AI in Action: Empowering Students with Practical Knowledge & Tools for Job Search and Interviews in the Age of Automation

Presented by:
UCF College of Business
Megan Blanco, MBA
Denise McFadden, MBA

RECOMMENDED JOB SEARCH RESOURCES

Below are the platforms that we have implemented into the UCF College of Business Career Cluster Workshop to assist students in understanding AI platforms that can assist in their career planning and job search process

MATCH THAT ROLE

Match resume to job descriptions. Best Feature: Evaluates resume against target career and shows where you need to add skills and experience and will give target roles

teal

AI Career Growth Made Easier: Resume Builder, Key Word tracker, job tracker with built-in follow ups. Best Feature: Allows for direct link to Linkedin for Job Descriptions

interviewsby.ai

Interview Prep platform, best feature: generate interview questions from an uploaded job description

UCF
