# The Rollins Sandspur

Volume 59

Rollins College, Winter Park, Florida, Thursday, May 20, 1954

No. 26

## New Officers Are Right On The Job Already

Discussing a few of the problems facing the Sophomore Class with the newly-elected President, Clark Warren, are the new Vice-President, Irene Drake, and the new Secretary-Treasurer, Joyanne Herbert.

## Amphibious Production Of "Mr. Roberts" Begins Tues.

The Rollins Players' production of "Mister Roberts", beginning Tuesday, May 25 and playing through Sunday, May 30, is unique in several respects. It is the first production of the play on "real water". The play will be given, not in the Annie Russell Theatre, but on the lakefront behind the Mills Memorial Library on the Rollins campus, and is directed by Wilbur Dorsett.

Since the play takes place on a Navy cargo vessel a simulated

ship has been designed by Richard Verigan and Raymond Klahold and is being built on the shore of Lake Virginia. The audience will be seated in chairs on the sloping, grassy lakefront lawn.

Also, this will be the first production of "Mister Roberts" in Central Florida. It opened on Broadway on February 18, 1948 with Henry Fonda in the title role and played for three successful years as a smash hit. It has made many road tours since and the movie version is now underway.

The story of the play unfolds on a supply ship operating in the back areas of the Pacific during the last days of World War II. The crew are not fighting the Japanese; they are fighting the boredom of the ship "sailing from Tedium to Apathy and back again with an occasional side trip to Monotony". They idolize Lt. Douglas Roberts and are tyrannized by a stupid Captain. The plot concerns itself with how Roberts keeps them living, keeps them working, and makes a unified crew of them.

Mister Roberts is played by Richard Lesneski. Jerry O'Brien is the Captain. Jack Randolph is Doc, Pete Adams is Ensign Pulver, and Pat Greene plays the Army Nurse.

The cast is as follows:

Mister Roberts	Richard Lesneski
The Captain	Jerry O'Brien
Doc	Jack Randolph
Ensign Pulver	Pete Adams
Lt. Ann Girard	Patricia Greene
Chief Johnson	Bruce Lee
Dowdy	Robert Townsend
Dolan	Philip Murray
Insignia	Carleton Clark
Mannion	David Hushle
Lindstorm	Steven Doran
Stefanowski	Dick Dixon
Wiley	James Browne
Gerhart	Harvey Pylant
Payne	Robert Nichols
Schlemmer	Preston Hull
Reber	Bill Fathauer
Shore Patrolman	Tony Haarstick
Military Policeman	Hal Broda
Shore Patrol Officer	Robert Brown

Tickets may be bought at the Annie Russell Theatre box office any afternoon between 2:00 and 5:00.

## SENIOR DANCE TO BE HELD IN COLISEUM PATIO

by Tom LeClere

Monday night, Student Council was reminded, by Bill Karslake, that the senior dance will be held Saturday, May 22nd at the Coliseum Patio. The dance is scheduled to last from 9:30 p.m. to 12:30 a.m. Girls will be given 1:30 permissions.

Council voted to accept Dean Justice's suggestion that Baseball Week and Fiesta be held during the same week next year.

Bob Goddard announced that the reserve stacks in the library are now closed to students since books amounting to \$26 are missing.

Due to recent accidents, Dean Day requested that all students be extremely cautious when near the waterfront.

The changes in the Publications Union Constitution which appeared in the Sandspur last week were approved by council.

In order to foster better school spirit, it was recommended that

Students having any change in name or address since fall term, should contact the Tomokan office as soon as possible, so that the information can be corrected for the Student Directory of the Tomokan.

Panel and Inter-fraternity Council encourage social groups to teach Rollins songs as well as sorority and fraternity songs to their pledge classes next year.

## DE GROVE GETS FELLOWSHIP TO UNIV. OF N. C.

John DeGrove, a graduate from the class of 1953, has received a \$1,050 fellowship to the University of North Carolina where he will be working for a Doctorate in political science this June. DeGrove also received an offer of a \$900 fellowship to Duke University.

This year John is attending Emory University on a \$1,200 fellowship and will receive his Masters Degree in political science this June. While at Emory he was elected to Pi Sigma Alpha, a national honorary political science

John DeGrove

fraternity, membership being based on scholarship and service.

At Rollins, John was awarded one of the highest honors any senior can attain — the Algernon Sydney Sullivan Medallion. He served as president of the Student Association in '52-'53, belonged to the Chapel Staff, was elected to Who's Who in American Colleges and Universities and was a member of the Sigma Nu fraternity.

John married Gail Gearhart, a Kappa Alpha Theta at Rollins last year, and the couple are expecting a new addition to their family this August.

## Groups Compete In Campus Sing Tonight

The Campus Sing will be held this evening in the Center Patio at 7:30. In case of rain it will be inside. This is a yearly event sponsored by the Independent Women in which the social groups on campus enter in "friendly" competition for a trophy awarded to the winning women's group and a trophy awarded to the winning men's group.

Six women's groups are competing this year and three men's groups. The required song for the women is "Crystal Night" by

Robert Gibb and that of the men is Rodgers and Hammerstein's "A Fellow Needs a Girl."

## WARREN CHOSEN NEW PRESIDENT OF SOPH CLASS

Officers for next year's sophomore class were elected in last Thursday's run-offs. President of the class of '57 is Clark Warren. Assisting him are vice-president, Irene Drake, and Joyanne Herbert, secretary-treasurer.

Clark, a Delta Chi, is well-known through his dramatic work in Rollins productions. He was M.C. of the Freshman Show, as well as being in the cast of "Detective Story" and "Years Ago". Clark is also a member of the chapel choir and the Rollins Singers.

Irene and Joyanne are both Phi Mu's and members of the Chapel choir. Joyanne was also chosen for the Varsity basketball and volleyball teams and received All-Star berths in both sports.

Next year the class' objective will be to perpetuate better school spirit through its organization and will schedule athletic events with the incoming frosh class.

## 'Black Chiffon' Opens Next Thurs. Night In Fred Stone Theatre

Phi Beta fraternity of music and speech will present the mystery thriller "Black Chiffon" by Lesley Story Tuesday, May 25, through Thursday, May 27, at 8:30 p.m. at Fred Stone Theatre, Rollins College.

Receipts realized from the play will be used for scholarships for deserving music and theater arts majors.

Joan Jennings is directing the cast which includes Alison Dessau, Ross Fleischmann, Sonia Dorwitt, Mary Enck, Joe Line (member of the Orlando Players), Cary Lee Keen, and Prof. Klaus Wolff.

"Black Chiffon" is the story of a gentlewoman of sufficient wealth and honor, who unaccountably steals a black chiffon nightgown in a London department store. In a frantic attempt to prepare a defense for court, her husband's solicitors call in the help of a psychiatrist. Looking under the surface of polite and agreeable family life the psychiatrist finds the motive. The guilty as well as the innocent become involved.

There will be no reserved seats and admission is 50 cents.

## Ronald Fishbaugh Gets First Place In Recent Piano Festival

Ronald Fishbaugh, a student of the Rollins Conservatory of Music, was awarded first place in the nation in one of the recent events of the International Recording Festival.

The Festival is sponsored by the National Guild of Piano Teachers. First prize carries a cash award of \$125.00.

Ronald is a senior and is the son of Mr. and Mrs. Lloyd B. Fishbaugh of Orlando. He is a pupil of Professor Walter Charnbury.

The groups also have a song of their own choice to provide variety and contrast to the program. The Chi O's are singing, besides the required song, "Danny Boy". The Thetas chose "I'm Always Chasing Rainbows," the Kappas; "The Halls of Ivey"; Gamma Phi will sing "And You Were There"; Phi Mu, "Greensleeves"; and the Pi Phi are singing "All the Things You Are." Among the men's groups, the Delta Chis will sing "The Surrey with the Fringe on Top", the Sigma Nus, "Deep River", and the Independent Men, "Ezekiel Saw the Wheel".

All groups are given one month to rehearse the required song in order that there will be a fair basis to judge the group's accomplishment. The important factor is not the size of the group but the quality of presentation.

The women's trophy was won last year by the Thetas. The Delta Chis retired the men's trophy with a three-year win.

The judges for the Campus Sing are Robert Hufstader, director of the Conservatory, and Lamar Simmons and Jesse Baker who direct choirs in Winter Park and Orlando churches.

Betty Jane Lang is chairman of the Campus Sing and Peggy Sias is her assistant.

## Sorority-Fraternity Quiz To Be Postponed Till Tomorrow Night

This week the Sorority-Fraternity Quiz will be on Friday night, from 7:30 to 8:00. This is because of the Independent Women's Campus Sing. This is the final round of the semi-finals.

Last week's winner was the Pi Phi Sorority. They will appear in the finals on May 27th.

Contestants are asked to be in the studio by 7:00. Members of the audience are requested to be in Studio B by 7:15.

## Bits O' News

Mr. and Mrs. Theodore A. Norman of Winter Park and Palmer, Mass., have become the 88th members of the Rollins College Book - A - Year Club. Income from the membership fee is used to buy a book a year for the Mills Memorial Library.

Juniors are urged to order class rings through Connie Butler.

The Student Council will sponsor a college dance in honor of the Senior class at the Orlando Coliseum, Saturday at 9:00 P.M.

The Rollins Alumni Supper for Seniors was held at the University Club, Tuesday at 6:00 p.m.

The Florida Citizenship Clearing House held a meeting in the Morse Art Gallery last Saturday.

Attending were state educational, political, and newspaper leaders.

## EDITORIALS

## OUT INTO THE WORLD

We are on the last lap of this year's eight month race through the citrus fruit-gubernatorial vacuum. In two weeks we will be heading for the "outside world" complete with world-wide news releases and a general air of international activity.

We will begin to see the dawn of Indochina, the summer draft call and the outlawing of segregation in public schools.

Outside of certain classes, few students on this campus seem to be impressed by the fact that the U. S. is in a period of great tension.

But, the blame for this does not lie entirely in the hands of any one group or person; it is shared by all.

Although the map does not show it, Central Florida and its newspapers are still hemmed in by the forbidding swamps which protected the Seminoles from the outside world one hundred years ago.

Although the catalog does not show it, Rollins College is isolated from the outside world partially through its tremendous number of all-college activities and partially through the lack of controversial subjects which come up in the discussions of those international figures who give public debate at Rollins. And, when such public figures are present only a certain group of students seem to have the desire to listen and ask them questions.

We are headed for a four month exposure to international affairs whether we like it or not.

So, let's start weeding out the international news from the inside pages of the local newspapers. We might as well find out about that which we may soon be fighting for.

## ALUMNI ASSN. ACTS

The members of this year's graduating class have received questionnaires which are to be returned to the Alumni Office. These data sheets are needed for the newly reorganized Alumni Association to bring the Class of 1954 into the fold.

Coupled with the activities of the Senior Class meeting held yesterday these questionnaires constitute the first public steps in the attempt to make Rollins alums; past, present and future; a positive part of the workings of the college.

Many persons, including the Sandspur, have criticized the Alumni Association in the past, not for what it was doing, but for doing little or nothing.

Although these initial actions do not look particularly impressive they are at least a step in the right direction.

The senior class has set a remarkable record of attendance at assemblies this year. If they are even half as interested in their future as members of the family as they seem to have been during the past year, then the Alumni Association will receive their support and advice in its attempt to stand on its own legs.

## The Chapel Tower

T. S. Darrah

Since this is the season of term papers and the temptation to plagiarize might be around, I thought I might put down a few thoughts on the subject which I have collected from various sources. "I am against the prophets, saith the Lord, that steal my words every one from his neighbor" Jeremiah 23:30.

"To disguise his stolen horse, the uneducated thief cuts off the tail; but the educated thief prefers tying on a new tail at the end of the old one, and painting them both sky blue." E. A. Poe

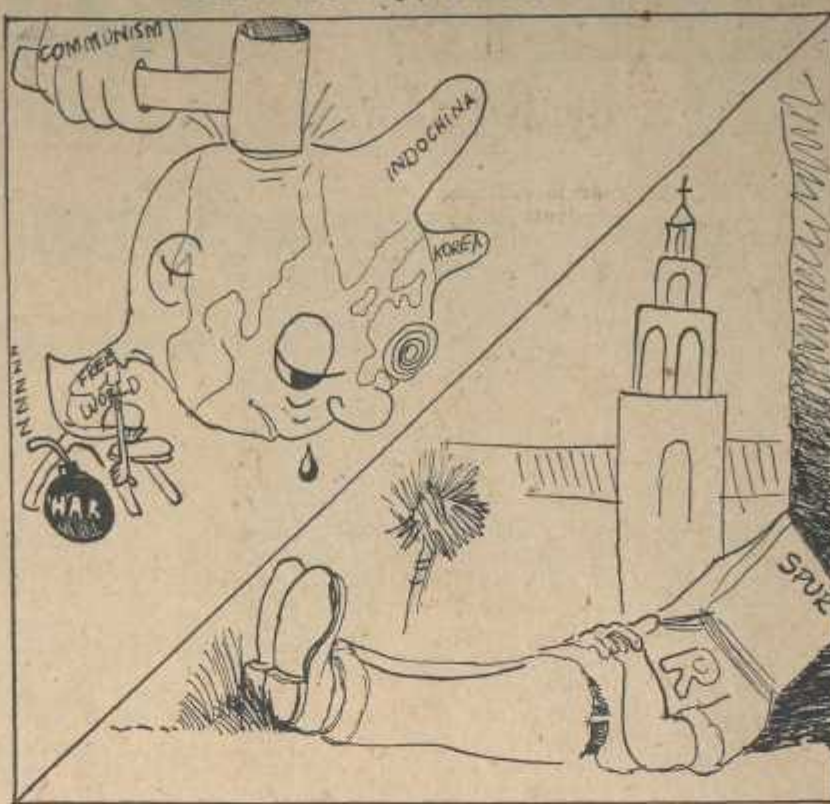

"If you steal from one author, it's plagiarism; if you steal from many, it's research." Wilson Mizner.

"To copy beauties, forfeits all pretence. To fame — to copy faults, is want of sense."

Charles Churchill.

This is research!

## "Flow Gently, Sweet Afton"!

## Letters to the Editor

Dear Editor:

Would you kindly print this copy of my letter to the President of the United States in your Letters to the Editor column?

It seems to me incumbent on all citizens to speak out at this time and write the President how they really feel.

I hope that in the true William Allen White tradition of a free journalism, you will see fit to cooperate in this.

Very truly yours,  
Kenneth D. Tomkinson  
Box 324  
Southampton, New York

**EDITOR'S NOTE**—Mr. Tomkinson's letter has been printed here since it seems to be the only available opinion.

If anyone connected with this liberal arts college has any other ideas on this subject they will be gratefully accepted.

Southampton, New York  
April 28, 1954

Dear Mr. President:

This letter will probably never be read by you and it will no doubt, by its simplicity, amuse those who do, but it is an honest opinion from one of that body of people which you and our Government are pledged to serve—the private citizen.

When American troops were called out — without Congressional vote — to intervene in a Civil War of Korea, a nation 10,000 miles away, I was horrified; but finally reconciled myself to the idea that it was a blunder of a young Nation, new to World leadership, groping blindly for a way to combat Russian imperialism.

Since Korea is today, still a nation divided and the Russians didn't lose a man, while we had 130,000 casualties, squandering our resources in the process, I fail to see what was accomplished.

I was again horrified when our Government decided to re-arm the Germans and the Jap-

Dear Sir:

I am pleased to have this opportunity to express to you and your staff the appreciation of the Marine Corps for the recent publication of our public service mat on the Women Officers Training Class. In addition, we are aware that the reputation of the Marine Corps at your campus has been greatly enhanced by your efforts in publishing our news releases.

We are happy to count the

anese. I, for one, shall "never forget the character of the onslaught upon us" at Pearl Harbor, nor shall I ever forget the German slaughter of 6,000,000 defenseless Jews, the greatest crime since Man has ever lived on this planet.

To give these people guns is madness.

I was again horrified when our Government appropriated \$750,000,000 for war materials to help put down the ignorant natives of Indo-China, whose only crime is to want a full belly and to be independent of foreign domination.

To add irony to this situation, our Government "economized" on its own people at the same time, by cutting down its already paltry appropriation for cancer research; leaving the combating of such killers of American people, as cancer and polio, to the nebulous agencies of whiskey raffles and bingo.

Now you are seeking Congressional sanction for authority to send American boys to Indo-China to kill innocent people on the other side of the Globe. You are pondering this step.

But, ponder it well, Mr. President, the step is greater than perhaps you think. America's future lies in the balance. Will she go the way of Rome, through the use of immoral force, to decadence and oblivion, or will she fulfill her destiny as charted by our Founding Fathers, the Champion of Free Men everywhere and the "World's last, best Hope?"

The awful choice is yours.

As a lover of my Country, its institutions and its glorious Heritage, I can only say, "Washington, thou should'st be living at this hour."

In closing, Mr. President, I wish to make it plain that the above thoughts do not come from Moscow, but from a human heart.

Very respectfully,

Kenneth D. Tomkinson

ROLLINS SANDSPUR among our loyal friends, and it is my earnest hope that the Marine Corps will continue to receive your confidence and cooperation in the placement of your news releases and public service mats.

Sincerely yours,  
Albert F. Metzger  
Colonel, U. S. Marine Corps  
Officer Procurement Branch  
By direction of the  
Commandant of Marine Corps

## 'ROUND ROLLINS

by Louis Ingram

Last week-end was characterized by the remark, "How does it feel to be dead?" Each party had its own flavor—the Old Iron Bridge saw twin action from the Delta Chis and the Nassar group at which Adonis Haussermann held, among other things, the spotlight. The Club got together at Showalter Airpark (without planes) and did some fancy flying, while the Alpha Phis did some of their own didos at the Aviation Country Club—loop the loops and the rest. The Indies were building sand castles at the Pelican with Greggs, while the Pi Phis continued swimming Sunday afternoon to take top honors. Of course, the biggest event was the Chi O Dance with charges from every stable in attendance; and so Rollins' 69th year is coming to a tumultuous social climax.

Meanwhile, back at the Lakefront, the stage has been set (and is sinking) for "Mr. Roberts". The lakeshore fiasco makes one wonder just how much of the exorbitant expense could have been put toward the Diamond Jubilee. Even if "LIFE" should, as it is rumored, cover this tour de force—(which will be, no doubt, forced to tour) of what value will the publicity be about "the first production of Mr. Roberts on water"? It's a bit like advertising the first presentation of the movie "The Greatest Show on Earth" in a tent.

Now that I have read the expurgated version of "Mr. Roberts", I realize that the new play is entirely suitable for production in a canoe at a Cub Scout encampment.

Monday evening sixty students from the Winter Park sixth grade sang excerpts from their production of "The Magic Beanstalk". The program was arranged by Rayna Kasover and the WPRK Special Features Department.

Tonight Rod Collins will present his "Music and Memories" featuring the dance bands of Dorsey, Miller and Olsen.

Everyone will want to be at the Senior Dance at the Aquaseum in Orlando when Freddie Castro and his boys will tune up for the season's biggest social event.

At one time or another, everyone asks, "What can we do about school spirit?" The cold fact is that no one can legislate school spirit — or any other kind of spirit. It must arise from the common interests of the group. People must know where they are going before they can give much in the way of spirit. It is a sad commentary on our generation that so many of us are at loose ends. Our colleges must set their sights on some practical goal; then as we work toward it, our industry will generate its own spirit.

## The Rollins Sandspur

Published weekly at Rollins College, Winter Park, Florida. Member of Associated Collegiate Press and Florida Intercollegiate Press Association. Publication office—Room 8, Carnegie Hall, telephone 4-9891. Entered as second class matter November 14, 1925 at the Post Office at Winter Park, Florida under the act of March 3, 1879. Subscription price—\$1.50 one term, \$2.50 two terms, \$3.50 full year.

## EDITORIAL BOARD

"Sishkebab" and barbeque sauce highlighted the Chapel Staff picnic last Sunday at Starbuck Springs. Diane Herblin, Buddy Phillips, and Jane Laverty, are busy preparing the concoction over the fire while Sam Barley and Karen Fris turn their backs on the camera to grab a plate of food. Dean Darrah and "clan" also attended the party.

## EDITORIAL QUESTIONS POETS WHO LINK SPRING AND LOVE TOGETHER

(Heights Daily News, NYU, (ACP)—The spring editorial almost eluded us.

But a weekend of spring fever in the best tradition of Tennyson has precipitated a recovery of memory . . . And that timeless, ethereal glob of infinite substance, mystically called love, has swelled in our bosom.

We doubt it could add anything new to the annals of spring.

### Mrs. C. Pratt Gives Rare DeLand Booklet

Mrs. Charles Hyde Pratt, Winter Park, has given a rare illustrated booklet about the city of Deland to Mills Memorial Library. Although the booklet is no dated, the text states that Deland was seven years old, and it was founded in 1876. It was published to attract settlers and land was offered at \$20 to \$100 per acre.

One wonders, however, why the poets insist on linking spring and love in holy wedlock and chaining them together in eternal alliance while the other seasons are abandoned entirely to frustrating celibacy.

For . . .  
... While they juggle with rhyme and meter,  
They forget summer, fall and winter.  
And though the flowers blossom in spring,  
A young man's fancy is a year-round thing.

## PLAN OFFERED TO STUDENTS OF JOURNALISM

The European Traveling Seminar is offering two advantages to students of journalism which no other tour program possesses.

1. A student might get an assignment as a writer of a series of articles from Europe for an American newspaper. Maybe not one of the largest, but even a rural weekly paper, or a group of such papers, would be able to cover a large part of his travel expenses in Europe, maybe all of them.

2. A group of students of Journalism, having such assignments, would have access to all the European Prime Ministers and every kind of other famous Europeans, if somebody was at hand to arrange such interviews.

Mr. Arne Sorensen, a former Cabinet member of the Danish Government and of the Danish Parliament, is preparing visits to the offices of leading European newspapers, interviews with European editors-in-chief, and American newspaper correspondents, stationed in Europe; discussions with the leading people in the NATO, FOA, and the United Nations' Economic Section for Europe at Geneva; an interview with groups of common people, farmers, business people and workers.

This year a small experimental unit of students of journalism will be part of the Grand Tour of Europe. Next year there will be a larger group under the leadership of an American professor of journalism, and at that time credits will be available.

Any interested student should contact immediately the Scandinavian Traveling Seminar, 3818 Van Ness Street, N. W., Washington 16, D. C.

### Rollins German Club Has Informal Party At Home Of Advisor

Der Deutsches Verein, Rollins German Club, had an informal party at the beach in back of the home of their advisor, Herr Rudolph Fischer, on Osceola Avenue last week.

Spurred on by the liquid refreshments served, a couple of feminine members of the club had a dip fully clothed in the cool waters of Lake Osceola. Members of the Verein enjoyed an otherwise quiet evening around a fire on the beach.

Several members roughed it and came by canoe from the Rollins docks to attend the party.

Lonnie "Grosspapa" Carruth is in charge of arrangements for the German Club's annual spring party which will be held later this month.

## 1955-56 Competitions Now Open Under Fulbright Act

Competitions for United States Government scholarships for graduate study abroad for 1955-56 are now open, it was announced by Mr. Kenneth Holland, President of the Institute of International Education. A brochure describing overseas study awards under the Fulbright Program and the Buenos Aires Convention Program has just been published by the Institute, and application blanks are available at that agency or in the offices of Fulbright advisers on college and university campuses.

The Fulbright and Buenos Aires Educational Programs are part of the educational exchange activities of the Department of State.

Countries where U.S. graduate students may study under the Fulbright Program are Australia, Austria, Belgium and Luxembourg, Burma, Ceylon, Denmark, Finland, France, Germany, Greece, India, Italy, Japan, the Netherlands, New Zealand, Norway, Pakistan, the Philippines, Sweden, the Union of South Africa, and the United Kingdom. The countries participating in the Buenos Aires Convention Program are Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, and Venezuela.

Eligibility requirements for these foreign study fellowships are:

- (1) United States citizenship,
- (2) A college degree or its equivalent at the time the award is to be taken up,
- (3) Knowledge of the language of the country sufficient to carry on the proposed study, and
- (4) Good health.

Fulbright awards are made entirely in the currencies of participating countries abroad. The Fulbright Act authorizes the use of foreign currencies and credits acquired through the sale of war surplus property abroad for educational exchanges. The awards cover transportation, tuition, books and maintenance for one academic year.

Competition for the 1955-56 academic year closes November 1, 1954. An exception is the program for New Zealand, for which October 15 is the closing date.

Preliminary selections for other Fulbright awards, those for teaching, lecturing or advanced research abroad, are made by the U. S. Office of Education and the Conference Board of Associated Research Councils.

### Allen Elected Veep Of Theta Alpha Phi

Donald S. Allen, director of Fred Stone theatre and professor of theatre arts at Rollins College has been elected national vice-president of Theta Alpha Phi Fraternity.

Theta Alpha Phi is a national honorary dramatic organization with 54 chapters in 23 states. Allen was elected to his office at the annual convention recently in Chicago.

Allen has been advisor of the Florida Gamma chapter at Rollins since 1938, and previously was a member of the chapter at Ohio Wesleyan University.

## CONSERVATORY PARTY IS HELD IN DYER SUNDAY

Pink lemonade and musical mobiles added color to the Music Guild party in Dyer last Sunday night as students and faculty from the conservatory turned out for a fun filled evening.

Dewey Anderson, newly elected president of the Student Music Guild, presented the evening's entertainment which started with Mr. Hufstader singing a Jones Junior High pep song. Ken Pahel, accompanied by Bob Tate, sang a "duet on a theme of Sigmund Romberg" and other selections; Mr. Carter and Diane Herblin performed Mr. Carter's chamber works entitled "The Last Five Minutes". Closing the program Frank Underwood and Bob Tate performed two piano arrangements of Viennese waltzes.

Dewey Anderson announced the Guild's plans for next year — deciding that this year's party will set a precedent.

## MARSH TO GIVE JUNIOR RECITAL THIS SUNDAY

Rollins College Conservatory of Music will present Mary Marsh, pianist, in her Junior Recital next Sunday, May 23, at 8:30 p.m. in the Winter Park Woman's Club.

Miss Marsh, whose home is in Silver Spring, Maryland, is a pupil of Prof. Walter Charnbury of the Rollins Conservatory.

Her program will include the works of Bach, Busoni, Bach, Beethoven, Brahms, Chopin, Ravel, Copland, and MacDowell.

The public is invited and there is no admission charge.

### Safety Film One Of Two To Be Previewed

The public is invited to attend the third in a series of film previews in the Projection Studio of Mills Memorial Library at 8 p.m. Thursday, May 20.

Being shown at the preview are a 20-minute safety film entitled "And Then There Were Four", and a 20-minute color film of the Ford Rouge Plant entitled "The Human Bridge."

COSTUME JEWELRY	HANDBAGS
CHINA	CRYSTAL
GREETING CARDS	LEATHER GOODS

208 S. Park Ave. Winter Park

by JANET O'DAY

Saturday night the Chi Omegas had their Beachcombers Ball at Dubsdread. It seems like it was one of the most smashing successes of the season. There was a variety of entertainment. The KA's led the singing. Liz Hudgens, Bruce Lee, Don Riddel, and Joan Benson played swim with your clothes on. Sultan Locke and his harem, Barbie Berne, Jane Laverty and Meredith Nail lent the exotic touch. Fran Swicegood took honors with her hula. A good time was had by all.

The Delta Chi seniors gave a party Saturday afternoon for the rest of the fraternity at the Iron Bridge. Spray and his car had a little accident with a rock—look no tire! Those there were Bruce Lee and Liz Hudgens, Sandy Taylor and Bill Sipprell, Frank and Grace Ledgerwood, Kay Kline and Dick Lesneski, and Ann Webster and Elmer Puddington.

Before the dance the Alpha Phis had a dinner dance at the Aviation Country Club.

It was the Independent Men's Pelican last weekend. The chaperones were Mr. and Mrs. and Jimmy Grigg. Among those there were Joan Jennings and Dave Stallions, Chuckie Robertson and Bart Hockstra, Frankie Henry and Jay Peterson, Luigi La Bombarda and Susie Bralower.

Sunday saw a party given by Harpers at the Iron Bridge. A rough time was had by all. Among those there were Trinket Smith and Louis Ingram, Mary Louise Voor and Harry Chauncey, Shirley Miller and Abdulah, and Mary Enck and Pres. Hull. All survivors said they had a wonderful time.

Phi Mus went to Lakeland last weekend to install their Alpha Tau Chapter. Good luck!

Joe Justice had a marvelous time last weekend visiting both the Delta Chi and KA house. He got a rousing welcome—the Delta Chis met him with paint and the KA's with water.

The Chi Omegas had a tea for Dean Day last week. It was also an initiation ceremony for their new air conditioning unit.

I don't know of anyone who went away this weekend but I know of many who would have liked to.

When "Dorsett's Delight" began to lean to the starboard Sunday, the mass evacuation found Ensign Pulvar, Pete Adams, almost going down with his ship.

Married: Barbara MacHold Alpha Phi to Lieutenant Bishoff, Orlando Air Force Base. Sue Moll, Theta, to Ed Travis, Yale.

Jim Lavin and Don Wells flew all the way from Okinawa and arrived just in time Saturday night to drop Sue Dunn and Joy Woods at the Beachcombers Ball.

The crew widows were overjoyed Monday when their long losts arrived back at our halls of ivy.

The Chapel Staff had a party at Starbuck Springs. It was a crazy hat party. The welcoming committee were a little detained. The gate was locked so Miss Adolphi, Dean Darrah and family got their exercise by climbing the fence. The seniors presented Dean Darrah with a real gone sea horse and a crazy white bathing cap. Jo Davis and Sandy Hose had a lovely time exploring the river for alligators and snakes. (A wonderful Sunday afternoon pastime.)

Miss Packham displays membership certificate to Don Wilson.

## HONOR GREEKS ABOUND ON LOCAL CAMPUS

While Greeks of the social and Stray variety abound on the campus, there is another variety which is fast coming to the fore. These are the Honorary Greeks, members of national honor societies, and professional recognition groups. Membership is awarded on the basis of outstanding achievement in a particular field or fields.

Outstanding among these groups is the Pi Gamma Mu, National Social Science group. The society was founded in 1924 and has well over a hundred chapters. The Florida Delta chapter was founded at Rollins in 1932.

Members are chosen from students and faculty both, and the advisor as well as secretary is Professor Packham. New candidates for initiation were announced recently, and those taking part in the ceremony later this month are Jerry Campbell, Jane Hunsicker, Marcia Mattox, Sue Rozier, Ken Pelouquin, Don Tauscher, Beth Wagley, and Don Wilson. Installing officer will be the president, Ralph Tomlin.

Among the other greek letter honoraries are Phi Beta, Theta Alpha Phi, Pi Kappa Lambda, and Omicron Delta Kappa.

Phi Beta is a women's professional music and speech group. Founded in 1912 at Northwestern University, the Rollins Theta Chapter received its charter in 1923. It is among approximately 24 chapters throughout the country. Always very active on the campus, the phrase "Phi Beta Presents" has been synonymous with excellence in fine arts presentations.

Theatre Arts students, after a long period of hard work, are rewarded with places in Theta Alpha Phi, one of several national dramatic honor groups. The first of the 60 chapters was founded in 1919, with the Rollins group being initiated in 1938.

Another fine arts group on campus is Pi Kappa Lambda, one of the smallest groups on the campus. Founded in 1919, the group is open to music students who have excelled in their field. Most of the outstanding men in the Music Department are members. The Charter of the Xi chapter was granted to the Rollins Conservatory of Music in 1935. National there are 19 other active chapters, located in many of the country's finest schools of music.

One of the most prominent groups on the Rollins campus is Omicron Delta Kappa, known more familiarly as ODK. Membership is limited to upper classmen, who have outstanding records in scholastic and other achievements. The Alpha Iota Circle was awarded to Rollins in 1932.

## LITTLE MAN ON CAMPUS

by Dick Bibler

"Now that we've boiled your term-paper down to relevant material—I think you're ready to re-write."

## EVERYONE CAN'T BE PLEASED, JUST TRY IT

(Yellow Jacket Weekly, Randolph-Macon College, Va.) (ACP)

The Yellow Jacket Weekly has been accused this year of being "wishy-washy"; it has been pro-administration; it has failed to take a firm enough stand on the issues on hand; it hasn't raised enough hell.

For an entire year we have done our best to point out situations on campus that need correcting. Some of the people, administration, faculty and students have read our editorials and become alarmed. They have run around with their arms in the air lustily shouted that action must be taken before the ship hits the rocks. But beyond the vocal pyrotechnics, what have they done?

If the Yellow Jacket Weekly has been wishy-washy, it has been in the majority. Almost everyone at Randolph-Macon seems to have an unbridled fear of stepping on someone's toes or of having someone step on their toes. And as long as such fears are predominant, progress will not be made.

Our job was to recognize the issues at hand, call them to the attention of all connected with the college and suggest steps that might be taken. We've tried to do that and we've seen very little results.

We're frustrated and we're tired!

## A Special Note Just For The Male Student, Worry ...

(Oklahoma Daily) (ACP)—Few male students on this campus failed to notice what Secretary of State John Foster Dulles had to say about the Indochina situation. To them it was not a man in Washington talking about the world crisis, it was a man talking about their future.

Should the U. S. send its own men into Indochina the male population on this campus would be directly involved. . . . It is easy to read the news and then throw the paper down thinking of it as another item in the day's events. But now, more so than ever, the college student . . . is watching the foreign situation.

## FILLING SPACE

By Ross Fleischmann

Independence is a wonderful thing, but on a small college campus, co-operation between departments should be the keynote.

Whether or not the Library and the Theatre are separated from the rest of the school is sometimes a debatable question. In fact, the only connection identifiable is that whenever either of them is crossed by a student, a note from the Dean's office is in the offing. The Fleischmann time seems about ripe to either join in with the rest, or justify their independence.

In the library, despite the helpful and courteous treatment generally offered by staff members, there seems to be some trouble emanating from one or two of the higher-ups. The amount the Library adds to the college is beyond measure. But by the same token, if there were no Rollins, there would be no Mills Memorial Library. There has been more than enough haggling over darkroom facilities and who is entitled to use them, stolen cookies, coke machines and all the rest. If the library wants the students co-operation, it is time to heed more of the students' requests.

The library isn't the place for students to run wild, but it is run primarily for them. Let's not have it run as a private club, with the students treated as non-members.

The latest incomplete and expurgated dramatic attempt has more than taken over the waterfront. If Fleet wonders what has happened to the "Ol' Swimm' Hole," so do the students. The large stage and the events that will take place the next few weeks have literally blotted out any chance for night swimming. Worried about some of the "Navy type" language in the show, the director has replaced it with phrases that would disappoint the playwrights who were striving for realism.

A further look at our educational theatre and its policies is interesting. The choice of plays should fall into a class which would allow their production, complete and unimpeded, with the only exceptions being in technical difficulties. When planning the schedule, the available talent should at all times constitute students or people of the community. It is questionable whether or not people who have chosen to work in educational theatre should select plays in which they plan to star themselves.

## Camma Ward, Her Artistic Touch Has Designed Unique Settings and Costumes

By Alison Dessau

Some of you might not know Camma Ward but you have certainly seen her art work on campus in the form of posters, stage sets at the Annie Russell, or even a set at Rec Hall.

Camma, a native of Coral Gables, came to Rollins last year as a freshman, lived in Cloverleaf and is now at Fox Hall. She is majoring in English, but as is evident, spends most of her extra time decorating and painting for different organizations on campus.

Her interests are many. She is proficient in the field of creative writing and has contributed to the Flamingo; her paintings have been on exhibition at the Morse Art Gallery; this year she acted in the "Little Green Bottle" and not only designed but created by hand all the costumes that were used in the show; she also designed and painted the Railroad Station set for the 1953 Freshman Show in Rec Hall.

As an Independent Woman, Camma has been a great asset. Last year she did the decoration for the Campus Sing, and this year she took the idea of a Chinese Float and made an exquisite creation out of practically nothing. A highlight of the float was the pagoda which she artistically built in levels.

Also showing creative imagination was her "Phillipadorché Delapadorché II", the paper mache idol which appeared in the Monsoon scene of the Indie Show. The elaborately stylized sets for "Green Bottle" were also designed by her. Credit for executing her plans goes to Bruce Elwell in this instance.

Camma has high hopes of working in television this summer. While she was in high school in Coral Gables she worked with a teacher from the University of Miami and together they wrote and produced a marionette show for children. This was televised in color. Since then the film has found sponsors in Washington and the picture is being used there as an experimental film for color TV.

Lately the television studio has been called for a sequel to the first production and Camma

Camma with set sketches for the Indie show, Little Green Bottle.

hopes to work on it this coming summer. On helping with the project Camma did everything except manipulate the cameras.

The Independent Show provides an opportunity for Mr. Bailey to see her artistic ability. As a result he has offered her a job at the Annie Russell next year designing and making all the costumes for the period plays that the theater department produces.

This is a big advantage not only for Camma but for the theater as well, because in the past all these costumes had to be rented from costume houses in New York.

With respect to this and the many other things which she has done, Camma Ward certainly deserves a hand for she has contributed a great deal to Rollins in the past two years.

## PHI BETA SHOW BLACK CHIFFON AT FRED STONE

By KATHERINE SIEGLER

"Black Chiffon," a psychological drama in three acts, will be presented by Phi Beta music and speech fraternity, Monday through Thursday, May 24th through 27th, at the Fred Stone Theater. The plot is concerned with an apparently well adjusted wife and mother who, for reasons completely unknown to herself or anyone else, suddenly steals a black chiffon nightgown from a department store on the day on which her family is to meet the parents of her son's fiancée for the first time. The motives behind her theft, its implications, and its effects on both families form the basic for the drama.

Under the skillful direction of Joan Jennings, rehearsals for "Black Chiffon" have been in progress now for two weeks. An excellent cast includes Sonny Dorwitt as the bewildered mother; Joe Line, imported from the Orlando players, as her sympathetic husband; Prof. Klaus Wolfe, as her psychiatrist; Mary Enck, as the married daughter, Ross Fleischman as the son; and Alison Dessau as his fiancée.

Proceeds from "Black Chiffon" contribute to the annual Phi Beta scholarship awarded on Honors Day to an outstanding student of either music or theater arts. Tickets will be sold during the forty-five minutes preceding each performance at the Fred Stone Theater.

## Sunbathing A Menace! They Realized Just 47 Years Too Late (ACP)

When coeds living in Waldo hall, Oregon State college, were told they could no longer take sunbaths on the roof, they staged a riot that lasted all night and required the police to quell.

According to the Barometer, "The administration didn't rush into this ruling, obviously. Gals have been sun-bathing up there for about 47 years ... and the dorm bosses have finally figured out that it's a real live menace. Sort of the original detailed analysis, you might say."

# Tar Crew 2nd In Dad Vail As Faulty Start Hurts Race

by JIM LOCKE

The Rollins Tars, invincible at home, were once again subjected to second place honors, for the sixth time in seven years, as an undefeated Dartmouth crew swept to its first Dad Vail victory last Saturday on the Schuylkill River in Philadelphia.

Rollins had entrained to Philadelphia keyed-up that this year her quest for her first win might be realized and if it weren't for the incompetence of a shore-bound official, a Tar victory might not have been in the realm of the unobtainable.

With cox Dallanegra's hand raised in a signal of unreadiness and with Bill Karslake's oar out of its catch position, the official completely disregarded the raised hand, allowing the race to commence. Caught unaware, Rollins was three quarters of a boat length behind the field at the start. Stoking at a 33 count per minute, the Tar oarsmen were still last at the half-way point.

Gradually recovering from the devastating effect of being left at the post, the Blue and Gold began to move. Charging from last place, the Bradleymen sprinted past shell after shell with only Amherst and pace-setting Dartmouth remaining in the lead. The crowd of upwards to a thousand people strung along the banks of the Schuylkill was intent on the challenging Tar shell as it made its bid for second place; Dartmouth widened a perceptible lead so not to be in danger.

The Rollins beat quickened and the Tars for a brief moment wrestled the lead from Amherst only to lose it again in the next few strokes. It was with a desperate effort that Rollins finally powered itself into second place, nipping Amherst by two feet while Dartmouth sailed across the finish line a length ahead. Trailing Amherst was Florida Southern, followed in fifth place by Tampa.

For the first time in the regattas history, all Florida state crews were entered in the final races. Absent was La Salle, champion of the Dad Vail for three years. The Explorer crew was forced to withdraw when a mechanical failure in a sliding seat prevented the crew from qualifying in its morning heat.

## NCAA TO LET ROLLINS SENIORS PLAY IN MEET

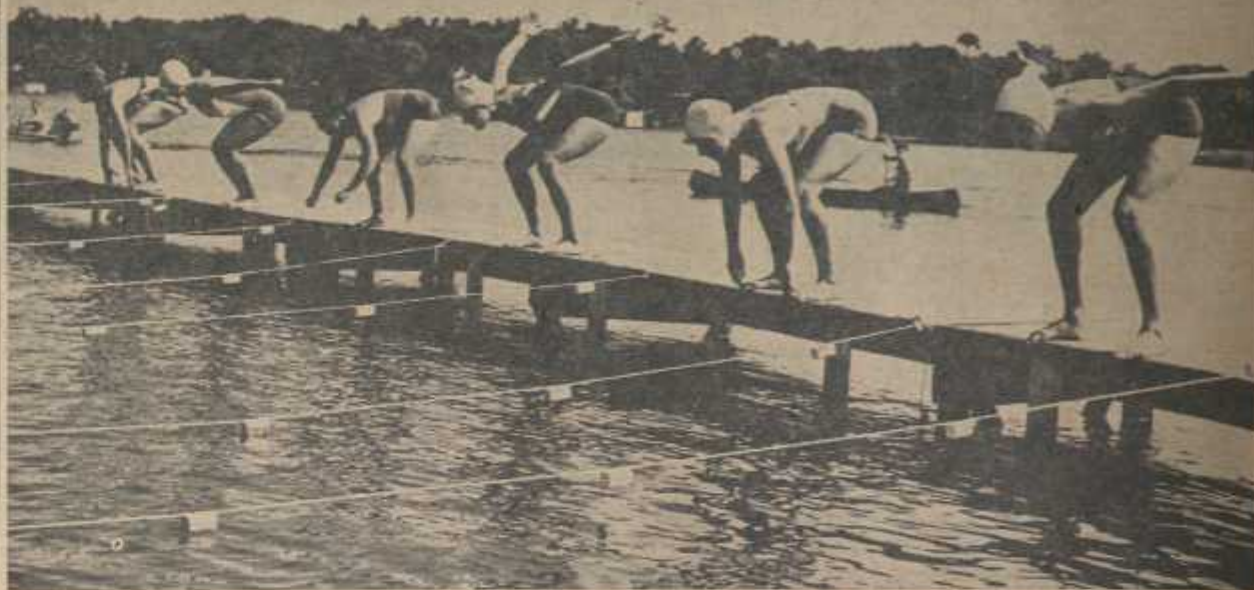

The Rollins Tars baseball team received good news from the N.C.A.A. this week when it was learned that senior members of the squad will be eligible to play in the N.C.A.A. tournament should Rollins get a bid.

It was at first believed that Delton Helms, Bob Leader, Henry Menendez, and Bud Fisher would be unable to play in tournament games because of an N.C.A.A. ruling limiting players to three years of varsity eligibility.

However, a closer look at the rule book showed that the rule had been modified to include only schools with an enrollment of more than 750 students. Since Rollins, with 600 undergraduates, fails to fall into that category, the seniors will be eligible to play.

Chances of the tournament games being played in Winter Park in case a bid goes to Rollins are 50-50. A coin would be tossed between the Tars and the winner of the Southeastern Conference race, with the winner drawing the home field for a best two out of three series to decide which squad takes the jaunt to Omaha, Nebraska and the National Championships.

Coach Joe Justice leaves this week for the N.C.A.A. convention, there he will represent the smaller southern colleges. Whether or not Rollins gets a bid to the tournament will be decided at this convention.

Participants line up for the 50 yard freestyle event in the Girls Intramural Swim Meet Sunday.

## PI PHI SWEEPS TO INTRAMURAL SWIM VICTORY

By Alison Dessau

Last Sunday the Girl's Intramural Swimming meet got off to a good start, when the swimmers met at the lakefront at 11:00 a.m. to qualify. Most groups had two girls entered in each event and those placing either first, second, or third, swam in the finals that afternoon at 1:00 p.m.

In the afternoon, the Pi Phi's won the whole meet with a total of 30 points. The finals started with the twenty-five yd. freestyle, which was won by Sidney Kromer in 14.1 seconds. Betty Brook was just a stroke away from her the whole way. Mary Martin came in third with Jane Moody behind her. In the 25-yard back-stroke, Mary placed first, her time was 17.7 seconds. Sally Nye came next and was followed by Nancy Siebens and Ann Todd. This heat was very close between all the finalists. In the 25 yard Breaststroke, Moynahan came across the line first, in 17.3 seconds, and Brook, Seibens, and Saute' followed.

The competition in the diving class was excellent. Betty Brook totalled 142 points to win and was followed by Joyanne Herbert with 132.2 points. In third place was Mary Martin totalling 108.2 and Barb Moynahan with 107.2 points.

In the fifty yard free style, Moynahan and Kromer split first and second place points in a tie. Their time was 31.4 seconds. Sue Dunn and Marilyn Lighety placed third and fourth.

In the highly speculated plunge for distance Marie Saute' beat Joan Mack's record which was 53 feet, by floating 55.4 feet. Sally Sowers came next with 53.6 and Faulkner with 48.7 feet.

The Pi Phi's won the team relay and were followed by Alpha Phi, Theta, and Kappa.

## The Locker Room

by Dick Haldeman

Basketball, shunted aside the past few months in favor of baseball, crew, golf and tennis, will make an unseasonable but important return with spring workouts the next two weeks. Getting a special look-see will be newcomers Frank Swanson and Harvey Weissenberg.

Coaching basketball is a twelve month a year job and when coach Dan Nyimicz starts his summer long search late this month for new cage talent to bring to the Rollins campus, he will have more worries on his mind than just finding men to fill the two scholarships he has available.

Ten new opponents including New York University and Florida, will be on the Tars' 1954-55 basketball schedule when it is released in the near future.

With twenty dates on the slate already filled and another six merely awaiting confirmation, the schedule looms as the toughest ever undertaken by a Rollins cage squad. In addition to N.Y.U. and Florida, the Tars will face Charleston, the Citadel, Elon, Presbyterian, Wofford, Howard, Troy State, and Sewanee, none of which were included on this year's schedule.

These opponents will replace the

service opponents that dotted this season's schedule. For the first time in more than ten years the Tars will face every state opponent. Erskine, Georgia Teachers, and Mercer, three of the most powerful small college quintets in

the south, will also play tilts with Rollins.

Road trips through Tennessee and Alabama, South Carolina, and through Georgia will appear on the schedule. The season will open away

against Sewanee December 2. Nine games will be played before Christmas.

But the picture also has its blemishes. The N.Y.U. game, which should be the highlight of the season for Rollins students, will probably be witnessed by a bare minority of them. The date of the game, December 29, is not a good one for the students, most of whom will be hundreds of miles away enjoying Christmas vacation; nor the team, who will be wishing it was home also.

# TARS END BASEBALL CAMPAIGN, SPLIT TWO GAMES WITH HATTERS

By ART WEISS

For the second consecutive year the Rollins Tars baseball team wound up their regular season with twenty victories. Last Tuesday and Wednesday saw the Tars gain their number twenty but drop their sixth game while splitting the final two games of the campaign with Stetson, winning 3-1 in the opener and dropping the second game 4-3.

The first game, proving to be one of Rollins few pitching duels this season, had Tar fast-baller Bob Leader hurling against Hatter Eddie Guillard, a Rollins nemesis in the first Stetson series, "Humpty" Leader, after a little control trouble during the first three innings, stayed ahead of the batters for the remaining six frames, allowing only two men to reach base behind errorless Rollins fielding.

The Hatters scored their lone tally in the third inning on a double by second baseman Jerry

Hopkins, followed by catcher Knight's hard single to right.

Rollins scored twice in the second on singles by Dave Robinson, Dave Smith and Finnigan; and once again in the eighth frame after Connie Mack Butler singled, stole second and came across on a fielders choice and ground out.

Rain splattered the field as Stetson splattered two Rollins pitchers for four runs on ten hits in the second game. The Hatters scored twice each in the second and sixth innings. Hatter pitcher Jerry Boxer earned his fifth victory against a lone defeat giving up seven hits. His lone loss was at the hands of Rollins in an earlier game.

The Tars had their big inning in the seventh when a three run rally failed to catch the leading Hatters. However, the last out of that inning was a blast of over 380 feet by Butler which Hatter leftfielder Vince Talliani caught on the run a scant twelve feet from the Stetson gymnasium.

# Delts-Independents Makeup Tilt May Decide 1954 Intramural Softball Championship

With the Independents the only squad in the league with a chance to catch first place Delta Chi, yesterday's game between the X Club and the Indies and the yet unscheduled makeup tilt between the Delts and Indies stacked up as the crucial points of the intramural softball season.

Last week's games featured tight pitching and late inning comebacks, as the Delts, X Club, Indies, and KA's came up with wins. Don Anderson pitched Delta Chi to a 10-4 win over Sigma Nu. The X Club rallied for five big seventh inning runs to defeat the

KA's, 6-3, behind Bruce Remsberg.

Kappa Alpha broke a hard luck skein which had seen them drop three consecutive tilts on opponents late inning rallies to defeat Sigma Nu Monday, 12-9.

The standings through Monday's game:

Team	Won	Lost	GB
Delta Chi	7	1	—
Independents	6	2	1
X Club	5	4	2½
Sigma Nu	5	5	3
Kappa Alpha	4	6	4
Lambda Chi	0	9	7½

# Gal-axy of Sports

by Alison Dessau

The results of the swimming meet last Sunday were very close except for the winning Pi Phi team, which totaled 30 points. The girls swimming for the victors certainly showed great skill and persistence. Moynahan and Martin were definitely outstanding.

For the Alpha Phi's, Sidney Kromer took most of the team points, which totaled to 16. She has a fast powerful stroke and did a very good job.

The Phi Mu's, with a score of 15, were only a point behind when they took third place in the afternoon's events. Joyanne Herbert, Marie Saute, and Sally Nye all took firsts or seconds in the different events.

Kappa, with Betty Brook's smooth swimming, made most of their winning 14 points, and Theta followed with 13 points.

All the entering teams received 50 entrance points and the Pi Phi's got 25 points for 1st place championship, the Alpha Phi's 12½. High scorers for the day were respectively, Brook, Moynahan, Kromer and Martin.

All in all the '54 swimming meet was a tremendous success. The competition was excellent and

the events were run off swiftly and smoothly.

Friday May 14th, all those participating in the archery intramurals had to qualify. Saturday the finals were played off.

Winning the event was Margaret Lawcock with a score of 299. In second place was Pat McCamey who shot 232. These two girls took first and second place honors and totaled a score of 81¼ points for their groups.

The Phi Mus were in second place with a score of 56¼ while Theta and Pi Phi followed and tied, each getting 50 points. The remainder of the entering teams did not qualify but still received 25 entrance points.

The final intramural point totals for this year of intramural sports are as follows:

THETA	1053½
Pi Phi	818½
Indies	729¼
Phi Mu	706¼
Kappa	703½
Gamma Phi	688
Alpha Phi	620½
Chi Omega	495

## "MUSIC AND RELIGION," TOPIC FOR DISCUSSION AFTER CHAPEL

by Sam Barley

Mr. Alphonse Carlo not only had breadth but considerable depth, in presenting an inspiring discussion at the After Chapel Club last Sunday morning.

Mr. Carlo divided his topic, "Music and Religion," into three main divisions.

The first part centered attention on the fact that both Religion and Music were seeking perfection or an eternal. Through this discussion it was evident that music is the quickest, most accessible means of using art as communication with the infinite. Mr. Carlo summed the observation up amply in the words of Joseph Daltrey:

"Many have felt that imperfect, finite, confused man, can through great art and particularly through great music, catch a glimpse of perfection, eternity, and absolute understanding. That music like religion, gives an insight unattainable through science and philosophy, and that insight, that assurance of an understanding transcending intellectualism and of a perfection beyond the scope

of logic, is a manifestation of God's Grace."

Secondly, music plays an important role in religion throughout history. Since the earliest song, a Luterian Hymn on the creation of man, Music History has run a parallel course with the History of Religions. The two are coordinated in Greek thinking, the Bible, the Renaissance and the Reformation. A strong element in Bach's music was the result of his Lutheran background.

The final phase of the discussion dealt with the religious significance of Music. The basic assumption of this section is that music can be, for many, a powerful aid to the life of the spirit. Mr. Carlo pointed out that in many cases where the student here at Rollins is lukewarm about religion, music can often supply an emotional push needed to bring a closer contact with the house of God.

A lively discussion questioning period followed the main discussion. It was generally concluded at the end of the hour that the basic core of both religion and music was the integrity with which the person participating sought each endeavor.

The smiles indicate that everyone had a fabulous time at the Chi O Beachcomber Dance held at Dubs-dread Country Club last Saturday night doing the Bunny Hop to the music of Paul Kraham's Band. A few are shown here flashing hats captured in the scramble when they were dropped from the ceiling.
