ROLLINS DAY BY DAY

PICKARD-FOUNDED-PICKARD

We talk a lot about "it." We think Doc Holt thinks that Rollins has "it."

What is "it"? If "it" is what Elinor Glyn says it is where is "it" at Rollins?

Ask us, we don't know. We will ask Zip, Abbott or Pinky, they might know.

Were you at the Junior-Senior Prom? Valentine has nothing on some of our Rollins teepischureans.

When it comes to co-educational wrestling our "flaming" youth sure has "it."

We wonder what "it" was some of the boys had during intermission.

"It" smelled like varnish remover.

Our idea of "it."—\$\$\$

The co-ed's idea of "it" is very similar.

If the Sandspur's knockers were its executives, the knockers would soon be boosters.

To give the Sandspur "it," that's the proposition.

A crew leaves for Asheville tomorrow. Remembers boys, row a bit and radiate "it" for dear old Rollins.

The trouble is when it comes to "it" some of the boys are better radiators than others.

We should ask the co-eds who the best radiators are.

If we send them, our Asheville friends may form a "hot" opinion of Rollins.

Enrollment Statistics For Year Released

Four hundred and seven students, as compared to three hundred and twenty-seven last year, were enrolled in Rollins during the first two semesters of the year 1927-1928, according to figures released yesterday by Mrs. Cox, Registrar. This total includes 43 seniors, 45 juniors, 74 sophomores, 105 freshmen, 11 post graduate students, 90 extension course students, 26 music school specials, and a large number of specials in the department of Arts and Sciences.

The college increased its national scope by two states this year, students being divided as follows: Alabama 1, Connecticut 9, North Carolina 5, South Carolina 1, Florida 810, Georgia 3, Illinois 4, Indiana 3, Iowa 5, Kansas 3, Louisiana 1, Maine 2, Massachusetts 3, Michigan

ROLLINS TO SPONSOR HIGH SCHOOL SWIMMING MEET

The State High School swimming meet will be held Saturday, April 28, on Lake Virginia. Ray Greene will have charge of the events.

The shores of Lake Virginia will again be packed with cameramen, enthusiastic sport fans and students taking pictures and cheering the swimmers to victory.

The girls' meet will start at nine-thirty Saturday morning. The boys will enter the contest at two-thirty.

Ray Greene predicts this to be a banner year, as thirty-one schools

Hazel Sawyer Wins Short Story Prize

Announcement was made Friday in chapel that Miss Hazel Sawyer's story, "The Dietator," was the winner of the M. Flossie Hill Short Story prize of twenty-five dollars. This contest was founded three years ago by Miss M. Flossie Hill of Fort Myers. It is open to any student in Rollins College. Miss Hill announced this year that she intended to increase the prize and that it is to be permanent.

Miss Sawyer is the first girl to make away with the "Bacon," Albert Newton and Paul Hilliard having won the prize the first and second years.

The judges were Mrs. Rose Mills Powers, Miss McConnell and Mr. Clinton Seallard.

Frances Vallette Gives Senior Recital

Miss Frances Vallette of the Rollins School of Music gave her Senior Recital Wednesday evening, April 18, at Knowles Hall. She was assisted by Mrs. Lucille Bishop, soprano.

The entire program was played with skill and feeling. One of the most popular selections was a Concerto by Mendelssohn during which the second piano part was played by Miss Leila Niles.

Rollins Players Will Give Diverse Program

On April 27, in Recreation Hall, at 8:00 P. M., The Rollins Players will present another of their popular bills of one-act plays. The plays to be given are "The Opera Matinee," an amusing comedy by Alice Gerstenberg, "El Cristo," the 1926 Bellasco prize play of the Dallas Little Theatre, written by Margaret Larkin, "The Flattering Wood," a famous Orpheum circuit sketch by George Kelly, and a one act thriller, "The Yellow Triangle," written by George Sutton, Jr.

JUNIOR-SENIOR PROM AT SANLANDO SURPASSES ANY OF YEAR'S DANCES

PHI BETA TO HOLD TAG DAY BENEFIT APRIL 28

April 28 is set aside as Phi Beta MacDowell Benefit Day. This fraternity has been offered the opportunity to own one of the cottages in the MacDowell colony at Peterboro, New Hampshire.

Edward MacDowell, America's foremost composer, visioned, and his wife later created, a retreat where artists might find the stimulation and solitude they needed. The colony is not a school, nor a vacation place. It is merely a small colony where musicians, writers, sculptors and artists gather and create in the audience.

K. E. Annual Banquet at Water Witch Saturday

The Kappa Epsilon fraternity celebrated its twenty-sixth anniversary by a banquet at the Water Witch Club in Orlando last Saturday evening. K. E. was the first sorority established in the state of Florida.

The banquet table was elaborately set with centerpieces of red and white roses and red candles in silver candlesticks. Place cards were done in white with red lion crests. Programs were also printed in the fraternity colors.

Phi Omega Honoraries Sponsor Benefit Bridge

Twenty tables were played at the benefit bridge given by the honorary members of Phi Omega sorority at the Woman's Club Saturday afternoon, April 14.

The building was decorated with ribbon streamers across the ceiling and with vases of cut flowers and ferns.

After several progressions, Miss Ella Macklin, holder of high score, received a cyanoac garment holder.

Alpha Omega Sorority To Give Big Carnival

Back again an old-fashioned carnival! candy, peanuts, popcorn, pink lemonade, hot dogs! Six rip-roaring big vaudeville acts to boot! Tonight at Park and Comstock Aves. come to see the largest spider in the world, the winged brick-bat and other wonders of the world. Lot of fun and attractions for everybody, so don't forget, for if you do, you'll be the one who has missed the greatest carnival on earth.

Rollins first Junior-Senior Prom made its formal debut at Sanlando Country Club Friday, April 13.

Though thirteen dances were scheduled, someone evidently carried a rabbits foot, for there were no signs of calamity lurking about.

Encore, encore . . . One o'clock struck on dance number 16. The club was ideal. It afforded bridge rooms, strolling "greens" and porch promenades.

Fort Pitt kept everyone whirling to the tune of "The Small Town Girl."

Chaperones and students enjoyed it equally and reluctantly shook the confetti from their hair, disengaged their feet from the streamers and limped home.

The chaperones were Miss Hannah Garland, Mr. and Mrs. Glenn E. Carlson, Mrs. Ruby Newby, Mr. and Mrs. Charles Moore, Mrs. Hill and Miss Isabel Boice.

Crew Men Leave For Asheville Tomorrow

Tomorrow morning five crew men and Coach Charlie Chase will leave for Asheville, N. C., where they will race against the four-oared crew of Asheville school on Saturday, April 28.

The trip will be made by auto. The crew is leaving early so that the men can become accustomed to using a four-oared shell.

The oarsmen who will make the trip are to be chosen from the following candidates, Captain Albert Warner, Harrison Cobb, Herriek McConnell, Howard Delamater, Jerry Miller, Willie Seaver, Ronald Stillman, and Robert Pepper.

The Rollins outfit will meet strong opposition from the Asheville men as rowing has been their major sport for the past fifteen years.

Rollins Independents To Play Sanford Club

A Rollins independent ball team, composed largely of men from the campus, is working out daily in preparation for a game with the Sanford club. Although the date is not definitely fixed, the game will be played either the last of this week

CHESS

On Wednesday evening the Chess Club tournament for the college championship opened. The tournament adjourned at 11:00 with Pepper leading the field. The final games were played yesterday, too late for a Sandspur report.

The Sandspur

Established in 1888 with the following editorial: "Unassuming yet mighty, sharp and pointed, well-rounded yet unyielding, admirably tenacious, yet so glibly and energetic as its many blades, victorious in single combat and therefore without a peer, wonderfully attractive and seductive in disposition; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

"ROSES ARE RED AND—"

"Aren't the flowers perfectly gorgeous!" and "Hell, y'wouldn't know the ol' campus for the same place!" are familiar remarks. All of us have heard them and most of us have said—one or the other.

In fact the campus is in the best shape it has ever been. Cloyde Russell is responsible. For a year he has been planning and planting.

Last spring the administration appointed him campus gardener. They gave him the seeds and told him to go ahead. It has been hard work, but Cloyde has gone about it in his usual quiet effective way. New visitors, alumni, townspeople and students are exclaiming over our well-groomed campus. Those attending this spring's water meet will be more favorably impressed. It was a wise investment.

JUST BY WAY OF SUGGESTION

"Has not Rollins enough student organizations?" was the question hurled at candidates-for-governor, Catie and Hathaway, after their talks in Orlando recently. "Yes!" was the unanimous reply.

In view of this fact the Rollins Peaseta Chapter of the Order of Billygoats has drawn up a brief list of suggestions for new clubs which it is hoped will be more interesting and useful than many of the present gangs.

1. We-were-kicked-out-of-one-College Club.
2. We-were-kicked-out-of-more-than-one-College Club.
3. We-want-Rollins-as-our-Alma-Mater Club.
4. Native-Floridians' Club (if there are any such in college).
5. Bakers' Club.
6. Moss Pullers' Club.
7. Fire-escape Club.
8. Charlie Noack Club.

FILES WANTED

Students, or others, who have back numbers of the Sandspur, with which they are willing to part, will confer a favor on the Sandspur file, and the Library, by leaving them with the Librarian. The present year is complete but occasional copies are

missing in almost every year. The years from 1924 to 1926 are, for some reason, quite incomplete and copies for those years will be especially welcome. Send in anything you have from recent or from former years.

W. A. A. NEWS

Tennis Matches

The tennis tourney has been posted on Carnegie bulletin naming contestants and explaining matches. Martha Mathis, tennis head, is anxious to have more girls play their games. She urges each girl to see her opponent and arrange a match immediately.

If any explanations are needed, or any girls not signed up wish to play, they may see the tennis head or the physical education director.

The supper hike from Sandland to Wekiwa by way of the old Indian Trail will be Saturday at 1:45. The supper charge will be 30c.

Any noon from 1 to 1:30, the physical education room will be open to girls for exams, aids in posture, or any advice.

Volley ball teams will be chosen soon. There is enough material to give some exciting Odd-Even games.

New Sport at Rollins

Volley ball, a new sport at Rollins, has recently been introduced here with Harriet Gleason as head. Thirty-four girls have registered for the sport and turned out with true Rollins spirit. The Odd and Even teams were chosen Monday afternoon. It is planned to select captains on Thursday. The squad is as yet unversed in volleying and serving, but under Miss Jackson's supervision, is rapidly improving in technique and skill.

Swimming!

Class captains and the swimming head urges all girls to prepare for the preliminary cumulative swimming meet which will be held April 26, 27 and 30. The class meet is set for May 4 and the Odd-Even Meet May 18.

Contestants may enter three events, only two of which may be speed. The events are: 25 yd. dash, 25 yd. breast stroke, 50 yd. crawl, 25 yd. back stroke and the relay.

The form events are: resting back stroke, standing dive, dead man float, side stroke and a stunt.

As points will go towards class teams at the preliminary meet, all girls are urged to join in helping their class. On any fair Tuesday, Wednesday or Friday, after 4:20 either Miss Jackson or the captains will be glad to help girls wishing coaching.

SPEAKERS OF THE WEEK

Chapel, Friday, April 19th—R. L. S.

Under the auspices of R. L. S., Barbara Sheffield and Dolores Wylie presented an amusing burlesque, the sequel to the Sleeping Beauty. Barbara was a most harassed prince while Dolores as the princess was determined not to lose a single minute of good time after her long sleep. Much interest is being shown in the student programs. They are developing into an important part of student life.

Chapel, Monday, April 16th—

Rev. J. Blanton Bell

Dr. J. Blanton Bell of the First Presbyterian Church of Orlando has become one of the most popular ministers in the community. In the spring of 1927 Rollins College recognized the service he is doing by conferring the degree of Doctor of Divinity on him.

Dr. Bell took his text from the fourth chapter of James, "For what is your life? It is even as a vapour that appeareth for a little time and then vanisheth away." The theme of his talk developed in an interesting manner was that a life is like vapour drifting until it is illumined and controlled by faith in Christ when it becomes a thing of beauty and power.

Chapel, Wednesday, April 18—

Dr. Geo. Carrothers

Dean Carrothers spoke on the need of a few regulations here at Rollins for next year so that the college may maintain a happy medium between the autocracy of church schools and the anarchy that evidently reigns here now. He expressed a wish which is backed by a majority of the students that there may be a decent organized civilized life here next year.

AND BEHOLD, THEY LAID ASIDE THEIR RAKES

Tarzan of the Apes has nothing on some of the boys who work on this campus. Almost every afternoon there are two or three of them perched in the tops of the big trees, swinging from limb to limb. With the aid of a hooked bamboo pole with a wire hook they are cleaning the moss from the branches.

Although there have been several near-accidents no one has been definitely hurt. Buddy Goodell had a narrow escape when he sawed off the limb on which he was sitting and Welch Fisher nearly fell when he was reaching for a box of matches.

A movement is under way to raise funds for a fire net which friends of the workers will hold under them when they are engaged in their hazardous occupation.

"GOMMY GUNK" NOW AT SMITHSONIAN INSTITUTE

Aquamarine animal crosses great biographical research but curiosity seekers were unable to determine the origin or species of this strange specimen.

"Gummy Gunk," so he shall be called until accurate and reliable information prove the contrary, was found in the Gulf of Mexico near Anna Maria by a group of Easter week-enders. All authorities in the section examined the "poor fish" but they searched through great books and scratched their own heads in vain. Whether it was jelly fish, ink

fish, or neither was undecided. So "Gummy Gunk" was pickled and shipped, postage paid, to the Institute. We await Smithsonian's verdict. Misses Holland, Fisher, Hall and Dickson are acclaimed as "Gummy's" promoters.

CLOVERLEAF NEWS

Vera Dickerson has succumbed to the charms of Cloverleaf, and has moved in bag and haggag.

Libby and Glad Marton went to Sarasota last week-end. Glad stayed until Wednesday. 'Twas awfully quiet—and lonely without her.

Other girls who went home for the week-end are Jewel, Viola, Vivian, and Vera.

Barbara King is still missing. Cutchie and Doggett went to church Sunday.

PHI OMEGA HONORARIES SPONSOR BENEFIT BRIDGE

Mrs. Brossier won second prize, a lace dolly, and Mrs. Paul was presented with the third prize, a set of handkerchiefs.

While refreshments of punch and cake were being served, a program was presented consisting of a piano solo by Catherine Adams, two readings by Marion McCutcheon, and a trio selection played by Frances Vallette, piano, Lucille Pipkora, cello, and Dorothy Emerson, violin.

The Senior class of Rollins College takes this means of publicly expressing their appreciation to the Junior class of the delightful dance honoring them at Sandalo country club last Friday.

Last Monday Professor and Mrs. Harris entertained in their home in Virginia Heights Dr. and Mrs. John C. Jones of Daytona Beach and Columbia, Missouri. Dr. Jones is President Emeritus of the University of Missouri and President of the University Cruise for 1928-29. He showed great interest in the new Rollins Plan of study. Mrs. Holt and Mrs. Elizabeth McQueen were invited to meet Dr. and Mrs. Jones in the evening.

PHI OMEGA

Well, another benefit bridge is over. We are certainly grateful to our honoraries. They did all the work and we derive the "benefit."

By the way, have you heard the Phi Omega Trio? After the enthusiastic appreciation rendered the Kitchen Orchestra, Lucille, Frances and Dot decided to try for bigger and better melody. And what is more, they succeeded!

Monday evening, we were all invited over to the home of Professor and Mrs. Grover to meet their daughter, Hester, who is spending her Easter vacation in Winter Park. And what fun we had! After playing games for a while, a good old-fashioned spelling contest was held. At its conclusion it was discovered that Mary Green held high score, while the one misspelling the most words was a certain well-known Golden Personality. Three guesses. Last two don't count. After refreshments were served before the roaring log fire, the Phi Omega Trio entertained us with a selection. As the evening drew to a close, we all gathered around the piano and sang some Rollins songs, and then went home with the Alma Mater still ringing in our ears.

Mr. and Mrs. Pipkorn and Irene came over from Sarasota to spend a few days in Winter Park and Orlando. Consequently the kitchen is well-stocked with coffee-cake and other "eatables." Here are an aunt and uncle right after our own hearts.

Tuesday evening five of us took Hester Grover to see the bright lights of Orlando-after-dark. After dinner at the Ruthanna Weaver Tea Room, we all sowed our "wild out" with Colleen Moore at the Beacham. And, of course, the sightseeing trip wasn't complete without a moment's stop at Charlie Noack's "club."

ALPHA OMEGA

The sorority takes great pleasure in announcing as honorary member, Mrs. T. E. Brown.

We were the guest of Mrs. Barnes and Mrs. Mitchener at a bridge-tea given Tuesday afternoon at the home of Mrs. Barnes in Orlando. Katherine Kimball received high score prize at bridge, and Ellen Huffer as tea guest received a cut prize

of a box of correspondence cards. Gene and Tiny made a round about trip to Fort Myers stopping at Ybor City, one of "the seven wonders."

Gerry came down from Howey and spent the week end with us. This will be her last visit, as she leaves for Detroit Wednesday. We certainly do hate to see you go, Gerry.

Norma Workman, a student of last year, is here from Tampa for a short visit.

Don't miss the carnival tonight! Be able to tell your grandchildren that you have seen the largest spider in the world and the only winged brickbat.

SIGMA PHIROLITIES

Sigma Phi members, active, alumnae and honorary, had a pleasant business and social meeting Tuesday evening at the house. A crackling fire, songs and delicious refreshments added materially to the enjoyment of the group.

Mr. and Mrs. Howard Gould of Saint Petersburg came up Friday with Bee and stayed to the dance.

Puca is slowly recuperating from the wedding with its accompaniment of much touring and excitement at Palm Beach.

Kay returned to a houseful of sleeping beauties early Monday morning. Maybe she'll send an alarm clock in addition to a telegram before next time.

Elizabeth and Glad Morton, Evelyn Dodge, Chet and Prof spent the week-end in Sarasota.

Helen Massey brought home another bridge prize Monday night from the Kappa Phi Sigma party.

Lo Bean and Schneck were good losers in the notable bridge tournament running the past few weeks. They paid with a steak roast near Sanford Friday evening. The champions were Elizabeth Morton and Chet Thrig and the others in the party were Sodie Solter, Virginia Little, Evelyn Dodge, Roy Poase, John Knott and Prof. McWhite.

AROUND CHASE HALL

Chase Hall has its share of notables at last. Charlie Chase, varsity crew coach, has moved in to be one of the "boys." We now have quite an array of celebrities, what with Big Ben Pound, the coming champ, Fleetwood, and now Charlie. Welcome Charles, and may you have your share of Buddy's mosquitoes.

Cloverleaf with its rats has nothing on Chase Hall. Bus Tracy has a flying squirrel that he is training for a non-stop flight across Lake Virginia.

In the past visitors on the campus have mistaken Chase Hall for everything from a dining hall to a gymnasium. Now that Charlie has added his Ford to the collection out in front, there can be no doubt that the building is a man's "roasting place"—unless it be a garage.

"You can't beat me for making

DO YOU KNOW?

Madame Bowman

She was born in Condreau Vende, in western France.

During the war she taught at Loir-et-Cher. When asked if she had had any real battelfield experience, she said, "Oh, yes!"

It was in 1918 when the Huns were nearest Paris. Her brother lived there and she was visiting in his home. Nearly everyone left Paris. The earth was thickly scarred with shell holes. The world famous gun Big Bertha thundered every fifteen minutes. All lights had to be elocked. Then came the terrific air-raids. Paris was forced to retreat into its cellars.

Madame came to this country in 1919. She has been back to visit France twice since then. On being asked which she liked better, France or America, she smiled but shook her head and said, "I think I like both best. I live in America and go back to see France!"

Madame has added real vitality to the French department at Rollins. She organized the French Club here and then petitioned and was accepted into the Alliance Francaise. Her fluent French intrigues the student into better efforts in the language.

Everyone knows her vivacious smile. You have seen Madame-tiny, toujours chic!

Jacques, her baby, is a student favorite. His collie, Liette, his tricycle, and Jacques are inseparable. They wait on the corner every afternoon at three-thirty for Madame.

biscuits," Ronald Stainthorpe and Alfred Deann tell us. They "out" to know; they spent the week-end with home folks in West Palm Beach.

Some of the boys think Pete could get a much sweeter tone to his bugle if he would blow it up the chimney each morning, instead of up and down the halls.

BASEBALL HIGHLIGHTS

By IRENE AND G. PICKARD

The baseball season officially opened April 10 when President Couledge wound up and cast the horse hide to Umpire Owens at the start of the Boston-Washington game.

The other major league teams got under way the following day.

Winter Park went Washington and Couledge one, nay, five better by opening at Apopka, April 5, at which time Shorty Hall, hash slinger at Charlie's, took three foolish swings at the sphere and heard that familiar old shout, "batter's out."

The State league composed of six teams will get under way May 1st.

Dopesters have picked the Yankees to repeat in the American League followed by the Athletics, Washington, and Detroit respectively. Pittsburg is favored in the National with the Cards, Cubs and Giants offering chief opposition.

Frisch, Grantham, and Hauser took hitting honors for the opening week. Frisch polled out three homers, Hauser two, while Grantham captured safe hitting honors.

We agree with the dopesters as to the American league but expect St. Louis to step out and capture National honors.

In the Southeastern league Jacksonville should repeat while Orlando is expected to make it two in a row in the Florida State league.

K. E. COMMENTS

Kappa Epsilon takes pleasure in announcing as a member Myra Thomas.

Mrs. W. C. Lindsey and Master Billy McKay Lindsey were overnight guests last Saturday.

Margaret and Ada McKay and Helen McKay Lindsey were all up for the annual banquet last Saturday. With the five sisters present it was a real reunion.

Tuesday afternoon from four to six Kappa Epsilon held the sixth of a series of benefit bridges at the chapter house of Chase Ave. There were six tables. Mrs. Gage won the high score. Tea and cakes were served later in the afternoon.

Surgeon (to attendant): "Go and get the name of the accident victim so that we can inform his mother."

Attendant (three minutes later): "He says his mother knows his name."

Maiden aunt, to boy wedding in garden: "Did your daddy promise you something if you'd pull all the weeds out of the garden?"

Boy: "No, he didn't. He promised me something if I didn't."

"Fadder, dese shoes hurts me every step I take."

"Then take longer steps and dere won't be so many hurts."

They had had one of their usual tiffs because hubby was home late for dinner.

"You're always late," she said indignantly. "You were late at the church the day we were married."

"Yes," he answered bitterly, "but I wasn't late enough."

Jack: "So she turned you down, eh?"

George: "Yes, I always was unlucky at love. Why, if I had been Adam, I'll bet Eve would have remained an old maid."

Father: "Young man, I understand you have made advances to my daughter."

Young Man: "Yes, sir. I wasn't going to say anything about it but now since you've mentioned it, I wish you could get her to pay me back."

He wrote to the editor: "How can I keep postage stamps from sticking together?"

Editor's reply: "Buy 'em one at a time."
