## GIFT INCREASES ENDOWMENT

### LIBRARY BOARD VETOES IDEA OF COKE MACHINE

In the last meeting of the present regime of Student Council Monday night, President Hal Broda announced that the library board decided not to allow coke or cigarette machines to be placed in the library. The proposal had been brought before Council in a previous meeting and was referred to the board for a final decision.

Student Council also voted to appropriate \$5 each crew race to the Civil Air Patrol to broadcast future races. This will take the place of investing money for a walkie talkie system.

Louis Ingram moved that the By-laws of the Student Association Constitution be amended to raise the Comptroller's salary from \$75 per year to \$150. The motion was tabled until the next Council meeting.

A recommendation from the freshman class asking to pay its class dues from the Student Association Fund was not accepted by Council. However, it was recommended that the freshman class in the future pay its dues to Miss Lyle in the Treasurer's Office.

### Rollins Art Creations Are Currently Shown At Morse Art Gallery

An exhibit of paintings, drawings, sculpture, experimental constructions and mobiles, model homes, and examples of enameling on copper, created by members of the Rollins Family, will be on view at the Morse Gallery of Art from 2-5 p.m. daily, including weekends, for the next four weeks. The exhibit includes the work of faculty, staff, students, trustees and alumni.

Also on display are paintings loaned by the Contemporary Gallery in New York which were selected by Hugh F. McKean, president of Rollins College, and Mrs. McKean to supplement the work being shown.

The exhibition will be in constant rotation, works being changed as new ones are received.

Candid of Mrs. Warren On Rollins Visits

### Mrs. Frances Knowles Warren, Benefactress And Former Trustee, Leaves College Huge Amount In Trust Funds

Rollins College will benefit from trust funds currently valued at \$1,516,314, established by the late Mrs. Frances Knowles Warren of Boston, Mass. and Winter Park, it was announced at Winter Park yesterday. Mrs. Warren was the daughter of Francis B. Knowles, a charter trustee of the famous college.

President Hugh F. McKean said that Mrs. Warren's action would, in effect, double the endowment funds of the college. He pointed out that the trusts will provide funds not only to continue the maintenance and operation of the buildings which Mrs. Warren gave the college but also would add to the scholarship and other funds of the college.

Mrs. Warren, who died in Boston October 25th, had announced at last year's Founders' Week Dinner that, in keeping with her belief that donors should establish endowment for their buildings, she was providing for the perpetual maintenance and care of the Knowles Memorial Chapel, the Administration Building, and the Student Center. At that time Mrs. Warren did not make public the amounts of the trusts involved.

The Diamond Jubilee Program, as announced in 1951, was a \$10 million plan in which the quality of the college was to be emphasized.

### Rare English Edition Of Esquemeling Book Received By Library

Frederick W. Dau, New York, one of the leading collectors of Floridiana, has given the Rollins College Mills Memorial Library a handsomely bound copy of "The History of The Buccaneers" by F. Esquemeling.

The volume is a rare and valuable publication originally written in Dutch and later published in English, Spanish and other languages. The copy presented to Rollins bears the following statement: "London, Printed for Tho. Maltbus in 1684." It is believed that the Rollins volume is the first English edition.

to a point where it would attract the endowment and buildings needed by the college. The year 1960, when the college will celebrate its seventy-fifth anniversary, has been dedicated to stressing the achievements of the institution, and it is hoped by the Diamond Jubilee Commission that the \$10 million necessary for building the college to completion will then be within sight.

Rollins College three years ago underwent a much publicized change of administration. A former President was released because the Trustees were not in sympathy with his predictions that the college could not weather the ensuing years without changing its character. President McKean, on accepting his new assignment, declared that he thought it was possible to preserve the character of the college and balance the books, but that he would not "beg" for funds.

President McKean recently reported to the Board of Trustees that Rollins had balanced its books for the past three years without begging for funds.

"We have been conducting, I suppose, a rather unusual 'campaign' for support. For three years we have been seeking only to make our education more effective and to do so in the traditions of the college. We have selected new students and faculty with care. We have sought new ways of finding a personal education for each student. We adhered to small classes and an interchange of ideas between instructor and student. We have attempted to expand only one aspect of the college, its stature as an educational institution. We do not presume to take credit for funds we have not 'raised'. The college is either solving its own future, or it is blessed with particular good fortune. The Diamond Jubilee year (1960) may be an auspicious one."

Appraisal of the Francis Knowles Warren trust funds from which Rollins will benefit was made by the Boston Safe Deposit and Trust Company and Rufus S. Frost, co-executors of the will.

### HOLY WEEK IS OBSERVED BY ROLLINS FAMILY

The annual Holy Week services have been underway since Monday on the Rollins campus.

Meditations in the Chapel Garden, conducted by the Chapel Staff were held Monday, Tuesday, and Wednesday evenings with Hal Broda, Jim Graaskamp, and Ray McMullin, speakers.

As part of the week's ceremonies, Dean Darrah will conduct Maundy Thursday Communion Services tonight in the Francis Chapel at 7:00 p.m.

Tomorrow at noon Good Friday will be observed in the Knowles Chapel with Dean Darrah delivering the sermon.

Sunday Easter services will begin with a Sunrise Service at 5:55 a.m. on the lakefront at which Prof. F. J. Thompson will be the speaker. Following the Sunrise Service the Chi Omegas will act as hostess for an Easter breakfast at Strong Hall. The regular Easter Morning Meditation will take place in the Chapel at 9:45.

### EXAMINATIONS FOR FIC WORK ARE ANNOUNCED

An announcement of open competitive examinations for entrance positions with the Florida Industrial Commission was made by the State Merit System at Tallahassee last week.

The announcement covers seven classes of positions, including employment interviewers, claims examiners, and field deputies, and with beginning salaries ranging from \$245 to \$305 per month.

Applications must be filed by midnight, April 26, and the written examinations will be conducted on Saturday, May 8. Individuals passing examinations will have their names placed on registers from which appointments to fill positions will be made.

Application forms and information concerning qualifications and nature of the examinations may be obtained from local offices of the Florida State Employment Service or from the office of the Florida Merit System in Tallahassee.

## NEW STUDENT LEADERS ARE CHOSEN

A reasonably good percentage of the Rollins students turned out to vote for their favorite candidates in Student Government and Publications elections on Tuesday. Students who ran the elections were kept busy at the ballot boxes in the center from 8:30 in the morning until 4 p.m., Tuesday afternoon, when the voting closed.

Dan Matthews was elected as the new president of the Rollins Student Council. Dan was last year's vice-president of the Student Council under Hal Broda. He is a member of ODK, and has been active on both the SANDSPUR and the TOMOKAN staffs as a photographer. He also served as chairman of the midway of the recent Rollins Fiesta. Dan is a member of the Sigma Nu fraternity.

The Vice-President for council will be Bill Karslake who ran un-

opposed for this position. Bill, a Delta Chi, is a member of the varsity crew, Community Service, and was chairman of the Social Rules Committee.

Cindy Wellenkamp was victorious over Joy Woods in the race for Secretary of the Student Council. Cindy was secretary for the French Club and is treasurer of the Phi Mu sorority. She is also known for her work in the dramatic field at Rollins.

In the Publications Union elections, Chuck Lambeth defeated Sue Dunn for the editorship of the SANDSPUR. At the present, Chuck is the sports editor of the SANDSPUR, and also is Delta Chi's new vice-president. He also served as president of the Florida Intercollegiate Press Association

this year. Assisting Chuck as business manager for SANDSPUR will be Jim Robinson who was the only candidate for the position. Jim, who is Sigma Nu's vice-president, was business manager of his high school annual. At Rollins he is an Inter-Fraternity Council representative and is on the varsity crew. The job of advertising commissioner for the SANDSPUR was won by Diane Herblin. A Chi Omega at Rollins, she is a member of Chapel Staff and Phi Beta, and has done advertising for the local newspapers and the Fiesta booklet.

Sis Atlass, this year's assistant TOMOKAN editor, will take over the yearbook editorship for 1954-

55. She is now Gamma Phi's new president as well as a Student Council representative. Sis was also a member of the Florida Intercollegiate Press Association and the Florida Intercollegiate Student Government Association.

Ross Fleishmann won the race for TOMOKAN business manager over Skip Voelkel. Ross is a transfer from St. Mary's College, Minnesota, where he was editor of the newspaper and associate editor of the yearbook. Ross worked on the TOMOKAN staff and SANDSPUR staff this year. He is a member of the Sigma Nu fraternity.

Jim Graaskamp will succeed Ethel Deikman as editor of the FLAMINGO. He worked with layout as well as contributing several articles to the magazine. Jim is also a feature writer for SAND-

SPUR and is a member of Chapel Staff.

Jo Cayll and Winkie Colado were unopposed in the R-Book elections as co-editors candidates. Both girls are freshmen and work on the SANDSPUR and TOMOKAN staffs.

An anonymous committee assisted past Council president Hal Broda in tabulating the elections which was a climax of a colorful campaign week.

All candidates in the elections are asked to take down their campaign signs from around the campus.

The new officers will be installed next Monday night at the regular Student Council meeting.

The newly elected SANDSPUR staff will take over for next week's edition.

## PICTURES ANYONE?

It is with deep regret that the SANDSPUR announces the departure of Lyman Huntington from Rollins' campus. In the two years Mr. Huntington has worked for the college, he has been of invaluable help to the members of the student publications. He has taught us, inspired us, and helped us build the SANDSPUR and TOMOKAN to their positions of national prominence. He has never refused to help students with problems in publications no matter how much time, effort, or money it cost him. We will miss him very much.

But Mr. Huntington's leaving also effects the students in another way. Because of the library policy concerning students in the library darkroom, the SANDSPUR and TOMOKAN photographers will have to vacate the premises the same day Mr. Huntington leaves.

They are expected to move the publications union's mass of equipment into a darkroom, which, while it is already crowded with other student photographers learning the trade, is totally inadequate for producing the quantity of pictures at the desired quality. It means that one publication or another is going to deteriorate in quality.

It seems strange that the administration after having approved of photographic expansion now because of library policy has to stop it. It also seems strange that Rollins' publications which have battled long and hard for their present national ranking, will now be forced to lose that ranking because they cannot continue the high standards of excellence required by national ranking services.

But who ever heard of a newspaper with pictures anyway?

## PUBLICATIONS UNION

In a recent decision, the Appeal Board of the Publications Union ruled that the common law rules governing the budget system of trial editions were not valid because they had never been added to the Publications Union's Constitution.

As it is vitally necessary that strict budget rules be set up for trial editions, the SANDSPUR would like to propose that the Publications Union accept the following as an amendment to the Constitution.

1) That trial editions be governed by the following budget rules. The cost of a trial edition is to be composed of the weekly, eight-page printing bill, plus thirty dollars for engravings, plus ten dollars for other expenses.

2) That trial editors are in control of every phase of their individual trial editions and that they are responsible for all expenses.

3) That any trial editor who exceeds the budget on a trial edition will be disqualified from the Student Association elections of that year.

Because the faculty has the power to reverse any decision of the Publications Union, an agreement as to the use of these powers must be reached and incorporated in the minutes of the Publications Union.

## The Chapel Tower

T. S. Darrah

Life should be a lot more fun than it is. We can't escape a private low mood now and then; that is to be expected. But our life together — as a college community — should be a happy life. It is at its best when we are all serving the college and it begins to disintegrate as soon as any one of us plays Rooster.

Said a Rooster, "I'd have you all know I am nearly the whole of the show; Why, the Sun every morn Gets up with the dawn For the purpose of hearing me crow!"

Darrah

## In the Future, No Pictures?

## World News In Brief

The biggest question in Europe and Asia is whether or not the U. S. is frightening its allies more than it is Soviet Russia.

Recent H-bomb tests have stirred up new waves of opposition to American policy in London, Paris, Tokyo and New Delhi. In many people's minds, the United States is now more of a menace than is Russia. The Dulles speech, which set forth a tough policy in regards to Indo-China, has made the politicians in Paris extremely nervous.

The leadership of the U. S. is under fire once again from the capitals of the world.

There is a fear — and it is a familiar one — that the so-called "grand alliance" will disappear on the eve of the forthcoming conference with Russia and Red China.

Furthermore, Britain and France think that the U. S. is making too much noise at the present time, especially when countries are dreaming of peace rather than war.

## AND WE HAVE TROUBLES?

Fayetteville, Ark.-(I.P.)-With a grand total of 650 parking places provided for students and faculty on the University of Arkansas campus, records recently tabulated by the University Traffic Office from school registration forms show 1,759 cars in operation by students, faculty and staff this year.

The number of cars has increased 780 over the spring semester of 1953. This, in effect, means one car for each 2.2

students currently enrolled here. With the addition of the total number of University faculty and staff the ratio would be one car for each 2.5 of the students, faculty and staff. The university staff increased from 432 registrations in 1952-53 to 653. Student drivers showed a much larger increase as they more than doubled last year's number of registrations, 1,107 to 547.

## Letters to the Editor

Dear Sir,

Every year at election time, the cry of "dirty politics" runs throughout the student body. No election could be run without some kind of "dirty politics." This year I believe that the so-called student elections have reached a new low. This was the first time in three years that I have been at Rollins that members, or a member, of the Rollins faculty have taken an active part and have acted as "campaign manger" to some of the candidates, telling them what to do, what to say and whom to see.

Perhaps the above mentioned member or members of the faculty believes that if his can-

didate is elected, he could get what he wants printed on the front page of the SANDSPUR, and his ideas brought up in Student Council, not as his ideas but as the ideas of a student.

This is to me a complete contradiction of the basic beliefs which underlie the student government at Rollins.

I do hope that next year the student elections will return to the hands of the students and will not be just a toy in the hands of some of the members of the faculty to be manipulated to serve their own ideas.

Sincerely,

Sidney Katz

by Louis Ingram

Last Sunday the young ladies of Cloverleaf threw open the doors, instead of the fire escapes, to the campus; and presented a gala open house. The party featured the music of the Four Delts and the singing trio—The Three Frogs, who croaked to the delight of all the guests. The place looked so much different with the lights on! A special recording of the festivities was made by Jim Cook and your columnist, and aired on WPRK yesterday evening. All in all the party was a resounding success.

Goodbye, Lyman Huntington. This week brings to a close the era of photography by Huntington at Rollins. With his announced departure came the news that the students had been asked to vacate the darkroom in the Library. This room has been used for the preparation of photos to be used by the Tomokan and the Sandspur. The only other darkroom facilities are in the basement of Carnegie Hall. This room has been devoted to the use of campus camera fans. Neither room is large enough to house both the publications and the collegiate photographers. Will the students who have turned to cameras as a hobby be forced to give up their pastime, or will the publications have to go pictureless? Both darkrooms are needed.

Keep your ear on WPRK — the Special Features Department is soon opening a new show — "Almanac" devoted to People, Places and Things. The program will present a new and different feature each broadcast. Cypress Gardens, Marineland, and a ride on the train with the engineer are just a few of the anticipated highlights.

Speaking of the Rollins radio station, listeners will have observed by this time the new look (or should we say "sound") on the 91.5 band. Programs are aimed especially to appeal to both the town and school audience. Student interest has been quickly generated, and the future should hold bright prospects for the "voice of Rollins College."

Among the programs are several covering campus events. Last Monday, WPRK presented a special three-quarter hour feature on the campus elections, "Meet the Candidates" brought the political issues into dramatic focus in an interesting audience participation interview.

The X-Club was entertained, en masse, at President McKean's home Wednesday evening. Prexy remarked that he had never seen so much food consumed, as a "tumultuous" time was had by all.

Who is the pyromaniac who found it necessary to incinerate two posters in front of the Center? There is no excuse for this kind of action.

With the new hope that Easter brings, let us all face the road ahead with a reaffirmed faith.

# HONOR ROLL FOR WINTER TERM IS ANNOUNCED

Students on the Honor Roll for the Winter Term have been announced by Dorothy I. Koehler, Registrar. They are as follows:

- Dewey Anderson
- Franklin R. Banks
- Roger J. Bentley
- Barbara Berno
- Gerald Bilensky
- Suzanne E. Cameron
- Mary Ellen Corbett
- Charlotte Colby Danly
- Virginia M. Darwin
- Steve Demopoulos
- Faith Emeny
- Ronald Fishbaugh
- Gene Foster
- James A. Graaskamp
- Edward R. Hotaling
- Jane Hunsicker
- Rayna P. Kasover
- Sidney Katz
- Kathleen Klein
- Shirley Anne Leech
- Iris Mabie
- Edwina Martin
- Mary Susan Mauk
- Shirley Ann Miller
- Joseph Mulson
- Philip Murray
- Orville Myrabo
- John Opdyke
- Jean Clark Pennington
- John D. Phillips
- Jack Powell
- Janet L. Reas
- John H. Rhodes, Jr.
- Roxanna I. Robertson
- Edward W. Scheer, Jr.
- Peggy Sias
- Katherine A. Siegler
- Jane L. Smith
- Ralph W. Tomlin
- Richard T. Voelkel, Jr.
- Charles M. Weisman

## George Saute Wins Hamilton Holt Medal In Reeves Contest

In oral competition for the General Charles McCormick Reeves Essay Contest held on Tuesday, April 6, in the Annie Russell Theatre, George D. Saute was chosen over five other contestants to receive the Hamilton Holt Gold Medal.

The six winners were to present their winning essays in a ten-minute oral speech. George's subject was The Modern American Prison System. Winners of the essay contest were Daniel Haight, Jim Graaskamp, Sam Barley, Ray McMullin, and John Wilson.

George, a senior, worked as Sandspur Advertising Manager the past year. He is on the staff of WPRK and is in Who's Who in American Colleges and Universities.

George did work with the National Forensic League in high school. He emerged from two years of competition with ten wins and no defeats. He was also awarded a scholarship to the National High School Institute of Speech at Northwestern University, where he studied debate and discussion techniques.

## Scholarship Donated By President McKean

President Hugh McKean has donated the proceeds from his introduction to Art courses for a scholarship to an outstanding art student in Orlando. Proceeds from the course, which is part of the Rollins College Courses for the Community program, amounted to \$250.

The scholarship will be offered for the academic year of 1954-55 and the applicant must be approved by the Art Department.

## REHERSAL FOR 'YOUNG AND FAIR' IS UNDERWAY

The fifth production in The Rollins Players' subscription series in The Annie Russell Theatre will be "The Young and Fair" by N. Richard Nash, to be presented April 27 through May 1.

The play, a serious study of life in a female Junior College, includes in its cast twenty-one women of various ages and types.

The cast has been chosen from the outstanding actresses on the Rollins campus. Playing the principal roles are: Arden Roth, Mary Enck, Patricia Greene, Sonia Dorwitt, Jane Frankenberg, Virginia Nelson and Elizabeth Otis. In lesser roles are Mary Jane Boyle, Frances Henry, Jane Kilbourne, Jane Foy, Ann Neff, Patricia Roberts, Jackie Kevorkian, Ann Bowers, Bobbie Spencer, Roxanna Robertson, Delle Davies, Marilyn Leighty, Joan Morgan and Alison Dessau.

On its production in New York several years ago, The Times' review said: "A very mettlesome piece of work, fresh in spirit and clean in outline." From the New York Post: "... a tense and lively melodrama... fun to watch." And the World-Telegram said: "It peruses and defines some universal principles in a tightly spun drama. ... There is power and provocative good sense in this play."

The play is directed by Howard Bailey. The setting and lighting are by Richard Verigan. Miriam Nicholson is stage manager and Bobbie Spencer and Marilyn Leighty, assistant stage managers. The properties are in charge of Alison Dessau, assisted by Ann Neff.

Student tickets will be available at the box office from 2 to 5 p.m. each day, one week in advance of opening of production, by presentation of Student Association cards.

## What! Eight Lipsticks!

The boys were given a chance to see how the other half lives when the girls in Cloverleaf literally opened their house to the campus last Sunday night. The Four Delts provided music for the guests.

## Jefferson Birthday Is Commemorated By Library Exhibit

A Thomas Jefferson exhibition is on display at Mills Memorial Library this month commemorating the anniversary of his birth, April 13.

Materials shown are gifts to the Library from I. T. Frary, one of the leading authorities on Jefferson, and the author of books and articles about the man as an architect.

Frary came to Winter Park from Cleveland, Ohio, where he served for many years as a member of the public relations staff of the Cleveland Museum of Art. He is at present a trustee of the Central Florida Cultural Center.

In addition to Jefferson's own writings and books about him, the exhibit contains portraits, architectural drawings, documents and pictures of the era.

This exhibit will be on display throughout April and may be seen by the public during regular library hours.

## WAVES OFFER JUNIOR PROGRAM

The door is now open for college juniors as well as college graduates to enter a stimulating, well-paying profession. A new Wave Officer training program will be conducted at Newport, R. I. commencing in June. Applications for this class must be submitted prior to May 10.

Selected college graduates will undergo eight weeks of basic training and indoctrination. Upon the successful completion of this training period, those selected will be commissioned ensign, USNR and will then enter the officer training course.

College juniors will take the basic training course at the end of their junior year, but will not be commissioned or go into advanced training until after graduation.

For further information write to Lt. Helen Horne, Wave Procurement Officer, Post Office Building, Macon, Georgia.

## Club Elects Officers

At a recent meeting of the Rollins Canterbury Club new officers were elected for the year. They are as follows: president, Steve Demopoulos; secretary, Marge Allman; program chairman, Ann Todd; and social chairman, Evaline Fishman.

# Colleges Throughout The Country Are In The News

(ACP)—A Dartmouth student picked up \$30 on a bet recently. All he had to do was slip a goldfish or two into his highball glass and gulp them down.

## In A Pig's Eye ...

(ACP)—Students at the University of Rhode Island were touched when they spotted a little piggy bank resting in front of the cash register at the student canteen.

In front of the bank was a sign saying, "Save your Piggery! Donate to the Piggery Reclamation Fund!" Though there is no such fund — at least not at the University of Rhode Island — students contributed \$2.

## Peeved, Anyone?

(ACP)—At the University of Toledo, Ohio, the Campus Collegian's inquiring reporter sought students' and faculty members' pet peeves. Here are some of the results:

"Teachers fail to realize that they have been teaching the same subject for a number of years," says one student. "They think we should know as much as they do

in a much shorter time."

"For the most part," complains an English professor, "it is the lack of curiosity which I object to. Students are not interested in learning just for the sake of knowing something. Everything must have a practical application."

Another professor terms "laziness" his pet peeve. "College students are the only people in the world," he says, "who pay for something and then do their best to cheat themselves out of it."

## No Fights For The Girls ...

(ACP)—A time-honored spring tradition bit dry dust at the University of Washington recently when sororities officially outlawed water fighting.

The sororities are to be governed by a Panhellenic ruling that says, "Any sorority participating in, or encouraging in any way, water fights ... is subject to a minimum penalty of \$1 to \$5 a member and a maximum penalty of \$1 a member and social probation for one quarter."

## Local Freshman Dorm Has Had Varied Occupants During Its 96 Years History

By SHIRLEY LEECH

Pinehurst Dormitory has led an interesting life since it was first built in 1885-86. The second building on our campus, it was opened a week after the formal dedication of Knowles Hall on March 9, 1886.

At the dedication of Knowles Hall, Fredrick W. Lyman read a note from F. B. Knowles saying that if enough money were raised then and there to furnish the women's cottage, he would build a dining hall and kitchen. \$2,040 was raised in fifteen minutes to furnish the 34 rooms of Pinehurst.

A week later, the girls from Ward House Dormitory, which was rented to the school by the Reverend Ward, moved into the dormitory. Two downstairs rooms were used for a kitchen and dining room. A "lean-to" was later constructed for a kitchen. It was subsequently used for the Library and then as a Chemistry Laboratory. In 1904 the third floor was plastered and used as an Infirmary.

Through the years Pinehurst has been used as a Boy's Dormitory, Conservatory of Music, the home of President Ward, and as an Administration Building, in ad-

dition to the above.

In 1910 Knowles Hall was completely destroyed by fire, and while angry flames threatened Pinehurst terrified students could be seen throwing trunks out of third-story windows. The north side of the house was badly scorched and had to be removed. A solid side was added and that is why there are six pane windows on that side of the house.

Only in the past four years has Pinehurst been converted back to a Girls' Dormitory.

### SORORITY NEWS

The F.T.A. convention at Miami included students, Ronnie Butler, Cynthia Wellenkamp, Sandy Hose, Kathy Siegler, Winnie Stecher and Everal Rainwater. In true Rollins style, they all took advantage of the sun and Miami night-life.

Phi Mu's had a beer party at "the Spot" at Titusville Saturday night. Strangely enough some dates never found the party. Joy Herbert and Lorin Coppock, Alison Dessau and Chuck Hartman, Ellen McPhee and Bob Whitelaw, Carol Beardsley and Don Finnigan were among the beach goers.

Has Barbie Berne developed a special liking for water???

At the Rollins ultra-modern beach house, the Chi O's enjoyed the sand, sun, and surf of a Pelican weekend. On the beach were Alice Kuhn and George Longshore, Marge Emmert and John Allmand, Silvia Graves and Phil Schmitt, Bobbie Spencer and Don Anderson, and Diane Herblin and John Sefton.

The Chi O's and Gamma Phi's welcomed back Mrs. Fitz after her long seige at the hospital. Thanks go to Mrs. Ferguson for helping out in her absence.

### FRATERNITY NEWS

It seems the beer parties were really going this past weekend. Sigma Nu's flocked out to Starbuck after "Help Week ... Bud Bilinsky nearly burned up when he got the gas instead of the fire! Ra Moody was sent on a mysterious mission to Gainesville and came back with a shaved head.

Delta Chi's "Subtle Six" have been heard making loud splashes every night down at the lakefront???. Also had a party at Delta Chi Springs where Stretch Bartel was given the swimmers award!!

The K.A.'s party at Suydam's home in New Smyrna included Jim Davis and Jane Smith, Skillman Suydam and Trinket Smith who had a hard time baking the lobsters.

The X Clubs enjoyed President McKean's hospitality Monday night with swimming and a delicious dinner.

#### Weddings:

Louise Clark, Gamma Phi and Tom Holden, Sigma Nu April 18th. Leesburg, Va. Jean Clough — May 1st, Pleasantville, N. Y.

## New Class in Social Dance Creates Much Controversy

By BILL FATHAUER

The seminar periods each Wednesday morning provide a wonderful opportunity to sneak an extra hour of luxurious sleep. This ritual we all appreciate—it's an institution. But recently the residents of Lakeside Hall have been complaining that this mid-week luxury has been greatly disrupted. Strange sounds (similar to party noises) have been coming from Rec Hall. To quote a Lakeside man:

"It's like clockwork. At 8:30 every Wednesday morning it begins—music, laughter, dancing I'm cracking up!"

Since By-Law 17, Amendment B, listed in the "R" Book under, SLEEPING, WEDNESDAY MORNING, LATE was obviously being violated, this office immediately ordered an investigation. Here is the official report:

WEDNESDAY, APRIL 7, 1954. 8:30 A. M.

Arrived at Rec Hall and peered inside. It was a strange sight to behold. There, facing each other from opposite sides of the room stood approximately one-hundred

students watching a very attractive young woman go through a series of strange movements. It looked like she was dancing with out a partner. Then each of the hundred mimicked her. (She obviously was the boss)

Then it happened!!! The boss put on a record, the two lines charged one another, paired off and began dancing. There it was, the whole case, airtight! Now to make the "pinch."

The dancers were notified it was a raid, but they really had an airtight alibi. They said it was a dance class. They were learning the Rhumba, Samba, Fox Trot, Lindy and Waltz. They were learning dance floor etiquette and a couple of new steps. Their class ranged from those who could not dance at all to very good dancers brushing up on the correct way to dance. There went my case out the window. When this report was submitted to the office, all was well in Lakeside and Rec Hall. The complainants had enrolled in the course.

Watch for bigger and better crowds at college dances.

## LIBRA AND ODK CHOSE STUDENTS ON POINT BASIS

By ALISON DESSAU

If you've ever seen a small group of girls "traipsing" around the campus late at night dressed all in white it's fairly safe to presume that the group is Libra—out tapping.

The Order of Libra is a local honorary society for the Rollins women. It is similar to the national Mortar Board organization. Girls are selected on the basis of outstanding leadership on campus, broad interests, extra-curricular activities, balanced living, and high scholarship. The tapping comes twice a year, usually at the beginning of Winter Term and near the end of Spring Term.

The organization was introduced onto the campus in 1935 and is composed of upper-division women. At this time there are nine collegiate members and four associate members. Acting in advisory status the associate members, two of which are on the faculty and two from the staff, attend all meetings and take an active part in all functions. At present Libra has applied for membership with the national Mortar Board.

This year Jerry Falkner is president of the society. Although Libra does not actively participate in collegiate affairs as a group, their aim is to promote scholarship, and one way in which they do this is by proctoring study halls. Their efforts also go toward attaining a higher degree of leadership and spirit in the Rollins Community.

Synonymous with Libra is Omicron Delta Kappa, ODK, the national honorary service fraternity for men. Again leadership, scholarship, and service are the qualities which are found in a member of this group. In order to be eligible for the honor, participation in five categories is required: government, athletics, drama, religion, and high scholarship.

Like Libra, membership is only open to upper-division men.

ODK was installed at Rollins in 1931. President of the group at this time is Ray McMullin. Also active are faculty members who have been invited on the basis of their merit. Along with the students they participate fully in anything the group might do.

In its activities the ODK works with Libra in promoting higher scholarship by proctoring study halls. They also meet and talk with the trustees, and entertain visitors that come to the school. As a worthwhile and influential group, they organize the activities and take some of the responsibility for furthering the success of Rollins.

Both the Order of Libra and Omicron Delta Kappa are the only two non-political organizations on campus. Their aims are interlocked. Through these two groups recognition is given to the outstanding students and staff or faculty members.

## Tar Golfers Drop Stetson For Second 1954 Victory

The Tar golf squad rolled to its second victory of the 1954 season at Sanford April 8 as they defeated the Stetson Hatters 13½ to 4½.

Marlene Stewart, and Stu Ledbetter of the Tars took medal honors along with George Herndon of Stetson as they hit 75's over the Matfair Inn Golf and Country Club course. The match was played in Sanford at the request of the Hatters while the original match was set for DeLand.

In the other matches of the day: Herndon defeated Bill Boggess, 2-1.

Ledbetter over Vass (Stetson), 3-0.

Ed Dinga over Bryan (Stetson), 3-0.

Marlene Stewart over Howard, 2½-½.

The next Tar match is scheduled for April 24 when they will take on the powerful University of Florida aggregation at Gainesville. This is the first match of the road trip which will then continue on to Tallahassee to meet the Florida State squad. From there the golfers will move up to Athens, Georgia, for the Southern Intercollegiate Championship Tournament on April 29.

The final match of the year is scheduled against this same Stetson group on May 8 over the Dubedread Country Club course.

The Stetson match was the second meet in a row at which Tar Marlene Stewart has walked off with medalist honors. Marlene also has the distinction of being one of the few girls ever to play as a member of a mens' varsity squad in golf or any other sport.

## Remsberg Is Chosen Most Valuable Player In All-Star Ranking

The 1954 intramural All-Star basketball squad has been selected by the Men's Intramural Board. The board has also chosen Bruce Remsberg, captain of the champion X Club squad, as the Outstanding Player of the 1954 season.

The players chosen are as follows:

Name	Team
Bruce Remsberg	X Club
Ed Dinga	X Club
Jerry Gunnerson	Lambda Chi
Dick Quillan	Kappa Alpha
Bill Carey	X Club

These men were chosen by nomination of an all-opponent team by each of the competing social groups.

All five of the men selected were among the Big Ten high scorers of the 1954 season, with Jerry Gunnerson and Ed Dinga in a close race for the scoring honors.

## GAMMA PHIS EDGE PI PHIS IN HORSESHOW

The girls intramural horsemanship was Sunday, April 11, and Gamma Phi Beta totalled 26 points to win by a margin of one point over the Pi Phis.

Mrs. Robinson, the distinguished equitation judge from Tampa, officiated for the show. Carmen Lampa awarded the ribbons and Mr. Peter Asher was ringmaster and announcer.

The beginners class, divided into two groups, was first to enter the ring. Pat Green, took the blue ribbon while Liz Otis, Gege Jackson, and Wanda Hogue placed respectively for second, third, and fourth place ribbons. In the second group Nancy Siebens took first place and was followed by Barbie Moynahan, Evie Fishman and Chicky Robertson.

In the two intermediate classes Gail Donaldson and Pat Barlowe rode off with the winning ribbons. Following them in second place was Bebe Ross and Liz Hudgins. Darlene Dicks and Mary Martin took the yellow ribbons while Alice Coppeck and Nancy Stewart came up with the white ones.

The advanced class showed off first prize winners Sandy Taylor, Cindy Wellenkamp and Sue Cameron with seconds, Sue Roth and Betty Brook in third place, while Daisy Helbig and Pat McCamey, got fourth place ribbons.

The fourth big event of the afternoon was the cup class in which five girls competed for a cup from Mrs. Wheeler's private collection. The riding was excellent and competing against Sandy Taylor who took the prize were Cindy Wellenkamp, Sue Cameron, Pat McCamey and Daisy Helbig.

Excellent horsemanship followed as the girls showed their skill in the Jumping, Bareback, and Side-saddle Classes.

Winning in the first of these was Betty Brook followed by Barb Berno, Pat McCamey, and Nancy Siebens. Sue Roth took the blue ribbon in the seldomly seen sidesaddle class while Gloria Stendel, Jackie Kevorkian, and Bobbie Spenser took the rest of the prizes. Bareback brought in first place winners Atlans and Taylor. Ross and McCamey, Roberts and Kevorkian, and Dicks and Chancellor respectively took the other ribbons.

In the final point rating for the horse show Gamma Phi scored 26, Phi Pi 25, Theta 21, Kappa 18, Indies 10, Chi O 5, and Phi Mu 5.

## Garcia And Millet At The Net

## MIAMI NETTERS DOWN TARS 5-4 TO CONTINUE TWO-YEAR STREAK

The Miami Hurricanes continued their two-year domination over the Tar tennis squad last Friday as they squeezed to a 5-4 victory on the Rollins courts.

The score was tied up going into the final doubles match, but Bo Andersson and Larry Schaefer of Miami pulled out the last two sets to drop Tars Alberto Danel and Chuck Warden, 1-6, 6-0, 6-3, to take the victory.

The Tars and the 'Canes split the singles matches of the afternoon with Alfredo Millet defeating Al Harum of Miami, 6-2, 2-6, 6-3 in the number one singles

match. Other Tar singles wins included Danel over Andersson, the Miami's Swedish star, by scores of 8-6, 6-3; and Chuck Warden outlasting Jerry Slobin, 6-0, 2-6, 6-1.

In another doubles match Millet and Memo Garcia topped Johann Kupferberger and Reynaldo Garrido in straight sets 6-1, 6-2.

Other results of the afternoon's matches showed: Garrido over George Longshore, 7-5, 6-1; Kupferberger over Ed Scheer in straight sets, 6-1, 6-1; and Schaefer over Memo Garcia, 6-1, 6-1.

## The Scoreboard

By CHUCK LAMBETH

Suggested improvements in the Rollins intramural program have ranged from the now infamous game of Kick-The-Five-Gallon-Can thru intramural soccer to a rejected proposal about intercollegiate touch football.

None of these ideas have interested many people so the next step is to improve the conditions under which intramurals are now run off.

The Sandspur under various Sports Editorships has used a list of standard gripes to fit editorial columns. Perhaps a list of these age-old ideas would serve as an inspiration to the social groups, the Intramural Board and maybe even the Director of Buildings and Grounds.

Since the figurative end of time, the following gripes have been prevalent:

1) Intramural Referees—Should they be paid, by whom, and if not who will guarantee that the refs

will know what they are making decisions upon.

2) Rec Hall—How about better lighting and safety facilities; and keeping rubber-shoed dance classes off the court.

3) Softball—In umpiring Monday I was struck by the fact that the pitcher hurls from a deep hole into a plate which is set in a deeper hole.

4) "Sandspur" Bowl—An appropriation is needed to take the sandspurs out of the Sandspur Bowl and allow football players to arise from the field of battle without small spikes in various parts of their anatomy.

5) Intramural Board—May they remember that they can function on other problems than the occasional enforcement of intramural schedules.

Rather than griping about those sports which we have not, let's improve those which we have.

# CHIP SHOTS

BY ALLEE CHATHAM

Looking back over four years of intramural sports, I've tried to think of some of the most thrilling moments and some of the girls who have made outstanding contributions to the intramural program.

It's almost impossible to name all of the exciting events because every game that's well-played is a thrill within itself.

Sometimes it's the playoff games that bring the thrills, but there can be some awfully exciting moments any time two teams meet for competition, regardless of their position in the race.

When looking at individual efforts, the task becomes a little easier, for any number of outstanding cases can be cited. On the basketball court, such stars as Marie Norris, Dorie Jensen, Ginny Apgar, and lately, Carol Farquharson have left their records for the girls to shoot at.

## TARS TOP BROWN BY 3 LENGTHS

The Rollins Tar crew pulled away from the Brown University shell last Thursday afternoon to take the race by a three-length margin.

In the opener of the day the Brown jayvee eight topped the Tar jayvees by two-tenths of a second with respective times of 5:22.5 and 5:22.7. A last minute surge by the Tar eight was not quite enough to close the gap.

In the varsity contest over the nine-tenths of a mile short course on Lake Maitland the times were even slower than those of the jayvee race as a late afternoon wind chopped at the water and held back both shells. The Rollins time for this race was 5:29.4, while the Brown aggregation, rowing in its first 1954 race, crossed the finish line in 5:42.0.

This race left the Tar varsity with a 2-4 won-lost record for the 1954 schedule. The next race is scheduled for April 17 against American International College at Lake Maitland.

Two of the best tennis players here in recent years, Elaine Le-wicki and Dorie Jensen, both Alpha Pbis, won the intramural championship and then later battled stroke for stroke for the Florida State title.

Big Bobbie Doerr, queen of the waterfront, virtually ruled the waves when the swimming meet came around. The reign ended when freshman Kay Dunlap took her place and beat her in every event they raced. But lest anyone should have the meet sewn-up, as the saying goes, along came Betty Brook, who swam so beautifully and had so much of that "ole try" that even opposing teams cheered her from the sidelines.

The National Intercollegiate Golf Crown came to Rollins when Betty "Pinhead" Rowland clipped 4 strokes off par and beat Grace Lencz former National Amateur titles and at the time the top U.S. amateur.

And Harriet "Sister" Atlase hasn't done such a bad job of riding, as can be verified by her perfect record in the horseshows for the past three years.

These are only a few of the girls who have made the competition something to remember. There have been others who were outstanding, but of course, the final "hats off" department goes to those girls who always go out for the teams regardless of their ability, and compete for the sake of fielding a team. They are the ones who deserve the tribute, for if it were not for them, the fine intramural setup we have here at Rollins could not continue.

What would we have done if there had been a tie at the horseshow? Could we have possibly saddled the judge and ridden her around the ring?

## Dave Smith Hits Third In Miami Game

## Butler and Cary Lead Rollins To Twin Victories Over Hurricanes

By DICK HALDEMAN

Connie Mack Butler smashed two clutch homeruns Friday and Bill Carey hurled four-hit ball Saturday as the Rollins Tars swept a weekend series from the Miami Hurricanes, 8-7 and 6-1, at Harper-Shepherd field and stretched their winning streak to seven in a row.

The wins gave Rollins a 10-3 season's record and made the Tars 4-0 in their bid to retain the state baseball crown.

Miami freshman Chuck Swenson shut out the Tars for five innings in the first game while the Hurricanes spotted him a five run lead against Rollins starter Don Tauscher. Miami leftfielder Frank Vicendese homered in the fifth frame with a mate aboard to spark the Miami scoring.

Bob Leader came on in the sixth frame for Rollins to strike out the side, but was lifted in favor of pinch hitter Jim Doran in the bottom of the frame when Rollins rallied for three runs to get rid of Swenson. Doran's two-run single was the inning's big blow.

The Hurricanes came back with two more runs in their half of the seventh off Frank Hutsell and Carey to make it 7-3, but the Tars pulled to within a run in their half. Butler followed Fred Talbot's leadoff single with his first home run and a walk, error and Delton Helms' single produced another tally.

## Independent Men Take Victory Over KA By 10 to 3 Count Monday Afternoon

By KEN MEISER

Last Monday the Independent Men walked over the KA's 10 to 3 in the Sandspur Bowl. Stu Ledbetter the Indies slow spin chucker pitched a two hitter and was greatly helped by the fine hitting and fielding of John DeCarville, Harvey Weisenburg, and Dave Henry.

The Indies started off fast in the first inning scoring three runs thanks in part to KA's pitcher Bob Brown who walked four.

In the second the Independent men picked up two more runs on "Crusher" DeCarville's double to center field.

In the fourth The "Crusher" and Harvey Weisenburg wielded the big Indie bats to drive in four more runs. Ledbetter at the end of the fifth had a one hitter going. The Indies picked up one more run in the sixth to make the score 10-0.

Dick Quillan scored the KA's first run in the sixth on Ledbetter's error.

In the last of the seventh the KA's came up with two runs on two walks, a fielder's choice and a hit by Griggs. But it wasn't enough. Final score stood Indies 10, KA's 3.

Butler Carey

Henry Menendez came in to pitch for Rollins in the eighth and held Miami hitless the remainder of the way. Art Brophy walked to open the Rollins eighth and after Talbot flied out, Butler lashed his game winning drive on a line over the left-center field wall.

The Saturday game was Carey's show, as only Vincendese's second homer of the series marred his performance. The veteran left-hander sent eleven Hurricanes down swinging.

## SIGMA NUS SET "HELP WEEK" AT STARBUCK SPRINGS

All thirty-six actives and pledges of the Sigma Nu Fraternity put in a hard weekend's work fixing up Starbuck Springs for their annual Help Week project.

The object of the Help Week is to perform some service for the community. Since many college groups as well as Boy Scout, Girl Scout and other civic organizations in the vicinity use the Springs for recreational activities, the Sigma Nus offered to make some new improvements on the property.

One of the first big jobs was to cut back foliage along the road leading to Starbuck and to level it out. For those who might be interested in canoeing down the little Wakiva River, the boys also cleared out the connected stream overgrown with lily pads. The remainder of the time was occupied in building a barbecue pit, painting the two bath houses green and white, cutting firewood, cleaning out the pool, cutting the grass and clearing out weeds, and placing sandbags around the pool to protect the sides from washing away. In addition the boys planted thirteen pine trees around the area.

Starbuck Springs was purchased by Mr. B. W. Yale in 1943 in memory of his son who died at 29, a victim of polio. Mr. Yale, a polio victim himself, owns eighteen acres of land around the springs and during the last world war donated to the Orlando Air Force Base for personnel recreational purpose.

Formerly called the "Spring of the Good Shepherd," Starbuck flows eleven million gallons of water per day. Mr. Yale told the Sigma Nus that its chemical analysis is closest to that of the Niagara River in New York and that the temperature stays at 72 degrees all year round.

## Six Students Take Reeves Essay Contest Prizes, April Sixth

A \$75 prize went to each of the six winners in the recent General Reeves Essay Contest. They are pictured at the right: back row, Sam Barley, Dan Haight, Ray McMullin, George Saute and front row, Jim Graashamp and John Wilson. On April 6 in the Annie Russell Theatre the boys delivered their essays in oral competition for the Hamilton Holt Gold Medal.

A further account of the story is on page three.
