THE PRESIDENT'S MESSAGE

THE PROFESSORS were discussing, as usual, the purpose of education—the end in view. One thought it to be a matter of making the proper adjustment to one's environment. Another thought the aim of all education was to be rather than to do something. A third felt that a Christian college should attempt to give all men and women a Christian outlook. A fourth that it should concern itself with knowledge, with the truth, where it may be found; great character comes as a result of the search for truth. Before the discussion ended, morals, religion, health, economics, social behavior, home life, and citizenship were brought into the conversation.

To me, this is a healthy approach to the question of what constitutes a good education. It shows that no narrow answer is satisfactory to learned people. They believe in the education of the whole man. They know there is no such being as the economic man, the social man and the religious man, to the exclusion of other phases of a well-rounded person.

Bethune-Cookman College is dedicated to something more than giving people knowledge alone. Its program includes spiritual ideals, character building, health in mind and body. It believes in life-centered activities and urges its students to plough themselves back into their local communities or to carry forward in the needy centers of the world. In other words, each student should have a sense of mission when he is well educated.

An educated person is socially responsible, critical of his times, adventuresome in his profession, creative in the moral and spiritual realm, a lover of that trinity of values—truth, beauty and goodness.

To this end the program is planned to emphasize the following:

1. The realization of Christian character. 2. The acquisition and maintenance of good health. 3. The achievement of sound scholarship. 4. The encouragement of an experimental point of view. 5. The preparation for democratic citizenship. 6. The worthy use of leisure time. 7. The gaining of a foundation for one's vocation. To this end we invite the cooperation and support of all who love learning.

THE PHILOSOPHY OF
BETHUNE-COOKMAN COLLEGE

THE PURPOSE of the College is to serve the needs and interests of its students and clientele in such a manner as to enable them increasingly to recognize, face, and solve personal-social problems; to provide optimum opportunity for the development of personal potentialities in terms of each individual's unique personality and possible contribution to a democratic society, with special emphasis on training the head, heart and hand.

It is our purpose to help each student

—to make of his head, the place of a thriving mind, the storehouse of useful knowledge and the doorway to truth.

—to make of his heart, an instrument of devotion to good, of reverence for the Christian ideal, and of inspiration for spiritual living.

—to make of his hands, creator of form out of the unshapen, of beauty out of the ordinary, of arts out of the simple skills.

Encircling these three—the head, the heart, the hand—is our faith in the limitless potentialities of each student. The student is led through instruction and guidance toward the fullest realization and development of himself as a person and as a worthy member of the group.

More specifically, the College aims to help students educate themselves through a program of personal self-activity which includes the following objectives:

1. A sound body and mind.
2. A well-balanced, integrated personality.
3. An intelligent consciousness and understanding of social problems and a desire to contribute to their solutions.
4. Vocational competency.
5. An understanding and appreciation of the cultural and scientific achievements of man and how he utilizes and controls natural environment for his social needs.
6. Effective work habits, broad learning and high standards of scholarship.
7. An intelligent use of leisure time through participation in a broad program of recreational activities.
8. A vital realization of the Christian emphasis in all activities and relationships.
HISTORY OF THE COLLEGE

BETHUNE-COOKMAN COLLEGE is the result of the merger of two Florida educational institutions — Cookman Institute, Jacksonville, Florida and the Daytona Normal and Industrial Institute for Girls, Daytona Beach, Florida.

Cookman Institute, a Methodist school, founded in 1872 by the Reverend D. B. S. Darnell, was the first institution in Florida for the higher education of Negroes.

Daytona Normal and Industrial Institute for Girls was founded in 1904 by Mary McLeod Bethune, a woman interested in establishing an educational institution in the South, and in dedicating it to Christian service. Five little girls attended the first class, held in the home of John Williams, a local citizen.

Cookman Institute and Daytona Normal merged in 1923, thus establishing a co-educational school known as the Daytona-Cookman Collegiate Institute. This name was later changed to Bethune-Cookman College and a dual program of high school and junior college work was conducted until 1939 when the high school department was discontinued and the entire emphasis was placed on the two-year program.

In 1941, in order to meet the need so apparent in the State, Bethune-Cookman College expanded the Teacher-Education curriculum to the four-year level and in May, 1943 the first group of graduates received the Bachelor of Science degree in Elementary Education.

In 1947, the College received an "A" rating by the State Department of Education of the State of Florida and the Southern Association of Colleges and Secondary Schools.

The College celebrated its Fiftieth Anniversary in 1954 with the dedication of the new Moore Gymnasium.

In the period of its existence of over fifty years, the College has had the following presidents:

- Mary McLeod Bethune* 1904-1942
- James A. Colston 1942-1946
- Mary McLeod Bethune* 1946-1947
- Richard V. Moore 1947-

* Deceased, May 18, 1955
Bethune-Cookman College, related to the Methodist Church, is dedicated to Christian service, and none are denied admission on the basis of race or religion. In addition to teacher-training, a strong program of liberal arts studies is being developed by the College.
ETHUNE-COOKMAN COLLEGE is situated at Daytona Beach in Volusia County, Florida. The main line of the Florida East Coast Railroad passes about eight blocks from the main campus. The Florida Greyhound Bus arrives at the station which is approximately eight blocks from the campus. Adequate taxi-cab service is available.

The College is located at the corner of Second Avenue and McLeod Street within two blocks of business centers, churches, and the theatre. The shopping centers of Daytona Beach are within a half mile of the College. The College is unique with its combination of location and educational advantages. On the East Coast, the College has within ready access forests, lakes, the Atlantic Ocean, unique geological phenomena, ruins of the earliest Indian culture—all the resources necessary for enlivening activity and serious study.

The College campus and grounds consist of one hundred sixty-nine acres of land, of which twelve acres constitute the immediate campus. The College plant is valued at over $2,000,000.

The main buildings are:

*White Hall* which houses the administrative offices, the Foods Laboratory and the Chapel-Auditorium.

*Faith Hall*, erected in 1935 on the site of the original Faith Hall, first building on the present campus, is the College dining hall with a seating capacity of five hundred persons.

*Harrison Rhodes Memorial Library* is one of the most modern and complete libraries in the Southeastern region, housing a fine collection of books, periodicals, mimeographed literature and general information. The present collection contains twenty-five thousand volumes and two hundred thirty-five monthly, quarterly and weekly publications.

*Moore Gymnasium*, dedicated in March of 1954, contains offices and classrooms as well as a spacious, modern gymnasium which can be converted into an auditorium with a seating capacity of seventeen hundred persons.

*Science Hall* contains laboratories and lecture rooms for the teaching of the sciences.
The Crafts Building houses the Home Economics Department. The Testing Center, the Music Department and the Audio-Visual Center are located in the Keyser Building.

Curtis Hall and Cookman Hall are girls’ dormitories; the former has undergone extensive renovation.

Bethune-Manor, the veterans' housing unit, is composed of fifty-eight family dwellings and fifty-four dormitory units, providing space for male students and faculty families.

Other buildings are: Ranslow Hall, Whitney Cottage, Chapin Cottage, The Retreat, Trailsend, T. A. Adams Infirmary, the Laundry and The Cabin, a student center.

Plans are completed for the erection in the near future of a beautiful modern dormitory for women students.
GENERAL INFORMATION

ADMISSION

PRIOR TO ADMISSION the applicant must file the following credentials in the office of the Registrar:

1. Application blank with $15.00 deposit.
   (The $15.00 deposit should be in the form of a money order or check payable to Bethune-Cookman College.)

   (A character reference from the principal of the high school or some other reputable citizen of the community should be mailed directly to the Office of the Registrar.)

3. High School transcript.
   (This transcript should indicate graduation and the satisfactory completion of 15 units of acceptable high school work from an approved high school. Graduates of non-approved high schools may be admitted, subject to results of entrance and placement tests administered during Freshman Week. It is the responsibility of each applicant to contact his high school principal and request that his transcripts be forwarded to the Office of the Registrar.)

4. A small picture of the applicant.

The credentials of each applicant will be studied very carefully by the Admissions Committee. Upon approval, the student will receive an admission card which he must present upon arrival at the College. Under no circumstances should a prospective student present himself for registration at the College unless he has received an admission card. If the application is not approved, the applicant will receive a letter stating this fact and $10.00 of the deposit will be refunded.

An applicant who finds he is unable to attend Bethune-Cookman College after he has received notice that his application was approved may receive a refund of $10.00 of his deposit upon written request to the Business Office within six months of the date money is receipted.

Physical examinations will be administered to applicants after their arrival on the campus.
Credentials submitted become the property of the College and are kept permanently in the files.

Admission of Veterans

Bethune-Cookman College is approved as an institution for the education and training of honorably discharged servicemen and women by the Veterans Administration of the United States and by the State of Florida. All programs of study are open to men and women veterans who are eligible for this training. Information concerning eligibility may be obtained from the Registrar’s office.

Advanced Standing:

An applicant who wishes to transfer from an institution of accredited collegiate rank must satisfy the entrance requirements of Bethune-Cookman College and must present evidence of honorable dismissal from the institution last attended. The College reserves the right to evaluate transcripts of such applicants in accordance with its own course of study and requirements for graduation.

No grade of "D" may be transferred for credit at Bethune-Cookman College.

REGISTRATION

During Freshman Week registration procedures are explained to new students. Official dates are listed on the College Calendar. A fee of $10.00 is charged for late registration.

A student is not officially registered in a course until his course admission cards have been received and checked by the instructor.

A student’s program of work must be approved by his advisor at the time of registration. Subsequent changes must be made officially to keep the student’s records accurate: these changes are made, when necessary or advisable, through the Registrar’s office with the approval of the Dean and the student’s advisor on forms provided for the purpose, which require as well the signatures of the instructors involved. See the College calendar for the last day for change of program.

The attention of all students is called to the following regulations:
1. Upon registration, the student must declare his/her marital status. Falsification of statement in this regard may result in the student's being requested to withdraw from the College.

2. Any student whose status is changed because of marriage or for any other reason while school is in session, must notify the administration immediately. Failure to comply with this regulation may subject the student to expulsion or other administrative action.

Permission to audit a course may be granted upon filing application in the office of the Dean. A fee of $5.00 per course must be paid in the Business Office.

Auditing Courses:

Extension or Correspondence:

Bethune-Cookman College does not offer extension or correspondence work but will consider for transfer credit from approved institutions not more than thirty semester hours done in this manner.

Week-end Session:

In order to provide instruction for teachers in service as well as for students who are unable to pursue a regular program of studies, certain courses of instruction are offered on Saturday. The courses are taught by members of the regular faculty and require the same quality and quantity of work. The same facilities are used as in the full-time program.

Persons who expect to enroll in these classes should write the Dean for information.

Balance Sheets:

Each student is provided with one balance sheet before graduation. An additional balance sheet may be secured for a fee of $2.00. All requests for record checks must be made during the first eight weeks of any semester. During the summer session no record checks will be made except for prospective candidates for graduation. No record checks will be made for transfer students unless all work from other institutions is on file.
GRADING SYSTEM

</tbody>
</table>

The grade "W" is given only when a student has withdrawn from a course by filing the proper forms which may be obtained from the office of the Dean; otherwise, a grade of "F" will result.

"I" indicates the work is incomplete. This grade is given only when for a valid reason the student has been unable to satisfy the requirements of a given course by the time reports are due. Upon completion of the work, the "I" may be changed to a permanent grade; a fee of $1.00 is charged. Failure to complete the work and have the "I" changed during the next semester in which a student registers will cause the incomplete grade to lapse into the grade of "F".

No grade below "C" in a student's major field will be counted toward graduation.

Dean's List:

A list designated by this title is prepared by the Registrar at the end of each semester, and consists of the names of students who have carried not less than fifteen semester hours of work per week and whose scholarship in terms of grade point average is not less than 2.30 with no grade less than "C". The names of those students whose grade point average for not less than fifteen semester hours is not less than 2.0 and no grade less than "C", comprise the HONOR ROLL.

Failure List:

At the mid.semester point and at the end of the semester, a list is compiled in the Dean's office of all students whose academic average indicates they may not be able to remain in College. Students are encouraged to consult with their instructors; all members of the faculty have stated office hours.
Academic Probation:
A student who fails to achieve a 1.0 average during any semester is placed on probation for the following semester. He may be removed from probation if his average for the succeeding semester is 1.0. A student already on probation from a previous semester who fails to achieve a 1.0 average will be asked to withdraw from the College for one full semester. He may apply for readmission on probation after one full semester has elapsed.

Work taken in the summer does not alter the probationary status of the student.

A student dropped a second time for poor scholarship may not be readmitted to any session.

No work may be taken at another institution during the semester for which a student has been dropped, with a view toward receiving credit at Bethune-Cookman College.

A student transferring from another institution where he is on probation may be admitted with similar status at Bethune-Cookman College.

A student applying for admission to Bethune-Cookman College from another institution which dropped him for poor scholarship should allow a full semester to elapse before registering, at which time he may be admitted on probation.

ATTENDANCE
REGULARITY in class attendance is expected. The consistent performance of classroom assignments and the meeting of all academic responsibilities in a prompt and satisfactory manner are required.

Registration in a course means that the student is held responsible for attendance and for work from the first meeting of the course. Late enrollment does not excuse the student from the work required from the beginning of the course. Absences are counted from the first meeting of the class.

While students are allowed as many unexcused absences as the number of credit hours provided for the course, it is found that the best students are generally the ones absent the least.

Absences may be excused by the Dean. After missing one or more sessions of a course, the student is expected to present his instructor a re-admit slip issued from the Dean’s office, whether the absence was excused or not. In all cases of absence, excused or unexcused, the student is expected to make up the work missed, and is responsible for all of the requirements of the course.
For each unexcused absence above the allowed number, one-third semester hour and the corresponding fraction of quality points will be deducted from the record of the student. This regulation applies also to absence from required College activities.

All students are expected to attend the following activities; the foregoing regulation is enforced in connection with absence from those activities marked "R" to designate required attendance:

- Mid-Week Vespers
- Sunday School
- Religious Emphasis Week
- Community Meetings—R
- Assemblies (Monday and Friday; Wednesday subject to call)—R
- Founder's Day Activities—R
- Baccalaureate—R
- Commencement—R
- Honors Convocation—R
- Homecoming Parade—Required participation for all Freshmen

Absence prior to a holiday carries with it a penalty of a double cut. Failure to return on the designated date for the re-opening of school after a holiday carries a penalty of a double cut and a fine of five dollars.

Students may not leave the College for any holiday or recess without permission from the Dean of the College and the Dean of Men or the Dean of Women. Written requests from parents of women students who desire to leave the campus either to go home or elsewhere must be received in the office of the Dean of Women at least one week prior to the time the student desires to leave. Telegrams from parents should state the reasons for such request to leave the College.

**EXAMINATIONS**

*Entrance Examinations:*

All new students are given entrance examinations. The results of these tests help determine competency in basic subject areas, are used for counseling and guidance purposes, and serve as a basis for determining sections of various courses.

*Mid-Term and Semester Examinations:* In addition to periodic
quizzes, formal examinations are given in all classes at the end of
nine weeks and at the end of each semester. Results of these tests
help determine the general average of the student.

*English Proficiency:* Each student must demonstrate proficiency in
oral and written English prior to entering his Junior year.

*Comprehensive Examinations:* All Seniors must pass comprehensive
examinations in their major field. Arrangement is made with re­
spective department head. Students preparing to teach must pass
their departmental comprehensive examinations prior to serving
internship.

*The National Teacher Examinations* are available to Seniors, upon
application to the Testing Center of the College.

### STUDENT LOAD

**The normal load** of work a student may carry is sixteen hours
per week. He may not carry less than twelve hours if he is to re­
main a regular student. Students who have a "B" average may
carry, with the written approval of the Dean, a maximum of twenty
semester hours.

*Regular Student:* One who has met all entrance requirements and
is carrying an academic load of not less than twelve hours.

*Special Student:* One who is permitted to pursue studies at Bethune-
Cookman College whether he has satisfied the entrance require­
ments or not. He is not considered a candidate for graduation.

*Part-Time Student:* One who has satisfied the entrance requirements
and who, because of certain reasons approved by the Dean, is per­
mitted to carry less than the number of hours per semester required
of the regular student.

*Unclassified Student:* One whose exact academic status has not
been determined but will be classified in one of the groups listed
above.

### CLASSIFICATION OF STUDENTS

Matriculated students whose records as to entrance conditions
and the completion of prescribed work are satisfactory are classified
by hours and quality points as follows:
Freshmen: those who have completed less than thirty semester hours.

Sophomores: those who have completed thirty semester hours or more and have earned as many quality points, but who have completed less than sixty semester hours.

Juniors: those who have completed sixty semester hours or more and have earned as many quality points, but who have completed less than ninety semester hours.

Seniors: those who have completed ninety or more semester hours and have earned as many quality points.

GRADUATION

The candidate for a degree must complete satisfactorily at least 124 semester hours and earn 124 quality points—an average of "C" in all of his work. He must have not less than "C" in any course in his major field.

He must satisfy the requirements of the College as stated in the prescribed portions of the curriculum and the requirements of his major department. He must receive the approval of the Chairman of his Division and be recommended to the faculty and the administration for the granting of the degree.

As indicated, the candidate for a degree must pass comprehensive examinations in his major field of study in addition to demonstrating proficiency in English. He is expected to be of good character and show promise of usefulness.

The candidate must spend his senior year in residence on the campus of Bethune-Cookman College, including a program of thirty semester hours.

Students who expect to become candidates for degrees must file application in the office of the Registrar in accordance with the date announced for same on the College calendar.

Satisfactory adjustment must be made of all College fees and bills before graduation.

All candidates for graduation must attend the Baccalaureate Services and the Commencement Exercises in academic attire. Excuses will be granted only in cases of extreme emergency.

The following honors are awarded at graduation to students who have distinguished themselves by high scholarship and who
have earned at Bethune-Cookman College not less than 90 semester hours of their total credits: "With Honor," "With High Honor," "With Highest Honor."

SERVICES AND FACILITIES

Religious Services

Bethune-Cookman College is a church-related Institution and from its beginning emphasis has been placed on the religious life and spiritual development of the student. While it is a Methodist College, the Institution makes no attempt to force denominational views upon the student body.

The Office of the Chaplain is on the second floor of White Hall. In the light of the philosophy, "Our whole school for Christian Service," the Chaplain seeks to counsel students on religious and spiritual matters and to lead in the various forms of organized religious worship.

The College Sunday School meets each Sunday morning during the academic year at 9:00 o'clock. Mid-Week Vespers, Chapel and Community Meetings have a significant as well as a traditional place in the life of Bethune-Cookman College. Religious Emphasis Week is observed as a special time of dedication during the school year.

The College provides for religious organizations of a denominational nature, such as the Baptist Student Union, the Newman Club, the Canterbury Club and others. The College is represented in and is a part of the Methodist Student Movement. An Oxford Club, for pre-ministerial students, has been organized. The Y.M.C.A. and the Y.W.C.A. are represented with chapters on the campus.

Each student is requested to bring a Bible with him at the beginning of the school year.

Guidance

Bethune-Cookman College seeks to maintain informal and friendly contacts between students and faculty to supplement by personal interest the more formal instructional aspects of college life. Each student has an academic advisor. In addition, counsel and guidance may be obtained from the Deans of Men and Women. All instructors take an interest in the welfare of the student.

The office of the Director of Student Personnel is located on
the second floor of White Hall and is charged with the coordinat-
ing of counseling throughout the College. This service agency pro-
vides personal, vocational and educational guidance.

Information and data concerning individual students is avail-
able to all members of the faculty who share in the responsibility
for counseling. Such records are compiled by the Testing Center
which administers various standard tests and organizes research
concerning the abilities, interest and progress of the student.

The student is given opportunity to share in the planning proc-
ess for his growth and development. There is student representation
on almost all faculty committees, and students have a voice in their
own affairs in the Student Council, governing group of the student
body.

Cultural Opportunities

To supplement classroom education, Bethune-Cookman College
offers a well-rounded program of cultural attractions including
music, plays and lectures by outstanding individuals. Many of these
programs are free for all students; others are offered for a reason-
able fee.

Athletics

Athletic sports are permitted and encouraged at Bethune-Cook-
man College. The new Gymnasium is adequately equipped for all
branches of physical education and athletics. The six new Tennis
Courts provide opportunities for outdoor sports. In addition to the
regular class work in Physical Education (two years of which are
required of all students) an extensive intramural athletic program
for men and women is carried on.

The College holds membership in the Southern Inter-Collegiate
Athletic Conference. Football, basketball, track, and tennis are
engaged in on a competitive basis.

The ideal climate of the Halifax country makes outdoor sports
possible throughout the year.

Health Services

The College maintains a health and physical fitness program
for all students. These services include:

(1) Physical examinations of every new student in order to ad-
vise him concerning physical defects. Studies are made to
detect chronic conditions.

(2) Dispensary service for students.
(3) Infirmary care for sick students.
(4) Hospitalization of a student in case it is required and authorized. A private physician of the patient's choice assumes responsibility for such cases. Off-campus care is the financial responsibility of the individual.

The T. A. Adams Infirmary is staffed by a physician and a nurse. Students are urged to avail themselves of the clinical services of the Infirmary even when ailments seem slight. The College Nurse is available for first aid treatment and will call to the attention of the College Physician any case demanding special treatment.

The services described above are offered to the students in return for the medical fee paid at the time of registration. Such services, however, do not include X-rays, surgery, care of major accidents and/or off-campus examinations for glasses, dental service, out-of-office calls, cases of serious chronic disorder or other extraordinary situations.

Each student will be entitled to a maximum of five days of hospitalization in the College Infirmary, with routine nursing care and ordinary medication during each school year that he is enrolled. Special nursing service and special medication will be at the expense of the student. Non-boarding students will be charged for board and room while in the College Infirmary. Students who have to remain in the Infirmary longer than five days during the school year will be charged at the rate of $1.00 per day.

The College reserves the right of parents and guardians to make decisions concerning emergency health problems.

Audio-Visual Center

The College maintains an audio-visual center as an aid to instruction in all departments. Specialized equipment is housed in this department but arrangements can be made for loan of projectors and materials to other departments.

Remedial Program in Reading:

Organized on the basis of revealed needs of students and in order to ascertain the correlation between students' performance in classes and their reading abilities as revealed in the testing program, a remedial program in reading has been developed at Bethune-Cookman College. The Cooperative English Test is administered to all new students. Those whose scores are below what may be expected of college students are required to do remedial
work under the supervision of the English Department. These stu-
dents are re-tested after a semester of special non-credit work in this
area and are re-directed into the remedial program if they still fail
to achieve an acceptable level of performance. Emphasis is placed
in all departments of instruction on reading and on English usage.

Veterans

The curricula of Bethune-Cookman College are approved for
the education of Veterans. The Business Office assists in counseling
and advising veterans on problems relating to their governmental
programs and in setting up necessary procedures to comply with
regulations on fees, books, interruption, reduction of course load,
and the like.

Foreign Students

Bethune-Cookman College is approved by the Attorney-General
of the United States for the education of foreign students. A mem-
ber of the faculty is appointed as advisor to foreign students.

The Library

Students should make much use of the Library. During free
periods, it is a quiet place to study with an abundance of reference
books at hand. In the General Reading Rooms are permanent col-
lections of books needed for quick reference and open-shelf collec-
tions in various fields.

STUDENT ORGANIZATIONS

ALL STUDENTS who seek membership in fraternities, sororities,
clubs and other organized groups on the campus of Bethune-Cook-
man College must meet the scholarship standards of the College
before approval and admission into such organizations. Every
student may belong to some organization and the College encour-
ages and welcomes participation in such activities.

A classified list of student organizations follows:

a. General Organizations

Clubs, activities and organizations where the membership
is not restricted because of registration in a particular
department are designated as "General." Participation in
these groups is voluntary. Programs may be national or

Pledging and initiation may take place only at prescribed times during the school year.

Each student organization and activity must be registered in the Office of the Director of Student Personnel with a copy of the char-
ter and a list of the names of the current officers on file. Permission must be obtained from the administration of the College to start a new organization on the campus. Organizations may nominate several members of the faculty from which nominations the administration of the College appoints the official faculty sponsors.

GENERAL REGULATIONS

Student Responsibility

In accepting admission to Bethune-Cookman College, the student subscribes to the standards of personal conduct which the College considers fundamental to group living and it is assumed that he will take advantage of the opportunities offered him to learn how to make wise decisions regarding his own conduct.

Rules and regulations governing students and student life are found in the Student Handbook, prepared by the Publications Committee which is composed of faculty and students.

Notices and Announcements

Students are held responsible for information published through notices and announcements placed on bulletin boards or made at student assemblies.

Discipline

Bethune-Cookman College seeks to safeguard the integrity of all of the students. It is expected that individual students will refrain from participation in acts which are considered irregular. Those who persist in violating any of the privileges, standards and rules of the College, who are consistently delinquent in academic responsibility, continually neglect their financial obligations or embarrass the College in any manner are subject to disciplinary action.

The College reserves the right to dismiss a student for unbecoming social behavior. A student so dismissed forfeits his rights and privileges as a member of the College family, as well as fees paid in advance.

The College reserves the right to notify civil authorities whenever a student is guilty of or charged with violation of civil law.

Dormitory Life

Students are under the supervision, in their dormitories, of the respective Deans of Men and of Women. Rules governing dormitory life may be found in the Student Handbook.
All students should bring with them the following items:
4 sheets 2 bedspreads
4 pillowcases 1 blanket
towels

Dormitory rooms are furnished; however, students will wish to personalize their rooms with their own curtains, scarves and similar items.

All students, both men and women, whose parents or guardians do not live in Daytona Beach are required to live on the campus (except by special permission granted in exceptional cases on an application approved by the Dean of Men or the Dean of Women and the Business Manager). Under no circumstances may a student move from the campus to the City without written permission.

Uniform Dress

The College has, from its earlier days, required uniform dress for the student for special assemblies and stated occasions, believing it to be economical as well as the best means of training young people in the habits of simplicity and good taste.

Women students are required to have, in winter, black shoes, an attractive shade of hose, a dark blue tailored suit and white blouse, and for summer, a white suit. At times, a hat, gloves and a handbag are also required.

Men students must own a navy blue suit, white shirts, a black tie and black shoes.

FINANCIAL AID, SCHOLARSHIPS AND PRIZES

Financial Aid for Students

Bethune-Cookman College engages a limited number of students in part-time employment. These jobs normally pay $15.00 to $20.00 per month. Student aid is granted only to students who demonstrate academic competence, need, willingness and ability to contribute work of value to the College, such as clerical service, laboratory assistance, work on the campus, work in dormitories, work in the dining hall, etc. Assignment for work is made from the Business Office.

A limited number of scholarships is available to well qualified students who show promise, ability and need. Some of the scholarships available to students are awarded directly by donors and administered by the Committee on Scholarships and Student Aid and
BETHUNE-COOKMAN COLLEGE

the Business Office of the College. Scholarships awarded by the College are handled by the Scholarship Committee.

Although high scholarship achieved through academic endeavor is an important feature in qualifying for scholarship, it is not the only consideration. Additional requirements are based upon the fundamental principles of good character and citizenship. Good health, attitude, seriousness of purpose, ability to get along with others and initiative are also significant criteria.

Some scholarships have special privileges and limitations. Specifications may be ascertained from the lists below:

1. Tuition scholarship for Freshmen — a number of tuition scholarships for Freshmen in the amount of $200.00 each is available. Payable $100.00 per semester, these scholarships are awarded to the Valedictorian and Salutatorian of their graduating class for the current year upon recommendation from the high school principal.

2. Part-Time Employment: This type of employment is possible for a limited number of students in various campus jobs.

3. House Bill No. 111: Provides for scholarships of $300.00 for dependent children of deceased World War Veterans who entered the service of the United States from the State of Florida. Parents or children must be residents of the State for five years. Application should be made to the Secretary of the Board of Control, Tallahassee, Florida.

4. Vocational Rehabilitation Scholarship: The Rehabilitation Division of the State Department of Education provides limited assistance to persons who are physically handicapped. Requirements for eligibility for this assistance are as follows: The applicant must have a disability which is a substantial vocational handicap, he must be sixteen years of age or over, he must have a good scholastic record, and must take courses that will prepare him for some vocation at which he can earn a living. Application for this assistance should be made prior to July 1 for the following school year. Students who wish to apply should write to the State Director of the Division of Vocational Rehabilitation, Department of Education, Tallahassee, Florida.

Students enrolled at Bethune-Cookman College for the first time should not come depending upon securing work, but should
come prepared to pay the full amount of their expenses until they have oriented themselves and have demonstrated their ability and worth.

**FINANCIAL REGULATIONS**

_Bethune-Cookman College_ emphasizes promptness in the payment of all accounts. Fees and charges for room, board and laundry have been determined in the light of present conditions. The College reserves the right to make increases at any time during a school year in these charges, should conditions make this necessary. Board, room and laundry are offered as a group. A student may not have one without the other.

Meal tickets are issued monthly upon payment of monthly charges. The retention of a meal ticket is the responsibility of the student.

In paying a student's account, parents are advised to make remittances payable to "Bethune-Cookman College" and to send them directly to the Office of the Business Manager. Preferable modes of payments are money orders and certified or cashier's checks. Statements of student accounts are made only on request. Any expense incurred in connection with the collection of student accounts will be charged to the student.

In no case may a student receive a degree, transcript or certificate until a satisfactory settlement of his account has been made. Final examinations for a semester or semester credit cannot be given to a student until he has cleared his account with the Business Office.

**Payment of Tuition, Fees, Room, Board and Laundry**

Tuition and fees for any school year will be due at the beginning of each semester. Total tuition and fees and room, board and laundry for September are due at the time of registration.

Resident students will observe the following schedule for room, board and laundry payments:
All students, including veterans, are expected to follow the
above schedule for the payment of room, board and laundry. Vet­
erans should make arrangements to bring funds to carry them for
at least two months or until they start receiving their subsistence
checks from the Government.

All resident and non-resident students are required upon en­
trance to pay the following:

Graduation Fee should be paid at the time formal application is made for the degree.
ACADEMIC PROGRAM

THE CURRICULUM

So that Bethune-Cookman College might attain its objectives, the curriculum which follows has been adopted. The philosophy of the College proposes a certain destination; the curriculum is the route suggested to faculty and students to reach this goal. The course of study here outlined is not an end in itself—it is a means to an end. Its primary service is to provide a reliable compass to direct the student into a more nearly complete life.

The curriculum at Bethune-Cookman College has, therefore, the following purposes:

1. to build a broad foundation in general education for adequate citizenship in a democratic society;
2. to give thorough preparation in the fundamentals of a specialized area (major) yet providing elective hours in some closely allied field (minor);
3. to develop sensitivity and awareness to prospective life-work through professional treatment of the subject matter, skills and outlook involved;
4. implementation of knowledge, skill and understanding in practical experience in laboratory, school, community and public service.

DEGREES

Bethune-Cookman College confers the degree, Bachelor of Arts, or Bachelor of Science, upon completion of the prescribed requirements of the respective course of study and approval by the Faculty.

The degree, Bachelor of Arts, is conferred when the major field of study is Art, English, Music, Philosophy and Religion, or Speech and Drama, in the Division of Humanities.

The degree, Bachelor of Science, is conferred when the major field of study is Elementary Education, in the Division of Education.

Either degree, Bachelor of Arts or Bachelor of Science, may be conferred when the major field is Science, in the Division of Science, or Commerce, Physical Education and Health or Social Science, in the Division of Social Science, depending upon the courses taken.
In every case, the student must present twelve semester hours credit in one foreign language in order to qualify for the Bachelor of Arts degree.

Academic programs are planned by the student's major advisor within the framework of the general requirements of the College and in consultation with the student in order to provide the best possible course of study to meet individual student needs.

The normal period of study required of a student who enters the Freshman class is four years or eight semesters. No student will be recommended for a degree until he has achieved the following:

1. Demonstration of a satisfactory level of achievement, both qualitatively and quantitatively.
2. Completion of 124 semester hours of work properly distributed, with a minimum of 124 quality points.
3. Completion of the requirements of the General Education Program and of the requirements of a major field of concentration.
4. Satisfactory achievement on a comprehensive examination required in the major field. (See section on Examinations, pages 40, 41).

In every case the final 30 semester hours in completion of the requirements for a degree must be done in residence at Bethune-Cookman College.

Any student who falls below satisfactory level in scholarship or who for any reason in the judgment of the Administrative Committee is felt not to be a desirable member of the student body is subject to dismissal.

GENERAL EDUCATION

The curriculum is organized into two distinct but interrelated levels: the basic General Education Program and the upper level of major concentration.

The General Education Program at Bethune-Cookman College is designed to develop in students those Christian values, attitudes, skills and knowledge necessary for abundant personal living and responsible citizenship in a democratic society. To this end experiences are provided which give the student an understanding of the physical, biological and social environment, of literature, art and music, of physical and mental health, of philosophy and religion, and of the skills necessary for effective communication in writing,
speaking, reading and listening. These non-specialized and non-vocational learnings are believed to be essential in the common experience of all educated Christian men and women.

So that each student may participate fully in this program, the College requires for graduation 45 semester hours of credit in General Education. Normally this program is completed during the Freshman and Sophomore years.

The 45 semester hours of credit are distributed as follows:
(See divisional listings for complete course descriptions)

I. DIVISION OF HUMANITIES 21
    Eng 101-102 Communications 6 (p. 69)*
    S.D. 232 Public Speaking 3 (p. 76)
    Eng 201-202 Humanities 8 (p. 69)
    P.R. 101,102 Biblical Literature 4 (p. 74)

II. DIVISION OF SCIENCE 12
    Bi 101 Biological Science 3 (p. 80)**
    Ph 101 General Physical Science 3 (p. 83)**
    Ma 101-102 College Mathematics 6 (p. 82)

    S.S. 101-102 American Institutions 6 (p. 92)
    P.E. 101-102 Physical Education 2 (p. 88)
    P.E. 201-202 Physical Education 2 (p. 88)

RESTRICTED ELECTIVE 2

To complete his program a student may elect from those courses designated in the description of courses as General Education electives by the symbol†. In electing such a course, the student should seek the advice of his major advisor or that of the Coordinator of General Education.

* A student whose entrance examinations reveal deficiencies in English must take remedial work in the Department of English. (See Eng 101-102, page 69)
** Science majors substitute comprehensive courses in Biology and Physical Science.
MAJOR FIELD OF CONCENTRATION

By the end of his Sophomore year the student must select for concentration of study in the Junior and Senior years the field in which he wishes to major. Requirements for each major field are set up by the respective department involved but a minimum of thirty semester hours with a grade of "C" in each course counted toward the major is required by the College. Students desiring to teach may consult their major advisor for information concerning State certification requirements and plan their programs accordingly.

The student may choose from one of ten major departments on the upper level of the curriculum. These are grouped into four main Divisions of Instruction, as follows:

I. DIVISION OF HUMANITIES: Art, English, Music, Philosophy and Religion, Speech and Drama

II. DIVISION OF SCIENCE: Science

III. DIVISION OF SOCIAL SCIENCE: Commerce, Physical Education and Health, Social Science

IV. DIVISION OF EDUCATION: Elementary Education

In addition to these major departments, courses are offered in departments of instruction which similarly fall into one of the main Divisions although they do not constitute a major field of concentration for a degree. Such areas do, however, offer sufficient courses for State certification for students who desire to qualify to teach. See "Description of Courses" for these offerings.

A student who wishes also to achieve a minor in a given field may do so by accumulating not less than fifteen hours in the department of his choice, with no grade less than "C". The courses so counted must be chosen in consultation with the head of the Department concerned.

COURSES OF INSTRUCTION for 1955-56 and 1956-57

The Courses of Instruction are listed herewith under the respective departments which offer them within the Divisional framework of the College curriculum. Courses intended for Freshmen carry
numbers 100 to 199, those for Sophomores 200 to 299, for Juniors and Seniors, from 300 up. So far as possible, courses should be taken in sequence and at the level for which they are intended; exceptions may be made only over the advisor's signature and with the approval of the Dean of the College.

Numbers ending in odd digits indicate courses usually given the first semester; numbers ending in even digits indicate courses usually given the second semester. All credit is indicated in terms of semester hours.

Both semesters must be taken to receive credit for a course which runs two semesters and the number of which is hyphenated (as English 101-102). Either semester of a course may be taken for credit if the course number carries a comma between the numbers of the two semesters (as Philosophy and Religion 103, 104).

The symbol † designates a restricted elective course in the General Education Program.

I. DIVISION OF HUMANITIES

The Division of Humanities offers the following five major fields of study: Art, English, Music, Philosophy and Religion, Speech and Drama. The Bachelor of Arts degree is awarded students majoring in any of these five departments and twelve semester hours in one foreign language are required in every case. In addition to these major departments, the Division offers courses in Library Service and Modern Languages.

The Division aims to provide the student with an introduction to the classic arts of civilization, to stimulate him to a richer, fuller life and to develop in him the appreciation of beauty, the soundness of judgment and the skill in communication which characterize an educated person. An emphasis on Christianity and on democracy are designed to equip the student for useful living in our society. The Division, as a whole, seeks to help its students to develop:

1. Effective skills of communication
2. Ingenuity and creative ability
3. Creative thinking
4. A sense of spiritual and moral values
5. An appreciation for the ways, thoughts and beliefs of other peoples
(6) An awareness of the interrelatedness of the various fields of knowledge.

ART

The study of Art at Bethune-Cookman College is based on the following two-fold hypothesis:

(1) that Art is an essential factor in the twentieth century civilization and plays an important and vital part in the satisfactions of every-day living;

(2) that the public school presents the best opportunity for conveying the beneficial influence of Art to the individual, the home and the environment of our culture.

A student wishing to major in Art will plan his program of study with the Head of the Art Department. In addition to the requirements of the General Education program, and the requirement of twelve semester hours in one foreign language, the student will include in his program: Art 103, 303-304, 313, 321-322, 331-332, 401-402, 421-422 and select elective courses in Philosophy, Music, Public Speaking, Typewriting, Stagecraft, Make-up, English Literature, History, Religion or Audio-Visual Education.

A minor in Art consists of fifteen semester hours and includes: Art 103, 303-304, 321-322, 331-332, and 311-312.

Courses:

†Art 103  Art Appreciation Credit: one semester hour
General survey of the history of art. Freshman elective.

Art 211  Basic Elementary Art Credit: two semester hours
Same as Education 211. Pre-requisite to Art 311-312 (Ed 341, Ed 342).

Art 301  Theory of Design Credit: two semester hours
An elementary course in the study of the elements and principles of good design, dealing with abstract and representational interpretations. Fee: $2.00

Art 303-304  History of American Art Credit: four semester hours
Study and analysis of art and thought in art in early America and contemporary times.

Art 311-312  Public School Art I and II Credit: four to six semester hours
Same as Ed 341, 342. Prepared for the elementary education major
as well as for the art major. (For elementary education majors, Ed 211—same as Art 211—is pre-requisite.)
The first semester deals with elementary color theory, drawing, perspective, lettering, seasonal constructional problems, etc. The second semester deals with simple craft problems: clay, paper maché, wood, leather, box sculpture, graphic art techniques, etc.

Art 313 *Advanced Crafts*  Credit: two or three semester hours
A continuation of Art 312 with special emphasis on two or three selected crafts. Pre-requisite: Art 311-312.

Art 321-322 *Lettering I and II*  Credit: four semester hours
Theory of design, a study of types, history and practical exercises in lettering. Second semester deals with problems in layout, types and skill in rendering.

Art 331-332 *Composition*  Credit: four semester hours
Elementary problems in two and three dimensional design with emphasis on compositional organization. Charcoal, ink, chalk and gouache are used in producing experiments. Second semester deals with advanced problems in composition work with emphasis on structure; oil is introduced.

Art 401-402 *Drawing and Painting*  Credit: six semester hours
Experiments in tone, line, color and texture in charcoal, ink, chalk, water color and pastel. Problems in the production of illustration, portraits, life drawings, still life and mural design. Second semester work is on the basis of individual arrangement: advanced problem in water color and oil. Pre-requisite: Art 331-332. Fee: $12.00

Art 411-412 *Nineteenth Century and Contemporary Art*  Credit: four semester hours
A study of the rapid changes in art that have occurred in the Nineteenth century and since.

Art 421-422 *Design in Ceramics*  Credit: five semester hours (two hours first semester and three hours the second semester)

Art 423 *Sculpture*  Credit: three semester hours
An elementary course in plastic sculpture. Emphasis is placed on experimentation in terra cotta and plaster. Firing and glazing methods are studied also.

**ENGLISH**

The aim of the Department of English is two-fold:
(1) to develop skill in the art of communication so that the student may appreciate others and the world around him and express himself adequately

(2) to acquaint the student with the heritage of thought and literature which comprise so much of our culture.

A student majoring in *English* will work his program out with the Head of the Department, including twelve hours in one foreign language and electing courses in Philosophy, Speech and Drama, History and other fields.

**Courses:**

**Eng 101-102  Communications**  Credit: six semester hours
Required of all Freshmen. This course is designed to improve the reading, writing, speaking and listening habits and tastes of the student.

*Note: All students whose entrance examinations reveal deficiencies in English will be assigned to special sections of this course for additional and remedial work in reading.*

**Eng 201-202  Humanities**  Credit: eight semester hours
This one-year course of study which is a part of the General Education Program is required of all Sophomores and is an attempt to acquaint the student with four main areas of human expression: Literature, Art, Religion and Philosophy. Within a chronological pattern of development, the material is presented to help the student broaden his own cultural knowledge and appreciation and to motivate him to further self-improvement. A survey is made of the Greek and Roman worlds, the Middle Ages, the Renaissance, the Romantic and Victorian Periods and contemporary civilization.

**Eng 211-212  English Literature**  Credit: four semester hours
Required of all *English* majors, this course is organized according to the types of literary works produced in England, beginning with the epic. An analysis of the work, the author, time written, content of truth and appeal to the reader.

**Eng 301-302  Advanced Composition**  Credit: six semester hours
Required of all *English* majors, this course is organized according to the expressed needs of the students. Points of emphasis usually include writing style, spelling, dictionary use and fundamentals of good oral usage.

**Eng 311  American Literature**  Credit: three semester hours
An introduction to the writings of Americans with emphasis on the development of ideas in American life and culture as reflected in the literature beginning with Freneau. Attention is given to the literary works of American Negroes.

**Eng 321  English Drama**  Credit: two semester hours
English drama from earliest forms through the Nineteenth Century, excluding Shakespeare.
Eng 331 *The Novel*  
Credit: two semester hours  
Study of the development of the novel, beginning with Samuel Richardson and including the English and American novel.

Eng 341 *The Romantic Period*  
Credit: three semester hours  
Beginning with the Pre-Romanticists and continuing through the period, generally 1798-1832. Pre-requisites: P.R. 103, Eng 211-212.

Eng 342 *The Victorian Period*  
Credit: three semester hours  
Begins with the end of the Romantic Period, roughly 1832; emphasis is placed on the emerging patterns of life in science and industry as well as on the literary productions as they reflect those patterns. Pre-requisite: Eng 341.

Eng 401-402 *History of the English Language*  
Credit: six semester hours  
Required of English majors. Includes periods of Old English, Middle English, Early Modern and Modern English in language development. Attention is given to sound development and change, codification of spelling, word derivation, and change in the view of life as reflected by language.

Eng 411 *Techniques of Research*  
Credit: three semester hours  
Required of all English majors; deals with the systematic methods of locating, organizing and compiling data.

Eng 421 *Journalism*  
Credit: two semester hours  
Organizing and editing high school newspapers; emphasis is placed on the newspaper as one of the chief media of communication.  
NOTE: See the course offerings of the Department of Speech and Drama for related courses: Shakespeare, Oral Interpretation of Literature, Public Speaking and Modern Drama.

**MUSIC**

The Department of Music offers the majoring student a choice between two programs: one with emphasis on Music as such and the other with emphasis on Music Education. Both programs lead to the Bachelor of Arts degree with a major in Music; the courses to be taken are worked out in consultation with the Head of the Department. In either case, the student must include in his program twelve semester hours in one foreign language. The former program, however, is designed primarily for students interested in professional music as a career while the latter program is offered for students planning upon teaching music.

Through the medium of classroom instruction, active participation, and audio-visual motivation, it is the aim of the Department to develop the innate qualities of the students to their maximum
potential. Attention will be given to the individuality of each student to the extent that upon completion of the course of study selected, the student will be equipped to meet the demands of either the teaching profession or those of the professional musician.

All majors are expected to participate in at least one ensemble during their matriculation at the College. Students selecting the program emphasizing Music Education are required either to present a formal recital on the major instrument or to present an original composition in large form for large ensemble as partial fulfillment of the requirements for graduation. Students selecting the program emphasizing Music are required to present a formal recital in any area of Applied Music as partial fulfillment of the requirements for graduation.

Courses:

(Note: Individual instruction in Piano, Band, Voice carries a Fee of $6.00 per month each.)

Mu 100-100A. Fundamentals of Music  
Credit: two semester hours  
Designed to orientate the first-year student so far as the fundamentals of music are concerned. It is not the aim of the Department to fuse harmony with ear-training in this course; rather, the goal is to relate intimately the innate abilities of the student to the pure fundamentals of the theory of music.

Mu 101-102 Applied Music  
201-202  
301-302  
Credit: two semester hours  
Practical application on a specified instrument or instruments. In the case of voice and wind instrument speciality, four semester hours of piano will be required of first and second-year students, plus eight semester hours in a major area of Applied Music. It is expected that all first and second-year students majoring in this Department will enroll in two courses of Applied Music of two one-half hour lessons per week.

Mu 211-212 Elementary Harmony  
Credit: four semester hours  
An integrated course in the fundamentals of music with emphasis on the development of oral recognition of all musical elements. Specific physical expression must always follow and illustrate all technical musical knowledge, ear (aural), visual (eye to ear) and manual (motor). The content of the course will involve the development of a practical vocabulary of triads, major and minor, up to and including seventh chords.
Mu 231-232 **Elementary Sightsinging and Ear-Training**  
Credit: two semester hours  
It is the aim of this course to give the student a firm aural foundation in basic musicianship. The identification of intervals, triads, and seventh chords through listening and class participation is the first and most important step in the development of the embryonic musician.

Mu 241-242 **Sightsinging and Ear-Training (Solfeggio)**  
Credit: two semester hours  
Designed for those students whose programs provide emphasis on voice, piano or organ; emphasis will be placed on the development of the student's ability to identify and sing and play intervals, chords and scales without the use of related devices.

Mu 311-312 **Advanced Harmony**  
Credit: four semester hours  
This course provides further intensified study growing out of Mu 211-212. The student will be acquainted with harmonization of chorales, folk tunes, spirituals, the solution of advanced figured basses and the practical application of the material to the keyboard.

Mu 321 **Keyboard Harmony**  
Credit: two semester hours  
The practical application of transposition, modulations, and harmonizations of chorales at the keyboard; stress will be placed on the improvisation of chorale melodies in transposed keys. Pre-requisites: Mu 101-102, 201-202, 211-212, 231-232.

Mu 322 **Form and Analysis**  
Credit: two semester hours  
Study of the forms as developed by the Classicists, using the piano Sonatas of Haydn, Mozart and Beethoven as the basis for observation. In the practical analysis of the content of these compositions, selections from the music of Schubert, Brahms and Debussy will be compared so that the student might observe the growth of techniques and ideas in musical composition.

Mu 331-332 **Music History**  
Credit: four semester hours  
An intensive study of the history of music and musician. Correlation with the history of art and literature is emphasized. Stress is also placed on the effects of socio-economic implications on the development of music from the fall of the Roman Empire to the present day.

Mu 341 **Music Education — Elementary**  
Credit: four semester hours  
Designed to familiarize the student with basic music fundamentals necessary for effective teaching of music in the elementary grades, to develop within the student a philosophy of music education, to expose him to the essential musical experiences which a child should have in the elementary school, and to encourage him to perpetuate the ideal of "Music for Every Child."  
(Same as Ed 321, Public School Music I, credit: three semester hours) (Class meets four times a week.)
Mu 342  *Music Education — Secondary*  
Credit: four semester hours  
Methods and techniques relative to setting up a music program on the junior and senior high school levels. Attention will be given to the psychological and sociological aspects of the adolescent in relation to the whole school program. Particular emphasis will be placed on the effect of the grade school musical development program on the high school program. Pre-requisite: Mu 341  
(Same as Ed 322, *Public School Music II*, credit: three semester hours) (Class meets four times a week.)

Mu 351-352  *Instrumental Class Methods*  
Credit: four semester hours  
It is mandatory for prospective school music teachers to have a working knowledge of all musical instruments. Frequently teachers are required to extend their area of instruction to embrace all aspects of music education. This course is designed to prepare the school music teacher to fulfill his obligation to his profession more adequately.

Mu 361  *Music Literature (Opera - Oratorio - Cantata)*  
Credit: three semester hours  
Various types of drama set to music; analysis of various operatic concepts in the light of past and present ideas.

Mu 362  *Music Literature (Symphonic)*  
Credit: three semester hours  
Exploration of the various Symphonies and Symphonic Poems from Haydn and Mozart to the contemporary composer.

Mu 400  *Musicology*  
Credit: two semester hours  
Comparative analysis of the research materials in music from the Sixteenth Century up through the Twentieth Century; the student will investigate various aspects of musical developments. A term project requiring intensive research is required of each student.

Mu 401-402  *Applied Music*  
Credit: four semester hours  
Each major in the Department of Music is required to present a Senior recital; this course is designed to provide proper instruction relative to performing in recital. Two one-hour lessons per week.

Mu 411  *Counterpoint (18th Century)*  
Credit: two semester hours  
Practical application of counterpoint based on the works of J. S. Bach; designed to give the student a workable knowledge of the contrapuntal techniques of the Eighteenth Century. Pre-requisites: Mu 211-212, 311-312, 321 and 322.

Mu 421-422  *Conducting and Arranging*  
Credit: four semester hours  
Designed to acquaint the student with the techniques of conducting,
i.e., the use of the baton, score reading and transcriptions. Practical experience in conducting instrumental ensembles and choral groups. Note: to be taken concurrently with Mu 431-432. Pre-requisites: Mu 211-212, 311-312, 321 and 322.

Mu 431-432  Orchestration  Credit: four semester hours
Practical application of scoring for band, orchestra and orchestra and chorus; particular emphasis on the individual ability of the student.
Note: to be taken concurrently with Mu 421-422. Pre-requisites: Mu 211-212, 311-312, 321 and 322.

Mu 441-442  Composition  Credit: four semester hours
Designed to enable the student to develop his latent potentialities in original composition; study of the various styles.
Pre-requisites: Mu 211-212, 311-312, 321 and 322.

PHILOSOPHY AND RELIGION

The aim of this Department is twofold: first, to acquaint the student with the philosophical and religious heritage of the ages, and second, to help him formulate for himself a meaningful philosophy of life.

A student majoring in this Department must, in addition to presenting twelve semester hours in one foreign language, accumulate thirty semester hours in Philosophy and Religion beyond P.R. 101,102 and including P.R. 103,104,201,202, 301-302, 311-312, 441 and 442. A minor in Philosophy and Religion comprising a program of fifteen semester hours may be worked out in consultation with the Head of the Department.

Courses:

P.R. 101  Biblical Literature I  Credit: two semester hours
Comprehensive survey of the language and literature of the Old Testament, designed to acquaint the student with the rich literary offerings of the Bible and to create an appreciation for and interest in Bible reading. Required of all Freshmen.

P.R. 102  Biblical Literature II  Credit: two semester hours
Comprehensive survey of the language and literature of the New Testament, with a continuation of the purpose of Biblical Literature I. Special emphasis on the Life of Christ and the Pauline letters. Required of all Freshmen.

†P.R. 103  History of Philosophy  Credit: two semester hours
Ancient and Medieval periods.
P.R. 104  *Modern Philosophy*  Credit: two semester hours
From the Renaissance to the present day with some attention to American philosophy.

†P.R. 201  *Life and Teachings of Jesus*  Credit: two semester hours
Analysis of the life and teachings of Jesus with respect to historical perspective and relevance to contemporary life; designed especially for pre-ministerial students and those entering other phases of Christian service.

P.R. 202  *The Church School*  Credit: two semester hours
A study of both methods and materials in the administration of the Church School; designed particularly to acquaint the student with the total educational function of the local church.

P.R. 301-302  *Church History*  Credit: six semester hours
Survey of the history of the church from primitive days to the present.

Theory and technique of dramatic writing; practice in the writing of the one-act play.

S.D. 405 Dramatics for the Public School Teacher  Credit: three semester hours
General fundamentals and techniques of directing, stagecraft, lighting, make-up and costume. Lecture and laboratory. Fee: $5.00

S.D. 411 Phonetics and Speech Correction  Credit: three semester hours
Recognition and analysis of production of sounds in English; application of phonetics to problems of the teaching of language and of speech correction.

LIBRARY SERVICE

The aim of the Department of Library Service is to provide competent and qualified personnel to service both the elementary and the secondary school by imparting to the student:

(1) an understanding of the function and role of the library in the school and society
(2) a knowledge of the use, content, and care of books and other materials, and,
(4) a knowledge of the theory and practice of the administration and organization of libraries.
Courses:

L.S. 301-302  *Organization and Administration of Libraries*  
Credit: six semester hours
Planning, organization and equipment of the library quarters with emphasis on acquisition, preparation and circulation of materials and the keeping of records. Use of libraries and the place and function of libraries in the school.

L.S. 311  *Cataloguing and Classification*  
Credit: three semester hours

L.S. 401-402*  *Books and Related Materials*  
Credit: six semester hours
Printed and audio-visual materials will be considered. Selection of materials from the pre-primary through the ninth grade will be stressed the first semester; materials from the tenth grade through senior high school will be stressed the second semester. Use, care and criteria for selection of book and non-book materials.

L.S. 411  *Reference and Bibliography*  
Credit: three semester hours
Consideration of the General Book Collection and of special tools useful in locating answers to questions most frequently asked in libraries; practice in the use of these tools and training in bibliographic methods.

*See also Ed. 352, Ed 310 and Ed 323.

MODERN LANGUAGES

Elementary and intermediate courses are offered in French, German and Spanish; advanced courses are offered in French and Spanish.

The elementary courses emphasize the essentials of grammar and spoken and written forms of the language. Stress is placed on pronunciation and opportunities are given for simple conversation and reading in the language.

The intermediate courses are essentially review courses. Reading of short stories, essays and short plays is undertaken and stress is placed on composition, both oral and written.

Courses:

M.L. 101-102 - Fr  *Elementary French*  Credit: six semester hours

M.L. 201-202 - Fr  *Intermediate French*  Credit: six semester hours
M.L. 301-302 - Fr  Advanced French: Composition and Conversation  Credit: six semester hours
Oral and written expression. Special attention to correct pronunciation, intonation, rhythm and development of vocabulary.

M.L. 401-402 - Fr  Advanced French: Readings in French Literature  Credit: six semester hours
The important literature of France from the Middle Ages to present day is surveyed.

M.L. 111-112 - Sp  Elementary Spanish  Credit: six semester hours
M.L. 211-212 - Sp  Intermediate Spanish  Credit: six semester hours
M.L. 311-312 - Sp  Advanced Spanish: Composition and Conversation  Credit: six semester hours
Oral and written expression. Special attention to development of vocabulary, pronunciation and rhythm.

M.L. 411-412 - Sp  Advanced Spanish: Readings in Spanish Literature  Credit: six semester hours
First semester devoted to the study of literature of Spain from the Middle Ages to the Twentieth Century. Second semester devoted to a study of literature by modern Latin American authors.

M.L. 121-122 - Gr  Elementary German  Credit: six semester hours
M.L. 221-222 - Gr  Intermediate German  Credit: six semester hours

II. DIVISION OF SCIENCE

THE DIVISION OF SCIENCE offers extensive courses of study in the subject-matter fields of Biology, Chemistry and Mathematics (and a number of courses in allied fields) leading to a divisional major in Science. A student selecting this major field will be required to take a minimum of thirty semester hours in Biology, Chemistry or Mathematics and a minimum of twenty semester hours in the other subject-matter fields in the Division.

Science divisional majors may qualify for either the Bachelor of Arts degree or the Bachelor of Science degree, according to their course of study, planned in consultation with their major advisor. To qualify for the Bachelor of Arts degree, the student must present twelve semester hours in one foreign language.

The primary objectives of the Division of Science are:

(1) to prepare students for entrance into the studies of medicine, dentistry and pharmacy
(2) to provide adequate programs of study for students planning to pursue advanced studies in the specialized areas of Biology, Chemistry and Mathematics.

(3) to provide specialized training for students who are interested in teaching Science and Mathematics on the secondary level.

(4) to provide for all students of the College those science courses which are considered a part of the General Education Program.

(5) to provide special science courses required of students by other Divisions of the College.

Courses:

BIOLOGY

Bi 101 Biological Science Credit: three semester hours
Orientation of the student to the biotic world, with emphasis on man. Material Fee: $2.00

Bi 103-104 General Biology Credit: eight semester hours
A comprehensive study of biology, using laboratory materials. Recommended for students who concentrate their Science major in Biology and for students pursuing pre-medical studies or seeking professional and scientific careers. Laboratory Fee: $8.00 per semester.

Bi 201 Invertebrate Zoology Credit: four semester hours
Study of the invertebrate group from the protozoa through the pre-chordates. Pre-requisite: Bi 101 or Bi 103-104. Laboratory Fee: $8.00

Bi 202 Botany Credit: four semester hours
An introduction to the four major plant phyla, with special emphasis on the spermatophyte. Pre-requisite: Bi 101 or Bi 103-104. Laboratory Fee: $8.00

Bi 301-302 Comparative Vertebrate Anatomy Credit: eight semester hours
The origin of evolution, homology and analogy of vertebrate structures. Pre-requisite: Bi 101 or Bi 103-104. Laboratory Fee: $10.00 per semester.

Bi 401-402 Vertebrate Embryology Credit: eight semester hours
The complexities of development from gametogenesis through birth of the organism. Pre-requisite: Bi 201. Laboratory Fee: $10.00 per semester.
Bi 403  Human Anatomy and Physiology  
Credit: three semester hours  
The complete and detailed structure of the human systems and their functional interrelationship. Each system is treated as a unit, then as a coordinated and integral part of the human body. Pre-requisite: Bi 101 or Bi 103-104.

Bi 404  Histology and Microscopic Technique  
Credit: four semester hours  
The study and preparation of plant and animal tissues. Pre-requisite: Bi 202. Laboratory Fee: $10.00

Bi 406  General Bacteriology  
Credit: four semester hours  
The distribution, classification, morphology, cultivation and pathology of bacteria. Pre-requisite: Bi 201. Laboratory Fee: $10.00.

Bi 407-408  Science Seminar  
Credit: two semester hours  
Required of all Seniors majoring in Science, this course consists of reports on contemporary problems, current trends, recent discoveries and achievements.

CHEMISTRY

(Note: Each course in Chemistry consists of two hours of lectures and two two-hour laboratory periods per week.)

Ch 101-102  General Chemistry  
Credit: eight semester hours  
Fundamental laws and theories of Chemistry; properties of a number of common elements and their compounds. Pre-requisite to all advanced courses in Chemistry. Laboratory Fee: $9.00 per semester.

Ch 201  Qualitative Analysis  
Credit: four semester hours  
Introduction to the theories and procedures of qualitative analysis, separation and detection of both acid and metallic radicals and ions. Pre-requisite: Ch 101-102. Laboratory Fee: $8.00.

Ch 202  Quantitative Analysis  
Credit: four semester hours  
Continuation of Ch 201; a study of quantitative gravimetric and volumetric procedure. Pre-requisites: Ch 101-102 and Ch 201. Laboratory Fee: $8.00.

Ch 301-302  Organic Chemistry  
Credit: eight semester hours  
Introduction to the study of compounds, their properties, methods of preparation and type reactions. Pre-requisite: Ch 101-102. Laboratory Fee: $8.00 per semester

Ch 401  Advanced Organic Chemistry  
Credit: four semester hours  
A more advanced study of the carbon compounds with emphasis on the nuclei of the heterocyclic compounds and the alkalioids. Pre-requisites: Ch 101-102, 301-302. Laboratory Fee: $8.00
Ch 402 Qualitative Organic Analysis Credit: four semester hours
Introduction to the theories and procedures of qualitative analysis,
detection and preparation of organic derivatives. Pre-requisites:
Ch 101-102, Ch 201, Ch 301-302. Laboratory Fee: $8.00

MATHEMATICS

Ma 101-102 College Mathematics Credit: six semester hours
Key topics in the fields of arithmetic, algebra, trigonometry and
geometry. Required of all Freshmen.

Ma 201 College Algebra Credit: three semester hours
Thorough review of the fundamental topics in algebra

Ma 202 Plane Trigonometry Credit: three semester hours
The solution of the right and oblique triangles by use of trigono-
metric functions

Ma 301 Plane Analytical Geometry Credit: three semester hours
Algebraic methods of solving geometric problems; wide application
of the use of cartesian coordinates.

Ma 302 Solid Analytical Geometry Credit: three semester hours
The theories of Plane Analytical Geometry are applied to space.

Ma 311-312 Calculus I and II Credit: six semester hours
Elements of Differential and Integral Calculus are presented with­
out the separation of the two in the usual manner.

Ma 321 Elementary Statistics Credit: three semester hours
Designed to increase facility in solving problems associated with
topics in education, business, economics, sociology and biology.

Ma 401 Calculus III Credit: three semester hours
A study of the development of the fundamentals of differentiation
and integration.

Ma 402 Differential Equations Credit: three semester hours
The integrations of differential equations of the first and higher
order and degree

Ma 411 Theory of Equations Credit: three semester hours
A study of the cubic and quartic equations, elementary theorems on
the roots of an equation, symmetric functions, solutions of numerical
equations and theorems on determinants.

Ma 412 Synthetic Projective Geometry Credit: three semester hours
A study of the projections through space. The theory of cross ratio,
projectivity, perspectivity and other topics are introduced.

Ma 413 College Geometry Credit: three semester hours
Modern Geometry for prospective teachers who wish to broaden their view of the nature of high school geometry.

Ma 421-422  Seminar  Credit: two semester hours
For Seniors only, the Seminar is planned primarily as a review of the field of Mathematics to assist the student in carrying on independent study and Senior projects; it also helps to encourage students to undertake graduate work.

PHYSICS

Ph 101  General Physical Science  Credit: three semester hours
The fundamental principles of chemistry, physics, meteorology, geology and astronomy. Material Fee: $2.00

†Ph 201  Household Physics  Credit: two semester hours
Applied physics with reference to household life and commercial fields. Includes principles of mechanics, heat, sound, light and electricity.

Ph 301-302  Basic College Physics  Credit: eight semester hours
Mechanics, heat, sound, light, electricity, magnetism and corpuscular physics. College algebra and trigonometry are desirable prerequisites. Laboratory Fee: $8.00 per semester

III. DIVISION OF SOCIAL SCIENCE

The Division of Social Science offers the following three major fields of study: Commerce, Physical Education and Health, Social Science. Students majoring in one of these departments may receive either the Bachelor of Arts degree or the Bachelor of Science degree, according to their course of study, planned in consultation with their major advisor. To qualify for the Bachelor of Arts degree, a student must present twelve semester hours in one foreign language.

The offerings in the departments of this Division are organized to give the student an understanding of his environment and its influence upon the individual, to develop his body and cultivate habits of healthful living for himself and his community and to acquire the skills and the knowledge essential to matters that have to do with the every-day experiences of the business world. The specific aims of each department are set forth below.

COMMERCE

The objectives of the department are:
(1) to provide basic concepts, principles and techniques for those who plan to enter business endeavors as a vocation

(2) to combine the cultural and general educational background with vocational and professional training for a career in business and public service

(3) to prepare students for further study in the field of commerce

(4) to prepare selected students to teach commercial subjects in the secondary schools

(5) to prepare efficient secretarial and clerical workers.

Courses:

‡Cm 100 **Personal Use Typewriting**   Credit: one semester hour
Designed to teach non-business majors the area of touch typewriting and the efficient use of the typewriter as a writing tool. 3 class periods per week.
Fee: $5.00 per semester

Cm 101 **Principles of Business**   Credit: three semester hours
Designed to introduce the student to the field of business. It deals with the function, organization, internal structure, operation, and the relationship of business to our economy and to our government. Required of all Commerce majors.

Cm 121-122 **Elementary Typewriting**   Credit: four semester hours
Designed to develop the highest possible degree of basic touch typing skill in a minimum of time and the understanding and function of every part of the typewriter. 4 class periods per week. Outside project required. Required of all Commerce majors. Fee: $5.00 per semester.

‡Cm 200 **Business Mathematics**   Credit: three semester hours
A review of the basic principles of arithmetic and mathematics and applies these principles to business transactions. Required of all Commerce majors.

Cm. 201-202 **Advanced Typewriting**   Credit: six semester hours
A continuation of Cm 121-122. The scope of typing is broadened. Speed and efficiency are improved and actual typing situations are provided.
4 class periods per week. Outside project required. Pre-requisite: Cm 121-122. Required of all Commerce majors. Fee $5.00 per semester.
Cm 203-204  Gregg Elementary Shorthand  
Credit: six semester hours  
An understanding of the basic principles of shorthand and the ability to apply these principles to an extensive business vocabulary.  
4 class periods per week. Outside project required. Required of all Commerce majors.

Cm 300  Materials and Methods in Business  
Credit: three semester hours  
Designed to give the student the background of business and of the subjects in the business curriculum. It covers the origin, development, present status, and future trends of business subjects and the sources of materials and acceptable methods of teaching skill and informational subjects. Required of all Commerce majors.

Cm 301-302  Gregg Advanced Shorthand  
Credit: six semester hours  
A continuation of shorthand 203-204. The scope of shorthand is broadened. Speed and vocabulary are increased and transcription improved. Actual dictation experiences are provided.  
4 class periods per week. Outside project required. Pre-requisite: Cm 203-204

Cm 311-312  Principles of Accounting  
Credit: six semester hours  
Covers accounts and records peculiar to Sole Proprietorship Partnership, and Corporations. Emphasizes the nature of increases and decreases of Assets, Liabilities, and Proprietorship and the effect of these changes upon the Balance Sheet. Pre-requisite: Cm 200. Required of all Commerce majors.

Cm 321  Business English  
Credit: three semester hours  
A general review of correct English and its application to business terminology in the writing of business letters, reports, etc. Pre-requisites: Cm 201-202, Cm 301-302. Required of all Commerce majors.

Cm 322-323  Secretarial Training  
Credit: six semester hour  
Designed to integrate typewriting, shorthand, transcription, Business English, office machines, filing, and periphery skills essential to the secretary. During the second half of the course, the student is placed in actual office situations. Pre-requisite: Cm 321. Required of all Commerce majors.

Cm 331  Business Organization  
Credit: three semester hours  
The formation and management of the various types of business enterprise. It treats with the legal status and social effect of organization and management. Pre-requisite: Cm 101.

Cm 332  Business Law  
Credit: three semester hours  
A practical knowledge of the law of contracts, agency, personal
property, negotiable instruments, employer-employee relations, etc. The general objective is to let the student know his rights and the rights of others. Required of all Commerce majors.

Cm 341 Salesmanship Credit: three semester hours
The basic principles of successful selling is treated from the point of view of the salesman, the prospect, the customer, the company, and the product.

PHYSICAL EDUCATION AND HEALTH

THE DEPARTMENT OF PHYSICAL EDUCATION AND HEALTH has a three-fold purpose:

(1) That of aiding in the realization of the purposes of the College.
The Department functions with the framework of the Institution by providing curricular and extra-curricular experiences which are wholesome for all students and College personnel.

(2) That of being a service agency and striving to meet the needs of the College.
The Department aims to provide all students, through required and elective courses, with a sound background for basic understanding of physical fitness, positive aspects of health and a wholesome use of leisure time.

(3) That of a field of specialization.
The Department seeks to give the prospective teacher and professional worker a professional attitude, a functional subject-matter foundation, and adequate skills and techniques for the application of materials.

Students who contemplate careers in the various phases of physical education, health or recreation should recognize that the qualifications needed for the professions are numerous and varies. The pursuit of this specialized area is characterized by the ability to organize and to lead others in total body activity, together with the possession of high ideals of total fitness with regard to personal health.

A student who wishes to major in Physical Education and Health may be awarded the Bachelor of Science degree by taking 44 semester hours in this Department, working his program out with the advice of his major professor; the Bachelor of Arts degree may be awarded on the basis of similar planning of the course sequence but including twelve semester hours in one foreign language.
Courses:

P. E. 101-102 Physical Education (Women) (throughout the year) Credit: two semester hours
A general orientation of Physical Education activities, stressing Team Sports.
Course fee: First semester $4.00
Second semester $3.50

P. E. 101-102 Physical Education Activity (Men) Credit: two semester hours
General introduction and orientation to a variety of fundamental motor skills.
Course fee: First semester $4.00
Second semester $3.50

P. E. 101-102 Restricted Physical Education Activity Credit: two semester hours
Activity and recreation for those students who cannot meet the physical requirements of the regular classes.

P. E. 103 Introduction to Health Education Credit: two semester hours
The school's health services, the value of health counselling and personal aspects of healthful living.

†P. E. 105 Fundamentals of Tennis Credit: one semester hour
Knowledge of and skill in tennis.
Course fee: $2.00

†P. E. 122 Introduction to Physical Education Credit: two semester hours
The purpose of this course is to develop a broad and general understanding of the place and meaning of physical education in the public school curriculum. This course is designed as a means by which major and minor students in Physical Education and Health may develop an understanding of the principles and purposes of their major field of interest.

P. E. 201-202 Physical Education Activity (Women) Credit: two semester hours
Basic rhythms, fundamental skills of team games.
Course fee: First semester $2.50
Second semester $2.00

P. E. 201-202 Physical Education Activity (Men) Credit: two semester hours
The development of skills in team and individual sports. Rhythmical activities are also covered.
Course fee: First semester $2.50
Second semester $2.00
P. E. 201-202M  *Physical Education Activity*  
Credit: two semester hours  
For Sophomore majors. A diversified program for fundamental motor skills with emphasis upon performance to prepare the student to enter the specialized curriculum of *Physical Education and Health*.  
Course fee: First semester $2.50  
Second semester $2.00  

P. E. 209  *First Aid*  
Credit: two semester hours  
A study of procedures of First Aid to injuries in the home, school and community with emphasis on practices of general first aid care.

Credit: six semester hours
Study of coaching, techniques of handling players, fundamentals skills, squad organization, strategy and team offenses and defenses.

**Bi 311 Human Anatomy and Physiology**  Credit: three semester hours

See description on page 81.

**P. E. 321 Methods and Materials in Physical Education**  Credit: three semester hours

Methods, materials and programs of physical education.

**P. E. 331 Intramurals**  Credit: two semester hours

The organization and administration of intramural activities.

**P. E. 332 Principles of Physical Education**  Credit: three semester hours

The application of scientific information to principles underlying functional teaching and administration of physical education.

**P. E. 322 Organization and Administration of Health and Physical Education**  Credit: three semester hours

Organization and administration of all phases of health and physical education are considered in relation to problems affecting the administrator.

**P. E. 333 Driver Education**  Credit: two semester hours

A comprehensive coverage of driver education for the purpose of teacher training. Coverage is given to Methods and Materials, teaching aids, skill development and measurement of driver behavior. Pre-requisite: A Valid driver's license.

**P. E. 341-342 Techniques of Team Sports (Women)**  Credit: six semester hours

The fundamental techniques of all team sports are emphasized. The course is designed to enable students to understand and develop skills necessary for effective performance, correct teaching procedures and techniques of coaching.

**P. E. 401 Team and Group Sports (Theory and Practice)**  Credit: one semester hour

A review of all individual and dual activities for the purpose of deficiencies in performance. Emphasis is placed upon teaching techniques.

Course fee: $4.00

**P. E. 402 Individual and Dual Sports**  Credit: one semester hour

A review of all individual and dual activities for the purpose of developing a high level of proficiency in performance; special attention is given to techniques of teaching.

Course fee: $4.00
P. E. 403-404 (Women) Sports Officiating  
Credit: four semester hours  
The mechanics and techniques of officiating. An interpretation of rules for the purpose of understanding and the application to the sport to which they apply.

P. E. 407-408 (Men)  
Credit: four semester hours  
The mechanics and techniques of officiating. An interpretation of rules for the purpose of understanding and the application to the sport to which they apply.

P. E. 411 Community Recreation  
Credit: three semester hours  
A study of the development and administration of recreational programs. Practice is given in the general principles and techniques in the organization and promotion of leisure activities.

P. E. 413 Curriculum Construction in Physical Education for Secondary and Elementary Schools  
Credit: two semester hours  
Principles and procedures for curriculum construction at the various school levels. Emphasis is placed on the State-adopted plan for Physical Education.

P. E. 415 Safety Education  
Credit: two semester hours  
A consideration of safety in the home, school and community with suggestions as to methods and materials for safety education programs in the elementary and secondary school.

P. E. 421-422 Physical Education Seminar  
Credit: two semester hours  
Discussions and analysis of the current problems in Physical Education and related fields.

P. E. 423 Tests and Measurements in Physical Education
