By HANLEY POGUE

Back in the year 1925 Orlando had a social register and Mr. S. Waters Howe has one of the few remaining copies. The register was compiled and published by Mrs. Marion L. Broadwater and contains over 600 names.

It seems that society, like the City Beautiful, has made many changes in the last 25 years.

KELVINATOR

ELECTRIC REFRIGERATION

PIERSON & LARKIN

17 South Main Street

Kelvinator is not a luxury nor is it a necessity, but Kelvinator is the last word in refrigeration. More economical than ice. A modern invention for the modern home. A health safeguard and on the job twenty-four hours a day and three hundred and sixty-five days in the year. It would be well to investigate.
