Featured product: SAGE Knowledge & SAGE Research Methods

UCF Libraries received a Technology Fee to acquire SAGE Research Methods and SAGE Knowledge, which include scholarly monographs, reference works, handbooks, series, professional development titles, dictionaries, encyclopedias, the entire Little Green Book (quantitative research) and Little Blue Book (qualitative research) series, newly commissioned videos, and other major works.

With [SAGE Research Methods](#), faculty and students can explore methods and concepts to help them design research projects, understand particular research methods, conduct research, and report their findings. Since SAGE Research Methods focuses on methodology rather than disciplines, it can be used across various subject areas in the social science, health sciences, and more.

In [SAGE Knowledge](#), UCF Libraries has perpetual rights to 2,500 scholarly monographs in the social sciences, including business and management.

Taylor & Francis journals. Did you know that our Taylor & Francis subscription includes over 230 journals covering Economics, Finance, Business & Industry?

Selecting textbooks for Fall? Consider using Springer eBooks

Springer is a major publisher of academic and professional books and series. Their eBooks are suitable for research, study, course projects, and textbooks. The UCF Library has perpetual rights and online access to:

- Springer books published in English between 2005 and 2014 (over 16,000 volumes)
- Springer's major book series, including the well-known Lecture Notes Series, published 1997 to 2014

Springer eBooks are available to all UCF students, faculty and staff anywhere, anytime. Because Springer eBooks are in PDF format, students can print, e-mail, and download entire chapters and books to read off-line on a cell phone, eBook reader (such as Kindle), laptop, or any computer. Many of the titles are suitable as textbooks and faculty may choose to replace or supplement their main textbooks with Springer eBooks. There is *no limit on the number of people who can open Springer eBooks at one time*, and any fair use of the content for educational purposes is allowed, including embedding the content in Canvas. Students that prefer print may order a rapid-print copy of any of the Springer titles, which will be bound and shipped to their address for \$25. This convenient resource is an excellent way for faculty and students to contribute to the teaching and research mission of UCF without purchasing textbooks.

Add Accessible Content to your Canvas Courses

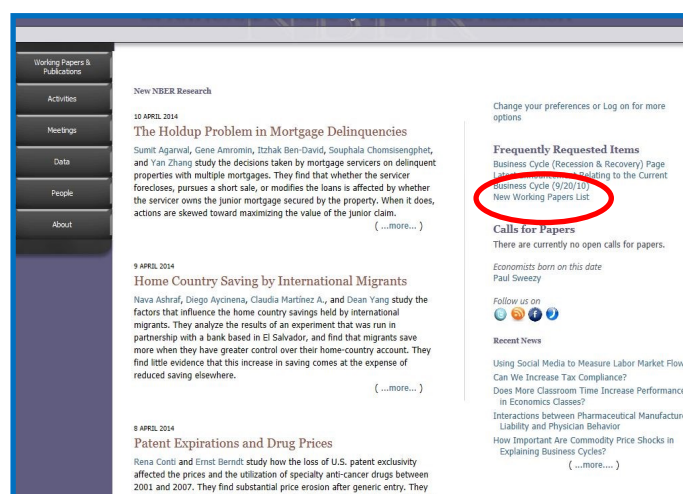

Videos. UCF Libraries owns streaming videos from two different providers—[FMG](#) and [Alexander Street Press](#). Each video is accompanied by a full transcript that highlights the text as it's spoken. You may embed or provide links to these videos (or do-it-yourself video clips) in Canvas. For more information see <http://guides.ucf.edu/facultystreaming>

eBooks. The library has purchased several eBook packages. Most of them are available as PDF or ePub formats, which both work with JAWS and other screen-reading software. If you wish to assign one as class reading, Springer and Business Expert Press allow downloading the full book as a PDF, with unlimited simultaneous users; [contact me](#) if you have questions about other eBook titles.
