Dave Lord, representing Sigma Nu, receives the spirit trophy from Rally Committee Chairman, Buttons Tunnicliff. The trophy is presented each year to the fraternity which contributes the most towards creating school spirit on the Rollins campus.

## Bonfire Proves Student Spirit

By JOSIE BIDGOOD

In a horseshoe around the forty-foot bonfire, the students of Rollins College banded together in a joint effort to arouse the season's first school spirit. After being pepped up by two cheers, the crowd received the 1966 soccer team and coaches with much enthusiasm. After making several comments about the bright prospects for a successful soccer season, Coach Joe Justice then introduced the tri-captains for this year: Rick Mello, Ted Staley, and Pete Taylor.

After the teammates' introductions, Buttons Tunnicliff, cheerleader and chairman of the Rally Committee, awarded the first fraternity spirit trophy to Sigma Nu for their contributions toward creating school spirit on the Rollins campus. No trophy was awarded to a sorority this time, but it is hoped that the Greek women will expend some effort this year and attempt to put this new trophy in one of their houses next year. In closing, President McKean acknowledged with gratitude the efforts of all the students who had participated in the rally, and especially the freshmen who had been responsible for providing the largest bonfire the school had seen for quite some while.

Truly the "New Rollins" is re-vamping the entire school attitude as was evidenced at the bonfire last Thursday night. Students of the old school of thought were astounded at the

tremendous response exhibited by those who turned out for the first rally of the season.

Perhaps it was the novelty, perhaps it was the atmosphere, but for the first time since many can recall there seemed to be some hint of school spirit, a term which prior to this year had been more or less a standing joke. Surely a great deal of the success can be attributed to the freshmen's enthusiasm over the project. At last there has arrived a group who is not embarrassed to take a hand in purging the school's soul of apathy. Their efforts were not unnoticed, for many walked away commenting favorably on the outcome.

Even so, this is only the beginning. The job cannot be nonchalantly chalked up as a freshman responsibility. They have proved themselves to the upperclassmen; now their efforts demand a response from us. Their enthusiasm cannot have been in vain. They have lighted the fire, but without everyone's cooperation it will be rapidly extinguished. It has been said that school spirit will come with the new fieldhouse, perhaps it would be better to revise this and say the fieldhouse will come when it's presence is warranted. Are we going to make advances in every direction but this one? Certainly not. The New Rollins in going to be new in every respect, including school spirit. The freshmen have set the example; we only have to follow it.

## Police Chief Ray Beary Discusses Local Law Enforcement Problems

By CAROLEE KINGAN

Winter Park's Chief of Police, Raymond Beary, discussed student behavior at a recent meeting with a Rollins student.

Chief Beary stated in this exchange that the behavior of Rollins students has been excellent and that, so far, the students have been a credit to their school, family, and community. He said that since he only came to Winter Park last year, he could not evaluate this year's behavior as opposed to that of previous years.

Sargeant Melvin Hill added to Chief Beary's statements and said that the behavior of Rollins students has improved. He stated, too, that he had never had any problem with the students. David Wert, the booking officer, commented that the problem with Rollins students is "not as bad as I thought it would be. 90% are nice ladies and gentlemen."

According to Chief Beary, traffic violations comprise the majority of student violations. He also stressed that students receiving traffic violations will receive the same treatment as other citizens. Beary surmised occasional student misconduct in restaurants as the only other problem with students. Restaurants have, at times, accused the students of being too loud or of being rude to the waitresses. Beary acknowledged that the accusations depend upon the situation.

Chief Beary emphasizes a good relationship between the police department and Rollins students. When asked if there had been any complaints about Rollins students from the residents of Winter Park, Chief Beary said, "No, the college has been an asset to Winter Park. If the college were to become a problem, however, the police would have to take action. He also extended an offer from the Police Department to the fraternities to schedule touch football games between the two.

Last year at a meeting of the Rollins Young Democrats, Chief Beary discussed the law regarding drinking and Rollins students.

"There are three dangers in students' drinking," said Beary. "First, if they are driving, they can easily hurt themselves and others also. Second, if a boy or girl has been drinking, it can lead to too much sex. Third, it can cause 'false courage' — 'a chip on the shoulder' attitude that might cause a person to start a disturbance."

Clarifying the laws regarding buying alcoholic beverages under a false I.D., he said that a person may be fined from \$5.00 to \$500, and the liquor store may lose its license if it fails to take "reasonable precautions" against the sale of liquor to minors.

When asked what constitutes "possession" of alcohol, Chief Beary replied, "If it is on his person or immediate area, and if he has been drinking."

Chief Beary

Beary also revealed that he has met several times with the Rollins

administration and hopes to have a "good, close relationship" with Rollins.

Throughout the interview, Chief Beary stressed cooperation between the students and police department. He said "The Police are not there to arrest you, but to enforce the law. We're there for you. If you violate the law, we have to arrest you."

Chief Beary closed with a Short message for Rollins students. He said, "The most important thing for students in college to learn is the desire to gain knowledge, learn good sportsmanship, be good citizens, and work, live, and play with other people in the community to the benefit of all concerned, and the police department will be willing to co-operate 24 hours a day. 'Ask and you will receive.'"

## Election Campaigns Begin For Freshmen Class Posts

Once again Rollins upperclassmen are greeted by the ever present posters in the Union, Beanery, and Dorms as Freshman launch their campaigns for class elections. These offices include president, vice-president, secretary, and treasurer. This year these elections take on added significance as the class officers will be assuming duties and holding posts on important committees to gain representation on campus and fill the void created by deferred rush.

Because of the importance of this election the Sandspur has given each candidate for Freshmen class president the opportunity to introduce himself to the student body.

By JEFF WEBB

We are all aware of the restrictions upon the freshman class this year. As a whole we have no help from fraternities, sororities or any other organizations on campus. Thus the only way we can benefit from social activities and representation in the Legislature is to elect a president with a motive and responsible attitude. Fellow students, I believe I have the ability to fulfill these requirements. If elected, I would actively participate in legislative meetings for the class by acquiring more social activities, spirit for school functions, and supporting ideas for fiesta weekend. I would also concentrate upon the individual rights of the student as well as the group's, concerning judicial matters.

By SCOTT MATTHEWS

Rollins has offered us something quite different this year. We need someone of mature mind and leadership ability to give our class voice in matters of importance in our college and lead us through this period. We need someone who can plan, organize, and successfully execute class

functions and other such activities. We also need someone whom we know is capable and can do the job.

These are the reasons I am in the race for the office of President of our class. This year there will be numerous duties for this office. I think I have proven to you previously that I am fully capable of these duties and more so than any of my opponents.

By STEVE RICHARDS

As your president I would carry out the normal duties of office and work diligently until the class of 1970 is identified by initiative and integrity.

A few ideas which I have purposed are Freshman functions and a grievance committee. The freshman functions would consist of dances, picnics, sailing races, special movies, parties, and a powder Puff football game. The grievance committee would be established for the presentation of petitions; complaints about class legislature, and any other class problems.

I am willing to work earnestly for you the class of 1970. Your vote and support will determine whether I will have the privilege of serving you.

By RICK SOLWAY

I have been surrounded by people of and given positions of leadership since the time I worked for my town's local John Kennedy Headquarters in 1960. There I was the chairman of junior campaign workers.

As far as high school background goes, I was elected Editor-in-Chief of our Freshman class yearbook, and was a member of the Swim, Cross-Country, and Tennis teams on the varsity level. I also participated in other activities and held down an after-school job.

Currently, I am working as a campus guide.

Theater Director Robert Jeurgens preparing cast for upcoming Anne Russell Theater presentation.

# 'How To Succeed' Opens Student Season In ART

By JEAN COLVIN

This year promises to be a very challenging one for the Annie Russell Theater. The plays slated for production are both difficult and exciting.

Opening the season in early November is "How to Succeed in Business Without Really Trying." The play is a recent Broadway musical comedy about businessmen and their secretaries. It will probably be the most colorful show of the season. Hannah Hempstead and Carole Hogan will be featured as dancers.

Following "How to Succeed" is "Uncle Vanya," a serious drama by Chekhov, which will be given in the Fred Stone Theater. Winter term begins with "The Miracle Workers," the story of Helen Keller and her famous teacher, Annie Sullivan. The second production winter term will be Arthur Mil-

ler's controversial "After the Fall." Many believe this play to be autobiographical, dealing with Miller's life with Marilyn Monroe. It has great psychological impact and is probably the most challenging play of the year.

"Waltz of the Toreadors," a French play by Jean Anouilh, will be given in March. This blend of farce, high comedy, ideas, and sentiment concerns a French general who is proud of his conquests on the battlefield and off. The last play of the year will be "Oh, What a Lovely War!" concluding the season with comedy rather than the usual tragedy.

Monday night is student night at Annie Russell Theater and all Rollins students will be admitted free. Also, all students who are interested are urged to try out for the plays or sign up for the stage crews.

## Ambitious Speakers Bureau Sets Program For 1966-67

By PATRICK CROWLEY

The Rollins Speakers' Bureau under the leadership of Fred Gittes, President, and the other officers and varsity debating members, has organized and projected a very energetic program for this year. The assistance of the Bureau's two faculty advisors, Dr. Fletcher and Mrs. Martin-Trigona should prove invaluable as both are quite experienced in the areas of public speaking and debating.

The Speaker's Bureau is sponsoring debates with Cambridge University, Harvard University, Princeton University, Georgetown University, Kings College, Columbia University, and Florida State University. There are also various contract debates scheduled around the state. The Model

U.N. conferences in New York and Boca Raton will also have representatives from the Speaker's Bureau.

In addition to this, intramural debates on the Rollins Campus and a high school debate contest are on the agenda. Not only does the Bureau sponsor debates, but has also arranged a program through which members will speak on many topics at functions in the Winter Park, Maitland, and Orlando Area.

The Speaker's Bureau is also a member of the Collegiate Council for the United Nations and will be invited to any and all special conferences such as the Conference on Red China attended last year.

## Gustafson Discusses Issues

By BOB GUSTAFSON

Fiesta 1967??? The question mark which is centered around Fiesta is one which has been under consideration for the past several weeks. It is a question which as of yet has no apparent answer. If there is to be an answer, it must come from us, the students.

Last year Fiesta resulted in the expulsion of close to twenty students. In the eyes of some students Fiesta was a success, but those holding this opinion were in the minority. The greater majority of the student body were not, I feel, pleased with the outcome of last spring's weekend. That, however, was last year; what we must now do is look forward to the spring of 1967.

Let us look for a moment at where we stand in relation to this year's Fiesta. If we are to have a Fiesta, we must propose a plan which will appeal to both the faculty and the students. The faculty's major objection to last year's Fiesta was the drinking at the two informal dances which, I add again, resulted in the loss of many students. The objections to the drinking and resultant situations are well-founded, but I do not feel the faculty should object to what I would now like to coin "Spring Weekend." This event would begin Thursday afternoon as did last year's

Fiesta, but would be quite different.

In this year's spring weekend we would like to draw upon the students. Perhaps the football game between Stetson's intramural All-Stars and Rollins intramural All-Stars could be continued, along with an All-Star softball game and a powder-puff event in which the women could participate. The spring weekend committee also would like to draw some good outside entertainment for a combination dance-concert.

These are just a few of the ideas which the committee has generated. We would now like to call on you, the students. We would like to do this through your representatives in the legislature. During the Student Association meetings held at 8:30 p.m. on Monday, October 10, and again on Monday, October 17. Bill Renforth, Chairman of the Fiesta committee, and I would like to open the floor for any suggestions on the 1967 spring weekend. I would also like to invite all interested students to these meetings. Furthermore, Bill has also requested that all fraternities, sororities, and independents appoint a representative to head up the spring weekend committee. Thus, we hope to draw ideas from all sources on campus. The freshmen, too, will be represented

through their class officers who will serve on the committee.

The significant idea behind this spring weekend committee will be to generate ideas which will be appealing to both the students and the faculty, for in order to have this weekend we need both faculty approval and student cooperation. If we the students do not succeed in formulating a successful spring weekend, then we will have nobody to blame but ourselves. So, I hope the students will get behind their committee and that the faculty will take a new look at spring weekend 1967.

# Young Republicans Plan Active Year In Politics

By SUE GLENN

President of the Rollins College Young Republicans, Alan Jenkins, announced that the organization will hold its first meeting of the year in the Alumni House on Monday, October 17, at 7:30 in the evening. All interested students should attend the meeting.

On the agenda for the term is a rally for the Republican gubernatorial candidate, Claude R. Kirk, a date for which has not yet been set. Kirk attended both Emory and Duke Universities and graduated from the University of

Alabama Law School with honors. He was one of the youngest officers to serve in the Marine Corps during both the second World War and the Korean conflict. In the business world, Kirk's record is equally impressive. He founded and helped build the American Heritage Life Insurance Company and served as president and manager. He then became a partner, director and committee member in the firm of Haydn, Stone, Inc. Last term Kirk ran on the GOP ticket for U.S. senator, making the finest race any Republican has ever run in Florida. High is certainly up against stiff opposition this campaign.

The Young Republicans will also support Edward J. Gurney, who is running unopposed from this congressional district to the U.S. Congress. The former Winter Park mayor in just two terms

has been one of only a few congressmen assigned to two major committees.

Jenkins expressed hope that William Buckley, prominent New York political figure and editor of the *New Republic* would be down to speak to the group sometime this year, and that arrangements are being discussed at this time.

The Young Republicans, under the leadership of Jenkins and George Scarlett, will launch another year of political discussion and excitement this Monday night.

The telephone number of New Hall Office as listed on calendar, 647-7352, is incorrect. This is phone number of a private residence in Maitland. Correct number is 647-7913.

## Panhel Discusses

### Sorority Rush

By LESLIE WHITE

It's not often that the president of Panhellenic council is able to be an integral part of a total change in campus policy, to see his or her personal ideals and those of a majority of others finally given the opportunity to face the test of experience. For this reason I would thank the girls in my chapter who unknowingly elected me two years ago to serve as Panhellenic vice-president and president.

Last week the IFC presented the philosophy behind their rules very well, and in part the Panhellenic council shares this outlook, but there are some differences which should be brought out.

The over-all attitude of the 25 sorority women who composed the deferred rush rules committee is typified by the quote which prefaces our deferred rush rules.

"It is our conduct on campus as ladies, our leadership in campus activities and our interested attention to our academic work as students in our classes that makes us and our sorority attractive to rushees. If our reputation is above reproach and the ideal to be achieved, the freshmen will rush us more than we rush them!"

The rule on off-campus social functions was added to the Panhellenic deferred rush rules in order to make the two sets of rules, Panhellenic's and IFC's more compatible. It in effect states that any off-campus social function which is not college related is off-limits to freshmen women and transfer women if there is a possibility of affiliated upperclass women being there. This rule does not include double dates.

The Panhellenic council is trying in so far as it possibly can to make the twelve weeks of fall term happy and productive ones, filled with new friendship and good times for everyone involved.

## Student Council Reports

By Al Hollon

The October 10 meeting of the Legislature opened with Professor Jeurgens, head of the Theater Arts Department, speaking to the legislators about the Theater Art request. Prof. Jeurgens requested \$2500 from the Legislature, with the rest of the department's fund coming from box office sales. He further stated that the last thing hoped for is to charge admission for students. He also called for greater student participation in the productions.

Jerry Lang, chairman of Men's Rules, discussed open house rules and stated that the same stipulations apply this year.

Dave Nix, representative from Kappa Alpha, requested that the Saturday breakfast be changed to 8:30 — 9:30. He further requested Craig Wandke, Beanery Committee chairman, to see if both lines could be held open longer than at the present time.

Debbie Wood, comptroller, reported that students can still purchase a Freshmen Directory in the Bookstore. She stated that 493 have been sold and that 200 more are on sale.

Bill Blackburn, vice-president, informed the Legislature of the upcoming class elections to be held Tuesday, October 18, from 9 AM to 4 PM on the Student Center stage. Blackburn introduced a proposal for reapportionment of the Student Legislature to amend Article V, Section 2, Paragraph A. of the Student Association Constitution. . . .

"The Legislature Body shall be composed during the fall term of one representative for every fifty students included in a social group, the independent men, the independent women, the freshmen men, the freshmen women, two representative-at-large for the independent day students (one man and one woman), the non-voting class presidents and the non-voting chairman of the woman's Rules Committee as elected by the chairman of the House Councils. (Freshman representatives shall be apportioned by the floor in the respective halls. If in any case above the remaining fraction after dividing by fifty is more than twenty-five, the respective group will be entitled to an additional representative.)

At the beginning of the winter term the Legislative Body shall be reapportioned so as to compensate for fraternity and sorority pledging. The apportion-

ment will be the same as in the fall except that only independent freshmen men and independent freshmen women will be represented on Student Council as freshmen pledges will be included in the new apportionment figures for fraternities and sororities."

The remainder of Section A, beginning with "Any social group may petition . . ." will remain unchanged.

Under Old Business, the motion increasing the Student Association fee from \$50 to \$55 was untabled and passed. Fred Gittes proposal to empower Lower Court to subpoena witnesses, records, and college officials was untabled and passed.

Phin Fogg was recommended as chairman of the Finance Committee. He was approved by the Legislature. Al Hollon was recommended as a member of the Finance Committee. He was also approved by the Legislature.

There was some question about the Student Association Investment Fund. Debbie Wood, comptroller, stated that this would be clarified at the next meeting of the Legislature.

Under New Business, it was reported that President McKean has called for a joint Student-Faculty Fiesta Committee. It was stated that the main purpose no longer was to raise scholarship money; however, Fiesta should have a main theme. Fiesta will be reported on next week.

## Around Central Florida; Places In Our Own Area

By BOB SHEALOR

I was attracted by a restaurant on 17-92 the other day. It's called Lum's, Famous Hotdogs. It is not, however, another Doghouse. Lum's is new in the area. Its menu is small but the food is good. They specialize in food and beer.

The famous hot dog is cooked in beer, the old German way, and served with sauerkraut. It costs 35 cent. They have, what they call, a Lumburger which is a hamburger with their own barbecue sauce and sells for 35 cent too. There is an Imported Holland Ham sandwich which sounds good, and sells for 50 cent. Their famous Submarine Sandwich is well worth the 65 cent that it costs.

The beer is well worth it too. For 35 cent one get a large scooner of Ballantine Beer, or 16 oz. of beer. 16 oz. of Lowenbrau can be had for 75 cent. Their bottled Imported beer ranges in price from 55 cent to 75 cent, and including Tuborg, Guinness' Stout and others. This provides a good opportunity to try Imported beers.

From 12:00 P.M. until 2:00 A.M. Lum's features live entertainment in the form of a guitarist. The musician plays and sings for your listening enjoyment.

Lum's seats 140 people. They have a terrace which overlooks the parking lot by 17-92 and is a welcome change on a nice day. They are open six days a week until 2:00 and 12:00 on Sundays.

The address is 870 Orlando Avenue in Winter Park, or at 17-92 and Lee Road. There is ample free parking but if you are not staggered by the thought of twenty minutes of exercise, you can walk.

## Stones Remember Great Americans

## Walk Of Fame Graces Campus

By BONNIE MILBY

No two great men are alike. Nor are the remembrances of their lives brought together in the Rollins Walk of Fame.

Stretched across the center of the campus is a meandering walk, flanked with more than 800 stones. These stones, all different, once, in some way, were a part of the lives of more than 800 of the world's most noted men and women.

Together they are called the Walk of Fame.

This walk began with the enthusiasm of a former president of Rollins. Thirty years ago the late Dr. Hamilton H. Holt gave his college 20 stones he had collected of great Americans. Many were from their birthplaces.

Then the projects to gather stones of great men and women became a campus-wide endeavor. A sister of one of the foreign exchange student even went to the risk of fine and imprisonment to take a stone of the Mohammed from the Mecca. She smuggled it from the cave where the Prophet saw his visions.

Dr. Holt insisted that every other man and woman had to achieve supremacy in the realm of the mind or the spirit.

A stone inscribed "Confucius" came to the college from the schoolhouse in China where the sage taught his pupils. A stone of Columbus came from the floor of the crypt in the Havana Cathedral on which the discoverer's bones rested. A stone of Charles Dickens came from Gad's Hill near the wooden cross that the humanitarian-novelist erected over the grave of his pet canary.

On and on the romance of each stone flows.

Admiral Richard Byrd presented his own stone to the college. This rock was carted by dog team and sleds over 1,410 miles from the world's southernmost range of mountains, only 180 nautical miles from the South Pole.

Perhaps Dr. Holt's most unusual find was the stone of Millard Fillmore, the 13th president of the United States. While on a trip through Buffalo, N.Y., the Rollins president thought he would search for a stone from the old home of this great American. But it seemed a hopeless task.

## Freshmen Plan Talent Show

The Chapel Staff will be sponsoring a freshmen talent show to be held in the Union, Saturday night, October 15, at 8:00 p.m. Under the direction of David Bussler, the freshmen class, in the annual tradition, has gathered together an array of dance routines and musical numbers for presentation to the entire student body. It is expected that this year's performance on the part of the freshmen will surpass the successful show put on by last year's freshmen class. Don't miss it!

The Rollins Walk of Fame memorializes distinguished people from the past.

His house had been demolished 40 years earlier to make way for a hotel. However, a friend, whom he chanced to visit and tell of his difficulty, solved the problem, probably the only man in the country who could.

Many years before the friend had picked up a brick from the house when it was being torn down and brought it home to use as a paper weight. He gave it to Dr. Holt. Now the stone is in Rollins Walk.

A number of the stones displayed were actually handled or stepped upon by the persons whose name they carry. Dr. Holt personally saw Sinclair Lewis, Charles M. Sheldon and others do so. A piece of a marble-topped washstand where Oliver Wendell Holmes washed every day during his summer vacations at Salem, Mass., has been placed in the walk.

Few could resist Dr. Holt's persuasive charm when he decided to obtain a stone. With the assistance of Dr. A. J. Hanna, one of Florida's distinguished historians and presently vice president of the College, Dr. Holt assembled stones from around the world.

All the requests for stones have met only two refusals. One was for a stone from the birthplace of

Joseph H. Choate, leader of the American Bar, ambassador to Great Britain and American delegate to the first Hague Conference.

The other was from the secretary of the Dionne Quintuplet Guardianship, who said so many women believed the stones from the hospital grounds were an aid to fertility, that there was a flood of requests. All were denied.

Later, however, Rollins became the exception and today five small peddles set in mortar grace the walk.

Although all the names in the walk belong to the world's renown, some go without recognition by most. Almost no one recalls Paul Morphy of New Orleans, the world's greatest chess player.

Geologically, no two stones are alike. Every color is represented — from the white marble stones of Socrates, Plato and Aristotle, the pink stone of St. Paul from Mars Hill, and the yellow stone of Robert E. Lee to the blue stone of Benjamin Franklin.

At the head of the walk way through the history of men is an upright mill stone weighing several tons.

Its legend from Shakespeare is: "Sermons in Stone and Good in Everything."

## In and Around Rollins; Events at the Union

By HEDDA HOPWOOD

The Host and Hostess Committee is sponsoring an all-college dance, Sunday, October 16, from 8 to 10 p.m. Willie and the Adolescents will be beating out the groovy tunes for you Rollins swingers!

The Special Projects Committee is holding an Israeli Dinner at the Casa Iberia on October 19 at 6:30 p.m. Casual attire is worn and the price is a dollar per student.

The Films Committee is proud to present the Japanese film that won the Venice Film Festival Award, "Egesto". It will be shown in Bingham Hall on October 16, at 7:30 p.m. The price is only 50 cents for students and faculty. It will be well worth seeing.

For you poetry lovers, Woolson House is the place to be on October 20 at 8:30 p.m. This Poetry Reading was started last year.

# Tar Booters Seek 2nd Win; Journey To Miami Sat.

Seeking their second win of the young season, the Tar booters journey to Coral Gables Saturday to help the powerful University of Miami soccer team open an eight-match slate.

Although they lost nearly all the starters from last year's state championship squad, which dumped Rollins 4-1 and 5-3, the Hurricanes have their usual nucleus of Latin American players and should be as strong as ever.

Missing from last season's team are all-state selections Victor Gavancho, an inside, Ramon Poo, a halfback, and Jorge Rubinstein, goalie, plus high-scoring center forward Reggie Vorbe.

Rollins has not defeated Miami since Oct. 17, 1964, when the Tars snapped Miami's 24-match winning streak. Since then the Tars have lost three matches to the Hurricanes.

Willie Flohr

In last Saturday's 4-1 win over St. Leo College in St. Leo the Tar boosters exhibited a potent attack, led by veteran insides Willie Flohr and Ricky Mello, wing Pete Taylor and freshmen

Robin Leech, a wing, and George Williams, an inside.

Just as outstanding Saturday, was the Tar defense, paced by junior goalie Dick Myers, who registered 23 saves in his first collegiate game. Fullbacks Bob Schabes, Ted Staley and Paul Wright, a freshman, were also impressive.

Besides Myers, Wright, Leech and Williams, several other newcomers seem to have cracked the lineup — all at halfback slots. Joining veteran center half Chuck Gordon are junior John Kirouac, sophomore Peter Klimley and freshmen George Yates and John Harris.

After the Miami match the Tars meet Stetson in DeLand Oct. 22 before opening their home slate with defending Florida Intercollegiate Conference champion Florida Southern Oct. 25.

Varsity Soccer action in recent game. This weekend the Tars journey to Miami for a match with the potent Hurricanes.

## Rollins Tramples Monarchs, 4 to 1

ST. LEO—Rollins exploded for three quick goals in the first half, then hung on behind a tough defense for a 4-1 victory over winless St. Leo Saturday in its season opener.

After spotting St. Leo a 1-0 lead on inside John Hanley's short kick, the Tars erupted for three markers in less than 18 minutes.

All-state inside Willie Flohr knotted the score from close in with 14:20 gone in the first frame, following a pass from Ricky Mello. Flohr's shot soared past the outstretched hands of goalie Kevin Briordy into the left corner of the net.

Rollins went ahead to stay with a little more than five minutes gone in the second frame as Mello booted home his own rebounding shot. A pass from wing Pete Taylor set up the score.

Six minutes later Flohr, who registered 11 goals as a freshman last season, broke through the Monarch fullback line after a pass from halfback Peter Klimley. This time he found the right corner of the goal.

When the Tar offense stalled in the second half, the defense took up the slack. Goalie Dick Myers, playing his first collegiate match, and fullbacks Bob Schabes, Ted Staley and Paul Wright, a freshman, warded off every Monarch scoring threat.

Myers grabbed off 23 saves, while St. Leo goalie Kevin Briordy recorded 20. St. Leo outshot

the Tars 40-34 and were awarded more corner kicks, 12-4.

Snapping a 47-minute scoring

Dick Myers

drought, Taylor tallied the final Rollins goal with just 1:05 left in the game. He kneed in a Flohr pass during a scuffle in front of the goal.

St. Leo has lost to Rollins, Florida Southern (3-1) and South Florida (13-1) and has tied Embury-Riddle (3-3).

The Tar booters return to action next Saturday in Coral Gables, facing the powerful Miami Hurricanes. Rollins continues its road schedule the following Saturday at Stetson, then opens its home campaign Oct. 25 against defending Florida Intercollegiate Conference champion Florida Southern.

Dave Lord and Coach Ernie Wraschek review a memorable summer trip to Ecuador.

## Films Of Ecuador Open Casa Season

Columbus Day ceremonies at the Casa Iberia Wednesday evening featured film highlights of the Tar baseball and basketball squads trip to Ecuador last June.

Athletic director Joe Justice introduced the program, explaining the circumstances surrounding the choice of Rollins for the exhibition tour and the sponsors of

the trip.

Narraing the films was soccer coach Ernie Wraschek who prepared film story of the journey. Wraschek's movies included the teams flight over Hurricane Alma in the Caribbean, landing at Bogota, Columbia, Quito and Guayaquil, Ecuador, and flights to Quito and Cuenca.

ACROSS FROM COLONY THEATRE

# Lambda Chi, Delts Cop Grid Wins

Favored Lambda Chi and Delta Chi coasted to shutout wins Monday and Tuesday to take undisputed possession of their division leads.

Season openers continue Friday with Sigma Nu facing Phi Delta Beta, Saturday at 1:30 p.m. as Sig Ep hosts the Faculty-Grads and Monday as the X Club meets the Faculty.

TKE, co-champion with Sigma Nu last season, kicked off its 1966 slate versus the freshmen Thursday. The Independents and KA's were victims in the first two games.

In Division A, including Lambda Chi, TKE, X Club, the Freshmen and the Indies, key battles are on tap Nov. 1. X Club vs. Lambda Chi, Nov. 7. X Club vs. TKE, and Nov. 17 TKE vs. Lambda Chi.

Crucial games in Division B, including Delta Chi, Sigma Nu, the Faculty-Grads, KA, Sig Ep and Phi Delt, are slated for Nov. 3 — Faculty vs. Delta Chi, Nov. 10 — Faculty vs. Sigma Nu and Nov. 15 — Sigma Nu vs. Delta Chi.

## Lambda Chi Hands Indies 34-0 Blank

Quarterback Gordy Lynch passed for four touchdowns and scored another on a 30-yard run to lead favored Lambda Chi to a 34-0 victory over the Indies in Monday's football opener.

Lynch got Lambda Chi rolling in the first quarter after Sandy Duncan intercepted an Indie aerial near midfield, capping the drive with a six-yard toss to Don Phillips. Terry Law, injured later in the game, grabbed Lynch's conversion pass to give Lambda Chi a 7-0 advantage.

After a safety on a blocked punt upped the count to 9-0, Lynch found Phillips with a 17-yard scoring toss in the second period. Lynch's run accounted for Lambda Chi's only third quarter tally.

In the final frame Lynch moved Lambda Chi to two touchdowns, a six-yard pass to Duncan and a one-yarder to Rip Cunningham. Joe Bohannon hauled in the second conversion pass.

Indie field general Danny Rosen moved the ball well at times, but three interceptions, including a pair by Bill Osborn, halted the threats.

## IM Tennis Schedule

Lambda Chi—Lynch	30	run (pass failed)		
Lambda Chi—Duncan	6	pass from Lynch (run failed)		
Lambda Chi—Cunningham	1	pass from Lynch (Bohannon pass from Lynch)		

## Delta Chi Derails

## Kappa Alpha 24-0

Chuck Thomas, last year's top scorer, started right where he left off, scoring three touchdowns to pace defending playoff champion Delta Chi to a 24-0 win over KA Tuesday.

A pair of safeties and extra points by Pete Gaides and Thomas rounded out the Delt scoring.

After a scoreless first quarter Delta Chi took a 2-0 advantage when KA's center lofted the ball over punter Bill Caler's head for a safety. The same miscue accounted for another two points in the fourth frame.

Two plays later Thomas grabbed a 38-yard aerial from quarterback George Lamb for the Delts' first six-pointer. Thomas' conversion kick was blocked.

Midway through the third period Thomas took a lateral from Dennis Frankenberry on the hook-and-ladder play and romped 36 yards to score. Lamb tossed to Gaides for the extra point, upping the margin to 15-0.

The Lamb-Thomas combination clicked again in the final frame as the Delt flanker tallied on a

55-yard pass play. This time Thomas' soccer style conversion kick was good.

Delta Chi does not play again until it faces Sig Ep Oct. 26. The KA's take on Sigma Nu Tuesday.

KA threatened to avoid a shutout in the final seconds when Gary Dering hit Harry Lester at the one-yard line with 11 seconds left, but the Delt defense stopped a run and a pass.

Delta Chi	0	8	7	9-24
KA	0	0	0	0-0
Delta Chi—Safety	(bad center)			
Delta Chi—Thomas	38	pass from Lamb (kick failed)		
Delta Chi—Thomas	36	run (Gaides pass from Lamb)		
Delta Chi—Safety	(bad center)			
Delta Chi—Thomas	55	pass from Lamb (Thomas kick)

# Kathy Blake Leads Netters To FSU

By JAY WOOD

Junior Kathy Blake, who transferred to Rollins this fall for sunny weather and year-round competition, gets her first taste of Florida collegiate tennis wars Saturday as she leads the Tar women into a match with Florida State's girls at Tallahassee.

Joining her are veteran Wendy Overton, Guilianna Peterson, Mary Ann Foniri, Ronnie Kessler and Nona Gandleman, who paced Rollins to a 6-0 record last year, including a victory over FSU, and freshmen Jane Butts and Lucia Turnbull.

Ranked 19th among women players in the U.S., Kathy moved from La Jolla, Calif., to Arlington, Va., last year, transferring from the University of Southern California to George Washington University.

However, she found few opportunities for intercollegiate

competition at George Washington. Indoor courts and cold weather also helped Kathy decide to transfer to Rollins this fall.

"I like the personal, informal atmosphere of a small college," replied Kathy when asked how she liked Rollins so far. "I'm an English major and English courses are hard no matter what school you attend; but I think Rollins will offer the happy combination of tennis playing and studying English that I missed at George Washington."

With last year's top player Wendy Overton as a doubles partner, Kathy toured the American tournament circuit this summer. Although she did not win a major tournament on the tour, Kathy was chosen by the United States Lawn Tennis Association as the woman exhibiting the best "sportsmanship, ap-

Kathy Blake

pearance, court manners and tactics."

Highlight of this summer's tour for Kathy was a hard-fought and well-played loss to world

famous Maria Bueno in the national championships at the West Side Tennis Club in Forest Hills, N. Y.

Kathy began her rise to national ranking at the age of 12, when she won a church sponsored doubles tournament in La Jolla. At 15 she entered the formal tournament circuit, winning the U.S.L.T.A. Girl's Singles championship in Chicago.

Besides winning many tournaments, she has played with the U.S. Junior Wightman Cup team, touring the British Isles with Mrs. Billie Jean Moffitt King, Wimbledon champion.

Describing her rise to tennis fame, Kathy explained some of the qualities necessary for top players. "All the really top players have a certain stability," she said.

"They can keep on an even

keel, and only rarely do they have a real depression, such as a terrifically fantastic match one day and utter disaster the next.

Once a player masters the fundamentals of the game, she must rely on concentration and strategy to compete on the highly competitive U.S.L.T.A. circuit, Kathy said.

## DEAR REB:

## Art student keeps getting the brush-off.

### DEAR REB:

I'm a regular Renoir on the canvas, but on campus I just don't seem to make the scene. There was one campus cutie that used to admire my paintings, but now she's too busy admiring some guy's new Dodge Dart. She says riding in this guy's Dart is like art; every time they go out, they draw a crowd. What can I do? I just have to see this girl again. It's not that I'm in love with her, I haven't finished her portrait yet.

COLOR ME BLUE

### DEAR COLOR ME BLUE:

Make your next sitting at your Dodge Dealer's. After you find out how easy it is to own a Dart, you'll be out painting the town. And don't worry about finishing the portrait. With Dart, you'll find you have many models to choose from. Get the picture?

Sincerely,  
Reb

Here's the picture that's worth a thousand ah's. '67 Dodge Dart GT. Dart gives you more show and go than ever before, and it still has that nice low price. Plus a long list of standard equipment. Like padded instrument panel, padded sun visors, outside rearview mirror, carpeting and so much more.

DODGE DIVISION  CHRYSLER  
MOTORS CORPORATION

## DODGE REBELLION OPERATION '67
