TWO HUNDRED NOW AT ROLLINS FOR SWIMMING MEET

ROLLINS DAY BY DAY

PICKARD-FOUNO-PICKARD

Stranger, take a look through Rollins pretty little newspaper. All the news that's fit to print, etc.

We must call your attention to the attractive things at Rollins.

On the level, folks, this is a pretty good place. While you are here give us the "once over."

Gents, don't be discouraged by the funny looking co-eds. Our good looking one went home for the weekend.

And, girls, the "scarecrows" you see wandering about are not our best. The true Rollins men are away with the crew.

What's more, all those who register for next year must send their pictures. The administration promises us a great improvement.

Those familiar with Rollins, Lake Virginia, Florida moonlight and our luxuriously appointed canoes don't mind if their sweeties are a bit funny looking.

After three years at Rollins we are quite satisfied. A fellow can't expect everything.

Let us compare—Florida has no co-eds, Stetson no lakes, Southern no liberty or canoes. Rollins has co-eds, liberty, lakes, canoes n' every thing.

We like Doc Holt's "new-fangled" ideas about education. A Rollins student, when wanted, always has the privilege of being "in conference."

Some inside "info" for the faculty. Pete's a lazy faker. He hid his bugle himself to hoodwink the college out of a day or two off.

Water Meet Luncheon Given by Sigma Phi

Sigma Phi sorority will serve their annual luncheon to guests at the Water Meet Saturday from 12 to 2 at the Episcopial Parish house on Lyman avenue.

A bounteous plate lunch prepared by the better cooks of the town may be purchased there for only sixty cents.

Realizing the need on this eventful day, Sigma Phi, assisted by honoraries and friends takes this means of assisting the entertainment committee by providing at least one form of enjoyment for the visiting public.

Mrs. Hamilton Holt left Winter Park Tuesday morning, April 23, for New York, where her daughter, Mrs. Beatrice Symonds, is ill with the grippe.

BASEBALL CHAMPIONSHIPS SCHEDULED MAY 17-19

Under the auspices of Rollins College the Seventh Annual Florida State Interscholastic Baseball championships will be held at Tinker Field, May 17, 18 and 19. Nine teams, one from each of the eight districts and one state-at-large team will be entered in the play-off for the coveted Walter Rose trophy.

A double header will be played on the opening day followed by four games Friday. The championship game will come off Saturday afternoon.

(Continued on page 4)

Swimmers Guests at Little Theatre Program

Arrangements have been made by the administration to admit all the high school swimming contestants as guests at the four one-act plays to be presented by the Little Theatre Workshop in Recreation Hall tomorrow night.

In the first play, "The Opera Matinee," Miss Dorothea Thomas, director of the Players will star. The cast includes Violet Sutherland.

(Continued on page 4)

Letter Men's Banquet To Be Given at Aloma

The winners of the varsity "It" in football and basketball for this year and the freshman numeral men will be entertained at a banquet at the Aloma club house on Thursday, May 3.

The dinner is being given by ten athletic supporters among the faculty and administration. This year's letters will be awarded and the successors to Captains Charlie Zecher and Buddy Goodell of the present football and basketball teams will be elected.

ANNUAL SWIMMING MEET BANQUET SATURDAY NIGHT

The annual banquet given for the contestants and officials of the Florida State Interscholastic Swimming Meet, will be held Saturday night at seven o'clock at the Orange Court.

Presentation of team trophies, individual high point cups, and the gold, silver and bronze event medals to the winners will be a feature of the banquet.

Immediately following the "feed" the Annual Watermeet Dance will be held in the Orange Court ballroom.

Jimmy Bartlett Elected Editor of 1929 Tomokan

James E. Bartlett, Jr., was elected editor-in-chief of the 1929 Tomokan at the junior class meeting held April 24. Ernest Upmeyer was elected business manager.

"Jimmy" is a hard worker and well qualified for the varied duties incidental to his new position.

It is interesting to note that Bartlett and Upmeyer have been associated before in extra-curricula work as coxswain and manager respectively.

(Continued on page 4)

Allied Arts Prizes Go To Rollinsites

Rollins faculty and students received many of the awards given by the Allied Arts and Poetry Society of Florida. Prize winners were announced Thursday afternoon at the concluding meeting of this season at the Peckard estate.

The Allied Arts of Florida is a four-year old organization. Irving Bacheller, president, expressed his gratification at the splendid growth and fine creative development of the association.

(Continued on page 4)

TWENTY-NINE TEAMS AWAIT STARTER'S PISTOL

Swimmers ready!—Go! Approximately 200 contestants in the 9th Annual Florida State Interscholastic Swimming Meet are anxiously awaiting that time-honored signal—a signal that will send tense, lithe, young bodies churning through the waters of Lake Virginia in an effort to not only break records, but to capture the biggest prize of the swimming season—the State Championship.

One of the largest and most colorful crowds in the history of the meet will line the shore of the famous Rollins course to see the largest array of interscholastic talent ever gathered in the annual meet.

Many of the spectators will recognize the stars they saw in competition last year, or two or three years ago, and will see them for the last time this year, perhaps, in interscholastic competition.

(Continued on page 4)

Thetas Receive Scholarship Cup

Florida Alpha Chapter of Theta Kappa Nu fraternity held its Fourth Annual Banquet at the Orlando Country Club Tuesday evening, April 24, when alumni from many parts of the state returned to their Alma Mater to attend the event.

The toastmaster of the evening was Professor E. F. Weinberg, of Rollins College, who is an associate member of the fraternity.

Robert Burdians, present archon of the fraternity delivered the opening address. His subject was "The Present," in which he spoke of the growth of the fraternity since its entrance into the national Greek letter organization of Theta Kappa Nu.

Professor Joseph S. Buene, associate member of the fraternity, gave

(Continued on page 4)

Scholarship Prospectus Favorable To Rollins

Rollins, at present, offers annually ten times as many scholarships contributed out of funds as any other college in the United States.

The number of fund scholarships given annually is rapidly decreasing. Last year approximately seventy-two full scholarships were given out of college funds. Next year only forty-five will be offered.

In direct contrast to this is a steady increase in gift scholarships. Last year there were only four students enrolled with gift scholarships. Twelve have already been offered for next year.

Considerations for scholarship awards are based on the following five points:

1. Financial status of the student.

The Sandspur

Established in 1924 with the following editorial: "Disseminating yet mighty, sharp and potent, well-rendered yet unspiced, assiduously insouciant, yet as girly and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and exuberant in expression; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

Rollins College, from Prexy Holt down to the lowest freshman, extends a cordial welcome to the contestants, coaches, and visitors who are here for the Ninth Florida State Intercollegiate Swimming Championships.

The annual meet is an event that all Rollins looks forward to each year with the greatest expectancy. Students, faculty, and administration wish that you could remain for more than a few days—wish that you could remain long enough to catch the spirit, the good fellowship, and the co-operation that prevails on our campus.

During the short time you are here we are at your service willing to help you in any way we can.

"WHICH COLLEGE?"

A book has recently come from the MacMillan press which is of interest to every person in the United States who is concerned with the advantage of one college over another. Rita S. Halle has compiled "Which College?" into a readable book, telling the advantages and disadvantages of going to college; suggesting the types of young people who are and are not likely to benefit therefrom; stating the new admission requirements and methods; and giving enough information about the outstanding colleges to enable parents and students to make a preliminary choice for further investigation.

It pleased the Sandspur very much to note that Rollins was among those college considered worthy of a place in the book. Not only that but that among the three chosen from Florida Rollins was the only privately administered college. Gainesville and Tallahassee are the only other Florida schools mentioned and Rollins has more space than either. Now doesn't that make you feel good? Of course, the only answer to "Which College?" is Rollins. The thing for us to do is to make everybody else agree with us.

FROM "THE SOUTHERN"

About two weeks ago an editorial appeared in the Sandspur on Standardized Hates. This article, being written by a girl, emphasized the tension among the sororities on this campus, but in reality it was meant for all Greek-letter organizations.

Last week Southern College reprinted this article. Their student body elections had caused a great deal of friction with the result that the fraternity men of all but one, organized against the fraternity that has always led in campus activities.

The Southern said: "Don't be so narrow-minded that you can't see any man but the one with your pin on. Can't you see that your group can be no better than your school? If your college is low rating, surely your fraternity will not rise to any great height. Your college is judged by the men and women that it turns out."

This is very true. We may see each fraternal organization on this campus as a unit in an institution—a link in a chain. We may say: our college is as strong as the most narrow-minded organization.

In Lakeland the fraternity that had been practically ostracized came out "on top" in the election. This fact, together with the editorial in The Southern, brought about a keener feeling in this business of campus politics.

In the coming student association election here at Rollins let each student forget Greek-letters and when voting say, "Is he, or she, the best, the most capable?"

THE PUBLICITY OFFICE

Several inquiries have been coming in from different ones as to what is "going on over at the office." For about two weeks last month you could hardly hear your own voice for the clatter of typewriters, folding of letters, and the chattering of workers. What does it all mean?

During last month over four thousand letters were typewritten and sent to friends and alumni of Rollins College, and we are glad to report that several hearty responses have been received. Over six thousand Rollins' Records were sent to names on our mailing list, all envelopes addressed on typewriter. Also over three thousand letters were sent out in answer to inquiries resulting from Dr. Holt's article in the World's Work, and the general correspondence of the office. Lacey says, "You may think I did not have much to do in carrying the mail, but you have another thought a-comin'."

The offices of the Dean and Registrar also give a favorable report of more work as they have inquiries and applications each day from prospective students for the ensuing year. They are very much impressed with the students who are expecting to enter Rollins next year.

SPORT LINES ON THE MEET

It seems great to see all the teams having a few days work-out before the meet. Quite an array of talent.

Harold Jones, Orlando 220-yard artist, has been doing better than record time the last week.

Last year Jones finished one yard behind A. J. Henderson, Miami, who took some seconds off the old record.

Elizabeth Rich, St. Pete record holder, is here again. The dope is that she will gather another record or so on Saturday.

Betty Andrews, Miami Beach star, is entered in dashes and will make people sit up and take notice if she is as good as usual.

Kinsley, Andrew Jackson star, has been one of the leaders for the past three years.

We have one champion here in Winter Park in Kirby Thomas. That 70 ft. plunge mark may go up this year again.

J. Galloway, Winter Park diver, has been going through his twists in good form lately and will give plenty of competition.

One coach clocked a 75-yard dash and got his "boy" mixed up with another. Net result was heart failure. 75-yard in 38.2 flat was just too much.

FLA. STATE OFFICIALS ASSOCIATION MEETS FRIDAY

The Florida State Officials Association will hold its regular quarterly meeting on Friday at 7:30 P. M. in Carnegie Hall, Rollins College.

Business to be transacted will include report of various committees, applications for membership, and action on various matters of interest to the Association in regard to officiating.

Chas. Farry of Orlando is president of the Association.

K. E. KOMMENTS

Mrs. B. L. Larsen, of Asheville, N. C., announces the engagement of her daughter, Beatrice Louise, to Mr. Donald C. Vincent.

Edna Wells will entertain with a bridge tea and handkerchief shower honoring Trixie at the Kappa Epsilon fraternity house on Chase Ave., next Tuesday afternoon. Many delightful parties are being planned for the bride-to-be.

Virginia Seales and Nick Dickinson motored down to Crescent City with a party for the week-end. They were guests of Mrs. W. Warner.

Last Saturday afternoon at five, Mrs. H. E. Osterling entertained with a lawn dinner at her home, "The Palms," on Interlachen Ave. After dinner, the guests enjoyed dancing, bridge, and the radio.

Mrs. E. H. Riggs assisted Mrs. Osterling in entertaining.

Kappa Epsilon held the seventh and eighth of its bridge series Wednesday afternoon and evening. The afternoon bridge was for alumni and honoraries.

Tea was served at five. The evening bridge was given for students and faculty.

Coffee and cake was served later in the evening.

WHENCE COMEST THOU, O NOBLE GRAVY!

The latest "beanery question" was answered at supper last Monday night when meat was set on the table.

Biscuits and gravy had been the main dish at lunch that day with no meat in evidence at all. Chicken had been positively the last meat dish, but this was not chicken gravy. The burning question was whether it was the day before's or the next day's gravy.

Believe it or not, they doubted its genuineness. Finally Pete's bugle sounded again, summoning the hungry horde back to the beanery for supper. And, lo, biscuits, gravy and MEAT was served then.

The tension relieved, the satisfied students broke into light conversa-

tion. No one left for eight whole minutes. However, a few were overheard guessing whether there had simply been more gravy than meat or —!

A REAL ROLLINS FABLE, OR WHO TOOK THE BUGLE?

"—and at this college called Rollins there was a bugler by the name of Peter. For three whole years he faithfully blew his bugle at all of the appointed hours. But it came to pass that his bugle disappeared while he was busy eating one day. A Saturday noon it was. No trace could be found of the bugle or its abductor."

"All that day an unaccustomed silence hung under the moss-draped oaks on the campus. Strange things began to happen. Hungry students visited the beanery spasmodically. Meanwhile the bugle was discovered by another student who sympathetically lifted it from its base (ment) hiding place and carried it nearer the stars."

"The bugle was sadly missed the next day. Some didn't even know when to arise. Five brightly students came to dinner early. The situation was becoming increasingly terrible. And Peter refused to blow the bugle until it was returned to him. Everybody made a wish about the bugle that night."

"The next day the Dean found it impossible to endure more. He called four outstanding men from this college called Rollins in to talk to him. There was much preliminary parley. Then he dismissed two of the knaves and asked the others to discover the bugle before 10 bells or else put chase him a new one. His intense feeling understood by all true Rollinites."

"So four stalwart fellows climbed up the chimney in Chase Hall and benevolently gave the bugle back to Peter."

Teacher: The prince was born when the battle of Serpen took place. Now, who can tell me the date of his birth?

Pupil: The 17th, 18th and 19th of October.—Comet.

Earle Misell: This poetry for tomorrow's lesson isn't so hot.

Alberta: No, but it's Browning.

DARLINGTON AND BARBOR GIVE JOINT RECITAL

Rollins College School of Music presented the joint recital of Alceas Barbor, pianist, and Hazel Darlington, soprano, in Knowles Hall Tuesday afternoon, April 24, at five o'clock.

A very appreciative audience applauded the splendidly rendered program.

Fantaisie in C minor, Mozart—Miss Barbor.

Berguettes of the XVII Century, "Maman, Dites Moi," and "Non, je n'ai plus six mois."

Lullaby, by Gretchaninoff—Miss Darlington.

Galatea, by Jensen; Scherzo in E minor, Op. 16 No. 2, by Mendelssohn; Papillon, Op. 30 No. 5, by Olshen—Miss Barbor.

Aria, "Addio del passato" from "La Traviata," by Verdi; Jewel Song from "Faust" by Gounod—Miss Darlington.

Richard Wallace, accompanist.

AROUND CHASE HALL

All is peace and precision around Chase, now that Pete's long lost bugle has returned. The act of abduction was well timed as it gave some of the boys time to "catch up the slack" in their missing sleep.

Last week it was suggested that Pete might get better effects by blowing his horn up the chimney; this week the bugle blew itself up the chimney. It was found resting peacefully among the soot and cinders of the lobby fireplace.

Bus Warner and Herriek McConnell, captain and first mate, respectively, of the variety crew made the trip to Asheville this week.

Goodell and Fisher have moved into the room on the front vacated by Charley Chase. Careful girls—there are no shades in this room.

Since Lefty Moore moved out Big Ben has to hire a maid to keep his room clean.

Al West is now a resident of Chase, having taken shade with Rusty Moody in the conservatory end of the building. Both Al and Rusty say the programs from Pinchurst are coming in fine.

PHI OMEGA

Estelle Pipkorn arrived Wednesday from New York, and it certainly seemed like the days of real sport to have "E" around again. However, she continued her journey to Sarasota today along with nine other Phi Omegas to attend the wedding of Beata Meyer.

The A. O. Carnival was great. We partook of refreshment, fun, and fishing till our funds were decidedly depleted; then volunteered to the Coliseum to skate off our extra endurance. To top off a perfect evening, our advice is, "Go skating along, singing a song, side-by-side."

The gypsy strain in Helen and Hat Gleason, H. Pipkorn and Frits

Kuchler got the better of them Sunday, so they took to the open road in a motor. That is, Plugging Pluto conveyed them to St. Augustine, but only those with that broad, flexible outlook could possibly conceive of Plugging Pluto as a "motor." However, the important thing is that they did arrive in the sainted city and did return, even though three punctures did occur to make the trip spicy.

We all have a passion for two strenuous sports at present. They are, reading from left to right, swimming by moonlight and eating Orange Cones. We surely do "go" for those bigger and better confectations.

It isn't our idea of a good time to be inoculated, but it seems to be Boots', for immediately upon receiving her first and foremost prize, she treated herself to a "shot" in the arm.

I guess we know our politics all right. Vote for women, say we, and to support our candidate we lent our presence to the torchlight procession for Ruth Bryan Owen in Orlando, Monday night. Flaming youth is a great advertisement!

Did you ever hear the song, "Love Sends a Little Gift of Roses?" Well, Frances received a whole dining room full, so the pleasure and the love is divided about fifty-fifty.

SIGMA PHI SEZ

"Gommy Gunk" must be someone wonderful. The Smithsonian Institute acknowledged him but are researching diligently before they submit any verdict to us.

Jane Folsom spent the week-end at home in Lakeland.

There has been much making of "Sissy" dresses this week. For a good example notice Ginny Fisher's. It has an organdy ash and all.

Gladys had company Sunday. She discovered that Boston University students and is not as thrilling as she expected he'd be.

Another bridge tournament has started. The same stakes as before, that is STEAK.

Marguerite Le Bean is spending the week at the house during the absence of her parents.

Monday afternoon's storm gave rise to a regular tea and bridge party. It was cinnamon toast and tea right.

Benjamin Lindburg, Easy's pet petio turtle, was discovered this week. He had grown into a moss back snapper but we claimed him just the same.

Come to the Parish house Saturday and eat with us. No foolin', the food will be there and there'll be Service.

MACDOWELL BENEFIT DAY PHI BETA TO SELL TAGS

Saturday, April 28, local Phi Beta members will sell tags for the benefit of a Phi Beta cottage in the MacDowell colony. Buy a tag at your own price also a chance on the box of candy to be given away at the water acet dance.

R. L. S. DISCUSSES WILDE

The Rollins Literary Society held its bi-weekly meeting in the Books Room Friday evening, April 20.

At this time the life and works of Oscar Wilde were discussed with much avidity. Ann Lupton read striking selections from "Salome" to illustrate Wilde's ability in writing delicate, singing passages. She quoted from "The Ideal Husband" demonstrating his skillful and brilliant use of epigrams and scintillating conversation.

As a creator of plays, essays, and fairy tales, Oscar Wilde must be recognized not only as an important writer, but also as a writer of great versatility.

TRIXIE ENGAGED

Last Saturday afternoon Mrs. Harry Kelly and Mrs. O. J. Sathoff were joint hostesses at the home of the latter on New England Avenue for an announcement party of the engagement of Beatrice Larsen and Donald C. Vincent.

Spring garden flowers were used in the living room and sun parlor. After an interesting afternoon of bridge, a pair of pink glass compotes and a necklace of pink pearl beads were awarded the high score winners. The cut prize was a dainty pink goergotte handkerchief. Punch was served throughout the afternoon.

The tea table was charmingly laid with a lace cloth and lighted with cathedral tapers in silver holders centering the table was a huge pink crepe paper rose, which held pink rose buds in which were tied cards with the names of the engaged couple.

A musical program was given during the tea hour. Edna Wallace Johnston sang several numbers accompanied by Mrs. Kenneth Kraft who also played two piano selections.

Mrs. Symonds has been spending the winter at the home of her parents on Interlachen Avenue, and left for New York a few weeks ago to visit some friends. The change in climate was evidently the cause of her sudden illness.

KAPPA PHI SIGMA

Everyone has been moving around so fast for the last week that it is hard to keep tab on who is here and who is there. Jerry and Hank, fortunate of the crew, are doing big things in Asheville. We don't know just what the big things are except that one of them is to row faster than someone else.

Popper very meekly made an exit for dear old Fort Myers, where he is staying for a week, or until he gets back. Charlie and Don made one of their flying trips to Tampa. Don picked up a real car there, so they did not have to fly back. John Ostlund was in Miami over the week end.

BOROWSKY PUPILS IN RECITAL TUESDAY

Through the courtesy of Mr. Serge Borowsky a group of his advanced pupils from St. Petersburg and Clearwater will give a program of songs and arias to the students and friends of the Rollins College School of Music at the Congregational Church in Winter Park on Tuesday evening, May 1st. The program will include arias from "Faust," "Il Trovatore," "Mason," "Samson et Delila," "La Gioconda" and songs by Tchaikowsky, Gretchaninoff, Grieg and others. The second part of the program will consist of several important scenes from Tchaikowsky's Opera "Eugene Onegin." In these Mr. Borowsky himself will join with Miss Alta Turney in rendering the famous Letter Scene. Mr. F. S. Andrews will be at the piano. The chorus parts will be sung by the Girls Glee Club of Rollins College, Edna Wallace Johnston, Conductor.

How we all envy the man to whom both making and spending money come easily.

BASEBALL CHAMPIONSHIPS SCHEDULED MAY 17-19

(Continued from page 1)

Orlando, the winner last year, again has a strong team, although they have suffered setbacks at the hands of Kissimmee and Ocoee.

The Walter Rose trophy, emblematic of victory, previously has been presented twice to Bartow and once each to Williston, Bradenton, Miami, and Orlando. Twelve members of the championship team also will receive gold medals.

SWIMMERS GUESTS AT LITTLE THEATRE PROGRAM

(Continued from page 1)

Beatrice Jones, Gladys Pell, Dolores Wylie, Mary Hall, Louise Howes, Aurora McKay, Marian McCutcheon, Billie Conklin, Myra Thomas and Marjorie McMichael.

"El Cristo" will feature D. B. McKay supported by Bob Burhans, Dolores Wylie, Lillian Richman, Sugg Hampton and Joe Jones.

The third play, "The Flirting Word" has been presented once in Orlando High School where it was well liked. Joe Jones plays the lead in this comedy. Members of the cast are Louise Howes, Lillian Richman, Annie Campbell and Colfax Sanderson.

JIMMY BARTLETT ELECTED EDITOR OF 1929 TOMOKAN

(Continued from page 1)

ly of the Rollins Crew. This fact should assure thorough co-ordination of the editorial and business staffs of next year's annual.

"Ernie" will find that managing a year book is just a thousand times harder than playing nurse to a bunch of embryo commanders, but we think he can do it.

This year's issue of the Tomokan will give the new men a good mark to shoot at. Undoubtedly they will get some "inside stuff" from the present capable staff.

ALLIED ARTS PRIZES GO TO ROLLINSITES

(Continued from page 1)

Mrs. Clinton Scollard, president of the Poetry Society, had the six poems entered for the final prize of \$50.00 read. This was for the best poem submitted from the entire United States. "We" by James B. Thomas won by one vote over "Fratricide Born" by Lytle Drummond Harris. As a souvenir of this contest Professor Grover is to publish a brochure of the six poems. "Dawn in the Everglades," a sonnet by Mrs. T. Pictan Warlow won the Ponce de Leon prize in a state-wide competition from 200 entrants. The final judges in the poetry contest were Curtis Hidden Page, president of the Poetry Society of America, and the well-known poets, Lady Speyer and Margaret Widdemer of New York.

Margaret Atterbury of Altamonte was first prize winner with Jessie Bell of Jacksonville second. Honorable mention was given a puppet

play written by Gladys Wilkinson. The drama contest created wide interest for this, its second year. There were 29 plays submitted from cities all over Florida. There were two sets of judges, a sifting and a final one. They were, Mrs. Edward Packard, Miss Emily Nicoll, D. B. McKay, Jr., John Ansler and Mrs. Hill Brown, the great director of Little Theatre in Greenwich Village, N. Y. An interesting and unusual contribution of the drama department this year was "A Chinese Rug Reading" written by Lytle Drummond Harris, head of the drama department, and presented by Rollins Little Theatre players. This play will be given in New York this summer.

Stella Weston and Hazel Sawyer were winners, first and second, in the short story contest. Carter Bradford received honorable mention. Mrs. P. A. Vans Agnew, Willard Wattles and Clinton Scollard were judges.

Hugh McKean of Orlando won in the color contest and Sara Ethel Green in the monotone. Judges were Frank McIntosh Arnold, Mrs. Parsons and Miss Steece.

THETAS RECEIVE SCHOLARSHIP CUP

a short talk which was followed by another, "The Past," by past archon Aaron F. Shreve.

Other talks were by Jack H. Evans, Miami alumnus; Frank E. Abbott, who painted "The Future" of the chapter in glowing terms; Jack Quill, present pledge, and Charles F. Warner.

Mr. Warner, province archon of Theta Kappa Nu, presented the Theta Kappa Nu Scholarship cup, won this year from the University of Minnesota, to the Florida Alpha chapter. It is a handsome silver trophy built on the grand style, awarded each year by the Grand Chapter to the local chapter holding the highest scholarship average. The Rollins group won from forty-two other chapters situated in all parts of the country.

TWENTY-NINE TEAMS AWAIT STARTER'S PISTOL

(Continued from page 1)

Extensive work has been done on the course this year and on Friday it will get a final grooming.

The day of the meet always brings with it the same apprehension that accompanies "The Kentucky Derby"—rain and wind. Last year it rained just before the afternoon events, but cleared and a few records were broken over the smooth course. This year should see a few more marks shattered, in both boys' and girls' meets, if the course is not too rough.

Eighteen boys' teams and eleven girls' teams are entered in the meet this year, and stiff competition is assured.

The Henry Kart trophy (team trophy for boys) becomes the per-

manent property of the school winning it three times. Miami, St. Pete and Orlando have each won it twice and each is as determined to make it their own this year as the other teams are to keep them from it.

Teams entered to date are:

Boys—Daytona Beach, DeLand, Gainesville, Hillsboro (Tampa), Andrew Jackson (Jacksonville), Lakeland, Robt. E. Lee (Jacksonville), West Palm Beach, Miami, Ocala, Orlando, Palatka, Henry B. Plant (Tampa), St. Cloud, St. Petersburg, Vero Beach, Winter Park.

Girls—Daytona Beach, Hillsboro (Tampa), Robt. E. Lee (Jacksonville), Miami Beach, Ocala, Orlando, Palatka, Henry B. Plant (Tampa), St. Cloud, St. Petersburg, Vero Beach.

SCHOLARSHIP PROSPECTS FAVORABLE TO ROLLINS

(Continued from page 1)

2. Scholastic standing in both high school and college.

3. Participation in extra-curricular activities.

4. Attitude toward and interest in education.

5. Apparent qualities of leadership.

Only a combination of these requisites, rather than proficiency in any particular one, is considered in making these awards.

Holders of scholarships are expected to make a general point average of 2. If the average falls below one point for a term the scholarship will be cancelled automatically.

SPORTS WRITERS TO HAVE MEETING SATURDAY NOON

Sports editors of this section of the state will hold a luncheon meeting Saturday at the Rollins Commons.

The object of the meeting will be to discuss the phases and conditions of sport in the various towns in this section.

Chas. Farry of the Florida State Officials Association will speak.

Pete Morton, president of the State Sports Writers Association, is expected to preside.

W. A. A. HIKERS EXPLORE SARLANDO JUNGLES

Saturday afternoon a group of girls led by Fleet explored the tropical jungles between Sarlando and Shepherd Springs, one of the most beautiful spots in Florida.

A car and a motorcycle (but not

SPEAKERS OF THE WEEK

Chapel, Friday, April 20

Rollins faculty and student body hilariously enjoyed Sigma Phi's contribution to Student Association chapel programs Friday. "The Noble Lover" ran in three speeds, each equally exciting.

The death agony of the king, "Gimpy Fisher," was a revelation to all dramatic art lovers. Harriet Gleason, the lover, excelled in the ultra fast tempo. An' all the others, —well, it is just too bad if you missed it.

Chapel, Monday, April 24

In a clear cut and helpful talk, Rev. Haffer spoke to the student body, taking as his subject, "You."

There are three accomplishments to which you may attain. First "You Think." There is more demand at the present for brains than for capital. Your second accomplishment is that "You Can." The accepted motto of society is "The I will's will." Difficulty is but an opportunity for success, which spurs the individual on toward achievement.

Your third accomplishment is that "You reach." Small things should not be despised as to value.

Chapel, Wednesday, April 25

This week the Dean took as his subject the "Flea." He mentioned the tendency of at least a few students to be absent when needed in student activities and class sessions. He pointed out that flea trainers can train the jumpiness out of their fleas and urged the students and faculty to iron out the flea-tendency of procrastination. He submitted the theory that nothing brings so much inner satisfaction as coming through with a performance promised ones self. In conclusion he asked the students to develop a certain characteristic which will be very helpful to success: the ability to develop fleahabit out of their life substituting promptness and fulfillment.

a cop) drove to Sarlando and from there the fun began. The two hours' hike was followed by a refreshing swim in Palm Springs; then came the time to eat.

Dot Allen added to the excitement of the trip by taking an unexpected splash when she attempted to cross the stream on a log, and Marion Templeton still gets a thrill from motorcycle racing. Others included in the group were Lois Buntwell, Agnes Ziegler, Elsie Braun, Ans Lupton and Edwina Peterson.
