Thomas E. Azzari Theme Park and Attractions Collection, 1973-2018

Thomas Azzari, Emmy Award winning production designer and art director, is best known for his work in television on shows such as *Seinfeld*, *Fish*, *Caroline in the City*, and *Sports Night*. Less well known is Azzari's work designing sets and shows for theme parks and attractions including Sea World, Silver Springs, and Weeki Wachee in Florida.

Many of Azzari's designs were open-air salt-water sets featuring Sea World's aquatic animals including "Shamu Goes to Hollywood", "Clyde and Seamore, 10.000 B.C.," "Yankee Doodle Whale," and "Shamu For Mayor." Azzari's work for Weeki Wachee included designs for the "Underwater Theater Carnival Show," and he worked on several projects for Silver Springs, Florida.

In 2018, Azzari donated his collection of drawings, photographs, and administrative files documenting his work in the theme park industry to the UCF Libraries' Special Collections & University Archives' department.

To learn more about this collection or other **Travel & Tourism collections**, you can visit the department located on the 5th floor of the John C. Hitt Library.
