OLD ROLLINS TRADITION BE REVIVED AT TAMPA

THE BROWN ROWING CUP, NOW AT ROLLINS, TO BE CONTESTED FOR ONCE MORE AT SOUTH FLORIDA STATE FAIR

Competitors Will Be Hillsborough High School, Tampa Y. M. C. A. and English Classical School of Tampa

An old Rollins tradition is to be revived this year and revived mainly through the efforts of one of the Freshmen, Miss Helen McKay. Many years ago it was the custom for Rollins to put on an exhibition water event at the South Florida Fair in Tampa, and so successful were these events that Col. T. J. L. Brown, then President of the Fair Association, donated a beautiful silver cup, known as the Brown Rowing Cup (now in the north wing of the college library), to be rowed for annually by Rollins students at the Tampa Fair. The remains of the old eight-oared shells, which were used at that time, may still be seen at the boathouse on Lake Virginia.

But time has brought its changes and its improvements and Gasparilla Day, February 3, of the 1921 Fair, will witness the Rollins water sports again and once more the Brown cup will be used as a trophy. It is through the interest and very efficient work of Miss McKay, who ranks foremost among Rollins water sports, that this has been brought about, bringing her influence as a Tampaian to bear on the reintroduction of the paganant. During the Christmas vacation Dr. Ward was called into conference by the Board of Directors of the Fair and approved the plans which the Fair Association submitted.

The other Florida colleges were asked by Rollins to meet her in a state intercollegiate water meet, but up to the present time no response (Continued on page five)

\$127,000 BY FEBRUARY 12th IS GOAL SET

CRITICAL MOMENT REACHED IN ENDOWMENT CAMPAIGN AND UNITED EFFORT OF ALL LOVERS OF OLD ROLLINS PUT IT OVER

FUTURE OF THE COLLEGE DEPENDS UPON IT

Enlarged Endowment Will Permit Increased Faculty, Bigger Library, Better Equipped Laboratories and Enable College to Greatly Extend Its Work and Influence

"ONE HUNDRED AND TWENTY SEVEN THOUSAND DOLLARS BY FEBRUARY TWELFTH" is the slogan and every person interested in the welfare of Rollins College should keep it uppermost in mind between now and the date named for if this goal is reached, another half million dollars will be added to the endowment of dear old Rollins.

The greatest crisis in the history of the college is at hand. For many years an endowment has been worked for, the income of which would enable the trustees to meet the current expenses without soliciting additional contributions. With this end in view Dr. Ward returned to Rollins in the fall of 1914 and has since that time worked incessantly, without one penny of compensation, to put Rollins where the financial question would be an unknown quantity. Last year the trustees felt that the time had come for the inauguration of the big campaign and in order to start the ball rolling, Mr. Charles H. Mason, one of the board, made a conditional gift of \$100,000. The town of Winter Park responded shortly thereafter with the magnificent sum of \$50,000, and the student body with something over \$4,000. Since then some of the trustees have added to this amount and alumni and generous donors from other states have helped so that the total sum now amounts to \$273,000, but all of this amount hinges on the securing of the full \$500,000 by the 12th of February.

When a college starts to raise an endowment it is always a proof that that college is growing. A college cannot with safety depend on contributions from year to year for its

current expenses, especially in view of the fact that its expenses are increasing at the present rates. In order that Rollins may be placed on an unquestionable business-like foundation this new endowment is absolutely necessary. If it is secured Rollins will remain as one of Florida's leading colleges and be placed in a position to greatly enlarge its work and influence.

The record of the past year indicates every possibility for great and rapid growth. The enrollment is the largest ever, the character of the work done is being gradually made better and the development of future citizenship for the state and nation is going ahead at a creditable pace. The value of Rollins is not only felt to Rollins, but its influence is far-reaching and extends to many parts of the country. Although Rollins is still a young college and does not have many wealthy alumni, contributions are steadily coming in from those who are rising to the top and it is expected that every loyal Rollins man and woman will help in this campaign.

The campaign must be rushed along to a speedy conclusion, owing to the brief time left before February 12. Some large gifts will be necessary, but small donations will be a great aid in meeting the total. The privilege to assist in such a far-reaching educational cause is one to which every one ought to gladly respond.

Mr. Thomas Perry Wells of Kingston, N. Y. has enrolled for post-graduate study under Dean Sprague. Mr. Wells is a graduate of Yale University.

BIG EVENTS PLANNED FOR FOUNDER'S WEEK

ORATORICAL CONTEST, DELPHIC BANQUET, REGATTA, TENNIS TOURNAMENT AND SANDSPUR BANQUET PROMINENT ON PROGRAM

Celebration Commemorating 26th Anniversary of College Founding Opens Friday, February 11th

Plans for the 1921 Founder's Week, which have been recently announced, indicate that this portion of the college calendar will eclipse anything of the kind yet held. To Rollins and Winter Park Founder's Week includes the numerous events which are usually associated with Commencement Week at other institutions, except that in Florida it comes at a time when the temperature encourages rather than hinders the attendance of many who flock to the center of the state for the functions scheduled. First and foremost, the purpose of Founder's Week is to serve as an annual "home-camping" for the alumni and other Rollins friends in general and for that reason the events are grouped around Alumni Day. This year the celebration begins on Friday, February 11, and extends through Monday, February 14.

The first event of the exercises commemorating the 26th anniversary of the college will be a student assembly on Friday, February 11, at which time the handsome sweaters (which the girls have donated) and the football letters will be given to the Rollins eleven. This will insure the start-off of the week with a bang and will all the old Rollins "jock." The afternoon of this week for the Irving Sutherland Prize Oratorical Contest for the high school students at Florida will be held in Douglas Hall, and two prizes, a first of \$40 and a second of \$20, will be awarded the winners. This will be followed by the Delphic Literary Society dinner (Continued on page 7)

DO NOT BE INFLUENCED TOO STRONGLY BY BAD CONDITIONS NOW

This is truly a time of crisis. America is in a very uncertain condition and in parts of the country finances are bad. Unrest is spread abroad over the world. It is, indeed, a very important time for a great financial campaign to be waged. However, the seriousness and undreamed-of importance of meeting a great obligation at this time, we feel, will be sufficient stimulus for us to surmount the obstacles which confront us. Those to whom Rollins is looking at this time are not going to show the yellow flag when the goal is almost won, when victory is positively within sight. No indeed, we Americans are not the staff that "pikers" are made of, and we will not permit general unrest or a little financial furrer across an excuse to refuse doing our bit to raise this \$127,000 by February 12. There is five years in which to complete these subscriptions and no one except a hopeless pessimist can be so near-sighted as to be unable to look beyond the horizon of today and see that all these things which despair us now are rapidly vanishing. The establishment of a new administration in the spring will certainly clear up the financial problem and thus will be removed the greatest barrier to liberal subscribing. Let those who read this bear in mind when making out their pledge that the clouds will surely be cleared away by the time the pledge comes due.

All together now—this for our war-whoop: \$127,000 by Feb. 12.

SANDSPUR SOON TO RID ITSELF OF DEAD WOOD

There are two kinds of reporters on The Sandspur Staff—alive and dead. Which kind are you? The success of the paper in print lies entirely in the hands of the news staff, that is, the News Editor, Department Editors, and the reporters. The greater part of the success rests in the hands of the reporters, for once the news is assigned them by the News Editor it is up to them to get it in or see that some one else does. The Editors cannot write the paper each week, nor should they be expected to. It has always been considered an honor, one of the greatest in school, to belong on The Sandspur Staff; however, there are some who fall to see this. Let this be a word of warning then to those to whom it applies: The dead wood is going to be cleaned out before long. Those who have been waiting for an opportunity to get on the staff will be gladly considered by the Editor if they will make their wishes known to him. At present we need two Assistant Editors, a Literary Editor, and some ambitious reporters. Let it be borne in mind that the higher positions on the staff are filled in most instances from the reporters.

THE SAGRAMO SKEETERINITY

The Sagramo Skeeterinity is again active on the Rollins Campus. It is the ruler of this famous organization to have no meetings before Christmas, therefore those who were out here last year know very little of this Spanish Brotherhood. This order was organized at Rollins last year and it counts among its members many who belong to other secret organizations here. No one is excluded from its ranks because of belonging to other clubs, etc. In fact, all the secret orders are represented among its members. There are four shooters of last year's band who belonged to the T. W. U., two Squaks, two members of the Chain Gang, two Alpha Alphas, four Phi Alphas, two Phi Alpha and one Alpha Alpha pledges. At the first irregular meeting of The Sacred Skeeterinity in 1921 it was decided that the membership should be brought up to its capacity of thirteen student and one faculty member. Male students who wish to become initiated into this democratic Skeeterhood will hand to the M. S. V. O. "Dick" Potter, a written application, in order that their name may be voted upon at the first meeting to be held after January 22. Although the patron of The Skeeterinity is the god of wealth the initiation fee is only a nominal one.

DR. BATTEN SPEAKS IN CHAPEL

Dr. Batten, who spoke at the forum hour last Sunday, addressed the student body in chapel the following morning on "The New Day." Girls' Glee Club Gives First Concert of the Season

The Girls' Glee Club of Rollins College made its first appearance Thursday night, January 13, at the Winter Park Country Club, under the auspices of the Methodist Episcopal Church Ladies' Aid Society. This is almost an entirely new club this year, but under the tuition of Mrs. Hayward they sang with the ease and finish of a club of long standing. A great deal may be expected of them before the year is over. The soloists of the evening were Mrs. Brooks and Miss Stewart. Mrs. Roland Barr gave two groups of readings. The following is the Glee Club program:

1. Rollins Fight Meter—W. F. Ly
2. Rose Hill Beware! Music by Homer Stacey Page.

BACHELOR PRIZE MONEY ON DEPOSIT

During the past week the college office received from Mr. Irving Bachelier, the famous author, who makes his winter home in Winter Park, and who is donor of the Bachelor prizes for Florida high school students, a check for \$100 to be used this year for the two prizes to be awarded in the annual contest scheduled for Friday, February 11. There will be a first prize of \$40 and a second prize of \$40 to be given the speakers who make the highest number of points.

The contestants this year represent the following high schools: Orlando, Winter Garden, New Smyrna, Gwynne and Fort Lauderdale.

ARRANGEMENTS MADE FOR DEFRAYING EXPENSES TO THE SOUTH FLORIDA FAIR

That Rollins will be represented in the Tampa Water Meet on February 7th is an assured fact by the way the students are turning out for the two war canoes. Dr. Ward and Chancellor Brooks have encouraged the plan by making arrangements for the defraying of expenses of the teams while in Tampa and also for the transportation of the two war canoes.

The boys' swimming team will probably be composed of Robert Brooks, winner of the Fall Regatta; Dick Rogers, winner of the 50-yard dash in Fall Regatta; Jack Stephens and Joe Rahsaur. They are all expecting to bring a lot of honors home in spite of their experienced rivals. The coldness of both water and air have hindered their training greatly.

The men's war canoe crew met in the boathouse and elected, as was expected, Bob Brooks as captain and coxswain. They will have the Navy Gobs as one of their opponents and we are hoping that the Gobs will be able to take their coming defeat gracefully.

... present! It was one of those useful and greatly needed presents and one which Rollins students will long remember. It was an additional supply of hymn books secured by Dr. Ward from interested friends in Lowell, among whom was Charles Milliken, Esq., head of the Hamilton Manufacturing Company of that city.

With the great increase in attendance there has never been a time this past fall when there has been a sufficient quantity of books to go around and hence the chapel singing has been greatly handicapped. It is expected that great things will be the result of this new Christmas present to Rollins by "Prexy."

Mary Hourke spent the week-end in Lake Alfred.

ROLLINS VERSUS STETSON

The Rollins Varsity Basketball team was defeated in her first game against her old rivals—Stetson. The score is absolutely deceiving as to the way the game was played. Every one of our men fought hard and they played clean basketball, in great comparison to Stetson's football methods. Palmer and Starr shot well for the number of chances they were given, the latter making some sensational shots from the middle of the floor. But the credit for Rollins' showing cannot be attributed to individuals but to the whole team as a machine. Their passwork was better than their opponents, but having been taught to play basketball and not football they lost. There was holding and blocking and fouling of every description done by Stetson as they were on their home floor. Their referee was apparently officiating at his first game.

Ray was the star for Stetson as he made over half of their points and his shooting was near to perfection. The much-touted Whitehair was held down by Dow in a first-class manner. For the little while he was in the scrimmage Warner showed up well as he could play them well at their own game with his size.

Rollins was outweighted greatly while their opponents had the reach as them, although their tall center didn't outjump Starr by much in comparison to their respective heights. The whole Rollins team is waiting for the return game on their home floor with great eagerness.

ALUMNI REMEMBER ROLLINS MEMORIAL ATHLETIC FIELD IN NEW YEAR'S GIFTS

John H. Neville and Prof. Fred H. Luter, Former Students, Add Donations to Fund

Two substantial donations to the Rollins Memorial Fund for the erection of a mammoth athletic field as a monument to the part Rollins played in the World War, have been received by the college treasurer, Hon. W. H. O'Neal, within the last few days. These New Year's gifts, which come from prominent alumni who themselves played a great part in Rollins athletics during their undergraduate days, are from John H. Neville, a leading lawyer of Washington, and Prof. Fred H. Luter, active in Omaha educational circles.

It will be remembered that the Memorial Athletic Field Fund was started in the fall of 1919 and already a considerable sum is on deposit in the local banks. The great step forward in athletics which Coach Brewster and his men have made this year will soon make it imperative that the large equipment which this fund calls for be placed at the disposal of the athletic department.

be encouraged to keep at it until the end of the season. The more the better, as college athletics are not for the few, but for the whole student body, or as many as have the spirit and pep to get out and make themselves better fitted to enjoy life. Let us hope that the time will soon come when the student who hasn't that pep will be required to get out anyway. The coach does not desire to have men out for baseball at this time who are trying out for the basketball teams. One sport at a time is enough and it is not wise for a man to have too many irons in the fire. It will be necessary to develop almost an entirely new baseball team from last year and that is another reason why baseball is being started at this time. We are especially weak in pitchers and if there is any man in college who has had any experience at all he should come out at once.

SECOND FORUM ADDRESSED BY
DR. BATTEN

**Stated That Until Christ's Principles
 Are Applied to Every Day Deal-
 ings There Will Be No Per-
 manent Solution of Indus-
 trial Problems**

The second of the series of lec-
 tures making up the season's pro-
 gram of the Winter Park Forum was
 delivered in Knowles Hall Sunday
 afternoon at 2:30 o'clock by Dr.
 Samuel Zane Batten of Philadelphia.
 He took for his topic, "Can We Solve
 the Industrial Problem Without a
 Revolution?"

Dr. Batten is at present chairman
 of the Social Service Commission and
 author of a number of sociological
 books. The ability with which he
 handled his subject gave unques-
 tioned evidence of his intimate
 knowledge of present-day conditions
 in the industrial world.

From a thoroughly impartial stand
 on the intermediate ground between
 the side of capital and that of labor,
 Dr. Batten contended and substantiated
 his contention that until the
 people learn to apply the principles
 of the Lord Jesus Christ to their
 every-day dealings with their fellow-
 men there will be no permanent
 solution of the industrial problem.

Tomorrow afternoon Irving Bach-
 eller, noted author and winter resi-
 dent of Winter Park, will speak in
 Knowles Hall on the topic, "Some
 Problems of Main Street." Arthur
 Rankin, baritone, of Chicago, will
 sing. A large crowd is expected.

Dartmouth is a great team to dedi-
 cate stadiums. In 1903 Dartmouth
 beat Harvard 13-9 in the first game
 in the Harvard Stadium, and last
 Saturday, defeated the University of
 Washington at the new stadium in
 Seattle, 25-7. Dartmouth also
 played against Princeton in the first
 game in the Palmer Stadium, the
 Tigers winning 16-12. In 1916
 Dartmouth lost to Georgetown at
 the opening of the Harvard, Mass.
 stadium.

It is no longer possible to pick
 winners by comparative scores. Here
 is an example: Wesleyan beat Am-
 herst, 7-0; Williams beat Wesleyan,
 56-14; then Amherst defeated Wil-
 liams, 14-7. These games were
 played on successive Saturdays.

 News Detail Beauties and Advan-

Two of Florida's most recent addi-
 tions to the magazine world, the
 Florida Motorist and the Congrega-
 tional News, in their most recent
 numbers have given Rollins College
 very prominent write-ups.

In the January number of the
 Florida Motorist a section was given
 Winter Park under the head, "Win-
 ter Park—the Cultural Center of
 Florida." This article consisted of
 a word picture of the town, an out-
 line of the college, and a review of
 Dr. Ward's life as an educator. The
 entire issue was devoted to Orange
 county. On the cover was a most
 attractive cut of the picturesque
 canal between two Winter Park
 lakes, Virginia and Osceola. The
 only thing wrong with the picture
 was the fact that its title read, "Rus-
 tic, Mystic Beauty—Orlando." The
 Motorist is in its second year of
 publication and is printed in Orlando.
 It is the organ of the Florida Auto-
 mobile Association.

The January issue of the Congre-
 gational News contained two long
 articles on Rollins and Dr. Ward, as
 well as a news item of the success of
 the Y. W. bazaar, at which \$128 was
 raised for the West Tampa Mission.
 On the cover of the Congregational
 News appeared the cut of Dr. Ward
 which has so often been used in The
 Sandspur. Rev. George B. Waldron,
 a trustee of the college, is Business
 Manager and Editor of the publica-
 tion.

(Continued from page one)

are, celebrating its 29th anniversary. The closing event of this day will be the double-header basketball game in Leman Gymnasium, at which time the alumni will have ample opportunity to see the present college athletes in action.

February 12, Saturday, will be observed as Alumni Day. The forenoon will be taken over by the students for a tennis tournament and the alumni will hold their annual meeting at that time. At noon the annual luncheon in honor of the seniors will be given by the alumni. The annual regatta is planned for two o'clock on that afternoon. During the past few years regattas at Rollins have become an outstanding feature, but this one is expected to be the best yet held. Handsome silver prizes will be awarded the winners. The 27th anniversary dinner of The Sandspur will occur at six o'clock and it is expected that the list of after-dinner speakers will come up to that of last year, when Mr. Frank N. Doubleday of Doubleday, Page & Co. headed the list. With Dr. Ward as toastmaster, the success of the occasion is assured. The annual Junior Prom in compliment to the seniors will close the day's festivities.

Sunday, February 13, will be Founder's Day. Each church in town will as usual hold a special service at eleven o'clock, at which time its pastor is expected to make particular reference to the founding of college and town. The usual Lewis lecture in Knowles Hall will be enlarged to include the formal exercises commemorating the 29th anniversary of Winter Park and the 24th anniversary of Rollins College. President George Morgan Ward will deliver the address. At this time the honorary degree of Doctor of Science will be conferred on a prominent Rollins alumnus, Col. Morgan L. Brett of the United States Army, whose work during the great war is a matter of record.

Monday, February 14, is Trustee Day, on the morning of which the annual meeting of the Board of Trustees will take place. The meeting of this year is of particular importance, as it will mark the close of the present campaign for enlarged endowment and, if all loyal Rollins people put their shoulders to the wheel, it will mean the announcement of an additional half million dollars to the present endowment. During the chapel hour on this day the committee in charge of the regatta will present to the winners of the events the prizes offered. The early part of Monday evening will be given over to a concert by the famous Koellner Quartet of New York, whose coming to Florida has been arranged by Miss Dyer, Director of Music. After the concert President and Mrs. Ward will hold the annual President's Reception in Carnegie Hall and with Chancellor and Mrs. Brooks they will receive the many friends of the college in honor of the speakers of Found-

er's Week and of the seniors of the college.

Y. W. C. A.

On Tuesday evening of the eighteenth, a very delightful Y. W. C. A. meeting was held in Cloverleaf parlors. Miss Sewall, who is a returned missionary from China, told some of her varied and interesting experiences in mission work. It was a pleasant and instructive hour. During her stay in Winter Park Miss Sewall is the guest of Dr. and Mrs. Vincent.

Now Anna! Beware!
Said a careless young lady named Anna
As she stepped on an empty banana:
"What do you see, that you stare
so at me?"
And the bystander cried: "Hose-
Anna."

Aln't It the Truth
Stephens: "Why does a preacher
have an easier time than a doctor or
a lawyer?"
Smith: "Because it is easier to
preach than to practise."

Camouflage
Little sidelong glances,
Little winks so quaint,
Makes you think it's love
When it really ain't.
—Vanderbilt Hustler.

How Could She Be? ? ?
Mary doesn't rouge her lips,
Neither does she paint.
Is she a hit among the men?
You know darn well she ain't!

The Very Thing! You Bet!
We buy the merry Yuletide,
And if why you'd like to know,
We'd say 'twere not the paltry gifts,
But—O you mischief! —
—G. H. S. Camel.

A Chamole Shimmie!
Once a Lama and a Swami
Saw a Chamole do the shimmie;
'Twas a yama-yama Chamole,
And she shook a wicked shimmie.
'O, Lor' lumme!' said the Swami;
And the Lama said: "Oh, mama!"
Then the Swami and the Lama
Shouted: "Shimmie, Chamole, shim-
mie!"

Soon the gay and gany Chamole,
With her dreamy, "show-me" shim-
mie,
Got the nanny of the Swami,
And he shouted, "Oh, Lor' lumme,
I'm a runny, Lama, damme,
But that Chamole, oh, Maf Chamole,
Lor' forgive me, oh, you shimmie;
Show me, Chamole; shame me
Chamole;
Shimmie, Chamole, do! ? ?"

Not in Cloverleaf
Miss Edwards: "When you go over
to Cloverleaf will you bring my mail
back?"
Marion: "Where will I find him?"

Shave: "Did you ever hear of any-
one marking time with their hands?"
Private: "Yes, sir; clocks do it."

success."—Ex.

Intrepid Thing!

Women
A woman is queer, there's no doubt
about that,
She hates to be thin, and she hates
to be fat,
One minute it's laughter, the next
it's a cry,
You can't understand her, however
you try.
But there is one thing about her
which everyone knows—
A woman's not dressed till she pow-
ders her nose.
—Student Life.

Hard Labor for Life
Willie: "Pa, does bigamy mean
that a man has a wife too many?"
Pa: "No, my son, a man may have
a wife too many without being a
bigamist."

Can You Beat This?
"Today is Saturday, isn't it?"
"Yes."
"Good, we'll have Sunday all day
tomorrow."
Lotta: "What do you think of my
Leap Year car?"
Margaret: "Why do you call it
Leap Year?"
Lotta: "Because I proposed to
father that he buy it."

Miss Perry: "Edward, give the
principal parts of FIO."
Beth: "The, Pa, Ma, convulsion."

She gazed at me—I thought I would

When next we met one winter day,
My foolish fears were swept away,
For she smiled when she heard me

"Whither?"

Now summer's here, oh happy time—
Each day, I find, is more sublime
Than I have known before—'cause
I'm
With her!
