The UCF Libraries has a brand new website debuting in Fall 2015! The website was designed to meet the needs of our users, and we think you'll be pleased with the easy access to searching, hours, help, and the resources your students need to be successful. A good place to start would be the Services for Faculty page (<http://library.ucf.edu/services/services-for-faculty/>).

UCF's **S**howcase of **T**ext, **A**rchives, **R**esearch & **S**cholarship exists to publicize, disseminate, and provide ready access to works by, for, and about the University of Central Florida. Administered by the UCF Libraries, STARS is available to host and promote research, creative activity, and institutional outputs.
