Winter Park Has Already a Good

Never before was there such widespread interest in the welfare of the educational interests of our country as today. Never before has the public been so keenly aroused to the fact that the welfare and safety of our American democracy depends upon our public schools and our schools upon our institutions of higher learning.

The changed economic conditions of today have forced nearly every college in America to come before the public for increased revenue producing funds to meet the larger demands. The so-called "small college" is no exception to the rule.

The scores of "small colleges," all over the land are doing a specific work for our democracy and meeting a specific need. The extent and significance of their contribution to our civilization can scarcely be overestimated. The economic wealth and future political and social welfare of our country is dependent on their output. Said Wm. J. Bryan in a recent address in Rollins College, "If I had \$300,000 to give either solely to one big college or \$10,000 to 30 small colleges, I would adopt the latter plan every time." Rollins is one of those "small colleges," the oldest in Florida with 35 years of accomplishment.

Annual Board Meeting Tuesday Night
Staff for 1920-21 Were Elected

At the annual meeting of the Sandspur board held in Carnegie Hall Tuesday evening, May 4, Warren M. Ingram, '22, of Winter Park, was elected Editor-in-Chief for the coming year. Dr. Hoyt and Dean Hochstetler were members of the faculty advisory committee present.

After reports of the various committees of the business manager, the annual election of officers was held. Six students were selected for the main positions on the staff, these to form with the retiring Editor-in-Chief, J. Harold Hill, who presided at the meeting, a committee to nominate candidates for the other positions. Both Mr. Ingram and Mr. Hill made short speeches regarding the work and ideals of the paper. The following new officers form the staff for next year:

ROLLINS WON OVER "GATORS" AT GAINESVILLE

LOCAL TEAM LOSES INITIAL
GAME, 12-3—CAPTURES
SECOND IN NINTH IN-
NING RALLY, 8-6

Closes Series of Games With the
University

On the last trip of the Rollins schedule, the local aggregation broke even with the strong University of Florida team, on the opponents diamond, Thursday and Friday, April 29th and 30th.

In the first game Florida captured the contest in the first inning when she obtained a lead of four runs which the Rollins team, tired and weary with the long auto ride, that morning, was unable to overcome.

Shannon, who hitherto had pitched airtight and reliable ball, was out of running and when the fielders failed to back him up, the entire squad went to pieces.

Florida added runs, little by little, until in the ninth the score stood 12-0. For a moment, with Rollins' last chance at bat, things looked brighter when a short rally netted three runs.

Wallace, twirler for the "Gators" pitched fine ball, only allowing four hits, namely, Arrants 2, Vincent 1, and Shannon, 1.

DR. WARD APPOINTED DELEGATE TO INTERNATIONAL COUNCIL IN BOSTON

Dr. George M. Ward recently received a certificate of appointment as a delegate to the International Congregational Council, celebrating the Pilgrim Tercentenary in Boston, June 20 to July 6. He has accepted and as he expects to spend the greater part of the summer just outside Boston, he will be in a position to take an active part in the proceedings.

It is expected that Rollins College and the Board of Trade of Winter Park will send exhibitions to this national exposition. It is the largest thing of the kind ever attempted and Rollins is fortunate in having her president one of the nationally chosen delegates.

FIRST INTER-SCHOLASTIC WATER- MEET HELD AT ROLLINS COLLEGE

MAY DAY WAS SUCCESSFULLY CELEBRATED HERE

WINIFRED STONE CROWNED
MAY QUEEN—ANNUAL MAY
DAY FETE HELD BY
MOONLIGHT

Large Crowd in Attendance From
Winter Park and Orlando

On Monday evening, May the third, at eight o'clock, the campus became the scene of the most beautiful May Day celebration ever held at Rollins. The event was, as usual, under the auspices of the Y. W. C. A. A brilliantly illuminated throne was erected on the lawn in front of Cloverleaf and the dancing took place in front of the Queen. The orchestra played on the porch of Cloverleaf.

The first event was a procession of fifty boys and girls in white with beautiful colored torches, from Carnegie to the festive grounds, where they ended their grand march in a brilliant pathway of color through which the royal party passed. Two little flower girls, and a youthful crown bearer, followed by the maids of honor, Agnes Boggs and Jean Wagner, preceded the Queen, Miss Winifred Stone, who came next with her trainbearer, followed by Eddie Fohl, as a Nubian slave who waved his palm leaf with a truly oriental air. The coronation took place gracefully, without much ceremony; Jean Wagner placing the shining crown on the Queen's head. After the coronation sixteen college girls danced a charming May Pole dance around the lighted May Pole. Then after a selection from the boy's glee club followed the Dance of the Seasons with Francis Foley as Spring, Nancy Hartzog as Summer, Della Clifford McManus as Fall and Doris Tilden as Winter.

Following a delightful selection from the girl's glee club came a folk dance by eight girls, and then the hit of the evening, a Dutch Dance by eight girls taking the parts of Dutch

WATER MEET TO BE REPEATED NEXT YEAR

The Interscholastic Aquatic Meet for 1921 is scheduled for Saturday, April 30. High school teams who participated this year are already at work for the next Meet and several have expressed their intention of returning and relieving West Palm Beach and St. Petersburg of the Silver cups won by them this year.

WEST PALM BEACH AND ST. PETERSBURG WIN HIGHEST
HONORS AMONG CON-
TESTANTS

Water Meet to Be Held on Lake
Virginia Each Year

The first Interscholastic High School Water Meet ever conducted in this State was held at Rollins College in Lake Virginia, last Saturday, May 1st. A large crowd was in attendance at the boys' contests in the morning and the girls' contests in the afternoon, enthusiastically cheering its favorite teams on to victory. A big majority of the crowd was from out of town, motoring to Winter Park from West Palm Beach, Tampa, St. Petersburg, and other Florida towns.

The success with which the meet was conducted and the approval which people from all over the state expressed insures the annual repetition of this event. The contests were run off on schedule time with no delay, one event following another in rapid succession, the interest of the on-lookers being sustained from start to finish. The facilities which the College affords by its convenience to the large lake, Virginia, the two new docks at either end of the course, the central location of the diving platform and the large fleet of canoes owned by the college, all contributed to the success of the meet. The contestants expressed themselves as being desirous of returning next year

GLEE AND MANDOLIN CLUBS GIVE CONCERT IN KNOWLES HALL

Enthusiastic Crowd Witnessed Good
Snappy Exhibit of Real Merit

The concert given last Friday evening, by the Glee and Mandolin Clubs, must be considered by far the best of all the students concerts and entertainments given this year. The program was characterized by a spirit of fun and jollity that was irresistible. Each time the Glee or the Mandolin Club made an appearance the audience expected something new, and they were not disappointed. After the first group the boys were called back twice for encores, for which they were well prepared with very clever original ditties. The Mandolin club rendered some popular airs in a lively manner.

Mr. Royall Klintworth, the soloist of the evening, played Sibelius' 'Romance' (for piano) with a clearness of articulation and richness of color.

Established in 1894 with the following editorial:

"Unassuming yet mighty, sharp and pointed, well-rounded yet many-sided, assiduously tenacious, yet as gritty and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

A SQUARE DEAL FOR THE BAKER MEMORIAL

We are in receipt of the following letter from Dr. Thomas R. Baker, Professor Emeritus of Natural Science at Rollins and curator of the Baker Museum. The letter is self-explanatory and is published here in the hope that it may lead to the putting of the Museum upon its deserved financial basis thus avoiding in the future any embarrassment in the carrying out of the splendid work to which Dr. Baker has given so generously of his time and money.

"Winter Park, April 29, 1920.

Editor of The Sandspur,
Dear Sir:

"Hurried from my perusing of the Sandspur of April 10th to a matter that needed my attention, and not happening to see it again until a few days ago, my attention, only then, was directed to the interesting description of the valuable war relics that Prof. Powers very kindly offers to lend the museum for an indefinitely long period, perhaps making it a gift to the institution eventually. I also noticed the paragraph with which the description ends, including the following lines:

"The only thing that hinders the installation of the collection is the dilatory actions of those in charge in failing to provide a suitable cabinet to hold the relics." And also a glaring headline in which the statement was substantially repeated.

"This paragraph should not have been written, and should not have been accepted for publication. And I

feel sure that had the writer and editor given the matter a 'sober second thought,' it would not have been published.

"This is the only case that I have ever known of a college paper criticizing in an unfair way—for the writer was ignorant of the facts of the case—and reflecting upon, the work of college officials.

"The indefinite 'those' of the expression, 'those in charge,' was doubtless intended to refer to me as the dilatory one in the case, but I clear myself of the charge when I state that the delay in taking immediate advantage of Prof. Powers' generous offer was due to the fact that we did not have a suitable case for the specimens. It was thought that provision was being made for securing one, but mishap seems to have come to the effort, and we are still waiting.

"And in regard to our getting museum cases, I wish to say emphatically that it is *not my business* to order them made, and I have never done so in a single instance. I am in charge of the exhibits, but not in providing a place for them.

"Through my efforts in one way and another, with one exception, all of the 10,000 specimens in the museum have been and are being secured. With one exception the specimens are all gifts, many of them from students and teachers. Referring to the above exception, I bought a small collection as a nucleus for the museum, and have expended additional sums also from my private purse for various purposes in sustaining it. There is no 'museum fund' whatever to draw upon for expenses. And my work, I may say, connected with it is entirely gratuitous.

"I have been connected with Rollins College for nearly 30 years—including 10 years in looking after the museum, and no similar reflection concerning my work here, whatever its nature has been, has ever come to my notice. I need hardly say that this unjustifiable charge has given me an uncomfortable feeling, but I assure you that it has not caused me to feel unkindly either toward yourself or the writer of the paragraph, attributing your action to hasty thoughtlessness. I wish to add that I know that neither Prof. nor Mrs. Powers is author of the paragraph to which I especially refer.

"Yours very truly,

(Signed) "THOS. R. BAKER."

It is scarcely necessary to add that the article to which Dr. Baker refers was written without the slightest intent of reflecting upon his own work as founder and present curator of the museum. It was not known, at the time, that the Baker Museum was not in some way provided for in the College budget, and while the Sandspur wishes to assure Dr. Baker that his work is appreciated, and that to the fullest degree, we feel that the bringing out of the facts in the case, showing the inadequacy of support that the museum receives justifies in some measure at least, the publishing of the lines to which he refers.

It can but heighten the esteem in which Dr. Baker is held by the students and friends of the College to know that he alone, with the assistance of friends and several donations of specimen cases, is responsible for all the splendid work that has been done in the Baker Museum. We sincerely trust that he will receive in the future the material aid in the work of the museum that his unselfish efforts of the past several years merit.

YE EDITOR'S FAREWELL

It is with a great deal of satisfaction that the retiring Editor of The Sandspur turns over the responsibility of getting out our college paper to the new staff, for he has had the pleasure of working with a good many of those who compose that new staff in the months just past, and there can be no misgivings as to the future welfare and prosperity of The Sandspur under the new regime. Familiar with the ideals of The Sandspur, and "knowing the ropes", as it were, those at the wheel during the coming year will doubtless let no stone go unturned to make The Sandspur a better paper,—more serviceable to the student body and more interesting, of wider usefulness to the Alumni and friends, and a more brilliant feather in the cap of Alma Mater.

In parting, let it be said that the retiring Editor has never had the pleasure of working with a better organization, with a more sincere and unselfish group of students of real ability, than that of the Sandspur Staff this year. It is that division of work, co-operation of effort, and co-ordination of ability that makes an organization efficient and capable of continued good results.

Certainly the students, the faculty, the alumni, and the College as a whole join in a congratulatory farewell to the outgoing staff and in an enthusiastic welcome to the new. May the new staff find as much pleasure in the work and as much whole-hearted co-operation from all sides as did the staff of 1919-'20.

J. HAROLD HILL,
Ex-Editor.

"THE OLD ORDER CHANGETH"

It is with great pleasure that the new editor takes upon himself the toga of office and wishes to thank those responsible for the great honor given him. The honor of such office, though naturally no small thing, has been greatly enhanced because of the high place The Sandspur has wrought for itself among the college publications of the South under the exceptional guidance of J. Harold Hill, the retiring editor. The cooperation of the entire student body in assisting the staff is largely responsible for the high quality of the Sandspur. With the coming in of the new staff it will be necessary for us to put forth extra effort these first few weeks in order to keep the paper up to its high standard of excellence because many of us will have new jobs that we have had little experience in. The old staff will assist the new incumbents in familiarizing themselves with their new duties, thus smoothing the change of staffs.

The quality of the Sandspur must be maintained and effort coupled with enthusiasm spent to make a better paper for the acme of a college paper has never been reached and we must not be satisfied with what we have already accomplished. Every student of the campus now looks forward to receiving the Sandspur each week. Let us keep this spirit up. Everybody on tiptoes.

boys and girls. The last act on the program was an Indian Dance given by the Senior Academy Class, led by John McGaughey around a blazing bonfire in front of an Indian tepee. The Indian chant, the yells and the firelight gave a truly Seminole effect and the audience easily imagined themselves back in the early days of Florida as they watched the dance.

Special mention for the success of May Day goes to Miss Bellows, for having charge, to Easter Russell as president of the Y. W. C. A., to Miss Rous and the throne committee, to Miss Dyer, who directed the orchestra, to Miss Edwards in charge of the dancing, and to the many committees and people who worked so faithfully. Refreshments were sold at a delightful booth by the Y. W. C. A. girls during the evening, the returns from which go to the Blue Ridge Fund.

Those participating in the dances were: The May Pole dance, Misses Knoske, Phelps, Anderson, Schorer, Richards, H. Waterhouse, Whitehead, Robinson, Wilkerson, Brockman, Russell, B. Gram, Sims, A. Waterhouse, Barnes, and Coleman; the folk dances, Misses McKee, Townsend, Salisbury, Brockman, Watts, Bell, Barrett, and Davies; in the Dutch Dance: Misses Sutherland, Hill, Barnes, Bell, F. Foley, D. Waterhouse, N. Marsh and A. Gram; in the Indian Dance: Misses Coulter, F. Bell, Powers, Hill, and Salisbury, M. Bell, A. Gram and Messrs P. Potter and McGaughey.

DELPHIC LITERARY SOCIETY TO PRESENT THREE ONE-ACT PLAYS

The Delphic Literary Society is planning to present three one-act plays as one evening's entertainment for the final effort of the year. This will be unlike anything presented at Rollins this term and will be the first real Dramatic attempt in several years. The members of the Society did not wish Dr. Burton's statement that amateur theatricals should be encouraged by every college to go unheeded, and, believing it the duty of the literary societies to sponsor such a move they have undertaken this dramatic evening.

Every one of the three plays will be well worth seeing. Two of the plays are short stories by O. Henry which were dramatized by members of the Society. The plays are "The Gift of the Magi" and "By Courier". The third play is "Will O' the Wisp," written by Doris F. Halman and of national reputation as it has been presented by Prof. George P. Baker in his "47 Workshop" by the Players Workshop in Chicago, the Theatre Arts Club of Detroit, and by amateurs in New York City. This play alone will be worth the price of admission.

These plays will be presented in about three weeks, probably Friday evening, May 28th. Work has already been started and several rehearsals a week are being held. Miss Idabel Edwards, Mrs. Hiram Powers and Mrs. R. D. Barze are in charge. The best dramatic talent of the society has been put in the casts of characters. The proceeds will go to make up the Tomokan deficit.

MAY DANCE IN HONOR OF WATER MEET VISITORS

LARGE GATHERING ENJOYED SOCIAL GIVEN UNDER AU- SPICES OW Y.W.C.A.

Proceeds Used Toward Tomokan Benefit

The May Day dance which took place last Saturday night in the Lyman gymnasium under the auspices of the Y. W. C. A. was a very attractive affair and a most pleasant finale to the water events of the day in honor of whose guests it was given.

The decorations were most spring-like and lovely. Can one imagine a more beautiful scheme of decoration than that of bowers of apple blossoms festooning the balcony and walls? Much credit is due to the untiring effort which produced the pretty picture that greeted all.

In the receiving line assisting the Chancellor and Mrs. James Brooks were Mrs. William Chase Temple, Mrs. Charles L. Smith, Mrs. George S. Dyer, Mrs. Alton B. Whitman, Mrs. William R. O'Neal and Miss Ida M. Barrett.

The music was very good and its first strains banished all weariness. It was furnished by Jump's orchestra from Orlando. The dance opened with a grand march led by Miss Winifred Stone and Mr. Jack Branham. After the first encore breaks were in order. During the intermission while refreshments were being served feature dances were presented. Miss Lucy Anderson in quaint costume presented "Dixie" and a very charming interpretation of the Egyptian dance to strains of "My Cairo Love" was offered by Miss Doris Tilden. Mr. Malcolm Weimer of Orlando gave a ballet sketch to Schubert's "Moment Musical." This feature which was given in bathing costume received the enthusiastic applause from everyone. Mr. Weimer has given a number of these feature dances at the Orlando country club during the past winter.

The May Day dance figured as one of the most enjoyable social events of the Rollins year and will linger as a pleasant memory when June has called us to our homes and various other occupations.

The proceeds of the dance will be used to assist in defraying the expenses of the "Tomokan."

The Quarrel

We were wretched, we had quarreled.
Jane and I, best pals for years.
Life to me was shattered, broken;
Jane seemed on the verge of tears.
"Monster! You shall go this instant!
With tonight acquaintance ends!
I shall hate you always, always,
We can never more be friends."

Nervous, fearful, on the sofa
There I sat, nor did I stir.
"Can't you hear me?" Jane was crying,
"I despise you, loathe you, sir."

Then I answered, voice a-quiver,
"You've no mercy on a chap.
But if I must truly leave you,
Jane dear, please get off my lap."

MRS. W. C. TEMPLE CONTRI- BUTES GENEROUS SUM TO 1920 TOMOKAN

The Editorial Board of the 1920 Tomokan is in receipt of a generous check for \$25., contributed toward its publication by Mrs. Wm. C. Temple, wife of late trustee. Mrs. Temple, who has been a staunch supporter of the Tomokan since the first volume appeared in 1917 is greatly interested in its future and has shown her interest in a way that will mean much for the success of the Rollins year book.

Mrs. Temple has also been instrumental in having additional funds come to the Tomokan treasury. She was General Chairman of the May Day Dance last Saturday evening which was given as a benefit for the Tomokan and which will net a neat sum toward defraying the expenses of publication.

Not only the Editorial Board of the Tomokan but the entire student body is most grateful to Mrs. Temple for her assistance.

PROF. POWERS GIVES ILLUS- TRATED LECTURE BEFORE Y. M. AND Y. W. C. A.

A joint meeting of the Y. M. C. A. and Y. W. C. A. was held in Knowles Hall Tuesday evening for the purpose of hearing Mr. Hiram Powers tell of his experiences as a "Y" man on the French and Italian fronts during the war. Stereopticon views made from photographs in Mr. Powers' own collection added greatly to the interest of his informal and interesting talk.

Mr. Powers brought back from the various battlefields quite a large collection of arms by the different nations and these were on display at the meeting. We are indeed grateful to Mr. Powers, as it is his intention to present to our rapidly growing museum this interesting collection of valuable souvenirs of the great war just as soon as space can be provided for them.

Mr. Powers was formerly professor of modern languages at Rollins and is now a resident of Winter Park where he is building up a fine real estate business.

MISS FLORENCE STONE, ROLLINS '19, GETS PROMOTION IN EDUCATIONAL WORLD

Miss Florence Stone, who received her A. B. degree from Rollins a year ago this coming June, and who has successfully taught in Chowan Col-

lege, Murfreesboro, N. C., during the past year, has recently been elected to the chair of Science of Queen's College, the well-known Presbyterian College for Women located in Charlotte, N. C.

Miss Stone is making phenomenal strides in the educational world and thereby reflecting much credit on her alma mater. While here she specialized in chemistry and physics.

Miss Stone was editor-in-chief of the Sandspur during her senior year here and also served as May Queen. In addition she was assisted in the reorganization of the Delphic Society in 1917 and was one of its hardest working officers for several semesters.

SWIMMING PARTY FOR KAPPA EPSILON

Mrs. Henry Kart, an honorary member of Kappa Epsilon Fraternity, entertained the frat girls with a swimming party at her beautiful home on Lake Maitland familiarly known as "Cloister Grove" from four until six on Friday afternoon, April 30th.

The girls spent the entire afternoon in riding the aquaplane behind the Kart's high powered motor boat along with swimming and diving. Just before leaving for the college the guests were served with delicious cream and cake. Those enjoying this pleasant affair were: Mrs. John K. List, Mrs. Arthur Schultz, Mrs. Walter Rose, and the Misses Louise Smith, Idabel Edwards, Pauline Phelps, Mary Whitehead, Jean Wagner, Florence Bumby, Mary Knoske, Doris Tilden, Elizabeth Murphy, and Helen Hanna.

MRS. WILLIAM H. POPPER REMEMBERS TOMOKAN AS LAST OF COLLEGE ACTIVITIES

The Editorial board of the Tomokan was most agreeably surprised last week when Mrs. William H. Popper, formerly Miss Dorothy Harrison, "breezed in" to subscribe and in paying the subscription price of four dollars did not bother to wait for the change from a crisp ten dollar bill. As she laughingly refused to receive the change, she said the Tomokan was worth more than ten dollars per and she was only too glad to help out.

Mrs. Popper's interest in the 1920 Tomokan completes her college career as she was recently married to the famous Czech-Slovak officer and will leave shortly on her honeymoon to Europe. She will be greatly missed by her many friends here. Mrs. Popper was a member of the freshman class

MAY DAY EXERCISES

Both the Orchestra and Glee Club added much to the attractiveness of the May Day exercises, which were held last Monday evening, on the college campus. The orchestra played Mendelsohn's War March, while the procession came up, and during the crowning of the queen, Miss Della Clifford McManus played MacDowell's "To a Wild Rose" in a very charming manner.

and helped that organization win the Delphic Debating Cup during last Founder's Week.

I like to hear the music play,

But I'll admit I like them best

SPREAD IN CLOVERLEAF

Thelma Carter entertained a jolly crowd of girls Monday evening in "The Vamps' Apartment" in honor of her attractive guest, Miss Margaret Glinn, of Orlando.

The girls were feeling especially happy after the May night exercises and they had a gay care free hour in eating and drinking the good things.

Those present were: Mae Clock, Helen Hanna, Mable Townsend, Sara Wight, Kathryn Sims, Margaret Coulter, Dorothy Richards, Margaret Glinn and Thelma Carter.

WATER MEET BANQUET HELD SATURDAY IN COLLEGE DINING HALL

Cups Are Awarded to Winners and
Address of Welcome Given
By Miss Phelps

Immediately after the banquet, while the people kept their seats, Mr. R. W. Greene, Athletic Director of the College, and the one responsible for the "putting on" and the successful out come of the swimming meet, spoke a few words before introducing the speakers of the evening. Mr. Greene said in part:

"We hope that the standard of clean sportsmanship that you have set today will be maintained throughout the course of years to follow. And we want to say there will be another state interscholastic meet next year."

The coach from St. Petersburg, Florida, was then asked by Mr. Greene to say a few words, since his team of girls were the winners of the cup presented by Mr. and Mrs. Edward W. Packard. He said in part:

"I know that there is no line of sport that will benefit the individual more than aquatic sports. I have witnessed a great many meets, and when I was in high school we won meets, but I have never seen a meet better worked out than the one today. It has been a very great pleasure to be here and we appreciate the splendid work that has been done for us by Rollins College and Mr. Greene. As far as St. Petersburg is concerned, it is indeed a pleasure to be here. . . . This meet has demonstrated the fact that those here today, participants in the different events,—have learned the fundamental principle of all athletics, i. e., the winning with a smile and loosing the same way. In any event I wish to congratulate the boys and girls on the splendid way they went through the meet."

Mr. Cook, George Washington High School, Tampa, said: "You have taken the first step in the development of aquatic sports in Florida,—clean water sport, * * * *"

Mr. Johnson, Orlando High School, Orlando, Fla., said: "I feel that we have just had the pleasure of participating in one of the events of Florida history. I believe that this water meet will be, if it is not now, the leading athletic event in the state and that it will speedily develop into the red letter day of the interscholastic sports

ROLLINS VICTORIOUS OVER "GATORS" AT GAINESVILLE

Second Game
In this game Florida repeated (PART) of its performance of the preceding day. Her runs were scattered but steadily increased until at the end of the eighth the score stood 6-3 in her favor. Again, exactly as the day before, Rollins started a ninth inning rally and this time "put it across," scoring five runs and winning the struggle.

Arrants hit to right field, Rowe hit and forced Arrants out at second. In an attempt to double, Blake, the second baseman, threw wild, allowing Rowe to make second. Ward and Hagerty, the next two men up, both hit, scoring Rowe. Shannon went out. Wilson hit to second baseman, and reached first on a fumble, Ward scored. Wilson went to second. Vincent tapped a neat one off second, scoring Hagerty, thus bringing in the tying run. Fletcher brought in the winning tally when he hit to short, who fumbled. Sherman hit to third who threw wild to first and Vincent scored. The frame was retired when Arrants went out.

Florida was unable to do anything in her half and the game ended, with a final score of 8-6 in favor of old Rollins.

Arrants twirled wonderful ball for Rollins, keeping the "Gators'" hits few and scattered.

of Florida. My own opinion is that the potential value to the boys and girls is greater through the medium of this sport than through any other sport in the state. We want to say to St. Petersburg and West Palm Beach that they must work hard, because when they come back next year we are going to take both cups."

Among the speakers at the banquet were Chancellor Brooks and R. W. Greene of Rollins, Principal Cook, of George Washington, Junior, High School; Supt. S. Johnson, of Orlando, Coach Lawrence, of St. Petersburg. The silver cups were accepted by the captains of the teams from the winning schools, and Miss Pauline Phelps, a Rollins freshman, welcomed the visitors to the campus.

Following the banquet a large dance was given the contestants in the Lyman Gymnasium under the patronage of a number of prominent ladies connected with the college, headed by Mrs. William Chase Temple. During the intermission three specialty dances added to the evening's enjoyment, and a variation in the order of dances gave the visitors a royal good time.

FIRST INTERSCHOLASTIC WATER MEET HELD HERE

(Continued from page 1)
to compete for the cup. Plans are now being drawn up to make next year's meet and those of the succeeding years, bigger and better.

The visitors arrived on the Rollins Campus Friday afternoon, April 30, and were entertained over the week-end by members of the Rollins Club of Winter Park.

The contestants were from nearly all the large high schools of Florida, their teams usually consisting of six boys and six girls. The High Schools competing were: Hillsboro (Tampa), West Palm Beach, Orlando, St. Petersburg, George Washington, Junior, (Tampa), Sanford, Daytona, Kissimmee and Winter Garden.

Preceding the morning contests, the two men's Fraternities of Rollins, Alpha Alpha and Phi Alpha, gave an exhibition war-canoe race, the former winning by a close margin. In the afternoon the women's Sororities raced, Sigma Phi defeating Kappa Epsilon by a few lengths. These events were held for the purpose of demonstrating the character of some of the canoe races during the Rollins Regatta, in Founder's Week, last February.

The boys' cup was won by West Palm Beach who earned 34 points. Hillsboro came second with 14 points, Orlando third with 13 points, and Sanford fourth with 10 points. St. Petersburg carried off the girls' cup with a total score of 43, Hillsborough again being second with 22 points, Sanford third with 7 points, and Orlando fourth with 4 points.

During the morning contests an exhibition of the porpoise dive was given by Sam Barrows, life guard at Palm Beach, who had accompanied the West Palm Beach team here as coach and trainer. Following this "Billie" Cassidy, formerly an acrobat with Ringling Brothers' Circus, but now a professional fancy diver, gave a wonderful exhibition of difficult dives from the diving pier.

The officials for the meet were: Referee, Henry Kart; clerk of course, Walter W. Rose; scorer, Geo. W. Burden; Starter, Prof. Julian M. Blair; Announcer, S. Kendrick Gueñsey; captain of course, R. H. Hagerty; judges, Wilbur Flower, Idabel Edwards, M. J. Daetwyler; timers, A. Landstreet, H. Caldwell, Asher Peter.

ROLLINS MILLION DOLLAR CAMPAIGN WELL LAUNCHED

(Continued from page 1)

which fact in itself represents a "capital stock" of real value, its tangible assets are a location of unique attractiveness on Lake Virginia, in the heart of a growing and progressive state; a campus and college plant (including present net endowment) estimated at well over half a million dollars, and an ideal college community environment.

A year since, Dr. George M. Ward accepted the call to come back as president of the college and build it up on condition that the Trustees would engage to raise an adequate endowment to insure its maintenance and future development. After careful consideration, the Trustees at a recent meeting voted to undertake a campaign for a million dollar fund to be used exclusively as revenue producing endowment. In the meantime, Mr. Charles H. Morse pledged \$100,000 toward the first half million on condition that the Board would raise the remaining \$400,000 before October 1, 1920. The first half million raised, President Ward engages, upon the strength of this demonstration of interest on part of those immediately concerned with the future welfare of the college, to undertake the second half million from certain outside sources with every assurance of success. The securing of the second half, however, is absolutely conditional on the obtaining of the first \$500,000.

This campaign has been very thoroughly organized. The Trustees, loyal Alumni, and former students, are getting back of it in earnest. The responsibility of this first program devolves upon every trustee, upon the local communities of Winter Park, Orlando, and a dozen smaller Rollins "centers" about the state, and upon every former Rollins student and friend of Rollins College in Florida and elsewhere. Winter Park has enthusiastically organized a similar local campaign. Every possible friend of the institution and community is to be solicited and given an opportunity to help.

It will be no easy work to raise the necessary \$400,000 before October 1, 1920, in these days when there is such a multiplicity of demands for worthy causes. However, this must not be regarded as simply "one more drive," but the critically important effort in the history of the college. It will succeed, for each one will do his part. In order to insure the largest individual gifts possible, the "deferred payment" plan is being used permit-

ting donors to distribute their contributions over a period of five years—and pledge cards are made out accordingly.

Chancellor James Brooks of the college, has issued a very interesting little folder stating the needs of the Institution, the significance of its location, historic antecedents and future role in the heart of Orange county, one of the most flourishing counties of a most flourishing and progressive state.

The enterprising citizens who have made Florida what it is today, and who are building for the future, are people of vision who refuse to be limited and provincial in their outlook.

The continued growth of her churches, schools, colleges, and other civic institutions, is the best evidence that the people of this great and growing commonwealth of Florida recognize the real factors that lie at the basis of her economic as well as civic prosperity.

Orange county, particularly Orlando, its metropolis, will not be slow in recognizing the economic significance of a strong, well-endowed college in its midst. Orange county and vicinity has a big stake in the successful issue of the campaign now on.

Winter Park has already raised \$25,000 of its \$50,000 quota and those immediately responsible for the conduct of the campaign are confident that the community at large will liberally respond in doing its share toward realizing before October 1st the \$400,000 necessary to insure the total million dollar fund necessary to establish on a firm basis this educational center so important to the future of Central Florida and to the states as a whole.
