Mission Statement and UCF Creed

Mission Statement

The University of Central Florida is a public multi-campus, metropolitan research university that stands of opportunity. The university anchors the Central Florida city-state in meeting its economic, cultural, intellectual, environmental and societal needs by providing high-quality, broad based education and experienced-based learning; pioneering scholarship and impactful research; enriched student development and leadership growth; and highly relevant continuing education and public service initiatives that address pressing local, state, national, and international issues in support of the global community.

The UCF Creed

Integrity, scholarship, community, creativity, and excellence are the core values that guide our conduct, performance, and decisions. These values comprise the guiding principles that direct the actions of the University, its students and its employees.

Integrity

I will practice and defend academic and personal honesty.

Scholarship

I will cherish and honor learning as a fundamental purpose of my membership in the UCF community.

Community

I will promote an open and supportive campus environment by respecting the rights and contributions of every individual.

Creativity

I will use my talents to enrich the human experience.

Excellence

I will strive toward the highest standards of performance in any endeavor I undertake.

President's Message

UNIVERSITY OF
CENTRAL FLORIDA

Office of the President
P.O. Box 160002

Orlando, FL 32816-0002

Knights,

Whether you are just joining UCF or are planning classes for your final semester, we are excited to provide you with opportunities and support to help each of you reach your academic and professional dreams.

Even as the ways that we teach and learn change, you can have confidence in the high value of a UCF education and our commitment to providing you with the resources you need to be successful while you are here and after you graduate.

At UCF, our motto is "Reach for the Stars." It pushes us to think big and to refuse to be limited by what others say is possible. This mindset has helped UCF become one of the most innovative universities in the country, with a sense of entrepreneurship and optimism that is unique to Knight Nation.

Because of this, UCF is an outstanding leading research institution that remains on the rise. We harness our ingenuity in teaching and research and our strong community connections to help you reach new heights — in the classroom, laboratory, studio, field and court — so you can show the brilliance and unwavering confidence that Knights are known for.

I hope you take advantage of everything available to you this year to make the most of your college experience and set yourself up for the future. Our job is to remove the barriers to your success so that you are able to unleash your full potential.

Best wishes for a great academic year, and in everything ... Charge On!

Sincerely,

Alexander N. Cartwright, Ph.D.
President

Director of Honors Research: *Padmini Coopamah Waldron*

The Burnett Honors College (BHC) fosters an environment of academic excellence and intellectual inquiry that gives students the best of both worlds — an intimate, welcoming place to learn and make new friends as well as access to the resources of one of the nation's largest and most innovative metropolitan research universities. BHC focuses on developing highly skilled graduates distinctively prepared for tomorrow's complex challenges, while being mindful of today's changing demographics and the importance of access to opportunity. The college creates a diverse learning

community that cultivates talent and inspires excellence. The Burnett Honors College offers two main program tracks, University Honors and Honors Undergraduate Thesis.

Students in BHC are actively involved in co-curricular and social activities. They also have priority registration privileges and access to the Honors Reading Room, Computer Labs, Meditation Garden, and Honors Living Learning Communities.

University Honors

Students of all majors participate in the University Honors program, which is based on nearly 240 distinctive, small honors classes generally capped at about 20 students. The honors curriculum, which consists of honors courses, interdisciplinary seminars, and the honors symposium, takes place over the student's undergraduate career. Though a thesis is not required, the program provides breadth, depth, and engagement with the learning process. All honors courses meet UCF General Education and major-specific requirements. Honors interdisciplinary seminars allow students to explore topics outside the confines of their discipline. As students participate in the University Honors program, they are encouraged to not only pursue rigorous coursework inside and outside the major but also to engage in research, internships, and study abroad programs.

Admission to University Honors is granted by BHC to qualified incoming "first time in college" (FTIC) freshmen on a competitive basis. Students who seek admission to University Honors must apply directly to BHC. It is the student's responsibility to obtain the appropriate Honors College admissions information from the Office of Student Services and follow the procedures necessary to enter the program. More details can be found at <https://honors.ucf.edu/admissions>. Prospective Honors students and their families are encouraged to contact Honors staff at HonorsAdmissions@ucf.edu if they have questions.

Qualified students who transfer to UCF with an A.A. degree with Honors from a Florida College System institution that has an Honors articulation agreement with BHC will be admitted into University Honors with junior standing. Further information is available from the Office of Student Services at honors.ucf.edu/admissions.

First year UCF students who started in the summer or fall semester and meet all stated criteria may apply to the University Honors program during their first spring semester at UCF. This second-year entry gateway to the Burnett Honors College provides an opportunity for students who show exceptional academic ability and intellectual curiosity. Admission to the program is highly competitive. Further information is available at honors.ucf.edu/admissions/university-honors-current-ucf-students/.

University Honors students must take eight Honors courses total by the time they graduate. Students must also maintain a 3.3 UCF GPA and uphold the tenets of the Honor Code to remain in good standing with the Burnett Honors College. Please contact the Office of Honors Advising if you have any specific questions about Honors requirements, including when courses will be offered and possible substitutions.

By the end of the semester prior to the term in which a student plans to graduate with University Honors, the student must file a completed "Intent to Graduate with University Honors" form with BHC. Graduating seniors must complete the online "University Honors Exit Survey" by the end of the semester in which they plan to graduate. A student who completes all the requirements for University Honors will have the designation of University Honors entered on the diploma and transcript. Note: No student with a "Z" designation on their final transcript is eligible to graduate with University Honors.

Summary Table of University Honors Requirements

Symposium:	Honors Symposium (IDH 1920H) is a mandatory one-credit hour course required for all new University Honors students. This course includes guest lectures and discussions.
Lower-division:	Four courses. Extra upper-division courses/seminars can substitute for lower-division courses.
Upper-division:	Three courses, including at least one Honors interdisciplinary seminar. These courses vary by college and major. Please see the BHC website for specific course options. Completion of the Honors Undergraduate Thesis program will satisfy one upper-division Honors requirement for any major.

Note: *Students who are pursuing University Honors in two degrees must complete an additional upper-division course or interdisciplinary seminar to receive University Honors distinction on both diplomas.*

Honors Undergraduate Thesis

The Honors Undergraduate Thesis program allows students to undertake original and independent research or a creative project as principal investigators and independent scholars under faculty supervision. Students enroll in a credit-bearing two-course sequence (which can be extended to three or four, as necessary) in which they research, write, defend, and publish an original Honors thesis. The thesis is published through the UCF library and is available to researchers worldwide. Students who fulfill all program requirements earn the Honors distinction on their diploma and transcript. No student with a "Z" designation on their final transcript is eligible to graduate with Honors.

The Burnett Honors College offers two tracks for the Honors Undergraduate Thesis:

Honors in the Major

Honors in the Major is the oldest and most prestigious undergraduate research program at UCF. Students complete a thesis or creative project in their declared academic major.

Interdisciplinary Honors Thesis

This interdisciplinary track, in which students earn Honors in Research or Honors in Creative Inquiry, allows students to write an Honors thesis in their minor or a discipline other than their major.

Program Requirements

- Earn a grade of A, B or S in Directed Readings course(s)
- xxx 4903H - Honors Directed Readings I or approved substitute (3 credit hours)
- xxx 4904H - Honors Directed Readings II (optional - 1 or 3 credit hours)
- Form a thesis committee that meets the requirements of the Honors Undergraduate Thesis program and submit a thesis proposal that has been approved by the thesis committee.
- Earn a grade of A, B or S in Thesis course(s)
- xxx 4970H - Honors Thesis I (3 credit hours)
- xxx 4971H - Honors Thesis II (optional - 1 or 3 credit hours)
- Submit Notice of Defense and thesis approval forms.
- Submit approved thesis to UCF Libraries.

Eligibility

Admission to the Honors Undergraduate Thesis program is granted by the Burnett Honors College to all qualified UCF students. Students apply directly to the Office of Honors Research and may start in Fall, Spring and Summer terms.

Prospective students are encouraged to review our website for admission criteria, application deadlines and other information at honors.ucf.edu/research.

Note: A collection of completed Honors Undergraduate Theses can be found online at stars.library.ucf.edu/honorsthesis.

Office of Prestigious Awards

The Office of Prestigious Awards (OPA) provides all UCF students with information and advising for major national and international fellowships and scholarships. OPA serves as the UCF campus representative for all awards requiring university endorsement or nomination, including the Rhodes, Marshall, Fulbright, Goldwater, and Truman scholarships. While OPA is housed within the Burnett Honors College, it serves the entire UCF community.

OPA works closely with students throughout all stages of their application process. Because of the competitive nature of these awards, preparation is both intensive and extensive and can begin as early as a student's freshman year. Students who are applying for a prestigious scholarship or fellowship are encouraged to contact OPA for assistance with their applications, even if the award does not require institutional endorsement. Students seeking more information can visit opa.ucf.edu or contact OPA by phone at 407-823-0851, in TCH 248, or by email at opa@ucf.edu.

College of Arts and Humanities

Assistant Dean: *Cathy Radzai*

College of Arts and Humanities (CAH) 190

407-823-2251

Assistant to the Dean: *Paul Lartonoix*

College of Arts and Humanities (CAH) 190

407-823-2251

The College of Arts and Humanities includes the following departments: English, History, Modern Languages & Literatures, Philosophy, and Writing and Rhetoric. The college also oversees the School of Visual Arts and Design, which offers degrees in Architecture, Emerging Media, Photography, and Studio Art and the School of Performing Arts, which offers degrees in Music and Theatre. In keeping with the goals of the University of Central Florida, the College is responsible for all programs in the areas of humanities and arts. The departments and schools collectively offer more than 97 baccalaureate and graduate programs. For additional information concerning graduate programs, please refer to the current online Graduate Catalog. In addition to providing academically strong degree programs in the areas noted above, the College of Arts and Humanities offers a selection of courses that are designed to complement the programs of the other colleges of the University. These offerings include a number of courses

necessary to satisfy the University's General Education program and foreign language requirements.

A student enrolled in the College as an undergraduate must fulfill all University degree requirements including those for general education as well as the particular requirements set forth within each degree program. To be certified for graduation, a student must achieve at least a "C" GPA (2.0) in the courses of his or her major and/or minor. Some departments also require a minimum grade in each major course. Students are advised to consult their departmental advisor for specific policies. For programs with a foreign language graduation requirement, American Sign Language is not considered a foreign language and will not fulfill the requirement.

Pre-professional Programs

Pre-law Program

There is no preferred major for pre-law. Law schools accept superior students with a good liberal arts background, regardless of major field. A Bachelor of Arts or Bachelor of Science degree with approximately three-fourths of the course work representing theory content is typically suggested. Majors such as English, History, Legal Studies, Philosophy, Political Science, Sociology, and Writing and Rhetoric meet this criterion. The College of Arts and Humanities also offers a Pre-Law in the Humanities Minor . The quality of undergraduate education for the legal profession, according to the Association of American Law Schools, is grounded in three basic skills and insights: comprehension and expression in words, critical understanding of the human institutions and values with which the law deals, and the creative power of thinking. Law schools require that the Law School Admission Test (LSAT) be taken prior to consideration for admission. General information pertaining to programs of study, the LSAT, careers, and law schools can be obtained from the Office of Pre-Health and Pre-Law Advising.

Advisement

College of Arts and Humanities Student Advising (CAHSA)

Director: *Delia Garcia*

Trevor Colbourn Hall (TCH) 159

cahsa.cah.ucf.edu

407-823-3312

cahsa@ucf.edu

CAHSA is the primary office for undergraduate academic assistance in the College of Arts and Humanities. CAHSA assists students in the College with academic advising, orientation, registration, graduation certification and with the interpretation of College/University policies and procedures. Students with a declared College of Arts and Humanities major should direct any questions to their assigned CAHSA advisor, which is listed in the myUCF students center. Non-CAH majors with questions should email cahsa@ucf.edu or visit CAHSA in TCH 159 during regular business hours. Questions concerning the requirements within a major should be directed to the department offering the degree. The student should meet with their assigned CAHSA advisor and major/minor advisor at least once a semester.

Program Planning

Although suggested curricula are available in most areas, students will plan their program in consultation with a faculty advisor appointed by the major department.

International Study Centers

Undergraduate Inter-institutional Transient Program

The State University System operates study centers in London, England and Florence, Italy during the Fall and Spring semesters. Students with 27 or more credit hours of credit and a minimum GPA of 2.5 or above in all state universities are eligible to apply for one or both semesters as inter-institutional transient students. Faculty at the centers are drawn from the nine state universities. While credits are earned through Florida State University, which administers the program on behalf of the State University System, credits are fully transferable within the System. Students at the Centers are considered to be resident in their home institutions for attendance and degree purposes.

Classes at the Florence Center emphasize art history, Italian, social sciences, and the humanities; at the London Center, theatre, business, English, history and the social sciences are emphasized. Field trips and museum visits are common to both. For further information, consult UCF Abroad at 407-882-2300.

Vision

#UCFBusiness will continue the transformation into a next-generation business school through the development of a unique college culture; one that promotes engagement, risk-taking, cross-disciplinary collaboration and data-driven decision making.

Moving Forward

While core business curriculum remains unchanged, the world of business is constantly changing, as is the way students learn and receive information.

The foundation of the College of Business Administration's mission and vision are to strengthen the college, the university, and ultimately, the Central Florida community. This is achieved by focusing on critical factors in higher education: students, faculty, programs and facilities. As such, the college aspires to:

- Offer the benefits of a large, metropolitan research university while providing individual attention and maintaining a sense of community for our students and faculty.
- Create a state-of-the-art educational facility that cultivates a learning environment, promoting collaboration, engagement, risk taking and data-driven decision making.
- Provide increased opportunities for student engagement and one-on-one learning.
- Cultivate an ecosystem that develops entrepreneurs from all backgrounds and skill sets.
- Raise the academic profile of the college by recruiting research faculty in key disciplines and by incorporating top industry executives into the curriculum.

The college will elevate the career prospects of students as well as the perceptions of graduates in the community, by ensuring students are career-ready upon graduation by providing experiential learning and developmental feedback. In addition, the college strongly encourages students to explore possible careers through mentoring, summer employment and job shadowing.

All undergraduate and graduate programs are accredited by the Association to Advance Collegiate Schools of Business International (AACSB).

Pre-Major

Admission to the University of Central Florida does not equate to admission to the College of Business Administration (CBA). The CBA is a selective admission college. Students must qualify to be admitted into the college and therefore all students enter the university as a 'pre' business major. This applies regardless of the specific business major a student intends to pursue. As a 'pre' major, students will:

1. Complete the General Education Program
2. Complete the Gordon Rule requirements
3. Complete the Business Common Program Prerequisites (CPP) with a grade of C or better. The CPP classes are:
 - MAC 1105C - College Algebra
 - ACG 2021 - Principles of Financial Accounting
 - ACG 2071 - Principles of Managerial Accounting
 - ECO 2013 - Principles of Macroeconomics
 - ECO 2023 - Principles of Microeconomics
 - QMB 3003 - Quantitative Business Tools I or STA 2023 - Statistical Methods I and MAC 2233 - Concepts of Calculus or MAC 2311C - Calculus with Analytic Geometry I and MAC 2312 - Calculus with Analytic Geometry II
 - CGS 2100C - Computer Fundamentals for Business
4. Complete the Primary Business Core at UCF or an AACSB accredited institution. The Primary Business Core classes are:
 - MAN 3025 - Management of Organizations
 - MAR 3023 - Marketing
 - FIN 3403 - Business Finance
 - QMB 3200 - Quantitative Business Tools II
 - ACG 3173 - Accounting for Decision-Makers
 - Or if Pre-Accounting** ACG 3131 - Intermediate Financial Accounting I
5. Complete GEB 3006: Career Exploration and Financial Planning

The Career Exploration and Financial Planning course provides the opportunity to learn and develop personal skills in career and financial management to successfully navigate on-going work and life challenges. Students are given the opportunity to apply career and financial management principles to make appropriate, timely and financially responsible choices with respect to majors/programs of study, progress through the curriculum, and post-graduation options. It is also designed to help students align their major and career interest. Students will take self-assessments to identify career-related skills and interests. Based on their results, students perform research to identify and learn about a target career, target company(ies), and target

entry-level jobs.

The Business Common Program Prerequisites are required curriculum for all students within the Florida State University system pursuing a BSBA degree.

The Primary Business Core classes are the heart of the business world. As such they provide students with the basics to be successful in any business endeavor. It is important that students strive to thoroughly learn the material in this coursework as academic performance in the Primary Business Core is used to meet admission to the major standards.

All of the above requirements (numbers 1-5) must be completed before beginning any Business Major.

How to Select Your Major

Now you are ready to select a business major based upon your interests and skills identified in the GEB 3006 class, and your experiences in all of the Primary Business Core classes.

Due to the highly specialized nature of the revised Accounting, Finance, Management, and Marketing majors, interested candidates must show mastery of the subject matter in all aspects of the Primary Business Core, as demonstrated by a 3.0 GPA in the five classes. Additionally, a grade of at least a "B" is required in the introductory course of your desired major and a minimum grade of "C" is required in all Primary Core courses. Upon admission into the Accounting, Finance, Management, and Marketing majors, students must maintain a minimum 2.75 GPA in the Major and a minimum 2.0 GPA in the College to successfully complete the degree.

Admission to the Economics, Integrated Business, and Real Estate majors requires completion of the five Primary Business Core classes with a minimum GPA of 2.0, and a minimum grade of "C" in the introductory course of your desired major and a minimum grade of "D" is required in all Primary Core Courses. Upon admission into the Economics, Integrated Business, and Real Estate majors, students must maintain a minimum 2.0 GPA in the Major and College to successfully complete the degree. For more information on these requirements, visit: business.ucf.edu/undergraduate-programs.

After receiving admission to a major, students will complete major coursework, the Secondary Business Core and the remaining three courses in the Professional Development Sequence.

1. **The Secondary Business Core:** These courses are designed to ensure that you have a solid understanding of the various functions of business and the environment in which the enterprise operates. The Secondary Business Core culminates with our "**Great Case Competition**" which is part of our Strategic Management Course (MAN 4720) and has become a signature experience for all business students:
 1. QMB 3602 - Business Research for Decision Making (3 credit hours)
 2. BUL 3130 - Legal and Ethical Environment of Business (3 credit hours)
 3. MAR 3203 - Supply Chain and Operations Management (3 credit hours)
 4. MAN 4720 - Strategic Management/Capstone (3 credit hours)
2. **The Professional Development Sequence:** Students must also complete the professional development sequence that began with GEB 3006. The goal of the Professional Development curriculum is that students will research potential career opportunities and acquired a knowledge base that will prepare them to secure employment prior to graduation.
 1. GEB 3005 - Career Search Strategy (1 credit hour)
 2. GEB 4223 - Business Interviewing Techniques (1 credit hour)
 3. GEB 4004 - Executing Your Career Plan (1 credit hour)

Student Load

A student who is enrolled in 15 – 16 credit hours of course work is considered to be carrying a normal academic load. Per University policy, students may take a maximum of 17 credit hours in the Fall and Spring terms, and 14 credit hours in the Summer term.

Community/Junior College Transfer Notes

1. Admission requirements can and do vary among the business and accounting programs at the ten universities comprising the State University System. To ensure that they have met all prerequisite course eligibility requirements, transfer students from Florida's community and State colleges should complete the following common program prerequisites as part of their Associate of Arts degree: ACG 2021 (or ACG 2001 and ACG 2011), ACG 2071, ECO 2013, ECO 2023, MAC 2233, STA 2023, (or QMB 3003) and CGS 2100C. At UCF, students who have completed MAC 2233 and STA 2023 or MAC 2311C and MAC 2312 will be waived from QMB 3003 - Quantitative Business Tools I. Students who have completed either MAC 2233, MAC 2311C, MAC 2312, or STA 2023, but not both classes in the combination, must take QMB 3003. Completion of these courses with a minimum grade of "C" or better will satisfy all prerequisite course requirements for all business and accounting degree programs and will ensure that a student will receive further consideration for admission to the Primary Core Classes.
2. Subject to the general grade and residency requirements, credit will be granted for transferred course work equivalent to that required in UCF's Business program. Only grades of "C" or higher transfer into the program.
3. It is expected that all incoming transfer students, regardless of intended business major, will upon admission to the university have successfully completed the General Education Program and the Business Common Program prerequisites. Transfer students will attend an orientation session that will provide information regarding university and college policy, program requirements, and college culture.
4. Courses taken at Florida College System institutions do not substitute for upper division courses.
5. Courses transferred must be formally evaluated for equivalency credit. General Education coursework is evaluated for equivalency by Academic Services, while the Business Common Program Prerequisites and all business coursework is evaluated for equivalency by the College. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
6. The Business Primary Core courses must be taken at UCF or an AACSB accredited institution. Additionally, professional courses, in the areas of Accounting, Economics, Management, Marketing, Real Estate, or Finance, should not be taken at a community/junior college. These professional areas are third and fourth year course areas in the College of Business Administration and cannot be satisfied with community/state college courses.
7. A minimum of 12 credit hours must be completed at UCF within each individual major and a minimum of 30 hours of upper level courses within the UCF College of Business.

Advisement

Office of Professional Development

Assistant Dean: Darrell Johnson
Business Administration II (BA2) 101
407-823-2987

The Office of Professional Development (OPD) is the primary office for undergraduate assistance in Academic and Career Counseling in the College of Business Administration. Any questions concerning University and College academic policies affecting Business majors should be directed to the Office of Professional Development staff in BA2 101 or by calling 407-823-2185. 407-823-2046

Associate Dean for Research and Innovation: *Florencio Eloy Hernandez*

407-823-3296

Assistant Dean for Administrative Affairs: *Allison Jefferson*

407-823-0329

In 2018, UCF established the College of Community Innovation and Education (CCIE) to bring together programs focused on building strong communities. CCIE is a unique college with opportunities for students to work with faculty and community members to develop innovative solutions to complex social issues that affect communities throughout Central Florida and beyond. The college offers degree, minor and certificate programs designed to be responsive to community needs. Several of CCIE's undergraduate programs are delivered in a flexible format including both fully online and mixed-mode.

As the anchor college to UCF Downtown, the College of Community Innovation and Education has select programs that hold classes in downtown Orlando. This location provides students with numerous opportunities to engage in community-based experiences. Internships, practicums, and research take place within walking distance of the downtown campus.

Undergraduate Programs National Program-Specific Accreditations and State Program Approvals

- Association of University Programs in Health Administration (AUPHA)
- Commission on the Accreditation of Healthcare Management Education (CAHME)
- Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM)

Director: Mariangelly "Mary" Rente

Educational Complex & Gym (ED) 110 and UCF Downtown

ccie.ucf.edu/undergraduate-affairs

407-823-3723

The CCIE Office of Undergraduate Affairs supports students from program admission through graduation at the UCF Main Campus (ED 110) and UCF Downtown (UnionWest at Creative Village Suite 200). The student service teams assist students in the following undergraduate disciplines as they progress through their academic career at UCF.

- Career and Technical Education
- Criminal Justice
- Early Childhood Development and Education
- Elementary Education
- Emergency Management
- Exceptional Student Education
- Health Informatics and Information Management
- Health Services Administration
- Legal Studies
- Nonprofit Management
- Public Administration
- Secondary Education (English Language Arts, Mathematics, Science, and Social Science Education)
- Teacher Education (Art, Physical, and World Languages Education)

Office of Clinical and Field Experiences

Director: Kelly Jennings-Towle

Educational Complex & Gym (ED) 110

ccie.ucf.edu/clinicaexp

407-823-2518

The Office of Clinical and Field Experiences provides students with a broad range of field and internship opportunities in a variety of settings developed with local school districts, businesses, non-profit organizations, community agencies, and health care settings.

Recruitment and Retention

Coordinator: Caroline Pratt Marrett

Educational Complex & Gym (ED) 115

Accelerated BS/MS Degree Program

All of the Engineering and Computer Science programs except for the Information Technology Program are offering an Accelerated BS/MS degree program which will allow students of high academic standing to complete an MS degree at an accelerated pace. The generic rule for students in this program is that they will be allowed to use up to twelve hours of selected 5000 and 6000 level courses with a grade of "B" or higher toward fulfillment of both the BS and MS degree requirements. Interested individuals should see the program descriptions in the graduate and undergraduate catalogs. They may also contact the department Undergraduate Coordinator and/or Graduate Coordinator if they have any further questions.

College Vision

Our Vision is to be among the nation's top producers of engineering and computer science workforce talent in terms of scale and excellence, and to lead the next generation of engineers and computer scientists in advancing research and education that impacts the global society.

College Mission Statement

Our Mission is to provide high-quality, broad-based education and experiential learning in engineering and computer science; create knowledge through pioneering scholarship and impactful research; enrich our students' development and leadership skills; nurture the inherent innovation and leadership of our students; and address pressing local, state, national, and international issues in support of the global community.

College Organization

The College of Engineering and Computer Science is organized into two major divisions: the Engineering and Computer Science Division and the Reserve Officer Training Corps (ROTC) Division. The Engineering and Computer Science Division is comprised of six engineering departments: the Civil, Environmental, and Construction Engineering (CECE) Department, the Computer Science (CS) Department, the Electrical and Computer Engineering (ECE) Department, the Industrial Engineering and Management Systems (IEMS) Department, Materials Science and Engineering (MSE) Department, and the Mechanical and Aerospace Engineering (MAE) Department. The ROTC Division is made up of the Aerospace Studies Department (Air Force ROTC) and the Military Science Department (Army ROTC).

All departments of the Engineering and Computer Science Division offer advanced studies leading to master's degrees and the Doctor of Philosophy degree; see the Graduate catalog for further information on these graduate programs. The Bachelor of Science programs in Aerospace Engineering, Civil Engineering, Computer Engineering, Construction Engineering, Electrical Engineering, Environmental Engineering, Industrial Engineering, and Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>. The Bachelor of Science programs in Computer Science and Information Technology are accredited by the Computing Accreditation Commission of ABET, <https://www.abet.org>.

The College houses the ROTC Division for those students desiring to pursue military training while earning their degree. The AFROTC program offers a minor in Aerospace Studies, and the AROTC program offers a minor in Military Science.

The Honors Program in the College of Engineering and Computer Science

The engineering and computer science leaders of tomorrow must not only have impeccable technical credentials, but must also be able to provide strong leadership within the general community in which they live. With this in mind, the Honors Program in the College of Engineering and Computer Science offers outstanding undergraduate engineering and computer science majors an enriched educational, technical, professional, and cultural experience that significantly augments the basic curricula. Honors students comprise academically superior students who commit, upon acceptance into the program, to do broad as well as advanced work in a chosen area.

The objective of the Honors Program is to provide exceptional students with an opportunity to express their

creativity and problem-solving abilities through challenging coursework and participation in research projects. In addition, the program exposes students to a wide variety of issues dealing with the role of engineers and computer scientists and the impact of the profession on society. Honors students also participate in several programmed activities, such as lectures by distinguished scholars, engineers, and public figures, as well as visits to local and regional industries and to governmental and military research facilities.

There are two programs available to eligible CECS students: 1) the University Honors Program (see the section on the University Honors Program found in The Burnett Honors College section of this catalog); and 2) the Honors Undergraduate Thesis Program (HUT).

The Honors Undergraduate Thesis Program

The College of Engineering and Computer Science Honors Undergraduate Thesis program is designed for two types of students: 1) Highly qualified students who did not participate in the University Honors Program and would like to have the experience of an Honors curriculum, and 2) University Honors program students who desire to continue the Honors curriculum beyond what the University Honors Program offers. The centerpiece of the Honors Undergraduate Thesis program is the opportunity to undertake independent research as an undergraduate under the guidance of a faculty member in his/her major. The Honors Undergraduate Thesis Program represents a minimum of six credit hours of work. Technical elective credit varies by CECS program. Students should consult with the department of their major. These six credit hours consist of three credit hours of Honors Directed Readings (4903H), plus three credit hours of Honors Undergraduate Thesis (4970H). Optional credits of Directed Readings and Thesis may be taken if required by the project and approved by the supervising faculty.

The latter will result in an undergraduate thesis which will describe the research done by the student. The student will defend his/her thesis before a committee of faculty in the field as part of an oral examination covering the honors work. A sponsoring faculty member is required to supervise the undergraduate thesis.

In order to be admitted to the Honors Undergraduate Thesis program, the student must:

1. Have at least 60 credit hours, including at least 12 graded, upper division credit hours at UCF.
2. A minimum UCF or overall GPA of at least 3.40.
3. Exceptions to the eligibility criteria may be made by the College Honors Committee in individual cases, upon submission of an appeal and recommendation by a sponsoring faculty member to the Office of Honors Research.

To successfully complete the HUT program and receive said designation, the student must successfully defend the thesis and graduate with a minimum 3.2 GPA at UCF. No exceptions to this policy will be made for graduation. Successful candidates will be awarded an Honors in Engineering/Computer Science mention on the diploma and transcript, representing satisfactory completion of the program.

Application for admission to the Honors Undergraduate Thesis Program must be obtained from the Office of Honors Research in the Burnett Honors College. Students in the College of Engineering and Computer Science must consult Dr. Manoj Chopra, Engineering 1, Room 107. For more information about The Burnett Honors College programs, please visit their homepage at honors.ucf.edu.

The LEAD Scholars Program in the College of Engineering and Computer Science

Engineering and computer science students may also participate in the LEAD (Leadership Enrichment and Academic Development) Scholars Program (see the section on the LEAD Scholar Program found elsewhere in this catalog).

Additional Information on UCF Baccalaureate Engineering and Computer Science Programs

Information on each UCF engineering, computer science, and information technology program follows, and more current information on the departments can be found on the College home page at cecs.ucf.edu, and on the home pages of each department. For the home page associated with a particular program, see the listing for that department on the following pages of this catalog. Information on the Photonics Science and Engineering program

offered jointly with the College of Optics and Photonics may be found in the section about that college.

Health Sciences I (HS1) 365
407-823-0171

The College of Health Professions and Sciences is home to nationally recognized academic programs, innovative research and exciting community-outreach programs focused on health and wellness. The College is part of UCF's

new Academic Health Sciences Center, along with the College of Medicine and College of Nursing. There are four departments and schools housed in the College of Health Professions and Sciences: the School of Social Work, the School of Communication Sciences and Disorders, the School of Kinesiology and Physical Therapy and the Department of Health Sciences. Through course work, field experience and interprofessional education, our students develop high-demand skills in healthcare and cultural competency for work with diverse populations.

General Requirements for the Bachelor's Degree

Undergraduates enrolled in the College of Health Professions and Sciences must fulfill all University degree requirements, including those for general education, as well as the requirements of the degree program. The College offers both open-access and limited-access/restricted programs.

Open-Access Programs:

- Communication Sciences and Disorders (B.A./B.S.)
- Health Sciences (B.S.) - Health Promotion Track

Limited-Access/Restricted Programs:

- Social Work (B.S.W.)
- Health Sciences (B.S.) - Pre-Clinical Track
- Kinesiology(B.S.)

Acceptance by or registration at the University does not constitute admission to limited-access or restricted programs. Students pursuing these limited-access/restricted majors will be classified as "Pending" until they satisfy program specific admission requirements. A separate application must be made to the appropriate limited-access program.

Additional information regarding prerequisites and admission requirements may be found in this catalog.

Academic Advisement

CHPS Student Academic Services

Director: *Andrea Small*
Health Sciences II (HS2) 115
healthprofessions.ucf.edu/undergraduate
407-823-0010
CHPSundergrad@ucf.edu

The College of Health Professions and Sciences (CHPS) Office of Student Academic Services assists undergraduate students in understanding college and university requirements and procedures as well as coordinating orientation, registration and graduation certification. Students interested in pursuing limited/restricted access programs are encouraged to meet with advisors in the college to stay on track by taking the appropriate prerequisite requirements. Advisors in this office are available for students on probation or for those who are having academic difficulty. Questions concerning university and college academic policies should be directed through this office.

medweb@ucf.edu

Director, Burnett School of Biomedical Sciences: Dr. Griffith Parks

Burnett Building at Lake Nona (BBS) 101K

407-823-5932

The UCF College of Medicine through its Burnett School of Biomedical Sciences (BSBS) offers the fourth largest undergraduate program in the university, B.S. in Biomedical Sciences, that meets the admission requirements for medical and other health professional school programs. The BSBS is an integral part of the College of Medicine, making it a research-intensive medical school where cutting-edge medical research spans the entire spectrum from laboratory bench to bedside. The BSBS is home to quality programs in the biomedical sciences as well as vigorous research programs focused on cancer, cardiovascular, neurological, and infectious diseases. The UCF College of Medicine is a forward-looking medical school with a culture based on partnerships and collaboration. The college's medical and biomedical programs capitalize on UCF's existing strengths in biological sciences, modeling and simulation, engineering, optics and photonics, psychology, chemistry, film and digital media, business, and nursing.

The mission of the Burnett School of Biomedical Sciences is to provide quality undergraduate and graduate programs in the biomedical sciences and build vigorous research programs. In addition to conducting cutting-edge research in biomedicine with potential application to curing major diseases, the BSBS is committed to helping develop a technology-based industry in Florida. Active partnerships formed with other units such as the College of Optics and Photonics, the College of Engineering and Computer Science and the Nanoscience Technology Center will facilitate interdisciplinary research and education programs in the innovative application of photonics, bioinformatics and nanoscience to biomedical problems.

The BSBS is educating over 3,000 undergraduate majors including Biomedical Sciences, Biomedical Sciences - Neuroscience Track, Biotechnology, Molecular and Cellular Biology, Molecular Microbiology and Medical Laboratory Sciences. The BSBS also offers master's degrees in Biomedical Sciences and in Biotechnology, as well as an interdisciplinary doctoral degree in Biomedical Sciences. The current graduate enrollment is approximately 135 masters and doctoral students. The college also offers an M.D. program. The M.D. program enrolled its first class in August 2009 and has increased the number of admitted students annually to a level that produces 120 medical graduates each year. The current enrollment is approximately 491 M.D. students.

In addition to multiple facilities on the main Orlando campus, the college has facilities that are an integral part of the growing medical city at Lake Nona. The UCF Health Sciences Campus at Lake Nona includes a 170,000-square-foot medical education building and the 198,000-square-foot Burnett Biomedical Sciences building. The M.D. program is offered in the medical education building, which features the latest in lab and classroom technology. The state of the art research laboratories in the Burnett Biomedical Sciences building provide expanded research opportunities for undergraduate and graduate students. Advising for undergraduate programs is located in HS2 room 335 (Main Campus).

College of Medicine Vision, Mission and Goals

UCF College of Medicine Vision

The University of Central Florida College of Medicine aspires to be the nation's premier 21st century college of medicine.

The UCF College of Medicine will be a national leader in education, research, and patient care, recognized for supporting and empowering its learners and faculty to realize their passion for discovery, healing, health, and life, and for its ability to create partnerships to transform medical education, health care, and research.

UCF College of Medicine Mission

The University of Central Florida College of Medicine educates and inspires individuals to be exemplary physicians and scientists, leaders in medicine, scholars in discovery, and adopters of innovative technology to improve the health and well-being of all.

Our patient-centered mission is achieved by outstanding health care and services, groundbreaking research, and leading edge medical and biomedical education in an environment enriched by diversity and partnership.

UCF College of Medicine Goals

Goal 1: Excel in Medical and Biomedical Education

Goal 2: Excel in Research and Discovery in: Biomedical Sciences, Medical Education, Health Care, and Population Sciences

Goal 3: Provide Outstanding, Innovative, Patient-Centered Care While Transforming Health Care Delivery

To achieve excellence in each of these goals, identify and develop a diversified, self-sustaining infrastructure in an environment that fosters community, diversity, partnership, and collaboration.

The College of Nursing is the 11th college to be established at the University. It was established as a Department of Nursing and graduated its first class in 1981. The college has achieved prominence as an innovator in nursing education, responding to a changing population with complex health care needs. The faculty of the college values access to education and embraces opportunities to utilize advanced technology, innovation and creativity to provide graduates with the highest quality education at the baccalaureate, master's and doctoral levels.

Today's challenging health care environment provides unique opportunities for nursing. Nurses are needed more than ever to provide evidence-based patient care, serve in leadership roles, teach, engage in research, and influence policy.

The mission of the College of Nursing at the University of Central Florida is to prepare nurse leaders and patient advocates through excellence in education, research and service. The University of Central Florida College of Nursing will be a 21st century leader in innovative nursing education, research and practice that impacts the health of a global community.

The College of Nursing offers a Bachelor of Science in Nursing (BSN) degree, the basis for professional nursing practice. The program has four tracks: traditional, accelerated second degree, concurrent and RN to BSN. The traditional, accelerated second degree, and concurrent tracks prepare students for initial licensure as a registered nurse. The traditional program is also offered at the Cocoa and Daytona regional campus sites. Students with a prior baccalaureate or higher degree from an accredited institution of higher education (meeting university transfer eligibility requirements) are eligible for the Accelerated Second Degree BSN option. The Concurrent ASN to BSN program is a partnership between selected Florida College System institutions and UCF College of Nursing to allow simultaneous enrollment in both associate and baccalaureate nursing programs. The BSN graduate is prepared to provide comprehensive care in a variety of acute, community, and rehabilitative settings. The program emphasis includes clinical nursing practice, health promotion and maintenance, and preparation for assuming leadership roles. The baccalaureate curriculum provides the foundation for graduate study in nursing.

The RN to BSN track offers registered nurses with an associate degree or diploma in nursing an opportunity to earn a BSN. Each applicant is reviewed individually and guided to prevent repetition of previous coursework. Contact the College of Nursing for specifics on the RN to BSN program. Courses are primarily on line with some face to face classes offered at Valencia West and Melbourne campuses.

The goal of the Master of Science in Nursing (MSN) degree is to prepare advanced practice nurses to assume leadership positions in a variety of healthcare settings. Program tracks include Nurse Educator, Nursing Leadership and Management, and Nursing and Healthcare Simulation. Minimum hours for the degree are 36-46 hours of graduate work depending on the major. An evidence-based scholarly project is required. Students must be a

licensed Registered Nurse to enter this program. A certificate in Nursing Education is available for students with a bachelor's degree in nursing or a related health field. An interdisciplinary certificate in Healthcare Simulation is available to non-nurses. Nurse practitioner specialty area certificates are also available for APRNs.

The Doctor of Philosophy in Nursing (PhD) program prepares nurse scientists to assume positions as nursing faculty, leaders in the application of innovative technologies to nursing education and clinical care, executive leaders in health care systems and scientists who contribute to the body of nursing knowledge through research.

The Doctor of Nursing Practice (DNP) prepares nurses at the highest level of practice for the current health care environment based on a strong scientific foundation for practice; flexibility and emphasis on evidence-based practice, leadership, and organizational analysis; and analysis of practice including completion of a residency project during the capstone clinical residency year.

The College of Nursing BSN, MSN, and DNP, programs are accredited by The Commission on Collegiate Nursing Education (CCNE). The BSN Program is approved by the Florida Board of Nursing. All programs are limited access and require a separate application to the College of Nursing.

General Requirements for the Bachelor's Degree

- Programs in the College of Nursing are upper division, limited access programs.
- Acceptance by or registration at the university does not constitute admission to the College of Nursing.
- Application must be made to the appropriate program in Nursing.

Additional information regarding prerequisites and minimum grade point averages may be obtained from the college website: nursing.ucf.edu

Academic Advisement

College Vision

Be the nation's leader in education, research, and scholarship in optical science and engineering.

College Mission

CREOL, The College of Optics & Photonics is a world-renowned graduate college for optical science and engineering education and research. Its mission is to: Provide the highest quality education in optical science and engineering, support the educational needs of undergraduate and graduate students, serve the continuing educational needs of industry, and enhance optics and photonics education at all levels; Create and disseminate new knowledge and innovations in optics and photonics by conducting, presenting, and publishing cutting-edge fundamental and applied research; Aid in the development of the State of Florida and the nation's knowledge-based and technology-based industries, and create, foster, and sustain mutually beneficial research collaborations and partnerships with industry.

College Organization

The College of Optics and Photonics (COP) was formed in 2004, as a result of the great success of CREOL (the Center for Research and Education in Optics and Lasers), which was established in 1986 to provide the highest quality education in optics and lasers, conduct scholarly fundamental and applied research, and aid in the development of Florida's high technology-based industries. The College has offered MS and PhD degrees in Optics for many years and now offers the degree of Bachelor of Science in Photonic Science and Engineering in collaboration with the College of Engineering and Computer Science (CECS).

CREOL has become an internationally recognized institute with 35 faculty members, 60 PhD level research

scientists, 154 graduate students and 140 undergraduate students. The faculty are recognized as being among the best in the optics/laser/photonics field, with two-thirds holding the rank of Fellow in major national and international professional societies. It is housed in a state-of-the-art 116,000-square-foot building dedicated to optics, photonics, and laser education and research on the main campus. This facility houses 90 research laboratories equipped with over \$55 million in state-of-the-art equipment. A portion of the building functions as the UCF Photonics Incubator, an extension of the award-winning UCF Business Incubation Program. The undergraduate lab is outfitted with the latest equipment and technologies in a dedicated space for undergraduate students.

The research activities, through centers such as CREOL, the Florida Photonics Center of Excellence (FPCE) and the Townes Laser Institute, span the spectrum from basic science to prototype development. The faculty and research staff pursue joint research projects with industry, academia, and government laboratories, and are always seeking new opportunities to work with industry to expose students to the industrial environment and to help in technology transfer.

The faculty engage in research and education in fields utilizing radiation at wavelengths ranging from millimeter waves and THz to UV and X-rays. This includes several photonic technologies:

1. Lasers
2. Optical fibers
3. Semiconductor and integrated photonic devices
4. Nonlinear and quantum optics
5. Imaging, sensing and display

These technologies have applications in industry, communication and information technology, biology and medicine, energy and lighting, aerospace, and homeland security and defense. Design of optical systems, which has been the core of optical engineering, remains to be a principal component of the discipline, and advanced topics such as nanophotonics, attosecond optics, metamaterials, plasmonics, and biophotonics, have been embraced as areas of strength and future growth. These programs are supported by over \$15 million of research grants and contracts annually from numerous federal and state agencies and industry.

Bachelor of Science in Photonics Science and Engineering Description

Optics and photonics technologies are central to modern life. For example, they are needed to make and inspect the integrated circuits in nearly every electronic device we use. They are used in high-efficiency lighting, displays, and the harvesting of solar power. Optical fibers have enabled the Internet. Lasers are essential to precision manufacturing and metrology. A plethora of medical applications including clinical diagnosis, surgery, and genome mapping utilize photonics technologies. Photonics plays an important role in the US and Florida's economy, with over 270 photonics companies in Florida, employing over 5,000 engineers. The B.S. degree in Photonic Science and Engineering will enable students to analyze and design optical and laser systems for a broad set of applications including manufacturing, healthcare, telecommunication, defense, security, and entertainment. PSE students are required to complete a senior design project in which students work on a small design team.

The Bachelor of Science in Photonic Science and Engineering is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>.

Mission

The mission of the Bachelor of Science in Photonic Science and Engineering is to educate students in the fundamental skills, knowledge, and practice so they can apply their knowledge, analyze, and design technologies in a productive and ethical manner that will lead them to positions within the Photonic Science and Engineering industry, or to prepare them for advanced course work or degrees within Optics and Photonics.

Program Educational Objectives

1. Graduates will grow in their role as photonic scientists and engineers in society leading to leadership within the profession.

2. Graduates will make a meaningful impact on profession while behaving ethically and taking into account environmental and economic issues.
3. Graduates will pursue professional and personal development in their areas of interest, through such endeavors as graduate studies, service to the profession, or participating in training opportunities.

Student Outcomes

1. Graduates have an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. Graduates have an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. Graduates have an ability to communicate effectively with a range of audiences.
4. Graduates have an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. Graduates have an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. Graduates have an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. Graduates have an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Advisement

The Photonic Science and Engineering Bachelor's degree is jointly offered with CECS. General questions about the PSE program can be directed to the Associate Director in the College of Optics and Photonics by email at undergrad@creol.ucf.edu or visit CREOL 108B.

Additional Information on UCF Baccalaureate Photonic Science and Engineering Program

Current information about the UCF Photonic Science and Engineering can be found on the College website at creol.ucf.edu, including information about the joint program with the College of Engineering and Computer Science.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit creol.ucf.edu/academics/undergrad/mission-educational-objectives-abet.

College of Sciences Building (CSB) 201
407-823-6684

The College of Sciences educates and conducts research in physical, life, social, and behavioral sciences. The college houses the Departments of Anthropology, Biology, Chemistry, Mathematics, Physics, Psychology, Sociology, and Statistics; and two schools: the Nicholson School of Communication and Media, and the School of Politics, Security, and International Affairs. In addition, the college houses the following service and research centers, institutes and initiatives:

- [Arboretum](#)
- [Center for Global Economic and Environmental Opportunity](#)
- [The India Center](#)
- [Intelligence Community Center for Academic Excellence](#)
- [iSTEM](#) (Initiatives in Sciences, Technology, Engineering, and Mathematics)
- [Kurdish Political Studies Program](#)
- [Lou Frey Institute](#)
- [Marine Turtle Research Group](#)
- [National Center for Forensic Science](#)
- [National Center for Integrated Coastal Research](#)
- [Puerto Rico Research Hub](#)
- [Prince Mohammad Bin Fahd Program for Strategic Research and Studies](#)
- [The Robinson Observatory](#)
- [UCF RESTORES](#)

The college is responsible for delivering programs in the behavioral and social sciences, the communication sciences, the analytic and computational sciences, and the physical and life sciences. Units in the college collectively offer undergraduate baccalaureate degrees, minors, certificates, tracks, and pre-professional programs in these areas. For information concerning graduate programs, please refer to the Graduate Catalog:
graduatecatalog.ucf.edu.

Undergraduates enrolled in the college must fulfill all University degree requirements, including those for general education, as well as the requirements of the degree program. To be certified for graduation, most programs require that a student achieve at least a "C" GPA (2.0) in the courses of his or her major and/or minor. Please see the requirements within each degree's "Additional Requirements" or "Departmental Exit Requirements" for more information about grade and GPA requirements. Some academic units also require a minimum grade in specified courses and/or in portions of the program of study. Consult the program requirements and a major advisor for specific policies. For programs with a foreign language graduation requirement, American Sign Language is not considered a foreign language and will not satisfy the requirement unless specifically permitted within the major. See the "Foreign Language Requirements: Graduation" for specific degree requirements.

Preprofessional Programs

Prelaw Program

College of Sciences Prelaw Advisor: Roger Handberg

Howard Phillips Hall (HPH) 302
407-823-2608

Office of Pre-Health and Pre-Law Advising:
phpladvising.ucf.edu

There is no preferred major for those students interested in enrolling into a law program. Law schools accept superior students with a good liberal arts or science background, regardless of major field. A Bachelor of Arts or Bachelor of Science degree with an emphasis in theory and critical thinking is typically suggested. The quality of undergraduate education for the legal profession, according to the Association of American Law Schools, is grounded in three basic skills and insights: comprehension and expression in words, critical understanding of the human institutions and values with which the law deals, and the creative power of thinking. Law schools require that applicants take the Law School Admission Test (LSAT). To understand more about how your chosen major will prepare you for a law program, as well as information about the LSAT, careers, and law schools, please contact either the COS Pre-Law Advisor or an advisor from within the Office of Pre-Health and Pre-Law Advising.

Prehealth Professions

Office of Pre-Health and Pre-Law Advising:
phpladvising.ucf.edu

While there are specific courses that students need to master to enroll into a medical program, there is not a required major for admission into a medical program. The College of Sciences offers many of the courses that fulfill admission requirements for health-related professional schools and medical schools. Students are encouraged to seek advisement from the university's Office of Pre-Health and Pre-Law Advising.

Advisement

College of Sciences, Advising Services (COSAS)

Director of Undergraduate Advising: Lee Anne Kirkpatrick
College of Sciences Building (CSB) 250
sciences.ucf.edu/cosas
407-823-6131
cosas@ucf.edu

The College of Sciences Advising Services (COSAS) is the primary office for undergraduate academic advisement for the College of Sciences. COS students will have at least two advisors, one within COSAS and one within the department or school of their major. New students to COS should meet with their COSAS advisor upon entry to UCF and their department advisor by the end of their first term at UCF. COSAS assists students with degree requirements, policies, and procedures as well as coordinates orientation, registration, readmission, and graduation. COSAS advisors also work with students at risk of, and currently on, academic probation as well as students with low major GPAs. Questions concerning university and college academic policies and requirements should be directed to COSAS. Questions concerning the specific requirements within a major or minor should be directed to the department offering the program. For additional information about COSAS, please visit the [College of Sciences Academic Advising catalog page](#) and our website at sciences.ucf.edu/cosas.

Program Academic Learning Compacts

Program Academic Learning Compacts are the expected student learning outcomes of UCF degree programs. These outcomes encompass three areas: 1) discipline-specific knowledge, skills, attitudes and behaviors; 2) communication; and 3) critical thinking. Each program is assessed based on these student learning outcomes. The Academic Learning Compacts for every UCF program are found at oeas.ucf.edu/academiclearningcompacts.html.

The College of Undergraduate Studies provides students with a robust and individualized course of study through its Interdisciplinary Studies degree program. The college confers academic degrees that include Bachelor of Arts and Bachelor of Science in Interdisciplinary Studies (IDS), Bachelor of Arts IDS - Diversity Studies Track, Bachelor of Science in Environmental Studies and Bachelor of General Studies in Integrative General Studies. It also serves as a partner to UCF's colleges and units in their curricular planning, collaborates with faculty curricular oversight, works with faculty and administrators to assure the strength of university-wide programs such as general education, and advocates for an undergraduate education that offers an outstanding learning experience to UCF students.

Please see [the college website](#) for a listing of faculty and staff.

The hospitality industry is the second largest employer in the United States and represents the majority of the economy's rapidly growing service sector. Because of its unique location in the premier tourist destination in the world, the Rosen College of Hospitality Management is ideally situated to prepare students for leadership careers in the hospitality industry and beyond. Whether the student is interested in entering lodging, food service, travel and tourism, financial management and technology, theme parks, vacation ownership resorts, golf management, or event management, the Orlando and Central Florida area offers extraordinary opportunities.

More than 72 million tourists visit Orlando each year, an international destination with over 400 hotels with 120,000 rooms, 20,000 vacation ownership units, 5,300 restaurants, 176 golf courses, over 100 theme parks and attractions, 12 regional shopping malls, a top-ranked international airport, the second largest convention center in the nation, and a multitude of sport and entertainment venues. As the most visited location in the United States, Orlando's hospitality & tourism industry is the region's largest employer, supplying approximately 449,000 jobs with wages exceeding \$14 billion annually.

The educational mission of the College is to provide students with the knowledge, skills and abilities to identify opportunities and challenges in the hospitality industry and beyond, and to apply creative decision-making techniques in response to those opportunities. Hospitality is relevant to every business, so students will benefit from an education that's transferable to both private and public entities that value the customer experience.

The curriculum is designed to prepare students for a broad range of managerial roles across various industries. It provides both academic preparation and practical experiences that students need to enter and succeed in their careers. Students also have the opportunity to experience the work world in hospitality through internship requirements and extensive contact with leading hospitality executives in the Central Florida area. There are five undergraduate degrees offered, including Bachelor of Science degrees in Hospitality Management, Event Management, Entertainment Management, Senior Living Management and Restaurant and Food Service

Management.

The college also houses the Linda Chapin Eminent Scholar Chair in Tourism Management, the Visit Orlando Endowed Chair of Tourism Marketing, the William C. Peeper Preeminent Professorship in Destination Marketing, the CFHLA Preeminent Chair Professor within the Hospitality Services Department and the Dick Pope Sr. Institute for Tourism Studies which was created and funded by the travel and tourism industry in Central Florida. The Institute conducts research and gathers information that helps the entire Orlando area hospitality industry better understand and serve its many guests from around the world.

Distinctive Benefits

- A state-of-the-art facility located in the heart of the tourism district in Orlando, Florida with convenient on-campus housing.
- Access to global hospitality organizations that serve one of the world's premier tourist destinations.
- Extensive ties to top leaders in the Orlando area hospitality industry.
- A large number of scholarships provided through the generous support of the industry.
- Outstanding faculty from 17 different countries.
- A highly engaged faculty with vast industry knowledge and connections.
- A work requirement that provides students with practical experiences in the hospitality industry.
- Outstanding internship opportunities.
- A modern food production laboratory and beer and wine laboratory completely equipped to provide students with experience in food preparation.
- Multiple endowed chairs and professorships.

Program Academic Learning Compacts

Program Academic Learning Compacts (student learning outcomes) for undergraduate programs in the Rosen College of Hospitality Management are located at oeas.ucf.edu/academiclearningcompacts.html.

Responsibilities

Academic advising is a process that assists students in the clarification of life goals and the translation of these goals into educational plans. It provides assistance to students as they explore educational opportunities and develop educational plans and objectives. Academic advising connects students with the University by bringing meaning to its mission, its curriculum and to the learning environment that is the University community. Academic advising is committed to assisting and supporting students with developing their educational, career and life goals. It provides access to campus resources and coordinates the integration of all aspects of student life into learning experiences. It is an individualized avenue of communication that assists students in the planning and decision-making process.

Although academic advisors provide assistance, it is the student's responsibility to know the university policies, procedures, requirements, and seek out assistance when needed. There are a variety of academic advising systems available at UCF in each of the colleges, schools, and the Division of Student Learning and Academic Success.

Freshman (First Time in College - FTIC)

Academic advising is one of the most important services provided at UCF and can impact a student's successful progression to graduation. Every incoming freshman is assigned a professional first year academic advisor within the university's colleges and schools, and link students to advisors in various academic programs.

New FTIC Students can expect to:

1. Attend a mandatory UCF Orientation that will provide:
 1. Initial academic advising in a group setting and preparation for the first term, including schedule planning and registration
 2. An assessment of high school grades, entrance and placement test scores, and AP, dual enrollment, CLEP credit or other forms of college-level credit;
 3. An awareness of expectations for success at UCF; and,
 4. Information about key academic policies and important deadlines.
2. Connect with their academic advising office according to various academic programs within the college.
3. Connect with their academic advising office according to the following designated priority order:
 - **Knights Major Exploration and Transition Center** - for all undeclared and major exploring undergraduate students. Advisors and coaches help students explore and select areas of study that suit their academic interests and post-graduation plans. (TCH 133)
 - **Academic Services for Student-Athletes (ASSA)** - for Division I student athletes (WDSC 110)

These offices provide students with general education advising, academic exploration for undeclared students, academic support, registration assistance, and on-going information about University policies and procedures throughout the first year experience.

4. Participate in programs and advising activities that will promote a successful transition from high school to the university.

The Burnett Honors College

New students will:

Attend the UCF Orientation designated for The Burnett Honors College. At this time students meet with Honors staff and learn about The Burnett Honors College courses and GPA requirements, and register for Honors and non-Honors classes.

Continuing students will:

1. Contact the department of their major and meet with their advisor in the department during the first two months of any semester to review progress and plan a program of study;
2. Meet with their advisor in the department of their major prior to registration;
3. Contact the Office of Honors Advising (BHC 109) and based on the recommendation from their academic advisor and the requirements for University Honors, an Honors Advisor will assist with Honors course selection;
4. Continue to register for classes online;
5. Check their "Fee Invoices/Schedule" to ensure accuracy of class schedule; and,
6. Attend any mandatory Honors advising appointments.

College of Arts and Humanities

Students with a declared major in the College of Arts and Humanities (CAH) should meet with their major advisor concerning major requirements and with their assigned CAHSA advisor regarding all other requirements. Students in CAH will be assigned a CAHSA advisor, who will serve as their primary contact throughout their career in CAH. CAHSA advisors will request to meet with their assigned CAH advisees every spring and fall semester. Students are also encouraged to contact their assigned CAHSA advisor via email, as needed. Advisor assignments and their contact information can be found in the my.ucf.edu student center. CAHSA is located in Trevor Colbourn Hall (TCH) room 159 and students can also access additional information on CAHSA's website at: cahsa.cah.ucf.edu.

New students will:

1. Receive information from their assigned CAHSA advisor prior to orientation and meet with their assigned CAHSA advisor in a group setting during Orientation to discuss college policies and procedures;
2. Meet with a major advisor during orientation to discuss major requirements, plan their class schedule, and learn more about the majors offered;
3. Register for classes during orientation at a central location with the help of their assigned CAHSA advisor;
4. Check their "Fee Invoices" to ensure accuracy of their class schedule; and,
5. Create their Knights Email account.

Continuing students will:

1. Meet with their assigned CAHSA advisor as requested each fall and spring semester. Students will receive an invitation to their Knights Email account to schedule their CAHSA advising appointment through our online appointment scheduling system, myKnight STAR. The CAHSA advisor will assist each advisee in updating their Pegasus Path plans to support progression towards four-year graduation for FTIC students and two-year graduation for transfer students;
2. Meet with their major advisor in their department or school to review their academic progress and to create a plan of study for subsequent semesters. Review this plan each term with their major advisor and prior to registration;
3. Review and update their Pegasus Path plan and review their myKnight degree Audit at least every term and understand all degree requirements;
4. Regularly check and respond to emails received to their Knights Email account and respond to prompts to complete CAHSA and major advising sessions each semester.

Graduating students will:

1. File the online intent to graduate form by the posted deadline for the semester in which they intend to graduate. Please note that the deadline for filing is always the semester prior to the semester in which students intend to graduate.
2. Complete the CAH graduation webcourse after submitting the online intent to graduate application and prior to the posted deadline for filing the intent.
3. Maintain current contact information and regularly check their Knights email account, myKnight degree audit, and webcourse content.

College of Business Administration

The College of Business Administration (CBA) strives to provide its students with the highest quality academic advising and career coaching. The Office of Professional Development (OPD) assists prospective and current business majors develop an educational plan that meets their career goals.

New students will:

1. Be classified as a 'pre-major' until admission to the major requirements are met and a change of major request has been processed. 'Pre-major' students have enrollment access to CBA non-restricted classes and do not have enrollment access to CBA restricted classes;
2. Meet college Advisors in a group setting during Orientation to discuss admission to the major requirements, college policy, procedures, expectations, and degree programs;
3. Review degree requirements at Orientation using the Degree Audit and CBA literature to better understand degree requirements and the various components of their Degree Audit;
4. Submit all requests to evaluate transfer courses for equivalency to UCF courses during their first term of enrollment at UCF. General Education coursework is evaluated for equivalency by Academic Services, while the Business Common Program Prerequisites and all business coursework is evaluated for equivalency by the College;
5. Meet with a Career Coach in the OPD (BA2, Room 101), to understand the career options of their major; and,
6. Meet with their dedicated Advising Team in the OPD (BA2, Room 101), to review academic progress and develop or update an academic plan.

Continuing students will:

1. Meet with their dedicated Advising Team to review academic progress and develop or update an academic plan. Degree requirements and course prerequisites should be reviewed prior to registration each term;
2. Meet with a Career Coach as directed by activities in the college's Career Professionalism curriculum;
3. Register for courses in myUCF at their scheduled appointment time. All changes to the student's class schedule must be completed by the end of the add/drop/swap period;
4. Be classified as 'pre-major' until admission to the major requirements are met and a change of major request has been processed. 'Pre-major' students have enrollment access to CBA non-restricted classes and do not have enrollment access to CBA restricted classes;
5. Meet with their dedicated Advising Team during the term prior to the anticipated graduation term as needed; and,
6. File the electronic "Intent to Graduate Form" by the end of the term prior to the term in which graduation is intended.

Students placed on 'Lack of Progress' (LOP) due to Major and/or College of Business Administration GPA concerns will:

1. Have a "hold" placed on their subsequent registration; and,
2. Meet with their dedicated LOP Coordinator to review the student's academic situation and develop a plan of action; and,
3. Complete the CBA Lack of Progress webcourse and any subsequent requirements.

College of Community Innovation and Education

New students will:

1. Meet college advising representatives in a group setting during new student orientation to:
 1. Discuss College of Community Innovation and Education admission requirements needed for enrollment in upper level classes

2. Review degree program requirements
3. Understand expectations and responsibilities associated with a career in education and service to the public
2. Be advised by the College of Community Innovation and Education's Undergraduate Affairs office in Education Complex Room 110 if their major is Education Pending or Elementary Education. All other admitted Education majors will be advised by their department academic advisor.
3. Be advised by the College of Community Innovation and Education's Undergraduate Affairs professional advisors in Education Complex Room 110 and discipline specific advisors in Criminal Justice, Emergency Management, Health Informatics and Information Management, Health Services Administration, Legal Studies, Nonprofit Management and Public Administration majors. Students enrolled in UCF Downtown campus programs can also be advised by the College of Community Innovation and Education Undergraduate Affairs office in Union West starting in Fall 2019
4. Purchase and utilize LiveText software if an education major at the beginning of the first semester of enrollment in the College of Community Innovation and Education based on program requirements

Continuing students will:

1. Set up an appointment with their academic advisor upon acceptance to their major, or the Undergraduate Affairs office, if a "Pending" major, to review academic progress and to develop an academic plan. Review this plan each term with an advisor prior to each registration period;
2. Review their degree audit through myUCF;
3. Register at scheduled appointment time in myUCF. Students must complete any changes to their schedules by the end of the university published add/drop deadlines;
4. Utilize LiveText software based upon Education major program requirements; and
5. File an online "Intent to Graduate Application" by the end of the term prior to the term in which graduation is intended.

College of Engineering and Computer Science

New students will:

1. Meet with the Engineering and Computer Science Academic Affairs representative in a **group** setting during Orientation to:
 1. Review the College of Engineering and Computer Science (CECS) academic policies and procedures
 2. Plan an appropriate first term schedule;
2. Meet with a faculty advisor in the department of their major to:
 1. Understand the career options of the major
 2. Discuss degree program requirements; and,
3. Be advised in the CECS Academic Affairs Office (ENG1 107) if Undecided Engineering majors. Students are encouraged to seek advisement on determining a major as soon as possible. Failure to declare a major by the end of the first year may result in a delay of graduation.
4. Set up and regularly check their Knights Email account.

Continuing students will:

1. Meet with an advisor in the CECS Academic Affairs Office or the department of their major during each term. Computer Science majors will be assigned a faculty advisor once they have passed the Computer Science Foundation Exam. Until that time, Computer Science majors will be advised by the CECS Academic Affairs Office or Computer Science Undergraduate Advising Office in HEC 345;
2. Set up an appointment with an advisor to review your academic progress and to develop an academic plan with the Pegasus Path tool. Review this plan each term with the advisor prior to registration;
3. Use the flow diagram or four-year plan received during Orientation to progress through the degree requirements;
4. View a Degree Audit, the registration appointment time, and search for classes (once the class schedule is available) through myUCF at my.ucf.edu;
5. Register at the scheduled appointment time in myUCF, or in person in the CECS Academic Affairs Office (AAO). Complete all schedule changes by the end of the published Add/Drop period;
6. Participate in the college designated intervention plan if you have been placed on an engineering or computer science advisement hold. An intervention through the CECS Academic Affairs Office will be required

- each semester a student is on advisement hold; and,
7. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the CECS Academic Affairs Office or in the major department by the last day of classes of the term prior to the term in which the student intends to graduate.

College of Health Professions and Sciences

New students will:

1. Meet college advising representatives in a **group** setting during Orientation to:

1. Discuss degree program requirements;
2. Understand career options of the major program of study; and
3. Plan an appropriate first-semester class schedule.
4. Be advised by the College of Health Professions and Sciences (CHPS) Office of Student Academic Services in the Health Sciences Building II Room 115 if they are a freshman/sophomore CHPS major. All other admitted CHPS majors will be advised by their department academic advisor.

Continuing students will:

1. Meet with an academic advisor in the CHPS Office of Student Academic Services or their department advisor each semester prior to registration, and before the beginning of the term to ensure their schedule is appropriate
2. Meet with their academic advisor in the department of their major to select appropriate program courses and check progress toward graduation
3. Review a Degree Audit through myUCF frequently to check progress toward course requirements;
4. Review and update Pegasus Path plan through myUCF each term prior to graduation; and
5. File the "Intent to Graduate Form" through myUCF and meet with an advisor in the CHPS Office of Student Academic Services or in the major department by the end of the term prior to the term in which graduation will occur.

College of Medicine - Burnett School of Biomedical Sciences

New students will:

Meet with the Burnett School of Biomedical Sciences (BSBS) College of Medicine Undergraduate Student Advising (COMUSA) advisors in group settings during Orientation to:

1. Discuss degree program requirements;
2. Understand career options of the major program of study;
3. Be directed to an appropriate academic/faculty advisor for help with information and guidance for medical/health professional or graduate programs admission requirements; and
4. Plan an appropriate first semester class schedule.

Continuing students will:

1. Meet with an advisor in the College of Medicine Undergraduate Student Advising (COMUSA) office in HS2, room 335 every semester to check progress toward graduation and selection of program courses, and to check on possible career and research opportunities;
2. See an advisor in the College of Medicine Undergraduate Student Advising (COMUSA) office if pending major for limited-access Medical Laboratory Sciences program during the first few weeks of each semester to check progress toward eligibility for application to the major;
3. View a Degree Audit, registration time, and search for classes (once the class schedule is available) through myUCF;
4. Register for courses at the scheduled appointment time. Complete all schedule changes by the end of the published add period;
5. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the College of Medicine Undergraduate Student Advising (COMUSA) office, by the end of the term prior to the term in which graduation will occur; and,
6. Pre-health professional students: See your COMUSA advisors and BSBS faculty and consult with the Office of Pre-Health and Pre-Law Advisement.

Pre-Health Professional Planning

Pre-professional advisement deals primarily with understanding the requirements for successful application and admission to health professional schools.

Admission to a health professional school is highly competitive. Pre-health professions students are expected to be high achievers, and to obtain good grades with heavy loads and rigorous course combinations.

Most professional schools expect applicants to present at least a "B" average and to carry a minimum of 15 credit hours each term, with the exception of Summer term.

Each student is urged to carefully select a degree-granting major in our program. This will not only allow one to become more competitive for admission, but also to prepare for an alternate career in the event admission to a professional school is denied. Any degree-granting program may be selected as a major for pre-health students; however, the biomedical science major meets all admission requirements for health professional schools including medicine, dentistry, veterinary, pharmacy, physician assistant, etc. Our BS programs provide our students with a solid background to excel in health professional school programs. *All students seeking admission to health professional schools should enroll in **SLS 2311C - Overview of Select Medical Careers** in their first year at UCF and seek additional guidance from Office of Pre-Health and Pre-Law Advisement.*

Additionally, prudent use of elective hours in the curricula will permit other appropriate pre-health professions courses to be obtained to help prepare for specific admission exams.

All pre-health professions students are strongly encouraged to participate in the activities of one or more of the student health related organizations and become involved in community service and career shadowing.

Curricula Guidelines

All pre-health professions students are strongly encouraged to enroll in SLS 2311C - Overview of Select Medical Careers the first semester they are enrolled. This course provides a broad exposure to the various four-year health professions. In addition, the entire pre-professional process (academic preparation, applications, admission tests, interviews, admissions, scholarships, etc.) is explained in depth.

All pre-health professions students should complete the following science courses (many of which are applicable to the GEP) to meet the variable requirements of the Florida medical schools:

General Biology	BSC 2010C, BSC 2011C
General Chemistry	CHM 2045C, CHM 2046, CHM 2046L
Organic Chemistry	CHM 2210, CHM 2211, CHM 2211L
Biochemistry	BCH 4053 or BCH 4024
Biochemistry/Molecular Lab	BSC 3403C
Microbiology	MCB 3020C
Calculus	MAC 2253 (prefer MAC 2311C, MAC 2312)
Physics	PHY 2053C, PHY 2054C <i>or</i> PHY 2048C, PHY 2049C
Statistics	STA 2023
Immunology	PCB 3233 and PCB 3233L
Neurobiology	ZOO 3744
Psychology/Sociology	See recommended list in advising offices
*Students should work with their major's advising office and the Pre-Health and Pre-Law Office on the schedule planning of these prerequisites.	

Dates of Importance

All students should be aware of registration deadlines and test dates for their specific admissions exam (DAT, MCAT, OAT, GRE, etc.). In addition, most four-year health professions schools subscribe to professional application services (AMCAS, ADDSAS, ACOMAS, etc.), thus require completion of a thorough application packet provided by the various application services.

· College of Nursing

New students will:

Meet college advising representatives in **group** settings during UCF Orientation to:

1. Discuss degree program prerequisite requirements;
2. Understand Nursing admission requirements;
3. Understand career options of the major program of study; and,
4. Plan an appropriate first term class schedule.

Continuing students will:

1. If **accepted into a nursing program**, attend a College of Nursing orientation and see a faculty advisor during the first few months of each semester to review program courses and check progress toward graduation.
2. If a **nursing pending major**, see an advisor in the College of Nursing, Undergraduate Student Services, during the first few weeks of each semester to check progress toward eligibility for application to the major.
3. If an **undecided nursing major**, see an advisor in the Knights Major Exploration and Transition Center (KMETC) during the first few weeks of your first summer and fall semesters to check progress toward eligibility toward the nursing pending major.
4. View a myKnight Audit through myUCF each semester; and,
5. File an "Intent to Graduate" online through myUCF by the end of the term prior to the term in which graduation will occur.

· College of Optics and Photonics

New students will:

1. Meet with the Photonic Science and Engineering Academic Affairs representative in a **group** setting during Orientation to:
 1. Review the College of Engineering and Computer Science (CECS) and College of Optics and Photonics (COP) academic policies and procedures;
 2. Plan an appropriate first term schedule
2. Meet with a faculty advisor in the department of their major to:
 1. Understand the career options of the major;
 2. Discuss degree program requirements

Continuing students will:

1. Meet with an advisor in the COP Academic Affairs Office, CREOL 108B;
2. Submit a change of major in myUCF when pending requirements have been completed;
3. Use the flow diagram or four year plan received during Orientation to review degree requirements. Updates posted to www.creol.ucf.edu;
4. View a Degree Audit, the registration appointment time, and search for classes (once the class schedule is available) through myUCF at my.ucf.edu;
5. Register at the scheduled appointment time in myUCF. Complete all schedule changes by the end of the published Add period;
6. Meet immediately with the advisor if you have been placed on an advisement hold. An intervention through the COP Academic Affairs Office will be required each semester a student is on advisement hold; and,
7. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the COP Academic Affairs Office, by the last day of classes of the term prior to the term in which the student intends to graduate.

· College of Sciences

Advising Hours: Monday through Thursday 9-5; Friday 9-12

College of Sciences Building (CSB) 250

sciences.ucf.edu/cosas/

407-823-6131

cosas@ucf.edu

College of Sciences majors must meet with an academic advisor within the department or school of their major

and/or an advisor in the College of Sciences Advising Services (COSAS) to ensure students have the tools to be successful in their major and academic goals. To ensure this,

New Students will:

1. Meet in a **group** setting during Orientation with representatives from the College of Sciences to discuss college policies and procedures;
2. Have two primary advisors, one in the department or school of their major and one in COSAS;
3. Meet with their department or school advisor to discuss major requirements;
4. Meet with an advisor in COSAS or the major in their first semester to discuss degree requirements;
5. Refer to COSAS for any questions pertaining to General Education requirements, college-level test credit such as AP, IP, AICE, and CLEP; Gordon Rule, university credit hour requirements, university policies and procedures, prerequisite enforcement process, etc.;
6. Complete their Pegasus Path before finishing their first semester (seeking assistance from COSAS if and as needed);
7. Check their "Fee Invoices" to ensure accuracy of their class schedule

Continuing Students will:

1. Contact the department or school of their major and meet with a faculty or professional advisor during the first two months of any semester to review progress and plan a program of study;
2. Refer to the department or school of their major any questions about major requirements in the myKnight Audit;
3. Meet with their department or school academic advisor prior to registration and before the beginning of the term to ensure their schedule is (and is still) appropriate;
4. Access the class schedule and myKnight Audit online at the Student Center: my.ucf.edu;
5. Resolve any HOLDS placed on their account that may prevent registering for classes;
6. Check to be sure they are meeting all prerequisites/corequisites of courses they plan to take. Note:
 - Regardless of which college the student may be in, COS enforces prerequisites/corequisites of COS courses through the registration system and notifies students not meeting prerequisites before the start of each term.
 - If necessary, COSAS administratively drops students not meeting prerequisites for COS courses and may require proof of prerequisite completion to remain enrolled if prerequisite was taken somewhere other than UCF;
7. Register for classes through the Student Center: my.ucf.edu. Note:
 - Special assisted registration (e.g., overrides, independent study, thesis) for COS courses must be handled in COSAS.
 - All registration must be completed by the published deadlines (see the semester deadlines in the [UCF Academic Calendar](#));
8. Refer to COSAS any questions that pertain to GEP, CLEP, AP credit, Gordon Rule, university credit hour requirements in the myKnight Audit or Pegasus Path;
9. Refer to COSAS any questions about university or college policies and procedures
10. Check their "Fee Invoices" to ensure accuracy of their class schedules; and,
11. Continue to check their Pegasus Path to ensure accuracy and take advantage of the relevant co-curricular and signature experiences.

Students placed on probation due to low UCF GPA will:

1. Have a "HOLD" placed on their subsequent registration;
2. Be required to complete an online webcourse.
 1. Students who continue on probation will be required to complete the webcourse and a mandatory workshop prior to the withdrawal deadline.
 2. More information can be found at [COSAS: Academic Probation](#)
3. Design a plan of study with an advisor within the department of their major for the upcoming semester; and,
4. Submit the plan of study within the online webcourse prior to the withdrawal deadline of the current semester and prior to registration for the subsequent semester.

Graduating students will do the following during the term PRIOR to the graduating term:

1. Review [COS graduation instructions](#);
2. Complete the on-line graduation application on myUCF within the dates specified in the [UCF Academic Calendar](#) for the semester of graduation;
3. Complete COS graduation form at sciences.ucf.edu/cosas (click on "Graduation" button); and,
4. Check their Knights Email account for further instruction. Graduating students may be required to see a

COSAS advisor to review status.

College of Undergraduate Studies

Students interested in declaring a major in Interdisciplinary Studies (IDS), IDS Diversity Studies, Environmental Studies or Integrative General Studies must meet with an advisor in the College of Undergraduate Studies - Interdisciplinary Studies Advising to complete the declaration process.

New students will:

1. Meet with an advisor in College of Undergraduate Studies - Interdisciplinary Studies Advising during Orientation to complete the declaration process for Interdisciplinary Studies (IDS), IDS Diversity Studies Track, Environmental Studies or Integrative General Studies degree and discuss policies and procedures, degree program requirements, and plan an appropriate first semester class schedule;
2. For Interdisciplinary Studies (IDS) and IDS Diversity Studies Track: Meet with an advisor in the department of their minor to review the program's requirements;
3. Refer any questions pertaining to general education requirements, AP and CLEP credit, Gordon Rule, and other policies and procedures, as appropriate, to Academic Services;
4. Register for classes online.

Continuing students will:

1. Meet with an advisor in College of Undergraduate Studies - Interdisciplinary Studies Advising prior to registration and/or before the beginning of each term to review progress, select courses, and address any questions pertaining to the program;
2. Review the class schedule, myKnight Degree Audit and register online during their scheduled appointment time at my.ucf.edu;
3. For Interdisciplinary Studies (IDS) and IDS Diversity Studies Track: Meet with an advisor in the department of their minor to review progress;
4. Check their Fee Invoice to ensure accuracy of their class schedule.

Students on academic probation due to low UCF GPA will:

1. Have a "HOLD" placed on their subsequent registration; and;
2. Attend a mandatory meeting with an advisor in College of Undergraduate Studies - Interdisciplinary Studies Advising discuss probation policy, academic progress, success strategies, and campus resources available to help students in need of support (academic or otherwise).

Graduating students will do the following during the term PRIOR to the graduating term:

1. Review graduation instructions available on the College of Undergraduate Studies website;
2. Complete the online graduation application on myUCF within the dates specified at calendar.ucf.edu;
3. Check their Knights Email account for further instructions. Graduating students may be required to see an academic advisor to review status;
4. For Interdisciplinary Studies (IDS) and IDS Diversity Studies Track: Meet with an advisor in the department of their minor to confirm that the minor requirements have been met.

Rosen College of Hospitality Management

New students will:

Meet college advising representatives in **group** settings during orientation to:

1. Discuss degree program policies and curriculum requirements;
2. Understand major options and programs of study;
3. Explore available student success resources and the importance of the knights Email account for notifications;
4. Plan an appropriate first semester class schedule; and,
5. Review and learn how to interpret the myKnight Audit and utilize advising resources tools through myUCF and webcourses.

Continuing students should:

1. Utilize the "**Rosen College Undergraduate Advising Guide**" Webcourse as a resource to enhance degree

completion;

2. See an Internship Faculty Advisor for assistance in interpreting and utilizing the experiential learning PREP modules;
3. View degree requirements according to catalog year and course prerequisites prior to schedule planning;
4. Schedule an appointment to see an Advisor prior to registration each term to review degree requirements and to make sure you are on track for graduation;
5. View a Degree Audit through myUCF and contact a program advisor in the Office of Student Services regarding concerns; and,
6. File an "Intent to Graduate" online through myUCF **by the deadline published in the UCF Academic Calendar** the semester prior to the term in which you plan to **graduate**.

· UCF Connect Centers

Success Coaches are available at 12 UCF Connect locations to guide, to support, and to provide academic advising for strategic completion programs and destination programs at respective locations. The coaches also serve as points of contact for DirectConnect to UCF students at the locations to provide a seamless transition for prospective students.

Vice President for Student Development and Enrollment Services: *Maribeth Ehasz*

Millican Hall (MH) 282

sdes.ucf.edu

407-823-4372

sdes@ucf.edu

· Introduction

The Division of Student Development and Enrollment Services (SDES) engages students in the total collegiate experience – from identification, recruitment, matriculation, and investment, to successful progression, graduation, and employment in a global workforce. This is accomplished by providing opportunities for enriched student development, leadership growth, experience-based learning, values education and civic engagement which lead to overall student success. SDES affirms that the student who comes to UCF should not be the same student who graduates from UCF. We embrace the tenets of the UCF Creed – Integrity, Scholarship, Community, Creativity, and Excellence as a framework for developing student learning outcomes to facilitate transformational learning.

Goals of the division are to:

- Promote student progression to graduation, graduate and professional school, and productive employment.
- Create opportunities for students to develop and strengthen leadership skills.
- Assist students to further develop purpose, integrity, ethical practices, and civic responsibility.
- Embrace diversity and inclusiveness.
- Foster student engagement in the Central Florida citi-state and the global community.

· Academic Services for Student-Athletes (ASSA)

Director and Assistant Athletic Director: Tara G. Helton
Wayne Densch Center for Student-Athlete Leadership (CSAL)
assa.sdes.ucf.edu
407-823-5896
assa@ucf.edu

The Office of Academic Services for Student-Athletes, which is housed within SDES, works in collaboration with the Athletics Department to assist student-athletes in their efforts to establish and achieve their personal, professional and academic goals. In addition, ASSA ensures student-athletes understand NCAA Division I, American Athletic Conference and UCF academic eligibility rules and requirements.

ASSA services include:

- Providing transition services that promote the academic success of student-athletes.
- Guiding student-athletes in their selection of meaningful and appropriate major and minor fields of study.
- Assisting student-athletes with course registration, understanding of policies and procedures, and tracking progress towards degree completion.
- Organizing study halls, learning assistant meetings, and tutorial services.
- Directing student-athletes to utilize the full spectrum of other university services.
- Preparing student-athletes in their career planning and development.
- Assisting student-athletes with educational impacting disabilities including learning assessments and accommodations.
- Providing student-athletes with computer access and services.

· **Activity and Service Fee Business Office (ASF)**

Director: TBD
Student Union (STUN) 215
asf.sdes.ucf.edu
407-823-5548
asf@ucf.edu

The Activity and Service Fee Business Office services the purchasing, accounting and personnel needs of Activity and Service Fee funded departments and agencies and provides a variety of services to UCF students. ASF is also a support office for registered student organizations and UCF students that are allocated Activity and Service Fee funds by the Student Government Association. The office administers an online financial training course that must be completed by all students that are allocated Activity and Service Fee funds and by the officers of all registered student organizations. In addition, the office manages the Student Government Association Ticket Center which sells a variety of specially-priced tickets to local theme parks, movie theaters, and attractions.

· **Career Services (CS)**

Executive Director: Lynn Hansen
Career Services & Experiential Learning (CSEL)
career.sdes.ucf.edu
407-823-2361
career@ucf.edu

Career Services offers a comprehensive range of services to help UCF students of any major reach their academic and career goals with a talented staff of career professionals. These comprehensive services are designed to help first year through graduate students with all phases of career development to include:

- Major and Career Choices.
- Academic and Career Information.
- Resumes and Cover Letters.
- Interviewing Skills.
- Job Search Strategies.
- Employment Assistance (Career Fairs, On-Campus Recruiting, and Job Postings).
- Graduate School Information.

These programs and services are available through drop-in assistance, scheduled appointments, workshops, and major events.

· **Counseling and Psychological Services (CAPS)**

Director: Karen R. Hofmann

Counseling and Psychological Services (CAPS)

caps.sdes.ucf.edu

407-823-2811

Counseling and Psychological Services (CAPS) serves currently enrolled UCF students seeking assistance with developmental and mental-health related concerns by offering a wide variety of services and programs free of charge. CAPS mission is to enhance the lives of students by reducing the impact of mental health and phase of life challenges, elevating resiliency, and minimizing the interruption of their academic pursuits by providing high-quality culturally competent, clinical, and outreach services and a nationally renowned training program. CAPS is composed of professional staff including licensed (and licensed eligible) psychologists, mental health counselors, social workers, and graduate level counselors-in-training who provide a safe and confidential environment in which students can explore and resolve personal concerns and issues. CAPS is open Monday through Thursday, 8 a.m.-6 p.m. and Friday, 8 a.m.-5 p.m., during fall and spring semesters and Monday through Friday, 8 a.m.-5 p.m., during the breaks and summer semesters.

CAPS offers:

- Initial Assessments and recommendations.
- Short-term individual and group therapy options.
- Couples therapy (*both need to be UCF students).
- Outreach presentations and workshops and a variety of topics.
- Consultation to faculty, staff, parents, and students.
- Referral services to community and campus resources.
- Walk-in appointments available daily.
- Crisis intervention and management
 - * *Crisis afterhours hotline: 407-823-2811 Press #5*
- *Connect with CAPS on Social Media (Facebook, Instagram, Twitter, YouTube)*

*Programs are offered via telehealth (on-line video conferencing) due to the COVID-19 pandemic.

· **Creative School for Children (CSC)**

Director: Suzette Turner

Creative School for Children I (CSC1)

csc.sdes.ucf.edu

407-823-2726

csc@ucf.edu

The Creative School for Children is an Educational Research Center for Child Development, providing quality early learning experiences for children ages 6 weeks to 5 years old, including the Florida Voluntary Pre-K (VPK) program. CSC is accredited by the National Association for the Education of Young Children (NAEYC) and has earned the Florida Gold Seal. The learning environments in the CSC classrooms are facilitated by highly skilled, degreed teachers who offer a wide variety of experiences through the implementation of Creative Curriculum, Project Approach and Conscious Discipline. Daily hands-on and minds-on activities are provided in creative play, music, language, motor skills, science, math, and dramatic play. Planned on-campus field trips and special family programs are part of the annual schedule. UCF students volunteer, observe and complete their internships, along with university faculty conducting educational research at CSC. The school enrolls children of university students and employees as well as community members.

· **First Year Experience (FYE)**

Director: Ryan Newton

Howard Phillip Hall (HPH) 216

fye.sdes.ucf.edu

407-823-5105

fye@ucf.edu

First Year Experience is committed to providing a success transition to UCF for new students and their families. FYE assists entering freshmen and transfer students by providing information about student services, campus life, academic support, academic advising and registration. Every incoming freshman and transfer student is required to attend an Orientation session prior to registering for classes. Students have the opportunity to serve in leadership roles with FYE Orientation Team (O-Team). FYE also oversees the Pegasus Parent Program, which aims to provide parents and family members of UCF students with important information about UCF and its resources. Family

Weekend is a part of the Pegasus Parent Program and occurs every fall semester during a home football game weekend.

· **Fraternity and Sorority Life (FSL)**

Associate Vice President: *Kerry Welch*

Fraternity and Sorority Life Building (G415) - 4100 Greek Park Drive

fsl.sdes.ucf.edu

407-823-2072

ucfgreek@ucf.edu

The Fraternity and Sorority Life office is committed to providing excellence in active advising of fraternity and sorority leaders that will create lifelong bonds through the principles encompassed in fraternal values. FSL fosters an inclusive environment and commitment to student growth, academic excellence, civic engagement, leadership development, positive relationships, and risk-reduction education. It encompasses small group living and more importantly, developmental programming for individuals, chapters, chapter alumni boards, house corporation officers, and collegiate governing boards (i.e., Panhellenic Council (PAN), Interfraternity Council (IFC), National Pan-Hellenic Council (NPHC), Diversified Greek Council (DGC), and the Greek Council).

FSL can offer students a "home away from home," a scholastic support system, networking opportunities, an organization for community service, transferable skills for management and leadership development, and a foundation for long-lasting friendships. You can follow what's happening within the Greek community via our Facebook page or on Twitter. Currently, there are 49 fraternities and sororities on UCF's campus with more than 4,000 active Greek students. Greek organizations give college men and women a chance to excel in any area they choose and include students of every race, religion, culture, and background. Students are encouraged to take a closer look at UCF's Greek community through participation in fraternity or sorority recruitment. It is important to be familiar with each council's specific recruitment or new member intake process. For details, visit fsl.sdes.ucf.edu and select "Councils." We encourage you to familiarize yourself with all of the councils to better understand the diversity of the Greek community and what each council has to offer.

· **Housing and Residence Life (HRL)**

Executive Director: *April Hicks Konvalinka*

Housing Administration Building (HAB) 123

housing.ucf.edu

407-823-4663

housing@ucf.edu

The Department of Housing and Residence Life offers housing on the Orlando campus, the Downtown campus, and the Rosen College of Hospitality Management campus for regularly enrolled students paying tuition and fees for a minimum of nine credit hours. Living on campus is strongly encouraged for first-year students, and limited space is available to upperclassmen and graduate students. Eligibility information can be found on our website. Incoming first-year students may apply for housing immediately after being offered admission to the university. The online application process is available through myUCF. As there is not enough on-campus housing for all students, those desiring to live on-campus should apply as early as possible. Application periods include academic-year agreements (fall/spring) with a separate application for summer or 11.5 month annual agreements (fall/ spring/summer). Many types of housing are available, ranging from suite-style shared-bedroom residence halls to luxury apartments with private bedrooms and bathrooms. Many first-year students who apply for academic-year agreements will receive assignments in shared-bedroom suite-style residence halls. Private bedrooms in apartments are guaranteed only in the Towers at Knights Plaza located on the Orlando main campus, NorthView, located adjacent to the main campus or the Rosen College of Hospitality Management Student Apartments, located at the Rosen Campus. UnionWest at Creative Village on the Downtown campus features suites and apartments with both private and shared rooms. More information on the different housing options, rates, floor plans, etc., is available online at housing.ucf.edu.

Several different meal plans are available through UCF Dining Services. Information about meal plans is available online at <http://www.ucfdining.com>.

· **LEAD Scholars Academy (LSA)**

Director: *Stacey Malaret*

Ferrell Commons (FC) 165

lsa.sdes.ucf.edu

407-823-2223

leadscholarsacademy@ucf.edu

The mission of the LEAD Scholars Academy is to establish an environment that will provide comprehensive leadership education, development, and civic engagement opportunities for the UCF community. Through collaboration and partnerships, the LSA incorporates established leadership models to create professional, academic and experiential opportunities that challenge, empower, and educate students to become social change agents and encourages citizenship in a global society.

The primary vision for the area is the development of an intentional and comprehensive program that targets specific groups, as well as provides campus-wide opportunities for students regardless of their class standing and/or level of involvement experience. Leadership programs will vary in duration from an extended program that may last several weeks or years to a one-day workshop. The focus is to provide a variety of programmatic options that recognize students have different needs, time constraints, and levels of interest.

The LSA first-year program provides academic, service and experiential opportunities for students that combine in and out of classroom challenges in both an academic and co-curricular environment. The application process for this program is open to all first time in college students prior to the beginning of their UCF career. Those accepted into the program have achieved student success.

All UCF students may participate in the LSA through various experiential tracks including civic engagement, women's leadership, multicultural leadership, the virtual leadership academy, global leadership, Latinx Leadership, LEAD with Pride and the Clinton Global Initiative University program.

Additional programs are developed throughout the year to provide leadership enhancement and empowerment opportunities for UCF students. Through programming, networking, mentoring, personal development or experiential training, UCF students learn the skills needed to hold various leadership positions on campus and within their chosen career.

· **Multicultural Academic and Support Services (MASS)**

Director: *Wayne Jackson*
Student Union (STUN) 154
mass.sdes.ucf.edu
407-823-2716
mass@ucf.edu

The Office of Multicultural Academic and Support Services provides comprehensive academic support, cultural enrichment, consultation, and referral services that promote the retention and graduation of multicultural and First Generation college students. MASS offers personalized advising and support; monitors academic progress; sponsors a six-week summer ACCESS Program, coordinates the Brother to Brother and Sister to Sister Programs, the Knight Alliance Network (for Foster Care alumni), Multicultural Transfer Student Programs and also provides guidance to DACA and Dreamer students. MASS serves as the focal point of operations in addressing the specific needs, issues, and concerns that confront multicultural and First Generation college students at UCF.

· **Student Neighborhood Relations (SNR)**

Interim Associate Vice President: *Mark Gumble*
Millican Hall (MH) 282
nrse.sdes.ucf.edu
(ucf.offcampuspartners.com)
407-823-4427
snr@ucf.edu

Student Neighborhood Relations is dedicated to assist UCF students and community property owners with creating and maintaining pleasant housing experiences for UCF students who live off campus. Our staff provides tools, resources, and information to UCF students in search for off campus housing and to understand their rights as a tenant and the terms of their lease. We also expect and encourage all UCF students to honor the UCF Golden Rule both on- and off- campus. We are also a resource to local property owners looking to list rental opportunities to UCF students and/or address matters in their neighborhood that impact UCF students. For more information please navigate this webpage's links, the Knight's Guide to Living Off Campus or reach out to us directly with your questions.

· **Office of Student Involvement (OSI)**

Director: *Shane Juntunen*
Student Union (STUN) 208
osi.ucf.edu
407-823-6471
osi@ucf.edu

The mission of the Office of Student Involvement is to provide quality programs, services, and leadership opportunities that enrich students' academic endeavors and enhance the campus environment. Students and staff collaborate to develop programs and services which encourage student's personal growth, promote civic responsibility, embrace differences, and connect students to the campus and the community.

To fulfill our mission, OSI's staff members oversee the registration and management of more than 600 registered student organizations (RSOs), as well as the advisement and coordination of the following student groups: Black and Gold Studios, Campus Activities Board (CAB), Graduate Outreach (GO) Homecoming, Knight-Thon, Knights of the RoundTable (KoRT), Late Knights, Knights of the Connection, Rosen Life, Student Government (SG), Volunteer UCF (VUCF), and Knights of the Turntables, OSI's DJ service. OSI strives to support all members of our UCF community and encourages any person in need of an accommodation to participate in our programs or services to email us at osi@ucf.edu.

Office of Student Rights and Responsibilities (OSRR)

Executive Director, Assistant Dean of Students, Deputy Title IX Coordinator: *Dana Juntunen*
Ferrell Commons (FC) Suite 227; 407-823-4638
<http://osrr.sdes.ucf.edu>; <http://goldenrule.sdes.ucf.edu>; <http://www.sdes.ucf.edu/creed/>;
<http://osrr.sdes.ucf.edu/titleix>

The Office of Student Rights and Responsibilities promotes a campus climate of integrity, civility, accountability and student well-being by providing a wide array of resources, education, and support services for the university community. OSRR is comprised of: Student Conduct, Integrity and Ethical Development and Student Care Services. OSRR also oversees the Golden Rule Student Handbook, The UCF Creed and Title IX reports perpetrated by a student on a student.

Office of Integrity and Ethical Development (IED)

Director: *Jennifer Wright*
Ferrell Commons (FC-C) 142
ied.sdes.ucf.edu
407-823-3477
ied@ucf.edu

The Office of Integrity and Ethical Development specializes in the promotion of individual responsibility and personal development.

Emphasis is on the promotion of academic integrity and prevention academic misconduct. Programs are designed to bring awareness to topics such as integrity, personal accountability, ethical decision making, and professionalism. Services include coaching sessions, excellence in decision making seminar, academic integrity workshops, and support services. Workshops are offered every semester designed to provide students (undergraduate/graduate) and student organizations with the college life skills necessary for academic and personal success at UCF.

Office of Student Conduct (OSC)

Director: *Michael Gilmer*
Ferrell Commons (FC-G) 227
osc.sdes.ucf.edu
407-823-4638
st_condu@ucf.edu

The Office of Student Conduct handles complaints against UCF students and student groups (but not faculty or staff). The complaint must indicate a possible violation of one or more of the Rules of Conduct or Organizational Rules of Conduct located in the Golden Rule Student Handbook. The Golden Rule Student Handbook may be viewed at goldenrule.sdes.ucf.edu.

Student Care Services (SCS)

Associate Director: Ann Marie Palmer

Ferrell Commons (FC-C) 138

cares.sdes.ucf.edu

407-823-5607

ucfcares@ucf.edu

Student Care Services offers guidance, resources, and referrals to UCF students who are experiencing a distressing situation which significantly impacts academic or personal success. The SCS team coordinates referrals to campus and community resources, develops action plans for student success, oversees the Student of Concern process, and provides education and outreach to university and community members. Our goal is to intervene before a student reaches crisis level and ensure the safety of both the student and the UCF community. SCS also oversees UCF Cares, an umbrella of care-related programs, resources and staff dedicated to fostering a caring community of Knights.

Recreation and Wellness Center (RWC)

Executive Director: James Wilkening

Recreation and Wellness Center (RWC)

rec.ucf.edu

407-823-2408

ucfrec@ucf.edu

Have Fun and Stay Fit

Welcome to UCF's "Greatest place to play!" With 14 recreation facilities and six distinct program areas (fitness, outdoor adventure, intramural sports, sports clubs, athletic training, and aquatics), we have well-being covered for all our Knights. Try a yoga class or our high-intensity interval training (HIIT), circuit, and functional training class F45. If you like the outdoors, rent a kayak at the William E. and Mary Jo Davis Recreation at Lake Claire or participate in an inclusive and adaptive event. Any student of any ability can find something of interest at the RWC. From championship-level programs to resort-style pools, we have it all at the UCF Recreation and Wellness Center.

What We Have to Offer:

Recreation Center— approx. 150,000 sq. ft.

- Six multipurpose courts
- Newly renovated 1/8-mile track (updated January 2021)
- Four racquetball courts
- 9,300 sq. ft. cardiovascular floor
- 14,500 sq. ft. weight floor
- Cycling studio and group exercise studio
- Multipurpose room
- Heated, nine-lane regulation lap pool
- A full-service athletic training room
- 41 ft. climbing tower

Outdoor Facilities

- 10-lane, Olympic-style lap pool
- William E. and Mary Jo Davis Recreation Area at Lake Claire
- Four sand volleyball courts
- Four basketball courts
- Softball/Baseball field
- Nine tennis courts featuring showcase championship court
- RWC Park
 - Nine-hole disc golf course
 - Two multipurpose grass fields
 - Six lighted artificial turf fields
 - Coming soon outdoor fitness stations (2021)
- Challenge course (low and high elements rope course)
- Resort-style leisure pool

Knights Plaza— 8,700 sq. ft. (a more intimate and private space, especially for first-time users)

- 1,496 sq. ft. mind and body studio
- 949 sq. ft. circuit room

- 3,028 sq. ft. general weight and cardio areas
- 20 pieces of cardio equipment
- 20 weight machines

UCF Downtown Recreation and Wellness - 7,800 sq. ft. cardio and strength equipment, functional workout space

- WHPS office with services including stress management, nutrition, education, wellness coaching and sexual wellness
- Group Exercise studio that hosts a variety of fitness classes
- Assessment room featuring the MicroFit Assessment System and personal training
- Functional fitness area complete with Escape Training Rig, plyometric equipment, power racks, benches, and free weights
- A full circuit of 11 selectorized weight machines and strength equipment
- 20 pieces of state-of-the-art cardio equipment

Programs include:

- [Aquatics](#): Enjoy a 9-lane Olympic-style lap-pool for which we heat year-round for workouts anytime. Need a place to relax and have fun? Enjoy our resort-style Leisure Pool near the Academic Village.
- [Fitness](#): Sign up for daily group exercise classes ranging from yoga to strength, resistance, and cardio-based dance to help you reach your fitness goals. Sign up for a fitness assessment to learn your baseline fitness level and test cardiovascular endurance, muscular endurance, muscular strength, and body composition. Knights can also schedule one-on-one sessions with a certified personal trainer to create an individualized fitness program just for you (this is fee-based).
- [Intramural Sports](#): Enjoy friendly and competitive Knight-to-Knight in-person and virtual competitions all year round. Whether it is team sports like basketball, flag football, and soccer, or jumping online to compete in Esports, our intramural sports program has a way for any Knight of any level to compete.
- [Outdoor Adventure](#): Enjoy our beautiful Rock-Climbing Tower at the RWC or explore the outdoors at the William E. and Mary Jo Davis Recreation Area at Lake Claire. Rent equipment to take to your favorite coast or campsite or travel to great in-state, out-of-state, and out-of-the-country locations by taking part in our outdoor trips program. Students can also get valuable leadership experience on our challenge course (low and high elements available).
- [Risk Management](#): Knights can have our professionally certified Athletic Training staff treat new injuries and prevent future ones. Knights can also sign up for first aid and CPR/AED certifications and training through our American Red Cross-certified instructors.
- [Sport Clubs](#): Looking for competitive sports in a renowned championship-level program? While any one of our 44 sport clubs is open to you. From Esports to Fencing, Lacrosse to Soccer, or Rugby to Ultimate Frisbee, any level athlete can participate with a club team.

LOCATIONS:

- [Main Building](#): At the corner of Gemini Boulevard South and Ursa Minor Street.
- [RWC @ Knights Plaza](#): At the corner of Gemini Boulevard North and West Plaza Drive.
- [RWC @ Downtown](#): Located on the second floor in the Well-Being area of the new Union West at Creative Village on the UCF Downtown Campus at the corner of Terry and Livingston avenues.

TRIO Programs

Executive Director: *Rebekah McCloud*
Howard Phillips Hall (HPH) 208/214/217/221
trio.sdes.ucf.edu
407-823-4165
sss@ucf.edu

PRIME STEM

PRIME STEM (Purpose + Reach = Individuals Measured for Excellence)/Student Support Services is a federally funded TRIO program (U.S. Department of Education). The program supports 124 undergraduate students pursuing STEM (Science, Technology, Engineering, and Mathematics) majors who are first-generation, low income, and/or have a documented disability. PRIME STEM works with students in six specific STEM degree programs - Biology, Biomedical Sciences, Computer Science, Engineering, Health Sciences, and Information Technology). The project offers academic support services and resources to assist PRIME STEM scholars to successfully complete a STEM degree. As an advocate for access to higher education, PRIME STEM/Student Support Services is committed to providing the support necessary to empower participants in developing and achieving academic goals.

Project ACE

Project ACE (Achieving Academic & Career Excellence)/Upward Bound is a federally funded TRIO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Upward Bound provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Apopka High School.

Project BEST

Project BEST (Building Exemplary Scholars for Tomorrow)/Student Support Services is a federally funded TRIO program (U.S. Department of Education). The program supports 144 undergraduate students who are first-generation, low income, and/or have a documented disability. The project offers support services and resources to assist scholars in transitioning from one level of higher education to the next and to successfully complete an undergraduate degree in any major. As an advocate for access to higher education, Student Support Services is committed to providing the support necessary to empower participants to develop and achieve their academic goals.

Project EDGE

Project EDGE (Exploration & Determination Guarantees Excellence)/Upward Bound is a federally funded TRIO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Upward Bound provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Edgewater High School.

Project PACE

Project PACE (Pursuing Academic & Career Excellence)/Talent Search is a federally funded TRIO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Talent Search provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Wekiva High School, Piedmont Lakes Middle School and Lockhart Middle School. The program also provides services to adult learners (19-27) who have yet earned a secondary school diploma or a GED.

Project REACH

Project REACH (Reaching Every Academic and Career Horizon)/Talent Search is a federally funded TRIO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Talent Search provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Colonial High School, Union Park Middle School, Roberto Clemente Middle School and Liberty Middle Schools. The program also provides services to adult learners (19-27) who have yet earned a secondary school diploma or a GED.

Project RISE

Project RISE (Reaching Individual & Scholastic Excellence)/Upward Bound is a federally funded TRIO program (U.S. Department of Education). The program supports and empowers first-generation individuals from disadvantaged backgrounds. Upward Bound provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend East River High School.

· Social Justice and Advocacy (SJA)

Director: TBA

Student Union (STUN) 207

sja.sdes.ucf.edu

407-823-0401

sja@ucf.edu

Social Justice and Advocacy is responsible for providing oversight to the Multicultural Student Center and LGBTQ+ Services. The mission of SJA is to promote an equitable campus environment where all are assured that diversity, in its many forms, is valued. We support efforts to increase equal access to campus resources and opportunities while cultivating inclusiveness throughout the campus community. SJA advocates to decrease obstacles that prevent students from succeeding at UCF. SJA, MSC and LGBTQ+ Services provides programming and initiatives to advocate for a socially just campus community.

· Student Accessibility Services (SAS)

Executive Director: Adam Meyer

Ferrell Commons (FC-F) 185

sas.sdes.ucf.edu

407-823-2371

sas@ucf.edu

The Office of Student Accessibility Services facilitates campus access and reasonable accommodations for students

with disabilities. Such access may include, but are not limited to, classroom accommodations (including examination accommodations), alternative format text materials, captioning/interpreters, and information and referral to campus and community services. Reasonable accommodations are available to, but not limited to, students with ADHD, hearing and visual impairments, physical disability and/or health-related impairment, psychological and/or psychiatric disability, specific learning disability (such as dyslexia), speech impairment, or other disabilities. After admission to the university, students who want to explore reasonable academic accommodations should connect with SAS. Students can meet with a consultant in-person, by phone or via Skype. Students should not worry about having the "right" documentation at the time of the meeting. Any documentation needs can be discussed during the initial conversation. The most up-to-date initial contact procedures can be found at sas.ucf.edu. Students are encouraged to come to SAS and explore the possibilities and options without feeling a need to commit to utilizing any resources. The student determines how to proceed based on the information presented and personal preferences. All information is confidential and will be used only to coordinate accommodations with appropriate UCF personnel.

Inclusive Education Services (IES)

Ferrell Common (FC-C) 155

ies.sdes.ucf.edu

407-823-2371

ies@ucf.edu

The office of Inclusive Education Services provides an innovative and distinctive post-secondary educational experience to individuals with intellectual disabilities. The office facilitates meaningful immersive UCF community experiences for college students with intellectual disabilities via diverse academic, professional, personal, and social opportunities with the goal of advancing employability, independence, and life satisfaction. Students admitted to UCF through this initiative will enroll as non-matriculated students. Please contact IES directly for more information.

Student Financial Assistance (SFA)

Director: Alicia Keaton

Millican Hall (MH) 107

finaid.ucf.edu

407-823-2827

finaid@ucf.edu

The Office of Student Financial Assistance is dedicated to supporting UCF's mission and goals through the efficient delivery of student aid. The office provides UCF students with a comprehensive offering of financial assistance options to support student success and the attainment of a university degree. Financial aid guidance is available in a variety of formats including in-person, virtual, phone and email counseling services. More information on the types of financial aid available to students and financial aid policies can be found in the [Financial Aid Guide](#).

Student Government (SG)

Advisor: Shane Juntunen

Student Union (STUN) 346

studentgovernment.ucf.edu

407-823-3291

The Student Government's purpose is to represent student views on issues affecting UCF and to promote progressive changes that improve campus life. In advocating better communication and understanding among the UCF family, SG also provides numerous services that affect student life. These services include free printing, discount tickets to movie theaters and theme parks, legal services, recreational opportunities through the Recreation and Wellness Center and Sport Clubs Council, programming through the Campus Activities Board, Homecoming, Volunteer UCF, Late Knights, Multicultural Student Center, Knight-Thon, Knights of the RoundTable, and much more. Money allocated by SG for these services comes from Activity and Service Fees that students pay during registration. Additionally, registered student organizations may receive funding for events, activities, and travel to conventions. SG coordinates its efforts with the Florida Student Association in lobbying for students' rights at the local, state, and national levels. SG's structure is modeled closely after the United States federal government system in that it contains three branches: Executive, Legislative, and Judicial. The Executive branch, comprised of the Student Body president, vice president, and cabinet, and oversees the daily administrative operation of SG. The Legislative branch funds registered student organizations and also passes bills and resolutions benefiting the student body. The Judicial branch oversees and takes part in hearings concerning constitutional, legislative, and student rights issues. All students are encouraged to take an active role in SG. For information about how to become involved with SG, or how your student organization can receive funding, contact the SG office.

· Student Health Services (SHS)

Associate Vice President: *Michael Deichen, M.D., M.P.H.*

Health Center & Pharmacy (HC) 101

studenthealth.ucf.edu

407-823-2701

Student Health Services is a department within the UCF Academic Health Sciences Center. SHS has a very large out-patient clinic system that is committed to providing excellent healthcare to students and is accredited by the Accreditation Association for Ambulatory Health Care.

The student health center is located on the main campus, with satellite clinics located at UCF Downtown, the Rosen campus, and the Health Sciences Campus at Lake Nona.

Appointments are available both in-person and via telehealth for student convenience.

Services are designed with students' needs in mind. Staff includes sports medicine physicians, psychiatrists, gynecologists, dentists, primary care physicians, physician assistants, advanced practice registered nurses, dietitians, pharmacists, nurses, substance use disorder counselors, laboratory and radiography technicians.

The health fee is included in tuition and helps to offset medical costs. Students can see a health care provider with minimal out-of-pocket charges. Patients are financially responsible for items not covered by the health fee. These include access fees, clinical procedures, x-rays, laboratory services, medical equipment, prescriptions, non-prescription medications, vaccinations, dental services, and physical therapy. When charges occur students can elect to use their health insurance coverage or pay out-of-pocket. All students are asked to verify their health insurance at the time of an appointment.

SHS staff assist students with filing in-network insurance claims. If using out-of-network benefits SHS will provide the proper documentation and students are responsible for self-filing a claim with their insurance company. SHS assists with referrals to in-network community specialists or services.

The SHS Dental Center is housed within the main campus student health center and is a state-of-the-art facility offering preventative, restorative and cosmetic services. Charges are discounted for students. Services can be billed to PPO and Indemnity plans. Insurance benefits will be based on the coverages obtained by the subscriber.

The main campus student health center houses a fully functioning pharmacy that accepts prescriptions from both SHS providers and providers outside of SHS. SHS will assist students with transferring prescriptions from other pharmacies. SHS participates in over 100 different prescription plans.

When SHS is closed, any enrolled UCF student may call a free 24-hour nurse helpline. The nurse helpline phone number and other important resources are listed on the SHS website. For potentially serious or life-threatening conditions students should call 911.

· Student Legal Services (SLS)

Director and Associate General Counsel: *Patricia Dullaghan*

FC 142

sls.sdes.ucf.edu

407-823-2538

stulegal@ucf.edu

Student Legal Services provides students with advice and consultation, including court representation, in selected areas of law such as landlord/tenant disputes, consumer issues, wills, uncontested divorces, name changes, Chapter 7 Bankruptcies, traffic tickets, criminal cases including misdemeanors and felonies of third degree, and sealing and expunging of criminal records. Services are provided free of charge to students who are currently enrolled at UCF and paying activity and service fees; including those attending the regional campuses, Rosen College, and the College of Medicine. Students in need of legal services should contact the SLS office to schedule an appointment.

· Student Outreach Services (SOS)

Director: *Rhonda C. Hall*

UnionWest at Creative Village (UWCV) 105D

sos.sdes.ucf.edu

407-823-5580

outreach@ucf.edu

The primary mission of the Office of Student Outreach Services is to attract, motivate, and prepare underrepresented middle and high school students from the local area to pursue and complete a college education. Students and their families are offered a variety of opportunities and programs designed to assist in the navigation of the college admissions, financial assistance, and career preparedness processes. SOS is committed to partnering with the UCF community and other external agencies and organizations vital to providing quality programming for all of the participants.

· **Student Union (SU)**

Director: Rick Falco
Student Union (STUN) 312
studentunion.ucf.edu
407-823-3677
unionres@ucf.edu

The Student Union is the Heart of Campus and provides the campus community with a variety of meeting rooms, offices, programs, and services. The Union is home to a great variety of restaurants including Starbucks, Chili's, Smoothie King, Huey Magoo's, Panda Express, Steak N Shake, Which Wich and Qdoba. Retail stores include Knightstop Convenience Store and College Optical. Other services located in the Union include the SGA Ticket Office, SGA Computer Lab, Bike & Gold bike share and repair program, ATMs from Bank of America, Chase and Addition Financial. The Student Union also operates the Knights Helping Knights Food Pantry and All Knight Study at Ferrell Commons and the All Knight Study located at the UCF Arena. All Knight Study at the Arena is open 24/5 and Ferrell Commons location is open 24/7 (excluding holidays and semester breaks). The Union hours are Monday through Friday from 7 a.m.-1 a.m., Saturday from 9 a.m.-12 a.m. and Sunday from 11 a.m.-10 p.m. (excluding holidays and semester breaks). For information, call the Information Desk at 407-823-0001. The Student Union is funded by SGA.

· **Undergraduate Admissions (UA)**

Associate Vice President: Gordon Chavis, Jr.
Duke Energy University Welcome Center (UWC)
admissions.ucf.edu
407-823-3000
admission@ucf.edu

The Office of Undergraduate Admissions coordinates the admission and enrollment of all undergraduate first-time-in-college, transfer, non-degree, and non-Florida public institution transient students to UCF. The office's primary mission is to identify, recruit and enroll talented, diverse and academically qualified students who will contribute to and achieve growth and success at UCF.

Office hours are: Mondays and Thursdays from 9 a.m.-6 p.m.; and Tuesdays, Wednesdays and Fridays from 9 a.m.-5 p.m.

· **Veterans Academic Resource Center (VARC)**

Addition Financial Arena (ARNA) 4202
varc.sdes.ucf.edu
407-823-2707
varc@ucf.edu

The Veterans Academic Resource Center, or VARC, is the one-stop solution for your needs as a student veteran. We provide lobby/lounge area, dedicated professional staff, and study space, as well as programs and events designed specifically for student veterans' needs. We also offer limited services for our active duty, dependent, and other military affiliated students. The VARC is located at the UCF Knights Plaza/Addition Financial Arena and is open Monday through Friday from 9:00 a.m. to 5:00 p.m., excluding university closures and holidays.

The goals of the Student Resource Specialists and the Veterans Academic Resource Center overall, are to: Ensure that you understand and have access to all of the available resources, on and off-campus; Help you succeed by providing study spaces and support from peers and staff; Help UCF faculty and staff understand your unique needs as a student veteran; Provide you with the tools you need to stay on track and finish your degree.

Another component of the VARC is Veteran Services. The VARC's School Certifying Officials (SCOs) provides assistance to all veteran students and eligible dependents who are using VA educational benefits. The office offers information and direction concerning entitlements, filing claims to the Department of Veterans Affairs, certifying enrollment at the university each term to receive VA educational benefits, and deferring tuition and fee payments. Consult the VARC early in the admissions process regarding necessary paperwork to start using your benefits.

For students using Post 9/11 GI Bill® (Chapter 33) and VA Vocational Rehabilitation and Employment (Chapter 31), our tuition policy complies with 38 USC 3679(e) which means Post 9/11 and Vocational Rehabilitation and Employment students will not be charged or otherwise penalized due to a delay in VA tuition and fee payments. For eligibility consideration, anyone using Post 9/11 GI Bill benefits must submit a VA Certificate of Eligibility (COE), proof of application for these benefits (confirmation number from VA), or a 22-1995, 22-5495 or proof of submission of these documents to the VA (confirmation numbers). Please consult with VARC staff, or visit the varc.sdes.ucf.edu, for information on what forms you personally will need. Any Veteran using Vocational Rehabilitation (Chapter 31), will need confirmation from their Vocational Rehabilitation Counselor, or a copy of their Authorization/PO# from their counselor. Please see 38 USC 3679(e) for complete details.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at www.benefits.va.gov/gibill. To maintain eligibility for VA education benefits, students must adhere to the policies and procedures for VA educational benefits as noted on the GI Bill website (<http://www.benefits.va.gov/gibill>).

UCF, being a member of SOC (Service Members Opportunity College), provides credit for various military training and education. Credit is awarded only for accredited schools and courses recognized by UCF. Transfer credit is awarded per the recommendations of the American Council on Education (ACE) Guide, based upon courses and/or training listed on the DD Form 214, SMARTS, ARTS, or other official military record. U.S. Air Force veterans must coordinate with the Community College of the Air Force to provide official CCAF transcripts to the Office of Undergraduate Admissions. Transfer credit is awarded per the recommendations of the American Council on Education (ACE) Guide, based upon courses and/or training listed on the Joint Services Transcripts [<https://jst.doded.mil/>]. U.S. Air Force veterans must coordinate with the Community College of the Air Force to provide official CCAF transcripts to the Office of Undergraduate Admissions.

Students eligible for VA educational benefits are also be eligible for a VA deferral of tuition and fees. The VA Deferment due date is contained in the Academic Calendar (calendar.ucf.edu). Students are ultimately responsible for their Tuition and Fees, and will incur a \$100 late fee if tuition and fees are not paid by the Deferral Due Date.

Undergraduates in Fall and Spring, must carry at least 12 credits to be considered Full-time; 9-11 credit hours to be considered $\frac{3}{4}$ time, and 6-8 credits to be considered $\frac{1}{2}$ time. For Chapters 30, 35, and 1606, students will receive benefits paid directly to them, based on their status. Five credits or less, will be reimbursed at the cost of the tuition and fees. Post 9/11 (Chapter 33) recipients will receive a tuition and fees paid to UCF dependent on their eligibility, and a housing allowance based on their status. However, to receive ANY housing allowance, a student using Chapter 33 benefits must be considered MORE THAN half time, meaning 7-8 credits. Please check with the VARC staff for clarification or more information regarding this subject. Please check the VARC website for Summer Term course load facts and information.

Students currently enrolled at UCF and another institution may receive VA educational benefits, after completing the appropriate Transient Form and consulting with the VARC. Veterans and eligible dependents who desire to change their major, or pursue a dual major, dual degree, or add a minor may receive VA educational benefits but must obtain approval from DVA before taking any of the applicable courses. This includes a minor in military science.
Note: Some majors may have extra elective hours that can be used for courses for a minor or another major.

Benefits will be terminated for individuals who are disqualified, excluded, suspended, or expelled from the university. If reinstated by the university following disqualification or suspension, the veteran or eligible dependent

must contact the VARC to have their VA educational benefits re-activated.

Veterans and eligible dependents also may draw VA benefits during the periods of eligibility while on Cooperative Education assignments. Payment is received during both the on-campus and off-campus work terms. Contact the VARC for more specific benefit information on Cooperative Education.

UCF is designated as a VA "Yellow Ribbon" institution. Yellow Ribbon funds can only be used in conjunction with the Post 9/11 GI Bill, and to help defray the out-of-state tuition. Please go to varc.sdes.ucf.edu/benefits-programs for more information.

The C.W. Bill Young Veteran Tuition Waiver Program is available to any honorably discharged veteran of the U.S. Armed Forces, U.S. Reserve Forces, or the National Guard who is not considered a Florida resident for tuition purposes but who resides in Florida while attending UCF. This waiver may also be used by eligible dependents who are using GI bill benefits that the veteran transferred to them. Please go to varc.sdes.ucf.edu/benefits for more information and application requirements.

***Vice Provost of Student Learning and Academic Success and
Dean, College of Undergraduate Studies: Theodorea Regina Berry***

Millican Hall (MH) Room 210

academicsuccess.ucf.edu

407-823-2373

· **Introduction**

The new Division of Student Learning and Academic Success will focus on providing services that will help students to know more and do more. We are enthusiastic about our future as we move to maximize the dynamic and vibrant resources within the division and the college. In doing so, we are building a brighter future for current and future Knights who will continue to contribute much to our society — locally, regionally, nationally, and globally.

· **Academic Advancement Programs**

Director: Michael Aldarondo-Jeffries

aap.ucf.edu

407-823-0101

Academic Advancement Programs (AAP) prepares UCF students — particularly underrepresented, low-income and first-generation college students — to pursue graduate school. AAP works in collaboration with faculty, staff, local and national partners to provide a range of graduate school preparation programs and services. Students have the

opportunity to participate in a variety of initiatives designed to increase their awareness and knowledge of the graduate school application process, graduate funding, summer research programs and fellowship opportunities.

· EXCEL

Director: *Melissa Dagley*

excel.ucf.edu
407- 823-6230

EXCEL strives to increase the number of students receiving baccalaureate degrees in STEM disciplines from UCF. The program enhances EXCEL students' experiences during the first two years of college through improved student learning in math and science courses, block housing shared by STEM-focused students, a tutoring center, and early engagement in research experiences. EXCEL participants also work in cohorts, making it easy for them to team up with study partners in required courses that may have several hundred students.

· Experiential Learning

Director: *Quynh Dao Dang*

explearning.ucf.edu
407-823-5000

Experiential Learning (EL) provides students with the opportunity to apply what they are learning in the classroom to real-world settings. In collaboration with UCF colleges and faculty, employers and community leaders, EL prepares students for academic and career success through experiential learning courses such as internships, co-ops and service-learning opportunities. Through these experiences, students gain essential skills, such as leadership, communication and critical thinking.

· Knights Major Exploration and Transition Center

Knights Major Exploration and Transition Center

Director: *Stephen O'Connell*

Trevor Colbourn Hall (TCH) 133

Academicsuccess.ucf.edu/kmetc
407-823-3165
kmetc@ucf.edu

The Knights Major Exploration and Transition Center (KMETC) is an advising office and resource for all undeclared and major exploring undergraduate students. Advisors and coaches help students explore and select areas of study that suit their academic interests and post-graduation plans. Once students choose a degree program, the team connects them with the appropriate college advising office. KMETC advisors and coaches will continue to serve as a resource office for students throughout their academic career. Additionally, they help undergraduates acquire skills to transition to a university setting and connect them with university resources.

· Office of Data and Strategic Projects

Director: TBA

Trevor Colburn Hall (TCH) 133

academicsuccess.ucf.edu/dsp/

407-823-6239
studentsuccess@ucf.edu

The Office of Data and Strategic Projects provides guidance and support to key stakeholders to ensure student retention, graduation, and success. To achieve the UCF Collective Impact, DSP facilitates data-driven decision-making, cultivates partnerships to amplify impact, and embraces UCF's innovative identity as a 21st century university.

· Pre-Health and Pre-Law Advising

Director: Erin Myszkowski

phpladvising.ucf.edu

407-823-0101

Pre-Health and Pre-Law Advising (PHPL Advising) guides and supports students interested in pursuing careers in the health and legal professions. These courses of study are beyond a baccalaureate degree and take place in professional school settings such as law school, medical school, dental school, pharmacy school, veterinary school, optometry school, podiatry school, chiropractic school, physician assistant programs, physical therapy programs, occupational therapy programs and public health programs. PHPL advisors guide students through the multiple aspects of their preparation and application with the ultimate goal of helping them become a competitive professional school applicant.

Registrar's Office (RO)

University Registrar: Brian C. Boyd

Millican Hall (MH) 161

registrar.ucf.edu

407-823-3100

registrar@ucf.edu

The Registrar's Office, with a commitment to quality service and leading-edge technology, provides timely and accurate enrollment information and access for students, colleges and departments, effectively meets student administrative needs, ensures complete records management from registration through graduation and archived data stores. The office maintains the integrity of student permanent academic records and implements procedures in accordance with university policies through campus-wide communication, collaboration, and leadership. In addition, the Registrar's Office is responsible for management of efficient utilization of classroom resources, readmission, transient student admission, residency reclassifications, NCAA Division I initial and continuing eligibility, the Knights Graduation Grant Initiative, Commencement, and publication of course offerings, Commencement programs, and the online *Undergraduate Catalog*.

The Registrar's Office upholds State of Florida and UCF policies and regulations regarding the academic record changes of undergraduate students, the degree audit program and the university-wide undergraduate graduation requirements.

The office reviews petitions for academic record changes such as medical withdrawals, late adds/drops, late withdrawals, and college petitions for waivers of UCF degree requirements. Academic Services administers the myKnight Audit for undergraduate degree programs. Additionally, it reviews lower level transfer credit for satisfaction of General Education requirements, Gordon Rule writing and foreign language proficiency requirements.

Residency Reclassification

The offices of Undergraduate Admissions and the College of Graduate Studies determine first term at UCF residency for tuition purposes for all newly admitted undergraduate and graduate students. Thereafter, the Registrar's Office will review student requests for changes in residency for undergraduate students. The College of Graduate Studies will review student requests for changes in residency for graduate students. The Registrar's Office does not review student requests for residency reclassification to be effective with the student's first term of enrollment, only for subsequent terms.

To request an undergraduate residency review, the student must submit a completed "Residency Reclassification Application and Affidavit" and all supporting documents to ResidencyReview@ucf.edu. This form is available online at <https://registrar.ucf.edu/residency-reclassification/>. This form must be accompanied by copies of all documents that support the student's Florida residency claim. Residency reclassification requests are subject to Florida Statute 1009.21, F.S., State Board of Education, Rules 6A-10.044 & 6A-20.003, and Board of Governors regulation 7.005. In addition, University policy requires students requesting residency reclassification to provide documentation establishing that they have income or personal sources to meet the financial obligations of attendance and living expenses. Contact the Registrar's Office at 407-823-3100 or ResidencyReview@ucf.edu for additional information regarding all residency reclassification requirements.

When building a case for Florida residency for tuition purposes, the student must submit documents from a variety of categories. Students may consult the Registrar's Office before submitting the reclassification request and supporting documents. The submission of documents in itself does not qualify the student for Florida residency for tuition purposes. The Registrar's Office will evaluate all submitted documents and available information and will

render an eligibility determination. No single document shall be conclusive.

When seeking residency reclassification, students should understand that merely living in or attending college in the state of Florida *does not* automatically establish residency for tuition purposes in Florida. The student who comes to Florida to enroll in a Florida post-secondary educational institution as an out-of-state resident and continuously enrolls in a Florida institution normally will not meet the Florida residency requirement for in-state tuition regardless of the length of time enrolled. Living or attending a post-secondary educational institution in Florida merely evidences physical presence. The student must provide documentation verifying that he or she has formed significant legal ties to the State of Florida. This documentation must establish that the Florida residence constitutes a bona fide domicile rather than serving the purpose of maintaining a mere temporary residence or abode, incident to enrollment in an institution of higher education. Evidence establishing legal ties to states other than Florida may disqualify the student from Florida residency for tuition purposes. All determinative documents must be dated at least 12 months before the first day of class for the term in which residency is sought.

Undergraduate students entering the second term of enrollment at UCF or later who believe that they qualify for Florida residency must submit the "Residency Reclassification Application and Affidavit" and all documents to ResidencyReview@ucf.edu. The absolute deadline for this Application and ALL COPIES accompanying documentation proving Florida residency for tuition purposes is one week (7 calendar days) before the first day of classes for the semester in which the student seeks reclassification. Please refer to the [Academic Calendar](#) for specific dates. Approved residency reclassification will not be applied retroactively to previous terms.

The Registrar's Office may require additional documentation beyond that initially submitted by the undergraduate student (or the claimant) before it can render a reclassification eligibility determination and it will not complete its review of the residency reclassification application until both the student and the claimant have submitted all requested documents.

All readmitted undergraduate students are required to submit copies of documents (more may be requested) such as driver's license, vehicle registration, and/or voter registration, to verify that they qualify and to update residency information on file. Requests for proof of residency for UCF undergraduate students looking to transfer or become transient students at another institution must be submitted to ResidencyReview@ucf.edu.

UCF is authorized to make discretionary judgments as to residency within the bounds of the law and in reaching this professional judgment will evaluate all documents submitted and information available. Students who feel an erroneous decision was made regarding their residency reclassification may request an appeal in writing to the UCF Residency Appeals Committee through the Registrar's Office.

Student Academic Resource Center (SARC)

Director: *Rebecca Piety*

Trevor Colburn Hall (TCH) 117

academicsuccess.ucf.edu/sarc/

407-823-5130

sarc@ucf.edu

The Student Academic Resource Center (SARC) provides high-quality programs and services that enable UCF students to achieve their academic goals. Programs include Supplemental Instruction (SI), Peer Tutoring, Academic Coaching and Engagement (ACE), and Academic Success Workshops.

Supplemental Instruction (SI) provides a series of weekly study sessions for students taking historically difficult courses. SI leaders attend class lectures and provide interactive study groups to help students develop effective ways to learn the course material, helping them succeed on the course and become independent learners.

SARC provides free small group and one-on-one peer tutoring to students enrolled in undergraduate courses associated with the current UCF semester's schedule. Peer tutoring sessions include Accounting, Statistics, Biology, Chemistry, Organic Chemistry, Physics and Human Physiology. Group peer tutoring is drop-in and no appointment is necessary. One-on-one tutoring is scheduled, and students can learn how to make an appointment through SARC's website. Students should refer to SARC's website for the semester schedules for both SI and tutoring.

The Academic Coaching and Engagement (ACE) program facilitates academic success among UCF students by providing one-on-one, ongoing peer coaching. Academic coaches help students develop important academic and life skills such as organization, time management, study skills, and goal setting, which are necessary to ensure satisfactory academic progress. Students can also get tips on how to be successful in an online course, including navigating Webcourses and understanding course modalities. ACE coaches are available to meet with students

regularly throughout the semester to check in on their progress, stay accountable for the goals and action plans devised in previous sessions, and become more engaged in campus life. Academic Success Workshops are designed to enhance common study skills such as test-taking strategies, time management, and motivation. SARC also offers study skills assessments and online resources available 24/7 to help students become successful at the college level.

UCF Abroad

Interim Director: *Wayne Bowen*

studyabroad.ucf.edu

407-882-2300

UCF Abroad provides access to high impact, international experiences for students interested in studying or interning outside the United States as a portion of their degree program. UCF Abroad participants are exposed to new environments, new customs, and in many cases new languages in an effort to broaden their perspectives and develop the skills necessary to set them apart in the global workplace. Self-discovery, self-confidence and cultural awareness are a few of the additional benefits to studying abroad. UCF Abroad offers a comprehensive portfolio of programs to accommodate all areas of study and a broad spectrum of student budgets.

UCF Connect

connect.ucf.edu

UCF Connect, which is part of the Division of Student Learning and Academic Success, is a partnership-driven unit designed to strategically support transfer student success through its DirectConnect to UCF® and new Transfer Connect programs. The team extends UCF's reach to communities in and beyond Central Florida by providing access to quality higher education for students who might not otherwise have the opportunity to pursue educational opportunities because of time, distance, preference, or life circumstances. UCF Success Coaches are available in UCF Connect locations providing comprehensive support to prospective and current transfer students, from first contact all the way through to graduation at UCF.

The Central Florida Higher Education Consortium, branded as DirectConnect to UCF®, is a unique partnership between UCF and College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, Seminole State College, and Valencia College. This agreement provides entry for A.A. and A.S. graduates to UCF as an enhancement to the Florida state-mandated 2 + 2 agreement. Students entering UCF as a DirectConnect to UCF student are admitted according to the UCF policies when A.A. or A.S. degrees are awarded.

The new Transfer Connect program supports transfer students from non-partner institutions. From enrollment to graduation, the program provides these students with academic guidance and resources. Transfer Students will also have access to the Transfer Center, a hub where students can obtain information, receive advice about transitioning to UCF, and interact with fellow transfer students.

UCF Connect offers an opportunity to complete a number of programs through the UCF Connect Centers. Strategically located within an 80-mile radius of the UCF Orlando campus, the UCF Connect Centers partner with the six DirectConnect to UCF state colleges, fostering seamless and convenient advancement from completion of an A.A. or A.S. degree to upper-level division work on a baccalaureate degree. With close proximity to Orlando, resources are available at UCF and the UCF Connect Centers, such as admissions, registration, financial aid, advising, student clubs and organizations, accessibility services, veteran's affairs, "smart classrooms," libraries, computer labs, and more. Accessible academic programs vary by location. For the most current information on any of the UCF Connect Centers, check the website at connect.ucf.edu.

For online programs, visit ucf.edu/online.

UCF Connect Administration

· Undergraduate Research

Assistant Dean and Director: *Kimberly Schneider*

our.ucf.edu

407-823-0101

The Office of Undergraduate Research (OUR) provides students with the opportunity to engage in academic research, scholarship and creative work. Working closely with faculty, these students gain knowledge and build skills, such as critical thinking, communication and problem-solving. This experience prepares them for success in graduate and their career. For students interested in research, OUR provides peer mentoring, a "How-To" workshop series, and structured courses. They also have the opportunity to present their work at an annual on-campus research showcase and publish in the *Pegasus Review*, UCF's Undergraduate Research Journal.

· University Testing Center (UTC)

Director: *Rebecca Piety*

Howard Phillips Hall (HPH) 106

utc.sdes.ucf.edu

407-823-5109

utc@ucf.edu

The University Testing Center (UTC) is part of the Division of Student Learning and Academic Success. It administers exams, including entrance, placement, academic, certification and licensure, distance learning, and pre-employment exams for numerous agencies, businesses, and institutions. UTC also provides institutional, state, and national standardized testing services for UCF students, non-UCF students, and the community. UTC works with the Office of Student Accessibility Services to provide accommodations for students with disabilities.

UCF Global

4356 Scorpius St.

Orlando, FL 32816-0130

global.ucf.edu

407-883-2337

Fax: 407-823-2526

UCF Global is the organizational division on campus dedicated to international outreach and opportunity. Its quest is to transform lives by providing access to high impact, international experiences across the UCF and global

community and to serve as a model of excellence for innovation, partnership, and services. This is accomplished through the administration of our English language programs along with multiple compliance units offering support services to international students, faculty, and staff.

Additionally, UCF Global facilitates compliance with federal immigration regulations and provides immigration advising and assistance to the international students and scholars at the University of Central Florida. UCF Global also works with UCF departments to facilitate the hiring of international faculty and staff, process H-1B employment visas, and ensure tax compliance on payments made to international vendors.

Support is provided to the international population on campus in its adjustment to a new academic and cultural environment by providing a wide range of services and programming. Services include admissions guidance, interpreting immigration regulations, explaining employment options, issuing travel authorization signatures, and end of year tax filing guidance. Programming includes orientation, welcome week activities, employment and tax workshops, holiday celebrations, and International Education Week events. From orientation to graduation, UCF Global strives to enhance the overall educational experience at UCF for its international students and scholars and to increase cultural awareness and understanding on campus.

Intensive English Program

global.ucf.edu/IEP

Since 1987, the Intensive English Program (IEP) has served as a home away from home for thousands of international students who want to study English in the United States. People from all over the world join the IEP because of the high-quality intensive English curriculum, a world-famous location, and high-impact cultural experiences. Students gain the English skills necessary to communicate and operate in the United States. During their time here, they connect with a diverse community of international students in a beautiful American city. After completing their studies, students continue onward by pursuing higher education at UCF and advancing in their careers with a strong command of the English language.

The Intensive English Program is a course of study designed to improve the English language skills of prospective undergraduate or graduate students at UCF. UCF Global also hosts non-academically bound individuals interested in improving their English skills for personal or professional development. This program includes Grammar, Reading, Writing, Communication Skills, and elective courses including English testing preparation.

Online English Program

global.ucf.edu/OEP

The Online English Program (OEP) is modeled after UCF Global's highly successful and well known Intensive English Program. The OEP offers a high-impact curriculum with academic and vocational content created to meet learner needs, and enhance language acquisition in core language subjects. This self-paced innovative online curriculum allows for students seeking an excellent education from a distance to have the same experiences as those on campus, but with more flexibility. Each session, students will engage in combined courses addressing six language skills: Reading, writing, grammar, listening, speaking, and pronunciation. Students also benefit from participation in one-on-one conferences with instructors two times per week. This program is designed to enhance personal development while allowing a more affordable learning option.

Pathway Programs

global.ucf.edu/pathways

UCF Global's Pathway programs combine intensive English studies with undergraduate courses, providing access for students planning to pursue a degree at UCF. Students are immersed into English-language learning while completing undergraduate courses.

This experience is personalized by individual student needs, and provides tailored coursework based on area of study and priority access to academic courses with dedicated sections. Additionally, students can easily adjust to life in the U.S. with UCF Global's academic tutoring, career and personal support from trained advisors, and cultural events.

UCF Global offers three unique programs designed to cater to individual student skill sets and help them reach their fullest potential. A placement test will determine which level is best suited for each student.

- UCF Global Achievement Academy III (3 terms) is recommended for students wanting intensive English-language learning while completing academic courses.

- UCF Global Achievement Academy II (2 terms) is recommended for students who want some English-language support while completing academic courses.
- UCF Global Achievement Academy UI (2 terms) is recommended for high-achieving students seeking assistance with academic and cultural transition.

We want you to enjoy all that America's second largest university has to offer. If you or someone you know would like to get involved with UCF Global, please email ucfglobal@ucf.edu or call 407-823-2337.

· UCF Continuing Education

Executive Director: A. Sean Armstrong

Digital Learning Center

12351 Research Parkway, Suite 113

Orlando, FL 32826

ce.ucf.edu

407-882-0260

Fax: 407-882-0266

UCF Continuing Education provides credit and non-credit programs that connect the university's resources with our community to support the re-education, up-skilling, training, professional development and personal growth of professionals and private citizens across the state, region and nation. Continuing Education partners with the academic, business and professional communities in Central Florida and beyond to provide clients with distinctive, high-quality and cost-effective educational programs and services, with a dedication to the highest standards of customer satisfaction.

UCF Continuing Education Credit Programs

ce.ucf.edu/Category/Degree-Programs

Self-supporting Degree Programs

UCF Continuing Education Self-supporting Programs are graduate degree programs offered in partnership with UCF colleges and departments to address post-professional workforce demand. Tuition and fees are based on the actual cost of program administration. Programs may be offered online or at a location that does not utilize state funding. Funding is based on the revenues collected. Programs receive approval from the UCF Board of Trustees. Students enrolled are provided ongoing support by personal success coaches. These programs include, [Master of Nonprofit Management Online](#), [Master of Research Administration](#), [M.S. in Data Analytics](#) and [M.S. in Healthcare Systems Engineering](#), as well as graduate certificate programs in [Health Information Administration](#) and [Research Administration](#).

Market-rate Degree Programs

UCF Continuing Education Market Tuition Rate programs are fully self-supporting graduate degree programs offered in partnership with UCF colleges and departments and are driven by market needs. These programs, which include [M.S. in Healthcare Informatics](#), [Executive Master of Health Administration](#), [Master of Social Work](#) and [M.S. in Professional Engineering Management](#), are operated as stand-alone programs or cohorts offered fully online or at a location not utilizing state funding. Tuition cost is based on the market rate of similar programs nationwide. Programs receive approval from the UCF Board of Trustees and the Florida Board of Governors. State funds are not used to facilitate these programs. Funding is based on the revenues collected. Students in these programs receive individual support from personal success coaches.

UCF Continuing Education Non-Credit Programs

UCF Continuing Education offers a wide variety of [services](#) to support conferences, meetings, camps and events for students, working professionals, jobseekers and domestic and international businesses, as well as local, state and federal governments. Our custom and corporate [training](#) programs, which are available in person or online, are individually tailored to enhance professional skillsets at all levels while increasing individual and workforce effectiveness. Training programs include management and leadership development, negotiation, change management, emotional intelligence, strategic planning, teambuilding, project management and other relevant topics.

**Vice Provost of Student Learning and Academic Success and
Dean, College of Undergraduate Studies:** *Theodorea Regina Berry*
MH 210; 407-823-2373
academicsuccess.ucf.edu/

Introduction

Student Learning and Academic Success strives to help undergraduate students achieve timely graduation and be successful, productive, and impactful in making the world a better place. We strengthen the links between academics and student success by serving as undergraduates' go-to source for advising, academic support resources, and high-impact practices.

Undergraduates are at the heart of all that we do. We're here to support you from orientation to graduation. We'll help you explore majors, register for classes, develop study skills, prepare for graduate school, participate in internships and undergraduate research, and declare your intent to graduate.

The division also includes UCF Connect and its nationally recognized program [DirectConnect to UCF](#), that guarantees admission to students who have earned an associate degree or articulated degree from one of six partner state colleges.

Student Learning and Academic Success is dedicated to helping every Knight know more, do more, and be more.

Academic Advancement Programs

Director: *Michael Aldarondo-Jeffries*

Trevor Colbourn Hall (TCH) 205

407-823-0101

academicsuccess.ucf.edu/aap

Academic Advancement Programs (AAP) prepares UCF students — particularly underrepresented, low-income and first-generation college students — to pursue graduate school. AAP works in collaboration with faculty, staff, local and national partners to provide a range of graduate school preparation programs and services. Students have the opportunity to participate in a variety of initiatives designed to increase their awareness and knowledge of the graduate school application process, graduate funding, summer research programs and fellowship opportunities.

EXCEL

Director: *Melissa Dagley*

Mathematical Sciences Building (MSB) 230

407- 823-6230

excel.ucf.edu

EXCEL strives to increase the number of students receiving baccalaureate degrees in STEM disciplines from UCF. The program enhances EXCEL students' experiences during the first two years of college through improved student learning in math and science courses, block housing shared by STEM-focused students, a tutoring center, and early engagement in research experiences. EXCEL participants also work in cohorts, making it easy for them to team up with study partners in required courses that may have several hundred students.

Experiential Learning

Director: *Quynh Dao Dang*

Career Services and Experiential Learning (CSEL) 300

407-823-2667

academicsuccess.ucf.edu/explearning

Experiential Learning (EL) provides students with the opportunity to apply what they are learning in the classroom to real-world settings. In collaboration with UCF colleges and faculty, employers and community leaders, EL prepares students for academic and career success through experiential learning courses such as internships, co-ops and service-learning opportunities. Through these experiences, students gain essential skills, such as leadership, communication and critical thinking.

Knights Major Exploration and Transition Center

Director: *Stephen O'Connell*

Trevor Colbourn Hall (TCH) 133

407-823-3165

Email: kmetc@ucf.edu

academicsuccess.ucf.edu/kmetc

The Knights Major Exploration and Transition Center (KMETC) is an advising office and resource for all undeclared and major exploring undergraduate students. Advisors and coaches help students explore and select areas of study that suit their academic interests and post-graduation plans. Once students choose a degree program, the team connects them with the appropriate college advising office. KMETC advisors and coaches will continue to serve as a resource office for students throughout their academic career. Additionally, they help undergraduates acquire skills to transition to a university setting and connect them with university resources.

Pre-Health and Pre-Law Advising

Director: *Erin Myszkowski*

Trevor Colbourn Hall (TCH) 133

407-823-0101

academicsuccess.ucf.edu/phpladvising

Pre-Health and Pre-Law Advising (PHPL Advising) guides and supports students interested in pursuing careers in the health and legal professions. These courses of study are beyond a baccalaureate degree and take place in professional school settings such as law school, medical school, dental school, pharmacy school, veterinary school, optometry school, podiatry school, chiropractic school, physician assistant programs, physical therapy programs, occupational therapy programs and public health programs. PHPL advisors guide students through the multiple aspects of their preparation and application with the ultimate goal of helping them become a competitive professional school applicant.

Registrar's Office (RO)

University Registrar: *Brian C. Boyd*

MH 161; 407-823-3100

Email: registrar@ucf.edu

registrar.ucf.edu

The Registrar's Office, with a commitment to quality service and leading-edge technology, provides timely and accurate enrollment information and access for students, colleges and departments, effectively meets student administrative needs, ensures complete records management from registration through graduation and archived data stores. The office maintains the integrity of student permanent academic records and implements procedures in accordance with university policies through campus-wide communication, collaboration, and leadership. In addition, the Registrar's Office is responsible for management of efficient utilization of classroom resources, readmission, transient student admission, residency reclassifications, NCAA Division I initial and continuing eligibility, the Knights Graduation Grant Initiative, Commencement, and publication of course offerings, Commencement programs, and the online *Undergraduate Catalog*.

The Registrar's Office upholds State of Florida and UCF policies and regulations regarding the academic record changes of undergraduate students, the degree audit program and the university-wide undergraduate graduation

requirements.

The office reviews petitions for academic record changes such as medical withdrawals, late adds/drops, late withdrawals, and college petitions for waivers of UCF degree requirements. Academic Services administers the myKnight Audit for undergraduate degree programs. Additionally, it reviews lower level transfer credit for satisfaction of General Education requirements, Gordon Rule writing and foreign language proficiency requirements.

Residency Reclassification

The offices of Undergraduate Admissions and the College of Graduate Studies determine first term at UCF residency for tuition purposes for all newly admitted undergraduate and graduate students. Thereafter, the Registrar's Office will review student requests for changes in residency for undergraduate students. The College of Graduate Studies will review student requests for changes in residency for graduate students. The Registrar's Office does not review student requests for residency reclassification to be effective with the student's first term of enrollment, only for subsequent terms.

To request an undergraduate residency review, the student must submit a completed "Residency Reclassification Application and Affidavit" and all supporting documents to ResidencyReview@ucf.edu. This form is available online at <https://registrar.ucf.edu/residency-reclassification/>. This form must be accompanied by copies of all documents that support the student's Florida residency claim. Residency reclassification requests are subject to Florida Statute 1009.21, F.S., State Board of Education, Rules 6A-10.044 & 6A-20.003, and Board of Governors regulation 7.005. In addition, University policy requires students requesting residency reclassification to provide documentation establishing that they have income or personal sources to meet the financial obligations of attendance and living expenses. Contact the Registrar's Office at 407-823-3100 or ResidencyReview@ucf.edu for additional information regarding all residency reclassification requirements.

When building a case for Florida residency for tuition purposes, the student must submit documents from a variety of categories. Students may consult the Registrar's Office before submitting the reclassification request and supporting documents. The submission of documents in itself does not qualify the student for Florida residency for tuition purposes. The Registrar's Office will evaluate all submitted documents and available information and will render an eligibility determination. No single document shall be conclusive.

When seeking residency reclassification, students should understand that merely living in or attending college in the state of Florida *does not* automatically establish residency for tuition purposes in Florida. The student who comes to Florida to enroll in a Florida post-secondary educational institution as an out-of-state resident and continuously enrolls in a Florida institution normally will not meet the Florida residency requirement for in-state tuition regardless of the length of time enrolled. Living or attending a post-secondary educational institution in Florida merely evidences physical presence. The student must provide documentation verifying that he or she has formed significant legal ties to the State of Florida. This documentation must establish that the Florida residence constitutes a bona fide domicile rather than serving the purpose of maintaining a mere temporary residence or abode, incident to enrollment in an institution of higher education. Evidence establishing legal ties to states other than Florida may disqualify the student from Florida residency for tuition purposes. All determinative documents must be dated at least 12 months before the first day of class for the term in which residency is sought.

Undergraduate students entering the second term of enrollment at UCF or later who believe that they qualify for Florida residency must submit the "Residency Reclassification Application and Affidavit" and all documents to ResidencyReview@ucf.edu. The absolute deadline for this Application and ALL COPIES accompanying documentation proving Florida residency for tuition purposes is one week (7 calendar days) before the first day of classes for the semester in which the student seeks reclassification. Please refer to the [Academic Calendar](#) for specific dates. Approved residency reclassification will not be applied retroactively to previous terms.

The Registrar's Office may require additional documentation beyond that initially submitted by the undergraduate student (or the claimant) before it can render a reclassification eligibility determination and it will not complete its review of the residency reclassification application until both the student and the claimant have submitted all requested documents.

All readmitted undergraduate students are required to submit copies of documents (more may be requested) such as driver's license, vehicle registration, and/or voter registration, to verify that they qualify and to update residency information on file. Requests for proof of residency for UCF undergraduate students looking to transfer or become transient students at another institution must be submitted to ResidencyReview@ucf.edu.

UCF is authorized to make discretionary judgments as to residency within the bounds of the law and in reaching this professional judgment will evaluate all documents submitted and information available. Students who feel an erroneous decision was made regarding their residency reclassification may request an appeal in writing to the UCF Residency Appeals Committee through the Registrar's Office.

Student Academic Resource Center (SARC)

Director: *Rebecca Piety*

TCH 117; 407-823-5130

Email: sarc@ucf.edu

academicsuccess.ucf.edu/sarc

The Student Academic Resource Center (SARC) provides high-quality programs and services that enable UCF students to achieve their academic goals. Programs include Supplemental Instruction (SI), Peer Tutoring, Academic Coaching and Engagement (ACE), and Academic Success Workshops.

Supplemental Instruction (SI) provides a series of weekly study sessions for students taking historically difficult courses. SI leaders attend class lectures and provide interactive study groups to help students develop effective ways to learn the course material, helping them succeed on the course and become independent learners.

SARC provides free small group and one-on-one peer tutoring to students enrolled in undergraduate courses associated with the current UCF semester's schedule. Peer tutoring sessions include Accounting, Statistics, Biology, Chemistry, Organic Chemistry, Physics and Human Physiology. Group peer tutoring is drop-in and no appointment is necessary. One-on-one tutoring is scheduled, and students can learn how to make an appointment through SARC's website. Students should refer to SARC's website for the semester schedules for both SI and tutoring.

The Academic Coaching and Engagement (ACE) program facilitates academic success among UCF students by providing one-on-one, ongoing peer coaching. Academic coaches help students develop important academic and life skills such as organization, time management, study skills, and goal setting, which are necessary to ensure satisfactory academic progress. Students can also get tips on how to be successful in an online course, including navigating Webcourses and understanding course modalities. ACE coaches are available to meet with students regularly throughout the semester to check in on their progress, stay accountable for the goals and action plans devised in previous sessions, and become more engaged in campus life. Academic Success Workshops are designed to enhance common study skills such as test-taking strategies, time management, and motivation. SARC also offers study skills assessments and online resources available 24/7 to help students become successful at the college level.

UCF Abroad

Interim Associate Dean and Interim Director: *Wayne Bowen*

UCF Global Building 139

407-882-2300

studyabroad.ucf.edu

UCF Abroad provides access to high impact, international experiences for students interested in studying or interning outside the United States as a portion of their degree program. UCF Abroad participants are exposed to new environments, new customs, and in many cases new languages in an effort to broaden their perspectives and develop the skills necessary to set them apart in the global workplace. Self-discovery, self-confidence and cultural awareness are a few of the additional benefits to studying abroad. UCF Abroad offers a comprehensive portfolio of programs to accommodate all areas of study and a broad spectrum of student budgets.

UCF Connect

connect.ucf.edu

UCF Connect, which is part of the Division of Student Learning and Academic Success, is a partnership-driven unit designed to strategically support transfer student success through its DirectConnect to UCF® and new Transfer Connect programs. The team extends UCF's reach to communities in and beyond Central Florida by providing access to quality higher education for students who might not otherwise have the opportunity to pursue educational opportunities because of time, distance, preference, or life circumstances. UCF Success Coaches are available in UCF Connect locations providing comprehensive support to prospective and current transfer students, from first contact all the way through to graduation at UCF.

The Central Florida Higher Education Consortium, branded as DirectConnect to UCF®, is a unique partnership between UCF and College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, Seminole State College, and Valencia College. This agreement provides entry for A.A. and A.S. graduates to UCF as an enhancement to the Florida state-mandated 2 + 2 agreement. Students entering UCF as a DirectConnect to UCF student are admitted according to the UCF policies when A.A. or A.S. degrees are awarded.

The new Transfer Connect program supports transfer students from non-partner institutions. From enrollment to

graduation, the program provides these students with academic guidance and resources. Transfer Students will also have access to the Transfer Center, a hub where students can obtain information, receive advice about transitioning to UCF, and interact with fellow transfer students.

UCF Connect offers an opportunity to complete a number of programs through the UCF Connect Centers. Strategically located within an 80-mile radius of the UCF Orlando campus, the UCF Connect Centers partner with the six DirectConnect to UCF state colleges, fostering seamless and convenient advancement from completion of an A.A. or A.S. degree to upper-level division work on a baccalaureate degree. With close proximity to Orlando, resources are available at UCF and the UCF Connect Centers, such as admissions, registration, financial aid, advising, student clubs and organizations, accessibility services, veteran's affairs, "smart classrooms," libraries, computer labs, and more. Accessible academic programs vary by location. For the most current information on any of the UCF Connect Centers, check the website at connect.ucf.edu.

For online programs, visit ucf.edu/online.

- Nursing (Concurrent)
- Psychology (B.S.)

**Selected courses will require attendance at the UCF Orlando campus.*

Undergraduate Research

Interim Director: *Michael Aldarondo-Jeffries*

Trevor Colbourn Hall (TCH) 205

407-823-0101

academicsuccess.ucf.edu/our

The Office of Undergraduate Research (OUR) provides students with the opportunity to engage in academic research, scholarship and creative work. Working closely with faculty, these students gain knowledge and build skills, such as critical thinking, communication and problem-solving. This experience prepares them for success in graduate and their career. For students interested in research, OUR provides peer mentoring, a "How-To" workshop series, and structured courses. They also have the opportunity to present their work at an annual on-campus research showcase and publish in the *Pegasus Review*, UCF's Undergraduate Research Journal.

University Testing Center (UTC)

Director: *Rebecca Piety*

HPH 106; 407-823-5109

Email: utc@ucf.edu

<http://utc.sdes.ucf.edu>

The University Testing Center (UTC) is part of the Division of Student Learning and Academic Success. It administers exams, including entrance, placement, academic, certification and licensure, distance learning, and pre-employment exams for numerous agencies, businesses, and institutions. UTC also provides institutional, state, and national standardized testing services for UCF students, non-UCF students, and the community. UTC works with the Office of Student Accessibility Services to provide accommodations for students with disabilities.

Institutes and Centers for Research

Dick Pope, Sr. Institute for Tourism Studies

hospitality.ucf.edu/research/dick-pope-sr-institute-for-tourism-studies
DPI@mail.ucf.edu

Director: *Abraham Pizam*
9907 Universal Blvd., Suite 231-A
Orlando, FL 32819
407-903-8010

Associate Director: *Robertico Croes*
9907 Universal Blvd., Suite 231-D
Orlando, FL 32819
407-903-8028

The purpose of the Dick Pope Sr. Institute for Tourism Studies is to improve the quality of the tourism product while increasing the benefits of tourism for the industry, state of Florida, and local communities. The Institute involves itself in a variety of research projects and educational programs. Research includes the collection, development, and dissemination of information relevant to the tourism and hospitality industry in the areas of: marketing, consumer behavior and visitor satisfaction, feasibility studies, economics, motivation, and forecasting. Some of the Institute's patrons include tourism promotion agencies at the state and local levels; tourism development commissions; professional associations; and private enterprises such as attractions, hotels, resorts, restaurants and other food-service establishments, ground and air transportation companies, travel agencies and tour operators, and other related businesses. The Institute devotes significant efforts to educating the public about the tourism industry on state and international levels, as well as its contribution to the social and economic welfare of the community at large.

Dr. P. Phillips Institute for Research and Education in Real Estate

business.ucf.edu/real-estate-institute

Director: *Bill Moss*
William.Moss@ucf.edu

The UCF Dr. P. Phillips Institute for Research and Education in Real Estate was created to emphasize real estate as an area of academic focus and serve as an important resource for the community that builds special relationships with industry and community groups.

Florida-Canada Linkage Institute

Director: *Mark Hartman*
global.ucf.edu/fcli
407-823-2337
Fax: 407-823-2526
fcli@ucf.edu

The Florida-Canada Linkage Institute was created by the Florida legislature to foster educational, commercial, cultural and social exchanges between Canada and the State of Florida. The Institute, administered by UCF Global, promotes international collaboration through expanded public/private dialogues on cooperative research and technical assistance, cultural exchanges, the enhancement of language training, and student/faculty exchange programs. The Institute administers the Out of State Tuition Fee Exemption Program that is available for Canadian students to study in Florida state universities and Florida College System institutions for the same tuition and fees as Florida residents. The awards are limited to 25 FTE and are competitive.

Florida-Eastern Europe Linkage Institute

Director: *Mark Hartman*
global.ucf.edu/eeli
407-823-2337
Fax: 407-823-2526
eeli@ucf.edu

The Florida-Eastern Europe Linkage Institute was created by the Florida legislature to foster educational, commercial, cultural and social exchanges between the countries in Eastern Europe and the State of Florida. The Institute, administered by UCF Global, promotes international collaboration through expanded public/private dialogues on cooperative research and technical assistance, cultural exchanges, the enhancement of language training, and student/faculty exchange programs. The Institute administers the Out of State Tuition Fee Exemption Program that is available for students from Eastern European countries to study in Florida state universities and Florida College System institutions for the same tuition and fees as Florida residents. The awards are limited to 25 FTE and are competitive.

The John Scott Dailey Florida Institute of Government at the University of Central Florida

Director: *Mari Yentzer Rains*

12443 Research Parkway, Suite 402

Orlando, FL 32826

iog.ucf.edu

407-882-3960

Fax: 407-882-3968

iog@ucf.edu

The John Scott Dailey Florida Institute of Government at the University of Central Florida (UCF FIOG) is part of a statewide institute established by the Florida Legislature in 1981. The UCF FIOG's mission is to enhance the capacity of Florida governments to effectively serve their communities through high quality, affordable, government consulting and technical assistance, training and professional development, applied research, meeting facilitation services, conference planning, and association management services. Our Institute connects university faculty, as well as public and private sector experts with state and local government needs. We serve state, municipal, county, special district, and school district officials and employees, and governmental associations. Projects include:

- Strategic Planning
- Citizen Community Visioning Forums
- Resident Surveys
- Charter Review
- Incorporation Study
- Economic Development Consulting
- Tree Inventory
- Organization Development
- Succession Planning
- Employee Satisfaction Surveys
- Leadership Assessments and Coaching
- Retreat Design & Facilitation
- Change Management
- 100+ Professional Development & Training Workshops (with CEU's)
- Innovation in Government
- Curriculum Design & Certification Program Design
- Advisory Board Training
- Meeting Facilitation & Consensus Building
- Association Management Services
- Conference Planning & Coordination
- Keynote Speakers
- Records Management Assessment
- Compensation Analysis
- Employee Handbooks
- HR Compliance Assessment
- HR Policy & Procedure Review
- Job Descriptions
- Recruiting & Retention Strategies
- and more!

Florida Small Business Development Center (FSBDC) at UCF

Regional Director: *Eunice Choi*

3201 E Colonial Drive, Suite A20

Orlando FL 32803

(Located in the National Entrepreneur Center)

<http://www.sbdcorlando.com>

407-420-4850

echoi@ucf.edu

The Florida SBDC at UCF is part of the statewide Florida SBDC Network which is designed to promote economic development by responding to the needs of the small business community. Assistance is provided through no-cost individual consulting, training & workshops and access to market research resources. Areas of specific attention for small businesses include:

- Pre-Venture/ Start-Up
- Finance
- Operations
- Technology
- Market Expansion & Revenue Growth
- Accounting
- Management
- Business & Strategic Plan Development

Additional programs for leaders of growing businesses are also offered as follows: Advisory Board Council, CEO XChange, Export Marketing Plan Services, Growth Acceleration Services, Small Business Institute®, and Strategic Workshop Series, in addition to Government Contracting Services offered by the Florida Procurement Technical Assistance Center at the University of Central Florida (Florida PTAC at UCF).

The FSBDC, as part of the Office of Partnership and Innovation at the University of Central Florida, serves eight counties in the Central Florida area including the central office in Orlando and ten satellite offices located at Daytona State College, Eastern Florida State College, Seminole State College, Kissimmee Chamber of Commerce, City of Palm Coast Business Assistance Center, three Lake County Business Opportunity Centers and Sumter County's Office of Economic Development.

Florida Solar Energy Center (FSEC)

Director: James Fenton

energyresearch.ucf.edu

1679 Clearlake Road

Cocoa FL 32922-5703

321-638-1000

info@fsec.ucf.edu

The Florida Solar Energy Center (FSEC), UCF's energy research and education institute, was established in 1975 by the Florida Legislature. Located on the Cocoa campus of UCF and Eastern Florida State College, FSEC has gained national and international respect for its public and private research and education partnerships, focusing on solar energy, energy-efficient buildings, hydrogen and fuel cells, electric vehicles, smart-grid research, and testing and certification of solar equipment. The Center conducts continuing education and training programs for professionals, government and industry leaders around the world, in addition to Science, Technology, Engineering and Mathematics (STEM) opportunities for the future energy workforce.

Florida Space Institute (FSI)

Director: Ramon Lugo

Florida Space Institute

PO Box 160650, Room 214 A

Orlando, FL 32816-0650

fsi.ucf.edu

407-823-6172

Fax: 407-823-6359

ramon.lugo@ucf.edu

The Florida Space Institute provides unique, practice-based educational opportunities, combined with space science research and the resources to design, build, and test small satellites, instruments, and payloads. Using these resources FSI supports UCF and other member schools, as well as other educational and commercial customers. FSI provides opportunities for student involvement in real-world space programs. FSI is a State of Florida Institute headquartered at UCF, but has 10 member schools statewide. FSI is located at Research Park, Orlando, which is adjacent to the UCF main campus. Typical research areas include small satellite innovations, planetary science, instrumentation development, space weather, and space power, driving engineering solutions with science requirements.

FSI hosts one of the nine US research teams of NASA's Solar System Exploration Research Virtual Institute (SSERVI), called the Center of Lunar and Asteroidal Surface Science (CLASS). The teams participating in the Solar System Exploration Research Virtual Institute (SSERVI) will address scientific questions about the moon, near-Earth asteroids, the Martian moons Phobos and Deimos, and their near space environments, in cooperation with international partners. FSI's faculty are also leading a NASA mission called Global Observations of the Limb and Disk (GOLD). GOLD will fly an ultraviolet (UV) imaging spectrograph on a geostationary satellite to measure densities and temperatures in Earth's thermosphere and ionosphere.

FSI conducts its educational activities through the NASA Florida Space Grant Consortium (FSGC). FSI administers FSGC, a NASA sponsored state wide higher education program, led by the UCF. Through FSGC, FSI provides opportunities for students to participate in hands-on space-related projects like the Hybrid Rocket Competition,

Florida Undergraduate Satellite Design Competition (FUNSAT), senior design projects and participation in NASA competitions. FSGC also provides fellowships, scholarships, internship and research experiences for students.

Institute for Economic Forecasting (IEF)

Director: Sean Snaith, Ph.D.

Business Administration II (BA2) 222

business.ucf.edu/centers-institutes/institute-economic-forecasting

407-823-1453

The Institute for Economic Forecasting strives to provide complete, accurate and timely national, state and regional forecasts and economic analyses. Through these analyses, the institute provides valuable resources to the public and private sectors for informed decision making.

Dr. Sean Snaith and the Institute for Economic Forecasting have brought UCF tremendous national recognition. The IEF prepares a comprehensive, quarterly forecast of the Florida economy and 12 metropolitan areas, as well as a comprehensive, quarterly forecast of the U.S. economy. Information from the forecasts is included in exclusive panels, including USA Today Survey of Top Economists, Livingston Survey, Survey of Professional Forecasters, Reuters and Bloomberg monthly survey.

Institute for Simulation and Training (IST)

Interim Director: David "Fuzzy" Wells, Ph.D.

Partnership II, III, & IV

3100 Technology Parkway

Orlando, FL 32826-0544

ist.ucf.edu

407-882-1300

ist@ist.ucf.edu

The Institute for Simulation and Training (IST) was established to conduct research and develop technology that advances the state of the art in affordable and effective human-centered simulation capabilities and training systems. In April 1985 a State of Florida resolution recognized the institute as part of a Center of Excellence for Simulation and Training. Driven by a proven record of research achievement, IST has developed unique qualifications and is positioned to provide the enabling technologies and technical talent necessary to research new ways to model human activity, improve human-agent interaction, and educate the next generation of scientists and professionals. IST is housed within the School of Modeling, Simulation, and Training (SMST) which was established in 2018 to formally recognize the exceptional growth and success of the institute and its Modeling and Simulation Graduate Program.

IST laboratories, work space, and administrative offices occupy major portions of the Partnership II, III, and IV buildings located in the Central Florida Research Park, adjacent the UCF campus. The park also is home to major simulation and training agencies from all branches of the U.S. military. The institute is a research and academic arm of the world's largest concentration of simulation and training for industry, government, health care, and entertainment.

IST's research staff of more than 200 scientists, engineers, and students conducts basic and applied research for a broad range of training devices and programs. Research teams focus on applied research and technology, human/systems integration, and information systems technologies. Research areas include:

- Multi-resolution simulation
- High performance computing
- Computer-generated forces
- Information management technology
- Team training and team performance
- Augmented cognition
- Embedded simulation
- Human performance in healthcare
- Virtual, mixed, and augmented reality
- Human-machine interface, robotics
- Application development
- Human factors psychology
- Cognitive science
- Medical-related simulation
- Advanced performance technology
- Behavioral cybersecurity

The institute annually employs more than 100 graduate and undergraduate students in a variety of research and support positions. For many outstanding graduates, work experience at IST becomes a launching pad to a career in the simulation industry. A significant number of existing professionals, both in government and industry, enroll in modeling and simulation graduate and certificate programs to continue their advanced education and hone their research skills. IST actively assists UCF in the development of simulation-related curricula. First in the nation with a master's degree in simulation systems, the university in collaboration with IST also offers a truly multidisciplinary Ph.D. in Modeling and Simulation. Both master's and doctoral programs accept applications from graduate students in computer science, digital media, psychology, engineering, mathematics, business, and other related disciplines. Also available at the graduate level is the Graduate Certificate in Modeling and Simulation of Behavioral Cybersecurity, an interdisciplinary modeling and simulation approach to cybersecurity with a particular emphasis on the behavioral aspects of cybersecurity and cyber operations.

The institute includes in its efforts development of research projects with potential commercial applications and adaptation of military technology to civilian markets. IST communicates the results of its research through seminars, conferences, publications, and workshops. In cooperation with UCF, the University of South Florida, and University of Florida, and with considerable participation from area industry and economic development organizations, IST promotes economic growth in the modeling and simulation industry throughout the Central Florida High Tech Corridor.

Institute for Sport and Social Justice (ISSJ)

Director, Special Programs and Events: *Suzi Katz*

Business Administration II (BA2) 113

sportandsocialjustice.org

407-823-3555

Vision: to create worldwide social justice through the power of sport.

Mission: The mission of the Institute for Sport and Social Justice is to use the power of sport to effect positive social change. We educate and empower individuals and organizations by inspiring values-based thinking leading to actions that promote social responsibility and equality.

Core Values:

Diversity and Inclusion

We believe diversity and inclusion serve as a catalyst to promote fairness, equity, and justice.

At the ISSJ, we harness the power of diversity and inclusion to capitalize on individual and collective strengths and help teams, staffs, and organizations reach their full potential. Respect and appreciation of difference are the founding principles of diversity and inclusion. As advocates of fairness and equality, the ISSJ hopes to build a global awareness and cultural competence through the power of sport. We strive to be on the cutting edge, proactively working to understand who is being excluded.

Education

Education has the power to transform lives and empowers people to make a difference.

The ISSJ embraces the principle that everyone has a right to be educated, and has a duty to use what is learned to improve society. Since its inception, ISSJ member institutions have offered opportunities for athletes to complete their degrees even after eligibility has expired. In addition to our advocacy for traditional education, the ISSJ educates and empowers people by raising awareness of social justice issues and by offering strategies and solutions for overcoming them.

Social Justice

The ISSJ is committed to peace and justice by raising awareness and developing strategies for dealing with social justice issues worldwide.

The ISSJ aims to provide the education, tools and strategies for dealing with these issues and empowers individuals to take action for those without a voice. We challenge sports leaders and athletes to embrace leadership roles by supporting everyone's basic human rights, and confronting all forms of discrimination, hate, and violence, while

advocating for those who are underrepresented.

Ethical and Moral Leadership

The ISSJ's unshakeable vision for sport driven social change demands that we challenge ourselves, and others, to aspire to the highest standards of ethical and moral behavior.

Ethical and moral actions are the foundation that enables individuals, organizations, and leaders to gain leadership credibility. The beliefs and actions of leaders have significant impact on their respective organizations and, as such, effective ethical and moral leadership blends humility with determined professional will. The ISSJ's ambitious goals for sport driven social change can only be accomplished through tireless commitment to ethical and moral behavior. Thus, we dedicate ourselves to advocate for ethical and moral leadership through the power of sport.

The Power of Sport

The global impact that sport has on society reminds us that teamwork and unity transcend the fields of competition, and has the irrefutable power to positively change people's lives.

We apply the lessons of "the huddle" to illustrate how divergent interests and beliefs can unite under a shared vision and common goal. We believe sport has an immense impact on societies across the globe. Sport has been known to galvanize communities large and small. By harnessing this power and public influence, the ISSJ continues to promote social change domestically and around the world. Changing lives through the power of sport.

Oak Ridge Associated Universities (ORAU)

President and ORAU Councilor for University of Central Florida TBA

ORAU Corporate Secretary: *Monnie E. Champion*

orau.org

865-576-3146

Since 1989, students and faculty of University of Central Florida have benefited from its membership in Oak Ridge Associated Universities (ORAU). ORAU is a consortium of 96 colleges and universities and a contractor for the U.S. Department of Energy (DOE) located in Oak Ridge, Tennessee. ORAU works with its member institutions to help their students and faculty gain access to federal research facilities throughout the country; to keep its members informed about opportunities for fellowship, scholarship, and research appointments; and to organize research alliances among its members.

Through the Oak Ridge Institute for Science and Education (ORISE), the DOE facility that ORAU operates, undergraduates, graduates, postgraduates, as well as faculty enjoy access to a multitude of opportunities for study and research. Students can participate in a number of programs covering a wide variety of disciplines including business, earth sciences, epidemiology, engineering, physics, geological sciences, pharmacology, ocean sciences, biomedical sciences, nuclear chemistry, and mathematics. Appointment and program length range from one month to four years. Many of these programs are specially designed to increase the numbers of underrepresented minority students pursuing degrees in science- and engineering-related disciplines. A comprehensive listing on these programs and other opportunities, their disciplines, and details on locations and benefits can be found in the ORISE Catalog of Education and Training Programs, which is available at <http://see.orau.org>, or by calling the number above.

ORAU's Office of Partnership Development seeks opportunities for partnerships and alliances among ORAU's members, private industry, and major federal facilities. Activities include faculty development programs, such as the Ralph E. Powe Junior Faculty Enhancement Awards, the ORAU Events Sponsorship Program, the ORAU Travel Grants Program and the Lindau Meeting of Nobel Laureates and Students.

Student Account Services “Tuition & Fees”

- [Past Due Accounts](#)
- [Late Fees](#)
- [Florida Residency for Tuition Purposes](#)

· Student Account Services

Bursar: Kelly D'Agostino

Millican Hall (MH) 109

studentaccounts.ucf.edu

407-823-2433

studentaccounts@ucf.edu

· General Information

Student Account Services is here to serve the students who attend the University of Central Florida by maintaining accurate financial records and communicating with students concerning their accounts.

The Student Account Services office is responsible for:

- Tuition and Fee Assessment/Refunds
- Processing Payments
- Overdue payment and institutional loans collection (Loans and Collections)

· Schedule of Fees

Note: 2021-2022 tuition and fees had not been established at the time of this publication. Rates for the 2021-2022 academic year will be available in July 2021 at studentaccounts.ucf.edu/tf-tuitionratescurrent. Fees are subject to change without notice.

Tuition and Fees: Tuition and fees are established by the State Legislature and the University Board of Trustees and are subject to change without notice. Fees are affected by residency status. Tuition and fees are charged per semester or term for main campus, regional campus, and continuing education courses. Tuition is assessed on a per credit hour basis. Students classified as zero-hour registration students are assessed one credit hour at the Florida Resident Tuition rate at the course level for which the student is registered.

Tuition Fee Invoice: A student's Fee Invoice will show all tuition and fee charges, payments and deferments associated with the term, and courses in which the student is currently enrolled. The Fee Invoice will not show fees such as housing, meal plan, library, parking, etc. Tuition Fee invoices are available 24/7 on the web my.ucf.edu, and from the student's college advising offices. Students should review their current Tuition Fee Invoice prior to making a payment. Tuition Fee invoices are not mailed. The Tuition Fee Invoice should be reviewed once after initial registration of courses and also after making any changes to the initial registration to ensure that the fees are adjusted accordingly.

Fee Payment Deadlines: All University tuition and fees must be paid by the published dates. Tuition and fees not paid or deferred by the payment deadline for each term will result in late fees and may result in the cancellation of all classes. Refer to the [Academic Calendar](#) each term for the fee payment deadlines.

Limited Non-Degree Enrollment Classes: Payment guidelines for Limited Non-Degree enrollment classes can be found on the "Registration Form for Non-Admitted Students." It is the student's responsibility to officially drop from courses to avoid additional financial obligations.

· Student Financial Responsibility Statement

Registration at UCF requires students to acknowledge the following financial responsibility statement:

The following agreement includes details on your responsibilities related to, but not limited to the

following:

You are responsible for paying for any course for which you are enrolled in at the end of UCF's drop period. If your account becomes delinquent, you agree to reimburse UCF for the fees of any collection agency, which may be based on a percentage of the delinquent account balance.

Fee Responsibility: By registering for courses at UCF, I promise to pay the university the principal, and any late fees, fines or penalties, by the due dates stated on my student account and in applicable university catalogs and/or websites. I understand that withdrawal for each term begins after the drop deadline and that I remain fee liable for any class from which I withdraw. I understand that non-attendance does not constitute a drop or withdrawal. I also understand that notifying my professor, advisor, or other university representative does not constitute a drop or withdrawal. If I withdraw from courses with the intent of not returning to UCF, I must also drop courses for any future terms or I shall be fee liable and receive a grade.

Payment of Fees: If payment is made by check (electronic or paper) and the check is not honored by my bank, I agree that a returned check fee will be charged to my student account. If I expect financial aid to pay all or part of my financial obligations to UCF, I understand that it is my responsibility to meet all requirements for aid disbursement to my student account. I authorize UCF to use the financial aid to pay for all education costs charged to my student account in accordance with federal guidelines. I understand that it is my responsibility to ensure that all requirements of grantors, lenders, employers, and other third-party payers are met on a timely basis. I understand that despite my expectations for payment from financial aid or other sources, I am ultimately responsible for all charges incurred. I understand that my financial aid may be adjusted due to my student eligibility and/or student status (e.g., part-time, full-time). In connection with any such adjustments, I agree to repay UCF any amounts that the university pays, on my behalf, to lenders or other financial aid providers and that such amounts constitute an educational loan from the university.

Bankruptcy: UCF is an institution of higher education. As such, certain financial obligations are considered to be an educational loan offered for the sole purpose of financing an education and therefore is a non-dischargeable debt, pursuant to United States Bankruptcy Code section 523(a)(8).

Official Notification: I understand that UCF sends electronic notifications (emails) to my official Knights e-mail account to communicate important updates and that I am responsible for taking action on correspondence sent to this address.

Note: The Fall 2020 Financial Responsibility Statement had not been established at the time of this publication.

Payment Procedures

Payment must be received or postmarked no later than the fee payment deadlines as specified on the Academic Calendar. The primary form of payment of most account holders is online through the E-pay system via the myUCF portal. Students can pay using a check or a credit card in this system. **Payments cannot be transacted by telephone.**

Acceptable forms of payment:

- Personal Checks
- Credit Cards (Acceptable credit card types are Visa, American Express, MasterCard, and Discover). Please review the Student Account Services website at studentaccounts.ucf.edu/payment-methods for current payment information.
- E-Pay - my.ucf.edu - E-Check (Personal Check) or Credit Card
- A nonrefundable convenience fee will apply per credit card transaction.
- Payments made at any time on the published fee payment deadline will be considered on time.

E-Pay process:

- Sign in the myUCF portal as usual then click on the link for Student Self Service; this will open your Student Center page. Use the right scroll bar to scroll to the Finances section. You will find the **My Account** section.
- Click on the link for the Tuition Fee Invoice. Select the current term (i.e. Summer 2020, Fall 2020, or Spring 2021). The Fee Invoice will provide you your schedule, the charges, the Amount Due and deferrals.
- Annotate the Amount Due as you will need that amount once you are on the E-Pay system.
- Scroll down to the bottom of the page and click on the Due Charges/E-Pay link to make a payment.

Mailed payments: (Please do not send cash)

- Include student's name and UCF ID# on personal checks or money orders (make check payable to University of Central Florida)
- Address payments to:

University of Central Florida
Student Account Services
Attn: Payment Processing
P.O. Box 160115
Orlando, FL 32816-0115

Payment Drop – 24-Hour Depository at main campus (located on Reflecting Pond side entrance of Millican Hall) (no cash)

Other Forms of Payment

Tuition and fees may be partially or completely paid by financial aid, Florida Prepaid, tuition waivers, or departmental grants. The student is responsible to pay any amount that is not covered by these types of payments by the due date on his or her fee invoice.

Financial Aid

See Student Financial Assistance for rules and procedures.

All fees not deferred by financial aid are due by the due date on his or her fee invoice.

For information regarding Florida Prepaid College Plan or Tuition Waivers, please refer to the Student Account Services website at studentaccounts.ucf.edu.

UCF Payment Plan

The UCF payment plan is a 2-payment design in which the student pays \$15 upfront to be allowed to pay only 50% of the total tuition bill by the regular payment deadline, therefore avoiding a late payment fee, and being dropped for non-payment. The student is then responsible for paying the remaining 50% by the Payment Plan deadline on their Fee Invoice.

Students receiving financial aid, Florida Prepaid, waivers, or third party payments already have an extended payment deadline and will not be eligible for the UCF payment plan.

Florida Prepaid

UCF Student Account Services will automatically defer tuition and fees and bill Florida Prepaid (FPP) up to the maximum billable amount based on the number of credit hours enrolled. Students with active FPP deferrals will see the Estimated FPP showing on their Fee Invoice for the term. Please note that no FPP Plan will cover 100% of the fees associated with the tuition assessed. Student Account Services use an automated system to identify students with active FPP accounts, which eliminates the need to turn in a FPP Card.

Tuition and Fees for Senior Citizens

Persons 60 years of age or older who meet Florida residency requirements may register to audit classes on a space-available basis without payment of tuition and application fees. Registration is on a **space-available basis**; see the appropriate term's Academic Calendar calendar.ucf.edu for registration dates and times. The tuition fee waiver cannot be used for courses that require increased costs (such as thesis, dissertation, and directed individual study). A "Florida Residency" Affidavit is required to establish Florida residency. A completed "Student Health History" form must be filed prior to registration. Inquiries should be directed to the Registrar's Office (Millican Hall 161; Telephone: 407-823-3100).

· Refund of Fees

A refund of fees will be processed under the conditions noted below. The student must submit a written appeal for a refund or other appeal action to the University within six months of the close of the semester/term to which the refund or other appeal action is applicable. Any debts to the University will be deducted from the refund, up to the full amount.

Full Refund Eligibility

The following conditions allow a full refund: 1) A class is dropped prior to the end of the Drop period; 2) Cancellation of a course by the University.

Partial Refund (25%)

25% of tuition and associated fees assessed, adjusted for waivers, is refundable when the student withdraws **completely** from the University prior to the end of the fourth week of classes during a 16 or 17 week semester, or as designated by the university for summer sessions.

Exceptional Circumstances

Refunds for exceptional circumstances may be available for certain Administrative Record Changes of courses. Up to 100% of tuition and registration fees are refundable if due to circumstances determined by the University to be exceptional, including, but not limited to, sickness, death, involuntary call to military service, or University administrative error. If approved, a Late Withdrawal does not result in a refund of tuition and fees. Please visit the Academic Services website for more information.

A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable.

· Direct Deposit

Students are strongly encouraged to establish direct deposit with the University. Direct Deposit prevents delays due to lost checks or change of address. All refunds from students' accounts can be direct deposited into the student's checking account to any U.S.A. bank in the federal system. Funds are usually available within 24-48 hours after disbursement, and enrollment only takes a few minutes. To enroll, sign in at <https://my.ucf.edu> and click on Student Self Service. Go to the Student Account Services link, then click on Direct Deposit and follow the instructions.

· Past Due Accounts

All financial obligations to the University must be met. **Failure to meet obligations can result in the withholding and denial of registration, diploma, transcripts and readmission to the University.** The services of a professional collection agency and recourse to the courts may also be invoked if deemed necessary. All costs of collection, including attorney's fees, are the responsibility of the debtor.

Do not assume your registration will be canceled if you fail to pay fees or attend classes. Tuition deferrals, for example, will prevent class cancellation for non-payment.

· Late Fees

Late Payment Fees apply to students who do not pay their fees (or obtain a full fee deferment) by the payment deadline. The Late Payment Fee is \$100 per term minimum.

Late Registration Fees are charged to students who enroll following the close of the regular registration period for

the term, who re-register, or who enroll for the first time that term during Late Registration and Drop/Swap and Add period. The Late Registration Fee is \$100.00 per term minimum.

Late Payment DNP (Drop for Non-Payment) Fees are charged to students who are dropped for non-payment of courses. The DNP Fee is 100 per term minimum.*

**Summer term is divided into sessions, and the late fees are charged per session.*

Florida Residency for Tuition Purposes

At University of Central Florida, three offices are responsible for the review of residency for tuition purposes under Florida Statute 1009.21, F.S., State Board of Education, Rules 6A-10.044 & 6A-20.003, and Board of Governors Regulation 7.005. The offices of Undergraduate Admissions and Graduate Studies determine residency for all first-time-on-campus students; thereafter, the Registrar's Office will review student requests for changes in residency for Undergraduate Students. The College of Graduate Studies will review student requests for changes in residency for graduate students. A first-time-on-campus student will be classified according to the information he or she includes on the application for admission, providing that no other information is available that calls into question the information contained on the application.

To qualify as a Florida resident for tuition purposes in accordance with State regulations, the student must be a United States citizen, resident alien, parolee, Cuban national, Vietnamese refugee, or other refugee or asylee so designated by the United States Citizenship and Immigration Service,

And

Have established a legal residence in this state and maintained that legal residence for 12 months immediately prior to the term in which they are seeking Florida resident classification. The student's residence in Florida **must** be as a bona fide domicile rather than for the purpose of maintaining a mere temporary residence or abode incidental to enrollment in an institution of higher education, and should be demonstrated as indicated below (for dependent students, as defined by Internal Revenue Service regulations, a parent or guardian must qualify),

And

Submit the following documentation (or in the case of a dependent student, the parent must submit documentation) prior to the first day of classes for the term for which resident status is sought:

1. Documentation establishing legal residence in Florida (this document must be dated at least one year prior to the first day of classes of the term for which resident status is sought). The following documents will be considered in determining legal residence:
 1. Declaration of Domicile (**Note:** the Declaration of Domicile will support a claim of residency for tuition purposes only after a period of 12 months from the date that the Clerk of the Court notes that the declaration was sworn and subscribed to them.)
 2. Proof of purchase of a home in Florida in which the student resides;
 3. Proof that the student has maintained residence in the state for the preceding year (e.g., leases, employment records).
2. Documentation establishing bona fide domicile in Florida which is not temporary or merely incidental to enrollment in a Florida institution of higher education. The following documents will be considered evidence of domicile even though no one of these criteria, if taken alone, will be considered as conclusive evidence of domicile:
 1. Declaration of Domicile;
 2. Florida voter registration;
 3. Florida vehicle registration;
 4. Florida driver license or Florida identification;
 5. Proof of real property ownership in Florida (e.g., deed, tax receipts) where you reside;
 6. Verification of permanent employment, fulltime (30 hours/week x 52 weeks) in Florida by the employer, employment records, or other employment-related documentation (e.g., W-2 paycheck receipts), other than for employment normally provided on a temporary basis to students or other temporary employment. The document must show 12 consecutive months of Florida employment prior to the first day of classes of the term for which the student requests Florida residency;

7. Proof of membership in or affiliation with community or state organizations or significant connections to the State;
 8. Proof of continuous presence in Florida during periods when not enrolled as a student;
 9. Proof of former domicile in Florida and maintenance of significant connections while absent;
 10. Proof of reliance upon Florida sources of support;
 11. Proof of domicile in Florida of family;
 12. Proof of admission to a licensed practicing profession in Florida;
 13. Any other factors peculiar to the individual that tend to establish the necessary intent to make Florida a permanent home and that the individual is a bona fide Florida resident, including the age and general circumstances of the individual;
 14. Proof of graduation from a high school located in Florida.
3. No contrary evidence establishing residence elsewhere;
 4. Documentation of dependent/independent status (notarized copy of most recent IRS tax return)

Or

Be married to a person who has been a legal resident of the State of Florida for the required 12-month period and relinquish legal ties to any other state,

Or

Be a member of the Armed Forces on active duty stationed in Florida, or a spouse or dependent, or active drilling members of the Florida National Guard,

Or

Be a member of the full-time instructional or administrative staff of a state public school, Florida College System institution, or university in Florida, a spouse or dependent,

Or

Military Personnel (and spouse/dependent children) not stationed in Florida whose home of record or state of legal residence certificate is Florida,

Or

Be a dependent and have lived five years with an adult relative, who has established legal residence in Florida,

Or

Be a person who was enrolled as a Florida resident for tuition purposes at a Florida institution of higher education, but who abandoned Florida residency and then re-enrolled in Florida with 12 months of the abandonment,

Or

Be a full-time Latin American or Caribbean student who receives scholarships from the federal or state government,

Or

Be a United States citizen living on the Isthmus of Panama who has completed 12 consecutive months of college work at the Florida State University Panama Canal Branch, or a spouse or dependent,

Or

Be a graduate student of the Southern Regional Education Board's Academic Common Market attending Florida's state universities,

Or

Be a full-time employee of a state agency or political subdivision of the state when the student fees are paid by the state agency or political subdivision for the purpose of job-related law enforcement or corrections training,

Or

Be a U.S. Citizen who is a McKnight Doctoral Fellowship recipient,

Or

Be a qualified beneficiary under the Florida Pre-paid Postsecondary Expense Program per s.240.551(7)(a),

Or

Be an active duty member of the Canadian military residing or stationed in this state under the North American Air Defense (NORAD) agreement, or a spouse or dependent,

And

Submit a statement as to the length of residence in Florida and their residency qualifications under the above criteria. Students requesting Florida residency for tuition purposes shall apply to the appropriate admissions office if they have not yet enrolled, or to the Registrar's Office if they already are enrolled.

· Office of Student Financial Assistance

Director: *Alicia Keaton*

Millican Hall (MH) 107

finaid.ucf.edu

407-823-2827

Fax: 407-823-5241

finaid@ucf.edu

Office Hours:

Monday and Thursday: 9 a.m. - 5:30 p.m.

Tuesday, Wednesday, Friday: 9 a.m. - 5:00 p.m.

(Hours subject to change during holidays, semester breaks and changes in university operations.)

The Office of Student Financial Assistance is dedicated to supporting UCF's mission and goals through the efficient delivery of student aid. The office provides UCF students with a comprehensive offering of financial assistance options to support student success and the attainment of a university degree. Financial aid guidance is available in a variety of formats including in-person, virtual, phone and email counseling services. More information on the types of financial aid available to students and financial aid policies can be found in the [Financial Aid Guide](#).

· Student Rights and Responsibilities

Students have the right to full information about the financial aid programs available at UCF, our application procedures, aid deadlines, and the criteria used to determine a financial aid package. Students have the right to appeal decisions made by the Office of Student Financial Assistance. Students also have the right to equitable treatment of their financial assistance applications. Although each student's case is analyzed individually, eligibility standards are applied uniformly without regard to race, gender, religion, creed, national origin, or disability. All students' records are confidential.

It is the student's responsibility to review and understand all information and instructions, meet all deadlines, and provide all information and documentation accurately. Errors and omissions can cause delays and prevent students from receiving assistance. Misrepresentation is a violation of federal regulations.

· Student Eligibility

To receive aid from most federal and state financial aid programs, students must meet certain requirements. All students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) annually, before December 1, to determine eligibility. The FAFSA results are required for many programs. The federal processor, using a standardized formula, calculates financial need. Those results are then forwarded to the schools that were identified on the application. UCF must be listed on the FAFSA in order to receive the data. UCF's Federal School Title IV code is 003954. Regulations are subject to change at any time.

· Application Priority Date

All students must apply or reapply annually for financial aid. To be considered for the full range of financial aid available, students should complete the Free Application for Federal Student Aid (FAFSA)/Renewal FAFSA by mid-February. The processed results of the FAFSA must be received by UCF no later than December 1 to meet the university's application priority date.

- If the priority date is missed, students should apply as soon as possible after that date to be considered for the financial aid that is still available, such as the Federal Pell Grant, Federal Direct Stafford Loan, and Federal Direct PLUS Loan;
- Students should not wait to be admitted to UCF before applying for financial aid; however they cannot be offered a financial aid package until they have been admitted to the university;
- Federal Pell Grants and Federal Direct Stafford Loans are available on a year-round basis. Students may apply for financial aid in advance of any term and receive aid from these programs, if eligible;
- Students enrolling in the fall semester should submit all requested documents by the May 30th priority deadline for timely review and processing of their financial aid file. However all students should have a completed financial aid file at least 60 days prior to the beginning of any given semester. Students who apply late for aid should be prepared to cover their own living expenses, out-of-pocket, well into the term;
- A broad range of scholarships is available with diverse criteria. Please review the Scholarship page found on the website for additional information.

Application Procedures

- The FAFSA can be filed electronically at <http://www.fafsa.gov>;
- Using the IRS Data Retrieval Tool found within the FAFSA is the most accurate, and secure method of providing the required federal tax information. Applicants who use the unchanged data generated by the IRS Data Retrieval Tool will not be required to provide federal tax return transcripts from the IRS to the financial aid office. Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, may be required to submit IRS tax return transcripts to verify tax information. Signed copies of tax forms and the appropriate schedules may be submitted, in lieu of tax transcripts.
- Information provided on the Student Aid Report (SAR) should be reviewed thoroughly;
- Review all correspondence, follow instructions on the Student Aid Report (SAR), and follow through within 5 - 10 business days. Delays can result in negative consequences;
- Federal regulations require that some students be selected for verification, a process that requires a student's file receive additional review. If selected, students will be required to provide documents supporting the information submitted on the FAFSA. Subsequent requests for data may be necessary after initial submissions are reviewed. Prompt response to requests will expedite completion of this process;
- Students selected for verification are advised to submit all requested documents by the May 30th verification priority date for timely processing. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.
- Late or incomplete submission of documents can result in delayed disbursements or possible loss of eligibility for aid.
- Offered federal funds and other need-based financial aid are considered estimates until verification is complete and all necessary corrections have been made.

Specific Eligibility Requirements and Conditions for Receiving Financial Aid

- Students must be accepted and classified as degree-seeking at UCF in an eligible program of study. Only courses toward degree requirements count for financial aid purposes;
- Students must maintain UCF's Standards for Satisfactory Academic Progress (See ucf.edu/financial-aid/policies/satisfactory-academic-progress for more information);
- Students are required to inform the Office of Student Financial Assistance of any additional sources of aid they expect to receive beyond those listed on the award notification or award information provided on the Student Center on myUCF. Any subsequent awards or income may require a revision of the financial aid package. This includes, but is not limited to, any private scholarships or third-party tuition payment/waivers;
- Students may not receive aid in excess of their Cost of Attendance (See ucf.edu/financial-aid/cost for more information);
- Students must not be in default on any federal educational loan or owe repayment on a federal grant at this or any other institution;
- Students must provide all information requested for the completion of their file. If selected, verification must be completed within specified deadlines and prior to the receipt of all federal and most state and institutional funds;
- Students must notify the Office of Student Financial Assistance of any changes in their housing status, household size, or family members in college from that listed on their FAFSA;

- Students must reapply annually for federal financial aid;
- Students must accept, reduce or decline offered loan(s) on the myUCF View Financial Aid screen.
- First time borrowers must complete an online Entrance Counseling and Master Promissory Note (MPN) for a Federal Direct Stafford Loan at UCF;
- Students must be U.S. citizens or an eligible non-citizens, (e.g. resident aliens). Eligible non-citizens include a permanent U.S. resident with a Permanent Resident Card (I551); a conditional permanent resident with a Conditional Green Card (I-551C); as well as some I-94 classifications;
- Students must have a high school diploma, GED certificate, or completed secondary school through homeschooling as defined by state law;
- For need based programs, students must show financial need as determined by the FAFSA;
- Applicants who were assigned a male gender at birth must be registered with Selective Service, if applicable.

· Program Eligibility Charts

To ensure enrollment in sufficient hours for the various financial aid programs, please refer to the Program Eligibility Charts on the website, under Receiving Aid (See ucf.edu/financial-aid/resources/program-eligibility-charts for more information).

· Helpful Hints

- Apply early to be considered for the full range of financial aid available each year by completing the Free Application for Federal Student Aid (FAFSA)/Renewal FAFSA. The processed results of the FAFSA must be received by UCF from the federal processor by December 1 to meet the university's application priority date;
- Use the IRS Data Retrieval Tool located within the FAFSA application. Applicants who use the unchanged data generated by the IRS Data Retrieval Tool will not be required to provide federal tax return transcripts from the IRS. Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, will be required to submit IRS tax return transcripts to verify tax information. Signed copies of tax forms and the appropriate schedules may be submitted, in lieu of tax transcripts.
- Students selected for verification are advised to submit all requested documents by the May 30th verification priority deadline for timely processing. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.
- Start a folder to save financial aid information and photocopies of all documents filed and received. Include student's name and UCF ID on all documents submitted. (Do not submit originals; documents will be shredded after scanning.)
- Students should activate their Knights Email account and check it regularly to avoid missing important and critical information from the Office of Student Financial Assistance and the university;
- Complete all items necessary to apply for both a Federal Pell Grant and a Federal Direct Stafford Loan, even if it doesn't seem advantageous at the time. The law requires that students be considered for a grant before a loan is offered.
- Respond promptly to all information requests; late or incomplete submission of documents can result in delayed disbursements or possible loss of eligibility for aid.
- Financial aid counseling services are available in a variety of formats;
- Comprehensive financial aid information can be found on the website: www.ucf.edu/financial-aid.

· School Costs

Estimated student budgets have been developed as a guide to help students anticipate their costs at UCF. Please refer to the website at ucf.edu/financial-aid/cost for the estimated Cost of Attendance. The Cost of Attendance is not a bill. It is considered estimated charges a student can expect to incur upon enrolling in classes at the university.

**Estimated Cost of Attendance for 2021-2022
Undergraduate Students - Main Regional Campus**

(Fall/spring based on 14 hours per term)

Financial Aid Programs Available at UCF

Financial aid comes in many forms, such as grants, scholarships, employment, loans and waivers. Detailed information on the type of aid offered at UCF can be found on the financial aid website, under types of aid.

Grants are considered gift aid and do not have to be repaid. Only undergraduate students who have not previously received a bachelor's degree and who demonstrate financial need may be eligible for federal and state funded grant programs. Awards are based on the amount of available funds and the number of eligible applicants. To be considered for grant awards, students must meet eligibility requirements and have a valid FAFSA on file at UCF.

Scholarships are awarded based on various criteria, including financial need, campus/community activities,

leadership positions, academic success, and work experience. Scholarships are designed to reward, encourage, and assist students in pursuing academic excellence and leadership roles.

Federal Work Study is designed to provide students who demonstrate financial need a chance to earn money while pursuing a degree. Individual departments hire students while the Office of Student Financial Assistance determines the eligibility, award amount, and pay rate.

Loans are borrowed funds that must be repaid. They provide undergraduate students with an opportunity to invest in their future. Undergraduate students must enroll for at least six hours at UCF in UCF classes to be considered for federal loans. First time Federal Direct loan borrowers are subject to a maximum time period (measured in academic years) to receive Federal Direct Subsidized Loans. Students may not receive Federal Direct Subsidized Loans for more than 150% of the published length of their academic program. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. Visit our website for details.

Financial Aid Notification

Financial aid summaries for first time UCF students are sent electronically in early March, while email financial aid notifications are sent to continuing students who meet Satisfactory Academic Progress standards in April. Initial awards may be amended due to factors such as contingent admission status, less than half-time enrollment, lack of academic progress, changes needed due to verification, incomplete files, receipt of additional resources, etc.

Financial aid packages are based upon the student's financial need, the amount of available funds, the number of UCF students who qualify for aid, and the date the student completes the application process. The amounts listed via financial aid summaries are estimates based on full-time enrollment. For purposes of financial aid, enrollment is based solely on classes that count toward degree completion.

Federal, institutional and state funded aid require admission to UCF to be finalized with no contingencies and students must be classified as degree-seeking.

Verification, if required, must be completed. Students must meet the Standards for Satisfactory Academic Progress. If all eligibility is met, financial aid funds may be disbursed.

It is the student's responsibility to be aware of minimal requirements for each program, which can be found on the Program Eligibility Charts on the website. When requirements are no longer met, awards will be adjusted as necessary and will update on myUCF. All awards are subject to change.

Deferment of Tuition and Fees

Deferments allow students to extend payment of tuition and fees beyond the published due date, which is generally two weeks after the term begins. The fee invoice reflects the deferred due date for tuition and fees. Students given a deferment are advised that their tuition and fee charges must be paid by the due date noted on the student's fee invoice, which is the deferment date. The deferment process occurs automatically if the student is meeting all general eligibility requirements and has enrolled in sufficient hours for the financial aid program/s. Please refer to the Program Eligibility Charts on the website for more information. Students should use myUCF to obtain up-to-date information. In order for loans to defer tuition and fees, students must accept the offered loan on myUCF View Financial Aid screen. In order to have access to accept loans, all required items on the To Do List must be submitted. Students must drop classes prior to the end of Drop/Swap and Add in order to not be fee liable for those classes. If students do not drop their classes, a financial aid deferment may keep the classes active even if they never attended.

Confirmation of Academic Engagement and Disbursements

Timing of disbursements is contingent upon students meeting all conditions for receiving aid. Disbursement of financial aid begins the second week of the semester and continues each week thereafter. During the first week of classes students are required to confirm academic engagement in each of their courses. This is done through either the student completing an academic activity that has been established by the faculty member or by faculty physically taking attendance. Students may complete the academic activities after the first week of classes but they

may receive a later disbursement of aid for those courses. At the end of the Drop/Swap and Add period, awards are adjusted based on the student's enrollment and confirmation of academic engagement. The week following, the disbursement process is initiated by moving students' awards to the student's account. Once funds are disbursed to the Office of Student Account Services, the disbursement record is posted on myUCF under "View My Account" on the Student Center. Charges appearing on the student's account will be deducted at that time. Any remaining financial aid will be processed as a refund with the exception of any Federal Direct PLUS Loan for Parents, which will be disbursed to the parent at their mailing address. If charges remain on the account after disbursements, or if subsequent charges are made to the student's account, it is the student's responsibility to ensure they are paid. Students signed up for direct deposit should allow up to four business days for funds to show in their bank account. For refund checks that are being mailed, students should allow at least a week to receive their check at their current mailing address reflected on myUCF.

Students should be aware of the disbursement process so that they are prepared to use their personal savings for anticipated expenses such as books and supplies at the beginning of the term. The Short Term Advance (STA) for Books or the Textbook Purchase Program is available for students to help with these expenses. The STA application is available in the form section of the financial aid website approximately a month prior to the start of each term, so that funds may be available as early as two weeks before the first day of classes. For additional information regarding these two programs, visit ucf.edu/financial-aid/receive/funds-for-textbooks.

Satisfactory Academic Progress (SAP)

Federal regulations require the University to establish Standards of Satisfactory Academic Progress as a general eligibility requirement for financial aid. A student must maintain satisfactory academic progress in a course of study regardless of whether the student previously received financial aid or transferred in from another institution.

To meet the standards adopted by the University of Central Florida, a student must:

- Maintain a minimum cumulative GPA of a 2.0 at the undergraduate level.
- Complete a minimum of 67% of all credit hours attempted including transfer hours.
- Graduate within the number of hours allowed by the Satisfactory Academic Progress policy. Students are allowed a specific number of attempted hours based on their classification. This includes transfer hours accepted toward the degree plus all UCF hours (*see chart below*).

Classification	Maximum Hours Allowed For Completing Degree
Undergraduate	180 Attempted Hours
Second Undergraduate	70 Attempted Hours
Graduate Certificate	27 Attempted Hours (includes all hours taken while classified as a graduate certificate student)
Masters	70 Attempted Hours
Specialist	100 Attempted Hours (including all graduate level hours)
Doctoral	120 Attempted Hours (including all graduate level hours)

Students who do not meet the GPA and/or percentage completion SAP standards will be placed on financial aid warning for the next semester. At the end of that semester, students must either meet the standards or aid will be canceled for future terms until student either meets the standards or the student has an appeal approved placing them on financial aid probation with an academic plan on file demonstrating the requirements for the student to get back on track towards graduation.

Repeated course/s, including the original attempt, will be counted towards the completion ratio and maximum time frame requirements.

For detailed SAP policy information, please refer to the Office of Student Financial Assistance website at ucf.edu/financial-aid/policies/satisfactory-academic-progress.

Re-establishing Eligibility after Cancellation

Any student with extenuating circumstances, (i.e., death of a relative, an illness or injury of the student, etc.), who is

placed on cancellation status may appeal to the Financial Aid Review Committee for reinstatement based on his/her special case.

If the student was canceled for the failure to complete 67% of the attempted hours and since cancellation, has brought up the percentage to a minimum of 67%, the student will be reinstated during the end of the semester review process. If a student was canceled for not meeting the GPA requirement, they will be placed back on a reinstated status once their GPA has been brought up to the required level during the end of semester review process.

To appeal, the student must:

- Complete the Satisfactory Academic Progress Appeal Form; (available at ucf.edu/financial-aid, under Forms).
- Include a detailed statement that explains the extenuating circumstances that prevented or resulted in the student not meeting the SAP standards.
- Attach documentation supporting specific circumstance(s) to the appeal form;
- Meet with an Academic Advisor and have the advisor complete an Academic Plan for Financial Aid;
- Submit the appeal, supporting documentation, and academic plan to the Office of Student Financial Assistance. After a thorough evaluation of the written request and all supporting documentation, the Financial Aid Review Committee will notify the student of the decision by email communication or the student may view the updated status on myUCF, under View Financial Aid Status.

For detailed SAP policy information, please refer to the Office of Student Financial Assistance website at ucf.edu/financial-aid/policies/satisfactory-academic-progress.

· Satisfactory Academic Progress Probation

Students who submit a SAP Appeal that is approved will be placed on Financial Aid Probation, and will be continued on Financial Aid Probation status as long as they successfully comply with the prescribed academic plan that is submitted as part of the SAP Appeal. Progression will be monitored during the probationary period at the beginning and end of each semester to ensure the student is following the prescribed academic plan and successfully matriculating through their program of study. Disbursements will not be made for a semester unless it is verified that the prior review (if applicable) was acceptable and student is in the proper classes for the term in question. All probation students must successfully complete a minimum of 67% of the credit hours that they attempt each semester. In addition, students on probation for GPA and/or completion ratio must make positive progression in the appropriate area(s).

· Transfer Students

Transfer students should pay close attention to priority filing dates. If a FAFSA for the year in question has already been filed, request that the federal processor forward the information to UCF, School Code 003954, by utilizing Part II of the Student Aid Report and adding the UCF School Code to the online FAFSA, or calling the Federal Student Aid Information Center at 1-800-4 FED AID. The To Do List on myUCF will indicate any required forms.

Transfer students expecting to receive the Florida Bright Futures Scholarship at UCF are required to contact the Florida Department of Education Office of Student Financial Assistance (OSFA) to transfer their scholarship from their previous institution to UCF. Students can call OSFA at 1-888-827-2004 or log onto the Bright Futures Scholarship website at <https://www.floridastudentfinancialaidsg.org/home/ApplyHere.asp> to transfer the scholarship to UCF.

· Independent Students

For the 2020-2021 aid year, students will be classified as independent for financial aid purposes if the answer to one or more of the questions below is yes:

- Were you born before Jan. 1, 1998?
- As of today, are you married? (Also answer "Yes" if you are separated but not divorced.)
- At the beginning of the 2021-22 school year, will you be working on a master's or doctorate program (such as an M.A., M.B.A., M.D., J.D., Ph.D., Ed.D., graduate certificate, etc.)?
- Are you currently serving on active duty in the U.S. armed forces for purposes other than training? (If you are a National Guard or Reserves enlistee, are you on active duty for other than state or training purposes?)
- Are you a veteran of the U.S. Armed Forces?*
- Do you now have—or will you have—children who will receive more than half of their support from you

between July 1, 2021, and June 30, 2022?

- Do you have dependents (other than your children or spouse) who live with you and who receive more than half of their support from you, now and through June 30, 2022?
- At any time since you turned age 13, were both your parents deceased, were you in foster care, or were you a dependent or ward of the court?
- As determined by a court in your state of legal residence, are you or were you an emancipated minor or does someone other than your parent or stepparent have legal guardianship of you, as determined by a court in your state of legal residence?
- At any time on or after July 1, 2020, were you determined to be an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless, as determined by (a) your high school or district homeless liaison, (b) the director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development, or (c) the director of a runaway or homeless youth basic center or transitional living program?

· **Transient Enrollment**

Students who have been approved to take classes at another institution while attending UCF might have those hours counted toward meeting financial aid requirements for some programs at UCF. Courses taken elsewhere must meet some major or general education requirements to be calculated as part of student aid eligibility. Transient enrollment will not meet eligibility criteria for institutional aid programs, such as UCF Grant, UCF Scholars Award or Pegasus Scholarships. Check the Program Eligibility Chart for detailed requirements for each program. Students who expect to receive funds under any of the federal loan programs must enroll for a minimum of six undergraduate hours at UCF in UCF classes to meet eligibility requirements.

UCF students attending a Florida public community/state college or university must complete the Transient Student Admission Application through Florida Shines at <https://www.floridashines.org/>.

UCF students attending any college or university other than a Florida public institution must submit the following documents to the Office of Student Financial Assistance on or before the withdrawal deadline of the term in which aid is to be disbursed:

1. Transient Notification Form for Financial Aid for Out of State and Private Institutions.
2. A copy of the Fee Invoice and Class Schedule from the transient (host) Institution.
3. A copy of the Transient Student Approval Form with required signatures from Academic Advisor, Academic Services (if required) and UCF Registrar's Office.
4. A completed Consortium Agreement Form signed by the transient school's Financial Aid Office.

Students who are enrolled in transient hours must make arrangements to pay tuition and fees at the visited school since there is no system for deferral of those tuition and fees. In addition, it is the student's responsibility to ensure that the visited school promptly provides the UCF Registrar's Office with academic transcripts at the conclusion of the term, confirming that the attempted hours are completed. This will help avoid Satisfactory Academic Progress problems.

Students may not receive financial aid from two institutions for the same semester. Students must decide which of the two institutions is the primary school at which they are degree seeking and apply for aid there. Any inaccuracy will result in a mandatory repayment to one of the two schools for the overpayment.

· **Over Awards**

An over award occurs when a student's award package has exceeded either the unmet need or Cost of Attendance. To prevent over awards, students are required to notify the Office of Student Financial Assistance of any potential awards not already listed on the student's financial aid award summary on the Student Center in myUCF. In the event of an over award, the student's award package is reduced to eliminate the over award, which may result in a repayment to the institution of the over award. This includes late scholarship notifications that may occur during the academic year. Students are advised to discuss the impact of receiving scholarship funding after other financial aid funds have disbursed with the financial aid office.

· **Refunds and Return of Title IV Funds**

Students should be aware that if they completely withdraw (officially or unofficially) from the university after having received financial assistance, they may be required to repay a portion of that assistance. Students who received Federal Direct Stafford Loans should also know that the Registrar's Office is required to notify the National Student

Loan Data System (NSLDS) of student withdrawals. This may change their loan deferment status with their loan servicer(s).

· Professional Judgment

There are some cases when the federal methodology used to determine a student's eligibility does not reflect the student's current situation. In these cases, special circumstances may be taken into consideration. Students with extenuating circumstances (i.e. loss of employment, divorce, death of parent/spouse, etc.) should contact the office to review their specific situation with a counselor. If a student presents extenuating circumstances, an appeal can be submitted to include support documentation for review. The appeal will be reviewed and a decision will be made through the Professional Judgment review process. Detailed information can be found at: ucf.edu/financial-aid/receive/professional-judgement.

· Repeated Coursework

Federal regulations state that students may only receive federal financial aid funding for one repetition of a previously passed course. As a result, any repeated course/s that the student enrolls in (current or future terms) cannot be used in the calculation of his/her enrollment level for financial aid purposes for that particular term, regardless of whether or not financial aid was received for the course(s). The repeated course(s), including the original attempt, must be counted towards maximum time frame and hours completion ratio requirements for Satisfactory Academic Progress purposes, which can impact a student's financial aid eligibility. For detailed information, visit ucf.edu/financial-aid/policies/repeat-coursework.

· Maximum Time Limitation on Direct Subsidized Loan Eligibility

There is a limit on the maximum period of time an undergraduate student can receive Direct Subsidized loans. First time Federal Direct loan borrowers on or after July 1, 2013, are subject to a maximum time period (measured in academic years) to receive Federal Direct Subsidized Loans. In general, students may not receive Direct Subsidized Loans for more than 150% of the published length of their program of study. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. Visit our website for more information.

· Excess Hours Surcharge

In 2009, the Florida Legislature implemented Section 1009.286, Florida Statutes to encourage students to complete their baccalaureate degree as quickly and efficiently as possible and established an excess hours surcharge. The bill requires universities to add a surcharge to each credit hour taken in excess of the total number of credit hours required to complete the degree being pursued. The amount in excess of the total hours is calculated based on a percentage defined in statute and is referred to by UCF as baseline hours limit. The amount charged per credit hour is a calculated amount referred to as the excess hour surcharge.

The financial aid office cannot increase students cost of attendance as a result of being charged the excess hour surcharge nor can federal financial aid be used to pay for this charge. State, institutional, and private funding can, however, pay this charge. The excess hour surcharge is a state statute and should not be confused with the federal SAP standards. Students are encouraged to meet regularly with their academic advisors to map out a timely completion of their degree. For more information, please refer to registrar.ucf.edu/excess-hours.

Undergraduate Admissions

admission@ucf.edu

The Office of Undergraduate Admissions at the University of Central Florida coordinates the admission and enrollment of all undergraduate first-time-in-college, transfer, non-degree, and non-Florida public institution transient students to the university. The office's primary mission is to identify, attract, and enroll talented, diverse, and academically qualified students who will contribute to, achieve growth and success at, and benefit from attending the University of Central Florida.

The Office of Undergraduate Admissions seeks to attract students who are motivated, creative, and committed to academic excellence. The office will accomplish this through personal contacts, strategic communication, information management, and targeted recruitment. The office is dedicated to providing quality customer service through effective teamwork and through the development of collaborative partnerships with both internal and external communities.

The office administers several programs for prospective students and parents, including daily tours and information sessions, "Knight for a Day" open houses, area receptions for admitted students, and high school and Florida College System institution visits by admission representatives. It also provides the opportunity to meet one-on-one with an admission representative on campus. Please visit our website for further information. Office hours are Monday/Thursday 9 a.m.-6 p.m. and Tuesday/Wednesday/Friday 9 a.m.-5 p.m.

· Campus Visit Experience

Information sessions and campus tours are available through our "Campus Visit Experience". All freshmen (First-Time-In-College: FTIC) and transfer prospective students and their families are encouraged to participate. The Campus Visit Experience, which includes both an information session and tour of the campus, begins at the Duke Energy UCF Welcome Center at 10 a.m. and 2 p.m., Monday through Friday, except holidays. Reservations can be made by visiting our website at admissions.ucf.edu. "Transfer To Be A Knight" information sessions are held for prospective transfer students on select days throughout the year. Visit admissions.ucf.edu/transferknights for more information. Special requests may be accommodated and can be requested by visiting our website.

Admissions representatives are available to discuss particular concerns about admission to the University. You may contact the Office of Undergraduate Admissions at 407-823-3000 or visit us at our website. Information sessions and campus tours are also available for students interested in our UCF Downtown Campus and our Rosen College of Hospitality Management Campus. Go to <https://www.ucf.edu/admissions/undergraduate/visit/> to schedule a visit.

· Application for Admission

All interested applicants should complete the University of Central Florida "Undergraduate Admissions Application" online at admissions.ucf.edu and submit the \$30 (in U.S. Currency), non-refundable application fee. First-Time-In-College (FTIC) students can also apply using the Common Application at <http://www.commonapp.org>. Students should apply several months in advance of an anticipated start date and provide a completed file by the published application deadline. Questions concerning admission requirements and applications can be forwarded to admission@ucf.edu.

Applications for admission can be submitted up to one year prior to the start of the term desired. The application deadlines are May 1 for the Fall semester (July 1 for Transfer students), November 1 for the Spring semester, and March 1 for the Summer term. The priority deadline for most financial assistance and scholarships is December 1. Information regarding University housing can be found at housing.ucf.edu. Applicants can apply for housing once they are offered admission to the University. Requests for housing are subsequently reviewed according to the date of the receipt of the housing application. **The University does not discriminate based on race, color, ethnicity, national origin, religion, non-religion, age, genetic information, sex (including pregnancy, parental status, gender identity or expression, and sexual orientation), marital status, physical or mental disability (including learning disabilities, intellectual disabilities, and past or present history of mental illness), political affiliations, veteran status (as protected under the Vietnam Era Veterans' Readjustment Assistance Act), or membership in any other protected classes as set forth in state or federal law.**

Applicants should understand that this Undergraduate Catalog outlines minimum requirements to be considered for admission and that admission to the University is competitive. The satisfaction of minimum requirements does not

guarantee admission. Conversely, Florida Department of Education policy allows the University to admit students to any semester as exceptions to the minimum requirements. The Office of Undergraduate Admissions and the Admissions and Standards Committee are responsible for the admission of all undergraduate students under this exception policy.

Applicants must submit official transcripts from each educational institution attended to the Office of Undergraduate Admissions. Applicants must likewise submit official score reports for credit earned from each appropriate testing agency (e.g. AICE, AP, CLEP, or IB). To be considered official, supporting admissions documents must be received directly from the issuing institution or testing agency. All final supporting documents must be received by the Office of Undergraduate Admission no later than six (6) days after the first day of classes.

Note: Furnishing false or fraudulent statements in connection with an application for admission or residency declaration may result in disciplinary action, denial of admission, loss of financial aid, and invalidation of credits or degrees earned.

Those enrolled students who have not submitted official completed records by the deadline will be placed on administrative hold. Students with these incomplete records will not be permitted to register for a future term until all official transcripts and other required documentation have been received. If, upon review of final transcripts, student records are not satisfactory, they may be placed on academic probation, have their admission status revoked, changed to non-degree or transient status, may become ineligible for financial assistance, and may, in some cases, be withdrawn from the University. In addition to the required documentation mentioned above, students must have a satisfactory conduct record at all schools attended.

The University of Central Florida participates in the [National Council for State Authorization Reciprocity Agreements](#). More information regarding geographical authorizations and restrictions is available at registrar.ucf.edu/restrictions.

Reactivation

Students who have submitted an application for admission to UCF as a degree-seeking student and do not attend, may reactivate the original application **within one year** of the term for which they first applied. To update the application, students should complete the Reactivation Form by the published application deadline date. This form can be found online at admissions.ucf.edu/forms. This process reactivates the application only; additional official credentials may be required. Admission for one term does not guarantee admission for a future term.

Limited Access Programs

Admission to the University does not guarantee admission to a limited access program. Some majors at the University limit the number of students who may enroll. Limited access status occurs when student demand exceeds available resources (e.g., faculty, instructional facilities, equipment) or when specific accrediting requirements apply. Criteria for admission are selective and include indicators of ability and indicators of performance, creativity, or talent to complete required work within the program.

Orientation

All first-time undergraduate degree-seeking students are required to attend orientation prior to enrollment. Orientation information is emailed to all FTIC students offered admission who have submitted their enrollment deposit and to all transfer students offered admission to the University. Information regarding orientation may also be viewed on the website at orientation.ucf.edu.

Admission Categories

Students may submit applications to the University for one of the following categories:

1. Freshman (First-Time-In-College: FTIC)
2. Dual Enrollment/Early Admission (includes early admission and dual enrollment, on- or off-campus)
3. Transfer*
4. Second Bachelor's Degree

5. Transient (one term enrollment only, not from a Florida public institution)**
6. Non-Degree Seeking (not including students who have already earned a bachelor degree)***
7. Limited Non-Degree Seeking****
8. Special Non-Degree Seeking (includes students participating in specific non-degree seeking programs including ROTC, Study Abroad only, Marching Band only, and Rosen College exchange programs)

*Transfer students with 60 semester hours or more may also designate one of many UCF Connect sites as well as a UCF Online-only program. Please refer to the application.

**Students applying as transient from a Florida public institution should apply through Florida Shines at <http://www.floridashines.org>.

***Students who have already earned a bachelor degree and wish to attend as non-degree seeking should follow the procedure through our Graduate Admissions Office located at admissions.graduate.ucf.edu/nondegree_applicants.

****Please see the "Academic Regulations and Procedures" section of this catalog for this admission category.

Freshman Applicants

Any FTIC student who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.002 is encouraged to submit an application. Meeting these minimum requirements does not guarantee admission. An applicant's total high school record (including grades, test scores, educational objective, quality of courses completed, essay, and personal achievements and honors) will be considered in the selection process. The University reaffirms its Equal Educational Opportunity (EEO) commitments and seeks to increase diversity among the student body.

High School Diploma

Freshmen who are applying for admission to the University are required to have a standard high school diploma (or the equivalent) or a General Equivalency Diploma (GED).

Entrance Examination Scores

All FTIC applicants for admission must submit test scores from the SAT Reasoning Test, redesigned SAT (rSAT) or the ACT. UCF superscores both the SAT and the ACT.

High School Academic Units and Grade Point Average

All applicants must have earned a minimum number of high school academic units (year-long courses that are not remedial in nature) to be considered for admission. A grade point average (GPA) will be computed only on academic courses. Plus(+) and minus(-) will not be included in the high school GPA recalculation. Grades in International Baccalaureate (IB), Advanced Placement (AP), Cambridge Advanced International Certificate of Education (AICE), honors and dual enrollment courses will be given additional weight in the computation of the academic GPA. The high school academic unit requirements are as follows:

Academic Subjects	Units Required
English (three of which must have included substantial writing)	4
Mathematics (at or above the Algebra I level)	4
Natural Science (two of which must have included substantial laboratory requirements)	3
Social Science (included: history, civics, political science, economics, sociology, psychology, and geography)	3
Foreign Language (both credits must be in the same language)	2
Additional academic electives from the above five subject areas and courses recommended by the Florida Association of School Administrators, or other groups, and courses recommended by the Articulation Committee and approved by the Department of Education	2
TOTAL UNITS:	18

Applicant Eligibility

As stated in Florida Board of Governors Regulation 6.002, an FTIC student shall be considered as meeting minimum

SUS eligibility requirements in one of the following ways:

1. A 3.00 or higher high school grade point average (GPA) on a 4.00 scale as calculated by the university, presenting an official SAT and/or ACT score, and meeting all high school academic unit requirements above.
2. A 2.50-2.99 high school grade point average (GPA) on a 4.00 scale as calculated by the university, presenting an official SAT and/or ACT score, meeting the requirements for college-level placement per Board of Governors Regulation 6.008 below and all high school academic unit requirements above.

SAT (taken prior to March 1, 2016)	
Critical Reading	440
Mathematics	440

SAT (taken March 1, 2016 and after)	
Reading Test	24
Writing and Language Test	25
Math Test	24

ACT	
Reading	19
English	17
Mathematics	19

Each state university reserves the right under Florida BOG regulation 6.002 to establish admission criteria that exceeds Florida BOG minimums.

- Admission to the University is limited by space availability. The degree of competition for space depends on the number and qualifications of those who apply for admission. To increase the chance of admission, high school students should present credentials that are stronger than the minimum requirements for consideration as listed above. If the number of qualified applicants exceeds the number that the University is able to enroll, a waiting list will be established.
- A student applying for admission who does not meet established requirements may bring to the University other important attributes or special talents and may be admitted if, upon appeal and in the judgment of the Admissions and Standards Committee, the student can be expected to do successful academic work. The University will provide appropriate advising for each student admitted under this alternative.
- Students who have been enrolled in dual enrollment courses will be required to have a minimum "C" average (2.0 GPA) for all completed dual enrollment course work.
- A student must demonstrate competency of foreign language or American Sign Language equivalent to the second high school level or higher (Spanish 2, Haitian Creole 2, etc.) or at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution to be offered admission.

Dual Enrollment/Early Admission Applicants

High School students who have demonstrated exceptional academic ability may be permitted to enroll as university students while completing their high school programs. There are three types of dual enrollment programs:

1. **Early Admission** is for students who have typically completed their junior year in high school and would like to enroll at the University as full-time students for their senior year of high school to complete their high school graduation requirements. Students must submit an application for admission by the published application deadline date. In addition, the following information is required:
 - official copy of high school transcript(s);
 - official copy of SAT Reasoning Test, redesigned SAT (rSAT), or ACT; and
 - Completed Early Admission/Dual Enrollment Authorization Form
2. **Dual Enrollment On-Campus** is for students who desire to dual enroll on a part-time basis, taking one or

two courses on campus, while completing their high school course work. Students must submit an application for admission by the published application deadline date, as well as all items listed above. Additional documentation may be required.

3. **Dual Enrollment Off-Campus** is for students whose high schools sponsor on-site courses at specific high schools. Students earn both high school and college credit for successful completion of course work. Each respective high school selects students who are eligible to participate in these programs. Contact your high school guidance office for detailed information.

Transfer Applicants

Any Transfer student who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.004 is encouraged to submit an application. Students should apply online at admissions.ucf.edu and arrange to have official transcripts sent from all colleges attended. The Office of Undergraduate Admissions computes a grade point average (GPA) for each institution attended, as well as a cumulative GPA on all college courses attempted. This computation does recognize plus or minus grades and only recognizes grade forgiveness when it is used as part of an awarded statewide articulated Associate in Science degree or an Associate in Arts degree from a Florida public institution. Applicants must have a cumulative minimum GPA of 2.0 as well as a minimum GPA of 2.0 and be in good standing as a degree-seeking student at the last institution attended to be considered for admission to UCF. **Meeting these minimum requirements does not guarantee admission.**

Transfer students are required to complete at least 30 hours in residence at UCF to earn a bachelor's degree. In addition, students must complete 48 hours in residence at UCF to be eligible to receive baccalaureate honors recognition at the time of graduation.

Transfer Applicants with Fewer Than 60 Credit Hours

Transfers with less than 30 transferrable semester hours: Must minimally meet all requirements listed in the Freshman Applicants section above. They must also have at least a 2.0 GPA on a 4.0 system for all college-level academic courses attempted and be in good standing (minimum 2.0 GPA) and eligible to return as a degree-seeking student to the last institution attended. Meeting these minimum requirements does not guarantee admission.

Transfers with 30 or more but less than 60 transferrable semester hours: Must minimally have successfully completed (C or higher) at least one English Composition course and one college level mathematics course that consists of three (3) semester credit hours, as well as demonstrated foreign language competency equivalent to the second high school level or the elementary 2 level at an undergraduate institution. They must have at least a 2.0 GPA on a 4.0 system for all college-level academic courses attempted and be in good standing (minimum 2.0 GPA) and eligible to return as a degree-seeking student to the last institution attended. High school transcripts may be required to demonstrate completion of the foreign language admission requirement. Students not meeting these requirements must meet the requirements for transfer students with less than 30 transferrable semester hours. Meeting these minimum requirements does not guarantee admission.

Transfer Applicants with an A.A. Degree from a Florida Public Institution

Admission of Associate in Arts (A.A.) degree graduates from Florida College System institutions and Florida state universities is governed by the Articulation Agreement between the state universities and Florida College System institutions of Florida, as approved by the State Department of Education. The agreement states: The associate in arts degree is the basic transfer degree of the Florida College System institutions. It is the primary basis for admission of transfer students from Florida College System institutions to upper division study in a state university. Every associate in arts graduate of a Florida College System institution shall be granted admission to an upper division program consistent with Section 1007.23, F.S. Admission to each student's preferred public postsecondary institution or program is not guaranteed.

Any student admitted without demonstrated competency in a foreign language or American Sign Language equivalent to the second high school level or the elementary 2 level at an undergraduate institution must satisfy the admission requirement prior to graduation. Florida College System institution Associate in Arts graduates are guaranteed the following rights under the Statewide Articulation Agreement (State DOE Rule 6A-10.024):

1. Admission to one of the twelve state universities, except to "limited access" programs (programs that have additional admission requirements);

2. Acceptance of at least 60 credit hours by the state universities toward the baccalaureate degree;
3. Transfer of equivalent courses under the statewide Course Numbering System;
4. Acceptance by the state universities of credit earned in accelerated programs (e.g., CLEP, AP, PEP, Dual Enrollment, Early Admission, and International Baccalaureate);
5. No additional General Education Core requirements;
6. Advanced knowledge of selection criteria for limited access programs; and
7. Equal opportunity with native university students to enter limited programs.

Should any guarantee be denied, students have the right of appeal through the Office of Undergraduate Admissions and the Admissions and Standards Committee.

Transfer Applicants - More Than 60 Hours, Have Not Received an A.A. Degree from a Florida Public Institution

Undergraduate transfer applicants who desire to be admitted as upper division students must have met, at least, all of the following requirements:

- A minimum of a 2.0 GPA and 60 credit hours of academic course work;
- The English and Mathematics requirements of the Gordon Rule; and,
- Demonstrated competency at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution. This requirement applies to those students without the required demonstrated proficiency equivalent to the second high school level.

Meeting these minimum requirements does not guarantee admission.

Second Bachelor's Degree Applicants

Second Bachelor's Degree applications are processed by the Undergraduate Admissions Office or the Registrar's Office. Guidelines for which office students should make application to are outlined as follows:

- Students who **have never attended** the University of Central Florida as degree seeking undergraduate students must apply to the **Office of Undergraduate Admissions**. Students should complete the undergraduate admissions application online at admissions.ucf.edu.
- Students who **have previously attended** the University of Central Florida as a degree-seeking undergraduate student should apply through the Registrar's Office. These students should follow the Readmission procedure located online at registrar.ucf.edu/readmission-application.

Credits from a Previous Baccalaureate Degree

Graduates from other accredited institutions of higher education (meeting university transfer eligibility requirements) who apply for admission to work toward a second undergraduate degree must meet the regular requirements of the university (as defined in the "Undergraduate Degree Requirements" section of this Undergraduate Catalog). Students must meet all transfer GPA requirements. A baccalaureate degree or higher from another accredited institution of higher education (meeting university transfer eligibility requirements) satisfies the General Education Program requirements and also provides exemption from the foreign language requirements for admission and graduation.

Note: A baccalaureate degree or higher from a non-US institution with fewer than the equivalent of 120 credit hours will not automatically be credited as a baccalaureate degree. Students will be classified according to the number of semester credit hours earned rather than a second-degree seeking applicant. A baccalaureate degree from a non-US institution will not automatically satisfy the General Education Program requirements. If a baccalaureate degree from an accredited institution of higher education (meeting university transfer eligibility requirements) includes credit from a non-recognized institution, the credit from the non-recognized institution may not be included as transfer credit. This would result in the transfer of less than the total number of credit hours awarded within the baccalaureate degree.

Transient Student Applicants

A student in good standing with a minimum 2.0 GPA at the last accredited institution of higher education (meeting university transfer eligibility requirements) attended who desires to enroll for one term at UCF may be considered for admission as a transient student. Such enrollment terminates at the end of one term and does not presuppose degree-seeking admission to the University. A transient student must submit an official transcript from the last institution attended. Transient student applications must be received by the appropriate application deadline. If a

student's last school of attendance is a Florida public institution, they must apply through the Florida Shines website at <http://www.floridashines.org>. Transient students are not eligible to receive financial aid. Registration is permitted on a space-available basis. Meeting the minimum GPA requirements does not guarantee admission.

Non-Degree Seeking Applicants

A student who wishes to attend UCF, but not work toward a degree and has not already earned a bachelor's degree, must apply to the Office of Undergraduate Admissions as a non-degree seeking student. Non-degree seeking applicants must follow the same procedure and must meet the same admission requirements as transfer applicants. Please see the details on the previous page for transfer applicants. **Meeting minimum admission requirements does not guarantee admission.**

A student who has already earned a bachelor's degree and wishes to attend as non-degree seeking should follow the procedure through our Graduate Admissions Office located at application.graduate.ucf.edu/#/.

International Applicants

The University of Central Florida is authorized under federal law to enroll students on non-immigrant visas. All international candidates applying for admission to UCF must submit a University of Central Florida Undergraduate Admissions Application online at admissions.ucf.edu. Because of additional processing time needed for non-immigrant students joining UCF on F-1 or J-1 visas, those students should submit the application and all required academic documentation by the international application deadlines, as follows: Fall: **March 1**; Spring: **September 1**, and Summer: **January 1**.

The following items will be needed in order to review an application for admission. Specifics regarding which documents are required for freshman and transfer students can be found on our International Applicants page: admissions.ucf.edu/apply/international.

- UCF admission application with the required \$30.00 non-refundable application fee (credit card or e-check online, check or money order in U.S. currency). The online application is available on our website at admissions.ucf.edu. First-Time-In-College (FTIC) students can also apply using the Common Application at <http://www.commonapp.org>.
- Students who attend/have attended an international secondary school must submit official transcripts, graduation certificates, and/or exam results of all secondary work to UCF. If you have questions regarding required documentation, please refer to the reference guide by country at: ucf.edu/admissions/undergraduate/wp-content/uploads/sites/4/2018/11/Intl-Secondary-School-Credentials-Country-Reference-Guide-v.-1.0.pdf. All documentation submitted in a language other than English must be accompanied by a literal translation performed by a certified translator at the issuing institution, government agency, or by a translator certified by the American Translators Association https://www.atanet.org/clients/client_certified_translation.php.
- Official AP, IB, AICE, CLEP, CAPE, and GCE A/AS Level score reports for exams taken. CAPE and GCE AS/A-Level examinations results, not granted by Cambridge Assessment International Education, will need to be submitted for evaluation by one of these agencies: Josef Silny & Associates or World Education Services.
- If the student has attended any international universities, an English translation and evaluation of work completed at each institution will be necessary. Transcripts should be sent to one of the agencies below for a course-by-course evaluation. Please note that if 60 or more transferable credit hours have been earned at a post-secondary institution, it will not be necessary to submit the secondary school records and SAT/ACT scores. In specific instances, for applicants with 30 to less than 60 transferable credit hours, it may also be unnecessary to submit these documents as well. Please go to admissions.ucf.edu/30-or-more-fewer-than-60/ for more information.
- Demonstrated English proficiency can be evidenced by one of the following:
 - proof that the student is from a country where English is the **only** official language
 - establishing that a prior bachelor's, master's or doctoral degree was earned from an accredited institution of higher education (meeting university transfer eligibility requirements) in the United States
 - establishing that a prior bachelor's, master's or doctoral degree was earned from a country where English is the only official language, or a university at which English is the only official language of instruction
 - submitting a qualifying score on the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). Qualifying scores for undergraduate applicants are a TOEFL computer-based score of 220, a TOEFL internet-based score of 80, a TOEFL paper-based score of 550,

- or an IELTS score of 6.5
- presenting a minimum 520 EBRW rSAT score or 480 Critical Reading SAT or 20 ACT (English section)
- completion of 4 years of English at a secondary school in the U.S.
- completion of the English Language Institute's (ELI) level 8 or higher with a grade of a "B" or better
- completion of EAP 2851 with a grade of a "C" or better or placement into ENC 1101
- an onsite assessment by UCF ELI faculty qualified to administer English proficiency assessment and determining that the student is English proficient at the university level
- Results of the SAT Reasoning Test, redesigned SAT (rSAT), or ACT will be required if the student has earned less than 30 credit hours of college credit and may be required if the student has earned at least 30 but less than 60 transferrable semester hours. Information regarding these examinations may be obtained from the College Board (SAT) at <http://www.collegeboard.org> (UCF code: 5233) or from ACT at <http://www.act.org> (UCF code: 0735). While there are no specific minimum score requirements for these examinations for admission, they are used in conjunction with other required credentials, and students should prepare sufficiently to achieve the highest possible score on these exams.

F-1 applicants must complete and submit required financial and immigration documents with **UCF Global** by the term specific deadline, including financial documents indicating financial support to cover educational and other expenses for the first year of study. These documents can be found online at <https://global.ucf.edu/international-students-scholars-%20and-professionals/international-admissions/undergraduate/>.

Educational Translations and Evaluations

Foreign diplomas must meet the requirements specified in Florida Statutes, section 229.814. UCF will accept evaluations of academic credit from these agencies:

Josef Silny and Associates/World Education Services

<http://www.isilny.org> <http://www.wes.org>

Mandatory Health Insurance for International Students on F and J Visas

Each international student on a F or J visa offered admission and dependents of J visa students shall, prior to registration for classes, submit proof of required health insurance coverage to UCF Student Health Services to comply with the State of Florida mandatory health insurance requirement for F and J students. Minimum coverage limits are posted on the Student Health Services website at studenthealth.ucf.edu. Use the link for International Students that directs you to information specific to the UCF-endorsed health insurance plan that meets all the State of Florida requirements. Proof of insurance coverage must be submitted to Student Health Services via the online submission system and may not be submitted via email.

The University reserves the right to refuse registration to any international student on F or J visa who fails to comply with this insurance requirement or who is unable to supply satisfactory proof of insurance. The University also reserves the right to withdraw from classes any international student who fails to maintain insurance coverage, cancels insurance coverage while still enrolled as a student, or avoids in any way the responsibility to comply with the insurance requirement. For questions, call UCF Student Health Services at 407-823-6295 or go to their website noted above.

· Non-Academic Admission Clearances

Florida Board of Governors Regulation 6.001 (7) authorizes universities to refuse admission to applicants due to past misconduct. The University further requires the Vice President For Student Development and Enrollment Services or his/her designee to review all applications disclosing information regarding any prior criminal conviction or conduct problem at another institution and to make a decision as to whether the admission of this applicant will be in the best interest of the University. This statement describes the procedure and assigns responsibility for the review of these applications for admission. Applicants who fail to disclose any prior criminal conviction or conduct problem at another institution and such fact is subsequently discovered by the University, shall be denied admission or readmission, or may receive any other academic and/or disciplinary action prescribed by the University, including but not limited to academic dismissal.

· Transfer Credit: All Applicants

All grades from an accredited institution of higher education (meeting university transfer eligibility requirements) in transfer courses that are normally part of a baccalaureate degree program are shown on the student's permanent UCF record. Effective Fall 2001, the University recognizes a grading system of plus or minus. In addition, grade

forgiveness is honored only if it has been awarded as part of an AA or a specific statewide articulated AS degree from a Florida public institution. Credit is not awarded based on job descriptions, life experience, course work that is non-academic, or transfer course work from within a baccalaureate degree earned from an accredited institution of higher education that does not meet university transfer eligibility requirements.

Accredited Institutions

For the purposes of this Undergraduate Catalog, "Accredited Institutions" means those colleges and universities accredited by any of the following seven associations:

- Middle States Commission on Higher Education (MSCHE)
- New England Association of Schools and Colleges, Commission on Institutions of Higher Education (NECHE)
- North Central Association of Colleges and Schools, Higher Learning Commission (HLC)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)
- Western Association of Schools and Colleges, Accrediting Commission for Community and Junior Colleges (ACCJC)
- Western Association of Schools and Colleges, Senior College and University Commission (WSCUC)

The accreditation status of all foreign institutions **must** be evaluated through either Josef Silny and Associates, Inc. or World Education Services.

All college-level credits earned for which official transcripts or evaluations have been submitted will be compiled into the Transfer Credit Evaluations page in the myUCF portal. Some transfer credit may not be applicable toward graduation course requirements. The Transfer Credit Evaluations page will be the basis for constructing a Degree Audit, which applies earned credits to the intended degree program. The Degree Audit provides the student with an assessment of which degree requirements have been met and what remains to be satisfied. Although all college-level course work transferred from an accredited institution of higher education (meeting university transfer eligibility requirements) or the equivalent on an international evaluation from WES or JS&A is shown on the Transfer Credit Evaluations page and the UCF transcript, applicability of the course toward a degree requirement **is determined by the college/school/department of the major that owns the course.**

General Education Transfer Credits

Transfer students from a Florida College System institution or state university may satisfy the General Education Program requirements of UCF by completing the general education program prescribed by that institution. Transfer applicants with incomplete general education programs will have their credits evaluated on a course-by-course basis.

Transfer courses from a Florida state institution must have been Gordon Rule eligible at that institution during the semester when the course was taken. Transfer courses from out-of-state and private institutions must be evaluated for equivalency to a UCF Gordon Rule course.

When the transfer course work is evaluated for equivalency (usually during the first semester at UCF), course descriptions and other information to provide a sufficient basis for evaluation may be requested. Substitution requests for college or major requirements are to be submitted to the college advising office.

Credits from Private and Out-of-State Institutions

Transfer credit from private junior and senior colleges and out-of-state institutions will be evaluated on a course-by-course basis. Each student must submit the necessary petition(s) to the appropriate college/school/department of the major that owns the course to determine which courses will transfer with regard to degree progress at UCF. Transfer courses that meet the requirements of the General Education Program and the Gordon Rule are determined through the process described in the "Undergraduate Degree Requirements" chapter of this Undergraduate Catalog. Petition procedures vary by college. Generally, the petitioning of transfer courses for satisfaction of college and major requirements should be done during the second full term of the student's residency at UCF, so that the accepted transfer courses are understood clearly by the student and the faculty advisor early in the student's tenure at UCF.

Credits from Military Service School Courses

Completed military service school courses may be evaluated on the basis of the recommendations of the American Council of Education (ACE) when official credentials have been properly presented. While credit may be granted

when courses are equivalent to those offered by the University, recommendations by the ACE are not binding upon the University. Even though military records may have been evaluated by another accredited institution of higher education (meeting university transfer eligibility requirements), it is important to have official credentials sent to UCF for evaluation. Credit is not awarded for basic training. More information about Special Provisions for Veterans and Active Duty Military Students can be found [here](#).

Baccalaureate Honors

Transfer students should be aware that eligibility for graduation with baccalaureate honors requires the completion of a minimum of 48 credit hours at UCF and is based upon an overall grade point average (including all transfer credit). For more details, refer to "Academic Honors" within the "Academic Regulations and Procedures" section of this Undergraduate Catalog.

The University

407-823-2000
ucf.edu

The University of Central Florida is one of the nation's largest universities with more than 70,000 students and is located in one of the most dynamic communities in the nation — the Orlando metroplex. UCF's 1,415-acre main campus has about 600 acres set aside for lakes, woods and an arboretum.

With 13 colleges offering more than 220 degree programs, UCF is an academic and research leader in many fields, including optics and photonics, modeling and simulation, engineering, computer science, business, education, life sciences, hospitality management, digital media and others. The College of Medicine, which graduated its first M.D. students in 2013, is the centerpiece of a medical city at Lake Nona bustling with future doctors learning about the latest advances in health care, patients receiving high-quality care, and scientists seeking cures for cancer and other diseases.

Students attend classes on UCF's main campus in east Orlando and 15 satellite facilities throughout Central Florida. We confer more than 15,000 degrees annually, leading all other universities in Florida. Minority enrollment has reached an all-time high of 48 percent, and one of four UCF students is the first in their family to attend college.

Innovation and Value: UCF is ranked among the nation's top 20 most innovative universities by *U.S. News & World Report*, and the Carnegie Foundation classifies the university as a "highest research activity" institution, which is the foundation's top ranking. UCF is recognized as a best-value university by Kiplinger and the Princeton Review and one of the nation's most affordable colleges by *Forbes*.

Attractive Amenities: The 45,000-seat Bounce House stadium and the 10,000-seat Addition Financial Arena opened in 2007 on the campus. Nearby, Knights Plaza includes residence halls and various restaurants and retail shops that cater to students, employees and area residents.

UCF's Recreation and Wellness Center features a three-story climbing tower, an indoor track and fitness equipment. The Student Union offers computer labs, study lounges, ballrooms and meeting rooms, popular eating establishments and a shopping mall. A state-of-the-art health center supports a full-service clinic with on-site professionals, X-ray capabilities, pharmacy, dental clinic, medical laboratory and physical-therapy services.

The Career Services and Experiential Learning building features private interview rooms, including a boardroom-style suite where cameras can record students' practice interviews.

At Technology Commons, students can test and purchase the latest computer products and produce podcasts and video presentations. A performing arts center provides music and theatre students with high-tech classrooms and rehearsal spaces.

National University to Watch: The new UCF Downtown campus in conjunction with Valencia College opened in Fall 2019. This innovative campus serves more than 7,000 students for learning and internship opportunities.

Overall, UCF ranks 27 programs among the top 100 in their fields nationally, according to *U.S. News & World Report*. The Bill and Melinda Gates Foundation cites UCF as an example of what the future of higher education should look like. In 2018, Gates wrote that the university is succeeding by "reducing costs, boosting its graduate rate and expanding access for low-income and first-generation students."

· UCF Online and Online Courses

855-903-8576

ucf.edu/online

For students looking for convenience and flexibility, UCF offers a wide selection of undergraduate majors, minors and certificates that can be completed entirely with online courses. Visit ucf.edu/online/bachelors to view the full list of programs that are currently offered entirely online through UCF Online, an initiative developed at UCF to provide support and assistance to students who wish to complete their program exclusively online. Newly admitted students who choose this option may not enroll in classes with scheduled face-to-face meetings. This includes classes coded P (face-to-face instruction), RA (active learning reduced seat time), RS (Video Streaming/Reduced Seat Time) and M (Mixed mode/reduced seat time).

Students enrolled as a UCF Online student are exempt from some campus-based fees and are restricted from those corresponding campus-based services, such as the Recreation and Wellness Center and Student Health Services. UCF Online students, however, do have access to all academic and support services, including financial aid, advising, library services, and career services. UCF Online students also benefit from the support of a dedicated success coach, who are assigned to each UCF Online student and are specifically trained and enabled to meet the needs of students without regular access to UCF's physical campuses. See ucf.edu/online for more information.

The University of Central Florida has been approved by Florida to participate in National Council for State Authorization Reciprocity Agreements. The reciprocity agreements allow for the open delivery of academic credit-earning activities in participating states, including academic field experiences such as internships or practicums. More information is available at registrar.ucf.edu/restrictions.

Online Courses

UCF offers hundreds of online courses to all students every semester. The online course materials and methods have been developed by UCF faculty members to maximize the learner's achievement of course and program objectives and to provide students with convenient and flexible learning opportunities.

Support for all students in online courses is available at cdl.ucf.edu/support/student/. Online courses are identified in the Class Schedule Search available at my.ucf.edu. In the Additional Search Criteria section, use the drop-down list next to Mode of Instruction to search for the values described below.

Online instruction modes are:

WORLD WIDE WEB (W): These are courses conducted via web-based instruction and collaboration. Some courses may require minimal campus attendance or in-person/proctored examinations.

VIDEO STREAMING (V): These are courses delivered over the web via streaming digital video which may be supplemented by additional web activity, projects or exams.

VIDEO STREAMING/REDUCED SEAT TIME (RS): In these courses, classroom-based content is available over the web via streaming video and some classroom attendance may be required. Activities that supplement video instruction may include any of the following elements: web activity, in-person or proctored examinations, and labs. Classroom activities are limited to no more than 20% of the instructional time over the course of the semester. See course notes for details. Note: Additional classroom attendance is required for international students in F-1 or J-1 status.

MIXED-MODE/REDUCED SEAT TIME (M): These courses include both required classroom attendance and online instruction. Classes have substantial activity conducted over the web, which substitutes for some classroom meetings.

ACTIVE LEARNING REDUCED SEAT TIME (RA): These courses utilize web-based learning technologies as the primary instructional medium within a blended course combining required face-to-face and online elements. Classes have substantial activity conducted online, and classroom activities are limited to no more than 20% of the instructional time over the course of the semester.

Personalized Adaptive Learning (PAL): This is a class attribute that may apply to any type of course (e.g. P, W, M, RA). Class attributes are displayed in the course description returned by the class search tool in my.ucf.edu. In a PAL course, a portion of the overall online content is delivered via an adaptive learning system that customizes objective-driven content and assessments to create a personalized learning path for each student according to their knowledge, skills, and learning needs.

UCF Mobile App

ucfmobile.ucf.edu

Access UCF information and services anytime, anywhere by using your iOS and Android smartphone or tablet with the free UCF Mobile app. Quickly access popular features of myUCF, connect to online courses through the Canvas Student app, check Knights Email, check your Knight Cash balance, catch a ride on campus shuttles, find parking, and report issues with UCF Tips. Use the app to stay informed with the latest in UCF News, events on campus, UCF athletics updates, and emergency information. Find your way around campus with the more than 800 points of interest on the campus map, information about student and wellness services, dining information/menus and request a SafeWalk to safely navigate the campus. UCF Mobile is also the mobile companion to many campus and community events such as Orientation, Pegasus Palooza, Homecoming, Knight-Thon and more. Stay in the know with push notifications about campus events, news, and emergencies, or subscribe to one of the many opt-in channels to get the information that's most important to you.

Registered UCF student organizations who have interest in participating in the UCF Mobile app are invited to visit UCF's Mobile Strategy website at digitallearning.ucf.edu/msi or contact the program director at ucfmobile@ucf.edu.

UCF Downtown

(in partnership with Valencia College)
500 W. Livingston St.
Orlando, FL
407-823-3573
ucf.edu/downtown/

UCF Downtown, in partnership with Valencia College, brings more than 7,000 students to live, learn and work in downtown Orlando, creating a game-changing campus in the heart of our great city. Opened in Fall 2019, this transformational campus provides innovative education for high-demand fields that integrate with industry and places thousands of students within walking distance of jobs and internships.

The following Undergraduate Degree Programs can be completed at this location:

- Communication and Conflict (B.A.)
- Digital Media (B.A.)
- Emergency Management (B.A./B.S.)
- Health Informatics and Information Management (B.S.)
- Health Services Administration (B.S.)
- Human Communication (B.A.)
- Legal Studies (B.A./B.S.)
- Nonprofit Management (B.A./B.S.)
- Public Administration (B.A./B.S.)

Central Florida Research Park

The Central Florida Research Park, adjacent to the main UCF campus, is a University-related research park established as a result of legislation passed by the Florida Legislature in 1978. The Research Park is a cooperative effort between UCF, the Orange County Research and Development Authority, and the Orange County Board of County Commissioners (which appoints the members of the Authority). The governing body of the Research Park is the Orange County Research and Development Authority.

The objectives of the Central Florida Research Park are in keeping with the legislative action that enabled its creation "to encourage and promote the establishment of research and development activity combining the resources of institutions of higher learning, private sector enterprise involved in pure or applied research, and state or federal governmental agency research."

The ultimate goal of University-related research parks is to establish an academic/industrial community. The University and officials of the Central Florida Research Park believe that the potential for the establishment of close ties between the University and industry will create an environment conducive to the location of research-oriented industry in the Research Park. This activity will enrich and support the academic, teaching, and research programs of the University. The University, in turn, can provide the necessary expertise and human resources to enhance the research and development activities required and planned by Research Park residents.

The Central Florida Research Park consists of over 1,000 acres of land. Businesses desiring a "university relationship" can purchase or lease land in the Research Park on which to construct a facility or can lease space for office, office/lab, or light manufacturing activities.

Research Park tenants are involved with the University of Central Florida through sponsored research, using faculty as consultants, and using graduate and undergraduate students for intern programs and part-time employment. Research Park tenants can also contract with the University for use of the library, computer resources, and laboratory facilities. Cooperative projects range from technical research to developing business plans and employee training programs.

University Libraries

Interim Director of University Libraries: Frank Allen

John C. Hitt Library (LIB) 512

407-823-2564

library.ucf.edu

University Libraries offers a variety of information resources and services. An extensive resource collection includes 2.2 million volumes, 52,000 journal subscriptions, 3.3 million microforms and 52,000 media titles. The Libraries' electronic resources include 511 databases and 243,000 e-books.

The **John C. Hitt Library** on the main campus is open 105 hours per week. Operating hours are available at <https://library.ucf.edu> or by calling (407) 823-2756.

- 375 computer workstations are available for public use on all five floors.
- 455 Laptop PCs, Windows and Mac, can be checked out for use anywhere in the library.
- 130 iPads are available for a one-week checkout.
- DSLR and Mirrorless Cameras, Webcams, Microphones, Projectors, PA Speakers, Portable Battery packs for mobile device charging, Photo/Video Lighting, A/V Adapters & Cables are available for checkout, and much more! Full listing of items is at library.ucf.edu/libtech
- Campus-wide WiFi enables patrons to connect personal mobile devices to the Libraries' electronic resources, Internet, and Wireless Printing
- Group study rooms are available for students and can be reserved in advance through library.ucf.edu/studyrooms
- Recording Studio (Photo / Video / Podcast) can be reserved by appointment at library.ucf.edu/libtech
- SGA-Funded Free Student Printing (\$2 per week) available in all library locations
- The automated retrieval center (ARC) allows robotic storage to increase collaborative learning spaces such as the fourth floor multipurpose and reading rooms.
- The John C. Hitt Library is a partial depository for United States and Florida government publications, U.S. Patents and Trademarks.
- **Infusion**, the Libraries' coffee shop learning space, offers food and beverage items, 32 desktop PCs, 98 comfortable seats, closed-captioned television, and a browsing collection for leisure reading.
- For help using library resources and materials, the **Research and Information Desk**, <https://library.ucf.edu/about/departments/reference/>, located on the main floor of the John C. Hitt Library, is open most library hours. Individual appointments can also be made for in-depth **research consultations**. These appointments provide students one-on-one time with a librarian, <https://ucf.libcal.com/appointments/main>.
- **Ask Us** is a virtual reference service that answers questions submitted through chat, text, IM, email, or phone at (407) 823-2562 or toll-free at (866) 271-7589, <https://library.ucf.edu/ask/>
- The University Libraries supports the development of information literacy skills through the use of **Information Literacy Modules**, <https://infolit.ucf.edu/>. The modules provide online, just-in-time instruction for students on topics such as citing sources, evaluating websites, and plagiarism.
- Librarians have created **subject-specific research guides**, <https://guides.ucf.edu>, to help students identify resources within their discipline. Students also can access step-by-step tutorials demonstrating research strategies using library resources, recordings of research skills webinars, and a variety of other resources, <https://vimeo.com/ucflibraries>.
- The **citation management** tool EndNote is available for FREE from the UCF Libraries. Librarians also can provide assistance with Zotero and Mendeley. Citation management workshops are offered each semester, <https://guides.ucf.edu/citations-endnote/workshops>.
- Another key service for Graduate Students is **Interlibrary Loan, Document Delivery and U Borrow**. The UCF Libraries will pull books and scan articles that are owned by the library, as well as borrow materials from other libraries. For more information, call (407) 823-2383 or visit the ILL website, <https://library.ucf.edu/ILL>.

In collaboration with the University's Office of **Student Accessibility** Services, students are eligible for Document Delivery assistance at each location by appointment by contacting the Circulation Desk. The John C. Hitt Library offers several reading and listening aid devices, including a workstation equipped with MAGic and JAWS software, and a Sorenson Videophone. More information is available at <https://library.ucf.edu/services/accessibility-services>.

Special Collections & University Archives houses the Libraries' unique and rarest items from the 12th century to present day. The department's diverse subject areas include African Americana, Artists' Papers, Book Arts & Typography, Botany, Caribbean West Indies, Civil War, Floridiana, Literary Papers, Political Papers, the Space Program, and Travel and Tourism as well as the history of the University of Central Florida/Florida Technological University. Holdings include monographs, manuscripts, maps, photographs, ephemera, moving images, audio recordings, artifacts, and fine art. The department's new gallery space showcases our unique collections through rotating themed exhibitions. More information at, <https://library.ucf.edu/about/departments/special-collections-university-archives/>

UCF Libraries partners with other libraries and local institutions through Central Florida Memory, Florida Heritage, Digital Library of the Caribbean, and similar web-based projects to provide **digital access** to special and historic images and documents. <https://library.ucf.edu/about/departments/technology-solutions-digital-initiatives/digital-initiatives/digital-collections/>

STARS, **Showcase of Text, Archives, Research & Scholarship**, is UCF's institutional repository. STARS hosts research,

creative activity, digital projects, and a variety of institutional outputs to provide worldwide access to a selection of works by, for, and about the University of Central Florida. <https://stars.library.ucf.edu/>

Other Libraries

The **Curriculum Materials Center** (CMC) is located on the first floor of the Education Building. While the library collection primarily serves the School of Teacher Education students and faculty by providing representative PK-12 curriculum materials, all are welcome to use this inviting space to study, access computers, or use the Production Lab that hosts a laminating machine, 3-D printer and scanner, and GlowForge laser cutter. For more information visit the CMC web page at <https://library.ucf.edu/cmc> or call (407) 823-2791.

The **Universal Orlando Foundation Library** is located at the Rosen College of Hospitality Management on Universal Boulevard. The library is open to the entire UCF community as well as to hospitality industry professionals. Its unique collection covers all facets of the hospitality and tourism industries. The library provides a wide array of services and resources, including desktop PCs, wireless devices for checkout, group study rooms, research assistance, library instruction, and interlibrary loan. For more information, visit <https://library.ucf.edu/Rosen> or call (407) 903-8100.

The **Downtown Campus Library** is located on the second floor of the Dr. Phillips Academic Commons in downtown Orlando. The library serves primarily UCF and Valencia College Downtown Campus students but is open to all users. The print collection focuses on the UCF and Valencia programs offered at the Downtown Campus, and Interlibrary Loan is available. The library has desktop computers, printing/copying/scanning, and offers research assistance and library instruction. For more information, visit <http://library.ucf.edu/downtown> or call (407) 235-3720.

UCF Connect Libraries

Significant **Connect Campus library** collections and services are available through State College partner libraries on the Cocoa, Daytona, Sanford-Lake Mary, Valencia Osceola, and Valencia West campuses. Limited collections and services may also be available at Leesburg, Ocala, Palm Bay, South Lake, and Valencia East campuses, but UCF students and faculty are advised to call ahead to these locations to verify library hours and services. All locations provide online access to library and university resources. A team of UCF Connect librarians also provide a wide range of services, either virtually or in person, including research assistance, library instruction, and more. For information about each campus library, please see:

<http://library.ucf.edu/about/libraries/>

· Endowed Chairs

Endowed chairs are established under the Florida Major Gifts Trust Fund, which provides \$420,000 in state funds to match \$600,000 in contributions from private sources within a five-year period.

Phillips-Schenck Chair in American Private Enterprise: Created in 1980 as the focal point for a continual dialog on major economic issues, comparative economic systems, and economic decision-making in business. *Chair:* James Combs.

Charles N. Millican Chair in Computer Science: Created in 1983 and dedicated to probing the frontiers of computer science, with emphasis on the direction that the discipline will take over the next decade. *Chair:* Kenneth Stanley.

William S. and Alice M. Jenkins Chair in Community Arts: Created in 1986 to enable UCF to design and oversee programs covering art administration, art therapy, and art education within the Central Florida community. *Chair:* Kevin Haran.

Carl H. Galloway Chair for Excellence in Business: Created in 1986 to honor Carl Galloway, a pioneer in telecommunications. The purpose is to enhance scholarly activity in teaching and research in the College of Business Administration. *Chair:* Pradeep Bhardwaj.

The Cobb Family Eminent Chair in Optical Sciences and Engineering: Created in 1988 to support the work of an internationally recognized scholar in laser and optical sciences. *Chair:* Demetrios Christodoulides.

Darden Eminent Scholar Chair in Restaurant Management: Created in 1990 to develop a program of excellence in restaurant management. This chair, the first of its kind in the country, also serves as a critical resource for the hospitality industry. *Chair:* TBA.

SunTrust, N.A. Eminent Chair in Banking for Teaching Excellence: Created in 1989 to attract a nationally or internationally prominent expert in banking with a strong commitment to undergraduate, graduate, and executive development. *Chair:* Ajai Singh.

Al and Nancy Burnett Eminent Scholar Chair in Accounting: Created in 1989 to support an exceptional faculty member in the School of Accounting. *Chair:* Robin W. Roberts.

Bert Fish Memorial Eminent Scholar Chair: Created in 1990, the first chair to be established at the Daytona Campus, to improve nursing education and ease the shortage of nurses. *Chair:* Angeline A. Bushy.

Lockheed Martin Academy in Math and Science Education: Created in 1992 to stress content enhancement and problem-solving approaches in the teaching of science and mathematics. *Chair:* Lisa A. Dieker.

CFHLA Eminent Scholar Chair in Hotel Management: Created in 2002 to support the teaching and research of an internationally recognized scholar in hotel management. *Chair:* TBA.

Linda Chapin Eminent Scholar Chair in Tourism Management: Created in 2002 to support the teaching and research of an internationally recognized scholar in tourism management. *Chair:* Abraham Pizam.

William Peeper Eminent Scholar Chair in Destination Marketing: Created in 2002 to support the teaching and research of an internationally recognized scholar in destination marketing. *Chair:* TBA.

Mildred W. Coyle Eminent Scholar Chair: Created in 2000 to support the teaching and research of an internationally recognized scholar in various disciplines of professional education. *Chair:* Sandra L. Robinson.

Robert N. Heintzelman Eminent Scholar Chair: Created in 2002 to conduct research into the determination of the basic cause of greed in humanity and to determine the appropriate manner and methods of eliminating the cause of greed and fostering altruism. *Chair:* TBA.

DeVos Eminent Scholar in Sport Business Management Endowed Scholar Chair: Created in 2001 to attract a nationally or internationally prominent scholar in the field of sports, with a strong commitment to graduate sport business management programs. *Chair:* Richard E. Lapchick.

Richard T. Crotty Orange County Endowed Scholar Chair: Created in 2004 to attract a nationally or internationally prominent scholar to conduct research in his/her primary field and to assist in the development of research, programs, and support service as the faculty liaison to the Institute for Economic Competitiveness, College of Business Administration. *Chair:* Qinghai Wang.

Florida Photonics Center of Excellence Eminent Scholar Chair of Nanophotonics: Created in 2003 to strengthen and support teaching and research in the field of nanophotonics at the College of Optics and Photonics. *Chair:* Dennis Deppe.

Agere Systems, Inc. Eminent Scholar Chair of Computer Science: Created in 2005 in recognition of the university's leadership in the Florida High Tech Corridor and the FHTC Council's objective of attracting, retaining, and growing tech-based industry in our region and in the preparation of the workforce needed for our region. *Chair:* Mubarak A. Shah.

Chatlos Foundation Endowed Chair in Nursing: Created in 1996 to support a key faculty member of distinguished reputation who will engage in teaching, research, and scholarly activities relating to nursing. *Chair:* TBA

Kenneth G. Dixon Eminent Scholar Endowed Chair in Accounting: Created in 2004 as a key component of the Dixon School of Accounting. *Chair:* TBA.

Howard Phillips Eminent Scholar Chair in Real Estate: Created in 2005, as a key component of the Dr. P. Phillips School of Real Estate. *Chair:* David Harrison.

21st Century Scholar Chair: Created in 2006 to strengthen and support teaching and research in the field of lasers and medicine at the College of Optics and Photonics. *Chair:* Konstantin L. Vodopyanov.

Florida 21st Century Chair. Created in 2007 to strengthen and support teaching and research in the fields of control and signal processing in the College of Engineering and Computer Science. *Chair:* Marwan A. Simaan.

Dr. Neil Euliano Chair in Italian Studies: Created in 2005. This is the first Chair in Italian Studies in the State of Florida and is designed to support the teaching and research of an internationally recognized scholar of Italian and Italian American Culture. *Chair:* Chiara Mazzucchelli.

NAIOP Eminent Scholar Chair in Real Estate: Created in 2005 as a key component of the Dr. P. Philips School of Real Estate. *Chair:* Geoffrey K. Turnbull.

Lester N. Mandell Eminent Scholar Endowed Chair: Created in 2004 to assist in the development of an Ethics Center. *Chair:* TBA.

Karl H. Guenther Endowed Chair in Thin Film Optics: Created in 1998 to support the School of Optics Education in Thin Film Optics. *Chair:* TBA.

Jalal Talabany Endowed Chair in Kurdish Political Studies: Created in 2007 to strengthen and support teaching and research in Kurdish Political Studies. *Chair:* Güneş Murat Tezcür.

Florida Photonics Center of Excellence Endowed Chair in Biophotonics: Created in 2003 to strengthen and support teaching and research in the field of biophotonics at the College of Optics and Photonics. *Chair:* TBA.

Florida Hospital Endowed Chair in Cardiovascular Science: Created in 2011 to build collaborative research programs with Florida Hospital and other Central Florida scientists while providing leadership to the research enterprise in the Burnett School of Biomedical Sciences, College of Medicine. *Chair:* Sampath Parthasarathy.

Hugh F. and Jeannette G. McKean Endowed Chair in Nursing: Created in 2011 to strengthen and support the preparation of nurse educators. *Chair:* Joellen Edwards.

Florida Hospital Endowed Chair in Healthcare Simulation: Created in 2011 to support a leading expert in simulation to advance simulation in nursing and healthcare disciplines. *Chair:* Gregory Welch.

Paul N. Somerville Endowed Chair for Statistics: Created in 2012 to strengthen and support teaching and research in the field of statistics with an emphasis on the area of Big Data. *Chair:* TBA.

Orlando Health Endowed Chair in Nursing: Created in 2009 to support three areas: a leading expert in teaching and research, an annual symposium related to excellence in nursing and student scholarships. *Chair:* Mary Lou Sole.

Robert N. Heintzelman Eminent Scholar Chair: Created in 2002 to conduct research into the determination of the basic cause of greed in humanity and to determine the appropriate manner and methods of eliminating the cause of greed and fostering altruism. *Chair:* Glenn Lambie

Al Ghazali Endowed Professorship in Islamic Studies: Fully endowed in 2017 to support an internationally recognized scholar of distinguished reputation who will engage in teaching, research, and academic activities relating to Islamic Studies. The distinguished professor will continue the development of a program of excellence in Islamic Studies. *Chair:* Cyrus Zargar.

· University Ombuds Office

Ombuds Officer: *Shreya Trivedi*
Millican Hall (MH) 247
407-823-6440
ombuds.ucf.edu

The Ombuds Office is an informal, impartial, independent and confidential resource for all members of the University community. It is not an office of notice of wrongdoing and cannot participate in any formal grievance or appeal process. The office provides assistance and guidance regarding concerns related to the University. These services are available to every member of the University community: students, staff, faculty, and others. Any type of concern may be brought to the attention of this office: academic, financial, housing, consumer, work-related, or personal. The University Ombuds Officer, as a neutral facilitator, will listen to concerns and assist visitors by developing a range of options in an informal attempt to achieve resolution. Referral and direction to appropriate individuals and offices and clarification of University policies and procedures are services provided by the office. All proceedings in individual cases will be held confidential by the Ombuds Office unless otherwise authorized by the complainant, or otherwise required by applicable law, including without limitation, Chapter 119, Florida Statutes. The University Ombuds Office is located in Millican Hall, Suite 243, Room 247. Appointments may be made by calling 407-823-6440.

· UCF Public Safety and Police

Chief of Police: *Carl Metzger*

3610 Libra Drive, Building 150

Orlando, FL 32816

407-823-5555 or 911 for emergencies

police.ucf.edu

The UCF Police Department (UCFPD) has a big job in keeping UCF's campuses safe.

Established in 1973, UCFPD currently employs about 80 sworn law enforcement officers who provide police services on the main campus and at UCF Downtown, Rosen College of Hospitality Management and the UCF College of Medicine, as well as at two university-affiliated housing communities.

UCFPD is an accredited, full-service police department with the mission of reducing crime by providing a safe environment for students, faculty, staff, and visitors through the application of community policing. This means hiring officers and staff who fit our university; providing them with the finest training, equipment and leadership; and partnering with the campus community to achieve our safety and security goals.

Crime is a reality everywhere, including UCF. To combat this, UCFPD offers several crime prevention programs for the community, including providing safe transportation after hours, self-defense classes, free property registration and two designated parking spots in front of the Police Department for safe e-commerce exchanges.

UCF Alerts will notify the UCF community of an emergency — such as severe weather, criminal activity, an active shooter or a bomb threat — and provide general instructions. Depending on the nature of the emergency, follow-up alerts will contain more detailed information.

More frequent updates will typically be shared on social media on UCFPD and UCF's Twitter accounts, @UCFPolice and @UCF. Current UCF students, faculty and staff are automatically enrolled to receive UCF Alerts, and contact information can be updated via myUCF.

For more information about public safety at UCF, visit ucf.edu/safety.

· Information Technologies and Resources

Vice President and CIO: *Matthew Hall*

Millican Hall (MH) 331D

407-823-6778

itr.ucf.edu

The Division of Information Technologies and Resources has University-wide responsibility for planning, implementation, and support of information technology and the allocation and administration of space. Units within the Division include the Library, UCF IT, Information Security and Space Administration. The services and resources of each unit are described in the following sections.

Information Security Office

Associate Vice President & Chief Information Security Officer: *Chris Vakhordjian*

College of Sciences Building (CSB)

407-823-3863

infosec.ucf.edu

The Information Security Office (InfoSec) promotes best practices through security awareness, online resources, targeted workshops, regular security awareness programs, as well as by publishing policies, standards, and guidelines. InfoSec designs, implements and maintains an information security program that protects the confidentiality, integrity, and availability of the University's data, information systems, processes, and services.

InfoSec collaborates with UCF IT, administration, faculty, staff and students to develop security policies, standards, and best practices to help protect university and personal assets.

InfoSec and the Security Incident Response Team (SIRT) are available to facilitate and provide guidance with any computer security incidents that affect university IT resources or threaten the availability, confidentiality, and integrity of university information. All security incidents involving restricted data or confidential information must be reported immediately to SIRT at sirt@ucf.edu, or through the UCF IT Support Center at 407-823-5117.

Space Administration

Director, Space Planning: *Christy Miranda-Perez*

Millican Hall (MH) 329

407-823-0982

spaceadmin.ucf.edu

Space Administration facilitates the university's space request and allocation process, maintains an accurate space inventory for internal and external reporting purposes, and provides analyses and information that support the instructional, research, and administrative space needs of the university and its respective colleges and divisions. SA works closely with UCF Facilities Planning and Construction and the Registrar's Office.

UCF IT

Associate Vice President & IT Chief Operating Officer: *Michael Sink*

College of Sciences Building (CSB)

407-823-2711

it.ucf.edu

As the main provider of information technology resources, UCF IT provides all telecommunications services (voice and data), enterprise administrative systems and support to the UCF community including:

- Campus telephone system
- Campus local area network
- Campus wide area network
- Campus wireless network
- Cable TV
- Computer labs (e.g., Technology Commons I and II)
- Technology Product Center
- Data center operations and system administration
- Email
- Document imaging services
- Enterprise administrative data processing services
- PeopleSoft ERP (SA/HR, Portal, CRM) development
- Identity management/domain services

Technology Commons is a centrally located hub for students to study, create and play. Students can meet in groups in one of three collaboration rooms, take advantage of the computer labs and rental equipment available, or browse the Technology Product Center, the official UCF computer store, for recommended computer needs with educational pricing. Also, located in Technology Commons is the Student Support Desk. Stop by for any technology related or general issues.

Students can get help from UCF IT by phone, email, live chat, technical support ticket, or knowledge database: visit it.ucf.edu/student-support for all these options.

Intercollegiate Athletics

Vice President and Director: *Terry Mohajir*

Roth Athletics Center

407-823-2261

UCFKnights.com

The University of Central Florida, a member of the National Collegiate Athletic Association (NCAA), Division I, competes in 16 sports and is a member of the American Athletic Conference. UCF's intercollegiate sports for men include baseball, basketball, golf, football, soccer and tennis. Women's sports include basketball, cross country, golf, rowing, soccer, softball, outdoor and indoor track and field, tennis and volleyball.

UCF's athletics teams are successful on the field, in the classroom and in our community.

Currently in their ninth season of membership in the American Athletic Conference, the Knights have won AAC titles in football (2013, 2014, 2017, 2018), baseball (2017), women's golf (2015, 2017), women's soccer (2013, 2014, 2017), men's soccer (2018, 2019), rowing (2015, 2016, 2017, 2018, 2019), softball (2014, 2015), indoor track and field (2017) and volleyball (2014, 2018, 2019). The UCF football team has made five consecutive postseason bowl appearances, including the 2018 Chick-fil-A Peach Bowl 2019 PlayStation Fiesta Bowl. The UCF women's basketball team has made back-to-back NCAA Tournament appearances.

During the past six years, UCF student-athletes have contributed a total of more than 40,000 hours of community service in the Central Florida region and around the world.

· **Graduation Rate Disclosure**

The completion or graduation rate is the rate at which full-time, certificate-seeking or degree-seeking undergraduate students who are enrolling for the first time at the institution, and who have not previously enrolled at any other institution of higher education, graduate from their programs. The 6-year graduation rate for the Summer-Fall 2014 full-time cohort is 74 percent. The retention rate for Summer-Fall full-time 2019 students is 92.1 percent. The information is public and available for review on the Institutional Knowledge Management website.

· **Addition Financial Arena, The Venue and Knights Plaza**

<http://www.AdditionFiArena.com>

The Addition Financial Arena is the largest entertainment and sports facility in East Orlando. With seating for 10,000 fans, it is home to UCF Men's and Women's basketball, university and high school graduation ceremonies, and a diverse lineup of world-famous entertainers, beloved family shows and festivities rivaling any in the country.

Nestled on the north side of the Addition Financial Arena, The Venue is a more intimate space showcasing special events and UCF Women's Volleyball.

Knights Plaza, a living-learning community on the north end of UCF's main campus is the home of the Addition Financial Arena and The Venue, features an exciting mix of student apartments, garages, services, shops and dining. Come early and stay late. For event, retail or rental information, visit <http://www.AdditionFiArena.com> or <http://www.knightsplaza.com>. For information on apartment rental, please visit housing.ucf.edu.

· **Campus Bookstores**

UCF's main campus is home to two Barnes & Noble College bookstores.

John T. Washington Center Location

The UCF Campus Store, a Barnes & Noble College bookstore, located in the John T. Washington Center, is the textbook and course material destination. The store also offers the largest variety of UCF clothing in the world, including logo gift items, general reading books, snacks, beverages, convenience items and a full-service Foxtail Coffee Co. Cafe©. For store hours and information, visit <http://www.ucf.bncollege.com> or call 407-823-2665.

Knights Plaza Location

The Barnes & Noble @ UCF, located next to the Addition Financial Arena at Knights Plaza, is the official headquarters for all your graduation supplies and more. It offers a complete line of UCF clothing, logo gift items, athletic apparel, snacks, beverages, convenience items and a full-service café that proudly brews Starbucks® coffee. For store hours and information, visit <http://www.shopucf.com> or call 407-882-0364.

Rosen College Bookstore

The Rosen College Bookstore is located on the Rosen College of Hospitality Management Campus. This location is the destination for Rosen textbooks and course materials, Rosen logo gift items, a snacks, beverages, convenience items, and Boyd's Coffee® to-go. For store hours and information, visit <https://ucf-rosen.bncollege.com/> or call 407-903-8501.

UCF & Valencia College Downtown Campus Virtual Bookstore

This virtual bookstore is the resource for the UCF & Valencia College Downtown Campus textbooks and course materials, school supplies, and gift items. Visit <https://ucf-vc.bncollege.com/> for more information.

Parking and Transportation Services

Director: *Kris Singh*

Visitor and Parking Information Center (VPI)

parking.ucf.edu

407-823-1371

krishna.singh@ucf.edu

The Parking and Transportation Services department offers a variety of transportation options to, from, and around the campus.

The UCF Shuttle provides transit needs for students residing in 22 off-campus apartment communities, as well as numerous locations in the Central Florida Research Park. Normal operating hours range from 6:30 a.m.-10 p.m. UCF also has an intra-campus shuttle service called Pegasus Express that operates continuously from 7 a.m.-7 p.m. during the fall and spring semesters, and from 7 a.m.-4 p.m. during the summer terms.

An inter-campus transportation service is provided between the UCF main campus and the Rosen College of Hospitality Management. It makes 10 round-trip runs between 6:45 a.m. and 9 p.m., Monday through Friday, during the fall and spring semesters, and six round-trip runs between 8 a.m. and 7p.m. during the summer semester. Service is also provided between UCF main campus and the Health Sciences Campus. Shuttles provide 14 round trips between 7:20 a.m. and 10:45 p.m., Monday through Friday. The latest addition is an inter-campus service between UCF's main campus and the UCF downtown campus. It makes 16 round trips between 6:30am and 10:30pm Monday through Thursday, and 14 roundtrips between 6:30 a.m. and 8:30 p.m. on Fridays. Arrivals and departures can be tracked via UCF mobile application or m.ucf.edu/shuttles/routes.

These services are complimentary to all UCF students, faculty, and staff members, and operate on all class days, including exam weeks. Please refer to the webpage at parking.ucf.edu/Shuttle.html or call 407-823-2131 for detailed information.

In addition, three LYNX bus routes, Links 13, 434 and 104, serve the UCF campus from Oviedo, Downtown Orlando, Valencia College, and East campus. UCF students, staff and faculty can ride Lynx's buses free to any destination in Central Florida with the simple showing of their UCF ID. Commuters may connect to most anywhere in the Greater Orlando area. The LYNX buses normally operate at 30 to 60-minute intervals. Route maps may be obtained at the UCF Visitors and Parking Information Center and the information kiosk at the Student Union.

Further details, including rates and information on special passes, may be obtained by calling LYNX at 407-841-8240, or from their website, <http://golynx.com>.

· Orlando Shakespeare Theater in Partnership with UCF

Artistic Director: *Jim Helsinger*

812 E. Rollins St., Suite 100

<http://www.orlandoshakes.org>

Orlando FL 32803

jimh@orlandoshakes.org

Orlando Shakes in Partnership with UCF is a professional AEA theater producing classic, contemporary and children's plays. The theater presents a Signature Series of adult plays, a children's theater series, a new play festival, and innovative educational programming that includes summer camps, The Young Company (a summer high school performance group), Shakespeare with Heart (a summer program in partnership with United Cerebral Palsy and UCF), and the K-12 "Shakespeare Alive" and "Shakesperience" programs. Performances are presented in Margeson, Goldman, Mandell, and Santos-Dantin Theaters at the Lowndes Shakespeare Center in Loch Haven Park.

The theater has achieved a position of national recognition, attracting artists from across the country. The theater has been featured on the Today Show, Good Morning America, and in national publications such as The Wall Street Journal, Stage Directions, American Theater, and American Theater magazine. The third year of UCF's MFA in Acting is spent in residence at Orlando Shakes. Internships and independent studies for UCF undergraduates are also available with the theater. Reduced price rush tickets are available for UCF students 1/2 hour before all performances with valid student ID. To purchase tickets, contact the box office at 407-447-1700, or go on the web at <http://www.orlandoshakes.org>. For internship information and other questions, contact Artistic Director Jim Helsinger at jimh@orlandoshakes.org.

· UCF Alumni

UCF *FAIRWINDS* Alumni Center

407-UCF-ALUM (823-2586)

<http://www.ucfalumni.com>

UCF Alumni is committed to maintaining lifelong connections between all Knights with the university and each other through social, cultural and professional development opportunities. The organization's mission is to enhance the lives of UCF alumni, students and friends by fostering a mutually beneficial relationship with the university. Once a student graduates, he or she automatically has access to UCF Alumni's resources and network of more than 320,000.

The 4EVER KNIGHTS (4EK) student organization connects students with alumni while creating a culture of philanthropy at UCF. 4EVER KNIGHTS is the largest student organization on campus and offers students a variety of fun and valuable events, benefits and discounts, as well as leadership, scholarship, and service opportunities.

· UCF Foundation, Inc.

Vice President for Advancement and CEO, UCF Foundation, Inc.: *Michael J. Morsberger*

Research Pavilion (PVL) 250

<https://www.ucffoundation.org>

407-882-1220

foundation@ucf.edu

Founded in 1969, the UCF Foundation, Inc., is a 501(c)(3) nonprofit organization. Led by a volunteer board of directors and staffed by more than 100 professionals including development officers, information experts, accountants, communicators and more, today's foundation works with donors to the University of Central Florida to help them maximize the impact of gifts ranging from \$5 to many millions. Gifts are used to fund student scholarships, invest in faculty excellence, construct new facilities and expand important programs.

Directed by a volunteer board and staffed by more than 100 professionals, including fundraising officers, information experts, accountants, communicators and more, the foundation works to inform and engage current and prospective donors in strengthening UCF through private philanthropy.

In June 2019, UCF completed a multi-year fundraising effort called IGNITE: The Campaign for UCF. Directed to three key points — student success, academic excellence, and growth and opportunity — the support of alumni, friends and corporate partners helped the university to raise more than \$513 million over an eight-year period.

Administrative Officers and Staff

The date indicates the first year of employment at the University of Central Florida.

ABNEY, BARBARA COMPTON, Director, Marketing/Communications, Office of Research & Commercialization (1997), B.S. (University of Florida)

ALDARONDO-JEFFRIES, MICHAEL, Director, Academic Advancement Programs, Division of Student Learning and Academic Success (2006), M.Ed. (DePaul University)

AMIN GUTIÉRREZ DE PIÑERES, SHEILA, Dean of Burnett Honors College and Professor of Public Administration (2018), B.A., M.A., Ph.D. (Duke University)

ANDREWS, EDWANNA, Director, Social Justice and Advocacy (2001), B.A., M.A., Ph.D. (University of Central Florida)

BERRY, THEODOREA REGINA, Vice Provost, Division of Student Learning and Academic Success and Dean, College of Undergraduate Studies (2019), B.A., Ed.D. (National-Louis University)

PIETY, REBECCA, Director, Student Academic Resource Center and University Testing Center, Division of Student Learning and Academic Success
(1998), B.A., M.A. (University of Central Florida)

PINERES, SHEILA, Dean, Burnett Honors College and Professor of Public Administration
(2018), B.A., M.A., Ph.D.(Texas A&M University)

PRESTON, MICHAEL, Executive Director, Florida Consortium of Metropolitan Research Universities
(2011), B.A., M.S., Ed.D. (Texas A&M at Commerce)

PRIEST, DeLAINE, Associate Vice Provost, Student Success and Advising, Division of Student Learning and Academic Success
(1994), B.A., M.A., Ed.D. (Nova Southeastern University)

REINHART, DEBRA, Associate Vice President for Research and Scholarship
(1989), B.S.E., M.S., Ph.D. (Georgia Institute of Technology), P.E. (Florida, Georgia)

REYNOLDS, DEBRA, Director, Undergraduate Admissions
(1998), B.S. (University of Central Florida)

SCHNEIDER, KIMBERLY, Interim Associate Vice Provost, Academic Innovation, Assistant Dean, College of Undergraduate Studies, Director, Undergraduate Research, Division of Student Learning and Academic Success and Research Assistant Professor, Department of Biology
(2007) B.S., Ph.D. (University of South Carolina)

SCHONS, EDWARD L., Director, University Economic Development, University Relations
(2000), B.S. (Florida Southern College)

SCHUCKMAN, GREGORY A., Assistant Vice President, Director, Federal Relations, University Relations
(2000), B.S., M.G.A. (University of Pennsylvania)

SHEPHERD, MISTY, Interim Vice President and Chief Operating Officer
(2008), B.S. (Florida State University)

SIEMEN, DUANE, Director, Facilities Operations
(2014), B.S.E.E. (University of Central Florida)

SINGH, KRISHNA, Director, Parking and Transportation Services
(1993), B.A. (University of Central Florida)

SINK, MICHAEL, Associate Vice President and IT Chief Operating Officer
(2017), B.S., M.B.A., (Cleveland State University)

SMITH, BARBARA, Director, Communications, Division of Student Learning and Academic Success, College of Undergraduate Studies
(2016), B.A., M.A. (Cleveland State University)

SOLE, MARY LOU, Dean and Orlando Health Distinguished Professor, College of Nursing
(1991), RN, M.S.N., Ph.D. (University of Texas)

SULLIVAN, LINDA, Assistant Vice President, Institutional Knowledge Management
(2000), B.P.A., M.B.A.A., Ed.D. (University of Central Florida)

TAFT, ROBERT, Chief Audit Executive
(2014), B.A., M.S. (State University of New York at Albany)

TANT, CHRISTY, Associate Vice President, Budget, Finance, and Accounting
(2010), B.S., M.A. (University of Florida)

TORRES, CHANDA, Assistant Vice President, Student Development and Enrollment Services
(2012), B.S., M.A., Ed.D. (University of Central Florida)

TREES, DIANE, Associate Vice President, Community Relations and Metropolitan Center for Regional Studies
(1994), B.S., B.S.N., M.S. (University of Central Florida)

TRIVEDI, SHREYA, University Ombuds Officer
(2011), B.A., M.N.M. (University of Central Florida)

TURNER, SUZETTE, Director, Creative School for Children
(2017), B.S., M.A.T., Ph.D. (St. Louis University)

VAIDYANATHAN, PALLAVOOR N., Assistant Vice President for Research and Commercialization
(1999), B.S., B.E., M.Sc., M.B.A. (University of Florida)

VIAU, PAUL H., Associate University Registrar, Division of Student Learning and Academic Success
(1997), B.A., M.S.Ed., Ed.D. (University of Central Florida)

VILSACK, BECKY, Director, Information Technology Financial Systems
(2002), B.A., M.A. (Webster University)

· **WADE, CURTIS**, Director, Sustainability and Energy Management
(2011), B.S. (Michigan State University)

WANG, YOUCHENG, Dean, Rosen College of Hospitality Management and Professorship in Destination Marketing
(2018), B.S., M.S., Ph.D. (University of Illinois)

WATSON, MONTEL J., Director, Resources Management
(1994), B.A., M.B.A. (Loyola University of Chicago)

WEISHAMPEL, JOHN, Senior Associate Dean, College of Graduate Studies, and Professor of Biology
(1995), B.S., M.A., Ph.D. (University of Virginia)

WELCH, KERRY, Associate Vice President, Student Development and Enrollment Services
(2004), B.A., M.A., Ed.D. (University of Cincinnati)

WILKENING, JAMES, Executive Director of Recreation and Wellness
(1992), B.S.B.A., M.A.T. (University of Louisville)

WRIGHT, JENNIFER, Director, Integrity and Ethical Development
(2002), A.A.S., B.S.B.A, M.A. (Appalachian State University)

University Faculty and Administration Emeriti

· University Faculty

The date indicates the first year of employment at the University of Central Florida.

· **Abbas, Hadi**, Associate Professor of School of Visual Arts & Design
(8/8/1995), M.F.A. (Wichita State University)

Abdallah, Nazih, Lecturer of Electrical Engineering Computer Science
(12/21/2000), Ph.D. (University de Paris IX-Dauphin)

Abdel-Aty, Mohamed, Professor of Civil Engineering
(8/8/1995), Ph.D. (University of Cal at Davis)

Abdolvand, Reza, Associate Professor of Electrical Engineering
(1/2/2014), Ph.D. (Georgia Institute of Tech.)

Abichar, Zakhia, Lecturer of Electrical Engineering
(8/15/2011), Ph.D. (Iowa State University)

Ablanedo, Jennie, Assistant In of Institute For Sim And Train
(1/28/2013), M.S. (University of Central Florida)

Abouraddy, Ayman, Professor of Optics and Photonics
(9/1/2008), Ph.D. (Boston University)

Abou-Senna, Hatem, Research Assistant Professor of Civil Engineering
(9/4/2009), Ph.D. (University of Central Florida)

Abraham, Charlie, Associate Professor of School Of Visual Arts & Design
(8/8/1996), M.F.A. (University of MS)

Aburweis, Mohamed, Assistant Professor of Statistics and Data Science
(8/8/2018), Ph.D. (South Dakota State University)

Adams, JoAnne, Lecturer of School Of Visual Arts & Design
(8/8/2008), M.F.A. (University of Florida)

Adams, Kenneth, Professor of Criminal Justice
(8/8/2003), Ph.D. (University at Albany, State University of New York)

Adams, Michelle, Associate Instructor of History
(8/8/2003), M.A. (Northeastern Illinois University)

Agarwal, Shaurya, Assistant Professor of Civil Engineering
(8/8/2018), Ph.D. (University of Nevada Las Vegas)

Ahangari, Raheleh, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2007), Ph.D. (University of Salamanca)

Ahn, Byung, Assistant Professor of Statistics and Data Science
(4/2/2018), Ph.D. (Kansas State University)

Ahmed, Kareem, Assistant Professor of Mechanical and Aerospace Engineering
(12/23/2014), Ph.D. (University at Buffalo, State University of New York)

Ahmed, Tanvir, Lecturer of Computer Science
(5/24/2016), Ph.D. (Aalborg University/Free University of Brussels)

Ait Maalem Lahcen, Rachid, Instructor of Mathematics
(8/8/2014), M.S.M.E (University of Central Florida)

Ajayi, Richard, Associate Professor of Finance
(8/8/1996), Ph.D. (Temple University)

Alarcon, Alma, Associate Lecturer of Modern Languages
(8/8/1998), Ph.D. (University of Houston)

Albers-Biddle, Laura, Associate Lecturer of School of Teacher Education
(8/8/2001), Ed.D. (University of Central Florida)

Aldarondo-Jeffries, Michael, Faculty Administrator of Undergrad Studies Academic Programs
(10/11/2006), M.Ed. (DePaul University)

Al-Deek, Haitham, Professor of Civil Engineering
(8/8/1992), Ph.D. (University of California at Berkeley)

Alderman, Barbara, Assistant Librarian of Regional Campuses
(10/12/2001), M.S. (Florida State University)

Alexander, Kristi, Professor of Psychology
(10/21/2016), Ph.D. (University of Alabama)

Allen, Darryl, Lecturer of Accounting
(8/27/2003), Ph.D. (George Washington University)

Allen, Frank, Faculty Administrator of University Libraries
(5/29/1998), M.A. (University of Tennessee)

Allred, Kelly, Clinical Associate Professor of Nursing
(8/8/2007), Ph.D. (University of Central Florida)

Almagro-Moreno, Salvador, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(1/1/2017), Ph.D. (National University of Ireland)

Almeida, John, Associate Professor of School Of Performing Arts
(8/29/1997), M.A. (Appalachian State University)

Alpanda, Sami, Assistant Professor of Economics
(8/8/2015), Ph.D. (University of Minnesota)

Al-Rawi, Ahlam, Associate Lecturer of Physics
(8/8/2010), Ph.D. (Kansas State)

Altin, Mehmet, Assistant Professor of Hospitality Management Dean
(8/8/2015), Ph.D. (Virginia Tech)

Altomare, Deborah, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(11/2/2009), Ph.D. (Rutgers University)

Aluganti Narasimhulu, Chandrakala, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean
(11/14/2011), Ph.D. (Sri Krishnadevaraya University)

Ambivero, Camilla, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(8/23/2013), Ph.D. (University of Central Florida)

Ambrose, Maureen, Professor of Management
(8/8/1999), Ph.D. (University of Illinois at Urbana-Champaign)

Amezcuca Correa, Rodrigo, Assistant Professor of Optics and Photonics
(2/16/2011), Ph.D. (University of Southampton)

Amin Gutiérrez de Piñeres, Sheila, Professor of Public Administration Dean
(5/23/2018), Ph.D. (Duke University)

Amirkhosravi, Mohammadali, Lecturer of Health Sciences
(8/8/2019), Ph.D. (University of Southampton)

An, Linan, Professor of Materials Science And Engineering
(1/1/2001), Ph.D. (Lehigh University)

Anagnostopoulos, Vasileos, Assistant Professor of Chemistry
(5/1/2018, Ph.D. (University of Patras)

Anderson, Kim, Professor of Social Work
(8/8/2015), Ph.D. (University of Kansas)

Anderson, Mindi, Associate Professor of Nursing
(8/8/2015), Ph.D. (Texas Woman's University)

Anderson, Thaddeus, Assistant Professor of School Of Performing Arts

(8/8/2009), DM.A. (University of Texas)

Andl, Claudia, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(1/1/2016), Ph.D. (University of Essen)

Andl, Thomas, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean
(1/1/2016), Ph.D. (Ruprecht Karls University)

Andraka-Christou, Barbara, Assistant Professor of Health Management Information
(2016), Ph.D. (Indiana University Maurer School of Law)

Andreasen, Janet, Associate Lecturer of School of Teacher Education
(8/8/2005), Ph.D. (University of Central Florida)

Andreatta, Pamela, Professor of Institute For Sim And Train
(7/6/2015), Ed.D. (University of San Francisco)

Andrews, Anna, Associate Professor Medicine of College Of Medicine Dean
(10/26/2009), Ph.D. (University of Central Florida)

Andrews, Diane, Associate Professor of Nursing
(12/21/2006), Ph.D. (University of Central Florida)

Andrews, Wilbur, Research Associate
(2010), Ed.D. (University of Florida)

Angell, Sarah, Instructor of Computer Science
(8/8/2013), M.S. (University of Central Florida)

Anthony, Amanda, Associate Professor of Sociology
(8/8/2011), Ph.D. (Florida State University)

Apostolakis, Georgios, Assistant Professor of Civil Engineering
(8/8/2017), Ph.D. (State University of New York Buffalo)

Applen, John, Associate Professor of English
(8/8/1997), Ph.D. (University of Arizona)

Arboleda, Luis G., Assistant Professor of Civil Engineering
(8/8/2017), Ph.D. (Northwestern University)

Argenti, Luca, Assistant Professor of Physics
(3/22/2016), Ph.D. (Higher Normal School of Pisa)

Aria, Reza, Instructor of Computer Science
(4/16/2015), Ph.D. (McMaster University)

Armato, Michael, Lecturer of Sociology
(8/8/2016), Ph.D. (New York University)

Arnold, Vicky, Professor of Accounting
(8/8/2005), Ph.D. (University of Arkansas, Fayetteville)

Ash, Konstantin, Assistant Professor of School of Politics, Security, and International Affairs
(6/21/2016), Ph.D. (University of California-San Diego)

Asi, Yara, Lecturer of Health Management Information
(2/19/2010), Ph.D. (University of Central Florida)

Asmar, Abdo, Associate Professor Medicine of Com Internal Medicine
(7/1/2011), M.D. (Kauno Medicinos University)

Assefzadeh, Mohammad, Assistant Professor of Electrical Engineering
(12/21/2018) Ph.D. (Rice University)

Atanasiu, Traian, Professor of Mathematics
(12/21/2018), Ph.D. (University of Gothenburg)

Atia, George, Associate Professor of Electrical Engineering
(8/8/2012), Ph.D. (Boston University)

Atkins, Danielle, Assistant Professor of Health Management Information
(8/8/2016), Ph.D. (University of Georgia)

Awad, Amro J., Assistant Professor of Electrical Engineering
(8/8/2017) Ph.D. (North Carolina University)

(8/8/2011), Ph.D. (University of California-Davis)

Azevedo, Roger, Professor of Learning Sciences and Educational Research
(1998), Ph.D. (McGill University)

Azimi, Cyrus, Associate Lecturer of Psychology

(8/8/2005), Ph.D. (Michigan State)

· **Bacchus, James**, Faculty Administrator of School of Politics, Security, and International Affairs
(9/1/2017, JD (Florida State University)

Back, Robin, Assistant Professor of Hospitality Management Dean
(8/8/2015), Ph.D. (University of Massachusetts)

Backes, Bethany, Assistant Professor of Department of Criminal Justice| School of Social Work
(8/8/2019), Ph.D., MSW, MPH (University of Maryland Baltimore)

Bagci, Ulas, Assistant Professor of Computer Science
(12/23/2014), Ph.D. (University of Nottingham)

Baggio, Jacopo, Assistant Professor of School of Politics, Security, and International Affairs
(8/8/2018), Ph.D. (University of East Anglia)

Bagley, George, Associate Professor of Nicholson School of Communication and Media
(8/8/1996), M.A. (University of Utah)

Bai, Haiyan, Professor of Learning Sciences and Educational Research
(8/8/2006), Ph.D. (University of Cincinnati)

Bai, Yuanli, Associate Professor of Mechanical and Aerospace Engineering
(1/3/2011), Ph.D. (Massachusetts Institute of Technology)

Baik, Jong, Research Associate of Florida Solar Energy Center
(1/21/2003), Ph.D. (University of Wisconsin-Madison)

Baker, Barry, Faculty Administrator of University Libraries
(4/28/1997), M.A. (Louisiana State)

Baker, Pamela, Lecturer of Writing and Rhetoric
(8/8/2019), M.F.A. (University of Central Florida)

Baker, Thomas, Associate Professor of Criminal Justice
(8/8/2015), Ph.D. (Florida State University)

Balaeff, Alexander, Assistant Professor of Nanoscience Tech Center Operations
(8/1/2012), Ph.D. (University of Illinois-Urbana Champaign)

Baldwin, Gordon, Associate Professor of Educational Leadership and Higher Education
(8/8/2012), Ph.D. (University of Virginia)

Balkwill, David, Professor of Medicine of Com Medical Education
(6/12/2009), Ph.D. (Pennsylvania State University)

Ballantyne, John, Professor of Chemistry; National Center for Forensic Science
(5/8/1998), Ph.D. (St. University of NY at Stony Brook)

Bandres, Miguel, Assistant Professor of Optics & Photonics
(6/10/2011), Ph.D. (California Institute of Technology)

Banerjee, Parag, Associate Professor of Materials Science and Engineering
(8/19/2011) Ph.D. (University of Maryland)

Barber, Sarah, Associate Professor of Anthropology
(8/8/2007), Ph.D. (University of Colorado)

Barber, Daniel, Assistant Professor of Institute For Sim And Train
(2/9/2007), Ph.D. (University of Central Florida)

Barden, Sejal, Assistant Professor of Counselor Education and School Psychology
(8/8/2011), Ph.D. (University of N.C. Greensboro)

Barfield, Rufus, Associate Professor of Nicholson School of Communication and Media
(8/8/1998), Ph.D. (Howard University)

Barkley, Lisa, Assistant Professor Medicine of Com Internal Medicine
(11/1/2010), M.D. (Temple University)

Barnickel, Amy, Lecturer of Writing & Rhetoric
(10/18/1994), Ph.D. (University of Central Florida)

Barone, Brian, Associate Instructor of Modern Languages
(8/8/2006), M.A. (University of Notre Dame)

Barrett-Greenly, Tommi, Asst Instructional Designer of Vice Provost For Info Off
(12/4/2015), Ed.D. (University of Delaware)

Bartkevicius, Jocelyn, Associate Professor of English
(8/8/1994), Ph.D. (University of Iowa)

Bartee, RoSusan, Professor of Educational Leadership and Higher Education (2003), Ph.D. (University of Illinois at Urbana-Champaign)

Barton, Simon, Professor of History (1/3/2017), Ph.D. (University of York)

Basco, Buenaventura, Associate Librarian of University Libraries (6/8/1998), M.A. (University of South Florida)

Bast, Carol, Professor of Legal Studies (12/23/1992), J.D. (New York Law School)

Bastedo, Kathleen, Asoc Instructional Designer of Vice Provost For Info Off (9/7/1999), M.Ed. (University of South Florida)

Batarseh, Issa, Professor of Florida Solar Energy Center (8/8/1991), Ph.D. (University of Illinois)

Baudelet, Matthieu, Assistant Professor of Chemistry (7/18/2008), Ph.D. (University Claude Bernard Lyon)

Baudot, Lisa, Assistant Professor of Accounting (8/8/2014), Ph.D. (Higher School of Business & Econ Science)

Bauer, Sue, Asoc Instructional Designer of Vice Provost For Info Off (8/25/2000), M.A. (University of Central Florida)

Baxter, Janet, Instructor of Pe Eli (8/8/2015), M.S. (University of the Philippines)

Bayer, Cynthia, Lecturer of Biological Sciences (8/8/2013), Ph.D. (Syracuse University)

Baz, Ghada, Instructor of Integrated Business (8/8/2011), M.B.A. (Georgia State University)

Beato, Morris, Assistant Professor of School of Kinesiology and Physical Therapy (8/8/2015), D.P.T. (University of South Dakota)

Beazley, Melanie, Assistant Professor of Chemistry (8/8/2015), Ph.D. (Georgia Institute of Tech.)

Beck, Christian, Lecturer of English
(8/8/2011), Ph.D. (Binghamton University)

Becker, Helen, Instructor of Management
(8/8/1996), Ed.D. (University of Central Florida)

Beckler, Zachary, Lecturer of of Nicholson School of Communication and Media
(8/8/2015), M.F.A. (University of Central Florida)

Beckman, James, Professor of Legal Studies
(7/1/2011), J.D. (Ohio State University)

Bedwell, Jeffrey, Associate Professor of Psychology
(6/23/2004), Ph.D. (University of Georgia)

Beever, Jonathan, Assistant Professor of Philosophy
(8/8/2015), Ph.D. (Purdue University)

Beevers, Christopher, Assistant Professor Medicine of Com Medical Education
(6/1/2016), Ph.D. (Louisiana State University)

Beg, Shazia, Assistant Professor Medicine of Com Internal Medicine
(10/7/2011), M.D. (State University of New York)

Behal, Aman, Associate Professor of Electrical Engineering
(8/8/2006), Ph.D. (Clemson University)

Beidel, Deborah, Professor of Psychology
(8/8/2007), Ph.D. (University of Pittsburgh)

Beile, Penney, Librarian of University Libraries
(6/22/1998), Ph.D. (University of Central Florida)

Beiler, Rosalind, Associate Professor of History
(8/8/1994), Ph.D. (University of Pennsylvania)

Bellew, Christine, Assistant Professor Medicine of Com Medical Education
(11/22/2013), M.D. (University of South Florida)

Beltran, Susanny, Assistant Professor of Social Work
(8/8/19), Ph.D. (University of Illinois at Chicago)

Benjamin, David, Assistant Librarian of University Libraries
(9/25/2015), M.A. (University of Wisconsin-Madison)

Bennett, Rebecca, Professor of Management
(8/8/2016), Ph.D. (Northwestern University)

Bennett, Christopher, Assistant Professor of Physics
(8/8/2016), Ph.D. (Chemistry)

Bennett, Luke, Asst Instructional Designer of Vice Provost For Info Off
(6/7/2013), Ed.D. (Nova Southeastern University)

Berman, Steven, Associate Professor of Psychology
(8/8/2001), Ph.D. (Florida International University)

Berman, Stephen, Professor of Medicine of Com Internal Medicine
(10/4/2010), Ph.D. (University of Illinois)

Bermudez, Melissa, Instructor of Social Work
(8/8/19), M.S.W (University of Central Florida)

Berry, Theodora Regina, Professor of Curriculum Studies
(2019), B.A., Ed.D. (National-Louis University)

Bhanusali, Neha, Assistant Professor Medicine of Com Internal Medicine
(3/5/2013), M.D. (St. George's University)

Bhardwaj, Pradeep, Associate Professor of Marketing
(8/8/2011), Ph.D. (University of Toronto)

Bhattacharya, Aniket, Professor of Physics
(8/8/2000), Ph.D. (University of Maryland)

Bhattacharya, Samik, Assistant Professor of Mechanical and Aerospace Engineering
(10/21/2016), Ph.D. (Ohio State University)

Biddle, Jeffrey, Associate Instructor of School of Kinesiology and Physical Therapy
(8/8/2010), Ed.D. (University of Central Florida)

Biehl, Richard, Lecturer of Industrial Engineering And Management Sys

(12/23/2014), Ph.D. (Walden University)

Biraimah, Karen, Professor of Learning Sciences and Educational Research
(8/9/1985), Ph.D. (State University of NY at Buffalo)

Bishop, Corinne, Associate Librarian of University Libraries
(9/24/2001), M.L.I.S (Florida State University)

Bislick Wilson, Lauren, Assistant Professor of Communication Sciences and Disorders
(8/21/2015), Ph.D. (University of Washington)

Black, David, Instructor of Food Svc & Lodge Management
(8/8/2012), Ph.D. (Indiana University)

Blackwell, Christopher, Associate Professor of Nursing
(8/8/2004), Ph.D. (University of Central Florida)

Blanch, Norine, Lecturer of School of Teacher Education
(8/15/2016), Ph.D. (University of Central Florida)

Blaney, Cerissa, Assistant Professor of Psychology
(8/8/2015), Ph.D. (University of Rhode Island)

Bledsoe, Robert, Lecturer of School of Politics, Security, and International Affairs
(9/16/1968), Ph.D. (University of Florida)

Blemker, Douglas, Instructor of Nicholson School of Communication and Media
(8/8/2015), M.A. (Ball State University)

Blencke, Carl, Instructor of Management
(9/8/2006), Ed.D. (University of Central Florida)

Block, David, Program Dir of Florida Solar Energy Center
(9/16/1968), Ph.D. (VA Polytechnic Institute)

Boginski, Vladimir, Associate Professor of Industrial Engineering And Management Systems
(8/8/2015), Ph.D. (University of Florida)

Bohil, Corey, Associate Professor of Psychology
(8/8/2011), Ph.D. (University of Texas)

Bohlen, Patrick, Professor of Landscape & Nat Resources
(8/8/2010), Ph.D. (Ohio State University)

Boloni, Ladislau, Associate Professor of Computer Science
(8/8/2002), Ph.D. (Purdue University)

Bolt, Pearson, Instructor of Writing & Rhetoric
(8/8/2016), M.A. (University of Central Florida)

Boote, David, Associate Professor of Learning Sciences and Educational Research
(8/8/2000), Ph.D. (Simon Fraser University)

Borges, Carlos, Assistant Professor of Mathematics
(8/8/2018), Ph.D. (Worcester Polytechnic Institute)

Borgon, Robert, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2007), Ph.D. (University of Tennessee)

Bossy-Wetzel, Ella, Professor of Medicine of Col Of Med School Biomed Science Dean
(1/15/2007), Ph.D. (State University of New York)

Bottorff, Timothy, Associate Librarian of University Libraries
(1/12/2004), M.S. (University of Pittsburgh)

Bourgault, Annette, Assistant Professor of Nursing
(8/8/2015), Ph.D. (Georgia Regents University)

Boutton, Andrew, Assistant Professor of School of Politics, Security, and International Affairs
(8/8/2015), Ph.D. (Pennsylvania State University)

Bowdon, Melody, Professor of Academic, Faculty & Int'l Affairs
(8/8/1999), Ph.D. (University of Arizona)

Bowen, Wayne, Professor of History
(2017), B.A., M.A., Ph.D. (Northwestern University)

Bowers, Clint, Professor of Psychology
(10/12/1990), Ph.D. (University of South Florida)

Boyd, Belinda, Associate Professor of School Of Performing Arts
(8/8/2002), M.F.A. (University of Louisville)

Boyle, Shawn, Assistant Professor of School Of Performing Arts
(8/8/2016), M.A. (Yale University)

Bradley, Eric, Associate Scholar/Scientist/E of Florida Space Institute
(11/19/2007), Ph.D. (University of Colorado)

Bradley Thacker, Linda, Faculty Administrator of Regional Campus Daytona Beach
(4/30/2007), Ph.D. (Florida State University)

Bradshaw, Emily, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2015), Ph.D. (University of Kentucky)

Branting, Scott, Assistant Professor of Anthropology
(8/8/2015), Ph.D. (University at Buffalo, State University of New York)

Brasel, Nancy, Senior Instructor of School of Teacher Education
(8/8/1999), M.Ed. (University of Central Florida)

Braun, Bradley, Associate Professor of Economics
(8/8/1986), Ph.D. (Tulane University)

Brazendale, Keith, Assistant Professor of Health Sciences
(8/8/2019), Ph.D. (University of South Carolina)

Breit, Donna, Instructor of Nursing
(1/5/2015), M.S.N (University of Central Florida)

Breiter Terry, Deborah, Professor of Tourism Events & Attractions
(8/8/2000), Ph.D. (University of South Carolina)

Brenckle, Martha, Professor of Writing & Rhetoric
(8/8/1998), Ph.D. (Lehigh University)

Brennan, Joseph, Professor of Mathematics
(8/8/2006), Ph.D. (University of Illinois)

Bricker, Todd, Lecturer of Criminal Justice
(8/8/2016), Ph.D. (Michigan State University)

Bridge, Candice, Assistant Professor of Chemistry
(1/10/2008), Ph.D. (University of Central Florida)

Briggs, Cheryl, Associate Professor of School Of Visual Arts & Design
(8/8/2009), M.F.A. (Savannah College of Art & Design)

Brisbois, Elizabeth, Assistant Professor of Materials Science and Engineering
(8/15/2014 Ph.D. (University of Michigan)

Brisset, Julie, Associate In of Florida Space Institute
(5/23/2014), Ph.D. (Tech. University of Braunschweig)

Britt, Daniel, Professor of Physics
(3/24/2003), Ph.D. (Brown University)

Brodie, Lyman, Professor of College Of Arts And Hum Dean
(8/8/1990), M.A. (University of N. Texas)

Brooker, Robert, Assistant Professor of Florida Solar Energy Center
(3/16/2009), Ph.D. (University of Connecticut)

Brooks, Lisa, Associate Lecturer of School of Teacher Education
(8/8/2009), Ed.D. (University of Central Florida)

Brophy-Ellison, James, Lecturer of Psychology
(9/16/1969), Ph.D. (Vanderbilt University)

Brown, Timothy, Associate Professor of Nicholson School of Communication and Media
(8/8/2004), Ph.D. (University of South Carolina)

Brown, James, Associate Lecturer of School Of Performing Arts
(12/29/2000), M.F.A. (San Diego State University)

Brown, Kevin, Lecturer of Social Work
(8/8/2013), Ph.D. (Florida State University)

Brown, Shelley, Research Associate of Institute For Sim And Train
(8/11/1999), B.A. (Florida State University)

Bruder, Gerd, Assistant Professor of Institute For Sim And Train
(9/1/2016), Ph.D. (University of Munster)

Brueckner, Thomas, Lecturer of Physics
(8/20/2002), Ph.D. (Montana State University)

Brunson, Richard, Associate Instructor of Nicholson School of Communication and Media
(8/8/2003), M.A. (University of South Florida)

Bryan, Matthew, Associate Lecturer of Writing & Rhetoric
(8/8/2009), M.F.A. (University of Central Florida)

Bryer, Thomas, Professor of Public Administration
(8/8/2007), Ph.D. (University of Southern California)

Bubriski, Anne, Lecturer of College Of Arts And Hum Dean
(8/8/2015), Ph.D. (University of Central Florida)

Buchanan, Carolyn, Instructor of Communication Sciences and Disorders
(8/4/2012), M.A. (University of Central Florida)

Buck, Tina, Assistant Librarian of University Libraries
(8/8/2015), MLS (University of Pittsburgh)

Buckingham, Gregg, Lecturer of Public Administration
(8/8/2016), Ed.D. (University of Central Florida)

Bufquin, Diego, Assistant Professor of Food Svc & Lodge Management
(8/8/2015), Ph.D. (University of South Carolina)

Buhagiar, Tarek, Instructor of Integrated Business
(8/8/2001), M.A.AE (University of Central Florida)

Bukaty, Caitlyn, Research Associate
(2016), Ph.D., (University of Central Florida)

Bukstein, Scott, Instructor of Sport Business Management
(8/8/2011), J.D. (University of Minnesota)

Bunn, Suzan, Instructor of Tourism Events & Attractions
(1/8/2007), M.S.M (University of Central Florida)

Burgunder, Carol, Instructor of Nursing
(8/8/2015), M.S. (Pennsylvania State University)

Burke, Shawn, Professor of Institute For Sim And Train

(2/26/2001), Ph.D. (George Mason University)

Burr, Joyce, Lecturer of Nursing
(9/3/2010), Ph.D. (University of Central Florida)

Burrell, Jason, Associate Lecturer of School Of Visual Arts & Design
(8/26/2002), M.F.A. (University of Cincinnati)

Burroughs, Heather, Instructor of Social Work
(9/23/2016), M.S.W (University of Central Florida)

Burroughs, Steven, Instructor of Health Sciences
(8/8/2021), M.S. (Brooklyn College at City University of New York)

Busch, Maria, Faculty Administrator of School of Teacher Education
(2005), Ph.D. (University of Illinois)

Bush, Mark, Lecturer of Health Management Information
(8/8/2016), DHA. (Central Michigan University)

Bush, Sarah, Associate Professor of School of Teacher Education
(2011), Ph.D. (University of Louisville)

Bushy, Angeline, Professor of Nursing
(1/2/1996), Ph.D. (University of Texas-Austin)

Butchard, William, Lecturer of Philosophy
(8/8/2011), Ph.D. (University of Florida)

Butcher, Lonny, Instructor of Office Of Student Support
(5/16/1997), M.A. (Louisiana State University)

Butler, Sylvester, Professor of Counselor Education and School Psychology
(8/8/2007), Ph.D. (University of Connecticut)

Butler, Malcolm, Professor of School of Teacher Education
(8/8/2012), Ph.D. (University of Florida)

Butts, Michele, Lecturer of Nursing
(8/8/2017), PhD (Barry University)

Byrd, Anthony, Associate Professor of Finance
(8/8/1993), Ph.D. (University of South Carolina)

Calabrese, Mark, Associate Instructor of Industrial Engineering And Management Sys
(8/8/2005), M.S.E (University of Central Florida)

Calandrino, Nancy, Asst Instructional Designer of Vice Provost For Info Off
(1/24/2014), M.Ed. (American InterContinental University)

Calkins, Vanessa, Instructor of Writing & Rhetoric
(8/8/2012), M.A. (University of Central Florida)

Callaghan, Michael, Assistant Professor of Anthropology
(8/8/2015), Ph.D. (Vanderbilt University)

Cameron, James, Lecturer of School Of Visual Arts & Design
(8/8/2015), M.F.A. (Academy of Art University)

Campbell, Laurie, Assistant Professor of Learning Sciences and Educational Research
(8/8/2012), Ed.D. (Regent University)

Campbell, James, Associate Professor of English
(8/8/1996), Ph.D. (University of Notre Dame)

Campiglia, Andres, Professor of Chemistry; National Center for Forensic Science
(8/8/2003), Ph.D. (University of Florida)

Campins, Humberto, Professor of Physics
(8/16/2002), Ph.D. (University of Arizona)

Cannarozzi, Maria, Associate Professor Medicine of Com Internal Medicine
(10/27/2008), M.D. (University of South Florida)

Capozza, John, Assistant In of Institute For Sim And Train
(3/4/2011), B.A. (University of Central Florida)

Capursi, Maria, Associate Lecturer of Mathematics
(8/8/2007), Ph.D. (University of Delaware)

Caputo, Michael, Professor of Economics
(8/8/2003), Ph.D. (University of Washington)

Caranto, Jonathan, Assistant Professor of Chemistry
(1/8/2018), (University of Texas at San Antonio)

Carbone, Thomas, Research Associate of FI Interactive Entertainment Academic
(7/15/2005), ME (University of Utah)

Carlson, Keith, Associate Instructor of Mathematics
(8/8/2009), M.S. (University of Illinois)

Carnaby, Giselle, Professor of Communication Sciences and Disorders
(8/8/2015), Ph.D. (Curtin University of Technology)

Carrasquel, Nicole, Instructor of Modern Languages
(8/8/2008), M.A. (University of Central Florida)

Carroll, Deborah, Associate Professor of Public Administration
(12/21/2016), Ph.D. (University of Wisconsin)

Carroll, Pamela, Professor of College of Community Innovation and Education
(7/27/2015), Ed.D. (Auburn University)

Carter, James, Associate Professor of Sociology
(8/8/2007), Ph.D. (University of South Carolina)

Carter, Shannon, Associate Professor of Sociology
(8/8/2007), Ph.D. (University of Florida)

Cash, Mason, Associate Professor of Philosophy
(8/8/2003), Ph.D. (University of Alberta)

Casimir, Yun-Ling, Assistant Professor of School Of Performing Arts
(12/21/2007), DM.A. (Ohio State University)

Casmier-Paz, Lynn, Associate Professor of English
(8/8/1997), Ph.D. (University of Pittsburgh)

Cassanello, Robert, Associate Professor of History
(8/8/2003), Ph.D. (Florida State University)

Cassisi, Jeffrey, Professor of Psychology
(12/21/2007), Ph.D. (University of Florida)

Castiglioni, Analia, Associate Professor Medicine of Com Internal Medicine (10/12/2012), M.D. (Drexel University)

Castro, Meirelys, Assistant Professor Medicine of Com Internal Medicine (11/4/2016), M.D. (University of Florida)

Catania, Jelena, Assistant Professor Medicine of Com Internal Medicine (1/2/2015), M.D. (New York Medical College)

Catbas, Fikret, Professor of Civil Engineering (8/8/2003), Ph.D. (University of Cincinnati)

Cato, Farida, Associate Instructor of English (8/8/2002), M.A. (University of Central Florida)

Caudy, Michael, Assistant Professor of Criminal Justice (01/01/2011), Ph.D. (University of South Florida)

Caulkins, Bruce, Assistant Professor of Institute For Sim And Train (1/4/2016), Ph.D. (University of Central Florida)

Cavanagh, Thomas, Faculty Administrator of Vice Provost For Info Off (2/9/2009), Ph.D. (University of Central Florida)

Cavanaugh, Pamela, Faculty Administrator of Regional Campuses (8/13/1999), Ed.D. (University of Central Florida)

Ceballos, Marjorie, Assistant Professor of Education Leadership and Higher Education (2016), Ed.D. (University of Central Florida)

Cendan, Juan, Professor of Medicine of Com Medical Education (7/20/2010), M.D. (University of Florida)

Ceron Mendez, Rey, Instructor of Pe Eli (8/8/2015), M.A. (California State University Fresno)

Chai, Xinqing, Associate Professor Medicine of Col Of Med School Biomed Science Dean (8/8/1996), Ph.D. (Medical University of South Carolina)

Chakrabarti, Ratna, Associate Professor Medicine of Col Of Med School Biomed Science Dean (8/8/1996), Ph.D. (University of Calcutta)

Chakrabarti, Debopam, Professor of Medicine of Col Of Med School Biomed Science Dean
(8/8/1995), Ph.D. (University of Calcutta)

Challapalli, Suryanarayana, Professor of Mechanical and Aerospace Engineering
(1/8/2001), Ph.D. (Banaras Hindu University)

Chambers, Lisa, Assistant Professor of Biological Sciences
(8/8/2015), Ph.D. (University of Florida)

Chan, Chung Yong, Lecturer of Electrical Engineering
(8/15/2011), Ph.D. (University of Mississippi)

Chanda, Debashis, Associate Professor of Nanoscience Tech Center Operations
(8/8/2012), Ph.D. (University of Toronto)

Chandler, Michelle, Lecturer of Health Management Information
(2/10/1995), Ph.D. (University of Central Florida)

Chang, Zenghu, University Trustee Chair, Pegasus and Distinguished Professor of Physics, Optics and Photonics
(8/8/2010), Ph.D. (Chinese Academy of Sciences)

Chang, Ni-bin, Professor of Civil Engineering
(8/8/2005), Ph.D. (Cornell University)

Chapple, Reshawna, Associate Professor of Social Work
(8/8/2014), Ph.D. (Arizona State University)

Chasar, David, Assistant In of Florida Solar Energy Center
(1/26/1996), B.S. (University of Texas/Arling)

Chase, Susan, Professor of Nursing
(8/8/2009), Ed.D. (Harvard University)

Chatterjee, Mainak, Associate Professor of Computer Science
(8/8/2002), Ph.D. (University of Texas at Arlington)

Chen, Po-Ju, Associate Professor of Hospitality Management Services
(8/8/2002), Ph.D. (Pennsylvania State University)

Chen, Gang, Assistant Professor of Chemistry
(8/8/2016), Ph.D. (Graduate Uni. of Chinese Acad. of Sci.)

Chen, Bo, Associate Professor of Physics
(8/8/2011), Ph.D. (Northwestern University)

Chen, Quanfang, Professor of Mechanical and Aerospace Engineering
(12/22/2000), Ph.D. (Tsinghua University)

Chen, Zhongzhou, Assistant Professor of Physics
(8/8/2016), Ph.D. (University of Illinois, Urbana-Champaign)

Chen, Honghui, Associate Professor of Finance
(8/8/2003), Ph.D. (Virginia Tech)

Chen, Baiyun, Asoc Instructional Designer of Vice Provost For Info Off
(1/26/2007), Ph.D. (University of Central Florida)

Chen, Kenle, Assistant Professor of Electrical Engineering
(8/8/2018) Ph.D. (Purdue University)

Chen, Limei, Scholar/Scientist/Eng Medicine of Col Of Med School Biomed Science Dean
(9/8/2006), M.A. (Hunan Medical University)

Chen, Shi, Assistant Scholar/Scientist of Optics and Photonics
(6/17/2013), Ph.D. (Shanghai Institute of Ceramics)

Chen, Xuan, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean
(1/9/2017)

Cheng, Zixi, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2005), Ph.D. (Purdue University)

Cheong, Caroline, Assistant Professor of History
(8/8/2016), Ph.D. (University of Pennsylvania)

Chernyak, Leonid, Professor of Physics
(11/16/1999), Ph.D. (Weizmann Institute of Science)

Chesnut, Jason, Instructor of Psychology
(8/8/2010), M.S. (University of Central Florida)

Chin, Matthew, Associate Lecturer of Psychology
(8/8/1998), Ph.D. (University of Cali., Santa Barbara)

Chini, Jacquelyn, Assistant Professor of Physics
(12/22/2010), Ph.D. (Kansas State University)

Chini, Michael, Assistant Professor of Physics
(12/21/2012), Ph.D. (University of Central Florida)

Chisholm, Latarsha, Associate Professor of Health Management Information
(8/8/2012), Ph.D. (University of Florida)

Cho, Hyoung, Professor of Mechanical and Aerospace Engineering
(7/12/2002), Ph.D. (University of Cincinnati)

Choi, Hwan, Assistant Professor of Mechanical and Aerospace Engineering
(8/8/2018), Ph.D. (University of Washington)

Choi, Yoon, Associate Professor of Finance
(8/8/1997), Ph.D. (University of Michigan)

Choi Yoo, Sung, Assistant Professor of Health Management Information
(2015), Ph.D. (University of Minnesota-Twin)

Chopra, Manoj, Professor of Civil Engineering
(8/8/1993), Ph.D. (State University of New York, Buffalo)

Choudhury, Sudipto, Professor of Mathematics
(8/8/1990), Ph.D. (Cornell University)

Chow, Louis, Professor of Mechanical and Aerospace Engineering
(12/21/1995), Ph.D. (University of California)

Chow, Lee, Professor of Physics
(8/5/1983), Ph.D. (Clark University)

Christodoulides, Demetrios, Pegasus Professor of Optics and Photonics, Cobb Family Endowed Chair
(8/26/2002), Ph.D. (Johns Hopkins University)

Chowdhury, Monsur, Assistant Professor of Statistics and Data Science
(5/1/2018), Ph.D. (University of Manitoba)

Chumbimuni Torres, Karin, Associate Professor of Chemistry
(8/8/2012), Ph.D. (State University of Campinas)

Chung, Wingyan, Associate Professor of Institute For Sim And Train
(8/8/2015), Ph.D. (University of Arizona)

Chuo, Chinyen, Instructional Specialist of Undergrad Study Experience Lrng
(9/12/2014), M.S. (University of Central Florida)

Clark, James, Associate Lecturer of History
(8/8/1999), Ph.D. (University of Florida)

Clark, Margaret, Associate Lecturer of Learning Sciences and Educational Research
(6/14/2010), Ph.D. (University of Memphis)

Cleavenger, Dean, Lecturer of Management
(8/8/2007), Ph.D. (University of Mississippi)

Clercx, Byron, Professor of School Of Visual Arts & Design
(8/8/2013), M.F.A. (Cali. State University-Fullerton)

Coffey, Kevin, Professor of Materials Science And Engineering
(8/8/2002), Ph.D. (Massachusetts Inst. of Tech.)

Cole, Alexander, Professor of Medicine of Col Of Med School Biomed Science Dean
(8/8/2003), Ph.D. (University of Med and Dentistry of NJ)

Cole, Amy, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(5/17/2004), Ph.D. (University of Med & Dent of NJ)

Coleman, Therese, Instructor of Communication Sciences and Disorders
(8/8/2015), M.A. (University of Central Florida)

Collins, Steven, Associate Professor of Nicholson School of Communication and Media
(8/8/2003), Ph.D. (Syracuse University)

Colon, Carlos, Assistant In of Florida Solar Energy Center
(12/22/1989), B.A. (Interamerican University)

Colon Mendoza, Ilenia, Associate Professor of School Of Visual Arts & Design
(8/8/2010), Ph.D. (Penn. State University)

Colwell, Joshua, Professor of Physics
(12/21/2006), Ph.D. (University of Colorado)

Combs, James, Professor of Management
(8/8/2015), Ph.D. (Louisiana State University)

Connell, Leslie, Associate Instructor of Integrated Business
(8/8/1995), M.B.A. (University of Central Florida)

Conner, Norma, Associate Professor of Nursing
(8/16/2010), Ph.D. (Rutgers University)

Conroy, Annabelle, Lecturer of School of Politics, Security, and International Affairs
(8/8/2004), Ph.D. (University of Pittsburgh)

Consalo, Marc, Associate Lecturer of Legal Studies
(12/20/2013), J.D. (University of Florida)

Consalo, Karen, Lecturer of Legal Studies
(8/8/2016), J.D. (University of Florida)

Conway, Jonathan, Instructor of Nicholson School of Communication and Media
(8/8/2014), M.A. (Ball State University)

Cook, Chista, Associate Professor of Nursing
(8/8/2018), PhD (University of Florida)

Cook, Geoffrey, Assistant Professor of Biological Sciences
(8/8/2015), Ph.D. (University of California)

Cook, Jesse, Assistant Professor of School Of Performing Arts
(8/8/2019), DM.A. (University of Texas at Austin)

Cooney, James, Associate Lecturer of Physics
(8/8/2005), Ph.D. (University of Florida)

Cooper, Larry, Lecturer of School Of Visual Arts & Design
(8/8/2003), M.F.A. (University of Georgia)

Copik, Alicja, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean
(12/19/2012), Ph.D. (Utah State University)

Coronado, Katidia, Associate Instructor of Nicholson School of Communication and Media
(8/8/2012), M.A. (Rollins College)

Correa, Eda, Assistant Librarian of University Libraries
(4/23/1999), M.A. (University of Puerto Rico)

Cortelyou-Ward, Kendall, Associate Professor of Health Management Information
(8/2/2002), Ph.D. (University of Central Florida)

Corzine, Harold, Professor of Sociology
(8/8/1996), Ph.D. (Washington University)

Cosby, Janel, Lecturer of Communicative Disorders
(5/1/2015), Ph.D. (East Carolina University)

Covelli, Maureen, Associate Professor of Nursing
(8/8/1989), Ph.D. (University of Florida)

Cox, Jonathan, Assistant Professor of Sociology
(8/8/2017), Ph.D. (University of Maryland - College Park)

Cox, Thomas, Associate Professor of Educational Leadership and Higher Education
(8/8/2012), Ed.D. (University of Memphis)

Cox, Karen, Associate Instructor of Psychology
(2/18/2000), M.A. (University of Central Florida)

Craighead, Jamie, Instructor of Integrated Business
(12/21/2016), M.A. (University of South Florida)

Crampton, William, Associate Professor of Biological Sciences
(8/18/2006), Ph.D. (University of Oxford)

Crawford, Kaitlyn, Assistant Professor of Materials Science and Engineering
(5/21/2015), Ph.D. (University of Maryland)

Crary, Michael, Professor of Communication Sciences and Disorders
(8/8/2015), Ph.D. (Ohio University)

Creque, Carole, Lecturer of Integrated Business
(8/8/2016), D.B.A. (Nova Southeastern University)

Croes, Robertico, Professor of Hospitality Management Dean
(9/6/2002), Ph.D. (University of Twente)

Croft, Max, Research Associate of Nicholson School of Communication and Media
(8/8/2005), B.F.A (Florida State University)

Crossley, Craig, Assistant Professor of Management
(8/8/2012), Ph.D. (Bowling Green State University)

Cummings, Jo, Assistant In of Florida Solar Energy Center
(11/22/2002), B.A. (Bradley University)

Curcio, Richard, Associate Lecturer of Finance
(9/8/2006), Ph.D. (Pennsylvania State University)

Da Vitoria Lobo, Niels, Associate Professor of Computer Science
(12/23/1992), Ph.D. (University of Toronto)

Dagley, Melissa, Faculty Administrator In Science Tech English & Math
(9/14/2001), Ed.D. (University of Central Florida)

Daly, Katherine, Assistant Professor Medicine of Com Clinical Science
(10/10/2014), Ph.D. (University of Florida)

Damato-Kubiet, Leslee, Associate Lecturer of Nursing
(2/10/2006), Ph.D. (University of Central Florida)

Damico, Nicole, Assistant Professor of School of Teacher Education
(8/8/2015), Ph.D. (Pennsylvania State University)

Dandrow, Edward, Assistant Professor of History
(8/8/2005), Ph.D. (University of Chicago)

Dangiolo, Mariana, Assistant Professor Medicine of Com Internal Medicine
(6/25/2010), M.D. (University of Buenos Aires)

Danielsson, Per, Associate Professor of School Of Performing Arts
(8/8/2007), MM (University of South Florida)

Danker, Elizabeth, Assistant Professor of Nicholson School of Communication and Media
(8/8/2014), M.F.A. (University of Wisconsin-Milwaukee)

Daoudi, Mohammed, Lecturer of Chemistry
(8/8/2007), Ph.D. (University of Central Florida)

Darty, Amy, Associate Instructor of History
(8/8/2004), M.A. (University of Central Florida)

Das, Tirthatanmoy, Assistant Professor of Economics
(7/1/2014), Ph.D. (Binghamton University)

Das, Tuhin, Associate Professor of Mechanical and Aerospace Engineering
(6/15/2011), Ph.D. (Michigan State University)

Davey, Diane, Professor of Medicine of Com Clinical Science
(10/22/2007), M.D. (Washington University)

Davidson, Victor, Professor of Medicine of Col Of Med School Biomed Science Dean
(8/1/2011), Ph.D. (Texas Tech University)

Davila, Victor, Assistant Professor of School Of Visual Arts & Design
(1/3/2003), M.F.A. (University of Central Florida)

Davis, Kristopher, Assistant Professor of Materials Science and Engineering
(5/7/2015), Ph.D. (University of Central Florida)

Dawson, Nicole, Assistant Professor of School of Kinesiology and Physical Therapy
(8/8/2015), Ph.D. (Cleveland State University)

Dawson, Virgil, Assistant Professor Medicine of Com Internal Medicine
(12/15/2014), M.D. (Virginia Commonwealth University)

de Bekker, Adriana, Assistant Professor of Biological Sciences
(12/21/2016), Ph.D. (University Utrecht)

De George, Lauren, Associate Instructor of Management
(8/21/1998), Ed.D. (University of Central Florida)

De Luca Guerriero, Rita, Instructor of Modern Languages
(8/8/2014), M.A. (University of Central Florida)

Deatrick, Christine, Instructor of Nursing
(8/11/1995), M.S.N (University of Central Florida)

Dechev, Damian, Associate Professor of Computer Science
(8/8/2010), Ph.D. (Texas A&M University)

Decker, Jonathan, Lecturer of Nursing
(8/8/2010), Ph.D. (University of Central Florida)

Decker, Veronica, Assistant Professor of Nursing
(8/8/2016), DNP (Wayne State University)

Deery, Todd, Research Associate of FI Interactive Entertainment Academic
(6/3/2005), M.A. (Stetson University)

Dees, Stuart, Instructor of Writing & Rhetoric
(12/23/2015), M.A. (University of Central Florida)

DeGennaro, Joyce, Instructor of Nursing
(8/8/2014), M.S.N (University of Central Florida)

Deibert, Nancy, Instructional Specialist of Sdes Creative School
(9/11/2015), B.S.Ed. (Indiana University of PA)

Del Barco, Enrique, Professor of Physics; Associate Dean College of Sciences
(12/22/2004), Ph.D. (University of Barcelona)

Delfyett, Peter, University Trustee Chair, Pegasus Professor of Optics and Photonics, ECE & Physics; Director,
Townes Laser Institute
(12/1/1993), Ph.D. (City University of New York)

DeMara, Ronald, Professor of Electrical Engineering
(12/23/1992), Ph.D. (University of South California)

Demek, Kristina, Assistant Professor of Accounting
(7/1/2014), Ph.D. (University of Washington)

DeMicco, Frederick, Professor of Food Svc & Lodge Management
(12/21/2016), Ph.D. (Virginia Tech)

Deng, Sai, Associate Librarian of University Libraries
(8/8/2012), M.S. (University of IL at Urbana-Champaign)

Dennis, Lynda, Instructor of Accounting
(3/11/2005), Ph.D. (University of Central Florida)

Dennis, Dana-Marie, Lecturer of Chemistry; National Center for Forensic Science

(10/23/2015), Ph.D. (University of Central Florida)

Denoyelles, Aimee, Asoc Instructional Designer of Vice Provost For Info Off
(6/30/2011), Ed.D. (University of Cincinnati)

Deppe, Dennis, Professor of Optics and Photonics
(6/1/2005), Ph.D. (University of Illinois)

Desiraju, Ramarao, Professor of Marketing
(8/8/1999), Ph.D. (University of Florida)

Desmarais, Paul, Associate Lecturer of Nursing
(8/8/2003), Ph.D. (University of Massachusetts)

Desormes, Punam, Instructor of Communication Sciences and Disorders
(08/07/2004), M.A. (University of Florida)

Dever, Kimberly, Instructor of Nursing
(8/23/2010), M.S.N (Duquesne University)

Dexter, Nadine, Faculty Administrator Medicine of Com Plng & Knowledge Management
(4/28/2008), M.S. (Florida State University)

Dhere, Neelkanth, Program Dir of Florida Solar Energy Center
(5/14/1990), Ph.D. (University of Poona)

Diaz, Desiree, Assistant Professor of Nursing
(8/8/2015), Ph.D. (University of Connecticut)

Dibernardo, Sabatino, Associate Lecturer of Philosophy
(8/8/2001), Ph.D. (Syracuse University)

Dickerson, Andrew, Assistant Professor of Mechanical and Aerospace Engineering
(8/8/2016), Ph.D. (Georgia Institute of Technology)

Dickie, Mark, Professor of Economics
(8/8/2001), Ph.D. (University of Wyoming)

Dickson, Duncan, Associate Professor of Tourism Events & Attractions
(8/8/2001), Ed.D. (University of Central Florida)

Dieker, Lisa, Professor of School of Teacher Education
(8/8/2003), Ph.D. (University of Illinois)

Diercksen, Christa, Associate Lecturer of Biological Sciences
(8/8/2012), Ph.D. (Boston University)

Dierdorff, Wesley, Assistant Professor of School Of Visual Arts & Design
(8/8/2015), M.F.A. (University of Oregon)

Dil, Nyla, Assistant Professor Medicine of Com Medical Education
(10/1/2015), Ph.D. (North Carolina State University)

DiLiberto, Stacey, Lecturer of Philosophy
(8/8/2019), Ph.D. (University of Central Florida)

Dimitrovski, Aleksandar, Associate Professor of Electrical Engineering
(8/8/2016), Ph.D. (Sts. "Cyril and Methodius" Uni. of Skopje)

DiNapoli, Joseph, Senior Instructor of Communication Sciences and Disorders
(8/8/2002), M.S. (Columbia University)

Divliansky, Ivan, Research Assistant Professor of Optics and Photonics
(12/4/2006), Ph.D. (Pennsylvania State University)

Dixon, Donovan, Associate Lecturer of Chemistry
(8/8/2006), Ph.D. (University of the West Indies)

Dixon, Juli, Professor of School of Teacher Education
(8/8/2000), Ph.D. (University of Florida)

Dobson, Leonard, Faculty Administrator of School of Politics, Security, and International Affairs
(1/10/2010), Ph.D. (Florida State University)

Dodd, Melissa, Associate Professor of Nicholson School of Communication and Media
(8/8/2013), Ph.D. (University of Miami)

Dogariu, Aristide, Professor of Optics and Photonics
(8/25/1997), Ph.D. (Hokkaido University)

Doherty, Walter, Assistant Professor of Educational Leadership and Higher Education
(8/8/2007), Ph.D. (State University of NY at Albany)

Dolan, Thomas, Associate Professor of School of Politics, Security, and International Affairs
(12/22/2010), Ph.D. (Ohio State University)

Dombrowski, Matthew, Assistant Professor of School Of Visual Arts & Design
(8/8/2010), M.F.A. (University of Central Florida)

Donaldson-Hanna, Kerri, Assistant Professor of Physics
(3/15/2019), Ph.D. (Brown University)

Dong, Yajie, Assistant Professor of Material Science and Engineering
(8/8/2014), Ph.D. (Harvard University)

Donley, Amy, Associate Professor of Sociology
(8/25/2008), Ph.D. (University of Central Florida)

Donoghue, Joseph, Associate Professor of Physics
(8/8/2015), Ph.D. (University of Southern California)

Dooley, Elizabeth, Professor, Office of the Dean, College of Community Innovation and Education
(8/21/2015), Ed.D. (West Virginia University)

Dorman, Teresa, Faculty Administrator; Associate Dean, College Of Sciences
(10/4/1996), Ed.D. (University of Central Florida)

Dotson, Denise, Assistant Librarian of University Libraries
(1/12/2007), M.A. (University of South Florida)

Douglas, Pamela, Assistant Professor of Institute For Sim And Train
(8/8/2016), Ph.D.

Dove, Adrienne, Assistant Professor of Physics
(6/8/2012), Ph.D. (University of Colorado, Boulder)

Dow, Tina, Assistant Professor Medicine of Col Of Med School Biomed Science
(8/8/2016), Ph.D. (West Virginia University)

Dreilinger, Gillian, Associate Instructor of Communication Science and Disorders
(8/18/1989), M.S. (Texas Tech University)

Drexler, Richard, Instructor of School Of Performing Arts
(8/8/2016), M.A. (University of Central Florida)

Driggers, Ronald, Professor of CREOL, The College of Optics & Photonics
(5/5/1990) Ph.D. (University of Memphis)

Duarte, Esmeralda, Lecturer of Modern Languages
(8/8/2016), Ph.D. (University of Florida)

Dubey, Archana, Associate Lecturer of Physics
(8/20/2002), Ph.D. (Bhavnagar University)

Duckworth, Nancy, Instructor of Nursing
(8/8/2015), M.S.N (University of South Alabama)

Duffy, Alicia, Instructor of History
(12/22/2004), M.A. (University of Memphis)

Duke, Jeff, Associate Lecturer of School of Kinesiology and Physical Therapy
(8/8/2002), Ed.D. (Florida State University)

Duncan, Neil, Assistant Professor of Anthropology
(8/8/2015), Ph.D. (University of Missouri)

Dungee, Loren, Instructional Specialist of Sdes Creative School
(9/7/2012), B.S. (Southeast Missouri State University)

Dunlop-Pyle, Lori, Associate Instructor of Mathematics
(8/8/1999), M.A. (University of Central Florida)

Dunn, Michael, Associate Professor of Psychology
(8/8/1997), Ph.D. (University of South Florida)

Dupras, Tosha, Professor of Anthropology; Associate Dean College of Sciences
(8/8/1999), Ph.D. (McMaster University)

Dupuis, Martin, Associate Professor of Honors College Dean
(8/1/2006), Ph.D. (University of Southern California)

Duranceau, Steven, Professor of Civil Engineering
(7/6/2007), Ph.D. (University of Central Florida)

Durrani, Brittany, Instructor of Statistics and Data Science
(8/8/2016), MS (Mississippi State University)

Durham, Barbara, Associate Instructor of Accounting
(8/13/2003), M.A. (Georgia State University)

Dusseau, Michelle, Instructor of Nicholson School of Communication and Media
(8/8/2006), M.A. (Rollins College)

Dutkay, Dorin, Associate Professor of Mathematics
(8/8/2006), Ph.D. (University of Iowa)

Dvorak, Robert, Assistant Professor of Psychology
(8/8/2016), Ph.D. (University of South Dakota)

Dziuban, Charles, Faculty Administrator of Vice Provost For Info Off
(9/16/1970), Ph.D. (University of Wisconsin)

Eakins, Michael, Assistant In of Institute For Sim And Train
(9/17/2010), B.A. (University of Central Florida)

Earley-Spadoni, Tiffany, Assistant Professor of History
(8/8/2016), Ph.D. (Johns Hopkins University)

Eastes, Richard, Research Associate of Florida Space Institute
(12/21/2000), Ph.D. (John Hopkins University)

Ebert, Steven, Associate Professor Medicine of Col Of Med School Biomed Science
(7/1/2005), Ph.D. (Ohio State University)

Eckhoff, Dawn, Instructor of Nursing
(8/8/2016), M.S.N (University of Florida)

Edison, John, Instructor of Electrical Engineering
(8/16/2013), M.S.PE (University of Central Florida)

Edmonson, Chloe, Assistant Professor of School of Performing Arts
(8/8/2019), Ph.D. (City University of New York)

Edwards, Dustin, Assistant Professor of Writing & Rhetoric
(8/8/2016), Ph.D. (Miami University)

Edwards, Joellen, Professor of Nursing
(8/8/2015), Ph.D. (Ohio University)

Edwards, Oliver, Professor of Counselor Education and School Psychology
(1/2/2003), Ph.D. (University of Florida)

Edwards, Barry, Lecturer of School of Politics, Security, and International Affairs
(8/8/2014), Ph.D. (University of Georgia)

Edyburn, Dave, Professor of College of Community Innovation and Education
(8/8/2016), Ph.D. (University of Illinois at Urbana-Champaign)

Efthimiou, Costas, Associate Professor of Physics
(9/15/2000), Ph.D. (Cornell University)

Ehasz, Maribeth, Faculty Administrator of Sdes Vice President Operation
(10/24/1994), Ph.D. (University of Toledo)

Ehrhart, Mark, Professor of Psychology
(8/8/2017), Ph.D. (University of Maryland)

Elam-Thomas, Harriet, Faculty Administrator of University President
(3/6/2006), M.A. (Tufts University)

Elashhab, Shady, Lecturer of Electrical Engineering
(9/3/2010), Ph.D. (Oakland University)

Elgohary, Tarek, Assistant Professor of Mechanical and Aerospace Engineering
(8/8/2016), Ph.D. (Texas A&M University)

Ellis, Elden, Associate Professor of College Of Business Dean
(8/8/1990), Ph.D. (Texas A&M University)

Elsheimer, Seth, Associate Professor of Chemistry
(8/9/1985), Ph.D. (University of Florida)

Elshennawy, Ahmad, Professor of Industrial Engineering And Management Sys
(8/8/1986), Ph.D. (Pennsylvania State University)

Elswick, Powell, Instructor of Health Management Information
(8/14/2015), M.S. (Central Michigan University)

Eluru, Naveen, Associate Professor of Civil Engineering
(8/8/2014), Ph.D. (University of Texas at Austin)

Emrich, Christopher, Associate Professor of Public Administration
(8/8/2016), Ph.D. (University of South Carolina)

Engelhoven, Amy, Lecturer of Communication Sciences Disorders
(8/6/2016) Ph.D. (University of Arkansas for Medical Sciences)

Enyioha, Chinwendu, Assistant Professor of Electrical Engineering
(8/8/2018) Ph.D. (University of Pennsylvania)

Ergle, Roberta, Associate Lecturer of School of Teacher Education
(8/8/2003), Ph.D. (University of Florida)

Eriksson, Gillian, Associate Lecturer of Learning Sciences and Educational Research
(8/12/1999), Ph.D. (University of Connecticut)

Estevez, Alvaro, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2010), Ph.D. (University of Buenos Aires)

Ethridge, Stephen, Instructor of Writing & Rhetoric
(8/8/2000), M.A. (University of Central Florida)

Everett, Robert, Associate Professor of School of Teacher Education
(8/8/1990), Ph.D. (University of Southern Mississippi)

Ewetz, Rickard, Assistant Professor of Electrical Engineering
(8/8/2016), Ph.D. (Purdue University)

Ezell, Dan, Associate Professor of School of Teacher Education
(8/8/1997), Ed.D. (University of Alabama)

Fabery, Dina, Associate Instructor of Modern Languages
(8/8/1995), M.A. (University of South Carolina)

Fagiano, Mark, Lecturer of Philosophy
(8/8/2016), Ph.D. (Emory University)

Fahim, Azza, Lecturer of Electrical Engineering
(12/29/2008), Ph.D. (Cairo University)

Fairey, Philip, Faculty Administrator of Florida Solar Energy Center
(2/15/1980), M.A. (Clemson)

Falu, Nessette, Assistant Professor of Anthropology
(8/8/2017), Ph.D. (Rice University)

Fan, Deliang, Assistant Professor of Electrical Engineering
(8/8/2015), Ph.D. (Purdue University)

Fan, Xiucheng, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean
(3/24/2017)

Fanfarelli, Joseph, Assistant Professor of Nicholson School of Communication and Media
(12/23/2014), Ph.D. (University of Central Florida)

Fang, Jiyu, Professor of Materials Science And Engineer
(8/8/2003), Ph.D. (Southeast University)

Farless, Patricia, Associate Instructor of History
(8/8/2000), M.A. (University of Central Florida)

Fathpour, Sasan, Associate Professor of Optics and Photonics
(9/1/2008), Ph.D. (University of Michigan)

Fauth, John, Associate Professor of Biological Sciences
(8/8/2003), Ph.D. (Duke University)

Favela, Luis, Assistant Professor of Philosophy
(8/8/2015), Ph.D. (University of Cincinnati)

Feder, Lynette, Professor of Criminal Justice
(8/8/2012), Ph.D. (University at Albany, State University of New York)

Fedora, Kenneth, Associate Professor of Biological Sciences
(12/21/2005), Ph.D. (University of South Carolina)

Fendley, Seth, Instructor of Nicholson School of Communication and Media
(8/24/2018), MA

Feng, Xiaofeng, Assistant Professor of Physics
(8/8/2016), Ph.D. (University of California)

Fennessy, Roberta, Instructor of Public Administration
(8/8/2015), M.S. (Columbia University)

Fenton, James, Professor of Material Science and Engineering
(1/3/2005), Ph.D. (University of Illinois, Urbana)

Ferdowsi, Katia, Lecturer of Health Sciences
(8/8/2019), M.D. (Shiraz University of Medical Science)

Fernandez, Yanga, Associate Professor of Physics
(8/8/2005), Ph.D. (University of Maryland)

Fernandez-Rubiera, Francisco, Assistant Professor of Modern Languages
(8/27/2012), Ph.D. (Georgetown University)

Fernandez-Valle, Cristina, Professor of Medicine of Col Of Med School Biomed Science Dean
(12/29/1995), Ph.D. (University of Miami)

Ferreira, Devin, Instructor of Pe Eli
(8/8/2015), M.A. (University of Illinois at Chicago)

Ferretti, Christine, Instructor of Social Work
(8/8/2016), M.S.W (New York University)

Feuerstein, Julie, Assistant Professor of Communication Sciences and Disorders
(12/18/2015), Ph.D. (University of Washington)

Fiesta, Jason, Lecturer of Legal Studies
(8/8/2014), J.D. (Stetson University)

Filler, Dennis, Associate Lecturer of Civil Engineering
(8/14/2012), Ph.D. (University of Alaska Fairbanks)

Fine, Terri, Professor of School of Politics, Security, and International Affairs
(8/8/1989), Ph.D. (University of Connecticut)

Fiore, Stephen, Professor of Philosophy
(8/8/1998), Ph.D. (University of Pittsburgh)

Fisak, Brian, Associate Professor of Psychology
(8/8/2015), Ph.D. (University of Central Florida)

Fisher, Thomas, Senior Lecturer of School of Kinesiology and Physical Therapy
(8/8/1998), Ph.D. (University of Central Florida)

Fisher, Kristina, Associate Professor of Criminal Justice
(8/8/2011), Ph.D. (University of South Florida)

Fishkin, Monica, Associate Lecturer of Pe Eli
(8/31/2001), Ed.D. (University of Central Florida)

Fix, Todd, Associate Instructor of Communication Sciences and Disorders
(3/21/2014), M.A. (University of Central Florida)

Fjelstul, Jill, Associate Professor of Tourism Events & Attractions
(9/9/1996), Ed.D. (University of Central Florida)

Flammia, Madelyn, Associate Professor of English
(8/8/1990), Ph.D. (Rutgers University)

Flanagan-Feddon, Christy, Lecturer of Philosophy
(8/8/2013), Ph.D. (Florida State University)

Flint, Michael, Associate Instructor of Criminal Justice
(8/8/2004), M.S. (University of Central Florida)

Flitsiyan, Elena, Associate Lecturer of Physics
(8/18/2003), Ph.D. (Highest Attestation Commission)

Florczyk, Stephen, Assistant Professor of Materials Science And Engineering
(8/8/2015), Ph.D. (University of Washington)

Flores-Otero, Jacqueline, Associate Professor of School of Kinesiology and Physical Therapy
(3/12/2021), Ph.D. (Rutgers)

Florsheim, Rick, Instructor of Hospitality Management Services
(1/7/2013), M.B.A. (Rollins College)

Flory, David, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(5/3/2013), Ph.D. (Wake Forest University)

Folger, Robert, Professor of Management
(5/8/2003), Ph.D. (University of NC at Chapel Hill)

Folse, Keith, Professor of Modern Languages

(8/8/2000), Ph.D. (University of South Florida)

Ford, Jason, Associate Professor of Sociology
(8/8/2002), Ph.D. (Bowling Green State University)

Ford, Cameron, Associate Professor of Management
(8/8/1997), Ph.D. (Pennsylvania State University)

Foroosh, Hassan, Professor of Computer Science
(7/1/2002), Ph.D. (University of Nice)

Foster, Amy, Associate Professor of History
(8/8/2005), Ph.D. (Auburn University)

Francies, Regina, Lecturer of Nicholson School of Communication and Media
(8/8/2016), Ph.D. (University of Kentucky)

Fraze, Donna, Instructor of School of Teacher Education
(9/9/2002), M.A. (University of Central Florida)

Frazer, Andrew, Associate Lecturer of Chemistry
(10/20/2006), Ph.D. (University of Hertfordshire)

Freeman, Tonjua, Assistant Professor of School of Teacher Education
(7/4/2014), Ph.D. (University of Georgia)

Freisem, Sabine, Assistant Scholar/Scientist of Office Of Research Operations
(12/1/2005), Ph.D. (Leiden University)

French, Scot, Associate Professor of History
(8/8/2011), Ph.D. (University of Virginia)

Fridrich, Jason, Lecturer of Hospitality Management Dean
(8/8/2013), M.B.A. (Walden University)

Fritzsche, Barbara, Associate Professor of Psychology
(8/8/1996), Ph.D. (University of South Florida)

Frye, Melissa, Associate Professor of Finance
(8/8/1999), Ph.D. (Georgia Institute of Tech.)

Fu, Qiushi, Assistant Professor of Mechanical and Aerospace Engineering
(12/21/2017), Ph.D. (Arizona State University)

Fu, Xiaoxiao, Assistant Professor of Tourism Events & Attractions
(8/8/2014), Ph.D. (Purdue University)

Fu, Xinwen, Associate Professor Computer Science
(12/17/2005), Ph.D. (Texas A&M University)

Fukuda, David, Associate Professor of School of Kinesiology and Physical Therapy

Furlong, Michael, Assistant Librarian of Regional Campuses
(4/27/2012), M.S. (Florida State University)

Futch, Linda, Asoc Instructional Designer of Vice Provost For Info Off
(12/14/1998), Ed.D. (University of Central Florida)

Fyall, Alan, Professor of Tourism Events & Attractions
(8/8/2012), Ph.D. (Bournemouth University)

Gabriel, Meghan, Assistant Professor of Health Management Information
(8/8/2015), Ph.D. (University of Tennessee Health Science Center)

Gaither, Michelle, Assistant Professor of Biology
(12/1/2017), Ph.D. (University of Hawaii- Manoa)

Galbreath, Marcy, Lecturer of Writing & Rhetoric
(8/8/2014), Ph.D. (University of Central Florida)

Galura, Sandra, Assistant Professor of Nursing
(8/8/2018), PhD (University of Central Florida)

Gammonley, Denise, Professor of Social Work
(8/8/2003), Ph.D. (University of NC at Chapel Hill)

Gannon, Barbara, Associate Professor of History
(8/8/2010), Ph.D. (Pennsylvania State University)

Gao, Su, Assistant Professor of School of Teacher Education
(8/8/2015), Ph.D. (University of Nevada Las Vegas)

Garbayo, Luciana, Assistant Professor of Philosophy

(8/8/2015), Ph.D. (Boston University)

Garber, Nicholas, Distinguished Professor of Civil Engineering
(2/1/2017)

Garcia, Jeanette, Assistant Professor of Health Sciences
(8/8/2016), Ph.D. (University of Virginia)

Garcia, Nora, Associate Professor of School Of Performing Arts
(8/8/1996), DM.A. (University of Miami)

Garcia, Martha, Associate Professor of Modern Languages
(8/8/2005), Ph.D. (Vanderbilt University)

Garcia, Jeanette, Assistant Professor of Health Sciences
(8/8/2016), Ph.D. (University of Virginia)

Garcia-Stout, Martha, Lecturer of Health Sciences
(8/8/2019), Pharm.D. (Creighton University)

Gardiakos, Nikolas, Instructor of Writing & Rhetoric
(8/8/2013), M.A. (University of Central Florida)

Garibay, Ivan, Assistant Professor of Industrial Engineering And Management Sys
(11/9/2001), Ph.D. (University of Central Florida)

Garibay, Ozlem, Research Associate of Office Of Research Operations
(3/25/2005), Ph.D. (University of Central Florida)

Gaskin-Butler, Vikki, Associate Lecturer of Counselor Education and School Psychology
(1994), Ph.D. (University of Florida)

Gatchev, Vladimir, Associate Professor of Finance
(8/8/2005), Ph.D. (Tulane University)

Gau, Jacinta, Associate Professor of Criminal Justice
(8/8/2011), Ph.D. (Washington State University)

Gaume, Romain, Assistant Professor of Optics and Photonics
(10/1/2011), Ph.D. (University of Paris VI)

Gause, John, Associate Librarian of University Libraries
(4/17/1998), M.A. (Florida State University)

Gay, Kirk, Associate Instructor of School Of Performing Arts
(7/24/2003), MM (The Cleveland Institute of Music)

Ge, Yue 'Gurt', Assistant Professor of Public Administration
(2013), Ph.D. (Texas A&M University)

Geiger, Vance, Associate Lecturer of Anthropology
(8/8/1999), Ph.D. (University of Florida)

Gelfand, Ryan, Assistant Professor of Optics and Photonics
(9/8/2015), Ph.D. (Northwestern University)

Gelfuso, Andrea, Assistant Professor of School of Teacher Education
(8/15/2014), Ph.D. (University of South Florida)

Gennaro, Robert, Lecturer of School Of Performing Arts
(8/8/2011), Ph.D. (University of North Carolina)

Georgiopoulos, Michael, Professor of College Of Engineering & Comp Science Dn
(12/23/1986), Ph.D. (University Connecticut)

Geppert, Melissa, Lecturer of School Of Visual Arts & Design
(8/8/2016), Ph.D. (University of Minnesota)

Gerasimova, Yulia, Assistant Professor of Chemistry
(4/1/2010), Ph.D. (Institute of Chemical Biology & Fundamental Medicine)

German, Deborah, Professor of Medicine of College Of Medicine Dean
(12/1/2006), M.D. (Harvard University)

Gerstein, Mark, Associate Professor of Nicholson School of Communication and Media
(8/8/2000), B.A. (University of Chicago)

Gesquiere, Andre, Associate Professor of Nanoscience Tech Center Operations
(7/1/2005), Ph.D. (Catholic University of Leuven)

Ghiasinejad, Shahram, Associate Lecturer of Psychology
(8/8/2007), Ph.D. (University of Texas Dallas)

Ghosh, Ranajay, Assistant Professor of Mechanical and Aerospace Engineering
(8/8/2016), Ph.D. (Cornell University)

Gibbs, Warmoth, Associate Professor of Economics
(8/8/1987), Ph.D. (Rutgers University)

Gibson, Jane, Professor of Medicine of Com Clinical Science
(9/10/2008), Ph.D. (University of Florida)

Gilkeson, James, Associate Professor of Integrated Business
(8/8/1994), Ph.D. (Duke University)

Gill, Michele, Professor of Learning Sciences and Educational Research
(8/8/2003), Ph.D. (University of Florida)

Gillum, Shalu, Medical Assistant Librarian of Com Plng & Knowledge Management
(11/12/2010), J.D. (Nova Southeastern University)

Giltner, Elizabeth, Lecturer of Modern Languages
(8/8/2006), M.A. (University of Arizona)

Glasshoff, Carolyn, Instructor of English
(8/8/2015), M.A. (University of Central Florida)

Glebov, Leonid, Professor of Optics and Photonics
(9/7/1995), Ph.D. (State Optical Institute)

Gleig, Ann, Assistant Professor of Philosophy
(8/8/2012), Ph.D. (Rice University)

Gleyzon, Francois-Xavier, Assistant Professor of English
(8/8/2011), Ph.D. (University of Lancaster)

Glinos, Demetrios, Lecturer of Computer Science
(8/8/2013), Ph.D. (University of Central Florida)

Goldberg, Stephen, Research Associate of Institute For Sim And Train
(2/28/2014), Ph.D. (University of Buffalo)

Golden, Adam, Professor of Medicine of Com Internal Medicine
(2/14/2011), M.D. (University of Miami)

Goldiez, Brian, Associate Professor of Institute For Sim And Train
(5/31/1988), Ph.D. (University of Central Florida)

Goldwater, Paul, Associate Professor of Accounting
(8/8/1989), Ph.D. (Louisiana State University and A&M College)

Gong, Xun, Associate Professor of Electrical Engineering
(8/8/2005), Ph.D. (University of Michigan-Ann Arbor)

Gong, Boqing, Assistant Professor of Electrical Engineering Computer Science
(8/27/2015), Ph.D. (University of Southern California)

Gonzalez, Laura, Clinical Assistant Professor of Nursing
(12/21/2011), Ph.D. (University of Central Florida)

Gonzalez-Tennant, Edward, Lecturer of Anthropology
(12/21/2016), Ph.D. (University of Florida)

Goodman, Constance, Associate Lecturer of School of Teacher Education
(8/8/2005), Ed.D. (University of North Florida)

Goodman, Stephen, Associate Professor of Management
(8/3/1984), Ph.D. (Pennsylvania State University)

Goodman, William, Assistant Professor of Educational Leadership and Higher Education
(2009), Ed.D. (University of Central Florida)

Goodman, Donna, Instructional Specialist of Sdes Creative School
(7/29/2016), B.S. (Illinois State University)

Goodwin, Martin, Assistant In of Institute For Sim And Train
(5/6/2016), M.S. (University of Central Florida)

Goolsby, Eric, Assistant Professor of Biology
(8/8/2018), Ph.D. (University of Georgia)

Gordon, Ali, Professor of Mechanical and Aerospace Engineering
(12/21/2005), Ph.D. (Georgia Institute of Technology)

Gordon, Fon, Associate Professor of History

(8/8/2001), Ph.D. (University of Arkansas)

Gorman, Adrienne, Associate Professor Medicine of Com Medical Education

(6/29/2009), Ph.D. (Louisiana State University)

Gou, Jihua, Professor of Mechanical and Aerospace Engineering

(8/8/2007), Ph.D. (Florida State University)

Grajeda, Anthony, Associate Professor of English

(8/8/2001), Ph.D. (University of Wisconsin - Milwaukee)

Grauerholz, Elizabeth, Professor of Sociology

(8/8/2005), Ph.D. (Indiana University)

Gregg, Paul, Associate Instructor of Finance

(8/21/2003), M.S. (University of Central Florida)

Gregory, Amy, Assistant Professor of Food Svc & Lodge Management

(12/21/2011), Ph.D. (University of Central Florida)

Gregory, Jason, Lecturer of English

(8/8/2019), M.F.A. (University of Central Florida)

Gresham, Regina, Associate Professor of School of Teacher Education

(8/8/2003), Ph.D. (University of Alabama)

Griffiths, Barry, Associate Instructor of Mathematics

(8/8/2002), Ph.D. (University of Central Florida)

Grissom, Donita, Lecturer of School of Teacher Education

(8/8/2014), Ph.D. (University of Central Florida)

Groff, Amanda, Associate Lecturer of Anthropology

(8/8/2009), M.A. (University of Central Florida)

Gros, Bernard, Assistant Professor Medicine of Com Internal Medicine

(11/1/2011), M.D. (Emory University)

Grola, Richard, Associate Instructor of FI Interactive Entertainment Academic

(9/6/2002), M.S. (University of Central Florida)

Gryglewicz, Kimberley, Associate Professor of Social Work
(8/8/2014), Ph.D. (University of South Florida)

Gu, Lixing, Research Associate of Florida Solar Energy Center
(4/3/1992), Ph.D. (Florida Institute of Technology)

Gual, Carlos, Associate Instructor of School of Kinesiology and Physical Therapy
(8/19/2013), M.S. (University of New Mexico)

Guenzel, Steffen, Lecturer of Writing & Rhetoric
(8/8/2012), Ph.D. (University of Alabama)

Guerra, Frank Enrique, Instructor of Accounting
(8/8/2014), J.D. (Yale University)

Guha, Arup, Associate Instructor of Computer Science
(8/8/1999), M.S. (University of Wisconsin)

Guhathakurta, Subhrangshu, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean
(9/12/2014), Ph.D. (University of Calcutta)

Guido-Sanz, Francisco, Assistant Professor of Nursing
(8/8/2015), Ph.D. (Florida International University)

Guldi, Melanie, Assistant Professor of Economics
(8/8/2011), Ph.D. (University of California-Davis)

Gunter, Glenda, Professor of Learning Sciences and Educatoinal Research
(8/15/1996), Ph.D. (Mississippi State University)

Guo, Zhaomiao (Walter), Assistant Professor of Civil Engineering
(8/8/2018), Ph.D. (University of California, Davis)

Guo, Zhishan, Assistant Professor of Electrical Engineering
(8/8/2018) Ph.D. (University of North Carolina)

Gupta, Rema, Assistant Professor Medicine of Com Internal Medicine
(10/27/2014), M.D. (St. George's University)

Gurel, Zehra Basak, Associate Professor of Mathematics
(8/8/2013), Ph.D. (University of Cali-Santa Cruz)

Gurupur, Varadraj, Associate Professor of Health Management Information
(8/8/2014), Ph.D. (University of Alabama at Birmingham)

Gusrialdi, Azwirman, Research Associate of Electrical Engineering
(11/20/2012), Ph.D. (Munich University of Technology)

Haciomeroglu, Erhan, Associate Professor of School of Teacher Education
(8/8/2007), Ph.D. (Florida State University)

Hadour, Taoues, Assistant Professor of Modern Languages
(8/8/2019), Ph.D. (University of Missouri-Columbia)

Hadrika, Darlene, Research Associate of School Of Visual Arts & Design
(8/8/2005), M.F.A. (University of CA-Los Angeles)

Hagan, David, Professor of Optics and Photonics
(5/1/1987), Ph.D. (Heriot-Watt University)

Hagedorn, William, Professor of Counselor Education and School Psychology
(1/1/2007), Ph.D. (University of North Carolina)

Hagglund, Hans, Lecturer of Hospitality Management Dean
(10/1/2004), Ph.D. (University of Central Florida)

Hahm, Jee Yeon, Assistant Professor of Tourism Events & Attractions
(8/8/2012), Ph.D. (University of Central Florida)

Hahs-Vaughn, Debbie, Professor of Learning Sciences and Educational Research
(8/8/2003), Ph.D. (University of Alabama)

Haimes, Stanley, Assistant Professor Medicine of Com Internal Medicine
(1/16/2015), M.D. (University of South Florida)

Hall, Richard, Research Associate of Florida Interactive Entertainment Academy
(8/8/2005), B.S.E (Pennsylvania State University)

Hall, Scott, Associate Professor of School Of Visual Arts & Design
(8/8/2000), M.F.A. (Washington University)

Hall, Jeremy, Professor of Public Administration
(8/8/2016), Ph.D. (University of Kentucky)

Hall, Shelley, Instructor of Social Work
(8/24/2007), M.S.W. (The Florida State University)

Hamann, Kerstin, Professor of School of Politics, Security, and International Affairs
(12/21/1994), Ph.D. (Washington University)

Hamilton, Angela, Associate In of Institute For Sim And Train
(4/4/2008), M.A. (University of Central Florida)

Hampton, Marcy, Associate Instructor of Accounting
(8/8/2004), M.B.A. (University of Central Florida)

Hampton, Michael, Professor of Chemistry
(8/10/1981), Ph.D. (Texas Tech University)

Han, Deguang, Professor of Mathematics
(10/25/2000), Ph.D. (Texas A&M University)

Han, Kyu young, Assistant Professor of Optics and Photonics
(1/1/2016), Ph.D. (Seoul National University)

Hancer, Murat, Professor of Hospitality Management Services
(8/8/2016), Ph.D. (Ohio State University)

Hancock, Peter, Professor of Psychology
(12/21/2000), Ph.D. (University of IL at Urbana-Champaign)

Handberg, Roger, Professor of School of Politics, Security, and International Affairs
(9/8/1972), Ph.D. (University of N Carolina Chapel Hill)

Hanley, John, Lecturer of School of Politics, Security, and International Affairs
(8/8/2017), Ph.D. (University of California- Berkeley)

Hanlon, Christine, Associate Lecturer of Nicholson School of Communication and Media
(8/18/2000), Ph.D. (University of Florida)

Hanney, William, Associate Professor of School of Kinesiology and Physical Therapy
(10/7/2005), Ph.D. (Nova Southeastern University)

Hanson, Kenneth, Associate Professor of College Of Arts And Hum Dean
(8/18/2003), Ph.D. (University of Texas Austin)

Hanson, Erin, Assistant Professor of Forensic Science
(10/28/2011), Ph.D. (University of Central Florida)

Hanson, Rae, Research Associate of Institute For Sim And Train
(10/20/2000), B.A. (University of Central Florida)

Hara, Tadayuki, Associate Professor of Tourism Events & Attractions
(8/8/2005), Ph.D. (Cornell University)

Haran, Kevin, Associate Professor of School Of Visual Arts & Design
(8/8/1995), M.F.A. (University of Tennessee)

Hararuk, Oleksandra, Assistant Professor of Biology
(12/14/2018), Ph.D. (University of Oklahoma)

Hardy, Kimberly, Faculty Administrator of Regional Campus Central Region
(8/27/2014), Ph.D. (Florida State University)

Harper, James, Associate Professor of Chemistry
(8/8/2011), Ph.D. (University of Utah)

Harrington, Joseph, Professor of Physics
(8/8/2006), Ph.D. (Massachusetts Institute of Technology)

Harrington, Maria, Assistant Professor of Nicholson School of Communication and Media
(8/8/2016), Ph.D. (University of Pittsburgh)

Harrington, Nancy, Instructor of Communication Sciences and Disorders
(3/29/2013), M.A. (Hofstra University)

Harris, Christopher, Associate Professor of School Of Visual Arts & Design
(8/8/2001), M.F.A. (School of Art Inst. of Chicago)

Harris, Elizabeth, Associate Lecturer of Biological Sciences
(8/8/2004), Ph.D. (Louisiana State University and A&M College)

Harris, Phyllis, Instructor of Management
(8/8/2002), M.B.A. (Northwestern University)

Harris, Joshua, Lecturer of Finance
(8/8/2011), Ph.D. (University of Central Florida)

Harris, Shana, Assistant Professor of Anthropology
(8/8/2015), Ph.D. (University of California, San Francisco)

Harris, David, Associate Professor Medicine of Com Medical Education
(10/12/2011), Ph.D. (Temple University)

Harris, Jonathan, Research Associate of Institute For Sim And Train
(3/1/2013), M.S. (University of Central Florida)

Harris, Scott, Research Associate of Institute For Sim And Train
(2/10/2017), B.A. (Oral Roberts University)

Harrison, David, Professor of Finance
(8/8/2015), Ph.D. (University of Florida)

Harrison, Carlton, Associate Professor of Sport Business Management
(8/8/2006), Ed.D. (University of Southern California)

Harrison, Richard, Associate Librarian of University Libraries
(4/23/2001), M.S. (Vanderbilt University)

Hartman, Joel, Faculty Administrator of Vice Provost For Info Off
(2/28/1995), Ed.D. (University of Central Florida)

Hartshorne, Charles, Professor of Learning Sciences and Educational Research
(8/8/2011), Ph.D. (University of Florida)

Hasan, Samiul, Assistant Professor of Civil Engineering
(8/8/2016), Ph.D. (Purdue University)

Hasanat, Fayeza, Lecturer of English
(8/8/2005), Ph.D. (University of Florida)

Hasford, Jonathan, Assistant Professor of Marketing
(8/8/2016), Ph.D. (University of Kentucky)

Hassan, Nausheen, Assistant Professor Medicine of Com Internal Medicine
(5/8/2015), M.D. (University of the Punjab)

Hastings, Sally, Associate Professor of Nicholson School of Communication and Media
(8/8/2005), Ph.D. (University of Massachusetts, Amherst)

Hawkins, Christopher, Associate Professor of Public Administration
(8/8/2008), Ph.D. (Florida State University)

Hawthorne, Timothy, Assistant Professor of Sociology
(8/8/2015), Ph.D. (Ohio State University)

Hawthorne, Alicia, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2016), Ph.D. (Case Western Reserve University)

He, Xin, Associate Professor of Marketing
(8/8/2004), Ph.D. (University of Pittsburgh)

Head, David, Lecturer of History
(8/8/2010), Ph.D. (University at Buffalo)

Heglund, Stephen, Associate Lecturer of Nursing
(5/20/2005), Ph.D. (University of Central Florida)

Heider, Emily, Lecturer of Chemistry
(9/2/2011), Ph.D. (University of Utah)

Heil, John, Assistant In of School Of Performing Arts
(8/8/2011), M.F.A. (Virginia Tech)

Heilmann, Michael, Research Associate of Institute For Sim And Train
(9/30/2011), M.S. (Washington State University)

Heinrich, Mark, Associate Professor of Computer Science
(12/21/2002), Ph.D. (Stanford University)

Helsing, James, Faculty Administrator of College Of Arts And Hum Dean
(8/8/1995), M.F.A. (University of Alabama)

Henderson, Joseph, Associate Instructor of Criminal Justice
(12/29/2000), M.S. (University of Central Florida)

Henken, Luann, Instructor of Writing & Rhetoric
(12/21/2006), M.A. (University of Central Florida)

Henry, Gordon, Lecturer of Integrated Business

(8/19/2015), Ph.D. (Western Michigan University)

Hepner, Lynn, Faculty Administrator of College Of Arts And Hum Dean
(8/8/1998), M.A. (University of Central Florida)

Hernandez, Caridad, Associate Professor Medicine of Com Internal Medicine
(6/15/2011), M.D. (University of California)

Hernandez, Florencio, Professor of Chemistry
(8/29/2001), Ph.D. (University of Central Venezuela)

Herold, Jacqueline, Instructional Specialist of Undergrad Study Experience Lrng
(8/14/2000), M.A. (St Francis College)

Herring, Pamela, Medical Instructor Librarian of Com Plng & Knowledge Management
(9/14/2012), M.A. (University of South Florida)

Hewitt, Randall, Associate Professor of School of Teacher Education
(8/8/2001), Ph.D. (University of Florida)

Hickman, James, Professor of Nanoscience Tech Center Operations
(5/14/2004), Ph.D. (Massachusetts Inst. of Tech.)

Hicks, Wyenona, Instructor Medicine of Col Of Med School Biomed Science Dean
(6/22/2016), M.S. (University of Cincinnati)

Higgins, Patrick, Instructor of Mathematics
(8/8/2000), M.S. (University of Central Florida)

Hill, Ethan, Assistant Professor of Kinesiology and Physical Therapy
(8/8/2019), Ph.D. (University of Nebraska-Lincoln)

Hill, Peggy, Instructor of Nursing
(8/8/2013), M.S.N (University of Central Florida)

Hines, Robert, Associate Professor Medicine of Com Internal Medicine
(6/27/2016), Ph.D. (University of Alabama-Birmingham)

Hines, Rebecca, Associate Professor of School of Teacher Education
(8/8/1999), Ph.D. (University of South Florida)

Hinojosa, Ramon, Associate Professor of Sociology
(8/8/2014), Ph.D. (University of Florida)

Hinojosa, Melanie, Assistant Professor of Sociology
(8/16/1999), Ph.D. (University of Illinois at Chicago)

Hirumi, Atsusi, Professor of Learning Sciences and Educational Research
(8/8/2003), Ph.D. (Florida State University)

Hitchcock, Dorilyn, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(12/22/1989), M.S. (Northeastern University)

Hodgson, Shari, Associate Instructor of Nicholson School of Communication and Media
(8/8/1999), M.A. (University of Central Florida)

Hoekstra, Robert, Associate Professor of Industrial Engineering And Management Sys
(8/8/1993), Ph.D. (University of Cincinnati)

Hoepfner, Athena, Associate Librarian of University Libraries
(6/2/1995), M.A. (Simmons College)

Hoerrner, Keisha, Professor of Undergraduate Studies
(8/15/2016), Ph.D. (University of Georgia)

Hoffman, Brian, Assistant Professor of School Of Performing Arts
(8/8/2015), Ph.D. (University of Cincinnati)

Hoffman, Eric, Associate Professor of Biological Sciences
(8/8/2005), Ph.D. (Oregon State University)

Hoffman, Bobby, Associate Professor of Learning Sciences and Educational Research
(8/8/2006), Ph.D. (University of Nevada Las Vegas)

Hoffman, Elizabeth, Associate Lecturer of School of Teacher Education
(8/8/2006), Ph.D. (University of Central Florida)

Hoffman Ruddy, Bari, Professor of Communication Sciences and Disorders
(8/8/2001), Ph.D. (University of Florida)

Hofler, Richard, Professor of Economics
(8/8/1989), Ph.D. (University of South Carolina-Chapel Hill)

Hogan, Gordon, Faculty Administrator of Office Of Research Operations
(1/22/2010), B.A. (Fort Hays State University)

Hogg, James, Lecturer of Tourism Events & Attractions
(8/8/2010), Ph.D. (University of Central Florida)

Hohenleitner, Kathleen, Associate Lecturer of English
(8/8/1999), Ph.D. (University of Notre Dame)

Holaday, Harriet, Instructional Specialist of Sdes Creative School
(4/8/2013), B.S. (Framingham State College)

Holic, Nathan, Lecturer of Writing & Rhetoric
(8/8/2007), M.F.A. (University of Central Florida)

Holliker, Shannon, Instructor School of Social Work
(4/2/2021), Ph.D. (University of Central Florida)

Holm, Michelle, Assistant Professor of Tourism Events & Attractions
(8/8/2016), Ph.D. (University of Central Florida)

Holmes, Stephen, Associate Professor of Criminal Justice
(8/8/1997), Ph.D. (University of Cincinnati)

Hood, Yolanda, Associate Librarian of University Libraries
(8/2/2013), Ph.D. (University of Missouri-Columbia)

Hopkins, Stephen, Assistant Professor of English
(8/8/2019), Ph.D. (Indiana University)

Horan, Kristin, Assistant Professor of Psychology
(8/8/2018), Ph.D. (Florida State University)

Horn, Elizabeth, Assistant Professor of School Of Performing Arts
(8/8/2015), M.F.A. (University of Central Florida)

Horn, Robert, Associate In of Institute For Sim And Train
(5/31/2016), B.S. (University of Central Florida)

Hornik, Steven, Associate Lecturer of Accounting
(8/8/2001), Ph.D. (Florida International University)

Horzen, Deborah, Lecturer of Modern Languages
(8/8/2019), Ph.D. (University of Florida)

Hostetler, Jane, Associate Instructor of Communication Sciences and Disorders
(09/24/2004), M.A. (University of Central Florida)

Hou, Su-I, Professor of Health Management Information
(8/8/2015), DPH (University of Texas Health Science Center)

Howard, Wendy, Asoc Instructional Designer of Vice Provost For Info Off
(7/5/2011), Ed.D. (University of Central Florida)

Hoyt, Erica, Associate Instructor of Nursing
(1/6/2003), M.S.N (University of Phoenix)

Hu, Haiyan, Associate Professor of Computer Science
(8/8/2008), Ph.D. (University of Southern Cali.)

Hu, Qian, Associate Professor of Public Administration
(8/8/2011), Ph.D. (Arizona State University)

Hua, Kien, Professor of Computer Science
(8/8/1990), Ph.D. (U of IL at Urbana)

Hua, Nan, Associate Professor of Hospitality Management Services
(8/8/2007), Ph.D. (Pennsylvania State University)

Huang, Hsin-Hsiung, Assistant Professor of Statistics and Data Science
(8/8/2014), Ph.D. (University of Illinois at Chicago)

Huang, Helen, Assistant Professor of Mechanical and Aerospace Engineering
(12/1/2015), Ph.D. (University of Michigan)

Huang, Xi, Assistant Professor of Pubic Administration
(2017), Ph.D. (Georgia State University & Georgia Institute of Technology)

Hubbard, Nathan, Associate In of Institute For Sim And Train
(2/20/2009), M.A. (The University of Texas)

Hubertz, Martha, Lecturer of Psychology

(8/8/2016), Ph.D. (Florida Atlantic University)

Hudock, Lindsay, Associate Instructor of Nicholson School of Communication and Media
(8/8/2008), M.A. (University of Central Florida)

Huff-Corzine, Lin, Professor of Sociology
(8/8/1996), Ph.D. (Washington University)

Huggins, Mary, Faculty Administrator of Florida Solar Energy Center
(4/17/1987), M.B.A. (University of Phoenix)

Hughes, Charles, Professor of Computer Science
(9/12/1980), Ph.D. (Pennsylvania State University)

Hull, Daniel, Research Associate of Office Of Research Operations
(6/10/2011), M.S. (University of Pittsburgh)

Humiston, Gail, Associate Lecturer of Criminal Justice
(8/8/2010), Ph.D. (University of Central Florida)

Hundley, Gulnora, Associate Lecturer of Counselor Education and School Psychology
(8/8/2008), Ph.D. (University of Central Florida)

Hunt, Jeremy, Associate Professor of School Of Performing Arts
(8/8/2005), DM.A. (Indiana University)

Huo, Qun, Associate Professor of Nanoscience Tech Center Operations
(7/15/2005), Ph.D. (University of Miami)

Hurt, Rochelle, Assistant Professor of English
(8/8/2019), Ph.D. (University of Cincinnati)

Husain, Mujtaba, Professor of Medicine of Com Clinical Science
(6/1/2010), M.D. (Dow Medical College)

Hutchinson, Joe, Associate Professor of Food Svc & Lodge Management
(8/8/2006), Ph.D. (Virginia Tech)

Hutchinson, Cynthia, Associate Professor of School Of Teaching, Lrng, Ldrs
(9/1/1989), Ed.D. (Florida Atlantic University)

Hynes, Michael, Professor of School of Teacher Education
(9/7/1971), Ph.D. (Kent State University)

· **Iacobellis, Frances**, Lecturer of Nursing
(8/8/2015), Ph.D. (Rutgers University)

Ianieri, Nicole, Faculty Administrator of Pe Eli
(8/8/2010), M.A. (California State University)

Ilderton, Nathan, Lecturer of School of Politics, Security, and International Affairs
(8/8/2010), Ph.D. (Texas A&M University)

Ilegbusi, Olusegun, Professor of Mechanical and Aerospace Engineering
(8/8/2002), Ph.D. (Imperial College)

Ingersoll, Christopher, Professor of Kinesiology and Physical Therapy; College of Health Professions and Sciences
Dean

(8/1/2019), Ph.D. (The University of Toledo)

Inghram, Daniel, Associate Instructor of Statistics and Data Science
(8/8/2011), M.S. (University of Central Florida)

Ishigami, Marsahir, Associate Professor of Physics
(12/21/2007), Ph.D. (University of California)

Ishikawa, Tadashi, Assistant Professor of History
(8/8/2019), Ph.D. (University of Chicago)

Islas, Alvaro, Lecturer of Mathematics
(8/29/2003), Ph.D. (Old Dominion University)

Ismail, Mourad, Professor of Mathematics
(8/8/2003), Ph.D. (University of Alberta)

Izquierdo Jimenez, Lucas, Assistant Professor of Modern Languages
(8/8/2016), Ph.D. (Georgetown University)

· **Jacques, Peter**, Professor of School of Politics, Security, and International Affairs
(8/8/2003), Ph.D. (N. AZ University)

Janowsky, Alisha, Associate Lecturer of Psychology
(8/8/2006), Ph.D. (Florida Atlantic University)

Janz, Bruce, Professor of Philosophy
(8/8/2003), Ph.D. (University of Waterloo)

Jarley, Paul, Professor of College Of Business Dean
(6/29/2012), Ph.D. (University of Wisconsin)

Jasinski, Jana, Professor of College Of Sciences Dean
(8/8/1999), Ph.D. (University of New Hampshire)

Jaskowski, Selma, Librarian of University Libraries
(8/15/1994), M.A. (University of Michigan)

Jeanpierre, Bobby, Associate Professor of Learning Sciences and Educational Research
(8/8/2001), Ph.D. (University of Minnesota)

Jenkins, David, Professor of Biological Sciences
(8/8/2003), Ph.D. (VA Polytech. Institute & State University)

Jennings-Towle, Kelly, Associate Lecturer of School Teacher Education
(8/8/2003), Ed.D. (University of Central Florida)

Jensen, Roberta, Instructor of School Of Performing Arts
(8/8/2014), MM (Drake University)

Jensen, Devon, Associate Professor of Graduate Studies Dean
(1/13/2017), Ph.D. (University of Alberta)

Jensen, Bernard, Associate Professor of Psychology
(8/9/1985), Ph.D. (Southern Illinois University)

Jentsch, Florian, Professor of Psychology
(8/21/1998), Ph.D. (University of Central Florida)

Jewett, Aubrey, Associate Professor of School of Politics, Security, and International Affairs
(8/8/1995), Ph.D. (Florida State University)

Jewett, Travis, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(12/1/2009), Ph.D. (Washington University)

Jewett, Mollie, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(12/1/2009), Ph.D. (Washington University)

Jex, Steve, Professor of Psychology
(8/8/2017), Ph.D. (University of South Florida)

Jha, Sumit, Associate Professor of Computer Science
(8/8/2010), Ph.D. (Carnegie Mellon University)

Jiang, Tengfei, Assistant Professor of Materials Science and Engineering
(8/8/2015), Ph.D. (University of Texas at Austin)

Jin, Yier, Assistant Professor of Electrical Engineering
(1/2/2013), Ph.D. (Yale University)

Joe, Jacqueline, Assistant Professor of Counselor Education and School Psychology
(8/8/2015), Ph.D. (College of William and Mary)

Johnson, Jerry, Professor of Educational Leadership and Higher Education
(8/8/2016), Ed.D. (Ohio University)

Johnson, Ashli, Instructor of Tourism Events & Attractions
(5/8/2016), M.S. (Florida International University)

Johnson, Darrell, Faculty Administrator of Office Of Student Support
(9/15/1997), Ph.D. (Western Michigan University)

Johnson, Joseph, Assistant Professor of Accounting
(6/23/2015), Ph.D. (Georgia Institute of Tech.)

Johnson, Emily, Assistant Professor of English
(4/11/2016), Ph.D. (University of Central Florida)

Johnson, Eric, Research Associate of Institute For Sim And Train
(11/15/2002), B.A. (University of Central Florida)

Johnson, Matthew, Assistant Professor of Visual Arts and Design
(8/8/2019), M. Arch. (University of South Florida)

Johnson, Michael, Professor of Physics; College Of Sciences Dean
(8/8/1990), Ph.D. (University of VA)

Jones, James, Faculty Administrator of Regional Campuses
(7/1/2013), Ph.D. (Purdue University)

Jones, Karyn, Associate Professor of Counselor Education and School Psychology
(8/8/1997), Ph.D. (University of So Carolina)

Jones, Donald, Assistant Professor of Philosophy
(9/8/1972), Ph.D. (University of OK)

Jones, Lisa, Professor of Academic Affairs Vp
(8/22/2016), Ed.D.

Jones, Anna, Associate Professor of English
(8/8/2001), Ph.D. (University of Notre Dame)

Jones, W, Professor of Electrical Engineering
(8/8/1996), Ph.D. (VA Poly Institute/St University)

Jones, Foard, Associate Professor of College Of Business Dean
(8/8/1989), Ph.D. (University of Georgia)

Jones, Robert, Associate Professor of Nicholson School of Communication and Media
(8/8/1991), M.F.A. (UCLA)

Jones-Roberts, Charlotte, Instructor of Pe Eli
(8/28/2014), M.A. (University of Central Florida)

Jorgensen, Courtney, Instructor of Pe Eli
(9/14/2012), M.A. (University of Central Florida)

Joseph, Dana, Assistant Professor of Management
(8/8/2011), Ph.D. (University of Illinois-Urbana Champaign)

Joshi, Amit, Associate Professor of Marketing
(8/8/2005), Ph.D. (UCLA)

Jowallah, Rohan, Asoc Instructional Designer of Vice Provost For Info Off
(5/10/2013), Ed.D. (University of Sheffield)

Judy, Jonathan, Instructor of Food Svc & Lodge Management
(8/8/2010), M.A. (University of South Florida)

Juge, Frank, Professor of Food Svc & Lodge Management
(7/1/1968), Ph.D. (U of Arkansas)

Jung, YeonWoong, Assistant Professor of Material Science and Engineering
(8/8/2015), Ph.D. (University of Pennsylvania)

Jung, Hyung, Associate Lecturer of Hospitality Management Services
(8/8/2005), Ph.D. (Virginia Polytechnic Institute)

Juraszek, Brittany, Instructor of Statistics and Data Science
(8/8/2016), M.S. (University of Mississippi)

Jurca, Titel, Assistant Professor of Chemistry
(8/8/2017), Ph.D. (University of Ottawa)

Kaden, William, Assistant Professor of Physics
(11/17/2014), Ph.D. (University of Utah)

Kalaghchy, Safvat, Program Dir of Florida Solar Energy Center
(3/21/1986), M.A. (Fit)

Kamrath, Mark, Professor of English
(8/8/1997), Ph.D. (University of Nebraska)

Kang, Juhee, Assistant Professor of Hospitality Management Services
(8/8/2012), Ph.D. (Iowa State University)

Kang, Hyeran, Assistant Professor of Nanoscience Tech Center Operations
(8/8/2015), Ph.D. (Brown University)

Kang, Kyungkook, Assistant Professor of School of Politics, Security, and International Affairs
(8/8/2014), Ph.D. (Claremont Graduate University)

Kapat, Jayanta, Professor of Mechanical and Aerospace Engineering
(8/8/1997), DSC (MIT)

Kapucu, Naim, Professor of Public Administration
(8/8/2003), Ph.D. (University of Pittsburgh)

Kar, Aravinda, Professor of Optics and Photonics
(3/1/1994), Ph.D. (University of Illinois at Urbana)

Kara, Abdelkader, Professor of Physics
(9/8/2006), Ph.D. (University of Lille 1)

Karalidi, Theodora, Assistant Professor of Physics
(2/1/2019), Ph.D. (Netherland Institute for Space Research)

Karwowski, Waldemar, Professor of Industrial Engineering And Management Sys
(8/1/2007), Ph.D. (Texas Tech University)

Kassab, Alain, Professor of Mechanics Mat And Aerospace Engineering
(8/8/1991), Ph.D. (University of Florida)

Katsevich, Alexander, Professor of Mathematics
(8/8/1996), Ph.D. (Kansas State University)

Katz, Marcia, Professor of Medicine of College Of Medicine Dean
(12/5/2016), M.D. (Boston University)

Kauffman, Jeffrey, Associate Professor of Mechanical and Aerospace Engineering
(8/22/2012), Ph.D. (Pennsylvania State University)

Kaufman, Tammie, Associate Professor of Food Svc & Lodge Management
(8/8/2003), Ph.D. (Virginia Tech)

Kaukinen, Catherine, Professor of Criminal Justice
(9/1/2015), Ph.D. (University of Toronto)

Kauwell, Gail, Professor of Health Sciences
(8/8/2019), Ph.D. (University of Florida)

Kay, Marni, Instructor of School of Teacher Education
(8/8/2016), M.Ed. (University of Central Florida)

Kay, Denise, Assistant Professor Medicine of Com Medical Education
(8/8/2007), Ph.D. (University of Missouri, Columbia)

Keathley, Heather, Assistant Professor of Industrial Engineering And Management Sys
(8/15/2016), Ph.D. (Virginia Tech)

Keebler, James, Lecturer of Marketing
(1/12/2015), Ph.D. (University of Tennessee Knoxville)

Kehoe, Thomas, Associate Scholar/Scientist/E of Florida Space Institute

(3/16/2012), Ph.D. (University of London)

Keiffer, Melanie, Assistant Professor of Nursing
(8/8/2018), DNP (Vanderbilt University)

Kelchner, Viki, Assistant Professor of Counselor Education and School Psychology
(8/8/2015), Ph.D. (University of South Carolina)

Keller, Christian, Assistant Professor of Mathematics
(8/8/2018), Ph.D. (University of Southern California)

Kelley, Michelle, Professor of School of Teacher Education
(8/13/2002), Ed.D. (University of Florida)

Kelliher, Charles, Associate Professor of Accounting
(8/9/1985), Ph.D. (Texas A&M University)

Kennedy, Analexis, Instructor of School of Teacher Education
(4/13/2007), EDS (University of Central Florida)

Kent-Walsh, Jennifer, Professor of Communication Sciences and Disorders
(8/8/2003), Ph.D. (Pennsylvania State University)

Kerlin, Mark, Associate Instructor of Pe Eli
(10/5/2001), M.A. (University of Central Florida)

Kerness, Shloe, Lecturer of School Of Teaching, Lrng, Ldrs
(2/8/2008), Ed.D. (University of Central Florida)

Kettles, Colleen, Program Dir of Florida Solar Energy Center
(7/9/1979), J.D. (University of Florida)

Khajavikhan, Mercedeh, Assistant Professor of Optics and Photonics
(8/8/2012), Ph.D. (University of Minnesota)

Khaled, Annette, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(10/1/2002), Ph.D. (University of Florida)

Khezri, Haidar, Assistant Professor of Modern Languages
(8/8/2019), Ph.D. (Damascus University)

Khondaker, Saiful, Professor of Nanoscience Tech Center Operations
(7/8/2005), Ph.D. (University of Cambridge)

Kibble, Jonathan, Professor of Medicine of Com Medical Education
(11/7/2008), Ph.D. (University of Manchester)

Kibler, Kelly, Assistant Professor of Civil Engineering
(12/23/2014), Ph.D. (Oregon State University)

Kider Jr., Joseph, Assistant Professor of Institute For Sim And Train
(8/8/2016), Ph.D. (University of Pennsylvania)

Kight, Erica, Lecturer of Nicholson School of Communication and Media
(8/8/2015), M.A. (University of Florida)

Kik, Pieter, Associate Professor of Optics and Photonics
(9/1/2003), Ph.D. (Utrecht University)

Kim, Joo, Associate Professor of School Of Visual Arts & Design
(8/8/1999), Ph.D. (University of Minnesota)

Kim, Brian, Assistant Professor of Electrical Engineering
(12/23/2015), Ph.D. (Cornell University)

Kim, Jihyun, Assistant Professor of Nicholson School of Communication and Media
(7/1/2011), Ph.D. (University of Wisconsin- Milwaukee)

Kim, Myunghee, Associate Professor of School of Politics, Security, and International Affairs
(8/8/2007), Ph.D. (State University of New York at Binghamton)

Kim, Yoon-Seong, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(9/13/2010), Ph.D. (Cornell University)

Kinchen, Elizabeth, Assistant Professor of Nursing
(8/8/2015), Ph.D. (Florida Atlantic University)

Kinzel, Michael, Assistant Professor of Mechanical and Aerospace Engineering
(8/8/2018), Ph.D. (Pennsylvania State University)

King, Christian, Assistant Professor of Health Management and Information
(2015), Ph.D. (Georgia State University and Georgia Institute of Technology)

King, Kathleen, Professor of Educational Leadership and Higher Education
(8/8/2015), Ed.D. (Widener University)

King, Joshua, Associate Professor of Biological Sciences
(7/1/2011), Ph.D. (University of Florida)

King, Stephen, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2011), Ph.D. (University of Colorado)

King-Morris, Kelli, Assistant Professor Medicine of Com Internal Medicine
(8/16/2013), M.D. (University of South Florida)

Kinnally, William, Associate Professor of Nicholson School of Communication and Media
(8/8/2008), Ph.D. (Florida State University)

Kinsey, Barbara, Associate Professor of School of Politics, Security, and International Affairs
(8/8/2002), Ph.D. (Washington U-St. Louis)

Kirkley, Deborah, Asst Instructional Designer of Vice Provost For Info Off
(10/8/1999), M.A. (University of Central Florida)

Kisby, Cynthia, Associate Librarian of University Libraries
(6/10/1996), M.A. (Dominican University)

Kizer, Tremon, Assistant Professor of School Of Performing Arts
(7/1/2016), DM.A. (University of South Carolina-Columbia)

Kizildag, Murat, Assistant Professor of Hospitality Management Services
(8/8/2013), Ph.D. (Texas Tech University)

Klapheke, Martin, Professor of Medicine of Com Clinical Science
(4/1/2010), M.D. (University of Kentucky)

Klausner, Sheila, Assistant Professor, of School of Kinesiology and Physical Therapy
(3/6/2020), D.P.T. (Texas Tech University)

Klemm, Richard, Professor of Physics
(8/8/2007), Ph.D. (Harvard University)

Klimov, Mikhail, Assistant In of Ampac Materials Center
(7/1/2001), M.S. (University of Central Florida)

Kloko, Randall, Instructor of Modern Languages
(8/8/2015), MMM (Utah State University)

Klonoff, Elizabeth, Professor of Graduate Studies Dean
(9/23/2016), Ph.D. (University of Oregon)

Klowden, Gregg, Associate Lecturer of Biological Sciences
(8/8/2010), Ph.D. (University of Florida)

Knox, Claire, Associate Professor of Public Administration
(12/23/2009), Ph.D. (Florida State University)

Knox, Debra, Associate Instructor of Communication Sciences and Disorders
(12/21/2012), M.S. (Nova Southeastern University)

Knuckey, Jonathan, Associate Professor of School of Politics, Security, and International Affairs
(8/8/1999), Ph.D. (University of New Orleans)

Koblasz, Margarita, Associate Lecturer of Legal Studies
(8/8/2004), J.D. (Stetson University College of Law)

Kohl, Patrice, Assistant Professor of Nicholson School of Communication and Media
(8/8/2018), Ph.D. (University of Wisconsin-Madison)

Kohler, Paula, Professor of College of Community Innovation and Education
(9/6/2016), Ph.D.

Kohn, Robin, Senior Instructor of Social Work
(8/8/2000), M.S.W (Florida State University)

Kokoouline, Viatcheslav, Professor of Physics
(8/8/2003), Ph.D. (University of Paris XI Sud)

Kollara Sunil, Lakshmi, Assistant Professor of Communication Sciences and Disorders
(07/29/2016), Ph.D (University of Hong Kong)

Kolodziej-Smith, Renata, Lecturer of Nicholson School of Communication and Media
(8/8/2015), Ph.D. (Wayne State University)

Kolpashchikov, Dmitry, Associate Professor of Chemistry

(8/8/2008), Ph.D. (Novosibirsk Inst. Bioorg.Chem.)

Kong, Pak Hin, Associate Professor of Communication Sciences and Disorders
(8/27/2007), Ph.D. (University of Hong Kong)

Koons, Keith, Professor of School Of Performing Arts
(8/8/1990), DM.A. (University of S California)

Korosec, Ronnie, Associate Professor of Academic Affairs Vp
(9/1/2000), Ph.D. (State University of NY at Binghamton)

Korosy, Alice, Associate Instructor of Modern Languages
(8/8/1995), M.A. (Florida State University)

Kotnour, Timothy, Professor of Industrial Engineering And Management Sys
(8/8/1995), Ph.D. (Virginia Tech)

Kourova, Alla, Assistant Professor of Modern Languages
(8/8/2007), Ph.D. (Moscow State University)

Kovacevich, Brigitte, Associate Professor of Anthropology
(8/8/2015), Ph.D. (Vanderbilt University)

Kovach, Keith, Associate Professor of School Of Visual Arts & Design
(8/8/2004), M.F.A. (University of South Florida)

Koval, Andriy V., Assistant Professor of Health Management and Information
(2014), Ph.D. (Vanderbilt University)

Krick, Stephanie, Associate Lecturer of Public Administration
(9/8/2006), Ph.D. (University of Central Florida)

Krishnamoorthy, Anand, Associate Professor of Marketing
(8/8/2004), Ph.D. (University of Texas at Dallas)

Krywonos, Andrey, Associate Scholar/Scientist/E of Florida Space Institute
(11/17/2006), Ph.D. (University of Central Florida)

Kuang, Lanlan, Assistant Professor of Philosophy
(8/8/2011), Ph.D. (Indiana University)

Kuebler, Stephen, Associate Professor of Chemistry
(8/8/2003), Ph.D. (University of Oxford)

Kujawa, Frank, Associate Professor of Chemistry
(9/16/1969), Ph.D. (Johns Hopkins University)

Kullu, Ahmet, Lecturer of Finance
(8/8/2016), Ph.D. (Rensselaer Polytechnic Institute)

Kumar, Ranganathan, Professor of College Of Engineering & Comp Science Dn
(1/17/2003), Ph.D. (U Illinois @Urbana-Champaign)

Kunerth, Jeff, Lecturer of Nicholson School of Communication and Media
(8/8/2015), M.F.A. (Goucher College)

Kusak, Amie, Instructional Specialist of Sdes Creative School
(5/4/2007), B.A. (University of Central Florida)

Kushima, Akihiro, Assistant Professor of Materials Science and Engineering
(3/23/2007), Ph.D. (Kyoto University)

Kwok, Ka Wai, Assistant Professor of Mechanical and Aerospace Engineering
(12/21/2016), Ph.D. (California Institute of Technology)

Kwon, Seongchun, Lecturer, Mathematics
(8/8/2017), Ph.D. (Michigan State University)

Kwon, David, Associate Professor of Hospitality Management Services
(8/8/2006), Ph.D. (Iowa State University)

Lamanna, Jacqueline, Assistant Professor of Nursing
(11/22/2005), Ph.D. (University of Central Florida)

Lambert, Megan, Instructor of Writing & Rhetoric
(8/8/2015), M.A. (University of Central Florida)

Lambert, Stephen, Associate Professor Medicine of Com Medical Education
(10/16/2006), Ph.D. (University of Witwatersrand)

Lambie, Glenn, Associate Dean and Professor of Counselor Education and School Psychology
(8/8/2005), Ph.D. (The College of William & Mary)

LaMee, Adam, Instructional Specialist of Physics
(8/8/2015), B.S. (Florida State University)

Lameier, Elizabeth, Associate In of Institute For Sim And Train
(7/15/2016), M.A. (Mount St. Joseph University)

Landreville, Sarah, Instructor of Nursing
(12/26/2008), M.S.N (University of Central Florida)

Lanier, Patricia, Instructor of School of Teacher Education
(8/8/2004), M.A. (University of Central Florida)

Lanier, Drew, Associate Professor of School of Politics, Security, and International Affairs
(8/8/1997), Ph.D. (University of North Texas)

Laning, Christine, Instructor of Pe Eli
(8/8/2015), M.A. (University of Central Florida)

LaPage, Gary, Instructor of Nicholson School of Communication and Media
(8/8/2014), M.S. (University of Illinois at Urbana-Cha)

Lapchick, Richard, Professor of Sport Business Management
(8/8/2001), Ph.D. (University of Denver)

Lapka, Christine, Assistant Professor of School of Performing Arts
(8/8/2019), Ed.D. (University of Illinois)

Larson, Peter, Associate Professor of History
(8/8/2006), Ph.D. (Rutgers, the State University of NJ)

Larson, Sarah, Assistant Professor of Public Administration
(8/8/2016), Ph.D. (Indiana University)

Lartonoix, Paul, Associate Professor of Administration And Finance Vp
(8/8/1998), M.F.A. (Lindenwood University)

Launier, Eugene, Associate Instructor of Writing & Rhetoric
(8/24/2007), M.A. (St. Cloud State University)

Lavendol, Vicki, Instructor of Hospitality Management Services
(8/8/2010), M.B.A. (Rollins College)

Laviola II, Joseph, Associate Professor of Electrical Engineering Computer Science
(12/21/2006), Ph.D. (Brown University)

Lawrence, Shawn, Associate Professor of Social Work
(8/13/2004), Ph.D. (State University of NY at Buffalo)

Le, Duy, Assistant Scholar/Scientist of Physics
(5/11/2012), Ph.D. (University of Central Florida)

Leavens, Gary, Professor of Computer Science
(8/8/2007), Ph.D. (Massachusetts Inst. of Tech.)

Ledesma, Norma, Instructor of Modern Languages
(8/8/2011), M.A. (University of Central Florida)

Lee, Eunkyung, Assistant Professor of Health Sciences
(8/8/2017), Ph.D. (University of Miami)

Lee, Woo Hyoung, Associate Professor of Civil Engineering
(8/8/2013), Ph.D. (University of Cincinnati)

Lee, Junho, Associate Professor of Mathematics
(8/8/2007), Ph.D. (Michigan State University)

Lee, Gene, Associate Professor of Industrial Engineering And Management Sys
(8/9/1985), Ph.D. (TX Tech University)

Lee, Ji-Eun, Assistant Professor of Hospitality Management Services
(8/8/2010), Ph.D. (Purdue University)

Lee, JaeYoung, Research Assistant Professor of Civil Engineering
(6/9/2014), Ph.D. (University of Central Florida)

Lee, Keith, Faculty Administrator of Sport Business Management
(7/31/2002), Ph.D. (University of California)

Legron-Rodriguez, Tamra, Lecturer of Chemistry; National Center for Forensic Science
(8/8/2015), Ph.D. (University of Central Florida)

Leinecker, Richard, Lecturer of Computer Science
(6/30/2014), Ph.D. (Capella University)

Leitch, Deborah, Lecturer of School Of Visual Arts & Design
(8/8/2014), M.F.A. (University of Central Florida)

Leo, Christopher, Instructor of Integrated Business
(8/8/2012), M.S.M (University of Central Florida)

Leon, Ana, Professor of Social Work
(8/8/1994), Ph.D. (New York University)

Leon, Lorraine, Assistant Professor of Materials Science And Engineering
(12/21/2016), Ph.D. (City University of New York)

Leon-Barth, Sandra, Instructional Specialist of Undergrad Study Experience Lrng
(1/12/2004), M.A. (University of Central Florida)

Lester, Connie, Associate Professor of History
(8/8/2005), Ph.D. (University of Tennessee)

Leticee, Marie, Associate Professor of Modern Languages
(8/8/1994), Ed.D. (University of Central Florida)

Leuenberger, Michael, Professor of Nanoscience Tech Center Operations
(8/1/2005), Ph.D. (University of Basel)

Levermore Bartolone, Monique, Associate Lecturer of Psychology
(8/8/2013), Ph.D. (Howard University)

Levin, Judith, Associate Lecturer of School of Teacher Education
(8/8/2006), Ed.D. (Nova Southeastern University)

Lewis, Dwight, Assistant Professor of Philosophy
(8/14/2020), Ph.D. (University of South Florida)

Lewis, Kristy, Assistant Professor of Biology
(8/8/2018), Ph.D. (Louisiana State University)

Li, Yingru, Assistant Professor of Sociology
(8/8/2015), Ph.D. (University of Utah)

Li, Xin, Professor of Mathematics
(12/21/1989), Ph.D. (University of South Florida)

Li, Si-Yan, Assistant Professor of School Of Performing Arts
(8/8/2016), MM (Johns Hopkins University)

Li, Xiaoman, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(9/15/2008), Ph.D. (University of Southern California)

Li, Guifang, Professor of Optics and Photonics
(9/1/1997), Ph.D. (University of Wisconsin)

Li, Qifeng, Assistant Professor of Electrical Engineering
(12/21/2017), Ph.D. (Arizona State University)

Liebig, Natasha, Lecturer of Philosophy
(8/8/2016), Ph.D. (University of Central Florida)

Lighthall, Nichole, Assistant Professor of Psychology
(8/8/2015), Ph.D. (University of Southern California)

Likamwa, Patrick, Associate Professor of Optics and Photonics
(9/25/1989), Ph.D. (University of Sheffield)

Lillios, Anna, Professor of English
(8/8/1986), Ph.D. (University of Iowa)

Lin, Mingjie, Associate Professor of Electrical Engineering
(1/3/2011), Ph.D. (Stanford University)

Lin, Kuo-Chi, Associate Professor of Mechanical and Aerospace Engineering
(8/8/1990), Ph.D. (University of Michigan)

Lindo, Jascinth, Associate Professor of Nursing
(8/8/2018). PhD (The University of the West Indies, Mona)

Lindsley, Boyd, Instructor of Nicholson School of Communication and Media
(8/8/2007), M.A. (University of Central Florida)

Liou, Kuotsai, Professor of Public Administration
(8/8/1996), DPA (University of Oklahoma)

Lisella, Joseph, Research Associate of Institute For Sim And Train
(10/16/2015), M.A. (Webster University)

Listengarten, Julia, Professor of School Of Performing Arts
(8/8/1999), Ph.D. (University of Michigan)

Little, Mary, Professor of School of Teacher Education
(8/8/1996), Ph.D. (University of Kansas)

Littlefield, Robert, Professor of Nicholson School of Communication and Media
(8/8/2016), Ph.D. (University of Minnesota)

Liu, Fei, Assistant Professor of Computer Science
(8/8/2015), Ph.D. (University of Texas at Dallas)

Liu, Fudong, Assistant Professor of Civil Engineering
(8/8/2018) Ph.D. (University of Chinese Academy of Sciences, Beijing)

Liu, Lin, Assistant Professor of Marketing
(7/1/2014), Ph.D. (University of Southern California)

Liu, Xinliang, Associate Professor of Health Management Information
(8/8/2012), Ph.D. (Virginia Commonwealth University)

Llewellyn, Mark, Associate Lecturer of Computer Science
(9/4/1998), Ph.D. (University of Central Florida)

Lobo Fenoglietto, Fluvio, Assistant In of Institute For Sim And Train
(10/15/2015), M.S. (University of Minnesota)

Loerzel, Victoria, Associate Professor of Nursing
(8/8/2002), Ph.D. (University of Central Florida)

Logan, Lisa, Associate Professor of English
(8/8/1996), Ph.D. (University of Rochester)

Logan, Ronald, Associate Professor of Tourism Events & Attractions
(8/8/2003), M.A. (University of California Los Angeles)

Logiudice, Frank, Associate Instructor of Biological Sciences
(8/22/1997), M.S. (University of Central Florida)

Longhany, Joseph, Instructor of Writing & Rhetoric
(8/8/2010), M.A. (University of Central Florida)

Lopez Castillo, Humberto, Assistant Professor of Health Sciences
(8/8/2018), Ph.D. (University of South Florida)

Lopez, Humberto, Professor of Modern Languages
(8/8/1996), Ph.D. (Florida State University)

Lopez, Genaro, Professor of Medicine of Col Of Med School Biomed Science Dean
(8/8/2004), Ph.D. (Colorado State University)

Lopez-Garcia, Abey, Assistant Professor of Mathematics
(8/8/2017), Ph.D. (Vanderbilt University)

Lopez Ojeda, Wilfredo, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2004), M.S. (University of Puerto Rico Med Sci.)

Lopp, Linda, Instructor of Nursing
(8/8/2008), M.S.N (University of Phoenix)

Loree, Michael, Instructor of Sociology
(8/8/2009), M.A. (University of Florida)

Lotz, Theo, Associate Lecturer of College Of Arts And Hum Dean
(8/15/2003), M.F.A. (Louisiana State University)

Loughran, Carrie, Instructor of Communication Sciences and Disorders
(05/02/2008), M.A. (University of Central Florida)

Lu, Yan, Assistant Professor of Finance
(8/8/2015), Ph.D. (University of Florida)

Lucken, Karol, Associate Professor of Criminal Justice
(8/8/1994), PHS (Florida State University)

Ludwig, Virginia, Associate Instructor of Modern Languages
(12/21/2002), M.A. (University of Central Florida)

Lugo, Ramon, Faculty Administrator of Florida Space Institute
(1/7/2013), M.S. (Florida Institute of Technology)

Lugo, Michelle, Instructor of Nursing
(8/8/2016), M.S.N (Keiser University)

Luke, Stephanie, Instructor of School of Teacher Education
(8/8/2012), M.Ed. (University of Central Florida)

Luo, Weili, Professor of Physics
(8/8/1992), Ph.D. (University of California Los Angeles)

Lutz, Alyssa, Instructor of Florida Interactive Entertainment Academy
(8/8/2019), M.S. (University of Central Florida)

Luzincourt, Geraldine, Instructor of Nursing
(8/8/2012), M.S.N (Barry University)

Lyakh, Arkadiy, Assistant Professor of Nanoscience Tech Center Operations
(9/28/2015), Ph.D. (University of Florida)

Lynch, Claudia, Assistant Professor of School Of Performing Arts
(8/15/2014), B.A. (State University of NY at Geneseo)

Lyons, Amelia, Associate Professor of History
(8/8/2005), Ph.D. (University of Cal. Irvine)

Maboudou, Edgard, Associate Professor of Statistics and Data Science
(8/8/2006), Ph.D. (University of Minnesota)

Macedonia, Michael, Faculty Administrator of Office Of Research Operations
(8/16/2013), Ph.D. (Naval Postgraduate School)

Mackie, Kevin, Professor of Civil Engineering
(8/8/2006), Ph.D. (University of California, Berkley)

Macy, Marisa, Lecturer of School of Teacher Education
(2004), Ph.D., (University of Oregon)

Magdum, Ujjwala, Assistant In of Florida Solar Energy Center
(8/9/2010), B.A. (Shivaji University)

Mahan, Sue, Associate Professor of Criminal Justice
(8/8/1987), Ph.D. (University of MO)

Main, Eric, Faculty Administrator of Academic, Faculty & Int'l Affairs
(8/8/1999), M.A. (University of Central Florida)

Majkowski, Vivian, Assistant Professor of School of Performing Arts
(8/8/2019), M.F.A. (Harvard University)

Malala, John, Associate Professor of Nicholson School of Communication and Media
(8/8/2001), Ph.D. (University of Bradford)

Malebranche-Gauthier, Nick Myrca, Instructor of Modern Languages
(12/23/2014), M.A. (University of South Florida)

Malendevych, Iryna, Associate Instructor of Criminal Justice
(8/8/2006), M.S. (University of Central Florida)

Malvey, Donna, Associate Professor of Health Management Information
(1/1/2003), Ph.D. (University of Alabama at Birmingham)

Mangum, Lauren (Colby), Assistant Professor of School of Kinesiology and Physical Therapy
(5/20/2018), PhD (University of Virginia)

Mansfield, Katherine, Associate Professor of Biological Sciences
(8/8/2013), Ph.D. (College of William and Mary)

Mansy, Hansen, Associate Professor of Mechanical and Aerospace Engineering
(8/8/2013), Ph.D. (Illinois Institute of Tech.)

Mantzaris, Alexander, Assistant Professor of Statistics and Data Science
(8/8/2016), Ph.D. (University of Edinburgh)

Maraj, Crystal, Research Associate of Institute For Sim And Train
(6/19/2015), Ph.D. (University of Central Florida)

Marien, Daniel, Associate Lecturer of School of Politics, Security, and International Affairs
(8/8/2008), Ph.D. (The New School)

Marinescu, Dan, Professor of Computer Science
(8/8/2001), Ph.D. (Polytechnic Institute Bucharest)

Marino, Matthew, Professor of School of Teacher Education
(8/8/2012), Ph.D. (University of Connecticut)

Marosi, Laszlo, Associate Professor of School Of Performing Arts
(8/8/2003), Ph.D. (Florida State University)

Marshall, Nancy, Faculty Administrator of College of Community Innovation and Education, Lecturer of Educational Leadership and Higher Education (2006), Ed.D., (University of Central Florida)

Martin, Paul, Associate Instructor of Writing & Rhetoric (9/22/2006), M.A. (University of Central Florida)

Martin, Lawrence, Professor of Public Affairs Doctoral Program (7/4/2003), Ph.D. (Arizona State University)

Martin, Suzanne, Professor of School of Teacher Education (8/8/2000), Ph.D. (University of Florida)

Martin, Heath, Associate Professor of Mathematics (8/8/1995), Ph.D. (Louisiana St University)

Martin, James, Instructor of Philosophy (8/22/2016), M.A. (University of Miami)

Martin, Eric, Program Dir of Florida Solar Energy Center (4/18/1997), M.S. (Florida Technology)

Martin, Glenn, Assistant Professor of Institute For Sim And Train (11/20/1998), Ph.D. (University of Central Florida)

Martinez Fernandez, Luis, Professor of History (7/9/2004), Ph.D. (Duke University)

Martino, Lisa, Lecturer of Educational Leadership and Higher Education (2017), Ph.D., (University of South Florida)

Mason, Chase, Assistant Professor of Biological Sciences (12/21/2016), Ph.D. (University of Georgia)

Massiah, Carolyn, Associate Lecturer of Marketing (6/7/2005), Ph.D. (Arizona State University)

Masternak, Michal, Associate Professor Medicine of Col Of Med School Biomed Science Dean (8/8/2011), Ph.D. (Poznan University of Medical Sciences)

Masunov, Artem, Associate Professor of Nanoscience Tech Center Operations

(5/16/2005), Ph.D. (City University of New York)

Masyada, Stephen, Program Director of Lou Frey Institute
(8/1/2014), Ph.D. (University of Florida)

Matejowsky, Ty, Associate Professor of Anthropology
(8/16/2002), Ph.D. (Texas A&M University)

Matthews, Gerald, Associate Professor of Institute For Sim And Train
(6/21/2013), Ph.D. (University of Cambridge)

Matura, Julie, Associate Instructor of Communication Sciences and Disorders
(8/8/2014), M.A. (University of Central Florida)

Matusiak, Matthew, Associate Professor of Criminal Justice
(8/8/2013), Ph.D. (Sam Houston State University)

Matusitz, Jonathan, Associate Professor of Nicholson School of Communication and Media
(8/8/2006), Ph.D. (University of Oklahoma)

Mauer, Barry, Associate Professor of English
(8/8/1999), Ph.D. (University of Florida)

Mayfield Garcia, Stefanie, Associate Instructor of Marketing
(8/8/2001), M.S. (Florida International University)

Mayo, Talea, Assistant Professor of Civil Engineering
(8/8/2015), Ph.D. (University of Texas at Austin)

Mazany, Shellene, Instructor of Social Work
(10/31/2008), M.S.W (University of Central Florida)

Mazzucchelli, Chiara, Associate Professor of Modern Languages
(8/8/2007), Ph.D. (Florida Atlantic University)

McCabe, Catherine, Instructor of Pe Eli
(8/8/2015), M.A. (Northeastern Illinois University)

McCafferty, James, Lecturer of Nicholson School of Communication and Media
(8/8/2012), Ph.D. (University of Texas-Austin)

Mccain, Joan, Associate Instructor of Nicholson School of Communication and Media
(9/12/2002), M.A. (University of Central Florida)

McCauley, Pamela, Professor of Industrial Engineering And Management Sys
(5/10/1993), Ph.D. (University of Oklahoma)

Mcclellan, Tammie, Program Dir of Institute For Sim And Train
(1/3/1996), MMM (University of Central Florida)

Mcconnell, Daniel, Associate Lecturer of Psychology
(8/8/2007), Ph.D. (Indiana University)

McDaniel, Thomas, Associate Professor of College Of Arts And Hum Dean
(8/10/2001), Ph.D. (University of Central Florida)

McDaniel, Carole, Associate In of Institute For Sim And Train
(5/21/2004), M.A. (University of Central Florida)

McDonald, Holly, Associate Lecturer of School Of Performing Arts
(8/8/2002), M.F.A. (University of Alabama)

McGann, Debra, Lecturer of School of Teacher Education
(8/8/2015), Ed.D. (University of Central Florida)

McGregor, Maxine, Instructor of Social Work
(2/12/2016), M.S.W (University of Central Florida)

Mcilvaine, Janet, Assistant In of Florida Solar Energy Center
(8/11/1995), B.S. (Clemson U)

McKenny, Aaron, Assistant Professor of Management
(8/8/2014), Ph.D. (University of Oklahoma, Norman)

McKinstry, Karl, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(9/1/2015), Ph.D. (University of Saskatchewan)

Mclaughlin, Irina, Instructor of School of Teacher Education
(8/8/2007), M.A. (Eastern Michigan University)

McManus, Michael, Lecturer of School of Teacher Education
(8/8/2016), Ph.D. (University of Arizona)

McMillin, Abigail, Instructor of Pe Eli
(8/8/2015), M.A. (University of IL at Chicago)

McVey, Valerie, Instructional Specialist of Lou Frey Institute
(4/21/2008), M.A. (Saint Joseph College)

Mealor, David, Professor of Regional Campus Seminole
(2/15/1980), Ph.D. (University of Georgia)

Medeiros, Stephen, Lecturer of Civil Engineering
(5/14/2012), Ph.D. (University of Central Florida)

Meehan, Kevin, Professor of English
(8/8/1996), Ph.D. (University of Maryland College Park)

Mehta, Anuja, Assistant Professor Medicine of Com Clinical Science
(8/1/2016), M.D. (University of Florida)

Mejia, Cynthia, Assistant Professor of Food Svc & Lodge Management
(8/8/2013), Ph.D. (Texas Tech University)

Meltzer, Brett, Associate Lecturer of Legal Studies
(8/8/2011), J.D. (University of Florida)

Merriam, Eric, Associate Professor of Legal Studies
(8/8/2015), LL.M. (George Washington University)

Metcalfe, David, Associate Professor of Institute For Sim And Train
(5/16/2008), Ph.D. (Nova Southeastern University)

Metzger, Philip, Associate In of Florida Space Institute
(8/8/2014), Ph.D. (University of Central Florida)

Michaels, Ronald, Professor of Marketing
(6/29/1994), Ph.D. (Indiana University)

Mihai, Florin, Associate Professor of Modern Languages
(8/8/2006), Ph.D. (Florida State University)

Mikhael, Wasfy, Professor of Electrical Engineering
(8/8/1988), Ph.D. (Concordia University)

Mikusinski, Piotr, Professor of Mathematics
(8/9/1985), Ph.D. (Polish Academy)

Milanes, Cecilia, Professor of English
(8/8/1999), Ph.D. (University of Albany)

Miller, Kelly, Assistant Professor of School Of Performing Arts
(8/8/2012), DM.A. (Michigan State University)

Miller, Ann, Associate Professor of Nicholson School of Communication and Media
(8/8/2008), Ph.D. (University of Georgia)

Milliner, Michelle, Research Associate of Institute For Sim And Train
(2/9/2007), B.A. (University of Central Florida)

Mills, Lisa, Associate Professor of Nicholson School of Communication and Media
(8/8/1999), Ph.D. (University of Florida)

Milman, Ady, Professor of Tourism Events & Attractions
(2/3/1986), Ph.D. (University of Massachusetts)

Milon, Abby, Associate Lecturer of Legal Studies
(12/21/2000), J.D. (University of Florida)

Milon, Joseph, Professor of Economics
(8/8/2000), Ph.D. (Florida State University)

Min, Hanyi, Assistant Professor of Psychology
(8/8/2018), Ph.D. (Bowling Green State University)

Mingareev, Helene, Research Associate of Optics and Photonics
(7/19/2013), M.S. (Georg-August-University)

Mirilovic, Nikola, Associate Professor of School of Politics, Security, and International Affairs
(8/8/2011), Ph.D. (University of Chicago)

Mishtal, Joanna, Associate Professor of Anthropology
(8/8/2008), Ph.D. (University of Colorado at Boulder)

Mitchell, David, Assistant Professor of Public Administration
(8/8/2014), Ph.D. (Northern Illinois University)

Mitchell, Meghan, Assistant Professor of Criminal Justice
(2018), Ph.D. (Sam Houston State University)

Modianos, Doan, Faculty Administrator of Psychology
(5/15/2006), Ph.D. (Texas Christian University)

Mohaisen, Aziz, Associate Professor of Computer Science
(8/31/2012), Ph.D. (University of Minnesota)

Mohapatra, Ram, Professor of Mathematics
(8/3/1984), Ph.D. (University of Jabalpur)

Moharam, M., Professor of Optics and Photonics
(12/11/1987), Ph.D. (University of Brit Columbia)

Mojicar, Luis, Associate Professor Medicine of Com Internal Medicine
(3/1/2016), M.D. (Central University of the East)

Molina, Olga, Associate Professor of Social Work
(8/8/2006), DS.W. (City University of New York)

Mollaghasemi, Mansooreh, Associate Professor of Industrial Engineering And Management Sys
(8/8/1991), Ph.D. (University of Louisville)

Mondesire, Sean, Assistant Professor of Institute For Sim And Train
(9/22/2016), Ph.D. (University of Central Florida)

Monroe, Manette, Assistant Professor Medicine of Com Clinical Science
(7/9/2010), M.D. (East TN State University)

Montagne, Euripides, Associate Lecturer of Computer Science
(12/23/1998), Ph.D. (University Central de Venezuela)

Montalvo, Maria, Associate Instructor of Modern Languages
(8/13/2002), M.A. (University of Central Florida)

Montgomery, Renee, Assistant Librarian of University Libraries
(9/15/2003), M.S. (Florida State University)

Montgomery, Michele, Lecturer of Physics
(9/24/2004), Ph.D. (Florida Institute of Technology)

Montgomery, Kimberly, Assistant Librarian of University Libraries
(11/21/1988), M.A. (Florida State University)

Montoya, Vicki, Assistant Professor of Nursing
(8/8/2016), Ph.D. (University of Central Florida)

Moody, Jane, Lecturer of English
(8/8/2008), Ph.D. (University of Central Florida)

Moore, Sarah, Instructor of Nursing
(1/3/2017), M.S.N (Jacksonville University)

Moore, Denise, Instructional Specialist of Undergrad Study Experience Lrng
(6/19/1998), M.A. (University of Central Florida)

Moore, Jeffrey, Professor of College Of Arts And Hum Dean
(8/8/1994), MM (University of Wisconsin)

Moore, Sean, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2008), Ph.D. (University of Alabama)

Moore, Brian, Associate Professor of Mathematics
(8/8/2007), Ph.D. (University of Surrey)

Moran, Carrie, Assistant Librarian of University Libraries
(5/10/2013), M.S. (Drexel University)

Moran-Bano, Colleen, Assistant Professor Medicine of Com Clinical Science
(4/2/2010), M.D. (University of South Florida)

Moreto, William, Associate Professor of Criminal Justice
(8/8/2013), Ph.D. (Rutgers University)

Morin, Jennifer, Instructor of Integrated Business
(8/8/2016), M.B.A. (Florida Institute of Technology)

Morris, Barry, Faculty Administrator of Pe Eli
(5/27/2016), Ph.D. (Emory University)

Morrow, Patricia, Assistant Professor of Institute For Sim And Train
(7/17/2015), Ph.D. (University of Central Florida)

Morton, William, Associate Instructor of English
(8/8/1999), M.A. (Miami University of Ohio)

Mosher, Matthew, Assistant Professor of Nicholson School of Communication and Media
(8/8/2015), M.F.A. (Arizona State University)

Moskal, Patrick, Faculty Administrator of Office Of Student Support
(10/13/1989), Ph.D. (U of Notre Dame)

Mothion, Patrice, Lecturer of Modern Languages
(8/8/2016), Ph.D. (City University of New York)

Mottarella, Karen, Associate Lecturer of Psychology
(12/16/1998), PSYD (Florida Institute of Technology)

Mouloua, Mustapha, Professor of Psychology
(8/8/1994), Ph.D. (Catholic University of America)

Mousseau, Demet, Assistant Professor of School of Politics, Security, and International Affairs
(8/8/2014), Ph.D. (Binghamton University)

Mousseau, Michael, Professor of School of Politics, Security, and International Affairs
(8/8/2013), Ph.D. (Binghamton University)

Mucciolo, Eduardo, Professor of Physics
(12/21/2003), Ph.D. (Massachusetts Institute. of Tech.)

Muhs, Tammy, Associate Lecturer of Mathematics
(8/13/2004), Ph.D. (University of Central Florida)

Mukherjee, Jaydeep, Research Associate of Florida Space Institute
(11/14/2000), Ph.D. (University of Florida)

Mukhopadhyay, Kausik, Lecturer of Materials Science and Engineering
(12/3/2004), Ph.D. (University of Pune)

Mulvihill, Rachel, Associate Librarian of University Libraries
(1/7/2002), M.A. (University of South Florida)

Mundale, Jennifer, Associate Professor of Philosophy
(8/8/1999), Ph.D. (Washington University)

Muradov, Nazim, Professor of Florida Solar Energy Center
(10/10/1990), Ph.D. (Commission of Council of Min.)

Murphey, Rebecca, Assistant Librarian of University Libraries
(6/21/2010), M.A. (University of Alabama)

Murphree, Daniel, Associate Professor of History
(8/8/2010), Ph.D. (Florida State University)

Murphy, Kevin, Associate Professor of Hospitality Management Services
(8/8/2003), Ph.D. (Virginia Tech)

Musambira, George, Associate Professor of Nicholson School of Communication and Media
(8/8/2006), Ph.D. (State University of New York, Buffalo)

Mustaine, Elizabeth, Professor of Sociology
(8/8/1994), Ph.D. (Ohio State University)

Myron, Jeffrey, Assistant In of Florida Solar Energy Center
(1/11/2010), B.S. (University of Central Florida)

Myser, Suzette, Assistant Professor of Public Administration
(8/12/2016), Ph.D. (University of Kansas)

Nader, Marino, Lecturer of Mechanical and Aerospace Engineering
(8/8/2016), Ph.D. (McGill University)

Nadimpalli, Ravi, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean
(1/1/2016), Ph.D. (University Putra Malaysia)

Nagaiah, Narasimha, Research Associate of Office Of Research Operations
(3/2/2012), Ph.D. (University of Central Florida)

Nakajima, Yasuyuki, Assistant Professor of Physics
(11/18/2016), Ph.D. (University of Tokyo)

Nalbone, Lisa, Associate Professor of Modern Languages
(8/8/1995), Ph.D. (Florida State University)

Nalley, Michael, Assistant Professor of Food Svc & Lodge Management
(8/8/2016), Ph.D. (Northcentral University)

Nam, Boo Hyun, Associate Professor of Civil Engineering
(8/8/2011), Ph.D. (University of Texas)

Narayan, Rochisha, Assistant Professor of History
(8/8/2019), Ph.D. (Rutgers University)

Naser, Saleh, Professor of Medicine of Col Of Med School Biomed Science Dean
(8/8/1995), Ph.D. (New Mexico St University)

Nashed, M, Professor of Mathematics
(8/8/2002), Ph.D. (University of Michigan)

Neal, Mary, Associate Professor of English
(8/8/2008), Ph.D. (University of Southern Mississippi)

Nedorost, Thomas, Instructor of Computer Science
(8/8/2012), Ed.D. (Arizona State University)

Neel, Steven, Associate Instructor of Nicholson School of Communication and Media
(8/13/2004), M.A. (University of Central Florida)

Neely, Laurie, Assistant Professor of School of Kinesiology and Physical Therapy
(6/18/2018), D.P.T. (Old Dominion)

Neer, Sandra, Assistant Professor of Psychology
(1/21/2011), Ph.D. (Louisiana State University)

Neff, Donna, Associate Professor of Nursing
(8/8/2013), Ph.D. (Case Western Reserve University)

Negy, Charles, Associate Professor of Psychology
(8/8/1998), Ph.D. (Texas A&M University)

Neider, Mark, Associate Professor of Psychology
(8/8/2011), Ph.D. (Stoney Brook University)

Neubauer, Charlotte, Associate Instructor of Nursing
(8/15/2007), M.S.N (University of Phoenix)

Neuberger, Lindsay, Associate Professor of Nicholson School of Communication and Media
(8/8/2011), Ph.D. (Michigan State University)

Neupane, Madhab, Assistant Professor of Physics
(12/23/2015), Ph.D. (Boston College)

Nevai, Andrew, Associate Professor of Mathematics
(8/8/2008), Ph.D. (University of California)

Newins, Amie, Assistant Professor of Psychology
(8/8/2016), Ph.D. (Virginia Tech)

Ng, Boon Peng, Assistant Professor of Nursing
(8/8/2018), PhD (Wayne State University)

Ni, Liqiang, Associate Professor of Statistics and Data Science; National Center for Forensic Science
(8/11/2003), Ph.D. (University of Minnesota)

Nichols, Gary, Associate Instructor of Management
(9/8/2006), M.B.A. (University of South Florida)

Nickels, Megan, Assistant Professor of School of Teacher Education
(8/8/2015), Ph.D. (Illinois State University)

Nickerson, David, Professor of Statistics and Data Science
(8/8/1990), Ph.D. (University of Florida)

Niess, Christopher, Associate Professor of School Of Performing Arts
(8/8/2001), M.F.A. (Kent State University)

Nieves, Courtney, Associate Lecturer of Health Management Information
(12/23/2013), Ph.D. (University of Central Florida)

Nightingale, Deborah, Professor of Industrial Engineering And Management Sys
(2/1/2017), Ph.D. (Ohio State University)

Nigusse, Bereket, Associate In of Florida Solar Energy Center
(11/30/2009), Ph.D. (Oklahoma State University)

Nobles, Matthew, Professor of Criminal Justice
(8/8/2015), Ph.D. (University of Florida)

Noblin, Alice, Associate Professor of Health Management Information
(8/8/2004), Ph.D. (University of Central Florida)

Nocasian, Mihaela, Lecturer of Nicholson School of Communication and Media
(9/7/2018), Ph.D. (Florida State University)

Noel, Benjamin, Faculty Administrator of FI Interactive Entertainment Academic
(12/21/2012), M.B.A. (Rollins College)

Nolan, Justin, Lecturer of School Of Visual Arts & Design
(8/8/2014), M.F.A. (University of New Mexico)

Norman, Tetiana, Lecturer of Pe Eli
(8/8/2014), Ph.D. (S. Ukrainian State Pedagog University)

Norris, Sarah, Assistant Librarian of University Libraries
(8/14/2015), MMM (Wayne State University)

Novatnak, Daniel, Instructor of Nicholson School of Communication and Media
(7/15/2005), M.A. (University of Central Florida)

Nuhn, Peggy, Assistant Librarian of Regional Campuses
(8/27/1987), M.A. (University of South Florida)

Nutta, Joyce, Professor of School of Teacher Education
(8/8/2007), Ph.D. (University of South Florida)

Nwakanma, Obi, Assistant Professor of English
(8/8/2011), Ph.D. (St. Louis University)

O'Brien, Jeffrey, Faculty Administrator of Sport Business Management
(9/22/2006), M.S.ED (Canisius College)

O'Connor, Julia, Assistant Professor of Social Work
(8/8/19), Ph.D. (Rutgers University)

Odahowski, Cassie, Assistant Professor of Health Sciences
(8/8/2019), Ph.D. (University of South Carolina)

Oetjen, Dawn, Professor of Health Management Information
(8/13/1999), Ph.D. (University of Alabama at Birmingham)

Oetjen, Reid, Associate Professor of Health Management Information
(8/8/2008), Ph.D. (University of Central Florida)

Oh, Jong Min, Assistant Professor of Finance
(8/24/2015), Ph.D. (University of Texas at Dallas)

Oigarden, Brian, Assistant In of Institute For Sim And Train
(5/30/2008), B.S. (University of Central Florida)

Okumus, Bendegul, Assistant Professor of Hospitality Management Dean
(8/8/2016), Ph.D. (Selcuk University)

Okumus, Fevzi, Professor of Hospitality Management Services
(8/8/2005), Ph.D. (Oxford Brookes University)

Olan, Elsie, Associate Professor of School of Teacher Education
(8/8/2012), Ph.D. (Pennsylvania State University)

Oloufa, Amr, Professor of Civil Engineering
(12/23/1998), Ph.D. (UC Berkeley)

O'Neal, Thomas, Associate Professor of Office Of Research Operations
(6/19/1992), Ph.D. (University of Central Florida)

Ong, Lay Khim, Associate Professor of Accounting
(11/21/2016), Ph.D. (University of Southern California)

Oonge, Harrison, Faculty Administrator of Undergraduate Studies
(7/1/2016), Ed.D. (East Virginia University)

Orlovskaya, Nina, Associate Professor of Mechanical and Aerospace Engineering
(12/15/2006), Ph.D. (Institute for Problems of Mat)

Orlowski, Marissa, Assistant Professor of Food Svc & Lodge Management
(8/8/2016), Ph.D. (University of Central Florida)

Orooji, Ali, Associate Professor of Computer Science
(12/18/1984), Ph.D. (Ohio State)

Ortiz, Enrique, Associate Professor of School of Teacher Education
(8/8/1989), Ed.D. (Louisiana State University)

Ortiz, Judith, Associate Professor of Col Of Health And Pub Affairs Dean
(9/26/2008), Ph.D. (University of Central Florida)

O'Shea, Deirdre, Associate Instructor of History
(8/8/2003), M.A. (University of Central Florida)

Ozbay, Ahmet, Lecturer of Mechanical and Aerospace Engineering
(8/8/2016), Ph.D. (Iowa State University)

Ozoglu, Adem, Professor of History
(8/8/2007), Ph.D. (Ohio State University)

Oztan-Meli, Meltem, Lecturer of Pe Eli
(8/8/2015), Ph.D. (Kent State University)

Ozturk, Ahmet, Assistant Professor of Hospitality Management Services
(8/8/2011), Ph.D. (Oklahoma State University)

Paarsch, Harry, Professor of Economics
(7/8/2015), Ph.D. (Stanford University)

Pabian, Patrick, Associate Professor of School of Kinesiology and Physical Therapy
(2/1/2008), D.P.T. (University of St. Augustine)

Pace, Victoria, Associate Lecturer of Psychology
(8/8/2013), Ph.D. (University of South Florida)

Page, Mary, Librarian of University Libraries
(8/8/2010), MLS (Rutgers University)

Pal, Sudeshna, Lecturer of Mechanical and Aerospace Engineering
(2/6/2012), Ph.D. (Michigan State University)

Pang, Shuo, Assistant Professor of Optics and Photonics
(1/5/2015), Ph.D. (California Institute of Tech.)

Paoline, Eugene, Professor of Criminal Justice
(8/8/2001), Ph.D. (University at Albany, State University of New York)

Pape, Michael, Instructor of Management
(8/8/2015), Ph.D. (Purdue University)

Paradiso, James, Instructor of Pe Eli
(8/8/2015), M.Ed. (University of South Florida)

Park, Hyung, Lecturer of Sociology
(8/8/2013), Ph.D. (University of Pittsburgh)

Park, Jeong-Yeol, Assistant Professor of Hospitality Management Services
(8/8/2014), Ph.D. (Purdue University)

Park, Chung, Assistant Professor of School Of Performing Arts
(8/8/2015), DM.A. (University of Miami)

Park, Shelley, Professor of Philosophy
(8/8/1990), Ph.D. (Duke University)

Parker, Danny, Research Associate of Florida Solar Energy Center
(3/18/1988), M.A. (U of Montana)

Parks, Griffith, Professor of Medicine of Col Of Med School Biomed Science Dean
(8/8/2014), Ph.D. (University of Wisconsin-Madison)

Parra-Tatge, Marisol, Lecturer of Psychology
(8/10/2013), Ph.D. (Florida Atlantic University)

Parrish, Adam, Lecturer of Nicholson School of Communication and Media
(8/8/2016), Ph.D. (University of Kentucky)

Parthasarathy, Sampath, Professor of Medicine of College Of Medicine Dean
(11/1/2011), Ph.D. (Indian Institute of Science)

Pasarica, Magdalena, Associate Professor Medicine of Com Medical Education
(8/15/2014), M.D. (Carol Davila University of Medicine and Pharmacy)

Patino Marin, Pedro, Associate Lecturer of Chemistry
(8/8/2006), Ph.D. (University of Oxford)

Patrick, Carlton, Assistant Professor of Legal Studies
(2018), Ph.D. (University of Miami)

Pattanaik, Sumanta, Associate Professor of Computer Science
(7/2/2001), Ph.D. (Birla Institute of Tech and Science)

Paulson, Daniel, Assistant Professor of Psychology
(8/8/2013), Ph.D. (Wayne State University)

Paulson, Joyce, Assistant Professor Medicine of Com Internal Medicine
(9/12/2011), M.D. (University of South Florida)

Payer, Andrew, Professor of Medicine of Com Medical Education
(2/22/2008), Ph.D. (Loyola University)

Peach, Brian, Assistant Professor of Nursing
(8/8/2018), PhD (University of Florida)

Peale, Robert, Professor of Physics
(8/8/1991), Ph.D. (Cornell University)

Pearl, Cynthia, Faculty Administrator of College of Community Innovation and Education
(9/1/2003), Ph.D. (University of Central Florida)

Peck, Jennifer, Assistant Professor of Criminal Justice
(8/8/2015), Ph.D. (University of South Florida)

Pegoraro, Evelin, Instructor of Modern Languages
(8/8/2016), M.A. (University of Central Florida)

Peles, Yoav, Professor of Mechanical and Aerospace Engineering
(12/23/2014), Ph.D. (Technion-Israel Institute. of Tech)

Pensky, Marianna, Professor of Mathematics
(8/8/1995), Ph.D. (Moscow M.V. Lomonosov St. University)

Peppler, Richard, Professor of Medicine of Com Faculty & Academic Affair
(8/6/2007), Ph.D. (University of Kansas)

Perez, Jonathan, Assistant Professor of School Of Visual Arts & Design
(8/8/2015), M.F.A. (Syracuse University)

Peters, Philip, Professor of Nicholson School of Communication and Media
(10/11/2002), M.F.A. (University of Montana)

Peterson, Lisa, Associate Instructor of Nicholson School of Communication and Media
(8/8/2003), M.A. (University of Central Florida)

Petrilli, Alejandra, Asst Scholar/Scient/Eng Medici of Col Of Med School Biomed Science Dean
(12/14/2013), Ph.D. (University of Central Florida)

Phanstiel, Otto, Professor of Medicine of Com Medical Education
(8/8/1995), Ph.D. (University of Florida)

Philpotts, Harvey, Professor of English
(8/8/2015), Ph.D. (University of Delaware)

Piascik, Jeanne, Assistant Librarian of University Libraries
(9/22/1995), M.A. (Kent State University)

Piccolo, Ronald, Professor of Management
(8/8/2005), Ph.D. (University of Florida)

Pineda, Yovanna, Associate Professor of History
(8/8/2010), Ph.D. (University of California)

Pinilla-Alonso, Noemi, Associate In of Florida Space Institute
(10/21/2015), Ph.D. (University La Laguna)

Pinkert, Laurie, Assistant Professor of Writing & Rhetoric
(8/8/2015), Ph.D. (Purdue University)

Pinkerton, Allison, Lecturer of Writing & Rhetoric
(8/8/2016), M.F.A. (University of Central Florida)

Pisano, Robin, Instructor School of Social Work
(8/8/2020), M.S.W. (State University of NY at Albany)

Pizam, Abraham, Professor of Hospitality Management Dean
(9/1/1983), Ph.D. (Cornell University)

Plamondon, Brian, Program Dir of Institute For Sim And Train
(5/4/2007), M.A. (Ohio State University)

Plant, Jennifer, Associate Lecturer of School of Kinesiology and Physical Therapy
(6/23/2010), Ed.D. (University of Central Florida)

Plate, Richard, Lecturer of Undergrad Study Interdiscip Studies
(8/8/2016), Ph.D. (University of Florida)

Plemmons, William, Instructor of Mathematics

(8/8/2010), M.S. (University of Central Florida)

Poindexter, Carla, Professor of School Of Visual Arts & Design
(8/8/2000), M.F.A. (Texas Tech University)

Poissant, David, Assistant Professor of English
(8/8/2011), Ph.D. (University of Cincinnati)

Pollock, Philip, Professor of School of Politics, Security, and International Affairs
(8/6/1982), Ph.D. (University of Minnesota)

Pomerleau, Julie, Associate Instructor of Modern Languages
(8/8/2003), MMM (University of Barcelona)

Pompos, Melissa, Instructor of Writing & Rhetoric
(8/8/2015), M.A. (University of Central Florida)

Pons, Irene, Associate Lecturer of Legal Studies
(8/8/2007), J.D. (Nova Southeastern University)

Popolan-Vaida, Denisia, Assistant Professor of Chemistry
(8/8/2017), Ph.D. (University of Ulm)

Porchia, Donald, Instructor of Mathematics
(5/4/2012), M.S. (University of Central Florida)

Porter, Robert, Lecturer of Exec Development Control
(12/22/2010), Ph.D. (University of Central Florida)

Potter, Roberto, Professor of Criminal Justice
(8/8/2008), Ph.D. (University of Florida)

Potter, Thomas, Associate Professor of School Of Performing Arts
(8/8/2005), MM (Indiana University)

Pourmohammadi Fallah, Yaser, Associate Professor of Electrical Engineering
(8/8/2016), Ph.D. (University of British Columbia)

Powell, Jonathan, Associate Professor of School of Politics, Security, and International Affairs
(8/8/2014), Ph.D. (University of Kentucky)

Poziemski, Elizabeth, Assistant Professor of Accounting
(8/8/2015), Ph.D. (University of IL at Urbana-Champaign)

Pratt Marrett, Caroline, Associate Lecturer of School of Teacher Education
(7/27/2007), Ph.D. (University of Central Florida)

Preston-Sidler, Leandra, Associate Lecturer of College Of Arts And Hum Dean
(8/8/2002), Ph.D. (University of Central Florida)

Price, Mark, Professor of School Of Visual Arts & Design
(8/8/2004), M.F.A. (University of Illinois at Urbana-Champaign)

Prior, Paula, Lecturer of Criminal Justice
(8/8/2016), Ph.D. (University of Nebraska-Omaha)

Proctor, Michael, Associate Professor of Industrial Engineering And Management Sys
(12/21/1994), Ph.D. (North Carolina St UN)

Proulx, Emily, Instructor of Writing and Rhetoric
(12/23/2020), M.A. (University of Central Florida)

Prucha, Anne, Associate Instructor of Modern Languages
(8/16/1999), M.A. (Rutgers University)

Pugh, William, Professor of English
(8/8/2001), Ph.D. (University of Oregon)

Puig, Enrique, Faculty Administrator of College of Community Innovation and Education
(8/11/2003), Ed.D. (University of Central Florida)

Purmensky, Kerry, Associate Professor of Modern Languages
(8/8/2003), Ph.D. (S. Illinois University at Carbondale)

Putnam, Shawn, Associate Professor of Mechanical and Aerospace Engineering
(8/15/2012), Ph.D. (University of Illinois at Urbana-Champaign)

Qi, Yuanwei, Associate Professor of Mathematics
(8/8/2003), Ph.D. (University of Oxford)

Qi, GuoJun, Assistant Professor of Electrical Engineering Computer Science
(8/8/2014), Ph.D. (University Illinois-Urbana Champaign)

Qi, Junjian, Assistant Professor of Electrical Engineering
(8/8/2017) Ph.D. (Tsinghua University)

Qin, Nan, Assistant Professor of Florida Solar Energy Center
(6/8/2012), Ph.D. (State University of New York)

Qu, Zhihua, Professor of Electrical Engineering
(8/8/1990), Ph.D. (GA Institute of Tech)

Quelly, Susan, Assistant Professor of Nursing
(12/21/2012), Ph.D. (University of Central Florida)

Quinn, Richard, Associate Instructor of Management
(8/16/1999), M.B.A. (Rochester Institute Tech)

Quintana-Ascencio, Pedro, Professor of Biological Sciences
(8/8/2003), Ph.D. (St. University of NY at Stony Brook)

Rabelo, Luis, Associate Professor of Industrial Engineering And Management Sys
(12/22/2000), Ph.D. (University of Missouri)

Raffel, Sara, Assistant Professor of English
(8/8/2018), Ph.D. (University of Central Florida)

Raghavan, Seetha, Associate Professor of Mechanical and Aerospace Engineering
(9/15/2008), Ph.D. (Purdue)

Rahman, Talat, Professor of Physics
(9/1/2006), Ph.D. (University of Rochester)

Rahman, Saleh, Professor of Medicine of Com Medical Education
(7/1/2016), Ph.D. (University of Alabama-Birmingham)

Rahnavard, Nazanin, Associate Professor of Electrical Engineering
(1/2/2014), Ph.D. (Georgia Institute of Tech.)

Rahouti, Noumane, Lecturer of Pe Eli
(8/8/2016), Ph.D. (University of Oklahoma)

Raible, John, Asoc Instructional Designer of Vice Provost For Info Off
(11/3/2006), M.A. (University of Central Florida)

Raimundi-Ortiz, Wanda, Assistant Professor of School Of Visual Arts & Design
(8/8/2010), M.F.A. (Rutgers University)

Raissi, Ali, Faculty Administrator of Florida Solar Energy Center
(11/16/1987), Ph.D. (University of California)

Rajaraman, Swaminathan, Assistant Professor of Material Science and Engineering
(8/8/2016), Ph.D. (Georgia Institute of Technology)

Rajasekaran, Parthiban, Assistant Professor of Nanoscience Tech Center Operations
(8/20/2013), Ph.D. (Virginia Tech)

Ramanlal, Pradipkumar, Associate Professor of Finance
(8/8/1998), Ph.D. (University of Michigan)

Ramirez, Bernardo, Associate Professor of Health Management Information
(8/8/2007), MMM (University of Mexico)

Ramirez-Quintana, Meliza, Lecturer of Modern Languages
(8/8/2016), Ph.D. (University of Alabama)

Ramos, Estelli, Instructor of Social Work
(5/8/17), M.S.W. (University of Chicago)

Randall, Jerome, Associate Instructor of Criminal Justice
(1/5/1998), M.A. (Webster University)

Randall, Andrew, Professor of Civil Engineering
(5/9/1994), Ph.D. (Auburn University)

Rankins-Roberston, Sherry, Professor of Writing and Rhetoric
(8/14/2020), Ph.D. (Arizona State University)

Rapport, Mark, Professor of Psychology
(8/8/2011), Ph.D. (Florida State University)

Ratusnik, David, Professor of Communication Sciences and Disorders
(8/8/1985), Ph.D. (Northwestern University)

Raustad, Richard, Program Dir of Florida Solar Energy Center
(2/16/1990), B.A. (University of Central Florida)

Ravela, Christian, Assistant Professor of Philosophy
(8/8/2015), Ph.D. (University of Washington)

Ravich, Timothy, Assistant Professor of Legal Studies
(8/8/2014), J.D. (University of Miami)

Ray, James, Assistant Professor of Criminal Justice
(2011), Ph.D. (University of South Florida)

Reckdenwald, Amy, Assistant Professor of Sociology
(8/8/2011), Ph.D. (University of Florida)

Redd, Alison, Lecturer of School of Kinesiology and Physical Therapy
(8/8/2019), Ed.D. (University of Central Florida)

Redd, Michael, Lecturer of School of Kinesiology and Physical Therapy
(1/25/2019), Ph.D. (University of Central Florida)

Redding, Jeffrey, Assistant Professor of Music
(8/14/2020), Ph.D. (Florida State University)

Redmon, Maria, Associate Instructor of Modern Languages
(8/8/1989), MMM (University of Madrid)

Reed, David, Assistant Professor of School Of Performing Arts
(8/8/2015), M.F.A. (Baylor University)

Reed, Dean, Research Associate of Institute For Sim And Train
(8/18/2000), B.A. (University of Central Florida)

Reedy, Robert, Professor of School Of Visual Arts & Design
(7/1/1993), M.F.A. (University of Mississippi)

Reedy, Robert, Program Dir of Florida Solar Energy Center
(1/12/2007), M.B.A. (Auburn University)

Regalla, Michele, Associate Professor of School of Teacher Education
(8/8/2013), Ph.D. (University of Pittsburgh)

Reid, Michael, Associate Professor of Mathematics
(8/8/2003), Ph.D. (Brown University)

Reilly, Charles, Professor of Academic Affairs Vp
(4/5/1996), Ph.D. (Purdue University)

Reinerman, Lauren, Assistant Professor of Institute For Sim And Train
(1/5/2009), Ph.D. (University of Cincinnati)

Reinhart, Debra, Professor of Office Of Research Operations
(8/8/1989), Ph.D. (GA Institute Tech)

Reinking, Jeffrey, Lecturer of Accounting
(8/8/2013), Ph.D. (University of Central Florida)

Renihan, Peggy, Instructional Specialist of Lou Frey Institute
(1/9/2009), B.A. (University of Central Florida)

Renk, Kimberly, Associate Professor of Psychology
(8/8/2000), Ph.D. (University of South Florida)

Renshaw, Christopher, Assistant Professor of Optics and Photonics
(8/17/2015), Ph.D. (University of Michigan)

Resch, Peter, Lecturer of Finance
(8/8/2015), Ph.D. (University of Ramon Llull)

Rex, Matthew, Associate Lecturer of Chemistry
(12/22/2010), Ph.D. (University of Central Florida)

Reyes, Maria, Associate Professor of School of Teacher Education
(8/8/1997), Ph.D. (University of Florida)

Reyes-Foster, Beatriz, Assistant Professor of Anthropology
(8/8/2011), Ph.D. (University of California Berkeley)

Reynolds, Teddy, Lecturer of School of Politics, Security, and International Affairs
(8/8/2016), Ph.D. (University of St. Andrews)

Reynolds, Shane, Associate In of Institute For Sim And Train
(9/22/2008), B.A. (University of Central Florida)

Reynoso, Paula, Associate Lecturer of Psychology
(8/8/2003), Ph.D. (University of California, Irvine)

Ricci, Susan, Instructor of Nursing
(12/21/2005), M.Ed. (University S Mississippi)

Rice, Stephanie, Associate Instructor of Nicholson School of Communication and Media
(8/8/2005), M.A. (Vermont College of Norwich University)

Richards, Jessica, Instructor of Tourism Events & Attractions
(8/8/2013), M.A. (Rollins College-Hamilton Holt)

Richardson, Adele, Associate Instructor of Writing & Rhetoric
(5/15/2009), M.A. (University of Central Florida)

Richardson, David, Associate in Instrumentation of Chemistry
(10/1/2010), Ph.D. (University of Florida)

Richardson, Kathleen, Professor of Optics and Photonics
(10/30/1992), Ph.D. (Alfred University)

Richardson, Gary, Professor of Mathematics
(8/3/1984), Ph.D. (N. Carolina State University)

Richardson, Martin, Professor of Optics and Photonics
(4/1/1990), Ph.D. (University of London)

Richardson, Randi, Assistant Professor of School of Kinesiology and Physical Therapy
(9/11/2020), D.P.T. (The University of Mississippi Medical Center)

Ridderstaat, Jorge, Assistant Professor of Hospitality Management Services
(8/8/2016), Ph.D. (Vrije University Amsterdam)

Ringfield, Melissa, Instructor of Writing & Rhetoric
(8/8/2007), M.A. (University of Central Florida)

Ritzert, Lindsey, Assistant Librarian of University Libraries
(3/13/2015), MMM (Kent State University)

Rivera, Fernando, Associate Professor of Sociology
(6/22/2005), Ph.D. (University of Nebraska-Lincoln)

Rivera, Manuel, Assistant Professor of Food Svc & Lodge Management

(8/8/2011), Ph.D. (University of Central Florida)

Rivers, Robert, Professor of School Of Visual Arts & Design
(8/25/1981), M.F.A. (University of GA)

Ro, Sun, Assistant Professor of School Of Performing Arts
(8/8/2011), Ph.D. (University of Utah)

Ro, Hee Jung, Associate Professor of Hospitality Management Services
(8/8/2007), Ph.D. (Pennsylvania State University)

Roach, William, Associate In of Office Of Research Operations
(1/11/1982), B.A. (University of Central Florida)

Robb, Sean, Associate Professor of Accounting
(8/8/2005), Ph.D. (University of Florida)

Roberts, Robin, Professor of Accounting
(6/1/1998), Ph.D. (University of Arkansas)

Roberts, Sherron, Professor of School of Teacher Education
(8/21/1998), Ed.D. (University of Arkansas)

Robertson, Meredith, Instructor of Health Management Information
(8/8/2014), MMM (Georgetown University)

Roche, Iradly, Instructor of Social Work
(10/9/2015), M.S.W (University of Central Florida)

Rockmore, Benjamin, Lecturer of Management
(8/8/2001), Ph.D. (U of GA)

Roda, Christopher, Instructor of FI Interactive Entertainment Academic
(12/23/2014), M.S. (Texas A&M University)

Rodriguez Cruz, Ramon, Professor of Medicine of Com Internal Medicine
(7/6/2015), M.D. (University of Puerto Rico, MSC)

Rogers, Melvin, Associate Instructor of School of Public Administration
(8/21/1996), M.S. (University of Nebraska)

Rohde, Kyle, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(2/1/2012), Ph.D. (University of Oklahoma)

Rollins, David, Professor of Mathematics
(8/8/1988), Ph.D. (California Institute of Tech.)

Roney, Lisa, Associate Professor of English
(8/8/2003), Ph.D. (Pennsylvania State University)

Roopnarine, Shane, Assistant Librarian of University Libraries
(2/13/2015), M.S. (Florida State University)

Roozen, Kevin, Associate Professor of Writing & Rhetoric
(8/8/2013), Ph.D. (University of Illinois-Urbana Champaign)

Rosa-Lugo, Linda, Associate Professor of Communication Sciences and Disorders
(8/8/1995), Ed.D. (Columbia University)

Rosenthal, Leigh, Lecturer of Accounting
(8/8/2013), LLM (University of Miami)

Ross, Edward, Professor of Medicine of Com Internal Medicine
(7/21/2014), M.D. (Boston University)

Ross, Lee, Professor of Criminal Justice
(8/8/2003), Ph.D. (Rutgers University)

Ross, Debra, Lecturer of Criminal Justice
(1/3/2017), Ph.D. (Rutgers University)

Rotarius, Timothy, Professor of HealthManagement Information
(8/8/1996), Ph.D. (Texas Tech University)

Rothschild, Carey, Assistant Professor of School of Kinesiology and Physical Therapy
(8/8/2009), D.P.T. (Boston University)

Rotolo, John, Research Associate of FI Interactive Entertainment Academic
(7/29/2005), M.B.A. (University of Phoenix)

Rounsaville, Angela, Assistant Professor of Writing & Rhetoric
(8/8/2011), Ph.D. (University of Washington)

Roush, Pamela, Associate Professor of Accounting
(6/21/1989), Ph.D. (GA St U)

Rovito, Michael, Associate Professor of Health Sciences
(8/8/2011), Ph.D. (Temple University)

Roy, Herve, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(8/1/2011), Ph.D. (University of Strasbourg I)

Roy, Tania, Assistant Professor of Material Science and Engineering
(7/11/2016), Ph.D. (Vanderbilt University)

Rubeking, Bridget, Associate Professor of Nicholson School of Communication and Media
(8/8/2012), Ph.D. (Indiana University)

Rugar, Yael, Assistant Professor of Marketing
(8/8/2014), Ph.D. (Duke University)

Rupert, Jeffrey, Professor of School Of Performing Arts
(8/8/1995), MM (Rutgers University)

Russell, Olga, Instructor of Health Management Information
(1/3/2017), M.S. (University of Central Florida)

Russell, William, Professor of School of Teacher Education
(8/8/2007), Ph.D. (Florida State University)

Sacher, John, Associate Professor of History
(8/8/2006), Ph.D. (Louisiana State University)

Sacleux, Patrick, Lecturer of Modern Languages
(8/8/2016), Ph.D. (University of Montpellier)

Sadiq, Abdul-Akeem, Associate Professor of Public Administration
(2009), Ph.D. (Georgia State University-Georgia Tech)

Sadmani, A H M Anwar, Assistant Professor of Civil Engineering
(8/17/2015), Ph.D. (University of Toronto)

Sadri, Houman, Associate Professor of School of Politics, Security, and International Affairs
(8/8/1995), Ph.D. (University of Virginia)

Safi, Farshid, Assistant Professor of School of Teacher Education
(8/8/2015), Ph.D. (University of Central Florida)

Saha, Haripada, Professor of Physics
(8/8/1987), Ph.D. (University of Calcutta)

Saint Benoit, Tracy, Research Associate of College of Community Innovation and Education
(12/29/2006), M.A. (University Of London)

Saitta, Erin, Lecturer of Chemistry
(2/18/2011), Ph.D. (University of Central Florida)

Sakthivel, Tamil Selvan, Research Associate of Ampac Materials Center
(4/6/2012), Ph.D. (Anna University)

Salazar, Sergio, Assistant Professor Medicine of Com Internal Medicine
(9/26/2011), M.D. (American University of the Caribbean)

Saleh, Suha, Associate Professor of Health Sciences
(8/8/2010), Ph.D. (Kansas State University)

Saleh, Bahaa, Professor of Optics and Photonics
(1/1/2009), Ph.D. (Johns Hopkins University)

Salter, Anastasia, Assistant Professor of College Of Arts And Hum Dean
(8/8/2014), D.C.D. (University of Baltimore)

Salter, Ashley, Asst Instructional Designer of Vice Provost For Info Off
(11/4/2016), M.A. (University of Central Florida)

Salvendy, Gavriel, Professor of Industrial Engineering And Management Sys
(8/8/2016), Ph.D. (University of Birmingham)

Samsam, Mohtashem, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2004), Ph.D. (University of Salamanca)

Sand, Erik, Research Associate of FI Interactive Entertainment Academic
(8/8/2016), M.S. (Rensselaer Polytechnic Institute)

Sandler, Barry, Associate Professor of Nicholson School of Communication and Media
(12/20/2002), M.F.A. (University of California Los Angeles)

Sandoval, Jennifer, Associate Professor of Nicholson School of Communication and Media (8/8/2011), Ph.D. (University of New Mexico)

Santana, Maria, Associate Professor of College Of Arts And Hum Dean (8/8/1995), Ph.D. (Temple University)

Santiago, Luis, Associate Professor of Public Administration (1999), Ph.D. (Cornell University)

Santra, Swadeshmukul, Associate Professor of Nanoscience Tech Center Operations (8/8/2005), Ph.D. (Indian Institute of Technology)

Sarid, Gal, Associate In of Florida Space Institute (10/1/2014), Ph.D. (Tel-Aviv University)

Saunders, William, Associate Lecturer of Psychology (8/8/2007), Ph.D. (Argosy University)

Savage, Anna, Assistant Professor of Biological Sciences (12/22/2014), Ph.D. (Cornell University)

Sawyer, Benjamin, Assistant Professor of Industrial Engineering and Mgt Sys (12/18/2015), Ph.D. (University of Central Florida)

Scammon, Kirk, Assistant In of Ampac Materials Center (1/5/2001), M.A. (University of Central Florida)

Schafer, Mark, Professor of School of Politics, Security, and International Affairs (8/8/2011), Ph.D. (Arizona State University)

Scharf, Margaret, Faculty Administrator of University Libraries (3/27/1981), M.A. (University of Cent Florida)

Scharron, Eladio, Associate Professor of School Of Performing Arts (8/8/1998), DM.A. (University of Rochester)

Schell, John, Professor of University President (8/8/1987), Ph.D. (Vanderbilt University)

Schellhase, Kristen, Associate Lecturer of School of Kinesiology and Physical Therapy (9/8/1999), Ed.D. (University of Central Florida)

Schelling, Patrick, Associate Professor of Ampac Materials Center
(8/8/2003), Ph.D. (University of Minnesota)

Schippert, Claudia, Associate Professor of Undergrad Study Interdiscip Studies
(8/21/2001), Ph.D. (Temple University)

Schleith, Susan, Faculty Administrator of Florida Solar Energy Center
(6/11/1993), B.A. (George Mason U)

Schmidbauer, Eric, Assistant Professor of Economics
(7/1/2014), Ph.D. (Indiana University)

Schmidt, Joseph, Assistant Professor of Psychology
(8/8/2015), Ph.D. (State University of New York at Stony Brook)

Schminke, Marshall, Professor of Management
(8/8/1999), Ph.D. (Carnegie Mellon University)

Schneider, Kimberly, Faculty Administrator of Undergraduate Studies
(8/8/2007), Ph.D. (University of South Carolina)

Schober, Constance, Professor of Mathematics
(8/8/2002), Ph.D. (University of Arizona)

Schoenfeld, Winston, Associate Professor of Florida Solar Energy Center
(5/10/2004), Ph.D. (University of California Barb.)

Schoonmaker, Aimee, Lecturer of Modern Languages
(8/18/2015), Ph.D. (University of Central Florida)

Schulte, Alfons, Professor of Physics
(8/8/1990), Ph.D. (Technical University of Munich)

Schultz, John, Associate Professor of Anthropology; National Center for Forensic Science
(8/8/2003), Ph.D. (University of Florida)

Schulzen, Axel, Professor of Optics and Photonics
(8/8/2009), Ph.D. (WES)

Schwartz, Jamie, Associate Professor Emeritus of Communicative Disorders
(8/8/1999), Ph.D. (University of Florida)

Schwartz, Brett, Instructor of Writing & Rhetoric
(8/8/2016), M.A. (University of Central Florida)

Scott, Janice, Lecturer of Legal Studies
(8/8/2003), J.D. (Barry University)

Scott, John, Professor of Writing & Rhetoric
(8/8/2002), Ph.D. (Pennsylvania State University)

Scott, Andrea, Lecturer of Nicholson School of Communication and Media
(8/8/2002), Ph.D. (Louisiana State University)

Scott, Hubert, Associate Professor of School Of Performing Arts
(8/8/2003), M.F.A. (University North Carolina-Greensboro)

Scrogin, David, Associate Professor of Economics
(8/8/2000), Ph.D. (University of New Mexico)

Seal, Sudipta, Professor of Material Science and Engineering
(8/8/1997), Ph.D. (University of Wisconsin)

Seigler, Daniel, Lecturer of Public Administration
(1/3/2000), Ph.D. (University of Central Florida)

Seigneur, Hubert, Associate In of Florida Solar Energy Center
(7/8/2011), Ph.D. (University of Central Florida)

Seilhamer, Ryan, Asoc Instructional Designer of Vice Provost For Info Off
(1/3/2003), M.A. (University of Central Florida)

Self, William, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2003), Ph.D. (University of Florida)

Sellnow, Deanna, Professor of Nicholson School of Communication and Media
(8/8/2015), Ph.D. (University of North Dakota)

Sellnow, Timothy, Professor of Nicholson School of Communication and Media
(8/8/2015), Ph.D. (Wayne State University)

Seltzer, Robert, Instructor of Food Svc & Lodge Management

(6/17/2016), M.Ed. (American InterContinental University)

Semones, Meredith, Associate Librarian of University Libraries
(6/3/1994), M.S. (University of Maryland)

Semrad, Kelly, Assistant Professor of Tourism Events & Attractions
(8/8/2013), Ph.D. (University of Central Florida)

Seney, Erin, Assistant Scholar/Scientist of Biological Sciences
(2/16/2015), Ph.D. (Texas A&M University)

Serge, Stephen, Associate In of Institute For Sim And Train
(1/30/2015), Ph.D. (University of Central Florida)

Seun, Wen, Lecturer of FI Interactive Entertainment Academic
(8/24/2015), M.F.A. (Ohio State University)

Severt, Denver, Associate Professor of Hospitality Management Services
(8/8/2003), Ph.D. (Virginia Tech)

Shafer, John, Associate Professor of School Of Performing Arts
(8/8/2002), M.F.A. (Rutgers University)

Shah, Mubarak, Professor of Computer Science
(8/8/1986), Ph.D. (Wayne State University)

Shapoval, Valeriya, Assistant Professor of Hospitality Management Services
(8/8/2016), Ph.D. (University of Central Florida)

Sharanowski, Barbara, Associate Professor of Biological Sciences; National Center for Forensic Science
(12/23/2015), Ph.D. (University of Kentucky)

Shbeeb, Gideon, Instructor of Nicholson School of Communication and Media
(8/16/2013), MMM (Southern Methodist University)

Sherod, Megan, Associate Professor of Psychology
(1/15/2016), Ph.D. (University of Florida)

Sherwin, John, Program Director of Florida Solar Energy Center
(4/28/1989), B.S. (University of Central Florida)

Shillingford-Butler, Margaret, Associate Professor of Counselor Education and School Psychology
(8/8/2015), Ph.D. (University of Central Florida)

Shivamoggi, Bhimsen, Professor of Mathematics
(8/9/1985), Ph.D. (University of Colorado-Boulder)

Short, Jennifer, Instructor of Writing & Rhetoric
(8/8/2014), M.A. (University of Central Florida)

Shoss, Mindy, Associate Professor of Psychology
(12/23/2015), Ph.D. (University of Houston)

Showalter, Keith, Assistant In of Florida Solar Energy Center
(4/10/2009), B.S. (Florida International University)

Srauger, Kristine, Associate Librarian of University Libraries
(1/12/2004), M.A. (University of Wisconsin)

Shrubsole, Nicholas, Lecturer of Philosophy
(8/8/2015), Ph.D. (University of Waterloo)

Shuai, Zhisheng, Associate Professor of Mathematics
(8/8/2012), Ph.D. (University of Alberta)

Shults, Katherine, Lecturer of School Of Visual Arts & Design
(8/8/2013), M.F.A. (University of Central Florida)

Shumaker, Randall, Professor of Institute For Sim And Train
(3/4/2002), Ph.D. (U of Pennsylvania)

Siddiqi, Shadab, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(7/20/2009), Ph.D. (University of Lucknow)

Siegfried, Judi, Associate Lecturer of School Of Performing Arts
(8/8/2004), M.F.A. (Texas Christian University)

Sigman, Michael, Professor of Chemistry; Director of National Center for Forensic Science
(9/2/2002), Ph.D. (Florida State University)

Sikorska, Elzbieta, Associate Professor of Sociology
(8/8/2002), Ph.D. (U of Maryland Baltimore)

Siler, Robert, Assistant Professor of School of Performing Arts
(8/8/2019), M.F.A. (University of Maryland)

Simaan, Marwan, Professor of Electrical Engineering
(12/21/2007), Ph.D. (University of Illinois)

Simms-Cendan, Judith, Associate Professor Medicine of Com Clinical Science
(7/30/2010), M.D. (University of Florida)

Sims, Valerie, Associate Professor of Psychology
(8/8/1998), Ph.D. (University of CA)

Sinelli, Peter, Associate Lecturer of Anthropology
(8/8/2006), Ph.D. (University of Florida)

Singer, Sarah, Assistant Professor of English
(8/8/2019), Ph.D. (The University of North Carolina at Chapel Hill)

Singh, Ajai, Professor of Finance
(6/25/2015), Ph.D. (University of Iowa)

Singh, Arvind, Assistant Professor of Civil Engineering
(8/8/2014), Ph.D. (University of Minnesota)

Singh, Dipendra, Assistant Professor of Hospitality Management Services
(8/14/2011), Ph.D. (University of Nevada)

Singla, Dinender, Professor of Medicine of Col Of Med School Biomed Science Dean
(7/2/2007), Ph.D. (Postgraduate Institute Of Med Ed)

Sirigampola, Shehan, Assistant In of Institute For Sim And Train
(6/5/2015), B.S. (University of Central Florida)

Sivaraman, Vaidynathan, Assistant Professor of Mathematics
(1/5/2018), Ph.D. (Ohio State University)

Sivo, Stephen, Professor of Learning Sciences and Educational Research
(8/8/2000), Ph.D. (Texas A&M University)

Slaughter, David, Assistant Professor of Legal Studies
(9/15/1978), J.D. (Florida State University)

Smith, Verner, Associate Instructor of Accounting
(8/21/1998), M.B.A. (Loyola College)

Smith, Kevin, Lecturer of Nicholson School of Communication and Media
(8/8/2015), M.F.A. (University of Miami)

Smith, Andrew, Instructor of Writing & Rhetoric
(8/8/2016), M.A. (University of Central Florida)

Smith, Geri, Professor of Modern Languages
(8/8/2016), Ph.D. (University of Pennsylvania)

Smith, Jason, Faculty Administrator of Undergrad Study Experience Lrng
(7/1/2016), Ph.D. (West Virginia University)

Smith, Alisa, Associate Professor of Legal Studies
(7/1/2016), J.D. (Florida State University)

Smith, Peter, Assistant Professor of Nicholson School of Communication and Media
(11/22/2006), Ph.D. (University of Central Florida)

Smith, Christopher, Assistant Professor Medicine of Com Internal Medicine
(6/5/2015), M.D. (University of Florida)

Smith, Eileen, Research Associate of Institute For Sim And Train
(7/18/2003), M.A. (U of Louisville)

Smither, Janan, Professor of Psychology
(8/8/1990), Ph.D. (Johns Hopkins University)

Snaith, Sean, Faculty Administrator of Inst For Econ Competitiveness
(8/21/2006), Ph.D. (Pennsylvania State)

Snyder, Amanda, Lecturer of History
(8/8/2015), Ph.D. (Florida International University)

Snyder, Tara, Assistant Professor of School Of Performing Arts
(8/8/2011), M.F.A. (University of Central Florida)

Sohn, Yongho, Professor of Materials Science And Engineering
(1/1/2001), Ph.D. (Purdue University)

Sohns, Olivia, Assistant Professor of History
(8/8/2016), Ph.D. (University of Cambridge)

Soileau, Marion, Professor of Optics and Photonics
(12/12/1986), Ph.D. (U of Southern California)

Sole, Mary, Professor of Nursing
(8/8/1991), Ph.D. (University of Texas at Austin)

Solonari, Vladimir, Associate Professor of History
(8/8/2003), Ph.D. (Moscow State University)

Sommers, Ephraim, Lecturer of English
(8/8/2016), Ph.D. (Western Michigan University)

Song, Sang-Eun, Associate Professor of Mechanical and Aerospace Engineering
(8/8/2015), Ph.D. (Imperial College)

Song, Zixia, Associate Professor of Mathematics
(8/8/2005), Ph.D. (Georgia Institute of Technology)

Sonmez, Sevil, Professor of Tourism Events & Attractions
(8/8/2015), Ph.D. (Pennsylvania State University)

Sonne, Jeffrey, Research Associate of Florida Solar Energy Center
(1/9/1991), B.A. (Wheaton College)

Sotero, Walter, Associate Lecturer of Biological Sciences
(8/8/2001), Ph.D. (Indiana University)

Soulakova, Julia, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(8/19/2016), Ph.D. (University of Pittsburgh)

Sousa, Sandra, Assistant Professor of Modern Languages
(8/8/2015), Ph.D. (Brown University)

Southwell, Amber, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(1/1/2017), Ph.D. (California Institute of Technology)

Speere, Lance, Instructor of Nicholson School of Communication and Media
(8/24/2009), M.S. (Kansas State University)

Spence, Patric, Instructor of Nicholson School of Communication and Media
(8/24/2009), MS (Kansas State University)

Spencer, Steven, Associate Lecturer of School Of Visual Arts & Design
(3/2/2001), M.F.A. (Louisiana State University)

Spina, Maria, Associate Instructor of Modern Languages
(8/13/2002), M.A. (University of Genoa)

Spinale, Christopher, Instructional Specialist of Lou Frey Institute
(9/23/2016), Ed.S. (University of Central Florida)

Spyers-Duran, Peter, Associate Librarian of University Libraries
(8/8/1996), M.A. (University of South Florida)

Stack, Allison, Instructor of Writing & Rhetoric
(12/22/2010), M.A. (University of Florida)

Stanfill, Melissa, Assistant Professor of English
(8/8/2016), Ph.D. (University of Illinois: Urbana-Champaign)

Stanley, Doris, Instructor of Sociology
(8/8/2018), MA (University of Central Florida)

Stanley, Kenneth, Associate Professor of Computer Science
(12/21/2005), Ph.D. (University of Texas)

Stanlick, Nancy, Professor of College Of Arts And Hum Dean
(8/8/1999), Ph.D. (University of South Florida)

Starbuck, John, Assistant Professor of Anthropology
(8/8/2015), Ph.D. (Pennsylvania State University)

StClaire, Sybil, Associate Lecturer of School Of Performing Arts
(1/6/2003), M.A. (Antioch University McGregor)

Steen, Julie, Associate Professor of Social Work
(8/8/2008), Ph.D. (Florida State University)

Steiger, William, Instructor of Marketing
(5/8/2011), M.B.A. (University of Central Florida)

Steiner, Mark, Professor of Mechanical and Aerospace Engineering
(12/23/2015), Ph.D. (Rensselaer Polytech. Inst.)

Stephens, Daniel, Instructor of Public Administration
(1/7/2013), MPA (University of Central Florida)

Stephens, Sonia, Assistant Professor of English
(8/16/2013), Ph.D. (University of Central Florida)

Stephenson, Joanne, Associate Professor of School Of Performing Arts
(8/8/1994), DM.A. (University of Illinois Urbana-Champ.)

Stevens, Kelly, Assistant Professor of Public Administration
(2017), Ph.D. (Syracuse University)

Steward, Robert, Assistant Professor of Mechanical and Aerospace Engineering
(1/9/2015), Ph.D. (Carnegie Mellon University)

Stewart, James, Associate Professor of Social Work
(8/8/2015), Ph.D. (Florida State University)

Stewart, Martha, Professor of School of Teacher Education
(8/8/1989), Ph.D. (University of Florida)

Stillman, June S., Professor of School of Teacher Education
(8/8/1989), B.A.L.S., M.A., M.A. (University of Central Florida)

Stock, Matthew, University Librarian
(1968), Ph.D. (University of Oklahoma)

Stock, Matthew, Associate Professor of Kinesiology and Physical Therapy
(6/22/2016), Ph.D. (University of Oklahoma)

Stock, Axel, Associate Professor of Marketing
(8/8/2003), Ph.D. (Purdue University)

Stoekli, Ula, Associate Professor of Nicholson School of Communication and Media
(8/8/2002), M.F.A. (College of Design, Ulm)

Stolbov, Sergey, Associate Professor of Physics
(9/8/2006), Ph.D. (Rostov State University)

Stone, Chelsea, Instructor of Writing & Rhetoric
(8/8/2016), M.A. (University of Central Florida)

Stout, Jeffrey, Professor of School of Kinesiology and Physical Therapy
(1/6/2012), Ph.D. (University of Nebraska)

Strawser, Michael, Associate Professor of Philosophy
(8/8/2002), Ph.D. (Florida State University)

Stresau, Kurt, Instructor of Mechanical and Aerospace Engineering
(8/8/2015), M.S. (University of Florida)

Strutt, Tara, Assistant Professor Medicine of Col Of Med School Biomed Science Dean
(9/1/2015), Ph.D. (University of Saskatchewan)

Stubbs, Jack, Research Associate of Institute For Sim And Train
(10/9/2015), B.S. (Miami University)

Stull, Corrinne, Asst Instructional Designer of Vice Provost For Info Off
(9/25/2015), M.A. (University of Central Florida)

STURGEON, SANDRA, Instructor of Nursing
(1/8/2018), MSN (University of Central Florida)

Sturm, Ray, Associate Lecturer of Finance
(8/14/2000), Ph.D. (Florida Atlantic University)

Su, Le-Chu, Associate Professor Medicine of Com Internal Medicine
(11/16/2015), M.D. (Case Western Reserve University)

Su, Shiyang, Assistant Professor of Psychology
(8/21/2017), Ph.D. (University of Minnesota)

Suboh, Suboh, Lecturer of Electrical Engineering
(1/2/2013), Ph.D. (George Washington University)

Suchora, Kathleen, Instructor of Statistics and Data Science
(8/8/2001), M.S. (University of Central Florida)

Sugaya, Kiminobu, Professor of Medicine of Col Of Med School Biomed Science Dean
(5/1/2004), Ph.D. (Science University of Tokyo)

Sukhov, Sergey, Assistant Scholar/ Scientist of Optics and Photonics
(11/25/2011), Ph.D. (Ulyanovsk State University)

Sukthankar, Gita, Associate Professor of Computer Science
(8/8/2007), Ph.D. (Carnegie Mellon University)

Sullivan, Berry, Research Associate of Office Of Research Operations
(11/16/2007), M.B.A. (Vanderbilt University)

Sun, Qiyu, Professor of Mathematics
(8/8/2003), Ph.D. (Zhejiang University)

Sun, Wei, Assistant Professor of Electrical Engineering
(8/8/2015), Ph.D. (Iowa State University)

Sundaram, Kalpathy, Professor of Electrical Engineering
(4/17/1987), Ph.D. (Indian Institute of Tech Bombay)

Sung, Stella, Professor of College Of Arts And Hum Dean
(8/8/1987), Ph.D. (University of Texas)

Surette, Raymond, Professor of Criminal Justice
(8/8/1995), Ph.D. (Florida State University)

Susalka, Stephen, Faculty Administrator of Office Of Research Operations
(1/23/2015), Ph.D. (University of Virginia)

Sutherland, Karen, Assistant In of Florida Solar Energy Center
(8/8/2011), M.B.A. (University of Alaska-Anchorage)

Sutton, Steven, Professor of Accounting
(8/8/2005), Ph.D. (University of Missouri)

Swami, Muthusamy, Program Dir of Florida Solar Energy Center
(1/23/1987), Ph.D. (Florida Institute of Technology.)

Swanson, Sona, Lecturer of Mathematics
(8/16/2013), Ph.D. (University of Washington)

Swanson, Jason, Associate Professor of Mathematics
(8/8/2007), Ph.D. (University of Washington)

Swenson, Nancy, Asoc Instructional Designer of Vice Provost For Info Off
(8/25/2000), M.A. (University of Central Florida)

Sypolt, Terrie, Associate Librarian of University Libraries
(4/9/2001), M.S. (U of Pittsburgh)

Szalma, James, Associate Professor of Psychology
(5/31/2002), Ph.D. (U of Cincinnati)

Szente, Judit, Associate Professor of School of Teacher Education
(8/8/2005), Ph.D. (State University of New York at Buffalo)

Szumanski, Sean, Lecturer of Computer Science
(8/8/2013), Ph.D. (University of Central Florida)

Tafaghodijami, Ataollah, Assistant Professor of Marketing
(8/8/2012), Ph.D. (University of Utah)

Talbert, Steven, Clinical Assistant Professor of Nursing
(1/12/2007), Ph.D. (University of Kentucky)

Taliaferro, Lindsay, Assistant Professor Medicine of Com Internal Medicine
(7/1/2016), Ph.D. (University of Florida)

Tamasan, Alexandru, Professor of Mathematics
(8/8/2005), Ph.D. (University of Washington)

Tamberelli, Frank, Instructor of Integrated Business
(8/19/2015), Ed.D. (Wingate University)

Tan, Huaixiang, Professor of School Of Performing Arts
(8/8/1997), M.F.A. (Utah State University)

Tanner, Stacy, Lecturer of Philosophy
(8/8/2014), Ph.D. (Florida State University)

Tartt, Kacie, Associate Instructor of Modern Languages
(9/8/2006), M.A. (Florida State University)

Tasci, Asli, Assistant Professor of Tourism Events & Attractions
(8/8/2013), Ph.D. (Michigan State University)

Tatari, Mehmet, Associate Professor of Civil Engineering
(8/8/2011), Ph.D. (University of Maryland)

Tatulian, Suren, Professor of Physics
(8/8/2001), Ph.D. (Commission of Council of Min.)

Taub, Gordon, Associate Professor of Counselor Education and School Psychology
(8/8/1999), Ph.D. (University of Florida)

Taylor, Jennifer, Lecturer of Writing & Rhetoric
(6/16/2008), Ph.D. (Tulane University)

Taylor, Shannon, Associate Professor of Management
(8/8/2012), Ph.D. (Louisiana State University)

Taylor, Dalena, Associate Professor of Counselor Education and School Psychology
(8/8/2013), Ph.D. (University of North Texas)

Teixeira, Eduardo, Professor of Mathematics
(1/1/2017), Ph.D. (University of Texas-Austin)

Teixeira, Katiuscia, Assistant Professor of Mathematics
(1/1/2017), Ph.D. (Federal University of Ceara)

Telep, Peter, Associate Instructor of English
(8/8/1998), M.A. (University of Central Florida)

Teo, Grace, Research Associate of Institute For Sim And Train
(4/8/2016), Ph.D. (University of Central Florida)

Terry, Michael, Associate Instructor of Food Svc & Lodge Management
(8/8/2006), M.B.A. (Southern Illinois University)

Tetard, Laurene, Assistant Professor of Nanoscience Tech Center Operations
(8/8/2013), Ph.D. (University of TN Knoxville)

Teter, Kenneth, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(5/1/2004), Ph.D. (University of California)

Tezcur, Gunes, Professor of School of Politics, Security, and International Affairs
(8/8/2015), Ph.D. (University of Michigan)

Thaxton, Terry, Professor of English
(8/8/2000), M.F.A. (Norwich University)

Theen, Terrell, Instructor of Nicholson School of Communication and Media
(8/8/2006), M.S. (Indiana University)

Theriot, Matthew, Professor, School of Social Work
(8/8/2021); Ph.D. (University of California, Berkeley)

Thiamwong, Ladda, Assistant Professor of Nursing
(8/8/2016), Ph.D. (Mahidol University)

Thomas, Amy, Instructor of Communication Sciences and Disorders
(5/5/2005), M.A. (University of Central Florida)

Thomas, Pamela, Instructor of Biological Sciences
(8/14/2000), M.S. (University of Central Florida)

Thomas, Jayan, Associate Professor of Material Science and Engineering
(7/1/2011), Ph.D. (Cochin University of Science & Technology)

Thompson, Brenda, Faculty Administrator of Child Family And Community Services
(7/3/2006), Ed.D. (Virginia Tech)

Thompson, Kelvin, Faculty Administrator of Vice Provost For Info Off
(8/8/1998), Ed.D. (University of Central Florida)

Thornton, Robert, Associate Instructor of School Of Performing Arts
(12/21/2002), MM (Indiana University)

Tian, Yu, Assistant Professor of Accounting
(7/1/2011), Ph.D. (University of South Carolina)

Tian, Tian, Associate Lecturer of Mechanical and Aerospace Engineering
(1/22/2013), Ph.D. (University of Nebraska-Lincoln)

Tierney, Barbara, Librarian of University Libraries
(1/4/2013), MLS (University of Michigan Ann Arbor)

Tigno-Aranjuez, Justine, Assistant Professor Medicine of Col Of Med School Biomed Science Dean

(8/8/2015), Ph.D. (Case Western Reserve University)

Tiwari, Rajanee, Lecturer of Nursing
(1/8/2018), DNP (Florida Atlantic University)

Thiamwong, Ladda, Assistant Professor of Nursing
(8/8/2016), PhD (Mahidol University)

Todd, Andrew, Assistant Librarian of University Libraries
(12/20/2004), M.A. (University of South Florida)

Tojo, Jessica, Asst Instructional Designer of Vice Provost For Info Off
(11/4/2016), M.A. (University of Central Florida)

Tollefson, Kristina, Associate Professor of School Of Performing Arts
(8/8/2000), M.F.A. (Purdue University)

Ton, Steven, Instructor of Health Management Information
(12/23/2014), M.S. (University of Central Florida)

Tong, Min, Assistant Librarian of Regional Campuses
(6/1/2007), M.A. (University of British Columbia)

Topping, Daniel, Assistant Professor Medicine of Com Medical Education
(8/30/2013), M.D. (University of Florida)

Torres, Christina, Instructor of Modern Languages
(12/23/2015), M.A. (University of Central Florida)

Torres Areizaga, Edwin, Assistant Professor of Hospitality Management Services
(8/8/2012), Ph.D. (Purdue University)

Tovbis, Alexander, Professor of Mathematics
(8/8/1996), Ph.D. (Voronezh State University)

Towne, Samuel, Assistant Professor of Health Management Information
(2013), Ph.D. (University of South Carolina)

Towson, Jacqueline, Assistant Professor of Communication Sciences and Disorders
(8/8/2015), Ph.D. (Georgia State University)

Toyne, Jennifer Marla, Associate Professor of Anthropology
(8/8/2011), Ph.D. (Tulane University)

Trainor, Kyle, Assistant Professor of Mathematics
(12/21/2018), MS (University of Central Florida)

Trenta, Shane, Lecturer of School of Teacher Education
(8/8/2012), M.A. (University of Central Florida)

Trimble Spalding, Lee-Anne, Associate Lecturer of School of Teacher Education
(8/8/2004), Ed.D. (University of Central Florida)

Trinquet Du Lys, Charlotte, Associate Professor of Modern Languages
(8/8/2005), Ph.D. (University of North Carolina)

Trompeter, Gregory, Professor of Accounting
(8/8/2008), Ph.D. (University Wisconsin-Madison)

Tucker, Jennifer, Assistant Professor of School of Kinesiology and Physical Therapy
(8/8/2008), D.P.T. (University of Alabama)

Turcu, Anca, Associate Lecturer of School of Politics, Security, and International Affairs
(8/16/2010), Ph.D. (University of Texas Dallas)

Turgut, Damla, Associate Professor of Computer Science
(8/8/2002), Ph.D. (University of Texas at Arlington)

Turkowski, Volodymyr, Assistant Professor of Physics
(7/1/2008), Ph.D. (Highest Attestation Commission)

Turnage, Dawn, Lecturer of Nursing
(8/8/2013), DNP (University of Central Florida)

Turnbull, Geoffrey, Professor of Finance
(12/22/2010), Ph.D. (University of Wisconsin)

Turner, Anna, Instructional Specialist of Academic, Faculty & Int'l Affairs
(8/8/2013), M.A. (University of Central Florida)

Twyford, Denise, Asoc Instructional Designer of Vice Provost For Info Off
(8/8/2007), Ed.D. (Nova Southeastern University)

· **Uddin, Nizam**, Professor of Statistics and Data Science
(8/8/2001), Ph.D. (Old Dominion University)

Underberg-Goode, Natalie, Associate Professor of Nicholson School of Communication and Media
(11/8/2002), Ph.D. (Indiana University)

Underwood-Caputo, Nora, Associate Lecturer of Economics
(8/8/2003), Ph.D. (UC Davis)

Unruh, Lynn, Professor of Health Management Information
(8/8/2000), Ph.D. (University of Notre Dame)

Upvall, Michele, Professor of Nursing
(8/8/2015), Ph.D. (University of Utah)

Uran, Milagro, Instructor of Modern Languages
(8/8/2016), M.A. (University of Central Florida)

Uribe Romo, Fernando, Assistant Professor of Chemistry
(8/8/2013), Ph.D. (University of California)

Uttich, Laurie, Associate Lecturer of English
(5/15/2009), M.F.A. (University of Central Florida)

· **Vaida, Mihai**, Assistant Professor of Physics
(9/23/2016), Ph.D. (Ulm University)

Vaidyanathan, Rajan, Professor of Materials Science And Engineering
(2/1/2001), Ph.D. (MIT)

Vaidyanathan, Pallavoor, Faculty Administrator of Office Of Research Operations
(10/1/1999), ME (University of Florida)

Vajravelu, Rani, Associate Lecturer of Biological Sciences
(8/8/1999), Ph.D. (University of Madras)

Vajravelu, Kuppalapalle, Professor of Mathematics
(8/3/1984), Ph.D. (Indian Institute of Tech Kharagpur)

Valdes, Anna, Associate Lecturer of School of Kinesiology and Physical Therapy
(8/8/2006), Ed.D. (University of Central Florida)

Valdez, Carlos, Lecturer of Integrated Business
(8/8/2010), Ph.D. (Inst. of Tech. -Monterrey)

Valenti, Michael, Assistant Professor of Nursing
(8/8/2016), Ph.D. (New York University)

Valentine, Amandelin, Instructor of English
(8/8/2016), M.A. (University of Central Florida)

Valliyil Thankachan, Sharma, Assistant Professor of Computer Science
(12/7/2016), Ph.D. (Louisiana State University)

Van De Mark, Cheryl, Lecturer of School of Teacher Education
(8/8/2010), Ed.D. (University of Central Florida)

Van Horn, Stacy, Associate Lecturer of Counselor Education and School Psychology
(8/8/2007), Ph.D. (University of Florida)

Van Niekerk, Mathilda, Assistant Professor of Tourism Events & Attractions
(8/8/2012), Ph.D. (North-West University)

Vanryckeghem, Martine, Professor of Communication Sciences and Disorders
(8/26/1994), Ph.D. (Southern IL University at Carbondale)

Varcholik, Paul, Research Associate of FI Interactive Entertainment Academic
(8/8/2009), Ph.D. (University of Central Florida)

Vasquez, Joseph, Associate Lecturer of School of Politics, Security, and International Affairs
(8/8/2011), Ph.D. (University of Notre Dame)

Vasquez, Eleazar, Associate Professor of School of Teacher Education
(8/8/2008), Ph.D. (Utah State University)

Vasu Sumathi, Subith, Associate Professor of Mechanical and Aerospace Engineering
(11/14/2011), Ph.D. (Stanford University)

Vela, Adan, Assistant Professor of Industrial Engineering And Management Sys
(8/8/2016), Ph.D. (Georgia Institute of Technology)

Velissaris, Chris, Associate Lecturer of Physics
(8/22/2006), Ph.D. (University of Rochester)

Venecek, John, Associate Librarian of University Libraries
(1/26/2007), M.S. (University of Illinois)

Verduin, Marcia, Professor of Medicine of Com Student Affairs
(8/31/2007), M.D. (University of Florida)

Verity, Nicole, Instructor Medicine of Col Of Med School Biomed Science Dean
(11/30/2009), M.S. (University of Central Florida)

Viana, Felipe A. C., Assistant Professor of Mechanical and Aerospace Engineering
(12/18/2017), Ph.D. (University of Florida)

Viau, Jeanine, Lecturer of Philosophy
(8/8/2014), Ph.D. (Loyola University Chicago)

Vie, Stephanie, Associate Professor of Writing & Rhetoric
(8/8/2013), Ph.D. (University of Arizona)

Vieira, Robin, Faculty Administrator of Florida Solar Energy Center
(9/19/1983), M.S. (Trinity University)

Viggiano, Charles, Associate Instructor of Integrated Business
(1/24/1997), M.B.A. (University of Central Florida)

Viglione, Jill, Assistant Professor of Criminal Justice
(2015), Ph.D. (George Mason University)

Villegas, Alvaro, Assistant Professor of Modern Languages
(8/8/2014), Ph.D. (Pennsylvania State University)

Vitale, Thomas, Lecturer of Educational Leadership and Higher Education
(8/8/2011), Ed.D. (University of Central Florida)

Vitanova-Haralampiev, Gergana, Associate Professor of Modern Languages
(8/8/2003), Ed.D. (University of Cincinnati)

Vodopyanov, Konstantin, Professor of Optics and Photonics
(1/15/2013), Ph.D. (Lebedev Inst. of Physics)

vonBirgelen, Josette, Instructor of Social Work

(6/14/2019), M.S.W (University of South Carolina)

Vonkalm, Laurence, Associate Professor of Biological Sciences
(12/23/1996), Ph.D. (Monash University)

Vosoughi, Azadeh, Associate Professor of Electrical Engineering
(8/8/2012), Ph.D. (Cornell University)

Voss, Kimberly, Associate Professor of Nicholson School of Communication and Media
(8/8/2008), Ph.D. (University of Maryland)

Waesche, Jessica, Lecturer of Psychology
(8/8/2013), Ph.D. (Florida State University)

Wahid, Parveen, Professor of Electrical Engineering
(8/3/1984), Ph.D. (Indian Institute of Science)

Wahl, Thomas, Assistant Professor of Civil Engineering
(1/11/2017), Ph.D. (University of Siegen)

Walden, Amanda, Associate Lecturer of Health Management Information
(8/8/2012), M.S. (University of Central Florida)

Walker, Ezekiel, Associate Professor of History
(8/8/1998), Ph.D. (Michigan State University)

Walker, John, Associate Professor of Anthropology
(8/8/2006), Ph.D. (University of Pennsylvania)

Walker, Lynn, W., University Librarian
(1966) B.A., M.A. (Florida State University)

Wallace, Dana, Assistant Professor of Accounting
(8/8/2013), Ph.D. (Florida State University)

Waller, Tara-Ann, Instructor of Pe Eli
(8/8/2016), M.A. (New York University)

Walters, Cynthia, Associate Instructor of School of Teacher Education
(8/8/2007), M.A.T (Aquina College)

Walters, Linda, Professor of Biological Sciences
(12/23/1996), Ph.D. (University of South Carolina)

Walters, Joseph, Program Dir of Florida Solar Energy Center
(9/22/2008), B.S. (Rochester Institute)

Walters, Lori, Assistant Professor of Institute For Sim And Train
(8/8/2002), Ph.D. (Florida State University)

Walton, Deedra, Medical Associate Librarian of Com Plng & Knowledge Management
(1/20/2009), MLS (Texas Women's University)

Wan, Thomas, Professor of Health Management Information
(8/8/2003), Ph.D. (University of Georgia)

Wang, Youcheng, Professor of Hospitality Management Dean
(8/20/2003), Ph.D. (University of Ill at Urbana)

Wang, Wei, Assistant Professor of Psychology
(8/8/2013), Ph.D. (University of IL at Urbana-Champaign)

Wang, Dingbao, Associate Professor of Civil Engineering
(8/18/2010), Ph.D. (University of Illinois at Urbana)

Wang, Tang, Assistant Professor of Management
(12/23/2014), Ph.D. (University of Missouri)

Wang, Xiaochuan, Assistant Professor of Social Work
(8/8/18), Ph.D. (University of Georgia)

Wang, Ze, Assistant Professor of Marketing
(8/8/2010), Ph.D. (University of Kansas)

Wang, Chung-Ching, Professor of Statistics and Data Science
(8/8/1991), Ph.D. (Iowa State University)

Wang, Jun, Professor of Electrical Engineering
(8/8/2006), Ph.D. (University of Cincinnati)

Wang, Qinghai, Professor of Finance
(6/17/2016), Ph.D. (Ohio State University)

Wang, Liqiang, Associate Professor of Electrical Engineering Computer Science
(8/8/2015), Ph.D. (State University of New York at Stony Brook)

Wang, Yingying, Research Associate of Mechanical and Aerospace Engineering
(1/7/2015), Ph.D. (Rensselaer Polytechnic Institute.)

Wansbury, Timothy, Research Associate of Institute For Sim And Train
(8/18/2003), M.B.A. (Syracuse University)

Warfield, Scott, Associate Professor of School Of Performing Arts
(8/8/2002), Ph.D. (University of North Carolina)

Waring, Scott, Professor of School of Teacher Education
(8/8/2005), Ph.D. (University of Virginia)

Warshawsky, Nora, Professor of Nursing
(8/8/2018), PhD (University of North Carolina, Chapel Hill)

Washick, Richard, Instructor of Integrated Business
(12/21/2016), M.A.AE (University of Central Florida)

Watkins, R., Associate Professor of Criminal Justice
(8/8/1998), Ph.D. (University of Cincinnati)

Watson, Keri, Assistant Professor of School Of Visual Arts & Design
(8/8/2014), Ph.D. (Florida State University)

Watson, Andrew, Assistant In of Institute For Sim And Train
(8/12/2016), B.S. (University of Central Florida)

Weaver, Deborah, Associate Instructor of Writing & Rhetoric
(12/29/2000), M.A. (University of Central Florida)

Weaver, Earl, Associate Professor of School Of Performing Arts
(8/8/2003), M.F.A. (University of California)

Weaver, Ronald, Lecturer of FI Interactive Entertainment Academic
(7/1/2002), MET (Carnegie Mellon University)

Webster, Danielle, Associate Lecturer of Health Sciences
(8/8/2012), Ph.D. (University of Georgia)

Weeks, Arthur, Associate Professor of Electrical Engineering
(6/17/1988), Ph.D. (University of Central Florida)

Weger, Harry, Professor of Nicholson School of Communication and Media
(8/8/2005), Ph.D. (University of Arizona)

Wei, Wei, Assistant Professor of Hospitality Management Services
(8/8/2014), Ph.D. (Purdue University)

Wei, Lei, Associate Professor of Electrical Engineering
(9/3/2001), Ph.D. (University of South Australia)

Weigel, Gregory, Assoc Instructor of Medicine of Col Of Med School Biomed Science Dean
(9/8/2006), M.S. (University of Central Florida)

Weinland, Jeffrey, Lecturer of Hospitality Management Services
(8/8/2014), Ph.D. (Capella University)

Weinstein, David, Assistant Professor Medicine of Com Internal Medicine
(8/10/2015), M.D. (University of Florida)

Weishampel, John, Professor of Graduate Studies Dean
(8/8/1995), Ph.D. (University of Virginia)

Weissberg, Deborah, Instructor of Hospitality Management Services
(8/8/2014), M.S. (University of Central Florida)

Welch, Gregory, Professor of Nursing
(8/8/2011), Ph.D. (University of NC-Chapel Hill)

Wells, Adam, Assistant Professor of School of Kinesiology and Physical Therapy
(8/8/2016), Ph.D. (University of Central Florida)

Welper, Gerrit, Assistant Professor of Mathematics
(8/8/2018), Ph.D. (RWTH-Aachen University)

Wendt, Oliver, Assistant Professor of Communication Sciences and Disorders
(08/04/2006), Ph.D. (Purdue University)

Wenzel, Taylor, Associate Lecturer of School of Teacher Education
(8/8/2008), Ed.D. (University of Central Florida)

Weremchuk, George, Associate Professor of School Of Performing Arts
(8/21/1998), DM.A. (University of Miami)

Wessel, Philip, Associate Instructor of Health Management Information
(8/8/2012), MHA (Baylor University)

West, Lawrence, Associate Professor of Health Management Information
(8/8/1996), Ph.D. (Texas A&M University)

Weyuker, Elaine, Professor of Computer Science
(2/1/2017)

Wharton, Tracy, Associate Professor of Social Work
(8/8/2014), Ph.D. (University of Alabama)

Wheeler, Sandra, Associate Lecturer of Anthropology
(8/8/2010), Ph.D. (University of Western Ontario)

Wheeler, Stephanie, Assistant Professor of Writing & Rhetoric
(8/8/2015), Ph.D. (Texas A&M University)

White, Roseann, Professor of Medicine of Col Of Med School Biomed Science Dean
(9/16/1969), Ph.D. (University of Texas Southwestern Med)

White, Cynthia, Lecturer of School Of Performing Arts
(8/8/2015), M.F.A. (Southern Methodist University)

White, Grace, Associate Lecturer of Psychology
(8/8/2011), Ph.D. (University of Iowa)

White-Jones, Angela, Lecturer of Public Administration
(2016), Ph.D. (University of Central Florida)

Whiting, Steven, Assistant Professor of Management
(12/23/2014), Ph.D. (Indiana University Bloomington)

Whiting, Karin, Instructor of Computer Science
(12/23/2013), M.S. (Bellevue University)

Whittaker, Alan, Professor of Academic Affairs Vp
(8/1/2014), Ph.D. (Purdue University)

Whitten, Shannon, Associate Lecturer of Psychology
(8/8/2003), Ph.D. (University of Memphis)

Whitworth, James, Associate Professor of Social Work
(8/8/2016), Ph.D. (Florida State University)

Whyte, Ann, Associate Professor of Finance
(8/8/1998), Ph.D. (Florida Atlantic University)

Wick, Barry, Faculty Administrator of Institute For Sim And Train
(11/13/1989), M.A. (U of CT)

Wickey, Jessica, Instructor of Tourism Events & Attractions
(5/8/2016), M.S. (University of Central Florida)

Wiegand, Rudolf, Assistant Professor of Institute For Sim And Train
(6/1/2007), Ph.D. (George Madison University)

Wilkinson, Michael, Assistant Professor of School Of Performing Arts
(8/8/2011), DM.A. (Arizona State University)

Wilkinson, Rachel, Instructor of Pe Eli
(9/14/2012), M.A. (University of Central Florida)

Willenberg, Bradley, Assistant Professor Medicine of Com Internal Medicine
(9/8/2014), Ph.D. (University of Florida)

Williams, Natasha, Medical Instructor Librarian of Com Plng & Knowledge Management
(8/19/2011), M.S. (Florida State University)

Williams, Lana, Lecturer of Anthropology
(8/8/2013), Ph.D. (University of Western Ontario)

Williams-Fjeldhe, Karri, Associate Professor of School of Teacher Education
(8/3/1984), Ph.D. (University of Arizona)

Wilson, Bruce, Professor of School of Politics, Security, and International Affairs
(8/8/1996), Ph.D. (Washington University)

Wilson, Jessica, Instructor Medicine of Col Of Med School Biomed Science Dean
(7/1/2015), M.S. (Mississippi State University)

Wilson, Katherine, Instructor of Hospitality Management Dean
(8/8/2012), MMM (University of Houston)

Wilson, William, Research Associate of Florida Solar Energy Center
(9/19/1997), B.A. (University of Central Florida)

Winter, Ross, Assistant Professor of School of Performing Arts
(8/8/2019), DM.A. (Catholic University of America)

Winton, Mark, Associate Lecturer of Criminal Justice
(1/5/2001), Ph.D. (University of Connecticut)

Wisniewski, Pamela, Assistant Professor of Computer Science
(8/8/2015), Ph.D. (University of North Carolina)

Withers, Jacqueline, Associate Instructor of Social Work
(6/30/2006), M.S.W (The Florida State University)

Withers, Charles, Research Associate of Florida Solar Energy Center
(4/26/1990), B.A. (Slippery Rock U PA)

Wixted, David, Instructor of Tourism Events & Attractions
(3/24/2017), M.S. (University of Albany)

Wocjan, Pawel, Associate Professor of Computer Science
(8/8/2006), Ph.D. (University of Karlsruhe)

Wolcott, Amanda, Instructional Specialist of Academic, Faculty & Int'l Affairs
(12/30/2016), M.S. (University of Central Florida)

Wolf, Ross, Associate Dean and Professor of Criminal Justice
(8/8/1999), Ed.D. (University of Central Florida)

Wolf, Cathleen, Research Associate of Nanoscience Tech Center Operations
(8/12/2004), Ph.D. (Clemson University)

Wolford, Boguslawa, Lecturer of School of Teacher Education
(1/12/2007), Ph.D. (University of Toronto)

Wood, Robert, Associate Professor of Legal Studies
(8/8/2003), M.S.L (GSU College of Law)

Wood, Mary, Associate Professor of School Of Performing Arts
(8/8/2003), M.F.A. (University of North Carolina)

Woodill, Sharon, Lecturer of Undergrad Study Interdiscip Studies
(8/8/2016), Ph.D. (Dalhousie University)

Woodward, Deborah, Associate Instructor of Criminal Justice
(8/8/2010), Ed.D. (University of Central Florida)

Workman, Karisa, Associate Instructor of Nicholson School of Communication and Media
(8/8/1999), M.A. (S Nazarene University)

Worrell, Lewis, Instructor of Health Sciences
(11/26/1976), MPH (University of Central Florida)

Worthy, Graham, Professor of Biological Sciences
(8/8/2001), Ph.D. (University of Guelph)

Wray, Christina, Associate Librarian of University Libraries
(3/10/2017)

Wright, Chrysalis, Associate Lecturer of Psychology
(8/8/2011), Ph.D. (Florida International University)

Wright, Jeffrey, Lecturer of Writing & Rhetoric
(8/8/2011), Ph.D. (University of Minnesota)

Wright, Kenicia, Assistant Professor of School of Politics, Security, and International Affairs
(8/8/2018), Ph.D. (University of Houston)

Wu, Dazhong, Assistant Professor of Mechanical and Aerospace Engineering
(5/8/2017), Ph.D. (Georgia Institute of Technology)

Wu, Shintson, Professor of Optics and Photonics
(7/1/2001), Ph.D. (University of Southern California)

Wu, Annie, Associate Professor of Computer Science
(8/8/1999), Ph.D. (University of MI)

Wu, Yi, Assistant Scholar, Scientist, and Engineer of Physics
(1/3/2014), Ph.D. (University of Central Florida)

Wyatt, Mary, Associate Professor of School Of Visual Arts & Design
(12/22/1999), M.F.A. (Florida State University)

Wyatt, Shelly, Asst Instructional Designer of Vice Provost For Info Off
(2/21/1989), Ph.D. (University of Central Florida)

Xia, Xiaohu, Assistant Professor of Chemistry
(5/5/2018), Ph.D. (Xiamen University)

Xia, Xugang, Professor of Medicine of Col Of Med School Biomed Science Dean
(1/9/2017), Ph.D. (Eberhard-Kart University in Tübingen)

Xu, Yunjun, Professor of Mechanical and Aerospace Engineering
(8/8/2008), Ph.D. (University of Florida)

Xu, Lihua, Lecturer of Educational & Human Sciences
(5/13/2010), Ph.D. (Oklahoma State University)

Xu, Mengyu, Assistant Professor of Statistics and Data Science
(8/8/2016), Ph.D. (University of Chicago)

Yalim, Asli, Assistant Professor of Social Work
(8/8/19), Ph.D. (University at Buffalo)

Yan, Xin, Professor of Statistics and Data Science
(8/8/2011), Ph.D. (University of California)

Yang, Limin, Lecturer, Mathematics
(5/1/2018), Ph.D. (Nankai University)

Yang, Yang, Assistant Professor of Material Science and Engineering
(8/8/2015), PHE (Tsinghua University)

Yao, Fan, Assistant Professor of Electrical Engineering
(9/12/2018) Ph.D. (George Washington University)

Yayla Kullu, Hesna, Associate Professor of Marketing
(8/8/2016), Ph.D. (University of North Carolina- Chapel Hill)

Yeargain, Karen, Instructor, Biology
(8/8/2008), Masters (University of Central Florida)

Yeo, Jungwon, Assistant Professor of Public Administration
(8/8/2016), Ph.D. (University of Pittsburgh)

Yestrebsky, Cherie, Professor of Chemistry
(8/8/1996), Ph.D. (University of South Florida)

Yonekura, Francisca, Asoc Instructional Designer of Vice Provost For Info Off
(4/23/1999), Ph.D. (University of Central Florida)

Yonetani, Ayako, Professor of School Of Performing Arts
(8/8/1993), DM.A. (Juilliard)

Yong, Jiongmin, Professor of Mathematics
(8/8/2003), Ph.D. (Purdue University)

Yooseph, Shibu, Professor of Electrical Engineering Computer Science
(8/8/2016), Ph.D. (University of Pennsylvania)

York, Rebecca, Instructor of Accounting
(8/8/2014), J.D. (University of Wisconsin)

Yost, Elizabeth, Assistant Professor of Hospitality Management Services
(8/8/2015), Ph.D. (University of Central Florida)

Young, David, Instructor of Nicholson School of Communication and Media
(8/8/1998), M.F.A. (University of California, L.A.)

Young, Beth, Associate Professor of English
(8/8/1997), Ph.D. (University of Southern California)

Yu, Chia-Yuan, Assistant Professor of Public Administration
(8/8/2015), Ph.D. (Texas A&M University)

Yu, Haofei, Assistant Professor of Civil Engineering
(8/8/2017), Ph.D. (University of South Florida)

Yu, Nan, Associate Professor of Nicholson School of Communication and Media
(8/8/2017), Ph.D. (Pennsylvania State University)

Yu, Xiaoming, Assistant Professor of Optics and Photonics
(1/1/2017), Ph.D. (Kansas State University)

Yuan, Jiann-Shiun, Professor of Electrical Engineering
(12/21/1989), Ph.D. (University of Florida)

Yuan, Yu, Assistant Professor of Chemistry
(8/8/2012), Ph.D. (Princeton University)

Yuksel, Murat, Associate Professor of Electrical Engineering
(8/8/2016), Ph.D. (Rensselaer Polytechnic Institute)

Yun, Hae-Bum, Associate Professor of Civil Engineering
(1/1/2010), Ph.D. (University of Southern CA)

Zaho, Margaret, Associate Professor of School Of Visual Arts & Design
(8/8/2005), Ph.D. (University of Washington)

Zaki, Mohammed Hussein, Assistant Professor of Civil Engineering
(8/8/2018), Ph.D. (Concordia University, Montreal)

Zaman, Widaad, Lecturer of Psychology
(1/4/2013), Ph.D. (Emory University)

Zaurin, Ricardo, Associate Lecturer of Civil Engineering
(8/8/2010), Ph.D. (University of Central Florida)

Zavattaro, Staci, Associate Professor of Public Administration
(8/8/2015), Ph.D. (Florida Atlantic University)

Zayat, Vania, Assistant Professor Medicine of Com Clinical Science
(9/1/2011), M.D. (Kauno Medicinos University)

Zervos, Antonis, Professor of Medicine of Col Of Med School Biomed Science Dean
(10/29/1999), Ph.D. (University of London)

Zgoba, Kristen, Assistant Professor of Criminal Justice
(2004), Ph.D. (Rutgers, the State University of New Jersey)

Zhai, Lei, Professor of Nanoscience Tech Center Operations
(8/8/2005), Ph.D. (Carnegie Mellon University)

Zhang, Teng, Assistant Professor of Mathematics
(8/8/2015), Ph.D. (University of Minnesota)

Zhang, Hong, Associate Professor of History
(8/8/1996), Ph.D. (University of Arizona)

Zhang, Shaojie, Associate Professor of Electrical Engineering Computer Science
(8/20/2007), Ph.D. (University of California)

Zhang, Xiaodi, Assistant Professor of Finance
(8/8/2015), Ph.D. (University of Utah)

Zhang, Ying, Associate Librarian of University Libraries
(8/8/1996), M.A. (University of South Florida)

Zhang, Shunpu, Professor of Statistics and Data Science
(8/28/2015), Ph.D. (University of Alberta)

Zhang, Tingting, Assistant Professor of Hospitality Management Services
(8/8/2016), Ph.D. (Ohio State University)

Zhang, Wei, Assistant Professor of Computer Science
(12/31/2015), Ph.D. (University of Minnesota)

Zhao, Yue, Professor of Mathematics
(8/8/1999), Ph.D. (Ohio State University)

Zhao, Jihe, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(8/8/2010), Ph.D. (Tohoku University)

Zheng, Gaofeng, Professor of Mathematics
(1/9/2017), Ph.D. (Chinese University of Hong Kong)

Zheng, Qipeng, Assistant Professor of Industrial Engineering And Management Sys
(8/8/2013), Ph.D. (University of Florida)

Zhou, Qun, Assistant Professor of Electrical Engineering

(8/8/2015), Ph.D. (Iowa State University)

Zhou, Hongxia, Associate Professor Medicine of Col Of Med School Biomed Science Dean
(1/9/2017), Ph.D. (Albert-Ludwigs University of Freiburg)

Zielinski, Steven, Assistant In of Institute For Sim And Train
(3/29/2013), B.S. (University of Central Florida)

Ziock, Lawrence, Research Associate of Institute For Sim And Train
(3/31/1993), B.A. (University of Florida)

Zou, Changchun, Associate Professor of Electrical Engineering Computer Science
(8/8/2005), Ph.D. (University of Massachusetts)

Zou, Shengli, Associate Professor of Chemistry
(8/8/2006), Ph.D. (Emory University)

Zraick, Richard, Professor of Communication Sciences and Disorders
(7/1/2014), Ph.D. (Arizona State University)

Zygouris-Coe, Vassiliki, Professor of School of Teacher Education
(8/8/1999), Ph.D. (University of Florida)

· Faculty and Administration Emeriti

· **ABBOTT, DAVID W.**, Professor Emeritus of Psychology
(1968), B.A., M.S., Ph.D. (University of Massachusetts)

ADICKS, RICHARD R., Professor Emeritus of English
(1968), B.A.E., M.A., Ph.D. (Tulane University)

ANDERSON, HENRY, R., Professor Emeritus of Accounting
(1983), B.A., M.S., Ph.D. (University of Missouri)

ANDREWS, LARRY C., Professor Emeritus of Mathematics
(1973), B.S., M.S., Ph.D. (Michigan State University)

ARMACOST, ROBERT L., Associate Professor Emeritus of Industrial Engineering
(1991), B.S., M.S.O.R., D.Sc. (George Washington University)

ARMSTRONG, LEE H., Professor Emeritus of Mathematics

(1968), B.A., M.S., Ph.D. (Florida State University)

AROIAN, KAREN, Professor Emerita Of Nursing
(2008), F.A.A.N., M.S., Ph.D. (University Of Washington)

BAKER, GRAEME L., Professor Emeritus of Chemistry
(1968), B.S., M.S., Ph.D. (Montana State University)

BANDY, DALTON D., Chairholder, C.G. Avery Professorship, and Professor Emeritus of Accounting
(1985), B.S., M.B.A., Ph.D. (University of Texas)

BARNES, BETH, Vice President Emerita, Office of the President, and Associate Professor of English
(1968), B.A., M.A., Ph.D. (University of North Carolina at Chapel Hill)

BASS, MICHAEL, Professor Emeritus of Optics
(1988), B.S., M.S., Ph.D. (University of Michigan)

BAUMBACH, DONNA J., Professor Emerita, College of Community Innovation and Education
(1978), B.S., M.S., Ed.D. (Indiana University)

BISHOP, PATRICIA J., Dean Emerita, Graduate College
(1978), B.S.E., M.S.M.E., Ph.D. (Purdue University), P.E. (Florida)

BLAIR, TIMOTHY, Professor Emeritus, College of Community Innovation and Education
(1991), B.S., M.S., Ph.D. (University of Illinois)

BLEDSON, ROBERT L., Lecturer and Professor Emeritus of School of Politics, Security, and International Affairs
(1968), B.A., M.A., Ph.D. (University of Florida)

BLOCK, DAVID L., Director Emeritus, Florida Solar Energy Center and Professor Emeritus of Engineering
(1968), B.S., M.S., Ph.D. (Virginia Polytechnic Institute), P.E. (Florida)

BOLTE, JOHN R., Vice President Emeritus for Administration and Finance
(1968), B.A., M.A., M.S., Ph.D. (State University of Iowa)

BOREMAN, GLENN, Professor Emeritus of Optics & Photonics
(1990), B.S., M.S., Ph.D. (University of Arizona)

BOSE, SUBIR K., Professor Emeritus of Physics
(1987), B.Sc., M.Sc., Ph.D. (University of Allahabad)

BOZEMAN, WILLIAM C., Professor Emeritus, College of Community Innovation and Education (1985), B.A., M.Ed., Ph.D. (University of Wisconsin)

BRENNAN, JOHN J., Professor Emeritus of Physics (1968), B.S., M.S., Ph.D. (Georgia Institute of Technology)

BREWER, THOMAS, Professor, College of Community Innovation and Education (1996), B.A., M.A., Ph.D. (Florida State University)

BRIGHAM, ROBERT C., Professor Emeritus of Mathematics and Computer Science (1970), B.S., M.S., Ph.D. (New York University)

BROWN, WILLIAM, Professor Emeritus of Sociology (1972), Ph.D. (Purdue University)

BRUNNER, DAVID, Professor Emeritus of School Of Performing Arts (1989), B.M.E, M.M, DM.A. (University of Illinois)

BURROUGHS, WAYNE A., Professor Emeritus of Psychology (1969), B.A., M.A., Ph.D. (University of Tennessee)

CALLARMAN, WILLIAM G., Associate Professor Emeritus of Management (1972), B.B.A., M.B.A., Ph.D. (Arizona State University)

CANAN, PENELOPE, Professor Emerita of Sociology (2006), B.A., M.A., Ph.D. (University of Denver)

CARROLL, WILLIAM F., Professor Emeritus of Engineering (1985), B.S., M.S., Ph.D. (University of Illinois), P.E. (California, Florida and Illinois)

CHICUREL-STEIN, STEVEN, Professor Emeritus of School Of Performing Arts (2002), B.M., M.M, DM.A. (University of Kentucky)

COLBOURN, TREVOR, President Emeritus, Professor of History, and Special Assistant to the UCF Foundation Chief Executive Officer (1978), B.A., A.M., M.A., Ph.D. (Johns Hopkins University)

COMISH, NEWEL W., Professor Emeritus of Management (1968), B.S., M.S., Ph.D. (Ohio State University)

CONGDON, KRISTIN G., Professor Emerita, Philosophy and Humanities (1998), B.A., M.S., Ph.D. (University of Oregon)

COOPER, C. DAVID, Professor Emeritus of Civil, Environmental, and Construction Engineering (1997), B.S.E., Ph.D. (University of Notre Dame), P.E. (Florida)

CORNELL, RICHARD, Professor Emeritus, College of Community Innovation and Education (1968), B.S., M.S., Ed.D (Nova University)

CREPEAU, RICHARD C., Professor Emeritus of History (1972), B.S., M.A., Ph.D. (Florida State University)

CUNNINGHAM, GLENN N., Professor Emeritus of Chemistry (1969), B.S., M.S., Ph.D. (North Carolina State University)

DAVIS, DUANE L., Professor Emeritus of Marketing (1978), B.S., M.B.A., D.B.A. (University of Kentucky)

DAVIS, ROBERT, Professor Emeritus of Nicholson School of Communication and Media (1977), Ph.D. (Ohio State University)

DENNING, RICHARD G., Professor Emeritus of Engineering Technology (1976), B.M.E., M.S., Ed.D. (University of Georgia), P.E. (Florida, Georgia)

DEO, NARSINGH, Professor Emeritus, Computer Science (8/8/1986) Ph.D. (Northwestern University)

DOMBROWSKI, PAUL, Professor Emeritus of English (1997), Ph.D. (Rensselaer Polytechnic Institute.)

DUTTON, RONALD D., Professor Emeritus, Computer Science and Mathematics (1972), B.S., M.S., Ph.D. (Washington State University)

DZIEGIELEWSKI, SOPHIA, Professor Emerita of Social Work (8/8/1997), Ph.D (Florida State University)

DZIUBAN, CHARLES D., Professor Emeritus, College of Community Innovation and Education (1970), B.S., M.Ed., Ph.D. (University of Wisconsin)

EHRHART, LLEWELLYN M., Pegasus Professor and Professor Emeritus of Biology (1969), A.B., Ph.D. (Cornell University)

ELLIS, LESLIE L., Professor Emeritus of Biology

(1968), B.S., M.S., Ph.D. (University of Oklahoma)

ESLER, WILLIAM K., Professor Emeritus, College of Community Innovation and Education
(1968), B.A.Ed., M.A.Ed., Ph.D. (Kent State University)

EVANS, THOMAS G., Professor Emeritus of Accounting
(1990), B.S., M.B.A., Ph.D. (Michigan State University)

FEDLER, FREDERIC E., Professor Emeritus of Nicholson School of Communication and Media
(1971), B.S., M.A., Ph.D. (University of Minnesota)

FERNALD, LLOYD W., Professor Emeritus of Management
(1983), B.S., M.S., D.B.A. (George Washington University)

FERNANDEZ, JOSE, Professor Emeritus of History and Modern Languages
(1981), Ph.D. (Florida State University)

FLICK, ROBERT G., Professor Emeritus of Humanities
(1968), B.S., M.A., Ph.D. (University of Florida)

FORD, ROBERT C., Professor Emeritus, Management
(1993), B.A., M.B.A., Ph.D. (Arizona State University)

FRANCIS, MADISON KE, Professor Emeritus, Sculpture
(1996), B.F.A. (Cleveland Institute of Art)

FREDERICK, TERRY J., Professor Emeritus, Film and Digital Media, and Distinguished Service Professor of
Computer Science
(1975), B.S., M.S., Ph.D. (University of Wisconsin)

GAUDNEK, WALTER, Professor Emeritus of School Of Visual Arts & Design
(1970), M.A., Ph.D. (New York University)

GENNARO, ROBERT N., Professor Emeritus of Molecular Biology and Microbiology, and Associate Director of
Burnett School of Biomedical Sciences
(1970), Ph.D. (Texas A&M University)

GIORDANO, PAUL, Professor Emeritus of Modern Languages
(2004), Ph.D. (Indiana University)

GOMEZ, FERNANDO J., Professor of Electrical Engineering and Computer Science
(1981), B.A., M.A., M.A., Ph.D. (Ohio State University)

GONZALEZ, AVELINO, Professor Emeritus, Computer Science
(8/8/1986), Ph.D. (University of Pittsburgh)

GRIFFITH, HAROLD L., Professor Emeritus of Engineering Technology
(1972), B.S., M.S. (Pennsylvania State University), P.E. (Florida)

GUHA, RATAN, Professor Emeritus, Computer Science
(1/1/1970), Ph.D. (University of Texas)

HALL, HARRY O., Professor Emeritus, College of Community Innovation and Education
(1967), B.A., M.Ed., Ed.D. (University of Florida)

HARMS, ALFRED G., Vice President Emeritus, Strategy, Marketing, Communications, and Admissions
(2005), B.S., M.S. (Texas A&M University)

HICKEY, TERRY L., Provost and Executive Vice President Emeritus, and Professor Emeritus of Psychology
(2003), B.A., M.A., Ph.D. (University of Miami)

HITT, JOHN, University President Emeritus, Professor of Psychology
(3/1/1992), Ph.D. (Tulane University)

HOSNI, DJEHANE, Associate Professor Emeritus of Economics
(1977), B.A., M.A., Ph.D. (University of Arkansas)

HOSNI, YASSER A., Professor Emeritus of Industrial Engineering
(1976), B.S.M.E., M.S., Ph.D. (University of Arkansas), P.E. (Florida)

HUBBARD, SUSAN, Professor Emeritus of English
(1995), M.A. (Syracuse University)

HUDDLESTON, THOMAS, JR., Vice President Emeritus for Marketing, Communications and Admissions
(1993), B.S., M.S., Ed.D. (Oklahoma State University)

HUDSON, PHYLLIS J., University Librarian Emerita
(1972), B.A., M.S.L.S. (University of Illinois)

HYNES, MICHAEL C., Professor Emeritus and Director, College of Community Innovation and Education
(1971), B.S.Ed., M.Ed., Ph.D. (Kent State University)

ISMAIL, MOURAD, Professor Emeritus of Mathematics
(2003), Ph.D. (University of Alberta)

· **JOELS, ROSIE WEBB**, Professor Emerita, College of Community Innovation and Education (1978), B.A., M.Ed., Ph.D. (University of Arizona)

JOHNSON, WILLIAM H., Professor Emeritus, College of Community Innovation and Education (1986), B.S., M.Ed., Ph.D. (Kent State University)

JONES, DANIEL, Professor Emeritus of English (1983), Ph.D. (Florida State University)

JONES JR., HALSEY R., Professor Emeritus of Management (1982), B.A., M.S., Ph.D. (Pennsylvania State University)

JUGE, FRANK E., Professor Emeritus of Chemistry (1968), B.S., Ph.D. (University of Arkansas)

· **KASSIM, HUSAIN**, Professor Emeritus of Philosophy and Religion (1970), B.A., M.A., I.L.L.B., Ph.D. (University of Bonn)

KERSTEN, ROBERT D., Dean Emeritus and Professor Emeritus of Engineering (1968), B.S., M.S., Ph.D. (Northwestern University), P.E. (Florida, Arizona, and Oklahoma)

KIJEK, JEAN C., Associate Professor Emerita, College of Nursing (1985), B.S.N., M.A., Ph.D. (New York University)

KOEVENIG, JAMES L., Professor Emeritus of Biology (1971), B.A., M.A., Ph.D. (University of Iowa)

KUHN, DAVID T., Professor Emeritus of Biology (1970), B.A., M.S., Ph.D. (Arizona State University)

KUO, SHIOU-SAN, Professor Emeritus of Civil, Environmental, and Construction Engineering (1981), B.S., M.S., Ph.D. (Michigan State University), P.E. (Florida)

KYSILKA, MARCELLA L., Professor Emerita, College of Community Innovation and Education (1969), B.S.Ed., M.Ed., Ph.D. (University of Texas)

· **LECKIE-REED, SHIRLEY A.**, Professor Emerita of History (1985), B.A., M.A., Ph.D. (University of Toledo)

LIEBERMAN, LESLIE, Professor Emerita, Anthropology (2001), B.A., M.A., Ph.D. (University of Connecticut)

LILIE, STUART A., Associate Professor Emeritus of School of Politics, Security, and International Affairs (1972), B.A., Ph.D. (Johns Hopkins University)

LLEWELLYN, RALPH, Professor Emeritus of Physics (1980), Ph.D. (Purdue University)

MADSEN, BROOKS C., Professor Emeritus of Chemistry (1970), B.S., M.S., Ph.D. (Ohio University)

MALONE, LINDA C., Professor Emerita of Industrial Engineering (1979), B.S., M.S., Ph.D. (Virginia Polytechnic Institute and State University)

MANNING, PATRICIA C., Professor Emerita, College of Community Innovation and Education (1970), B.S., M.Ed., Ed.D. (Nova University)

MATHEWS, BRUCE E., Professor Emeritus of Engineering (1969), B.E.E., M.S.E., Ph.D. (University of Florida), P.E. (Florida)

MATTSON, GUY C., Professor Emeritus of Chemistry (1969), B.S., Ph.D. (University of Florida)

McGEE, WILLIAM W., Professor Emeritus of Forensic Science (1968), B.S., M.S., Ph.D. (University of Florida)

McGUIRE, JOHN, Professor Emeritus of Psychology (1972), Ph.D. (George Peabody College)

McLELLON, WALDRON, Professor Emeritus of Engineering (2008), B.S., B.C.E., M.C.E., M.S. (Physics), M.S., (Env. Engr.), Ph.D. (Rensselaer Polytechnic Institute)

MEESKE, MILAN, Professor Emeritus of Nicholson School of Communication and Media (1970), Ph.D. (University of Denver)

MILLER, ERNEST E., Professor Emeritus, College of Community Innovation and Education (1968), B.S., M.S., Ed.D. (University of North Dakota)

MORGAN, BEN B., JR, Professor Emeritus of Psychology (1988), B.A., M.A., Ph.D. (University of Louisville)

MORSE, LUCY C., Associate Professor Emerita of Engineering Technology (1983), A.B., M.S., Ph.D. (University of Central Florida)

MOSHELL, J. MICHAEL, Professor Emeritus, Digital Media and Computer Science (1984), B.S., Ph.D. (Ohio State University)

MOSLEHY, FAISSAL A., Professor Emeritus of Mechanical and Aerospace Engineering (1980), B.S., M.S., Ph.D. (University of South Carolina), P.E. (Florida)

MULLIN, THOMAS A., Associate Professor Emeritus of Communication Sciences and Disorders (1972), B.A., M.S., Ph.D. (Syracuse University)

MURPHY, PATRICK, Professor Emeritus of English (2002), Ph.D. (University of California, Davis)

O'KEEFE, M. TIMOTHY, Professor Emeritus of Nicholson School of Communication and Media (1968), B.A., M.A., Ph.D. (University of North Carolina)

OMANS, STUART E., Professor Emeritus of English (1968), B.A., M.A., Ph.D. (Northwestern University)

OSBORNE, JOHN A., Professor Emeritus of Biology (1972), B.S., M.S., Ph.D. (Kansas State University)

OSTLE, BERNARD, Professor Emeritus of Statistics and Data Science (1967), B.A., M.A., Ph.D. (Iowa State University)

PALMER, MARY J., Professor Emerita, College of Community Innovation and Education (1970), B.S., M.S., Ed.D. (University of Illinois)

PANOUSIS, PETER, Dean Emeritus, College of Sciences (2000), B.S., Ph.D. (Iowa State University)

PAUL, GORDON W., Professor Emeritus of Marketing (1977), B.S., M.B.A., Ph.D. (Michigan State University)

PAULEY, BRUCE F., Professor Emeritus of History (1971), B.A., M.A., Ph.D. (University of Rochester)

PAWLAS, GEORGE E., Professor Emeritus, College of Community Innovation and Education (1991), B.S., M.Ed., Ph.D. (University of South Carolina)

PELLI, MOSHE, Professor Emeritus of History (1985), B.S., Ph.D. (Dropsie College)

PENNINGTON, ROBERT, Professor Emeritus of Economics
(1983), B.A., Ph.D. (Texas A&M University)

PET-ARMACOST, JULIA, Professor Emerita, Associate Dean for Planning and Knowledge Management, College of
Medicine
(1993), Ph.D. (Case Western Reserve University)

PHERIGO, JOHNNY, Professor Emeritus of School of Performing Arts
(2004), D.M.A. (University of Illinois)

PHILLIPS, RONALD L., Professor Emeritus of Engineering Science and Mathematics
(1970), B.S.E., M.S.E., M.A., Ph.D. (Arizona State University)

PICKERING, ROY, Professor Emeritus, Music
(1979), B.M.E., M.M. (Indiana University)

PLATT, JENNIFER C., Professor Emerita, College of Community Innovation and Education
(1985), B.S., M.S., Ed.D. (West Virginia University)

PRITCHARD, ROBERT D., Professor Emeritus, Psychology
(2003), B.A., Ph.D. (University of California, Los Angeles)

PRYOR, ALBERT, Professor Emeritus of Nicholson School of Communication and Media
(1972), B.S., M.A., Ph.D. (University of Michigan)

PYLE, RANSFORD C., Associate Professor Emeritus of Legal Studies
(1976), A.B., M.A., J.D., Ph.D. (University of Florida)

RADWAN, AHMED, Professor Emeritus, Civil Engineering
(8/8/1990), Ph.D. (Purdue University)

REIFF, WALLACE W., Professor Emeritus of Finance
(1970), B.S., M.A., M.B.A., D.B.A. (Indiana University)

RICHIE, SAMUEL M., Professor Emeritus of Electrical and Computer Engineering
(1984), B.S.E., M.S.E., Ph.D. (University of Central Florida)

ROHTER, FRANK D., Professor Emeritus, College of Community Innovation and Education
(1968), B.S., M.Ed., Ph.D. (University of Southern California)

ROLLINS, JACK B., Professor Emeritus of Psychology

(1969), B.S., M.S., Ph.D. (University of Georgia)

RUBIN, RONALD S., Professor Emeritus of Marketing
(1972), B.A., M.A., Ph.D. (University of Massachusetts)

SALTER, JOHN H. III, Chairholder, Ernst & Young Professorship and Professor Emeritus of Accounting
(1975), B.S., M.S., Ph.D. (Louisiana State University)

SAUNDERS, CAROL, Professor Emeritus of Management
(2001), B.A., M.B.A., Ph.D. (University of Houston)

SCHIFFHORST, GERALD J., Professor Emeritus of English
(1970), B.S., M.A., Ph.D. (Washington University)

SCHWARTZ, JAMIE, Associate Professor Emeritus of Communicative Disorders
(2001), B.A., M.A., Ph.D. (University of Florida)

SCOTT JR., DAVID F., Professor Emeritus of Finance
(1982), B.S.B.A., M.B.A., Ph.D. (University of Florida)

SHERWOOD, HOWARD, Professor Emeritus of Mathematics
(1969), B.S., M.S., Ph.D. (University of Arizona)

SHOFNER, JERRELL H., Professor Emeritus of History
(1972), B.S., M.S., Ph.D. (Florida State University)

SILFVAST, WILLIAM, Professor Emeritus of Optics and of Physics
(1990), B.S., Ph.D. (University of Utah)

SMITH, FRANCES B., Associate Professor Emerita, College of Nursing
(1979), R.N., Ed.D. (Florida State University)

SMITH, HARRY W., JR., Professor Emeritus of Theatre
(1969), B.A., M.A., Ph.D. (Tulane University)

SNELSON, FRANKLIN F., JR., Professor Emeritus of Biology
(1970), B.S., Ph.D. (Cornell University)

SOMERVILLE, PAUL N., Professor Emeritus of Statistics and Data Science
(1972), B.Sc., Ph.D. (University of North Carolina)

SORG, STEVEN E., Associate Professor Emeritus, College of Community Innovation and Education (1978), B.S., M.S., Ph.D. (Florida State University)

STEARMAN, ALLYN M., Professor Emerita of Anthropology (1976), B.A., M.A., Ph.D. (University of Florida)

STOUT, I. JACK, Professor Emeritus of Biology (1972), B.S., M.S., Ph.D. (Washington State University)

SWEENEY, MICHAEL J., Professor Emeritus, Molecular Biology and Microbiology (1972), Ph.D. (Temple University School of Medicine)

SWEET, HAVEN C., Professor Emeritus of Biology (1971), B.S., Ph.D. (Syracuse University)

TAYLOR, JAMES S., Professor Emeritus of Civil, Environmental, and Construction Engineering (1977), B.S.I.E., M.S., Ph.D. (University of Florida), P.E. (Florida)

TAYLOR, K. PHILLIP, Professor Emeritus of Nicholson School of Communication and Media (1970), B.A., Ph.D. (Indiana University)

TAYLOR, MICHAEL D., Professor Emeritus of Mathematics (1968), B.A., M.S., Ph.D. (Florida State University)

TAYLOR, WALTER K., Professor Emeritus of Biology (1969), B.S., M.S., Ph.D. (Arizona State University)

TESORI, ANTHONY P., Professor Emeritus of Education and Director Brevard Campus (1970), B.S., M.A., Ed.D. (New York University)

THOMAS, MARGARET H., Professor Emerita of Psychology (1971), B.A., M.A., Ph.D. (Tulane University)

TROUARD, DAWN, Professor Emerita of English (1997), B.A., M.A., Ph.D. (Rice University)

TUBBS, LeVESTER, Associate Professor Emeritus, College of Community Innovation and Education (1980), B.S., M.S., Ed.D. (University of Missouri)

TUCKER, RICHARD D., Professor Emeritus of Psychology (1972), A.B., M.A., Ph.D. (Emory University)

TZANNES, NICOLAOS S., Professor Emeritus of Electrical and Computer Engineering (1986), B.E.E., M.E.E., Ph.D. (Johns Hopkins University)

· **UNKOVIC, CHARLES**, Professor Emeritus of Sociology (1968), Ph.D. (University of Pittsburgh)

· **VAN HOOK, MARY P.**, Professor Emerita of Social Work (1995), B.A., M.S., Ph.D. (Rutgers University)

VAN STRYLAND, ERIC, Professor Emeritus and Dean of Optics and Photonics (3/13/1987), Ph.D. (U of Arizona)

· **WALLACE, RONALD L.**, Professor Emeritus of Anthropology (1975), B.A., M.A., Ph.D. (University of Florida)

WANIELISTA, MARTIN P., Professor Emeritus of Civil, Environmental, and Construction Engineering (1970), B.S.C.E., M.S., Ph.D. (Cornell University), P.E. (Florida)

WHISLER, BRUCE A., Associate Professor Emeritus of Music (1971), B.A., Ph.D. (University of Rochester)

WHITE, ROSEANN S., Professor Emerita of Molecular Biology and Microbiology, and Associate Director of Burnett School of Biomedical Sciences (1969), Ph.D. (University of Texas S.W. Medical School)

WHITEHOUSE, GARY E., Professor Emeritus of Engineering (1978), B.S.I.E., M.S.I.E., Ph.D. (Arizona State University), P.E. (Florida, Pennsylvania)

WIENKE, WILFRED, Professor Emeritus, College of Community Innovation and Education (1998), B.S., M.S., Ed.D. (University of Northern Colorado)

WINK, DIANE M., Professor Emerita, College of Nursing (1987), ARNP, Ed.D. (University of Central Florida)

WOLF, J. GARY, Distinguished Service Professor Emeritus of Music (1972), B.M.Ed., M.M., D.M.A. (Eastman School of Music)

WYCOFF, EDGAR B., Associate Professor Emeritus of Nicholson School of Communication and Media (1972), B.S., M.B.A., Ph.D. (Florida State University)

YEGIDIS, BONNIE, Professor Emerita of Social Work (2013), Ph.D. (University of South Florida)

· **YEH, GOUR-TSYH**, Professor Emeritus of Civil, Environmental, and Construction Engineering (2000), B.S., M.S., Ph.D. (Cornell University), P.E. (New York, Massachusetts, California, Tennessee, Pennsylvania)

Honorary Degrees Awarded

December 1969	Kurt H. Debus, Doctor of Engineering Science William H. Dial, Doctor of Commercial Science
June 1970	John W. Young, Doctor of Applied Sciences
March 1973	Louis C. Murray, Doctor of Public Service
August 1974	Fred C. Clayton, Doctor of Professional Engineering
August 1978	Richard F. Livingston, Doctor of Business Administration
June 1979	Albert F. Hegenberger, Doctor of Engineering Science Lee R. Scherer, Doctor of Engineering Science
December 1979	Joseph Daniel Duffey, Doctor of Humane Letters
June 1980	Thelma Vivian Jackson Dudley, Doctor of Humanities Howard Phillips, Doctor of Public Service
December 1981	Gene Burns, Master of Letters
April 1982	Andrew Duda, Jr., Doctor of Agricultural Service Ferdinand Duda, Doctor of Agricultural Service John Duda, Doctor of Agricultural Service Robert J. Whalen, Doctor of Engineering Science
July 1982	Mary Jo Davis, Doctor of Public Service William E. Davis, Doctor of Public Service
December 1982	Joseph A. Boyd, Doctor of Engineering Science J. W. Hubler, Doctor of Engineering Science
July 1983	Charles Wadsworth, Doctor of Public Service
December 1984	Allan E. Gotieb, Doctor of Laws
May 1985	George J. Becker, Jr., Doctor of Public Service Jerry Collins, Doctor of Public Service D. Robert Graham, Doctor of Public Service Walter O. Lowrie, Doctor of Engineering Science William C. Schwartz, Doctor of Engineering Science
March 1986	Isaac Bashevis Singer, Doctor of Letters
October 1988	Elie Wiesel, Doctor of Letters
December 1988	Sven Caspersen, Doctor of Engineering Science

John D. Holloway, Doctor of Public Service
Wolfgang-Detlef Petri, Doctor of Commercial Science

- May 1989** Frank M. Hubbard, Doctor of Public Service
David Albertson, Doctor of Humane Letters
William S. Jenkins, Doctor of Humane Letters
James C. Robinson, Doctor of Public Service
Charles N. Millican, Doctor of Laws
- May 1990** Helen Harris Perlman, Doctor of Humane Letters
Thaddeus Seymour, Doctor of Letters
- May 1991** Roald Hoffman, Doctor of Science
- May 1992** Robert Bryan, Doctor of Humane Letters
- May 1993** Buell G. Duncan, Jr., Doctor of Commercial Science
- May 1995** Norman R. Augustine, Doctor of Engineering Science
- December 1995** Jesse Stone, Doctor of Humane Letters
- April 1996** Nicolaas Bloembergen, Doctor of Science
- December 1996** Richard A. Nunis, Doctor of Public Service
- May 1997** Maxwell C. King, Doctor of Public Service
Joe R. Lee, Doctor of Commercial Science
- August 1998** Trevor Colbourn, Doctor of Humane Letters
- December 1998** Linda W. Chapin, Doctor of Public Service
- December 1999** Oscar Arias, Doctor of Humane Letters
Reubin Askew, Doctor of Public Service
Desmond Tutu, Doctor of Humane Letters
- May 2000** Lotfi Zadeh, Doctor of Science
- May 2001** James Bacchus, Doctor of Public Services
Richard M. Karp, Doctor of Science
Joseph F. Traub, Doctor of Science
LeRoy T. Walker Sr., Doctor of Public Service
- May 2002** Richard M. DeVos, Sr., Doctor of Commercial Science
- October 2002** Albert Burnett, Doctor of Commercial Science
Nancy Burnett, Doctor of Commercial Science
- December 2002** Robert E. Kahn, Doctor of Science

December 2004 G. Vince Amico, Doctor of Science
Lester Mandell, Doctor of Commercial Science

May 2005 Harriet Elam-Thomas, Doctor of Public Service

March 2006 Anibel Acevedo Vila, Doctor of Public Science

December 2006 Rita Bornstein, Doctor of Humane Letters

May 2007 Charles Hard Townes, Doctor of Science

December 2008 Robert Vander Weide, Doctor of Commerce

May 2009 Howard Lance, Doctor of Science

December 2009 Jerry S. Roth, Doctor of Commercial Science

December 2011 James A. Hinson, Doctor of Public Service

December 2012 Sanford Shugart, Doctor of Humane Letters

May 2013 William Jefferson Clinton, Doctor of Humane Letters
Michael M. Crow, Doctor of Humane Letters

August 2014 Judith A. Albertson, Doctor of Humane Letters
Phyllis A. Klock, Doctor of Commercial Science

December 2014 Alan Ginsburg, Doctor of Public Service
Richard Walsh, Doctor of Commercial Science

May 2016 J. Charles Gray, Doctor of Public Service
John Skipper, Doctor of Humane Letters

August 2016 Alan Eustace, Doctor of Business

April 2017 Mohammad bin Fahd bin Abdulaziz Al Saud, Doctor of Public Service

December 2017 Kareem Adbul-Jabbar, Doctor of Public Service
Anthony J. Nicholson, Doctor of Public Service

May 2018 Jeb Bush, Doctor of Public Service
Buddy Dyer, Doctor of Public Service
Martha Halstead Hitt, Doctor of Public Service
James F. Heekin, Doctor of Public Service
Teresa Jacobs, Doctor of Public Service
Thomas G. Kuntz, Doctor of Public Service
Carolyn Roberts, Doctor of Public Service

May 2019 Judith M. Duda, Doctor of Humane Letters

December 2019 Daniel Holsenbeck, Doctor of Humane Letters

May 2021 Abraham Pizam, Doctor of Commercial Science

Glossary

A.A.: Associate of Arts degree. A degree designed for transfer to an upper division college or university. A Florida A.A. degree satisfies General Education (GEP) at all Florida SUS Schools.

Accreditation: certification that the college/school or program has met established standards and is nationally recognized by appropriate accrediting agencies.

ACT: American College Testing program is used for undergraduate admission purposes.

Add: online procedure used to alter class schedules after registration. During this time, students can adjust their schedules through myUCF (my.ucf.edu) by adding courses.

Arts and Humanities: College of Arts and Humanities (CAH).

A.S.: associate in science degree. A broad-based degree designed to prepare students to enter a wide variety of careers.

ASSA: Academic Services for Student-Athletes.

Audit (course): to attend classes without receiving academic credit.

Audit (degree): computerized summary of progress toward completion of degree requirements to be used with academic advising and registration. Available from myUCF at my.ucf.edu. (See also "Degree Audit").

BA: Business Administration. This abbreviation appears in the listing of courses and refers to the College of Business Administration (CBA). Also see Bachelors Degree.

Baccalaureate or Bachelor's Degree: completion of all University and major graduation requirements as certified by the University (i.e., B.A. is the Bachelor of Arts degree, and B.S. is the Bachelor of Science degree).

BHC: Burnett Honors College.

Breaking Catalog: loss of eligibility to follow graduation requirements in a specific catalog.

BSBS: Burnett School of Biomedical Sciences within the College of Medicine.

Business: College of Business Administration (CBA).

CAH: College of Arts and Humanities.

Catalog: resource for UCF academic policies and procedures, college/school and degree requirements, course descriptions and faculty listings. It is published annually and its contents are subject to change. Available online at catalog.ucf.edu/index.php.

Catalog Year: the edition of the University catalog that governs graduation requirements for a particular academic year.

CBA: College of Business Administration.

CCIE: College of Community Innovation and Education.

CECS: College of Engineering and Computer Science.

CHPS: College of Health Professions and Sciences.

Certificate: special program of study supplemental to a major.

CI: consent of instructor.

Class Schedule Search: a component of the online myUCF system (at my.ucf.edu) that lists courses and class sections offered each academic term.

College: collection of related academic departments. There are thirteen colleges at UCF: Burnett Honors College (BHC), Arts and Humanities (CAH), Business Administration (CBA), Community Innovation and Education. (CCIE), Engineering and Computer Science (CECS), Graduate Studies, College of Human Professions and Sciences. (CHPS), Medicine (COM), Nursing (CON), Optics and Photonics (CREOL), Sciences (COS), Undergraduate Studies, and Rosen College of Hospitality Management (RCHM).

COM: College of Medicine.

Common Course Numbering: the statewide course numbering system (SCNS) uses a course designation that consists of a 3-letter prefix and a 4-digit number and when necessary a one-letter laboratory (L) or lecture/laboratory (C) suffix.

Common Program Prerequisite: the State of Florida has identified Common Program Prerequisites for all University programs. These prerequisites must be completed by all students entering that field of study, must be accepted by all state universities and must be applied towards the degree.

CON: College of Nursing.

Contact hours: number of hours students meet in class.

Continuous Enrollment: enrollment not interrupted by non-attendance for either consecutive Fall and Spring terms, or consecutive Spring, Summer term, and Fall.

COS: College of Sciences.

CR: co-requisite is an additional course in which you must enroll during the same term as the primary course you desire to take.

Credit Hour: A unit of measurement representing the amount of work associated with courses. One college credit is based on the learning expected from the equivalent of fifteen 50-minute periods of classroom instruction. UCF's complete definition is published in the [policy section](#) of the catalog.

CREOL: College of Optics and Photonics.

Degree Audit: a computerized degree audit that lists courses completed toward major and degree requirements.

Diploma: official certificate displaying earned degree, major and baccalaureate honors.

Directory Information: certain information concerning students that may be released to anyone upon request. Directory information at UCF includes: name, current mailing address, telephone number, date of birth, major field of study, dates of attendance, enrollment status, degrees and awards received, participation in officially registered activities and sports, athletes' height and weight.

Disqualified: a student on academic probation who fails to achieve a minimum 2.0 UCF GPA during a subsequent term is disqualified. A student who is disqualified may not enroll at the University for two terms following disqualification. Readmission after two terms is not automatic.

Distributed Learning, Center of: serves as the central agent for online learning at UCF, providing leadership in distance learning policies, strategies, and practices.

Double Major: awarded when the student concurrently satisfies requirements for two majors.

Drop/Swap: a student may drop or swap a course(s) during the official Drop/Swap period. A dropped course will not appear on the student's permanent record. Students are not fee liable for dropped courses.

Elective: any course not required as part of the General Education Program or as part of your major/minor.

Engineering: College of Engineering and Computer Science (CECS).

Email: primary official means of communication with students regarding University business and information.

Enrollment: the act of registering in classes. This may be done through myUCF at my.ucf.edu and, in limited circumstances, at the colleges' advising offices.

Enrollment Certification: an official University document that provides a student's enrollment history including status, dates enrolled, and degrees awarded, available online at my.ucf.edu in Student Self Service.

Equipment Fee: a charge associated with some majors to cover the use and replacement of equipment.

Excess Credit Hour Surcharge: a surcharge to each credit hour taken in excess of the total number of credit hours required to complete the degree being pursued. The amount in excess of the total hours is calculated based on a percentage defined in statute and is referred to by the University of Central Florida as baseline hours limit.

Excluded: a student readmitted following disqualification who fails to achieve a minimum 2.0 GPA during a subsequent term is excluded from the University. Students are not eligible for readmission after exclusion. See "Readmission" for details.

Fee Invoice: a printout of courses for which the student has registered that lists each specific course, its meeting time(s) and day(s). The amount of tuition and fees due for all courses registered and the payment deadline date also is indicated. Available online at my.ucf.edu in Student Self Service.

Freshman and Sophomore Courses: lower level courses with common course numbers ranging from 1000-2999 (e.g., ENC 1101 - Composition I). Generally, freshmen should enroll in 1000 and 2000 level courses.

FTIC: abbreviation for "First Time In College," referring to those students who currently are in their first term as a UCF college student after high school.

Full-Time Course Load: for undergraduates, a minimum of 12 credits in the fall and spring and summer terms.

FYE: First Year Experience.

GEP: General Education Program: Specific courses required for all UCF degree programs providing skills and knowledge in general subject areas essential to continued learning and success, not only in college but throughout the student's life.

Gordon Rule: requires students to complete four composition courses (12 semester hours) and two courses (six semester hours) of mathematics at the level of college algebra or higher. Each course must be completed with a grade of "C-" (1.75) or better.

GPA: Grade Point Average: the average number of grade points per semester hour attempted. GPA is computed by

dividing the total number of grade points assigned by the total number of semester hours attempted, less hours resulting from NC, W, WP, S, U, and I grades.

Grade Forgiveness: refers to when a course taken at UCF is repeated, and for grade point average purposes, the grade earned in the first attempt is replaced by the grade earned in the second attempt at UCF (may be used only twice in the student's academic career).

Grade Point Deficiency: for readmission purposes only, this term is defined as the number of UCF credit hours earned with a "B" (3.0 GPA) grade that a student requires to raise his or her UCF cumulative grade point average to 2.0. A student's grade point deficiency is calculated when the student applies for readmission.

Health Form: documentation of immunity for measles and rubella, as well as consent for treatment at the University Health Center (must be completed and returned to Student Health Services prior to the first registration).

Hold: also called a "negative service indicator", this is a block on activity for transcripts, grades, diploma, or registration because of financial or other obligations to UCF.

Incomplete: grade assigned by the instructor when a student is unable to complete a course due to extenuating circumstances. Must be completed in 12 months or by graduation, whichever comes first.

Junior and Senior Courses: upper level courses with common course numbers ranging from 3000- 4999 (e.g., ENG 3311, Advanced Expository Writing).

Kiosk: stand-alone PCs located in UCF public areas providing access to student records and general information.

KMETC: Knights Major Exploration and Transition Center

Limited Access: a major that has additional admission requirements (e.g. early application date, a separate application, or specific GPA requirements). Certain academic programs designated as "limited access" only guarantee admission to a limited number of applicants.

Lower Level Courses: courses with a number of 1000-2999 (not less than 1000).

Major: group of related courses that constitute a focused program of study in a specific area of knowledge.

MASS: Multicultural Academic and Support Services

Material and Supply Fee: a charge associated with some courses to cover items consumed within the class.

Matriculation: enrollment and attendance your initial term at UCF. Can be as an admitted, degree-seeking student or as a non-degree seeking student.

MEP: Major Exploration Program to assist students who are undecided about a major.

Minor: a complement to a bachelor's degree program/ major requiring at least 18 credit hours in a field.

mySchedule Builder: a course scheduling tool designed to allow students to plan their class schedules around their life commitments. It allows students to review and compare every possible class schedule.

myUCF: the UCF/student information portal online at my.ucf.edu. myUCF is a powerful, securityencrypted, personal identification and Passwordaccess information system that will facilitate a variety of transactions in which students will engage at UCF. In myUCF, students may obtain a list of current holds, change the Password, sign up for a Knights Email account, telephone number, and permanent/ mailing addresses; search for courses each term; register, drop/swap and add courses each term; withdraw from courses following the close of Late Registration and Drop/ Swap, print the "Degree Audit," obtain the registration appointment day and time for each term, print a "Fee Invoice," pay fees by credit card, gain access to financial aid and accounts receivable information; obtain the term final grades, and a list of current courses.

NID: Network IDentification number that students use to log in to web courses, UCF computer labs, and myUCF or the UCF Information Kiosks.

Overall GPA: cumulative GPA of UCF and transfer course work.

Password: a series of four to eight characters and numbers chosen by the student that is associated with the NID (Network Identification Number). Each time you use the NID to enter myUCF, you also will enter your password.

Pending Status: category assigned to students who desire to enter limited or restricted access programs. Typically, students are required to complete the GEP and all major pre-requisites prior to admission into the desired limited access program (Department will change student's status upon acceptance into the program).

PR: prerequisite refers to a specific course that must be taken and passed prior to enrolling in the primary course the student desires to take.

Probation: action taken when a student's UCF overall GPA drops below 2.0.

Readmission: reapplication to the Registrar's Office after an absence of two or more terms.

Registration: the process of enrolling in classes. This may be done through myUCF at my.ucf.edu and, in limited circumstances, at the colleges' advising offices.

Repeat Surcharge: additional fee applied when a student enrolls in the same course three or more times.

Restricted Access: a major that has additional admission requirements (e.g. early application date, a separate

application or specific GPA requirements). There is no limit to the number of students who can be enrolled. Students meeting the specified requirement(s) normally will be admitted.

Restricted Electives: a specified group of courses within a major from which students must make selections.

Retention: a term used to describe students' continued enrollment at the University until successful completion of their educational goals.

RCHM: Rosen College of Hospitality Management.

SARC: Student Academic Resource Center, provides academic support programs, including supplemental instruction, tutoring, academic advising, and various other programs and services to students.

SAT: Scholastic Assessment Test is an assessment used for University admission purposes.

Satisfactory Academic Progress: a general eligibility requirement for financial assistance (see the "Student Financial Assistance" section of this Undergraduate Catalog).

Second Bachelor's Degree: awarded when the student meets the requirements for both degrees and earns a minimum of 150 credit hours.

Section: refers to one of several offerings of the same course scheduled at different days of the week and hours of the day. For example: There may be 40 different sections of ENC 1101 offered within a term.

Sequence: a series of courses within the same subject area. Generally, the student takes these courses in numerical order (e.g., PHY 2053C then PHY 2054C). Students should consult the advisor before registering out of sequence.

STEP: State Tuition Exemption Program

SUS: State University System. All twelve Florida public universities are part of the SUS.

Term: the academic year at UCF is divided into segments called "terms" (also called "semesters"). Each lasts approximately 16 weeks. Some universities break the year into fourths and call them "quarters." UCF is on the semester system; however, we usually speak of "Fall Term," "Spring Term," or "Summer Sessions."

Term GPA: grade point average (GPA) on work attempted during any given term.

Third Attempt Charge: see "Repeat Surcharge."

Track: one of two or more significant variations in a degree program or major. Approximately 50% of the courses in one track differ from the courses required in other tracks.

Transcript: official academic record from the Registrar's Office.

TSD: Accelerated education opportunities.

TSR: Transfer Summary Report is a listing of all coursework transferring to the University for credit. A preliminary TSR is generated at the time of acceptance. A final TSR is processed after all final transcripts have been received by the Admissions Office.

Transient Student: a UCF student enrolled in courses at another accredited institution recognized by UCF, or a student from another accredited institution recognized by UCF enrolled in courses at UCF.

UCF Connect Campus System: UCF Altamonte Springs, UCF Cocoa, UCF Daytona Beach, UCF Leesburg, UCF Ocala, UCF Palm Bay, UCF Sanford/Lake Mary, UCF South Lake, UCF Valencia East, UCF Valencia Osceola, and UCF Valencia West.

UCF GPA: grade point average (GPA) on all work attempted while in attendance at UCF.

UCF ID: (UCF IDentification number): personal seven-digit number required as a unique identifier for each student.

UGRD: College of Undergraduate Studies

Upper Level Courses: courses with a course number of 3000-4999.

VARC: Veterans Academic Resource Center providing GI Bill educational benefit certification and academic support programs, including supplemental instruction, tutoring, academic advising, career advising, student accommodation services, counseling services, and various other programs and services for student veterans.

Withdrawal, to Withdraw from a Course: to formally request an official departure from one or more courses during the first half of the term or session through myUCF (my.ucf.edu) or at the Registrar's Office. Students who withdraw from a class are still responsible for tuition and fees for that withdrawn course.

Courses

ACG - Accounting General

ACG2021 - Principles of Financial Accounting

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Earn a minimum grade of C in each of the following:
 - Course Not Found

Course Description

Nature of accounting, financial statements, the accounting cycle, assets, current liabilities, long-term debt, and owner's equity; accounting for proprietorships and corporations.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG2021H - Honors Principles of Financial Accounting

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete all of the following
 - Earn a minimum grade of C in each of the following:
 - Course Not Found
 - And Consent of Honors

Course Description

Nature of accounting, financial statements, the accounting cycle, assets, current liabilities, long-term debt, and owner's equity; accounting for proprietorships and corporations. Honors level.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG2071 - Principles of Managerial Accounting
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ACG 2021 with a "C" (2.0) or better.

Course Description

The purpose of this class is to thoroughly familiarize the student with the various uses of accounting information for planning and control.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG3131 - Intermediate Financial Accounting I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Pre-Accounting or Pre-Finance major or Accounting minor & ACG 2021 & ACG 2071 each with a grade of "C" (2.0) or better.

Course Description

Technical knowledge about accounting measurement and disclosure, as well as how financial statements are analyzed and interpreted by external users.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG3141 - Intermediate Financial Accounting II
Credits Hours

3

Prerequisites

- Junior standing, Accounting major or minor, ACG 3131 with a grade of "B" (3.0) or better.

Prerequisites/Corequisites

- QMB 3602 Business Research for Decision Making

Course Description

Accounting theory and practice related to preparation, and interpretation of external financial statements.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG3173 - Accounting for Decision-Makers

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Pre-Business (except Pre-Accounting) major & ACG 2021 & ACG 2071 each with a grade of "C" (2.0) or better.

Course Description

Explores the use of financial statements and managerial accounting in support of business decisions. The tax environment on businesses is also explored.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG3361 - Cost Accounting I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing, Accounting major or minor, ACG 3131 with a grade of "B" (3.0) or better.

Course Description

Theory and practice of using accounting information for managerial planning, and control as well as in costing, and pricing decisions.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG3501 - Financial Accounting for Governmental and Nonprofit Organizations
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing, Accounting major or minor, ACG 3131 with a grade of "B" (3.0) or better.

Course Description

Application of financial accounting for governmental and nonprofit organizations.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG4401C - Accounting Information Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Junior standing, Accounting major or minor, ACG 3131 with a grade of "B" (3.0) or better.

Course Description

Manual and computer-based accounting information systems.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG4651 - Auditing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing, Accounting major or minor, ACG 3141 and ACG 4401C with a grade of "C" (2.0) or better.

Course Description

The standards, practices, and procedures followed in the audit function.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG4671 - Internal Auditing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing, Accounting major or minor, ACG 3141 and ACG 4401C with a grade of "C" (2.0) or better.

Course Description

Theory and practice of internal auditing and the use of internal auditing in organizational control.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG4803 - Advanced Issues in Financial Accounting
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing, Accounting major or minor, ACG 3141 with a grade of "C" (2.0) or better.

Course Description

Advanced issues in financial accounting, including consolidations and IFRS.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

ACG4840 - Accounting Analytics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing, Accounting major or minor, QMB 3602 with a grade of "C" (2.0) or better.

Course Description

Develop the skill set needed to extract value from big data through advanced analytics and emerging technologies in an accounting, auditing, and tax environment.

Prerequisites

- AMH 2010 and AMH 2020 or C.I.

Course Description

History of Florida from U.S. territory until post-war industrialization.

College

College of Arts and Humanities

Department

Department of History

AMH3425 - Sunbelt Florida
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 and AMH 2020 or C.I.

Course Description

History of Florida from post-war industrialization to the present.

College

College of Arts and Humanities

Department

Department of History

AMH3441 - History of the Frontier: Eastern America
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 and AMH 2020 or C.I.

Course Description

The progression of the westward movement from the colonial settlements to the Mississippi, considered as an interpretive approach to American history.

College

College of Arts and Humanities

Department

Department of History

AMH3442 - History of the Frontier: Western America
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 and AMH 2020, or C.I.

Course Description

The development of the trans-Mississippi West and its impact upon American history.

College

College of Arts and Humanities

Department

Department of History

AMH3483 - History of Florida Indians
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 or AMH 2020.

Course Description

Enhances understanding of Indian peoples living in the vicinity of present-day Florida from the pre-colonial period to the present.

College

College of Arts and Humanities

Department

Department of History

AMH3541 - U. S. Military History To 1900**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010, AMH 2020 or C.I.

Course Description

History of Black Americans from Africa, to slavery, to freedom and its limits in pre-World War I America.

College

College of Arts and Humanities

Department

Department of History

AMH3572 - Black American History II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010, AMH 2020 or C.I.

Course Description

A history of Black America in the Twentieth Century and the continuing struggle for equality in America.

College

College of Arts and Humanities

Department

Department of History

AMH3580 - North American Indians**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 and AMH 2020.

Course Description

History of North American Indians and their relations with the United States from the 18th century to the present.

College

College of Arts and Humanities

Department

Department of History

AMH3586 - History of Latinos in the U.S.**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2020

Course Description

Course begins with 16th century through the modern period. Special emphasis on Chicanos, Puerto Ricans, and Cubans.

College

College of Arts and Humanities

Department

Department of History

AMH3611 - Sport in America Since 1945**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010, AMH 2020 or C.I.

Course Description

American sport emphasizing the development of professional and collegiate sport since 1945.

College

College of Arts and Humanities

Department

Department of History

AMH3800 - Canadian History**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Canada since Colonial times and the present, but with emphasis on the period since the British North America Act, 1867.

College

College of Arts and Humanities

Department

Department of History

AMH4110 - Colonial America, 1607-1763**Credits Hours**

Lab/Studio/Field Work Hours

1.5

Prerequisites

- ENC 1102 or Consent of Honors.

Course Description

Recording a structure's "life history," combining laser scans and digital data with photographs, documents, and oral histories of individuals associated with the building. With honors content.

College

College of Arts and Humanities

Department

Department of History

AMH4644 - Viewing American History in the Twentieth Century**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 and AMH 2020 or C.I.

Course Description

Examination of television, film, comics, and other popular media as primary sources in the study of U.S. History in the 20th Century.

College

College of Arts and Humanities

Department

Department of History

AMH4650 - History of U.S. Aviation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 or AMH 2020.

Course Description

Aviation development in the United States and its role in American culture.

College

College of Arts and Humanities

Department

Department of History

AMH4680 - Women in American Science
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 or AMH 2020.

Course Description

Examines how American society uses Western ideas about sex and gender to define women's roles in science and their influence on their fields.

College

College of Arts and Humanities

Department

Department of History

AML - American Literature

AML3031 - American Literature I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102 .

Course Description

Major American writers from beginning through Whitman.

College

College of Arts and Humanities

Department

Department of English

AML3041 - American Literature II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Major American writers from Twain to present.

College

College of Arts and Humanities

Department

Department of English

AML3076 - Topics in American Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Grade of C (2.0) or better required in ENC 1102 or C.I.

Course Description

Linguistic, literary, and cultural elements of American writing through various time periods and genres.

College

College of Arts and Humanities

Department

Department of English

AML3261 - Literature of the South**Credits Hours**

3

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or equivalent.

Course Description

Development of Southern literature from its beginnings in the "Old South" through the post-Civil War and the Southern Renaissance to the present. Emphasizes readings from writers such as Poe, Chopin, Faulkner, Porter, Williams, O'Connor, Percy, and Styron.

College

College of Arts and Humanities

Department

Department of English

AML3273 - Beat Literature and Other Mid-Century Writers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102 or C.I.

Course Description

Study of the poetry and prose of the Beat Literary Movement of the 1950s and 1960s and other American Writers of that period.

College

College of Arts and Humanities

Department

Department of English

AML3283 - Contemporary American Women's Fiction**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Examines how novels and short stories by contemporary U.S. women define identity from diverse woman-centered and feminist perspectives.

College

College of Arts and Humanities

Department

Department of English

AML3286 - Early American Women's Words**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Women's writings in the Americas from the 17th century through the mid-19th century.

College

College of Arts and Humanities

Department

Department of English

AML3613 - Narratives of Slavery**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Literary representations of New World slavery in the past and the present.

College

College of Arts and Humanities

Department

Department of English

AML3614 - Topics in African-American Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Literature by and about African-American culture in the United States.

College

College of Arts and Humanities

Department

Department of English

AML3615 - Harlem, Haiti, and Havana**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

A comparative approach to African American and Caribbean writers, focusing on literary styles, historical contexts, and themes such as nationalism, popular music, and folk religion.

College

College of Arts and Humanities

Department

Department of English

AML3640 - Native American Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1101 and ENC 1102.

Course Description

Native American genres, including traditional oral narratives, ritual and contemporary poetry, autobiography, and the novel.

College

College of Arts and Humanities

Department

Department of English

AML3643 - Contemporary Native American Prose and Poetry
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

American Indian fiction, non-fiction, and poetry since 1970.

College

College of Arts and Humanities

Department

Department of English

AML3682 - Ethnic Literature in America
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Contributions of linguistic and ethnic groups of non-English origin to the literature of the United States.

College

College of Arts and Humanities

Department

Department of English

AML3682H - Honors Ethnic Literature in America
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and ENC 1102H or equivalent credit.

Course Description

Contributions of linguistic and ethnic groups of non- English origin to the literature of the United States. Honors content.

College

College of Arts and Humanities

Department

Department of English

AML4101 - American Novel
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102 and ENG 3014.

Course Description

Analysis of major American novelists.

College

College of Arts and Humanities

Department

Department of English

AML4155 - Modern American Poetry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Major American poets of the modern (1900-1950) period.

College

College of Arts and Humanities

Department

Department of English

AML4265 - Florida Writers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102 and ENG 3014.

Course Description

This course will examine writers who have lived in and written about Florida, such as Hemingway, Rawlings, Hurston, and Stevens.

College

College of Arts and Humanities

Department

Department of English

AML4300 - Major American Authors**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

A comprehensive study of selected major American literary figures.

College

College of Arts and Humanities

Department

Department of English

AML4321 - Modern American Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Major writers of modern American literature.

College

College of Arts and Humanities

Department

Department of English

AML4630 - Latino/Latina Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

U.S. literature by writers from Latino and Latina backgrounds.

College

College of Arts and Humanities

Department

Department of English

ANT - Anthropology

ANT2000 - General Anthropology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

An introductory survey of the four major subfields of anthropology: Cultural Anthropology, Biological Anthropology, Linguistics, and Archaeology.

College

College of Sciences

Department

Department of Anthropology

ANT2000H - Honors General Anthropology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Extensive honors work in the field of anthropology. Expectations, requirements, and standards are greater than for standard General Anthropology.

College

College of Sciences

Department

Department of Anthropology

ANT2140 - Introduction to Archaeology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Introduction to the history of archaeological thought, theories, methods, and events in the development of human society from early modern humans to the first civilizations.

College

College of Sciences

Department

Department of Anthropology

ANT2410 - Cultural Anthropology: Global Perspectives, Local Contexts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An introduction to human diversity as exemplified among various cultures and ethnic groups.

College

College of Sciences

Department

Department of Anthropology

ANT2511 - The Human Species

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Human biological variation in an evolutionary perspective.

College

College of Sciences

Department

Department of Anthropology

ANT2511H - Honors The Human Species

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Human biological variation in an evolutionary perspective.

College

College of Sciences

Department

Department of Anthropology

ANT3010 - Digging Up Disney: An Archaeology of Walt Disney World, FL

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000 or equivalent.

Course Description

Examination of the culture of Walt Disney World Theme Parks using method and theory from the sub-disciplines of anthropology: biological, archaeology, linguistics, and cultural.

College

College of Sciences

Department

Department of Anthropology

ANT3016 - Fantastic Archaeology and Pseudoscience**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000 or CI

Course Description

Examination of pseudoscience, cult archaeology, and creationism from a scientific perspective. Adherence to scientific investigation uncovers prehistoric facts that are more interesting than myth.

College

College of Sciences

Department

Department of Anthropology

ANT3017 - Muggle Studies: The Anthropology of Harry Potter**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000 or equivalent

Course Description

The characters and settings of Harry Potter are used to explore and discuss contemporary social issues and anthropological concepts.

College

College of Sciences

Department

Department of Anthropology

ANT3026 - Mummies, Zombies, and Vampires: Anthropology of the Undead

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

Anthropological exploration into the phenomenon of the undead (namely, zombies, vampires and mummies) and our fascination with this subject.

College

College of Sciences

Department

Department of Anthropology

ANT3052 - Disaster Anthropology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

Explores the part culture and society plays in manufacturing vulnerability and the increasingly central role anthropologists play in disaster analysis, mitigation, and research.

College

College of Sciences

Department

Department of Anthropology

ANT3082 - New Frontiers: Anthropology of Space**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000 or equivalent

Course Description

Examine the basic physiological, social and cultural challenges facing human space travel and settlement

College

College of Sciences

Department

Department of Anthropology

ANT3106 - Archaeology and Popular Culture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

How the ancient past and archaeology appear in popular culture and are manipulated and used by modern societies.

College

College of Sciences

Department

Department of Anthropology

ANT3107 - Blood and Valor in the Viking World**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing, or C.I.

Course Description

Examines anthropological and archaeological themes of Norse daily life, belief systems, mortuary treatment, material culture, and culture contact among Viking Age societies

College

College of Sciences

Department

Department of Anthropology

ANT3142 - Old World Prehistory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing.

Course Description

A comparative study of social evolution in Africa, Europe, and Asia from the earliest humans to the beginnings of recorded history.

College

College of Sciences

Department

Department of Anthropology

ANT3145 - Archaeology of Complex Societies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140 or C.I.

Course Description

Theoretical perspectives on ancient hierarchies of power.

College

College of Sciences

Department

Department of Anthropology

ANT3148 - Life and Death in Ancient Egypt**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

Use of archaeology and physical anthropology to examine the lives and death of both common citizens and royalty in Ancient Egypt (3200 BCE-AD 600).

College

College of Sciences

Department

Department of Anthropology

ANT3152 - Archaeology of the Greater Southwest
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Prerequisites/Corequisites

- ANT2140

Course Description

The precolumbian history of the Native peoples of the U.S. Southwest, from the region's first colonists to indigenous populations of the Contact era.

College

College of Sciences

Department

Department of Anthropology

ANT3154 - A Survey of American Historical Archaeology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

Examines historical archaeology of the United States from the arrival of Europeans through the early 20th century to understand America's history using archaeological principles.

College

College of Sciences

Department

Department of Anthropology

ANT3157 - First Peoples of the Caribbean
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000, ANT 2140, ANT 2410, or ANT 2511 or C.I.

Course Description

A survey of the archaeology of the indigenous people of the West Indies.

College

College of Sciences

Department

Department of Anthropology

ANT3158 - Florida Archaeology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

Florida prehistory from Paleo-Indian to European contact including archaeological periods, cultural areas, sites, and artifacts.

College

College of Sciences

Department

Department of Anthropology

ANT3160 - Americas Before Columbus**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

Archaeological developments of North, Central, and South America from the hemisphere's initial peopling through the advent of European cultures.

College

College of Sciences

Department

Department of Anthropology

ANT3161 - Ancient Mexico: Aztec to Zapotec**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

Achievements of civilizations in Mexico (Olmec, Zapotec, Aztec) as well as lesser known archaeological cultures.

College

College of Sciences

Department

Department of Anthropology

ANT3163 - Mesoamerican Archaeology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

An introduction to the prehistory of Mexico, Guatemala and upper Central America from earliest times through the Spanish conquest.

College

College of Sciences

Department

Department of Anthropology

ANT3164 - Ancient Incas**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing, or C.I.

Course Description

The ancient Inca civilization, including examination of pre-Inca cultures and modern Andeans. Uses archaeological, ethnohistorical, historical, and contemporary anthropological sources.

College

College of Sciences

Department

Department of Anthropology

ANT3165 - Archaeology of South America**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140, or C.I.

Course Description

Civilizations of South America from the last ten thousand years, focusing primarily on civilizations of the Andes and other areas.

College

College of Sciences

Department

Department of Anthropology

ANT3168 - Maya Archaeology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

An examination of the Prehistoric Maya culture focusing on both the archaeology and current issues in the field.

College

College of Sciences

Department

Department of Anthropology

ANT3169 - Life and Death in the Ancient Andes**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2511 or Sophomore Standing.

Course Description

Demonstrates the potential of human skeletal remains for reconstructing past lifeways in the ancient Andean civilizations of South America (Peru and Bolivia).

College

College of Sciences

Department

Department of Anthropology

ANT3173 - Archaeology of Sex**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing. Image already added

Course Description

Cross-cultural concepts of sex, sexuality, and sexual intercourse throughout human history from an archaeological perspective.

College

College of Sciences

Department

Department of Anthropology

ANT3174 - Battlefield Archaeology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

Provide students an archaeological perspective of fields of combat and military infrastructure from the Classic period to the early 20th century.

College

College of Sciences

Department

Department of Anthropology

ANT3176 - African Archaeology and Prehistory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and Sophomore Standing

Course Description

Archaeological heritage of Africa, beginning with the emergence of modern humans and ending with the arrival of Europeans.

College

College of Sciences

Department

Department of Anthropology

ANT3177 - Archaeology of Caribbean Piracy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

The profession of piracy in the context of Caribbean prehistory and archaeology.

College

College of Sciences

Department

Department of Anthropology

ANT3179 - Australian Archaeology and Indigenous Cultures**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing or C.I.

Course Description

Explore indigenous peoples, both past and present, through historical and maritime archaeology, as a means of unraveling the full breadth of Australia's rich indigenous cultures.

College

College of Sciences

Department

Department of Anthropology

ANT3212 - Peoples of the World**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

A comparative study of religion, family, politics, philosophy, and other elements of socio-cultural organization of preliterate societies.

College

College of Sciences

Department

Department of Anthropology

ANT3241 - Magic, Ritual, and Belief**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

Patterns in religious behavior in various societies, with primary emphasis on myth, rite, taboo, and festival social phenomena.

College

College of Sciences

Department

Department of Anthropology

ANT3245 - Native American Religions
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

The religious beliefs of native New World peoples.

College

College of Sciences

Department

Department of Anthropology

ANT3246 - Religion in Ancient Societies
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140

Course Description

Examination of religion in ancient societies, with a focus on hunting-gathering, early agricultural and early complex societies

College

College of Sciences

Department

Department of Anthropology

ANT3275 - Anthropological Perspectives on Refugees**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing or C.I.

Course Description

The culturally specific causes of refugee flows, responses to refugees, cultural issues refugees experience when they seek asylum, and resettlement experiences.

College

College of Sciences

Department

Department of Anthropology

ANT3290 - Anthropology of Plants and People**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140 or Sophomore Standing.

Course Description

Anthropological perspectives involving the interactions between people and plants.

College

College of Sciences

Department

Department of Anthropology

ANT3302 - Sex, Gender and Culture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

The traditional and changing roles of women and men viewed in a cross-cultural perspective.

College

College of Sciences

Department

Department of Anthropology

ANT3311 - Indians of the Southeastern United States**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

A study of the social and cultural history of the Indians of the Southeast.

College

College of Sciences

Department

Department of Anthropology

ANT3312 - Ethnology of North American Indians**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

A survey of the aboriginal cultures of North America, with emphasis on the pre-contact cultural condition.

College

College of Sciences

Department

Department of Anthropology

ANT3330 - Anthropology of the Amazon**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

The historical ecology and archaeology of indigenous Amazonians, including evidence from archaeological, ethnographic and linguistic studies.

College

College of Sciences

Department

Department of Anthropology

ANT3362 - Peoples of Southeast Asia**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

A survey of the peoples of Vietnam, Cambodia, Laos and Thailand from the anthropological perspective.

College

College of Sciences

Department

Department of Anthropology

ANT3451 - Race Matters: Anthropological Approaches to Racism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Sophomore Standing

Course Description

History of racism in the U.S. and around the globe, focusing on anthropological study of racism today particularly as it impacts African diaspora.

College

College of Sciences

Department

Department of Anthropology

ANT3538 - Ancient Plagues: Archaeological and Skeletal Evidence of Infectious Disease
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000 or equivalent

Course Description

Exploration of infectious diseases through the textual, archaeological, and biological record.

College

College of Sciences

Department

Department of Anthropology

ANT3541 - Biobehavioral Anthropology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

An introduction to the study of human behavior in terms of mutual interaction between human biology and cultural environments.

College

College of Sciences

Department

Department of Anthropology

ANT3550C - Primatology**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- One of the following; ANT 2511, BSC 2010C, or C.I.

Course Description

Study of species from the Order Primates, including their morphology, ecology, behavior, and geographic distribution.

College

College of Sciences

Department

Department of Anthropology

ANT3610 - Language and Culture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

The study of language in a non-western setting; language and behavior; language and perception.

College

College of Sciences

Department

Department of Anthropology

ANT3701 - Engagement & Social Change: Public Anthropology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

Application of anthropological methods to current human problems such as the environment, migration, globalization and health.

College

College of Sciences

Department

Department of Anthropology

ANT3930 - First Peoples of the Caribbean

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000, ANT 2140, ANT 2410, or ANT 2511 or Consent of Instructor.

Course Description

The culture history of the West Indies as understood through archaeology including how migration and local adaptation influenced economic systems, social organization, and arts.

College

College of Sciences

Department

Department of Anthropology

ANT3943 - Caribbean Archaeology Practicum
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Previous fieldwork is preferred, and C.I.

Course Description

Field archaeology by participating in field schools at prehistoric Lucayan sites on Eleuthera and/or Inagua Islands.

College

College of Sciences

Department

Department of Anthropology

ANT4013 - Anthropology of Fast Food
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000 or ANT 2410 or C.I.

Course Description

Anthropological research on corporate fast food in diverse cultural settings.

College

College of Sciences

Department

Department of Anthropology

ANT4027 - Mummies, Life After Death**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2511 or C.I.

Course Description

Cultural practices/beliefs surrounding death; cultures/human concerns about body's decay after life, attempts to prevent decay and preserve bodies in life like state.

College

College of Sciences

Department

Department of Anthropology

ANT4034 - History of Anthropological Thought**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2410 or C.I.

Course Description

The exploration of the intellectual foundations of modern anthropology.

College

College of Sciences

Department

Department of Anthropology

ANT4051 - Environmental Anthropology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140 or Junior Standing.

Course Description

Relationships between human cultures and societies and the environment from an anthropological perspective.

College

College of Sciences

Department

Department of Anthropology

ANT4081 - Science, Technology, and Culture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Sophomore Standing or C.I.

Course Description

This course critically examines how culture shapes science and technology and vice versa.

College

College of Sciences

Department

Department of Anthropology

ANT4105 - Saving the Plundered Past: Ethics and Controversy in Contemporary Archaeology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140 or Junior Standing.

Course Description

Social, economic and political contexts surrounding contemporary archaeological research and interpretation, with emphasis on ethics, heritage management, and law.

College

College of Sciences

Department

Department of Anthropology

ANT4108 - Empire of Remains: Bioarchaeology of Ancient Rome
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000 or equivalent.

Course Description

Use of bioarchaeology to examine the lives and deaths of everyday citizens in ancient Rome (3rd c. BCE – 5th c. CE)

College

College of Sciences

Department

Department of Anthropology

ANT4115C - Archaeological Method and Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- ANT 2140 or C.I.

Course Description

A survey of archaeological field and laboratory techniques, including the interpretation of written archaeological reports.

College

College of Sciences

Department

Department of Anthropology

ANT4123 - Archaeology of Coastal Societies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing.

Course Description

Archaeological patterns of human adaptation to coastal environments across time and around the world.

College

College of Sciences

Department

Department of Anthropology

ANT4153 - North American Archaeology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing.

Course Description

The cultural development of Native North Americans from prehistoric times to the period of the first European contact.

College

College of Sciences

Department

Department of Anthropology

ANT4165 - Archaeology of Pre-Columbian South America**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140

Course Description

Seminar course on archaeology in South America over the last 10,000 years, focusing on civilizations of the Andes, Amazon, Southern Cone, and other areas.

College

College of Sciences

Department

Department of Anthropology

ANT4170 - Household Archaeology: The Archaeology of Everyday Life
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing.

Course Description

The archaeological student of households and the everyday lives of people associated with daily activities across time and throughout the world.

College

College of Sciences

Department

Department of Anthropology

ANT4171 - Anthropology: The Battle of the Sexes?: The Archaeology of Gender
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140 or Sophomore Standing.

Course Description

Advances in archaeological research on gender, sexuality and social identity.

College

College of Sciences

Department

Department of Anthropology

ANT4178 - Archaeology of African American Life**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (ANT 2000 or AFA 3102) and Sophomore Standing or C.I.

Course Description

Explores the archaeology of the African Diaspora in the Americas.

College

College of Sciences

Department

Department of Anthropology

ANT4183 - Archaeological Sciences**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- One of the following; ANT 2511, ANT 2140, CHS 3501, any 4000 level Criminal Justice course, or C.I.

Course Description

Methods and instrumentation routinely used in archaeology and forensic archaeology.

College

College of Sciences

Department

Department of Anthropology

ANT4184 - Mortuary Archaeology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140 or ANT 2511, or C.I.

Course Description

Archaeological interpretations of death; basic data collection, skeletal analysis, and comparative study of mortuary ritual - both ancient and modern.

College

College of Sciences

Department

Department of Anthropology

ANT4187 - Paleoethnobotany**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- ANT 2140, Junior standing.

Course Description

Provides students with knowledge and understanding of paleoethnobotany sufficient to understand, interpret, and evaluate plant data in archaeological, paleoecological, and contemporary research.

College

College of Sciences

Department

Department of Anthropology

ANT4189 - Lithic Analysis: Archaeology of Stone Tools**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140

Course Description

The manufacture and analysis of flaked stone tools and examination of the ways lithic can enlighten us about human behavior.

College

College of Sciences

Department

Department of Anthropology

ANT4195C - A Pot for All Seasons: Archaeological Ceramic Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

1.5

Prerequisites

- ANT 2140

Course Description

The skills, knowledge, and ability to classify, analyze, and interpret ceramic artifacts commonly recovered from archaeological sites.

College

College of Sciences

Department

Department of Anthropology

ANT4332 - People and Cultures of Latin America**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- One of the following; ANT 2000, SYG 2000, PSY 2012, ANT 2410, or C.I.

Course Description

History and society of the peoples of Latin America, emphasizing patterns of subsistence and social organization.

College

College of Sciences

Department

Department of Anthropology

ANT4340 - Caribbean Cultures**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000, ANT 2410, SYG 2000, PSY 2012, or C.I.

Course Description

Comparative study of peoples and cultures of the Anglophone, Francophone, Hispanophone, and Caribbean.

College

College of Sciences

Department

Department of Anthropology

ANT4352 - African Societies and Cultures**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000 or SYG 2000 or C.I.

Course Description

Anthropological survey of Africa examining the social, cultural, and economic diversity of the continent over time.

College

College of Sciences

Department

Department of Anthropology

ANT4405 - The Anthropology of Sport**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT2000 or equivalent.

Course Description

Exploration of the ubiquitous, enduring and variegated human phenomenon of sport from an anthropological perspective.

College

College of Sciences

Department

Department of Anthropology

ANT4406 - Pain and Suffering: The Anthropology of Violence**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2511 or ANT 2410.

Course Description

Survey the phenomenon of violence in human societies by exploring anthropological perspectives and theories based in human evolutionary biology, archaeology, forensics, and ethnology.

College

College of Sciences

Department

Department of Anthropology

ANT4408 - Culture, Disease, and Healing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

The role of culture in shaping the experience and perceptions of health, sickness, and wellbeing in a variety of contexts.

College

College of Sciences

Department

Department of Anthropology

ANT4441 - Anthropology of Cities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2140 or Junior Standing.

Course Description

Cities in the past and present along with the activities and social systems that create them from an archaeological and anthropological perspective.

College

College of Sciences

Department

Department of Anthropology

ANT4462 - Medical Anthropology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing or C.I.

Course Description

Central concepts and methods in comparative contextualization of health, healing systems, suffering, distribution of risk, and use of medical technologies from physiological and biocultural perspectives.

College

College of Sciences

Department

Department of Anthropology

ANT4467 - Nutritional Anthropology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2511 or C.I.

Course Description

Psychological, biological, social, cultural, and environmental influences of food consumption and physiological status. Perspectives are cross-cultural, ecological and evolutionary.

College

College of Sciences

Department

Department of Anthropology

ANT4480 - Global Health in Anthropological Perspective**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

The exploration of current and emerging global health issues from an anthropological and cross-cultural perspective.

College

College of Sciences

Department

Department of Anthropology

ANT4481 - Anthropology of Drugs and Addiction**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing, or C.I.

Course Description

Anthropological approaches of drugs and addiction in the U.S. and internationally as topics of cultural, political, economic, and health concerns.

College

College of Sciences

Department

Department of Anthropology

ANT4482 - Anthropology of Mental Health**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing or any upper level course in Anthropology, Sociology, Psychology, or Social Work.

Course Description

Anthropological approaches to mental health and examines mental health and healing in cross-cultural perspective.

College

College of Sciences

Department

Department of Anthropology

ANT4483 - Health and Healing in the Ancient World: An Anthropological Perspective
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2511 or junior standing.

Course Description

A history of health and healing in the human past and how archaeologists can determine patterns and changes over time.

College

College of Sciences

Department

Department of Anthropology

ANT4486 - Anthropology of the Body
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (ANT 2000 or ANT 2410) or equivalent.

Course Description

Critically examines the body from a cultural anthropological perspective

College

College of Sciences

Department

Department of Anthropology

ANT4516 - Human Biological Diversity**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2511 or BSC 2010C or C.I.

Course Description

Human biological variation and adaptation.

College

College of Sciences

Department

Department of Anthropology

ANT4521 - Forensic Anthropology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- One of the following; ANT 2511, CHS 3501, any 4000 level Criminal Justice class, or C.I.

Course Description

The study of human skeletal remains in relation to a legal context.

College

College of Sciences

Department

Department of Anthropology

ANT4525C - Human Osteology
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- One of the following; ANT 4521, ZOO 3713C, ZOO 3733C, or C.I.

Course Description

The scientific study of the human skeleton and the methodology and techniques involved in the anthropological assessment of skeletal remains.

College

College of Sciences

Department

Department of Anthropology

ANT4560 - Birth to Death: Anthropological Perspectives on Human Growth
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2511 or C.I.

Course Description

Evolutionary, ecological, historical and cultural perspectives on human growth, maturation, and aging.

College

College of Sciences

Department

Department of Anthropology

ANT4586C - Human Origins
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- ANT 2511 or C.I.

Course Description

The fossil evidence for human evolution from Miocene hominoids through the australopithecines and the earliest members of the genus Homo.

College

College of Sciences

Department

Department of Anthropology

ANT4591 - Quantitative Methods in Biological Anthropology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: STA 2014C or C.I.

Course Description

Biological anthropology methodological approaches to analyzing quantitative data, interpreting and writing results.

College

College of Sciences

Department

Department of Anthropology

ANT4702 - Culture, Inequality and Global Development**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing or C.I.

Course Description

Anthropological perspective on origins and contemporary ramifications of underdevelopment and disempowerment in the world system.

College

College of Sciences

Department

Department of Anthropology

ANT4802 - Ethnographic Field Methods**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 2000, ANT 2410, SYG 2000, PSY 2012, or C.I.

Course Description

Procedures and principles of ethnographic research methods.

College

College of Sciences

Department

Department of Anthropology

ANT4824 - Archaeological Field Study**Credits Hours**

3

Lab/Studio/Field Work Hours

9

Prerequisites

- Students admitted only with permission of instructor.

Course Description

Experience methods of field archaeology by participating in field school at sites in Florida.

College

College of Sciences

Department

Department of Anthropology

ANT4851 - Digital Methods in Anthropology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (ANT 2000, ANT 2140, ANT 2410, or ANT 2511) and C.I.

Course Description

Applying digital technologies and methods to explore humanity's past, present, and future. This exploration is grounded by developing anthropologically-based, transferable methods and skills.

College

College of Sciences

Department

Department of Anthropology

ANT4852 - GIS Methods in Anthropology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

An overview to Geographic Information Systems (GIS) methods from an anthropological perspective.

College

College of Sciences

Department

Department of Anthropology

ANT4854 - Advanced GIS Methods in Anthropology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ANT 4852 or C.I.

Course Description

Advanced methods to Geographic Information Systems (GIS) from an anthropological perspective.

College

College of Sciences

Department

Department of Anthropology

ANT4861 - Beyond the Anthropology Major: Careers Applying Anthropology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (ANT 2140, ANT2410, and ANT2511) or equivalent.

Course Description

Applying skills and experiences from the Anthropology BA curriculum to the job market or graduate school.

College

College of Sciences

Department

Department of Anthropology

ANT4933C - Landscape Archaeology

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ANT 2140 or C.I.

Course Description

Seminar course exploring literature in landscape archaeology while using annotated maps to understand landscapes at different scales and around the world.

College

College of Sciences

Department

Department of Anthropology

ANT4954 - Geospatial and Archaeological Field School at Kerkenes

Credits Hours

3

Lab/Studio/Field Work Hours

6

Prerequisites

- (ANT 2000, ANT 2140, ANT 2410, or ANT 2511) and C.I.

Course Description

Provides hands-on experience with using geospatial technologies and archaeological methodologies on an archaeological project in Turkey as part of a study abroad program.

College

College of Sciences

Department

Department of Anthropology

ANT4956 - Geophysical Field School at Kerkenes

Credits Hours

3

Lab/Studio/Field Work Hours

6

Prerequisites

- (ANT 2000, ANT 2140, ANT 2410 or ANT 2511) and C.I.

Course Description

Provides hands-on experience with using geophysical technologies on an archaeological project in Turkey as part of an annual study abroad program.

College

College of Sciences

Department

Department of Anthropology

APK - Applied Kinesiology

APK2160 - Facts and Fallacies in Exercise and Nutrition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Considerations for the appropriate interpretation of scientific and media-based content related to core concepts in nutrition and exercise.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

APK2300 - Basic Sport First Aid and CPR**Credits Hours**

3

Course Description

The prevention, identification, evaluation and care of athletic/sports injuries and other related topics. The introduction and instruction of basic life safety cardiopulmonary resuscitation and automated external defibrillator use for people working in athletics and sports settings.

Current Fee Per Student

\$24.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

APK3132 - Triathlon Training and Performance**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PEM 2104 Personal Fitness or C.I.

Course Description

Triathlon concepts, training, and performance, leading to the development of optimal fitness and an improved healthy lifestyle.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

APK3400 - Sports Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

A review of principles of psychology related to the enhancement of satisfaction and performance in sports.

College

College of Sciences

Department

Department of Psychology

APK4110C - Advanced Exercise Physiology**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Admission to Kinesiology B.S., Physical Education B.S., or Fitness Training Minor; minimum overall 2.5 GPA; PET 3351 Applied Exercise Physiology and ZOO 3736C or ZOO 3733C or equivalent.

Course Description

Metabolic, neuromuscular, respiratory and cardiovascular physiological concepts and principles with practical application to kinesiology.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

APK4203 - Monitoring Training and Athletic Performance

Credits Hours

3

Prerequisites

- Admission to Kinesiology B.S and ZOO 3736C Exercise Physiology Anatomy or ZOO 3733C Human Anatomy; and minimum overall 2.5 GPA.

Course Description

Examination of how data collected on sport performance variables may improve the ability to successfully monitor athletes over a competitive season. Specific focus on which variables may be used as predictors of training status, athlete readiness and injury risk stratification.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

APK4903 - Basic Research Methods in Kinesiology

Credits Hours

3

Prerequisites

- Admission to Kinesiology B.S; STA 2023 and overall minimum 2.5 GPA or C.I.

Course Description

An overview of the research process including evaluating research questions, analyzing data, and presenting findings.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

APK4926 - Practicum in Kinesiology**Credits Hours**

9

Lab/Studio/Field Work Hours

9

Prerequisites

- Senior standing in Kinesiology B.S., minimum 2.5 overall GPA and Advisor Consent.

Course Description

Field experience in a kinesiology organization, association, or business.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ARA - Arabic**ARA1120C - Elementary Arabic Language and Civilization I****Credits Hours**

4

Lab/Studio/Field Work Hours

1

Course Description

Introduces the student to Arabic language skills. Open only to students with no experience in the language.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ARA1120K - Honors Elementary Arabic Language and Civilization I
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- Permission of Honors.

Course Description

Introduction to Arabic language skills. Open only to students with no experience in the language. Honors level content.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ARA1121C - Elementary Arabic Language and Civilization II
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- ARA 1120C or C.I.

Course Description

Continuation of ARA 1120C.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ARA1121K - Honors Elementary Arabic Language and Civilization II
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- Permission of Honors.

Course Description

Continuation of ARA 1120C. Honors level content.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ARA2200 - Intermediate Arabic Language and Civilization I
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- ARA 1121C or C.I.

Course Description

Development of language skills and cultural knowledge at the intermediate level.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ARA2201 - Intermediate Arabic II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARA 2200 or equivalent or C.I.

Course Description

Continuation of ARA 2200 with emphasis on Arabic cultures.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ARC - Architecture

ARC3181 - Advanced Topics in Digital Architecture

Credits Hours

3

Prerequisites

- Completion of Articulated Pre-Major: Architecture A.A. at Valencia College West or C.I.

Course Description

Continued investigation of computer-aided design programs currently utilized by professional practices.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC3310C - Parametric Modeling and Digital Fabrication**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- ARC 2180 (offered through Valencia College) or equivalent.

Course Description

Computer-aided hardware and software utilized in the professional practice of architecture.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC3320L - Architectural Design 5**Credits Hours**

6

Lab/Studio/Field Work Hours

9

Prerequisites

- Completion of Articulated Pre-Major: Architecture A.A. at Valencia College West or C.I.

Course Description

Investigates architectural design and its relationship to regional contextual influences through a range of projects which vary in scale and complexity.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC3321L - Architectural Design 6**Credits Hours**

6

Lab/Studio/Field Work Hours

9

Prerequisites

- ARC 3320L.

Course Description

Architectural design with a large scale urban context. Theory, methodology, and evolution of urban form in response to social, cultural, economic and technological forces.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC3463 - Materials and Methods of Construction 2**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Corequisites

- ARC 4323L.

Course Description

Methods of assembling and selecting materials; detailed systems of construction will be investigated.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC3503 - Architectural Structures**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of Articulated Pre-Major: Architecture A.A. at Valencia College West or C.I.;

Corequisites

- ARC 3320L.

Course Description

Principles of structural behavior in withstanding gravity and lateral forces. Considers structural layout, load distribution, and preliminary design techniques; and examines contemporary structural systems through case studies.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC3610 - Environmental Technology 1**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Corequisites

- ARC 3321L.

Course Description

Principles and practices relating to control of the thermal/atmospheric environment and plumbing in buildings.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC3743 - Architectural History 3**Credits Hours**

3

Prerequisites

- ARC 3320L .

Course Description

Social, political, material, technological, and cultural forces on design and construction from 1850, including architect's role in civil society and theoretical positions of architects and architectural schools.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC4220 - Architectural Theory 2**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Corequisites

- ARC 4322L.

Course Description

Investigates the theoretical, historical and ideological ideas in architecture that took place during the early decades of the twentieth century.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC4322L - Architectural Design 7
Credits Hours

6

Lab/Studio/Field Work Hours

9

Prerequisites

- ARC 3321L.

Course Description

Control over architectural processes to solve design needs through appropriate program development and construction technology. Complete building as a final product, emphasizing on urban and suburban housing projects.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC4323L - Architectural Design 8
Credits Hours

6

Lab/Studio/Field Work Hours

9

Prerequisites

- ARC 4322L.

Course Description

Architecture designs focus on architectural detail and articulation. An investigation of landscape provides the context for this study.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC4620 - Environmental Technology 2**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARC 3610 or C.I.

Corequisites

- ARC 4322L.

Course Description

Fundamentals of architectural lighting, acoustics, electrical power distribution and building communications.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARC4694 - In the Space of Health and Wellness**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARC 3321L.

Course Description

Considers healthcare issues, facility design, environmental impact, and disruptive technology and convergence of health, research and technology.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARE - Art Education

ARE2000 - Early Childhood Art and Creativity**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An examination of developmental patterns in children's artistic behaviors and appropriate instructional strategies to be implemented.

Current Fee Per Student

\$5.00

College

College of Community Innovation and Education

Department

School of Teacher Education

ARE3944 - Community Arts Practicum**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- C.I.

Course Description

A supervised experience for students to facilitate art programming in a variety of community settings.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARE4250 - Art for Exceptionalities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the College of Education, Art Education Program or C.I.

Course Description

Concepts, principles, and methods of integrating art processes into the education of students with physical, emotional, and mental exceptionalities.

College

College of Community Innovation and Education

Department

School of Teacher Education

ARE4260 - Methods in Art Administration**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 3820.

Course Description

Theories and methodologies for designing, implementing and administering art programs for a variety of populations.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARE4351 - Teaching Art in the Elementary School**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission into the Art Education Program or Art Education Minor.

Course Description

Transition from university art studio practices to public school teaching of art. Organizing, designing and analyzing art experiences, activities and classroom environments for elementary school.

Current Fee Per Student

\$5.00

College

College of Community Innovation and Education

Department

School of Teacher Education

ARE4352 - Teaching Art in the Secondary School**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Admission into the Art Education program or Art Education Minor.

Course Description

Transition from university art studio practices to High School Teaching of art. Organizing, designing and analyzing art experiences and activities appropriate for junior high and high school children. Examination of teaching methodology relative to the high school and junior high school settings.

Current Fee Per Student

\$5.00

College

College of Community Innovation and Education

Department

School of Teacher Education

ARE4356 - Teaching Art Appreciation & Criticism in the Classroom

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 OR ARH 2051.

Course Description

An examination of art appreciation programs and concepts toward planning curriculum for the study of art history, popular art, art criticism, and aesthetics for specific educational settings.

College

College of Community Innovation and Education

Department

School of Teacher Education

ARE4453 - Studio Experiences in Art Education

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission into the College of Education, Art Education Program required or C.I.

Course Description

Materials available for instruction in public schools will be explored in depth in relation to their appropriateness and productive qualities.

Current Fee Per Student

\$5.00

College

College of Community Innovation and Education

Department

School of Teacher Education

ARH - Art History

ARH2050 - History of Western Art I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Painting, sculpture and architecture from the Prehistoric Era through the Renaissance.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH2050H - Honors History of Western Art I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Painting, sculpture and architecture from the Prehistoric Era through the Renaissance, with honors content.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH2051 - History of Western Art II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Painting, sculpture and architecture from the Baroque through the 20th century.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH2051H - Honors History of Western Art II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Painting, sculpture and architecture from the Baroque through the 20th century, with honors-level content.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH2500 - History of Non-Western Art
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Major visual arts in various non-Western cultures.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3471 - Art in the Last 25 Years
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

A seminar for upper-level art students to examine current trends in the visual arts.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3610 - American Art**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

Surveys American Art to 1900. Leading artists are identified and representative examples of their work are discussed within the context of major themes, patterns, sources.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3631 - African-American Art**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or C.I.

Course Description

Historical survey of art produced by working artists of African heritage and representations of African-American life by these and other artists.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3670 - 20th Century Latin American Art
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

Art of the modern era (1820 to 1980) in the Caribbean and South America; issues and characteristics of art as they reflect the cultural evolution of Latin America.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3674 - Latin American Popular Culture
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Complete the following:
 - ENC1102 - Composition II (3)

Course Description

Latin American popular culture beyond "fine art," produced in Latin America, the United States, and the Caribbean.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3683 - Southern Folk Arts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing or C.I.

Course Description

This course will explore contemporary issues related to folk art including definition, collecting, marketing, art criticism, tradition, innovation, and its relationship to the so-called fine arts and popular arts.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3710 - History of Photography I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing or C.I.

Course Description

History of still photography from its earliest inception to 1900. The content of this course is designed for art majors.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3713 - 20th Century Photographic History**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing.

Course Description

The history of the evolution of still photography from the early 20th Century to contemporary practice.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3720 - History of Prints**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

History of printmaking in the Western world, surveying works by the "great printmakers."

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3728 - History of Illustration**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051.

Course Description

Western illustration from ancient and medieval manuscripts through nineteenth century cartoon, caricature, book, magazine illustration, and advertising.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3820 - Visual Arts Administration Vitas**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing or C.I.

Course Description

Grant applications; Personnel; copyright laws; museum practices, etc.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3842 - Art History Abroad: Italy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

Meets in Italy and explores Italian art, architecture, artists, patrons, and culture from the Roman period through the late Baroque.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH3888 - Art of Walt Disney
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or C.I.

Course Description

Examines the animation, art, and architecture of Disney.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4130 - Greek Art and Architecture
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051.

Course Description

Examines the art and architecture of ancient Greece from the Bronze Age through the end of the Hellenistic period.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4150 - Roman Art and Architecture
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051.

Course Description

Examines Roman art and architecture from its Etruscan origins through Constantine.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4200 - Medieval Art**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051.

Course Description

Medieval Art from the 6th through 14th centuries, including painting, architecture, sculpture and illuminated manuscripts.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4310 - Italian Renaissance Art**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

Italian Art and architecture from 1300 to 1600.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4316 - Great Masters: daVinci, Michelangelo, and Raphael
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050, ARH 2051, and ARH 4310.

Course Description

Examines at length three artists considered to be Great Masters: daVinci, Michelangelo, and Raphael.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4350 - Baroque Art

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

A study of European Art in the 17th and 18th centuries.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4352 - Italian Baroque Art
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051.

Course Description

Examines the art and architecture of the Baroque period in Italy from 1600-1750.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4430 - 19th Century Art
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051.

Course Description

A survey of the trends and developments in art during the 19th century, including the art of America and of Western Europe.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4450 - 20th Century Art
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

A survey of the art from Fauvism, Futurism, Cubism to the art of the present.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4653 - Meso American Art
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing or C.I.

Course Description

A survey of the art of Mexico and Central America, from the Pre-Colombia, through the Spanish Colonial, to the 20th century.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4800 - Theory and Criticism of the Visual Arts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

Explores criteria of art criticism and theoretical approaches to art meaning through time; art examples from various periods/cultures.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ARH4871 - Women in Art**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ARH 2050 and ARH 2051 or C.I.

Course Description

A survey of women artists from ancient times to the present as well as a study of the role Aesthetics and Ideology have played in determining representations of women in art.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART - Art

**ART2201C - Design Fundamentals-Two Dimensional
Credits Hours**

3

Prerequisites

- C.I.

Course Description

Priority given to students whose major requires this course. Materials, processes, form. Emphasis on two-dimensional design problems, including problems in black and white and basic color theory.

Current Fee Per Student

\$15.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

**ART2203C - Design Fundamentals-Three Dimensional
Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- C.I.

Course Description

Priority given to students whose major requires this course. Basic three-dimensional design using the various sculptural media.

Current Fee Per Student

\$45.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART2300C - Drawing Fundamentals I
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Priority given to students whose major requires this course.

Course Description

Priority given to students whose major requires this course. Introduction to drawing techniques, formal organization and traditional media based on observation.

Current Fee Per Student

\$10.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART2301C - Drawing Fundamentals II
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2300C

Course Description

Priority given to students whose major requires this course. Drawing concepts and techniques emphasizing observation of the human figure.

Current Fee Per Student

\$50.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART2400C - Beginning Printmaking
Credits Hours

3

Lab/Studio/Field Work Hours

4

Course Description

Basic elements and techniques of printmaking covered. Relief, intaglio, and lithography. Assignments include practical application of printmaking as drawing tool.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART2500C - Beginning Painting
Credits Hours

3

Lab/Studio/Field Work Hours

4

Course Description

Introduction to painting methods, materials and concepts.

Current Fee Per Student

\$15.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART2701C - Beginning Sculpture**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Course Description

Introductory level studio instruction. Safe studio practices, principles of design, concept development, craft, and presentation are emphasized. Equipment, tools, materials, methods, and assignments may vary.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART2754C - Beginning Ceramics**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Course Description

General concepts of ceramic design, experience in processes of forming, decorating, glazing, and firing pottery.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART2823 - Art as Interface**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An overview of art department specializations, and selected historical and theoretical information influencing the art curriculum. Examination of aesthetic characteristics shared by the various disciplines and how knowledge of these data is used by the profession to share information with the community.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3026C - Procedural Animation**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Complete all of the following
 - Complete the following:
 - ART3950 - Studio Art Portfolio
 - Or
 - ART 3952 and ART 3628, FIL 3720, ART 4323C

Course Description

Understanding and application of techniques and mechanics of expression-driven movement.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3161 - Mixed Media**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ART 2201C, ART 2203C, ART 2300C, ART 2301C.

Course Description

Concepts and techniques involving the creation of art objects by integrating painting, sculpture, drawing, design, and art history.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3170C - Book Binding**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C.

Course Description

Basic book binding techniques, methods, structures, and production of books.

Current Fee Per Student

\$44.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3171C - Materials for Artist Books**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C

Course Description

Production of materials used for an artist in the creation of books.

Current Fee Per Student

\$32.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3175C - Advanced Issues in Contemporary Book Arts**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3170C.

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Advanced problems that expand on the concepts and skills acquired from Bookbinding culminating in a book project.

Current Fee Per Student

\$44.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3176C - The Illuminated Book
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3170C.

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

The creation of visual, illuminated responses to language from stories, fables, poetry, and books using a variety of media.

Current Fee Per Student

\$45.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3223H - Honors Applied Design Lab
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Consent of Honors.

Course Description

Designing three-dimensional projects for real world clients. With Honors Content.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3321C - Drawing Intensive
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C.

Course Description

Intensive and comprehensive concepts and techniques in drawing from observation.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3332C - Intermediate Drawing
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Intermediate problems in drawing, with emphasis on human anatomy for artists through observation.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3403C - Intermediate Printmaking
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C and ART 2300C

Course Description

Comprehensive exploration into the variety printmaking processes.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3433C - Screen Printing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Complete at least 1 of the following:
 - ART3950 - Studio Art Portfolio
 - ART3952 - Experimental Animation Portfolio
 - GRA3950 - Graphic Design Portfolio

Course Description

Techniques of waterbase screenprinting, including digital/photo processes and practical applications of screenprinting as a means for image making.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3504C - Intermediate Painting**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C.

Course Description

Examines formal and conceptual problems and advances methodologies and processes in painting.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3561C - Experimental Painting**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950.

Course Description

Dry and wet painting media on various surfaces exploring multi-media applications including collage, transfers, sewing, surface textures

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3562C - Observational Painting**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C, and ART 2301C

Course Description

Painting from observation of internal and external spaces and figure painting exploring various paint media and methods in response to formal and concept driven assignments.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3628 - Experimental Animation Professional Practice**Credits Hours**

3

Prerequisites/Corequisites

- ART 3952 or ART 3950 and admission to Emerging Media BFA, Experimental Animation track.

Course Description

Experimental Animation Professional Practice will guide student research and preparation in skills needed to obtain internship and/or employment.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3643C - Digital Effects & Compositing**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- FIL 3734C and DIG 3951 and declared Emerging Media BFA, Character Animation Track, or ART 3950 and declared Emerging Media BFA, Experimental Animation track or ART 3952.

Course Description

Visual Effects and compositing for computer animation and film, focusing on the use of animation industry standard software.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3709C - Intermediate Sculpture**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300CART 2301C

Course Description

Customized studio instruction. Students' design, fabricate and present three-dimensional solutions using a range of equipment, tools, materials, and methods with emphasis on concepts and execution.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3713C - Figure Sculpture
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Investigates the technical, conceptual and aesthetic issues involved with figurative sculpting with emphasis on material exploration, historical and contemporary precedents, personal expression, and professional practices.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3734C - Metal Sculpture
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Customized instruction emphasizes safe metalworking practices (ARC/MIG welding, hot/cold cutting, fasteners, finishes, etc.), three-dimensional design principles, contemporary sculpture, and student project originality, execution, and presentation.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3737C - Narrative Sculpture
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Aesthetics of sculpture incorporating narrative content and referencing historical contexts.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3738C - Mold Making and Casting
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3709C or ART 3761C

Course Description

Intermediate-level course in mold making and sculpture casting using plaster, plastics, metal, and related materials. Customized studio instruction emphasizes concept, execution, presentation and skill development.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3761C - Intermediate Ceramics**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C.

Course Description

Intermediate concepts of ceramic design, experiences in process of forming, decorating, glazing and firing ceramic.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3764C - Ceramic Handbuilding I**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C.

Course Description

Application of a variety of ceramic handbuilding procedures, including design, glaze application and firing process.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3768C - Clay Sculpture**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3709C or ART 3761C

Course Description

Investigates the technical, conceptual and aesthetic issues involved with sculpting with ceramic materials with emphasis on historical and contemporary precedents, personal expression, and professional practices.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3824 - Japanese Manga & Anime**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or C.I.

Course Description

Explores the real and imaginary robotic beings inhabiting the fictional worlds of Japanese Anime and Manga.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3833C - Processes and Ideas in Art
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ART 2201C, ART 2203C, and ART 2301C.

Course Description

Generation of new insights concerning artistic expression with an emphasis on the individual creation of visual art objects. With Honors content.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3950 - Studio Art Portfolio
Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete the following:
 - ARH2050 - History of Western Art I (3)
 - ARH2050 - History of Western Art I (3)
 - ART2201C - Design Fundamentals-Two Dimensional (3)
 - ART2203C - Design Fundamentals-Three Dimensional (3)
 - ART2300C - Drawing Fundamentals I (3)
 - ART2301C - Drawing Fundamentals II (3)

Course Description

Students permitted to enroll the semester after successful completion of the Studio Art Portfolio review. Corequisite for portfolio restricted Studio courses.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3951C - Design Intensive
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C.

Course Description

Covers both two and three dimensional design concepts.

Current Fee Per Student

\$57.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART3952 - Experimental Animation Portfolio
Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- C.I.

Course Description

Students in the Emerging Media BFA, Experimental Animation track enroll in this course after successful portfolio review consisting of relevant digital art, time-based media and artistic works.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4027C - Stop Motion Animation
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3952 and FIL 3734C and ART 3737C

Course Description

Using techniques and mechanics of stop motion animation, students will learn how to create a animations, from storyboarding to post-production.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4173C - Advanced Artist Book
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Complete the following:
 - ART3170C - Book Binding (3)

Prerequisites/Corequisites

- Complete at least 1 of the following:
 - ART3950 - Studio Art Portfolio
 - ART3952 - Experimental Animation Portfolio
 - GRA3950 - Graphic Design Portfolio

Course Description

Book definition from traditional handmade to contemporary artist book. Redefining the elements, structure and content of books/the binding and printing methods in book production.

Current Fee Per Student

\$28.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4174C - The Printed Book
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3170C

Prerequisites/Corequisites

- ART3950 or ART 3952 or GRA 3950

Course Description

Aesthetics of the printed book including binding techniques to make artist books.

Current Fee Per Student

\$23.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4177C - Commercial Book Design and Publishing
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3170C

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Analysis of art and design elements and their interpretation from a historical perspective.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4320C - Advanced Drawing
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3332C.

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Advanced drawing problems that expand on the concepts and skills acquired from intermediate drawing. May be repeated for credit.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4402C - Advanced Printmaking
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3403C

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950.

Course Description

Advanced process in printmaking. May be repeated for credit.

Current Fee Per Student

\$30.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4505C - Advanced Painting
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Complete the following:
 - ART3504C - Intermediate Painting (3)

Prerequisites/Corequisites

- Complete at least 1 of the following:
 - ART3950 - Studio Art Portfolio
 - ART3952 - Experimental Animation Portfolio
 - GRA3950 - Graphic Design Portfolio

Course Description

Advanced painting problems that expand on the concepts and skills acquired from intermediate painting.

Current Fee Per Student

\$15.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4644C - Books Without Books
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3170C

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Exploration of unconventional concepts in Book Arts by examining alternative presentations of sequential ideas in space and time.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4710C - Advanced Sculpture
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3709C

Prerequisites/Corequisites

- ART 3950, ART 3952 or GRA 3950.

Course Description

Advanced problems in sculpture. Customized studio instruction emphasizing developed concepts, execution, and presentation of three-dimensional expressions in varied media. May be repeated for credit.

Current Fee Per Student

\$45.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4765C - Ceramic Handbuilding II
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3761C and ART 3764C

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Technical skills in manipulating form, function, volume, color and surface texture.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4780C - Kiln Design and Building
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3761C or ART 4765C or ART 4783C

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950.

Course Description

The design and construction of kilns, use of refractory materials, and the theory of efficient fuel combustion.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4783C - Advanced Ceramics
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3761C or ART 4764C

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950.

Course Description

Advanced problems in the ceramic process.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4786C - Ceramic Raw Material
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 3761C or ART 3764C

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

An in-depth understanding of the singular and diverse properties of clay and glaze materials.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4859C - Visual Arts Management BA Capstone
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART2201C, ART2203C, ART2300C, ART2301C and any 3000 level ART Studio Art Course

Course Description

This capstone experience course is designed to provide professional development by emphasizing creative thinking, research, and writing to prepare students for post-graduation art-centered careers.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4935 - BFA Exhibit/Seminar
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART3950. Restricted to students in their final semester in the Studio Art BFA.

Course Description

This course is designed to prepare B.F.A. students for B.F.A. Exhibition. Must be completed in the student's final semester.

Current Fee Per Student

\$15.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4945C - Advanced Design Lab
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C or ART 2203C or CL.

Course Description

Design and develop visual solutions for real world clients in partnership with industry.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4954 - Scotland Study Abroad
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ART 2823, ART 2201C, ART 2301C or C.I.

Course Description

Study abroad in Edinburgh, Scotland.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ART4971 - Experimental Animation Thesis
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Experimental Animation major and a grade of 'C' (2.0) or better in FIL 4735C .

Course Description

Capstone for Experimental Animation majors. Majors present creative works and develop materials to assist them in their professional transition. Must be a graduating BFA senior.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

ASH - Asian History

ASH3200 - Ancient Near Eastern Societies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 or WOH 2012 or WOH 2012H, or C.I.

Course Description

History of the world's first literate societies (i.e. Mesopotamia, Egypt, the Levant) focusing upon their primary sources (in translation).

College

College of Arts and Humanities

Department

Department of History

ASH3204 - History of Mesopotamia**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Grade of C (2.0) or better required in ENC 1102 or equivalent, or C.I.

Course Description

Political histories and social developments that arose in Iraq, Syria, and Turkey at the dawn of human history.

College

College of Arts and Humanities

Department

Department of History

ASH3222 - Islam and Its Empires**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

History of the Middle East and North Africa from the birth of Islam to the 16th century.

College

College of Arts and Humanities

Department

Department of History

ASH3223 - The Modern Middle East**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

History of the Middle East and North Africa from the 16th century to the present.

College

College of Arts and Humanities

Department

Department of History

ASH3244 - History of the Kurds in the Middle East**Credits Hours**

3

Prerequisites

- Grade of 'C' (2.0) or better in ENC 1102, or CI.

Course Description

The political history of the Kurds in the Middle East, including the evolution of Kurdish identity and nationalism.

College

College of Arts and Humanities

Department

Department of History

ASH3302 - History of Modern East Asia**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of 'C' (2.0) or better in ENC 1102, or C.I.

Course Description

Historical experiences in East Asia (China, Japan, Korea) from 1600 to the present.

College

College of Arts and Humanities

Department

Department of History

ASH4233 - Ottoman Empire**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- WOH 2012 and WOH 2022.

Course Description

History of the Ottoman Empire from its origins in the 13th century to its collapse after WWI.

College

College of Arts and Humanities

Department

Department of History

ASH4243 - History of Iraq**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- WOH 2012 and WOH 2022.

Course Description

Modern Iraqi history through a set of interrelated monographic studies that focus on the political and legal components of the Iraqi state.

College

College of Arts and Humanities

Department

Department of History

ASH4304 - Women in China**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 and AMH 2020, or EUH 2000 and EUH 2001, or WOH 2012 and WOH 2022.

Course Description

Historical changes and continuities in experiences of Chinese women during the traditional period, the modern era and contemporary times.

College

College of Arts and Humanities

Department

Department of History

ASH4324 - History & Culture of South Asia**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- WOH 2022 or C.I.

Course Description

History and culture of South Asia from prehistory to decline of the British Raj.

College

College of Arts and Humanities

Department

Department of History

ASH4383 - Imperialism & Decolonization in South Asia**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- WOH 2022 or C.I.

Course Description

Socio-cultural, economic and political impact of imperialism and the subsequent decolonization in South Asia.

College

College of Arts and Humanities

Department

Department of History

ASH4402 - History of Chinese Civilization**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001, or WOH 2012 and WOH 2022.

Course Description

Chinese history from its pre-historical genesis until the 18th century.

College

College of Arts and Humanities

Department

Department of History

ASH4404 - Modern China**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

Political, social, economic, and cultural transformations undergone by China from about the 17th century to the present.

College

College of Arts and Humanities

Department

Department of History

ASH4442 - Modern Japan
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

History of Japan from the end of the Tokugawa period to the present day.

College

College of Arts and Humanities

Department

Department of History

ASH4550 - History of Modern India
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- WOH 2022 or C.I.

Course Description

History of India from decline of Mughlas in late 18th century to present.

College

College of Arts and Humanities

Department

Department of History

ASL - American Sign Language

ASL2140 - Introduction to American Sign Language
Credits Hours

4

Lab/Studio/Field Work Hours

0

Course Description

Development of ASL vocabulary and grammar. Deaf culture, literature, research examined.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

ASL2150 - Intermediate American Sign Language
Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- ASL 2140.

Course Description

Expansion of ASL vocabulary with increased development of knowledge concerning Deaf culture.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

ASL2510 - Issues of Deafness**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C.I.

Course Description

The impact of deafness on individual, family and social problems in the deaf community and culture, including historical and changing attitudes toward persons and disabilities.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

ASL4161C - American Sign Language III**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- ASL 2150.

Course Description

Conversation. Emphasis on refining fluency receptively and expressively. Practicum with the deaf community.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

ASL4201 - American Sign Language IV

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- ASL 4161C or consent of instructor.

Course Description

Advanced study in complex grammar, facial expression, metaphorical and idiomatic vocabulary, emphasizing production of non-voiced, conversational, spontaneous signed sentences, "reading" signed phrases and sentences.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

AST - Astronomy

AST2002 - Astronomy

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- High school algebra or MAC 1105C.

Course Description

Descriptive survey of solar system, galaxies and universe; physical properties of stars, H-R diagram, stellar evolution, black holes, neutron stars.

College

College of Sciences

Department

Department of Physics

AST2002K - Honors Astronomy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Descriptive survey of solar system, galaxies and universe; physical properties of stars, H-R diagram, stellar evolution, black holes, neutron stars. Honors level content.

College

College of Sciences

Department

Department of Physics

AST2002L - Astronomy Lab
Credits Hours

1

Lab/Studio/Field Work Hours

3

Corequisites

- AST 2002.

Course Description

Laboratory experiments covering selected topics in astronomy related to AST 2002.

Current Fee Per Student

\$9.00

College

College of Sciences

Department

Department of Physics

AST2037 - Life in the Universe**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

A thought provoking journey through solar system environments and extrasolar planets to establish the probability of life on other planets in our solar system and beyond.

College

College of Sciences

Department

Department of Physics

AST3110 - Solar System Astronomy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete AST2002 and either (PHY2048 and PHY2048L) or PHY2048C

Course Description

Interdisciplinary approach to the dynamics of the Solar System through application of Physics, Atmospheric Science, Chemistry and Geology.

College

College of Sciences

Department

Department of Physics

AST3114 - Space Weather in the Solar System**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: AST 2002

Course Description

How the solar weather forms and solar weather effects on the solar system, including geomagnetic storms, aurorae, and impacts to electronics/GPS systems.

College

College of Sciences

Department

Department of Physics

AST3211 - Stellar Astrophysics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AST 2002 and PHY 3101.

Course Description

The physics and dynamics of stars, including star formation and stellar evolution.

College

College of Sciences

Department

Department of Physics

AST3402 - Galaxies and Cosmology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AST 2002 and PHY 2048C .

Course Description

Study of the different types of galaxies, their evolution, their relationship to active galaxies and quasars, and the evolution of the universe.

College

College of Sciences

Department

Department of Physics

AST4142 - Asteroids, Comets, and Meteorites**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AST 2002

Course Description

Asteroids, comets, and meteorites and their role in the origin and evolution of our solar system.

College

College of Sciences

Department

Department of Physics

AST4152 - Planetary Geophysics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AST 2002, PHY 2053C , and Senior standing, or C.I.

Course Description

Physics of planetary evolution, planetary interiors, and planetary surface processes.

College

College of Sciences

Department

Department of Physics

AST4700 - Experimental Methods in Astronomy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AST 2002, PHY 2048, and Senior standing, or C.I.

Course Description

Experimental design and experimental techniques in astronomy and astrophysics; spherical astronomy; physics of telescopes and of common astronomical detectors; astronomical quantification and interpretation of light.

College

College of Sciences

Department

Department of Physics

AST4762C - Astronomical Data Analysis

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- MAC 2313, ability to write simple computer programs, and an upper level course in astronomy or planetary science, or C.I.

Course Description

Astronomical data formation and acquisition, detector physics, measurement extraction, error analysis, modeling, computer programming, statistics, interpretation, and written and oral presentation of results.

College

College of Sciences

Department

Department of Physics

ATR - Athletic Training

ATR2010C - Athletic Injuries: Mechanisms and Prevention

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- PET 3005.

Course Description

The prevention, identification, care, and rehabilitation of human injuries.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3012C - Clinical Skills for Athletic Trainers I**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ZOO 3733C or ZOO 3736C, and Athletic Training majors only or C.I.

Course Description

Clinical skills including functional knowledge of lower extremity/trunk muscle, tendon, and ligament anatomy; advanced taping and bracing skills; and clinical assessment of general medical conditions.

Current Fee Per Student

\$31.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3013C - Clinical Skills for Athletic Training II**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ZOO 3733C or ZOO 3736C, and Athletic Training majors only or C.I.

Course Description

Clinical skills, including functional knowledge of upper extremity muscle, tendon, ligament anatomy; advanced taping and bracing skills; and pharmacological interventions.

Current Fee Per Student

\$31.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3102 - Principles of Athletic Training**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ZOO 3733C or ZOO 3736C; PCB 3703C; and Athletic Training majors only or C.I.

Course Description

Athletic training principles including injury recognition, emergency care, bloodborne pathogens, rehabilitation and prevention.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3203C - Upper Extremity Function and Measurement**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- ZOO 3733C or ZOO 3736C with "C" (2.0) or better and COHPA majors and Health Sciences Minors only.

Course Description

Upper extremity functional anatomy, manual muscle testing and goniometry.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3204C - Lower Extremity Function and Measurement
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- ZOO 3733C or ZOO 3736C with "C" (2.0) or better and COHPA majors and Health Sciences Minors only.

Course Description

Lower extremity functional anatomy, manual muscle testing and goniometry.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3212C - Recognition and Evaluation of Athletic Injuries I
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ATR 3102.

Course Description

Recognition and evaluation skills required to perform an injury/illness assessment of the lower extremity and spine and provide immediate management.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3312C - Injury, Management, and Rehabilitation**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- ZOO 3733C or ZOO 3736C with "C" (2.0) or better; COHPA Students only or C.I.

Course Description

Introduction to the professions of Athletic Training and Physical Therapy and their respective roles in the healthcare system. Prevention, recognition and management of common injuries found in active populations.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3812L - Practicum in Athletic Training I**Credits Hours**

4

Lab/Studio/Field Work Hours

16

Prerequisites

- ATR 3102.

Course Description

Clinical introduction to an athletic training site under direct supervision of a certified athletic trainer.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR3822L - Practicum in Athletic Training II**Credits Hours**

4

Lab/Studio/Field Work Hours

16

Prerequisites

- ATR 3812L.

Course Description

Continuation of clinical practicum under direct supervision of certified athletic trainer.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4014C - Principles of Athletic Training Lab**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- Athletic Training majors only or C.I.

Corequisites

- ATR 3102

Course Description

Basic athletic training skills including emergency care, taping and wrapping, goniometry and manual muscle testing.

Current Fee Per Student

\$34.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

**ATR4103 - Case Studies in Sports Medicine:
Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ATR 4832L.

Course Description

Presentation and treatment of various sports injuries.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

**ATR4112L - Acute Care in Athletic Training
Credits Hours**

1

Lab/Studio/Field Work Hours

1

Prerequisites

- ATR 4832L.

Corequisites

- ATR 4842L

Course Description

This course will review and update student knowledge of and competency with acute care procedures and emergency planning in athletic settings.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4132 - Human Injuries: Mechanisms & Prevention**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S., Physical Education B.S., or Sport and Athletic Coaching Minor; minimum overall 2.5 GPA; and ZOO 3736C or ZOO 3733C or equivalent.

Course Description

Study of human movement and analysis of techniques for the prevention and treatment of human injuries associated with sport and fitness.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy– Kinesiology

ATR4213C - Recognition and Evaluation of Athletic Injuries II**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ATR 3102.

Course Description

Recognition and evaluation skills required to perform an injury/illness assessment of the upper extremity, head and neck, and general medical conditions and provide immediate management.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy– Kinesiology

ATR4302C - Therapeutic Modalities in Athletic Training
Credits Hours

4

Lab/Studio/Field Work Hours

4

Prerequisites

- ATR 4213C.

Course Description

Principles and techniques for applying therapeutic modalities.

Current Fee Per Student

\$5.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4313C - Therapeutic Exercise in Athletic Training
Credits Hours

4

Lab/Studio/Field Work Hours

4

Prerequisites

- ATR 3212C.

Course Description

Rehabilitation processes regarding exercise progression for athletic injury

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4315C - Advanced Rehabilitation in Athletic Training
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- Athletic Training majors only. ATR 4313C or C.I.

Course Description

Advanced knowledge, skills, and techniques that the certified athletic trainer must perform during rehabilitation of injuries.

Current Fee Per Student

\$17.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4512C - Organization and Administration of Athletic Training
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ATR 3822L.

Course Description

Administrative knowledge in the athletic training profession.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4832L - Practicum in Athletic Training III**Credits Hours**

4

Lab/Studio/Field Work Hours

16

Prerequisites

- ATR 3822L.

Course Description

Advanced clinical internship with increased responsibilities under the supervision of a certified athletic trainer.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4842L - Practicum in Athletic Training IV**Credits Hours**

4

Lab/Studio/Field Work Hours

16

Prerequisites

- PET 4672C.

Course Description

Advanced clinical internship with increased responsibilities under the supervision of a certified athletic trainer.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4933 - Athletic Training Seminar

Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites

- ATR 4832L and Senior standing.

Course Description

Capstone course reviewing competencies, proficiencies, ethics and professional development for the entry-level athletic trainer.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

ATR4940 - Athletic Training Elective Internship

Credits Hours

0 - 4

Lab/Studio/Field Work Hours

15-Jan

Prerequisites

- ATR 3822L.

Course Description

Students will develop their knowledge, skills, and attitudes by providing direct care of athletic injuries; understand the medical delivery system in a variety of settings; and understand the legal and ethical aspects of practicing athletic training.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

BCH - Biochemistry

BCH4024 - Medical Biochemistry**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- CHM 2210 and CHM 2211.

Course Description

Structure/function of proteins and nucleic acids fundamental to biomedical science, biochemical concepts important in medicine, enzymology and kinetics, bioenergetics and metabolic processes and disorders.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

BCH4053 - Biochemistry I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 2211.

Course Description

A consideration of proteins, carbohydrates, nucleic acids, enzymes and their effect on biochemical systems, and inter-relationship of intermediary metabolism

College

College of Sciences

Department

Department of Chemistry

BCH4053H - Honors Biochemistry I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHM 2211 and consent of Honors.

Course Description

Proteins, carbohydrates, nucleic acids, enzymes and their effect on biochemical systems, and inter-relationship of intermediary metabolism. With Honors content.

College

College of Sciences

Department

Department of Chemistry

BCH4054 - Biochemistry II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in BCH 4053.

Course Description

This is the continuation of BCH 4053. The present course focuses on major metabolic pathways and their regulation.

College

College of Sciences

Department

Department of Chemistry

BCH4103L - Biochemical Methods

Credits Hours

2

Lab/Studio/Field Work Hours

6

Prerequisites

- C (2.0) or better in both BCH 4053 and CHM 2211

Course Description

A laboratory course stressing the application of the chemical arts to the separation, identification, and quantification of materials of biological significance.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

BME - Biomedical Engineering

BME3211 - Engineering Biomechanics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better required in all of the following EGN 3310, EGN 3321 and EGM 3601.

Course Description

Knowledge of engineering approaches and tools that are used in the different aspects of biomechanics.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

BME3891 - Fundamentals of Rehabilitation Engineering
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or Better in EGN 3310 and EGN 3321.

Course Description

Overview of Rehabilitation Engineering with emphasis on engineering principles and science involved in developing devices and technological solutions to assist individuals with disabilities and impairments.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

BOT - Botany

BOT3015 - Principles of Plant Science
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: BSC 2011

Course Description

Introduction to botanical concepts; plant biodiversity, structure and function, growth and development, photosynthesis and water relations and ecology.

College

College of Sciences

Department

Department of Biology

BOT3018C - Culinary Botany Across the Cultures**Credits Hours**

4

Lab/Studio/Field Work Hours

4

Prerequisites

- (BOT 3802 or BOT 3015) or C.I.

Course Description

Cultural food traditions and the connections between plants, people and health; examines the preparation methods that enhance the nutritional values.

Current Fee Per Student

\$10.00

College

College of Sciences

Department

Department of Biology

BOT3802 - Ethnobotany**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A "C" (2.0) or better in both BSC 2010C and BSC 2011C, or C.I.

Course Description

Historical and modern uses of plants economically important in various cultures.

College

College of Sciences

Department

Department of Biology

BOT4223C - Plant Anatomy**Credits Hours**

4

Prerequisites

- BOT 3802 - EthnobotanyBOT 3015, or C. I.

Course Description

A study of development, structure and function of the principal organs and tissue of vascular plants.

College

College of Sciences

Department

Department of Biology

BOT4282C - Plant Microtechniques**Credits Hours**

4

Lab/Studio/Field Work Hours

6

Prerequisites

- BOT 4223C or (BSC 2011C and C.I.)

Course Description

Introduction to techniques used in the preparation of microscope slides/specimens of vascular plants, including infecting organisms.

College

College of Sciences

Department

Department of Biology

BOT4303C - Plant Kingdom**Credits Hours**

4

Lab/Studio/Field Work Hours

2

Prerequisites

- Complete all of the following
 - Complete the following:
 - BOT3015 - Principles of Plant Science (3)
 - or C.I.

Course Description

A survey of plant kingdom utilizing comparative morphology and life cycle patterns. Highlights biotechnology, biological controls and utilization of plants in horticulture

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Biology

BOT4430C - Biology of Fungi**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- BSC 2011C with "C" (2.0) or better; and PCB 3063 or MCB 3020C with "C" (2.0) or better.

Course Description

Major topics of fungal biology, diversity, ecology, genetics, and genomics.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Biology

BOT4434C - General Mycology**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- BSC 2010C, or BSC 2011C.

Course Description

This course is a survey of the Kingdom Fungi, covering the major topics of fungal diversity, structure, genetics, physiology, practical applications and pathogenicity.

Current Fee Per Student

\$70.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

BOT4503C - Plant Physiology**Credits Hours**

4

Lab/Studio/Field Work Hours

4

Prerequisites

- A grade of "C" (2.0) or better in BOT 3015 or C.I.

Course Description

Core concepts in plant physiology, with specific focus on photosynthesis, respiration, water relations, mineral nutrition, growth and allocation, hormones, secondary metabolites, reproduction, and stress physiology.

Current Fee Per Student

\$61.00

College

College of Sciences

Department

Department of Biology

BOT4530C - Plant Genomics and Biochemistry**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- A grade of "C" (2.0) or better in both BSC 2011C and BOT 3015, a grade of "C" (2.0) or better in PCB 3063, or C.I.

Course Description

Course core concepts in plant genomics, including the structuring of plant genomes and the major ways in which they differ from animal and microbe genomes.

Current Fee Per Student

\$61.00

College

College of Sciences

Department

Department of Biology

BOT4713C - Plant Taxonomy**Credits Hours**

5

Lab/Studio/Field Work Hours

6

Prerequisites

- BOT 3015, or C.I.

Course Description

Systematic classification and identification of vascular plants, with emphasis on the flora of peninsular Florida.

Current Fee Per Student

\$45.00

College

College of Sciences

Department

Department of Biology

BOT4850 - Medical Botany**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or a "C" (2.0) or better in PCB 3023, or C.I.

Course Description

The medicinal properties of plants and their role in both traditional and modern medicine; history of herbal medicine and alternative medicinal practices around the world.

College

College of Sciences

Department

Department of Biology

BOT4912 - Directed Independent Research**Credits Hours**

1 - 99

Lab/Studio/Field Work Hours

0

Course Description

Directed Independent Research

College

College of Sciences

Department

Department of Biology

BOT4922 - Plant Science Capstone**Credits Hours**

2

Prerequisites

- PR: Biology Major, Plant Science Track, Senior standing, and BOT 3015 or C.I.

Course Description

To acquire integrative experiences from internships, interviews, research experiences, ePortfolios to help build career readiness or apply for higher studies.

College

College of Sciences

Department

Department of Biology

BOT4970H - Biology Honor's Thesis

Credits Hours

1 - 99

Lab/Studio/Field Work Hours

0

Course Description

Biology Honor's Thesis

College

College of Sciences

Department

Department of Biology

BSC - Biology

BSC1005 - Biological Principles

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

A study of various biological factors which affect the health and survival of man in modern society. Designed for non-majors.

College

College of Sciences

Department

Department of Biology

BSC1005L - Biological Principles Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Corequisites

- BSC 1005.

Course Description

The laboratory to accompany BSC 1005.

College

College of Sciences

Department

Department of Biology

BSC2010C - Biology I**Credits Hours**

4

Lab/Studio/Field Work Hours

2

Prerequisites

- High school biology or C.I.

Course Description

Open only to students whose major requires this specific course. Cellular and chemical basis of life, genetics, and the theory of evolution. Emphasis on problem solving, analysis, synthesis of information, and applying data effectively.

Current Fee Per Student

\$0.00

College

College of Sciences

Department

Department of Biology

BSC2010K - Honors General Biology**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- Permission of Honors.

Course Description

Priority given to students whose major requires this course. Basic principles and unifying concepts of modern biology. Introduction to quantitative experimentation using intensive, open-ended labs.

Current Fee Per Student

\$24.00

College

College of Sciences

Department

Department of Biology

BSC2011C - Biology II**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- A "C" (2.0) or better in BSC 2010C or C.I. Preference will be given to students whose program requires this course.

Course Description

Continuation of BSC 2010C. Organismal anatomy and physiology as it relates to biodiversity, ecology and evolution. Emphasis on problem solving, analysis, synthesis of information, and applying data effectively.

Current Fee Per Student

\$10.00

College

College of Sciences

Department

Department of Biology

BSC3052 - Conservation Biology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A minimum grade of "C" (2.0) in PCB 3044 or CI.

Course Description

Science, history and principles of conservation biology.

College

College of Sciences

Department

Department of Biology

BSC3312 - Principles of Marine Biology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A minimum grade of "C" (2.0) in both BSC 2010C and BSC 2011C.

Course Description

Provides students with a foundation in the field of marine biology using a global perspective.

College

College of Sciences

Department

Department of Biology

BSC3402C - Integrative Biology**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- BSC 2010C and BSC 2011C each with a "C" (2.0) or better, and C.I.

Course Description

A field-based course gathering information on natural history of various organisms in Florida, with special emphasis on scientific methods.

College

College of Sciences

Department

Department of Biology

BSC3403C - Quantitative Biological Methods**Credits Hours**

4

Lab/Studio/Field Work Hours

4

Prerequisites

- BSC 2010C and CHM 2046

Course Description

A laboratory course which presents modern methods and instrumentation used in quantitative biological experimentation.

Current Fee Per Student

\$59.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

BSC3403K - Honors Quantitative Biological Methods**Credits Hours**

4

Lab/Studio/Field Work Hours

4

Prerequisites

- Consent of Honors, BSC 2010C and CHM 2046

Course Description

A laboratory course which presents the concepts, modern methods, techniques and instrumentation used in quantitative biological and molecular biological experimentation. Honors level content.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

BSC3424 - Nanobiotechnology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 1310, and either CHM 2046 or PHY 2054C .

Course Description

Biological processes in nano scale interactions with elements of physics & engineering.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

BSC3453C - Biological Research Methods and Experimental Design

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- PR: A grade of "C" or better in both BSC 2011C and STA 2023 and a grade of "C" or better in either PCB 3044 or PCB 3063, permission of Course Instructor.

Course Description

Research methods in biology, with specific focus on critical thinking, scientific skepticism, experimental design, and working with data relevant to biological questions.

College

College of Sciences

Department

Department of Biology

BSC3843L - Strategies for Biology Academic Mentoring

Credits Hours

2

Lab/Studio/Field Work Hours

2

Prerequisites

- Junior or senior standing.

Course Description

Review research findings, theory, models and techniques of academic counseling and career advising.

College

College of Sciences

Department

Department of Biology

BSC4312C - Advanced Marine Biology

Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- BSC 3312 and a "C" (2.0) or better in PCB 3044.

Course Description

An advanced treatment of current issues in marine biology, emphasizing biodiversity and marine conservation through research, service-learning and field experiences.

Current Fee Per Student

\$45.00

College

College of Sciences

Department

Department of Biology

BSC4330 - Invasion Biology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A "C" (2.0) or better in PCB 3044, or C.I.

Course Description

General principles of invasion ecology. The study of addition of species into ecosystems as it provides insights into basic ecological and evolutionary questions.

College

College of Sciences

Department

Department of Biology

BSC4422L - Biology Laboratory Techniques**Credits Hours**

1 - 4

Lab/Studio/Field Work Hours

12-Mar

Prerequisites

- CHM 2210 and a "C" (2.0) or better in PCB 3044, or C.I.

Course Description

Individual and small group instruction in current laboratory techniques beyond the scope of typical Biology laboratories.

College

College of Sciences

Department

Department of Biology

BSC4434 - Biomedical Informatics: Sequence Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or PCB 3023 or C.I.

Course Description

Introduction of useful bioinformatics tools and resources on sequence analysis.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

BSC4439 - Biomedical Informatics: Structure Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or PCB 3023 or C.I.

Course Description

Introduction of useful bioinformatics tools and resources on RNA and protein structure analysis.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

BSC4445C - Genomics Laboratory**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- A grade of a "B" (3 .0) or better in PCB 3063 and completion of EHS Lab Safety Training online course and practical by end of add/drop, or instructor consent.

Course Description

Hands-on approach to understanding how genomic datasets are generated in the lab, and how they are analyzed computationally using bioinformatics pipelines.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Biology

BSC4456C - Programming for Biologists**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- STA 2023, BSC 2011C, MAC 2311C, and PCB 3063, or CI.

Course Description

Basic concepts in biological software applications and will cover multiple computer languages and biological topics.

College

College of Sciences

Department

Department of Biology

BSC4473C - Scientific Diving**Credits Hours**

4

Lab/Studio/Field Work Hours

4

Prerequisites

- BSC 1005 or BSC 2010C or EVR 1001, and C.I.

Course Description

Scientific diving and satisfies the 100 hours of training required by the American Academy of Underwater Sciences.

College

College of Sciences

Department

Department of Biology

BSC4821 - Biogeography**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- A "C" (2.0) or better in both PCB 3044 and PCB 4683, or C.I.

Course Description

Study of geographic variation in nature, ranging from past to present and genes to ecosystems.

College

College of Sciences

Department

Department of Biology

BSC4861L - Urban Ecological Field Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- A "C" (2.0) or better in BSC 2010C or C.I.

Course Description

A service-learning course utilizing an interdisciplinary approach to developing models and implementing programs designed to result in environmental sustainability.

College

College of Sciences

Department

Department of Biology

BSC4910C - Group Effort Applied Research in Biology**Credits Hours**

4

Lab/Studio/Field Work Hours

6

Prerequisites

- BSC 2011C and C.I.

Prerequisites/Corequisites

- STA 2023

Course Description

Conduct novel research stemming from the instructor's active research program to become practitioners of science.

College

College of Sciences

Department

Department of Biology

BSC4927 - Scientific and Public Engagement for Biology Majors**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102, Biology major, junior standing, one of the following: PCB3063L, or PCB3044L, or PCB4683L, and by instructor consent. Honors in the Major students are encouraged to register for this course

Course Description

Practical experience and training disseminating biological research to a variety of audiences. Build skills in written, verbal, and visual representation of scientific or biological information.

College

College of Sciences

Department

Department of Biology

BSC4937 - Instructional Experiences in Undergraduate Biology
Credits Hours

2

Lab/Studio/Field Work Hours

2

Prerequisites

- PCB 3063, Biology major with 80 semester hours and 3.0 gpa.

Course Description

Preparation of undergraduate students to more effectively learn biological concepts by facilitating learning in variety of university biology labs.

College

College of Sciences

Department

Department of Biology

BTE - Business Teacher Education

BTE4410 - Course Construction in Business Education
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

An overview and examination of business curriculum and methodology integrated into the workforce frameworks. Planning and preparation of materials, managing the course, and involvement in career & technical student organizations.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

BUL - Business Law

BUL3130 - Legal and Ethical Environment of Business**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of each course in the Business common program prerequisites with a "C" (2.0) or better.

Course Description

Analysis of the law as a dynamic social and political institution in the business environment, including contract law, torts, and ethical consideration.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

BUL3130H - Honors Legal & Ethical Environment of Business:**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and business major or minor, permission of Honors.

Course Description

Analysis of the law as a dynamic social and political institution in the business environment, including ethical considerations with honors level content.

College

College of Business Administration

Department

Kenneth G Dixon School of Accounting

BUL4540 - Employment Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Management major or minor, MAN 3025 and MAN 3301.

Course Description

An examination of current employment law and issues/trends in the legal environment impacting human resource management system design, HRM policy and employee relations.

College

College of Business Administration

Department

Department of Management

CAP - Computer Applications

CAP3104 - Foundations of HCI
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CGS 2545C each with a grade of "C" (2.0) or better.

Course Description

Students will learn the foundational concepts of Human-Computer Interaction (HCI), including human-centered design principles, interaction modalities, design guidelines and heuristics, and interface evaluation techniques.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4053 - AI for Game Programming

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3502C with a grade of "C" (2.0) or better or C.I.

Course Description

Surveys cutting-edge AI techniques for video games and board games and contrasts them with more traditional approaches.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4102 - Web and User Experience (UX)

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3502C with a grade of "C" (2.0) or better.

Course Description

To meet a real world customer's needs, student teams will learn and apply user-centered principles to elicit requirements, prototype, and build a complete web-based solution.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4145 - Introduction to Malware Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CIS 3360, (CGS 3269 or CDA 3103C), (CGS 3763 or COP 4600), or C.I.

Course Description

Introduction to using reverse engineering techniques to find and analyze the behavior of programs in binary form; assembly language, reverse engineering tools, and virtual machines.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4314 - Social Network Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CNT 3004 and COP 3330.

Course Description

Introduce the concept of social network. Network structure and measures. Network visualization. Tie strength and propagation in networks. Methods for social network analysis(SNA). Public sector applications of SNA. Business applications of SNA.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4453 - Robot Vision**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3503C and MAC 2312 each with a grade of "C" (2.0) or better or C.I.

Course Description

Perspective and orthographic projections; the processing of edges, regions, motion, shading, texture, object detection, recognition, and machine learning.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4611 - Algorithms for Machine Learning**Credits Hours**

3

Prerequisites

- COP 3502C and STA 2023 each with a grade of "C" (2.0) or better

Course Description

An overview of the most commonly used algorithms for supervised, unsupervised, and reinforcement learning. Introduction to experimental design, evaluation metrics, and applications of machine learning.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4630 - Artificial Intelligence**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3503C with a grade of "C" (2.0) or better and COT 3960.

Course Description

Current methods in AI: knowledge-based systems, representation, inference, planning, natural language. Programming in Lisp or Prolog required.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4720 - Computer Graphics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3503C and MAC 1114C each with a grade of "C" (2.0) or better, and COT 3960.

Course Description

Math for computer graphics, visibility and shading, graphics and data structure, curves and surfaces, commodity graphics hardware, and graphics API.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CAP4932 - Introduction to Bioinformatics Algorithms

Credits Hours

3

Course Description

Introduce algorithmic ideas for addressing real-world biological questions, including brute-force search, greedy algorithms, dynamic programming, randomized algorithms, graph algorithms, clustering algorithms and hidden Markov models.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CCE - Civil Construction Engineering

CCE4003 - Introduction to the Construction Industry

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EGN 3613, EGN 3310 all with a grade of "C" (2.0) or better.

Course Description

Project delivery systems, construction contracts; estimating and scheduling; ethics and labor issues.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CCE4004 - Construction Methods**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CES 4100C with a grade of "C" (2.0) or better.

Course Description

Construction methods for civil and structural systems, design of temporary structures, safety, and building codes.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CCE4034 - Construction Estimating and Scheduling**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCE 4003 with a grade of "C" (2.0) or better.

Course Description

Construction project estimating and bidding and the preparation of construction schedules, followed by in-depth coverage of time and cost control, and risk management.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CCE4402 - Construction Equipment and Productivity

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCE 4003, CWR 3201 both with a grade of "C" (2.0) or better.

Course Description

Selection of appropriate equipment based on operational parameters, principles of construction productivity measurement and analysis, process design, and discrete event simulation.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CCE4810C - Construction Design Project

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- CCE 4034 and CCE 4813 all with a grade of "C" (2.0) or better, and department consent

Corequisites

- CCE 4402 and CCE 4004.

Course Description

The preparation and development of a proposal and plan for a construction project, including construction engineering systems, site facilities, construction methods, coordination, leadership, and control.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CCE4813 - Mechanical and Electrical Systems for Buildings:
Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- CCE 4003, PHY 2049C , CWR 3201 all with grades of "C" (2.0) or better.

Course Description

Design and construction of mechanical and electrical systems for buildings.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CCJ - Criminal Justice

CCJ3007 - Origins of Criminal Justice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1101 and ENC 1102 or C.I.

Course Description

Examines a variety of social ills and critical events in the history of mankind that led to the development of criminal justice institutions.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ3014 - Crime in America**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and ENC 1102.

Course Description

A survey of crime and criminality in the United States, with emphasis on crime data, its weaknesses, and types of criminal behavior.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ3024 - Criminal Justice System**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and ENC 1102.

Course Description

An examination of the components and of their interdependence in light of their traditional autonomy.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ3450 - Criminal Justice Management and Liability Issues

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Prerequisites/Corequisites

- CCJ3024 and CJL3510 or CI

Course Description

First-line management processes affecting criminal justice agencies. Familiarizes students with fundamental liability concepts regarding criminal justice practices. Analyze management problems and apply effective interventions

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ3451 - Justice System Technology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Course Description

Examination of the relevance of scientific and technological developments to justice systems and their applicability to the operations and management of the systems.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ3604 - Mental Illness, Crime and Criminal Justice

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or equivalent.

Prerequisites/Corequisites

- CCJ 3024 OR CI

Course Description

POLICE, COURTS, AND CORRECTIONS COME INTO CONTACT WITH PEOPLE WHO ARE MENTALLY ILL. THIS COURSE EXAMINES HOW MENTAL ILLNESS IS MANAGED THROUGHOUT THE CJ SYSTEM.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ3667 - Victims and the CJ System

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or declared Victim Advocacy Certificate or C.I.

Course Description

Course examines Victims as they affect the Criminal Justice system, the dimensions of criminal victimization, and victim offender programs.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ3930 - Origins of Criminal Justice Practices and Policies

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Level

Course Description

Course will examine a variety of social ills and critical events in the history of humanity that led to the development of criminal justice institutions.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4035 - Crime and the Media

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Course Description

Explore how the criminal justice system, criminals, and crime are portrayed in the media and its impact on society and the criminal justice system.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4054 - Capstone: Criminal Justice Ethics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior Standing and CCJ 4746 or C.I.

Course Description

Analysis of criminal justice ethical issues. Moral dilemmas across police, courts, corrections and juvenile justice including development of humane policies and procedures.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4062 - Hate Crimes and Criminal Justice Responses
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ3024 or C.I.

Course Description

Criminal justice approaches to hate crimes, including theories, case studies, organization, legal outcomes, and criminal justice majors' roles in researching and preventing hate crimes.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4064 - Criminal Justice Dimensions of Genocide**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3014 or C.I.

Course Description

Elements of Criminal Justice approach to genocide, including theories, precursors, case studies, organization, legal outcomes, and criminal justice majors' roles in studying and preventing genocide.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4076 - Crime Intelligence and Investigative Support Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing.

Course Description

Provides an understanding of basic crime intelligence and investigative support analytical tools and information management systems employed to assist law enforcement.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4129 - Cultural Diversity in Criminal Justice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or (declared Victim Advocacy Certificate & Junior Standing) or C.I.

Course Description

This course focuses on the problems and issues associated with race, ethnic and gender relations in the administration of justice in a democratic society.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4195 - Interviews & Interrogations in CJ**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or (Criminal Profiling or Crime Scene Investigation certificate declared & Junior standing) or C.I.

Course Description

The criminal justice interview process including history of criminal justice interviews, the use of Miranda, non-verbal listening, and the rules of testimonial evidence.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4296 - Famous Crimes & Trials**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3014 or CCJ 3024 or consent of instructor.

Course Description

A detailed examination of selected famous American crimes and trials since 1900.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4334 - Punishment and Torture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and sophomore standing or CI

Course Description

Contemporary issues associated with formal social control by government and religious institutions and how it has been utilized historically.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4361 - Death Penalty**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and ENC 1102.

Course Description

This course provides students an opportunity to analyze and discuss complex issues surrounding the death penalty and the criminal justice system.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4611 - Ritualistic Crime and Investigations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102, Sophomore Standing or CI

Course Description

Contemporary issues associated with ritualistic crime investigations.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4632 - Older Adults and the Criminal Justice System

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and (Jr. Standing or declared Victim Advocacy Certificate) or C.I.

Course Description

An examination of older adults as victims and offenders within the Criminal Justice system.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4633 - Guns, Crime, and American Culture

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or equivalent.

Prerequisites/Corequisites

- CCJ 3024 or CI

Course Description

Intersection between guns, crime, and American culture, and its impact on all domains of the criminal justice system.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4641 - Organized Crime
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and ENC 1102.

Course Description

An examination of organized crime, including structures, history and activities, and of issues surrounding efforts to define and control it.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4644 - White Collar Crime
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3014 or C.I.

Course Description

Classic definitions and statements on white collar crime concepts, concepts and criminal activities, types of fraud, investigations, environmental crime, and corporate crime.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4651 - Drugs and Crime**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and ENC 1102.

Course Description

Focuses on the problems of drugs and drug control in contemporary society. Students will examine the problems of drugs in our society as well as specific strategies used by criminal justice agencies to prevent and control illicit drug use.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4670 - Women and Crime**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and ENC 1102.

Course Description

This course covers women in criminal justice as offenders and prisoners, as well as crime victims and professionals working in the system.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4678 - Race, Ethnicity, Equity, and (In)justice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or equivalent

Prerequisites/Corequisites

- CCJ 3024 or equivalent

Course Description

This course is designed to engage students in critical discussions surrounding race, ethnicity, equity, (in)justice, and the criminal justice system.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4681 - Domestic Violence and the Justice System

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or (declared Victim Advocacy Certificate & Junior standing) or C.I.

Course Description

Study of the nature and causes of forms of domestic violence, pertaining to laws, prevention strategies, and justice system response.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4690 - Sex Offenders and the Criminal Justice System

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (Junior standing and CCJ 3024 and CJ majors) or (Junior standing and Criminal Profiling or Victim Advocacy certificate declared) or C.I.

Course Description

Provides students a better understanding of how the criminal justice system deals with sex offenders and their offenses.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4694 - Human Trafficking and Criminal Justice

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Course Description

Human trafficking from the global, national and local criminal justice perspectives.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4701 - Research Methods in Criminal Justice

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3014 and CCJ 3024, or C.I.

Course Description

Overview of social science research methodologies in criminal justice, covers major forms of research designs used by social science and evaluates their strengths and weaknesses.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4746 - Data Analysis for Criminal Justice

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- A grade of "C" or better in MAC 1105 or MGF 1106 or higher-level math class or AA Degree, and CCJ 4701, or C.I.

Course Description

Analytical methods useful for examining the types of data most often encountered in criminal justice research and develops the knowledge and understanding necessary to comprehend and interpret basic statistics in criminal justice research, literature and reports.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CCJ4934 - Emergent Criminal Justice Issues
Credits Hours

1 - 3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing and ENC 1102.

Course Description

Developing trends and issues in criminal justice facing administrators, practitioners, and researchers.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CDA - Computer Design/Architecture

CDA3103C - Computer Logic and Organization
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- COP 3223C with a grade of "C" (2.0) or better.

Course Description

Logic design, computer arithmetic, Instruction Set Architecture (MIPS, SPIM simulator), performance, data path, control unit, memory hierarchy, I/O interface.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CEG - Civil Geotechnical Structures

CEG4011C - Geotechnical Engineering I

Credits Hours

4

Lab/Studio/Field Work Hours

2

Prerequisites

- EGN 3331C and CWR 3201 both with a grade of "C" (2.0) or better.

Course Description

Engineering properties and classification of soils. Design considerations for compaction, seepage, consolidation, and settlement analysis.

Current Fee Per Student

\$21.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CEG4012 - Geotechnical Engineering II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CEG 4011C with a grade of "C" (2.0) or better.

Course Description

Consolidation, shear strength, earth pressures and retaining walls, bearing capacity, foundation considerations, and slope stability.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CEG4203 - Geotechnical Methods and Case Histories

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CEG 4012 (Geotechnical Engineering II) and CGN 3405 (Applied Numerical Methods for Civil Engineering), both with a grade of "C" (2.0) or better.

Course Description

Analysis of geohazards and geotechnical engineering problems related to underground structures, pavements, soil stabilization, and soil geochemistry and remediation using experimental and computational methods.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CEG4801C - Geotechnical Engineering Design

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CEG 4012 with a grade of "C" (2.0) or better and department consent.

Course Description

Project course on design of foundations and other soil structures using geotechnical design methodologies.

Current Fee Per Student

\$14.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CEN - Computer Programming

CEN3024 - Software Development I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3330 or C.I.

Course Description

Software development concepts are introduced in the context of hands-on project implementation. SDLC, version control, design with UML, documentation, testing, 2&3-tier architecture.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CEN4025 - Software Development II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CEN 3024 or C.I.

Course Description

A continuation of Software Development I with larger and more complex projects. Enterprise-level applications are covered including distributed and web-based systems using n-tier architecture.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CEN4333 - Advanced Database Development
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3330 or C.I.

Course Description

Professional-level database access from object-oriented systems, including complex SQL queries and stored procedures. Use of object-relational frameworks. Hands-on exercises with current RDBMS software.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CEN4350 - Open Source Web Technologies
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3330 or C.I.

Course Description

Web application development using currently popular open-source/open-standard tools. User-interface, the business layer, database, and deploying to the webserver.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CEN4360 - Mobile Device Software Development**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3330 or C.I.

Course Description

Concepts and practice of software development for mobile devices. User interface, data persistence, data communication, use of APIs for sound, mapping, GPS, sensors, etc.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CEN4370 - .NET Software Development using C#**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3330 or C.I.

Course Description

.NET Windows and Web application development. Use of the .NET Framework class library. N-tier architecture. User interface, collections, database connectivity, and deployment.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CEN4802 - Software Integration, Configuration, and Testing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CEN 3024 or equivalent or CI.

Course Description

Addresses approaches and issues associated with integration of software subsystems and components into one system to ensure that the subsystems function together.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CEN4910 - Software Development Project
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CEN 4025 or C.I.

Course Description

A software development project using the skills acquired from Software Development I & II. Working in teams, students develop a software system, simulating an industry experience.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CES - Civil Engineering Structure

CES4100C - Structural Analysis I and Lab
Credits Hours

4

Prerequisites

- MAP 2302, EGN 3331C and CGN 3405, all with grades of "C" (2.0) or better.

Course Description

Topics in structural mechanics, analysis of determinate and indeterminate structures by flexibility and stiffness methods computer and laboratory exercises on behavior of structures and materials.

Current Fee Per Student

\$21.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CES4205 - Structural Mechanics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EGN 3331C and CGN 3405 both with grades of "C" (2.0) or better.

Course Description

Advanced mechanics of materials applied to civil structural systems, elasticity, torsion, inelastic bending, failure theory for concrete and soils, compatibility, equilibrium, and energy methods.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CES4605 - Steel Structures**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CES 4100C with a grade of "C" (2.0) or better.

Course Description

Design of structural steel members and buildings; emphasis on AISC-ASD building code; introduction to AISC-LRFD building code; tension and compression members, beams, beam-columns, connections.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CES4702 - Reinforced Concrete Structures**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CES 4100C with a grade of "C" (2.0) or better.

Course Description

Design of RC members using ACI code; beam flexure and shear; compression bending; bond and development; introduction to continuous frames.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CES4743C - Structural Design

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- CES 4605 and CES 4702 both with grade of "C" (2.0) or better and department consent.

Course Description

This course prepares students for real life structural design with the fundamentals and applications of both steel and concrete analysis and design at the member and system level.

Current Fee Per Student

\$24.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CET - Computer Engineering Technology

CET3010 - Introduction to Information Technology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 1105C.

Course Description

An introduction to IT field, including binary representation, graphics, data compression, information theory, transmission and storage technology, and communications.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

CET3383 - Applied Systems Analysis I**Credits Hours**

3 - 99

Lab/Studio/Field Work Hours

0

Prerequisites

- Approved programming course or C.I.

Course Description

Study of system analysis, design, development and implementation cycle. Includes Object Oriented Programming (OOP) to implement system programs.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

CET4427 - Applied Database I**Credits Hours**

3 - -6

Lab/Studio/Field Work Hours

0

Prerequisites

- Approved programming course or C.I.

Course Description

Design and implementation of data base systems within the concept of central administration, structured data storage. Programming project.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

CET4483 - Intro to Local Area Network Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Approved programming course or C.I.

Course Description

An introductory level course in local area networks. Topics in data communications, computer networking, local area network technology, topologies, and protocols will be covered.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

CET4505 - Applied Operating Systems I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CET 2364.

Course Description

Modifying the operating systems to support new types of devices. Analysis of limitations and strengths of commercial mass storage operating systems in industry. O.S. tool box usage.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

CET4663 - Computer and Network Security
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CET 4483, MAC 1105C.

Course Description

Fundamentals of computer security technology, including cryptography, authentication, digital signatures, and network security tools and applications.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

CET4748 - Wide Area Networks I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CET 4483 or C.I.

Course Description

Designing Wide Area Networks; determining requirements, designing the networks, structure, choosing appropriate technologies, and evaluating results.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

CET4749 - Wide Area Networks II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CET 4748.

Course Description

Traffic and cost generators. Access network design. Multi-speed access designs. Multilocal-access and mesh network design.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

CGN - Civil Engineering

CGN3405 - Applied Numerical Methods for Civil Engineering

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313 with a grade of "C" (2.0) or better;

Corequisites

- MAP 2302.

Course Description

Application-driven numerical solution of common Civil and Environmental Engineering problems using linear algebra, interpolation, differentiation and integration, nonlinear systems, ODEs and IVPs, and linear programming.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CGN3501C - Civil Engineering Materials**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- A grade of "C" (2.0) or better in EGN 3331C and in CHS 1440 or CHM 2045C or CHM 2041.

Course Description

The characterization of materials used in civil engineering works to include concrete, bituminous polymers and composite materials.

Current Fee Per Student

\$30.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CGN3700C - Civil Engineering Measurements**Credits Hours**

2

Lab/Studio/Field Work Hours

2

Prerequisites

- MAC 2312 and PHY 2049C both with a grade of "C" (2.0) or better.

Course Description

Engineering measurement, data analysis, and experimental hardware including electronics, system components, and calibration. Specific applications in civil engineering including surveying, GPS, and GIS

Current Fee Per Student

\$30.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CGN4309 - Introduction to Smart Cities

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in (CGN 3405 or EML 3034C or EEL 4832).

Course Description

This course is intended to provide a broad multidisciplinary background about the different technologies used in smart sustainable cities with special emphasis to civil engineering.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CGN4808C - CECE Capstone Design

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- "C" (2.0) or better in a previous CECE design course and department consent.

Course Description

An interdisciplinary capstone design experience requiring problem definition, data collection, analysis of alternatives, economic evaluation of alternatives, and oral and written presentation of final design.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CGS - Computer General

CGS1060C - Introduction to Computers**Credits Hours**

3

Course Description

Digital Literacy, Computer Hardware, Peripheral Components, Memory Devices, Effects of Computers on Society, Application of Computers. Not Open to Computer Science Majors.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CGS2100C - Computer Fundamentals for Business**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Course Description

Uses of computers and software in business, including business applications, commercial packages, and the internet. Not open to Computer Science majors.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CGS2545C - Database Concepts**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better.

Course Description

Entity-relation model, relational database managements systems, normal forms, performance or databases, report generation.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CGS2585C - Desktop/Internet Publishing

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better.

Course Description

Principles and techniques of page layout and formatting for documents and newsletters, presentation techniques, construction of web pages and design of integrated websites.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CGS3175 - Internet Applications

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better.

Course Description

HTML coding, using images, sound and animation, advanced text formatting, forms and CGS scripts, introduction to javascript.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CGS3269 - Computer Architecture Concepts

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better.

Course Description

CPU organization, current computer architectures, network file servers.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CGS3763 - Operating System Concepts

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 2500C or high level programming course (C, Java, C#, C++) with a grade of "C" (2.0) or better.

Course Description

System calls, concept of processes, CPU scheduling, security issues, client server paradigms, and computer supported workgroups.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CHI - Chinese

CHI1120C - Elementary Chinese Language and Civilization I
Credits Hours

4

Lab/Studio/Field Work Hours

1

Course Description

Designed to initiate the student to the major language skills: listening, speaking, reading and writing.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

CHI1121C - Elementary Chinese Language and Civilization II
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- CHI 1120C or equivalent.

Course Description

Continuation of CHI 1120C.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

CHI2200 - Intermediate Chinese I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHI 1121C or equivalent or C.I.

Course Description

Development of Chinese language skills at the intermediate level.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

CHI2201 - Intermediate Chinese II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHI 2200.

Course Description

Continuation of CHI 2200 with emphasis on Chinese cultures.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

CHM - Chemistry

CHM1020 - Concepts in Chemistry

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- High school Algebra.

Course Description

Concepts will be examined to provide insight into the significant role that chemistry plays in our culture. Intended as a general education course.

College

College of Sciences

Department

Department of Chemistry

CHM1025 - Introduction to Chemistry**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in MAT 1033 or math placement higher than MAT 1033.

Course Description

Introduction to elementary principles of modern chemistry with an emphasis on atomic structure, stoichiometry, and quantitative reasoning. This course prepares students to take CHM 2045C.

College

College of Sciences

Department

Department of Chemistry

CHM1032 - General Chemistry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete all of the following
 - Earn a minimum grade of C in each of the following:
 - Course Not Found
 - Course Not Found
 - Or a higher math

Course Description

An introductory study of the fundamental concepts of chemistry, primarily oriented toward Health Science majors. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Chemistry

CHM1032L - General Chemistry Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Course Description

Preference will be given to students whose major requires this course. An introductory study of physical and chemical properties of elements and compounds. IMPORTANT: Attendance of the first laboratory session dealing with safety procedures is mandatory; students who do not attend must immediately call the Chemistry Department, and may be dropped from the class.

Current Fee Per Student

\$54.00

College

College of Sciences

Department

Department of Chemistry

CHM2040 - Chemistry Fundamentals IA**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A minimum score of 550 (SAT) or 24 (ACT) in the mathematics section. MAC 1105C recommended. Not open to students with credit in CHM 2045C. Priority will be given to students whose major requires this course or CHM 2045C.

Course Description

Principles of modern chemistry, units and measures, basic physical theory of chemical reactivity, stoichiometry, reactions in aqueous solutions, thermochemistry. The "NC" grading policy applies to this course.

Current Fee Per Student

\$6.00

College

College of Sciences

Department

Department of Chemistry

CHM2041 - Chemistry Fundamentals IB**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHM 2040 or its equivalent with a grade of C or better. Not open to students with credit in CHM 2045C.

Course Description

The second semester of CHM 2040. Atomic structure, periodicity, chemical bonding, states of matter, gases. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Chemistry

CHM2045C - Chemistry Fundamentals I**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- C (2.0) or better in CHM 1025 or a passing score in the Chemistry Placement Exam. And C (2.0) or better in MAC 1105 or math placement beyond MAC 1105. Not open to students with credit in both CHM 2040C and CHM 2041C. Priority will be given to students whose major requires this course.

Course Description

Modern chemistry principles, units & measures, physical theory of chemical reactivity, stoichiometry, reactions in aqueous solutions, thermochemistry, atomic structure, periodicity, chemical bonding, states of matter, gases.

College

College of Sciences

Department

Department of Chemistry

CHM2045K - Honors Chemistry Fundamentals I

Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- C (2.0) or better in CHM 1025 or a passing score in the Chemistry Placement Exam. And C (2.0) or better in MAC 1105 or math placement beyond MAC 1105. Not open to students with credit in both CHM 2040C and CHM 2041C. Priority will be given to students whose major requires this course. With consent of honors

Course Description

Same as CHM 2045C with honors-level content.

Current Fee Per Student

\$9.00

College

College of Sciences

Department

Department of Chemistry

CHM2046 - Chemistry Fundamentals II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) grade or better in CHM 2045C or CHM 2041. Priority will be given to students whose major requires this course.

Course Description

Continuation of CHM 2045C or the CHM 2040 & CHM 2041 sequence. Intermolecular forces, solutions and colligative properties. equilibria, thermodynamics, chemical kinetics, electrochemistry, nuclear chemistry.

College

College of Sciences

Department

Department of Chemistry

CHM2046K - Honors Chemistry Fundamentals II**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- A "C" (2.0) or better in CHM 2045C and permission of Honors.

Course Description

Same as CHM 2046 and CHM 2046L with honors-level content.

Current Fee Per Student

\$45.00

College

College of Sciences

Department

Department of Chemistry

CHM2046L - Chemistry Fundamentals Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- CHM 2046. Priority will be given to students whose major requires this course.

Course Description

Illustration of chemical principles and introduction to the techniques of inorganic and physical chemistry. IMPORTANT: Attendance of the first laboratory session dealing with safety procedures is mandatory; students who do not attend must immediately call the Chemistry Department, and may be dropped from the class.

Current Fee Per Student

\$45.00

College

College of Sciences

Department

Department of Chemistry

CHM2205 - Introduction to Organic and Biochemistry**Credits Hours**

5

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 1032 or equivalent.

Course Description

An introduction to organic chemistry, stressing the chemistry of functional groups and a survey of the biochemistry of proteins, carbohydrates, lipids, and nucleic acids.

College

College of Sciences

Department

Department of Chemistry

CHM2210 - Organic Chemistry I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A "C" (2.0) or better in CHM 2046. Priority will be given to students whose major requires this course.

Course Description

Theory and applications of organic chemistry: structure, bonding, kinetics, thermodynamics, reaction mechanisms, synthesis, and stereochemistry. Structure elucidation via spectrometric techniques.

College

College of Sciences

Department

Department of Chemistry

CHM2210H - Honors Organic Chemistry I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: A "C" (2.0 or better in CHM 2046 and consent of Honors

Course Description

Theory and applications of organic chemistry: structure, bonding, kinetics, thermodynamics, reaction mechanisms, synthesis, and stereochemistry. Structure elucidation via spectrometric techniques with honors content.

College

College of Sciences

Department

Department of Chemistry

CHM2211 - Organic Chemistry II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 2210. Priority will be given to students whose major requires this course.

Course Description

Continuation of CHM 2210.

College

College of Sciences

Department

Department of Chemistry

CHM2211H - Honors Organic Chemistry II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: A "C" (2.0 or better in CHM 2210 or CHM 2210H and consent of Honors

Course Description

Continuation of CHM 2210H with honor's content.

College

College of Sciences

Department

Department of Chemistry

CHM2211L - Organic Laboratory Techniques I**Credits Hours**

2

Lab/Studio/Field Work Hours

3

Prerequisites

- C (2.0) or better in both CHM 2046L and CHM 2210. Priority will be given to students whose major requires this course.

Course Description

Introduction organic chemistry laboratory techniques; preparation, reaction, analysis of organic compounds. *Mandatory first laboratory (safety procedures); absent students call Chemistry Department; class may be dropped.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHM3120 - Analytical Chemistry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 2046 and C (2.0) or better in CHM 2046L.

Course Description

Classical and instrumental analysis. Choice of preferred analytical methods and techniques is emphasized through applications involving both inorganic and organic systems.

College

College of Sciences

Department

Department of Chemistry

CHM3120L - Analytical Chemistry Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Prerequisites

- C (2.0) or better in CHM 2046, and C (2.0) or better in CHM 2046L.

Prerequisites/Corequisites

- CHM 3120.

Course Description

Experimental exercise of analytical quantitative methods; titrimetric, gravimetric, potentiometric and photometric methods. *Mandatory first laboratory session; absent students call Chemistry Department; class may be dropped.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHM3215L - Organic Laboratory Techniques II**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 2211 and CHM 2211L.

Course Description

Open-end laboratory to develop synthesis techniques & structure elucidation skills. *Mandatory first laboratory session (safety procedures); absent students call Chemistry Department, class may be dropped.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHM3410 - Physical Chemistry I**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 2046, PHY 2049C , and MAC 2312.

Course Description

Rigorous treatment of atomic and molecular structure, thermodynamics, kinetics, and chemical bonding.

College

College of Sciences

Department

Department of Chemistry

CHM3411 - Physical Chemistry II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 3410.

Course Description

Continuation of CHM 3410.

College

College of Sciences

Department

Department of Chemistry

CHM3411L - Physical Chemistry Laboratory**Credits Hours**

2

Lab/Studio/Field Work Hours

6

Prerequisites

- C (2.0) or better in CHM 3120 and CHM 3410.

Prerequisites/Corequisites

- CHM 3411.

Course Description

Classical as well as modern instrumental techniques coupled with computer data processing to measure physical properties and determine atomic and molecular parameters.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHM3422 - Applied Physical Chemistry**Credits Hours**

3

Prerequisites

- PHY 2049C - General Physics Using Calculus II C (2.0) or better in CHM 2046, PHY 2049C and MAC 2312.

Course Description

Physical chemistry as applied to the study of biological and forensic science.

College

College of Sciences

Department

Department of Chemistry

CHM4130 - Advanced Analytical Laboratory Technique**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHM 2211, CHM 3120 (with a minimum grade of "C" or 2.0) and

Prerequisites/Corequisites

- CHM 3411 or CHM 3422.

Course Description

Modern methods of analysis including electrochemistry, spectroscopy, and separation techniques.

College

College of Sciences

Department

Department of Chemistry

CHM4130L - Advanced Analytical Chemistry Laboratory**Credits Hours**

2

Prerequisites

- C (2.0) or better in CHM 3120L.

Prerequisites/Corequisites

- CHM 4130.

Course Description

Experimental exercise of instrumental methods of analysis. Successful students will develop practical skills performing experiments based on spectroscopic and chromatographic methods of analysis. Statistical data treatment of experimental results will be also exercised.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHM4220 - Organic Chemistry III**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 2211 or its equivalent.

Course Description

Organic reaction mechanisms and retrosynthetic analysis and their application to synthetic chemistry.

College

College of Sciences

Department

Department of Chemistry

CHM4223 - Advanced Organic Chemistry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHM 2211 with C (2.0) or better or equivalent

Course Description

Theoretical and experimental treatment of physical organic chemistry concepts from the perspective of modern structural theory, thermodynamics, and kinetics

College

College of Sciences

Department

Department of Chemistry

CHM4230 - Applied Molecular Spectroscopy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHM 2211 and CHM 3120 both with C (2.0) or better or C.I.

Course Description

Determination of chemical structure through interpretation of UV, IR, NMR, and Mass Spectra.

College

College of Sciences

Department

Department of Chemistry

CHM4427 - Electrochemistry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 2046.

Course Description

Electrochemical methods and their applications.

College

College of Sciences

Department

Department of Chemistry

CHM4610 - Inorganic Chemistry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 3410

Prerequisites/Corequisites

- CHM 3411

Course Description

A discussion of descriptive inorganic chemistry based on various bonding theories, thermodynamics, and kinetics.

College

College of Sciences

Department

Department of Chemistry

CHM4610L - Inorganic Chemistry Laboratory**Credits Hours**

2

Lab/Studio/Field Work Hours

6

Prerequisites

- C (2.0) or better in CHM 4610.

Course Description

A study of physical and chemical properties and synthetic techniques in Inorganic Chemistry.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHM4906 - Directed Independent Study**Credits Hours**

1 - 99

College

0 - 99

College

College of Sciences

Department

Department of Chemistry

CHM4930 - Chemistry Seminar I**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 3120.

Course Description

Student finds a faculty adviser. In consultation with adviser, prepares draft seminar on undergraduate research or literature topic. Attends approved seminars. Completes CITI ethics course.

College

College of Sciences

Department

Department of Chemistry

CHM4931 - Chemistry Seminar II**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better in CHM 4930.

Course Description

Student builds upon the seminar prepared in CHM 4930 and presents it to the seminar class, adviser and instructor. Attends approved seminars.

College

College of Sciences

Department

Department of Chemistry

CHM4942 - Instructional Experiences in Undergraduate Chemistry
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ENC 1102, B (3.0) or higher in CHM 2045 and C.I.

Course Description

Students enrolled in course will act as Learning Assistants in a chemistry classroom. The course involves coverage of chemistry concepts and training in pedagogical techniques.

College

College of Sciences

Department

Department of Chemistry

CHS - Chemistry Specialized

CHS1440 - Principles of Chemistry
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- One year of high school chemistry or .

Course Description

Basic concepts of chemistry, with emphasis on problem solving, including atomic and molecular structure, states of matter, stoichiometry, equilibria, electrochemistry and thermodynamics. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Chemistry

CHS3501 - Introduction to Forensic Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1101. Preference will be given to students whose majors require this course.

Course Description

Intended for majors and non-majors to provide an overview of the specialty areas in the forensic crime lab.

College

College of Sciences

Department

Department of Chemistry

CHS3505C - Forensic Microscopy**Credits Hours**

4

Lab/Studio/Field Work Hours

6

Prerequisites

- C' grade or better in CHM 2046 & L, and CHS 3501, and MAC 2312.

Prerequisites/Corequisites

- PHY 2049C . The study of the polarized light microscope and its use in the identification and comparison of trace evidence.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHS3511C - Trace Evidence**Credits Hours**

4

Lab/Studio/Field Work Hours

6

Prerequisites

- C' grade or better in CHM 2211 , CHM 3120 , CHM 3120L , CHS 3505C .

Course Description

An advanced study of the techniques used to identify and compare trace evidence.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHS3530C - Forensic Analysis of Controlled Substances**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- C (2.0) or better in CHM 2211 , CHM 2211L , CHM 3120 , CHM 3120L , CHS 3505C

Course Description

Study of presumptive tests, isolation, and instrumental techniques used in identification of controlled substances.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHS3533 - Forensic Biochemistry I**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- C' or better in PCB 3063.

Course Description

Concepts and procedures of contemporary forensic biochemistry, including the identification of body fluids and the use of genetic markers to establish identity.

College

College of Sciences

Department

Department of Chemistry

CHS3533L - Forensic Biochemistry I Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Prerequisites

- C' or better in PCB 3063, PCB 3063L

Prerequisites/Corequisites

- CHS 3533.

Course Description

Concepts and procedures of contemporary forensic biochemistry. Emphasis on techniques and procedures used in operational crime laboratories in the U.S.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHS3595 - Forensic Science in the Courtroom**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" grade or better in CHS 3501 and senior level in Forensic Science.

Course Description

The special needs of the forensic scientist in preparing for and participating in courtroom proceedings.

College

College of Sciences

Department

Department of Chemistry

CHS4506C - Forensic Investigation Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- A grade of "C" or better in CHS 3505C or C.I.

Course Description

Modern technology applied to forensic investigation.

College

College of Sciences

Department

Department of Chemistry

CHS4515C - Forensic Crime Scene Investigation**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Grade of 'C' or better in CHS 3505C.

Course Description

Procedures for the collection, processing, and investigation of forensic evidence discovered at a crime scene.

College

College of Sciences

Department

Department of Chemistry

CHS4534C - Forensic Biochemistry II**Credits Hours**

3

Prerequisites

- C (2.0) or better in CHS 3533 and CHS 3533L.

Course Description

Advanced treatment of the theoretical and practical aspects of forensic DNA analysis and the use of population genetics and genetic data analysis for evidence interpretation.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Chemistry

CHS4537 - Forensic Laboratory Quality Assurance and Professional Practice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" or better in CHS 3501, STA 2023, CHM 3120 and CHM 3120L or C.I.

Course Description

Concepts and principles of quality assurance as well as professional practices in forensic science.

College

College of Sciences

Department

Department of Chemistry

CHS4591 - Forensic Science Internship
Credits Hours

3

Lab/Studio/Field Work Hours

30

Prerequisites

- Senior standing, within 8 hrs. of completion of degree requirements, and 2.5 GPA in the major.

Course Description

Credit for full-time work (one semester; 300 hours) at a forensic science agency under the supervision of faculty and agency representative.

College

College of Sciences

Department

Department of Chemistry

CHS4615 - Environmental Chemistry

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C (2.0) or better CHM 2046 and senior level in biological, molecular, chemical or engineering sciences

Course Description

Principles of environmental chemistry, survey of environmental law, remediation technologies, industrial practices and environmentally responsible chemistry.

College

College of Sciences

Department

Department of Chemistry

CIS - Computer and Information Systems

CIS3003 - Fundamentals of Information Technology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Corequisites

- Concurrently enrolled in COP 2500 or passing score on CPST exam

Course Description

Pervasive themes in IT. Organizational issues. History of IT. IT and its related and informing disciplines. Application domains. Applications of math and statistics to IT.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS3360 - Security in Computing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3223C or EGN 3211 with a grade of "C" (2.0) or better.

Course Description

Security theory. Legal and human factors, Malware, Intrusion patterns and tools, Windows, Unix, TCP/IP, and applications vulnerabilities. Detection. Policies and enforcement. Protection and assurance.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS3362 - Cryptography and Information Security**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3223C or EGN 3211, and MAC 1114C each with a grade of "C" (2.0) or better.

Course Description

Encryption algorithms and ciphers. Public and private keys. Key infrastructures. Authentication, confidentiality, integrity, and nonrepudiation. Digital signatures and certificates. Hash and digest algorithms. Standards.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS3921 - Careers in IT**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3223C and IT major.

Course Description

An overview of the IT field, job opportunities and careers in information technology, detailed information about some jobs as well as a broad survey.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS3990 - IT Career and Academic Advising I**Credits Hours**

0

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2053C and IT major.

Course Description

Mandatory meeting with students and their faculty advisor for career/academic advising.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS4004 - Web-Based Information Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (CNT 3004 and COP 3330) or (COP 3503C and Computer Science major) each with grades of "C" (2.0) or better.

Course Description

Digital libraries. Media formats. Compression. Streaming Media. Mobile internet and WML. Emerging technologies. Capacity planning for web services.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS4203C - Digital Forensics**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- (COP 4600 or CGS 3763) and (CIS 3360 or CIS 3362) or C.I.

Course Description

Operating system forensics, digital media forensics, networking forensics, various digital devices forensics. User activity profiling and digital storage recovery.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS4340 - Data Management Technology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3502C

Prerequisites/Corequisites

- (none)

Course Description

Storage and access structures, database models and languages, database design, techniques for parallel database systems, emerging data management technology.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS4361 - Secure Operating Systems and Administration

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CIS 3360 with a grade of "C" (2.0) or better;

Corequisites

- COP 4600 or CGS 3763 or EEL 4882.

Course Description

Understanding of secure operating systems requirements, design principles and theories, protection methods, access control, authentication, vulnerability, analysis and case studies.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS4524 - Managing IT Integration**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CIS 3003 or COP 3503C and Computer Science major, with a grade of "C" (2.0) or better.

Course Description

Requirements, acquisition and sourcing. Integration. Project management. Testing and QA. Organizational context. Architecture.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS4615 - Secure Software Development and Assurance**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (COP 4600 or CGS 3763) and (CIS 3360 or CIS 3362) or C.I.

Course Description

Threat modeling and risk analysis, development of secure software, software assurance techniques, analyzing and auditing software.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS4940C - Topics in Cybersecurity

Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- CIS 3360 or C.I.

Course Description

A directed and supervised investigation of selected problems, issues, and trends in cybersecurity, with emphasis on laboratory simulations of system penetration methods and network defense strategies.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CIS4991 - IT Career and Academic Advising II

Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- CIS 3990 and department consent.

Course Description

Mandatory meeting with students and their faculty advisor for career/academic advising.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CJC - Criminal Justice Corrections

CJC3010 - Corrections and Penology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Course Description

Theories, structures, and methods of institutional and non-institutional processing and treatment of convicted criminals and juvenile offenders.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJC3134 - Prisons and jails**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CJC 3010.

Course Description

An overview and analysis of issues in institutional corrections, focusing on prison and jail history, inmates, guards, administration and management, and programming.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJC3164 - Community-Based Corrections
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 and CJC 3010 or C.I.

Course Description

An overview and analysis of correction interventions and treatment programs in the community.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJC4410 - Correctional Interventions in Criminal Justice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing and CJC 3010.

Course Description

Intervention techniques used with juvenile and adult offenders in institutional and community-based settings and study of the theoretical foundations.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE - Criminal Justice Law Enforcement

CJE3001 - Careers in Criminal Justice**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing and ENC 1102.

Course Description

Introductory course with focus on components of the Criminal Justice process (police, courts, and corrections) and employment opportunities within the criminal justice system.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE3444 - Crime Prevention**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing and ENC 1102.

Course Description

An overview and analysis of crime prevention strategies used in the private and public sectors.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE3662 - CJ Information Technology and Data Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (Sophomore Standing and CGS 1060C) or C.I.

Course Description

Designed to familiarize with concepts of databases, uses, and applicability to crime analysis.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4012 - Criminal Profiling in Criminal Justice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3014 or (Criminal Profiling or Crime Scene Investigation Certificate declared and Junior Standing) or C.I.

Course Description

Examines criminal profiling undertaken by law enforcement and prosecution authorities which consists of gathering, reviewing and analyzing evidence pertaining to violent crimes.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4014 - Police and Society
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Course Description

An examination of the varied roles of police in contemporary society. Emphasis is on dynamics of police/citizen interactions and the police subculture.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4174 - Comparative Justice Systems
Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 and CJL 3510 or C.I.

Course Description

A survey of contemporary foreign criminal justice and differences emerging from various political, cultural and legal systems.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4352 - Policy Development in Law Enforcement
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing and ENC 1102.

Course Description

The course is designed to deal with policy development in law enforcement. Major issues of organization, administration, personnel practices and police operations will be addressed.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4410 - Community Policing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing and ENC 1102.

Course Description

The viability of community policing. The theoretical basis for community interventions are related to the daily operations required by community policing.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4572 - Justice Agency Operations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Course Description

Elements, functions, and processes essential to the continuing management of various criminal justice agencies, institutions and court systems.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4610 - Criminal Investigation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CJE 4014 or (Criminal Profiling or Crime Scene Investigation certificate declared) or C.I.

Course Description

Course acquaints students with basic Procedures used in Criminal investigations, purpose of investigations, and ingredients for successful investigations.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4630 - Serial Murder and Criminal Justice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing and ENC 1102 or C.I.

Course Description

Study of extent, types, and explanations of serial murder, and responses of the general public, law enforcement, and prosecution.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4654 - Crime and Place**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or (Crime Analysis and Crime Mapping Certificate declared and Junior Standing) or C.I.

Course Description

Provides an understanding of how physical environmental features - the natural and built environment - influences crime events.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4663 - Crime Mapping and Pattern Analysis

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CJE 3662 or C.I.

Course Description

Provides essential theoretical knowledge and hands on experience mapping crime and other spatial criminal justice data and analyzing crime patterns.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJE4694 - Cybercrime and the Criminal Justice System

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Course Description

An overview of criminal justice responses to cybercrime including enforcement, behavioral, and social factors that influence its perpetration, prevention, and prosecution.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJJ - Criminal Justice Juvenile Justice

CJJ4564 - Juvenile Justice System
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (CCJ 3024 and CJ Majors) or Victim Advocacy Certificate declared or C.I.

Course Description

Examination of programs and institutions including juvenile court process, intake services, and remedial procedures and practices.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJL - Criminal Justice Law and Process

CJL3510 - Prosecution and Adjudication
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024 or C.I.

Course Description

Examination of structures and goals of offices and prosecution and criminal trial courts, and of the processes of charging, adjudicating, and sentencing defendants.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJL4514 - Criminal Sentencing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024, CJL 3510.

Course Description

Examines the myriad theoretical, empirical and operational issues involved in criminal sentencing policy in American society.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJT - Criminal Justice Technology

CJT3803 - Security Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- SCC 3311 or C.I.

Course Description

Examination of a global security management environment impacted by downsizing a dramatically changing work force, religious extremism/terrorism, technological revolution and other challenges.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJT3821 - Practical Security Applications

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

An examination of basic security principles applied to practical specific security situations encountered in the Central Florida area.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CJT4843 - Risk Management in Criminal Justice/Private Security

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- SCC 3311 or C.I.

Course Description

This course examines the concept of risk management in a criminal justice context.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

CLP - Clinical Psychology

CLP3004 - Behavioral Self Control**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Application of behavioral and biofeedback techniques to self-regulation.

College

College of Sciences

Department

Department of Psychology

CLP3143 - Abnormal Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Classification, causation, and treatment of deviant patterns of behavior.

College

College of Sciences

Department

Department of Psychology

CLP3143H - Honors Abnormal Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012 and consent of Honors.

Course Description

Classification, causation, and treatment of deviant patterns of behavior. With Honors content.

College

College of Sciences

Department

Department of Psychology

CLP3184 - Women's Mental Health**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Social and cultural factors of mental health issues and conditions that are unique to or primarily impact women in the U.S. today.

College

College of Sciences

Department

Department of Psychology

CLP3302 - Clinical Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CLP 3143.

Course Description

An overview of approaches to psychopathology, methods of clinical assessment, and various approaches to individual and group counseling.

College

College of Sciences

Department

Department of Psychology

CLP3413 - Contemporary Behavior Therapy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CLP 3143.

Course Description

Emphasis on the underlying principles and the specific intervention procedures which are utilized in contemporary behavior therapy, including treatment strategies for particular behavior disorders.

College

College of Sciences

Department

Department of Psychology

CLP3467 - Interpersonal Effectiveness and Group Psychotherapy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Psychological aspects of interpersonal relationships, the rationale for group therapy, and strategies for enhancing interpersonal skills and personal growth.

College

College of Sciences

Department

Department of Psychology

CLP4134 - Childhood Psychopathology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012, CLP 3143, DEP 2004C.

Course Description

An in-depth survey of the prevalence, classification, symptoms, diagnosis, consequences, and treatments of disorders of infancy, childhood, and adolescence.

College

College of Sciences

Department

Department of Psychology

CLP4314 - Health Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Interactions between psychosocial and physical conditions, in prevention, diagnosis, intervention and health care delivery policy planning. Course will cover empirical phases for prevention, assessment and intervention approaches for these focal areas: cancer, chronic heart disease, diabetes, HIV disease, pain and stress.

College

College of Sciences

Department

Department of Psychology

CLP4390 - Forensic Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Clinical practice of psychology within the legal system, including forensic evaluation of competency/insanity, treatment, and criminal profiling.

College

College of Sciences

Department

Department of Psychology

CLT - Classical Culture Translation

CLT3370 - Classical Mythology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Myths of the Greeks & Romans studied through excerpts from ancient sources and experienced through works of art, literature, and music.

College

College of Arts and Humanities

Department

Department of Philosophy

CLT3378 - Comparative Mythology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Common themes found in the myths of various cultures; theories of their origins, meaning and value in human experience.

College

College of Arts and Humanities

Department

Department of Philosophy

CNT - Computer Networks

CNT3004 - Computer Network Concepts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2053C with a grade of "C" (2.0) or better and,

Corequisites

- CIS 3990.

Course Description

Network media, protocol, current and evolving standards for local, metropolitan, wide area and wireless networks.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CNT4403 - Network Security and Privacy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (CNT 3004 or EEL 4781 or CNT 4704) and (CIS 3360 or CIS 3362) all with a grade of "C" (2.0) or better or C.I.

Course Description

Fundamentals of network security, protocols, secure applications, network intrusion detection, security policy, firewalls, and privacy issues.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CNT4425C - Cloud Computing Management
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- CGS 3763 or COP 4600 with a grade of "C" (2.0) or better. Administration of cloud computing.

Course Description

Topics include virtualization, container, resource management, programming models, application models, and system administration. Real-world Cloud Computing systems and tools, such as OpenStack, Amazon/Microsoft/Google public cloud systems, as well as Hadoop and Spark.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CNT4603 - System Administration and Maintenance
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CGS 3763 or COP 3503C and Computer Science major, with a grade of "C" (2.0) or better.

Course Description

An examination of operating systems and applications installation, configuration, and maintenance, including client-server services, content management and deployment, server administration and management, and user/group management.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CNT4703C - Design and Implementation of Computer Communication Networks

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- (CNT 3004, COP 3502C and either MAD 2104 or COT 3100C) or (COP 3503C and Computer Science major) all with a grade of "C" (2.0) or better.

Course Description

Data communication networking technologies (TCP/IP, Ethernet, Gigabit Ethernet, ATM, Frame Relay), products (routers, switches, adapters, cabling). Base design and detailed configuration including hands-on exercises.

Current Fee Per Student

\$16.00

College

College of Engineering and Computer Science

Department

Department of Computer Science

CNT4704 - Analysis of Computer Communication Networks

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (COT 3100C or MAD 2104) and STA 2023 each with grades of "C" (2.0) or better.

Course Description

Network design using layering. Introduces cabling, topology, architecture, hardware and software. Includes performance and control issues such as congestion control, error control, contention resolution.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CNT4714 - Enterprise Computing

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (CGS 3269, MAD 2104, COP 3330 and COP 3502C) or (COP 3503C and Computer Science or Computer Engineering major) all with a grade of "C" (2.0) or better.

Course Description

Client-server architecture. Server-side scripting: Servlets, JSP, PHP. JDBC and MySQL database; connectivity. Multi-threaded Java applications. J2EE development. SSL., Event-driven programming.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CNT4932 - Wireless Communication and Networking

Credits Hours

1 - 99

Lab/Studio/Field Work Hours

0

Prerequisites

- CNT 4703 or CNT 4704 or C.I.

Course Description

Wireless transmission basics, radio propagation, antennas, digital modulation, spread spectrum techniques, their applications. Design and testing Wi-Fi, WiMAX and microwave systems. Introduction to cellular technology.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COM - Communications

COM1000 - Introduction to Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Survey course introducing students to theory, research, and practical principles associated with human communication in interpersonal, public, and professional contexts.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3003 - Exploring Human Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Either SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

The variety of topics and contexts that human communication scholars examine, the theories that have emerged and the research that creates the theories.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3011C - Communication and Human Relations
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- COM 3311 or COM 3003, or CI

Course Description

Semantics; symbols and meaning and their relationship with human behavior.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3311 - Communication Research Methods
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- STA 2014C and Human Communication major or Communication and Conflict major, or Human Communication minor, or C.I.

Course Description

Research methods used in communication. Understanding and interpretation of original research emphasized.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3330 - Computer Mediated Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- RTV major- Media Management & Operations specialization or Mass Communication Minor, and CGS 1060 or STA 2014 or STA 2023, or C.I.

Course Description

Communicating through computers. The foundations and applications of online and interactive multimedia applications, including trends and limitations.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3402 - Communication Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- COM 3003 or COM 3311 or C.I.

Course Description

Examination of the foundation of theoretical inquiry, selected approaches to theorizing, applications of theory and ethical implications of theory in a number of communication contexts.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3406 - Role of Motivation in Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- COM 3311 or COM 3003, or C.I.

Course Description

Motivation theories that directly affect the process of human communication.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3800 - Conflict Communication Research Methods**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Communication & Conflict major and either SPC 1608, or SPC 1603, or COM 1000, or C.I.

Course Description

Survey of research methods used by conflict communication scholars; emphasis on approaches, methodologies, and analyses used to inform the process of human conflict communication.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3801 - Relational Conflict Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Communication & Conflict major.

Prerequisites/Corequisites

- COM 3800 or COM 3311 or C.I.

Course Description

Examination of social dynamics, interpersonal behavior, and motivation in a variety of settings in order to analyze intergroup conflict, and violence reducing strategies and techniques.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3802 - Principles of Communication & Conflict**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Communication & Conflict major and SPC 1608, SPC 1603C, or COM 1000, or C.I.

Course Description

Examination of major theories and concepts related to communication and conflict focusing on the influence of message content, relationships, and environments in multiple conflict scenarios.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM3912 - Collaborative Experiential Research Practicum
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Either SPC 1608, SPC 1603C or COM 1000, and C.I.

Course Description

Students will work as research assistants in a team, under faculty supervision, and learn first-hand the process of conducting communication/social scientific research.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4013 - Communication and the Family
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- COM 3003 or COM 3311 or C.I.

Course Description

The ways members of a family unit interact verbally and nonverbally to influence one another.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4014 - Gender Issues in Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing, and one of the following; SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

A study of how communication exchanges, both verbal and non-verbal, differ between men and women, and how these differences are manifested.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4022 - Principles of Health Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- SPC 1608 or SPC 1603C or COM 1000 or C.I.

Prerequisites/Corequisites

- Human Communication Major, Human Communication Minor, Health Communication Certificate, Communication and Conflict Major, Health Sciences: Health Promotions Track, Strategic Communication Certificate, Strategic Communication Minor or C.I.

Course Description

Theories and research about the role communication plays in health.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4026 - Current Issues in Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Communications and Conflict major

Prerequisites/Corequisites

- COM 3003 or CI

Course Description

Topics for this course will vary based on current issues in Communications

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4110 - Business and Professional Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Human Communication, Ad-PR, or R-TV Majors or Human Communication Minors only; and one of the following; SPC 1608, SPC 1603C, or C.I.

Course Description

Theoretical and practical training in effective presentational speaking for business and professions.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4120 - Organizational Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- COM 3003 or COM 3311 or Communication and Conflict major or Health Communication Certificate or C.I.

Course Description

A study of communication functions and problems within the contexts of hierarchies.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4221 - Health Literacy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COM 4022

Prerequisites/Corequisites

- COM 3003 or COM 3311 or C.I.

Course Description

Examines literature, theories and addresses health literacy. Engaging patients in decision-making process, guiding health professionals communication strategies, shared decisions and improving the health-care experience.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4332 - Communication, Technology, and Change
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- COM 3003 or C.I.

Course Description

How new technologies influence (and are influenced by) communication in a variety of contexts, including organization and interpersonal settings.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4416 - Terrorism and Communication
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- One of the following: SPC 1603C, SPC 1608, COM 1000 or CI.

Course Description

How terrorism is a communication process. How mass media, symbols, linguistic devices, e-terrorism, and theoretical dimensions play a role in terrorism. How communities respond to terrorist attacks.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4416H - Honors Terrorism and Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- One of the following: SPC 1603C, or SPC 1608, or COM 1000 or C.I., and Consent of Honors.

Course Description

How terrorism is a communication process. How mass media, symbols, linguistic devices, e-terrorism, and theoretical dimensions play a role in terrorism. How communities respond to terrorist attacks.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4461 - Intercultural Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing, and one of the following; SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

Study of variables affecting messages and participants in intercultural contexts.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4462 - Conflict Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- COM 3311 or COM 3003, or C.I.

Course Description

The study of communication in everyday conflicts.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4550 - Public Communication Campaigns
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COM 3311 or C.I.

Course Description

This course examines the strategies and effects of public communication campaigns aimed at informing and persuading audiences in health, political and environmental contexts.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4563 - Principles of Social Innovation and Activism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Communication and Conflict major or COM 3003 or COM 3311 or C.I.

Course Description

This course examines and applies foundational communication knowledge, theories and skills to advocate for social justice in the modern world.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4803 - Third Party Processes & Intervention**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COM 3802 and Communication & Conflict Major or C.I.

Course Description

Identify components and skills in multiple third party processes including mediation, arbitration, and facilitation; build conflict management and process design skills.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4804 - Communication in Cultural Conflict Context**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Communication & Conflict major.

Prerequisites/Corequisites

- COM 3800 or COM 3311 or C.I.

Course Description

Exploration of communication factors that contribute to the development of conflict across groups, cultures and societies.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4805 - Transformative Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Communication & Conflict major.

Prerequisites/Corequisites

- COM 3800 or COM 3311 or C.I.

Course Description

Examines various western and non-western belief/ethical systems, and how conflict may be perceived, communicated and interpreted using metaphysical approaches to conflict management.

College

College of Sciences

Department

Nicholson School of Communication and Media

COM4806 - Communication & Conflict Case Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Communication & Conflict major and Senior Standing, COM 3800 or COM 3311 and COM 3802 or C.I.

Course Description

Application of communication and conflict theories to intercultural and community case studies, examining historical, political, and cultural elements of empowerment and peace-building.

College

COM4934 - Topics in Intercultural Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete at least 1 of the following:
 - COM1000 - Introduction to Communication (3)
 - SPC1603C - Fundamentals of Technical Presentations (3)
 - SPC1608 - Fundamentals of Oral Communication (3)

Course Description

Investigates advanced topics in intercultural communication, depending on choice of instructor. Possible topics include global health communication, ethnography of speaking, critical perspectives on intercultural communication

College

COP - Computer Programming

COP2500C - Concepts in Computer Science

Credits Hours

3

Lab/Studio/Field Work Hours

1

Course Description

Fundamental concepts in program design, data structures, algorithms, analysis and a survey of topics in CS.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP3223C - Introduction to Programming with C
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- COP 2500C with a "C" (2.0) or better, or Appropriate score on the UCF CS Placement Exam, or Consent of Instructor.

Course Description

Programming in C including arrays, pointer manipulation and use of standard C math and IO libraries.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP3223K - Honors Introduction to Programming with C
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors and one of the following: COP 2500C with a "C" (2.0) or better, or Appropriate score on the UCF CS Placement Exam, or Consent of Instructor.

Course Description

Programming with C including arrays, pointer manipulation and use of standard C math and IO libraries.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP3330 - Object Oriented Programming**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3223C or EGN 3211 with a grade of "C" (2.0) or better.

Course Description

Object oriented programming concepts (classes, objects, methods, encapsulating, inheritance, interfaces) and the expression of these concepts in the programming languages such as JAVA.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP3402 - Systems Software**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CDA 3103C and COP 3502C each with a grade of "C" (2.0) or better.

Course Description

Design and development of assemblers, linkers, loaders, and compilers. Study memory hierarchy, program performance, and system level I/O.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP3502C - Computer Science I**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- (COP 3223C or EGN 3211) and MAC 1105C all with a grade of "C" (2.0) or better.

Course Description

Problem solving techniques, order analysis and notation, abstract data types, and recursion.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP3502K - Honors Computer Science I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and (COP 3223C or EGN 3211) and MAC 1105C all with a grade fo "C" (2.0) or better.

Course Description

Problem solving techniques, order analysis and notation, abstract data types, and recursion.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP3503C - Computer Science II

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- COP 3502C and COP 3330 and (MAD 2104 or COT 3100C) all with a grade of "C" (2.0) or better.

Course Description

Algorithm design and analysis for tree, list, set, and graph data models; algorithmic strategies and applications, and algorithmic complexity analysis; sorting and searching; practical applications.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP3503K - Honors Computer Science II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and (COP 3502H or COP 3502C) and COP 3330 and (MAD 2104 or COT 3100C) each with a grade of "C" (2.0) or better.

Course Description

Algorithm design and analysis for tree, list, set, and graph data models; algorithmic strategies and applications, and algorithmic complexity analysis; sorting and searching; practical applications. With honors content.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4020 - Programming Languages I

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3503C with a grade of "C" or better and COT 3960.

Course Description

Paradigms and fundamental concepts of programming languages are presented, including: scope, binding, abstraction, encapsulation, typing etc. Design paradigms object-oriented, functional and logic programming are presented.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4283 - Data Science Programming

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3223C

Prerequisites/Corequisites

- (none)

Course Description

Programming for data processing and analytics, including languages and platforms used in science such as SAS, R, Julia, and Python. Intensive coding projects.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4331C - Processes for Object-Oriented Software Development

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- COP 3503C with a grade of "C" (2.0) or better and COT 3960 (CS majors).

Course Description

Concepts, principles, processes and methods for developing large software systems featuring a team project using object-oriented design in UML and implementation in C++.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4516C - Problem Solving Techniques and Team Dynamics

Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- COP 3503C with a grade of "C" (2.0) or better.

Course Description

Design and implement solutions to problems requiring the applications of the different algorithms. Team project format.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4520 - Concepts of Parallel and Distributed Processing

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3402 and COP 3503C each with a grade of "C" (2.0) or better and COT 3960.

Course Description

Parallel and distributed paradigms, architectures and algorithms, and the analytical tools, environments and languages needed to support these paradigms.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4600 - Operating Systems

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3503C and COP 3402 (CS majors) each with a grade of "C" (2.0) or better and COT 3960 (CS majors).

Course Description

Function and organization of operating systems, process management, virtual memory, I/O management, and file management.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4710 - Database Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3503C with a grade of "C" (2.0) or better.

Course Description

Storage and access Structures, database models and languages, related database design, and implementation techniques for database management systems.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4910 - Frontiers in Information Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CNT 4603 with a grade of "C" (2.0) or better;

Corequisites

- CNT 4703C and CIS 4991.

Course Description

Research into leading edge information technologies that have a high likelihood of affecting the work place in the two to five year time frame.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4934 - Senior Design I

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3402 and COP 3503C each with a grade of "C" (2.0) or better and consent of Department of EECS;

Corequisites

- COP 4331C.

Course Description

Students work in teams to demonstrate their knowledge of computer science and apply it to realistic and meaningful problems.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COP4935 - Senior Design II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 4934 with a grade of "C" (2.0) or better.

Course Description

Students work in teams to demonstrate their knowledge of computer science and apply it to realistic and meaningful problems.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COT - Computer Theory

COT3100C - Introduction to Discrete Structures**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- MAC 2311C with a grade of "C" (2.0) or better.

Course Description

Logic, sets, functions, relations, combinatorics, graphics, Boolean algebras, finite-state machines, Turing machines, unsolvability, computational complexity.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COT3100K - Honors Introduction to Discrete Structures**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and MAC 2311C with a grade of "C" (2.0) or better.

Course Description

Logic, sets, functions, relations, combinatorics, graphics, Boolean algebras, finite-state machines, Turing machines, unsolvability, computational complexity.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COT3930H - Mathematical Modeling and Scientific Computing

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Permission of Honors and MAC 2311C and (COP 3223C or EGN 3211)

Course Description

Combines Mathematics and Computing Techniques to solve a diverse array of real-life problems.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COT3960 - Foundation Exam

Credits Hours

0

Prerequisites

- COP3502C with a grade of "C"(2.0) or better.

Course Description

Foundation examination for computer science majors. Required before taking advanced core courses in Computer Science and upper-division 4000 and 5000 level CS electives.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COT4210 - Discrete Structures II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3503C and MAC 2312 each with a grade of "C" (2.0) or better and COT 3960.

Course Description

Computation theory. A study of the properties of grammars and automata as formal specifications for algorithms and families of languages.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COT4400 - Tools for Algorithm Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COT 3960 and COP 3503C.

Course Description

Tools from discrete and continuous mathematics for analyzing complexity of algorithms. Order notation use and manipulation.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COT4500 - Numerical Calculus

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2312 and COP 3223C each with a grade of "C" (2.0) or better.

Course Description

Numerical methods for finding roots of nonlinear equations, solutions of systems of linear equations, and ordinary differential equations.

College

College of Engineering and Computer Science

Department

Department of Computer Science

COT4810 - Topics in Computer Science

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3402 and COP 3503C each with a grade of "C" (2.0) or better and COT 3960.

Course Description

A range of topics from the field of Computer science; application of oral and written communication skills; social, ethical and moral issues of computing.

College

College of Engineering and Computer Science

Department

Department of Computer Science

CPO - Comparative Politics

CPO3034 - Politics of Developing Areas**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- INR 2002 or C.I.

Course Description

Comparative analysis of theories, problems and politics of development in Third World nations.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO3057 - Contemporary Revolution and Political Violence**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or C.I.

Course Description

Theories and cases of revolutionary change and political violence in the contemporary world.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO3103 - Comparative Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Government and politics in selected nations, with emphasis upon comparative analysis of contemporary problems, politics, political culture, behavior, and institutions.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO3104 - Politics of Western Europe**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

An examination of the political and economic dynamics of Western Europe in the post-1945 era.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO3132 - Canadian Politics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or C.I.

Course Description

Canadian politics including identity formation, political institutions, political culture, and U.S./Canada relations.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO3403 - Politics of the Middle East
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

An examination of the dynamics of Middle East politics, including both regional and international dimensions.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO3403H - Honors Politics of the Middle East
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

An examination of the dynamics of Middle East politics, including both regional and international dimensions. Honors level content

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO3614 - Politics of Eastern Europe
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

An examination of the political and economic dynamics of Eastern Europe in the post-1945 era.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4062 - Comparative Judicial Process**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Study of courts and judges in cross national context. Focus upon judicial recruitment, decisional patterns, and policy outcomes.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4074 - Political Economy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Interrelationship of political and economic phenomena of both advanced industrial societies and less developed countries.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4101 - Politics of the European Union**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Evolution of the European Union, theories of the EU and EU institutions and policies from a comparative perspective.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4123 - Government and Politics of Great Britain**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

A survey of British government, society, politics and institutions, emphasizing parliamentary traditions. Britain's foreign policy and European role will be discussed.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4303 - Comparative Latin American Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Comparative analysis of politics, society and culture in Latin America and selected countries of the region.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4400 - Kurdish Politics: Identity, Violence, and Democracy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041, or INR 2002, or ENC 1102

Course Description

Comprehensive analysis of Kurdish politics in the context of Middle Eastern politics, including the role of nationalism and identity, ethnic conflict, resistance, and gender.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4406 - Minorities and Majorities in the Middle East
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

An exploration of the minority-majority relations in the Middle East with a focus on religious and ethnic diversity in Iran, Iraq, Syria, and Turkey.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4514 - Politics of East Asia
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Major trends in political, economic, and sociocultural aspects in the East Asian region.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4541 - Chinese Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

China's political development since 1949.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4553 - Politics of Japan**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Evolution of the Japanese political system and how domestic and international politics influence the functioning of the Japanese economy.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4643 - Government and Politics of Russia**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Study of the origins, institutions, and functioning of the Russian system, including the lingering influence of the old order on domestic and foreign policy.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4710 - Women in Comparative Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

A cross-national perspective on women and politics; how women behave politically in various political and economic contexts.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4731 - Politics of Democratization**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or ENC 1102 or INR 2002 or Junior standing or C.I.

Course Description

Develops comparative perspectives and analytical skills on issues of democratization and regime change.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4754 - Comparative Political Institutions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The course analyzes major types of political institutions from a comparative perspective including electoral laws, division of power, types of democracy, federalism, and the judiciary.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4784 - Political and Economic Inequality in Comparative Perspective
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Economic and political inequality and the nature of the link between them across countries with different political and economic institutions.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CPO4794 - Indigenous Politics and the Environment
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or C.I.

Course Description

Unique environmental politics specific to indigenous peoples around the world.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

CRW - Creative Writing

CRW3010H - Honors Creative Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Theory and techniques of literary genres with honors level content; practice and critique of original writing by peers and critical reading of established authors.

College

College of Arts and Humanities

Department

Department of English

CRW3011 - Creative Writing for Non-Majors
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Only open to non-majors. The techniques of literary genres; the practice and critique of original work by peers; critical reading of established authors. Designed for non-majors. Not open to students with credit in CRW 3013.

College

College of Arts and Humanities

Department

Department of English

CRW3013 - Creative Writing for English Majors**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor and grade of "C" (2.0) or better required in ENC 1102, or C.I.

Course Description

Literary genres; practice and critique of peer writing; critical reading of established authors.

College

College of Arts and Humanities

Department

Department of English

CRW3053 - Theory & Practice of Creative Writing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor and a grade of "C" (2.0) or better in ENC 1102, or C.I.

Course Description

Examination of the genres and readings in contemporary creative writing with attention to literary technique, and discussion of issues in the field.

College

College of Arts and Humanities

Department

Department of English

CRW3120 - Fiction Writing Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of C (2.0) or better in CRW 3013 and CRW 3053, or C.I.

Course Description

An intermediate level fiction writing workshop for English majors; group analysis and criticism; close reading of contemporary fiction and fiction theory.

College

College of Arts and Humanities

Department

Department of English

CRW3211 - Creative Nonfiction Writing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of C (2.0) or better in CRW 3013 and CRW 3053, or C.I.

Course Description

Writers present original nonfiction writing for class response and individual conferences. Reading of key works of creative nonfiction with discussion of definitions of the genre.

College

College of Arts and Humanities

Department

Department of English

CRW3310 - Poetry Writing Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of C (2.0) or better in CRW 3013 and CRW 3053, or C.I.

Course Description

An intermediate level poetry workshop for English majors. Group analysis and criticism; close reading of contemporary poetry and poetic theory.

College

College of Arts and Humanities

Department

Department of English

CRW3311 - Readings in Poetry for Creative Writing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of C (2.0) or better in CRW 3013 and CRW 3053, or C.I.

Course Description

Intensive study of the structural characteristics of English, poetry, metrical systems, rhyme, scansion, and poetic rhetorical devices.

College

College of Arts and Humanities

Department

Department of English

CRW3540 - Literary Magazines**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor and grade of "C" (2.0) or better required in CRW 3013 and CRW 3053, or C.I.

Course Description

Examination of fiction and poetry trends in current literary magazines, identifying editorial policies in publication of contemporary literature.

College

College of Arts and Humanities

Department

Department of English

CRW3610 - Writing Scripts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor and grade of "C" (2.0) or better required in CRW 3013 and CRW 3053, or C.I.

Course Description

Theory and practice of writing scripts for film and TV.

College

College of Arts and Humanities

Department

Department of English

CRW3713 - Writing for Video Games**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor and grade of "C" (2.0) or better required in CRW 3013 and CRW 3053, or C.I.

Course Description

Basic theories and practices associated with game design. Students learn effective writing techniques for developing original video games.

College

College of Arts and Humanities

Department

Department of English

CRW3950 - Cypress Dome Editorship**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C.I.

Course Description

Responsibility for all aspects of editing The Cypress Dome-UCF's student literary journal.

College

College of Arts and Humanities

Department

Department of English

CRW4114 - History of Prose Style**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor and grade of "C" (2.0) or better required in CRW 3013 and CRW 3053, or C.I.

Course Description

Close study of style and craft in exemplary works of fiction and creative nonfiction from various time periods.

College

College of Arts and Humanities

Department

Department of English

CRW4122 - Advanced Fiction Writing Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of "C" (2.0) or better required in CRW 3120, or C.I.

Course Description

Intensive writing practice in fiction. Peer critique and group discussion of original manuscripts.

College

College of Arts and Humanities

Department

Department of English

CRW4123 - Science Fiction Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of "C" (2.0) or better required in CRW 3120, or C.I.

Course Description

Study of science fiction literature and writing of original science fiction stories. Workshop format with critique of writing assignments.

College

College of Arts and Humanities

Department

Department of English

CRW4125 - Fantasy and Worldbuilding
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Grade of C (2.0) or better in CRW 3120 or C.I.

Course Description

Theory and practice of fantasy writing, with particular emphasis on techniques of worldbuilding

College

College of Arts and Humanities

Department

Department of English

CRW4224 - Advanced Nonfiction Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of "C" (2.0) or better required in CRW 3211, or C.I.

Course Description

Intensive reading, writing, and workshop of creative nonfiction drawing on memory, observation, journalistic research, and literary techniques.

College

College of Arts and Humanities

Department

Department of English

CRW4320 - Advanced Poetry Writing Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of "C" (2.0) or better required in CRW 3310, or C.I.

Course Description

Intensive writing practice in poetry. Peer critique and group discussion of original manuscripts.

College

College of Arts and Humanities

Department

Department of English

CRW4616 - Advanced Scriptwriting Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of "C" (2.0) or better required in CRW 3610, or C.I.

Course Description

Intensive practice in writing scripts. Peer critique and group discussion of original manuscripts.

College

College of Arts and Humanities

Department

Department of English

CRW4722 - Editing for Creative Writers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of "C" (2.0) or better required in CRW 3013, CRW 3053 and at least one of CRW 3120, CRW 3211, CRW 3310, or CRW 3610 or C.I.

Course Description

Overview of editing processes, the history and future of editing, issues and areas of literary and trade book publishing, and style through grammar and syntax.

College

College of Arts and Humanities

Department

Department of English

CRW4724 - The Florida Review
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, junior standing, and a grade of "C" (2.0) or better required in CRW 3013, CRW 3053, and C.I.

Course Description

Hands-on experience with all aspects of Florida Review publishing, editing, and production in conjunction with this national journal.

College

College of Arts and Humanities

Department

Department of English

CRW4804 - Creative Writing in the Community
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of C (2.0) or better required in CRW 3013, CRW 3053 and at least one of CRW 3120, CRW 3211, CRW 3310, or CRW 3610 or C.I.

Course Description

Teaching creative writing to community groups through service-learning.

College

College of Arts and Humanities

Department

Department of English

CWR - Civil Water Resources

CWR3201 - Engineering Fluid Mechanics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 2302, EGN 3310 both with a grade of "C" (2.0) or better

Corequisites

- EGN 3321.

Course Description

Fundamentals of fluid mechanics with hydraulic applications: fluid properties, hydrostatics, dimensional analysis, energy, momentum, continuity, and steady flow.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CWR4120 - Hydrology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CWR 4202C and STA 3032 both with grades of "C" (2.0) or better.

Course Description

Occurrence, distribution, and properties of fresh water on Earth and movement via physical processes. Application of hydrology, fluid mechanics, and computation to water resources.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CWR4124 - Hydrogeology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CWR 4202C and CEG 4011C both with grades of "C" (2.0) or better.

Course Description

Fundamentals of subsurface flow and transport, role of groundwater in the hydrologic cycle, relation of groundwater flow to geologic structure, and management of contaminated groundwater.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CWR4202C - Hydraulics**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- CWR 3201 with a grade of "C" (2.0) or better.

Course Description

Application of basic principles of fluids at rest and in motion to analysis and design of hydraulic systems. Empirical relationships for practical engineering problems.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CWR4632C - Water Resources Engineering I

Credits Hours

4

Lab/Studio/Field Work Hours

2

Prerequisites

- STA 3032 and CWR 3201 both with a grade of "C" (2.0) or better.

Course Description

Descriptive and quantitative aspect of water in the earth's environment and its engineering implications, including analysis of surface water systems, design of hydraulic structures, and stormwater management.

Current Fee Per Student

\$21.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CWR4633C - Water Resources Engineering II

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- CWR 4632C with a grade of "C" (2.0) or better.

Course Description

Provision of advanced understanding of hydrology, hydrologic river routing, open/closed channel, and groundwater hydraulic and some engineering applications of these concepts.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

CWR4812C - Water Resources Design

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- CWR 4120 with a grade of "C" (2.0) or better and department consent.

Course Description

Project course for the design of storm water, potable and sewer transmission systems using local and state regulations.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

DAA - Dance Activities

DAA2000C - Introduction to Theatre Dance

Credits Hours

2

Lab/Studio/Field Work Hours

2

Course Description

Basic ballet, tap, and jazz technique. Recommended for students with no formal dance training.

College

College of Arts and Humanities

Department

Department of Theatre

DAA2100C - Modern Dance I**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major or dance minor and "C" (2.0) or better in DAA 2200C or DAA 2201C or DAA 3208C

Course Description

Exploration of form, style, and technique in creative movement. Includes practical class work and history lectures.

College

College of Arts and Humanities

Department

Department of Theatre

DAA2200C - Ballet I**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major, Dance minor, or department consent.

Course Description

Fundamentals of classical ballet; includes practical dance work as well as dance history lectures.

College

College of Arts and Humanities

Department

Department of Theatre

DAA2201C - Ballet II**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major or Dance minor and "C" (2.0) or better in DAA 2200C or department consent

Course Description

Intermediate classical ballet technique, including principles, theory, and practice technique.

College

College of Arts and Humanities

Department

Department of Theatre

DAA2300 - Ballroom Dance**Credits Hours**

2 - 99

Lab/Studio/Field Work Hours

0

Course Description

Instruction in selected ballroom dances (foxtrot, waltz, rumba, swing, samba, cha cha, tango, quickstep) focusing on dance and fitness aspects of ballroom dancing.

College

College of Community Innovation and Education

Department

School of Teacher Education

DAA2351 - Salsa & Latin Dance**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Course Description

Instruction in salsa and selected other Latin dances (meringue, bachata, cha cha) focusing on Latin dance and fitness aspects of ballroom dancing.

College

College of Community Innovation and Education

Department

School of Teacher Education

DAA2393C - World Dance**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major or Dance minor, and "C" (2.0) or better in DAA 2200C or department consent.

Course Description

Theory and applied technique with focus on one form, such as African dance, Flamenco, Irish dance, Indian dance, etc

College

College of Arts and Humanities

Department

Department of Theatre

DAA2520C - Tap Dance I**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major, Dance minor, or departmental consent.

Course Description

Form, style, and technique in the basic fundamental movements of tap dance.

College

College of Arts and Humanities

Department

Department of Theatre

DAA2521C - Tap Dance II**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major or Dance minor and "C" (2.0) or better in DAA 2520C or department consent.

Course Description

Intermediate exploration of form, style, and technique of tap dance.

College

College of Arts and Humanities

Department

Department of Theatre

DAA2570C - Jazz Dance I**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major or dance minor and "C" (2.0) or better in DAA 2200C or DAA 2201C or DAA 3208C

Course Description

Basic movements of American Jazz dance, including practical class work and Jazz dance history.

College

College of Arts and Humanities

Department

Department of Theatre

DAA2571C - Jazz Dance II**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major or Dance minor and "C" (2.0) or better in DAA 2570C or department consent.

Course Description

Intermediate Jazz dance using theory and practice in jazz technique.

College

College of Arts and Humanities

Department

Department of Theatre

DAA3004L - Dance Studio**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Prerequisites

- Theatre Major, Theatre Minor or Dance Minor and "C" (2.0) or better in any DAA course offered by the Theatre.

Course Description

Periodic attendance at departmental dance classes with permission of individual instructors.

College

College of Arts and Humanities

Department

Department of Theatre

DAA3208C - Ballet III**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major, Dance minor, or department consent, and C (2.0) or better required in DAA 2201C.

Course Description

Advanced classical ballet technique, including principles, theory, and practice technique.

College

College of Arts and Humanities

Department

Department of Theatre

DAA3508C - Jazz Dance III**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major, Dance minor, or department consent, and "C" (2.0) or better required in DAA 2571C.

Course Description

Advanced study of jazz dance, using theory and practice of jazz technique.

College

College of Arts and Humanities

Department

Department of Theatre

DAA3524C - Tap Dance III**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major, Dance minor, or department consent, and C (2.0) or better required in DAA 2521C.

Course Description

Advanced exploration of form, style, and technique of tap dance.

College

College of Arts and Humanities

Department

Department of Theatre

DAA3612 - Dance Improvisation/Composition I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DAA 2100C, Theatre major, Dance minor, or department consent.

Course Description

Theory and practice of dance composition.

College

College of Arts and Humanities

Department

Department of Theatre

DAA3645 - Choreography Practicum
Credits Hours

2

Lab/Studio/Field Work Hours

2

Prerequisites

- Theatre major, Dance minor, or department consent, and C (2.0) or better required in DAA 2100C.

Course Description

Student practice in choreographing a concert dance work for public performance.

College

College of Arts and Humanities

Department

Department of Theatre

DAA3684 - Dance Performance
Credits Hours

1

Lab/Studio/Field Work Hours

1

Prerequisites

- Theatre major, Dance minor, or department consent, C (2.0) or better required in DAA 2200C, or DAA 2201C, or DAA 3208C and audition.

Course Description

Student performance in a concert dance work.

Current Fee Per Student

\$15.00

College

College of Arts and Humanities

Department

Department of Theatre

DAE - Dance Education

DAE3370 - Dance and Rhythmics

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ENC 1102

Course Description

The development of skill proficiency and instructional strategies in rhythmics and dance techniques, and fundamental movement patterns for grades K-12.

College

College of Community Innovation and Education

Department

School of Teacher Education

DAN - Dance History

DAN3134 - Dance History I

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1101 or any 2000-level History course or C.I.

Course Description

The roots, trends, and styles of dance from prehistory through the early 20th century.

College

College of Arts and Humanities

Department

Department of Theatre

DEP - Developmental Psychology

DEP2004 - Developmental Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

The effects of genetic, psychological, maturational, and social factors on behavior throughout the life cycle.

College

College of Sciences

Department

Department of Psychology

DEP2004H - Honors Developmental Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012 and consent of Honors.

Course Description

Genetic, psychological, maturational, and social factors on behavior throughout the life cycle. With Honors content.

College

College of Sciences

Department

Department of Psychology

DEP3464 - Psychology of Aging
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

An examination of basic psychological processes related to the aging process, with emphasis on the applied implications of changes in perceptual-motor, social emotional and cognitive-intellectual functioning.

College

College of Sciences

Department

Department of Psychology

DIG - Digital Media

DIG2000 - Introduction to Digital Media
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC1105C.

Course Description

Introduction to history, principles, and processes associated with digital media and designing for digital media with emphasis on production and communication.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG2030 - Digital Video Fundamentals**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC1105C

Prerequisites/Corequisites

- DIG 2000

Course Description

Introduces concepts and principles of producing and assembling digital video and the tools and techniques of video and sound capture.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG2109 - Digital Imaging Fundamentals**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 1105C

Prerequisites/Corequisites

- DIG 2000

Course Description

Introduces concepts and principles of image creation, and the tools and techniques of image capture, creation, manipulation, and integration for design concepts.

Current Fee Per Student

\$10.00

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG2500 - Fundamentals of Interactive Design

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 1105C

Prerequisites/Corequisites

- DIG 2000

Course Description

Foundations of interactive media including user-interface design. Students combine audio, video, imaging, and animation using industry standard software.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG2783 - Fundamentals of Game Art

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: DIG 2000

Course Description

Fundamental understanding of contemporary game art topics including vector vs raster graphics, 2D sprite animation, basic modeling, and texturing.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3003 - Adventures in Emerging Media**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1101.

Course Description

Examines the rules and culture of emerging media. The course is presented online in a nonlinear "choose your own adventure" format.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG3024 - Digital Cultures & Narrative**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 2000 'B' and DIG 2030

Course Description

Understanding of digital cultures and narrative theories from an interdisciplinary perspective. Conceptual structure and design of visual and interactive storytelling.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3043 - Evolution of Video Games**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1101.

Course Description

Evolution of video games since the first game in the early 1950s to contemporary games.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3118 - Digital Tools and Technologies: Graphic Design**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in DIG 2000 or C.I.

Course Description

Composition, editing, and manipulation of digital imagery using Adobe Photoshop, including layering, typographic design and working with 3D images.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG3134C - Server-Side Scripting
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 3716C, DIG 3174C

Course Description

Principles of server-side development, including database design.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3146 - Social Platforms
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 2000, DIG 2030, DIG 2109, DIG 2500

Course Description

Introduction to social media as platforms, considering the affordances of contemporary platforms and platform-specific content production.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3153 - Writing for Digital Media**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Minimum grade of "B" (3.0) in DIG 2000.

Course Description

Methodologies, fundamentals, and history of written communications for the digital age. Application of methods and fundamentals in the following areas: language theory, document design, markup languages and the editing process.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3171 - Tools for Digital Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1101

Course Description

Examination of digital tools and techniques, including web and games, used for projects and research in digital humanities.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG3174C - Front-End Web Design**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: DIG 2500

Course Description

Principles of front-end web design using current markup and style languages.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3175 - Design for Accessibility and Engagement**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: DIG 3174C Front-End Web Design

Course Description

A multidisciplinary examination of methods and strategies for designing accessible and engaging web applications.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3355C - Artificial Environments and Effects**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- DIG3951

Course Description

Design and manipulation to convey a story, thought, and concept in visual medium. New imagery in motion such as non-character entities, music videos, and scientific visualization.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG3433C - Visual Storytelling and Visual Development**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- DIG 3951.

Course Description

Processes and techniques to transform story concepts into a producible visual experience.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG3450 - Interactive Performance I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission by audition only. Digital Media, Theatre majors, or C.I.

Course Description

Techniques of interactive acting, with emphasis on interpersonal awareness and audience facilitation.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG3480 - Computer as a Medium
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 2500, DIG 2030 and DIG 2109.

Course Description

Fundamentals of coding and scripting inside modern game engines with a focus on functionality and utilizing the computer as a medium to power their art.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3525 - Digital Media Production I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 2030, DIG 2109, DIG 2500, and a minimum grade of "B" (3.0) in DIG 2000.

Course Description

Media project planning, organization and execution; group dynamics. Software tools for project planning, scheduling and management.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3554 - Digital Tools and Technologies: Web Design**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in DIG 2000 or C.I.

Course Description

Creative and functional website design and development using Adobe Dreamweaver, including use of CSS, HTML, and incorporation of media and mobile design.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG3563 - Information Management and Entrepreneurship
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 3525.

Course Description

Managing digital technical & fiduciary aspects with view towards creating, storing, retrieving assets, & authoring databases & files. Basic financial introduction & entrepreneurial elements of starting & running small businesses.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3602C - Physical Computing
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: DIG 2500, DIG 2109 and DIG 2030

Course Description

Integrate physical computing techniques and hardware design into their digital media projects and games.

Current Fee Per Student

\$18.00

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3716C - Client-Side Scripting
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 2500.

Course Description

Object-oriented web programming using client-side scripting languages.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3727C - Game Level Design
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: DIG 3480, DIG 4713, and DIG 4780C

Course Description

Modern game engine implementation and coding techniques in the support of immersive level design.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3728C - Game Testing**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 4713, DIG 3480, DIG 4780c

Prerequisites/Corequisites

- DIG 4713, DIG 3480, DIG 4780c (prerequisites)

Course Description

Test video games & analyze various interactive play experiences. Learn a game's marketability. Test professionally released games & peer developed games for quality assurance. Lab required.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3811 - User-Centered Design**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 3525.

Course Description

Applying knowledge about cognition and behavior to design usable interfaces and systems.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3933H - Honors Video Game Theory & Design**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and Consent of Honors

Course Description

Theoretical and applied concepts in video game design and the literary impact of video games on our culture. With honors content.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG3951 - Character Animation Portfolio Review**Credits Hours**

0

Lab/Studio/Field Work Hours

0

Prerequisites

- C.I.

Course Description

Review of relevant digital and artistic works in a student's portfolio.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4104C - Web Design Workshop I
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 3716C and DIG 3134C.

Course Description

Individual web development and master professional workflow tools.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4138 - Digital Sculpting
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: DIG 4324C

Course Description

Develop sculptures in the real world, transpose them to a real-time virtual environment and output 3D virtual content back to a physical form.

Current Fee Per Student

\$12.00

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4172C - Web Design Workshop II**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- A minimum grade of "C" (2.0) or better in DIG 4104C.

Course Description

Practice collaborative skills through designing and implementing professional quality websites

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4206C - New Imagery in Motion Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 4325C, successful portfolio review, or C.I.

Course Description

Conceptual and technical aspects of scripting, image processing, 3D/2D data acquisition while practicing the use of generators, filters, particles, masks, and audio into digital projects.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4294C - Post-Production Game FX
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: DIG 4138 - Digital Sculpting

Course Description

Polishing theories, techniques, and tools to increase the depth of interactivity and create a more visually dynamic experience.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4295C - Game Optimization & Performance
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 4778C and DIG 4725C

Course Description

Optimize code and game engine assets to improve performance in games.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4323C - Modeling for Visual Language**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- DIG 3951 and admission into the Emerging Media BFA, Character Animation Track or ART 3950 and admission into the Emerging Media BFA, Experimental Animation Track or ART 3952

Course Description

Exploration of industry-standard 3D software interface, modeling, UVing basics, applying materials and textures, and using lights and cameras to render scenes for digital film production.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4324C - Modeling for Realtime Systems II**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 4780C.

Course Description

Low & high-poly mesh, textures & maps, level of detail, animation, character creation, rigging, & weighting for real-time systems. Learn designing around limitations of game engines.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4325C - Look Modeling Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 4780C and PR/CR ART 3950 , OR DIG 4323C and DIG 3951.

Course Description

Techniques, mechanics of designing, developing finished look emphasis on rendering, shading, texturing, and lighting.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4326C - Geometrical Modeling Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 4780C and PR/CR ART 3950 , OR DIG 4323C and DIG 3951.

Course Description

Techniques and mechanics of designing and manipulating geometrical representations of artificial characters and their environments; introduction to procedural models.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4354C - Advanced 3D Animation
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 4323C, successful portfolio review, or C.I.

Course Description

Advanced tools, concepts and techniques developed in the previous 3D animation courses. Students apply techniques to 3D character animation.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4359C - Artificial Environments and Effects Workshop
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 3355C and successful portfolio review, or C.I.

Course Description

Techniques and mechanics of artificial environments, with emphasis on compositing, image processing, visual style, visual continuity.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4373C - 3D Textures**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 4323C or C.I.

Course Description

Advanced application of lighting and surface attributes, improving on the tools, concepts, and techniques learned in previous 3D courses.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4394C - Motion Graphics: Advanced Compositing**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 4359C, successful portfolio review, or C.I.

Course Description

Advanced techniques including 3D modeling, texturing, lighting, particles, and compositing to create motion graphics. Manage and navigate objects, images and other media in visual narratives, as pertaining to 3-D Content.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4395 - Motion Capture for Performance**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 1105C, and DIG 3480 or TPA 2200, or C.I.

Course Description

Develop creative skills, learn theory and technology of motion capture systems for live and recorded dramatic performance, augmented & virtual reality, training, and educational applications.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4434C - Narrative Techniques in the Moving Image**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 4451C, successful portfolio review, or C.I.

Course Description

Advanced application of techniques in Visual Language employed in story production focusing on advancing a narrative and evoking emotion.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4451C - Visual Storytelling and Visual Development Workshop

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 3433C and successful portfolio review, or C.I.

Course Description

Techniques, mechanics of visual development with emphasis on strong visual designs which communicate effectively.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4486C - Visual Language of Moving Image II

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 3433C, successful portfolio review, or C.I.

Course Description

Application of techniques taught to design, create, and refine visual development, story board, story reel, character design, and animation that expresses a narrative for digital production.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4503C - Rapid Application Web Development
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 3134C and DIG 3716C.

Course Description

Asynchronous web development using current server-side and client-side scripting techniques and database technologies.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4526 - Digital Media Production II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 3525 and a minimum grade of "B" (3.0) or better in DIG 2000.

Course Description

Management and execution of large digital media projects, using structured methods and tools learned in Digital Media Production I.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4530C - Media for e-Commerce**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 3134C and DIG 3716C.

Course Description

The applications of server-side internet programming languages and media theory to e-commerce, internet security, and online portals.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4595 - Portfolio Development**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: DIG 4725C

Course Description

Creation and marketing of personal portfolio and application of necessary communication skills to obtain industry-level employment.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4624C - Digital Production in Artificial Environments

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- DIG 4359C, successful portfolio review, or C.I.

Course Description

Application of techniques to continue building artificial environments and effects, addressing lighting, continuity, movement, theme and mood to help express a narrative for digital production.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4630 - Creative Industries

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 3525.

Course Description

Overview of media as a business, including market structures, funding models, and business practices. Emphasis on web, social media, and video games as sectors of the industry.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4633C - Multi-Modal Design**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: DIG 2109, DIG 2030, and DIG 2500

Course Description

Examine and develop for emerging platforms with an emphasis on multi-platform support.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4639C - Mobile Development**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: DIG 3716C and DIG 3174C Front-End Web Design

Course Description

Developing mobile applications using native web technologies.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4704 - Interactive Entertainment
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- DIG 3525 or C.I.

Course Description

Ways to apply diverse skills of film making to digital media, non-linear story telling, virtual reality, video games and non-traditional education & military simulation.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4713 - Game Design

Credits Hours

3

Prerequisites

- DIG 2109, DIG 2500 and DIG 2030. Digital Media Major or C.I.

Course Description

Principles and theories of video game design, including software, content, interaction, and game play design. Project based.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4715C - Game Production
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 4713 with a minimum grade of 'B' (3.0) or better.

Course Description

Principles and theories of video game production, including project planning, scripting, 3D modeling and texturing, level design, and audio. Project based.

Current Fee Per Student

\$10.00

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4720C - Casual Game Production
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 4713 and DIG 4715C.

Course Description

Design and implement casual video games using professional tools and iterative design techniques.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4725C - Game Design Workshop I
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- DIG 4715C and DIG 3728.

Course Description

Design and pre-production of a game using professional tools and iterative design techniques.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4726C - Game Design Workshop II
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- A minimum grade of "C" (2.0) or better in DIG 4725C.

Course Description

Team-based continuation of DIG 4725C. Game design, production, and testing using professional tools and iterative design techniques.

Current Fee Per Student

\$11.00

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4778C - Game Design Tools & Plugins**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: DIG 3727C Game Level Design

Course Description

Game development techniques for designing tools for other designers to use, implement plugins, and extend the game engine to accomplish game development goals.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4780C - Modeling for Realtime Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- A minimum grade of "B" or better in DIG 2000 and a minimum grade of "C" or better in DIG 2109.

Course Description

Principles of construction of 3D models for real-time applications. Topics include level of detail management and efficiency versus visual quality for video games and simulation.

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4813 - Contemporary Topics in Digital Media**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Earn a minimum grade of C in each of the following:
 - DIG2030 - Digital Video Fundamentals (3)
 - DIG2109 - Digital Imaging Fundamentals (3)
 - DIG2500 - Fundamentals of Interactive Design (3)

Course Description

Digital media research topics may include games for health, social impact, and art; folklore in interactive media; data visualizations and informal learning; extended reality design.

Current Fee Per Student

\$15.00

College

College of Sciences

Department

Nicholson School of Communication and Media

DIG4855 - Converging Media Capstone**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- GEB 3031

Course Description

Cornerstone and 12 hours of restrictive electives within the Visual Arts and Emerging Media Management Track. Team based converging media projects leading to a capstone project that emphasizes creative thinking, prototyping, development, marketing and assessment paralleling the business world.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

DIG4941 - Internship
Credits Hours

1 - 99

Lab/Studio/Field Work Hours

1-99

Prerequisites

- Instructor Consent Required

Course Description

Digital Media Internship

College

College of Sciences

Department

Nicholson School of Communication and Media

DSC - Domestic Security

DSC4012 - Terrorism
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing and ENC 1102.

Course Description

Examination of competing ideologies of social and political conflicts (both international and domestic) that give rise to terrorism and implications for criminal justice system.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

DSC4013 - Homeland Security and Criminal Justice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and ENC 1102.

Course Description

Analysis of homeland safety and security in contemporary society and government.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

EAB - Experimental Analysis of Behavior

EAB3703 - Principles of Behavior Modification
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

An examination of the control of behavior through applications of principles and theories of learning. Examples are drawn from clinical and social psychology and from child rearing.

College

College of Sciences

Department

Department of Psychology

EAP - English as a Second Language for Academic Purposes

EAP1850 - English for Academic Purposes I
Credits Hours

6

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Global Achievement Academy (GAA).

Course Description

Development of academic skills for international students. Topics include academic reading and vocabulary development; listening and note-taking; and writing practice and oral communication.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

EAP2851 - English for Academic Purposes II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Global Achievement Academy (GAA) and a grade of "C" (2.0) or higher in EAP 1850 or consent of Global Achievement Academy.

Course Description

Development of advanced academic skills for international students. Topics include academic reading and vocabulary development; listening and note-taking; and writing practice and oral communication.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

EAS - Engineering: Aerospace

EAS3101 - Fundamentals of Aerodynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in EML 3701.

Course Description

Viscous, incompressible fluid flow; flow over finite wings; aerodynamic design; introduction to computational fluid dynamics.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS3530 - Space Systems Concepts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in all of the following EGN 3321, PHY 2049C, and MAP 2302.

Course Description

Physical and engineering aspects of current space flights. Space nuclear propulsion and power. Design of spacecraft for space environment. Communication with spacecraft. Space-borne instrumentation.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS3800C - Aerospace Engineering Measurements
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- C" (2.0), or better in EGN 3343.

Course Description

Theory, calibration and use of instruments. Measurement techniques, data analysis, report writing. Laboratory topics related to aerospace engineering.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS3810C - Design of Aerospace Experiments

Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- "C" (2.0) or better in both EAS 3800C and EML 3701.

Course Description

Design of experiments in aeronautic/aerospace systems with emphasis on project team activity.

Current Fee Per Student

\$45.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS3933 - Aerospace Career and Academic Faculty Advising I
Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in MAP 2302.

Course Description

Mandatory meeting with students and their faculty advisor for career/academic advising.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4105 - Flight Mechanics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EAS 3101;

Corequisites

- EML 4225.

Course Description

Analysis and design of aircraft performance, static and dynamic stability and automatic control systems.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4134 - High-Speed Aerodynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in EAS 3101.

Course Description

Normal and oblique shock waves, nozzles and wind tunnels, methods of analyzing compressible flow about airfoils, wings, and bodies. Viscous boundary layers and applications to the design process.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4200 - Analysis & Design of Aerospace Structures**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in EGM 3601.

Course Description

Aerospace structures and components, loads, bending, shear and torsion of thin-walled open and closed section beams, structural idealization, analysis of fuselage and wing sections, structural instability (buckling) of columns and monocoque cylinders.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4300 - Aerothermodynamics of Propulsion Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in EAS 4134 or EML 4703.

Course Description

Fundamental analysis and design considerations of propulsion systems. Turbojets, ramjets and rockets.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4400 - Spacecraft Attitude Dynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in EML 4225.

Course Description

Kinematics and dynamics of rigid and multibody spacecraft rotational motion. Attitude control with momentum exchange actuators and thrusters.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4404C - Discrete Control in Aerospace Vehicles**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- "C" (2.0), or better in all of the following EAS 3800C, EML 4225, and EML 4313.

Course Description

Discrete control aspects of aerospace vehicles, digital controller, design, state-space representation, Z-transform, system response.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4505 - Orbital Mechanics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in all of the following: MAC 2311C, MAC 2312, MAC 2313, MAP 2302, PHY 2048C and EGN 3321.

Course Description

Two-body problem, orbital equations, orbital transfer, earth satellite operation.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4700C - Aerospace Design I**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- "C" (2.0) or better in each EGN 3373, EAS 3101, EAS 3800C, EML 3701, EML 4225, and department consent.

Corequisites

- EAS 4931.

Prerequisites/Corequisites

- EAS 4931.

Course Description

Application of the design process to the team solution of a state-of-the-art problem. Airplanes and space vehicles, systems and devices are considered.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4703 - Small Satellite Payloads and Integration:**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- EML 3303C or EAS 3800C or EEL 3801C or ESI 4523.

Course Description

Evaluate overall impact of integration and design concepts on various satellite component subsystems and their payloads into a small satellite system design leading to a final configuration.

Current Fee Per Student

\$45.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4710C - Aerospace Design II

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- EAS 4931 and a "C" (2.0) or better in EAS 4700C.

Course Description

Continuation of the design process in the team building and testing of a prototype/model of an airplane, spacecraft, system or device.

Current Fee Per Student

\$60.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EAS4931 - Aerospace Career and Academic Faculty Advising II

Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- EAS 3933 and department consent.

Course Description

Mandatory meeting with students and their faculty advisor for career/academic advising

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

ECM - Engineering: Computer Mathematics

ECM4504C - Embedded Computer Systems

Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 4768C, EEL 4851C, EEL 4635C.

Course Description

Computer Applications in Systems role, sensor and actuator interfacing. Design projects, including problem statements and specifications, design methodology, implementation, testing, and documentation.

College

College of Engineering and Computer Science

Department

ECO - Economics

ECO2013 - Principles of Macroeconomics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

An introduction to macroeconomics, including an overview of the market economy; national income, employment, and price level determination, stabilization policies, and international economics.

College

College of Business Administration

Department

Department of Economics

ECO2013H - Honors Principles of Economics Macroeconomics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Same as ECO 2013 with honors-level content.

College

College of Business Administration

Department

Department of Economics

ECO2023 - Principles of Microeconomics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

The determination of prices in a market economy; their role in allocating consumer and producer goods and in distributing incomes, including attempts to improve market efficiency through public policy.

College

College of Business Administration

Department

Department of Economics

ECO2023H - Honors Principles of Microeconomics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

The determination of prices in a market economy; their role in allocating consumer and producer goods and in distributing incomes, including attempts to improve market efficiency through public policy. Honors content.

College

College of Business Administration

Department

Department of Economics

ECO3070 - Tutoring/Teaching Techniques for Undergraduate Economics**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- Satisfactory completion of same course the student is tutoring.

Course Description

Prepare undergraduate students to more effectively learn economics concepts through tutoring/teaching.

College

College of Business Administration

Department

Department of Economics

ECO3101 - Intermediate Microeconomics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2013, ECO 2023 and QMB 3003.

Course Description

Theoretical study of the behavior of households, firms, and the markets in which they operate with issues and applications.

College

College of Business Administration

Department

Department of Economics

ECO3155 - Thinking Like an Economist**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2013, ECO 2023

Course Description

Build students' analytical and quantitative skills through the application of economic theory to social problems and issues.

College

College of Business Administration

Department

Department of Economics

ECO3203 - Intermediate Macroeconomics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2013 and ECO 2023 and QMB 3003.

Course Description

Measurement, analysis, and control of aggregate economic activity.

College

College of Business Administration

Department

Department of Economics

ECO3223 - Money and Banking**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2013.

Course Description

Nature of money, commercial banking system, and monetary theory, and their relationship to the level of economic activity and activities of the Federal Reserve and U.S. Treasury.

College

College of Business Administration

Department

Department of Economics

ECO3410 - Mathematical Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101.

Course Description

Mathematical methods with particular focus on microeconomics foundations of individual decision-making.

College

College of Business Administration

Department

Department of Economics

ECO3703 - International Microeconomics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101.

Course Description

Fundamental principles of Classical and Neoclassical international trade theories, as well as trade's impact on global resource flows and the impact of trade on the developing world. Trade policy both in theory and practice is also examined.

College

College of Business Administration

Department

Department of Economics

ECO4303 - History of Economic Thought**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2013 or ECO 2023.

Course Description

A study of the principal ideas of the major contributors to the development of economic thought.

College

College of Business Administration

Department

Department of Economics

ECO4400 - Game Theory and Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101.

Course Description

A study of the strategic decision-making of parties having opposed, mixed, or similar interests.

College

College of Business Administration

Department

Department of Economics

ECO4400H - Honors Game Theory and Economic Applications**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Honors Students Only

Course Description

An introduction to the study of the strategic decision-making of parties having opposed, mixed, or similar interests. Consent of Honors

College

College of Business Administration

Department

Department of Economics

ECO4412 - Econometrics I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2013, ECO 2023 and QMB 3200.

Course Description

Students will study the linear regression model, first developing the theory and then applying it to data

College

College of Business Administration

Department

Department of Economics

ECO4422 - Econometrics II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Econometrics I

Course Description

Building on the linear regression model of Econometrics I, students will study generalized linear models, first developing the theory and then applying it to data.

College

College of Business Administration

Department

Department of Economics

ECO4443 - Introduction to Business Analytics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3410 and ECO 4412, or permission of department.

College

College of Business Administration

Department

Department of Economics

ECO4444 - Introduction to Business Analytics for FinTech**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admitted to FinTech Minor

Course Description

Provide an introduction to the programming languages and analytical tools commonly used to analyze data for business and financial decision making.

College

College of Business Administration

Department

Department of Economics

ECO4504 - Public Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101.

Course Description

A study of fiscal institutions and decision-making, and how government budgetary policy (spending, taxing, borrowing, and debt management) affects the economy and its citizens.

College

College of Business Administration

Department

Department of Economics

ECO4713 - International Macroeconomics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101 or ECO 3203 or ECO 3223.

Course Description

International macroeconomics with review and analysis of current international macroeconomics, financial issues, policies and events.

College

College of Business Administration

Department

Department of Economics

ECO4714 - Advanced Topics in International Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3203 Intermediate Macroeconomics

Course Description

The objective is to understand the functioning of international financial markets and the theories describing how asset prices and macroeconomic variables are determined globally.

College

College of Business Administration

Department

Department of Economics

ECO4751 - Law and Economics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2013 and ECO 2023.

Course Description

Impact of law on economic behavior; how economic behavior changes with legal rules and penalties; and the economic logic underlying the law.

College

College of Business Administration

Department

Department of Economics

ECO4934 - Topics in Econometrics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 4412.

Course Description

Emphasis on international topics in linear and nonlinear econometric models.

College

College of Business Administration

Department

Department of Economics

ECO4941 - Economics Internship
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of department chair, ECO 3101, and ECO 3203.

Course Description

Supervised economics-related work experience in a pre-approved sponsoring organization. See department for information/application.

College

College of Business Administration

Department

Department of Economics

ECP - Economic Problems & Policy

ECP3004 - Seminar on Current Economic Topics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101.

Course Description

Content may include, but is not limited to, the analysis of current economic issues and policy, and the study of current economic methods and theories.

College

College of Business Administration

Department

Department of Economics

ECP3006 - Economics of Sports
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2023.

Course Description

Microeconomics is used to evaluate and analyze the business and practice of sports including the structure and conduct of sports leagues, revenue sharing and other forms of cooperation, labor markets and compensation for professional athletes, public financing of sport facilities, and sports in the not-for-profit sector.

College

College of Business Administration

Department

Department of Economics

ECP3203 - Labor Economics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101 or ECP 4703.

Course Description

The analysis of labor problems and issues in a dynamic contemporary economy through the interaction of the four major institutions: households, firms, government, and unions.

College

College of Business Administration

Department

Department of Economics

ECP3302 - Economics and the Environment**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2023.

Course Description

Analysis of environmental problems from an economic perspective, its relationship to other disciplines, and the international dimension of environmental policy. Not open to Economics majors.

College

College of Business Administration

Department

Department of Economics

ECP4303 - Environmental and Natural Resource Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101.

Course Description

Provide fundamental insights into the interdependence between energy use, environmental quality, and the economy at both the microeconomic and macroeconomic level.

College

College of Business Administration

Department

Department of Economics

ECP4403 - Industrial Organization**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101.

Course Description

A study of the performance of industries representative of various types of market structure and practices, as well as the public policies affecting these industries.

College

College of Business Administration

Department

Department of Economics

ECP4530 - Health Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 3101.

Course Description

Analysis of the market for health and the derived market for health care using intermediate micro-economic modeling.

College

College of Business Administration

Department

Department of Economics

ECP4703 - Managerial Economics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Integrated Business major.

Course Description

Applies economic theory, principles, and techniques to business decision making. Students improve critical thinking skills and learn analytical tools needed to address key business issues.

College

College of Business Administration

Department

Department of Integrated Business

ECS - Economic Systems & Development

ECS4013 - Development Economics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ECO 2013 and ECO 2023.

Course Description

The study of problems, theories, and issues of economic development in the global economy.

College

College of Business Administration

Department

Department of Economics

ECT - Education:Career/Technical

ECT2002 - Introduction to Career and Technical Teaching and Training**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An introduction to the profession of a career and technical education (CTE) teacher or industry/corporate trainer with adequate occupational experiences and/or subject matter expertise.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECT3062 - Professional Roles of the Career & Technical Teacher**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Introspection into career and technical education teaching and the transition from industry to education.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECT3365 - General Methods/Testing Evaluation in Career & Technical Education
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

General teaching methods, testing and evaluation. Techniques specific to Career & Technical Education and Industry Training.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECT3367 - Evaluation of Career & Technical Education Instruction
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Assessing student cognitive, affective, and psychomotor performance in the technical environment.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECT3371 - Course Construction in Industrial Education
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Planning and preparation of materials, managing the laboratory and involvement in appropriate Career and Technical Student Organizations (CTSOs). Clinical instruction related to various industry occupations education and corporate training.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECT4004 - Principles and Practices of Technical Education
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Integrating historical principles, career structure, and current trends in technical education.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECT4184 - Curriculum Development Techniques for Industry Training
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

The practical application of fundamental knowledge, important skills, alternative analysis methods, and the critical elements of the trainers analysis tasks.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECT4384 - Advanced Teaching Techniques for Career Education
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Developing techniques including cooperative learning, simulation, instructional modeling, and evaluation of instructional effectiveness.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECT4815 - Safety in the Technical Education Classroom and Laboratory
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Federal regulations, safety practices, guidance, and support materials for technical trainers and teachers in school and industrial settings.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECW - Education:Career/Workforce

ECW3064 - Workforce Training and Development Fundamentals
Credits Hours

3

Prerequisites

- ENC 1102

Course Description

Workforce training and talent development fundamentals including theories, organizational goals, training issues/challenges, and program training plans.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECW3312 - Course Construction in Health Occupations Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Planning and preparation of materials, managing the laboratory and involvement in appropriate Career and Technical Student Organizations (CTSOs). Clinical instruction related to health occupations education and health industry training.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECW3564 - Special Populations in Career & Technical Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Overview of strategies and resources in meeting the needs of special populations in career and technical education settings.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

ECW4103 - Workforce Training and Development Instructional Planning
Credits Hours

3

Prerequisites

- ENC 1102

Course Description

Workforce training and talent development curriculum frameworks, training modalities, as well as best practices in professional development strategies, facilitation techniques, and program evaluation.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

EDE - Education: Elementary

EDE2280 - Arts and Wellness in Elementary Classrooms
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Provides the prospective teacher with knowledge, skills, and the dispositions to integrate arts and wellness into the elementary classroom curriculum.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDE3942 - Internship I**Credits Hours**

3

Lab/Studio/Field Work Hours

6

Prerequisites

- EDG 4410, RED 3012, RED 4519, MAE 3310, MAE 3311, TSL 4080, GPA 2.5

Corequisites

- MAE 4326, RED 4942, EEX 4070

Course Description

Student teaching assignment in an elementary school under the supervision of a certified classroom teacher.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDE4223 - Integrated Arts and Movement in the Elementary School**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Elementary Education.

Course Description

Provides the prospective teacher with knowledge, skills, and dispositions to integrate arts and movement into the education of elementary school children.

Current Fee Per Student

\$10.00

College

College of Community Innovation and Education

Department

School of Teacher Education

EDE4301 - Elem Ed Capstone Colloquium**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDE 3942 and Senior Standing.

Corequisites

- EDE 4943

Course Description

Refine skills and competencies in teaching and learning as identified by the Florida Educator Accomplished Practices and examine contemporary issues in elementary education.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDE4943 - Internship II (Elementary)**Credits Hours**

9

Lab/Studio/Field Work Hours

35

Prerequisites

- EDE 3942, GPA 2.5

Corequisites

- EDE 4301

Course Description

Student teaching in an elementary school under the supervision of a certified classroom teacher.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDE4945 - Internship II Seminar

Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites

- All required program courses

Corequisites

- EDE 4943 Internship II.

Course Description

Culminating seminar emphasizing current classroom management and assessment issues as they relate to teaching in the elementary grades.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF - Education: Foundations

EDF2005 - Introduction to the Teaching Profession

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

A survey course including an orientation to education careers, ethics, and the historical, philosophical and sociological foundations of education. This course has a field component.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF2007 - Introduction to Substitute Teaching
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Social and legal factors related to PK-12 teaching, including school safety, ethics, legal aspects, and roles and responsibilities of substitute teachers.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF2085 - Introduction to Diversity for Educators
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

An introduction to cultural factors and their impact on education and life changes. Explores stereotyping, prejudice and changing classroom demographics. Includes directed field experience.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF2130 - Child and Adolescent Development for Educators
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Critical examination of developmental stages and characteristics of individuals from infancy through adolescence with application to learners in educational settings.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF2250 - Classroom Management for Substitute Teachers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Instructional and classroom management strategies to optimize student learning and maximize the effectiveness of substitute teachers.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF2510 - Education and Nation Building: American Historical Perspectives**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An historical analysis of why education remains critical to nation building in the U.S. and elsewhere, including education's impact on current policies and issues.

College

College of Community Innovation and Education

Department

Learning Sciences & Educational Research

EDF2720 - Children in Schools: Legal, Ethical and Safety Concerns**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDF 2005 or C.I.

Course Description

The role of education in children's lives through the analysis of legal, ethical and safety concerns.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF2801 - Global Perspectives on Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

National systems of education from a global perspective and exposure to the global and international challenges facing educators in the new millenium.

College

College of Community Innovation and Education

Department

Learning Sciences & Educational Research

EDF3601 - Professional Ethics in Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Pedagogical knowledge, awareness of educational process and the analytical skills necessary for responsible public involvement in educational policy making.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF4466 - Classroom Assessment & Evaluation Techniques**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of Internship I or C.I.

Course Description

Classroom measurement skills in designing traditional and alternative assessments, using results for student evaluation and instructor performance, and interpretation of standardized test results.

College

College of Community Innovation and Education

Department

Learning Sciences & Educational Research

EDF4467 - Learning Theory and Assessment
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDF 2005, or C.I.

Course Description

Application of learning theory and assessment principles to classroom teaching situations. Fifteen hour in-school experience required.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF4467H - Honors Learning Theory and Assessment
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDF 2005, or C.I.

Course Description

Application of learning theory and assessment principles to classroom teaching situations using a case study design, teacher work samples, and a theoretical/conceptual debate. Fifteen hour in-school experience required.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF4603 - Analysis and Application of Ethical, Legal, and Safety Issues in Schools
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDF 2005, or C.I.

Course Description

Critical analysis of contemporary educational issues, including ethical, safety, legal, cultural, and linguistic considerations which directly impact schooling in a democracy.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDF4603H - Honors Analysis and Application of Ethical, Legal and Safety Issues in Schools
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Critical analysis of contemporary educational issues, including ethical, safety, legal, cultural, and linguistic considerations which directly impact schooling in a democracy with Honors content.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDG - Education: General

EDG2000 - Careers in K-12 Education**Credits Hours**

3

Course Description

Students will explore a variety of careers within the field of K-12 education. Course experiences will introduce students to career and life planning theories and concepts and how to apply these to their own lives.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDG2311 - Teaching Strategies for Substitute Teachers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Planning, adapting and implementing effective instructional practices and assessing student performance in K-12 settings with diverse populations.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDG2940 - Experiential Learning in Education**Credits Hours**

3

Prerequisites

- EDF 2005

Course Description

Students will learn about the field of education through a variety of field experiences. Course experiences will rely heavily on students' engagement in these targeted field experience placements and their structured reflections.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDG4410 - Teaching Strategies and Classroom Management

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDF 2005, and Admission to Elementary Education Pending, Elementary Education B.S. (all tracks), Secondary Education Pending, Secondary Education B.S. (all tracks), Early Childhood Education Pending, Early Childhood Education BS (all tracks), Exceptional Education Pending, Exceptional Student Education B.S. (all tracks), Music Education B.M.E. Music Education Pending, or any Education Minor, or C.I.

Course Description

Instructional, organizational and classroom management strategies to create effective learning environments. Fifteen hour in-school experience required.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDG4941 - Directed Field Experience

Credits Hours

1 - 8

Lab/Studio/Field Work Hours

8-Jan

Prerequisites

- Approval of Professional Laboratory.

Course Description

Field experience in an appropriate educational setting under the direction of a supervising teacher and/or university supervisor.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDG4942 - Lifelong Learning Education Internship**Credits Hours**

3

Lab/Studio/Field Work Hours

12-Oct

Prerequisites

- EDG 4410, admission to Elementary Education B.S. Lifelong Learning track, Exceptional Education B.S. Lifelong Learning track, Secondary Education B.S.: Physical Education Lifelong Learning track, English Education Lifelong Learning track, Mathematics Education Lifelong Learning track, Science Education-Biology Lifelong Learning track, Science Education-Chemistry Lifelong Learning track, Science Education-Physics Lifelong Learning track, Social Science Lifelong Learning track

Course Description

To provide students a well-rounded view of informal education settings with a concentration on developing interpersonal, pedagogical, and leadership skills required for becoming a successful contributor to educational enterprises.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDG4948 - Service Learning**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012 or C.I.

Course Description

Involvement with not-for-profit agencies and/or schools to gain a new perspective on civic/community engagement.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDG4954 - International Education Field Experiences
Credits Hours

1 - 3

Prerequisites

- Junior standing or C.I.

Course Description

A guided field experience for students participating in a study abroad program. Students gain insights into global and local issues through educational and cultural experiences.

College

College of Community Innovation and Education

Department

School of Teacher Education

EDP - Education: Psychology

EDP2270 - Adult Development & Learning
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

An examination of theory and research on adult learning and development with emphasis on practical applications, instruction, and technology use in educational and workplace settings.

College

College of Community Innovation and Education

Department

Learning Sciences & Educational Research

EEC - Education: Early Childhood

EEC2732 - Health, Safety, and Nutrition for Young Children**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Health, safety and legal issues in early childhood (0-8) including injury protection and infection; healthy development promotion, good nutrition, and appropriate health/fitness habits.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC3008 - Early Childhood Children's Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission into the Early Childhood Development and Education Program (Track 2).

Course Description

A study of literature written for children ages birth through kindergarten, including an introduction to genres, authors and illustrators of children's books.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC3214 - Child Development
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Early Childhood Development and Education Program -Track 2.

Course Description

Provides pre-service early childhood professionals with an overview of theories and research related to early childhood development (Birth-Age 8).

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC3613 - Observation and Assessment of Young Children
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the program.

Course Description

Appropriate methods for diagnosing, assessing, and evaluating young children, including children with diverse cultural and ethnic backgrounds. Appropriate interventions, remediations, and enrichment.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC3700 - Social and Emotional Development of Young Children**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Early Childhood Program and 2.75 gpa or Instructor Consent

Course Description

Provides an in-depth understanding of the social and emotional development of the young child. Examines the implication for curriculum development.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4207 - Assessment and Evaluation of Young Children**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Early Childhood Program, EEC 3700, EEC 4661, EEC 4268 or Instructor Consent

Course Description

Early childhood education and services for young children and families. Includes early childhood historical, philosophical, and sociological perspectives, learning theories and field-based experiences.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4211 - Science and Math Learning for Young Children**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission into Early Childhood Development and Education Program (Track 3), EEC 4303, and EEC 4528.

Course Description

Methodologies for teaching and assessing young children in mathematics and science concepts and skills through an integrated developmentally appropriate program.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4235C - Early Childhood Education Seminar: Bridging Theory to Practice**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- (EEC 4604, EEC 4207, EEX 3450, RED 3012, and TSL 4240), and senior standing

Corequisites

- MAE 4300, RED 4311, SCE 4304.

Course Description

Seminar course which combines coursework, research, and practical experience. Seminar students will not be placed in their current work sites.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4260 - Early Childhood Program Evaluation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission into the Early Childhood Development and Education Program (Track 3), EEC 4303, and EEC 4528.

Course Description

Formal and informal evaluation theories, methods and tools for implementing comprehensive evaluations of early childhood programs and policies and how they impact the program's stakeholders.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4268 - Curriculum Activities in Early Childhood**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Early Childhood Education Program, 2.75 gpa or Instructor Consent.

Course Description

An integrated approach to curriculum planning and scheduling including materials, strategies, and environments for young children which emphasize active learning.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4303 - Planning Creative Activities in Early Childhood Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission into Early Childhood Development and Education program, gpa 2.75 or Instructor Consent

Course Description

Instructional methods for teaching skills to young children in PK-3rd grade. Hands-on creative play activities involve dance, music, theatre, visual arts, science, math, and literature.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4314 - Effective Practices for Guiding Young Children's Behavior**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission into Early Childhood Development and Education Program (Track 3), EEC 4303, and EEC 4528.

Course Description

Techniques to guide behavior of young children emphasizing classroom management, routines, and pro-social skills.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4402 - Cultural and Family Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Explores the institution of family in its cultural context as a living dynamic system.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4414 - Parent-Child Relations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEC 3700; EEC 4661; or C.I.

Course Description

Review of research on child-rearing and parent-child relationships using case studies to explore influences of personality, developmental stages, family structure, ethnic and cultural factors on parenting.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4524 - Organization and Management in Early Childhood**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Provides students with managerial and supervisory skills required to administer a developmentally appropriate early childhood program.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4528 - Infant/Toddler Care and Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Provides the knowledge and skills that will enable the student to become a competent worker with very young children and their families.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4604 - Classroom Management and Guidance of Young Children**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEC 3700 - Social and Emotional Development of Young Children Admission to the Early Childhood Program and EEC 3700, EEC 4661, EEC 4268 & gpa 2.75 or Instructor Consent

Course Description

Techniques to guide behavior of young children, emphasizing classroom management and pro-social skills.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4661 - Early Childhood Education Theory and Practice:
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Early Childhood Program, 2.75 gpa or Instructor Consent

Course Description

Study of early childhood education and services for young children and families. Includes early childhood historical, philosophical, and sociological perspectives, learning theories and field-based experiences.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4744 - Child Life: Psychosocial Care of Children in Health Settings
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEC 3700.

Course Description

Course teaches Child Life theory and practice to students wanting to work with children, youth and their families in hospitals and pediatric clinical settings.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4936 - Seminar in Early Childhood
Credits Hours

2

Lab/Studio/Field Work Hours

0

Course Description

Current trends, issues and advocacy in field of early childhood education. Includes guidance and clarification concerning student teaching.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4940 - Practicum: Early Childhood Development
Credits Hours

12

Lab/Studio/Field Work Hours

12

Prerequisites

- Must have completed all course work.

Course Description

A fieldwork practicum experience linking developmental theory with practice to provide students with a supervised, hands-on experience working with children, parents, families, and/or agencies.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4942 - Practicum: Early Childhood Careers
Credits Hours

9

Lab/Studio/Field Work Hours

9

Prerequisites

- Admission into the Early Childhood Development and Education Program (Track 3), EEC 4414, EEC 4260, EEC 4314, and EEC 4211.

Course Description

A fieldwork practicum experience linking developmental theory with practice to provide students with a supervised, hands-on experience working with children, parents, families, and/or agencies.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEC4943 - Student Teaching
Credits Hours

12

Lab/Studio/Field Work Hours

12

Prerequisites

- EEC 4235C, MAE 4300, RED 4311, SCE 4304, and EEC 4303

Course Description

Provides opportunities for student teachers to use the knowledge and skills they acquired in a supervised public school setting.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEE - Eng: Electrical & Electronic

EEE3307C - Electronics I**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3123C with a grade of "C" (2.0) or better.

Course Description

Electronic devices including p-n junctions, bipolar transistors, field effect transistors and device models.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department**EEE3342C - Digital Systems****Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- MAC 2311C, MAC 2312, PHY 2048C , PHY 2049C all with a "C" (2.0) or better grade.

Course Description

Combinational and sequential logic circuits including registers, arithmetic units, memories, finite state machines, and design with programmable logic devices.

Current Fee Per Student

\$9.00

College

College of Engineering and Computer Science

Department

EEE3350 - Semiconductor Devices**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3004C with a grade of "C" (2.0) or better and PHY 3101.

Course Description

Semiconductor device physics, energy band diagrams, electronic devices including p-n junctions, bipolar transistors, field effect transistors and device models.

College

College of Engineering and Computer Science

Department**EEE4309C - Electronics II****Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEE 3307C, EEE 3342C with a grade of "C" (2.0) or better. Ideal Op-Amps and applications.

Course Description

Introduction to Logic Circuits; Bipolar, MOS and CMOS families; Flip-flops and memory cells, comparators and timing circuits: A/D and D/A converters.

Current Fee Per Student

\$20.00

College

College of Engineering and Computer Science

Department

EEE4314 - Device Electronics for Integrated Circuits**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEE 3350

Course Description

P.N. Junctions, Bipolar Transistor Analysis, Metal Semiconductor contacts, MOS Systems MOSFET Analysis and Limitations.

College

College of Engineering and Computer Science

Department**EEE4334 - Computer-Aided Design of VLSI****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in both COP 3503C and EEE 3342C.

Course Description

Introduction to computer-aided design techniques for high-level synthesis, logic synthesis, and physical synthesis. Emphasis on algorithms and data structures.

College

College of Engineering and Computer Science

Department

EEE4346C - Hardware Security and Trusted Circuit Design**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3801C with a grade of "C" (2.0) or better.

Course Description

Design, analysis and synthesis of sequential logic circuits and systems. Data path and controller design using a hardware descriptive language. Case studies on hardware security.

College

College of Engineering and Computer Science

Department**EEE4463 - MEMS Devices and Applications****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEE 3350 or C.I.

Course Description

Micro-Electro Mechanical Systems devices, microfabrication, sensors and actuators, bulk and surface micromachining, optical MEMS, instrumentation and applications.

College

College of Engineering and Computer Science

Department

EEE4775 - Real-Time Systems

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 4600 or EEL 4768 C or EEL4742C

Course Description

Introduction to specification, analysis, design, and validation techniques for real-time (operating) systems with an emphasis on real-time scheduling theory.

College

College of Engineering and Computer Science

Department

EEL - Engineering: Electrical

EEL3004C - Linear Circuits I

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- MAC 2311C, MAC 2312, MAC 2313, PHY 2048C , PHY 2049C all with a grade of "C" (2.0) or better grade.

Corequisites

- MAP 2302

Course Description

Analysis of linear circuits, AC analysis, power calculations, first order RL, RC circuits, three phase circuits. The course includes recitation and exploration of areas of study within electrical and computer engineering. Open to Computer Engineering, Electrical Engineering and Photonic Science and Engineering students only.

College

College of Engineering and Computer Science

Department

EEL3004K - Honors Linear Circuits I**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- Consent of Honors program, and MAC 2311C, MAC 2312, MAC 2313, PHY 2048C , PHY 2049C all with a grade "C" (2.0) or better grade.

Corequisites

- MAP 2302

Course Description

Analysis of linear circuits, AC, power calculations, first order RL/RC circuits, three phase circuits. Students explore areas of study within electrical and computer engineering.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL3021 - Introduction to Applied Randomness for Engineers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2312 with a grade of "C" (2.0) or better. Restricted to students from College of Engineering and Computer Science only.

Course Description

Axioms of probability, conditional probability, independence, law of total probability, random variables, probability distributions and density functions, second order statistics, joint distributions, random vectors, limit theorems, transformations of random variables.

College

College of Engineering and Computer Science

Department

EEL3123C - Linear Circuits II**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- EEL 3004C and MAP 2302 both with a grade of "C" (2.0) or better grade.

Course Description

Second order RLC circuit response, Laplace transform, frequency selective circuits, Fourier series; two port networks.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department**EEL3123K - Honors Linear Circuits II****Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- Consent of Honors program, and EEL 3004C, MAP 2302, both with a grade of "C" (2.0) or better grade.

Course Description

Second order RLC circuit response, Laplace transform, frequency selective circuits, Fourier series; two port networks.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department

EEL3290 - Global Energy Issues**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3004C with a grade of "C" (2.0) or better.

Course Description

Critically examines issues associated with the technical, economic, societal, environmental, and geopolitical aspects of energy. Taught through lectures and discussions.

College

College of Engineering and Computer Science

Department**EEL3470 - Electromagnetic Fields****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3004C with a grade of "C" (2.0) or better.

Course Description

Electric and magnet fields and electromagnetic waves.

College

College of Engineering and Computer Science

Department

EEL3552C - Signal Analysis and Analog Communication
Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3123C with a grade of "C" (2.0) or better.

Course Description

Signals and signal space, Fourier series, Fourier Integral, transmission over linear systems, AM, FM, PM, sampling theorem and Nyquist rate.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department

EEL3657 - Linear Control Systems

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3123C with a grade of "C" (2.0) or better.

Course Description

Control theory, transfer function modeling, Nyquist criteria, root locus, Bode plots, and Design of lead and lag compensation.

College

College of Engineering and Computer Science

Department

EEL3801C - Computer Organization**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EGN 3211 and EEE 3342C both with grades of "C" (2.0) or better.

Course Description

Computer arithmetic, instruction set architecture, performance, data path, control unit, memory hierarchy, I/O interface.

College

College of Engineering and Computer Science

Department**EEL3926L - Junior Design****Credits Hours**

1

Lab/Studio/Field Work Hours

3

Corequisites

- EEE 3307C and EEL 4742C

Course Description

Preparatory skills are developed for Senior Design: Engineering design requirements specifications, test equipment utilization, microcontroller development tool usage, schematic capture and PCB design tools.

College

College of Engineering and Computer Science

Department

EEL4140C - Analog Filter Design**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3123C with a grade of "C" (2.0) or better.

Course Description

Passive and active analog filter design.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department**EEL4205 - Electric Machinery****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3004C with a grade of "C" (2.0) or better.

Course Description

Fundamentals of DC and AC electric machines.

College

College of Engineering and Computer Science

Department

EEL4216 - Fundamentals of Electric Power Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3004C with a grade of "C" (2.0) or better.

Course Description

Three-phase power representation and analysis, transformers, per unit system, symmetrical components, faults, and transmission lines.

College

College of Engineering and Computer Science

Department**EEL4294 - Introduction to Smart Grid****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (EEE 3307C and EEL 3657) or EEL 4216 or C.I.

Course Description

Fundamentals of electric power systems, distributed generation and smart grid components, voltage control and VAR compensation, demand response, leader-follower optimization, resiliency.

College

College of Engineering and Computer Science

Department

EEL4298 - Power System Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3004C with a grade of "C" (2.0) or better.

Course Description

The course examines fundamentals of power system economics, including power market operations and power system planning.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4362 - Post-CMOS Devices and Circuits**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEE 3342C with a grade of "C" (2.0) or better and EEE 3307C.

Course Description

Post-CMOS device technologies for next-generation energy efficient memory and logic designs.

College

College of Engineering and Computer Science

Department

EEL4436C - Microwave Engineering
Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3470

Course Description

Transmission line theory, Smith charts, S-parameters, simple impedance matching circuits, wave guides, resonators, basic microwave measurements

Current Fee Per Student

\$35.00

College

College of Engineering and Computer Science

Department

EEL4440C - Optical Engineering
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- EEL 3470 or C.I.

Course Description

Lens systems, aberrations, sources, radiometry, detectors, physical optics, interferometric devices, applications to engineering design problems.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4515C - Fundamentals of Digital Communication**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3552C

Course Description

Sampling and aliasing, quantization, PCM, delta modulation, line coding, intersymbol interference, digital carrier systems, ASK PSK and M-ary communication, noise, BER analysis.

Current Fee Per Student

\$20.00

College

College of Engineering and Computer Science

Department**EEL4518 - Satellite Communications****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3552C

Course Description

Principles of satellite communication including communications satellites, earth stations, link analysis, FDMA, and TDMA.

College

College of Engineering and Computer Science

Department

EEL4612C - Introduction to Modern and Robust Control**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3657.

Course Description

Classical control theory including differential equations and Laplace transform techniques, stability analysis, and classical frequency domain design. Modeling and Position, Speed, Vibration Control Design Laboratories.

College

College of Engineering and Computer Science

Department**EEL4635C - Computer Control Systems****Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3657.

Course Description

Discrete-time systems, the z-transform, and single loop computer control systems. Digital simulation in the analysis and design of processes with embedded computers. No graduate credit for both EEL 5630 and this course.

College

College of Engineering and Computer Science

Department

EEL4650 - Introduction to Sensors**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3123C with a "C" (2.0) or better grade.

Course Description

Basics of measurements, physics of energy transduction, sensor specifications (range, sensitivity, accuracy, repeatability, noise), applications, basics of signal conditioning.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4660 - Robotic Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EGN 3321 or EEL 4742C or COP 3503C.

Course Description

Team based development of a robotic system incorporating concepts such as sensing, computer vision, machine learning, localization, mapping, manipulation and locomotion.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4742C - Embedded Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- EEL 3801C with a grade of "C" (2.0) or better.

Course Description

Microcontroller systems, assembly language programming, data representation, memory and device interfacing, timing analysis, parallel and serial communication, timers, interrupts, signal interfacing considerations, and applications.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department**EEL4750 - Digital Signal Processing Fundamentals****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3123C with a grade of "C" (2.0) or better.

Course Description

Study of discrete-time signals and systems, Z-transform, DFT introduction to digital filter design.

College

College of Engineering and Computer Science

Department

EEL4768 - Computer Architecture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3801C or CDA 3103C with a grade of "C" (2.0) or better.

Course Description

Computer systems performance and evaluation, processor datapath and control, microprogrammed architectures, instruction and arithmetic pipelines, cache and virtual memory, and RISC vs. CISC.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4781 - Computer Communication Networks**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3801C with a grade of "C" (2.0) or better and STA 3032.

Course Description

Network models. Media access protocols. Data link control. Routing and flow control. Internetworking. Current architectures and protocols: OSI, ethernet, token, ring, FDDI, HSLC, X.25, etc.

College

College of Engineering and Computer Science

Department

EEL4783 - Hardware Description Languages in Digital Systems Design

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEE 3342C with a grade of "C" (2.0) or better.

Course Description

Hardware description languages, simulation and synthesis of RTL circuits and systems, design examples and projects.

College

College of Engineering and Computer Science

Department

EEL4798 - Massive Storage and Big Data

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3801C or CDA 3103C, with a grade of "C" (2.0) or better.

Course Description

Big data architectures & file storage systems. Infrastructures such as MapReduce and storage, with focus on system architecture, file storage, programming models, application development & performance evaluation.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4815 - Current Topics in Machine Learning I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3801C with a grade of "C" (2.0) or better; COP 3503C with a grade of "C" (2.0) or better; STA 3032 or EEL 3021

Course Description

Machine Learning and Applications. Perception Network, BP Network, Convolutional NN, Recurrent NN, Evolutionary Computation, and Reinforcement Learning.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4817H - Honors Current Topics in Machine Learning II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors and EEL 4818H.

Course Description

Research topics in Machine Learning. Students will be assigned a research project and a faculty mentor who will supervise this project.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4818H - Honors Current Topics in Machine Learning I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3801C with a grade of "C" (2.0) or better or COP 3503C with a grade of "C" (2.0) or better or STA 3032 or EEL 3021 or C.I. Consent of Honors.

Course Description

Machine Learning and Applications. Perception Network, BP Network, Convolutional NN, Recurrent NN, Evolutionary Computation, and Reinforcement Learning. With Honors Content.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4832 - Engineering Applications of Computer Methods**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3123C and EGN 3211 both with a grade of "C" (2.0) or better.

Course Description

Engineering applications of numerical methods, including solution of differential equations, simulation, optimization, and multidimensional root-finding, integration and series approximations.

College

College of Engineering and Computer Science

Department

EEL4851C - Engineering Data Structures**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 3801C with a grade of "C" (2.0) or better.

Course Description

Design of data structures and algorithms, with emphasis on performance analysis, memory organization, stacks, queues, linked lists, trees, graphs, searches, and sorts. Introduction to object-oriented structures.

College

College of Engineering and Computer Science

Department**EEL4872 - Engineering Applications of Intelligent Systems****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 4851C or COP 3503C or equivalent or C.I.

Course Description

Knowledge and intelligence, predicate logic and automated reasoning, heuristic search, knowledge representation, automated planning, introduction to machine learning, knowledge-based systems and philosophy of AI.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EEL4882 - Engineering Systems Software
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEL 3801C.

Course Description

Introduction to operating systems concepts and facilities for engineering applications, including multiprogramming, resource allocation and management, systems utilities, and operating system implementation.

College

College of Engineering and Computer Science

Department

EEL4884C - Engineering Software Design
Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 4851C.

Course Description

Software systems development life cycle, function and object-oriented methodologies, CASE; Analysis, design, and development of a large software project.

College

College of Engineering and Computer Science

Department

EEL4890 - Continuous System Simulation I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 2302.

Course Description

Numerical integration techniques and discrete time system models for approximating the dynamics of continuous systems.

College

College of Engineering and Computer Science

Department**EEL4914 - Senior Design I****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEE 3307C, EEL 4742C, and consent of ECE Department.

Course Description

Applications of engineering design to realistic and meaningful problems. Constraints such as economic factors, safety, reliability, aesthetics, ethics, social impact and engineering organizations are considered.

College

College of Engineering and Computer Science

Department

EEL4915L - Senior Design II**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- EEL 4914.

Course Description

Execution of electrical and computer engineering project including complete project design review, construction, testing and demonstration. Emphasis on design, prototyping, cost, functionality, presentation, team effort and final report.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department**EES - Environmental Engineering Science****EES4111C - Biological Process Control****Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- ENV 3001 with a grade of "C" (2.0) or better.

Course Description

Engineering design, measurements and analysis of biological systems in environmental engineering for water management, bioenergy products, wastewater treatment, and others.

Current Fee Per Student

\$70.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

EES4202C - Chemical Process Control

Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- CHM 2046 and ENV 3001 both with a grade of "C" (2.0) or better.

Course Description

Engineering design, measurements, and analysis of chemical systems in environmental engineering to control treatment processes such as softening, coagulation, disinfection, scrubbing, neutralization, and others.

Current Fee Per Student

\$60.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

EEX - Education: Exceptional-Care Competencies

EEX2010 - Introduction to Special Education

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Orientation to the education of children and adolescents with special needs in the schools. The course includes characteristics, trends, mainstreaming, and other issues.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX2090 - Exceptional Populations in School and Society**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Characteristics of exceptionalities in school and society to increase student awareness and comfort levels with individuals with exceptionalities.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX2758 - Enhancing Family Involvement in Education**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Course Description

Development of partnerships with families of students with disabilities and their communities to address the educational needs of all students.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX3221 - Assessment of Exceptional Students**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Formal and informal assessment techniques for screening, placement, program planning, program evaluation, and monitoring of progress of exceptional students.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX3241 - Methods for Academic Skills for Exceptional Students**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the CED or Admission to the ESE Minor.

Course Description

Teaching strategies, instructional materials, and monitoring techniques for children and adolescents with special needs. Must be taken before Internship I.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX3243 - Techniques for Exceptional Adolescents-Adults**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Corequisites

- EEX 3241.

Course Description

A study of strategies, basic and functional content, career and vocational educational, and transition planning for adolescents and adults with special needs.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX3450 - Young Children With Special Needs**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Early Childhood Program, gpa 2.75 or Instructor Consent

Course Description

Provides an overview of the unique field of early childhood special education, its mission, and approaches to helping young children and their families.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX3830 - Practicum in Exceptional Student Education**Credits Hours**

3

Lab/Studio/Field Work Hours

45

Prerequisites

- Students must apply and be approved for practicum - fingerprinting is required by all school districts prior to placement. All clearances and eligibility are determined by school districts. Students must have completed at least 50% of all specialization courses with a letter grade of "C" (2.0) or better before registering and be approved by an advisor to register for the course.

Course Description

Opportunity to participate in an educational setting for an extended period of time and put into practice exceptional education courses knowledge.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX3942 - Internship I Exceptional Education
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDG 4410, RED 3012, EEX 2010, EEX 3241, MAE 2801.

Course Description

Student teaching in exceptional education in both elementary and secondary school settings under the supervision of a certified classroom teacher.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4066 - Curriculum, Theory and Instructional Strategies for Students with Special Needs
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEX 3241, RED 3012, LAE 4314.

Course Description

Theoretical concepts, curriculum development and specialized strategies for students with special needs.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4070 - Teaching Exceptional Students
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDG 4410.

Course Description

Development and practice of effective teaching and management strategies for elementary regular classroom teachers to use in working with mild disabilities.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4204 - Instructional Strategies for Effective Inclusive Settings
Credits Hours

1 - 3

Lab/Studio/Field Work Hours

0

Prerequisites

- Overall minimum 2.5 GPA or C.I.

Course Description

A comprehensive background on Exceptional Education history, reform, and educational strategies to teach students with disabilities in inclusive settings.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4242 - Teaching Exceptional Students in Secondary Settings
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EDF 2005 and Junior Standing

Course Description

Instructional and management strategies for secondary general education teachers to use in working with students with disabilities.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4250 - Reading Instruction in Exceptional Education
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- EDF 2005

Course Description

Develop reflective practitioners knowledgeable in literacy strategies and direct instruction approaches to support children and youth with disabilities in reading.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4601 - Introduction to Behavior Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Study of management techniques based on applied behavioral analysis principles for modifying inappropriate behaviors and maintaining appropriate behaviors of exceptional students.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4751 - Parent Involvement in Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Early Childhood Program, gpa 2.75 or Instructor Consent

Course Description

This course prepares students to successfully interact with and involve parents in their child's education.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4757 - Respite Care**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing or C.I.

Course Description

General knowledge and best practice in the field of temporary care: the nature and needs of care givers and care recipients, including special populations.

College

College of Community Innovation and Education

Department

School of Teacher Education

EEX4763 - Technology for Classroom Teachers of Students with Special Needs**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EEX 3241, RED 3012, LAE 4314, MAE 2801.

Course Description

Enhancing teacher preparation through the use of technology for students with special needs.

College

College of Community Innovation and Education

Department

School of Teacher Education

EGM - Engineering Science

EGM3601 - Solid Mechanics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in the following MAC 2311C, MAC 2312, MAC 2313, PHY 2048C and EGN 3310

Course Description

Concepts of stress, strain, deflection; axial force, torsion, bending, combined stress, Mohr's circle, failure theories, design concepts, application to machines and vehicles.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EGM3601H - Honors Solid Mechanics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- With a grade of "C" or better (2.0) or better in each of the following MAC 2311C, MAC 2312, MAC 2313, PHY 2048C, EGN 3310 and Consent of Honors.

Course Description

Concepts of stress, strain, deflection, axial force, energy, torsion, bending, buckling, combined stress/strain, Mohr's circles, failure theories; design concepts, application to machines and vehicles. With Honors content.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EGN - Engineering: General

EGN1007C - Engineering Concepts and Methods**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Prerequisites

- EGS 1006C and New student status or C.I.

Course Description

Introduction to the use of computer and applications software in solving engineering problems. Introduction to the concepts of engineering design through the use of teams: engineering communication; engineering professionalism and ethics.

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

EGN2920C - LEAD Colloquium**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- C.I., LEAD Scholars Program, Must have completed at least two of the following with a grade of B or better, IDS 1040C, GEB 1091C, EGS 1036C, EDG 1005C or HSC 1931C.

Course Description

Provides experiential leadership experience in an appropriate leadership setting under the direction of a university supervisor with the LEAD Scholars Program.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EGN3211 - Engineering Analysis and Computation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2312 with a "C" (2.0) or better.

Course Description

Engineering analysis and computation with structured constructs. Subscripted variables, functions, input/output. Applications in embedded systems and examples in numerical methods.

College

College of Engineering and Computer Science

Department**EGN3310 - Engineering Analysis-Statics****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2311C, PHY 2048C both with a grade of "C" (2.0) or better

Corequisites

- MAC 2312.

Course Description

Fundamental concepts of mechanics, including resultants of force systems, free-body diagrams, equilibrium of rigid bodies, and analyses of structures.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

EGN3310H - Honors Engineering Analysis-Statics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and MAC 2311C, PHY 2048C both with grades of "C" (2.0) or better

Corequisites

- MAC 2312.

Course Description

Advanced treatment of material and additional topics, including project work. With Honors content.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

EGN3321 - Engineering Analysis-Dynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in both MAC 2313 and EGN 3310.

Course Description

Kinematics and kinetics of particles and rigid bodies; mass and acceleration, work and energy, impulse and momentum, introduction to kinematics of mechanisms; introduction to 3D rigid body dynamics; central force.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EGN3321H - Honors Engineering Analysis - Dynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in both MAC 2313, EGN 3310, and Consent of Honors.

Course Description

Kinematics and kinetics of particles and rigid bodies; mass and acceleration, work and energy, impulse and momentum, introduction to kinematics of mechanisms; introduction to 3D rigid body dynamics; central force.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EGN3331C - Mechanics of Materials**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- EGN 3310 with a grade of "C" or better

Corequisites

- MAP 2302.

Course Description

Concepts of stress, strain, strength, deflection of axial force members, shafts in torsion, beams in flexure, combined stress, stability of columns, and design of simple elements.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

EGN3343 - Thermodynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in both MAC 2313 and EGN 3310.

Course Description

Work, heat, and energy transformations. Relation of properties. Laws, concepts, and modes of analysis common to all applications of thermodynamics in engineering.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EGN3343H - Honors Thermodynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in both MAC 2313, EGN 3310, and Consent of Honors.

Course Description

Work, heat, and energy transformations. Relation of properties. Laws, concepts, and models of analysis common to all applications of thermodynamics in engineering. Honors content.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EGN3365 - Structure and Properties of Materials**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (CHS 1440 or CHM 2045C) and MAC 2312 with grades of "C" (2.0) or better in both.

Course Description

Atomic structure and bonding, crystal structure and imperfections, solidification, phase transformations, phase diagrams, heat treatment, mechanical & electrical properties, materials characterization techniques.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EGN3365H - Honors Structure and Properties of Materials**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2312, and (CHS 1440 or CHM 2045C), with grades of "C" (2.0) or better in both; and consent of Honors.

Course Description

Atomic bonding; lattices; phonons; crystal structure; diffraction; defects; diffusion; phase equilibria and diagrams; transformations kinetics; mechanical, thermal, electrical, optical, and magnetic properties. With Honors content.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EGN3373 - Principles of Electrical Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2049C

Corequisites

- MAP 2302.

Course Description

Fundamentals of electrical circuits and analysis; fundamentals of electronics and AC power systems, transformers, electromechanics and rotating machines.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EGN3373H - Honors Principles of Electrical Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and PHY 2049C

Corequisites

- MAP 2302.

Course Description

Fundamentals of electrical circuits and analysis. Fundamentals of electronics and AC power systems, transformers, electromechanics and rotating machines.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EGN3420 - Engineering Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EGN 3211, and MAC 2312 with a "C" (2.0) or better.

Course Description

Engineering applications of numerical methods including curve fitting, matrix operations, root finding, interpolating, integration and plotting.

College

College of Engineering and Computer Science

Department**EGN3613 - Engineering Economic Analysis****Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2311C with a grade of "C" (2.0) or better, not open to Industrial Engineering students.

Course Description

Economic evaluation of engineering alternatives and design. Time value of money and economic impact of taxes, risk, depreciation.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EGN4060C - Introduction to Robotics**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- COP 3223C or EGN 3211; and EEL 3657 or EEL 4742C or COP 3503C or EGN 3321.

Course Description

Theory and application of robotics topics including; architecture, path planning, sensing and manipulation.

College

College of Engineering and Computer Science

Department

Department of Electrical and Computer Engineering

EGN4641C - Engineering Entrepreneurship**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- Senior standing, ENT 4183, or C.I.

Course Description

All aspects of a successful engineering entrepreneurship enterprise. Content includes lectures, case studies, and seminars. Active student participation. Course material is augmented through seminars given by engineers, business people, and specialists, based on their own experiences.

College

College of Engineering and Computer Science

Department

CORE

EGN4931H - Honors Engineering Seminar

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and Senior standing and C.I.

Course Description

Introduces a select group of students in engineering or other fields of science to the methodology commonly employed in research. Students will carry out independent research which will prepare them for graduate study.

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

EGN4941 - Internship

Credits Hours

0 - 99

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

EGS - Engineering: Support

EGS1006C - Introduction to the Engineering Profession

Credits Hours

1

Lab/Studio/Field Work Hours

2

Prerequisites

- New students status or C.I.

Course Description

Overview of academic and professional requirements in various engineering disciplines.

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

EGS1036C - Foundations of Leadership**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- LEAD Scholars Program.

Course Description

Seminar for LEAD Scholars in the College of Engineering & Computer Science providing a foundation of leadership, scholarship, and service regarding disciplines in the college.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EGS3030 - Leadership in Engineering I**Credits Hours**

0

Lab/Studio/Field Work Hours

0

Prerequisites

- Engineering, Computer Science or Information Technology major.

Course Description

Leadership roles for engineers are presented by prominent professionals in industry and government.

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

EGS3031 - Leadership in Engineering II**Credits Hours**

0

Lab/Studio/Field Work Hours

0

Prerequisites

- Engineering, Computer Science or Information Technology major.

Course Description

Leadership roles for engineers are presented by prominent professionals in industry and government.

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

EGS4624 - Engineering Innovation and Leadership**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior standing.

Course Description

A broad range of topics including corporate organization structures, individual and team leadership, and techniques to enhance innovation and creativity.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EGS4633 - Engineering Consumer Products**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PR: Senior standing in an engineering or art major.

Course Description

The courses focus is design and engineering of consumer based products. The course emphasizes the aesthetics, user interface, ergonomics and safety of the proposed product.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EGS4710 - Energy and Society**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Investigation of available energy forms; energy resources versus requirements in an increasingly complex technological society; possible solutions and future predictions.

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

EGS4950 - Engineering Leadership Capstone

Credits Hours

3

Prerequisites

- Enrolled in Engineering Leadership Minor or Certificate Corequisite(s): approved design course in Engineering or Computer Science.

Course Description

Students will reflect upon and define their professional approach. Students will develop their professional portfolio, concept of operations, and individual strategic plan.

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

EIN - Engineering: Industrial

EIN2002 - Introduction to Industrial Engineering and Management Systems

Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2311C with a grade of a "C" (2.0) or better and sophomore standing.

Course Description

Introduction to the profession of Industrial Engineering and important skills necessary for success. Course includes presentations by local IE professionals.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN3314 - Work Analysis and Design**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 3032 with a grade of "C" (2.0) or better or C.I.

Course Description

Introduction to lean six sigma analysis as applied to design and improvement of work systems in any organization. Various data collection and analysis methods utilized.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN3351 - Engineering Economic Analysis and Cost Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2311C with a grade of "C" (2.0) or better.

Course Description

Knowledge and understanding of economic evaluation of engineering and management alternatives, cost analysis, budgeting and estimating techniques.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN3354 - Principles of Cost Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EGN 3613.

Course Description

This course is to provide engineers from all disciplines the background for the cost estimation of engineering systems throughout the product life cycle.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4191C - Engineering Leadership Seminar I**Credits Hours**

2

Lab/Studio/Field Work Hours

2

Prerequisites

- Junior or better standing in engineering with C.I.

Course Description

Progressive engineering leadership development (intrapersonal to interpersonal to organizational to community) via a combination of experiential and practical experiences in engineering-specific corporate and community settings.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4192C - Engineering Leadership Seminar II
Credits Hours

2

Lab/Studio/Field Work Hours

2

Prerequisites

- EIN 4191C.

Course Description

Continuation of EIN 4191C.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4243 - Human Engineering
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 3032 with a grade of "C" (2.0) or better.

Course Description

Man/machine systems; design and conduct of human engineering studies.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4333 - Production and Distribution Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ESI 4312 with a grade of "C" (2.0) or better.

Course Description

Decision policies in manufacturing and logistics systems including forecasting, production planning, operations scheduling, deterministic and stochastic inventory control and project scheduling.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4360 - Facilities Planning and Work Design**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 3032 with a grade of "C" (2.0) or better.

Course Description

Introduces fundamental concepts in facility planning, material handling systems and work analysis/design including work space/flow analysis, layout, warehousing operations and work measurement.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4364 - Facilities Planning
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EIN 3314 with a grade of "C" (2.0) or better;

Prerequisites/Corequisites

- EIN 3351.

Course Description

Planning and design of production systems including interrelationships between process layouts, material handling, warehousing and site selection.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4391 - Manufacturing Engineering

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in any of the following course options CHM 2045C or CHS 1440 or (CHM 2040 and CHM 2041); and Junior Standing.

Course Description

Introduction to manufacturing engineering, with emphasis on current and emerging technologies in metalworking and electronics.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4517 - Systems Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 3032 with a grade of "C" (2.0) or better.

Course Description

Fundamental principles of systems engineering and their application to the development of industrial complex engineered systems.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4545 - Industrial Engineering Applications in The Service Industries**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ESI 4312 with a grade of "C" (2.0) or better.

Course Description

Application of industrial engineering principles to improve the quality and productivity of service industries such as restaurants, banks, hotels, health care, etc.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EIN4891C - Industrial Engineering Senior Design Project

Credits Hours

4

Lab/Studio/Field Work Hours

4

Prerequisites

- ESI 4523 and EIN 4360 (Facilities Planning and Work Design) both with grades of "C" (2.0) or better and department consent.

Course Description

Capstone design course; application of IEMS techniques to real-world design applications.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

EMA - Engineering: Materials

EMA3000 - Engineering Polymeric Materials

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grades of "C" (2.0) or better in EMA 3102 and CHM 2210

Course Description

Formation, chemistry, and structure in solution and melt. Characteristic and functional properties of industrial and specialty polymers. Polymer processing techniques. Polymer matrix composites.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA3012C - Experimental Techniques in Materials I

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- EGN 3365 - Structure and Properties of Materials Grade of "C" or better in (EGN 3365 or EMA 3706)

Course Description

Theory and practice of material characterization techniques for assessment of mechanical properties and microstructure including hardness, tensile testing, impact testing, optical microscopy, scanning electron microscopy.

Current Fee Per Student

\$45.00

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA3102 - Thermodynamics of Materials

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grades of "C" (2.0) or better in (EGN 3365 or EMA 3706), MAC 2313, and PHY 2049C

Prerequisites/Corequisites

- MAP 2302

Course Description

First, second and third laws of thermodynamics, gas behavior, Helmholtz and Gibbs free energies, phase equilibrium and diagrams, solutions, reactions, and electrochemistry

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA3124 - Design and Selection of Materials**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in EGN 3365 or EMA 3706

Course Description

Relationship between processing, structure and properties of various engineering materials and their selection in engineering design.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA3691 - Nanomaterials Process Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHS 1440 or CHM 2045C, and PHY 2048 or PHY 2053C and EGN 3365.

Course Description

Nanomaterials, processing, nanomachining, nanocompositions, nanocomposites and computations of devices.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA3706 - Structure and Properties of Aerospace Materials

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (CHS 1440 or CHM 2045C) and MAC 2312 with grades of "C" (2.0) or better in both.

Course Description

Atomic structure, bonding, crystal structures, solidification, phase transformations, heat treatment, mechanical behavior, specific aerospace materials, materials design

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4009 - Materials in Society

Credits Hours

2

Prerequisites

- Grades of "C" (2.0) or better in EGN 3365, EMA 3000, and EMA 4513

Course Description

Structure, properties and processing of materials throughout human history, and how they influence the development of society, including emerging materials for the future

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4013C - Experimental Techniques in Materials II

Credits Hours

3

Prerequisites

- Grades of "C" (2.0) or better in EMA 3012C and EMA 4223

Course Description

Theory and practice of common materials characterization techniques for assessment of physical/functional properties and characteristics of materials including X-ray diffraction, electrical, optical, magnetic properties, biocompatibility, spectroscopy, rheology, differential scanning calorimetry, thermal gravimetric analysis and dynamic mechanical analysis.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4115 - Transport Phenomena in Materials

Credits Hours

3

Prerequisites

- Grade of "C" (2.0) or better in EMA 4317

Course Description

Momentum transport, laminar and turbulent flow. Energy transport, conduction, convection and radiation. Mass transport in solid and fluids.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4125 - Phase Transformations and Microstructural Development in Materials

Credits Hours

3

Prerequisites

- Grades of "C" (2.0) or better in EGN 3365, EMA 3000, and EMA 4513

Course Description

Structure, properties and processing of materials throughout human history, and how they influence the development of society, including emerging materials for the future

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4223 - Fundamentals of Mechanical Behavior of Materials**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in EGN 3365 or EMA 3706

Course Description

Elementary treatment of elasticity, plasticity, viscoelasticity, creep, fracture, and fatigue.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4307 - Kinetics of Materials**Credits Hours**

3

Prerequisites

- Grade of "C" (2.0) or better in EMA 3102

Course Description

Reaction and transport/diffusion. Kinetics of gas-solid, liquid-solid and solid-solid interactions. Transformation kinetics and microstructural changes.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4413 - Fundamentals of Electronic Materials**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EGN 3365 - Structure and Properties of Materials Grades of "C" (2.0) or better in (EGN 3365 or EMA 3706) and EGN 3373

Course Description

Electronic processes in solids. Electrical, magnetic, and optical properties of solids. Electron energies in solids. Superconducting materials.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4501C - Scanning Electron Microscopy**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- EGN 3365 or EMA 3706.

Course Description

A review of electron optics, beam/specimen interactions, image formation, x-ray analysis, specimen preparation, microelectronic applications, and crystallography in the SEM.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4503 - Materials Characterization Techniques**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EMA 3012C, and EGN 3365 or EMA 3706.

Course Description

Theory and practice of commonly used techniques for characterization of crystal structure, microstructure and chemistry

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4506 - Emerging Materials**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EGN 3365, or EMA 3706.

Course Description

Structure, properties and processing of modern emerging materials

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4513 - Structures of Materials**Credits Hours**

3

Prerequisites

- Grade of "C" (2.0) or better in (EGN 3365 or EMA 3706)

Course Description

Lattice, reciprocal space, symmetry, point groups, plane groups, space groups, X-ray and other diffraction techniques. Structures of metals, ceramics, polymer and biomolecular materials

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4602C - Materials Processing Laboratory**Credits Hours**

3

Prerequisites

- EMA 3012C and EMA 3124

Course Description

Theory and practice of common processing techniques for metals, ceramics, polymers including casting, heat treatment, sintering, and extrusion. Process-properties relations

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4915 - Materials Senior Design I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Departmental consent and grades of "C" (2.0) or better in EMA 4115, EMA 4013C, and EMA 4125

Course Description

Foundation of capstone engineering design course covering product or process design and development.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EMA4916 - Materials Senior Design II

Credits Hours

3

Prerequisites

- Departmental consent and grade of "C" (2.0) or better in EMA 4915

Course Description

Capstone engineering design course. Students work in teams on projects evaluating a society or industry-based materials problem and then implement and evaluate a design aimed at addressing this problem.

College

College of Engineering and Computer Science

Department

Department of Materials Science and Engineering

EME - Education: Technology Media

EME2040 - Introduction to Technology for Educators

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Introduction to technology for educators, including classroom management tools, multimedia, communication networks, interactivity, educational software and legal, ethical and social issues.

College

College of Community Innovation and Education

Department

Learning Sciences & Educational Research

EME2041 - Introduction to Applications of Technology in Education

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Classroom applications of instructional media including computers.

College

College of Community Innovation and Education

Department

Learning Sciences & Educational Research

EML - Engineering: Mechanical

EML3001C - Machine Shop Practice

Credits Hours

1

Lab/Studio/Field Work Hours

2

Prerequisites

- EGM 3601, EGN 3365 or EMA 3706.

Course Description

Set up and operation of mill and lathe, cutting tools, holding devices, cutting speeds and feed rates. Measurement devices. Hands-on experience.

Current Fee Per Student

\$29.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3022C - Introduction to Computer Aided Engineering

Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Grade of "C" (2.0) or Better in EGN 3310

Course Description

Introductory understanding and hands-on experience on computer aided engineering including computer aided design, analysis and manufacturing.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3034C - Modeling Methods in Mechanical and Aerospace Engineering

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Grade of "C" (2.0) or better in all of the following courses: MAC 2311, MAC 2312, MAC 2313, MAP 2302, PHY 2048C, and COP 3223C

Prerequisites/Corequisites

- EGN 3321 and (EAS 3933 or EML 3933)

Course Description

Computer aided modeling of mechanical and aerospace systems. Solution methods. Curve fitting. Numerical calculus and solution of differential equations with applications to mechanical and aerospace engineering.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3034K - Honors Modeling Methods in MAE

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Grades of "C" (2.0) or better in MAC 2311C, MAC 2312, MAC 2313, MAP 2302, PHY 2048C , and COP 3223C. Consent of Honors.

Prerequisites/Corequisites

- EGN 3321 and (EAS 3933 or EML 3933)

Course Description

Computer aided modeling of mechanical and aerospace systems. Solution methods. Curve fitting. Numerical calculus and solution of differential equations applications to mechanical and aerospace engineering

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3101 - Thermodynamics of Mechanical Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in all of the following: MAC 2311C, MAC 2312, MAC 2313, MAP 2302, PHY 2048 and EGN 3343.

Course Description

Applied thermodynamics, availability analysis, thermodynamics of reactive and nonreactive mixtures, thermodynamic relations of properties. Thermodynamic design analysis of complete mechanical systems.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3262 - Kinematics of Mechanisms**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in all of the following: MAC 2311C, MAC 2312, MAC 2313, MAP 2302, PHY 2048C and EGN 3321.

Course Description

Graphical, mathematical, and computer-aided kinematics, analysis, and synthesis of basic mechanisms.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3303C - Mechanical Engineering Measurements
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- "C" (2.0) or better in EGN 3343.

Course Description

Theory, calibration and use of instruments. Measurement techniques, data analysis, report writing. Laboratory topics related to mechanical engineering.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3500 - Design and Analysis of Machine Components

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in EGM 3601.

Course Description

Application of the principles of mechanics of materials to the design of mechanical components.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3701 - Fluid Mechanics I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in all of the following: MAC 2311C, MAC 2312, MAC 2313, MAP 2302, PHY 2048C , EGN 3321 and EGN 3343.

Course Description

Principles of continuum fluid mechanics. Integral and differential forms of governing equations, fluid statics, dimensional analysis, measurements, internal flows.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3701H - Honors Fluid Mechanics I**Credits Hours**

3

Prerequisites

- Grades of "C" (2.0) or better in (MAC 2313, MAP 2302, PHY 2048C, EGN 3321 and EGN 3343). Consent of Honors.

Course Description

Principles of continuum fluid mechanics. Integral and differential forms of governing equations, fluid statics, dimensional analysis, measurements, internal flows

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3811C - Mechatronics**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- A Grade of "C" (2.0) or Better in EGN 3373 or EEL 3004.

Course Description

Laboratory-based and project-oriented mechatronics system class covering fundamentals and hands-on experience in microcontrollers, analog and digital electronics, sensors, actuators, control logics, and mechanical system elements.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML3933 - Mechanical Career and Academic Faculty Advising I**Credits Hours**

0

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in MAP 2302.

Course Description

Mandatory meeting with students and their faculty advisor for career/academic advising.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4024C - Engineering Design Practice**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- "C" (2.0), or better in EML 3022C.

Course Description

A project oriented computer aided engineering design practice including design, simulation, analysis, and manufacturing.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4142 - Heat Transfer**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in both EML 3701 and EML 3034C.

Course Description

Conduction, radiation, and convection heat transfer. Basic energy balances emphasized. Steady state and transient problems, analysis and design of simple heat exchangers.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4142H - Honors Heat Transfer I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grades of "C" (2.0) or better in (EML3701 and EML3034C). Consent of Honors.

Course Description

Conduction, radiation, and convection heat transfer. Basic energy balances emphasized. Steady state and transient problems, analysis and design of simple heat exchangers. Honors content.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4143 - Heat Transfer II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in EML 4142.

Course Description

Advanced topics in heat transfer, multi-dimensional conduction, transient conduction, convection heat transfer, participating medium, boiling and condensation.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4225 - Introduction to Vibrations and Controls**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in each of the following courses EGN 3321, EGM 3601, EML 3034C, and EGN 3373.

Course Description

Undamped and damped vibration analysis of mechanical systems with single and two degrees of freedom; forced vibration; concepts of feedback controls; classical proportional, derivative and integral (PID) feedback controls and root locus.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4225H - Honors Introduction to Vibrations & Controls**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grades of "C" (2.0), or better in (EGN 3321, EGM 3601, EML 3034C, and EGN 3373). Consent of Honors College .

Course Description

Undamped and damped vibration analysis of mechanical systems with single and two degrees of freedom; forced vibration; concepts of feedback controls; classical proportional, derivative and integral (PID) feedback controls and root locus.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4260 - Dynamics of Machinery**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in both EGN 3321 and EML 4225.

Course Description

Critical speeds and response of flexible rotor systems, whirl, gyroscopic effects; balancing of rotating and reciprocating masses; cam dynamics.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4264 - Vehicle Dynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in both EGN 3321 or EML 4225.

Course Description

Basic mechanics governing vehicle dynamics, performance and handling; acceleration, braking, ride, cornering, suspension, steering, rollover.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4301C - Mechanical Systems Laboratory**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Grade of "C" (2.0) or better in EML 3303C, EGM 3601

Corequisites

- EML 4225.

Course Description

Teaching laboratory in solid mechanics, dynamic vibrations and control-feedback testing and theory; designing and conducting experiments; analyzing and interpreting data.

Current Fee Per Student

\$25.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4306C - Energy Systems Laboratory**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Grade of "C" (2.0) or better in EML 3303C

Corequisites

- EML 4142

Course Description

Design of experiments in Thermo-Fluid Systems with emphasis on project team activity.

Current Fee Per Student

\$31.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4313 - Intermediate System Dynamics and Controls

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in all of the following MAP 2302, EGN 3321, EGN 3373 and EML 4225.

Course Description

Free and forced vibration analysis of mechanical systems with multi degrees of freedom; normal modes and modal analysis; systems concepts, stability criteria, role of uncertainty in feedback and frequency domain control design.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4327 - Digital Manufacturing

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: "C" (2.0) or better in EGM 3601.

Course Description

This course covers additive manufacturing, subtractive manufacturing, computer-aided process planning and manufacturing, computer numeric control systems, manufacturing process monitoring, diagnostics, and prognostics.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4411 - Modern Power Generation Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or Better in EGN 3343

Course Description

Analysis and design of modern power generation plants and components, with emphasis on gas and steam plants utilizing natural gas, solar, nuclear, and renewable energy sources.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4454 - Turbines for Sustainable Power**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in all of the following EGM 3601, EGN 3365 or EMA 3706, EML 3701.

Corequisites

- EML 4142.

Course Description

Multidisciplinary aspects of turbine design for sustainable power generation including aerodynamics to combustion and emissions to reliability; covers multiple applications of conventional and green technologies.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4501C - Engineering Design I

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- "C" (2.0) or better in each EGN 3373, EML 3303C, EML 3701, EML 4142, EML 4225 and department consent.

Corequisites

- EML 4931.

Course Description

Application of the design process in the team solution of a state-of-the-art problem. Aerospace, mechanical, thermo-fluid, or material problems are considered.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4502C - Engineering Design II

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- EML 4931 and a "C" (2.0) or better in EML 4501C.

Course Description

Continuation of the design process in the team building and testing of a prototype. A test plan and a test report are completed.

Current Fee Per Student

\$60.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4504 - Design & Analysis of Machine Components II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in EML 3500.

Course Description

Application of the principles of component analysis to the design of mechanisms.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4600 - HVAC Systems Engineering

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in EGN 3343.

Course Description

Heating, ventilation, air-conditioning, and refrigeration principles and systems design. Psychrometrics, heating and cooling loads, equipment and components, and distribution systems.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4602 - Applied HVAC Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0), or better in EGN 3343.

Corequisites

- EML 4142.

Course Description

Applications of HVAC systems design with the objective of optimizing energy efficiency, humidity control, ventilation, and indoor air quality. Dehumidification performance of the various HVAC system types and their interactions with the building.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4703 - Fluid Mechanics II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in EML 3701.

Course Description

Continuation of Fluid Mechanics I. External flows, fluid machinery, compressible flows, design projects.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4804C - Digital Control in Mechatronics**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- "C" (2.0) or better in all of the following EML 3303C, EML 4225 and EML 4313.

Course Description

Discrete microprocessor control of mechatronics dynamic systems using state-space representation, digital controllers, design for mechatronic applications.

Current Fee Per Student

\$15.00

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4841H - Locomotion and Design in Natural Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: "C" (2.0 or better in both EGM 3601 and EML 3701; and Permission of Honors College.

Course Description

Locomotion, morphology, and corresponding limitations in natural systems. This course will expose students to topics which explore natural design as it relates to engineering.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

EML4931 - Mechanical Career and Academic Faculty Advising II

Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- EML 3933 and department consent.

Course Description

Mandatory meeting with students and their faculty advisor for career/academic advising.

College

College of Engineering and Computer Science

Department

Department of Mechanical and Aerospace Engineering

ENC - English

ENC1101 - Composition I

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Expository writing with emphasis on effective communication and critical thinking. Emphasizing the writing process writing topics are based on selected readings and on student experiences. The "NC" grading policy applies to this course.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC1101H - Honors Freshman Composition I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Score of 60+ on TSWE of SAT or C.I. and permission of Honors.

Course Description

Expository writing with emphasis on effective communication and critical thinking. Emphasizing the writing process writing topics are based on selected readings and on student experiences. The "NC" grading policy applies to this course. Honors-level content.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC1102 - Composition II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1101 with a grade of "C-" or better.

Course Description

Focus on extensive research in analytical and argumentative writing based on a variety of readings from the humanities. Emphasis on developing critical thinking and diversity of perspective. The "NC" grading policy applies to this course.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC1102H - Honors Freshman Composition II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete all of the following
 - Earn a minimum grade of C- in each of the following:
 - ENC1101H - Honors Freshman Composition I (3)
 - Or C.I.
 - Consent of Honors

Course Description

Same as ENC 1102, with honors-level content. Note on Freshman English Program: ENC 1101 and ENC 1102 must be taken before enrolling in any English course numbered above ENC 1102. The "NC" grading policy applies to this course.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC1130 - Improving College-Level Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Entry-level writing course designed to prepare students to read and write effectively at the college level.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC2127 - Grammar and Composition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

A systematic study of grammar and mechanics to improve editing for clarity and accuracy in writing.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3241 - Writing for the Technical Professional**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Writing effective correspondence, instructions, proposals, and informal and formal reports.

College

College of Arts and Humanities

Department

Department of English

ENC3241H - Honors Writing for the Technical Professional
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102H or equivalent credit, and Consent of Honors.

Course Description

Instruction and practice in expository prose used in technical writing, layout and design of data, and translation of technical documents for the lay audience. With Honors content.

College

College of Arts and Humanities

Department

Department of English

ENC3250 - Professional Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Study of and practice with professional writing as a rhetorical act involving problem solving and audience accommodation; includes research and text production practices as well as business genres and conventions.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3250H - Honors Professional Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Study of and practice with professional writing as a rhetorical act involving problem solving and audience accommodation; includes research and text production practices as well as business genres and conventions. With Honors content.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3258H - Honors Video Game Theory & Design
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102H or Consent of Honors.

Course Description

Theoretical and applied concepts in video game design and the literary impact of video games on our culture. With Honors content.

College

College of Arts and Humanities

Department

Department of English

ENC3310 - Magazine Writing I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Intensive practice in description narration, exposition and argumentation; control of tone, mood, viewpoint, and level of diction. Applicable to article, essay, and short story writing.

College

College of Arts and Humanities

Department

Department of English

ENC3311 - Essay as Cultural Commentary**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102 or C.I.

Course Description

Rhetorical and historical study, analysis, and writing of essay as reflective exploration and cultural commentary.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3314 - Writing and Rhetoric Foundations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or equivalent or C.I.

Course Description

Study and practice of research, writing, and rhetorical skills that enable successful (inter)disciplinary writing in and across the university.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3315 - Argumentative Writing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Students will analyze current issues, assess others' arguments, and construct various types of arguments, including visual and multimedia.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3330 - Rhetorical Traditions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Examines the roots of rhetoric and the evolution of its theoretical, pedagogical and civic tradition.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3331 - Rhetoric and Civic Engagement**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Examines rhetorical theory in order to analyze and participate in contemporary public debates and civic engagement efforts.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3351 - Writing for Publication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Examines freelance markets, article genre, and the rhetorical skills needed to design and produce articles for specific audiences and publications.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3351H - Honors Writing for Publication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102, and consent of Honors.

Course Description

Examines freelance markets, article genres, and rhetorical skills needed to design and produce articles for specific audiences and publications, and editorial roles for publications. With Honors content.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3372 - Topics in Civic Rhetoric and Writing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

In-depth study and application of a specific issue related to civic rhetoric and writing.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3373 - Cultural Rhetorics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Study of the diverse cultural production of and the cultural forces impacting the rhetoric of individuals and communities.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3375 - Rhetoric in Popular Culture**Credits Hours**

3

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or equivalent

Course Description

Exploration of rhetorical theories and strategies in a specific popular culture discourse or medium such as sports, comics, and food. Repeatable once with different content.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3417 - Literacy and Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Study of technology's impact on writing and literacy, focus on new media.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3433 - Multimedia Writing and Composition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Study and practice of multimedia writing (involving sound, visual, and linguistic forms) with an emphasis on the process of text production and remixing for different rhetorical contexts and audiences.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3453 - Writing About Health and Medicine**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Writing practices and genres of the health professions, with emphasis on writing about health and medicine for lay audiences.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3455 - Writing about Science and Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Writing about scientific and technological research and developments for non-scientific audiences (including novices and policymakers).

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3455H - Honors Writing About Science and Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Writing about scientific and technological research and issues for nonscientific audiences, including laypeople and policymakers. With Honors content.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3456H - Honors Writing about Health and Medicine**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Writing practices and genres of the health professions, with emphasis on writing about health and medicine for lay audiences. With Honors content.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3473 - Writing in Disciplinary Cultures**Credits Hours**

0 - 99

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Project-based study of writing (including genres, conventions, and arguments) in disciplines across the university.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3502 - Research Methods in Writing and Literacy Studies**Credits Hours**

3

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Overview of important research methodologies and lines of inquiry in writing and literacy studies, with emphasis on developing an original research project proposal.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3503 - Topics in Writing & Literacy Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

An in-depth study of and practice with a specific issue related to language theory and/or the teaching of writing.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3521 - Writing Across Difference
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Examines cultural influences on language and literacy practices, with emphasis on applications for writing teachers.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC3905 - Directed experience in Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102 and C.I.

Course Description

Individualized topics of study and/or research in writing with personalized faculty direction.

College

College of Arts and Humanities

Department

Department of English

ENC4212 - Professional Editing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Students will perform different types and levels of editing on a range of print and online texts from business and non-profit contexts.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4215 - Document Design and Publication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 3241 or C.I.

Course Description

Theory and practice of technical document design, including style, format, and layout. Create documents with relevant publication technologies. Practice in publication project management.

College

College of Arts and Humanities

Department

Department of English

ENC4218 - Visual Technical Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 4293.

Course Description

Communication and design theories for visual displays of technical information. Analyze and create informational graphics.

College

College of Arts and Humanities

Department

Department of English

ENC4219 - Technical Communication and Plain Language**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 3241 or C.I.

Course Description

A study of the origins and elements of plain language and the strategies for applying it to technical communication.

College

College of Arts and Humanities

Department

Department of English

ENC4262 - International Technical Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 3241 or C.I.

Course Description

International issues in the field of technical communication including internationalizing documents, user interface design, international collaboration, and rhetorical and logistical challenges.

College

College of Arts and Humanities

Department

Department of English

ENC4265 - Writing for the Computer Industry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better in ENC 1102 or C.I.

Course Description

Creating different kinds of software manuals or online help systems for the computer industry.

College

College of Arts and Humanities

Department

Department of English

ENC4275 - Theory and Practice of Tutoring Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 and C.I.

Course Description

Theory and practice of assessing and responding to writing from the standpoint of a collaborator, as opposed to evaluator.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4280 - Technical Writing Style
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 3241 or C.I.

Course Description

Strategies for understanding and improving writing styles, particularly for a variety of technical writing genres.

College

College of Arts and Humanities

Department

Department of English

ENC4290 - Usability Testing for Technical Communication
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 3241 or C.I.

Course Description

Usability theory and techniques for evaluating manuals, online documentation, and other technical communication genres.

College

College of Arts and Humanities

Department

Department of English

ENC4293 - Documentation and Project Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 3241.

Course Description

Development of a book-length project from idea to final published product. Examples may include style manuals, policies and procedures, and training manuals.

College

College of Arts and Humanities

Department

Department of English

ENC4294 - Client-Based Project Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 4293.

Course Description

Team-based planning, design, and development of technical communication documents for clients, including industry or non-profit organizations.

College

College of Arts and Humanities

Department

Department of English

ENC4298 - Technical Communication for the Virtual Workplace
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better in ENC 1102 or C.I.

Course Description

Collaborative technologies used in the modern workplace and the challenges associated with virtual collaboration. Students will participate in a virtual team project.

College

College of Arts and Humanities

Department

Department of English

ENC4312 - Theory & Practice Persuasive Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

A study of the theory and practice of persuasion, including logical emotional and ethical appeals.

College

College of Arts and Humanities

Department

Department of English

ENC4313 - Research Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better in ENC 1102.

Course Description

Study of and practice in writing research-based genres in various disciplines; may include correspondence, proposals, presentations, and informal/formal research reports.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4353 - Writing for Social Change**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Study of how activist writing and other symbolic action can be used to mobilize social or policy change around contemporary controversial issues.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4354 - Writing with Communities and Nonprofits**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Study and practice of methods for writing in partnership with nonprofits and the communities they serve, with an emphasis on audience analysis and community engagement.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4354H - Honors Writing with Communities and Nonprofits**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102, and consent of Honors.

Course Description

Study and practice of methods for writing in partnership with nonprofits and the communities they serve, with an emphasis on audience analysis and community engagement. With Honors content.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4360 - Nature Writing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor and grade of "C" (2.0) or better required in CRW 3013 and CRW 3053, or C.I.

Course Description

Students will write essays that explore different approaches to writing about the natural world, and will discuss issues raised by such writing.

College

College of Arts and Humanities

Department

Department of English

ENC4374 - Gendered Rhetorics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Historical and theoretical study of gendered rhetorical practices, with emphasis on women rhetors.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4378 - Writing in Global and Transnational Contexts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Examination of the ways language and rhetoric travel across cultures and countries, with practice strategies for transnational communication with local and global audiences.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4379 - Writing and Rhetoric Capstone**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior standing; ENC 3331, ENC 3505, and ENG 3836;

Prerequisites/Corequisites

- ENC 4944, ENC 3473, or ENC 4275.

Course Description

Culminating required course for students majoring in Writing and Rhetoric. Students reflect on disciplinary identity, possible career trajectories, and transferrable strategies for writing in their lives.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4414 - Writing and Hypertext**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 3241 or C.I.

Course Description

Writing and HTML/CSS coding for online environments, hypertext architectures, and electronic literacy theory to develop a more critical and applied understanding of hypertext.

College

College of Arts and Humanities

Department

Department of English

ENC4415 - Digital Rhetorics and The Modern Dialectic
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Explores the development of digital rhetorics appearing in online environments through close reading and analysis of formative rhetorical texts, fiction, and internet materials.

College

College of Arts and Humanities

Department

Department of English

ENC4416 - Writing in Digital Environments
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Study and practice of new media/Internet writing and publishing, covering a range of online and multimedia genres.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4416H - Honors Writing in Digital Environments**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Critical and rhetorical engagement with digital writing and networked systems, including a range of online media and genres. With Honors content.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4434 - Visual and Material Rhetorics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Study of visual and material textual elements within different historical and contemporary rhetorical practices and performances. Students will use a variety of compositional materials to produce texts.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4504 - Contemporary Composition Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Considers major theoretical paradigms and more emergent theoretical explorations in modern and contemporary composition studies.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4523 - Writing and Identity**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102.

Course Description

Explores the role of identity in writing, particularly negotiating gender, race, class, sexual identity and other difference issues.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4943 - Practicum in Editing & Publishing
Credits Hours

3

Lab/Studio/Field Work Hours

5

Prerequisites

- PR: "C" (2.0) or better in ENC 1102

Course Description

Experiential-learning course. Students work as writers, marketers, web programmers, and editors for an existing publication housed in the Department of Writing and Rhetoric.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4944 - Writing Internship
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and ENC 3331 and ENG 3836 and declared Writing and Rhetoric Major.

Course Description

Training and practice in professional and/or civic writing through approved internship with business or organization; involves reporting and reflecting on experience

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENC4950 - Writing ePortfolio
Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" or better in ENC 1102.

Course Description

Student must have completed at least 33 hours toward the B.A. in Writing & Rhetoric, 9 hours toward the Minor in Writing & Rhetoric, or at least 6 hours toward the Certificate in Public and Professional Writing. In their graduation term, Writing & Rhetoric majors, minors, or Public & Professional Writing Certificate students revise and submit their writing e-portfolio for departmental approval.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENG - English: General

ENG3010 - Practical Criticism
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Student evaluation of selected fiction, poetry, and drama through practical exercises in literary criticism.

College

College of Arts and Humanities

Department

Department of English

ENG3014 - Theories and Techniques of Literature Study**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Techniques of analysis, theories of interpretation, and application of critical approaches to selected works.

College

College of Arts and Humanities

Department

Department of English

ENG3073 - Cultural Studies Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

The theoretical and cultural developments over time that call for broadening the applications of literary analysis to produce "cultural studies."

College

College of Arts and Humanities

Department

Department of English

ENG3612 - Trends in Literary, Cultural, and Textual Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102.

Course Description

Literary analysis of textual production within contemporary social trends and new technologies.

College

College of Arts and Humanities

Department

Department of English

ENG3817 - Digital Archives**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Examines "debates" in the digital humanities and prepares students to work with the creation, management, and preservation of digital archives content.

College

College of Arts and Humanities

Department

Department of English

ENG3821 - What's Next For English Majors**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102 and English major or minor, or C.I.

Course Description

Professional development strategies and career options for English majors after graduation.

College

College of Arts and Humanities

Department

Department of English

ENG3833 - Marketing Your Writing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in ENC 3351.

Course Description

Exploration of writing markets and publishing opportunities therein, the submission process, and author marketing and negotiation strategies.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENG3836 - Professional Lives and Literacy Practices**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" (2.0) or better in ENC 1102.

Course Description

Study of technologyassisted professional writing and literacy practices around knowledge management work in organizations and communities.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

ENG4114 - Literature and Film**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

The differences in emphasis, medium, and technique in selected novels and their film adaptations.

College

College of Arts and Humanities

Department

Department of English

ENG4614 - Discourse of Global Cultural Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENG 3014, or C.I.

Course Description

American popular culture texts in world context, using concepts and theories from global cultural studies to analyze transmission, translation, and appropriation.

College

College of Arts and Humanities

Department

Department of English

ENG4832 - Scholarly Editing & Publishing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Grade of C (2.0) or better required in ENC 1102 or C.I.

Course Description

Job-related skills in scholarly editing; submission, review, and production practices; and ethical and technological issues in editing.

College

College of Arts and Humanities

Department

Department of English

ENL - English Literature

ENL2012 - English Literature I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Beowulf to 1798.

College

College of Arts and Humanities

Department

Department of English

ENL2022 - English Literature II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

From 1798 to 1914.

College

College of Arts and Humanities

Department

Department of English

ENL3220 - English Renaissance Poetry and Prose
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Selected authors and major themes in English Renaissance poetry and prose.

College

College of Arts and Humanities

Department

Department of English

ENL3222 - Renaissance Women in Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Literature by and about women in the Renaissance.

College

College of Arts and Humanities

Department

Department of English

ENL3231 - Restoration Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" or better in ENC 1102.

Course Description

This course surveys the poetry, drama, and prose written during the Restoration era (1660-1700) and the social, historical, and political contexts.

College

College of Arts and Humanities

Department

Department of English

ENL3296 - Gothic Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" or better required in ENC 1102.

Course Description

A study of Gothic literature (prose, poetry, drama) in the British Isles and its cultural contexts.

College

College of Arts and Humanities

Department

Department of English

ENL3296H - Honors Gothic Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and Consent of Honors.

Course Description

A study of Gothic literature (prose, poetry, drama) in the British Isles and its cultural contexts. With Honors content.

College

College of Arts and Humanities

Department

Department of English

ENL3378 - Harry Potter Studies
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Examines J. K. Rowling's Harry Potter series of books and other adaptations.

College

College of Arts and Humanities

Department

Department of English

ENL3378H - Honors Harry Potter Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102H or equivalent and consent of Honors.

Course Description

Examines J. K. Rowling's Harry Potter series of books and other adaptations. With Honors content.

College

College of Arts and Humanities

Department

Department of English

ENL3451 - Topics in British Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102 or C.I.

Course Description

Linguistic, literary, and cultural elements of British writing through various time periods and genres.

College

College of Arts and Humanities

Department

Department of English

ENL3654 - Black British Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" or better required in ENC 1102.

Course Description

Study of literature written inside the UK by authors of African, South Asian, and Caribbean lineage.

College

College of Arts and Humanities

Department

Department of English

ENL4101 - English Novel**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Analysis of major English novelists.

College

College of Arts and Humanities

Department

Department of English

ENL4230 - Eighteenth-Century Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENG 3014.

Course Description

A study of English literature from 1660 to 1800 and its cultural contexts.

College

College of Arts and Humanities

Department

Department of English

ENL4240 - English Romantic Writers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Study of English poets and essayists of the romantic period, such as Wordsworth, Coleridge, Hazlitt, Lamb, Byron, Shelley and Keats.

College

College of Arts and Humanities

Department

Department of English

ENL4253 - The Victorian Age
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENG 3014 or C.I.

Course Description

Key issues and authors of the Victorian age (1837-1901) covering, fiction, poetry, and nonfiction prose.

College

College of Arts and Humanities

Department

Department of English

ENL4262 - Nineteenth Century British Prose
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Essays and fiction of the nineteenth century.

College

College of Arts and Humanities

Department

Department of English

ENL4273 - Modern British Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Major writers of modern British literature.

College

College of Arts and Humanities

Department

Department of English

ENL4303 - British Authors
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENG 3014, or C.I.

Course Description

Study of the works of a single British author.

College

College of Arts and Humanities

Department

Department of English

ENL4311 - Chaucer
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

The Canterbury Tales, Troilus and Criseyde, and other works.

College

College of Arts and Humanities

Department

Department of English

ENL4333 - Shakespeare Studies
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENG 3014.

Course Description

Reading, analysis, and discussion of Shakespeare's plays.

College

College of Arts and Humanities

Department

Department of English

ENL4341 - Milton and His Age
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Paradise Lost, Paradise Regained, Samson Agonistes, shorter poems and selected prose.

College

College of Arts and Humanities

Department

Department of English

ENT - Entrepreneurship

ENT3613 - Creativity and Entrepreneurship
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing.

Course Description

This course portrays entrepreneurship as a creative problem solving process emphasizing opportunity recognition, resourcefulness, and leadership that results in startup, social, government and corporate ventures.

College

College of Business Administration

Department

Department of Management

ENT4013 - New Venture Design**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing.

Course Description

Applied course which focuses on the creation, evaluation, development and launch readiness of a new business or social venture.

College

College of Business Administration

Department

Department of Management

ENT4014 - New Venture Implementation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENT 3613.

Course Description

Develops procedure by which start-up businesses can implement a well-researched business model by planning standard business functions necessary to launch the venture.

College

College of Business Administration

Department

Department of Management

ENT4183 - Technological Entrepreneurship**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing.

Course Description

How technology and innovation processes affect social and organizational change, and the distinct challenges associated with launching, managing and growing technology-based business ventures.

College

College of Business Administration

Department

Department of Management

ENT4412 - Managing Small Business Finances**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Integrated Business major.

Course Description

Emphasizes the relationships between the finance function and other company activities. Focuses on financial statements, cash flow, sources of financing, valuation, inventory and vendor management.

College

College of Business Administration

Department

Department of Integrated Business

ENT4503 - Social Entrepreneurship
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing.

Course Description

Emphasis on understanding how social entrepreneurs effect change in poor communities in the developing world.

College

College of Business Administration

Department

Department of Management

ENT4942 - Entrepreneurial Internship
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Junior standing, application approval, and consent of Management Department.

Course Description

Supervised, entrepreneurial-related work experience in a sponsoring organization. See Management Department for information. Application required.

College

College of Business Administration

Department

Department of Management

ENV - Engineering: Environmental

ENV3001 - Environmental Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A grade of "C" (2.0) or better in MAC 2312 and in CHM 2045C or CHS 1440 or CHM 2041.

Course Description

Introduction to concepts and terminology of environmental engineering. Stresses material and energy balances. Covers air, water and land pollution.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENV4120 - Air Pollution and Hazardous Waste Control**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EGN 3343, CWR 3201 and ENV 3001 all with a grade of "C" (2.0) or better.

Course Description

Air pollution and hazardous waste engineering. Air resources management, engineering design, and operation of air pollution control systems. Storage, collection, processing, and disposal of hazardous wastes.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENV4122C - Air Pollution Control Design**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ENV 4120 with grade of "C" (2.0) or better and department consent.

Course Description

Project course on design of air pollution control equipment and systems.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENV4300C - Solid Waste Facility Design**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ENV 4341 with grade of "C" (2.0) or better and department consent.

Course Description

Project course on design of a municipal solid waste landfill.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENV4341 - Sustainable Resource Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENV 3001 with a grade of "C" (2.0) or better.

Course Description

Principles of industrial ecology, life cycle analysis, regulation of solid wastes, and sustainable engineering design. Solid waste management facilities, food-energy-water nexus, carbon and water footprints.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENV4433C - Environmental Engineering Wastewater Design
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- EES 4111C, ENV 4531 both with grades of "C" (2.0) or better and department consent.

Course Description

Project course in advanced municipal and industrial wastewater treatment design with emphasis on teamwork to complete the design process.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENV4531 - Environmental Engineering Unit Operations & Processes**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENV 3001, CWR 3201 both with a minimum grade of "C" (2.0) or better.

Course Description

Water and wastewater treatment design considerations with effluent and sludge handling, treatment, and disposal.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENV4561 - Advanced Environmental Engineering Operations & Processes**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENV 4531 with a grade of "C" (2.0) or better.

Course Description

Advanced water and wastewater treatment including biological nutrient removal and desalination.

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENV4562C - Environmental Engineering Water Treatment Design

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- EES 4202C and ENV 4531 both with grades of "C" (2.0) or better and department consent.

Course Description

Application of systems design criteria in the specification and design of a full scale potable water treatment plant.

Current Fee Per Student

\$43.00

College

College of Engineering and Computer Science

Department

Department of Civil, Environmental, and Construction Engineering

ENY - Entomology

ENY3571 - Honey Bee Biology and Beekeeping

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PR: BSC 2010C, BSC 2011, C.I.

Course Description

Comprehensive overview of honey bee biology and practical introduction to the art and science of beekeeping

College

College of Sciences

Department

Department of Biology

ENY4004C - General Entomology

Credits Hours

4

Lab/Studio/Field Work Hours

6

Prerequisites

- A "C" (2.0) or better in both BSC 2010C and BSC 2011C, or C.I.

Course Description

Biology of insects: identification, taxonomy, physiology, behavior, and ecology.

Current Fee Per Student

\$15.00

College

College of Sciences

Department

Department of Biology

ESE - Education: Secondary

ESE3940 - Internship I - Secondary

Credits Hours

3 - 16

Lab/Studio/Field Work Hours

16-Mar

Prerequisites

- EDG 4410 and C.I.

Course Description

Student teaching in a secondary school under the supervision of a certified classroom teacher.

College

College of Community Innovation and Education

Department

School of Teacher Education

ESE4033C - Critical Issues and Trends in Secondary Education

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Internship I in specific discipline.

Corequisites

- ARE 4941, ESE 4943, FLE 4941, LAE 4941, MAE 4941, SCE 4941, or SSE 4941.

Course Description

Examination of critical and contemporary issues and trends in secondary education classrooms. Laboratory experiences will connect to the issues and trends specific to particular content areas.

College

College of Community Innovation and Education

Department

School of Teacher Education

ESE4942 - Internship II Seminar

Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites

- Internship I in the specific discipline

Corequisites

- Internship II in the specific discipline.

Course Description

Culminating seminar emphasizing current classroom management and assessment issues, as they relate to teaching in the secondary grades.

College

College of Community Innovation and Education

Department

School of Teacher Education

ESE4943 - Internship II - Secondary
Credits Hours

7 - 12

Lab/Studio/Field Work Hours

35

Prerequisites

- ESE 3940 or EDE 3942.

Course Description

Student teaching in a secondary school under the direction of a certified classroom teacher. Scheduled concurrent seminars.

College

College of Community Innovation and Education

Department

School of Teacher Education

ESI - Engineering System-Industrial

ESI3933 - Industrial Engineering Career Faculty Advising
Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- The student's declared major is Industrial Engineering

Course Description

Mandatory meeting with students and the IE faculty for career advising

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

ESI4221 - Empirical Methods for Industrial Engineering
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 3032 with a grade of "C" (2.0) or better.

Course Description

Application of empirical methods for industrial engineering problem solving.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

ESI4234 - Quality Engineering

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 3032 with a grade of "C" (2.0) or better.

Course Description

Basic concepts and techniques of quality control; applications of statistics in industrial research; design of quality assurance systems; reliability engineering.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

ESI4313 - Stochastic Methods for Operations Research**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grades of "C" (2.0) or better in (STA 3032 and MAS 3105).

Course Description

Introduction to techniques of operations research involving probabilistic and stochastic models. Topics include stochastic processes (e.g., Poisson and Markovian processes, Queuing Theory, and Stochastic Programming).

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

ESI4523 - Systems Simulation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 3032 with a grade of "C" (2.0) or better.

Course Description

Methods and procedures for simulating large-scale systems with digital computers. High level simulation languages are used.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

ESI4628 - Decision Support Systems for Industrial Engineers

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grades of "C" (2.0) or better in STA 3032 and COP 3223C.

Course Description

Building data-driven decision support systems with Python. Basic decision support methodology and industrial engineering analytics will be presented for analyzing and modeling real-world IE problems.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

ETI - Engineering Technology: Industrial

ETI3116 - Applied Engineering Quality Assurance

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 2014 or STA 2023.

Course Description

Fundamentals of industrial quality control. Technical specifications, measurements standards, inspection, and gaging. Process control techniques.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

ETI3671 - Technical Economic Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 1105C or equivalent.

Course Description

Analysis of cost elements in technical operations. Basis for comparison of alternatives.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

ETI4186 - Applied Reliability**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ETI 3116.

Course Description

Practical application of reliability concepts and analysis applicable to the design, production and logistics phases of systems and system components.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

ETI4448 - Applied Project Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior Standing.

Course Description

Statement of work, activity decisions, timelines, scheduling, and resource allocation methods. Techniques will be appropriate for large and small projects within commercial, academic, or non-profit organizations.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

ETI4640 - Operations Management for Technologists
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ETI 4635.

Course Description

Scheduling techniques (PERT), (CPM), are presented. Time Study Methods, Work Sampling and MTM are covered.

College

College of Engineering and Computer Science

Department

Engineering Technology Department

EUH - European History

EUH2000 - Western Civilization I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

A survey of western civilization from ancient to 1648.

College

College of Arts and Humanities

Department

Department of History

EUH2001 - Western Civilization II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

A survey of western civilization from 1648 to present. May be taken before EUH 2000.

College

College of Arts and Humanities

Department

Department of History

EUH3122 - Medieval Society and Civilization**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

College

College of Arts and Humanities

Department

Department of History

EUH3124 - The Crusades**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001, or C.I.

Course Description

The phenomenon of crusading in medieval Europe and the Middle East, including theories of "just war" and jihad.

College

College of Arts and Humanities

Department

Department of History

EUH3130 - Medieval Knights & Age of Chivalry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Grade of C (2.0) or better required in ENC 1102 or equivalent, or C.I.

Course Description

Dynamics of aristocratic society in high medieval Europe, including: chivalry; castle-building; jousts; the Crusades and military orders; and other social and cultural themes.

College

College of Arts and Humanities

Department

Department of History

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

A survey of the impact of the democratic institutions, education, transportation, housing, health, mass communications, entertainment, women, and warfare.

College

College of Arts and Humanities

Department

Department of History

EUH3281 - Second World War and Rebirth of Europe
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

Origins of World War II; Hitler's "New Order," and resistance movements; Cold War; de-Stalinization of Russia; Sovietization of East Central Europe; Western reconstruction, and prosperity.

College

College of Arts and Humanities

Department

Department of History

EUH3310 - History of Medieval Spain 400-1100**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: EUH 2000 or C.I.

Course Description

Political, religious, and cultural history of the Iberian Peninsula from the fall of Rome to collapse of the Umayyad Caliphate and the start of the Crusades

College

College of Arts and Humanities

Department

Department of History

EUH3313 - History of Medieval Spain 1100-1500**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Grade of C (2.0) or better required in ENC 1102 or equivalent, or C.I.

Course Description

The political, social, and economic development of Spain from frontier kingdom to global superpower.

College

College of Arts and Humanities

Department

Department of History

EUH3411 - History of the Roman Republic
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 or WOH 2012 or C.I.

Course Description

History of Roman civilization from 753 BC to 31 BC.

College

College of Arts and Humanities

Department

Department of History

EUH3431 - History of Modern Italy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2001.

Course Description

The history of modern Italy from the origins of national unification through the post-World War II era.

College

College of Arts and Humanities

Department

Department of History

EUH3441 - Early Modern France**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001.

Course Description

France beginning with Wars of Religion. Topics include Absolutism and Louis XIV, nation building, the Enlightenment, imperial expansion, and the French Revolution.

College

College of Arts and Humanities

Department

Department of History

EUH3451 - History of Modern France**Credits Hours**

3

0

Prerequisites

- EUH 2001, EUH 3242 or C.I.

Course Description

France beginning with the Napoleonic era. Topics include nineteenth century social, political and consumer revolutions, the World Wars, the Cold War, imperialism and decolonization.

College

College of Arts and Humanities

Department

Department of History

EUH3531 - Medieval Ireland
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

Ireland's historical and cultural development from 1129 to 1607.

College

College of Arts and Humanities

Department

Department of History

EUH3538 - Modern Ireland
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2001.

Course Description

Cultural, political and social developments in Ireland after 1800.

College

College of Arts and Humanities

Department

Department of History

EUH3651 - War and Society**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Evolution of weapons, tactics, strategy; role, social status, recruitment of soldiers; influence of military on governments; and international efforts to preserve peace.

College

College of Arts and Humanities

Department

Department of History

EUH4131 - European Warfare 1300-1650**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of 'C' (2.0) or better required in ENC 1102 or EUH 2000, or C.I.

Course Description

European conflicts from the Hundred Years' War to the Thirty Years' War. Focuses on major battles and campaigns, and on political, social, and religious context.

College

College of Arts and Humanities

Department

Department of History

EUH4283 - Cold War Homefronts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001, or C.I.

Course Description

The Cold War from the homefront perspective addressing both sides of the Iron Curtain.

College

College of Arts and Humanities

Department

Department of History

EUH4284 - Fascism and Nazism in the Interwar Europe**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001.

Course Description

Fascist and Nazi movements in interwar Europe, mostly Italy and Germany. Origin, development, seizure of power, system of government, ideology, domestic and foreign policies, resistance to these movements.

College

College of Arts and Humanities

Department

Department of History

EUH4315 - History of Modern Spain 1500-present**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of 'C' (2.0) or higher required in ENC 1102 or EUH 2001, or C.I.

Course Description

The political, economic, and cultural development of Spain from the Spanish Golden Age to the present.

College

College of Arts and Humanities

Department

Department of History

EUH4400 - The History of Ancient Greece**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- WOH 2012 or C.I.

Course Description

The history and culture of the Mediterranean world and the ancient Near East from 750 BCE to 323 BCE.

College

College of Arts and Humanities

Department

Department of History

EUH4402 - The Age of Alexander the Great
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 or WOH 2012.

Course Description

Addresses the history of the Hellenistic period and the spread and impact of Greek culture on non-Greek societies.

College

College of Arts and Humanities

Department

Department of History

EUH4413 - History of the Roman Empire
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: EUH 2000 or WOH 2012 or C.I.

Course Description

The history of Roman civilization from 31 BC to AD 476

College

College of Arts and Humanities

Department

Department of History

EUH4426 - Sex and Gender in Antiquity**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 or WOH 2012.

Course Description

Examines the concepts of sex and gender in Greek and Roman societies and their impact on modern society.

College

College of Arts and Humanities

Department

Department of History

EUH4465 - Hitler's Third Reich**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

German nationalism and militarism; World War I and Versailles Treaty; the Weimar Republic and the rise of the Nazis; Second World War, division and recovery.

College

College of Arts and Humanities

Department

Department of History

EUH4500 - English History to 1485

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

College

College of Arts and Humanities

Department

Department of History

EUH4501 - English History: 1485-1815

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

College

College of Arts and Humanities

Department

Department of History

EUH4502 - British History: 1815-Present

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

College

College of Arts and Humanities

Department

Department of History

EUH4504 - English Legal History I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 or C.I.

Course Description

Explores English law from the first Germanic law codes in the seventh century to the publication of Blackstone's Commentaries on the Laws of England.

College

College of Arts and Humanities

Department

Department of History

EUH4571 - History of Russia to 1801**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

Kievan State; Mongol Yoke; Development of Muscovite Expansionism and Absolutism; Time of Troubles; Westernization of Russia under Peter I and Catherine; Role of Orthodox Church.

College

College of Arts and Humanities

Department

Department of History

EUH4574 - History of Russia: 1801-1917**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

Alexander I; Napoleonic Invasion, Revolutionary Movement; Russian Policy toward Central Asia and China; Great Reforms; Russo-Japanese War; Revolution of 1905; Constitutional Period; Triple Entente.

College

College of Arts and Humanities

Department

Department of History

EUH4576 - History of Russia in the 20th Century**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

War and Revolution, Lenin, Stalinist Period, WWII, The Cold War. Collapse of Soviet Union, the New Russia.

College

College of Arts and Humanities

Department

Department of History

EUH4610 - Women in European Society: From Medieval to Modern

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

This course examines the changing situation of women in Europe from the Middle Ages to the twentieth century.

College

College of Arts and Humanities

Department

Department of History

EUH4610H - Honors Women in European Society

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- GEP Honors completion or permission of Honors.

Course Description

Interdisciplinary approach to the changing situation of women in Europe across space and over time with honors-level content.

College

College of Arts and Humanities

Department

Department of History

EUH4620 - European Great Powers: 1815-1914**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

Congress of Vienna, Metternich's system Crimean War, unifications of Italy& Germany, the Bismarckian era, the alliance systems, and the outbreak of World War I.

College

College of Arts and Humanities

Department

Department of History

EUH4663 - History of Communism in Europe**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001.

Course Description

History of communist movements and regimes in Europe from mid-19th century to the fall of the Berlin Wall. The course focuses on the history of communism outside of Russia and opposition to the communist regimes.

College

College of Arts and Humanities

Department

Department of History

EUH4674 - Sport and Society in the Ancient World
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000, EUH 2001 or WOH 2012, WOH 2022.

Course Description

A comparison of the original form of the Olympic Games (and ancient notions of sport) to their modern counterparts.

College

College of Arts and Humanities

Department

Department of History

EUH4674H - Honors Sports & Society in the Ancient World
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- GEP Honors completion or permission of Honors.

Course Description

Interdisciplinary approach to comparing the Original Olympic games and other ancient athletic spectacles with their modern counterparts with honors-level content.

College

College of Arts and Humanities

Department

Department of History

EVR - Environmental Sciences

EVR1001 - Introduction to Environmental Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Environmental science and environmental systems in the context of real places, real people, real problems and real data.

College

College of Sciences

Department

Department of Biology

EVR1001H - Honors Introduction to Environmental Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Environmental science and environmental systems in the context of real places, real people, real problems, and real data.

College

College of Sciences

Department

Department of Biology

EVR3008 - Foundations of Environmental Studies**Credits Hours**

3

Prerequisites

- Junior standing, complete equivalent of UCF Science and Math GEP.

Course Description

An overview of the approaches taken by different disciplines to address regional, national, and global environmental issues.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

EVR3085 - Interdisciplinary Research Methods for Environmental Studies

Credits Hours

3

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

EVR4940 - Capstone Environmental Studies

Credits Hours

3

Prerequisites

- Environmental Studies Major in graduating semester, or C.I.

Course Description

In their graduating semester, majors reflect on their learning, engage in research projects, prepare an e-portfolio documenting their skills, competencies, and academic career for post-graduation plans.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

EXP - Experimental Psychology

EXP3204 - Sensation and Perception

Credits Hours

3

Prerequisites

- PSY2012

Course Description

Consideration of physical and psychological variables in perceptual phenomena.

College

College of Sciences

Department

Department of Psychology

EXP3250 - Principles of Human Factors Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

The study of human performance in human-machine-environment systems. Topics will include human factors psychology in the design of displays and controls, human information processing, and the effects of some environmental variables on human performance.

College

College of Sciences

Department

Department of Psychology

EXP3304 - Motivation and Emotion**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Some topics including human performance, obedience, ideology, aggression, and psychological well-being.

College

College of Sciences

Department

Department of Psychology

EXP3404 - Basic Learning Processes
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Theory and research on learning phenomena.

College

College of Sciences

Department

Department of Psychology

EXP3604 - Cognitive Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Theory and research on attention, memory, complex human learning, and problem solving.

College

College of Sciences

Department

Department of Psychology

EXP3640 - Psychology of Language**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Psychological principles involved in the communicative process, with application to individuals and groups.

College

College of Sciences

Department

Department of Psychology

EXP4507 - Advanced Human Memory and Cognition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 3213C, EXP 3604.

Course Description

In-depth coverage of experimental research on human memory and cognition.

College

College of Sciences

Department

Department of Psychology

FIL - Film

FIL1000 - Cinema Survey**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Introductory course that focuses on different approaches to studying cinema.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL1000H - Honors Cinema Survey**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Introductory course that focuses on different approaches to studying cinema. Honors-level content.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL1007 - Foundations of Story**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Film BA major, Film BFA pending major or Cinema Studies minor

Course Description

Analysis of dramatic and cinematic narrative structures, both plot and character, from historical and cultural perspectives.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL1008 - Cinematic Expression I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Film BA major, Film BFA pending major or Cinema Studies minor

Course Description

Analysis and practice of aesthetic principles essential in filmmaking, including composition, moving graphics, image design, lighting styles.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2030 - History of Motion Pictures**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Course Description

The history of motion pictures as art and industry; from 1895 to the present.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2107 - Script Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Film BA major or Film BFA pending major.

Prerequisites/Corequisites

- ENC 1101 and FIL 1007.

Course Description

Introduction to dramatic and visual storytelling techniques used in both traditional and non-traditional filmmaking and screenwriting.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2423 - Foundations of Production**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Digital Media or Cinema Studies major, or Cinema Studies minor.

Course Description

Basic production techniques used in film making. Students must supply their own video equipment and editing equipment. Any format is acceptable.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2424 - Introduction to Film Production**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Film BA major or Film BFA pending major

Course Description

Introduction to budgeting, script breakdown, construction of production boards, scheduling, location scouting, and crew positions.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2461C - Cinematography I**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Film BA major or Film BFA pending major and FIL2424

Course Description

An introduction to the principles of the motion image capture process: camera, lenses, lighting, and grip theories, techniques and technologies.

Current Fee Per Student

\$10.00

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2480 - Directing Techniques for Film**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Film BA major, Film BFA pending major or Film pending major and FIL1008 and FIL1007.

Course Description

Introduction to processes and techniques of film directing.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2481 - Directing the Actor for Film I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Film BA major, Film BFA major or Film pending major

Course Description

Developing an ability to direct and work with film actors effectively, using various acting and directing techniques.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2534 - Sound Design for Film I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (Film BA major, Film BFA major or Film pending major) and FIL2552

Course Description

An introduction to the principles of the motion picture sound process: recording, editing, and mixing theories, techniques, and technologies.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL2552 - Editing I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Film BA major, Film BFA major or Film pending major.

Course Description

Introduction to the principles of motion picture post-production process: editing, workflow, and exhibition theories, techniques, and technologies.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3006 - Art of the Cinema**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 2030.

Course Description

An analysis of basic elements of cinematic style including film direction, editing, cinematography, art direction and sound.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3036 - Film History I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 2030 and Film major or Cinema Studies Minor

Course Description

Examines film history in a depth of detail and with rigor that is appropriate for majors in the subject. This course covers cinema history from 1895 to 1945.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3037 - Film History II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 2030 and Film Major or Cinema Studies Minor.

Course Description

Film history in a depth of detail and with rigor that is appropriate for majors in the subject. This course covers from 1946 to the present.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3041 - History of Animated Films I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Cinema Studies, Art, Animation or Digital Media major.

Course Description

Evolution of animation from its roots in Art, Theatre, and Novelty Inventions to its rise as a cinematic force of popular storytelling.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

FIL3051 - Avant-Garde Cinema**Credits Hours**

3

College of Sciences

Department

Nicholson School of Communication and Media

FIL3363C - Film Documentary
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- FIL 2030 and Film major or Cinema Studies minor.

Course Description

The uses and analysis of the nonfiction film.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3379C - Advanced Documentary Production
Credits Hours

3

Lab/Studio/Field Work Hours

6

Prerequisites

- Film BA or Film BFA Major and FIL 3363C or C. I.

Course Description

Advanced readings and analysis of documentary history, theory and ethics; production and practice of contemporary nonfiction entertainment.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3379K - Honors Advanced Documentary Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

6

Prerequisites

- ENC 1102H and Consent of Honors or C.I.

Course Description

Public history research and documentary production. Studentproduced multimedia projects centered on local partnerships that explore the public history of Central Florida. With Honors content.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3401 - Research Methods for Filmmakers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Film BA or Film BFA Major and ENC 1102

Course Description

Research methods and applied issues of responsibility for film makers

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3462C - Cinematic Expression II**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- FIL 1008 and either Film Major or Cinema Studies Minor

Course Description

Advanced study of the film image, sound, and sequence using principles and elements of visual, aural, and cinematic design theory. Includes practical studies and films.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3483 - Directing the Actor for Film II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 2481.

Course Description

Characterization and scene study as it applies to directing the actor for film.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3720C - Introduction to Animation**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- DIG 3951 and declared Emerging Media BFA, Character Animation Track, or ART 3950 and declared Emerging Media BFA, Experimental Animation Track, or ART 3952

Course Description

Introductory computer graphic techniques utilizing microcomputer systems. Techniques include basic paint systems, color cycling and 2D animation.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

FIL3734C - Intermediate Animation**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- FIL 3720C

Course Description

Focus on 3-D computer modeling and animation systems. Hands-on exercise on the type of high-end animation systems used in the film industry.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

FIL3803C - Film Theory and Criticism I
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Junior Standing and Film Major

Course Description

Major film theories to the Second World War Period.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3804C - Film Theory and Criticism II
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- FIL 3803C

Course Description

Major film theories from Second World War period to present.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3823 - German Film**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C.I.

Course Description

Exploration of the form and context of German film during different time periods in relation to other aspects of culture and to sociopolitical structures at the time.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3826 - American Cinema**Credits Hours**

3

0

Prerequisites

- FIL2030 and Film major or Cinema Studies minor.

Course Description

Lectures, films and forums designed to provide awareness of styles, images, and myths in cinema that influence or reflect our culture.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3831 - Black Cinema**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and ENC 1102.

Course Description

Independent black film movements; theory, aesthetics and criticism of African-American, African-Canadian and African-Caribbean cinema.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3842 - International Cinema**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- FIL 3036 or FIL 3037, and Film BFA or Film BA major.

Course Description

Critical exploration of the political, social, cultural and artistic context of international film production, with emphasis on co-production and transnational connections in production and reception.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3845 - World Cinema Traditions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 3036 or FIL 3037 and Film Major or Cinema Studies Minor

Course Description

The relationship among film, history, and culture in selected Asian, African, Latin American, and Middle Eastern countries.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3847 - Latin American Cinema**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 3036 or FIL 3037

Course Description

Latin American films and film movements, historical and contemporary issues, social, and aesthetic concerns.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3850 - Cinema Directors**Credits Hours**

3

1

Prerequisites

- FIL 2030.

Course Description

Images of women in film and how these images are shaped and structured in relation to circumstances of production, aesthetics, cultural, historical, and ideological factors.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL3922 - Film Colloquium**Credits Hours**

1

Lab/Studio/Field Work Hours

1

Prerequisites

- Film majors only.

Course Description

A series of lectures, films and forums designed for students in the film program. The class is team taught by film faculty and guest speakers from the film industry.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4040 - Animation Film History for Non-Film Majors**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

Evolution of animation since World War II.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

FIL4042 - History of Animated Films II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 3041, and Cinema Studies, Art, Animation or Digital Media major.

Course Description

Growth and diversification of American and international animation since 1945.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

FIL4057C - Hollywood Cinema
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 2030

Course Description

This course studies Hollywood cinema historically, culturally, stylistically, and organizationally.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4103 - Adaptation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 2107.

Course Description

The process of adapting scripts from other sources. The investigation of the legalities of adaptation, analysis of existing models, and written adaptations.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4103H - Honors Film Adaptation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

The process of adapting scripts from other sources. The investigation of the legalities of adaption, analysis of existing models, and written adaptations. With Honors content.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4162C - Feature/TV Writing I**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Film BFA Major and ENC 1102.

Course Description

Tutorial-based studio course in which students author feature-length screenplays over the course of two semesters.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4163C - Feature/TV Writing II**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Film BFA major, FIL 3102, FIL 3115, and FIL 4162C.

Course Description

Tutorial-based studio course in which students author feature-length screenplays over the course of two semesters.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4301C - Documentary Production I**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Film BFA Major and ENC 1102.

Course Description

Tutorial-based studio course in which students author and apply narrative structure and production techniques to nonfiction film.

- PR: Film BFA major, FIL 3115, FIL 2480, and FIL 4428C Narrative Production I

Course Description

Tutorial-based studio course in which students author creative work within the modality of narrative production.

Current Fee Per Student

\$60.00

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4439C - Micro-Process Production**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PR: Film BA or Film BFA major, FIL 2480, and FIL 3115

Course Description

Individual fiction and non-fiction video projects under the guidance of a faculty mentor with an emphasis on limited scale of production processes.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4451 - Design for Film**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FIL 2424, or C.I.

Course Description

Analysis of visual structure of film. Specific problems in art direction.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4453C - Special Problems in Film Design**Credits Hours**

4

Lab/Studio/Field Work Hours

2

Prerequisites

- FIL 2423 or FIL 2424 and FIL 2030.

Course Description

A series of exercises in craft, techniques, and design for film production, including animation.

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4472C - Cinematography II
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- (Film BA major or Film BFA major) and FIL2461C.

Course Description

An intermediate course focusing on the concepts and techniques of film/video image making and related technologies.

Current Fee Per Student

\$25.00

College

College of Sciences

Department

Nicholson School of Communication and Media

FIL4486C - Directing for Film II

School of Politics, Security, and International Affairs

GER - German Language

GER1120C - Elementary German Language and Civilization I

Credits Hours

4

Lab/Studio/Field Work Hours

1

Course Description

Intro to German culture through major language skills: listening, speaking, reading and writing. Open only to students with no experience in this language.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

GER1121C - Elementary German Language and Civilization II

Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- GER 1120C or equivalent

Course Description

Continuation of GER 1120C

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

GER2200 - Intermediate German Language and Civilization I

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- GER 1121C or equivalent.

Course Description

Development of language skills and cultural knowledge at the intermediate level.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

GER2201 - Intermediate German Language and Civilization II**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- GER 2200 or equivalent.

Course Description

Continuation of GER 2200 with emphasis on German civilization.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

GER3102 - Germany - Past to Present**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- GER 3760 or GER 3420 or equivalent.

Course Description

Cultural development that shaped modern Germany. Students will read and discuss selected texts from different literary periods and view the influences they had on culture and daily life. Course conducted in German.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

GER3760 - Advanced German Oral Communication
Credits Hours

3

Prerequisites

- Grade of 'C' (2.0) or better in GER 2201

Course Description

Students will refine speaking and listening skills, build vocabulary, learn interactive communication strategies, and exercise critical thinking about contemporary issues in the German-speaking world.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

GEW - German Literature (Writings)

School of Social Work

GIS - Geography: Information Science

GIS3043C - GIS for Environmental Studies
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- CGS 1060C and BSC 2010C, or C.I.

Course Description

Geographic Information Systems (GIS) technology for environmental analysis. GIS theory with training using ArcGIS, including environmental analysis and facility siting studies.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

GIS4301C - Advanced GIS Applications in Environmental Studies

Credits Hours

4

Lab/Studio/Field Work Hours

2

Prerequisites

- GIS 3043C.

Course Description

GIS analysis techniques used in environmental science, including raster overlay site suitability modeling, least-cost optimum paths, 3D digital elevation models, network routing and geostatistical analysis.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

GLY - Geology

GLY1030 - Geology and its Applications

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Geologic principles, applications, and hazards including: gemstones, rock cycle, moving continents, mountain building, metal ores, fossil fuels, groundwater, sinkholes, beach erosion, landslides, earthquakes, tidal waves, volcanism.

College

College of Sciences

Department

Department of Chemistry

GLY2038 - Environmental Geoscience**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Issues affecting Earth's crust: earthquakes, volcanos, major storms, water-supply problems, resource depletion, waste disposal, land-use planning, flooding, sea-level rise, costal erosion.

College

College of Sciences

Department

Department of Physics

GLY4730 - Marine Geology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Junior Standing, or CI

Course Description

Examination of physical processes operating in the world ocean; marine tectonics; ocean history; marine sediments; ocean circulation; marine energy; sea-level change; marine research methods.

College

College of Sciences

Department

Department of Physics

GLY4734 - Coastal Processes
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Junior standing or CI

Course Description

Processes along modern seacoasts; erosion and deposition; shoreline evolution and development; sea-level and climate change effects on shorelines; coastal morpho dynamics; coastal sediment transport.

College

College of Sciences

Department

Department of Physics

GRA - Graphic Design

GRA2101C - Introduction to Computer Art
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Priority given to students whose major requires this course.

Course Description

The principles underlying the creation and display of digital images by computer. Topics include software packages and graphics systems.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

GRA2151C - Illustration**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C and ART 2300C.

Course Description

Pictorial and representational illustration using various media and techniques.

Current Fee Per Student

\$38.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

GRA3102C - Intermediate Graphic Design I**Credits Hours**

3

\$45.00

College

Rosen College of Hospitality Management

Department

Department of Foodservice and Lodging Management

HFT4865C - Advanced Wine Management**Credits Hours**

3

Prerequisites

- HFT 4067 or HFT 4866C; or ENC 1101 and CI; minimum age 21 on first day of class. Students at least 18 but under 21 with CI.

Course Description

Advanced study of viticulture, enology and wine regions of the world.

Current Fee Per Student

\$70.00

College

Rosen College of Hospitality Management

Department

Department of Foodservice and Lodging Management

HFT4866C - Exploring Wines of the World
Credits Hours

3

Prerequisites

- HFT 1000 or CI; minimum age 21 on first day of class; students at least 18 but under 21 with CI.

Course Description

Using senses to evaluate wines, methodology of tasting and evaluating wines, growing, processing, and production of grape varieties used in making wine.

Current Fee Per Student

\$70.00

College

Rosen College of Hospitality Management

Department

Department of Foodservice and Lodging Management

HFT4894 - International Gastronomy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FSS 2221C, HFT 1000, and C.I.

Course Description

A world view of culture and cuisine that includes an international travel component.

College

Rosen College of Hospitality Management

Department

Department of Foodservice and Lodging Management

HFT4941 - Internship II
Credits Hours

1 - 99

College

Rosen College of Hospitality Management

Department

Rosen College of Hospitality Management Dean's Office

HFT4944 - Internship III**Credits Hours**

1 - 99

College

Rosen College of Hospitality Management

Department

Rosen College of Hospitality Management Dean's Office

HFT4949 - Cooperative Education**Credits Hours**

0 - 5

Lab/Studio/Field Work Hours

5-Jan

Course Description

Provides paid, preprofessional work experience related to the students' major while they continue to attend school. Requires achievement of major-related learning objectives.

College

Rosen College of Hospitality Management

Department

Rosen College of Hospitality Management Dean's Office

HIM - Health Information Management

HIM3006 - Foundations of Health Information Management (HIM)**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

Foundation of profession; health record structure and content; data privacy/HIPAA; electronic health records; information governance; reimbursement methodologies; health information exchange; policy and procedure concepts.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM3116 - Health Record Organization & Management

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HIM 3006 and acceptance into the upper-division limited access HIIM program

Course Description

Nomenclatures/classification systems; health and vital statistics; data analysis and presentation; indexing; computer abstracting; accrediting and approving agencies; medical staff organization.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM3806C - Professional Practice Experience I

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Admission to HIIM program.

Corequisites

- HIM 3006 and HSC 3537.

Course Description

Virtual hospital tour; introduction to AHIMA, HIM profession and networking; accreditation standards; database concepts; personal health records; record storage; retention and retrieval; confidentiality and release of information.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4226C - ICD Diagnosis Coding

Credits Hours

5

Lab/Studio/Field Work Hours

4

Prerequisites

- HSC 3537 or C.I.

Course Description

Principles and mechanics of diagnosis coding for inpatient health information retrieval; ICD-10-CM; clinical documentation improvement; DRGs; encoders.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4243 - Value Based Reimbursement

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HIM 4226C or consent of instructor

Course Description

Coding and reimbursement practices relevant to clinical documentation improvement: Prospective payment systems; inpatient diagnostic and procedure coding; risk adjustment coding; hierarchical condition categories; compliance, auditing.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4256C - Outpatient Procedural Coding and Reimbursement
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- HSC 3537 or C.I.

Course Description

Principles and mechanics of coding systems for outpatient health information retrieval; CPT/HCPCS; APCs; encoders.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4344C - Health Information Department Management
Credits Hours

4

Lab/Studio/Field Work Hours

2

Prerequisites

- HIM 3116C or HIM 4624; or C.I.

Course Description

Personnel administration; work distribution and simplification; project and database design; software selection; ergonomics and space planning.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4508C - Quality Management
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- HSC 3537 or C.I.

Course Description

Principles and mechanics of quality improvement; application of quality management tools; benchmarking methods and data quality monitoring programs.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4624 - Health Data Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Acceptance into HIIM program or CI.

Prerequisites/Corequisites

- STA 2023 or 2014

Course Description

Health care statistics, data analytics and data usage specific to health informatics and information management will be explored in depth.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4656C - Health Information Management Systems

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- HIM 3006.

Course Description

Creation and improvement of health related information systems; health record data management; systems design and analysis; project management concepts.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4676 - Professional Development and Issues in Health Information Management

Credits Hours

3

Prerequisites

- HIM 4344C

Course Description

Problem-solving techniques; professional ethics; credential preparation.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4726 - ICD Procedure Coding
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ZOO 3733C - Human Anatomy and HSC 3537 - Medical Terminology

Course Description

This course introduces students to the International Classification of Diseases Procedural Coding System, the structure of codes, and how to build codes using coding guidelines.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4816C - Professional Practice Experience II
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- HIM 3806C

Corequisites

- HIM 4226C, HIM 4256C, and HIM 4344CHIM 4508C - Quality Management.

Course Description

Health records and data content; coding and clinical documentation improvement; revenue cycle management; compliance; privacy and confidentiality; human resources.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4838 - Management Affiliation
Credits Hours

3

Lab/Studio/Field Work Hours

9

Prerequisites/Corequisites

- HIM 4676 and HIM 4816C.

Course Description

Assignment to a selected health care facility serving in an administrative capacity under the direction of a Registered Health Information Administrator or other Healthcare professional.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIM4998 - Internship Orientation
Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- HIM 4816C.

Corequisites

- HIM 4816C.

Prerequisites/Corequisites

- HIM 4816C.

Course Description

An orientation course designed to ensure students fully prepare for, identify and secure an ideal HIIM internship.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HIS - General History and Histrography

HIS3081 - History Museums & Digital Spaces**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 and AMH 2020 or C.I.

Course Description

Introduces students to the principles, theories and methods related to curating historical objects, content and photos in a modern media environment.

College

College of Arts and Humanities

Department

Department of History

HIS3090 - Introduction to Historic Preservation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: AMH 2010/AMH 2020 sequence, and EUH 2000/EUH 2001 or WOH 2012/WOH 2022 sequence or C.I.

Course Description

Introduces students to historic preservation practice and theory using domestic and international examples.

College

College of Arts and Humanities

Department

Department of History

HIS3462 - History of Science
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001 or C.I.

Course Description

Examines past and present science, scientific thought, and the relationship between science and society.

College

College of Arts and Humanities

Department

Department of History

HIS3600 - Professionalizing History Majors
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 and AMH 2020, or EUH 2000 and EUH 2001, or WOH 2012 and WOH 2022 or C.I.

Course Description

To enhance the role of History professionals in civic life and careers.

College

College of Arts and Humanities

Department

Department of History

HIS3930H - ST: Honors The City as Text
Credits Hours

1 - 99

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors

Course Description

Study of theory and history of urban spaces, focusing on Orlando and Central Florida. With Honors content.

College

College of Arts and Humanities

Department

Department of History

HIS3949 - Cooperative Education in History
Credits Hours

0 - 99

Lab/Studio/Field Work Hours

8

Prerequisites

- Departmental permission required before registering.

Course Description

Cooperative education experience in history.

College

College of Arts and Humanities

Department

Department of History

HIS4065 - Public History: Principles & Techniques**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2020 or C.I.

Course Description

Practice of public history including historic preservation, museum studies, archival management, oral history, digital history, historical editing, and conservation science.

College

College of Arts and Humanities

Department

Department of History

HIS4070 - Oral History**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Either AMH 2010, AMH 2020 or C.I.

Course Description

Theories and practices of oral history. Field work required.

College

College of Arts and Humanities

Department

Department of History

HIS4150 - History and Historians**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C.I.

Course Description

A study of European and/or American historiography.

College

College of Arts and Humanities

Department

Department of History

HIS4166 - Spatial Histories, Digital Storytelling**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Grade of C (2.0) or better required in ENC 1102 or AMH 2020, or C.I.

Course Description

An approach to the human past which investigates and represents the places and spaces in which events occurred, using common spatial storytelling tools.

College

College of Arts and Humanities

Department

Department of History

HIS4323 - History of the Future
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- EUH 2000 and EUH 2001.

Course Description

Past visions of the future and how they were influenced by issues relevant to the period. Emphasis on 19th and 20th centuries.

College

College of Arts and Humanities

Department

Department of History

HIS4490 - History of Medicine
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- AMH 2010 or AMH 2020.

Course Description

The history of medicine and its relationship to culture and society from the Ancient World to the present.

College

College of Arts and Humanities

Department

Department of History

HIS4944 - Internship in Public History**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C.I.

Course Description

The Public History Internship is a one-semester course in which undergraduate history majors explore and gain experience in public history professions.

College

College of Arts and Humanities

Department

Department of History

HIS4959 - History Portfolio**Credits Hours**

0

Lab/Studio/Field Work Hours

0

Prerequisites

- "C" or better in HIS 4150 and Senior standing.

Course Description

In the term they are graduating, History B.A. students revise their portfolio and submit for approval.

College

College of Arts and Humanities

Department

Department of History

HIS4970H - Honors Undergraduate Thesis**Credits Hours**

1 - 99

College

College of Arts and Humanities

Department

Department of History

HLP2701 - Peer Education Training
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and C.I.

Course Description

Strategies for teaching life skills and health education information for secondary students and college age peers

College

College of Community Innovation and Education

Department

School of Teacher Education

HSA - Health Services Administration

HSA2117 - Civic Engagement in the US Healthcare System
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

This course provides an overview of the fundamental principles and concepts of US healthcare policy, delivery, social determinants of health, and how services are distributed.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA2932 - Civic Engagement in the US Healthcare System

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Students will understand their role and the process, by which healthcare resources are allocated and will analyze the historical and contemporary approaches to healthcare delivery.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA3012 - Issues & Trends in Public Health

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and (CGS 1060C or CGS 2100C).

Course Description

The American public health system, looking at the historical, present day, and future organization and management of all its components.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA3104 - Health Services Administration Cornerstone
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (CGS 1060C or CGS 2100C) and Junior Standing, or C.I.

Course Description

Heighten the overall student awareness about the Health Services Administration Field, provide a foundation or framework to guide students through the major.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA3111 - U.S. Health Care Systems

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (CGS 1060C or CGS 2100C) and Sophomore Standing.

Course Description

A survey of the economics, social, and political aspects of the health care system in the United States.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA3170 - Health Care Finance**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA majors

Corequisites

- ACG 2021 or HFT 2401; and ACG 2071 or HFT 3431; non-HSA majors: ACG 2021 HFT 2401; and ACG 2071 or HFT 3431.

Course Description

Budgeting and resource allocation related to health care agencies.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA3222 - Long Term Care and Administration**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA major and Sophomore standing, or C.I.

Course Description

Organization and functioning of long-term care administration. Covers long-term care providers, interaction in long-term care continuum, managing long-term care and future issues.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA3423 - Health Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA or HIIM major, and HIM 3006, or C.I.

Course Description

Principles of law as applied to the health field, with special reference to health practices and information management.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA3430 - Health Care Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111; ECO 2023; or C.I.

Course Description

To provide an application of economic principles to analyze how different economic incentives affect patients, providers, and policy makers behaviors in the delivery of health services.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4003 - The Patient Experience from an Administrator's Perspective

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: ENC 1102

Course Description

Evaluating patient experience, such as effectiveness and safety of care, is essential to providing a complete picture of health care quality for a healthcare administrator.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4109 - Principles of Healthcare Reimbursement, Insurance, and Managed Care Plans

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111 or C.I.

Course Description

Course will introduce the contractual, financial, and practice pattern components of managed care.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4180 - Organization & Management for Health Agencies I

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111 or admitted to HIIM program.

Course Description

Management of health care organizations, strategic planning, healthcare economics, and healthcare financial management.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4184 - Organization & Management for Health Agencies II

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111 and HSA 4180, or C.I.

Course Description

Management of health care organizations including hospitals, long term care facilities, and medical group practices.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4191 - Fundamentals of Health Information Technology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111; CGS 2100C, or CGS 1060C; or C.I.

Course Description

The origin, evolution and application of health information technology in today's healthcare industry.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4220 - Long Term Patient Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111.

Course Description

Concepts and process of patient care planning and management in a long term care facility.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4502 - Risk Management Systems**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111 or C.I.

Course Description

Safety, liability and loss control issues with emphasis on risk retention, risk reduction and risk transfer in health care.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4702 - Health Sciences Research Methods**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (STA 2014 or STA 2023) and Junior Standing, or C.I.

Course Description

Introduction to research design in the Health Sciences, including design, literature review, testing, analysis, and conclusions.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4850 - Health Services Administration Internship
Credits Hours

1 - 99

Prerequisites

- HSA 4853, 2.75 Major GPA, 90 overall credit hours, 24 HSA credit hours, approval of the Internship Director.

Course Description

150 hour minimum administrative experience in an approved health care organization.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4853 - Internship Orientation
Credits Hours

0

Lab/Studio/Field Work Hours

0

Prerequisites

- 90 overall credit hours

Course Description

This prerequisite for HSA 4850 provides critical information for the internship search. The course must be completed no more than one semester prior to the internship.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSA4939 - Health Services Administration Capstone
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA major and senior standing, HSA 3170, HSA 3430.

Course Description

Capstone course applies healthcare administration theory to a healthcare organization. Students will integrate previous coursework to evaluate an existing healthcare organization.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC - Health Science

HSC1931C - Foundations of Leadership
Credits Hours

2

Lab/Studio/Field Work Hours

1

Prerequisites

- LEAD Scholars Program.

Course Description

Seminar for LEAD Scholars in the College of Health & Public Affairs providing a foundation of leadership, scholarship, and service regarding disciplines in the college.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC2000 - Introduction to Careers in Health Professions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Freshman and Sophomores only.

Course Description

A survey of careers in health professions with regard to duties, responsibilities, education and training, ethics, and relationships with other health professionals.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC2524 - Introduction to Human Disease**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 2010C with a grade of "C" (2.0) grade or better.

Course Description

Basic concepts and mechanisms related to the understanding of human disease.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC2921 - LEAD Colloquium**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- Accepted to the LEAD

Course Description

Scholars Program and have completed at least two of the following with a B (3.0) or better: HSC 1931C, EGS 1036C, IDS 1040C, GEB 1091C or EDG 1005C. Experiential leadership in an appropriate setting with the LEAD Scholars Program.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC3102 - Foundations of Health Behavior**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 2023 with a grade of "C" (2.0) or better and junior standing

Course Description

Primary health behavioral theories, how to develop health promotion campaigns through behavioral modeling, and the foundations for conducting ethically-sound behavioral health research.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC3110 - Medical Self Assessment**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore Standing.

Course Description

Development of clinical skills and understanding of one's health to encourage active participation of individuals in their own healthcare.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC3147 - Introduction to Pharmacology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 2010C with a grade of "C" (2.0) or better and sophomore standing.

Course Description

Basic concepts of pharmacology including terminology, regulations and use of drugs in human disorders.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC3211 - Preventive Health Care
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3703C with a grade of "C" (2.0) or better.

Course Description

Preventive healthcare in the U.S., including current recommendations and guidelines to prevent disease and application of preventive interventions to specific chronic diseases.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC3432 - Occupational Safety for the Health Care Professional
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ZOO 3733C and PCB 3703C each with a grade of "C" (2.0) or better.

Course Description

Issues surrounding the healthcare environment and the risks associated with working there.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC3537 - Medical Terminology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and Sophomore status.

Course Description

A study of the language of medicine and allied health specialties, including word construction, definitions, and application of terms.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC3559 - Disabilities in American Society**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior or senior status.

Course Description

Personal, social, and environmental impediments confronted by persons with disabilities, including communicative disorders. Strategies that promote life satisfaction are also reviewed.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

HSC3593 - HIV Disease: A Human Concern**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Analysis of the spectrum of HIV disease and the issues surrounding this public health crisis.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC4008 - Professional Development in Health Professions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and Junior Standing.

Course Description

Career development planning, professional leadership approaches to problem solving, regulatory and professional requirements.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4158 - Medical Pharmacology I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 2010C and CHM 2045C each with a grade of "C" (2.0) or better.

Course Description

General pharmacological principles such as regulations, prescriptions, routes of administration, drug mechanism of action, indications/contraindications, and the side effects.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4159 - Medical Pharmacology II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSC 4158 with a grade of "C" (2.0) or better.

Course Description

Mechanism of drug action used in treatment of the nervous, cardiovascular, endocrine, and immune systems.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4201 - Community Health
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and Junior Standing, or C.I.

Course Description

Historical, sociocultural and economic factors in community health; current community health problems; interphase of governmental, voluntary and private agencies.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC4500 - Epidemiology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111 and (STA 2014 or STA 2023), or C.I.

Course Description

A study of the distribution and determination of diseases and injuries in human population.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC4501 - Epidemiology of Chronic Diseases**Credits Hours**

3

Prerequisites

- STA 2023

Course Description

Epidemiology of chronic diseases including risk factors, etiology, mortality and morbidity as they relate to clinical practice, research, and intervention.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4553 - Concepts in Pathophysiological Diagnosis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (HSC 4555 or HSC 4558) with a C (2.0) grade or better, and Senior standing.

Course Description

Basic principles of diagnosis with a focus on methodology and relevance to pathophysiology.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4555 - Pathophysiology I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ZOO 3733C and PCB 3703C each with a grade of "C" (2.0) or better.

Course Description

Abnormalities in physiologic functioning of the human body, with focus on the etiology, pathogenesis and clinical manifestations of the immune, cardiovascular, respiratory, and renal systems.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4558 - Pathophysiology II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3703C and ZOO 3733C each with a grade of "C" (2.0) or better.

Course Description

Abnormalities in physiologic functioning of the human body, with focus on the etiology, pathogenesis and clinical manifestations of the digestive, hepatobiliary, nervous, endocrine, and musculoskeletal systems.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4564 - Health Care Needs of the Elderly
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HSA 3111 or C.I.

Course Description

Overview of the physical and emotional needs of the elderly, including the institutional health care available.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC4572 - Clinical Nutrition
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUN 2201 with a grade of "C" (2.0) or better.

Course Description

Basic principles of both normal and medical nutrition therapy associated with health and chronic diseases of public health importance.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4652 - Health Law and Ethics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and Junior Standing, or C.I.

Course Description

Overview of the legal and ethical issues faced by health care consumers, practitioners, administrators and health care facilities.

College

College of Community Innovation and Education

Department

School of Global Health Management and Informatics

HSC4703 - Clinical Documentation for Health Care Professions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior or senior standing; HSC 3147 and HSC 4555 or HSC 4558

Course Description

Development of clinical documentation skills for aspiring health care professionals.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4730 - Applied Health Research Methodology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- STA 2023 with a grade of "C" (2.0) or better and junior standing.

Course Description

Clinical research issues including: clinical research questions, protocol, patient safety, IRB, ethics and patient rights.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4813 - Instructional Experiences in Health Sciences

Credits Hours

1

Prerequisites

- Health Sciences major with junior or senior standing, ≥ 3.0 overall GPA, grade of A/A- in course for which student will serve as a teaching assistant, completion of application process and subsequent selection based on established criteria and availability of undergraduate teaching assistant positions.

Course Description

Engages students in professional and career development skills that includes a service learning component whereby students facilitate peer learning in health sciences courses.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4930 - Health Sciences Seminar

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior standing and Health Sciences major

Course Description

Career and graduate school preparation, and applications of clinical and translational research in healthcare.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HSC4943 - Health Sciences Internship

Credits Hours

3

Lab/Studio/Field Work Hours

12-Sep

Prerequisites

- Junior standing, 3.0 overall GPA, HSC 4555 or HSC 4558, and approval of the Program Director.

Course Description

Provides students with an opportunity to apply their academic knowledge in various professional healthcare environments. Internship sites include clinical shadowing, research, and other community outreach opportunities.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HUM - Humanities

HUM2020 - Encountering the Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

The range of ideas, research methods and approaches to scholarship, critical reflection, and creative work in the humanities.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM2020H - Honors Encountering the Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

The range of ideas, research methods and approaches to scholarship, critical reflection, and creative work in the humanities with honors content.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM2210 - Studies in Culture: Ancient to 17th Century**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An interdisciplinary, multicultural study of the arts and sciences, focusing on ancient civilizations and the cultural heritage stemming from them.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM2230 - Studies in Culture: 17th Century to Present**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An interdisciplinary, multicultural study of the arts and sciences focusing on modern civilizations and their contributions to the Global Village.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3252 - Contemporary Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Multicultural study of Philosophy and the arts of the 20th century.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3255 - Modern Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Multicultural study of Philosophy and the arts of the modern period.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3307 - Memory and Testimony**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUM 2210 and HUM 2230 and Junior standing.

Course Description

Interdisciplinary exploration of personal and public memory, focusing on the significance of memory and testimony for our sense of self, family, community, culture, and nation.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3320 - Contemporary Multicultural Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Studies the confluence of diverse cultures making up North America in the Information Age, focusing on complete primary sources in philosophy, literature, visual arts and music.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3326 - Theories of Sex and Gender in Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Historical and contemporary theories of sex and gender relevant in interdisciplinary Humanities.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3401 - Asian Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

An interdisciplinary survey of the cultures of India, China, and Japan, concentrating on their traditional art, literature, religion, philosophy, and music.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3402 - East Asian Folklore and Popular Culture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUM 2020, HUM 2210, HUM 2230, or C.I.

Course Description

Interdisciplinary course explores the way of living in the geographical and/or conceptual area generally known as "East Asia" within the folkloric and popular culture discourses.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3419H - Honors Islamic Thought and Culture

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUM 2230 , or REL 2300, and Consent of Honors.

Course Description

The development of Islamic thought and culture, concentrating on religion, jurisprudence, philosophy, science and art with special focus on perception of Islam in Western literature and scholarship. With Honors content.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3423 - African Humanities

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Contemporary art, culture, and philosophy in selected African countries.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3431 - Ancient Humanities
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Development of Ancient Greek thought and culture with emphasis on philosophy, religion, literature and art.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3435 - Medieval Humanities
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Development of Medieval thought and culture with emphasis on Philosophy, Religion, Literature and Art.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3460 - Latin American Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUM 2210 or HUM 2230 .

Course Description

Ideas in cultures of Latin America and Caribbean basin as expressed in arts, architecture, music, philosophy, religion, literature and film.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3467 - Latinx Cultural Expressions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUM 2020, HUM 2210, HUM 2230 or C.I.

Course Description

Analysis of Latinx identity formation, the arts (literary and visual cultural expression), and epochs of social change in the U.S. from colonization to the present.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3800 - Research Methods in Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Humanities Major with any prior HUM course or C.I.

Course Description

Research skills for the humanities, including methodologies, writing techniques, essay structuring, formatting, and methods for citing references and constructing bibliographies.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3805 - Critical Theory in the Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course, or C.I.

Course Description

Theories of interpreting technologies, texts, and practices, with emphasis on film, visual/performing arts, music, religion, and philosophy.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3806 - Critical Race Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or CI

Course Description

Provides an introduction to major themes, theories, and historiography from the field of Critical Race Theory.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM3830 - Introduction to Digital Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any HUM course or C.I.

Course Description

Investigation of the application of digital tools to humanities questions, and to questions about contemporary life.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4301 - The Classical Ideal**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any 3000-level HUM course or C.I.

Course Description

The search for order and form in the arts of various times and cultures. Concerns reason, structure, objectivity, harmony. Open to all Juniors and Seniors.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4330 - Performance Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any 3000-level HUM course, or C.I.

Course Description

Traditional and contemporary theories of performance with a focus on linguistic performatives, bodily and virtual performances, self-identity, and the politics of performance.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4381 - Race and Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and any HUM course or C.I.

Course Description

Exploration of race as it intersects with gender, sexuality, ability, and other variables, in the production, consumption, and technical representation from dating apps to social robotics.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4394 - Place and Space**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUM 2230 or C.I.

Course Description

Phenomenological, symbolic, constructivist, and determinist approaches to personal and social place and space.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4459 - American Cultural Studies in Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any 3000-level HUM course, or C.I.

Course Description

Theories of culture intersecting race, class, gender, migration, ability, and national identity in North America.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4823 - Queer Theory in the Humanities**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any 3000-level HUM course or C.I.

Course Description

Developments in queer theory. Challenge to research by scholars, activists, performers, and visual artists.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4826 - Postcolonial Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any 3000-level HUM course or C.I.

Course Description

Interdisciplinary overview of postcolonial philosophy, literature, film, art and cultural theory.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4931 - Key Figures in the Humanities & Cultural Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any 3000-level HUM course or C.I.

Course Description

Study of a central Humanities/Cultural Studies figure's work, influences, reception, and effect.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4933 - Senior Research Seminar
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any 3000-level HUM course or C.I.

Course Description

Capstone course on research, developing effective oral and written communication skills.

College

College of Arts and Humanities

Department

Department of Philosophy

HUM4934 - Key Concepts in Humanities & Cultural Studies
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Any 3000-level HUM course or C.I.

Course Description

Study of the development, meaning, and implications of a central concept in the Humanities and Cultural Studies.

College

College of Arts and Humanities

Department

Department of Philosophy

HUN - Human Nutrition

HUN2201 - Fundamentals of Human Nutrition**Credits Hours**

3

Course Description

Functions, roles, guidelines and requirements for nutrients. Includes digestion, absorption, nutrient interactions, effects of deficiencies or toxicities, food sources and weight management. Emphasis is on prevention of disease.

College

College of Health Professions and Sciences

Department

Department of Health Sciences

HUN3011 - Human Nutrition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ZOO 3733C and or C.I.

Course Description

Essentials of nutrition related to the life cycle, including the physiological, psychosocial, and cultural aspects of nutrition and the inter-relationship with disease are emphasized.

College

College of Nursing

Department

Department of Nursing Practice

HUN3013 - Nutrition Concepts and Issues in the Food Service Industry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FSS 2221C or C.I.

Course Description

Introduces basic nutrition concepts. Discusses nutrition concepts and concerns in relation to food preparation and service in the hospitality industry.

College

Rosen College of Hospitality Management

Department

Department of Foodservice and Lodging Management

IDH - Interdisciplinary Honors

IDH1920H - Honors Freshman Symposium

Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Readings, lectures, and discussions covering aspects of scholarship, research, and university life.

College

The Burnett Honors College

Department

BHC Honors

IDH1921H - Honors Symposium II

Credits Hours

2

Lab/Studio/Field Work Hours

0

Prerequisites

- IDH 1920H.

Course Description

Readings, lectures and discussions covering aspects of scholarship, artistic, and other creative efforts.

College

The Burnett Honors College

Department

BHC Honors

IDH3101H - Honors Cultural Traditions of India**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Integrative background of Indian culture, philosophy and art. Instruction on music, yoga, dance and Indian fine arts.

College

The Burnett Honors College

Department

BHC Honors

IDH3600H - Honors Case Studies in Ethics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors or C.I.

Course Description

A case-study approach to contemporary ethical issues. Students will apply critical thinking skills and ethical theories to interdisciplinary problems and will participate in team debates. With Honors content.

College

College of Arts and Humanities

Department

Department of Philosophy

IDH3930H - Superheroes In American Popular Culture

Credits Hours

1 - 99

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors

Course Description

An historical, sociopolitical, cultural, aesthetic and thematic examination of the superhero mythos, this course will explore popular and obscure superheroes as they appear in several art forms.

College

The Burnett Honors College

Department

BHC Honors

IDH3930H - Honors Trauma in a Global Context

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and Consent of Honors.

Course Description

The course addresses the psychological effects of different forms of trauma within a dynamic global context.

College

College of Business Administration

Department

BHC Honors

IDH4030H - Honors Windows To The World
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors and IDH 1920H, or C.I.

Course Description

Philosophy of the liberal arts and sciences proposes the well-rounded individual as its goal. Explores ideas regarding traits across disciplines, across cultures, and across time.

College

The Burnett Honors College

Department

BHC Honors

IDS - Interdisciplinary Studies

IDS3053 - Interdisciplinary Research Methods
Credits Hours

3

Prerequisites

- IDS 3933 or equivalent

Course Description

To develop a foundation in qualitative interdisciplinary research methods, students will apply concepts in a research proposal project within their areas of study.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

IDS3333 - Issues in Diversity Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or C.I.

Course Description

Introduction to diversity studies covering core topics of religion and spiritual traditions, race and ethnicities, gender and sexuality, and age and abilities.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

IDS3933 - Cornerstone Experience**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102, Junior standing, Interdisciplinary Studies major, or C.I.

Course Description

Interdisciplinary study essentials, including basic concepts and methodological tools, to synthesize material from disparate fields and apply them to academic plans and career goals.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

IDS4204C - Advanced Topics on Energy and Sustainability
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- Acceptance into the Energy and Sustainability Minor, Senior standing and Completion of GEP or C.I.

Course Description

Contemporary topics in energy and sustainability. Seminars and lectures from industry, academia, government, and UCF speakers. Students are required to work on individual or team assignments, research projects, and present their work in the format of mini seminars.

College

College of Engineering and Computer Science

Department

College of Engineering and Computer Science Dean's Office

IDS4602 - Reviving the Past: Researching Lost Communities
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Researching lost, stolen, removed, & marginalized communities, students will be able to tell the story of the community's past/present, understand implications for future.

College

College of Undergraduate Studies

Department

Office of Interdisciplinary Studies

IDS4934 - Capstone Experience**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- IDS 3933, Junior standing, and Interdisciplinary Studies major, or C.I.

Course Description

Student exposition of coursework demonstrating the understanding of interdisciplinary approaches and successful synthesis of interdisciplinary studies, applied to the course of study and academic/career goals.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

IDS4939 - Senior Seminar**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1101, 1102

Course Description

The Senior Seminar is the capstone course for General Studies, enabling students to integrate undergraduate experiences, prepare professional engagement, and produce a culminating project.

College

College of Undergraduate Studies

Department

Interdisciplinary Studies

IDS4947 - Internship**Credits Hours**

0 - 99

College

College of Undergraduate Studies

Department

College of Undergraduate Studies Dean's Office

IHS4950 - Interdisciplinary Projects in Health Professions
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and CHPS major

Course Description

Identification, design, and implementation of innovative, needs-based health projects by interdisciplinary teams of students pursuing careers in the health professions.

College

College of Health Professions and Sciences

Department

College of Health Professions and Sciences Dean's Office

INP - Industrial & Applied Psychology

INP3004 - Industrial/Organizational Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Psychological theories and principles applicable to problems in industrial organizations.

College

College of Sciences

Department

Department of Psychology

INP3004H - Honors Industrial/Organizational Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012 and consent of Honors.

Course Description

Psychological theories and principles applicable to problems in industrial organizations. With Honors content.

College

College of Sciences

Department

Department of Psychology

INP3141C - Advanced Applied Psychology**Credits Hours**

1 - 3

Lab/Studio/Field Work Hours

9-Mar

Prerequisites

- PSY 2012 and C.I.

Course Description

Course will explore application of psychological knowledge to clinical, experimental, industrial, or educational settings. Supervised laboratory experience is required.

College

College of Sciences

Department

Department of Psychology

INP3253 - Performance Appraisal and Job Coaching
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 3074 with a grade of "S"

Corequisites

- Psychology Major and Overall UCF GPA of 3.0

Course Description

Theory and practice of assessing how well one does their job (performance assessment) and how to deliver feedback on job performance (job coaching).

College

College of Sciences

Department

Department of Psychology

INP3951 - Industrial/Organizational Field Work
Credits Hours

3

Lab/Studio/Field Work Hours

10

Prerequisites

- C.I.

Course Description

An opportunity for advanced undergraduate psychology majors to become involved in the application of I/O psychology to local organizations.

College

College of Sciences

Department

Department of Psychology

INP4313 - Organizational Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012.

Course Description

Analysis of the psychological principles underlying individual and group behavior in an organizational setting. Topics include group dynamics, leadership and participation, intergroup behavior, and organization development.

College

College of Sciences

Department

Department of Psychology

INP4319 - Occupational Health Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: PSY 2012, or CI

Course Description

Occupational Health Psychology, including workplace stress and coping, workplace aggression, work schedules and job design, and organizational interventions.

College

College of Sciences

Department

Department of Psychology

INP4380 - Psychology of Teamwork
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012 or C.I.

Course Description

Dynamics of small groups and teams from social and applied psychology perspectives.

College

College of Sciences

Department

Department of Psychology

INR - International Relations

INR2002 - International Relations-Theory and Practice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or C.I.

Course Description

Analysis of the fundamental principles and factors affecting interstate relations and their application to contemporary global developments.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR3016 - Global Political Issues**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or C.I.

Course Description

Current global political topics from political development and income gap to gender issues and environmental challenges.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR3250 - Politics of Pan-Africanism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- INR 2002.

Course Description

Political expressions of Pan-Africanism throughout the major regions of the African Diaspora.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR3253 - International Politics of Africa**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The broad structures and processes of international politics and foreign policy in Africa, with particular attention on U.S.- African relations.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4008 - Global Perspectives**Credits Hours**

3

0

Prerequisites

- ENC 1102 or C.I.

Course Description

The historical and contemporary contexts of globalization.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4011 - Politics of Globalization**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Major political causes and consequences of globalization.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4030 - Diplomacy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Concepts, theories, and methods of contemporary diplomacy; diplomatic processes in the international arena.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4030H - Honors Diplomacy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 and consent of Honors.

Course Description

Concepts, theories, and methods of contemporary diplomacy; diplomatic processes in the international arena.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4035 - International Political Economy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The international politics of regional and global economic interdependence, with emphasis upon North-South relations, the New International Economic Order, OPEC, and multinational corporations.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4054 - Global Politics of Energy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

International/national dimensions of global energy policy within developed and underdeveloped countries.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4060 - Causes of War
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The primary theoretical and empirical research explaining militarized interstate conflict.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4063 - The Cold War**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Politics of US-Soviet relations emphasizing the Cold War including the global impact of the Cold War, and prospects for post-Cold War international politics.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4074 - Immigration Policy**Credits Hours**

3

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Analysis of the complex subject of immigration, including U.S. and comparative immigration policy, illegal immigration, alien smuggling, and statelessness and their political/security impact.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4075 - Human Rights Policy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Meaning of human rights, political and international implications of human rights policies, relationship to global peace, racism, gender inequality, economic development and democratization.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4076 - Global Drug Policy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

International drug control issues, policy formulation and enforcement, impact of government and political economic systems on drug policy. Selected Latin American and Third World cases.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4084 - Politics of International Terrorism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Nature and politics of terrorism with primary focus on its implications for international relations.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4084H - Honors Politics of International Terrorism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or ENC 1102, and consent of Honors.

Course Description

Examination of terrorism as a unique challenge, delving into and understanding terrorists' motivations/actions and considering the effectiveness of various counterterrorism policies.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4085 - Women, Gender, and Globalization
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Feminist and gender perspectives in International Relations, Globalization, and International Political Economy.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4102 - American Foreign Policy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Development of American foreign policy, with emphasis on the role and policies of the United States in the contemporary world.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4104 - Topics and Cases in American Foreign Policy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

General or intensive analysis of problems or aspects of U.S. foreign policy. Issues may include September 11th, homeland security, counter-terrorism, policymaking and decision-making and intelligence.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4114 - American Security Policy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Study of the evolution of American security policy since World War II, including consideration of the social and political costs involved and means of control.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4115 - Strategic Weapons and Arms Control
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Control of strategic weapons and their impact. Technological and policy aspects, including nuclear proliferation.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4224 - Contemporary International Politics of Asia
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Examinations of the foreign policies of major and secondary powers in Asia, with particular attention to China and Japan.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4225 - The Vietnam War
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or INR 2002, or C.I.

Course Description

Background of events leading to America's involvement in Indochina, the course of the Vietnam War, and the lessons which that war imparts.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4243 - International Politics of Latin America
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Study of contemporary U.S.-Latin American relations, interAmerican politics and organization, and the role of Latin America in the world.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4274 - International Politics of the Middle East
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Either INR 2002, CPO 3103 or POS 2041.

Course Description

Examines foreign relations among Middle Eastern states and related actors, including, but not limited to, the great powers of the world.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4304 - Issues in International Public Policy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Endogenous and exogenous variables, including policy analysis and decision-making, which influence select international public policy issues.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4335 - Coercion in International Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Examination of the role of coercive techniques among states in a nuclear age, ranging from nuclear strategy and deterrence to wars of national liberation and coups.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4350 - Global Environmental Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The unique environmental struggles and political issues that occur on the international and global levels.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4351 - International Environmental Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Examination of global efforts to establish a treaty regime for environmental protection of earth's biosphere when challenged by national sovereignty and economic and cultural diversity.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4360 - The Intelligence Process**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041

Course Description

Examination of the intelligence process, the intelligence cycle, and various ways intelligence is collected, analyzed, as well as counterintelligence and counterterrorism

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4363 - Intelligence Analysis and Reporting
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or INR 2002 or ENC 1102.

Course Description

Foreign intelligence analysis and its interaction with organizations, politics, and psychology to shape political decisions.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4364H - Honors: The Intelligence Community
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: POS 2041 or INR 2002 or CPO 3103, and Consent of Honors or C.I.

Course Description

US national security and the role of the intelligence community. The collection, processing, and analysis of intelligence, counter intelligence, and covert operations. With honors content.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4401 - International Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The nature, evolution, and sources of international law and examination of various sub-areas as recognition, maritime law, nationality, and war.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4404 - Space Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing, or C.I.

Course Description

Examination of the legal regime of outer space from both international and national perspectives, and the legal problems arising from human activity in space.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4502 - International Organizations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The study of the structure and workings of international organizations of cooperation, including the UN, its affiliates, and various regional organizations.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4603 - International Relations Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Theoretical trends prevalent in the study of international relations, including realism, liberalism, Marxism, feminism, and post-modernism.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4714 - Politics of International Trade Policy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Key actors and processes of international trade policy-making at the sub-national, nation-state, regional, and global levels of analysis.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4743 - Military Power and Effectiveness**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- INR 2002

Course Description

Explores the evaluation of military power and effectiveness in international and domestic conflict, emphasizing social science approaches to theory and research methodology.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4744 - Militaries in World Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041, or INR 2002, or C.I.

Course Description

Civil-military relations and its relevance to international relations and comparative politics.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4764 - Cyberwarfare Policy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or ENC 1102 or INR 2002 or C.I.

Course Description

How nations, groups and individuals throughout the world use internet/cyber-attacks for military, political, and economic gains over their adversaries.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4764H - Honors Cyberwarfare Policy

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: POS 2041 OR ENC 1102 OR INR 2002, and Consent of Honors or C.I.

Course Description

Examination of roles and how nations, groups, and individuals use cyber-attacks and cyber espionage against adversaries. Challenges of current and proposed policy. With honors content.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4765 - Emerging Space Powers

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041, or C.I.

Course Description

Examination of states' efforts to develop space technologies for purposes of economic, social and military development.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4774 - Military Space Policy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Politics and policymaking involved in militaries globally, consideration of effects on globalization and international policies economic and military.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4933H - Honors Human Trafficking**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- INR 2002 or C.I.

Course Description

An interdisciplinary Honors seminar designed to help students gain a better understanding of contemporary human trafficking, also known as slavery and forced servitude.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

INR4942 - Intelligence Studies Capstone
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- INR 4364

Course Description

A practicum in intelligence studies, including analysis, writing, briefing, critical thinking, and teamwork.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

ISC - Interdisciplinary Sciences

ISC2054 - STEM Seminar I
Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to an iSTEM sponsored program.

Course Description

Study skills, faculty networking, exposure to STEM professionals.

College

College of Sciences

Department

Department of Mathematics

ISC2055 - STEM Seminar II**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to iSTEM sponsored program.

Course Description

Study skills, faculty networking, exposure to STEM professionals, STEM shadowing experience.

College

College of Sciences

Department

Department of Mathematics

ISC2215 - Interdisciplinary Applications of Calculus I**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Corequisites

- MAC 2311C.

Course Description

Interdisciplinary applications of differential and integral calculus topics in MAC 2311C to the solution of concrete problems in science, mathematics, and engineering disciplines.

College

College of Sciences

Department

Department of Mathematics

ISC2216 - Interdisciplinary Applications of Calculus II**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Corequisites

- MAC 2312.

Course Description

Interdisciplinary applications of differential and integral calculus topics in MAC 2312 to the solution of concrete problems in science, mathematics, and engineering disciplines.

College

College of Sciences

Department

Department of Mathematics

ISC3417 - Computational Nanoscience**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (PHY 2049C or PHY 2054C) and (CHM 2045C or CHS 1440) or C.I.

Course Description

Computational nanoscience covers the basic use of computational analysis for the study of nanoscience and related applications in nanotechnology.

College

College of Sciences

Department

Department of Physics

ISC3424 - Chemical and Life Science Nanotechnology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: 'C' (2.0 or better in CHS 1440 or CHM 2045C, or CI

Course Description

Synthesis, fabrication and properties of nanomaterials and nanodevices, and their broad applications in chemical/life science, environment protection and sustainability.

College

College of Sciences

Department

Department of Chemistry

ISC3471 - Nanoscience and Nanotechnology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (PHY 2049C or PHY 2054C) and (CHM 2045C or CHS 1440) or C.I.

Course Description

Nanoscience and Nanotechnology covers the basic principles governing nature at the nanoscale and summarizes the state of the art of emerging nanotechnology applications.

College

College of Sciences

Department

Department of Physics

ISC4241 - Data Science I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313, STA 2023, and COP 3502

Course Description

The basic tools, theory and practice of Data Science.

College

College of Sciences

Department

Department of Statistics

ISC4242 - Data Science II**Credits Hours**

3

Prerequisites

- ISC-4241 Data Science I or Instructor Permission

Course Description

Data visualization, modeling, and prediction. Big data and database management, Bayesian methods, and nonlinear models. Problems from industrial and complex domains using R and Python.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

ISC4311 - Predictive Analytics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ISC 4242, MAS 3105, STA 4164, all with grade of C(2.0) or better, or C.I.

Course Description

Predictive Modeling, Overfitting and Data Tuning, Classification Models, Regression Models

College

College of Sciences

Department

Department of Mathematics

ISC4323C - Praxis for Data Science

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete all of the following
 - Earn a minimum grade of C in each of the following:
 - COP4283 - Data Science Programming (3)
 - ISC4242 - Data Science II (3)
 - ISC4311 - Predictive Analytics (3)
 - CIS4340 - Data Management Technology (3)
 - ISC4551 - Data Graphics and Visualization (3)
 - STA4724 - Big Data Analytics Methods (4)
 - and senior standing in the Data Science BS major, or C.I.

Course Description

Students work in teams to address data science problems in industry, government, and the non-profit sector.

College

College of Engineering and Computer Science

Department

Department of Industrial Engineering and Management Systems

ISC4551 - Data Graphics and Visualization

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3502C or C.I.

Prerequisites/Corequisites

- (none)

Course Description

Principles of graphical representations and visualization: frameworks, data preparation, types of visual presentations, modeling, interaction techniques, guidelines. Projects using R and GGLOT2.

College

College of Engineering and Computer Science

Department

Department of Computer Science

ITA - Italian Language

ITA1120C - Elementary Italian Language and Civilization I

Credits Hours

4

Lab/Studio/Field Work Hours

1

Course Description

Introduces the student to Italian culture through the major language skills: listening, speaking, reading and writing. Open only to students with no experience in this language.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA1121C - Elementary Italian Language and Civilization II

Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- ITA 1120C or equivalent.

Course Description

Continuation of ITA 1120C.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA2010C - Italian for Spanish Speakers

Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- PR: Native Spanish Speaker or C.I.

Course Description

Designed for native speakers of Spanish, uses multilingual pedagogies and intercomprehension between Italian and Spanish, allowing for an accelerated pace of learning.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA2200 - Intermediate Italian Language and Civilization I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 1121C or equivalent.

Course Description

Designed to continue development of language skills at intermediate level, plus a review of grammar, study of syntax, idiomatic expression, extensive readings, and further study of Italian culture.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA2201 - Intermediate Italian Language and Civilization II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 2200 or equivalent.

Course Description

Designed to continue development of language skills at intermediate level, plus a review of grammar and study of syntax, with emphasis on Italian civilization.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA3215 - Azione! Italian through Film**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: ITA 2200 or C.I.

Course Description

Applies the linguistic and grammatical principles of Italian through film and television, with an emphasis on modern Italian culture. Taught entirely in Italian.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA3420 - Italian Composition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 2201 or equivalent.

Course Description

Development of skills in composition, with an introduction to Italian culture.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA3501 - Made in Italy: A Story of Excellence**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ITA 2200

Course Description

Introduces students to the multifaceted world of Italian entrepreneurship from the perspectives of culture, language, narrative, and history. Beneficial for students minoring in Italian.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA3502 - Canta che ti passa!: Italian through Music**Credits Hours**

3

Prerequisites

- A grade of "C" (2.0) or better in ITA 2200

Course Description

Italian language course applies grammatical and linguistic structures, while analyzing cultural norms, through the study of lyrics, songwriters, and singers.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA3564 - Modern Italian Culture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 2200 or C.I.

Course Description

Modern Italian culture (1920s through today) through literature, film, and mass media.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA3620 - Cucina nostra: Italian through Food**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: ITA 2200 or C.I.

Course Description

Applies the linguistic and grammatical principles of Italian through the study of food, with an emphasis on modern Italian culture. Taught entirely in Italian.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITA3760 - Advanced Italian Oral Communication
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 2201 or equivalent.

Course Description

Vocabulary building with systematic training in diction and locution. Speeches and oral presentations as well as production and delivery of real-life dialogues.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITT - Italian Literature

ITT3301 - Italian & Italian American Women's Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or C.I.

Course Description

Novels and short stories by some major Italian and Italian-American women writers.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITT3443 - Dante's Inferno**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITW 3100.

Course Description

An in-depth study of Dante's Inferno. In English.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITT3480 - Italian Literature in Translation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 2201 or C.I.

Course Description

Main literary tendencies and authors of Italian literature.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITT4300 - From Italy to America**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITW 3101 or C.I.

Course Description

The course connects Italy and the US, their history and culture.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITT4956 - Study Abroad: Modern and Contemporary Italian Culture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and C.I.

Course Description

Modern and contemporary Italian culture in the natural environment.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITT4957H - Honors Italian Literature in Translation
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and consent of Honors.

Course Description

Main literary tendencies and authors of Italian Literature, with honors content.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITW - Italian Literature (Writings)

ITW3100 - Survey of Italian Literature I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 2201.

Course Description

Main currents and writers in Italian literature from the 12th through the 15th centuries.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITW3101 - Survey of Italian Literature II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 2201.

Course Description

Main currents and writers in Italian literature from the 15th century to the present.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

ITW3373 - The Modern Italian Short Story**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ITA 2201 or C.I.

Course Description

Selection of short stories written by the most significant Italian writers of the 20th century.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

JOU - Journalism

JOU2100C - News Reporting
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Comm pending, or Journalism Major, or Magazine Journalism Minor and a grade of ""A-"" (3.75) or higher in ENC 1101 and ENC 1102 OR a ""B"" (3.0) or better in ENC 3250 or LIN 3673 OR a passing score on the Grammar Proficiency Exam or C.I.

Prerequisites/Corequisites

- Comm pending, or Journalism Major, or Magazine Journalism Minor and a grade of ""A-"" (3.75) or higher in ENC 1101 and ENC 1102 OR a ""B"" (3.0) or better in ENC 3250 or LIN 3673 OR a passing score on the Grammar Proficiency Exam or C.I.

Course Description

Newsgathering and writing for the mass media.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3004 - History of American Journalism
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Development of mass media, leading innovators, and the media's role in the nation's history.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3015 - Principles of Journalism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Either SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

Introduces principles of the journalism industry and lays the foundation for other upper-level journalism courses.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3101C - Advanced Reporting**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Journalism major or Magazine Journalism minor and a minimum grade of "C" (2.0) in JOU 2100C.

Course Description

Advanced information-gathering and development of news writing skills.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3184C - Metro Reporting
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Journalism major and a minimum grade of "C" (2.0) in JOU 2100C.

Course Description

Coverage of several important news beats in a metropolitan area.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3201 - Editing I

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A grade of ""C"" (2.0) or better in JOU 2100C or C.I.

Prerequisites/Corequisites

- A grade of ""C"" (2.0) or better in JOU 2100C or C.I.

Course Description

Editing copy, writing headlines, managing newsroom operations.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3202 - Editing II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Journalism major or Magazine Journalism minor, a minimum grade of "C" (2.0) in JOU 3201, and a minimum grade of "C" (2.0) in JOU 2100C.

Course Description

Practical aspects of editing.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3301 - Journalism Readings**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Either SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

Concepts of literary journalism, designed to enhance understanding and evaluation techniques used by journalists.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3310 - Social Media Writing for Magazines

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- JOU 2100C or PUR 3100.

Course Description

Social media writing for traditional magazines and journalism-based 'zines. Students will learn about the practices of social media writing and create their own blogs based on journalism practices.

College

College of Sciences

Department

Nicholson School of Communication and Media

JOU3313C - Sports Reporting

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Journalism major and a minimum grade of "C" (2.0) in JOU 2100C.

Interdisciplinary Studies

LEI - Leisure

LEI4266 - Outdoor and Leisure Activities

Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- Admission to the Sport and Exercise Science Program or Community Sport and Fitness Minor, and minimum overall 2.5 GPA.

Course Description

Study of contemporary outdoor and leisure activities. Course will include but not be limited to the "adventure activity curriculum," camping, water activities, fishing, orienteering, hiking.

College

College of Community Innovation and Education

Department

School of Teacher Education

LIN - Linguistics

LIN3010 - Principles of Linguistics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

An overview of the modern linguist's approach to language. Analytic methods of phonology, morphology, syntax. Brief systematic survey of dialectology, language acquisition, and semantics.

College

College of Arts and Humanities

Department

Department of English

LIN3673 - Rhetorical Grammar**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

Focus on learning and practicing grammatical techniques that today's expert writers use to increase rhetorical impact on the reader.

College

College of Arts and Humanities

Department

Department of Writing and Rhetoric

LIN3713 - Language Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- SPA 3471.

Course Description

Language components, models of language production and comprehension, and theories of language development.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

LIN3716 - Language Development**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- LIN 3713

Corequisites

- LIN 3716L.

Course Description

Spoken and written language development from infancy to adulthood.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

LIN3716L - Language Development Lab**Credits Hours**

2

Lab/Studio/Field Work Hours

2

Prerequisites

- LIN 3713

Corequisites

- LIN 3716.

Course Description

Procedures for sampling, analyzing, and describing language in children and adolescents.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

LIN4105 - History of the English Language**Credits Hours**

3

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Study of the English language and its development from Old English to Modern.

College

College of Arts and Humanities

Department

Department of English

LIN4660 - Linguistics and Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in LIN 3010 or C.I.

Course Description

Language study as an aid to understanding literature.

College

College of Arts and Humanities

Department

Department of English

LIN4680 - Modern English Grammar**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Emphasis upon the analysis and comparison of traditional, structural, and transformational grammar.

College

College of Arts and Humanities

Department

Department of English

LIN4801 - Language and Meaning**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

A study of language and meaning in social, civic, cultural, and professional settings.

College

College of Arts and Humanities

Department

Department of English

LIT - Literature**LIT2110 - World Literature I****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

Poetry, prose, and drama selected from ancient Hebrew, Greek, and Oriental literature and from that of Renaissance Europe.

College

College of Arts and Humanities

Department

Department of English

LIT2120 - World Literature II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

Readings from Moliere, Voltaire, Goethe, Pushkin, Balzac, Tolstoy, Ibsen, Mann, Kafka, Camus, and others.

College

College of Arts and Humanities

Department

Department of English

LIT3082 - Continental European Fiction Since 1900
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

A selection of significant works of fiction written in various languages during the present century, read in translation.

College

College of Arts and Humanities

Department

Department of English

LIT3132 - Legend & Literature of King Arthur**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Surveys 1500 years of Arthurian legend and literature, including such authors as Thomas Malory, Chretien de Troyes, and Mark Twain.

College

College of Arts and Humanities

Department

Department of English

LIT3192 - Caribbean Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102.

Course Description

Traces how Caribbean societies have achieved self-expression through documentary writing, prose fiction, and popular culture; in English.

College

College of Arts and Humanities

Department

Department of English

LIT3192H - Honors Caribbean Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and ENC 1102H or equivalent credit.

Course Description

How Caribbean societies have achieved self-expression through documentary writing, prose fiction, and popular culture; taught in English. Honors content.

College

College of Arts and Humanities

Department

Department of English

LIT3202 - Death and Dying**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Considering the topic of death and dying through a study of literature, the course includes facts, psychological impact, ideological responses to death and identity.

College

College of Arts and Humanities

Department

Department of English

LIT3202H - Honors Death and Dying**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102H or equivalent credit, and consent of Honors.

Course Description

Explores the subject of death and grief in a variety of literary genres (fiction, memoir, non-fiction). With Honors content.

College

College of Arts and Humanities

Department

Department of English

LIT3206 - Place and Space in Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Analysis of how authors develop place and space and how this creates meaning in texts.

College

College of Arts and Humanities

Department

Department of English

LIT3206H - Honors Place and Space in Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Analysis of how authors develop place and space and how this creates meaning in texts. With Honors content.

College

College of Arts and Humanities

Department

Department of English

LIT3212 - Research & Writing About Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Research, writing, and critical analysis skills applicable to upper-level literature courses

College

College of Arts and Humanities

Department

Department of English

LIT3313 - Science Fiction**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

An investigation of science fiction as a literary form, together with selected readings.

College

College of Arts and Humanities

Department

Department of English

LIT3313H - Honors Science Fiction Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and ENC 1102H or equivalent credit.

Course Description

An investigation of science fiction as a literary form, together with selected readings. Honors content.

College

College of Arts and Humanities

Department

Department of English

LIT3368 - Magical Realism in Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102, or C.I.

Course Description

Magical realism in literature, including consideration of its popularity, development, and treatment in various cultural contexts.

College

College of Arts and Humanities

Department

Department of English

LIT3381 - Women Writers of Color**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Examines the cultural productions of women writers of color in the Americas with a particular focus on literature, theory, and film.

College

College of Arts and Humanities

Department

Department of English

LIT3383 - Women in Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Fiction, poetry, drama and non-fiction by selected women writers, such as Emily Dickinson, Jane Austen, George Eliot, Kate Chopin, Zora Neale Hurston, Toni Morrison, Adrienne Rich, Gwendolyn Brooks.

College

College of Arts and Humanities

Department

Department of English

LIT3383H - Honors Women in Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and ENC 1102H or equivalent credit.

Course Description

Fiction, poetry, drama and non-fiction by selected women writers, such as Emily Dickinson, Jane Austen, George Eliot, Kate Chopin, Zora Neale Hurston, Toni Morrison, Adrienne Rich, Gwendolyn Brooks. Honors content.

College

College of Arts and Humanities

Department

Department of English

LIT3394 - Literature of AIDS**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

To familiarize students with the new genre of literature that has arisen related to AIDS. Essays, short stories, plays, poetry, diaries, and novels will be covered.

College

College of Arts and Humanities

Department

Department of English

LIT3394H - Honors Literature of AIDS**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors and ENC 1102H or equivalent credit.

Course Description

Literature related to AIDS: Essays, short stories, plays, poetry, diaries, and novels. Honors content.

College

College of Arts and Humanities

Department

Department of English

LIT3437 - International Environmental Justice Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Literary and creative works from different genres and international authors addressing issues and stories related to environmental justice themes, such as toxics and land use.

College

College of Arts and Humanities

Department

Department of English

LIT3482 - Literature & Popular Culture
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Analysis of media to determine popular values in the formation of popular cultural perceptions.

College

College of Arts and Humanities

Department

Department of English

LIT3482H - Honors Literature & Popular Culture
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Analysis of media to determine popular values in the formation of popular cultural perceptions. With Honors Content.

College

College of Arts and Humanities

Department

Department of English

LIT3605 - Literature and War
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102, or C.I.

Course Description

Varied representations of war in literature.

College

College of Arts and Humanities

Department

Department of English

LIT3607 - Mad, Bad, and Dangerous: Roles and Images of Writers in Society

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- English major or minor, and grade of "C" (2.0) or better required in CRW 3013 and CRW 3053, or C.I.

Course Description

Representations of writers in films and texts, including multi-cultural and gendered aspects, and how these ideals, stereotypes, and cultural roles affect student writers.

College

College of Arts and Humanities

Department

Department of English

LIT3714 - Literary Modernism

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Examines a specific period, a literary movement, and a set of aesthetic/formal practices applied to poetry, novels, essays, and manifestos.

College

College of Arts and Humanities

Department

Department of English

LIT3823 - Hispanic Women Writers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Hispanic women writers in a variety of genres.

College

College of Arts and Humanities

Department

Department of English

LIT3833 - Modern Asian Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Asian literatures in different genres translated into English or written in English from the modern period. Various countries emphasized in different iterations.

College

College of Arts and Humanities

Department

Department of English

LIT3835 - Translated Modern Chinese Novels**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102, or C.I.

Course Description

Chinese novels in English translation from the modern and contemporary periods.

College

College of Arts and Humanities

Department

Department of English

LIT3905 - Directed experience in Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102, C.I.

Course Description

Individualized topics of study and/or research in literature with personalized faculty direction.

College

College of Arts and Humanities

Department

Department of English

LIT3931 - Topics in World Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Themes, modes, and genres from literature outside of the U.S.

College

College of Arts and Humanities

Department

Department of English

LIT3932 - Topics in Popular Fiction
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENC 1102 or C.I.

Course Description

Examines genres in popular fiction such as the western, romance, detective, fantasy, horror, or mystery.

College

College of Arts and Humanities

Department

Department of English

LIT3933 - Literature and Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or C.I.

Course Description

Reading, analysis, and discussion of law, crime, and punishment in literature from historical or contemporary perspectives.

College

College of Arts and Humanities

Department

Department of English

LIT3933H - Honors Literature and Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Reading, analysis, and discussion of law, crime, and punishment in literature from historical or contemporary perspectives. With Honors Content.

College

College of Arts and Humanities

Department

Department of English

LIT4034 - Contemporary Poetry In English
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014 or C.I.

Course Description

Poetry written in English after the mid-twentieth century, including North American, British, Irish, and Anglophone countries.

College

College of Arts and Humanities

Department

Department of English

LIT4043 - Modern Drama As Literature
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

A study of important plays, playwrights, themes, movements, and styles in modern American, British, and European drama.

College

College of Arts and Humanities

Department

Department of English

LIT4184 - Irish Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Study of literature written in Ireland, within the context of Irish history, politics, culture and colonial experience.

College

College of Arts and Humanities

Department

Department of English

LIT4233 - Postcolonial Theory and Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Focus on the nature of colonial discourse, the strength of postcolonial rewritings, and the relationship of postcolonial theory to other theories.

College

College of Arts and Humanities

Department

Department of English

LIT4244 - World Authors**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better required in ENG 3014 or C.I.

Course Description

Study of the works of a single non-British and non-U.S. author who composes in English.

College

College of Arts and Humanities

Department

Department of English

LIT4303 - Post-World War II Fiction**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

An investigation of various modes of reality in the works of significant postmodernist world authors, crossing cultural boundaries.

College

College of Arts and Humanities

Department

Department of English

LIT4374 - The Literature of the Hebrew and Christian Bibles**Credits Hours**

3

Prerequisites

- Grade of C (2.0) or better required in ENG 3014.

Course Description

Literary forms in the Hebrew and Christian Bibles - narrative, poetic, and dramatic - and their reflection in modern literature.

College

College of Arts and Humanities

Department

Department of English

LIT4374H - Honors The Literature of the Hebrew and Christian Bibles**Credits Hours**

3

Prerequisites

- Permission of Honors and ENC 1101H or equivalent credit.

Course Description

Literary forms in the Hebrew and Christian Bibles - narrative, poetic, and dramatic - and their reflection in modern literature. Honors content.

College

College of Arts and Humanities

Department

Department of English

LIT4433 - Literature of Science and Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in ENC 1102 or CI.

Course Description

Major works of non-fiction that address and describe the history, philosophy, politics, and new ideas in science and technology.

College

College of Arts and Humanities

Department

Department of English

LIT4554 - Advanced Feminist Theories**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of C (2.0) or better required in ENC 1102, WST 3015 or ENG 3014.

Course Description

An advanced exploration of feminist critical theories and practices.

College

College of Arts and Humanities

Department

Department of English

MAA - Mathematics Analysis**MAA4226 - Advanced Calculus I****Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- MHF 3302, MAC 2313 and MAS 3106, or C.I.

Course Description

Limits, sequences, and continuity, differentiation and integration. Derivations of integrals. Infinite series and convergence. The Balzano-Weierstrass Theorem and the Heine-Borel Theorem. Extensions in Euclidean n-space.

College

College of Sciences

Department

Department of Mathematics

MAA4227 - Advanced Calculus II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAA 4226 or C.I.

Course Description

Continuation of MAA 4226.

College

College of Sciences

Department

Department of Mathematics

MAA4402 - Introduction to Complex Variables**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313 and MAP 2302 and MHF 3302, or C.I.

Course Description

Analytic functions and complex integration. Residue integration, Taylor and Laurent series, conformal mapping and the application of complex analysis to Potential Theory.

College

College of Sciences

Department

Department of Mathematics

MAA4934 - Topics in Analysis
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 3106 and MAA 4226, or C.I.

Course Description

Advanced topics in analysis. Selection of topics will vary.

College

College of Sciences

Department

Department of Mathematics

MAC - Mathematics Calculus and Precalculus

MAC1105C - College Algebra
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Appropriate score on the UCF Math Placement exam, or MAT 1033C with a "C" (2.0) or better, or C.I.

Course Description

Inequalities. High degree polynomials. Graphs, rational, logarithmic, and exponential functions. Systems of equations. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Mathematics

MAC1114C - College Trigonometry**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Appropriate score on the UCF Math Placement Exam, or MAC 1105C with a "C" (2.0) or higher, or C.I.

Course Description

The circle arc length, identities, trigonometric functions, inverse functions, applications to simple harmonic motion, function of angles, complete development of triangle solving. Prepares students for upper level mathematics. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Mathematics

MAC1140C - Pre-Calculus Algebra**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Appropriate score on the Math Placement Exam, or MAC 1105C with a "C" (2.0) or better, or C.I.

Course Description

Properties and graphs of polynomials, rational, exponential and logarithmic functions, matrices, sequences and series, conics, induction, binomial theorem. Introduction to limits. Prepares students for upper level mathematics. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Mathematics

MAC2147 - Mathematics for Calculus**Credits Hours**

5

Lab/Studio/Field Work Hours

0

Prerequisites

- Solid background in algebra or trigonometry, or C.I.

Course Description

For students with good mathematical backgrounds who do not want to go directly into calculus. Topics include matrices, determinants, permutations, combinations, sequences, series, induction, trigonometric functions. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Mathematics

MAC2233 - Concepts of Calculus**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Appropriate score on the UCF Math Placement Exam, or MAC 1140C with a C (2.0) or better, or C.I.

Course Description

The differential and integral calculus of rational, exponential and logarithmic functions, with applications to business analysis. Not open to students with credit in MAC 2253 or MAC 2311C. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Mathematics

MAC2253 - Applied Calculus
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Appropriate score on the UCF Math Placement Exam, or MAC 1140C with a C (2.0) or better and MAC 1114C with a C (2.0) or better, or C.I.

Course Description

Differential and integral calculus. Applications to engineering technology. Not open to students with credit in MAC 2233 or MAC 2311C. The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Mathematics

MAC2311C - Calculus with Analytic Geometry I
Credits Hours

4

Lab/Studio/Field Work Hours

2

Prerequisites

- Appropriate score on the UCF Math Placement Exam, or MAC 1140C with a "C" (2.0) or better and MAC 1114C with a grade of "C" (2.0) or better, or combination of appropriate score on the UCF Math Placement Exam and "C" (2.0) or better in MAC 1114 or MAC 1140C , or MAC 2147 or C.I.

Course Description

Analytic geometry; limits, continuity, differentiation of algebraic and trigonometric functions; applications of derivatives; integration and the fundamental theorem of calculus; applications of definite integrals. Not open to students with credit in MAC 2241, The "NC" grading policy applies to this course.

College

College of Sciences

Department

Department of Mathematics

MAC2311K - Honors Calculus with Analytic Geometry I

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Appropriate score on the UCF Math Placement Exam, or MAC 1140C with a "C" (2.0) or better and MAC 1114C with a grade of "C" (2.0) or better, or combination of appropriate score on the UCF Math Placement Exam and "C" (2.0) or better in MAC 1114C or MAC 1140C, or MAC 2147, and consent of Honors.

Course Description

Analytic geometry; limits, continuity, differentiation of algebraic and trigonometric functions; applications of derivatives; integration and the fundamental theorem of calculus; applications of definite integrals. The "NC" grading policy applies to this course. With Honors content.

College

College of Sciences

Department

Department of Mathematics

MAC2312 - Calculus with Analytic Geometry II

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in MAC 2311C, or credit by exam equivalency for MAC2311C, or C.I.

Course Description

Differentiation and integration of exponential, logarithmic, inverse trigonometric functions; techniques of integration; further applications of integration; parametric equations, polar coordinates; infinite sequences and series.

College

College of Sciences

Department

Department of Mathematics

MAC2312H - Honors Calculus with Analytic Geometry II

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in MAC 2311C, or credit by exam equivalency for MAC2311C, and consent of Honors.

Course Description

Differentiation and integration of exponential, logarithmic, inverse trigonometric functions; techniques of integration; further applications of integration; parametric equations, polar coordinates; infinite sequences and series. With Honors content.

College

College of Sciences

Department

Department of Mathematics

MAC2313 - Calculus with Analytic Geometry III

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in MAC 2312, or score of 5 on the Calculus BC Advanced Placement Exam, or C.I.

Course Description

Geometry of higher dimensional Euclidean space; vectors and vector functions; partial derivatives; multiple integrals; line integrals; vector fields; Green's Theorem and Stoke's Theorem.

College

College of Sciences

Department

Department of Mathematics

MAC2313H - Honors Calculus with Analytic Geometry III

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in MAC 2312, or score of 5 on the Calculus BC Advanced Placement Exam, and permission of Honors.

Course Description

Geometry of higher dimensional Euclidean space; vectors and vector functions; partial derivatives; multiple integrals; line integrals; vector fields; Green's Theorem and Stoke's Theorem. With Honors content.

College

College of Sciences

Department

Department of Mathematics

MAD - Mathematics Discrete

MAD2104 - Foundations of Discrete Math

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- 2 years of high school algebra and 1 year of geometry or C.I.

Course Description

Basic mathematical logic, methods of proof in mathematics, and application to elementary discrete structure.

College

College of Sciences

Department

Department of Mathematics

MAD4203 - Introduction to Combinatorics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2312, and either MHF 3302 or COT 3100C, or C.I.

Course Description

Counting principles; permutations and combinations, multisets; recurrence relations and generating functions; combinatorial designs; the Polya theory of counting.

College

College of Sciences

Department

Department of Mathematics

MAD4301 - Introduction to Graph Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Either MHF 3302 or COT 3100C, or C.I.

Course Description

Graph theory; isomorphism, connectivity; traversability, matchings, factorizations; planarity, colorings, and Ramsey number.

College

College of Sciences

Department

Department of Mathematics

MAD4934 - Topics in Discrete Mathematics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 3106 and either MAD 4203 or MAD 4301, or C.I.

Course Description

Advanced topics in discrete mathematics. Selection of topics will vary.

College

College of Sciences

Department

Department of Mathematics

MAE - Mathematics Education

MAE2801 - Elementary School Mathematics

Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MAC 1105C or MGF 1106.

Course Description

Mathematics appropriate for the elementary school including the six basic sets of numbers, concepts, learning sequences, algorithms, problem-solving techniques, error patterns, number systems, and geometry.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE3310 - Elementary Mathematics for Teaching I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Elementary Education B.S. - Pending, Elementary Education B.S - Education Track, Elementary Education B.S. - Lifelong Learning Track, Exceptional Student Education B.S., Early Childhood Development and Education B.S. or Early Childhood Development and Education Pending program.

Course Description

This course will address pedagogical content knowledge for teaching whole number concepts and operations, integer concepts, geometry and algebraic reasoning.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE3311 - Elementary Mathematics for Teaching II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAE 3310 with a "C" (2.0) or better.

Course Description

This course will address pedagogical content knowledge for teaching rational number concepts and operations, measurement, and algebraic reasoning.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE3366 - Middle and High School Mathematics for Teaching
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Secondary Education B.S Pending, Secondary Education B.S. Mathematics Education Track , Lifelong Learning Track, Mathematics Education Minor or C.I.

Course Description

This course provides a foundation in the pedagogical content knowledge for teaching mathematics appropriate for the middle and high school settings with an emphasis on algebra and geometry.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE4300 - Math Curriculum and Assessment in Early Childhood
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (EEC 4604, EEC 4207, EEX 3450, RED 3012, and TSL 4240), and senior standing

Corequisites

- EEC 4235C, RED 4311 and SCE 4304

Course Description

Methodologies for teaching and assessing young children in mathematics concepts and skills through an integrated, developmentally appropriate program.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE4326 - How Children Learn Mathematics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAE 3310 , MAE 3311 and admission to Elementary Education B.S - Education Track

Corequisites

- EDE 3942.

Prerequisites/Corequisites

- PR: MAE 3310 , MAE 3311 and admission to Elementary Education B.S - Education Track. CR: EDE 3942.

Course Description

Instructional strategies, learning activities, the use of manipulatives, lesson planning, evaluation of mathematical learning, and diagnostic techniques.

Current Fee Per Student

\$10.00

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE4333 - Teaching Geometry in the Secondary Schools**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Admission to Secondary Education B.S Pending or Secondary Education B.S. Mathematics Education Track or Lifelong Learning Track or C.I.

Course Description

This course addresses specific techniques for developing geometry skills beginning in the general mathematics classes of grade 6 through the high school geometry course.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE4339 - Teaching Algebra in Secondary Schools**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Admission to Secondary Education B.S. Mathematics Education Track or Lifelong Learning Track or C.I.

Course Description

Strategies for teaching algebraic thinking in middle and high school.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE4360 - Mathematics Instructional Analysis**Credits Hours**

4

Lab/Studio/Field Work Hours

2

Prerequisites

- EDG 4410 and MAE 4634.

Corequisites

- MAE 3940.

Course Description

Study of course objectives for the middle grades and high school curriculum and survey of methods and materials which have special application for teaching mathematics.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE4383 - Teaching Secondary Mathematics with Technology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Admission to Secondary Education B.S Pending or Secondary Education B.S. Mathematics Education Track or Lifelong Learning Track or admission to Mathematics Education minor or C.I.

Course Description

The application of educational technology to mathematics instruction including graphing calculators, apps, applets, virtual manipulatives, simulations, and mathematics software.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAE4634 - Programs in Teaching of Mathematics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Secondary Education B.S - Mathematics Education Track, Lifelong Learning Track or Mathematics Education Minor

Prerequisites/Corequisites

- Admission to Secondary Education B.S - Mathematics Education Track, Lifelong Learning Track or Mathematics Education Minor

Course Description

A consideration of special programs, strategies, and materials. Emphasis on individual needs of students.

College

College of Community Innovation and Education

Department

School of Teacher Education

MAN - Management

MAN3025 - Management of Organizations

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ACG 2021 and ECO 2013 or ECO 2023 each with a grade of "C" (2.0) or better, or for non-business majors, ECO 2013 or ECO 2023 with a grade of "C" (2.0) or better.

Course Description

Introduction to the theory and practice of managing formal organizations, including planning, organization theory, human behavior and control.

College

College of Business Administration

Department

Department of Management

MAN3025H - Honors Management of Organizations

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ACG 2021 and ECO 2013 or ECO 2023 each with a grade of "C" (2.0) or better, and consent of Honors.

Course Description

Introduction to the theory and practice of managing formal organizations, including planning, organization theory, human behavior, and control. Applicable to honors students.

College

College of Business Administration

Department

Department of Management

MAN3301 - Strategic Human Resource Management

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Sophomore standing and ENC 1102

Course Description

Provides students with a complete, comprehensive review of the strategic importance of the essential human resource management concepts and techniques for any student majoring in Management.

College

College of Business Administration

Department

Department of Management

MAN3302 - Essentials of Human Resource Management for Integrated Business

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of MAN 3025 with a grade of "C" or better

Course Description

Prepares managers to contribute to the development and implementation of HR policies and practices. Legal issues and relationships with other business functions are emphasized.

College

College of Business Administration

Department

Department of Integrated Business

MAN3520 - Quality & Productivity Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAN 3025. Management Majors and Minors and students whose major requires it.

Prerequisites/Corequisites

- MAN 3025. Management Majors and Minors and students whose major requires it.

Course Description

Principles and theories of quality and operations management in manufacturing and service organizations.

College

College of Business Administration

Department

Department of Management

MAN4046 - Teamwork, Collaboration, and Group Dynamics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Management major, Technological Entrepreneurship Minor, Entrepreneurship Minor or Entrepreneurship Certificate program

Course Description

Examination of concepts related to teams and group dynamics, and development of an understanding of how to become an effective team member, leader, and designer.

College

College of Business Administration

Department

Department of Management

MAN4101 - Human Relations in Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Management major, MAN 3025.

Course Description

The study of individual, interpersonal, group, and intergroup problems in business organizations through the use of cases and experimental exercises.

College

College of Business Administration

Department

Department of Management

MAN4143 - Leadership Development**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Management major, Technological Entrepreneurship Minor, Entrepreneurship Minor or Entrepreneurship Certificate program.

Course Description

Provides a foundation on the leadership development process and the impact leaders can have on individuals, groups, and organizations.

College

College of Business Administration

Department

Department of Management

MAN4209 - Designing Dynamic Organizations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Management major.

Course Description

Explores how innovative organization design represents an important source of competitive advantage for organizations of all types.

College

College of Business Administration

Department

Department of Management

MAN4240 - Organizations: Theory and Behavior**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of MAN 3025 and students admitted into any of the restricted business majors.

Prerequisites/Corequisites

- Completion of MAN 3025 and students admitted into any of the restricted business majors.

Course Description

A course providing a micro/macro approach to the study of organizations by integrating organizational theory and organizational behavioral science concepts.

College

College of Business Administration

Department

Department of Management

MAN4320 - Human Resources Recruitment and Selection**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAN 3301 or MAN 3302

Course Description

A concentrated investigation of the methods appropriate to the development, implementation and administration of the staffing process in contemporary organizations

College

College of Business Administration

Department

Department of Management

MAN4329 - Business Analytics in Human Resource Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAN 3301 or MAN 3302

Course Description

Processes, methodologies, infrastructure, and current practices used to transform data from many sources into useful information for human resource management and decisions.

College

College of Business Administration

Department

Department of Management

MAN4330 - Compensation Administration**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAN 3301 or MAN 3302

Course Description

Presentation of compensation theory and current pay related issues and their application to the design and administration of pay systems in large and small organizations

College

College of Business Administration

Department

Department of Management

MAN4350 - Performance Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAN 3301 or MAN 3302

Course Description

The management of worker performance through the training and development activities delivered by organizational specialists. Theory, issues, practices and problems are discussed.

College

College of Business Administration

Department

Department of Management

MAN4441 - Conflict Resolution and Negotiation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of MAN 3025 and students admitted into any of the restricted business majors.

Prerequisites/Corequisites

- Completion of MAN 3025 and students admitted into any of the restricted business majors.

Course Description

Conflict resolution and negotiation theories and processes applied to human resource management practices and other management activities in work organizations.

College

College of Business Administration

Department

Department of Management

MAN4532 - Introduction to Collaborative Design**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior standing and C.I.

Course Description

Business students will team with engineering students to obtain hands on experience at solving real world design problems in a team based environment.

College

College of Business Administration

Department

Department of Management

MAN4583 - Project Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Integrated Business major or Management major.

Course Description

Foundations of project management in assorted organizations and industries. Covers the project environment, the project manager's role, and project phases from initiation to closing.

College

College of Business Administration

Department

Department of Management

MAN4600 - International Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Approved major or minor, MAN 3025.

Course Description

The course examines issues involved in multinational management of business firms, with special emphasis on comparative management.

College

College of Business Administration

Department

Department of Management

MAN4701 - Business Ethics and Society**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Management major, MAN 3025.

Course Description

This course applies the ethics dimension to business decisions in today's complex political, social, economic and technological environment.

College

College of Business Administration

Department

Department of Management

MAN4720 - Strategic Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admitted to Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, QMB 3200, and ACG 3173 or ACG 3131.

Course Description

Students assume a strategic view of organizations and integrate and apply material learned in their business courses to modern organizational problems and opportunities.

College

College of Business Administration

Department

Department of Management

MAN4720H - Honors Strategic Management

Credits Hours

3

Prerequisites

- Admitted to Business major, senior standing, admitted to Honors College and completion of: MAN 3025, MAR 3023, FIN 3403, QMB 3200, and ACG 3173 or ACG 3131.

Course Description

Students assume a strategic view of organizations and integrate and apply material learned in their business courses to modern organizational problems and opportunities. Applicable to honors students.

College

College of Business Administration

Department

Department of Management

MAN4941 - Management Internship

Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Management major, application approval, consent of department chair.

Course Description

Provides student with supervised, management-related work experience in a sponsoring organization. See department for information; application required.

College

College of Business Administration

Department

Department of Management

MAP - Mathematics Applied

MAP2302 - Ordinary Differential Equations I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in MAC 2313, or C.I.

Course Description

Methods of solution for first order equations. Linear equations. Laplace transforms. Series solutions. Selected applications.

College

College of Sciences

Department

Department of Mathematics

MAP2302H - Honors Differential Equations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of "C" (2.0) or better in MAC 2313, and permission of Honors.

Course Description

Methods of solution for first order equations. Linear equations. Numerical methods; Laplace transforms. Series solutions. Selected applications. Students will complete projects. For Honors students from all disciplines.

College

College of Sciences

Department

Department of Mathematics

MAP3482H - Honors Systems Modeling and Simulation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and MAC 2312.

Course Description

Population growth dynamics; spread of an epidemic; ecological predator-prey relationships; insulin and its use in the control of diabetes; economic systems.

College

College of Sciences

Department

Department of Mathematics

MAP3923 - Frontiers in Mathematical Research: Colloquia and Public Talks**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 2302 or C.I.

Course Description

Current research in mathematics and related fields, as presented by leading national and international researchers. May not be used to satisfy requirements for mathematics major or minor.

College

College of Sciences

Department

Department of Mathematics

MAP4103 - Mathematical Modeling I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 3105 or MAS 3106, and MAP 2302, or C.I.

Course Description

An introduction to the study of mathematical modeling.

College

College of Sciences

Department

Department of Mathematics

MAP4112 - Mathematical Foundations of Machine Learning and Artificial Intelligence**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313 and MAS 3105

Course Description

Machine Learning, Artificial Intelligence, Expectation Maximalization algorithm, Projections Principal Component Analysis, Mixture Models, Support Vector Machines, Kernel methods.

College

College of Sciences

Department

Department of Mathematics

MAP4113 - Probability, Random Processes and Applications**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313.

Course Description

Elementary probability theory; modes of convergence; martingales, Gaussian, Wiener, and diffusion processes; Brownian motion; applications.

College

College of Sciences

Department

Department of Mathematics

MAP4153 - Vector and Tensor Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 3105 or MAS 3106, and MAP 2302, or C.I.

Course Description

Vector calculus. The theorems of Green, Gauss and Stokes. Introduction to tensors. Application in engineering and physical sciences.

College

College of Sciences

Department

Department of Mathematics

MAP4171 - Optimization**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313, and MAP 2302, and MAS 3105 or MAS 3106, or C.I.

Course Description

Linear programming, dynamic programming, control theory, integer programming.

College

College of Sciences

Department

Department of Mathematics

MAP4191 - Mathematical Modeling of Data**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC2313 and (MAS3105 or equivalent)

Course Description

Modeling methodologies: choosing, applying, and interpreting mathematical models and analysis for data problems.

College

College of Sciences

Department

Department of Mathematics

MAP4303 - Ordinary Differential Equations II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 2302, and MAS 3105 or MAS 3106, or C.I.

Course Description

Systems of linear differential equations, numerical solutions introduction, stability theory & phase plane analysis, introduction to limit cycles, bifurcations & chaos, power series solutions of differential equations.

College

College of Sciences

Department

Department of Mathematics

MAP4341 - Introduction to Partial Differential Equations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 2302, and MAS 3105 or MAS 3106, or C.I.

Course Description

Introduction to second-order linear partial differential equations - heat, wave and Laplace equations, separation of variables in PDEs, Sturm-Liouville eigenvalue problems, Fourier series analysis and Green's functions, Laplace and Fourier transform methods.

College

College of Sciences

Department

Department of Mathematics

MAP4342 - Partial Differential Equations II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 3105 or MAS 3106, and MAP 4341.

Course Description

Green's Functions, Integral Transforms, Laplace and Fourier transforms applied to heat, wave and potential equations. Bessel functions, Legendre functions, Fourier-Bessel series, PDEs in higher dimensions.

College

College of Sciences

Department

Department of Mathematics

MAP4371 - Numerical Methods for Differential Equations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313, and MAP 2302, and COP 3223C, and MAS 3105 or MAS 3106, or C.I.

Course Description

Numerical theory and practices used in solving ordinary differential equations and PDE. Covers Euler's method, trapezoidal rule, multi-step methods, Runge-Kutta, error control, finite differences, implicit and explicit schemes, iterative methods, and stability.

College

College of Sciences

Department

Department of Mathematics

MAP4384 - Numerical Methods for Computational Sciences**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 2302, and COP 3223C, and MAS 3105 or MAS 3106.

Course Description

Theory of modern methods of numerical computation and numerical analysis in linear algebra and differential equations; non-linear optimization, finite element methods, adaptive quadrature.

College

College of Sciences

Department

Department of Mathematics

MAP4484 - Mathematical Biology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 2302, and MAS 3105 or MAS 3106, or C.I.

Course Description

Differential equation models for population growth, harvesting, populations with Allee effects, infectious disease spread, predator-prey systems, competitive systems, mutualism, spatial spread of populations and genes.

College

College of Sciences

Department

Department of Mathematics

MAP4494 - Mathematical Modeling in Biology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 4484 .

Course Description

Population models & models for the spread of infectious diseases, evolutionary game theory, excitable systems for neuron dynamics, reaction kinetics models, foraging theory,

College

College of Sciences

Department

Department of Mathematics

MAP4640 - Financial Mathematics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 4113 or C.I.

Course Description

Binomial no-arbitrage pricing model, Martingales, Markov processes, capital asset pricing model, stopping times, American derivative securities, random walks, interest rates, fixed-income derivatives, futures.

College

College of Sciences

Department

Department of Mathematics

MAP4934 - Topics in Applied Mathematics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAP 2302 and MAS 3105, or C.I.

Course Description

Advanced topics in applied mathematics. Selection of topics will vary.

College

College of Sciences

Department

Department of Mathematics

MAR - Marketing

MAR3023 - Marketing

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ACG 2021 and ECO 2013 or ECO 2023 each with a grade of "C" (2.0) or better, or for non-business majors, ECO 2013 or ECO 2023 with a grade of "C" (2.0) or better.

Course Description

Study of how firms create and communicate value in order to build and maintain customer relationships while benefitting the organization and its stakeholders.

College

College of Business Administration

Department

Department of Marketing

MAR3023H - Honors Marketing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ACG 2021 and ECO 2013 or ECO 2023 each with a grade of "C" (2.0) or better, and consent of Honors.

Course Description

Study of how firms create and communicate value in order to build and maintain customer relationships while benefitting the organization and its stakeholders; course has honors content.

College

College of Business Administration

Department

Department of Marketing

MAR3203 - Supply Chain and Operations Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of each course in the Business common program prerequisites with a "C" (2.0) or better.

Course Description

Study of the planning and management of all activities involved in processes, assets, and flows of materials and information to meet customers' needs.

College

College of Business Administration

Department

Department of Marketing

MAR3203H - Honors Supply Chain and Operations Management

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of each course in the Business common program prerequisites with a "C" (2.0) or better, and consent of the Honors College.

Course Description

Study of the planning and management of all activities involved in processes, assets, and flows of materials and information to meet customers' needs.

College

College of Business Administration

Department

Department of Marketing

MAR3323 - Integrated Marketing Communication

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing Minor and MAR 3023 with a "B" (3.0) or better.

Course Description

Planning and execution of advertising, sales promotion, and public relations programs consistent with integrated marketing communications programs.

College

College of Business Administration

Department

Department of Marketing

MAR3391 - Professional Selling
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing major or Marketing minor, and MAR 3023 with a grade of "B" (3.0) or better.

Course Description

The communication processes that form the basis of professional selling to businesses and to individuals. Focus is on applied exercises and role-play situations.

College

College of Business Administration

Department

Department of Marketing

MAR3391H - Honors Professional Selling
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing major or Marketing minor, and MAR 3023 with a grade of "B" (3.0) or better, and consent of the Honors College.

Course Description

The communication processes that form the basis of professional selling to business and to individuals. Focus is on applied exercises and role-play situations.

College

College of Business Administration

Department

Department of Marketing

MAR3403 - Sales Force Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAR 3023 with a "B" (3.0) or better and appropriate major or minor.

Course Description

An overview of the sales management process. Emphasis on sales program formulation and implementation.

College

College of Business Administration

Department

Department of Marketing

MAR3407 - Integrated Marketing and Sales
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAR 3023 Marketing

Course Description

Analyze business scenarios to develop integrated marketing and sales plans with creative strategies and innovative tactics in Business-to-Business and Business-to-Consumer markets.

College

College of Business Administration

Department

Department of Integrated Business

MAR3503 - Consumer Behavior**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Marketing major.

Course Description

Individuals, groups, or organizations and the processes utilized to select, secure, use, and dispose of products, services, or experiences to satisfy consumer needs and wants.

College

College of Business Administration

Department

Department of Marketing

MAR3611 - Marketing Analysis and Research Methods**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor or Professional Selling minor, and MAR 3023 with a "B" (3.0) or better.

Course Description

Study of the analytical tools and research methods used by marketers to make more effective decisions.

College

College of Business Administration

Department

Department of Marketing

MAR3613 - Marketing Research**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAR 3615 with a grade of "C" (2.0) or better.

Course Description

The acquisition of information using various marketing research methods, as well as the application of results to marketing decision making.

College

College of Business Administration

Department

Department of Marketing

MAR3615 - Marketing Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Marketing major.

Course Description

Study of analytic methods, tools, processes, and technologies that enable marketers to evaluate the success of marketing activities and initiatives.

College

College of Business Administration

Department

Department of Marketing

MAR3641 - Marketing Intelligence**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor and MAR 3023 with a "B" (3.0) or better.

Course Description

Contemporary sources and applications of information concerning external forces impacting marketing decision making.

College

College of Business Administration

Department

Department of Marketing

MAR3721 - Digital Media Marketing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the marketing major.

Course Description

The application of contemporary digital media technologies to marketing decision making.

College

College of Business Administration

Department

Department of Marketing

MAR3765 - Entrepreneurial Marketing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor and MAR 3023 with a "B" (3.0) or better, or admission to the Entrepreneurship certificate or the Entrepreneurship minor or the Technological Entrepreneurship minor.

Course Description

Exploration of how marketing and entrepreneurship affect and are affected by one another.

College

College of Business Administration

Department

Department of Marketing

MAR4156 - International Marketing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor and MAR 3023 with a "B" (3.0) or better.

Course Description

Investigates strategy, policy and the variables relevant to international marketing decisions.

College

College of Business Administration

Department

Department of Marketing

MAR4231 - Retailing Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor and MAR 3023 with a "B" (3.0) or better.

Course Description

The field of retailing. Emphasis on planning for profitability through demand forecasting, inventory control, customer relationship management and brand leadership.

College

College of Business Administration

Department

Department of Marketing

MAR4413C - Strategic Issues in Sales**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- MAR 4415C with a grade of "C" (2.0) or better.

Course Description

Advanced study of selected contemporary strategic issues in selling and sales management.

College

College of Business Administration

Department

Department of Marketing

MAR4415C - Advanced Professional Selling**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Admission to the professional selling track in the Marketing major or to the Professional Selling minor.

Course Description

Advanced study of the professional selling process, including team selling, negotiating, customer conflict management, and CRM systems.

College

College of Business Administration

Department

Department of Marketing

MAR4418 - Strategic Sales Force Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Marketing major or the Professional Selling minor.

Course Description

Study of the effective strategic management of contemporary sales forces. Emphasis on sales program formulation, implementation, and control, with a focus on strategy.

College

College of Business Administration

Department

Department of Marketing

MAR4711 - Sport Marketing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor and MAR 3023 with a "B" (3.0) or better.

Course Description

Marketing as it applies to the sport and leisure industry.

College

College of Business Administration

Department

Department of Marketing

MAR4712 - Healthcare Marketing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor and MAR 3023 with a "B" (3.0) or better.

Course Description

Marketing as it applies to healthcare manufacturers, intermediaries and providers.

College

College of Business Administration

Department

Department of Marketing

MAR4715 - Entertainment Marketing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor and MAR 3023 with a "B" (3.0) or better.

Course Description

Application of marketing theory and tools to the marketing of products and services in the entertainment industry.

College

College of Business Administration

Department

Department of Marketing

MAR4803 - Marketing Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing Minor and MAR 3611 with a grade of "C" (2.0) or better.

Course Description

Planning, organizing, implementing, monitoring and controlling marketing programs to effectively compete in dynamic and diverse business environments.

College

College of Business Administration

Department

Department of Marketing

MAR4804 - Marketing Strategy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAR 3613 with a grade of "C" (2.0) or better.

Course Description

Marketing issues are explored, with emphasis on strategy formulation and integrative marketing decision making.

College

College of Business Administration

Department

Department of Marketing

MAR4832 - Product Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAR 3613 with a grade of "C" (2.0) or better.

Course Description

Study of the theory and practice of managing innovation and product design, testing, branding, and introduction of new products.

College

College of Business Administration

Department

Department of Marketing

MAR4840 - Fundamentals of Services Marketing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Integrated Business major.

Course Description

Study of marketing decision making in services sectors. Primary focus is on the unique aspects of services that impact marketing decision making in small and medium-size enterprises.

College

College of Business Administration

Department

Department of Marketing

MAR4841 - Services Marketing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the marketing major.

Course Description

Examination of marketing in services industries, with particular emphasis on unique aspects of services marketing, the service marketing mix, and the implementation of services strategies.

College

College of Business Administration

Department

Department of Marketing

MAR4934 - Contemporary Marketing Topics in Florida
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Marketing minor and MAR 3023 with a "B" (3.0) or better.

Course Description

Advanced study of marketing topics relevant to major business sectors in the state of Florida, e.g., high technology, health care, sustainable marketing, housing, real estate, tourism, hospitality, sports, gaming, etc. Topics may vary from term to term.

College

College of Business Administration

Department

Department of Marketing

MAR4941 - Marketing Internship
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Marketing major or minor, and application to and approval by the Department of Marketing.

Course Description

Provides student with supervised, market-related work experience in a sponsoring organization. Application and approval required.

College

College of Business Administration

Department

Department of Marketing

MAS - Mathematics Algebraic Structures

MAS3105 - Matrix and Linear Algebra**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2312 or C.I.

Course Description

Matrices, determinants, vector spaces over the reals, linear independence, basis, solutions of systems, range of linear transformations, eigenvectors, singular value decomposition

College

College of Sciences

Department

Department of Mathematics

MAS3105H - Honors Matrix and Linear Algebra**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2312 and permission of Honors or C.I.

Course Description

Matrices, determinants, vector spaces over the reals, linear independence, basis, solutions of systems, range of linear transformations, eigenvectors, singular value decomposition. With Honors consent.

College

College of Sciences

Department

Department of Mathematics

MAS3203 - Introduction to Number Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MHF 3302 or C.I.

Course Description

The course will include the following topics: inductive reasoning, factorization, the division algorithm and congruences.

College

College of Sciences

Department

Department of Mathematics

MAS4301 - Abstract Algebra I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MHF 3302 and MAS 3106, or C.I.

Course Description

Sets and mappings, groups, subgroups, permutation groups, homomorphisms and isomorphisms, the isomorphism theorems, groups actions, the class equation, Sylow theorems, and rings.

College

College of Sciences

Department

Department of Mathematics

MAS4302 - Abstract Algebra II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 4301 or C.I.

Course Description

Advanced topics in abstract algebra, including ring theory and field theory; introduction to Galois theory.

College

College of Sciences

Department

Department of Mathematics

MAS4934 - Topics in Algebra
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 3106 and MAS 4301, or C.I.

Course Description

Advanced topics in abstract algebra and discrete mathematics. Selection of topics will vary.

College

College of Sciences

Department

Department of Mathematics

MAT - Mathematics

MAT1033C - Intermediate Algebra**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Course Description

Reinforcement and development of algebra skills. Operations with polynomial, rational expressions; radicals; rational exponents; linear and quadratic equations, linear inequalities, and applications. This course is a "bridge course" which may be applied towards a degree as elective credit. This course will not satisfy either the GEP or Gordon Rule.

College

College of Sciences

Department

Department of Mathematics

MAT3937 - Techniques of Problem Solving**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2311C and

Corequisites

- MAC 2312; or C.I.

Course Description

Methods for solving problems in a wide variety of mathematical fields, with an emphasis on proper mathematical technique and writing of solutions.

College

College of Sciences

Department

Department of Mathematics

MCB - Microbiology

MCB1000 - The Invisible World**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Introduction to microbes, their beneficial and detrimental activities, and their importance to our every day lives.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB1310 - Introduction to Biotechnology and Genetic Engineering**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Introduction to theories, laws, principles, foundations, scientific methods of genetic engineering & biotechnology and their applications in agriculture, environment and human health.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB2004C - Microbiology for Health Professionals
Credits Hours

4

Lab/Studio/Field Work Hours

2

Prerequisites

- BSC 2010C and CHM 1032 or CHM 2045C.

Course Description

A survey of microbiology for the health professional.

Current Fee Per Student

\$65.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB3020C - General Microbiology
Credits Hours

5

Prerequisites

- BSC 2010C; CHM 2210

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB3020K - Honors General Microbiology**Credits Hours**

5

Lab/Studio/Field Work Hours

5

Prerequisites

- BSC 2010C and CHM 2210

Course Description

Same as with enrichment and further development of analytical skills in a separate laboratory and discussion section. With Honors content.

Current Fee Per Student

\$53.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB3202 - Principles of Infectious Disease**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C.

Course Description

Introduction to host-pathogen interactions and microbial pathogenesis, with topics covering eukaryotic pathogens, virology, prokaryotic structure, pathogen identification, epidemiology, immunity, vaccines and antimicrobials, and virulence mechanisms.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB3203 - Pathogenic Microbiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C or C.I.

Course Description

Microorganisms producing disease in man and other animals; means of transmission; protection against disease.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB3203L - Pathogenic Microbiology laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Corequisites

- MCB 3203.

Course Description

Laboratory investigation of pathogenic microorganisms, with emphasis on isolation and identification of pathogenic microorganisms.

Current Fee Per Student

\$65.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB3316H - Honors Biotechnology and Genetic Engineering Seminar

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Principles, applications, laws, ethics and impact on society of biotechnology and genetic engineering in agriculture, medicine, forestry, environment, computer/ industrial/chemical engineering and business administration.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB3903 - Explorations in Biomedical Science Research

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: MCB 3020C, BSC 3403C

Course Description

Exploration of research seminars across campus. Learn to write a literature review, properly review research publications in life science journals, and critique a research paper.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB3933 - Biomedical Sciences Careers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Open to undergraduate students in the Burnett School of Biomedical Sciences.

Course Description

Preparation for the next step in their careers by discovering different training options, including qualifications, prospects and salary; developing their Individual Development Plan.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4114C - Determinative & Systemic Microbiology**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- MCB 3020C, MCB 3203.

Course Description

Microbial classification taxonomic rules and nomenclature techniques for identification and interrelating the phyla and taxa of bacteria.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4201 - Microbial Stress Response**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C and PCB 3522.

Course Description

Examination of the molecular genetic mechanisms that bacterial and fungal pathogens use to adapt to changes in their environment.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4204 - Cellular Microbiology: Host-Pathogen Interactions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C, PCB 3522.

Course Description

Examination of the molecular details of host-pathogen interactions. Key areas of cell biology will be considered in relation to microbial pathogenesis.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4207 - Infectious Processes**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C.

Course Description

The infectious process and the response of host cells and tissue to infection.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4224 - Molecular Biology of Diseases**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or PCB 3023.

Course Description

In-depth knowledge of current advances in the molecular mechanisms underlying human diseases. Topics include autoimmunity, neurodegeneration, aging, drug addiction, obesity, and cancer.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4276 - Epidemiology of Infectious Diseases**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C.

Course Description

Study of descriptive and analytic epidemiology and its application to the analysis of infectious diseases and in the community health status.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4312 - Molecular Biotechnology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C.

Course Description

Principles, techniques, and applications of Molecular Biotechnology in genetically modified food, cloning, gene therapy, and forensics; transgenic animals; patents and regulations.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4404 - Bacterial Genetics and Physiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522.

Course Description

Basic principles of microbial genetic analysis emphasizing how microbial genetic approaches are used to understand fundamental physiological processes in bacteria.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4410 - Cellular Metabolism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or PCB 3023.

Course Description

Basic concepts of the mechanisms that define the functioning and regulation of prokaryotic and eukaryotic cell metabolism.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4414 - Microbial Metabolism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 3403.

Course Description

Interrelationship between cellular structure function and genetic traits in microorganisms. The interaction between microorganisms and their nutritional environment.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4503C - Virology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522.

Course Description

Concepts of structure and function of viruses, virus-host interactions and viral, and related disease states.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4603 - Environmental Microbiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C.

Course Description

Interrelationships between the biological activities of microorganisms and their terrestrial and aquatic environments.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4653 - Applied Industrial Microbiology**Credits Hours**

3

Lab/Studio/Field Work Hours

6

Prerequisites

- MCB 3020C and BSC 3403C.

Course Description

Combination of molecular and biochemical analyses with applied industrial microbiology projects.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4720 - Industrial Perspectives Seminar**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Biotechnology major and MCB 3020C

Corequisites

- MCB 3020C

Course Description

Concepts and techniques of basic research and drug development. Speakers from the biotechnology/pharmaceutical industry will show applications.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4721C - Methods in Biotechnology**Credits Hours**

4

Prerequisites

- MCB 3020C

Course Description

Fluorescence and luminescence-based assays used in biopharmaceutical industry for target validation.

Current Fee Per Student

\$70.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4915 - Program for Undergraduate Research Experience

Credits Hours

1 - 99

Prerequisites

- Registration to the course requires instructor approval (linked to a program)

Course Description

Holistic view of biomedical research for training in medical or graduate programs. Independent research projects in faculty labs and attend weekly seminar during academic year.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4920C - Group-Effort Applied Research

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- MCB 3020C and BSC 3403C.

Course Description

Hands-on training class focused on real-world, applied research. Students participate as a group in a research project focusing on highly-parallel technical applications.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4920K - Honors Group Effort Applied Research (GEAR)

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- BSC 3403C and Consent from Honors.

Course Description

Hands-on training class focused on real-world, applied research. Students participate as a group in a research project focusing on highly-parallel technical applications.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MCB4940 - Methodology in Biomedical Sciences

Credits Hours

0 - 3

Prerequisites

- MCB 3202L or PCB 3233L or PCB 3703C or ZOO 3733C or MCB 3020C

Course Description

Reinforces lab techniques; students will also gain experience in teaching by assisting instructors of different biomedical science labs

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MET - Meteorology

MET2104 - The Earth's Climate

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

History, physics and dynamics of the Earth's climate.

College

College of Sciences

Department

Department of Physics

MGF - Mathematics General and Finite

MGF1106 - Finite Mathematics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Appropriate score on the UCF Math Placement test, or MAT 1033C with a "C" (2.0) or better, or C.I.

Course Description

Introduction to systematic counting, probability, geometry, statistics, sets and logic. This course is intended for students who are not planning to take upper level courses in mathematics.

College

College of Sciences

Department

Department of Mathematics

MGF1107 - Explorations in Mathematics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Beauty & utility of mathematics, patterns & symmetry, voting strategies, & finance. Connections between math & music, art, architecture, & nature. For students not planning to take upper level mathematics.

College

College of Sciences

Department

Department of Mathematics

MHF - Mathematics History and Foundations

MHF3302 - Logic and Proof in Mathematics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2311C.

Corequisites

- MAC 2312.

Course Description

Basic mathematical logic. Methods of proof in mathematics. Application of proofs to elementary mathematical structures.

College

College of Sciences

Department

Department of Mathematics

MHF4404 - History of Mathematics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2312 or C.I.

Course Description

A chronological study of the evolution of mathematical thought from primitive counting through modern ideas of the 20th century. Recommended for prospective teachers in mathematics.

College

College of Sciences

Department

Department of Mathematics

MHF4934 - Topics in Foundations and History of Mathematics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MHF 3302 and MAS 3106, or C.I.

Course Description

Advanced, specialized topics in the foundations and history of mathematics, ranging from set theory and mathematical logic to the history and development of mathematical theories.

College

College of Sciences

Department

Department of Mathematics

MHS - Mental Health Services

MHS2090 - Introduction to Human Services**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An overview of the field of human services including roles, boundaries and ethical issues. The course orients students to the operation of human service agencies.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

MHS2330 - Career Planning I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Enrollment in the IES Program

Course Description

Career theory, career choice and decision-making, interpersonal communication, professionalism, workplace ethics and culture and boundary-making. Understand and demonstrate key competencies of career readiness.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

MHS2331 - Career Planning II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MHS 1331: Career Development I

Course Description

Career development, self-assessment activities, career choice decision-making, career exploration/skills necessary for employment while providing opportunities to develop skills in areas of career development.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

MHS2441 - Couples, Families and Intimate Relationships
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Dynamics of families, couples, intimate relationships, dating, courtship and challenges of establishing stable and satisfying couples and families, impact of divorce, premarital and couples education.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

MHS3052 - Helping Skills for Human Service Providers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MHS 2090.

Course Description

Focuses on the interpersonal skills necessary to the practice of the human service industry. Emphasis on motivating and supporting clients who are experiencing challenging situations.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

MHS3332 - Career Planning III**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- MHS 1331: Career Planning I and MHS 2331: Career Planning II

Course Description

Career development transitions, focusing on the transition from campus life to career including communication skills, workplace ethics and culture, accountability and job sustainability.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

MHS3426 - Diversity Issues in Human Services

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MHS 2090.

Course Description

An introduction to multicultural aspects of helping including race, ethnicity, religion, gender, socioeconomic status, spirituality, sexual orientation and disability.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

MHS4843 - Internship in Human Services

Credits Hours

3

Lab/Studio/Field Work Hours

10

Prerequisites

- 1. Acceptance into the HRSA OIFSP-funded internship program. 2. MHS 2090 Introduction to Human Services

Prerequisites/Corequisites

- 1. MHS 3052 Helping Skills for Human Service Providers 2. MHS 3426 Diversity Issues in Human Services 3. MHS 2330 Career Planning 4. MHS 2441 Couples, Families and Intimate Relationships

Course Description

Internship in Human Services is an undergraduate course designed to provide experiential field training as a Recovery Support Specialist in Human Services.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

MLS - Medical Laboratory Science

MLS3220C - Techniques in Clinical Microscopy**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- CHM 2210, PCB 3703C or C.I.

Course Description

Analysis of body fluids and urine by chemical and microscopic methods with interpretation and correlation to human disease.

Current Fee Per Student

\$70.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS3305 - Hematology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHM 2210 and PCB 3703C.

Course Description

Overview of the hematopoietic system and disease states associated with blood and bone marrow

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS3305L - Hematology Lab
Credits Hours

2

Lab/Studio/Field Work Hours

6

Corequisites

- MLS 3305

Course Description

Practical laboratory procedures routinely performed for analyzing hematologic abnormalities.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS3705 - Concepts in Education/Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to professional phase of the MLS Program or C.I.

Course Description

Introduction to laboratory management, health delivery systems, and educational practices in clinical settings.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4075L - Clinical Applications of Laboratory Automation

Credits Hours

1

Lab/Studio/Field Work Hours

2

Prerequisites

- MLS 4625, MLS 4625L

Corequisites

- MLS 4630, MLS 3305,MLS 3305L

Course Description

Hands-on experience with various forms of automation routinely used within the medical laboratory setting. Case studies practice will be included for high complex instrumentation.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4334 - Hemostasis

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CHM 2210 and PCB 3703C.

Course Description

Overview of hemostatic and fibrinolytic conditions at the time of disease and the relationship of lab tests to diagnosis.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4430C - Clinical Microbiology I**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- MCB 3020C or equivalent and acceptance into the MLS program.

Course Description

This course is the first part of a two course sequence that provides students with entry level knowledge and skills in clinical microbiology.

Current Fee Per Student

\$46.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4460C - Clinical Microbiology II**Credits Hours**

5

Lab/Studio/Field Work Hours

6

Prerequisites

- MLS 4430C and Admission to the professional phase of the MLS program.

Course Description

Analysis of clinical pathogenic bacteria, fungi and viruses and correlation to disease. Identification of pathogens from clinical samples, susceptibility testing and molecular techniques in the clinical pathogenic microbiology laboratory.

Current Fee Per Student

\$53.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4505 - Immunodiagnostics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3233 and PCB 3233L.

Course Description

Theory and application of immunologic principles and their use in diagnosis of human disease.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4550C - Clinical Immunohematology**Credits Hours**

5

Lab/Studio/Field Work Hours

6

Prerequisites

- PCB 3233, MLS 3305, Admission to the professional phase of the MLS program.

Prerequisites/Corequisites

- PCB 3233, MLS 3305.

Course Description

Review of blood banking procedures, Investigation of incompatible crossmatches; antibody identification, leukocyte antigens and identification procedures, problem solving.

Current Fee Per Student

\$70.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4625 - Advanced Clinical Chemistry I**Credits Hours**

3

Prerequisites

- Admitted to MLS program, or CHM 2210, PCB 3703C or C.I.

Course Description

Correlation of lab test to specific disease states including deviations in carbohydrate, amino acid metabolism, renal function, gastric function, electrolytes, and blood gases.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4625L - Advanced Clinical Chem I Lab**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Prerequisites

- CHM 2211

Corequisites

- MLS 4625.

Course Description

Laboratory procedures routinely performed in a clinical chemistry laboratory.

Current Fee Per Student

\$70.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4630 - Clinical Chemistry II**Credits Hours**

3

Prerequisites

- CHM 2210, PCB 3703C or C.I.

Course Description

Correlation of laboratory tests to specific human disease states.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4830L - Clinical Chemistry Laboratory Practicum**Credits Hours**

3

Lab/Studio/Field Work Hours

7.5

Prerequisites

- Admission to the MLS program, MLS 4625, MLS 4630 .

Course Description

Instruction and practice of clinical chemistry laboratory procedures at an off-campus affiliated hospital/clinical site.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4831L - Immunohematology Laboratory Practicum
Credits Hours

3

Lab/Studio/Field Work Hours

7.5

Prerequisites

- Admission to the MLS program, MLS 4550, MLS 4505.

Course Description

Instruction and practice of blood banking and transfusion medicine laboratory procedures (clinical practicum) at an off-campus affiliated hospital/clinical site.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4832L - Interpretive & Practical Hematology
Credits Hours

4

Lab/Studio/Field Work Hours

8

Prerequisites

- Admission to the the MLS program, MLS 3305, MLS 4334.

Course Description

Instruction and practice of clinical hematology laboratory procedures at an off-campus affiliated hospital/clinical site.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4833L - Microbiology Laboratory Practicum
Credits Hours

3

Lab/Studio/Field Work Hours

7.5

Prerequisites

- Admission to the MLS program, MLS 4460C.

Corequisites

- MLS 4830L, MLS 4831L, MLS 4832L

Course Description

Instruction and practice of clinical microbiological procedures at an off-campus affiliated hospital/clinical site.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4910 - Introduction to Clinical Research

Credits Hours

2

Prerequisites

- MLS 3220C, MLS 4625, MLS 4550.

Course Description

Introduces MLS students to different types of research within the clinical setting.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MLS4933 - MLS Senior Seminar

Credits Hours

1

Prerequisites

- MLS Senior status.

Course Description

Review of MLS coursework, case study discussions and preparation for certification.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

MMC - Mass Media Communications

MMC2004 - Mass Media

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Introduction to the nation's mass media, including newspapers, radio, television, magazines, advertising, and public relations.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC3200 - Mass Communication Law

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- One of the following; SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

Legal rights and responsibilities of the mass media.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC3200H - Honors Mass Communication Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- SPC 1608, SPC 1603C, COM 1000 or C.I.

Course Description

Legal rights and responsibilities of the mass media.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC3420 - Mass Media Research Methods
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- R-TV or Ad-PR or Journalism major; or Mass Comm. minor; or C.I.

Course Description

Theory and methods of research used by media professionals and academics, focusing on radio-television and advertising-public relations research.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC3630 - Social Media as Mass Communication
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Either SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

Principles and practices of social media and its role in communicating to mass audiences.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC4263 - New Media Technologies
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Majors only, RTV 3511.

Course Description

An examination of the technologies impacting the communications media environment and society.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC4300 - International Media**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

Analyze different communication systems from around the world. At least 6 case studies from these areas - Asia, Latin American, Western Europe, Middle East, Africa.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC4303 - Hispanics in Media in the US**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

Examines history and growth of Hispanics/Latinos in US media, including early depictions in media and current landscape of Spanish and English Hispanic/Latino Media.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC4411 - Ad-PR Campaigns

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Ad-PR majors only; (ADV 3008 and PUR 4000) and either (PUR 3100 or ADV 4101).

Course Description

Planning and managing communication campaigns that integrate both advertising and public relations strategies. Capstone.

College

College of Sciences

Department

Nicholson School of Communication and Media

MMC4602 - Contemporary Media Issues

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- One of the following: SPC 1608, SPC 1603C, COM 1000, or C.I.

Course Description

Relationship between the mass media and society; examination of social and ethical issues and responsibilities of the media's relationship with government.

College

College of Sciences

Department

Nicholson School of Communication and Media

MSL - Military Science Leadership

MSL1001C - Foundations of Officership**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Examines the unique duties and responsibilities of officers, organization and role of the Army, reviews skills pertaining to fitness and communication, and analyze Army values and expected behavior.

College

College of Engineering and Computer Science

Department

Reserve Officer Training Corp: Army ROTC

MSL1002C - Basic Leadership**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Presents fundamental leadership concepts and doctrine; practice basic skills that underlie effective problem solving; examine the officer experience.

College

College of Engineering and Computer Science

Department

Reserve Officer Training Corp: Army ROTC

MSL2101C - Individual Leadership Studies**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Develops knowledge of self, self-confidence, and leadership skills; develop problem solving and critical thinking skills; apply communication, feedback, and conflict resolution skills.

College

College of Engineering and Computer Science

Department

Reserve Officer Training Corp: Army ROTC

MSL2102C - Leadership and Teamwork
Credits Hours

2

Lab/Studio/Field Work Hours

1

Course Description

Focuses on selfdevelopment guided by knowledge of self and group processes; challenges current beliefs, knowledge and skills.

College

College of Engineering and Computer Science

Department

Reserve Officer Training Corp: Army ROTC

MSL3201C - Leadership and Problem Solving
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- Junior standing.

Course Description

Examines skills that underlie effective problem solving; analyzes military missions and plan military operations; and executes squad battle drills.

College

College of Engineering and Computer Science

Department

Reserve Officer Training Corp: Army ROTC

MSL3202C - Leadership and Ethics**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MSL 3201C.

Course Description

Probes leadership responsibilities that foster an ethical command climate; develops cadet leadership competencies; applies principles and techniques of effective written and oral communication.

College

College of Engineering and Computer Science

Department

Reserve Officer Training Corp: Army ROTC

MSL4301C - Leadership and Management**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MSL 3202C.

Course Description

Discuss staff organization, functions, and processes, analyze counseling responsibilities and methods, apply leadership and problem solving principles to a complex case study/simulation.

College

College of Engineering and Computer Science

Department

Reserve Officer Training Corp: Army ROTC

MSL4302C - Officership

Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MSL 4301C.

Course Description

Capstone course to explore topics relevant to second lieutenants entering the Army; describes legal aspects of decision making and leadership; and analyzes Army organization from tactical to strategic level.

College

College of Engineering and Computer Science

Department

Reserve Officer Training Corp: Army ROTC

MTG - Mathematics Topology and Geometry

MTG4212 - Modern Geometries

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2311C and MHF 3302.

Course Description

Axioms & finite geometries, transformations groups, 2 & 3-space Euclidean motions, convexity in 2 & 3-space. Polygon & circle Euclidean geometry, constructible numbers, constructions & non-Euclidean geometry.

College

College of Sciences

Department

Department of Mathematics

MTG4254 - Introduction to Differential Geometry**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313 and MAS 3106, or C.I.

Course Description

Topics include curves and surfaces, differential manifolds, tangent space, differentials, curvature and torsion tensors, connections, covariant differentiation, lie derivative, integration on manifolds, and Riemannian manifolds.

College

College of Sciences

Department

Department of Mathematics

MTG4302 - Introduction to Topology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MHF 3302 and MAS 3106 or C.I.

Course Description

Metric spaces, topological spaces, limit points, continuity, compactness, and connectedness.

College

College of Sciences

Department

Department of Mathematics

MTG4324 - Topological Data Analysis

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 4301

Course Description

Topology, Simplicial Complexes, Homology and Cohomology, Poincare and Alexander Duality, Morse Functions, Reeb Graphs, Persistence, Stability and Applications

College

College of Sciences

Department

Department of Mathematics

MTG4934 - Topics in Topology and Geometry

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAS 3106 or C.I.

Course Description

Advanced topics in geometry and topology. Selection of topics will vary.

College

College of Sciences

Department

Department of Mathematics

MUC - Music: Composition

MUC1101C - Composition I

Credits Hours

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Complete all of the following
 - Earn a minimum grade of C in each of the following:
 - MUT1122 - Music Theory and Musicianship II (4)
 - MUL2014 - Introduction to Music History and Literature (3)
 - Or C.I.

Course Description

Creative work in small forms.

College

College of Arts and Humanities

Department

Department of Music

MUC1201C - Applied Composition I

Credits Hours

2

Lab/Studio/Field Work Hours

2

Prerequisites

- Major in Music Composition BM track or consent of chair; portfolio

Course Description

Introduction to the basic elements and construction blocks of music composition and analysis.

College

College of Arts and Humanities

Department

Department of Music

MUC2104C - Composition II
Credits Hours

2

Lab/Studio/Field Work Hours

1

Prerequisites

- MUC 1101C and Music or composition major.

Course Description

Continuation of Composition I. Competence determined by faculty jury.

College

College of Arts and Humanities

Department

Department of Music

MUC2202C - Applied Composition II
Credits Hours

2

Lab/Studio/Field Work Hours

2

Prerequisites

- A grade of 'C' (2.0) or better in MUC 1201C

Course Description

Introduction to the basic elements and construction blocks of music composition and analysis.

College

College of Arts and Humanities

Department

Department of Music

MUC3105C - Composition III**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- Grade of 'C' (2.0) or better in MUC 2202C and competence determined by faculty jury

Course Description

Continued study of composition, with additional intensive work expected for composition majors.

College

College of Arts and Humanities

Department

Department of Music

MUC4106C - Composition IV**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUC 3105C and competence determined by faculty jury.

Course Description

Intensive advanced study of composition for composition majors.

College

College of Arts and Humanities

Department

Department of Music

MUC4610 - Film Music Composition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A grade of 'C' (2.0) or better in MUC 2202C

Course Description

The basic composing, arranging, and technical techniques required to score films and television.

College

College of Arts and Humanities

Department

Department of Music

MUC4634 - Video Game Music Composition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A grade of 'C' (2.0) or better in MUC 2202C

Course Description

Skills and design philosophy to create music and soundtracks for video games. Techniques and technologies are covered in this examination of traditional and emerging compositional practice.

College

College of Arts and Humanities

Department

Department of Music

MUC4950 - Composition Recital
Credits Hours

0

Lab/Studio/Field Work Hours

0

Corequisites

- MUC 4106C.

Course Description

Culminating public concert of works written while studying Composition I-IV.

College

College of Arts and Humanities

Department

Department of Music

MUC4971 - Composition Thesis
Credits Hours

2

Lab/Studio/Field Work Hours

0

Prerequisites

- A grade of 'C' (2.0) or better in MUC 3105C

Course Description

Create a large scale work for orchestra or wind ensemble

College

College of Arts and Humanities

Department

Department of Music

MUE - Music Education

MUE2040 - Introduction to Music Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An introduction to music education covering philosophy, history, and current practice and trends. Observation in schools required.

College

College of Arts and Humanities

Department

Department of Music

MUE2211 - Early Childhood Music and Movement**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An examination of the role of music and creative movement in the lives of young children.

College

College of Community Innovation and Education

Department

School of Teacher Education

MUE2346 - Vocal Techniques**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Prerequisites

- Music major or C.I.

Course Description

Vocal function, anatomy, and pedagogical methodology with applications for K-12 teaching.

College

College of Arts and Humanities

Department

Department of Music

MUE2440 - String Techniques
Credits Hours

1

Lab/Studio/Field Work Hours

2

Prerequisites

- MUED major, junior standing or C.I.

Course Description

Class instruction in string playing and pedagogical techniques.

Current Fee Per Student

\$30.00

College

College of Arts and Humanities

Department

Department of Music

MUE2450 - Woodwind Techniques I
Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites

- MUED major, Junior standing or C.I.

Course Description

Class instruction in woodwind playing and pedagogical techniques.

College

College of Arts and Humanities

Department

Department of Music

MUE2460 - Brass Techniques
Credits Hours

1

Lab/Studio/Field Work Hours

2

Prerequisites

- MUED major, junior standing or C.I.

Course Description

Class instruction in brass playing and pedagogical techniques.

College

College of Arts and Humanities

Department

Department of Music

MUE2470 - Percussion Techniques
Credits Hours

1

Lab/Studio/Field Work Hours

2

Prerequisites

- MUED major, junior standing or C.I.

Course Description

Class instruction in percussion playing and pedagogical techniques.

Current Fee Per Student

\$35.00

College

College of Arts and Humanities

Department

Department of Music

MUE3333 - Music Learning Theory and Assessment
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BME Professional Program.

Course Description

Learning theory and practical applications of assessment techniques as applied in the music classroom.

College

College of Arts and Humanities

Department

Department of Music

MUE3353 - General Music Literature and Techniques
Credits Hours

2

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 2040.

Course Description

Diverse literature and techniques for the general music classroom.

College

College of Arts and Humanities

Department

Department of Music

MUE3451 - Woodwind Techniques II**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 2450, MUED major, Junior standing or C.I.

Course Description

Continuation of Woodwind Techniques I, with emphasis on double reeds.

College

College of Arts and Humanities

Department

Department of Music

MUE3461 - Brass Techniques II**Credits Hours**

1

Lab/Studio/Field Work Hours

1

Prerequisites

- MUE 2460.

Course Description

Continued study of performance techniques, teaching skills, resources, and materials required to teach brass instruments to beginning, middle, and high school level students.

College

College of Arts and Humanities

Department

Department of Music

MUE3693 - Technology in Music Education**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 2040 or C.I.

Course Description

Productivity software, classroom management tools, web design and other technological tools for classroom teaching.

College

College of Arts and Humanities

Department

Department of Music

MUE3942 - Music Internship I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 4311, MUE 3333, EDG 4410, TSL 4080, EDF 4603 and RED 4043.

Course Description

Students experience various roles of a music teacher in elementary and secondary settings, including observation, microteaching, and the completion of various assignments.

College

College of Arts and Humanities

Department

Department of Music

MUE4311 - Elementary School Music Methods**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing, MUED major.

Course Description

Organization and administration of instruction for comprehensive music education, K-6; instructional planning, techniques, and materials for elementary music education.

College

College of Arts and Humanities

Department

Department of Music

MUE4331 - Secondary Choral Methods I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BME Professional Program.

Course Description

Examination of vocal and choral literature, planning skills and rehearsal techniques for choral groups.

College

College of Arts and Humanities

Department

Department of Music

MUE4332 - Secondary Instrumental Methods I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BME Professional Program.

Course Description

Wind, percussion, and string teaching methods for beginning and middle level students in a large classroom setting.

College

College of Arts and Humanities

Department

Department of Music

MUE4335 - Secondary Choral Methods II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 4331 with a grade of "C" (2.0) or better.

Course Description

Continued examination of vocal and choral literature, planning skills and rehearsal techniques for choral groups.

College

College of Arts and Humanities

Department

Department of Music

MUE4337 - Secondary Instrumental Methods II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 4332 with grade of "C" (2.0) or better.

Course Description

Wind and percussion teaching methods for high school students in a large classroom setting.

College

College of Arts and Humanities

Department

Department of Music

MUE4393 - Music and Students with Special Needs**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 2040 or C.I.

Course Description

Consideration of the general education music curriculum in regards to students with disabilities and special needs.

College

College of Arts and Humanities

Department

Department of Music

MUE4791 - BME ePortfolio**Credits Hours**

0

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 3742 Music Internship I;

Corequisites

- MUE 4943 - Music Internship II.

Course Description

Required electronic portfolio for all Bachelor of Music Education majors to be taken in conjunction with MUE 4943 - Music Internship II.

College

College of Arts and Humanities

Department

Department of Music

MUE4943 - Music Internship II**Credits Hours**

12

Lab/Studio/Field Work Hours

0

Prerequisites

- MUE 3942.

Course Description

Student Teaching in an elementary or secondary school under supervision of a certified classroom teacher.

College

College of Arts and Humanities

Department

Department of Music

MUG - Music Conducting

MUG3104 - Basic Conducting
Credits Hours

2

Lab/Studio/Field Work Hours

1

Prerequisites

- MUT 1122 or C.I.

Course Description

Fundamental techniques and practice in conducting.

College

College of Arts and Humanities

Department

Department of Music

MUG3202 - Choral Conducting and Materials
Credits Hours

1 - 99

Lab/Studio/Field Work Hours

Jan-99

Prerequisites

- MUG 3104.

Course Description

Fundamental principles of choral conducting and rehearsal techniques including an examination of materials.

College

College of Arts and Humanities

Department

Department of Music

MUG3302 - Instrumental Conducting and Materials
Credits Hours

1 - 99

Lab/Studio/Field Work Hours

Jan-99

Prerequisites

- MUG 3104.

Course Description

Fundamental principles of instrumental conducting and rehearsal techniques including an examination of materials.

College

College of Arts and Humanities

Department

Department of Music

MUH - Music: History/Musicology

MUH2017 - Survey of Rock Music
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Rise of rock music to prominence, and its impact on audience reception. No musical background required.

College

College of Arts and Humanities

Department

Department of Music

MUH2017H - Honors Survey of Rock Music**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Rock music, 1950s to present, with emphasis on cultural and musical meaning. With Honors content

College

College of Arts and Humanities

Department

Department of Music

MUH2019 - American Popular Music, 1840s-present**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Musical and cultural development of popular music in the United States from the 1840s to the present.

College

College of Arts and Humanities

Department

Department of Music

MUH2021 - Survey of Country Music**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Country music and its historical developments from the 1920s to present.

College

College of Arts and Humanities

Department

Department of Music

MUH3211 - Music History and Literature I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUH 3633 and MUT 1122 with a grade of "C" (2.0) or better.

Course Description

History of Western European art music from Antiquity to 1800.

College

College of Arts and Humanities

Department

Department of Music

MUH3212 - Music History and Literature II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUH 3211 with grade of "C" (2.0) or better.

Course Description

History of Western European art music from 1800 to present day

College

College of Arts and Humanities

Department

Department of Music

MUH3633 - Music in the United States**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUL 2720 and MUT 1122 with grade of "C" (2.0) or better.

Course Description

Music of the United States of America from pre-Revolutionary times to present. Includes vernacular, jazz, popular, and art music traditions indigenous to the USA.

College

College of Arts and Humanities

Department

Department of Music

MUH4322 - Medieval and Renaissance Music**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUH 3211 and MUH 3212 with grade of "C" (2.0) or better.

Course Description

Music and culture of Western Europe in the era c. 450-1600.

College

College of Arts and Humanities

Department

Department of Music

MUH4341 - Music of the Baroque**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUH 3211 and MUH 3212 with grade of "C" (2.0) or better.

Course Description

Music and culture during the Baroque period, 1600-1750.

College

College of Arts and Humanities

Department

Department of Music

MUH4351 - Eighteenth-Century Music**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUH 3211 and MUH 3212 with grade of "C" (2.0) or better.

Course Description

Music and culture of Western Europe in the era c. 1700-1830.

College

College of Arts and Humanities

Department

Department of Music

MUH4361 - Music of the 19th Century**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUH 3211 and MUH 3212 with grade of "C" (2.0) or better.

Course Description

Examination of Western European and American art music from the nineteenth century.

College

College of Arts and Humanities

Department

Department of Music

MUH4371 - Music Since 1900**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUH 3211 and MUH 3212 with grade of "C" (2.0) or better.

Course Description

Western art music since 1900.

College

College of Arts and Humanities

Department

Department of Music

MUH4814 - Jazz Styles and Analysis

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MUT 3171 and MUL 2016 with grade of "C" (2.0) or better.

Course Description

Historical style periods and master artists in jazz music.

College

College of Arts and Humanities

Department

Department of Music

MUL - Music: Music Literature

MUL2010 - Enjoyment of Music

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Non-music majors only.

Course Description

Designed to develop an understanding of musical principles and techniques for listening to music.

College

College of Arts and Humanities

Department

Department of Music

MUL2010H - Honors Enjoyment of Music**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Consent of Honors.

Course Description

Designed to develop an understanding of musical principles and techniques for listening to music, with Honors content.

College

College of Arts and Humanities

Department

Department of Music

MUL2014 - Introduction to Music History and Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Music major or C.I.

Course Description

Musical repertoires and cultures from the Western art music tradition, American jazz, and non-western music.

College

College of Arts and Humanities

Department

Department of Music

MUL2016 - Evolution of Jazz
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Survey of jazz literature and performance.

College

College of Arts and Humanities

Department

Department of Music

MUL2720 - Music of the World
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Music in cross-cultural context. Relation of music to religion and society.

College

College of Arts and Humanities

Department

Department of Music

MUL2721 - Survey of Latin American Music
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Survey of Latin-American and Caribbean music, including musical traditions as well as historical and cultural connections.

College

College of Arts and Humanities

Department

Department of Music

MUL3024 - Welcome to the Jungle: Hard Rock
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: MUL 2010, or C. I.

Course Description

A survey of hard rock and heavy metal music and culture in the 1980s.

College

College of Arts and Humanities

Department

Department of Music

MUL3385 - Analysis of Hard Rock & Heavy Metal

1

Prerequisites

- Music major or C.I.

Course Description

Scale studies, arpeggios, chord voicings, and other techniques included in fundamentals of jazz piano skills.

College

College of Arts and Humanities

Department

Department of Music

MVJ1213 - Jazz Guitar I**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Music major or C.I.

Course Description

Scales, arpeggios, chord voicings, and other techniques included in fundamentals of jazz guitar skills.

College

College of Arts and Humanities

Department

Department of Music

MVJ1214 - Jazz Bass I**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Music major or C.I.

Course Description

Basic Jazz Bass skills, including sound concept, technique, literature, style, history, and heritage.

College

College of Arts and Humanities

Department

Department of Music

MVJ1219 - Jazz Drum Set I
Credits Hours

2

Lab/Studio/Field Work Hours

1

Prerequisites

- Music major or C.I.

Course Description

Basic Jazz Drum Set skills, including sound concept, technique, literature, style, history, and heritage.

College

College of Arts and Humanities

Department

Department of Music

MVJ2220 - Jazz Piano II
Credits Hours

2

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 1010.

Course Description

Continuation of MVJ 1010. Scale Studies, arpeggios, chord voicings, and other techniques included in progressive jazz piano skills.

College

College of Arts and Humanities

Department

Department of Music

MVJ2223 - Jazz Guitar II**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 1213.

Course Description

Continuation of MVJ 1213. Scales, arpeggios, chord voicings and other techniques included in progressive jazz guitar skills.

College

College of Arts and Humanities

Department

Department of Music

MVJ2224 - Jazz Bass II**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 1214.

Course Description

Continuation of MVJ 1214. Progressive Jazz Bass skills, including sound concept, technique, literature, style, history, and heritage.

College

College of Arts and Humanities

Department

Department of Music

MVJ2229 - Jazz Drum Set II**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 1219.

Course Description

Continuation of MVJ 1219. Progressive Jazz Drum Set skills, including sound concept, technique, literature, style, history, and heritage.

College

College of Arts and Humanities

Department

Department of Music

MVJ3230 - Jazz Piano III**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 2220.

Course Description

Continuation of MVJ 2220. Scale studies, arpeggios, chord voicings, and other techniques included in progressive jazz piano skills.

College

College of Arts and Humanities

Department

Department of Music

MVJ3233 - Jazz Guitar III**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 2223.

Course Description

Continuation of MVJ 2223. Scales, arpeggios, chord voicings and other techniques included in progressive jazz guitar skills.

College

College of Arts and Humanities

Department

Department of Music

MVJ3234 - Jazz Bass III**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 2224.

Course Description

Continuation of MVJ 2224. Progressive Jazz Bass skills, including sound concept, technique, literature, style, history, and heritage.

College

College of Arts and Humanities

Department

Department of Music

MVJ3339 - Jazz Drum Set III**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 2229.

Course Description

Continuation of MVJ 2229. Progressive Jazz Drum Set skills, including sound concept, technique, literature, style, history, and heritage.

College

College of Arts and Humanities

Department

Department of Music

MVJ4240 - Jazz Piano IV**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 3230.

Course Description

Continuation of MVJ 3230. Scale studies, arpeggios, chord voicings, and other techniques included in advanced jazz piano skills.

College

College of Arts and Humanities

Department

Department of Music

MVJ4243 - Jazz Guitar IV**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 3233.

Course Description

Continuation of MVJ 3233. Scales, arpeggios, chord voicings, and other techniques included in advanced jazz guitar skills.

College

College of Arts and Humanities

Department

Department of Music

MVJ4244 - Jazz Bass IV**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 3234.

Course Description

Continuation of MVJ 3234. Advanced Jazz Bass skills, including sound concept, technique, literature, style, history, and heritage.

College

College of Arts and Humanities

Department

Department of Music

MVJ4349 - Jazz Drum Set IV
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MVJ 3339.

Course Description

Continuation of MVJ 3339. Progressive Jazz Drum Set skills, including sound concept, technique, literature, style, history, and heritage.

1

Prerequisites

- MVW 3434 and competence determined by faculty jury.

Course Description

Intensive advanced performance study of the bassoon, for performance majors.

College

College of Arts and Humanities

Department

Department of Music

MVW4445 - Saxophone IV**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- MVW 3435 and competence determined by faculty jury.

Course Description

Intensive advanced performance study of the saxophone, for performance majors.

College

College of Arts and Humanities

Department

Department of Music

NSP - Nursing: Special**NSP1800 - Nursing as a Profession****Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Professional nursing roles in contemporary society covering a range of topics using discourse methodology that forms a foundation for nursing and health care.

College

College of Nursing

Department

Department of Nursing Practice

NSP4148C - Healthcare Simulation: An Interdisciplinary Simulation Experience

Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Sophomore standing, ENC 1101 and C.I.

Course Description

Healthcare simulation and value in exploring healthcare disparities, social determinants of health, illness prevention, wellness promotion, laws/policies and interventions for healthy population and community.

College

College of Nursing

Department

Department of Nursing Practice

NSP4335 - Nursing Care of the High-Risk Newborn

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program; successful completion of NUR 3445 & NUR 3445L, or C.I. for RN-BSN students.

Course Description

In depth study of pathophysiology, management and nursing care of high risk newborn, emphasizing care of the neonate and factors contributing to outcomes related to morbidity and mortality.

College

College of Nursing

Department

Department of Nursing Practice

NSP4425 - Women's Health Issues**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

Factors and conditions impacting the health of women.

College

College of Nursing

Department

Department of Nursing Systems

NSP4495 - Emergency Department Nursing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of both the pharmacology and pathophysiology components of the student's current nursing program curriculum, and NUR 3225 or RN License/Eligibility or C.I.

Course Description

An overview of Emergency Department Nursing. Topics include scopes of practice, laws, economics, nursing care and management of emergent physiologic conditions in the emergency department setting.

College

College of Nursing

Department

Department of Nursing Practice

NSP4550 - Family and Interpersonal Violence: Perspectives for Nurses**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to a BSN program or C.I.

Course Description

Family and interpersonal violence education to increase effective nursing responses including: history, categories, cycles, laws, intervention, nursing resources, protocols and resources.

College

College of Nursing

Department

Department of Nursing Systems

NSP4685 - Death & Dying: Nursing Considerations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN Program or C.I.

Course Description

An in-depth look at issues encountered in nursing practice related to the process of death, dying, and end of life.

College

College of Nursing

Department

Department of Nursing Practice

NSP4695 - Forensic Nursing Principles and Practice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Forensic Nursing principles and practices applied to a variety of settings; an examination of the scope of practice of forensic nursing.

College

College of Nursing

Department

Department of Nursing Practice

NUR - Nursing

NUR3028 - Essentials of Nursing Practice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program.

Corequisites

- NUR 3028L; NUR 3065 and NUR 3065L.

Course Description

Apply nursing process and core scientific principles to technical psychomotor nursing skills. Integrate evidence-based principles and nursing process to clients in long-term care.

College

College of Nursing

Department

Department of Nursing Practice

NUR3028L - Essentials of Nursing Practice Lab**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Prerequisites

- Admission to BSN program.

Corequisites

- NUR 3028; NUR 3065 and NUR 3065L.

Course Description

Lab to learn and apply scientific and evidence-based principles as they relate to technical psychomotor nursing skills.

Current Fee Per Student

\$30.00

College

College of Nursing

Department

Department of Nursing Practice

NUR3065 - Health Assessment**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Course Description

Concepts of health assessment of clients.

College

College of Nursing

Department of Nursing Practice

NUR3065L - Health Assessment Lab
Credits Hours

1

Lab/Studio/Field Work Hours

1

Corequisites

- NUR 3065 and Admission to BSN program, or C.I.

Course Description

Clinical application of concepts and techniques of health assessment of clients

Current Fee Per Student

\$16.00

College

College of Nursing

Department

Department of Nursing Practice

NUR3125 - Pathophysiology for Nursing Practice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program.

Course Description

Concepts and nursing care applications of the pathophysiological basis of illness.

College

College of Nursing

Department

Department of Nursing Practice

NUR3145 - Pharmacology for Nursing Practice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program.

Corequisites

- NUR 3225 and NUR 3225L

Course Description

Principles of pharmacology and application to nursing practice.

College

College of Nursing

Department

Department of Nursing Practice

NUR3165 - Nursing Research**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program and successful completion of first semester or C.I.

Course Description

Nursing research as a basis for nursing practice. Selected experiences in reviewing, analyzing, and interpreting nursing research for nursing practice.

College

College of Nursing

Department

Department of Nursing Systems

NUR3165H - Honors Nursing Research**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of honors Admission to BSN program and successful completion of first semester or C.I.

Course Description

Nursing research as a basis for nursing practice. Selected experiences in reviewing, analyzing, and interpreting research for nursing practice. With Honors content.

College

College of Nursing

Department

Department of Nursing Systems

NUR3167 - Accelerated Nursing Research Seminar**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program; previous undergraduate or graduate research course with approval from the CON; or C.I.

Course Description

Accelerated study of systematic approaches to problematic situations in nursing. Selected experiences in investigating, analyzing, and interpreting nursing research and nursing issues.

College

College of Nursing

Department

Department of Nursing Systems

NUR3225 - Nursing Care of the Adult I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program, successful completion of the first semester in the nursing curriculum, and concurrent enrollment in NUR 3225L; NUR 3145; NUR 3445; NUR 3445L.

Course Description

Integrate biopsychosocial models of nursing practice for individuals and families experiencing health risks, short-term illness or chronic health problems.

College

College of Nursing

Department

Department of Nursing Practice

NUR3225L - Nursing Care of the Adult I: Clinical Practice:**Credits Hours**

2

Lab/Studio/Field Work Hours

6

Prerequisites

- Admission to BSN program; successful completion of all courses in the first semester of the nursing curriculum, and concurrent enrollment in NUR 3225; NUR 3445; NUR 3445L.

Course Description

Clinical experience applying biopsychosocial models of nursing practice for clients experiencing health risks, short-term illness, or chronic health problems.

Current Fee Per Student

\$40.00

College

College of Nursing

Department

Department of Nursing Practice

NUR3445 - Nursing Care of Families**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program, successful completion of the first semester in the nursing curriculum, and concurrent enrollment in NUR 3225 NUR 3225L; NUR 3145; NUR 3445L.

Course Description

Concepts of family nursing as they relate to health promotion, maintenance and illness management for childbearing and childbearing families.

College

College of Nursing

Department

Department of Nursing Practice

NUR3445L - Nursing Care of Families Clinical**Credits Hours**

2

Lab/Studio/Field Work Hours

6

Prerequisites

- Admission to BSN program, successful completion of the first semester in the nursing curriculum, and concurrent enrollment in NUR 3225; NUR 3225L; NUR 3145; NUR 3445L.

Course Description

Nursing practice to address health promotion, maintenance and illness management needs of childbearing and childbearing families.

Current Fee Per Student

\$20.00

College

College of Nursing

Department

Department of Nursing Practice

NUR3616 - Health Promotion Across the Lifespan
Credits Hours

2

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program and

Corequisites

- NUR 3616L.

Course Description

The concepts of health promotion and prevention for individuals and families living in the community across the lifespan.

College

Credits Hours

2

Lab/Studio/Field Work Hours

6

Prerequisites

- Admission to BSN Program.

Corequisites

- NUR 3028 and NUR 3028L; NUR 3065 and NUR 3065L.

Course Description

Application of the nursing process, scientific and evidence-based principles in the nursing care of clients in long-term care.

Current Fee Per Student

\$20.00

College

College of Nursing

Department

Department of Nursing Practice

NUR3795 - Principles of Oncology Nursing

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Basic principles and concepts in oncology. Focus on cancer as it affects individuals and families. Emphasis on cancer treatment, symptoms management and psychosocial response.

College

College of Nursing

Department

Department of Nursing Practice

NUR3805 - Dimensions of Professional Nursing Practice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Theoretical bases of professional nursing practice for RN to BSN students.

College

College of Nursing

Department

Department of Nursing Systems

NUR3806 - Professional Socialization Seminar**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Application of library utilization and professional writing skills, critical thinking and stress management principles to the beginning role of the professional nurse.

College

College of Nursing

Department

Department of Nursing Systems

NUR3816 - Professional Nurse Seminar**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the BSN program.

Corequisites

- NUR 3225.

Course Description

The role and function of the professional nurse including professional standards, ethics, and legal and practice issues.

College

College of Nursing

Department

Department of Nursing Practice

NUR3825 - The Role of the Professional Nurse**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program.

Course Description

Examination of the role and function of the professional nurse, including professional standards, legal and practice issues.

College

College of Nursing

Department

Department of Nursing Practice

NUR3825H - Honors The Role of the Professional Nurse
Credits Hours

2

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program. Permission of honors.

Course Description

Role and function of the professional nurse, including professional standards, legal, and practice issues with honors content.

College

College of Nursing

Department

Department of Nursing

NUR3826 - Bioethics in Nursing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012, SYG 2000, or PHI 2010, or C.I.

Course Description

An examination of human values and bioethical questions arising in health care as they relate to nursing.

College

College of Nursing

Department

Department of Nursing Systems

NUR3826H - Honors Bioethical and Legal Issues in Health Care
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Includes questions concerning human values, legal and ethical questions arising in health care delivery policy issues and professional practice among licensed health care professionals.

College

College of Nursing

Department

Department of Nursing Systems

NUR3936 - International Perspectives of Nursing and Health Care
Credits Hours

3

Lab/Studio/Field Work Hours

2

Prerequisites

- Admission to BSN program or C.I.

Course Description

Comparative analysis of professional nursing practice and health care systems in the United States and selected countries.

College

College of Nursing

Department

Department of Nursing

NUR4177 - Holistic Nursing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Explore lived experience of health-wellness, illness/disease focusing on mind-body-spirit, transpersonal healing and complementary interventions to maximize nursing care outcomes.

College

College of Nursing

Department

Department of Nursing Practice

NUR4178 - Complementary Therapies: Options for Integrative Nursing Practice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior or senior undergraduate standing in nursing, or C.I.

Course Description

History, principles, techniques, outcomes, and research of complementary and integrative health. Concepts of wellness, healing and integrative practice from nursing and consumer perspectives.

College

College of Nursing

Department

Department of Nursing Practice

NUR4197 - Genetics and Genomics in Nursing Practice

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

The application of genetics and genomic principles to clinical nursing practice.

College

College of Nursing

Department

Department of Nursing Practice

NUR4227 - Nursing Care of the Adult II

Credits Hours

4

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the BSN program, successful completion of the first two semesters in the nursing curriculum.

Corequisites

- NUR 4227L, or C.I.

Course Description

Nursing care of clients and their families experiencing acute, unstable, or life-threatening health problems.

College

College of Nursing

Department

Department of Nursing Practice

NUR4227L - Nursing Care of the Adult II: Clinical Practice
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- Admission to BSN program; successful completion of the first three semesters in the nursing curriculum.

Corequisites

- NUR 4227, or C.I.

Course Description

Clinical practice in acute health care settings with clients experiencing acute, unstable, surgical, or life-threatening health conditions.

College

College of Nursing

Department

Department of Nursing Practice

NUR4257 - Introduction to Critical Care Nursing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program and successful completion of NUR 4227 and NUR 4227L or C.I.

Course Description

Theories and principles of comprehensive nursing care of individuals and families in critical care settings.

College

College of Nursing

Department

Department of Nursing Practice

NUR4286 - Gerontologic Nursing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Theories and principles related to the promotion, maintenance, and restoration of health in older adults in various settings.

College

College of Nursing

Department

Department of Nursing Practice

NUR4340 - Obesity in Children and Adolescents: Nursing Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Examines multiple factors that predispose children and adolescents to obesity; explores nursing management and public health and policy strategies for prevention and treatment.

College

College of Nursing

Department

Department of Nursing Practice

NUR4493 - Perinatal Loss and Grief: Nursing Interventions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN Program or C.I.

Course Description

Nursing interventions for individuals and families experiencing perinatal loss and grief.

College

College of Nursing

Department

Department of Nursing Practice

NUR4516 - Crisis Intervention**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of PSY 2012, SYG 2000 or ANT 2000.

Course Description

Crisis theory and techniques; recognition and intervention in crisis events. Applicable to all areas of nursing and all helping professions.

College

College of Nursing

Department

Department of Nursing Practice

NUR4535 - Psychiatric Mental Health Nursing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program.

Corequisites

- NUR 4535L.

Course Description

Nursing in the promotion of mental health and the prevention, treatment, and rehabilitation of mental illness.

College

College of Nursing

Department

Department of Nursing Practice

NUR4535L - Psychiatric Mental Health Clinical
Credits Hours

2

Lab/Studio/Field Work Hours

6

Prerequisites

- Admission to BSN program.

Corequisites

- NUR 4535.

Course Description

Clinical Application of Nursing interventions in the promotion of mental health and the prevention, treatment and rehabilitation of mental illness.

College

College of Nursing

Department

Department of Nursing Practice

NUR4604L - Practicum in Community and Public Health Nursing for RNs

Credits Hours

4

Lab/Studio/Field Work Hours

12

Prerequisites

- Admission to BSN program.

Course Description

Synthesis of theories and concepts incorporated throughout the curriculum, applied in the community health and public health nursing setting, and directed toward professional role development.

College

College of Nursing

Department

Department of Nursing Systems

NUR4637 - Public and Community Health Nursing

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the BSN program.

Course Description

Concepts of public health nursing focusing on population-based health care delivery systems.

College

College of Nursing

Department

Department of Nursing Practice

NUR4637L - Public Health Nursing Clinical
Credits Hours

1

Lab/Studio/Field Work Hours

3

Prerequisites

- Admission to the BSN program.

Corequisites

- NUR 4637.

Course Description

Clinical Course to apply concepts of public health nursing. Students will apply findings of community assessment completed in NUR 4637 - Public and Community Health Nursing.

College

College of Nursing

Department

Department of Nursing Practice

NUR4675 - Issues in Rural Health Care
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

The rural environment and appropriate health care services and programs for rural populations.

College

College of Nursing

Department

Department of Nursing Practice

NUR4760 - Principles of Pain Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Principles of pain and pain management across the lifespan from neonates to the elderly, including practices across healthcare settings, from acute care to home care.

College

College of Nursing

Department

Department of Nursing Practice

NUR4765 - Rehabilitation Nursing: Principles and Practice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Rehabilitation principles are the practices that may be incorporated into any healthcare setting and applied to clients of all age groups.

College

College of Nursing

Department

Department of Nursing Practice

NUR4828 - Nursing Leadership, Management and Role Transition
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Professional development and role transition of baccalaureate graduates entering professional nursing practice focusing on principles of leadership and management applied to health care settings.

College

College of Nursing

Department

Department of Nursing Systems

NUR4828H - Honors Leadership, Management and Role Transition
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the BSN program; admission to the Honors or Honors in the major program or C.I.

Course Description

Application of leadership and management principles to the beginning role of the professional nurse with honors content.

College

College of Nursing

Department

Department of Nursing Systems

NUR4829 - Accelerated Transitioning into Professional Practice as a Leader**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program.

Corequisites

- NUR 4945L or C.I.

Course Description

Application of leadership and management principles to the beginning role of the professional nurse.

College

College of Nursing

Department

Department of Nursing Systems

NUR4837 - Health Care Issues, Policy, and Economics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to BSN program or C.I.

Course Description

Study of selected health care policy issues relevant to the financing, organization, and delivery of nursing services to populations in the community

College

College of Nursing

Department

Department of Nursing Systems

NUR4837H - Honors Health Care Issues, Policy, and Economics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors; Admission to BSN program; or C.I.

Course Description

Study of selected health care policy issues relevant to the financing, organization, and delivery of nursing services to populations in the community with honors content.

College

College of Nursing

Department

Department of Nursing Systems

NUR4903H - Honors Directed Readings I

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Permission of Honors and admission to major.

Course Description

The student will review and synthesize literature on a selected topic in preparation for the Honors Thesis or Project. Graded S/U or Letter grade.

College

College of Nursing

Department

Department of Nursing Systems

NUR4906 - Independent Study
Credits Hours

1 - 99

Lab/Studio/Field Work Hours

Jan-99

Course Description

Directed Study.

College

College of Nursing

Department

Department of Nursing Systems

NUR4942L - Nursing Practicum for International Students
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- C.I.

Course Description

In-depth study of clinical nursing practice for international students.

College

College of Nursing

Department

Department of Nursing Practice

NUR4945L - Nursing Practicum**Credits Hours**

4

Lab/Studio/Field Work Hours

4

Prerequisites

- Admission to the BSN program and successful completion of all previous clinical courses on plan of study; or C.I.

Course Description

Designed to enhance student's knowledge and expertise in an area of nursing practice chosen by the student and school of nursing faculty.

College

College of Nursing

Department

Department of Nursing Practice

NUR4970H - Honors Thesis I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Permission of Honors and admission to major. NUR 4903H

Course Description

Student will work closely with his or her thesis chair to develop the Honors in the Major thesis. Graded S/U or Letter grade.

College

College of Nursing

Department

Department of Nursing Systems

NUR4971H - Honors Thesis or Project Works
Credits Hours

1 - 3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Faculty mentoring through the process of writing and defending the Honors Thesis or Project.

College

College of Nursing

Department

Department of Nursing Systems

OCE - Oceanography

OCE3008 - Oceanography
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- CHM 2045C and CHM 2046, and a "C" (2.0) or better in BSC 2010C.

Course Description

Biological, physical and chemical oceanography.

College

College of Sciences

Department

Department of Biology

OSE - Optical Sciences

OSE3043 - Analytical Methods for Optics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: MAP 2302

Course Description

Applications-oriented course on analytical concepts prevalent in optics and engineering integrating Matlab as a computational support tool.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE3052 - Foundations of Photonics**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Grades of "C" (2.0) or better in PHY 2049C and MAP 2302.

Course Description

Introduction to wave and photon models of light. Polarization and coherence. Interference and diffraction of light. Interferometers and spectrometers,

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE3052L - Foundations of Photonics Laboratory

Credits Hours

1

Lab/Studio/Field Work Hours

3

Prerequisites

- MAP 2302

Prerequisites/Corequisites

- OSE 3052

Course Description

The laboratory experiments covering fundamental photonics principles related to light sources, dispersion of light, interference and diffraction of light, and other optical phenomena.

Current Fee Per Student

\$15.00

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE3053 - Electromagnetic Waves for Photonics

Credits Hours

3

Prerequisites

- C (2.0 GPA) or higher in OSE 3052

Course Description

Electromagnetic theory of light. Fresnel reflection and refraction. Polarization and crystal optics. Metallic and dielectric waveguides.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE3200 - Geometric Optics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2049C

Course Description

Fundamentals of geometrical optics. Geometrical theory of image formation. Chromatic and monochromatic aberrations. Optical systems.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE3200L - Geometric Optics Lab**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- OSE 3200

Course Description

Light as rays. Reflection, refraction, transmission. Lenses, mirrors, prisms. Image formation, beam manipulation. Measure and characterize optical systems including telescopes, cameras, and microscopes.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE3490 - Nanophotonics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PHY 2049C or C.I.

Course Description

Optical/photonic processes on nano scale and interactions with elements of physics & engineering.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4240 - Introduction to Optical Design**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- OSE3200 and OSE 3052 .

Course Description

Introduction of the main concepts in optical system design. Discussion on aberration theory. Analysis of the performance of the optical system. Assessment of image quality using optical design software.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4410 - Optoelectronics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- OSE 3052 with C (2.0) grade or higher or (PHY 3722C and PHZ 4404)

Prerequisites/Corequisites

- EEE 3350

Course Description

Introduction to the principles and design of semiconductor optoelectronic devices including photodiodes, solar cells, light-emitting diodes, laser diodes, and CCDs. Applications include photovoltaics, displays, imaging.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4410L - Optoelectronics Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- OSE 4410.

Course Description

Experiments in the basics of semiconductor optoelectronic devices including photodiodes, light-emitting diodes, laser diodes, CCDs. Applications include solar cells, displays, photodetection, and optical communications.

Current Fee Per Student

\$18.00

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4470 - Fiber-Optic Communications**Credits Hours**

3

Prerequisites

- EEL 3552C and "C" (2.0 GPA) or higher in OSE 3052

Course Description

Introduction to the principles and design of fiber-optic communication systems including the integrated-optic and optoelectronic devices used in transmitters and receivers.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4470L - Fiber-Optic Communications Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- OSE 4470.

Course Description

Laboratory experiments covering the optical fiber as a communication channel, couplers, transmitters and receivers using optoelectronic devices, multiplexing, and overall systems performance.

Current Fee Per Student

\$16.00

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4520 - Laser Engineering
Credits Hours

3

Prerequisites

- PHY 4424 or EEL 4440C or "C" (2.0 GPA) or higher in OSE 3052

Course Description

The photon nature of light. Absorption and spontaneous and stimulated emission of light. Fluorescence. Optical amplifiers. Optical resonators. Lasers. Pulsed lasers. Nonlinear optical wave conversion.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4520L - Laser Engineering Laboratory
Credits Hours

1

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- OSE 4520.

Course Description

Experiments highlighting basic laser phenomena. Absorption, spontaneous and stimulated emission. Fluorescence. Optical amplifiers. Optical resonators. Lasers. Continuous wave and pulsed lasers. Nonlinear optical wave conversion.

Current Fee Per Student

\$15.00

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4721 - Biophotonics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- OSE 3052 or PHY 4424 or EEL 4440

Course Description

This course is an introduction to photobiology (interaction of light with biological matter), tissue optics, light-induced cellular processes, optical biosensors, and cellular and molecular imaging.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4830 - Imaging and Display**Credits Hours**

3

Prerequisites

- EEL 3123C, and "C" (2.0 GPA) or higher in OSE 3052.

Course Description

Mathematical and physical models of two- and threedimensional imaging systems including gazing, scanning, interferometric, tomographic, and hyperspectral systems. Applications to remote sensing, biology, and medicine.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4830L - Imaging and Display Laboratory
Credits Hours

1

Lab/Studio/Field Work Hours

3

Prerequisites/Corequisites

- OSE 4830.

Course Description

Experiments introducing imaging systems. Image acquisition and analysis. Resolution and contrast. Fourier transform, filtering and diffraction. Interferometric metrology. Spectroscopy and spectral imaging. Liquid crystal displays.

Current Fee Per Student

\$14.00

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4912 - Directed Independent Research
Credits Hours

0 - 99

Lab/Studio/Field Work Hours

1

Prerequisites

- PR: Instructor Consent

Course Description

Introduction to research methods in optics and photonics. Available for students who wish to conduct related research with faculty in CREOL.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4930 - Frontiers of Optics and Photonics

Credits Hours

3

Prerequisites

- "C" grade (2.0 gpa) or higher in OSE 3052 or passing grade in PHY 4424 or EEL 4440C, Senior Standing.

Course Description

Introduction to recent advances in optics & photonics, to ethical issues, and to effective communication appropriate to the field of optics & photonics.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4951 - Senior Design I

Credits Hours

3

Prerequisites

- OSE 3200, OSE 3053, OSE 4410, EEL 3307C, and "C" (2.0 GPA) or higher in OSE 3052. Department Consent.

Prerequisites/Corequisites

- OSE 4520 and OSE 4470

Course Description

Development of the technical, communication, and team skills for successful design of optical and photonic systems. Preparation of project proposals for Senior Design II.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4952 - Senior Design II
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- OSE 4951.

Course Description

Execution of project developed in OSE 4951, including complete project design review, prototyping, construction, testing, cost, functionality, demonstration, presentation, and reporting. Emphasis on team effort.

College

College of Optics and Photonics

Department

College of Optics and Photonics

OSE4953 - Senior Design Double Major ECE
Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites

- OSE 4410, OSE3053, and Departmental approval

Corequisites

- EEL 4914C

Prerequisites/Corequisites

- OSE 4520, OSE 4470

Course Description

Development of the technical, communication, and team skills for successful design of optical and photonic systems. Preparation of project proposals for Senior Design II.

College

College of Optics and Photonics

Department

College of Optics and Photonics

PAD - Public Administration

PAD2007 - Introduction to Leadership and Public Service: A Central Florida Experience
Credits Hours

3

Lab/Studio/Field Work Hours

3

Prerequisites

- ENC 1101 or Consent of Instructor

Course Description

Theoretical approaches to leadership that can be applied to a variety of careers focusing on public service in Central Florida and the downtown Orlando community.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD3003 - Public Administration in American Society
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- C- or better in POS 2041; and Public Administration major or Public Administration minor or Leadership Studies minor or Performing Arts Administration minor; and Sophomore standing; or C.I.

Course Description

An examination of the basic environment, culture, and organization of public administration in the United States.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD3040 - Ethics and Values in Public Administration**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior standing; and Public Administration major or declared Leadership Studies Certificate or declared Leadership Studies minor; or C.I.

Course Description

Ethical dimensions of public administration. Develops the awareness, skills, and value framework to act ethically.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD3330 - Urban and Regional Planning**Credits Hours**

3

Prerequisites/Corequisites

- Junior standing; and Urban and Regional Planning minor, or Interdisciplinary Studies Environmental Studies Track major, or Environmental Studies minor; or C.I.

Course Description

Planning topics such as landuse, and comprehensive and urban planning as they relate to the physical aspects of the natural and human environment.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD3733 - Professional Administrative Writing in the Public Sector

Credits Hours

3

Prerequisites/Corequisites

- C- or better in ENC 1102; Sophomore standing, Public Administration major, or Nonprofit Management Major, or Emergency Management Major, or C.I.

Course Description

Professional and technical writing for the field of public administration.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4034 - The Administration of Public Policy

Credits Hours

3

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- Junior standing, and either a Public Administration major or Public Administration minor with a "C-" or better in PAD 3003, or C.I.

Course Description

Problems of values, interests, and objectives and their impact on the administration of public programs, stressing the interplay between social values, policies and administration.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4104 - Administrative Theory**Credits Hours**

3

Prerequisites/Corequisites

- C- or better in ENC 1102, Junior standing, and either a Public Administration major, or Public Administration minor, or Nonprofit Management major, or Nonprofit Management Minor, or Emergency Management Major, or Leadership Studies minor or certificate, Applied Science, A.S. to B.A.S. or C.I.

Course Description

A review of the behavioral aspects of the administrative process, its impact on organizational goal achievement and on supervisory strategies. Some social and structural pathologies affecting administrative practice.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4131 - Public Sector Project Management**Credits Hours**

3

Prerequisites/Corequisites

- Junior Standing.

Course Description

Various approaches to managing projects, including using scheduling techniques such as GANTT, CPM, and PERT, as well as team building, facilitating, and leadership skills.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4144 - Nonprofit Organizations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing and declared Nonprofit Major or Minor, or Performing Arts Management minor, or C.I.

Course Description

The operations of nonprofit organizations, including working with board of directors, volunteer services, fund-raising and grantsmanship, financial management and marketing.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4147 - Resource Development in the Nonprofit Sector**Credits Hours**

3

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing, and Nonprofit Management major or Nonprofit Management minor, or Performing Arts Administration minor, or C.I.

Course Description

Examination of the development and management of human resources and financial resource development in nonprofit organizations is discussed.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4148 - Volunteer Management
Credits Hours

3

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing, and Nonprofit Management major or Nonprofit Management minor, or Performing Arts Administration minor, or C.I.

Course Description

Examination of recruitment, selection, training and management of volunteers in nonprofit organizations and the application of management theory.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4153 - Planning and Improvement for Public Organizations
Credits Hours

3

Prerequisites/Corequisites

- Junior standing and Nonprofit Management Major, or Nonprofit Management minor or certificate, or C.I.

Course Description

Prepare future leaders for the changing paradigms of the public sector by providing education in a variety of quality related areas.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4204 - Fiscal Management
Credits Hours

3

Prerequisites/Corequisites

- "C-" or better in ENC 1102, Junior standing, and either a Public Administration major, or Public Administration minor, or Nonprofit Management major, or Nonprofit Management minor, or Emergency Management major, or C.I.

Course Description

Analysis of methods of securing public funds, the process of budget making, and techniques of management used in managing public funds.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4223 - Public Budgeting: Skills and Techniques
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PAD 4204 or C.I.

Course Description

Analytical skills and administrative techniques employed by public budget analysis, focusing on the process of generating and using information.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4253 - Community & Economic Development
Credits Hours

3

Prerequisites/Corequisites

- Emergency Management Major, or Non Profit minor, or Urban Regional Planning minor, and Junior standing, or C.I.

Course Description

This course will examine local and regional economic development strategies, with an emphasis on effective policy setting and planning.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4325 - Program Evaluation for Public and Nonprofit Organizations
Credits Hours

3

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing and (declared nonprofit minor or declared Nonprofit Management major) or C.I.

Course Description

To develop an understanding of program evaluation and to apply the process by developing a program evaluation for a program.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4331 - Land Use and Planning
Credits Hours

3

Prerequisites/Corequisites

- Junior standing and Urban and Regional Planning minor; or C.I.

Course Description

The study of land use and planning to include zoning variances, non-conformities, development agreements, subdivision controls, redevelopment and sprawl.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4334 - Urban Design
Credits Hours

3

Prerequisites/Corequisites

- Junior standing and Urban and Regional Planning minor, or C.I.

Course Description

Theories and concepts of the physical, cultural, social and financial factors associated with urban design.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4351 - Issues in Environmental Program Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior standing, and Urban and Regional Planning minor, or Interdisciplinary Studies Environmental Studies Track major, or Environmental Studies minor, or Energy and Sustainability minor, or Emergency Management Major, or C.I.

Course Description

The study of environmental policy making processes, programs, and problems through lectures, field study, and research projects.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4371 - Community Resiliency & Sustainability**Credits Hours**

3

Prerequisites/Corequisites

- PAD 4390 and PAD 4392, and Junior Standing and declared Emergency Management Major or C.I.

Course Description

Issues of community resiliency & sustainability specific to emergency & crisis management. Includes coverage of public policy & management, urban planning & development, and community sociology.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4390 - Hazard Mitigation and Preparedness**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing and Emergency Management Major, or Emergency Management and Homeland Security minor, or Urban and Regional Planning minor, or C.I.

Course Description

Specialized knowledge and skills necessary to develop a proactive hazard mitigation plan to reduce the effects of natural and technological disasters.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4392 - Emergency Management and Homeland Security**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing and Emergency Management Major, or Emergency Management and Homeland Security minor, or Urban and Regional Planning minor, or C.I.

Course Description

After a public emergency, a variety of services must be provided to the victims. This course reviews and analyzes coordination and management of these services.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4395 - Disaster Response and Recovery**Credits Hours**

3

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing and Emergency Management major, or Emergency Management and Homeland Security minor, or Urban and Regional Planning minor, or C.I.

Course Description

Individual, group, organizations and community behavior and recovery from disasters. Service delivery strategies are highlighted and complex dynamics of the recovery process are emphasized.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4414 - Human Resource Administration**Credits Hours**

3

Prerequisites/Corequisites

- Either a Public Administration major with a "C-" or better in PAD 3003, or Administration minor with a "C-" or better in PAD 3003, or C.I.

Course Description

The history, operating components, structural characteristics, and increasing impact of laws and related sanctions on personnel practices of public agencies.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4446 - Multiculturalism in Public Administration**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- CCIE major or minor, and Junior standing, or C.I.

Course Description

This course is designed to help public managers examine public and personal attitudes and values, ethical dilemmas, and social consequences related to issues of diversity.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4712 - Information Systems for Public Managers and Planners**Credits Hours**

3

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing and Emergency Management major, or Emergency Management and Homeland Security minor or Urban and Regional Planning minor, or C.I.

Course Description

Knowledge and skills concerning information technologies important for planners and public managers, including use of GIS to manipulate and analyze spatial data.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4720 - Research Methods in Public Administration**Credits Hours**

3

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing, and either a Public Administration major, or Public Administration minor, or Nonprofit Management major, or Emergency Management major, or C.I.

Course Description

Introduction to the concepts, design, methodology, computer applications, and data analysis in applied research in the public sector.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4803 - Issues in Urban Administration**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing and Urban and Regional Planning minor, or C.I.

Course Description

To provide students with an understanding of public policy and administrative responses to socioeconomic problems within the urban context.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4822 - Intergovernmental Administration
Credits Hours

3

Prerequisites

- C- or better in ENC 1102

Prerequisites/Corequisites

- Junior standing and Public Administration major, or Public Administration minor, or Emergency Management major, or Emergency Management and Homeland Security minor or Urban and Regional Planning minor, or C.I.

Course Description

Various approaches to studying and explaining the American intergovernmental system. Emphasis on interorganizational activities, i.e., negotiation, cooperation, and coordination within the legal setting.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4886 - Capstone: Public Service Leadership
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Public Administration major, Senior Standing, PAD 4034, PAD 4104, and PAD 4131

Course Description

Through this capstone experience, students will develop competencies as managerial leaders, learn about the major theoretical frameworks, and prepare themselves and others for public service.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4933H - Planning and Policy Perspectives on Everglades Restoration

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission into the Honors College for the first three years. C- or better in ENC 1102

Course Description

Ecosystem restoration program from planning, policy, and management perspective. Policy history of Central/South Florida Flood Control Project, development of Comprehensive Everglades Restoration Program.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4934 - Nonprofit Leadership Seminar

Credits Hours

3

Prerequisites/Corequisites

- Declared Nonprofit Management major or minor, Junior standing, and minimum of "C-" in ENC 1102. Student must also have taken or be currently enrolled in PAD 4144.

Course Description

Discussion and activity based course exploring nonprofit competencies to prepare students for management and leadership positions in nonprofit organizations. Service learning activities included.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4941 - Public Administration Internship
Credits Hours

3 - 6

Lab/Studio/Field Work Hours

24-Dec

Prerequisites

- PAD 4942

Course Description

Public service organizations internship in public/nonprofit sectors (private sector on case by case basis). Demonstrate competencies in discipline through practical experiences and portfolio building project.

College

College of Community Innovation and Education

Department

School of Public Administration

PAD4942 - School of Public Administration Internship Orientation
Credits Hours

0

Lab/Studio/Field Work Hours

15

Prerequisites

- PAD 3733

Course Description

This course is designed to equip students with the tools they will need for a smooth transition into their chosen internship.

College

College of Community Innovation and Education

Department

School of Public Administration

PAF - Public Affairs

PAF2102 - Public Affairs Careers**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Course Description

Introduction and examination of public affairs programs of study and career opportunities that will prepare students for future careers.

College

College of Community Innovation and Education

Department

School of Public Administration

PAF4754 - Interdisciplinary Leadership in Public Affairs**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior Standing and ENC 1101 or C.I.

Course Description

Global public affairs leadership in social and economic development, social justice, transnational and interdisciplinary partnerships, and social change.

College

College of Community Innovation and Education

Department

School of Public Administration

PAZ - Parks and Zoos

PAZ4234 - Zoo and Aquarium Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A "C" (2.0) or better in both PCB 3044 and PCB 3063, or C.I.

Course Description

Conservation, propagation and exhibition of wild animals in captivity.

College

College of Sciences

Department

Department of Biology

PCB - Process Cell Biology

PCB3023 - Molecular Cell Biology
Credits Hours

3

Prerequisites

- (CHM 2210 or CHM 2205), and a "C" (2.0) or better in both BSC 2010C and PCB 3063, or C.I.

Course Description

Structure and function of eukaryotic cells from the molecular level to the different sub-cellular components, and the regulation of different biological processes

College

College of Sciences

Department

Department of Biology

PCB3044 - Principles of Ecology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ((PR: CHM 2045 or CHM 2041) or CR: CHM 2041) and a "C" (2.0) or better in both BSC 2010C and BSC 2011C.

Course Description

Elements of ecosystems, biogeochemical cycling, environmental factor interactions, population dynamics, and community development.

College

College of Sciences

Department

Department of Biology

PCB3044H - Honors Principles of Ecology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Corequisites

- PCB 3044L (Honors version)

Prerequisites/Corequisites

- CHM 2045 or CHM 2041, and a 'C' (2.0) or better in BSC 2010C or BSC 2011C.

Course Description

Elements of ecosystem ecology, biogeochemical cycling, environmental and biotic interactions, population dynamics, and community change. With Honors content

College

College of Sciences

Department

Department of Biology

PCB3044L - Principles of Ecology Laboratory
Credits Hours

1

Prerequisites/Corequisites

- Complete all of the following
 - Complete the following:
 - PCB3044 - Principles of Ecology (3)
 - or C.I.

Course Description

Field and laboratory investigations of natural ecosystems, with emphasis on current methodology in ecology.

Current Fee Per Student

\$30.00

College

College of Sciences

Department

Department of Biology

PCB3063 - Genetics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- CHM 2046 and a "C" (2.0) or better in BSC 2010C, or C.I.

Course Description

Basic principles of heredity as applied to prokaryotes and eukaryotes.

College

College of Sciences

Department

Department of Biology

PCB3063H - Honors Genetics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- CHM 2046 and a "C" (2.0) or better in BSC 2010C, or C.I., and consent of Honors.

Course Description

Basic principles of heredity as applied to prokaryotes and eukaryotes with honors content.

College

College of Sciences

Department

Department of Biology

PCB3063L - Genetics Laboratory
Credits Hours

1

Lab/Studio/Field Work Hours

3

Course Description

Introduction to laboratory techniques of genetics.

Current Fee Per Student

\$28.00

College

College of Sciences

Department

Department of Biology

PCB3233 - Immunology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 2010C

Course Description

Basic principles of immune reactions, antigen antibody interactions, cell mediated immunity, tumor immunology, and immune therapy.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB3233L - Immunology Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

3

Prerequisites

- PCB 3233

Course Description

Introduction to laboratory techniques in immunology.

Current Fee Per Student

\$46.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB3343L - Principles of Field Ecology**Credits Hours**

5

Lab/Studio/Field Work Hours

5

Prerequisites/Corequisites

- BSC 2011C, PCB 3044 and C.I.

Course Description

Applied study of biodiversity, ecology and conservation through field trips, field research and/or lectures. Emphasis and location varies by instructor.

College

College of Sciences

Department

Department of Biology

PCB3354 - Tropical Ecology and Conservation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PCB 3044 with a grade of "C" (2.0) or better, or C.I.

Course Description

Geography, ecology, and environmental problems encountered in various tropical ecosystems with particular emphasis towards terrestrial systems in tropical rainforests.

College

College of Sciences

Department

Department of Biology

PCB3355L - Tropical Marine Biology**Credits Hours**

2

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- A "C" (2.0) or better in both BSC 2010C and BSC 2011C, or C.I.

Course Description

Intensive, one week field course at an institute of marine science. Diving/snorkeling will be used extensively to study organisms on pristine coral reefs.

College

College of Sciences

Department

Department of Biology

PCB3442 - Aquatic Ecology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 2010C and a "B" (3.0) or better in BSC 2011C.

Course Description

The aquatic ecology of ponds, lakes, streams, and rivers.

Current Fee Per Student

\$43.00

College

College of Sciences

Department

Department of Biology

PCB3442H - Honors Aquatic Ecology - Biology of the Amazon
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: BSC 2010C and Consent of Honors or C.I.

Course Description

Explore origins and maintenance diverse ecosystem. Historical role of humans in shaping diversity. Examine the challenges in Amazonian biodiversity in the Anthropocene. With honors content.

College

College of Sciences

Department

Department of Biology

PCB3522 - Molecular Biology I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete the following:
 - BSC2010C - Biology I (4)
 - CHM2046 - Chemistry Fundamentals II (3)

Course Description

The general principles governing the structure and function of both procaryotic and eukaryotic genes.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB3522H - Honors Molecular Biology I**Credits Hours**

3

Prerequisites

- BSC 2010C and CHM 2046, BHC student

Course Description

The general principles governing the structure and function of both prokaryotic and eukaryotic genes.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB3703C - Human Physiology**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- BSC 2010C and CHM 2045 or CHM 1032

Course Description

The physiology and interrelationships of organ systems of the human body.

Current Fee Per Student

\$70.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB3703K - Honors Human Physiology**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- BSC 2010C and CHM 2045 or CHM 1032 and BHC student

Course Description

The physiology and interrelationships of organ systems of the human body. With honors level content.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4028 - Molecular and Cellular Pharmacology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PCB 3522.

Course Description

The cellular and molecular events that lead to disease states and the molecular basis of agents that modulate these processes will be covered.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4135 - Applied Molecular Cell Biology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522

Course Description

Discussion on concepts and experimental approaches in molecular cell biology for discovery of modern therapeutics.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4174 - Foundation of Bio-Imaging Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 2010C, CHM 2045C, CHM 2210, MAC 2311, PHY 2049

Course Description

Fundamental theory, design, and practice of modern bio-imaging techniques applicable for basic biomedical research.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4234 - Cancer Biology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or PCB 3023

Course Description

Current knowledge and research on molecular mechanism of tumor development, tumor progression, metastasis and therapy of cancer.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4264 - Stem Cell Biology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or PCB 3023

Course Description

Introduction to embryonic and adult stem cells, procedures to isolate them, principles and applications of stem cells in animal and human diseases.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4280 - Molecular Immunology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C

Course Description

Advanced understanding of the workings of the immune system, correlating cellular and molecular mechanisms with clinical cases.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4280H - Honors Molecular Immunology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: MCB 3020 and Consent of Honors.

Course Description

Advanced understanding of the workings of the immune system, correlating cellular and molecular mechanisms with clinical cases.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4284 - Immunobiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3233

Course Description

Investigating innate host defense utilizing an approach that combines online didactic coursework with paper-based analytical studies. Recommended for students interested in research.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4301C - Wetland Ecology & Biogeochemistry**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- PR: Grade "B" or better in PCB 3044 or CI

Course Description

Examination of wetland ecosystems, laws and policy, current research, global biogeochemical cycles, and relevant field and laboratory techniques.

College

College of Sciences

Department

Department of Biology

PCB4315C - Marine Ecology of Florida**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- PR: OCE 3008 and BSC 3312 each with an "A" (4.0), or C.I.

Course Description

Examine the physical & biological processes that impact coastal marine communities, focusing on the ecology of specific types of communities found in Florida's coastal environment.

Current Fee Per Student

\$70.00

College

College of Sciences

Department

Department of Biology

PCB4353 - Florida Ecology, Natural History and Conservation**Credits Hours**

3

Prerequisites

- "C" (2.0) or better in PCB 3044

Prerequisites/Corequisites

- PCB 3044C, or C.I.

Course Description

General ecology, habitats, vegetation types, wildlife, and conservation issues of Florida.

College

College of Sciences

Department

Department of Biology

PCB4353L - Florida Ecology Lab
Credits Hours

1

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- PCB 4353 Florida Ecology, Natural History, and Conservation

Course Description

Indoor labs and field trips augment lecture material by providing deeper exploration of Florida's general ecology, habitats, vegetation types, wildlife, and conservation issues.

Current Fee Per Student

\$15.00

College

College of Sciences

Department

Department of Biology

PCB4402 - Disease Ecology & Ecoimmunology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A grade of "B" (3.0) or better in PCB 3063 and PCB 3044 or C.I.

Course Description

Examination of how hosts, parasites and environment interact to shape organisms, populations and communities.

College

College of Sciences

Department

Department of Biology

PCB4408 - Urban Ecology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PCB 3044 with a "B" (3.0) or better, or C.I.

Course Description

Urban ecosystems, urbanizing landscapes, and the impacts of urban areas on ecological pattern and processes at local, regional and global scales.

College

College of Sciences

Department

Department of Biology

PCB4413 - Sensory Ecology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ZOO 4513 ("B" (3.0) or better) or PCB 4683 (B (3.0) or better).

Course Description

Sensory ecology is the study of how and why animals acquire, process and use information from their environment, and how sensory systems influence evolutionary processes.

Current Fee Per Student

\$60.00

College

College of Sciences

Department

Department of Biology

PCB4462 - GIS for Biologists: A Practical Introduction for Undergraduates**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 2011C, STA 2023 and PCB 3044

Course Description

Investigates how Geographic Information Science (GIS) is currently being used to better understand and address environmental problems and to help manage and conserve natural resources.

College

College of Sciences

Department

Department of Biology

PCB4514 - Genetics II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A minimum grade of "B" (3.0) in PCB 3063, or C.I.

Course Description

Advanced topics in genetics and epigenetics including genome organization, gene regulation, chromosome mutation, developmental genetics and the effect of environment on phenotype.

College

College of Sciences

Department

Department of Biology

PCB4521 - Tissue Engineering
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MCB 3020C or CHM 2045C

Course Description

Tissue engineering with a special emphasis on the current status of the field, on novel methods and on cell-biomaterial interactions.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4524 - Molecular Biology II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522

Course Description

The processes regulating gene function in procaryotes and eucaryotes; specialized genetic aspects underlying multi-cellular existence, DNA evolution.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4524H - Honors Molecular Biology II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors and PCB 3522

Course Description

Same as PCB 4524 with honors level content.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4529C - Experimental Molecular Cell Biology**Credits Hours**

4

Lab/Studio/Field Work Hours

4

Prerequisites

- BSC 3403C with a "B" (3.0) or better, or PCB 3023 with a "B" (3.0) or better.

Course Description

Examination of the experimental basis for current knowledge in molecular and cellular biology topics and will link classroom discussions with a required laboratory component.

Current Fee Per Student

\$70.00

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4575 - Wildlife Genomics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: 'B' or better in PCB 4683, or CI

Course Description

Understanding of how Genomic methods are applied to problems in wildlife biology, with an emphasis on vertebrate animal species in terrestrial and marine ecosystems.

College

College of Sciences

Department

Department of Biology

PCB4663 - Human Genetics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or PCB 3023

Course Description

Topics include the principles of genetics as applied in humans, human hereditary disorders, and the impact of genetics and technology on medicine and medical practices.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4678 - Evolution and Medicine**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A "B" (3.0) or better in PCB 4683, or C.I.

Course Description

Evolutionary theory and perspectives to investigate problems in human health and disease.

College

College of Sciences

Department

Department of Biology

PCB4683 - Evolutionary Biology**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A grade of "C" (2.0) or better in PCB 3063 and junior standing or C.I.

Course Description

Demographic and genetic structure of populations and their relationship to speciation, adaptation, and macroevolutionary processes in plants and animals.

College

College of Sciences

Department

Department of Biology

PCB4683L - Evolutionary Biology Lab
Credits Hours

1

Lab/Studio/Field Work Hours

2

Course Description

Reading, problem solving and discussion on current topics in evolutionary biology.

Current Fee Per Student

\$3.00

College

College of Sciences

Department

Department of Biology

PCB4684 - Population Genetics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A "C" (2.0) or better in both PCB 3063 and PCB 4683, or C.I.

Course Description

Field of population genetics and the study of the various forces that result in evolutionary changes through time.

College

College of Sciences

Department

Department of Biology

PCB4708L - Laboratory Virtual Simulations in Physiology**Credits Hours**

3

Lab/Studio/Field Work Hours

6

Prerequisites

- PCB 3703C or ZOO 3733C

Course Description

Conduct experiments in physiology that enhance the ability to design, collect, analyze data and report results in a scientific manner.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4722 - Comparative Animal Nutrition**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- BSC 2010C, BSC 2011C, CHM 2210, CHM 2211, PCB 3044.

Course Description

The fundamental topics of animal nutrition, including all known nutrients important for animal life.

College

College of Sciences

Department

Department of Biology

PCB4723 - Animal Physiology**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A "C" (2.0) or better in PCB 3023, or C.I.

Course Description

Functions of body processes occurring in animals, with emphasis on vertebrate physiology.

College

College of Sciences

Department

Department of Biology

PCB4802 - Comparative Endocrinology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- A "C" (2.0) or better in both PCB 3023 and PCB 3044, or C.I.

Course Description

Hormonal regulation of an animal's physiological responses to environmental changes.

College

College of Sciences

Department

Department of Biology

PCB4805 - Endocrinology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3703C or equivalent; CHM 2211

Course Description

Mechanisms of action of hormones; interrelationship between the nervous and endocrine systems.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4808 - Physiology of Reproduction**Credits Hours**

3

Prerequisites

- Grade of C or better in Human Physiology PCB 3703C

Course Description

Basic and functional reproductive physiology. Acquire familiarity with related vocabulary; gain a fundamental understanding of biological aspects of mammalian reproductive anatomy, physiology, and endocrinology.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4813 - Molecular Aspects of Obesity, Diabetes & Metabolism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522 or BCH 4053

Course Description

Advanced topics of physiological processes at the cellular, molecular and system level.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4832 - Cellular and Molecular Basis of Brain Functions**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522, PCB 3703C, ZOO 3733C

Course Description

Designed to provide advanced undergraduate students the concepts required to understand the physiological basis of brain functions at the molecular, cellular and system levels.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4833 - Advanced Human Physiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PCB 3522, PCB 3703C, ZOO 3733C

Course Description

Advanced topics of physiological processes at the cellular, molecular and system levels.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4843 - Cellular and Molecular Neuroscience**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ZOO 3744

Course Description

An advanced and thorough course providing understanding of the cellular components and molecular signaling pathways involved in the nervous system function.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCB4943 - Peer Instruction and Laboratory Occupational Training
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 3403C or BSC 3403H

Course Description

Internship practicum in a molecular biology laboratory where students teach, present, read journal articles, and work on a research project.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

PCO - Psychology for Counseling

PCO4203 - Interviewing and Counseling
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

A review of various interviewing and counseling theories and techniques used in Mental Health settings as well as practical experience in interviewing and counseling procedures.

College

College of Sciences

Department

Department of Psychology

PEL - Physical Education Acts (Gen)-Object Centered Land

PEL2011 - Basic Volleyball and Softball**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

The analysis of offensive and defensive alignment, techniques, and strategies.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEL2111 - Bowling**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Fundamentals of bowling techniques and the development of skills based on those fundamentals.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEL2112 - Intermediate Bowling**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- PEL 2111, bowling experience, or average of 140 verification by league sheet.

Course Description

This course provides in-depth information that is necessary for the development of high bowling averages.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEL2121 - Beginning Golf**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Performance and application of basic skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEL2122 - Intermediate Golf**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- PEL 2121 or equivalent competency.

Course Description

A study of performance and application of intermediate skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEL2341 - Beginning Tennis**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Performance and application of basic skills, rules and etiquette. Physiological and social values accruing from this lifetime sport.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEL2342 - Intermediate Tennis
Credits Hours

2

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- PEL 2341 or equivalent competency.

Course Description

Performance and application of advanced skills, rules, and etiquette. Physiological and social values accruing from this lifetime sport.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEL2640 - Basic Football and Basketball
Credits Hours

2

Lab/Studio/Field Work Hours

1

Course Description

The analysis of offensive and defensive alignment, techniques, and strategies.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEM - Physical Education Acts (Gen)-Perform Centrld Land

PEM2101 - Body Development**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

An in-depth study of individual physical (musculo-skeletal, neuromuscular, cardiorespiratory) fitness. Emphasis on individual diagnosis, principles, procedures, and conduct of related exercise programs.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEM2104 - Personal Fitness**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Course Description

Study of personal fitness concepts, with opportunities to develop an individual, optimal level of fitness and an improved lifestyle through high-level wellness.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEM2121C - Yoga**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Course Description

Performance and application of a series of basic movement, breathing, and concentration techniques designed to enhance body awareness, flexibility, strength, and balance, and to allow the mind to be focused and centered.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEM2122 - Yoga for Performers**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Course Description

The practice and study of Yoga, including postures, breathing and meditation, focusing on the needs of performers

College

College of Arts and Humanities

Department

Department of Music

PEM2127C - Pilates**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

The Pilates method of body conditioning emphasizing core musculature as it applies to everyday movement.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEM2131 - Strength Resistance Training**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Study of fitness and strength development through resistance exercise.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEM2134C - Adventure Recreation**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Options for adventure recreation including: outdoor living skills, canoeing, kayaking, rock climbing, hiking and backpacking.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEM2171 - Aerobics**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Appropriate rhythmical muscle toning movements that develop aerobic fitness; concepts taught include warm-up, flexibility, stretching, cool down, and heart rate.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEM2173 - Step Aerobics**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Appropriate rhythmical muscle toning movements utilizing the step to develop aerobic fitness. Concepts taught include warm-up, flexibility, work-out, and cool-down.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEM2175 - Country/Western Dance**Credits Hours**

2

Lab/Studio/Field Work Hours

1

Course Description

Basic instruction in Country/Western Dance. Improve aerobic fitness by learning line dances, circle dances and basic partner steps, such as two-step and waltz.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEM2402 - Beginning Brazilian Jiu-Jitsu**Credits Hours**

2

Course Description

Study and application of basic skills; falling, takedowns, ground techniques, basic self-defense, terminology, philosophy, culture and fitness training involved in Brazilian Jiu-Jitsu (BJJ).

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEM2403 - Intermediate Brazilian Jiu-Jitsu**Credits Hours**

2

Prerequisites

- PEM 2441

Course Description

Study and application of intermediate skills, physical conditioning, appropriate protocols and terminology involved in Brazilian Jiu-Jitsu (BJJ) training.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEM2405 - Self Defense for Women and Men
Credits Hours

3

Lab/Studio/Field Work Hours

2

Course Description

Designed to provide students with self defense skills.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEM2431 - Beginning Judo
Credits Hours

2

Lab/Studio/Field Work Hours

0

Course Description

Study and application of basic skills; falling, throwing, ground techniques, basic selfdefense, terminology, philosophy and fitness training involved in the Olympic sport of Judo.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEM2432 - Intermediate Judo
Credits Hours

2

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PEM 2431 or C.I.

Course Description

Study and application of intermediate skills, body and strength conditioning, appropriate protocols and terminology involved in Judo training.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEO - Physical Education Acts (Profnl)-Object Cent Land

PEO2011 - Team Sports

Credits Hours

3

Lab/Studio/Field Work Hours

1

Course Description

This course is designed to develop skill proficiency and knowledge to plan, implement and evaluate team sports as part of the Physical Education program.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEO2031 - Individual Sports

Credits Hours

3

Lab/Studio/Field Work Hours

1

Course Description

Skill proficiency and knowledge to plan, implement and evaluate individual sports.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEO3041 - Games Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Teaching methodology utilizing games for specific outcome behaviors in grades K-12.

College

College of Community Innovation and Education

Department

School of Teacher Education

PEO3324 - Coaching Volleyball**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Kinesiology Pending, Admission to Kinesiology B.S, or Sport and Athletic Coaching Minor or CI.

Course Description

Theory and methods of coaching volleyball, including the analysis of offensive and defensive alignment techniques and strategies.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEO3514C - Coaching Soccer
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Admission to Kinesiology Pending, Kinesiology B.S, or Sport and Athletic Coaching Minor or CI

Course Description

Theory and methods of coaching soccer, including the analysis of offensive and defensive techniques and strategies.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEO3624 - Coaching Basketball
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology Pending, Kinesiology B.S, or Sport and Athletic Coaching Minor or CI

Course Description

Theory and methods of coaching basketball, including the analysis of offensive and defensive techniques and strategies.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PEO3644 - Coaching Football
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Admission to Kinesiology Pending, Kinesiology B.S., or Sport and Athletic Coaching Minor or CI

Course Description

Theory and methods of coaching football, including the analysis of offensive and defensive techniques and strategies.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET - Physical Education Theory

PET2081 - Wellness, Children and Schools
Credits Hours

1

Lab/Studio/Field Work Hours

0

Course Description

Exploration and promotion of wellness for children in schools.

College

College of Community Innovation and Education

Department

School of Teacher Education

PET3005 - Introduction to Kinesiology**Credits Hours**

3

Prerequisites/Corequisites

- ENC1101

Course Description

An introduction to kinesiology with emphasis in fitness, recreation, physical activity, and human performance.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET3097 - Health and Wellness**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1101

Course Description

Explore wellness through science and the statistics of risk factors for mortality and morbidity. Students will interpret indicators, evaluate choices using assessment-intervention-reinforcement protocols.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET3125 - Fitness and Weight Management**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S. or Fitness Training Minor; and minimum overall 2.5 GPA..

Course Description

Provides current and future professionals with the requisite knowledge of fitness and weight management research, theories, and practice.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET3137 - Concepts and Practices in Sport and Exercise Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Admission to the Sport and Exercise Science program or C.I.

Course Description

Examination of experiences in Sport and Exercise Science program: concepts, practices, and science.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET3351 - Applied Exercise Physiology**Credits Hours**

3

Prerequisites

- ZOO 3736 Exercise Physiology Anatomy or ZOO 3733 Human Anatomy

Prerequisites/Corequisites

- Kinesiology or Health Sciences majors

Course Description

Introduction to physiological concepts related to exercise and training adaptations.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy– Kinesiology

PET3361 - Nutrition and Metabolism in Kinesiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S. or Fitness Training Minor, and minimum overall 2.5 GPA.

Course Description

Study of nutrition with focus on the strategies designed to meet nutrient demands for physical activity, exercise, metabolism, and athletic performance in kinesiology.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy– Kinesiology

PET3510C - Physiologic & Metabolic Basis of Human Movement & Performance

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- Admission to Athletic Training B.S. Program.

Course Description

Exercise physiology, drugs & nutrition, and performance & injury; each focusing on the key elements for the application of athletic training principles.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET3765 - Coaching Theory

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology Pending, Kinesiology B.S., Physical Education B.S., or Sport and Athletic Coaching Minor; and minimum overall 2.5.GPA

Course Description

Theories of coaching team and individual sports.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET3768 - Group Exercise Instruction**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Admission to Sport and Exercise Science program or Fitness Training Minor and minimum overall 2.5 GPA.

Course Description

An in-depth study into group exercise instruction and fitness related concepts.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET3771 - Strength and Conditioning Concepts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S., or Fitness Training Minor; minimum overall 2.5 GPA; and ZOO 3736C or ZOO 3733C or equivalent.

Course Description

Integration of advanced components of muscular strength training and endurance conditioning for the Kinesiology professional.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET3820 - Teaching Sports Skills I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Skill proficiency and knowledge to plan, implement and evaluate sports and leisure activities in physical education programs.

College

College of Community Innovation and Education

Department

School of Teacher Education

PET4050C - Motor Development and Learning
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Admission to Kinesiology Pending, Kinesiology B.S., Physical Education B.S., or Early Childhood Development and Education B.S

Course Description

An analysis of the theories and factors influencing the motor development of children and the learning of gross and fine motor skills.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4083 - Personal Training Methods**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S., and minimum overall 2.5 GPA

Course Description

An in-depth study into personal training and fitness related concepts.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4088 - Physical Activity & Preventive Medicine**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S., minimum overall 2.5 GPA; and ZOO 3736C or ZOO 3733C or equivalent.

Course Description

Critique and analysis of evidence that exercise training can prevent some diseases and increase quality of life.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4143 - Current Issues & Trends in Kinesiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Kinesiology B.S. and minimum 2.5 Overall GPA.

Course Description

Examination of the current issues and trends encountered by professionals in kinesiology.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4215 - Motivational Aspects of Athletic Performance**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S., Fitness Training Minor or Sport and Athletic Coaching Minor; and minimum overall 2.5 GPA

Course Description

Theories of attitude, motivation, effort, persistence, mental focus, visualization, and an exploration of techniques to enhance athlete performance.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4312C - Applied Biomechanics**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Admission to Kinesiology B.S., Health Sciences B.S. or Fitness Training Minor; minimum overall 2.5 GPA; and ZOO 3736C or ZOO 3733C or equivalent.

Course Description

The comprehension and application of anatomical and mechanical principles involved in human movement.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4315C - Biomechanics of Sport**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- PHY 2053C or PHY 2048C.

Course Description

Assessment and recognition of physiological and mechanical aspects of sports and injuries.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4325 - Functional Kinesiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S., Physical Education B.S. or Fitness Training Minor: ZOO 3736C or equivalent, and minimum 2.5 Overall GPA

Course Description

Study of functional anatomy and elementary biomechanics. Emphasis placed on analysis of skeletal, muscular and nervous systems and biomechanical factors associated with efficient motor development.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4401 - Administration and Evaluation in Physical Education and Sport**Credits Hours**

3

Course Description

Addressing administrative, measurement and evaluation aspects of Physical Education, Athletics and Sports Programs.

College

College of Community Innovation and Education

Department

School of Teacher Education

PET4550C - Assessment and Evaluation in Kinesiology**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- Admission to Kinesiology B.S., Physical Education B.S or Fitness Training Minor; PET 3351, and minimum 2.5 overall GPA

Course Description

A study and acquisition of health related fitness, exercise strategies and related assessment techniques.

Current Fee Per Student

\$22.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4552 - Exercise Prescription for Special Populations**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S., Physical Education B.S., or Fitness Training Minor; minimum overall 2.5 GPA; PET 3351 Applied Exercise Physiology and ZOO 3736C or ZOO 3733C or equivalent.

Course Description

Students integrate knowledge of kinesiology, physiology, and fitness conditioning to develop exercise for populations dealing with aging, osteoporosis, diabetes, obesity, heart disease, and pregnancy.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4606 - Applied Fitness in Sport
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ZOO 3733C or ZOO 3736C and PCB 3703C; Junior standing ZOO 3736C; COHPA majors and Health Sciences minors only.

Course Description

Physiological adaptations to exercise, biomechanics, psychology, performance enhancing substances, nutrition, fitness testing procedures, exercise technique, program design, advanced rehabilitation and administration.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PET4710 - Methods for Physical Activity for Children and Adolescents
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Develop effective instructional skills through planning, teaching, and assessment. Curricular and instructional considerations for physical activity in children and adolescents.

College

College of Community Innovation and Education

Department

School of Teacher Education

PET4763 - Coaching Methods and Principles**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Kinesiology B.S., or Sport and Athletic Coaching Minor; minimum overall 2.5 GPA and PET 3765 Coaching Theory

Course Description

Assist students in understanding and conceptually integrating teaching methods/coaching strategies with emphasis given to conditioning and leadership styles.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy– Kinesiology

PET4901 - Capstone in Kinesiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior standing in the Kinesiology B.S. , Minimum 2.5 overall GPA and Department Approval

Course Description

Enhances students' oral and written presentation ability in issues and topics related to kinesiology.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy– Kinesiology

PET4925 - Sport and Fitness Practicum I
Credits Hours

6

Lab/Studio/Field Work Hours

16

Prerequisites/Corequisites

- Overall GPA of 2.5 and completion of 1/3 of the Sport and Fitness program requirements.

Course Description

Field experience in a sport and fitness related organization.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PGY - Photography

PGY2401C - Beginning Photography
Credits Hours

3

Lab/Studio/Field Work Hours

4

Course Description

Introduction to photography with an art emphasis.

Current Fee Per Student

\$45.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY2813C - Creative Smart Phone Photography**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Course Description

Explore methods of creating/producing/presenting digital-based imagery and introducing the role of smart phone photography in contemporary culture.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3002 - Contemporary Photography**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete all of the following
 - Complete the following:
 - PGY2401C - Beginning Photography (3)
 - or C.I.

Course Description

Late 20th and 21st century (1970's-present) contemporary movements in photography, special emphasis on issues and ideas relative to contemporary image making.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3204C - Experimental Studio Lighting in Photography

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C

Course Description

Explore the variety of lighting possibilities and creative concepts using constructed set and studio lighting and experimental techniques.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3205C - Photographic Lighting Techniques

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PGY 2107 (offered through Daytona State College) or equivalent.

Course Description

Advanced lighting techniques in both the studio and on location, with projects in the editorial, advertising, or fine art genres.

Current Fee Per Student

\$70.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3276 - The Professional Environment

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete all of the following
 - Complete the following:
 - PGY3002 - Contemporary Photography (3)
 - or C.I.

Course Description

Concepts necessary for operation of a photography studio. Includes legal, ethical issues; marketing; selfpromotion strategies; funding opportunities; professional development; and professional presentation.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3407C - Film and Darkroom

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Various technical and aesthetic considerations of black and white analog photography.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3410C - Intermediate Photography**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- ART 2201C, ART 2203C, ART 2300C, ART 2301C, PGY 2401C.

Course Description

Intermediate camera and darkroom practice designed for art majors with studio skills.

Current Fee Per Student

\$49.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3412C - Photography in the Expanded Field**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- ART 2201C, ART 2203C, ART 2300C and ART 2301C

Course Description

Explore the ways in which photography now exists in an expanded field of creative production.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3451C - Alternative Processes**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PGY 3472C or C.I.

Course Description

19th century photographic processes with related contemporary non-traditional methods of image creation and presentation.

Current Fee Per Student

\$45.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3472C - Photo Visualization**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PGY 2000 (offered through Daytona State College) or equivalent.

Course Description

Analysis of visual problems with an emphasis on communicating and applying a theoretical language to photographic imagery.

Current Fee Per Student

\$68.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3480 - Museum and Gallery Practices**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete the following:
 - PGY3002 - Contemporary Photography (3)

Course Description

The museum and gallery environment focusing on the acquisition and display of photographic materials and curatorial functions. The course includes a service learning component.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3610C - Photojournalism I**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites/Corequisites

- Journalism majors only.

Course Description

Digital photojournalism and visual storytelling, with emphasis on camera basics, composition skills, digital photo-editing skills, and caption writing skills. See instructor for minimal camera requirements.

College

College of Sciences

Department

Nicholson School of Communication and Media

PGY3620C - Photojournalism II**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites

- PGY 3610C.

Course Description

Individual and group projects for extended documentary coverage.

College

College of Sciences

Department

Nicholson School of Communication and Media

PGY3651C - Narrative Photography**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- PGY 2650 (offered through Daytona State College) or equivalent.

Course Description

An exploration of the photograph in narrative form. Story, research and visual style will be addressed incorporating historical and contemporary social and documentary photographers.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3653C - Advanced Editorial Photography
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Complete the following:
 - PGY3651C - Narrative Photography (3)

Course Description

Exploration of imagery created to illustrate articles, including still-life, portrait, documentary, and/or fashion photography. Emphasis on the creation of multiple or consecutive images.

Current Fee Per Student

\$69.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3703C - Photography & the Web

Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PGY 3821C or C.I.

Course Description

Advanced issues in digital imaging, emphasis on professional output solutions for the photographer such as web as an interface, large format printing, and film recorder.

Current Fee Per Student

\$45.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3751C - Videography**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PGY 2750 or C.I.

Course Description

Creation of video narratives using the digital environment.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3821C - Advanced Digital Printing**Credits Hours**

3

Lab/Studio/Field Work Hours

3

Prerequisites

- PGY 2650 (offered through Daytona State College) or equivalent.

Course Description

Tools and techniques in digital imaging including color management, digital asset management, monitor calibration, lens profiling, HDR, large format inkjet printing, finishing.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY3933C - The Photo-book
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

The study and application of the major trends and movements that have shaped the photo-book genre since the birth of photography to the self-publishing boom.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY4003 - Image, Culture, and Society
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PGY 3002 or C.I.

Course Description

The role of the media and media imagery in culture and society.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY4106C - Photography Theory and Practice
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Any PGY 3XXX level course

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Theory and practice of photography as contemporary tools for art making.

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY4228C - Advanced Illustrative Photography
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PGY 3205C or C.I.

Course Description

Various avenues of photographic illustration, including lighting, historical and contemporary issues, style, presentation, and social concerns.

Current Fee Per Student

\$70.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY4235C - Professional Photographic Workshop**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Complete the following:
 - PGY3205C - Photographic Lighting Techniques (3)

Course Description

Creative, logistical, and technical processes as related to a variety of special lighting problems in the photographic studio and on location.

Current Fee Per Student

\$70.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY4420C - Advanced Photography**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Any PGY 3XXX level course.

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Advanced photography skills and portfolio development. Designed for art majors.

Current Fee Per Student

\$49.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY4440C - Special Problems in Photography**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Any PGY 3XXX level course

Prerequisites/Corequisites

- ART 3950 or ART 3952 or GRA 3950

Course Description

Designed for upper division art majors with photography concentration. A series of directed photographic problems of a research nature.

Current Fee Per Student

\$20.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY4471C - Photography Thesis**Credits Hours**

3

Lab/Studio/Field Work Hours

4

Prerequisites

- Complete the following:
 - PGY3276 - The Professional Environment (3)

Course Description

Senior thesis project culminating in a public exhibition or portfolio presentation.

Current Fee Per Student

\$68.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PGY4493C - Photography and Art
Credits Hours

3

Lab/Studio/Field Work Hours

4

Prerequisites

- PGY 3472C, or PGY 3002, or C.I.

Course Description

Creation of photographs related to the expression of personal, political, aesthetic, and theoretical issues and ideas found in historical and contemporary imagery.

Current Fee Per Student

\$68.00

College

College of Arts and Humanities

Department

School of Visual Arts and Design

PHH - Philosophy, History of

PHH3100 - Ancient Philosophy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Foundations of Western philosophy in ancient Greek thinking about human beings and nature, including the pre-Socratics, Socrates, Plato, Aristotle.

College

College of Arts and Humanities

Department

Department of Philosophy

PHH3200 - Medieval Philosophy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

The influence of Greek philosophical thought in medieval Muslim, Jewish and Christian philosophy, as expressed in its main problems and representative thinkers.

College

College of Arts and Humanities

Department

Department of Philosophy

PHH3460 - Modern Western Philosophy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete the following:
 - PHI2010 - Introduction to Philosophy (3)

Course Description

Major western philosophers and philosophical movements from Descartes to Nietzsche.

College

College of Arts and Humanities

Department

Department of Philosophy

PHH3510 - Marx and Nietzsche
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing.

Course Description

Marx & Nietzsche philosophies: outlook & emphasis differences, significant respective critiques of society, implications of contrasting standpoints for understanding human life, philosophical & ideological influences, & contemporary relevance

College

College of Arts and Humanities

Department

Department of Philosophy

PHH3600 - Contemporary Philosophy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Recent and current trends in philosophy, including philosophical analysis, phenomenology, structuralism, post-structuralism, and liberation philosophies.

College

College of Arts and Humanities

Department

Department of Philosophy

PHH3700 - American Philosophy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or AMH 2010 or AMH 2020 or C.I.

Course Description

A thematic and chronological survey of philosophical, religious, and scientific developments in American thought, with primary focus on the American spirit of individualism and reform.

College

College of Arts and Humanities

Department

Department of Philosophy

PHH3701 - Native American Philosophy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Academic Native American philosophy in epistemology, political philosophy and environmental studies.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI - Philosophy

PHI2010 - Introduction to Philosophy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Inquiry into the meaning and justification of fundamental ideas and beliefs concerning reality, knowledge, and values; application to relevant topics in ethics, religion, and politics.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI2010H - Honors Introduction to Philosophy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Same as PHI 2010 with honorslevel content.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI2011 - Philosophical Reasoning**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

A study of reasoning in philosophy: the role of inconsistency, infinite regress arguments, modeling, and system building, discovery procedures, diagonalization, and contract and paradigm case arguments.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI2101 - Formal Logic I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

A study of sentence and predicate logics, with introduction to modal, epistemic, deontic, multi-valued, and indeterminant logics.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI2108 - Critical Thinking**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

The logic of conversation, informal fallacies, and reasoning about human action.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI2647 - Logic and Ethics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2101 or COT 3100C or MAD 2104.

Course Description

Research in logic applied to ethics, especially for science and technology. Uses of simulation and modeling to study philosophical problems in ethics.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3033 - Philosophy, Religion, and the Environment
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

A multicultural treatment of the influence of philosophical and religious views on our understanding of, and relation to, the environment.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3083 - Research Methods in Philosophy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Philosophy or Humanities major or C.I.

Course Description

Sources, methods, and styles of research in Philosophy. Aimed at enhancing the research, reading, and writing skills of undergraduate philosophy students.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3131 - Formal Logic II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete the following:
 - PHI2101 - Formal Logic I (3)

Course Description

Systematic study of propositional and first-order predicate logic; logistic systems and axiomatic methods; problems of metatheory, including consistency, completeness, and decidability.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3320 - Philosophy of Mind**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010, PSY 2012, or C.I.

Course Description

Recent and contemporary attempts to understand the relation of mind to body, the relation of consciousness to personhood, and the relation of psychology to neurobiology.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3323 - Minds and Machines: Philosophy of Cognitive Science

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Assumptions undergirding research in Cognitive Science.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3451 - Philosophy of Psychology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

Philosophical assumptions and foundations of major psychological movements plus other philosophically interesting issues.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3625 - Virtual Ethics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3502C or DIG 2000 or C.I.

Course Description

Ethics of virtual worlds as contrasted to the physical world, the use of simulation, virtual environments, and modeling in philosophy, especially in ethics.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3626 - Advanced Ethics in Science and Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- COP 3502C or DIG 2000 or PHI 2647.

Course Description

Critical thinking applied to ethics in science and technology.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3629 - Family Values**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010, PHI 2630, PHI 3670, or WST 3015.

Course Description

Applied ethics examining legal, religious and other cultural prescriptions related to sexuality, marriage, reproduction, child-rearing and other forms of familial relationship and caregiving.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3638 - Ethical Issues in the 21st Century**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Applications of ethical theory and moral problem-solving to contemporary issues.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3640 - Environmental Ethics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing.

Course Description

Major contemporary views in environmental ethics, including individual and holistic approaches, deep ecology, ecofeminism, and social ecology

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3670 - Ethical Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and C.I.

Course Description

Major classical & contemporary topics in ethics, including value theory, utilitarian, deontological, virtue-based & feminist approaches to ethics, rights, & justice; some examination of metaethical issues.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3672 - Animal Ethics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Key issues and debates in the area of animal ethics, including both theoretical and applied dimensions.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3684 - Ways of Living**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUM 2210 or HUM 2230 or C.I.

Course Description

Philosophies of life and the notion of "the good life."

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3700 - Philosophy of Religion**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- REL 2300 or PHI 2010.

Course Description

An examination of basic ideas, beliefs, attitudes, and functions of religion, with emphasis upon questions of conceptual meaning and cognitive justification.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3720 - Faith and Reason**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- REL 2300 or PHI 2010 or C.I.

Course Description

Emergence of two discrete ways of knowing: Faith and Reason.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3750 - The Problem of Evil
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

The traditional problem of evil encompassing philosophical, theological, logical, and natural interpretations and assessments of moral and natural evil.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3790 - African Philosophy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or C.I.

Course Description

Traditional and contemporary African philosophical thought with primary emphasis on post-colonial philosophy in sub-Saharan Africa.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI3800 - Aesthetics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010, HUM 2230, ARH 2050, or ARH 2051.

Course Description

An investigation into the nature of human artistic experience, with special reference to questions of form, perception, and style.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4221 - Philosophy of Language**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Nature of language and the relationships between language, reality, cognition, and culture.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4300 - Theories of Knowledge**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Philosophy major or C.I.

Course Description

Classical and contemporary theories of knowledge. A critical examination of various forms of, and reasons for, skepticism, criteria for truth and justification for belief.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4321 - Philosophies of Embodiment: Mind/Body/Self**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and either PHI 2010, PHI 2011, PHI 2108, or C.I.

Course Description

Different ways of understanding relations between mind, body, and nature. Self-knowledge as articulated by western and non-western philosophies from ancient to contemporary times.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4341 - Ways of Knowing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Philosophic study of approaches to knowledge, with emphasis on contributions of the knower to how things are known.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4400 - Philosophy of Science
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or PHI 2010 or C.I.

Course Description

An examination of the conceptual foundations and methodology of modern science.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4420 - Philosophy of Social Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or PHI 2010 or C.I.

Course Description

An examination of the objectives, methods and guiding norms of the social sciences and their role in the development of human knowledge.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4500 - Metaphysics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Philosophy major or C.I.

Course Description

Topics include appearance and reality, actions and events, necessity and possibility, identity, nature of persons, mindbody dualism, causality, and free will and determinism.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4633 - Ethics and Biological Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of the GEP.

Course Description

An application of contemporary thinking to ethical issues arising from the biological sciences, including human and animal experimentation, genetic engineering, biodiversity.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4633H - Honors Ethics and Biological Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- BSC 2010C, a course in Philosophy, and consent of Honors.

Course Description

Contemporary thinking on ethical issues arising from the biological sciences, including human and animal experiments, genetic engineering, and biodiversity.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4673 - Medical Ethics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior standing or C.I.

Course Description

Ethics of clinical medicine and medical research.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4689 - Neuroethics**Credits Hours**

3

Prerequisites

- Junior standing and PHI 2010, or C.I.

Course Description

Ethical issues associated with the mind sciences, especially neuroscience.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4690 - Ethics in Nanoscience and Nanotechnology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Completion of GEP or Junior standing.

Course Description

Ethical implications of rapid developments in nanoscience and nanotechnology.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4931 - Philosophy in the News**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete the following:
 - PHI2010 - Introduction to Philosophy (3)

Course Description

Changing course content. A specific topic being covered by the media will be selected for philosophical examination. Course is web enhanced.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4935 - Topics in Philosophy of Mind**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 3320, PHI 3451 or PHI 3323 or C.I.

Course Description

Recent debate in philosophy of mind. Variable topics. Examples: mental representation, consciousness, concepts, free will.

College

College of Arts and Humanities

Department

Department of Philosophy

PHI4938 - Senior Research Seminar
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior standing and Philosophy major, or C.I.

Course Description

Capstone course on research, developing effective oral and written communication skills.

College

College of Arts and Humanities

Department

Department of Philosophy

PHM - Philosophy of Man and Society

PHM3020 - Philosophy of Love
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and PHI 2010, or C.I.

Course Description

A critical investigation of the meaning and significance of various kinds of love from a variety of philosophical perspectives.

College

College of Arts and Humanities

Department

Department of Philosophy

PHM3100 - Freedom and Justice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or PHI 2010 or C.I.

Course Description

Philosophical analysis & evaluation of selected issues arising from the interaction of the individual, society, and the state; includes topics such as freedom, equality, and justice.

College

College of Arts and Humanities

Department

Department of Philosophy

PHM3123 - Feminist Theories**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete the following:
 - ENC1102 - Composition II (3)

Course Description

Contemporary issues and perspectives in feminist theory and their relation to divergent feminist practices.

College

College of Arts and Humanities

Department

Department of Philosophy

PHM3401 - Philosophy of Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010, PHI 2630 , PHI 3670, or POS 2041.

Course Description

Study of the nature of, and justifications for, law and punishment. Examination of the concepts of legal personhood, rights and responsibilities.

College

College of Arts and Humanities

Department

Department of Philosophy

PHM4031 - Environmental Philosophy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 3640, PHI 2630, or C.I.

Course Description

Major contemporary positions in environmental philosophy, including deep ecology, ecofeminism, and social ecology.

College

College of Arts and Humanities

Department

Department of Philosophy

PHP - Philosophy, Specialized

PHP3781 - African-American Philosophy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Complete the following:
 - PHI2010 - Introduction to Philosophy (3)

Course Description

Analysis of contemporary African-American philosophy and overview of Black philosophy from slavery era writings to the present.

College

College of Arts and Humanities

Department

Department of Philosophy

PHP3783 - Modernity as a Philosophical Problem**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or PHI 3640 or C.I.

Course Description

Modernity in the philosophies of Kant, Hegel, Nietzsche, Heidegger, Derrida, Rorty, and others.

College

College of Arts and Humanities

Department

Department of Philosophy

PHP3786 - Existentialism**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing or PHI 2010 or C.I.

Course Description

Study of existentialist analysis and criticism of the human situation as found in the writings of such philosophers as Kierkegaard, Nietzsche, Heidegger, Sartre, and Camus.

College

College of Arts and Humanities

Department

Department of Philosophy

PHP4782 - Phenomenology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Junior standing and three Philosophy courses.

Course Description

The philosophy developed in the 20th century in the writings of Husserl, Heidegger, Sartre, Merleau-Ponty, De Beauvoir and Derrida.

College

College of Arts and Humanities

Department

Department of Philosophy

PHP4931 - Key Figures in Philosophy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Study of a central figure in philosophy's work, influences, reception and effect.

College

College of Arts and Humanities

Department

Department of Philosophy

PHP4933 - Key Concepts in Philosophy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHI 2010 or C.I.

Course Description

Study of the development, meaning, and implications of a central concept in Philosophy.

College

College of Arts and Humanities

Department

Department of Philosophy

PHT - Physical Therapy

PHT3069 - Physical Assessment**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Corequisites

- PHT 3069L.

Course Description

Extensive theory and practice in the examination of the patient. Incorporates a systems approach, utilizing screening and patient problem solving.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT3069L - Physical Assessment Lab**Credits Hours**

2

Lab/Studio/Field Work Hours

4

Prerequisites/Corequisites

- PHT 3069.

Course Description

Lab course emphasizing the examinations required to perform an evaluation of a physical therapy patient.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT3112 - Gross Anatomy/Neuroscience I**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Corequisites

- PHT 3112L.

Prerequisites/Corequisites

- Admission into the Physical Therapy program.

Course Description

In-depth study of human morphology emphasizing the back, spinal cord, cranial nerves, and upper lower extremities. Regional cadaver dissection.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT3112L - Gross Anatomy / Neuroscience I Lab**Credits Hours**

3

Lab/Studio/Field Work Hours

48

Prerequisites

- ZOO 3733C or PCB 3703C

Corequisites

- PHT 3112

Course Description

Human cadaver dissection of the back, spinal cord, cranial nerves, and upper and lower extremities

Current Fee Per Student

\$70.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT3113 - Gross Anatomy/Neuroscience II**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Corequisites

- PHT 3113L.

Prerequisites/Corequisites

- PHT 3112; PHT 3112L.

Course Description

In-depth study of human morphology emphasizing the brain, the cervical spine, pelvis, and the internal organs.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy– Kinesiology

PHT3113L - Gross Anatomy/Neuroscience II Lab**Credits Hours**

3

Lab/Studio/Field Work Hours

48

Prerequisites

- PHT3112L

Corequisites

- PHT 3113

Course Description

Directed laboratory experiences with cadaver dissection focusing on central nervous system and all internal organs.

Current Fee Per Student

\$70.00

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy– Kinesiology

PHT3122 - Clinical Kinesiology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Corequisites

- PHT 3122L.

Course Description

Mechanical aspects of human movement, including joint mechanics of the upper and lower extremity, the vertebral column, and tissue mechanics of relevant human tissues. Coordinated with cadaver dissection.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT3122L - Clinical Kinesiology Lab**Credits Hours**

3

Lab/Studio/Field Work Hours

6

Corequisites

- PHT 3122.

Course Description

Lab course investigating the mechanical aspects of human movement.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT3155 - Physiology of Therapeutic Exercise**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Corequisites

- PHT 3155L.

Prerequisites/Corequisites

- PHT 3259.

Course Description

Exercise physiology investigating the physiological responses and adaptations to human movement including cardiovascular and pulmonary systems.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT3155L - Physiology of Therapeutic Exercise Lab**Credits Hours**

2

Lab/Studio/Field Work Hours

4

Corequisites

- PHT 3155.

Course Description

Lab course emphasizing the clinical application of exercise physiology.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT3259 - Patient Care Skills**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Corequisites

- PHT 3259.

Course Description

Affective, cognitive, and psychomotor skills applied to patient care. Diversity issues discussed. Basic skills of patient care; transfers, mobility skills, draping, gait training.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT4222 - Therapeutic Exercise I**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Corequisites

- PHT 4222L.

Prerequisites/Corequisites

- PHT 3155; PHT 3155L.

Course Description

Theory of developing, implementing, and evaluating a therapeutic exercise program for patients with musculoskeletal dysfunction.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT4222L - Therapeutic Exercise I Lab**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Corequisites

- PHT 4222.

Course Description

Lab course emphasizing therapeutic exercise skills for the treatment of patients with musculoskeletal dysfunction.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT4230 - Therapeutic Exercise II**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Corequisites

- PHT 4230L.

Prerequisites/Corequisites

- PHT 4222; PHT 4222L.

Course Description

Exploration of the various therapeutic exercise modalities, and their application to the rehabilitation course treatment.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHT4230L - Therapeutic Exercise II Lab
Credits Hours

1

Lab/Studio/Field Work Hours

2

Corequisites

- PHT 4230.

Course Description

Lab course emphasizing use of various therapeutic exercise modalities.

College

College of Health Professions and Sciences

Department

School of Kinesiology and Physical Therapy- Kinesiology

PHY - Physics

PHY1029 - Household Physics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

A hands-on, exploration-oriented course intended to help non-science major students understand physics involved in everyday items around the house.

College

College of Sciences

Department

Department of Physics

PHY1038 - Physics of Energy, Climate Change and Environment**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

Basic principles of physics, under the unifying theme of the production and use of energy and its interaction with the climate system and global environment.

College

College of Sciences

Department

Department of Physics

PHY1935 - Freshman Physics Seminar**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Course Description

Introduction to physics and the Physics Department research groups to prepare students for a successful physics career.

College

College of Sciences

Department

Department of Physics

PHY2020 - Concepts of Physics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Course Description

An introductory course in physics designed for non-science majors, emphasizing topics relevant to everyday life. The course focuses on major physical discoveries and their implications for the world around us.

College

College of Sciences

Department

Department of Physics

PHY2048 - General Physics Using Calculus I**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- MAC 2311C (or equivalent) with grade "C" (2.0) or better.

Course Description

Physics I for scientists and engineers. Newtonian mechanics, kinematics, vectors, Newton's laws, work and conservation of energy and momentum, collisions, equilibrium, oscillations and waves.

College

College of Sciences

Department

Department of Physics

PHY2048C - General Physics Using Calculus I Studio**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- MAC 2311C (or equivalent) with grade "C" (2.0) or better.

Course Description

Active learning course with combined lecture and lab. Calculus-based physics. Newtonian dynamics, gravity, work and conservation of energy and momentum, equilibrium, simple harmonic oscillators.

Current Fee Per Student

\$0.00

College

College of Sciences

Department

Department of Physics

PHY2048K - Honors General Physics Using Calculus I
Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- MAC 2311C (or equivalent) with grade "C" (2.0) or better, and permission of Honors.

Course Description

Same as PHY 2048C with honors-level content.

College

College of Sciences

Department

Department of Physics

PHY2048L - General Physics Using Calculus I Laboratory
Credits Hours

1

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- PHY 2048 with grade of "C" (2.0) or better

Course Description

Design, conduct experiments, create and evaluate models and make connections to physics principles. Make and record measurements, analyze and visualize data and uncertainties using calculus.

College

College of Sciences

Department

Department of Physics

PHY2049 - General Physics Using Calculus II**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- (PHY 2048 or PHY2048C) and MAC 2312 both with grades of "C" (2.0) or better.

Prerequisites/Corequisites

- PHY 2048L

Course Description

Coulomb's law, electric fields and potentials, capacitance, currents and circuits, Ampere's law, Faraday's law, inductance, Maxwell's equations, electromagnetic waves, ray optics, interference and diffraction.

College

College of Sciences

Department

Department of Physics

PHY2049C - General Physics Using Calculus II Studio**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- MAC 2312 and PHY 2048C with grades "C" (2.0) or better.

Course Description

Active learning course with combined lecture and lab. Calculus-based physics. Electric and magnetic fields, circuits, induction, Maxwell's equations, electromagnetic waves, ray optics, interference, diffraction.

Current Fee Per Student

\$0.00

College

College of Sciences

Department

Department of Physics

PHY2049K - Honors General Physics Using Calculus II
Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- MAC 2312 and PHY 2048C with grades "C" (2.0) or better, and permission of Honors.

Course Description

Same as PHY 2049C with honors-level content.

College

College of Sciences

Department

Department of Physics

PHY2049L - General Physics Using Calculus II Laboratory
Credits Hours

1

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- PHY 2049 with a grade of "C" (2.0) or better

Course Description

Design, conduct experiments, create and evaluate models and make connections to physics II principles. Make and record measurements, analyze and visualize data and uncertainties using calculus.

College

College of Sciences

Department

Department of Physics

PHY2053 - College Physics I**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites

- MAC 1105C and MAC 1114C or equivalent

Course Description

Kinematics, dynamics, Newton's laws of motion, Newtonian gravity, conservation of energy and momentum. Rotation, statics, basic principles of fluids. Simple harmonic oscillators.

College

College of Sciences

Department

Department of Physics

PHY2053C - College Physics I Studio**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- MAC 1105C and MAC 1114C or equivalent or C.I.

Course Description

Active learning course with combined lecture and lab. Algebra-based physics. Newtonian dynamics, rotational motion, gravity, conservation of energy and momentum. Introduction to waves, fluids.

Current Fee Per Student

\$0.00

College

College of Sciences

Department

Department of Physics

PHY2053K - Honors College Physics I**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- MAC 1105C and MAC 1114C or C.I. and consent of Honors.

Course Description

Mechanics, waves, thermodynamics. With Honors content.

College

College of Sciences

Department

Department of Physics

PHY2053L - College Physics I Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- PHY 2053 with grade of "C" (2.0) or better

Course Description

Design and conduct experiments, create and evaluate models and make connections to physics principles. Make and record measurements, analyze and visualize data and uncertainties.

College

College of Sciences

Department

Department of Physics

PHY2054 - College Physics II
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- PHY 2053 or PHY 2053C with "C" (2.0) or better

Prerequisites/Corequisites

- PHY 2053L

Course Description

Fundamentals of electricity and magnetism. Lorentz force. Induction. Series and parallel DC circuits. RLC AC circuits. Ray optics, diffraction.

College

College of Sciences

Department

Department of Physics

PHY2054C - College Physics II Studio
Credits Hours

4

Lab/Studio/Field Work Hours

3

Prerequisites

- PHY 2053C or (PHY 2053 and PHY 2053L) with "C" (2.0) or better

Course Description

Active learning course with combined lecture and lab. Algebra-based physics. Electric and magnetic fields, circuits, induction, Maxwell's equations, electromagnetic waves, ray optics, interference, diffraction.

Current Fee Per Student

\$0.00

College

College of Sciences

Department

Department of Physics

PHY2054K - Honors College Physics II**Credits Hours**

4

Lab/Studio/Field Work Hours

3

Prerequisites

- PHY 2053C and consent of Honors.

Course Description

Fluids, electricity, and magnetism, optics, x-rays, radioactivity. With Honors content.

College

College of Sciences

Department

Department of Physics

PHY2054L - College Physics II Laboratory**Credits Hours**

1

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- PHY 2054 with a grade of "C" (2.0) or better

Course Description

Design and conduct experiments, create and evaluate models and make connections to physics II principles. Make and record measurements, analyze and visualize data and uncertainties.

College

College of Sciences

Department

Department of Physics

PHY3101 - General Physics Using Calculus III**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2313, and PHY 2049C or PHY 2054.

Course Description

Thermodynamics, oscillations, modern physics.

College

College of Sciences

Department

Department of Physics

PHY3101H - Honors General Physics Using Calculus III**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2049C, MAC 2313, and consent of Honors.

Course Description

Same as PHY 3101 with honors-level content.

College

College of Sciences

Department

Department of Physics

PHY3220 - Mechanics I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2048C or PHY 2048H, MAP 2302.

Course Description

Particle dynamics, rigid bodies, Lagrangian formulation of mechanics, Hamilton's equations.

College

College of Sciences

Department

Department of Physics

PHY3323 - Electricity and Magnetism I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2049C, MAP 2302.

Course Description

Electrostatics, magnetostatics, Lorentz force current electricity, Maxwell's equations.

College

College of Sciences

Department

Department of Physics

PHY3513 - Thermal and Statistical Physics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3101 or PHY 3101H or C.I.

Course Description

Thermodynamics, kinetic theory, elements of statistical mechanics.

College

College of Sciences

Department

Department of Physics

PHY3722C - Physics Laboratory-Electronics**Credits Hours**

3

Lab/Studio/Field Work Hours

5

Prerequisites

- PHY 2049C.

Course Description

State-of-the-art electronics, transducers, operational amplifiers, phase sensitive circuits, active filters.

Current Fee Per Student

\$0.00

College

College of Sciences

Department

Department of Physics

PHY3752C - Physics of Scientific Instruments**Credits Hours**

3

Lab/Studio/Field Work Hours

5

Prerequisites

- PHY 3101 or C.I.

Course Description

Applications, functions and operation of electronic instruments.

Current Fee Per Student

\$0.00

College

College of Sciences

Department

Department of Physics

PHY3802L - Intermediate Physics Laboratory**Credits Hours**

3

Lab/Studio/Field Work Hours

5

Prerequisites

- PHY 3101 or C.I.

Course Description

Laboratory work in basic measurements of physical constants; experiments in electronics, modern physics, nuclear physics, optics, and solid state physics.

College

College of Sciences

Department

Department of Physics

PHY3945 - Physics Pedagogy Seminar**Credits Hours**

1

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2048C or PHY 2053C.

Course Description

Designed for students serving as Learning Assistants in the physics department and will help LAs to integrate educational theory, pedagogy and practice.

College

College of Sciences

Department

Department of Physics

PHY4012 - Teaching Introductory Physics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3101 or C.I.

Course Description

Students build specialized matter required for teaching introductory physics by reviewing variety of physics concepts integrated with coherent teaching methods.

College

College of Sciences

Department

Department of Physics

PHY4254 - Physics of Fluids and Biofluids**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3513, PHY 3323, and MAP 2302, or C.I.

Course Description

Ideal fluids; basic equation of fluid flow; viscous flow, instability and turbulence; thermal and mass transfers in fluids; biofluid mechanics of blood circulation.

College

College of Sciences

Department

Department of Physics

PHY4324 - Electricity and Magnetism II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3323.

Course Description

Dielectrics, magnetic materials, electromagnetic waves, reflection, complex impedance, static solutions to Laplace's Equation, radiation from an accelerated charge and antennae, special relativity.

College

College of Sciences

Department

Department of Physics

PHY4424 - Optics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3101 and PHY 3323.

Course Description

Wave optics, absorption, stimulated emission, lasers, transforms, coherence, holography.

College

College of Sciences

Department

Department of Physics

PHY4445 - Lasers**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3101, MAP 2302, PHY 4424, or C.I.

Course Description

Principles of laser gain media, properties of resonators and modes, and description of specific laser systems.

College

College of Sciences

Department

Department of Physics

PHY4604 - Wave Mechanics I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHZ 3113 and PHY 3220

Course Description

Postulates of quantum mechanics, operators and observables, Schrodinger equation with simple applications.

College

College of Sciences

Department

Department of Physics

PHY4605 - Wave Mechanics II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 4604.

Course Description

Further applications of quantum mechanics, perturbation theory, scattering theory, identical particles.

College

College of Sciences

Department

Department of Physics

PHY4803L - Advanced Physics Laboratory
Credits Hours

3

Lab/Studio/Field Work Hours

5

Prerequisites

- PHY 3802L.

Course Description

Experiments in optics, electronics, nuclear and solid state physics. Emphasis on design, data, and scientific writing.

Current Fee Per Student

\$0.00

College

College of Sciences

Department

Department of Physics

PHY4912 - Directed Independent Research
Credits Hours

1 - 99

Lab/Studio/Field Work Hours

1-99

Prerequisites

- Instructor Consent Required

Course Description

Directed Independent Research

College

College of Sciences

Department

Department of Physics

PHZ - Physics Continued

PHZ3113 - Introduction to Theoretical Methods of Physics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- MAP 2302

Course Description

Analytical techniques to solve problems of physics.

College

College of Sciences

Department

Department of Physics

PHZ3150 - Introduction to Numerical Computing**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- MAC 2311C, or CI

Course Description

First exposure to computer as a calculation tool. Simple programming, problem-solving workflows, 2D and 3D visualization principles, logging, numerical methods and tools. Computer required.

College

College of Sciences

Department

Department of Physics

PHZ3151 - Computer Methods in Physics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3101.

Course Description

Non-analytical problems in physics and astronomy solved by approximation with computer assistance.

College

College of Sciences

Department

Department of Physics

PHZ3361 - The Interaction of Radiation with Matter and its Measurement**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: PHY 2054 or PHY 2049

Course Description

Radiation interaction with matter. Ionization chambers. Proportional & Geiger counters. Scintillation & scintillation counters. Semiconductor detectors. Single and Multichannel Analyzers. Gama ray and neutron detectors. Biological effects.

College

College of Sciences

Department

Department of Physics

PHZ3422 - Nanophysics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3101 or C.I.

Course Description

Physical phenomena occurring in nanometer-length scale, including nano colloids, and nano transport.

College

College of Sciences

Department

Department of Physics

PHZ3601 - Einstein's Theory of Relativity**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 2049.

Course Description

Einstein's special theory of relativity. Introduction to general relativity.

College

College of Sciences

Department

Department of Physics

PHZ4390 - Nuclear and Particle Physics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 4605 or C.I.

Course Description

The properties of the nuclei and the fundamental particles and how the universe is built from particles.

College

College of Sciences

Department

Department of Physics

PHZ4404 - Solid State Physics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PHY 3513 or C.I.

Course Description

Atomic binding, crystalline structure, diffraction and reciprocal lattice, lattice vibration, phonons, electrons in solids, energy bands, semiconductors.

College

College of Sciences

Department

Department of Physics

PHZ4624 - General Relativity
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: PHY 3101 or CI

Course Description

The underpinnings and mathematics of the General Theory of Relativity, including applications to black holes, gravitational waves, and cosmology.

College

College of Sciences

Department

Department of Physics

PLA - Paralegal/Legal Asstistant/Legal Administration

PLA3014 - Law and the Legal System
Credits Hours

3

Prerequisites

- ENC 1101

Prerequisites/Corequisites

- ENC 1101

Course Description

A survey course designed to familiarize students with the American legal system, while exposing the student to the legal profession and critical thinking.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3108 - Legal Research
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

A study of the various research tools used in legal investigation and the methods used to conduct legal research.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3155 - Legal Writing
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PLA 3108.

Course Description

A study of legal writing format and technique and the preparation of memoranda and other legal documents, using research skills learned in PLA 3108.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3205 - Civil Practice and Procedure
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

The student becomes familiar with the Florida civil procedure before trial and acquires the ability to prepare basic pleadings.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3277 - The Law of Torts
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Theories governing liability for civil injuries not arising from contractual obligations; systems and procedures used in preparation, trial and appeal of torts cases.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3306 - Criminal Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Basic concepts of substantive criminal law. The course includes examination of elements of major crimes, criminal responsibility, legal defenses, and parties to crime.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3309 - Criminal Procedure**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Rules of criminal procedure, with emphasis on Florida rules, including right to counsel, bail, search and seizure, arrest, identification, trial, and post-trial proceedings.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3871 - Law and Technology: Drones and Artificial Intelligence
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

This course prepares students to critically analyze the law as a driver and inhibitor of technology by examining innovations in automated and unmanned aircraft.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3871H - Honors Law and Technology: Drones and Artificial Intelligence
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102; Consent of Honors

Course Description

This course prepares students to critically analyze the law as a driver and inhibitor of technology by examining innovations in automated and unmanned aircraft.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA3951H - Honors Moot Court
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior Standing and Consent of Honors, and C.I.

Course Description

Interdisciplinary course on selective principles of Constitutional Law, focusing on persuasive writing, oral advocacy, public speaking, and analytical skills through UCF's appellate advocacy/mootcourt tournament.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4020 - Law and Society
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Examination of the relationship between law and American society including the impact on the legal system and legal profession of major social movements.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4022 - Contemporary Issues in Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC1102

Course Description

Analyze contemporary legal issues and interplay between state and federal law applications. Topics track current social legal issues.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4081 - Persuasion & the Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

Analysis of the law from a rhetorical perspective, examination of legal arguments leading to creation of original proposal for a new or amended law.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4156 - Legal Scholarship
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PLA3155

Course Description

Designed for advanced students interested in exploring the role of academic legal writing in legal analysis.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4160 - Law on Trial: Empirical Legal Scholarship
Credits Hours

3

Prerequisites

- PLA 3014 or C.I.

Course Description

Examine and analyze legal questions through the lens of social science and empirical study; Student will be introduced to empirical legal research.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4191 - Thinking, Like a Lawyer**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PLA3014 or equivalent

Course Description

Course designed for students interested in applying legal reasoning, with distinctive techniques and decision-making methods characteristic of legal decision-making applicable to legal and non-legal problems.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4226 - Advanced Trial Advocacy**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- (PLA 4910 and Junior Standing) or C.I.

Course Description

Litigation and trials at an advanced level; students must handle a trial from beginning to end.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4243 - Negotiation in Practice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PLA 4240 -Negotiations Alternatives in the Law

Course Description

Course focuses on advanced mediation skills as well as drafting of a mediated settlement agreements, and mediator ethics. Course includes travel requirements for mediation competitions.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4244 - Community Mediation and Conflict Resolution**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PLA3014

Course Description

Exploration of salient and accessible conflict navigation tools and theories for use in community (non-court affiliated) mediation and interpersonal conflict.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4263 - Evidence**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

An examination of statutes and cases that define rules of evidence for trial courts. Primary emphasis is on the Florida Evidence Code.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4410 - Intellectual Property Law and Practice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

This course provides a comprehensive understanding of intellectual property law and practice based on the four areas of trademark, copyright, patent and trade secrets.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4410H - Hon: Intellectual Property Law and Practice
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Junior Standing; Consent of honors

Course Description

This course provides a comprehensive understanding of intellectual property law and practice based on four areas: trademark, copyright, patent and trade secrets with honors content.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4424 - The Law of Contracts
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Basic law contracts as developed in Anglo-American law and as changed by modern statutes, including Uniform Commercial Code. Florida contract law will be emphasized.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4436 - Florida Partnerships and Corporations
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Statutory requirements of Florida partnerships and corporations; creation and dissolution of business organizations, responsibilities of officers and basic rights of stockholders.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4464 - Bankruptcy Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

This course will acquaint the student with the substantive law and procedures associated with the rights and obligations of debtors and creditors.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4472 - Employment Discrimination Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Course will address employment discrimination based on race, gender, religion, national origin, age, disability and sexual orientation. Issues such as workplace harassment will be analyzed.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4485 - Administrative Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

The law regarding governmental agencies with emphasis on the administrative process, Administrative Procedures Acts and special problems of state administrative law.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4510 - Law and Emotion
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC1102.

Course Description

An interdisciplinary survey covering the intersection of law and the various emotions that constitute the human experience.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4511 - Law and Human Behavior
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC1102

Course Description

A multidisciplinary examination of issues arising from the relationships between human behavior and the law, the legal system, and the legal process.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4525 - Disability Rights and Protections (A Legal Perspective)

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PLA 3014 or C.I.

Course Description

An in-depth review of the law surrounding disability rights and accommodations including social security benefits and the definition of "reasonableness" in various settings.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4530 - Legal Issues of the Elderly

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Legal concerns faced by older Americans as they plan their later years and seek to maximize their personal autonomy.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4545 - Military Law - the Law of War
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC1102

Course Description

US law affecting military personnel/operations, examination of military justice system, service members' constitutional rights compared to other US citizens, and law of armed conflict.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4554 - Environmental Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Environmental law and policy related to the protection of natural resources, including an examination of toxic pollutants, endangered species, and climate change.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4571 - Intercultural Legal Competence
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

This course will explore the ability of attorneys to deal with parties from different cultures, and the handling of legal disputes involving international legal systems.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4585 - Cybersecurity and the Law
Credits Hours

3

Prerequisites

- PLA3014 or equivalent.

Course Description

Course addresses legal landscape relative to cybersecurity law and policy; and is an introduction into a range of legal and policy issues associated with cybersecurity.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4607 - Estates and Trusts
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

A study of wills and trusts, and applicable legal principles of administration of estates through the processes of the Probate Court.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4705 - Professionalism & Civility in the Law
Credits Hours

3

Prerequisites

- PLA 3155; Legal Studies Major

Course Description

Provide students guidance as they interact in a real-world setting as legal professionals while strengthening their research and writing skills.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4734 - Advanced Legal Applications Computer Software
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Course will acquaint students with contemporary computer software applications used to satisfy the demands of today's law firms and law-related fields.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4764 - Law Office Practices

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Organization, operation and management of law office. Interviewing techniques and practical application of work that is done in a law office.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4806 - Domestic Relations Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

An in-depth study of family law focusing on divorce, custody, child support, alimony, adoption and other related matters with an emphasis on Florida law.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4807 - Adoption Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Course Description

This course offers a survey of adoption law. Students will learn about the adoption process, discuss relevant legal authority and learn the lawyer's role.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4813 - Juvenile Law and Procedure**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Examines both the substantive and procedural law for juvenile delinquency and dependency. Emphasis on Florida law and comparison with other jurisdictions.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4823 - Sports Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Introduction to the legal issues and regulation of sports, focusing on torts, contracts, agency and constitutional law as applied to athletes.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4825 - Entertainment Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Introduction to the control and regulation of the entertainment industry and the associated legal issues.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4830 - World Legal Systems
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

An examination of various legal traditions and systems of the World. Substantive and procedural laws will be examined.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4834 - Study Abroad: US/UK Comparative Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and junior standing.

Course Description

Legal systems structures of U.S. and United Kingdom. Comparatively examining the institutions, structure and sources of law in the Continental, Common Law and Anglo-American legal systems.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4843 - Immigration Law and Policy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

Major topics in U.S. immigration law to include the statutory, historical, and procedural foundations of U.S. immigration law and policy.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4861 - Aviation Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

The law as it applies to aviation and aerospace activities domestically and internationally, including post-9/11 national aviation policy and emerging technologies (drones).

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4886 - Sexuality, Gender, & the Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: ENC1102

Course Description

Examine and analyze legal issues concerning gender and sexuality with emphasis on right to privacy, legal theories of sex and sexual orientation, and sexual discrimination

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4887 - Law, Social Science, and the Criminal Courts
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102.

Course Description

Critically examine the use of social science in legal decision-making, particularly focusing on controversies decided by the Supreme Court of the United States.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4910 - Trial Advocacy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102

Prerequisites/Corequisites

- ENC 1102

Course Description

Analysis of the entire litigation process from the initial client interview through the appellate stage, and development of oral advocacy skills.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4935 - Capstone: Legal Issues**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior status, PLA 4705 Professionalism and Civility in Law, Legal Studies major.

Course Description

Legal and socio-legal analysis of issues that require students to synthesize their legal studies education. Service-learning course that assists students entering employment or graduate education.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4941 - Internship**Credits Hours**

1 - 99

Lab/Studio/Field Work Hours

1-99

Prerequisites

- Consent of Instructor

Course Description

Internship

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4952 - Advanced Moot Court
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PLA3951H

Course Description

In-depth exploration of new areas of constitutional law, and developing and refining oral advocacy, persuasive writing, and legal analysis skills through moot court competition.

College

College of Community Innovation and Education

Department

Department of Legal Studies

PLA4956 - Undergraduate Law Journal
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PLA 3155 and Consent of Instructor.

Course Description

Students will research, write and edit articles collectively accepted by the class for potential selection and inclusion in the Undergraduate Law Journal published each Spring.

College

College of Community Innovation and Education

Department

Department of Legal Studies

POR - Portuguese Language

POR1120C - Elementary Portuguese Language and Civilization I
Credits Hours

4

Lab/Studio/Field Work Hours

1

Course Description

Introduces the student to Portuguese culture through the major language skills: listening, speaking, reading, and writing. Open only to students with no experience in this language.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

POR1121C - Elementary Portuguese Language and Civilization II
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- POR 1120C or C.I.

Course Description

Continuation of POR 1120C. The course emphasizes the four major language skills: reading, writing, listening, and speaking.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

POR2200 - Intermediate Portuguese I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POR 1120C or equivalent or C.I.

Course Description

Development of Portuguese language skills at the intermediate level.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

POR2201 - Intermediate Portuguese II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POR 2200 or equivalent or C.I.

Course Description

Continuation of POR 2200 with emphasis on Portuguese cultures.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

POR3140 - Accelerated Portuguese for Speakers of Romance Languages**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- FRE 2201, or ITA 2201, or SPN 2201, or course equivalent.

Course Description

Accelerated Portuguese for proficient speakers of Romance Languages. It is expected that students have no prior knowledge of Portuguese.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

POR3300 - Portuguese Composition**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POR 2201 or C.I.

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Examines the foundations of Florida government and political behavior, political institutions, and public policy.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3182H - Honors Florida Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I., and consent of Honors.

Course Description

Foundations of Florida government and political behavior, political institutions, and public policy. With Honors content.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3233 - Public Opinion**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior standing or C.I.

Course Description

Nature, impact and development of public opinion, emphasizing the influence of race, gender, age, and class on opinions, voting, and political behavior.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3234 - Protest in American Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Connections between politics and protest in American politics including its impact on policy, and the implications of the generalization of protest for democracy.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3235 - Mass Media and Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Influence of media on campaigns, public officials, public opinion, the definition of political news, and selected public policies.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3235H - Honors Mass Media and Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I., consent of Honors.

Course Description

Influence of media on campaigns, public officials, public opinion, the definition of political news, and selected public policies. With Honors content.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3258 - Politics in Film**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The influence of motion pictures on popular understanding of American and international politics.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3272 - Civic Engagement**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior standing and either PAD 3003 or POS 2041 or C.I.

Course Description

Formal and informal civic engagement in the United States across levels of government, sectors of society, and modes of interaction.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3273 - Voting and Elections**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Theoretical and substantive inquiry into U.S. electoral system; includes focus on voter behavior as well as national and state electoral systems.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3413 - The American Presidency**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Examination of historical and contemporary role of the presidency, including the presidential selection process and the office's evolution in status, powers, administrative responsibilities, leadership, and decision-making.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3424 - Congress and the Legislative Process**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Examination of the Congress as an institution undergoing dynamic change; emphasis upon recruitment of legislators, institutional and informal rules, the committee system, legislative procedures.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3443 - Political Parties and Processes**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

In-depth study of the American political party system in the context of changing American politics; topics include development, organization, reforms, legislative and executive roles.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3463 - Interest Groups**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Analyzes the non-electoral behavior of economics, ideological, and citizen groups; political action committees; and the proliferation of interest organizations over the past quarter century.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3703 - Scope and Methods of Political Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

The scope and methodology of political analysis. Extensive examination of the discipline, research design and methodology.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3703H - Honors Scope and Methods**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 and consent of Honors.

Course Description

Scope and methodology of political analysis. Discipline-specific research design, research process, methods of investigation and analysis, survey research, sampling, qualitative research, and ethical considerations.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3733 - Designing Political Science Research**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or INR 2002 or C.I.

Course Description

Logic of inquiry, research design, literature review; research ethics; case studies and case selection; other qualitative methods, such as interview techniques and content analysis.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS3949 - Cooperative Education in Political Science
Credits Hours

0 - 99

Lab/Studio/Field Work Hours

8

Prerequisites/Corequisites

- Departmental permission required before registering.

Course Description

Cooperative education experience in political science.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4023 - The Politics of LGBTQ+ Policy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102.

Course Description

Examines LGBTQ+ politics in the US. Topics include: political activism, civil rights, socio-political backlash, political behavior and representation, marriage equality and other LGBTQ+ policies.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4030 - The Politics of Sports**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Emergent concerns in sports policy, institutional interventions in sports regulations, the politics of sports arenas and teams, and civic and political engagement through sports.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4074 - Latino Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Political characteristics of the Latino community in the United States and its impact on U.S. national and international politics and policies.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4142 - Metropolitan Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Analysis of political patterns, processes, and issues in American communities. Intergovernmental relations and structural and political arrangements in the existing and emerging metropolitan areas.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4204 - Political Behavior**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Mass political behavior, concentrating on voting and participation, primarily in the United States.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4206 - Political Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The psychological analysis of political behavior, with emphasis on the individual rather than the political system; includes political attitudes and communication, leadership, and personality influences on politics.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4244 - Political Socialization**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Examines acquisition and development of political values, beliefs, attitudes, and opinions; how individuals learn about politics; and influences on political development, behavior, and opinion.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4284 - Judicial Process and Politics**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Study of the formal and informal judicial process. Legal culture, bureaucratic model, judicial recruitment and outputs, comparative judicial behavior.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4300 - Research Methods and Intelligence**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 3703

Course Description

The application of unique quantitative skills for intelligence research. Explores how to plan, collect, process, analyze, and disseminate analytical research products, particularly under uncertain conditions.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4407 - The Intelligence Community**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

The intelligence community structure in its relationship to foreign policy decision making, consideration of control and reliability questions, and issues of cooperation and coordination.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4412 - Presidential Campaigning**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102.

Course Description

Introduces the process of candidate selection, convention behavior, actual campaign process and the transition of power.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4603 - American Constitutional Law I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Development of American federalism and national power, commerce clause, and nationalization of the economy.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4604 - American Constitutional Law II
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Development of civil liberties and civil rights in the American federal system.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4622 - Politics and Civil Rights
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Examination of civil rights issues in the context of political behavior, political institutions and public policy since 1865.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4623 - Guns, Freedom and Citizenship
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041, or CI

Course Description

Examines the relationship between individual gun ownership and the meaning of freedom, citizenship, and rights in the United States and selected countries.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4682 - National Security Law**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or C.I.

Course Description

Domestic and International legal authority affecting US national security and control of the key instruments of national security.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4700 - Teaching American Politics and Government**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

Overview of teaching and learning U.S. and Florida politics and government in elementary, middle and high school focusing on Florida civics and government benchmarks.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4764 - GIS for Political Analysis**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 and ENC 1102.

Course Description

Use of mapping and other spatial methods in political science research.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4941 - Political Science Internship**Credits Hours**

0 - 99

Lab/Studio/Field Work Hours

9-Mar

Prerequisites/Corequisites

- C.I.

Course Description

Internship working with the national, state, county or municipal government. Assignments with selected civic organizations, elected or appointed officials.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POS4961 - Exit Course**Credits Hours**

0

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 and Senior Standing.

Course Description

Complete the departmental exit exam during the semester of graduation.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT - Political Theory

POT3206 - Political Ideals and the U.S. Constitution**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- POS 2041 or AMH 2020 or ENC 1102 or equivalent.

Course Description

Documents-based course examining the ideals and origins of those ideals shaping the U.S. Constitution. Analyzes how constitutional principles are reflected in political and governing documents.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT3302 - Modern Political Ideologies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102.

Course Description

A study of modern ideologies since the French Revolution including liberalism, conservatism, capitalism, nationalism, fascism and anarchism.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT4003 - Political Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102.

Course Description

Examination of various normative approaches to the study of political science, stressing contemporary developments in the field.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT4025 - Ancient, Medieval and Early Modern Political Philosophy

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102.

Course Description

Study of the development of political and social ideas in western thought from early Greece through the 17th century.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT4066 - Contemporary Political Theory

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102.

Course Description

Study of the contemporary debate about the status of rights, utilitarianism, and liberalism, and communitarian Marxist, libertarian, and feminist critiques of liberalism.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT4109H - Honors Politics and Literature**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior standing.

Course Description

Politics and political process through the medium of literature.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT4305 - Democracy, Capitalism, and the Individual**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or C.I.

Course Description

An examination of the institutions of capitalism and democracy as the means of organizing, respectively, an economy and a polity.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT4314 - Contemporary Democratic Theory**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Study of democratic theories, emphasizing liberal democracy and its critics, elitist theories, participatory democracy, citizen participation, and relevance of empirical research to democratic theory.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT4331 - Utopia/Dystopia**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102.

Course Description

Examines political issues, such as justice, economic distribution and social organization by exploring both classic and contemporary utopias and dystopias.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

POT4632 - Religion and Politics

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

Institutional and individual relationship of religion and politics including globalization, fundamentalism, secularization, American exceptionalism, political behavior, and the religious origins of current secular concepts.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

PPE - Psychology of Personality

PPE3003 - Personality Theory and Research

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

A survey of theory and research on the development of personality characteristics.

College

College of Sciences

Department

Department of Psychology

PPE3003H - Honors Personality Theory
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012 and Consent of Burnett Honors College.

Course Description

Theory and research on the development of personality characteristics. With Honors content.

College

College of Sciences

Department

Department of Psychology

PSB - Psychobiology

PSB3002 - Physiological Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

The physiological basis of behavior, emphasizing the relationship between the nervous system and behavior.

College

College of Sciences

Department

Department of Psychology

PSB3002H - Honors Physiological Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012H and consent of Honors.

Course Description

Physiological basis of behavior, emphasizing the relationship between the nervous system and behavior. With Honors content.

College

College of Sciences

Department

Department of Psychology

PSB3441 - Psychobiological Aspects of Drugs**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

An advanced course designed for web instruction. Focuses on pharmacology, neurophysiology and neuroanatomy as the foundation of understanding behavior and social consequences of drug use.

College

College of Sciences

Department

Department of Psychology

PSB3842 - Sleep and Dreams**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

An overview of the psychological and physiological foundations of sleep and dreams. Concrete facts and disturbances of sleep. Cultural perspectives on, and contemporary applications of dreams.

College

College of Sciences

Department

Department of Psychology

PSB4240 - Neuropsychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSB 3002.

Course Description

Study of brain function, with particular emphasis on human behavior.

College

College of Sciences

Department

Department of Psychology

PSC - Physical Sciences

PSC1121 - Physical Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- High school algebra or MAC 1105C.

Course Description

Fundamental laws of mechanics, heat, waves, electricity, magnetism; chemical processes and equations, properties of gases, liquids, solids, solutions.

College

College of Sciences

Department

Department of Physics

PSC1801 - Physics in Films**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- High school algebra.

Course Description

Physics using film as a vehicle of education. Not open to students with credit in PSC 1121.

College

College of Sciences

Department

Department of Physics

PSC3911 - FLC Physical Science Capstone R/I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Junior or Senior level in chemistry or physics and C.I

Course Description

Summer capstone course with extra-mural partners, including physics and chemistry departments of the Florida Consortium of Metropolitan Universities, National laboratories and local industry.

College

College of Sciences

Department

Department of Physics

PSY - Psychology

PSY2012 - General Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

A survey of the basic principles, theories, and methods of contemporary psychology, including the study of human diversity.

College

College of Sciences

Department

Department of Psychology

PSY2012H - Honors General Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Permission of Honors.

Course Description

A survey of the basic principles, theories, and methods of contemporary psychology, including the study of human diversity. Honors-level content.

College

College of Sciences

Department

Department of Psychology

PSY3022C - Academic Counseling**Credits Hours**

3

Lab/Studio/Field Work Hours

8

Prerequisites/Corequisites

- PSY 2012.

Course Description

Psychology majors only. Research findings, theory, models and techniques of academic counseling and career advising.

College

College of Sciences

Department

Department of Psychology

PSY3024 - Psychology: Career Readiness I**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

What it means to be a psychology major, career opportunities upon graduation, and different graduate school paths.

College

College of Sciences

Department

Department of Psychology

PSY3074 - Psychology: Career Readiness II**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites

- PSY 2012 and PSY 3023 and Psychology BS major.

Course Description

Focuses on developing employability and taking steps toward individual career goals, in Psychology.

College

College of Sciences

Department

Department of Psychology

PSY3204C - Statistical Methods in Psychology**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- PSY 2012, and either STA 2014 or STA 2023; or C.I.

Course Description

Standard scores, confidence intervals, sampling distributions, hypothesis testing, correlation and regression as applied to research in psychology.

College

College of Sciences

Department

Department of Psychology

PSY3204K - Honors Statistical Methods in Psychology**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Course Description

Standard scores, confidence intervals, sampling distributions, hypothesis testing, correlation and regression as applied to research in psychology. With Honors content.

College

College of Sciences

Department

Department of Psychology

PSY3213C - Research Methods in Psychology**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- PSY 2012 , PSY 3204C, and either STA 2014C or STA 2023 .

Course Description

Investigation of experimental designs and research methods utilized in psychology. Laboratory outcomes will be statistically analyzed and reported in APA format.

College

College of Sciences

Department

Department of Psychology

PSY3213K - Honors Research Methods in Psychology**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- PSY 2012 , PSY 3204C and STA 2014C or STA 2023 and consent of the Honors College

Course Description

Investigation of experimental designs and research methods utilized in psychology. Laboratory outcomes will be statistically analyzed and reported in APA format. With Honors content.

College

College of Sciences

Department

Department of Psychology

PSY3302 - Psychological Measurement**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012 and STA 2014 or STA 2023.

Course Description

A study of the theory underlying psychological tests and measurements procedures, including reliability, validity, and item analysis.

College

College of Sciences

Department

Department of Psychology

PSY3320C - Survey Methods in Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- PSY 3204C.

Course Description

Sampling methods, questionnaire construction, and interpretation of results.

College

College of Sciences

Department

Department of Psychology

PSY3625 - Science and Pseudoscience in Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012 or C.I.

Course Description

Critically evaluates fringe-science, paranormal, and otherwise unusual beliefs about human behavior. Scientific methodology is used to evaluate bizarre claims such as ESP, astrology, voodoo, mind control, and alien abduction.

College

College of Sciences

Department

Department of Psychology

PSY3630 - Psychology of Human-Animal Interaction**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012 and Psychology major, or C.I.

Course Description

Psychological aspects of human relationships with animals.

College

College of Sciences

Department

Department of Psychology

PSY3905 - Directed Independent Study
Credits Hours

0 - 99

Lab/Studio/Field Work Hours

0-99

Course Description

Directed Independent Study

College

College of Sciences

Department

Department of Psychology

PSY3951 - Undergraduate Field Work
Credits Hours

1 - 99

Prerequisites/Corequisites

- Senior standing and C.I.

Course Description

Placement in a community agency for supervised experience in applications of psychology to community problems.

College

College of Sciences

Department

Department of Psychology

PSY4025 - The Psychology of Art
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Discussion of the psychological perspectives on art to gain a greater understanding and enhanced appreciation for the process and products of creativity.

College

College of Sciences

Department

Department of Psychology

PSY4049 - Psychology Capstone**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSB 3002 and PSY 3213C and PSY 4604, and Psychology Major.

Course Description

Refresh and apply knowledge in core areas of psychology to cutting edge research in applied disciplines.

College

College of Sciences

Department

Department of Psychology

PSY4215C - Advanced Research Methods in Psychology**Credits Hours**

4

Lab/Studio/Field Work Hours

2

Prerequisites/Corequisites

- PSY 3213C and consent of honors.

Course Description

Design, analysis, and interpretation of complex research projects in psychology.

College

College of Sciences

Department

Department of Psychology

PSY4215K - Honors Advanced Research Methods in Psychology**Credits Hours**

4

Lab/Studio/Field Work Hours

2

Course Description

Design, analysis, and interpretation of complex research projects in psychology with honors level content.

College

College of Sciences

Department

Department of Psychology

PSY4604 - History and Systems of Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012 and Junior standing.

Course Description

Historical development of psychology, with emphasis on classical theoretical positions.

College

College of Sciences

Department

Department of Psychology

PSY4604H - Honors History and Systems in Psychology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012 and Junior standing and consent of Honors.

Course Description

Historical development of psychology, with emphasis on classical theoretical positions. With Honors content.

College

College of Sciences

Department

Department of Psychology

PSY4860 - Positive Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012

Course Description

The scientific study of positive human experiences.

College

College of Sciences

Department

Department of Psychology

PSY4912 - Directed Independent Research
Credits Hours

0 - 9

College

College of Sciences

Department

Department of Psychology

PSY4942 - Instructional Experiences in Undergraduate Psychology
Credits Hours

1

Prerequisites/Corequisites

- PSY 2012 and CI.

Course Description

Prepares undergraduate students to more effectively learn psychology concepts by facilitating learning in variety of university psychology classrooms and labs.

College

College of Sciences

Department

Department of Psychology

PUP - Public Policy

PUP3014 - Comparative Public Policy
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- POS 2041 or CPO 3103 or C.I.

Course Description

Areas of public policy such as immigration, education, trade, taxation, and fiscal policy in selected countries.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

PUP3203 - Environmental Politics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102 or POS 2041 or C.I.

Course Description

An examination of politics and policymaking concerning issues of conservation, pollution and development of land, air, and water resources.

College

College of Sciences

Department

School of Politics, Security, and International Affairs

PUP3204 - Sustainability**Credits Hours**

\$20.00

College

College of Business Administration

Department

Department of Integrated Business

QMB4700 - Managerial Decision Making
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- GEB 3031 and MAN 3025.

Course Description

Computer-based quantitative decision models (including linear programming and extensions, queuing, network models, simulation) and decision support systems for business organizations.

College

College of Business Administration

Department

Department of Management

QMB4911 - Capstone Project in Business Analytics
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- QMB 3252

Prerequisites/Corequisites

- ECO 3410, ECO 4422, and ECO 4443

Course Description

Learners will bring together all of the tools learned in the program to solve a business analytics problem.

College

College of Business Administration

Department

Department of Economics

REA - Reading

REA1105 - College Reading I
Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

College reading improvement focusing on content areas and advanced study skills, comprehension, vocabulary growth, reading rate, note taking, and test preparation.

College

College of Community Innovation and Education

Department

School of Teacher Education

RED - Reading Education

RED3012 - Basic Foundations of Reading
Credits Hours

3

Prerequisites

- EDF 2005, admission to the Elementary Education B.S. - Pending, Elementary Education B.S - Education Track, Elementary Education B.S.- K-6 Certification track, Elementary Education B. S.- Professional Studies track, Elementary Education B.S. - Lifelong Learning Track, Exceptional Education B.S.- pending, Exceptional Education B.S., Exceptional Education B.S.-Lifelong Learning track, Early Childhood Development and Education, Track 1: Education, Pre-Kindergarten - Primary (PK-3) (B.S.) or C.I.

Course Description

Principles, procedures, and current practices for teaching reading. Specific techniques and materials for word identification, content reading and comprehension.

College

College of Community Innovation and Education

Department

School of Teacher Education

RED3310 - Early Reading, Writing and Language Arts**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to the Early Childhood Program, EEC 3700, EEC 4661, EEC 4268 and gpa 2.75 or Instructor Consent

Course Description

Emergent reading/writing processes during preschool, kindergarten, and first grade; methods for implementing integrated language arts curriculum; guiding developmental early childhood language experiences.

College

College of Community Innovation and Education

Department

School of Teacher Education

RED4043 - Content Reading in Kindergarten through Grade 12**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior or senior standing.

Course Description

Admission to the teacher education program. Content literacy in the K-12 school curriculum; Principles, strategies, assessment, and promising practices.

College

College of Community Innovation and Education

Department

School of Teacher Education

RED4311 - Primary Reading, Writing, and Language Arts Curriculum and Assessment
Credits Hours

Lab/Studio/Field Work Hours

0

Prerequisites

- (EEC 4604, EEC 4207, EEX 3450, RED 3012, and TSL 4240), and senior standing

Corequisites

- EEC 4235C, MAE 4300 and SCE 4304

Course Description

Methodologies for teaching and assessing young children in reading, writing, and language arts in the elementary grades.

College

College of Community Innovation and Education

Department

School of Teacher Education

RED4519 - Diagnostic and Corrective Reading Strategies
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- RED 3012

Course Description

An investigation of the needs of individual learners in reading instruction. Organization and techniques for promoting optimum reading growth. Concurrent school experiences required.

College

College of Community Innovation and Education

Department

School of Teacher Education

RED4942 - Practicum for Assessment and Instruction of Reading
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- RED 3012, RED 4519, and admission to Elementary Education B.S. - Education Track or Exceptional Student Education B.S.

Corequisites

- EDE 3942 or C.I.

Prerequisites/Corequisites

- RED 4519.

Course Description

Practicum that provides opportunity to apply knowledge of reading assessment and instruction in order to increase reading proficiency of struggling readers. Concurrent school experience required.

College

College of Community Innovation and Education

Department

School of Teacher Education

REE - Real Estate

REE3043 - Fundamentals of Real Estate

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Sophomore standing.

Course Description

Application of basic tools of economics, finance, and marketing to solve private and public sector real estate problems.

College

College of Business Administration

Department

Department of Finance

REE3433 - Real Estate Law
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Junior standing.

Course Description

An analysis of real estate law with emphasis on Florida statutes and case law.

College

College of Business Administration

Department

Department of Finance

REE3614 - Environmental Issues for Real Estate
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- REE 3043, REE 3433; open to majors or minors which require this course.

Course Description

Political, cultural, institutional and scientific mechanisms which shape environmental policy. The effects of hazard, risk and uncertainty in policy development.

College

College of Business Administration

Department

Department of Finance

REE4103 - Real Estate Appraisal and Valuation
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- FIN 3403.

Course Description

Focus on the fundamentals of real estate valuation utilizing tools of financial and economic analysis.

College

College of Business Administration

Department

Department of Finance

REE4203 - Commercial Real Estate Finance
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- FIN 3403; open to majors or minors which require this course.

Course Description

The practice of commercial real estate finance; emphasis on lender and borrower decision making and secondary markets.

College

College of Business Administration

Department

Department of Finance

REE4204 - Residential Real Estate Finance
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- FIN 3403; open to majors or minors which require this course.

Course Description

Study of the practice of residential real estate finance; emphasis on lender and borrower decision making and secondary markets.

College

College of Business Administration

Department

Department of Finance

REE4303 - Real Estate Investment Analysis
Credits Hours

Lab/Studio/Field Work Hours

0

Prerequisites

- Permission of Honors.

Course Description

Basic features and historical background of Confucianism, Taoism, Hinduism, Buddhism, Judaism, Christianity, and Islam. Honors-level content.

College

College of Arts and Humanities

Department

Department of Philosophy

REL3045 - Interfaith Dialogue**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- A grade of 'C' (2.0) or better in REL 2000 or REL 2300; or C.I.

Course Description

Basic concepts and issues associated with interfaith and interreligious studies.

College

College of Arts and Humanities

Department

Department of Philosophy

REL3076 - Cults, Minority Religions, and New Religious Movements**Credits Hours**

3

Prerequisites

- REL 2000 or REL 2300 or equivalent

Course Description

Theoretical and methodological issues in studying minority religions and new religious movements, including history, internal structure, socio-cultural relevance of particular cults or alternative religious movements.

College

College of Arts and Humanities

Department

Department of Philosophy

REL3101 - Religion in Popular Culture**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- REL 2000, REL 2300 or C.I.

Course Description

Religion in popular culture & popular culture as non-traditional religion by means of various postmodern, theoretical perspectives with emphasis on religious dynamics in secular culture.

College

College of Arts and Humanities

Department

Department of Philosophy

REL3111 - Religion and Philosophy Through Film**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 and either PHI 2010 or REL 2300 or FIL 1000.

Course Description

Religious & philosophical themes encountered in contemporary film. It unites religion, philosophy & film by means of a critique of cultural productions of meaning, value and purpose.

College

College of Arts and Humanities

Department

Department of Philosophy

REL3115 - Religion, Spirituality, and Popular Music
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- HUM 2230 or REL 2300.

Course Description

Contemporary spiritual sensibilities encountered at the intersection of religion, philosophy, and popular music.

College

College of Arts and Humanities

Department

Department of Philosophy

REL3123 - Asian Religions in America
Credits Hours

3

0

Prerequisites

- ENC 1102H, Junior standing and Consent of Honors.

Course Description

Comparative study of the approaches toward medicine & healing in different religious traditions in the U.S. and in the wider world. With Honors content.

College

College of Arts and Humanities

Department

Department of Philosophy

REL4496 - Key Concepts in Religion and Cultural Studies**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- REL 2000, or C.I.

Course Description

Study of the development, meaning, and implications of a central concept in Religious Studies.

College

College of Arts and Humanities

Department

Department of Philosophy

REL4910 - Senior Research Seminar**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Senior standing and Religious Studies major, or C.I.

Course Description

Capstone course on research, developing effective oral and written communication skills.

College

College of Arts and Humanities

Department

Department of Philosophy

REL4936 - Key Figures in Religion and Cultural Studies
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- REL 2000, or C.I.

Course Description

Study of a central figure's work, influences, and effect.

College

College of Arts and Humanities

Department

Department of Philosophy

RTV - Radio Television

RTV2100 - Writing for the Electronic Media
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ENC 1102, RTV Major.

Course Description

Practical experience in writing for various electronic media including radio, television, corporate, and digital media. Scripting requirements, writing styles and creative applications.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3007 - Development and Structure of Electronic Media and New Technology**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- SPC 1608 or SPC 1603C or COM 1000 or C.I.

Course Description

Nature of the media, the mechanics of operation of analog and digital systems, history, economics, programming, and internal and external controls.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3301 - Electronic Journalism I**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Journalism major and a minimum grade of "C" (2.0) in JOU 2100C.

Course Description

Newswriting and newsgathering skills and strategies and their accompanying ethical considerations for analog and digital delivery of broadcast journalism.

Current Fee Per Student

\$17.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3304 - Electronic Journalism II**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Journalism major, and a minimum grade of "C" (2.0) in RTV 3301 and RTV 3321 or C. I.

Prerequisites/Corequisites

- Journalism major, and a minimum grade of "C" (2.0) in RTV 3301 and RTV 3321 or C. I.

Course Description

Newswriting and newsgathering strategies learned in RTV 3301 are integrated into a newsgathering context for actual production of analog and digital radio and television news packages.

Current Fee Per Student

\$23.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3321C - Electronic News Gathering**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- JOU 2100 and status as either an RTV or Journalism major, or C.I.

Course Description

An introduction to the profession and video news. Students plan, research, report, write and execute electronic news productions from concept to finished product.

Current Fee Per Student

\$20.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3511 - Production Fundamentals and Aesthetics of Electronic Media**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Either SPC 1608, SPC 1603, or COM 1000, or C.I.

Course Description

Technical and creative concepts of analog and digital electronic media production for radio, television, and multimedia delivery systems.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3531 - Principles of Videography**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- RTV 3511 and RTV Major.

Corequisites

- RTV 3576C

Course Description

Technical and aesthetic requirements of analog and digital single-camera video production, including techniques for electronic news gathering (ENG) and electronic field production (EFP). Students should expect significant work in the RTV facility outside of class.

Current Fee Per Student

\$24.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3543C - Principles of Studio Production**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- RTV Major - Production Specialization; RTV 3511

Course Description

Analog and digital television studio production including audio mixers, microphones, tape recorders, cameras, video switchers, lighting, and electronic graphics. Significant work in RTV facility outside of class.

Current Fee Per Student

\$25.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3556C - Audio Production I**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- RTV 3511 and RTV Major- Production Specialization.

Course Description

Audio production theory & recording techniques utilizing various microphone types, & digital non-linear audio computer-based editing equipment. Significant work in RTV facility outside of class.

Current Fee Per Student

\$17.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV3571C - Advanced Video Post-Production
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- RTV 3531 and RTV Major - Production Specialization.

Course Description

Advanced post-production techniques for analog and digital video, including A/B roll time code editing, digital video effects, electronic graphics, and non-linear video.

Current Fee Per Student

\$20.00

College

College of Sciences

Department

Nicholson School of Communication and Media

Credits Hours

1 - 3

Lab/Studio/Field Work Hours

9

Prerequisites/Corequisites

- C.I., RTV Major, and either RTV 3556C, RTV 3543C, or RTV 3531.

Course Description

Student will serve in some position of responsibility for UCF Weekly News or other RTV program.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4401 - Mass Media Effects
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: RTV 4403

Course Description

How people process mass media messages, and in turn, what effects they have on individuals.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4403 - Electronic Media, Technology, and Society
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- MMC 2004 and Journalism major; or

Course Description

Theories of mass communication, mass communication effects, and emerging communication technologies, including digital media.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4406 - Electronic Media Audience Measurement
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Radio Television major and RTV 3007 or CI

Course Description

Audience research applied in broad range of media industries including broadcasting and social media.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4503 - Sports Programming in Electronic Media
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Either SPC 1608, COM 1000, RTV 3007, or C.I.

Course Description

Factors that determine how sporting events are constructed for programming on broadcast stations, cable television, and other forms of electronic media.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4505 - Program Issues for TV & Motion Pictures**Credits Hours**

3

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- RTV 3007 or FIL 2030 or C.I.

Course Description

An examination of program development theories, strategies and issues in the television and motion picture industries. Students should expect significant work in the RTV lab facility outside of class.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4544 - Media Production Capstone**Credits Hours**

4

Lab/Studio/Field Work Hours

0

Prerequisites

- RTV 3531, RTV3576C , RTV 3543C and departmental consent.

Course Description

Advanced techniques in production and directing television programs and video projects both in-studio and on-location.

Current Fee Per Student

\$24.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4561C - Radio Production and Programming
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites/Corequisites

- RTV 3511 and RTV Major - Production or Media Management & Operations specialization.

Course Description

Study and production of current radio formats, the integration of digital resources, and their effects on today's radio listener. Students should expect significant work in the RTV lab facility outside of class.

Current Fee Per Student

\$12.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4591C - Webcasting I

Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- RTV Major

Prerequisites/Corequisites

- RTV 3590C

Course Description

Presentation of broadcast material on web. Integrates the distribution of radio, television, & web content. Significant work in the RTV lab facility outside of class.

Current Fee Per Student

\$15.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4681C - Television News**Credits Hours**

4

Lab/Studio/Field Work Hours

1

Prerequisites

- Complete all of the following
 - Journalism major, C.I. or
 - Earn a minimum grade of C in each of the following:
 - RTV3304 - Electronic Journalism II (3)

Course Description

Weekly campus newscast production. Daily newsgathering/production conducted by students under advisement of instructor functioning as news director. Significant work in RTV lab outside classroom.

Current Fee Per Student

\$25.00

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4700 - Regulation of Broadcasting**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- RTV Major or Mass Comm. minor, and RTV 3007.

Course Description

Federal, state, local and self-regulatory agencies and practices which govern electronic media.

College

College of Sciences

Department

Nicholson School of Communication and Media

RTV4800 - Broadcast Management
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- RTV Majors only.

Course Description

Examination of broadcast management problems in station operations at local, regional, and national levels.

College

College of Sciences

Department

Nicholson School of Communication and Media

RUS - Russian Language

RUS1120 - Elementary Russian Language and Civilization I
Credits Hours

4

Lab/Studio/Field Work Hours

1

Course Description

Introduces the student to Russian culture through the major language skills: listening, speaking, reading and writing. Open only to students with no experience in this language.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

RUS1121 - Elementary Russian Language and Civilization II
Credits Hours

4

Lab/Studio/Field Work Hours

1

Prerequisites

- RUS 1120 or equivalent.

Course Description

Continuation of RUS 1120.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

RUS2200 - Intermediate Russian Language and Civilization I
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- RUS 1121 or equivalent.

Course Description

Development of language skills and cultural knowledge at the intermediate level.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

RUS2201 - Intermediate Russian Language and Civilization II
Credits Hours

3

Lab/Studio/Field Work Hours

1

Prerequisites

- RUS 2200 or equivalent.

Course Description

Continuation of RUS 2200, with emphasis on Russian civilization.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

RUS3240 - Russian Conversation**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- RUS 2201 or equivalent.

Course Description

Development of skills in conversation and comprehension through practice.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

RUS3760 - Advanced Russian Oral Communication**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- RUS 2201 or equivalent.

Course Description

Vocabulary building with systematic training in diction and locution. Speeches and oral presentations as well as production and delivery of real-life dialogues.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

RUT - Russian Culture in Translation

RUT3505 - Russian Culture and Civilization

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- ENC 1102 or C.I.

Course Description

Russian culture and civilization through a variety of topics and media.

College

College of Arts and Humanities

Department

Department of Modern Languages and Literatures

SCC - Security

SCC3003 - Physical Security

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- SCC 3311 or C.I.

Course Description

Concepts and procedures for the development, implementation, and management of a physical security program and its application to assets protection.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

SCC3311 - Security Administration

Credits Hours

3

Lab/Studio/Field Work Hours

0

Course Description

Discussion of modern security administration and security-law enforcement interface, emphasizing a systems approach and utilizing the design of a security plan for a plant.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

SCC3316 - Transportation Security

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- CCJ 3024

Course Description

This course examines the intersection between the transportation security industry, public law enforcement and private security.

College

College of Community Innovation and Education

Department

Department of Criminal Justice

SCE - Science Education

SCE3053 - Elementary Science for Teaching

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Admission to Elementary Education B.S. Pending, Education Track, K-6 Certification Track, Professional Studies Track, Lifelong Learning Track or C.I.

Course Description

This course offers a content knowledge base for elementary school science to address national and state standards.

College

College of Community Innovation and Education

Department

School of Teacher Education

SCE3310 - Teaching Science in Elementary School

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- SCE 3XXX Elementary Science for Teaching and admission to Elementary Education B.S - Education Track or Lifelong Learning Track or C.I.

Corequisites

- SCE 3XXX Elementary Science for Teaching and admission to Elementary Education B.S - Education Track or Lifelong Learning Track or C.I.

Prerequisites/Corequisites

- SCE 3XXX Elementary Science for Teaching and admission to Elementary Education B.S - Education Track or Lifelong Learning Track or C.I.

Course Description

Selected concepts; organizing for instruction; techniques; evaluation procedures.

Current Fee Per Student

\$10.00

College

College of Community Innovation and Education

Department

School of Teacher Education

SCE4304 - Teaching Science and Technology to Young Children
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- (EEC 4604, EEC 4207, EEX 3450, RED 3012, and TSL 4240), and senior standing

Corequisites

- EEC 4235C, MAE 4300, and RED 4311

Course Description

Provides the knowledge and skills needed to plan and implement a discovery science/design technology program for young children in an integrated, interactive curriculum.

College

College of Community Innovation and Education

Department

School of Teacher Education

SCE4360 - Science Instructional Analysis
Credits Hours

4

Lab/Studio/Field Work Hours

0

Corequisites

- SCE 3940.

Prerequisites/Corequisites

- EDG 4410 or C.I.;

Course Description

Course objectives for a school curriculum and methods and materials for the middle grades and high school.

Current Fee Per Student

\$10.00

College

College of Community Innovation and Education

Department

School of Teacher Education

SCE4361 - Programs in Teaching Science**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Admission to the Bachelor of Science in Science Education program or C.I.

Course Description

Special programs, strategies, and materials for middle and secondary school science education majors.

College

College of Community Innovation and Education

Department

School of Teacher Education

SCE4633 - Secondary Science Curriculum**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- PR: Admission to Secondary Education B.S Pending or Secondary Education B.S. Science Education Track or Lifelong Learning Track or C.I.

Course Description

This course examines science curricula (Grades 6-12 and strategies for promoting conceptual development, inquiry learning, technology, and social justice for all students.

College

College of Community Innovation and Education

Department

School of Teacher Education

SCE4933 - Seminar on Secondary Science Education

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Admission to Secondary Education B.S. - Science Education Track or Science Education Lifelong Learning Track, or Science Education minor, or C.I.

Course Description

This seminar examines the nature of science, major philosophical and historical developments of science, and their implications on the science classroom.

Department

School of Teacher Education

SLS - Student Life Skills

SLS1282 - Foundations of American University Life

Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- C.I.

Course Description

Orientation of international students to American cultural contexts. Success through active, learner-centered dynamics. Methods to sustain student success beyond the first year and the university.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

SLS1501 - Strategies for Success in College
Credits Hours

1 - 3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- First Time in College (FTIC) standing or C.I.

Course Description

Assist student transition to the University by developing important academic, life, and study skills that promote student success and persistence through first year and beyond.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

SLS2311C - Overview of Select Medical Careers
Credits Hours

2

Lab/Studio/Field Work Hours

1

Course Description

An overview of the pre-health professions process for careers in medicine, dentistry, veterinary, optometry, pharmacy, podiatry, and chiropractic.

College

College of Medicine

Department

College of Medicine Burnett School of Biomedical Sciences

SLS2400 - Personal Leadership**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites

- Enrolled in IES Program.

Course Description

An entryway into personal leadership, motivation, finances, integrity, and time management. Topics covered include budgeting, intrinsic versus extrinsic motivation, intercultural competence, and career management.

College

College of Community Innovation and Education

Department

Department of Counselor Education & School Psychology

SLS2715 - Peer Educator Leadership**Credits Hours**

2

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- Orientation Team Members or C.I.

Course Description

Training peer educators in helping strategies applicable to their peer leadership positions.

College

College of Community Innovation and Education

Department

Department of Educational Leadership & Higher Education

SLS3933 - COS New Transfer Seminar

Credits Hours

1

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- COS Major; First-term transfer student with 60+ hours.

Course Description

Designed to help new transfer students connect, acclimate and succeed at UCF and in the College of Sciences. Students will explore their respective College of Sciences majors, develop relevant skills and discover how or if their major aligns with their goals and intended career.

College

College of Sciences

Department

College of Sciences Dean's Office

SOP - Social Psychology

SOP2772 - Sexual Behavior

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

Physiological, social, and clinical aspects of human sexuality.

College

College of Sciences

Department

Department of Psychology

SOP3004 - Social Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

Effects of social situations and social variables on the behavior of individuals.

College

College of Sciences

Department

Department of Psychology

SOP3723 - Cross Cultural Psychology
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

Exploration of theories, issues, and research concerned with the psychological understanding of under-represented minority groups.

College

College of Sciences

Department

Department of Psychology

SOP3724 - Psychology of Prejudice**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

Examination of literature relating to prejudice toward groups and individuals, development and maintenance of prejudice, and possible ways to reduce prejudice.

College

College of Sciences

Department

Department of Psychology

SOP3742 - Psychology of Women**Credits Hours**

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- PSY 2012.

Course Description

Examination of the psychological impact of changing sex roles on women in modern society. Topics include child rearing, working women, and sex differences in personality and cognition.

College

Evidence-based methods addressing behavioral, social/emotional, and communication challenges of persons with communicative disorders. Design, implement and evaluate behavioral methods, intervention plans, and therapeutic goals for children with communicative disorders.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4032 - Audiology

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- SPA 3101 and Junior Standing, or C.I.

Course Description

Physics of sound, anatomy of hearing mechanism, pure tone audiometry, hearing aids, problems of the deaf and hard of hearing. Clinical skills development required.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4326 - Hearing Disorders Across the Lifespan
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites

- SPA 3011 or SPA 3011C and SPA 4032 and Senior Standing or C.I.

Course Description

Primary and secondary consequences of hearing loss across the lifespan including hearing impairments and communication limitations.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4400 - Language Disorders Across the Life Span
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- LIN 3716 and Junior Standing, or C.I.

Course Description

Etiology, assessment, and management of language disorders in children, adolescents, and adults, including those associated with autism, traumatic brain injury, learning disabilities, and dementia.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4476 - Speech Disorders Across the Lifespan
Credits Hours

3

Prerequisites/Corequisites

- SPA 3101, and SPA 3112C and Junior Standing, or C.I.

Course Description

Causes and characteristics of speech and swallowing disorders in children and adults, including those affecting articulation, phonation, resonance, fluency, and feeding and swallowing.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4478 - Multicultural Aspects of Communication Disorders & Differences
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- LIN 3716, Senior Standing, or C.I.

Course Description

Cultural and linguistic diversity among individuals with communication disorders and differences. Special emphasis on African, Hispanic, Asian, and Native American.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4555 - Counseling in Communication Disorders
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- SPA 3471 or C.I.

Course Description

Practical interviewing and counseling in the area of communication disorders.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4634 - Educational Implications of Deafness
Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- ASL 2510.

Course Description

Impact of deafness on the educational process. The impact of deafness on the individual, their family, and the classroom will be discussed.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4803 - Research Methods in Communication Sciences and Disorders

Credits Hours

3

Lab/Studio/Field Work Hours

0

Prerequisites/Corequisites

- STA 2014 or STA 2023.

Course Description

Approaches, methods, and techniques of research in Communication Sciences and Disorders are considered through lecture, discussion, and group participation.

College

College of Health Professions and Sciences

Department

School of Communication Sciences and Disorders

SPA4870C - Capstone Course:

Credits Hours

3

Lab/Studio/Field Work Hours

1

Corequisites

- All required CS&D courses.
