Concerning Winter Park.

A daughter was born to Mr. and Mrs. Andrew Alik on Saturday, at 6 o'clock p. m., in the city of Winter Park, Florida, Mrs. Alik is the daughter of Mr. and Mrs. Alik, and the child bears the name of Mary A. Alik.

Concerning Winter Park.

Miss Kate Stierwood, of Rome, New York, is visiting Winter Park and family. She will probably remain during the winter season, and recuperate under the beneficial effects of the mountain air.

Mr. and Mrs. Deeny see once more with us, as satisfied as ever to seek our pleasant abode and escape the New England severe winter.

Mr. Campbell, manager of the Seminole Hotel, is here, completing the arrangements for an early opening of that popular tourists' resort. Extensive improvements are being perfected, and every indication points to a prosperous season.

Rev. Carpenter, archdeacon of this diocese, will officiate as rector of All Saints Episcopal church (P. E.) until Christmas.

A meeting of the citizens of Winter Park was held on Tuesday afternoon at Mr. E. W. Lyman's residence, for the purpose of availing ourselves of a Christmas box to be sent to the Seminole tribe in South Florida. The gentleman met the hour of meeting at the time of a social evening, and the Seminole suite was more welcome than any other over the track from the hotel to the depot, and the sound of the train's whistle was heard from the window. The seminole suite minds us of the near approach of the festive tourist.

Mrs. O. C. Hall has been quite ill since her arrival.

The ladies of the Indian Missionary society met with Mrs. S. E. Burke on Tuesday afternoon, for the purpose of writing for Mr. Deane of San Francisco, a Christmas box for the Seminole tribe, and for the purpose of availing ourselves of a Christmas box to be sent to the Seminole tribe in South Florida. The gentleman met the hour of meeting at the time of a social evening, and the Seminole suite was more welcome than any other.

The town council met in adjourned session on Friday evening and determined to make extensive improvements by the installation of sidewalks, etc., along the principal streets. Work will be commenced as soon as arrangements are made to perform the project at minimal cost.

Mayor Turner and Dr. Haskell, of Maitland, were in town on Saturday in conference with the street committee of the town, relative to improving a road between their town and Winter Park. Mr. Ronan and Dr. Haskell are again with us.

A small cottage occupied by J. W. Williams, a gentleman, and family, was broken into on Saturday night, Mr. Williams lost all his household goods and $800 in cash.

Capt. Rudderworth, wife and daughter, arrived Monday evening, en route from the White House, to Winter Park.

The winter term opened Monday, Jan. 3, with prospects for good attendance. Among the new students are James Herlihy, of Limerick, Ireland; Miss E. F. Crooks, Miss Alice Crooks, and Miss Francis H. Crooks all of Gills Island, Miss Cordelia Wood, who attended Rollins College last year, and of the High School, Miss Alice Wood, and attended Rollins College this year. Miss May Sexton, who attended several years ago, is again attending school in Rollins.

Miss Ada S. Robb, one of the new students at Rollins College, is in the hospital. She was accidentally stricken by a fall, and is in a critical condition.

is conceded by every visitor to be the most picturesque and healthful location in Florida, and with its College, Churches, Hotel, Railroad, Mail and Telegraph Facilities, as a winter resort it is unequalled in the South.

is complete in all its appointments; is furnished throughout with every modern appliance for comfort and convenience. Its spacious parlors, dining-room, halls and piazzas, overlooking grounds tastefully laid out, covered with shade trees, shrubbery and tropical plants, and surrounded by a chain of beautiful lakes. In the Corridors and public rooms are STEAM RADIATORS, and all rooms "en suite" have open fireplaces. The water is from a never-failing driven well, and a careful analysis by eminent
and skillful chemists proves it to be as pure as that from the noted Poland Springs in Maine. The plumbing is of the latest and most improved system, and the drainage is perfect.

**THE TABLE**

Every possible attention will be given to this department, and it is sufficient to say that the "cuisine" of The Seminole will maintain its past high standard.

**AMUSEMENTS**

Billiards, bowling, tennis, croquet, fishing, saddle and driving horses, steam, sail and row boats, and a first-class orchestra day and evening.

**MAIL, EXPRESS AND TELEGRAPH**

Facilities are unexcelled. Winter Park being on the line of the fast through mail system from New York to Tampa, patrons of The Seminole are afforded precisely the same mail facilities as at Jacksonville, St. Augustine, or any other leading winter resorts.

For terms, etc., address

F. C. CAMPBELL,
12 W. 23d Street, New York,
After January 1st, Office of the Plant System.

Pullman Palace Cars leave New York at 9 P.M. daily. Through to Winter Park without change.
Our Christmas Wishes.

As Christmas day is near at hand and as that day is one of well wishes and congratulations we will give a few of our friends our best wishes to them:

That our United States may live forever in perfect union, stretch her borders as far as she can and be the acknowledged power of the world.

That it may have such legislators as will make laws and keep back from our market the paper labor money of our competitors.

That the last Harrison, the friend of the people, the broad and liberal statesman who so dearly loves justice, may be reannounced at the Minneapolis Convention and be relected with a larger majority than in 1888.

That Democracy of this day may become what it was intended to be.

That the Farmer's Alliance party may find its way to its political grave as soon as time can take it there.

That the outrages, which are being perpetrated throughout our broad land, may soon stop and the people learn that peace is preferable.

That Rev. R. S. Quaraman the DeLand whooper may ever succeed.

That Mayor Chubb may go to the National Convention as a State delegate.

That Maj. W. G. Peck may succeed in getting a sufficient number of subscribers to the bonding list to call an election on bonding.

That J. & S. Capen had one million to play with.

That & S. Capen get all of hisproblems into opposition.

Co. Teckham rest from his past labors.

For Hollins College a continual growth until it reaches its zenith.

For Mr. and Mrs. W. C. Const the finest home, and grove in Florida.

For Dr. Eager plenty of musical talent.

For W. S. Strangeth another eye

For W. B. Simpson preacher's license.

For Mr. James Burrows, the orator, was born in Dracut, which has been closed for a long time.

For Doctor Hooker, a continued presidency of Rollins College.

For Ladd, a glass of wine.

For Winter Park big growth and much of the success which was had was the beginniug to the end of the undertaking.

For the beautiful and much of the success which was had was the beginniug to the end of the undertaking.

This committee was assisted by a large number of citizens.

The Memorial day arrangements were made without the aid of any committee.

The three cheers and one bit of music were supplied by Miss Kate W. Peck.

MISS KATE W. PECK.

WITH HER MAGIC SOPRANO CHARMES A WELL PACKED HALL—HER SISTER MISS H. A. PECK AS PIANIST.

Some people are thorough in their professions others are not. It is with Miss Kate W. Peck, the well known instructor of Rollins College, and the daughter of our genial Maj. Peck, an accomplished vocalist. Whatever she may do in the business, her songs can readily be supplied by her sister, Miss Hattie A. Peck, the pianist.

It was 7:30 last evening when the two Miss Pecks made their appearance on the stage, in the Knowles hall, and a few minutes later than time, but the door was opened and a great number of the members of the Grand Army of the Republic were accented by the music and music lovers.

Winter Park Whispers.

Winter Park, Fla., Jan. 13, 1892.

The “Merry Home”, whose club was деятельly entertained at the Seminole on the 15th, by Col. F. G. Campbell, the audience was not done in fail- less style to make the entertainment perfect. Mr. Williams and Mrs. Eager concurred in a new price, and Mr. J. S. Capen and Mrs. Collins proudly captured the “consolation” prizes.

One of the most interesting features of the evening was a musicale, in the form of music on the piano and union, given by Mr. J. S. Capen and Mr. W. A. Miller.

General Palmer and wife are snugly domiciled at Hotel Oleoqua.

Mrs. Jas. H. Foss, a prominent north- erner, resides in Florida land, accompanied by his family, are here for the winter. Mr. Foss says that our excellent schools are the attraction here for him.

Mr. C. J. Ladd is making very extended improvements in his store, and when complete will have one of the most attractive stores in Orange county.

Mr. W. A. Miller has about completed the heating arrangements at the college, and has also taken the contract for the large and magnificent residence, for which Mr. James Rowan’s lovely cottage on Lake Oecologia.

Col. J. H. Roe, who is offering his much envied home and place for sale, really, means the Col. emphatically says that he is going to sell by the first of next April. Certainly "Belleville" will sell.

It is too pretty a place to long remain on market. The well-grown lawn and well cared for orange trees, the prepared piazza, the hundreds of bearing bananas, the bewitching lake front, the beautiful and odoriferous flower garden and the very excellent location make it one of the most desirable places in Winter Park. In our opinion, it is a place any man of sufficient means should own. We shall hasten to give Col. Roe up, for a more gemitl, broad-hearted, jovial citizen has bought it.

Winter Park will be the happy recipient, on the 22nd, of February of the members of the New England Society of this State. The society, though young, has quite a good many members, who will meet here on the above men- tioned day and dine at the Seminole. A grand banquet will also be ren- dered them while in the town. Carriages and other vehicles will be placed at their disposal by the good people of this place—in which they will make a thorough retrospect of town and the surroundings. Ow- ing to the very important fact, among which we hope that this place is largely inhabited by New Englanders, there could not have been a more appropriate place selected.

St. Johnsbury, Sept 30th 1841

L. A. Chase Esq.

My dear Sir,

I have not replied to your request to be notified when I shall be kept in Boston. I have been waiting to be able to say when. I cannot tell you when, but will probably be here again the middle of July. I will try to let you know, if I know from other sources, to put you at ease.

Thanks for your letter of recent date.

Yours truly, with best wishes for the New Year.

Mr. Loring A. Chase of Boston, who has traveled extensively both in Europe and America, whose observations of men and things has enabled him to gather in an intelligent way much valuable information, was on Thursday evening by invitation of the Hyde Park Club, he gave the first of a series of "smoke talks" to the members at the club rooms.

A trip across this continent, including his observations of the Mormons, a trip on the Columbia river, and a description of the marvells of the Yellowstone Park, were the subjects of his interesting talk. To give effect to his words, the speaker said, can not be appreciated by those who have not the experience of travel. The Englishman at home—those who have had the opportunity of education—have a false idea of our greatness, in a geographical sense, and often make absurd observations concerning our size and grandeur of our territorial lines. When in London, a gentleman accosted the speaker by the observation that a distinguished American was then in the city of York, giving a Wild West show. Mr. Buffalo Bill. The speaker, remarking with some evidence of delight, that Mr. Blake, another distinguished American was then in London. "Oh, yes, I know the Englishman—I have not seen his show as yet," Mr. Chase devoted much of his interesting talk to a graphic description of the trip through the Stone Park which he de

The speaker, who has been a close observer of the men of the English stage, told his hearers that there are now eighteen preachers in London. Mr. Chase, giving some time with us, left last M▼. Mr. Cofield, lawyer of Colorado and brother-in-law of Mr. H. A. Cofield, is spending a few days here, the guest of Postmaster Thayer. It is safe to predict pleasant weather for many days to come. Postmaster Thayer is having the post office built nicely cleaned up which makes quite a decided improvement in the looks of things thereabouts.

Mr. Gilliland, a prominent citizen of Adrien, Mich., one of the largest manufacturers of electrical appliances in the United States, is at the Rogers Hotel for a few days.

Mr. Todd, a very prominent lawyer of Colorado and brother-in-law of Mr. H. A. Coffelt, is spending a few days here, the guest of Mr. Cofield.

The Town Council has let the contract for paving about 7,000 feet of walk at Bartow clay to the contracting firm of Capen & Co. The work of paving will commence a few days.

Mrs. James Ronfin has purchased the Earl property on East Park avenue. Some needed improvements are expected to be made on it in the near future.

Mr. A. Earl, who has been spending some time with us, left last Thursday on the noon train for his home in Boston, Mass.

Mr. and Mrs. Chaas E. Pope, son in law and daughter of the late Mr. Brookfield are at the Seminole for their third or fourth season.

Mr. Loring A. Chase of Boston, will give on Thursday evening, January 28th, at 8 o'clock, at the Hyde Park Club House, the first in the series of Smoke Talks. His subjects will be:

MORMONS AT Salt Lake City—interviews with the Elders—visits to their Temples—services in the great Tabernacle, etc.

CHINESE AT San Francisco—their Joss Houses—Gambling dens—Opium dens—Chinese Theatre, etc.

YELLOWSTONE Its wonderful Geyser,—Paint Pots,—Canyons,—Lakes,—Cataracts,—Petified Forests,—Glass Roads, etc.

Hand bills are out announcing a minstrel to be given at Engadine Hall, Feb. 20th., by the waiters of the Seminole Hotel. It is safe to say that these gentlemen will render some good plays and will do what they can to make it interesting. Go out and have 2 or 3 hours of some good plays and will do what they can to make it interesting. Go out and have 2 or 3 hours of some good plays and will do what they can to make it interesting.

Mayor Babbs, Minneapolis, Minn., a frequent visitor to Winter Park, is again autographed at the Seminole.

Genuine Florida weather prevails now and the weather prophets predict pleasant weather for many days to come.

Lunch will be served, and a large attendance of members is desired.
Winter Park Whispers.

The private car of J. T. & K. W. R. R.'s, arrived here last Saturday, and Mr. Campbell and family are enjoying the climate and sights of Winter Park for a week or so.

W. H. Kierstead and R. H. Aibright, prominent newspapermen of Bloomington, Illinois, and Capt. L. E. Jones, county treasurer of McLean county, Ills., have been here for several days, the first two having just returned from a trip to Colun.

Mr. and Mrs. J. O. Deffendefer have returned from a year's stay in Maryland and Virginia and will be permanent residents once more.

Judge A. Barnett and wife, of Louisville, Kentucky, where the judge is a very prominent lawyer, have just left a week's stay at Hotel Seminole.

The winter club sends its "Merry Christmas" wishes to Mr. and Mrs. Paul.

As it was Valentine's Day the model of charming partners was by Valentine, the last being the first two lines of a verse of poetry they composed and the remaining lines of the verses among the gentlemen and the gentlemen having selected her partner during the evening.

A novel and amusing way of choosing partners. The Valentines were worked of art and examined by Miss Hudsdon and Mrs. Paul.

Mr. H. E. Edwards and wife, of Peru, Ind., for whom Mr. Edwards is a prominent banker, were at Hotel Seminole the past week.

Mr. and Mrs. Gilbert Hart and Miss Whitton are in Capt. Hart's cozy Orange cottage for the season.

The Illness of Miss Brown will postpone her anticipated lecture for the benefit of the Ladies' Library until her recovery.

Bishop Foster is to preach here next Sunday.

"The Rogers" is in stock full of people, all of whom are pleased with the way they are cared for.

100 oranges are nearly all shipped from here.

We learn with great pleasure that the road known as the "Brown road" from Lake Charm to Titusville or Rockledge is now in first class shape to be built at the present prospect surpasses our most sanguine expectations.

The Appetites of those present were satisfied at 1:30 o'clock in the dining hall, after having enjoyed the various dishes prepared for the occasion. From the number of "thank yous" and "thank yous" for such a gay evening's enjoyment poured upon Mr. Campbell, we imagine the people were willing to vote him the badges of the season.

At 12 o'clock the crowd broke and all retired for their cottages and for their rooms, seeming to hope that similar occasions would be presented them at least once every week.

The Ninth annual session of the Florida Women's Christian Temperance Union will be held at Winter Park, on March 22, 23 and 24. Delegates from all over the State are expected to be present. Mrs. E. A. Hill is president, and Mrs. Lilian S. Wells is recording secretary.
Many prominent people are there and at satisfactory business, and all speak in terms of highest praise of the successful management of Mr. F. C. Campbell. The entertainment given at Lyman Hotel Seminole is now doing a large, thorough inspection of the surroundings. They speak of purchasing some 60 acres of land and having the same put out in the Niagara grapes. Mr. R. H. Coleman, president of the Jacksonville, Tampa & Key West Ry., arrived with his family in their private car, "Cornwall," yesterday evening, and are guests of the Seminole. An entertainment was given for the benefit of Lyman Gymnasium last night, but owing to lack of space, an account of the proceeds were crowded out this week. They will appear in our next issue.
The New England Society Meeting

The members of the Society of New Englanders met here last Monday as per appointment and was largely attended. The Society is a young one on the State, but it is bound to grow to become a power in this State. The influence and part that New Englanders has played adjusting and defending questions of high morals and freedom will ever stand on the pages of history as an emolument to the people of that section and to those who can boast of having once lived amid the snow cap mountains of New England.

The number of New Englanders that are here last Monday was about seventy-five—a great many of the men were accompanied by their wives. The dinner, which was tendered, in his usual felicitous style, responded briefly and ably.

Jno. F. Forbes, president of Jno. B. Stetson University, DeLand. Among the letters were those of Mark Twain, Isaac N. Arnold, D. H. Green of St. Augustine; Mr. and Mrs. W. L. Palmer of Orlando; W. McCoy, Esq., G. P. A., F. B. R., was here on the 24th. Mr. Campbell's hospitality to the New Englanders is bound to grow to become a power in the State Christian Endeavor Convention.

Mr. F. W. Lyman attended the third annual Christian Endeavor Convention at the Orlando, Y. P. & O. C. E., last Sunday. He gave a lecture on the State Christian Endeavor Convention. He told of the marvelous growth of the same with one society and the society at large in every county.
In Honor of The Birth-Day

OF GEORGE WASHINGTON— HOW LAST MONDAY THE 22ND WAS CELEBRATED HERE.

THE TOWN ALIVE WITH STRANGERS—THE WINNERS OF THE V P RIZES.

Although the person of Geo. Geo. Washington has long since been called to join the dust of the earth, yet for his intrinsic services to his country his name will ever live in the memory and mouths of the loyal people of the United States as the one, through his generosity, freedom came to every American and the independency of this country as a government within itself was established and has ever since been so regarded. Not only is the works of Washington remembered, but his birth day is also remembered and celebrated by all North Americans.

For several years past it has been the custom here to celebrate Washington's birth day in a grand and festive style. The national emotion was repeated last Monday, and it is needless for us to say that the occasion furnished no little amount of pleasure to those who availed themselves with the grand opportunity and turned out to witness the exercises.

The programme was made out as follows:

**PROGRAMME.**

**First prize $3, Second prize $2**

**Racing—Double Scull. Lewis Ganter, Joe Schaffer, Wilber Maxwell, Tom Ryan.**

First prize $3, Second prize $2

**In the racing—the double scull race Wilbur Maxwell and A. Gramby proved to be the successful ones. Each of them proved their ability to judge and was highly commended for their impartiality.

The most enjoyable part of the programme was the greased pole prize and was styled as the hero of the day. The greased pig was too sick to run, so they had no greased pig race.

Mr. F. E. Allen, the genial Clerk in the hotel office, acted as judge, S. S. Allen at the turning point of the hall races. Each of them proved their ability to judge and was highly commended for their impartiality.

No small amount of praise is due to Manager Campbell of the Seminole and others who so liberally contributed to the occasion. There were more than 500 spectators—a great many from neighboring towns and the country. It was a very late night before the programme was completed and after which all retired to their private places.

The only noticeable absent feature to us that the celebration was C. Galtry and his home-made speeches.

**Millionaire Journalists.**

On Wednesday last our city was honored by a visit from a party of distinguished railroad officials, headed by the genial home and popular Vice-President the Plant, Col. H. S. Haines, which we were surprised to find was two or three millionaire newspaper men, Hon. H. B. Haswell of Boston, Mass., Eive and Col. J. H. Estill, of the Savannah Morning News, this former Vice-President of the South Florida railroad and the latter a Director in the Savannah, Florida and Western railway.

Both of these now distinguished men started out in life at the "foot of the ladder" in the newspaper business, but in their persistent pluck and energy they have reached the "upper story" that Darrell was never born, or there is any part of men of push and real merit, and are not considered among the best examples of millionaires. The gentlemen profession which have become millionaires where there were, thousands who started under apparently more favorable circumstances—fell by the wayside and became, if you please, the financial, physical and moral wrecks.

Hon. E. B. Haskell, was born in Radlevetorsville, the home of the famous Washburn family, all of whom became Governors, Senators of Congress, United States Senators, Generals, etc., and about 1830 years of age. After getting a good common school education, he went to Portland, Me., then only seventeen years old and entered the Daily Advertiser office. The next year he spent in New Orleans and on his return become connected with the Savannah Evening Citizen, at Boston, from which he went to the Daily Journal. His next and most important move was to the Daily Herald, of that city, as one of its editors. Later on he became a proprietor of the New Palace and Col. H. Andrews. On the death of the former he joined with others in forming the Hinsdale-Estill Publishing Company, and is now one of its largest stockholders.

He has a son at Minneapolis, Minn., connected with the Daily Journal, who is one of the most brilliant young journalists in the West. Mr. Haskell, who is a brother of Dr. C. C. Haskell, President of the San Francisco News and Herald, has spent the greater part of his life in journalism, and has made large investments in our city, the most important, however, we are not informed, of more than 500 feet.

When on his way to his home. In this there were two prizes; H. C. Deal captured the first and Wm. Glenn the second prize. W. H. Rudder was the most skillful in the potato race and walked off with the prize.

Wilbur Maxwell captured the greased pole prize and was styled as the hero of the day. The greased pig was too sick to run, so they had no greased pig race.

Col. J. H. Estill, whose fair picture we present to our readers on the front page, is one of the brightest examples of what a poor boy with pluck, perseverance and in during habits can accomplish. He was born in Charleston, S. C., but learned the printing business in Savannah, Ga., where he was a first-class pressman when the war broke out and he went with the old Light Infantry to the front. He came out of the war badly wounded and poor, but his old energy won him a good living in the News and Herald and now the Morning News office, starting at twelve dollars a week and growing larger mouth by month. He also sold outside income from a news depot which he started with his first spare cash, thereby laying the foundation of his clear.

The building was a very interesting one and was won by Wilber Maxwell. In the double scull race Wilbur Maxwell and A. Gramby proved the successful ones by more than 300 feet.

The tub race was very interesting and the prize was captured by S. S. Allen.

Mr. F. E. Allen, the genial Clerk in the hotel office, acted as judge, S. S. Allen at the turning point of the hall races. Each of them proved their ability to judge and was highly commended for their impartiality.

Mrs. Ronan's Handsome Gift.

We have been a little slow in reporting the valuable gift of Mrs. James Ronan to the W. C. T. U. of this place and their other gifts, which were presented the East building [where the post office now is] and has made it a present to the Union. Of course we will receive some help in paying for the building, but she will doubtless pay a much larger part than any one collector. The building will have every need of repair about it to rule it properly.
Winter Park Whirligig.

The Operetta of Laila as presented by the public school children under the leadership of its efficient principal, Miss Dart, assisted by Miss Hungerford, and Dart of Maitland, Miss Jewell and Prof. Hoyt, was one of the most enterprising and successful entertainments ever given in Winter Park. The children had been thoroughly drilled. Er- good's Hall was trimmed very elaborately with flowers and plants and every- thing had been done to make it a complete success. With a few introductory remarks by Mr. Vanickle the curtain was raised, and pearly-plump pick- nickers discovered among whom their favorite Laila—Miss Dart was seen leading them in all their parts. Their- scalar effects are interpolated by the arrival of a party of beardless who are about to be driven away when Laila intercedes for them and they are invited to join the party. A recitation by Miss Lena Paul begins the evening. It was a series of tricks and wonders, too far beyond the comprehension of an ordinary man to be understood.

One of his first wonders was a sim¬ ples glass bottle, filled with clear water and from which he poured sherry and blackberry wine, brandy, lemonade, coffee, tea, milk, and sever¬ al other drinks. To convince his audience that this was not a mere appearance affair he passed the several drinks around in a waiter and had all who, would, to take a drink. Another of his wonders was the bewitching of a couple of silver dollars—placed them in a common glass—he took in hand a pack of cards, asked some one to draw a card from the pack and then he ask the silver dollars to tell which kind of a card it was. He would ask "is it a face card?" If it was the sil¬ ver dollars would jump up and make a simple rattle. "Is it a queen?" He would ask, and if it was the silver would go through the same procedure.

One of his startling tricks was to break three or four eggs in a pan all in telling of a waiter and dropped a couple of borrowed gold rings in the pan and continued to stir and then poured a kind of fluid over mixture, stuck a burning match to it, put a couple of banknote chills over the flames and ther put over it a pan cover, and a minute later uncovered the pan and there came three or four pigeons.

Another mysterious wonder was the breaking of Mr. Miller, good and fast to a bench, raising the foot, and then Judge McCallum pushed off his coat and threw it across her lap—a curtain was pulled between her and the audience and but a minute later the curtain was pulled back—she was still tied, but she had mysteriously got her arms through the coat sleeves. Each of her arms were through the coat sleeves and her arm was tied as they had left her only a minute before. Several other mysterious wonders were performed and the entertainment closed.

Prof. Buter was handed $20 for the part.

Prof. Miller's Entertainment.

Too much praise cannot be given Mr. F. C. Campbell for having so graciously tendered to Prof. Miller and his wife, on last Monday night, the spacious dining room of the Seminole hotel for the entertainment, the contents of which went to Marshall Butler, who was rendered unwilling to do work some three weeks ago.

Prof. Miller's entertainment which was opened up at 9 o'clock, was a series of tricks and wonders, too far beyond the comprehension of an ordinary man to be understood.

One of his first wonders was a sim¬ ples glass bottle, filled with clear water and from which he poured sherry and blackberry wine, brandy, lemonade, coffee, tea, milk, and sever¬ al other drinks. Winter Park Whispers.

Mr. G. R. Tomly, of Pittsburg, Pa., recently bought the Rollins place and has been erecting the building for the summer and will become a resident of Winter Park.

Mrs. E. Capen, mother of our popular Mr. S. Capen, left last Thursday for Bloomington, Ill., her home. Mrs. Capen spent several months here this season with Mr. J. and family.

Quite a crowd assembled at the depot last Saturday night to bid James A. Glan, their old friend, and others who left with him, adieu on their way to a home within its limits.

The large ding hall of the Seminole Hotel was filled with spectators last Wednesday night to witness the cake walk by the colored people. After the judges and managers had selected the walk King, lead by Janett and Mrs. Clark and followed by several other couples. The Seminole Orchestra furnished excellent music and the walkers seemed to have enjoyed themselves.

The Altantic Coast Line, south of the E. F. A. R. R., has purchased the Root.

Mr. & Mrs. Comstock soon leave for Bloomington, Ill., for a summer in Europe.

Mrs. E. Capen, girlhood, were here the past week, and were entertained in a most hospitable manner by Mr. & Mrs. Comstock.

Mr. & Mrs. Comstock have rented the Beach house for the summer and will become a resident of Winter Park.

The infant child of Mr. Luther Buchanan was buried on the 20th.

Col. H. H. Elliott has rented the Breot house for the summer and will become a resident of Winter Park.

The lovely cottage that Mr. Geo. D. Hand is erecting, is trothfully forward rapidly under the skilled hands of Messrs. Alcott Bros. & Allies.

Mr. Paul took a much needed rest the past week, his close personal attention to all the details of his large business made his health almost imperative.

Our public school is the grateful recipient of a complete calisthenic outfit, and the school officials and patrons are very completely for light gymnastics, the pupils of the school, fits them out mer, Dart and Jewel! for some.

The above sketch represents Hon. L. B. Mizell, Collector of Customs at Pensacola. Judge Mizell, as he is well known, is acknowledged to be day and night one of thse most industrious politicians and keenest observers of Florida politics. His past history is filled with daring acts and noble adventures for the cause he believed was right.

Judge Mizell was once the home and sister of the Republican party of South Florida, and was once honored with an seat as one of the Representatives from this county. He was here and stood by the cause he believed right, when it was almost a perilous death to own a Republican. What he was first to the same to-day—a friend to the poor colored people. He advocated and labored for their rights in this county in those times when a colored person had not the manhood nor courage to stand for his own rights.

Judge Mizell, although having been a staunch Republican, and a hard worker for the success of his party, never held a public office, with any consequence until he was appointed, in '89, by President Harri- son to the Marshalship of the Northern district of Florida. In taking charge of this office he was determined to carry out his pledges. At that time, West Florida was, well sprinkled with men that had been induced for interfering with voters at the election of '89 and '90.

Mr. and Mrs. J. G. Dieffenberger have moved into the Roe cottage for the summer.

Mr. F. C. Campbell left the Seminole hotel last Wednesday—going to Tampa that afternoon, he went direct from there to New York. Although Mr. Campbell has not been very long in the hotel business, he has already built up a grand reputation for himself. His clear profit amounted to more than $8000 for the three months he kept the Seminole doors open.
Winter Park Whisperings.

The Demoerest (the Secrest) of the Congregational church on Friday night was a very interesting affair. The church was nicely decorated with roses and magnolias and the interesting program was carried out with spirit. The music was in charge of the Misses Peck, and to say that the large and interested audience was highly pleased would be to put it very mildly. The medal was awarded to Miss Thayer, of Rollins College.

Col. L. H. Hawkins, of the office, gave a fine address, and the services in the Hooks' block this week. A good deal of interest is manifested and it is hoped that a revival will result.

The formal opening of the 7th dormitory of Rollins College was on the evening of the 23d. The college campus was illuminated with bonfires, Chinese lanterns, etc., and general invitation was extended to all the citizens of the place. The building was beautifully illuminated and decorated throughout, and each young lady occupant visited with all the rest in beautifying her apartment. The result in most of the rooms was very beautiful, and flowers, pictures, works of art and articles of every tasteful arrangement, made the attractive utilities a thing of beauty. Choice music under the direction of the Misses Peck lent its powerful attraction to the delights of the evening. The matrons and teachers were uniriting in their efforts to make the large crowd feel at home and to display the beauties and comforts of the dormitory, and when at last past nine the delighted guests retired to their beds it was with the pleasant exuberations of the teachers, pupils and matrons and with the feeling that Rollins College was keeping up to its high reputation in looking after those material interests of its pupils. 4-28-92.

The most unfortunate occurrence that has taken place here for a long time resulted in our old and esteemed citizen, Dr. Ira B. Geer, falling from a porch on Monday morning and breaking the bones in both his wrists. Dr. Geer has been in a very feeble condition for a long time and must necessarily be a long time recovering from this serious injury. He has the hearty sympathy of his many friends here.

The "Pleasant Hours" whist club was delightfully entertained on Monday evening by the best people here in the usual compliments with the usual compliments with the music was good and the dinner was excellently served. Misses Peck, Miss Dalrymple, Messrs. Shaw, VanSickle and Maxson, executed some of the music. The church was beautifully decorated. At the Methodist church Rev. Beyer gave a powerful address, the music was good and the church handsomely decorated with flowers.

Major W. G. Peck has purchased the Grove and is improving it wonderfully.

A contest for the Demoerest medal takes place at the Congregational church Friday evening.

Mr. and Mrs. Ronan leave on the 23d for their home in Trenton, N. J.

Hon. Henry S. Chubb, mayor of our town, was one of the delegates elected to the Republican national convention at Minneapolis by the state convention at Tallahassee.

The "Black and White" whist club was well entertained at "The Rogers" by Mr. and Mrs. W. K. Smith, on the evening of April 18. Dr. Eager and Miss Thompson, J. S. Capen and Mrs. Paul won the prizes.

Two new patients have been admitted to the B. E. Rush and family have moved into the B market place for the summer.

"Fermont" Peck is being seriously annoyed by some of his creditors.

Mr. Henry Rock has been a most fortunate man, his light watchman is running around the business part of the town without a break.

Mr. Mayhew of the extensive buggy business here was pleasantly entertained at "The Rogers" on Tuesday evening.

Miss Minnie Smith of Booneboro, La., left here on the 18th for her home.

Mr. David Jenkins and Misses T., left for Easter Sunday at Mrs. Biltigan's. Mr. Dunn is one of the most prominent of the employes of that county.

The change in the schedule of the S. & R. R. as regards the winter run makes it necessary to give more time a day, but, we suppose, the S. & R. R. makes the best service it can afford during the summer.

The pleasant summer of this year we hope will "eternize."

Winter Park Whispers.

The death of Mrs. C. H. Ladd, which was announced from the pulpit by Dr. Hooker on last Sunday, while not unexpected, was received with sorrow by all. Mr. Ladd was a noble woman, and her life was one of good works. On her marriage she and her husband devoted to the almost unoccupied missionary field in Turkey, where they passed thirty years of self-sacrificing toil in the service of their Master. About twenty years ago her health failed and she was among the first to become a winter resident in Winter Park, and has only missed one winter in the past six or seven. Whenever able, she has been foremost in all good work in our community. Last December she came here and lived with Mr. J. S. Capen. The day before the death was taken very suddenly ill, and for weeks her death was hourly expected. About a month ago her son, Rev. Henry M. Ladd, pastor of one of the most prominent Congregational churches in the North, on Rushfield avenue, in Cleveland, Ohio, came after her, and they went by the City Railway to New York, and from there to Middleburg, Va., where her daughter's husband, Rev. Webbier, was a valued Professor in the college. Word of her illness arrived at Middleburg preceding the visit of her death but a short time. Thus has passed to her home reward, the long life of about eighty-three years was filled with devotion to noble works, and in her death the Master has taken to himself one of the most promising degrees, and earned the plaudit, "Well done good and faithful servant." Mr. and Mrs. C. Dany and the Misses Taylor left for their Northern homes on the 21st.

The Sloan Kent and Trust Company, of which our enterprising citizens, Capt. Gilbert Hart is principal owner, held its annual meeting on May 3. The report of its president, Dr. C. C. Haskell, gave a gratifying and prosperous condition, and the officers for the ensuing year with its live, energetic directorship, seem to feel that their efforts in doing it are negat. A bad looking man couldn't be more devoted than the Capens.

The union revival services, now being conducted by Rev. Mrs. Hawkins, in the Henkel block, will be continued over-tomorrow [Saturday] with prevailing services at 10.30 a.m. and at 3.30 p.m. The people of Winter Park of all denominations are cordially invited to attend these services.

Mrs. C. H. Ladd, who spent last Winter here with Mrs. J. S. Capen and finally died last week at Middleburg, Va., Mrs. Ladd was one of the first visitors to Winter Park, and she has continued to come to the Land of Flowers every winter in a single train. She was one of the pioneer missionaries to Turkey where she remained for 30 years, accomplishing much good.

She had quite a foreign as well as a home reputation as one of this country's greatest workers in the missionary field. She had a great many friends here among whom none were more devoted than the Capens.

Winter Park Whispers.

Through the circuit of the Rev. Marshal Butler and policeman Lovett, a bouton who is supposed to have been in several bargains in Winter Park, and who gave the name of Wm. McDonald, was arrested on the 11th of last month, and a reward was offered for him by our police. Mr. McDonald was arrested on the 11th.

Mr. Wm. Schulz, Jr., has purchased the lots adjoining the Brecht place, which he now owns.

Mr. B. B. Swope is stopping at the Rogers House.

Mr. Harry Street, who has been with his aunt, Mrs. C. R. Switzer, for the past six months, left on the 2nd to resume his college course at Yale.

The "Pleasant Hours Whist Club" was delightedly entertained at Dr. Feger's by the Misses Hudson on the 20th. The artistic prizes, which were Miss Hudson's own work, were taken by Mr. and Mrs. J. S. Capen, Mr. Street and Miss DeHaven.

Winter Park, Florida, May 17, 1892.

I was talking with Mr. C. L. Mark last Monday before he left for New York, concerning our streets and roads. He was wide-awake and talked freely on the subject. Mr. Mark thinks the town council should do the right thing to go just as far on that very important measure as it can and try and get us a few paved streets—out of a drive. He also told the county commissioners ought to wake up to the importance of the fact of laying certain public roads in the county and quell no effort until something is done. Mr. Mark is not alone in this matter. Orlando is anxious for a clean road from that place to Winter Park and her business men are willing to subscribe to the fullest extent of their ability to secure the drive. Winter Park will do something surely.

Mr. B. C. Hackley, who has been so long in the store of Mr. H. A. Comstock as clerk, resigned his position there this week.

Dr. Eager has taken the Garvemi house for one year, and will move into it June first.

Miss E. A. Sparrell bestowed upon her cousin E. A. Sparrell a pair of mules as fine a pair of mules as Orange county contains, and is rather peculiar from another fact, viz: the drought is not only getting serious for trees and vegetation, but the supply of drinking water is getting scarce. Mrs. I. M. Robinson, the faithful matron, who has served five years at Rollins College in that position will leave next week, after the commencement exercises are all over, for Washington where she expects to spend several weeks before going home. The fact that Mrs. Robinson will not serve as Matron at the college any longer is very unfavorable news to the Trustees, officials and students of that noted school. Her five years there have been pleasantly spent, and she is quite ill. Everybody here hopes for her speedy and complete recovery.

Letters from Mr. and Mrs. W. C. Comstock tell of their safe arrival on the other side, and of their enjoying a fine residence of "Our Meistersinger", viz: Mr. W. S. Cassidy is putting in an irrigating plant on his fine grove.

We are enjoying inclement Florida weather. The drought has cut them down in size and quantity, but they are rich and juicy.

N. B. Burton were purchased as fine a pair of mules as Orange county contains on the 17th, from Caswell & Co., and will put them to work on Orlando pavements.

Mr. and Mrs. C. L. Mark left last Tuesday morning for Florida, N. Y., their summer home. Mr. and Mrs. Mark intended visiting their son, who is a professor in a noted college in Boston, Mass., before getting home. They, or at least Mr. Mark, expects to return as early as August. He is subject to the hay fever and Florida is a place of refuge from that pestilient.

The Advocate regrets to chronicle that Mrs. Jas. G. Capen was compelled to leave for Bloomington Ill., last Wednesday morning to have her eyes treated during the summer. The condition of her eyes is said to be poor, and her physician advised her to go to a cooler climate to have them treated. She was accompanied by her daughter, Miss Louise.
ROLLINS COLLEGE CLOSES

Its Seventh Scholastic Year—Proud of its Achievements.

The Closing Concert a Success—A Brilliant Reception in the Parlor of the Ladies' Cottage.

Rollins College was born a pygmy, but seven years upheaval has made it a giant in the great contest of educational institutions. Carrying out an intention of the college bell is hushed for the summer vacation, the place of President will be filled in the autumn by Marshal Butler, shows a very gratifying and flourishing condition. The attendance the past year has been larger, in any previous year and the work has become very enthusiastic. A good many—perhaps a majority—are students who will return and a considerable number of rooms are already engaged by them while many more rooms than usual are engaged at this time for the year are under contract to new pupils for next year.

The College loses some of its most valued instructors and members of the Faculty this year whose leaving is a source of sincere regret to the Board of Trustees and the students. The College's first loss was Dr. Hooker whose failing health made it absolutely necessary that he should retire from the President and Faculty.

Miss Abbott—for a similar reason—will not return next year and—as she has been a member of the Faculty since the beginning, and has been much missed by many friends of the College.

The Minnie Peck have had charge of the musical department and have made it one of the finest departments in the school. Carrying out an intention of theirs to study music under the best teachers, the Misses Peck will soon go abroad and the College will lose their valuable services.

As Matron and Assistant Mrs. Robinson, of New York, in Mrs. Robinson's place as Matron, the Misses Peck have had charge of this branch of the College's work. The place of President will be filled during vacation by a very prominent man in educational and financial matters. Mr. L. F. Ford, in the meantime being Acting President, which place he has acceptably filled since Dr. Hooker's retirement.

The chair of music will be filled by somebody that is a graduate of a first-class school of music and, if possible, somebody who has studied abroad.

A specialist in Chemistry Physics and German of extended reputation will have charge of those branches.

In other respects the personnel of the Faculty will not be much changed.

At the Trustees meeting on the 31st a very favorable financial showing was made and plans for next year filed. The curriculum will be somewhat extended.

An Executive Committee consisting of Misses Peck, Miss Walquist, of Worcester, Mass., was here on the 30th for South Carolina to spend the summer.

Miss A. H. Paul gave a very pleasant farewell concert in the parlor of the Rogers house on the 30th.

The Misses Peck gave a musicale at the Congregational Church on Tuesday evening on the close of another school term. The excellent singing of the choruses which were participated in by not less than thirty voices, closed the programme of the evening concert, and the crowded Congregational church, though not satisfied to go, was left to follow the leaders to the ladies cottage where a grand reception took place.

The Concert.

Although standing room was at a premium in the parlors of the ladies cottage, the concert from every point of the building made it just pleasant enough to forget that it was the last night in May, in a hot Southern climate. The scene was a very brilliant one—made up of beautiful faces, brilliant dresses, accomplished visitors, words of jaying, shaking hands, talk and sharply paroxysms, and a general hope to have such an opportunity on another Tuesday evening on the close of another school term.

Ice cream and cake were served in abundance—some were satisfied with one saucer while others capitated two. The entire affair was a success from beginning to end.

For Editor Crabbe of the Record the next governorship of Florida would have been considered false prophecy; no one would have regarded them as being more than the dreams of some wild person. But it is a living reality.

Rollins collins, for seven years has stood on a beautiful elevation and gentlemen and ladies seek its apartments for those pure trainings which are so plentiful there. Six closed had gone by and they showed how successful the young men and ladies had been in their studies; but the seventh one mastered all others in interest.

We judge that no pains had been spared in preparing the students for a grand showing. The concert at the church was beyond the expectation of all. The excellent singing of the choruses which were participated in by not less than thirty voices, closed the programme of the evening concert, and the crowded Congregational church, though not satisfied to go, was left to follow the leaders to the ladies cottage where a grand reception took place.

WINTER PARK WHISPERINGS.

WINTER PARK, Fla., June 28, 1892.

Your correspondent lived about 30 years in the city of Illinois, thoroughly educated, bright, energetic, a fine lawyer, polite, affable, of commanding presence, a consistent member of the Presbyterian church and has the distinction of having been twice elected to Congress from a district that has a republican majority of anywhere from 1,200 to 2,500. I don't exactly understand where he gets the title of General from but on his record as a citizen, a gentleman and a honest public man, there cannot be found a single cloud.

The south bound freight train this morning ran off the track delaying the north bound train about two hours. Among the delayed passengers were Sheriff Andersen, Judge Butt, Mr. Armstrong and Major Singleton, of Areadia. Maj. Singleton was in the company with Mr. John G. Jones, the honor of having discovered the Peace R. phosphates and was connected with the largest company down there in developing those rich deposits up to a short time ago. He is a very fine civil engineer and I am in hopes that from Bingham to the all-water route from Orlando to the St. Johns.

Coon Bros. & Aicott have secured the contract to build a magnificent house for Mr. Dommeric, on the Swoope grove now owned by him. The house and improvements will cost about $25,000. It is a beauty, and will cost about $33,000.

Last Monday Mr. Switzer's handsome home became ensnared in a barb wire fence, and before it got away had wounded itself seriously in several places. We think the folks in winter Park will be greater in number and splendor than in the past years.

The Advocate failed to come out last week and was greatly missed by its many interested readers.

Mr. Huntington, the efficient treasurer of Rollins College, will leave next Tuesday for the North and West.

Mr. J. E. Ludden, of New York, who owns an interest in the beautiful Knowles grove in East Winter Park, was in town this week.

Mr. Marquis Alexander has not been seen as well the past week—in fact at one time his case was considered critical. He is rallying some now under the skillful treatment of Dr. Hendel as physician, and Mrs. Rollins, as nurse.

It don't cost anything to predict, and so here's a guess that before this is in print, William McKinley, Jr., will be the nominee of the convention at Minneapolis for President of the United States.

Colonel Platt is evidently taking some extended improvements to Hotel Seminole. There is no lack of business for Mr. Switzer, the efficient treasurer of Rollins College, who, like Mr. Huntington, is to be gone two months. He was accompanied by his daughter, Bessie, who will come the regular pastor of the church here.

Messrs. Nutt, Bachelor and Guild sat at dinner last Wednesday at the Hotel to look after the hotel and its inmates.

Mr. and Mrs. W. R. Smith left for Chicago, Ill., on the midnight train on the 6th.

Mr. Lansing has left to take possession and open the hotel at Coronado. It will be handsomely and open the hotel at Coronado.

Mr. and Mrs. Paul and their children left on Sunday morning for St. Paul, Minn., with Mrs. and the children took the Iroquois for the north and for the north.

The many friends of Miss F. Belle Lussing will regret to hear of her serious illness.

Miss Lillie Packwood, one of Maitland's most charming young ladies, spent last Thursday in town inquest of the Masonic Lodges.

Visitors from other parts of our state and from the South have been paying us a visit. Several car loads of clay arrived this week, and work on the streets is proceeding again.

Mayor Chubb left last Thursday for Ocala to look after his firm's interests in that section.

Mr. J. E. Ludden, of New York, who owns an interest in the beautiful Knowles grove in East Winter Park, was in town this week.

From the present outlook, the incoming season will be a prosperous winter for Florida, and especially for Winter Park enjoy a most prosperous season.

The first of Coon Bros. & Aicott beg leave to hand you the roll of the Advocate throughout the year. We are visiting Sanford, Enterprise and DeLand in the interest of the Advocate this week.

Mr. L. A. Chase, one of the founders of Winter Park, is spending the summer in New Hampshire. Editor Henderson is visiting Sanford, Enterprise and Deland in the interest of the Advocate this week.

Mr. Street, who has been spending the summer with Mr. and Mrs. Switzer, left last Tuesday for Chicago, Ill., where she will spend the summer.
A very interesting letter appears in this issue of the Advocate from Key West. "Subrosa" always makes the Key West letter interesting, and this one is up to the standard. Read it.

There is preserved in Trinity college, Dublin, the harp whose notes were heard when Brian Boru was king, and of which in spired Thomas Moore when he was studying at old Trinity to write his favorite song.

The cost of a woman's education in the various American Colleges is as follows: Cornell, $500; Michigan, $370; Wellesley, $370; Smith, $400; Harvard, $600; Vassar, $400, and Bryn Mawr, $400.

Prof. J. H. Ford returned last evening from Atlanta, Ga. and Fernandina, Florida, where he attended the Island City Chautauqua.

The Lawrence & Peckham Cornet Band will leave next Wednesday morning for Enterprise, where they will furnish music for the Odd Fellows celebration at that place on the 28.

The World's Fair Directory has spent up to date approximately seven millions and a quarter.

It is reported that the stock holders of the South Florida R. R. will extend their line to Key West.

Judge J. R. Mirell, Collector of Customs at the port of Pensacola, is spending a short vacation with his family at Lake Mont Park.

BACHELOR SOCIETY.

The bachelors of town, some caused so by the absence of their wives, will hold a meeting next Thursday night, in the most appropriate place in town for the purpose of trying to ascertain why certain members of the society are not at home, at 8 o'clock p. m.

Mr. A. H. Paul is an aspirant for president of the society for the ensuing year, but since the Advocate has been adopted as the organ of the society it must name the officials and as Mr. Paul is a merchant and does not advertise in the Advocate, the paper will be bound to oppose him.

Mr. Basholder is seeking for honors through the society, but the fact is skittled that he can get a thing more than door-keepers position. Of course he doesn't support the Advocate.

Mr. Taylor, whose wife has been absent for several weeks, is desirous of becoming a member of the society, but he is opposed on the single ground that he has too many children at home.

Mr. J. S. Capen, whose wife is now in Illinois, is president of the society, and he is a candidate for reelection. The Advocate may favor him, but it has not decided to do so yet. Of course Mr. Capen is a good man and gives the Advocate his support.

Mr. Faulkner is a candidate for the society operator, and as he is the only operator in town he may be elected by acclamation.

Mr. A. Richmond will doubtless be elected collector, as he is said to be the best in town. He collects from the Advocate. Mr. J. M. Hunter may be elected assistant operator. Mr. Wm. Ingram is to be elected marshal.

There is a fine to be placed on Mr. G. J. Land for neglect of duty. He is the chaplin. H. H. Lovett has applied for membership, but on account of color he will be refused. And then it is feared that Lovett cannot pay his dues.

Remember the society meets next Tuesday 10 a.m.

ROLLINS COLLEGE NOTES.

New circulars of Rollins college can be obtained at Curtis and O'Neal's book store, Orlando, at Maxon's book store, Winter Park, and at Ensinger's Art Rooms, Sanford.

Prof. B. Baker, one of the new instructors engaged for next year, is a graduate of Gettysburg University, Germany, and has taken the degree of Ph. D. at that famous seat of learning. He will teach chemistry, physics, and German. He is a practical chemist quite at home in a laboratory, the author of an excellent and popular text book in physics, and is an experienced and successful teacher. He studied German in Germany, and is exceptionally well qualified to teach this language. An accomplished scholar, and a christian gentleman, he is a valuable acquisition to any faculty.

The college is also to be congratulated upon having secured Mrs. G. A. Abbott as an instructor. She took a course of study in the Boston Normal school some years ago, and has since been doing successful work in the position for which she was educated herself.

Prof. Austin recently went to Ohio for a visit.

Prof. Ford, who returned to Georgia, having attended the Georgia State Teachers Association, and also the meeting of the Southern Educational Association, says they were large and enthusiastic conventions.

WINTER PARK WHISPERINGS.

Winter Park was ably represented at the Republican National Convention, held at Minneapolis. Hon. D. A. Street and Mrs. Street and Mrs. Atwood left on the 13th for a summer in Illinois spending a short vacation with his family at Lake Mont Park.

Marah Butler, who is also caring for the Seminole Hotel, is expecting Mr. Plant here at any time. Expecting Mr. Plant here at any time.

Many thanks to Mr. G. L. Brook for that sample ofmelon, from his fine patch of melons, which has some of the finest. Florida raised melons we have seen anywhere this season. They are much sweeter than the average Florida melon and their size is enormous.

We point to "Subrosa's" Key West letter, on another page, in this issue as one containing interesting items. Especially is the reproduction of the letter which appeared in the Evanston Democrat, of Key West, interesting. It is of interest because it gives the lie to falsehood, which, if allowed to go unchallenged, would have been damaging to the colored people and also of injury to the Republican party.

Church court at the A. M. E church last Wednesday night was of great interest to those present. The attorney for the church was quite an object of merriment to the attendants.

I our old friend Mr. Fred. Tolley, in the Orlando cemetery.

Our last weeks visit to Duluth Min., W. T. Taylor, James McClusky, and O. J. Stashek. The last Wednesday evening.

Our callers yesterday. Rev. Boger, of Astor, who was in town last Wednesday night for years. Our visitor from a crop planted in August.

Miss Lena Mizell, who has been in Pensacola with her father for some time, has returned to her attractive home at Lakemont Park.

The death of the infant child of Mr. J. P. Mitchell, which event took place at Coronado last week, was very sad, and the bereaved parents have the sympathy of this community in their sorrow.

Mr. Frank, the South Florida's efficient agent here, returned from a short outing last night, bringing the strong young lady in him Mrs. J. D. Taylor, who is much improved in health.

The summer outings are beginning to end, and the "outingers" to return to their homes.

The Rev. Mr. Waterman is now in charge of the Episcopal church here, and has made some arrangements of a very promising nature.

Mr. D. N. Batchelor would like to borrow a few homes from somebody, while he has been having the "breakdown" fever. He has other homes for the scenes to go around on, and some of them have been very much crowded.

Messrs. Chubb and Canen spent last week in Pennsylvania following the funeral of Col. Minnelli. They were royally entertained, and came back much pleased with all that they saw in Florida's western metropolis.

Dear Mr. Clark:

The Doctor thinks we better not trouble you, but we are all thinking of you, and wishing you were down here to see the fireworks; it seems wicked to have them without you! But I suppose so many are going away Monday that they must go tonight. — Goodbye! Good luck! Hoping you will be all right in to morning.

A season of prosperity, unprecedented in its history, seems to have come to the Market. Several stores have doubled their membership and attendance. The improvement now being done on New England Ave., west of the S. F. R. R., is of intrinsic value to the section along that very popular thoroughfare. The new enterprises have added a new life to the area.

The Epworth League of the Methodist Church, Chapter D, has passed its first anniversary, and closed its officers for the present year. President, Miss Mary L. Joseph; First Vice President, Miss Emma Capen; Second Vice President, Mr. A. T. Paul; Secretary, Mr. A. T. Paul.

The arrangements were under the direction of the officers of the Epworth League. Mr. J. D. Taylor tendered the usual paper, and was followed by President Stevens, who read a poem for the evening, and it was elaborately decorated with flowers and foliage. The rain did not prevent a large attendance or interfere with the success of the affair. Post master Thayer made the address of welcome, and Rev. Mr. Marlin responded very appropriately. Refreshments were served and enjoyed, and it was the unanimous opinion that the evening had been passed in a delightful manner.

Rollins College Notes.

The college hall will begin to ring next Monday, October 2.

Nearly all of the old students have engaged and many new ones. More rooms are now engaged than ever before and this increase in the student body for the largest attendance, Noyes, and Floye, and Fritz, and Robert, and Rex and the rest will be here. And the girls will keep the Hall the best of order.

The first two stories of the Ladies' Hall are full and ten rooms are taken in the third story. When this new building was put up last year, it was intended to provide for a year or two of future expansion. It will be filled this year.

The following is a list of the faculty and officers for the coming year:

The above instructors have had years of successful experience, devoted their lives to the profession of teaching and have kept abreast with the times in new and best methods. New and natural methods are used in studying the languages, chemistry and other natural sciences, the objects will be observed and the materials handled in addition to the study of books.

The true object of education is to make larger and better men. The noblest qualities of mankind are found in the mind and the character. A mind all powerful, a mind difficult things, able to appreciate finest things; a character simple, pure and strong—these are the best results of education. They put the youth upon a high plane of thinking and of living.

Note: We met Prof. J. H. Ford on the streets a few days ago, looking as gay and as pleasing as ever we saw him. The Prof. spoke very encouragingly for a successful opening of the college next Monday, the 3rd. "We will have an increase in our opening this year," said the Professor. "The outlook has never been more encouraging."

Every necessary arrangement and all needed improvements have been made to assure comfort and contentment about the college buildings this year.

Several teachers are already here, ready to begin their labors on Monday.

Each train brings in a host of students, who seem to be proud to get back to the "Athens" of Florida.

Large Number of Friends Flocked From Boston, Newburyport, and Other Places—Full Description of Ceremony—Bride Was Magnificently Costumed, and Presented by the Family—A Beautiful Appearance of Flowers—The Residence of Hon. Stephen Osgood on Lincoln Park, Georgetown, was opened on Thursday afternoon, for the marriage of his only daughter, Miss Charlotte A. Osgood, to Dr. Gifford C. Haskell, of Lake Maitland, Florida. At 3 o'clock the bridal party entered the large drawing room, to the strains of Mendelssohn wedding march, performed by Mr. Norman MeLeod, organist of Knowles Public School. Rolleins College is to boast this next year for having in its possession as Musical Instructor, Miss Kate Deadrick. It is said by a great many of her friends here [especially among her students] that her vocal talents can hardly be surpassed. Her way of instructing is acceptable to all of her students and it is said that her success will be phenomenal this scholastic year. Miss Deadrick has been instructed in music in this country and in Germany.

A few days since she met with Prof. Ford, the dignified and courteous President of Rollins College. The Professor wore a pleasant smile and appeared to be as contented as ever we saw him. He spoke encouragingly of the large attendance—the largest in the history of the school—and prophesied a much larger attendance later on.

Rollins college is certainly a great acquisition to Winter Park. Just think of the 125 students attending there this year (the most of them boarders) and you have a faint idea of its worth to the town. A living page should be reserved in every minute of that school to tell about those gentlemen who so liberally contributed of their wealth and about those who labored so hard for its success.

The Magnificent Domerick Building

It's a Daisy—How Mess COAN Bros. & Alcott Have Succeeded,

Maitland, the town whose name has been well advertised and which was once the leading business place in Orange county, with but two exceptions, has awoken from its long lethargy, and is just rejoining the rear of the completion of one of the finest, if not the most magnificent edifices in Orange county. Why Maitland is so proud is because the building is in its midst, or but one mile from the post office.

It is the magnificent Domerick building, which is being erected just outside of his (Domerick's) fine orange grove.

On last Monday we visited the building and were more surprised to see such an excellent building, the architecture of which can hardly be surpassed in the south.

The building is a two story one, with an attic overlooking the other portions of the structure, and then leaving a center pinnacle pointing far beyond the roofing. The attic will have three very large rooms and several modeled hallways.

Down in the second story is a scene of beauty, with the place of the large parlor and the magnificent drawing room on the first floor, so neatly kept, of Miss Sparrell, is a scene of beauty which was once the leading business place in Orange county. Why Maitland is so proud is because the building is in its midst, or but one mile from the post office.

As the Winter season approaches the homes and surroundings of our town people are being beautified. There was never a truer in Winter Park when every yard presented such a beautiful appearance, everything so perfectly clean.

The magnificently beautiful yard so neatly kept, of Miss Sparrell, is a scene of beauty while the place of Mr. Tomney [Bellewood] is as beautiful as this splendid stadium, sun shining, atmosphere never presented a more charming appearance than the past week.

"Eastbrook" attracts from across the lake and welcomes into its beautiful flower gardens and upon its spacious lawn the weary pedestrian. It is the home of Mr. and Mrs. Comstock and is an attractive as any house in the area.

Mayor Chubb left last Tuesday for her Island where he will look after the town's interest in the Herthen Island grove.

The Lawrence & Peckham Corpet Band gave a concert to some of our distinguished townspeople last Tuesday night. The band visited and serenaded Judge A. MacCallum, Judge J. H. Mize, Mr. A. H. Paul, Mr. Wm. Schultz, Marshal Butler, Mayor Chubb, Mr. W. C. Comstock, and Mr. W. B. Smith.

Strayed

On morning of October 14, '92 from on Lake Osceola, a large Bull Terrier, answers to the name of Buff. Color white, with brindle spot on right side of head covering an eye, weight 60 to 70 pounds. Any information leading to his recovery will be thankfully received. Wm. C. Comstock.

The Republican party of the North must be in sore straits indeed when they take Park Collector El. Gunby away from his official duties and send him stamping through the States of New York and New Jersey. The genial Ed. passed through the city on Saturday, bound for headquarters. He will undoubtedly put in some heavy legs in payment for the plump office which he holds. We shall watch his steady, careful, and efficient en masse as he marchs through the cities of the South in the interest of his party. The election is now decided and the future of politics seems at hand. The fate of the Democratic party seems to be in the hands of the people of the South. The men who run the Town

Government—Their Re election on Thursday.

Thursday was election day here and, although there was but one ticket up for elective honors the interest displayed in endeavoring to get out the full, low vote, friendly to the ticket, worthy of note. However, there was not so much hard work as has been put in on previous town elections, owing to the fact that there was no indication of an opposition to the regular nominees. The poll was opened at 8 o'clock in the morning and was closed at 5 p.m.

There was a very large vote cast. The votes all being g g g, the nominees, consisting of Hon. H. S. Chubb for Mayor, H. Huntington Clerk, S. P. Butler Marshal, S. S. Capen Tax Assessor, and A. McCallum, E. N. Coan and J. S. Capen Aldermen, were unanimously re-elected.

When looking over the improvements, accomplished by our officials during their reign, we proudly give them credit for having given us good roads and streets in a great many important thoroughfares, good and indispensable sidewalks, bridges unsurpassed anywhere, lights to guide our footsteps after night and last, but far from being least, two school houses that would be creditable to any city twenty times the size of our little town. With such excellent achievements why can we all not feel proud and honor such gentlemen as long as they will allow us to do so.

After the election Thursday, the members of the old council, at 7:30, met in their chamber in regular session and attended to all business coming before it. After which, President of council J. S. Capen said, "If there is no further business coming before this council, thanking you gentlemen, for the kind assistance you have been to me and for the generous support during the year, just ending, I now declare the council for the year 1891 and '92, adjourned, sine die." Mr. Capen's remarks were cheered by the old council and the face of every member seemed lit up with a bright smile, seemingly thankful for the retiring of the old year and the advent of the new. Mr. Capen then vacated the chair.

Judge A. McCallum was then called and requested to deliver the oath of office to Mayor elect Chubb which he promptly did. Mr. Chubb after having been sworn, administered the oath of office to the other of the newly elected.

HENRY S. CHUBB.

These gentlemen have served their town four years, the decision of Thursday's election was nothing less than an expression of the hearty approval, by the voters, for the faithfulness of these gentlemanly officials during their previous official reigns. Every dollar that has been spent has been spent with a hope of doing Winter Park good.
The men who run the Town
(continued)

Though there may have been some mistakes, no sane man, knowing the spirit of our excellent officials, would for a moment hold that such mistakes were intentional or premeditated.

CLERK HUNTINGTON then asked the council to name its choice for President. Judge A. McCallum named Hon. J. S. Capen who had already served for three years, perfectly satisfactory. Mr. Capen named Judge McCallum. Mr. McCallum offered a motion making the election of Mr. Capen by acclamation. Mr. Capen amended the motion by striking out Capen and inserting McCallum. The question was put and decided.

Deacon Griswold's fatherly and kindly manners when he voted, formed an example for all younger men to emulate a splendid citizen, the Deacon.

Alderman McCallum was the best dressed and one of the finest looking men at the polls.

Alderman J. S. Capen, the "little giant," proved himself a power both as an advocate and manager in any cause he may champion.

Genial Dr. Barrows tendered his ballot with the earnestness and enthusiasm of a first voter. No better citizen lives than Nathan Barrows.

Mayor Chubb walked among his supporters dropping a word of advice, encouraging activity and prophesying victory.

Of course the Editor was on hand voting early and often.

A large majority of the white voters in town voted the ticket.

E. A. Rodgers exclaimed "Tammany made a clean sweep."

The Winter Park Advocate, the leading Republican organ of Florida, flies its colors this week and comes to us printed on green paper.—Sanford Journal.
Christmas Wishes.

In our issue appearing a few days preceding Christmas day last we made quite a number of wishes to a great many of our friends. Some of them have been fulfilled and others have just gone to the opposite. We are going to make a few more wishes for a few of our friends now praying that they will all be fulfilled before the Christmas of 1898.

OUR WISHES ARE:

To Mayor H. S. Chatt, a long lease of official life and a popularity from the Lakes to the Gulf.

To J. S. Capen, $19,000,000,000,000 before he is too old to count it over.

To S. S. Capen, a happy life in his official career.

To Mr. and Mrs. C. S. Beck, a continuation of their contented and pleasant life.

To Mr. A. H. Paul, a successful business life and a happy home.

To Mr. Hathaway, the best season the Seminole has ever had.

To Judge A. McCallum, a prosperous law practice and continued good looks.

To Mr. J. H. Walker, a good looking wife and more daily devotions.

To Mr. P. E. Hooker, less flesh and more money.

To E. F. Parker, a church with plenty of substance to preach to.

To C. H. Ward, less work and more flesh.

To J. R. Muell, a good position when Cleveland calls him from his present one.

To E. H. Ganer, a continual move until he reaches Congress.

To Judge James Debn, a most excellent law practice and a national reputation.

To Dr. M. M. Moore, a membership in the Bishop’s council.

To Dr. S. H. Coleman, a Secretaryship in the A. M. E. Church.

To Judge J. E. Lee, a chance to get in his political work on the democrats.

To Rev. S. J. Hadley, a happy stay in Leesburg.

To Rev. Gray, a fine toy and a continued stay at Gainesville.

To our many subscribers, continued friendship to the Advocate and that all of us may settle with us before next March.

To Col. W. F. Edge, the most prosperous hotel manager in this country.

To President Harrison: Good luck, a visit to Florida this season and a return to the White House in 1901.

To President-elect Cleveland, a larger body and success during his next term of office.

To Col. D. Egan, a quiet life in Winter Park during the next four years.

To Dr. J. B. Scott, a continued presidency of Edward Waters College.

To Col. P. Peckham, long life and good health.

To Maj. M. R. Marks, the passage of a bill in the next legislature revising this infamous election law in Florida.

To Dr. T. T. Gaines, just what he best likes.

To Rev. R. S. Quarterman, return to Deland station after the next conference.

To Rev. A. A. Fleming, the biggest-dollar money report.

To Mr. E. D. Byrd, a fine Christmas turkey.

To Rev. J. H. Ford, the President of Rollins College.

To Dr. Barrows, long life, good health and a million to leave his friends at his death.

To Maj. W. G. Peck, perfect ease and contentment.

To Rev. J. A. Quarterman, the happiest family circle in the State.

Miss Mamie Barnes, teacher of the public school at Leesburg, will give a public concert for the benefit of the church there on next Monday night.

Miss M. L. Parramore, assistant teacher in Hannibal Square public school, will spend the holidays in Enterprise.

E. W. Meem, weatherman, and family, of Decatur, III., are occupying the Dr. Jones cottage for the winter.

Prominent among the visitors to our sanctuary this week, was Mr. Ame Hawkins, of Orlando.

A fine line of baking powders for sale at the pioneer store and with every can of powder the purchaser receives a most desirable present which is worth the money or the cost of the powders.

Mr. E. L. Maxon has a nice house in Christmas goods on hand which he is selling out very rapidly. More than $40 worth of Christmas cards was sold in one day.

City council met Thursday night at their regular chamber. Among those present were Mayor Chubb, Clerk Huntington, Aldermen Rogers, McCallum, Ward, Simpkin and Israel, Marshal Butler, and Assessor S. S. Capen.

A great deal of business was noted upon and disposed of in a short time. President Capen was absent and in his absence Alderman Rogers was elected president pro tem.
Winter Park Pointers

Winter Park, Fla., Dec. 30, 1892.

Everything is now in readiness for the opening of the Hotel Seminole for its eighth season and under the skilful hands of Mr. J. H. King, the manager, whose plans have been perfectly carried out, every department of the large comfortable building has been made as neat, comfortable and attractive as on the first day that it was thrown open to the public.

Mr. D. P. Hathaway on whom the practical management of the hotel will depend, has a long and popular experience. He has been at Shelter Island for a good many years where he has built up a reputation as an all-round landlord and confers maker second to none on that famous Island. Mr. Monroe, the office man, has had large experience at resort hotels at Lake Hopatcong and other places that please tourists. Mr. Parcell, the stightman, is the right man in the right place and with a fine-orchestra playing, every efficient help in every department, the prospects for a prosperous season will never be better.

Samuel Boavick, a large wooden manufacturer, of Philadelphia, is at the Rogers House with his family. They are here friends and at Attica, Ind., will be pleased to learn of the steady improvement of Mr. Minnelli.

Through the kindness of Colonel Plant, Mr. Swopes has furnished our town with a fine walk and roadway from the S. F. R. Depot to the boulevard walk. It is a decided improvement.

Chase & Co., of Sanford, through their efficient representative, Mr. Robert W. Gilvar, have been very busy packing and shipping oranges for the past month. They say the crop is larger than they expected and of excellent quality.

Dr. E. H. Paul, after a serious illness of about a month, is now rapidly convalescing.

Mr. and Mrs. Francis and daughter, Lella, are here at the Rogers House from Hartford, Conn., where Mr. F. is an extensive manufacturer of rubber.

The Christmas exercises here were numerous and interesting. At the public school the teachers, Misses Dart and Gould, had prepared a famous fish pond, from which the students fished lots of nice things. The fishing pond was supplemented by a generous gift to each student by a stranger who was here that day. The Methodist church had a heavily laden tree and a charming program of exercises made all attendance payable. At the Congregational church there was a delightful cone festival, after which the whole congregation was presented with lovely roses. At the Episcopal church, Wednesday p. m., there were beautiful exercises and a tree, and at "Hannibal Square" were appropriate exercises, trees, music and general enjoyment.

Miss Cora Cunningham hung up her own stocking at J. E. Capen's. It is needless to remark that it was stuffed full by the generous visitors.

Mr. C. T. MofFett, a prominent business man of Minneapolis, is here for the wedding of his aged sister, for whom the trip was undertaken. Hon. J. B. Minnelli, collector of the port at Pensacola, is here spending the holidays with his family.

IN HANNIBAL SQUARE

A. M. E. church and at the B. H. church were trees rich in presents and adequate in design. Each of these trees was laden with presents of valuable gifts.

Mr. E. D. Boavick, manager of our new store at the A. M. E. church, equal to himself in elegant words and with excellent taste, upon the occasion, after which the singing began and many souls were invited to see and to feel as if their names were upon the tree.

THAT WAS A BEAUTIFUL TREE, neared so beautifully by the entourage, or just seeing the altar, in the B. H. church on Wednesday following Christmas day. Its presence pleased the large concourse of friends and brought happy smiles upon every face.

The tree was of cedar, bearing a beautiful font of light. The decorations of sivery appeared as added greatly to the magnificence and grandeur of the tree. The gifts, which formed every branch of the tree, were valuable and of a most appropriate sort. Happy were the smiles that graced the face of the little folks when Rev. J. L. Boavick took his seat at the organ and they were called upon to sing the beautiful "Christmas Tree Song." After this, Mr. W. C. Comstock, in a few well chosen and impressive words, spoke to the congregation and explained that the receipt was absent and would be there during the day.

After the close of the exercises, Mr. Comstock, assisted by the special Mr. W. R. Smith began laying the contents of the tree. None was sighted, but all received a present; even my humble self received a part of the contents.

The Lake Mont Christmas trees were receiving all presents at that place—both in beauty and value. A great deal of interest was manifested in that section over the tree and all contributed something to make it as valuable as possible. Mayor Conant and J. L. Boavick were among the distinguished persons present, all of whom received some unique presents from the tree.

At the Congregational church was a large ambulance on Christmas day to witness the exercises of the Sunday School members. All that were present were deeply impressed with these exercises and felt greatly benefited and more pleased over the opportunity of hearing what was said.

The day has passed, but all and all of its companies [the singing] are all gone, and where I was gay but yesterday with jolly crowds, is labor and business to-day. When another twelve months have passed we will see another Jolly Thus, that is, if we be re.

Mr. J. Sparrell, accompanied by his two daughters, Misses L. and Miss D. Sparrell, arrived Friday of last week and will remain the winter here with Misses J. and D. Sparrell. Mrs. Sparrell is from Mrs. S. A. Scott, at Sanford, this week.

Mr. J. Kirkpatrick, accompanied by his two daughters, arrived Thursday night. This is comfortably located at their own home on Lake Virginia.
