B C Book

1945-1946
"Whoever thinks a faultless piece to see, thinks what ne'er was, nor is, nor e'er shall be."
—Alexander Pope.

NOTE OF APPRECIATION

To those persons whose abundant service help to make the publication of this B-C Book possible, the Editor-in-Chief along with the Cavaliers-Cavalettes of 1945-46 express their sincere gratitude.

DEDICATION

To the President, James A. Colston, and Faculty

In appreciation for their untiring interest in the students of Bethune-Cookman College and their promotion of better educational opportunities for all youth, we the Cavaliers-Cavalettes of 1945-46 dedicate the twelfth edition of the B-C Book.
EDITOR'S NOTE

"These are the times that try men's souls only the strong can survive." As we have a national problem of reconversion, we also have a problem of reconversion at Bethune-Cookman College. We should be continually looking forward to a solution for these problems.

This Book I hope with sincerity will serve as one of the means to combat these problems, and to furnish information to anyone that would like to know of our work at Bethune-Cookman College.

I hope this book will serve its purpose well."

Editorially yours,

Josh M. Lofton, Editor-in-Chief

FOREWORD

Upon entering College every student is confronted with innumerable questions about the customs, and happenings of the College. He may want to know what the academic requirements are; he may wonder what activities are sponsored by the College; he may desire to seek membership with one of the fraternal organizations on the campus, and to know what their activities are.

The B.-C. Book is particular designed and published to serve as one phase of an encyclopedia of Bethune-Cookman College, enlightening the new students on all data that may be of value for information needed.

We sincerely hope that in the years to come, the B.-C. Book will continue to serve its purpose to those who will be seeking information concerning old friends, pleasurable memories and past experiences of days spent at our cherished Alma Mater.

A MESSAGE FROM THE PRESIDENT

Bethune-Cookman College, along with many other institutions charged with the responsibility of educating young people to live successfully in the atomic age ahead, recognizes fully that the basic needs of men and women who will contribute most to the making of a better world are not science and technology alone but the development of character and sincere purpose.

We feel that the conflicts between nations, the hatred between races, the ill will between men are not due to a lack of knowledge of what are right patterns of conduct but lie primarily in the area of ethics and morals. Our college, therefore, recognizes as one of its major responsibilities to society, the preparation of young people who are sensitive to the wrongs, the sufferings, the injustices and who are willing to share the responsibilities of correcting them. For this reason, Bethune-Cookman College emphasizes the spiritual as well as the material aspects of education.

Our youth today need skills that are both technical and spiritual. They need skills in how to live together in harmony and with good-will. They need skills in how to make it possible for all men who are physically fit to work, to have jobs. They need skills in human trust and religious faith so that they will not be afraid to live our democracy and walk our Christianity. They need skills in how to get rid of selfishness and how to abolish and prevent war. They need skills in how to stand for and do the right things without fear; in developing techniques by which men will not only have the mind to see the good and desire it but possess the will to choose the good and act upon it.

Our College aims to provide our young people with these skills—not by developing scholars alone—persons trained in science, literature, arts, crafts, trade—these are merely means. The college aims to develop, first of all, men and women. Men and women who know science, music, literature, history and philosophy, but the end must always be to develop good men and women. This is the program of Bethune-Cookman College.
Young people who study here may enjoy a school life abundantly rich in the type of experiences that will assist them in developing the kind of skills and philosophy of life needed for the world in which they must live.

James A. Colston

A MESSAGE FROM THE DEAN

A year ago the forces of evil stalked across the earth; today there is peace, but the problem of war were small in comparison to the problems which face us today. While war is by its very nature destructive and seeks to tear down those things for which men have labored so hard and so long, peace has the job of building and rebuilding. Never before in history have we been faced with such a thrilling and far-reaching challenge, because we and the millions of others like ourselves have the commission to construct a better world order along the lines suggested by Carpenter of Nazareth.

We must learn to live together making our contribution to society according to our abilities. This means preparation, planning and study; for too long have we neglected this vast field of social relationship. Just as we prepare and plan to attack the problem of cancer or of atomic research, so we must enter the field of bigotry, hate and prejudice. Young people today owe it to themselves, their nation, and their world to know. They must know the issues in our world; they must know and understand the relationship which underly human behavior, because only then can they hope to join with the great march of civilization. The words of Jesus are profound in their wisdom: "Thou shalt know the truth and the truth will make you free."

March 18—Last Day for Registration
May 26—Baccalaureate Sermon
May 27—Commencement

THE HISTORY OF
BETHUNE-COOKMAN COLLEGE

Cookman Institute was founded in 1872 by the Rev. Dr. S. B. Darnell. It was the first institution for the higher education of Negroes founded in the State of Florida, and for a long time was the only school of its kind in the State. In point of service no other institution of its kind in Florida equals it. During its half century of service it has maintained a uniformly high standard morally, spiritually and intellectually, for the young men and woman who have come under its influence.

The high standard of its work and ideals and the emphasis placed upon thoroughness in scholarship and Christian character have given Cookman Institute a sure and abiding place in the hearts and affections of the great mass of colored people in the State of Florida. They love and honor “Cookman Institute” still.

On October 4, 1904, in a little rented cabin, with five girls, a dollar and a half in capital, a vision of the future, and a firm faith in God, the Daytona Normal and Industrial Institute for Negro Girls was established by Mary McLeod Bethune.

The first payment of five dollars on the present site, then an old dumping ground, was raised by means of concerts and festivals. This unsightly spot became in a short time a clean, wholesome place upon which to build, and is now looked upon as one of the most desirable sites in the city of Daytona Beach.
In July, 1923, the Daytona Normal and Industrial Institute was taken under the auspices of the Board of Education for Negroes of the Methodist Episcopal Church, and Cookman Institute was merged with it; the Institution thereupon becoming co-educational and the name being changed to Bethune-Cookman College.

Bethune-Cookman College holds membership in the National Association of Deans and Registrars in Colored Schools and the American Association of Collegiate Registrars.

The Southern Association of Colleges and Secondary schools rate Bethune-Cookman as a class A Junior College.

Since 1931 graduates have been eligible to receive Florida State certificates.

The college holds membership in the American Association of Junior Colleges; the Association of Secondary Schools and Colleges for Negroes.

Beginning in 1923 the Bachelor of Science degree in Elementary Education was awarded to students who met the requirements of the Institution.

Bethune-Cookman College has expanded its program so that students are now able to receive the Bachelor of Science degree in Secondary Education with majors in Business Administration; Science; Social Science, and English.

Bethune-Cookman College holds membership in the Southern Association of Colleges and Secondary Schools.

PURPOSE

The purpose of the College is to serve the needs and interests of its students and clientele in such a manner as to enable them to increasingly recognize, face and solve personal-social problems; to provide optimum opportunity for the development of personal potentialities in terms of each individual unique per-
sonality, and possible contribution to a democratic society, with special emphasis on training of the head, hand and heart. More specifically the College aims to help the students educate themselves through a program of personal self-activity.

The program is designed to provide optimum opportunity for the students to develop:

1. A sound body, mentally alert and emotionally adjusted.
2. A well-balanced integrated personality.
3. An intelligent consciousness and understanding of social problems and a desire to contribute to their solution.
4. Vocational competency to assist him in success.
5. An understanding and appreciation of the cultural and scientific achievements of man and how he utilizes and controls the natural environment for his individual and social needs.
6. Effective work habits, study skills, gread and accurate scholarship, desirable attitudes and high ideals.
7. An intelligent use of leisure time through participation in a broad program of recreational activities.

THE COLLEGE CAMPUS

Bethune-Cookman is truly the college beautiful. It is located on the corner of McLeod and Second Avenues within two blocks of the business center, churches and theatre. Stately, well-kept buildings surrounded by nature in her most resplendent glory make it a joyous place in which to live. Majestic oaks, swaying palms, green shrubbery and grasses and beautiful flowers form scenes of beauty all about the place. There are sixteen spacious, comfortable modernly equipped buildings on the campus.

The first unit of the new Harrison Rhodes Memorial Library was dedicated on March 1, 1942. It is modern in every detail and adds immeasurably to the general appearance of the campus. The new N. Y. A. trades building has also been added to the growing number of units of the college physical plant. It is well equipped and spacious.
RELIGIOUS SERVICE

At Bethune-Cookman College, Christ is indeed the "Head of the House," and the motto, "Our Whole School For Christian Service," is the ultimate determination of all plans and activities. Men and women of all denominations are accepted. Emphasis is placed upon Christianity rather than denominationalism.

THE ALUMNI

Bethune-Cookman College, has an outstanding group of alumni scattered over the country as graduates of Cookman Institute and Bethune-Cookman College. Many occupy enviable positions as doctors, lawyers, clergymen, school teachers and business men and women.

ATTENDANCE AND ABSENCES

Regularity of class attendance is assumed. The consistent performance of classroom assignments and the meeting of all academic responsibilities in a prompt and satisfactory manner are required and expected. This is interpreted to signify that registration in a course means that the student is responsible for the meetings and requirements of said course whether he enrolls late or not. Instructors are allowed a wide range of discretion in dealing with the problem of class attendance as it affects final grades.

DELINQUENCY

A student whose work or attendance is unsatisfactory is officially "warned" and his privilege of participating in extra-curricular activities is prohibited. During the next quarter the student is placed on probation at which time he is on trial to prove his fitness to do college work; consequently he is expected to devote the major part of his time to his studies. At the end of the probationary quarter, if the student still does work of an unsatisfactory nature, he may be dropped for poor scholarship. A student so dropped for this purpose may not enroll in this institution again until after a minimum of one quarter has elapsed. A student who is dropped twice for poor scholarship will not again be permitted to register in the institution.
GRADUATION

The successful completion of sixty-four (64) semester hours of work including required courses of the junior college entitles the student to a diploma from the Junior College. A minimum of 64 grade points is required.

The official transcripts of work done in other institutions must be registered for graduation who have not complied with these requirements. Candidates for graduation must do at least sixteen hours of work in residence before they are eligible for graduation, and the last eight hours must be done in residence immediately prior to receiving the certificate and junior college diploma.

In addition to meeting all the requirements for the undergraduate certificate, candidates for the graduate certificate will complete 128 semester hours of college work with no course grades lower than "C" and will include in the 128 hours the courses listed by the college.

FINANCES

Fees and expenses for boarding students:

**THE FLORIDA CHAIN OF MISSION SPEAKERS**

ANAUTA of the "Aurora Borealis", a nomadic Eskimo raised on Baffin Island, 400 miles from the North Pole, now an American citizen. Clad in her seventy-below outfit, she captivates her audience with humor, kindly philosophy and her experience with the "American way of life."

Applegate, Margaret T., L.H.D. Chairman of the World's Day of Prayer which is observed in lease from three years in Santo Tomas Prison, served as pastor of the Knox Memorial Church, reachazine in Braille. Recently serving under the World Council of Churches, member of the Board of Managers of the Woman's American Baptist Missionary Society.

ROSS, Rev. Emory, D.D. Secretary of Foreign Missions Conference of North America with responsibility for Africa. Former service with the Belgian
Congo under the Disciples Church. Recent trip to Great Britain and Europe. Life Fellow the Royal Geographic and Royal African Society, London. Awarded high honor by the Belgian government.

**SPEAKERS FOR FORUM SERIES**

1945 — 1946

January 15,
Dr. Hugh C. Stuntz
"The Future of the Good Neighbor Policy"

January 22,
Dr. William F. Sollmonn
"What Lies Ahead for Germany?"

January 29,
B. P. Hivale of India
"India, Britain and the World."

February 5,
General Victor A. Yokhantoff
"The role of Russia in the Postwar World."

February 12,
Dr. Mary Gilson
"Can Industrial Unrest be Eliminated."

February 26,
Dr. Douglas Haring
"The Future of Japan."

**THE STUDENT COUNCIL**

The student council is made up of representatives of various academic groups, elected by their classmates and approved by the administration. Guided by faculty sponsors, the council serves as a mouthpiece of the student body at large to present grievances, propose legislation and cooperate generally with the faculty in promoting the best interests of the institution. In order that the student body may have a conscious vote in the phases of administrative police that affect their campus activities most directly and in order to create more interest, greater enthusiasm, interest and cooperation in working for the highest morale and general welfare of the institution, the Student Council has been established.

THE CAVALIERS — CAVALETTES CLUB

Colors: Red and White
Motto: "We are supposed to lead therefore, we must lead."

These clubs are composed of a group of select young men and women. The clubs are well organized and their members play an important part in the activities of the College.

Last year the clubs added to their success by presenting their first annual formal. This was the first formal to be given by any fraternal organization on the campus.

The aims and beliefs of the Cavaliers-Cavalettes Club are best expressed in their creed:
"We believe in the bright future of fraternal life at Bethune-Cookman College; we believe in the Cavaliers and Cavalettes, that they shall attain unequalled heights in the promotion of scholarship, fraternal, social and recreational spirit on the College Campus.

COMMUNITY MEETING

This service is a special feature of the college. Every Sunday at 4 o'clock, the student body assembled in the auditorium where friends in the community gather. This has been a traditional and compulsory activity of the school for many years. Through these Sunday evening meetings, many interesting facts and informative data are gotten and it is with such that the student builds his educational super-structure. This meeting is a bi-racial meeting, it is here that all come and enjoy whatever program is presented.

The student learns through such meetings to always lift his eyes to the stars, so that he will not forget the use of them.

PRAYER MEETING

The school indeed believes that the whole school is for Christian Service. A prayer service of thirty minutes is held once a week or each Wednesday evening at 7 o'clock. This throughout the years has proven to be very inspirational and a solace in hours of desolation.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION

The Young Men's Christian Association of Bethune-Cookman College is open to all young men of the institution. The Association aims to bring out the best that there is in one, and endeavors to arouse deeper appreciation for the three-fold development of Spirit, mind and body. It teaches the glory of service among men and the increasing appeal of the manhood of Jesus Christ.

MUSIC
Among extra-curricular activities the music department holds a very unique position under the direction of two very competent instructors. The College chorus of sixty-five voices, includes in its repertoire: Spirituals, Jubilees, and Classics. At least once each week that chorus is heard in a recital.
Mable Isaac
Captain Wands
Vice President Zeniths
The A Capella choir receives much prominence. An attempt is made to study the best choral selections so that the visitors to the Sunday afternoon Community Meetings may enjoy a “Feast of Good Music.”

Because of the shortages that naturally come as a result of war conditions it is almost impossible for the entire choral group to travel to various cities to fill engagements for recitals, so a special group of singers in the regular group form what is known as the “Special Group to meet these engagements. The special group numbers about fifteen persons and when space is unavailable for them the mixed quartet goes instead.

THE NEW FARMERETTES OF AMERICA

The New Farmerettes of America Club was organized by, and is under the sponsorship of Professor Lamar E. Forte, Director of Agriculture at Bethune-Cookman College.

The members of this organization have set the precedent in three colleges and one high school, thus making a total of 525 members for the year of 1945.

The general aims of the "New Farmerettes of America" Club are as follows:

1. To supplement farm labor in Colleges and communities for the purpose of creating a better spirit toward farming in general and conserving surplus farm vegetables.

2. To improve scholastic standards among colleges for girls and to bring about a closer relationship among them.

3. To promote a greater co-operative spirit among people and organize "New Farmerettes of America" Chapters in any High School or College in the State of Florida, or in the United States.

TAMPA COOKMANITES

PURPOSE — To develop a closer feeling between the students from Tampa and to promote any project that will have as its purpose the making of a better Bethune-Cookman College.

Colors: Green and Yellow
New Farmerettes of America
THE B. C. WILDCATS FOOTBALL TEAM

The Football team of Bethune-Cookman College under the leadership of Head Coach Joe Johnson, experienced a much improved season playing games from September through January 1st. The squad was comprised of eight players from the 1944 team twelve freshmen and ten veterans of world war II. Three of the promising freshmen, Higgs, Tellis and Kemp, were lost by way of the selective service.

The sparkplugs of the offensive and defensive line play were Tom Collins 185 pound freshman tackle from Ft. Pierce, Clarence McKnight center and a returned war veteran, and Grady James 145-pound end who despite his size was a constant threat to the opponents with his ball snagging tactics. The job of carrying the mail was distributed among Clifford Perry, George Butler, William Graves. The three were able to cross the goal lines four times each during the season for touchdowns. In the punting department Fred Furlowe made a splendid record and saved the Wildcats on several occasions with his precision kicks under pressure. His average for the season was 40 yards. The art of field strategy was assigned to Butler, Leroy Reddick and Bert Johnson. The three fellows are novices in the art of quarter-backing, but show promising signs of becoming field generals in the true sense of the word.

Three of the Wildcats were selected on the first team of the Southeastern Conference namely Tom Collins, tackle; Labon Ramsey, guard; Clifford Perry, halfback. Two other members of the B.C. squad were chosen on the second team of the All-Southeastern: Fred Furlow-halfback, and Clifford Scarlet-end.

Other member colleges of the conference are Georgia State, Paine College, Ft. Valley State College, Albany State College, Allen University, Claflin College, Morris College.

(Thanksgiving Day)

During Spring football practice several newcomers made creditable showings causing much speculation concerning the prospects for a strong year next season. Richardson, Jenkins and Davis in the backfield; Dougal, McKenzie, and Stubbs, Turner and Hamilton in guards and Banks on end will be fighting for a berth on the starting team when the 1946 season rolls around.

* Members of the squad called into the armed forces during the season

** Selected on the All-Southeastern Conference first team.

*** Selected on the second team of the All-Southern Conference.

TRAINERS: Enoch Graves, Moses Stubbs, G. Scavella.
Basketball came back to Bethune-Cookman after a two year period during which organized basketball was discontinued. Coach Joe Johnson took over the double assignment of coaching both girls and boys teams with Helen Smith ably assisting him with the Lassies.

The girl's team had an early start and was able to take the situation in hand with a majority of their opponents. The inability to find collegiate competition for the lassies limited their games to seven. They were victorious in five and lost two games. Among the victims of the Wildkittens were Florida Normal College and Ft. Valley State. The squad consisted of eight sophomores and four freshmen. Members of the team were: Simmons (Capt.) Batson Ingram, Reddick, Berry, Bennett, Stephens, Haynes, Simms, Quarterman, Curtis and Samples. Curtis was outstanding for her ability to part the nets when the team was most in need of points.

The mighty Wildcats on the hardwood court were hard to stop and finished the season with thirteen wins and three losses or better than 80 percent record. The Johnson Boys won six straight hit a slump and came gack to win the next seven straight games. The Daytona lads were paced by the Freshman Flash Chester Byrd who led his charges to victory and thrilled the fans with his ball stealing tricks and his western flips through the nets. Byrd's success was due to the splendid cooperation of the "Bartow Twins" Joe Young and Leroy Wallace, and the great backboard work of "Preacher" Prigeon and Nesberry Dunham. The sixth man of the combination was Rosemond Ray who was used strictly for offensive baseball and proved his value to the team by his game saying shots on several occasions.

Later in the season the Scarlet brothers were added to the squad and gave considerable service with Clifford shooting goals with machine-gun rapidity and Bernard getting the ball there first where it was needed most. Other members of the squad were John Sweetwine, Moses Stubbs, Leroy Reddick and Bert
Johnson the latter two being called to serve in the armed forces before the season ended.

The seasons record is as follows:

</tbody>
</table>

The Wildcats accumulated a total of 678 points for a game average of 42.4. The squad will be increased next season with the addition of several outstanding high school stars from the various sections of the state.

**ALMA MATER**

Words: Mrs. Frances Keyser
Music: Josie W. Roberts

Gladly we gather thy praises to sing,
Loudly and clearly our voices shall ring,
Truly rejoicing, our Dear B.-C. C.,
Thy name forever in honor shall be.

**Chorus:**

Oh, B.C. C., So dear and so true
Thy praise we're singing, our love bring to you
God bless and keep us e'er faithful and true;
Loyal forever, B.-C. C., to you.

53
Years may divide us, tho' far we may roam,
Our thoughts shall return to our beautiful home;
Loving and serving where'er we may be,
Our lives shall prove our devotion to thee.

COLLEGE HYMN

Words and music by Paul R. Roberts

Dear Alma Mater, thou beloved,
We pledge our lives to thee;
Thou art result of toil and pain
And tears came in a stream,
Dear Alma Mater, thou art all and all the world to me,
Thou'rt the answered prayer of a dream.

O God, protect dear B.C. C.,
Crown her with love and cheer.
We'll ever sing thy praise to thee, it makes us strong
and bold
All Hail to thee, all hail!
Hail thee, Maroon and Gold!
