The Spiritualist Association, with its members, had their annual clairvoyance test last week. Miss E. A. Sparrell, who is always a welcome guest, was present, and gave a most beautiful wedding, as well as other clairvoyance tests, which were very interesting. The test consisted of giving names of persons, pets, and places, as well as giving clairvoyance pictures of the future, which were most remarkable. The tests were given in a most delightful place—the Inter-Oaks, near Winter Park. The wedding was a most beautiful ceremony, and all who were present were very much pleased. The bride was dressed in a beautiful wedding gown, and the groom was dressed in a handsome suit. The ceremony was performed by the Rev. Mr. R. H. Wright, pastor of the Episcopal church here, who is a brother of Miss Wright.

After the wedding, the couple left for Jacksonville, and from there they went to Washington and then to Norfolk. Among those present at the wedding were Mr. and Mrs. C. G. Tousey, Mr. and Mrs. Kimball, Mr. and Mrs. Wright and Mrs. Stovins. The bride was blessed with an opportunity to wear orange blossoms, gathered from Mr. R. H. Wright's orange grove.

The public school opened last Monday and the children are attending well. La grippe has been interfering with the health of our people for some time.

Mr. R. F. Wilson has gone to North Carolina to school. Ben is bound to succeed.

Mr. F. R. Israel is in Gainesville this week attending the Masonic Grand Lodge.

Three bear and three Italian masters were on the streets this morning giving performances.

Mr. Geo. B. Dorn is having a new addition built to his house. It is to be used as a stable for his horses.

Mr. Geo. B. Dorn is having a new addition built to his house. It is to be used as a stable for his horses.

at the hotel. Mr. Pope is a brother-in-law of the distinguished Mr. William Brookfield. He has spent a few days with us in October and he was accompanied by his wife, who is an attractive and charming lady and his niece Miss Franklin H. Whiddon.

They all appeared to be in the very picture of health and expressed much pleasure of having been among the palms, trees, and the sunny climate of Florida. The Captain informed us that Mr. J. S. Cooper who is well known here, is now managing his interests in Detroit and made his responses to his many friends in the Park. He is a man of firm character and is receiving good health. Just then Col. John Tousey, a gentleman so much looked upon in the boat and pushed us off from shore, saying, "We are glad to see we are here for the winter and did not arrive any too soon." Capt. Hart and family are now comfortably domiciled at their beautiful home on Southside Ave. We welcomed them home again.

Our genuine Maj. W. G. Peck, who has been suffering recently with his grope, was seen driving around the city last Thursday, smiling jubilantly.

Mr. P. C. Peckham is now at the Tampa Bay, having returned to winter for the season. The Maj. says there is no place like Winter Park.

Col. P. Peckham and son-in-law, Judge A. McCombs, spent several days in Havana, Cuba, this week. They returned last Wednesday looking much, as expected, from their trip.

J. W. Johnson and wife of Minnie, Mr. and Mrs. Seminole. Mr. Johnson is a very prominent man and has plenty of money. He is an excellent gentleman to meet. He thinks the present deal of Winter Park is a Winter Park and after trying many other places is willing to vote Winter Park the most desirable winter resort in the state.

The post office has been moved by postmaster Bachelor to the building formerly used by Dr. Lawrence. The building looks very neat in its new dress and reflects much credit on Mr. Bachelor's taste.

Mr. J. Kirkpatrick and his family arrived last Wednesday from Philadelphia. Mr. Kirkpatrick is in excellent health and as usual is looking extremely well. His home is in excellent repair and with his accomplished Madam we see no reason why he should not be the happiest man in town.

Mrs. Fairchild and little daughter Clarice, wife and daughter of President Fairchild of Rollins College, arrived Friday evening of last week. They are present domiciled in one of the college cottages.

The municipal election day is fast approaching and all are curious to know how it will pass off. There are two candidates known as the "in" and "out." The former seems to be less indignant than the latter. It is proving quite entertaining.

Mr. Pope one of our regular winter visitors and a most excellent gentleman, arrived last Friday, accompanied by his family, as the hotel. Mr. Pope is a brother-in-law of the distinguished chairman of the New York State Central committee. Hon. William Brookfield.

The deceased was 67 years old and had been a resident of Orange county for many years. The large concourse of people from Mariland, Winter Park and adjoining streets, greatly admired the funeral services attested in unmistakable form the high esteem in which he was held.

The funeral of Mr. John Carville was held in the church and preached the sermon. The church was crowded with the friends of Mr. Carville, and the funeral services attested in unmistakable form the high esteem in which he was held.

Some of the principles of the new government in Winter Park are as follows: 1. Laissez faire. Public work is to be done upon business principles. The machinery of the government is not to be run merely for the purpose of collecting taxes, and the taxes collected merely for the purpose of running the machinery and hiring saloons.

2. No saloons in Winter Park. The men in the new government are unanimous in support of this principle. Nearly all of their names are down upon a pledge against permission to saloons, and those who have not signed such a pledge have declined to do so on the best of reasons other than favor to saloons. They believe in keeping this town a suitable place for a college to live in, and attractive to the best class of visitors and citizens.

4. Accountability to the tax-payers. They propose to publish at least once a year a statement of all receipts and expenditures. This statement is to show "to whom and for what every cent of money collected has been spent or carried out. This is the most important principle in any government. It is not sufficient to say, "The books are open." The books must be examined in the presence of the public. Some have not the technical knowledge necessary to understand the books, but one who is willing to give the time necessary and not the imputation of being sly or suspicious. It is a simple matter to publish a statement which "the man may read."" We can judge then not only of the honesty but the wisdom of any government. Frequently it is found that after meeting these needs to be the fullest knowledge and best criticism of public expressions.

The present government of Winter Park came into power under favorable conditions of social difficulty. The treasury was empty, the town was in debt and no revenues were expected for a considerable time. The government has not been put but a short time, and under most unfavorable conditions, to carry out its policy. As far as has been told I think it has done well. Its principles are the best. I vote to keep it in power as long as it continues to do so with sufficient time and opportunity to prove its principles by its works.
To the Citizens of Winter Park and Tax Payers

FINANCIAL STATEMENT OF THE TOWN OF WINTER PARK, FLA., FROM October 1888 to the Present Time.

TOWN GOVERNMENT.

OFFICERS ELECTED OCTOBER 15, 1889.

Mayor—Robert White, Jr.
Assessor—Wm. A. Guild.
Clerk and ex-officio Treasurer and Collector—H. S. Chubb.
 Marshal and Collector—W. A. Hunter.

OFFICERS ELECTED OCTOBER 15, 1889.

Mayor—Robert White, Jr.
Assessor—Wm. A. Guild.
Clerk and ex-officio—Henry Huntington.

OFFICERS ELECTED NOVEMBER 1889.

Mayor—W. B. Simpson.
Assessor—W. B. Simpson.
Clerk and ex-officio—Henry Huntington.

OFFICERS ELECTED OCTOBER 1890.

Mayor—H. S. Chubb.
Assessor—J. H. Ford.
Clerk and ex-officio—J. L. Beatty.

OFFICERS ELECTED OCTOBER 1891.

Mayor—W. B. Simpson.
Assessor—J. H. Ford.
Clerk and ex-officio—J. L. Beatty.

OFFICERS ELECTED OCTOBER 1892.

Mayor—H. S. Chubb.
Assessor—J. H. Ford.
Clerk and ex-officio—J. L. Beatty.

OFFICERS ELECTED OCTOBER 1893.

Mayor—W. B. Simpson.
Assessor—J. H. Ford.

Mayor—H. S. Chubb.
Aldermen—J. S. Capen, President Council; W. B. Simpson, J. W. Dieffenderfer, W. B. Simpson.
Assessor—J. H. Ford.
Clerk and ex-officio—Henry Huntington.

OFFICERS ELECTED OCTOBER 1896.

Mayor—W. G. Peck.
Aldermen—J. S. Capen, President Council; Wm. Schultz, R. R. Thayer, W. B. Simpson, J. W. Dieffenderfer, W. B. Simpson.
Assessor—J. H. Ford.
Clerk and ex-officio—Henry Huntington.

Rollins College Notes.

On Friday, Mr. Theodore L. Marmo, of Lake Chauncy, delivered in Knowles hall a lecture upon trees. He had a great audience of men of business and oil of the college. He spoke in a very interesting manner and his address was well received by his auditors. Dr. Henry R. Foster of Winter Park, Mr. Marmo was present and being called on for a speech made a very beautiful comparison. Mr. Marmo had said that a tree was a malnourished child and was ever with the light from heaven. His remarks were very suggestive and impressive. Rollins College has grown well, and, with the blessings of Heaven, will continue to do so.

The weekly roll of the Town Council of Winter Park, Fla., is published to give the following statement, as the record of our transactions:

First, let me say, as a necessary preface to the body of my report, that owing to the important method of book keeping, and the absence of important receipts and vouchers, which will be noted in detail hereafter, I have found it difficult and in some instances impossible to arrive at any certain conclusion regarding the correctness of the accounts kept by your officers. I feel that many irregularities and inaccuracies more or less important appear in various official papers, but the most serious defect I notice is the apparent neglect concerning preservation of the proper evidence of moneys disbursed from the Public Treasury.

I find that between the period commencing Oct. 29th and ending Oct. 10th, 1896, the town

To the Hon. Town Council of Winter Park, Fla.,

In the more than usual care of the people of Winter Park, and the more especially of the people of this community, I have the honor to submit the following report to the Town Council of Winter Park, Fla., for the taxes for the year 1897.

...
Not much traveled here yet.
Wander what will be done for our streets now.

Oranges have nearly all been gathered and shipped.

Quarterly conference will be held at the A. M. E. church tonight. Dr. Moore, preaching elder, will preside.

Mr. Wm. Wannamaker, brother of ex-Postmaster General John Wannamaker, spent a few days at the Seminole Hotel this week.

Mr. Gilbert Hart left last Tuesday for the Indian River section, where he will spend some time on the river trying his luck as a fisherman.

The lawn tennis grounds of the Tropical Hotel, Kissimmee, have been finished, which adds another attractive feature to that house.

The Tropical Hotel, Kissimmee, can boast of four of the best fishermen in the State, McCool, and Cramer for bass, Burrows for catfish, and Paige for garfish.

If Maj. Pock and his ticket had been elected we would have witnessed in a short time new life in Winter Park. The lines of the town would have been straightened and people would have soon been better pleased.

Hon. J.R. Mirell came home last Monday from Pensacola to vote. He had not registered and although the registration officer had said it was not necessary for him to register—being an old registered voter in the town—the Judge could not take it.

Mr. W. F. Paige, of the Tropical Hotel, Kissimmee, was in the city last Tuesday. His many friends were proud to shake his hand once more on the streets of the town in which spent six very pleasant and successful winter as manager of the Seminole. He looked well and wore a very pleasant smile for all he met.

Mr. W. K. Paige, of the Tropical Hotel, Kissimmee, was in the city last Tuesday. His many friends were proud to shake his hand once more on the streets of the town in which spent six very pleasant and successful winter as manager of the Seminole. He looked well and wore a very pleasant smile for all he met.

There was a little row in Hannah Square on Tuesday between two boys—Richard Ginlack and Solomon. It appears that Solomon and Ginlack went into a poisoning, when Ginlack clinched Solomon and stuck his teeth through the latter's lip, and immediately drew his knife and stuck it in Ginlack. It was looking pretty bad for both of them at 2 o'clock.

The silence of signature upon the voucher, however, is not conclusive evidence, that the person notified to three warrants did not receive them—such fact could best be determined by reference to the missing warrants. It is owing to the absence of these warrants that the fact upon the vouchers add to their sum, is not much travel here yet.
For building and furnishing schools for districts No. 3 and 5... $2,538.00
For removal and improvement of cemetery... 1,000.00
For streets and sidewalks... 7,000.00
For police and patrol purposes... 1,000.00

I find no record that the council intended these appropriations to be disbursed in this manner at the appropriation of $800.00. It appears from the register of warrants that a portion of these appropriations at least was paid by warrants regularly drawn. Some $10,000 worth of these warrants were issued and veterans' warrants issued and veterans' warrants were not issued, representing an expenditure of $10,046.05. Of these I find no corresponding record for the following warrants:

<table>
<thead>
<tr>
<th>No.</th>
<th>Clerk, Treasurer, and Assessor,</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>251</td>
<td>H. Huntington, amount $875.00</td>
<td></td>
</tr>
<tr>
<td>254</td>
<td>J. Capen &amp; Co., amount $100.00</td>
<td></td>
</tr>
<tr>
<td>255</td>
<td>H. Huntington, amount $300.00</td>
<td></td>
</tr>
<tr>
<td>256</td>
<td>H. Huntington, amount $300.00</td>
<td></td>
</tr>
<tr>
<td>257</td>
<td>J. Huntington, amount $250.00</td>
<td></td>
</tr>
<tr>
<td>259</td>
<td>Coan Brothers, amount $100.00</td>
<td></td>
</tr>
</tbody>
</table>

I find the following warrants outstanding unpaid:

<table>
<thead>
<tr>
<th>No.</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>397</td>
<td>$87.50</td>
</tr>
<tr>
<td>398</td>
<td>$17.50</td>
</tr>
</tbody>
</table>

This warrant was issued to W. R. Anno, balance.

I find the following warrants outstanding unpaid:

<table>
<thead>
<tr>
<th>No.</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>250</td>
<td>$25.00</td>
</tr>
<tr>
<td>251</td>
<td>$16.90</td>
</tr>
<tr>
<td>253</td>
<td>$5.35</td>
</tr>
<tr>
<td>254</td>
<td>$4.40</td>
</tr>
<tr>
<td>256</td>
<td>$9.66</td>
</tr>
</tbody>
</table>

These warrants, however, are not paid on the evidence found on the warrants.

I find that the amounts of warrants paid have not been filed and preserved as the property of these appropriations at least was paid by warrants regularly drawn. These "O.K'd bills" on the register are not issued, representing an expenditure of $10,940.03. Of these I find no corresponding vouchers.

The following warrants were issued to the following officers for the following amounts:

<table>
<thead>
<tr>
<th>No.</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>250</td>
<td>$25.00</td>
</tr>
<tr>
<td>251</td>
<td>$16.90</td>
</tr>
<tr>
<td>253</td>
<td>$5.35</td>
</tr>
<tr>
<td>254</td>
<td>$4.40</td>
</tr>
<tr>
<td>256</td>
<td>$9.66</td>
</tr>
</tbody>
</table>

These defects, however, are cured for the most part by the evidence found on the warrants.

To the HON. TOWN COUNCIL OF WINTER PARK, GENTLEMEN:

This is to certify that we have paid W. R. Anno, Counsel, for fees and expenses, ($1,800) for interest on the warrants, one hundred and fifty dollars ($150) for discount on the warrants, and sixty dollars ($60) for the expense of printing and publication. The total amount is $2,500.00.

The election of last Tuesday was the closest in the history of Winter Park. The Henkel ticket which is best known as the "in", won by a very narrow victory. It had only five majority. Everything was quiet, with the exception of the arrest of F. R. Wilson, accused of false swearing. He was taken to Orlando, gave bonds, returned and voted before midnight. This was the work of the Henkel ticket, and no doubt was done for the purpose of putting an end to that vote.
Winter Park Notes.

Great pleasure is expressed all about town over the return of Rev. J. H. Martin to the pastorate of the Methodist church for another year. He has a fine reputation as a promising young preacher, and the church is prospering nicely under his leadership.

The statistical report to the annual conference showed twenty-two members in full connection and twenty-two on probation in the church, while the fourteen day school numbers eighty-three. The Sunday school numbers ninety-three, while the Sunday evening had eighty-three. The church for another year. He has a fine reputation as a promising young preacher, and the church is prospering nicely under his leadership.

The statistical report to the annual conference showed twenty-two members in full connection and twenty-two on probation in the church, while the fourteen day school numbers eighty-three. ROLLINS COLLEGE, WINTER PARK

Inauguration of Charles G. Fairchild as President.

The ceremonies attending the formal induction into office of Charles G. Fairchild as second president of Rollins College took place on the afternoon of Wednesday, November 21, in the Lyman Gymnasium. The handsome interior of the gymnasium was tastefully decorated with fresh flowers and streamers of blue, white, and gold. Among the decorations were native flowers, Spanish moss, etc. The exercises began at 3 o'clock and at half past 3 the floor and galleries of the large room were well filled with an audience consisting of students, citizens, guests from the hotel, and visitors from abroad. An ample platform in the north part of the room was occupied by the trustees, faculty and honored guests.

Among the distinguished visitors present were Mr. and Mrs. J. F. Forbes of DeLand, Mayor Brelsford of Minneapolis, Minn., and Mr. Dusenberry of New York. Mr. F. W. Lyman, having been chosen by the trustees as chairman for the occasion, presided, and the following was the programme:

Music. Miss Kate Park, Miss Magie Park, Mr. Hawkinson
Inaugural Address by President Charles G. Fairchild, subject, "Climate and Character.
Benediction. Rev. C. M. Bingham, Daytona.

The following is a resume of the affairs of the college since the last meeting of the trustees:

In the evening the public was invited to meet the new president and his wife. Light refreshments were served in the dining hall, and the happy air of the guests told us that the evening was a very pleasant social event.

The college now has the bright and sunny aspect of the afternoons侦察.

The bestowal of the honor which marked the beauty approval was received with enthusiasm, for the people are the followers of the appropriate and impressive innovation, after which Mr. F. W. Lyman spoke as follows for the trustees:

Mr. President:
The trustees have laid upon me the duty, which I also am pleased for, of addressing you to in coming week, I do not understand that I am expected to offer you advice, but rather to express their satisfaction that we are brought to this good hour.

The task of finding a man who would resolve our ideal of what the land of this institution should be, was no easy one. As development of right character is the highest ambition which can be set before us, it was essential that he who should stand as an example to these young people, their leader and guide, should always in spirit and in life be conformed to the one perfect form. Mindful of the dignity of learning, that this symbol is representative, that he who assumes to fill it is the exponent of that academic training and breadth of culture which is true best as a matter of fact to all in this wide land, we felt that ordinary illness was essential.

The talk of finding a man who would realize our ideal of what the land of this institution should be was no easy one. As development of right character is the highest ambition which can be set before us, it was essential that he who should stand as an example to these young people, their leader and guide, should always in spirit and in life be conformed to the one perfect form. Mindful of the dignity of learning, that this symbol is representative, that he who assumes to fill it is the exponent of that academic training and breadth of culture which is true best as a matter of fact to all in this wide land, we felt that ordinary illness was essential.

Mr. Low did not say "The office of the scholar is a noble one. He is set apart to a kind of priesthood. He is the appointed guardian of the ideal in art and life, of the noble traditions of old Rome and Magnanimity, of the great names and great events, that the one be not lost as the other comes in its place." 

The Rollins Sun, September 19, 1890.
cease from among men the value and beauty of a scholar's life and calling must be largely the result of personal impulse. But the requirements of the presiden
tialship and a professorship, with chairman-
ship and the learning of the schools, must be associated gifts and a knowledge of the world, which enable one to meet men on their own ground. No man is since the Apollo Paul has felt more keenly than the modern college president that the need of being all things to all men. Many men possessed educated, not that they were unfitted to till the earth, but we called you to the honorable office of President of Rollins College. We believe that by nature and grace by training and ex-
pertise, you are peculiarly fitted for it, because by what we have said, we expected that you were the man through whom others are the hopes for the evidence of its sights and men. It does not have to do with the things on the page, here is not very much of it, and yet these nine years have brought many changes and marked no mean development. The one to whom God first whispered his in-
tention of founding here a college, in whom unselfish care and constant nursing of the infant was committed, was obliged two years ago by failing health to resign his charge, already a steady young other hands. We gratefully recognize his zeal and devotion, none with more of the success of his labors, and pray that, although deprived of his lead-
bondage we may long have the benediction of his wisdom and the gracious influence of his presence at our municipal table. We gladly acknowledge our obligation to him who for two years has lifted the torch, whose solemn duty is to select, for the ability and self-sacrifice with which he has met his duties, duties. Many whom we sordidly miss to-day may be nearer
out, content to leave the future with the substance of things hoped for and the assurance of things seen. It is the work and the person that matters. Large increase of facilities and stipens provided here. Many whom we sorely miss to-day may be nearer the site for the new college. She said, "If the time is right, for 25 years, or until the generation of students who were here when the college opened has passed away, would be so staunch and parceled the social progress of Massachusetts as to have re-
ally altered the whole course of events, and the National history in which Massachusetts had a part," may

March 7th, 1894.

Loring A. Chase, Esq.,

100 Washington Street, Chicago, Ill.

My Dear Sir:- I am in receipt of your favor of the 6th with reference to your friend Mr. Percy Thomas. I have never met him, but he is in perfectly safe hands, for Mr. Bannister, the Vice President of the Company, is giving especial attention to all of the young students in our employ. Everything will depend, of course, upon his ability to make himself useful. I may say that I am giving, through Mr. Bannister considerable attention to the question of getting in the very best young men that we can to educate as Electrical Engineers.

I am glad to say that Mrs. Westinghouse is now very well. She has, however, as a result of La Grippe, been suffering a good deal during the past two years. She is now in Washington.

Very truly yours,

Mrs. Westinghouse.

**ON THE RIGHT LATITUDE.**

Rollins College Notes.

Achievements of the World's Fair were presented with eloquent views on Thursday evening, March 8th. Mr. E. P. Hooker, ex-president of Rollins College, delivered an introductory speech, and President Fairchild, in a masterly speech, made the following statement: "The Fairchild's address should be read by everybody in Florida."

At this point it is pertinent to suggest that the climate of Florida is so high that the high civilization has been carried north of Boston, New York, and the whole truth in these words: "Contem­

Hymn by the audience, "My Country, Is of Thee, etc."

President Fairchild's address should be read by everybody in Florida.

In the evening from 4 to 10, the truc­

Texas
There have been several thousand boxes of oranges shipped from this section during this season.

Postmaster Bachelet—states that he has handled an enormous amount of small matter during the past month.

Many of our people are anxious to have Miss Hallie Q. Brown exhibit in Winter Park once more before she leaves the State.

Col. P. Peckham is having a very handsome residence erected on Lake Lucern in the southern part of Orlando. We give a fair description of it in our next issue.

Rev. J. L. Williams left this morning for Jacksonville where he will spend a few days after which he will leave for Warm, Tex., to enter the theological department of Paul Quinn College.

The Educational exercises at Ward Chapel last Sunday was quite an interesting as well as successful affair. Rev. Wright, in the afternoon, gave an able address on “Christian Education,” and Rev. Morton at 7:30 o’clock preached a very interesting sermon. The choir discovered some very fine music on this occasion.

A CARD OF THANKS.

Winter Park, 3-17-94.

Mr. Editor:

I take this opportunity of expressing my gratitude to the good members and pastor of Ward Chapel A. M. E. Church, and my white and colored friends of this community for their courtesy and kindness during my visit. I am very much bound to you in my heart, also in the Sandrock troops for the great kindness tendered me on Monday evening, the 12th inst.

Such Christian actions on your part create in me to feel keenly the interest you have in the cause and principles that I am advocating and the confidence expressed in me.

I hope as one of you—your interest is my interest and vice versa. And I pray God that I may ever labor on the lines that will create your confidence in me to be increased rather than diminished—labor on the line of rights, justice and equity to all.

Yours for the cause of Christian education and the raising of fallen humanity.

Rev. J. Tyler, who has been a guest of Miss L. M. Abbott for several months has left, accompanied by his amiable daughter for Orange City, New Smyrna, Daytona and other points on the Indian River. He will leave about the first of May for the North.

TWO TALE FIVE TIMES.

Talk No. 1. We all know of the peculiarly beautiful location and natural attractiveness of Winter Park and the adjacent section. This district, being more admired than any other inland locality in the State, abounding in clear fresh water lakes, beautiful college, high priest, etc. We may say with reason, that, once upon a time, before the hand of man, had made any improvements a couple of gentlemen—looking over the location, however, during their wanderings, they found a young man, probably 20 or 30 years of age, sitting on the bank of one of the lakes. The gentlemen awakened him and asked him “what in the world are you doing here, don’t you go home to do your sleeping, this is hardly the place for a young fellow like you.” The young man answered himself and rubbering his eye replied “when my mother died she said she would meet me in heaven and I'm merely waiting for her; she will soon find me.”

Talk No. 2. Jules Verne in his book entitled “a trip to the moon” tells that the tremendous mortar used to fire the projectile from the earth to the moon was constructed loaded and discharged at Tampa, Fla., “it is now said” that many visitors travel long distances on purpose to see the hole in the ground caused by the explosion of this great gun when it was first firing the projectile with its precious burden direct to the moon. The Zigzag Club’s time was so short that they did not have time to visit this famous spot, while they have no doubt of the truth of the “lone story” then unable to verify the statement in full.

Talk No. 3. The Lake Worth country, as we all know was settled largely by people of small means, many with nothing but plow and vine, so called whatever; now it is home to as well-off individuals on any part of the same and is the capital of the citrus fruit of the State.

It is told that in the winter of 1877, just 17 years ago, a Spanish leg was taken to Bermuda, or some such name, was washed off the coast of Lake Worth, this leg full length, was commissaries, and the shore was lined with commissaries for miles around, but the commissaries believed that commissaries could be raised successfully along Lake Worth yet on one had the master in hold the bars, from this was the commissaries and commissaries of the people “their advantage of the situation” and planned commissaries thick and fast the reach of commissaries, for in that immediate vicinity there is something like two or three hundred acres of commissaries trees with their beautiful foliage, the half of which are now in bearing, bring the greatest handsome returns.

All of the churches in town are making elaborate preparations for Easter Sunday (to-morrow), the reasts of flowers are being prepared for decorative purposes, Special Easter Sermons will also be preached at all of the churches.

We were more than pleased to meet in the Chincoteague sanitarium last week the most distinguished president of Rollins College at Winter Park and enjoy pleasant conversation with him. President C. S. Fairchild comes from Oberlin College, in Ohio, and that means that he is of the people and by the people, and for the people. His genial manners win to him at once the most skeptical, and yet his conversation shows him to be a man of fine executive ability and a good disciplinarian.

It is quite certain that under his able and faithful supervision the affairs of the college will be greatly improved and the future of the institution brighter and more hopeful. Wherever he goes President Fairchild makes a most favorable impression, and he will not lack for warm personal friends in his new Florida home.

GENERAL HOWARD AT ROLLINS COLLEGE.

Winter Park, Fla., March 10, 1894.

The routine of college work was interrupted to-day by a low drum beat from the wall of the old belfry. General O. O. Howard, U. S. A., addressed the students from the top of "Personal Reminiscences of Fair Oaks."
The proposal of the town council to add another month to the annual Square public school is strange but true. Of course strange things happen at times.

Manager Paige, of the Tropical, Kissimmee, has skipped, leaving his help, his creditors. We are also among the injured ones who feel outdone by this man of "ups" and "downs."

The Seminole hotel is holding its own, guests are coming in on every train and notwithstanding the bad outlook in the beginning of the season this hotel has done a prosperous business and manager Hathaway wears a victorious smile.

Hon. H. S. Chubb will leave the early part of next week for Ocala to attend the annual meeting of the Heitter Island Orange Grove Co., at which meeting officers for the company will be elected.

**Winter Park Advocate.**

**Col. Peckham's New Home.**

Standing on the North bank of the beautiful Lake Lucern, in the Phenomenal City (Orlando) is the frame of the handsome building being built by Mr. Boyken for Col. P. Peckham of this place.

An Advocate reporter called at the spot on Sunday after a rainstorm declared that it would be the prettiest and most substantial residences in the city of Orlando. Its several dormer windows, its large and airy rooms (twelve in number) its spacious parlor and reception room; its gorgeous windows and large doors, with the many other unusual attractions will make it the prettiest and most imposing structures in the city.

The weatherboarding will be of cypress and also the shingles. The building is being rushed, carpenters are at work and the building is expected to be completed by the first of July.

**Rollins College Notes.**

Rollins College, under its new president, is rapidly coming to the front as a great institution of learning. President Fairchild is the right man in the right place.

One little city on the lake is quiet and steady. One to the shining of the Seminole.

Rev. C. Hill, of Kissimmee, spent a few days with friends in our city.

Col. and Mrs. Gilbert Hart have never been to Detroit, after a few months' stay here.

Miss Hallen Q. Brown entertainments were given by a group of sensible but good friends for the season last Monday night.

A great many of our winter residents will be leaving for their northern homes about the first of May.

Mrs. S. A. Williams, the wife of Rev. Williams, has been very indisposed for a week but is now improving.

Wade Wilson and S. B. Bennett are having cottages erected in their addition for their early occupancy.

Col. and Mrs. Fairchild after spending a few days in the city, returned to Vermont. Both Col. and Mrs. Fairchild are said to be very happy.

A good many of the residents of the lake find the season's celebration on the Lake Park Friday.
Miss A. E. Sparrell will leave next Wednesday for her home in Boston. Miss Sparrell is always a hard person for us to give up. She has endeared herself to the people of Winter Park and there is none we regret to give up than her. She will return early next fall to occupy her attractive home here.

Mr. Chan Smith leaves next Monday for his home in Massachusetts. Mr. Smith has become a winter resident of Winter Park and has purchased a beautiful home here. This he has made more tasteful by making extensive improvements. The cottage has received a handsome coat of paint and also the yard fence.

Mr. H. B. Crosby and his accomplished family will leave next Monday for Patterson, N. J., their winter home. Among those of the family are Mrs. Isaac Newton and Mrs. Allen, two married daughters. They all speak in glowing terms of Winter Park and all expect to return next winter. Winter Park will be proud to have them come.

The tower in the Baptist Church is nearing completion and when completed will add a great deal to the appearance of that edifice.

The talk that several residents are to be erected here during the summer is quite pleasing and if such is the case we may expect a prosperous summer for our carpenters.

The Seminole Hotel, after a very excellent season of two months, closed on the 1st inst.

The manager and his help have all gone to other quarters and to their respective homes.

This has been a nice season for renting cottages at Winter Park. Every cottage in town was occupied, and we have been informed that others could have been rented had they been here.

A good many of our people are heading towards the North for employment, great pity. Still it will be so until our people learn to accommodate homes and settle down under their own vine and n'oude.

By the assistance of a good many of our white friends we will now be able to run our school two months longer. We are under many obligations to the many white friends who manifested so much interest in the affair.
Midst of its Commencement Program.

AT ROLLINS YESTERDAY.

Winter Park's Exalted Institution in the Midst of its Commencement Procession.

The crowning feature of Rollins College's commencement exercises at Winter Park were the addresses of Rev. J. A. Clifton and the reception of President and Mrs. Fairchild, both of which took place last night.

The commencement address was delivered in the Congregational Church at 7:30 o'clock, where a large congregation of friends and patrons of the institution had gathered. Rev. J. A. Clifton, of the Methodist Church, and a resident of Charleston, was the orator chosen for the occasion. He was presented to the audience by President Fairchild in a very appropriate address of introduction. Mr. Clifton delivered a highly instructive and interesting address, interweaving his more sordid thoughts with many witty and appropriate anecdotes. His theme was on the building up of character, and the speaker maintained that truthfulness, industry and benevolence were the three great attributes that go to make up the foundation of human character and with these three a man or woman can command the respect and confidence of mankind.

The speakers style is a very pleasing one and his entire address was full of good points their appreciation of which the audience manifested by frequent applause.

After the address a reception was given by President and Mrs. Fairchild at the ladies' cottage which was appropriately decorated for the occasion with a profusion of flowers, and the college campus decorated for the occasion with a profusion of flowers, and the college campus. Within the handsome parlors of the cottage President and Mrs. Fairchild held their reception and greeted the friends of Rollins College. During the evening cream and kings were served and at the hour named the festivities occurred to the sixth day of the Rollins college commencement season ended.

A large number of people from Orlando and other adjacent points were present and all expression of themselves as much gratified as the successful manner in which Winter Park's excellent educational institution is continuing the commencement process.

Mrs. Edward Forester of Sanford was in the city last Thursday on business.

We have a rather cool snap for this time of year to pass over us a few days ago.

Ex-Marshall Butler, who has been quite indisposed, is up and looking very well.

Those refreshing rains will make grass, as well as vegetables and fruit trees grow.

Mrs. H. S. Chubb and her pretty little Catharine went to Orlando shopping last week.

Rollins College, after another successful term in educating the minds, soul and might, will close next week.

Dr. Ripley, who purchased, some time ago, the Parson college, will leave soon for his summer home in Buffalo, N. Y.

I have for sale several second-hand carpets, cheap.

ELIJAH HAND, Undertaker.

Mr. George Capen will leave next Tuesday for Bloomington, Ill.; Miss Capen will accompany. She will go to Chicago.

Among the many who left last Monday was Capt. Littlefield. The Capt. goes to his home in Maine, but will return again early next winter. He has a nice grove here.

Mr. Glendenning, who has been quite indisposed, is up and looking very well.

Those refreshing rains will make grass, as well as vegetables and fruit trees grow.
Prayer was then offered by Rev. Dr. Hooker, formerly president of the college.

The next number, "Ora!de Song, by Brahms, was sung, and the harmonious effect produced by the Misses Peck, Miss H. Peck and Miss Disaline, was easy and unassuming. She told of the Misses Peck, Miss H. Peck and Miss Disaline, an ideal musician was a woman, thoughtful and finished essay upon the subject. Her description of the Misses Peck, Miss H. Peck and Miss Disaline, was a beautiful and instructive lesson from her memories of school days, and thoroughly convinced with the aptness of laying a good educational foundation in early youth.

Looking Backward" was the subject of an excellent essay read by Miss M. Belle Abbott, of Orlando. Her dictation was easy and happy and her intonation and enunciation were pleasant in the extreme. If any concealed lord of creation present had glanced at her, he must have felt that some other than male idioms and accompanying them with those of the great composers whom she gave as partial examples, then added a few remarks in behalf of the faculty, and concluded the exercises.

Miss Emily G. Hooker's essay, "The Progress of the "Tree," was a concrete, convincing representation of the topic, and the many bright and gracefully expressed ideas, we forbear to designate any as it would be impossible to do the subject justice without publishing the whole essay.

The choral club sang "Daughter of Error," after which President Fairchild requested the six graduates in the academic department, the Misses M. Belle Abbott, Sophronia Carson, Annie H. Miss H. Peck and Mary C. Fanny, to take their places upon the stage, when in an appropriate address, he presented them with diplomas. Miss Emily G. Hooker, the only candidate for the degree of A. B., went forward and the president in his usual happy manner presented her with a diploma. Then came a very pleasant feature not drawn on the program, for Miss Hooker, in a nice little speech, presented, in behalf of her associates, four handbills to President Fairchild for the college library. She responded happily and to the point.

Miss Emily G. Hooker pronounced the benediction.

CONCERT AT THE MEDICAL DEPARTMENT.

The medical department of the college in under the immediate supervision of the Misses Peck. The choral club, the place in which the concert was located, the audience, and the selection given over the F. C. & P. R. R., under the auspices of the Orlando club, took two orations of orations from the orchestra, and the faces, as a result, greatly augmented the already large audience.

The program was certainly out of the ordinary in superior excellence, and consisted of a fine score, Mendelsohn's "March of the Masters," arranged for two pianos and rendered artistically by Misses Neff, Morven, Fuller and Crooks.

Mr. Missildine sang with good effect a reflective and sorrowful song, "The Creation," in response to an encore given by President Fairchild, and delivered with grace and beauty of phrasing.

Miss Emily G. Hooker sang with very sweet and delicate voice, "Heaven Hath a "Tree," and when heartily applauded by the audience again with "The Two Marionettes."

Miss Hattie Peck sang with great effect a recitative and aria from the "Creation," and in response to an encore gave a "Habund Love Song."

Miss Neff's "Pallapano in E," was beautifully played by Miss Neff, who displayed magnificent execution and expression, and was so well received that she had to respond to another exquisite solo.

Miss Gertrude Ford sang with sweet and delicate voice, "Heaven Hath a "Tree," and when heartily applauded by the audience again with "The Two Marionettes."

Miss Hattie Peck in a finished piece, with glee in her tone, "The Spiritual," which was played almost faultlessly, but she refused to respond to the well deserved encore.

Manchesteir's "Are Maria," arranged

for three voices, was beautifully rendered by Misses Hettie Peck, Miss H. Peck, who gave evidence of ability and careful preparation.

Miss Peck was down on the program for a German Arias from "Samson and Delilah," but sang instead a beautiful song, "Down the Brook," which completely captured the audience. Miss Peck has a brilliant voice and finely controlled, especially in the more fluid passages; her pianissimo notes were clear and beautifully phrased. Being compared with "I ha'e a "Tree,"

The first part of the program closed with a recitative and aria from "Samson and Delilah," sung with grace and beauty of phrasing.

Our little city was filled with strangers this week. The occasion for their visit here was the closing of Rollins College.

Mr. Henry Peckham, in the store of Mr. Paul's, will leave in a few days for the north where he will spend the summer.

The imposing occurrence of Col. Peckham, who is being created a beautiful location in Orlando, is nearing completion. It will be inhabited as soon as it is completed by Judge and Mrs. A. McCallum. The people, who have known this happy couple so long and had the pleasure of their company so many times will regret to give them up. Their place in Winter Park will not be easily filled. Of course it is only the business of Judge McCallum which compels him to be in Orlando that causes the change of residence.

Mr. Peckham, who has spent many winters in Winter Park, has determined to purchase a home in Winter Park and his present residence in Lake L'Orange, which under the supervision of Constance Hopkins, is now nearing completion. When he left here with us, he made arrangements with Miss Paul's store for his return at the first opportunity.
Master Joseph Dow is now engaged with Mr. A. H. Paul as bookkeeper. Joseph is a very industrious boy and is worthy of being encouraged.

Mr. E. J. Cown and Col. Joseph Noble are doing some necessary repairs on the building of Rollins College.

Mr. W. S. Simpson, the Seminole florist, is doing a good job at the Seminole Hotel. He has his flowers in excellent condition and is making improvements.

Dr. and Mrs. Barrows left last Saturday for Cincinnati, where they go to attend the Christian Endeavor national meeting. They left by the F. C. & P. R. R.

Mr. E. M. Giffin now has charge of the works so long carried on by Mr. S. S. Capen. Mr. Giffin is a very fine gentleman and we congratulate Mr. Capen upon his selection of one so worthy.

Mr. Henry Daniels and family will move to Orlando next week, or the first of next week after next. We regret to lose Daniels up. He has been an acceptable and worthy citizen here and we hope he will be equally as acceptable to the Orlando dovers.

On last Thursday Judge McCallum returned from his trip to Chicago, Mr. S. S. Capen and others. The Judge is now making arrangements to move to Orlando in his beautiful home, which has just been completed. All of us regret to lose Daniels up. He has been an acceptable and worthy citizen here and we hope he will be equally as acceptable to the Orlando dovers.

Mr. A. H. Paul, our very popular proprietor of the Pioneer Store, has gone to Vermont to visit friends in the north and west. We will take advantage of the low rates to go to visit friends in the north and west.

Mr. H. A. Thompson, S. T. Hill, E. J. Coan and others are at their cottage at Lake Chautauqua, N. Y., for the summer vacation.

Mr. & Mrs. S. S. Capen are packing up to leave us soon. They expect to be absent sometime visiting relatives.

Our young boys indulge in games of baseball.

Mr. J. L. B. Eager, who has been her faithful bookkeeper, recently stepped on a rusty nail, and is still making improvements.

Mr. and Mrs. W. R. Smith have returned from Asburyville, N. C., where they had good account of the health of Mrs. R. Their friends are sorry to learn that she has not recovered from her cold.

Mr. & Mrs. Wm. Schultz have returned from Asburyville, N. C., where they had good account of the health of Mrs. A. Their friends are sorry to learn that she has not recovered from her cold.

Mr. A. J. Paul, our very popular proprietor of the Pioneer Store, has gone to Vermont to visit friends in the north and west. We will take advantage of the low rates to go to visit friends in the north and west.

On last Thursday Judge MacCallum returned from his trip to Chicago, Mr. S. S. Capen and others. The Judge is now making arrangements to move to Orlando in his beautiful home, which has just been completed. All of us regret to lose Daniels up. He has been an acceptable and worthy citizen here and we hope he will be equally as acceptable to the Orlando dovers.

Mr. A. H. Paul, our very popular proprietor of the Pioneer Store, has gone to Vermont to visit friends in the north and west. We will take advantage of the low rates to go to visit friends in the north and west.

He has been an acceptable and worthy citizen here and we hope he will be equally as acceptable to the Orlando dovers.
Messrs. A. Richardson, W. A. Guild and D. N. Bacheller were delegates to the democratic convention this week.

As told in The Advocate two weeks ago, Judge McCallum and wife moved to Orlando this week to the regret of the many friends here.

Mr. Wm. Schultz and family have returned from the mountains of North Carolina where they have been for some time for the benefit of Mrs. Schultz health.

We were out to see Mr. G. L. Brookins, who resides on the Knowles place, this week. Mr. Brookins keeps things very neat around him and the grove never looked better.

Mr. Faulkner, the police agent at the South Fla. depot, who was married some six weeks ago and went to Illinois on a bridal tour, has returned with his bride and the two are handsomely located in their beautiful home. Mr. Faulkner has resumed his work at the depot.

Mr. Eagan was in the city last week, looking as healthy ever we saw him. Mr. Eagan is the honored collector of internal revenue for the state and he may be for some time to come His services please democrats as well as republicans, so much so that they cannot agree upon a man to succeed him.

Lucy and Plucky.

Master oily Chapmen had an exciting experience last Wednesday and it was only a combination of luck and pluck that brought him out of the affair unhurt. He had borrowed some money from a neighbor belonging to Mr. Wm. Chapmen, and his plucky nature was much to the bruising. Near the Canton Junction Post Office the boy was thrown from his horse, which started on, thus leaving him alone.

Along Jackson St. to the visitor, under the great stone arch, up Church St. and j to the viaduct, under Washington Sts., by some freight cars the wagon ran down on the heels of the horse, which started on, leaving the boy alone.

Mr. Wm. Schultz has returned with his bride and has returned with his bride and the two are handsomely located in their beautiful home. Mr. Faulkner has resumed his work at the depot.

Rallis College, Winter Park Notes.

President Fairchild is still in New York. Miss Mythan, the teacher of art is in Boston. Miss Strain, another of the assistants, is at Chattanooga, T. N.

Dr. Barrow is expected to return to Winter Park this week.

Further notice was preached in the Congregational church, Winter Park, last Sunday.

Mr. J. W. Wall, of Tampa, has engaged a room for his son, Charles. It is probable there will be a dedication of eight or ten students for Rallis from Tampa the coming season. From Key West the following are coming: Stephen Lowe, Paul Lowe, Claude Williams, Samuel Vey and Charles Foundly. The prospects for a large number of new students is good.

Hampton Johnson, who graduated from Rollins College last year was welcome guest at Professors By "a few days ago. He called upon several of his Winter Park friends, all of whom were glad to see him. As some of his remarkable career at Vander Wall study and was recently published in the Banner. Though he has been here but one year the position of tutor has been given him in that large institution.

Maj. M. R. Marks, the candidate to succeed himself in the state senate, will doubtless succeed himself, without a revolution, such as is never known in democratic circles. Maj. Marks will carry about every precinct in the county, with a very few exceptions. Winter Park may cast its vote against the Major, but that is no sign that he is not deep in the hearts of the people of this place.

The base ball ground is the popular resort for the boys, both white and colored, nowadays; even our ladies come out and clasp glad hands of joy.

Two of the delegates from Ward Chapel Sunday school brought back prizes from the Sunday School Convention held at Crescent City last week.

The industrial department of our Graded School is a fine thing for our young girls and the patrons of the school are very jubilant over this wise plan brought about by the principal.

The colored people are doing more to become independent than any place in all Florida for its size and inhabitation, buying homes, building houses, buying lands and setting out groves, raising potatoes, peas, corn etc.

Our Graded School for colored pupils will begin Sept. 3rd and will add an industrial department by Oct. 1st, for girls. Prof. S. A. Williams still stands at the head of the school with Miss Lydia Lampkins, of Orlando, as assistants. Winter Park is pleased with the selection of teachers.

The expectation of a large conourse of northern visitors here this season will necessitate an early beginning about making necessary preparations, by way of cleaning up our sidewalks and streets. The town must present an attractive appearance this season. We must keep Winter Park in the front as a winter resort.

A telegram received very late last day states the death of Mrs. W. R. Smith, who has been indisposed some time, Mrs. Smith was the wife of our honored townsman, Mr. W. R. Smith.

She was a beloved Christian lady, a devoted wife and an esteemed neighbor. Her death removes from our midst one of the shining lights of society and a consistent Christian. We sigh with her many friends. We hope for the husband, a dear and brave that he might overcome all sorrows and griefs.

Our churches are moving on to perfection.

Mrs. W. R. Smith was at Coronado Beach when she died.

This will be the liveliest little town in Florida this winter.

Everybody should clean up around their homes and make things look tidy.

Hannibal Square is booming—five business houses regular and six on Saturday nights.
President Fairchild of Rollins College is expected at any time.

Clean around your places and beautify your possessions, is the watchword.

Dr. E. P. Harker, Judge J. B. Mistle, Mr. and Mrs. Rogers went to Orlando on business this morning.

Mr. Chubb looks quite natural behind a counter. He seems to be the right man anywhere you place him.

This is September, you know, and soon we will be visited by a large engineering of pleasure seekers and buyers from a blizzard struck North—

A WEDDING AT ATLANTA

The Knowles Public School will open next Monday, Oct. 1st, with a fair beginning, as we are informed.

Orange growers ought not to think of shipping their fruit yet. Wait until it is ripe enough to bring good prices.

Property owners are beginning to beautify their places and make ready for the hopeful gathering of Northern tourists this winter.

Hon. H. S. Chubb has been away for several days on business. Last week he went to the Heitter Island grove and reports it in good condition.

Rollins College teachers are back and ready to begin the great work before them this term. We are informed that the College will have more boarding students this year than ever.

Mrs. Schultz, we regret to say, is still in a critical condition. It was hoped that she was much better and that she was even on the convalescent list, but recent news from the Schultz home informs us that she is still suffering.

The latest about the assignment of Mr. A. H. Paul is that he has more than $10,000 on his books. It is said that he has on his books all the way from $1,000 to $3,500 against debtors. Mr. Paul has been of great service to the people of this place. We need those who are in his debt will settle with him. We believe they will pay him.

The work of clearing and beautifying our public property and streets has begun, yesterday (Friday) the citizens turned out almost en masse and gave a good day's work on the streets and parks and the work shows up to great advantage. It had been some time since the parks had been worked and the streets were in a deplorable condition, but the work of yesterday marked a grand improvement. A few dinner, consisting of everything desirable was spread at noon and all present enjoyed themselves and ate heartily. This will be repeated again and again until all of the parks and thoroughfares are put in a first-class condition. This work is carried on by the town improvement association.

Rollins College Notes.

Orlando has a considerably larger number of students in college this year than last. The institution has reason to feel proud of this representation both as to the number and the character of the students.

The faculty has resolved to give more attention to English throughout the entire course, the writing of good English being regarded as the highest accomplishment of a scholar. Miss Eva J. Root, M. A., of the faculty, has charge of the English.

The study of electricity has been introduced into the sophomore year of the scientific course, taking the place of the history of France. Professor Baker, Ph. D., author of Baker's Natural Philosophy, has charge of the subject, and is bound to keep almost at the age in this era of discoveries and inventions.

President Fairchild is giving a grand object lesson in education by liberally patronizing his own institution. He made four of his children to Rollins.

Rollins College Notes.

President Fairchild will be here with his family on the 20th inst.

Mr. J. W. Lewis, of Alachua county, expects to send his son.

Miss Helen Hauetsheler, of Warsaw, has engaged a room for the coming year. Rooms have been engaged in the ladies' hall for Miss Edith Robinson and Miss Helen Perry, both of whom have been unable to return.

A general scrubbing has already begun in the college buildings preparatory to the opening on the 2nd of next month.

Miss Mabel D. Kent, of Chuluota, has just arrived in town.

Teachers and old students will be glad to know that the College of Cincinnati, Ohio, will be back to enter the freshman class.

FUNK-SHORES

A WEDDING AT ATLANTA

There are those who must and those who need not. The work of clearing and beautifying our public property and streets has begun, yesterday (Friday) the citizens turned out almost en masse and gave a good day's work on the streets and parks and the work shows up to great advantage.

New March 1873.

* Lydia Pinkham died in 1873!
Miss E. A. Sparrell, who spent the summer at her usual summer-seat—Cottage City, Mass., had left there and gone back to Boston, in which place she is pleasantly located at No. 3 Taylor street.

Mr. Robt. Givens, after a few months stay in a cooler climate, has returned back to Winter Park. He expects to carry on his former business during the orange season. He expects to handle more oranges this season than ever before.

Mr. and Mrs. W. C. Comstack have returned from Chicago, both looking exceedingly well. Their early return from Chicago indicate that we are going to have an early season and that Florida is undoubtedly the best place to be in during a hard winter.

While the recent storm played havoc in certain sections it pleased us to say that no serious damage was done in this place. A few oranges were blown from the trees, but not enough to cause any alarm. It seems that we got only a light part of the storm.

Reports from other sections tell of most damaging effects. Kissimmee, St. Augustine, Jacksonville and the Indian River country got it, and seems, a double sending out notices to republicans to say that no serious damage was done in the city. A few oranges were blown from the trees, but not enough to cause any alarm. It seems that we got only a light part of the storm.

Judge J. R. Mizzell was in Jacksonville this week. The Judge tells us things during the election were very hot. Both sides worked hard and the bitterness was at its highest point.

The Judge does not like the part played by Mr. Dennis Eagan as Chairman of the Republican State executive Committee, in sending out notices to republicans to support certain factions of the democratic party. Mr. Eagan sent out such notices and the name of the office he held in the republican party was a gross wrong.

The Seminole hotel will undergo some renovation soon. Electric light will be put in and around the house. Some painting will also be done, and other repairs will be made. Mr. King, the general manager of the Plant Hotel System, was in town today and spoke very encouragingly of the outlook for an successful season. Mr. Hathaway will be down about the first of December and preparations will at once be made for opening the hotel about the first of January. The electric lights will be quite an addition to the house for this and succeeding winters. Mr. King looked extremely well and seemed full of hope for the future.

Mr.Detwiler, who has occupied the Winter Park hotel for a couple of years has moved out and will occupy one of the Robert White cottages. Mr. Lagrange will soon open this hotel for the season in grand style.

Mr. Robert Givens, the popular orange buyer, is making arrangements for an early beginning of packing and shipping; oranges are beginning to colour and they will nearly all be bright. Good prices are expected.

The presentation of the streets is much improving than they have been for some time. The summer growth of grass and weeds has been cut down and shade trees have been trimmed up—all making a grand improvement in the appearance of the town.

Mr. T. G. Park, an old reliable citizen of Winter Park, was married last Wednesday night at the Baptist Church in Orlando. His many friends wish him a long voyage and a happy sail on the matrimonial seas. The young and happy couple will occupy rooms in the Richmond building at present.

Mr. A. McCollum and wife, who went to St. Louis, Mo., some thirty years since, have returned to Orlando. They were accompanied by Mrs. P. Peekham, mother of Mrs. McCollum. Mrs. Peekham will spend her winters here, herewith, in Orlando. The Advocate bids her a pleasant stay in her new winter home and regrets that she will not be in Winter Park.

Mr. H. S. Chubb, receiver for the Florida Midland railroad, reports that the washings on that road amounted to about one hundred and ninety feet. This has all been repaired and the road is in excellent condition. Mr. Chubb thinks the volume of business will be much larger this winter for the Midland than ever before since its construction.

Rollins College is reported to be in extra fine condition this year—better than ever before. The beginning of the school term is especially gratifying in as much as the attendance is larger than ever at the beginning. Considerable more attention will be given to English, since since it is an acknowledged fact that the best English scholar is the most conversant and better prepared to handle and solve the perplexing questions of the day.

DEATH OF MRS. WILLIAM SCHULTZ.

A Well Known Resident of Winter Park Passed Away.

The death of Mrs. Josephine L. Schultz, wife of Mr. William Schultz, of Winter Park, occurred at the family residence in that place yesterday evening, consignments being the cause of her death.

Mrs. Schultz was forty-four years of age at the time of her death and had been a resident of the Park for several years.

Funeral services were held at Winter Park this afternoon at 1:00 o'clock, conducted by Rev. J. B. Morton, of the Congregational church, at which the remains were brought to Orlando and interred in the cemetery here.

Mr. and Mrs. Schultz moved to Florida from Pennsylvania several years ago, and, purchasing a fine property in Winter Park, made an attractive home there.

Mrs. Schultz, through her knowledge of trains of character, surrounded herself with a large circle of friends in and around Winter Park who will be greatly pained by her death.

Mrs. Wm. Schultz departed this life last Tuesday evening after a long and painful confinement to her bed. She was beautiful and lovely lady before she was stricken down by that terror from which but few ever recover, and she was loved by all who came in contact with her. Her face was never without a pleasant smile upon it and her eyes sparkled with affections for the creatures of God.

Having come here some four years ago from Philadelphia, the entire family have been, ever since, born on the winning side. They made friends with everybody they came in contact with and enemies of none.

The funeral was largely attended, and many friends accompanied the remains to Orlando, where they were entered in the cemetery. The bereaved one with sympathy of this bereavement its hopes that the excellent Christian life led by this good woman, will be followed by others.

Mr. H. B. Plant, President of the Plant System of railroads, was in town yesterday and spent a time overlooking his interest in this place. Mr. Plant is confident that a large number of house seekers, as well as pleasure seekers will be down this winter. The party left about 1:00 o'clock.

There is considerable objection in the air to the erection of the new packing house to be built by Chase & Co., for orange packing purposes. It appears that the spot selected by the company is in the park, and that the house, if built, would greatly spoil the appearance of the park. From the outlook, however, it appears that the company is going to put the house where it thinks best.
ROLLINS' COLLEGE.

Beautifully located on Lake Virginia is this magnificent college with the most beautiful surroundings of any college in the State. Sitting upon a hill, some 225 feet above the level of Lake Virginia with gradual inclines on either side, is the great Knowles' Hall, where many a grand entertainment, made up of the grandest musical talent has often been held to the pleasure of many thousands of music-loving people, and where the mocking-bird-like voice of Miss Kate W. Peck has often been heard on instructive occasions.

Leaving Knowles' Hall and going westward about one hundred yards we come to the ladies dormitory. This building is beautifully located and surrounded with a magnificent growth of shrubbery and shade trees, which will in a few years add a great deal to the beauty of the college grounds.

Nearer Lake Virginia stands the boys' cottage, a magnificent structure of model build.

Here the boys have played many a game on the sharply edged matron and "got by;" and there they have undertaken to play many a sharp trick and were outwitted by their matron.

Lyman Gymnasium sits a few steps to the east of the boys' cottage. There is where the muscles are developed, activity is practiced and the physical man, generally, is made robust and powerful.

The great good this school is destined to do has just begun. Its curriculum is high and when the mind has undergone and perused the text books of this school, the mind is ripe and the man is prepared to meet the frowns of the world.

One of the finest and most complete seminaries it has been our pleasure to listen to in some time was the one delivered by the Hon. E. M. Hammond in the M. E. Church, Orlando, last Sunday night. The subject was: "The Spiritual and Material Man." In his deliverance, Mr. Hammond showed his superior qualities as a gospel preacher. After listening to his eloquent and persuasive remarks for 45 minutes, we felt that the subject was worthy of a complete sermon. It has been our pleasure to hear from this college of some five years our most instructive occasions. The faculty permit the students to go to the pulpit. After a complete sermon it has been our pleasure to hear Miss Lena Mizell, and two others, but you can't do it twice in a season.

The much needed improvements around town are being made, preparatory to the welcome of the great throng of pleasure and home seeking that will visit Winter Park this season. The houses and surroundings are being beautifully adorned. The rear and the front are being made in the streets and around the houses to hew down the grass and level the ground.

The houses and surroundings are being beautifully adorned. The rear and the front are being made in the streets and around the houses to hew down the grass and level the ground. The shade trees, which adorn the most of our streets have been pruned up until they look like so many umbrellas.

The burning of the house occupied by Mr. P. Dale on Mr. Comstock's place last Sunday night must have been the work of some dimid as there was no fire around the place from which the house could have caught. The house was a two-story six-room cottage and was near another of about the same size. It was quite lucky that other houses near by were not affected by the fire of the burning house. Everything was a total loss and we are informed that no one is present to save the household goods.

Several people had mistaken the cottage for Mr. Comstock's handsome and costly residence but this rumor was soon corrected.
Mr. Comstock has just had his palatial home repainted in brilli- 

The packing house of Chase Co. is about completed, and

Winter Park Pointers. 

Dr. and Mrs. J. L. B. Eager entertained 
in royal style at their comfortable home Friday evening last, the Mandalay and Gallier club, which is composed of six young gentlemen of the college. Of course, some of the fair jex were also invited, and the affair was a great social success. Two of the teachers at the college on Wednesday evening entertained the art studio a number of the young people to a fine supper, which was sent up from the Eager house. 

Mrs. J. B. Morton has been the sick list for a week past. 

Mrs. L. A. Atwood has returned home after a number of months spent with friends north, whose home she has just returned. He is attending a military academy. 

Mr. W. G. Comstock has let the contract for the erection of a neat six room cottage for his superintendent, whose home was recently destroyed by fire. 

Miss Delliea's private boarding house has already commenced filling up. Five rooms are said to be engaged. Every one predicts that Winter Park will be full of southerners this winter. 

The Chase packing house west of the South Florida depot is fast nearing completion, and when finished will be a fine large building. 

Mr. F. W. Lyman and family are expected the first of next week. Mr. and Mrs. James Ronan are expected very soon, as well as Mrs. Chasney Denny. 

The Junior Christian Endeavor society meets at the Congregational church every Sunday afternoon. This society is under the supervision of Mr. Albert Bar- 

Mr. George D. Rand is delivering a course of five lectures at Knowles hall at the college on the subject of architecture in the interest of our town library. 

Mr. Moore has removed his country store to the Hamble block. 

Mr. Fitt, our baker, is giving excellent satisfaction and working up a fine trade. The services of the Methodist church are now held in the Robb block. 

Rev. Dr. Eliply and family have returned to Winter Park after a most successful season and have resumed their cottages for the season.
Mr. and Mrs. James Roman have returned to their beautiful "Ince Oaks" home, North Interlachen Ave. This happy couple are locking the first forty years of a good trip to a hard season's work. Dem. Alexes Mrs. Roman will further the cause of the public reading room.

Mr. and Mrs. F. W. Lyman, and other members of the family, returned to their beautiful winter home some two weeks ago. They will soon have their house at the season's best painted in brilliant colors. Mr. Lyman owns one of the most beautiful residences in Winter Park. It is not merely a home costly built, but is elaborately furnished with hospitality.

The 84th Annual Session of the death of little Annie, daughter of Mr. and Mrs. H. F. O. Lyman. The bereaved parents have our heart-felt sympathy in their hours of trouble and grief. But little Annie is not to be mourned over, as she has gone to a beautiful home of rest, where thousands are not. She has gone to heaven. Him who said: "Suffer little children to come unto me, and forbid them not, for such is the kingdom of heaven."
