STETSON UNIVERSITY

DE LAND, FLORIDA

This splendid structure 250 feet in length, is one of the most beautiful and complete buildings devoted to educational purposes in the entire South.

FACULTY AND STUDENT BODY.

There are thirty-seven Professors, Instructors and Assistants on the teaching staff of Stetson University. They hold degrees from Harvard, University of Chicago, Yale, Cornell, Columbia, University of Michigan, Bucknell, Bowdoin, Dennison, Wake Forest, Utrecht-Holland, Louisville, Smith, DePauw, Connecticut, Wesleyan, University of Illinois, University of Wisconsin, and other institutions. They are men and women of sterling Christian character and take an active interest in all phases of the student life.

There were 477 students enrolled last year in all departments of the University. They represent thirty-six (36) Florida counties, thirty (30) states and three (3) foreign countries.

STETSON'S EQUIPMENT.

The University has a fine property. Her seventeen buildings are situated in a grove of oak and pine trees, in the midst of a campus of thirty-three acres, on gently rolling land, on the northern edge of the City of DeLand.

Stetson has more than four hundred thousand dollars invested in buildings and equipment and she has a productive endowment of more than one million dollars.

DeLAND, "THE ATHENS OF FLORIDA."

DeLand is known throughout the country as "The Athens of Florida." It has a well organized city government, and a strong progressive public spirit; good railway, express and postal service; electric lights, water works, and fire protection; beautiful homes and spacious yards and gardens; splendid church edifices and public buildings and miles of improved streets and beautiful driveways.

It is "a city set upon a hill."

AUDITORIUM, WHERE STUDENTS ASSEMBLE FOR CHAPEL SERVICES EACH MORNING

Stetson has a beautiful Auditorium, with a seating capacity of more than one thousand. It has costly furnishings, including stained glass windows, seven oil paintings and a \$10,000.00 pipe organ.

In this splendid Auditorium the great Interdenominational vesper services are held each Sunday at 4 o'clock. At these services, crowded often to the full capacity of the hall, the President delivers the address and the University choir of more than 60 voices renders the most select sacred music. The services are to be rendered even more attractive in the future, a splendid chime of bells being installed in the tower of Elizabeth Hall which will probably ring at the Vesper Hour each Sunday. In this hall, too, the Lyceum and Chautauqua Courses are conducted, and the great Oratorios and Music Festivals are held. During the coming year a Music Week will be held during the month of March.

CHAUDOIN AND SAMPSON HALLS, DORMITORIES FOR YOUNG WOMEN, BUILT AT RIGHT ANGLES TO EACH OTHER

CARNEGIE LIBRARY, STETSON UNIVERSITY

This imposing structure is 150 feet long and 50 feet wide, not counting the portico in the front or the stack room in the rear. It is one of the four best buildings on the Stetson campus. This library alone represents an investment in building, endowment and books of more than \$120,000.00. It contains more than twenty-three thousand bound volumes of the best selected books, and an extensive collection of the best periodical literature. It is the United States Depository for the State of Florida.

On the second floor of the building, there are two large and well lighted halls for the Young Men's and Young Women's Christian Associations, also a handsome Literary Society Room, and beautiful fraternity rooms.

THE COLLEGE OF LIBERAL ARTS

The Stetson College of Liberal Arts was affiliated in 1897 with the University of Chicago, in recognition of the excellence of her work. She maintains the following departments:

Law	Biological Science
History and Political Science	Geological Science
Economics and Sociology	Biblical Literature
Philosophy	Pedagogy
Business Administration	Music
Latin Language and Literature	Fine Arts
Greek Language and Literature	Public Speaking
English Language and Literature	Physical Culture and Athletics
German Language and Literature	Civil Engineering
French Language and Literature	Mechanical Engineering
Mathematics and Astronomy	Electrical Engineering
Physics and Mechanics	Chemical Engineering
Chemistry	

Strong courses and high standards are maintained in all of these departments.

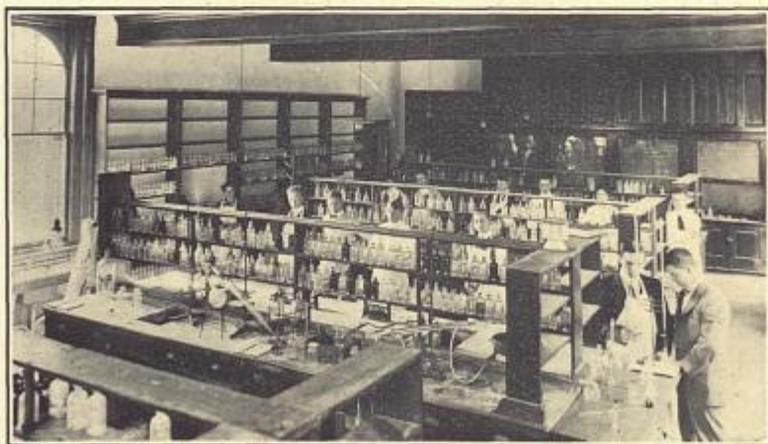

OTHER COLLEGES AND SCHOOLS.

Stetson University is primarily a College of Liberal Arts, but she maintains also a College of Law, a College of Technology, a Business College, a Normal School and Teachers' College, a Preparatory Academy, a School of Mechanic Arts, a School of Music, a School of Fine Arts, and a School of Home Economics.

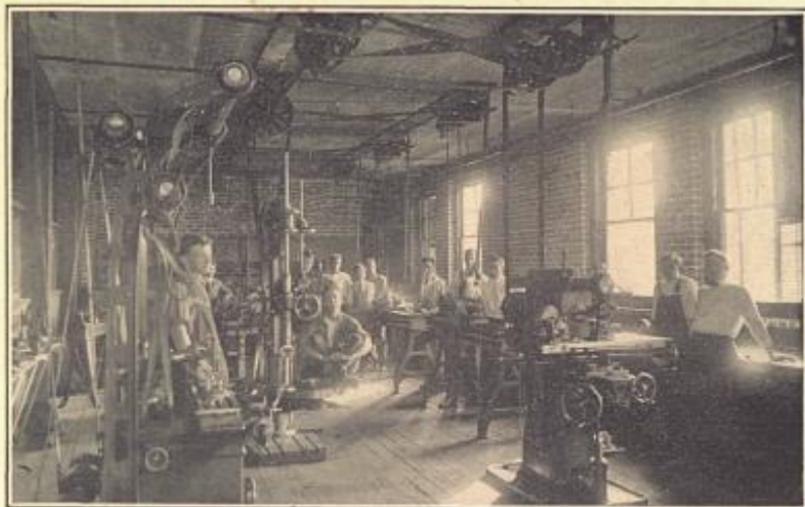

FLAGLER SCIENCE HALL, STETSON UNIVERSITY

This is one of the newest of the seventeen buildings belonging to Stetson University. It is 200 feet long and 80 feet wide. It is built of brick, finished in gray stucco, in the style of the Spanish Renaissance. With its furnishings, it represents an expenditure of more than \$75,000.00. It contains commodious lecture rooms for the classes in physics and chemistry, a large general laboratory for each of these sciences, and a number of private laboratories.

Stetson University offers advantages for the study of Chemistry and Physics which are not surpassed by any other school in the South. Those students desiring to prepare for the study of medicine, pharmacy, or engineering, can secure excellent preparatory courses in the sciences under experts. The equipment for all lines of science is constantly being increased.

IRON SHOP, STETSON COLLEGE OF TECHNOLOGY

Students desiring to study Engineering have access to splendidly equipped Iron Shops, Woodworking Shops, Mechanical Drawing Courses, Surveying Classes, Courses in Higher Mathematics, and also in all branches of Science. The equipment of the various workshops represents thousands of dollars of expenditure. The machinery is of the highest class made. Students can make any tool or article made of iron in these shops. Experts are in charge of each of the shops.

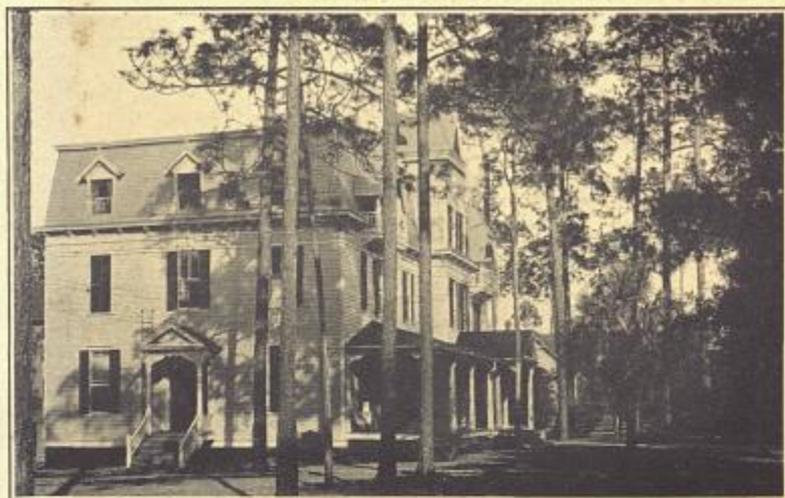

CUMMINGS GYMNASIUM, STETSON UNIVERSITY

The Cummings Gymnasium is the newest building on the Stetson Campus. It is a handsome brick structure, built after the most approved plan for gymnasiums, splendidly equipped with all modern apparatus. The lower floor is given over to lockers, shower baths, etc. On the second floor there is a splendid basket-ball floor. Stetson University owns another large building given over to the young women for gymnasium purposes. In this way both the young men and the young women have facilities for practice of basket ball and engaging in other indoor exercises at all times. All exhibition games are played in the Cummings Gymnasium. During the past two years ten excellent tennis courts have been constructed, making in all more than a dozen good courts. Several tennis tournaments are conducted each year. Stetson University has for years been sending out winning baseball, football, and basket ball teams. Out-of-door exercise can be engaged in every day of the year.

CONRAD HALL, DORMITORY FOR COLLEGE MEN

Conrad Hall is situated in a grove of oak, camphor and orange trees, and the view through the pine woods is beautiful and picturesque. The hall has large and well lighted rooms, handsomely furnished interiors, electric lights, shower baths, and every modern convenience. In addition three fraternity houses are maintained by men of college rank, two of them on the Stetson campus, and one adjoining the campus.

STETSON HALL, DORMITORY FOR MEN

ACKNOWLEDGMENT

Stetson University owes its existence and its maintenance to the liberality of John B. Stetson, John D. Rockefeller, Henry A. DeLand, C. T. Sampson, Henry M. Flagler, Andrew Carnegie, Elizabeth, Countess of Santa Eulalia, Mrs. Monroe Heath, and a score of others, who have given liberally of their money to erect the beautiful buildings on the University campus, and to create large endowment funds. To all of these grateful acknowledgment is made.
