## A Message From The President

Welcome to your University. I wish it were possible to meet each of you personally and discuss in detail all the many events, programs, and activities that, together, tell FTU's story.

It is not possible to do so, of course. FTU has a variety of programs, organizations, goals, and aspirations, all dependent upon the many people who make up the faculty, students, and staff. Suffice it to say that FTU is one of the finest higher educational institutions in America, and I know that you will accept along with me the challenge to see that it maintains excellence in all its endeavors.

We must always be responsive to the needs of the many groups within and without the University. Consequently, then, we will continue to put emphasis on those areas of concern so as to effectively discharge our responsibilities in education, research, and service with effectiveness and enthusiasm.

I'm very glad to have you on our campus.

# Registration Guide

Fall registration dates are Sept. 18-21. Registration begins in the Village Center AT APPOINTMENT TIME ONLY. Understanding of the 24-hour clock would prove beneficial.

## REGISTRATION STEPS

Station No. 1: New and readmitted on-campus students: Present admission acceptance letter and machine printed Advisement and Trial Schedule. Continuing Students: Present appointment notice and machine printed Advisement and Trial Schedule.

Station No. 2: Check the overhead projector screens in the Multi Purpose Room to confirm your classes on your trial and advisement schedule are not closed.

Record complete course information on your schedule, using the Fall Quarter Class Schedule.

If you have a conflict with one or more of your courses and you select another course, you must have advisor approval.

DO NOT PANIC.

Advisors are available for help in case of course conflicts or scheduling difficulties. They are located in the center of the room designated by their appropriate college.

Station No. 3: Surrender your schedule at the keytape machine. This is the little man-made demon that either lets you go or sends you back to the lions. This is the last station in the VC.

REGISTRATION CONTINUES ON GROUND FLOOR OF THE ADMINISTRATION BUILDING.

Station No. 4: New Students: Pick up ID cards (regular registration only).

Station No. 5: Purchase meal tickets: Available to resident and non-resident students.

Station No. 6: University Police Department: Obtain automobile decals for \$10 (regular registration only).

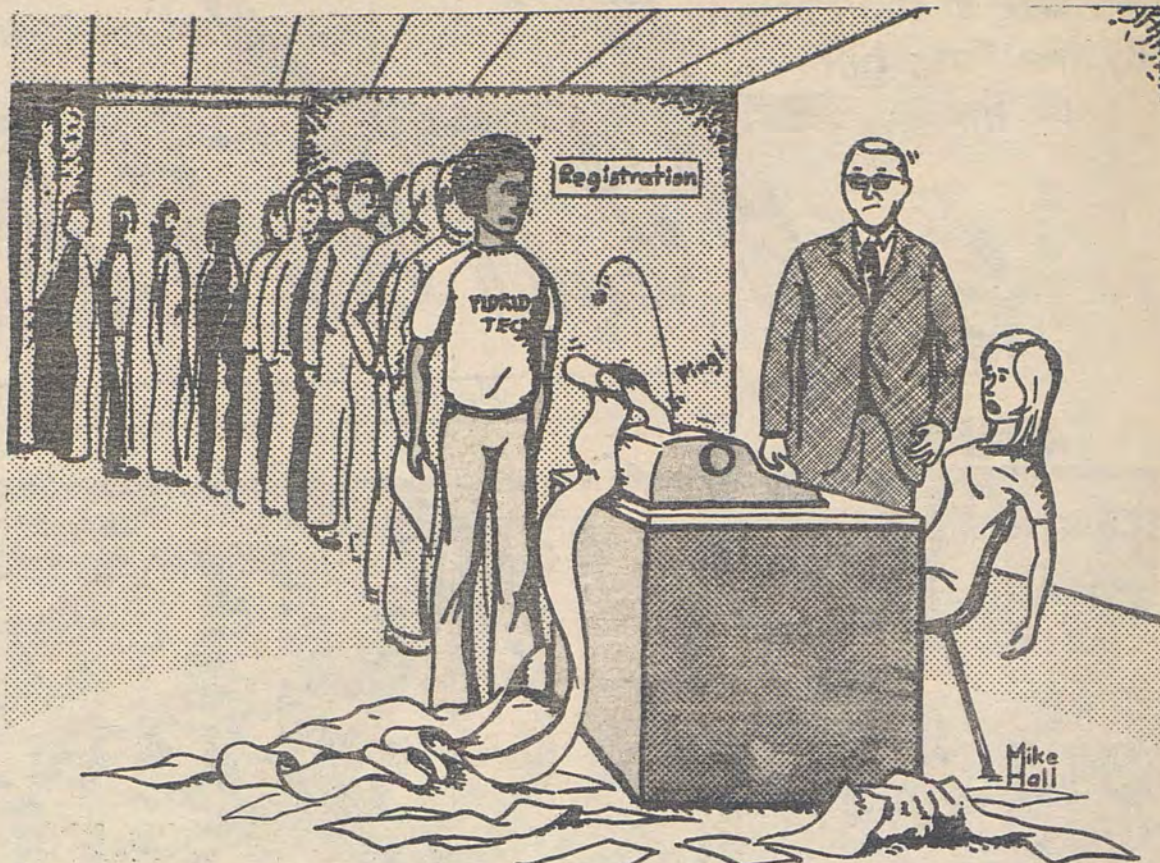

Station No. 7: Seniors: Make application for graduation.

Station No. 8: Student Affairs.

Station No. 9: Student Placement.

All fees will be mailed out within a few days of registration. IF THESE FEES ARE NOT PAID BY SEPT. 28, 1973, YOUR REGISTRATION WILL BE CANCELLED.

So, lots of luck!!

## Registration Tips

Here are some things to keep in mind while registering:

1. When working out a trial schedule, first decide the courses you want to take.

2. Choose your classes according to the best times offered that do not conflict.

3. Make sure you work out several alternate courses or times for each course in your trial schedule.

4. Fall schedules should take into account classes that run in a series. Classes such as Spanish 101, 102, and 103 are offered only once a year. Such series need to be started in the fall.

5. Remember that everyone will be trying for standard courses such as English 101, Statistics 201, Speech 101, etc. If you have these classes from the basic requirements, be sure to have several less sought-after alternates chosen.

6. A first quarter freshman would be wise to take a lighter-than-average class load such as 12 to 15 hours. Too many

students drop out because they try to do too much at once.

7. After registering, do not buy any books until after attending classes.

8. When school begins an add-drop line is provided to make any necessary schedule adjustments. This offers a chance for students to drop classes that may be too hard.

9. A full refund may be obtained for texts of classes that are dropped provided the books are not written in and a receipt presented.

This public document is promulgated at an annual gross cost of approximately \$26,726 to inform members of the university community of related news, announcements and activities. Less an approximate annual revenue of \$9,065, this document is circulated for an annual net cost to the state of approximately \$17,660, or 8.5 cents per copy.

# No Tuition Hike Set For '73-'74

Failure of the Florida State Legislature to act on a concurrent resolution will result in the postponement of any possible tuition or fee increase at least until the end of the 1973-74 academic year.

In a report to the Florida Board of Regents, which met at FTU on June 5, it was disclosed

that for the upcoming academic year, tuition and fees would remain unaltered.

The report emphasized that the Board of Regents would be given the power by the legislative resolution to effect increases deemed necessary in tuition and fees.

# Campus Cops Care

Members of the FTU Police Force are not just cops. They are nice guys faced with the big job of protecting you, your property and the university.

Each member of the force is required to complete 280 hours of formal law enforcement training as a prerequisite for permanent employment.

FTU's Security Force has grown along with the university's student population. Originally five men strong, the force has expanded to nineteen sworn officers (including a woman).

### BEER

Beer will be sold for the first time in FTU history in the snackbar. Students will have a choice between Michelob and Bud.

All beer sold must be consumed in the snackbar. Students will be asked to present identification before sale is made.

decals to the students, faculty and staff.

Student decals can be purchased for the entire year for \$10. This year the parking stickers can also be obtained at the rate of \$4 per quarter for students not planning to attend FTU the entire year.

Fees acquired from parking decals will be utilized for construction of new parking lots.

Parking lots are designated for either student or faculty and staff use. The lots are clearly marked and improper parking is subject to a fine.

Fines collected from parking violations go into a special fund in Student Financial Aid for use in short-term educational loans to FTU students.

Your car stalled and won't budge? The FTU cop is always willing and ready to come to the rescue.

When commuting students flock to get to their classes on time, FTU officers help reduce the back-up caused by the heavy volume of traffic.

The entire Security department is a close-knit organization. Their unwritten code is "help, not hassle."

# Activities Planned

The following events have been announced by the Student Affairs Office for on-campus students during the week preceeding fall quarter classes:
