FOREWORD

To achieve a firm status in life is the motivating factor behind the many accomplishments of Bethune-Cookman College students during the academic year 1965-66. The combined contributions of the freshman, sophomore, junior and senior classes have helped to place Bethune-Cookman College in the spotlight of the nation. The efforts of the faculty and administration have affirmed the competence of B.C.C. as an educational leader among the institutions of the South. In all, '66' was a year of excellence and grandeur.

As the chronicles of time continue to reveal their mystifying pages, this year and its memories will gradually fade into oblivion and be buried under the urgency of a progressing way of life. Are our deeds so trivial that they are unworthy of phrenic immortality? Are we to stand aside and let time destroy the cherished memories of a way of life we love? No, for there is a group which diligently construct literary antidotes for time. Constantly striving to preserve each day as it happened are the dedicated members of the B-Cean Staff.

The B-Cean is all that happens between the entrance to learn and the departure to serve. Stored within these pages are all the yesterdays of '66'. The B-Cean staff gives to you yesterday today, so that you may have it for tomorrow.

Prof. Religion and Philosophy

DEDICATION

The 1966 B-Cean is respectfully dedicated to Dr. Arthur R. Charlesworth who is a native of South Fork, Pennsylvania. He received his former and part of his higher education in Pennsylvania. He obtained his B. A. degree from the University of Pittsburgh; his Bachelor of Divinity from Drew University; and earned his Doctor of Philosophy degree from the Theological School of Drew University.

He was appointed to the faculty of Bethune-Cookman College in 1963. In a little less than three years he has made his indelible mark on the minds and hearts of all who know him. He devotes himself to each day's task with courage, ability and optimism. He has served the College, in his short tenure, with dedication and distinction.

In appreciation for a man who has done his best in his work although the spotlight of praise and attention has rarely been focused on him, we the staff of the B-Cean, dedicate this 1966 publication to Dr. Arthur R. Charlesworth.

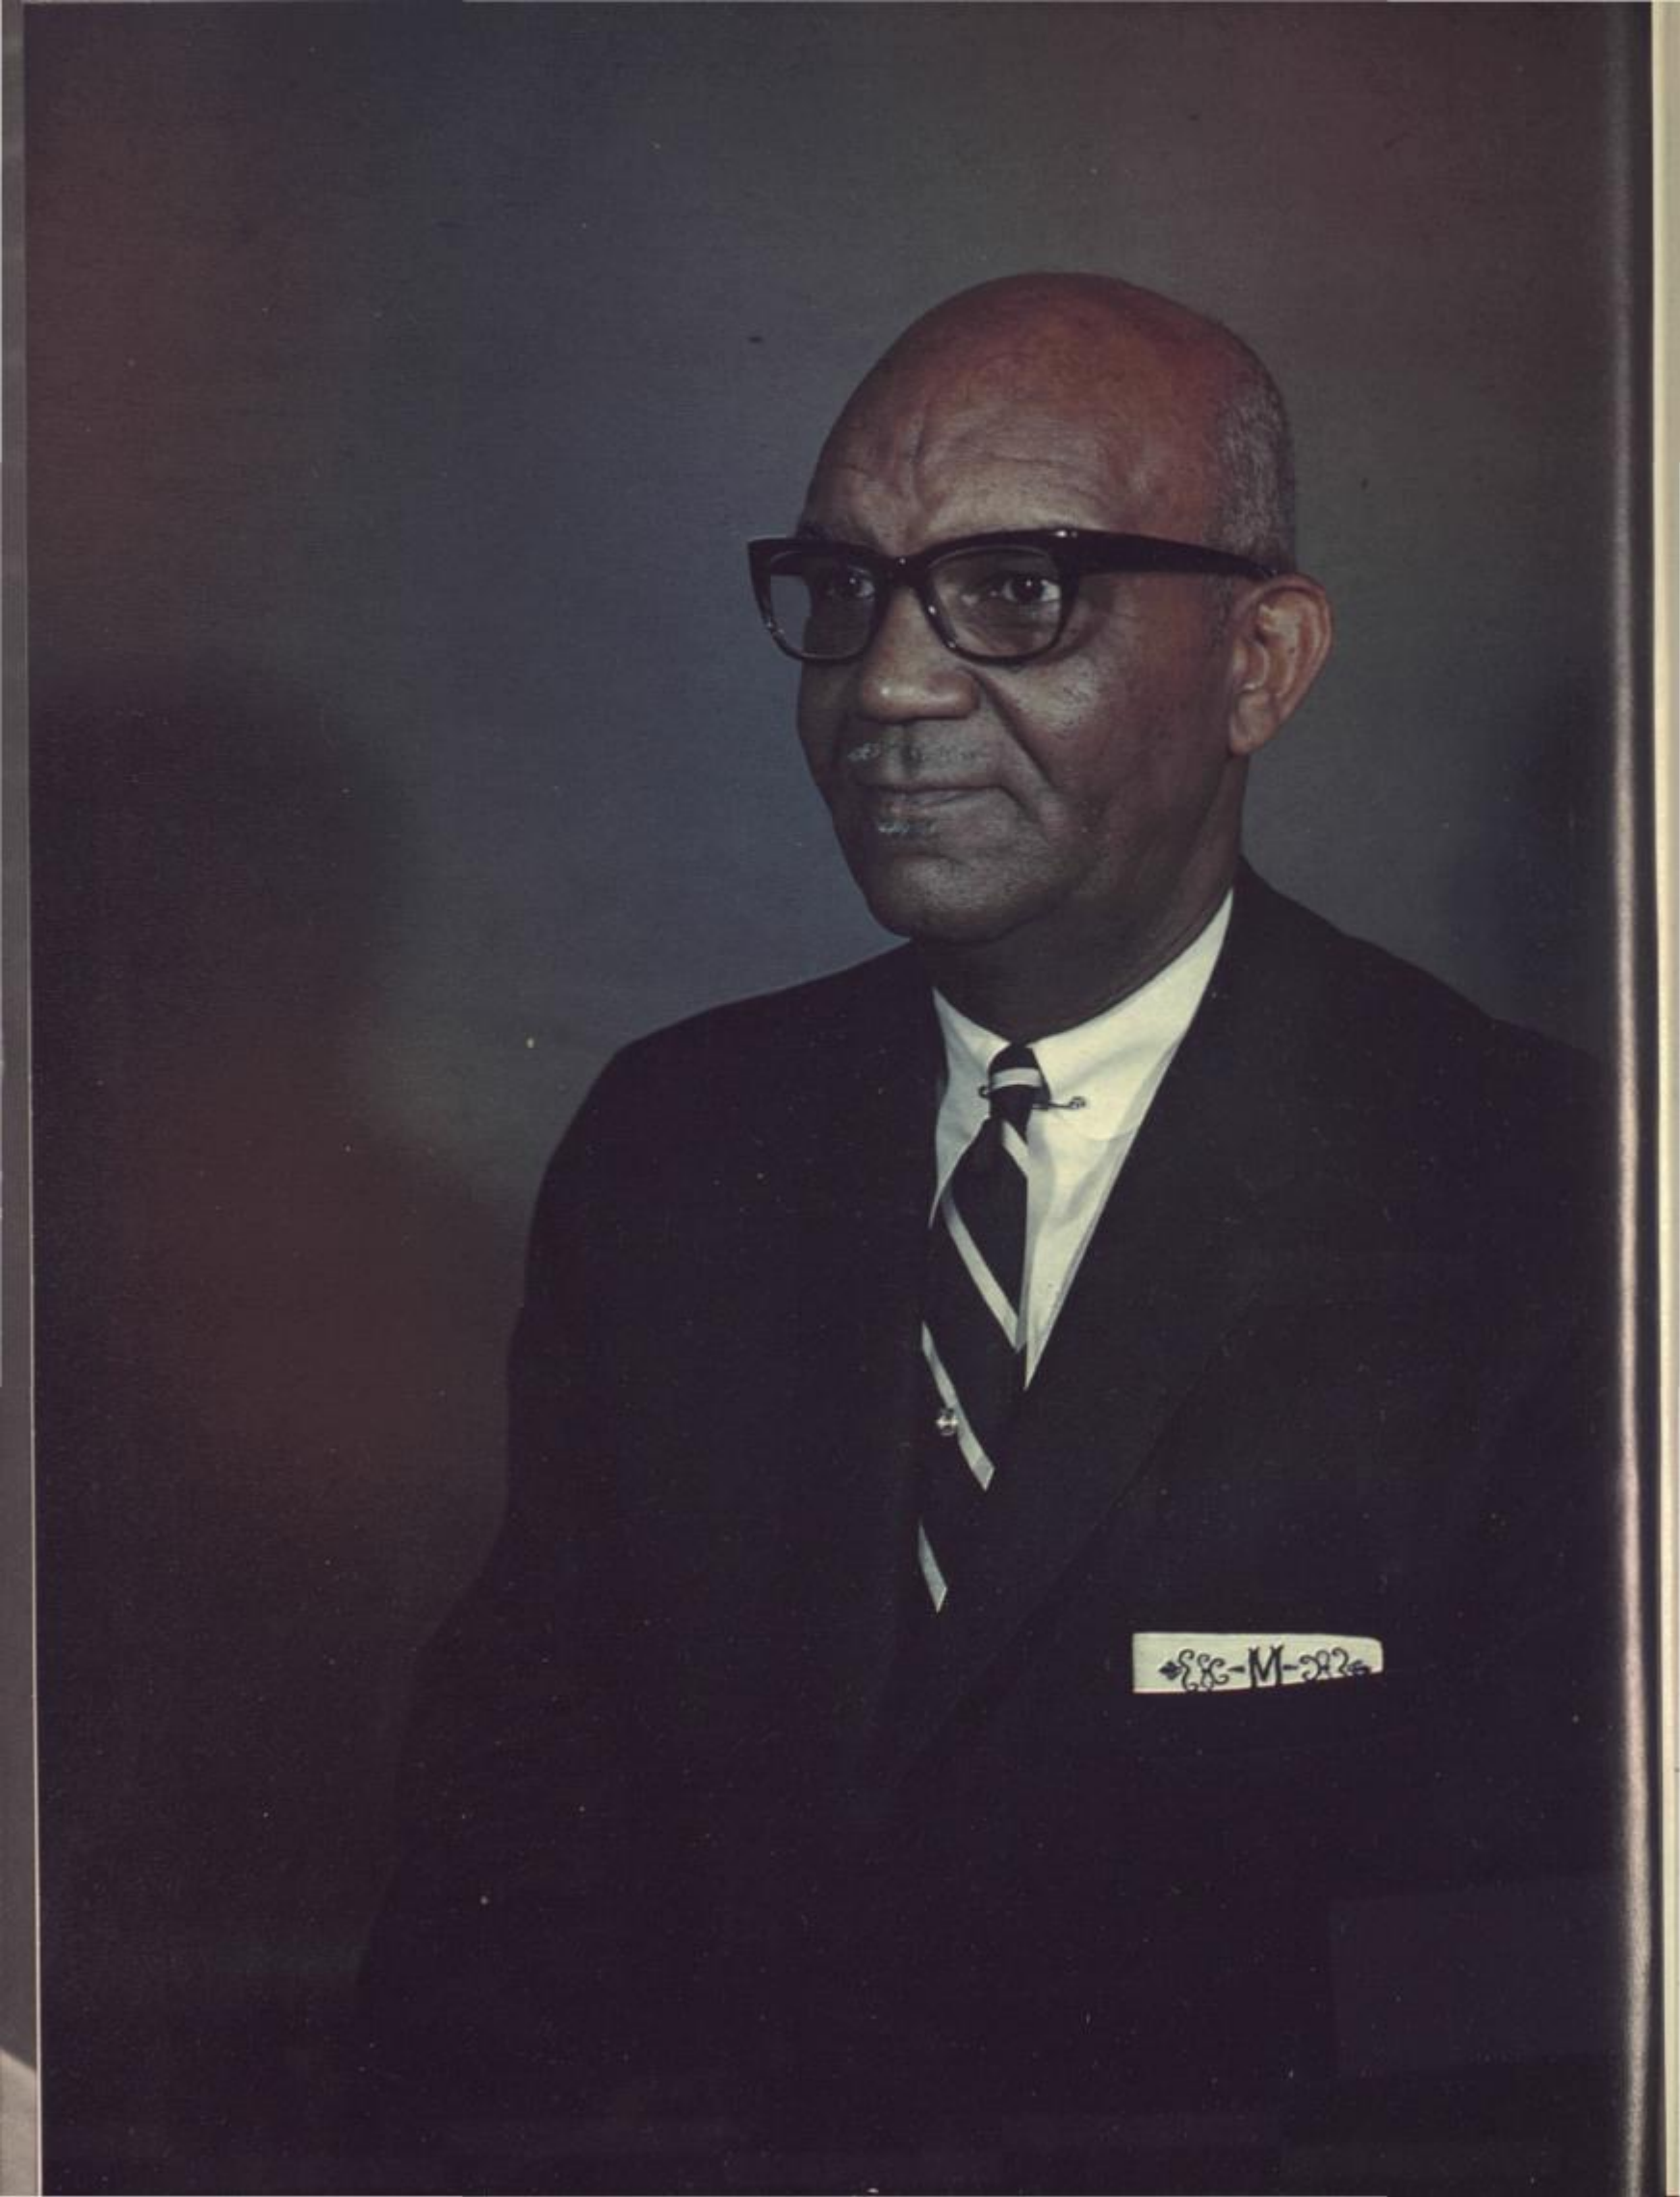

Founder - Mary McLeod Bethune

“...I leave you Love. I leave you Hope. I leave you the challenge of developing confidence in one another. I leave you a thirst for Education. I leave you a respect for the use of power. I leave you Faith. I leave you racial dignity. I leave you a desire to live harmoniously with your fellow men. I leave you finally, a responsibility to our young people.”

OFFICE OF THE PRESIDENT CONGRATULATIONS TO THE STAFF OF THE B-COM III

The arduous task of assembling and editing the College Annual, not without a sense of vision and purpose, is a tremendously significant responsibility. To express the spirit of a great College and to record the important events of the year, while not losing sight of the informal moments as important to student life, are even more the special ability of your creative endeavor. We deeply appreciate the genuine contribution this book makes to our institution in becoming a chronicle of college life for this important year in our history. Well done! Well done!

Every student who attended Bethune-Cookman College this year should be proud that it was his or her privilege to be a part of this institution during this, the most significant year in the history of one of the most outstanding educational enterprises in the world. May the unique spirit of this College, expressed from the time of her humble beginnings in this day of expansion and progress, serve always to guide you.

This issue of the College Annual serves to remind us, in written and permanent form, that Bethune-Cookman College will always be your College, and you will always be a part of the College Family. We are co-workers for greatness in history!

To the CLASS OF 1966, you have ENTERED TO LEARN; now DEPART TO SERVE. Be good will ambassadors for your Alma Mater.

Congratulations, not only upon the production of this volume, but upon the spirit in which, as Bethune-Cookman students, you have created your work.

Sincerely yours,
Richard V. Moore

Mr. James E. Huger

THE B-CEAN STAFF SALUTES MR. JAMES E. HUGER

At Bethune-Cookman College, we are also civic-minded. When our graduates depart to serve, they serve both in community and civic affairs.

An example of this service is demonstrated by one of our own, Mr. James E. Huger, who was recently elected City Commissioner of Daytona Beach, Florida.

Mr. Huger was educated in the following schools and universities:

1. Industrial High School, West Palm Beach, Florida.
2. Bethune-Cookman College, Daytona Beach, Florida.
3. West Virginia State College
4. University of Michigan, Ann Arbor, Michigan.

Mr. Huger's leadership ability became apparent very early in his life. A characteristic that was to remain with him until this present time. During college he was president of his class. While in service he was promoted until he reached the rank of sergeant major in the Marine Corps.

Those are just two examples of the stepping stone which brought him his present position.

A few of the many organizations of which he is a member are:

1. Life membership of Alpha Phi Alpha Fraternity
2. National Association for the Advancement of Colored People.
3. The Elks
4. American Teachers' Association
5. Daytona Beach Chamber of Commerce
6. Florida Committee of 100

At present Mr. Huger's leadership and service qualities are still very obvious. He is presently the Business Manager of Bethune-Cookman College.

THE DIVISION OF EDUCATION

DR. EVELYN SHARP
Acting Chairman
Division of Education

The Division of Education serves as an area of teacher education for the college preparing teachers for service in Elementary, Junior High School and Senior High School systems. In addition to the professional courses, there are special offerings in Educational Psychology and Guidance, Testing, Special Education and Audio-Visual materials. The division coordinates college-wide services in Testing, Audio-Visual instructional assistance and research.

Through the Division of Education a student may pursue work toward a major in Elementary Education and Physical Education leading to the degree of Bachelor of Science in each of the respective areas. In the Physical Education area, the degree may be granted in Physical Education services or Health Education with or without internship.

DIVISION OF SCIENCE AND MATHEMATICS

The objectives of the Division of Natural Sciences and Mathematics

1. To provide specialized training for students who are interested in teaching biology, chemistry, mathematics, and the broad field of science.
2. To prepare students for entrance into the studies of medicine, dentistry, pharmacy and engineering.
3. To meet the needs of students planning to pursue advanced study in the specialized areas of biology, chemistry, laboratory technology, and mathematics.
4. To offer those science courses which are considered a part of the General Education Program.

The Division of Natural Sciences and Mathematics offers courses leading to the Bachelor of Science degree in Biology, Chemistry, Mathematics, and Engineering (in cooperation with Tuskegee Institute).

THE DIVISION OF SOCIAL SCIENCE

Dr. Cabotaje's effectiveness displays these traits.

The objectives of the Division of Social Science are:

- (1) To give the student an understanding of his social environment and of its influence upon the individual.
- (2) To develop his body and cultivate habits of healthful living for himself and his community.
- (3) To help him acquire the skills and the knowledge essential to the everyday experiences of the business world.

The Division of Social Science offers work in two areas of study: Commerce and Social Science. Students majoring in Commerce receive the Bachelor of Science degree. The area of Social Science offers a major in History and Sociology, leading to the degree of Bachelor of Arts, and also offers minors in History and Sociology.

Dedication, concentration and determination are among the essential qualities of an industrious leader.

Beauties

The title of Miss B.C.C. is one of the foremost if not the highest honor a young woman can receive at Bethune-Cookman College. Miss B.C.C. is chosen from the Senior Class and reigns for one year. She is the official student hostess and works very closely with the President of the Student Body in projecting the true image of our beloved institution. She symbolizes all the qualities a coed at Bethune-Cookman College should possess: intellect, the desire to excel, a profound religious and moral awareness, grace and beauty, and a deep sense of appreciation for the cultural and aesthetical.

Miss Bethune-Cookman College for the term 1965-66 is Miss Sheila Diann Lewis, whose home is Port St. Joe, Florida. Sheila is a Business Administration major and is active in many organizations. She is a member of Delta Sigma Theta Sorority, Inc., Pi Omega Pi National Honorary Society, Tra-Co-Dram, Y.W.C.A., Women's Senate, and Who's Who. Sheila has also made the Dean's List proving that brains can accompany beauty.

"A thing of beauty is a joy forever."

Congratulations Miss Sheila Lewis, Miss B.C.C.

Who's Who

National recognition based on scholarship, leadership, co-operation in educational and extra-curricular activities, general citizenship and promise for future usefulness is awarded each student nominated for Who's Who Among Students in American Universities and Colleges.

Selected by the faculty, these students have shown outstanding achievement in academic and leadership endeavors.

No doubt, this is one of the finest honors a college student can achieve. On the following pages you will see the pictures of fourteen students who have received such an honor. This year, the staff feels it unnecessary to write a brief biography on each one of these students. For who can justly write about another's personality?

By looking at the pictures of these individuals, one can better know the personalities of these students by recalling his own acquaintance with each one.

The Student Government Association was established at Bethune-Cookman College because of one of the basic tenets of American Democracy, and we here at Bethune-Cookman College strongly believe in the Democratic Process.

The Student Government Association is the Governing body in all matters pertaining to the common interest of students with limitations as stated in its constitution.

The general purposes of the Student Government Association as established in its constitution are "to develop a spirit of cooperation in the growth of the institution, to encourage student initiative, to afford development through self-expression, self-control and leadership, and to create an intermediary between the administration and students in matters of general welfare."

Through the years the fundamental need for student participation and expression in the college phase of their lives, which will affect directly or indirectly the later status of their lives has manifested itself in the concrete achievements and leadership of past S. G. A. presidents. This year is no exception and the B - CEAN Staff saluted Mr. Earle Patrick for his leadership and sincere efforts in promoting the welfare of the institution and interests of the student body.

THE CAMPUS GUARDS

Richard Washington, Delma Reese, John Maddox, Melvin Springs, and Beaman Kendall, Captain.

The Campus Guards, a newly organized military unit at Bethune-Cookman College is now one of the most active and vitally important elements in the college program. The Guards were founded by Dr. Richard V. Moore, president of the college in 1965. It is now a fifteen man unit, military trained and disciplined..

The duties of these volunteer cadets are to direct traffic for special events, to serve as escorts for the college president and the first lady during special ceremonies, to serve as escorts for campus queens, to participate in parades as a drill unit, to be called as a rescue unit in the event of an emergency, and to assist in police action.

Cecil Williams, Robert Biggers, Robert Curry, and Douglass Lawson.

These students do not receive any academic or military credit. In fact, they purchase their own uniforms rifles and accessories. Their training consists of strategy meetings, drill sessions, judo and karate. The instructors in the judo and karate classes are Beamon Kendall, purple belt; and Thomas Lee, green belt. A recent addition to the judo staff is Alphonso Harris, who earned the black belt with the Tokyo Police Department, Tokyo, Japan.

The Wildcats started the season off in sort of a "see-saw" fashion by losing four games out of eleven. Then with three big wins in succession over Florida Memorial, Clark College, and South Carolina State, they seemed to regain the form that won the SIAC Visitation Championship last year. The Wildcats, 14-4 for the season, have only four games left and are looking ahead to the SIAC Tournament to be held at Tuskegee, Alabama, February 23, 25, and 26.*

The big gun for the Wildcat five has been Johnny Allen, a 6'8" freshman forward, who to date has dumped in 530 points for an impressive 29.8 point per game average.

Other Wildcats shooting frequently in the double figures this season are: Carl Fuller, a 6'9" junior forward, William Lavan, a 6'5" junior forward, and team Captain, Malcolm Henderson, a 6'4" senior guard.

*Only 18 games had been played when the Year-book went to press.

Editor-In-Chief

The term is over, the classroom doors are locked, a phase of our college life is ended. But its memories will ever be a part of us, and will, more or less, influence our lives.

The staff of the B-Cean has tried to capture the essence of the 1965-66 term in this volume. We realize that the seemingly humdrum events are an integral part of college life, and have a direct influence over the nature of our attitudes and our outlook on the experience of college living. We have found, however, that because our space has been limited, it has been more feasible to present, for the most part, only the more eminent events. It is our sincere hope that we have been skilled at picking those events closest to the minds and hearts of The B.C.C. family. And have presented them in their context and mood.

As editor-in-chief I would like to commend the staff for their untiring and devout service. I would be remiss in my obligations if I did not acknowledge the ardent and steadfast support and leadership of our adviser, Mr. Ronald Taylor, the photographic help of Mr. Theodore Johnson, the technical advice of Mr. Camp, and the cooperation of the entire college family.

Though nothing can bring back the hour of splendor in the grass, of glory in the flower,

We grieve not, rather find, strength in what remains behind.
