DATE OF OPENING

The College opens September 18 for Freshmen and New Students. Your presence is required during Freshman Week, September 18-19. If you plan to enter the College, make your application early in the summer, because it often takes a long time to get your record from your former school. Above all, avoid coming to the College without having made an application. All applications should be addressed to the Registrar, Bethune-Cookman College, Daytona Beach, Florida.

A cordial welcome will be yours when you arrive at Bethune-Cookman College.

FRESHMAN WEEK

Preceding the opening of the school year, the college students are required to come to Bethune-Cookman for a two-day program designed to help them make adjustments to the new college environment which will best meet their individual needs.

All new college students, whether freshmen or of advanced standing are required to be present the first day. (See the College Calendar for the date of Freshman Week.)

A fee of \$1.00 is charged of all new College students to apply toward the expense of Freshman Week.

HISTORY OF BETHUNE-COOKMAN COLLEGE

Cookman Institute was founded in 1872 by the Rev. Dr. S. B. Darnell. During the month of October, 1904, in a little rented cabin, with five little girls, a dollar and a half in capital, a vision of the future and faith in God, the Daytona Normal and Industrial Institute for Negro girls was established by Mary McLeod Bethune.

In July, 1923, the Daytona Normal and Industrial Institute was taken under the auspices of the Board of Education for Negroes of the Methodist Episcopal Church, and Cookman Institute was merged with it. Thus came into being Bethune-Cookman College, a private, non-profit, co-educational Junior College for Negroes. In 1931 it was accredited by the Southern Association of Colleges and Secondary Schools.

CREDIT AND STANDING

The College is fully accredited as a two-year college. Since the various regional Associations accept each other's ratings this means that credits earned at Bethune-Cookman College are valid anywhere in the United States. A student may, therefore, take his freshman and sophomore years here, and, provided his work has been of sufficiently high grade, may have his credits transferred to any College or University that accepts transfer students.

LOCATION

Bethune-Cookman College is situated in the historic Halifax Country at Daytona Beach, a city popularly known as the "City of Ocean Breezes". The College is located at the corner of Second and McLeod

Avenues, within two blocks of business centers, churches, and theatres. Daytona is well known for its mild, year-round climate. The resident population of Daytona Beach is 20,099. Negroes constitute one-third of this population. The proximity to the beach is one of the most attractive features of Daytona, and students who attend the college not only enjoy distinctive educational facilities, but have the opportunity to enjoy outdoor life in its most delightful form.

FACULTY

The faculty of Bethune-Cookman College is made up of men and women, graduates of a representative group of the leading colleges and universities in America as indicated on page two.

In addition to their teaching duties, the members of the faculty take an active interest in the life of the college in serving as sponsors and advisers to various clubs and organizations, and thus come in frequent contact with the students outside of the classroom.

DORMITORIES

As good accommodations as any college can offer are provided in Curtis Hall and Cookman Hall. They occupy the central part of the large campus, which is set in lawn, trees, shrubs, and flowers, leaving abundant space for athletic fields and tennis courts.

Both dormitories are modern, having large outside rooms attractively furnished, electric lights, steam heat, etc.

CURRICULUM

TYPES OF CURRICULA—Bethune-Cookman College offers three types of curricula: (1) Teacher-training, (2) Transfer, and (3) Terminal.

THE TEACHER-TRAINING CURRICULUM—This curriculum is designed to prepare students to teach in the elementary schools. Those who complete this curriculum are eligible to receive the *Graduate State Certificate*. It is composed of general education or subject-matter courses and professional or educational subjects.

THE TRANSFER CURRICULA—These curricula are designed for those students who are definitely *sure* that they wish to continue their training through the upper division of a four-year college. The three types of transfer curricula are: (a) Liberal Arts and Sciences, (b) Home Economics, (c) Commercial or Business Administration.

THE TERMINAL CURRICULUM—This curriculum is the answer of Bethune-Cookman College to the challenge that profitable learning activities should be provided for all young people. This curriculum features in its content general education and vocational subjects.

CURRICULUM OPPORTUNITIES—Students may, therefore, enter: The Teacher-Training Division, the Home Economics Division, the Business Administration Division, or the General Education and Vocational Division.

In each division ninety-six (96) quarter hours, and ninety-six (96) quality points are required for graduation.

RESIDENCE REQUIREMENT

All students, men or women, whose parents or guardians do not live in Daytona Beach, will be required to live in the college dormitories. This requirement will be waived only when the President gives written permission to live in the city of Daytona Beach.

BEHAVIOR

Membership in the Bethune-Cookman College family is a privilege. Members in a family are expected to evince forms of social behavior which contribute positively toward enhancing its desirability as a place in which to live. Young men and women who remain in the College are those who are willing and able to conform to this standard.

Discipline is administered with a view to the moral development of the student as well as the peace and good order of the institution. A scrupulous regard for results is required from each student. When it becomes plain that such regard is refused, or that the student has no fixed purpose to benefit from the advantages offered, such student is removed without specific charges.

ROOM EQUIPMENT

All rooms are large and airy and are comfortably equipped with single beds, mattresses, pillows, dressers and chairs. The students are required to bring the following:

- 4 sheets for single bed
- 2 quilted mattress pads
- 4 pillow cases
- 2 blankets or quilts
- 2 spreads
- 2 dressing table scarfs, and
- 2 laundry bags.

SELF-SUPPORT

Experience has demonstrated that it is not to the student's best interest to try to earn all of his expenses by working his way in school.

Students enrolling at Bethune-Cookman College for the first time should not come depending upon securing work, but should come prepared to pay the full amount of their expense until they have oriented themselves and have demonstrated their ability and worth. The jobs are usually spoken for from year to year before the students leave for their summer vacation. Satisfactory service gives the student holding the job the preference.

STUDENT AID

The College offers student aid in four ways:

1. TUITION SCHOLARSHIPS FOR FRESHMEN—A limited number of tuition scholarships for freshmen in the amount of \$60.00 each is available. These scholarships are awarded to the first, second or third ranking member of the high school graduating class of the current year

upon recommendation of the high school principal. Only one scholarship is awarded each high school.

2. COLLEGE AID (N. Y. A.)—The College probably will have at its disposal a grant from the Federal Government. Students will be granted college aid from this source on the bases of need, character, and scholarship.

3. PART-TIME EMPLOYMENT—Part-time employment is possible for a limited number of students in various campus jobs.

4. FULL-TIME EMPLOYMENT—Students who find themselves financially unable to enter college may find it convenient to enter as full-time work students—that is, work *one year* and go to school the following year.

tunities for development through activities outside the classroom.

Literary development is afforded through several literary societies which foster public recitals, debates, and speaking contests. The college is a member of a triangular debate league with Florida Normal and Collegiate Institute of St. Augustine and Edward Waters College of Jacksonville.

The school maintains a membership in the Florida State Inter-scholastic Athletic Association. Football, baseball, track, basketball, and tennis (the last for boys and girls) are engaged in on a competitive basis. These activities are supplementary to the Physical Education given in classes to all students. The ideal climate of the Halifax Country makes outdoor sports possible the year 'round.

Students with musical taste are urged to join the Glee Club, Choral Class, Band or Orchestra. These units render numerous public programs, on which at times, commendable performances of individual students attract scholarships from philanthropic visitors for further technical training.

The moral and spiritual atmosphere of the campus is safeguarded by regular religious services and by voluntary organizations as the Young Men's Christian Association, Young Women's Christian Association, and Queen Esther Circle.

Among the voluntary organizations are: Mummies, Zeniths, Cavaliers, Cavalettes, Costalards, Boosters.

Heading up all autonomous student groups is the Student Council. This is a body of thirteen of the leading students of the school, elected by class groups and approved by the faculty. It serves as an official spokesman for the student body in making general petitions to the faculty and in assisting in various ways to uphold the morale and promote the best interests of the institution.

HEALTH

A fee of \$5.00 a year is required of every student. Receipts from this fee are used to pay, in part, the cost of medical examination, and service for ordinary cases of illness. This fee does not cover surgical operations, oculist's or dentist's charges, charges for protracted illness where special nursing is required, or charges for the treatment of social diseases. The student as well as the peace and good name of the institution with scrupulous regard for results is required from each student. When it becomes plain that such regard is refused, or that the student has no fixed purpose to benefit from the advantages offered, such student is removed without specific charges.
