Whitehouse to be dean of Engineering

Gary E. Whitehouse, acting dean for the past year, has been appointed dean of the College of Engineering. A member of the faculty since 1978, Whitehouse formerly headed the Departments of Industrial Engineering and Management Systems and Engineering Mathematics and Computer Systems (Computer Engineering), and was interim director of research when named acting dean.

In a message to Engineering faculty, Provost Richard Astro stated: "I know you share my belief that we have selected a few academic leaders... who will provide the necessary leadership for the College as it moves to new levels of quality in the months and years ahead." Whitehouse, who will assume his new post officially in August, was awarded his undergraduate and master degrees by Lehigh University, and his PhD by Arizona State University. A prolific author by Lehigh University, and his PhD by Arizona State University. A prolific author..."
**Official memoraandu**

**To:** All Departments  
**From:** M. Stass, Vice President for Research  
**Subject:** DSR Sponsored Graduate Fellowship Program

It is my pleasure to announce that the Division of Sponsored Research, in conjunction with the Graduate Studies Office, will sponsor graduate fellowships for doctoral students entering UCF. This program provides a means to recruit the best graduate students available and to support them well enough to make them able to attend graduate school. There are two programs for which you can nominate incoming students through your departments. They are:

1. **UCF-DSR Graduate Fellowships**  
   These are full 2-year fellowships and include tuition remission. The dollar amount received by the student will exceed that of a graduate assistant and will be determined each year when the payments for graduate assistants are established. For example, if these awards were made in the Fall of 1988, they would carry a minimum annual stipend of $10,000. The UCF-DSR Graduate Fellow's stipend amount will always be announced in the spring of the year preceding that of the award. The recipient must carry a minimum of 9 graduate credit hours per semester, and is expected to complete his or her studies in a reasonable period of time.

2. **UCF-DSR Graduate Enhancement Awards**  
   These awards are intended to help attract excellent graduate students to enter UCF doctoral programs by supplementing graduate assistantships with awards to bring a graduate assistant's earnings up to the same level as that of a UCF-DSR Graduate Fellow. The stipend amount will be determined each year and is expected to equal the students' earnings plus a percentage of the student's total annual salary.

Nominations of incoming students should be made to the Dean of Graduate Studies by your department before Jan. 30, 1989. The nominations package should include copies of the student's application, appropriate test scores (i.e.: GRE, GMAT, or other specific area tests and, for students for whom English is a second language, evidence of competence in English), undergraduate transcript, and letters of reference. In addition, these awards will be available to continuing students during the academic year.

For further information, please contact Bruce Furino, x2671.
History Associate Professor Edmund Kallina and brochure he wrote that helped bring UCF honors for its contribution to Constitution awareness during the Bicentennial Year.

UCF Constitution presentation takes silver in national contest

UCF has earned a silver medal in national competition with other colleges and universities for a community-based educational program that raised the public's constitutional literacy during last year's bicentennial observance of the U.S. Constitution.

The program - a joint project of UCF, WFTV-Channel 9 and SunBank - placed second in the community relations category of an annual competition which identifies the year's best efforts in promoting or advancing the interests of educational institutions. The contest is sponsored by the Council for the Advancement and Support of Education, Washington, D.C.

The award-winning entry included an informational brochure on the Constitution, written by Dr. Edmund Kallina of the History Department, and featured President Trevor Colby, a specialist in early American history, in several televised news segments on the Constitution and the Founding Fathers. The History faculty also judged a student essay contest, which drew more than 1,500 entries from 46 through 12th-grade students throughout mid-Florida.

Small Businesses get honor program

UCF is one of the cooperating agencies sponsoring Small Business Appreciation Day, Thursday, May 19, from noon to 9:30 p.m. at the Cocoa Beach Holiday Inn.

Owners and managers of small businesses and those who would like to deal with them will take part in seminars on how to manage a small business, how to do business with local defense contractors and private businesses, doing business with the Department of Defense and opportunities in space enterprise.

A reception and dinner will follow with a talk by Buell G. Duncan Jr., chief executive officer and president of Sun Bank, N.A., Orlando.

Engineering plans reentry for grads

The College of Engineering will offer a reentry program in engineering at the graduate level, beginning the first week in June, with a math review course as the main component.

Graduates for who have a bachelor's degree in mathematics, engineering or other hard science that is at least two years old, the course is also open to men.

Be civil to all; scalable to many; familiar with:
Ben Franklin

ART HONOR
Visiting Associate Art Professor Kris- tin Condgon received the Manuel Barkan Memorial Award for 1988 from the National Art Education Association in Los Angeles in April. The award was for "leadership and service in making art education a significant and worthwhile contribution to the education of the nation's youth."

CAMPUS INVITED
Dr. Gerald Nadar, president-elect of the Institute of Industrial Engineers, will address a seminar open to the campus community, at 10 a.m. on Thursday, May 26, in CDEA 1 Room 426. Nadar is IBM professor of engineering management and chair of industrial and systems engineering at the University of Southern California.

Staff Council's reorganization waits for partial election rerun

The election of two representatives to the Staff Council from Student Affairs was challenged at the Staff Assembly last week bringing a rerun of the election for that division.

It was brought to the attention of the assembly that one nominee's name had been left off the ballots that were distributed among USPS employees in Student Affairs. A new ballot will be circulated by mail to offer staff employees of that division a chance to vote again for their two delegates, Staff Council Chair Bob Glazer said.

The ballot rerun means the Staff Coun­ cil's reorganization meeting scheduled for this week will be held instead on Thursday, May 25, at 9:30 a.m. in the Registrar's Conference Room. Glazer explained the extra week is needed to send out and have returned the new ballots for Student Affairs.

Staff employees attending the annual staff assembly voted unanimously to amend the charter to elect future Staff Council members for two years at a time, on alternate years, in order to provide a continuity of leadership. A second charter change approved unanimously makes the designation of representa­ tive contracts with new members created by administrative reorganization.

Except for Student Affairs, the Staff Council meeting for 1988-89 will consist of:
Academic Affairs - Doug Kucklick, Communication Studies.
Student Affairs - Yvonne McClure, Louise Nickolais and JoAnn Browning.
Budgetary Campus - Traci Begley.
Daytona Beach Campus - JoAnn Og­ burn.
Administrative & Finance - Walter Teague Jr., Pat Thompson, Kay Har­ ward, Daniel Arnold, Charles Evens, Sharon Olson, Betty K. Martin and Zeima McGahee.
FSEC - William Rutledge.
President's Division - Mary Dickerson. Sponsored Research - Debbie Goff.
South Orlando Campus did not put up a candidate.

John Boka, vice president for Adminis­ tration & Finance, the Staff Council's sponsor, conducted the Staff Assembly. Boka explained the staff's interest in matters pending in the legislature and about the building program on campus.

Alumni Association names winners of 22 scholarships worth $18,800

The UCF Alumni Association last week announced winners of 22 scholar­ ships, totaling $18,800.

Michael Saunders '75, chairman of the UCF Alumni Association Board of Di­ rector's Scholarship Awards Commit­ tee, said alumni this year will award more than $31,000 in scholarships.

A highly coveted honor given by alumni to no one but Fred Osman, a Spring '88 graduate with a 3.97 grade point aver­ age and a degree in Communications. She was chosen by the Board of Educa­ tion, which was chosen to be present­ ed to her during the annual alumni din­ ner at the Peabody Hotel on June 18.

Freeman of, Orlando, was the 1987 Homecoming Queen, a 1986 and 1987 Scholarship Team member, a student representa­tive to the Alumni Board of Directors for 1987-88 and was active in the community service projects of the ITA Sorority. She intends to pursue a career in student counsel­ ing.

The $1,000 Millican Scholarship, lim­ ited to members of the junior class, goes to Mary LaPlant, majoring in Organiza­ tional Communication, with a Computer Science as a minor. She maintained a 3.6 GPA.

Alumni Fellows Scholarships of $800 go to Christine Boczwizma, fresh­ man, David Parello, sophomore Computer Science major, and Iain Penny, sophomore, majoring in Physics.

Alumni Fellows Community College Scholarship of $1,000 went to the following transfer students: Brevard CC - Laos Fraser, Melbourne Beach; Daytona Beach CC - Stephen Nola, Day­ tona Beach; Lake-Sumter CC - Stanley Skinner II, Umatilla; Seminole CC - Melinda Evenson, Sanford, and Va­ lencia CC - Michael Spencer, Winter Gar­ den.

Some 800 scholarships go to en­ tering freshmen chosen for SAT scores and high school GPAs. Each was class valedictorians or Keanes, April Brown­ ford, Saminole; David White, Dickie Hol­ lins; Jocelyn Watson and Anne Marie Gony, West Orange; Tricia Rush, Merritt Island; Dorothy Sandell, Eustis; Laurel McConnell, Oak Ridge; Charles Warn­ ley, Edgewater; Lisa Ragusa, Citrus, Tamara Viviano, Colon; Paul Stasiak, Tar­ vares; Clinton Knott, Titusville, and Deanna Grabill, Gateway.

Richard Cornell (Education) did a pres­ eneration at the annual conference of the National Educational Association of Instruction. While in Washington, Corn­ nell met with the assistant secretary for Programs and Budget of the Department of Transportation, the biomedical head of the FAA's Office of Aviation Medicine and with senior information officers at the Soviet Embassy.

Robert Bolot, William Bottman, Rich­ ard Bychuk and others (Computer Education) were invited to present at the Fifth International Conference on Technology of Education in Edinburgh, Scotland from March 29-31.

'King Osborne (Engineering Technol­ ogy) presented "Productivity and Com­ puter Applications" at the Southeast/88 Electronic Conference held in March.
LOCKHEAD SPACE SUPPORTS MBA AT UCF/BREVARD

Recognizing the need of their own employees, Lockheed Space Operation of Kennedy Space Center, has given $5,000 to UCF/Brevard for support of the master's degree program in Business Administration.

Bob Westrick, director of the UCF campus at Cocoa, accepted the grant from Jim Fitch, the Lockheed Space vice president for Human Resources, on April 21. Westrick said it was the second contribution by industry since UCF/ROC began the MBA program. Gannett, the publishing company, previously gave $2,000.

The money will be used to purchase the Harvard collection periodicals, to be housed in the Brevard Community College Library. BCC shares its campus with UCF, with the Lifelong Learning Center building especially to house UCF operations.

STATE-TO-LIBRARY LIBRARIANS TALLY RECORDS AT UCF

UCF's Library's Interlibrary Loan Department hosted the annual meeting of SUS Interlibrary Loan (ILL) librarians on campus Friday, May 13.

Cheryl D. Ruppert, ILL librarian for UCF, said 211 staff from the nine state universities and the University of Miami met to review interlibrary loan arrangements.

Policies, problems and procedures were discussed in an effort to facilitate the sharing of research materials among the libraries. This year's meeting included among its topics the impact of LUIS, the online card catalog, on interlibrary loan and the use of statistical software for ILL recordkeeping.

UCF faculty, staff and students borrowed more than 4,600 books and articles this year from libraries nationwide, with the libraries from Florida state universities providing well over half of these materials with an average two-week turnaround.

LIBRARY CARRELS ASSIGNED FOR TERM

Library carrels (research study rooms for faculty use) for Summer Semester 1988 have been assigned to Maude Wilmot, J. D. Rodrigues, Brian Planeling, Charles Unovic and J. J. Stout.

Requests for Library carrel assignments for Fall 1988 semester should be sent to Graduate Dean L. M. Treffonas by Aug. 8.

The UCF Report

State-to-library librarians tally records at UCF

3 UCF non-coms rated best in U.S.

Air Force ROTC

Three Air Force ROTC personnel of UCF's Detachment 154 have been named the outstanding non-commissioned officers of all the NCOCs serving in 15 detachments throughout the U.S. and Puerto Rico.

It was the first time that three major awards had been given in one year to one detachment.

Those earning the honors were: SSgt Tim Bowers, selected as AFROTC NCO of the Year; TSgt Vicki Murphy, AFROTC Outstanding Personnel Manager of the Year, and SSgt Bill Danby, AFROTC Outstanding Administrator of the Year for 1987.

In addition, Capt. Dana Willis, assistant professor of Aerospace Studies, was selected as AFROTC Southeast Area Company Grade Officer of the Year from a pool of approximately thirty NCO officers assigned to the 32 schools in the Southeast area.

Braves also received commendations from the NCO Academy at Keasler AFB, MS, where he completed a six weeks course designed to broaden the leadership and management skills of selected sergeants. He was given the Communications Award for displaying excellence in both writing and speaking ability and was named a Distinguished Graduate for finishing in the top 10 percent of the class.

BRYANT FOUNDATION GIVES NEW PAINTINGS

Seven new paintings from the Bryant Foundation will be added to the Bryant West Indies Collection, which is housed in the Special Collections section of the UCF Library.

The new paintings will be on display in the Library's art wall until June 8. Gifts Librarian Andrea Von Jares also noted that 20 new books have recently been received from the Bryant Foundation for the same collection.

OFFICIAL BALLOT

To Spotlight the UCF Employee of the Month

I nominate

for UCF SPOTLIGHT EMPLOYEE OF THE MONTH. (Nominee must have been a University Support Personnel Service employee for at least one year.) Any employee, including faculty and A&P, may nominate a candidate on basis of job performance, dependability, attitude, etc. A name submitted remains in the pool of eligible candidates until the end of the calendar year.

Reasons for your choice:

Signed:

Cut out ballot and return to Kay Harward, Physical Plant, Rm 123.

(MARK ENVELOPE "Confidential"

FOR SALE

Air conditioner, 3.5 tons, outdoor unit, 10,000 cfm, $360.
281-6533 or 241-0307.

FOR RENT

Sunny room overlooking golf course, very quiet, use of kitchen, laundry facilities, swim pools available, UCF 4 miles. No deposit. $150/month plus utilities. Available late June. 281-8207 or After 5 at 281-6533.

Arbor Ridge House, 4bd, 2ba, UCF 2 miles, no pets-$650/month plus deposit. Call Donna Cannon x2771 or 281-5191.
