STAGE IS SET FOR THE GREAT STATE WATER MEET

ROLLINS TAKES TWO MORE FROM THE HATTERS

STATE CHAMPIONSHIP LOOMS NEAR. ARRAÑTS TAKES 1ST 7-1, TAYLOR 2ND 8-1

Closes Series of Games With the Stetson Nine

Rollins won two more games from its ancient and honorable enemy, Stetson, at DeLand, to the tune of 7 to 1 and 8 to 1. The first game was won in two innings, namely the fourth and fifth. Hits by King, Taylor and Story and sacrifices by Leslie, Wright and Roberts did the dirty work in the fourth. In the fifth inning Ward and Taylor scored on a three-bagger by "Tom" Leslie who in turn was knocked in by Wright. Previous to this "Cheese" Arrants came across with a two base clout and scored on Ward's bluff and an error by Lambert.

One of the most noticeable points about this game was the grand crowd of Rollins rooters. It seemed as though the entire student body was there and their yelling completely shut out any noise that was attempted on the part of the few Stetson supporters. A few words might be appropriate here on this vital question of student support. The Rollins team believes that the gang of rooters which came up to DeLand to the games won over half the series. There is no doubt about it, it is the truth. It is also a known fact that the Stetson team knows that their student body gives them poor support and several of them remarked to the Rollins players that with support of the kind shown by the Rollins students a team is bound to win. TEAMS REPRESENTING FOURTEEN SCHOOLS ARE ON THE LINE READY TO ENTER FIGHT FOR THE HONORS

WEST PALM BEACH BOYS AND ST. PETE GIRLS TO MAKE STRONG ATTEMPT TO HOLD CUPS

Visitors to Be Entertained By College and Town

Of all the entries, the most formidable teams seem to be West Palm Beach, St. Petersburg, Hillsborough, George Washington and Duval. However, as is always the way in big meets of this kind, it is hard to foretell what will happen in the way of dark horses. Various rumors of strong teams from other schools than those mentioned have reached the campus and the final result of the meet is impossible to foretell. For the men's cup, West Palm Beach is going to make a mighty effort to hold the trophy which they won so decisively last year. Eddy Roddy of the victorious team of last year will be back again and will do a great deal to give West Palm Beach the second leg on the cup. The other schools will have to move at very rapid gait to take that cup from the West Palm Beach crew.

St. Petersburg Strong

For the girls, St. Petersburg is coming back strong and they also hope to carry back to the Sunshine City their cup which they now hold. Bertha Phell is the best entry from that city. Miss Phell entered the meet last year and carried off individual honors by taking three first, one in every event in which she entered. St. Pete also sends back Marion Buhner, who took two firsts last year. Miss Buhner won the plunger for distance, making a distance of 52 feet, 10 feet farther than the record established by the boys. In order to defeat this team from St. Petersburg it will be necessary for

DANCE FOR WATER MEET CONTESTANTS

Rollins Club of Winter Park to Give Elaborate Ball at Woman's Club as a Thrilling Climax to Water Meet

All contestants, their chaperones, the officials, high school visitors, and the entire college student body is herein invited to a dance at the new Woman's Club, Saturday evening, after the Water Meet dinner. According to the schedule the dance should start at nine but will be governed by the dinner, and will start immediately after this affair is finished.

Mrs. Temple, chairman of the dance, was very mysterious when interviewed. All the reported could find out was a few hints on the possible decorative scheme and even on this has pledged his word to keep quiet. Winter Park knows that Mrs. Temple has had a lot of experience in this line and something original and pleasant will be in store for the guests.

The support of the college students is needed to make this the best dance of the year. Keep this in mind. The high school people are college guests. They come first and the college students no doubt know this, but knowing and doing a thing is entirely different. Take care of these visitors, introduce them around. Make them feel at home here, and they will leave Rollins with a desire to come again. If the college students stay apart

MAY-DAY FESTIVAL MONDAY NIGHT ON CAMPUS

THIS EVENT WILL RIVAL "A MID SUMMER NIGHTS DREAM" IN BEAUTY

One of the Features Will Be the Fortune-Telling By Miss Alexavitch From Serbia

Probably the most brilliant event of the pre-Commencement season will be the annual May Day Festival which is to be held next Monday evening at 8 o'clock on the campus just north of Cloverleaf. This event from long-established custom is under the auspices of the Young Women's Christian Association of the college, and while presenting to the

KATHERINE BARNES, '23, TO BE QUEEN OF MAY

Lee Wilkerson and Ruth Waldron Will Be Attendants

The precedent established last year of electing the May Queen from the Junior class was waived this year because of the small number of girls in this class and the girls of the three upper college classes were granted eligibility for election to this position or honor.

Election was made by the school at large and Miss Katherine Barnes of the class of '23 was chosen by a good majority. Misses Lee Wilkerson and Ruth Waldron, receiving next highest number of votes to the queen, will act as her attendants. Miss Winifred Stone, retiring queen, will crown the new queen.

Established in 1894 with the following editorial:

"Unassuming yet mighty, sharp and pointed, well-rounded yet many-sided, assiduously tenacious, yet as gritty and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

THE GLAD HAND FOR THE SWIMMERS

Well, High School swimmers, we are glad to have you with us, and hope your visit will be a most enjoyable one. The good folks of the town are in league with the college to make you happy while in Winter Park, and if you do not have a swell time it is not because we have not cracked a rib trying to bring these conditions about. As the English put it, the boys of the town and college are yours. Of course, you will not need them, for we use no locks here; everybody is so honest. Make yourselves at home; take possession of the place. If you see any of the Rollins students who have a "don't-care-a-rip" look, just pop 'em in the eye, for they are bum specimens.

AMBITION AND DISCONTENT

Despite the tremendous impetus that modern life has given to the production of things to satisfy human needs and desires, I doubt whether there is much more antiferrous or less discontent among the people of today than there was in the Stone Age.

Today—in the midst of luxuriance and abundance, beyond the wildest fancy of primitive man, there is still "want"—perhaps more "want" than was ever in the world before. When our cave-man father cured firth and returned with a slain leopard, there were doubtless bitter heart-burnings among the members of the family as to which of them should be decorated with the skin. When the father of today comes home after a "killing" on the stock exchange, there is likely to be a similar but more polite row as to who shall be given a trip to Europe, season tickets to the opera, dinners at the Ritz, or a cluster of diamonds set in platinum.

The trouble with the world seems to be that no matter what the possibilities of production are, they are always outrun by our desires. It begins to look as though we are doomed to permanent discontent. Possibly this doom is for our own good and is Nature's way of keeping us hustling. Doubtless it is good for us to yearn for more things than mere food, shelter and clothing, for if there were nothing in the world but these, we humans would not have much on the bears and wild pigs; and the thing we call civilization would never have happened.

There is, however, a difference between ambition and discontent. The former enjoys what it has and puts up a good fight to get other things, while discontent forgets what it has and whines over the things it can't get. The fellow who sets out to live on porterhouse steak with a pork and beans salary is due for some hard bumps. The sensible thing to do is to find out the things you think you can get, then pick out from these the things you most want and set about "getting them first." When nations adopt this policy, it is called political economy; when individuals adopt it, it is called thrift, and is simply a system based on the principle of a square deal by which all of us try to get what we are entitled to and no more. Robbers, swindlers and profiteers seldom conserve their ill-gotten gains. Surely, there is no pleasure in this kind of possession.

So, "dig" for what you want. Remember it is better to begin with

To The Visitors Within Our Gates

A hearty welcome to all our guests. You come to us from all over this, our beloved state; from St. Petersburg to Jacksonville. While you cannot all be victors in these various contests in which you are to compete it is the hope of Rollins College that you will return to your homes with the memory of a genuinely good time, in which you have been treated fairly and justly in your contests and hospitably in your entertainment; that you will return, convinced in your hearts as well as in your minds that Rollins College and Winter Park are glad to have you here and sorry to let you go.

Again a hearty welcome! While you are here all that we have and everything at our command is yours.

COLLEGE APPRECIATES

EFFORTS OF GOVERN-

ING COMMITTEE

Rollins College appreciates the interest the members of the Governing Committee of the State Aquatic Meet have taken in the program of April 30. The medals that are being offered; the bringing to the campus of the Klamathco band; the wide publicity that is being given the meet by the placards contributed through the influence of one of the members and the willingness on the part of each member of the committee to make this meet most successful. This committee is composed of Franklin O. King, H. W. Caldwell, D. K. Dickinson, Henry Kart, and Roy P. Symes.

PHI ALPHA FOAM

Sick

We are glad to state that A. J. Hanna is out of bed since his recent illness.

Champs

Alumnus Brothers Clarence and Harold Tilden of Winter Park met Active Brothers Palmer, Warner and Stone in tennis Tuesday afternoon. Brothers Tilden are still the champs.

Home

Only two members of the house were unable to stay through the week-end at this wild and woolly school. These hungry roughnecks were Red Palmer and Kid Seelye.

Eats

Who was it started a rumor about a Phi Alpha luncheon in Orlando? We will let you know when and what we find out.

Swim

Sam Story and Bro. Fred Ward sported some bathing suits in Daytona, Sunday. We are sorry to say that it didn't improve their ball playing any on Monday.

Alumni

Alumnus Brother Dave Rogers of

Orlando was recently elected Vice-President of the Florida State Golf Association.

Motion for adjournment is now in order.

K. E. KICKS

Dixie Hill has been detained at home for a few days on account of the illness of her parents.

Helen Everhard received some "Krum Pies" from Wadsworth, Monday, and they formed the main bill of fare at a spread given in her room Monday night. Did them "Krum Pies" go good with coffee? We'll say they did.

Lee didn't have to walk to Stetson last week, even if Red's car did break down.

The old K. E. Lion objects to the hot weather and the six weeks more of school, and he is becoming restless in his cage.

We are all glad to have Helen McTay with us again.

STAGE SET FOR STATE WATER MEET

(Continued from page one)
some record smashing to take place, but the other teams say they are going to do it.

Cups and Medals to Be Given

The cups given are for the schools having the highest number of points as a team. The team winning the cup holds it for one year only. Further rewards will be made in the form of medals for those winning places in the various events.

Fourteen High Schools Entered

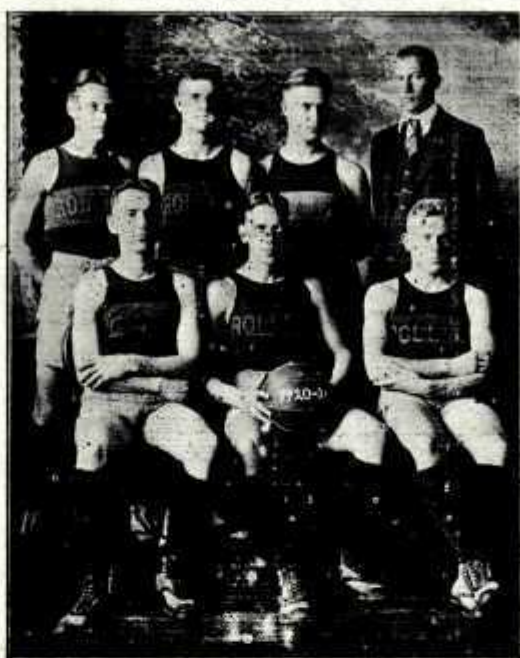

The Sandspur is especially fortunate in having the opportunity of endorsing through its columns the State Aquatics Meet which will be held here on Saturday, April 20. This meet is the second annual meet held under the auspices of the college, the purpose being to give the students of the high schools throughout Florida a chance to become familiar with one of the colleges of their own state, and to give the high schools a chance to compete with each other on a larger scale than is possible at any other time. Last year 16 schools entered, some entered two teams, and some but one. This year there are 14 schools entered, practically all of which expect to enter two teams. The most interesting of the new schools to come in is Duval of Jacksonville. Duval is the largest high school in the state and their coming means greatly added interest, for they will be sure to bring a strong team.

New Events Added

In the program for the meet for this year, it has been thought best to widen the scope of activities and a few new events have been added. The greatest change in the program is the addition of several exhibition races on the part of the Rollins students. There will be an inter-fraternity war canoe race, war canoe races between the college and academy women, and war canoe race between the crews of the college men and college women, canoe doubles for men and for women, mixed doubles, tiffing, and one sailing race. Great interest in the race between the men and women in the war canoes is being taken, for the men declare that they will have revenge for the defeat given them by the women at Tampa.

Lots of Entertainment

Entertainment for the high school students has been provided for the entire time of their stay here at Rollins. Friday night comes the Inter-Fraternal Debate between Mercer and Rollins on the subject, "Resolved That Immigration Be Prohibited for Five Years." The guests of the school are cordially invited to attend this debate. There will be a concert combined with the debate. Saturday noon the Rollins Club has arranged for a luncheon to be given the contestants at the high school. Immediately following the Water Meet Saturday the college will give a banquet for the victors in the college commons. At this time the rewards will be made by Dr. Ward. The final event of the week-end will be the dance given by the Rollins Club at the Woman's Club building Saturday night.

BIG DINNER FOR CONTESTANTS

College Commons To Be the Scene of the Affair—Dr. Ward To Present Medals To the Winners

Saturday evening immediately after the water meet, the college dining hall will be the scene of a gathering of happy, hungry, blushing high school students.

Dr. Ward will make some of the victors blush still more when he hands out the cups, medals, etc., with the best wishes of the college.

Sad to relate there will in all probability be far less room than is needed, for the contestants, judges, officials, etc., will take up the entire

hall, but arrangements will be made for the college students in order that no one will go hungry. All regular "Benneryites" know that the can trust Mrs. Graves to take care of them in this emergency.

All contestants remember this date. Saturday after the meet. The time will be 5:00 o'clock and the place the college commons. Bring your appetite and your best smile. You'll need them both.

Another thing to be remembered. After this dinner there will be a dance at the Woman's Club, two blocks from the college on Independence Avenue.

KIDNAPERS HAND TO PLAY AT MEET SATURDAY

Saturday, WPI Splash to the Tune of "The Siren"—Two Concerts to Be Given—Special Water

Music—Hail, Hail, the Gang's All Here, Etc.

The students have been compelled with the Kidnapers band and it has been announced that two concerts will be given Saturday. One in the morning and one in the afternoon. It is not known, at the time of this writing, just where they will play but it is certain that they will be stationed at the most appropriate places on the campus.

Late risers should leave their windows open and they can in this way use the band as their alarm clock. Of course this former sentence does not

IS COACH BREWSTER SUPERSTITIOUS

Read the Following Article Written By a Member of the Baseball Crew

Some people are very superstitious. Others are immune. Our coach belongs to the former.

He has an old jersey that he wears under his baseball shirt and he says that without it he is lost. Another one of his superstitions falls along a different line. He must always sit in Mr. Ward's left during the game. He wears his socks a certain way, no matter what he is doing, according to him. He doesn't believe in demonstrations of any kind until the game is over. No seats for him.

For every player, or otherwise, mention that as Rollins has a big lead the game is already won, and coach will crawl on that person's neck "toute suite." He will say, "Remember the first Southern game; we had them 10 to 3 to the ninth and they slipped seven five runs with two out."

He won't let "Brewery" Taylor

W. R. BREWSTER

which unless he wears white socks and puts his pants half way down his leg. Etc., etc., etc.

Nothing is impossible now. If you see the coach rolling the "hoose," knocking wood, or holding his left ear, during or before the game, remember that he is heart and soul in his game and must be excused.

And last but not least, never call him Fred on the field. He is Coach here and Prof. in the class room. Remember this and he'll be your friend.

Mention the evils of late sleeping but if students must lie in bed it will be a good thing to take advantage of this music. Nobody can listen to good music and be grouchy. Therefore it is expected that all humans on the campus Saturday, will be cheerful, congenial, and full of "pep." It will be a big day and as it comes but once a year it must be the best ever.

GET SET FOR MAY SIXTH

Phi Alpha Has an Eye on Your Old Waller

All you Cloverleaf Bandits and Lakeside Hostlers make a rush to get a date for Friday evening, May 6. What's going to happen? Can't tell you yet. Keep a glimmer out for the posters and other announcements. This is a tip! There is going to be bonanza fun, and the price won't break you, either. Pretty good combination, what do you say? The stunt is going to happen in Knowles. Be sure to come early and get all the back seats and dark gallery corners before the Prof. bust you to 'em. Girls are advised to come with their hair down their backs. Prof. Zorbaugh has already penned one "Is-moment" in The Sandspur because sandy hairpins and scattered hair-nets were found on the floor in Knowles after some of the Delphic meetings, and we don't want to cause this woman-hater to be given further excuse for taking up much-needed space in the student publication.

Oh, phunks! You might as well know what it's all about. Here goes the cut. Professor James Madison Chapman, of the University of Florida Expression Department, is to give one of the rumpiest little entertainments of the season on Friday evening, May 6, at Rollins, and the various proceeds from the show will go into the Phi Alpha house-building fund.

Just to show you that Prof. Chapman is not a platform mislamb, as sample of his testimonials are quoted:

From the late Col. R. P. Pinckley, for years a celebrated lecturer: "I take great pleasure in commending Prof. James M. Chapman as a reader whom I have never heard excelled. I have listened to him five times in the same hall in Cincinnati, and his audience increased with each reading, until his fifth was a veritable crush. Any one of his selections is worth the price of admission."

"Undoubtedly one of the best entertainers in the country."—Reporter-Star, Orlando, Fla.

"Prof. Chapman's readings before the Monday Club of the Boston University was probably one of the best that has ever been given at the college."—Boston Herald.

LUNCH TO BE GIVEN IN HONOR OF WATER MEET CONTESTANTS

Saturday noon, April 20, a luncheon will be given in the school house for the contestants of the High School Water Meet. This has been arranged by the kindness of the town people in order that the swimmers may be able to have the proper food in order to be in the best possible condition for the meet.

A Rebuttal

A certain tall and handsome youth
Of manner, most polite,
To Delphic, with his body-lair,
Went forth on Wednesday night.

The last back seats they hitfully took,
And settled down with ease.

The program held no joys for them—
Each other they would please.

And so, throughout the meeting fine
They held their cousin matches,
And barely got to Cloverleaf
Before the last light flashes.

Next morn hairpins were scattered far
On Chapel floor. "Enough!"

Cried hero bold—"They must cut out
This puppy loving stuff."

And straightway stalked he to his den

And pinned a wrath note
To Sandspur Staff—yet never that

He was in the selfsame boat.

The moral to this little tale
Written in moral tones,

Is this: That glass-house tenants
Should never "throw" the stones.

THE START In One of the Founder's Week Races

**SNOW BIRD FLIES OFF WITH
PENNAANT—CAPT. BROOKS
VICTOR**

Saturday afternoon the weekly race for the Blue and Gold Canoe Pennant was "pulled off." Captain Robert Brooks sailing the "Snow Bird," Capt. Paul Potter the "Tortoise," and Capt. Blair with his famous "Jack-Rabbit" were the contestants.

After a fair start Capt. Blair led to the second buoy, then Capt. Potter slipped by and led; Capt. Brooks also passed Capt. Blair.

Instead of going around the course early on a, the race was a close one. There was a close race for first place, all the way around between Brooks and Potter but Potter managed to keep the lead until about fifty feet from the finish line, when he became becalmed. The "Snow-Bird," however, had way enough to bring her in and she now proudly displays the pennant. Congratulations to her.

Capt. Blair sailed as runner around all the way around.

MEET CONTENTANTS**

From these contestants the high school people will think Rollins has a bunch of "snobs" and they will never want to come here to college. Rollins has a few student body and on the actions of this body these high school students are going to base their opinions. Will these opinions be good or bad? It is up to Rollins.

Something might be added here which will be of interest to the male members of the college. This dance is free, in fact, everything is free, eat, music, women (if you can get one), etc.

EVERY STUDENT IS A HOST THIS WEEK. THE WATER MEET CONTENTANTS WILL REMEMBER ROLLINS BY THE WAY WE TREAT THEM. TAKE THEM AMONG YOURSELVES. THEY ARE YOUR GUESTS AND OUR TIME SHOULD BE THEIRS.

school and ruble a worth-while entertainment it at the same time provides a means whereby the girls are helped in procuring money to send their delegates to the annual student V. W. C. A. conference at Blue Ridge, N. C., in June.

At this time the May Queen, Katherine Barnes, of the class of '23, will be crowned with all the ceremonies appropriate in the occasion. Fairies and nymphs, a troupe of those of here sprightly creatures from "shadow Land," will hold high carnival at this happy time and lend a note of joyous revelry to the occasion.

A procession of students, carrying lighted tapers of many colors and forming an aisle down which the queen and her attendants will pass, is a feature of the charming program now being planned. Solo dancing will precede the traditional waltzing of the May Poets by many dancing girls in costumes.

As formerly, a gate tax of twenty-five cents will be charged each person in attendance, except faculty and students, who are admitted free. A variety of refreshments, home-made sodas, ice cream, peanuts and popcorn will be dispensed from a booth decorated both by various girls under the direction of Madeline Tresson, Corbin and Brooks.

There will also be a grape test, where the spell of the divination will come and where you may learn about the future for a very small fee from Miss Alexi-vich of Russia, renowned "matemacher" at the college campus.

The festival is being given wide publicity in Orlando and other nearby towns, and a large crowd is expected.

AFTER SOUTHERN! THE TEAM NEEDS THE ENTIRE SUPPORT OF THE STUDENT BODY! GIVE THEM THIS SUPPORT.

ROLLINS WINS FROM OCALA 4-3

Loses Second Game 8-4—Story and Ward Star for Rollins—Clements for Ocala

Rollins came from behind last Wednesday, tied the count in the ninth, and won in the eleventh, 4-3.

The game was featured by errors on both sides and poor umpiring by King, an old time Texas league man. King was fairly good on balls and strikes but it was hard for him to umpire the bases in addition to this.

Ocala shoved across two runs in the third on a hit by Jackson and a couple of errors by Rollins. Story poked out a three-bagger in the fourth and scored on a neat single by Arranta. The score remained 2 to 1 until the ninth when Wright got on the bags and Taylor helped him around with a clean hit.

The tenth inning was a hair-raiser. Ocala filled the bases but "Brewery" Taylor showed that he had the stuff and he caught one man on a grounder and struck out the next two men. Story gained a hit in Rollins' half but the fellows were unable to advance him.

The dirty work came in the eleventh. Dad Wilson went to first on an error through shortstop. Wright got to first on a Seider's choice. Fromme got a hit and advanced Wright. Freddie Ward slammed out a two-bagger and Fromme and Wright gulped across the pan for the winning runs.

Liddon got to first for Ocala and Clements chased him home with a three-bagger. Taylor took care of the next two men and the game was over.

Score by innings: R H E
Ocala—

Rollins—

Batteries: Rollins—Taylor and Story; Ocala—Liddon and Leaven-good.

The Second Game

Clements at the bat and Eldridge in the box proved a little too much for Rollins in the second game of the series. In the ninth Eldridge blew up and allowed two runs to come across before he pulled himself together.

The game was close until the sixth,

when hits by Dinkens, Gale, Liddell and Clements put over three runs.

In the ninth Leslie and Wright brought in two runs, which left the final score 8-4.

In the first game Ocala pitched Liddon, one of the University of Florida's star pitchers, but the Rollins nine showed him that they could hit. Eldridge, who pitched this game, is from Lakeland of the Florida State League.

BASE BALL DOPE

St. Augustine this Thursday and Friday. Did you see what this St. Augustine crew did to Stetson the first game? 12 to 0 and not a Stetson man reached first base. Some defeat for the Hatters.

Parker of Stetson batted 1,000 in the last game against Rollins. Three singles and a walk. Lucky berry, we'll say.

Ocala surely treated the fellows good from all reports. Big outs and the best hotel. They have a real bunch at Ocala.

Story is now leading the batting list. We'll have both batting and fielding averages next week.

Ray Greene mentioned that it

is no possibility of arranging a game with Cuba, or rather with the U. of Havana. Great stuff, Mr. Greene, keep after them!

Old "Dewey" Taylor sure won his own game against Ocala when he cut out that single in the ninth against Bob Wright. Rollins always seems to grab a run or two in the ninth. Knock wood! Let's hope they keep it up.

Fromme also produced the goods in the eleventh when he obtained a team hit and made second. Wright went to third. Freddie Ward took it to heart and really clouted out a two-bagger, and Wright and Fromme came home. Ocala managed to score one more on a three-bagger by Clements, but Luffman led to Ward and the game was over. Rollins 4, Ocala 1.

"Dewey" must be in love for he received a telegram of congratulations after the Wednesday game. The can it be?

Some real baseball next week when Southern comes here. College ball may have the real pep and spirit. EVERY STUDENT OUT—EVERY STUDENT YELL—YEA! ROLLINS!

other test will be offered to the student body next week in the form of two games with Southern. If the entire student body turns out and sells their heads off the games are as good as won. But if a few go home and some more go on a picnic, anyway no one knows what is liable to happen. Give the fellows your support and they will work their heads off to cop the games for Rollins. Keeping this in mind, remember the slogan for next week: "All out and all yell for Rollins: two games from Southern."

First Game—First Inning

Rollins—Ward grounded out. Parker. King drew a hit, stole second and went to third on overthrows in H. Turner. Taylor filed out to

First Inning. Story hit to Gardiner who threw Sam out at first.

Stetson—Turner and Murray captured hits and "Chesney" tightened and struck out Hon. Turner got caught coming home by a fine peg. Taylor to Story. Murray became excited and was nibbled between home and third by Leslie.

Second Inning

Rollins—Leslie had a little hard luck and struck out. Wright filed out to Kirkster. Roberts hit to Murray and was thrown out by a hair's breadth at first.

Stetson—"Chesney" showed some real pitching in this inning. Whitehair and B. Turner both whiffed at three and retired to the bench. Kirkster came up with blood in his eye but all he could do was pop to Leslie who batted to first for the third out.

Third Inning

Rollins—Three men only faced Gardiner in this inning. "Mac" Markovitz, the speed ball thrower from Trey West, filed out to Murray. Arranta scratched to Gardiner and Capt. Ward went out on a high foul which was gathered in by Turner.

Stetson—Stetson, however, could do nothing better against "Chesney" and Lambert and Gardiner hit weak grounders and failed to reach first, while H. Turner struck out.

Fourth Inning

Rollins—King hit a single and Taylor hit and drove King to second. Story got mad and slammed one for a safe hit which scored King. Leslie hit to H. Turner who missed it and Taylor dashed in with the second run. Wright managed to knock in Story and reached second on an error by Murray. Roberts hit and got to first but Leslie was caught on his way to third. Markovitz wound up the inning by hitting a high fly to Hon.

Rollins—By this time Arranta was pitching air-tight ball and Murray, Hon. and Parker faced him only to retire on a couple of slow grounders and a strike-out by Parker.

Fifth Inning

Rollins—Up came "Chesney" Arranta. Continued on page 9

Stetson—Anderson struck out. H. Turner grounded out to Taylor. Whitehair got a lucky single and made east, but was caught stealing second by a beautiful put by Sam Story. One hit, no runs.

Stetson—Murray fouled out to Story. Parker kept on his hitting by getting a single. Jackson and Whitehair struck out. One hit, no runs.

Fifth Inning

Rollins—Rollins now started her big season. Ward got a dandy two-bagger. King flied out to Hon. Leslie drew a single, and Sam Story reached first on an error through third. Ward came in on this; Roberts flied out to Whitehair, but Leslie tagged up and came in for the second score. Arrants reached first on an error through Murray. Bobbie Wright now pulled some real home-hall by hauling out a beautiful two-bagger, and by the time he reached second Story and Arrants had trotted in. Taylor scratched out. Turner in Jackson. Three hits, four runs.

In this inning Turner replaced Anderson until Kichlitter could warm up. Kichlitter started the 6th inning. Stetson—Hon got a safe hit but was out on a neat double play when H. Turner hit to King who tossed it to "Mac" on second and "Mac" slammed it to first. Kichlitter flied out to Ward. One hit, no runs.

Sixth Inning

Rollins—Markovits struck out. Ward grounded to Kichlitter. King struck out. No hits, no runs.

Stetson—H. Turner got to first on an error to "Mac". Luzor substituted for Murray, and grounded out to Taylor. Parker walked and Jackson retired the side by a fly to King. No hits, no runs.

Seventh Inning

Rollins—Leslie flied out to Gardiner. Story flied out to Kichlitter. Roberts got to first on an error through short-stop and stole second. Wilson relieved Arrants, and sent Roberts to third on a hit. Wright retired the side by a fly to Whitehair who made a sensational one-hand catch. It surely was a darby. No runs, one hit.

Stetson—Whitehair flied out to Wilson. Hon and B. Turner struck out. No hits, no runs.

Eighth Inning

Rollins—Taylor grounded out to Euzor. Markovits walked. Freddie Ward hit and drove "Mac" to second. King got to first on an error by Whitehair who dropped King's fly. Ward was forced out at second on this "Mac" managed to get home. Leslie flied out to Hon. One run.

Stetson—Parker hit a single. Jackson scored Parker with a two-bagger. Whitehair struck out and Hon was hit by a pitched ball. B. Turner struck out. Kichlitter got to

hit, but "Brewery" Taylor made a capital peg to home and caught Jackson on the way in. Three hits, no runs.

The northern climate does not agree with Stubby, and he has been through a very severe illness. He is to spend a few weeks recuperating at home after which he will be sent to the Georgia branch of the corporation.

CUBA MAY BE VISITED BY BASEBALL TEAM

Considerable interest is centered in the probable baseball trip to Cuba. Our baseball team has won high honors this year and they have well earned them. Such a trip to Havana will partly repay the boys for the hard work they have done, and it will also give them an opportunity to play our old rival. In the old days it was one ambition of our athletic teams to clean up the colleges of Florida and then play the University of Havana. Our team has a record this year that deserves a trip to Havana. Correspondence is now going on between our old baseball star, Lewis Esteff, and the Rollins baseball manager. We hope that all will be well. "Lewis," now a successful sugar refiner, will make this trip possible if he is able to and show the boys a good time during their stay on the island.

ROLLINS TAKES TWO MORE FROM HATTERS

rants with his mighty bat and when the dust settled he rested on second. Capt. Ward became jealous at this and hit to Lambert who muffed the fly. King sacrificed and Taylor demanded his share so he hit a fast single which sent Freddie to third, and Arrants scored. Story had a little hard luck and flied out to Whitehair. Up came "Tom" Leslie and even before the yell he had flied down he was galloping around the bases.

When he finally stopped Ward and Taylor were across home and on the bench. "Rebelle" Wright kept the bark yelling and pushed in Leslie with a nice single, but he was caught stealing second on the next play. Four hits and four runs.

Stetson—Stetson came up feeling rather sick and the best they could do was a strike-out by B. Turner, a hit by Whitehair who was caught going to second in a neat double play, which also muffed Kicklitter at first.

Sixth Inning

Rollins—Rollins had chased around the bases so much the inning before that all they could do was a ground out by Roberts and two long flies by Markovits and Arrants.

Stetson—Stetson had a lot of luck this inning and managed to acquire their only run on hits by H. Turner and Murray. The latter corked a screaming two-bagger which drove in Turner. Hon and Lambert struck out and Gardiner flied to Taylor. Two hits and one run.

Seventh Inning

Rollins—Capt. Ward led off with a clean hit over second. King and

the bases full for Leslie, Wright, and Roberts came up in order and retired in the same manner.

Stetson—All Stetson could do was to knock two flies to Leslie and Taylor. Hon grounded out. No hits, no runs.

Ninth Inning

Rollins—"Mac" struck out. Arrants went out on a grounder to Murray. Freddie Ward hit a hot one to Parker but it failed to get by and Freddie was caught at first by a mere inch.

Stetson—With blood in their eyes and lead in their hearts Stetson made their final try. It was real cruel the way "Cheese," the Climax King, squashed the Hatters in their last stand. "Mokey" is a word unknown to him, it seems, for he let Parker hit a weak one to "Mac," who promptly tossed it to first for one out, and then he proceeded to strike out B. Turner and Whitehair. The first Stetson game was over and Arrants has to his credit two wins over Stetson this year, 15 to 2 and 7 to 1. "SEVEN FOR ARRANTS AND THE TEAM!"

Taylor tried to advance him but flied out to H. Turner and Murray respectively. Story hit a hot one in shortstop but failed to beat it to first.

Stetson—Parker got to first on an error through "Mac." B. Turner struck out for his third consecutive time. Parker stole second and Whitehair made first on an error through King. He stole second as "Mac" had advanced to third. Kicklitter struck out and then "Cheese" talked Anderson who had relieved Lambert. Gardiner now had the bases to "win his own game" as they say. The bases were full but "Cheese" has no mercy for no one on the ball field no matter how many "one his head may be so with his league pitching he struck out Gardiner and retired Stetson. THE SECOND GAME

Not content with mopping up Stetson the day before "Brewery" Taylor went on the mound for Rollins and made practically a repetition of the day before. The final score was 3 to 1 and the series stands: Rollins 4 games, Stetson 0. In runs Rollins has acquired 35 and Stetson but 4. My what a difference, nine Rollins runs to every one of Stetson's.

The team this year reminds the old timers of the days when "old Dell Maren" and his crew used to clean up all comers. Rollins sure has a club of real ball players and the best of it is that they are all Rollins boys. Yes, for Coach Brewster and his gang!

Coming back to this second game it might be worth while to mention that Sam Story got three hits in this game, one a two bagger. Capt. Ward drove out two hits, a single and a double. Wright duplicated this and Arrants, Leslie and Roberts each got a single. The only fox to Taylor was Parker. This shaggy third-baseman obtained three hits and ran around the bases for Stetson's only run. Taylor kept his hits scattered beautifully and therefore Stetson only shovled over one run out of seven hits.

Jackson played first for Stetson and was a lucky boy for he connected with one of Taylor's offerings for two bases and this is the reason Parker made Stetson's only run.

Both "Cheese" and "Brewery" made very good strike-out records in these two games. "Climax Arrants" sent twelve men to the bench via the three whiff route and "Brewery" fanned ten.

Second Game—First Inning

Rollins—Capt. Ward led off with a high fly to Parker. King followed his example by sending one to Whitehair. Leslie decided that Parker wasn't air-tight so he poked one through third and reached first. He then calmly stole second, and Sam took the tip and elbowed out a pretty two-bagger scoring "Tom" Leslie. Roberts soaked the first offering for a single and Sam made third. Arrants grounded out to Jackson at first. Two hits and one run.

Stetson—H. Turner flied out to King, and "Brewery" took Gardiner's number by the one, two, three route. Murray fouled about ten balls and at last knocked up a nice high one only for Sam Story to let it drop in his glove for the third out. No hits, no runs.

Second Inning

Rollins—Bobbie Wright came to bat and flied to Anderson. Taylor couldn't get anything better off Anderson so he flied to Murray. "Mac" Markovits decided that as there was two out he might as well strike out and let the head of the batting list come up the next inning. No hits, no runs.

Stetson—Parker started off on his "home run per cent" batting by piling out a scorching single. Jackson struck out. Taylor struck Whitehair on the side putting Parker on second. Hon flied out to Wright, and B. Turner ended the inning by striking out. No runs, one hit.

SIGMA PHI NOTES

A number of Sigma Phi's attended the games at Stetson last week and saw Rollins wipe up the earth again.

Louise Hoskins, Mary Bourke, Catherine Barnes, Marguerite Harris and Pat Foley were the guests at a week-end house party given by Lavonne Ladue and Evelyn Clark at their home in Mt. Dora. From all reports they had a wonderful time, in fact, even honored Sanford with a visit Sunday.

Charlotte Swain was the guest at dinner the other night of Pat Fletcher. They had a big PAT, juicy steak, too?

Mary Bourke, Louise Hoskins, Marguerite Harris and Evelyn Clark drove down to Lake Alfred Thursday afternoon. The trip was rather unexpected but nevertheless exciting. We are now able to see why Mary is so upset when she fails to get home for the week-end.

Sigma Phi and their pledges give a picnic Sunday night. Oh boy, but the eats were grand.

Lucy Anderson went down to Winter Haven Saturday.

We wonder why Loretta is usually wearing her slippers? She says it was lost and at last has been found.

Sigma Phi greatly regrets the departure of Margaret Sedgewick who left last week with her family for Chicago. We suppose the call of "Home, Sweet Home," together with other reasons was strong enough to NINE—Sandspur—call her away from our midst!

We wonder what draws Charlotte to the Sandspur office every afternoon? That's right—we forgot she had an interest in the joke department!

ALPHA ALPHA SCANDAL

Cheese

Stetson has bestowed a new title on George. They were heard to exclaim "Limburger, Limburger" at him and about that time he (Limburger) got strong and struck out two men.

The Stetson boys were delirious with Goodfey's new suit and several of them wanted to buy it. Now I guess you'll believe that that's some suit.

Simple Is Good

Ned King and Eddie Dow are inventing a new automobile, which, (from their conversation) is going to put "Henry" out of business. The marvel will be called "The King Simple Six."

The brothers took Dr. Ward's hint and "spring house-cleaning" was in vogue last week.

Rumors seem to point that Alpha Alpha keeps the neighborhood awake nights with their victrola, etc. We wish to quote Dean Pardon of the Episcopal church. The Dean lives next door. "Now and then the boys make some racket after games, but on a whole you fellows are as quiet as can be expected from a bunch of live fellows."

We also want to thank the Deans for the dinner at the parsonage last Tuesday evening.

Died Calm

Funeral services were held on Friday last for Ted's dog, which died very mysteriously while trying to out-evill the mouse. Professor Wilbur Wardell conducted the services.

Alpha Alpha wants to mention that it is keeping "open house" for all water most contentments. "Pat" Henderson will be host and everybody knows that he can't be beat.

Brother Sloan has returned from Baltimore, Cumberland, and nobod'knows where else he was. Rumors had it that he might follow his brother's example and get married, but he returned single and unharmed.

Brothers Arrante and Bell have long been shown a certain road left for Chicago. Guess they will be looking for a couple of girls soon.

The Federal League was in action last Sunday. The league was aided greatly by Pledge King's kisher. It comes in handy chasing fly balls.

ALPHA PHI EPSILON TO GIVE ITS FIRST SOCIAL FUNCTION

The A. P. E. honorary literary and debating society of the college will give its first social function of the year in the form of a banquet Friday, April 29, in honor of the Mercer and Rollins debating teams. Representatives will also be present from the literary societies of the high schools to be represented in the water most the following day. There are to be interesting speakers from those most interested in literary work. Besides the debating teams, the officers of the Delphi and many of the faculty will be present. This will be followed by a Glee Club concert, after which the Mercer-Rollins debate will take place.

A MIDSUMMER
NIGHT'S DREAM

In the light of a full moon, at "Pine Needles," the beautiful estate of W. D. Freeman, the dramatic department, presented its masterpiece of the year, "A Midsummer Night's Dream," on Thursday night, April 21.

The evening was perfect and a large crowd attended. The lawn was unusually well adapted for a natural stage. The shrubbery and trees were so placed as to make natural ap-

proaches for the players and an ideal setting for the fairy queen and her attendants.

The portrayal of the characters of Hippolyta, Hermia, and Helena were charming, and showed careful training and hard study. It is always difficult for girls to take the part of male characters in a play, but the parts of Theseus, Egeus, Lyander, and Demetrius were exceedingly well given.

The humor and fun of the comedy was furnished by the five weavers, who, led by Bottom, presented their farce at the Duke's court. Puck did splendid work as messenger to Oberon and most beautiful of all was the dance of the fairies to the strains of Mendelssohn's music, around the dainty queen.

All these students should be commended for their accuracy, remarkable ease and poise, and Mrs. Boardman should feel gratified for her sacrifices and untiring efforts in making the affair so praiseworthy.

We are equally grateful to Mr. and Mrs. Freeman and daughter for their treat hospitality and kindness, to whom is due a large part of the success of the evening.

I'm sure as sin about it cut.

I'm on this earth right now.

While yet of tender years

I had a dad and mother.

They were acquainted it appears.

As they both knew each other.

Act II.

Now I'm big and most a man

As you can plainly see.

Figure it out as best you can.

I'm older than I used to be.

I'm going to get married,

If I can get a muff.

The chances are I'll die some day.

If I live long enough.

Postlude

That's all there is to my small piece.

In other words I'm through.

So I'll do nothing else but cease

And bid you fond adieu.
