ROLLINS PLAYS LAST FOOTBALL GAME OF YEAR

POST-SEASON BATTLE WITH ORLANDO AMERICAN LEAGION TODAY

The Rollins foot ball team is in fine shape for its last game of the season Saturday in Orlando. Dow is the only man still carrying an injury received in the Carlestrom game. On the whole the team is in the best shape of the season and should have little difficulty coming out on the large end of the score.

DR. WARD LAUDED BY PRESIDENT JENKINS OF PIEDMONT COLLEGE

GREETINGS FROM PIEDMONT COLLEGE VERY COMPLIMENTARY TO DR. WARD

President Frank E. Jenkins, in his monthly letter to the "Congregational News," sends the following complimentary greeting from Piedmont College to Rollins:

"To Rollins, our sister college. We envy you your gem of a campus, your equipment, your enchanting lakes, your fragrant, golden orange groves, your President, who not only knows from long experience how to run a college, but where educational money goes and how to harvest it. All hail then to Rollins!"

STATE TENNIS CHAMPIONSHIP TO BE HELD IN JACKSONVILLE LAST OF DECEMBER

Interest is growing in the state tennis championship to be held in Jacksonville, December 16 to January 1, and it is very likely that this part of the state will be well represented. Unlike contests of this kind held in Florida previously, the event is sanctioned by the United States Tennis Association and the lucky participants will receive national ranking.

A great many people were surprised with the good showing made by Rollins against Carlestrom. We saw here a fine foundation for next year and a good team is assured.

VALUABLE COLLECTION ADDED TO MUSEUM

DR. BAKER GREATLY PLEASED BY RECEIPT OF CONTRIBUTIONS

The following named specimens have recently been contributed to the college museum:

Two specimens of Cerantite, the ore from which radium is extracted, from the U. S. controlled mines in Long Park Plateau, Paradox Valley, Colorado. The ore is hauled to the railroad, a distance of 58 miles, in six-horse wagons, and thence by rail 2,000 miles to the reduction plant at Orange, New Jersey. Many car loads are required to produce a small part of an ounce of radium. The entire world's supply of the pure metal is only about five ounces. Its market value is \$120,000 a grain, equal to 120,000 x 25.35 dollars an ounce.

Only two practical uses have been found thus far, for radium, for medical purposes, in the treatment of cancers, tumors, and other malignant diseases; and for the production of luminous material to apply to clock and watch faces, etc., to enable their records to be read in the dark. The collection, with interesting accompanying literature on the subject, was the gift of the "Radium Luminous Material Corporation" of New York.

DR. WARD GIVES STIRRING ADDRESS IN CHAPEL

GREATLY PLEASED WITH PRESENT PROGRESS—POINTS TO BRILLIANT FUTURE

Among the high lights on the present year's calendar was Dr. Ward's first chapel talk to the students last Wednesday morning, when, after a rousing welcome, he gave them an inner view of the great plans he has in store for the college. As he rose to speak, a storm of applause told him of the deep regard in which he is held by everybody connected with Rollins, and upon the completion of his talk a repetition of this approval told of the confidence which each student reposes in him.

Dr. Ward spoke first of the pleasure it gave him to be back at Rollins and of his appreciation of the enthusiastic welcome which had been accorded him at the station the preceding evening. Then he went on to tell something of the early history of Rollins, of the struggles through which the college had passed, and of the successes that had come to it. Referring to the work of the present year, he congratulated Chancellor Brooks on the selection of the enlarged faculty and voiced his appreciation of the high standard of work that has come from the efforts of the faculty. He particularly mentioned Dean Sprague, Dr. Hoyt, Professor Corbin and Mrs. Corbin (Librarian), the last three of whom were associated with him previously at Wells.

AMATEUR ATHLETIC UNION HOLDS ANNUAL MEETING

ELECTION OF OFFICERS AND REGULATIONS OF GIRLS SWIMMING SUITS ARE MAIN EVENTS

New Orleans—Insurgent forces scored their biggest victory in years in the Amateur Athletic Union here today when they elected their entire ticket, and put over the resolution whereby a committee of three will make a complete investigation of charges made by the United States Olympic athletes upon their return from Antwerp that they were badly treated both in the way of accommodations to and from the Olympic games and in Antwerp as well.

William C. Front of the New England Association, Jeremiah T. Mahoney of the Metropolitan Association, and Charles B. Lynch, of the central association have been designated as the committee to investigate the conduct of the affairs of the seventh Olympiad and the method followed for the selection of the team sent abroad.

Robert S. Weaver, of Los Angeles, was elected president over Herman Oberthaus, of New York, by a vote of 55 to 21. The other officers elected were C. W. Street, Birmingham, first vice-president; W. Cuddy, Boston, second vice-president; P. Jordan, Indianapolis, third vice-president; W. J. Slattery, Philadelphia, fourth vice-president; Fred Ruben, secretary and treasurer. The new trustees elected were: Colonel J. V. Clinain, Chicago; W. Prout, Boston, and Sam Goodman, San Francisco.

Chicago was awarded the 1921 convention.

SCHOOL WEEK

For the purpose of causing the largest possible number of people to give special consideration at this time to the importance of education in our democracy and to the needs of the schools and other agencies of education with a view to their improvement by legislation and otherwise, Commissioner of Education, Dr. P. P. Claxton, has asked that the week of December 5-11 be observed as "School Week." All colleges, universities, normal schools and higher technical schools have been asked to use the convention hours of this week for a discussion of education in its local, state and national aspects, and it is especially desired that the relation of higher education to the production of wealth, to good citizenship, and to public welfare, be discussed. Dr. Claxton asks that in tomorrow's services the ministers use this theme for their sermons, and at the weekly meetings of the Christian Associations, these important topics be made the leading subjects.

It is hoped that the authorities and organizations of Winter Park, of the local public schools, and of the colleges, will do their utmost in furthering the interests of discussions such as these and, in so doing, acquaint the public with the present and future demands of that education upon which Americanism is dependent.

THE ATHLETIC OUTLOOK

Basketball season is upon us and we are proud to say that the prospects look better than ever for a championship team. If present indications hold Rollins is sure to have a winning five this year. The meeting of candidates for the team, which was called by Coach Brewster, showed that there would be ample material for two teams. We have in addition to nearly the whole of last year's team quite a number of men who have played on successful teams elsewhere. With this body of material and our excellent coach, Rollins is bound to develop a team which will be hard to conquer. If we failed to get on the athletic map this year in football conditions are bound to change when our basketball team enters the list.

A review of the football season is bound to be attended by a sense of pride for our men who worked so faithfully from the beginning of the school until the Thanksgiving game, when they put up such a bold front to the aviators that the hydrants were held for a very small score in comparison to what they should have gained if weight and past experience counted. That game was indeed a compliment to Rollins' featherweight team. Coach Brewster is certainly to be congratulated on the development of a machine which could hold an iron front against odds so great. The only thing we have to regret about the football situation is that we didn't realize our strength earlier in the season, for we could certainly make a respectable showing against the other teams of the state. At any rate, we have developed some fine material for next year.

SIGMA PHI NOTES

Through an error the name of one of our pledges was not announced with the others last week. We take great pleasure in announcing Miss Margaret Sedgwick of Palm Beach, Fla., as a pledge of Sigma Phi.

Among the Sigma Phi girls who spent the last week end away from the campus are following: Ada Brockman in Orlando; Hansi Watts in Orlando; Marguerite Harris in Mt. Dora; Louise Jenkins in Lakeland; Mary Bourke in Lake Alfred; Catherine Barnes in Orlando.

While in Orlando this week end Catherine Barnes was a guest of the Magi at their house party.

Bertha Gram spent Saturday night with Mrs. Fletcher in town.

Charlotte Seale was the dinner guest of Mrs. Wright last Monday evening at their beautiful home on Lake Matland.

Lois Coleman and Mrs. Fletcher were guests in Cloverleaf last Monday evening.

ALPHA ALPHA SCANDAL

Fat, the K. M.

At last the house has undergone a thorough cleaning. A gang of "Neophytes" offered their help and real help it was. Even "Fat" worked. He washed dishes, mopped the floors, cleaned up the back yard and did several other odd jobs. Guess he expects to rest for the remainder of the year now. Somebody is going to be sadly surprised.

Rip

Our young rollie pup, Rip, is growing fast. He chews up everything that gets in his way. However, he has at last met his fate. He bit our cat's tail and now he carries a nice long scratch on his back. Heem, Rip!

Kilworth is now staying at the Kamas. He is another worker of the same type as "Fat." Works hard for a few minutes and then disappears.

"Free-rade" is now busy with his vetball. Thank goodness, now the house has a little rest in the afternoon.

Two-two till next week. We'll be on deck!

K. E. KICKS

K. E. Alumnae Among Guests.
Mr. and Mrs. Seth Woodruff entertained at a delightful dinner after the dance at the Orlando Country Club Thanksgiving night in the Club's private dining room. A delicious quail supper was served. In the party were the following Kappa Epsilon alumnae: Mrs. LeRoy H. Giles, Mrs. W. C. Hestington and Mrs. W. W. Glenn.

Miss Isabel Edwards entertained Miss Barrett, the K. E.'s, and their pledges in her room, Friday evening after study hour. The cake consisted the remains of the K. E. Dance together with ham sandwiches, cream toast and cocoa.

K. E.'s are delighted to have Mr. H. H. Brower associated with them as an honorary member.

Miss Mildred Rickard, who is spending the winter in Orlando, was the guest of her sister, Marian, in Cloverleaf, Friday night.

Margaret McKay spent last week end at her home in Tampa.

Dolly and Floosie say K. E.'s are getting in the limelight after the monthly tests. Dolly rated in Chemistry, while Floosie made the same in Biology.

Fluffy and Floosie are in White Garden this week end.

LOCATING FOREIGN STUDENTS A REAL JOB

To find the 1,500 girls who have come from Europe, the Orient and Latin America to study in the United States and to see that they are meeting people who will familiarize them with the best things of American life was one of the tasks being undertaken last fall by the student department of the National Y. W. C. A., through its Committee on Friendly Relations with Foreign Students. A special motor headquarters in New York City is completing a roster of names sent through the student associations which exist in practically all colleges attended by women these strangers are found and introduced to American families and friends. Names of prospective students have been sent to the New York headquarters by consular secretaries in the countries from which the girls come.

CHRISTIAN ASSOCIATIONS

Y. W. C. A. MEETING

The Y. W. C. A. meeting, Tuesday, November 23, was led by Helen Everhard. Ruth Waldron gave a very interesting Thanksgiving reading on the customs of the Puritans, and Dorothy Wilson read a short Thanksgiving poem. After sentence prayers by several of the girls the meeting was closed with the benediction.

Y. M. C. A.

The Y. M. met as usual Tuesday evening after dinner. Mr. A. J. Hanna was the speaker of the evening, and he turned the meeting over to the fellows, who took part in the general discussion as to what the Y. M. C. A. can do to better the college life, and to make it more enjoyable. A goodly number were present, which shows the spirit that the fellows are putting in our organization this year. Come out fellows and join us!

Y. W. C. A. CLASSER ASSUME CHAIRMAN PROPOSITIONS

Full reports of the educational departments of the Y. W. C. A. in most of the large cities of the United States show an enrollment in the various classes as large as that in many of the colleges. One thousand students is an average in the large associations, while the fall enrollment in one of the six centers in New York City is over two thousand. Y. W. C. A. courses include not only cooking, needlework and the domestic art features of the curriculum, but courses in foreign and modern languages, art, and general education. Practically every girl who is interested in education is a department of the work which shows marked increase this year is that of the international language as a help for foreign-born women and girls which offer courses in the same list of subjects taught by "native-born workers," or women who can speak and understand the languages of the students.

MAYNARD FROEMKE, ROLLINS MAN, FOUNDER LAKE AL- FRED NEWS

FORMER ROLLINS STUDENT GETS
OUT BREEZY SHEET IN PRO-
GRESSIVE TOWN

That a football man can also be a good newspaper man has been proved conclusively by Maynard C. Froemke, who spent several years at Rollins starring on the faculty football team. No. 1, Vol. 1 of "The Lake Alfred News," bearing date of November 26, is the proof of this. Maynard heads the editorial staff and is mainly responsible for the new contents and metropolitan appearance of this latest addition to the Florida Press. The "News" is a weekly newspaper of six pages, six columns, and gives in most interesting reading form the news of the progressive section of the state which centers about Lake Alfred.

On the front page of the "News" there appears an attractive view of the handsome new edifice of the Lake Alfred State Bank, of which another Rollins student, Payette Froemke, is cashier.

GENEROUS PRIZES OFFERED IN ESSAY CONTEST

ARTHUR MURRAY, GEORGIA
TECH. GRAD., CONTRIBUTES
TOWARDS CONTEST

Those who have a talent for writing, or those who have the knack of thinking of original ways of making money, can now turn this knowledge into money by writing a 500-word essay.

Eight prizes to the amount of \$75 are being offered for the best essay on "Five Ways of Earning Money at College." The winner of the first prize will win \$25, and then it scales down to \$5 each for the last five prizes.

The awards are being offered by Arthur Murray. According to a recent article in Forbes Magazine, Arthur Murray worked his way through Georgia Tech, and made \$15,000 a year by giving dancing lessons. While at Georgia Tech he taught a class of 650 children, the largest dancing class in the world.

Arthur Murray is now gathering information on various ways of earning money at college and is especially anxious to receive essays from students who are working their way through.

Following is a list of the rules of

CHARLIE LAWRENCE, OUR HERO

Delafield, Wis., Nov. 6.—In the presence of a notable gathering to include Governor E. L. Philipp of Wisconsin, Governor Frank O. Lowden of Illinois, Major General Rosignol of the French High Commission, 300 members of the St. John's Military Academy Alumni Association from all parts of the country in service uniforms, and the cadet corps, President Sidney T. Smythe will lay the cornerstone here November 11th, National Armistice Day, for the \$200,000 Victory Memorial chapel to be erected in honor of more than 700 St. John's graduates and former students who served in the World War. General Wood will deliver the address of the day.

The chapel will be of Milwaukee limestone, 100x60 feet, and built in lines of Gothic architecture to har-

monize with the present academy group. It is planned to give one entire wall of the interior to a huge bronze memorial tablet of individual name-plates, those who died in service being designated by gold stars. Funds for the project are being raised in a nationwide subscription campaign under direction of the St. John's Victory Memorial Corporation. The corporation is a separate organization from the academy, thus guaranteeing the perpetuity of the edifice. Funds have been pledged for maintenance.

Among Florida men to be honored by the memorial are: Captain Frederic J. Blount, Alexander C. Blount, Jr., Franklin Forbes, Captain W. E. Ring, and R. M. Cary, Pensacola; Rex C. H. D. Crittenden, Key West; William M. Sikes, Miami; and Charles Wright, Daniel Reilly, Newman Gold, W. Lawrence, Frostproof.

CARLSTROM 21 ROLLINS 0

Fighting gamely, but hopelessly outwitted by the heavy and more experienced Carlstrom Field team, Rollins went down to a glorious defeat Thanksgiving morning at Orlando. Time after time it seemed as though Rollins might get her open game to working and give Carlstrom a sliver fight, but repeated injuries to her best players made victory impossible. "Smut" Fletcher was the first to take the count and he was so badly injured that it was necessary to take him to the hospital. It was later found that he had sprained his neck. "Goof" Boyle was badly hurt in the first period, but gamely played through. Bob Wright was knocked unconscious at the start of the last quarter and had to be removed from the field. The entire Rollins team deserves a lot of credit for the defense put up. Carlstrom earned but one touchdown, lucky breaks being responsible for the other two.

Play in the first period was inside Rollins' 40-yard line and it looked as though Carlstrom would score at any time, but Rollins held and then blocked a try at goal from the 18-yard line, only to have Carlstrom recover the ball. Again Carlstrom failed to gain and Wright intercepted a forward pass and took the ball to the 10-yard line. Here the aviators took the ball on downs and then fumbled and Rollins secured the ball. Parker of Carlstrom intercepted Fletcher's pass and ran to the 10-yard line, where "Smut" in tackling him was injured. On the next play Marsten went over for the first touchdown.

Carlstrom kicked to Rollins to open the second period, but on the third down after making the distance Rollins fumbled and Carlstrom recovered, taking the ball by steady gains to the 6-yard line, where she was held for three downs and then kicked a goal from placement. Again Rollins secured the ball on the kick-off, but lost it on a fumble. After making first down Carlstrom fumbled and Palmer and Hunter went after it, Palmer getting it and running to the aviators' 40-yard line. Here Rollins failed in attempted passes and kicked over the line. Carlstrom made three first downs from the 20-yard line and then Ward intercepted a forward pass and ran to the 20-yard line. From here Wright made a sensational end run to the 5-yard line, where the first half ended.

In the last quarter Rollins secured the ball on a fumble and started down the field on long passes and end runs by Wright until a penalty and loss of five yards on an end run

Carlstrom snatched a long pass past Fromke and Wright for a touchdown. After holding Rollins for downs on the next kickoff Carlstrom ploughed through to a touchdown, having the ball on the 2-yard line and second down at the close of the period, and pushing it over at the opening of the last period. During the rest of the game play remained near the middle of the field. Boyle playing at quarter after Wright's injury made many good gains through tackle.

ATHLETIC NOTES

Seely must have surprised the big boys when he caught that forward pass. The kid will make the best of them go some to beat him in another year or two.

About thirty men reported for basketball Monday noon immediately after lunch and received a few instructions from the coach as to what would be expected of them during the season. The squad will have to be cut to about fifteen or eighteen men in a few weeks, so that there will be some keen competition to get in the chosen group. No man can afford to be absent from a day's practice and it's a cinch that no man wants to let the coach catch him smoking. If a man doesn't keep himself in condition he will soon drop off the squad and there will be men waiting to take his place. But if the basketball men show the spirit, possessed by the football team "we should worry."

PERSONALS

The Rev. and Mrs. Robert N. Ward of Miami were campus guests over Thanksgiving, visiting their son, Charles who is a Sophomore. Rev. Ward is pastor of the First Congregational Church of the Magic City and is chairman of the new State Missionary Committee of the Congregational Church.

The Rev. George B. Waldron, State Superintendent of Congregational Churches in Florida, was an-

other guest on the campus for Thanksgiving.

Miss Elouza Mendel visited relatives in Tampa over Thanksgiving.

Mrs. A. W. Deal spent Thanksgiving at Palatka.

Dr. and Mrs. George M. Ward are spending today and tomorrow at the home of Mrs. Ward's parents in Tampa.

Miss Margaret Smith, who was a student in the Conservatory last year, is spending the winter in Detroit.

Miss Helen Dickinson was the guest of Eva Missidine in Cloverleaf last week end.

Senator and Mrs. Park Trammell of Washington, D. C., have been the guests during the past week of Mrs. George Phillips, who is Mrs. Trammell's sister, at the Phillips home on East Park avenue.

Dr. Ward's Chapel Talk

(Continued from page 1)

Campaign he said that unhoped for success had crowned the efforts of those who had worked so hard to place Rollins on a permanent and substantial basis; in referring to the \$50,000 that had been raised by the town of Winter Park, he said that the raising of this large sum would be a great help in interesting the great educational factors in New York with which he had been dealing. Dr. Ward said that if those great factors could be induced to take hold, and the trustees, faculty and students played their parts well, it would make of Rollins one of the foremost colleges of the entire South.

In closing his remarks, Dr. Ward said that he wished to ask a favor of the Rollins students; that he had never experienced the joys of having his own children to counsel with, but that he wished to throw his office open to the students here and wanted them to come to him freely.

Why Go To College

Some of the best technical schools require some culture work in graduation.

Columbia School of Architecture, Lehigh University, Massachusetts Institute of Technology, etc.

An Oak Tree or a Squash?

A young man once asked the president of Oberlin College if he could not take a shorter course. "Oh, yes," said the president, "but that depends on what you intend to make of yourself. When God wants to make an oak he takes a hundred years, but when he wants to make a squash he takes only six months."

Value of the Small Colleges

The difference between a large university and a small college is that in the large university the student goes through more college, but in the small college more college goes through the student. —John A. Peters, LL. B., Yale, '42.

Mark Hopkins, than whom America has produced no greater teacher, used to say he hoped Williams would never grow into a populous university, for he was convinced the best college work can be done in institutions of less than 500 students.

Why Go to College?

It is estimated that since the United States was founded, only one man in every 758 has gone to college. Yet this small number has furnished: 17 of the 26 presidents; 13 of the 27 vice-presidents; 17 of the 34 persons in the hall of fame.

Broadens One's Horizon

Perhaps the chief advantage in a college education is that it broadens one's horizon. One becomes acquainted with more subjects, interested in more directions, sees more in life, gets more out of life. Little things no longer appear great, and great things one never dreamed of before rise into view. It is like climbing a mountain. One never knows the real landscape until one

FRESHMAN-JUNIOR DEBATE

Much interest is being shown in the last of the interclass debates. The date has not been decided, but a good debate is assured, for both the Freshmen and Juniors are out to win the Delphi Debating Cup. Watch for a later announcement of the date.

Judge Weeks, chairman of the

RED CROSS SEAL CAMPAIGN LAUNCHED BY MRS. O. A. LAYTON

DORMITORIES AND FRATERNITY HOUSES ASKED TO SUBSCRIBE FOR HEALTH BONDS; SEALS ON SALE AT CO-OP.

Last Monday morning, Mrs. O. A. Layton, Orange County Social Service Officer, opened the sale of Red Cross Seals and Health Bonds at Rollins with one of the most stirring appeals the students have heard this year. The entire chapel period was given by Chancellor Brooks to Mrs. Layton, who did her subject full justice.

Through the courtesy of the Red Cross Organization all proceeds from the sale of seals and bonds go for the furthering of the work of the Tuberculosis Association. In illustration of this work Mrs. Layton used some interesting statistics, stating that out of a million active cases of tuberculosis in America today, one hundred fifty thousand die every year, making one death every three and a half minutes. She spoke further of the danger which confronts everyone today because of the widespread of the disease among the negroes and the possibility of its spread through the service which they render. In answer to the question, "What can be done to prevent the spread of this White Plague?" Mrs. Layton said that the proceeds of the sale of seals and bonds should at least total \$3,600 in order to get at this work in the proper way.

Sectionalism
I don't see why it is
That when I go to a dance
Down here

And take a girl outside
She always says:
"Oh, you Northerners
Are all just alike,"
But when I go home
Christmas and other times
And go out riding
They all say:
"Is that what you learn
Down at Rollins?"
I don't think it's at all fair
It looks to me
Like playing both ends
Against the middle
Sometimes
I get desperate
And wish I had been born
In Kansas.

Acceler-A-Go!
Here lies the body of Jim Lake,
Tread softly all who pass;
He thought his foot was on the brake,
But it was on the gas.

—Jack Canuck.
Awgwan???
Oh, Ye Beaneryites!
Lawrence: "Well, old boy, how do you feel?"

Potter: "I've just eaten ox-tail soup and I feel bully. How about yourself?"

Lawrence: "Oh, I've had some of the old hash, and I feel like everything."—Ex.

Thayer: "The actress was struck in the face by a piece of glass."

Caldwell: "Was she injured very badly?"

Thayer: "Not at all. She had just made up."—Judge.

Questions
Two questions I have pondered
Since but a little child:
Where did old Victor Hugo,
And what made Oscar Wilde?

Dean Reese: "Virgil, do you attend a place of worship every Sunday?"

Virgil: "Yes, sir; I am on my way to her house now."—Orange and Blue.

Gladys: "Mabel is two laps ahead of Emily in their leap year race."

Phyllis: "Two laps?"
Gladys: "Yes—Harry's and Bob's."
—J. W. Fulton, Jr., University of Chicago, '21.

The boy stood on the burning deck
Under the spreading chestnut tree;
Not a drum was heard, not a funeral
note;
But, oh, the difference to me.

Up from the South at break of day
The face of a bar-room floor
Wept with delight when you gave
her a smile—
Quoth the raven, "Nevermore."

Tell me not in mournful numbers
Maud Muller on a summer's day
A yellow primrose was to him
And Winchester twenty miles
away.

Ay, tear her tattered ensign down
And let who will be clever,
Carfax shall not ring to night
For I go on forever.

If a fellow tries to kiss a woman
and gets away with it, he's a man;
if he tries and doesn't get away with it, he's a brute; if he doesn't try to kiss her but would get away with it if he tried, he's a coward; and if he doesn't try to kiss her and would not get away with it if he did, he's a wise man.—Selected.

It takes so lot of nerve for a young married man to go into a store and buy a dozen safety pins from some girl he was once sweet on.

"I don't know as I ever saw a religion that did not have some good in it. Now, according to the Chinese religion, a man cannot get into heaven until all his debts are paid. (I have several ex-friends that I wish were Chinamen.)"—Will H. Cressy.

Cannibal Chieftain (patting himself on the stomach): "Oh, he took a little trip to the interior."—Ex.

Murder Sir Oliver Lodge!
Dok: "Tough on old Wright, isn't it?"

Swooper: "What did he do?"
Bell: "Gave his girl an ouija board and it told her to marry the other fellow."

THE DANCE

Now Heaven is the word to use;
No other word will tell!
When that real dance did terminate,
Say, listen—that was—

Lightibus outibus ina parlorum,
Boyibus kissibus sweeti girlorum,
Girlibus likibus, wanta someorum,
Dadibus bearibus loudibus smack-
orum,

Comeibus quickibus witha club-
orum,
Boyibus getibus hardi spankorum
Landibus nextibus outside the
doorum.

Getibus upibus witha limporum,
Swearibus kissibus girli nomore-
orum.
