## DORMITORY LIFE

The buildings are modern, comfortable, and unusually artistic. The sanitary conditions are 100% good. The boarding department is managed not for profit and the University spares no pains in making the life in the dormitories as homelike as possible. The student body is composed of fine young men and women, they live in separate dormitories located at different parts of the campus and a most wholesome college atmosphere is our constant joy and blessing.

## OUR BANNER YEAR

This is our banner year. Our dormitories, Chaudoin, Sampson, DeLand and Conrad Halls were filled to their capacity before the opening day. We welcomed the demand for additional accommodations and two dormitories were made ready for the ever-flow. In addition to the above mentioned dormitories, Stetson has three men's fraternities and each one maintains its own house.

## THE CHARTER AIMS

John B. Stetson University was conceived as a home-school for young men and women and as an Institution where education might be gained under Christian influences and ideals. The object of the University is to promote the general interest of education, and to qualify its students to engage in the learned professions or other employments of society and to discharge honorably and usefully the various duties of life.

## AN ASSURANCE AND A REQUEST

Parents sending their children to Stetson University are assured that everything will be done to make character the first aim in education, and that nothing will be omitted that will make the student worthy and honorable. Patrons and students are required to co-operate to this end, and accept such restraints as are deemed necessary to attain this purpose.
