COUNCIL TABLES ADDITIONAL INDI WOMEN'S GROUP

By Ann McDermaid

A petition for the organizing of a new Independent Women's club called the Alpha Omega Club was of major importance at the meeting of Student Council Monday night.

Shirlee Leech, spokesman for the group, asked council to give the proposed group an individual vote in council.

Among the many points concerned with the forming of a new Independent Women's club was that one strong Independent unit would be more beneficial and effective than two small ones.

It was also brought up that on a campus the size of Rollins more social groups were not necessary. Many of the groups in operation have not yet filled their quota.

However, the petition would give entering women a choice of two Independent groups.

The requested vote was tabled until the platform of the petitioners was perfected and passed by the Pan-Hellenic Council.

Representatives are being asked to take the problem in question to their respective groups for discussion.

President Denny Folken announced that Freddie Castro was the orchestra chosen for the Senior Dance.

The dance is to be held at the Aquasum on May 28th from 9 until 12. All women attending will receive 1:30 permission.

Saute To Speak On Science, Engineering At Sigma Xi Meeting

George Saute, Professor of Mathematics, will discuss the subject "Education in Science and Engineering" at a meeting of Sigma Xi Club of Rollins College, Saturday (May 21) at the Rollins Student Center.

Luncheon will be served at 12:15, with a business meeting scheduled at 1 p.m. in Knowles Hall.

Action will be taken on proposed changes in the By-Laws at the business meeting.

Students are invited to attend.

Nina Dean Speaks To Fla. English Teachers On Harris, Folklorist

Nina Oliver Dean, Associate Professor of English at Rollins, spoke Tuesday afternoon at the Barbizon Tea Room on "Joel Chandler Harris, Folklorist," at the final meeting of the year of the Central Florida Council Teachers of English.

The organization is composed of college and high school English teachers in this area.

Mrs. Dean discussed Harris and told several of his Uncle Remus tales.

Mrs. Dean, whose hobby has been southern folklore ever since her childhood in Mississippi, introduced this course at Rollins.

She has done a number of articles for the New York Times magazine on southern folklore, as well as giving many lectures on the subject in both the North and South.

She has collected material for her lectures and articles in southern rural area, especially in the North Carolina mountains.

Mrs. Dean has taught at Rollins since 1943.

"ROLLINS' ART" OPENS AT MORSE GALLERY SUNDAY

Three Rollins College seniors will exhibit art works in the exhibition, "Art from Rollins," opening Sunday, May 22 at the Morse Gallery of Art.

Janet Reas of Cleveland Heights, Ohio, will show paintings in oil and watercolor and several pieces of sculpture. Diane Cadle of St. Louis, Missouri, will have on view oil paintings, drawings, and a tile mosaic. Beverly Boothby of Hinsdale, Illinois, will display a group of paintings in oil and sculpture in wood and clay.

Works produced in the design, painting and sculpture classes at Rollins College will also be on display. This will include constructions and collages, oils and watercolors, and sculptured works in wood and plaster.

The public is invited to the opening of the exhibition Sunday afternoon. "Art from Rollins" will be on view through June 3. The Morse Gallery of Art is open daily free of charge from 2 to 5 p.m.

CHOIR AND BOOK DEDICATED TO DR. PLUMER

The anthems by the choir next Sunday, May 22, will be dedicated to the late Prof. Plumer who died May 28, 1954.

Mrs. Plumer is preparing a memorial in dedication to his life and associations at Rollins. The late professor's wife is compiling this volume of testimonial letters as a tribute to his work in the classroom and his influence on the campus.

The volume will be entitled "Richard C. Plumer, The Man as I Knew Him," and will record the many and varied facets of his personality, character and philosophy of life as portrayed by his students.

At President McKean's suggestion the book will be placed in the Mills Memorial Library as an expression of appreciation from Prof. Plumer's former students.

The presentation is tentatively scheduled at some date before May 28 of this year.

Students Required To File Schedules For Fall Quarter

Each student expecting to return to Rollins College next year must make certain that a correct copy of his 1955-56 schedule of courses is on file in the Registrar's Office before the end of this spring term. Places will be held in classes only for students who comply with this procedure. Those who are uncertain about returning are advised to register, indicating that their registration is tentative.

A copy of the proposed schedule for the coming year is posted on the bulletin board and is on file in the office of each adviser. Students should check their programs against this schedule and, if changes are necessary, should consult their advisers and make out revised plans. Those who are making no changes must report to the Registrar's Office that the programs now on file are correct.

If there are conflicts between essential courses, register for both, indicating the conflicts. They will be eliminated wherever possible.

Students who have not made out programs for next year should report to their advisers immediately and make out complete schedules for the year.

No student will be considered registered for the coming year until he has reported to the office of the registrar — either to file a schedule blank signed by his adviser or to report that no change in his schedule is necessary.

BOOK-A-YEAR ADDS MEMBERS

Two new Book-A-Year memberships for Mills Memorial Library, Rollins College, have been announced.

They are: Arthur B. Hall, Chicago, Ill., who took a membership in memory of his father, Russell Thaddeus Hall, former Rollins trustee; and Mrs. Oleott Deming, Chevy Chase, Md.

These two new memberships increase the total number of memberships to 124.

Each membership is for \$150. Interest on the membership will be used to buy a book a year for the Rollins library.

Bradley Nominated Crew Coach of Year

Dr. Bradley has been nominated for the award of "Outstanding Contributor for the Welfare of Rowing." The rowing awards are sponsored by the joint committee of the Poughkeepsie Junior Chamber of Commerce and the Mid-

Hudson Schoolboy Rowing Association.

There are ten candidates for the award. In a thumb nail sketch the contributions of the nominees are listed.

Dr. Bradley is recognized as the founder and builder of southern rowing. He has earned the respect of smaller college crews by his efforts to advance the sport. His standard set for small college rowing is unequalled, and his generosity with time and money to help young men receive an education is well known. He maintains the sport up to the finest sportsman's ideals.

Of all the candidates Dr. Bradley is the only coach from a small college. This amply illustrates the outstanding performance of his contribution to small college rowing.

Most of the other candidates are either from large colleges or associated with the various Olympic rowing activities. Among them are Joseph W. Burk, Coach, University of Pennsylvania; Russell S. Callow, Coach, U. S. Naval Academy; Carroll M. Ebright, Coach, University of California.

Other outstanding figures nominated for the award are Clifford Goes, chairman, U. S. Olympic Rowing Committee for eight years; John J. Carlin, Member, Olympic Rowing Committee; W. E. Garrett Gilmore, Olympic Champion 1932.

At the Rowing Citation Award Banquet, to be held June 14, in the Nelson House, Poughkeepsie, N. Y., both the "National" and "Mid-Hudson Area" awards will be presented.

On May 20, the votes will be tabulated by a panel of judges, including representatives of the press and radio. Official results will be filed with the Sports Editor, "The Poughkeepsie New Yorker," for inspection by the public.

Bits O' News

At the Chapel Staff meeting last Tuesday at Dean Darrah's home, new officers were elected and the seniors presented their letters of resignation. The new officers are: president Bill Fathauer, vice-president Allison Desau, sec. Phillis Lockwood.

The Interfraternity Council held elections May 9. The new officers are: Norman Gross, president; Frank Swanson, vice-president; Bob Finney, secretary.

Ken Brown, 1951 Rollins graduate from Winter Park, was recently on the Art Linkletter T.V. program. For selling a \$50 insurance policy for the end of the world, he won a trip to Las Vegas for a week with all expenses paid.

Don't forget the Chi Omega-Kappa Alpha Beachcomber's Ball Saturday night which will be held at the American Legion Hall in Winter Park.

There was a meeting following the Libra service held in the Chapel Monday afternoon initiating Sue Dunn and Sis Atlans. The new Libra officers are: Shirley Miller, president; Sue Dunn, secretary.

Bradley

ROLLINS AWARDS SCHOLARSHIPS TO HIGH SCHOOL SRS.

Four Florida high school seniors have been awarded Florida Honor Scholarships by Rollins College. The scholarships will cover most of their college expenses next year, and are renewable annually.

Making highest score in the scholarship competition was Marjorie Ann Myers, a student at South Dade High School, Homestead. Three others receiving awards were Rex Stanley, Baker High School, Baker; David I. Blanchard, DeLand High School, DeLand; and Thomas V. DiBacco, Sarasota High School, Sarasota.

Miss Myers is active in student affairs. She was a member of the Journalism Club, Y-Teens Club, Dolphin Club, the Chorus, the Junior-Senior Prom Committee, Drill Squad, and Volleyball Team. Her name was listed first on the honor roll.

Rex Stanley was president of his

Classes for seniors will end 1:00 p.m. on Saturday, May 28 and for undergraduates classes will end Thursday, June 2 after C period. All students must vacate their dormitories by noon on Saturday, June 4.

class at Baker High School for two years. He was a member of the Student Council, appeared in class plays and tied for Valedictorian.

David Blanchard was treasurer of the National Honor Society, a member of the Dramatics Club, Spanish Club, Glee Club and the Annual Staff. He was also winner of the Voice of Democracy contest and appeared in the Junior class play.

Thomas DiBacco has been active in high school affairs. He was president of the Key Club, president of the Student Body and Senior Class, a member of the National Honor Society, and the Track Team. His other activities included membership in the National Thespian Society, Glee Club, and National Forensic League; and he was also on the Board of Directors of the Community Chest.

All four are straight "A" students.

J. Roy Dickie, center, presents President McKean with a baseball signed by the team as Mr. Coulton Craig extends his congratulations to McKean for his fourth year as President of Rollins.

Financial Report

The following is the annual financial report of the Rollins Sandspur beginning with the first issue in Septmeber 1954 and concluding with the last May 1955 issue. The figures are correct as to the estimated expenses for May.

EXPENSES:

Printing	\$4,190.00
Engraving	930.00
Photographs	300.00
Salaries	1,060.00
Commission (to date)	267.47
Miscellaneous	250.00
Total expenses	\$6,997.47

INCOME:

Paid Advertising	\$2,045.50
Unpaid Advertising	629.20
Subscriptions	86.00
Student Council Appropriation	5,500.00
Total Income	\$7,760.70
Total Income	\$7,760.70
Total Expense	\$6,997.47
Balance on Hand	\$ 763.23

McKean Celebrates

President Hugh F. McKean celebrated his fourth anniversary as head of Rollins College on Friday, May 28, and Rollins with this celebrated another successful year.

The 1955 graduating class is the first official one under the McKean administration, and it might be stated that proportionately more four year seniors are taking part in the commencement exercises than any other year in Rollins history. Certainly a compliment to Mr. McKean.

His reign has, inevitably, had its problems but the excellent handling of them by President McKean is paying off as we have seen this year. His being one of forty invited to attend the first convention of young college presidents and recently elected president of Associated Florida Private Colleges are only two examples.

The real proof of the McKean pudding, though, is that there are three times as many applicants for Rollins this year.

"Stroke"

Almost every afternoon from October until May the cry of "stroke" rings out across the water of Lake Maitland. There is probably no group of Rollins students working as long or hard as do the men of the crew. And it is certain that few groups have the leadership and devotion to a cause that is exemplified by Dr. Bradley.

This year followers of the Rollins crew were treated to the sight of the Tars outclassing six opponents, and losing only to one of the country's great crews. Hopes were high when this group of oarsmen left for Philadelphia, seeking a crown that has eluded them for many years. The final results found our boys losing by a margin that seems almost too ridiculous to mention, THREE inches. Decisions may show otherwise, but it would be hard to convince us that Rollins isn't the champion of small college crew.

RF

Letters to the Editor

Dear Editor:

I would like to take this opportunity to express what I believe is the general feeling of the students who attended the all day conference at President McKean's home last week.

As in the past, the most pressing problems of both students and faculty were discussed at length. Whether anything was accomplished and to what extent is a question that only the future can answer.

Yet the faculty who were present were certainly an inspiration to most students. Nowhere have I seen a more intelligent, interested, and hard-working group. Their sincere concern for the students' welfare is outstanding.

It is because of faculty like these and their fellow workers that Rollins is the outstanding college that it is.

Sincerely,
Carol Farquharson

Hooker Hall
15 May 1955

Dear Editor:

After a few tea-cup storms, the school-year is coming to a tranquil close. In this school, as in the world at large, one tenth of the people seem to cause nine tenths of the trouble; and we can be sure that next fall, when people again gather on the campus, human problems are bound to arise.

It is hoped that next year the school will take more stringent measures against offenders in the realm of general conduct. In the past, Rollins has been quite lenient with student wrongdoers in the hope that they would come to see the error of their ways. But why allow students to return here year after year if they show no signs of improvement? Some members of the campus under-world have been given so many chances,

they have come to look upon clemency as a right. Forgiveness loses its effectiveness if it is universal.

It is suggested that continued minor misbehaviour be grounds for dismissal from the college, or at least a request that the student not return the following year. To be sure, this will not help the student involved, but it will certainly help the college. It is often difficult to catch students who commit major offenses; but people usually run true to type, and those responsible for continual minor misdeeds are surely also to blame for most of the mysterious major atrocities that happen by dark of night. If the college refuses, on the grounds of chronic misbehaviour, to allow bad boys to return here after their sophomore year, or in some cases their freshman year, there should be such beneficial results as fewer traffic offenses (fortunately there have yet been no really serious accidents), decreased mutilation of library books, less noise around the dormitories at night, less malicious criticism and less disloyalty to the college.

No-one expects perfection or miracles, but some students have responded to kindness by hurting the school time and again. To allow incorrigibles to return year after year seems the heart of soft-hearted foolishness. Apart from the trouble they cause the administration, faculty, and other students, these problem children are extremely expensive to the school. The college needs more money, but is not likely to get it unless the students are reasonable human beings.

Let us not sacrifice the general welfare to the whims of the selfish few.

Yours sincerely,
John S. Wilson,
Class of '56

College Papers

SPOOKY SPARKLES IN THE SINK?

MOBILE, ALA. —(ACP)—Boards at Quinlan Hall on the campus of Spring Hill College here didn't mind the ghostly footsteps in empty corridors, nor the eerie murmurings and clanking chains that disrupted the wee hours of the mornings. They were willing to overlook the hollow laughs that came out of nowhere, too.

But they were finally aroused by multi-colored sparks erupting from a wash basin in one of the rooms. Investigation proved no electrical connections anywhere near the sink, nor were any cigarettes dropped in the basin.

All attempts to locate the source of the spookery, reports The Springhillian, have been without success.

* * *

LASSES IN GLASSES CONTEST

HOUSTON, TEX. —(ACP)—Just to prove that "men will make passes at gals who wear glasses," the University of Houston recently conducted a "Beauty in Glasses" contest, according to The Cougar, campus newspaper. More than a score of lovelies entered, the winner receiving a \$25 defense bond.

* * *

ARE YOU WRIGHT OR WONG?

SAN FRANCISCO —(ACP)—Seated next to each other in a psychology class at City College here are two students named Wright and Wong, The Guardsman reports.

* * *

ROTC TURNED DOWN

(ACP)—You don't say no to Uncle Sam, so the military department was rather nonplussed when a prospective freshman declined

its offer of compulsory military training at Louisiana State University.

In reply to an information form explaining that two years of basic military training are required at LSU of all physically fit male students between 14 and 23, one freshman wrote:

"Thank you for your generous offer to let me join the ROTC at LSU. I assure you that I would deem it the greatest honor ever to come to me. After giving the matter deep consideration, I have decided that it would be best if I declined your offer."

The freshman refused the offer "because of the advantage that it would give me over the girls on the campus."

The red-faced military department plans no action in the case because the he turned out to be a she.

—Daily Reveille (Louisiana State University)

FIRE DESTROYS BIOLOGY EXAMS AT NYU

NEW YORK —(ACP)—Destruction of biology final examination papers was given as a motive for a \$2,000 loss due to fire at New York University. In addition to the examination papers, almost all of the professor's research and graduate notes were completely burned. These notes, including his lecture notes, represented an accumulation of many years' work, the Heights Daily News reported.

The plant department superintendent said that while the arsonists have not been found, it is generally believed that they were students. "This view is further substantiated," the Dailey News says, "by the fact that nothing was stolen, since a typewriter and other items of value remained unburnt after the fire."

The Chapel Tower

By T. S. Darrah

This is a speculation of Grahm Wallas quoted by Ralph Barton Perry. "If the earth were struck by one of Mr. Well's comets, and

if, in consequence, every human being now alive were to lose all knowledge and habits which we had acquired from preceding generations . . . nine tenths of the inhabitants of London or New York would be dead within one month, and 99 percent of the remaining tenth would be dead in six months . . . The white race would probably become extinct everywhere. A few primitive races might live on fruit and small animals in those fertile tropical regions where the human species was originally evolved, until they had slowly accumulated a new social heritage."

Such is our dependence and debt to the heritage of the past.

By Footloose

It is with blood-shot eyes that we take pen in hand the last time, and close a journalistic career of blasphemy and cynical viewpoints. During the course of the year we have both criticized and praised various campus issues as we saw them. At all times we have tried to be fair, but realize of course that occasionally a few feelings were hurt and a few toes stamped on. However, and faculty and students will substantiate this fact, the minor injuries to the minority were inflicted for the benefit of the majority.

Last week our successor to this column (who might never have been had we not recommended him) saw fit to use this vehicle as an instrument with which to ridicule his predecessors. We have particular reference to his statement, in regards to Mr. Dearing, that ". . . even this column was used as an instrument to deride him." Our journalist friend referred, as you all know, to the Problem concerning the Theatre Arts Department. Some of you may strongly believe that there is no problem in the department mentioned. Our premise for this opinion, in this labyrinth seemingly without clue is simply—Mr. Dorset has resigned — Mr. Hill has resigned—Mrs. Nicholson has resigned—(she incidently is Mr. D's personal secretary, or should we say, was.) No doubt these people have valid reasons for handing in their resignations, i.e. from wanting to teach English to the desperate desire to visit the lovely and thriving state of Georgia, U.S.S.R. We honestly hope that there is a solution to this desideratum, and that there will be enough of that white stuff around to ease the rough sledding ahead for Mr. D and, from the way it looks at the moment, his assistant Mr. Allen.

GourMAYES CORNER: It wouldn't be fitting to write this last column without some mention of Chez Mayes. There were many pros and cons throughout the past year regarding the quality of the belly timber served up by the ladies in white. We would like to note that the food couldn't have been too bad for everyone seems to have passed through the Shadow of the Valley of Death—unscathed.

In this our eleventh hour, as we give the final turn of the screw, we wish to thank all of you for your encouragement, and support that has made this column Number One in the Sandspur Hooper rating.—If we had to do it all over again . . . ordure!

More Worst Movies Of 1954

ATLANTA, Ga. — (ACP) — "The ten worst movies of 1954" were listed in the Emory Wheel, by columnist Larry Custer. Two among his choices were:

The Adventures of Hadji Baba

— We could never figure out how those tire tracks got out in the middle of that desert.

Desiree — The ladies were costumed attractively, but we will never be able to accept Napoleon as a great lover.

Why do more college men and women smoke VICEROYS than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
4. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 TINY FILTER TRAPS . . .
plus Richer, Smoother Flavor

ANNUAL NAT'L. COLLEGE CONTEST OPEN FOR COEDS

The Annual National College Queen contest will be held at Convention Hall in Asbury Park, N. J. next September 9-11, 1955. The contest seeks to select the most beautiful and brainy college girl in the nation.

The winner will receive \$5,000 in prizes including a grand tour of Europe; scholarships; and wardrobes. Each entrant must compose an original essay on the subject, "What A College Education Means To Me."

Judging in the contest will be based on 50% for beauty and 50% for brains. State college Queen finalists will receive round trip transportation to compete in the grand finals in September.

Deadline date for receiving requests for entry forms is midnight, July 15. The purpose of the contest is to select and honor the nation's most outstanding and all-around versatile college girl.

Undergraduate college girls between the ages of 17 and 24 years are eligible to enter the contest. Free entry blanks as well as complete contest information can be obtained by writing to: College Queen Contest Director, Convention Hall, Asbury Park, N. J.

Weilenmann Presents Piano Recital Tomorrow Night

Richard Weilenmann, Winter Park, will be presented in his Senior piano recital by Rollins College Conservatory of Music tomorrow at 8:30 p.m. in Annie Russell Theatre.

A graduate of Winter Park

Weilenmann

High School, Weilenmann has been active in Rollins musical circles during the past four years. He is past librarian and secretary of the Chapel Choir, member of the Student Music Guild, secretary of Pi Kappa Lambda, and formerly

sang with the Rollins Singers.

He appeared in the musical production "Ruddigore" which was presented in Annie Russell Theatre.

A pupil of Prof. Walter Charmingbury, he studied on a scholarship for two summers at Westport Point Chamber Music Center under Madam Yves Chardon. He is the former winner of a Chautauqua piano scholarship, and played as soloist with the Chautauqua student symphony.

On his program Friday night Weilenmann will play: Italian Concerto by Bach; Sonata Opus 53 by Beethoven; Impromptu Opus 31 No. 2 by Faure; Prelude Opus 32 No. 12 by Rachmaninoff; Poeme Opus 32 No. 1 by Scriabine; Scherzo by Griffes; Waldesrauchen by Liszt; and Mazurka Opus 24 No. 1 and Fantasie Opus 49 by Chopin.

Weilenmann is the son of Mr. and Mrs. Oscar Weilenmann, 1144-A Washington Ave., Winter Park.

Least We Forget Who Serve Us So Well

The editors apologize for not including this information in last week's story on the Phi Society Quiz Show.

The Rollins Team: Kay Klein, Shirlee Leech, Gordon Hahn, Darlene Dicks, and Chickie Robertson. Dr. Ted Beiler, sponsor of the Stetson group, was score keeper for the contest.

Phi Beta Brings "Mr. Angel" To Fred Stone On May 24

By BEV STEIN

"Howdy, folks. My name is Slim, and where I come from, the 'Flying Angel Ranch', rumor has it that thar's gonna be a top-notch production comin' real soon (May 24th at the Fred Stone Theatre) all about a guy, or somethin' called 'Mr. Angel'. Now when I heard that, I came down rite away, cause I got the inside dope that everyone should see it. Besides seein' a hil-a-rious (well, anyway, comical) show when it hits earth (oops, I mean town), I was told that when you come, all of the money goes to a worthy cause; you know, scholarships for needy mortals. I do believe the Phi Betas deserve real credit for sponsorin' it.

Now keep this juicy news under your wings, but I've been hangin' around, watchin' the so-called rehearsals, and nearly flipped my boots I laughed so much! But sometimes I get sleepy waitin' for them actors to finish, cause they all work till the wee hours of the mornin' tryin' their best to be just perfect for when you'll come to the play.

Some of the characters really fascinate me. 'Specially the one with a good ole Texas drawl. He reminds me of a body I know from somewhere, but can't place him for sure. Oh well, maybe it'll come to me . . .

There's a couple called Lydia and Stacy Bolton, kinda 'theatrical' folks, who both do a simply wonderful job. I sure am glad that the little girl (I reckon that's what she is) called Item chooses them for her parents. Even though, she has a heck of a time tryin' to convince the others that the Bolton's are really 'human'. What am I saying???

But there's one gal I personally am hankerin' for, a playwright called Daphne Peters. She sure sets a body stampedin'! I can't tell you much about her now, cause, well, I'm kinda stuck on her, and her husband, Tony, doesn't 'specially like the idea. (I kinda think he's the jealous type!)

The other mortals in this play also do a grand job. I must mention Gloria, and her 'helpers', Stella, Pearl, and Regina. They

are (of all the crazy things), ANGELS, who came to Earth to help Item find a home. Another smart one is that housekeeper, Mrs. Sawyer. She has some good ideas, and could make a swell 'bookie' if her luck holds up. But the two Detectives, Harrison and Jennings, always try their darnedest to foul up the whole scheme of the play. You know, I still don't know what the outcome is . . . every night about the same time somethin' explodes, and suddenly disappears! Now YOU figure it out! What DID happen, Heaven only knows . . .

Take it from a reliable source, with such a capable director as Mary Enck is, this 'Mister Angel' comedy is a 'must' to see. No kiddin', it's really heavenly!!!"

"ROYAL FLUSH" IS REVIEWED AT ANNIE RUSSELL

By C. J. STROLL

Maybe I'm superstitious, or perhaps just a little bit too well indoctrinated by the quality of the musical plays seen on the Broadway stage.

The "original" musical farce by Dewey Anderson was indeed a "farce" in every sense of the word. However, since everything must have some good qualities to its merit, I shall try desperately to extract from the dismal production of "The Royal Flush" some shining qualities.

The scenery used in the production was most effective as executed by the talented Camma Ward, Darlene Dicks, and the class in stagecraft. The lighting effects, likewise added tone and occasional effervescence to a dreary plot.

When the play first started, Ford Oehne cavorted in front of the curtain in a clever bit of prologue, designed to warm-up the audience for the fol-der-ol which was to strike. His costume, manner and delivery were admirable. This pleasant bit of nonsense was sadly overshadowed, however, when the curtain rose and the King and Queen took their places. Sally Sowers, as Queen Winifred, put great technique in her clever line, "Oh, pooh!" which she was required to say innumerable times throughout the production. Mr. Layng, in the role of the king, also fought masterfully with his nonsensical lines.

Like all "original" stories "The Royal Flush" contained a charming, if not assembly-line type of ingenue, Sylvia Graves. Miss Graves' charming personality and lovely voice were lost completely in the lines and song she was required to speak and sing.

"You n' Me" sung by Alan (Dick Dixon) and the Princess was the most enchanting number of the show. This piece shone with that magic which goes into making of a hit tune.

This reviewer could rattle on endlessly about the merits (which were many and the demerits (many, many, many) of "The Royal Flush." Perhaps next season the Independent Women will have better luck in their selection of a production.

Sandbox

by SPOONBOY

The tumultuous social season at Rolly Colly is fast drawing to a close. The arbiter is exhausted and is looking forward to a restful summer on the Cape.

The Club had a real big blow-out at the Pelican this past weekend. The only mishap occurred when the Jewel went in swimming and left her glasses on the beach and a big bad car came by and rode over them. A few Clubbers and dates were: Sandy Taylor, Cannonball Wilson; Jewel, Face; Pat Feise, Matt Sinnott; Debbie DeLaney, Eddie Overstreet; Trinket Smith and George Kosty.

Betty Brook and Ruth Hart played packing boxes with Ann Bowers room Saturday night. It seems that it took them four hours to achieve their goal.

Sylvia Graves was the honoree at a luncheon given by Phillis Lockwood and her mother and also cleverly arranged shower by her sorority sisters.

The Colonel Bill Preish entertained the "crew widows" with a dinner out at the Officers Club Sunday night. The lovelies attending were Barbara Neal, Jackie Crinigan, Larry Kaelber, Delle Davies, and Nat Rice. The host was thoughtful enough to bring dinner to Bebo Boothby who was unable to attend.

Heard over the Grape-vine that Elsie Juchem had an accident at the opening of the Royal Flush. It seems the Dior she was wearing backed into someone's cigarette in the Green Room. Says Elsie, "I am positively livid!!"

The Delta Chis had an all day ball at Sanlando Springs Saturday. The Party Punch served up was the greatest with contents being every-thing from the kitchen sink on. Party People included Judy Strite, Bill Fathaur, Karen Fris, Phil Lubetkin, Kim Mainwaring, Nick Waln, Margie Bristol, and Ken McCollister, and many others.

It's great to see Dian Rausch and Don Weber on the campus again for a visit.

Swimming and various goodies were enjoyed at the cast party for "The Royal Flush" at Dolly Evelyn's house after the final performance Saturday night.

Pledged: Hank Staton, Lambda Chi Alpha.

Initiated: Lee Beaker, Jill Stallings, Gamma Phi Beta.

Design Course Projects Produce Interesting Work

If you've never gone upstairs in Carnegie Hall, turned to your left, and entered the art room there, we'd advise you to do so.

Upon entering, you will be fascinated by the display of art work that meets your eye; work including everything from murals to wallpaper design to wire structures and mobiles.

For it is here that Prof. Rostand

formed. Its primary concern is "designing with materials."

One of the first projects was a model home construction, for which the students created a miniature home out of black and white cardboard.

Another project was a three-dimensional construction of painted wood and wire. Other work includes black and white studies, jewelry, mosaics, paper mache animals, and experimenting with backgrounds. This entails creating a design over a multi-colored background.

One of the most useful projects was the construction of mobiles. These are made of wire, wood and colored paper or plastic. An interesting mobile which now hangs in the room is one of the African continent including the African states hanging in subordinate positions. Many students find these mobiles useful in their own rooms for added color and attraction.

Another interesting exhibit is the "Animals That Never Were," a project where students first created animals with colored paints or chalks and then reproduced them with paper mache.

As far as future class plans are concerned, Kelly reports that next on the agenda is advertising design. Kelly will teach his students to use advertising design "as a professional would present a magazine cover to sell."

Kelly himself got his start in the art field as a youngster in a Day School in Pennsylvania, where he took art lessons and also appeared in creative plays. He describes himself then as being "a good hooper with an Irish tenor."

When he was 15 years old, he went to Europe. After his return he finished his M.A. at Columbia, then took his first job as a social

Kelly

Kelly holds his Applied Design class A and B periods every morning. This class, composed of both art majors and non-art majors, work in all types of medias, including paint, chalk, string, wax, and crayon.

The purpose of the class is "to use the principles of design in designing a home," Kelly interesting modern work that can be applied to earning a living or

Barbara Howell, a student of Professor Rostand Kelly's Applied Design class, surveys some of the work done this year. Students work in medias such as paint, chalk, wire, string and wax.

studies teacher and later the art director at Buckley School for Boys.

In 1942 he was commissioned as an ensign in the U. S. Navy, and did personnel work for them in Washington. He was recalled again during the Korean war and released in 1953. Kelly reports that as there were no teaching jobs available at the time, he took a 10-months tour of Mexico, Italy, France and other European countries, "with the purpose of visiting all the art centers."

On his return he continued working on his doctorate at Columbia and reported his plans to continue this work this summer. Kelly, while at Columbia, taught an art course, "Arts In Childhood Education," and plans to teach one this year entitled "Designing With Materials."

Kelly feels that "if one can teach children well, he can teach any age group." And evidently this philosophy is correct, for it has been proved in his Applied Design class, whose work is there for all interested students to see. If you want a look, just browse through the classroom any day — it's well worth your time.

E Pluribus Nihil

As you read this, turn to the student next to you and ask him if he saw "Royal Flush." Box office odds will grant you he didn't. It was poor backing for an excellent technical piece of work that was accomplished by Rollins' own students.

Carpenter

The proceeds of the show went to a scholarship fund, yet interest as usual was poor and thus the till was rather small. It seems to be that way in any college. Why, nobody seems to know. Students are willing to enjoy the weekends of other schools but won't support their own functions.

Is it asking too much for one

part of a group to give up something of its own so that the other part might make the whole stronger? I don't think so.

In the throes of the human adventure tragedy strikes quietly, without warning and leaves as abruptly. Yet the impression marking its trail is deep enough to spoil the few peaceful areas man finds in his short existence.

Tragedy has power to change personalities in a way that is unbelievable; yet the power of this metamorphosis is forgotten almost as soon as the tragedy is past. The tragedy I speak of is death, and the metamorphosis is that of a friend.

To a person who is not connected with death, it is quite difficult to comprehend the mental and physical make-up of those involved. Yet the bystander can realize a change, if one takes place, in this case, the death of a friend's father and the effect it had on that person. I knew this person well and the change was simple; from snobbish sobriety into down-to-earth sincerity. The student isn't returning to school this term and therefore will start again next fall. I wish wholeheartedly the all too frequent Rollins condemnation won't be strong at that time. He deserves a second chance, and I know he will benefit by it.

THETA'S SPLASH TO SWIM TITLE OVER KAPPA'S

By MELISSA HUDGINS

The Kappa Alpha Theta's won the Intramural Swim meet Sunday, scoring a total 100 points.

Kappa Kappa Gamma sorority placed second with 83½ points. 67½ points gave the Alpha Phi's third place.

Kay Dunlap, Theta, placed first in the 25 yd. breast stroke. The KAT's were also 2nd and 4th in diving and first in the relay, setting a record of 2:16.1. Composing the relay team were Judy Bygate, Susie York, Mary Ann Weil, and Kay Dunlap.

Betty Brook captured the diving title for the third consecutive year. She was also individual high point scorer for the entire swim meet, placing first in the 25 yd. dash.

Jane Moody, Joy Ann Herbert and Ginger Carpenter placed 2nd, 3rd, and 4th, consecutively, in diving.

Leigh Hay, Alpha Phi, outswam Pat Thompson and Dunlap to win the 25 yd. back-stroke in 16.2 seconds, bettering last year's time 1.4 seconds.

Barbi Moynahan, Pi Phi, held a steady pace in the 50 yd. free-style sprint, taking a first in 32.2.

Plunging for Kappa was Margie Bristol, "holding out" for 51'6", outdoing competitive plungers' distances by three feet.

Pi Beta Phi, who won last year's meet, placed fourth, totaling 66½ points. The Gamma Phi's and Independents followed with 53 points each; Phi Mu's were next with 52.

Netmen Defeat FSC In Lakeland Match To Complete Season

Stormy weather greeted the Rollins netmen as they invaded Lakeland for their last scheduled match of the season against Florida Southern Saturday. The Tars subdued their near-by neighbors, 8-1, giving them a season's record of 11 wins and six losses.

The only loss of the match for Rollins occurred when Memo Garcia was forced to default as a result of a severe migraine headache.

A difficult task lies ahead of Coach Jim McDougall as he must fill the gap left by graduating seniors Chuck Warden and Nano Garcia. Next year's squad will have its core in George Longshore, Guy Filosof, Memo Garcia and the possible addition of two scholarship players.

On May 17, the Tars will play an exhibition match against Pinecastle Air Force Base on the Rollins Courts, putting a finishing touch to a successful tennis season.

Kappa Betty Brook shows the near-perfect diving form that gave her first place in diving at the girls Intramural Swim Meet Sunday.

Tars Second At Dad Vail, Close Succesful Season

"Without any reservation it was the best crew I have ever coached in my 18 years at Rollins and this is the first time I have ever made such a statement," Dr. U. T. Bradley was speaking of his gallant varsity that lost a heart-breaking duel with Dartmouth College in the Dad Vail Regatta at Philadelphia last Saturday.

So close was the finish between Rollins, runnerup at the regatta for the last 6 out of 7 years and Florida State Champions, and last years Dad Vail Champions Dartmouth, that the judges deliberated 20 minutes before coming to a decision. Dartmouth won it be a hairs-breadth of three inches to take the 13th running of America's small college rowing championship.

Brad, standing at the finish line, thought the race to be a dead heat. However as Brad pointed out the judges were extremely competent and called the race as they saw it. "I have no complaint with the officials," Brad said, "and would welcome these same officials in any future meets Rollins might be in."

Four of the ten crews that made an appearance at the regatta were eliminated in the morning heat. Taking third behind Rollins in the dash for the honors was LaSalle followed by Amherst, Brown and Florida Southern.

Rollins battled neck and neck with LaSalle and Dartmouth midway in the race before Rollins grabbed a slight lead over the hometown Explorers. The Tars clung to the slim margin until the last stroke when the Big Green closed on Brad's Boys.

Coach Bradley must now contend with the problem of replenishing the vacancies left by graduating lettermen Gene Bryant, Jim Robinson, Norm Gross and Frank Thompson. Much of next years varsity manpower might be provided by this year's J.V.

Shorts In Sports

by Melissa Hudgins

Everybody has patted everybody else on the back for a job well done, and now that intramurals are all over, we can go home wearing a cheery smile, satisfied that we've all done reasonably well; in our group's individual capacity, anyway.

The Theta's, athletic creatures that they are, made a clean sweep at the swim meet last Sunday, boosting their final Intramural score to 968½ points.

Betty Brook, a little bundle of turmoil when let loose in the water, led the high point scorers in the meet Sunday. Each year, spectators look forward to Betty's performance.

Kay Dunlap didn't take long to get back in top shape after being absent from last spring's meet. Speed and form — positive plus!

Leigh Hay, Alpha Phi, has quite a name for herself in the swim world, although you'd never know it by Leigh. Besides holding several swim titles in Hawaii, she beat a record of Florence Chadwick, in a three-mile ocean swim.

William Tell told his tale in the archery meet Saturday; Phi Mu Camma Ward hit the bulls-eye with a score of 245. Frances Capehart, Chi O, and Mary Martin, Pi Phi, tied with a score of 238. Cindy Wellenkamp added to the Phi Mu's victory placing fourth. KAT and Alpha Phi had 50 points. Gamma Phi, Indies and Kappa scored 25.

It was a sad day for the Pi Phi "Angels" last week when Jackie Crinigan lost the first flight of the golf meet to "Mart" Leavitt,

Alpha Phi Ann Todd was defeated in the second flight by Kappa Bonnie Edwards.

"Lil Bear" Marlene Stewart hopes she will be able to play the championship finals with Roma Nuendorf sometime before school is out. She got out of the hospital on Saturday after suffering an acute case of tonsillitis. Nice to have the smiling face back amongst us!

1954-55 WOMEN'S INTRAMURAL STANDINGS:

Theta	968½
Alpha Phi	712½
Pi Phi	613
Kappa	809½
Gamma Phi	450
Phi Mu	400
Chi O	349½
Indies	210

CLUB SWAMPS SIGMA NU 23-1; CAPTURES LEAD

The Delta Chi's will close out their intra-mural softball season Wednesday in a "must" game with the Sigma Nu's. The Deltas must win if they are to remain tied for first place with the X-Club.

On Thursday May 12, the Delta Chi's by-passed the Indies by a deciding score of 13 to 3. Four days later the Clubbers, keeping up their intense pace, smothered the Sigma Nu's under a shower of hits to win the one-sided game 23 to 1.

Yesterday the Club overcame the Lambda Chi's and now can sit pretty while waiting for the results of the Sigma Nu-Delta Chi game scheduled for Wednesday. Should the Deltas win, the league would stand on a two-way tie between the Delta Chi's and the X Club. In such a case, the date for a play off would be decided between the parties involved.

AIR-CONDITIONED

The Locker Room

by Jim Locke

The orchestra is tuning up for that inevitable moment when on June 3, 18 of Rollins' heroes, to the strains of "Pomp and Circumstance", will trade in their muscled for cap and gown and make their misty-eyed exodus from college competition and Rollins.

The long black line will trod forth to receive diplomas and once armed with this symbol of having survived four years of college may march bravely forward to conquer life's obstacles with the same pluck and valor that brought some small prominence to themselves on the various fields of athletic endeavor. Watching the solemn procession will be Monsignors Justice, Nyimicz, McDougall and Brasley, who might be inclined to start humming the coach's lament, "Graduation Is Breaking Up That Old Gang Of Mine". It is not improbable that next year this same quartet could start harmonizing on a blues number, "Where Are You Now That I Need You".

Baseball will be hardest hit as a large-sized chunk of a Rollins

investment made four years ago will go by the boards. Taking their leave for more gainful pursuits will be BOB MacHARDY, first baseman with a four year batting average of .290. DON FINNIGAN,

Locke

a veteran catcher and one of the best little backstops in college ball, will depart with a .249 average for four seasons. CONNIE MACK BUTLER, the formidable left fielder for the Tars and an All-American

last year, swung his Louisville truncheon for four years in assembling a .310 average. DAVE ROBINSON will also leave. He was valuable in the Tars' bid last year for an N.C.A.A. berth.

The mound corps loses two first line pitchers in All-American BILL CARY, a portsider who amassed a 27-5 record for Justice and an earned run average of 1.81, and DON TAUSCHER with a 17-12 total and an E.R.A. of 2.80. Graduation claims FRANK HUTSELL who picked up an 8-5 record while toiling for Rollins.

Basketball coach Dan Nyimicz must fill the vacancy left by seniors BOB MacHARDY and this year's captain BILL COST MacHardy ended his collegiate days on the hardwood averaging 15.3 points per game. Cost, a four year letterman, had an excellent outside shot and played a steady floor game. He led his team to a 14-12 season and an upset victory over N.Y.U.

GENE BRYANT, a two year letterman and JOHN THIBODEAU, a three year veteran, will leave Bradley's crew, as will JIM ROBINSON, NORM CROSS and FRANK THOMPSON.

Golf witnesses the departure of BRUCE REMSBURG and BILL BOGGESS. Both men shoot in the seventies.

Tennis suffers a severe loss as its number one player, CHUCK WARDEN, will not be back, nor will its number two player, EDUARDO GARCIA.

Rollins fleet-footed outfielder, Connie Mack Butler hits the dirt as he safely gains third base on a passed ball in Friday's game with Stetson. The Tars closed out the season with two wins over the Hatters.

VANCHO SNARES BATTING CROWN; LEADS IN RBI'S

Shortstop Nick Vancho came all the way from a .260 average in 1954 to lead the Rollins hitters in three departments this season, according to the final batting and pitching averages released this week by the athletic office.

Vancho hit .347, smashed 10 doubles, and knocked across 26 runs to lead the Tars. Five other Tars hit .300 or better, led by freshman Ron Paiva at .320, Jim Doran at .318, Al Fantuzzi at .317, Elmer Lott at .309 and Don Finnigan at .303.

Doran led the team in homers with four, while Connie Butler led in runs with 25, triples with 3 and stolen bases with 16.

Art Brophy held a slight edge over the Tars other ace lefty Bill Cary with a 7-1 record and 1.9 earned run average. Don Tauscher led the team with 65 strikeouts.

Player	AB	R	H	RBI	Avg.	
Vancho	95	19	33	26	.347	
Paiva	81	12	26	8	.320	
Doran	83	22	28	17	.318	
Fantuzzi	104	21	33	11	.317	
Lott	42	8	13	7	.309	
Finnigan	89	23	27	12	.303	
MacHardy	97	15	29	11	.298	
Butler	115	25	32	23	.278	
Hullhan	23	9	4	2	.174	
Robinson	57	8	8	4	.140	
Moody	11	2	0	1	.000	
Player	IP	H	SO	W	L	Era
Brophy	66	45	59	7	1	1.90
Cary	62	54	35	6	1	2.03

Richmond	7	5	5	0	1	4.26

Tars Complete 21-6 Season As NCAA Still Undecided

Whether or not Rollins would get a return trip to the N.C.A.A. playoffs was still in the hands of the Third District Committee in Charlotte, N. C. early this week.

The Tars completed their regular season last weekend with a pair of routes over Stetson, 11-0 and 6-1, giving them 13 victories in a row and a season's mark of 21-6, even better than last season's nationally prominent nine was able to post during the regular season.

If Rollins gets the independent bid again, it will play Southeastern Conference champion Alabama next week, with the playing site to be decided by a flip of a coin. The Tars defeated Alabama, 2-0, in their season's opener late in March.

There was also some possibility that Rollins would play another independent squad this weekend for the right to play Alabama.

If the tournament speculation weighed heavily upon the Tars Friday and Saturday, they didn't show it as they easily made it four straight over Stetson behind a pair of masterful pitching performances by Don Tauscher and Bill Cary.

Tauscher struck out 13 men and scattered five hits, never more than one in an inning in clinching his sixth victory. It was his second shut out this season.

The Tars coupled eight hits with a collection of Hatter walks, miscues and passed balls. Nick Vancho batted in three runs with a double and a sacrifice fly, while Don Finnigan and Bob MacHardy each chipped in with a single and double.

Seven bases on balls and five passed balls contributed by Stetson in the first two innings aided the Rollins cause considerably.

Cary spaced seven Hatter singles in climaxing a brilliant

collegiate career in the second game. The win was his sixth this season against a single defeat. He struck out seven and walked one and allowed only one hit after the fifth.

Rollins could garner only eight hits behind him, but those hits came at opportune moments. A walk, error and Vancho's single accounted for two runs in second.

A trio of Stetson singles off Cary gave the Hatters their lone tally in the third to narrow the gap to 2-1, but the Tars stowed it away with another pair in the fourth on a walk to Vancho and singles by MacHardy and third-sacker Dickie Williams, playing his first game this season.

MacHardy, the hitting star of the day, also had a hand as the Tars added a singleton in the fifth, with a run scoring single. The final Rollins tally in the eighth on two errors, a walk and fielder's choice.

The double win climaxed a brilliant drive by the Tars. Tabbed as even better than the 1954 club which went to the finals of the national championships in Omaha, Neb., the Tars slumped a bit early in the season, posting only an 8-6 mark after 14 games, but after that they were invincible winning 13 consecutive games. Only twice during the winning streak did the Tars win by less than five runs as they combined hitting and pitching in an unbeatable combination the last half of the season.

If the Tars should win a trip to the N.C.A.A. playoffs, it would be the fourth consecutive year they have competed in them. The winner of the Independent-Southeastern Conference champion series will play the winner of the Southern Conference champion-Atlantic Coast champion series for the chance to represent the South in the World Series in Omaha.

TEN POINT RULE SCRAPPED AT IM BOARD MEETING

In an Intramural board meeting Tuesday the Sigma Nu's and X-Club were dealt a hard blow with the abolishment of the 10 point bonus rule for varsity players. This rule will become effective for the 1955-56 school year.

The rule in effect states that the total points of a fraternity's varsity men are tacked on to the group's final Intramural point standing at the end of the year. X-Club leads with 290 points followed by Sigma Nu's 260 on a tabulation of their varsity athletes.

Other business transacted at the meeting was the defeat of a Sigma Nu motion for the return of touch football in favor of the continuance of fall softball.

Tabled for further discussion was the Indies proposal to abolish crew in preference to track or war canoeing.

Mary Marsh Will Present Senior Piano Recital Sunday

Rollins College Conservatory of Music will present Mary Marsh in Scherzo Opus 20, both by Chopin and Mazurka Opus 33, No. 2, in her senior piano recital Sunday (May 22) at 8:30 p.m. in Annie Russell Theatre.

Miss Marsh won first place in

Marsh

the National Guild Auditions and in the National Recording Contest last year, and in 1951 won first place in the Tri State Music Festival.

A pupil of Prof. Walter Charmbury, she is a member of Kappa Alpha Theta sorority and Phi Beta, national music and dramatic art fraternity.

Her program will include: Chromatic Fantasy and Fugue, by Bach; Sonata Opus 22, by Schumann; Third Sonata, by Hindemith.

Fleet Produces Water Circus At Watermelon Festival

Rollins College aquatic stars, under the direction of Fleetwood Peeples, Director of Aquatic Sports, staged a water circus yesterday at the 29th annual Watermelon Festival held at Leesburg.

Participating were: Pi Beta Phi's — Barbara Moynahan, Sandy Taylor, Barbara Berno, Jo Cayll, Ann Todd, Sue Cameron, Winkie Colado, Deley Schram, Ann Webster, Barbara Neal and Jackie Crinigan, alternate.

Chi Omega's — Mimi Haupt, Sandy Fogarty, Kathy Cantor (Cox), Janet Jones, Judy Adams, Phyllis Lockwood, Ann Yale, Ginny Carroll, Elizabeth Otis, Sue Waltz and Joe Steidle.

John Connable and Tom Morris also accompanied the group.
