FAITH HALL, erected in 1935, stands on the site made sacred by the Founder, who placed her first building there and named it FAITH after the kind of experience which had brought her that first venture in housing the school. In this building is located the spacious and inviting Dining Room, the kitchen and bake shop—all well ventilated and equipped with labor-saving devices. The seating capacity of the dining room is 300 persons.

THE SUMMER SESSION

A program of education designed to meet the needs of the people and the challenges of the times must take into consideration the rapid changes taking place in the economic, political and social life of the people. It must provide opportunities for young people and adults to find their position in the channels of American life as contributors to the common welfare and progress. To become successful contributors necessitates that the leaders and workers be mentally and physically fit, and vocationally productive; keep up-to-date in matters that are civic and cultural; possess the courage to work for their honest convictions and dedicate their lives to sacrificial service. Well roundedness, ability to produce, scholarship, vision, seriousness of purpose and the spirit of service in terms of the requirements of life to-day are ends toward which education must strive. To the end of accomplishing these goals, Bethune-Cookman College plans to center all Summer School Courses and activities around the life of the students and the communities in which they live. The program, therefore, will be life-related, designed to meet total needs, in terms of present day living, of those in attendance.

To meet total needs, total resources will be utilized. Special consideration will be given to the mental, emotional and physical health of those who come to the college. The Workshop approach, where student and teacher work together cooperatively on problems with which the in-service teacher is confronted, will be utilized in all courses.

Bethune-Cookman College at Daytona Beach, Florida, is unique in the combination of location and educational advantages it offers. Located at Daytona Beach on the East Coast, the College has within ready access forests, lakes, the Atlantic Ocean, unique geological phenomena, ruins of the earliest Indian culture—all the resources necessary for invigorating activity and serious study.

To direct this program of activities the administration has secured the best instructional staff available, which staff will be given freedom to plan courses and programs on the basis of student and community needs. Students in turn are given full opportunity to work on problems that are real and important to them. Liberal regulations governing the activities of students and the close faculty-student relationship make campus life pleasant, stimulating and profitable.

THE WORKSHOP APPROACH MEANS—

1. A chance to work on an important interest or problem.
2. The stimulation of small group discussion and the opportunity for an adequate number of individual conferences about one's own problems with competent people.
6. The opportunity to study the means by which social living related problems, kindred interests, and somewhat similar goals.
4. A well-rounded and rich summer's experience made possible through the interplay of professional, recreational, and social contacts.
5. The opportunity to experience at first hand the application to teacher-education of the experience curriculum with its emphasis on teacher guidance and teacher-pupil initiating, planning, executing, and evaluating of activities.
6. The opportunity to study the means by which social living may be improved through the use of creative arts as well as through books.

THE LABORATORY SCHOOL

The College will maintain a laboratory school during the summer for pupils in the Elementary School, which will be intimately related to the Program for teachers at this level.

EDUCATION FOR VETERANS

Veterans who qualify for Educational Benefits under public law 16 or public law 346 are eligible to enter training in the summer session as well as during the regular school year.

Bethune-Cookman is happy to make available its total facilities to Veterans who desire to increase their training as a means of being better prepared to make their contribution on the home front.

Courses leading to the Bachelor of Science Degree in Elementary Education, Secondary Education, Home Economics, and Business Administration are offered, and Vocational Training in Automobile Mechanics, Carpentry, Electricity, Machine Shop, Radio, Shoe Repair, Commercial Dietetics is provided. Vocational training courses are two years in length.

To obtain admission to the College:

- A. Fill out application for admission blank and mail to the Registrar's Office.
- B. Arrange to have a transcript of your school record sent directly from the school to the Office of Admission.
- C. Take the scholastic aptitude test. (Students who transfer 28 college credits or more are not required to take this test except in special cases as determined by the Office of Admission.) This requirement should be met as soon as possible.

To establish eligibility for training:

- A. If you live in the vicinity of Volusia County:
 - 1. Get a photostatic copy of your discharge or certificate of service. (Officers who have a cadet or enlisted discharge should get copies of that also.)
 - 2. Take the photostatic copy to a Training Officer of the Veterans Administration and file an application for a "Certificate of Eligibility."
- B. If you do not live in the vicinity of Volusia County, consult with the nearest Office of Veterans Administration.

(NOTE: All veterans are urged to apply for their "Certificate of Eligibility" as early as possible, since it takes time to get the Certificate once one is applied for. If you do not receive your "Certificate of Eligibility" before school begins, arrangements can be made whereby a veteran may deposit a sufficient amount of money to cover initial fees and expenses and thus be able to start school on time.)

To obtain credit for service training:

File your Record of Service with the Office of the Registrar. An evaluation of all training courses offered in all branches of the service has been made by the American Council on Education. Most colleges and universities follow the recommendation of this body in granting credit for service training. The evaluation of service training will not be made until the student is eligible for regular standing.

For general information:

Concerning offerings of the college, advice concerning the choice of a major field of study or information as to curriculum content, etc., consult with the Office of the Dean.

For specific and technical information:

Concerning any individual curriculum, consult with the Dean of the College or Head of the Division or Department concerned.

For housing information:

- A. *Men*—go to the Office of the Dean of Men.
- B. *Women*—go to the Office of the Dean of Women.

To arrange for payment of tuition and fees:

A. Under Public Law 346 or under the State Plan, deposit your Certificate of Eligibility at the Office of the Registrar on the second floor of the Administration Building.

B. Under Public Law 16, consult with the training officer in the Vocational Building.

If you plan to live on the campus and eat in the college dining hall, your expenses of board and lodging will be \$10 a week. You should bring with you at least a three months supply of money to defray expenses and take care of your needs until you begin to receive your subsistence allowance from the Veterans Administration. All bills of room and board at the college are payable in advance.

VETERANS ADVISEMENT CENTER

Bethune-Cookman College is one of the institutions providing training for Veterans of World War II under Public Law No. 16 and Public Law No. 346 of the Congress of the United States.

A Veterans Advisement Center for the purpose of giving guidance and testing to Veterans interested in taking advantage of their educational opportunities is in operation at Bethune-Cookman College. Trained personnel is employed by the Veterans Administration and Bethune-Cookman College to counsel and administer tests to Veterans to help them decide on their objective.

GENERAL INFORMATION

There are no examinations or other regular requirements for admission to the Summer School. All persons who hold a teacher's certificate or have graduated from a standard four year high school, or those who wish to complete their high school work are eligible to attend. All persons must satisfy the Director of the Summer School that they are able to pursue with profit the course for which they wish to register.

ASSEMBLY PERIODS

An assembly program is held at 12:00 o'clock on Monday, Wednesday, and Friday. At this time activities and programs of a functional character prepared and directed by students are presented.

ADVANCED STANDING

The College will accept credit (not below "C") from all accredited colleges and universities, provided a satisfactory transcript of the work done is sent by the institution to this college by the first day of registration.

TWO TERMS

The first 1947 summer session will open Monday, June 2, 1947, for vocational students, and Monday, June 9, 1947, for regular students. It will consist of five weeks' duration, closing on Monday, July 14, 1947, for regular students.

The second 1947 summer session will open July 15, 1947. It will also consist of five weeks' duration, closing on Monday, August 18, 1947.

The vocational program is continuous from June 2 to Aug. 31.

COLLEGE CREDIT

The maximum load for which a student may register is determined by the individual's academic average for the last previous term of college work regardless of the institution attended.

- (1) An average of "B" or better, 9 semester hours.
- (2) An average of less than "B", 6 semester hours.

In the case of students who are transferring from other institutions and who feel qualified to take the maximum load, their official transcripts must be in the office of the Registrar by the first day of registration.

Courses which carry 3 semester hours credit will meet daily six days a week. Courses which carry 2 semester hours credit will meet four days a week.

The unit of credit in the summer school is the "semester hour." One semester hour of credit is granted for the successful completion of two 60 minute clock hours per week of recitation or of four 60 minute clock hours per week of laboratory work for the full term.

GRADING SYSTEM

The letters A, B, C, and D, respectively, represent superior, above average, average, and passing work. The letter F is a failing grade; I, incomplete.

CREDENTIALS AND TRANSCRIPTS

Credentials submitted to the Registrar become the property of the College and are kept permanently in the files.

Upon request, one transcript of credits will be issued without charge. A fee of one dollar (\$1.00) will be charged for each additional transcript.

Transcript of credits will not be issued to students by the Registrar's office during registration periods of any term, but should be requested before or after registration periods.

QUALITY POINTS

Each hour of A grade work carries 3 quality points; B grade, 2 points; C grade, 1 point; D grade, 0 points; and F grade, —1 point.

ATTENDANCE

The regular class work will begin promptly June 10 for the first session and July 16 for the second session for regular students. Instructors will exclude from class all except those for whom class cards have been received from the Registrar. Regardless of when a student enters, he or she is held responsible for the entire work of the class. Students who are absent from any class more than three times beginning with Tuesday, June 10, will not receive credit for that particular subject.

STUDENT RESPONSIBILITY

Each student must assume full responsibility for registering for the proper courses and for fulfilling all requirements of graduation. Candidates for graduation must file in the office of the Registrar, formal application for graduation and must pay the diploma fee by July 20, 1947.

Each student is responsible for every course for which he registers. Courses can be dropped or changed only through the office of the Dean.

ADJUSTMENT

The Summer School is an integral part of the College. It is therefore, expected that all enrollees of the session will cheerfully adjust themselves to existing campus regulations and cooperate in their maintenance.

For the protection and safety of students reasonable dormitory regulations will be observed by all summer students. A complete list of regulations will be furnished each student upon arrival.

LIVING ACCOMMODATIONS

The College has a trained dietitian on its staff for the summer, through whom it provides balanced meals, nutritious and appetizing. These meals are prepared for average, normal people. In cases where these meals are not acceptable the person thus concerned will come prepared to pay extra in cash for any special dishes or diets requested. This statement should be considered before you register.

Both body and mind need refreshment after toil. Realizing this fact, the College affords wholesome recreation for its Summer Session students. Musical programs, plays, lectures, movies are some of the recreational opportunities. Hikes and picnics will add to the enjoyment of the Session. On Friday evening during the session informal gatherings of students are held on the campus. The programs are varied, given over to various kinds of entertainment directed by student committees. Dramatic entertainments are generously interspersed.

All rooms are large and airy and are comfortably equipped with single beds, mattresses, pillows, dressers, and chairs. The student will provide his own bed linens, quilts, towels, and other things for his own special convenience.

A limited amount of room space may be reserved in advance by sending a registration fee of \$5.00, payable to Bethune-Cookman College, addressed to the Secretary-Treasurer, Mrs. Bertha L. Mitchell. Information concerning Veterans housing may be secured from the Secretary-Treasurer.

Bethune-Cookman College was conceived in faith, and dedicated to the idea of consecration to Christ and His ideal of salvation through service. Emphasis is placed upon Christianity rather than denominationalism and sectarianism. Every effort is made to make the spiritual life and atmosphere of the campus deep and abiding.

Fees paid for room reservations will be refunded up to and including, but not after June 1 (for the first session) and July 10 (for the second session).

If by Thursday of the first week students for any reason wish to withdraw from the College, the fees paid, less a flat fee of \$10.00, will be refunded. *No refunds will be made after this date.*

The College Bookstore carries a full line of all text books used in the Summer Session sold at list prices. Students are advised on account of changes of texts not to purchase their books in advance. All text books will be sold strictly for cash.

Students registered in courses requiring the use of materials will pay the materials fee of such courses as indicated in the schedule of fees and financial regulations.

ACADEMIC INFORMATION

CREDIT

The courses offered in the Summer School are, for the most part, the same and are on the same credit basis as courses given during the regular school year. Those completing work are given credit toward graduation according to the conditions of the regular catalog. Work in the Summer School meets

fully the requirement of the State Department of Education.

Students who wish to enter the Summer Sessions as beginning freshmen should obtain application forms from the Director of Admissions (the Dean of the College). Such students must present evidence of graduation from high school, or its equivalent, with acceptable grades and credit. Any applicant who wishes to enter Bethune-Cookman College on a year-round basis may be required to take entrance examinations.

Students should register on June 9 (first session) or July 15 (second session) in the Library, 8:30 to 5:00 P. M.

Inasmuch as registration on designated days is vital to the successful working of any system of registration, the following regulations concerning registration will be rigidly enforced:

1. Any student who has not completed his registration by 5:00 P. M. on June 9 (first session) or July 15 (second session) will be charged a late registration fee of \$3. A student may not register for credit after June 13 (first session) or July 19 (second session).

2. Any student who changes his registration after June 10 (first session) or July 16 (second session) will be charged a fee of one dollar (\$1.00). Dropping a subject will be considered a change of registration.

3. No credit will be recorded for a student in any subject in which he has not been properly enrolled in the Registrar's Office.

4. A student who fails to appear in any class for which he has registered may receive an "F" in the course.

5. No student will be admitted to classroom instruction and recitation until he has officially registered, and his instructors have received class admission cards for each course. Registration is not complete until fees have been paid.

Procedure for dropping a course:

1. Go to the Dean's Office and get two (2) drop cards.
2. Fill these two cards out and give all information requested.
3. Get Department Head's signature.
4. Get the Dean to sign these two cards.
5. Go to the Business Office and get them stamped.
6. Leave one card at the Business Office and return the other card to the Dean's Office.

The same procedure is followed for adding a course.

EXTENSION AND CORRESPONDENCE

Bethune-Cookman College does not at this time offer extension or correspondence work. We do, however, accept work

done in this manner from approved institutions. Not more than 25% of the total number of hours required for graduation will be accepted if done through extension or correspondence.

GUIDANCE SEMINAR

For the second session, which begins July 15, a Guidance Seminar will be conducted. The basic principles of guidance will be explored and the simple techniques available to the average High School teacher will be given adequate attention.

Majors in English, Science, Mathematics, Social Science, Modern Languages, Home Economics, and Business Education will find courses to meet their needs. Other courses will be offered according to the needs of the teachers and number of students requesting various courses.

GRADUATION REQUIREMENTS

1. *Undergraduate Certificate*

While meeting the specification requirements of the State Department of Education and those of the College, the student must earn sixty-four (64) semester hours and at least sixty-four quality points to become eligible for graduation. An average of "C" is required of all candidates for graduation. In addition, all candidates will be required to pass satisfactory examinations in standardized English and Arithmetic tests. Candidates for graduation should make room reservations on or before June 1, and should have filed in the Registrar's office on or before this date official transcripts of work done in other institutions so that credits may be evaluated and a schedule of courses outlined for the Summer Session. Candidates for graduation may not be registered who have not complied with these requirements. Candidates for graduation must do at least 16 semester hours of work in residence before they are eligible for graduation, and the last eight (8) semester hours of work prior to graduation must be done in residence.

2. *B. S. Degree*

The College offers the B. S. degree in Elementary Education, Home Economics, Business Administration, and Secondary Education, with majors in the following areas: Science, Eng-

lish, Social Science, Modern Foreign Languages, and Mathematics. For the B. S. degree a student must take one major (30 semester hours) and one minor (18 semester hours) for his teaching field. In addition he must satisfy the requirement of the State Department of Education. Four semester hours of physical education are required of all students.

At least thirty-two semester hours of work must be done in residence at Bethune-Cookman College. The last eight semester hours of work prior to graduation must be done in residence.

3. Comprehensive Education

Candidates for graduation must pass a comprehensive examination in the major field of study as a preliminary test of eligibility for the Bachelor's Degree. The Comprehensive examination is both written and oral, and the Department Chairman is responsible for all arrangements and the certification of results of the comprehensive.

4. Commencement Activities

Candidates for graduation are required to attend class and other exercises incident to their graduation. The Dean will grant emergency requests to be absent from such activities.

EXTENSION OF CERTIFICATES

1. The certificate must be valid at the close of the Summer Term attended and at the time formal application for extension is made.

2. The applicant must pass six semester hours in which no grade is below a "C". At least one-third of the work must be in professional subjects.

3. Courses in Education and all other courses which definitely apply toward meeting the requirements for a diploma are counted as professional subjects.

TEACHER EDUCATION REQUIREMENTS

(Lower Division leading to the Junior College Diploma and Under-graduate Certificate.)

A. General Preparation:

A broad general background is considered essential in the preparation of teachers. At least six semester hours are required in each of the following fields: Science, Social Studies, English, and Mathematics. At least one-semester course is required in Health Education, or Hygiene, and at least one-semester course is required in Physical Education. It is also considered highly desirable for the prospective teacher to have had general courses in Science, Social Science, Mathematics, Fine Arts, Language Arts, and the like.

B. Professional Preparation:

1. The applicant must have at least three semester hours of observation and practice teaching; or

2. He must have had at least sixteen months' actual teaching experience within the three-year period immediately preceding the completion of his application for a certificate. (This meets the experience requirement but may not be counted as a part of the eighteen hours of professional preparation.)

*C. Elementary School Course:

The applicant must hold a degree based on four years' work in a standard institution and must have a major in Elementary Education approved by the State Department—OR must have met the requirements for the undergraduate certificate covering the elementary school course in an institution whose curriculum is approved by the Department—OR must have met the requirements for the undergraduate certificate and have credit in the following fields:

1. Educational psychology or child and adolescent psychology.
2. History and principles of education or introductory education.
3. Elementary school curriculum or general methods of teaching in the elementary school.
4. Principles and methods of teaching reading.
5. Children's literature.
