## Drash Will Deliver Senior Baccalaureate On May 29

Dr. J. Wayne Drash, pastor of Mirror Lake Christian Church in St. Petersburg, will deliver the Rollins Baccalaureate sermon, it was announced recently. Baccalaureate service will be held Sunday, May 27, at 10:30 a.m. in the Knowles Memorial Chapel.

Dr. Drash received his A.B., M.A., and B.D. degrees at Phillips University in Enid, Oklahoma. He did graduate study at the University of New Mexico, Vanderbilt University in Tennessee and Union Theological Seminary. He was also

awarded an honorary D.D. degree from Phillips University.

He has held pastorates in Albuquerque, New Mexico; Clarksville, Tennessee; Kinston, North Carolina; Birmingham, Alabama and St. Petersburg.

At present Dr. Drash is a member of the Board of Trustees of the College of the Bible in Lexington, Kentucky. He is also Chairman of the Board of Managers of the United Christian Missionary Society of the Disciples of Christ in Indianapolis, Indiana.

The speaker at last year's baccalaureate service was the Right Reverend Frank A. Juhan, D.D., Bishop of the Episcopal Diocese of Florida. The topic of his sermon was "A Principle of Security."

Baccalaureate services are open to all students, faculty and staff, and persons interested in the college.

## Dallanegra Is Top Campus Salesman For Chesterfield

Joey Dallanegra, senior, campus representative for the Liggett and Myers Company, makers of Chesterfield and L & M cigarettes, has been announced as this month's "Superep of the Month."

Along with the honor of being named top campus salesman of the month, Joey will receive a \$25 check. A picture and article about Joey appeared in Liggett and Myers monthly newspaper, "The Rep Report."

The newspaper cited Joey as combining business "know-how" and ingenuity which resulted in one of the highest sales rises for Chesterfield and L & M filters in the nation.

Especially noted as Dallanegra's sales techniques which included keeping an accurate and detailed record of every location in or near the college where he distributes cigarettes, his promotion of the "Ugly Man" contest which will hereafter be an annual event and his establishment of the Fiesta booth where he installed a Carnival Wheel and gave sample cigarettes as prizes.

Besides being campus representative, Joey is president of the senior class and president of the "R" Club, was vice president of the student council and coxswain of the varsity crew. He is a member of Sigma Nu fraternity.

## Magazine Features Hannas' Last Florida Book

Florida's Golden Sands by Dr. A. J. Hanna, and his wife, Dr. Kathryn Abbey Hanna, is one of two books featured on the cover of the April issue of the official magazine published by the American Library Association.

This magazine contains several articles on Florida in view of the fact that the annual convention of

All students are requested to complete their Activities Cards at the Administration Building BEFORE THEY LEAVE THE CAMPUS. This information is used for references when students are being considered for jobs or graduate school.

the American Library Association is to be held in Miami next June.

The Hanna book was published in 1950, and is their latest. It is a general account of the Florida East Coast from the discovery of the peninsula in 1513 to the present.

## 10 Groups Sing Sunday At Center In Campus Sing

"It's a grand night for singing." Sunday night at 8 p.m., that is, when 10 campus groups will compete in the annual Independent Women's Campus Sing on the student center steps.

The cup given for the winner of the boys' sing will bear special importance this year, as four men's groups will compete. Delta Chi, the present holder of the cup, competed with only the Independent Men last year, but this year Sigma Nu and Lambda Chi have joined in preparing numbers for the Sing.

The purpose of the Sing, under chairman Joan MacClellan is to encourage friendly competition between campus groups and to create an interest in group singing.

Kappa Kappa Gamma will defend the women's cup and face the usual strong opposition from all the other women's groups on campus.

Each organization will sing one required song, plus one of their own selection. The required song for the men's groups is "America the Beautiful", and for the women's groups, "Passing By."

The selections for each men's group are: Delta Chi—"The Drinking Song"; Sigma Nu—A medley

All Juniors who plan to do student teaching next school year must get application blanks for requesting internship in the public schools from Professor Packham, Lyman 305. This must be done before the end of the term. DO IT NOW!

from "Porgy and Bell"; Independent men—"King Jesus Is A' Listening"; Lambda Chi—"Sit Down Servant."

The women's selections are: Chi Omega—"For All We Know"; Alpha Phi—"Let's Dance"; Kappa Alpha Theta—"It's a Great Day For Singing"; Kappa Kappa Gamma—"The Last Time I Saw Paris"; Gamma Phi Beta—"On the Trail of the Lonesome Pine; Phi Mu—"Good Day".

## Pat Cook Wins Scholarship For Art Work

Pat Cook, former Rollins College student, was one of nine art students in the country receiving a competitive scholarship from the Arts Students' League in New York City, it was announced yesterday.

Pat attended Rollins in 1954-55. She previously attended Wesleyan College in Macon, Ga., for two years. While at Rollins Pat was a member of the Independent Women. She studied painting under Mr. Tasker and was active in the Studio Club.

The Art Students' League scholarships pay tuition for any two classes in its 1956-57 school session. Pat intends to study still life and portrait painting.

To qualify for the scholarship she submitted paintings to the Art Students' League. Competition was open to all art students in the United States.

Reprints of photographs appearing in the Sandspur are available from the Rollins Photographic Department whose officers are in the Student Center basement.

## Student Council Passes Lake Virginia Sand Beach

Monday night the Student Council passed the proposal for a sand beach on Lake Virginia. The beach, which will cost the Student Association \$300, will be 20 feet wide and will extend 55 yards between the canoe house and the relay dock.

Committee chairman, Dave Bowman, reported that the Traffic Committee met and recommended that a Traffic Court be established which will handle violations on campus. The committee will meet again during the week to discuss both the formation of the court and to work on plans for a new parking arrangement to provide more spaces on campus. With the

increasing enrollment plus the additional construction workers' cars, which will be on the campus next year, new parking areas are vitally needed. Dave asked that any suggestions be brought to him.

President Hull announced that Corky Borders and Chuck Racine will be the Rollins delegates to the National Student Conference in Chicago. This will be a week-long meeting of college representatives from all over the country.

President Hull read a letter from the head librarian reporting the disappearance of five reference books. Three of these books are encyclopedias, so the replacement will cost approximately \$500. Students are urged to be on the look out for these volumes and to return them promptly. Pres also announced that in the past pages have been ripped out of library books. Dean Justice added that a student was expelled for this offense.

It was announced that the Tomokan office will be moved to the Center basement.

Following the Council meeting, there was a preliminary meeting of the Orientation Committee with Jack Rich, who will head the committee next year. Mr. Rich told the new student advisors some of the plans for next fall, including a more concentrated program of testing for the freshmen.

## Dean Day Resigns Post As Rollins Women's Advisor

Miss Jean W. Day, Dean of Women and Associate Professor of Rollins College since 1953, has tendered her resignation effective with the end of the present academic year.

In an interview following this announcement, Miss Day expressed, "I have very much enjoyed working with Rollins students and I want to wish them all success in the future."

A native of Alamosa, Colorado,

Dean Jean Day

she attended Monticello College in Alton, Ill. and graduated with a BA degree from Colorado College. After graduate study in child welfare at the University of Oklahoma, Miss Day earned the MA degree from Northwestern University.

Her experience includes being Dean of Women at Park College in Missouri, Dean of Residence at Alabama College and Assistant Dean of Women at Northwestern.

Miss Day came to Rollins in July, 1952, to replace the former Dean, Marian Van Buren Cleveland. "I was very impressed with all Rollins had to offer and I accepted the position offered me," reported Miss Day.

In accepting her resignation President McKean commented, "Dean Day has been devoted to her duties and has taken an interest in all aspects of campus life. She will take with her the affectionate good wishes of all of us."

Although she is leaving Rollins, Miss Day has become attached to central Florida and hopes to return to the area following a summer in Colorado. She will announce her future plans later.

## Mills Memorial Library Adds To Endowments

Mills Memorial library recently announced new additions to the various endowment funds from its many supporters.

The Jennie Bowers Endowment Fund now totals \$7,000 to be used to purchase valuable books for the library. The Charles D. Hursey Scholarship Fund for Latin American students now has a \$11,664.80 total.

Mme. Colette van Boecop, visiting professor of the French Department, has donated a copy of Le Musee Du Louvre En 1920. Mme. van Boecop last year gave the library Volume II and is endeavoring to locate Volume I to complete the set for the college library.

Miss Mabelle O'Neal of Orlando has taken out the 148th membership in the Rollins Book-A-Year Club. Interest from her gift of \$150 will be used to purchase a book a year for the library. Miss O'Neal's father, the late William R. O'Neal, was a trustee and treasurer of Rollins.

## Lee Boardman Wins Reed Barton Silver Campus Merit Award

Dorothy Lee Boardman won a special Certificate of Merit for her essay in Reed and Barton Silversmiths' annual "Silver Opinion Competition" it was announced this week.

Her essay was selected as the best entry for Rollins by the deans of nineteen leading universities and colleges who served as judges for the contest.

Lee is a sophomore at Rollins and a member of the Phi Mu sorority. Senior Karen Fris was a previous winner of the contest at Rollins.

Reed and Barton annually give certificates of merit for outstanding essays. The five top national winners receive scholarships of \$100-\$500.

Mrs. Plumer is seen laying a stone in the Rollins Walk of Fame in memoriam of her husband, Professor Richard Plumer. He taught in the Business Administration Department at Rollins for a number of years. He died two years ago.

## The Chapel Tower

By T. S. Darrah

The young Psychiatrist came to the end of each day exhausted. But his elderly colleague finished the day as bright and fresh as the morning. "How do you do it?" the younger man asked. "How do you work all day and still stay so calm and unruffled? How can you listen to people's troubles all day and not be tired or anxious?" "Who listens?" said the old Psychiatrist.

Darrah

That is one way to go through life and keep your composure. For who can listen to the things that go on in our world and even in our midst and escape at least being uneasy and anxious? Yet some come to college and go as they come still "immaculate spectators", unseeing and unhearing.

### EDITORIAL

## A LITTLE DISCRETION

Rollins is facing a time of change and progress in preparation for its Diamond Jubilee in 1960. The 94 seniors who will leave Rollins in a little over two weeks may see a new and better campus a few years hence.

The administration has shown discretion and deliberation thus far in dealing with plans for new buildings. There is such a thing as being over-deliberate perhaps, but it seems a good sign that the new campus will not have to suffer from eye sores because of Rollins' over anxiety to provide immediate needs by the first means available.

## STILL CHAMPIONS

Two Rollins sports teams took trips last weekend upon which would rest the success of their respective seasons. For one team it was the defense of a championship that it had held for several years; for the other another try at a championship that had narrowly evaded it for several years.

It is never easy to lose. To lose a championship that you are defending is hard, to narrowly fail again in quest of a championship that you have narrowly missed before even harder.

But although they lost, Rollins has every right to be proud of its baseball and crew men. It seems strange not to have a baseball team which has won an F.I.B.C. title, or not to have the inside track on the N.C.A.A. bid from the Southeast. Rollins had won this bid for four consecutive years, ever since independent teams began to be chosen for the honor.

But at the beginning of this season, with seven big cogs in the previous N.C.A.A. teams gone, who would have thought this season's team would have gone as far as it did. With 10 victories in state 12 games it did post the best record of any team in the state against all state competition. And although Florida State claimed the F.I.B.C. title, it was not before Rollins rallied from behind a 7-2 deficit to win a 9-7 victory in the first game of the championship deciding series.

For the crew it was another bitter ending. Rollins is still the uncrowned champion of small college crew. After defeating La-Salle in a race during the season and in the qualifying heat at the Dad Vail, the Tar rowers lost by a half a length.

But Coach Bradley's men too could be proud of the way they improved after two straight losses at the start of the season. And with a Dad Vail champion Jayvee crew, Rollins may not be disappointed next season in its long quest for a Dad Vail championship.

Although they lost the important ones, these Rollins athletes can be proud of their records and Rollins can be proud of them. It was not easy to follow in the footsteps of such fine aggregations as last season's N.C.A.A. baseball team and crew which lost the Dad Vail by three inches, but these teams proved themselves to be of real championship caliber.

## STUDENTS LIKE IKE

The journalism department at New York University's School of Commerce, Accounts, and Finance recently released the results of its fourth annual opinion poll of the nation's college newspaper editors.

A majority of the student journalists who responded said that:  
—President Eisenhower should be re-elected to a second term.  
—United States policy toward Israel is inadequate.  
—Extensive federal aid to education is desirable.  
—Desegregation in southern schools will come about despite efforts to evade it.

—The campus press should feel free to comment on national issues.

—American college students display a lack of interest in national political affairs.

—Fraternalities and sororities do not have an undemocratic influence.

Participating in the poll were 47 editors at large and small, public and private institutions of higher learning in all parts of the United States. Their publications, it is estimated, reach a combined collegiate audience of almost half a million students.

Fifty-five per cent of the campus editors chose President Eisenhower as their favorite candidate. Adlai E. Stevenson was preferred by 26 per cent.

A majority of the editors maintained that school desegregation will occur "in the foreseeable future." Twenty-six said that not even organized resistance could stop it, but 18 thought that the end of segregation would not be in sight during "our time."

## Letters to the Editor

Dear Editor,

Hamilton Holt wanted not to make emotionally sterile pedants of Rollins' best. Maybe too much was expected from low paid professors, certainly too much from average students. Now, reaction. The pendulum is swinging and overshooting.

More and more work, and more. Tension. Nerves. Temper. Talk of a Phi Beta Kappa chapter—tighten the screw at the top, more tension all down the line. Leave it to quality (I say quantity) schools. We are different, in some ways better. No Phi Beta Kappa pedants for us. Scholastic honor roll, even, makes pale faced lexicographers.

Not more assignments, more leadership and personal attention by professors so work given is done thoroughly.

You, professor X, Dean Z too, how many hours individually with students last week? Do they want to talk to you? Come and sit with you in the center? No? Then Rollins is not for you, you are not for Rollins.

And remember, those who avoid personal contacts need them most. Remember those who have most for the world, intellectually and compassionately.

Among the students, more weeding needed. Don't let the weeds graduate. They'll think we're bad gardeners. Get good students, yes, but average sporty type too. Yeast and flour go well together.

In discipline, punishment should fit the criminal. Loose use of rules. Undemocratic? So what. Self evident that people are not

equal. This is not state of infancy.

Pretty easy to make a tough school. Tough to make and keep prexy Holt's school. Once they fought like tigers for his ideas. Now, a more insidious, leprous, shape of the same evil. Beware of creeping Wagnerism.

Yours sincerely  
John S. Wilson

Rollins College  
Winter Park  
Florida

Dear Students:

As chairman of the recent Florida Scholastic Press Conference, I wish to express my personal thanks and those of my committee and the whole association for your generous participation in our convention, April 20-21.

First of all, we wish to thank you for the beautiful trophy you donated for the top award in the Tournament-by-Mail press contest. Its beauty and worth will long be cherished by the winner.

Second, we also appreciated the talent you sent over for the banquet—the Bob Tate Trio. We were sorry the Nitwits were unable to perform, but the instrumental numbers added a special touch to the banquet fare.

Lastly, we wish to thank Miss Sue Dunn for her efforts in procuring both of the above and for arranging the campus tours for the enjoyment of the delegates privileged to take them.

After your participation, you may rest assured that Rollins College has a real meaning to those who attended our convention. Thanks for everything!

Very sincerely yours,  
E. Mildred Nelson  
Conference Chairman

## 'ROUND ROLLINS

by Edge

About this time of year everybody around these here parts is heavily sick of (ugh!) school and everything connected with it. The perennial threats of transfer (some more than threats); the pinned couple growing tired of each other; frequent class cutting; the intense beer drinking and movie going; all point to the emotional toll of eight months of living together as the members of the same "family". The oncoming four months of summer vacation look like the greatest escape since the invention of morphine.

And too maybe some of this blue mood can be attributed to what, I believe, is the essence of Rollins life: self realization. Self realization may be defined as; "Knowing thy self" (Socrates); "The phantom that runneth on before thee, my brother, is fairer than thou; why dost thou not give it thy flesh and thy bones?" (Nietzsche); "... inherent in man are evolutionary constructive forces, which urge him to realize his given potentialities." (Karen Horney); and in our venacular, finding "ourselves." Rollins is about ten per cent information getting and ninety per cent soul searching; a process of introspection and extrospection during which it is hard to keep a sense of "reality", but even harder to keep one's equilibrium. And when this equilibrium is lost, as it seems to be in the spring, we become blue and depressed.

We become hyper-critical of the school, other people, and most of all of ourselves. This latter phase makes us more truculently critical of others; we must be right! If our conscious criticism of ourselves is true, we feel that we are in pretty murky shape, so it is better someone else is wrong than us. This too has it's teaching value, for it teaches us the value of liking ourselves: "One must learn to love one's self—thus do I teach—with a wholesome and healthy love: that on may endure to be with one's self and not go roving about." (Nietzsche) And thus may we stand the tensions of another year.

Go, go, go, said the bird: human kind  
Cannot bear very much reality.

(Eliot)

A sense of humor has been developed by the weekly calendar. One of the items listed for the coming week was written up as: shhh! — freshman skip day.

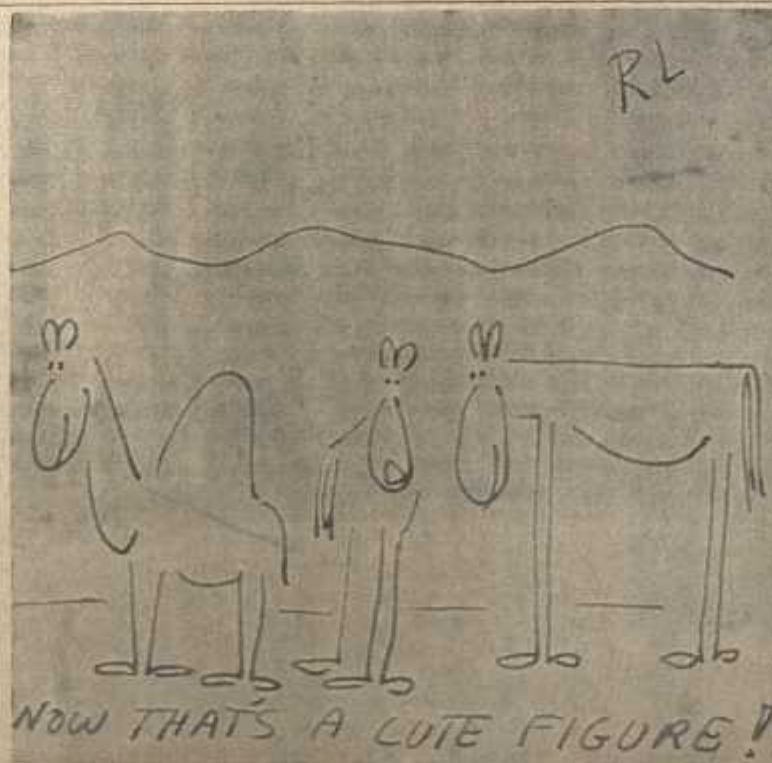

A suggestion for the Indie women next year, might be for them to get a play doctor to go over the script they have selected to present. This is taking nothing away from Dick Burns, who is an excellent musician, but whose continuity, dialogue, and plotting could stand quite a bit of work. Doing this does not mean that the whole play has to be done over; just smoothed out and motivation supplied for the characters and explanations of what-in-hell they're doing...

## The Rollins Sandspur

Published weekly at Rollins College, Winter Park Florida. Publication office - Room 8, Carnegie Hall telephone 4-981. Member of Associated Collegiate Press and Florida Intercollegiate Press Association. Entered as second class matter November 14, 1925, at the Post Office at Winter Park, Florida, under the act of March 3, 1879. Subscription price - \$1.50 one term, \$2.50 two terms, \$3.50 full year.

# What'll You Have?

Prizes like these—plus extra spending money all summer long—can be yours if you sign up now for TIME and LIFE's Special Summer Selling Program

**Here's the Plan.** You can count yourself in on extra profits this summer simply by introducing everyone you meet to TIME and LIFE... the world's leading weekly magazines... at attractive money-saving subscription rates.

Got a full-time job lined up? Going to travel... study... take it easy? You can go anywhere, do anything you want and still act as our special subscription representative.

We'll give you a high 50% commission on every sale you make—plus bonus points toward your choice of handsome prizes, and a chance at grand prizes worth up to \$3,000.

**It's easy—and fun.** The program is simple, flexible, and rewarding at every stage. You set your own goals, make your own schedules, work and win as little or as much as you need.

If you already have a job, all the better—especially if it brings you into contact with people. Being out and around every day—whether it's on a milk delivery route or behind a bank teller's window, on the links or at the lake—is the best way to meet prospects for TIME and LIFE. And these two great magazines are so well known, so widely respected, so much sought after that practically everyone is a prospect for subscriptions at the money-saving rates you can offer this summer.

The main thing is to see people and talk to them about TIME and LIFE. The procedure at your end has been cut to a minimum. Simply write the order, collect the money, slip both into one of the postpaid envelopes provided, and mail. We do the rest.

And with half the price of every subscription chalked up for you, along with bonus points toward a whole catalog of prizes, the rewards for very little effort are high.

Even if you've never sold before... you can do well in TIME and LIFE Special Summer Selling Program. We launched it last year, inviting only college students to participate—and though most had never sold anything before, they found that representing TIME and LIFE was an easy way to big earnings. What's more, it gave them valuable selling experience.

**The program is designed for college students.** This invitation is not open to everybody and anybody. We are commissioning college students as representatives for TIME and LIFE because we feel that you are our best introduction to the kind of people we want as subscribers. Alert, educated people like yourself are most likely to be interested in the news and our magazines—to know or meet others who'd enjoy TIME and

LIFE, and to speak for us in a way that does us credit.

As soon as we hear from you we will send you a complete kit of sales materials—including order forms, return envelopes, detailed information about rates and your rewards in commissions, bonuses and prizes.

But the program is open for the three summer vacation months only—so, to make sure you get your materials in time to start taking orders the first week in June, mail the attached coupon now.

You are not committed to anything when you sign up for this program. You can sell any number of subscriptions you want, any time, anywhere. You have nothing to lose—and everything to gain that you want to aim for.

So fill in this coupon and return it to TIME and LIFE today. It's your key to the most interesting, most profitable summer you've ever had!

Mark Johnson  
College Bureau  
TIME Inc.

Students Kay Gabrielson and Dick Watson and Professor Art Anderson look at some of the pictures on display at the student art exhibit.

## Year's Last Student Art Exhibit At Morse Gallery

Each year the Rollins art department sponsors a student art exhibit especially featuring the work of senior students who will be exhibiting for the final time.

This year the annual exhibit will open Tuesday, May 15, in the Morse Gallery of Art. The show will continue for three weeks until the close of school.

Featured this year will be freshmen work from the Art Principles class, paintings from the painting class and studies in the process of learning. Also in the exhibit will be sculpturing from Miss Constance Ortmyer's sculpture classes, studies in color, texture, and organization and line drawings.

Art Anderson, Rollins art instructor, says the art exhibit "is

positive evidence of serious work." It is evidence of students "learning about art rather than just making pictures."

Seniors who will have their final exhibits include Barbara Feldt, painting and sculpturing; Dyan Wilson, painting; Earlene Roberts, both sculpturing and painting and Jeri Knapp, sculpturing.

Sculpture exhibits include work in wood, plastic, wire and glass, both carvings and by a hand saw. Sculpture in the show is realistic, abstract or stylized.

Many of the exhibitions are by non-art majors.

The Rollins student body, faculty and all interested in art are invited to come view this annual exhibit.

## Washington Semester Plan Coeds Send Rollins Letter Of Activities

They came through—the three Rollins coeds in Washington, D. C. at American University participating in the Washington Semester Plan have written their first report to Rollins of their exciting life up in the nation's capital.

Hi Rollins,

Sorry we haven't written a long time ago, but we've really been busy trying to be dutiful little Washington Semester students. This includes becoming Senate Gallery lice, attending 8:30 classes on Capitol Hill—this really isn't such an early hour, but consider that it takes us about four hours to get there via bus and street car—standing in line for 45 minutes to see the Supreme Court convene, only to get in half an hour after the pompous judges have taken their thrones of honor. It also includes trying to interview Congressmen, which is about like trying to get pants on a rhinoceros, inviting ourselves to cups of coffee with anyone who looks important—he usually turns out to be a maintenance man or an elevator operator—typing for the Young Republicans because we heard they give free lunches, and eating waffles and cucumbers for two weeks in a row because we blow all our money at the beginning of the month on concerts.

Also included in the Washington Semester's life are classes. They come at very odd hours, 7:15-9:35 p.m., 6:00-8:20 p.m. and 8:20 to 10:40 p.m. Late classes mean you start studying around 1 a.m. and this doesn't increase our pop-

ularity with the regular American University students who sleep at odd hours like that.

Spring has come to Washington and the high school students are descending on us like a plague of grasshoppers. We are now giving them tours for a nickel, trying to earn a living—this includes walking up the 898 steps of the Washington Monument, cook's tours of the senate and house, and directions to the Bluebell Waffle Shop (the worst place we've eaten in yet).

We get the usual amount of kidding about our canoe-tipping school. There are also the usual daily remarks about psychology, human relations and English majors among the budding political scientists. We reply that we are learning how to write them intelligent pieces of advice when they are in there messing up world affairs.

We have all decided that, as far as we are concerned, the most valuable part of the Washington Semester lies in the human relations field. We've learned a lot about other colleges, but Rollins is still our school!

All kidding aside, this is one of the most wonderful experiences any of us has had, and we'd like all you sophomores to seriously think about it for next year.

See you-all next fall.

Love,

Ann Webster,  
Marion Polson  
and Shirley Leech

## Love Officially Initiated: Alpha Phi's Announce

Those peppy Alpha Phis have done it again! While other groups on campus think, dream, ponder, or write about love, these gals got busy and initiated love herself into their group.

Mrs. M. U. Lively, affectionately known as "Love", was initiated into the Beta Lambda chapter of Alpha Phi on Sunday May 13, Mother's Day. Love is mother to all her girls too. Whenever they have love problems, questions about their school work, or are just in the mood to chat, they find Love an understanding, helpful listener.

Mrs. Lively has had experience helping college girls, for she has a daughter of her own. Mrs. Ann Hangen of Orlando is her only child. She too was an Alpha Phi at Oklahoma University. Love is also very proud of her two grandchildren. (She gives the Phis a chance to get in some practice baby sitting too!)

Love rules the Alpha Phi House with a tender but iron hand. The girls must be in on time, and they are allowed to have only a minimum of debris in their rooms, but they can always count on fun and frolic when they come home after

Mrs. M. U. Lively

a rough day at school, or an exciting date.

Mrs. Lively attended twelve colleges in the United States. She finished her studies at Texas Christian University, receiving a B.A. degree with a major in History and a minor in English and Spanish. Her husband was a Christian minister. He served as a Chaplain in the Army for many years.

The initiation of Mrs. Lively is a first for the Phis at Rollins. While Love was not required to go through the regular pledge period, she did her share of pledge duties. But then, the girls could hardly impose too many tasks on one who constantly does them out of kindness instead of necessity.

Thus explains the beams on the shining faces of Love's cherubs, the Alpha Phis. To know who is prouder—Mrs. Lively or the Phis—is impossible to determine. Congratulations to them all, for now Love officially belongs to the Alpha Phis.

Members of the Rollins Chapel Choir are shown entering the Knowles Memorial Chapel to sing at the weekly Sunday services.

## Rollins Chapel Choir Serves Students And Community

One of the most conspicuous, colorful organizations at Rollins is the Chapel Choir. Serving week after week in Chapel, doing special vespers services, and singing for convocations are all responsibilities of the Choir. This is a religious organization that represents the college wherever it goes in whatever it does.

The Choir serves the campus perhaps more than any other group. It counts as a two hour seminar, and is open to all interested students. The singers spend five hours a week participating in the Sunday service, and rehearsing. This is comparable to attendance required in a full course.

The traditions of the choir were started by Choirmaster Christopher Honaas, its fine conductor for many years. In 1953, Rollins was fortunate to add Mr. Robert Hufstader to its faculty as head of the Conservatory of Music, and Choirmaster. Mr. Hufstader won national recognition as director of the Juilliard Chorus and his own group, The Hufstader Singers, in New York. Said Mr. Hufstader, "This Chapel Choir is one of the finest choral groups I have ever conducted." Our choir is evidence of Mr. Hufstader's capability.

In addition to assisting with the Chapel service every Sunday, the Choir sang two Christmas

vespers services to the largest audience in its history. It also gave an Easter vespers service. During the winter term, the Choir recorded music which was broadcast in New York for the Festival of Contemporary American Music. Many students in Choir also participated in the Bach Festival.

The Choir has its own officers who supervise the financial and social activities of the group. Ken Pabel, Joan McClellan, Clark Warren, and Susan Mauk are its present officers.

Choir members also enjoy many social activities together. Mr. Hufstader and his wife entertained the members after the final Christmas concert. A banquet-swimming party at the Langford Hotel was held on the 15th of May. Choir keys and gifts were awarded members for outstanding contribution and service. The students are also looking forward to a day at the Pelican. This combination of work and fun unites the group, and enables them to serve the campus and enjoy many social activities together too.

For a college the size of Rollins to have nearly 10% of the student body in the Chapel Choir is something to be proud of. The choir is to be lauded for its fine singing and service to the campus as well as the Rollins Community. Congratulations on a job well done!

## Spoonboy

by Sandbox

Attending the Knowles Memorial Chapel on Sunday were: Alison and Jim, Betsy and John, Petey and Denny, Judy and Edge, Karen and Phil, John W. and Carey Lee. Dean Darrah's sermon was entitled "Marriage."

Those wishing they were with somebody were . . .

In answer to the many questions as to what Carol Farquharson didn't wear, we can only say that the subject was too close to Carol for publication.

The Indie house mother was the recipient of a beautiful fern leaf on Mother's day.

The Chi O's had a ball Saturday at the Pine Hills country club. The smorg was boarded, and judging from all the satisfied cat grins, somebody had a good time. Boping their way through the evening were: Ann Derflinger, Frank Underwood, Lee Lazara, Ed Dinga, George Burroughs, Carol McSweeney, Pam Wilson and somebody named Bunker; Lari and Kathy flew in on some kind of airplane; Representing the older set were Pres and Phyllis, Ed and Ginny, Orange and Diane.

A sign seen outside a local church: "Thou shalt not park!"

If Anybody is going to the Martingue this week-end will they please look under table five and see if there is a pair of shoes there. If there is please return them to Sid care of the Sandspur office.

Face arrived Saturday afternoon. Talked to some young thing in her pajamas. He left the next morning at 8:50. Fast work.

The Sigma Nu's serenaded to Jo Suozzo. The reason: she got pinned to Tommy Hulihan, who is a Sigma Nu.

K.A. John Hemphill bestowed his pin upon Betsy Brown, who is a Pi Phi.

Boo Riggs called Winston Churchill on Saturday night to get some information for a term paper. She didn't get it.

Rosie lost her wallet at Harpers' Saturday night. Will the mean man please give it back to her.

A letter received this week:

Dear Spoonboy II . . . Who were the fourteen members who enjoyed the goodies Saturday night at Scotsman Beach? . . . Inquisitive.

You think we're the F.B.I.? We don't know.

The Gamma Phi's pledged Ann Brookbank.

Bev Stein was visited by her Air Force boy friend.

We are starting a new thing for this column; advice to lovelorn. If any of you tired people need good sympathetic understanding write us a letter, we will answer in this column any of those that are interesting enough and personally see those who are more interesting (female).

All the crew widows are happy; the crew team came home.

Understand Buck really got excited up there at the Dad Vail.

THIS WEEK'S HOT TIP: Play up to the Thetas boys, they're gonna throw a wing-ding come Senior week-end.

Jon Dunn-Rankin didn't do anything this week-end. Didn't even write a letter.

The cast of Anti-Cercee had a party. (Well think of that!) Tom Grubbs and Carol Enz sat in the corner and watched all the rest of the crazy people. We guess that most of the cast went.

The X Club had a ice-cream and cake party at President McKean's home. Ice Cream and Cake! Brother!

As you can see we've been stretching it a bit to write this much. Part of the fault lies with the features editor who gave us an awful lot of lines to write this late at night. But part of the fault lies with the people who live it up around here. If you would like to see your name or your social groups name mentioned in this column (are you kidding?) let us know what you are doing or have done by Monday night.

# Englehardt Determined To Prove Doctors Are Wrong

By Judy Adams

In September her wheel chair was a constant companion; in May, it comes in handy as a book shelf and laundry rack—a quick summary of Dotty Englehardt's steady determination in conquering polio.

Her dreams of becoming a ballet dancer were squelched in her junior year in high school, when she was stricken with polio and now are replaced with a lively interest in a career of medical research that keeps her in the Science building into the wee hours working out chemistry problems. Dotty had given little thought to any other career except dancing; she had taken lessons since she was five years old and her mother had been a dancer, so plans in the Englehardt family were geared for that goal. That October of 1953, a supposed strained back from dancing became polio and Dotty went to the hospital in home-town Evanston, Illinois. Her parents interrupted a long planned trip to Canada to spend patient hours with Dotty, first at the hospital, then at home, next to Warm Springs, and finally at Rollins.

Their job, however, was not to encourage a depressed little girl but to channel the energy of a bright-eyed young lady who took the judgement—like sentence of "you'll never walk again" by telling the doctor, "You're out of your mind!" Strangely enough Dotty's big worry was not her crippled legs but the time she was missing from school. When she returned from the hospital, she began an ambitious campaign of home tutoring to catch up with her high school class so she could return for her senior year. She spent the junior year in a wheel chair but by the next year was making her way with leg braces and crutches.

Dotty explains that the fact that she couldn't walk didn't hit her until her senior year. Up to that time the maze of therapists, braces, and crutches had been a novelty, but the realization did not dampen her spirits and in June

1955 she was graduated with her class.

After graduation, just a year ago, Dotty went to Warm Springs where she has almost vacation-like memories of days in the sun, fun with her teen-age room-mates, and a little romance, (if a picture of a handsome young man in her desk drawer is any evidence) even though she was confined to bed and allowed to sit-up only four hours a day.

Times were pleasant enough at Warm Springs, but energetic Dotty, with her mind on September and Rollins, was scheduled for surgery which was to be performed in time for her college entrance. Even with all her inquiries, the surgeons kept putting her off, so Dotty went to work on her parents and with lots of long distance calls between parents, doctors, and Dotty, surgery was performed on Saturday—a major event, since Saturday is surgeons day off at Warm Springs—just to get Dotty to Rollins. This important operation was a muscle transplant and Dotty shows the result with a delighted grin and a decided wiggle in the toes of her right foot.

Additional treatment last Christmas at Warm Springs enabled her, among other accomplishments, to walk to the beanery with crutches in at first nine and a half minutes, and now in four minutes. To get around the dorm she even manages, as she puts it "to stagger" without her crutches by means of leg braces.

Nor do these braces and crutches stop her from her love of girl scouting; this year she has acted as a program aid for a girl scout troop, and last month was a camper on a jamboree of eighty-nine fifth-grade scouts. She likes to swim, strokes a regular cross-lake path on Lake Virginia, sings in the choir and is secretary of Cloverleaf.

In addition, Dotty has a rehabilitation scholarship from the state of Illinois to Rollins. She has kept a B average this year, and plans a rigorous schedule of math, physics and history for next year. In the past, present, and future, Dotty Englehardt really deserves to be in the "spotlight".

C. J. Stroll, as Suzie, sings to the chorus in the Independent Musical, Anita-Circe, which played at the Annie Russell Theatre Thursday through Saturday of last week.

## Fanciful Student Production Anitacirce Provided Musical Treat; Fair Acting

By Jayne Kilbourne

The eleventh annual Independent Women's Musical opened Thursday, May 10, to an unfortunately small house. This year's edition was entitled "Anita-Circe", and written by Richard Burns.

Dick took an often used plot, and made it into a gay fanciful thing. The score was excellent, with few exceptions; the best numbers being done by C. J. Stroll and Perry Elwood. These newcomers to the Annie Russell stage completely stole the show. Their ease of delivery and poise were a joy to watch. C. J.'s voice is pleasant to hear, and with a little training in projection, could develop into something fine. Perry seems a born actor who feels rather than acts. He exuded masculinity, which is a refreshing change for a musical. These two set the mood of the show, and sustained it admirably throughout.

Jack Mette and Mary Jane Doar did well, but somehow lacked the spark that the rest of the cast seemed to have. As Anita Circe, Mary Jane's speaking voice has a strident quality that left out all of the charm which she possesses. If, perhaps, she had played against the lines a little instead of with them, her overall effect might have been better. Her singing voice improved in the second act, and

perhaps did even more in the remainder of the run. Jack Mette's voice shows his training, and his singing role was more than adequate. He still is not at ease on the stage, but certainly has improved over past performances.

A voice that was surprisingly good belonged to the Angel Gabriel, played ably by Tony Layng. His voice has a pleasing melodious quality, and his actions and facial expressions were extremely good.

Gary Goldfarb's portrayal of the Angel Saniel was excellent. Gary has done some work in the Fred Stone theatre this year, and should be an asset to the Annie Russell next year.

The men's chorus wandered around all evening, with seeming little purpose in mind. This may be due to lack of crowd blocking on the part of Clark Warren. They did, however, add much to the show in voice and color. Voice projection is something that could generally be improved upon.

The set design was expertly done; and combined with the best lighting effects seen in many years, added much to a performance that might have seemed amateurish without it. Tom Grubbs, who did the lighting, is a magician with effect. The prime example being the slow transition from black-out to sunrise. First the

silhouette of Mary Jane and Jack, and then the gradual intensification of light and color. Credit here should also be given to the new electric dimmers.

The opening scene in Heaven, and the occasional interspersing of angels through the show added little to the story, and could have been eliminated, but for the pleasing performances of the angels. The girl robbers could have done with more practice, as it was rather confused and uncoordinated. This may also have improved during the run, however.

The costuming was excellent, and added just the right touch. Both C. J. and Mary Jane looked beautiful, and the entire effect showed superb workmanship. A production of this scope is a tough first job to handle, and Clark Warren proved himself to be a director as well as an actor. On the whole, he did a fine job. Dick Burns is to be congratulated for a wonderful job, and everyone who had anything to do with Anita Circe might well pat himself on the back.

### Helpful Hints For Students To Fail Term

DULUTH, MINN. — (ACP) — The Statesman, published at the University of Minnesota's Duluth Branch recently picked this series of helpful hints from the University of Manitoba paper. All are designed to help the student attain failing grades.

Do not bother with a textbook. Remind yourself frequently how dull the course is.

If you must study, try to lump it together and get it over with. The most suitable time is the last week of school.

Have a few friends handy during study periods so that you can chat when bored.

Stay up all night before finals. You can spend the first half of the evening discussing your determination to cram and the latter half drinking coffee or whatever your tastes prefer.

Write your examinations rapidly. Glance at the question and then put down your first impression.

Remember that success in life is your main aim and never let extraneous matters such as grades interfere with this objective.

Reprints of photographs appearing in the Sandspur are available from the Rollins photographic department whose offices are in the Student Center Basement.

# Rollins JV's Win At Dad Vail; Varsity Places 2nd To LaSalle

The Rollins Jayvees culminated a most successful 1956 season last Saturday with a thrilling win of the Dad Vail Regatta on Philadelphia's Schuylkill River, copping the Rusty Callow Trophy. The varsity came within feet of capturing the Vail Trophy as they lost to the La Salle Explorers by a deck length.

The junior varsity, the first Rollins Jayvee crew to enter the Dad Vail, overcame adverse weather conditions in their win over La Salle, Amherst, and Brown.

Although a very light crew, they mastered a strong head wind to defeat the Explorers in the Henley distance of a mile and five-sixteenths in 7:23.5.

The Jayvees got off to a very poor start as they left the start of the race in fourth place; however, at the first quarter mark the Blue and Gold took the lead and held it throughout the remainder of the course. La Salle made a valiant try in the last quarter; but they were unable to overtake the very determined Florida State Junior Varsity Rowing Champions.

For the Jayvees this year, this has been a year of triumphs, for they completed the regular season with a 7-0 record and then went on to win the state championship. Their victory at Dad Vail was one of the most outstanding feats made by a Rollins Jayvee crew, according to Coach U. T. Bradley.

The varsity contest was almost an exact replica of last year's, when the Tar eight lost to Dartmouth by three inches. In Saturday's preliminary races, the Blue and Gold won the first heat, defeating La Salle, Tampa, Marietta, and American International College, while Florida Southern rowed a hard race to take the second heat over Brown, Amherst, and Clark.

In the feature race, the Tars

## Marling, Suydam Capture Honors At Ski Meet

The Tar-belles ski team retired the trophy last Saturday at the Intercollegiate Waterski Tournament held at Cypress Gardens.

Placing first for Rollins in the Girls Trick competition was Bert Marling with over 100 points more than second place Florida Southern competitors. Coming in third was Fain Wolfen, with Lynne Kaelber and Sally True, captain, coming in fifth and sixth, respectively.

Bert and Sally were so far superior to their competition on the slalom course that they repeated their slalom runs three times to break a double tie.

With Skillman Suydam, former National Mens Over-all Champion and Junior Worlds Champion, Rollins took first in the Men's Slalom event with Perry Elwood placing fourth. Skillman held a close second in the Men's trick division.

took the start and kept a slim "nip and tuck" lead over the Explorers until the mid-point marker when the men from Philadelphia began to take a slight lead. By the final quarter point, the Explorers had accumulated a half length edge which the Tar oarsmen were not able to overcome. La Salle finished ahead of the Blue and Gold by a deck length in 6:53.3. The varsity's time was 7:00.9.

All in all, the 1956 crew season was quite successful for both the varsity and Jayvees. The var-

sity began their season with a loss to Wisconsin, and one to Florida Southern in the Founder's Day Regatta. However, in their following races, they defeated La Salle, Amherst, American International College, Tampa, and Florida Southern. A week before the Dad Vail, the Blue and Gold copped the state championship on the Hillsborough River in Tampa.

Coach "Brad" Bradley, who deserves a great deal of credit for his guidance of both crews, is very pleased with the records of his oarsmen.

Sigma Nu first baseman Mo Waite stops a low throw in Monday's IM softball game. The Deltas won the seven frame test, 10-6.

## Delta Chi's Stop X Club; Independents Edge KAs

The Delta Chi's snapped the X Club's winning streak last Thursday with a 5-2 decision over the men of Gale Hall. As a result of this win, the X Club and Independents are now tied for first place in the intramural league with the Deltas close behind.

Gerald Sprayregan held the Club to only seven hits and allowed them to score their sole runs in the fourth inning on four bingles.

The Deltas crossed the plate in every inning except the fourth and fifth, combining six walks and eight hits for five runs. In the sixth frame, the Deltas added two insurance runs on three singles and a walk.

If the Club or Indies fail to lose any of their remaining games, the IM spring softball crown will be decided when the Club meets the Indies in the final game of the season next week.

Monday's game saw Delta Chi break a 5-5 tie in the top half of the seventh inning to beat the Sigma Nu's, 10-6. The Deltas scored five big runs on four hits and two Sigma Nu errors.

Last Friday, the Indies were given a close scare as they nipped the Kappa Alpha's, 8-5. The Kappa Alpha's got to ace Indie hurler, Bud Davis, in the second inning for three runs and again in the sixth for two markers; however, the Indies came back in the same frame, adding two runs to their one run lead and thereby notching the victory.

Last week's game between the Kappa Alpha's and Lambda Chi's was postponed due to rain.

## The Press Box

by Tommy DiBacco

King Neptune of Philadelphia's year's Dad Vail.

Schuylkill River must dislike the Rollins varsity oarsmen very much, for in the last two years the Tars have lost on Schuylkill's waters by margins that seem beyond the realm of measurement. Furthermore, the varsity crews have been runner-ups at the Dad Vail seven times in the last eight years.

What is also surprising is the fact that the Tars defeated this year's Dad Vail winner, LaSalle, in the earlier part of the season and in the preliminary heats in Philadelphia Saturday.

Our varsity crews have done extremely well during the last few years and their second place showings at the Dad Vail have not been records to be ashamed of, especially for a school of this size; however, it would be most gratifying to Coach Bradley, his varsity oarsmen, and the student body in general if King Neptune would turn the tide in our favor at next

Our junior varsity eight deserves credit for their Dad Vail victory and for their perfect record this season. Not only were they the first Rollins junior varsity to go to Philadelphia for the Dad Vail, but likewise the first to win it.

It seems that the Jayvees had to win it in order to make amends to Coach Bradley for their damaging of one of the shells last week in a practice session.

One of most important Intramural Board meetings of the year was held yesterday afternoon, the purpose of which was to formulate plans for next year's intramural program.

No results have been announced as yet, but the board was to have taken action on whether football should be introduced next fall.

Whether football will improve our IM program is indeed a moot question. If, however, it is again introduced, facilities should be such as to avoid the least possible amount of injuries and conflict, for an intramural sport should be set up in such a manner so as to remain on the calendar from year to year.

The men's intramural swim meet will be held next Sunday with the Kappa Alpha's going after their third straight title.

The varsity tennis players hosted Coach Norm Copeland to a surprise dinner at Dubsread recently as they finished their 1956 season with a 11-5 record. Norm was also presented with a trophy in appreciation for his work this year as new tennis coach.

Final standings of the men's tennis ladder are as follows:

1. Memo Garcia
2. Ben Sobieraj
3. Guy Filosof
4. George Longshore
5. Bill Behrmann
6. Vic Antonetti
7. Bob Bell
8. Gerald Sprayregan
9. Gene Foster
10. Jack Mette
11. Pete Kimball

## Netters Defeat Hatters, Mocs To End Season

The Rollins "tennisstars" closed their 1956 season last week with easy wins over Florida Southern, 9-0, and Stetson, 7-1, thereby turning in a 11-5 won-lost record for first year mentor Norm Copeland.

The summaries:

Guy Filosof (R) def Jack Gibson (S), 6-1, 6-1; Vic Antonetti (R) def. Bob Plato (S), 6-0, 6-1; Bill Behrmann (R) def Warren Kendall (S), 6-0, 6-1; Bob Bell (R) def Bob McArthur (S), 6-1, 6-0; Gerald Sprayregan (R) def Bill Langer (S), 6-3, 6-4, 7-5; Mike Gregory (S) def Pete Kimball (R), 6-2, 6-4.

Filosof-Antonetti def Gibson-Kendall, 6-3, 6-3; Behrmann-Foster def Langer-McArthur, 6-1, 9-7; Sprayregan-Kimball tied Plato-Gregory, 6-1, 7-7.

Guy Filosof (R) def Gordon Hirschberg (FS), default; Vic Antonetti (R) def R. L. Hay (FS), 6-3, 6-4; Bill Behrmann (R) def Pete Graham (FS), 6-0, 6-1; Bob Bell (R) def George Nebhuth (FS), 6-1, 6-1; Phil Lubetkin (R) def Tom Miller (FS), 6-0, 6-0. Gerald Sprayregan (R) def W. Conviser (FS), 6-3, 6-2.

Kimball-Longshore def Hirschberg-Hay, 3-6, 6-4, 6-1; Antonetti-Lubetkin def Graham-Miller, 6-2, 6-1; Behrmann-Bell def Hughes-Kerr, 6-1, 6-2.

# Rollins-Stetson All Stars To Vie In DeLand Monday

The Intramural Board met last Monday and with the aid of the managers of each team selected an eighteen player All-Star softball team to meet Stetson's best intramural team on Monday, May 21.

The team is led by the brilliant Indie pitcher, Bud Davis, who has been given the starting assignment by Manager Dick Bezemer. Bud, a Phi Delt transfer from University of Florida, has pitched seven games for the Indies and has won his last six after an opening loss to Sigma Nu. He has struck out fifty-one batters in seven games and has allowed only forty-one hits in forty-nine innings.

The other pitcher elect is Bill Pace, a two year veteran, who has been a standout hurler for both the Indies last year and the Lambda Chi's this year. He is not as overpowering a pitcher as Davis, but a smart one with good stuff and control.

As for the hitting department, the high average hitter is Dick Bezemer with a .762 clip, including sixteen hits and three homers. Jack Ruggles leads the long ball department with five homers and is currently hitting .524. Jack has also pitched a no-hitter, one-hitter, and a four-hitter in three mound performances.

The team warmed up Sunday afternoon with a 5-1 win over Graybar Electric of the Orlando Industrial League. Bud Davis pitched a brilliant three hitter and was helped by Gary Gabbard and Jack Ruggles, each of whom got two hits.

The starting line-up is as follows: Gerald Sprayregan, short field; Gary Gabbard, center field; Dick Bezemer, first base; Jack Ruggles, left field; Ed Dinga, third base; Phil Lubetkin, shortstop; Bill Britt, right field; Mike Crecco, second base; Joe Wingenter, catcher; Bud Davis, pitcher.

## Bermuda Sports

by Roma Neundorf

The Thetas had quite a weekend when they won golf intramurals on Friday, archery on Saturday, and swimming on Saturday. Needless to say, they won the O'Brien intramural trophy—for the fifth consecutive year. During rush next year they are going to hide some of their trophies so they won't scare the freshmen away.

Friday, Marlene Stewart, defeated Anne Richardson, 4 and 2, in a very exciting game of golf. At the end of nine holes Bear was one up. Anne won the tenth with a birdie 3, to make the match all

even. Bear won eleven with a birdie 3, and they tied the twelfth with birdie two's. They tied the 13th and 14th and Marlene won the 15th and 16th to end the match. On Saturday, a surprise upset occurred when the Thetas over-

scored the Phi Mus in archery by 49 points. Judy Earle had a record-breaking 332 on qualifying day, Friday. She proved her ability when she had a 314 on Saturday. Other high scorers were Mary Wright 277, Cynthia Wellenkamp 265, and Anita Wadsworth 262 points. The archery scores this year were higher than ever before.

The swim meet this year was very exciting but the times were not as good as they were in previous years. The only last year's record that was broken this year was the plunge. Corky Row floated 51 feet 8 inches while last year Marge Bristol plunged 51 feet 6 inches.

The closest race was the 25 yard free style. Results were Susu Dunn—first, Betty Brook—second,

and Sleepy Wilson—third. Other race results in first-second-third order were: 25 yard breast stroke—Sidney Kromer, Sue York, Judy Hoffman; 25 yard back stroke—Sleepy Wilson, Toby Tyler, Leigh Hay; 50 yard free style—Sue York, Susu Dunn, Leigh Hay; relay—Susu Dunn, Sue Dunn, Barb Mead, Sue York; Sid Kromer, Joan Jennings, Leigh Hay, Joan Bucher; diving—Betty Brook, Tobey Tyler, Lix Hudgins, and Lorraine Abbott; plunge—Corky Row, Marge Bristol, and Winkie Colado.

Highest scorers in the swim meet were Sue York and Susu Dunn with 10½ points each. Betty Brook was second with 8½, Sleepy Wilson 8, Corky Row 7, Leigh Hay 5½, and Toby Tyler 6 points. Honorable mention should be given to Rainy Abbott for winning fourth place points in diving. She entered the competition for the Thetas at the last minute and had to learn two new dives to enter.

Final Intramural points were:

	Golf	Arch.	Swim	Total
Theta	143	75	105	1041½
Alpha Phi	52	50	71½	778½
Kappa	101½	50	71½	727½
Phi Mu	0	56½	52	543½
Pi Phi	42	25	20	527
Gamma Phi	45	25	0	500
Indies	70	56½	6	428½
Chi Omega	63	50	0	363

Golf and tennis varsity teams were handed in this week. The girls who made golf varsity were Marlene Stewart, Barb McIntire, Anne Richardson, Ann Rutherford, Kitty Edsall, and Fain Wolfen. The girls making tennis varsity were Leigh Hay, Joan MacLelland, Judy Bygate, Ginger Carpenter, Betsy Brown, Dana Lasker, Sally True, Judy Hoffman, and Darlene Dicks. Next year, we will have to try and cut down on the number of people on individual varsities because it isn't as great an honor when there are nine individuals chosen for one sport.

The intramural representatives don't seem to realize that it is very important to get the names of the girls entering sports in on time. From now on, you will not be allowed to enter if you don't follow the rules of the intramural board. No exceptions!

A field of hopeful mermaids dive into the water to begin one of the girl's feature events at the swim meet Sunday. The Theta's won.

## Tar Nine, Seminoles Divide To Complete Season Play

Rollins College completed the last road trip and the last regularly scheduled series of games with an even split with Florida State and Georgia Tech. Rollins lost the first game to Tech by the score of 7-4 but came back in the second game to win 7-0. At Florida State the Tars rallied to beat the Seminoles 9-7, but could not take the second as State blasted Rollins, 9-0.

The split with Tech gave the season's series to the Yellow Jackets, 2-1. The split with State left the series, 1 up. The one win over Florida State was enough for Rollins to defend the state crown, but the Tars had to concede the FIBC championship. The Tars had a 9 and 2 conference mark and a 10 and 2 state record.

Florida State had only one loss in conference play, but two losses in state. Rollins had more wins in both state and conference. An SEC rule prohibits Florida from competing in the FIBC, and this accounts

for the strange twist in records. The overall record for the Tars was 18 wins as against 9 losses.

As the paper goes to press nothing yet has come out about the NCAA which was supposedly riding on the Florida State series.

The first game at Georgia Tech was the first start of the year for the chunky shortstop of the Tars, Nick Vancho. Vancho did not receive a kind welcome as the host Yellow Jackets pounded out three home runs and crossed the plate seven times before reliever Bill Dunnill came in to relieve. Vancho tried to help his cause by leading the Tars with two hits. Rollins collected only seven off Tech senior Burton Grant.

In the second game it was a different story, as Rollins, very indignant with the rude treatment shown by the hosts, shut out Tech 7-0 behind the five hit pitching of Jack Powell. Powell, sidelined for over three weeks with a sore arm, seemed to get out of every jam as Tech left nine men on base. Rollins gathered 11 hits, including a triple by Jim Doran, off of three Tech hurlers. Eddie Overstreet, with three hits, Jim Johnston and Ron Paiva, with two apiece, led the Rollins attack. The win was Powell's fourth.

Rollins then played Florida State the next night in a crucial series. Nominated for the start was Rollins' pitching ace, Hal Lawler. Rollins took the lead by getting one run in the second inning but could not hold it as the Seminoles got two in the bottom half of the inning.

Again in the fourth inning Rollins scored a run only to have State match it in the bottom half. In the middle innings of the game, FSU picked up five runs to lead 7-2 going into the seventh.

Rollins suddenly came to life with three runs in the seventh, two in the eighth, and two in the ninth, to pull the game out. This win, Lawler's ninth of the season, gave Rollins the state crown. Elmer Lott and Nick Vancho both went three for four to lead the Tars. The game was marred by loose fielding as the Tars committed seven errors.

The second game was a scoreless tie until the fourth inning, when the Seminole bats began to roll. Fred Twomey started the scoring with a three run blast over the left field wall. FSU followed with one more run in that inning, and five other tallies in the next three innings.

The game was highlighted by the one hit pitching of sophomore John Bristol. Nick Vancho received the only hit with a liner to left in the fourth inning.

"I feel like a Coca-Cola,  
Do you?"

Of course. Most everyone does—often. Because a few moments over ice-cold Coca-Cola refresh you so. It's sparkling with natural goodness, pure and wholesome—and naturally friendly to your figure. Feel like having a Coke?

## Mauk, Hardy Give Senior Voice Recitals

Two Rollins senior music majors will be presented by the College Conservatory of Music in their senior recitals next week.

Fred Mauk of Winter Park will have his recital Friday, May 18, at 8:30 p.m. in the Annie Russell Theatre.

A student of Professor Ross Rosazza, Mauk will sing selections by Caldara, Gluck, Bach, Mahler, Verdi, Franck, Paladilhe, Debussy, Brockway and Deems Taylor. He will be accompanied by Katherine Carlo of the music faculty.

Mauk, a soloist at the First Methodist Church in Orlando, has been a member of the Bach Choir, the Rollins Chapel Choir and the Rollins Singers. He has also participated in the Choral Vespers services. This year he appeared in the Annie Russell production, "The Golden Apple," and the Shakespeareana Festival.

William Hardy, a day student from Pass-A-Grille, will be presented in his senior recital Wednesday, May 23 at 8:30 in the Annie Russell Theatre.

Included in the program will be Mozart's Serenade, Deh Vieni Alla Finestra and Madamina, Il Catalogo E Questo, Schubert's Die Liebe Farbe and Die Boese Farbe. Also on the program will be Der Leiermann, Duparc's Serenade Florentine and Le Manoir De Rosemonde, and Don Juan's Serenade by Tschai-kovsky.

Katherine Carlo will accompany Hardy at the piano.

Hardy, who is a chief soloist for the Choral Vespers services, has been a member of the Bach Choir for two years. He has been a member of the Rollins Singers and the Chapel Choir for three years.

Hardy is a member of the Key Society and will graduate from Rollins with honors in June, having appeared often on the Dean's List.

During 1954 Hardy was in two Annie Russell Theatre musical productions, "Trial By Jury" and "Down in the Valley," in which he played leading roles. Last year he had leading roles in the ART production "Bastien and Bastienne" and in the annual Independent Women's musical, "The Royal Flush."

Rollins candidates for college queen appear above. Standing from left to right are Joan Staab, Bev Stein, Sandy Fogarty, Cam Chapman, Judy Hoffman, Alison Dessau, and Judy Strite. From left to right on the steps are Pris Steele, Cary Lee Keen, Camma Ward, Sherry Voss, and Sidney Kromer.

## Thirteen Vie For Campus Queen Title

The search for the Rollins campus queen is on! Fifteen candidates have entered the field. Next week the Sandspur will announce the winner and second and third places. Rollins' reigning queen will be qualified for the state contest and who knows what will be the results.

The nominees from the men's groups form part of the bevy of brains and beauty on our campus. Delta Chi nominee is Sherry Voss; Sigma Nu, Anne Wilkinson; X Club, C. J. Stroll; Lambda Chi Alpha, Camma Ward; Kappa Alpha, Judy Strite, and Independent Men, Pris Steele.

The nominees from the women's groups are Gamma Phi Beta, Bev Stein; Pi Beta Phi, Joan Staab;

Chi Omega, Sandy Fogarty; Kappa Kappa Gamma, Cam Chapman; Alpha Omega, Daisy Helbig; Kappa Alpha Theta, Judy Hoffman; Alpha Phi, Sidney Kromer; Phi Mu, Alison Dessau; and Independent Women, Cary Lee Keen.

Judging in the contest will be based on 50% for brains. Entrants on the local level will be judged

for college activities and campus accomplishments and poise, figure, and attractiveness.

The contest is sponsored by the City of Asbury Park and the Knitted Outerwear Foundation. Rollins sponsors of nominees are reminded to submit information about their candidate's accomplishments and activities.

## "Bootstrap" Will Officially Begin Monday May 21

More courses for college credit under Operation Bootstrap, sponsored by the Rollins Courses for the Community Program in co-operation with Orlando Air Force Base and Pinecastle Air Force Base will get under way May 21, Monday.

Registration for the eight week courses, which are also open to the public, will be held at the two Air Bases May 17, or May 17 to 19 at the Rollins administration building.

Courses being offered are: Fundamentals of Investments, Managerial Accounting, Literature as Experience, College Algebra, Plane and Spherical Trigonometry, Analytic Geometry, Radio Broadcasting Operations, General Psychology and Marriage and the Family.

All classes, except Radio, meet Monday and Thursday from 6:30 to 9:30 p.m. Three semester hours credit may be earned in each course. Tuition fee for each course is \$30, and the college reserves the right to cancel any course not having the required minimum enrollment.

The course in Basic Operating and Production Practices in Radio is a single semester course. For the first two weeks the course concentrates on the elementary technical and economic phases of broadcasting. Beginning with the third week, one night is devoted to class work and one night to operating WPRK on the air. This class will meet Monday from 6:30 to 9:30 in the WPRK studios.
