS-ECE

EEE 4334 - Computer-Aided Design of VLSI

Credit Hours: 3
Class Hours: 3

Lab and Field Work: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in both COP 3503C and EEE 3342C.

Introduction to computer-aided design techniques for high-level synthesis, logic synthesis, and physical synthesis. Emphasis on algorithms and data structures. Spring

EEE 4346C - Hardware Security and Trusted Circuit Design

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): EEL 3801C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design, analysis and synthesis of sequential logic circuits and systems. Data path and controller design using a hardware descriptive language. Case studies on hardware security. Spring

EEE 4463 - MEMS Devices and Applications

Credit Hours: 3
Class Hours: 3
Lab and Field Work: 0
Contact Hours: 3
Prerequisite(s): EEE 3350 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Micro-Electro Mechanical Systems devices, microfabrication, sensors and actuators, bulk and surface micromachining, optical MEMS, instrumentation and applications. Fall

EEE 4650 - Introduction to Sensors

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): EEL 3123C.

Basics of measurements, physics of energy transduction, sensor specifications (range, sensitivity, accuracy, repeatability, noise), applications, basics of signal conditioning. Even Fall

Department of Electrical and Computer Engineering

EEE 4775 - Real-Time Systems

Credit Hours: 3
Class Hours: 3
Lab and Field Work: 0
Contact Hours: 3
Prerequisite(s): COP 4600 or EEL 4768 C or EEL4742C

Introduction to specification, analysis, design, and validation techniques for real-time (operating) systems with an emphasis on real-time scheduling theory. Odd Spring

Department of Electrical and Computer Engineering

EEL 3004C - Honors Linear Circuits I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): Consent of Honors program, and MAC 2311C, MAC 2312, MAC 2313, PHY 2048C, PHY 2049C all with a grade "C" (2.0) or better grade. Corequisite(s): MAP 2302

Analysis of linear circuits, AC analysis, power calculations first order RL, RC circuits, three phase circuits. The course includes recitation and exploration of areas of study within electric and computer engineering. Open to Computer Engineering, Electrical Engineering and Photonic Science and Engineering students only. Spring

Department of Electrical and Computer Engineering

UCF Undergraduate Catalog 2019-2020 - 1275
EEL 3004C - Linear Circuits I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): MAC 2311C, MAC 2312, MAC 2313, PHY 2048C, PHY 2049C all with a grade of "C" (2.0) or better grade. Corequisite(s): MAP 2302
Analysis of linear circuits, AC analysis, power calculations, first order RL, RC circuits, three phase circuits. The course includes recitation and exploration of areas of study within electrical and computer engineering. Open to Computer Engineering, Electrical Engineering and Photonic Science and Engineering students only. Fall, Spring
Department of Electrical and Computer Engineering

EEL 3021 - Introduction to Applied Randomness for Engineers
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2312 with a grade of "C" (2.0) or better.
Restricted to students from College of Engineering and Computer Science only. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Axioms of probability, conditional probability, independence, law of total probability, random variables, probability distributions and density functions, second order statistics, joint distributions, random vectors, limit theorems, transformations of random variables. Spring
ECS-ECE

EEL 3123C - Honors Linear Circuits II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): Consent of Honors program, and EEL 3004C, MAP 2302, both with a grade of "C" (2.0) or better grade.
Second order RLC circuit response, Laplace transform, frequency selective circuits, Fourier series; two port networks. Fall, Spring
Department of Electrical and Computer Engineering

EEL 3123C - Linear Circuits II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): EEL 3004C and MAP 2302 both with a grade of "C" (2.0) or better grade.
Second order RLC circuit response, Laplace transform, frequency selective circuits, Fourier series; two port networks. Spring Fall M&S fee $15.00
Department of Electrical and Computer Engineering

EEL 31290 - Global Energy Issues
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEL 3004C with a grade of "C" (2.0) or better.
Critically examines issues associated with the technical, economic, societal, environmental, and geopolitical aspects of energy. Taught through lectures and discussions. Spring
ECS-ECE

EEL 33470 - Electromagnetic Fields
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EGN 3211 and EEE 3342C both with grades of "C" (2.0) or better.
Electric and magnet fields and electromagnetic waves. Fall, Spring
ECS-ECE
or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Computer arithmetic, instruction set architecture, performance, data path, control unit, memory hierarchy, I/O interface. Fall, Spring

ECS-ECE

EEL 4140C - Analog Filter Design

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): EEL 3123C with a grade of “C” (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamentals of electric power systems, distributed generation and smart grid components, voltage control and VAR compensation, demand response, leader-follower optimization, resiliency. Even Spring

ECS-ECE

EEL 4294 - Introduction to Smart Grid

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (EEE 3307C and EEL 4742C) or EEL 4216 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Passive and active analog filter design. Fall M&S fee $15.00

ECS-ECE

EEL 4362 - Post-CMOS Devices and Circuits

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEE 3304C with a grade of “C” (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Post-CMOS device technologies for next-generation energy efficient memory and logic designs. Fall

ECS-ECE

EEL 4436C - Microwave Engineering

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): EEL 3470. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Transmission line theory, Smith charts, S-parameters, simple impedance matching circuits, wave guides, resonators, basic microwave measurements. May be repeated for credit. Fall M&S fee $35.00

ECS-ECE

EEL 4440C - Optical Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Prerequisite(s): EEL 3470 or C.I.

Lens systems, aberrations, sources, radiometry, detectors, physical optics, interferometric devices, applications to engineering design problems. Fall

ECS-ECE

EEL 4515C - Fundamentals of Digital Communication

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): EEL 3552C

Sampling and aliasing, quantization, PCM, delta modulation, line coding, intersymbol interference, digital carrier systems, ASK PSK and M-ary communication, noise, BER analysis. Spring M&S fee $20.00

Department of Electrical and Computer Engineering

UCF Undergraduate Catalog 2019-2020 - 1277
EEL 4518 - Satellite Communications
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): EEL 3552C
Principles of satellite communication including communications satellites, earth stations, link analysis, FDMA, and TDMA. Fall
Department of Electrical and Computer Engineering

EEL 4612C - Introduction to Modern and Robust Control
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): EEL 3657.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Classical control theory including differential equations and Laplace transform techniques, stability analysis, and classical frequency domain design. Modeling and Position, Speed, Vibration Control Design Laboratories. Occasional
ECS-ECE

EEL 4635C - Computer Control Systems
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): EEL 3657.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Discrete-time systems, the z-transform, and single loop computer control systems. Digital simulation in the analysis and design of processes with embedded computers. No graduate credit for both EEL 5630 and this course. Occasional
ECS-ECE

EEL 4660 - Robotic Systems
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EGN 3321 or EEL 4742C or COP 3503C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Team based development of a robotic system incorporating concepts such as sensing, computer vision, machine learning, localization, mapping, manipulation and locomotion. Spring
ECS-ECE

EEL 4670 - Computer Architectures
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEL 3801C or CDA 3103C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Computer systems performance and evaluation, processor datapath and control, microprogrammed architectures, instruction and arithmetic pipelines, cache and virtual memory, and RISC vs. CISC. Fall, Spring
ECS-ECE

EEL 4742C - Embedded Systems
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): EEL 3801C with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Microcontroller systems, assembly language programming, data representation, memory and device interfacing, timing analysis, parallel and serial communication, timers, interrupts, signal interfacing considerations, and applications. Fall, Spring M&S fee $15.00
ECS-ECE

EEL 4750 - Digital Signal Processing Fundamentals
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEL 3123C with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Study of discrete-time signals and systems, Z-transform, DFT introduction to digital filter design. Fall, Spring
ECS-ECE

EEL 4768 - Computer Architecture
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEL 3801C or EEL 4742C or COP 3503C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Study of discrete-time signals and systems, Z-transform, DFT introduction to digital filter design. Fall, Spring
ECS-ECE

EEL 4781 - Computer Communication Networks
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEL 3801C with a grade of "C" (2.0) or better and STA 3032.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
ECS-ECE

EEL 4783 - Hardware Description Languages in Digital Systems Design
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEL 3801C with a grade of "C" (2.0) or better and STA 3032. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Hardware description languages,
simulation and synthesis of RTL circuits and systems, design examples and projects. Occasional

**ECS-ECE**

**EEL 4798 - Massive Storage and Big Data**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): EEL 3801C or CDA 3103C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamentals in big data architecture and its enabling file storage systems infrastructure such as MapReduce and storage, with a focus on system architecture, file storage, programming models, application development and performance evaluation. Spring

**ECS-ECE**

**EEL 4817H - Honors Current Topics in Machine Learning II**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Consent of Honors and EEL 4818H. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Research topics in Machine Learning. Students will be assigned a research project and a faculty mentor who will supervise this project. Spring

**ECS-ECE**

**EEL 4818H - Honors Current Topics in Machine Learning I**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Consent of Honors and EEL 3801 with a grade of "C" (2.0) or better or STA 3032 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Machine Learning and Applications. ART Neural Networks, Genetic Algorithms, Decision Trees, Evolutionary Hardware, Evolutionary Neural Networks, and Reinforcement Learning. Occasional

**ECS-ECE**

**EEL 4832 - Engineering Applications of Computer Methods**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): EEL 3123C and EGN 3211 both with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Engineering applications of numerical methods, including solution of differential equations, simulation, optimization, and multidimensional root-finding, integration and series approximations. Fall, Spring

**ECS-ECE**

**EEL 4851C - Engineering Data Structures**

**Credit Hours:** 4  
Class Hours: 3  
Lab and Field Work Hours: 3  
Contact Hours: 6  
Prerequisite(s): EEL 3801C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Design of data structures and algorithms, with emphasis on performance analysis, memory organization, stacks, queues, linked lists, trees, graphs, searches, and sorts. Introduction to object-oriented structures. Occasional

**ECS-ECE**

**EEL 4872 - Engineering Applications of Intelligent Systems**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): EEL 4851C or COP 3503C or equivalent or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Knowledge and intelligence, predicate logic and automated reasoning, heuristic search, knowledge representation, automated planning, introduction to machine learning, knowledge-based systems and philosophy of AI. Occasional

**ECS-ECE**

**EEL 4882 - Engineering Systems Software**

**Credit Hours:** 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): EEL 3801C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to operating systems concepts and facilities for engineering applications, including multiprogramming, resource allocation and management, systems utilities, and operating system implementation. Fall, Spring

**ECS-ECE**

**EEL 4884C - Engineering Software Design**

**Credit Hours:** 4  
Class Hours: 3  
Lab and Field Work Hours: 3  
Contact Hours: 6  
Prerequisite(s): EEL 4851C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Software systems development life cycle, function and object-oriented methodologies, CASE; Analysis, design, and development of a large software project. Fall, Spring
ECS-ECE

EEL 4890 - Continuous System Simulation I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 2302.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Numerical integration techniques and discrete time system models for approximating the dynamics of continuous systems. Occasional

ECS-ECE

EEL 4914 - Senior Design I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEE 3307C, EEL 4742C, and consent of ECE Department.
Applications of engineering design to realistic and meaningful problems. Constraints such as economic factors, safety, reliability, aesthetics, ethics, social impact and engineering organizations are considered. Fall, Spring

ECS-ECE

EEL 4915L - Senior Design II
Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): EEL 4914.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Execution of electrical and computer engineering project including complete project design review, construction, testing and demonstration. Emphasis on design, prototyping, cost, functionality, presentation, team effort and final report. Fall, Spring M&S fee $15.00

ECS-ECE

EES 4111C - Biological Process Control
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): ENV 3001 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Engineering design, measurements and analysis of biological systems in environmental engineering for water management, bioenergy products, wastewater treatment, and others. Spring M&S fee $70.00

ECS-CECE

EES 4202C - Chemical Process Control
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): CHM 2046 and ENV 3001 both with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Engineering design, measurements, and analysis of chemical systems in environmental engineering to control treatment processes such as softening, coagulation, disinfection, scrubbing, neutralization, and others. Fall M&S fee $60.00

ECS-CECE

EEX 2090 - Exceptional Populations in School and Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Characteristics of exceptionalities in school and society to increase student awareness and comfort levels with individuals with exceptionalities. Fall, Even Spring

ED-CFCS

EEX 2758 - Enhancing Family Involvement in Education
Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Development of partnerships with families of students with disabilities and their communities to address the educational needs of all students. Fall, Spring

ED-CFCS

EEX 3221 - Assessment of Exceptional Students
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Formal and informal assessment techniques for screening, placement,
program planning, program evaluation, and monitoring of progress of exceptional students. 
*Fall, Spring*

**ED-CFCS**

**EEX 3241 - Methods for Academic Skills for Exceptional Students**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Admission to the CED or Admission to the ESE Minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Teaching strategies, instructional materials, and monitoring techniques for children and adolescents with special needs. Must be taken before Internship I. *Fall, Spring*

**ED-CFCS**

**EEX 3243 - Techniques for Exceptional Adolescents-Adults**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 4  
**Prerequisite(s):** None. Corequisite(s): EEX 3241. Prerequisite(s) or Corequisite(s): None.

A study of strategies, basic and functional content, career and vocational educational, and transition planning for adolescents and adults with special needs. *Spring*

**ED-CFCS**

**EEX 3450 - Young Children With Special Needs**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Admission to the Early Childhood Program, gpa 2.75 or Instructor Consent Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides an overview of the unique field of early childhood special education, its mission, and approaches to helping young children and their families. *Spring, Fall*

**School of Teacher Education**

**EEX 3830 - Practicum in Exceptional Student Education**

**Credit Hours:** 3  
**Class Hours:** 45  
**Lab and Field Work Hours:** 45  
**Contact Hours:** 45  
**Prerequisite(s):** Students must apply and be approved for practicum – fingerprinting is required by all school districts prior to placement. All clearances and eligibility are determined by school districts. Students must have completed at least 50% of all specialization courses with a letter grade of "C" (2.0) or better before registering and be approved by an advisor to register for the course. Corequisite(s): none.

Opportunity to participate in an educational setting for an extended period of time and put into practice exceptional education courses knowledge.  

*Fall, Spring, Summer*

**School of Teacher Education**

**EEX 3942 - Internship I Exceptional Education**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** EDG 4410. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Development and practice of effective teaching and management strategies for elementary regular classroom teachers to use in working under the supervision of a certified classroom teacher. *Fall, Spring Graded S/U.*

**ED-CFCS**

**EEX 4054 - Application and Theories for Students with Special Needs**

**Credit Hours:** 2  
**Class Hours:** 2  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 2  
**Prerequisite(s):** EEX 2010. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories and historical foundations for students with specific learning, physical, cognitive, and emotional disabilities. *Spring*

**ED-CFCS**

**EEX 4066 - Curriculum, Theory and Instructional Strategies for Students with Special Needs**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** EEX 3241, RED 3012, LAE 4314. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theoretical concepts, curriculum development and specialized strategies for students with special needs. *Occasional*

**ED-CFCS**

**EEX 4070 - Teaching Exceptional Students**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** EDG 4410. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Development and practice of effective teaching and management strategies for elementary regular classroom teachers to use in working under the
ED-CFCS

**EEX 4204 - Instructional Strategies for Effective Inclusive Settings**

Credit Hours: 1-3
Class Hours: 1-3
Lab and Field Work Hours: 0
Contact Hours: 1-3
Prerequisite(s): Overall minimum 2.5 GPA or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A comprehensive background on Exceptional Education history, reform, and educational strategies to teach students with disabilities in inclusive settings. Spring

ED-CFCS

**EEX 4751 - Parent Involvement in Education**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Early Childhood Program, gpa 2.75 or Instructor Consent Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course prepares students to successfully interact with and involve parents in their child's education. Fall, Spring

School of Teacher Education

ED-CFCS

**EEX 4242 - Teaching Exceptional Students in Secondary Settings**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EDF 2005 and Junior Standing Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Instructional and management strategies for secondary general education teachers to use in working with students with disabilities in inclusive settings. Spring

School of Teacher Education

ED-CFCS

**EEX 4757 - Respite Care**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

General knowledge and best practice in the field of temporary care: the nature and needs of care givers and care recipients, including special populations. Occasional

ED-CFCS

**EEX 4601 - Introduction to Behavior Management**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of management techniques based on applied behavioral analysis principles for modifying inappropriate behaviors and maintaining appropriate behaviors of exceptional students. Fall, Spring

ED-CFCS

**EEX 4763 - Technology for Classroom Teachers of Students with Special Needs**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEX 3241, RED 3012, LAE 4314, MAE 2801. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Enhancing teacher preparation through the use of technology for students with special needs. Fall, Spring

ED-CFCS

**EGM 3601 - Solid Mechanics**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in the following MAC 2311C, MAC 2312, MAC 2313, PHY 2048C and EGN 3310 Corequisite(s): None.

Concepts of stress, strain, deflection; axial force, torsion, bending, combined stress, Mohr's circle, failure theories, design concepts, application to machines and vehicles. Fall, Spring

ECS-MECH/AERO

**EGM 3601H - Honors Solid Mechanics**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): With a grade of "C" or better (2.0) or better in each of the following MAC 2311C, MAC 2312, MAC 2313, PHY 2048C, EGN 3310 and Consent of Honors. Prerequisite(s) or Corequisite(s): None.

Concepts of stress, strain, deflection, axial force, energy, torsion, bending, buckling, combined stress/strain, Mohr's circles, failure theories; design concepts, application to machines and vehicles. With Honors content. Fall, Spring

ECS-MECH/AERO

**EGN 1007C - Engineering Concepts and Methods**

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 0
Prerequisite(s): EGS 1006C and New
Introduction to the use of computer and applications software in solving engineering problems. Introduction to the concepts of engineering design through the use of teams: engineering communication; engineering professionalism and ethics. Spring

EGN 3310 - Engineering Analysis-Statics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2311C, PHY 2048C both with a grade of "C" (2.0) or better Corequisite(s): MAC 2312. Prerequisite(s) or Corequisite(s): None.

Fundamental concepts of mechanics, including resultants of force systems, free-body diagrams, equilibrium of rigid bodies, and analyses of structures. Fall, Spring

EGN 3311H - Honors Engineering Analysis-Statics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors and MAC 2311C, PHY 2048C both with grades of "C" (2.0) or better Corequisite(s): MAC 2312. Prerequisite(s) or Corequisite(s): None.

Advanced treatment of material and additional topics, including project work. With Honors content. Fall, Spring

EGN 3321 - Engineering Analysis-Dynamics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in both MAC 2313 and EGN 3310. Corequisite(s): None.

Kinematics and kinetics of particles and rigid bodies; mass and acceleration, work and energy, impulse and momentum, introduction to kinematics of mechanisms; introduction to 3D rigid body dynamics; central force. Fall, Spring

EGN 3321H - Honors Engineering Analysis – Dynamics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in both MAC 2313, EGN 3310, and Consent of Honors. Prerequisite(s) or Corequisite(s): None.

Kinematics and kinetics of particles and rigid bodies; mass and acceleration, work and energy, impulse and momentum, introduction to kinematics of mechanisms; introduction to 3D rigid body dynamics; central force. Spring

EGN 3331C - Mechanics of Materials
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): ENC 3310 with a grade of "C" or better Corequisite(s): MAP 2302. Prerequisite(s) or Corequisite(s): None.

Concepts of stress, strain, strength, deflection of axial force members, shafts in torsion, beams in flexure, combined stress, stability of columns, and design of simple elements. Fall, Spring

EGN 3343 - Thermodynamics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in both MAC 2313 and EGN 3310. Prerequisite(s) or Corequisite(s): None.

Kinematics and kinetics of particles and rigid bodies; mass and acceleration, work and energy, impulse and momentum, introduction to kinematics of mechanisms; introduction to 3D rigid body dynamics; central force. Fall, Spring
Work, heat, and energy transformations. Relation of properties. Laws, concepts, and modes of analysis common to all applications of thermodynamics in engineering. *Fall, Spring*

**ECS-MECH/AERO**

**EGN 3343H - Honors Thermodynamics**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** "C" (2.0) or better in both MAC 2313, EGN 3310, and Consent of Honors. Prerequisite(s) or Corequisite(s): None.  

Atomic bonding; lattices; phonons; crystal structure; diffraction; defects; diffusion; phase equilibria and diagrams; transformations kinetics; mechanical, thermal, electrical, optical, and magnetic properties. With Honors content. *Spring*

**ECS-MECH/AERO**

**EGN 3365 - Structure and Properties of Materials**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** (CHS 1440 or CHM 2045C) and MAC 2312 with grades of "C" (2.0) or better in both; and consent of Honors. Prerequisite(s) or Corequisite(s): None.

Atomic structure and bonding, crystal structure and imperfections, solidification, phase transformations, phase diagrams, heat treatment, mechanical & electrical properties, materials characterization techniques. *Fall, Spring*

**ECS-MECH/AERO**

**EGN 3365H - Honors Structure and Properties of Materials**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  

Fundamentals of electrical circuits and analysis; fundamentals of electronics and AC power systems, transformers, electromechanics and rotating machines. *Fall, Spring*

**ECS-ECE**

**EGN 3373 - Principles of Electrical Engineering**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** PHY 2049C  
**Corequisite(s):** MAP 2302. Prerequisite(s) or Corequisite(s): None.

Fundamentals of electrical circuits and analysis; fundamentals of electronics and AC power systems, transformers, electromechanics and rotating machines. *Fall, Spring*

**ECS-ECE**

**EGN 3373H - Honors Principles of Electrical Engineering**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** MAC 2312, and (CHS 1440 or CHM 2045C), with grades of "C" (2.0) or better in both; and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamentals of electrical circuits and analysis. Fundamentals of electronics and AC power systems, transformers, electromechanics and rotating machines. *Spring*

**ECS-ECE**

**EGN 3420 - Engineering Analysis**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** MAC 2312, and (CHS 1440 or CHM 2045C), with grades of "C" (2.0) or better in both; and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Engineering applications of numerical methods including curve fitting, matrix operations, root finding, interpolating, integration and plotting. *Occasional*

**ECS-ECE**

**EGN 3613 - Engineering Economic Analysis**

**Credit Hours:** 2  
**Class Hours:** 2  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 2  
**Prerequisite(s):** MAC 2311C with a grade of "C" (2.0) or better, not open to Industrial Engineering students. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Economic evaluation of engineering alternatives and design. Time value of money and economic impact of taxes, risk, depreciation. *Fall, Spring*

**ECS-IEMS**

**EGN 4060C - Introduction to Robotics**

**Credit Hours:** 3  
**Class Hours:** 2  
**Lab and Field Work Hours:** 3  
**Contact Hours:** 5  
**Prerequisite(s):** COP 3223C or EGN 3211; and EEL 3657 or EEL 4742C or COP 3503C or EGN 3321. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and application of robotics topics including; architecture, path planning, sensing and manipulation. *Fall*

**ECS-ECS**
EGN 4641C - Engineering Entrepreneurship  
Credit Hours: 3  
Class Hours: 2  
Lab and Field Work Hours: 2  
Contact Hours: 4  
Prerequisite(s): Senior standing, ENT 4183, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.  

All aspects of a successful engineering entrepreneurship enterprise. Content includes lectures, case studies, and seminars. Active student participation. Course material is augmented through seminars given by engineers, business people, and specialists, based on their own experiences.  
Occasional

EGS 1036C - Foundations of Leadership  
Credit Hours: 2  
Class Hours: 1  
Lab and Field Work Hours: 1  
Contact Hours: 2  
Prerequisite(s): LEAD Scholars Program. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.  

Seminar for LEAD Scholars in the College of Engineering & Computer Science providing a foundation of leadership, scholarship, and service regarding disciplines in the college.  
Fall, Spring

EGS 3030 - Leadership in Engineering I  
Credit Hours: 0  
Class Hours: 2  
Lab and Field Work Hours: 0  
Contact Hours: 2  
Prerequisite(s): Engineering, Computer Science or Information Technology major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.  

Leadership roles for engineers are presented by prominent professionals in industry and government.  
Graded S/U.

EGS 3031 - Leadership in Engineering II  
Credit Hours: 0  
Class Hours: 2  
Lab and Field Work Hours: 0  
Contact Hours: 2  
Prerequisite(s): Engineering, Computer Science or Information Technology major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.  

Leadership roles for engineers are presented by prominent professionals in industry and government.  
Graded S/U.

EGS 4624 - Engineering Innovation and Leadership  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Senior standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.  

A broad range of topics including corporate organization structures, individual and team leadership, and techniques to enhance innovation and creativity.  
Spring

EGS 4633 - Engineering Consumer Products  
Credit Hours: 3  
Class Hours: 1  
Lab and Field Work Hours: 4  
Contact Hours: 5  
Prerequisite(s): PR: Senior standing in an engineering or art major.  

The courses focus is design and engineering of consumer based products. The course emphasizes the aesthetics, user interface, ergonomics and safety of the proposed product.  
Fall

EGS 4710 - Energy and Society  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.  

Investigation of available energy forms; energy resources versus requirements in an increasingly complex technological society; possible solutions and future
ECS-ECS

EGS 4950 - Engineering Leadership Capstone

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Enrolled in Engineering Leadership Minor or Certificate Corequisite(s): CAP 4102 or approved design course in Engineering or Computer Science. Prerequisite(s) or Corequisite(s): None.

Students will reflect upon and define their professional approach. Students will develop their professional portfolio, concept of operations, and individual strategic plan. Fall, Spring

ECS-ECS

EIN 2002 - Introduction to Industrial Engineering and Management Systems

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): MAC 2311C with a grade of a "C" (2.0) or better and sophomore standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to the profession of Industrial Engineering and important skills necessary for success. Course includes presentations by local IE professionals. Fall

ECS-IEMS

EIN 3351 - Engineering Economic Analysis and Cost Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2311C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Knowledge and understanding of economic evaluation of engineering and management alternatives, cost analysis, budgeting and estimating techniques. Spring

ECS-IEMS

EIN 3354 - Principles of Cost Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EGN 3613. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course is to provide engineers from all disciplines the background for the cost estimation of engineering systems throughout the product life cycle. Fall

ECS-IEMS

EIN 4192C - Engineering Leadership Seminar II

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): EIN 4191C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of EIN 4191C. Spring

ECS-IEMS

EIN 4214 - Safety Engineering and Administration

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analysis of accidents in the industrial operating environment. Application of fault trees, OSHA requirements. Consideration of accident costs and organizational aspects of accident prevention. Occasional

ECS-IEMS

EIN 4243 - Human Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): STA 3032 with a grade of "C" (2.0) or better. Corequisite(s): None

Progressive engineering leadership development (intrapersonal to interpersonal to organizational to community) via a combination of experiential and practical experiences in engineering-specific corporate and community settings. Fall
Man/machine systems; design and conduct of human engineering studies. Spring

Department of Industrial Engineering and Management Systems

EIN 4333 - Production and Distribution Systems

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ESI 4312 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Decision policies in manufacturing and logistics systems including forecasting, production planning, operations scheduling, deterministic and stochastic inventory control and project scheduling. Spring

ECS-IEMS

EIN 4391 - Manufacturing Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in any of the following course options CHM 2045C or CHS 1440 or (CHM 2040 and CHM 2041); and Junior Standing.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Introduction to manufacturing engineering, with emphasis on current and emerging technologies in metalworking and electronics. Fall, Spring

ECS-IEMS

EIN 4360 - Facilities Planning and Work Design

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): STA 3032 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Introduces fundamental concepts in facility planning, material handling systems and work analysis/design including work space/flow analysis, layout, warehousing operations and work measurement. Fall

ECS-IEMS

EIN 4364 - Facilities Planning

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EIN 3314 with a grade of "C" (2.0) or better;
Corequisite(s): None. Prerequisite(s) or Corequisite(s): EIN 3351.
Planning and design of production systems including interrelationships between process layouts, material handling, warehousing and site selection. Spring

ECS-IEMS

EIN 4517 - Systems Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): STA 3032 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Fundamental principles of systems engineering and their application to the development of industrial complex engineered systems. Spring

ECS-IEMS

EIN 4545 - Industrial Engineering Applications in The Service Industries

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ESI 4312 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Application of industrial engineering principles to improve the quality and productivity of service industries such as restaurants, banks, hotels, health care, etc. Fall

ECS-IEMS

EMA 3000 - Engineering Polymeric Materials

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grades of "C" (2.0) or better in EMA 3102 and CHM 2210 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Formation, chemistry, and structure in solution and melt. Characteristic and functional properties of industrial and specialty polymers. Polymer processing techniques. Polymer matrix composites. Fall

Department of Materials Science and Engineering

EMA 3012C - Experimental Techniques in Materials I

Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): ESI 4523 and EIN 4360 (Facilities Planning and Work Design) both with grades of "C" (2.0) or better and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Capstone design course; application of IEMS techniques to real-world design applications. Fall, Spring

ECS-IEMS

EIN 4891C - Industrial Engineering Senior Design Project
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): EGN 3365 - Structure and Properties of Materials
Grade of "C" or better in (EGN 3365 or EMA 3706)
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and practice of material characterization techniques for assessment of mechanical properties and microstructure including hardness, tensile testing, impact testing, optical microscopy, scanning electron microscopy. Fall, Spring

M&S fee $45.00

Department of Materials Science and Engineering

EMA 3102 - Thermodynamics of Materials

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grades of "C" (2.0) or better in (EGN 3365 or EMA 3706), MAC 2313, and PHY 2049C
Corequisite(s): MAP 2302

First, second and third laws of thermodynamics, gas behavior, Helmholtz and Gibbs free energies, phase equilibrium and diagrams, solutions, reactions, and electrochemistry

Spring

Department of Materials Science and Engineering

EMA 3124 - Design and Selection of Materials

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in EGN 3365 or EMA 3706
Corequisite(s): MAP 2302

Relationship between processing, structure and properties of various engineering materials and their selection in engineering design. Fall

Spring

Department of Materials Science and Engineering

EMA 3691 - Nanomaterials Process Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHS 1440 or CHM 2045C, and PHY 2048 or PHY 2053C and EGN 3365.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Nanomaterials, processing, nanomachining, nanocompositions, nanocomposites and computations of devices. Occasional

ECS-MSE

EMA 3706 - Structure and Properties of Aerospace Materials

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (CHS 1440 or CHM 2045C) and MAC 2312 with grades of "C" (2.0) or better in both.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Atomic structure, bonding, crystal structures, solidification, phase transformations, heat treatment, mechanical behavior, specific aerospace materials, materials design Fall, Spring

ECS-MECH/AERO

Department of Materials Science and Engineering

EMA 4009 - Materials in Society

Credit Hours: 2
Prerequisite(s): Grades of "C" (2.0) or better in EGN 3365, EMA 3000, and EMA 4513

Structure, properties and processing of materials throughout human history, and how they influence the development of society, including emerging materials for the future

Spring

Department of Materials Science and Engineering

EMA 4009C - Materials Processing Lab

44.00

EMA 4013C - Experimental Techniques in Materials II

Credit Hours: 3
Prerequisite(s): Grades of "C" (2.0) or better in EMA 3012C and EMA 4223

Theory and practice of common materials characterization techniques for assessment of physical/functional properties and characteristics of materials including X-ray diffraction, electrical, optical, magnetic properties, biocompatibility, spectroscopy, rheology, differential scanning calorimetry, thermal gravimetric analysis and dynamic mechanical analysis. Fall

Spring

Department of Materials Science and Engineering

EMA 4115 - Transport Phenomena in Materials

Credit Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in EMA 4317

Momentum transport, laminar and turbulent flow. Energy transport, conduction, convection and radiation. Mass transport in solid and fluids. Spring

Department of Materials Science and Engineering

EMA 4125 - Phase Transformations and Microstructural Development in Materials

Credit Hours: 3
Prerequisite(s): Grades of "C" (2.0) or better in EGN 3365, EMA 3000, and EMA 4513
Structure, properties and processing of materials throughout human history, and how they influence the development of society, including emerging materials for the future.

Spring

Department of Materials Science and Engineering

EMA 4223 - Fundamentals of Mechanical Behavior of Materials

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in EGN 3365 or EMA 3706
Elementary treatment of elasticity, plasticity, viscoelasticity, creep, fracture, and fatigue. Spring

Department of Materials Science and Engineering

EMA 4307 - Kinetics of Materials

Credit Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in EMA 3102

Department of Materials Science and Engineering

EMA 4413 - Fundamentals of Electronic Materials

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EGN 3365 - Structure and Properties of Materials Grades of "C" (2.0) or better in (EGN 3365 or EMA 3706) and EGN 3373 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Electronic processes in solids. Spring

Department of Materials Science and Engineering

EMA 4501C - Scanning Electron Microscopy

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): EGN 3365 or EMA 3706. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
A review of electron optics, beam/specimen interactions, image formation, x-ray analysis, specimen preparation, microelectronic applications, and crystallography in the SEM. Occasional

ECS-MSE

EMA 4503 - Materials Characterization Techniques

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EMA 3012C, and EGN 3365 or EMA 3706. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Theory and practice of commonly used techniques for characterization of crystal structure, microstructure and chemistry Occasional

ECS-MSE

EMA 4506 - Emerging Materials

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EGN 3365, or EMA 3706. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Structure, properties and processing of modern emerging materials Occasional

ECS-MSE

EMA 4513 - Structures of Materials

Credit Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in (EGN 3365 or EMA 3706)
Lattice, reciprocal space, symmetry, point groups, plane groups, space groups, X-ray and other diffraction techniques. Structures of metals, ceramics, polymer and biomolecular materials Fall

Department of Materials Science and Engineering

EMA 4602C - Materials Processing Laboratory

Credit Hours: 3
Prerequisite(s): EMA 3012C and EMA 3124
Theory and practice of common processing techniques for metals, ceramics, polymers including casting, heat treatment, sintering, and extrusion. Process-properties relations Fall

Department of Materials Science and Engineering

EMA 4915 - Materials Senior Design I

Credit Hours: 3
Prerequisite(s): Departmental consent and grades of "C" (2.0) or better in EMA 4115, EMA 4013C, and EMA 4125
Foundation of capstone engineering design course covering product or process design and development. Fall

EML 3262 - Kinematics of Mechanisms

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in all of the following: MAC 2311C, MAC 2312, MAC 2313, MAP 2302, PHY 2048 and EGN 3343.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Graphical, mathematical, and computer-aided kinematics, analysis, and synthesis of basic mechanisms. Fall

ECS-MECH/AERO

EML 3303C - Mechanical Engineering Measurements

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): "C" (2.0) or better in EGN 3343. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory, calibration and use of instruments. Measurement techniques, data analysis, report writing. Laboratory topics related to mechanical engineering. Fall, Spring

ECS-MECH/AERO

EML 3500 - Design and Analysis of Machine Components

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in EGM 3601. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of the principles of mechanics of materials to the design of mechanical components. Fall, Spring

ECS-MECH/AERO

EML 3701 - Fluid Mechanics I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in all of the following: MAC 2311C, MAC 2312, MAC 2313, MAP 2302, PHY 2048C, EGN 3321 and EGN 3343. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles of continuum fluid mechanics. Integral and differential forms of governing equations, fluid statics, dimensional analysis, measurements, internal flows. Fall, Spring

ECS-MECH/AERO

EML 3933 - Mechanical Career and Academic Faculty Advising I

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): Grade of "C" (2.0) or better in MAP 2302.

Mandatory meeting with students and their faculty advisor for career/academic advising. Fall, Spring Graded S/U.

ECS-MECH/AERO

EML 4024C - Engineering Design Practice

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): "C" (2.0), or better in EML 3022C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A project oriented computer aided engineering design practice including design, simulation, analysis, and manufacturing. Fall, Spring

ECS-MECH/AERO

Department of Mechanical and Aerospace Engineering

EML 4142 - Heat Transfer

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grades of "C" (2.0) or better in (EML3701 and EML3034C). Consent of Honors.

Conduction, radiation, and convection heat transfer. Basic energy balances emphasized. Steady state and transient problems, analysis and design of simple heat exchangers. Fall, Spring

ECS-MECH/AERO

EML 4142H - Honors Heat Transfer I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): Grades of "C" (2.0) or better in EML 3701 and EML 3034C. Consent of Honors.

Conduction, radiation, and convection heat transfer. Basic energy balances emphasized. Steady state and transient problems, analysis and design of simple heat exchangers. Honors content. Spring

</table>
This course covers additive manufacturing, subtractive manufacturing, computer-aided process planning and manufacturing, computer numeric control systems, manufacturing process monitoring, diagnostics, and prognostics. Fall

Department of Mechanical and Aerospace Engineering

EML 4411 - Mechanical Power Systems

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0), or better in EGN 3343. Corequisite(s): EML 3101. Prerequisite(s) or Corequisite(s): None.

Analysis and design of large power generating systems and components, with emphasis on steam plants utilizing both chemical and nuclear fuels. Occasional

ECS-MECH/AERO

EML 4454 - Turbines for Sustainable Power

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0), or better in all of the following EGM 3601, EGN 3365 or EMA 3706, EML 3701. Corequisite(s): EML 4142. Prerequisite(s) or Corequisite(s): None.

Multidisciplinary aspects of turbine design for sustainable power generation including aerodynamics to combustion and emissions to reliability; covers multiple applications of conventional and green technologies. Fall

ECS-MECH/AERO

EML 4501C - Engineering Design I

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): "C" (2.0) or better in each EGN 3373, EML 3303C, EML 3701, EML 4142, EML 4225 and department consent. Corequisite(s): EML 4931. Prerequisite(s) or Corequisite(s): None.

Application of the design process in the team solution of a state-of-the-art problem. Aerospace, mechanical, thermo-fluid, or material problems are considered. Fall, Spring

ECS-MECH/AERO

EML 4502C - Engineering Design II

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): EML 4931 and a "C" (2.0) or better in EML 4501C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of the design process in the team building and testing of a prototype. A test plan and a test report are completed. Fall, Spring

M&S fee $60.00

ECS-MECH/AERO

EML 4504 - Design & Analysis of Machine Components II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in EML 3500. Corequisite(s): None.

Application of the principles of component analysis to the design of mechanisms. Spring

ECS-MECH/AERO

EML 4600 - HVAC Systems Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0), or better in EGN 3343. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Heating, ventilation, air-conditioning, and refrigeration principles and systems design. Psychrometrics, heating and cooling loads, equipment and components, and distribution systems. Fall

ECS-MECH/AERO

EML 4602 - Applied HVAC Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0), or better in EGN 3343. Corequisite(s): EML 4142. Prerequisite(s) or Corequisite(s): None.

Applications of HVAC systems design with the objective of optimizing energy efficiency, humidity control, ventilation, and indoor air quality. Dehumidification performance of the various HVAC system types and their interactions with the building. Spring

ECS-MECH/AERO

EML 4703 - Fluid Mechanics II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in EML 3701. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of Fluid Mechanics I. External flows, fluid machinery, compressible flows, design projects. Fall

ECS-MECH/AERO
ECS-MECH/AERO

EML 4804C - Digital Control in Mechatronics

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): "C" (2.0) or better in all of the following EML 3303C, EML 4225 and EML 4313.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Discrete microprocessor control of mechatronics dynamic systems using state-space representation, digital controllers, design for mechatronic applications. Spring M&S fee $15.00

ECS-MECH/AERO

EML 4841H - Locomotion and Design in Natural Systems

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: "C" (2.0 or better in both EGM 3601 and EML 3701; and Permission of Honors College.

Locomotion, morphology, and corresponding limitations in natural systems. This course will expose students to topics which explore natural design as it relates to engineering. Fall

EML 4931 - Mechanical Career and Academic Faculty Advising II

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): EML 3933 and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Mandatory meeting with students and their faculty advisor for career/academic advising. Fall, Spring Graded S/U.

ENC 1101 - Composition I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Expository writing with emphasis on effective communication and critical thinking. Emphasizing the writing process writing topics are based on selected readings and on student experiences. The "NC" grading policy applies to this course. Fall, Spring

ENC 1101H - Honors Freshman Composition I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1101H with a grade of "C-" or better or C.I. and permission of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Same as ENC 1101, with honors-level content. Note on Freshman English Program: ENC 1101 and ENC 1102 must be taken before enrolling in any English course numbered above ENC 1102. The "NC" grading policy applies to this course. Fall, Spring

ENC 1102 - Composition II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1101 with a grade of "C-" or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Focus on extensive research in analytical and argumentative writing based on a variety of readings from the humanities. Emphasis on developing critical thinking and diversity of perspective. The "NC" grading policy applies to this course. Fall, Spring

ENC 1102H - Honors Freshman Composition II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1101H with a grade of "C-" or better or C.I. and permission of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Entry-level writing course designed to prepare students to read and write effectively at the college level. Fall

ENC 1130 - Improving College-Level Writing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EML 3933 and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Entry-level writing course designed to prepare students to read and write effectively at the college level. Fall

CAH-WRITE

CAH-WRITE

CAH-WRITE

CAH-WRITE

UCF Undergraduate Catalog 2019-2020 - 1294
A systematic study of grammar and mechanics to improve editing for clarity and accuracy in writing. Occasional

CAH-WRITE

ENC 3241 - Writing for the Technical Professional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in ENC 1102 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Writing effective correspondence, instructions, proposals, and informal and formal reports. Fall, Spring

CAH-ENG

ENC 3241H - Honors Writing for the Technical Professional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Instruction and practice in expository prose used in technical writing, layout and design of data, and translation of technical documents for the lay audience. With Honors content. Occasional

CAH-ENG

ENC 3250 - Professional Writing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of and practice with professional writing as a rhetorical act involving problem solving and audience accommodation; includes research and text production practices as well as business genres and conventions. Fall, Spring

CAH-WRITE

ENC 3250H - Honors Professional Writing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of and practice with professional writing as a rhetorical act involving problem solving and audience accommodation; includes research and text production practices as well as business genres and conventions. With Honors content. Occasional

CAH-WRITE

ENC 3258H - Honors Video Game Theory & Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102H or Consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theoretical and applied concepts in video game design and the literary impact of video games on our culture. With Honors content. Occasional

Department of English

ENC 3310 - Magazine Writing I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Intensive practice in description narration, exposition and argumentation; control of tone, mood, viewpoint, and level of diction. Applicable to article, essay, and short story writing. Fall, Spring

CAH-ENG

ENC 3311 - Essay as Cultural Commentary

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 1102 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Rhetorical and historical study, analysis, and writing of essay as reflective exploration and cultural commentary. Fall, Spring

CAH-WRITE

ENC 3314 - Writing and Rhetoric Foundations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in ENC 1102 or equivalent or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study and practice of research, writing, and rhetorical skills that enable successful (inter)disciplinary writing in and across the university. Fall, Spring

CAH-WRITE

Prerequisite(s): Grade of "C" (2.0) or better in ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Writing about scientific and technological research and developments for non-scientific audiences (including novices and policymakers). Occasional

CAH-WRITE

ENC 3455H - Honors Writing about Science and Technology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Writing about scientific and technological research and issues for nonscientific audiences, including laypeople and policymakers. With Honors content. Occasional

CAH-WRITE

ENC 3456H - Honors Writing about Health and Medicine

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Writing practices and genres of the health professions, with emphasis on writing about health and medicine for lay audiences. Writing about scientific and technological research and issues for nonscientific audiences, including laypeople and policymakers. With Honors content. Occasional

CAH-WRITE

ENC 3454 - Topics in Professional and Digital Writing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

In-depth study and application of a specific issue related to professional and/or digital writing. Occasional

CAH-WRITE

ENC 3473 - Writing in Disciplinary Cultures

Credit Hours: VAR
Class Hours: VAR
Lab and Field Work Hours: 0
Contact Hours: VAR
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Project-based study of writing (including genres, conventions, and arguments) in disciplines across the university. May be repeated for credit. Occasional

CAH-WRITE

ENC 3502 - Researching Writing and Literacy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Overview of important knowledge domains and lines of inquiry in writing and literacy research, with emphasis on research methodologies. Occasional

CAH-WRITE

ENC 3503 - Topics in Writing & Literacy Studies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An in-depth study of and practice with a specific issue related to language theory and/or the teaching of writing. Occasional

CAH-WRITE

ENC 3521 - Writing Across Difference
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines cultural influences on language and literacy practices, with emphasis on applications for writing teachers. Occasional

CAH-WRITE

ENC 3905 - Directed experience in Writing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 1102 and C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Individualized topics of study and/or research in writing with personalized faculty direction. May be repeated for credit. Occasional

CAH-ENG

ENC 4212 - Professional Editing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students will perform different types and levels of editing on a range of print and online texts from business and non-profit contexts. Even Fall

CAH-WRITE

ENC 4215 - Document Design and Publication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 3241 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and practice of technical document design, including style, format, and layout. Create documents with relevant publication technologies. Practice in publication project management. Spring

Department of English

ENC 4218 - Visual Technical Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 4293.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Communication and design theories for visual displays of technical information. Analyze and create informational graphics. Fall

Department of English

ENC 4219 - Technical Communication and Plain Language
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in ENC 3241 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of the origins and elements of plain language and the strategies for applying it to technical communication. Occasional

CAH-ENG

ENC 4262 - International Technical Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 3241 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

International issues in the field of technical communication including internationalizing documents, user interface design, international collaboration, and rhetorical and logistical challenges. Occasional

Department of English

ENC 4265 - Writing for the Computer Industry
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better in ENC 1102 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Creating different kinds of software manuals or online help systems for the computer industry. Occasional

CAH-ENG

ENC 4275 - Theory and Practice of Tutoring Writing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or
better in ENC 1102 and C.I. Prerequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and practice of assessing and responding to writing from the standpoint of a collaborator, as opposed to evaluator. Fall

CAH-WRITE

ENC 4280 - Technical Writing Style

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 3241 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Strategies for understanding and improving writing styles, particularly for a variety of technical writing genres. Spring

Department of English

ENC 4290 - Usability Testing for Technical Communication

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 3241 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Usability theory and techniques for evaluating manuals, online documentation, and other technical communication genres. Occasional

CAH-ENG

ENC 4293 - Documentation and Project Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 3241. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Development of a book-length project from idea to final published product. Examples may include style manuals, policies and procedures, and training manuals. Fall, Spring

Department of English

ENC 4294 - Client-Based Project Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 4293. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Team-based planning, design, and development of technical communication documents for clients, including industry or non-profit organizations. Fall, Spring

Department of English

ENC 4298 - Technical Communication for the Virtual Workplace

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Collaborative technologies used in the modern workplace and the challenges associated with virtual collaboration. Students will participate in a virtual team project. Occasional

CAH-ENG

ENC 4312 - Theory & Practice Persuasive Writing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of the theory and practice of persuasion, including logical emotional and ethical appeals. Occasional

CAH-ENG

ENC 4313 - Research Writing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 1102, junior standing, and C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Writing correspondence, instructions, proposals, and informal and formal reports in various disciplines. Occasional

CAH-ENG

ENC 4353 - Writing for Social Change

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of how activist writing and other symbolic action can be used to mobilize social or policy change around contemporary controversial issues. Occasional

CAH-ENG

ENC 4354 - Writing with Communities and Nonprofits

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or
better required in ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study and practice of methods for writing in partnership with nonprofits and the communities they serve, with an emphasis on audience analysis and community engagement. Occasional

CAH-WRITE

ENC 4354H - Honors Writing with Communities and Nonprofits

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102, and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study and practice of methods for writing in partnership with nonprofits and the communities they serve, with an emphasis on audience analysis and community engagement. With Honors content. Occasional

CAH-WRITE

ENC 4360 - Nature Writing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): English major or minor and grade of "C" (2.0) or better required in CRW 3013 and CRW 3053, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students will write essays that explore different approaches to writing about the natural world, and will discuss issues raised by such writing. Occasional

CAH-ENG

ENC 4374 - Gendered Rhetorics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Historical and theoretical study of gendered rhetorical practices, with emphasis on women rhetors. Occasional

CAH-WRITE

ENC 4378 - Writing in Global and Transnational Contexts

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of the ways language and rhetoric travel across cultures and countries, with practice strategies for transnational communication with local and global audiences. Occasional

CAH-WRITE

ENC 4379 - Writing and Rhetoric Capstone

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Senior standing; ENC 3331, ENC 3505, and ENG 3836; Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 4944, ENC 3473, or ENC 4275.

Culminating required course for students majoring in Writing and Rhetoric. Students reflect on disciplinary identity, possible career trajectories, and transferrable strategies for writing in their lives. Spring

CAH-WRITE

ENC 4414 - Writing and Hypertext

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 3241 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Writing and HTML/CSS coding for online environments, hypertext architectures, and electronic literacy theory to develop a more critical and applied understanding of hypertext. Occasional

Department of English

ENC 4415 - Digital Rhetorics and The Modern Dialectic

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explores the development of digital rhetorics appearing in online environments through close reading and analysis of formative rhetorical texts, fiction, and internet materials. Fall, Spring

CAH-ENG

ENC 4416 - Writing in Digital Environments

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study and practice of new media/Internet writing and publishing, covering a range of online and multimedia genres. Occasional

CAH-WRITE
ENC 4416H - Honors Writing in Digital Environments
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Critical and rhetorical engagement with digital writing and networked systems, including a range of online media and genres. With Honors content. Occasional

ENC 4434 - Visual and Material Rhetorics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): "C" (2.0) or better in ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Study of visual and material textual elements within different historical and contemporary rhetorical practices and performances. Students will use a variety of compositional materials to produce texts. Occasional

ENC 4504 - Contemporary Composition Theory
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in ENC 1102 and ENC 3331 and ENG 3836 and declared Writing and Rhetoric Major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Considers major theoretical paradigms and more emergent theoretical explorations in modern and contemporary composition studies. Occasional

ENC 4523 - Writing and Identity
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Explores the role of identity in writing, particularly negotiating gender, race, class, sexual identity and other difference issues. Occasional

ENC 4943 - Practicum in Editing & Publishing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 5
Contact Hours: 8
Prerequisite(s): PR: "C" (2.0) or better in ENC 1102
Experiential-learning course. Students work as writers, marketers, web programmers, and editors for an existing publication housed in the Department of Writing and Rhetoric. Fall

ENC 4944 - Writing Internship
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing and ENC 3331 and ENG 3836 and declared Writing and Rhetoric Major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Training and practice in professional and/or civic writing through approved internship with business or organization; involves reporting and reflecting on experience Fall

ENC 4950 - Writing ePortfolio
Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): "C" or better in ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Student must have completed at least 33 hours toward the B.A. in Writing & Rhetoric, 9 hours toward the Minor in Writing & Rhetoric, or at least 6 hours toward the Certificate in Public and Professional Writing. In their graduation term, Writing & Rhetoric majors, minors, or Public & Professional Writing Certificate students revise and submit their writing e-portfolio for departmental approval. Occasional

ENG 3010 - Practical Criticism
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Student evaluation of selected fiction, poetry, and drama through practical exercises in literary criticism. Occasional

ENG 3014 - Theories and Techniques of Literature Study
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENC 1102 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

CAH-ENG

ENL 4253 - The Victorian Age

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENG 3014 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Key issues and authors of the Victorian age (1837-1901) covering, fiction, poetry, and nonfiction prose.

Occasional

CAH-ENG

ENL 4262 - Nineteenth Century British Prose

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Essays and fiction of the nineteenth century.

Occasional

CAH-ENG

ENL 4273 - Modern British Literature

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Major writers of modern British literature.

Occasional

CAH-ENG

ENL 4303 - British Authors

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENG 3014, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of the works of a single British author. May be used in the degree program a maximum of 2 times only when course content is different.

Occasional

CAH-ENG

ENL 4311 - Chaucer

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The Canterbury Tales, Troilus and Criseyde, and other works.

Occasional

CAH-ENG

ENL 4333 - Shakespeare Studies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Reading, analysis, and discussion of Shakespeare's plays.

Occasional

CAH-ENG
ENG 4341 - Milton and His Age

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Paradise Lost, Paradise Regained, Samson Agonistes, shorter poems and selected prose. Occasional

BA-MAN

ENT 4014 - New Venture Implementation

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENT 3613.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Develops procedure by which start-up businesses can implement a well-researched business model by planning standard business functions necessary to launch the venture. Fall, Spring

BA-MAN

ENT 4013 - New Venture Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course portrays entrepreneurship as a creative problem solving process emphasizing opportunity recognition, resourcefulness, and leadership that results in startup, social, government and corporate ventures. Fall, Spring

BA-MAN

ENT 4183 - Technological Entrepreneurship

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

How technology and innovation processes affect social and organizational change, and the distinct challenges associated with launching, managing and growing technology-based business ventures. Spring

BA-MAN

ENT 4412 - Managing Small Business Finances

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Integrated Business major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Emphasizes the relationships between the finance function and other company activities. Focuses on financial statements, cash flow, sources of financing, valuation, inventory and vendor management. Fall, Spring

BA-FIN

ENT 4503 - Social Entrepreneurship

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Emphasis on understanding how social entrepreneurs effect change in poor communities in the developing world. Fall, Spring

BA-MAN

ENT 4942 - Entrepreneurial Internship

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): Junior standing, application approval, and consent of Management Department. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Supervised, entrepreneurial-related work experience in a sponsoring organization. See Management Department for information. Application required. Fall, Spring

BA-MAN

ENV 3001 - Environmental Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): A grade of "C" (2.0) or better in MAC 2312 and in CHM 2045C or CHS 1440 or CHM 2041. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Introduction to concepts and terminology of environmental engineering. Stresses material and energy balances. Covers air, water and land pollution. Fall, Spring

ECS-CECE

ENV 4120 - Air Pollution and Hazardous Waste Control
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EGN 3343, CWR 3201 and ENV 3001 all with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Air pollution and hazardous waste engineering. Air resources management, engineering design, and operation of air pollution control systems. Storage, collection, processing, and disposal of hazardous wastes. Fall

ECS-CECE

ENV 4122C - Air Pollution Control Design
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): ENV 4120 with grade of "C" (2.0) or better and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Project course on design of air pollution control equipment and systems. Spring

ECS-CECE

ENV 4300C - Solid Waste Facility Design
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): ENV 4341 with grade of "C" (2.0) or better and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Project course on design of municipal solid waste landfill. Occasional

ECS-CECE

ENV 4341 - Sustainable Resource Management
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENV 4120 with grade of "C" (2.0) or better and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles of industrial ecology, life cycle analysis, regulation of solid wastes, and sustainable engineering design. Solid waste management facilities, food-energy-water nexus, carbon and water footprints. Fall

ECS-CECE

ENV 4433C - Environmental Engineering Wastewater Design
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): EES 4111C, ENV 4531 both with grades of "C" (2.0) or better and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Project course in advanced municipal and industrial wastewater treatment design with emphasis on teamwork to complete the design process. Occasional

ECS-CECE

ENV 4531 - Environmental Engineering Unit Operations & Processes
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENV 4531 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced water and wastewater treatment including biological nutrient removal and desalination. Spring

ECS-CECE

ENV 4561 - Advanced Environmental Engineering Operations & Processes
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENV 4531 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of systems design criteria in the specification and design of a full scale potable water treatment plant. Spring M&S fee $43.00

ECS-CECE

ENV 4562C - Environmental Engineering Water Treatment Design
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): EES 4202C and ENV 4531 both with grades of "C" (2.0) or better and department consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of systems design criteria in the specification and design of a full scale potable water treatment plant. Spring M&S fee $43.00

ECS-CECE

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grades of "C" (2.0) or better in (STA 3032 and MAS 3105).
Corequisite(s): None

Introduction to techniques of operations research involving probabilistic and stochastic models. Topics include stochastic processes (e.g., Poisson and Markovian processes, Queuing Theory, and Stochastic Programming). Spring

Department of Industrial Engineering and Management Systems

ESI 4628 - Decision Support Systems for Industrial Engineers
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grades of "C" (2.0) or better in STA 3032 and COP 3223C. Corequisite(s): None.

Methods and procedures for simulating large-scale systems with digital computers. High level simulation languages are used. Spring

Department of Industrial Engineering and Management Systems

ETI 3671 - Technical Economic Analysis
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): STA 3032 with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analysis of cost elements in technical operations. Basis for comparison of alternatives. Spring

ETI 4186 - Applied Reliability
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ETI 3116. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Practical application of reliability concepts and analysis applicable to the design, production and logistics phases of systems and system components. Odd Spring

ETI 4448 - Applied Project Management
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Statement of work, activity decisions, timelines, scheduling, and resource allocation methods. Techniques will be appropriate for large and small projects within commercial, academic, or non-profit organizations. Fall

ETI 4640 - Operations Management for Technologists
EUH 2000 - Western Civilization I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ETI 4635.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Scheduling techniques (PERT), (CPM), are presented. Time Study Methods, Work Sampling and MTM are covered. Fall

EUH 2001 - Western Civilization II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of western civilization from ancient to 1648. Fall, Spring

CAH-HIST

EUH 3122 - Medieval Society and Civilization

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fall, Spring

CAH-HIST

EUH 3124 - The Crusades

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The phenomenon of crusading in medieval Europe and the Middle East, including theories of "just war" and jihad. Even Spring

CAH-HIST

EUH 3130 - Medieval Knights & Age of Chivalry

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Grade of C (2.0) or better required in ENC 1102 or equivalent, or C.I.

Dynamics of aristocratic society in high medieval Europe, including: chivalry; castle-building; jousts; the Crusades and military orders; and other social and cultural themes. Even Fall

CAH-HIST

EUH 3142 - Renaissance and Reformation

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Influence of Renaissance humanism on arts, letters, and politics; Luther and Protestantism; the Catholic Counter-Reformation and the Thirty Years' War. Occasional

CAH-HIST

EUH 3180 - Sorcerers, Saints and Heretics: Religion in the Medieval World

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the mixture of superstition, paganism, heresies, Jewish and Muslim communities and the rising Catholic Church that shaped religious life, society and culture in Medieval Europe. Occasional

CAH-HIST

EUH 3180H - Honors Saints, Sorcerers, and Heretics: Religion in the Medieval World

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Consent of Honors

Examines the mixture of superstition, paganism, heresies, Jewish and Muslim communities and the rising Catholic Church that shaped religious life, society and
EUH 3235 - Romanticism and Realism

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Napoleon and nationalism; new ideas; conservation; liberalism, romanticism, republicanism and socialism; urbanization, technology and mass culture, religious decline; Realpolitik, racism, imperialism, and militarism. Occasional

CAH-HIST

EUH 3242 - Modern Europe and the First World War

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of the impact of the democratic institutions, education, transportation, housing, health, mass communications, entertainment, women, and warfare. Occasional

CAH-HIST

EUH 3313 - History of Medieval Spain 1100-1500

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: EUH 2000 or C.I.

The political, social, and economic development of Spain from frontier kingdom to global superpower. Even Spring

CAH-HIST

EUH 3411 - History of the Roman Republic

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and WOH 2012 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

History of Roman civilization from 753 BC to 31 BC. Odd Fall

CAH-HIST

EUH 3431 - History of Modern Italy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2001. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The history of modern Italy from the origins of national unification through the post-World War II era. Occasional

CAH-HIST

EUH 3441 - Early Modern France

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2001. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

France beginning with the Wars of Religion. Topics include Absolutism and Louis XIV, nation building, the Enlightenment, imperial expansion, and the French Revolution. Occasional

CAH-HIST

EUH 3451 - History of Modern France

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 3242 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

France beginning with the Napoleonic era. Topics include nineteenth century social, political and consumer revolutions, the World Wars, the Cold War, imperialism and decolonization. Occasional

CAH-HIST

EUH 3531 - Medieval Ireland
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Ireland's historical and cultural development from 1129 to 1607.
Occasional

CAH-HIST

EUH 3536 - Early Modern Ireland

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Ireland's historical and cultural development from 1607 to 1800.
Occasional

CAH-HIST

EUH 3538 - Modern Ireland

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2001.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Cultural, political and social developments in Ireland after 1800.
Odd Fall

CAH-HIST

EUH 4283 - Cold War Homefronts

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001, or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

The Cold War from the homefront perspective addressing both sides of the Iron Curtain. Occasional

Department of History

EUH 4284 - Fascism and Nazism in the Interwar Europe

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 or WOH 2012. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Addresses the history of the Hellenistic period and the spread and impact of Greek culture on non-Greek societies. Occasional

Department of History

CAH-HIST

EUH 4131 - European Warfare 1300-1650

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): Grade of ‘C’ (2.0) or better required in ENC 1102 or EUH 2000, or C.I.

European conflicts from the Hundred Years' War to the Thirty Years' War. Focuses on major battles and campaigns, and on political, social, and religious context. Occasional

Department of History

EUH 4400 - The History of Ancient Greece

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): WOH 2012 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The history and culture of the Mediterranean world and the ancient Near East from 750 BCE to 323 BCE. Occasional

CAH-HIST

EUH 4402 - The Age of Alexander the Great

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 or WOH 2012. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Addresses the history of the Hellenistic period and the spread and impact of Greek culture on non-Greek societies. Occasional

CAH-HIST
EUH 4413 - History of the Roman Empire

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: EUH 2000 or WOH 2012 or C.I.

The history of Roman civilization from 31 BC to AD 476 Even Spring

EUH 4426 - Sex and Gender in Antiquity

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 or WOH 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the concepts of sex and gender in Greek and Roman societies and their impact on modern society. Occasional

EUH 4465 - Hitler's Third Reich

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 or WOH 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

German nationalism and militarism; World War I and Versailles Treaty; the Weimar Republic and the rise of the Nazis; Second World War, division and recovery. Occasional

EUH 4500 - English History to 1485

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

EUH 4501 - English History: 1485-1815

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

EUH 4502 - British History: 1815-Present

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

EUH 4504 - English Legal History I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explores English law from the first Germanic law codes in the seventh century to the publication of Blackstone's Commentaries on the Laws of England. Occasional

EUH 4571 - History of Russia to 1801

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Kievan State; Mongol Yoke; Development of Muscovite Expansionism and Absolutism; Time of Troubles; Westernization of Russia under Peter I and Catherine; Role of Orthodox Church. Occasional

EUH 4574 - History of Russia: 1801-1917

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Alexander I; Napoleonic Invasion, Revolutionary Movement; Russian Policy toward Central Asia and China; Great Reforms; Russo-Japanese War; Revolution of 1905; Constitutional Period; Triple Entente. Occasional

EUH 4576 - History of Russia in the 20th Century

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explores English law from the first Germanic law codes in the seventh century to the publication of Blackstone's Commentaries on the Laws of England. Occasional

EUH 4571 - History of Russia to 1801

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Russia. Occasional

CAH-HIST

EUH 4610 - Women in European Society: From Medieval to Modern
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course examines the changing situation of women in Europe from the Middle Ages to the twentieth century. Occasional

CAH-HIST

EUH 4610H - Honors Women in European Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): GEP Honors completion or permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary approach to the changing situation of women in Europe across space and over time with honors-level content. Occasional

CAH-HIST

EUH 4620 - European Great Powers: 1815-1914
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Congress of Vienna, Metternich's system Crimean War, unifications of Italy & Germany, the Bismarckian era, the alliance systems, and the outbreak of World War I. Occasional

CAH-HIST

EUH 4663 - History of Communism in Europe
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

History of communist movements and regimes in Europe from mid-19th century to the fall of the Berlin Wall. The course focuses on the history of communism outside of Russia and opposition to the communist regimes. Occasional

CAH-HIST

EUH 4674 - Sport and Society in the Ancient World
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000, EUH 2001 or WOH 2012, WOH 2022. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A comparison of the original form of the Olympic Games (and ancient notions of sport) to their modern counterparts. Occasional

CAH-HIST

EUH 4674H - Honors Sports & Society in the Ancient World
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): GEP Honors completion or permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary approach to comparing the Original Olympic games and other ancient athletic spectacles with their modern counterparts with honors-level content. Occasional

CAH-HIST

EVR 1001 - Introduction to Environmental Science
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Environmental science and environmental systems in the context of real places, real people, real problems and real data. Fall

COS-BIOL

EVR 1001H - Honors Introduction to Environmental Science
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Environmental science and environmental systems in the context of real places, real people, real problems, and real data. Fall

COS-BIOL

EVR 3450 - Interdisciplinary Research Methods for Environmental Studies

EVR 4940 - Capstone Environmental Studies
Credit Hours: 3
Class Hours: 3
Prerequisite(s): Environmental Studies Major in graduating semester, or C.I.

In their graduating semester, majors reflect on their learning, engage in research projects, prepare an e-
portfolio documenting their skills, competencies, and academic career for post-graduation plans.

Department of Environmental Studies

EXP 3204 - Sensation and Perception

Credit Hours: 3
Class Hours: 3
Contact Hours: 3
Prerequisite(s): PSY2012

Consideration of physical and psychological variables in perceptual phenomena. Fall, Spring, Summer

Department of Psychology

EXP 3250 - Principles of Human Factors Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The study of human performance in human-machine-environment systems. Topics will include human factors psychology in the design of displays and controls, human information processing, and the effects of some environmental variables on human performance. Spring

EXP 3304 - Motivation and Emotion

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Some topics including human performance, obedience, ideology, aggression, and psychological well-being. Occasional

EXP 3404 - Basic Learning Processes

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and research on learning phenomena. Occasional

EXP 3604 - Cognitive Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and research on attention, memory, complex human learning, and problem solving. Fall, Spring

EXP 3640 - Psychology of Language

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Psychological principles involved in the communicative process, with application to individuals and groups. Occasional

EXP 4507 - Advanced Human Memory and Cognition

Credit Hours: 3
Class Hours: 3

Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 3213C, EXP 3604. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

In-depth coverage of experimental research on human memory and cognition. Occasional

FIL 1000 - Cinema Survey

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introductory course that focuses on different approaches to studying cinema. Fall, Spring

FIL 1000H - Honors Cinema Survey

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Introductory course that focuses on different approaches to studying cinema. Honors-level content. Fall, Spring

FIL 1007 - Foundations of Story

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Digital Media or Cinema Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Studies major, or Cinema Studies minor. Analysis of dramatic and cinematic narrative structures, both plot and character, from historical and cultural perspectives. *Fall, Spring*

**CAH-SVAD**

**FIL 1008 - Cinematic Expression I**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Film major or Cinema Studies Minor  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None.

Analysis and practice of aesthetic principles essential in filmmaking, including composition, moving graphics, image design, lighting styles. *Fall, Spring*

Department of Film and Mass Media (NSCM)

**FIL 2030 - History of Motion Pictures**

**Credit Hours:** 3  
**Class Hours:** 2  
**Lab and Field Work Hours:** 2  
**Contact Hours:** 4  
**Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The history of motion pictures as art and industry, from 1895 to the present. *Fall, Spring*

**CAH-SVAD**

**FIL 2107 - Script Analysis**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1101 and FIL 1007.

Introduction to dramatic and visual storytelling techniques used in both traditional and non-traditional filmmaking and screenwriting. *Fall, Spring*

**CAH-SVAD**

**FIL 2423 - Foundations of Production**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Digital Media or Cinema Studies major, or Cinema Studies minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Basic production techniques used in film making. Students must supply their own video equipment and editing equipment. Any format is acceptable. *Fall, Spring*

**CAH-SVAD**

**FIL 2424 - Introduction to Film Production**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Film BA Major  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None.

Introduction to budgeting, script breakdown, construction of production boards, scheduling, location scouting, and crew positions. *Fall, Spring*

**CAH-SVAD**

**FIL 2461C - Cinematography I**

**Credit Hours:** 3  
**Class Hours:** 2  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 3  
**Prerequisite(s):** Film BA major and FIL 2424. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to the principles of the motion image capture process: camera, lenses, lighting, and grip theories, techniques and technologies. *Fall $10.00*

**CAH-SVAD**

**FIL 2480 - Directing Techniques for Film**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Film BA or Film BFA major, FIL 1008 and FIL 2424. Corequisite(s): None. Prerequisite(s) or Corequisite(s): FIL 3115.

Introduction to processes and techniques of film directing. *Fall, Spring $15.00*

**CAH-SVAD**

**FIL 2481 - Directing the Actor for Film I**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Film Major  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None.

Developing an ability to direct and work with film actors effectively, using various acting and directing techniques. *Spring*

**Department of Film and Mass Media (NSCM)**

**FIL 2534 - Sound Design for Film I**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Film BA or Digital Media major and FIL 2552 or DIG 2030. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to the principles of the motion picture sound process: recording, editing, and mixing theories, techniques, and technologies. *Fall, Spring $15.00*

**CAH-SVAD**

**FIL 2534 - Sound Design for Film I**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Film BA or Digital Media major and FIL 2552 or DIG 2030. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to the principles of the motion picture sound process: recording, editing, and mixing theories, techniques, and technologies. *Fall, Spring $15.00*

**CAH-SVAD**

**FIL 2534 - Sound Design for Film I**

CAH-SVAD

Department of Film and Mass Media (NSCM)

UCF Undergraduate Catalog 2019-2020 - 1316
FIL 3102 - Writing for Film and TV

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing, ENC 1102, and FIL 1007. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories and process of screen writing for motion pictures and television. Students learn how to create stories and scripts for the entertainment marketplace. Fall, Spring

CAH-SVAD

FIL 3115 - Short Script I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): FIL 2107 and Film Major or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Rudiments of writing the short script. Analysis of script models and examination of differences between long and short forms. Writing scripts for workshops. Fall, Spring

Department of Film and Mass Media (NSCM)

FIL 3132 - Short Script II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): FIL 3115 and Film BFA major Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced writing of short scripts in preparation for Senior-level Narrative Production 1 and 2 courses. Spring

Department of Film and Mass Media (NSCM)

FIL 3304C - Documentary Vision

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): FIL 3363C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Styles and approaches to documentary filmmaking, with emphasis on making short, personal films. Spring

CAH-SVAD

FIL 3307 - Docudrama

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): FIL2030 and either Film major or Cinema Studies Minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Techniques to dramatize real-life events and persons, with emphasis on representation, adaptation and ethics. Occasional

Department of Film and Mass Media (NSCM)

FIL 3363C - Film Documentary

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): FIL 2030 and Film major or Cinema Studies minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The uses and analysis of the nonfiction film. Fall, Spring

Department of Film and Mass Media (NSCM)

FIL 3379C - Advanced Documentary Production

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 6
Contact Hours: 9
Prerequisite(s): Film BA or Film BFA Major and FIL 3363C or C. I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced readings and analysis of documentary history, theory and ethics; production and practice of contemporary nonfiction entertainment. Occasional

CAH-SVAD

FIL 3379C - Honors Advanced Documentary Workshop

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 6
Contact Hours: 9
Prerequisite(s): ENC 1102H and Consent of Honors or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Public history research and documentary production. Studentproduced multimedia projects centered on local partnerships that explore the public history of Central Florida. With Honors content. Occasional

CAH-SVAD

FIL 3401 - Research Methods for Filmmakers

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Film BA or Film BFA Major and ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Research methods and applied issues of responsibility for film makers Fall, Spring, Summer

FIL 3455C - Film Landscapes: Story, Image and Production Design

Credit Hours: 6
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): FIL 2423 or FIL 2424, and FIL 2030. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The use of landscape in film and its importance to the art of production design. Occasional

CAH-SVAD

FIL 3462C - Cinematic Expression II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): FIL 1008 and either Film Major or Cinema Studies Minor
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Advanced study of the film image, sound, and sequence using principles and elements of visual, aural, and cinematic design theory. The course will include practical studies and films. Fall, Spring

Department of Film and Mass Media (NSCM)

FIL 3483 - Directing the Actor for Film II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): FIL 2481. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Characterization and scene study as it applies to directing the actor for film. Occasional

CAH-SVAD

FIL 3720C - Introduction to Animation
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): DIG 3951 and declared Character Animation specialization, or ART 3950 and declared Experimental Animation specialization, or a minimum grade of "B" (3.0) in DIG 4713 and declared Game Design specialization. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Introductory computer graphic techniques utilizing microcomputer systems. Techniques include basic paint systems, color cycling and 2D animation. Fall, Spring

CAH-SVAD

FIL 3734C - Intermediate Animation
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): Experimental Animation and Character Animation majors only, FIL 3720C and DIG 4780C, and successful portfolio review or C.I. Focus on 3D computer modeling and animation systems. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Hands-on exercise on the type of high-end animation systems used in the film industry. May be repeated for credit. Fall, Spring

CAH-SVAD

FIL 3803C - Film Theory and Criticism I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): Junior Standing and Film Major or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Major film theories to the Second World War Period. Fall

Department of Film and Mass Media (NSCM)

FIL 3804C - Film Theory and Criticism II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): FIL 3803C Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Major film theories from Second World War period to present. Spring

Department of Film and Mass Media (NSCM)

FIL 3823 - German Film
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Exploration of the form and context of German film during different time periods in relation to other aspects of culture and to sociopolitical structures at the time. Occasional

CAH-LANG

FIL 3824 - Italian Neo-Realist Cinema
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): FIL 3036 or FIL 3037, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Post-World War II period of the Italian cinema, with emphasis on the work of Antonioni, Visconti, Pasolini, Fellini, and Rossellini. Occasional

CAH-SVAD

FIL 3826 - American Cinema
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): FIL 2030 and Film major or Cinema Studies minor.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Lectures, films, and forums designed to provide awareness of styles, images, and myths in cinema that influence or reflect our culture.  

Spring  

Department of Film and Mass Media (NSCM)  

FIL 3831 - Black Cinema  
Credit Hours: 3  
Class Hours: 4  
Lab and Field Work Hours: 0  
Contact Hours: 4  
Prerequisite(s): Junior standing and ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fall  
Occasional  

CAH-SVAD  

FIL 3841 - French New Wave Cinema  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): FIL 3036 or FIL 3037, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Post-World War II period of the French cinema, emphasizing the work of Renoir, Bresson, Godard, Rohmer, Resnais, and Rivette.  

Occasional  

CAH-SVAD  

FIL 3842 - International Cinema  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): FIL 3036 or FIL 3037, and Film BFA or Film BA major.

Critical exploration of the political, social, cultural and artistic context of international film production, with emphasis on co-production and transnational connections in production and reception.  

Occasional  

CAH-SVAD  

FIL 3845 - World Cinema Traditions  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): FIL 3036 or FIL 3037 and Film Major or Cinema Studies Minor Corequisite(s): None.

The relationship among film, history, and culture in selected Asian, African, Latin American, and Middle Eastern countries.  

Fall, Spring  

Department of Film and Mass Media (NSCM)  

FIL 3847 - Latin American Cinema  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): FIL 3036 or FIL 3037 and Film BFA, World Cinema, or Cinema Studies major.

Latin American films and film movements, historical and contemporary issues, social, and aesthetic concerns.

Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 1000, HFT 2254, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Sales tactics and business-to-business strategies employed in the sales and marketing of resort hotels, timeshares, and shared ownership properties.

RCHM-FOOD&LODG

HFT 4542 - Strategic Event Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: HFT 3519, HFT 3512, HFT 4802, HFT 3670

The course focuses on the event planning process beginning with a needs assessment and ending with event evaluation. *Fall, Spring, Summer*

HFT 4561 - Destination Marketing & Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 3700. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Covers principles, issues, strategies and processes in destination marketing and management including planning, developing, distributing and evaluating destination products, by managing relations with diverse stakeholders.

RCHM-TEA

HFT 4573 - Tourist Behavior

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: HFT 3700 Tourism Management

Covers reasons for and results of consumption in tourism to better explain the drivers of both demand and supply in the tourism and hospitality industry *Fall, Spring*

HFT 4614 - Risk Management in Theme Parks and Attractions

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 4755 and HFT 3603; or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines principles and issues related to the nature and mitigation of risks at theme parks and attractions. Covers all theme park operating departments.

RCHM-TEA

HFT 4623 - Entertainment Law and Ethics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 2071. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The course focuses on the main legal and ethical issues affecting the entertainment industry.

RCHM-TEA

HFT 4626 - Public Policy Issues in the Entertainment Industry

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 2071 and HFT 4623. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The course examines the degree to which entertainment businesses are intertwined with government regulations and interventions. *Fall, Spring*

RCHM-TEA

HFT 4715 - Tourism Policy, Development & Sustainability

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 3700 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Covers public policy and governance topics that underpin the sustainable development of tourism and their impact on strategies adopted across different sectors of the industry.

RCHM-RCHM

HFT 4732 - Tourism Impact Analysis

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 3700. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Quantitative impact analysis of tourism as an industry in the regional/national economy along the tourism satellite accounts concept.

RCHM-TEA

HFT 4735 - Tourism Geography

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 3700 and junior standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A seminar discussing the main geographical tourism destinations in U.S. and the World.
RCHM-TEA

HFT 4736 - Destination Management
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 3700.
Corequisite(s): None.
Principles and issues related to destination management; strategies and processes involving design, operations, distribution, networking and impact of tourism at the destination.

RCHM-TEA

HFT 4751 - Managing the Employee Experience in the Theme Park and Attraction Industry
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 4755 and junior standing or C.I.
Corequisite(s): None.
Managing staffing needs, supervision, communication, legal compliance, and retention in the theme parks and attraction industry.

RCHM-TEA

HFT 4752 - Managing the Guest Experience in the Theme Park and Attraction Industry
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 4755.
Corequisite(s): None.
The management of guest needs and expectations in theme parks and attractions.

RCHM-TEA

HFT 4754 - Exhibit and Trade Show Operations
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 2750 or C.I.
Corequisite(s): None.
Provides an in-depth study of exhibit and trade show operations. Focuses on both supply and demand pertaining to exhibits and trade shows.

RCHM-TEA

HFT 4755 - Theme Park and Attraction Management
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 1000 and junior standing or C.I.
Corequisite(s): None.
An in-depth study of the theme park and attraction industry, focusing on resources, ride operations, merchandising, food services, and architectural design.

RCHM-TEA

HFT 4757 - Event Tourism Strategies
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): All courses in the Event Management core.
Corequisite(s): None.
The course focuses on the development, design, and evaluation of events that meet stakeholder needs and expectations. It incorporates a case study approach and requires 20 event volunteer hours approved by the professor.

RCHM-TEA

HFT 4758 - Operational Issues in the Theme Park and Attraction Industry
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 4755.
Corequisite(s): None.
Organizational structure and operational culture of theme parks and attractions.

RCHM-TEA

HFT 4759 - Product Development in Theme Parks and Attractions
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 4755 and junior standing or C.I.
Corequisite(s): None.
The strategic management process associated with product development in the theme parks and attraction industry.

RCHM-TEA

HFT 4762 - Current Practices in the Airline Industry
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing.
Corequisite(s): None.
A survey of the U.S. and International airline industry. Emphasis on the organization and management functions of the airlines.
RCHM-TEA

HFT 4795 - Entertainment Arts and Events

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 2750.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The course offers a comprehensive look at entertainment events with a focus on show development, event production, the creative process, casting, costuming, staffing, and evaluation. Fall, Spring

RCHM-TEA

HFT 4796 - International Events

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 2750.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Considerations when planning events that are held outside of the United States or that attract a large number of participants from outside the United States.

RCHM-TEA

HFT 4802 - Catering Sales Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 2750, HFT 3523, HFT 3670, and FSS 2284C, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The catering manager's role in the catering sales process. Emphasis on market segments, customer relationships, menu planning, financial impact, internal communication/documentation and event oversight. M&S fee $45.00

RCHM-TEA

HFT 4856 - Event Food and Beverage Strategies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 3523 and HFT 3431 or CI.

The course covers strategies required of event professionals tasked with the development and coordination of food and beverage functions in a variety of venues and settings. Fall, Spring

RCHM-TEA

HFT 4861 - Beverage Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 1000 and junior standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The origin, production, storing, marketing, and control of beverages in the hospitality industry.

RCHM-FOOD&LODG

HFT 4864 - Seminar in Quality Brewing and Fine Beer

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HFT 2750, minimum age of 21 by first day of class, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Using senses to evaluate wines, methodology of tasting and evaluating wines, growing, processing, and production of grape varieties used in making wine. M&S fee $70.00

RCHM-FOOD&LODG

HFT 4865 - Advanced Wine Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Minimum age of 21, HFT 3868 or HFT 4866C, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced study of viticulture, enology and wine regions of the world. M&S fee $70.00

RCHM-FOOD&LODG

HFT 4866C - Exploring Wines of the World

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): HFT 1000, minimum age of 21 by first day of class, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Using senses to evaluate wines, methodology of tasting and evaluating wines, growing, processing, and production of grape varieties used in making wine. M&S fee $70.00

RCHM-FOOD&LODG

HFT 4894 - International Gastronomy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): FSS 2221C, HFT 1000, and C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A world view of culture and cuisine that includes an international travel component. May be used in the degree program a maximum of 2 times.

RCHM-FOOD&LODG
HFT 4941 - Internship II

HFT 4944 - Internship III

HFT 4949 - Cooperative Education

Credit Hours: 0-5
Class Hours: 0
Lab and Field Work Hours: 1-5
Contact Hours: 1-5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides paid, preprofessional work experience related to the students’ major while they continue to attend school. Requires achievement of major-related learning objectives. Graded S/U.

RCHM-RCHM

HIM 3006 - Foundations of Health Information Management (HIM)

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Foundation of profession; health record structure and content; data privacy/HIPAA; electronic health records; information governance; reimbursement methodologies; health information exchange; policy and procedure concepts.

HPA-HMI

HIM 3116C - Health Record Organization and Management

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): HIM 3006 and acceptance into the upper-division limited access HIIM program; or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Nomenclatures/classification systems; health record documentation; master patient index; licensure, accreditation and compliance; vendor contracts; medical staff organization; registries; healthcare policy.

Department of Health Management and Informatics

HIM 3806C - Professional Practice Experience I

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): Admission to HIIM program. Corequisite(s): HIM 3006 and HSC 3537. Prerequisite(s) or Corequisite(s): None.

Virtual hospital tour; introduction to AHIMA, HIM profession and networking; accreditation standards; database concepts; personal health records; record storage; retention and retrieval; confidentiality and release of information.

HPA-HMI

HIM 3826C - ICD Diagnosis Coding

Credit Hours: 5
Class Hours: 3
Lab and Field Work Hours: 4
Contact Hours: 7
Prerequisite(s): HSC 3537 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles and mechanics of diagnosis coding for inpatient health information retrieval; ICD-10-CM; clinical documentation improvement; DRGs; encoders. Fall, Spring

HPA-HMI

HIM 4256C - Outpatient Procedural Coding and Reimbursement

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): HSC 3537 or C.I.

Principles and mechanics of coding systems for outpatient health information retrieval; CPT/HCPCS; APCs; encoders. Full

Department of Health Management and Informatics

HPA-HMI

HIM 4344C - Health Information Department Management

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): HIM 3116C or HIM 4624MAN 3025 - Management of Organizations; or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Personnel administration; work distribution and simplification; project and database design; software selection; ergonomics and space planning. Spring

Department of Health Management and Informatics

HIM 4508C - Quality Management

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): HSC 3537 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles and mechanics of quality improvement; application of quality management tools; benchmarking methods and data quality monitoring programs. Fall, Spring, Summer

Department of Health Management and Informatics

HIM 4624 - Health Data Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Acceptance into
HIIM program or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Health care statistics, data analytics and data usage specific to health informatics and information management will be explored in depth.

HPA-HMI

HIM 4656C - Health Information Management Systems

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): HIM 3006.

Creation and improvement of health related information systems; health record data management; systems design and analysis; project management concepts. Fall, Spring

Department of Health Management and Informatics

HIM 4676 - Professional Development and Issues in Health Information Management

Credit Hours: 3
Prerequisite(s): HIM 4344C

Problem-solving techniques; professional ethics; credential preparation. Spring

Department of Health Management and Informatics

HIM 4726 - ICD Procedure Coding

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): ZOO 3733C - Human Anatomy and HSC 3537 - Medical Terminology Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course introduces students to the International Classification of Diseases Procedural Coding System, the structure of codes, and how to build codes using coding guidelines.

HPA-HMI

HIM 4816C - Professional Practice Experience II

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): HIM 3806C and Corequisite(s): HIM 4226C, HIM 4256C, and HIM 4344CHIM 4508C - Quality Management.

Prerequisite(s) or Corequisite(s): None.

Health records and data content; coding and clinical documentation improvement; revenue cycle management; compliance; privacy and confidentiality; human resources. Fall, Spring

Department of Health Management and Informatics

HIM 4838 - Management Affiliation

Credit Hours: 5
Class Hours: 0
Lab and Field Work Hours: 15
Contact Hours: 15
Prerequisite(s): PR: AMH 2010/AMH 2020 sequence, and EUH 2000/EUH 2001 or WOH 2012/WOH 2022 sequence or C.I.

Prerequisite(s) or Corequisite(s): None.

Assignment to a selected health care facility serving in an administrative capacity under the direction of a Registered Health Information Administrator; lab exercises; comprehensive exam.

HPA-HMI

HIS 3081 - History Museums & Digital Spaces

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AMH 2010 and AMH 2020 or C.I.

Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduces students to the principles, theories and methods related to curating historical objects, content and photos in a modern media environment.

CAH-HIST

HIS 3090 - Introduction to Historic Preservation

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: AMH 2010/AMH 2020 sequence, and EUH 2000/EUH 2001 or WOH 2012/WOH 2022 sequence or C.I.

Introduces students to historic preservation practice and theory using domestic and international examples. Odd Fall

CAH-HIST

HIS 3462 - History of Science

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: AMH 2010/AMH 2020 sequence, and EUH 2000/EUH 2001 or WOH 2012/WOH 2022 sequence or C.I.

Introduces students to historic preservation practice and theory using domestic and international examples. Odd Fall

CAH-HIST

HIS 3900 - Introduction to Historic Preservation
Examines past and present science, scientific thought, and the relationship between science and society.

CAH-HIST

HIS 3600 - Professionalizing History Majors

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AMH 2010 and AMH 2020, or EUH 2000 and EUH 2001, or WOH 2012 and WOH 2022 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

To enhance the role of History professionals in civic life and careers.

CAH-HIST

HIS 3930H - ST: Honors The City as Text

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of theory and history of urban spaces, focusing on Orlando and Central Florida. With Honors content.

CAH-HIST

HIS 3949 - Cooperative Education in History

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 8
Contact Hours: 8
Prerequisite(s): Departmental permission required before registering. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Cooperative education experience in history. May be repeated for credit. Graded S/U.

CAH-HIST

HIS 4065 - Public History: Principles & Techniques

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AMH 2020 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Practice of public history including historic preservation, museum studies, archival management, oral history, digital history, historical editing, and conservation science.

CAH-HIST

HIS 4070 - Oral History

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Either AMH 2010, AMH 2020 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories and practices of oral history. Field work required.

CAH-HIST

HIS 4150 - History and Historians

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Either AMH 2010, AMH 2020 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of European and/or American historiography. May be used in the degree program a maximum of 2 times.

CAH-HIST

HIS 4166 - Spatial Histories, Digital Storytelling

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Grade of C (2.0) or better required in ENC 1102 or AMH 2020, or C.I.

An approach to the human past which investigates and represents the places and spaces in which events occurred, using common spatial storytelling tools. Spring

HIS 4323 - History of the Future

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Past visions of the future and how they were influenced by issues relevant to the period. Emphasis on 19th and 20th centuries.

CAH-HIST

HIS 4490 - History of Medicine

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AMH 2010 or AMH 2020. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The history of medicine and its relationship to culture and society from the Ancient World to the present.

CAH-HIST

HIS 4944 - Internship in Public History

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AMH 2010 or AMH 2020. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The history of medicine and its relationship to culture and society from the Ancient World to the present.

CAH-HIST
Contact Hours: 3
Prerequisite(s): C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The Public History Internship is a one-semester course in which undergraduate history majors explore and gain experience in public history professions.

CAH-HIST

HIS 4959 - History Portfolio

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): "C" or better in HIS 4150 and Senior standing.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

In the term they are graduating, History B.A. students revise their portfolio and submit for approval.

CAH-HIST

HIS 4970H - Honors Undergraduate Thesis

Credit Hours: VAR
Contact Hours: VAR
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Graded S/U or Letter grade.

CAH-HIST

HLP 2701 - Peer Education Training

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Strategies for teaching life skills and health education information for secondary students and college age peers

ED-CFCS

HSA 2117 - Civic Engagement in the US Healthcare System

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: None

This course provides an overview of the fundamental principles and concepts of US healthcare policy, delivery, social determinants of health, and how services are distributed. Fall, Spring, Summer

HSA 2932 - Civic Engagement in the US Healthcare System

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: None

Students will understand their role and the process, by which healthcare resources are allocated and will analyze the historical and contemporary approaches to healthcare delivery.

HSA 3012 - Issues & Trends in Public Health

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (CGS 1060C or CGS 2100C) and Junior Standing, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The American public health system, looking at the historical, present day, and future organization and management of all its components. Occasional

HSA 3104 - Health Services Administration Cornerstone

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (CGS 1060C or CGS 2100C) and Junior Standing, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Heighten the overall student awareness about the Health Services Administration Field, provide a foundation or framework to guide students through the major.

HPA-HMI

HSA 3111 - U.S. Health Care Systems

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (CGS 1060C or CGS 2100C) and Sophomore Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of the economics, social, and political aspects of the health care system in the United States.

HPA-HP

HSA 3170 - Health Care Finance

Credit Hours: 3
Class Hours: 3

Contact Hours: 3
Prerequisite(s): HSA majors Corequisite(s): None. Prerequisite(s) or Corequisite(s): HSA 3111 and PR: ACG 2021 and ACG 2071; non-HSA majors: ACG 2021 and ACG 2071.

Budgeting and resource allocation related to health care agencies.

HPA-HMI

HSA 3222 - Long Term Care and Administration

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3  
Prerequisite(s): HSA major and Sophomore standing, or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Organization and functioning of long-term care administration.  
Covers long-term care providers, interaction in long-term care continuum, managing long-term care and future issues. Fall, Spring

HPA-HMI

HSA 3423 - Health Law

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): HSA or HIIM major, and HIM 3006, or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles of law as applied to the health field, with special reference to health practices and information management.

HPA-HMI

HSA 3430 - Health Care Economics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): HSA 3111; ECO 2023; or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

To provide an application of economic principles to analyze how different economic incentives affect patients, providers, and policy makers behaviors in the delivery of health services. Fall, Spring

HPA-HMI

HSA 4003 - The Patient Experience from an Administrator's Perspective

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PR: ENC 1102

Evaluating patient experience, such as effectiveness and safety of care, is essential to providing a complete picture of health care quality for a healthcare administrator. Fall, Spring, Summer

HPA-HMI

HSA 4109 - Principles of Healthcare Reimbursement, Insurance, and Managed Care Plans

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): HSA 3111 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Course will introduce the contractual, financial, and practice pattern components of managed care. Fall, Spring

HPA-HMI

HSA 4180 - Organization & Management for Health Agencies I

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): HSA 3111 and HSA 4180, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Management of health care organizations including hospitals, long term care facilities, and medical group practices. Fall, Spring

HPA-HMI

HSA 4184 - Organization & Management for Health Agencies II

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Prerequisite(s): HSA 3111 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Management of health care organizations, strategic planning, healthcare economics, and healthcare financial management. Fall, Spring

HPA-HMI

HSA 4191 - Fundamentals of Health Information Technology

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): HSA 3111 and C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The origin, evolution and application of health information technology in today's healthcare industry.

HPA-HP

HSA 4220 - Long Term Patient Management

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): HSA 3111. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Concepts and process of patient care planning and management in a long term care facility.

HPA-HMI

HSA 4502 - Risk Management Systems

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): HSA 3111 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

UCF Undergraduate Catalog 2019-2020 - 1356
Safety, liability and loss control issues with emphasis on risk retention, risk reduction and risk transfer in health care. Occasional

**HSA 4702 - Health Sciences Research Methods**

**Credit Hours: 3**
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (STA 2014C or STA 2023) and Junior Standing, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to research design in the Health Sciences, including design, literature review, testing, analysis, and conclusions. *Fall, Spring*

**HSA 4939 - Health Services Administration Capstone**

**Credit Hours: 3**
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HSA major and senior standing, HSA 3170, HSA 3430. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Capstone course applies healthcare administration theory to a healthcare organization. Students will integrate previous coursework to evaluate an existing healthcare organization.

**HSA 4850 - Health Services Administration Internship**

**Credit Hours: VAR**
Contact Hours: VAR
Prerequisite(s): HSA 4853, 2.75 Major GPA, 90 overall credit hours, 24 HSA credit hours, approval of the Internship Director. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

150 hour minimum administrative experience in an approved health care organization.

**HSA 4853 - Internship Orientation**

**Credit Hours: 0**
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): 90 overall credit hours Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This prerequisite for HSA 4850 provides critical information for the internship search. The course must be completed no more than one semester prior to the internship.

**HSA 4939 - Health Services Administration Capstone**

**HSC 1931C - Foundations of Leadership**

**Credit Hours: 2**
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): LEAD Scholars Program. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Seminar for LEAD Scholars in the College of Health & Public Affairs providing a foundation of leadership, scholarship, and service regarding disciplines in the college. May be repeated for credit.

**HSC 2000 - Introduction to Careers in Health Professions**

**Credit Hours: 3**
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): STA 2023 with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of careers in health professions with regard to duties, responsibilities, education and training, ethics, and relationships with other health professionals. Graded S/U.

**HSC 2524 - Introduction to Human Disease**

**Credit Hours: 3**
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): BSC 2010C with a grade of "C" (2.0) grade or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Basic concepts and mechanisms related to the understanding of human disease.

Department of Health Sciences

**HSC 2921 - LEAD Colloquium**

**Credit Hours: 2**
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): Accepted to the LEAD Scholars Program and have completed at least two of the following with a B (3.0) or better: HSC 1931C, EGS 1036C, IDS 1040C, GEB 1091C or EDG 1005C. Experiential leadership in an appropriate setting with the LEAD Scholars Program. May be repeated for credit.

**HSC 3102 - Foundations of Health Behavior**

**Credit Hours: 3**
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): STA 2023 with a grade of "C" (2.0) or better and junior standing Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Primary health behavioral theories, how to develop health promotion campaigns through behavioral modeling, and the foundations for conducting ethically-sound behavioral health research.

HPA-HP

HSC 3110 - Medical Self Assessment
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore Standing. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Development of clinical skills and understanding of one's health to encourage active participation of individuals in their own healthcare.

Department of Health Sciences

HSC 3147 - Introduction to Pharmacology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): BSC 2010C with a grade of "C" (2.0) or better and sophomore standing. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Basic concepts of pharmacology including terminology, regulations and use of drugs in human disorders.

HPA-HP

HSC 3211 - Preventive Health Care
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3703C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Preventive healthcare in the U.S., including current recommendations and guidelines to prevent disease and application of preventive interventions to specific chronic diseases.

Department of Health Sciences

HSC 3432 - Occupational Safety for the Health Care Professional
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ZOO 3733C and PCB 3703C each with a grade of "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Issues surrounding the healthcare environment and the risks associated with working there.

Department of Health Sciences

HSC 3537 - Medical Terminology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and Sophomore status. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
A study of the language of medicine and allied health specialties, including word construction, definitions, and application of terms.

Fall, Spring, Summer
Department of Health Management and Informatics

HSC 3559 - Disabilities in American Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior or senior status. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Personal, social, and environmental impediments confronted by persons with disabilities, including communicative disorders. Strategies that promote life satisfaction are also reviewed.

HPA-HMI

HSC 3593 - HIV Disease: A Human Concern
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Analysis of the spectrum of HIV disease and the issues surrounding this public health crisis.

Fall, Spring
HPA-HMI

HSC 4008 - Professional Development in Health Professions
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and Junior Standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Career development planning, professional leadership approaches to problem solving, regulatory and professional requirements.

HPA-HP

HSC 4158 - Medical Pharmacology I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): BSC 2010C and CHM 2045C each with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Corequisite(s): None.

General pharmacological principles such as regulations, prescriptions, routes of administration, drug mechanism of action, indications/contraindications, and the side effects.

HPA-HP

HSC 4159 - Medical Pharmacology II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HSC 4158 with a grade of "C" (2.0) or better.
Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Mechanism of drug action used in treatment of the nervous, cardiovascular, endocrine, and immune systems.

HPA-HP

HSC 4201 - Community Health

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and Junior Standing, or C.I.
Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Historical, sociocultural and economic factors in community health; current community health problems; interphase of governmental, voluntary and private agencies. Fall, Spring

HPA-HMI

HSC 4500 - Epidemiology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ZOO 3733C, PCB 3703C, and (STA 2014C or STA 2023). Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

A study of the distribution and determination of diseases and injuries in human population. Fall, Spring

HPA-HMI

HSC 4501 - Epidemiology of Chronic Diseases

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HSC 4158 with a grade of "C" (2.0) or better.
Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Epidemiology of chronic diseases including risk factors, etiology, mortality and morbidity as they relate to clinical practice, research, and intervention.

HPA-HP

HSC 4553 - Concepts in Pathophysiological Diagnosis

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HSC 4555 or HSC 4558 each with a grade of "C" (2.0) or better, and Senior standing. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Basic principles of diagnosis with a focus on methodology and relevance to pathophysiology.

HPA-HP

HSC 4555 - Pathophysiology I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HSC 4555 or HSC 4558 each with a grade of "C" (2.0) or better, and Senior standing. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Abnormalities in physiologic functioning of the human body, with focus on the etiology, pathogenesis and clinical manifestations of the immune, cardiovascular, respiratory, and renal systems.

HPA-HP

HSC 4558 - Pathophysiology II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HSC 4555 or HSC 4558 each with a grade of "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Abnormalities in physiologic functioning of the human body, with focus on the etiology, pathogenesis and clinical manifestations of the digestive, hepatobiliary, nervous, endocrine, and musculoskeletal systems.

Department of Health Sciences

HSC 4564 - Health Care Needs of the Elderly

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HSA 3111 or C.I.
Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Overview of the physical and emotional needs of the elderly, including the institutional health care available. Fall, Spring

HPA-HMI

HSC 4572 - Clinical Nutrition

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HUN 2201 with a grade of "C" (2.0) or better.

UCF Undergraduate Catalog 2019-2020 - 1359
Basic principles of both normal and medical nutrition therapy associated with health and chronic diseases of public health importance.

HPA-HP

HSC 4652 - Health Law and Ethics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and Junior Standing, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Overview of the legal and ethical issues faced by health care consumers, practitioners, administrators and health care facilities.

HPA-HP

HSC 4730 - Applied Health Research Methodology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): STA 2023 with a grade of "C" (2.0) or better and junior standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Clinical research issues including: clinical research questions, protocol, patient safety, IRB, ethics and patient rights.

HPA-HP

HSC 4930 - Health Sciences Seminar

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Senior standing and Health Sciences major Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Career and graduate school preparation, and applications of clinical and translational research in healthcare.

HPA-HP

HSC 4943 - Health Sciences Internship

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 9-12
Contact Hours: 9-12
Prerequisite(s): Junior standing, 3.0 overall GPA, HSC 4555 or HSC 4558, and approval of the Program Director. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides students with an opportunity to apply their academic knowledge in various professional healthcare environments. Internship sites include clinical shadowing, research, and other community outreach opportunities.

Department of Health Sciences

CAH-PHIL

HUM 2020H - Honors Humanistic Tradition I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An interdisciplinary, multicultural study of the arts and sciences contributed by diverse human traditions to world civilization. Focus is on ancient civilizations and the cultural heritage stemming from them. Primary sources (in translation) are emphasized.

CAH-PHIL

HUM 2210 - Humanistic Tradition I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An interdisciplinary, multicultural study of the arts and sciences contributed by diverse human traditions to world civilization. Focus is on ancient civilizations and the cultural heritage stemming from them. Primary sources (in translation) are emphasized. Honors content.

CAH-PHIL

HUM 2210H - Honors Humanistic Tradition I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An interdisciplinary, multicultural study of the arts and sciences contributed by diverse human traditions to world civilization. Focus is on ancient civilizations and the cultural heritage stemming from them. Primary sources (in translation) are emphasized. Honors content.

CAH-PHIL

HUM 2230 - Humanistic Tradition II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An interdisciplinary, multicultural study of the arts and sciences contributed by diverse human traditions to world civilization. Focus is on modern civilizations and their contributions to the Global Village. Primary sources (in translation) are emphasized.

CAH-PHIL

HUM 2230H - Honors Humanistic Tradition II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An interdisciplinary, multicultural study of the arts and sciences contributed by diverse human traditions to world civilization. Focus is on modern civilizations and their contributions to the Global Village. Primary sources (in translation) are emphasized. Honors content.

CAH-PHIL

HUM 2255 - Modern Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Multicultural study of Philosophy and the arts of the modern period.

CAH-PHIL

HUM 3207 - Memory and Testimony

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HUM 2210 and HUM 2230 and Junior standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary exploration of personal and public memory, focusing on the significance of memory and testimony for our sense of self, family, community, culture, and nation.

CAH-PHIL

HUM 3300 - Contemporary Multicultural Studies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Studies the confluence of diverse cultures making up North America in the Information Age, focusing on complete primary sources in philosophy, literature, visual arts and music.

CAH-PHIL

HUM 3326 - Theories of Sex and Gender in Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Historical and contemporary theories of sex and gender relevant in interdisciplinary Humanities.

CAH-PHIL

HUM 3401 - Asian Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An interdisciplinary survey of the cultures of India, China, and Japan, concentrating on their traditional art, literature, religion, philosophy, and music.

CAH-PHIL

HUM 3419H - Honors Islamic Thought and Culture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HUM 2230, or REL 2300, and Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The development of Islamic thought and culture, concentrating on religion, jurisprudence, philosophy, science and art with special focus on perception of Islam in Western literature and scholarship. With Honors content.

CAH-PHIL
HUM 3423 - African Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Ideas in cultures of Latin America and Caribbean basin as expressed in arts, architecture, music, philosophy, religion, literature and film.

CAH-PHIL

HUM 3431 - Ancient Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Development of Ancient Greek thought and culture with emphasis on philosophy, religion, literature and art.

CAH-PHIL

HUM 3435 - Medieval Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Development of Medieval thought and culture with emphasis on Philosophy, Religion, Literature and Art.

CAH-PHIL

HUM 3460 - Latin American Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): HUM 2210 or HUM 2230. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Ideas in cultures of Latin America and Caribbean basin as expressed in arts, architecture, music, philosophy, religion, literature and film.

CAH-PHIL

HUM 3800 - Research Methods in Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Humanities Major with any prior HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Research skills for the humanities, including methodologies, writing techniques, essay structuring, formatting, and methods for citing references and constructing bibliographies.

CAH-PHIL

HUM 3805 - Critical Theory in the Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theories of interpreting technologies, texts, and practices, with emphasis on film, visual/performing arts, music, religion, and philosophy.

CAH-PHIL

HUM 3806 - Critical Race Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides an introduction to major themes, theories, and historiography from the field of Critical Race Theory.

CAH-PHIL

HUM 3830 - Introduction to Digital Humanities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Investigation of the application of digital tools to humanities questions, and to questions about contemporary life.

CAH-PHIL

HUM 4301 - The Classical Ideal

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any 3000-level HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The search for order and form in the arts of various times and cultures. Concerns reason, structure, objectivity, harmony. Open to all Juniors and Seniors.

CAH-PHIL

HUM 4330 - Performance Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any 3000-level HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The search for order and form in the arts of various times and cultures. Concerns reason, structure, objectivity, harmony. Open to all Juniors and Seniors.

CAH-PHIL

HUM 4330 - Performance Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any 3000-level HUM course, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The search for order and form in the arts of various times and cultures. Concerns reason, structure, objectivity, harmony. Open to all Juniors and Seniors.

CAH-PHIL

CAH-PHIL
Developments in queer theory. Challenge to research by scholars, activists, performers, and visual artists.

CAH-PHIL

HUM 4826 - Postcolonial Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any 3000-level HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary overview of postcolonial philosophy, literature, film, and cultural theory.

CAH-PHIL

HUM 4931 - Key Figures in the Humanities & Cultural Studies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any 3000-level HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of a central Humanities/Cultural Studies figure's work, influences, reception, and effect. May be repeated for credit only when course content is different.

CAH-PHIL

HUM 4933 - Senior Research Seminar

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any 3000-level HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Capstone course on research, developing effective oral and written communication skills.

CAH-PHIL

HUM 4934 - Key Concepts in Humanities & Cultural Studies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any 3000-level HUM course or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of the development, meaning, and implications of a central concept in the Humanities and Cultural Studies. May be repeated for credit only when course content is different.

CAH-PHIL

HUN 2201 - Fundamentals of Human Nutrition

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Functions, roles, guidelines and requirements for nutrients. Includes digestion, absorption, nutrient interactions, effects of deficiencies or toxicities, food sources and weight management. Emphasis is on prevention of disease.

HPA-HP

HUN 3011 - Human Nutrition

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ZOO 3733C and CHM 1032 or C.I.

Essentials of nutrition related to the life cycle, including the...
physiological, psychosocial, and cultural aspects of nutrition and the inter-relationship with disease are emphasized.

CON-NURS

HUN 3013 - Nutrition Concepts and Issues in the Food Service Industry

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): FSS 2221C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduces basic nutrition concepts. Discusses nutrition concepts and concerns in relation to food preparation and service in the hospitality industry.

RCHM-FOOD&LODG

IDH 301H - Honors Cultural Traditions of India

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Integrative background of Indian culture, philosophy and art. Instruction on music, yoga, dance and Indian fine arts.

BHC-HON

IDH 3600H - Honors Case Studies in Ethics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A case-study approach to contemporary ethical issues. Students will apply critical thinking skills and ethical theories to interdisciplinary problems and will participate in team debates. With Honors content.

CAH-PHIL

IDH 3930H - Superheroes In American Popular Culture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An historical, sociopolitical, cultural, aesthetic and thematic examination of the superhero mythos, this course will explore popular and obscure superheroes as they appear in several art forms.

BHC-HON

IDH 4030H - Honors Windows To The World

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors and IDH 1920H, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Philosophy of the liberal arts and sciences proposes the well-rounded individual as its goal. Explores ideas regarding traits across disciplines, across cultures, and across time. May be repeated for credit.

Spring Graded S/U.

The Burnett Honors College

IDS 3150 - Foundations of Environmental Studies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing, complete equivalent of UCF Science and Math GEP. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
An overview of the approaches taken by different disciplines to address regional, national, and global environmental issues.

UGST-INTERDISC

IDS 3333 - World Comparative Studies

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1102 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Comparative study of cultures, economics, languages, and social systems using approaches and data from multiple disciplines.

UGST-INTERDISC

IDS 4893 - Capstone Environmental Studies

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Environmental Studies Major in graduating semester, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

In graduating semester, majors reflect on their learning, engage in research projects, prepare an e-portfolio documenting their skills, competencies, and academic career for post-graduation plans.

UGST-INTERDISC

IDS 4934 - Capstone Experience

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): IDS 3933, Junior standing, and Interdisciplinary Studies major, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Student exposition of coursework demonstrating the understanding of interdisciplinary approaches and successful synthesis of interdisciplinary studies, applied to the course of study and academic/career goals.

UGST-INTERDISC

IDS 4939 - Senior Seminar

Credit Hours: 1-3  
Class Hours: 0  
Lab and Field Work Hours: 0  
Prerequisite(s): ENC 1101, 1102

The Senior Seminar is the capstone course for General Studies, enabling students to integrate undergraduate experiences, prepare professional engagement, and produce a culminating project.  

Office of Interdisciplinary Studies

IDS 4947 - Internship

INP 3004 - Industrial/Organizational Psychology

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PSY 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Psychological theories and principles applicable to problems in industrial organizations.

COS-PSYCH

INP 3004H - Honors Industrial/Organizational Psychology

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PSY 2012 and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Psychological theories and principles applicable to problems in industrial organizations. With Honors content.

COS-PSYCH

INP 3141C - Advanced Applied Psychology

Credit Hours: 1-3  
Class Hours: 2  
Lab and Field Work Hours: 2  
Contact Hours: 4  
Prerequisite(s): Acceptance into the Energy and Sustainability Minor, Senior standing and Completion of GEP or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Student exposition of coursework demonstrating the understanding of interdisciplinary approaches and successful synthesis of interdisciplinary studies, applied to the course of study and academic/career goals.

UGST-INTERDISC

IDS 4939 - Senior Seminar

Credit Hours: 1-3  
Class Hours: 0
Lab and Field Work Hours: 3-9
Contact Hours: 3-9
Prerequisite(s): PSY 2012 and C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Course will explore application of psychological knowledge to clinical, experimental, industrial, or educational settings. Supervised laboratory experience is required. May be repeated for credit. Graded S/U.

COS-PSYCH

INP 3951 - Industrial/Organizational Field Work

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 10
Contact Hours: 10
Prerequisite(s): C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An opportunity for advanced undergraduate psychology majors to become involved in the application of I/O psychology to local organizations.

COS-PSYCH

INP 4313 - Organizational Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analysis of the psychological principles underlying individual and group behavior in an organizational setting. Topics include group dynamics, leadership and participation, intergroup behavior, and organization development.

COS-PSYCH

INP 4319 - Occupational Health Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Occupational Health Psychology, including workplace stress and coping, workplace aggression, work schedules and job design, and organizational interventions. Occasional

INP 4380 - Psychology of Teamwork

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Dynamics of small groups and teams from social and applied psychology perspectives.

COS-PSYCH

INR 2002 - International Relations-Theory and Practice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analysis of the fundamental principles and factors affecting interstate relations and their application to contemporary global developments.

COS-POLS

INR 3250 - Politics of Pan-Africanism

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): INR 2002. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Political expressions of Pan-Africanism throughout the major regions of the African Diaspora.

COS-POLS

INR 3253 - International Politics of Africa

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The broad structures and processes of international politics and foreign policy in Africa, with particular attention on U.S.-African relations.

COS-POLS

INR 4008 - Global Perspectives

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The historical and contemporary contexts of globalization.
INR 4011 - Politics of Globalization
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

The international politics of regional and global economic interdependence, with emphasis upon North-South relations, the New International Economic Order, OPEC, and multinational corporations.

COS-POLS

INR 4030 - Diplomacy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Concepts, theories, and methods of contemporary diplomacy; diplomatic processes in the international arena.

COS-POLS

INR 4030H - Honors Diplomacy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): POS 2041 and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Concepts, theories, and methods of contemporary diplomacy; diplomatic processes in the international arena.

COS-POLS

INR 4035 - International Political Economy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Politics of US-Soviet relations emphasizing the Cold War including the global impact of the Cold War, and prospects for post-Cold War international politics.

COS-POLS

INR 4040 - Causes of War
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

The primary theoretical and empirical research explaining militarized interstate conflict.

COS-POLS

INR 4054 - Global Politics of Energy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

International/national dimensions of global energy policy within developed and underdeveloped countries.

COS-POLS

INR 4060 - Causes of War
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

The primary theoretical and empirical research explaining militarized interstate conflict.

COS-POLS

INR 4063 - The Cold War
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Meaning of human rights, political and international implications of human rights policies, relationship to global peace, racism, gender inequality, economic development and democratization.

COS-POLS

INR 4074 - Immigration Policy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Analysis of the complex subject of immigration, including U.S. and comparative immigration policy, illegal immigration, alien smuggling, and statelessness and their political/security impact.

COS-POLS

INR 4075 - Human Rights Policy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Meaning of human rights, political and international implications of human rights policies, relationship to global peace, racism, gender inequality, economic development and democratization.

COS-POLS

INR 4076 - Global Drug Policy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
International drug control issues, policy formulation and enforcement, impact of government and political economic systems on drug policy. Selected Latin American and Third World cases.

COS-POLS

INR 4084 - Politics of International Terrorism

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

Nature and politics of terrorism with primary focus on its implications for international relations.

COS-POLS

INR 4085 - Women, Gender, and Globalization

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

Feminist and gender perspectives in International Relations, Globalization, and International Political Economy.

COS-POLS

INR 4102 - American Foreign Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

Development of American foreign policy, with emphasis on the role and policies of the United States in the contemporary world.

COS-POLS

INR 4104 - Topics and Cases in American Foreign Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

General or intensive analysis of problems or aspects of U.S. foreign policy. Issues may include September 11th, homeland security, counter-terrorism, policymaking and decision-making and intelligence.

COS-POLS

INR 4104 - Topics and Cases in American Foreign Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

General or intensive analysis of problems or aspects of U.S. foreign policy. Issues may include September 11th, homeland security, counter-terrorism, policymaking and decision-making and intelligence.

COS-POLS

INR 4114 - American Security Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

Study of the evolution of American security policy since World War II, including consideration of the social and political costs involved and means of control.

COS-POLS

INR 4115 - Strategic Weapons and Arms Control

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

Control of strategic weapons and their impact. Technological and policy aspects, including nuclear proliferation.

COS-POLS

INR 4224 - Contemporary International Politics of Asia

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

Examinations of the foreign policies of major and secondary powers in Asia, with particular attention to China and Japan.

COS-POLS

INR 4225 - The Vietnam War

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): POS 2041 or INR 2002, or C.I. Corequisite(s): None.

Background of events leading to America's involvement in Indochina, the course of the Vietnam War, and the lessons which that war imparts.

COS-POLS

INR 4243 - International Politics of Latin America

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None.

Study of contemporary U.S.-Latin
American relations, inter-American politics and organization, and the role of Latin America in the world.

COS-POLS

INR 4274 - International Politics of the Middle East
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Either INR 2002, CPO 3103 or POS 2041.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines foreign relations among Middle Eastern states and related actors, including, but not limited to, the great powers of the world.

COS-POLS

INR 4304 - Issues in International Public Policy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Endogenous and exogenous variables, including policy analysis and decision-making, which influence select international public policy issues.

COS-POLS

INR 4335 - Coercion in International Politics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of the role of coercive techniques among states in a nuclear age, ranging from nuclear strategy and deterrence to wars of national liberation and coups.

COS-POLS

INR 4350 - Global Environmental Politics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The unique environmental struggles and political issues that occur on the international and global levels.

COS-POLS

INR 4351 - International Environmental Law
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of global efforts to establish a treaty regime for environmental protection of earth's biosphere when challenged by national sovereignty and economic and cultural diversity.

COS-POLS

INR 4354 - The Intelligence Community
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The intelligence community structure in its relationship to foreign policy decision making, consideration of control and reliability questions, and issues of cooperation and coordination.

COS-POLS

INR 4364H - Honors: The Intelligence Community
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: POS 2041 or INR 2002 or CPO 3103, and Consent of Honors or C.I.

US national security and the role of the intelligence community. The collection, processing, and analysis of intelligence, counter intelligence, and covert operations. With honors content. Spring

INR 4401 - International Law
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I.

Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The nature, evolution, and sources of politics, and psychology to shape political decisions.
international law and examination of various sub-areas as recognition, maritime law, nationality, and war.

COS-POLS

INR 4404 - Space Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of the legal regime of outer space from both international and national perspectives, and the legal problems arising from human activity in space.

COS-POLS

INR 4714 - Politics of International Trade Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Key actors and processes of international trade policy-making at the sub-national, nation-state, regional, and global levels of analysis.

COS-POLS

INR 4502 - International Organizations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The study of the structure and workings of international organizations of cooperation, including the UN, its affiliates, and various regional organizations.

COS-POLS

INR 4603 - International Relations Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theoretical trends prevalent in the study of international relations, including realism, liberalism, Marxism, feminism, and post-modernism.

COS-POLS

INR 4743 - Military Power and Effectiveness

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): INR 2002 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explores the evaluation of military power and effectiveness in international and domestic conflict, emphasizing social science approaches to theory and research methodology.

COS-POLS

INR 4764 - Cyberwarfare Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): POS 2041 or ENC 1102 or INR 2002 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

How nations, groups and individuals throughout the world use internet/cyber-attacks for military, political, and economic gains over their adversaries.

COS-POLS

INR 4764H - Honors Cyberwarfare Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: POS 2041 OR ENC 1102 OR INR 2002, and Consent of Honors or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of roles and how nations, groups, and individuals use cyber-attacks and cyber espionage against adversaries. Challenges of current and proposed policy. With honors content. Fall

COS-POLS

INR 4765 - Emerging Space Powers

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): POS 2041 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of states' efforts to develop space technologies for purposes of economic, social and military development.

UCF Undergraduate Catalog 2019-2020 - 1371
Contact Hours: 4  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduces the student to Italian culture through the major language skills: listening, speaking, reading and writing. Open only to students with no experience in this language.

CAH-LANG

ITA 1121C - Elementary Italian Language and Civilization II

Credit Hours: 4  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): ITA 1120C or equivalent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of ITA 1120C.

CAH-LANG

ITA 2010C - Italian for Spanish Speakers

Credit Hours: 4  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): PR: Native Spanish Speaker or C.I.

Designed for native speakers of Spanish, uses multilingual pedagogies and intercomprehension between Italian and Spanish, allowing for an accelerated pace of learning.  

Occasional

Department of Modern Languages and Literatures

ITA 2200 - Intermediate Italian Language and Civilization I

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ITA 1121C or equivalent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Designed to continue development of language skills at intermediate level, plus a review of grammar, study of syntax, idiomatic expression, extensive readings, and further study of Italian culture.

CAH-LANG

ITA 2201 - Intermediate Italian Language and Civilization II

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ITA 2200 or equivalent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of ITA 2200.

CAH-LANG

ITA 3215 - Azione! Italian through Film

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PR: ITA 2200 or C.I.

Applies the linguistic and grammatical principles of Italian through film and television, with an emphasis on modern Italian culture. Taught entirely in Italian.  

Occasional

ITA 3420 - Italian Composition

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0

Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): EDG 4410; Corequisite(s): LAE 4360 and LAE 3940. Prerequisite(s) or Corequisite(s): None.

Content, principles, materials, and techniques involved in teaching, speaking, listening, writing, and spelling in the elementary school; organizing for instruction.

ED-TL&L

LAE 4342 - Programs in Teaching Language and Composition

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): EDG 4410; Corequisite(s): LAE 4360 and LAE 3940. Prerequisite(s) or Corequisite(s): None.

Special programs, strategies and materials for middle and secondary English Language Arts majors. Emphasis on individual needs of students.

ED-TL&L

LAE 4360 - English Instructional Analysis

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Admission to graduate program or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Course objectives for a school curriculum and methods and materials which have special application for teaching English at the middle grades and high school.

ED-TL&L

LAE 4361 - Literacy Strategies in a Digital Age for Middle and High School

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Admission to graduate program or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Designed to assist teachers in understanding and presenting information using digital literacies, technological innovations, language arts skills and multicultural models of instruction for secondary instruction.

ED-TL&L

LAE 4464 - Survey of Adolescent Literature

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1101 and admission to the college.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course is designed to explore adolescent/young adult literature from an educational and historical perspective.

ED-TL&L

LAE 4466 - Canon, Young Adult Literature and the English Language Arts Curriculum

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENH 1101 and admission to the college.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course focuses on special application for teaching canonical texts while demonstrating the bridge between canonical text and young adult literature for teaching English Language Arts at middle and high school.

ED-TL&L

LAH 3130 - Latin American History I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The Colonial period.

CAH-HIST

LAH 3200 - Modern Latin America

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): WOH 2022.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Investigates the broader themes of Latin American history from independence to the present.

CAH-HIST

LAH 3400 - History of Mexico and Central America

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of Mexican and Central American history from Pre-Columbian times to the present.

CAH-HIST

LAH 3470 - History of the Caribbean

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EUH 2000 and EUH 2001 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

History of Cuba, Puerto Rico, Dominican Republic, and Haiti from Pre-Columbian times to the present.

CAH-HIST

LAH 4136 - Colonial Florida

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): AMH 2010 and AMH 2020 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

History of Spanish Colonial Florida until 1821.

CAH-HIST

LAH 4461 - History of Puerto Rico

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any two of the following: AMH 2010, AMH 2020, WOH 2012, or WOH 2022.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

History of Puerto Rico from pre-Columbian era to present.

CAH-HIST

LAH 4480 - History of Cuba

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Any two of the following: AMH 2010, AMH 2020, WOH 2012, or WOH 2022.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

History of Cuba from pre-Columbian era to present.

CAH-HIST

LAH 4503 - History of South America

U C F Undergraduate Catalog 2019-2020 - 1381
LAH 4512 - Modern Argentina

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): WOH 2022 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

History of South America by focusing on themes of economic, social, and cultural history in the 19th and 20th centuries.

CAH-HIST

LAS 3002 - Topics in Latin American Studies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPN 1121C or SPN 2200 or equivalent or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the economic, social, and cultural history of Argentina.

CAH-HIST

LAH 4630 - History of Modern Brazil

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): WOH 2022 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Major themes of the history of modern Brazil (ca. 1750-present).

CAH-HIST

LAS 3026 - Cuba: A Collective Portrait

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examine and reflect on various themes pertaining to Cuba's dynamic and rich culture, history, and society with an interdisciplinary approach.

CAH-HIST

LAH 4780 - Poverty and Development in Latin America

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): WOH 2022 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examines the historical reasons for poverty and inequality in 20th century Latin America.

CAH-HIST

LAS 3320 - Brazilian Culture

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary examination of Brazilian culture through cinema, music, literature, and fine arts.

CAH-HIST

LAS 3026 - Topics in Latin American Studies

Credit Hours: 3
Class Hours: 3

Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Poetry written in English after the mid-twentieth century, including North American, British, Irish, and Anglophone countries.

LIT 4043 - Modern Drama As Literature
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A study of important plays, playwrights, themes, movements, and styles in modern American, British, and European drama.

LIT 4184 - Irish Literature
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of literature written in Ireland, within the context of Irish history, politics, culture and colonial experience.

LIT 4233 - Postcolonial Theory and Literature
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Focus on the nature of colonial discourse, the strength of postcolonial rewritings, and the relationship of postcolonial theory to other theories.

LIT 4244 - World Authors
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better required in ENG 3014 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of the works of a single non-British and non-U.S. author who composes in English. May be used in the degree program a maximum of 2 times only when course content is different.

LIT 4303 - Post-World War II Fiction
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An investigation of various modes of reality in the works of significant postmodernist world authors, crossing cultural boundaries.

LIT 4374 - Literature of the Bible
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of C (2.0) or better required in ENG 3014.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Literary forms in the Bible - narrative, poetic, and dramatic - and their reflection in modern literature.

LIT 4374H - Honors Literature of the Bible
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors and ENC 1101H or equivalent credit. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Literary forms in the Bible - narrative, poetic, and dramatic - and their reflection in modern literature. Honors content.

CAH-ENG

LIT 4433 - Literature of Science and Technology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in ENC 1102 or CI.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Major works of non-fiction that address and describe the history, philosophy, politics, and new ideas in science and technology.

CAH-ENG

LIT 4554 - Advanced Feminist Theories

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in ENC 1102 or CI.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An advanced exploration of feminist critical theories and practices.

CAH-ENG

MAA 4226 - Advanced Calculus I

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): MAF 3302, MAC 2313 and MAS 3106, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

COS-MATH

MAA 4227 - Advanced Calculus II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAA 4226 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of MAA 4226.

COS-MATH

MAA 4402 - Introduction to Complex Variables

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2313 and MAP 2302 and MHF 3302, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analytic functions and complex integration. Residue integration, Taylor and Laurent series, conformal mapping and the application of complex analysis to Potential Theory.

COS-MATH

MAA 4934 - Topics in Analysis

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAS 3106 and MAA 4226, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced topics in analysis. Selection of topics will vary. May be used in the degree program a maximum of 3 times.

COS-MATH

MAC 1105C - College Algebra

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): Appropriate score on the UCF Math Placement exam, or MAT 1033C with a "C" (2.0) or better, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Inequalities. High degree polynomials. Graphs, rational, logarithmic, and exponential functions. Systems of equations. The "NC" grading policy applies to this course.

COS-MATH

MAC 1114C - College Trigonometry

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): Appropriate score on the UCF Math Placement Exam, or MAC 1105C with a "C" (2.0) or higher, or C.I.

The circle arc length, identities, trigonometric functions, inverse functions, applications to simple harmonic motion, function of angles, complete development of triangle solving. Prepares students for upper level mathematics. The "NC" grading policy applies to this course.

COS-MATH

MAC 1140C - Pre-Calculus Algebra

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): Appropriate score on the Math Placement Exam, or MAC 1105C with a "C" (2.0) or better, or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Properties and graphs of polynomials, rational, exponential and logarithmic functions, matrices, sequences and series, conics, induction, binomial theorem.
Introduction to limits. Prepares students for upper level mathematics. The "NC" grading policy applies to this course.

COS-MATH

MAC 2147 - Mathematics for Calculus
Credit Hours: 5
Class Hours: 5
Lab and Field Work Hours: 0
Contact Hours: 5
Prerequisite(s): Solid background in algebra or trigonometry, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
For students with good mathematical backgrounds who do not want to go directly into calculus. Topics include matrices, determinants, permutations, combinations, sequences, series, induction, trigonometric functions. The "NC" grading policy applies to this course.

COS-MATH

MAC 2233 - Concepts of Calculus
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Appropriate score on the UCF Math Placement Exam, or MAC 1140C with a C (2.0) or better and MAC 1114C with a C (2.0) or better, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The differential and integral calculus of rational, exponential and logarithmic functions, with applications to business analysis. Not open to students with credit in MAC 2253 or MAC 2311C. The "NC" grading policy applies to this course.

COS-MATH

MAC 2253 - Applied Calculus
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Appropriate score on the UCF Math Placement Exam, or MAC 1140C with a C (2.0) or better and MAC 1114C with a C (2.0) or better, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Differential and integral calculus. Applications to engineering technology. Not open to students with credit in MAC 2233 or MAC 2311C. The "NC" grading policy applies to this course.

COS-MATH

MAC 2311C - Calculus with Analytic Geometry I
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): Grade of "C" (2.0) or better in MAC 2311C, or credit by exam equivalency for MAC2311C, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Differentiation and integration of exponential, logarithmic, inverse trigonometric functions; applications of derivatives; integration and the fundamental theorem of calculus; applications of definite integrals. Not open to students with credit in MAC 2241. The "NC" grading policy applies to this course. Fall, Spring, Summer

Department of Mathematics

MAC 2311H - Honors Calculus with Analytic Geometry I
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): Appropriate score on the UCF Math Placement Exam, or MAC 1140C with a "C" (2.0) or better and MAC 1114C with a grade of "C" (2.0) or better, or combination of appropriate score on the UCF Math Placement Exam and "C" (2.0) or better in MAC 1114C or MAC 1140C, or MAC 2147, and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Analytic geometry; limits, continuity, differentiation of algebraic and trigonometric functions; applications of derivatives; integration and the fundamental theorem of calculus; applications of definite integrals. The "NC" grading policy applies to this course. With Honors content. Fall, Spring

Department of Mathematics

MAC 2312 - Calculus with Analytic Geometry II
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): Grade of "C" (2.0) or better in MAC 2311C, or credit by exam equivalency for MAC2311C, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Differential and integration of exponential, logarithmic, inverse trigonometric functions; techniques of integration; further applications of integration; parametric equations, polar coordinates; infinite sequences and series. Fall, Spring, Summer

Department of Mathematics
MAC 2312H - Honors Calculus with Analytic Geometry II
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): Grade of "C" (2.0) or better in MAC 2311C, or credit by exam equivalency for MAC2311C, and consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Differentiation and integration of exponential, logarithmic, inverse trigonometric functions; techniques of integration; further applications of integration; parametric equations, polar coordinates; infinite sequences and series. With Honors content.

MAC 2313 - Calculus with Analytic Geometry III
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): Grade of "C" (2.0) or better in MAC 2312, or score of 5 on the Calculus BC Advanced Placement Exam, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Geometry of higher dimensional Euclidean space; vectors and vector functions; partial derivatives; multiple integrals; line integrals; vector fields; Green's Theorem and Stoke's Theorem. With Honors content.

MAC 2313H - Honors Calculus with Analytic Geometry III
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): Grade of "C" (2.0) or better in MAC 2312, or score of 5 on the Calculus BC Advanced Placement Exam, and permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Geometry of higher dimensional Euclidean space; vectors and vector functions; partial derivatives; multiple integrals; line integrals; vector fields; Green's Theorem and Stoke's Theorem. With Honors content.

MAD 2104 - Foundations of Discrete Math
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): 2 years of high school algebra and 1 year of geometry or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Basic mathematical logic, methods of proof in mathematics, and application to elementary discrete structure.

MAD 4203 - Introduction to Combinatorics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2312, and either MHF 3302 or COT 3100C, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Counting principles; permutations and combinations, multisets; recurrence relations and generating functions; combinatorial designs; the Polya theory of counting.

MAD 4301 - Introduction to Graph Theory
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Either MHF 3302 or COT 3100C, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Graph theory; isomorphism, connectivity; traversability, matchings, factorizations; planarity, colorings, and Ramsey number.
**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Admission to the Elementary Education B.S. - Pending, Elementary Education B.S - Education Track, Elementary Education B.S. - Lifelong Learning Track, Exceptional Student Education B.S., Early Childhood Development and Education B.S. or Early Childhood Development and Education Pending program.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.  

This course will address pedagogical content knowledge for teaching whole number concepts and operations, integer concepts, geometry and algebraic reasoning.

ED-TL&L

**MAE 3311 - Elementary Mathematics for Teaching II**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MAE 3310 with a "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.  

This course will address pedagogical content knowledge for teaching whole number concepts and operations, integer concepts, geometry and algebraic reasoning.

ED-TL&L

**MAE 3366 - Middle and High School Mathematics for Teaching**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Admission to Secondary Education B.S Pending, Secondary Education B.S. Mathematics Education Track, Lifelong Learning Track, Mathematics Education Minor or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course will address pedagogical content knowledge for teaching rational number concepts and operations, measurement, and algebraic reasoning.

ED-TL&L

**MAE 3333 - Teaching Geometry in the Secondary Schools**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PR: Admission to Secondary Education B.S Pending or Secondary Education B.S. Mathematics Education Track or Lifelong Learning Track or C.I.  

This course addresses specific techniques for developing geometry skills beginning in the general mathematics classes of grade 6 through the high school geometry course. Fall

**MAE 4300 - Math Curriculum and Assessment in Early Childhood**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): (EEC 4604, EEC 4207, EEX 3450, RED 3012, and TSL 4240), and senior standing Corequisite(s): EEC 4235C, RED 4311 and SCE 4304 Prerequisite(s) or Corequisite(s): None.  

Methodologies for teaching and assessing young children in mathematics concepts and skills through an integrated, developmentally appropriate program. Fall, Spring

School of Teacher Education

**MAE 4326 - How Children Learn Mathematics**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MAE 3310, MAE 3311 and admission to Elementary Education B.S - Education Track Corequisite(s): EDE 3942.  
Prerequisite(s) or Corequisite(s): PR: MAE 3310, MAE 3311 and admission to Elementary Education B.S - Education Track. CR: EDE 3942.  

Instructional strategies, learning activities, the use of manipulatives, lesson planning, evaluation of mathematical learning, and diagnostic techniques. Fall, Spring  
M&S fee $10.00

ED-TL&L

**MAE 4333 - Teaching Algebra in Secondary Schools**

**Credit Hours:** 3  
**Class Hours:** 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PR: Admission to Secondary Education B.S. Mathematics Education Track or Lifelong Learning Track or C.I.  

Strategies for teaching algebraic thinking in middle and high school. Spring

**MAE 4360 - Mathematics Instructional Analysis**

**Credit Hours:** 4  
**Class Hours:** 3  
Lab and Field Work Hours: 2  
Contact Hours: 5  
Prerequisite(s): EDG 4410 and MAE 4634. Corequisite(s): MAE 3940. Prerequisite(s) or Corequisite(s): None.  

Study of course objectives for the middle grades and high school curriculum and survey of methods and materials which have special application for teaching mathematics.

ED-TL&L

**MAE 4383 - Teaching Secondary Mathematics with Technology**
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Admission to Secondary Education B.S Pending or Secondary Education B.S. Mathematics Education Track or Lifelong Learning Track or C.I.

The application of educational technology to mathematics instruction including graphing calculators, apps, applets, virtual manipulatives, simulations, and mathematics software. **Summer**

**MAE 4634 - Programs in Teaching of Mathematics**

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): Admission to Secondary Education B.S - Mathematics Education Track, Lifelong Learning Track or Mathematics Education Minor Corequisite(s): MAE 3366 Prerequisite(s) or Corequisite(s): Admission to Secondary Education B.S - Mathematics Education Track, Lifelong Learning Track or Mathematics Education Minor, CR: MAE 3366

A consideration of special programs, strategies, and materials. Emphasis on individual needs of students. **Occasional**

**ED-TL&L**

**MAN 3025 - Management of Organizations**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ACG 2021 and ECO 2013 or ECO 2023 each with a grade of "C" (2.0) or better, and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to the theory and practice of managing formal organizations, including planning, organization theory, human behavior and control. **BA-MAN**

**MAN 3025H - Honors Management of Organizations**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ACG 2021 and ECO 2013 or ECO 2023 each with a grade of "C" (2.0) or better, and consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to the theory and practice of managing formal organizations, including planning, organization theory, human behavior, and control. Applicable to honors students. **BA-MAN**

**MAN 3301 - Strategic Human Resource Management**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Sophomore standing and ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides students with a complete, comprehensive review of the strategic importance of the essential human resource management concepts and techniques for any student majoring in Management. **Fall, Spring**

**Department of Management**

**MAN 3302 - Essentials of Human Resource Management for Integrated Business**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Completion of MAN 3025 with a grade of "C" or better Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Prepares managers to contribute to the development and implementation of HR policies and practices. Legal issues and relationships with other business functions are emphasized. **Fall, Spring, Summer**

**Department of Integrated Business**

**MAN 3354 - Employee Training for Non-Business Majors**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAN 3025. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Employee training needs and practices as performed by supervisors and managers under the direction of organizational specialists. Designed for non-business majors. **BA-MAN**

**MAN 3520 - Quality & Productivity Management**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAN 3025. Management Majors and Minors and students whose major requires it. Corequisite(s): None. Prerequisite(s) or Corequisite(s): MAN 3025. Management Majors and Minors and students whose major requires it.

Principles and theories of quality and operations management in manufacturing and service organizations. **Fall, Spring**

**BA-MAN**
MAN 4029 - Service Organization Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Management major, MAN 3025 and MAN 3520.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of the special characteristics, problems, and methods for managing service-oriented organizations.

BA-MAN

MAN 4046 - Teamwork, Collaboration, and Group Dynamics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Management major, Technological Entrepreneurship Minor, Entrepreneurship Minor or Entrepreneurship Certificate program.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of concepts related to teams and group dynamics, and development of an understanding of how to become an effective team member, leader, and designer.

BA-MAN

MAN 4101 - Human Relations in Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Management major, MAN 3025.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The study of individual, interpersonal, group, and intergroup problems in business organizations through the use of cases and experimental exercises.

BA-MAN

MAN 4043 - Leadership Development

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Management major, Technological Entrepreneurship Minor, Entrepreneurship Minor or Entrepreneurship Certificate program.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A course providing a micro/macro approach to the study of organizations by integrating organizational theory and organizational behavioral science concepts. Full, Spring

BA-MAN

MAN 4143 - Leadership Development

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Management major, Technological Entrepreneurship Minor, Entrepreneurship Minor or Entrepreneurship Certificate program.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provides a foundation on the leadership development process and the impact leaders can have on individuals, groups, and organizations.

BA-MAN

MAN 4209 - Designing Dynamic Organizations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Management major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Explores how innovative organization design represents an important source of competitive advantage for organizations of all types.

BA-MAN

MAN 4240 - Organizations: Theory and Behavior

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Completion of MAN 3025 and students admitted into any of the restricted business majors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): Completion of

MAN 3025 and students admitted into any of the restricted business majors.

A course providing a micro/macro approach to the study of organizations by integrating organizational theory and organizational behavioral science concepts. Full, Spring

BA-MAN

MAN 4320 - Human Resources Recruitment and Selection

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAN 3301 or MAN 3302
Corequisite(s): None.

A concentrated investigation of the methods appropriate to the development, implementation and administration of the staffing process in contemporary organizations

Occasional

Department of Management

MAN 4329 - Business Analytics in Human Resource Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAN 3301 or MAN 3302
Corequisite(s): None.

Processes, methodologies, infrastructure, and current practices used to transform data from many sources into useful information for human resource management and decisions. Occasional

Department of Management

MAN 4330 - Compensation Administration
MAN 4350 - Performance Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAN 3301 or MAN 3302
Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
The management of worker performance through the training and development activities delivered by organizational specialists. Theory, issues, practices and problems are discussed. Fall, Spring

Department of Management

MAN 4532 - Introduction to Collaborative Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Senior standing and C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Occasional

BA-MAN

MAN 4583 - Project Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Integrated Business major or Management major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Foundations of project management in assorted organizations and industries. Covers the project environment, the project manager's role, and project phases from initiation to closing.

BA-MAN

MAN 4600 - International Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Approved major or minor, MAN 3025. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The course examines issues involved in multinational management of business firms, with special emphasis on comparative management.

BA-MAN

MAN 4701 - Business Ethics and Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Management major, MAN 3025. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course applies the ethics dimension to business decisions in today's complex political, social, economic and technological environment.

BA-MAN

MAN 4720 - Strategic Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admitted to Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, QMB 3200, and ACG 3173 or ACG 3131. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students assume a strategic view of organizations and integrate and apply material learned in their business courses to modern organizational problems and opportunities.

BA-MAN

MAN 4941 - Management Internship

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): Management major, application approval, consent of department chair. Corequisite(s):
None. Prerequisite(s) or Corequisite(s): None.

Provides student with supervised, management-related work experience in a sponsoring organization. See department for information; application required. May be repeated for credit.

BA-MAN

MAP 2302 - Ordinary Differential Equations I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in MAC 2313, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

COS-MATH

MAP 2302H - Honors Differential Equations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" (2.0) or better in MAC 2313, and permission of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

COS-MATH

MAP 3482H - Honors Systems Modeling and Simulation

Credit Hours: 3
Class Hours: 3

COS-MATH

MAP 3923 - Frontiers in Mathematical Research: Colloquia and Public Talks

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): MAP 2302 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Current research in mathematics and related fields, as presented by leading national and international researchers. May not be used to satisfy requirements for mathematics major or minor. May be used in the degree program a maximum of 3 times. Graded S/U.

COS-MATH

MAP 4103 - Mathematical Modeling I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAS 3105 or MAS 3106, and MAP 2302, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to the study of mathematical modeling.

COS-MATH

MAP 4113 - Probability, Random Processes and Applications

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2313.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Elementary probability theory; modes of convergence; martingales, Gaussian, Wiener, and diffusion processes; Brownian motion; applications.

COS-MATH

MAP 4153 - Vector and Tensor Analysis

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAS 3105 or MAS 3106, and MAP 2302, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Vector calculus. The theorems of Green, Gauss and Stokes. Introduction to tensors. Application in engineering and physical sciences.

COS-MATH

MAP 4171 - Optimization

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2313, and MAP 2302, and MAS 3105 or MAS 3106, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Linear programming, dynamic programming, control theory, integer programming.

COS-MATH

MAP 4303 - Ordinary Differential Equations II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 2302, and MAS 3105 or MAS 3106, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Systems of linear differential equations, introduction to numerical solutions, stability theory and phase plane analysis, an introduction to limit cycles, bifurcations and chaos, power series solutions of differential equations.

COS-MATH

MAP 4341 - Introduction to Partial Differential Equations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 2302, and MAS 3105 or MAS 3106, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to second-order linear partial differential equations - heat, wave and Laplace equations, separation of variables in PDEs, Sturm-Liouville eigenvalue problems, Fourier series analysis and Green's functions, Laplace and Fourier transform methods.

COS-MATH

MAP 4342 - Partial Differential Equations II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAS 3105 or MAS 3106, and MAP 4341.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Green's Functions, Integral Transforms, Laplace and Fourier transforms applied to heat, wave and potential equations. Bessel functions, Legendre functions, Fourier-Bessel series, PDEs in higher dimensions.

COS-MATH

MAP 4371 - Numerical Methods for Differential Equations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2313, and MAP 2302, and COP 3223C, and MAS 3105 or MAS 3106, or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Numerical theory and practices used in solving ordinary differential equations and PDE. Covers Euler's method, trapezoidal rule, multi-step methods, Runge-Kutta, error control, finite differences, implicit and explicit schemes, iterative methods, and stability.

COS-MATH

MAP 4384 - Numerical Methods for Computational Sciences

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 2302, and COP 3223C, and MAS 3105 or MAS 3106. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory of modern methods of numerical computation and numerical analysis in linear algebra and differential equations; non-linear optimization, finite element methods, adaptive quadrature.

COS-MATH

MAP 4484 - Mathematical Biology I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 4484. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mathematics of permanence, persistence and stability of ecological communities; competition in special habitats; epidemics; immune system; optimal foraging; cancer modeling; physiological modeling; genetics; protein folding.

COS-MATH

MAP 4494 - Mathematical Biology II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 4484. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mathematical models of single populations, predator-prey systems, competition between species, host-parasite systems, epidemics, genetics, excitable systems.

COS-MATH

MAP 4494 - Mathematical Biology II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 4484. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mathematics of permanence, persistence and stability of ecological communities; competition in special habitats; epidemics; immune system; optimal foraging; cancer modeling; physiological modeling; genetics; protein folding.

COS-MATH

MAP 4640 - Financial Mathematics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 4113 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Binomial no-arbitrage pricing model, Martingales, Markov processes, capital asset pricing model, stopping times, American derivative securities, random walks, interest rates, fixed-income derivatives, futures.

COS-MATH

MAP 4934 - Topics in Applied Mathematics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAP 2302 and MAS 3105, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Mathematical models of single populations, predator-prey systems, competition between species, host-parasite systems, epidemics, genetics, excitable systems.
Advanced topics in applied mathematics. Selection of topics will vary. May be used in the degree program a maximum of 3 times.

MAR 3023 - Marketing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ACG 2021 and ECO 2023 each with a grade of "C" (2.0) or better, or for non-business majors, ECO 2013 or ECO 2023 with a grade of "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Study of how firms create and communicate value in order to build and maintain customer relationships while benefiting the organization and its stakeholders.

BA-MAR

MAR 3023H - Honors Marketing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ACG 2021 and ECO 2023 each with a grade of "C" (2.0) or better, and consent of the Honors College. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Study of how firms create and communicate value in order to build and maintain customer relationships while benefiting the organization and its stakeholders; course has honors content.

BA-MAR

MAR 3203 - Supply Chain and Operations Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Completion of each course in the Business common program prerequisites with a "C" (2.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Study of the planning and management of all activities involved in processes, assets, and flows of materials and information to meet customers' needs.

BA-MAR

MAR 3203H - Honors Supply Chain and Operations Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Completion of each course in the Business common program prerequisites with a "C" (2.0) or better, and consent of the Honors College. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Study of the planning and management of all activities involved in processes, assets, and flows of materials and information to meet customers' needs.

BA-MAR

MAR 3323 - Integrated Marketing Communication

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing Minor and MAR 3023 with a "B" (3.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Planning and execution of advertising, sales promotion, and public relations programs consistent with integrated marketing communications programs.

MAR 3391 - Professional Selling

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing major or Marketing minor, and MAR 3023 with a grade of "B" (3.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
The communication processes that form the basis of professional selling to businesses and to individuals. Focus is on applied exercises and role-play situations.

BA-MAR

MAR 3391H - Honors Professional Selling

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing major or Marketing minor, and MAR 3023 with a grade of "B" (3.0) or better, and consent of the Honors College. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
The communication processes that form the basis of professional selling to businesses and to individuals. Focus is on applied exercises and role-play situations.

BA-MAR

MAR 3403 - Sales Force Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAR 3023 with a "B" (3.0) or better and appropriate major or minor. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
An overview of the sales management process. Emphasis on sales program formulation and implementation.

BA-MAR

MAR 3407 - Integrated Marketing and Sales
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAR 3023
Marketing Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Analyze business scenarios to develop integrated marketing and sales plans with creative strategies and innovative tactics face-to-face and online in Business-to-Business and Business-to-Consumer markets.

Fall, Spring, Summer

Department of Integrated Business

MAR 3503 - Consumer Behavior
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the marketing major.
Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Individuals, groups, or organizations and the processes utilized to select, secure, use, and dispose of products, services, or experiences to satisfy consumer needs and wants.

BA-MAR

MAR 3611 - Marketing Analysis and Research Methods
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor or Professional Selling minor, and MAR 3023 with a "B" (3.0) or better. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Study of analytical tools and research methods used by marketers to make more effective decisions.

BA-MAR

MAR 3613 - Marketing Research
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAR 3615 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The acquisition of information using various marketing research methods, as well as the application of results to marketing decision making.

BA-MAR

MAR 3615 - Marketing Analysis
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the marketing major.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of analytic methods, tools, processes, and technologies that enable marketers to evaluate the success of marketing activities and initiatives.

BA-MAR

MAR 3641 - Marketing Intelligence
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better, or admission to the Entrepreneurship certificate or the Entrepreneurship minor or the Technological Entrepreneurship minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Contemporary sources and applications of information concerning external forces impacting marketing decision making.

BA-MAR

MAR 3721 - Digital Media Marketing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the marketing major.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The application of contemporary digital media technologies to marketing decision making.

BA-MAR

MAR 3765 - Entrepreneurial Marketing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better, or admission to the Entrepreneurship certificate or the Entrepreneurship minor or the Technological Entrepreneurship minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Exploration of how marketing and entrepreneurship affect and are affected by one another.

BA-MAR

MAR 4156 - International Marketing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

UCF Undergraduate Catalog 2019-2020 - 1399
Prerequisite(s) or Corequisite(s):
None.

Investigates strategy, policy and the variables relevant to international marketing decisions.

BA-MAR

MAR 4231 - Retailing Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The field of retailing. Emphasis on planning for profitability through demand forecasting, inventory control, customer relationship management and brand leadership.

BA-MAR

MAR 4413C - Strategic Issues in Sales

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): MAR 4415C with a grade of "C" (2.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced study of selected contemporary strategic issues in selling and sales management.

BA-MAR

MAR 4415C - Advanced Professional Selling

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): Admission to the professional selling track in the Marketing major or to the Professional Selling minor.

Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced study of the professional selling process, including team selling, negotiating, customer conflict management, and CRM systems.

BA-MAR

MAR 4418 - Strategic Sales Force Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Marketing major or the Professional Selling minor. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of the effective strategic management of contemporary sales forces. Emphasis on sales program formulation, implementation, and control, with a focus on strategy.

BA-MAR

MAR 4711 - Sport Marketing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Marketing as it applies to the sport and leisure industry.

BA-MAR

MAR 4712 - Healthcare Marketing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Marketing as it applies to healthcare manufacturers, intermediaries and providers.

BA-MAR

MAR 4715 - Entertainment Marketing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Application of marketing theory and tools to the marketing of products and services in the entertainment industry.

BA-MAR

MAR 4803 - Marketing Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Planning, organizing, implementing, monitoring and controlling marketing programs to effectively compete in dynamic and diverse business environments.

BA-MAR

MAR 4804 - Marketing Strategy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Marketing issues are explored, with emphasis on strategy formulation and integrative marketing decision making.

BA-MAR

MAR 4832 - Product Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAR 3613 with a grade of "C" (2.0) or better.
Corequisite(s): None.

Study of the theory and practice of managing innovation and product design, testing, branding, and introduction of new products.

BA-MAR

MAR 4840 - Fundamentals of Services Marketing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Integrated Business major.
Corequisite(s): None.

Study of marketing decision making in services sectors. Primary focus is on the unique aspects of services that impact marketing decision making in small and medium-size enterprises.

BA-MAR

MAR 4841 - Services Marketing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the marketing major. Corequisite(s): None.

Examination of marketing in services industries, with particular emphasis on unique aspects of services marketing, the service marketing mix, and the implementation of services strategies.

BA-MAR

MAR 4934 - Contemporary Marketing Topics in Florida

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Marketing minor and MAR 3023 with a "B" (3.0) or better.
Corequisite(s): None.

Advanced study of marketing topics relevant to major business sectors in the state of Florida, e.g., high technology, health care, sustainable marketing, housing, real estate, tourism, hospitality, sports, gaming, etc. Topics may vary from term to term. May be repeated for credit only when course content is different.

BA-MAR

MAR 4941 - Marketing Internship

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the Marketing major or minor, and application to and approval by the Department of Marketing.
Corequisite(s): None.

Provides student with supervised, market-related work experience in a sponsoring organization. Application and approval required.

BA-MAR

MAS 3105 - Matrix and Linear Algebra

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): MAC 2312 or C.I.
Corequisite(s): None.

Matrices, determinants, vector spaces over the reals, linear independence, basis, solutions of systems, range of linear transformations, eigenvectors, singular value decomposition.

COS-MATH

MAS 3105H - Honors Matrix and Linear Algebra

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): MAC 2312 and permission of Honors or C.I.
Corequisite(s): None.

Matrices, determinants, vector spaces over the reals, linear independence, basis, solutions of systems, range of linear transformations, eigenvectors, singular value decomposition. With Honors consent.

COS-MATH

MAS 3106 - Linear Algebra

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): MHF 3302 and MAS 3105, or C.I.
Corequisite(s): None.

Abstract vector spaces, linear transformations, isomorphisms, projections, inner products, spectral theorem, Jordan Canonical Form, quadratic forms.

COS-MATH

MAS 3203 - Introduction to Number Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MHF 3302 or C.I.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The course will include the following topics: inductive reasoning, factorization, the division algorithm and congruences.

COS-MATH

**MAS 4301 - Abstract Algebra I**  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MHF 3302 and MAS 3106, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Sets and mappings, groups, subgroups, permutation groups, homomorphisms and isomorphisms, the isomorphism theorems, groups actions, the class equation, Sylow theorems, and rings.

COS-MATH

**MAS 4302 - Abstract Algebra II**  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MAS 4301 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced topics in abstract algebra, including ring theory and field theory; introduction to Galois theory.

COS-MATH

**MAS 4934 - Topics in Algebra**  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MAS 3106 and MAS 4301, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to microbes, their beneficial and detrimental activities, and their importance to our every day lives.

COM-BSBS

**MAT 1033C - Intermediate Algebra**  
Credit Hours: 3  
Class Hours: 1  
Lab and Field Work Hours: 3  
Contact Hours: 4  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Reinforcement and development of algebra skills. Operations with polynomial, rational expressions; radicals; rational exponents; linear and quadratic equations, linear inequalities, and applications. This course is a "bridge course" which may be applied towards a degree as elective credit. This course will not satisfy either the GEP or Gordon Rule.

COS-MATH

**MAT 3937 - Techniques of Problem Solving**  
Credit Hours: 1  
Class Hours: 1  
Lab and Field Work Hours: 0  
Contact Hours: 1  
Prerequisite(s): MAC 2311C and Corequisite(s): MAC 2312; or C.I. Prerequisite(s) or Corequisite(s): None.

Methods for solving problems in a wide variety of mathematical fields, with an emphasis on proper mathematical technique and writing of solutions. May be repeated for credit. Graded S/U.

COS-MATH

**MCB 1000 - The Invisible World**  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None.

A survey of microbiology for the health professional. 65

COM-BSBS

**MCB 1310 - Introduction to Biotechnology and Genetic Engineering**  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to theories, laws, principles, foundations, scientific methods of genetic engineering & biotechnology and their applications in agriculture, environment and human health.

COM-BSBS

**MCB 2004C - Microbiology for Health Professionals**  
Credit Hours: 4  
Class Hours: 3  
Lab and Field Work Hours: 2  
Contact Hours: 5  
Prerequisite(s): BSC 2010C, CHM 2045C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A survey of microbiology for the health professional. 65

COM-BSBS

**MCB 3020C - General Microbiology**  
Credit Hours: 5  
Class Hours: 3  
Lab and Field Work Hours: 4  
Contact Hours: 7  
Prerequisite(s): None. Corequisite(s): None.
None. Prerequisite(s) or Corequisite(s): BSC 2010C, CHM 2046, or CHM 2210.

Fundamentals of microbiology, evaluating microbial structure and function, metabolism, growth, genetics, virology environmental control, ecology, pathogenicity; and laboratory techniques. 65

COM-BSBS

MCB 3020C - Honors General Microbiology

Credit Hours: 5
Class Hours: 3
Lab and Field Work Hours: 5
Contact Hours: 8
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 2010C, CHM 2046 or CHM 2210, and consent of Honors.

Same as MCB 3020C with enrichment and further development of analytical skills in a separate laboratory and discussion section. With Honors content. M&S fee $53.00

COM-BSBS

MCB 3202 - Principles of Infectious Disease

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MCB 3020C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to host-pathogen interactions and microbial pathogenesis, with topics covering eukaryotic pathogens, virology, prokaryotic structure, pathogen identification, epidemiology, immunity, vaccines and antimicrobials, and virulence mechanisms.

COM-BSBS

UCF Undergraduate Catalog 2019-2020 - 1403
MCB 4201 - Microbial Stress Response
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MCB 3020C and PCB 3522. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Examination of the molecular genetic mechanisms that bacterial and fungal pathogens use to adapt to changes in their environment.

COM-BSBS

MCB 4204 - Cellular Microbiology: Host-Pathogen Interactions
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MCB 3020C, PCB 3522. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Examination of the molecular details of host-pathogen interactions. Key areas of cell biology will be considered in relation to microbial pathogenesis.

COM-BSBS

MCB 4207 - Infectious Processes
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MCB 3020C. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

The infectious process and the response of host cells and tissue to infection.

COM-BSBS

MCB 4224 - Molecular Biology of Diseases
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522 or PCB 3023. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

In-depth knowledge of current advances in the molecular mechanisms underlying human diseases. Topics include autoimmunity, neurodegeneration, aging, drug addiction, obesity, and cancer.

COM-BSBS

MCB 4276 - Epidemiology of Infectious Diseases
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Study of descriptive and analytic epidemiology and its application to the analysis of infectious diseases and in the community health status.

COM-BSBS

MCB 4312 - Molecular Biotechnology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MCB 3020C. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Principles, techniques, and applications of Molecular Biotechnology in genetically modified food, cloning, gene therapy, and forensics; transgenic animals; patents and regulations.

COM-BSBS

MCB 4404 - Bacterial Genetics and Physiology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Basic principles of microbial genetic analysis emphasizing how microbial genetic approaches are used to understand fundamental physiological processes in bacteria.

COM-BSBS

MCB 4410 - Cellular Metabolism
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522 or PCB 3023. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Basic concepts of the mechanisms that define the functioning and regulation of prokaryotic and eukaryotic cell metabolism.

COM-BSBS

MCB 4414 - Microbial Metabolism
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): BSC 3403. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Interrelationship between cellular structure function and genetic traits in microorganisms. The interaction between microorganisms and their nutritional environment.

COM-BSBS

MCB 4503C - Virology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): BSC 3403. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.

Interrelationship between cellular structure function and genetic traits in microorganisms. The interaction between microorganisms and their nutritional environment.

COM-BSBS
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PCB 3522.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Concepts of structure and function of viruses, virus-host interactions and viral, and related disease states.

COM-BSBS

MCB 4603 - Environmental Microbiology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MCB 3020C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interrelationships between the biological activities of microorganisms and their terrestrial and aquatic environments.

COM-BSBS

MCB 4653 - Applied Industrial Microbiology

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 6
Contact Hours: 7
Prerequisite(s): MCB 3020C and BSC 3403C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Combination of molecular and biochemical analyses with applied industrial microbiology projects.

COM-BSBS

MCB 4720 - Industrial Perspectives Seminar

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Biotechnology major and MCB 3020C. Prerequisite(s) or Corequisite(s): None.

Hands-on training class focused on real-world, applied research. Speakers from the biotechnology/pharmaceutical industry will show applications.

COM-BSBS

MCB 4721C - Methods in Biotechnology

Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): BSC 3403C.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fluorescence and luminescence-based assays used in biopharmaceutical industry for target validation. M&S fee $70.00

COM-BSBS

MCB 4915 - Program for Undergraduate Research Experience

Credit Hours: variable
Class Hours: 2
Lab and Field Work Hours: variable
Prerequisite(s): Registration to the course requires instructor approval (linked to a program)

Holistic view of biomedical research for training in medical or graduate programs. Independent research projects in faculty labs and attend weekly seminar during academic year. Occasional

College of Medicine Burnett School of Biomedical Sciences

MCB 4920C - Group-Effort Applied Research

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): MCB 3020C and BSC 3403C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Hands-on training class focused on real-world, applied research. Students participate as a group in a research project focusing on highly-parallel technical applications. May be used in the degree program a maximum of 2 times only when course content is different.

COM-BSBS

MCB 4920H - Honors Group Effort Applied Research (GEAR)

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): MCB 3020C and Consent from Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Hands-on training class focused on real-world, applied research. Students participate as a group in a research project focusing on highly-parallel technical applications. May be used in the degree program a maximum of 2 times only when course content is different.

COM-BSBS

MCB 4940 - Methodology in Biomedical Sciences

Credit Hours: variable up to 3
Prerequisite(s): MCB 3202L or PCB 3522L or PCB 3703C or ZOO 3733C or MCB 3020C

Reinforces lab techniques; students will also gain experience in teaching by assisting instructors of different biomedical science labs Spring Fall

College of Medicine Burnett School of Biomedical Sciences

MET 2104 - The Earth's Climate

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None Corequisite(s): None. Prerequisite(s) or
History, physics and dynamics of the Earth's climate.

COS-PHYS

MGF 1106 - Finite Mathematics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Appropriate score on the UCF Math Placement test, or MAT 1033C with a "C" (2.0) or better, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to systematic counting, probability, geometry, statistics, sets and logic. This course is intended for students who are not planning to take upper level courses in mathematics.

COS-MATH

MGF 1107 - Explorations in Mathematics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The beauty and utility of mathematics, including patterns and symmetry, voting strategies, and finance. Connections between math and music, art, architecture, and nature. This course is intended for students not planning to take upper level mathematics.

COS-MATH

MHF 3302 - Logic and Proof in Mathematics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2311C. Corequisite(s): MAC 2312.

COS-MATH

MHF 4404 - History of Mathematics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MAC 2312 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A chronological study of the evolution of mathematical thought from primitive counting through modern ideas of the 20th century. Recommended for prospective teachers in mathematics.

COS-MATH

MHF 4934 - Topics in Foundations and History of Mathematics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MHF 3302 and MAS 3106, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced, specialized topics in the foundations and history of mathematics, ranging from set theory and mathematical logic to the history and development of mathematical theories. May be used in the degree program a maximum of 3 times.

COS-MATH

MHS 2090 - Introduction to Human Services

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An overview of the field of human services including roles, boundaries and ethical issues. The course orients students to the operation of human service agencies.

ED-CFCS

MHS 2330 - Career Planning

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to career and life planning theories and concepts that assists students in applying these to their own lives.

ED-CFCS

MHS 2441 - Couples, Families and Intimate Relationships

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Dynamics of families, couples, intimate relationships, dating, courtship and challenges of establishing stable and satisfying couples and families, impact of divorce, premarital and couples education.

ED-CFCS

MHS 3052 - Helping Skills for Human Service Providers

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MHS 2090. Corequisite(s): None. Prerequisite(s)
Focuses on the interpersonal skills necessary to the practice of the human service industry. Emphasis on motivating and supporting clients who are experiencing challenging situations.

ED-CFCS

MHS 3426 - Diversity Issues in Human Services

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MHS 2090.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to multicultural aspects of helping including race, ethnicity, religion, gender, socioeconomic status, spirituality, sexual orientation and disability.

ED-CFCS

MLS 3220C - Techniques in Clinical Microscopy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): CHM 2210, PCB 3703C or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Analysis of body fluids and urine by chemical and microscopic methods with interpretation and correlation to human disease. M&S fee $70.00

COM-BSBS

MLS 3305 - Hematology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHM 2210 and PCB 3703C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Overview of the hematopoietic system and disease states associated with blood and bone marrow

COM-BSBS

MLS 3305L - Hematology Lab

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Corequisite(s): MLS 3305
Prerequisite(s) or Corequisite(s): None.

Practical laboratory procedures routinely performed for analyzing hematologic abnormalities.

College of Medicine Burnett School of Biomedical Sciences

MLS 3701H - Honors Fluid Mechanics I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 6
Prerequisite(s): Grades of "C" (2.0) or better in (MAC 2313, MAP 2302, PHY 2048C, EGN 3321 and EGN 3343). Consent of Honors.

Principles of continuum fluid mechanics. Integral and differential forms of governing equations, fluid statics, dimensional analysis, measurements, internal flows Fall

Department of Mechanical and Aerospace Engineering

MLS 3705 - Concepts in Education/Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to professional phase of the MLS Program or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to laboratory management, health delivery systems, and educational practices in clinical settings.

COM-BSBS

MLS 4334 - Hemostasis

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): CHM 2210 and PCB 3703C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Overview of hemostatic and fibrinolytic conditions at the time of disease and the relationship of lab tests to diagnosis.

COM-BSBS

MLS 4430C - Clinical Microbiology I

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): MCB 3020C or equivalent and acceptance into the MLS program. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course is the first part of a two course sequence that provides students with entry level knowledge and skills in clinical microbiology. Fall M&S fee $46.00

College of Medicine Burnett School of Biomedical Sciences

MLS 4460C - Clinical Microbiology II

Credit Hours: 5
Class Hours: 3
Lab and Field Work Hours: 6
Contact Hours: 9
Prerequisite(s): MLS 4430C and Admission to the professional phase of the MLS program. Prerequisite(s) or Corequisite(s): None.

Analysis of clinical pathogenic bacteria, fungi and viruses and
Correlation of lab test to specific disease states including deviations in carbohydrate, amino acid metabolism, renal function, gastric function, electrolytes, and blood gases.

Correlation to disease. Identification of pathogens from clinical samples, susceptibility testing and molecular techniques in the clinical pathogenic microbiology laboratory. *Spring* M&S fee $53.00

College of Medicine Burnett School of Biomedical Sciences

**MLS 4505C - Immunodiagnostics**

**Credit Hours:** 3  
**Class Hours:** 2  
**Lab and Field Work Hours:** 3  
**Contact Hours:** 5  
**Prerequisite(s):** PCB 3233 and PCB 3233L. Corequisite(s): None.  
**Prerequisite(s) or Corequisite(s):** None.

**MLS 4550 - Clinical Immunohematology**

**Credit Hours:** 4  
**Class Hours:** 2  
**Lab and Field Work Hours:** 6  
**Contact Hours:** 8  
**Prerequisite(s):** Admission to the professional phase of the MLS program or C.I. Corequisite(s): None.  
**Prerequisite(s) or Corequisite(s):** None.

Investigation of incompatible crossmatches; antibody identification, leukocyte antigens and identification procedures, problem solving. M&S fee $70.00

**MLS 4625L - Advanced Clinical Chem I Lab**

**Credit Hours:** 1  
**Class Hours:** 0  
**Lab and Field Work Hours:** 3  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): MLS 4625.  
**Prerequisite(s) or Corequisite(s):** None.

Laboratory procedures routinely performed in a clinical chemistry laboratory. M&S fee $70.00

**MLS 4630 - Advanced Clinical Chemistry II**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** CHM 2210, PCB 3703C or C.I. Corequisite(s): None.  
**Prerequisite(s) or Corequisite(s):** None.

Correlation of laboratory tests to specific human disease states.

**MLS 4830L - Interpretive & Practical Clinical Chemistry**

**Credit Hours:** 4  
**Class Hours:** 0  
**Lab and Field Work Hours:** 8  
**Contact Hours:** 8  
**Prerequisite(s):** Admission to the MLS program, MLS 4550, MLS 4505C.  
**Prerequisite(s) or Corequisite(s):** None.

Instruction and practice of clinical chemistry laboratory procedures at an off-campus affiliated hospital/clinical site.

**MLS 4831L - Interpretive & Practical Immunohematology**

**Credit Hours:** 4  
**Class Hours:** 0  
**Lab and Field Work Hours:** 8  
**Contact Hours:** 8  
**Prerequisite(s):** Admission to the MLS program, MLS 4550, MLS 4505C.  
**Prerequisite(s) or Corequisite(s):** None.

Instruction and practice of blood banking and transfusion medicine laboratory procedures at an off-campus affiliated hospital/clinical site.

**MLS 4832L - Interpretive & Practical Hematology**

**Credit Hours:** 4  
**Class Hours:** 0  
**Lab and Field Work Hours:** 8  
**Contact Hours:** 8  
**Prerequisite(s):** Admission to the MLS program, MLS 3305, MLS 4334.  
**Prerequisite(s) or Corequisite(s):** None.

Instruction and practice of clinical hematology laboratory procedures at an off-campus affiliated hospital/clinical site.

**MLS 4833L - Diagnostic Microbiology**

**Credit Hours:** 4  
**Class Hours:** 0  
**Lab and Field Work Hours:** 8  
**Contact Hours:** 8  
**Prerequisite(s):** Admission to the MLS program,MLS 4460C.  
**Prerequisite(s) or Corequisite(s):** None.

Instruction and practice of clinical
microbiological procedures at an off-campus affiliated hospital/clinical site.

COM-BSBS

MLS 4910 - Introduction to Clinical Research

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): MLS 3220C, MLS 4625, MLS 4550. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduces MLS students to different types of research within the clinical setting.

COM-BSBS

MLS 4933 - Medical Technology Seminar

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): MLS Senior status. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Review of MLS coursework, case study discussions and preparation for certification. Graded S/U.

COM-BSBS

MMC 2004 - Mass Media

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to the nation's mass media, including newspapers, radio, television, magazines, advertising, and public relations.

COS-COMM

MMC 3200 - Mass Communication Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): One of the following: SPC 1608, SPC 1603C, COM 1000, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Legal rights and responsibilities of the mass media.

COS-COMM

MMC 3200H - Honors Mass Communication Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPC 1608, SPC 1603C, COM 1000 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Legal rights and responsibilities of the mass media.

COS-COMM

MMC 3420 - Mass Media Research Methods

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): R-TV or Ad-PR or Journalism major; or Mass Comm. minor; or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Theory and methods of research used by media professionals and academics, focusing on radio-television and advertising-public relations research.

COS-COMM

MMC 3630 - Social Media as Mass Communication

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Either SPC 1608, SPC 1603C, COM 1000, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Principles and practices of social media and its role in communicating to mass audiences.

COS-COMM

MMC 4263 - New Media Technologies

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Majors only, RTV 3511. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of the technologies impacting the communications media environment and society.

COS-COMM

MMC 4300 - International Media

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The student will analyze different communication systems from around the world. There will be at least six case studies from any of these areas - Asia, Latin American, Western Europe, Middle East, Africa.

COS-COMM

MMC 4303 - Hispanics in Media in the US

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The student will analyze different communication systems from around the world. There will be at least six case studies from any of these areas - Asia, Latin American, Western Europe, Middle East, Africa.
### MMC 4411 - Ad-PR Campaigns

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Ad-PR majors only; ADV 3008 and PUR 4000 and either PUR 3100 or ADV 4101, and either PUR 4941 or ADV 4941.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Examines history and growth of Hispanics/Latinos in US media, including early depictions in media and current landscape of Spanish and English Hispanic/Latino Media.

### COS-COMM

### MMC 4602 - Contemporary Media Issues

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** One of the following: SPC 1608, SPC 1603C, COM 1000, or C.I.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Planning and managing communication campaigns that integrate both advertising and public relations strategies. Capstone.

### COS-COMM

### MSL 1002C - Basic Leadership

**Credit Hours:** 2  
**Class Hours:** 1  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 2  
**Prerequisite(s):** Junior standing.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Examines the unique duties and responsibilities of officers, organization and role of the Army, reviews skills pertaining to fitness and communication, and analyze Army values and expected behavior. May be repeated for credit.

### ECS-AROTC

### MSL 2101C - Individual Leadership Studies

**Credit Hours:** 2  
**Class Hours:** 1  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 2  
**Prerequisite(s):** None.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Develops knowledge of self, self-confidence, and leadership skills; develop problem solving and critical thinking skills; apply communication, feedback, and conflict resolution skills.

### ECS-AROTC

### MSL 2102C - Leadership and Teamwork

**Credit Hours:** 2  
**Class Hours:** 1  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 2  
**Prerequisite(s):** None.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Focuses on selfdevelopment guided by knowledge of self and group processes; challenges current beliefs, knowledge and skills.

### ECS-AROTC

### MSL 3201C - Leadership and Problem Solving

**Credit Hours:** 4  
**Class Hours:** 3  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 4  
**Prerequisite(s):** None.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Examines skills that underlie effective problem solving; analyzes military missions and plan military operations; and executes squad battle drills.

### ECS-AROTC

### MSL 3202C - Leadership and Ethics

**Credit Hours:** 4  
**Class Hours:** 3  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 4  
**Prerequisite(s):** MSL 3201C.  
**Corequisite(s):** None.  
**Prerequisite(s) or Corequisite(s):** None.  

Probes leadership responsibilities that foster an ethical command climate; develops cadet leadership competencies; applies principles and techniques of effective written and oral communication.

### ECS-AROTC

### MSL 4301C - Leadership and Management

**Credit Hours:** 4  
**Class Hours:** 3
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): MSL 3202C.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Discuss staff organization, functions, and processes, analyze counseling responsibilities and methods, apply leadership and problem solving principles to a complex case study/simulation.

ECS-AROTC

MSL 4302C - Officership

Credit Hours: 4  
Class Hours: 3  
Lab and Field Work Hours: 1  
Contact Hours: 4  
Prerequisite(s): MSL 4301C.  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Capstone course to explore topics relevant to second lieutenants entering the Army; describes legal aspects of decision making and leadership; and analyzes Army organization from tactical to strategic level.

ECS-AROTC

MTG 4212 - Modern Geometries

Credit Hours: 4  
Class Hours: 4  
Lab and Field Work Hours: 0  
Contact Hours: 4  
Prerequisite(s): MAC 2313 and MHF 3302. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Sets of axioms and finite geometries, groups of transformations, Euclidean motions of 2-space and 3-space, convexity in 2-space and 3-space. Euclidean geometry of polygon and circle, constructible numbers, constructions and non-Euclidean geometry.

COS-MATH

MTG 4254 - Introduction to Differential Geometry

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MAC 2313 and MAS 3106, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Topics include curves and surfaces, differential manifolds, tangent space, differentials, curvature and torsion tensors, connections, covariant differentiation, lie derivative, integration on manifolds, and Riemannian manifolds.

COS-MATH

MTG 4302 - Introduction to Topology

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MHF 3302 and MAS 3106 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Metric spaces, topological spaces, limit points, continuity, compactness, and connectedness.

COS-MATH

MTG 4934 - Topics in Topology and Geometry

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): MAS 3106 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced topics in geometry and topology. Selection of topics will vary. May be used in the degree program a maximum of 3 times.

COS-MATH

MUC 1101C - Composition I

Credit Hours: 2  
Class Hours: 1  
Lab and Field Work Hours: 1  
Contact Hours: 2  
Prerequisite(s): MUT 1122 and MUL 2014 each with a grade of "C" (2.0) or better or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Creative work in small forms. May be repeated for credit.

CAH-MUSIC

MUC 2104C - Composition II

Credit Hours: 2  
Class Hours: 1  
Lab and Field Work Hours: 1  
Contact Hours: 2  
Prerequisite(s): MUC 1101C and Music or composition major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of Composition I. Competence determined by faculty jury. May be repeated for credit.

CAH-MUSIC

MUC 3105C - Composition III

Credit Hours: 3  
Class Hours: 1  
Lab and Field Work Hours: 1  
Contact Hours: 2  
Prerequisite(s): MUC 2104C and competence determined by faculty jury. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continued study of composition, with additional intensive work expected for composition majors. May be used in the degree program a maximum of 3 times.

CAH-MUSIC

MUC 4106C - Composition IV

Credit Hours: 4  
Class Hours: 1  
Lab and Field Work Hours: 1  
Contact Hours: 2  
Prerequisite(s): MUC 3105C and competence determined by faculty jury. Corequisite(s): None.
Intensive advanced study of composition for composition majors. May be used in the degree program a maximum of 3 times.

MUC 4950 - Composition Recital

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Culminating public concert of works written while studying Composition I-IV. Graded S/U.

MUE 2040 - Introduction to Music Education

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An introduction to music education covering philosophy, history, and current practice and trends. Observation in schools required.

School of Performing Arts

MUE 2211 - Early Childhood Music and Movement

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An examination of the role of music and creative movement in the lives of young children.

ED-CFCS

MUE 2346 - Vocal Techniques

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): Music major or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Vocal function, anatomy, and pedagogical methodology with applications for K-12 teaching.

CAH-MUSIC

MUE 2440 - String Techniques

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): MUED major, junior standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Class instruction in string playing and pedagogical techniques. M&S fee $30.00

CAH-MUSIC

MUE 2450 - Woodwind Techniques I

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): MUE 2470 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Additional performing and teaching techniques of the percussion family, as relevant to today's instrumental music teachers. M&S fee $35.00

CAH-MUSIC

MUE 2460 - Brass Techniques

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2

Contact Hours: 2
Prerequisite(s): MUED major, junior standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Class instruction in brass playing and pedagogical techniques. May be repeated for credit.

CAH-MUSIC

MUE 2470 - Percussion Techniques

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): MUED major, junior standing or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Class instruction in percussion playing and pedagogical techniques. May be repeated for credit. M&S fee $35.00

CAH-MUSIC

MUE 2471 - Percussion Techniques II

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): MUE 2470 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Additional performing and teaching techniques of the percussion family, as relevant to today's instrumental music teachers. M&S fee $35.00

CAH-MUSIC

MUE 3333 - Music Learning Theory and Assessment

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BME Professional Program. Corequisite(s): None. Prerequisite(s)
Learning theory and practical applications of assessment techniques as applied in the music classroom.

CAH-MUSIC

MUE 3353 - General Music Literature and Techniques
Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): MUE 2040.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Diverse literature and techniques for the general music classroom.

CAH-MUSIC

MUE 3451 - Woodwind Techniques II
Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): MUE 2450, MUED major, Junior standing or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continuation of Woodwind Techniques I, with emphasis on double reeds.

CAH-MUSIC

MUE 3461 - Brass Techniques II
Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): MUE 2460.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continued study of performance techniques, teaching skills, resources, and materials required to teach brass instruments to beginning, middle, and high school level students.

CAH-MUSIC

MUE 3693 - Technology in Music Education
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MUE 2040 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Productivity software, classroom management tools, web design and other technological tools for classroom teaching.

School of Performing Arts

CAH-MUSIC

MUE 3942 - Music Internship I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MUE 4311, MUE 3333, EDG 4410, TSL 4080, EDF 4603 and RED 4043. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students experience various roles of a music teacher in elementary and secondary settings, including observation, microteaching, and the completion of various assignments. Graded S/U.

CAH-MUSIC

MUE 4311 - Elementary School Music Methods
Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): Junior standing, MUED major. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Organization and administration of instruction for comprehensive music education, K-6; instructional planning, techniques, and materials for elementary music education.

CAH-MUSIC

MUE 4331 - Secondary Choral Methods I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BME Professional Program.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Examination of vocal and choral literature, planning skills and rehearsal techniques for choral groups.

CAH-MUSIC

MUE 4332 - Secondary Instrumental Methods I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BME Professional Program.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Wind, percussion, and string teaching methods for beginning and middle level students in a large classroom setting.

CAH-MUSIC

MUE 4335 - Secondary Choral Methods II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MUE 4331 with a grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Continued examination of vocal and choral literature, planning skills and rehearsal techniques for choral groups.
MUE 4337 - Secondary Instrumental Methods II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MUE 4332 with grade of "C" (2.0) or better.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

String teaching methods for high school students in a large classroom setting.

CAH-MUSIC

MUE 4354 - General Music: ORFF Level I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior Standing or C.I. Corequisite(s): None.
Corequisite(s): None or Corequisite(s): None.

ORFF SCHULWERK methods of music education for pre-K - grade 8.
Development of personal and pedagogical skills in singing, moving, playing Orff instruments, recorder and compositions.

CAH-MUSIC

MUE 4393 - Music and Students with Special Needs

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): MUE 2040 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Consideration of the general education music curriculum in regards to students with disabilities and special needs.

CAH-MUSIC

MUE 4441 - String Methods

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): MUE 4332. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

String teaching methods for high school students in a large classroom setting.

CAH-MUSIC

MUE 4791 - BME ePortfolio

Credit Hours: 0
Class Hours: 0
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): MUE 3742 Music Internship I; Corequisite(s): MUE 4943 - Music Internship II.
Prerequisite(s) or Corequisite(s): None.

Required electronic portfolio for all Bachelor of Music Education majors to be taken in conjunction with MUE 4943 - Music Internship II.

CAH-MUSIC

MUE 4943 - Music Internship II

Credit Hours: 12
Class Hours: 12
Lab and Field Work Hours: 0
Contact Hours: 12
Prerequisite(s): MUE 3942. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Student Teaching in an elementary or secondary school under supervision of a certified classroom teacher. Graded S/U.

CAH-MUSIC

MUG 3104 - Basic Conducting

Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): MUT 1122 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamental techniques and practice in conducting.

CAH-MUSIC

MUG 3302 - Choral Conducting and Materials

Credit Hours: VAR
Class Hours: VAR
Lab and Field Work Hours: VAR
Contact Hours: VAR
Prerequisite(s): MUG 3104. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Fundamental principles of choral conducting and rehearsal techniques including an examination of materials.

CAH-MUSIC

MUH 2017 - Survey of Rock Music

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Rise of rock music to prominence, and its impact on audience reception. No musical background required.

CAH-MUSIC
MUH 2017H - Honors Survey of Rock Music
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Rock music, 1950s to present, with emphasis on cultural and musical meaning. With Honors content

**Contact Hours:** 2
**Prerequisite(s):** MVW 2423 and competence determined by faculty jury. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Continued study of performance skills of the clarinet, with additional intensive work expected for performance majors. May be used in the degree program a maximum of 3 times. **Fall, Spring**

**CAH-MUSIC**

**MVW 3434 - Bassoon III**

**Credit Hours:** 2-3
**Class Hours:** 1
**Lab and Field Work Hours:** 1
**Contact Hours:** 2
**Prerequisite(s):** MVW 2424 and competence determined by faculty jury. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Continued study of performance skills of the bassoon, with additional intensive work expected for performance majors. May be used in the degree program a maximum of 3 times. **Fall, Spring**

**CAH-MUSIC**

**MVW 3435 - Saxophone III**

**Credit Hours:** 2-3
**Class Hours:** 1
**Lab and Field Work Hours:** 1
**Contact Hours:** 2
**Prerequisite(s):** MVW 2425 and competence determined by faculty jury. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Continued study of performance skills of the saxophone, with additional intensive work expected for performance majors. May be used in the degree program a maximum of 3 times. **Fall, Spring**

**CAH-MUSIC**

**MVW 4441 - Flute IV**

**Credit Hours:** 4
**Class Hours:** 1
**Lab and Field Work Hours:** 1
**Contact Hours:** 2
**Prerequisite(s):** MVW 3431 and competence determined by faculty jury. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.

Intensive advanced performance study of the flute, for performance majors. May be used in the degree program a maximum of 3 times. **Fall, Spring**

**CAH-MUSIC**

**MVW 4442 - Oboe IV**

**Credit Hours:** 4
**Class Hours:** 1
**Lab and Field Work Hours:** 1
**Contact Hours:** 2
**Prerequisite(s):** MVW 3432 and competence determined by faculty jury. **Corequisite(s):** None. **Prerequisite(s) or Corequisite(s):** None.
Intensive advanced performance study of the oboe, for performance majors. May be used in the degree program a maximum of 3 times.  

Fall, Spring

CAH-MUSIC

MVW 4443 - Clarinet IV

Credit Hours: 4  
Class Hours: 1  
Lab and Field Work Hours: 1  
Contact Hours: 2  
Prerequisite(s): MVW 3433 and competence determined by faculty jury. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Intensive performance study of the clarinet, for performance majors. May be used in the degree program a maximum of 3 times.  

Fall, Spring

CAH-MUSIC

MVW 4444 - Bassoon IV

Credit Hours: 4  
Class Hours: 1  
Lab and Field Work Hours: 1  
Contact Hours: 2  
Prerequisite(s): MVW 3434 and competence determined by faculty jury. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Intensive advanced performance study of the bassoon, for performance majors. May be used in the degree program a maximum of 3 times.  

Fall, Spring

CAH-MUSIC

MVW 4445 - Saxophone IV

Credit Hours: 4  
Class Hours: 1  
Lab and Field Work Hours: 1  
Contact Hours: 2  
Prerequisite(s): MVW 3435 and competence determined by faculty jury. Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): None.

Intensive advanced performance study of the saxophone, for performance majors. May be used in the degree program a maximum of 3 times.  

Fall, Spring

CAH-MUSIC

NSP 1800 - Nursing as a Profession

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None.

Professional nursing roles in contemporary society covering a range of topics using discourse methodology that forms a foundation for nursing and health care.  

Fall, Spring

CON-NURS

NSP 4335 - Nursing Care of the High-Risk Newborn

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Admission to BSN program; successful completion of NUR 3445 & NUR 3445L, or C.I. for RN-BSN students.

In depth study of pathophysiology, management and nursing care of high risk newborn, emphasizing care of the neonate and factors contributing to outcomes related to morbidity and mortality.  

Occasional

CON-NURS

NSP 4425 - Women's Health Issues

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Junior standing or C.I.

Factors and conditions impacting the health of women. May be repeated  

Occasional

CON-NURS

NSP 4685 - Death & Dying: Nursing Considerations

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Admission to BSN Program or C.I.

An in-depth look at issues
NUR 3065 - Health Assessment

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None.

Concepts of health assessment of clients. Fall, Spring

NUR 3065L - Health Assessment Lab

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 1
Contact Hours: 1
Prerequisite(s): None. Corequisite(s): NUR 3065 and Admission to BSN program, or C.I.

Clinical application of concepts and techniques of health assessment of clients Fall, Spring M&S fee $16.00

NUR 3125 - Pathophysiology for Nursing Practice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program.

Concepts and nursing care applications of the pathophysiological basis of illness. Fall, Spring

NUR 3145 - Pharmacology for Nursing Practice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program; previous undergraduate or graduate research course with

M&S fee $16.00
Accelerated study of systematic approaches to problematic situations in nursing. Selected experiences in investigating, analyzing, and interpreting nursing research and nursing issues. Spring

CON-NURS

NUR 3225 - Nursing Care of the Adult I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program, successful completion of the first semester in the nursing curriculum, and concurrent enrollment in NUR 3225L; NUR 325L; NUR 3145; NUR 3445L.

Integrate biopsychosocial models of nursing practice for individuals and families experiencing health risks, short-term illness or chronic health problems. Fall, Spring

CON-NURS

NUR 3225L - Nursing Care of the Adult I: Clinical Practice:
Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): Admission to BSN program, successful completion of all courses in the first semester of the nursing curriculum, and concurrent enrollment in NUR 3225L; NUR 325L; NUR 3145; NUR 3445L.

Clinical experience applying biopsychosocial models of nursing practice for clients experiencing health risks, short-term illness, or chronic health problems. Fall, Spring

CON-NURS

NUR 3445 - Nursing Care of Families
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): Admission to BSN program, successful completion of the first semester in the nursing curriculum, and concurrent enrollment in NUR 3225; NUR 3225L; NUR 3145; NUR 3445L.

Concepts of family nursing as they relate to health promotion, maintenance and illness management for childbearing and childbearing families. Fall, Spring

CON-NURS

NUR 3445L - Nursing Care of Families Clinical
Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): Admission to BSN program, successful completion of the first semester in the nursing curriculum, and concurrent enrollment in NUR 3225; NUR 3225L; NUR 3145; NUR 3445L.

Nursing practice to address health promotion, maintenance and illness management needs of childbearing and childbearing families. Fall, Spring

M&S fee $20.00 Graded S/U.

CON-NURS

NUR 3616 - Health Promotion Across the Lifespan
Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): Admission to BSN program and Corequisite(s): NUR 3616L.

The concepts of health promotion and prevention for individuals and families living in the community across the lifespan. Fall, Spring

CON-NURS

NUR 3616L - Health Promotion Across the Lifespan Clinical
Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): Admission to BSN program and Corequisite(s): NUR 3616.

Clinical concepts of community health nursing focusing on community as client and levels of prevention across the lifespan. Fall, Spring

M&S fee $55.00 Graded S/U.

CON-NURS

NUR 3634 - Community Health Nursing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program and Corequisite(s): NUR 3634L.

Concepts of community health nursing focusing on community as client and levels of prevention across the lifespan. Occasional

CON-NURS

NUR 3634L - Community Health Nursing Clinical
Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): Admission to BSN program and Corequisite(s): NUR 3634.

Clinical concepts of community health nursing focusing on community as client, and levels of prevention across the lifespan. Occasional M&S fee $55.00 Graded S/U.

CON-NURS

NUR 3755L - Essentials of Nursing Practice Clinical
Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): Admission to BSN Program. Corequisite(s): NUR 3028 and NUR 3028L; NUR 3065 and NUR 3065L.

Application of the nursing process, scientific and evidence-based principles in the nursing care of clients in long-term care. Fall, Spring M&S fee $20.00 Graded S/U.

CON-NURS

NUR 3795 - Principles of Oncology Nursing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.

Basic principles and concepts in oncology. Focus on cancer as it affects individuals and families. Emphasis on cancer treatment, symptoms management and psychosocial response. Occasional

CON-NURS

NUR 3805 - Dimensions of Professional Nursing Practice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.

Theoretical bases of professional nursing practice for RN to BSN students. Fall, Spring

CON-NURS

NUR 3806 - Professional Socialization Seminar

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): Admission to BSN program or C.I.

Application of library utilization and professional writing skills, critical thinking and stress management principles to the beginning role of the professional nurse. Fall, Spring

CON-NURS

NUR 3826 - Bioethics in Nursing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PSY 2012, SYG 2000, or PHI 2010, or C.I.

An examination of human values and bioethical questions arising in health care as they relate to nursing. Occasional

CON-NURS

NUR 3826H - Honors Bioethical and Legal Issues in Health Care

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors.

Includes questions concerning human values, legal and ethical questions arising in health care delivery policy issues and professional practice among licensed health care professionals. Occasional

CON-NURS

NUR 3825 - The Role of the Professional Nurse

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): Admission to BSN program.

Examination of the role and function of the professional nurse, including professional standards, legal and practice issues. Occasional

CON-NURS

NUR 3825H - Honors The Role of the Professional Nurse

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): Admission to BSN program. Permission of honors.

Role and function of the professional nurse, including professional standards, legal, and practice issues with honors content. Occasional

CON-NURS

NUR 3936 - International Perspectives of Nursing and Health Care

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): Admission to BSN program or C.I.

Comparative analysis of professional nursing practice and health care systems in the United States and selected countries. May be repeated for credit. Occasional

CON-NURS
NUR 4177 - Holistic Nursing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.
Explore lived experience of health-wellness, illness, disease focusing on mind-body-spirit, transpersonal healing and complementary interventions to maximize nursing care outcomes. Occasional

NUR 4178 - Complementary Therapies: Options for Integrative Nursing Practice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Junior or senior undergraduate standing in nursing, or C.I.
History, principles, techniques, outcomes, and research of complementary and integrative health. Concepts of wellness, healing and integrative practice from nursing and consumer perspectives. Occasional

NUR 4197 - Genetics and Genomics in Nursing Practice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.
The application of genetics and genomic principles to clinical nursing practice. Occasional

NUR 4227 - Nursing Care of the Adult II
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): Admission to the BSN program, successful completion of the first two semesters in the nursing curriculum. Corequisite(s): NUR 4227L, or C.I.
Nursing care of clients and their families experiencing acute, unstable, or life-threatening health problems. Fall, Spring

NUR 4227L - Nursing Care of the Adult II: Clinical Practice
Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): Admission to BSN program; successful completion of the first three semesters in the nursing curriculum. Corequisite(s): NUR 4227, or C.I.
Clinical practice in acute health care settings with clients experiencing acute, unstable, surgical, or life-threatening health conditions. Fall, Spring Graded S/U.

NUR 4257 - Introduction to Critical Care Nursing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program and successful completion of NUR 4227 and NUR 4227L or C.I.
Theories and principles of comprehensive nursing care of individuals and families in critical care settings. Fall, Spring

NUR 4286 - Gerontologic Nursing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.
Theories and principles related to the promotion, maintenance, and restoration of health in older adults in various settings. Occasional

NUR 4340 - Obesity in Children and Adolescents: Nursing Management
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.
Examines multiple factors that predispose children and adolescents to obesity; explores nursing management and public health and policy strategies for prevention and treatment. Occasional

NUR 4493 - Perinatal Loss and Grief: Nursing Interventions
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN Program or C.I.
Nursing interventions for individuals and families experiencing perinatal loss and grief. Occasional

NUR 4516 - Crisis Intervention
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Completion of PSY 2012, SYG 2000 or ANT 2000.
Nursing interventions for individuals and families experiencing perinatal loss and grief. Occasional
Crisis theory and techniques; recognition and intervention in crisis events. Applicable to all areas of nursing and all helping professions. Occasional

CON-NURS

NUR 4535 - Psychiatric Mental Health Nursing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program. Corequisite(s): NUR 4535L.

Nursing in the promotion of mental health and the prevention, treatment, and rehabilitation of mental illness. Fall, Spring

CON-NURS

NUR 4535L - Psychiatric Mental Health Clinical

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): Admission to BSN program. Corequisite(s): NUR 4535.

Clinical Application of Nursing interventions in the promotion of mental health and the prevention, treatment and rehabilitation of mental illness. Fall, Spring Graded S/U.

CON-NURS

NUR 4604L - Practicum in Community and Public Health Nursing for RNs

Credit Hours: 4
Class Hours: 0
Lab and Field Work Hours: 12
Contact Hours: 12
Prerequisite(s): Admission to BSN program.

Synthesis of theories and concepts incorporated throughout the community health and public health nursing setting, and directed toward professional role development. Fall, Spring

CON-NURS

NUR 4637 - Public and Community Health Nursing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the BSN program.

Concepts of public health nursing focusing on population-based health care delivery systems. Fall, Spring

CON-NURS

NUR 4637L - Public Health Nursing Clinical

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): Admission to the BSN program. Corequisite(s): NUR 4637.

Clinical Course to apply concepts of public health nursing. Students will apply findings of community assessment completed in NUR 4637 - Public and Community Health Nursing. Fall, Spring Graded S/U.

CON-NURS

NUR 4675 - Issues in Rural Health Care

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.

The rural environment and appropriate health care services and programs for rural populations. Occasional

CON-NURS

NUR 4760 - Principles of Pain Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.

Principles of pain and pain management across the lifespan from neonates to the elderly, including practices across healthcare settings, from acute care to home care. Occasional

CON-NURS

NUR 4765 - Rehabilitation Nursing: Principles and Practice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.

Rehabilitation principles are the practices that may be incorporated into any healthcare setting and applied to clients of all age groups. Occasional

CON-NURS

NUR 4828 - Nursing Leadership, Management and Role Transition

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.

Professional development and role transition of baccalaureate graduates entering professional nursing practice focusing on principles of leadership and management applied to health care settings. Fall, Spring

CON-NURS

NUR 4828H - Honors Leadership, Management and Role Transition
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to the BSN program; admission to the Honors or Honors in the major program or C.I.

Application of leadership and management principles to the beginning role of the professional nurse with honors content. Spring

CON-NURS NUR 4829 - Accelerated Transitioning into Professional Practice as a Leader

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program. Corequisite(s): NUR 4945L or C.I.

Application of leadership and management principles to the beginning role of the professional nurse. Occasional

CON-NURS NUR 4837 - Health Care Issues, Policy, and Economics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to BSN program or C.I.

Study of selected health care policy issues relevant to the financing, organization, and delivery of nursing services to populations in the community Fall, Spring

CON-NURS NUR 4837H - Honors Health Care Issues, Policy, and Economics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0

Contact Hours: 3
Prerequisite(s): Permission of Honors; Admission to BSN program; or C.I.

Study of selected health care policy issues relevant to the financing, organization, and delivery of nursing services to populations in the community with honors content. Occasional

CON-NURS NUR 4903H - Honors Directed Readings I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Permission of Honors and admission to major.

The student will review and synthesize literature on a selected topic in preparation for the Honors Thesis or Project. Graded S/U or Letter grade. Fall, Spring, Summer

Graded S/U or Letter grade.

CON-NURS NUR 4906 - Independent Study

Credit Hours: VAR
Class Hours: VAR
Lab and Field Work Hours: VAR
Contact Hours: VAR
Prerequisite(s): None.

Directed Study. May be repeated for credit. Occasional Graded S/U or Letter grade.

CON-NURS NUR 4907H - Honors Directed Reading/Research

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors and admission to major.

The student will review and synthesize literature on a selected topic in preparation for the Honors Thesis or Project. Occasional

CON-NURS NUR 4942L - Nursing Practicum for International Students

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): C.I.

In-depth study of clinical nursing practice for international students. May be used in the degree program a maximum of 2 times. Occasional

Graded S/U.

CON-NURS NUR 4945L - Nursing Practicum

Credit Hours: 4
Class Hours: 0
Lab and Field Work Hours: 4
Contact Hours: 4
Prerequisite(s): Admission to the BSN program and successful completion of all previous clinical courses on plan of study; or C.I.

Directed to enhance student's knowledge and expertise in an area of nursing practice chosen by the student and school of nursing faculty. Spring Graded S/U.

CON-NURS NUR 4970H - Honors Thesis I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Permission of Honors and admission to major. NUR 4903H

Student will work closely with his or her thesis chair to develop the Honors in the Major thesis. Graded S/U or Letter grade. Fall, Spring, Summer Graded S/U or Letter grade.

NUR 4971H - Honors Thesis or Project Works
Credit Hours: 1-3
Class Hours: 1-3
Lab and Field Work Hours: 0
Contact Hours: 1-3
Prerequisite(s): Permission of Honors.

Faculty mentoring through the process of writing and defending the Honors Thesis or Project. May be taken the second time for 1-3 credit hours. May be used in the degree program a maximum of 2 times.

Occasional

CON-NURS

OCE 3008 - Oceanography

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): CHM 2045C and CHM 2046, and a "C" (2.0) or better in BSC 2010C.

Biological, physical and chemical oceanography. Occasional

COS-BIOL

OSE 3043 - Analytical Methods for Optics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: MAP 2302

Applications-oriented course on analytical concepts prevalent in optics and engineering integrating Matlab as a computational support tool. Spring

OSE 3052 - Foundations of Photonics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): Grades of "C" (2.0) or better in PHY 2049C and MAP 2302.

College of Optics and Photonics

OSE 3052L - Foundations of Photonics Laboratory

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): MAP 2302

The laboratory experiments covering fundamental photonics principles related to light sources, dispersion of light, interference and diffraction of light, and other optical phenomena. Fall, Spring M&S fee $15.00

OPT-OPT

OSE 3053 - Electromagnetic Waves for Photonics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): OSE 3052.

OPT-OPT

OSE 3200 - Geometric Optics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): OSE 3200 and OSE 3052.

Introduction of the main concepts in optical system design. Discussion on aberration theory. Analysis of the performance of the optical system. Assessment of image quality using optical design software. Spring

College of Optics and Photonics

OSE 3200L - Geometric Optics Lab

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s) or Corequisite(s): OSE 3200

Light as rays. Reflection, refraction, transmission. Lenses, mirrors, prisms. Image formation, beam manipulation. Measure and characterize optical systems including telescopes, cameras, and microscopes. Fall, Spring

OSE 3490 - Nanophotonics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 2049C or C.I.

Optical/photonic processes on nano scale and interactions with elements of physics & engineering. Occasional

OPT-OPT

OSE 4240 - Introduction to Optical Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): OSE3200 and OSE 3052.

Introduction of the main concepts in optical system design. Discussion on aberration theory. Analysis of the performance of the optical system. Assessment of image quality using optical design software. Spring

College of Optics and Photonics

OSE 4410 - Optoelectronics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (OSE 3052 and EEE 3350) or (PHY 3722C and PHZ 4404)

Introduction to the principles and design of semiconductor optoelectronic devices including photodiodes, solar cells, light-emitting diodes, laser diodes, and CCDs. Applications include photovoltaics, displays, imaging.

College of Optics and Photonics

OSE 4410L - Optoelectronics Laboratory
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s) or Corequisite(s): OSE 4410.

Experiments in the basics of semiconductor optoelectronic devices including photodiodes, light-emitting diodes, laser diodes, CCDs. Applications include solar cells, displays, photodetection, and optical communications. Spring M&S fee $18.00

OPT-OPT

OSE 4470 - Fiber-Optic Communications
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEL 3552C and OSE 3052

Introduction to the principles and design of fiber-optic communication systems including the integrated-optic and optoelectronic devices used in transmitters and receivers. Fall

College of Optics and Photonics

OSE 4470L - Fiber-Optic Communications Laboratory
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s) or Corequisite(s): OSE 4520.

OPT-OPT

OSE 4520 - Laser Engineering
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): OSE 3052 or PHY 4424 or EEL 4440C.

OPT-OPT

OSE 4520L - Laser Engineering Laboratory
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s) or Corequisite(s): OSE 4520.

OPT-OPT

OSE 4720 - Visual Optics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): OSE 3052 or PHY 4424 or EEL 4440

This course is an introduction to photobiology (interaction of light with biological matter), tissue optics, light-induced cellular processes, optical biosensors, and cellular and molecular imaging. Fall

College of Optics and Photonics

OSE 4721 - Biophotonics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): OSE 3052 or PHY 4424 or EEL 4440

This course is an introduction to photobiology (interaction of light with biological matter), tissue optics, light-induced cellular processes, optical biosensors, and cellular and molecular imaging. Fall

College of Optics and Photonics

OSE 4830 - Imaging and Display
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EEL 3123C, OSE 3052.

Mathematical and physical models of two- and three-dimensional imaging systems including gazers, scanning, interferometric, tomographic, and hyperspectral systems. Applications to remote sensing, biology, and medicine. Fall

OPT-OPT

OSE 4830L - Imaging and Display Laboratory
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3

College of Optics and Photonics

OSE 4870 - Imaging and Display
**Prerequisite(s) or Corequisite(s):**
OSE 4830.

**OPT-OPT**

**OSE 4912 - Directed Independent Research**

**Credit Hours:** 1
Class Hours: 0
Lab and Field Work Hours: 1
Contact Hours: 1
Prerequisite(s): PR: Instructor Consent

Introduction to research methods in optics and photonics. Available for students who wish to conduct related research with faculty in CREOL. May be repeated for credit. Occasional Graded S/U.

**OSE 4930 - Frontiers of Optics and Photonics**

**Credit Hours:** 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 0
Prerequisite(s): OSE 3052 or PHY 4424 or EEL 4440C, Senior Standing.

Introduction to recent advances in optics & photonics, to ethical issues, and to effective communication appropriate to the field of optics & photonics. Fall

**OPT-OPT**

**OSE 4951 - Senior Design I**

**Credit Hours:** 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): OSE 4951.

Execution of project developed in OSE 4951, including complete project design review, prototyping, construction, testing, cost, functionality, demonstration, presentation, and reporting. Emphasis on team effort. Fall, Spring

**OPT-OPT**

**OSE 4952 - Senior Design II**

**Credit Hours:** 3
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): OSE 4951.

Development of the technical, communication, and team skills for successful design of optical and photonic systems. Preparation of project proposals for Senior Design II. Fall, Spring

College of Optics and Photonics

**OSE 4953 - Senior Design Double Major ECE**

**Credit Hours:** VAR
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): OSE 4410, OSE3053, and Departmental approval Corequisite(s): EEL 4914C

Prerequisite(s) or Corequisite(s): OSE 4520 and OSE 4470

Development of the technical, communication, and team skills for successful design of optical and photonic systems. Preparation of project proposals for Senior Design II. 2 Fall, Spring

College of Optics and Photonics

**PAD 3003 - Public Administration in American Society**

**Credit Hours:** 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): "C-" or better in POS 2041; and Public Administration major or Public Administration minor or Leadership Studies minor or Performing Arts Administration minor; and Sophomore standing; or C.I.

An examination of the basic environment, culture, and organization of public administration in the United States. Fall, Spring

School of Public Administration

**PAD 3040 - Ethics and Values in Public Administration**

**Credit Hours:** 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing; and Public Administration major or declared Leadership Studies Certificate or declared Leadership Studies minor; or C.I.

Ethical dimensions of public administration. Develops the awareness, skills, and value framework to act ethically. Occasional

HPA-PUB

**PAD 3330 - Urban and Regional Planning**

**Credit Hours:** 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing; and Public Administration major, or Urban and Regional Planning minor, or Interdisciplinary Studies Environmental Studies Track major, or Environmental Studies minor; or C.I.

Planning topics such as landuse, and comprehensive and urban planning
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): "C-" or better in ENC 1102; Sophomore standing, Public Administration major or Public Administration minor, or Nonprofit Management Major or Minor, or Emergency Management Major, or Emergency Management & Homeland Security Minor, or C.I.

Problems of values, interests, and objectives and their impact on the administration of public programs, stressing the interplay between social values, policies and administration. Fall, Spring

School of Public Administration

PAD 4034 - The Administration of Public Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing, and either a Public Administration major with a "C-" or better in PAD 3003 and PAD 3733 and in all PAD common program prerequisites courses, or Public Administration minor with a "C-" or better in PAD 3003 and PAD 3733, or C.I.

Various approaches to managing projects, including using scheduling techniques such as GANTT, CPM, and PERT, as well as team building, facilitating, and leadership skills. Occasional

School of Public Administration

PAD 4104 - Administrative Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing, and either a Public Administration major with a "C-" or better in PAD 3733, or Public Administration minor with a "C-" or better in PAD 3733, or Nonprofit Management major with a "C-" or better in PAD 3733 or Leadership Studies minor or certificate, Applied Science, A.S. to B.A.S. or C.I.

Examination of the behavioral aspects of the administrative process, its impact on organizational goal achievement and on supervisory strategies. Some social and structural pathologies affecting administrative practice. Fall, Spring

School of Public Administration

PAD 4144 - Nonprofit Organizations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C- or better in ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and declared Nonprofit Major or Minor, or Performing Arts Management minor, or C.I.

The operations of nonprofit organizations, including working with board of directors, volunteer services, fund-raising and grantsmanship, financial management and marketing. Fall, Spring

School of Public Administration

PAD 4147 - Resource Development in the Nonprofit Sector

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C- or better in ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing, and Nonprofit Management major or Nonprofit Management minor, or Performing Arts Administration minor, or C.I.

Examination of the development and management of human resources and financial resource development in nonprofit organizations is discussed. Fall

School of Public Administration
PAD 4148 - Volunteer Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C- or better in ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing, and Nonprofit Management major or Nonprofit Management minor, or Performing Arts Administration minor, or C.I.

Examination of recruitment, selection, training and management of volunteers in nonprofit organizations and the application of management theory. Spring

School of Public Administration

PAD 4153 - Planning and Improvement for Public Organizations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing, and Public Administration major or Nonprofit Management minor or certificate, or C.I.

Prepare future leaders for the changing paradigms of the public sector by providing education in a variety of quality related areas. Fall

HPA-PUB

PAD 4204 - Fiscal Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing, and either a Public Administration major with a "C-" or better in PAD 3733, or Nonprofit Management major with a "C-" or better in PAD 3733, or Nonprofit Management minor, or Emergency Management major with a "C-" or better in PAD 3733, or C.I.

This course will examine local and regional economic development strategies, with an emphasis on effective policy setting and planning. Fall

HPA-PUB

PAD 4223 - Public Budgeting: Skills and Techniques

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PAD 4204 or C.I.

Analytical skills and administrative techniques employed by public budget analysis, focusing on the process of generating and using information. Occasional

HPA-PUB

PAD 4253 - Community & Economic Development

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and (declared nonprofit minor or declared Nonprofit Management major or Public Administration major) or C.I.

This course will examine local and regional economic development strategies, with an emphasis on effective policy setting and planning. Spring

HPA-PUB

PAD 4325 - Program Evaluation for Public and Nonprofit Organizations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C- or better in ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and (declared nonprofit minor or declared Nonprofit Management major or Public Administration major) or C.I.

To develop an understanding of program evaluation and to apply the process by developing a program evaluation for a program. Spring

HPA-PUB

PAD 4331 - Land Use and Planning

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and Public Administration major or Urban and Regional Planning minor; or C.I.

The study of land use and planning to include zoning variances, non-conformities, development agreements, subdivision controls, redevelopment and sprawl. Fall

HPA-PUB

PAD 4334 - Urban Design

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and Public Administration major or Urban and Regional Planning minor, or C.I.

Theories and concepts of the physical, cultural, social and financial factors associated with urban design. Spring

HPA-PUB
PAD 4351 - Issues in Environmental Program Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing, and Public Administration major or Urban and Regional Planning minor, or Interdisciplinary Studies Environmental Studies Track major, or Environmental Studies minor, or Energy and Sustainability minor, or C.I.

The study of environmental policy making processes, programs, and problems through lectures, field study, and research projects. Spring

School of Public Administration

PAD 4371 - Community Resiliency & Sustainability

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102 & Sophomore Standing) or C.I.

Issues of community resiliency & sustainability specific to emergency & crisis management. Includes coverage of public policy & management, urban planning & development, and community sociology. Occasional

School of Public Administration

PAD 4390 - Hazard Mitigation and Preparedness

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C- or better in ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and Emergency Management Major, or Public Administration major, or Emergency Management and Homeland Security minor, or Urban and Regional Planning minor, or C.I.

Individual, group, organizations and community behavior and recovery from disasters. Service delivery strategies are highlighted and complex dynamics of the recovery process are emphasized. Spring

School of Public Administration

PAD 4352 - Emergency Management and Homeland Security

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Either a Public Administration major with a "C-" or better in PAD 3003 and PAD 3733 and in all PAD common program prerequisites courses, or Public Administration minor with a "C-" or better in PAD 3003 and PAD 3733, or Nonprofit Management minor, or C.I.

After a public emergency, a variety of services must be provided to the victims. This course reviews and analyzes coordination and management of these services. Fall

School of Public Administration

PAD 4395 - Disaster Response and Recovery

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C- or better in ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): CCIE major or minor, and Junior standing, or C.I.

This course is designed to help public managers examine public and personal attitudes and values, ethical dilemmas, and social consequences related to issues of diversity. Occasional

School of Public Administration

PAD 4414 - Human Resource Administration

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Either a Public Administration major with a "C-" or better in PAD 3003 and PAD 3733 and in all PAD common program prerequisites courses, or Public Administration minor with a "C-" or better in PAD 3003 and PAD 3733, or Nonprofit Management minor, or C.I.

The history, operating components, structural characteristics, and increasing impact of laws and related sanctions on personnel practices of public agencies. Fall, Spring

School of Public Administration

PAD 4446 - Multiculturalism in Public Administration

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): C- or better in ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): CCIE major or minor, and Junior standing, or C.I.

This course is designed to help public managers examine public and personal attitudes and values, ethical dilemmas, and social consequences related to issues of diversity. Occasional

School of Public Administration

PAD 4712 - Information Systems for Public Managers and Planners
**PAD 4720 - Research Methods in Public Administration**

**Credit Hours: 3**  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): Junior standing, and either a Public Administration major with a "C-" or better in PAD 3733 and in PAD common program prerequisites courses, or Public Administration minor with a "C-" or better PAD 3733, or Nonprofit Management major with a "C-" or better in PAD 3733, or Nonprofit Management minor, or Emergency Management major, or Emergency Management and Homeland Security minor or Urban and Regional Planning minor, or C.I.  
Corequisite(s): None.

Introduction to the concepts, design, methodology, computer applications, and data analysis in applied research in the public sector. Spring

School of Public Administration

**PAD 4803 - Issues in Urban Administration**

**Credit Hours: 3**  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and Public Administration major or Urban and Regional Planning minor, or C.I.

To provide students with an understanding of public policy and administrative responses to socioeconomic problems within the urban context. Occasional

HPA-PUB

**PAD 4822 - Intergovernmental Administration**

**Credit Hours: 3**  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): C- or better in PAD 3733 Corequisite(s): None.  
Prerequisite(s) or Corequisite(s): Junior standing and Public Administration major, or Emergency Management major, or Emergency Management and Homeland Security minor or Urban and Regional Planning minor, or C.I.

Various approaches to studying and explaining the American intergovernmental system. Emphasis on interorganizational activities, i.e., negotiation, cooperation, and coordination within the legal setting. Fall

School of Public Administration

**PAD 4886 - Public Service Leadership**

**Credit Hours: 3**  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): PR: Public Administration major, Senior Standing, PAD 4034, PAD 4104, and PAD 4131

Through this capstone experience, students will develop competencies as managerial leaders, learn about the major theoretical frameworks, and prepare themselves and others for public service. Fall, Spring, Summer

HPA-PUB

**PAD 4933H - Planning and Policy Perspectives on Everglades Restoration**

**Credit Hours: 3**  
Prerequisite(s): Admission into the Honors College for the first three years. C- or better in ENC 1102  
Corequisite(s): None Prerequisite(s) or Corequisite(s): None

Florida Everglades ecosystem restoration program from planning, policy, and management perspective. Policy history of Central/South Florida Flood Control Project, development of Comprehensive Everglades Restoration Program. Other Even Fall, Even Spring, Odd Fall, Odd Spring

School of Public Administration

**PAD 4941 - Public Administration Internship**

**Credit Hours: 3-12**  
Class Hours: 0  
Lab and Field Work Hours: 3-12  
Contact Hours: 3-12  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior Standing and permission by the internship coordinator in the Public Administration program.

Internship in municipal, county, state, or federal government, including assignments in such fields as personnel, planning, budget, and fiscal, procurement, and public safety. Fall, Spring

**PAD 4942 - School of Public Administration Internship Orientation**

**Credit Hours: 0**  
Class Hours: 0  
Lab and Field Work Hours: 15  
Prerequisite(s): PAD 3733

This course is designed to equip students with the tools they will need for a smooth transition into their chosen internship. Fall, Spring.
Summer

School of Public Administration

PAD 4948 - Nonprofit Management Internship

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 20
Contact Hours: 20
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing; and enrollment in nonprofit minor; and Supervised internship for students in the Nonprofit Leadership Alliance program. Requires minimum of 300 hours placement in a nonprofit human services organization. May be used in the degree program a maximum of 2 times. Fall, Spring

HPA-PUB

PAF 2102 - Public Affairs Careers

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction and examination of public affairs programs of study and career opportunities that will prepare students for future careers. Fall

HPA-HPA

PAF 4754 - Interdisciplinary Leadership in Public Affairs

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Social change. Occasional

Department of Biology

PCB 3044H - Honors Principles of Ecology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): PCB 3044L (Honors version)

Prerequisite(s) or Corequisite(s): CHM 2045 or CHM 2041, and a 'C' (2.0) or better in both BSC 2010C and BSC 2011C.

Elements of ecosystem ecology, biogeochemical cycling, environmental and biotic interactions, population dynamics, and community change. With Honors content Occasional

COS-BIOL

PCB 3044L - Honors Principles of Ecology Lab

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 1
Contact Hours: 1
Prerequisite(s): None. Corequisite(s): PCB 3044H - Honors Principles of Ecology (Honor Version)

Prerequisite(s) or Corequisite(s): (CHM 2045 or CHM 2041) and a C (2.0) or better in BSC 2010C and BSC 2011C.

Elements of ecosystem ecology, biogeochemical cycling, environmental and biotic interactions, population dynamics, and community change. With Honors content Occasional

COS-BIOL

PCB 3023 - Molecular Cell Biology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): CHM 2045 or CHM 2041, and a 'C' (2.0) or better in both BSC 2010C and BSC 2011C.

Elements of ecosystem ecology, biogeochemical cycling, environmental and biotic interactions, population dynamics, and community change. With Honors content Occasional

COS-BIOL

PCB 4234 - Zoo and Aquarium Management

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A "C" (2.0) or better in both PCB 3044 and PCB 3063, or C.I.

Conservation, propagation and exhibition of wild animals in captivity. Occasional

COS-BIOL

COS-BIOL

PCB 3023 - Molecular Cell Biology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Structure and function of eukaryotic cells including bioenergetics, protein structure and function, chromosome structure, DNA repair and recombination, membrane structure and transport, intracellular vesicle trafficking, cell signaling, apoptosis and cell cycle control and organization and functions of the cytoskeleton and extracellular matrix. Fall, Spring

COS-BIOL

PCB 3044 - Principles of Ecology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ((PR: CHM 2045 or CHM 2041) or CR: CHM 2041) and a "C" (2.0) or better in both BSC 2010C and BSC 2011C.

Elements of ecosystems, biogeochemical cycling, environmental factor interactions, population dynamics, and community development. Fall
PCB 3044L - Principles of Ecology Laboratory
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s) or Corequisite(s): PCB 3044 or C.I.

Field and laboratory investigations of natural ecosystems, with emphasis on current methodology in ecology. Fall

COS-BIOL

PCB 3063 - Genetics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s) or Corequisite(s): CHM 2046 and a "C" (2.0) or better in BSC 2010C, or C.I., and consent of Honors.

Basic principles of heredity as applied to prokaryotes and eukaryotes. Fall, Spring

COS-BIOL

PCB 3063H - Honors Genetics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s) or Corequisite(s): A "C" (2.0) or better in both BSC 2010C and BSC 2011C, or C.I., and consent of Honors.

Basic principles of heredity as applied to prokaryotes and eukaryotes with honors content. Occasional

COS-BIOL

PCB 3063L - Genetics Laboratory
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s) or Corequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to laboratory techniques of genetics. Fall, Spring M&S fee $28.00

COS-BIOL

PCB 3233 - Immunology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s) or Corequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 2010C.

Basic principles of immune reactions, antigen antibody interactions, cell mediated immunity, tumor immunology, and immune therapy. Fall

COM-BSBS

PCB 3233L - Immunology Laboratory
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s) or Corequisite(s): PCB 3233. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to laboratory techniques in immunology. Fall, Spring M&S fee $46.00

COM-BSBS

PCB 3233L - Principles of Field Ecology
Credit Hours: 2-5
Class Hours: 0
Lab and Field Work Hours: 6-15
Contact Hours: 6-15
Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 2011C, PCB 3044 or C.I.

Introduction to laboratory techniques in immunology. Applied study of biodiversity, ecology and conservation through field trips, field research and/or lectures. Emphasis and location varies by instructor. May be repeated for credit only when course content is different. Occasional

COS-BIOL

PCB 3354 - Tropical Ecology and Conservation
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s) or Corequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3044 with a grade of "C" (2.0) or better, or C.I.

Geography, ecology, and environmental problems encountered in various tropical ecosystems with particular emphasis towards terrestrial systems in tropical rainforests. Occasional

COS-BIOL

PCB 3355L - Tropical Marine Biology
Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): A "C" (2.0) or better in both BSC 2010C and BSC 2011C, or C.I.

Intensive, one week field course at an institute of marine science. Diving/snorkeling will be used extensively to study organisms on pristine coral reefs. Occasional

COS-BIOL

PCB 3442 - Aquatic Ecology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to laboratory techniques of aquatic ecology. Fall, Spring M&S fee $30.00

COS-BIOL
"B" (3.0) or better in BSC 2011C. Corequisite(s): None.

The aquatic ecology of ponds, lakes, streams, and rivers. Occasional

COS-BIOL

PCB 3442H - Honors Aquatic Ecology - Biology of the Amazon

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: BSC 2010C and Consent of Honors or C.I.

Explore origins and maintenance of diverse ecosystem. Historical role of humans in shaping diversity. Examine the challenges in Amazonian biodiversity in the Anthropocene. With honors content. Spring

PCB 3522 - Molecular Biology I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): CHM 2211 and MCB 3020C or C.I.

The general principles governing the structure and function of both prokaryotic and eukaryotic genes. Fall, Spring

COM-BSBS

PCB 3522H - Honors Molecular Biology I

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): CHM 2211 and MCB 3020C or C.I.

The general principles governing the structure and function of both prokaryotic and eukaryotic genes.

Occasional

COM-BSBS

PCB 3685H - How Music Affects Your Brain

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): Consent of Honors

Impact of sound and music on the brain function including mood, emotion, pain, cognition, and memory using interdisciplinary approach, the cutting-edge knowledge in neuroscience and basic analysis of music structure. Spring

College of Medicine Burnett School of Biomedical Sciences

PCB 3703C - Honors Human Physiology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 2010C, CHM 2045C.

The physiology and interrelationships of organ systems of the human body. With honors level content. Fall

COM-BSBS

PCB 3703C - Human Physiology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 2010C, CHM 2045C, CHM 2210, MAC 2311C, PHY 2049.

The physiology and interrelationships of organ systems of the human body. Fall, Spring

M&S fee $70.00

COM-BSBS

PCB 4028 - Molecular and Cellular Pharmacology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3522.

The cellular and molecular events that lead to disease states and the molecular basis of agents that modulate these processes will be covered. Spring

COM-BSBS

PCB 4135 - Applied Molecular Cell Biology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3522,

Discussion on concepts and experimental approaches in molecular cell biology for discovery of modern therapeutics. Spring

COM-BSBS

PCB 4174 - Foundation of Bio-Imaging Science

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 2010C, CHM 2045C, CHM 2210, MAC 2311C, PHY 2049.

Fundamental theory, design, and practice of modern bio-imaging techniques applicable for basic biomedical research. Occasional

COM-BSBS

PCB 4234 - Cancer Biology
Current knowledge and research on molecular mechanism of tumor development, tumor progression, metastasis and therapy of cancer. Occasional

COM-BSBS

PCB 4264 - Stem Cell Biology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3522 or PCB 3023.

Introduction to embryonic and adult stem cells, procedures to isolate them, principles and applications of stem cells in animal and human diseases. Occasional

COM-BSBS

PCB 4280 - Molecular Immunology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): MCB 3020C.

Advanced understanding of the workings of the immune system, correlating cellular and molecular mechanisms with clinical cases. Fall

COM-BSBS

PCB 4280H - Honors Molecular Immunology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: MCB 3020 and Consent of Honors.

Advanced understanding of the workings of the immune system, correlating cellular and molecular mechanisms with clinical cases. Spring

PCB 4284 - Immunobiology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3233.

Investigating innate host defense utilizing an approach that combines online didactic coursework with paper-based analytical studies. Recommended for students interested in research. Occasional

COM-BSBS

PCB 4301C - Wetland Ecology & Biogeochemistry

Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): PR: Grade "B" or better in PCB 3044 or CI

Examination of wetland ecosystems, laws and policy, current research, global biogeochemical cycles, and relevant field and laboratory techniques. Even Spring

COM-BSBS

PCB 4315C - Marine Ecology of Florida

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 6
Prerequisite(s): PR: OCE 3008 and BSC 3312 each with an "A" (4.0), or C.I.

Examine the physical and biological processes that impact coastal marine communities, focusing on the ecology of specific types of communities found in Florida's coastal environment. Odd Spring

Department of Biology

PCB 4353 - Florida Ecology, Natural History and Conservation

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3044C, or C.I.

General ecology, habitats, vegetation types, wildlife, and conservation issues of Florida. Odd Fall

COS-BIOL

PCB 4402 - Disease Ecology & Ecolimmunology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A grade of "B" (3.0) or better in PCB 3063 and PCB 3044 or C.I.

Examination of how hosts, parasites and environment interact to shape organisms, populations and communities. Occasional

COS-BIOL

PCB 4408 - Urban Ecology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3044 with a "B" (3.0) or better, or C.I.

Urban ecosystems, urbanizing landscapes, and the impacts of urban areas on ecological pattern and processes at local, regional and
global scales. Occasional

COS-BIOL

PCB 4514 - Genetics II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A minimum grade of "B" (3.0) in PCB 3063, or C.I.

Advanced topics in genetics and epigenetics including genome organization, gene regulation, chromosome mutation, developmental genetics and the effect of environment on phenotype. Even Fall

COS-BIOL

PCB 4521 - Tissue Engineering

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): MCB 3020C or CHM 2045C.

Tissue engineering with a special emphasis on the current status of the field, on novel methods and on cell-biomaterial interactions. Occasional

COM-BSBS

PCB 4524 - Molecular Biology II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3522.

The processes regulating gene function in procaryotes and eucaryotes; specialized genetic aspects underlying multi-cellular existence, DNA evolution. Spring

COM-BSBS

PCB 4524H - Honors Molecular Biology II

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Permission of Honors and PCB 3522.

Same as PCB 4524 with honors level content. Spring

COM-BSBS

PCB 4529C - Experimental Molecular Cell Biology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 4
Contact Hours: 7
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A "B" (3.0) or better in PCB 3063 and junior standing or C.I.

Examination of the experimental basis for current knowledge in molecular and cellular biology topics and will link classroom discussions with a required laboratory component. Spring 70

COM-BSBS

PCB 4575 - Wildlife Genomics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: 'B' or better in PCB 4683, or CI

Understanding of how Genomic methods are applied to problems in wildlife biology, with an emphasis on vertebrate animal species in terrestrial and marine ecosystems. Odd Fall

PCB 4663 - Human Genetics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3522 or PCB 3023.

Topics include the principles of genetics as applied in humans, human hereditary disorders, and the impact of genetics and technology on medicine and medical practices. Spring

COM-BSBS

PCB 4678 - Evolution and Medicine

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A "B" (3.0) or better in PCB 4683, or C.I.

Evolutionary theory and perspectives to investigate problems in human health and disease. Odd Fall

COS-BIOL

PCB 4683 - Evolutionary Biology

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A grade of "C" (2.0) or better in PCB 3063 and junior standing or C.I.

Demographic and genetic structure of populations and their relationship to speciation, adaptation, and macroevolutionary processes in plants and animals. Fall, Spring

COS-BIOL

PCB 4683L - Evolutionary Biology Lab
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Reading, problem solving and discussion on current topics in evolutionary biology. Fall, Spring
M&S fee $3.00

COS-BIOL

PCB 4684 - Population Genetics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A "C" (2.0) or better in PCB 3063 and PCB 4683, or C.I.
Field of population genetics and the study of the various forces that result in evolutionary changes through time. Even Spring

COS-BIOL

PCB 4708L - Laboratory Virtual Simulations in Physiology
Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3703C or ZOO 3733C.
Conduct experiments in physiology that enhance the ability to design, collect, analyze data and report results in a scientific manner. Occasional

COM-BSBS

PCB 4722 - Comparative Animal Nutrition
Credit Hours: 3
Class Hours: 4
Lab and Field Work Hours: 6
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A "C" (2.0) or better in both PCB 3063 and PCB 4683, or C.I.
The fundamental topics of animal nutrition, including all known nutrients important for animal life. Fall

PCB 4723 - Animal Physiology
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A "C" (2.0) or better in PCB 3023, or C.I.
Functions of body processes occurring in animals, with emphasis on vertebrate physiology. Fall

PCB 4802 - Comparative Endocrinology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): A "C" (2.0) or better in both PCB 3023 and PCB 3044, or C.I.
Hormonal regulation of an animal's physiological responses to environmental changes. Occasional

COS-BIOL

PCB 4805 - Endocrinology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3703C or equivalent; CHM 2211. Mechanisms of action of hormones; interrelationship between the nervous and endocrine systems. Occasional

COM-BSBS

PCB 4808 - Physiology of Reproduction
Credit Hours: 3
Prerequisite(s): Grade of C or better in Human Physiology PCB 3703C
Basic and functional reproductive physiology. Acquire familiarity with related vocabulary; gain a fundamental understanding of biological aspects of mammalian reproductive anatomy, physiology, and endocrinology. Spring, Fall, Summer

College of Medicine Burnett School of Biomedical Sciences

PCB 4813 - Molecular Aspects of Obesity, Diabetes & Metabolism
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): PCB 3522 or BCH 4053.
Advanced topics of physiological processes at the cellular, molecular and system level. Spring

COM-BSBS

PCB 4832 - Cellular and Molecular Basis of Brain Functions
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): PCB 3522, PCB 3703C, ZOO 3733C.
Mechanisms of action of hormones; interrelationship between the nervous and endocrine systems. Occasional
Designed to provide advanced undergraduate students the concepts required to understand the physiological basis of brain functions at the molecular, cellular and system levels. Fall

COM-BSBS

PCB 4833 - Advanced Human Physiology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PCB 3522, PCB 3703C, ZOO 3733C.

Advanced topics of physiological processes at the cellular, molecular and system levels. Fall

COM-BSBS

PCB 4843 - Cellular and Molecular Neuroscience

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ZOO 3744.

An advanced and thorough course providing understanding of the cellular components and molecular signaling pathways involved in the nervous system function. Spring

COM-BSBS

PCB 4943 - Peer Instruction and Laboratory Occupational Training

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 3403C or BSC 3403H.

Internship practicum in a molecular biology laboratory where students teach, present, read journal articles, and work on a research project. May be repeated for credit. Occasional

COM-BSBS

PCO 4203 - Interviewing and Counseling

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012.

A review of various interviewing and counseling theories and techniques used in Mental Health settings as well as practical experience in interviewing and counseling procedures. Fall, Spring

COS-PSYCH

PEL 2011 - Basic Volleyball and Softball

Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

The analysis of offensive and defensive alignment, techniques, and strategies. Occasional

ED-E&HS

PEL 2111 - Bowling

Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PEL 2111, bowling experience, or average of 140 verification by league sheet.

This course provides in-depth information that is necessary for the development of high bowling averages. Occasional

ED-E&HS

PEL 2121 - Beginning Golf

Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Performance and application of basic skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport. Fall, Spring

ED-E&HS

PEL 2122 - Intermediate Golf

Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PEL 2121 or equivalent competency.

A study of performance and application of intermediate skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport. Occasional

ED-E&HS
PEL 2341 - Beginning Tennis
Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Performance and application of basic skills, rules and etiquette. Physiological and social values accruing from this lifetime sport. Occasional
ED-E&HS

PEL 2342 - Intermediate Tennis
Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PEL 2341 or equivalent competency.
Performance and application of advanced skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport. Occasional
ED-E&HS

PEL 2640 - Basic Football and Basketball
Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The analysis of offensive and defensive alignment, techniques, and strategies. Occasional
ED-E&HS

PEM 2101 - Body Development
Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
An in-depth study of individual physical (musculo-skeletal, neuromuscular, cardiopulmonary) fitness. Emphasis on individual diagnosis, principles, procedures, and conduct of related exercise programs. Fall, Even Spring
ED-E&HS

PEM 2104 - Personal Fitness
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Study of personal fitness concepts, with opportunities to develop an individual, optimal level of fitness and an improved lifestyle through high-level wellness. Fall, Spring
ED-E&HS

PEM 2121C - Yoga
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The practice and study of Yoga, including postures, breathing and meditation, focusing on the needs of performers Fall, Spring
ED-E&HS

PEM 2122 - Yoga for Performers
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The practice and study of Yoga, including postures, breathing and meditation, focusing on the needs of performers Fall, Spring
CAH-MUSIC

PEM 2127C - Pilates
Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The Pilates method of body conditioning emphasizing core musculature as it applies to everyday movement. Occasional
ED-E&HS

PEM 2131 - Strength Resistance Training
Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Study of fitness and strength development through resistance exercise. Fall, Spring
ED-E&HS

PEM 2134C - Adventure Recreation
Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Options for adventure recreation including: outdoor living skills, canoeing, kayaking, rock climbing,
ED-E&HS

PEM 2171 - Aerobics

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Appropriate rhythmical muscle toning movements that develop aerobic fitness; concepts taught include warm-up, flexibility, stretching, cool down, and heart rate. *Occasional*

ED-E&HS

PEM 2173 - Step Aerobics

Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Appropriate rhythmical muscle toning movements utilizing the step to develop aerobic fitness. Concepts taught include warm-up, flexibility, work-out, and cool-down. *Occasional*

ED-E&HS

PEM 2175 - Country/Western Dance

Credit Hours: 2
Class Hours: 1
Lab and Field Work Hours: 1
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Basic instruction in Country/Western Dance. Improve aerobic fitness by learning line dances, circle dances and basic partner steps, such as two-step and waltz. *Occasional*

ED-E&HS

PEM 2402 - Beginning Brazilian Jiu-Jitsu

Credit Hours: 2
Prerequisite(s): None

Study and application of basic skills; falling, takedowns, ground techniques, basic self-defense, terminology, philosophy, culture and fitness training involved in Brazilian Jiu-Jitsu (BJJ). *Spring Fall*

ED-E&HS

PEM 2403 - Intermediate Brazilian Jiu-Jitsu

Credit Hours: 2
Prerequisite(s): PEM 2441

Study and application of intermediate skills, physical conditioning, appropriate protocols and terminology involved in Jiu-Jitsu (BJJ) training. *Spring Fall*

School of Kinesiology and Physical Therapy

ED-E&HS

PEO 2011 - Team Sports

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

This course is designed to develop skill proficiency and knowledge to plan, implement and evaluate team sports as part of the Physical Education program. *Fall, Spring*

ED-E&HS

PEO 2031 - Individual Sports

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Skill proficiency and knowledge to
plan, implement and evaluate individual sports. *Fall, Spring*

**ED-E&HS**

**PEO 3041 - Games Analysis**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None

Teaching methodology utilizing games for specific outcome behaviors in grades K-12. *Fall, Spring*

School of Teacher Education

**PEO 3324 - Coaching Volleyball**

**Credit Hours:** 3  
**Class Hours:** 2  
**Lab and Field Work Hours:** 1  
**Contact Hours:** 3  
**Prerequisite(s):** Kinesiology Pending, Admission to Kinesiology B.S, or Sport and Athletic Coaching Minor or CI  
**Corequisite(s):** None

Theory and methods of coaching volleyball, including the analysis of offensive and defensive alignment techniques and strategies. *Spring*

School of Kinesiology and Physical Therapy

**PET 2081 - Wellness, Children and Schools**

**Credit Hours:** 1  
**Class Hours:** 1  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 1  
**Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Exploration and promotion of wellness for children in schools.  
*Fall, Spring*

**ED-E&HS**

**PET 3005 - Introduction to Kinesiology**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None

An introduction to kinesiology with emphasis in fitness, recreation, physical activity, and human performance. *Fall, Spring*

School of Kinesiology and Physical Therapy

**PET 3097 - Health and Wellness**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1101  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None

Explore wellness through science and the statistics of risk factors for mortality and morbidity. Students will interpret indicators, evaluate choices using assessment-intervention-reinforcement protocols. *Fall, Spring*

School of Kinesiology and Physical Therapy

**PET 3125 - Fitness and Weight Management**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** Admission to Kinesiology B.S. or Fitness Training Minor; and minimum overall 2.5 GPA.  
**Corequisite(s):** None.

School of Kinesiology and Physical Therapy
Provides current and future professionals with the requisite knowledge of fitness and weight management research, theories, and practice. **Fall, Spring**

School of Kinesiology and Physical Therapy

**PET 3137 - Concepts and Practices in Sport and Exercise Science**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Admission to the Sport and Exercise Science program or C.I.

Examination of experiences in Sport and Exercise Science program: concepts, practices, and science. **Fall, Spring**

ED-E&HS

**PET 3351 - Applied Exercise Physiology**

Credit Hours: 3
Class Hours: 3
Prerequisite(s): ZOO 3736 Exercise Physiology Anatomy or ZOO 3733 Human Anatomy

- Prerequisite(s) or Corequisite(s): Kinesiology or Health Sciences majors
- Introduction to physiological concepts related to exercise and training adaptations. **Spring Fall**

School of Kinesiology and Physical Therapy

**PET 3361 - Nutrition and Metabolism in Kinesiology**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S. or Fitness Training Minor, and minimum overall 2.5 GPA. Corequisite(s): None.

Study of nutrition with focus on the strategies designed to meet nutrient demands for physical activity, exercise, metabolism, and athletic performance in kinesiology. **Fall, Spring**

School of Kinesiology and Physical Therapy

**PET 3510C - Physiologic & Metabolic Basis of Human Movement & Performance**

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Admission to Athletic Training B.S. Program.

Exercise physiology, drugs & nutrition, and performance & injury; each focusing on the key elements for the application of athletic training principles. **Fall**

HPA-HP

**PET 3765 - Coaching Theory**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology Pending, Kinesiology B.S., Physical Education B.S., or Sport and Athletic Coaching Minor; and minimum overall 2.5 GPA Corequisite(s): None.

Theories of coaching team and individual sports. **Fall**

School of Kinesiology and Physical Therapy

**PET 3768 - Group Exercise Instruction**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S. or Fitness Training Minor and minimum overall 2.5 GPA.

An in-depth study into group exercise instruction and fitness related concepts. **Fall**

ED-E&HS

**PET 3771 - Strength and Conditioning Concepts**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., or Fitness Training Minor; minimum overall 2.5 GPA; and ZOO 3736C or ZOO 3733C or equivalent. Corequisite(s): None.

Integration of advanced components of muscular strength training and endurance conditioning for the Kinesiology professional. **Fall, Spring**

School of Kinesiology and Physical Therapy

**PET 3820 - Teaching Sports Skills I**

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None

Skill proficiency and knowledge to plan, implement and evaluate sports and leisure activities in physical education programs. **Fall, Spring**

School of Teacher Education

**PET 4050C - Motor Development and Learning**

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
PET 4083 - Personal Training Methods

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., and minimum overall 2.5 GPA Corequisite(s): None. An in-depth study into personal training and fitness related concepts. Fall, Spring
School of Kinesiology and Physical Therapy

PET 4088 - Physical Activity & Preventive Medicine

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., minimum overall 2.5 GPA; and ZOO 3736C or ZOO 3733C or equivalent. Corequisite(s): None. Critique and analysis of evidence that exercise training can prevent some diseases and increase quality of life. Fall, Spring
School of Kinesiology and Physical Therapy

PET 4143 - Current Issues & Trends in Kinesiology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S. and minimum 2.5 Overall GPA. Corequisite(s): None. Examination of the current issues and trends encountered by professionals in kinesiology. Fall, Spring
School of Kinesiology and Physical Therapy

PET 4215 - Motivational Aspects of Athletic Performance

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., Fitness Training Minor or Sport and Athletic Coaching Minor; and minimum overall 2.5 GPA Corequisite(s): None. Theories of attitude, motivation, effort, persistence, mental focus, visualization, and an exploration of techniques to enhance athlete performance. Fall, Spring
School of Kinesiology and Physical Therapy

PET 4312C - Applied Biomechanics

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., Health Sciences B.S. or Fitness Training Minor; minimum overall 2.5 GPA; and ZOO 3736C or ZOO 3733C or equivalent. Corequisite(s): None. The comprehension and application of anatomical and mechanical principles involved in human movement. Fall, Spring
School of Kinesiology and Physical Therapy

PET 4315C - Biomechanics of Sport

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 2053C or PHY 2048C. Assessment and recognition of physiological and mechanical aspects of sports and injuries. Spring
HPA-HP

PET 4325 - Functional Kinesiology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., Physical Education B.S. or Fitness Training Minor: ZOO 3736C or equivalent, and minimum 2.5 Overall GPA Corequisite(s): None. Study of functional anatomy and elementary biomechanics. Emphasis placed on analysis of skeletal, muscular and nervous systems and biomechanical factors associated with efficient motor development. Fall, Spring
School of Kinesiology and Physical Therapy

PET 4401 - Administration and Evaluation in Sport and Fitness

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None. Addressing administrative,
measurement and evaluation aspects of Physical Education, Athletics and Sports Programs. Fall, Spring

School of Teacher Education

PET 4550C - Assessment and Evaluation in Kinesiology

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., Physical Education B.S or Fitness Training Minor; PET 3351, and minimum 2.5 overall GPA Corequisite(s): None. Prerequisite(s) or Corequisite(s): .

A study and acquisition of health related fitness, exercise strategies and related assessment techniques. Fall, Spring

School of Kinesiology and Physical Therapy

PET 4552 - Exercise Prescription for Special Populations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., Physical Education B.S., or Fitness Training Minor; minimum overall 2.5 GPA Corequisite(s): None. Prerequisite(s) or Corequisite(s): None

Develop effective instructional skills through planning, teaching, and assessment. Curricular and instructional considerations for physical activity in children and adolescents. Fall, Spring

School of Teacher Education

PET 4710 - Methods for Physical Activity for Children and Adolescents

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 Corequisite(s): None. Prerequisite(s) or Corequisite(s): None

Students integrate knowledge of kinesiology, physiology, and fitness conditioning to develop exercise for populations dealing with aging, osteoporosis, diabetes, obesity, heart disease, and pregnancy. Fall, Spring

School of Kinesiology and Physical Therapy

PET 4763 - Coaching Methods and Principles

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Kinesiology B.S., or Sport and Athletic Coaching Minor; minimum overall 2.5 GPA and PET 3765 Coaching Theory Corequisite(s): None

Assist students in understanding and conceptually integrating teaching methods/coaching strategies with emphasis given to conditioning and leadership styles. Fall, Spring

School of Kinesiology and Physical Therapy

PET 4901 - Capstone in Kinesiology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Senior standing in the Kinesiology B.S., Minimum 2.5 overall GPA and Department Approval Corequisite(s): None

Enhances students’ oral and written presentation ability in issues and topics related to kinesiology. Fall, Spring

School of Kinesiology and Physical Therapy

PET 4925 - Sport and Fitness Practicum I

Credit Hours: 6
Class Hours: 0
Lab and Field Work Hours: 16
Contact Hours: 16
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Overall GPA of 2.5 and completion of 1/3 of the Sport and Fitness program requirements

Field experience in a sport and fitness related organization. Fall, Spring Graded S/U.

ED-E&HS

PET 4926 - Practicum in Kinesiology

Credit Hours: 9
Class Hours: 0
Lab and Field Work Hours: 9
Contact Hours: 9
Prerequisite(s): Senior standing in Kinesiology B.S., minimum 2.5 overall GPA and Advisor Consent. Corequisite(s): None

Field experience in a kinesiology organization, association, or business. Fall, Spring Graded S/U.
School of Kinesiology and Physical Therapy

PGY 2401C - Beginning Photography

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ART 2201C, ART 2300C or C.I.

Introduction to photography with an art emphasis. Fall, Spring M&S fee $45.00
CAH-SVAD

PGY 2813C - Creative Smart Phone Photography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): PR: None

Explore methods of creating/producing/presenting digital-based imagery and introducing the role of smart phone photography in contemporary culture. Occasional

CAH-SVAD

PGY 3002 - Contemporary Photography

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 2401C or C.I.

Late 20th and 21st century (1970’s-present) contemporary movements in photography, special emphasis on issues and ideas relative to contemporary image making. Occasional

CAH-SVAD

PGY 3204C - Experimental Studio Lighting in Photography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): PR: PGY 2401C

Explore the variety of lighting possibilities and creative concepts using constructed set and studio lighting and experimental techniques. Occasional

PGY 3205C - Photographic Lighting Techniques

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 2107 (offered through Daytona State College) or equivalent.

Advanced lighting techniques in both the studio and on location, with projects in the editorial, advertising, or fine art genres. Occasional M&S fee $70.00

CAH-SVAD

PGY 3276 - The Professional Environment

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: PGY 2401C

Concepts necessary for operation of a photography studio. Includes legal, ethical issues; marketing; selfpromotion strategies; funding opportunities; professional development; and professional presentation. Occasional

CAH-SVAD

PGY 3407C - Film and Darkroom

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): PR: PGY 2401C

Various technical and aesthetic considerations of black and white analog photography. Occasional

PGY 3410C - Intermediate Photography

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, PGY 2401C.

Intermediate camera and darkroom practice designed for art majors with studio skills. Spring M&S fee $49.00

CAH-SVAD

PGY 3412L - Photography in the Expanded Field

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): PR: PGY 2401C

Explore the ways in which photography now exists in an expanded field of creative production. Fall

PGY 3451C - Alternative Processes

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3472C or C.I.

19th century photographic processes with related contemporary non-traditional methods of image creation and presentation. Occasional M&S fee $45.00

CAH-SVAD
PGY 3472C - Photo Visualization

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 2000 (offered through Daytona State College) or equivalent.

Analysis of visual problems with an emphasis on communicating and applying a theoretical language to photographic imagery. Occasional M&S fee $68.00

CAH-SVAD

PGY 3480 - Museum and Gallery Practices

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3002 - Contemporary Photography.

The museum and gallery environment focusing on the acquisition and display of photographic materials and curatorial functions. The course includes a service learning component. Occasional

CAH-SVAD

PGY 3610C - Photojournalism I

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Journalism majors only.

Digital photojournalism and visual storytelling, with emphasis on camera basics, composition skills, digital photo-editing skills, and caption writing skills. See instructor for minimal camera requirements.

Occasional

PGY 3620C - Photojournalism II

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 2
Contact Hours: 3
Prerequisite(s): PGY 3610C.

Individual and group projects for extended documentary coverage. Occasional

PGY 3651C - Narrative Editorial Photography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 2650 (offered through Daytona State College) or equivalent.

Explores photography in narrative, documentary, and editorial form. Research, story, text, and visual style will be addressed. Occasional M&S fee $70.00

CAH-SVAD

PGY 3653C - Advanced Editorial Photography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3651C.

Exploration of imagery created to illustrate articles, including still-life, portrait, documentary, and/or fashion photography. Emphasis on the creation of multiple or consecutive images. Spring M&S fee $69.00

CAH-SVAD

PGY 3703C - Photography & the Web

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3821C or C.I.

Advanced issues in digital imaging, emphasis on professional output solutions for the photographer such as web as an interface, large format printing, and film recorder. Occasional M&S fee $45.00

CAH-SVAD

PGY 3751C - Videography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): PGY 2750 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 2750 or C.I.

Creation of video narratives using the digital environment. Occasional

CAH-SVAD

PGY 3821C - Advanced Digital Photography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): PGY 2806 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 2806 or C.I.

Current digital imaging software and its application to contemporary work. Occasional M&S fee $69.00

CAH-SVAD

PGY 3933C - The Photo-book

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s):
None. Prerequisite(s) or Corequisite(s): PGY 2401C.

The study and application of the major trends and movements that have shaped the photo-book genre since the birth of photography to the self-publishing boom. Spring

CAH-SVAD

PGY 4003 - Image, Culture, and Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3002 or C.I.

The role of the media and media imagery in culture and society. Occasional

CAH-SVAD

PGY 4106C - Photography Theory and Practice

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): PR: Any 3000 level PGY course

Theory and practice of photography as contemporary tools for art making. May be repeated twice for credit. Occasional

CAH-SVAD

PGY 4228C - Advanced Illustrative Photography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3205C or C.I.

Various avenues of photographic illustration, including lighting, historical and contemporary issues, style, presentation, and social concerns. Occasional M&S fee $70.00

CAH-SVAD

PGY 4235C - Professional Photographic Workshop

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3205C.

Creative, logistical, and technical processes as related to a variety of special lighting problems in the photographic studio and on location. Occasional M&S fee $70.00

CAH-SVAD

PGY 4420C - Advanced Photography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, PGY 3410C, and a satisfactory portfolio review or C.I.

Advanced photography skills and portfolio development. Designed for art majors. May be repeated for credit. Fall, Spring M&S fee $49.00

CAH-SVAD

PGY 4440C - Special Problems in Photography

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 3
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ART 2201C, ART 2203C, ART 2300C, ART 2301C, PGY 3410C, and a satisfactory portfolio review or C.I.

Designed for upper division art majors with photography concentration. A series of directed photographic problems of a research nature. Occasional M&S fee $20.00

CAH-SVAD

PGY 4471C - Photography Thesis

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3276.

Senior thesis project culminating in a public exhibition or portfolio presentation. Occasional M&S fee $68.00

CAH-SVAD

PGY 4493C - Photography and Art

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PGY 3472C, or PGY 3002, or C.I.

Creation of photographs related to the expression of personal, political, aesthetic, and theoretical issues and ideas found in historical and contemporary imagery. Occasional M&S fee $68.00

CAH-SVAD

PHH 3100 - Ancient Philosophy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010 or C.I.

Foundations of Western philosophy in ancient Greek thinking about human beings and nature, including the pre-Socratics, Socrates, Plato,
Aristotle. *Occasional*

CAH-PHIL

**PHH 3200 - Medieval Philosophy**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Philosophy or Humanities major or C.I.

Sources, methods, and styles of research in Philosophy. Aimed at enhancing the research, reading, and writing skills of undergraduate philosophy students. *Odd Fall*

CAH-PHIL

**PHI 3320 - Philosophy of Mind**
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2101 or C.I.

Recent and contemporary attempts to understand the relation of mind to body, the relation of consciousness to personhood, and the relation of psychology to neurobiology. *Occasional*

CAH-PHIL

**PHI 3323 - Minds and Machines: Philosophy of Cognitive Science**
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2101 or C.I.

Assumptions undergirding research in Cognitive Science. *Fall, Odd Spring*

CAH-PHIL

**PHI 3345 - Philosophy of Psychology**
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): C.I.

Philosophical assumptions and
foundations of major psychological movements plus other philosophically interesting issues. Occasional

CAH-PHIL

PHI 3625 - Virtual Ethics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): COP 3502C or DIG 2000 or C.I.

Ethics of virtual worlds as contrasted to the physical world, the use of simulation, virtual environments, and modeling in philosophy, especially in ethics. Occasional

CAH-PHIL

PHI 3626 - Advanced Ethics in Science and Technology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): COP 3502C or DIG 2000 or PHI 2647.

Critical thinking applied to ethics in science and technology. Fall, Spring

CAH-PHIL

PHI 3629 - Family Values

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010, PHI 2630, PHI 3670, or WST 3015.

Applied ethics examining legal, religious and other cultural prescriptions related to sexuality, marriage, reproduction, child-rearing and other forms of familial relationship and caregiving. Even Spring

CAH-PHIL

PHI 3638 - Ethical Issues in the 21st Century

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010 or C.I.

Applications of ethical theory and moral problem-solving to contemporary issues. Occasional

CAH-PHIL

PHI 3640 - Environmental Ethics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing.

Major contemporary views in environmental ethics, including individual and holistic approaches, deep ecology, ecofeminism, and social ecology Occasional

CAH-PHIL

PHI 3670 - Ethical Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and C.I.

Major classical and contemporary topics in ethics, including value theory, utilitarian, deontological, virtue-based and feminist approaches to ethics, rights, and justice; some examination of metaethical issues. Even Spring

CAH-PHIL

PHI 3672 - Animal Ethics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010 or C.I.

Key issues and debates in the area of animal ethics, including both theoretical and applied dimensions. Occasional

CAH-PHIL

PHI 3684 - Ways of Living

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): PHI 2010 or C.I.

Philosophies of life and the notion of "the good life." Occasional

CAH-PHIL

PHI 3700 - Philosophy of Religion

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): REL 2300 or PHI 2300.

An examination of basic ideas, beliefs, attitudes, and functions of religion, with emphasis upon questions of conceptual meaning and cognitive justification. Odd Spring

CAH-PHIL

PHI 3720 - Faith and Reason

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): REL 2300 or PHI 2010.

An examination of basic ideas, beliefs, attitudes, and functions of religion, with emphasis upon questions of conceptual meaning and cognitive justification. Odd Spring

CAH-PHIL
Emergence of two discrete ways of knowing: Faith and Reason.

PHI 3803 - Philosophy and Creativity

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing or PHI 2010 or C.I.

A companion course to PHI 3800 - Aesthetics. Examines the empirical and metaphysical claims made for creativity; attempts to account for intuition, genius, and intelligence.

CAH-PHIL

PHI 4300 - Theories of Knowledge

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): PHI 2010 or C.I.

An investigation into the nature of human artistic experience, with special reference to questions of form, perception, and style.

CAH-PHIL

PHI 4321 - Philosophies of Embodiment: Mind/Body/Self

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and either PHI 2010, PHI 2011, PHI 2108, or C.I.

Different ways of understanding relations between mind, body, and nature. Self-knowledge as articulated by western and non-western philosophies from ancient to contemporary times.

CAH-PHIL

PHI 4341 - Ways of Knowing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010 or C.I.

Philosophic study of approaches to knowledge, with emphasis on contributions of the knower to how things are known.

CAH-PHIL

PHI 4400 - Philosophy of Science

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing or PHI 2010 or C.I.
An examination of the conceptual foundations and methodology of modern science. Occasional

CAH-PHIL

PHI 4420 - Philosophy of Social Science

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing or PHI 2010 or C.I.

An examination of the objectives, methods and guiding norms of the social sciences and their role in the development of human knowledge. Occasional

CAH-PHIL

PHI 4500 - Metaphysics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Philosophy major or C.I.

Topics include appearance and reality, actions and events, necessity and possibility, identity, nature of persons, mindbody dualism, causality, and free will and determinism. Occasional

CAH-PHIL

PHI 4633 - Ethics and Biological Science

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Completion of the GEP.

An application of contemporary thinking to ethical issues arising from the biological sciences, including human and animal experimentation, genetic engineering, biodiversity. Occasional

CAH-PHIL

PHI 4633H - Honors Ethics and Biological Science

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 2010C, a course in Philosophy, and consent of Honors.

Contemporary thinking on ethical issues arising from the biological sciences, including human and animal experiments, genetic engineering, and biodiversity. Occasional

CAH-PHIL

PHI 4673 - Medical Ethics

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): Senior standing or C.I.

Ethics of clinical medicine and medical research. Spring

CAH-PHIL

PHI 4690 - Ethics in Nanoscience and Nanotechnology

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): Completion of GEP or Junior standing.

Ethical implications of rapid developments in nanoscience and nanotechnology. Odd Fall

CAH-PHIL

PHI 4804 - Critical Theory

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): C.I.

Critical theory and cultural studies emphasizing current trends as they apply to arts in diverse media. Even Fall

CAH-PHIL

PHI 4931 - Philosophy in the News

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): PHI 2010.

Changing course content. A specific topic being covered by the media will be selected for philosophical examination. Course is web enhanced. Occasional

CAH-PHIL

PHI 4935 - Topics in Philosophy of Mind

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): PHI 3320, PHI 3451 or PHI 3323 or C.I.

Recent debate in philosophy of mind. Variable topics. Examples: mental representation, consciousness, concepts, free will. May be repeated for credit. Occasional

CAH-PHIL
CAH-PHIL

PHI 4938 - Senior Research Seminar

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Senior standing and Philosophy major, or C.I.

Capstone course on research, developing effective oral and written communication skills. Spring

CAH-PHIL

PHM 3020 - Philosophy of Love

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and PHI 2010, or C.I.

A critical investigation of the meaning and significance of various kinds of love from a variety of philosophical perspectives. Spring

CAH-PHIL

PHM 3100 - Freedom and Justice

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing or PHI 2010 or C.I.

Philosophical analysis and evaluation of selected issues arising from the interaction of the individual, society, and the state; includes topics such as freedom, equality, and justice. Occasional

CAH-PHIL

PHM 3123 - Feminist Theories

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010.

Contemporary issues and perspectives in feminist theory and their relation to divergent feminist practices. Even Fall

CAH-PHIL

PHM 3401 - Philosophy of Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010, PHI 2630, PHI 3670, or POS 2041.

Study of the nature of, and justifications for, law and punishment. Examination of the concepts of legal personhood, rights and responsibilities. Spring

CAH-PHIL

PHM 4031 - Environmental Philosophy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 3640, PHI 2630, or PHI 2010 or PHI 3640 or C.I.

Major contemporary positions in environmental philosophy, including deep ecology, ecofeminism, and social ecology. Occasional

CAH-PHIL

PHP 3783 - Modernity as a Philosophical Problem

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010 or PHI 3640 or C.I.

Modernity in the philosophies of Kant, Hegel, Nietzsche, Heidegger, Derrida, Rorty, and others. Occasional

CAH-PHIL

PHP 3786 - Existentialism

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing or PHI 2010 or C.I.

Study of existentialist analysis and criticism of the human situation as found in the writings of such philosophers as Kierkegaard, Nietzsche, Heidegger, Sartre, and Camus. Odd Fall

CAH-PHIL

PHP 4782 - Phenomenology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010.

Analysis of contemporary African-American philosophy and overview of Black philosophy from slavery era writings to the present. Occasional

CAH-PHIL
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and three Philosophy courses.

The philosophy developed in the 20th century in the writings of Husserl, Heidegger, Sartre, Merleau-Ponty, De Beauvoir and Derrida.

Occasional

CAH-PHIL

PHP 4931 - Key Figures in Philosophy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010 or C.I.

Study of a central figure in philosophy's work, influences, reception and effect. May be repeated for credit only when course content is different. Occasional

CAH-PHIL

PHP 4933 - Key Concepts in Philosophy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHI 2010 or C.I.

Study of the development, meaning, and implications of a central concept in Philosophy. May be repeated for credit only when course content is different. Occasional

CAH-PHIL

PHT 3069 - Physical Assessment

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): None. Corequisite(s): PHT 3069L. Prerequisite(s) or Corequisite(s): None.

Extensive theory and practice in the examination of the patient. Incorporates a systems approach, utilizing screening and patient problem solving. Occasional

HPA-HP

PHT 3069L - Physical Assessment Lab

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 4
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHT 3069.

Lab course emphasizing the examinations required to perform an evaluation of a physical therapy patient. Occasional

HPA-HP

PHT 3112 - Gross Anatomy/Neuroscience I

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): PHT 3112L. Prerequisite(s) or Corequisite(s): Admission into the Physical Therapy program.

In-depth study of human morphology emphasizing the back, spinal cord, cranial nerves, and upper and lower extremities. Regional cadaver dissection. Occasional

HPA-HP

PHT 3112L - Gross Anatomy/Neuroscience I Lab

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 48
Contact Hours: 48
Prerequisite(s): PHT3112L
Corequisite(s): PHT 3113

Directed laboratory experiences with cadaver dissection focusing on central nervous system and all internal organs. 70

School of Kinesiology and Physical Therapy

PHT 3113 - Gross Anatomy/Neuroscience II

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): PHT 3113L. Prerequisite(s) or Corequisite(s): PHT 3112; PHT 3112L.

In-depth study of human morphology emphasizing the brain, the cervical spine, pelvis, and the internal organs. Occasional

HPA-HP

PHT 3113L - Gross Anatomy/Neuroscience II Lab

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 48
Contact Hours: 48
Prerequisite(s): PHT3113L
Corequisite(s): PHT 3113

Directed laboratory experiences with cadaver dissection focusing on central nervous system and all internal organs. 70

School of Kinesiology and Physical Therapy

PHT 3122 - Clinical Kinesiology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): PHT 3122L. Prerequisite(s) or Corequisite(s): None.

Mechanical aspects of human movement, including joint mechanics of the upper and lower extremity, the vertebral column, and tissue mechanics of relevant human
tissues. Coordinated with cadaver dissection. Occasional

HPA-HP

PHT 3122L - Clinical Kinesiology Lab

Credit Hours: 3
Class Hours: 0
Lab and Field Work Hours: 6
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): PHT 3122. Prerequisite(s) or Corequisite(s): None.

Lab course investigating the mechanical aspects of human movement. Occasional

HPA-HP

PHT 3155 - Physiology of Therapeutic Exercise

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): PHT 3155L. Prerequisite(s) or Corequisite(s): PHT 3259.

Exercise physiology investigating the physiological responses and adaptations to human movement including cardiovascular and pulmonary systems. Occasional

HPA-HP

PHT 3155L - Physiology of Therapeutic Exercise Lab

Credit Hours: 2
Class Hours: 0
Lab and Field Work Hours: 4
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): PHT 3155. Prerequisite(s) or Corequisite(s): None.

Lab course emphasizing the clinical application of exercise physiology. Occasional

HPA-HP

PHT 3259 - Patient Care Skills

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): PHT 3259. Prerequisite(s) or Corequisite(s): None.

Affective, cognitive, and psychomotor skills applied to patient care. Diversity issues discussed. Basic skills of patient care; transfers, mobility skills, draping, gait training. Occasional

HPA-HP

PHT 4222 - Therapeutic Exercise I

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): PHT 4222L. Prerequisite(s) or Corequisite(s): PHT 3155; PHT 3155L.

Theory of developing, implementing, and evaluating a therapeutic exercise program for patients with musculoskeletal dysfunction. Occasional

HPA-HP

PHT 4222L - Therapeutic Exercise I Lab

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): PHT 4222. Prerequisite(s) or Corequisite(s): None.

Lab course emphasizing therapeutic exercise skills for the treatment of patients with musculoskeletal dysfunction. Occasional

HPA-HP

PHT 4230 - Therapeutic Exercise II

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): PHT 4230L. Prerequisite(s) or Corequisite(s): PHT 4222; PHT 4222L.

Exploration of the various therapeutic exercise modalities, and their application to the rehabilitation course treatment. Occasional

HPA-HP

PHT 4230L - Therapeutic Exercise II Lab

Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 2
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): PHT 4230. Prerequisite(s) or Corequisite(s): None.

Lab course emphasizing use of various therapeutic exercise modalities. Occasional

HPA-HP

PHY 1029 - Household Physics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: N.A.

A hands-on, exploration-oriented course intended to help non-science major students understand physics involved in everyday items around the house. Spring

PHY 1038 - Physics of Energy, Climate Change and Environment

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: N.A.

Basic principles of physics, under the unifying theme of the production and use of energy and its interaction with
the climate system and global environment. Spring

COS-PHYS

PHY 1935 - Freshman Physics Seminar

<table>

Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 2049C, MAP 2302.

Electrostatics, magnetostatics, Lorentz force current electricity, Maxwell's equations. Fall

COS-PHYS

PHY 3513 - Thermal and Statistical Physics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3101 or PHY 3101H or C.I.

Thermodynamics, kinetic theory, elements of statistical mechanics. Fall

COS-PHYS

PHY 3722C - Physics Laboratory-Electronics

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 5
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 2049C or PHY 2048H, MAP 2302.

State-of-the-art electronics, transducers, operational amplifiers, phase sensitive circuits, active filters. Occasional

COS-PHYS

PHY 3752C - Physics of Scientific Instruments

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 5
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3101 or C.I.

Applications, functions and operation of electronic instruments. Occasional

COS-PHYS

PHY 3802L - Intermediate Physics Laboratory

Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 5
Contact Hours: 6
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3101 or C.I.

Laboratory work in basic measurements of physical constants; experiments in electronics, modern physics, nuclear physics, optics, and solid state physics. May be repeated for credit. Fall

COS-PHYS

PHY 3945 - Physics Pedagogy Seminar

Credit Hours: 1
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 2048C or PHY 2053C.

Designed for students serving as Learning Assistants in the physics department and will help LAs to integrate educational theory, pedagogy and practice. May be used in the degree program a maximum of 2 times. Occasional Graded S/U.

COS-PHYS

PHY 4012 - Teaching Introductory Physics

Credit Hours: 3
Class Hours: 3

COS-PHYS
Students build specialized matter required for teaching introductory physics by reviewing variety of physics concepts integrated with coherent teaching methods. *Odd Spring*

**COS-PHYS**

**PHY 4254 - Physics of Fluids and Biofluids**

- **Credit Hours:** 3
- **Class Hours:** 3
- **Lab and Field Work Hours:** 0
- **Contact Hours:** 3
- **Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3513, PHY 3323, and MAP 2302, or C.I.

Ideal fluids; basic equation of fluid flow; viscous flow, instability and turbulence; thermal and mass transfers in fluids; biofluid mechanics of blood circulation. *Even Spring*

**COS-PHYS**

**PHY 4324 - Electricity and Magnetism II**

- **Credit Hours:** 3
- **Class Hours:** 3
- **Lab and Field Work Hours:** 0
- **Contact Hours:** 3
- **Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3323.

Dielectrics, magnetic materials, electromagnetic waves, reflection, complex impedance, static solutions to Laplace's Equation, radiation from an accelerated charge and antennae, special relativity. *Spring*

**COS-PHYS**

**PHY 4424 - Optics**

- **Credit Hours:** 3
- **Class Hours:** 3
- **Lab and Field Work Hours:** 0
- **Contact Hours:** 3
- **Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3101 and PHY 3323.

Wave optics, absorption, stimulated emission, lasers, transforms, coherence, holography. *Occasional*

**COS-PHYS**

**PHY 4445 - Lasers**

- **Credit Hours:** 3
- **Class Hours:** 3
- **Lab and Field Work Hours:** 0
- **Contact Hours:** 3
- **Prerequisite(s):** None. Corequisite(s): PHY 3101, MAP 2302, PHY 4424, or C.I.

Principles of laser gain media, properties of resonators and modes, and description of specific laser systems. *Occasional 0*

**COS-PHYS**

**PHY 4604 - Wave Mechanics I**

- **Credit Hours:** 3
- **Class Hours:** 3
- **Lab and Field Work Hours:** 0
- **Contact Hours:** 3
- **Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHZ 3113 and PHY 3220

Postulates of quantum mechanics, operators and observables, Schroedinger equation with simple applications. *Odd Fall*

**COS-PHYS**

**PHY 4605 - Wave Mechanics II**

- **Credit Hours:** 3
- **Class Hours:** 3
- **Lab and Field Work Hours:** 0
- **Contact Hours:** 3
- **Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHZ 3113 and PHY 3220.

Further applications of quantum mechanics, perturbation theory, scattering theory, identical particles. *Spring*

**COS-PHYS**

**PHY 4803L - Advanced Physics Laboratory**

- **Credit Hours:** 3
- **Class Hours:** 1
- **Lab and Field Work Hours:** 5
- **Contact Hours:** 6
- **Prerequisite(s):** None. Corequisite(s): PHY 3802L.

Experiments in optics, electronics, nuclear and solid state physics. Emphasis on design, data, and scientific writing. *Occasional 0*

**COS-PHYS**

**PHZ 3113 - Introduction to Theoretical Methods of Physics**

- **Credit Hours:** 3
- **Class Hours:** 3
- **Lab and Field Work Hours:** 0
- **Contact Hours:** 3
- **Prerequisite(s):** MAP 2302.

Analytical techniques to solve problems of physics. *Spring*

**COS-PHYS**

**PHZ 3150 - Introduction to Numerical Computing**

- **Credit Hours:** 3
- **Class Hours:** 3
- **Lab and Field Work Hours:** 0
- **Contact Hours:** 3
- **Prerequisite(s):** None. Corequisite(s): MAC 2311C, or CI.

First exposure to computer as a calculation tool. Simple programming, problem-solving workflows, 2D and 3D visualization principles, logging, numerical methods and tools. Computer required. *Fall, Spring*  

UCF Undergraduate Catalog 2019-2020 - 1475
PHZ 3151 - Computer Methods in Physics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3101.

Non-analytical problems in physics and astronomy solved by approximation with computer assistance. Occasional

PHZ 3361 - The Interaction of Radiation with Matter and its Measurement

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: PHY 2054 or PHY 2049

PHZ 3422 - Nanophysics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3101 or C.I.

Physical phenomena occurring in nanometer-length scale, including nano colloids, and nano transport. Occasional

PHZ 3464 - Nanoscience II: Technological Applications

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): (PHY 2049C or PHY 2054C), and (CHM 2045C or CHS 1440)

Provides a comprehensive summary of the most relevant experimental advances in nanoscience and their applications in current technologies as well as their potential for future emerging technologies. Spring

PHZ 3601 - Einstein's Theory of Relativity

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 2049.

Einstein's special theory of relativity. Introduction to general relativity. Occasional

PHZ 3801 - Nuclear and Particle Physics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 4605 or C.I.

The properties of the nuclei and the fundamental particles and how the universe is built from particles. Occasional

PHZ 4404 - Solid State Physics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PHY 3513 or C.I. Corequisite(s): None.

Atomic binding, crystalline structure, diffraction and reciprocal lattice, lattice vibration, phonons, electrons in solids, energy bands, semiconductors. Spring

PHZ 4434 - Nanoscale Surface Physics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PHY 3101 or C.I.

Physical and chemical properties of nanoscale surfaces. Even Fall

PHZ 4624 - General Relativity

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: PHY 3101 or CI

The underpinnings and mathematics of the General Theory of Relativity, including applications to black holes, gravitational waves, and cosmology. Occasional

PLA 3014 - Law and the Legal System

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1101

A survey course designed to familiarize the student with the American legal system, ethical
considerations, terminology, legal reasoning, and the role of the legal assistant. Fall, Spring

HPA-LS

PLA 3108 - Legal Research

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

A study of the various research tools used in legal investigation and the methods used to conduct legal research. Fall, Spring

HPA-LS

PLA 3155 - Legal Writing

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PLA 3108.

A study of legal writing format and technique and the preparation of memoranda and other legal documents, using research skills learned in PLA 3108. Fall, Spring

HPA-LS

PLA 3205 - Civil Practice and Procedure

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

The student becomes familiar with the Florida civil procedure before trial and acquires the ability to prepare basic pleadings. Fall, Spring

HPA-LS

PLA 3277 - The Law of Torts

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Theories governing liability for civil injuries not arising from contractual obligations; systems and procedures used in preparation, trial and appeal of torts cases. Spring

HPA-LS

PLA 3306 - Criminal Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Basic concepts of substantive criminal law. The course includes examination of elements of major crimes, criminal responsibility, legal defenses, and parties to crime. Fall, Spring

HPA-LS

PLA 3309 - Criminal Procedure

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Rules of criminal procedure, with emphasis on Florida rules, including right to counsel, bail, search and seizure, arrest, identification, trial, and post-trial proceedings. Fall, Spring

HPA-LS

PLA 3615 - Property and Real Estate Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Study of the law of real and personal property; real estate transactions and conveyances; closing procedures and title problems. Fall, Spring

HPA-LS

PLA 3871 - Law and Technology: Drones and Artificial Intelligence

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None.

This course prepares students to critically analyze the law as a driver and inhibitor of technology by examining innovations in automated and unmanned aircraft. Spring

HPA-LS

PLA 3871H - Honors Law and Technology: Drones and Artificial Intelligence

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102; Consent of Honors

This course prepares students to critically analyze the law as a driver and inhibitor of technology by examining innovations in automated and unmanned aircraft. Spring

HPA-LS

PLA 3951H - Honors Moot Court

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102; Consent of Honors

This course prepares students to critically analyze the law as a driver and inhibitor of technology by examining innovations in automated and unmanned aircraft. Fall, Spring

HPA-LS

PLA 3951H - Honors Moot Court
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior Standing and Consent of Honors, and C.I.

Interdisciplinary course on selective principles of Constitutional Law, focusing on persuasive writing, oral advocacy, public speaking, and analytical skills through UCF's appellate advocacy/moot court tournament. Fall

HPA-LS

PLA 4020 - Law and Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Examination of the relationship between law and American society including the impact on the legal system and legal profession of major social movements. Spring

HPA-LS

PLA 4022 - Contemporary Issues in Law
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Analyze contemporary legal issues and interplay between state and federal law applications. Topics track current social legal issues. Can repeat twice when content is different. Fall, Spring

HPA-LS

PLA 4081 - Rhetoric & The Law
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102

Analysis of the law from a rhetorical perspective, examination of legal arguments leading to creation of original proposal for a new or amended law. Even Fall, Odd Fall

Department of Legal Studies

PLA 4106H - Honors Law on Trial: Empirical Legal Scholarship
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: ENC1102 and Honors (if approved

Examine and analyze legal questions through the lens of social science and empirical study; Student will be introduced to empirical legal research. Fall

HPA-LS

PLA 4226 - Advanced Trial Advocacy
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): (PLA 4910 and Junior Standing) or C.I.

Litigation and trials at an advanced level; students must handle a trial from beginning to end. May be repeated for credit. Fall, Spring

HPA-LS

PLA 4240 - Negotiation Alternatives in Law
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102

Theories and skills involved in negotiation, mediation and other dispute resolutions processes. Fall, Spring

HPA-LS

PLA 4263 - Evidence
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

An examination of statutes and cases that define rules of evidence for trial courts. Primary emphasis is on the Florida Evidence Code. Fall, Spring

HPA-LS

PLA 4410 - Intellectual Property Law and Practice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None.

This course provides a comprehensive understanding of intellectual property law and practice based on the four areas of trademark, copyright, patent and trade secrets. Spring

HPA-LS

PLA 4410H - Hon: Intellectual Property Law and Practice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Junior Standing; Consent of honors

This course provides a comprehensive understanding of intellectual property law and practice based on four areas: trademark, copyright, patent and trade secrets with honors content. Occasional

PLA 4424 - The Law of Contracts
PLA 4436 - Florida Partnerships and Corporations

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Study of the basic law of contracts as developed in Anglo-American law and as changed by modern statutes, including the Uniform Commercial Code. Florida contract law will be emphasized. Fall

HPA-LS

PLA 4485 - Administrative Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

The law regarding governmental agencies with emphasis on the administrative process, Administrative Procedures Acts and special problems of state administrative law. Fall

HPA-LS

PLA 4464 - Bankruptcy Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

This course will acquaint the student with the substantive law and procedures associated with the rights and obligations of debtors and creditors. Fall

HPA-LS

PLA 4472 - Employment Discrimination Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102

A multidisciplinary examination of issues arising from the relationships between human behavior and the law, the legal system, and the legal process. Even Spring, Odd Spring

Department of Legal Studies

PLA 4521 - World Hunger Morality & the Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior Standing and C.I.

Examine world hunger as a complex issue of sustainable human development, root causes and consequences of domestic and global hunger, and effect on legal systems. Spring

HPA-LS

PLA 4530 - Legal Issues of the Elderly

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Legal concerns faced by older Americans as they plan their later years and seek to maximize their personal autonomy. Fall

HPA-LS

PLA 4545 - Military Law - the Law of War

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102

This course will explore the nature and purpose of the United States law affecting military personnel and operations, including a comparative

Department of Legal Studies

PLA 4511 - Law and Human Behavior

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102

An interdisciplinary survey covering the intersection of law and the various emotions that constitute the human experience. Even Fall, Odd Fall

HPA-LS

PLA 4510 - Law and Emotion

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102

Legal concerns faced by older Americans as they plan their later years and seek to maximize their personal autonomy. Spring

HPA-LS

PLA 4545 - Military Law - the Law of War

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Prerequisite(s): ENC 1102

This course will explore the nature and purpose of the United States law affecting military personnel and operations, including a comparative

Department of Legal Studies
examination of the military justice system, the extent to which service members' constitutional rights are different than those of other United States citizens, and the law of armed conflict. Even Fall, Odd Fall

Department of Legal Studies

**PLA 4554 - Environmental Law**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): ENC 1102  

Environmental law and policy related to the protection of natural resources, including an examination of toxic pollutants, endangered species, and climate change. Fall

HPA-LS

**PLA 4571 - Intercultural Legal Competence**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): ENC 1102  

This course will explore the ability of attorneys to deal with parties from different cultures, and the handling of legal disputes involving international legal systems. 2 Even Spring, Odd Spring

HPA-LS

**PLA 4583 - Cyber Law I**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Prerequisite(s) or Corequisite(s): None.

Analysis of copyright, trademark, and patent issues in cyberspace. Occasional

HPA-LS

**PLA 4607 - Estates and Trusts**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): ENC 1102  

A study of wills and trusts, and applicable legal principles of administration of estates through the processes of the Probate Court. Fall

HPA-LS

**PLA 4609 - Estate Administration**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): (PLA 4607 and Junior standing) or C.I.

Study of the laws and procedures applicable to administration of estates. Occasional

HPA-LS

**PLA 4617 - Urban Development Law**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Prerequisite(s):** ENC 1102  

Study of the legal, socio, political, and financial forces shaping development of urban centers in America, from the late twentieth to early twenty-first century.

HPA-LS

**PLA 4634 - Advanced Legal Applications Computer Software**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): ENC 1102  

Course will acquaint students with contemporary computer software applications used to satisfy the demands of today's law firms and law-related fields. Even Spring

HPA-LS

**PLA 4705 - Professionalism & Civility in the Law**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** PR: PLA3155  

This class will provide students guidance as they interact in a real-world setting as legal professionals while strengthening their research and writing skills. Fall, Spring, Summer

PLA 4734 - Advanced Legal Applications Computer Software

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): ENC 1102  

Course will acquaint students with contemporary computer software applications used to satisfy the demands of today's law firms and law-related fields. Even Spring

HPA-LS

**PLA 4764 - Law Office Practices**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): ENC 1102  

Organization, operation and
management of law office. Interviewing techniques and practical application of work that is done in a law office. Fall

HPA-LS

PLA 4806 - Domestic Relations Law

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1102  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

An in-depth study of family law focusing on divorce, custody, child support, alimony, adoption and other related matters with an emphasis on Florida law. Fall, Spring

HPA-LS

PLA 4807 - Adoption Law

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1102

This course offers a survey of adoption law. Students will learn about the adoption process, discuss relevant legal authority and learn the lawyer's role. Even Spring, Odd Spring

Department of Legal Studies

PLA 4813 - Juvenile Law and Procedure

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): ENC 1102  
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Examines both the substantive and procedural law for juvenile delinquency and dependency. Emphasis on Florida law and comparison with other jurisdictions. Spring

HPA-LS

PLA 4823 - Sports Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Introduction to the legal issues and regulation of sports, focusing on torts, contracts, agency and constitutional law as applied to athletes. Spring

HPA-LS

PLA 4824 - Legal Issues for Athletic Trainers

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ATR 3102 and Athletic Training major.

Analysis of the legal issues affecting athletic trainers. Occasional

HPA-LS

PLA 4825 - Entertainment Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

Introduction to the control and regulation of the entertainment industry and the associated legal issues. Fall

HPA-LS

PLA 4830 - World Legal Systems

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102
Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102

An examination of various legal traditions and systems of the World. Substantive and procedural laws will be examined. Fall

HPA-LS

PLA 4834 - Study Abroad: US/UK Comparative Law

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and junior standing. Corequisite(s): None.

Legal systems structures of U.S. and United Kingdom. Comparatively examining the institutions, structure and sources of law in the Continental, Common Law and Anglo-American legal systems. Occasional

Prerequisite(s): None. Corequisite(s):  
None. Prerequisite(s) or Corequisite(s): PSY 2012.  
The physiological basis of behavior, emphasizing the relationship between the nervous system and behavior. Fall, Spring  
COS-PSYCH

PSB 3002H - Honors Physiological Psychology  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s):  
None. Prerequisite(s) or Corequisite(s): PSY 2012H and consent of Honors.  
Physiological basis of behavior, emphasizing the relationship between the nervous system and behavior. With Honors content. Occasional  
COS-PSYCH

PSB 3441 - Psychobiological Aspects of Drugs  
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s):  
None. Prerequisite(s) or Corequisite(s): PSY 2012.  
An advanced course designed for web instruction. Focuses on pharmacology, neurophysiology and neuroanatomy as the foundation of understanding behavior and social consequences of drug use. Spring  
COS-PSYCH

PSB 3842 - Sleep and Dreams  
Credit Hours: 3  
Class Hours: 3
### Lab and Field Work Hours: 0

#### Contact Hours: 3

**Prerequisite(s):** None. **Corequisite(s):** None. **Corequisite(s):** PSY 2012.

An overview of the psychological and physiological foundations of sleep and dreams. Concrete facts and disturbances of sleep. Cultural perspectives on, and contemporary applications of dreams. *Occasional*

**COS-PSYCH**

### PSB 4240 - Neuropsychology

**Credit Hours:** 3

**Class Hours:** 3

**Lab and Field Work Hours:** 0

**Contact Hours:** 3

**Prerequisite(s):** None. **Corequisite(s):** None. **Corequisite(s):** PSB 3002.

Study of brain function, with particular emphasis on human behavior. *Fall, Odd Spring*

**COS-PSYCH**

### PSC 1121 - Physical Science

**Credit Hours:** 3

**Class Hours:** 3

**Lab and Field Work Hours:** 0

**Contact Hours:** 3

**Prerequisite(s):** None. **Corequisite(s):** None. **Corequisite(s):** High school algebra or MAC 1105C.

Fundamental laws of mechanics, heat, waves, electricity, magnetism; chemical processes and equations, properties of gases, liquids, solids, solutions. *Fall, Spring*

**COS-PSYCH**

### PSC 1121L - Physical Science Lab

**Credit Hours:** 1

**Class Hours:** 0

**Lab and Field Work Hours:** 2

**Contact Hours:** 2

**Prerequisite(s):** None. **Corequisite(s):** PSC 1121. **Prerequisite(s):** None.

Experiments to apply the scientific method to observation and analysis in mechanics, heat, light, electricity and magnetism, chemical and physical transformations. *Fall, Spring 0*

**COS-PHYS**

### PSC 1801 - Physics in Films

**Credit Hours:** 3

**Class Hours:** 3

**Lab and Field Work Hours:** 0

**Contact Hours:** 3

**Prerequisite(s):** None. **Corequisite(s):** None. **Corequisite(s):** High school algebra.

Physics using film as a vehicle of education. Not open to students with credit in PSC 1121. *Occasional*

**COS-PHYS**

### PSC 3911 - FLC Physical Science Capstone R/I

**Credit Hours:** 3

**Class Hours:** 3

**Lab and Field Work Hours:** 0

**Contact Hours:** 3

**Prerequisite(s):** PR: Junior or Senior level in chemistry or physics and C.I

Summer capstone course with extra-mural partners, including physics and chemistry departments of the Florida Consortium of Metropolitan Universities, National laboratories and local industry. *Spring*

**PSY 2012 - General Psychology**

**Credit Hours:** 3

**Class Hours:** 3

**Lab and Field Work Hours:** 0

**Contact Hours:** 3

**Prerequisite(s):** None. **Corequisite(s):** None. **Corequisite(s):** None.

A survey of the basic principles, theories, and methods of contemporary psychology, including the study of human diversity. *Fall, Spring*

**Graded S/U.**

**COS-PSYCH**

### PSY 2012H - Honors General Psychology

**Credit Hours:** 3

**Class Hours:** 3

**Lab and Field Work Hours:** 0

**Contact Hours:** 3

**Prerequisite(s):** None. **Corequisite(s):** None. **Corequisite(s):** Permission of Honors.

A survey of the basic principles, theories, and methods of contemporary psychology, including the study of human diversity. Honors-level content. *Fall, Spring*

**COS-PSYCH**

### PSY 3022C - Academic Counseling

**Credit Hours:** 3

**Class Hours:** 1

**Lab and Field Work Hours:** 8

**Contact Hours:** 9

**Prerequisite(s):** None. **Corequisite(s):** PSY 2012.

Psychology majors only. Research findings, theory, models and techniques of academic counseling and career advising. *Fall, Spring*

**Graded S/U.**

**COS-PSYCH**

### PSY 3024 - Psychology: Career Readiness I

**Credit Hours:** 2

**Class Hours:** 2

**Lab and Field Work Hours:** 0

**Contact Hours:** 2

**Prerequisite(s):** None. **Corequisite(s):** None. **Corequisite(s):** PSY 2012.

What it means to be a psychology major, career opportunities upon graduation, and different graduate school paths. *Fall, Spring*

**Graded S/U.**

**COS-PSYCH**
PSY 3028 - Psychology of Career Development

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 or C.I.

Review of career development theories and current psychological literature on career decision-making. Examination of career development in psychology including educational entry requirements and related issues. Occasional

COS-PSYCH

PSY 3074 - Psychology: Career Readiness II

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): PSY 2012 and PSY 3023 and Psychology BS major. Corequisite(s): None.

Focuses on developing employability and taking steps toward individual career goals, in Psychology. Fall, Spring

COS-PSYCH

PSY 3204C - Statistical Methods in Psychology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012, and either STA 2014C or STA 2023; or C.I.

Standard scores, confidence intervals, sampling distributions, hypothesis testing, correlation and regression as applied to research in psychology. Occasional

COS-PSYCH

PSY 3213C - Honors Research Methods in Psychology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): PSY 3204C and STA 2014C or STA 2023 and consent of the Honors College Corequisite(s): None.

Investigation of experimental designs and research methods utilized in psychology. Laboratory outcomes will be statistically analyzed and reported in APA format. With Honors content. Occasional

Department of Psychology

PSY 3213C - Research Methods in Psychology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): PSY 3204C and STA 2014C or STA 2023. Corequisite(s): None.

Investigation of experimental designs and research methods utilized in psychology. Laboratory outcomes will be statistically analyzed and reported in APA format. Fall, Spring

Department of Psychology

PSY 3302 - Psychological Measurement

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 and STA 2014C or STA 2023.

A study of the theory underlying psychological tests and measurements procedures, including reliability, validity, and item analysis. Occasional

COS-PSYCH

PSY 3320C - Survey Methods in Psychology

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 3204C.

Sampling methods, questionnaire construction, and interpretation of results. Occasional

COS-PSYCH

PSY 3625 - Science and Pseudoscience in Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 or C.I.

Critically evaluates fringe-science, paranormal, and otherwise unusual beliefs about human behavior. Scientific methodology is used to
evaluate bizarre claims such as ESP, astrology, voodoo, mind control, and alien abduction. Occasional

COS-PSYCH

PSY 3630 - Psychology of Human-Animal Interaction

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 and Psychology major, or C.I.

Psychological aspects of human relationships with animals. Occasional

PSY 4049 - Psychology Capstone

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 0
Contact Hours: 2
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSB 3002 and PSY 3213C and PSY 4604, and Psychology Major.

Refresh and apply knowledge in core areas of psychology to cutting edge research in applied disciplines. Fall, Spring Graded S/U.

PSY 4215C - Advanced Research Methods in Psychology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 3213C.

Design, analysis, and interpretation of complex research projects in psychology. Fall, Spring

PSY 4215C - Honors Advanced Research Methods in Psychology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 3213C and consent of honors.

Design, analysis, and interpretation of complex research projects in psychology with honors level content. Occasional

PSY 4604 - History and Systems of Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 and Junior standing.

Historical development of psychology, with emphasis on classical theoretical positions. Occasional

PSY 4604H - Honors History and Systems in Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 and Junior standing and consent of Honors.

Historical development of psychology, with emphasis on classical theoretical positions. With Honors content. Occasional

PSY 4860 - Positive Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012

The scientific study of positive human experiences. Spring

PSY 4912 - Directed Independent Research
PSY 4942 - Instructional Experiences in Undergraduate Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 and CI.

Prepares undergraduate students to more effectively learn psychology concepts by facilitating learning in variety of university psychology classrooms and labs. Occasional Graded S/U.

PUP 3014 - Comparative Public Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): POS 2041 or CPO 3103 or C.I.

Areas of public policy such as immigration, education, trade, taxation, and fiscal policy in selected countries. Occasional

PUP 3203 - Environmental Politics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102 or POS 2041 or C.I.

An examination of politics and policymaking concerning issues of conservation, pollution and development of land, air, and water resources. Odd Fall

PUP 3204 - Sustainability

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102 or Junior standing.

Environmental politics through the lens of "sustainability." Attention devoted to the relationships of culture, economics, and ecology. Odd Fall

PUP 3204H - Honors Sustainability

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: ENC 1102 and Consent of Honors, or CI

Environmental politics through the lens of "sustainability." Attention devoted to the relationships of culture, economics, and ecology. Occasional

PUP 3314 - Minorities in American Politics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102 or POS 2041 or C.I.

Historical and contemporary role of minority groups in the American political process, including an examination of their electoral significance and relevant legislative, executive, and judicial policies. Occasional

PUP 4003 - American Public Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): POS 2041 or C.I.

Policy formation, implementation and evaluation, with a focus upon contemporary American problems, including the malapportionment of societal power and social conflict. Occasional

PUP 4209 - Urban Environmental Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102 or POS 2041 or C.I.

Public policy, ecology, and the urban political landscape explored by tracing their development and prospects for sustainable cities. Occasional

PUP 4323 - Women and Public Policy

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102, or C.I.

Public policies and processes that achieve a disparate impact on women and women's lives in the United States. Occasional

PUP 4404 - Education and Politics
Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing or C.I.

Western education and the connection between citizenship and education, education funding, and the politics of education reform. Occasional

COS-POLS

PUP 4503 - Government and Science

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102 or POS 2041 or C.I.

Examination of interface between science and government. Focus is upon governmental support for science, social accountability, and the role of the scientist-policy maker in comparative context. Occasional

COS-POLS

PUP 4510 - Space Policy

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): ENC 1102 or POS 2041 or C.I.

An examination of the politics and policy-making involved with the US space program in the context of domestic demands and other international space programs. Even Fall

COS-POLS

PUP 4744 - Government and Business

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102.

Analysis of public policies regarding business. Study includes various levels of government including international organizations. Occasional

COS-POLS

PUP 4931 - Topics in Public Policy

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): ENC 1102 or POS 2041 or C.I.

Intensive analysis of a current policy problem. Sample topics include education, growth management, housing, affirmative action, welfare, and transportation. May be used in the degree program a maximum of 2 times. Occasional

COS-POLS

PUR 3004 - Public Relations and Society

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPC 1608, SPC 1603C, COM 1000, or C.I.

The important role public relations has played in the development of contemporary society. Occasional

COS-COMM

PUR 3100 - Writing for Public Relations

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): Ad-PR Majors only.

Development of skills in writing for public relations. Fall, Spring

COS-COMM

PUR 3210 - Communication Approach to Corporate Social Responsibility

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): Either SPC 1608, SPC 1603C, COM 1000, or C.I.

A communication-based approach to corporate social responsibility. Occasional

COS-COMM

PUR 3210H - Honors Communication Approach to Corporate Social Responsibility

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): Consent of Honors and either SPC 1608, SPC 1603, COM 1000, or C.I.

Advanced review of a communication based approach to corporate social responsibility. Occasional

COS-COMM

PUR 3912 - Collaborative Experiential Research Practicum

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0
Students will work as research assistants in a team, under faculty supervision, and learn first-hand the process of conducting communication/social scientific research. May be used in the degree program a maximum of 2 times.  

**Occasional**  

**COS-COMM**  

**PUR 4000 - Public Relations**

RUT 3505 - Russian Culture and Civilization

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): RUS 2201 or equivalent.

Vocabulary building with systematic training in diction and locution. Speeches and oral presentations as well as production and delivery of real-life dialogues. Occasional

CAH-LANG
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): ENC 1102 or C.I.

Russian culture and civilization through a variety of topics and media. Occasional

CAH-LANG

SCC 3003 - Physical Security

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SCC 3311 or C.I.

Concepts and procedures for the development, implementation, and management of a physical security program and its application to assets protection. Occasional

HPA-CJ

SCC 3311 - Security Administration

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Discussion of modern security administration and the security-law enforcement interface, emphasizing a systems approach and utilizing the design of a security plan for a plant. Occasional

HPA-CJ

SCC 3316 - Special Security Problems

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SCC 3311 or C.I.

Review and application of basic security principles to retail security, transportation/cargo security, utility security, computer security, and other special security situations. Occasional

HPA-CJ

SCE 3053 - Elementary Science for Teaching

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Admission to Elementary Education B.S. or Elementary Education B.S.-Education Track or Elementary Education B.S. - Lifelong Learning Track or C.I.

This course offers a content knowledge base for elementary school science to address national and state standards. Fall, Spring, Summer

SCE 3310 - Teaching Science in Elementary School

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SCE 3XXX Elementary Science for Teaching and admission to Elementary Education B.S - Education Track or Lifelong Learning Track or C.I.

Course objectives for a school curriculum and methods and materials for the middle grades and high school. Fall, Spring M&S fee $10.00

ED-TL&L

SCE 4304 - Teaching Science and Technology to Young Children

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): (EEC 4604, EEC 4207, EEX 3450, RED 3012, and TSL 4240), and senior standing Corequisite(s): EEC 4235C, MAE 4300, and RED 4311 Prerequisite(s) or Corequisite(s): None.

Provides the knowledge and skills needed to plan and implement a discovery science/design technology program for young children in an integrated, interactive curriculum. Fall, Spring

School of Teacher Education

SCE 4360 - Science Instructional Analysis

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): SCE 3940. Prerequisite(s) or Corequisite(s): EDG 4410 or C.I.;

Special programs, strategies, and materials for middle and secondary school science education majors. Spring

ED-TL&L

SCE 4361 - Programs in Teaching Science

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Admission to the Bachelor of Science in Science Education program or C.I.

Special programs, strategies, and materials for middle and secondary school science education majors. Spring
ED-TL&L

SCE 4633 - Secondary Science Curriculum

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Admission to Secondary Education B.S Pending or Secondary Education B.S. Science Education Track or Lifelong Learning Track or C.I.

This course examines science curricula (Grades 6-12 and strategies for promoting conceptual development, inquiry learning, technology, and social justice for all students. Fall

SCE 4933 - Seminar on Secondary Science Education

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Admission to Secondary Education B.S. Science Education Track or Science Education Lifelong Learning Track, or C.I.

This seminar examines the nature of science, major philosophical and historical developments of science, and their implications on the science classroom. Summer

SLS 1282 - Foundations of American University Life

Credit Hours: 1
Class Hours: 1
Lab and Field Work Hours: 0
Contact Hours: 1
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): C.I.

Orientation of international students to American cultural contexts. Success through active, learner-centered dynamics. Methods to sustain student success beyond the first year and the university. Fall.

Spring

ED-CFCS

SLS 1501 - SLS 1501: Strategies for Success in College

Credit Hours: 1-3
Class Hours: 1-3
Lab and Field Work Hours: 0
Contact Hours: 1-3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): First Time in College (FTIC) standing or C.I.

Assist student transition to the University by developing important academic, life, and study skills that promote student success and persistence through first year and beyond. Fall, Spring, Summer

Department of Educational Leadership & Higher Education

SLS 2311C - Overview of Select Medical Careers

Credit Hours: 2
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An overview of the pre-health professions process for careers in medicine, dentistry, veterinary, optometry, pharmacy, podiatry, and chiropractic. Spring

COM-BSBS

SOP 2772 - Sexual Behavior

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012.

Physiological, social, and clinical aspects of human sexuality. Fall

COS-PSYCH

SOP 3004 - Social Psychology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012.

Effects of social situations and social variables on the behavior of individuals. Fall, Spring

COS-PSYCH

UCF Undergraduate Catalog 2019-2020 - 1506
SOP 3723 - Cross Cultural Psychology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012.

Exploration of theories, issues, and research concerned with the psychological understanding of under-represented minority groups. Odd Spring

COS-PSYCH

SOP 3724 - Psychology of Prejudice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012.

Examination of literature relating to prejudice toward groups and individuals, development and maintenance of prejudice, and possible ways to reduce prejudice. Even Spring

COS-PSYCH

SOP 3742 - Psychology of Women
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012.

Examination of the psychological impact of changing sex roles on women in modern society. Topics include child rearing, working women, and sex differences in personality and cognition. Fall, Spring

COS-PSYCH

SOP 3751 - Legal Aspects of Psychology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 or SYG 2000, or C.I.

Ethical and legal dilemmas and issues in the practice of psychology. Occasional

COS-PSYCH

SOP 3784 - Psychology of Diversity
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012.

A review of the contributions of psychology to the understanding of human diversity related to ethnic background, gender, sexuality, and belief systems. Occasional

COS-PSYCH

SOW 2020 - Careers in Creating Social Change
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior Standing or C.I.

Introduces students to the field of social services, with emphasis on the social work profession and other careers that create social change. Fall

HPA-SOWK

SOW 3104 - Human Behavior and the Social Environment I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior Standing or C.I.

Skill development in assessing "person-in-environment" throughout life cycle. Study interaction of biopsychosocial, cultural, and systemic influences on human functioning. Open to non-majors and pending social work majors. Fall

HPA-SOWK

SOW 3111 - Human Behavior and the Social Environment II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Admission to BSW Program and SOW 3104.

Development of skills in assessing families, groups, organizations, and communities, their impact on human functioning, and their potential for providing social support. Spring

HPA-SOWK

SOW 3284 - Social Work Perspectives on Social Justice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior Standing or C.I.

Examination of the social justice mission of the social work profession. Addresses professional values, the rights of populations served, and justice within practice fields. Fall, Spring

SOW 4754 - Forensic Social Work Theory and Practice
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): Junior Standing or C.I.

The role of social workers within the courts and criminal justice system. Occasional

HPA-SOWK

SOW 4794 - Social Work with Immigrants and Refugees
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SOW 3620 and Junior Standing, or C.I.

Social work practice with immigrants and refugees; specifically addressing social policies, programs and legal issues impacting from a national and an international perspective. Fall

HPA-SOWK

SPA 3011 - Speech Science I: Production
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): SPA 3011L. Prerequisite(s) or Corequisite(s): SPA 3112.

Study of how speech is produced, how it is transformed into an acoustic signal, and how that acoustic signal is measured. Fall, Spring

HPA-COM SC&DIS

SPA 3011L - Speech Production lab
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 1
Contact Hours: 1
Prerequisite(s): None. Corequisite(s): SPA 3011 L. Prerequisite(s) or Corequisite(s): SPA 3112.

Physiological and acoustic measurement of speech production. Fall, Spring. Graded S/U.

HPA-COM SC&DIS

SPA 3101 - Physiological Bases of Speech
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPA 3112.

An in-depth study of the physical bases of speech and its production, and the role of the nervous system in speech. Fall, Spring

HPA-COM SC&DIS
Prerequisite(s): SPA 3471
Corequisite(s): SPA 3471
Prerequisite(s) or Corequisite(s): SPA 3471

An introduction to the anatomical, physiological, and physical elements underlying the communication process. Fall, Spring

HPA-COM SC&DIS

SPA 3104 - Neural Bases of Communication
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Structures and functions of the nervous system involved in communication and its disorders. Fall, Spring

HPA-COM SC&DIS

SPA 3112 - Basic Phonetics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): SPA 3112L. Prerequisite(s) or Corequisite(s): None.

Physiological descriptions and visual notation of standard speech patterns and regional dialects. Fall, Spring

HPA-COM SC&DIS

SPA 3112L - Basic Phonetics Lab
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 1
Contact Hours: 1
Prerequisite(s): None. Corequisite(s): SPA 3112. Prerequisite(s) or Corequisite(s): None.

Practice in the transcription of normal and deviant speech samples. Fall, Spring Graded S/U.

HPA-COM SC&DIS

SPA 3123 - Speech Science II: Perception
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): SPA 3123L. Prerequisite(s) or Corequisite(s): SPA 3112, SPA 3011.

How the perception of human speech differs from that of other auditory signals. Fall, Spring

HPA-COM SC&DIS

SPA 3123L - Speech Perception Lab
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 1
Contact Hours: 1
Prerequisite(s): None. Corequisite(s): SPA 3123. Prerequisite(s) or Corequisite(s): None.

Laboratory techniques used in investigating human speech perception. Fall, Spring Graded S/U.

HPA-COM SC&DIS

SPA 3412 - Brain Stories: A Communication Disorders Perspective
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): SPA 3471 (may be taken as corequisite) or PSY 2012 or SYG 2000.

A case study approach to communicative-cognitive disorders due to brain injury Fall, Spring

HPA-COM SC&DIS

SPA 3471 - Communication Disorders in Literature and Media
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): PSY 2012 or SYG 2000.

Exploration of communication disorders in literature and media, emphasizing psychosocial, academic, vocational, and familial challenges as well as society's perceptions of individuals with communication disorders. Fall, Spring

HPA-COM SC&DIS

SPA 3472 - Guidance of Young Children with Communication Disorders
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPA 3471.

Social/emotional and behavioral difficulties of children with communication disorders; positive child guidance and behavioral management strategies for clinicians and parents. Fall, Spring

HPA-COM SC&DIS

SPA 4032 - Audiology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPA 3101 and Junior Standing, or C.I.

Physics of sound, anatomy of hearing mechanism, pure tone audiometry, hearing aids, problems of the deaf and hard of hearing. Clinical skills development required.
SPA 4241 - Genetic Aspects of Communication Disorders
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): BSC 2010C, Junior or senior standing.
Theoretical framework for understanding human genetics and the genetic aspects of communication and feeding disorders. Spring

HPA-COM SC&DIS

SPA 4321 - Audiolingual Rehabilitation
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPA 3011, SPA 3123, and SPA 4032.
Principles and procedures in the use of residual hearing, auditory training, speech reading, and the use of hearing aids. Fall, Spring

HPA-COM SC&DIS

SPA 4326 - Hearing Disorders Across the Lifespan
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPA 3123, SPA 4032 and Senior Standing, or C.I.
Primary and secondary consequences of hearing loss across the lifespan, including hearing impairments and communication limitations. Fall, Spring

HPA-COM SC&DIS

SPA 4400 - Language Disorders Across the Life Span
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): LIN 3716 and Junior Standing, or C.I.
Etiology, assessment, and management of language disorders in children, adolescents, and adults, including those associated with autism, traumatic brain injury, learning disabilities, and dementia. Fall, Spring

HPA-COM SC&DIS

SPA 4476 - Speech Disorders Across the Lifespan
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPA 3101, and SPA 3112 and Junior Standing, or C.I.
Causes and characteristics of speech and swallowing disorders in children and adults, including those affecting articulation, phonation, resonance, fluency, and feeding and swallowing. Fall, Spring

Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPN 3420 or C.I.

Provides hands on experience with CAT (Computer Assisted Translation) tools that external translation and interpretation agencies require in their hiring profiles. Occasional

CAH-LANG

SPT 3831 - Spanish Legal Translation and Interpretation

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPN 3420, or C.I.

The terminology, procedures and ethics required to be a Spanish language court interpreter and translator in the legal field. Even Fall

CAH-LANG

SPT 4801 - Spanish Translation Practicum

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0

Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPT 3800.

Development of translation and interpretation skills in a professional environment. Concentration in legal, medical, and business areas. Occasional

CAH-LANG

SPW 3000H - Honors Nobel Prize Literature: Spain and Latin America

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPN 3760, SPN 3420 and SPN 3300, or C.I.

Students will analyze, discuss and research English translations of Spanish and Latin American Nobel-Prize-Winning writers. Through readings, students will explore the universality of Spanish literature. Occasional

CAH-LANG

SPW 3100 - Survey of Spanish Literature I

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPN 3760, SPN 3420 and SPN 3300, or C.I.

Main literary currents and works from the colonial period to Nineteenth Century Romanticism. Fall

CAH-LANG

SPW 3101 - Survey of Spanish Literature II

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPN 3760, SPN 3420 and SPN 3300, or C.I.

Main literary currents and works of the Nineteenth century from Realism to the present. Spring

CAH-LANG

SPW 3130 - Survey of Latin-American Literature I

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPN 3760, SPN 3420 and SPN 3300, or C.I.

Main literary currents and works of the Nineteenth century from Realism to the present. Spring

CAH-LANG

SPW 3131 - Survey of Latin-American Literature II

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPN 3760, SPN 3420 and SPN 3300, or C.I.

Main literary currents and works of the Nineteenth century from Realism to the present. Spring

CAH-LANG

SPW 4272 - 20th Century Spanish Novel

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): SPW 3100 or SPW 3101

UCF Undergraduate Catalog 2019-2020 - 1520
3131 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

Major works by the leading authors of the 20th century. Texts selected are studied not only for their aesthetic value, but also in terms of their historical and cultural significance. Occasional

CAH-LANG

SPW 4310 - Early Modern Spanish Theatre

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

A study of the drama of the Golden Age, with special emphasis on Lope, Tirso, Alarcon, and Calderon. The controversies of the Spanish theatre and its influence abroad are examined. Occasional

CAH-LANG

SPW 4322 - Contemporary Iberian Theatre

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

A study of the major playwrights and tendencies in contemporary Iberian theatre. Occasional

CAH-LANG

SPW 4364 - Latin-American Narrative/Essay

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

Study of Latin-American narrative/essay (changing topics by semester) with emphasis in 20th century texts, contrasting techniques, procedures, and literary theories. May be repeated for credit only when course content is different. Occasional

CAH-LANG

SPW 4372 - Spanish Short Story

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPN 3760, SPN 3420 and SPN 3300, or C.I.

This course covers the main works of the Spanish Medieval literature and culture with emphasis on contemporary adaptations of the themes in theatre and film. Occasional

CAH-LANG

SPW 4381 - Latin-American Theatre/Poetry

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

Study of Latin-American theatre/poetry (changing topics by semester) with emphasis on contemporary adaptations of the themes in theatre and film. Occasional

CAH-LANG

SPW 4382 - Central American Literature

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

This course covers the main works of the Spanish Medieval literature and culture with emphasis on contemporary adaptations of the themes in theatre and film. Occasional

CAH-LANG

SPW 4400 - Spanish Medieval Literature

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPW 3100 or C.I.

This course covers the main works of the Spanish Medieval literature and culture with emphasis on contemporary adaptations of the themes in theatre and film. Occasional

CAH-LANG

SPW 4460 - Nineteenth Century Spanish Literature

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None.
Prerequisite(s) or Corequisite(s):
A study of the representative authors and works in Spanish Romanticism, Realism, and Naturalism. Occasional

CAH-LANG

SPW 4604 - Cervantes

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

Don Quixote. Occasional

CAH-LANG

SPW 4720 - The Generation of 1898

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

A study of the generation's main authors and their works. Occasional

CAH-LANG

SPW 4770 - Caribbean Spanish Literature

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

An overview of the literature of the Spanish-speaking Caribbean countries from colonial times to the present. Occasional

CAH-LANG

SPW 4773 - Puerto Rican Literature

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

Puerto Rican Literature from XIX Century to present. Conducted in Spanish. Occasional

CAH-LANG

SPW 4730 - Hispanic Literature of the United States

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SPW 3100 or SPW3101 or SPW 3130 or SPW 3131 or C.I.

Reading and study of outstanding works written by Hispanic writers of the United States. Occasional

CAH-LANG

SSE 3112 - Teaching Social Science in the Elementary School

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): SSE 3XXX Elementary Social Studies for Teaching and admission to Elementary Education B.S. - Education Track or Lifelong Learning Track or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SSE 3XXX Elementary Social Studies for Teaching and admission to Elementary Education B.S. - Education Track or Lifelong Learning Track or C.I.

Selected themes, problems, and concepts; organizing for instruction; techniques; evaluation procedures. Fall, Spring

ED-TL&L

SSE 4042 - Teaching Social Science as a Profession

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Admission to Secondary Education B.S Pending or Secondary Education B.S. Social Science Education Track or Lifelong Learning Track or C.I.

This course will assess teaching social studies from an external perspective. Explore what being a social studies teacher means and assess the career and profession. Fall

SSE 3112 - Elementary Social Studies for Teaching

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Admission to Elementary Education B.S. Pending or Elementary Education B.S. - Education Track or Elementary Education B.S. - Lifelong Learning

This course offers a content knowledge base for elementary school social studies to address national and state standards. Fall, Spring, Summer

ED-TL&L

SSE 4323 - Teaching Civics in Florida
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): POS 2041 and admission to Civics Teaching Certificate.

Pedagogical skills for teaching civics including state mandates for teaching middle school civics and preparing middle school students for the Civics End of Course Assessment. Spring

ED-TL&L

SSE 4361 - Social Science Instructional Analysis
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): EDG 4410
Corequisite(s): SSE 3940.

Analysis of secondary (grades 6-12) social science instructional programs including development of objectives, materials, processes, and assessment procedures in light of current research and practice. Fall

School of Teacher Education

SSE 4395 - Teaching with Primary Sources
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Secondary Education B.S. Pending or Secondary Education B.S English Language Arts Education, Social Science Education, or Lifelong Learning Tracks or C.I.
Corequisite(s): None.

This course focuses on the creation, teaching, and evaluation of content specific, content informed, and effective instructional practices that integrate primary sources. Occasional

ED-TL&L

SSE 4632 - Contemporary Social Science Education
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Admission to Secondary Education B.S. Social Science Education Track or Social Science Education Lifelong Learning Track, or C.I.
Corequisite(s): None.

A survey of recent developments and contemporary programs in all areas of the social sciences. Summer

ED-TL&L

SSE 4936 - Programs in Teaching Social Science
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Admission to Secondary Education B.S. Social Science Education Track or Social Science Education Lifelong Learning Track, or C.I. Corequisite(s): None.

Special programs, strategies, and materials for middle and secondary social science majors. Spring

ED-TL&L

STA 1063C - Basic Statistics Using Microsoft Excel
Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 1
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Applications of Excel; manipulating data; single variable graphs and statistics; scatterplots; probability distributions; statistical inference. Fall, Spring

COS-STAT

STA 2023 - Statistical Methods I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to statistical concepts in modern society. Basic principles, frequency distributions, measures of location and dispersion, probability, statistical inference. The "NC" grading policy applies to this course. Fall, Spring, Summer

Department of Statistics and Data Science

STA 2023H - Honors Statistical Methods I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Permission of Honors; Calculus desired by not necessary.

Same as STA 2023 with honors-level content. Fall, Spring

COS-STAT

STA 2014C - Principles of Statistics
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to statistical concepts in modern society. Basic principles, frequency distributions, measures of location and dispersion, probability, statistical inference. The "NC" grading policy applies to this course. Fall, Spring, Summer

Department of Statistics and Data Science

STA 3032 - Probability and Statistics for Engineers
### STA 3032H - Honors Probability and Statistics for Engineers

<table>
<thead>
<tr>
<th>Credit Hours: 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class Hours: 3</td>
</tr>
<tr>
<td>Lab and Field Work Hours: 0</td>
</tr>
<tr>
<td>Contact Hours: 3</td>
</tr>
<tr>
<td>Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): MAC 2312 with a grade of &quot;C&quot; (2.0) or better.</td>
</tr>
</tbody>
</table>

Axioms of probability; combinatorial and geometrical probability; probability distributions; measures of location and dispersion; sampling and sampling distributions; estimation and tests of hypotheses; engineering applications. *Fall, Spring*

ECS-IEMS

### STA 4102 - Computer Processing of Statistical Data

<table>
<thead>
<tr>
<th>Credit Hours: 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class Hours: 3</td>
</tr>
<tr>
<td>Lab and Field Work Hours: 0</td>

</tr>
<tr>
<td>Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4183 (or old number STA 3183).</td>
</tr>
</tbody>
</table>

Economics of insurance, utility theory, single premiums for insurance and annuities in both discrete and continuous cases. Net annual premium and net premium reserves. *Fall*

COS-STAT

### STA 4131 - Life Contingencies II

<table>
<thead>
<tr>
<th>Credit Hours: 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class Hours: 3</td>
</tr>
<tr>
<td>Lab and Field Work Hours: 0</td>
</tr>
<tr>
<td>Contact Hours: 3</td>
</tr>
<tr>
<td>Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4130 (or old number STA 3130).</td>
</tr>
</tbody>
</table>

Multiple-decrement and multi-life models. Insurance models including expenses. Modified reserves. Cash values, insurance options and asset shares. Non forfeiture benefits and dividends. *Spring*

COS-STAT

### STA 4133 - Loss Models I

<table>
<thead>
<tr>
<th>Credit Hours: 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class Hours: 3</td>
</tr>
<tr>
<td>Lab and Field Work Hours: 0</td>

<tr>
<td>Contact Hours: 3</td>
</tr>
<tr>
<td>Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4163 and knowledge of a programming language.</td>
</tr>
</tbody>
</table>

Distributional quantities, characteristics of actuarial models, continuous models, discrete distributions, frequency and severity with coverage modifications, aggregate loss models, estimation for modified data, frequentist estimation. *Fall*

COS-STAT

### STA 4135 - Loss Models II

<table>
<thead>
<tr>
<th>Credit Hours: 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class Hours: 3</td>
</tr>
<tr>
<td>Lab and Field Work Hours: 0</td>
</tr>
<tr>
<td>Contact Hours: 3</td>
</tr>
<tr>
<td>Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4133.</td>
</tr>
</tbody>
</table>

Frequentist estimation for discrete distributions, Bayesian estimation, model selection, simulation, credibility for aggregate losses, pure premiums and loss ratios, EPV, VHM, Buhlmann and Buhlmann-Straub credibility. *Spring*

COS-STAT

### STA 4163 - Statistical Methods II

<table>
<thead>
<tr>
<th>Credit Hours: 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class Hours: 3</td>
</tr>
<tr>
<td>Lab and Field Work Hours: 0</td>

</tr>
</tbody>
</table>

UCF Undergraduate Catalog 2019-2020 - 1524
Methods of analyzing data, statistical models, estimation, tests of hypotheses, regression and correlation, introduction to analysis of variance, and nonparametric methods. With honors content. Occasional

COS-STAT

STA 4164 - Statistical Methods III
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4163.
A continuation of STA 4163, including further study of regression, analysis of variance and covariance and multiple comparisons. Fall, Spring

COS-STAT

STA 4173 - Biostatistical Methods
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): STA 4163 or C.I. Prerequisite(s) or Corequisite(s): None.
Applied statistical principles and methods applied to problems in medical, biological, and health sciences. Occasional

COS-STAT

STA 4183 - Theory of Interest
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4183 or C.I.
Measurement of simple and compound interests, accumulated and present values factors. Annuities certain, yield rates, amortization schedules and sinking funds. Bonds, securities and related funds. Fall

COS-STAT

STA 4184 - Introduction to Derivative Markets
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4183 or C.I.
Cash flow and profit for simple options and forwards, hedging strategies, Black-Scholes option pricing, simple swaps, portfolio management with derivatives, duration analysis, callable bonds. Spring

COS-STAT

STA 4186 - Theory of Derivative Pricing
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4184 or C.I.
Assumptions of derivative pricing, put-call parity, binomial pricing, market making, delta hedging, exotic options, distributions, Monte Carlo distributions, Brownian motion, interest rate models. Spring

COS-STAT

STA 4222 - Sample Survey Methods
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 2023 or STA 3032.
Measurement of simple and compound interests, accumulated and present values factors. Annuities certain, yield rates, amortization schedules and sinking funds. Bonds, securities and related funds. Fall

COS-STAT

STA 4241 - Statistical Learning
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): STA 4164 and STA 4322
Simple and multiple linear regression, cross-validation, bootstrapping, subset selection, shrinkage methods, dimension reduction, decision trees, bagging, random forests, boosting, principal components analysis, clustering methods. Spring

Department of Statistics and Data Science

STA 4321 - Statistical Theory I
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): MAC 2313. Prerequisite(s) or Corequisite(s): STA 2023 or STA 3032;
Probability axioms, discrete and continuous sample spaces, conditional probability, independence, one-dimensional random variables, moment generating functions, transformations, jointly distributed random variables. Fall

COS-STAT

STA 4322 - Statistical Theory II
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4321.
Conditional distributions, sums of random variables. Chebyshev's inequality, central limit theorem, method of moments, maximum likelihood, confidence intervals, hypothesis testing, transformations of two random variables. Spring

COS-STAT

STA 4345 - Applied Bayesian Statistics

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: STA 4163, or CI

Elements of Bayesian statistics; Bayesian models; Monte Carlo for model fitting; hypothesis testing and model selection; hierarchical models. Spring

COS-STAT

STA 4502 - Nonparametric Statistical Methods

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4322.

Distribution-free tests on location and dispersion, goodness of fit tests, tests of independence, measures of association, nonparametric analysis of variance. Occasional

COS-STAT

STA 4504 - Categorical Data Analysis

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4163.

Twoway and three-way contingency tables, odds ratios, partial association, logistic regression and log linear models. Occasional

COS-STAT

STA 4641 - Risk Theory and Decision

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4322.

Individual and collective risk models for short terms and for extended periods, applications of risk theory to actuarial problems. Risk factors and their financial effects. Occasional

COS-STAT

STA 4664 - Statistical Quality Control

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 2023 or STA 3032.

Statistical concepts and methods applied to the control of quality of manufactured products. Occasional

COS-STAT

STA 4724 - Big Data Analytics Methods

Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): PR: STA 2023 Statistical Methods I

Principles of algorithms in analyzing data, computational concerns with statistics, principles of classification, association rules, belief networks, clustering, use of trees in decision making, visualization techniques, and the understanding of randomness in datasets. Spring

COS-STAT

STA 4852 - Applied Time Series

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): STA 4322.

Forecasting methods, time series analysis, stationary and nonstationary time series, ARIMA models, forecasting processes. Occasional

COS-STAT

SYA 3110 - Social Theory

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SYG 2000 or C.I.

Examines major theoretical perspectives in sociology, from foundational theories that contributed to the development of the discipline to today. Fall, Spring

COS-SOC
SYA 3352 - Spatial Sociology I: Intro to GIS

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SYG 2000 or SYG 2010.

The basics of GIS as it applies to issues in society including, but not limited to those related to criminology, medical, urban, and environmental sociology. Fall

COS-SOC

SYA 3400C - Applied Social Statistics

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): SYA 4300C required. Prerequisite(s) or Corequisite(s): Junior standing and grade of "C" (2.0) or better in SYG 2000. Sociology or Social Sciences majors only, or C.I.; Application of statistical techniques to sociological data as conducted in the research and writing of social scientists. Focus is on the analysis and interpretation of data used by sociologists. Fall

COS-SOC

SYA 4300C - Research Methods

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior standing and grade of "C" (2.0) or better in SYG 2000. Sociology or Social Sciences majors only, or C.I.; Sociological data collections, sampling techniques, proposal development. Critical evaluation of social research, and relationship between theory and social research. Fall

COS-SOC

SYA 4310C - Qualitative Research Analysis in Sociology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SYA 4300C.

Advanced research design and analysis focusing on qualitative research methodologies in sociology. Emphasizes data collection, management, analysis, interpretation, integration, presentation, and report writing. Occasional

COS-SOC

SYA 4354 - Geographic Information Systems Applications

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SYA 3352, or CI

How to integrate geographic information models with their future research and real-world applications. Fall

COS-SOC

SYA 4450 - Data Analysis: Capstone

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Junior Standing and grade of "C" (2.0) or better in SYA 4300C and SYA 3400C.

How sociology is used outside academia, how to apply research methods in an applied research setting, and complete an applied research project. Odd Spring

COS-SOC

SYA 4650C - Community Action and Involvement

Credit Hours: 3
Class Hours: 2
Lab and Field Work Hours: 2
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Utilization of sociological principles in the treatment of practical human problems and organization. Occasional

COS-SOC

SYA 4900 - Applied Sociology

Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SYA 4300C.

How sociology is used outside academia, how to apply research methods in an applied research setting, and complete an applied research project. Odd Spring

COS-SOC

SYA 4959 - Participatory Geographic Information Systems in Belize

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
The conceptual frameworks, methodologies, and applications of Participatory Geographic Information Systems and related geospatial technologies for use in the field. Occasional

COS-SOC

SYD 3410 - Urban Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Historical roots of urbanization. Analysis and impact of community change on social organizations in modern industrial societies. Occasional

COS-SOC

SYD 3700 - Race and Ethnicity

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Theoretical analysis of the emergence, maintenance, and disruption of patterns of racial and ethnic stratification. Fall, Spring

COS-SOC

SYD 3772 - Race and Social Media

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: SYG 2000, ANT 2000, PSY 2012, or junior standing.

Examine race in social media, including the reinforcing or challenging of stereotypes and inequalities, the creation and maintenance of racial identities, and social justice movements. Odd Spring

COS-SOC

SYD 3800 - Sex and Gender in Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Examination of sex and gender in society, as reflected in social norms, attitudes and beliefs, public and private practices, and social institutions. Fall, Spring

COS-SOC

SYD 3805 - Sociology of Sexualities

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: SYG 2000 or SYG 2010 or Junior Standing or CI

Critical reading and discussion of current sociological theories and research on human sexuality. Fall

COS-SOC

SYD 4020 - Birth, Death, and Population Trends

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Concerned with the study of human population, its distribution, composition, and change. Occasional

COS-SOC

SYD 4510 - Environment and Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Applies the sociological perspective and sociological methods of analysis to the relationships between human behavior and the environment. Odd Spring

COS-SOC

SYD 4514 - Environmental Movement

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Origins, evolution, current status and societal impacts of the environmental movement via sociological theory, concepts and research on social movements. Occasional

COS-SOC

SYD 4810 - Women in Contemporary Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Examination and evaluation of the
status of women in the context of the major social institutions (e.g., family, education, religion, economy and polity). *Fall, Spring*

COS-SOC

**SYD 4813 - Women, Law and Social Change**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): None.  

The process of social movements and how they impact legalized social norms for women in public and private life. *Occasional*

COS-SOC

**SYG 2000H - Honors Introduction to Sociology**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Permission of Honors.  

Extensive honors work in the field of Sociology. Expectations, requirements, and standards are greater than for standard General Sociology. *Fall, Spring*

COS-SOC

**SYG 2010 - Social Problems**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): None.  

Analysis of major social problems such as mental disorders, sexual deviance, racial discrimination, poverty, community disorganization, and violence. *Fall, Spring*

COS-SOC

**SYG 3938 - Careers in Sociology**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SYG 2000, SYG 2010 or Junior standing.  

Explore careers that sociology majors are prepared for upon graduation and tips for improving chances of obtaining a desired career. *Fall*

COS-SOC

**SYG 4244 - Food and Society**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SYG 2000, SYG 2010, or Junior standing.  

Through the exploration of food in society, students will discover the significance of food in people's lives and discover ways food expresses relationships among people. *Occasional*

COS-SOC

**SYO 3000 - Contemporary Society**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** None. Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.  

Exploration of contemporary sociology. Conceptual analysis and methodological techniques, presentation and utilization of sociological literature on major social institutions. *Occasional*

COS-SOC

**SYO 3360 - Social Organization and Human Relations**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.  

Analysis of business, government, and industrial organizations. Topics
include organizational theory, social systems, social structure, effects of technology, motivation, leadership, decision-making, and human relations. Occasional

COS-SOC

SYO 3408 - Animals and Health

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None.
Corequisite(s): One of SYG 2000, ANT 2000, or PSY 2012, or Junior standing.

Explores the ways in which non-human animals both enhance and diminish humans' health. Occasional

COS-SOC

SYO 3410 - Mental Health in Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None.
Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

A sociological examination of mental illness as a social problem; legal aspects of mental illness, and the mental health professions. With Honors content. Occasional

COS-SOC

SYO 3410H - Honors Patterns of Mental Health in Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None.
Corequisite(s): Consent of Honors or C.I.

A sociological examination of mental illness as a social problem; legal aspects of mental illness, and the mental health professions. With Honors content. Occasional

COS-SOC

SYO 3530 - Social Power and Inequality

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None.
Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Study of class, status and power, cultural variations in stratification systems; patterns of mobility and change. Occasional

COS-SOC

SYO 3573 - Social Networks: Theory & Applications

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None.
Corequisite(s): SYG 2000, SYG 2010 or Junior Standing

Patterns of social relations among social actors within a defined population are demonstrated allowing students to better understand the theory and application of social networks. Occasional

COS-SOC

SYO 4100 - Family Trends

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None.
Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Intimate relationships, practices, trends and issues affecting today's marriages and families. Fall, Spring

SYO 4132 - Global Family Trends

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None.
Corequisite(s): Sophomore standing or C.I.

The impact of globalization on families by using travel outside of the U.S. as an instructional vehicle. Occasional, Graded S/U.

COS-SOC

SYO 4133 - Family and Aging in Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None.
Corequisite(s): SYG 2000, SYG 2010 or Junior Standing.

A sociological perspective on human aging as it relates to the institution of family. Occasional

COS-SOC

SYO 4200 - Religion in Society

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None.
Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

The relationship between the
religious institution and social stratification, family, education, as well as issues pertaining to gender, race, ethnicity, and age. Occasional

COS-SOC

SYO 4250 - Education and Social Achievement

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

This course examines the sociological dimensions of the educational institutions, including the impact of the social structure on learning and the role of education in social change. Occasional

COS-SOC

SYO 4400 - Medical Sociology

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Analysis of patient beliefs and behavior, health practitioners, the social organization of hospitals and health services, contemporary problems in the delivery of health care. Occasional

COS-SOC

SYO 4423 - Community and Diversity

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Analysis of patient behavior, health practitioners, the social organization of hospitals and health services, and delivery of health care. With Honors content. Occasional

COS-SOC

SYO 4441 - Social Determinants of Health

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): Consent of Honors or C.I.

Analysis of patient behavior, health practitioners, the social organization of health services, and delivery of health care. With Honors content. Occasional

COS-SOC

SYO 4428 - Sociology of Health Care

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): SYG 2000, ANT 2000 or PSY 2012 or C.I.

Exploration of the ways social characteristics structure or shape health patterns in the U.S. population. Occasional

COS-SOC

SYO 4442 - Sociology of Health and Illness Behavior

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Exploration of the ways social characteristics structure or shape health patterns in the U.S. population. Occasional

COS-SOC
SYO 4429 - Social Identities & Health

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None.  
Corequisite(s): SYG 2000, ANT 2000, PSY 2012, or Junior Standing.

Explores health sociologically as it exists in the U.S. at the intersections of gender, race, ethnicity, age, class, sexual orientation and society.  
Occasional  
COS-SOC

SYP 3323 - Video Games in Society

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None.  
Corequisite(s): SYG 2000, SYG 2010 or Junior Standing.

Sociological perspectives on video games as interactive digital entertainment, including theoretical approaches with respect to gender, race, violence, and capitalism as they relate to gaming.  
Occasional  
COS-SOC

SYP 3400 - Social Change

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None.  
Corequisite(s): SYG 2000, SYG 2010 or Junior Standing.

Context and essential sources of social development and change.  
Occasional  
COS-SOC

SYP 3300 - Fads, Crowds, and Social Action

SYP 3510 - Sociology of Deviant Behavior

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None.  
Corequisite(s): SYG 2000, SYG 2010 or Junior Standing.

Analysis of relatively unstructured social situations, such as mobs, crowds, etc. as well as more structured forms of collective behavior such as social movements.  
Occasional  
COS-SOC

SYP 3511 - Sociology of Murder

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None.  
Corequisite(s): SYG 2000, SYG 2010 or Junior Standing.

An analytical study of murder in the U.S.; topics include different types of homicides, offenders, victims, and circumstances.  
Fall  
COS-SOC

SYP 3520 - Criminology

Credit Hours: 3  
Class Hours: 3  
Lab and Field Work Hours: 0  
Contact Hours: 3  
Prerequisite(s): None. Corequisite(s): None.  
Corequisite(s): SYG 2000, SYG 2010 or Junior Standing.

Chief causes of antisocial behavior and current methods of prevention and reform. Effects of heredity and environment, prevalence of delinquency and crime, penal institutions.  
Fall, Spring  
COS-SOC
SYP 3530 - Juvenile Delinquency
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Types of delinquency behavior found among juveniles; possible causes and ways society attempts to treat the various forms of delinquency. Occasional

COS-SOC

SYP 3540 - Sociology of Law
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

The relationship between law and society, including the functions of law and its organization, social and economic consequences, jury selection, and modern trends. Occasional

COS-SOC

SYP 3551 - Alcohol in Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Introduction to the nature of alcoholism and review of its impact on society. Occasional

COS-SOC

SYP 3562 - Domestic Violence in Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Sociological perspectives on all forms of domestic violence, including theoretical explanations, prevalence, risk factors, dynamics of prevention, and intervention. Occasional

COS-SOC

SYP 3565 - Sports and Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Utilization of sociological concepts and theories to investigate sport as a social institution. Includes subjects of racism, sexism, drug abuse, violence, and current issues of sport. Occasional

COS-SOC

SYP 3602 - Popular Music in Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

The role of popular music in social change and in reflecting American culture. Consideration is given to the nature of the popular music business. Occasional

COS-SOC

SYP 3630 - Popular Culture In Society
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Examines the relationship between contemporary popular culture and social institutions, collective identities, social change, gender, ethnicity and age. Occasional

COS-SOC

SYP 4000 - Sociological Social Psychology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

Study of social perception, attitude formation and change, motivation, and decision-making in small groups as affected by social interaction and social processes. Occasional

COS-SOC

SYP 4004 - Constructing Social Issues
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

UCF Undergraduate Catalog 2019-2020 - 1533
Sociological examination of social problems as an emergent process that involves collective definitions and legitimating organizations. Topics include deviance, race, gender and popular culture. Occasional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Corequisite(s) or Corequisite(s): SYG 2000 or SYG 2010 or AN 2000 or PSY 2012 or Junior Standing, or CI.

Explores the ways in which happiness and well-being are understood from a sociological perspective and dependent upon cultural, historical, and social factors. Occasional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): PR: Any of the following: SYG 2000, SYG 2010, or CI.

A sociological perspective on caregiving, which is an expression of social capital defined by supportive networks and relations. Includes a study abroad component (Cork, Ireland). Occasional Graded S/U.

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Corequisite(s) or Corequisite(s): SYG 2000, AN 2000, PSY 2012, or Junior standing.

Comparative sociology of revolutions and the sociological research on social movements. Occasional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Corequisite(s) or Corequisite(s): SYG 2000, SYG 2010, or C.I.

Explores primary trends and processes related to life in a consumer society. Occasional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): One of SYG 2000, AN 2000, PSY 2012, or Junior standing.

Social roots, culture, circumstances, prevention, and control of violence. Occasional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Corequisite(s) or Corequisite(s): One of SYG 2000, AN 2000, PSY 2012, or Junior standing.

Issues related to victimology such as victimization risks and societal treatment of victims. Occasional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Corequisite(s) or Corequisite(s): One of SYG 2000, AN 2000, PSY 2012, or Junior standing.

Types of gangs, gang members, activities, group processes, and societal responses to gangs. Occasional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Corequisite(s) or Corequisite(s): One of SYG 2000, AN 2000, PSY 2012, or Junior standing.

Issues related to victimology such as victimization risks and societal treatment of victims. Occasional

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): One of SYG 2000, AN 2000, PSY 2012, or Junior standing.
Analysis of the socio-cultural elements of the drug culture. Occasional

COS-SOC

SYP 4631 - Social Issues in Film

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): None. Prerequisite(s) or Corequisite(s): One of SYG 2000, ANT 2000, PSY 2012, or Junior standing.

The use of film to examine important social issues related to crime, substance use, health, war, social inequality, and the environment. Occasional

COS-SOC

SYP 4732 - Minority Aging

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3

Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary study of issues, perspectives, and scholarship by and about women of color. Occasional

CAH-WOM

WST 3460H - Honors Women, Race and Struggle

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Consent of Honors.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Interdisciplinary study of issues, perspectives, and scholarship by and about women of color. With Honors content. Occasional

CAH-WOM

WST 3500 - Gender Issues and Community Activism

Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): WST 3015 or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Feminist perspectives applied to current community issues. Interdisciplinary analysis through service learning and field research. Issues will vary. May be repeated for credit. Occasional

CAH-WOM

WST 3522 - First and Second Wave Feminisms
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
History of Western feminist thought, from the late eighteenth century to the 1980s, through texts by First and Second Wave Feminists. Occasional
CAH-WOM

WST 3561 - Third Wave Feminisms
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): WST 3015.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Third wave feminist theories and practices with an activist focus. Even Spring
CAH-WOM

WST 3603 - Introduction to Gender Studies
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1101.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Historical and cultural foundations of gender, sexuality, and intersectional theories with attention to fluidity of identities and diversity of experiences. Even Fall
CAH-WOM

WST 3610 - Gender and Technology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and

Junior Standing. Corequisite(s):
None. Prerequisite(s) or Corequisite(s): None.
Examines the role of gender, race, class, and sexuality in the development, employment, and dissemination of technology in its various forms, including technologies of/around gender, such as domestic, sexual and reproductive, beauty, body, and body technologies. Occasional
CAH-WOM

WST 3621 - Theories of Masculinity
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Masculinity from feminist perspectives, examining issues of race, class, sexuality, and violence, as well as constructions of masculinity in sports, family, and other institutions. Occasional
CAH-WOM

WST 4002 - Research in Women and Gender Studies
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): WST 3015.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.
Relationships among feminist theory, research, social change, and gender equality as experienced at the workforce in private, public and nonprofit spheres. Occasional
CAH-WOM

WST 4021 - Girls and Leadership
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and WST 3020. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Feminist theory and practice related to the building of leadership skills in girls. Service learning component. Occasional
CAH-WOM

WST 4022 - Girls and the Body
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and WST 3020. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Feminist theory and practice applied in an examination of body image as it relates to girls in contemporary society. Service learning component. Occasional
CAH-WOM

WST 4023 - Virtual Girls
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ENC 1102 and WST 3020. Corequisite(s): None.
Prerequisite(s) or Corequisite(s): None.
Feminist theory and practice applied in an examination of the role of technology in the lives of young girls. Service learning component. Occasional
CAH-WOM

WST 4312 - Representations in Motherhood
Prerequisite(s): ENC 1102 and Senior standing. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Students will engage with memoirs, historical accounts, social science studies, poetry and literature to explore various topics of motherhood including experience, identity, public policy and agency. *Occasional*

**CAH-WOM**

**WST 4349 - Ecofeminism**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102 and WST 3015. Corequisite(s): None.  
**Prerequisite(s) or Corequisite(s):** None.

Connections between feminism and the environment. *Occasional*

**CAH-WOM**

**WST 4415 - Global and Transnational Feminism**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** ENC 1102 and WST 3015. Corequisite(s): None.  
**Prerequisite(s) or Corequisite(s):** None.

Feminist theory from a global, multicultural perspective, combined with global feminist activism. Service learning component. *Occasional*

**CAH-WOM**

**WST 4950 - Young Women's Leadership Practicum**

**Credit Hours:** 1  
**Class Hours:** 1  
**Lab and Field Work Hours:** 2  
**Contact Hours:** 3  
**Prerequisite(s):** PR: ENC 1102 or C.I.

Fosters leadership in UCF women by training them to become Big Sister mentors in a one-on-one leadership development program with 7th grade girls. May be repeated for credit. *Occasional*

**ZOO 3454 - Ichthyology**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** PR: A grade of "C" or better in PCB 3063 and PCB 3044 or CI

This course provides an introduction to fish biology and covers (in varying amounts of detail the following topics: diversity, systematics, functional anatomy, physiology, ecology, evolution and conservation. *Spring*

**COM-BSBS**

**ZOO 3713C - Comparative Vertebrate Anatomy**

**Credit Hours:** 5  
**Class Hours:** 3  
**Lab and Field Work Hours:** 6  
**Contact Hours:** 9  
**Prerequisite(s):** A "C" (2.0) or better in both BSC 2010C and BSC 2011C, or C.I. Corequisite(s): None.  
**Prerequisite(s) or Corequisite(s):** None.

The vertebrate animals, relationships of organs and systems, and their phylogenetic significance. *Fall $70*  
**COS-BIOL**

**ZOO 3733C - Honors Human Anatomy**

**Credit Hours:** 4  
**Class Hours:** 3  
**Lab and Field Work Hours:** 3  
**Contact Hours:** 6  
**Prerequisite(s):** BSC 2010C. Corequisite(s): None.  
**Prerequisite(s) or Corequisite(s):** None.

Basic and functional anatomy in clinically oriented way to study systems within the human body. The lab component of this honors course provides enrichment and an opportunity to view cadaver specimens. With Honors Content. *Spring M&S fee $6.00*  
**COM-BSBS**

**ZOO 3736C - Exercise Physiology Anatomy**

**Credit Hours:** 4  
**Class Hours:** 3  
**Lab and Field Work Hours:** 2  
**Contact Hours:** 5  
**Prerequisite(s):** BSC 2010C, C.I.  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None.

Gross anatomy for exercise physiology majors. *Fall, Spring M&S fee $6.00*  
**COM-BSBS**

**ZOO 3744 - Neurobiology**

**Credit Hours:** 3  
**Class Hours:** 3  
**Lab and Field Work Hours:** 0  
**Contact Hours:** 3  
**Prerequisite(s):** BSC 2010C.  
**Corequisite(s):** None. Prerequisite(s) or Corequisite(s): None.

Biological principles governing the physiology of the nervous system including electrical properties, chemical signaling, cellular composition, development, injury and regeneration. *Fall, Spring*  
**COM-BSBS**
ZOO 3744H - Honors Neurobiology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): BSC 2010C and BSC 2010C - Honors General Biology.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Comprehensive discussion of cellular composition of the nervous system and functions of each cell type, electrical and chemical communication; including neuroanatomy and neuropsychology of chemical, somatic and auditory system. Occasional

COM-BSBS

ZOO 3755C - Introductory Histology
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): PCB 3703C or ZOO 3733C or equivalent.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Basic principles of tissue staining, techniques, microscopy, cellular structure and other basic concepts. An introduction to the formation and structure of the four basic human tissues: Epithelium, Connective, Muscle & Nervous. Familiarizes students with normal cells, tissues structure and ultrastructure imaging. Odd Fall, Odd Spring

COM-BSBS

ZOO 4272 - Ornithology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): Grade of "C" or better in BSC 2011C or C.I.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Comprehensive course in bird biology covering global diversity, evolution and systematics, anatomy, physiology, behavior, and ecology. Odd Spring

Department of Biology

ZOO 4310C - Vertebrate Evolution & Ecology
Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 6
Contact Hours: 8
Prerequisite(s): "C" (2.0) or better in BSC 2011C and PCB 3044.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Vertebrate evolution and ecology, based on the paleontological and ecological literature. The laboratory places heavy emphasis on classification/identification and field work. Occasional M&S fee $65.00

COS-BIOL

ZOO 4405C - Sea Turtle Ecology and Conservation Internship
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 3
Prerequisite(s): Intern application,

Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Provide participants with hands-on field and research experience. Students will gain a foundation in the current state of sea turtle science and conservation. Summer

Department of Biology

ZOO 4462C - Herpetology
Credit Hours: 4
Class Hours: 2
Lab and Field Work Hours: 4
Contact Hours: 6
Prerequisite(s): "C" (2.0) or better in BSC 2010C and PCB 3044.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Introduction to the biology of the amphibians and reptiles, their classification, evolution, and life histories. Odd Spring $70

Department of Biology

ZOO 4480 - Mammalogy
Credit Hours: 4
Class Hours: 4
Lab and Field Work Hours: 0
Contact Hours: 4
Prerequisite(s): A "C" (2.0) or better in both BSC 2010C and BSC 2011C, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Diversity and biology of mammals from an evolutionary perspective. Even Spring

COS-BIOL

ZOO 4480L - Mammalogy Lab
Credit Hours: 1
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): None. Corequisite(s): ZOO 4480. Prerequisite(s) or Corequisite(s): None.

This lab will enhance topics covered

UUC Undergraduate Catalog 2019-2020 - 1553
in the lecture further exploring the anatomy and identification of mammals with hands-on experience. Fall

COS-BIOL

ZOO 4513 - Animal Behavior
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): A "C" (2.0) or better in PCB 3044. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Study of the current ideas in animal behavior, including the mechanism of behavior and evolutionary explanations. Odd Fall

COS-BIOL

ZOO 4603C - Embryology/Development
Credit Hours: 5
Class Hours: 3
Lab and Field Work Hours: 4
Contact Hours: 7
Prerequisite(s): A "C" (2.0) or better in both PCB 3063 and PCB 3023, or PCB 3522, or C.I. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Concepts of developmental processes. Emphasis on mechanisms underlying vertebrate development. Spring M&S fee $22.00

COS-BIOL

ZOO 4605 - Human Clinical Embryology and Congenital Malformation
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ZOO 3733C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced functional human clinical embryology with focus on congenital abnormalities. Occasional

COM-BSBS

ZOO 4701 - Dissection Techniques
Credit Hours: 3
Class Hours: 1
Lab and Field Work Hours: 4
Contact Hours: 5
Prerequisite(s): ZOO 3733C (Human Anatomy)

Dissection techniques of the human body to teach students the skills required for the preparation of three dimensional materials(specimens). The primary student population should be junior/senior pre health professional applicants preparing for the basic medical sciences of professional schools. Spring M&S fee $70.00

College of Medicine Burnett School of Biomedical Sciences

ZOO 4735 - Anatomy of the Head and Neck
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): PR: BSC 2010C

Structures of the facial skeleton, oral cavity, the teeth, the gums (gingiva, and the innervation of the head and neck specially the trigeminal nerve, as well as the blood supply, venous and lymphatic drainage of the head and neck including some selective pathological conditions. Occasional

ZOO 4742 - Advanced Neurobiology
Credit Hours: 3
Class Hours: 3
Lab and Field Work Hours: 0
Contact Hours: 3
Prerequisite(s): ZOO 3744. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced topics in movement, vision, motivation, sex and brain, emotions, biological rhythms, sleep, language, attention, mental illness, development, learning, memory, degeneration, regeneration. Spring

COM-BSBS

ZOO 4743C - Clinical Neuroanatomy and Neuroscience
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): ZOO 3733C with a B (3.0) or better. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Basic and applied neurosciences with attention to normal function and pathologic states of the nervous system relevant to practice of general medicine and/or neuroscience. Fall

COM-BSBS

ZOO 4743C - Honors Clinical Neuroanatomy
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 2
Contact Hours: 5
Prerequisite(s): ZOO 3733C and ZOO 3733C Honors consent. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Basic and applied neurosciences with attention to normal function and pathologic states of the nervous system relevant to practice of general medicine and/or neuroscience. Occasional

COM-BSBS

ZOO 4747C - Clinical Neuroscience
Credit Hours: 4
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): ZOO 3744 or ZOO 4743C. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Advanced functional human clinical embryology with focus on congenital abnormalities. Occasional

COM-BSBS
Clinically oriented teachings in major neuroscience areas including selected topics in neuropathology, neurooncology, neuroimmunology, neuropharmacology, and neurodiagnostics. *Spring*

**COM-BSBS**

**ZOO 4747C - Honors Clinical Neuroscience**

**Credit Hours: 4**
Class Hours: 3
Lab and Field Work Hours: 1
Contact Hours: 4
Prerequisite(s): ZOO 3744 or ZOO 4743C and ZOO 4743C - Honors Clinical Neuroanatomy.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

Clinically oriented teachings of neuroscience areas including selected topics in neuropathology, neuro-oncology, neuroimmunology, neuropharmacology and neurodiagnostics with Honors content. *Spring*

**COM-BSBS**

**ZOO 4753C - Human Histology**

**Credit Hours: 4**
Class Hours: 3
Lab and Field Work Hours: 3
Contact Hours: 4
Prerequisite(s): ZOO 3733C Vertebrate Histology covers the vast intricacies of the four basic human tissues: epithelium, connective, muscle, and nervous. It brings the opportunity for students to study the normal tissue structure/ultrastructure by observing and assessing the microanatomy of certain mammalian major organs, but mostly human tissues. *Occasional* M&S fee $70.00

College of Medicine Burnett School of Biomedical Sciences

**ZOO 4756C - Comparative Vertebrate Histology**

**Credit Hours: 4**
Class Hours: 3
Lab and Field Work Hours: 1
Prerequisite(s): A minimum grade of "C" (2.0) in ZOO 3753 or similar course. Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

A comparison of vertebrate anatomy at the tissue level and its evolutionary and phylogenetic significance. *Fall*

Department of Biology

**ZOO 4910L - Research Experience in Animal Behavior in a Zoo Environment**

**Credit Hours: 3**
Class Hours: 0
Lab and Field Work Hours: 3
Contact Hours: 3
Prerequisite(s): A minimum grade of a "B" (3.0) in ZOO 4513.
Corequisite(s): None. Prerequisite(s) or Corequisite(s): None.

An advanced course where students will be observing, documenting, and analyzing animal behavior in a zoological setting. *Fall, Spring*

**COS-BIOL**
University Faculty and Administration Emeriti

University Faculty

The date indicates the first year of employment at the University of Central Florida.

Abbas, Hadi, Associate Professor of School of Visual Arts & Design
(8/8/1995), M.F.A. (Wichita State University)

Abdallah, Nazih, Lecturer of Electrical Engineering Computer Science
(12/21/2000), Ph.D. (University de Paris IX-Dauphin)

Abdel-Aty, Mohamed, Professor of Civil Engineering
(8/8/1995), Ph.D. (University of Cal at Davis)

Abdolvand, Reza, Associate Professor of Electrical Engineering
(1/2/2014), Ph.D. (Georgia Institute of Tech.)

Abichar, Zakhia, Lecturer of Electrical Engineering
(8/15/2011), Ph.D. (Iowa State University)

Ablanedo, Jennie, Assistant In of Institute For Sim And Train
(1/28/2013), M.S. (University of Central Florida)

Abouraddy, Ayman, Professor of Optics and Photonics
(9/1/2008), Ph.D. (Boston University)

Abou-Senna, Hatem, Research Assistant Professor of Civil Engineering
(9/4/2009), Ph.D. (University of Central Florida)

Abraham, Charlie, Associate Professor of School Of Visual Arts & Design
(8/8/1996), M.F.A. (University of MS)

Aburweis, Mohamed, Assistant Professor of Statistics and Data Science
(8/8/2018), Ph.D. (South Dakota State University)

Adams, JoAnne, Lecturer of School Of Visual Arts & Design
(8/8/2008), M.F.A. (University of Florida)

Adams, Kenneth, Professor of Criminal Justice
(8/8/2003), Ph.D. (University at Albany, State University of New York)

Adams, Michelle, Associate Instructor of History
(8/8/2003), M.A. (Northeastern Illinois University)

Agharwal, Shaurya, Assistant Professor of Civil Engineering
(8/8/2018), Ph.D. (University of Nevada Las Vegas)

Ahangari, Raheleh, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2007), Ph.D. (University of Salamanca)

Ahn, Byung, Assistant Professor of Statistics and Data Science
(4/2/2018), Ph.D. (Kansas State University)

Ahmed, Kareem, Assistant Professor of Mechanical and Aerospace Engineering
(12/23/2014), Ph.D. (University at Buffalo, State University of New York)

Ahmed, Tanvir, Lecturer of Computer Science
(5/24/2016), Ph.D. (Aalborg University/Fre University of Brussels)

Ait Maalem Lahcen, Rachid, Instructor of Mathematics
(8/8/2014), M.S.M.E (University of Central Florida)

Ajayi, Richard, Associate Professor of Finance
(8/8/1996), Ph.D. (Temple University)

Alarcon, Alma, Associate Lecturer of Modern Languages
(8/8/1998), Ph.D. (University of Houston)

Albers-Biddle, Laura, Associate Lecturer of School of Teacher Education
(8/8/2001), Ed.D. (University of Central Florida)

Aldarondo-Jeffries, Michael, Faculty Administrator of Undergrad Studies Academic Programs
(10/11/2006), M.Ed. (DePaul University)

Al-Deek, Haitham, Professor of Civil Engineering
(8/8/1992), Ph.D. (University of California at Berkeley)

Alderman, Barbara, Assistant Librarian of Regional Campuses
(10/12/2001), M.S. (Florida State University)

Alexander, Kristi, Professor of Psychology
(10/21/2016), Ph.D. (University of Alabama)
Altin, Mehmet, Assistant Professor of Hospitality Management Dean (8/8/2015), Ph.D. (Virginia Tech)

Altin, Mehmet, Associate Professor of Materials Science and Engineering (5/23/2018), Ph.D. (Duke University)

Almagro-Moreno, Salvador, Assistant Professor of Optics and Photonics (2/16/2011), Ph.D. (University of Southampton)

Anagnostopoulos, Vasileios, Assistant Professor of Chemistry (5/1/2018, Ph.D. (University of Patras)

Ambroso, Maureen, Professor of Management (8/8/1999), Ph.D. (University of Illinois at Urbana-Champaign)

Ambrose, Maureen, Assistant Professor of School of Performing Arts (8/23/2013), Ph.D. (University of Central Florida)

Andrews, Anna, Associate Professor of Engineering (2/26/2009), Ph.D. (Duke University)

Andraka-Christou, Barbara, Assistant Professor of School of Teacher Education (8/23/2013), Ph.D. (University of Central Florida)

Andraka-Christou, Barbara, Assistant Professor of School of Teacher Education (8/23/2013), Ph.D. (University of Central Florida)

Andreasen, Janet, Associate Lecturer of University Libraries (5/29/1998), M.A. (University of Tennessee)

Anagnostopoulos, Vasileios, Assistant Professor of Chemistry (5/1/2018, Ph.D. (University of Patras)

Anderson, Kim, Professor of Social Work (8/8/15), Ph.D. (University of Kansas)

Anderson, Mindi, Associate Professor of School of Performing Arts (8/8/15), Ph.D. (Texas Woman's University)

Anderson, Thaddeus, Assistant Professor of School of Performing Arts (8/8/09), DM.A. (University of Texas)

Andl, Claudia, Associate Professor of School of Teacher Education (8/8/13), M.S. (University of Central Florida)

Andl, Thomas, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean (1/1/2016), Ph.D. (Ruprecht Karls University)
Anthony, Amanda, Associate Professor of Sociology (8/8/2011), Ph.D. (Florida State University)

Apostolakis, Georgios, Assistant Professor of Civil Engineering (8/8/2017), Ph.D. (State University of New York Buffalo)

Applen, John, Associate Professor of English (8/8/1997), Ph.D. (University of Arizona)

Arboleda, Luis G., Assistant Professor of Civil Engineering (8/8/2017), Ph.D. (Northwestern University)

Argenti, Luca, Assistant Professor of Physics (3/22/2016), Ph.D. (Higher Normal School of Pisa)

Aria, Reza, Instructor of Computer Science (4/16/2015), Ph.D. (McMaster University)

Armato, Michael, Lecturer of Sociology (8/8/2016), Ph.D. (New York University)

Arnold, Vicky, Professor of Accounting (8/8/2005), Ph.D. (University of Arkansas, Fayetteville)

Ash, Konstantin, Assistant Professor of School of Politics, Security, and International Affairs (6/21/2016), Ph.D. (University of California-San Diego)

Asi, Yara, Lecturer of Health Management Information (2/19/2010), Ph.D. (University of Central Florida)

Asmar, Abdo, Associate Professor Medicine of Com Internal Medicine (7/1/2011), M.D. (Kauno Medicinos University)

Assefzadeh, Mohammad, Assistant Professor of Electrical Engineering (12/21/2018) Ph.D. (Rice University)

Atanasiu, Traian, Professor of Mathematics (12/21/2018), Ph.D. (University of Gothenburg)

Atia, George, Associate Professor of Electrical Engineering (8/8/2012), Ph.D. (Boston University)

Atkins, Danielle, Assistant Professor of Health Management Information (8/8/2016), Ph.D. (University of Georgia)

Awad, Amro J., Assistant Professor of Electrical Engineering (8/8/2017) Ph.D. (North Carolina University)

Aysun, Uluc, Assistant Professor of Economics (8/8/2011), Ph.D. (University of California-Davis)

Azevedo, Roger, Professor of Learning Sciences and Educational Research (1998), Ph.D. (McGill University)

Azimi, Cyrus, Associate Lecturer of Psychology (8/8/2005), Ph.D. (Michigan State)

Bacchus, James, Faculty Administrator of School of Politics, Security, and International Affairs (9/1/2017, JD (Florida State University)

Back, Robin, Assistant Professor of Hospitality Management Dean (8/8/2015), Ph.D. (University of Massachusetts)

Bagci, Ulas, Assistant Professor of Computer Science (12/23/2014), Ph.D. (University of Nottingham)

Baggio, Jacopo, Assistant Professor of School of Politics, Security, and International Affairs (8/8/2018), Ph.D. (University of East Anglia)

Bagley, George, Associate Professor of Nicholson School of Communication and Media (8/8/1996), M.A. (University of Utah)

Bai, Haiyan, Professor of Learning Sciences and Educational Research (8/8/2006), Ph.D. (University of Cincinnati)

Bai, Yuanli, Associate Professor of Mechanical and Aerospace Engineering (1/3/2011), Ph.D. (Massachusetts Institute of Technology)

Baik, Jong, Research Associate of Florida Solar Energy Center (1/21/2003), Ph.D. (University of Wisconsin-Madison)

Baker, Barry, Faculty Administrator of University Libraries (4/28/1997), M.A. (Louisiana State)

Baker, Thomas, Associate Professor of Criminal Justice (8/8/2015), Ph.D. (Florida State University)

Balaeff, Alexander, Assistant Professor of Nanoscience Tech Center Operations (8/1/2012), Ph.D. (University of Illinois-Urbana Champaign)

Baldwin, Gordon, Associate Professor of Educational Leadership and Higher Education (8/8/2012), Ph.D. (University of Virginia)

Buck, Tina, Assistant Librarian of University Libraries (8/8/2015), MLS (University of Pittsburgh)

Buckingham, Gregg, Lecturer of Public Administration (8/8/2016), Ed.D. (University of Central Florida)

Bufquin, Diego, Assistant Professor of Food Svc & Lodge Management (8/8/2015), Ph.D. (University of South Carolina)

Buhagiar, Tarek, Instructor of Integrated Business (8/8/2001), M.A.AE (University of Central Florida)

Bukaty, Caitlyn, Research Associate (2016), Ph.D., (University of Central Florida)

Bukstein, Scott, Instructor of Sport Business Management (8/8/2011), J.D. (University of Minnesota)

Bunn, Suzan, Instructor of Tourism Events & Attractions (1/8/2007), M.S.M (University of Central Florida)

Burg, Mary, Professor of Social Work (10/6/2010), Ph.D. (University of Florida)

Burgunder, Carol, Instructor of Nursing (8/8/2015), M.S. (Pennsylvania State University)

Burke, Shawn, Professor of Institute For Sim And Train (2/26/2001), Ph.D. (George Mason University)

Burr, Joyce, Lecturer of Nursing (9/3/2010), Ph.D. (University of Central Florida)

Burrell, Jason, Associate Lecturer of School Of Visual Arts & Design (8/26/2002), M.F.A. (University of Cincinnati)

Busch, Maria, Faculty Administrator of School of Teacher Education (2005), Ph.D. (University of Illinois)
Bush, Mark, Lecturer of Health Management Information (8/8/2016), DHA. (Central Michigan University)
Bush, Sarah, Associate Professor of School of Teacher Education (2011), Ph.D. (University of Louisville)
Bushy, Angeline, Professor of Nursing (1/2/1996), Ph.D. (University of Texas-Austin)
Butchard, William, Lecturer of Philosophy (8/8/2011), Ph.D. (University of Florida)
Butcher, Lonny, Instructor of Office Of Student Support (5/16/1997), M.A. (Louisiana State University)
Butler, Sylvester, Professor of Counselor Education and School Psychology (8/8/2007), Ph.D. (University of Connecticut)
Butler, Malcolm, Professor of School of Teacher Education (8/8/2012), Ph.D. (University of Florida)
Butts, Michele, Lecturer of Nursing (8/8/2017), PhD (Barry University)
Byrd, Anthony, Associate Professor of Finance (8/8/1993), Ph.D.

(Calabrese, Mark, Associate Instructor of Industrial Engineering And Management Sys (8/8/2005), M.S.E (University of Central Florida)
Calame, Jennifer, Instructor of Social Work (9/23/2016), M.S.W (Loyola University)
Calandrino, Nancy, Asst Instructional Designer of Vice Provost For Info Off (1/24/2014), M.Ed. (American InterContinental University)
Calkins, Vanessa, Instructor of Writing & Rhetoric (8/8/2012), M.A. (University of Central Florida)
Callaghan, Michael, Assistant Professor of Anthropology (8/8/2015), Ph.D. (Vanderbilt University)
Cameron, James, Lecturer of School Of Visual Arts & Design (8/8/2015), M.F.A. (Academy of Art University)
Campbell, Laurie, Assistant Professor of Learning Sciences and Educational Research (8/8/2012), Ed.D. (Regent University)
Campbell, James, Associate Professor of English (8/8/1996), Ph.D. (University of Notre Dame)
Campiglia, Andres, Professor of Chemistry; National Center for Forensic Science (8/8/2003), Ph.D. (University of Florida)
Campins, Humberto, Professor of Physics (8/16/2002), Ph.D. (University of Arizona)
Cannarozzi, Maria, Associate Professor Medicine of Com Internal Medicine (10/27/2008), M.D. (University of South Florida)
Capozza, John, Assistant In of Institute For Sim And Train (3/4/2011), B.A. (University of Central Florida)
Capursi, Maria, Associate Lecturer of Mathematics (8/8/2007), Ph.D. (University of Delaware)
Caputo, Michael, Professor of Economics (8/8/2003), Ph.D. (University of Washington)
Caranto, Jonathan, Assistant Professor of Chemistry (1/8/2018), (University of Texas at San Antonio)
Carbon, Thomas, Research Associate of Fl Interactive

UCF Undergraduate Catalog 2019-2020 - 1563
Carter, Shannon, 
Associate Professor of Sociology  
(8/8/2007), Ph.D.  
(University of Florida)  

Cash, Mason, Associate Professor of Philosophy  
(8/8/2003), Ph.D.  
(University of Alberta)  

Casimir, Yun-Ling, 
Assistant Professor of School Of Performing Arts  
(12/21/2007), DM.A.  
(Ohio State University)  

Casmier-Paz, Lynn, 
Associate Professor of English  
(8/8/1997), Ph.D.  
(University of Pittsburgh)  

Cassanello, Robert, 
Associate Professor of History  
(8/8/2003), Ph.D.  
(Florida State University)  

Cassisi, Jeffrey, 
Professor of Psychology  
(12/21/2007), Ph.D.  
(University of Florida)  

Castiglioni, Analia, 
Associate Professor Medicine of Com Internal Medicine  
(10/12/2012), M.D.  
(Drexel University)  

Castro, Meirelys, 
Assistant Professor Medicine of Com Internal Medicine  
(11/4/2016), M.D.  
(University of Florida)  

Catania, Jelena, 
Assistant Professor Medicine of Com Internal Medicine  
(1/2/2015), M.D. (New York Medical College)  

Catbas, Fikret, 
Professor of Civil Engineering  
(8/8/2003), Ph.D.  
(University of Cincinnati)  

Cato, Farida, Associate Instructor of English  
(8/8/2002), M.A.  
(University of Central Florida)  

Caudy, Michael, 
Assistant Professor of Criminal Justice  
(01/01/2011), Ph.D.  
(University of South Florida)  

Caulkins, Bruce, 
Assistant Professor of Institute For Sim And Train  
(1/4/2016), Ph.D.  
(University of Central Florida)  

Cavanagh, Thomas, 
Faculty Administrator of Vice Provost For Info Off  
(2/9/2009), Ph.D.  
(University of Central Florida)  

Cavanaugh, Pamela, 
Faculty Administrator of Regional Campuses  
(8/13/1999), Ed.D.  
(University of Central Florida)  

Chang, Zenghu, 
University Trustee Chair, Pegasus and Distinguished Professor of Physics, Optics and Photonics  
(8/8/2010), Ph.D.  
(Chinese Academy of Sciences)  

Chang, Ni-bin, 
Professor of Civil Engineering  
(8/8/2005), Ph.D.  
(Cornell University)  

Chappell, Reshawna, 
Assistant Professor of Social Work  
(8/8/2014), Ph.D.  
(Arizona State University)  

Chasar, David, 
Assistant In of Florida Solar Energy Center  
(1/26/1996), B.S.  
(University of Texas/Arling)  

Chase, Susan, Professor of Nursing  
(8/8/2009), Ed.D.  
(Harvard University)  

Cendan, Juan, 
Professor of Medicine of Com Medical Education  
(7/20/2010), M.D.  
(University of Florida)  

Ceron Mendez, Rey, 
Instructor of Pe Eli  
(8/8/2015), M.A.  
(California State University Fresno)  

Chai, Xinqing, 
Associate Professor Medicine of Col Of Med School Biomed Science Dean  
(8/8/1996), Ph.D.  
(Medical University of South Carolina)  

Chakrabarti, Ratna, 
Associate Professor Medicine of Col Of Med School Biomed Science Dean  
(8/8/1996), Ph.D.  
(University of Calcutta)  

Chakrabarti, Deboopam, Professor of Medicine of Col Of Med School Biomed Science Dean  
(8/8/1995), Ph.D.  
(University of Calcutta)  

Challapalli, Suryanarayana, 
Professor of Mechanical and Aerospace Engineering  
(1/8/2001), Ph.D.  
(Banaras Hindu University)  

Chambers, Lisa, 
Assistant Professor of Biological Sciences  
(8/8/2015), Ph.D.

Cleavenger, Dean,  
Lecturer of Management  
(8/8/2007), Ph.D.  
(University of Mississippi)

Clercx, Byron,  
Professor of School Of Visual Arts & Design  
(8/8/2013), M.F.A.  
(Cali. State University-Fullerton)

Coffey, Kevin,  
Professor of Materials Science And Engineering  
(8/8/2002), Ph.D.  
(Massachusetts Inst. of Tech.)

Cole, Alexander,  
Professor of Medicine of Col Of Med School Biomed Science Dean  
(8/8/2003), Ph.D.  
(University of Med and Dentistry of NJ)

Cole, Amy,  
Associate Professor Medicine of Col Of Med School Biomed Science Dean  
(5/17/2004), Ph.D.  
(University of Med & Dent of NJ)

Coleman, Therese,  
Instructor of Communicative Disorders  
(8/8/2015), M.A.  
(University of Central Florida)

Collins, Steven,  
Associate Professor of Nicholson School of Communication and Media  
(8/8/2003), Ph.D.  
(Syracuse University)

Colon, Carlos,  
Assistant In of Florida Solar Energy Center  
(12/22/1989), B.A.  
(Interalamerican University)

Colon Mendoza, Ilenia,  
Associate Professor of School Of Visual Arts & Design  
(8/8/2010), Ph.D.  
(Penn. State University)

Colwell, Joshua,  
Professor of Physics  
(12/21/2006), Ph.D.  
(University of Colorado)

Combs, James,  
Professor of Management  
(8/8/2015), Ph.D.  
(Louisiana State University)

Connell, Leslie,  
Associate Instructor of Integrated Business  
(8/8/1995), M.B.A.  
(University of Central Florida)

Conner, Norma,  
Associate Professor of Nursing  
(8/16/2010), Ph.D.  
(Rutgers University)

Conroy, Annabelle,  
Lecturer of School of Politics, Security, and International Affairs  
(8/8/2004), Ph.D.  
(University of Pittsburgh)

Consalo, Marc,  
Associate Lecturer of Legal Studies  
(12/20/2013), J.D.  
(University of Florida)

Consalo, Karen,  
Lecturer of Legal Studies  
(8/8/2016), J.D.  
(University of Florida)

Conway, Jonathan,  
Instructor of Nicholson School of Communication and Media  
(8/8/2014), M.A.  
(Ball State University)

Cook, Chista,  
Associate Professor of Nursing  
(8/8/2018), PhD  
(University of Florida)

Cook, Geoffrey,  
Assistant Professor of Biological Sciences  
(8/8/2015), Ph.D.  
(University of California)

Cooky, James,  
Associate Lecturer of Physics

Cooper, Larry,  
Lecturer of School Of Visual Arts & Design  
(8/8/2003), M.F.A.  
(University of Georgia)

Copik, Alicja,  
Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean  
(12/19/2012), Ph.D.  
(Utah State University)

Coronado, Katidia,  
Associate Instructor of Nicholson School of Communication and Media  
(8/8/2012), M.A.  
(Rollins College)

Correa, Eda,  
Assistant Librarian of University Libraries  
(4/23/1999), M.A.  
(University of Puerto Rico)

Cortelyou-Ward, Kendall,  
Associate Professor of Health Management Information  
(8/2/2002), Ph.D.  
(University of Central Florida)

Corzine, Harold,  
Professor of Sociology  
(8/8/1996), Ph.D.  
(Washington University)

Cosby, Janel,  
Lecturer of Communicative Disorders  
(5/1/2015), Ph.D.  
(East Carolina University)

Covelli, Maureen,  
Associate Professor of Nursing
Cox, Jonathan, Assistant Professor of Sociology (8/8/2017), Ph.D. (University of Maryland - College Park)

Cox, Thomas, Associate Professor of Educational Leadership and Higher Education (8/8/2012), Ed.D. (University of Memphis)

Cox, Karen, Associate Instructor of Psychology (2/18/2000), M.A. (University of Central Florida)

Craighead, Jamie, Instructor of Integrated Business (12/21/2016), M.A. (University of South Florida)

Crampton, William, Associate Professor of Biological Sciences (8/18/2006), Ph.D. (University of Oxford)

Crawford, Kaitlyn, Assistant Professor of Materials Science and Engineering (5/21/2015), Ph.D. (University of Maryland)

Crary, Michael, Professor of Communicative Disorders (8/8/2015), Ph.D. (Ohio University)

Creque, Carole, Lecturer of Integrated Business (8/8/2016), D.B.A. (Nova Southeastern University)

Croes, Robertico, Professor of Hospitality Management Dean (9/6/2002), Ph.D. (University of Twente)

Croft, Max, Research Associate of Nicholson School of Communication and Media (8/8/2005), B.F.A (Florida State University)

Crossley, Craig, Assistant Professor of Management (8/8/2012), Ph.D. (Bowling Green State University)

Cummings, Jo, Assistant In of Florida Solar Energy Center (11/22/2002), B.A. (Bradley University)

Curcio, Richard, Associate Lecturer of Finance (9/8/2006), Ph.D. (Pennsylvania State University)

Da Vitoria Lobo, Niels, Associate Professor of Computer Science (12/23/1992), Ph.D. (University of Toronto)

Dagley, Melissa, Faculty Administrator In Science Tech English & Math (9/14/2001), Ed.D. (University of Central Florida)

Daly, Katherine, Assistant Professor Medicine of Com Clinical Science (10/10/2014), Ph.D. (University of Florida)

Damato-Kubiet, Leslee, Associate Lecturer of Nursing (2/10/2006), Ph.D. (University of Central Florida)

Damico, Nicole, Assistant Professor of School of Teacher Education (8/8/2015), Ph.D. (Pennsylvania State University)

Dandrow, Edward, Assistant Professor of History (8/8/2005), Ph.D. (University of Chicago)

Dangiolo, Mariana, Assistant Professor Medicine of Com Internal Medicine (6/25/2010), M.D. (University of Buenos Aires)

Danielsson, Per, Associate Professor Of School Of Performing Arts (8/8/2007), MM (University of South Florida)

Danker, Elizabeth, Assistant Professor Of Nicholson School Of Communication and Media (8/8/2014), M.F.A. (University of Wisconsin-Milwaukee)

Daoudi, Mohammed, Lecturer of Chemistry (8/8/2007), Ph.D. (University of Central Florida)

Darty, Amy, Associate Instructor of History (8/8/2004), M.A. (University of Central Florida)

Das, Tirthatanmoy, Assistant Professor of Economics (7/1/2014), Ph.D. (Binghamton University)

Das, Tuhin, Associate Professor of Mechanical and Aerospace Engineering (6/15/2011), Ph.D. (Michigan State University)

Davey, Diane, Professor of Medicine of Col Of Med School Biomed Science Dean (8/1/2011), Ph.D. (Texas Tech University)

Davidson, Victor, Professor of Medicine of Col Of Visual Arts & Design (1/3/2003), M.F.A. (University of Central Florida)

Davis, Kristopher, Assistant Professor of Materials Science and Engineering (5/7/2015), Ph.D. (University of Central Florida)

Dawson, Nicole, Assistant Professor of School of Kinesiology and Physical Therapy (8/8/2015), Ph.D.
Dawson, Virgil, Assistant Professor
Medicine of Com Internal Medicine (12/15/2014), M.D. (Virginia Commonwealth University)

De Bekker, Adriana, Assistant Professor of Biological Sciences (12/21/2016), Ph.D. (University Utrecht)

De George, Lauren, Associate Instructor of Management (8/21/1998), Ed.D. (University of Central Florida)

De Luca Guerriero, Rita, Instructor of Modern Languages (8/8/2014), M.A. (University of Central Florida)

Deatrick, Christine, Instructor of Nursing (8/23/2010), M.S.N (Duquesne University)

Deibert, Nancy, Instructional Specialist of Sdes Creative School (9/11/2015), B.S.Ed. (Indiana University of PA)

Del Barco, Enrique, Professor of Physics; Associate Dean College of Sciences (12/22/2004), Ph.D. (University of Barcelona)

Delfyett, Peter, University Trustee Chair, Pegasus Professor of Optics and Photonics, ECE & Physics; Director, Townes Laser Institute (12/1/1993), Ph.D. (City University of New York)

DeMara, Ronald, Professor of Electrical Engineering (12/23/1992), Ph.D. (University of South California)

Demek, Kristina, Assistant Professor of Accounting (7/1/2014), Ph.D. (University of Washington)

DeMicco, Frederick, Professor of Food Svc & Lodge Management (12/21/2016), Ph.D. (Virginia Tech)

Dennis, Lynda, Instructor of Accounting (3/1/2005), Ph.D. (University of Central Florida)

Dennis, Dana-Marie, Lecturer of Chemistry; National Center for Forensic Science (10/23/2015), Ph.D. (University of Central Florida)

Denoyelles, Aimee, Assoc Instructional Designer of Vice Provost For Info Off (6/30/2011), Ed.D. (University of Cincinnati)

Deppe, Dennis, Professor of Optics and Photonics (6/1/2005), Ph.D. (University of Illinois)

Desiraju, Ramarao, Professor of Marketing (8/8/1999), Ph.D. (University of Florida)

Desmarais, Paul, Associate Lecturer of Nursing (8/8/2003), Ph.D. (University of Massachusetts)

Dever, Kimberly, Instructor of Nursing (8/23/2010), M.S.N (Duquesne University)

Dexter, Nadine, Faculty Administrator Medicine of Com Plng & Knowledge Management (4/28/2008), M.S. (Florida State University)

Dhere, Neelkanth, Program Dir of Florida Solar Energy Center (5/14/1990), Ph.D. (University of Poona)

Diaz, Desiree, Assistant Professor of Nursing (8/8/2015), Ph.D. (University of Connecticut)

DeBernardo, Sabatino, Associate Lecturer of Philosophy (8/8/2001), Ph.D. (Syracuse University)

Dickerson, Andrew, Assistant Professor of Mechanical and Aerospace Engineering (8/8/2016), Ph.D. (Georgia Institute of Technology)

Dickie, Mark, Professor of Economics (8/8/2001), Ph.D. (University of Wyoming)

Dickson, Duncan, Associate Professor of Tourism Events & Attractions
Dieker, Lisa, Professor of School of Teacher Education (8/8/2003), Ph.D. (University of Illinois)

Diercksen, Christa, Associate Lecturer of Biological Sciences (8/8/2012), Ph.D. (Boston University)

Dierdorff, Wesley, Assistant Professor of School Of Visual Arts & Design (8/8/2015), M.F.A. (University of Oregon)

Dil, Nyla, Assistant Professor Medicine of Com Medical Education (10/1/2015), Ph.D. (North Carolina State University)

Dillon, Mary, Lecturer of Social Work (8/8/2013), Ed.D. (Nova Southeastern University)

Dimitrovski, Aleksandar, Associate Professor of Electrical Engineering (8/8/2016), Ph.D. (Sts. "Cyril and Methodius" Uni. of Skopje)

DiNapoli, Joseph, Associate Instructor of Communicative Disorders (8/8/2002), M.S. (Columbia University)

Divliansky, Ivan, Research Assistant Professor of Optics and Photonics (12/4/2006), Ph.D. (Pennsylvania State University)

Dixon, Donovan, Associate Lecturer of Chemistry (8/8/2006), Ph.D. (University of the West Indies)

Dixon, Juli, Professor of School of Teacher Education (8/8/2000), Ph.D. (University of Florida)

Dobson, Leonard, Faculty Administrator of School of Politics, Security, and International Affairs (1/10/2010), Ph.D. (Florida State University)

Dodd, Melissa, Associate Professor of Nicholson School of Communication and Media (8/8/2013), Ph.D. (University of Miami)

Dogariu, Aristide, Professor of Optics and Photonics (8/25/1997), Ph.D. (Hokkaido University)

Doherty, Walter, Assistant Professor of Educational Leadership and Higher Education (8/8/2007), Ph.D. (State University of NY at Albany)

Dolan, Thomas, Associate Professor of School of Politics, Security, and International Affairs (12/22/2010), Ph.D. (Ohio State University)

Dombrowski, Matthew, Assistant Professor of School Of Visual Arts & Design (8/8/2010), M.F.A. (University of Central Florida)

Donaldson-Hanna, Kerri, Assistant Professor of Physics (3/15/2019), Ph.D. (Brown University)

Dong, Yajie, Assistant Professor of Material Science and Engineering (8/8/2014), Ph.D. (Harvard University)

Donley, Amy, Associate Professor of Sociology (8/25/2008), Ph.D. (University of Central Florida)

Donoghue, Joseph, Associate Professor of Physics (8/8/2015), Ph.D. (University of Southern California)

Dreilinger, Gillian, Associate Instructor of Communicative Disorders (8/18/1989), M.S. (Texas Tech University)

Drexler, Richard, Instructor of School Of Performing Arts (8/8/2016), M.A. (University of Central Florida)

Driggers, Ronald, Professor of CREOL, The College of Optics & Photonics (5/5/1990) Ph.D. (University of Memphis)

Duarte, Esmeralda, Lecturer of Modern Languages (8/8/2016), Ph.D. (University of Florida)

Dubey, Archana, Associate Lecturer of Physics
Duckworth, Nancy, Instructor of Nursing (8/8/2015), M.S.N (University of South Alabama)

Duffy, Alicia, Instructor of History (12/22/2004), M.A. (University of Memphis)

Duke, Jeff, Associate Lecturer of School of Kinesiology and Physical Therapy (8/8/2002), Ed.D. (Florida State University)

Duncan, Neil, Assistant Professor of Anthropology (8/8/2015), Ph.D. (University of Missouri)

Dunlop-Pyle, Lori, Associate Instructor of Mathematics (8/8/1999), M.A. (University of Central Florida)

Dunn, Michael, Associate Professor of Psychology (8/8/1997), Ph.D. (University of South Florida)

Dupras, Tosha, Professor of Anthropology; Associate Dean College of Sciences (8/8/1999), Ph.D. (McMaster University)

Dupuis, Martin, Associate Professor of Honors College Dean (8/1/2006), Ph.D. (University of Southern California)

Duranceau, Steven, Professor of Civil Engineering (7/6/2007), Ph.D. (University of Central Florida)

Durrani, Brittany, Instructor of Statistics and Data Science (8/8/2016), MS (Mississippi State University)

Dusseau, Michelle, Instructor of Nicholson School of Communication and Media (8/8/2006), M.A. (Rollins College)

Dutkay, Dorin, Associate Professor of Mathematics (8/8/2006), Ph.D. (University of Iowa)

Dvorak, Robert, Assistant Professor of Psychology (8/8/2016), Ph.D. (University of South Dakota)

Dyson, Jamie, Assistant Professor of School of Kinesiology and Physical Therapy (2012), D.P.T. (A.T. Still University)

Dziegielewski, Sophia, Professor of Social Work (8/8/1997), Ph.D. (Florida State University)

Dziuban, Charles, Faculty Administrator of Vice Provost For Info Off (9/16/1970), Ph.D. (University of Wisconsin)

Eakins, Michael, Assistant In of Institute For Sim And Train (9/17/2010), B.A. (University of Central Florida)

Earley-Spadoni, Tiffany, Assistant Professor of History (8/8/2016), Ph.D. (Johns Hopkins University)

Eastes, Richard, Research Associate of Florida Space Institute (12/21/2000), Ph.D. (John Hopkins University)

Ebert, Steven, Associate Professor of Physics (7/1/2005), Ph.D. (University of Florida)

Eddyburn, Dave, Professor of College of Community Innovation and Education (8/8/2016), Ph.D. (University of Illinois at Urbana-Champaign)

Efthimiou, Costas, Associate Professor of Physics (9/15/2000), Ph.D. (Cornell University)

Ehasz, Maribeth, Faculty Administrator of Sdes Vice President Operation (10/24/1994), Ph.D. (University of Toledo)

Ehrhart, Mark, Professor of Psychology (8/8/2017), Ph.D. (University of Maryland)

</table>
Glinos, Demetrios,
Lecturer of Computer Science
(8/8/2013), Ph.D.
(University of Central Florida)

Goldberg, Stephen,
Research Associate of Institute For Sim And Train
(2/28/2014), Ph.D.
(University of Buffalo)

Golden, Adam,
Professor of Medicine of Com Internal Medicine
(2/14/2011), M.D.
(University of Miami)

Goldiez, Brian,
Associate Professor of Institute For Sim And Train
(5/31/1988), Ph.D.
(University of Central Florida)

Goldwater, Paul,
Associate Professor of Accounting
(8/8/1989), Ph.D.
(University of Central Florida)

Gong, Xun,
Associate Professor of Electrical Engineering Computer Science
(8/27/2015), Ph.D.
(University of Southern California)

Gong, Boqing,
Assistant Professor of Electrical Engineering Computer Science
(8/27/2015), Ph.D.
(University of Southern California)

Gonzalez, Laura,
Clinical Assistant Professor of Nursing
(12/21/2011), Ph.D.
(University of Central Florida)

Gonzalez-Tennant, Edward,
Lecturer of Anthropology
(12/21/2016), Ph.D.
(University of Florida)

Goodman, Constance,
Associate Lecturer of School of Teacher Education
(8/8/2005), Ed.D.
(University of North Florida)

Goodman, Stephen,
Associate Professor of Management
(8/3/1984), Ph.D.
(Pennsylvania State University)

Goodman, William,
Assistant Professor of Educaotional Leadership and Higher Education
(2009), Ed.D.
(University of Central Florida)

Goodman, Donna,
Instructional Specialist of Sdes Creative School
(7/29/2016), B.S.
(Illinois State University)

Goodwin, Martin,
Assistant In of Institute For Sim And Train
(5/6/2016), M.S.
(University of Central Florida)

Goolsby, Eric,
Assistant Professor of Biology
(8/8/2018), Ph.D.
(University of Georgia)

Gordon, Ali,
Professor of Mechanical and Aerospace Engineering
(12/21/2005), Ph.D.
(University of Florida)

Gordon, Fon,
Associate Professor of History
(8/8/2001), Ph.D.
(University of Arkansas)

Gorman, Adrienne,
Associate Professor Medicine of Com Internal Medicine
(6/29/2009), Ph.D.
(University of Central Florida)

Gou, Jihua,
Professor of Mechanical and Aerospace Engineering
(8/8/2007), Ph.D.
(University of Central Florida)

Grajeda, Anthony,
Associate Professor of English
(8/8/2001), Ph.D.
(University of Wisconsin - Milwaukee)

Grauerholz, Elizabeth,
Professor of Sociology
(8/8/2005), Ph.D.
(Indiana University)

Gregg, Paul,
Associate Instructor of Finance
(8/21/2003), M.S.
(University of Central Florida)

Gryglewicz, Kimberley,
Assistant Professor of Social Work
(8/8/2014), Ph.D.
(University of South Florida)

Gu, Lixing,
Research Associate of Florida Solar Energy Center
(4/3/1992), Ph.D.
Gual, Carlos, Instructor of School of Kinesiology and Physical Therapy (8/19/2013), M.S. (University of New Mexico)

Guenzel, Steffen, Lecturer of Writing & Rhetoric (8/8/2012), Ph.D. (University of Alabama)

Guerra, Frank Enrique, Instructor of Accounting (8/8/2014), J.D. (Yale University)

Guha, Arup, Associate Instructor of Computer Science (8/8/1999), M.S. (University of Wisconsin)

Guhathakurta, Subhrangshu, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean (9/12/2014), Ph.D. (University of Calcutta)

Guido-Sanz, Francisco, Assistant Professor of Nursing (8/8/2015), Ph.D. (Florida International University)

Guldi, Melanie, Assistant Professor of Economics (8/8/2011), Ph.D. (University of California-Davis)

Gunter, Glenda, Professor of Learning Sciences and Educational Research (8/15/1996), Ph.D. (Mississippi State University)

Guo, Zhaomiao (Walter), Assistant Professor of Civil Engineering (8/8/2018), Ph.D. (University of California, Davis)

Guo, Zhishan, Assistant Professor of Electrical Engineering (8/8/2018) Ph.D. (University of North Carolina)

Gupta, Rema, Assistant Professor Medicine of Com Internal Medicine (10/27/2014), M.D. (St. George's University)

Gurel, Zehra Basak, Associate Professor of Mathematics (8/8/2013), Ph.D. (University of California-Santa Cruz)

Gurupur, Varadraj, Associate Professor of Health Management Information (8/8/2014), Ph.D. (University of Alabama at Birmingham)

Gusrialdi, Azwirman, Research Associate of Electrical Engineering (11/20/2012), Ph.D. (Munich University of Technology)

Hacimoeroglu, Erhan, Associate Professor of School of Teacher Education (8/8/2007), Ph.D. (Florida State University)

Haddri, Darlene, Research Associate of School Of Visual Arts & Design (8/8/2005), M.F.A. (University of CA-Los Angeles)

Hagan, David, Professor of Optics and Photonics (5/1/1987), Ph.D. (Heriot-Watt University)

Hagedorn, William, Professor of Counselor Education and School Psychology (1/1/2007), Ph.D. (University of North Carolina)

Hagglund, Hans, Lecturer of Hospitality Management Dean (10/1/2004), Ph.D. (University of Central Florida)

Hahm, Jee Yeon, Assistant Professor of Tourism Events & Attractions (8/8/2012), Ph.D. (University of Central Florida)

Hahs-Vaughn, Debbie, Professor of Learning Sciences and Educational Research (8/8/2003), Ph.D. (University of Alabama)

Hammer, Stanley, Assistant Professor Medicine of Com Internal Medicine (1/16/2015), M.D. (University of South Florida)

Hall, Richard, Research Associate of Fl Interactive Entertainment Academic (8/8/2005), B.S.E (Pennsylvania State University)

Hall, Robert, Associate Professor of Writing & Rhetoric (8/8/2011), Ph.D. (University of Louisville)

Hall, Scott, Associate Professor of School Of Visual Arts & Design (8/8/2000), M.F.A. (Washington University)

Hall, Jeremy, Professor of Public Administration (8/8/2016), Ph.D. (University of Kentucky)

Hall, Shelley, Instructor of Social Work (8/24/2007), M.S.W. (The Florida State University)

Hamann, Kerstin, Professor of School of Politics, Security, and International Affairs (12/21/1994), Ph.D. (Washington University)

Hamilton, Angela, Associate In of Institute For Sim And Train (4/4/2008), M.A. (University of Central Florida)

Hampton, Marcye, Associate Instructor of Accounting (8/8/2004), M.B.A. (University of Central Florida)
Hampton, Michael, Professor of Chemistry (8/10/1981), Ph.D. (Texas Tech University)

Han, Deguang, Professor of Mathematics (10/25/2000), Ph.D. (Texas A&M University)

Han, Kyu young, Assistant Professor of Optics and Photonics (1/1/2016), Ph.D. (Seoul National University)

Hancer, Murat, Professor of Hospitality Management Services (8/8/2016), Ph.D. (Ohio State University)

Hancock, Peter, Professor of Psychology (12/21/2000), Ph.D. (University of IL at Urbana-Champaign)

Handberg, Roger, Professor of School of Politics, Security, and International Affairs (9/8/1972), Ph.D. (University of N Carolina Chapel Hill)

Hanley, John, Lecturer of School of Politics, Security, and International Affairs (8/8/2017), Ph.D. (University of California- Berkeley)

Hanlon, Christine, Associate Lecturer of Nicholson School of Communication and Media (8/18/2000), Ph.D. (University of Florida)

Hanney, William, Assistant Professor of School of Kinesiology and Physical Therapy (10/7/2005), Ph.D. (Nova Southeastern University)

Hanson, Kenneth, Associate Professor of College Of Arts And Hum Dean (8/18/2003), Ph.D. (University of Texas Austin)

Hanson, Erin, Assistant Professor of Forensic Science (10/28/2011), Ph.D. (University of Central Florida)

Hanson, Rae, Research Associate of Institute For Sim And Train (10/20/2000), B.A. (University of Central Florida)

Hara, Tadayuki, Associate Professor of Tourism Events & Attractions (8/8/2005), Ph.D. (Cornell University)

Haran, Kevin, Associate Professor of School Of Visual Arts & Design (8/8/1995), M.F.A. (University of Tennessee)

Hararuk, Oleksandra, Assistant Professor of Biology (12/14/2018), Ph.D. (University of Oklahoma)

Hardy, Kimberly, Faculty Administrator of Regional Campus

Central Region (8/27/2014), Ph.D. (Florida State University)

Harper, James, Associate Professor of Chemistry (8/8/2011), Ph.D. (University of Utah)

Harrington, Joseph, Professor of Physics (8/8/2006), Ph.D. (Massachusetts Institute of Technology)

Harrington, Maria, Assistant Professor of Nicholson School of Communication and Media (8/8/2016), Ph.D. (University of Pittsburgh)

Harrington, Nancy, Instructor of Communicative Disorders (3/29/2013), M.A. (Hofstra University)

Harrington, Christopher, Associate Professor of School Of Visual Arts & Design (8/8/2001), M.F.A. (School of Art Inst. of Chicago)

Harris, Elizabeth, Associate Lecturer of Biological Sciences (8/8/2004), Ph.D. (Louisiana State University and A&M College)

Harris, Phyllis, Instructor of Management (8/8/2002), M.B.A. (Northwestern University)

Harris, Joshua, Lecturer of Finance (8/8/2011), Ph.D. (University of Central Florida)

Harris, Shana, Assistant Professor of Anthropology (8/8/2015), Ph.D. (University of California, San Francisco)

Harris, David, Associate Professor Medicine of Com Medical Education (10/12/2011), Ph.D. (Temple University)

Harris, Jonathan, Research Associate of Institute For Sim And Train (3/1/2013), M.S. (University of Central Florida)

Harris, Scott, Research Associate of Institute For Sim And Train (2/10/2017), B.A. (Oral Roberts University)

Harris-Jackson, Tameca, Lecturer of Social Work (8/8/2015), Ed.D. (Widener University)

Harrison, David, Professor of Finance (8/8/2015), Ph.D. (University of Florida)

Harrison, Carlton, Associate Professor of Sport Business Management (8/8/2006), Ed.D. (University of Southern California)
Harrison, Richard,
Associate Librarian of University Libraries (4/23/2001), M.S. (Vanderbilt University)

Hartman, Joel,
Faculty Administrator of Vice Provost For Info Off (2/28/1995), Ed.D. (University of Central Florida)

Hartshorne, Charles,
Professor of Learning Sciences and Educational Research (8/8/2011), Ph.D. (University of Florida)

Hasan, Samiul,
Assistant Professor of Civil Engineering (8/8/2016), Ph.D. (Purdue University)

Hasanat, Fayeza,
Lecturer of English (8/8/2005), Ph.D. (University of Florida)

Hasford, Jonathan,
Assistant Professor of Marketing (8/8/2016), Ph.D. (University of Kentucky)

Hassan, Nausheen,
Assistant Professor Medicine of Com Internal Medicine (5/8/2015), M.D. (University of the Punjab)

Hastings, Sally,
Associate Professor of Nicholson School of Communication and Media (8/8/2005), Ph.D. (University of Massachusetts, Amherst)

Hawkins, Christopher,
Associate Professor of Public Administration (8/8/2008), Ph.D. (Florida State University)

Hawthorne, Timothy,
Assistant Professor of Sociology (8/8/2015), Ph.D. (Ohio State University)

Hawthorne, Alicia,
Assistant Professor Medicine of Col Of Med School Biomed Science Dean (8/8/2016), Ph.D. (Case Western Reserve University)

He, Xin,
Associate Professor of Marketing (8/8/2004), Ph.D. (University of Pittsburgh)

Head, David,
Lecturer of History (8/8/2010), Ph.D. (University at Buffalo)

Heglund, Stephen,
Associate Lecturer of Nursing (5/20/2005), Ph.D. (University of Central Florida)

Heider, Emily,
Lecturer of Chemistry (9/2/2011), Ph.D. (University of Utah)

Heil, John,
Assistant In of School Of Performing Arts (8/8/2011), M.F.A. (Virginia Tech)

Heilmann, Michael,
Research Associate of Institute For Sim And Train (9/30/2011), M.S. (Washington State University)

Heinrich, Mark,
Associate Professor of Computer Science (12/21/2002), Ph.D. (Stanford University)

Helsinger, James,
Faculty Administrator of College Of Arts And Hum Dean (8/8/1995), M.F.A. (University of Alabama)

Henderson, Joseph,
Associate Instructor of Criminal Justice (12/29/2000), M.S. (University of Central Florida)

Henken, Luann,
Instructor of Writing & Rhetoric (12/21/2006), M.A. (University of Central Florida)

Henry, Gordon,
Lecturer of Integrated Business (8/19/2015), Ph.D. (Western Michigan University)

Hepner, Lynn,
Faculty Administrator of College Of Arts And Hum Dean (8/8/1998), M.A. (University of Central Florida)

Hernandez, Caridad,
Associate Professor Medicine of Com Internal Medicine (6/15/2011), M.D. (University of California)

Hernandez, Florencio,
Professor of Chemistry (8/29/2001), Ph.D. (University of Central Venezuela)

Herold, Jacqueline,
Instructional Specialist of Undergrad Study Experience Lrng (8/14/2000), M.A. (St Francis College)

Herring, Pamela,
Medical Instructor Librarian of Com Plng & Knowledge Management (9/14/2012), M.A. (University of South Florida)

Hewitt, Randall,
Associate Professor of School of Teacher Education (8/8/2001), Ph.D. (University of Florida)

Hickman, James,
Professor of Nanoscience Tech Center Operations (5/14/2004), Ph.D. (Massachusetts Inst. of Tech.)

Hicks, Wyenona,
Instructor Medicine of Col Of Med School Biomed Science Dean (6/22/2016), M.S. (University of Cincinnati)

Higgins, Patrick,
Instructor of Mathes (8/8/2000), M.S. (University of Central Florida)

Hill, Peggy,
Instructor of Nursing (8/8/2013), M.S.N
Hines, Robert, Associate Professor of Medicine of Com Internal Medicine (6/27/2016), Ph.D. (University of Alabama-Birmingham)

Hines, Rebecca, Associate Professor of School of Teacher Education (8/8/1999), Ph.D. (University of South Florida)

Hinojosa, Ramon, Associate Professor of Sociology (8/8/2014), Ph.D. (University of Florida)

Hinojosa, Melanie, Assistant Professor of Sociology (8/16/1999), Ph.D. (University of Illinois at Chicago)

Hirumi, Atsusi, Professor of Learning Sciences and Educational Research (8/8/2003), Ph.D. (Florida State University)

Hitchcock, Dorilyn, Assistant Professor of Medicine of Col Of Med School Biomed Science Dean (12/22/1989), M.S. (Northeastern University)

Hodgson, Shari, Associate Instructor of Nicholson School of Communication and Media (8/8/1999), M.A.

Hoffman Ruddy, Bari, Professor of Communicative Disorders (8/8/2001), Ph.D. (University of Florida)

Hoffner, Athena, Associate Librarian of University Libraries (6/2/1995), M.A. (Simmons College)

Hoerrner, Keisha, Professor of Undergraduate Studies (8/15/2016), Ph.D. (University of Georgia)

Hoffman, Brian, Assistant Professor of School Of Performing Arts (8/8/2015), Ph.D. (University of Cincinnati)

Hoffman, Eric, Associate Professor of Biological Sciences (8/8/2005), Ph.D. (Oregon State University)

Hoffman, Bobby, Associate Professor of Learning Sciences and Educational Research (8/8/2006), Ph.D. (University of Nevada Las Vegas)

Hoffman, Elizabeth, Associate Lecturer of School Of Teacher Education (8/8/2006), Ph.D. (University of Central Florida)

Hodgson, Brian, Professor of Psychopharmacology (8/8/2005), Ph.D. (University of Central Florida)

Hodgson, Christopher, Associate Professor of Communication Disorders (8/8/2001), Ph.D. (University of Central Florida)

Hodgson, Steven, Associate Professor of Criminal Justice (8/8/1997), Ph.D. (University of Cincinnati)

Hodgson, Yolanda, Associate Librarian of University Libraries (8/2/2013), Ph.D. (University of Missouri-Columbia)

Horn, Kristin, Assistant Professor of Psychology (8/8/2018), Ph.D. (Florida State University)

Horn, Elizabeth, Assistant Professor of School Of Performing Arts (8/8/2015), M.F.A. (University of Central Florida)

Horn, Robert, Associate In of Institute For Sim And Train (5/31/2016), B.S. (University of Central Florida)

Hornik, Steven, Associate Lecturer of Accounting (8/8/2001), Ph.D. (Florida International University)

Hostetler, Jane, Associate Instructor of Communicative Disorders (9/24/2004), M.A. (University of Central Florida)

Hou, Su-I, Professor of Health Management Information (8/8/2015), DPH
Howard, Wendy, Asoc Instructional Designer of Vice Provost For Info Off (7/5/2011), Ed.D. (University of Central Florida)

Hoyt, Erica, Associate Instructor of Nursing (1/6/2003), M.S.N (University of Phoenix)

Hu, Haiyan, Associate Professor of Computer Science (8/8/2008), Ph.D. (University of Southern Cali.)

Hu, Qian, Associate Professor of Public Administration (8/8/2011), Ph.D. (Arizona State University)

Hua, Kien, Professor of Computer Science (8/8/1990), Ph.D. (U of IL at Urbana)

Hua, Nan, Associate Professor of Hospitality Management Services (8/8/2007), Ph.D. (Pennsylvania State University)

Huang, Hsin-Hsiung, Assistant Professor of Statistics and Data Science (8/8/2014), Ph.D. (University of Illinois at Chicago)

Huang, Helen, Assistant Professor of Mechanical and Aerospace Engineering (12/1/2015), Ph.D. (University of Michigan)

Huang, Xi, Assistant Professor of Public Administration (2017), Ph.D. (Georgia State University & Georgia Institute of Technology)

Hubbard, Susan, Professor of English (8/8/1995), M.A. (Syracuse University)

Hubbard, Nathan, Associate In of Institute For Sim And Train (2/20/2009), M.A. (The University of Texas)

Hubertz, Martha, Lecturer of Psychology (8/8/2016), Ph.D. (Florida Atlantic University)

Hudock, Lindsay, Associate Instructor of Nicholson School of Communication and Media (8/8/2008), M.A. (University of Central Florida)

Huff-Corzine, Lin, Professor of Sociology (8/8/1996), Ph.D. (Washington University)

Huggins, Mary, Faculty Administrator of Florida Solar Energy Center (4/17/1987), M.B.A. (University of Phoenix)

Hughes, Charles, Professor of Computer Science (9/12/1980), Ph.D. (Pennsylvania State University)

Hull, Daniel, Research Associate of Office Of Research Operations (6/10/2011), M.S. (University of Pittsburgh)

Humiston, Gail, Associate Lecturer of Criminal Justice (8/8/2010), Ph.D. (University of Central Florida)

Hundley, Gulnora, Associate Lecturer of Counselor Education and School Psychology (8/8/2008), Ph.D. (University of Central Florida)

Hunt, Jeremy, Associate Professor of School Of Performing Arts (8/8/2005), DM.A. (Indiana University)

Huo, Qun, Associate Professor of Nanoscience Tech Center Operations (7/15/2005), Ph.D. (University of Miami)

Husain, Mujtaba, Professor of Medicine of Com Clinical Science (6/1/2010), M.D. (Dow Medical College)

Inghram, Daniel, Associate Instructor of Statistics and Data Science (8/8/2011), M.S. (University of Central Florida)

Ingle, Lori, Associate Professor of Nicholson School of Communication and Media (9/29/2000), B.F.A (California Inst. of the Arts)

Ishigami, Marsahir, Associate Professor of Physics (12/21/2007), Ph.D. (Florida Atlantic University)
Jaskowski, Selma, Librarian of University Libraries (8/15/1994), M.A. (University of Michigan)

Jeanpierre, Bobby, Associate Professor of Learning Sciences and Educational Research (8/8/2001), Ph.D. (University of Minnesota)

Jenkins, David, Professor of Biological Sciences (8/8/2003), Ph.D. (VA Polytech. Institute & State University)

Jennings-Towle, Kelly, Associate Lecturer of School Teacher Education (8/8/2003), Ed.D. (University of Central Florida)

Jensen, Roberta, Instructor of School Of Performing Arts (8/8/2014), MM (Drake University)

Jensen, Devon, Associate Professor of Graduate Studies Dean (1/13/2017), Ph.D. (University of Alberta)

Jensen, Bernard, Associate Professor of Psychology (8/9/1985), Ph.D. (Southern Illinois University)

Jentsch, Florian, Professor of Psychology (8/21/1998), Ph.D. (University of Central Florida)

Jewett, Aubrey, Associate Professor of School of Politics, Security, and International Affairs (8/8/1995), Ph.D. (Florida State University)

Jewett, Travis, Associate Professor Medicine of Col Of Med School Biomed Science Dean (12/1/2009), Ph.D. (Washington University)

Jewett, Mollie, Associate Professor Medicine of Col Of Med School Biomed Science Dean (12/1/2009), Ph.D. (Washington University)

Jex, Steve, Professor of Psychology (8/8/2017), Ph.D. (University of South Florida)

Jha, Sumit, Associate Professor of Computer Science (8/8/2010), Ph.D. (Carnegie Mellon University)

Jiang, Tengfei, Assistant Professor of Materials Science and Engineering (8/8/2015), Ph.D. (University of Texas at Austin)

Jin, Yier, Assistant Professor of Electrical Engineering (1/2/2013), Ph.D. (Yale University)

Joe, Jacqueline, Assistant Professor of Counselor Education and School Psychology (8/8/2015), Ph.D. (College of William and Mary)

Johnson, Jerry, Professor of Educational Leadership and Higher Education (8/8/2016), Ed.D. (Ohio University)

Johnson, Ashli, Instructor of Tourism Events & Attractions (5/8/2016), M.S. (Florida International University)

Johnson, Michael, Professor of Physics; College Of Sciences Dean (8/8/1990), Ph.D. (University of VA)

Johnson, Darrell, Faculty Administrator of Office Of Student Support (9/15/1997), Ph.D. (Western Michigan University)

Johnson, Joseph, Assistant Professor of Accounting (6/23/2015), Ph.D. (Georgia Institute of Tech.)

Johnson, Eric, Research Associate of Institute For Sim And Train (11/15/2002), B.A. (University of Central Florida)

Jones, James, Faculty Administrator of Regional Campuses (7/1/2013), Ph.D. (Purdue University)
Jones, Karyn, Associate Professor of Counselor Education and School Psychology (8/8/1997), Ph.D. (University of South Carolina)

Jones, Donald, Assistant Professor of Philosophy (9/8/1972), Ph.D. (University of OK)

Jones, Lisa, Professor of Academic Affairs Vp (8/22/2016), Ed.D.

Jones, Anna, Associate Professor of English (8/8/2001), Ph.D. (University of Notre Dame)

Jones, W, Professor of Electrical Engineering (8/8/1996), Ph.D. (VA Poly Institute/St University)

Jones, Foard, Associate Professor of College Of Business Dean (8/8/1989), Ph.D. (University of Georgia)

Jones, Robert, Associate Professor of Nicholson School of Communication and Media (8/8/1991), M.F.A. (UCLA)

Jones-Roberts, Charlotte, Instructor of Pe Eli (8/28/2014), M.A. (University of Central Florida)

Jorgensen, Courtney, Instructor of Pe Eli (9/14/2012), M.A.

Joseph, Dana, Assistant Professor of Management (8/8/2011), Ph.D. (University of Illinois-Urbana Champaign)

Joshi, Amit, Associate Professor of Marketing (8/8/2005), Ph.D. (UCLA)

Jowallah, Rohan, Asoc Instructional Designer of Vice Provost For Info Off (5/10/2013), Ed.D. (University of Sheffield)

Judy, Jonathan, Instructor of Food Svc & Lodge Management (8/8/2010), M.A. (University of South Florida)

Juge, Frank, Professor of Food Svc & Lodge Management (7/1/1968), Ph.D. (U of Arkansas)

Jung, YeonWoong, Assistant Professor of Material Science and Engineering (8/8/2015), Ph.D. (University of Pennsylvania)

Jung, Hyung, Associate Lecturer of Hospitality Management Services (8/8/2005), Ph.D. (Virginia Polytechnic Institute)

Jurasek, Brittany, Instructor of Statistics and Data Science (8/8/2016), M.S.

Jurgene, Alexander, Professor of Mechanics Mat And Aerospace Engineering (8/8/1991), Ph.D. (University of Florida)

Jung, Kyungkook, Assistant Professor of School of Politics, Security, and International Affairs (8/8/2014), Ph.D. (Claremont Graduate University)

Jupit, Jayanta, Professor of Mechanical and Aerospace Engineering (8/8/1997), DSC (MIT)

Kapucu, Naim, Professor of Public Administration (8/8/2003), Ph.D. (University of Pittsburgh)

Kar, Aravinda, Professor of Optics and Photonics (3/1/1994), Ph.D. (University of Illinois at Urbana)

Kara, Abdelkader, Professor of Physics (9/8/2006), Ph.D. (University of Lille 1)

Karalidi, Theodora, Assistant Professor of Physics (2/1/2019), Ph.D. (Netherland Institute for Space Research)

Karwowski, Waldemar, Professor of Industrial Engineering And Management Sys (8/1/2007), Ph.D. (Texas Tech University)

Kassab, Alain, Professor of Mechanics Mat And Aerospace Engineering (8/8/1996), Ph.D. (University of Florida)

Katz, Marcia, Professor of Medicine of College Of Medicine Dean (12/5/2016), M.D. (Boston University)

Kaufman, Jeffrey, Associate Professor of Mechanical and Aerospace Engineering (8/22/2012), Ph.D.
Kelchner, Viki, Assistant Professor of Counselor Education and School Psychology (8/8/2015), Ph.D. (University of South Carolina)

Kettles, Colleen, Program Dir of Florida Solar Energy Center (7/9/1979), J.D. (University of Florida)

Kik, Pieter, Associate Professor of Optics and Photonics (9/1/2003), Ph.D. (Utrecht University)

Kim, Joo, Associate Professor of School Of Visual Arts & Design (8/8/1999), Ph.D. (University of Minnesota)

Kim, Brian, Assistant Professor of Electrical Engineering (12/23/2015), Ph.D. (Cornell University)

Kim, JiHyun, Assistant Professor of Nicholson School of Communication and Media (7/1/2011), Ph.D. (University of Wisconsin- Milwaukee)

Kim, Myunghee, Associate Professor of School of Politics, Security, and International Affairs (8/8/2007), Ph.D. (State University of New York at Binghamton)

Kim, Yoon-Seong, Associate Professor of School Of Civil Engineering (12/23/2014), Ph.D. (University of Oregon)

Kibler, Kelly, Assistant Professor of Civil Engineering (11/7/2008), Ph.D. (University of Michigan)

Kich, Erica, Lecturer of Nicholson School of Communication and Media (8/8/2015), Ph.D. (Florida Atlantic University)

Kehoe, Thomas, Associate Professor of Industrial Engineering And Management Sys (8/15/2016), Ph.D. (University of Central Florida)

Keeler, Charles, Associate Professor of Accounting (8/9/1985), Ph.D. (Texas A&M University)

Kekela, Saiful, Professor of Nanoscience Tech Center Operations (7/8/2005), Ph.D. (University of Cambridge)

Kibler, Kelly, Assistant Professor of School of Civil Engineering (12/23/2014), Ph.D. (University of Oregon)

Kidd, Joseph, Assistant Professor of Institute For Sim And Train (8/8/2016), Ph.D. (University of Pennsylvania)

Kim, Brian, Assistant Professor of School Of Visual Arts & Design (8/8/1999), Ph.D. (University of Minnesota)

Kim, JiHyun, Assistant Professor of Nicholson School of Communication and Media (7/1/2011), Ph.D. (University of Wisconsin- Milwaukee)

Kim, Myunghee, Associate Professor of School of Politics, Security, and International Affairs (8/8/2007), Ph.D. (State University of New York at Binghamton)

Kim, Yoon-Seong, Associate Professor of School Of Civil Engineering (12/23/2014), Ph.D. (University of Oregon)

Kibler, Kelly, Assistant Professor of Civil Engineering (11/7/2008), Ph.D. (University of Michigan)

Kich, Erica, Lecturer of Nicholson School of Communication and Media (8/8/2015), Ph.D. (Florida Atlantic University)
Kinzel, Michael,  
Assistant Professor of Mechanical and Aerospace Engineering  
(8/8/2018), Ph.D. (Pennsylvania State University)

King, Christian,  
Assistant Professor of Health Management and Information  
(2015), Ph.D. (Georgia State University and Georgia Institute of Technology)

King, Kathleen,  
Professor of Educational Leadership and Higher Education  
(8/8/2015), Ed.D. (Widener University)

King, Joshua,  
Associate Professor of Biological Sciences  
(7/1/2011), Ph.D. (University of Florida)

King, Stephen,  
Associate Professor Medicine of Col Of Med School Biomed Science Dean  
(8/8/2011), Ph.D. (University of Colorado)

King-Morris, Kelli,  
Assistant Professor Medicine of Com Internal Medicine  
(8/16/2013), M.D. (University of South Florida)

Kinnally, William,  
Associate Professor of Nicholson School of Communication and Media  
(8/8/2008), Ph.D. (Florida State University)

Kinsey, Barbara,  
Associate Professor of School of Politics, Security, and International Affairs  
(8/8/2002), Ph.D. (Washington U-St. Louis)

Kirkley, Deborah,  
Asst Instructional Designer of Vice Provost For Info Off  
(10/8/1999), M.A. (University of Central Florida)

Kisby, Cynthia,  
Associate Librarian of University Libraries  
(6/10/1996), M.A. (Dominican University)

Kizer, Tremon,  
Assistant Professor of School Of Performing Arts  
(7/1/2016), DM.A. (University of South Carolina-Columbia)

Kizildag, Murat,  
Assistant Professor of Hospitality Management Services  
(8/8/2013), Ph.D. (Texas Tech University)

Klapheke, Martin,  
Professor of Medicine of Com Clinical Science  
(4/1/2010), M.D. (University of Kentucky)

Klemm, Richard,  
Professor of Physics  
(8/8/2007), Ph.D. (Harvard University)

Klimov, Mikhail,  
Assistant In of Ampac Materials Center  
(7/1/2001), M.S.

Kloko, Randall,  
Instructor of Modern Languages  
(8/8/2015), MMM (Utah State University)

Klonoff, Elizabeth,  
Professor of Graduate Studies Dean  
(9/23/2016), Ph.D. (University of Oregon)

Klowden, Gregg,  
Associate Lecturer of Biological Sciences  
(8/8/2010), Ph.D. (University of Florida)

Knox, Claire,  
Associate Professor of Public Administration  
(12/23/2009), Ph.D. (Florida State University)

Knox, Debra,  
Instructor of Communicative Disorders  
(12/21/2012), M.S. (Nova Southeastern University)

Koegler, Paula,  
Professor of College of Community Innovation and Education  
(9/6/2016), Ph.D.

Kohn, Robin,  
Associate Instructor of Social Work  
(8/8/2000), M.S.W (Florida State University)

Kokoouline, Viatcheslav,  
Professor of Physics  
(8/8/2003), Ph.D. (University of Paris XI Sud)

Koledziej-Smith, Renata,  
Lecturer of Nicholson School of Communication and Media  
(8/8/2015), Ph.D. (Wayne State University)

Kolpashchikov, Dmitry,  
Associate Professor of Chemistry  

Kong, Pak Hin,  
Associate Professor of Communicative Disorders  
(8/7/2007), Ph.D. (University of Hong Kong)

Koons, Keith,  
Professor of School Of Performing Arts  
(8/8/1990), DM.A.
Korosec, Ronnie, Associate Professor of Academic Affairs Vp (9/1/2000), Ph.D. (State University of NY at Binghamton)

Korosy, Alice, Associate Instructor of Modern Languages (8/8/1995), M.A. (Florida State University)

Koszalka, Stephanie, Instructor of Social Work (8/8/2016), M.S.W (University of Central Florida)

Kotnour, Timothy, Professor of Industrial Engineering And Management Sys (8/8/1995), Ph.D. (Virginia Tech)

Kourova, Alla, Assistant Professor of Modern Languages (8/8/2007), Ph.D. (Moscow State University)

Kovacevich, Brigitte, Associate Professor of Anthropology (8/8/2015), Ph.D. (Vanderbilt University)

Kovach, Keith, Associate Professor of School Of Visual Arts & Design (8/8/2004), M.F.A. (University of South Florida)

Koval, Andriy V., Assistant Professor of Health Management and Information (2014), Ph.D. (Vanderbilt University)

Krick, Stephanie, Associate Lecturer of Public Administration (9/8/2006), Ph.D. (University of Central Florida)

Krishnamoorthy, Anand, Associate Professor of Marketing (8/8/2004), Ph.D. (University of Texas at Dallas)

Krywonos, Andrey, Associate Scholar/Scientist/E of Florida Space Institute (11/17/2006), Ph.D. (University of Central Florida)

Kuang, Lanlan, Assistant Professor of Philosophy (8/8/2011), Ph.D. (Indiana University)

Kuebler, Stephen, Associate Professor of Chemistry (8/8/2003), Ph.D. (University of Oxford)

Kujawa, Frank, Associate Professor of Chemistry (9/16/1969), Ph.D. (Johns Hopkins University)

Kullu, Ahmet, Lecturer of Finance (8/8/2016), Ph.D. (Rensselaer Polytechnic Institute)

Kumar, Ranganathan, Professor of College Of Engineering & Comp Science Dn (1/17/2003), Ph.D. (University Illinois @Urbana-Champaign)

Kunrth, Jeff, Lecturer of Nicholson School of Communication and Media (8/8/2015), M.F.A. (Goucher College)

Kwok, Ka Wai, Assistant Professor of Materials Science and Engineering (3/23/2007), Ph.D. (Kyoto University)

Kwon, Seongchun, Lecturer, Mathematics (8/8/2017), Ph.D. (Michigan State University)

Kwun, David, Associate Professor of Mechanical and Aerospace Engineering (12/21/2016), Ph.D. (California Institute of Technology)

Kwon, Seongchun, Lecturer, Mathematics (8/8/2017), Ph.D. (Michigan State University)

Lambert, Megan, Instructor of Writing & Rhetoric (8/8/2015), M.A. (University of Central Florida)

Lambert, Stephen, Associate Professor of Medicine of Com Medical Education (10/16/2006), Ph.D. (University of Witwatersrand)

Lambie, Glenn, Associate Dean and Professor of Counselor Education and School Psychology (8/8/2005), Ph.D. (The College of William & Mary)

LaMee, Adam, Instructional Specialist of Physics (8/8/2015), B.S. (Florida State University)

Lameier, Elizabeth, Associate In of Institute For Sim And Train (7/15/2016), M.A. (Mount St. Joseph University)

Landreville, Sarah, Instructor of Nursing (12/26/2008), M.S.N (University of Central Florida)

Lanier, Patricia, Instructor of School of Teacher Education (8/8/2004), M.A. (University of Central Florida)

Lanier, Drew, Associate Professor of School of Politics, Security, and International Affairs
Laning, Christine, Instructor of Pe Eli (8/8/2015), M.A. (University of Central Florida)

LaPage, Gary, Instructor of Nicholson School of Communication and Media (8/8/2014), M.S. (University of Illinois at Urbana-Champaign)

Lapchick, Richard, Professor of Sport Business Management (8/8/2001), Ph.D. (University of Denver)

Larson, Peter, Associate Professor of History (8/8/2006), Ph.D. (Rutgers, the State University of New Jersey)

Larson, Sarah, Assistant Professor of Public Administration (8/8/2016), Ph.D. (Indiana University)

Lartonoix, Paul, Associate Professor of Administration And Finance Vp (8/8/1998), M.F.A. (Lindenwood University)

Launier, Eugene, Associate Instructor of Writing & Rhetoric (8/24/2007), M.A. (St. Cloud State University)

Lavendol, Vicki, Instructor of Hospitality Management Services (8/8/2010), M.B.A. (Rollins College)

Laviola II, Joseph, Associate Professor of Electrical Engineering Computer Science (12/21/2006), Ph.D. (Brown University)

Lawrence, Shawn, Associate Professor of Social Work (8/3/2004), Ph.D. (State University of New York at Buffalo)

Le, Duy, Assistant Scholar/Scientist of Physics (5/11/2012), Ph.D. (University of Central Florida)

Leavens, Gary, Professor of Computer Science (8/8/2007), Ph.D. (Massachusetts Inst. of Tech.)

Ledesma, Norma, Instructor of Modern Languages (8/8/2011), M.A. (University of Central Florida)

Lee, Eunkyung, Assistant Professor of Health Sciences (8/8/2017), Ph.D. (University of Miami)

Lee, Woo Hyoung, Associate Professor of Civil Engineering (8/8/2013), Ph.D. (University of Cincinnati)

Lee, Junho, Associate Professor of Mathematics (8/8/2007), Ph.D.

Lee, Gene, Associate Professor of Industrial Engineering And Management Sys (8/9/1985), Ph.D. (Texas Tech University)

Lee, Jo-Eun, Assistant Professor of Hospitality Management Services (8/8/2010), Ph.D. (Purdue University)

Lee, JaeYoung, Research Assistant Professor of Civil Engineering (6/9/2014), Ph.D. (University of Central Florida)

Lee, Keith, Faculty Administrator of Sport Business Management (7/31/2002), Ph.D. (University of California)

Legron-Rodriguez, Tamra, Lecturer of Chemistry; National Center for Forensic Science (8/8/2015), Ph.D. (University of Central Florida)

Leinecker, Richard, Lecturer of Computer Science (6/30/2014), Ph.D. (Capella University)

Leitch, Deborah, Lecturer of School Of Visual Arts & Design (8/8/2014), M.F.A. (University of Central Florida)

Leo, Christopher, Instructor of Integrated Business (8/8/2012), M.S.M (University of Central Florida)

Leon, Ana, Professor of Social Work (8/8/1994), Ph.D. (New York University)

Leon, Lorraine, Assistant Professor of Materials Science And Engineering (12/21/2016), Ph.D. (City University of New York)

Leon-Barth, Sandra, Instructional Specialist of Undergrad Study Experience Lrng (1/12/2004), M.A. (University of Central Florida)

Lester, Connie, Associate Professor of History (8/8/2005), Ph.D. (University of Tennessee)

Leticee, Marie, Associate Professor of Modern Languages (8/8/1994), Ed.D. (University of Central Florida)

Leuenberger, Michael, Professor of Nanoscience Tech Center Operations (8/1/2005), Ph.D. (University of Basel)

Levermore Bartolone, Monique, Associate Lecturer of Psychology (8/8/2013), Ph.D. (Howard University)

Levin, Judith, Associate Lecturer of
School of Teacher Education (8/8/2006), Ed.D. (Nova Southeastern University)

Lewis, Kristy, Assistant Professor of Biology (8/8/2018), Ph.D. (Louisiana State University)

Li, Yingru, Assistant Professor of Sociology (8/8/2015), Ph.D. (University of Utah)

Li, Xin, Professor of Mathematics (12/21/1989), Ph.D. (University of South Florida)

Li, Si-Yan, Assistant Professor of School Of Performing Arts (8/8/2016), MM (Johns Hopkins University)

Li, Xiaoman, Associate Professor Medicine of CoI Of Med School Biomed Science Dean (9/15/2008), Ph.D. (University of Southern California)

Li, Guifang, Professor of Optics and Photonics (9/1/1997), Ph.D. (University of Wisconsin)

Li, Qifeng, Assistant Professor of Electrical Engineering (12/21/2017), Ph.D. (Arizona State University)

Liebig, Natasha, Lecturer of Philosophy (8/8/2016), Ph.D. (University of Central Florida)

Lighthall, Nichole, Assistant Professor of Psychology (8/8/2015), Ph.D. (University of Southern California)

Likamwa, Patrick, Associate Professor of Optics and Photonics (9/25/1989), Ph.D. (University of Sheffield)

Lillios, Anna, Professor of English (8/8/1986), Ph.D. (University of Iowa)

Lin, Mingjie, Associate Professor of Electrical Engineering (1/3/2011), Ph.D. (Stanford University)

Lin, Kuo-Chi, Associate Professor of Mechanical and Aerospace Engineering (8/8/1990), Ph.D. (University of Michigan)

Lindo, Jascinth, Associate Professor of Nursing (8/8/2018), PhD (The University of the West Indies, Mona)

Lindsley, Boyd, Instructor of Nicholson School of Communication and Media (8/8/2007), M.A. (University of Central Florida)

Liou, Kuotsai, Professor of Public Administration (8/8/1996), DPA (University of Oklahoma)

Lisella, Joseph, Research Associate of Institute For Sim And Train (10/16/2015), M.A. (Webster University)

Listengarten, Julia, Professor of School Of Performing Arts (8/8/1999), Ph.D. (University of Michigan)

Little, Mary, Professor of School of Teacher Education (8/8/1996), Ph.D. (University of Kansas)

Littlefield, Robert, Professor of Nicholson School of Communication and Media (8/8/2016), Ph.D. (University of Minnesota)

Liu, Fei, Assistant Professor of Computer Science (8/8/2015), Ph.D. (University of Texas at Dallas)

Liu, Fudong, Assistant Professor of Civil Engineering (8/8/2018) Ph.D. (University of Chinese Academy of Sciences, Beijing)

Liu, Lin, Assistant Professor of Marketing (7/1/2014), Ph.D. (University of Southern California)

Liu, Xiniang, Associate Professor of Health Management Information (8/8/2012), Ph.D. (Virginia Commonwealth University)

Llewellyn, Mark, Associate Lecturer of Computer Science (9/4/1998), Ph.D. (University of Central Florida)

Lobo Fenoglietto, Fluvio, Assistant In of Institute For Sim And Train (10/15/2015), M.S. (University of Minnesota)

Loerzel, Victoria, Associate Professor of Nursing (8/8/2002), Ph.D. (University of Central Florida)

Logan, Lisa, Associate Professor of English (8/8/1996), Ph.D. (University of Rochester)

Logan, Ronald, Associate Professor of Tourism Events & Attractions (8/8/2003), M.A. (University of California Los Angeles)

Logiudice, Frank, Associate Instructor of Biological Sciences (8/22/1997), M.S. (University of Central Florida)

Longhany, Joseph, Instructor of Writing & Rhetoric (8/8/2010), M.A. (University of Central Florida)
Lopez Castillo, Humberto, Assistant Professor of Health Sciences (8/8/2018), Ph.D. (University of South Florida)

Lopez, Humberto, Professor of Modern Languages (8/8/1996), Ph.D. (Florida State University)

Lopez, Genaro, Professor of Medicine of Col Of Med School Biomed Science Dean (8/8/2004), Ph.D. (Colorado State University)

Lopez-Garcia, Abey, Assistant Professor of Mathematics (8/8/2017), Ph.D. (Vanderbilt University)

Lopp, Linda, Instructor of Nursing (8/8/2008), M.S.N (University of Phoenix)

Loree, Michael, Instructor of Sociology (8/8/2009), M.A. (University of Florida)

Lotz, Theo, Associate Lecturer of College Of Arts And Hum Dean (8/15/2003), M.F.A. (Louisiana State University)

Lu, Yan, Assistant Professor of Finance (8/8/2015), Ph.D. (University of Florida)

Lucken, Karol, Associate Professor of Criminal Justice (8/8/1994), PHS (Florida State University)

Ludwig, Virginia, Associate Instructor of Modern Languages (12/21/2002), M.A. (University of Central Florida)

Lugo, Ramon, Faculty Administrator of Florida Space Institute (1/7/2013), M.S. (Florida Institute of Technology)

Lugo, Michelle, Instructor of Nursing (8/8/2016), M.S.N (Keiser University)

Luke, Stephanie, Instructor of School of Teacher Education (8/8/2012), M.Ed. (University of Central Florida)

Lumpkin, Tiffany, Instructor of Social Work (8/8/2016), M.S.W (University of Pittsburgh)

Luo, Weili, Professor of Physics (8/8/1992), Ph.D. (University of California Los Angeles)

Luzincourt, Geraldine, Instructor of Nursing (8/8/2012), M.S.N (Barry University)

Lyakh, Arkadiy, Assistant Professor of Nanoscience Tech Center Operations (9/28/2015), Ph.D. (University of Florida)

Lynch, Claudia, Assistant Professor of School Of Performing Arts (8/15/2014), B.A. (State University of NY at Geneseo)

Lyons, Amelia, Associate Professor of History (8/8/2005), Ph.D. (University of Cal. Irvine)

Maboudou, Edgard, Associate Professor of Statistics and Data Science (8/8/2006), Ph.D. (University of Minnesota)

Macedonia, Michael, Faculty Administrator of Office Of Research Operations (8/8/2013), Ph.D. (Naval Postgraduate School)

Mackie, Kevin, Professor of Civil Engineering (8/8/2006), Ph.D. (University of California, Berkley)

Macy, Marisa, Lecturer of School of Teacher Education (2004), Ph.D., (University of Oregon)

Magdum, Ujjwala, Assistant In of Florida Solar Energy Center (8/9/2010), B.A. (Shivaji University)

Mahan, Sue, Associate Professor of Criminal Justice (8/8/1987), Ph.D. (University of MO)

Main, Eric, Faculty Administrator of Academic, Faculty & Int'l Affairs (8/8/1999), M.A. (University of Central Florida)

Major, Anthony, Associate Professor of Nicholson School of Communication and Media (8/8/1995), M.F.A. (New York University)

Major, Amanda, Asst Instructional Designer of Vice Provost For Info Off (12/4/2016), Ed.D.

Malala, John, Associate Professor of Nicholson School of Communication and Media (8/8/2001), Ph.D. (University of Bradford)

Malebranche-Gauthier, Nick Myrca, Instructor of Modern Languages (12/23/2014), M.A. (University of South Florida)

Maledevych, Iryna, Associate Instructor of Criminal Justice (8/8/2006), M.S. (University of Central Florida)

McCabe, Catherine, Instructor of Pe Eli (8/8/2015), M.A. (Northeastern Illinois University)

McCafferty, James, Lecturer of Nicholson School of Communication and Media (8/8/2012), Ph.D. (University of Texas-Austin)

McCauley, Pamela, Professor of Industrial Engineering And Management Sys (5/10/1993), Ph.D. (University of Oklahoma)

McClellan, Tammie, Program Dir of Institute For Sim And Train (1/3/1996), MMM (University of Central Florida)

McConnell, Daniel, Associate Lecturer of Psychology (8/8/2007), Ph.D. (Indiana University)

McDaniel, Thomas, Associate Professor of College Of Arts And Hum Dean (8/10/2001), Ph.D. (University of Central Florida)

McDaniel, Carole, Associate In of Institute For Sim And Train (5/21/2004), M.A. (University of Central Florida)

McDonald, Holly, Associate Lecturer of School Of Performing Arts (8/8/2002), M.F.A. (University of Alabama)

McGann, Debra, Lecturer of School of Teacher Education (8/8/2015), Ed.D. (University of Central Florida)

McGregor, Maxine, Instructor of Social Work (2/12/2016), M.S.W (University of Central Florida)

McIlvaine, Janet, Assistant In of Florida Solar Energy Center (8/11/1995), B.S. (Clemson U)

McKenny, Aaron, Assistant Professor of Management (8/8/2014), Ph.D. (University of Oklahoma, Norman)

McKinstry, Karl, Assistant Professor Medicine of Col Of Med School Biomed Science Dean (9/1/2015), Ph.D. (University of Saskatchewan)

McLaughlin, Irina, Instructor of School of Teacher Education (8/8/2007), M.A. (Eastern Michigan University)

McManus, Michael, Lecturer of School of Teacher Education (8/8/2016), Ph.D. (University of Arizona)

McMillin, Abigail, Instructor of Pe Eli (8/8/2015), M.A. (University of I.L. at Chicago)

McVey, Valerie, Instructional Specialist of Lou Frey Institute (4/21/2008), M.A. (Saint Joseph College)

Mealor, David, Professor of Regional Campus Seminole (2/15/1980), Ph.D. (University of Georgia)

Medeiros, Stephen, Lecturer of Civil Engineering (5/14/2012), Ph.D. (University of Central Florida)

Meehan, Kevin, Professor of English (8/8/1996), Ph.D. (University of Maryland College Park)

Mehta, Anuja, Assistant Professor Medicine of Com Clinical Science (8/1/2016), M.D. (University of Florida)

Mejia, Cynthia, Assistant Professor of Food Svc & Lodge Management (8/8/2013), Ph.D. (Texas Tech University)

Meltzer, Brett, Associate Lecturer of Legal Studies (8/8/2011), J.D. (University of Florida)

Merriam, Eric, Associate Professor of Legal Studies (8/8/2015), LLM (George Washington University)

Metcalfe, David, Associate Professor of Institute For Sim And
Train
(5/16/2008), Ph.D.
(Nova Southeastern University)

Metzger, Philip,
Associate In of Florida Space Institute
(8/8/2014), Ph.D.
(University of Central Florida)

Michaels, Ronald,
Professor of Marketing
(6/29/1994), Ph.D.
(Indiana University)

Mihai, Florin,
Associate Professor of Modern Languages
(8/8/2006), Ph.D.
(Florida State University)

Mikhael, Wasfy,
Professor of Electrical Engineering
(8/8/1988), Ph.D.
(Concordia University)

Mikusinski, Piotr,
Professor of Mathematics
(8/9/1985), Ph.D.
(Polish Academy)

Milanes, Cecilia,
Professor of English
(8/8/1999), Ph.D.
(University of Albany)

Miller, Kelly, Assistant Professor of School Of Performing Arts
(8/8/2012), DM.A.
(Michigan State University)

Miller, Ann, Associate Professor of Nicholson School of Communication and Media
(8/8/2008), Ph.D.
(University of Georgia)

Milliner, Michelle,
Research Associate of Institute For Sim And Train
(2/9/2007), B.A.
(University of Central Florida)

Mills, Lisa, Associate Professor of Nicholson School of Communication and Media
(8/8/1999), Ph.D.
(University of Florida)

Milman, Ady, Professor of Tourism Events & Attractions
(2/3/1986), Ph.D.
(University of Massachusetts)

Milton, Abby, Associate Lecturer of Legal Studies
(12/21/2000), J.D.
(University of Florida)

Milton, Joseph, Professor of Economics
(8/8/2000), Ph.D.
(Florida State University)

Min, Hanyi, Assistant Professor of Psychology
(8/8/2018), Ph.D.
(Bowling Green State University)

Mingareev, Helene, Research Associate of Optics and Photonics
(7/19/2013), M.S.
(Georg-August-University)

Miroviciq, Nikola, Associate Professor of School of Politics, Security, and International Affairs
(8/8/2011), Ph.D.
(University of Chicago)

Mishtal, Joanna, Associate Professor of Anthropology
(8/8/2008), Ph.D.
(University of Colorado at Boulder)

Mitchell, David, Assistant Professor of Public Administration
(8/8/2014), Ph.D.
(Northern Illinois University)

Mitchell, Meghan, Assistant Professor of Criminal Justice
(2018), Ph.D.
(Sam Houston State University)

Modiano, Doan, Faculty Administrator of Psychology
(5/15/2006), Ph.D.
(Texas Christian University)

Mohaisen, Aziz, Associate Professor of Computer Science
(8/31/2012), Ph.D.
(University of Minnesota)

Mohapatra, Ram, Professor of Mathematics
(8/3/1984), Ph.D.
(University of Jabalpur)

Moharam, M., Professor of Optics and Photonics
(12/11/1987), Ph.D.
(University of Brit Columbia)

Mojicar, Luis, Associate Professor of Internal Medicine
(3/1/2016), M.D.
(University of Central Florida)

Molina, Olga, Associate Professor of Social Work
(8/8/2006), D.S.W.
(City University of New York)

Mollaghasemi, Mansoor, Associate Professor of Industrial Engineering And Management Sys
(8/8/1991), Ph.D.
(University of Louisville)

Mondesire, Sean, Assistant Professor of Institute For Sim And Train
(9/22/2016), Ph.D.
(University of Central Florida)

Monroe, Manette, Assistant Professor Medicine of Com Clinical Science
(7/9/2010), M.D.
(East TN State University)

Montagine, Euripides, Associate Lecturer of Computer Science
(12/23/1998), Ph.D.
(University Central de Venezuela)

Montalvo, Maria, Associate Instructor of Modern Languages
(8/13/2002), M.A.
(University of Central Florida)

Montgomery, Renee, Assistant Librarian of University Libraries
(9/15/2003), M.S.
(Florida State University)

Montgomery, Michele, Lecturer of Physics
(9/24/2004), Ph.D.
Montgomery, Kimberly, Assistant Librarian of University Libraries (11/21/1988), M.A. (Florida State University)

Montoya, Vicki, Assistant Professor of Nursing (8/8/2016), Ph.D. (University of Central Florida)

Moody, Jane, Lecturer of English (8/8/2008), Ph.D. (University of Central Florida)

Moore, Sarah, Instructor of Nursing (1/3/2017), M.S.N (Jacksonville University)

Moore, Denise, Instructional Specialist of Undergrad Study Experience Lrng (6/19/1998), M.A. (University of Central Florida)

Moore, Jeffrey, Professor of College Of Arts And Hum Dean (8/8/1994), MM (University of Wisconsin)

Moore, Sean, Associate Professor Medicine of Col Of Med School Biomed Science Dean (8/8/2008), Ph.D. (University of Alabama)

Moore, Brian, Associate Professor of Mathematics (8/8/2007), Ph.D. (University of Surrey)

Moran, Carrie, Assistant Librarian of University Libraries (5/10/2013), M.S. (Drexel University)

Moran-Bano, Colleen, Assistant Professor Medicine of Com Clinical Science (4/2/2010), M.D. (University of South Florida)

Moreto, William, Associate Professor of Criminal Justice (8/8/2013), Ph.D. (Rutgers University)

Morin, Jennifer, Instructor of Integrated Business (8/8/2016), M.B.A. (Florida Institute of Technology)

Morris, Barry, Faculty Administrator of Pe Eli (5/27/2016), Ph.D. (Emory University)

Morrow, Patricia, Assistant Professor of Institute For Sim And Train (7/17/2015), Ph.D. (University of Central Florida)

Morton, William, Associate Instructor of English (8/8/1999), M.A. (Miami University of Ohio)

Mosher, Matthew, Assistant Professor of Nicholson School of Communication and Media (8/8/2015), M.F.A. (Arizona State University)

Moskal, Patrick, Faculty Administrator of Office Of Student Support (10/13/1989), Ph.D. (University of Notre Dame)

Mothion, Patrice, Lecturer of Modern Languages (8/8/2016), Ph.D. (City University of New York)

Mottarella, Karen, Associate Lecturer of Psychology (12/16/1998), PSYD (Florida Institute of Technology)

Moulaou, Mustapha, Professor of Psychology (8/8/1994), Ph.D. (Catholic University of America)

Mousseau, Demet, Assistant Professor of School of Politics, Security, and International Affairs (8/8/2014), Ph.D. (Binghamton University)

Mousseau, Michael, Professor of School of Politics, Security, and International Affairs (8/8/2013), Ph.D. (Binghamton University)

Mucciolo, Eduardo, Professor of Physics (12/21/2003), Ph.D. (Massachusetts Institute. of Tech.)

Muhs, Tammy, Associate Lecturer of Mathematics (8/13/2004), Ph.D. (University of Central Florida)

Mukherjee, Jaydeep, Research Associate of Florida Space Institute (11/14/2000), Ph.D. (University of Florida)

Mukhopadhyay, Kausik, Lecturer of Materials Science and Engineering (12/3/2004), Ph.D. (University of Pune)

Mulvihill, Rachel, Associate Librarian of University Libraries (1/7/2002), M.A. (University of South Florida)

Mundale, Jennifer, Associate Professor of Philosophy (8/8/1999), Ph.D. (Washington University)

Muradov, Nazim, Professor of Florida Solar Energy Center (10/10/1990), Ph.D. (Commission of Council of Min.)

Murphey, Rebecca, Assistant Librarian of University Libraries (6/21/2010), M.A. (University of Alabama)

Mumphree, Daniel, Associate Professor of History (8/8/2010), Ph.D. (Florida State University)

Murphy, Patrick, Professor of English

Raible, John, Asoc Instructional Designer of Vice Provost For Info Off (11/3/2006), M.A. (University of Central Florida)

Raimundi-Ortiz, Wanda, Assistant Professor of School Of Visual Arts & Design (8/8/2010), M.F.A. (Rutgers University)

Raissi, Ali, Faculty Administrator of Florida Solar Energy Center (11/16/1987), Ph.D. (University of California)

Rajaraman, Swaminathan, Assistant Professor of Material Science and Engineering (8/8/2016), Ph.D. (Georgia Institute of Technology)

Rajasekaran, Parthiban, Assistant Professor of Nanoscience Tech Center Operations (8/20/2013), Ph.D. (Virginia Tech)

Ramanal, Pradipkumar, Associate Professor of Finance (8/8/1998), Ph.D. (University of Michigan)

Ramirez, Bernardo, Associate Professor of Health Management Information (8/8/2007), MMM (University of Mexico)

Ramirez-Quintana, Meliza, Lecturer of Modern Languages (8/8/2016), Ph.D. (University of Alabama)

Ramos, Estelli, Instructor of Social Work (5/8/17), M.S.W. (University of Chicago)

Randall, Jerome, Associate Instructor of Criminal Justice (1/5/1998), M.A. (Webster University)

Randall, Andrew, Professor of Civil Engineering (5/9/1994), Ph.D. (Auburn University)

Rapport, Mark, Professor of Psychology (8/8/2000), Ph.D. (Florida State University)

Ratusnik, David, Professor of Communicative Disorders (8/8/1985), Ph.D. (Northwestern University)

Raustad, Richard, Program Dir of Florida Solar Energy Center (2/16/1990), B.A. (University of Central Florida)

Reeda, Christian, Assistant Professor of Philosophy (8/8/2015), Ph.D. (University of Washington)

Ray, James, Assistant Professor of Criminal Justice (2011), Ph.D. (University of South Florida)

Reckdenwald, Amy, Associate Professor of Sociology (8/8/2011), Ph.D. (University of Florida)

Redd, Michael, Lecturer of School of Kinesiology and Physical Therapy (1/25/2019), Ph.D. (University of Central Florida)

Redmon, Maria, Associate Instructor of Modern Languages (8/8/1989), MMM (University of Madrid)

Reed, David, Assistant Professor of School Of Performing Arts (8/8/2015), M.F.A. (Baylor University)

Reed, Dean, Research Associate of Institute For Sim And Train (8/18/2000), B.A. (University of Central Florida)

Reedy, Robert, Professor of School Of Visual Arts & Design (7/1/1993), M.F.A. (University of Mississippi)

Reedy, Robert, Program Dir of Florida Solar Energy Center (1/12/2007), M.B.A. (Auburn University)

Regalla, Michele, Associate Professor of School of Teacher Education (8/8/2013), Ph.D. (University of Pittsburgh)

Reid, Michael, Associate Professor of Mathematics (8/8/2003), Ph.D. (Brown University)

Reilly, Charles, Professor of Academic Affairs Vp (4/5/1996), Ph.D. (Purdue University)

Reinerman, Lauren, Assistant Professor of Institute For Sim And Train (1/5/2009), Ph.D. (University of Cincinnati)

Reinhart, Debra, Professor of Office Of Research Operations (8/8/1989), Ph.D. (GA Institute Tech)

Reinking, Jeffrey, Lecturer of Accounting (8/8/2013), Ph.D. (University of Central Florida)

Renihan, Peggy, Instructional Specialist
of Lou Frey Institute  
(1/9/2009), B.A.  
(University of Central Florida)

Renk, Kimberly,  
Associate Professor of Psychology  
(8/8/2000), Ph.D.  
(University of South Florida)

Renshaw, Christopher,  
Assistant Professor of Optics and Photonics  
(8/17/2015), Ph.D.  
(University of Michigan)

Resch, Peter, Lecturer of Finance  
(8/8/2015), Ph.D.  
(University of Ramon Llull)

Resnick, Pamela,  
Associate Instructor of Communicative Disorders  
(8/18/2008), M.A. (New York University)

Rex, Matthew, Associate Lecturer of Chemistry  
(12/22/2010), Ph.D.  
(University of Central Florida)

Reyes, Maria,  
Associate Professor of School of Teacher Education  
(8/8/1997), Ph.D.  
(University of Florida)

Reyes-Foster, Beatrix,  
Assistant Professor of Anthropology  
(8/8/2011), Ph.D.  
(University of California Berkeley)

Reynolds, Teddy,  
Lecturer of School of Politics, Security, and International Affairs  
(8/8/2016), Ph.D.  
(University of St. Andrews)

Richardson, Adele,  
Associate Instructor of Writing & Rhetoric  
(5/15/2009), M.A.  
(University of Central Florida)

Richardson, David,  
Associate in Instrumentation of Chemistry  
(10/1/2010), Ph.D.  
(University of Florida)

Richardson, Kathleen,  
Professor of Optics and Photonics  
(10/30/1992), Ph.D.  
(Alfred University)

Richardson, Gary,  
Professor of Mathematics  
(8/3/1984), Ph.D. (N. Carolina State University)

Richardson, Martin,  
Professor of Optics and Photonics  
(4/1/1990), Ph.D.  
(University of London)

Richardson, Kathleen,  
Professor of Optics and Photonics  
(10/30/1992), Ph.D.  
(Alfred University)

Richardson, Gary,  
Professor of Mathematics  
(8/3/1984), Ph.D. (N. Carolina State University)

Richardson, Martin,  
Professor of Optics and Photonics  
(4/1/1990), Ph.D.  
(University of London)

Ro, Sun, Assistant Professor of School Of Performing Arts  
(8/8/2011), Ph.D.  
(University of Utah)

Ro, Hee Jung,  
Associate Professor of Hospitality Management Services  
(8/8/2007), Ph.D.  
(Pennsylvania State University)

Roach, William,  
Associate In of Office Of Research Operations  
(1/1/1982), B.A.  
(University of Central Florida)

Robb, Sean, Associate Professor of Accounting  
(8/8/2005), Ph.D.  
(University of Florida)

Roberts, Robin,  
Professor of Accounting  
(6/1/1998), Ph.D.  
(University of Arkansas)

Roberts, Sherron,  
Professor of School of Teacher Education  
(8/21/1998), Ed.D.  
(University of Arkansas)

Robertson, Meredith,  
Instructor of Health Management Information  
(8/8/2014), MMM
Roche, Iradly, Instructor of Social Work (10/9/2015), M.S.W (University of Central Florida)

Rockmore, Benjamin, Lecturer of Management (8/8/2001), Ph.D. (U of GA)

Roda, Christopher, Instructor of Interactive Entertainment Academic (12/23/2014), M.S. (Texas A&M University)

Rodriguez Cruz, Ramon, Professor of Medicine of Com Internal Medicine (7/6/2015), M.D. (University of Puerto Rico, MSC)

Rogers, Melvin, Associate Instructor of School of Public Administration (8/21/1996), M.S. (University of Nebraska)

Rohde, Kyle, Assistant Professor Medicine of Com Internal Medicine (2/1/2012), Ph.D. (University of Oklahoma)

Rollins, David, Professor of Mathematics (8/8/1988), Ph.D. (California Institute of Tech.)

Roney, Lisa, Associate Professor of English (8/8/2003), Ph.D. (Pennsylvania State University)

Roopnarine, Shane, Assistant Librarian of University Libraries (2/13/2015), M.S. (Florida State University)

Roozen, Kevin, Associate Professor of Writing & Rhetoric (8/8/2013), Ph.D. (University of Illinois-Urbana Champaign)

Rosa-Lugo, Linda, Associate Professor of Communicative Disorders (8/8/1995), Ed.D. (Columbia University)

Rosenthal, Leigh, Lecturer of Accounting (8/8/2013), LLM (University of Miami)

Ross, Edward, Professor of Medicine of Com Internal Medicine (7/21/2014), M.D. (Boston University)

Ross, Lee, Professor of Criminal Justice (8/8/2003), Ph.D. (Rutgers University)

Ross, Debra, Lecturer of Criminal Justice (1/3/2017), Ph.D. (Rutgers University)

Rotarius, Timothy, Professor of Health Management Information (8/8/1996), Ph.D. (Texas Tech University)

Rothschild, Carey, Assistant Professor of School of Kinesiology and Physical Therapy (8/8/2009), D.P.T. (Boston University)

Rotolo, John, Research Associate of Fl Interactive Entertainment Academic (7/29/2005), M.B.A. (University of Phoenix)

Rounsaville, Angela, Assistant Professor of Writing & Rhetoric (8/8/2011), Ph.D. (University of Washington)

Roush, Pamela, Associate Professor of Accounting (6/21/1989), Ph.D. (GA St U)

Rovito, Michael, Assistant Professor of Health Sciences (8/8/2011), Ph.D. (Temple University)

Roy, Herve, Assistant Professor Medicine of Col Of Med School Biomed Science Dean (8/1/2011), Ph.D. (University of Strasbourg)

Roy, Tania, Assistant Professor of Material Science and Engineering (7/11/2016), Ph.D. (University of Montpellier)

Sadami, A H M Anwar, Assistant Professor of Civil Engineering (8/7/2015), Ph.D. (University of Toronto)
Sadri, Houman, Associate Professor of School of Politics, Security, and International Affairs (8/8/1995), Ph.D. (University of Virginia)

Safi, Farshid, Assistant Professor of School of Teacher Education (8/8/2015), Ph.D. (University of Central Florida)

Saha, Haripada, Professor of Physics (8/8/1987), Ph.D. (University of Calcutta)

Saint Benoit, Tracy, Research Associate of College of Community Innovation and Education (12/29/2006), M.A. (University Of London)

Saitta, Erin, Lecturer of Chemistry (2/18/2011), Ph.D. (University of Central Florida)

Sakthivel, Tamil Selvan, Research Associate of Ampac Materials Center (4/6/2012), Ph.D. (Anna University)

Salazar, Sergio, Assistant Professor Medicine of Com Internal Medicine (9/26/2011), M.D. (American University of the Caribbean)

Saleh, Suha, Assistant Professor of Health Sciences (8/8/2010), Ph.D. (Kansas State University)

Saleh, Bahaa, Professor of Optics and Photonics (1/1/2009), Ph.D. (Johns Hopkins University)

Salter, Anastasia, Assistant Professor of College Of Arts And Hum Dean (8/8/2014), D.C.D. (University of Baltimore)

Salter, Ashley, Asst Instructional Designer of Vice Provost For Info Off (11/4/2016), M.A. (University of Central Florida)

Salvendy, Gavriel, Professor of Industrial Engineering And Management Sys (8/8/2016), Ph.D. (University of Birmingham)

Samsam, Mohtashem, Associate Professor Medicine of Col Of Med School Biomed Science Dean (8/8/2004), Ph.D. (University of Salamanca)

Sand, Erik, Research Associate of Fl Interactive Entertainment Academic (8/8/2016), M.S. (Rensselaer Polytechnic Institute)

Sandler, Barry, Associate Professor of Nicholson School of Communication and Media (12/20/2002), M.F.A. (University of California Los Angeles)

Sandoval, Jennifer, Associate Professor of Nicholson School of Communication and Media (8/8/2011), Ph.D. (University of New Mexico)

Santana, Maria, Associate Professor of College Of Arts And Hum Dean (8/8/1995), Ph.D. (Temple University)

Santiago, Luis, Associate Professor of Public Administration (1999), Ph.D. (Cornell University)

Santra, Swadeshmukul, Associate Professor of Nanoscience Tech Center Operations (8/8/2005), Ph.D. (Indian Institute of Technology)

Sarid, Gal, Associate In of Florida Space Institute (10/1/2014), Ph.D. (Tel-Aviv University)

Sawyer, Benjamin, Assistant Professor of Industrial Engineering and Mgt Sys (12/18/2015), Ph.D. (University of Central Florida)

Scammon, Kirk, Assistant In of Ampac Materials Center (1/5/2001), M.A. (University of Central Florida)

Schafer, Mark, Professor of School of Politics, Security, and International Affairs (8/8/2011), Ph.D. (Arizona State University)

Scharf, Margaret, Faculty Administrator of University Libraries (3/27/1981), M.A. (University of Central Florida)

Scharron, Eladio, Associate Professor of School Of Performing Arts (8/8/1998), DM.A. (University of Rochester)

Schell, John, Professor of University President (8/8/1987), Ph.D. (Vanderbilt University)

Schellhase, Kristen, Associate Lecturer of School of Kinesiology and Physical Therapy (9/8/1999), Ed.D. (University of Central Florida)

Schelling, Patrick, Associate Professor of Ampac Materials Center (8/8/2003), Ph.D. (University of Minnesota)

Schippert, Claudia, Associate Professor of

(Purdue University)

Stoeckl, Ula, Associate Professor of Nicholson School of Communication and Media 
(8/8/2002), M.F.A. 
(College of Design, Ulm)

Stolbov, Sergey, 
Associate Professor of Physics 
(9/8/2006), Ph.D. 
(Rostov State University)

Stone, Chelsea, 
Instructor of Writing & Rhetoric 
(8/8/2016), M.A. 
(University of Central Florida)

Stout, Jeffrey, 
Professor of School of Kinesiology and Physical Therapy
(1/6/2012), Ph.D.  
(University of Nebraska)

Strawser, Michael,  
Associate Professor of Philosophy  
(8/8/2002), Ph.D.  
(Florida State University)

Stresau, Kurt,  
Instructor of Mechanical and Aerospace Engineering  
(8/8/2015), M.S.  
(University of Florida)

Strutt, Tara,  
Assistant Professor Medicine of Col Of Med School  
Biomed Science Dean  
(9/1/2015), Ph.D.  
(University of Saskatchewan)

Stubbs, Jack,  
Research Associate of Institute For Sim And Train  
(10/9/2015), B.S.  
(Miami University)

Stull, Corrinne,  
Asst Instructional Designer of Vice Provost For Info Off  
(9/25/2015), M.A.  
(University of Central Florida)

STURGEON, SANDRA,  
Instructor of Nursing  
(1/8/2018), MSN  
(University of Central Florida)

Sturm, Ray,  
Associate Lecturer of Finance  
(8/14/2000), Ph.D.  
(Florida Atlantic University)

Su, Le-Chu,  
Associate Professor Medicine of Com Internal Medicine  
(11/16/2015), M.D.  
(Case Western Reserve University)

Su, Qiyu,  
Professor of Mathematics  
(8/8/2003), Ph.D.  
(Zhejiang University)

Su, Shiyang,  
Assistant Professor of Psychology  
(8/21/2017), Ph.D.  
(University of Minnesota)

Suboh, Suboh,  
Lecturer of Electrical Engineering  
(1/2/2013), Ph.D.  
(George Washington University)

Suchora, Kathleen,  
Instructor of Statistics and Data Science  
(8/8/2001), M.S.  
(University of Central Florida)

Sugaya, Kiminobu,  
Professor of Medicine of Col Of Med School  
Biomed Science Dean  
(5/1/2004), Ph.D.  
(Science University of Tokyo)

Sukhov, Sergey,  
Assistant Scholar/Scientist of Optics and Photonics  
(11/25/2011), Ph.D.  
(Ulyanovsk State University)

Sukthankar, Gita,  
Associate Professor of Computer Science  
(8/8/2007), Ph.D.  
(Carnegie Mellon University)

Sullivan, Berry,  
Research Associate of Office Of Research Operations  
(11/16/2002), M.B.A.  
(Vanderbilt University)

Sun, Wei,  
Assistant Professor of Electrical Engineering  
(8/8/2015), Ph.D.  
(Iowa State University)

Sundaram, Kalpathy,  
Professor of Electrical Engineering  
(4/17/1987), Ph.D.  
(Indian Institute of Tech Bombay)

Surette, Raymond,  
Professor of Criminal Justice  
(8/8/1995), Ph.D.  
(Florida State University)

Susalka, Stephen,  
Faculty Administrator of Office Of Research Operations  
(1/23/2015), Ph.D.  
(University of Virginia)

Sutherland, Karen,  
Assistant In of Florida Solar Energy Center  
(8/8/2011), M.B.A.  
(University of Alaska-Anchorage)

Sutton, Steven,  
Professor of Accounting  
(8/8/2005), Ph.D.  
(University of Missouri)

Swami, Muthusamy,  
Program Dir of Florida Solar Energy Center  
(1/23/1987), Ph.D.  
(Florida Institute of Technology.)

Swanson, Sona,  
Lecturer of Mathematics  
(8/16/2013), Ph.D.  
(University of Washington)

Swanson, Jason,  
Associate Professor of Mathematics  
(8/8/2007), Ph.D.  
(University of Washington)

Swenson, Nancy,  
Asoc Instructional Designer of Vice Provost For Info Off  
(8/25/2000), M.A.  
(University of Central Florida)

Sypolt, Terrie,  
Associate Librarian of University Libraries  
(4/9/2001), M.S. (U of Pittsburgh)

Szalma, James,  
Associate Professor of Psychology  
(5/31/2002), Ph.D. (U of Cincinnati)

Szteit, Judit,  
Associate Professor of School of Teacher Education  
(8/8/2005), Ph.D. (State University of New York at Buffalo)

Szumlanski, Sean,  
Lecturer of Computer Science  
(8/8/2013), Ph.D.  
(University of Central Florida)

Tafaghodijami, Atoallah,  
Assistant Professor of Marketing  
(8/8/2012), Ph.D.  
(University of Utah)
Talbert, Steven, Clinical Assistant Professor of Nursing (1/12/2007), Ph.D. (University of Kentucky)

Taliaferro, Lindsay, Assistant Professor of Medicine of Com Internal Medicine (7/1/2016), Ph.D. (University of Florida)

Tamasan, Alexandru, Professor of Mathematics (8/8/2005), Ph.D. (University of Washington)

Tamberelli, Frank, Instructor of Integrated Business (8/19/2015), Ed.D. (Wingate University)

Tan, Huaixiang, Professor of School Of Performing Arts (8/8/1997), M.F.A. (Utah State University)

Tanner, Stacy, Lecturer of Philosophy (8/8/2014), Ph.D. (Florida State University)

Tartt, Kacie, Associate Instructor of Modern Languages (9/8/2006), M.A. (Florida State University)

Tasci, Asli, Assistant Professor of Tourism Events & Attractions (8/8/2013), Ph.D. (Michigan State University)

Tatari, Mehmet, Associate Professor of Civil Engineering (8/8/2011), Ph.D. (University of Maryland)

Tatlian, Suren, Professor of Physics (8/8/2001), Ph.D. (Commission of Council of Min.)

Taub, Gordon, Associate Professor of Counselor Education and School Psychology (8/8/1999), Ph.D. (University of Florida)

Taylor, Jennifer, Lecturer of Writing & Rhetoric (6/16/2008), Ph.D. (Tulane University)

Taylor, Shannon, Associate Professor of Management (8/8/2012), Ph.D. (Louisiana State University)

Taylor, Dalena, Associate Professor of Counselor Education and School Psychology (8/8/2013), Ph.D. (University of North Texas)

Teixeira, Eduardo, Professor of Mathematics (1/1/2017), Ph.D. (University of Texas-Austin)

Teixeira, Katiucia, Assistant Professor of Mathematics (1/1/2017), Ph.D. (Federal University of Ceara)

Telep, Peter, Associate Instructor of English (8/8/1998), M.A. (University of Central Florida)

Teo, Grace, Research Associate of Institute For Sim And Train (4/8/2016), Ph.D. (University of Central Florida)

Terry, Michael, Associate Instructor of Food Svc & Lodge Management (8/8/2006), M.B.A. (Southern Illinois University)

Tetard, Laurene, Assistant Professor of Nanoscience Tech Center Operations (8/8/2013), Ph.D. (University of TN Knoxville)

Teter, Kenneth, Associate Professor Medicine of Col Of Med School Biomed Science Dean (5/1/2004), Ph.D. (University of California)

Tezcur, Gunes, Professor of School of Politics, Security, and International Affairs (8/8/2015), Ph.D. (University of Michigan)

Thaxton, Terry, Professor of English (8/8/2000), M.F.A. (Norwich University)

Theen, Terrell, Instructor of Nicholson School of Communication and Media (8/8/2006), M.S. (Indiana University)

Thiamwong, Ladda, Assistant Professor of Nursing (8/8/2016), Ph.D. (Mahidol University)

Thomas, Amy, Instructor of Communicative Disorders (5/5/2005), M.A. (University of Central Florida)

Thomas, Pamela, Instructor of Biological Sciences (8/14/2000), M.S. (University of Central Florida)

Thomas, Jayan, Associate Professor of Material Science and Engineering (7/1/2011), Ph.D. (Cochin University of Science & Technology)

Thompson, Brenda, Faculty Administrator of Child Family And Community Services (7/3/2006), Ed.D. (Virginia Tech)

Thompson, Kelvin, Faculty Administrator of Vice Provost For Info Off (8/8/1998), Ed.D. (University of Central Florida)

Thornton, Robert, Associate Instructor of School Of Performing Arts (12/21/2002), MM (Indiana University)
Tian, Yu, Assistant Professor of Accounting (7/1/2011), Ph.D. (University of South Carolina)

Tian, Tian, Associate Lecturer of Mechanical and Aerospace Engineering (1/22/2013), Ph.D. (University of Nebraska-Lincoln)

Tierney, Barbara, Librarian of University Libraries (1/4/2013), MLS (University of Michigan Ann Arbor)

Tigno-Aranjuez, Justine, Assistant Professor Medicine of Col Of Med School Biomed Science Dean (8/8/2015), Ph.D. (Case Western Reserve University)

Tiwari, Rajanee, Lecturer of Nursing (1/8/2018), DNP (Florida Atlantic University)

Thiamwong, Ladda, Assistant Professor of Nursing (8/8/2016), PhD (Mahidol University)

Todd, Andrew, Assistant Librarian of University Libraries (12/20/2004), M.A. (University of South Florida)

Tojo, Jessica, Asst Instructional Designer of Vice Provost For Info Off (11/4/2016), M.A.

Tong, Min, Assistant Librarian of Regional Campuses (6/1/2007), M.A. (University of British Columbia)

Topping, Daniel, Assistant Professor Medicine of Com Medical Education (8/30/2013), M.D. (University of Florida)

Tortis, Christianna, Instrcutor of Modern Languages (12/23/2015), M.A. (University of Central Florida)

Torres Areizaga, Edwin, Assistant Professor of Hospitality Management Services (8/8/2012), Ph.D. (Purdue University)

Tovbis, Alexander, Professor of Mathematics (8/8/1996), Ph.D. (Voronezh State University)

Towne, Samuel, Assistant Professor of Health Management Information (2013), Ph.D. (University of South Carolina)

Towson, Jacqueline, Assistant Professor of Communicative Disorders (8/8/2015), Ph.D. (Georgia State University)

Toyne, Jennifer Marla, Associate Professor of Anthropology (8/8/2011), Ph.D. (Tulane University)

Trainor, Kyle, Assistant Professor of Mathematics (12/21/2018), MS (Columbia)

Trenta, Shane, Lecturer of School of Teacher Education (8/8/2012), M.A. (University of Central Florida)

Turgut, Damla, Associate Professor of Computer Science (8/8/2002), Ph.D. (University of Texas at Arlington)

Turkowski, Volodymyr, Assistant Professor of Physics (7/1/2008), Ph.D. (Highest Attestation Commission)

Turnage, Dawn, Lecturer of Nursing (8/8/2013), DNP (University of Central Florida)

Turbull, Geoffrey, Professor of Finance (12/22/2010), Ph.D. (University of Wisconsin)

Turner, Anna, Instructional Specialist of Academic, Faculty &
Int'l Affairs
(8/8/2013), M.A. (University of Central Florida)

Twyford, Denise, Asoc Instructional Designer of Vice Provost For Info Off
(8/8/2007), Ed.D. (Nova Southeastern University)

Uddin, Nizam, Professor of Statistics and Data Science (8/8/2001), Ph.D. (Old Dominion University)

Underberg-Goode, Natalie, Associate Professor of Nicholson School of Communication and Media (11/8/2002), Ph.D. (Indiana University)

Underwood-Caputo, Nora, Associate Lecturer of Economics (8/8/2003), Ph.D. (UC Davis)

Unruh, Lynn, Professor of Health Management Information (8/8/2000), Ph.D. (University of Notre Dame)

Upvall, Michele, Professor of Nursing (8/8/2015), Ph.D. (University of Utah)

Uran, Milagro, Instructor of Modern Languages (8/8/2016), M.A. (University of Central Florida)

Uribe Romo, Fernando, Assistant Professor of Chemistry (8/8/2013), Ph.D. (University of California)

Uttich, Laurie, Associate Lecturer of English (5/15/2009), M.F.A. (University of Central Florida)

Vaidya, Mihai, Assistant Professor of Physics (9/23/2016), Ph.D. (Ulm University)

Vaidyanathan, Rajan, Professor of Materials Science And Engineering (2/1/2001), Ph.D. (MIT)

Vaidyanathan, Pallavoor, Faculty Administrator of Office Of Research Operations (10/1/1999), ME (University of Florida)

Vajravelu, Rani, Associate Lecturer of Biological Sciences (8/8/1999), Ph.D. (University of Madras)

Vajravelu, Kuppalapalle, Professor of Mathematics (8/3/1984), Ph.D. (Indian Institute of Tech Kharagpur)

Valdez, Carlos, Lecturer of Integrated Business (8/8/2010), Ph.D. (Inst. of Tech. -Monterrey)

Valenti, Michael, Assistant Professor of Nursing (8/8/2016), Ph.D. (New York University)

Valentine, Amandelin, Instructor of English (8/8/2016), M.A. (University of Central Florida)

Valliyil Thankachan, Sharma, Assistant Professor of Computer Science (12/7/2016), Ph.D. (Louisiana State University)

Van De Mark, Cheryl, Lecturer of School of Teacher Education (8/8/2010), Ed.D. (University of Central Florida)

Van Horn, Stacy, Associate Lecturer of Counselor Education and School Psychology (8/8/2007), Ph.D. (University of Florida)

Van Niekerk, Mathilda, Assistant Professor of Tourism Events & Attractions (8/8/2012), Ph.D. (North-West University)

Vannystelken, Martine, Professor of Communicative Disorders (8/26/1994), Ph.D. (Southern IL University at Carbondale)

Varejckeghem, Paul, Research Associate of FL Interactive Entertainment Academic (8/8/2009), Ph.D. (University of Central Florida)

Vasquez, Joseph, Associate Lecturer of School of Politics, Security, and International Affairs (8/8/2011), Ph.D. (University of Notre Dame)

Vasquez, Eleazar, Associate Professor of School of Teacher Education (8/8/2008), Ph.D. (Utah State University)

Vasu Sumathi, Subith, Associate Professor of Mechanical and Aerospace Engineering (11/14/2011), Ph.D. (Stanford University)

Vela, Adan, Assistant Professor of Industrial Engineering And Management Sys (8/8/2016), Ph.D. (Georgia Institute of Technology)

Velissaris, Chris, Associate Lecturer of Physics (8/22/2006), Ph.D. (University of Rochester)

Venecek, John, Associate Librarian of University Libraries (1/26/2007), M.S. (University of Illinois)

Verduin, Marcia, Professor of Medicine of Com Student Affairs (8/31/2007), M.D. (University of Florida)

Verity, Nicole, Instructor Medicine of Col Of Med School Biomed Science Dean (11/30/2009), M.S. (University of Central Florida)
Viana, Felipe A. C., Assistant Professor of Mechanical and Aerospace Engineering (12/18/2017), Ph.D. (University of Florida)

Viau, Jeanine, Lecturer of Philosophy (8/8/2014), Ph.D. (Loyola University Chicago)

Vie, Stephanie, Associate Professor of Writing & Rhetoric (8/8/2013), Ph.D. (University of Arizona)

Vieira, Robin, Faculty Administrator of Florida Solar Energy Center (9/19/1983), M.S. (Trinity University)

Viggiano, Charles, Associate Instructor of Integrated Business (1/24/1997), M.B.A. (University of Central Florida)

Viglione, Jill, Assistant Professor of Criminal Justice (2015), Ph.D. (George Mason University)

Villegas, Alvaro, Assistant Professor of Modern Languages (8/8/2014), Ph.D. (Pennsylvania State University)

Vitanova-Haralampiev, Gergana, Associate Professor of Modern Languages (8/8/2003), Ed.D. (University of Cincinnati)

Vodopyanov, Konstantin, Professor of Optics and Photonics (1/15/2013), Ph.D. (Lebedev Inst. of Physics)

Vonkalm, Laurence, Associate Professor of Biological Sciences (12/23/1996), Ph.D. (Monash University)

Voss, Kimberly, Associate Professor of Nicholson School of Communication and Media (8/8/2008), Ph.D. (University of Maryland)

Waesche, Jessica, Lecturer of Psychology (8/8/2013), Ph.D. (Florida State University)

Walters, Cynthia, Associate Instructor of School of Teacher Education (8/8/2007), M.A.T (Aquina College)

Walters, Linda, Professor of Biological Sciences (12/23/1996), Ph.D. (University of South Carolina)

Walters, Joseph, Program Dir of Florida Solar Energy Center (9/22/2008), B.S. (Rochester Institute)

Walters, Lori, Assistant Professor of Institute For Sim And Train (8/8/2002), Ph.D. (Florida State University)

Walters, Thomas, Professional Librarian of Com Plng & Knowledge Management (1/20/2009), MLS (Texas Women's University)

Wan, Thomas, Professor of Health Management Information (8/8/2003), Ph.D. (University of Georgia)

Wang, Youcheng, Professor of Hospitality Management Dean (8/20/2003), Ph.D. (University of Ill at Urbana)

Wang, Wei, Assistant Professor of Psychology (8/8/2013), Ph.D. (University of IL at Urbana-Champaign)

Wang, Dingbao, Associate Professor of Civil Engineering (8/18/2010), Ph.D. (University of Illinois at Urbana)

Wang, Tang, Assistant Professor of Management (12/23/2014), Ph.D. (University of Missouri)

Wang, Xiaochuan, Assistant Professor of Social Work
Wang, Ze, Assistant Professor of Marketing (8/8/2010), Ph.D. (University of Kansas)

Wang, Chung-Ching, Professor of Statistics and Data Science (8/8/1991), Ph.D. (Iowa State University)

Wang, Jun, Professor of Electrical Engineering (8/8/2006), Ph.D. (University of Cincinnati)

Wang, Qinghai, Professor of Finance (6/17/2016), Ph.D. (Ohio State University)

Wang, Liqiang, Associate Professor of Electrical Engineering Computer Science (8/8/2015), Ph.D. (State University of New York at Stony Brook)

Wang, Yingying, Research Associate of Mechanical and Aerospace Engineering (1/7/2015), Ph.D. (Rensselaer Polytechnic Institute.)

Wansbury, Timothy, Research Associate of Institute For Sim And Train (8/18/2003), M.B.A. (Syracuse University)

Warfield, Scott, Associate Professor of School Of Performing Arts (8/8/2002), Ph.D. (University of North Carolina)

Waring, Scott, Professor of School of Teacher Education (8/8/2005), Ph.D. (University of Virginia)

Warshawsky, Nora, Professor of Nursing (8/8/2018), PhD (University of North Carolina, Chapel Hill)

Washick, Richard, Instructor of Integrated Business (12/21/2016), M.A.AE (University of Central Florida)

Watkins, R., Associate Professor of Criminal Justice (8/8/1998), Ph.D. (University of Cincinnati)

Watson, Keri, Assistant Professor of School Of Visual Arts & Design (8/8/2014), Ph.D. (Florida State University)

Watson, Andrew, Assistant In of Institute For Sim And Train (8/12/2016), B.S. (University of Central Florida)

Weaver, Deborah, Associate Instructor of Writing & Rhetoric (12/29/2000), M.A. (University of Central Florida)

Weaver, Earl, Associate Professor of School Of Performing Arts (8/8/2003), M.F.A. (University of California)

Weaver, Ronald, Lecturer of Fl Interactive Entertainment Academic (7/1/2002), MET (Carnegie Mellon University)

Webster, Danielle, Lecturer of Health Sciences (8/8/2012), Ph.D. (University of Georgia)

Weeks, Arthur, Associate Professor of Hospitality Management Services (8/8/2014), Ph.D. (University of Central Florida)

Weger, Harry, Professor of Nicholson School of Communication and Media (8/8/2005), Ph.D. (University of Arizona)

Wei, Wei, Assistant Professor of Hospitality Management Services (8/8/2014), Ph.D. (Purdue University)

Wei, Lei, Associate Professor of Electrical Engineering (9/3/2001), Ph.D. (University of South Australia)

Weigel, Gregory, Assoc Instructor of Medicine of Col Of Med School Biomed Science Dean (9/8/2006), M.S. (University of Central Florida)

Weinland, Jeffrey, Lecturer of Hospitality Management Services (8/8/2014), Ph.D. (Capella University)

Weinstein, David, Assistant Professor Medicine of Com Internal Medicine (8/10/2015), M.D. (University of Florida)

Weishampel, John, Professor of Graduate Studies Dean (8/8/1995), Ph.D. (University of Virginia)

Weissberg, Deborah, Instructor of Hospitality Management Services (8/8/2014), M.S. (University of Central Florida)

Welch, Gregory, Assistant Professor of School of Kinesiology and Physical Therapy (8/8/2016), Ph.D. (University of Central Florida)

Welper, Gerrit, Assistant Professor of Mathematics (8/8/2018), Ph.D. (RWTH-Aachen University)

Wenzel, Taylar, Associate Lecturer of School of Teacher Education (8/8/2008), Ed.D. (University of Central Florida)

Weremchuk, George, Associate Professor of
School Of Performing Arts
(8/21/1998), DM.A.
(University of Miami)

Wessel, Philip,
Associate Instructor of Health Management Information
(8/8/2012), MHA
(Baylor University)

West, Lawrence,
Associate Professor of Health Management Information
(8/8/1996), Ph.D. (Texas A&M University)

Weyuker, Elaine,
Professor of Computer Science
(2/1/2017)

Wharton, Tracy,
Assistant Professor of Social Work
(8/8/2014), Ph.D.
(University of Alabama)

Wheeler, Sandra,
Associate Lecturer of Anthropology
(8/8/2010), Ph.D.
(University of Western Ontario)

Wheeler, Stephanie,
Assistant Professor of Writing & Rhetoric
(8/8/2015), Ph.D. (Texas A&M University)

Wheeler, Mihoko,
Instructor of Modern Languages
(8/8/2016), M.A.
(University of Florida)

White, Roseann,
Professor of Medicine of Col Of Med School Biomed Science Dean
(9/16/1969), Ph.D.
(University of Texas Southwestern Med)

Whyte, Ann,
Associate Professor of Finance
(8/8/1998), Ph.D.
(Florida Atlantic University)

White, Cynthia,
Lecturer of School Of Performing Arts
(8/8/2015), M.F.A.
(Southern Methodist University)

Wick, Barry,
Faculty Administrator of Institute For Sim And Train
(11/13/1989), M.A. (U of CT)

White, Grace,
Associate Lecturer of Psychology
(8/8/2011), Ph.D.
(University of Iowa)

Wickey, Jessica,
Instructor of Tourism Events & Attractions
(5/8/2016), M.S.
(University of Central Florida)

White-Jones, Angela,
Lecturer of Public Administration
(2016), Ph.D.
(University of Central Florida)

Whiting, Steven,
Assistant Professor of Management
(12/23/2014), Ph.D.
(Indiana University Bloomington)

Whitney, Karin,
Instructor of Computer Science
(12/23/2013), M.S.
(Bellevue University)

Whittaker, Alan,
Professor of Academic Affairs Vp
(8/1/2014), Ph.D.
(Purdue University)

Whitten, Shannon,
Associate Lecturer of Psychology
(8/8/2003), Ph.D.
(University of Memphis)

Whitworth, James,
Associate Professor of Social Work
(8/8/2016), Ph.D.
(Florida State University)

Whitney, Michael,
Assistant Professor of School Of Performing Arts
(8/8/2011), DM.A.
(Arizona State University)

Williams, Lana,
Lecturer of Anthropology
(8/8/2013), Ph.D.
(University of Western Ontario)

Williams-Fjeldhe, Karri, Associate Professor of School of Teacher Education
(8/3/1984), Ph.D.
(University of Arizona)

Wilson, Bruce,
Professor of School of Politics, Security, and International Affairs
(8/8/1996), Ph.D.
(Washington University)

Wilson, Jessica,
Instructor Medicine of Coll Of Med School Biomed Science Dean
(7/1/2015), M.S.
(Mississippi State University)

Wilson, Katherine,
Instructor of Hospitality Management Dean
(8/8/2012), MMM
(University of Houston)

Wilson, William,
Research Associate of Florida Solar Energy Center
(9/19/1997), B.A.
(University of Central Florida)

Winton, Mark,
Associate Lecturer of Criminal Justice
(1/5/2001), Ph.D.
(University of Connecticut)

Wisniewski, Pamela,
Assistant Professor of
Computer Science (8/8/2015), Ph.D. (University of North Carolina)

Withers, Jacqueline, Associate Instructor of Social Work (6/30/2006), M.S.W. (The Florida State University)

Withers, Charles, Research Associate of Florida Solar Energy Center (4/26/1990), B.A. (Slippery Rock U PA)

Wixted, David, Instructor of Tourism Events & Attractions (3/24/2017), M.S. (University of Albany)

Wocjan, Pawel, Associate Professor of Florida Solar Energy Center (8/8/2006), Ph.D. (University of Karlsruhe)

Wolf, Ross, Associate Dean and Professor of Criminal Justice (8/8/1999), Ed.D. (University of Central Florida)

Wolf, Cathleen, Research Associate of Nanoscience Tech Center Operations (8/12/2004), Ph.D. (Clemson University)

Wolcott, Amanda, Instructional Specialist of Academic, Faculty & Inf'l Affairs (12/30/2016), M.S. (University of Central Florida)

Wood, Robert, Associate Professor of Legal Studies (8/8/2003), M.S.L. (GSU College of Law)

Wood, Mary, Associate Professor of School Of Performing Arts (8/8/2003), M.F.A. (University of North Carolina)

Woodill, Sharon, Lecturer of Undergrad Study Interdiscip Studies (8/8/2016), Ph.D. (Dalhousie University)

Woodward, Deborah, Associate Instructor of Criminal Justice (8/8/2010), Ed.D. (University of Central Florida)

Workman, Karisa, Associate Instructor of Nicholson School of Communication and Media (8/8/1999), M.A. (S Nazarene University)

Worrell, Lewis, Instructor of Health Sciences (11/26/1976), MPH (University of Central Florida)

Worthy, Graham, Professor of Biological Sciences (8/8/2001), Ph.D. (University of Guelph)

Wray, Christina, Associate Librarian of University Libraries (3/10/2017)

Wright, Chrysalis, Associate Lecturer of Psychology (8/8/2011), Ph.D. (Florida International University)

Wright, Jeffrey, Lecturer of Writing & Rhetoric (8/8/2011), Ph.D. (University of Minnesota)

Wright, Kenicia, Assistant Professor of School of Politics, Security, and International Affairs (8/8/2018), Ph.D. (University of Houston)

Wu, Dazhong, Assistant Professor of Mechanical and Aerospace Engineering (5/8/2017), Ph.D. (Georgia Institute of Technology)

Wu, Shintson, Professor of Optics and Photonics (7/1/2001), Ph.D. (University of Southern California)

Xia, Xiaohu, Associate Professor of Computer Science (8/8/1999), Ph.D. (University of MI)

Xia, Yujun, Professor of Mechanical and Aerospace Engineering (8/8/2008), Ph.D. (University of Florida)

Xu, Mengyu, Assistant Professor of Statistics and Data Science (8/8/2016), Ph.D. (University of Chicago)

Yalim, Asli, Assistant Professor of Social Work (8/8/19), Ph.D. (University at Buffalo)

Yan, Xin, Professor of Statistics and Data
Science
(8/8/2011), Ph.D.
(University of California)

Yang, Limin, Lecturer, Mathematics
(5/1/2018), Ph.D.
(Nankai University)

Yang, Yang, Assistant Professor of Material Science and Engineering
(8/8/2015), PHE (Tsinghua University)

Yao, Fan, Assistant Professor of Electrical Engineering
(9/12/2018), Ph.D.
(George Washington University)

Yayla Kullu, Hesna, Associate Professor of Marketing
(8/8/2016), Ph.D.
(University of North Carolina-Chapel Hill)

Yeargain, Karen, Instructor, Biology
(8/8/2008), Masters
(University of Central Florida)

Yegidis, Bonnie, Professor of Social Work
(8/8/2013), Ph.D.
(University of South Florida)

Yeo, Jungwon, Assistant Professor of Public Administration
(8/8/2016), Ph.D.
(University of Pittsburgh)

Yestrebsky, Cherie, Professor of Chemistry
(8/8/1996), Ph.D.
(University of South Florida)

Yonekura, Francisca, Asoc Instructional Designer of Vice Provost For Info Off
(4/23/1999), Ph.D.
(University of Central Florida)

Yonetani, Ayako, Professor of School Of Performing Arts
(8/8/1993), DM.A.
(Juilliard)

Yong, Jiongmin, Professor of Mathematics
(8/8/2003), Ph.D.
(Purdue University)

Yoos Eph, Shibu, Professor of Electrical Engineering Computer Science
(8/8/2016), Ph.D.
(University of Pennsylvania)

York, Rebecca, Instructor of Accounting
(8/8/2014), J.D.
(University of Wisconsin)

Yost, Elizabeth, Assistant Professor of Hospitality Management Services
(8/8/2015), Ph.D.
(University of Central Florida)

Young, David, Instructor of Nicholson School of Communication and Media
(8/8/1998), M.F.A.
(University of California, L.A.)

Young, Beth, Associate Professor of English
(8/8/1997), Ph.D.

Yu, Chia-Yuan, Assistant Professor of Public Administration
(8/8/2015), Ph.D.
(Texas A&M University)

Yu, Hao Fei, Assistant Professor of Civil Engineering
(8/8/2017), Ph.D.
(University of South Florida)

Yu, Nan, Associate Professor of Nicholson School of Communication and Media
(8/8/2017), Ph.D.
(Pennsylvania State University)

Yu, Xiaoming, Assistant Professor of Optics and Photonics
(1/1/2017), Ph.D.
(Kansas State University)

Yuan, Jiann-Shiun, Professor of Electrical Engineering
(12/21/1989), Ph.D.
(University of Florida)

Yuan, Yu, Assistant Professor of Chemistry
(8/8/2012), Ph.D.
(Princeton University)

Yuksel, Murat, Associate Professor of Electrical Engineering
(8/8/2016), Ph.D.
(Rensselaer Polytechnic Institute)

Yun, Hae-Bum, Associate Professor of Civil Engineering
(1/1/2010), Ph.D.
(University of Southern CA)

Zaho, Margaret, Associate Professor of School Of Visual Arts & Design
(8/8/2005), Ph.D.
(University of Washington)

Zaki, Mohammed Hussein, Assistant Professor of Civil Engineering
(8/8/2018), Ph.D.
(Concordia University, Montreal)

Zaman, Widaad, Lecturer of Psychology
(1/4/2013), Ph.D.
(Emory University)

Zaurin, Ricardo, Associate Lecturer of Civil Engineering
(8/8/2010), Ph.D.
(University of Central Florida)

Zavattaro, Staci, Associate Professor of Criminal Justice
(8/8/2015), Ph.D.
(Florida Atlantic University)

Zayat, Vania, Assistant Professor Medicine of Com Clinical Science
(9/1/2011), M.D.
(Kauno Medicinos University)

Zervos, Antonis, Professor of Medicine of Col Of Med School Biomed Science Dean
(10/29/1999), Ph.D.
(University of London)

Zgoba, Kristen, Assistant Professor of Criminal Justice
Zhang, Ying, Associate Librarian of University Libraries (8/8/1996), M.A. (University of South Florida)

Zhang, Shunpu, Professor of Statistics and Data Science (8/28/2015), Ph.D. (University of Alberta)

Zhang, Tingting, Assistant Professor of Hospitality Management Services (8/8/2016), Ph.D. (Ohio State University)

Zhang, Wei, Assistant Professor of Computer Science (12/31/2015), Ph.D. (University of Minnesota)

Zhao, Yue, Professor of Mathematics (8/8/1999), Ph.D. (Ohio State University)

Zhao, Jihe, Associate Professor Medicine of Col Of Med School Biomed Science Dean (1/9/2017), Ph.D. (Albert-Ludwigs University of Freiburg)

Zhu, Qun, Assistant Professor of Electrical Engineering (8/8/2015), Ph.D. (Iowa State University)

Zhou, Hongxia, Associate Professor of Electrical Engineering and Management (8/8/2013), Ph.D. (University of Florida)

Zhou, Jihe, Assistant Professor Medicine of Col Of Med School Biomed Science Dean (3/9/2013), B.S.

Zhang, Shaojie, Associate Professor of Electrical Engineering (8/8/2005), Ph.D. (University of California)

Zhang, Xiaodi, Assistant Professor of Finance (8/8/2015), Ph.D. (University of Utah)

Zhang, Yanzhi, Associate Professor of Statistics and Data Science (8/8/2010), Ph.D. (Tohoku University)

Zheng, Gaofeng, Professor of Mathematics (1/9/2017), Ph.D. (Chinese University of Hong Kong)

Zheng, Qipeng, Assistant Professor of Industrial Engineering and Management Systems (8/8/2013), Ph.D. (University of Florida)

Zhou, Qun, Assistant Professor of Electrical Engineering (8/8/2015), Ph.D. (Iowa State University)

Zhou, Hongxia, Associate Professor of Electrical Engineering (8/8/2005), Ph.D. (University of Massachusetts)

Zou, Changchun, Associate Professor of Electrical Engineering (8/8/2005), Ph.D. (Emory University)

Zou, Changcheng, Assistant Professor of Chemistry (8/8/2006), Ph.D. (University of Florida)

Zou, Shengli, Associate Professor of Chemistry (8/8/2006), Ph.D. (University of Florida)

Zraick, Richard, Professor of Communicative Disorders (7/1/2014), Ph.D. (Arizona State University)

Zygouris-Coe, Vassiliki, Professor of School of Teacher Education (8/8/1999), Ph.D. (University of Florida)
Faculty and Administration Emeriti

ABBOTT, DAVID W.,
Professor Emeritus of Psychology
(1968), B.A., M.S.,
Ph.D. (University of Massachusetts)

ADICKS, RICHARD R., Professor Emeritus
of English
(1968), B.A.E., M.A.,
Ph.D. (Tulane University)

ANDERSON, HENRY, R., Professor Emeritus
of Accounting
(1983), B.A., M.S.,
Ph.D. (University of Missouri)

ANDREWS, LARRY C., Professor Emeritus
of Mathematics
(1973), B.S., M.S.,
Ph.D. (Michigan State University)

ARMACOST, ROBERT L., Associate Professor Emeritus of Industrial Engineering
(1991), B.S., M.S.O.R.,
D.Sc. (George Washington University)

ARMSTRONG, LEE H., Professor Emeritus
of Mathematics
(1968), B.A., M.S.,
Ph.D. (Florida State University)

AROIAN, KAREN, Professor Emerita Of Nursing
(2008), F.A.A.N., M.S.,
Ph.D. (University Of Washington)

BAKER, GRAEME L.,
Professor Emeritus of Chemistry
(1968), B.S., M.S.,
Ph.D. (Montana State University)

BANDY, DALTON D.,
Chairholder, C.G. Avery Professorship, and
Professor Emeritus of Accounting
(1985), B.S., M.B.A.,
Ph.D. (University of Texas)

BARNES, BETH, Vice President Emerita,
Office of the President, and Associate Professor of English
(1968), B.A., M.A.,
Ph.D. (University of North Carolina at Chapel Hill)

BASS, MICHAEL,
Professor Emeritus of Optics
(1988), B.S., M.S.,
Ph.D. (University of Michigan)

BAUMBACH, DONNA J., Professor Emerita, College of Community Innovation and Education
(1978), B.S., M.S.,
Ed.D. (Indiana University)

BISHOP, PATRICIA J., Dean Emerita,
Graduate College
(1978), B.S.E.,
M.S.M.E., Ph.D.
(Purdue University),
P.E. (Florida)

BOLE, JOHN R., Vice President Emeritus for Administration and Finance
(1968), B.A., M.A.,
M.S., Ph.D. (State University of Iowa)

BOREMAN, GLENN, Professor Emeritus of Optics & Photonics
(1990), B.S., M.S.,
Ph.D. (University of Arizona)

BOSE, SUBIR K., Professor Emeritus of Physics
(1987), B.Sc., M.Sc.,
Ph.D. (University of Allahabad)

BOZEMAN, WILLIAM C., Professor Emeritus,
College of Community Innovation and Education
(1985), B.A., M.Ed.,
Ph.D. (University of Wisconsin)

BRENNAN, JOHN J., Professor Emeritus of Physics
(1968), B.S., M.S.,
Ph.D. (Georgia Institute of Technology)

BREWER, THOMAS, Professor, College of Community Innovation and Education
(1996), B.A., M.A.,
Ph.D. (Florida State University)

BRIGHAM, ROBERT C., Professor Emeritus of Mathematics and Computer Science
(1970), B.S., M.S.,
Ph.D. (New York University)

BROWN, WILLIAM, Professor Emeritus of Sociology
(1972), Ph.D. (Purdue University)

BURROUGHS, WAYNE A., Professor Emeritus of Psychology
(1969), B.A., M.A.,
Ph.D. (University of Tennessee)

CALLARMAK, WILLIAM G., Associate Professor Emeritus of Management
Ph.D. (Arizona State University)

CANAN, PENELOPE, Professor Emerita of Sociology (2006), B.A., M.A., Ph.D. (University of Denver)

CARROLL, WILLIAM F., Professor Emeritus of Engineering (1985), B.S., M.S., Ph.D. (University of Illinois), P.E. (California, Florida and Illinois)

COLBOURN, TREVOR, President Emeritus, Professor of History, and Special Assistant to the UCF Foundation Chief Executive Officer (1978), B.A., A.M., M.A., Ph.D. (Johns Hopkins University)

COMISH, NEWEL W., Professor Emeritus of Management (1968), B.S., M.S., Ph.D. (Ohio State University)

CONGDON, KRISTIN G., Professor Emerita, Philosophy and Humanities (1998), B.A., M.S., Ph.D. (University of Oregon)

COOPER, C. DAVID, Professor Emeritus of Civil, Environmental, and Construction Engineering (1997), B.S.E., Ph.D. (University of Notre Dame), P.E. (Florida)

CORNELL, RICHARD, Professor Emeritus, College of Community Innovation and Education (1968), B.S., M.S., Ed.D (Nova University)

CREPEAU, RICHARD C., Professor Emeritus of History (1972), B.S., M.A., Ph.D. (Florida State University)

CUNNINGHAM, GLENN N., Professor Emeritus of Chemistry (1969), B.S., M.S., Ph.D. (North Carolina State University)

DAVIS, DUANE L., Professor Emeritus of Marketing (1978), B.S., M.B.A., D.B.A. (University of Kentucky)

DAVIS, ROBERT, Professor Emeritus of Nicholson School of Communication and Media (1977), Ph.D. (Ohio State University)

DENNING, RICHARD G., Professor Emeritus of Engineering Technology (1976), B.M.E., M.S., Ed.D. (University of Georgia), P.E. (Florida, Georgia)

DEO, NARSINGH, Professor Emeritus, Computer Science (8/8/1986) Ph.D. (Northwestern University)

DOMBROWSKI, PAUL, Professor Emeritus of English (1997), Ph.D. (Rensselaer Polytechnic Institute)

DUCKETT, RONALD D., Professor Emeritus of Computer Science and Mathematics (1972), B.S., M.S., Ph.D. (Washington State University)

DZIUBAN, CHARLES D., Professor Emeritus, College of Community Innovation and Education (1970), B.S., M.Ed., Ph.D. (University of Wisconsin)

EHRHART, LLEWELLYN M., Pegasus Professor and Professor Emeritus of Biology (1969), A.B., Ph.D. (Cornell University)

ELLIS, LESLIE L., Professor Emeritus of Biology (1968), B.S., M.S., Ph.D. (University of Oklahoma)

ESLER, WILLIAM K., Professor Emeritus, College of Community Innovation and Education (1968), B.A.Ed., M.A.Ed., Ph.D. (Kent State University)

EVANS, THOMAS G., Professor Emeritus of Accounting (1990), B.S., M.B.A., Ph.D. (Michigan State University)

FEDLER, FREDERIC E., Professor Emeritus of Nicholson School of Communication and Media (1971), B.S., M.A., Ph.D. (University of Minnesota)

FERNALD, LLOYD W., Professor Emeritus of Management (1983), B.S., M.S., D.B.A. (George Washington University)

FERNANDEZ, JOSE, Professor Emeritus of Modern Languages (1981), Ph.D. (Florida State University)

FLICK, ROBERT G., Professor Emeritus of Humanities (1968), B.S., M.A., Ph.D. (University of Florida)

FORD, ROBERT C., Professor Emeritus, Management (1993), B.A., M.B.A., Ph.D. (Arizona State University)

FRANCIS, MADISON KE, Professor Emeritus, Sculpture (1996), B.F.A. (Cleveland Institute of Art)

FREEDERICK, TERRY J., Professor Emeritus, Film and Digital Media, and Distinguished Service Professor of Computer Science (1975), B.S., M.S., Ph.D. (University of Wisconsin)
GENNARO, ROBERT N., Professor Emeritus of Molecular Biology and Microbiology, and Associate Director of Burnett School of Biomedical Sciences (1970), Ph.D. (Texas A&M University)

GIORDANO, PAUL, Professor Emeritus of Modern Languages (2004), Ph.D. (Indiana University)

GOMEZ, FERNANDO J., Professor of Electrical Engineering and Computer Science (1981), B.A., M.A., M.A., Ph.D. (Ohio State University)

GONZALEZ, AVELINO, Professor Emeritus of Engineering Technology (8/8/1986), Ph.D. (University of Pittsburgh)

GUHA, RATAN, Professor Emeritus, Computer Science (1/1/1970), Ph.D. (University of Texas)

HARMES, ALFRED G., Vice President Emeritus, Strategy, Marketing, Communications, and Admissions (2005), B.S., M.S. (Texas A&M University)

HICKEY, TERRY L., Provost and Executive Vice President Emeritus, and Professor Emeritus of Psychology (2003), B.A., M.A., Ph.D. (University of Miami)

HITT, JOHN, University President Emeritus, Professor of Psychology (3/1/1992), Ph.D. (Tulane University)

HOSNI, DJEHANE, Associate Professor Emeritus of Economics (1977), B.A., M.A., Ph.D. (University of Arkansas)

HOSNI, YASSEF A., Professor Emeritus of Industrial Engineering (1976), B.S.M.E., M.S., Ph.D. (University of Arkansas), P.E. (Florida)

HULDENSTON, THOMAS JR., Vice President Emeritus for Marketing, Communications and Admissions (1993), B.S., M.S., Ed.D. (Oklahoma State University)

HUDSON, PHYLLIS J., University Librarian Emerita (1972), B.A., M.S.L.S. (University of Illinois)

HYNES, MICHAEL C., Professor Emeritus and Director, College of Community Innovation and Education (1971), B.S.Ed., M.Ed., Ph.D. (Kent State University)

ISMAIL, MOURAD, Professor Emeritus of Mathematics (2003), Ph.D. (University of Alberta)

JOELS, ROSIE WEBB, Professor Emerita, College of Community Innovation and Education (1978), B.A., M.Ed., Ph.D. (University of Arizona)

JOHNSON, WILLIAM H., Professor Emeritus, College of Community Innovation and Education (1986), B.S., M.Ed., Ph.D. (Kent State University)

JONES, DANIEL, Professor Emeritus of English (1983), Ph.D. (Florida State University)

JUGE, FRANK E., Professor Emeritus of Chemistry (1968), B.S., Ph.D. (University of Arkansas)

KERSTEN, ROBERT D., Dean Emeritus and Professor Emeritus of Engineering (1968), B.S., M.S., Ph.D. (Northwestern University), P.E. (Florida, Arizona, and Oklahoma)

KIJEK, JEAN C., Associate Professor Emerita, College of Nursing (1985), B.S.N., M.A., Ph.D. (New York University)

KOEVENIG, JAMES L., Professor Emeritus of Biology (1971), B.A., M.A., Ph.D. (University of Iowa)

KUHN, DAVID T., Professor Emeritus of Biology (1970), B.A., M.S., Ph.D. (Arizona State University)

KUO, SHI-OU-SAN, Professor Emeritus of Civil, Environmental, and Construction Engineering (1981), B.S., M.S., Ph.D. (Michigan State University), P.E. (Florida)

KYSILKA, MARCELLA L., Professor Emerita, College of Community Innovation and Education (1969), B.S.Ed., M.Ed.,
LECKIE-REED, SHIRLEY A., Professor Emerita of History (1985), B.A., M.A., Ph.D. (University of Toledo)

LIEBERMAN, LESLIE, Professor Emerita, Anthropology (2001), B.A., M.A., Ph.D. (University of Connecticut)

LILIE, STUART A., Associate Professor Emeritus of School of Politics, Security, and International Affairs (1972), B.A., Ph.D. (Johns Hopkins University)

LLEWELLYN, RALPH, Professor Emeritus of Physics (1980), Ph.D. (Purdue University)

MADSEN, BROOKS C., Professor Emeritus of Chemistry (1970), B.S., M.S., Ph.D. (Ohio University)

MALONE, LINDA C., Professor Emerita of Industrial Engineering (1979), B.S., M.S., Ph.D. (Virginia Polytechnic Institute and State University)

MANNING, PATRICIA C., Professor Emerita, College of Community Innovation and Education (1970), B.S., M.Ed., Ed.D. (Nova University)

MATHEWS, BRUCE E., Professor Emeritus of Engineering (1969), B.E.E., M.S.E., Ph.D. (University of Florida), P.E. (Florida)

MATTSON, GUY C., Professor Emeritus of Chemistry (1969), B.S., Ph.D. (University of Florida)

McGEE, WILLIAM W., Professor Emeritus of Forensic Science (1968), B.S., M.S., Ph.D. (University of Florida)

McGUIRE, JOHN, Professor Emeritus of Psychology (1972), Ph.D. (George Peabody College)

McLELLOM, WALDRON, Professor Emeritus of Engineering (2008), B.S., B.C.E., M.C.E., M.S. (Physics), M.S., (Env. Engr.), Ph.D. (Rensselaer Polytechnic Institute)

MEESKE, MILAN, Professor Emeritus of Nicholson School of Communication and Media (1970), Ph.D. (University of Denver)

MILLER, ERNEST E., Professor Emeritus, College of Community Innovation and Education (1968), B.S., M.S., Ed.D. (University of North Dakota)

MORGAN, BEN B., JR, Professor Emeritus of Psychology (1988), B.A., M.A., Ph.D. (University of Louisville)

MORSE, LUCY C., Associate Professor Emerita of Engineering Technology (1983), A.B., M.S., Ph.D. (University of Central Florida)

MOSHELL, J. MICHAEL, Professor Emeritus, Digital Media and Computer Science (1984), B.S., Ph.D. (Ohio State University)

MOSLEHY, FAISSAL A., Professor of Mechanical and Aerospace Engineering (1980), B.S., M.S., Ph.D. (University of South Carolina), P.E. (Florida)

MULLIN, THOMAS A., Associate Professor Emeritus of Communication Sciences and Disorders (1972), B.A., M.S., Ph.D. (Syracuse University)

O'KEEFE, M. TIMOTHY, Professor Emeritus of Nicholson School of Communication and Media (1968), B.A., M.A., Ph.D. (University of North Carolina)

OMANS, STUART E., Professor Emeritus of English (1968), B.A., M.A., Ph.D. (Northwestern University)

OSBORNE, JOHN A., Professor Emeritus of Biology (1972), B.S., M.S., Ph.D. (Kansas State University)

OSTLE, BERNARD, Professor Emeritus of Statistics and Data Science (1967), B.A., M.A., Ph.D. (Iowa State University)

PALMER, MARY J., Professor Emerita, College of Community Innovation and Education (1970), B.S., M.S., Ed.D. (University of Illinois)

PANOUSIS, PETER, Dean Emeritus, College of Sciences (2000), B.S., Ph.D. (Iowa State University)

PAUL, GORDON W., Professor Emeritus of Marketing (1977), B.S., M.B.A., Ph.D. (Michigan State University)

PAULEY, BRUCE F., Professor Emeritus of History (1971), B.A., M.A., Ph.D. (University of Rochester)

PAWLAS, GEORGE E., Professor Emeritus, College of Community Innovation and Education (1991), B.S., M.Ed., Ph.D. (University of South Carolina)

BOWDON, MELODY, Interim Vice Provost, Division of Teaching and Learning, Interim Dean, College of Undergraduate Studies, Associate Vice Provost, Academic Innovation and Faculty Initiatives, Associate Dean, College of Undergraduate Studies, Professor of Writing and Rhetoric (1999), B.A., M.A., Ph.D. (University of Arizona)

BOWDEN, WAYNE, Director, Interdisciplinary Studies, College of Undergraduate Studies, Interim Director, UCF Abroad, Professor of History (2017), B.A., M.A., Ph.D. (Northwestern University)

BOYD, BRIAN, Executive Director and University Registrar (2006), B.S., M.B.A. (University of Wisconsin-Milwaukee)

CARR, SCOTT, Executive Associate Athletic Director, External Affairs (1997), B.S., M.S. (University of Florida)

CARVER, RENEA, Interim Director, Environmental Health and Safety (1996), B.S., M.A. (University of Central Florida)

CAVANAUGH, PAM, Associate Vice Provost, Academic & Student Initiatives, UCF Connect (2011), B.S., M.A., Ed.D. (University of Central Florida)

CAVANAUGH, THOMAS, Vice Provost, Digital Learning (2000), B.S., M.A., Ph.D. (University of Central Florida)

CHANDIA, NATALY, Director, International Services Center (2003), B.A., M.P.A. (University of Central Florida)

CHAVIS JR., GORDON D., Associate Vice President, Student Development and Enrollment Services (1999), B.A., J.D. (Georgetown University)

COLE, W. SCOTT, Vice President & General Counsel (2002), B.S., J.D. (University of Florida)

COLEMAN, BRIANT, Assistant Vice President, Strategic Initiatives, Communications and Marketing (2015), B.A., M.A., Ed.D. (Morgan State University)

COSTELLO, ELIZABETH, Director, Undergraduate Admissions (2000), B.S., M.B.A. (Florida Institute of Technology)
DAGLEY, MELISSA, Director, EXCEL, Division of Teaching and Learning, Executive Director, Center for Initiatives in STEM (2001), B.S.B.A., M.B.A., Ed.D, (University of Central Florida)

DANIELS, SHELIA, Executive Director of Human Resources (2015), B.A., M.P.A. (Florida Atlantic University)

DEICHEN, MICHAEL, Associate Vice President, Student Health Services (2001), B.S., M.D., M.P.H. (University of South Florida)

DELLERT, CHRISTINE, Assistant Vice President, Strategic Communications and Marketing (2015), B.A., M.A. (University of Central Florida)

DODGE, JASON, Director, Transfer and Transition Services (2015), B.S., M.A. (University of Florida)

DONEGAN, HELEN, Vice President for Community Relations (1995), B.A. (San Jose State University)

DULLAGHAN, PATRICIA, Director, Student Legal Services (1996), B.A., J.D. (Nova Southeastern University)

DUPUIS, MARTIN, Associate Dean of Burnett Honors College and Associate Professor of Political Science (2006), B.A., J.D., M.A., Ph.D. (University of Southern California)

EHASZ, MARIBETH, Vice President for Student Development and Enrollment Services (1994), B.S., M.A., Ph.D. (University of Toledo)

EKERN, SHARON L., Associate Vice President, Student Development and Enrollment Services (1990), B.A., M.P.A., Ed.D. (University of Central Florida)

FALCO, RICHARD A., Director, Student Union (2001), B.S., M.A. (University of Central Florida)

FRAME, ADRIENNE, Senior Associate Vice President and Dean of Students, Student Development and Enrollment Services (2016), B.A., M.Ed., Ed.D. (Florida State University)

FROELICH, CRAIG, Director, SDES Information Technology (2007), B.S. (University of Central Florida)

GEORGIPOULOS, MICHAEL, Dean, College of Engineering and Computer Science, Professor of Electrical and Computer Engineering (1986), DIPL.E., M.S., Ph.D. (University of Connecticut), P.E. (Greece)

GERMAN, DEBORAH C., Vice President for Medical Affairs, Dean of College of Medicine, and Professor of Medicine (2006), B.S., M.D. (Harvard Medical School)

GILMER, MICHAEL, Director, Office of Student Conduct (2014), B.S., M.Ed. (University of South Florida)

GONZALEZ, LYNN, Director, Budget Initiatives (1991), B.A., M.B.A. (University of Central Florida)

GUMBLE, MARK, Assistant Vice President, Learning Support Services, Student Development and Enrollment Services (2005), B.A., M.A. (Binghamton University)

HALL, RHONDA C, Director, Enrollment Services, UCF Downtown (1993), B.A., M.A. (University of Central Florida)

HALL, THOMAS, Director, Alcohol and Other Drug Programs (2005), B.S., M.S. (Florida State University)

HANSEN, LYNN, Executive Director, Career Services (2008), A.A., B.S., M.Ed. (University of West Florida)

HARTMAN, JOEL L., Vice Provost and Chief Information Officer, Information Technologies and Resources (1995), B.S., M.S., Ed.D. (University of Central Florida)

HAWKINS, MAUREEN, Director, Wellness and Health Promotion Services (2009), B.S., M.Ed. (Providence College)

HELTON, TARA G, Director, Academic Services for Student-Athletes and Assistant Athletic Director (1995), B.S., M.A. (Marshall University)

HENSON, PHILLIP, Director, Finance and Accounting
HESSE, AMY, 
Director, Creative School for Children (2013), B.A., M.A.Ed. 
(University of Central Florida)

HESTON, GRANT J., 
Vice President, Communications and Marketing (2007), B.S., M.B.A. 
(University of Central Florida)

HICKS KONVALINKA, APRIL, 
Executive Director, Housing and Residence Life (2018), B.A., M.S., Ed.D. (Arkansas State University)

HOFMANN, KAREN, 
Director, Counseling and Psychological Services (2002), B.A., M.A., Ph.D. (Texas A&M University)

HOFMAN, PHIL, 
Executive Director, WUCF TV & FM (2008), B.A., M.A., Ed.D. (University of Akron)

HOLSENBECK, DANIEL C., 
Senior Counsel to the President (1985), B.S., M.E.D., Ph.D. (Florida State University)

HOPE, THOMAS, 
Assistant Vice President, Strategic Initiatives (2005), B.F.A., M.B.A. (University of Central Florida)

HYPPOLITE, BELINDA, 
Assistant Vice President, Community Support, Student Development and Enrollment Services (2004), B.S., M.S. 
(Western Illinois University)

INGERSOLL, CHRISTOPHER, 
Dean, College of Health Professions and Sciences (2019), B.S., M.A., Ph.D. (University of Toledo)

JACKSON, WAYNE, 
Director, Multicultural Academic and Support Services (2007), B.A., M.A. 
(Dallas Theological Seminary)

JARLEY, PAUL, 
Dean and Professor, College of Business Administration (2012), B.S., M.A., Ph.D. (University of Wisconsin-Madison)

JARRELL-COLE, MARGARET, 
Associate Vice President, Administration and Legal Counsel, UCF Foundation (2003), LL.M., J.D. 
(University of Florida)

JASINSKI, JANA, 
Vice Provost, Faculty Excellence (2011), B.A., M.A., Ph.D. (University of New Hampshire)

JENSEN, DEVON, 
Associate Dean, College of Graduate Studies (2017), B.A., B.Ed., M.Ed., Ph.D. 
(University of Alberta)

JOHNSON, MICHAEL D., 
Dean, College of Sciences and Professor of Physics (1990), B.S., Ph.D. 
(University of Virginia)

JOHNSON, MICHAEL D., 
Dean, College of Sciences and Professor of Physics (1990), B.S., Ph.D. 
(University of Virginia)

JONES, ANNA MARIA, 
Director, Quality Enhancement Plan, Division of Teaching and Learning, Associate Professor of English (2001), B.A., Ph.D. 
(University of Notre Dame)

JONES, J. JEFFREY, 
Vice Provost, UCF Connect (2013), B.A., M.A., Ph.D. (Purdue University)

JOSEPH, WOODY, 
Director, Fraternity and Sorority Life (2017), B.A., M.Ed. 
(University of South Florida)

JUNTUNEN, DANA, 
Executive Director and Assistant Dean of Students, Office of Student Rights and Responsibilities (2003), B.A., M.Ed. 
(James Madison University)

JUNTUNEN, SHANE, 
Director, Office of Student Involvement (2003), B.A., M.Ed. 
(James Madison University)

KEATON, ALICIA, 
Director, Office of Student Financial Assistance (2013), B.S., M.B.A. 
(Wayne State University)

KERNEK, LEE, 
Associate Vice President for Administration and Finance, Facilities and Safety (2007), B.M., M.P.A. 
(Harvard University)

KITTINGER JR., FRED R., 
Associate Vice President, University Relations (2003), B.A., M.S. 
(Florida State University)

KLONOFF, ELIZABETH A., 
Vice President for Research and Dean of the College of Graduate Studies (2016), A.B., M.A., Ph.D. (University of Oregon, Eugene)

KONVALINKA, APRIL, 
Director, Housing and Residence Life (2017), B.S., M.S., Ed.D. (Arkansas State University)

KOROSEC, RONNIE L., 
Interim Associate Dean of Burnett Honors College and Associate Professor of Public Administration (2001), B.A., M.P.A., Ph.D. (State University of New York at Binghamton)

LANCEY, PATRICE, 
Assistant Vice President, Operational
Excellence and Assessment Support, Division of Teaching and Learning (2001), B.A., M.A., Ph.D. (Wayne State University)

MALARET, STACEY, Director, LEAD Scholars Academy (2001), B.A., M.A., Ed.D. (University of Central Florida)

MARTIN, BILL, Director, Facilities Planning and Construction (2014), B. Design, M.Arch (University of Florida)

McCLOUD, REBEKAH, Director, Student Development and Enrollment Services TRiO Programs (1997), B.A., M.Ed., M.S., Ed.D.

MEALOR, DAVID, Professor and Associate Vice President, UCF Sanford/Lake Mary/Altamonte Springs (1980), B.S., M.Ed., Ph.D. (University of Georgia)

MEYER, ADAM, Director, Student Accessibility Services (2013), B.S., M.A., Ph.D. (Saint Louis University)

MILLER, ANN, Interim Director, Karen L. Smith Faculty Center for Teaching and Learning, Division of Teaching and Learning and Associate Professor of Human Communication (2008), B.A., M.A., Ph.D. (University of Georgia)

MOORE, JEFFREY, Dean, College of Arts and Humanities and Professor of Music (1994), B.M., M.M. (University of Wisconsin)

MORGAN, JEFFERY, Director, Emergency Management (2008), B.S., M.A. (American Military University)

MORSBERGER, MICHAEL, Vice President, Advancement and Chief Executive Officer (2015), B.S., M.A. (St. Mary's University of Minnesota)

MYSZKOWSKI, ERIN, Director, Pre-Health and Pre-Law Advising, Division of Teaching and Learning (2006), B.S., M.S., Ed.D. (University of Central Florida)

NORVELL, DAVID, Assistant Vice President for Sustainability Initiatives (2001), B.S.M.E. (University of Central Florida)

O'NEAL, THOMAS P., Associate Vice President, Commercialization and Innovation and Secondary Joint Associate Professor of Industrial Engineering & Management Systems (1991), B.S.E.E., M.S., M.B.A., Ph.D. (University of Central Florida)

O'CONNELL, STEPHEN, Director, First Year Advising and Exploration (2003), B.A., M.A. (Ohio State University)

OONGE, HARRISON, Assistant Dean, Academic Planning, Division of Teaching and Learning and College of Undergraduate Studies (2016) B.A., M.A., Ed.D. (West Virginia University)

ORTIZ, VIVIAN J., Director, Assessment, Development and Grants, Student Development and Enrollment Services (2002), B.S., M.S.W., Ph.D. (University of Central Florida)

OWEN, JANET, Vice President, Government Relations (2018), B.A.B.A., M.S. J.D. (Stetson University College of Law)

PAVLONNIS, DAVID L., Assistant Vice President, Personnel and Technology, Student Development and Enrollment Services (2011), B.A., M.S., Ed.D. (Texas A&M University)

PAYNE, RICHARD S., Assistant Vice President, Budgets and Administration, Student Development and Enrollment Services (2002), B.S., M.B.A. (University of Central Florida)

PETKOV, ANA, Senior Assistant Vice President, Presidential Events (2008), B.A., M.A. (University of Central Florida)

PHILLIPS, RICHARD, Director, Activity and Service Fee Business Office (2013), B.S. (University of Utah)

PIETY, REBECCA, Director, Student Academic Resource Center and University Testing Center (1998), B.A., M.A. (University of Central Florida)

PINERES, SHEILA, Dean, Burnett Honors College and Professor of Public Administration (2018), B.A., M.A., Ph.D. (Texas A&M University)

PRESTON, MICHAEL, Executive Director, Florida Consortium of Metropolitan Research Universities (2011), B.A., M.S., Ed.D. (Texas A&M at Commerce)
PRIEST, DeLAINE,  
Associate Vice President, Student Development and Enrollment Services  

RANGE, A.J.,  
Assistant Vice President, Neighborhood Relation and Safety Education  
(1994), B.S., M.Ed. (Florida A&M University)

REINHART, DEBRA,  
Associate Vice President for Research and Scholarship  
(1989), B.S.E., M.S., Ph.D. (Georgia Institute of Technology), P.E. (Florida, Georgia)

REYNOLDS, DEBRA,  
Director, Undergraduate Admissions  
(1998), B.S. (University of Central Florida)

ROBINSON, GREGORY,  
Director, Purchasing  
(1998), B.S., M.P.A (University of Central Florida)

SALEH, BAHAA E. A.,  
Dean and Director, Professor of Optics & Photonics  
(2009), B.S., Ph.D. (John Hopkins University)

SCHEIDER, KIMBERLY,  
Assistant Dean, College of Undergraduate Studies, Director, Undergraduate Research, Division of Teaching and Learning and Research Assistant Professor, Department of Biology  
(2007) B.S., Ph.D. (University of South Carolina)

SCHONS, EDWARD L.,  
Director, University Economic Development, University Relations  
(2000), B.S. (Florida Southern College)

SCHUCKMAN, GREGORY A.,  
Assistant Vice President, Director, Federal Relations, University Relations  
(2000), B.S., M.G.A. (University of Pennsylvania)

SIEMEN, DUANE,  
Director, Facilities Operations  
(2014), B.S.E.E. (University of Central Florida)

SINGH, KRISHNA,  
Director, Parking and Transportation Services  
(1993), B.A. (University of Central Florida)

SINK, MICHAEL,  
Associate Vice President and IT Chief Operating Officer  
(2017), B.S., M.B.A., (Cleveland State University)

SMITH, BARBARA,  
Executive Director, Communications, Division of Teaching and Learning, College of Undergraduate Studies  
(2016), B.A., M.A. (Cleveland State University)

SMITH, JASON JUDE,  
Director, Experiential Learning, Division of Teaching and Learning  
(2016), B.S., M.Ed., Ph.D. (West Virginia University)

SOLE, MARY LOU,  
Dean and Orlando Health Distinguished Professor, College of Nursing  
(1991), RN, M.S.N., Ph.D. (University of Texas)

SULLIVAN, LINDA,  
Assistant Vice President, Institutional Knowledge Management  

TANT, CHRISTY,  
Associate Vice President, Budget, Finance, and Accounting  
(2010), B.S., M.A. (University of Florida)

TORRES, CHANDA,  
Assistant Vice President, Student Development and Enrollment Services  
(2012), B.S., M.A., Ed.D. (University of Central Florida)

TREES, DIANE,  
Associate Vice President, Community Relations and Metropolitan Center for Regional Studies  
(1994), B.S., B.S.N., M.S. (University of Central Florida)

TRIVEDI, SHREYA,  
University Ombuds Officer  
(2011), B.A., M.N.M. (University of Central Florida)

TURNER, SUZETTE,  
Director, Creative School for Children  
(2017), B.S., M.A.T., Ph.D. (St. Louis University)

VAIDYANATHAN, PALLAVOOR N.,  
Assistant Vice President for Research and Commercialization  
(1999), B.S., B.E., M.Sc., M.B.A. (University of Florida)

VIAU, PAUL H.,  
Associate University Registrar, and Director, Veterans Academic Resource Center  

VILSACK, BECKY,  
Director, Information Technology Financial Systems  
(2002), B.A., M.A. (Webster University)

WADE, CURTIS,  
Director, Sustainability and Energy Management  
(2011), B.S. (Michigan State University)

WANG, YOUCHENG,  
Dean, Rosen College of Hospitality Management and Professorship in Destination Marketing  
(2018), B.S., M.S., Ph.D. (University of Illinois)
WATSON, MONTEL J., Director, Resources Management (1994), B.A., M.B.A. (Loyola University of Chicago)

WEISHAMPEL, JOHN, Senior Associate Dean, College of Graduate Studies, and Professor of Biology (1995), B.S., M.A., Ph.D. (University of Virginia)

WELCH, KERRY, Associate Vice President, Student Development and Enrollment Services (2004), B.A., M.A., Ed.D. (University of Cincinnati)

WHITE, DANIEL, Vice President and Director of Athletics (2015), B.S., M.S., Ph.D. (University of Mississippi)

WILKENING, JAMES, Executive Director of Recreation and Wellness (1992), B.S.B.A., M.A.T. (University of Louisville)

WOODS, S. PAIGE, Director, First Year Experience (2014), B.S., M.S. (University of Tennessee)

WRIGHT, JENNIFER, Director, Integrity and Ethical Development (2002), A.A.S., B.S.B.A, M.A. (Appalachian State University)
Honorary Degrees Awarded

December 1969  Kurt H. Debus, Doctor of Engineering Science
               William H. Dial, Doctor of Commercial Science

June 1970     John W. Young, Doctor of Applied Sciences

March 1973    Louis C. Murray, Doctor of Public Service

August 1974   Fred C. Clayton, Doctor of Professional Engineering

August 1978   Richard F. Livingston, Doctor of Business Administration

June 1979     Albert F. Hegenberger, Doctor of Engineering Science
               Lee R. Scherer, Doctor of Engineering Science

December 1979 Joseph Daniel Duffey, Doctor of Humane Letters

June 1980     Thelma Vivian Jackson Dudley, Doctor of Humanities
               Howard Phillips, Doctor of Public Service

December 1981 Gene Burns, Master of Letters

April 1982    Andrew Duda, Jr., Doctor of Agricultural Service
               Ferdinand Duda, Doctor of Agricultural Service
               John Duda, Doctor of Agricultural Service
               Robert J. Whalen, Doctor of Engineering Science

July 1982     Mary Jo Davis, Doctor of Public Service
               William E. Davis, Doctor of Public Service

December 1982 Joseph A. Boyd, Doctor of Engineering Science
               J. W. Hubler, Doctor of Engineering Science

July 1983     Charles Wadsworth, Doctor of Public Service

December 1984 Allan E. Gotieb, Doctor of Laws

May 1985      George J. Becker, Jr., Doctor of Public Service
               Jerry Collins, Doctor of Public Service
               D. Robert Graham, Doctor of Public Service
               Walter O. Lowrie, Doctor of Engineering Science
William C. Schwartz, Doctor of Engineering Science

March 1986 Isaac Bashevis Singer, Doctor of Letters

October 1988 Elie Wiesel, Doctor of Letters

December 1988 Sven Caspersen, Doctor of Engineering Science

John D. Holloway, Doctor of Public Service

Wolfgang-Detlef Petri, Doctor of Commercial Science

May 1989 Frank M. Hubbard, Doctor of Public Service

David Albertson, Doctor of Humane Letters

William S. Jenkins, Doctor of Humane Letters

James C. Robinson, Doctor of Public Service

Charles N. Millican, Doctor of Laws

May 1990 Helen Harris Perlman, Doctor of Humane Letters

Thaddeus Seymour, Doctor of Letters

May 1991 Roald Hoffman, Doctor of Science

May 1993 Buell G. Duncan, Jr., Doctor of Commercial Science

May 1995 Norman R. Augustine, Doctor of Engineering Science

December 1995 Jesse Stone, Doctor of Humane Letters

April 1996 Nicolaas Bloembergen, Doctor of Science

December 1996 Richard A. Nunis, Doctor of Public Service

May 1997 Maxwell C. King, Doctor of Public Service

Joe R. Lee, Doctor of Commercial Science

August 1998 Trevor Colbourn, Doctor of Humane Letters

December 1998 Linda W. Chapin, Doctor of Public Service

December 1999 Oscar Arias, Doctor of Humane Letters

Reubin Askew, Doctor of Public Service

Desmond Tutu, Doctor of Humane Letters
May 2000     Lotfi Zadeh, Doctor of Science
May 2001     James Bacchus, Doctor of Public Services
                     Richard M. Karp, Doctor of Science
                     Joseph F. Traub, Doctor of Science
                     LeRoy T. Walker Sr., Doctor of Public Service
May 2002     Richard M. DeVos, Sr., Doctor of Commercial Science
October 2002  Albert Burnett, Doctor of Commercial Science
                     Nancy Burnett, Doctor of Commercial Science
December 2002 Robert E. Kahn, Doctor of Science
December 2004 G. Vince Amico, Doctor of Science
                     Lester Mandell, Doctor of Commercial Science
May 2005     Harriet Elam-Thomas, Doctor of Public Service
March 2006   Anibel Acevedo Vila, Doctor of Public Science
December 2006 Rita Bornstein, Doctor of Humane Letters
May 2007     Charles Hard Townes, Doctor of Science
December 2008 Robert Vander Weide, Doctor of Commerce
May 2009     Howard Lance, Doctor of Science
December 2009 Jerry S. Roth, Doctor of Commercial Science
December 2011 James A. Hinson, Doctor of Public Service
December 2012 Sanford Shugart, Doctor of Humane Letters
May 2013     William Jefferson Clinton, Doctor of Humane Letters
                     Michael M. Crow, Doctor of Humane Letters
August 2014  Judith A. Albertson, Doctor of Humane Letters
                     Phyllis A. Klock, Doctor of Commercial Science
December 2014 Alan Ginsburg, Doctor of Public Service
                     Richard Walsh, Doctor of Commercial Science
May 2016     J. Charles Gray, Doctor of Public Service
John Skipper, Doctor of Humane Letters

August 2016
Alan Eustace, Doctor of Business

April 2017
Mohammad bin Fahd bin Abdulaziz Al Saud, Doctor of Public Service

December 2017
Kareem Abdul-Jabbar, Doctor of Public Service

Anthony J. Nicholson, Doctor of Public Service

May 2018
Jeb Bush, Doctor of Public Service

Buddy Dyer, Doctor of Public Service

Martha Halstead Hitt, Doctor of Public Service

James F. Heekin, Doctor of Public Service

Teresa Jacobs, Doctor of Public Service

Thomas G. Kuntz, Doctor of Public Service

Carolyn Roberts, Doctor of Public Service
Glossary

A.A.: associate in arts degree. A degree designed for transfer to an upper division college or university. A Florida A.A. degree satisfies General Education (GEP) at all Florida SUS Schools.

Accreditation: certification that the college/school or program has met established standards and is nationally recognized by appropriate accrediting agencies.

ACT: American College Testing program is used for undergraduate admission purposes.

Add: online procedure used to alter class schedules after registration. During this time, students can adjust their schedules through myUCF (https://my.ucf.edu) by adding courses. Students should check the appropriate term's Web Enrollment Guide for details.

Arts and Humanities: College of Arts and Humanities (CAH).

A.S.: associate in science degree. A broad-based degree designed to prepare students to enter a wide variety of careers.

ASSA: Academic Services for Student Athletes.

Audit (course): to attend classes without receiving academic credit.

Audit (Degree): computerized summary of progress toward completion of degree requirements to be used with academic advising and registration. Available from myUCF at https://my.ucf.edu. (See also "Degree Audit")

BA: Business Administration. This abbreviation appears in the listing of courses and refers to the College of Business Administration (CBA). Also see Bachelors Degree.

Baccalaureate or Bachelors Degree: completion of all University and major graduation requirements as certified by the University (i.e., B.A. is the Bachelor of Arts degree, and B.S. is the Bachelor of Science degree).

BHC: Burnett Honors College.

Breaking Catalog: loss of eligibility to follow graduation requirements in a specific catalog.

BSBS: Burnett School of Biomedical Sciences within the College of Medicine.

Business: College of Business Administration (CBA).

CAH: College of Arts and Humanities.

Catalog: resource for UCF academic policies and procedures, college/school and degree requirements, course descriptions and faculty listings. It is published annually and its contents are subject to change. Available online at http://www.catalog.sdes.ucf.edu.

Catalog Year: the edition of the University catalog that governs graduation requirements for a particular academic year.

CBA: College of Business Administration.

CCIE: College of Community Innovation and Education.

CECS: College of Engineering and Computer Science.

CHPS: College of Human Professions and Sciences.

Certificate: special program of study supplemental to a major.

CI: consent of instructor.

Class Schedule Search: a component of the online myUCF system (at https://my.ucf.edu) that lists courses and class sections offered each academic term.

College: collection of related academic departments. There are thirteen colleges at UCF: Burnett Honors College (BHC), Arts and Humanities (CAH), Business Administration (CBA), Community Innovation and Education. (CCIE), Engineering and Computer Science (CECS), Graduate Studies, College of Human Professions and Sciences. (CHPS), Medicine (COM), Nursing (CON), Optics and Photonics (CREOL), Sciences (COS), Undergraduate Studies, and Rosen College of Hospitality Management (RCHM).

COM: College of Medicine.

Common Course Numbering: the statewide course numbering system (SCNS) uses a course designation that consists of a 3-letter prefix and a 4-digit number and when necessary a one-letter laboratory (L) or lecture/laboratory (C) suffix.

Common Program Prerequisite: the State of Florida has identified Common Program Prerequisites for all University programs. These prerequisites must be completed by all students entering that field of study, must be accepted by all state universities and must be applied towards the degree.

Community Innovation and Education: College of Community Innovation and Education (CCIE)
CON: College of Nursing.

Contact hours: number of hours students meet in class.

Continuous Enrollment: enrollment not interrupted by non-attendance for either consecutive Fall and Spring terms, or consecutive Spring, Summer term, and Fall.

COS: College of Sciences.

CR: co-requisite is an additional course in which you must enroll during the same term as the primary course you desire to take.

Credit Hour or Semester Hour: every course taught is designated a total number of credit hours. The number of credit hours for a class reflects approximately the total hours a student spends per week in class. Most lecture courses are three credit hours and meet three hours each week. Students should expect to spend at least two hours of study time outside of class for every hour spent in class. One semester hour equals 1.5 quarter hour.

CREOL: College of Optics and Photonics.

Degree Audit: a computerized degree audit lists courses completed toward major and degree requirements.

Diploma: official certificate displaying earned degree, major and baccalaureate honors.

Directory Information: information items that the Family Educational Rights and Privacy Act of 1974, as Amended (FERPA) authorizes the University to release without the student's prior consent, unless the student has filed a "Directory Disclosure/Release Authorization Form" with the Registrar's Office. Directory information at UCF includes the student's name, current mailing address, telephone number, date of birth, enrollment status, dates of attendance, major field of study, degree and awards received, participation in officially recognized activities and sports, and athletes' height and weight.

Disqualified: a student on academic probation who fails to achieve a minimum 2.0 UCF GPA during a subsequent term is disqualified. A student who is disqualified may not enroll at the University for two terms following disqualification. Readmission after two terms is not automatic.

Distance and Distributed Learning: learning online through the UCF Virtual Campus, which provides opportunities for students to enroll in credit courses and select degree programs through a variety of interactive distributed technologies.

Double Major: awarded when the student concurrently satisfies requirements for two majors.

Drop/Swap: a student may drop or swap a course(s) during the official Drop/Swap period. A dropped course will not appear on the student's permanent record. Students are not fee liable for dropped courses.

Elective: any course not required as part of the General Education Program or as part of your major/minor.

Engineering: College of Engineering and Computer Science (CECS).

Email: primary official means of communication with students regarding University business and information.

Enrollment: the act of registering in classes. This may be done through myUCF at https://my.ucf.edu and, in limited circumstances, at the colleges' advising offices.

Enrollment Certification: an official University document that provides a student's enrollment history including status, dates enrolled, and degrees awarded, available online at https://my.ucf.edu in Student Self Service.

Equipment Fee: a charge associated with some majors to cover the use and replacement of equipment.

Excess Credit Hour Surcharge: a surcharge to each credit hour taken in excess of the total number of credit hours required to complete the degree being pursued. The amount in excess of the total hours is calculated based on a percentage defined in statute and is referred to by the University of Central Florida as baseline hours limit.

Excluded: a student readmitted following disqualification who fails to achieve a minimum 2.0 GPA during a subsequent term is excluded from the University. Students are not eligible for readmission after exclusion. See "Readmission" for details.

Fee Invoice: a printout of courses for which the student has registered that lists each specific course, its meeting time(s) and day(s). The amount of tuition and fees due for all courses registered and the payment deadline date also is indicated. Available online at https://my.ucf.edu in Student Self Service.

Freshman and Sophomore Courses: lower level courses with common course numbers ranging
from 1000-2999 (e.g., ENC 1101 - Composition I). Generally, freshmen should enroll in 1000 and 2000 level courses.

FTIC: abbreviation for "First Time In College," referring to those students who currently are in their first term as a UCF college student after high school.

Full-Time Course Load: for undergraduates, a minimum of 12 credits in the fall and spring and summer terms.

FYAE: First Year Advising and Exploration.

FYE: First Year Experience.

GEP: General Education Program: Specific courses required for all UCF degree programs providing skills and knowledge in general subject areas essential to continued learning and success, not only in college but throughout the student's life.

Gordon Rule: requires students to complete four composition courses (12 semester hours) and two courses (six semester hours) of mathematics at the level of college algebra or higher. Each course must be completed with a grade of "C-" (1.75) or better.

GPA: "Grade Point Average": the average number of grade points per semester hour attempted. GPA is computed by dividing the total number of grade points assigned by the total number of semester hours attempted, less hours resulting from NC, W, WP, and I grades.

Grade Forgiveness: refers to when a course taken at UCF is repeated, and for grade point average purposes, the grade earned in the first attempt is replaced by the grade earned in the second attempt at UCF (may be used only twice in the student's academic career).

Grade Point Deficiency: for readmission purposes only, this term is defined as the number of UCF credit hours earned with a "B" (3.0 GPA) grade that a student requires to raise his or her UCF cumulative grade point average to 2.0. A student's grade point deficiency is calculated when the student applies for readmission.

Health Form: documentation of immunity for measles and rubella, as well as consent for treatment at the University Health Center (must be completed and returned to Student Health Services prior to the first registration).

Human Professions: College of Human Professions and Sciences (CHPS).

Hold: also called a "negative service indicator", this is a block on activity for transcripts, grades, diploma, or registration because of financial or other obligations to UCF.

Hospitality Management: Rosen College of Hospitality Management (RCHM).

Human Professions and Sciences: College of Human Professions and Sciences (CHPS).

Incomplete: grade assigned by the instructor when a student is unable to complete a course due to extenuating circumstances. Must be completed in 12 months or by graduation, whichever comes first.

Junior and Senior Courses: upper level courses with common course numbers ranging from 3000- 4999 (e.g., ENG 3311, Advanced Expository Writing).

Kiosk: stand-alone PCs located in UCF public areas providing access to student records and general information.

Limited Access: a major that has additional admission requirements (e.g. early application date, a separate application, or specific GPA requirements). Certain academic programs designated as "limited access" only guarantee admission to a limited number of applicants.

Lower Level Courses: courses with a number of 1000-2999 (not less than 1000).

Major: group of related courses that constitute a focused program of study in a specific area of knowledge.

MASS: Multicultural Academic and Support Services

Material and Supply Fee: a charge associated with some courses to cover items consumed within the class.

Matriculation: enrollment and attendance your initial term at UCF. Can be as an admitted, degree-seeking student or as a nondegree student.

Medicine: College of Medicine (COM).

MEP: Major Exploration Program to assist students who are undecided about a major.

Minor: a complement to a bachelor's degree program/ major requiring at least 18 credit hours in a field.

mySchedule Builder: a course scheduling tool designed to allow students to plan their class schedules around their life commitments. It allows students to review and compare every possible class schedule.
myUCF: the UCF/student information portal online at  
https://my.ucf.edu. myUCF is a powerful, security-encrypted, personal identification and Password access information system that will facilitate a variety of transactions in which students will engage at UCF. In myUCF, students may obtain a list of current holds, change the Password, sign up for a Knights Email account, telephone number, and permanent/mailing addresses; search for courses each term; register, drop/swap and add courses each term; withdraw from courses following the close of Late Registration and Drop/Swap; print the "Degree Audit," obtain the registration appointment day and time for each term, print a "Fee Invoice," pay fees by credit card, gain access to financial aid and accounts receivable information; obtain the term final grades, and a list of current courses.

NID: Network IDentification number that students use to log in to web courses, UCF computer labs, and myUCF or the UCF Information Kiosks.

Nursing: College of Nursing.

Overall GPA: cumulative GPA of UCF and transfer course work.

Password: a series of four to eight characters and numbers chosen by the student that is associated with the NID (Network Identification Number). Each time you use the NID to enter myUCF, you also will enter your password.

Pending Status: category assigned to students who desire to enter limited or restricted access programs. Typically, students are required to complete the GEP and all major pre-requisites prior to admission into the desired limited access program. (Department will change student's status upon acceptance into the program.)

PR: prerequisite refers to a specific course that must be taken and passed prior to enrolling in the primary course the student desires to take.

Prohibition: action taken when a student's UCF overall GPA drops below 2.0.

Readmission: reapply to the Registrar's Office after an absence of two or more terms.

Registration: the act of enrolling in classes. This may be done through myUCF at https://my.ucf.edu and, in limited circumstances, at the colleges' advising offices.

Repeat Surcharge: additional fee applied when a student enrolls in the same course three or more times.

Restricted Access: a major that has additional admission requirements (e.g. early application date, a separate application or specific GPA requirements). There is no limit to the number of students who can be enrolled. Students meeting the specified requirement(s) normally will be admitted.

Restricted Electives: a specified group of courses within a major from which students must make selections.

Retention: a term used to describe students' continued enrollment at the University until successful completion of their educational goals.

RCHM: Rosen College of Hospitality Management.

SARC: Student Academic Resource Center provides academic support programs, including supplemental instruction, tutoring, academic advising, and various other programs and services to students.

SAT: Scholastic Assessment Test is an assessment used for University admission purposes.

Satisfactory Academic Progress: a general eligibility requirement for financial assistance. (see the "Student Financial Assistance" section of this Undergraduate Catalog.)

Sciences: College of Sciences (COS).

Second Bachelors Degree: awarded when the student meets the requirements for both degrees and earns a minimum of 150 credit hours.

Section: refers to one of several offerings of the same course scheduled at different days of the week and hours of the day. For example: There may be 40 different sections of ENC 1101 offered within a term.

Sequence: a series of courses within the same subject area. Generally, the student takes these courses in numerical order (e.g., PHY 2053C then PHY 2054C). Students should consult the advisor before registering out of sequence.

STEP: State Tuition Exemption Program

Student Success Center: advising offices and other academic support services for first-year students located on the first two floors of Howard Phillips Hall.

SUS: State University System. All twelve Florida public universities are part of the SUS.

Term: the academic year at UCF is divided into segments called "terms" (also called "semesters"). Each lasts approximately 16 weeks.
Some universities break the year into fourths and call them "quarters." UCF is on the semester system; however, we usually speak of "Fall Term," "Spring Term," or "Summer Sessions."

**Term GPA:** grade point average (GPA) on work attempted during any given term.

**Third Attempt Charge:** see "Repeat Surcharge."

**Track:** one of two or more significant variations in a degree program or major. Approximately 50% of the courses in one track differ from the courses required in other tracks.

**Transcript:** official academic record from the Registrar's Office.

**TSD:** Accelerated education opportunities.

**TSR:** Transfer Summary Report is a listing of all coursework transferring to the University for credit. A preliminary TSR is generated at the time of acceptance. A final TSR is processed after all final transcripts have been received by the Admissions Office.

**Transient Student:** a UCF student enrolled in courses at another regionally-accredited institution, or a student from another regionally-accredited institution enrolled in courses at UCF.

**UCF Regional Campus System:** UCF Altamonte Springs, UCF Cocoa, UCF Daytona Beach, UCF Leesburg, UCF Ocala, UCF Palm Bay, UCF Sanford/Lake Mary, UCF South Lake, UCF Valencia East, UCF Valencia Osceola, and UCF Valencia West.

**UCF GPA:** grade point average (GPA) on all work attempted while in attendance at UCF.

**UCF ID:** (UCF IDentification number): personal seven-digit number required as a unique identifier for each student.

**UGRD:** College of Undergraduate Studies

**Upper Level Courses:** courses with a course number of 3000-4999.

**VARC:** Veterans Academic Resource Center providing GI Bill educational benefit certification and academic support programs, including supplemental instruction, tutoring, academic advising, career advising, student accommodation services, counseling services, and various other programs and services for student veterans.

**Withdrawal, Withdraw from a Course:** to formally request an official departure from one or more courses during the first half of the term or session through myUCF (https://my.ucf.edu) or at the Registrar's Office. Students who withdraw from a class are still responsible for tuition and fees for that withdrawn course.
