## ROLLINS DAY BY DAY

PICKARD—POUND—PICKARD

There seems to be plenty of talk and knocking about elections. Being disinterested parties we hope to keep from in front of the gun.

Fraternity politics seem to us quite petty "You vote for me and I'll vote for you" is the usual procedure. If this does not work folks get "mad."

It seems to us that right now a great number of our students are "mad" at each other. That old schoolboy and schoolgirl "madness."

"He's not speaking to me." or "We never talk to her," are speeches we hear daily. These little speeches are expressing the thought and sentiment of supposedly broad minded college men and women.

Two things we should learn thoroughly in college: They are how to be good winners and how to be good losers.

In after years while looking through his college albums and year books, etc., many a worthy student officer will recall with pride the days of his former popularity.

But in telling his kids about it, will be thoroughly explain petty fraternity politics?

Among our acquaintances at college there are bound to be men we don't care much about. They are probably not our type. We don't agree because we are basically different.

College in the above respect is very much like the business world. In business, however, we must be understanding, tolerant and over agreeable.

We have noticed this week many busy buzzing little groups of three or four here and there about the campus. They are our frat boys and sorority girls ardently "airing" their opinions and grievances to each other.

Notice how quickly these groups disband or change the subject when members of the "opposite clan" approach. In college a man that "boasts" himself for office is considered extremely egotistical. If mem-

## Carrothers Popular H. S. Commencement Speaker

Dean Carrothers' part in the up-building of Rollins College has made him a popular commencement speaker.

He has recently given addresses at the graduation exercises of Inverness, Benson Springs, and Lake Alfred high schools. Soon he will start on a trip visiting Lake Wales, Auburndale, Lake Worth, Wausonula, Ocala, and Palatka, where he will address the high schools in turn.

## S.I.A.A. FORBIDS FROSH ON ROLLINS TEAMS

The office of the Dean recently received a communication from the S. I. A. A. committee on rules which stated that permission would not be granted for Rollins to play freshmen next fall.

This announcement came as a surprise and disappointment to the administration and student body, as hopes were high for a winning football team next year with several athletic freshmen already enrolled in school for the fall quarter.

This means that the burden of next season will fall on the ten letter men who will be back with the addition of the freshman numeral men and any that may enroll from junior colleges.

## Dr. Holt Introduces Rollinsites To Art

"Hail, hail, the gang's all here!" With such refrains startling the natives of the Florida hamlets, two carloads of Rollinsites took to the broad highway last week-end. The chaparrans were none other than Papa Holt, Mother Race, and Brother and Sister Moore, the history demons.

After a picnic repast en route, the party drew up to the curb before the little Universalist Church in Tarpon Springs. Here the paintings of George Inness, Jr., were viewed with the accompaniment of many "ohs" and "ahs."

There was still time before dinner to visit the Greek settlement on the water-front where the sponge-diving industry is carried on. Inspection of the storage cells where the sponges are kept was followed by a lesson in the cleaning of sponges. The instructor was a barefooted diver on one of the many picturesque Greek boats which lined the wharves.

After a tour of the curio shops, the cars turned toward the Tavern

|     | "Hay Making,"                | Needham     |

## POUND TRAINS WITH MARRIOTT AND MIDDLEKAUF

"Big Ben" Pound, the alarm of the heavies, has gone into strict training in preparation for the first fight of his summer campaign, which will open in about three weeks. This bout follows a lay-off of three months due to an injured hand. His opponent will probably be either Sid Terris or Rufino Alvarez.

Alvarez holds a knockout over Bill Middlekauf, former Florida athlete, and Terris won a decision from Pound when Ben broke his hand in the early rounds of the fight. Pound put Terris away for the count, however, in an earlier meeting.

## Big Feed Installs New Rho Kappa Sig Officers

The usually staid chemistry laboratory, the home of sweetness and light, underwent a marvelous transformation May 11, at the occasion of the Rho Kappa Sigma bacchanalia. The decoration committee had spared neither time, crepe paper, nor petunias in the creation of a bower of beauty unequalled in campus history. It is rumored that Dr. Georgia had to be resuscitated with—on beholding his laboratory in such a glorious state of conglomeration.

Envious multitudes gaped at the brilliant and unusual illumination, the combined result of ordinary electricity and scintillating intellects.

## Gladys Wilkinson To Give Recital Tuesday

The Rollins College English department will present Gladys Wilkinson in an Expression Recital to be given at the Woman's Club next Tuesday, May 22, at 8:15 o'clock. Miss Wilkinson will be assisted by Joe Browning Jones, stellar impersonator.

The program includes character readings by Miss Wilkinson, a group of impersonations by Mr. Jones, and four musical readings in which Miss Wilkinson will be assisted by Miss

## Faculty-Senior Picnic At Daytona Tomorrow

The annual picnic given by the Faculty to the Senior Class has been set for tomorrow, May 19. This year it is to be a beach party at Daytona. Here's your chance, Seniors, to let the faculty know what you really think of them—it won't be long now. While you are isolated from the world, miles down the beach, you can average every grudge you've been harboring for the past four years. Don't miss this golden opportunity. Make arrangements and go!

## DISTRICT CHAMPS MEET TO DECIDE STATE TITLE

Thursday, May 17, the Florida high school district baseball champions swung into action at Tucker field to decide the state championship.

The preliminaries will be played Thursday and Friday. The semi-finals will take place Saturday morning, and the final game to decide the state championship will be played Saturday afternoon.

The teams representing their districts are: District 1, DeFuniak Springs; District 2, Orlando; District 3, Palatka; District 4, Miami; District 5, Ocoee; District 6, Kissimmee; District 7, Hillsborough of Tampa; District 8, Miami Beach.

## Campbell's Recital Features "Fixin's"

Monday evening, May 14, Annie Campbell appeared in her Senior Expression Recital at the Woman's Club. Miss Campbell has studied under Mrs. Orpha Pope Grey for the past four years at Rollins. She was assisted in her recital by the Rollins Student Trio. The recital was well received by a large and enthusiastic audience. The program follows:

Established in 1934 with the following editorial: "Unassuming yet slightly, sharp and pointed, well-rounded yet many-sided, essentially innocuous, yet an affable and energetic as to make implies, victorious in slogan content and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

## THE STUDENT ASSOCIATION CONSTITUTION

Recently there has been much interest in the Student Association Constitution since it has been discovered where the one available copy was located. Many amendments have been discussed as necessary. This sentiment is felt because the document is not up to date and is in some cases ambiguous. Some changes that have been mentioned as desirable are:

W. A. A. shall have the power to elect its own managers and officers according to its own constitution, irrespective of the Student Association Constitution.

If a department is given the authority to overdraw its budget, such authority may not be used indefinitely.

Add to the clause on Membership which reads "All regular students, upon payment of the Student Association Fee, automatically become members of the Student Association" the clarifying statement: "Remaining so only for the term during which they pay the fee."

Y. W. C. A. and Y. M. C. A. shall conduct their elections according to their respective constitutions, not according to the regulations of the Student Association Constitution.

When it is proved that illegal votes have been cast in a student election said election shall be declared null and void and a new one called for within a week's time.

The Student-Faculty Committee shall be empowered to take over the disciplinary duties assigned in the Constitution to the Student Council.

The Tomokan shall be in charge of the Senior Class. Election of Editor and Business Manager shall take place during the spring preceding year of publication. Other members of the staff shall be chosen by the editor and the business manager from the Junior and Senior classes.

### A PERTINENT QUESTION

Do the professors at Rollins grade too high? Do the students at Rollins expect too high grades? The answer is yes to both questions.

There is a tendency on the part of both professor and student to think in terms of percentage—85, 90, et cetera—instead of in terms of A, B, and C. It is practically impossible

to know that a student makes an exact percentage, but it is quite possible to place him in a group with other students of similar rank. In this way only exceptional students will be in the A group. Those with high passing deserve the B group.

However, most of us are average students. Therefore most of the Rollins students should receive C. Anyone expecting a higher grade should do more than the ordinary required work. He should expect to do not only additional work but exceptional work.

The following table shows the present situation in regard to grading at Rollins as compared with other schools.

U. of Pittsburgh: A's 9 per cent, B's 25 per cent, C's 41 per cent, D's 25 per cent, F's (and F's).

Ohio University A's 7 per cent, B's 24 per cent, C's 38 per cent, D's 24 per cent, F's 7 per cent.

Rollins: A's 20 per cent, B's 55.5 per cent, C's 25.5 per cent, D's 6.2 per cent, F's 4.3 per cent, Inc. and Withdrawals 9.4 per cent.

In a small college it is true that there should be fewer failures than in a large university. It is true that there should be a larger per cent of high grades. However, there is no evidence at present that Rollins should give two to three times as many high grades as are given at other schools. The student body at Rollins is not one of such unusual ability that it can be graded higher than are student bodies at similar schools. Neither should it expect higher grades.

When the Rollins student body is a carefully selected, hand-picked group as the future indicates it will be, the group grading should run higher than the average. But until that time, let us, as students, expect our professors to hold up a high standard of scholarship.

Every college in our land is known by some distinctive campus feature. Round it as a symbol cluster memories that endure. California, her campanile; Harvard, Memorial Union; Connecticut Hall and the Yale fence; Salina at Amherst; Poe's room at Virginia; the columns at Missouri; the Princeton cannon; the Leland-Stanford memorial chapel.

Rollins will have her Spanish wishing-well. Already we have what no other college can quite duplicate. Live oaks gray with Spanish moss, the blue waters of Lake Virginia, moonlight and mockingbirds. The little gray warblers never tire, their enthusiasm is spontaneous, the wide world is their living text. They are our best professors.

### SPEAKERS OF THE WEEK

Chapel—Monday, May 12, 1935

Dr. C. A. CAMPBELL

In his farewell address delivered to the student body Monday, May 14th, Dr. Campbell spoke about that element of mystery surrounding all the forces of life. There is no human being who knows all there is to know in any field of learning or vocation. The Bible presents no solution to this problem of mystery except that a man must at all times exert his strength against this unseen adversary.

One challenge of life faces every individual—to meet the necessities that life places upon him.

Dr. Campbell closed his address with the following sentences: "The end is not yet. We are traveling through. Let us trust to the sun."

No mention is made in this week's Sandspur of the recent student Association and Sandspur election. The matter happened so long ago as not to be news to any student in the college. It is not sufficiently settled yet to be a matter of record. The Sandspur in its next issue will go into the matter more fully.

## NEW JOURNAL APPEARS IN POLITICAL FIELD

Last week the first two issues of THE BLUE AND GOLD appeared. It is not known how many of the 198 or 208 voters read the election editions. But despite the lollypops, the chewing gum and weenies won the hearts of the student body.

This journal, published anonymously, created a last minute friendly and jocular spirit between the two parties. The editors advocated clean politics, and realizing that was all but impossible on so small a campus, suggested Hon. Charles Nonck for President. The editors deserve a Ph.D. in "mad-slinging;" they don't omit a sliver and spread it thick on all.

This is by no means a yellow journal and it is hoped that it will be published annually.

## ALUMNI MEMBERS TAKE INTEREST IN SCHOOL

The Class of '24 established a tradition. The Class of '24 as their gift to Rollins College, took out an insurance policy for \$3,000 in favor of the College. The Class of '25, as their gift, took out a policy for \$4,000, and so each class has added \$1,000 to the principal so that the Class of '28 has just taken out a policy in the amount of \$7,000.

This is one of the finest ways in which the classes may show their love and appreciation to the old college.

The Alumni Association is cooperating with the classes in the carrying of these policies. The Association takes the responsibility of paying the premiums when they come due and the annual dues of the association paid in by the members of the classes are applied on the premium.

## WOODWARD-ATKISSON Give Recital in Tampa

Barnelia Woodward, pianist, assisted by Elizabeth Atkisson, soprano, appeared in Recital at the Tampa Friday morning Musicale Auditorium last Monday evening, May 14. They were accompanied by Richard Wallace and Gray Perry.

Miss Woodward has spent the past two weeks in Tampa preparing her program. She has studied at the Gray Perry School of Music in Tampa for the past several years and was able to continue her work under Gray Perry this year since he is also affiliated with the Rollins Conservatory.

The Rollins Conservatory recently presented Miss Atkisson in Senior Recital.

Both young artists gave a finished performance and were well received.

Wednesday Dr. Holt announced the deaths of Dr. Leon K. Dawson and Dr. E. K. Danes. Dr. Dawson was a member of the Rollins faculty, professor of Ornithology. He conducted classes here from January to March last year. He died of pneumonia in Columbus, Ohio.

Dr. Danes was a visitor to the college this spring. He was a geologist on the faculty of the University of Prague. He spoke in the Tuesday evening lecture series. His death was the result of an automobile accident.

Father: Some boys are bad, but you are an exception.

George: Thank you, Dad.

Father: Exceptionally bad!

FORMER ROLLINS STUDENT  
IS MARRIED IN SARASOTA

The marriage of Miss Beate Meyer, former Rollins student and member of Phi Omega sorority, to Mr. Willard Silva was solemnized in Sarasota Saturday evening, April 28, at 6 o'clock at the home of Mr. and Mrs. L. M. Williams.

The bride wore a long gown of white satin trimmed with chantilly lace and a veil of tulle caught with orange blossoms. She carried a shower bouquet of white roses and lilies of the valley. Freda Kuchler, her attendant, was gowned in pink georgette and cream lace and carried a mixed bouquet with white roses.

A wedding supper was served at 7 o'clock with only relatives and most intimate friends of the young couple present, among whom were eight sorority sisters of the bride.

#### PHI OMEGA ENTERTAINED BY MISS HELEN GLEASON

Miss Helen Gleason entertained Phi Omega Sorority with a bridge Wednesday evening, April 25, at her home on Park Lake Circle.

Mrs. Maguire and Mrs. Jennings of Orlando, members of Gamma Phi Beta sorority, were guests of honor.

After four progressions had been played, scores were tallied and Mrs. Maguire was awarded first prize, an attractive scarf, while Katherine Adams received a box of candy for consolation. Both guests of honor were presented with guest prizes consisting of two-deck boxes of playing cards.

#### CLOVERLEAF NEWS

There have been a lot of visitors this week. Mrs. Scales, Mrs. Warner, Mrs. Hall, Mrs. Magruder, Misses Margaret McKay, Mary Jane McKay, Celestina McKay, Lucille Carrothers, Elinor Gregory, Musella Orr, and Elizabeth Hall.

Mazzie left us to spend a few days in Jacksonville last week.

Louis Boutwell and Dorothy Allen visited Fort Myers, Palm Beach, Miami, and points South, last week-end.

Francis Doggett visited Winter Haven with Marion McCutcheon.

Mary Race and Nina Bremner departed for points West, and got there—in "Eloise."

Marcia Rogers left Thursday for Daytona Beach. She will be back Sunday. Billie Fiske left at the same time for Bradenton. She will also be back.

Catherine Kimball spent the week-end at Eustis.

We were going to write up something nice about June's departure, but words fail us in our sorrow.

#### K. E. KOMMENTS

The Water Meet brought us many visitors over the week-end. Mrs. R. Dickinson, from Dunedin, members of the McKay family from Tampa and Poggie and Mildred Canning from St. Petersburg were here.

Edna made an overnight trip to Tampa last Sunday and brought her mother back with her.

Lorna Simpson, of Ft. Lauderdale, came over from Stetson to spend the week-end with Elizabeth Atkinson.

Mrs. C. A. Scales visited Virginia over Sunday.

Tuesday afternoon, from three till six, Edna entertained with a bridge tea and handkerchief shower at the fraternity house on Chase Ave., honoring Trilix. A color motif of orchid and gold was used. After an interesting afternoon of bridge, Marian Sias was awarded a Madeira piece for high score and Helen Link received a set of cards for second high. When the tea guests had arrived, a large basket tray attractively covered with orchid and gold tissue paper was placed before the luncheon containing the dainty gifts. An leaf salad course with sandwiches, lead tea, cake and heart-shaped gold mints was served. The active chapter and intimate friends of the bride-to-be were guests.

Wednesday evening Kappa Epsilon entertained with an informal reception at the fraternity home on Chase Ave. honoring Elizabeth Atkinson. The rooms were filled with the many flowers which she received. After the recital friends were invited to the fraternity home, where refreshments of ice cream and cake were served.

We are glad to have Myra with us again after a short siege of illness.

Pet spent the week end in Tampa. Barney has been in Tampa for the past two weeks preparing her recital. Elizabeth assisted her.

#### ALPHA OMEGA NOTES

Miss Rosemond Carson came from Winter Haven to visit Margaret Saturday and Sunday. We hope she will find occasion to come again soon.

Friday afternoon we were the guests of our honorary member, Mrs. Roland Harrison, at a bridge-tee given at her home in Lover's Lane. Mrs. Moore was given the high score prize.

Hark ye of the Rollins College student body who boast of exceeding gray matter! Exercise this so-called intelligence to the extent of supplying an appropriate name for a most enchanting infant (our mascot since the rabbit disappeared). Since to the victor belong the spoils, to him who furnishes a desirable name, the baby will be given.

The unheard of has come to pass! All the residents of 144 Comstock Ave. remained at that address for a whole week-end. Even Ginny.

We take great pleasure in announcing an honorary member, Mrs. Roy Lenfest.

The Bartlett cottage was the scene of another house party this last week end, when the Alpha Omega girls took possession. The usual and unusual sports were indulged in. Kitty Kimball caught her first fish, a three pound trout. The trip to the Light House will long be remembered by those who climbed the unending stairs.

Miss Doris Knight and Miss Elizabeth Day of Jacksonville were here over the week end.

The Sorority entertained for their honorary members, and invited guests by a reception held Sunday

afternoon, May 20. A short program was presented and refreshments were served on the lawn.

#### SIGMA PHI

Sigma Phi announces as members Louise Hall and Catherine Green.

Tampa was invaded last Thursday by a Hudson load of Sigma Phi's on an earnest trip but likewise pleasure bound. Those who saw the sights of the big city were Dickie, Glad, "H," Kay and Marge. Papa Calado is a most estimable guide.

The mothers of the sorority, real and proxy, were entertained with much gusto Sunday afternoon.

Sunday morning Mrs. C. M. Green entertained Sigma Phi with an ample delicious, appetizing positively scrumptious breakfast in honor of Cath Green and Louise Hall.

Dickie spent the week end in Mount Dora. It was lonesome without her. The bridge games were doleful, even resolving to solitaire games.

Has everybody noticed the newest acquisition? Although unnamed as yet, Glad's horseless chariot of the grey color and the galloping tendencies has made a rapid conquest. Ginny expects to apply for a chauffeur's license soon.

Mrs. C. H. Morse, sorority mother, left for her home in the North Thursday morning. She was given a loving sendoff by the less studious members of the chapter.

#### PHI OMEGA HONORED

Many attractive affairs have been held in celebration of the granting of a charter of Gamma Phi Beta, one of the three leading national sororities, to Phi Omega, a local organization.

The series of entertainments began Saturday evening, May 5, with a progressive dinner given by Miss S. E. Peschman, sorority mother, and Mrs. Phillip Halla, an honorary member of Phi Omega, at their homes on Lyman Ave. Following the dinner, bridge games and dancing were enjoyed by the guests. In addition to the active members of the sorority, Mrs. Austin Race, Miss Lella Niles, Miss Mary Chisholm and Mrs. A. L. Sereomb were guests at the dinner.

Sunday afternoon, May 6, Mrs. R. F. Maguire, an alumna of the Beta chapter of Gamma Phi Beta, honored Phi Omega with a tea at

her home on Euclid Avenue, Orlando. After a piano selection by Miss Frances Vallette, college and fraternity songs were sung by the guests. Tea was poured by Mrs. Jennings of Alpha Gamma Chapter and by Miss Bickerton of Zeta Chapter of Gamma Phi Beta.

Tuesday evening, May 8, Mrs. Ruby Newby and Mrs. Josef Borno entertained Phi Omega with a picnic at Mrs. Newby's camp on Lake Conway. Other guests included Mrs. George Carrothers, Miss S. E. Peschman, Mrs. Austin Race and Mrs. Emilie Cass. After an exciting baseball game, a swim in the lake, the capture of Saint Andy by the evens, and a wonderful chicken dinner, the affair was topped off by dancing in the moonlight on the dock.

Friday evening, May 18, Miss Mary Chisholm is giving a bridge party at her home on New England Avenue for Phi Omega Sorority. The group will also be entertained next week by Miss Jewel Later of Orlando.

#### ROBERT B. HARPER

All Rollins will miss greatly Robert B. Harper, beloved fraternity brother and sterling friend who passed away early Tuesday morning at his home in Lakewood, Ohio.

Robert Harper was born in Lakewood, Ohio, March 26, 1908. He graduated from high school in his home town where he took a prominent part in the dramatics department. In the fall of 1927 he entered Rollins as a freshman. In February he was initiated to Kappa Phi Sigma fraternity. Here he held the highest scholastic average in the group.

Early in April Robert had a short illness from which he never fully recovered. Growing gradually weaker, he decided, in view of the fact that his school work was completed, to return home and try to regain his strength; but the long trip proved too much for him.

Bob leaves a vacancy on the campus that will be hard to fill. We unite in expressing our heartfelt sympathy for his sisters and parents in their bereavement.

#### KAPPA PHI SIGMA FRATERNITY

Frosh: "I didn't know a Franklin had one."
