Whatsoever things are true, whatsoever things are just, whatsoever things are honest, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.

DEDICATION

To the students of Bethune - Cookman College, with the hope that this little book may set more definitely before you a goal toward which you are striving, and that through it loyalty to Alma Mater may be awakened and the spirit of reverence for her traditions, we, the Cavaliers and the Cavalettes of 1937-1938 dedicate this edition of the B-C Book.

FOREWORD

Upon entering college the students have innumerable questions to arise within them concerning various customs and happenings on the campus. They may wonder just how they can obtain membership in the different organizations, or they may want to know just what some particular club has for its aim, or they may question the upper classmen concerning requirements and academic rules of the college.

The purpose of this book is to serve as an encyclopedia of Bethune-Cookman College. It has been the aim of the publishers to compile all the data that might be of interest to a student of the college, and give all the information needed for one to know the college.

We sincerely hope that through the years, the B-C Book will serve to keep alive memories of knowledge gained, and friends made.

HISTORY OF
BETHUNE-COOKMAN COLLEGE

Cookman Institute was founded in 1872 by the Rev. Dr. S. B. Darnell; it was the first institution for the higher education of Negroes founded in the State of Florida, and for a long time was the only school of its kind in the State. In point of service no other institution of its kind in Florida equals it. During the half-century of service it has maintained a uniformly high standard morally, spiritually and intellectually, for the young men and young women who have come under its influence.

The high standard of its work and ideals, the emphasis placed upon thoroughness in scholarship and Christian character, have given Cookman Institute a sure and abiding place in the hearts and affections of a great mass of people in the State of Florida. They love and honor "Cookman Institute" still.

During the month of October, 1904, in a little rented cabin with five little girls, a dollar and a half in capital, a vision of the future and a firm faith in God, the Daytona Normal and Industrial Institute for Negro Girls was established by Mary McLeod Bethune.

The first payment of five dollars on the present site, then an old dumping ground, was raised by means of concerts and festivals. This unsightly spot became in a short time a clean, wholesome place upon which to build, and is now looked upon as one of the most desirable sites in the City of Daytona Beach.

In July, 1923, the Daytona Normal and Industrial Institute was taken under auspices of the Board of
Education of the Methodist Episcopal Church, and Cookman Institute was merged with it, the institution thereupon becoming co-educational and the name being changed to Bethune-Cookman College.

Bethune-Cookman College holds membership in the National Association of Deans and Registrars in Colored Schools, and in the American Association of Collegiate Registrars.

The Southern Association of Colleges and Secondary Schools rate Bethune-Cookman as a Class B Junior College.

Beginning in 1935, graduates of the Normal Department have been eligible to receive Florida Graduate State Certificates.

**Purpose**

Bethune-Cookman College exists for the purpose of (1) providing the very best possible training for the development of Elementary school teachers, (2) assisting its students to lay a broad foundation in general education for the later specialization by introducing them to and acquainting them with the major areas of human knowledge; (3) providing the information and skill necessary for doing the common and inevitable things they must do in the shop, the home, the fields, and the office, and (4) thus, through the stated curricula, a wisely chosen faculty, the college organization and extra-curricular activities to send into the world for Christian service men and women physically fit, possessed with scholarship and fine moral idealism.

**Library**

Through the generosity of the Rosenwald Fund and the General Education Board, $4,500 worth of books have been added to our library. The books in the library are catalogued and classified. Over a thousand books are shelved in our reference room where readers may have direct access to them. The use of the library is not limited to those connected with the college; the building has always been accessible to the community. It is freely used by the people of the city and county.

The College Campus

Bethune-Cookman is truly the college beautiful. It is located at the corner of McLeod and Second Avenue within two blocks of business center, churches and theater. Stately, well kept buildings surrounded by nature in her most resplendent glory make it a joyous place in which to live. Majestic oaks, swaying palms, green shrubbery and grasses, and beautiful flowers form scenes of beauty all about the place. There are fourteen spacious, comfortable, modernly equipped buildings on the campus. The newest of these are Science Hall and Faith Hall, the college refectory. These two buildings were erected in 1935 at a total cost of $85,000.

Athletics

Athletics are divided into two groups, Intra-mural and Inter-Collegiate. Intra-mural athletics are managed by students and are under the direct supervision of the Department of Physical Education. This type of athletics aims to stimulate mass participation. Approximately 85% of the students are participants.

Girls' inter-collegiate athletics are supervised by the Department of Physical Education. They are in no sense over-emphasized but are encouraged for recreational, health-giving and character-developing values. Girls participating in these activities are given special physical attention.

The inter-collegiate athletics for boys are supervised by a member of the faculty and some men of the community. Attention is given to football and basketball.

Religious Service

At Bethune-Cookman College, Christ is indeed the "Head of the House," and the motto, "Our Whole School For Christian Service," is the ultimate determination in all plans and activities. Men and women of all denominations are accepted. Emphasis is placed upon Christianity rather than denominationalism. Every effort is made to make the spiritual life of the campus real, deep and abiding. Sunday School, chapel exercises, evening prayer, mid-week prayer meeting, and quiet hour just before retiring are re-
quired religious exercises. Bethune-Cookman College was conceived in faith, and dedicated to the idea of salvation through service. In all courses at Bethune-Cookman College students are taught to accept Christ as the central fact in all experience and the source of all truth.

Scholarships

Martha Louise Van Ness Memorial Scholarship Fund: Interest used to aid needy and worthy students, selected by the president and donor. Deposited by Dr. and Mrs. John G. Van Ness, Miami, Florida.

Mary B. Cookman Scholarship Fund: Interest used to aid student in Sophomore College Class selected by the president to return for last year's work. Legacy of Mrs. Mary B. Cookman, deceased.

The Bernice Hughes Martin Prize $5.00
Given each year for the best extemporaneous speech delivered in public contest during the week of Commencement.

The Alumni

Bethune-Cookman College has an outstanding group of alumni scattered over the country as graduates of Cookman Institute and Bethune-Cookman College. Many are occupying enviable positions as doctors, lawyers, clergymen, school teachers and business men and women. A special effort is being made now to get in touch with the sons and daughters of each of these institutions and to unite them under the combined banners of the founders of these Institutions.

Class Attendance and Absences

Students are expected to attend regularly all the courses in which they have been duly registered. No instructor has the authority to excuse from his class a student in attendance, and it is his duty to report all absences to the Dean's office at the end of each week.

Class Absences: The number of absences granted shall not exceed in any one course the number of hours of credit which that course bears, e.g., in each three-hour course, three absences during the quarter may be granted. However, in the case of protracted
illness and other contingencies, a larger number of absences may be granted at the discretion of the Dean and the instructors under whom the student has classes. In all cases the absences should be made up by special requirements on the part of the instructors concerned.

No student will be allowed to be absent from a class more than one-fifth of the recitations of that course of that semester if he is to receive credit for the course.

Each absence incurred just before or after the Thanksgiving, Christmas or Easter holiday shall be counted two absences, excused or unexcused, as the case may be.

The standards of this school must be preserved. In order to do this, strict adherence to rules must be had by all. Rules of punctuality and attendance will be rigidly enforced. Any student wishing to register in a course after the first three weeks will have to get the consent of the Dean and the Instructor. Under no condition will a college student be allowed to register after the end of the first month of school.

No student will be allowed to drop a course without the consent of the Dean and the Instructors concerned. Courses dropped without permission will be marked failure and will be so recorded on the academic record of the student dropping the course.

A student may be asked to withdraw for no other reason than that he is not meeting standards.

**GRADUATION**

The successful completion of 96 quarter hours of work including required courses of the Junior College entitles the student to a diploma from the Junior College. A minimum of 96 grade points is required.

Two quarters of residence are required for graduation from any department. All fees must be paid in full before a certificate or diploma will be granted to any candidate.

**GRADING SYSTEM**

A, B, C, D, E, etc., are the basis of our grading system. They have the following interpretations:
A Excellent ................. 93-100 per cent
B Good ..................... 85-92 per cent
C Fair ....................... 77-84 per cent
D Poor ...................... 70-76 per cent
E Failure ................ Under 70 per cent

For each of these grades, values in points will hereafter be assigned as follows:

For each hour of A, three points.
For each hour of B, two points.
For each hour of C, one point.
For each hour of E, minus one point.
Three hours of D grade work is the maximum accepted per semester.

Honors

Graduation with honors: College graduation, students of high scholastic attainment during their course may be graduated with special honors as follows:

Summa Cum Laude for scholastic average of 2.7 grade points.
Magna Cum Laude for scholastic average of 2.4 to 2.69 grade points.
Cum Laude for scholastic average of 2.0 to 2.4 grade points.

These distinctions at commencement shall be bestowed only to students with the highest average who have spent at least one year at this institution. The average for the commencement speakers will include all grades counting toward the diploma for which he is a candidate.

DATE OF OPENING

The college opens September 8 for Freshman and new students. Your presence is required during Freshman Week, September 8-12. If you plan to enter the College, make your application early in the summer, because it often takes a long time to get your record from your former school. Above all, avoid coming to the College without having made your application. All applications should be made to the Registrar, Bethune-Cookman College, Daytona Beach, Florida.
A cordial welcome will be yours when you arrive at Bethune-Cookman College.

COLLEGE FORUM
During the winter the College conducts an Open Forum for the educational development of the students and Negro citizenry of the community. The Forum was made possible only through the generosity of Dr. Robert Shailor Holmes. The exercises are held in the College Auditorium on Monday evenings during January, February and March. A number of outstanding speakers appear and topics of unusual interest are discussed.

FORUM SPEAKERS
Jan. 10, Fritz Kuntz: "India, Key to World Security."
Jan. 24, Barnett Brickner: "World Crises and the Outlook."
Feb. 7, Sherwood Eddy: "Can Youth Build a New World?"
Feb. 14, Dr. Chao-Ting Chi: "Far Eastern Crisis."
Feb. 21, Hamilton Fish: "The Negro in the New World."
March 6, Hans Simons: "The New Deal for Europe."

STUDENT GOVERNMENT DAY
In early Spring a day is set aside and observed as Student Government Day. On this day the institution is left entirely to student leadership. Every administrative office from the President's desk down is filled by students. The object of the idea is to promote a sense of responsibility in the student.

INTERCOLLEGIATE-INTERRACIAL CONFERENCE
One very active function of the Student Council is the Intercollegiate Interracial Conference. This
conference is composed of students from the University of Florida, Florida Normal and Collegiate Institute, Rollins College, Edward Waters College, Florida A. & M. College, John B. Stetson University, and Bethune-Cookman College.

The aim of the conference is to promote a better understanding between the races.

The topics for discussion are topics that relate to the interracial problems that confront the world today. The topics are submitted by the different schools that participate and are discussed freely.

MUSICAL ORGANIZATIONS
It is particularly gratifying to note the uniqueness of the music department of Bethune-Cookman College. In order that the highest standards may be maintained, and to help the students to realize and express their best possibilities, the musical organization of the college has various departments.

The Men's Quintet is extremely promising in its rendition of Negro work songs. Membership in its rendition of Neegro work songs. The Quintet is always enthusiastically received by its listeners. The Men's Quintet by its splendid rendition has made itself an important factor in the life of the institution. The Ladies' Octet also lends its influence in the finest types of music. Mr. H. W. McCoo, instructor in Public School music, is directing this Octet.

The A Capella Choir is another feature of the College music department that is given much prominence. An attempt is made to study the best choral selections, so that the visitors to the Sunday afternoon Community Meetings may enjoy a "feast of good music."

There are other phases that make up the department of music, such as, the Band, Soloists and special publicity groups. They present a number of musical programs at home and on the road during the school year.
ALMA MATER

Oh, B.-C. C.

Words: Mrs. Frances Keyser.
Music: Miss Josie W. Roberts.

1.
Gladly we gather thy praises to sing,
Loudly and clearly our voices shall ring.
Truly rejoicing, our Dear B.-C. C.,
Thy name forever in honor shall be.

Chorus:
Oh, B.-C. C., so dear and so true,
Thy praise we're singing, our love bring to you,
God bless and keep us e'er faithful and true;
Loyal forever, B.-C. C., to you.

2.
Years may divide us, tho' far we may roam,
Our thoughts shall turn to our beautiful home;
Loving and serving where'er we may be,
Our lives shall prove our devotion to thee.

COLLEGE HYMN

Dear Alma Mater, thou beloved,
We pledge our lives to thee;
Thou art results of toil and pain
And tears came in a stream,
Dear Alma Mater, thou art all and all the world to me,
Thou'rt the answered prayer of a dream.

O God, protect dear B.-C. C.,
Crown her with love and cheer.
We'll ever sing thy praise to thee, it makes us strong
and bold.

All Hail to thee, dear B.-C. C.!
All Hail to thee, all hail!
Hail thee, Maroon and Gold!

Amen.
TEAMSONG
We'll fight for dear old B.-C. C.
Fight for the Gold forever,
Loyal sons of thee we will be,
We'll fight to gain the victory,
Rah! Rah! Rah!
Cheer for the Maroon and Gold,
May it wave forever!
May it wave forever and ever
An emblem of her sons so true.

STUDENT GOVERNMENT
THE STUDENT COUNCIL
In order that the student body may have a conscious voice in those phases of administrative policy that affect their campus activities most directly, and in order to create greater enthusiasm, interest and cooperation in working for the highest morale and general welfare of the institution, the Student Council has been established. This body is made up of representatives of the various academic groups, elected by their classmates and approved by the administration. Guided by faculty sponsors, the Council serves as a mouthpiece of the student body at large to present grievances, propose legislation and cooperate generally with the faculty in promoting the best interests of the institution.

PREAMBLE
We, the students of Bethune-Cookman College, in order to develop a spirit of co-operation on the campus, to encourage student initiative, to afford development through self expression, and to create an intermediary between faculty and students in matters of general welfare, do unite in establishing an association of all the student body, and do accept for its government the following constitution:
Article I.

Article VI.

Formation of the By-Laws.
