Reeve Essay Winners

REEVE ESSAY winners Tom DiBacco, Moe Cody, Robert Fleming, Warren Wallace, Jack Leffingwell, and Dave Berry pose on the library steps. Each of them received a \$75 award in the annual contest.

Reeve Essay Competition Boasts Six Winners For First Time Since 1955

By LEE ROGERS
Sandspur News Editor

For the first time in four years, six winners have been chosen in the Reeve Essay Contest. David Berry, Moe Cody, Thomas DiBacco, Robert Fleming, Jack Leffingwell, and Warren Wallace are the winners of the six \$75 awards in the 1958-59 competition.

These six will compete in the Reeve Oratorical Contest to be held Wednesday, May 6, at 4:00 p.m. in Dyer Memorial. They will deliver ten-minute speeches taken from their essays, and the entrant who, in the opinion of the judges, presents his material most effectively will receive the Hamilton Holt Gold Medal or its equivalent in the sum of \$50.

A sophomore, Berry, writing on "The Cultural Promise of Tomorrow," outlined the cultural problems of today and attempted to give a solution to these problems. "This solution," he points out, "is the drawing out of the philosophical and intellectual implications of the developments of science since the turn of the century."

A senior history major, Cody wrote a critical study of Sigrid

Undset's novel, *Kristen Lavransdatter*, 1928 Nobel prize winner. A Sigma Nu, Cody first became interested in Norwegian literature when he was in that country last summer as an Oslo scholarship winner.

A Reeve Essay winner for the third time, DiBacco, a Sigma Nu, who also won the oratorical contest in his sophomore and junior years, wrote on "The History of the Organization of Labor Under the Wagner Act."

In his paper, DiBacco, a history and government major, points out the most important provisions of the Wagner Act and the work of the National Labor Relations Committee and interprets these facts.

"A Challenging Education for All Future Citizens" was the topic chosen by Fleming, a sophomore Sigma Nu. The essay provides, says Fleming, "a look at what should be done now so that American high schools will be able to handle the number of students that they will have in the future and to give them a good and challenging education."

Junior chemistry major Leffingwell, a Delta Chi, used "Modern Periodic Classification of the E-

lements" as his essay topic, giving the historical and present-day problems in the classification systems.

Wallace, a sophomore business major, wrote on "The Federal Reserve and Its Effect on Business Finance." His essay points out the value of business finance, recounting the history of the Federal Reserve and the different forms of business borrowing.

Judges for the essay contest were Dr. W. H. Dewart, English professor; Dr. Geneva Drinkwater, professor of history; and Dr. A. D. H. Kaplan, visiting economics professor.

Students Tapped By Pi Gamma Mu

The Rollins chapter of Pi Gamma Mu, national social science honorary, tapped six new members last week. Of the six, three are seniors, and three, juniors.

Pi Gamma Mu members, who must have completed at least 30 hours of history, government, sociology, economics, or education courses, are nominated by the faculty and approved by both faculty and student members of the honorary.

Seniors selected for membership were Moe Cody, a history major, Sally Hills, an education major, and Dan Smith, a history and government major.

Mrs. Gertrude Harvey, a sociology and anthropology major, Jim Lyden, a business administration major, and Sally Satchwell, a history and government major, were the juniors chosen. Both Mrs. Harvey and Miss Satchwell transferred to Rollins this year.

With over 100 chapters, Pi Gamma Mu has 5,000 members throughout the United States. "The privilege of membership in the society is granted to those who have shown unusual interest and aptitude in the study of social sciences," the national officials state.

Other student members of the Rollins chapter are seniors Tom DiBacco, Albert Fekete, Rose Marie McClung, Lowell Mintz, and Ruth Schwartz, and junior Julie Van Pelt. Prof. Gordon Lewis serves as secretary-treasurer and faculty member in charge of the society.

Rollins Alums Start Drive For Fieldhouse

As a result of a recent decision by the Rollins alumni association, the college will acquire in the foreseeable future an improvement which the campus has long needed — a fieldhouse.

Formal announcement of the alumni's plans to raise funds for the fieldhouse was made by Pres. Hugh F. McKean at the alumni reunion banquet last Saturday. The announcement was made as part of the tribute being paid Arthur Enyart, former dean of the college. The proposed fieldhouse will be named after Enyart.

The alumni organization first began thinking of raising funds for the fieldhouse as its Diamond Jubilee project last November. At that time the Alumni Board studied various needs of the college which are included in the Diamond Jubilee goals. The alumni chose the fieldhouse project, believing that it would serve the entire campus.

On Thursday, April 23, a committee composed of alumni, student, faculty, administration, and trustee representation met to discuss the purposes and functions of the proposed fieldhouse and the facilities necessary to fulfill these functions.

Also on Thursday, the alumni took a complete proposal of their plans to the trustees, who assured them of their backing.

The Alumni Board plans to contact former Rollins students throughout the country asking for their support. Lloyd Wagnon, alumni director, explains that the board hopes to begin building the

fieldhouse during the Diamond Jubilee Year, 1960-61. A definite location for the facilities has not been chosen.

The proposed fieldhouse will serve several purposes. Besides being used for inter-collegiate basketball, physical education courses and intramural activities will be held there.

Plans include auditorium uses, and the gymnasium, which will seat 2,500 and have parking space for 500 cars, may also be used for such events as the Animated Magazine and all-college meetings.

Mansfield Makes 30 Appointments To 6 Committees

A new Student Council comptroller, a corresponding secretary, and six new committees have been chosen as a result of the April 20 and 27 meetings of Student Council.

Chuck Allen was elected comptroller, while Valerie Baumrind was appointed by Pres. Dick Mansfield and unanimously approved by Council to fulfill the office of corresponding secretary.

Bruce McEwan will act as chairman of the Student-Faculty Disciplinary committee of Beth Halperin, Lloyd Hoskins, Joan Brand, and Nick Longo. Jody Boulware and Luis Dominguez will serve as alternates.

The Student-Faculty Trustee committee will consist of Bruce Aufhammer (chairman), Wally Ramsey, and Purr Ransom, with Alan Coleman and Julie Smith as alternates.

Student Council vice-president Tony Toledo is automatic chairman of the Social Committee. Assisting him will be Jim Brown, Pat Ganson, Linda Wolowitz, and Sid Burt.

Barth Engert will head the Campus Improvements committee. Working under him will be Ginger Cornell and Phil Scott.

Appointed as chairman of the Traffic committee is John Harkness. Betty Sue Lukins, Cynthia Ramsey, and Bob Rauch were appointed as his assistants.

In charge of the Pelican committee will be Rich Cole with the aid of Bill Lauterbach, Rena Ortstadt, and Nancy Grosshandler.

One Sophomore, Four Juniors Added To Chapel Staff Roster

One sophomore and four juniors were added to the roster of the Chapel Staff last month as the result of elections of new members.

Irene Lee, a Kappa, was the only sophomore to be elected for membership. In addition to serving on this year's Fiesta committee, she is a member of the Tomokan staff and has served as an alternate Student Council representative for her sorority. She has also been a vespers speaker.

The four juniors chosen were Carol Sitton, Walter Cain, Alan Coleman, and Dick Mansfield.

President of Gamma Phi sorority, Carol is a member of Community Service and the Tomokan staff. She has also participated in both the French and German clubs.

An Independent, Cain serves as crucifer of the Chapel Choir. The only junior to be tapped by Zeta Alpha Epsilon science honorary this year, he also belongs to Phi Society and has been selected as one of the Oslo Summer Scholar-

ship winners.

Coleman, newly-elected president of Delta Chi, has served as Student Council representative for his fraternity. He is sports editor of the Tomokan, has worked on the Sandspur, and is a Chapel reader and a member of Chapel Choir.

Newly-installed president of Student Council, Mansfield has been active in both student government and in Chapel organizations. He has been a member of the Vespers committee since his freshman year and has often served as a Vespers speaker or reader.

In electing new members, the Chapel Staff looks for those campus leaders who have shown an interest in Chapel activities and who represent those ideals for which the Staff stands.

Students elected to the Staff serve until they graduate, provided that they continue to show interest in the organization.

Council Approves Proposed Summer Term At Rollins

At its meeting last Monday night, Student Council unanimously approved a resolution to bring a summer term to Rollins College. Bill Ward, who brought the resolution before the representatives at the close of a long and crowded Council session, explained that administrative officials had been considering the proposal for over a year.

Ward clarified that Pres. Hugh F. McKean, treasurer John Tiedke, and both of the student deans had voiced their approval of the summer idea in separate conferences with him. Dean Schiller Scroggs, however, Ward relayed, was dubious about the matter because of the additional cash outlay involved.

Members of the administration had expressed a desire to learn the reaction of the students to the proposal; with this purpose in mind, Ward brought the idea before Council.

Vice-president Tony Toledo backed the resolution, pointing out the boon it would be to Rollins academically.

Robert Fleming, Sigma Nu representative, also expressed approval of the suggestion, commenting that Council's interest in such an academic matter would help gain the administration's respect for the student government.

Council To Sponsor All-College Dance

An all-college dance, sponsored by Student Council, will be held tomorrow evening, May 2, from 9 to 12:00 at the Orange Court Hotel.

Herk Olson's five-piece band will supply the music; dress is formal. "We'd like very much to have good attendance," Tony Toledo, social committee chairman comments, reminding students that this is the next to last dance of the year.

Wood Explains Stand On Publications, Social Committee

Ed's Note: The following is the first half of a condensed version of past president Len Wood's final report and recommendations to the new Student Council. The second half will be published in next week's paper.

It is my obligation as the immediate past president of the Rollins College Student Association to write and submit a report on the activities of the student government under my administration.

For purposes of avoiding hard feelings or resentment in certain areas of the college, I'd prefer not to include certain observations that will undoubtedly reflect upon the institution in general. Yet, a restricted report of that nature would merely be words on paper and would not contain the honesty or the sincerity of a person who is indebted to the student body of this college.

Upon taking office in April of 1958, I felt that my experience gained through the vice-presidency would serve to help avoid mistakes in decisions or diplomacy. It did not take me long to realize that I had underestimated the problems involved within the scope of my new office.

PUBLICATION ALLOCATIONS

One of my main concerns upon entering office was the noticeable decrease in the carry-over of Council funds during the past few years. It was only natural for me to immediately look toward publications, which spend over 75% of our income.

Records prove that it had been policy for the Council president to just recommend the requested al-

Government Major Wins Assistantship

Senior history and government major Dan Smith has been awarded a teaching assistantship to the University of Tennessee in Knoxville for the coming year.

Smith will spend one-fourth of his time at the university teaching or working in connection with the government department. The rest of his time will be devoted to working for his master's degree. The award pays \$1,200 for the year plus remission fees.

Prior to receiving the assistantship from Tennessee, Smith was named an alternate winner of the Southern Regional Training Program, which provides for a term of study in governmental administration at each of three Southern schools — University of Alabama, University of Tennessee, and University of Kentucky.

A TKE, Smith has served as rush chairman, pledge trainer, and Student Council alternate representative for his fraternity.

locations to Council without taking time to investigate whether or not the requested sum was needed. In many cases additional money had been given without the request or need for it.

My mistake was trying to break old careless precedent with precedent. Instead of appointing a committee to assist with the budget, I attempted to solve the problem alone. This involved endless hours of argument with the editor of the Tomokan, which, after establishing an \$800 deduction in the yearbook's allocation, naturally put the entire publications department in a defensive position.

This proved to be advantageous for the Sandspur when it failed to hand in a request until three weeks past the deadline and then changed it without advance notice before Council was scheduled to meet to consider it.

Due to the fact that the reasons for the increase in the request did not coincide with information received from the purchas-

Freshman Honored By Rollins Players

Rollins Players, campus theatre honorary, added Bob Haines and Barbie Works to its membership last week.

A freshman, Haines worked on all five Annie Russell productions this year, as well as on both Fred Stone productions. Besides serving on the crew for all of these plays, he took roles in Teahouse of the August Moon, Androcles and the Lion, The Three Sisters, and An Italian Straw Hat.

Tapped along with Haines was Barbie Works. A senior voice student, she has appeared in several musical productions on the ART stage, including "Sister Angelica" this season; in addition, she has done much work backstage.

New members of Rollins Players are chosen on the basis of the amount and quality of work they have done on campus theatre productions.

ing department of the college, I felt Council was being too hasty in giving a temporary allocation which might have proven to be more than was needed.

I was forced to realize that I would make a mistake regardless of what I did. It was then that I vetoed the allocation even though I realized this authority was not within the jurisdiction of my office.

In explanation, I would like to state that this was in no way an attempt to grab power as a few unobservant accusers then and since have charged. I merely used this to gain time for the collecting of information that would allow Council to give a justified allocation.

I have complete confidence that the effort and creativeness displayed by this year's TOMO-

KAN editor and staff will be reflected in the quality of this year's TOMOKAN and their cut in working capital will not even be noticed.

I only wish that the administration of the Sandspur would have taken a different attitude and approach to its problems. I feel that more efficient planning and budgeting along with at least \$8500 income (allocation and advertising) can balance the increase in printing and does not necessitate the cutting of two editions.

PUBLICATION RECOMMENDATIONS

I have four recommendations concerning publications. They are:

1. A small committee of Council members to assist the president with allocations.

2. The difference in the work of the Sandspur and Tomokan does not warrant \$1250 being spent on Sandspur salaries, whereas only \$350 is spent on Tomokan salaries (advertising commission not included in this figure). I feel that the most constructive solu-

Pianist, Violinist Give Performance Tonight

Katherine and Alphonse Carlo, pianist and violinist, will present the concluding program of the 1958-59 Rollins Concert Series on Friday, May 1, at 8:30 p.m. in the Annie Russell Theatre.

Mr. Carlo, associate professor of violin and viola, is concertmaster of the Florida Symphony and director of the youth symphony. Mrs. Carlo is instructor in piano for the community courses. The duo is especially well-known for their joint recitals in this area.

Mr. Carlo, accompanied by Mrs. Carlo, will begin the program with Handel's "Sonata No. 6 in E Major," commemorating the 200th

anniversary of the composer's death.

Following this, the duo will play the "Sonata Opus 95 in G Major" by Beethoven. This sonata, the last for violin and piano by Beethoven, is one of the master's most intimate works.

After intermission, Mr. and Mrs. Carlo will perform works by two contemporary Latin-American composers: "Premiere Sonata Fantaisie" by the Brazilian Villa-Lobos, and "Sonatina" by the Mexican conductor and composer, Carlos Chavez.

The duo will close the program with the popular "Concerto No. 2 in D Minor" by Henri Wieniawski.

Mrs. Carlo is a graduate of the Juilliard School of Music and has studied piano with Carl M. Roeder and Bruce Simonds. Mr. Carlo is also a graduate of Juilliard and of the National Orchestral Association.

The 1959-60 Rollins Concert Series will open next fall with recitals by the Conservatory faculty and guest artists. Mieczyslaw Horzowski, visiting professor of piano, will again present three recitals as well as conducting a series of master classes.

Chapel Activities Choose Officers

Three Chapel organizations, the Chapel Choir, Ushers, and the Vespers committee, have elected officers for the coming year.

Newly-elected Choir president is Bob Rauch. Other officers who will be serving with him are Sandy Wyatt, social chairman; Barbara Behm and Pete Smith, librarians; and Gwen Mansfield and Robert Fleming, recording secretaries.

Pete Noyes has been chosen to serve as head usher, while Robert Fleming has been elected president of Vespers. Other Vespers committee officers are Tony Toledo, vice-president, and Sue Hazard, secretary.

As heads of Chapel organizations, Rauch, Noyes, and Fleming will also serve on the Chapel Staff for the coming year.

Final Foreign Film Includes Examples Of 7 Deadly Sins

Last in this season's Famous Film Series, Seven Deadly Sins is an Italian-French movie, directed by Roberto Rossellini and starring Michele Morgan, Francoise Rosay, Gerard Philippe, and Frank Villard.

The film, which will be shown at 6:30 and 8:45 on Sunday evening, May 3, in the Fred Stone Theater, consists of five French episodes and two Italian. Each episode illustrates one of the seven deadly sins, avarice, wrath, sloth, lust, envy, gluttony, and pride.

"Rarely has so distinguished and so varied a company of talents joined together to create so diverse, yet unified, a work of dramatic art as this septuple cinematic entertainment," critic Jesse Zunker wrote in his review in Cue Magazine.

"With almost uniform excellence, seven directors, seven writers, and a host of topflight continental players have collaborated here to fashion seven witty, amusing, ironic . . . illustrations of those moral evils of which the least that can be safely said is they have not been neglected!

"The result of their joint labor of love is a full two hours of richly satisfying adult entertainment," the critic continued.

Admission for the college is 50 cents, and for the public, 70 cents. Tickets will be available at the door prior to the two showings.

Famed Physicist Discovers Positron On Train Bound For New York City

Dr. Martin Deutsch, famed nuclear physicist and discoverer of the positron, or positive electron, revealed to Rollins students during a recent visit here that he had found the answer to the positron problem while taking a train trip to New York.

Telling members of the Rollins Scientific Society about his discovery, Dr. Deutsch related that he had begun and then dropped the problem of the positron when he was asked to give a paper before a group in New York.

He picked up the problem again and tried to find an answer in order to have something "pretty good" to talk about in New York. But when he got on the train, he still hadn't found the answer.

Not having anything to talk about embarrassed him considerably, Deutsch remembered.

Suddenly, however, he hit upon the answer on the train, and when he arrived in New York, he was able to give his speech after all.

During the informal question and answer period that followed the physicist's talk to the science group, Dr. Deutsch was asked if the discovery of the positron was actually of any practical use.

"That's a very tricky question," Deutsch answered, mused for a moment, and then continued, "Well . . . it got me a trip to New York!"

EXCITED ALUMNI and trustees show their enthusiasm at an announcement made during the Saturday night banquet in the Beanery. At the banquet tribute was paid to Dean Arthur Enyart (center).

Rollins Alumni Hold Successful Reunion; Dean Enyart Receives Special Tribute

The third annual Charter Day Alumni Reunion, held here last weekend, proved to be a "tremendous success," alumni director Lloyd Wagnon comments.

Attendance at all events during the three-day reunion was higher than either last year or the year before. Two hundred and forty-five tickets were issued for the picnic, as compared with 180 the year before; 315 tickets were issued for the banquet, as compared with 275 last year.

Alumni returned to Rollins from as far away as California and the Virgin Islands.

McKEAN'S REPORT

In his annual report to the Alumni Friday night, Pres. Hugh F. McKean stressed the advances which Rollins has made and the goals still to be achieved.

One of the improvements which the administration hopes to realize is bringing more men to the campus. An emphasis on such courses as pre-med, pre-law, and pre-engineering will help to attract a greater proportion of men students.

Among the recent advances the College has made, McKean listed greater internal strength due to more cooperation among the faculty departments and to the advisor system, and the increased emphasis on academic matters in selecting students for entrance.

DEAN ENYART

On Saturday evening, Rollins alumni, faculty, and staff gathered in Rose Skillman Hall at a banquet in honor of Arthur Enyart, former dean of the college.

Former students from all over the country had written letters to Dean Enyart to form part of the tribute paid him. Excerpts from some of these letters were read at the banquet.

"What in the hell are you doing in my office, bright and early every Monday morning?" That was my greeting from you on numerous occasions, and, one time I had failed to get into trouble over the weekend, but I turned up in your office any way, from

force of habit," one alumni reminisced in his note.

"If ever one man lived up to an ideal, a Rollins ideal, Dean, it was you. It has been a pleasure to have been associated with you—my life has been and is richer because of it," another letter read.

"And now I have a confession to make," a third alum ended his letter of tribute. "It was Jack Makemson that strung up that lace bra on the flag pole—not me. I only greased it—the flag pole, that is."

Perhaps the most original message the dean received was that of Carl Buchanan, police chief of Winter Park. His letter was sent in the form of a summons, which read:

"You are hereby summoned to appear before the high court of honor of Winter Park, Fla., Saturday, April 25, 1959, at 7:00 p.m., on the charge of being Winter Park's long-time outstanding and beloved citizen.

"We of Winter Park know that largely because of your outstanding leadership and guidance of the young men of Rollins College that we have in Rollins alumni some of the outstanding leaders of our nation."

CONVOCATION

Florence Mercedes Stone, graduate of Rollins in 1919, gave the Charter Day Convocation address, "Thoughts About Rollins," Sunday morning in Knowles Memorial Chapel.

Rollins students are fortunate in being able to attend a small college and in experiencing the conference plan of teaching, Mrs. Stone believes. "A good teacher," she states, "inspires students in the arts of learning and understanding, which the students should relate to other subjects and to life."

WANTED: A CREDIT COURSE IN RUSSIAN

Although a number of students and faculty members have been fighting for at least two years to have the college offer a course in the Russian language, the Rollins curriculum still lacks this most vital subject.

It would be difficult to overemphasize the importance of the study of Russian at the present time. Throughout the United States, educators are becoming increasingly aware of the urgent need for Americans to learn the language of the Soviet Union; in 1957 only 4,000 students in the U.S. were studying Russian, while 10,000,000 Soviet students were learning English. In the fall of that year, 140 American colleges and universities were offering Russian; by the beginning of this academic year, the number had risen to 229, an increase of 62.1 per cent. Many colleges not now offering Russian have stated that they will as soon as they can find competent teachers.

But the reason why Rollins is not including Russian in its curriculum does not seem to be scarcity of teachers; at the present moment there are two professors on campus who have taught the language. And the reason is not lack of student interest. In the fall of '57 several students enrolled in a non-credit course in beginning Russian; when the

course was discontinued at the end of the term, the reason was that the students were attending five hours of class a week, working very hard — Russian is certainly not the easiest language to learn — and yet were receiving no academic credit for their efforts. This year, a group of students has arranged for private instruction in the Russian language; they, too, are attending five hours of class a week but are not earning any credit toward graduation. It is reasonable to assume that a sufficient number of students would take a Russian course if it were offered for credit to justify its addition to the curriculum.

Perhaps the faculty has been hesitant thus far to offer Russian at Rollins because it fears that the addition of Russian would detract from the other languages — Spanish, French, and German. This does not seem very likely, for few students would be inclined to elect Russian, an obviously difficult subject, to fulfill their language requirement. Language students, who would be eager to take Russian, would also be enrolled in courses in one, or perhaps even two, of the other languages.

Even if Rollins were to offer beginning Russian next fall, it would take several years before a real Russian department, including advanced courses, could be developed.

Colleges and universities all over the country are currently adding Russian to their curriculum. High schools and even grade schools have begun to include it in their programs. When is Rollins going to recognize its importance?

SENIOR REFLECTIONS

By TOM DI BACCO

The remainder of my articles will be devoted to pointing out those academic and extracurricular features of Rollins that are in need of improvement or complete change. Suggestions as to how these improvements may come about will also be offered.

1. Rollins gives too many scholarships to unworthy students. Scholarships should be given according to need to those students who show academic and leadership potential. Rollins gives far too many athletic scholarships (They total about 40 percent of all scholarship aid.) and, most unfortunately, grants scholarships to some athletes who do not need financial help.

Athletics should not be subsidized for the sake of athletics alone. If a person has a good academic record and needs a scholarship, he should be granted an award. If, in addition to this, he plays baseball or some other sport well, then Rollins should be prouder in granting him aid. But to grant aid on athletic ability alone is detrimental to the academic standing of the college, and statistics compiled by the registrar will show that many of our mediocre and poor students are athletes.

2. The Rollins faculty is too individualistic. The faculty have taken too great a liberty in following the "conference plan." There is little uniformity of procedure by faculty members in meeting classes, accepting cuts, etc. What is even more perplexing is that once a professor has established a feeling of indifference to meeting classes, he becomes very reluctant to change in/or infringement upon the activities of his working day. I believe that every faculty member should be required to meet certain minimum standards for holding classes, excusing absences, etc.

3. Tradition is too much a part of the college. The tradition that Rollins College is unique, has a conference plan, has always had a Fox Day, has become so firmly imbedded in the minds of faculty and administration members who have aged with the college that change is impossible. This statement is illustrated by the event which occurred last year with the Student Council and the Faculty Honors committee. The Student Council unanimously recommended to the Honors committee that the system of graduating "with distinction" be changed to the more universal "cum laude" system. The proposal was rejected by the committee on the grounds that Rollins has always used "with distinction."

Faculty Forum
College Teaching Offers Rewards

By DR. GORDON F. LEWIS

Given our materialistic culture, many students, like many adults in the community, probably find it difficult to understand why anyone with intelligence and ability would choose college teaching as a career when the meager material rewards of the profession are well-known.

Perhaps it is a failing of the school system itself that many people can't see that there are values other than money which can and should motivate people both in and out of the teaching profession. While I can't speak for other professors, the following seem to me, at least, to be substantial and satisfying reasons for superior students to consider college teaching as a career:

1. An interest in a particular subject and a strong desire to continue study of it on something other than a part-time casual basis.
2. An interest in people — particularly young people — and their development — intellectual, social, and personal. One who doesn't like young people shouldn't teach. If you like working with them plus a subject field which interests you greatly, college teaching can be an enjoyable occupation.

(Incidentally, working and playing with young people can keep one young in spirit, if not in body. How many businessmen can play softball with college boys on a Monday afternoon? And who ever heard of a "Fox Day" at General Electric?)

3. Association with colleagues who are intellectually stimulating. Good conversation is not a rarity in academic circles — and the topics, especially in a small college, are not confined to one's own specialty. (Not all colleges have their "Friday Clubs," but opportunities for discussion are still available.)

4. The academic community is a pleasant environment in which to raise children. It provides many resources, physical and otherwise, for enjoyable and stable family life.

5. College teaching provides more vacation time than most professions by far. Christmas, Easter, and summer vacations provide time for intensive study, travel, recreation.

6. Academic skills are good "currency," exchangeable in most parts of the world. A professor may obtain a position almost anywhere, here or abroad, and in a variety of positions, either teaching or consulting.

7. The position of college professor is one of prestige in our society despite the anomalous relationship between this prestige and the typical professional salary.

8. Academic salaries, while inadequate by both general and professional standards, are not so meager as to make comfortable living impossible, especially in view of numerous "fringe benefits," including subsidized college education for one's offspring. And salaries will probably improve in the next decade, absolutely and relatively.

And one significant thing — I've never heard of a professor saying he was dissatisfied with his choice of occupation. I'm sure such a bird exists, but they seem quite rare. We all have our complaints about the profession, and many of them are important. But it's a pretty good life. Some of you think about it.

Published weekly at Rollins College, Winter Park, Florida. Publication office — Room 7, Student Center basement, telephone Midway 4-6971. Member of Associated Collegiate Press and Florida Inter-collegiate Press Association. Entered as second class matter November 14, 1925, at the Post Office at Winter Park, Florida, under the act of March 3, 1879. Subscription price — \$1.50 one term, \$2.50 two terms, \$3.50 full year.

The Delt's dood it again... this time a scratchy and cold hayride with spiders...and beer! Songs were sung in Spanish, Dutch, and French. A few gents conversed with the frogs and others tangled with the barbed wire. Phil Scott and George had a loss of memory to the tune of five bucks... (we hope). The moral of that story is to have a set of extra keys... Eh, Cole?

The K.A.'s, our ever-lovin' party boys, threw a rockin' jungle hop Saturday night. Emilio and Cherry (with a fantastic hairdo) won champagne for the best costumes.

The Phi Mu's partied it up this weekend after they finally found the black Black Hummock...with its beautiful key. Silvia DuBois led Skipper through the orange groves trying to locate the party. Phil Galente saved the party by leading the way for many lost people. There was a blast in Gainesville when the travelling Phi Mu's, Barbs Goldner, Ann Puddington, Pepi Standard, Linda Liddell, and Sue Saunders, met their K.A. brothers.

Chi O's were finally initiated, and Gayle breathed a sigh of relief... too soon 'cause that's not all. Chi O's beer party Saturday eve at Showalter was cut short by an empty keg. The party resumed, however, at the Teepee and Robbie's. Seen with the Club: June with Griff, Celie with Dunnill, and Pattie with J-I-M B-R-O-W-N.

News from the Snake pit... pretty Janie Bernreuter is Sigma Nu Princess this month. Dennis Kamrad was pleasantly surprised on his birthday, Monday, by a party and a present.

The angelic Pi Phi's were initiated Friday and Saturday nights. The X Club and friends put on a water show Saturday night with stars Bobby Lerner, Rick Hariton, Charlie Polan, and Dick Coker putting it on... or getting in.

This past week is hereby designated as Rollins' Cut-Your-Hair Week! Right, girls and boys?

Well, another glorious week at Rollins has rolled by and only five more to survive. Spring fever has hit the campi, but good, and people everywhere are turning to Nature!

Letters To The Editor

Rollins Grad Discusses Housing

Editor:

I am a proud past president of the Independent Women, and I was very upset when I read a letter in your Sandspur concerning the present situation of the Independents' quarters, Corrin Hall. I realize I am in no position to judge anyone because we have only one Judge and also because I am no longer at Rollins. But let me take this opportunity to express my feelings to my Indies and the Chi Omegas.

I dread the thought of friction between groups and between any human beings. I want the Indies to bear in mind Mr. Stephen Grellet's "Do It Now."

"I shall pass through this world but once. Any good, therefore, that I can do or any kindness that I can show to any human being, let me do it now. Let me not defer nor neglect it, for I shall not pass this way again."

As to the Chi Omegas, I would like to remind them that they were invited to come to Corrin

Hall, and I hope that they are practicing all the things that their rituals, creed, and motto teach them.

Blanca R. LaBorde, '58

Editor:

We missed the Sandspur last week. But... what? No champagne?

One of the majority who drink and the minority who read.

Librarians Hear Satchwell Report

Sally Satchwell, Rollins junior and staff member of the Center for Practical Politics, presented a 125-page report of Central Florida library services and facilities at a conference held here on Wednesday, April 29.

More than 50 librarians and library board members representing the 75 libraries in this part of the state were expected to join in the conference.

Muff Murphy Praises Chapel, Theatre, Relates Trials Of Water-Ski Lesson

By JEAN RIGG
Sandspur Staff

Probably one of the most difficult questions a soon-to-be-graduated senior can ask is, "What has Rollins done for me?"

With a bit of humor dancing in her large brown eyes, Joanne "Muff" Murphy answers: "When I came here from Pittsburgh, I was a pale 92-pound weakling. Now I have freckles and weigh 100 pounds."

"I USED TO BE AN ANTI-SOCIAL..."

Responses to psychiatric-type questions of her early childhood were self-critical ("I came to Rollins because it was a small school, to learn the social graces. I used to be anti-social; I never was a Girl Scout or a Brownie."), but in the same breath with a lengthy description of a supposed "defeatist attitude," Muff quipped, "I like to make fun of me."

SWITCHES TO ENGLISH MAJOR

Two terms of Dr. Irvin Stock's literature courses, said Muff, encouraged a switch of major from Spanish to English with specialization in contemporary literature. After graduation, Muff plans to use her English major in the publishing field. She is looking for a job with a trade magazine in Pittsburgh.

Along with maintaining scholarship grades in her major courses, however, Muff has found three other areas of the college to her liking.

LIKES SINGING, PEOPLE

"I've enjoyed my activities in the Chapel most," Muff says, explaining that she thinks it's the prettiest building on campus, that she likes to sing, and that she likes people. Summing up, she confessed, "I don't go to Chapel to get religion; I go to sing."

"I'M A HAM..."

Muff has also sung in the Chapel's Siamese-twin building, the Annie Russell Theatre. "I'm a ham," she says to explain her theatrics.

Although neither parent is theatrically inclined, Muff has a brother and sister on and near the stage, respectively. Her older brother is a professional actor,

MUFF, WHO has been a choir member for three of her four years at Rollins, sits on the Chapel floor studying her favorite music.

while her younger sister has already had leading roles in summer stock productions.

Muff's activities in the theater have been primarily in musicals, although she appeared in last fall's Teahouse of the August Moon as a dancing geisha girl.

Her third love, Muff enumerates, is sports. She likes outdoor intramurals because, "I like to commune."

ATTEMPTS WATER-SKIING

In her nearly four years at Rollins, however, Muff didn't attempt water-skiing until last month.

"They told me how to get up on the skis and how to stay up. So I went all around Lake Virginia... three times. The third time we swung by the beach I knew they wanted me to do something, but I didn't know what.

"Finally they rode me over the wake and I fell off. Next time, I told them, they should tell pupils how to get off skis as well as how to get on."

(Continued from Page 2)
tion to this problem is to cut Sandspur salaries considerably.

3. Do not allow the student government and publications funds to be separated. The majority of schools working under this system have very weak student gov-

ernments and possess too much administration and faculty influence in the press.

4. Our Publications Union would be much stronger and more organized if its chairman were not an editor of one of its departments. In this way the Union could spend more time in its overall organization, and one division

would not be represented to any extent at the top level of the Union.

SOCIAL COMMITTEE

On May 2 the Council voted to increase the Student Association fee by \$5. This increase provides for approximately \$3000 more income to be used for Fiesta allocation and Council sponsoring of

all-college dances.

This was planned so that the social groups would not have to spend their own funds on all-college dances and could hold more closed-dinner dances, thus contributing to the overall social life on the campus.

The social committee was enlarged under the chairmanship of

the vice-president and has functioned well in the planning of dances throughout the year.

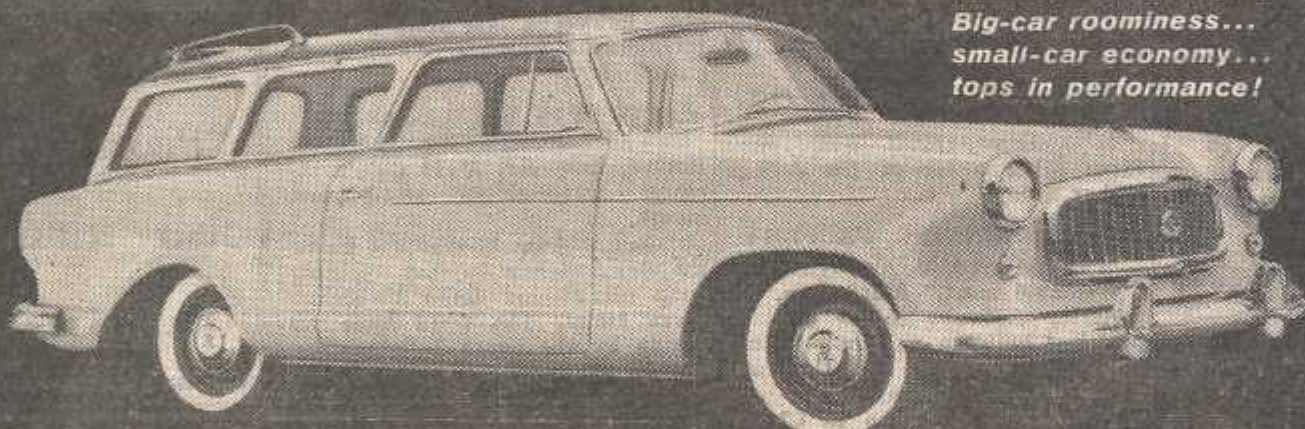

Prominent among these were a Playboy dance at Dubsdread and a formal Valentine dance at the Angebilt Hotel at which champagne was served through the efficient budgeting of the social committee.

COLLEGE PUZZLE CONTEST

FOR STUDENTS AND FACULTY MEMBERS

2 GRAND PRIZES

Rambler "American"!
Big-car roominess...
small-car economy...
tops in performance!

WIN A RAMBLER STATION WAGON!

LIGHT UP AND LIVE IT UP! 3 great cigarettes offer you 627 chances to win! So pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

ENTER OFTEN—HAVE FUN—AND WIN! But think carefully! This puzzle is not as easy as it looks. At first the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Many a coed will be given her best date's P-N." Either "I" (PIN) or "E" (PEN) would seem to fit. But only one answer is apt and logical as decided by the judging staff, and therefore correct. Read the rules carefully. ENTER AS OFTEN AS YOU WISH. Good luck!

RULES—PLEASE READ CAREFULLY

1. The College Puzzle Contest is open to college students and college faculty members except employees and their immediate families of Liggett & Myers and their advertising agencies.

2. Fill in all missing letters... print clearly. Use of obsolete, archaic, variant or foreign words prohibited. After you have completed the puzzle, send it along with six empty package wrappers of the same brand from L&M, Chesterfield or Oasis cigarettes (or one reasonable hand-drawn facsimile of a complete package wrapper of any one of the three brands) to: Liggett & Myers, P. O. Box 271, New York 46, N. Y. Enter as often as you wish, but be sure to enclose six package wrappers (or a facsimile) with each entry. Illegible entries will not be considered.

3. Entries must be postmarked by midnight, Friday, May 29, 1959 and received by midnight, Friday, June 5, 1959.

4. Entries will be judged by the Bruce-Richards Corporation, an independent judging organization, on the basis of logic and aptness of thought of solutions. In the event of ties, contestants will be required to complete in 25 words or less the following statement: "My favorite cigarette is (Chesterfield) (L&M) or (Oasis) because..." Entries will be judged on originality, aptness of thought and interest by the Bruce-Richards Corporation. Duplicate prizes will be awarded in event of final ties. Illegible entries will not be considered. By entering all entrants agree that the decision of the judges shall be final and binding.

5. Solutions must be the original work of the contestants submitting them. All entries become the property of Liggett & Myers and none will be returned.

6. Winners will be notified by mail as soon as possible after completion of the contest.

7. This contest is subject to all Federal, State and local laws and regulations.

HURRY! ENTER NOW! CONTEST CLOSES MAY 29, 1959

Time Out

Fieldhouse Plans Underway; College Shrugs JV Oarsmen

By BOB STEWART
Sandspur Sports Editor

The news that Rollins sports fans have waited so long to hear is finally out — Rollins is going to get a fieldhouse. The selection of a fieldhouse over a new science building, a new men's dormitory, and other proposed buildings, met with some opposition, but the final decision was based on the fact that the whole student body will prosper with a fieldhouse.

The decision of a fieldhouse will render, I believe, in the long run, many assets which are not foreseeable at the present. Certainly Dan Nyimicz and his basketball players look at Rollins' newest project as a dream come true. Indeed it is.

Stewart

Starting with next year's academic year, the Rollins College Alumni Fund Raising Corporation will start a fund-raising campaign on a nation-wide basis. It is expected that the fieldhouse will be completed sometime during the 1960-1961 academic year. This year also marks Rollins Diamond Jubilee.

One thing which worries me is the fact that the new fieldhouse will have a seating capacity of approximately 2,500. The Winter Park Gym seats nearly 1,000, but it was never close to being filled while the Tar hoopsters played there.

The fieldhouse will probably be used for Animated Magazine and other large events; but if basketball attendance does not pick up, the Rollins basketballers will feel mighty lonely on the nights they are supposed to entertain.

There has been a lot of discussion as to whether the Rollins Junior Varsity crew will be able to represent the college in the forthcoming Dad Vail Regatta held annually at Philadelphia.

If the "baby Tars" are deprived of this privilege, I feel that the college will suffer as much, if not more, than the oarsmen. Certainly they have proven themselves, winning all of their dual races, and I'm sure that they are capable of winning the Dad Vail.

The first problem which the J.V. crew faced was a financial one. The college could not afford to send the nine boys to Philadelphia. I might add here that the total cost of sending the boys north would not come close to equaling the cost of some of the rugs in Elizabeth Hall.

Now it is feared that one of the professors will not excuse one of the rowers from classes. This to me does not make sense.

If there was ever a crew which deserves to represent Rollins College at the Dad Vail, it is the present Rollins J.V.'s. I certainly hope that they get the chance they've worked so hard to deserve.

If the Rollins baseball team continues to win the majority of its remaining games, they will almost assuredly receive an invitation to a post-season tournament.

This year's squad has certainly proven that it deserves the bid, but the biggest problem is where will the Tars take their talent?

I personally hope that the Tars will see fit to choose the small college NCAA. This tournament will be held in the North on the campus of one of the participating teams. Tufts College, in Medford, Mass., looks like a likely candidate.

In this tournament Rollins would be able to use its freshman ball players. In the big NCAA the Tars would not be allowed to use freshman. In the long run the players will decide where they will play, but regardless of where they play, I'm sure that they will do the college proud.

Women's 'R' Club Successfully Sponsors High School Field Day

By BABS BERTASH
Sandspur Sports Writer

On Saturday, April 25, The Women's "R" Club sponsored a very successful sports day. Twelve representatives and a faculty advisor were invited from Winter Park, Bishop Moore, Edgewater, and Sanford High Schools.

Starting at 9:00 on Saturday morning, softball and volleyball were first on the program. Next, two girls from each school displayed their archery talents, and tennis matches followed.

The final event of the day was the swimming meet which consisted of two 25 yard races, an obstacle relay, and a plunge.

Officiating the various activities were members of the "R" Club and Intramural Board representatives.

In addition to being a lot of fun, the play day stimulated interest about Rollins in the high school

students. Before the day ended, many were already asking if there would be another such event.

Rainy Abbott, chairman of the play day, Fleet Peoples, Henry Sudam, and everyone else who helped to make the play day a success deserve special praise for this worthwhile and pleasant day.

Rollins Golfers Off To Athens For Tournament

The Rollins College golf team is presently participating in the Southern Intercollegiate tournament held in Athens, Georgia.

Based on the Tars' record in dual meets over a two-year period, Rollins must be considered one of the top teams entered in the tourney.

Traveling along with coach Dan Nyimicz are Bob Ross, Jim Curti, Joe Miller, Jay Dolan, Dick Diversi, and Bob Harrison. This has been the Tars' top team throughout their ten dual matches of the year.

Last Saturday Rollins finished its dual meet season with an impressive 25-2 victory over Stetson University at DeLand. The Tars' final record was 10 wins and one tie.

Jim Curti made his last collegiate golf match, in a dual meet, his best as he was medalist with a 65.

After the Southern Intercollegiate, there is a strong possibility that the Rollins golf team

JIM CURTI

will accept a post-season bid to play in the NCAA golf tournament. This was the tourney in which the Tars participated last June.

In the Tars' last tournament appearance of this year, they finished first as they successfully defended their crown in the Miami Invitational Tournament. Earlier in the year Rollins finished third in the Florida Intercollegiate tourney held in Ocala.

SPORTS AGENDA

Baseball — Tomorrow the Tars play an important FIC game against Jacksonville U. Tuesday Rollins travels to DeLand to oppose the Stetson Hatters. Wednesday Tampa plays host to the Tars.

Crew — Saturday Rollins travels to Tampa for the State Championship race.

Golf — Through Saturday the Rollins golfers will be competing in the Southern Intercollegiate tourney at Athens, Ga.

Tennis — The Tar netters play their final home match next Friday.

TROUBLE FOR THE TARS. Miami's Ed Contreras slides safely into third as Winky Williams' tag is late. Miami skinned the Tars 12-7. (photo by Stewart)

Tars Baseball Team Vies For Intercollegiate Crown

With only five Florida Intercollegiate Conference games remaining on the Rollins baseball schedule, it looks like Tampa University will offer the Tars the strongest opposition.

The Tars, who won the FIC last year, are presently sporting a 6-2 record in the conference. This record is good enough for first place, but Tampa is close behind. At the beginning of the week Tampa had 4-2 win-loss record.

In their overall record Rollins has continued to win the majority of their games. At the time of this writing the Tars were boasting a 22-7 record.

The University of Miami and Ohio State University are the only teams to have defeated the Tars twice this season. Miami, whose seasonal record is 11-10, split a two-game series with the Tars last weekend.

Southpaw Bunky Davis won his sixth game of the year last Friday when he pitched a five-hit shutout against the Hurricanes. Davis' record is now 6-1, his only defeat coming against Ohio State.

The Rollins College tennis team opened its northern tour successfully with a 7-2 victory over Clemson College at Clemson, South Carolina.

On their tour the Tar netters meet such powerhouses as Presbyterian and Georgia Tech. The Tars dropped an earlier decision to the Engineers by the score of 5-4.

After this trip the Tars will have only two matches remaining. Rollins closes out its home season next Friday against Florida State.

Faculty Shows Boys In Men's Intramurals

The men's intramural program is in full swing.

The Faculty, with a perfect 3-0 record, is leading the softball race. The X Club, the favorites to repeat as champions, have been inactive.

In table tennis Lambda Chi is the only team to sport a perfect record. Four teams are tied for second place with one defeat.

In horseshoes the Faculty and X Club are tied for the lead with two wins apiece. The KA's and TKE's are winless in this department.

The IM golf matches are underway. Bob Lerner and Tag Bowman, representing X Club and Sigma Nu, were the two low men in the qualifying round.

Rollins Oarsmen Win Seventh Straight Race

Rollins Crew To Try To Regain State Championship Tomorrow

By MOE CODY
Sandspur Sports Writer

The rowing Tars of Rollins College won their seventh straight race of the current season last Saturday when they defeated Jacksonville University on the St. Johns River in Jacksonville.

The race was by far the best effort of the crew this season. Both the Dolphins and the Tars were "up" for the contest over the controversial long course on the St. Johns.

Long ground swells hindered both crews as they got off to flying starts. Contrary to the expectations of the Rollins boys, the Jacksonville crew managed to stick with them during the first quarter of the race, rowing a fantastically high stroke.

However, the pace proved to be too much for the Jax crew as the race progressed, and Rollins, stroking a steady 34 per minute, gradually pulled out into the lead. At the half Rollins was leading by nearly a boat length.

Going into the second half of the race, the rugged pace set by Jim Lyden, Rollins' big stroke

man, proved to be just too much for Jacksonville as they tired and dropped behind another length.

In the final 400 yards the courageous Dolphins made a last ditch attempt to catch the smooth-stroking Tars, only to be discouraged by a closing sprint by Rollins which put them four lengths out ahead to finish as the decisive winners in the time of 8:50:0.

In a preliminary race the Rollins J.V. extended their undefeated skein of races to six with a four-length defeat of the baby Dolphins.

The win against the J.U. crew last week and a decisive defeat of the 1958 Florida state champion Tampa University crew the week before has put Rollins in the en-

ROLLINS CREW, victorious in all seven dual races this year, shows signs of effort at the finish line after defeating Florida Southern's crew on Lake Maitland.

viable position of being the top-seeded crew in the state championship which will be held in Tampa tomorrow.

Rollins has now beaten every crew in the state and has also beaten last year's Dad Vail Champions, LaSalle College, in regular season races.

Coach Bradley feels that the improvement that he has seen in this year's crew is due to two things.

The first is the fact that there are six seniors in the varsity

shell who want to win the Dad Vail so badly they can taste it, and the other is Brad's "get tough policy" which he inaugurated this season.

This year nobody in the varsity shell feels safe as far as retaining his seat in the boat is concerned. Brad feels that his J.V. is good enough to fill the position of many of the varsity men.

Add this threat to the fact that Rollins has had excellent water conditions most of the season, and the result is a crew which has

gone undefeated in seven races out of seven.

If you were to ask Brad what he thought the crew's chances were in the Dad Vail this year, he would probably refuse to comment, but he would undoubtedly say that there is yet the state race to win.

Barring unforeseen happenings, it is not too wild a prophecy to say that Rollins will be in that final in Philadelphia on Saturday, May 9.
