Bringing Wine to Life: Wine Education at Rosen College

Scared of the sommelier?

Have no fear – help is at hand.

Novices and passionate oenophiles alike will be intrigued by the Library's latest exhibit, "Bringing Wine to Life: Wine Education at Rosen College." Through a display of photographs and objects – an assortment of corkscrews, glassware, growing-region maps and other items associated with the world of wine — this exhibit focuses on course offerings available at Rosen College as well as wine resources available in the library. Photographs and items in the exhibit are on loan from Frank and Etta Jean Juge. Frank Juge, Ph.D., professor of Hospitality

Management at Rosen College, teaches "Exploring Wines of the World" and "The History and Culture of Wines," among other courses. Etta Jean Juge is a free-lance writer and award-winning photographer. The exhibit continues through July.

Your UCF Smart Card: Your Key to the Library!

The UCF ID Card is required by the UCF Libraries for faculty, students, and staff to print, as well as to check-out library materials, including books, videos, CDs, DVDs, headphones, and laptops. The card has your library card number printed on its front, and the smart chip can store money to use for printing or photocopying (10¢/page). The Rosen Library is a cash-free facility, but has a cash-to-chip machine near the front desk which accepts \$1, \$5, \$10, and \$20 dollar denominations to add value to the card. For more information about the

UCF Card, see: <http://www.ucfcard.ucf.edu> Occasionally, the UCF Card Office comes to the Rosen campus to issue cards; check with Student Services for more information about upcoming UCF Card Office visits.

Meet our ALSTAR Intern: Muriel Burrell

Born in St. Louis and raised in Detroit, Muriel holds a Bachelor of Arts Degree in Materials and Logistics Management from Michigan State University and a Masters of Science Degree in General Administration from Central Michigan University. She has more than 10 years experience in the automotive industry where she held the position of Project Manager and Senior Buyer for General Motors Corporation. A dual career family, Muriel and her family have lived in Michigan, Texas and Arkansas.

Driven by a desire to change careers, Muriel is currently a graduate student in the College of Library and Information Science at the University of South Florida where she is pursuing a Masters Degree in Library and Information Science with a concentration in academic librarianship. As a USF ALSTARS scholarship recipient, she has taken advantage of the opportunity to

intern in the UCF Libraries. Muriel worked at the UCF CMC library located in the Education Building on the main campus, and you may also have seen her at the reference desk at the main library. Having joined the Rosen Library team in January 2007, Muriel looks forward to learning about the special information needs of Rosen students.

Muriel's short term career goal is to become an academic librarian and eventually she plans to pursue a PhD in Library and Information Science. She lives with her husband and three children in Orlando. When she finds the time, she enjoys quilting, reading, researching African American genealogy and watching college sports.
