Ten Students Receive Scholarships Awarded By Sullivan Foundation

Ten scholarships were awarded to Rollins students from funds provided by the Algernon Sidney Sullivan Foundation of New York, at an informal meeting at Woolson English House, Saturday afternoon, after which ground was broken for the projected Algernon Sidney Sullivan Building.

Fifty-dollar scholarship winners were Roger Lee Schoening, Orlando; Mary Malta Peters and Gus Sakakis, Tampa; Jack Teagarden, Pinecastle; Janet Hotzel, Sanford; Norma Depperman, Harrington Park, N. J.; Betty Rosenquest, S. Orange, N. J.; Neil Justice, Biltmore, N. C.; Rosemary Buck, Dallas, Texas, and Helen Ellis, Copleville, Tenn. The awards, which are made on a selective, not competitive basis, were presented to the students by Dr. E. T. Brown, treasurer of the college. Each candidate is required to write and essay and those of Helen Ellis, Jack Teagarden, and Janet Hotzel were selected and read at the meeting.

President Holt announced the forthcoming erection of the Sullivan building and said it would be

ESTABLISHED IN 1894 WITH THE FOLLOWING EDITORIAL

Unassuming yet mighty, sharp and pointed, well-rounded yet many sided, arduously tenacious, yet as gritty and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of the Sandspur.

What Price Economy?

In the last Student Council meeting for this year, the tentative budgets of Student Publications for 1947-48 were discussed and voted upon, with the result that several budgets were cut. The Sandspur was one of these publications which had its wings clipped. Whether or not the reduction was justified or not is debatable, and is no longer an issue. However, the fact that some Student Council members generously suggested the Sandspur be printed every other week in order to cut down expenses showed the impatience and narrow mindedness of some students. They claim the paper is not interesting enough. Did they ever stop to think that students and their contributions make a paper interesting? Some want gossip columns, others object. There are the students who complain about the manner in which many of the news articles are written. The staff reporters do the best job they can. If the Sandspur readers want a change in news reporting, why don't some of them give some of their time to writing the articles. It is hardly fair for students to condemn the Sandspur already. The staff has worked hard since October and every member is as anxious for the last Sandspur issue of this year as every student is to finish his classes.

Any new editor takes on the paper with the hope that after experimenting with it for the remaining few months of school he can obtain an idea of the type paper the college wants. It is disappointing, however, to realize that some students have not given the new staff and editor a chance to feel their way out of the standstill the paper has been in for the past several years. It is even more discouraging to think that they see no hope for improvement in the future.

There is hope for the Sandspur if the students will only give the staff a chance to prove it.

Bulletin Board

Mr. L. W. Emerson, counselor of the Florida State Employment Service, located at 22 East Pine, Orlando, is anxious to help college graduates and undergraduates to obtain summer positions.

This service, a branch of the United States Employment Service, deals with securing positions for men and women with college education desiring to enter vocations which require employees of the college level. There are summer

jobs as well as full time positions open to students and all students interested should secure application blanks from Dean Cleveland's office.

Emergency Operation

President Hamilton Holt underwent an emergency appendectomy at the Orlando hospital Thursday afternoon. His condition was reported as good by his physicians.

Gently Down The Stream

A couple of weeks before the end of the winter term, I was doing advance publicity work for my brother, Hugh, mentioning among other things that he was a bosom buddy of Weston Emery. And I suggested that the college had better watch out when that pair got together. I was a better prophet than I knew, for within a few weeks after the spring term began, they had the collective membership of the college right where they wanted it, and have had it there ever since. I refer to the now famous marker, "Please do not remove this sign", which even as late as last week had Polly of Rolly Colly all in a dither. Frankly, folks, it was just a hoax, a college prank, etc., etc., designed to amuse and mystify. It amused those of us who knew why it was there; it mystified the rest who did not. Many and varied were the explanations I heard for its presence. I recollect Bart Robbins giving me a long, serious, well-thought out, and quite logical explanation—sorry, Bart, you were quite wrong, it was just put there to make people like you think a little bit. People, I told you so.

And the Fire Hydrant? Same thing, only different. Designed to perplex and to puzzle. They needed help to perpetrate that one, though, for it weighed about three hundred pounds. Took five people to plant the thing—and before anyone gets any ideas, I did NOT have anything to do with it. I just knew about it before anybody else, that's all.

Occasionally during the year I have asked people who Clayton Grimstead was, only to receive a blank stare. They never heard of him. Well, they may never have heard of him, but everybody has heard him. He is a senior here, married, one child, belongs to Delta Chi, pitches on their softball team, but his chief claim to fame is that he is the bugler for us all. I thought everybody ought to know that before he graduated.

I keep getting mail from the Rollins Alumni Association. I wish that they would learn that I quit being an alumnus last October.

Last Saturday's ceremony was fine to behold. At least, the idea of it all was. As a rule occasions like that give me a pain, and I never attend them under any occasion, but this one was different. A classroom building. A real classroom building. After 18 years of construction, at last a classroom building is going to be built. The building program is finally attaining its majority. That is GOOD. A classroom building; not a fire trap, not a hotbox, but a classroom building. Whoopie! I'm going to register for English next spring term: I want a class in Orlando Hall. I don't think it will be necessary to register for an earlier term; my wildest imaginings cannot envisionize the completion of the edifice any earlier. Not when it has taken a year to build the Administration building, and Corrin Hall. I must add my voice to those, and there seem to be a surprising number, who object to the location of Orlando Hall. I hate to see the lawn around the patio used for anything except lawn. My personal (Continued on page 5)

Senior Recollects Experiences at Rollins with Resentment That Others Will Take Her Place

by Naomi Howard

All hail, senior! Your challenging young face looks quite dark at the twilight hour of your college career. What thoughts besmirch your worried brow? Is not the future bright and silver-lined?

Remember—This Rollins is a dump filled with screwy lunatics. (Wipe that mournful expression off your face when you see a lower classman whizzing by.) You said once—"He is a jerk. A stupid, abominable jerk!" But now we see a look of comradeship crossing one of your eyelashes. In after years will you meet this jerk, embrace his despicable being, and invite him over to dinner? "A Rollins man, by gum! How've you been, fran'? What do you hear from the dear old Alma Mater???"

Where's your contempt, exalted one?

Stop staring reverently at the new Ad Building. You who screamed the hardest, and stared the loudest at its vile, obnoxious color—are you going to go soft on us here in the last week of school?

Will you miss the Beany Cow-boys, you think? You know—the gossip circle you chatted with from seven to seven-thirty every evening after beans? Does it bother you to think that somebody else will be taking your place on the beany benches next year?

One even hesitates to kill the bugs in the dorm these days. After all, they are a most distinct part of Rollins, and it seems almost criminal to drag out a D.D.T. Bomb after the poor creatures. One might just as well step on the Fiat Lux.

A friend of mine has had a most difficult time with the many strange animals that have haunted her room this year. For a long time she didn't name her pet rat. He was such a thoroughly overbearing individual that Miss R.

was at a loss for a word vile enough in her vocabulary that she might use in reference to him. Then one night Miss R. screamed out in wild terror on becoming aware of the presence of an enormous spider on the ceiling of her room. I of course, dashed uncertainly to the rescue. On seeing the bulk of the eight-legged monstrosity on Miss R's ceiling I lamely announced that I was only 5' 2", and climbing walls went against all the laws of physics. Not waiting to catch the full impact of Miss R's glare, I ran back to my room, barred the door and went to sleep.

Miss R. has found a name for her rat.

I cannot hold this against Miss R. She is a senior and toward the end of one's senior year life is apt to become quite confusing. However, I think Miss R. is going to an extreme these days. Only last night she rushed into our room mumbling something incoherent like—"little green slimy frogs, under my bed, hopping about my room giving the cockroaches a merry chase." Since the rest of us seniors were planning to stay up all night writing term-papers, we picked out a choice room which to all our knowledge houses only a few thousand mosquitos, and put Miss R. to bed. We are convinced that she is turning neurotic. Won't somebody give her her diploma early?

We've had school days, pool days, cool days, and most of all, fool days. When the roll is called in class next year we won't be there. And suddenly the dump filled with screwy lunatics turns back into our first impression of it when we were scared to death, and perfectly willing to think everything at Rollins was swell. With this attitude I guess we'll all have to break down and come back for Home Coming next year. It has been charmin', hasn't it.

Inquiring Reporter

Question: What is your idea of an ideal summer vacation?

Pat Van Sickle: Teaching swimming at a girls' camp.

Mr. Dorsett: I want to be on the other side of the footlights for a change—sitting in the audience of a summer theatre and letting other people do the work.

Nan Van Zile: Out of sight and sound of a typewriter, and me with no inclination to write.

Don Elliott: 8 hours of sleep and 15 hours of girls.

Dick Rankin: Indiana, a lake, and a sailboat. (A sailboat isn't temperamental).

Isabel Malett: Anywhere, as long as it's New York.

On Campus

Katie Brown, former president of Alpha Phi, arrived here last Tuesday from Chattanooga, Tennessee, and spent the rest of the week being entertained by her friends at Rollins.

Friday evening the members of Alpha Phi gave a picnic for their

seniors. The entertainment consisted of the reading of the senior will and an amusing and prophetic skit presented by the undergraduates under the thought-provoking title of "The Tombstone Social" or "Reunion in the Graveyard."

He has received two prizes in the annual Reeves Essay Contest, has been feature editor of the Sandspur, and in his senior year served as chairman of the Publications Union and editor-in-chief of the Flamingo.

Alan G. Philips, Kappa Alpha, has been on the chapel staff, and chapel program committee. He has acted as chapel usher and as alternate representative of men to the Student Council. He has been comptroller of Student Council and on the Finance committee, and has been comptroller of the Publications Union. He took part in Lady Precious Stream and was selected for "Who's Who Among Students."

Ludelle W. Porter took part in the French Festival Tableaux.

May Porter has been a member of both the chapel choir and the Bach choir. She took part in Make Mine Fantasy and participated in a student recital for the leper fund.

Richard A. Potter is a Delta Chi who has been a very active member in the chapel choir and contributed to the chapel readings.

Martha Ann Proud was on the Camp and Hospital Committee last year and was elected to be one of Rollins' cheer leaders.

Mary Belle Randall was chosen for the Floor Committee for the senior dance her first year here, and later became a member of Sandspur staff, and then a member of the Independent basketball team. Then she showed her talents for the stage in the Expansion Drive Radio Program, as a soloist at the Chi O dance, in a dance with Sam Burchers at the Delta Chi Shipwreck Dance, and as writer of the music for Make Mine Fantasy.

Carl D. Reeves besides being a very active member in the scientific

department was a blood donor this year.

Ann Reiner appeared in Make Mine Fantasy last year and later joined the Interfaith Committee and the Interracial Relations Committee. This year she became president of the World Federalists and was a blood donor.

Herbert Ricketts in his first year gave promise of many abilities. He introduced a lecturer in Dyer Memorial, gave a speech on Latin America Pan-American Week, was a winner of the Sprague Oratorical Contest; and joined the Sandland Aquatic Meet and the Intra-Hall Swim Meet. From then on his accomplishments were varied. He joined the Phi Society, International Relations Committee, the Pan-American League, Pi Gamma Mu Society, the Rollins Key Society, became president of Pi Gamma Mu, and was on the honor roll the whole year of '45-'46. He played "Peranza" in The Cask of Amontillado over WDBO, was on the Founders' Week Broadcast, and a May Day attendant. He participated in the Men's Intramural Tennis, the K A Intramural golf team, and won the 50 yard breast stroke, and 50 yard back stroke, and the 200 yard relay in the Swim Meet.

James T. Robinson showed his executive abilities as vice president of the Freshman class, head of the Chapel ushering staff, collector of the Chapel Fund Drive, a member of the Committee for the Revision of the Constitution, and the student council, then as representative of men to the student council, chairman of the Chapel Fund Drive, in charge of the Upper Class Show plans, 100% collector of Chapel Fund Drive, served on the cheer leading committee, as a Bach usher, chairman of the Chapel Staff and Ushers, and a member of the Student-Faculty Discipline Committee, and Inner-Council Chairman of the Social Committee. He participated in the Intra-Hall Swim Meet, Men's Intramural Tennis and Golf, Winter Park Baseball Club, and the KA Softball team, and a member of the Welcoming Committee.

Anita Rodenbaeck showed her ability in Out of the Frying Pan, Alice in Wonderland, Seven Sisters, The Whitehead Boy, the title role in Lady Precious Stream, as director of the Kappa Alpha Theta Intramural Play Contest, Co-director of Valiant; her other abilities as Co-president of the freshman class, on the Floor Committee for the Senior Dance, a member of Theta Alpha Phi, Interracial Committee, Community Service Committee, Pan-American League, Bach Choir, Senior Committee, one who appeared in Who's Who Among Students, Pan-Hellenic representative for and president of Kappa Alpha Theta.

Betty Rosenquest started her freshman year off as co-president of the freshman class then she became circulation manager of the Sandspur, editor of Co-Eds in Shorts, sports editor of the Sandspur, and received a charm award. Her tennis career at Rollins has been spectacular; she has been a member of the Rollins tennis team, a winner of the doubles in the Florida State Opens, received a write-up in the Post, and winner of the Intramural tennis matches. She was also on the Rollins All-Star basketball team, varsity volleyball manager, and a member of the R club. Later she became treasurer of and recording secretary of Kappa Alpha Theta, a member of the

Rollins Players Conclude Dramatic Season with Entertaining Irish Comedy by Lennox Robinson

The Rollins Players closed their highly successful 1946-47 dramatic season last week at the Annie Russell Theatre with a five-night stand of *The Whitehead Boy*, that deservedly popular and homely comedy and satire by Lennox Robinson, directed by Prof. Howard Bailey and with a stellar cast contributing to the effective interpretation of the Irish piece.

Being the senior play, it brought the final roles of their college careers for several talented seniors, at least three of whom may well go farther in the way of show business if they care to pursue this line. These three would include Reedy Taltos, Winter Park boy, a star athlete on the Tar football team in his time, and with a distinguished series of mostly character parts behind him in Rollins theatre productions recently.

Reedy has the distinction of having been embarked on his dramatic career by no less than the discoverer of Marlene Dietrich herself, a certain Dr. Klein, who was on the dramatic faculty for a season some years ago and plucked Reedy out of the student body for the role of Napoleon in an unforgettable version of the Shavian *Many of Destiny*. That was before Reedy became an officer in Uncle Sam's Marines and served so many months overseas in World War II.

Chapel Staff, Community Service Committee, Camp and Hospital Committee, the Student Council representative for Kappa Alpha Theta, and on the Senior Committee.

Louise M. Saunders entered here last year and was one of the students that went on the St. Augustine class trip. Then this year she served as Corresponding Secretary for Kappa Kappa Gamma.

Roger L. Schoening was on the honor roll from '44-'46, a member of the Phi Society, Pi Gamma Mu, Rollins Key Society, and the Reeve Society in which he won several essay prizes.

Eleanor Seavey has been on the honor roll many times and contributed many of her talents to the Sandspur, becoming News Editor this year; she has served on the Chapel publicity committee, social service committee, Camp and Hospital Committee, World Relations and International Relations Committees; and has become a member of the Rollins Key Society and vice-president of Gamma Phi Beta.

Margaret A. Shaw was the Gamma Phi Beta pledge president, a member of the Community Service and Camp and Hospital Committees, and entered the archery tournaments.

Joan Sherrick has had an active four years, beginning her freshman year serving on the social service and world relations committees and starting as a Sandspur reporter. The following year she was promoted to Sandspur headline editor, was on the honor roll the entire year, was secretary of the social service committee, served on the Chapel's program committee, and won a fourth place at the horse show. News editor of the Sandspur the following year, Joan also became treasurer of Phi Mu sorority, was program chairman of the Chapel committee, was secretary of the community service, was in the honorary varsity riding club, on

Reedy's role as Gen. U. S. Grant in Mark Twain this year was perhaps his high point, so realistic and true to character that 99-year-old Gen. Charles McC. Reeve, oldest living Yale graduate and Winter Park winter resident, who had known the Civil War General, complimented him on the close resemblance to the original in manner, voice and appearance.

In *The Whitehead Boy*, Taltos had the part of George Geohagan, hard-working, thrifty and prosperous Irish farmer, brother of Denis Geohagan, (played by Ray Middlemass) who is the Whitehead Boy, or favorite child of his mother. Taltos's work is serious, vigorous and realistic, again, doubtless as good an interpretation of the part as could be expected from an amateur actor. It was almost a profession in his sureness of touch and control of the situation.

Ilo Lorenz, known in numerous previous Rollins dramatic roles as the outstanding blonde glamour girl of the college footlights, also said farewell to the Annie Russell throngs in the play, in which she had the part of Aunt Ellen, temperamental character, quite unglamorous in an almost colonial-type hair-do, so tight that it made her look more like John Adams than a middle-aged spinster of

"State of the Union," and "The Whitehead Boy."

Orville Thomas has this year been on the football squad, been a blood donor, and won the bridge tournament.

Kappa Alpha fraternity member John Twachtman is well known as an art student and has had his work displayed during the year and at the senior art exhibit.

Earl Q. Tyler, X-Club member, has played in intramural softball games, was a member of last year's "All-Star" softball team, was this year the intramural representative for X-Club and was on the football squad.

Oliver "Babe" Wolf has played in intramural golf tournaments and has been on the golf ladder in addition to being on the varsity golf team and appearing at the Sarasota benefit golf matches. "The German Club" president this year, he is the corresponding secretary for the Scientific Society and the recipient of a special undergraduate award in chemistry.

Iris Wood, Gamma Phi Beta member, appeared in the Independent Show this year.

Sally P. Wright, member of Kappa Kappa Gamma has served as Chapel program committees, the Rollins "All Star" basketball team, entered in the intramural horse show, is a member of the "R" Club, and the honorary varsity basketball team. Sally was house president of Papey Hall and was the corresponding secretary for Kappa.

Dwight Yard, Delta Chi, was on the Student Council this year and the Studio Club, the Spanish Club and the Casa Iberia committee. A returning veteran, he has carried on his sports from where he left off, being active in fencing, tennis, and crew. He is the winner of the Florida Allied Arts prize for oil portrait.

Faculty, Seniors Give Amusing Program for Final Annual Banquet

The annual Faculty-Senior Entertainment took place on Wednesday evening at the student center featuring the secret but notorious program in which students imitate faculty and faculty imitates students. The program, which was under the direction of William B. Whitaker, speech instructor, was presided over by master of ceremonies for the occasion, Eugene Buysse.

A special "Rollins Conference" was the title of the program, the subject of the discussion being "Never Let Your Education Interfere with Your Learning." The first performance, a lesson in musical education, was given by a faculty quartet including Miss Mabel Ritchie, Miss Helen Moore, Prof. Walter Charnbury and Dr. Christopher Hommas as students and Reddy Talton impersonating Dr. Hommas as conductor.

Sheldon Marks gave a speech in the manner of Dean Stone and Tim Tyler, Orville Thomas and Reddy Talton, as Jack McDowell, Neil Justice and Dr. Alex Waite interviewed promising athletes in the persons of Wilbur Dorsett and Rolly Jones.

Speaking on deportment in the person of Dean Cleveland was Jim Blalock and Torchy Marcher, Orville Thomas and Tom Brocklehurst formed a stern senior board interviewing Mr. Smith, a student.

High point of the evening was the Professors Mendell and Bailey version of Gallagher and Sheenan.

Ten Students Finish Aviation Training for Private Pilot License

Twelve Rollins students successfully completed the Private Pilot Course, Aviation 101, during its first year of operation under the direction of Howard W. Showalter, Jr., Rollins '36.

The course, designed primarily to qualify the student to pass the C.A.A. examinations for a Private Pilot License, consists of approximately 40 hours of actual flight training at Showalter Airport and 50 hours of Ground School. The latter phase of training was under the able direction of Doug Bills, the classes being held evenings in Knowles Hall. Aviation is an extra-fee course open to all Rollins students.

Those who successfully completed the course were Arlyne Wilson, George Long, Howard Fisher, Bill Pittman, Cy Liberman, Bill Warner, Gerry Farrens, Bill Koch, Ross Schram, Claude Allison, Harold Wellman, and Carl Jones.

Rollins was one of the first colleges to recognize Aviation as a new and vital science. Many colleges and universities, including the University of Florida, have followed suit patterning their courses after Rollins. Besides Aviation 101 there is also Aviation 102, a course designed to train the student to be a Flight Instructor, and Aviation 103, a course in Aerial Navigation and Instrument Flight. It is hoped that the Aviation Department can later be expanded to include many additional courses.

preference would be behind Lake-side or Lyman, or maybe squeezed in between the two of them. Anyhow, it is to be built, that's the important thing.

The tumult and the shouting die, the captains and the kings depart, so also do the seniors. They always do. I am not one who thinks that they are ending one life and beginning another; but are merely changing over their own way of living. Sorry to see you go, but there will be a new crop of seniors in the fall. I have absolutely no hesitation about offering the following rules of Life, especially since they work for me. The first one is simply the Golden Rule: Do unto others as you would they do unto you. The second is that if you don't worry about getting, and concentrate on giving, you will get more than you could possibly imagine. The third precept is that the happiness you get out of a job is more important than the money you get out of it.

Row, row, row your boat, Gently down the stream, Merrily, merrily, merrily, merrily, Life's a lot of fun.

At least, I find it so. So long, seniors, I'll be seeing you a year from now.

built at the same time as Orlando hall. All necessary funds for the building have been provided by the Sullivan Foundation, through Mr. George Sullivan, son of Algernon Sidney Sullivan, and Mr. William E. Bardusch, president of the foundation.

The building will house antiquities and works of art collected by Algernon Sidney Sullivan. "Orlando hall, Woolson English House, and the Sullivan building will form a center for life and letters," said President Holt. "The three buildings will form a unit, Orlando hall will house the English department of the college, Woolson House will be used, as it is now, for overflow classes and the Sullivan building for anything that is for the good of Rollins, Winter Park, the state, and, perhaps, the world." Dr. Holt in his speech paid tribute to the idealism of Algernon Sidney Sullivan, and to the generosity of his son, George Sullivan, of New York.

The proposed Sullivan building was described by Mr. George Spohn, architect to the college. He declared that it would be a little larger than Woolson House and connected with it by a loggia. The existing kitchen in Woolson House would also serve the new building.

Bradley's Crew Takes Fourth Place In Dad Vail Regatta Event

Racing in the first post-war Dad Vail Regatta at Boston, Coach U. T. Bradley's 8 man shell placed fourth in a field of five. Boston U. was first in the good time of 7 minutes, 46 seconds over the mile and five-sixteenth course.

Making a final bid in last two hundred yards, the Rollins men seemed to be trying to make a fight for it, but after catching two crabs, Dartmouth and Marietta passed them going away.

Rowing for Rollins were: Dick Yard, Henry Moody, George Franklin, Palmer Tuthill, Pete Sholley, Calvin Beard, Sam Burchers, Norma Graham, and Weston Emery, cox.

Whitehead Boy

(Continued from page 4)

Erin. She carried off the role with her usual poise and dynamic quality, demonstrating effectively that she can take a "character role" in her teeth and shake it as well as a siren's part. We shall miss her on the Annie Russell boards next season, and in this we know we will not be alone among Central Florida theatre lovers. She has brought many a pleasant evening to the customers in the past three years with her personal beauty, charm and artistry as a performer. Hollywood doesn't look too far off for her.

Anita Rodenhueck also sang her college dramatic swan song in *The Whitehead Boy*, appearing with her brilliant powers of expression and emotion in the strenuous role of Mrs. Ann Geubegan, mother of Denis. Anita is likewise one of our favorite actresses in Central Florida, remembered well for her marvelous work in *Lady Precious Stream*, last year, and in *State of the Union* this season. She has talent and grace which should carry her far if she chooses to keep on with her theatre training.

Another senior who has given audiences at the Annie Russell generously of entertainment, principally in a comedy vein, and who played his final college role in *The Whitehead Boy*, was Eugene Buysse, who was in the part of Donough Brosnan, suitor for one of Denis' sisters.

There were three of these spinster sisters, all portrayed with finish and ability, by Madge Martin, as Kate, Mary Jane Miles as Jane and Elinore Bellon as Baby Geubegan, and a gorgeous "baby" she made in spite of ugly middie blouse and shapeless tube skirt, which gals actually wore in our own tender youth. Miss Martin's part gave her little to shine with, but she gave that little her best. Miss Bellon had perhaps the best projection and personality with perfect voice production, among the minor parts.

Raul Salamanca, newcomer to the Rollins stage, had a tough part as John Duffy, father of Delia (played by the beautiful Jean Cartwright), who is Denis' sweetheart. Salamanca, whose brother is a professional actor, was under difficulties as a Spanish-American doing an Irish role, but came out with exceptional success, despite his inexperience.

Baseball Season Ends, Rollins Beats Tampa

The Rollins baseball team wound up their 1947 season, last Saturday, with a double win over the University of Tampa. With these two wins Coach Joe Justice's men wound up their intercollegiate schedule with a record of 16 wins against five losses.

Right handers Clyde Stevens and Jim Covello allowed the Tampa team the sum total of four base hits in the two seven inning games to pitch the Tars to a clean sweep of their four game series and to extend the Rollins winning streak to eight straight games.

In the first game Stevens gave up only one hit in hurling the Tars to a 4-0 win, while in the nightcap Jim Covello pitched three hit ball as Rollins took this game by a 5-2 decision.

Buddy McBryde, with 2 hits in 4 trips to the plate maintained a seasons batting average of an even .500. Slugger of the day however

perience. He was doing a role which had been made famous by distinguished actors like Barry Fitzgerald in Great Britain.

Middlemas, as Denis, the young farm boy whose mother and family send him to Dublin and Trinity College to become a doctor, but who would rather "play the horses" than study for his examinations, was excessively restrained in the leading role. It calls for a character of color, dash and fire, typical of what makes the men of Erin so lovable, perplexing and aggravating.

Of Miss Cartwright, it may be said she was a lovely thing to look upon, but scarcely showing enough of the spirit and sparkle of a true maid of the Good Green Isle. She is young, however, and promising as a coming star in college dramatics and we shall watch her in the future, along with Miss Bollen.

Wilbur Dorsett, the new instructor in Theatre Arts in 1946-47, deserved a fistful of orchids for his setting, and Dick Verigan's lighting effects were so clever and successful that you never gave a thought to them until after the show, which is a sign of genuine achievement.

Josette Stancin, also an able actress, had the minor role of the servant Josette, and Fred Taylor appeared as the third brother, Peter Geobegan, who gets the worst deal out of the denouement, to say the least.

This observer was somewhat bothered by the straining of the cast to achieve a good, thick Irish peasant accent for the opening performance. Maybe this was because we were brought up in a region of voluble Irish cops and newsmen, so that the effort seemed too much for the result. But other members of the audience not so familiar with the good old-country brogue, found it pleasant and entertaining, so maybe we shouldn't be too critical.

And so, with a sense of heartfelt appreciation to the Rollins Players for their extra-good year of productions, this observer extends his sincere congratulations to all who have shared in the success and thanks the Sandspur editors for this chance to report on how things are in Glomora . . .
