DR. HUTCHINS SPEAKS LAST OF CHAPEL ASS'N LECTURES THIS SEASON

MOTION PICTURE SHOWN

Talks On "Mountain Problem"
Existing In Mountain States
of the South.

As the final address of the season given under the auspices of the Rollins College Chapel Association, President William J. Hutchins, of Berea College, Kentucky, spoke last Sunday evening in the Baby Grand Theatre of the "Mountain Problem," discussing in a most interesting and informative manner, the mountaineers of eight Southern States. The lecture, illustrated by motion pictures, was largely attended by students of Rollins College and the guests of the tourist hotels.

In beginning his description of the mountaineers, Dr. Hutchins, who is one of the country's foremost social workers, told of the isolation of these people, describing the roads as being worse than those of India. He assigned this as the chief cause of the colossal ignorance found among the mountain people. Their language, he said, was unique in that it is more purely Saxon than that of any other section of this country and contains many expressions and words characteristically Shakespearean or from Chaucer. The music of these people is another indication of their extreme isolation since it is composed mainly of a large number of old English ballads describing outstanding events in the early history of England.

No section of the country can boast of a more thrifty people, said Dr. Hutchins. The woman occupies their extra time weaving, some of their products being the most beautiful on record. Often, an entire year is spent on one piece of handwork. The men are in the main, farmers, but on account of business abilities they earn only a few dollars a year.

Dr. Hutchins characterized the mountaineers as a profoundly religious, loyal but superstitious people. He told of their intense loyalty in time of war. The solution of the "Mountain problem" is through Christian Education, said the speaker, and it is the only means of liberating this fine stock of American citizenship from the bonds of ignorance.

Berea College, of which Dr. Williams is president, has at the present

(Continued on page 8.)

Tars Are Defeated In 2 Games With Gators Monday and Tuesday

SCORE IS 6-2 AND 6-4

**Though Rallying Tuesday, Tars
Are Unable To Stage
a Comeback**

Playing on the local diamond, the Tars lost both baseball games with Florida, Monday's game by the score of 6 to 2, Tuesday's game, 6 to 4. Though the Tars by excellent playing were able to lead the Gators 3 to 0 until the ninth inning of Tuesday's return game, the University men staged a rally in this stage of the struggle, scoring a single run across the home plate, tying the score. The tenth inning saw the Gainesville players scoring three more times, giving them a lead which the Tars were unable to overcome in the last half of the inning, though they struggled gamely to do so. However, one more run was added to the score of the Tars by Bill Ashborne, leaving the final result 6 to 4.

First Game.

The Florida Gators scored a well earned victory on the local field on Monday afternoon before a large number of spectators, when they defeated the Tars to the tune of 6 to 2. Though playing well, the Rollins could not quite equal the work of the visitors when it came to knocking the pill down the field.

The game opened with Bangs of Florida at bat, and some excellent hitting by the Gainesville men soon brought in two runs across the plate during the first inning.

Starting for Rollins, Raymond Colado was able to score one run in the early stages of the struggle, but except for another run by Taylor in the sixth, the locals were unable to advance the score further during the remainder of the game. Taylor's round was the result of a temporary rally in the sixth inning on the part of the Rollins crew, which for a short time seemed to indicate that the four run score of the Gainesvillians might at least be equalled.

The final score was 6 to 2 with Rollins at the short end of the horn.

Second Game.

Friday saw the game between the Gators and the Tars stretched out to ten innings, the struggle looking

(Continued on page 4.)

REPRESENTATIVES OF FOUR COLLEGES MEET IN Y. W. CONVENTION

TAKES PLACE AT ROLLINS

**Purpose Is To Prepare Cabinets
For Problems Arising During
College Year.**

Friday of last week delegates from Southern College, Stetson University and Florida State College for Women met with the Rollins Y. W. C. A. for a Cabinet Training Council. The purpose of this conference was to train the cabinets of these Christian Organizations to meet the various problems that arise during the course of the college year.

A business session opened the conference Friday night at which time, committees were appointed to take care of the various phases of the work during the meetings. Miss Stacy of Southern College was elected chairman for the meetings.

An Open Forum was held Saturday morning in charge of Miss Glaze, of Tallahassee, the Campus Secretary for the State of Florida, and Miss Gladys Bryson, Nashville Student Secretary for the entire South. Several new ideas were presented at this time for the girls to enlarge upon during the coming year.

As a recreational feature, the Rollins girls took the delegates on a picnic, Saturday afternoon. Rapper was cooked over a blazing fire and every effort spent to show the visitors the wonders that adjoin the Rollins campus.

Sunday was ushered in by a Sunrise Prayer Service and breakfast on Lake Virginia. At eleven o'clock, that morning, Dr. Harry Ingham, of the Winter Park Methodist Church, held special services in the Woman's Club which was attended by the delegates in a body.

The final session was held Sunday afternoon, at which time it was decided that these meetings be continued in the future, and that the Y. W. organizations in this state join in making the delegation to Blue Ridge one of the largest in the entire South. Blue Ridge is the scene of an annual conference of delegates from the Southern States during which some of the most prominent lecturers and social workers are heard. Florida has always been very active along these lines, and by the action taken at the meeting last week, even further future action will be taken.

Tars Win 1, Stetson 1, In Baseball Series On Deland Diamond

GOOD WORK IS SHOWN

**First Game Is Lost, But Following
Day's Event Is Victory For Tars.**

A win apiece was the result of the series of two games between the Rollins baseball artists and those of Stetson, on the Deland field March 15th and 14th. The Tars lost the first encounter with the Hatters in the tune of 9 to 1, but on the following day journeyed back to Deland determined to make up for the preceding day's defeat. As a result Stetson was defeated 7 to 1.

First Game.

Both teams playing brilliant but scoreless ball up to the last of the seventh inning, seemed to indicate that no high score would be run up by either side in Tuesday's fray between the Hatters and the Tars on the Deland diamond. However, at this time Stetson, with two men out, started batting, and when the smoke had cleared away three runs had been scored by the Hatters.

In the eighth inning Rollins was able to score the only run of the game, while Stetson was able to add six more points to her score before Taylor relieved Eidenbaugh as pitcher for Rollins team.

Throughout the game both teams gave an exhibition of hard hitting and pretty fielding.

Second Game.

On Wednesday, March 14th, the Tar baseball aggregation came back after Tuesday's 9 to 1 defeat, and trounced the Deland crew on their own diamond by a score of 7 to 1.

The Stetson toomers scored their lone tally in the second inning when Hooper walked to first, stole second, and went to third on a fielder's choice, finally coming in on a sacrifice by Tatum. The score was tied in the next inning by the Rollins team, and from then on the Tars outplayed their opponents both at bat and in the field, scoring occasionally until the final score of 7 to 1 was piled up.

Handley and R. Colado starred for the Tars, the former pitching a wonderful game, the latter many times picking up apparently impossible grounders along the third base line.

SUBSCRIPTION PRICE

Per Year — \$2.00

Single Copy — .15

Entered as second-class matter Nov. 26th, 1916, at the Postoffice at Winter Park, Florida, under the Act of March 3rd, 1879.

In this issue appears a declaration or resolution given the Sandspur by the Alumni Association. Needless to say, the Sandspur heartily endorses such a resolution and hopes that Rollins will always see fit to stand strictly by the rules laid down in the Athletic Constitution. At the present time, there is no one representing Rollins College on the athletic field but registered and bona fide students of Rollins College. In taking the stand which the Alumni Association, we assume that they are referring to the incident which occurred during the past series of baseball games at DeLand with Stetson University. However—this is pardonable due to the fact that the players that themselves duly registered and as such were playing on Rollins team. It was later found not to be their fault, but due to some mistake other than their own. These players are to be highly commended for the spirit they have shown in the discussion that has gone around the campus and the Sandspur takes a stand 100 per cent strong for the Rollins baseball team composed of 100 per cent bona fide Rollins students. Ringers are not a thing to be desired under any circumstances, but when bona fide students wish to play baseball, why not stand behind them and

show them some of the same spirit they are showing.

Section II of the eligibility rules states as follows:

"No student shall represent this college in any branch of intercollegiate sport who is not regularly matriculated, taking a minimum of twelve hours class work, each week, in the college, or school of business."

This rule is fair and has been complied with in every way as far as can be ascertained.

MARRIED OR SINGLE?

Co-eds of the University have often been accused of having for their main purpose in attending college the view of greater matrimonial success. The belief is one that is prevalent not only among the outside public, but among a large number of somewhat unsexed males on the campus who constantly feel that they are the unfortunate victims of feminine enticement.

(Few people seem to realize that an institution which daily brings together ten thousand human beings is in itself a complete community). Such mingling of men and women is bound sooner or later to lead to many instances of marriage.

Figures regarding engagement announcements indicate that the number is undeniably low in comparison to the number of men and women in attendance. If engagements were as few in a country town of the same size as the University hachelers and spinsters would reign supreme. Surely such tendencies indicate that the purpose of the co-ed on the campus is other than matrimony.

More careful observation of the situation would indicate that we are tending the other way in regard to matrimonial affairs. Participation in campus activities, athletics and politics is giving women students a greater feeling of independence and self-reliance than they have evidenced in the past.—Utah Chronicle

"One of them city fellows tried to sell me the Woolworth building."

"What did you say?"

"I said, 'All right, young fellow, wrap it up.'—Judge.

LUCIE G. SHREVE : SOCIETY EDITOR

Senator and Mrs. William Flinn, of Pennsylvania, entertained the Phi Alpha Fraternity of Rollins College last Saturday evening at the Hotel Alabama with a St. Patrick's dinner and dance. The large table was profusely decorated with St. Patrick's colors, no effort being spared by Mrs. Flinn to make the occasion a memorable celebration for the young people.

Assisting Mrs. Flinn in entertaining were Mrs. Josiah T. Marvan, Mrs. W. C. Temple, Mrs. H. C. Gieffler and Miss Madia. The guests were as follows: Misses Helen Mueker, Rebecca Caldwell, Edwina Parkinson, Eva Thompson, Margaret Wing, Helen Dickinson, Dorothy Duttons, Lucie Shreve, Margaret McKay, Jean Crawford, Dorothy Grey, Edna Wallace and Miriam Stewart and Messrs. Douglass Potter, R. W. Greene, Curtis Atkinson, J. S. Jones, Charles Ward, Walter Johnston, Eamon Colado, John Joyce, Kenneth Warner, A. J. Hanna, Frank Palmer, Frank Harrington and Stanley Warner.

The Winter Park High School had a street dance and carnival last Friday night which was largely attended by students of the college. Various booths were in evidence, but one that attracted great notice was the Chamber of Horrors in control of President Sprague and Professors Podmore and Schwarz.

A reception was held in Cloverleaf Friday afternoon with the Faculty Advisory Committee of the Y. W. C. A. as hostesses. The honor guests were the visiting delegates to the Y. W. conference.

Miss Bertha Philo and Miss Jeanette were visitors on the campus during the past week end. Both are members of Sigma Phi Sorority and students at Rollins last year.

Miss Charlotte Wettstein and Miss Gretchen Harrell entertained the Phi Omega Sorority at a birthday dinner in the dining hall last week in honor of the (100-1) birthday of Miss Fern Daken. After study hall that same night, Miss Muriel Hardisty acted as hostess to the Sorority at a spread in honor of Miss Daken.

Mr. Odell Stivender and Herbert Thayer, members of Tau Lambda Delta Fraternity were guests on the campus last Monday and Tuesday to see the Florida Game.

Kappa Epsilon wishes to announce two new pledges Miss Margaret Backus and Miss Virginia Davis, of Chicago, Ill.

IRREGULARS CLASH ON FRIDAY WITH VARSITY

One of the fastest and most thrilling baseball games to be played in the entire South this season took place last Friday, when the Varsity team was able to hold the fighting Irregulars to the short end of a 7 to 3 score only because of super-human efforts and brilliant playings. Throughout the fray much scrappiness was displayed, and it is reported that the only thing that saved the umpire from rough treatment was the timely arrival of a heavy rain storm from off the Gulf of Mexico just as the seven inning struggle came to a close. Players and spectators quickly disappeared upon the arrival of the deluge.

Scoring two runs in the first inning the Irregulars quickly won the support of a large number of fans, but were unable to round the bases for the home plate again until the fourth inning when they scored once more. The Varsity cannon ball tossers however, were able to mass a total of seven runs against this noble effort of the Irregular crew, thus winning the pennant.

Seeds, pitching the entire game for the Irregulars, showed good form for his first game, striking out five men.

Taylor, Varsity pitcher for most of the struggle, struck out three. Conway at short stop, Wolf on first, and Warner in the field also played well for the Irregulars.

TARS ARE DEFEATED IN TWO GAMES WITH GATORS HERE MONDAY—TUESDAY

(Continued from Page 1)

like a Rollins victory for most of the time. Coming back strong in this last inning the Gators ran their score up to 6 runs, whereas the Tars were able to gather together a total of only 4. Great enthusiasm was shown by hundreds of fans gathered to witness the second struggle with the University team.

Rollins started out strong in the first inning by scoring twice, adding another in the second. In spite of a score arm, Handley was able to hold the visitors to only two runs as against the three for the locals up until the ninth inning when the score was tied. To this time the Tars had all the best of it, but Florida's three runs in the tenth, put Rollins, with but one, in the background. The locals fought gamely, but could not equal the total of their Gainesville opponents.

Good playing throughout the entire game was to be seen on both sides.

MRS. INGRAHAM, FORMER DIRECTOR CONSERVATORY INVENTOR OF KEY BOARD

A most interesting fact has come to the notice of the Sandspur this past week, that Mrs. R. H. Ingraham, who was at one time Director of the Rollins Conservatory and who has been visiting in Winter Park, was the inventor of the "Ani-Learte" key board which has been of such tremendous assistance to the musical profession in the teaching of theory.

Mrs. Ingraham was a pupil of Dr. William Mason and of George Root and is also talented in art. During her brief stay in Winter Park she did some sketching under Prof. Boosiotz of the Art Department.
