About Us

Leslie Mojeiko

Instructional Designer

Chris Sharp

Educational Technologist

University of Florida
🏫 Land-grant, public university

👥 6,600+ faculty members
60,000+ students

Center for Instructional Technology & Training
💻 Centralized IT unit

👥 Instructional designers, technologists, trainers, specialists, and studio staff

UF | Information Technology
UNIVERSITY *of* FLORIDA

Inspiration:

Collaborate with units across campus to share new resources and services related to teaching with technology.

Committee structure:

Representation from four different offices within Academic Technology: instructional design, educational technology, training, and classroom support.

Format:

60 minute session, often livestreamed from our studio via Zoom; asynchronous materials shared afterward
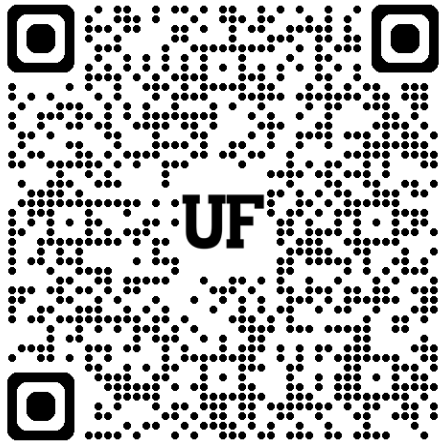

Goal:

Deliver digestible content related to timely and relevant technology for teaching
