### Ninth Race Relations Program For Sunday

The Race Relations Committee will sponsor its ninth annual Race Relations Sunday this week at 2:30 p.m. in the Annie Russell Theatre announced Hal Broda, chairman of the program.

G. DeWitt Saute will give a word of welcome and introduce the speakers.

Mr. Herbert Davidson, editor of the Daytona News Journal, will speak on race relations in the South; what has been accomplished and what remains to be done.

The Hungerford School Choir will offer several choral selections.

Mr. Bertrand Scott will speak in conjunction with a colored film "Seminole of the Everglades."

The entire Rollins Family is cordially invited as well as the general public. Admission is free.

### LIBRARY, PELICAN, AND CLUBS DISCUSSED IN COUNCIL MEETING

Kappas returning from the Pelican recommended that curtains or shades be provided for all upstairs dormitory windows and as their part in the project measured the windows. The Phi Mu's traveling to the Pelican last weekend placed a new first aid kit on the mantel and have listed directions to the nearest doctor and hospital. They also finished painting dining room benches. Projects will continue to be assigned to each group throughout the year in hopes that the Student Council's planned improvement of the beach house can be completed.

All social groups are urged to turn in their plans for their Fiesta booths and floats to Jerry

O'Brien immediately on official stationery.

Stray Greeks have been recognized as a new social group on campus and have one vote in Council.

Parking fines collected at the last meeting amounted to \$3.50, but there were many offenders who did not appear at the Council traffic court which is held every Monday night at 8:00. Those not appearing are subject to suspension from classes by order of the Student Deans.

President John DeGrove reported from the Library Committee that proposed extension of library hours may be put in action if enough student help can be enlisted for the extra hours, 3 to 5 on Sundays.

A motion was placed before the Council which, in effect, stated that any Club unable to meet at its regular time, must forfeit its privilege of meeting later in the week. However, this was amended on a proposal by Bruce Lee, "a scheduled meeting not able to meet in the specified time may meet sometime later in the week if that meeting does not interfere with other scheduled meetings." All presidents are being sent a notice and are expected to comply with the new Student Council Ruling.

### Cloverleaf Burns

A small fire broke out on the third floor of Cloverleaf Hall Tuesday about 7:00 p.m. The main damage in the freshmen women's dorm was occurred by the sprinkler system, as the fire only singed a door and burned a bath towel.

### Annie Russell Theatre Will Be The Site Of "Cattle Industry" Discussions Today And Tomorrow

By JANE LAVERTY

Florida's cows, calves, and bulls will be extensively reviewed and appraised today and tomorrow when the College devotes its annual Economic Conference to "The Florida Cattle Industry."

Students particularly will find the meetings of great value not only from an intellectual aspect but also from a cultural aspect.

The best authorities in this field have been assembled from all over the nation to speak at the Annie Russell Theater during these two days. Their topics range from the actual work with cattle to the marketing, financing, and production of this extensive business.

Consequently, the College deems this Conference as of such vital interest, that students may be excused from classes to attend providing they arrange with their instructors in advance. Faculty members who wish to attend may take their students as a group to the sessions. Any member of Rollins College will be admitted free.

After a welcoming address by President McKean, Mr. Cushman S. Radebaugh, vice-president of the American National Cattlemen's Association will open the first session of the Conference this morning at 10 o'clock speaking on the Economic Importance of Cattle in Florida. He will then be followed by Mr. J. Carlisle Rogers, President of the First National Bank, Leesburg, Florida, who will discuss Requirements for Sound Cattle Financing.

At the Thursday afternoon session beginning at 2 p.m., John Tiedtke will preside. In this second session Charles Lykes of Lykes Brothers, Tampa, cattle ranchers, packers, and processors will speak about Grading and Marketing of Livestock.

Following Mr. Lykes, there will be a panel discussion led by Dr. O. C. Bryan, Technical Director of the Soil Science Foundation, Lakeland, Florida. This panel will include speeches by Dr. George K. Davis, animal nutritionist at the University of Florida, on Essentials of a High Quality Feed; Mr. R. W. Kidder, Belle Glade Experiment Station, on Florida Grown Pasture and Forage Crops; Mr. Sidney Crochet, manager of the U. S. Sugar Corporation, Clewiston, Florida, on the Value of Blackstrap Molasses in a Feeding Program; and Mr. Mallory Roberts, Kuder Citrus Feed Company, Bartow, Florida, on Citrus By-Products as Sources of Essential Feed Ingredients.

The third session will open Friday morning at 9:30 with William Melcher presiding. The first speaker of the morning will be Dr. E. J. Warwick, Regional Coordinator of Beef Cattle Breeding Research of the USDA, Knoxville, Tennessee. He will discuss Beef Cattle Productivity as Affected by Breeding.

The last part of the session will be taken up by Mr. Rex Bailey, president of the Doane Agricultural Service, Inc., St. Louis, Missouri, who will speak on the Economic Aspects of the Florida Cattle Industry.

At 2 p.m. in the fourth and final session of the Conference, Mr. J. R. Gunn, Secretary of the Florida State Cattlemen's Association and one of the state's best known county agents, will act as moderator in a closing panel discussion with all the speakers of the Conference plus other leading men in the cattle industry participating.

Dr. W. D. Robbins, chairman of the Economic Conference, said that more than 18,000 cattlemen and others interested in cattle have been invited to the College for these two days. Dr. Robbins also stated that all indications point to high interest and well-attended meetings.

"What goes on at the Economic Conference may be 'over a cow's head,' but certainly not above a students' comprehension," stated Chairman Robbins. "It will be placed on a very practical basis." Any student can benefit from discussions by these experts in the nation's affairs.

### TO THE STUDENTS FROM PRESIDENT MCKEAN:

The current "flu" while not of a serious kind is something the College cannot ignore. Education is the reason we are all here, but education should prepare us to meet situations and if we fail to take flu into account there is something we have all failed to learn. I suggest that you all gargle once or twice a day with some reliable germ killer and if you have no standard one at hand that you use hot salt water.

I think too that homework should not keep you up later than eleven o'clock and if at that time you are not finished with your studying that you should go to bed anyway. In the long run you will be better off. A few unfinished assignments will have much less effect on our academic standards than a lot of flu on the campus.

Finally, if you should get flu keep your mind off the work you are missing. You can make it up later. There are not many things to be said in favor of flu but it does give you a chance to rest and there is no use spoiling that.

While there is no epidemic now at Rollins, we want to be sure we don't do anything to encourage one.

## EDITORIALS

## POOR NOTIFICATION

Recently, many of the students on scholarship received word that they were no longer receivers of financial help because of their grades last term. These students were notified four weeks after the beginning of this Winter Term that they would have to pay tuition for this term, and then if they made the grades Winter Term that their particular scholarship stipulates, the money they had paid would be refunded immediately and they would receive automatically a scholarship for Spring Term.

We believe the general system is a good one. A primary purpose for scholarships is to strengthen the academic pace of the college, so naturally the school's investment is of worth only when the scholarship students continue to lead the pack.

However, last week when the official word was passed to the unfortunate students, quite a bit of confusion resulted. We believe the reason for this confusion was that of the untimely and improper means of notification. The unfortunate students should have known their fate before Christmas through their advisors who are supposedly looking out for their advisee's general welfare and through an official release from the Administration Building noting the students' correct mathematical averages.

Although an alert student in doubt and with money at stake would have sought out his correct average at the Registrar's Office, a new method of report cards should be established as the old ones do not supply students with an accurate method of compiling their own averages.

## STUDENTS PESSIMISTIC

(ACP) College students have little hope of either a speedy end to the Korean war or of peace between Russia and the United States.

In a survey taken by the ACP National Poll of Student Opinion, students across the nation were asked: **Do you think the Korean war will be over within six months:**

The results:

Yes .....	5 per cent
No .....	82 per cent
No opinion .....	10 per cent
Other .....	3 per cent

Students were also asked: **How do you feel about chances for a peaceful settlement of differences between Russia and the United States?** Here are the answers:

Chances are good ....	3 per cent
Chances are fair .....	27 per cent
Chances are poor .....	54 per cent
No chances .....	12 per cent
No opinion .....	4 per cent

In a Student Opinion poll taken one year ago the same question was asked. At that time only 45 per cent of those interviewed said "Chances are poor."

## The Chapel Tower

T. S. Darrah

The story goes that during the French Revolution a man who lived in a village just outside of Paris met a friend who had just returned from the Capitol and asked him what was going on. "It is awful," said the friend. "They are cutting off heads by the thousands."

"Good heavens," said the man, "that is awful, for I am a hatter you know."

It is strange or is it that it is always hard to see any situation objectively. Our own personal concerns influence our views. To live by the Golden Rule takes more imagination and courage than most of us have.

Darrah

## The Complete Statement Of Scholarship Policy

(At the request of the Sandspur, the SUB-COMMITTEE ON SCHOLARSHIPS OF THE COMMITTEE ON ACADEMIC STANDING, ADMISSIONS AND FINANCIAL AID have issued the following statement on the Scholarship Policy of Rollins College.—Editor's Note)

The scholarship program of Rollins College is administered by a Committee on Academic Standing, Admissions, and Financial Aid. Since there has apparently been some confusion in discussions on the campus concerning policies on scholarships, it seems appropriate to make a statement repeating and clarifying these policies.

Rollins College offers scholarships in varying amounts to students of superior ability and achievement who are not financially able to pay the general fee of the College, with the exception of Honor Scholarships which are given for merit only. Both of these conditions for awarding scholarships are important. It means that the purpose of the College is to prevent student body from being composed entirely of a privileged economic class and it is the purpose of the College to maintain a high level of ability and performance in its students.

The College provides some scholarships from general funds and offer other scholarships through the generosity of friends of the College who have contributed funds to endowment or have made annual gifts for this purpose. Many of these donors have specified conditions of award. Although these conditions vary in particular cases, all scholarships have in common the specification that a student in order to receive a scholarship and to continue to enjoy its benefits must be of high moral character, show promise of leadership, and maintain a required academic standing. All scholarships must be administered by the College within these terms.

The College awards five types of scholarships: honor scholarships, achievement scholarships, athletic achievement scholarships, Central Florida scholarships, and scholarships to children of members of the faculty. In addition to these groups the Hurrey Scholarships for Latin American students, the University Club Scholarships, and the Nettie Whitney Opdyke Scholarships. Each of these special scholarships has its own particular specifications of award.

The Committee established clear principles for the administration of the five general classes of scholarships mentioned above in 1948. In order to continue to hold a scholarship that is awarded, a student must maintain a stated minimum grade average. The minimum in each case is as follows: Athletic Achievement Scholarships, C; Achievement Scholarships, B in the major field, B in other courses; Honor Scholarships, B; Central Florida Scholarships, C; Children

of Faculty Members, C. Average grades are computed in terms of averages of grade points per credit hour on the following basis:

Each hour of A	3 points
Each hour of B	2 points
Each hour of C	1 point
Each hour of D	0 points

Each hour of F minus one point  
The minimum grade point average for letter grades used by the Committee is as follows for the categories listed above:

C	.80
C+	1.20
B-	1.55
B	1.80
B+	2.20

In the spring of 1952 the Committee discussed the fact that there seemed to be some confusion on the part of students as to what was required of them to continue to enjoy the privileges of a scholarship. As a result, the Cashier was requested to state clearly to each recipient of a scholarship what would be required of him. The following paragraph is an example of the statement contained in each letter from the Cashier to a scholarship holder:

"Since the College is making a large investment in you, I am sure you want to know what responsibilities you have in the matter. You will be expected to maintain a minimum average of Above Usual in your major field, and Above Usual Minus in all your other studies. You will also be expected to uphold high standard socially as well as academically, and of course, participate in the activities in the field of your special interests."

When the fall term records were reviewed this year, the action in individual cases was taken in accordance with the requirements outlined in the letter informing the student of his scholarship award. In cases where the requirements were not entirely met, although the student forfeited his scholarship for the winter term and the amount forfeited then was due and payable, the student was told that if the required standards were met this winter term, his scholarship for the winter term would be reinstated retroactively and would also be reinstated for the spring term.

In cases where there seemed to be unusual circumstances beyond the control of the student, he was told he might appeal to the Committee for review of his case and if the Committee judged that the circumstances were truly beyond the control of the student, appropriate action would be taken.

It has been discovered that errors were made in letters notifying some entering students of the award of scholarships and a statement was made that they had been awarded a scholarship for the entire academic year without reference to the maintenance of a minimum grade standard. In the judgement of the Committee, these were errors of the College and the College will make good on the error.

By Jon Dunn-Rankin

**Open Letter to President McKean:** The confirmed appearance of the Honorable Lester Pearson, UN General Assembly president, as Convocation Day speaker is good news. As is hearing that General Omar Bradley will be an AniMag contributor. We understand you're trying to track down New York University chancellor Henry T. Heald for the Founder's Week occasion. Remind him of his having appeared on the NAM "Industrialists Quiz the Educators" panel at the 57th Annual Congress of American Industry in the Big City last December. A Rollins student was there, heard Heald, says he's worth hearing again. The student wishes you could get some of the other educators down here with Mr. Heald. It was a lively show.

P.S.: Students quizzed the industrialists, too. We have the transcript. Rollins (getting in the first question) asked: "What is a group like NAM prepared to do to preserve the program of higher education in our privately endowed institutions which are faced with . . . a financial crisis?" "By calling upon industry and business in general to support education at all levels, regularly, effectively, and now."

Last Monday President Dwight D. Eisenhower delivered his State of the Nation speech to the Congress. We sort of wish President Hugh F. McKean would do the same thing at Rollins, a State of the College speech to the Campus. It seems to us that it would fit in right along with the announced seven-year preparation for Rolly Colly's Diamond Jubilee in 1960.

**Bridge:** She'd played for years and still couldn't understand the slam-directed four-no-trump of Blackwood after umpteen explanations. While partner North cringed, opponent West commented: "Oh, she's a neophyte from way back."

One of our old friends and fiend with a camera, Lyman Huntington, is on campus clicking his shutter for Bill Shelton's public relations department, Dan Pinger's Sandspur, and Clason Kyle's Tomokan. Students will get a glimpse of his shutter work when the rag you're reading comes up with its third annual Founder's Week supplement, **Rollins VIEW**, now in the presses.

**Roundup:** WPRK broadcasts the cattle conference convening on campus today, tomorrow and Saturday . . . a continuous broadcast by tape recording starting one hour after the actual Econ Conference beginning time . . . with student talent on the spot announcements, intros, and station breaks . . . in the interest of public service, as well as a dry run for a similar maneuver come Founder's Week with its AniMag and Convocation.

The Howard Richards-Barbara Clement fantasy musical was the choice at the Indy women's auditions last Sunday night.

## Letters to the Editor

## ART SHOWS

Dear Editor:

It seems so me that there is not enough emphasis stressed on art work done on this campus. Many of the students and faculty are quite talented, and their work is a pleasure to see. Perhaps something could be ar-

ranged in the way of an all-school exhibit with everyone who is interested in art displaying their work. All forms on art could be shown such as sculpture, painting, sketching, carving, etc. It certainly would give credit and praise to a number of fine craftsmen.

Sincerely,  
SUSIE ANDERSON

## After-Chapel Club Panel Pats 'College Life' On Back

Sunday morning's After-Chapel Club was a panel discussion on the topic, "What Are We Here For And What Should We Be Here?" Doctors Vestal and Stone, Dean Darrah, Dean Cleveland and Professor James tossed philosophical and scientific terms back and forth in an effort to reach a definite conclusion on "Why We Are Here."

The panel, according to Dean Darrah, was the result of a previous bull-session in the Center and was completely unrehearsed.

Various reasons were given for a student's desire to come to college, such as "Because the others go", "to stay out of the army," "for education", "as a bridge between home and the world."

The faculty argued back and forth on these for a while and finally Dr. Vestal gave the only

concrete answer to the original question. He said that college offers a person three things: one, it exposes them to accumulative knowledge; two, the professors lead students toward extending their powers of independent thinking, and three, they gain as a by-product a personal philosophy of life—a moral stamina.

There is a little bit more to life than earning your bread and butter, Vestal felt, and that's where college comes in. If college doesn't go beyond technical training—if it can't give you a philosophy of life—then there is no need for it to exist.

Professor Bill Shelton will meet with the After-Chapel Club next Sunday on "The Highbrow's Religion."

## THETA'S OFFER THEIR SERVICES TO MARCH OF DIMES CAMPAIGN

On Thursday evening, January 29th, eight Kappa Alpha Thetas from Rollins helped collect funds for the annual March of Dimes drive at several restaurants in the Winter Park area.

The girls were asked to assist in case some residents who would ordinarily contribute to the drive might be dining out and thus be missed by the regular representatives that solicited from door to door that night.

The Villa Nova, the Palmer House, Harper's, the Candlelight,

the Hamilton Grill, and the Lamplight restaurants all had candles on their tables with small cards inviting their customers to light the candles if they wished to make a contribution.

Representing the Thetas in this activity were Jo Ann Lucas, Cindy Ross, Bebo Boothby, Nancy Corse, Gail Gearhart, Jerry Adamson, Joan Curtis, and Kay Dunlap.

At the end of the evening, the girls reported that they had collected approximately \$70.00.

## Pearson, Bradley And Kirk Consent To Speak

## Four Magazine Contributors Announced By Administration

An air of international importance will invade the Rollins College campus during Founders' Week later this month, when several of the world's leaders will address the college and the public in the Animated Magazine program.

The President of the General Assembly of the United Nations, the Chairman of the United States Armed Forces Joint Chiefs of Staff, and the former United States Ambassador to Russia are among notables who have accepted invitations to appear and to speak.

The Honorable Lester Pearson of Canada, U. N. Assembly president, will speak at the college's Convocation Day exercises which will be held in Knowles Memorial Chapel, February 23.

Mr. Pearson, Canadian Secretary of State for External Affairs and member of the Canadian Privy Council, was elected U. N. Assembly president at the opening meeting of the seventh session October 14. The General Assembly reconvenes in New York City on February 24, the day following Pearson's appearance at Rollins College.

In 1928 Mr. Pearson entered the Canadian Department of External Affairs as First Secretary. His positions have risen steadily and include service in four foreign nations as well as throughout Canada.

General of the Army N. B. Bradley, chairman as Chairman of the Joint Chiefs of Staff, a post of staff, and commander of the largest group of men in the field in U. S. history, will contribute to the Animated Magazine February 22.

General Bradley is now serving his second term as Chairman of the Joint Chiefs of Staff, post to which he was first appointed in 1949. During World War II he commanded the U. S. 12th Army Group in Europe, largest body of American soldiers ever to serve under on field commander.

Following World War II General Bradley was chosen to head the Veterans Administration, and in 1948 became Army chief of staff. Appointment to his present position followed.

Admiral Alan Goodrich Kirk, former U. S. Ambassador to Russia and now Director of the Psychological Strategy Board, will also appear on the magazine.

Dr. Francis Thompson of the department of creative writings at Johns Hopkins University has accepted an invitation. Dr. Thompson has achieved recognition both as writer and teacher of writing.

All guests of the college during Founders' Week, including the above named, have been invited to attend the Founders' Week Dinner, at 7:30 p.m., February 21.

## "GREAT BIG DOORSTEP" NEXT FOR FRED STONE AUDIENCES

"The Great Big Doorstep", a folk comedy about a family in Louisiana, by Frances Goodrich and Alber Hackett will be the next play at the Fred Stone Theatre.

The play was produced in New

York by Herman Shumlin with Dorothy Gish and Louis Calhern playing the leading roles.

The Fred Stone production is scheduled for February 25, 26, 27, 28. Tickets will be on sale at the box office evenings of the performances. The box office opens at 7:30 p.m. and the curtain rises at 8:15 p.m.

Student players in the cast are: Dixie Wolfe, Jack Randolph, Marion Wolfe, Katharine Vockroth, Barbara Spencer, Ann Neff, Carmen Lampe, Terry Temple, Dick Lesneki, Al Dealaman, and Harrstick.

# Preisich Recounts Life With Railroad

We wonder how many people know the distinguished personal history of Rollins' popular new freshman student, Bill Preisich. Bill has "been around" as the saying goes, but last year he finally retired simultaneously from the railroads and the army and chose Central Florida for his site of vegetation.

The whole story starts when Bill quit school in the seventh grade at the tender age of twelve and went to work for the Lehigh Valley Railroad in Buffalo. The work agreed with him, so Bill stayed on for forty-eight years, although twenty-eight of them were spent in the Army, active and inactive. The first big milestone was the position of Division Superintendent of Railroads in Buffalo. Then World War I interrupted things, and Bill went into the Army at the bottom of the ladder. Soon he was supervising the French railroads, and when the smoke cleared, Infantry Captain Preisich returned to the Lehigh Valley Company.

The Netherlands, and Czechoslovakia.

After the war, because of his familiarity and experience with them, Col. Preisich was selected to reorganize railroads on Foreign Missions to Germany, Turkey, Greece, and Iran. At one time he had 193,000 German laborers under his supervision.

When he returned to the States again, he was director of the New York port of embarkation, the largest in the world, and during the Army seizure of railroads during 1948 and 1950, he was executive director of fifty-one Eastern railroads.

On his retirement, Bill decided that it was time for him to go to college, so he enrolled at Rollins on high recommendation. He likes it here very much, and says that he intends to graduate — even if it takes him fifteen years to do it! He's a bachelor too — not a confirmed one, but still he insists that "you can't do a full day's work in

MR. H. W. BARNUM (center) of the Winter Park Memorial Hospital presents the first membership subscription to the hospital fund to Larry Bentley, Sigma Nu president. As part of their national "Help Week" program, the chapter here is canvassing the entire city of Winter Park for Memberships.

Bill Preisich, one of the country's top railroad men today.

He WORKED UNTIL World War II again called him back into the service. He was connected with the French underground in smuggling people out of France by railroad into neutral Spain. Bill was also instrumental in the D-Day landing preparations, and as Lt.-Col., he selected bombing targets and served as railroad chief during combat. He was awarded the Legion of Merit for this work in directing the railroads during the invasion, and especially for his part in the Rhine River crossing and preventing an important transportation tie-up at Rheims, France. He also received citations from the governments of Britain, Belgium,

the afternoon." He likes to be with younger people, and has plunged into college life with an enthusiasm which belies his age. Bill even eats supper in the Beanery every night and I understand that he will appear for a one night stand in the coming Freshman Show!

Bill is a General Human Relations major, and intends to graduate leisurely. You've heard of the "accelerated college course," well, Bill is taking a prolonged course. He took three courses Fall Term—English, Economics and History—and only two, Religion and Economics, this term, but after years of letting his Army assistant "George do it," he finds studying difficult, especially memorization work.

He is a pledge of the Sigma Nu Fraternity.

## National IFC Ban Is Bringing Forth A Nation-Wide Swing From Hazing

By BUD REICH

For the past few years, there has been a nation-wide swing to the substitution of a "Help Week" for the old fraternity tradition of hazing initiates, known as "Hell Week." During this period in the life of a fraternity pledge, he was subjected to all sort of inhuman practices, most of which, though amusing to the actives, were dangerous and humiliating to the pledges.

Although "Hell Week" was abolished by the National Interfraternity Council only last year, fraternities throughout the country have realized the faults of this practice for several years and have replaced it with a program of worthwhile projects for their pledges.

The Sigma Nu fraternity, every year in the month of February, urges its 115 chapters in the U. S. to undertake programs of civic welfare. The Rollins chapter of that fraternity, this year decided that their pledges should work on a program such as this and volunteered the services of their pledges to canvas the entire City of Winter Park to collect membership subscriptions for

the Winter Park Memorial Hospital Trust Fund. However, since there are over 3,000 houses in Winter Park and not enough pledges to cover them in a week, the Sigma Nu's voted to act as an entire group in collecting the subscriptions in the week of February 7-14. Although the actives are taking part in this project, it is nevertheless a pledge task.

Fraternities elsewhere have done the same thing from time to time; a couple of the Kappa Sigma fraternity at the University of Florida set their initiates to work on a camp for under-privileged children. They fenced in the area and con-

structed a dock for the boys to swim from. The work was hard, but the pledges felt that their time had been well spent.

Many fraternities have an anti-Hell clause in their constitutions, but the local chapters often chose to over-look it. Therefore, these same chapters, by voluntary doing away with a week of intense hazing, emphasize the fact that this movement is coming from the local units and points the way to what may promote more worthwhile projects throughout the country and foster a spirit of friendship between actives and pledges.

Congratulations to the cast of Spring For Sure, the play was quite a success.

From the looks of the sun-burned faces around campus Monday morning, it would seem as though the student body was well represented at the various beaches last week-end. Jane Potts and Bob Nicholas, Marie Perry and Bob Leader were some of those seen at the Phi Mu Pelican.

Madge Cloney didn't get to the beach, but she did journey up to Pensacola for the week-end.

Among the new faces seen around Rollins this week was Dee Dee Cadle's brother, Sprout, who is down here from St. Louis visiting her.

The Kappa pledges were transformed into "dancing slave girls" Monday night at a Roman banquet given for their actives. Sounds like quite a party!

The Theta and Pi Phi pledges have combined forces and are giving their actives a party tomorrow night. No one seems to know the exact location, but we sure hope they get there.

THE SHRIMP BOATS ARE COMING . . . Starbrook Springs has been the spot chosen for an X Club party this Saturday night. Shrimps are on the agenda for the main course, we didn't hear about the second course . . .

Congratulations are also in order for Janie Kilbourne and Tony Perkins on their new movie for television, "The Devil's Log."

Sigma Nu's entertained Saturday afternoon with a beer party at Charlie Merry's. Preceding the party was the pledge-active crew race, which the actives won hands down, in fact Bob Reisig gave up altogether. The only person to escape the traditional dunking was Jerry Campbell. Jerry, however, was later drenched with a water pistol. Among those partying were: Myra Brown, Louis Fusaro, Bobbie Boyd, Phil Schmitt, Joy Woods, Gene Bryant, Marl Schlise, Bob Reisig, Alice Coppeck, Bud Fischer, Norm Gross, Phoebe Quaintance, Marilyn Church, Henry Menendez, Nancy Polk and Frank Thompson.

Several awards were given out at a recent scholarship banquet given by the Kappas. Among those receiving honors were Ann Ballweg and Donna Knox. Connie Shields, Happy Jordan and Karen Fris were recognized as the most successful big-little-sister team.

Congratulations to all the new Theta initiates who are: Marlene Stewart, Susan Dunn, Susan Lennox, Nancy Seibens, Joy Woods, Marilyn McMullin, Joan Mack, Babette Skinner, Virginia Fitts and Pat Greene.

Because of the great need for baby-sitters last Friday night Skillman Suydam obliged with his services. Anyone who is looking for an accomplished baby-sitter, may I suggest Skillman.

Lynn Martin is suffering with injuries which she received from her little fourth grade monster. Ahh the trials of a teacher . . .

Pledged: Bill Pautler and Tony Perkins—Kappa Alpha.

## TWENTY YEARS AGO THIS WEEK

The Rollins College Explorers Club went to Saber Tooth Cave near Homosassa Springs to unearth items of archaeological interest. This cave derives its name from the fact that the remains of a Saber Tooth Tiger, 25,000 years old, were found here. Our adventurers came home with one fossilized rib bone and one conche shell in the same state the side of an ostrich egg.

Mr. John Martin, who was teaching a course in International Relations at the time, gave a report on Sino-Japanese relations. In this report which was one of a series of four lectures Mr. Martin told of the rising power of the Communists in China and of their 2.5 million armed peasants and workers. He also went into the reaction in Japan in that led to the rise of fascism there.

During this same week, the delegates from Japan to the League of Nations stated that the separation of his country from the League was inevitable.

The Sandspur ran a summary of the top ten tunes of the past decade, (the period from 1923 to 1933) based on the poll of band leaders, radio artists, and musicians throughout the nation. The findings were: Ol' Man River, The Man I Love, My Blue Heaven, Goodnight Sweetheart, When Day Is Done, Stardust, I'll See You in My Dreams, Tea for Two, Lover Come Back To Me, and Russian Lullaby. Runnersup were: What Is This Thing Called Love?, Chloe, My Heart Stood Still, Who?, All Alone, Crazy Rhythm, Me and My Shadow. One of the preceding songs isn't played as much as it used to be.

SIGNS OF THE TIMES: The following item is stolen from the Sandspur of Feb. 1, 1933:

At the University of Detroit, during a "Depression Dance" a prize was awarded to a junior for wearing the worst looking outfit. It later turned out that he had merely dropped in to look for his roommate.

President von Hindenburg of Germany dissolved the Reichstag and authorized the Hitler cabinet to rule the country whenever it was deemed necessary. (It wasn't long before Hitler decided to dissolve the cabinet.—Ed. Note).

The Princess Te Ata gave a recital of American Indian Folklore on the stage of the Annie Russell. She had previously spoken on the Animated Magazine. Miss Russell saw her in New York and was so impressed that she asked her to visit Rollins.

## LITTLE MAN ON CAMPUS by Dick Bibler

"I say, Dean, isn't there something that can be done about this 'B-average-in-the-major field' requirement?"

## SCRIPTS & SCALES

by Bud Reich

I have received word that a male chorus has been formed on campus. Sally Monsour is directing it. This group closely allied with the Glee Club, fills a need that has been quite noticeable in the campus choral groups since the Glee Club and particularly the Songlift unit are predominantly girls. This as a group may possibly make their debut on the stage of the Colony Theater on the 18th of this month in honor of a world premiere scheduled here on that date.

Reich

A recent appointment as Record Librarian went to Rod Collins. This is a big job, by the way, since all records must be indexed, catalogued, and timed. Rod not only takes care of this, but also writes and produces the CONTEMPORARY CLASSICS show, plus writing the scripts for other classical music programs.

THE IMPORTANCE OF BEING EARNEST, slated to open Tuesday, February 17, and to run through Founder's Week, will welcome back to the Annie Russell stage Director Howard Bailey and Tony Perkins.

## BOOKS, BEER, AND NUNS MAKE EUROPEAN NEWS

ENGLAND, (ACP) — Sheffield University's announced beer drinking competition, which promised to be the start of a hallowed tradition, was somewhat abridged last month when several temperance unions shouted in protest. Lemonade will be used instead.

EAST GERMANY—Stalin's newest book, "Economic Problems of Socialism in the USSR," has been made required reading for all students at East Berlin University. The University senate says it expects students to make themselves well acquainted with this work.

NORWAY: The editors of "NUNS Newsletter" have issued the following statement: "As the name of our little newsletter has caused considerable confusion, and we ourselves are not completely convinced that it was originally meant to be a joke, we have decided to change its name and would be glad to have suggestions for a new name."

"NUNS" stands for National Union of Norwegian Students.

## Murray State Wallops Rollins 90-51 In Lopsided Home Battle

A tall, classy Murray State five took the Rollins Tars last Thursday night to the tune of 90-51. Led by Garrett Beshear, "The Old Man of the Hills," and Charlie "Doodles" Floyd, the Racers scored almost at will and kept the Tars shooting from the outside.

With the 31-year-old Beshear as the chief villain, Murray State took a 10-0 lead as the first quarter opened and never lost the lead. Although they substituted a complete new team in the second quarter, the Racers still held a commanding 48-17 lead at halftime. Floyd, who learned his basketball by watching pictures of the Harlem Globetrotters' Goose Taum, threw in 19 points on unorthodox hook shots to clinch the game for the highly rated quintet.

The Tars were held to shooting long set shots which did not click as the Racers put up a sliding zone defense which would not allow Rollins to work the ball in. Rollins set shot artists Bob MacHardy Nick Vancho were held to 20 shots between them, with MacHardy pouring in 15 for the losers' high point total. Jim Bocook was runner-up with 12 from the pivot position.

Still alternating two complete squads, and never allowing the Tars more than 17 points in any quarter while racking up an average of 22 themselves, the Racers held their imposing lead until the final whistle, with a victory tally of 90-51.

This game represented the seventh straight loss for the Tars which is reminiscent of last year's season in which Rollins suffered six defeats in a row before trouncing Florida State.

Murray State journeyed to Miami and whipped the Hurricanes 69-65. Miami is scheduled to play the Tars twice in the near future and the traditional rivalry between the schools is expected to be at a fever pitch.

### Sigma Nu Drops KAs, Lambda Chi Wins Too

Sigma Nu's 17-point, fourth-period splurge enabled them to come from behind and eke out a vital victory over the hard-fighting K.A.'s 44-37 as the second week of the intermural basketball season got underway.

Dave Robinson and Bud Bilinsky scored 42 of the Black and Gold's total with 24 and 18 points respectively.

Kappa Alpha's evenly balanced scoring attack netted a half-time lead of 8 points, 36-24. The scrapping Rebels still held a slight advantage as the third quarter ended with the tally 32-27.

Robinson's six field goals in the final stanza provided the spark which spurred the Sigma Nu's to their second victory with no defeats. Bill Teunis was high scorer for the K.A.'s with 11 markers.

## COACH JUSTICE RELEASES '53 VARSITY BASEBALL SCHEDULE

Baseball coach Joe Justice has recently announced the 1953 varsity baseball schedule. Although the majority of the games are with Florida state competition, out of state teams such as Georgia Tech and the University of Cincinnati are also featured. The 29 game schedule includes only 7 home games which means that we will be able to see the Tars in action at Harper-Shepherd Field throughout the season.

## X CLUBBERS WIN TWO MORE TILTS

The undefeated X Club rolled up a pair of easy victories last week, over the Lambda Chi's 51-38 and the Delta Chi's, 70-36.

The powerful Club more than doubled the score on the Green Hornets at half time 30-14. Don Finnegan's beautiful, long set shots kept Lambda Chi in the game until the midway mark. Bruce Remsberg and John DeCarville were high scorers for the winners with 20 and 19 points respectively.

The next night, the Club took Delta Chi to Zoric's outplaying them in all departments and running up a score of 70-36, while in the next game, Lambda Chi trimmed the Indies 63-38 thus winning their second game of the season.

## Gold and Blue

By BRUCE LEE

"Any similarity to last years' basketball season is purely coincidental" will probably be the Rollins Tars' motto this week. And although this might be said with complete conviction, the record books provide a humorous denial.

Last year, the Tars snapped a six-game losing streak by drubbing Florida State 69-55. Less than a week ago, Rollins broke a seven-game losing streak by edging out the same team by 3 points, 82-79, in the closing minute of the game.

The main difference between the two seasons lies in the fact that the Tars have six more games to play while last year, they only had one more after their F.S.U. victory. It was prior to this victory that Rollins was dubbed the "Heartbreak Five"

because all of their losses were by two or three points with but one exception.

This year, the Tars have been losing with regularity, leaving twenty or more points dancing on the scoreboard after the games end. What with six more games to play, the Tars' nick-name may yet be changed for better or for worse.

Captain Bruce Remsberg of the X-Club basketball team was named to All-Tournaments honors in the recent Central Florida Independent Basketball Tournament for his performance in the contest against Martin's of Avon Park in which he scored 23 points, leading the Club to an 86-33 victory. Delta Helms was next high scorer with 21 markers.

The Club journeyed to the semifinals of the tournament before being ousted by Hughes Sporting Goods in a close tilt, 57-54. In the closing minutes, Hughes made three out of four foul shots while the Club missed four in a row. That's the way the ball bounces.

# CHIP SHOTS

By Allee Chatham

The girls' varsity basketball squad and the newly-formed junior varsity will at last have a chance to play a few games. Due to the late start, there has been some difficulty in arranging a schedule.

The first varsity game of the season will be against the Chatham mighty R. H. Hall team, state champs for the past two years. This game will be played either here this Saturday or on February 28th in Tampa.

The Waves' team from the Jacksonville Naval Station may play a game here, but there is little chance for a return engagement, because of the difficulty of making long, out of town trips.

The girls will see plenty of action right here at home, however, in the Orlando City League. The varsity will play a game every week, probably on Monday nights. This should be good practice for the State Tournament which will be held in

Miami, March 27th and 28th.

On Founder's Week-end, the Tar-Belles will be hostess to two teams from the University of Charleston. This team makes an out of state trip every three years. On their Florida jaunt they hope to schedule other games throughout the state. The game here with Rollins on the 21st will begin at 7:30 p.m. in the Boone High School Gym. Both varsity and the Jay-Vees will see action.

The Gamma Phi's chalked up an 8-0 win over the Phi Mu's and took their place with the Kappas and the Thetas, who have two wins to their credit. Although they lost their season opener to the Indies, the Gamma Phis have been gaining strength ever since.

The Thetas were hard-pressed in their 11-3 win over the hustling Pi Phis. With the game tied at 3-all going into the last frame, the Thetas turned on the steam and brought in eight runs to save the day.

The steady pitching of Jean Thomas held the Thetas helpless for four innings. At second base for the Thetas, Babette Skinner, played the most outstanding game of the day.

## X CLUB LOSES IN SEMI-FINALS OF CENTRAL FLORIDA TOURNAMENT

Having won the first half of the Orlando City Recreational League and gone to the semi-finals in the Central Florida Independent Basketball Tournament, the X-Club has put Rollins on the Class A basketball map. By edging out various service teams and fives sponsored by business interests in the Orlando area the Club made itself the logical contender for the second-half crown.

During the regular season, the Clubbers lost only one game and that to the second place Photo Squadron from Sanford Naval Air Station. John DeCarville led the Club scoring, averaging better than 12 points a game, and providing the punch from the inside while Bruce Remsburg, the team captain and Tournament All-Star, hit from the outside. Other regulars included Lamar Brantley, Del

seeded in order for the tournament berths.

Then the experts made like Mr. Gallup in the 1948 Presidential race as all three teams were eliminated in the first round by Rec League teams with the X Club doing its share by rolling over Martin's of Avon Park 86-33. Bruce Remsburg won his All-Star role in this game by pouring in 23 points and playing the cool, calm, and collected game which made him the Club's choice as team captain.

The Club, coached by Tom Nelson, then moved past a taller (average 6'4") Hughes Hardware five 53-48 and into the semi-finals.

Losing by 11 points going into the final stanza, the Club pulled into a 1 point lead over Hughes Sporting Goods but were outshot in the final minute for a 57-54 defeat.

Helms, Jim Fay, Bill Cary and Bill Ross.

Moving into the tournament, the Club was rated only as a dark horse against Class A competition from other parts of Central Florida. Three Class A teams were

## Tars Break Losing Streak With Close Victory Over Seminoles

In a spine-tingling ball game last Saturday night, the Rollins Tars caught fire and surged ahead to break a seven-game losing streak by defeating a powerful Florida State quintet 82-79.

Bill Cost, a six-foot sophomore, wound up as the Tar hero. Having been a mediocre performer for the past two years, Cost suddenly began to play heads-up ball against the Seminoles. He slipped in two straight baskets with less than a minute and a half to play giving the Tars their victory after the visitors had just pulled ahead 79-77.

Besides tossing in the clutch points with the polished perfection of a veteran, Cost racked up 18 more points on 10 field goals and two charity tosses.

The victory was the Tars' fifth for the season and broke a seven game losing streak which had plagued the Rollins quintet since it started its road trip shortly after the Christmas holidays. Coach Justice had predicted the win on the previous day in no uncertain terms even though FSU had defeated the Tars 90-83 earlier in the season at Tallahassee. But despite the vehement prediction, the game was an ulcer former.

The score changed hands time and time again without either team being able to build up an appreciable lead. Ham Wernke, the Seminole's sensational star kept the visitors in the battle all the way by netting 22 points.

Cost and MacHardy, who netted 21 points for the evenings' third place honors, paced the Tars with excellent team-work and stylish offense, while Jim Bocook, the tallest Rollins man on the floor, also had a good night and racked up 12 points.

The hottest scoring was performed in the early part of the opening period and was missed by many of the fans who were delayed by a heavy shower. With but half a minute to go in the first stanza, FSU led 23-22 but a jump shot from the side and free throw by MacHardy, plus a lay-up by Cost put Rollins ahead 27-23.

From then on, it was mostly Cost and MacHardy who led the Tars as Nick Vancho was forced to take it easy having picked up four personal fouls in the first four minutes of the game.

The game was actually won on the foul line with Rollins making good on 22 free throws to 19 for FSU. Both teams had 30 field goals.

The Tars will play their next two games at home early next week when they meet the vaunted Miami Hurricanes and a strong Jacksonville Navy five.

## INTRAMURAL CREWS READY TO LAUNCH SHELLS IN RACES

The 1953 Intermural Crew schedule has just been announced by the Athletic Office. Four crews have entered the competition with Sigma Nu and Delta Chi expected to lead the race for the cup held by last year's champions, the Independent Men. All races will be held over the regulation course laid out on the blue waters of Lake Maitland. Two races are scheduled each day with the first to begin at 4:30 p.m. Any postponed races will be rowed the following day.

**Monday, February 9**  
Sigma Nu vs. Kappa Alpha  
Delta Chi vs. Lambda Chi Alpha  
**Wednesday, February 11**  
Delta Chi vs. Kappa Alpha  
Lambda Chi Alpha vs. Sigma Nu  
**Friday, February 13**  
Delta Chi vs. Sigma Nu

**Lambda Chi Alpha vs. Kappa Alpha**  
The Independent Men find themselves unable to defend their title since all of the mainstays in the Indie shell will, this year, be rowing for other groups. The Indies' winning combination of Buck Class, Norm Gross, Don Weber and John Boyle has split up to make the competition ever tougher.

Local experts pick the Sigma Nu shell to run away with the trophy while Delta Chi provides a constant threat. Kappa Alpha is a safe bet for third position with Lambda Chi bringing up the van.

### Bocook Unsung Hero

One of the unsung heroes of the Rollins quintet is 6'4" Jim Bocook. At the present moment, Big Jim has been preparing to take over the pivot post which was vacated by the able Frank Barker last year.

Surprisingly enough, 'Bo' is the tallest Tar on the court this season.

It was not until the FSU game that he really found himself when he proceeded to dump in four field goals and four free throws. His total of 12 points was one of the big contributions to the Rollins victory.

### "Shakespeareana" Founders' Week Event

"Shakespeareana", the seventh annual program of songs, scenes, and soliloquies, will be presented by Prof. Nina Dean's Shakespeare class during Founder's Week in the Strong Hall Patio on Wednesday afternoon, February 18 at 4:00 p.m.

Prof. Ross Rosazza and Prof. John Carter will present songs from Shakespeare's plays, Prof. Peter Gram Swing will direct a group formed from the choir in singing Elizabethan madrigals, Prof. Sally Monsour will present a group from the Glee Club in a contemporary English madrigal written in the sixteenth century manner, and the players are from the theatre classes of Prof. Howard Bailey.

### Pi Beta Phi's Dance Has Inaugural Theme

Dubsdread Country Club was turned into a world of red, white, and blue crepe paper and candles at the Pi Phi "Inaugural Ball" last Friday evening, January 30.

A crepe paper canopy done in red, white and blue was draped from the rafters of the dance floor.

## FACULTY GIVES FIVE RECITALS.

The Conservatory of Music announces five concerts on the 1953 FACULTY RECITAL SERIES, for the benefit of the Conservatory Building and Equipment Fund.

Single admission to each recital will be \$1.50. A special series price of \$4.00 is available to faculty and staff. Students will be admitted upon presentation of their Student Association Cards.

Programs will be as follows:

February 26 — Helen Moore, pianist.  
March 8 — Alice Anderson, soprano; Robert Hufstader, pianist.  
March 15 — Henriette de Constant, violoncellist; Helen Moore, pianist.  
April 8 — Katherin Carlo, pianist; Alphonse Carlo, violinist

### Swiss Speaker Gives Talk During Assembly

Eric Novarres from Geneva, Switzerland, gave his analysis of the Rollins educational system in an assembly sponsored by the French at the Alumni House, January 28.

During his stay here, Mr. Novarres visited several classes. From his observations he especially praised the way that each professor presented his subject to students, as well as commenting on the efficiency of the theatrical department. He also approved of the well-rounded Rollins curriculum.

President McKean has announced an all-college assembly to be held at 9:40 Wednesday morning, February 11, in the Knowles Memorial Chapel. During the assembly plans for a self-study of the college by student and faculty committees will be presented in an effort to develop a definite program for the college.

Mr. Novarres was sponsored by his government to visit educational institutions throughout the country.

The French Club also presented the film "Terre de Glace" last Tuesday evening in the French

## Rollins Foreign Students Attend Hurrey Luncheon

The minister of one of the nation's great churches, and 18 college students from foreign lands will gather in Winter Park, February 5, for a luncheon honoring Charles D. Hurrey who has become known as "ambassador of goodwill to over 50 nations" because of his work with world youth. It will be held at the Winter Park Woman's Club at 1 p.m.

The minister is the Rev. Anson Phelps Stokes, Jr., rector of the St. Bartholomew's Church in New York city. The students are from Rollins college, and represent 11 foreign nations.

The Rev. Mr. Stokes will be the featured speaker. His subject, "The Spiritual Conflict of Our Times," is directed especially at youth. Mr. Stokes recently returned from service as exchange preacher with the Chelmsford and Portsmouth cathedrals in England.

## WPRK RECORDS UNDER COLLINS

"Record librarian of radio station WPRK" is the official title of Rod Collins, Rollins freshman. Rod took over this job a week before Christmas vacation and has been at it ever since. He orders and catalogs all the musical records which are used on the station.

Besides librarian duties, Rod has two shows of his own, the Contemporary Classics program every Thursday night at 10:00 and the Music in Memories show every Friday at 9:45. He is also responsible for writing the script for the Symphonic Music show.

After he graduates from college, Rod plans to go farther in the educational field as a history teacher. He is at present a history major. He may, however, continue in radio work.

### Publications' Union Sets March Deadline

The Publications Union announced last week that all qualified persons wishing to become candidates for an editorship or other official, elected positions on the various publications must have their letter of application in the campus mail by March 1.

The qualifications for these positions are listed on 108-9 in the "R" Book, and all letters must be addressed to Marcia Mattox, President of Publications Union.

Collins

The luncheon is limited to 225, and reservations are being filled this week. They can be obtained for \$3.00 each through the International American center at Rollins College.

The following students will be present: Sheila Nally, Argentina; Paul Driscoll, Elmer Puddington, Marlene Stewart and Nicole Villancourt, of Canada; Eduardo Garcia and Guillermo Garcia, of Chile; Enrique Guerrero, of Colombia; Mario Paredes, Ecuador; Barakat, Egypt; Bernard Tannier, France; Luigi LaBombaria, Italy; Michael Shamlizadeh and Abdollah Taheri, Iran; Alberto Danel and Alfredo Millet, Mexico; and Olga Radonski and Nina Wroblewski of Venezuela.

Rollins College president Hugh F. McKean will be at the luncheon and will introduce Rollins student Bob Goddard. Goddard is a member of Mr. Stokes' congregation in New York and will, in turn, introduce him.

### Faculty Art Exhibit Now In Winter Haven

The Rollins College Art Department is currently exhibiting at the Winter Haven Arts Club. The exhibition began Sunday, January 18, and will end Sunday, February 8.

Included in the exhibit are works by President Hugh F. McKean, Mrs. Jeannette Genius McKean, Elizabeth Cameron, Constance O'mayer, Caryl Bailey Tasker, Stanley Tasker and Mary Cashman Taylor.
