NUMBER 35.

BACCALAUREATE SER- MON BY DR. FRENCH

TEXT APPROPRIATE TO PRESENT
TIME, WHEN A GREAT UNIVER-
SAL AND IMMANENT PERIL
THREATENS THE WORLD.

Taking for his text the first verse of the sixth chapter of Isaiah, "Also I heard the voice of the Lord, saying, whom shall I send, and who will go for us? Then said I, 'Here am I, send me,'" Dr. C. H. French, president of the college, preached the baccalaureate sermon in Knowles Chapel, Sunday evening, June 2, at eight o'clock.

His opening words were, "I do not know of any other word of the Scripture which so well fits the present time. All the great nations of the world are calling their sons to cease their usual tasks and to give their service, if need be, their lives, to save national life and honor. A great, universal and immanent peril threatens the world."

"As always at such a time, there is a great sifting of souls. Men cannot escape the crisis. They cannot elude a tornado nor turn aside from an earthquake. When destiny knocks men must answer, and the answer each gives will reveal his own kind and quality. Does one stammer and fear? He has given his answer. Life is too great and terrible a thing for him to face it. Does another look with unconcern on other men who struggle for freedom, who die for a great cause, who perish in darkness or ignorance? He also has given his answer. His field, his shop, his own things are more to him than the world's need or the world's good. The life's call be never so loud his ears are dulled by the little sounds, and his heart is filled with the little interests of life."

"Another stands as Isaiah stood when, in vision, he saw the Lord, high and lifted up,..... Having loved the highest things which he had seen, there had grown within him a power to see the vision which was at last unfolded to him."

"Two active and opposite principles cannot exist side by side. The one must destroy the other. Water must destroy the fire or be itself dissipated in vapor. Light must scatter darkness or be itself overcome. Holiness or sin must in the end, be destroyed."

"Before we can go as souls on highest missions sent, we must

Rollins Graduates Largest Class in History of the Institution

ACADEMIC DEGREES BESTOWED UPON EIGHT
MEMBERS OF THE CLASS OF '18, AT THE
THIRTY-THIRD COMMENCEMENT.

DR. GEORGE M. WARD DELIVERS INSPIRING COMMENCEMENT AD-
DRESS TO LARGEST AUDIENCE OF THE WEEK.

Eight members of the Class of '18 received Bachelor's degrees at the Thirty-third Commencement which was held in Knowles Hall, Thursday morning, June 6. This was the largest number of candidates that has ever assembled to receive the Blue and Gold insignia of Rollins alumni.

As the strains of the processional sounded forth, the academic procession entered and proceeded between the respectfully standing ranks of parents, friends and students to the front of the auditorium where the line divided and President Calvin H. French led the Trustees and platform guests to the rostrum, the faculty filing to the right and the graduates to the left to find their places in the front rows. As the music ceased, Rev. Fred R. Marsh, of Jacksonville, offered the invocation.

Following a beautiful organ prelude by Mrs. Christine Harcourt, Dr. Geo. M. Ward, who needs no introduction to an audience of Winter Park people, was presented by Dr. French amid a storm of applause. The coming of Dr. Ward to deliver the Commencement address had been anticipated with great pleasure by the students ever since it was announced several weeks ago.

Dr. Ward's Address

In his characteristic vigorous manner, Dr. Ward said that he was going to depart somewhat from the usual form in Commencement addresses—that he was going to take for granted that the Class was the "best" class, and that each had before him the "best" career. As he came back to speak to these young people at the commencement of real life for them, at the time when they must go out and meet the world and achieve for themselves, he said that his thoughts were somewhat like those of John the Baptist, hesitating to baptize Jesus because of his own unworthiness, for he trembled before the responsibility of advising these graduates—these immortal souls—starting out upon their life journey.

Not the so-called finishing school,

not the technical school, not the theological seminary alone can give one education: "Education," said Dr. Ward, "is the training of that immortal self to grasp that truth that was in the beginning with the Father." Man is subject to animal desire, animal passions, and the human griefs, but man may rise, and must rise, above them for he is an IMMORTAL SOUL. The earnest conviction and the fervent feeling with which Dr. Ward built his address around the theme of man as an immortal soul, whose earthly form cannot be vanquished if he but be mindful of his divine creation and destination, was such that not only the class of graduates, to whom it was particularly spoken, but the entire audience, young and old alike, took away with them an inspiration and a higher purpose in life.

Presentation of the Class.

At the end of the address, the eight graduates were ushered upon the stage where Miss Jessie M. Short, Dean of Women and head of the department of Mathematics, presented them to President French. As they stood in line, the Class of '18 were:

Robert Clark Hutchinson, (A.B.)
Sara Evans Muriel, (A.B.)
James Isaac Noxon, (A.B.)
Katharine Gordon Waldron, (A. B.)
Annie Catherine Stone, (A.B.)
Elizabeth Russell, (A.B.)
Sarah Williams Yancy, (A.B.)
Sadie Sawyer Pellerin, (B.S.)

Receive Diplomas.

With a few introductory remarks and the pronouncement of the classic baccalaureate formula in Latin, Dr. French presented the diplomas and as the class passed one by one down the steps from the platform, Mrs. W. W. Yothers and Miss Annie C. Bellows, alumnae of Rollins, placed the hoods about their shoulders.

Receives Honorary Degree.

When the Class of '18, now alumni of the Class of '18, were in their seats, Dr. Ward, as Chairman of the Board of Trustees, presented Rev. Fred R.

(Continued on Page 4.)

CERTIFICATES AWARD- ED GRADUATES

REV. FRED R. MARSH ADDRESSES
GRADUATES OF THE ACADEMY,
CONSERVATORY AND SCHOOL
OF BUSINESS.

Wednesday evening, June 5, at 8 o'clock, the Graduating Exercises of the Academy, the School of Business, and the Conservatory were held in Knowles Hall. Dr. George M. Ward offered the invocation. After the valedictory speech by Mr. Leslie L. Hanawalt, president of the Senior Academy Class, and the Graduating Address by Reverend Fred R. Marsh, of Jacksonville, certificates were awarded to twelve graduates of the Academy, and two of the Conservatory. Certificates were also awarded to three members of the Conservatory for work in special courses, and announcement made that certificates were granted to thirty-four graduates in various departments of the School of Business.

The Valedictory.

For the first time in many years, a valedictorian was chosen by the Class of '18 of the Academy. Mr. Leslie L. Hanawalt adequately acquitted the trust that his class put in him, in the delivery of his farewell address Wednesday evening. The sentiments expressed indicated a sense of appreciation of the work done at Rollins, and a feeling of loyalty to the institution that speaks well for members of his class either as candidates for entrance to other colleges or as members of the Freshman class of the Blue and Gold next year. A bit of humor running thru the speech was especially appreciated.

The Graduating Address.

Following the valedictory, Dr. French introduced Rev. Fred R. Marsh, of Jacksonville, who cleverly presented his subject as one somewhat opposed to that long-used subject for such occasions, "The Secret of Success,"—his was to be the Science of Success. There are those, said Rev. Marsh, who claim to be able to show the way to success by reading the lines of the palm, by interpreting the stars, by feeling "the bumps on your head," and who seek by various means to uncover the "secret" of success. But the thing that brings success today, as it always has, is Headcraft, and not Witchcraft. To follow the science of success in life, one needs but to observe four simple rules, claims Reverend Marsh. These

AU REVOIR.

With this, the Commencement Number, the Sandspur bows away the last encore, the curtain falls on the year 1917-18, and the Staff retires to listen thru the keyhole to the comments of the crowd.

Striving to be a prima donna; striving to please her own vanity; striving to win the admiration of the public; striving with an ideal of service, to please and modify the student, to bring the news and a loving fellowship to alumni, former students and friends, striving to represent all that is best in Rollins; the Sandspur has found herself ever in the turmoil of of a dress rehearsal—ever some lines forgot—ever some player failing to appears. Yet, the director is an exacting master. Rollins Spirit has been known to win many hard battles, thru persistence. Its stinging remonstrance brings out the best there is

in Sandspur, even in her most discouraging hours a prompting from the director arouses that token of her true character and resolving once again to "Stick to It," the rehearsal continues. The cast may change around her, her best supporters disappear, but on her brow the motto, "Stick to It," Sandspur will strive and strive again. And striving, she may take comfort, as did Pope, in that

"Whoever thinks a faultless piece to see,
Thinks what n'ere was, nor is, nor e're shall be,
In every work regard the writer's end.
Since none can compass more than they intend;
And if the means be just, the conduct true,
Applause, in spite of trivial faults, is due."

Au Revoir,
THE STAFF OF 1917-18.

CERTIFICATES AWARDED GRADUATES

(Continued from page 1.)

do the very best you can, be the very best you can, believe the best, and take Christ as guide. It is "character that puts the halo on the hero." The motto of Captain "Bill" McDonald, of the Texas Rangers, who was summoned to be Woodrow Wilson's bodyguard at the inauguration, is a good thing for the young person to remember. Captain Bill holds that "No man who is in the wrong can stand against the man who is in the right and keeps on coming."

Awarding of Certificates.

As the twelve Academy graduates took their places on the stage at the close of the address, Dr. Calvin H. French, president of the College, presented them with the "lamb skins" as the valedictorian had termed the Academy certificates earlier in the evening, with the following words:

"I congratulate you upon completing an important and interesting stage of study. The places in which you have pursued your studies thus far and the names by which they are known are significant. Some of you have studied in High Schools, and we assume that you became imbued with high and noble purposes. Some of you have studied in "Preparatory" schools, and we are confident that you have looked upon your lives thus far as preparatory for any great duties or opportunities which may await you.

"I take great pleasure in representing the trustees and the faculty in presenting to you these diplomas as evidence that you have completed our Academy course."

To the graduates of the Conservatory he said:

"If it were proper to express special pleasure in granting any diplomas, I would say that it is a special pleasure to recognize in this way those who have learned to make sweet harmonies and who go out into the world to help others make life more harmonious."

And to the assembled candidates for certificates from the School of

RETROSPECT AND PROSPECT

The closing hours of a long and strenuous year of college work got the best hours in which to get a clear and just view of what has been accomplished. A little time is needed in which to get a perspective and to see things in their relations. Moreover, it is a very good rule that advises against remembering the past too carefully. It is better to press on towards the future.

Among the things which should be understood with regard to the past year, however, is one of great importance. The college has begun to "find itself." An institution is a little like an individual in this respect, namely, that it develops certain characteristic attitudes and motives. To those who have observed the life of the college closely during the year, there appeared the formation of some new ideals of life and work. It is clearer now than at the beginning of the year that serious study is one of the principle objectives of college life. Respect for established government is a more clearly understood idea than at the beginning of the year. Both of these things indicate good fruitage from the labors of the year.

The two attempts at student government have taught valuable lessons which will help another year. The Sandspur has been made a successful college paper under difficulties greater than usual by beset a board of student editors. Generous interest in the needs of others has shown by unexpectedly long support given to various causes presented to the student body. If we think only of the past, we have reasons to follow Paul's example in thanking God and taking courage.

A look towards the future gives even more reason for good cheer. In the reorganization of the faculty, even more changes than usually occur must be recorded. War service takes two of the teachers who will not return next year, business another, and teaching elsewhere two, while another will pursue graduate studies in Columbia. For the places left vacant other teachers have, in part been secured.

Prof. Charles K. Hoyt, D. D., will come from Maryville College, Tenn., to take the chair of Bible Study and English. He is a graduate from Hamilton College, and has a long record

Business he said:

"You have prepared yourselves to do practical and useful things. You have studied the science of book-keeping, are cool and calculating persons who will be able to compute the values of life. You are well balanced and will weigh life truly. You who have studied stenography have learned to hear things exactly, to transcribe accurately and to understand rightly. We trust that these things may characterize all your lives and that you may be able to show profit in the best things at the end."

Beautiful musical selections upon the organ were rendered by Mrs. Harcourt at the opening and at the close of the exercises, and by Miss Waterman, who sang the opening number.

of conspicuous success as a teacher.

Prof. Charles H. Hochstetler comes from Huron College, South Dakota, to the chair of History and Economics. He was associated with Pres. French in the Huron College. He is a graduate from Wooster College, Ohio and has traveled and studied in Europe. He will be a strong addition to the Rollins faculty.

Prof. John J. Boggs will occupy the chair of Greek and Latin. He is a graduate from Lake Forest College, Illinois, and was a class mate of Prof. French. He has been a teacher and a missionary in China during most of the years since he completed his own college course. He will make the classical languages a delight to his students.

Rev. W. H. Bresch will come to the chair of Philosophy, Psychology and Education. He is a graduate from the Ohio Northern University and Garrett Biblical Institute. He has taken graduate work in the University of Cincinnati and held positions as instructor there and in Washburn College, Topeka, Kas. He also will add to the strength of the Rollins teaching force.

The plans for next year include thorough courses in Home Economics. One course of four years leading to a baccalaureate degree will be offered. A shorter course of two years will be offered including the practical subjects of the longer course with less of the theoretic work and the work in science given in the longer course.

The School of Music will be maintained at the high standard of the past year. Miss Carlotta Greenup, for several years at the head of the Violin Department in the Wesleyan Female College, Macon, Ga., will follow Dr. Allen. Music lovers will regret the going of Dr. Allen, but they will greatly appreciate Miss Greenup. Miss Warner will not return, but, otherwise, the music faculty will remain as during the past year.

Plans have been made for the development of the campus for a "greater Rollins." The firm of Carrere and Hastings, of New York City, have been engaged to draw plans for a group of buildings which will some day house the activities of the college. Mr. Hastings, of this firm drew the plans for the Ponce de Leon Hotel and the Alcazar Hotel at St. Augustine. He is probably unsurpassed in the field of Spanish-American architecture. This is the only style of architecture which would be appropriate for use in constructing a great group of college buildings in Florida. It is expected that by next fall the plans will be sufficiently advanced to permit a showing, at least tentatively, what the exterior appearance of the future Rollins will be. The real Rollins will, of course, be a thing of the spirit and it will be even more beautiful than any picture which Mr. Hastings can paint.

There were many ardent suitors for her hand. And they sent her orchids and violets and lilies and roses. All save one, a poor young fellow, who sent her but a simple little bunch of daisies.

She married the man who sent orchids.—Puck.

THE SANDSPUR STAFF.

Standing, (reader's left to right): Frederic H. Ward, Annie C. Stone, Warren M. Ingram, Rose M. Powers, Karl W. Tompkins, Geradine Muriel, J. Robert Tucker. Seated: Florence M. Stone, Lillian Sawyer, J. Irvin Chaffee, J. Harold Hill, Leslie L. Hanawalt.

ALPHA ALPHA

The Alpha Alpha Fraternity has just completed successfully its fifth year. The interest that Alpha Alpha has taken in the various student activities is indicated by the fact that, of the eight men on the basket ball team five were A. A. men. The Y. M. C. A. cabinet was composed wholly of A. A. men, and of fourteen men who were at any time on the Sandspur Staff eight were members of Alpha Alpha.

A service flag now hangs from the Fraternity room showing that seven of the Alpha Alpha men are in the service of humanity. They are: Geo. Y. Arrants, Berkely Blackman, William W. Giddings, Wyman W. Stubbs, Raymond W. Greene, A. Randolph Lake and Bolton Mallory. The one gold star is for Paul Harrison who died at West Point Military Academy in February.

The Alpha Alpha Fraternity has united with Phi Alpha twice during the past year in entertaining; on February twentieth at the Lucerne Hotel in Orlando with a dinner-dance which was conceded by all present to be the most successful social function of the seasons; and on the week-end of May 11th to 13th in a camp at Palm Springs.

During the year the following new men were taken into the Fraternity: Bertram Cleave, J. T. McGaughey, Carey R. Roberts, Wyman W. Stubbs and Robert Tucker.

A SANDSPUR RESUME

The first issue of the "Rollins Sandspur" appeared December 20, 1894. It was published quarterly in magazine form, by the Demosthenic Literary Society and Friends in Council. The name was chosen by a member of the faculty, Miss Eva J. Root, M. S., and was considered very appropriate because, "Unassuming, yet mighty, sharp and pointed, well-rounded yet many-sided, assiduously tenacious, yet as gritty and as energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation, all these will be found upon investigation to be among the extraordinary qualities of the Sandspur."

The Sandspur has loyally lived up to the aspirations of its founders, though it has appeared in various forms, first as a quarterly, later as an annual, and at present as a thriving weekly. It first began its weekly appearance under the leadership of Alfred Hanna, three years ago, at a time when its publication had been suspended for several years. During that time it proved to be indispensable to the students and friends of Rollins College, so Miss Elizabeth Russell was elected as editor-in-chief for the following year (1916-17), which position she admirably filled until January of this year. Mr. Harold Hill was then honored with this responsible position. He has been assisted in the publishing of the paper by the following staff: Leslie Hanawalt, managing ed-

itor; Florence M. Stone and Eleanor Backus, associate editors; W. Wright Hilyard, business manager; Mary L. Conaway, circulation manager; Karl W. Tompkins, advertising manager; Florence M. Stone, society editor; Annie C. Stone, exchange editor; Lillian Sawyer, athletic editor; Geradine Muriel, joke editor; Frederic Ward, distribution manager; Rose Powers, Warren Ingram, Irving Chaffee, and Robert Tucker, as reporters. During this administration the "Sandspur" has continued its excellent work. The placing of the former Dean's office in Carnegie Hall in the hands of the staff, as a home for the "Sandspur" has facilitated the work of publishing the paper.

In a recent meeting of the staff, the following students were chosen to carry on the work for next year: J. Harold Hill, editor-in-chief; Leslie L. Hanawalt, managing editor; Florence M. Stone, associate editor; Karl W. Tompkins, business manager; Warren M. Ingram, circulation manager; J. Irvin Chaffee, advertising manager; Rose Mills Powers, society editor; Marion C. Phillips, exchange editor; Lillian Sawyer, athletic editor; Isabel Foley, joke editor; Frederic Ward, distribution manager; reporters, Robert Tucker, Alvord L. Stone, Winifred Stone, Gertrude Royal, and Norma McFadden.

With a staff whose personnel is so well adapted to literary work and business managing as this appears to be, a bright and prosperous year in the history of the "Sandspur" may be expected for the year 1918-19.

Fund Presented Rollins For Erection of Bird Bath.

The Gift of Mrs. Wadsworth Smith as Memorial of Miss Louisa M. Abbott.

Announcement was made by President French at the Commencement exercises June 6, that the College had just received a sum of money from Mrs. Wadsworth Smith, of Winter Park and Vermont, for the erection of a bird bath on the campus as a memorial of her niece, Miss Louisa M. Abbott. It is expected that the bath will be built during the summer.

DR. C. H. FRENCH AND DEAN SHORT ENTERTAIN SENIORS AT DINNER.

At six o'clock on the evening of June third, Dr. C. H. French and Dean Short entertained the Senior Class of the college, and the graduates of the Conservatory at a dinner in the parlors of Cloverleaf. The table presented a very dainty appearance with its centerpiece of golden alamanders. The yellow candle shades, and the combination place-cards and toast-subject books carried out the class color scheme of gold and white. After enjoying a delicious dinner, D. French called upon each member of the class, who responded with a toast, the conservatory graduates responding with lighthearted vocal selections.

Mr. W. B. O'Neal and Dr. George Ward, arrived in time to enjoy a portion of the toasts.

THE YEAR IN THE CONSERVATORY.

If anyone is in doubt as to the activity of the Conservatory of Music in the life of the College and community during this past year, let him read the following events which have taken place, jotted down as they occur to the writer.

1st. Eight informal afternoon student's concerts, at which pupils in all departments have appeared, the average number of performers on each program being fourteen. And, on Saturday of Commencement Week, a formal evening concert in Knowles Hall which was finely illustrative of the serious work being done in all branches, by the "Juniors" in the Conservatory.

2nd. (And this is noteworthy): Six individual public recitals given by advanced students, as follows: Wednesday evening, May 15th, Song Recital by Miss Katherine Gates, assisted by Miss Celia Saloman, Pianist.; Monday afternoon, May 20th, Miss Jessie Pedrick, Pianist, assisted by Mrs. E. K. Krauss, Violinist and Miss Florence Keezel, Mezzo-Soprano; Wednesday evening, May 22nd Miss Frieda Siewert, Soprano, assisted by Mrs. E. K. Krauss, Violinist, and Mr. James I. Noxon, Baritone; Monday afternoon, May 27th, Miss Celia Saloman pianist, assisted by Miss Laura Beggs, violinist; Wednesday afternoon May 29th, Mrs. Gertrude Hall Royal, Soprano, assisted by Mr. James I. Noxon, Baritone; Tuesday evening of Commencement Week, Mrs. Elizabeth K. Krauss, Violinist, assisted by Miss Frieda Siewert, Soprano. Mrs. Harcourt, Miss Coffin, and Miss Pedrick were the accompanists at these recitals. The programs given were of the most advanced character, and each concert was a musical event distinctly interesting and worth while.

3rd. A course, free to the public, of five Music Appreciation Lecture Recitals, given by different members of the faculty, as follows:

"Bach", Miss Rous; "The Violin.", Dr. Allen; "Verdi and the Italian Opera," Professor Reinhard; "The Art Song," Miss Waterman; and "What next in Music?" Miss Rous.

This course proved exceedingly popular, and the various lectures drew large audiences not only from Winter Park but from the surrounding towns.

4th. A series of special music programs at the college vesper services, at which the offerings were devoted of the college Red Cross chapter. These programs, consisting of solos, ensemble selections by the faculty string quartet and choral numbers were given by members of the faculty, the girls glee club, the college chorus. Much interesting work was done at these Vesper Services, the Christmas service being especially elaborate, when under Miss Dyer's direction, a number of the old carols and several choruses from Handel's Messiah were sung. Another particularly delightful one was that at which Mr. Arthur Ranous, of Chicago, sang assisted by the faculty violin quartet. Mr. Ranous, by the way, gave a song

recital also in Knowles Hall in January.

5th. The college orchestra, under Miss Dyer's direction, and assisted by Dr. Allen, has, this year, been the best in the history of the college, and altho' small, played with great effectiveness. It made its debut at the concert in Funder's Week, but its annual concert, given this year for the benefit of the Navy League, did not take place until April.

At this time a great hit was made with Haydn's Surprise Symphony, Miss Rous at the piano and Mrs. Harcourt at the organ supplying the brass and wind parts. This was the best, and most ambitious concert ever given by the Rollins orchestra.

6th. The Woman's Glee Club, that ever popular organization, has had one of the busiest seasons in its history, and altho outside trips were few on account of war conditions, made enough money to adopt a French War Orphan at the end of the year.

Under Miss Waterman's direction the girls did splendid work, and gave Bendal's cantata, "The Lady of Shalott" in a delightful manner. The fact that they sang this by no means easy work which takes a full half hour to perform, without their notes, or words to help them, was for an amateur organization, a feat worthy of remark. And this was, of course, in addition to all the rest of an unusually large and varied repertoire. They have sung on many occasions here in Winter Park, and also have sung in Orlando and at Altamonte, always with success.

7th. The Winter Park Community Chorus, organized two years ago by Miss Dyer, is composed of any students or other Winter Park residents who wish to sing. That is the only requirement for admission except a small fee to cover expenses of music. As was the case last year, the chorus participated in the big Orlando Music Festival, when Haydn's Creation and Rossini's Stabat Mater were given. Weekly rehearsals were held during the season, in Knowles Hall, sometimes under Miss Dyer's direction and sometimes under Mr. Walter Drennen, director of the Orlando Festival, who came over to Winter Park for that purpose.

8th. This year the college has inaugurated two very interesting new features, a course for Public School Music Supervisors, a co-operative arrangement with the Winter Park School, whereby in return for the service of our Supervisor, Miss Warner, the school was open to the members of her class for practical work in the grades; and also, an After-School Violin Class was started, along the lines already successfully established in many northern communities, large and small, where children receive class instruction in the elements of violin playing for a very small fee. This has worked splendidly, and Miss Warner's little orchestra at the school commencement exercises in May evoked much interest and praise.

9th. The Conservatory Club, up to the present time has been a purely social organization, but it is planned another year to take up more serious work. As its name

implies, the club is composed of members of the Conservatory, faculty and students, and of the Art Department.

10th. Aside from the regular scheduled events mentioned, the Conservatory has been active in patriotic work, with orchestra, glee club, chorus and soloists, as its eagerness to participate in any entertainment that is given for such an aim will testify. Thus far it has six such rallies to its credit. On Liberty Day, April, 6th, an "aggregation" of some forty performers from Rollins, chorus, orchestra and soloists, went to Orlando to help in the Community Pageant there, and several days later repeated the same program in Winter Garden, when Governor Catts was the speaker and over fifty thousand dollars was raised for the Liberty Loan. These occasions, two local patriotic rallies in the Winter Park high school auditorium, and another in Winter Garden, and the open air Red Cross rally in Winter Park in May, in which orchestra and singers took part, completes the list. It is hoped to do as much of this very necessary

MISS FRIEDA SIEWERT.
Graduate of the Conservatory.

and helpful work next year as is possible.

11th. The outside activities of the faculty include an important public appearance in Tampa for Dr. Allen and Miss Rous, when they played, on the gala program of the F. F. W. C. convention, a sonata for violin and piano composed by Susan Dyer, Director of the Rollins Conservatory. They also played at the Tampa Friday Morning Musical Club at that time. Again these two artists were heard in Orlando, at the opening concert of the Musical Festival on February 28th, and in April, Miss Rous gave a lecture recital on Bach, at the Seminole Country Club, Winter Park, for the benefit of the Woman's Clubhouse Fund.

12th. In addition to all these events and to all regular work and practice the members of the Conservatory have responded to innumerable requests for "musical aid" of all kinds. There is scarcely an occasion, devotional or social at which "a little music" is not in order, and certainly our young singers and players have not languished for opportunities to display their talents.

MRS. KRAUSS GIVES VIOLIN RECITAL

The last of the series of six Final Recitals by advanced students in the Rollins Conservatory was given by Mrs. Elizabeth K. Krauss, violinist in Knowles Hall on the Tuesday evening of Commencement Week. Mrs. Krauss was assisted by Miss Frieda Siewert, soprano and Miss Eleanor Coffin, pianist.

This concert was one of the most delightful ever given at Rollins, and Mrs. Krauss sustained an already well established reputation by her finished and sympathetic rendering of a most difficult program. She has gained much in poise and authority during the past season, and is to be congratulated on having definitely and finally passed the line which separates the amateur from the professional performer.

Her tone was sonorous in the Sarasate number, "Les Adieux." In the Mozart concerta, with accompaniment of strings and organ, there was a clearness and freshness that was charming. Few who were present will forget this, the last number on the program.

Miss Siewert sang her best, and Miss Coffin played her difficult number with delicacy and finish.

ROLLINS GRADUATES LARGEST CLASS IN HISTORY

(Continued from Page 1.)

Marsh as a candidate for an honorary degree from Rollins. In view of his wide Christian activity in the state and his faithful support of the college, the degree of Doctor of Divinity was conferred upon him by Dr. French in the name of the faculty and trustees of Rollins College, and the appropriate hood was bestowed upon him.

The exercises closed after a short talk by Dr. French, mentioning some of the plans for next year and for the future Rollins, when the recessional marked the end of another successful year for Rollins and the beginning of the career of eight more children of the Blue and Gold.

ANNUAL CONCERT SHOWS PROGRESS

SERIOUS WORK BEING DONE IN CONSERVATORY—HONOR MEDALS AWARDED IN PIANO, VOICE VIOLIN AND THEORETIC STUDIES.

The Annual Students Concert of the Conservatory which took place on the Saturday evening before Commencement Week, gave proof of the serious work being done in our conservatory, and the splendid progress made by the students in all departments.

The program was a long one, and yet did not include the "Seniors" who have given individual recitals during the latter part of May. An interesting feature was the awarding, at the close, of the honor medals for the year, by Miss Dyer, the director. Those winning these very attractive prizes given for general excellence in each department, were: Isabel Foley, Piano; Frieda Siewert, Voice; Laura Beggs, Violin; and Florence Smith, Theoretic Studies.

An unusual number on the program was a composition by one of the students in the theoretical department, an interesting mixed vocal quartet, written by Frieda Siewert, which should convince harmony students that their subject is worth while if followed thru the second year.

MISS DYER ENTERTAINS IN HONOR OF JUNIOR AND SENIOR CLASSES.

From four to four thirty, Saturday afternoon, June the first, Miss Susan Dyer entertained the Junior and Senior Classes of the college. Miss Waterman, Miss Rous and Mrs. Harcourt of the Conservatory faculty, Miss Lillian Sawyer, Miss Katherine Gates and Miss Frieda Siewert were also present. Mrs. George L. Dyer poured delicious punch at a table on the lawn. The table was decorated with a huge bowl of white roses, on a batonburg lace doily. The beautiful silver appointments of the table were part of the silver service presented to Commodore Dyer by the officers of his ship. Delicious cake and cream were served.

MUSICIANS IN THE NAVY

The navy department is boosting the enlistment of young men, citizens of good character, between twenty-one and thirty years old, in sound physical condition, who are able to read music and play the easy grades on band instruments, either brass or string, and on the piano.

The pay of a musician, second class, is \$33 a month; a musician, first class \$39.60 a month, and bandmasters command much higher figures. The routine for the day of a musician in the navy includes playing "morning colors" at 3 o'clock; concerts at noon and 6:30 at night, and during motion picture entertainments at night.—Violin World.

WHERE THE FACULTY WILL SPEND THE SUMMER

Miss Susan H. Dyer and her mother are planning to spend the summer in Winter Park.

Miss Marion Rous will be at 817 Park Avenue, Baltimore, Md.

Dr. Julia C. Allen, Mrs. Christine Harcourt and Miss Helen Warner will spend the vacation at Florence, Mass.

Miss Anna B. Waterman and her mother will be located at 21 Jason street, Arlington, Mass.

Professor William H. Harris will spend the summer in New York. Permanent address not known.

Professor Wm. O. Rencher will be engaged in the Y. M. C. A. work somewhere in France.

Miss Frances Gonzalez will spend the summer in New York. Permanent address not known.

Miss Anne Bellows is intending to pass the summer traveling in Florida. For awhile she will be in Miami.

Professor Joakim Reinhard, will

MISS KATHERINE GATES
Graduate of the Conservatory.

be in New York. Permanent address not known.

Professor and Mrs. William Herrick are planning to spend the summer with their daughter in Yonkers, N. Y.

Miss Ruth E. Hills will spend the vacation with her mother in Hollis, N. H.

Miss Jessie M. Short will be at 309 Long avenue, Chicago, Ill., until August.

Miss Eva Wilkins will spend part of the summer in Boston, Mass.

Miss Mabel O'Neal will be at the Chautauqua, New York.

Miss Susan Gladwin is planning to spend the summer at her home in Titusville, Fla.

Miss Catherine Brebner will be in Massachusetts. Permanent address not known.

Edward R. Douglass, who lately enlisted in the Quartermaster department in Jacksonville, spent several hours on the campus Tuesday.

Carey Roberts, a former student in the Business School, came from Jacksonville, where he is employed in the postoffice, Monday, June 1.

The "Pathetic Symphony"

Listening in vain at Nature's cryptic lips

For word of the unknown from whence we came,

Only in music do we hear at last The lost speech of the spirit's Fatherland.

That dumb nostalgia of the infinite Which haunts the inarticulate depths of us

Finds its expression and its solace there,—

For they who speak in music, speak in God.

A symphony is like a magic shell Wherein all Nature murmurs, and the soul

Of him who listens. Never shall man say

In words what here speaks with a hundred tongues

Calling from the master's spirit to ours.

O clear, Clear is the message you have left for us

Tschaikowsky, in the testament of woe.

With all the viewless colors of your art

Upon an immaterial canvas spread, Here is portrayed your whole unhappy life,

A parable in tone, that we may guess Its blackest depths, yet glimpse the unwarning light

That led you to the close. To him who hears

A sudden vision rises, and, he stands Upon an arid waste, amid the ruins Of a once stately temple. Here the sun

Sets redly, and the vultures of the desert

Scream from the mouldering walls. Yet as he shrinks

In terror from the picture, swift there beams

Above the desolation and the dark The steadfast fire of one resplendent star

And 'tis as tho you whispered at his ear,

"Thus shall the light of Beauty shine for man

Tho he be lost in misery and despair!"

—SUSAN HART DYER.

THE CHASE HALL COMMISSARY DEPARTMENT GIVES FEED.

The Chase Hall Commissary, Department, whose motto is "Feed me and my pants will fit," held a farewell banquet on Saturday evening the 25th of May, at Chase Hall.

The menu was as follows:

Pickles	Potato Salad	Olives
Mince Pie	Sandwiches	Lemon Pie
		Doughnuts
		Punch.

The members present were "Tommy" Tompkins, "Jic" Chaffee, "Thy" Clark, "Grub" Ingram, and the Presi-

THE SCHOOL OF BUSINESS

The phenomenal growth of the School of Business has been one of the returns which the war has made to Rollins for the many young men whom it has taken from the college roll.

The School of Business opened in September with an enrollment of eleven. Thru the energetic work of the principal and the enthusiastic co-operation of the students, the enrollment was so increased by February that new equipment had to be purchased. At this time there were 125 young men and women registered in this department.

The passing of the one hundred mark in the enrollment was celebrated by the students and instructors with a "Commercial Jubilee" in the Lyman Gymnasium. This proved to be one of the most brilliant social affairs of the year.

In order to give practical demonstration of business methods a student co-operative store was started on the campus. The store was named the "Coop" and was operated entirely by the students of the School of Business. So successful was this project that long before the end of the term the "Coop" had made enough profit above running expenses to give one hundred dollars to the Rollins Press.

As a token of its loyalty and spirit, the School of Business presented to the college the large Service Flag which now hangs above the entrance of Knowles Hall.

Later in the year the growth of the business department demanded that a Night School be opened, and an enrollment of twenty-seven was quickly obtained and the work continued with great success.

During the year two Civil Service examinations have been held at Rollins, and a number of students of the School of Business were offered splendid positions in the departmental service at Washington. Two young ladies, not waiting to hear from the examinations, went to Washington and were able to secure positions at once at salaries of \$1,400 per year.

Many of the students left before the end of the year to take up practical work, but of those who remained, thirty-four received certificates from the various departments of the School of Business.

On the whole, it may be said that the year just ended has been the most successful in the history of the Rollins School of Business. Conditions would indicate that next year will see its growth and efficiency increased to an even greater extent.

dent, Alfred J. Hanna.

As usual a delightful time was had by all. The meeting came to an end with a few select numbers played on the trombone for the benefit of Cloverleaf.

It might be of interest to the fair inhabitants of the above-mentioned dormitory to learn that the persons taking part in the serenade were Messrs. Tompkins, Ingram and Clark, and not Messrs. Tompkins, Chaffee and Foley as was thought.

Class of Eighteen

"Fortiter, Fideliter, Feliciter"

JAMES ISAAC NOXON.

James Isaac Noxon, of Auburndale, the president of the class, has served as associate editor of the Sandspur and also as its business manager; as president of the Y. M. C. A., and as treasurer of the Athletic Association. His rich baritone voice has made him an especially welcome guest at all social functions, and he has been well received whenever he has appeared on any program. When "Jimmie" enters the service of Uncle Sam, surely his music will charm away many dull moments, making it easier for all who hear him to "pack up their troubles and smile."

SARA EVANS MURIEL.

Sara Evans Muriel, of Jacksonville, known to her best friends as "Sally," is vice-president of the Class of '18. She has taken an active part in all school affairs, serving as a member of the cabinet of the Y. W. C. A., holding the presidency for one year. Miss Muriel has also acted as an assistant in the sub-preparatory department, and as a member of the Student Council. The Sandspur, during its first year as a college weekly, numbered her among the members of its staff. Later her literary talent found expression in the work of the Delphic Literary Society.

ANNIE CATHERINE STONE.

Annie Catherine Stone of Winter Park, is a graduate of Rollins Academy. Always active in whatever she undertakes, setting about her tasks with energy, she has come to be known on the campus as one of those persons who "do things." She has served at different times as joke, exchange and society editor of the Sandspur, as president of the Delphic Literary Society and as an officer of the class of '18, being its secretary-treasurer at the present. She has also engaged in the girl's basketball and tennis activities. "Stonehurst," the home of her parents, on Lake Virginia, has generously dispensed its hospitality to the Class of '18.

KATHARINE GORTON WALDRON.

Katharine Gorton Waldron, of Tampa, in her two years at Rollins, has endeared herself to all who know her. Although she may not lay claim to the honor of having held as many offices as some members of the Class, her influence has been strongly felt and she has always worked for the best interests of Rollins. "Caroline" has been popular with her fellow students, whether as an earnest worker in the class room, or as a jolly companion at a bacon "bat" or steak roast. She has rendered valuable service to the Women's Student Government Association this year by acting as the Secretary of the Executive Council.

ROBERT HUTCHINSON.

Robert Hutchinson of New Bedford, Mass., is a graduate of Rollins Academy. "Bob" has won fame as an athlete, being one of the star basket ball players for several years. During the past year he was president of the Athletic Association. His fellow students have come to feel that he can be depended upon, whether it be to conquer a difficult assignment, or to make the picnic fire with wet wood and a forgotten axe, or to win the laurels in the Alumni-Senior swimming race.

SADIE SAWYER PELLERIN.

Sadie Sawyer Pellerin, who has considered Rollins her school home for six years, has been influential in the activities of the Delphic Literary Society and the Canoe Club. She has been prominent in the social activities both of the college, and the town. She recently won honors in the Alumni-Senior swimming race. Sadie, in her helpful, quiet way has been an indispensable and staunch member of the Class of Eighteen, always ready to superintend the making of the most delicious punch and the artistic arrangement of the details of festive occasions.

SARA WILLIAMS YANCEY.

Sara Williams Yancey, of Orlando, left the Class of '18 during its Sophomore year and spent that time in studying at Yale and Columbia. She has been prominent in the Y. W. C. A., having served as its secretary for two years. She acted as assistant in the sub-preparatory department during her Junior year and was a member of the Executive Council of the Women's Student Government Association at the time of her graduation.

As a member of the Delphic Society Miss Yancey has shown a marked literary knowledge and appreciation.

ELIZABETH RUSSELL.

Elizabeth Russell of Fort Pierce has tirelessly taken a leading role in all activities which have furthered the interests of a better and nobler Rollins. She has asserted herself as champion of the students' best interests and has won for herself the appropriate name of "Sunshine." During the four years at Rollins she has been on the Y. W. C. A. Cabinet, serving during her Sophomore year as president. She was editor-in-chief of the Sandspur for two consecutive years during the development of the paper as a weekly. When Student Government was instituted, Elizabeth was chosen to fill the office of House President, being held in high esteem by the girls both for her personality and executive ability.

Louie "Current Events."

A Glimpse of the Senior Academy Class

Leslie Lyle Hanawalt, "Heinie," the President of the Class, who began his high school work in Marion, Ohio, entered Rollins in the fall of 1916. His work here in the Business and Academic departments has been very successful. He has played no small part in the campus organizations.

"Mind is the great lever of all things."—Pinkney.

Eleanor June Coffin "Nor" attended the Winter Park High School until her senior year. She is a talented accompanist and takes part in most of the musical activities of Rollins. She holds the office of class secretary.

"The music in my heart I bore
Long after it was heard no more"
—Wadsworth.

Dorothy Duncan Richards, "Pat," Treasurer of the Senior Class, began high school in Oberlin, Ohio, and entered Rollins at the beginning of her Junior year. During the past two years she has been one of the most talented members of the Conservatory. "Women have the understanding of the heart which is better than of the head."—Rogers.

Ethel Lillian Rose has spent the last four years at Rollins. She was, for two years a faithful member of the Conservatory. She has also taken in addition to her academic course, a short business course.

"The best prophet of the future is the past."—Byron.

medal which she won in a testimonial of her good Conservatory work.

"Honor lies in honest toil."

—Selected.

Robert Tucker—Well, he's just "Bobby." Nuff sed. What would the Class do without him?

"It was a mortifying reflecting for any man to consider what he had done compared with what he might have done."—Dr. Johnson.

Florence Marie Keezel, "Flo" took her first three years of high school work in the Winter Park High School. She is a popular member of the Conservatory.

"Music, when sweet voices die, vibrates in the memory."—Sheely.

PHI ALPHA FRATERNITY WITHDRAWS ACTIVE CHAPTER FROM CAMPUS ON ACCOUNT OF WAR

AFTER FOURTEEN YEARS HONORABLE CAREER COLLEGE FRATERNITY PLACES AFFAIRS IN HANDS OF ALUMNI COUNCIL.

With the closing of fraternity houses among the best colleges in the country an every-day occurrence and the necessary discontinuance of active chapters of the largest fraternities an occasional happening—all the result of the draining of manpower from colleges, the announcement of the college fraternity of Rollins, Phi Alpha, that it has been forced, on account of war conditions, to place its affairs in the hands of an Alumni Council will come as no surprise. At a meeting of former and present members of this organization held in the Phi Alpha rooms on May 17, the constitution was so amended that this provision took place immediately upon its adoption and the required number of members of the Alumni Council were elected that evening. The Alumni Council has been given powers similar to an active chapter and the entire management of the Fraternity's affairs are now in its hands. All property has been disposed of and the money converted into Liberty Bonds as a nucleus for a fraternity house after the war is over. The Fraternity also made the announcement that it would resume its active chapter on the campus when there were enrolled in Rollins College a minimum of fifty men eligible to its membership.

Phi Alpha Fraternity has had a long and honorable career of fourteen years. It was established in 1906, and since that time no organization has been more loyal, has done more to strengthen the ties between alumni and the college and done more good for Rollins than Phi Alpha Fraternity. Its members have been the leaders in all activities, and the many friends of the Fraternity while regretting this necessary step will wish it well for the future.

The roll for membership each year, beginning in 1906, is as follows:

1906-07.

Walter F. Bettis, Reuben E. Blackburn, Donald A. Cheney, Stephen J. Drawdy, T. J. Evans, Jr., Leon B. Fort, Vincent H. Green, Edgar D. Katz, Frederick Ludwig, Alfred Malby, Merle McElroy, H. Dorsey, McMichael, Picardo Morales, J. Claude Reed, Barney Rhodes, Albert E. Sinks, Guy E. Wilson and Prof Theodore Peet.

1907-08.

Walter F. Bettis, Clarence A. Boyer, Thomas G. Edmonson, Leon B. Fort, Walter D. Rogers, Arthur Steward, Guy E. Wilson, James E. Windham, Gordon G. Wright.

1908-09.

Roy A. Barnes, Clarence A. Boyer, Leon B. Fort, J. Jesse Heard, John M. LaMontagne, Walter D. Rogers, James E. Windham.

1909-10.

Roy A. Barnes, Clarence A. Boyer,

J. Jesse Heard, John M. LaMontagne.

1910-11.

Frank Ellison Adams, Berkeley Blackman, Hallam M. Donaldson, Blish D. Lee, Herbert A. Martin, Dean S. Pike, William A. Brooks, William Carleton, Caryl E. Twitchell, Dyke D. Wetherill.

1911-12.

F. Ellison Adams, Berkeley Blackman G. Conrad Bucher, Clarence A. Boyer, Samuel H. Hodgins, W. Clay Inman, Blish D. Lee, Chester F. McCardell, Dean S. Pike, Hiram Powers, John W. Stagg Jr., Dyke D. Witherill.

1912-13.

Berkeley Blackman, Clarence A. Boyer, Erroll W. Bryant, G. Conrad Bucher, Arthur D. Enyart, Luis Estefani, W. Clay Inman, Herbert A. Martin, Chester F. McCardell, Dean S. Pike, Homer S. Pope, Hiram Powers, Arnold A. Prentiss, Caryl Twitchell, Dyke D. Wetherill.

1913-14.

Berkeley Blackman, G. Conrad Bucher, Arthur D. Enyart, D. Henry Fordham, Fayette L. Froemke, Raymond W. Greene, Homer S. Pope, Hiram Powers, Paul L. Thoren, Albert J. White, Chester F. McCardell.

1914-15.

Berkeley Blackman, Arthur D. Enyart, D. Henry Fordham, Raymond W. Greene, Alfred J. Hanna, Ralph Jacobson, James I. Noxon, Hiram Powers, Paul L. Thoren, Clarence G. Tilden.

1915-16.

Hiram Powers, Arthur D. Enyart, Raymond W. Greene, Jas. I. Noxon, Clarence G. Tilden, J. Harold Hill, Alfred J. Hanna.

1916-17.

Crafton O. Charles, Richard G. Darrow, C. Norman Fletcher, William W. Giddings, Raymond W. Greene, Alfred J. Hanna, J. Harold Hill, A. Payton Musselwhite, James I. Noxon, Robert B. Stone, Paul L. Thoren.

1917-18.

J. Harold Hill, James I. Noxon, Alfred J. Hanna, Raymond C. Phillips, Frederic H. Ward, Harold C. Tilden, Warren M. Ingram, S. Brock Hill.

The Alumni Council.

The Alumni Council of Phi Alpha, elected May 17, 1918, for the period of the war is all follows: Clarence G. Tilden, Winter Park Fla.; A. Payton Musselwhite, Orlando, Fla.; Donald A. Cheney, Orlando, Florida, Captain Clarence A. Boyer, Y. M. C. A. Administration Bldg., Camp Jackson, Columbia, S. C.; Lieut. Berkeley Blackman, 82d Reg. Tullahoma Field, Camp Hicks, Tex.; T. H. Evans, Jr., Urichville, Ohio.; Ensign Raymond W. Greene, U. S. S. Virginia, care Postmaster, New York; Alfred J. Hanna, U. S. N. R. F. Key West, Fla., J. Harold Hill, Maitland,

Florida, James I. Noxon, Aubundale, Florida; Harold C. Tilden Winter Garden, Fla.; Warren M. Ingram, Winter Park, Fla.; S. Brock Hill, Maitland, Fla.; Frederic H. Ward, Winter Park, Fla.; Raymond C. Phillips, Sanford, Fla.

In Service.

The stars of the large Service Flag which has been flying from the Fraternity quarters represent 15 loyal Phi Alpha men. Their names are as follows:

Erroll Williams Bryant, Berkeley Blackman, Dean Sherman Pike, Herbert Alexander Martin, Clarence Atkinson Boyer, Dyke Delno Wetherill, Francis Ellison Adams, Paul Lloyd Thoren, Hiram Powers, Raymond Wood Greene, Arthur Delano Enyart, Fayette Lawrence Froemke, Daniel Henry Fordham, Blish D. Lee and William W. Giddings.

The Government posters are now at New Orleans being judged and it is thought that the final decision will be received at the end of this month.

He "I love you because you are the sweetest girl in the world."

She, "And I love you because you are so frank and truthful."

—Dartmouth Jack O'Lantern.

HONORARY DEGREE IS GRANTED REV. MARSH

ROLLINS CONFERS DEGREE OF DOCTOR OF DIVINITY UPON PROMINENT JACKSONVILLE MINISTER AND TRUSTEE OF THE COLLEGE.

At Commencement this year the honorary degree of Doctor of Divinity was granted to Rev. Fred R. Marsh of the Union Congregational Church of Jacksonville, Fla.

Dr. Marsh has, for some years, been more or less active in the affairs of the College. In 1917 he was the Pastor of the Congregational Church in Winter Park and served on the college faculty at that time. In 1917 Dr. Marsh was elected a Trustee of the College. He is now one of the most prominent pastors in the State.

SCHOOL OF FINE ARTS.

Some of our students of previous years are now employed with the fighting forces in France, some have left us to continue their studies in New York, but several of our old friends, among them Miss Anna Metcalf, Miss Rose Powers, and Miss Elsie McLennon returned to go on with their work here, and new and talented students joined us in the persons of Miss Celia Guzman, Miss Elizabeth Yowell, Mrs. Jeffries, Miss Cooper, Mr. Dick Bachelor, and others.

As has been the case with the other College departments, a good deal of patriotic work has been done. No sooner had the term opened than Miss Brebner director, began work on some of the posters and placards announcing Red Cross meetings, lectures etc., of which she has done some sixty during the year.

Early in the spring she received a request from Mrs. V. de Sarde Frost, of New Smyrna, to allow her students to participate in a Government Competition for posters to advertise War Savings Stamps, and to herself act on the jury to judge the work sent in by students in the State of Florida. Accordingly, on May 8, she went to New Smyrna taking with her the work of Miss Rose Powers, Miss Elizabeth Yowell, and Miss Guzman. Of these, we may mention the striking design by Miss Powers of two shields surmounted by the American eagle and bearing, on one the medal, "For Valor", on the other a Savings Stamp, "For Victory," Miss Yowell's Uncle Sam marching to Berlin on a pathway of stamps, and Miss Guzman's lady in an old fashioned dress quoting "Save a Dress and Buy a Stamp!"

These drawings were accepted to be sent to New Orleans where they will be judged by Professor Woodward and a jury of artists before their final examination at Washington.

Some good work has been done in charcoal from the antique, in water colors from nature, and in pen and ink. In the latter medium Miss Powers has been working on a design for a book plate for Rollins College, in which, against a background of typical Florida scenery two students are seen studying, while the lower part of the plate is decorated with books and two lamps of the antique pattern.

The students in jewelry, basketry, etc., did some excellent work, some charming little baskets being made by Miss Link and new designs in brooches, pins etc., being made by Miss Meriweather, instructor, Mrs. Shalcross, and others.

Just before Christmas an exhibition and sale of work was held by Miss Brebner and Miss Meriweather. In February a representative exhibit from the studio was sent to the County Fair at Orlando. Several prizes were taken, among the prize winners being Miss Brebner, Miss Powers, Miss Yowell, and Miss Guzman.

In March an exhibition was given by the students at the Studio. A large number of visitors were present and the drawings and paintings shown were much admired. Among work calling for particular notice, were the watercolor studies of flow-

ers by Miss Metcalf, the landscapes in charcoal by Miss Cooper, drawings from the east by Miss Guzman, and pen and ink sketches by Miss Powers. Interest was shown in the naive and charming little pencil drawings of two children, Louise Sargent and Winifred Hovey, and in Mr. Dick Bachelor's mechanical drawings.

Early in the autumn the Fortnightly Club was entertained at the Studio. Miss Brebner gave a short talk, illustrated by sketches of New Orleans, which she made there during the summer.

During the year, Miss Brebner has led a class in the Woman's Club on art with a study of painters from the Early Primitives to the Post-Impressionists. She also gave a talk on "Great Portrait Painters," before the Sorosis Club in Orlando. She has painted three portraits, two miniatures, made four designs for certificates and mottoes, one of which was for the Hungerford School, and done a good deal of sketching and drawing.

Altho engaged most deeply in this devastating war, England realizes that Art was never more important and is doing her best to encourage exhibitions of every kind. For the first time in its existence, the Royal Academy has opened its doors to handicrafts and designs for industrial trades. It behooves America not to lag behind. Florida possesses a climate and a scenery particularly adapted for out-of-door work and there is no reason why it should not develop a school of painters of which the whole country may be justly proud.

COMMENCEMENT GUESTS.

Among the out of town alumni who were present at the Commencement exercises were: Misses Eva McQuarters and Mary Branham, members of the Class of '11 and Mr. and Mrs. Wm. W. Yothers, '05, of Orlando.

Miss Florence Bellows, of 1903-04, who is teaching at Homestead Fla., was present at all of the Commencement exercises.

Mr. and Mrs. G. B. Waldron and Miss Margaret Waldron came from Tampa to see their daughter, Katharine receive her degree.

Mrs. W. R. Russell arrived Monday evening, June 1, and spent Commencement with her daughter, Elizabeth, who graduated from the College.

The parents and sister of Mr. Jas. I. Noxon came over from Auburndale to be present at his graduation from the College.

Mrs. Sadie Capen arrived Tuesday evening, June 2, from Jacksonville, and spent Wednesday and Thursday of Commencement Week with her daughter, Miss Sadie Pellerin.

Dr. and Mrs. Blackman attended several of the Commencement exercises.

Mr. and Mrs. Arthur F. Landstreet, came over from Winter Garden, Thursday morning, to attend the Commencement exercises.

BACCALAUREATE SERMON BY DR. FRENCH

(Continued from page 1.)

know the fellowship of his sufferings. Our lips must be touched by the live coal from some altar of sacrifice and cleansing in order that our iniquity may be put away and our sin purged. It was not until this that Isaiah heard the call.

"Jesus was driven on even to death by the constraining power of his vision of the world's need. When, in the councils of eternity that vision came to him, he could not withhold his eager cry, 'Here am I, send me.'"

"It will be so with us, if we are ready for any real mission. All who do great things for the world are ruled by power like that which urged Jesus on thru his ministry. As men see so, if they are noble souls, they strive, fight, endure, die. But when there is no vision, the powers which it on noble deeds perish. We must pray, therefore, that, knowing God and the things which are His, we may glorify Him as God and so be given over to a pure and enlightened mind and do those things that are honest and just, and noble, and of good report."

Congratulations to Class.

Calling upon the Seniors to stand, Dr. French continued, "Class of 1918: It is my privilege, in behalf of your teachers and friends to speak a word of congratulation to you upon your completion of one important stage of study and experience, and to express our hope that you may have a good voyage and find a safe haven at the end of the great new adventure upon which you now embark. You will have many new experiences, but your experience will not be wholly new. Phillips Brooks, at a transition period in his own life said: 'As we pass from some experience to some experiment, from a tried to an untried scene of life, it is as when we turn to a new page in a book we have never read before, but whose author we know and love and trust to give us on every page words of counsel and purity and strengthening virtue.'"

"The great number of us who have been your teachers during the past year have had only this brief time in which to enter into your lives. If, however,

'We deserve the name of friends,
'And your effect so lives in us,
'A part of our's may live in you
'And urge you on to noble ends.'

'Be noble and the nobleness which lies
'In others, sleeping but never dead, shall rise,
'In majesty to meet thine own.'

Farewell Wishes.

"There are three things I would wish for you:

"First, that you may always live life to the full. Having set yourselves to noble tasks, spend life without limit on those tasks. In your living, withhold nothing, for that tendeth to poverty.

"Secondly, May you always find in

Y. M. C. A.

The work of the Y. M. C. A. during the year has, of course, not reached the goal for it. The male student body has been reduced as to leave only a small number available for carrying on the many activities of the Campus. Because of the gradual decrease of such students, toward the end of the year it was found to be impossible to carry on the "Y" work through the latter months.

However, in the time that it was possible to carry on, the plan of the Cabinet was to have speakers who would combine the practical with the

A FAMOUS RELIC PUT IN THE MUSEUM

Mr. and Mrs. L. A. Hakes, of Winter Park, have contributed to the college museum a relic which up to the present time is its most famous specimen.

The relic is a part of a sledge-runner abandoned by a British Arctic expedition in 1875, in the far north, and which was found by members of the Peary expedition in 1905. The following statement by Captain Bartlett, of the steamer Roosevelt, accompanies the specimen:

"This sledge-runner belonged to the British Arctic Expedition of 1875 and '76. It was found by members of the Peary Expedition who wintered in the "Roosevelt" on the northern shore of Grant Land, in latitude eighty-two degrees, thirty minutes north, in the year 1905 and 1906."

(Signed) R. A. BARTLETT.

Master of the S. S. Roosevelt.

Mr. Hakes is secretary and manager of the Orange County Citrus Sub-Exchange at Orlando. His letter of presentation follows:

Orlando, Florida,

May 16, 1918.

Dr. Thomas R. Baker,

Professor Emeritus of Science,

Rollins College,

Winter Park, Fla.

Dear Dr. Baker:

The portion of the sled-runner which I am presenting to you for the Rollins College Collection was presented to me by Captain Bartlett, of the Steamship Roosevelt.

The Roosevelt at that time was being fitted up for the trip to carry Commodore Peary and party on their last trip north, that is the trip during which they finally reached the North Pole.

This sledge-runner was picked on by Captain Bartlett on the previous trip and brought back from the Arctic regions as a souvenir.

The memorandum which I gave you in connection with this runner was written by Captain Bartlett in my presence, so that you can depend upon its being genuine.

At the time Captain Bartlett gave me this runner we were lying on Staten Island, N. Y., and were then about two miles from Shooter's Island shipworks where the Roosevelt was being fitted out. Captain Bartlett took dinner with us on two occasions and we found him a very interesting guest.

Yours very truly,

(Signed) L. A. HAKES.

religions in their talks. In order that the several sides of life might be viewed from different angles, business men, doctors, ministers, professors, and others have been asked to give of their valuable knowledge, drawn from years of actual experience.

Although the war has taken away much of the effectiveness of the Y. M. C. A. on the Campus, it has transplanted the good work of the "Y" to a much richer field, all praise to the men of the Red Triangle.

Campus Organizations.

RED CROSS.

For several weeks at the beginning of the year the Rollins College girls did work in connection with the Surgical Dressings organization of Winter Park, and were furnished with materials by it. In December, the girls organized a Red Cross Auxiliary of the Orlando Chapter. Margaret Smith was chosen director because of her experience as a nurse. Dorothy Richards was chosen treasurer. The girls met for work on surgical dressings on Thursday evenings and on Monday afternoons. The work of the Winter Park Surgical Dressings Committee has been recognized as of the highest rank both by officials at Washington and by those in charge of the distribution in France.

Besides the surgical dressings made at these times, the girls have made a great many knitted garments: sweaters, helmets, wristlets and mufflers, and several have lately been engaged in knitting socks. The writer is not able to ascertain at this time the exact number of surgical dressings and knitted articles that the auxiliary has sent in, but the activity of the members has been to good purpose. That about \$275 have been spent by the Rollins Red Cross, is significant, and indicative of the energetic spirit of Cloverleaf young women.

The largest single gift to the Auxiliary was \$50.00 from Mr. C. H. Morse, Sr., for yarn. The most recent gift is that of the Woman's Glee Club, amounting to \$13.63.

Many knitted garments have been made by the girls from yarn furnished by themselves or by other organizations. And a very large number of caps have been made for French opphans, most of the yarn for these being secured by Mrs. Geo. M. Ward.

French has also been much interested in the work of the Auxiliary. While it is possible that Miss Work, her return is expected. At any rate the work here will be pushed to the limit.

Y. W. C. A.

Four Delegates Sent to Blue Ridge

The Y. W. C. A. has been particularly successful in its work during the past year. The routine of the association has gone on about as usual, with Miss Ruth Greene as president, and with a strong and enthusiastic cabinet. At the spring election Miss Margaret Smith was chosen as president for the coming year and the cabinet was partly changed. Miss Lelia Russell and Misses Margaret Florence and Gladys Smith have gone as representatives to the conference at Blue Ridge. Never has Rollins sent a better delegation. It is expected that next year will see the work of the Y. W. being done in a better and brighter way than ever before.

Women everywhere are coming to a fuller realization of their responsibilities and of the wonderful opportunities that are opening daily for their service. The Rollins girls are earnest in their wish to learn how to do their part in this work, and how

to serve God and their brothers and sisters in the best way.

The annual bazaar was held in Cloverleaf Cottage. One of the tables held an attractive collection of baskets given by Mrs. Blackman. The girls had renovated and beautified them and succeeded in clearing over thirty-five dollars at one table. The proceeds of the whole bazaar were one hundred and ten dollars. This money was used in the usual way, to pay the pledge to the Tampa Mission work.

May Day was the prettiest ever, and the net receipts from the entertainment were enough to make it possible to send a girl to Blue Ridge.

Possibly the best wish for next year would be that the religious life be deeper, that the service may be more earnest, that the social life may be more sparkling, wholesome and jolly and that the Y. W. may mean more and more to its members and to those who know its members.

DELPHIC SOCIETY

During this year the officers and members have endeavored to maintain the same interest and enthusiasm in the work of the society, which was maintained last year, when the society was reorganized, after a number of years discontinuance, through the efforts of Alfred J. Hanna, the president. The aim of the present society, as was that of older societies, is to foster all literary activities on the campus, as well as to promote musical and social interest.

During the past year, the Delphic Society had as its president during the first semester, Miss Annie C. Stone, of the senior class. She was assisted by Miss Katherine Gates, vice-president; Miss Sara Muriel, secretary; Miss Katharine Waldron, treasurer; and the program committee, Miss Winifred Hanchett, Miss Florence Stone, Mr. Robert Hutchinson. The duty of securing new members devolved upon Miss Margaret Smith, Miss Ruth Greene and Mr. Harold Hill. Professor W. H. Harris, of the English Department, proved to be a most faithful and helpful critic.

During the second semester, Miss Winifred Hanchett, of the Junior class, acted as president. The other officers elected were: vice-president, Miss Katharine Waldron; Howell Sawyer, secretary; Miss Margaret Smith, treasurer; Norma Mcfadden, Hildegrade Slaughter and Ben Shaw, program committee. Miss Eva Wilkins, professor of History, so tactful and gracious, made a valuable critic.

Two entertainments of especial interest, were given under the auspices of the Delphic Society this past semester. The first, was an open meeting, given during Founder's Week. The program was given in commemoration of Washington's Birthday. The second was a minstrel show which proved highly enjoyable with its local hits.

The last meeting of the year was held in Pinehurst Cottage, May 27th. In the president's absence, Miss Waldron, the vice-president, presided. A poem written by Mrs. Hiram Powers was read by Miss Sara Muriel. Miss Wilkins concluded the program with an entertaining talk. Delicious punch

"KING OF THE KHAKIES"

IS THE TITLE THAT Y. M. C. A. WORKERS HAVE WROUGHT FOR THEMSELVES IN THE HEARTS OF THE SOLDIERS AT THE FRONT AND IN THE CAMPS IN FRANCE.

The extract which follows, telling of some of the experiences of A. D. Enyart, former Dean of Rollins, and a much loved member of the "Rollins family," who is now in Paris with the Y. M. C. A. will be of much interest to readers of the Sandspur. It was taken from an article entitled "The King of the Khakies" by William L. Stidger, in the Epworth Herald for May 11, 1918.

My friend, Dr. A. D. Enyart had two striking experiences illustrative of the title of this sketch. One was in a theatre of the largest French city. An American boy sat drinking with a harlot.

Secretary Enyart saw him, and motioned for him to come over to where he was standing.

They got to talking and the boy asked him to change \$70 in American money into French money.

Mr. Enyart said, "No I won't, for if I did, that girl would get it all before morning, and you probably have a wife or a mother back there at home, who is a thousand times more entitled to it than she is."

The boy went away, angry at first, but five minutes later my friend was surprised to see the lad at his side again. He didn't say much.

He reached out the \$70 to the Y. M. C. A. Secretary, gave his mother's address in America, and said, "You are right. Send it to her," and disappeared before the secretary had a chance to get the boy's name or address.

Mr. Enyart sent the money and has a receipt for it from Wells Fargo, but he has never been able to locate the boy.

The remarkable thing about this story to me is the fact that that soldier absolutely trusted the Y. M. C. A. uniform so much that he handed his money over with his mother's address, to a "Y" man whom he had never seen before, without even waiting for a receipt for his money.

His other experience was with a French official. Mr. Enyart had been in charge of several Y. M. C. A. hotels in a certain great French city. He was purchasing agent also for all the Y. M. C. A. work in this city.

The securing of coal was one of his hardest problems. He found that to get coal at all he must first visit a certain official and have tea with him. This social preliminary would last half of an afternoon, and the ordeal had to be repeated frequently.

Then after the social preliminaries were all over, Mr. Enyart found that he was always told to go home and write a letter. He had written this letter on the stationery of the hotel, thinking that it was more impressive.

Incidentally, it is a matter of real interest to Americans that the Y. M. C. A. has taken over entirely about six of the finest hotels in the central city

of France, for the use of the soldiers. One is for the enlisted men, one for the sailors, one for the officers.

But this particular time he was in a hurry and knowing the ropes he went prepared with a letter already written on Y. M. C. A. stationery. After the social preliminary of half an afternoon was over, and he was being dismissed with a request to go home and write a letter, he remarked, "Ici est une lettre, Monsieur," or spelling and pronunciation to that effect.

The official took the letter. His face began to light up with a new comprehension. Heretofore, Mr. Enyart had not seemed to make the man understand what the Y. M. C. A. stood for. He could not separate it from the army.

But here was something that he understood. It was the red triangle on that stationery. His face beamed as he looked up.

"Ah, Oui!" he exclaimed. "Oui! Oui! Oui! You give my boy chocolate when he sick at the war. I give you coal!"

And so it is, that after all the Y. M. C. A. man is the "King of the Khaki."

—W—S—S— ATHLETICS.

Athletics at Rollins this year have been less strenuous than in former years, due to the fact that the football and baseball men answered the country's call for volunteers, leaving only a small percentage to engage in sports. However, much interest has been shown by all the students in the lighter but no less interesting games, basket ball and tennis.

Tennis.

In the interclass tournaments much rivalry and enthusiasm was shown, especially during Founder's Week, when small silver "Rs" were awarded the victors.

A lively tennis spirit was also shown in the annual tournament which was held early in the spring, resulting in the following championships:

Women's singles, Martha Chess.
Men's singles, Harold Tilden.
Woman's doubles, Annie Stone, Florence Stone.
Men's doubles, Harold Tilden, Karl Tompkins.
Mixed doubles, Martha Chess, Bert Cleave.

Basketball.

The varsity team composed of Smith Fletcher and Frederic Ward forwards, Leslie Hanawalt and Donald Vincent guards and George Arrants, center, was very successful under the management of Smith Fletcher.

The first game of the season was played in Tampa against the Y. M. C. A. "Imps." The Rollins boys were in the lead during the whole of the first half and in the second, until in the last minute of play, an Imp forward threw a field goal making the score 29-30.

The Blue and Gold were not vanquished however, for upon meeting their old rivals, Southern College, the following day, they won with a score of 28-31.

Other games which were scheduled with colleges in northern Florida and Georgia, were cancelled, owing to war conditions.

Rollins College

NOW

Faces the largest opportunity ever presented to her, with a new enthusiasm, an enlarged and strengthened faculty, additional equipment and the certainty of large success.

She needs the enthusiastic support of her alumni former students and all her friends.

Send us the name of every earnest young man or woman who ought to come to Rollins. Only those who desire to work and who will help to make the best Rollins spirit should come.
