The Rollins Sandspur

Number 1

Dr. Edwin R. Walker

## EDWIN WALKER NEW DEAN OF THE COLLEGE

This year Rollins students are welcoming Dr. Edwin R. Walker to their campus. Dean Walker was appointed over the summer as the College's new acting Dean to succeed Dr. Charles Mendell.

Since 1948 Dr. Walker has served as Dean of the College of Arts and Sciences at Florida State University and during 1951 as consultant to Millard Caldwell, director of the Federal Civil Defense Authority.

Dr. Walker was selected through joint enterprise of the Rollins faculty, trustees and administration. He has an outstanding record as an educator and administrator. Through his experience he will be valuable in furthering the educational principles approved by the college.

Dr. Walker holds degrees from Southwestern University, Vanderbilt University and the University of Chicago. He has taught at Central College, the University of Colorado, Oklahoma A. and M., and the University of Chicago. He has had several articles published in outstanding journals and magazines of the educational world.

Dr. Walker succeeds Dr. Charles Mendell who served as acting dean during the 1951-52 academic year.

## New Registration Procedures for Year

Old students are to register for classes today on the second floor of the Library. You must enter by the west outside back staircase, and meet with your Faculty Advisor in the Reserve Reading Room. Then go to the second floor center hall Loan Desk for class lists. Next go to the Browsing Room to fill out the forms. Leave by the east stairway leading to the back patio.

Entrance Permits will be issued upon arrival at the administration building. Only a limited number may register during the prescribed times listed on the permits.

Classes start Friday, October 3. Any change in schedule must be filed in the Registrar's Office by Friday, October 10.

Miss Dorothy Koehler is the College Registrar. Her office is located directly to the right of the entrance to the administration building.

## ROLLINS RADIO STATION HOPES TO OPEN SOON

by DeWitt Saute

Rollins will have a new voice, a 10-watt FM educational radio station beginning next November, reports Phil Gaines newly-appointed Director of the station.

An application for a construction permit from the Federal Communications Commission is being filled out by George Cartwright, Jr., Chief Engineer. Cartwright will mail the application in the next few days and expects the permit within a month. Two to three weeks will be required for construction and wiring of the equipment. The station can begin immediate operation and run tests until it is officially licensed by the F.C.C.

The transmitter will be located in the Annie Russell Theatre. Perched on top of the theatre will be the Station's tower.

Studies are in the basement of the Mills Memorial Library. Mr. W. B. Caulkins, industrialist and philanthropist, donated the money for the station.

An important stipulation by Mr. Caulkins is that the station is not simply a college station but is "primarily for community service." Both Rollins students and townspeople will have programs. In addition, the station will re-broadcast outstanding programs from other stations, according to Ben Ayerig, Program Director.

Ayerig also revealed that plans now call for about four hours of broadcasting in the evening, and possibly some time in the morning. A disk-jockey program of classics is a strong possibility in the morning.

Educational programs will fill most of the air-time. Disk-jockey programs used by the station will not only play a complete range of songs, but will describe the development of trends in music. No commercial ads are allowed by the F.C.C.

Approximately \$35,000 was spent on the studios and \$10,000 on the equipment of the new station. The F.C.C. will issue the call letters of the broadcasting center, but Mr. Gaines is asking them to choose one of several he listed relating to Rollins and Winter Park. Unfortunately WROL is already being used by another station.

## Big Get-Together Billed for Sunday

Everybody is invited to be at the Center at 7:30 Sunday night for the all-college get-together sponsored by the Chapel Staff. Refreshments will be served.

Bud Felix is arranging for the event, and he has a floor show in the making as well as some red hot platters on the juke box. Festivities will continue till 9:30.

The Chapel Staff has planned the program as a means of introducing the Freshmen to the Upperclassmen. Many upperclass men were disgruntled last year at the lack of opportunities to meet the new Freshmen girls.

Getting unpacked between scheduled orientation meetings is no easy job as Freshmen Paul Driscoll of Quebec City, Canada, Robert Flinney of Sarasota, and John Opdyke of Flemington, New Jersey, are fast finding out. The boys are pictured here attempting to create a reasonable facsimile of order out of the chaos of trunks, suitcases and boxes.

## Frosh Invited To Take Part In Student Government and Various Publications

by Myra Brown

Last Sunday, September 28, the Rollins campus was swarming with its 1952 addition of 238 new students, a contribution of 32 states, the District of Columbia and nine foreign countries.

Of this number 66 students are transfers and 172 Freshmen. The total figure of 238 may change slightly, however, as the enrollment rises or falls during the next two weeks.

Statewise, 64 students have given Florida addresses to give this state the greatest representation. New York follows this up with 26 and Ohio and Pennsylvania compete for the third place position with 16 and 14, respectively. Nine other states list a representation of over five students each.

South America went all out for Rollins this year with Ecuador, Chile, Venezuela, Brazil and Argentina contributing to the 238 total. The West Indies, Cuba and France also added their bit.

Four Canadian students have joined the student body, which is the largest group from Canada that Rollins has ever known.

## Sandspur Hits Prize Three Times In Row

The Rollins Sandspur is once again crowing with pride! The Spur recently received a First Class Honor Rating by the Associated College Press newspaper critical service. This service sponsored by the University of Minnesota School of Journalism is extended to college presses throughout the United States. Papers are read, criticized and given one of five possible ratings. The Sandspur's "First Class" is termed Excellent on the scale of five ratings. This is an honor shared by relatively few colleges in the United States.

The top four papers in each class judged receive the coveted "All American" award. The next ten receive the "First Class" rating that the "Spur" drew recently for its third consecutive time.

Although there have been no publication tabulations of the number of papers in the overall group of which the Sandspur is a member, it is estimated that over three hundred are in this category.

The Sandspur received an All-American rating once—in 1932.

## Convocation Friday

An All-college Convocation will be held at 11:15 AM, Friday October 3, in the Knowles Memorial Chapel. Classes are to meet in the "C" period on Friday for organization and will then adjourn to the Chapel. There will be no academic procession for the Convocation. President McKean will be the speaker at the meeting.

## H. W. Caldwell Dies In Winter Park Home

Halstead W. Caldwell, Rollins College trustee and prominent Winter Park civic leader passed away recently at his home in Winter Park. He served on the Rollins Board of Trustees for 28 years, having acted as Secretary since 1946.

A native of Ohio, in 1908 Mr. Caldwell received his degree in mining from Lehigh University. Following graduation he pursued

his mining career in Mexico, eventually returning to the United States to work in the iron and steel industries.

Mr. Caldwell was prominent in Winter Park as a real estate developer, banker, and civic minded citizen. He had served as alderman and was a former President and Secretary of the Winter Park Chamber of Commerce.

The draft board played havoc with the male registration at Rollins this year and the women students will be disheartened to learn that of the 172 Freshmen, only 57 are men, which leaves a startling total of 115 girls! One encouraging item, though, can be found in the transfer registration. In this group the men students lead the women by six: 36 men, 30 women.

Living on campus will be 185 students, while the commuters will number 53. Again, the women's dorms will be filled to overflowing with 123 new occupants while the men only have 22 to handle.

The new students have gotten off to a busy start with their orientation programs. The first day was spent receiving room assignments, registration permits, meal tickets, and dodging rain drops in an effort to unpack cars. Sunday night after a brief assembly in which student advisers were assigned, supper was held at the Beanery. An introductory assembly and group meetings followed later in the evening.

The unpredictable Florida weather caused a few complications as outside meetings and receptions had to be moved indoors while eagerly anticipated water shows were cancelled. Registration trials, roller skating parties and the Panhellenic coffee rounded out orientation period activities.

The week ended with the annual Cracker Club dance held in the Center Patio.

## OUR AIM

The oldest college paper in Florida, the Rollins Sandspur, was established in 1894 with the following editorial: Unassuming yet mighty, sharp yet pointed, well-rounded yet many sided, assiduous, yet as gritty and energetic as the name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of the Sandspur.

This is our goal—our goal in every news-story, feature and editorial that we print this year. We will try this year to uphold the fine tradition of the Rollins Sandspur.

## WHY STARR RESIGNED?

Many students will miss the great classic English Professor, Dr. Nathan Starr. His wonderful mind has inspired many a Rollins graduate.

Rumors have been flying around the campus like mad as to why the famed Literature Professor resigned, especially because all those acquainted with the man knew of his love for Rollins and the principles for which the school stands.

After interviewing many of Dr. Starr's intimate friends, we believe the noted author left Rollins to fulfill his ambitions of English Literature research on a broader geographical scale. We believe an active mind like Dr. Starr's thirsts for travel, the meeting of new ideas stimulated by new places.

We certainly wish him all the good luck in Japan.

## HATS OFF

The Welcoming Committee did a great job in orienting the new students to Rollins this year. Our hat is off to these Good Samaritans.

## EXPELLED STUDENTS

Many students have been dropped from this school over the summer either for scholastic or social reasons. These people who spent not enough time studying or too much time drinking in something-other-than-knowledge were constant wounds to Rollins' intellectual spirit and character reputation with the town folk.

It was high time these people were weeded out—many of these people were about to graduate not with a Rollins diploma but with a Harper's degree. The entire college will benefit from this action.

## Chapel Tower

by T. S. Darrah

A few days after Franklin D. Roosevelt was inaugurated as President he called on Justice Holmes and found him reading Plato. "Why do you read Plato, Mr. Justice?" asked President Roosevelt.

"To improve my mind," was the reply.

\*\*\*

How is your mind? Or are you too old for improvement? Holmes was then a mere 90 years of age.

The great presumption is that we are all alive. But what does it mean to be alive? What is life? Oliver Wendell Holmes said: "Life is action and passion; therefore it is required of a man that he should share the passion and action of his time at peril of being judged not to have lived." Do you neglect the life and spirit of Rollins at the peril of never having been here?

## WELCOME NEW STUDENTS

There are many kinds of welcome mats — some are cool, some lukewarm, and some really reflect the true meaning of the word "welcome". I am sure that I express the deepest feeling of very member of the Rollins Student Body when I say that our welcome to you is given not as a formal note someone felt would be nice, but as a sincere wish to help you share the joys and rewarding experiences we have already had at Rollins. In behalf of the Student Body I welcome you—please take advantage of this welcome by call-

ing on us old students to help you in any way possible. Don't feel that your student adviser is the only student willing to help.

One word of advice can give you now—Take time to get well acquainted with your faculty adviser and take full advantage of the help he can give you in getting started in the right way. Again welcome—I'll see you in Chapel Sunday.

Sincerely,

John De Grove  
Student Council President

## Letters to the Editor

### SANDSPUR BOWL

How did the campus look to you the first time you saw it? I think that you will agree that Chase and Lyman Halls with their fresh coats of paint, the Horseshoe drive with its new pavement and sidewalks, and the new tennis courts look very impressive. But the Sandspur Bowl, the first part of this campus that hits the public eye, still looks like a barren block of brown ground.

Last year in the December 6th issue the Sandspur editorialized on this subject, and a promise of improvement from the administration was announced in the following issue. I realize that the most important improvements must be made first, and we should express our gratitude to those who have made possible such an attractive campus for us to return to this fall. I hope that in the near future we will be able to brag of the attractiveness of the Sandspur Bowl.

Rollins is like a beautiful book—Let's put an attractive cover on it, one which we can boast about.

Ray McMullin

### BANDWAGON

The Eisenhower bandwagon is rolling toward a victory on November 4th. In principle, this will be a victory for liberty as against authoritarian executive power, for individual freedom of opportunity in the economic and social world as opposed to socialized control by the few in a corrupt administration, and a step toward a securer America which will hereafter consult its Congress before expending its blood and wealth in enervating

Communist sponsored wars as the Korean War.

This letter is written for the purpose of soliciting aid of students in forming a Young Republican Club at your University without delay. Whoever is ready to forward the IKE campaign write immediately to Young Republican Federation, 344 Grove Street North, St. Petersburg, Florida. You will receive aid and literature and speakers will be available for your club. A two-party system is achieved by uniting with your GOP and IKE clubs in furtherance of your beliefs.

So, everyone interested or conscious of the need for a Republican victory plan your organization and write to the address above today. Your project will be of value to you, your state, and your nation.

Yours truly,

Bud Sohngen,  
State Chairman College  
Activities Committee  
Young Republican  
Federation of Florida

### PVT. HUTZLER

I'm afraid I won't be with the gang at Rollins this year. We are having a rather rough basic training down here in hot, dusty Oklahoma. They like to make us work about 14 hours a day so I will have to make this short. Perhaps I can write more some weekend.

Will you please sign me up for a year's subscription to your society and editorial views sheet. I have enclosed a blank check.

Best regards to everyone.

Yours,

Joel Hutzler  
Fort Sill, Oklahoma

With kisses of hello and how in the heck are you, we are off to classes for another year!

\*\*\*

The incoming new-student crop this year seems to be well flowered with the feminine sex. If these young blossoms, and the old, yet bright, petals, wish to strut their stems, they may try out for the 1953 version of Orange Bowl Queen. A \$500 scholarship to a Florida school of her choice, a complete wardrobe and world-wide fame will be the prize for the new queen who will reign over the Orange Bowl Festival, Dec. 25 through Jan. 2. Four runners-up will form her court.

Finalists will be selected from photographs submitted. Pictures should include a head-and shoulders closeup, one in a play suit or bathing attire and a third in street or evening wear. Unretouched, eight by ten, black and white glossy prints are preferred.

Pictures, accompanied by descriptions to include age, height, weight, color of hair and eyes, along with bust, waist and hip measurements should be sent to Press Bureau, Orange Bowl Committee, 615 S.W. Second Ave., Miami.

Limited to unmarried Florida girls, or out-of-staters attending Florida schools, the field will be in the 16 to 24-year age bracket.

\*\*\*

Dr. Ralph W. Wager, former Chemistry Professor at Rollins, is a new member in General Electric's Biology Section of the Radiological Sciences Department at Hanford work as a physiologist in the plant's Toxicology Unit.

\*\*\*

The following is the tentative schedule of Mills Memorial Library hours. The Library will be open:

Monday - Friday	8:00 A.M.— 5:30 P.M.
	7:00 P.M.—10:00 P.M.
Saturday	9:00 A.M.— 1:00 P.M.
Sunday	7:00 P.M.—10:00 P.M.

\*\*\*

Another type of new student, not a freshman nor a transfer, but a young first-grader in grammar school, went quietly to the blackboard on his first day at school and wrote:

HECK

The teacher, a half-an-hour later, noticed the naughty word and tried in vain to find its author. Finally, she said, "Children, everyone put his head in his arms and close his eyes. I'll leave the room for three minutes, and the child who wrote that word may erase it without anyone finding out the guilty party. All will be forgiven and we will start this new school year afresh.

The children obeyed her command and the teacher left the classroom. The clock ticked loudly on the wall as a slight commotion of two feet could be heard. When the teacher returned she found the work HECK still written on the blackboard only larger, but she also read the freshly written:

TO HECK WITH YOU  
THE FALCON STRIKES AGAIN

# Campus Improvements Mark Year Of Progress

Old students, returning this week will find a brighter campus than that which they left last spring. An all 'round face-lifting and rejuvenation has added much to Rollins casual atmosphere.

The Beanery is following a long-range plan of improvement, but here the student will see only the surface, for most of the work was done behind the serving line. New refrigerators, stoves, steamers, and meat slicers are only part of the changes that have been affected in this area.

In the dining area, paint of pastel shades is more than readily noticeable. Of particular interest is the Red Room with its new maroon drapes and the only existing picture of Alonzo Rollins, founder of the college.

Any girls who have suffered through light and electrical problems in Cloverleaf will no doubt share Mrs. Wilcox's enthusiasm over the complete rewiring of the building. Freshman girls no longer have to use a hanging light socket as their sole source of light and power; all rooms have four wall sockets and diffused over-head lighting.

Another dorm which has acquired

the "new look" is Chase Hall. The exterior paint job, so long needed, blends the old stone structure into the mood of the campus's tropical setting.

The Horseshoe, once a terror to drivers and a nuisance to pedestrians, now sports a smooth resurfaced road and a newly paved sidewalk. The expanse of rich green grass that stretches out before the Library is now tended by a new lawn sprinkling system.

The reason for the smile of satisfaction on tennis coach Jim McDougall's face is the recently completed recreation area behind the old tennis courts. This new development includes: three clay tennis courts, a handball court, two volleyball courts, a tennis bang-board, and an office for Coach McDougall.

Several building changes were made this summer in order to make available a College Guest House. This building is the one next to the Conservatory, which housed the George Cartwright, Jr.'s at one time. Mr. Cartwright and family now occupy the bungalow next to the KA House, and the Children's Community Courses Department has moved from there to the old

The historic Horseshoe, as seen from the air. This famous Rollins landmark has been the object of much construction during the past two years. In the center is the year-old Mills Memorial Library enclosed by a recently resurfaced road and flanked on three sides by newly painted buildings.

## Publications Union Building.

An interesting change has been made at the Delta Chi and X Club houses; the old sitting rails around the porches on the Horseshoe have given way to concrete steps leading up to the living-rooms of these two houses.

The KA's took things into their own hands in the redecoration of their house. Extensive painting and revamping were done by the members themselves.

During the past 15 years the campus has undergone a rapid physical change. In 1936 work was completed on five new dormitories; the largest recent program in building. The buildings added at that time were: Fox Hall, present home of Phi Mu; Lucy Cross Hall, which now houses the Kappa Alpha Theta sorority; Lyman Hall, home of the Delta Chi and Alpha Phi Lambda fraternities; Gale Hall, the present X Club house; and Hooker Hall, domicile of the Lambda Chi Alpha's.

Wilson House was added behind Carnegie Hall in 1943. Three years later Orlando and Sullivan Halls were completed on the same plot of ground and joined to Wilson House by a covered breezeway.

The latest dormitory to be completed is Corrin Hall which is now the home of the Independent Women.

The largest major recent constructions to be completed are the Administration Building and the Mills Memorial Library. The former was completed in 1947 and the latter in 1951. The Library, however, like all such institutions, is more than a building, and is always expanding its collection and facilities.

All in all, it can be said that Rollins is a growing school doing everything possible to meet the needs of progress.

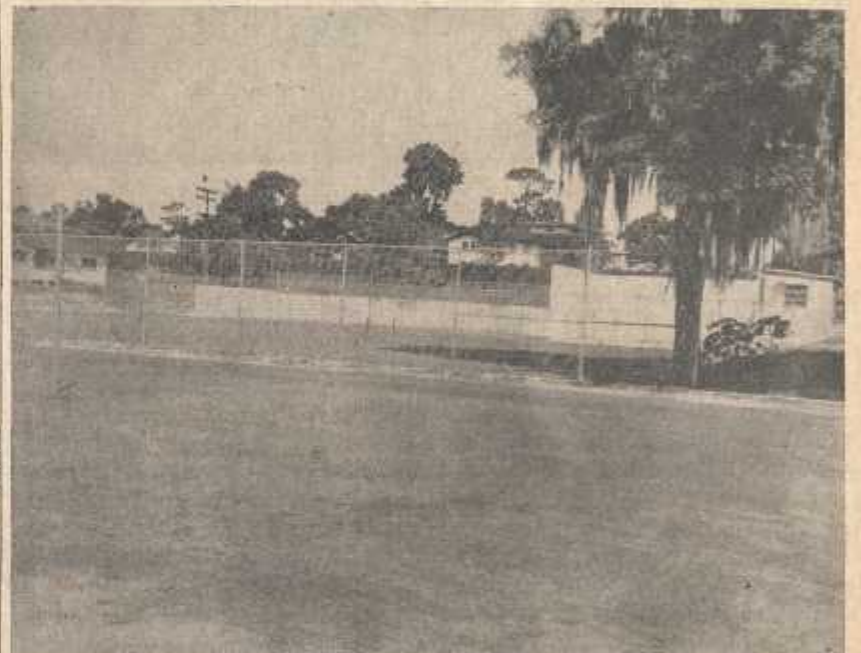

## THE SANDSPUR

makes good reading  
for the family

D. A. Thomas

Don Wesley Carroll comes to us from the Department of Chemistry at the University of Texas, where he expects to receive his Ph.D. in 1953. He received his B.S. and M.S. from Marshall College.

Mr. Carroll, a resident of Shoals, West Virginia, has been appointed assistant professor of chemistry.

Dr. Geneva Drinkwater received her A.B. and B.S. from University of Missouri and her M.A. and Ph.D. from University of Chicago. She was a Latin scholar at Bryn Mawr College, and studied at the Vatican School of Paleography.

Dr. Drinkwater is a former member of the history department at Vassar College. She has also taught at the University of Chicago, Stephens College, Carleton College, and the Women's College of the University of North Carolina.

Dr. Paul Hanchett graduated cum laude from Minnesota in 1937 where he was a member of Phi Beta Kappa. He received his B.S. and his M.A. from that school. The Army interrupted his career in

In 1946, he received his Ph.D. degree from Minnesota. Dr. Hanchett taught at Minnesota from 1944 to 1946 and at George Washington University from 1947 to 1952. He has been appointed professor of economics for 1952-1953 academic year.

Alice McBride Hansen, our new librarian, was librarian at Slippery Rock Teachers College and at Pennsylvania College for Women. She received her A.B. at Vassar College, her B.L.S. at Columbia School of Library Service, and her Ed.M. at Harvard University.

Mrs. Hansen is a member of Pi Gamma Mu and Sigma Tau Delta, both honorary fraternities.

Robert Hufstader has accepted the position as director of Knowles Memorial Chapel Choir and the Bach Festival Chorus. He has been the director of the choral de-

partment at the Juilliard School of Music for seven years.

Mr. Hufstader is a graduate of Eastman School of Music at the University of Rochester and the American Conservatory, at Fontainebleau, France. He served as head of the University of Buffalo Music Department, and choir master at Princeton University Chapel. During the war, Mr. Hufstader was on the faculty at the Army Music School, Ft. Myer, Virginia.

Dr. Franklyn Arthur Johnson is our newly appointed assistant professor of political science. After his return from the service he graduated magna cum laude from Rutgers University in 1947 where he was president of the Student Council and student body, a member of Phi Beta Kappa, and a Rhodes Scholarship candidate from New Jersey.

Dr. Johnson received his master's degree in international affairs in 1949, and his doctor of philosophy degree in 1952, both from Harvard.

Among the new faces on campus this year is that of Miss Dean Kelly, Instructor of English. Miss Kelly is a native of Vienna, Georgia, and received her B.A. from Berry College at Rome, Georgia. She went on to The University of Georgia for her master's degree, and has pursued her graduate work further at Florida State University.

Before coming to Rollins, Miss Kelly taught at Reinhardt College and at F.S.U. for three years, as well as at the Spartanburg Junior College Summer School.

Marshall K. Powers has been appointed assistant professor of sociology at Rollins. He has served as instructor in social sciences in the State University of New York and as sociology and history instructor at the Polytechnic Institute of Puerto Rico.

He was born in Ripley West Virginia, and attended school in Parkersburg, West Virginia, graduated

from Marietta College, and received his master's degree from the University of Colorado in 1948.

Appointed as a new instructor in business administration at Rollins is Donald Reynolds, war veteran and former University of Miami instructor. He attended Northwestern University and the University of Miami, receiving his B.B.A. from the latter in 1947 and his master's degree in 1948.

He was a teaching assistant in the department of economics at Miami for one year. Since then he has been in business as the sales representative for one firm and as the advertising representative for another. He is a member of Alpha Kappa Psi, national honorary business fraternity.

Our new assistant professor of English is Irvin Stock, who is the recipient of the Fulbright Award and the Ford Foundation Fellow-

ship, both for work on dissertation. He is a former instructor of information and education for the

Army Air Force Officers Candidate School, and taught a year of freshman English at Bergen Junior Col-

F. A. Johnson

D. Kelly

M. K. Powers

D. Reynolds

W. D. Robbins

lege in Teaneck, N. J.

He received his B.A. from Washington Square College, New York University, his M.A. from Teachers College, Columbia University, and his Ph.D. from Columbia this summer. His articles have appeared in Accent, Arizona Quarterly Review, Yale French Studies; his stories have appeared in the University of Kansas City Review, cited in Martha Foley's Best Stories of the Year in 1947 and 1948.

Dr. J. S. Robinson, chairman of the department of economics at Carleton College, Minnesota, since 1925, author of economics textbooks and former member of the National War Labor Board has been appointed professor of economics at Rollins. Dr. Robinson has been professor of economics at Carleton for 32 years. He has

also taught at Vanderbilt University, University of California, Allegheny College, Simpson College, and was visiting professor at the London School of Economics, University of London.

He has served as president of the Midwest Economics Association, Economic Society of Great Britain, the Cosmos Club of Washington, D. C., the American Economic Association, the National Council of the National Economic League, and the American Arbitration Association.

Peter Gram Swing has been appointed assistant conductor of the Bach Festival and the Chapel Choir as well as the conductor of the Junior Choir. He received his A.B. with honors in Music at Harvard University in 1948 and his M.A. in 1951 also from Harvard.

Mr. Swing was the Director of

Music at the Putney School summer work camp in 1948-49. Last year he conducted the Billings Society Madrigal chorus in The Hague while on a Fulbright scholarship in Utrecht, Netherlands. His Fulbright research included a study of Renaissance Music.

W. D. Robbins, former manufacturer and member of the faculty of North Texas State College, has been appointed associate professor of business administration at Rollins. He will specialize in the field of marketing and advertising. He directed the marketing department at North Texas State before starting his Ph.D. program, and for five years he was owner-manager of a manufacturing plant for office supplies that distributed in 13 Southern states.

Robbins received his M.B.A.

from Northwestern University and received his Ph.D. degree from Ohio State University this summer. Robbins is a member of Beta Gamma Sigma, academic business honorary society.

If you see what at first looks like a stranger around the Art Studio it will probably be Mary Cashman Taylor, recently appointed Instructor in Art. She was graduated from the Carnegie Institute of Technology, College of Fine Arts with a B.A. degree in 1937. Mrs. Taylor received further training at the New York School of Display, and did graduate study at Southern Methodist University, School of Education.

Besides teaching at Pittsburgh High School and at Wilson College at Chambersburg, Pennsylvania, she has had her work exhibited at San Juan, Puerto Rico, and at Rich-

land, Washington, where she was a prizewinner in 1946. She also exhibited in the Dallas Painting and Sculpture Exhibit.

Dan A. Thomas joins the Rollins Family this year as Associate Professor of Physics. He is a graduate of the University of Chattanooga and received his Ph.D. from Vanderbilt University in 1952. Before coming to Rollins, Dr. Thomas taught at the University of the South at Sewanee, Tennessee. He has written several articles for The Physical Review, and was granted a fellowship by the U.S. Atomic Energy Commission in 1948 as well as a trustee's scholarship and teaching fellowship by Vanderbilt.

Dr. Thomas has served in the United States Navy, and is a member of the Kappa Sigma Social Fraternity and the Sigma Xi Research Fraternity.

## SCRIPTS & SCALES

by Bud Reich

This column begins its first term of publication with the purpose of bringing the attention of the student body to points of interest in the realm of music, art, radio, drama, and literature. Records are the topic for this week, since September and October have the distinction of marking new trends in recordings.

Reich

The latest innovation has come from the presses of RCA Victor with their new "extended play 45's". These discs are made on the same principle as the regular "45" except that they contain twice as much music for a lower price. They come in two flavors—classic and pop.

Signs of the Times Department: The large companies are beginning to take notice of the methods of smaller concerns which have been able to turn out LP's at extremely low prices. Victor's release of their Bluebird label on LP will feature standard classics recorded by European artists and will be priced to suit the limited budget. Columbia is preparing a promotion on LP's for this month—one free record for every three purchased or a free one for each of their three speed attachments purchased. Look for more bargains when the other companies follow suit.

Of interest on the local scene is the release of Mary Jarman Nelson's newest set of musical education records for children. The album appears under the Columbia label.

Don't miss The First Drama Quartet's interpretation of G. B. Shaw's "Don Juan in Hell". Critics acclaim it tops.

For the connoisseur, Columbia is bringing out a limited edition of two thousand copies of the Casals Festival held in Perpignan, France, last summer. The 12-volume set includes such greats as Casals, Serkin, Stern, and Primrose playing

concertos, sonatas, and other works by Mozart and Beethoven.

London has scored a first with its release of the only complete recording of Tchaikovsky's ballet "Swan Lake". The two-record set is of extraordinarily fine quality; a worthwhile addition to the music lover's library.

Pop preview: Watch Ray Anthony's two latest, "Makebelieve Dreams" and "Randle's Island". May be a double take. Jerry Shard's version of the Can Can is for the birds.

Jack Kelly, postwar student at Rollins, sang the principal part in the Strauss operetta, A Night in Venice, at Jones Beach, New York, this summer.

Kelly, whose stage name is Jack Russell, attended Rollins for several terms after the war, studying with late MMe. Louise Homer. He appeared in several Annie Russell productions.

Kelly was the featured singer last year in Sid Caesar's show, Show of Shows on nation-wide television. He will appear in the same show again this year.

## Frosh Invited To Take Part In Student Government And Various Publications

Student government is an important phase of Rollins life, just as city, state and federal government is an important part of the life of every American. Among the many goals of the Student Government is its desire to bring the student into closer contact with the actual workings of a model government on a small scale, to foster the basic principles of good citizenship; honesty, integrity, and responsibility.

Every Rollins student is a member of the Student Association, and through the various social organizations they elect the Student Council which acts as the legislative body of the Association. Each spring, in a general election, the students elect a president, vice-president, and secretary for the Council. All

Kyle

Our Student Association has been granted more powers of self-government by the administration than that of most other schools.

The Tomokan is the yearbook of the College. It appears every spring and encompasses life on the Rollins campus in print and pictures.

The activities and opportunities of the Tomokan are varied and the student who desires to do work in this field will find that there are positions open to him whether his interests are in writing, typing, proof-reading, photography, art, or business.

Clason Kyle, editor-in-chief of the book, will soon put out a call for all interested persons to meet with him.

The Sandspur is a very active organization on campus. The Rollins Sandspur, presents the week's news

as it is gathered and written by students. The paper appears every Thursday morning at 9:30 a.m. and will contain a minimum of eight pages per issue.

The 'Spur holds the distinction of being one of the few college papers in the country which goes to press without one faculty member checking the copy first.

Editor Dan Pinger will soon request those who are interested in working on the paper to meet with him.

All student publications are financed through the Student Association and are staffed entirely by students. Other publications are the "R" Book and the Flamingo. The former is the Freshman Manual, the other is the quarterly literary magazine

De Grove

upper-classmen are eligible for officers if they meet the liberal requirements of the constitution.

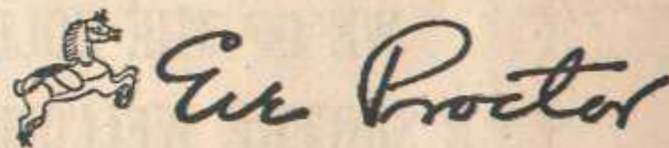

Although the Council alone votes on matters that come before the Association, every student is urged by the Council to attend meetings at least once a year. Suggestions from the gallery are always welcome and often prove to be solutions to many council problems. In this way all the students of Rollins have an opportunity to take an active part in their government.

Pinger

by Diane Herblin

"Hi, so glad you're back! Did you have a nice summer?" These are familiar words as fall term opens and everyone returns to collegiate activities, or otherwise. It seems that Rollins students were scattered to the four corners this summer. Just a few of the travelers abroad were: Doane Randall on a two-months' student tour of Europe, Nancy Huff in Switzerland working for Remington-Rand on an experiment in living job, Diane Evans in England on an experiment in living program, Janey Johannes and John Housermaann in Europe, and Chuck Lambeth just recently returning from a summer in Turkey with his parents.

Closer to home were Ellen Trevor, Liz Stevens, and Sally Newton sailing from Buffalo, N. Y. to Duluth, Minn., via the Upper Lakes; Marcia Mattox, Betsy Fletcher, and Shorty Berastegui in California on the Gamma Phi convention. Dean Doran caught a record-breaking pair of swordfish on Cape Cod this summer and is back with his brother Pete who is entering as a freshman this year. Kay Horton and Nancy Polk were thrilled speechless over the luxurious hotel they stayed in while on the Chi Omega convention. Even closer to home was Lyle Chambers, who played this summer with the Orlando Senators Baseball Club before being called to Fort Jackson, S. C., to begin his Officers Candidate School Training.

The late Hamilton Holt's Woodstock Estate is up for sale—it used to be the summer headquarters for Rollins College. Mr. and Mrs. John Tiedtke became the parents of a bouncing baby boy this summer. Dr. and Mrs. Fred Hanna went to Paris and Professor and Mrs. Plummer spent their summer in Europe. Joan Gourley appeared on the July cover of the Ladies Home Journal—pretty as a picture. Sid Katz attended Harvard on a summer school scholarship. Ginger Nelson was our "delegate" to the Republican Convention and she also went to Nova Scotia while Nancy Cooper skied with the Ski-Capades in New York. Dale Travis, Class of '52, has been awarded a \$2,000 scholarship to Vanderbilt University in the auditory division of the School of Medicine. Jean Currie, Class of '52, is traveling in Mexico. Flo Clements and Barb Coleman, Class of '52, are planning to work in Miami this winter.

Enjoying the Pelican this weekend were Don Marvin, Jerry Griggs, Sally Beauchamp, Virginia Fitts, two freshman boys and Sunny from Brooklyn. Clason Kyle, Dave Redding, and Squeek Gourley have spent the better part of three weeks painting, hanging, and generally redecorating the KA house from top to bottom. Jerry Faulkner is busy being the new student proctor in Cloverleaf; Eleanor Stone sat through the listings of 25 groups in the Annie Russell Sunday night only to find that her name had been called in the very first one. George Saute and Ray McMullin both have sisters entering Rollins this year, Louise and Marilynn, respectively. Ginny Walker will have quite a record to live up to being the little sis of both Jerry and Ranny

Airmen Second Class John M. Voight, (left in photo) and Arthur Ferenczy, (right in photo) who are registered in the Rollins evening classes at Patrick Air Force Base, prepare for the first college session beginning this week at the base. Instructors from Rollins, twice a week, travel a distance of 140 miles from Winter Park to teach the evening courses. The courses are offered to both military and civilian personnel assigned to the base.

Walker. Dick Stuart motored to Rollins from Pittsburgh in his new MG.

Tom Holden and Bill Ross were models for a deodorant advertisement appearing this summer in Holiday magazine.

Kathleen Beakley, 12-year-old daughter of Mr. and Mrs. J. C. Beakley of Winter Park and a student in the Rollins College Courses for the Community, has been chosen by the Pittsburgh Miniature Theatre to play the part of Cinderella in its forthcoming production of the play. Kathleen will have the only child's part in Cinderella which will tour Pennsylvania from September 15 to October 26. She has been taking community courses in rhythmic, community choir, and dramatics at Rollins.

Miss Sally Monsour, Instructor in Music Education at Rollins has been appointed Committee Chairman of the Music of Higher Education—a division of the Music Educator's National Conference. She represented Florida in a Southern Division Planning Conference held in Chattanooga on September 27 and 28.

Weddings held this summer:

Norma Jean Thaggard, Phi Mu, Class of '51, to L. D. Bochette, X Club, Class of '51; Sharon Ann Coffel, Zeta Tau Alpha, University of Miami, to Wallace Massillon Heuser, Sigma Chi, University of Miami; Mary Ann Rising, Kappa, to Ferg Monroe Alleman, Jr.; Della Davis, Class of '51, to Jerry O'Brien; Joanne Byrd, Phi Mu, Class of '50, to Fred Rogers, Alpha Phi Lambda, Class of '51; Nancy Musset, Chi Omega, University of Miami, to John Vereen, Sigma Nu, Class of '52; Carolyn Herring to Bob McCue, Alpha Phi Lambda, Class of '51; Phil Schmitt, Kappa, to Don Jones, Sigma Nu; Iris Fry, Theta, to Don Work, Sigma Nu, Class of '52; Becky Strickland, Theta, to Ralph Pernice, Delta Chi, Class of '52.

Engagements:

Marilyn Virginia Hoffman, Alpha Phi, to Charles Clayton Harra, K.A.; Windy Andrews, Pi Phi, to Robert Stewart (Scotty) Witherell, X Club, Class of '51; Ann Greene, Kappa, Class of '51, to Billy Key, X Club, Class of '52.

TWENTY YEARS  
THIS WEEK

The opening of the college year of '32-'33 was not seemingly marked by any spectacular happenings, yet it was the year that was to have a far reaching effect on the future of Rollins. A young alumnus had just returned from his studies in Paris to join the Rollins faculty in the Art Department. He was destined later to become President of Rollins. The young man was Hugh F. McKean.

Mr. George Cartwright, Jr., then head electrician of the Annie Russell Theater, returned from a tour of the North with the opinion that Annie Russell Theater was as completely equipped electrically as any similar theater in the country.

A new national fraternity, Kappa Alpha Theta, made its appearance on campus. The chapter was formed of actives and pledges who transferred from schools all over the U. S.

Coach Jack McDowall announced that the football team was coming along well in learning the new Warner Wingback System. Hopes were high for a successful year against a slate that included the University of Miami.

(Coach McDowall's ability eventually led him to be known as the Dean of Florida Collegiate Football Coaches.—Ed. note.)

One 'Spur columnist that year recorded: "The new students came by boat, train, automobile, hitch-hiking and bus; but the prize for novelty undoubtedly goes to Ruth Bryan Owen's big little boy—Bene—who rode into town in a Chevy racer with an airplane fuselage body at the terrific speed of 31 m.p.h." Another feature of that opening day was the appearance of a six foot hand-blown horn that made "the same noise as a five-day old sick Collie pup."

# Campus Improvement Mark Year's Progress

Dr. Nathan C. Starr, noted author and scholar of the Arthurian legends, has recently resigned as professor of English at Rollins to accept a position as Fulbright lecturer in Japan.

Dr. Starr's appointment was made on a United States exchange grant of 10 months. He will teach English and American literature at Kansai Jakwain University, Osaka, Japan, during the 1952-53 academic year.

Dr. Starr was well known for his extensive research of the Arthurian legends. His second published work, "King Arthur Today" has been scheduled for publication this year. His first book, "Dynamics of Literature", was issued by the Columbia Press in 1946 and was used in Rollins classrooms.

Dr. Nathan C. Starr

Dr. Starr had been a member of the Rollins faculty since 1941 and had served as Chairman of the Division of English and Theatre Arts during his last few years. In 1951 he became the first president of the Southeastern College English Association. Before coming to Rollins, he taught at Harvard, Radcliffe, Colgate, St. Johns and Williams College.

Dr. Starr's resignation is a great loss to the college. Numerous students, alumni, and faculty members will remember him as a truly great teacher who exemplified the ideals and standards of a Rollins education.

## Community Comes To Classes At Rollins

A Rollins education is not confined merely to students registered within the college. Each year a certain number of courses are offered in the form of "Community Courses".

The classes in the children's group are varied to meet different interests. They include Piano, Junior Choir, Arts and Crafts, Junior Theatre, Spanish, French, and Rhythms. These classes have been meeting after school and on Saturdays since September 20. Last year over 200 students were enrolled in this program. Prof. George Saute is Director of the Community Courses.

Courses for the adults "to serve the civic, cultural, professional and recreational needs of Central Florida" will begin after October 1.

## Opening Assembly To Acquaint Frosh

Last Sunday evening in the Annie Russell Theater all new students assembled to meet the college administrative and executive staff. Dr. Bradley, chairman of Orienta-

tion Week, introduced President Hugh McKean, Treasurer, John Tiedtke, who is also Second Vice President, Dean of the College, Edwin Walker, Dean Cleveland, Dean Justice, Dean Darrah and Dean Emeritus Arthur Enyart. They welcomed the new students into the "Rollins Family" and stressed the importance of friendliness between students and faculty alike.

John DeGrove, president of the Student Government, explained the function of the student government in college affairs and invited any new students to attend meetings of the Student Council. Bruce Lee, speaking for Editor Dan Pinger, gave a brief account of the Sandspur and outlined its student-controlled operation.

After the speeches Sally Monsour taught the newcomers several of the college songs and the meeting ended with the Rollins Alma Mater.

## Race Relation Wards Chalk Up Big Honors

Rollins Race Relations Committee is bursting with pride over the achievements of two Indian youths whose education they sponsor. The two boys, Joseph Jumper and Howard Tommie, received American Legion awards for outstanding leadership and accomplishments in their respective schools.

Both boys are Seminole Indians. Joseph attends Cherokee Indian High School in North Carolina and Howard is enrolled in the elementary school at Dania, Florida.

Joseph is well known for his oratorical abilities. He placed first in his high school's declamation contest and also took first place in a district American Legion contest which included 50 entrants.

Howard received his award for being the outstanding boy student in the Dania Elementary School.

## PANHELLENIC COFFEE EVENT

All entering women are invited to the annual Panhellenic Coffee which will be held tonight, Thursday, October 2, in Student Center at 7:30 P. M., as announced by Dodi Manning, President of Panhellenic Council. Members of the Welcoming Committee will be on hand with entertaining skits to help the new girls learn the rushing rules. Immediately following the coffee there will be an important meeting in the Alumnae House for all entering women.

The Panhellenic Council is made up of representatives of the seven national sororities on this campus. It functions as a governing body over these chapters to promote the smooth and friendly interaction of the groups. Panhellenic states as its objective: "To maintain on a high plane fraternity life and interfraternity relations within the college."

## Mademoiselle Points The Way To Success

Once again MADEMOISELLE offers outstanding women undergraduates a chance for a passport

to future success! Through their annual College Board Contest girls are given a chance to become members of the Board and test their abilities for professional jobs in art, fashions, writing, promotion, merchandising or advertising. The twenty best members win a salary month in New York City to write and edit the 1953 MADEMOISELLE College issue.

In order to try out for the College Board, a 1500 word criticism of MADEMOISELLE'S 1952 August College Issue must be submitted no later than November 30, 1952, to College Board Editor, Mademoiselle, 575 Madison Avenue, New York 22, New York. The criticism should include a general discussion of the issue as a whole — likes, dislikes, suggested changes. Then select the field that interests you most, such as fiction, features, fashion, etc., to criticize in detail.

On a separate page, give your name, class year, college and home addresses, major and minor extracurricular activities and summer jobs, if any.

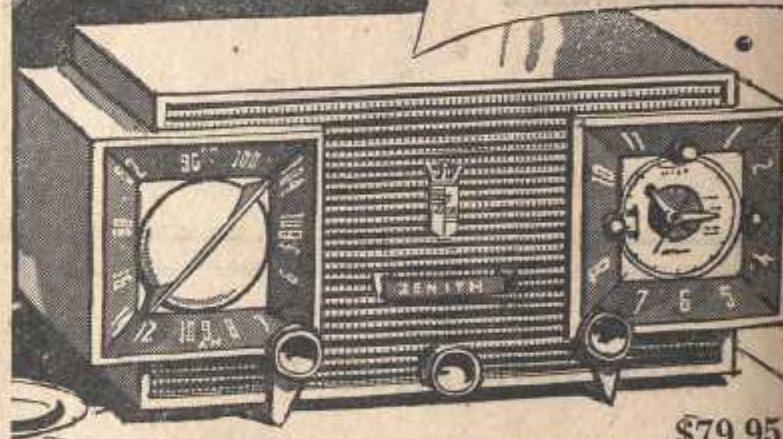

If you are elected to the Board you will do three assignments — fashions, writing or art — to show off and develop your individual talents.

Rollins girls have won a place on the Mademoiselle Board several times in the past.

FOR FACULTY AND STUDENTS  
FULBRIGHT COMPETITION OPEN

Little time remains for students and faculty members interested in applying for this year's Fulbright Scholarship grants. Competition for the grants provided by the Fulbright Act closes on October 15 for the faculty and on October 31 for students.

Rollins can be extremely proud of its record in the Fulbright competition. The state award has only been in effect for two years and both times Rollins has had a successful applicant. Shirley Christensen received a grant to study in France for the 1951-52 academic year and June graduate Marshall Stone was awarded a scholarship for study in Belgium during the 1952-53 year. Dr. Nathan C. Starr was also granted a Fulbright scholarship for the 1952-53 academic year. He was given a visiting lectureship to Kansei University in Osaka, Japan.

Students are eligible to compete for the scholarships if they are citizens of the United States have earned a Bachelor's degree or its equivalent by the time they begin studying (Seniors may apply if it is probable that they will receive their degrees in June, 1953); they must also have a sufficient knowledge of the language of the country in order to carry on the work profitably. There are some exceptions to these requirements, also, and any interested students should contact Dean Stone to verify these.

Faculty members are eligible for visiting lectureships or advanced research opportunities if they are citizens of the United States, hold a doctoral degree from a recognized institution of higher learning, are in good health and have an accurate knowledge of the language of the country they select.

The award includes roundtrip transportation, a cost of living allowance, and a supplemental allowance for travel and books. Awards are made for the full academic year.

In addition to the national competition, two applicants are recommended by the Fulbright Committee of each state. The only additional requirement involved for this award is that the applicant be a resident of the state from which he applies. The competition within Florida is especially favorable since the number of institutions involved is relatively small.

For any further information and advice on application procedures see Dr. Wendell C. Stone, the Fulbright Adviser, in Room 107, Orlando Hall.

Soon this will be a typical scene within the basement radio studios under Mills Memorial Library. The first squawl of Rollins' new radio station is expected sometime in November (see front page). In the background of the picture is the Director of the Station, Professor Phil Gaines. Beside him is Alice Egan.

Author Jess Gregg  
Publishes New Novel

Rollins Graduate Jess Gregg, was featured in the September issue of Ladies Home Journal through his first novel, "The Other Elizabeth". The story will also be published in book form this fall by the Rhinehart Company.

Gregg was graduated from Rollins in 1941 but he has returned to the college each fall in order to

study Creative Writing under Dr. Edwin Granberry. During his college years he edited The Flamingo, and was the recipient of the Allied Arts First Prize and the Annie Russell award.

"The Other Elizabeth" is the literary portrait of a female tycoon at the close of the Victorian era in America. It is portrayed both classically and in the modern style by the skillful young author.

Diane Evans Visits  
Rollins War Orphans

One evening this summer in London, England, Diane Evans, president of IRC played "Mama" to two young boys in whom many Rollins students will have a personal interest. They are Wieslaw Ostrowski and Kazimierz Mikel, Polish war orphans supported by the International Relations Club and the Pi Phi, respectively, under the Foster Parents Plan.

Diane arranged to take the boys to dinner and the Ballet at Festival Hall in order to show them the personal friendship of their 58-odd foster parents whom they had never met. Although the boys spoke little English and were terribly shy, the three enjoyed a colorful and interesting evening together.

Diane wishes that every student who has a "share" in those children could have met them, if only to hear their hesitant words of thanks for the little bit of happiness we have given them through our gifts.

Parents Change Officers

The Parents Association of Rollins College met Sunday night for the election of officers and to discuss the expansion of its activities to include appropriating funds for the improvement of the college infirmary.

The organization was formed last year to give parents a closer association with the college.

New officers are Mrs. Arnold Menk, President; Mrs. Carlyle H. Wright, Vice-President; Mrs. George Saute, Secretary; Mr. H. F. Anderson, Treasurer, and Dr. James Russell, Mr. Albert Hogue and Prof. George Saute are new board members.

314 Park Ave., S.

Mr. Wilbur Dorsett looks over a file of past shows and memories. He is responsible for directing many entertaining plays at the Annie Russell Theatre before his leave of absence last year at Michigan State College. Dorsett will direct *The Grass Harp*, a gay and imaginative fantasy, by Truman Capote which will be presented at the Annie Russell Theatre November 11 through 15.

# Professor Wilbur Dorsett Returns Here As Play Director After Busy Year Away

by DeWitt Saute

Mr. Wilbur Dorsett, well-known at Rollins for his genial way of directing plays, has returned to remain here at Rollins as Associate Director of the Annie Russell Theatre with Prof. Howard Bailey.

During Bailey's leave of absence this fall, Dorsett will be in charge of the theatre.

Mr. Dorsett announces that the first play on his billing is *The Grass Harp* by Truman Capote. Dorsett refers smilingly to Capote as "the bad boy of literature", but he adds that *The Grass Harp* is beautifully imaginative and well written. The play has a cast of 10 men and eight women.

Mr. Dorsett wishes all interested in Theatre Arts to meet at the Annie Russell Theatre next Tuesday, October 7 at 8:15 P.M. This will be a "get-acquainted" and policy making session. Tryouts for the play will be held later.

The *Grass Harp* will be on the Annie Russell boards from

November 11 through November 15.

Mr. Dorsett was head of the stage designing department at Michigan State last year. Either he or one of his students designed the sets for each play in each of Michigan State's three theatres Michigan State, as most collegians know, has 16,000 students, and this year one of the nation's top football teams.

Dorsett tramped the state of Michigan awhile in the fall and winter with the Michigan State players who were presenting a selection of children's plays in high school auditoriums. Dorsett says "B'rrrrr" and shivers in recollection of the winter trip.

This past summer Mr. Dorsett and his vivacious wife mingled with the Broadway stars. Dorsett was stage manager of "The Playhouse in the park", a summer-stock theatre owned by the city of Philadelphia. As stage manager he was responsible for the show that was playing while the director of

the theatre rehearsed the next play.

Among the stars that he worked with were Roddy McDowell, Arthur Treacher, Peggy Ann Garner, Conrad Nagel, John Loder and others.

At the end of the summer, the rotund Thespian visited other Rollinsites. He saw Howard Bailey and Tony Perkins playing in the traveling company of Theatre with Kay Francis at Bucks County, Pa., and again at York County where Lynn Bailey was in the play as a member of the resident company of that summer theatre. George Lyburn, meanwhile, stage-managed Theatre when it arrived at the Saratoga Springs Theatre.

Mrs. Dorsett, who was much applauded when she appeared in Annie Russell plays in the past, will work this year with Barbara Zeigler in the Children's Community Courses.

The Dorsetts have one son, David, who is four years old. They are living at 338 1/2 Vitoria Avenue.

## TAR NETTERS DISPLAY TALENT THROUGHOUT SUMMER'S LENGTH

Tar netters made the headlines throughout the country this summer as they journeyed from tourney to tourney making an excellent record for themselves.

Calhoun Dickson performed the best day's work of the vacation when he nailed down two victories in one afternoon at the Alabama State Tennis Tournament. The lanky Californian gained the semi-finals in singles by downing Don Merritte of Memphis 6-2, 6-3.

### Lyle's Dream Meets With Fickle Fate

Lyle Chambers, former captain of the Rollins baseball team, finally had his dream come true. For four years he had dreamed of playing second base with a real, live pro team. And so, he joined the Orlando Senators this June.

Then disaster struck, just 12 days after he had joined the team Lyle was drafted and is now going through O.C.S. Sometimes you just can't win.

He then paired with Eduardo Garcia, another Tar netman, to defeat Les Longshore and Harvey Jackson in doubles.

In the women's department, Carmen Lampe displayed great form in reaching the quarter-finals of the Eastern Clay Courts Womens Championships when she defeated Diana Mellvain of Forest Hills, N. Y., the East's eighth ranking woman player, 6-3, 6-2.

Other Rollins players made themselves equally conspicuous by playing superbly in many instances. Alfredo Millet, as usual, came through in fine form, winning several tournaments and the praise of all who saw him play.

The Mercury of the Courts, Coach Jim McDougal demonstrates the form which he drills into his pupils. His charges repaid him with brilliant performances in tournaments throughout the country this summer.

## Collegiate Life Will Be Drab Without Any Sports Participation

by Bruce Lee  
Sports Editor

You don't have to be an athlete to have athlete's foot.

No one knows who the wag was that wagged that phrase. It might be corny, even slightly repulsive but it's true as it can be.

To the majority of freshmen who encounter the intricacies of the Rollins Muscle Foundry (more commonly known as the phys ed office), and listen to the tales of physical prowess that have been performed by the 'greats' of the past years, there comes the immediate feeling that the only way one can attain athletic success is to be of hurricane stature.

The size 19 neck and the 18 inch biceps are not a must on the athletic field. The main thing is something bigger than that; competitive spirit and a desire to play as hard as possible. Drive, desire and hustle frequently leaves the 'Man Mountain Dean' stranded in the dust.

\* \* \*

Don't be afraid to get out on the athletic field, the tennis courts, the golf course, the crew lake. Don't turn down any chance to participate in intramural sports.

\* \* \*

Rollins presents a multitude of sports that can't be duplicated by many colleges, especially the long, warm seasons. The freshman who spurns these opportunities misses a chance that few people get. Don't just sit around for four years and then kick yourself for the rest of your life because you played the fool in college.

\* \* \*

There's more to school than just attending classes, dancing the night through and hitting every bar in town. There is no better way to meet men and to get to know them inside and out than in the heat of battle. There is no greater test of character than when the chips are down.

\* \* \*

The friendships that are made on the playing field are longlasting and true. And besides, the memories of the games that are played with all your heart and mind and strength, whether won or lost, are pleasant ones in later life.

"Don't worry about her . . . just remember the Angostura in her Manhattan!"

## YOUNG TAR NINE FIGHTS WELL IN REGIONAL NCAA

After having spent several years rebuilding his diamond nine, Coach Justices' team was rewarded by an invitation to regional NCAA tourney at the end of last spring. Weathering the disdain of several Florida sports scribes, the Tars arrived in Kannapolis and proceeded to prove that although they were a young team, they could certainly lick their weight in wildcats.

Playing their best game of the season, the Tars pounced upon a sluggish Gator nine and avenged themselves of four previous defeats by tromping their rivals 5-4.

It was the pitching of Bill Cary that throttled the big guns of Florida and snuffed out a do-or-die rally in the ninth. Haywood Sullivan nearly turned the tables in the last frame when he smashed a four master over the fence to bring his mates within one run of a tie. But the Tar southpaw was equal to the occasion and stopped the remaining nine Gators to gain his victory.

Pitching with deadly control, Cary set the Gators down swinging and on easy outs to the fly-catchers. He worked the count to 3-2 on many occasions and then blazed one over or curved one across the corners to

SLIDE! SLIDE! Yells the crowd as a Tar baserunner hits the dirt as the throw arrives from the outfield. This was typical of the hard driving play demonstrated by the Tar nine in the NCAA regional tourney in Kannapolis, N. C., this June.

breeze the fatal third strike past the Florida batters 15 times.

Don Finnigan, the Tar fireball catcher, started the ball rolling in the first with a single. Later he nailed a double and scored twice during the game.

The Tars bowed the next night in the final inning to an all-powerful Duke team 5-4. The game was wide open with the lead changing hands several times. It was a three run rally in the seventh that spelled defeat for the Tars. Although they had men on base in every inning after that, they were

unable to produce any tallies.

The Gators then roared back in defiance and crushed the Rollins hopes of gaining the finals by defeating them in a disputed contest.

The point under dispute was whether or not Catcher Don Finnigan, who was on second, passed First Baseman Hull, who was on third, when the catcher dropped a third strike and Coach Justice waved the runners toward the plate. Umpire George Thomas ruled that Finnigan had passed Hull, nullifying 2 runs as that made the third out.

## TAR-BELLES

by SHORTY BERASTEGUI

Splash, glub, gurgle, thud. "Fleet, this one can't swim." No students were christened by Fleet Peoples, Rollins swimming instructor at Lake Virginia this week for their swimming tests. After grappling the lake for those who failed the test, Fleet revived them and registered them for his special "you'll be swimming in two weeks or your name ain't . . . 55 course."

Thus sports began again at Rollins. And they'll continue to. We have quite a variety—tennis, water skiing, horse back riding, fencing, softball, golf. The list goes on and on.

However, due to conditions beyond our control we are forced to eliminate ice skating from the numerous selections.

There are three ways in which girls may participate in sports. The first is on your own. Should you crave a fast game of tennis (or even a slow one) and should you find another person with the same desire, just pick up the racket and play. We suggest you use the tennis courts for best results of your game. The second is physical education classes. That has already been explained to those who attended the meetings they were assigned to during orientation week. The third is intramurals. The sororities and independent group vie for a trophy and for the enjoyment they receive from the competition.

## New Tilts Scheduled For Rollins Quintet

Working overtime, the Physical Education Department has announced that the Tars will play four new opponents in basketball this winter. Murray State of Murray, Kentucky, was the first to accept the Rollins challenge and the tilt has been set January 29 here in Winter Park.

The University of the South will play here on Dec. 20 and Georgia Teachers will come down on the 24th of January. Erskine has already picked up the gauntlet and arrives on Feb. 18.

The Tars will increase their already extensive road trip when they will journey to Collegeboro, Ga., to play a rematch with the Georgia Teachers quintet.

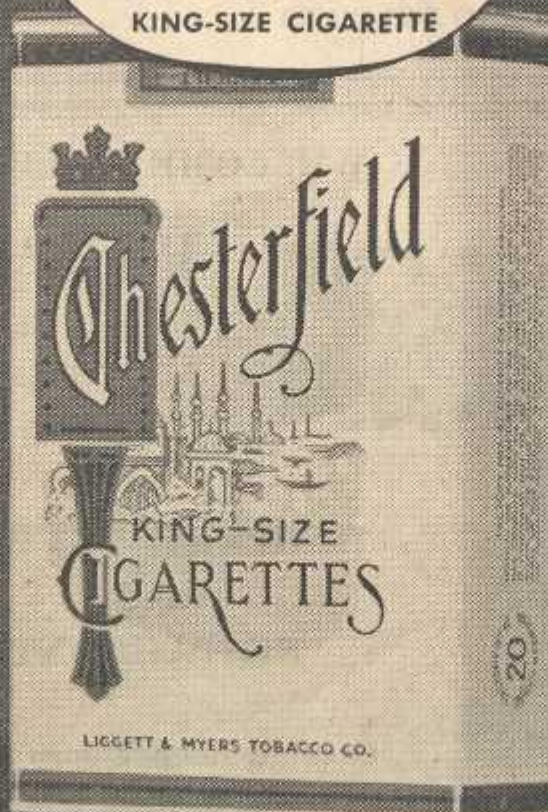

The complete schedule will be issued at a later date.

# CHESTERFIELD FIRST PREMIUM QUALITY CIGARETTE TO OFFER BOTH REGULAR & KING-SIZE

ASK YOUR DEALER  
FOR CHESTERFIELD  
— EITHER WAY  
YOU LIKE 'EM

★  
CONTAINS TOBACCOS OF  
BETTER QUALITY AND HIGHER  
PRICE THAN ANY OTHER  
KING-SIZE CIGARETTE

**BOTH** regular and king-size Chesterfields are premium quality cigarettes and come in the smart white pack.

**BOTH** contain only those proven ingredients that make Chesterfields the best possible smoke: the world's best tobaccos, pure, more costly moistening agents (to keep them tasty and fresh), the best cigarette paper that money can buy—nothing else.

**BOTH** are much milder with an extraordinarily good taste and, from the report of a well-known research organization—no unpleasant after-taste.

**BOTH** are exactly the same in all respects. There is absolutely no difference except that king-size Chesterfield is larger—contains considerably more of the same tobaccos—enough more to give you a 21% longer smoke, yet costs very little more.
